Third Inmate Charged With Prison Death

LEWISBURG, Pa. (AP)—The FBI today charged a third inmate at Lewisburg Federal Penitentiary today with the murder of William W. Remington, former government economist convicted of perjury, and in so doing provided the first clue concerning the slaying. Norman H. McCabe, Federal agent in charge of the Philadelphia FBI office, announced that Lewis Cagle Jr., 17, of Chattanooga, Tenn., has been charged with the murder of Remington on Monday.

McCabe said Cagle admitted in a statement "that he, along with McCoy and Parker, planned to ransack Remington's room on Nov. 22 and the assault took place while they were in his (Remington's) room."

The other two prisoners referred to were George Junior McCoy, 34, of Grundy, Va., and Robert Carl Parker, 21, of Washington, D.C., who were charged with participating in the beating administered to Remington with a part of a brick wrapped in a sock.

Remington, who was serving a three-year sentence for perjury after denying he gave government secrets to Communists, died of a skull injury in the prison hospital Wednesday.

The clue as to the motive for the slaying ended speculation that the slaying might have been an act reflecting anti-Communist feeling in the prison.

The development came less than 24 hours before these same prison gates are scheduled to open for Alger Hiss who has spent three and a half years in the jail. His wife, Priscilla, was expected to meet him at the prison gates.

The 50-year-old former State Department official, who was convicted of swearing falsely when he told a congressional committee he had never passed secrets to a Communist spy ring, is leaving on a probationary basis. He was originally sentenced for five years, but he won an earlier release with a "meritorious" record.

As a convicted felon, he will be without the right to vote or hold public office.

Acting Warden Fred T. Wilkinson said he has had his "customary talk" with Hiss.

His itinerary for tomorrow is simple:

Eat breakfast, check out with the library and then walk to freedom.

Prison guards have described Hiss' prison life as that of an extremely cooperative inmate."

They said he worked most of his prison time as a clerk on the clothing issue detail.

His spare time, they said, was devoted "almost exclusively" to reading in the prison library.

Dozens of newsmen are expected to be on hand to question Hiss on his plans for the future. He entered the prison claiming his innocence and some indications are his immediate future might be devoted to proving it.

But at least two congressional committees have indicated they may ask first call on his time.

Until March 21, 1956, Hiss will have to check with a parole officer and report various details of his personal life.

McCarthy Out For While On Thanksgiving

WASHINGTON (AP)—Sen. McCarthy was out of the hospital for a while Thanksgiving Day.

That disclosure from Bethesda Naval Hospital today suggested that McCarthy's ailing elbow may have improved enough to let the Wisconsin Republican be on hand Monday when the Senate is scheduled to resume debate on censure charges against him. But the hospital wouldn't say so.

McCarthy went to the hospital last week for treatment of an ailment reported to the senators as traumatic bursitis. McCarthy's office said it was the result of a bruise caused when a well-wisher greeting him at a Milwaukee gathering jammed the elbow into a table.

The Senate, in special session to consider the censure charges approved a special committee, took a 10-day recess rather than carry on the debate in his absence.

First word that McCarthy was out of his sick bed came yesterday from a woman who telephoned the Washington Post and Times-Herald that she and friends had seen the senator riding on Connecticut Ave.

Inquiries to the hospital about that report brought the response that a spokesman could give out only a routine report that McCarthy "continues to show satisfactory response to treatment."

New inquiries today, however, brought word that McCarthy was "out of the hospital yesterday for a short while with permission of the attending physician."

The spokesman said there was "no definite indication" as to the date when he will be discharged.

The medical report was that McCarthy "remains improved."

Blast Wrecks Firm's Office

BEAUMONT (AP)—A heavy explosion, termed by officers as definitely dynamite, virtually wrecked the offices of the Associated General Contractors and damaged at least two adjacent buildings early today.

The blast, originating immediately under the office of A. E. Wenham, AGC secretary, caused damage estimated by Wenham at $20,000 to the building, a six-room converted residence. The explosion occurred shortly after 1 a.m.

It blew out several windows in the next-door residence of L. W. Beach and caused damages estimated by Beach at more than $700 to the building and fixtures of the Park Plumbing Supply Co., immediately south of the AGC structure. There were no reported injuries.

Detective H. C. Walling, who with Detective R. J. Beyer, investigated the blast scene, said no clues as to the origin of the blast had been unearthed, but that a large hole was found under the floor, indicating the explosion originated there.

Walling termed the explosion as "definitely dynamite."

The AGC currently is engaged in a wage dispute with Local 450 of the AFL Operating Engineers. A "no-results" report was given following the last meeting between the AGC and the union Wednesday.

The union last August put a three-day work week into effect for its members working on projects being built by the AGC, an association of independent contractors. On Oct. 20 the union called off the slow-down and workers went back to work full time without a contract.

WEATHER

NORTH CENTRAL AND WEST TEXAS: Generally fair this afternoon, tonight and Saturday. Cooler Saturday.

EAST AND SOUTH CENTRAL TEXAS: Generally fair this afternoon, tonight and Saturday. Turning cooler Saturday. Fresh to locally strong southerly winds on the coast, shifting to northerly tonight.

STARS WED

Singer Vic Damone kisses his bride, acress Pier Angeli, on the steps of St. Timothy's Roman Catholic church in Hollywood, Calif., after their double-ring wedding ceremony. More than 600 guests, among them some of Hollywood's biggest names, attended the nuptials.

Berlin Resistance Praised By Hoover

BERLIN (AP)—Herbert Hoover declared tonight surrounded Berlin has done its duty well in resisting the advance of "Red atheism."

It behooves other areas of the world to profit by the example, the former President of the United States declared.

Hoover, winding up a five-day tour as a guest of Chancellor Konrad Adenauer, addressed the West Berlin City Senate after signing the "Golden Book" and joining with German and Allied officials in a banquet.

In a prepared speech, the 80-year-old ex-President told the Berliners:

"I do not need to discuss the value of freedom with you. You live cheek by jowl on the boundary behind which you daily witness the naked poverty, the inhuman toil, the terror, the repressions of the mind and spirit which the Communists inflict upon your own compatriots.

"You face an enemy that lives just across the street. You have seen your duty and you have performed it well. You can, like the men of ancient Athens, hold your heads high and say, 'I am a Berliner.'"

Hoover called the German leaders of West Berlin and West Germany "front line soldiers" in the cold war and commented that they may well share in the world's current feeling that East-West tensions have been somewhat lessened of late. Nevertheless, he said, the Communists are still confronting the West with three problems:

1. "Their declared amoral basis of relations between nations."

2. Their increasing armaments.

3. Their militant promotion of the Communist faith "by propaganda, infiltration and conspiracy within free nations."

He said this is the first time in 6,000 years of human history that a group has arisen which seeks to set aside Divine faith and replace it with "Red atheism."

Such infiltration can be met "only by moral and spiritual resistance," Hoover asserted and the first bastion is religious faith, be it Christian, Jewish or Moslem.

"Freedom does not come like manna from Heaven," he said. "It must be cultivated from rocky soil with infinite patience." To bolster resistance to communism "our governments must find solution to many social ills which prepare the soil for its evil growth."

Peaceful use of atomic energy may make a "mighty" contribution in this respect, he added.

Ticking off advances in medicine, in economic output, and in scientific progress, Hoover said:

"It amounts to industrial revolution in only one decade of time. With all this promise of increasing productivity, if the world could have peace, we would find a new Golden Age."

The ex-president visited Bonn, Stuttgart and Tuebingen on his tour, arranged by the West German government in recognition of his efforts to combat famine in Germany after both world wars.

In Berlin he received the 21-gun salute reserved for chief executives and reviewed an honor guard of U.S. troops at American headquarters. He toured refugee centers before the ceremony at City Hall.

He plans to leave later tonight for the United States along with U.S. High Commissioner James B. Conant.

Arson Count Filed Against Snyder Negro

The courthouse, which was generally closed yesterday morning until Monday for a long Thanksgiving weekend, opened in part for the filing of two felony complaints, one alleging arson and the other driving while intoxicated.

Hammit Robison, Snyder Negro arrested by city police and held in the county jail in lieu of $1,000 bond, was charged yesterday morning with setting fire to a two-room house in the Negro section of Snyder.

Firemen extinguished the fire about 6:30 o'clock yesterday morning after fighting smouldering clothing for several minutes. Considerable damage was also done to the building, owned by Mrs. Ozzie McClain, a Negro woman who lives next door.

The complaint was signed by Leonard White, city policeman, as affiant on information of the woman who told firemen and others yesterday that Robinson set it afire after telling her he intended to. The house is located at Thirty-fifth Street and Avenue G.

Ivy Smoot, 51, route 1, Hermleigh, was released from the county jail this morning on bond of $500 set, in connection with a charge filed today alleging driving while intoxicated as a repeated offense.

The charge alleges Smoot operated a motor vehicle Wednesday night on a public thoroughfare while under influence of intoxicating liquor and that such occurred subsequent to a previous conviction of a similar offense as a misdemeanor. The charge says he was convicted in county court here July 5, 1950.

Surety on the bond for Smoot was Carl Day. Smoot was arrested at the scene of an accident in which he was involved Wednesday evening at 6:50 o'clock three and half miles east of here on U. S. Highway 84.

Smoot was driver of a 1950 Chevrolet pickup, to which damage was estimated by E. W. Green and Bill Zimmerman, highway patrolmen, at $150. They estimated damage to the other vehicle, a 1953 Chevrolet coach, at $450. Driver of the car was Francisco G. Villanueva, 19, Snyder. No one was injured.

Both felony complaints were drawn by the district attorney, Renal Rosson, and are to be presented the grand jury for its investigation.

COMMIES ATTACK FORMOSA OUTPOST

Yoshida May Throw Japan Into Election

TOKYO (AP)—Embattled Prime Minister Shigeru Yoshida was reported ready today to throw Japan into a general election unless he can either hold office or name his successor as premier.

With the nation's special Diet session only four days away, lines were hardening for an all-out struggle for power among three factions—two conservative and one made up of Socialists.

Beginning the seventh year of an unbroken and unprecedented administration, Yoshida faces the fight of his political life.

For the first time in his long rule his opposition has enough certain votes to topple him with a nonconfidence motion in the House.

Yoshida, a fighter, was said by the newspaper Asahi, Japan's biggest, to be ready with House dissolution that will hurl Japan's 467 representatives into a bitter and expensive election campaign.

Yoshida today said he would step down as president of the Liberal party in favor of Deputy Premier Taketora Ogata. The Liberals are still the country's biggest party with 185 members, despite the conservative bolt.

But he was apparently ready to fight for his office—or at least the power to name Ogata as his successor to the premiership.

Yoshida appeared ready to do anything to block his conservative archfoe, 71-year-old Ichiro Hatoyama, from forming a government.

Hatoyama, founder of the Liberal party, bolted with his followers for the second time last week and formed the new Japan Democratic party in coalition with the Progressives, led by wartime Foreign Minister Mamoru Shigemitsu.

The Socialists were apparently ready to support Hatoyama in the nonconfidence maneuvers as a means of bringing down Yoshida, whom they violently oppose.

The balance of power in the seething lower house now stands thusly: Liberals, 185; Japan Democratic, 121; Left Socialists, 72; Right Socialists, 61; Minor parties and independents, 20; vacancies, 8. Total 467.

Reds Claim Trial 'Public'

LONDON (AP)— Peiping radio said today the 13 Americans sentenced to prison terms as spies were given a public trial "at which they admitted having received specialist training in espionage and guerrilla warfare."

The Red Chinese radio was keeping up its drumfire of propaganda in the case of the 11 airmen and two civilians whose sentences by a military court to terms ranging from four years to life was disclosed by the Peiping regime on Tuesday.

All were captured during the Korean War. Both the American and British governments have denounced the charges as false and a violation of the Geneva convention on prisoners of war. The United States is trying to arrange a face-to-face meeting at Geneva with diplomatic representatives to take up the case.

The Peiping radio said Col. John Knox Arnold Jr. of Silver Spring, Md., commander of a B29 shot down Jan. 12, 1953, over North Korea, confessed in court he was engaged in intelligence work. He was sentenced to 10 years.

"Arnold, colonel of the U.S. 581st Air Resupply and Communications Wing, stated in court that his wing had not been committed in the Korean theater and was attached to the U.S. secret intelligence agency," the broadcast said.

It gave no explanation of the long delay between the capture of the men and their trial. The trial date was not specified but apparently it was only recently held.

Allen Named To India Post

AUGUSTA, Ga. (AP)—President Eisenhower today named George V. Allen, now ambassador to India, to be assistant secretary of state for Near East, South Asian and African affairs.

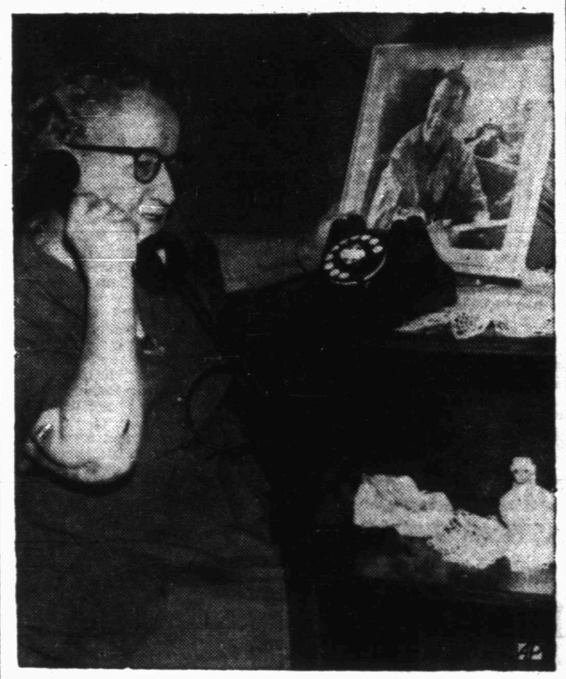

Allen will succeed Henry A. Byroade, who will become ambassador to Egypt, succeeding Jefferson Caffery, who is retiring.

The President announced at the little White House here, where he is spending a Thanksgiving weekend vacation, that the nominations will be sent to the Senate when the lawmakers convene again.

There had been speculation for weeks about the shuffling of top diplomatic posts. Some reports have suggested that John Sherman Cooper, Kentucky Republican defeated for re-election to the Senate, might get Allen's post in India. Press secretary James Hagerty had no comment on Allen's successor there.

Byroade, 41, from Maumee, Ind., goes to Egypt after serving as assistant secretary since 1952.

Caffery is retiring after 43 years in the foreign service.

RECEIVES REASSURANCES

Mrs. Hurley Baumer of Lewisburg, Pa., mother of Maj. William J. Baumer, an American pilot sentenced to prison by the Chinese Communists, holds a picture of her son and poses with a telephone. She received a call from James Hagerty, President Eisenhower's press secretary, saying everything "humanly possible within peaceful means" will be taken to release her son.

Free Land Offered, Cuero Negro Says

By BO BYERS

AUSTIN (AP)—A Cuero Negro testified today that Cletus P. Ernster had told him some Zavala land would be given to him without charge under the state veterans land program.

The Negro, Arnold A. Scott, 29, was the first witness at an examining trial to determine whether Ernster should be bound over to a grand jury.

Ernster is charged with uttering a forged instrument connected with a land title in dealings which have brought allegations of fraud under the land program.

Scott testified before Peace Justice Paul Blair that he had signed three sets of papers in blank in connection with the land deal.

He swore he did not know he would be required to make payments and that he had been told by Ernster that he would own the land free of charge at the end of three years.

Defense Attorney Everett Looney questioned Scott closely in an effort to show that Ernster had given Scott and other Negro veterans a clear picture of what they were being offered under the veterans land program.

Snyder Enjoys Quiet Holiday

Highway patrolmen, the sheriff's department, and the city police department reported this morning that the holiday season in the Snyder vicinity has so far been unusually quiet.

No traffic accidents of any serious consequence occurred here since Wednesday night.

The day before Thanksgiving was one of strange coincidence regarding highway accidents, however, E. W. Green, highway patrolman, said.

Green said that during that day he investigated three accidents involving pickup trucks near here. Each truck was a 1950 model. Each accident was east of Snyder and between three and four miles out of town. One happened at dawn, one at noon, and the last just after sunset.

Two of these accidents occurred on U. S. Highway 180 just nine-tenths of a mile apart. Both vehicles were traveling west. Both left the highway on the same side, both overturned, both struck the same barbed wire fence, and both turned around to face the east when they stopped.

An 11-year-old Hobbs, N.M., girl was injured in the first when her face and scalp were lacerated as she was thrown into the fence. She was traveling with her cousin and the latter's husband, Mr. and Mrs. Billy Ray McIntire of Madill, Okla.

The second accident was at 12:40 p.m. Wednesday on the same highway when a 1950 Ford pickup blew out a tire and overturned. Driver was Corbin Moore Barton, 52, Slaton, uninjured.

The third was between a pickup driven by Ivy Smoot, 51, Hermleigh, and a car driven by Francisco G. Villanueva, 19, route 2. Neither was injured. Smoot was charge with felony driving while intoxicated. The accident occurred on the Hermleigh highway.

Low Reading Here 37

A mild minimum of 37 degrees was recorded overnight in Snyder after a high of 70 degrees yesterday. At 7:30 a.m. today the temperature was 42 degrees, Mrs. D. P. Strayhorn, weather observer, said.

Reports Vary On Attempts For Landing

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Chinese Reds reportedly sent an assault force against a tiny Nationalist outpost in the Formosa Strait today, but there were conflicting reports on whether they actually attempted a landing.

The Nationalist Defense Ministry at first announced the Reds landed at Wuchiu Island and were driven off after many Communist soldiers were captured.

Later the ministry issued a communique saying the Reds approached the island from three directions and were "repulsed" by Nationalist defenders and warplanes. The communique made no reference to a landing, or to the prisoners taken.

The communique said the Communists converged on Wuchiu from three directions in five gunboats and "quite a few junks" at 1:06 a.m. and were repulsed around 4 a.m. It said the Nationalist air force sank five Red motorized boats and a number of junks about 8 a.m.

"The situation on Wuchiu is quite good and we have heightened our alertness," the communique said.

It was not clear whether the attack on Wuchui Island was intended as an invasion, a hit-and-run raid or an effort to see what the U.S. 7th Fleet might do.

Press reports said the Reds stormed ashore from motorized junks under cover of shellfire from 10 gunboats. Nationalist warplanes raced to the island and helped drive the invaders back into the sea.

Taipeh newspapers said the warplanes then roared low over the sea, strafing "quite a lot" of Communist craft. The Communists replied with machine-gun fire, but without success, the newspapers said.

The reports said the troops on Wuchiu were "particularly vigilant" against a possible night attack.

Wuchui is a guerrilla base only a mile long and half a mile wide. It is 15 miles from the mainland and 10 miles south of Red-held Nanjin Island. It is 63 miles northeast of Quemoy and 66 miles southsoutheast of Foochow, capital of Fukien province.

The 7th Fleet has been patrolling the Formosa Strait since June 27, 1950, just after the outbreak of the Korean War. Its assigned task is to protect Formosa and the Pescadores from invasion. U.S. policy has been to keep the Reds guessing about what the fleet might do if one of the many offshore Nationalist outposts was threatened.

There was no indication that the fleet was needed today, or that the Nationalists asked for its help.

(In Washington, the Defense and State departments said they had received no information on the reported attack.)

President Chiang Kai-shek told interviewers just the other day that if the United States openly committed itself to defend the offshore islands, the Reds would not dare attack them.

Press reports said the defenders of Wuchui recoiled under the initial attack, then counterattacked and with the support of Formosa-based warplanes erased the Communist bridgehead. They also said Nationalist warships went into action immediately, but their role was not reported.

France Asks Atomic Grant

NEW YORK (AP)—The New York Times said today that France has asked the U.S. Atomic Energy Commission for a reasonable award for the use of a uranium fission process.

A Washington dispatch to the Times said the request — made by the Commissariat a l'Energie Atomique — is believed to be the first international claim of its kind in the atomic energy field.

The story said:

France's atomic energy agency, which laid its claim before the AEC's Patent Compensation Board, based its case on five patent applications filed by three leading French scientists.

The applications, dating back to 1939 before development of the atomic bomb, were filed with the U.S. Patent office but no patents were issued. World War II brought a suspension of normal patent rights on atomic inventions.

State Introduces Pictures In Trial

By RICHARD SMITH

CLEVELAND (AP) — Photographs showing a trail of blood spots through the Sheppard house of murder were introduced by the state today.

There were 15 pictures. The defense objected unsuccessfully to four of them.

Henry Dombrowski, a chemist with 12 years experience in the police laboratory, identified the photos from the witness stand.

He was a prosecution witness at the first degree murder trial of Dr. Samuel H. Sheppard, the Bay Village osteopath who is accused of the July 4 fatal bludgeoning of his wife Marilyn, 31.

Chalk marks and pointing pencils were used to call attention to the blood spots, many of which were quite small.

The specks — from basement to bedroom and from door to door inside and out — were detected by a substance called luminol.

This is a liquid which Dombroski said produces a bluish green fluorescence if the spot is blood, but does not indicate whether the blood is human or animal.

At the beginning of the session Judge Edward Blythin excused the jury while defense counsel William J. Corrigan renewed his motion for a continuance of the trial, now ending its sixth week.

Corrigan produced two copies of the Cleveland Press of Wednesday and yesterday. He said they contained "prejudicial statements" and that the material covered was "striking at the very foundations of jurisprudence."

The stories dealt with reporters' interviews — one with friends and relatives of the slain Marilyn Sheppard, the other a feature about a woman juror's family struggling along without her while she was on duty.

The juror, Mrs. Lois Mancini, was not at the home when her family was interviewed and pictures were taken, a fact Judge Blythin noted in overruling the motion.

The state contends Dr. Sheppard killed his wife after an affair with a pretty nurse, Susan Hayes.

Dombrowski, of the Cleveland police force, testified before the trial was recessed for Thanksgiving that at least one spot he found was human blood.

Scheduled to follow him is another scientific expert, Miss Mary E. Cowan, laboratory technician for Coroner Samuel R. Gerber. Her findings too will be intended to discredit Dr. Sheppard's claim that his wife was savagely bludgeoned to death July 4 by a bushhaired prowler, who fled after fights with the doctor.

Miss Hayes, 24, is expected to take the stand early next week.

Dr. Sheppard spent yesterday's holiday in the Cuyahoga County jail and had only one visitor. His father, Dr. Richard A. Sheppard, brought him a bag of fresh fruit.

On the jail menu was roast beef.

Stir Over German Arms Plan Virtually Ignored By Churchill

LONDON (AP)—Prime Minister Churchill had only a passing reference — with a smile — today for the latest controversy in his nearly 80 years of political and personal excitement.

Accepting an antique silver tray from Bristol University, Sir Winston smilingly told the 2,700 students that he was "supposed to be in a bit of a scrape" over his disclosure Tuesday that he was ready to rearm surrendering German troops in 1945 if necessary to halt Russia's advance into West Germany.

Churchill made no other reference to the fuss.

Three major British newspapers rallied to the Prime Minister's defense today amid continued criticism from the Labor party and press that the revelation was a serious blunder at a time when the Russians were showing signs of a softer policy toward the West.

But the liberal Manchester Guardian said that some Conservatives were using the incident as a new weapon in their campaign for Churchill's retirement in favor of Foreign Secretary Sir Anthony Eden.

The storm of criticism blew up after Churchill told a Conservative party rally Tuesday he had wired British Field Marshal Montgomery during the closing days of World War II to keep German arms ready for reissuing "to the German soldiers who we should have to work with if the Soviet advance into Western Europe continued."

Communist newspapers here and in East Germany have declared this was evidence that Churchill all along was preparing a third world war.

A large section of the Labor party opposes the Paris agreements to rearm West Germany, a feeling which apparently triggered the current outburst.

Churchill re-emphasized his stand yesterday by quoting two of his 1945 messages in a reply to a House of Commons question on the issue. One of the messages —to Gen. Dwight D. Eisenhower, then supreme Allied commander —suggested that captured German arms be kept ready for use. The other, sent to Foreign Secretary Anthony Eden, said the Allies were speeding up their occupation of Denmark after reports that parachuted Soviet agents were active in that kingdom.

Defending Churchill's position, the Daily Telegraph said criticism of the Prime Minister—who will be 80 next Tuesday—was unjustified and would give comfort only to the Soviet Union and its sympathizers.

In an editorial, the Telegraph said:

"No informed person knew if or where the Russians would stop or what would be required to stop them. . ."

The Conservative Daily Mail declared that from some of the remarks about the Prime Minister "one would think that Churchill had betrayed his country instead of foreseeing a dire possibility and preparing against it."

The Daily Express, independent but pro-Churchill, called it nonsense to say—as the Laborite Daily Herald had—that the disclosure would worsen the West's relations with the U.S.S.R.

"The Russian will to peace, if it is genuine, cannot conceivably be affected by Churchill's historical flashback."

The pro-Labor Daily Mirror, which has been demanding Churchill's retirement on the grounds of old age, said:

"He should go before he further embarrasses his chosen successor as Tory prime minister, Sir Anthony Eden."

AREA OIL ROUNDUP

Howard Projects Quit As Failures

Two Howard County projects and one in Coke County have been ordered abandoned as failures.

Sun Oil Co. No. 1 Edward Simpson and wife, drilled in the Luther Southeast-Siluro-Dvonian field of Northwest Howard, was plugged at 9,985 feet. It was 660 feet from south and east lines of section 46-32-T&P, 16 miles northwest of Big Spring.

Four miles southwest of Vealmoor in Northwest Howard County, L. E. (Lou) Schereck, Lloyd H. Smith, Inc., and Cosden Petroleum No. 1 Gilbert Wright, Jr., has been quit at 8,920 feet in Pennsylvanian reef lime. It developed salt water there.

Drillsite for the test was 660 feet from north and east lines of section 32-33-t3n-T&P.

Kewanee Oil Co. No. 1-E Wend, one-half mile east of production in the Wendkirk-Cisco field. It was drilled to 3,780 feet in shale. Location was 330 feet from northwest and 2,529.2 feet from northeast lines of section 454-F, Merkel survey, six miles southwest of Bronte.

SCURRY COUNTY

The Texas Co. has filed applications to drill two new projects in the Cogdell field of North Scurry County.

The No. 229 P. L. Fuller will be 433 feet from north and 2,138 feet from east lines of section 650-97-H&TC, 16 miles northeast of Snyder and on a lease of 29,707.4 acres. The No. 30 Fuller is 991 feet from north and 914 feet from west lines of section 564-97-H&TC, 14 miles [illegible] of Snyder. Both are to drill to 7,150 feet, starting at once.

Thompson & Powell Drilling Co. has filed an amended application for the No. 1 J. B. York, now being drilled in the Kelley-Snyder field one quarter of a mile northwest of Snyder.

The well is in section 180-3-H&GN, and on a farmout from Hiawatha Oil & Gas Co. It was co-filed in 1952 as the No. 2 J. B. York, and drilled to 1,728 feet. Eight and five-eighth-inch casing was cemented there, but the plug was never drilled. The well is slated to drill to 7,100 feet. Thompson & Powell were apparently required to file an amended application because the project had been started in the past.

SHALLOW PRODUCER

Pearson—Sibert Oil Co. of Texas has reported completion of the No. 3 C. T. McLaughlin in the Diamond M-San Andres field of Scurry County for a potential of 96.56 barrels of oil plus 25 per cent water.

The potential test covered a 24-hour period with the well on the pump. Gravity of the oil was 35.4 degrees. Gas-oil ratio was too small to measure. Production is from open hole at the top of the pay at 2,435 feet, to 2,514 feet, total depth. Casing is cemented at 2,400 feet.

The well is 330 feet from west and 990 feet from south lines of section 184-97-H&TC.

FIELD LOCATIONS

Blue Danube Oil Co. of Big Spring has set location for the No. 1-B Bird in the Westbrook field of Mitchell County, two miles northwest of Westbrook. It is 990 feet from north and east lines of section 40-28-tln-T&P, and on a 20-acre lease. Cable tools will be used to drill to 3,500 feet, starting at once.

J. E. Jones Drilling Co. of Midland is to drill the No. 2-B Miller 14 miles southwest of Gail in the Jo-Mill Spraberry field. Location is 1,787 feet from south and 550 feet from east lines of the lease in section 12-33-t4n-T&P. Contract depth is 7,500 feet.

WILDCAT TESTS

Al Simpson and Sam Johnston of San Angelo have staked the No. 1 Pulliam Estate as a 710-foot cable tool wildcat in West Tom Green County.

Location is 1,155 feet from east and 825 feet from south lines of section 18-4-H&TC.

J. J. Lynn of Abilene No. 1 Ella Pumphrey is to be a 6,200-foot Bend conglomerate wildcat in Southeast Stonewall County five miles southwest of old Glory. Drillsite is 1,980 feet from north and east lines of the Ben McCullock survey.

TEST SHOWS GAS

Fifteen feet of heavily gas-cut mud was developed on a drillstem test in the Pennsylvanian reef at Robert L. Wood of Midland No. 1 Criswell, Northwest Fisher County wildcat five miles northeast of Camp Springs.

The zone tested was from 6,253-271 feet, with the tool open two hours. Total recovery was 15 feet of gas-cut mud, with no shows of oil or water. More hole was to be made. Top of the reef was at 6,250 feet, elevation 2,115 feet.

DRILLING REPORT

Lomax and Zonne No. 1 Martin, Northwest Scurry wildcat, is drilling in lime below 2,075 feet. Forest Oil No. 1 H. H. Eiland in Southwest Scurry is drilling below 1,130 feet.

In Borden County, Texaco No. 1-C A. M. Clayton is drilling in lime below 4,309 feet. El Capitan and Wrather No. 1 Higginbotham had not begun drilling at last report. Gibson and Tri-Service No. 1 Pylant is drilling toward the Dean and Pennsylvanian after drilling through the Spraberry. Last depth reported as 7,989 feet.

DeKalb No. 1 M. E. Bacon, a re-entered project in Southeast Borden County, is cleaning out at 7,177 feet. Originally drilled and temporarily abandoned by Stephens Petroleum, the project is one-half mile west of the most northerly producer in the Hobo field.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Clayton A. Norris, 701 East Twenty-fifth Street; Mrs. B. R. McIntire, Madill, Okla.; Mrs. R. H. Tatom, Gail; Mrs. John Kinney, 1408 Twenty-eighth Street; Mrs. Emma Preston, 1306 Twenty-fifth Street; Mrs. O. L. Smith, 1112 Thirty-second Street.

Dismissals: Mrs. A. W. McCormick, 1300 Avenue H; Mrs. Charles W. Ulrick, Grand Falls, Tex.; Mrs. B. R. McIntire, Madill, Okla.; Mrs. W. A. Taylor, route 1, Hermleigh; Marzette Thompson, 2205 Twenty-first Street; Gene Shy, 2109 Avenue T.

COGDELL MEMORIAL

Admissions: Leon Ford, Snyder; Reva Nell Henderson, 1007 Twenty-eighth Street; Mrs. Beatrice Mace, Mancos, Colo.; Mrs. J. B. Blackburn, Jr., 2801 Avenue T; Mrs. A. T. Smith, Dermott; J. P. Tate, 2407 Twenty-sixth Street; William N. Johnson, Snyder; Mrs. Joseph Jackson, 2508 Avenue B;

Dismissals: William Johnson, Snyder; Mrs. Van D. Sumruld, Jr., and baby, Snyder; Mrs. Beatrice Mace, Mancos, Colo.; Empress McFarland, 2234 Sunset; Shirley Stansell, Fluvanna; Mrs. Arvill Cox, 1511 Avenue E; Mrs. Tom G. Lewis, Snyder; J. P. Tate, 2407 Twenty-sixth Street; Mrs. Mark Johnson and baby, 3007 Avenue N.

Funeral Service Held

Funeral services were held in Brownfield this afternoon for Mrs. G. G. Gore, the mother of Mrs. Ollie Bruton of Snyder. Mrs. Gore died about 11:30 p.m. Wednesday in Brownfield.

The Hawaiian Islands were unknown to the Western World until 1778 when they were discovered by Capt. James Cook.

ACTRESS WEDS

Dancing actress Vera-Ellen walks from St. Paul's Lutheran Church in North Hollywood, Calif., with Victor Rothschild after their marriage. It was the first marriage for Rothschild, a wealthy oilman, and the second for the bride. Each is 31. The bride wore a gown of pearl-toned satin. They will honeymoon in Palm Springs.

Hermleigh's City Treasury Has Increase

Hermleigh's city government is $842.71 better off now than it was seven months ago, according to official audit covering the period from April 13 through Nov. 12.

At the close of business on Nov. 12, the city's clear bank balance total of both the general and water funds was $1,136.11, an increase of $842.71 over the balance brought forward on April 13, which was $293.40.

The audit shows the water department had a net decrease of $46.77 in its balance of Nov. 12, which was $241.52, whereas the April balance in this department was $288.29. This department retired a debt, however, of $284.60 owed as balance for drilling of a city water well and also made a $100 payment on new water meters during the seven months. Other expenditures were routine.

In contrast with, and more than offsetting, the decrease in the water department balance, the general fund balance had a net increase during this period of $889.48. The present balance in this fund is $894, of which only $5.11 was brought forward in April.

Expenditures from the general fund, other than routine, were $700 as balance owed individuals for casing of a water well, $166.04 balance owed on water meters, $100 payment on new water meters purchased, and $619.58 for water line extensions.

Summary of the audit:

The general fund had $5.11 balance brought forward in April. Other receipts since that time totaled $2,745.74. This made a grand total for this fund of $2,750.85. Expenditures from this fund totaled $1,856.26 during the seven months. This left a balance of $894.59.

The water department brought forward a balance of $288.29 in April. Receipts since then totaled $3,186.11. Take two figures make a total of $3,474.46. From this amount, expenditures during this period totaled $3,232.94, leaving a present balance of $241.52.

The total for both funds: $293.40 brought forward in April, plus $5,931.91 in receipts since that time, amounted to $6,225.31, from which $5,089.20 was expended during the seven months, leaving a grand total balance of $1,136.11.

The audit was made by Lee Smyth, public accountant and approved by Alton L. Barfoot, secretary and treasurer, A. D. Higginbotham, mayor, and Carl Anderson of Sweetwater, city attorney.

Thomas Edison was 32 years old when he produced the first commercially practical electric light.

Questioning Ires Brando

NEW YORK (AP — Screen star Marlon Brando, seemingly annoyed at persistent questioning over his plans to wed, asserted today the ceremony will be sometime "in the summer" and emphatically declared that the report of his engagement was no publicity stunt.

Brando arrived on the liner United States from France, where he saw his fiancee, Josanne Mariani-Berenger, the step-daughter of a French fisherman.

Reporters who met the ship told the actor that there had been reports the engagement was for publicity purposes. Brando shot back:

"If it were a big publicity stunt, I would be stupid to admit it. If it weren't, it speaks for itself. It's stupid to deny it. People will think what they want."

Pressed as to whether it could be taken for granted that he was going to marry the French girl, who preceded Brando here earlier this month, the actor replied: "In the summer."

Asked his opinion of the difference between foreign and American girls, Brando said:

"Nationality is not important. In choosing a wife I don't think it very important to question her nationality, providing she's not Joe Stalin's cousin."

Vishinsky's Ashes Put In Kremlin Wall

MOSCOW (AP — Premier Georgi Malenkov and other top Soviet leaders placed an urn containing the ashes of Deputy Foreign Minister Andrei Y. Vishinsky in a niche in the Kremlin wall today.

The procession as they carried the urn from in front of the Lenin-Stalin tomb in Red Square, was the final ritual in an elaborate state funeral for the fiery orator and chief delegate of the U.S.S.R. in the United Nations. He died Monday in New York at the age of 70.

"Farewell, dear friend; farewell, dear comrade," said Foreign Minister V. M. Molotov in a funeral oration from the Red Square tribunal atop the Lenin-Stalin tomb as other members of the ruling Communist party presidium listened. Below the leaders rested the flower-covered urn with the ashes of Vishinsky resting on a catafalque draped in red and black. The body was cremated earlier in the day.

Spectators shivered in the raw cold of Moscow's November, with the temperature hovering about 4 degrees above zero, fahrenheit. A military band, wearing fur hats, played dirges as hundreds trudged through the icy square carrying gigantic wreaths which were placed behind the Lenin-Stalin tomb and in front of the Kremlin wall, burial place for Communist heroes. Some bricks had been removed to make room for Vishinsky's remains.

About 3,000 persons marched in the procession through Red Square bearing black-draped portraits of Vishinsky.

Molotov hailed Vishinsky as a "faithful son of the Communist party and a great jurist."

Molotov said Vishinsky, in his role as prosecutor during the purge trials of the 1930s, "by his vibrant prosecution of Trotskyites and rightwing deviationists," deserved praise from the Soviet people.

As a diplomat, Molotov added, Vishinsky "defended the interests of peace and socialism." In his role at the United Nations he worked for peace and fought against warmongers, and his name will always be associated with efforts to achieve disarmament and control of atomic energy, Molotov declared.

Others who spoke briefly included K. P. Gorshenin, minister of justice; A. A. Volin, president of the Supreme Court; Alexander N. Nesmeyanov, prominent Soviet scientist.

In the bitter cold, musicians in the military band kindled small fires to warm their instruments before breaking into the doleful strains of Chopin's funeral music.

Cold Front Races Down From Colorado

By The Associated Press

A speeding Pacific cold front raced out of Colorado for the Texas Panhandle Friday and was due to strike in the morning hours.

The Weather Bureau said the front probably would lose much of its strength against the Rocky Mountains and lower Texas temperatures only 5 or 10 degrees. No precipitation was expected to accompany the front into Texas.

By nightfall, the Weather Bureau added, the front should be deep into Central Texas.

ITALIAN CREAM CAKE
. . . it makes a fine supper finale

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

American cooks who like to serve Italian-style suppers will be interested in this quickly made cream-cake dessert. Ever taste Zuppa Inglese, that Italian sweet with its layers of rumsoaked sponge cake, custard filling and topping of whipped cream and candied fruit? This cream cake is a relative of Zuppa Inglese; in typical American fashion it substitutes a special lemon syrup for the rum flavoring and uses an instant pudding mix for the custard filling.

ITALIAN CREAM CAKE

1¼ cups sugar
¾ cup boiling water
1 teaspoon grated lemon rind
2 tablespoons lemon juice
1½ teaspoons aromatic bitters
½ package vanilla instant pudding
1 cup milk
2 8-inch or 9-inch sponge-cake layers
1 cup heavy cream (whipped)
Sliced citron
Candied cherries

Mix sugar and boiling water; stir over low heat until sugar is dissolved. Cover and boil 1 minute. Uncover and boil 5 minutes without stirring. Add lemon rind, lemon juice and bitters; cool. Add instant pudding to milk; mix according to package directions; chill. When ready to serve, place a sponge-cake layer on serving dish. Drench with lemon syrup. Spread with vanilla pudding mixture. Cover with second sponge-cake layer. Spinkle lightly with lemon syrup and top with whipped cream. Any remaining syrup may be passed with the dessert or stored in the refrigerator for later use. Garnish with slices of citron and candied cherries. Makes 8 servings.

Winnie Due Big Display Of Affection

LONDON (AP)—Britons are planning one of their biggest displays of public affection ever seen in these normally reserved islands for Winston Churchill on his 80th birthday next Tuesday.

His health will be drunk in pubs and clubs throughout Britain. The two houses of Parliament will join in a session of tribute.

There will be gifts for the doughty old Prime Minister ranging from a few tea leaves to a check for something like a million pounds. This $2,800,000, to be spent as Churchill pleases, represents a worldwide shower of donations to the Sir Winston Churchill Birthday Presentation fund. One guess is that Churchill will use the money to set up a new international humanitarian fund.

The Prime Minister must sandwich the festivities into a busy round of affairs of state. The birthday coincides with a formal opening of the new Parliament.

The usually late-to-bed Churchill will start his birthday celebration with a special cup of tea. The tea—two spoonsful in a grubby, screwed up envelope with a little sugar — was sent to Churchill as "the only present I can afford" by someone signing himself "An Old Age Pensioner."

Organizers of the birthday fund said the Prime Minister, touched by the gift, was reserving it to be drunk in bed as an eye opener.

Huge rock lobster tails, taken from New Zealand water, are being split, frozen, glazed and sent to American markets. These "splits" may be boiled and used in salads or other lobster dishes, or they may be broiled and used for individual servings. After boiling or broiling, the solid lobster meat is easily lifted from the shell.

Paintings In First Showing

PARIS (AP)—Four paintings by Paul Cezanne and Vincent Van Gogh, never shown publicly before, went on public display today as part of new gift to the Louvre from its greatest benefactor of recent years.

For over half a century these paintings, known only to a few experts, have hung in a modest private house of a small town near Paris. They belong to 81-year-old Paul Gachet, son of a Paris nerve specialist who amassed one of the world's most valuable collections of French impressionist art.

He did it mostly in the little valley town of Auvers-sur-Oise, loved and painted by French artists for over a century. His son still lives there, and has come to Paris for today's opening.

This is Gachet's third gift to the museum. The Louvre would not estimate the value of his donations, but experts calculated they could have brought at least a million dollars. In addition to the work now shown for the first time, the latest gift included another painting and a drawing by Van Gogh, another oil by Cezanne, three by Armand Guillaumin and one each by Constantin Guys, Camille Pissaro and Paul Van Ryssel — a pseudonym of the elder Gachet.

Men Find New Means Of Escape

By DOROTHY ROE
AP Woman's Editor

As women continue to invade those last male strongholds, such as bars and barber shops, men have evolved a new means of escape.

It's known as the sports car.

For some years now automobile manufacturers have been designing the family car to the taste of the lady of the house. But the sports car is strictly for the boys.

This low, racy and completely impractical vehicle is sweeping the country, for a good and sound reason. It's a toy for Papa. It is built for speed and splurge, and it's not big enough to hold the rest of the family.

The standard American motor car of today has become a sort of living room on wheels, decorated according to the feminine taste. It comes in ice cream colors, is equipped with all kinds of gadgets to make life easier for the woman driver—push-button windows, power brakes and steering, automatic shift, air conditioning, built-in bottle warmers and cosmetics cases.

Designers have spent millions finding out how to build a car that won't snag nylons, that's easy to step into in a tight skirt, that's easy to drive while the lady at the wheel goes window shopping down main street. The modern car practically drives itself — and men have been heard to remark that it jolly well has to, with so many women taking over the steering wheel.

Things having reached this state, something had to be done to test the skill and daring of the male of the species.

So along comes the sports car. The first models were imported from Europe, and so intrigued the American male that U.S. manufacturers were quick to leap into the field.

Now practically every major automobile company is putting out a special sports car, designed on foreign lines and calculated to arouse the spirit of adventure in every man.

Terrified Turtles On Highway Stop Traffic

PEABODY, Kan. (AP) — Terrified turtles—hundreds of them—stopped traffic on U.S. Highway 50 here yesterday.

The snapping turtles were turned loose after a trailer carrying more than two tons of them caught fire.

David Young, 25, a sailor at the Hutchinson, Kan., Naval Air Station, said he and a companion had spent several weeks gathering them and were on their way to the Chicago market when the trailer caught fire.

Peabody firemen extinguished the blaze and then helped round up the turtles. About a third of the load perished.

West Berlin Government To Get More Authority

BERLIN (AP) — The Western occupation powers say ratification of the recent Paris accords on German rearmament will bring West Berlin the widest self-government compatible with the security of the Soviet-surrounded city.

In a "declaration of intent," the American, British and French commandants last night announced plans to amend the occupation statute to increase the authority of the West Berlin government.

Although the city has a completely organized administration, it still is classed as occupied territory. American officials said specific acts to implement the declaration have not yet been decided.

Eleanor Parker Weds

HOLLYWOOD (AP)—Movie actress Eleanor Parker and portrait painter Paul Clemens were married yesterday in a brief ceremony at the First Methodist Church.

Use a dry dust mop or a brush on your waxed floors; an oil mop tends to soften wax and make it smeary.

WHAT'S GOING ON

Holiday visitors of Mr. and Mrs. Kenneth Snyder and family, Clairemont road, are Mr. and Mrs. G. C. Snyder and sons, Richard, Mickey and Dennis, of Crane.

Mr. and Mrs. Bryce Altaffer of Odessa are the parents of a son, Michael Renee, born Tuesday in Sweetwater Hospital. Mrs. Altaffer is the former Janita Riley, the daughter of Mr. and Mrs. A. P. Riley of Snyder. Mr. and Mrs. Riley visited her yesterday in Sweetwater and also visited Mr. and Mrs. B. F. Gee there.

Mr. and Mrs. Charles Tyer, Clairemont road, attended the Meadow-Bovina bi-district game in Bovina yesterday. Their son, Gene Tyer, is coach at Meadow.

Mr. and Mrs. John W. Leftwich of Tyler and Mrs. Chester Hutchenson of Abilene spent the Thanksgiving holiday with Mrs. J. W. Leftwich, 2411 Thirty - second Street.

Mrs. E. A. Connely of Oklahoma City is visiting her daughter and son-in-law, Mr. and Mrs. B. E. Leibe, 2226 Sunset Avenue.

Mrs. S. M. McCann, 305 Thirty-first Street, will hold open house from 2 p.m. to 4 p.m., December 2, in honor of her grandmother, Mrs. Rebecca R. Jourden, who will celebrate her eighty - third birthday on that date.

Teachers Hear Stilwell Today

FORT WORTH (AP)—Henry W. Stilwell, Texarkana, Tex., educator, and Miss Waurine Walker, National Education Assn. president headed speakers today before the Texas State Teachers Assn. convention.

Dr. Herld C. Hunt of Harvard University's Eliot School of Education was the principal speaker at yesterday's opening session. He said teaching 100 years ago was a "snap compared with what it is today."

"Our job will be harder, the challenge, the opportunity, the obligation will be greater in the 100 years to come," Dr. Hunt said.

Another first day speaker was W. R. Beaumier, publisher of the Lufkin Daily News and president of the Texas Press Assn.

He said everyone should work toward a free teaching profession in Texas. Beaumier spoke at the classroom teachers banquet in Hotel Texas last night.

More than 400 members attended the banquet and were introduced to Mrs. Maybell McDaniel, Fort Worth, new president of the classroom teachers who succeeds Mrs. Gertie Hays of Austin.

J. H. Fleathers, Amarillo, was named vice president and new directors elected were Mrs. May Alexander, Palestine; Mrs. Alva Proffer, Denton; and Mrs. Onita King, Lockhart.

Employment Rate Due To Be Up For While

WASHINGTON, (AP)—The Labor Department says it expects fewer persons to be unemployed during the balance of 1954, but it foresees some seasonal lag in employment early next year.

The department said last night its latest survey of manpower conditions and employment prospects shows that the number of jobless has been declining at a rate greater than normal for this time of year.

However, it said increased unemployment would be normal after the first of the year because of winter curtailment in construction and other outdoor activities.

Psychiatrist Can Improve Career, Curtis Believes

By BOB THOMAS

HOLLYWOOD, (AP)—Can psychiatry improve an actor's career?

Tony Curtis thinks so. And that's one of the reasons he has been consulting a psychiatrist for the past seven months.

Now don't get the idea that the current heart throb of the bobby-soxers is blowing his top. He isn't.

"I'm not insecure," he explained on the set of "The Purple Mask." "I don't have a split personality. It's just that I wasn't as happy as I should have been. Little things bothered me. A friend of mine suggested I consult a psychiatrist he was going to.

"I tried it, and I've been going once or twice a week ever since. It has done wonders for me. I don't lie on the couch or anything. I just go to this fellow's office and we talk about all kinds of things. I tell him what's bothering me and we dig back into my past and find the reason for it."

The result has brought him happiness, he said, not only in his career but in his married life with Janet Leigh. And he feels it will be a wise investment for his future.

"Look—I want to be in the movie business for the next 30 years," he remarked. "I think this is a good way of helping my chances.

"Some people work with their hands. Me, I've got to use my imagination. I've got to project emotion on the screen. I, Bernard Schwartz (his real name), am the only one who can do it; no one else can do it for me. It figures that the more I know about my emotions and why I react the way I do, the better actor I would be."

Tony is already projecting his career far into the future. In 10 months, he ends his exclusive deal at Universal-International, where he rose from a brash Bronx boy to a star of worldwide fame. He'll then be obligated to do a couple of pictures a year for the following three years, after which he'll be a free agent.

As soon as he starts the two-a-year deal, Tony will be able to make outside deals of his own.

Airman Makes Eventful Trip

PHILADELPHIA (AP)—Airman 3. C. Weston E. Nellius of Woodlyn, Pa., arrived home in time for Thanksgiving yesterday after a couple rough battles with his stomach and his finances.

The 19-year-old youth started hitchhiking home, via air, from his station at Webb Air Force Base, Big Spring, Tex. He caught a ride in a private plane but became so ill that the pilot was forced to land at Carswell Air Force Base in Fort Worth.

After a couple air sickness pills Nellius was whisked to Carter Field to resume his journey in a commercial air liner. Then he disappeared.

The disappearance was explained last night—a pinched pocketbook.

Nellius' father said the airman disappeared after making his airline reservation because he did not have money enough for first class fare, the only thing available. He telephoned home and his parents wired him money to solve the crisis and he made the rest of the trip uneventfully.

Seek Conference With Mexico's Farm Minister

MEXICO CITY (AP) — A delegation of United States citizens interested in the formation of an international park on the Rio Grande sought an appointment here today with Agriculture Minister Gilberto Flores Munoz.

Mexico's top cabinet member, Interior Minister Angel Carvajal, apparently listened carefully to the international park plan and seemed interested yesterday. But he suggested that the U.S citizens, including many Texans, should see the agriculture chief.

The proposed international park would combine the Big end National Park in Texas with a 5,200,000-acre tract across the Rio Grande.

Receives Diploma He Missed Back In 1908

BIG SPRING, Tex. (AP)—Shine Phillips, who in 1908 got the idea he wasn't wanted around school anymore, received his high school diploma Thanksgiving Day.

At a special graduation ceremony held during halftime of the Big Spring - Sweetwater football game yesterday, Phillips got an honorary diploma and congratulatory telegrams from Gov. Allan Shivers and Hal Jordan, president of the Texas State Board of pharmacy.

Phillips is a Big Spring druggist. He said he also got a number of graduation gifts from over the state.

McCarthy Supporters To Count Signatures

NEW YORK (AP)—Counting of signatures on petitions opposing censure of Sen. Joseph R. McCarthy (R-Wis) is scheduled to start today.

A spokesman for a group called "Ten Million Americans Mobilizing for Justice" said yesterday the New York accounting firm of James Walsh and Co. had been hired to supervise the counting by volunteer workers at the group's Hotel Roosevelt headquarters.

Fog Covers Large Area Of California

LOS ANGELES (AP)—The worst fog in years continued over the greater portion of southern California today, paralyzing transportation on land, at sea and in the air.

The Coast Guard made a dramatic rescue of a converted Navy crash boat, Harmony, that was groping in the murk and unable to radio its position. Using radar and radio bearings, a Coast Guard boat located the craft in the thick mists eight miles north of Isthmus Cove of Catalina Island and took it in tow. With it was a little cruiser that had tried to make the tow.

Most airports were closed, including the big Los Angeles International, one of the nation's busiest. Scores of traffic crashes were reported in the Los Angeles metropolitan area, but only one death was directly attributed to the smashups, probably because fog prevented speed.

Three babies, each 3 months old, died yesterday of respiratory ailments and the coroner ordered autopsies. Smog was suspected of being a contributory influence, but two of the infants were being given medical care.

For the last 48 hours eye-smarting smog has drenched the downtown Los Angeles area.

Fog blanketed the Pacific coast from San Luis Obispo to the Mexican border and pushed from 8 to 20 miles inland.

Four adults and five children were aboard the crash boat Harmony. Its skipper, Frank Champion, received assistance from a cabin cruiser, Jama Jan, which tried to tow her, but both were swallowed in the fog and did not know their position. Neither did an unidentified boat that radioed the Santa Barbara Coast Guard, saying it was on the rocks north of there. A search disclosed nothing.

Billy D. Haynes Wins Promotion In Korea

Billy D. Haynes, the son of Mr. and Mrs. N. J. Haynes of Hermleigh, was promoted to sergeant first class recently while serving in Korea with the 7th Infantry Division.

Haynes, 22, is a troop information and education non-commissioned officer in Headquarters Company of the 17th Regiment's 3rd Battalion. He has been in the Far East since July, 1953.

The '55 FORD is here
with styling inspired by the Thunderbird

The new '55 Ford is unmistakably the fine car of its field. It brings you new Trigger-Torque Power . . . a new Angle-Poised Ride . . . and Thunderbird Styling . . . in 4 brilliant new lines.

The brilliant styling of the 16 body selections bears the distinctive mark of the Thunderbird—Ford's new personal car that has created such a sensation all over the nation. You can see the resemblance in Ford's new, longer, lower silhouette—that huge wrap-around windshield—the wider, more-massive grille—everywhere you look.

New Trigger-Torque power from 3 new, mighty engines

All 3 Ford engines for '55 bring you new Trigger-Torque Power—all are the mightiest ever offered in Ford Cars. There's a new 162-h.p. Y-block V-8 with higher (7.6 to 1) compression ratio. A new 182-h.p. Y-block Special V-8, optional with new Speed-Trigger Fordomatic, is available in Fairlane and Station Wagon models. And there's also the new 120-h.p. I-block Six—the most modern Six in the industry.

New Speed-Trigger Fordomatic Drive

A new automatic getaway gear gives you instant pickup for safer passing, faster starts. This smoother new Fordomatic is offered with all three of Ford's new engines.

New Angle-Poised Ride

You'll also find the smoothest Ford ride ever! Ford has re-engineered Ball-Joint Front Suspension—tilted it to absorb shocks from the front as well as up-and-down shocks. This cuts down road-joint jar.

Own it now and spend a full year with the newest! '55 FORD

Conrad Alexander, Lamesa fullback who was rough and knew how to carry a football, sweeps around right end for eight yards, his longest gain against the Snyder Tigers yesterday. Norman Grimmett, No. 78 at right, closes in on Alexander. The Tigers won 7-6 to end their season with a 6-4 record and to tie for fifth place in the eight-team District 3A-1. The game was played in Lamesa before a homecoming crowd. (Lee Watson photograph)

Tigers Edge Lamesa 7-6, End Grid Season With 6-4 Record

The Snyder Tigers finished up their grid season for 1954 yesterday afternoon when they edged the Lamesa Tornadoes 7-6.

The Tigers of coaches John Conley, Horrace Bostick, and Hal Battle brought their season record to 6-4, the best of the varsity team here since 1950.

It was a close game all the way, and, considering the many injuries the Tigers had, it was a narrow escape. End Don McNew and back Joe Baxter were already out with injuries and did not play yesterday. Fullback Jack Spikes, who was also injured but started in the game, was put out of the game with a leg injury early in the first period and never went back in. Halfback Jimmy Bennett went out of the game soon afterward with a cracked collar bone and did not go back into the lineup.

With four of the more experienced players out, the Tigers were brought down to about Lamesa's size and had a rough time handling them. The Tigers had most of their trouble on offense and had to depend mostly on their defensive game. That defense stopped a serious Lamesa threat in the final seconds of the game. Quarterback Doyle Chapman, who is an excellent passer but had trouble with his receivers, tried three passes in a row from the Snyder 20 near the end of the game, those stopped by Frankie Minton, Steve Blair, and Powell Berry, and then his team resorted to trying for a field goal by Kenneth Bartlett. A field goal would have put the Tornadoes two points ahead. Joe Reaves blocked that try, and the Tigers took the ball and ran the time out.

Lamesa scored first in the game with 3:45 to go in the first quarter. Chapman hurled the ball to Bartlett 25 yards for that touchdown. That ended a 45-yard drive. Bartlett fumbled on his conversion attempt. The Tigers had almost scored as the game opened. They had received the kickoff, carried it back to their own 31, and on the first play Gerald Crawford went over right tackle for 61 yards to the Lamesa eight, with good blocking by Snyder linemen. Dwayne Powell stopped Crawford's long run. On the fourth play Spikes was almost over the goal line when he fumbled and Lamesa recovered in the end zone for a touchback.

Just before the end of the first period, Alan Snead intercepted a Lamesa pass on the 50-yard line. Powell Berry passed to Crawford for a gain of 29 yards, then Crawford, Bennett, and Bernie Hagins carried to the eight, from where Berry crossed tackle behind blocking of Minton and James Parker for the Snyder score. Reaves' point kick made the difference in the game. When that scoring was done, there was eight minutes and 40 seconds left in the first half. That ended scoring for the game.

GAME IN FIGURES	SNYDER	LAMESA
First downs	7	12
Yards rushing	113	186
Pass attempts	10	16
Complete	4-56	5-91
Intercepted by	2	2
Fumbles	3	2
Own recovered	2	2
Punts, av.	4-42.2	4-35.0
Penalties	4-30	1-15

The two teams rocked back and forth for the rest of the game, with Snyder getting once to the Lamesa 16 before the half but losing yardage on a fumble and a 15-yard penalty. Hagins made a fine return of a Lamesa punt to start that drive, carrying back to the Lamesa 41 after the Tornadoes had punted out from their own 44.

Soon after the half, Lamesa drove down to the Snyder 20, but the Tiger defense held, and the Snyder team took over there on downs. Lamesa's last drive of the day started from the Tornado 15, and the team worked to the Snyder 20 again. That was when the Tigers broke up Chapman's passes and blocked the field goal attempt.

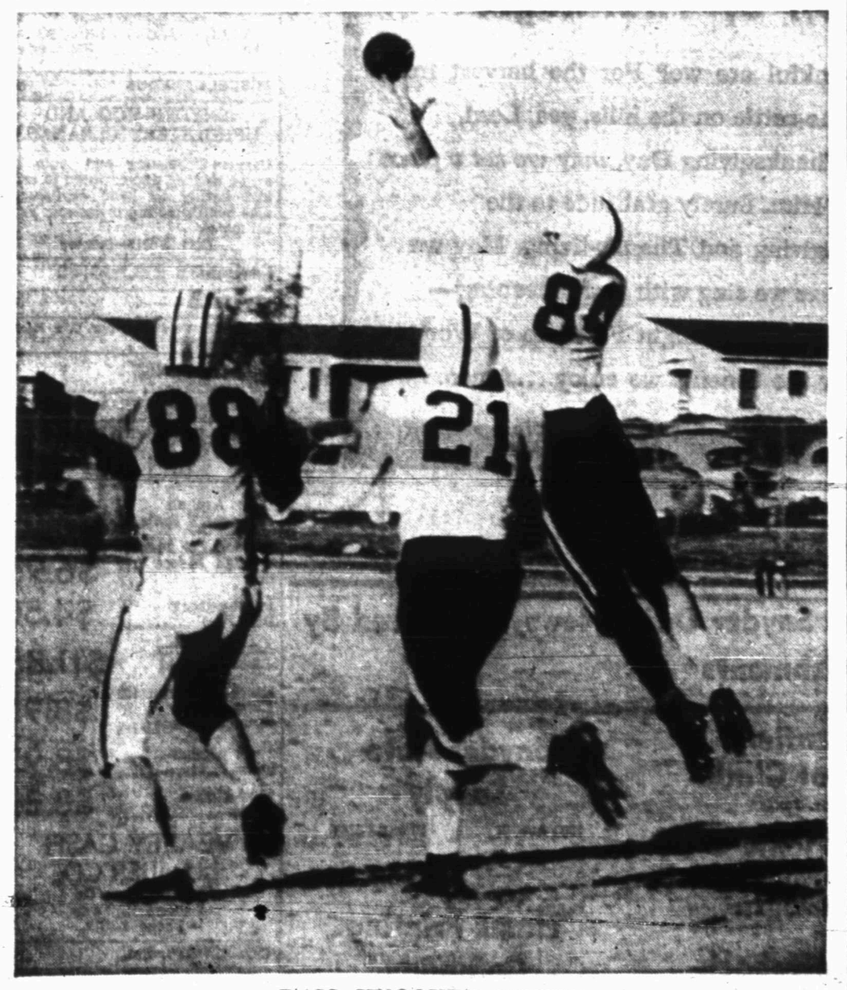

Hagins and Berry took turns at quarterback, with Berry holding it most of the time while Hagins was at halfback. Crawford was rushing leader for the Tigers with 88 yards in 14 carries. Hagins was second with 19. For the Tornadoes, John Middleton led rushing with 49 yards, followed by Conrad Alexander with 44 and Donnell Echols with 33.

Berry completed four out of seven passes, one to Crawford for 29 yards, two to Milton Ham for a total of 17, and one to Snead for 10. Chapman connected for five out of 16, two to Bartlett for 45 yards and three to Alexander for 46. Hagins tried three for Snyder, Powell one for Lamesa.

Snead and Doug James each intercepted a Lamesa pass. Two Snyder passes were intercepted by Chapman. Topping Snyder blocking were Minton, Ham, Parker, and Blair, while defensive standouts were Blair, James, Snead, Minton, Parker, Berry, and Reaves. Heading up Lamesa defense were John Middleton, Bartlett, Jack Goodloe, and Joe Hamilton.

Although Lamesa's fullback was the terror of yesterday's game for the Snyder Tigers, halfback John Middleton, shown here, was rushing leader for the team. Middleton gained 49 yards.

PASS KNOCKED DOWN

This pass was knocked down by Lamesa's Kenneth Bartlett, No. 84, but Snyder end Milton Ham, No. 86, caught one long one tossed by Powell Berry yesterday in Snyder's win over Lamesa. Bartlett was an outstanding offensive and defensive player for Lamesa, while Donnell Echols, No. 21, was one of the team's offensive leaders. Ham was a standout for the Tigers. (Lee Watson photograph)

Price Probably Safe After Beating Aggies

By BO BYERS

AUSTIN (AP)—Texas continues its hoary jinx over Texas A&M in their deep-set Southwestern football rivalry and it probably has stilled for the time being at least the cries for Texas Coach Ed Price's scalp.

The Longhorns beat Texas A&M 22-13 yesterday to preserve the tradition of Memorial Stadium—no Aggie team ever has won there—as Billy Quinn, Charley Brewer and Joe Youngblood pooled their talents for a mighty effort when the chips were on the line. Sixty thousand saw the 61st game of the storied rivals.

Quinn roamed for 106 yards and a touchdown, Brewer passed for 121 and two touchdowns and Youngblood, in addition to some terrific running and catching a touchdown pass, booted a 17-yard field goal.

Texas, at the fag end of a disasterous season during which Price came under fire of the alumni, wound up in fifth place in the Southwest Conference standings while A&M finished last without a victory. It was the worst season Coach Paul Bryant ever has had. Bryant came to A&M from Kentucky this year.

Texas had a season record of four victories, five defeats and one tie whereas it had been the heaviest pre-season favorite to win the championship in the history of the conference. A&M wound up with one victory and nine defeats. The lone Aggie triumph was a 6-0 intersectional decision over Georgia.

Before the game the Longhorn Club, an organization that wields strong influence with the administration and the board of regents, held a meeting. It had been indicated Price would be discussed. But the club decided it should not involve itself in anything relating to the coaching situation.

It had been freely predicted, however, that if Texas lost to A&M Price's job would be in jeopardy although he has two years to go on his contract.

But the Longhorns took care of that, scoring 13 points before the Aggies could make their move and leading all the way. Quinn bounced over with the first touchdown from the Aggie two then Brewer passed to Youngblood for 23 yards and the second. A&M came back to get a touchdown as Bob Easley Rammed across from the two and the half ended with Texas leading 13-7.

In the third period Brewer Flipped 34 yards to Menan Schriewer for the third Texas touchdown only to see the Aggies draw back within six points on a 25-yard touchdown gallop by Don Kachtik.

Texas halted an Aggie drive on its 24 in the final period then stormed to the Aggie two. A penalty stopped the surge and Youngblood dropped back to kick the field goal and stow away the game.

Price said, "The game has done a lot for the boys, for the students, ex-students, coaches—well, everybody."

Bryant said for the day Texas "was the best team we played this season" and lauded Price for "one of the outstanding jobs of the season."

Quinn added that "the seniors made up their minds that it wasn't going to be us that didn't protect the Memorial Stadium tradition."

Memorial Stadium has been standing for 30 years.

Youngblood was one of a group of players disciplined by Price in mid-season for failure to observe training rules. But the youngster fought back and worked his way into the lineup. He has another season of eligibility.

SPORTS

Cardinals Take Bi-District

The Hermleigh Cardinals will have to wait two weeks before they can play in their regional match in Class B football.

The Cards were coming home today after barely getting by Van Horn with the right to go into regional playoffs. The two teams tied up yesterday 14-14 in score, had four penetrations each, and eight first downs each. That left only yards gained on offense to be considered. Hermleigh had 310 to Van Horn's 260, so it was the winner.

The Cardinals, coached by Ray Isaacs, also had a narrow escape getting into those playoffs. They tied up with Loraine for district championship but had the right to enter playoffs because they had defeated Loraine (by a one-point margin).

Rochester yesterday defeated Aspermont 13-0 and won the District 7-B championship. Baird is District 8-B champ, and Hermleigh will meet the winner of the Rochester-Baird match.

GAME IN FIGURES	HERMLEIGH	VAN HORN
First downs	8	8
Yards rushing	172	118
Pass attempts	9	12
Complete	5-172	5-42
Intercepted by	1	2
Fumbles lost	2	2
Punts, av.	6-27	6-38

Hermleigh got 14 points ahead of Van Horn yesterday, only to see their opponents tie the game. Billy Mac Davidson went 66 yards for the first score early in the game. He also got the conversion to make it 7-0.

In the second period, Robbie Robinson opened up his passing attack. A pass to end Neal Wilcox put the Cards on the Van Horn 23, and in five plays Robison passed to Davidson for another score. Davidson kicked the extra point for a 14-0 score.

In the third, Van Horn opened up to tie the game. David Slaughter passed to Bill Herrera 26 yards for one of them, with Slaughter sneaking across for the extra point. its offensive moves, Miguel Carrillo intercepted a pass and went back five yards to the Hermleigh 19. Slaughter carried it to the seven and passed to Herrera on the next play for the score. Herrera got the conversion on a run.

Hermleigh held another good Van Horn drive which resulted from another intercepted pass by Slaughter. Hermleigh later recovered a fumble on the Card 45 with a minute and 20 seconds remaining. A penalty put them back to the 30. Robinson got it back when he passed to Davidson for 40 yards. That got the last Hermleigh penetration to tie that part of the game on the last play of the afternoon.

Davidson, Wilcox, Robinson, Clarence Stahl, and Charles Smith were outstanding players for the Cards.

Featherweights Davis And Bassett Slated For Clash Tonight

NEW YORK (AP) — For perseverance, Teddy (Red Top) Davis deserves some kind of a prize.

Loser of 47 fights in a 106-fight, eight-year career, the durable 31-year-old veteran expects to earn his reward tonight when he meets power-punching, 24-year-old Percy Bassett in a 12-round elimination bout.

The winner of this fourth scrap between the two leading contenders is supposed to get the next title crack at featherweight champion Sany Saddler.

The Madison Square Garden bout will be broadcast and telecast by NBC at 10 p.m., EST.

Probably no boxer ever has reached Red Top's high position—he's the No. 2 contender while Bassett is the No. 1—with so many defeats. His over-all record is 57-47-2, with 20 kayos. He has been stopped 20 times.

"I wanted to quit several times," said the squat Hartford, Conn., Negro. "I had to travel all over the country to get fights. I fought lightweights, welterweights and even heavier guys. I lost so many split decisions I've lost count of them.

"I was ready to quit for good a couple of years ago. I wasn't getting anywhere. But when Musky Salow took me over the last time I decided to give it another try."

Its well that he did. His record this year is 4-0.

With all his losses, Red Top is rated even money.

All You Need for Child's Cough

When colds, measles or flu leave your child with a croupy cough get Creomulsion quick because chronic bronchitis may develop. Creomulsion soothes raw throat and chest membranes, loosens and helps expel germy phlegm, mildly relaxes systemic tension and aids nature fight the cause of irritation. Playoffs Coming Up In Upper Brackets Of Schoolboy Football

By HAROLD V. RATLIFF
Associated Press Sports Writer

Sixteen teams, four of them undefeated, look toward the start of the state playoffs in the upper divisions of Texas schoolboy football next week.

The championship brackets were completed Thursday and the lineup for the first round of the playoffs will be:

CLASS AAAA — Abilene vs El Paso Austin, Fort Worth Poly vs South Oak Cliff, Waco vs Corpus Christi Miller, Houston Austin vs Galveston.

CLASS AAA — Breckenridge vs Garland, Sherman vs Lufkin, Temple vs Port Neches, San Antonio Alamo Heights vs McAllen.

South Oak Cliff won its way into the playoffs Thursday night by beating Dallas Adamson 26-14. Miller got there by downing Corpus Christi Ray 20-14.

In Class AAA Breckenridge gained a playoff spot Thursday by whipping Vernon 35-0. Lufkin pushed into the fight for the title by lacing Nacogdoches 32-7. McAllen arrived in the playoffs by beating Pharr-San Juan-Alamo 28-6.

Galveston (10-0) is the only undefeated team in Class AAAA but AAA has three —Garland (10-0), Lufkin (10-0) and McAllen (9-0-1).

Playoff sites and dates all have been arranged in Class AAAA. Poly and South Oak Cliff play at Dallas and Houston Austin and Galveston clash at Houston next Friday night. El Paso Austin will be at Abilene and Waco at Corpus Christi Saturday afternoon.

Classes AA and A are deciding bi district championships. Four were determined in Class AA and six in Class A Thursday.

Colorado City pushed into the second round of Class AA by walloping Seymour 41-32, Littlefield took out Tahoka 33-7, Weatherford whipped Diamond Hill 40-12 and Terrell smashed Jacksboro 48-20.

The schedule for Friday decides all the others:

Phillips at Floydada, Comanche at Monahans (night), Sulphur Springs vs Athens at Tyler (night), Atlanta vs Carthage at Marshall (night), Spring Branch at Jasper (night), Waxahachie at LaVega (night), Cameron at Killeen (night), Navasota at Lockhart (night), Boling vs Yoakum at Bay City (night), Nederland at La - Marque (night), Floresville at Del Rio (night), Freer at Weslaco (Night).

Winning bi - disteric championships in Class A Thursday were: McLean 49, Dimmitt 13; Sonora 58; McCamey 25; Paducah 70, Pilot Point 0; Whitewright 19, Jefferson 19 (Whitewright won on penetrations); Gaston 27, Hawkins 0; Grapeland 42, Joaquin 27. Deer Park beat Sealy 12-6 Wednesday.

Eight games are scheduled Friday and one Saturday to complete the first round in Class A. The schedule:

Friday — Hale Center vs Sundown at Plainview, Albant at Dublin (night), Clifton vs Richardson at Cleburne (night), Dayton vs Groveton at Livingston (night), Groesbeck at Hearne (night), batrop at Mason (night), San Antonio Sam Houston at Tidehaven (night), Hebbronville vs Rio Hondo at Falfurrias (night;) Saturday — Hondo at Three Rivers (night).

ABOVE THE BLEACHERS

By DALE WALTON

We would give nothing but credit to Lamesa's football team, which played a fine game and came near beating the Snyder Tigers yesterday.

But we will not give the Lamesa school any credit, at least not the genius who thought it would be a good idea to have a curb about 10 inches high on the inside of the track and about 10 yards outside the foobtall field there.

There is no fence between the field and the curb, and the curb is close enough so some plays going out of bounds end up on top of the curb. We could see that Lamesa's teamsters had learned to stay away from the curb when carrying the ball, but the Tigers were not accustomed to it and got run out of bounds and tackled on top of the curb many times.

Many a small injury resulted from Tigers landing on the concrete during yesterday's game, and while none of those were serious some could have been. Suppose, for instance, a player's headgear were knocked off when he was being tackled and his head hit the curb.

We hope this obstruction will not be the subject of a meeting of the District 3A-1 committee. We would rather see the Lamesa school announce plans beforehand that they will do something about the curb.

• • •

Well, Breckenridge and Big Spring, like last year, ended up tied for championship in this district. Big Spring last year beat Breck and therefore won the right to represent the district in playoffs. Breck this year downed Big Spring, so the Buckaroos will go to the bi-district game.

Here's how the final standings of the district look:

Teams	W	T	L	Pts.	Op.
Breckenridge	5	1	1	209	65
Big Spring	5	1	1	144	74
Sweetwater	4	0	3	116	106
Vernon	3	2	2	97	93
Snyder	3	0	4	106	136
Plainview	2	0	5	97	193
Lamesa	1	0	6	59	150

In the last games, Snyder edged Lamesa 7-6, Breckenridge ran over Vernon 35-0, Big Spring beat Sweetwater 21-7, and Plainview upset Levelland 26-14. Snyder moved up from sixth to a tie with Levelland for fifth place, while Sweetwater and Vernon ended up tied for third. Plainview took seventh place alone, leaving Lamesa last.

Here's the standings of the teams for the season:

Teams	W	T	L	Pts.	Op.
Breckenridge	8	1	1	326	98
Big Spring	8	1	1	247	126
Snyder	6	0	4	202	144
Vernon	5	2	3	144	122
Levelland	4	2	4	212	159
Sweetwater	4	1	5	136	160
Lamesa	3	0	6	127	188
Plainview	2	0	8	139	272

Like Taft, Knowland Gets In President's Hair Occasionally

By JAMES MARLOW

WASHINGTON (AP) — Sen. Knowland of California is following in the footsteps of the late Sen. Taft of Ohio when every once in a while, asserting his independence, he gets in President Eisenhower's hair.

Before he died in 1953 Taft, Knowland's predecessor as Republican leader in the Senate, was considered Eisenhower's mainstay in getting cooperation from Senate Republicans.

Nevertheless, Taft must have jolted the President several times with statements either critical of Eisenhower's judgment or contrary to his policy. Taft was a man who spoke his mind when it suited him, which was often.

Knowland, too, has worked hard for Eisenhower. But several times he has complicated life for the man in the White House by issuing statements on what he thought the administration's foreign policy should be.

Eisenhower has handled Taft and Knowland carefully. But this week, after getting some more free advice from Knowland publicly, the President publicly issued a reminder that under the Constitution he's responsible for foreign policy.

Taft, who repeatedly sought the Republican nomination for president, had a national following. Knowland hasn't reached that stature yet. But no one can accuse him of just being a Taft imitator.

In Eisenhower's first month in office, long before Knowland became Senate leader, the Californian expressed his views publicly on how to win the Korean War. He wanted the China coast blockaded. Eisenhower didn't see it that way.

Since his job as Senate leader is to help push through the administration programs in Congress, Knowland often consults privately with the President.

But it is not known whether the two consulted privately on the matter before Knowland issued some of his public statements which appeared critical of Eisenhower's course or had the effect of forcing the President into an explanation of his position.

Sometimes it hasn't been clear why Knowland made his statements. At least twice he gave public advice on what American foreign policy should be although it happened to be the Eisenhower policy at the time and was known to be.

Last July he announced that unless Red China was kept out of the United Nations he would resign his leadership to head a fight to take the United States out of the world organization.

But it was already American policy to keep Red China out. Nevertheless, several days later Eisenhower said he was "unalterably" opposed to U.N. membership for the Chinese Communists. But he indicated he was against getting out if they got in.

Last June, after the Communists had been talking for months about peaceful coexistence between the West and communism, Eisenhower said the hope of the world was in peaceful coexistence.

On Nov. 15 Knowland suddenly interrupted debate on the McCarthy censure issue to denounce the idea of coexistence which, he said, together with atomic stalemate would mean victory for communism in the end. Then, and it didn't please the administration, he called on Congress to examine the administration's foreign policy.

Why Knowland issued this blast has not been learned. But it stirred up a lot of talk and this week Eisenhower, questioned by newsmen, explained he hopes for coexistence but isn't deluded into thinking the Reds won't meanwhile try to take the world.

Last Sept. 5 Knowland wanted a diplomatic break with Russia. The White House let it be known Eisenhower didn't like the idea. On Nov. 9 Knowland again wanted a diplomatic break with Russia over the shooting down of an American plane.

While Knowland was critical of the administration in its first month in office Taft was rather critical before it took office at all. Between the time he won the 1952 election and his inauguration the following January, Eisenhower picked Martin Durkin, a labor leader, to be secretary of labor.

"Incredible," Taft said. But later he fought for, and won, Senate approval of Eisenhower's choice. Taft differed with the administration on two particularly major points and, like Knowland, offered his views publicly.

Taft opposed the White House plan, then only in the trial balloon stage, for agreeing to a divided Korea as part of a truce. The administration later settled for a divided Korea.

Because of his impatience with America's U.N. allies before the truce was reached, Taft suggested from his sick bed that the United States "might as well abandon working with the U.N." in Korea and "reserve to ourselves a completely free hand" in that area. Eisenhower preferred working with the U.N.

Living Costs Well Below Mark Of '53

By SAM DAWSON

NEW YORK (AP)—Living costs are the easiest for the year so far—and nicely below last fall's record high point.

Abundant harvests get much of the credit. But competition is the real hero, from the consumer's point of view.

Ample supplies of foodstuffs help keep eating costs as low as government price supports and rising processing charges allow. But keen competition among food processors, distributors and retailers is the best aid the housewife has when she goes shopping for bargains.

Prices of commodities other than foods have varied very little for more than a year. The price of the basic metals has tended higher—with nickle bouncing up 4 cents a pound just this week.

All of this puts pressure for higher prices on finished goods that consumers buy. Higher labor costs have the same upward shove.

And some consumer goods prices have advanced this fall, especially at the factory level. But, in a number of industries, cut-throat competition among manufacturers has forced them to hold prices—even to cut them in some cases, to move goods that tended to back up in their warehouses.

The same spur of competition has sent manufacturers scurrying to cut costs of production, so as to offset rising labor and material charges.

Even when the factory list price has gone up, the price you finally pay for the product at the store hasn't necessarily budged because competition has been keen this year among retailers too.

And the grwth of the discount houses has put increasing pressure on the markup policies of the old-line stores. The outset of the Christmas sales season has brought a number of cases where department stores are abandoning their fixed price policies to meet the competition of the discount stores.

This, and other retail price-cutting methods—such as discounts, under-the-counter selling, trade-in allowances—make it possible for the bargain hunter to do better this year than last when shopping for many of the necessities and luxuries of present-day living.

NORTHSIDE BAPTIST CHURCH
16th and Ave. S Jack Dean, Pastor
Missionary-Evangelistic-Premillennial

SERMON TOPICS

Ted Norton, minister of the Twenty - fifth Street Church of Christ, has selected as his Sunday morning sermon "The Power of Faith in a Person's Life." At 7 p.m. Sunday, he is to speak on "The Holy Spirit in Conversion." Evening study classes precede the worship service at 6 p.m. Morning classes meet at 9:45.

Vienna Women Still Demand Old Chivalry

VIENNA (AP)—Vienna women still demand old world chivalry from their husbands. But most Viennese wives would rather have men who do their jobs well.

A public opinion institute asked Vienna wives what makes a "perfect husband." Listing various characteristics, 2,500 wives mostly agreed he could smoke and drink as long as he was a good worker and a true lover.

Here are some of the qualities the women listed as essential, in order of importance:

Efficiency in his job, faithfulness, being a good provider, kindness, having a sense of humor, intelligence, chivalry, wittiness, elegance, strength, on the wagon, a nonsmoker.

Methodist District Conference Set Here

Dr. Orion W. Carter, superintendent of the Big Spring Methodist district, will preside at a district conference scheduled to open at 9:30 a.m. Monday in the First Methodist Church here.

Dr. Marvin L. Boyd, pastor of the First Methodist Church in Midland, will speak for a worship service scheduled at 11:30 a.m. Members of the WSCS of the church will prepare the noon meal which is to be served at 12:15 in the fellowship hall. Reports of churches and organizations will be presented.

United Church Women To Install Officers

New officers for the United Church Women will be installed at a program at 10 o'clock Monday morning in the First Presbyterian Church. A business meeting is also planned.

Mrs. James Walker is the new president, and Mrs. Charles Tyer the outgoing president. Other new officers include Mrs. E. B. Thompson, vice president, and Mrs. Ted Zeck, secretary-treasurer.

United Thanks Offering

A united thanks offering and meeting of the women's auxiliary of the St. John's Episcopal Church will be held Monday afternoon.

The meeting will start at 3:30 o'clock that afternoon at the church.

LEGAL NOTICE

LEGAL NOTICE
NOTICE TO BIDDERS

Sealed proposals addressed to C. C. Nunnally, County Judge of Borden County, Courthouse, Gail, Texas, for the construction of a steel and concrete bridge across the Colorado River on the old Gail and Big Spring Road will be received at the County Judges' Office in Gail, Texas until 2 PM December 13, 1954, at which time and place the proposals will be opened in public and read aloud. Any bid received after closing time will be returned to bidder unopened. Plans and specifications will be on file in the County Judges' Office after December first for inspection. Copies may be obtained upon deposit of $50.00 as a guarantee of safe return of plans and specifications. Full amount will be returned to each bidder immediately upon return of plans in good condition. Each bid must be accompanied by a cashier's check drawn on a bank within the State of Texas for the sum of five percent of bid as a guarantee that if awarded contract, bidder will promptly enter into a contract with Borden County and execute a performance bond in full amount of contract price conditioned upon faithful performance of the contract and upon payment of all persons supplying labor or furnishing materials. Borden County expects to pay cash for the bridge and approaches upon completion and acceptance of the work. The Commissioners Court of Borden County reserves the right to reject any or all bids or waive any of the formalities.

BORDEN COUNTY
C. C. Nunnally
County Judge

Season of Thanksgiving,

and how thankful are we? For the harvest from the fields and for the cattle on the hills, yea, Lord, may we give Thanks. On this Thanksgiving Day, *may we set a place for God at our house.* We owe it all to Him. Surely gratitude to the Master should find expression in Thanksgiving and Thanks-living. May we open our hearts wider and lift our voices higher, as we sing with more meaning—"Praise God from Whom All Blessings Flow." The Pilgrims sought Freedom of Worship for us, and may we pause to thank God for them and for the benefits we enjoy.... Amen.

WHO IS THE HEAD OF THE CHURCH?

Ted Norton

JESUS CHRIST IS THE HEAD OF THE CHURCH—BOTH IN HEAVEN AND IN EARTH! (MATT. 28: 18-20; EPH. 1:22,23). In the church, Jesus Christ must have the pre-eminence as head (Col. 1:18). This eliminates any man (or group of men) who claims to be the head of the church on earth, for Christ has all power (authority) in heaven and in earth.

CHRIST IS THE HEAD OF THE CHURCH IN EVERY SENSE. There are three uses of the term "church": (1) As the body of Christ—universal sense (Matt. 16:18; 1 Cor. 12:28); (2) As a congregation meeting in a certain location (Acts 13:1, 1 Cor. 1:2). A plurality of congregations in a section of country comprise "churches of Christ" (Rom. 16:16; 1 Cor. 16:1). And (3) As an assembly (Acts 14:27; 1 Cor. 11:18; 14:19). In each of these usages, Christ must be the head; His will must rule supreme, otherwise the church ceases to be the church of Christ.

ELDERS, BISHOPS, PASTORS (SAME GROUP OF MEN) ARE UNDER-SHEPHERDS (1 PET. 5:1-4; ACTS 20:17,28). Christ is the chief Shepherd. These men are expereniced men who oversee and "tend" or pastor "the flock of God." The New Testament speaks of a plurality always of such men over a congregation. There is never a mention of or a reference to "the bishop of the church" or "the presiding elder" etc. Such terminologies are of men—not of the New Testament. A study of the New Testament reveals that churches of Christ are congregational in government under Christ as the absolute Monarch.

NINETEEN HUNDRED YEARS AGO THE CHURCH OF CHRIST WAS ESTABLISHED; Today, she has the same name, worship, organization, doctrine and life. Search the New Testament and compare! There is a difference.

NEW NASH RAMBLER PRESENTED

The 1955 Nash Rambler is being presented in Snyder for the first showing by Dupree Nash Co., 1605 Twenty-fifth Street. Bob Dupree, owner, and his brother, Jack Dupree, are shown inspecting the new car which features redesigned grill and new interior decorations. One of the most popular features of the new Rambler is a $100 reduction in price on the new models, Dupree said. (Lee Watson photograph)

Jewel Theft Is Reported

WEST ORANGE, N.J. (AP)—Police last night reported the theft of $92,000 in jewelry from the home of wealthy manufacturer Anthony DeSiderio.

The loot, police said, was taken from a small wall safe in a bedroom closet by thieves who may have telephoned the home before they broke in through a window.

The theft first became known through a 13-state alarm sent out yesterday by West Orange police but actually was committed last Friday night. Details of the crime were withheld at first by local officials.

DeSiderio and his family had been out of the 15-room house when the thieves forced a window on a rear porch.

The wall safe alone was disturbed in the big house. It was torn from the wall and chiseled open.

Hain said the jewelry was insured.

Some 37 pieces of stolen jewelry were listed in the police alarm. Some were valued at as high as $15,000 each. In addition, $500 to $1,000 in cash was reported taken.

Desiderio is one of seven brothers associated in the ownership and operation of four paper board manufacturing plants in Whippany and Clifton, N.J., and Durham, Pa.

Endowment Honors Harvard Professor

CAMBRIDGE, Mass., (AP)—A New York investment banker has endowed a professorship of medicine at Harvard Medical School in honor of Dr. Samuel E. Levine, onetime Boston newsboy, now regarded as one of the world's authorities in heart diseases.

Charles E. Merrill, in making an initial gift of $400,000 to the university to provide the major part of the endowment, said of Dr. Levine, "He has helped me to a great degree from time to time — indeed, I believe he has saved my life."

Dr. Levine is clinical professor of medicine at Harvard. A native of Lomza, Poland, he once sold papers on the street of Boston and his education at Harvard College and Harvard Medical School was made possible by the Old Boston Newsboys Union.

Trembling Radiator Brings In Gendarmes

BALTIMORE (AP)—Someone heard sounds of hammering inside a clothing store here yesterday and called police.

Three patrol cars, a patrol wagon and 14 policemen converged on the store. Inside the officers found the radiator system shaking itself silly on a cold day.

Deer Hunt Fatal

HOMER, N. Y. (AP)—Howard L. Clow, 34, a carpenter, suffered a mild heart seizure Wednesday while hunting deer. He went hunting again yesterday and died of a heart attack, Coroner George E. Nevin reported.

Officials Hope Spy Issue To Boomerang

By LEWIS GULICK

WASHINGTON (AP)—Washington officials were hopeful today that Red China's imprisonment of 13 Americans as "spies" would boomerang against Peiping in the diplomatic struggles of the cold war.

Authorities here looked for two likely results:

1. Communist China will lose support for its drive to win general diplomatic recognition and a seat in the United Nations.

2. British efforts for a compromise between Washington and Peiping on Chinese Nationalist-held Formosa will be dropped at least for the present. British officials indicated they shared this view.

The 13 Americans—11 airmen and two civilians—were captured during the Korean War and this week, according to Peiping radio, got sentences ranging from four years to life.

Of particular interest in Washington was the British government's sharp condemnation yesterday of the imprisonments as an "outrageous" violation of international law. In much the same vein as earlier U.S. protests, London accused the Chinese Reds of bad faith in deliberately concealing the detention of the 13 men for more than a year after the Korean armistice.

A personal Thanksgiving Day message was sent by President Eisenhower to the wives and mothers of the 13.

Eisenhower pledged again that every "feasible" effort would be made to free the 13 and any other Americans in Communist hands.

In New York, Henry Cabot Lodge Jr., top American delegate to the U.N., issued a statement denouncing the Communist sentences as "a new act of barbarism" and still another reason why Red China should not be seated in the U.N.

The U.S. government has already laid the groundwork for delivering a stiff protest to Peiping through its representatives in Geneva, Switzerland—the only point affording direct diplomatic contact between the two governments.

Should efforts at Geneva fail, State Department officials were scanning other avenues through which they might exert pressure on Red China short of military action. Eisenhower has talked only in terms of "peaceful" means.

One alternative under study was to seek the good offices of some government which recognizes Red China, such as Britain or perhaps even Russia. Another was to bring the case before the U.N.

Kammholz Okay Appears Certain

By ROWLAND EVANS JR.

WASHINGTON (AP)—An air of uncertainty surrounds President Eisenhower's nomination of Theophil C. Kammholz, Chicago attorney, to the important post of general counsel of the National Labor Relations Board.

Some Senate sources, declining to be quoted by name, said today Kammholz may not be confirmed at all, either at this session or next year by the Democrat-controlled Senate.

The position is a key one in administering the Taft-Hartley labor law because the NLRB general counsel has exclusive power—without consulting the NLRB itself—to decide whether to prosecute unfair labor practice charges against a union or employer.

4. Some government officials seriously question whether the general counsel's duties can legally be performed by anyone but the general counsel himself.

So far no official objections have been reported filed against Kammholz, whose nomination formally was sent to the Senate when it convened in special session Nov. 8. The four-year term of the present Democratic-appointed general counsel, George J. Bott, expires in four weeks.

But AFL and CIO officials have said privately that, while they consider Kammholz able and fair, they are not keen to have him in the job because his law clients have been mostly on the management side. And Democratic senators have indicated they would want lengthy hearings on the appointment—thus apparently ruling out action this session because of the Senate's current informal agreement not to take up "controversial" nominations.

The Senate informants interviewed today, both Democratic and Republican, said the picture is further complicated because:

1. The White House notified neither Sen. Douglas (D-Ill) nor Sen. Dirksen (R-Ill) of the appointment before sending it to the Senate. Failure to officially inform home state senators in such cases is considered a serious breach of legislative-executive etiquette.

2. Two days before Congress adjourned last Aug. 20, Sherman Adams, the President's assistant, telephoned Sen. H. Alexander Smith (R-NJ), Labor Committee chairman, asking him to call his committee together that day to receive and pass on the Kammholz nomination. Smith said this did not allow enough time. He was piqued at what he considered an unreasonable request.

3. Kammholz is reported reluctant to quit his law practice in Chicago for a recess appointment next month because of the possibility that the Senate may never confirm him.

Top Fiddlers Play To Draw

LONDON (AP)—The East-West violin sweepstakes ended in a draw today as far as London's critics were concerned.

The contestants were the Soviet Union's fiddling pride, David Oistrakh, and Jascha Heifetz, also Russian-born but a resident of America for many years.

Heifetz played the Brahms Violin Concerto here last week in what was popularly considered the first round of an East-West musical battle. Oistrakh was soloist in the same concerto here last night.

This morning only two critics drew a comparison.

Andrew Porter of the Daily Express said Oistrakh gave "just an ordinary run-of-the-mill performance, not to be compared with that given by Heifetz."

But the anonymous critic of the Times said Oistrakh's treatment "had more personal feeling and more identification of himself with the composer than Heifetz's."

Critics of the other morning papers said Oistrakh was great and drew no comparisons.

Calculated Trouble Falls Short Of Desire

NEW YORK, (AP)—Said Sisinio Cruz: "I was despondent. I was sick of living. I figured if I hit a cop, the cop would shoot and kill me."

Cruz, 34-year-old mechanic, had that to say yesterday after police accused him of:

1. Driving for 15 blocks on the wrong side of Southern Boulevard in the Bronx.

2. Punching photographer Alan Aaronson in the nose after trying to ram his car four times. Aaronson had been trailing Cruz in his car.

3. Punching one cop in the nose, biting another on the thumb and tussling with half a dozen other policemen.

After being treated for cuts and bruises, Cruz was booked on charges of assault and dangerous driving.

Spreckels Released In Time For Dinner

SANTA ANNA, Calif. (AP)—Sugar heir Adolph Spreckels II was released from the Orange County Jail in time to have his Thanksgiving dinner in his Ojai home. He had served 25 days of a 30-day sentence for beating his fifth wife, actress Kay Williams.

"I had a good time here; I'd even like to come back some time," quipped the 43-year-old millionaire.

Good Will In India Can Be Hiked Easily

By EUGENE LEVIN

NEW DELHI, India (AP)—American and Indian relations are severely strained, but it should not take much to bring about a new period of good will between the two countries. This conclusion emerges from a survey of diplomats, officials and businessmen—including some Americans—working and residing in India.

Most of these observers agree differences in foreign policy are the main cause of American-Indian antagonisms.

"There's no anti-Americanism among us," said an Indian official with finality. "We do not like your government's foreign policy, and there was considerable irritation when you gave arms aid to Pakistan; but that doesn't mean we're anti-American."

An American educator, here several years, seconded this opinion and added:

"Sure, many Americans here complain of anti-Americanism. But those who complain loudest usually do so for personal reasons. If something goes wrong in their work out here, or if they fail in their jobs, they find it easy to blame Indian 'anti-Americanism.'"

However, a European diplomat, whose view seemed to be supported by most surveyed, felt that in New Delhi at least there is a certain amount of anti-Americanism. He commented:

"On an individual level most Indians and Americans get along beautifully. Outside New Delhi there is nothing like 'anti-Americanism.'

"It's in New Delhi where it's felt. There have been so many attacks on American foreign policy by the Prime Minister (Jawaharlal Nehru) and other high officials that many Indians in New Delhi cannot help but be stirred emotionally against Americans."

India has never agreed fully with the U.S. policy of building up an anti-Communist coalition. Washington, on the other hand, always has been cool toward India's advocacy of peaceful coexistence with the Reds. Despite this dispute, India and the United States have maintained fairly good relations.

The foreign policy disagreement exploded with the U.S. decision to give military aid to Pakistan. But an Indian newspaperman said:

"Nehru could change the whole attitude in this country toward Americans by a single statement."

Old Fashioned Celebration

CINCINNATI (AP)—A 78-year-old Cincinnati grandmother yesterday felt like a girl again. Her family surprised her with a Thanksgiving celebration just like "the good old days" back in the Gay '90s.

Mrs. E. M. Rusk, mother of nine and grandmother of 27, was scheduled to have Thanksgiving dinner with one of her sons, Chadwick Rusk.

When they called for her it was in an old spring wagon drawn by two horses. Members of the son's family, dressed in costumes of the 1890s, were sitting on a straw in the wagon bed. A turkey was in a coop on the tail gate.

The grey-haired grandmother joined the party for the drive to the son's home — with one stop to buy "nosegays" (chrysanthemums) for the ladies.

At the son's antique-filled home, the heavily laden table was lighted by kerosene lamps—and the delighted sparkle of Grandmother Rusk.

The trip back to her home also was made by wagon.

Restoration Of Church Announced By Soviets

LONDON (AP)—The Soviet Union, which recently has soft-pedaled its long campaign against religion, today announced the restoration of a noted Catholic church in the Ukrainian city of Lvov which was damaged by a World War II German bomb.

A Moscow radio broadcast identified the structure as the Church of Mary Magdalene, "a monument of 17th century architecture." The broadcast said:

"This restoration work was done by the parishioners with the assistance of the city architectural board. Religious services have been resumed."

Man And Benefactors Are Lodged In Jail

DETROIT (AP)—Two friends bailed L. G. Johns, 29, out of jail yesterday so he'd have something to be thankful for.

But as the three left, Johns picked up a jacket hanging in the police station hallway.

They met Patrolman Claude Robertson as they were heading out the door. It was his jacket.

All three were jailed for larceny from a building.

Two Refugees City's Guests

FREEDOM, Pa. (AP) — Turkey-stuffed and happy, Nicholas Tagjoru and Aline Pop can return to New York now after a full day of learning about and living an old-fashioned American Thanksgiving.

Yesterday this western Pennsylvania community of 3,500 opened its hearts to Nicholas, 12, and Aline, 14, who not too long ago lived behind the Iron Curtain, in Romania.

They fled, with their parents, to the West a year ago, inspired by a Radio Free Europe broadcast. They settled in New York.

Through the sponsorship of the American Heritage Foundation, Freedom, Pa., decided to turn over Thanksgiving Day to the refugees and their mothers.

They were greeted yesterday morning by the local schoolchildren, who waived American flags and sang "God Bless America" as the honored guests motored in from the Greater Pittsburgh Airport.

Burgess Thomas W. Harrison presented them with the traditional keys to the city.

Later, some 150 residents and officials of the town joined them in a turkey feast, with all the trimming, at Freedom High School.

The activities wound up with a pageant depicting Pilgrim and early American days, in the high school auditorium.

High Cost Of Revelry

FRUITA, Colo. (AP) — An empty whisky bottle is displayed in the window of the office of L. I. Harris, justice of the peace. On it is a penciled note:

"This cost the man who drank it $266."

Off To Sad Start

BALTIMORE (AP)—Robert Reid's first day as owner of a liquor store was something less than a rousing success. He reported to police yesterday that two armed bandits held him up and escaped with $87.

ANNOUNCING A WHOLE NEW IDEA IN AUTOMOBILES FROM

DYNAMIC AMERICAN MOTORS

From this day on you can forget your traffic troubles. *Forget* your struggle with the steering wheel. *Forget* the soaring costs of motoring.

For American Motors has come forth with a whole new motoring idea—a car to meet *your* new *needs* today. Styled with the finest—yet with America's lowest prices for sedans, station wagons, hardtop convertibles.

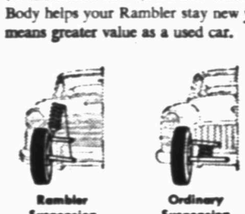

Read the facts here, then see the new 1955 Rambler, at all Hudson dealers and Nash dealers.

NOW—Double Strength SINGLE UNIT Body. You and your loved ones ride in a life-saving "Safety Zone" with Double Strength Single Unit Body. Passengers are surrounded by a safety belt of steel (as illustrated above). Double Strength Single Unit Body helps your Rambler stay new years longer . . . means greater value as a used car.

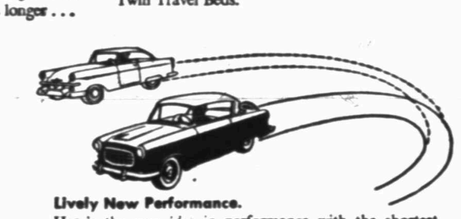

Smartest Car For Travel, Too! The Airliner Reclining Seat with four comfortable seat positions enables you to enjoy a chaise lounge (illustrated), a travel couch, a reclining seat or, in 4-door models, Twin Travel Beds.

Rambler Suspension

Ordinary Suspension

Three Times The Ride Comfort! Rambler Deep Coil Springs (at left) are longer, softer—and braced outward like "Sea Legs" to cushion car sway on curves and give a smoother, quieter ride. Compare the difference with ordinary Spring Suspension (at right).

Lively New Performance. Here's the *new idea* in performance with the shortest turning radius on the road—amazing pick-up in a car that outdistances them all on a tank of gas. It's the lowest-priced car to offer Hydra-Matic Drive. Ball and needle bearings eliminate need for power steering.

Now All-Season Air Conditioning* for Hundreds Less! Heats in winter . . . refrigerates in summer . . . ventilates year-'round. World's finest, yet lowest-priced.
*Patents applied for.

Newest, Smartest Idea in Station Wagons —the new Four-Door Rambler Cross Country.

New Four-Door Sedan Custom, one of five new 1955 Rambler models.

New Prices Now the Lowest in America!

THE 1955 Rambler

America's Smartest Car for Town and Travel
