Security Pact For Anti-Red Nations Drawn

U. S. And Canadian Military Help Is Sought By Group

(By The Associated Press)

WASHINGTON, Oct. 27.—Swift American action appears assured today once the five-nation western European union makes its formal request for a military alliance with the United States.

In fact, the rough draft of just such a North Atlantic security treaty already has been written, after secret and informal talks with the European countries. Barring some unexpected hitch, the final version is expected to go to the Senate within three months.

To Provide Guarantees

The aim of the projected alliance is to provide American and Canadian military guarantees for non-Communist Europe, with the Western European union as a nucleus. The "union" countries are Britain, France, Belgium, the Netherlands and Luxembourg.

As part of this broad undertaking, Defense department officials already are working with European military experts on plans for a program of mutual military help. However, work on this program—which would cost the United States several billion dollars over the next few years—is less well advanced than that on the treaty.

The council of the western European union, composed of the foreign ministers of the five nations, announced in Paris yesterday that it had reached complete agreement "on the principle of a defensive pact for the North Atlantic and on the next steps to be taken in this direction."

Will Ask For Treaty

The first of these next steps, Paris reported, will be to have the ambassadors of the five nations in Washington formally ask the American government for such a treaty.

But, diplomatic informants here said today, this step will not be taken until after next Tuesday's presidential election. The delay is in line with the months-old policy of playing down the whole subject during the political campaign.

Diplomatic officials who have been working on preparation for the alliance say they believe it is based on this country's bi-partisan foreign policy and that the project will be carried forward whether President Truman or Gov. Thomas E. Dewey is elected.

Nevertheless, one of the first post-election moves will be to go

See SECURITY PACT, Page 10

Five Years In Pen Assessed

Judge Dan Blair of 72nd district court this morning accepted a plea of guilty of forgery from W. C. Humphrey, 23, of Killeen, and sentenced him to serve five years in the Texas penitentiary.

An indictment charged that Humphrey passed a forged check for $1,020 April 12 to S. E. Cone Grain and Seed company, for a load of grain.

$1,000 Bond Set

Bond of $1,000 was set by C. E. Lynn, justice of peace, in binding over to grand jury investigation Charles Rayborn Howell, who had been charged Monday with burglary.

Donald Newton Hull, Olden man who had been placed under five-year probation in a felony action tried in the 99th district court last week, was returned to Odessa, where he faces at least one other felony charge, the sheriff's department said.

Theft of a sun visor from the truck of H. K. Moore of 2413 Fifth was reported to the sheriff's department, theft of four hub caps from Mrs. Don C. King of 1602 Ave. K to the police.

Two Persons Post Bond

Bond of $500 each had been posted by two persons charged with drunk driving, the sheriff's department said.

They were G. W. Heath, 27, listed by police as living at Ralls and Lubbock, and A. P. Spence, 47, of Lubbock.

Both pleaded innocent, Spence Tuesday, county court officials

Sandie Invasion Set Friday

GOP Maps Big Spree As Polls Agree Dewey Will Be Winner

By LYLE C. WILSON
United Press Staff Writer

NEW YORK, Oct. 27—Confident Republicans are laying in red fire today for their first presidential victory celebration in 20 years but the party's congressional prospects are spotted by gloomy doubts.

Gov. Thomas E. Dewey is ahead today in his contest with President Truman for the White House. Polls and the experts agree on that. The last time the Republicans won a presidential election was in 1928 when Herbert C. Hoover licked the late Alfred E. Smith The last time one of the polls—and some of the experts—were wrong on the White House was in 1936 when they predicted that Alf M. Landon of Kansas would defeat FDR for the second new deal term.

Polls Appear On Target

The Literary Digest which did that polling job among telephone subscribers and automobile owners went out of the polling and magazine business all at the same time after the votes were counted. Landon won two states.

But this time the polls appear to be on the target. Mr. Truman is running against the States' Rights candidate, J. Strom Thurmond, in the South. He is running against Henry A. Wallace in some of the great industrial states with sizeable left wing concentrations. He is running against Dewey pretty much all over. It looks like Mr. Truman will be out run.

Thurmond is expected to deprive Mr. Truman of upward of 35 southern electoral votes. Dissension within the Democratic party may give Virginia to Dewey. Without Wallace in the contest Mr. Truman's chance of carrying such states as New York, California and Michigan would be much better—even pretty good. All of that seems to add up to defeat for the slight, smiling, well-tailored gentleman from Missouri who was pitched into the White House in April, 1945, after accepting the 1944 vice presidential nomination under protest.

Figuring On Senate

They are saying around the luncheon tables and in the clubs where politics and the state of the nation are often discussed that it will not be many days

Cast Your Straw Vote, Too!

Straw Vote Editor, The Avalanche-Journal:
1211-13 Texas Avenue, Lubbock.

I favor the election of:

TRUMAN-BARKLEY — **THURMOND-WRIGHT**

DEWEY-WARREN — **WALLACE-TAYLOR**

(Mark out **ALL** except names of candidates you favor).

Normally, my politics is **DEMOCRATIC, REPUBLICAN, INDEPENDENT.**

(Mark out **ALL** except party you usually support nationally).

My personal opinion is that the **TRUMAN-BARKLEY, DEWEY-WARREN, THURMOND-WRIGHT, WALLACE-TAYLOR** ticket will win.

(Mark out **ALL** except team you think will win.)

BRING or **MAIL** this ballot to **THE AVALANCHE-JOURNAL.**

INTEREST IN "STRAW VOTE" GROWS

Demos And GOP In Nip-And-Tuck Race

An upsurge of Dewey-Warren support in ballots received today pushed the Republican national candidates to within two votes of the leading Democratic team of Truman and Barkley in The Avalanche-Journal's Presidential "Straw Vote."

Somewhat weaker than on the first count, which found the Thurmond-Wright ticket in second place, the States Rights Democrats slipped into third place, but still were running strong as the number of ballots canvassed reached 272 this morning.

If the "straw vote" is indicative of political thinking the area over, actual voting next Tuesday will mark a nip-and-tuck race "down to the wire." Fairly certain is the guess that while the Truman-Barkley ticket likely will lead in this section of Texas, the President and his runningmate will fall far short of majority support.

The results of the "straw vote" as of noon today:

TRUMAN-BARKLEY	94
DEWEY-WARREN	92
THURMOND-WRIGHT	86
WALLACE-TAYLOR	4

The "straw ballots" came from all sections of the South Plains, but the majority were from the City of Lubbock.

From now on, counts will be made twice daily of ballots received and new totals will be announced in each issue of the Morning Avalanche and Evening Journal.

Other Canvasses Made

In addition to the actual preference tabulation, canvass is being made, too, on the usual political leanings of "straw voters," and also on their opinions regarding the probable nationwide winner next Tuesday.

A majority of voters—no mat-

Three Infants Die In Blaze

LAWRENCEVILLE, Tenn., Oct. 27. (AP)—Three infants, the oldest less than two years old, perished in a fire which destroyed their frame home last night.

Kerosene used to kindle a fire in a stove started the blaze that brought death to Glynda Mae Frazier, 22 months, and Sherry Kay Frazier, 5 months, daughters of Pvt. and Mrs. Norman Frazier; and seven-month-old Steven C. Hufford, son of Sgt. and Mrs. Delbert Hufford.

The mothers of the victims and the grandmother, Mrs. Ivan Frazier, 41, were burned when they made repeated attempts to reach the children.

Blast Rips House

Mrs. Hufford said a s'terrible explosion" ripped through the house soon after the kerosene was used to start the fire.

Firemen found one child on the first floor and the other two in the basement, where they had fallen when the ground floor collapsed.

Sgt. Hufford is stationed in Japan with the U. S. 15th air force and Pvt. Frazier is on duty in Texas.

Child Is Crushed By Backing Auto

Harry Lupton, 18-months-old son of Mr. and Mrs. Walter Lupton, jr., of the Pep community, on Route 1 out of Shallowater, was crushed to death about 8:30 o'clock this morning when the father accidentally ran over him in backing the family car out of the driveway at the home.

The child was rushed to St. Mary's hospital here, where he was pronounced dead on arrival. Other details of the accident were not learned at the hospital or funeral home.

Funeral services had not been arranged shortly after noon today, but McDonald Funeral home, where the body was taken, said burial will be at Pep.

Survivors in addition to the parents, include a brother, Walter Ray; two sisters, Catherine and Elizabeth Ann, all at home; and grandparents, Mr. and Mrs. W. P. Lupton, and Mr. and Mrs. H. J. Greenor, all of Pep.

173RD BIRTHDAY IS OBSERVED

U.S. Navy Claimed Ready To Defend Mediterranean Area

(By The Associated Press)

The Navy gave notice today it is ready to strike back quickly and forcefully from the Mediterranean against "any act of aggression."

The warning, obviously aimed at Russia and its satellites, came from assistant Secretary of the Navy Mark E. Andrews in a Navy day address at New Orleans.

Other Navy leaders, in speeches elsewhere, estimated the Russians have a fleet of 300 submarines and said the U. S. Navy is organizing special forces to sweep enemy undersea craft from the seas if war comes.

Andrews described the Mediterranean as a life line flanked on the north by powers whose ideology is abhorrent to us and whose avowed policy is the destruction of our way of life."

From Air Force Secretary W. Stuart Symington the Navy received assurance there is "no factual basis" to reports that the Air Force is seeking control of Navy car-

Special Train Carrying 500 Or More Due

King-Size Welcome For Amarilloans Is Promised By City

By CHOC HUTCHESON
Journal Staff Writer

Amarillo, home of the Golden Sandstorm, apparently is ready to launch a full-scale "friendly" invasion of Lubbock for Friday afternoon's Sandie-Westerner District 1-AA football classic.

And, in return, Lubbock is preparing a king-size reception for its guests from the north.

A "Sandie Special" train, carrying at least 500 Amarillo grid boosters, will touch off festivities Friday. Upon its arrival in Lubbock at 12:30 p. m. Amarilloans will stage their customary downtown parade, prior to the 2:30 o'clock kickoff in the traditional football encounter at Jones stadium.

Others Coming By Car

In addition to the estimated 500-train passengers, at least an equal number of Amarillo fans are expected to travel to Lubbock by automobile Friday, and a number of these will also take part in the parade, whose route will be westward down Main to Ave. G, one block south to Broadway and westward again to Ave. K. There the parade will turn north to Main again, and return via that street to Sandie "headquarters" at the Hilton hotel.

In preparation for Amarillo guests, Lubbock school officials are working on a plan to provide "courtesy cars" for Sandie rooters. These automobiles, furnished by local volunteers and adorned by "Welcome, Sandie" stickers, will transport Amarillo fans to the game from the Hilton Friday, and back to the hotel following the contest. Floyd Honey, principal of Lubbock Senior High school, today urged all persons interested in volunteering for participation in the "courtesy car" program to pick up the windshield stickers at Lubbock High school Thursday.

Honey announced that Senior

Officials Meet Here On Soil Practices

State officials of the Production and Marketing administration (PMA), and county PMA committeemen and administrative officers, along with county agents, from the 16 area counties in the PMA South Plains district, were in the first day of a two-day session at Hotel Lubbock today to discuss soil practices and other PMA projects for 1949.

The session started at 10 o'clock, with John Gamble, PMA district field man in charge. The group is discussing the general program of soil practices and conservation as outlined for PMA administration next year.

Among PMA officials attending are Howard Kingsbery, vice chairman of the state committee; J. R. Adams and Vic L. Cade, state committeemen; Fred Rennels, assistant state director; P. C. Colgin, state committee loan specialist; and Otis Cowsert, state auditor.

County agents from over the district, who work in cooperation with the PMA program, are among the 50 or more attending the sessions.

Damage Is Slight In Fire At Hilton

Little damage resulted from a fire in the kitchen of Hilton hotel at 11:30 o'clock this morning, said Art Griffith, manager of the hotel.

Grease on the ranges became ignited just as the hotel luncheon dishes were prepared, Griffith said. Heavy smoke pouring out of alley ventilators attracted many spectators.

A meeting of Rotary club in the main ballroom was cancelled and the coffee shop was closed. The cleaning-up process was underway shortly after noon and the coffee shop and dining rooms will be open tonight, Griffith said.

Partly Cloudy Skies Predicted For Texas

(By The United Press)

The U. S. weatherman today predicted another 36 hours of partly cloudy skies and moderate temperatures for Texas.

He expected a repetition of yesterday's weather which featured afternoon high readings ranging from 66 degrees at Guadalupe Pass in mountainous West Texas to 81 at Brownsville, Alice and Victoria in South Texas.

Early today, minimum temperatures varied from Lufkin's 38 degrees to 62 at Corpus Christi.

No rain had occurred in the previous 24 hours, although foggy conditions prevailed along the coast in the early-morning hours today. However, sunshine rapidly dissipated the blanket after dawn.

Admiral Leahy Will Leave Truman Post

INDIANAPOLIS, Oct. 27. (AP)—Fleet Admiral William D. Leahy expects to give up his job soon as chief of staff to President Truman.

"The President has promised to relese me this winter," the admiral, here for a Navy day speech, said today.

"I've served by sentence and I think I ought to get a parole," he added.

The admiral said he will "do some fishing" no matter who is elected president.

Former Sheriff Dies In Car-Truck Mishap

AMARILLO, Oct. 27 (AP) — R. "Jake" Honea, former sheriff of Briscoe county, was killed yesterday afternoon when his car collided with a pickup truck five miles east of here. The accident occurred on Highway 86.

For 18 years prior to 1946, Honea was sheriff of Briscoe county.

PRESENTING GIDEON BIBLES—Lester Ericson, president of the Lubbock camp of Gideons International, leans over to present Bibles to representatives of each home room in assembly at O. L. Slaton Junior High school this morning. The presentation is the latest of many in which the Lubbock camp has given away more than 5,000 New Testaments and 1,000 Bibles. (Staff Photo).

29 MEMBERS ARE IN LUBBOCK

Gideons Distribute Bibles At School

By BILL CLARK
Journal Staff Writer

Travelers the world over are accustomed to finding a Gideon Bible wherever they stay, and the organization which goes about quietly placing the volumes is represented in Lubbock by a group of 29 members.

Their latest distribution of Gideo Bibles was in O. L. Slaton Junior High school this morning, where Lester Ericson, president of the Lubbock camp, presented a Bible to each home room during an assembly program.

D. B. POPE

D. B. Pope Is Death Victim

D. B. Pope, 45, secretary-treasurer of Hanna-Pope and company department store here and widely known in West Texas business circles, died at 3:30 o'clock this morning as result of a heart attack at his 2012 Main street home earlier in the night.

Actively associated with the department store here for the last 14 years, in cooperation with two brothers, Ernest T. Pope, company president and manager of the store, and L. T. Pope of Amarillo, vice president, Mr. Pope had also been active in various church and civic affairs. He was a member of St. John's Methodist church here.

Born At Quanah

Born at Quanah Oct. 7, 1903, he had grown up in the atmosphere of a department store. His father was in business in Quanah and Clarendon for years, and he was more or less active in the business during his schooling and early manhood. He attended school at Clarendon, and played football with Clarendon college in the early 1920s.

The brothers then operated a department store at Clarendon for several years before coming to Lubbock about 14 years ago, where they have built a business rated among this city's top mercantile stores.

Mr. Pope had been under treatment at various times during the last five years for high blood pressure, and doctors had warned him recently that undue excitement or physical effort would be hazardous. He had continued active

See D. B. POPE DIES, Page 10

Though their Bible has become a familiar part of hotels, tourist courts, hospitals, jails and schools, the work of the Gideons is not generally familiar to the public, members explained. The Gideons International is a non-sectarian group of businessmen of many denominations which has as its function the distribution of Bibles and Testaments.

The presentation of 36 Bibles at the school this morning added to the total of 5,000 Youth Testaments and 1,000 Bibles, King James version, which the Lubbock group has distributed since its formation at the beginning of the war.

Monday they placed Bibles in the negro schools of Lubbock and in the Chatman hospital for negroes.

Trips At Own Expense

They have made trips, always at their own expense, to many South Plains towns for the purpose, reaching as far as Spur on the east, Farwell on the west, Plainview on the north and Lamesa on the south.

Ericson and Earl Burnett, secretary, explained how the projects are financed. The Gideons at the invitation of churches will present a Sunday morning service explaining their work. Free will contributions are accepted, but no pressure or salesmanship is exerted.

Every penny collected goes toward buying Bibles. The organization has no administrating expense. One paid representative in Texas is financed from the pockets of Gideons.

Have Own Printing Plant

The Bibles are obtained from the Gideons' own printing establishment in Chicago. Each local chapter, or "camp," pays $1.15 each for the Bibles and about 35 cents for the New Testaments.

Since the organization is nondenominational, the Gideons rarely find any but the most hearty welcome, Ericson said. Only once on the South Plains have they been refused permission to place Bibles, and that occurred at a school in a South Plains town a

One Dead In Mishap South Of Amarillo

AMARILLO, Oct. 27. (AP)—One person was killed and two others were seriously injured last night in a car-truck collision ten miles south of here on the Canyon highway.

Mrs. W. L. Weldon of Amarillo was killed and her husband was hurt. Also injured was R. M. Wynne, jr., of Canyon, driver of the pickup truck involved in the accident. Wynne is a state game warden.

CHARGED IN LOCAL WOMAN'S DEATH

Five-Year Term Given Negro In Swisher County Reversed

(By The Associated Press)

AUSTIN, Oct. 27.—A five-year sentence for murder without malice in Swisher county was reversed and remanded today because the trial court judge failed to instruct the jury to consider a defense plea.

The Court of Criminal Appeals said Harold Long, convicted in the death of Mrs. Mattie Rogers in an automobile accident Jan. 18, 1947, near Tulia had been denied right to a defense plea to which he was entitled no matter if it were "so weak no jury would have believed it."

Mrs. Rogers and her husband, Walter J. Rogers, were returning to their Lubbock residence after attending a church convention on the North Plains when their car was struck by the heavy automobile of Long, a Lubbock negro. She died several hours later.

Rogers too was seriously injured, but recovered.

Long's testimony denied that he was intoxicated at the time of the accident and that the accident resulted from a

Senate Inquiry Into Election Is Broadened

More Counties Of State Ordered To Impound Ballots

(By The Associated Press)

The United States Senate today broadened its investigation of the August 28 Democratic runoff primary in Texas to include several counties named by Rep. Lyndon Johnson, the senatorial nominee.

Previously it had ordered impounding of ballots and election records in only five South Texas counties named by former Gov. Coke R. Stevenson, Johnson's opponent. Stevenson carried his fight against Johnson to the Senate after losing a court fight to bar his name from the general election ballot.

Clerks Are Instructed

County clerks of Brown, Harris, and Dallas counties were instructed today by Senator William E. Jenner to impound the ballots and other records of the election. They were among eight counties named specifically by Johnson yesterday in a request that the investigation be extended throughout the state.

The other counties are Galveston, Eastland, Wharton, Chambers and Clay. It was not learned immediately whether orders for the impounding of ballots and records had gone to these counties. Jenner, chairman of the Senate subcommittee on elections conducting the investigations, was campaigning in Indiana and could not be reached at once.

Duval Ballots Burned

Meanwhile, it was disclosed that ballots and other records have been burned in Duval county, one of the South Texas counties where Stevenson has charged irregularities. Campbell King, chairman of the Duval county Democratic executive committee, told W. H. Mason, Alice newspaperman, of the destruction and said "I had nothing to do with it." State law requires that ballots be preserved for 60 days after an election.

The Duval county records were subpoenaed yesterday by Arthur E. Boer, chief investigator for the committee headed by Jenner. Broer and Joseph Langan, another investigator, gathered up available ballots and records in Jim Wells, Zapata and Starr counties. Committee aids in Washington said Jim Hogg county also had been added to the South Texas investigation.

Records Are Preserved

In Dallas, County Clerk Ed H. Steger said that the county's voting machines already have been cleared under court authority, but that records of the machines have been preserved.

The Republicans were accused of making political capital of

Youth Dies Of Crash Injuries

Ona Howard Stewart, 18, of 218 Ave. G, died at 2:30 a. m. today in West Texas hospital from injuries sustained Tuesday morning when his mortorcycle collided with an automobile at the intersection of Fourth and Ave. O.

Stewart's death marked the fourth traffic fatality of the year within Lubbock city limits. Two of the fatal accidents involved two-wheel vehicles.

Had Severe Injuries

Hospital attendants said the youth suffered a fractured skull, a possible broken neck, several fractured ribs and a punctured lung. He never regained consciousness following the accident.

The collision occurred at 8:25 a. m. Tuesday when Stewart, driving his one-cylinder motorcycle westward on Fourth, struck an automobile driven by Ewel V. Middleton, 42, of 2103 Eighteenth, who was making a left-hand turn from Fourth onto Ave. O.

Funeral services for the youth were scheduled for 2:30 p. m. today at Rix Funeral chapel. Burial was to be in Crosbyton cemetery.

Pallbearers were to be Troy Sanders, Dooly Jones, Clarence Barber, James Holloway, Quinton Hill and E. L. Dickey.

Survivors include the parents,

Big Battle May Be Developing In Slowly Freezing Manchuria

By SPENCER MOOSA
Associated Press Staff Writer

PEIPING, Oct. 27 (AP)—The governments' attempt to hold a toehold in slowly freezing Manchuria may be shaping into a major battle between Mukden and Chinhsien, 125 miles to the south.

Pro-government reports here today said the battle was brewing between the two points. Mukden contains China's largest arsenal and is held by the government. Chinhsien is an industrial city wrested from the Nationalists by Communist troops two weeks ago.

These same reports said that National troops from the Changchun area were moving south to take part in the struggle. Some of these forces, the reports said, are already testing the defenses of Tiehling, rail town 40 miles northeast of Mukden.

Changchun Overrun

(Both government and Communist reports of late admit Changchun has been overrun by Communist troops. The Changchun forces mentioned in the Peiping dispatches may be a "lost" unit that fought its way out of the city and has progressed to within 40 miles of Mukden.)

Subzero temperatures prevailed in Mukden today.

President Chiang Kai-Shek back in Peiping from Mukden conferred with his top north China commanders. He had flown to Mukden and some sources said studied the possibility of ordering evacuation of Manchuria. If the Mukden army under Lt. Gen. Tu Li Ming tried to fight its way out it might head for Yingkow, a government port on the western Liaotung peninsula. A thin corridor between the two points has been maintained.

Would Command Port

On the other hand if Chinhsien is regained by the government, the better port of Hulatao on the eastern Asian mainland would be at their disposal. However, if Chinhsien were to be regained, government forces likely would try to hold it.

Severe fighting, in the meantime, broke out around Red besieged Taiyuan, Shansi province capital, yesterday. Sixty thousand Reds attacked government defenses east of the city which Shansi Gov. Yen Hsis-Han believes the Communists are under orders to take by the end of this month.

ASTHMA MUCUS

Mental Health Talk Scheduled

Daniel E. O'Keefe, consultant in psychiatric social work in the office of Program Planning, Mental Hygiene Division of the U. S. Public Health Service, will speak on "Mental Health Problems of Our Nation" at 7:30 p. m. today in Memorial auditorium of the Texas Tech agriculture building under the auspices of the Lubbock County Society for Mental Health.

The program is open to the public, Owen L. Caskey, president of the society, announced.

Joined USPHS In 1940

O'Keefe, a native of Portsmouth, Ohio, received his bachelor of science degree from the University of Dayton, Dayton, Ohio, in 1932, and his master of science degree from the School of Social Work, Catholic University of America, Washington, D. C., in 1938.

Upon graduation from the latter school, he served as executive secretary of the Catholic Guidance clinic in Cincinnati, Ohio. In 1939, he joined the faculty of the School of Social Work, Loyola University, Chicago.

The following year, O'Keefe became director of social work at the U. S. Public Health Service hospital in Lexington, Ky., which had been established for treatment of narcotic addicts. He remained with the hospital until he entered the Army as a first lieutenant in the Adjutant General's department in November, 1941.

After separation from the Army in early 1946, he spent several weeks in the central office of the Veterans administration, and then was appointed chief of the social service division of Branch office No. 6, in Columbus, Ohio. He was appointed to his present position in October, 1946.

O'Keefe holds membership in the American Association of Social Workers, the American Association of Psychiatric Social Workers, and Sigma Delta Pi fraternity. He has contributed a number of articles to professional journals.

Village Considering How To Spend Money Left By Widow

PERRYOPOLIS, Pa., Oct. 27. (AP)—The question of how to spend the $1,500,000 left this community of 1,500 was still a matter for open discussion today—with a new sewer system, street lights and a swimming pool at the top of the list.

Four hundred residents gathered in town meeting last night in an effort to decide how they will spend the money left Perryopolis by the late Mrs. Mary Fuller Frazier, 82-year-old widow of a Philadelphia hotel executive.

Mrs. Frazier in her will left the money to "the town of Perryopolis" where she lived as a girl. The Philadelphia woman died last August, leaving no known relatives.

May Incorporate

Because of Mrs. Frazier's designation of Perryopolis as a "town," it was pointed out at last night's meeting that the village may have to be incorporated into a town before it can receive the money.

Residents—after learning of their windfall—formed a committee to investigate possibilities on how the money will be used. The committee's first move last night was to bring four out-of-town residents to the meeting.

These four made a number of suggestions—including a sewer system, street lights and a swimming pool. The suggestions will be discussed further and another meeting will be held in a few weeks to make final decisions.

Divorce Sought By Wife Of Bandleader

RENO, Nev., Oct. 27 (AP)—Kathleen Winsor, author of the best-selling novel "Forever Amber," says she will seek "a friendly divorce" in Nevada from oft-married bandleader Artie Shaw.

Miss Winsor, whose presence here was discovered when she attended a party Monday night under the name of "Mrs. John Grant," established residence six days ago. Nevada law requires six-weeks residence.

The writer and Shaw were married in Juarez, Mexico, in 1946 after Miss Winsor had obtained a Mexican divorce from her first husband, Robert J. Herwig. It was Shaw's sixth marriage.

Rebirth Of Religion Is Seen at Colleges

CHICAGO, Oct. 27. (INS) — The chaplain of Northwestern university reported today a rebirth in religious interest among college students.

The Rev. James C. Meleod told a group of Northwestern university associates at the Chicago club:

"The atmosphere of our colleges is changing. Religious programs are healthier, better supported, and more deeply significant for the student."

He pointed out that so-called "paganism" among students "is only a reflection of the society around them," adding:

"But these students have twinges of conscience, and want to believe more than they think they do. They want answers which are affirmations."

FACTS SUPPORT TITLE

DECATUR, Ill., Oct. 27 (AP) — A bread belt in central Illinois is known as the "Lincoln country," because Abraham Lincoln lived there. But the title is supported by current as well as historic facts. A survey shows that eight relatives of the Civil War president still make their homes in Macon county. They are fourth, fifth and sixth cousins.

Ask the *woman* who owns one

By tradition, she's entitled to the last word. So Packard has built it for her!

She might not care whether what's under the bonnet is a "free-breathing" straight eight, or a turbo jet.

But when she praises delightful *responsiveness*, and the soothing *smoothness* of Packard power . . . we like it! (What *man* ever put so dainty a shoe against an accelerator pedal and got such results?)

She might not care whether Packard's superior roadability and handling ease are achieved by advanced engineering, or by happy little gremlins.

But when she tells us that her Packard has the restful riding ease of a limousine, and the finger-tip handling of a tiny tot's stroller . . . we beam!

And when it comes to *styling*, and *tailoring*, and *convenience* features, she's *always* been the No. 1 authority—and New York's *Fashion Academy* confirms her good judgment in preferring Packard.

Come in—learn *all* the reasons why the most enthusiastic "man who owns one" is often a *woman!*

Packard

Ten Democratic And Five Republican Women Are Seeking Congressional Seats

Rep. Bolton | Judge Bosone | Rep. Douglas | Miss Geneau | Mrs. Goldman | Mrs. Harden | Mrs. Killen | Miss Maietta | Miss Nice | Rep. Norton | Mrs. Patterson | Rep. Rogers | Rep. St George | Mrs. Sanders | Sen. Smith | Mrs. Woodhouse

AP Newsfeatures

NO MATTER what happens Nov. 2, Congress will remain primarily a masculine preserve.

As of now, 871 Republicans and Democrats are seeking election to 467 seats in the Senate and House of Representatives. Of this 871, a mere 15 are women. This, of course, is a general election year when both parties estimate the potential feminine vote exceeds the masculine by some million and a half ballots.

On the other side of an unbalanced ledger, however, is Maine's recent election of its new senator. That is Mrs. Margaret Chase Smith, a member of the lower house, a Republican and the first woman in American history elected to the exclusive senatorial fraternity without first being appointed to fill an unexpired term.

Who are the others now seeknig election?

They are ten Democratic women and five Republican, all candidates for the lower house. Some, like Mrs. Mary T. Norton (D—N.J.), Mrs. Edith Nourse Rogers (R—Mass.) and Mrs. Frances P. Bolton (R—Ohio), are veterans of many campaigns and years of congressional service.

There is handsome, serious-minded Helen Gahagan Douglas, who dropped a successful stage and screen career to serve as a Democratic law-maker from California. There is blue-blooded, socially top-drawer Mrs. Katharine St. George of New York, Republican kin of the Hyde Park Roosevelts, now seeking a second congressional term.

New Jersey's Rep. Mary T. Norton, however, is the dean of congresswomen, having served since Jan., 1925. A widow, she was born and has always lived in Jersey City. She was the first woman Democrat elected to Congress, the first woman chairman of a congressional committee. "Aunt Mary," as she is known, introduced the first resolution into Congress for repeal of the 18th amendment.

Close behind her in point of service—only five months—is Mrs. Edith Nourse Rogers of Lowell, Mass. She was first elected to fill the vacancy caused by her husband's death. She has been returned to office in each succeeding election. She now is chairman of the House Veterans Affairs Committee — a subject second only to her interest in foreign affairs. A Republican, she was author of legislation creating the WAC.

Helen Gahagan Douglas, actress wife of actor Melvyn Douglas, is bidding for her third term as Democratic representative from California's 14th district. Through her four years in Congress she has fought consistently for civil liberties and organized labor. She was an alternate delegate to the United Nations Assembly. She is now a member of the House Foreign Affairs Committee.

Cleveland's Mrs. Frances P. Bolton is the only woman ever elected to Congress from Ohio. She first served in the vacancy caused by the death of her husband. From the beginning she has centered interest in public health and nursing problems. A Republican, Mrs. Bolton sponsored legislation creating the Cadet Nurse Corps.

Sole foreign-born woman candidate is the Republican Mrs. Katharine St. George. She seeks her second term as representative from New York's rural 29th District northwest of New York City. She was born in England, where her father was a magazine editor. Her particular legislative interests are agricultural. She is a member of the Post Office and Civil committees.

Of the remaining ten women candidates, most are pitting their strength against men who are incumbents.

* * *

In the Democratic camp are:

JUDGE REVA BECK BOSONE of Salt Lake City, mother of two, the only woman ever to serve as a police judge in her city. A former university teacher of English, Judge Bosone was a member of the Utah State legislature from 1933 to 1935, where she was responsible for much social welfare legislation.

MRS. OLIVE REMINGTON GOLDMAN of Urbana, Ill., ran unsuccessfully for Congress two years ago. Since then she has been active in the public education program of the Committee for the Marshall Plan to Aid European Recovery and as a speaker on behalf of the Democratic Party's Women's Division. She is the mother of four.

MRS. MARCELLA F. KILLEN of Minneapolis, the first Minnesota woman endorsed for major public office by the Central Labor Union. She is a special public relations representative of the Brotherhood of Railroad Trainmen. She was employed for a number of years on newspapers and by the Department of the Interior. For two years she was a director of the American Christian Palestine Committee. Wife of a Minneapolis business man, she has no children.

MISS JULIA MAIETTA of Altoona, Pa., also is particularly concerned with labor problems. For 13 years she has been a national organizer for the Amalgamated Clothing Workers of America. Third in a family of 12 children, she went to work in a shirt factory in her early school days. When her father died she took on full-time factory work and eventually became chairman of the shop.

MISS MARY LOUISE NICE of Tonawanda, N. Y., is a high school guidance counselor by profession. She became a Democrat in a traditionally Republican family and has served the party from ward committeeman to convention delegate. Active in various types of club work, she recently was named to the Tonawanda State Housing Authority.

MRS. VIOLET PATTERSON of Lansing, Mich., has been vice chairman of the Michigan State Democratic Committee for more than a year and active in party matters since 1928. In 1944 she was director of Democratic women's activities in the state. At the recent party convention in Philadelphia she voted as a delegate. Four years ago she was a member of the platform committee.

MRS. JESSIE SANDERS of Hisega, S. D., only woman to serve in her state senate, was unopposed in the party primary for the Democratic congressional candidacy. With her husband, Carl, she operates a dude ranch in the Black Hills. She was a member of the South Dakota lower house in 1933 and 1935, and of the senate in 1937.

MRS. CHASE GOING WOODHOUSE of New London, Conn., has a unique place among the women candidates. Long active as an economist, educator, author and lecturer, Mrs. Woodhouse was elected a Democratic member of the 79th Congress, only to be defeated in the Republican sweep of 1946. While in Congress she had a hand in legislation concerning the Bretton Woods Agreements and the British loan. In 1946 she was named "outstanding congressional spokesman for the consumer."

* * *

Among the Republican candidates are:

MISS CAMILLE GENEAU of Jacksonville, Fla., is a school official with a broad interest in women's organizations. After serving as an administrative assistant on Capitol Hill she became a senior high school teacher and, later, assistant supervisor of education, in Jacksonville. She has been active in party politics for several years.

MRS. CECIL M. HARDEN of Covington, Ind., has been the Republican National Committeewoman from her state since 1944. At the recent national convention she was a delegate at large. She has been active in Republican party ranks since 1932. Her principal interest for the last five years has been the Fountain County (Ind.) Welfare Board, of which she is president.

About 85,000,000 People Are In Major U. S. Voting Blocs

WASHINGTON, Oct. 27 (AP) — How powerful are voting "blocs" in the United States?

First of all, what is a bloc? Simply stated, it is a group of citizens with strong common interests. The United States has three such major groups, and many lesser ones. They are the veterans, now numbering about 19,000,000, about 16,000,000 farm people of voting age; and about 50,000,000 in the non-farm labor force, about 16,000,000 belonging to the labor unions.

These total around 85,000,000, so there is obviously much overlaping. There are only an estimated 95,000,000 people of voting age in the U. S. all told.

Could Hold Power

If a bloc, or a great majority of its members, should decide to vote for the same candidate, it could hold the balance of power in an election. The reason is that in recent presidential elections only slightly more than half of the eligible voters have cast a ballot.

But bloc voting has never been known to happen. The way it works out, the candidate's job is to try and settle each issue to the satisfaction of each bloc, without antagonizing other blocs, or to convince the majority of voters his proposed solution to a key issue is the best one possible for the country as a whole.

An instance right now is the farm price support program. Both parties came out for supports, but some organizations have been claiming supports are partly responsible for high food prices.

If voters considered this one issue the most important of the campaign, it could have aligned two powerful groups, the farmers and the city people, into voting blocs.

Other Issues Important

But there are other important issues, like the U. S. foreign policy and the housing shortage.

So the big blocs broke down. There are blocs within blocs. Some housewives, irritated by high prices and inflation, nethertheless believe the foreign situation more important. And so they are considering all the issues and deciding which candidate has the best solution for all of them.

So it goes with all blocs when many important issues are up. A voter may simply be a lifelong member of a political party, willing to vote a party ticket regardless of whether he agrees with the proposed party solution for all issues. Or he may be both a farmer and businessman, or a farmer and a veteran. If an issue places both these interests in conflict, he has to make a choice.

Racial and religious issues also have been important in the past.

Labor Bloc Divided

Neither the CIO nor the AFL, as organizations, has endorsed a presidential candidate. But some officials of each organization have come out for one or the other. One group of workers has endorsed one candidate; another group another. So the labor bloc has been divided. Even so, it is difficult to say how far an individual union member will follow the sentiments of his leaders.

Nobody knows exactly how strongly the blocs have held together in past elections, because ballots are secrets. Public opinion polls have attempted to get the answer.

There is one bloc toward which the politicians are beginning to cock a more attentive ear, however. That's the feminine bloc. Women are becoming better educated. They are doing more and more of their own thinking. But they are in business, or they are veterans, or they are housewives. If some politician could contrive to weld them into one solid voting group he would have an election clinched. Because women now out-number the men in the United States. The latest census estimate is that there are about 1,669,000 more women of voting age than men.

Guatemala sold 87 per cent of its essential oil exports to the United States.

Soviet Army Units Said Leaving Korea

MOSCOW, Oct. 27 (AP) — The Soviet news agency Tass reported in a dispatch from Pyongyang today that Soviet army detachments are on their way out of northern Korea.

Reporting that this was the second group of Red army forces to quit the Communist dominated section of Korea, the agency said the troops were hailed by the public before departure Oct. 24.

There were cries of "Hail Soviet army! Hail Stalin!" amid constant applause and offerings of flowers, the Soviet news agency said.

Fay Haynes, Joe Stubbs To Marry

Mr. and Mrs. Sumner Hayes announce the engagement and approaching marriage of their daughter, Miss Fay Haynes, to Joe V. Stubbs, son of Mr. and Mrs. E. V. Stubbs, 2224 Twenty-eighth. The news was told at a tea given by Mrs. Haynes Tuesday afternoon at her home, 1904 Twenty-fourth.

In the receiving line were the hostess; the bride-elect; the mother of the prospective bridegroom and Miss Mayrene and Earlene Keeton.

Mrs. Bill Yeager, sister of the honoree, greeted guests.

The tea table was laid in white damask with a centerpiece of pink and white dahlias. Streamers lettered in gold announced the names of the betrothed couple and the wedding date, Nov. 6.

Mrs. George Soash and Mrs. C. O. Campbell presided and were assisted in serving by Connie Haynes and Texie Keeton. Pat Haynes presided at the register.

Approximately 60 guests called.

Alumnae Will Attend Dinner On Thursday

Mrs. Homer Maxey and Mrs. F. E. Hightower will be hostesses at a party for Las Vivarachas Alumnae association at 7:30 o'clock Thursday night at the home of Mrs. Maxey, 3206 Twenty-first.

Varied Topics Discussed By Study Clubs Tuesday

Politics, states and islands of interest, and hobbies were featured topics of discussion for women's study clubs at Tuesday meetings.

NATIONAL POLITICS DISCUSSED BY CLUBS

Preceding the program, "Politics—What Women Think," which was given for Athenaeum club in the home of Mrs. Bryan McDonald, Levelland highway, Tuesday afternoon, Mrs. A. W. Young presided for business.

Mrs. O. C. Southall who presented the side of the Democrats gave a brief history of the party and read the Democratic platform. The speaker stated, "There are 6,000,000 women voters in the United States and a block of 6,000,000 could wield considerable power." In her talk she quoted Gov. Warren who said, "First Let Us Be Americans."

Mrs. Young, in presenting the picture as the Republicans see it, gave a history of the Republican party and read the Republican platform. She outlined what the men who stand in the forefront of the party, Dewey, Dulles, Vandenberg, Warren and Stassen, have accomplished.

HOBBY DAY PROGRAM GIVEN BY WOMEN

In observance of hobby day, each member of Twentieth Century club answered roll call with her hobby. The meeting was held in the home of Mrs. L. T. Patton, 2415 Nineteenth, Tuesday afternoon.

Mrs. Patton read a paper on hobbies and exhibited her hobbies which are painting, weaving and writing prose and poetry.

Present were Mesdames Lee C. O'Neil, W. B. Price, T. R. Prideaux, Roy Riddel, Ivy Savage, M. L. Shepherd, W. O. Stevens, C. M. Trout, Thord G. Dockray, Sam W. Martin, C. V. Hamilton, A. G. Barsh, Allan Carter, H. F. Godeke, J. H. Hankins, Howard Hampton, J. R. Jameson, J. I. Kilpatrick, Fred W. Sparks, A. W. McKee, J. Ben Cole, jr., and Miss Mamie Crump.

MRS. H. J. ROPER IS CLUB SPEAKER

The story of the rise of Stalin and a comparison of Communism and Democracy were incorporated in the talk, "Is Democracy Worth Saving?" given by Mrs. H. J. Roper for Clement-Sorosis Study club Tuesday. Mrs. Vernon Bell and Mrs. L. L. Beck were hostesses in the home of the former at 3303 Twenty-second.

A guest Miss Mattie Hodge who worked with the Red Cross in Germany, India and China discussed these countries and answered questions of club members.

Also attending were Mrs. Dewey Malone, another guest, and Mrs. J. E. Harvey and Mrs. R. H. Canaday, new members. Others were Mesdames Charles Spencer, Lennis Baker, Bob Gee, Sam Henry, jr., Jason Gordon, Herbert Bannister, Frank Todd, Belverd Needles, L. D. Marshall, Charles Watson, Dwain Rogers and J. D. Sanders.

NEW ENGLAND, THE WEST ARE DISCUSSION TOPICS

At a meeting of Pierian Sorosis Study club Tuesday in the home of Mrs. W. H. Tinney, 3312 Twenty-fifth, Mrs. L. H. Kirby spoke on the subject, "Inside New England—Natural History of Massachusetts and New York," and Mrs. Bonner Cummings discussed "Highlights of the West and Middle West."

Co-hostesses were Mrs. C. J. Griggs and Mrs. Byrnes Temple.

Attending were Mrs. Wayne Pharr, a guest, and Mesdames Leo Baggett, Harold Blank, Clifton Cummings, N. A. Cox, Walter Crowell, Odis Hackney, M. T. Leon, W. H. McKelvy, W. C. Mingus, Troy Peeples, W. A. Sides, L. M. Wartes, Tom Young and Carl Hawkins.

SOROSIS CLUB MEETS IN WILLIAMS HOME

Mrs. William G. Dingus who spent two weeks during the past summer in Honolulu discussed Oahu island, "Paradise of the Pacific," for members of Sorosis club who met with Mrs. R. S. Williams, 2007 Twenty-ninth, Tuesday. She described her boat trip, the nationalities which live on the island and the sights there.

Mrs. R. T. Campbell reported the meeting of County Federation of Women's clubs which was held in Slaton recently. A brief business session was presided over by Mrs. J. D. Peters, club president.

Eighteen persons were present.

Why Thousands of Doctors prescribe pleasant tasting
PERTUSSIN FOR BAD COUGHS
(CAUSED BY COLDS)
PERTUSSIN acts at once. It not only relieves such coughing but also loosens up phlegm and makes it easier to raise. PERTUSSIN is safe! Mighty effective for old and young! Pleasant tasting!

N. Bradbury Is Honored

The G. P. Cunningham home at 2423 Twenty-sixth was scene of a Tuesday afternoon coke party given to compliment a bride-elect, Miss Nan Bradbury. Wedding date for Miss Bradbury and Guy Tribble of Lookout Mountain Chattanooga, Tenn., will be Nov 5.

Hostesses, Mrs. Cunningham and Mrs. W. J. Dalmasso, presented the honoree a set of copper mugs. Dubonnet and gold chrysanthemums centered the refreshment table.

On the list were Mesdames Rem Thomson, C. M. Trout, sr., David Weaver, Jimmie Williams, G. G. Porter, P. T. Glazner, Joe L. Watson, W. T. Bradbury, Leonard Cowden, Dave Alkire, and Misses Panze Butler, Dorothy Brown and Charlotte Carter.

Miss Bradbury has been honored at numerous pre-bridal entertainments.

Music Recitals To Be Continued Thursday

Recitals being presented by pupils of South Plains Music Teachers will be continued Thursday night. The program is to be given at 7 o'clock at South Plains Music store.

To play will be Mona Faye Bratcher, Patricia Dorsey, Paula Kuykendall, Dorothy Massey Karen Ausburn, Myra Lou Powell, Pat Curry, Kara Plowman, Sarah Sue McCarty, Marilyn Tinney, Mary Jane Taylor, Kay Moxley, Nan Bacon, Judy Stewart, Iris Grace Dial, Sharon Jones, Favonia Dial, Judy Jones, Janice Shepherd, Janice Marks, Linda Beth Chappell, Leetha Belk and Patricia Hutcheson.

Two hundred ten pupils have played in five October recitals sponsored by the association and 53 pupils have appeared on five Saturday morning radio broadcasts directed by the organization. Mrs. E. L. Robertson and Miss Mary Dunn have made arrangements for the programs.

Message From Son Is Reunion's Highlight

A message from her son, W/O. William Bull, who is with the Army and stationed in Frankfurt, Germany, highlighted a reunion of Mrs. Bull's family at a Sunday dinner served in the home of a daughter, Mrs. Orville McDaniel, 511 Ave. D. The message was brought by Mrs. Evelyn White of Plainview who had just returned from Europe by air.

Others present were a daughter, Mrs. J. S. Campbell and her husband of Fort Worth; a daughter, Mrs. Dan Percin and husband of Lubbock; a son, Luther Bull; three grandchildren, Gustine, Henry and Alvin McDaniel, and a friend, Miss Geniece Howard of Knox City.

Mary Haworth's Mail

DEAR MARY HAWORTH: My wife and I are aspiring writers, and she spends 12 to 14 hours a week, aside from her job as a factory worker, in study and practice of writing technique.

I prefer to postpone serious efforts at authorship until I can give myself wholeheartedly to the task, without money worries, but Lucy says she wishes to make the most of the time she has now, and earn some extra money, if possible, with which to buy a home and have her children with us.

We were married two years ago, have a baby 11 months old, and Lucy's three children by a former marriage are still boarding in the country. She pays for their upkeep, buys their clothes and visits them faithfully every week. I pay rent for the room where we live, when I have the necessary funds, and buy our food; but lately there has been a dearth of work for me and I've had to limit my purchases to occasional toys for our baby.

The problem is our endless quarrels, many times about money but other times about Lucy's unsmiling jibes at my various abilities, remarks usually made after we return from seeing her children. She spends Saturdays and Sundays doing endless chores and becomes very tired, which she says is the reason for her slighting remarks; but that excuse seems artificial to me.

HERE IS TYPICAL BATTLE OF WORDS

WHEN we married, I rated intelligence nearly the equal of my own, but our quarrels raise doubts in my mind, which she is quick to sense, and the result is more controversy.

For example, she chose to ignore certain discursive questions of mine. When I insisted upon knowing why, she said the answers should be self-evident to a child. I countered with three good reasons for answering anyway: 1. Maybe I honestly didn't know. 2. Perhaps I wished to find if she knew. 3. As a courtesy, if she loved me and valued rapport.

Whereupon she said to answer for the first reason would insult my intelligence; to answer for the second reason would insult her intelligance; and as for the third reason, she dismissed it with a shrug and a sneer.

I am a realist, but more than that, I am an idealist, and above all I am interested in lifting Lucy's attitude toward life up to a par with mine. I believe that is the only way to make a true marriage, a home, a harmonious family. Lucy freely admits she is more of a materialist than I, but she will not try to better herself and dismisses my higher ideals with a shrug. How can I make her see and overcome her mistake? Perhaps you can help me. Signed C. P.

VEXATIOUS POSEUR, TOO LAZY TO EARN

DEAR C. P.: Here is you lettter, cut to one-third its original length and reorganized throughout to pull your squawk together. What a tiresome, parasitical poseur and windbag you are. The way to help Lucy is to hush your month, find paid employment and provide a home for her, where the children can be together.

There is no dearth of work for you, just dearth of willingness to seek or accept such forms of labor as you could handle. I suppose you're not skilled at anything, because you are too lazy thus far to become an apprentice and learn. As for your various abilities, whatever they are, they're none too big for the humblest task that be found.

The gifted individual, temporarily sidetracked from his destiny, dign ifies and illuminates any job at hand, with the quality of his special talent and creative interest. His opposite number, the humbug straining for effect, struggles to annex a respected professional label; and this you are doing in calling yourself "an aspiring writer."

So cut the comedy. Quit the pretense. You're not superior to Lucy in any respect. She runs rings around you in realism, salty logic and functional idealism, and no wonder her tolerance veers toward contempt, as she turns wearily back from melancholy weekend pilgrimages to the homeless children, listening to your foolish defensive gabble, which issues from your guilty knowledge that you're doing nothing really to help her. M. H.

Mary Haworth counsels through her column, not by mail or personal interview. Write her in care of The Lubbock Evening Journal.

SHINES IN THE DARK—This young man will be safe from traffic accidents after dark. He's wearing a slicker and helmet trimmed with strips of a new "Scotchlite" fabric which reflects the beams of headlights. The new tape is being used also on children's snowsuits, jackets, riding clothes and many types of sportswear.

A. McInroe Is Honor Guest At Gift Party

Miss Anne McInroe, bride-elect of Hershel Miller, was honored Monday night with a shower given in the home of Mrs. O. L. Meridith, 1809 Seventh. Assisting Mrs. Meridith as hostesses were Robert K. Smith, Odel Dial and Dick Pope.

The refreshment table was laid with blue organdy and lace and centered with a large bridal bouquet of pink dahlias and white mums tied with satin ribbon and streamers. Graduated pink tapers banked with fern and miniature mums decorated the buffet.

Attending were Misses Melba Ballard, Lurlene Ballard, Mary Belle Morgan, LaVaughn Bearden and Janet Rapland and Mesdames Earl Williams, Dickson Wagnon and Albert McInroe. Others sent gifts.

EDITOR IS DEAD

CORPUS CHRISTI, Oct. 27. (AP)—James Monroe Cunningham, 76, editor of the Three Rivers News in Liveoak county since 1913, died yesterday after putting in a full day's work on the paper. Born in Tennessee, he came to Three Rivers in 1899.

From Lou To Louella...

DEAR Louella: Jane Skinner, Jayne Thompson, Jean Woodrum and Helen Mitchell spent the weekend in Amarillo visiting Mary King and Snokey Weekes. The two ex-Techsans will be here Friday for the beginning of Homecoming activities . . . Anita Oliver spent her weekend relaxing at home in Lamesa . . . Pat Allgood is on the sick list and is being missed by her friends at Tech . . . Pat Branson and Jack Halk have been dating . . . Pretty Jan Dorn goes with Norman Bantz, who was unlucky enough to sprain an ankle in Monday afternoon football practice.

• • •

IN the crowds of graduates and former students of Tech who will be pouring into Lubbock the last of this week will be: Maye Mitchell, Iowa Park; Alice Walther and Barbara McGee, Dallas, Friday night or Saturday morning; Patsy Ballard, Electra; Billie Grace Webb, Lamesa, Saturday; Mrs. Bill Little, Canyon, Saturday.

• • •

IN THE MAIL

COLUMBIA, Mo., Christian college—"Well here I am at Christian. At times it was doubtful in my mind and others too, if I would ever make it off to school. It was hard leaving, but I can already see that it is going to be good for me.

"I'm all settled now and I am really beginning to love Christian I have met some very nice girls here, and it was easy to get acquainted because we were all lost at first and in the same predicament.

"I am taking French, English composition ,intermediate algebra, geology and piano. French is my favorite and then piano. I don't exactly have a major. I am just taking a liberal arts and sciences course, because I need those requirements to get in Texas colleges. I am definitely going to school in Texas next year though, even if it is nice up here.

"Being from Texas, I get teased quite a bit about the way I talk, but I don't have as much of a southern accent as the girls from Tennessee and Kentucky. I love to hear them talk. They say 'dinnah' for dinner.

"Most of my special friends which I have made up here are from Oklahoma. I chose them I suppose, because they are more like Texas people. Oh, how I love those Texas people. They just can't be beat. I am counting the days until I will be back in good ole' Lubbock for the Christmas holidays." signed, Maxine Boyd.

HIGH SCHOOL HOSPITALITY

A good-will campaign has been opened by Lubbock High students to soothe the long-time rivalry between Lubbock and Amarillo. Thursday LHS cheer leaders will go to Amarillo to take part in a yell session, and that afternoon the cheer leaders for the Golden Sandies will return with them to Lubbock for Thursday night's Westerner pep rally. After the rally a snake dance— conga line will be formed at the school and the student body will go to Chapman field, where the Cowhand team will play Amarillo's Yannigans.

Amarillo supporters will have a parade here Friday sometime between noon and 2:30 o'clock, depending on the time most of them arrive. Friday night, LHS students will meet at the Hilton hotel and provide between 100 and 200 cars to transport Amarilo fans to Jones stadium, where the Sandstorm-Westerner grid battle will take place.

Four Charged With Rustling

SPUR, Oct. 27. (Special) — A wave of cattle thefts that has plagued Dickens county cattle raisers for some time was believed brought to an end Tuesday when Dickens officers arrested and charged three men with the theft of five head of cattle from the Guitar ranch in Dickens county on May 5. A fourth man was reported under arrest at Anson today, and the sheriff had gone there to accept custody.

Examining trial was held Tuesday night before Justice of Peace W. M. Malone who set bond in each case at $1,000. The three men were remanded to jail when they were unable to post the surety.

Cattle Sold At Lubbock

The four men named in the complaints sworn to by Sheriff C. C. Kimmel before District Attorney John Stapleton were Delbert Bailey, 36, foreman of the Guitar ranch for the past 14 years and father of three children, L. D. Bond, 24, former hand at the Guitar ranch, father of two children and former resident of Jones county, Raleigh Garcia, 33-year-old Latin-American, hand at the Guitar ranch, and the fourth suspect, whose name had not been announced.

Bailey, Bond and Garcia had all signed statements, county officers said. The arrests were made after several months of investigation by Sheriff Kimmel, Deputy Sheriff Horace Cage, J. E. Russell, of Matador, and Dub Drace, of Lubbock, inspectors for the Texas Southwestern Cattle Raisers association, and Stapleton.

The officers said that the disappearance of at least nine other head of cattle was expected to be cleared up by the arrests. They said five head of the stolen cattle were moved through a Lubbock auction ring.

Chest Drive Fund Up To $43,877.81

Contributions reported in the Lubbock Community Chest campaign had reached $43,877.81 by noon today and still lacked more than $53,000 reaching the goal of $97,500.

About 54 or 55 per cent of the reports have not been received and there still is a possibility of meeting the goal, said Earl Kerr, Community Chest manager.

Should the campaign fail to yield the amount sought, the budgets for participiating groups in Community Chest funds would have to be reduced. The goal is based on budgets already approved for 1949.

YOUNG NEWLYWEDS—Mrs. Marlene Adams, 14, and Martin Adams, jr., 14, smile as they hold hands in Niagra Falls, N. Y. They were married Saturday in Atlanta, Ga. "We're as happy as can be," the bride said.

Tilted Whisky Bottle Lands Man In Jail

Nervous Bar Owner Did Not Know It But He Had Boarder

(By The Associated Press)

SAN FRANCISCO, Oct. 27. Thomas Sullivan, owner of a Market street tavern, noticed quite a few things missing from his bar the past month.

Including were:

Bottles of good whisky each night plus some bottles of beer.

Hard boiled eggs, ham sandwiches, peanuts and potato chips.

Nickels from the juke box which had been jimmied.

Loose change from cigar sales.

And a few other things.

Sullivan was unhappy and and his nerves were on edge until yesterday morning.

A customer went into the bar's washroom and noticed a leak in the ceiling. But it wasn't water. It was bourbon. He called Sullivan. The bar owner called the police.

And Officer John Nyland found Patrick J. Flemming, a 23-year-old West Virginian who had found a trap door in the ceiling and decided he'd become a boarder for a while.

Nyland said Flemming would leave his perch every morning, pass out through the customers, take off for the day and return to the bar about 15 minutes before closing time. He'd go back to his perch, wait until everyone left and then come down and help himself to whatever he desired.

Flemming, now lodged in a different abode, the city jail, said:

"I stayed there for a month . . . drunk good whisky, too . . . slept on the floor . . . and lived good."

Nyland said, "he'd be in that bar yet if that whisky bottle hadn't tipped over."

"Sure would. That was good whisky," said Flemming.

He was booked on petty theft.

DRIVERS ON TRIKE

LANSING, Mich., Oct. 27. (AP)—Bus drivers went on strike in Michigan's capitol city today, leaving 100,000 residents of Greater Lansing without public transportation.

Court Will Review State Law Validity

AUSTIN, Oct. 27 (AP) — The supreme court agreed today to review validity of the state law providing a civil service system for firemen and policemen in cities of more than 10,000 population.

The original suit questioning the constitutionality of the act passed by the 50th legislature was brought in district court by the city of Fort Worth.

The trial court declared the act constitutional, except for section 18 which provides for appeals from civil service commission acts to a district court.

The second court of civil appeals affirmed the trial court judgment.

Founder Of Sherman Newspaper Succumbs

SHERMAN, Oct. 27. (AP)—Granville Owen Hunter, 91, founder in 1879 of the Sherman Democrat, died here today.

Hunter was editor of the Democrat until 1920.

Funeral services will be held tomorrow.

Texans Favor Loan To Spain

WASHINGTON, Oct. 27. (U.P.)—Four Texas congressmen, recently returned from a tour of Europe, today came out strongly for an American loan to Franco Spain.

The Texans, who represent four cotton-growing districts of the Lone Star state, reported that a substantial part of Spain's textile industry is idle for lack of cotton at a time when the U. S. has a five million bale surplus.

All four emphasized that they did not favor re-establishment of full diplomatic relations with the Franco regime.

"Franco runs a dictatorship pure and simple," said Rep. Ed Gossett, D., Tex., "Democratic processes, as we know them, do not exist. But in the United States cotton is on the spot. If we do not find additional markets to handle our surplus there will be trouble maintaining the support prices."

Rep. Frank Wilson, D., Tex., a cotton farmer himself, said Spain might be able to take "up to a million bales of our cotton surplus."

Wilson said a loan of $200,000 to $300,000 would be necessary to finance such a purchase but that it "would be good business and common sense."

Better Loan Risk

Rep. Olin Teague, D., Tex., said a Spanish loan would be "a better financial risk than some of our foreign loans because Spain has strategic minerals with which they could repay us." Teague said he planned to contact officials of the State and Agriculture departments to get their views on such a deal.

Rep. Omar Burleson, D., Tex., said it was "sound economics" to try to get surplus American cotton to the Spanish market. "If we abstain for political reasons someone else will grab the market," he said. "American farmers would be the losers in the long run."

Services Set For Resident Of Welch

LAMESA, Oct. 27 (Special) — Funeral services for Mrs. Mary Milinda Britt, 90, for 28 years a resident of Welch, will be conducted at 1 p. m Thursday in the Methodist church at Welch.

Rev. Ben Howze, pastor of the Primitive Baptist church of Big Spring, will officiate. Burial will be in Pride cemetery. Grandsons of Mrs. Britt will serve as pallbearers.

Mrs. Britt died on her 90th birthday, at 12:01 a. m. today, in her home at Welch.

Survivors include eight daughters, Mrs. F. J. Drennan and Mrs. John Davison, both of Welch, Mrs. T. F. Vaughn of Peacock, Mrs. T. B. Drennan, Mrs. Dave Wishert and Miss Edna Britt, all of Lamesa, Mrs. George Sutton of Abilene, and Mrs. Jim Sanders of Oracel, Ariz.; three sons, Dan and Ike of Welch, and Arthur of Kermit; 51 grandchildren, and a number of great-grandchildren.

URANIUM IS FOUND

Witnesses Refuse To Answer Jury Questions On Commies

LOS ANGELES, Oct. 27. (AP)—A federal grand jury will continue its inquiry into alleged Communist activities, despite the silence of the first 10 subpoenaed witnesses, a special assistant attorney general says.

Max Goldschein said yesterday that the grand jury's questioning is "related primarily to federal employes."

For refusing to answer questions of the jurors, the 10 witnesses were committed to jail by U. S. Judge Peirson M. Hall. Eight actually were jailed and two women were given time to find baby-sitters. Judge Hall refused to release them from custody.

He explained that if every witness before a grand jury could refuse to answer questions "the laws on our books would become mockeries."

Attorney John McTernan represented the 10 and argued for their release pending an appeal on the contempt citations. The judge had said when he jailed the witnesses Monday night that they would be held in custody until they were willing to answer questions.

Said Judge Hall:

"There could be no intimidation of any of the witnesses by any of these questions. There is no statute in the United States which makes it a crime to be a member of the Communist party."

Questions Listed

The two witnesses still at liberty are Mrs. Miriam Brooks Sherman and Mrs. Dorothy Baskin Forest, who were given until this afternoon to find attendants for their small children.

U. S. Atty. James M. Carter said the witnesses refused to answer these questions before the grand jury:

"Do you know the names of the officers of the Los Angeles Communist party?" And "do you know the 'table of organization' of the party?"

National Government Paying $2,000,000 To Find Out How Much Less It Can Spend

By HARMAN W. NICHOLS
United Press Staff Writer

WASHINGTON, Oct. 27.—Government spending, like Tennyson's immortal brook, goes on forever.

But do you know how much your government is spending to find out how much less it can spend? About $2,000,000 worth.

That's the estimated cost of a study on federal activities which has kept the commission on reorganization of the executive branch of the government humping for almost a year. It's still working, in fact.

Tom Dewey, who has an eye on Harry Truman's balcony, has been watching the study carefully.

Hoover Heads Group

Mr. Herbert Hoover, who used to be a president himself, heads the commission and his headquarters here has, as yet, no final tally.

Both Tom Dewey and Harry Truman have been talking about cutting corners. The federal spending level during the past three years has been about 40-billion. Cutting a big chunk out of it would call for a master stroke.

The four major items in the national budget are national defense, foreign aid, help for the vets and the interest that keeps piling up on the national debt. That adds up to around 31-billion right there.

After these figures were fixed, the Hoover commission came into the picture to find ways "to hold spending to the lowest amount consistent with good performance."

Not Easy Task

It was Mr. Hoover's job to eliminate duplication in service—to roll up the red tape and throw it away. It was not an easy task—for a man of 74. Mr. Hoover, of course, isn't attempting it alone—and the job is by no means done. But his office in Washington hears from him every few minutes. He's that interested.

The chore actually amounts to revising a whole government and that may never be done. The problems of today are a little more involved than they were a century and a half ago. Records show that Congress was trying without success to re-jigger the government as far back as 1793. A lot of people have tried the same since.

Speaking of economy, just before the 1800's, the federal government spent around $318,000,000 a year. Last year it was 42½ billion. In 1898 the government had 611,000 folks on the payroll. Last August there were well over two million.

Pay Has Gone Up

Now the average pay of the federal worker has gone up—a little, anyhow—with everything else. So has bacon and breakfast food.

Mr. Hoover has a big job on his hands. You don't hear much about it. Mr. Hoover himself says he doesn't want to be snarled in anything that might be tagged as politics at this time.

As he looks at it, this business of spending dough to try to save a little for all of us likely will be his "last public effort."

But don't be too sure. Mr. Hoover has come back before.

When football first appeared in England in the 11th Century, there were as many as 100 players on a side.

Jaycees Reorganize At Tahoka Meeting

TAHOKA, Oct. 27 (Special) — The Tahoka Junior Chamber of Commerce was reorganized here last night when 33 members met in Lynn county courthouse with a delegation of Lubbock Jaycees.

Officers elected were Wilton Payne, president; Charlie Reid, vice president; James Lindly, treasurer; Wayne Shawn, secretary; and Bill Strange, Bill Griffin, Skiles Thomas, Dale Thuren, Roy Botkin and Seth Lewis, directors.

The Lubbock group, led by Ralph Krebbs and Gordon Sanders, co-chairmen of the extension committee, also included Linley Millsap, Horace Gearhart, T. A. Milam, Asner Thompson, A. C. White, Vernon Peters and L. D. Whiteley.

A 220-foot-high statue of Mahatma Gandhi is to be erected in Bangalore, India.

McWhorter School Music Classes Set

Elementary band and orchestra instruction will be offered in McWhorter school, Supt. R. W. Matthews announced Tuesday afternoon.

J. R. McEntyre, senior student in Texas Technological college who is majoring in band and orchestra, will teach the courses.

Elementary band work will be offered from 4 to 5 p. m. Mondays and Wednesdays and elementary orchestra work from 4 to 5 p. m. Tuesdays and Thursdays. Twenty-seven students already have signed for the courses.

Band Group At Tech Will Receive Award

Alpha Omicron, Texas Technological college's chapter of Kappa Kappa Psi, national band fraternity, will be given the Balfour award for the outstanding chapter in the nation in 1948 at 6:30 p.m. Saturday at a banquet in the Hilton Hotel ballroom.

The bronze cup will be presented to Wayne McDonald, the chapter's president, of Borger, by Boh Makovsky, founder of Kappa Kappa Psi, who is now dean emeritus of the Oklahoma A. & M. school of music. The national club's executive secretary, A. Frank Martin, who is now director of the YMCA at Oklahoma A. & M., will also attend the banquet.

Tasmania is buying new rolling stock and will not electrify its railroads now.

BORDERLINE ANEMIA* CAN STEAL YOUR SPARKLE!

Is a pale face robbing you of charm and personality? Is your vitality running low? Faded, weak red blood cells often cause these conditions. You may have a Borderline Anemia, due to a ferro-nutritional blood deficiency.

According to medical studies, up to 68% of women—many men and children—drag through life with this tiring Borderline Anemia.

If you have this Borderline Anemia, you need Ironized Yeast Tablets! They are specially formulated to help build up faded, puny red blood cells to healthy redness and size, and thus permit your color and energy to come surging back. Of course, continuing tiredness and pallor may stem from other causes—see your doctor regularly. But in this Borderline Anemia, take Ironized Yeast Tablets. Take them to reclaim your vigor, your healthy color, your enjoyment of life!

*Due to a ferro-nutritional blood deficiency, a condition for which Ironized Yeast is specially formulated.

Ohio Man Buys A Bargain Lot In Middle Of Downtown Street

CANTON, O., Oct. 27 (AP) — A "for sale" sign in the middle of a Canton street wasn't placed there by a prankster. The man who erected it is serious.

Lloyd H. Yothers, a real estate dealer, purchased a lilliputian plot—about 15 by 15 by 20 feet—sight unseen at a tax sale last March. Including fees, the lot cost about $15. Yothers says he will sell it for its appraised value of $60.

The triangular-shaped plot was the site of a watering trough for horses years ago. Today three heavily-traveled streets intersect where the island is located.

Yothers now is disputing ownership of the plot with the city. Yothers says he's the owner because he holds an auditor's deed. The city says it is the owner because the plot was unoccupied by any owner for more than 21 years and was used by the city for street purposes during this time.

The struggle for ownership started when Yothers dug up a few bricks and placed a "for sale" sign in the middle of the intersection. He said he previously had attempted to put up a building or a sign board, but was halted when the city building department refused to grant a building permit without a court order on grounds that a traffic hazard would be created.

The question arose as to how the island happened to be paved when it was privately owned. The city explained that through nonoccupation by the owner and continued use as a thoroughfare, it was paved at the same time as the street.

While the sign was controversial, two questions are unanswered:

Who legally owns the land? If Yothers does, does he owe the city for the several hundred bricks the city placed on his property?

WHO OWNS IT? Tax sale buyer and city want to know.

Did John L. Sullivan Fight With Stomach Ulcer Pains?

The famous heavyweight champion was noted as a voracious eater. Could he have eaten and fought as he did, if he suffered after-eating pains? If excess stomach acidity causes you distress after eating, or painful heartburn, gas, sour stomach, indigestion, even stomach ulcer pains, then try Udga for quick relief. Udga Tablets contain 3 proven fast-acting medicinal ingredients. Like a doctor's prescription, Udga works soothingly and fast. More than 210 million sold since 1938. Get a 25c box of Udga and if you, too, don't get amazing relief within one-half hour, you get DOUBLE YOUR MONEY BACK.

DR. SCORE NAMED

CHICAGO, Oct. 27 (AP)—Dr. J. N. R. Score, Georgetown, Texas, was named recording secretary of the editorial division, general board of education of the Methodist church, yesterday at a meeting here.

Braceros Will Get Fair Deal

DALLAS, Oct. 27. (AP)—Mexico was assured by a Texas Cotton Ginners association official yesterday that he will make every effort to see that Mexican laborers working illegally in Texas will be treated as though they were under contract.

Jay C. Stilley, secretary of the association, said in a letter to Miguel G. Calderon, consul general of the Mexican consulate in San Antonio:

"Our ginners will do everything possible to work with the 10,000 workers on matters of wages, nondiscrimination and fair treatment. I will do everything possible to have my ginners work as though these laborers were actually under contract."

Contracts Refused

(Because of alleged cases of discrimination against Mexican nationals in Texas, Mexico has refused to make working contracts with Texas farmers.)

In a special bulletin to the cotton ginners, Stilley urged that braceros be paid the prevailing prices for picking cotton. He also asked that the ginners do their best to prevent discrimination.

Earlier this week, the ginners association tried without success to get Mexico to permit her workers to enter Texas under contract.

Costa Rica plans to make its Reventazon river a source of hydroelectric power.

Airlines Pilot Has Certificate Revoked

WASHINGTON, Oct. 27. (AP) — The pilot certificate of Charles R. Sisto of Los Angeles was permanently revoked yesterday by the Civil Aeronautics board on grounds that he endangered the lives of 54 persons aboard an American airlines DC-4 a year ago.

The incident occurred near Mt. Riley, N. M., October 8, 1947, while the plane was west bound with 49 passengers and 5 crewmen.

After the plane went into a dive and did an upside down half loop, the co-pilot brought the plane under control and the ship was landed at El Paso, Tex., without damage or serious injuries to passengers or crew.

London has a coal surplus.

Startling NEWS to all Women!

Announcing what may be considered as one of the GREATEST ACHIEVEMENTS OF COSMETIC HISTORY!

The New Transforming "Pearls in Wine" Combination Cream contains A SPECIAL INGREDIENT which is present in Youthful Skins.

This, in combination with other ingredients, produces sensational results:

As a CLEANSING cream, PEARLS IN WINE COMBINATION CREAM gently penetrates deeper into the skin surface and pore mouths than creams without the "special ingredient" — loosens and removes, with brief massage, dirt, keratin, and cosmetics.

As a LUBRICATING cream, PEARLS IN WINE COMBINATION CREAM relieves dry skin by the emolliency of the "special ingredient" it contains.

As a POWDER BASE it gives the skin a soft, smooth, velvety texture that holds make-up hour after hour.

Championship Battles Slated In Texas Grid Conferences

Tar Heels And Vols To Offer Spectacle Of Power Football

KNOXVILLE, Tenn., Oct. 27 (AP) If it's power football you like, then the North Carolina-Tennessee game here Saturday is your dish.

Carolina's Carl Snavely and Tennessee's Bob Neyland are two of the strongest holdouts in the coaching fraternity against the "T" and other varieties of dipsly-do gridiron magic.

Both these veterans of many football campaigns use the single-wing back. Their systems vary, of course, but the emphasis is on sock-'em-and-run-over-'em rather than on fancy ball-handling and tricky stuff.

Neyland uses a balanced line with his single-wing; Snavely employs an unbalanced line.

Snavely mixes his offensive up with some flankers and end-around plays, but the payoff usually comes from his power plays through the line and end sweeps.

Neyland's pet play is an off-tackle smash with the tailback lugging the leather. It hasn't been changed since he came to Tennessee in 1925, but it's still working. It clicked against Alabama for a touchdown.

Last year, after the Vols dropped five games to major foes, there was some grumbling that Neyland's system was "outmoded."

"Yes, they said our system was outmoded," Neyland recalls, "but I think not. We've been using the same system for twenty-three years and it has won plenty of games."

"Our opponents may know how to stop our system, but they don't do it when it is run right."

SMU, Texas Is Feature Game

(By The Associated Press)

All except two of Texas' 28 college football teams are in action this week, with important championship battles scheduled in every conference.

Sul Ross and Texas Mines, the only undefeated, untied teams remaining, face tough foes indeed. Sul Ross goes to Kingsville to tackle Texas A. and I., a strong independent. Texas Mines battles Hardin-Simmons in the top Border conference game of the week.

Baylor Meets TCU

Baylor, unbeaten but once tied, takes on Texas Christian at Fort Worth in a major test of the Southwest conference race. The big game of this circuit, however, is the clash of Southern Methodist and Texas at Austin. The winner will become a top favorite to cop the championship. Texas A. and M. and Arkansas also get together in this conference while Rice plays Texas Tech of the Border loop.

The Lone Star conference matches its only unbeaten teams in conference conflict as North Texas State takes on Southwest Texas State. East Texas and Sam Houston clash in another conference game while Stephen F. Austin and University of Houston meet outside foes—Stephen F. Austin tackling Louisiana college and Houston U. engaging West Texas State of the Border conference.

Hardin, the last undefeated team in the Texas conference race, plays Howard Payne in the feature of this circuit. Austin college and McMurry clash in another conference game. Southwestern meets independent East Texas Baptist.

Saturday Schedule

The college schedule for Saturday:

Arkansas vs Texas A. and M at College Station, Baylor vs Texas Christian at Fort Worth (night), Rice vs Texas Tech at Lubbock, Texas vs Southern Methodist at Austin, Southwestern vs East Texas Baptist college at Marshall (night), Daniel Baker vs University of Corpus Christi at Brownwood (night), University of Houston vs West Texas State at Canyon, Sam Houston State vs East Texas State at Commerce, Austin college vs McMurry at Abilene (night), Hardin vs Howard Payne at Wichita Falls (night), North Texas State vs Southwest Texas State at San Marcos, Hardin-Simmons vs Texas Mines at El Paso (night), Stephen F. Austin vs Louisiana college at Pineville, La., (night), Sul Ross vs Texas A. and I at Kingsville (night).

The Major Vows This Week's Games Plumb Easy To Figure

By MAJOR AMOS B. HOOPLE
Old Rugger Man

Egad! You have had your share of surprises, dear readers, aye, dear zillions of readers, and now we come to a Saturday in which every contest will be waged according to form.

No surprises, no not one—and believe me it has made my work much less arduous than usual. (Ed. Note: He's right here in the editorial room, snoring.)

Thus your redoubtable prognosticator is enabled to present you this week with a perfect forecast. From beginning to end, from Rutgers' victory over Brown to Texas Tech's decision over Rice, you will find every game coming out as predicted.

This is quite unusual, let me assure you.

Of course, there may be a point-after-touchdown difference here and there, perhaps even a touchdown. But this looks so easy that I am not even pausing to allow for lateral oscillation, astronomic variation or the human element of laissez faire among the athletes.

This is the Halloween season, I trust you know, so it might be advisable to hie home at an early hour lest you become bewitched. Au revoir for now!

This is what will happen on Oct. 30:

Texas Tech 13, Rice 7.
Rutgers 33 Brown 7.
Penn State 20, Colgate 6.
Cornell 19, Columbia 12.
Yale 20, Dartmouth 13.
Harvard 14, Holy Cross 6.
Notre Dame 27, Navy 6.
Virginia 19, Princeton 7.
Illinois 19, Michigan 13.
Minnesota 20, Indiana 19.
Wisconsin 14, Iowa 6.
Oklahoma 19, Iowa State 7.
Okla. A. and M. 20, Kansas 14.
Michigan State 33, Ore. State 12.
Missouri 20, Kansas State 0.
Nebraska 27, UCLA 12.
Ohio State 20, Northwestern 14.
Georgia 19, Alabama 12.
Texas A. and M. 20, Arkansas 7.
Texas Christian 14, Baylor 6.
Georgia Tech 21, Duke 7.
Mississippi 26, La. State 13.
Tulane 13, Mississippi State 6.
North Carolina 20, Tennessee 0.
Texas 19, So. Methodist 7.
California 21, Southern Calif. 7.
Stanford 14, Washington 13.
Oregon 27, St. Mary's 13.

Westerners' Squad Is Hit By Injuries

Six key Westerner gridders were out of action as a result of injuries or illness Tuesday afternoon as Coach Pat Pattison sent the Lubbock High schoolboys through a short drill session at Chapman field, and indications that the squad will be far below its usual strength blasted most of the hopes of Hub city fans for an upset win over Amarillo's Golden Sandies here Friday afternoon at Jones stadium.

Norman Bantz, regular blocking back, injured an ankle in scrimmage Monday afternoon and was unable to run during the workout yesterday afternoon. Giant Tackle Billy Brazell is still hampered by a knee injury, reserve lineman Bobby Nabors has been out of town since last week, and Backs Donald Decker and Denton Lambert have been hampered by light cases of influenza. Fullback Malcolm Young, who has done most of the punting for the Westerners this year, is sidelined by a pulled muscle and physicians have ordered him to stay out of contact work for the remainder of the week.

Two May See Action

Coach Pattison expects Decker and Young to be in shape to see action against the Sandies Friday, but it is very doubtful whether either Bantz or Brazell will be able to play. They definitely will be far below normal playing condition.

With the Westerner squad in its battered and bruised condition, the mentors avoided contact work in the session yesterday afternoon at Chapman field and concentrated on defensive assignments. The Cowhands demonstrated the Sandies' trick "Michigan shift" to the Westerners, while the coaches drilled the gridders on the defense patterns that will be used Friday. A lengthy conditioning drill, including wind sprints and lapping,

Raider Basketball Squad Will Play A Schedule Of 22 Games

The Red Raider basketball team, that will start workouts in the not too-far distance future, will play a schedule of 22 games during the 1948-1949 season, with 11 games at home, Coach Polk Robison has announced.

Tech this season must limit attendance for home games to students, except for a contest Dec 22 with Marshall college of Huntington, W. Va., which has been booked especially to permit the public to see the Raiders play.

Tech will return to the All-College tournament in Oklahoma City Dec. 27-29, after a few years absence.

Prospects for the Raiders having a strong basketball squad look good at this time. They have several returning lettermen from last year's team, as well as reserves. In addition, the freshman five was strong and indications are that the Red Raiders will have a better team in 1948-1949.

Field Tall Squad

Coach Robison intends to floor as tall a team as possible this season and his starting varsity may average six feet five inches. All potential starters are experienced, while the smaller reserves will be shot in to speed up play and afford a contrast.

The complete schedule follows:

Nov. 30 — McMurry at Lubbock.
Dec. 3 — SMU at Dallas
Dec. 4 — SMU at Dallas
Dec. 7 — Rice at Houston
Dec. 14 — Arizona State, Flagstaff, at Lubbock
Dec. 17 — Arizona State, Tempe, at Lubbock
Dec. 18 — North Texas at Lubbock
Dec. 22 — Marshall College at Lubbock
Dec. 27-29 — All College tournament, Oklahoma City
Jan. 6 — Texas Mines at El Paso
Jan. 7 — New Mexico A&M at Las Cruces
Jan. 8 — New Mexico at Albuquerque
Jan. 11 — Texas Mines at Lubbock
Jan. 14 — West Texas at Canyon
Jan. 28 — Hardin-Simmons at Lubbock
Jan. 31 — Arizona State at Flagstaff
Feb. 1 — Arizona State at Tempe
Feb. 2 — Arizona University at Tucson
Feb. 11 — Arizona at Lubbock
Feb. 15 — New Mexico A&M at Lubbock
Feb. 18 — New Mexico at Lubbock
Feb. 23 — West Texas at Lubbock
Mar. 3 — Hardin-Simmons at Lubbock.

Buc Pilot Chosen Manager Of Year

NEW YORK, Oct. 27 (AP) — William Adam (Bill) Meyer today was voted the "manager of the year" in a nation-wide poll conducted by the Associated Press.

The 56-year-old freshman pilot of the Pittsburgh Pirates nosed out Billy Southworth, leader of the National league champion Boston Braves, in a neck-and-neck race. Meyer received 89 votes to 87 for the veteran World series campaigner.

Others Get Support

In all, 220 baseball experts took part in the voting. Besides Meyer and Southworth, Lou Boudreau, Joe McCarthy, Burt Shotton, Steve O'Neill, Bucky Harris and Connie Mack received scattered support.

Boudreau, who piloted the Cleveland Indians to their first American league pennant in 28 years, and then led them to the world championship, ranked third with 20 votes. McCarthy, whose Boston Red Sox bowed to the Indians in an unprecedented playoff for the flag, was fourth with 19 votes.

Harris, released manager of the New York Yankees, was selected as the No. 1 pilot by three experts. The others each got one vote.

Meyer received the No. 1 rating because of the outstanding job he did in leading the Pirates to a fourth place finish after having them in flag contention until the final two weeks of the season. He took over a club that finished in a tie for the cellar last year with the Philadelphia Phils.

They Liked His Way

Meyer indeed has captivated both the customers and players alike with his smooth way of handling men and his keen knowledge of every trick in the game. The Pirate fans, especially fell in love with this ruddy-faced native of Knoxville, Tenn., who looks like a younger edition of Honus Wagner. A Pittsburgh record attendance of nearly 1,500,000 fans came out to see the suddenly revivified Bucs last season.

They appreciated the fact that he took practically the same cellar-dwelling team of '47 and almost pulled the miracle of all miracles last season — the jump from last to first. They admired the way he handled his veteran pitching staff. He coaxed along such aging moundsmen as Rip Sewell, Fritz Ostermueller, Elmer Riddle, Ernie Bonham and Kirby Higbe in such splendid fashion that each proved a winner for him.

Rice Center Named Lineman Of Week

AUSTIN, Oct. 27. (AP) — Fine center play continued to dominate line action in the Southwest Conference last week, and big Joe Watson of the Rice Owls grabbed lineman-of-the-week honors at that post.

The selection was made by sports publicity directors of the seven conference schools participating in the weekly poll of the Austin American-Statesman.

Watson, a rough 235-pounder, outshone Texas' Dick Harris, who had received the honor a week ago. Though the Owls bowed to the Texas Longhorns, 7-20, Watson was a one-man gang on defense. Tribute to his ability was expressed by players on the left side of the Texas line. They said he was immovable.

Lubbock Women Bowlers Are Taking Lion's Share Of Honors At Amarillo Tournaments

AMARILLO, Oct. 27. (Special) —Lubbock women bowlers are holding onto a Lion's share of the honors in the Builders Supply company's fourth annual Bowling Classic for Women.

Lee Williams leaped into the lead of 81 pins over her nearest competitor, Marie Lavery, Hobbs, N. M., with a 1,024. In fourth place was Annie Galloway with 906 and in fifth place was Norma Crossland with 900.

Six Others Lead

In the Eighth annual Women's Panhandle Open Bowling tournament, six individuals from Lubbock skyrocketed into first place in their respective events.

Arlie Welch and Lea Williams rolled 997 to take over first place in the Class C doubles, followed in second place by Marcel Russell and Ruth Vauthiburga with 887. The previous leaders were Velma Stiles and Margaret Sargent of Borger with 829.

All Near Top

In the Class C singles, Polly Buckner rolled a 526 to take over the lead with Marcel Russell moving into second place on 494. The previous leader had been Verda Mae Essary of San Angelo with 452.

Not one of six Lubbock bowling teams was able to crash the top three in team bowling, but all placed near the top. Southwestern Public Service led with 2363, followed by Hemphill-Wells, 2356; Hectors, 2297; Penrods, 2250; Bluebonnet, 2249; and Mission Orange, 2170.

Mrs. Soash Wins In Women's Golf Play

Top honors in the 18-hole flight of the Ladies' Handicap tournament at Lubbock Country club were won by Mrs. George Soash Tuesday, following a victory over Mrs. O. D. McCoy in the final match.

Mrs. Guy McAfee took the consolation championship with a win over Mrs. Fenner Tubbs, one-up, and Mrs. Culver Hill coasted to a 5 and 4 triumph over Mrs. J. H. Cope in the nine-hole flight.

Mrs. Toby Foster won the nine-hole consolation title with a 3 and 1 victory over Mrs. Tom Duggan.

Regular mid-week tournament will be held at the club today, with low gross and low putt divisions.

Johnny Neun Back With The Yankees

NEW YORK, Oct. 27 (AP) — Johnny Neun, former major league first baseman and manager in both the majors and minors, returned to the New York Yankees today as a player contact man with the organization he served from 1932 through 1946.

In announcing the rehiring of Neun, who has managed both the Yankees and the Cincinnati Reds, the New York club said he also would do some "personalized scouting" within the major league.

Dallas Woman Leads Kilgore Golf Meet

KILGORE, Oct. 27. (AP)—Betsye Mims White of Dallas led the field today into first-round play of the Kilgore women's invitational golf tournament.

Mrs. White won medalist honors yesterday with a six over par 80.

Mrs. Joan Tracy of Dallas, and Mrs. Marty Perrin of Eldorado, Ark., tied for runner-up honors with 84 each.

CHAIRMAN NAMED

NEW YORK, Oct. 27 (INS)—New York university chancellor, Harry Woodburn Chase, announced today the appointment of Prof. John F. Sullivan as chairman of the school's board of athletic control.

Professor Sullivan, who has been a member of the board since 1943, succeeds the late Albert B. Nixon who died last June.

Cage Captains Are Named At Baylor

WACO, Oct. 27. (AP)—Co-captains of the 1948 Baylor basketball team will be James (Red) Owens of Houston and Odell Preston of Waco.

They were elected in a meeting of the squad yesterday.

Both are two-year lettermen. Owens was an alternate on the U. S. Olympic basketball team. Last spring he was named Baylor's most outstanding athlete.

Basketball practice starts Monday with 10 lettermen returning from last year's southwest conference championship five.

In making salad dressing with blue or Roquefort cheese, work the crumbled cheese in well with the olive or other salad oil before adding the other seasonings. About ½ cup of cheese to 1 3 cup of salad oil is a good proportion.

SPOTLIGHT on SPORTS

By Bobby Layne

THE STORY OF FOOTBALL

It is highly probable that the Chinese had a game similar to football as early as fifty years before the birth of Christ. The Greeks, the Romans, and the Corinthians had a similiar game about the same time. In the first century B. C., the Romans took their game to England when they invaded the land.

No doubt, the American game can be traced back to the English game of Rugby. Our first game was played in New Brunswick, N. J. in 1873 by Rutgers and Princeton, and it was a game similiar to soccer. The next year McGill University of Montreal played at Harvard, and they agreed to play the Canadian way . . . running with the ball. The game grew into a very rough one, and in 1906 President Theodore Roosevelt called the college rules committee to the White House to try and improve the game. The outcome of the meeting was the football game as we know it today. The game became cleaner, faster, safer and grew to a tremendous popularity. There have been only minor changes of the rules and regulations since that time.

The one store in this town that is growing to tremendous popularity is the Sports Center. The Spotlight Sport Value of the week is:

LOAFER SEATS for the big games this week-end. $1.95 to $3.95. adv.

SURE . . . you can spend more but you can't get more smoking enjoyment. It's the right amount of HAVANA, blended with other fine tobaccos that makes John Ruskins so mild and fragrant. Buy a few today, tomorrow you'll buy more.

Upsets Continuing In Class A Title Chase

Between The Lines. . .

By Joe Kelly

Even if the officiating was poor at Tucson Saturday, the game was good and one of the most delightful parts of the game was the between the halves activity. The Wildcat institution doesn't have a band to compare with Tech's, but they were good and they put on a fine show. In addition, the Arizona rooting section turned in a brilliant performance with cards, spelling out letters, names, forming a map of Texas, spelling out Arizona and generally thrilling the spectators. And the colors they used could have been taken from the Painted Desert, they were so rich. It was a good show.

• • •

But last Saturday should be forgotten, even if the defeat of Tech's freshmen by the Hardin-Simmons frosh shouldn't. The 36-6 score did surprise us; the fact that the H-SU first year men did, didn't. With all due respect to Coach Maxey McKnight, whose value to the Raiders cannot be underestimated, the freshmen need more attention than they are getting. We understand that one and maybe two more coaches will be added to the staff next year. They need the additional help badly.

• • •

Maxey can no more be blamed for the defeat Friday than can be the freshmen themselves. The coach wanted them to win, their spirit showed that they wanted to win. But Maxey would be the first to admit that, while he knows football, he does not know enough after this short a time to put a first class team on the field. It isn't Maxey's fault, either, that the manpower is so short at Tech that the freshmen must be used as scrimmage fodder against the varsity, further preventing their working together.

• • •

Defensively, the Raider juniors are learning a lot, but there's a difference between being a defensive eleven and an offensive one. The freshmen at Tech just don't have enough time to work together offensively to furnish much real threat, as they have shown in two games so far. Last Friday they used mainly Arizona plays against the Cowboys Buttons and while those plays worked, they aren't as good as the ones Tech has.

• • •

Maxey is doing the best possible job under the circumstances, but he is terribly handicapped. He never has his squad altogether for more than just a few minutes. He can't take the time to give them the instruction that they should have. As a result, they get kicked around by a team that is molded with but one purpose; to win ball games. And as we said before, it's quite an event to have the head football coach come down to direct the freshmen. It's just barely possible that that action will rebound on Nov. 27, when Tech's head coach takes the bench against him.

• • •

We hope that Tech will see its way clear to hire two coaches. So far we have run into mighty few universities of the size and prestige of Tech that maintain a coaching staff of only four men and a freshmen coach. Most of them have five to six coaches on the staff, with a freshman coach in addition. The Raiders need that kind of assistance if they are to compete against the topflight competition offered by the Southwest Conference and other schools.

• • •

Rice comes here for the Homecoming game Saturday and the dopesters are picking Tech by close margins. That is, all but The Sporting News' Pigskin Pete, who makes it Rice by 13 points, AP Sports Editor Harold V. Ratliff and other sports writers of the Southwest. Particularly those picking Rice are the writers who saw Tech play SMU, figuring that Rice's weight and passing attack will play the same havoc that Doak Walker and Company played.

• • •

It will be a strange sensation for Tech to be picked over a Southwest Conference team, but the Raiders might turn the trick. In the six year history of the series, Tech has won only once, a 13-7 victory in 1944. In succession since 1942 the scores have been 19-7, 13-0, Tech 13-7, 13-0, 41-6 and 40-7. Rice has scored 133 points to 33 for Tech.

• • •

On the basis of this year's record, Tech presents a better won-lost average for the season with four and two compared to one and four for Rice. But look at the difference in competition on successive week ends. Rice lost to LSU, S. Cal., SMU and Texas. Corresponding games found Tech playing SMU, Tulsa, Baylor and Arizona. The teams that beat Rice also had played stronger opposition, so that Rice weekly was playing hard games with teams that had big men. The only game for comparison was the SMU tilt, with the Mustangs beating Rice, at Houston, 33-7, and Tech, at Dallas, 41-6. You pays your money and you takes your choice.

DICK TROUT

★ ★ ★

Trout, Fenton In Main Event

It may not be wrestling tonight at Sled Allen's arena, but there will be a lot of fast, rugged and rough stuff shown the crowd at the weekly show as three matches are unreeled.

Dick Trout, the former favorite in this area, who has been away for many years, will take on Rod Fenton in the main event and it threatens to be a bloody battle. Neither wrestler is of the scientific stripe and, both like their grappling on the rugged side.

The semi-final will bring the former Masked Marvel, Jack Steele, together with Bennie Trudell in another rousing match. Both men are fast, both are rugged and both like their wrestling on the rough side. Steele has lost only two matches in this area, the first coming when Al Getz demasked him. Since then he has continued unbeatable.

Boynton, Mobley Meet

The preliminary threatens to start things off with a roar, when two men from the Panhandle, Olan Boynton of Amarillo and Rex Mobley of Borger, tangle. Neither man is too popular with the crowd and both like their wrestling rough.

It looks like a card that will give plenty of action, even if the wrestling is on the forgotten side. The first match will be a 20-minute affair, while the semi windup will be two out of three falls with a 45-minute time limit. The main go has a one hour time limit and also will be two out of three falls.

Tickets went on sale at 9 this morning at Wylie's Drug store and the first match begins tonight at 8:15.

Raiders Drill On Offensive

There's been a change on the Texas Tech gridiron this week, with intensive drill on offense replacing extensive defensive work in preparation for the Rice Institute game here Saturday.

The Tech defense has been strong this year, with the exception of the SMU game, and the Red Raiders have given up an average of two touchdowns a game including the Mustang struggle. Excluding the SMU tilt, Tech's defenses have averaged one-plus touchdown in each game.

So Coach Dell Morgan changed the scenery yesterday and ran the squad through offensive work, with emphasis on passing. The backs passed and ran, showing that they can throw up an offensive attack. And the bystanders left convinced that Tech will be tough to handle, both on offense and on defense.

As a matter of fact, there isn't much of anything wrong with Tech's defenses that a few 200-pound plus lads couldn't correct. The line has turned in a consistently strong job this year and has been improving with each game. Tech's deep pass defense also has improved, while the short pass, difficult to protect against, has worked against them.

Tech Defense Good

But all in all, the Raider defense has been good. They spotted Texas Aggies two first half scores, then held them scoreless for 30 minutes. They leaked badly against SMU, allowing the Mustangs 28 points in the final 30 minutes, but the following week they spotted Tulsa 13 points and then held them to one touchdown. Baylor scored one touchdown in each half, while Arizona joined WTSTC in being unable to score at all.

One encouraging factor to Line Coach G. B. Morris is the way the Raiders have tightened up inside their own 20-yard line, or deeper. Baylor had to have a penalty to assist them in scoring and Arizona couldn't score even when it reached the four-yard marker. Tulsa scored its second half touchdown on a pass, which went half the length of the field when a back made a mistake in an otherwise good defense.

So the emphasis yesterday was on offense and it may continue there this week. The Raider coaching staff realizes that Rice's Owls, starved by four straight lickings, will come to Lubbock intent on assuaging their wrath at Tech's expense. Tech has been scouted thoroughly and the Owls expect to make their weight count in blocking the quick opening plays.

James "Froggy" Williams, Rice left end, is one of the principal reasons why Rice expects to win Saturday. Williams was an outstanding man last year and no poorer this year. The six foot, 197-pound wingman is a great offensive player and also has been a rock of strength on defense. The 20-year old player comes from Waco and is giving Rice some of the best wing play in the Southwest Conference.

Use coconut as a topping for baked custards, muffins, cup cakes, coffee cake, lemon pie; it will add flavor and interest to an every day dessert.

Westerners

(Continued From Page 8)

completed the short session.

Pattison indicated that the Westerners will wind up preparations for their crucial encounter with a series of light drills this afternoon and Thursday, with the Lubbock gridders polishing up their play assignments and timing.

Offensive Tilt Expected

The important 1-AA tussle between the Sandies and the Westerners is expected to develop into a wide-open offensive battle, since both teams boast high-geared offenses and weak defenses. The Sandies have piled up top-heavy scores over most opponents, beating Childress, 39-6, and Odessa, 33-7. The only "close" Sandie game was against Abilene, 14-0, but the Amarilloans had two touchdowns called back by penalties.

The Westerners have exhibited a steady ground attack in most games this year, despite poor performances against Austin and Borger, and the Lubbock gridders have averaged nearly 200 yards rushing in each tilt. Lubbock's aerial attack has been weak, but the punting has been brilliant.

Amarillo operates from the famed "Michigan shift," where the team comes out in a standard "T" formation and then shifts into a modified single wing. They run some plays direct from the "T," however, just to confuse the defense. The Westerners have used a modified single wing in all games this season, with some variation with man-in-motion plays and flankers.

Preferences vary when it comes to adding liquid to scrambled eggs; either milk, cream or water may be used.

One District Crown Is Already Decided

(By The United Press)

Upsets continued to mark district play among the state's class A teams last week as at least one district championship was clinched—Devine salting away the 31-A crown.

Meanwhile, such powers as New Braunfels, Weslaco, Mount Vernon, Atlanta, New London, Honey Grove and Jasper rolled on toward probable titles.

Phillips maintained its dominance of 1-A with a 26-0 win over Canyon, while results in 2-A failed to unscramble the picture left when Shamrock and McLean were upset. Lefors and McLean rested, while Shamrock had an 8-6 scare from Clarendon.

Lockney in 3-A, Levelland, Littlefield and Post in 4-A and Monahans in 5-A stepped nearer their respective district titles.

But in 6-A, things were different. Anson rose up to smack favored Albany 19-13 to move into the eastern half front spot while Rotan beat Roscoe in the only western half action.

And in 7-A, the Brady mythe was exploded by Ballinger 21-7 and Coleman hung a 14-7 defeat on Winters as the two victors moved into the favored role together.

Eastland Drops Dublin

Eastland dropped Dublin 25-20 in 8-A play, while in 9-A Archer City remained undefeated, untied and unscored on after blanking Burkburnett 26-0. Archer City faces tough Crowell this week and still must get by once-tied Holliday.

The 10-A crown should be decided Friday when Bowie and Henrietta collide in the latter city. Bowie whacked Jacksboro 39-0, while Henrietta tied Nocona 13-13. Decatur, too, still has a chance.

Handley drove into the 11-A drivers' seat by downing Arlington 13-7 while defending champion Diamond Hill was held to a 0-0 tie by Birdville.

Irving and Honey Grove stood out firmly in districts 12-A and 13-A, as did Atlanta in 14-A with a 45-7 trouncing of Clarksville.

No competition has appeared for Mount Vernon in 15-A, while Gaston alone remained in New London's path in 16-A. New London beat back stubborn Leveretts Chapel 12-7 while Gaston roughed up Rusk 26-0.

Van Stands Out

Kaufman and Athens will decide the 17-A crown later, while Van sood out head and shoulders above the ruck in 8-A.

Lavega and Gatesville settle the 19-A title for all intents and purposes Thursday night at Lavega. Gatesville eliminated West 20-7 last week while Lavega was idle.

Mexia stayed unbeaten in 20-A's west half with a win over Madisonville, while Huntsville turned in an impressive east half victory over Grapeland 38-0.

Rosebud and Cameron clipped Taylor 21-7 and Killeen 40-13, respectively, to roll on toward their 21-A title clash of undefeated teams.

In 22-A, San Saba remained unbeaten along with Lampasas, the former downing Fredericksburg 26-0 and Lampasas burying Burnett 45-6.

Navasota emerged as the only unbeaten team in 23-A with a 39-0 win over Bellville as Brenham upset Giddings 27-0 and Elgin toppled Caldwell 14-13 to knock those two teams from the top.

New Braunfels Favored

New Braunfels, favored as the possible first state class A champion, whitewashed its principal rival in 24-A, Lockhart, 40-0, to remain unscored on for the season while rolling up 351 points in seven victories.

Aldine romped on Laporte, 53-0 and Alvin stopped Cleveland 32-6 to stay ahead in 25-A, while Jasper coasted to its sixth straight win by 38-6, to hold the 26-A lead unchallenged.

El Campo smashed Boling 20-6 to roll along atop 27-A, while the 28-A race was muddled by Edna's win over favored Cuero and Karnes City's 40-12 triumph over Beeville.

Falfurrias and Freer both came through in 29-A, the former downing Sinton 19-7 and Freer blanking Refugio 25-0.

Weslaco romped over Mercedes 25-7 to continue its march to the 30-A crown, while Devine swept its 31-A slate clean with a 6-0 win over San Antonio Edison.

Carrizo Springs, the leader in 32-A, was idle.

BOWLING SCORES

Hub Clothiers strengthened their position in the Major Bowling League last night by sweeping four points from the Westerner Cafe, the only team to win all of its points.

Hemphill-Wells took three of four points from Waltons and the McFarland-Maisen-Mission Orange teams split, each team winning two points.

Barney Stagner, Hemphill-Wells, was the top bowler with a 222-624. Other high scores were rolled by T. I. Brown, Mission Orange, 279-622; O'Keefe, Hemphill-Wells, 238-620; Glenn Hennington, McFarland-Maisen, 215-591; Ben Brown, Westerner, 208-568; Daniel, Mission Orange, 221-563, and George Tate, Hub Clothiers, 205-851.

In the Ladies Classic Bowling league, O'Neal Drilling company and Holsum Bakery each won two out of three games last night to remain atop the loop.

O'Neal beat the No-Name five and Holsum turned back Benton Oil.

High scorers were Billie Maslovar, Holsum, 212-536; Artie Galloway, Benton, 177-515; Arlys Welch, O'Neal, 209-501; and Norma Crossland, No-Name, 164-492 (averages).

GRABINER SERVICES SET

CHICAGO, Oct. 27 (INS)—Funeral services for Harry Grabiner, long-time baseball executive who died Sunday following operation for removal of a brain tumor, will be held today in Chicago. Dr. Louis L. Mann, rabbi of Sinai Congregation, will preside at the services for the former Chicago White Sox official who gave up his White Sox post in 1945 to become vice-president of the Cleveland Indians.

Calfropers Fall To Abernathy

Abernathy's junior gridders capitalized on two second-half touchdown gallops by Fullback Vernon Barron to defeat Lubbock's Carroll Thompson Junior High seventh and eighth graders—the Calfropers — 12 to 9, Tuesday night at Chapman field.

Barron, one of the finest junior backs seen in action here this year, put the Abernathy eleven into the lead early in the third quarter when he broke around left end and sprinted 48 yards to the double stripe. Good blocking carried him past the line of scrimmage on the play, but he outran the Calfroper secondary down the sideline to paydirt. A plunge for the extra point failed, but the visitors held a 6-0 margin.

The Calfropers surged back following the Abernathy kickoff, behind the end sweeps of Billy Biggs and John Blocker. Blocker climaxed a 50-yard drive with a five-yard smash over right tackle for the counter that tied the score. Quarterback Bill Conley tallied the extra point on a "sneak" through the middle and the Calfropers led, 7-6.

The Abernathy gridders rolled back to clinch the triumph early in the final period. The visitors took over the ball on their own 30-yard line, following an out-of-bounds punt by the Calfropers, and on the first play Barron circled right end and went all the way to a touchdown. Barron was hit by three secondary men, but he kept his balance, churned past the last defensive player and outraced the would-be tacklers 70 yards to the double stripe. Again the try for point failed, but Abernathy held a 12-7 edge.

The battling Calfropers made a final bid for victory late in the game, with Biggs and Blocker alternating in a potent ground attack to pick up a first down on the Abernathy nine-yard line with less than two minutes remaining in the game. But four plays failed to pick up the necessary yardage and Abernathy took over on their own three.

On the first play a fumble by Barron sent the ball back into the end zone and there was a wild scramble for the ball. A Calfroper finally gained possession of the pigskin, but officials ruled that it was out of the end zone and an automatic safety. That cut the Abernathy lead to 12-9, but time ran out seconds later.

Tennis Aces Injured Slightly In Mishap

SYDNEY, Australia, Oct. 27. (AP)—Two professional tennis aces, American Bobby Riggs and Ecuadorean Pancho Segura, were injured slightly today when their car overturned at Gunnedah, New South Wales.

Both received minor cuts. Their car skidded while rounding a curve ran into a shallow ditch, hit a tree stump and rolled over twice.

With them in the same car were American Jack Kramer and Australian Dinny Pails. They escaped injury. The four are making a professional tour of Australia.

OVERTON SCHOOL LOSES

The 36th Street School football team yesterday afternoon turned in an 18-0 victory over the Overton School in a hard-fought game. Touchdowns were scored by James Polk, Don Kerr, captain, and Delman Hilton.

When pressing a rayon faille skirt or dress that has lots of fullness, iron into the gathers, never across them, and on the wrong side of the fabric unless you use a pressing cloth.

Get These Tire Features MOST WANTED by MOST PEOPLE

B.F.Goodrich

"H.C.L.? Maybe for other things, but not B.F.G. Silvertowns." With all the sky high prices on food, clothing, fuel and even other transportation costs, Silvertowns with wider, tougher money-saving "road level" treads actually *cost less per mile* than prewar.

"They're so quiet! They make long drives more restful." B.F.Goodrich engineered disturbing growl and road hum right out of B.F.G. Silvertowns. That's a feature auto engineers are quick to recognize—and one that women prefer.

"There's my STOPPER! It's the wider 'Road Level' B.F.G. Tread!" The wider, square-riding Silvertown tread puts more rubber in contact with the road *at all times* — more rubber to start and stop — to share the load, to wear longer, to give longer non-skid safety.

"I'm Safety-Minded!" . . . And if you are, like so many others, you'll be quick to spot the extra blowout safety from a 30% stronger cord body made up of more and finer, stronger cords per inch, and the extra resistance to road shock from the double shock absorbing cushion layers under tread.

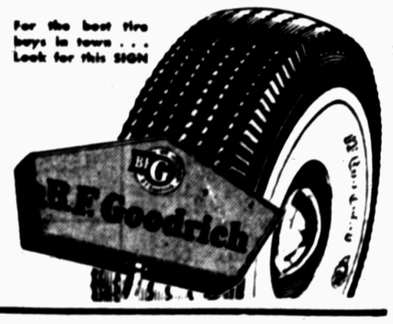

"Big Trade-in for your present tires. That's what everybody wants." The unused miles in your present tires are worth more to us than they are to you. We have a market for reconditioned, and *Durecapped* tires. That's why we can allow you *more*.

I've cast my vote for— "Lubri-tection"!*

That's the word that stands for one of America's greatest motor oils— Phillips 66 Premium Motor Oil!

You'll be voting for "Lubri-tection", too, once you've tried Phillips 66 Premium Motor Oil. This expertly refined, high-quality lubricant lives up to its campaign promise . . . gives your engine clean lubrication . . . helps fight against harmful deposits that rob your engine of its pep and power!

That's a lot of extra benefits to get from one motor oil . . . but that's what you can confidently expect with Phillips 66 Premium Motor Oil in your crankcase. So vote the straight "Lubri-tection" ticket whenever you need a quart or a refill! And remember . . . the polling place is your Phillips 66 Dealer's Station!

PHILLIPS 66 PREMIUM MOTOR OIL

*"Lubri-tection"—the protection rendered by an oil of fine base stock containing special detergents and oxidation inhibiting ingredients.

Top Military Commanders Of Hitler's Regime Acquitted Of Plotting To Launch World War

(By The Associated Press)

NUERNBERG, Germany, Oct. 27—An American war crimes court today acquitted 13 of Adolf Hitler's top military comanders of plotting to launch World War II.

The three-man court, completing the nine-months trial of three field marshals, five generals, one admiral and four lieutenant-generals, ruled they had not been German policy makers.

The judgment said "the acts of commanders and staff officers below policy level in planning campaigns, preparing means for carrying them out, moving against a country on orders and fighting a war after it has been instituted, do not constitute the planning, preparation, initiation and waging of war or the initiation of an invasion that international law denounces as criminal."

Conspiracy Stricken Out

The court also struck out the conspiracy charge in the four-count indictment but still had to rule on charges of war crimes against prisoners and civilians. Judgment on these two counts will be handed down this afternoon.

Since the international tribunal convicted the highest Nazis, no other defendant has been convicted of planning aggressive war.

The indictment charged that the "criminal plans" in which the defendants participated "may be traced back through many decades of German militarists." It accused them of maintaining the tradition of "German militarism after World War I" and of fostering Hitler's rise to power.

The defense claimed military men of all countries make plans for aggressive actions as part of normal planning.

Defendants Named

The 330-page judgment is expected to take two days to be read.

The defendants are:

Field Marshal Wilhelm Von Leeb, 72, accused of being active in Hitler's early plans for the invasion of Czechoslovakia, Poland, the Low countries and France.

Field Marshal Hugo Sperrle, 62, commander of the "Condor legion" in Spain in 1936 and 1937, and commander of the air fleet which bombed London in the 1940 blitz.

Field Marshal Georg Karl Friedrich Von Kuechler, 61, commander of the 18th German army in the 1940 invasion of the Netherlands, Belgium and Luxembourg, and of Russia in 1941.

Gen. Herman Von Hoth, 63, commander of the 15th motorized corps in the Polish and Netherlands invasions.

Gen. Hans Reinhardt, 61, commander of the fourth panzer division in the Polish invasion, commander of the 41st corps in the invasion of the Netherlands, Yugoslavia and Russia.

Other Invasions Planned

Gen. Hans Von Salmuth, 59, accused of being an early planner of invasions as chief of staff of army group B. He also was chief of staff of an army group during the Polish invasion.

Gen. Karl Hollidt, 38, charged with being one of the planners of the Polish and Yugoslav invasions.

Adm. Otto Schniewind, 60, commander of the North Sea fleet, accused of conferring with Hitler on the Polish and Norwegian invasions.

Lieut. Gen. Karl Von Rouques, 68, charged with killing prisoners of war.

Lieut. Gen. Hermann Reinecke, 60, principally charged with issuing orders that Russian prisoners of war be executed for political reasons. He served as a military member of people's court tribunals.

Observer In Texas

Lieut. Gen. Walter Warlimont, 54, military envoy to German troops in Spain as leader of the "volunteer corps" in 1936. Warlimont once served as a German army artillery observer at Fort Sam Houston, San Antonio, Texas.

He was accused of personal responsibility for ordering that allied commandos in Africa and Europe "be slaughtered to the last man, even if they are soldiers in uniform, armed or unarmed, in battle or flight."

Warlimont also was charged with ordering execution of "political commissars" on the Russian front.

Lieut. Gen. Otto Woehler, 54, accused of murder and enslavement of prisoners of war.

Lieut. Gen. Rudolf Lehmann, 57, judge advocate-general of the wehrmacht, principally charged with collaboration with Warlimont in drafting the "commando" and "commissar" orders.

A 14th defendant, Gen. Johannes Blaskowitz, 64, jumped to his death the day the trial opened.

Sandie Fans

(Continued From Page One)

High school classes will have a short schedule Friday, to enable all students to meet Amarillo's special train at 12:30 p. m. Students of elementary and Junior High schools who have tickets to the game and their parents' written permission to attend will not be counted absent, he said, provided they return to their respective classrooms after the noon period Friday, and are then picked up by their parents.

Both schools will conduct their traditional pre-game pep rallies Thursday. At 10:30 a. m., Lubbock High Student Body President Charles Galey and seven Westerner cheer leaders will attend the Sandies' rally in Amarillo. Cheer leaders going to Amarillo will be Joyce Worrell, Edda Lynn Cox, W. J. Blake, Mona Powell, R. L. Haggard, Nancy Ketron and Tommy Raney.

From 6:30-7:30 o'clock Thursday night, Lubbock High will stage its "Beat Amarillo" rally at the local school auditorium, with Amarillo's cheer leaders as special guests.

Daily Markets

Stock Market

CLOSING PRICES DOWN

NEW YORK, Oct. 27 (AP) — The stock market tried to snap out of a morning decline today but didn't get very far.

Closing prices were down fractions to around two points. The worst declines were trimmed, though, and some shares were pushed ahead.

Volume declined slightly with the day's total near 1,000,000 shares.

Selling was touched off by the omission of a widely-expected special dividend by U. S. Steel Corp. The steel board announced after the close yesterday that only the usual quarterly payment was authorized.

U. S. Steel lost more than two points and National Steel about as much near the opening. Part of the loss was recouped. Republic Steel and Bethlehem did well. While Jones & Laughlin had a little trouble getting back.

Also lower most of the day were Goodyear Rubber, Douglas Aircraft, Schenley, Texas Pacific Coal, Westinghouse Electric, Allied Chemical, Southern Pacific, and Pacific Western Oil.

Higher were Decca Records, Montgomery Ward, Sears Roebuck, American Can, Dupont, Owens-Illinois, Santa Fe and Commonwealth Edison.

Cotton Market

NEW YORK REPORT

NEW YORK, Oct. 27 (AP) — Cotton futures turned firm in late dealings today on aggressive mill buying which induced considerable short covering by local traders. Nearby December steadied on a reduction of 1310 bales in the certificated cotton stocks and totaled 44,213 bales. There was some transferring of hedges from nearby December to later months.

Cotton closed steady.

	Open	High	Low	Close
Dec	31.13	31.29	31.12	31.23
March	31.13	31.28	31.13	31.23
May	30.88	31.00	30.87	30.96
July	29.60	29.78	29.67	29.75
Oct	27.44	27.59	27.44	27.55

Spots closed nominal at 31.86 up 6.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 27 (AP) — Cotton closed steady.

	Open	High	Low	Close

Livestock

FORT WORTH REPORT

FORT WORTH, Oct. 27 (AP) — Cattle 4,000; calves 2,000; active, steady, some low-grade slaughter calves weak; lightweight stocker calves weak to 50 or more lower; good fed steers and yearlings 25.00-26.00; common to medium 17.00-23.50; butcher and beef cows 15.75-19.50; good fat calves 20.00-24.00; common to medium calves 15.50-19.50; stocker steer calves and yearlings 17.00-24.50; heifer calves 23.00 down; stocker steers 17.00-22.50; stocker cows 13.00-18.00.

Hogs 900, slow; butchers and sows 25.00-50c lower; pigs unchanged; good and choice 180-280 lb butchers 26.25; early top 26.75; good 140-180 lb 23.00-26.00; sows 22.00-24.50; most sales 24.00 down; stocker pigs 20.00-23.00.

Sheep 7,900; slaughter ewes steady to 25c higher; other sheep fully steady; medium and good slaughter lambs 21.00-23.00; common and medium ewes 8.00-75; good ewes 9.00; feeder lambs 19.00-18.50; feeder yearlings 15.75 down.

KANSAS CITY REPORT

KANSAS CITY, Oct. 27 (AP) — Cattle 6,000; calves 1,000; slaughter steers steady to 50 higher; heifers slow, little changed; cows active, steady to 25 higher but slowed on later rounds with advance lost; bulls steady to strong; vealers and killing calves steady; stockers and feeders unchanged; good fed steers 28.00-32.50; common and medium grass steers 21.00-24.50; common and medium cows 17.00-18.75; good and choice stocker and feeder steers 23.00-27.00; good and choice feeding heifers 22.00-23.50.

Hogs 3,100; active, steady to 25 lower top 26.25; good and choice 180-280 lb 25.50-26.00; heavier weights scarce; sows steady at 22.50-24.50; stags 21.00 down.

Sheep 9,000; slow, practically nothing sold early; bids lower on slaughter lambs, asking steady; good and choice Colorados held above 25.00.

Grain Market

CHICAGO REPORT

CHICAGO, Oct. 27 (AP) — Purchases of cash corn by the Commodity Credit corporation spurred buying in corn futures on the board of trade today.

Private trade sources were authority for the news that the CCC had bought the yellow grain, first purchases of the current crop season.

Other sections of the grain market were firm, although December wheat met some selling after reaching a new high on the current advance at $2.30¼ in early dealings. Deferred contracts held steady on official weather bureau reports of dry surface soil in Kansas and Nebraska.

Wheat closed ¾ lower to ⅝ higher; December $2.29⅝-¾, corn was 1⅛-1¼ higher; December $1.39½-⅝; oats were ⅛-1⅛ higher, December 78½-⅝.

Produce

CHICAGO REPORT

CHICAGO, Oct. 27 (U.P.) — Produce, Poultry 21 trucks, market firm. White rock springs 36, colored springs 32, young geese 33.

Butter 529,066 pounds, market weak 93 score 59½, 92 score 59, 90 score 58, 89 score 56½. Carlots 90 score 59, 89 score 57.

Eggs (Browns and whites mixed) 10,820 cases, market unsettled. Extras 70 to 80 per cent A 66 to 68, extras 60 to 70 per cent A 58, standards 43 to 51, current receipts 42 to 43, checks 35 to 36½.

Markets At A Glance

NEW YORK, Oct. 27. (AP)—

STOCKS: Mixed; steel try rally.

BONDS: Irregularly lower; selling in rails.

COTTON: Irregular; mill buying, hedging.

CHICAGO:

WHEAT: Mixed; December easy; other steady.

CORN: Firm; CCC reported buying cash corn.

OATS: Firm; helped by corn rally.

HOGS: Steady to 25 cents lower; top $26.25.

CATTLE: Firm to $1.00 higher; top $40.50.

D. B. Pope Dies

(Continued From Page One)

in business affairs, however, and was at his accustomed post in the store yesterday.

Store To Be Closed

It was announced that the store, located at 1111 Broadway, would be closed today and tomorrow.

Funeral services are to be held Thursday afternoon at 2:30 o'clock at St. John's Methodist church, Fourteenth street and Ave. X, with Rev. Alsie H. Carleton, former pastor, now pastor at Big Spring, officiating, assisted by Rev. H. H. Bratcher, pastor.

The body is at Sanders Funeral Home, where it will lie in state Thursday until time for the service.

Survivors are the widow, Mrs Lynn Pope; a daughter, Carol Lynn; two brothers, Ernest T. of Lubbock, and Lee T. of Amarillo; and three sisters, Mrs. Rex Sullivan of Quanah, Mrs. Willard Bumpass of Midland, and Mrs. Kennon Hillyer of Houston.

VEGA WOMAN KILLED

AMARILLO, Oct. 27 (AP)—Mrs. L. A. Linger, 63, of Vega, was fatally injured last night when she alighted from a bus in Vega and was struck by an automobile.

IN CAPSULE FORM
News Briefs

John W. Estes, assistant regional office Veterans administration contact officer, was guest speaker at today's luncheon of the Lubbock Exchange club at Hotel Lubbock. Estes spoke on the VA disability claims program, pointing out the advisability of prompt establishment of all service-connected disability claims. He was introduced by Ted Goldsby, program co-chairman, who also briefly discussed the Exchange club's part in the Community Chest campaign. Approximately 40 members attended the luncheon.

Senate Probe

(Continued From Page One)

Stevenson's request for a Senate investigation.

Democratic Senator Myers of Pennsylvania made the charge in Washington. He accused his GOP colleagues of using the Senate subcommittee on elections improperly to serve their own ends.

Investigators of the campaign-policing group came to Texas in response to Stevenson's charges of false returns in certain south Texas counties.

The investigators collected ballot boxes yesterday in Jim Wells, Duval, Zapata and Starr counties.

Complete Check Asked

Meanwhile, Johnson, who defeated Stevenson by 87 votes out of nearly a million, demanded that the Senate check the ballots of every Texas county, if it checks any.

Myers, a member of the subcommittee, echoed this, Stevenson, who has thrown his support to Republican nominee Jack Porter, said he would welcome "the fullest possible investigation of the entire election."

Myers said he was not consulted before investigators were sent to Texas, New Mexico and Oklahoma. Republican Senator Jenner of Indiana is chairman of the subcommittee, and Republican Senator Bricker of Ohio is the other member.

Myers said the investigations were not authorized because the committee has not met in recent months.

Political Smear Charged

Myers criticized Jenner for sending investigators into New Mexico and releasing an investigators' report that former Oklahoma Governor Robert Kerr spent $59,000 more than the law allows in winning the senatorial nomination from that state.

He called the report on Kerr a "dressed-up political smear." Myers said the committee had promised non-partisan action, and added:

"It is interesting, in view of that, that the investigations now underway are exclusively into Democratic contests."

In Alice, Tex., yesterday, Arthur E. Broer, the committee's chief investigator, subpoenaed Jim Wells County Clerk C. H. (Hap) Holmgreen to produce all ballots used in that primary in the August primary.

He went on to Duval county to issue a similar subpoena to the county clerk. He subpoenaed other election records from the Duval county Democratic secretary.

Vote Records Missing

B. F. (Tom) Donald, former secretary of the Jim Wells county committee, had already given Broer records of the primary.

However, they did not include the records of precinct 13, where Stevenson charges about 200 votes were fraudulently added to Johnson's total.

Luis Salas, who resigned Monday as election judge of precinct 13, testified at a hearing before a federal investigator several weeks ago that the records were stolen from his car. He said both his and Donald's records were stolen.

Investigator Joseph Langan was reported to have seized ballot boxes, tally sheets and poll lists in Zapata and Starr counties.

In Washington, committee aides said Jim Hogg county had been added to the investigation.

Johnson's demand was in a letter to Senator Brooks (R-Ill), chairman of the committee on rules and administration.

Johnson said that in connection with his request that all counties be investigated, he wanted to point out local election contests, changes made in returns and other things which might have affected the vote. He said these counties were Dallas, Harris, Galveston, Brown, Eastland, Wharton, Chambers and Clay.

Security Pact

(Continued From Page One)

over the whole situation with the winning side so that further negotiations with the Europeans can be guided exactly by what the next administration will support.

The basis for the work already done by Secretary Marshall, Under-secretary Robert A. Lovett and other State department officials was laid by the Senate last spring.

It adopted a resolution sponsored by Chairman Vandenberg (R-Mich) of the foreign relations committee advocating the "Association" of the United States with other nations when that would advance this country's security.

John Foster Dulles, Dewey's foreign policy adviser, helped write this resolution along with Vandenberg, Marshall and Lovett.

In general the alliance is planned as a regional defense arrangement, under the United Nations charter, along the line of the 1947 inter-American defense system which provides for common security action in the western hemisphere.

The expectation here is that the new treaty eventually will cover not only the five western European union countries but also Italy, Norway, Denmark, Iceland and Portugal.

Thus it would embrace not only the nations which might become directly involved in a war with Russia because of their locations in Europe, but also those nations controlling the North Atlantic sea and air routes.

DANCING IN PLAZA—A Polish folk dance is performed in Rockefeller Plaza, New York, as part of a program during the city's observance of United Nations Week.

"Straw Vote"

(Continued From Page One)

ter which ticket they personally prefer—have gone on record to date as forecasting election of Thomas E. Dewey as President and Earl Warren, as Vice President. Those anticipating a Dewey-Warren victory are divided as follows:

REPUBLICANS	92
STATES RIGHTS	80
DEMOCRATS	30
WALLACEITES	2

Those anticipating a Truman-Barkley victory are divided as follows:

REPUBLICANS	0
DEMOCRATS	50
STATES RIGHTS	0
WALLACEITES	0

Six States Rights Democrats, 20 Truman supporters and four Wallaceites refused to vote to give an opinion on the outcome of the election.

The remaining seven have no Republican ticket other than that of Dewey-Warren. Democrats leaving the Truman-Barkley camp in appreciable numbers. Seventy of the 86 States Rights supporters list themselves as Democrats; eight profess no party connection; eight list themselves as "independents." Among those voting for Dewey-Warren, 56 list themselves as Democrats, 26 as Republicans and eight boast complete political independence. Eighty-six of the 94 supporting Truman-Barkley list themselves as Democrats; eight did not list a party connection. Two of the Wallaceites list themselves as Democrats; two listed no party affiliation.

The two outstanding "surprises" in the first count of the "straw votes" were (1) The strength of the Thurmond-Wright backers in this area—more-or-less not believed to be especially strong, and (2) the failure of the Truman-Barkley ticket to take a longer lead in a section normally Democratic by 10-to-1 or more and, at times, strikingly "New Dealish."

No ballots except those clipped from Avalanche-Journal papers are being counted, no votes are accepted by telephone. Ballots bearing such notations as "this stands for two votes" are counted as only one vote.

The "straw vote" will be continued through Friday in Avalanche-Journal and the outcome will be announced in Sunday's Avalanche-Journal.

Youth Dies

(Continued From Page One)

Mr. and Mrs. Jeff Stewart of Lubbock, four sisters, Mrs. Beulah Sheets and Hazel Ann Stewart, both of Lubbock, Mrs. Loraine Smith of Idaho, and Mrs. Mary Helen Riggs of Levelland, a brother, Garland of Lubbock, and a nephew, Ernest Carl Lieshe, of Lubbock.

The first 1948 Lubbock traffic fatality occurred Feb. 23, when a negro was killed at East Nineteenth and Ave. D. On July 17 a six-year-old girl was fatally injured in the 2600 block on Maple when her bicycle collided with a truck, and on Sept. 4 a 38-year-old minister was killed when his automobile and a train were in collision at the Ave. A railroad crossing on Fifteenth.

Rehearing Denied In Negro School Issue

AUSTIN, Oct. 27 (AP) — A Houston negro today lost what likely will be his last state court effort to force admission to the University of Texas.

The state Supreme court denied Heman Marion Sweatt's motion for rehearing of the case in which it ruled against his plea for a writ of mandamus compelling university officials to admit him.

While the Supreme court does on occasions consider second motions for rehearing, Sweatt's attorneys have indicated they would likely next appeal to the U. S. Supreme court.

Navy Day

(Continued From Page One)

[illegible] Navy day got [illegible] Armed forces [illegible] the various military [illegible] on display at the naval [illegible] Newport, R. I.

The Birmingham meeting was one of several as the nation paid tribute to the Navy on the 173rd birthday. Warships were on display in many [illegible].

More than 150 [illegible] were opened to visitors [illegible] the Army and Air Force in reporting latest naval developments designed to strengthen the global defense role of this country's sea forces.

In some 1,500 communities patriotic and civic groups scheduled special ceremonies commemorating that day in 1775 when the founding fathers laid the basis for today's powerful armadas — a bill put before the Continental Congress to make ships available for the defense of the colonies.

NEW TRAINING CENTER IS INSPECTED HERE

Observance of Navy Day in Lubbock was confined to public inspection of the new Naval Reserve Training center completed recently on the Texas Technological college campus.

More than 100 persons had visited the armory by noon and they were uniformly complimentary of the building, said Lt. R. L. Gills, USN, inspector-instructor stationed here.

The men stationed at the armory were dressed in blue uniforms for the day. Today was the first opportunity for public inspection of the building, built at a cost of $150,000 and containing equipment valued at more than $750,000.

Ex-Mexican League Player Sentenced

DALLAS, Oct. 27. (AP)—Bonnie Clinton Serrell, ex-Mexican league baseball player, was fined $1,000 yesterday and sentenced to three years in prison for draft evasion in 1945.

Federal Judge T. Whitfield Davidson probated the sentence for two years.

Serrell played in Mexican league games in and near Tampico. He was arrested by immigration officials last week at Laredo.

TO START TYPING EARLY

LOS ALAMOS, N. M. (UP)—Children in the Los Alamos public schools will get an early start this year in learning to typewrite. A course in the use of typewriters and adding machines is on the schedule for fourth and fifth graders.

In preparing deviled eggs often a few teaspoons of vinegar or lemon juice added along with the mayonnaise and other seasonings will do a lot to pep them up.

Pen Sentence

(Continued From Page One)

said.

A minimum fine of $100 and county court costs were assessed against Nues Richard Thompson, about 26, Lubbock county man who allegedly had 54 cases of beer when arrested by officials of the liquor control board. County Attorney John Steele said he recommended a fine of $500 and costs. It was a first offense, Thompson informed the court.

Car Struck Truck

Heath, police said, suffered lacerations of the head and numerous bruises when his car struck a parked truck at 2:45 a. m. at 200-block East Broadway. Officials said Betty Wilson, of Tulsa, was with him in the car and that she was treated at a hospital for a cut over the left eye, a broken right foot, a slashed middle finger of the left hand, and bruises. They were taken to the hospital in an ambulance, officials said.

Fenner skirts and hun caps, total value $22, were reported stolen from Charles Armstrong of dormitory 4 at Texas Tech.

Ronald Mason of 2714 Second said his bike, valued at $25, had been stolen.

The sheriff's office at Littlefield said that a gray 1940 Chevrolet sedan, license AM 9061, had been stolen there, it was reported Tuesday night.

A bike, valued at $30, was reported stolen from G. M. Welch of 2609 Thirtieth street, the theft occurring in 1000-block of College avenue.

Swisher Case

(Continued From Page One)

mechanical failure of his automobile.

The judge's charge to the jury instructed it to find Long guilty if it found beyond a reasonable doubt he was intoxicated, or to find him innocent if he were not intoxicated, court records showed.

"Intoxication at the time and proof by the state . . . that there was a death will not in that abstract form support a conviction. . . . Death must be the result of the intoxication," the appeal court's written opinion said.

Friday Deadline For Voting In Absentia

County Clerk Louie F. Moore this afternoon reminded the public that Friday is deadline for absentee voting.

He said that 129 ballots had been mailed in his office and that 186 ballots had been mailed.

Congratulations To

Mr. and Mrs. L. C. Bomer of Lubbock on birth of a daughter weighing 7 pounds 4 ounces at 8:45 p. m. Tuesday in Lubbock Memorial hospital. The father is employed by Ponca Wholesale Mercantile company.

Mr. and Mrs. J. D. Turner of Lubbock route 7 on birth of a daughter weighing 6 pounds 11 ounces at 1:55 a. m. today in West Texas hospital. The father is a carpenter.

Mr. and Mrs. David Glassman of 7312 Ave. T on birth of a son weighing 6 pounds 3 ounces at 9:07 a.m. Tuesday in West Texas hospital. The father is employed at Stein's.

Mr. and Mrs. Merle Shaffer of Abernathy on birth of a daughter weighing 7 pounds 12 ounces at 11:55 a. m. Tuesday in West Texas hospital. The father is an oil field operator.

Mr. and Mrs. B. J. Tilger of 1621 Twenty-second on birth of a daughter weighing 8 pounds 9 ounces at 11:40 p. m. Tuesday in West Texas hospital. The father is a Tech student.

Mr. and Mrs. J. L. Erwin of Veterans village on birth of a son weighing 6 pounds 13 ounces at 10:40 a. m. today in West Texas hospital. The father is a Texas Tech student.

Mr. and Mrs. W. B. Nesbit of 2330 Fifteenth on birth of a son weighing 8 pounds 1 ounce at 9:21 a. m. today in West Texas hospital. The father is a Texas Tech student.

Abilene Rites Set For Pioneer Texan

FORT WORTH, Oct 27 (AP)—Funeral services will be held in Abilene tomorrow for William Young, 90, one of Abilene's early merchants and retired oil company salesman.

He died here yesterday at the home of his daughter, Mrs. Lee S. Henry.

Young came to Fort Worth in December, 1945, after having made his home in Abilene for 62 years.

In 1883 he left Sherman for Abilene and established a mercantile store there. Later he operated stores in Tuscola and Dickens.

He disposed of his business in 1907 and became a salesman for the Texas Co. He had traveled in West Texas before his retirement about 15 years ago.

GOP Spree

(Continued From Page One)

after the election before Harry S. Truman will be one of the most popular men in the country.

The customers can be pretty fond of a loser, especially if he goes down slugging. The word around the political grapevine is that if Mr. Truman is licked he'd like to go back home and run for the Senate.

Republican strategists are so sure they have the White House in the bag that they are doing most of their figuring right now on the Senate. The realists are reconciled to a loss of a few Republican seats in the House of Representatives. But there is small chance that the Democrats will be able to take over there or even seriously cut into the Republican majority.

GOP Margin Thin

Republican trouble awaits in the upper house. There is no chance whatever of the Republicans coming out of this election with a so-called working majority of the Senate. Working majority is a loose term meaning a sufficient bulge to guarantee that the Senate will do what its majority leaders want it to do. A majority of eight to 10 would be about right for that.

But the GOP does not have that kind of majority right now and it is pretty sure to be worse off after this election. In 1946 the country swung to the Republicans in a general election which gave that party control of both houses. The Senate margin was thin. The score: Republicans 51; Democrats 45.

Oklahoma Loss Seen

Of their small margin, the Republicans next Tuesday are pretty sure to lose a seat in Oklahoma Republican losses in Minnesota and West Virginia are likely. In Iowa, Wyoming and Kentucky, Republican Senate candidates are having serious trouble. If the Democrats can make a net gain of three seats the standing in the Senate of the 81st Congress will be: Republicans 48; Democrats 48.

If there is a popular vote landslide for Dewey—which does not seem likely—the Republicans might offset some or all of their Senate losses among these states: Colorado, Oklahoma, New Mexico and Tennessee.

But the best the GOP hope for is just barely to maintain Senate control.

VA Officials Hold Two-Day Session

Approximately 40 training specialists and facility specialists of the Veterans administration are in Lubbock for a two-day in-service clinic conducted by Eldon F. Fuller, Vocational Rehabilitation and Education chief.

Field personnel from El Paso, Amarillo, Abilene, San Angelo and Big Spring are attending the clinic, Robt. W. Sisson, regional manager, said this morning. Sessions are being conducted at the Hilton hotel.

VA officials from the Dallas branch office who are to appear on the program are: Roy Whisenhunt, chief, advisement and guidance division; V. B. Watson, chief, education and training division; Dr. Fred Bearden, M. D., chief outpatient division; and C. L. Covington, chief, training facilities division.

They will give talks in addition to talks by staff members of the VR & E division of the local VA regional office, together with panel discussions and question and answer sessions.

Gideons

(Continued From Page One)

few weeks ago.

With a membership of 13,000 or more in the United States and Canada, the Gideons have grown from a small beginning. At the O. L. Slaton program Ericson reviewed their history briefly.

History Is Reviewed

In 1898 two traveling men were forced to share a hotel room in a small Wisconsin town. One, having promised his mother to read a passage from the Bible each night, did so and found his companion to be interested in the Bible also.

They discussed forming an organization of Christian traveling men, and agreed to call a meeting for that purpose to be held at Janesville, Wisc.

However, when the meeting was held, only three men were present. They were John Nicholson, Will Knight and Sam E. Hill. After prayer they took the name of "Gideons" from the Book of Judges.

For ten years they distributed folders before they were able to purchase and distribute Bibles.

Symbol On Cover

Each Gideon Bible is distinguished by the symbol of the Gideons on the cover—a pitcher with a flame, taken from Judges 6-7. There is no other difference between it and any other King James version.

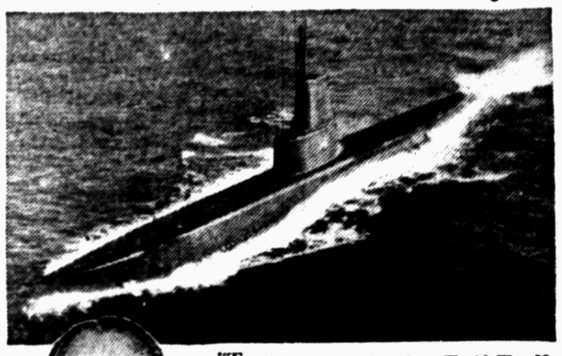

The Gideons have distributed more than 2,500,000 Bibles and 9,000,000 New Testaments during their history.

Other officers of the Lubbock camp are A. L. King, vice president; L. C. Ellis, treasurer; O. D. Peden, chaplain; A. N. Gamble, church assignment secretary; W. L. Hester, associate church assignment secretary; Troy Edwards, Bible secretary; and J. C. Leech, associate Bible secretary.

Present at the O. L. Slaton school ceremony were Ericson, Burnett, King and Gradie Bownds.

Atomic War With Astounding Weapons Declared Inevitable

SAN FRANCISCO, Oct. 27 (INS)—Airplane Builder Glenn L. Martin predicted today that an atomic war with "astounding weapons is "inevitable."

Martin said in San Francisco that the war will be fought between the Democracies and Russia and will last only about sixty days with the more mobile force victorious.

Martin declared:

"I can't go into detail because military security is involved but the recent development in our guided missiles, electronics and atomic programs is to say the least astounding."

The pioneer flying boat builder said that the "radioactivized rain cloud"—of which he spoke several months ago in an eastern interview—is "even potentially greater than the atomic bomb."

Martin said he reluctantly predicted a new war "because even though I detest war as much as any other sensible person, there are some who insist on calling me a merchant of death because I build planes."

In regard to Russia, he said:

"Stalin's whole future is based upon aggression. He can't back down. It is impossible to come to a meeting of the minds with a people determined upon aggression. We have given up hope."

He claimed that Russia in addition to a big air force including guided weapons has 300 submarines "all coated with rubber to prevent detection by radar."

Coroner Rules Death Suicide

AMARILLO, Oct. 27 (Special)—A coroner ruled late Tuesday that Bennie Herbert Crawford, 26, former Floydada and Lubbock resident, took his own life in front of an Amarillo funeral home early Tuesday morning.

Crawford was found shot to death, a bullet wound through his chest, at 1:45 a. m. Tuesday on the sidewalk of a Ninth street funeral home here. A 44-40 revolver lay nearby.

Following an investigation by Texas Rangers and police, Justice of the Peace Ivy Wilkinson returned a verdict of death from a self-inflicted gunshot wound.

In Ill Health

Funeral services were held Tuesday afternoon in Floydada.

Crawford ,unmarried, was an employe at the Amarillo veterans hospital for the last nine months. Previously, he was a postal clerk at Lubbock. Before moving to Lubbock, he lived on a farm near Floydada. Relatives told Amarillo officers he had been in ill health since his discharge from the U. S. Army Air force, where he served as a sergeant.

Survivors include the parents, Mr. and Mrs. S. M. Crawford, Floydada; four brothers, Russell H. of Floydada, E. E. of Fort Worth, H. B. V. of Brownfield, and Roy of Daugherty; and three sisters, Mrs. A. L. Sparks of Floydada, Mrs. M. B. Brooks of Whiteface, and Mrs. Earl Crawford of Floydada.

Feminine Attempt To Get In Barbershop Group Falls Flat

CHICAGO, Oct. 27 (INS)—An ex-Powers model's attempt to add a feminine note to barbershop quartet singing fell flat today.

Chicago Judge Frank M. Padden dismissed the suit against the Society for the Preservation and Encouragement of Barbershop Quartet Singing in America on his own motion as "frivolous."

The judge added that he was considering holding Miss Patricia Vance, head of a modeling school, in contempt of court.

Admittance Sought

Miss Vance sought to compel the society to admit her and three friends as members.

Judge Padden's order read:

"It appears that this cause is frivolous and an abuse of judicial procedure and practice. It is ordered that this case be dismissed for want of equity."

Miss Vance was not in court and not immediately available for comment. Her suit was prepared and filed by herself.

Woman Complains

In it she complained that the society set itself up as a "strictly male organization and frowns upon the entry of the opposite sex." She charged its refusal to admit her and her friends "is a matter of bias and amounts to discrimination by men against women."

The judge's order restored harmony to the male singers who had loosed a loud lament at the suit. They considered Miss Vance's petition a threat to their last all-male stronghold.

Well Tested In Scurry County

American Republics Corporation No. 1 Koonsman, 15 miles northeast of Snyder, in northeast Scurry county, and 2,115 feet from north and 3,290 feet from east lines of section 240, block 2, H & TC survey, took a one hour drillstem test at 7,424-46 feet.

There was a slight blow of air for a part of the period. Recovery was five feet of very slightly oil and gas cut drilling mud. There were no signs of water.

The venture will drill 330 feet deeper and try another drillstem test.

No Indications

Top of the Ellenburger is called at 7,410 feet. Derrick floor elevation is 2,172 feet. That formation has not shown any indications of production up to now.

McAlester Fuel Company, No. 1-A Gesell, southwest Scurry County venture, six miles southwest of Snyder, and 662 feet from north and 2,080 feet from west lines of section 154, block 97, H & TC survey, ran a 42-minute drillstem test in the Ellenburger at 8,050-81 feet.

No Show Of Oil

Recovery was ten feet of drilling mud, with no shows of oil, gas or water. The exploration is making more hole.

Seaboard Oil Company of Delaware No. 2 Lee, slated 10,600-foot venture, in southeast Dawson county, 15 miles southeast of Lamesa, and 440 feet from north and east lines of section 47, block 34, TP survey, T-5-N, had reached 10,256 feet in lime and shale, and was drilling ahead.

Up to now it has not reported having encountered any possibilities of petroleum production.

Boy, 5, Victim Of Cancer, Is Having Christmas Every Day

VINTON, Ia., Oct. 27 (AP)—Five-year-old Richard Sanquist, deprived of his sight by cancer and expected to live only a short time is having Christmas every day.

Plans for a special Christmas party for the stricken child of Mr. and Mrs. George Sanquist have been abandoned. Mrs. Sanquist said last night, because she doesn't know how long Richard will live.

Meanwhile, Mrs. Sanquist said she would "make every day Christmas." Any presents for Richard, whom she described as a "game little guy," will be given him when they are received.

Among those desiring to send the little boy something was Larry Valenta, 9, of nearby Cedar Rapids. Larry heard a radio broadcast that Richard's fondest wish was for a train. He said he was going to send his favorite train to the Vinton boy.

Plans Underway For Idalou Legion Post

IDALOU, Oct. 27 (Special) — Organization of an American Legion post at Idalou got underway here last night with 25 area World War I and II veterans attending a meeting at which it was decided that application would be made for a temporary charter.

The meeting was held in the Community clubhouse. T. A. Thigpen, 19th District Commander from Big Spring, presided. A group from Lubbock assisted the Idalou veterans in their organization plans. Officers of the new Idalou post will be named at a later date.

Those attending the meeting from Lubbock included J. R. Egan, commander of the Allen Bros. post at Lubbock, H. J. Kendrick, Ches Hubbard, Sid A. Lowery and Floyd Lebow.

Negro Youth Proves Popular As Preacher

CHATTANOOGA, Tenn., Oct. 27 (AP)—A 12-year-old Negro, son of a barbershop porter here, is receiving invitations to preach from churches all over the country. He is Howard Chubbs, a student at junior high school. His parents are Mr. and Mrs. Elijah Chubbs.

The child preacher has delivered sermons at Knoxville, Tenn., Cleveland, Ohio, and Indianapolis, Ind. W. W. Taylor, pastor of the Westside Bantist church, where the youth is a member, says he receives daily requests from many cities for the boy to preach.

Sonny Wisecarver Surrenders To Law

LOS ANGELES, Oct. 27. (AP) — Ellsworth (Sonny) Wisecarver, 19, is in jail today after voluntarily surrendering to clear himself with the law.

Romantically-inclined Sonny escaped from a California youth authority camp at Ione more than two years ago. He became a ward of the youth authority after running away twice with married women before he was 17.

Wisecarver and his wife, Betty Zoe, 18, have been living in Las Vegas, Nev. They arrived here Monday and the handsome lad immediately gave himself up to sheriff's deputies. He said he and Betty want to live here.

When he was 14, Sonny eloped with Mrs. Elaine Monfredi. Their marriage was annulled. One year later he ran off with Mrs. Eleanor Deveny.

Cardiff, Wales, now has 1,000 jobs waiting for juveniles.

If Your Nose Fills Up—Spoils Sleep

Four-Year-Old Mystery Solved As Two Bodies Are Recovered

SEATTLE, Wash., Oct. 27 (INS) —A four-year-old mystery that led to an international search was solved today with the recovery of the bodies of two undertakers who disappeared without a trace.

They were John F. Hennessy and Earl J. Cassedy, who disappeared on the night of Nov. 24, 1944. After drinking heavily, they had left a party at a friend's home to get cigarettes.

Their bodies were found in Hennessy's car at the bottom of the Lake Washington ship canal, 30 feet deep. The same spot had been dragged twice during the search.

The pair had been sought in Canada, Mexico, New York and at intermediate points.

Dragging equipment hooked the car today as harbor police searched for the body of a woman who may have committed suicide Sunday.

The bodies were identified by wallets in clothing on the bodies, both badly decomposed.

Mrs. Hennessy also helped identify the bodies. Called while the car was being raised, she said:

"If there's a bowling ball inside, it's the car."

Bowling Ball Found

The first thing detectives found when they opened the rusted door was a bowling ball.

The car was found at the end of a dead end street eight blocks from the scene of the party. It was believed that Hennessy, who was driving, tried to turn around and backed too far — into the canal. The ignition switch was on, the hand brake was off and the gear shift was in reverse.

At the time authorities believed the undertakers had been murdered for $260 they had with them.

Tech Testing Yields Of Tomato Varieties

Complaints in Lubbock about the lack of yield from tomato vines have been heeded by Texas Technological college, and 10 varieties are now being tested on the college farm in an attempt to discover the proper type for this climate.

Reports on the tests so far indicate that only a few varieties will give an appreciable yield in this climate before the middle of August, but all types being tested have shown a tendency to increase their yield later in the year.

Dr. A. W. Young, head of the plant industry department, has announced that as soon as the tests have advanced far enough to provide comprehensive information a complete analysis of yield and quality will be released.

Father Finds Youth In Army After Long Nationwide Hunt

CAMP BRECKENRIDGE, Ky., Oct. 27. (AP)—Henry Edelson of Seattle found his missing 18-year-old son, Danny, in an army camp here today after a weary, two and a half year nationwide search.

The reunion took place when "Darrell Dane," a brown-haired, brown-eyed military policeman threw his arms around his father's shoulders and wept.

"Darrell Dane" was Danny, who had left home in Seattle March 9, 1946. He enlisted in the army in Chicago and served 14 months in Korea. He returned to his country five months ago.

Today's reunion was the result of eight days work by members of the Chicago Tribune staff and 5th army authorities. It culminated six crossings of the United States by the senior Edelson, who said he spent more than $4,000 in searching for his boy.

"I honestly can't say why I didn't write the family," Dan said. "I started dozens of letters, but never got one finished. I didn't know anything about the search. I'm awfully glad my dad found me. And it would be wonderful to see the rest of the family again."

The senior Edelson said he was "not interested in trying to get Danny out of the army."

NO SERIOUS INJURIES

HOUSTON, Oct. 27 (AP) — A Dixie Trailways bus overturned and burst into flame half a block from an intersection where it was in collision with a truck here last night, but no serious injuries were reported.

Mexico City has raised streetcar workers' wages—and streetcar fares.

PUSHING NEW CHURCH—Everybody is helping to build the new $30,000 home of Seventh Day Adventist church at Tenth street at Ave. .. When the photographer stopped by he caught Karl A. Robinson, the architect, left, conferring with C. D. Elliston, center, chairman of the church building committee, and L. F. Webb, the pastor, right, as they pored over blueprints. Mr. Elliston and Mr. Webb are devoting much of their time to working on the building, as are other members of the congregation. (Staff Photo).

Hospital To Open Annex

A maternity annex to Lubbock Memorial hospital, just completed at a cost of $115,000, will be opened for operation Thursday morning, hospital authorities announced Tuesday afternoon.

The new building is joined to the existing hospital by enclosed ramps and includes all facilities for a modern air conditioned maternity department, with 20 beds. The additional beds bring total bed capacity of the hospital to 140.

Its location at Thirteenth street and Ave. M has been arranged so that, when the hospital builds a contemplated building on Nineteenth street, the maternity annex can be converted to business or office use.

Dr. J. T. Krueger is president of the hospital, Dr. Ben B. Hutchinson is vice president, C. E. Hunt is administrator, J. H. Felton is business manager.

Each patient's room is provided with individual coat closets and private toilet. At the east end of the building is a large nursery with glass wall between nursery and corridor. A separate premature nursery, with incubators, is provided. A complete milk formulae room and an examination

$170 In Prizes Will Be Given Winners

Downtown Hallowe'en Parade Is Slated On Saturday Night

A total of $170 in cash awards will be given to individuals in the Hallowe'en parade to be conducted Saturday night in Lubbock.

The parade will start at 7:30 p. m. at the Sears Roebuck & Co. parking lot, 1625 Thirteenth, and will finish at the same place after going through downtown Lubbock.

Civic Groups Sponsor Event

The parade will be sponsored by the Rotary club, Lions club, American Business club, Junior Chamber of Commerce, Kiwanis club, Exchange club, Optimist club and the City Recreation department.

Awards will be given to individuals with funniest and most original costumes and to the best character. Prizes, all individual awards will be: First, $25; second, $20; third, $15; fourth, $10; four prizes, $5 each; 12 prizes, $3 each; 12 prizes, $2 each, and 20 prizes, $1 each.

To participate for prizes, participants must wear a costume that will enable them to march up steps and across the stage without assistance from anyone, the recreation department announced.

Party Suggestions Available

Prizes will be given immediately after the parade ends. There will be two stages, one for contestants to march across and one for judges. All contestants will be given numbers as they start across the stage and will hold the numbers so judges can see them. Winners will be picked by numbers instead of names.

The recreation department has offered to make suggestions for games appropriate for Hallowe'en to anyone planning to sponsor a Hallowe'en party before or after the parade.

"I would like to suggest that parents go all out in helping children celebrate Hallowe'en. I believe that this is one night in the year that parents should give over completely to their children and by doing so, will also have fun," said A. C. Hamilton, superintendent of the City Recreation department.

Judges for the parade will be Mrs. Alfred Crosby, Mrs. W. H. Tinney and Rev. D. L. Zacharias.

APPLE TREE AMBITIOUS

SOUTH BEND, Ind. (UP) — A young apple tree at the Francis Weber home here got a head start this year. The four-year-old sapling bore its first apples in July, shed its leaves in August and had a second blooming late in September.

Jury Assesses Duty 7 Years In Trial Here

A recommendation of seven years in the state penitentiary was made by a 72nd district court jury that reported at 10:15 p. m. to Judge Dan Blair in the murder trial of Hildred Milton Duty. Pat Nix was foreman.

Defense counsel—Robert Porter and Grady West—announced they would make formal motion for a new trial.

The jury received the case at 7 p. m. Both the state and the defense had closed their cases at 3:52 p. m. Judge Blair announced at that time his jury charge would be ready within 10 minutes for objections of sides.

Duty Takes Stand

He commenced reading the charge at 5:12 p. m., and arguments, an hour to the side, followed. Assistant District Attorney A. W. Salyars opened for the state, and District Attorney Lloyd Croslin closed. Porter opened for the defense, West closed.

The 28-year-old defendant took the witness stand a few minutes before the defense rested. He related that he had shot twice at James W. Hickman, 55, railroad yardmaster, the night of July 19. He said he did so after Hickman had followed him. He said he was afraid of Hickman, with whom he had had trouble several months. He testified he had seen the glint of an object in Hickman's hands immediately before he shot.

Girl Tells Of Threats

Oleta Hickman, daughter of the dead man, was called by the state as a rebuttal witness. She testified that she had "gone with" Duty, a taxicab driver, for a brief while but had told him she would not continue to do so. Thereafter, she said, Duty persistently telephoned her, honked the horn of his car and placed insulting signs on the lawn of her parents' home at 2701 Thirty-first. He also threatened her and other members of her family, she said, in case she did not continue her association with him.

At the afternoon session of court, the defense also called Cecil Dickey and W. C. Johnson, police patrolmen, and two reputation witnesses, R. E. McDaniel and W. E. Bass. The patrolmen testified they had arrested Hickman March 14 and that he had paid a fine for illegally carrying a pistol. Duty was arrested the same day and charged with a similar offense, it had been testified earlier by witnesses both for the state and the defense. One of the reputation witnesses said on cross-examination of the state that he knew that Duty had served a Texas penitentiary term and a California jail sentence in other years.

The state rested its case at 11:15 a. m.

The defense had presented two

DOCTORS' WIVES HELP IN PROJECT—The auxiliary of the Lubbock-Crosby County Medical society is helping prepare for the Christmas seals sale of Lubbock County Tuberculosis association by placing seals and letters in envelopes. Three members of the auxiliary are pictured above as they worked at association headquarters. Left to right, they are Mrs. Ben B. Hutchinson, chairman of the project, Mrs. Herbert C. Maxwell and Mrs. F. B. Malone. The auxiliary will place seals and letters in between 15,000 and 16,000 envelopes. The letters will be mailed to Lubbock county residents about Nov. 22. (Staff Photo).

JONES CLAIMS DEBUNKING PRACTICE DANGEROUS

West Texas School Administrators Attend Association Dinner Meeting Here Tuesday

School administrators from a wide area of West Texas attended a dinner meeting of the administrators section of the West Texas Teachers association in Hilton hotel Tuesday night. Fred Miller of Abernathy, president of the section, presided at the gathering.

G. E. Dawson of the Lubbock Public schools gave the invocation. Miller introduced Dr. Doyle D. Jackson of the Texas Tech college faculty, president of the West Texas Teachers association, who introduced as principal speaker Dr. E. N. Jones, vice president of Texas Tech.

At the outset, Dr. Jones pointed out that one million years ago (that date being taken arbitrarily) man had not developed conscience, but had the ability to develop lethal weapons.

It has been only within the past 5,000 years, he continued, that man has possessed this thing called conscience, so that, in effect, man has worked at the practice of killing his fellow men much longer than he has worked at getting along with them.

Real things, such as conscience, Dr. Jones went on, frequently are the most difficult to describe. Democracy, a very real thing, hence is difficult to define.

"We have in this country a problem that is greater and more real than confronts a totalitarian country," he said, for in this country a teacher attempts more freely to lead out and "lead up" his or her students.

That problem, the educator declared, is the practice of "debunking." Back in 1913, a historian named John Beard, though he did not realize it at the time, began an "undermining" movement which has developed since that time to the point where our regard for Democracy and its principles and heritages have been weakened, and our sense of security under Democracy has been undermined.

Often Carried Too Far

John Dewey, American philosopher, educator, and psychologist was one of a number who was affected by Beard's debunking movement, and his writings, as well as his contributions to the "new pedagogy" reflect this influence. His experimental school forms were widely copied in European and Asiatic educational programs, including those of Russia.

Thus, Dr. Jones pointed out,

See SCHOOL MEN Meet, Page 7

Trustees Okay Bond Proposal

Formal endorsement of a proposed $1,250,000 school bond issue, to alleviate seriously crowded conditions in Lubbock Public schools, was given by members of the Lubbock Independent School district board of trustees, meeting in regular session last night in the school business office at 1007 Texas avenue.

The board went on record as approving plans for the issue after W. H. Evans, chairman of the board's building committee, outlined immediate needs of the school system, far outdistanced by the rapid increase in students. Should the necessary petitions be signed and approved the election on the proposed issue would probably be held Dec. 4, the board said.

Action on the bond issue, highlighted the board session, which also saw one of the schools in the system named for a Lubbock pioneer educator, the late Pettus F. Brown.

The committee, composed of Evans, Glenn Woody and E. J. Parsons, have been considering the building needs of the school system for some time, and concluded that the following were needed immediately: A 12-room school in northwest Lubbock; a 12-room school for negroes; an 18-room school on East Broadway; additions to Cottage school; a cafeteria and remodeling at Carroll Thompson Junior High school; and renovation and additions to several other schools in the system. Also needed, of course, would be money to purchase additional school sites for the proposed new school buildings.

To Start Petitions

Petitions for the school bond issue will probably be in circulation within the near future, after interested groups and organizations have been contacted on the subject, it was indicated.

The school board also took action at last night's meeting on the naming of the new elementary school being constructed at Thirty-sixth street and Ave. W. It was officially named the P. F. Brown, school, in honor of "Judge" Pettus Franklin Brown, pioneer Lubbock county school teacher, second Lubbock county judge, former county school superintendent and a noted churchman. "Judge" Brown died Oct. 16 at the age of 85.

The action was taken after consideration of a number of petitions suggesting possible names for the school.

L. O. Neal and Troy Peoples, appeared before the board on the both of the local electricians union, matter of monetary compensation to the school district for class-

Many Questions Will Be Asked When Greece Aid Is Proposed

By L. S. CHAKALES
Associated Press Staff Writer

There are going to be a lot of questions asked when the 81st Congress gets a proposal to dip into the till for an additional two to three hundred million dollars for Greece.

The congressmen are going to ask why President Truman and Ambassador Grady reported opposite results in Greece within a few days of each other.

Ambassador Grady bobbed up with an announcement that the Greek army's progress against the Communist-led guerrillas was not "satisfactory."

Statements Don't Jibe

This didn't jibe with President Truman's statement a few days previously. The President described the campaign against the Communists in Greece as a "conspicuous success."

It now looks as though the tough "Andartes" won't be cleaned out completely by next summer, as it was generally believed and hoped for by the highest American and Greek authorities in Athens.

These conflicts cannot be dismissed easily. But there is a partial explanation, which goes back to March 1947 when the Truman doctrine was pronounced.

The first American military men to appraise the Greek situation underestimated the guerrillas and overestimated the enthusiasm of Greek politicials and military leaders when the aid was announced.

Hopes Slump In August

The military men felt that with good luck the job might be accomplished with military aid money on hand, plus approximately $150,000,000 from the second Greek-Turkish aid bill.

These hopes didn't slump until the middle stages of the Grammos mountain campaign in August. Following an outstanding success in clearing up Roumeli in central Greece, the operations chiefs allowed three weeks to knock out the central guerrilla concentration in Grammos.

Inadequately-trained Greek troops there ran headlong into fanatic resistance from well-equipped guerrillas defending amazingly well fortified positions. It took months for 60,000 Greek soldiers to root approximately 15,000 guerrillas out of Grammos and the adjacent area.

Months Cost Money

That extra two months cost a lot of money. Now the Greek army has bumped into equally stubborn resistance in the Vitsi mountains. This also is costing a lot of money.

As a result, funds which were supposed to last until June 30, 1949, are running very short. And the guerrillas haven't shown any signs of disintegrating.

This turn of events developed fully in September when the army moved into Vitsi. Now more money is needed. Apparently Truman made his statement from reports covering the period before those obtained by Grady.

Cottage Of FDR Is Dedicated As Shrine

WARM SPRINGS, Ga., Oct. 27 (AP)—President Franklin D. Roosevelt's Georgia retreat from officialdom—the Little White House—was dedicated yesterday as a national shrine by the Warm Springs Memorial commission.

The little cottage has been retained as it was left after the President's death in April, 1945. Many of Roosevelt's personal belongings are on display.

"This was the only personal home that Roosevelt ever had," Ivan Allen, memorial commission chairman, said in his dedication address.

"You recall that he lived with his mother at Hyde Park, in the executive mansion at Albany, in the White House in Washington, in the Roosevelt home in Canada.

"But the Little White House was his very own. He picked the spot. He loved these simple rural, rustic surroundings We have tried to keep it the same."

New Machine To Be Used In Atom Study

CAMBRIDGE, Mass., Oct. 27 (AP)—A 12,000,000 volt electro-static generator capable of splitting the heaviest of atoms has been designed at Massachusetts Institute of Technology.

Dean of Science George Harrison said yesterday that the machine is several times more powerful than any known apparatus of its type.

"It will have sufficient energy," he said, "to penetrate and break up the heaviest of nuclei."

It also will be used to probe the biological effects of high energy radiation on living and non-living matter.

The machine was developed mainly by Dr. John C. Trump and associates in the department of electrical engineering.

Cabbage that needs to be freshened and made crisp for slaw may be soaked in cold salted water for a short time, then drained and shredded.

Small Fry Quash Idea Every Red-Blooded American Boy Wants To Be U. S. President

NEW YORK, Oct. 27 (INS)—The legend that every American boy wants to be president was given a jolt today.

Asked in a national magazine contest what he would do if elected president, a Peoria, Ill., youth replied:

"I would resign."

This firm attitude was in response to an essay contest sponsored by Young America magazine on "what would you do if you were president?"

The small fry responded in such a manner as to prove once again that not only do little pitchers have big ears but also spouts to deliver their views.

What's more they don't think in every case that their elders are doing very well with the world.

One Connecticut girl said severely:

"If we don't improve the feeling between our country and Russia, we'll soon be fighting like small boys."

An upstate New York boy, however, favored a strong stand. He said what this country needs is "a U. N. armed police force to cope with Russia."

Another youth, from Oregon, favored carrying a big stick. He proposed "an atom bomb plant on the south pole and ten planes ready to take off at any time."

Many girls favored a woman president. Most boys didn't. But one young lady indicated she was familiar with presidential tradition. When her term was up, she said, she would—"go fishing."

Judge Runs County Prisoner's Errand

PORTLAND, Ore., Oct. 27 (INS)—Municipal Judge John B. Seabrook could qualify today as an errand boy for prisoners.

The jurist received a note from a prisoner at the county jail, addressed to "Dear John," asking that he take enclosed baggage checks to redeem clothing the prisoner had checked at the bus station.

The note continued:

"I was going to work in Corvallis, but municipal judge (J. J.) Quillin gave me 180 days and a $100 fine, which has kind of changed my plans. I hope you will take care of this for me."

Seabrook did.

Spain is to celebrate the centenary of its first railway.

Ex-German General Escapes From Reds

BERLIN, Oct. 27. (AP)—A former surgeon general in the German army has escaped Russian custody and turned himself over to western authorities, an authoritative source reported last night.

The informant said Maj. Gen. Walter Schrieber was being returned from Moscow to Germany to take a post with the Soviet military government. He reportedly broke away from his Soviet guards.

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet nor for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe to take off ugly fat.

Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take just two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 30 Pounds

"I wish to state that I lost 30 pounds taking Barcentrate. I didn't starve myself and I feel better than I have in years. I am sure that the easy, safe way to lose weight is by taking Barcentrate."—Mrs. Florence Chadwell, Route 1, Box 660, San Antonio, Texas.

25 Pounds Lost

"When I started taking Barcentrate, I weighed 195 pounds. I now weigh 170. I certainly praise Barcentrate."—G. W. Miller, Weatherford, Texas. Adv.

Australian Aborigines, Robbed Of Beliefs, Are A Dying Race

By BARBARA GORMLY
Associated Press Staff Writer

SYDNEY, Oct. 27.—The original Australians, the dark chocolate colored aborigines, are a dying race.

When the white man came here 160 years ago, about 300,000 aborigines roamed Australia. Now only about 20,000 full bloods remain. Many of these still live in their native state in northern Australia—in Arnhem Land and along the Kimberley Coast. Others are on government reserves or under the care of missions. Some work on sheep and cattle stations, in timber mills or do odd jobs in towns.

Some Superstitious

Those who still live in tribes, away from civilization, are highly superstitious. Michael Sawtell, who has made a lifelong study of aborigines, says the race is dying out partly because the white man has broken down their superstitions.

"Take away the aborigine's belief in re-incarnation, and he feels lost," Sawtell said. "Without it their tribal organization falls to pieces."

Sawtell says "wrong marriages" also help to end these people. Each tribe has a carefully worked out system of marriage. As soon as a child is born, his mate is allotted to him by the elders of the tribe. Thus all members of the tribe are related.

The aborigine who still lives in his native state is a regular nature boy. He spends his time eating, sleeping and hunting food.

He hasn't progressed much beyond the stone-age man. He has devised only a few primitive implements. He hunts with a boomerang or spear and fishes with a spear. He lives mostly on meat—very lightly cooked. Snakes, kangaroos and witchety grubs are some of his delicacies. He is generally healthy, has good teeth and a tough, wiry frame. By western standards he is dirty, and rarely washes.

Have Good Rhythm

The aborigines are musical. They have good rhythm. At corroborees (festivals), they sing and dance for hours without stopping. Their dancing is like jitterbugging.

They smoke, when they can get tobacco, and drink when they can get liquor. These are habits they have picked up from the white man.

The women are no Bali girls. They have flat noses and heavy, squat jaws. They do most of the hard work, leaving the men free to hunt food. This is a fulltime job in Australia's barren north.

Today, more and more aborigines are leaving their tribes and becoming half westernized. "That is when the trouble starts," says Sawtell. "Tribal and western teachings don't mix. The aborigine becomes muddled and unhappy."

Australia has a minor color problem in the thousands of half and quarter-caste aborigines. They are never really accepted by white society.

NATURE BOY—Jacob of Pintibi tribe of aborigines.

VACATION GRANTED

RECIFE, Pernambuco, Oct. 27 (AP)—A 60-year-old teacher at a public school in Recife submitted a request to the government asking for a three month leave. Gov. Barbosa Lima, after reading the request wrote: "Taking into account the age of the Professor, I grant the request, accompanied with my best wishes that the vaca may be useful to her for acquiring some elementary notions of Portuguese spelling and grammar."

UN Fund Will Help Finland's Children

HELSINKI, Oct. 27 (AP) — The United Nations International Children's Emergency Fund (UNICEF) plans to spend more than $1,000,000 in Finland before July 1, 1949.

The chief of the UNICEF European committee, Alfred E. Davidson, announced that the organization will provide all Finnish school children with supplementary food such as dehydrated milk, lard and canned meat. The money will also be used to fight tuberculosis among Finnish children.

INFLATION HITS BUMS

CHICAGO, Oct. 27 (AP)—Inflation has raised its bubble head in the panhandling business. A middle-aged, neat, dignified fellow working the loop now asks the folks for the loan of a dollar so he can eat.

Tragedy Of Blitz Echoed By Inquest

LONDON, Oct. 27 (AP)—One of the worst bombing disasters of the London blitz was recalled when the St. Pancras borough coroner, W. Bentley Purchase, held four inquests without bodies.

A direct hit killed 154 persons in a public shelter in 1940. Ten of the victims were unidentified. When preparations for a memorial were started recently relatives sent in the names of four presumed victims. The Home Office ordered an inquest. The coroner ruled that the four died in the wreckage as a result of war operations.

Russians Are Taking Steel From Germany

BERLIN, Oct. 27 (AP)—The Russians, who have already removed the marble from Hitler's ruined Reichschancellery, are now taking its steel ceiling struts.

The pink marble from chancellery walls and granite from its foundations went into construction of huge Red Army war memorials. The steel is to be used in construction of a theater at Karlshorst, headquarters of the Soviet military administration.

GRAY HAIR NEWS

No More Dyeing?

Science's startling new Vitamins which many claim have restored color to gray hair can now be had as Nix Vitamins. This may eliminate dangerous dyeing. These Vitamins, as described by National Magazine, supply harmless Calcium Pantothenate and Vitamin G to your system. When color does return it starts at hair roots. Simply take one a day. Age 22 up. Don't look old before your time. Get Nix Vitamin Tablets today. Don't wait. No mail orders filled.

Railroad Wage-Hour Dispute Is Heard By Fact-Finding Board

(By The Associated Press)

CHICAGO, Oct. 27—Union and management representatives presented arguments before a presidential fact-finding board as hearings opened yesterday in the third round wage-hour dispute between the nation's railroads and 1,000,000 non-operating employes.

The unions' demands, said Guy W. Knight, counsel for the carriers' wage committee, are "tremendous and utterly unjustified."

Lester P. Schoene, counsel for the employes' wage committee, told the board the 40-hour week should be granted to workers because it has been "accepted by virtually all American industries."

Wage Hike Amount Disputed

The unions have asked, in addition to a reduction in work week from 48 to 40 hours with 48 hours pay, a wage increase of 25 cents an hour, plus overtime pay.

Knight said the demands would cost the railroads $1,500,000,000 a year. He termed the demands "unjustified and unequaled and unrivaled in the history of the railway labor act." He said the demands would mean an hourly wage hike of 48 cents.

"We do not contend that these employes are not entitled to any increase in wages," Knight said, "but we do contend they are not entitled to more than a part of what they are demanding."

Same Work Done

Schoene said the railroads could, "to a very large extent," get the same amount of work done in a shorter work week with the same number of employes. He contended that in other industries the hours per week were reduced without reduction of weekly pay.

"The reduction of weekly hours without the reduction in weekly pay differs fundamentally from an hourly wage increase in its impact," Schoene said. "So far as the employes are concerned it is an improvement in their working conditions but it adds not one cent to the funds with which they have to pay the grocer."

The board is expected to continue the hearings for 30 days in the last peace step provided by the national railway labor act. Recommendations will be made to President Truman. The workers have taken a strike vote and reportedly have voted more than 90 per cent in favor of a walkout. However, no strike can be called for 30 days after the board makes its recommendations.

NEWS COVERAGE — A Western Sector policeman in Berlin stands guard near a news vendor selling the U. S.-licensed Tagesspiegel (Daily Mirror) in an elevated railway station. Guard was placed after Soviet-controlled railway police were reported confiscating Western-licensed newspapers from passengers. The elevated in Berlin is under control of the Russians.

Soviet Authorities Deny Air Agreement

BERLIN, Oct. 27. (AP) — Soviet military authorities took the stand today they can hold gunnery practice in the airlift corridor of Berlin whenever they please.

According to the Soviet-licensed German news agency ADN, the Russians denied the existence of any four-power agreement on air safety rules for occupied Germany.

An official Russian reply to British-American protest that western planes were endangered by Soviet maneuvers and buzz-happy pilots was received last night. American air officials withheld comment until a translation is completed.

ADN's version of the Soviet reply said the Russians contended air safety rules cited by the western powers had never been confirmed by the Allied Control council and therefore were not valid.

DIES OF INJURIES

MUSKOGEE, Okla., Oct. 27 (AP) Twenty-year-old Frank E. White of Wichita Falls, Tex., died in a hospital here last night of injuries suffered in a car wreck near Webbers Falls, Okla.

He is survived by his father, John F. White, Bartlett, Tex.

Man's Kind Act 44 Years Ago Pays Off

CAMDEN, N. J., Oct. 27 (AP) —An act of kindness 44 years ago paid off for a barber today in the form of a restaurant and the bulk of an estate valued at more than $20,000.

Filing of the will of Charles Marion, Camden cafe owner and sportsman, disclosed yesterday he had left the restaurant and estate to "my good friend through life," Pasquale (Pat) Iarossi.

Friends said Iarossi gave Marion a home when he arrived in Camden 44 years ago from his native Chicago. Marion never forgot the generosity of his barber friend even after becoming one of southern New Jersey's most successful cafe owners.

Marion, who died at the age of 62 last week, reportedly turned down an offer of $90,000 for the restaurant in Camden. The restaurant, closed since Marion's death, was reopened yesterday.

Bergman Chosen To Run For State Post

DALLAS, Oct. 27. (AP)—Douglas E. Bergman will run for state representative from place 5, Dallas, replacing Dallas Blankenship.

Bergman was chosen yesterday by the county Democratic executive committee by a vote of 50 to 49 over Miss Marie McCutcheon.

Blankenship last week resigned the nomination after Governor Beauford Jester said he would appoint Blankenship to the bench of the 101st district court after January 1.

Services Set Today For Dallas Builder

DALLAS, Oct. 27. (AP)—Funeral services were to be held here today for Stephen W. Martin, sr., 65, Dallas builder who died here yesterday.

Martin came here in 1922 from Greenville, Tex.

He is survived by his wife, a daughter, three sons and a sister, all of Dallas, and three brothers, Jerry of Pauls Valley, Okla., Jesse of Grand Prairie, and George of Lubbock.

LIGHTWEIGHT SPEEDBOATS pound past the packed stands at the Danbury, Conn., Fair Grounds where moat racing was introduced. The water "track" was created by excavating and flooding the historic trotting track. The boats are alikes. As many as 17 are entered in a race.

* * *

"Moat Racing" Is Latest Sport To Attract Fans; Introduced At Danbury, Conn., Fair

AP Newsfeatures

DANBURY, Conn., Oct. 27 — "Moat racing," newest of all sports, seems headed for a bright future.

Introduced at the Danbury, Conn., Fair Grounds, the new marine attraction features lightweight speedboat competition on the only "moat" race-course in America. The unique 2,100-foot water-wheel was created by excavating and flooding the fair's historic trotting track.

John Leahy, owner-manager of the fair, designed the 10-foot, 235-pound race boats that vie in the thrill-packed contests which have already attracted thousands to the novel aquaway. The boats are uniform in construction and power, each being equipped with a 26.5 horsepower engine.

"With all of the entries alike as to weight, design and power, it is the skill of the driver which determines the ultimate winner of each race," Leahy explains. "The fans have their favorites among the 'water-jockeys,' and I don't think you'll see harder rooting in any other sport."

Special favorites with the crowd are such veteran drivers as Ed Van Houten, Lee Clark and Vic Scott, who compete throughout the national sport boat circuit. These pilots, Leahy says, have mastered the treacherous turns on the aquaway, yet hair-raising spills are a dime a dozen in "moat" racing. Several rescue squads stationed around the infield are kept busy hauling crash victims out of the "water doughnut" and making quick repairs.

Often the entire complexion of a race is changed in an instant as leading boats skitter wide on the tricky grandstand turn, permitting runners-up to make up many lengths.

The tiny boats draw only two inches of water when idling. As they pass the 20-mile-an-hour mark and develop top speeds of 50 to 60 miles per hour, they are virtually transformed into flying craft, particularly those in the rear, which have to buck high waves and blinding spray in an attempt to overhaul the leaders.

Many Dogs At Post Die From Poisoning

POST, Oct. 27 (Special)—Dog owners were taking precautions today to protect their pets from a poisoner who has spread death among the canine ranks here since Saturday night.

An estimated 25 dogs are reported to have died from effects of poison thrown into yards within the past four or five days. At least 14 dogs are believed to have died Saturday night and Sunday morning when the poisoner made his first foray through town.

Ollie Weakley, cashier at First National bank, reported the death of a fine Irish setter dog that he had owned for many years. Many children reported the loss of pets.

It was believed here that no official investigation of the dog deaths had been launched, but letters to the newspaper here and street talk indicated that Post dog owners were preparing to demand action from law enforcement officers in apprehending the poisoner.

War-torn Greece now produces less than 15 per cent of its 1939 carpet output.

ZOO ATTRACTS CROWDS

MOSCOW, Oct. 27 (AP) — The newest shipment of animals, birds and snakes from the London Zoo to the Moscow Zoo are on display and attracting crowds. The shipment—which is part of an exchange arrangement worked out between the London and Moscow zoos—arrived here by plane from Leningrad after coming on from London by ship.

Texas Demos In U.S. Court

FORT WORTH, Oct, 27 (AP) — A federal court, instead of a state court, will hear the legal contest over the purge of party officials voted by the state Democratic convention here Sept. 14.

The suit originated in the court of District Judge Walter Morris, and a hearing was scheduled tomorrow.

However, Truman loyalists who were named as defendants had the case transferred yesterday to the court of federal District Judge Joe Dooley.

Order In Effect

Some Democrats brought the suit asking for an injunction against a purge of party officials who fail to pledge loyalty to the Democratic nominees. They alleged their rights as citizens had been abridged, within the meaning of federal laws, by the actions of the state conventions.

Under these conditions, the loyalists merely had to file a suit for removal with the U. S. district clerk to have the case transferred to federal court. That is the step they took yesterday.

However, a temporary restraining order remains in effect. It was issued by Morris when the suit was filed last week.

Dooley asked Ernest May, attorney for the loyalists, to confer with Gillis Johnson, attorney for the other group, and agree on a date for a hearing.

Loyalist Attorneys Named

The petition for transfer was filed by May and Jack Carter, both of Fort Worth, Howard Dailey and George Sergeant, both of Dallas. Carter signed the affidavit accompanying the petition of removal.

Other attorneys for the loyalists are ex-governor James V. Allred, Houston; R. W. Calvert, Hillsboro; Tom L. Tyson, Corsicana; W. A. Combs, Houston; W. Stone, Jacksonville; Robert Lee Bobbitt, San Antonio; Jesse Andrews, Houston; Carl Cannon, Groesbeck; C. C. McDonald, Wichita Falls; E. T. Brooks, Abilene; Grover Sellers, Sulphur Springs; Elmer Lincoln, Texarkana; John D. Cofer, Austin; J. D. Dickson, Seymour; Carrie McCutcheon, Dallas; Woodville Rogers, San Antonio; Bond Davis, San Antonio; Herman Jones, Austin; Alvin J. Wirtz, Austin; Gaston Wilder, Beaumont; Gilbert Adams, Beaumont, and R. L. Holliday, El Paso.

Tech Directors To Meet In Amarillo

A meeting of the Texas Technological college board of directors has been called for Friday morning in Amarillo, from where the group will go to the Pantex ordnance plant northeast of there for an inspection tour.

Acquisition of Pantex property, including 17,000 acres of land and 414 buildings, by Texas Tech was virtually assured October 20 when Dr. D. M. Wiggins, president, met with the War Assets administration officials at Grand Prairie. Dr. Wiggins has expressed the opinion that barring complications, the property will be deeded to the college by January 1.

A research project on about 8,000 acres of the land has been carried on by Tech since 1947 under a lease program, and the additional land is expected to greatly facilitate research in agriculture and engineering. Dr. Wiggins will be viewing the property for the first time.

The board of directors will again meet Saturday morning in Lubbock, when mostly routine business will be on the schedule.

Mitchum Named In Trespassing Suit

LOS ANGELES, Oct. 27. (AP)— Robert Mitchum, already awaiting trial on a charge of violating the narcotics law, was sued yesterday for trespassing.

Miss Nanette Bordeaux brought suit against the actor, Actress Lila Leeds, Dancer Vicki Evans, and Robin Ford, a realtor, for $2,500 damages allegedly done to her Laurel Canyon home Sept. 1, when the quartet was arrested there on the narcotics charges.

Miss Bordeaux said she had rented the home of Mrs. Virginia Ann Hyland, and did not grant permission for it to be sub-let. She said some of the furniture and walls had been burned and destroyed.

In another case, a vagrancy charge against Vicki Evans was dismissed. The charge arose from a police gambling raid in which she and 26 others were arrested as spectators two weeks ago.

LUBBOCK MEN CATCH WHOPPERS—Six-year-old Roger Jeffcoat, center, finds the two big catfish caught by his father and two other men are bigger than he is. The two fish, one weighing 61 pounds and the other 60, were caught near San Antonio, N. M., in the Rio Grande river by W. L. Nesbitt of 1311 Thirtieth, left; M. E. Jeffcoat of route 7, standing behind his son; and Ed Simpson of route 6, right. They returned to Lubbock with their catch Tuesday morning. (Staff Photo).

State Demo Leaders Urge Party Support

AUSTIN, Oct. 27 . — Texas voters today were urged by three Democratic party leaders of Texas to throw their full support to the Democratic slate in the Nov. 2 general election.

Mayor Tom Miller of Austin, chairman of the Texas Truman-Barkley club, said in a statewide radio broadcast:

"I remember Harding and his return to normalcy. I remember the soupline, and the apple sellers on the street corners . . . I remember five-cent cotton and when grain and livestock couldn't be sold on the market. All of those things I remember as the heritage of misrule by the Republican party, the traditional party of privilege."

He was joined by Byron Skelton of Temple and Raymond Buck of Fort Worth in backing the Democratic slate.

Services Set For Brownfield Infant

BROWNFIELD, Oct. 27 (Spcl)— Last rites for Johnny Wayne Goza, 16-month-old son of Mr. and Mrs. John Keith Goza of Brownfield route 4, who died Sunday after drinking a large quantity of kerosene, were scheduled for 2:30 p. m. today at First Baptist church here, with Rev. A. A. Brian officiating.

Burial was to be in Terry County Memorial cemetery, under direction of Farley Funeral home.

Wallace Claims Progressives Have "Stopped The Cold War"

NEW YORK, Oct. 27. (AP)—Henry A. Wallace told a cheering crowd last night that his Progressive party has "stopped the cold war" and "gained time to re-form the forces of peace."

"There will be no war," he said.

Some 20,000 persons packed Madison Square Garden to hear the third party presidential candidate, whose address opened a pre-election "peace crusade" in New York City.

Wallace said the party "has already accomplished fantastically more than I ever dreamed was possible." He termed next Tuesday's election only "one battle in a long war."

Choice Now Offered

"We are just beginning," he said. "The people have not enlisted for a single battle. They have signed up for the duration."

He lumped the Democratic and Republican parties together as the "old corporation parties," and said the new party has "restored to the American people the right of choice."

"Everywhere in the nation," he said, "the people's party will force the two degenerate parties to unite outwardly as they have long been united inwardly. The days of sham political battles between sham political parties are over."

He said the Progressives had kept the "patriots of Israel" from being "betrayed by Wall street and its oil."

UMT Is Defeated

The party, with the aid of the churches, kept "the big brass" from establishing universal military training for American youth, he said, adding:

"Because of us, millions of Americans in the South, black Americans and white, stand on the threshold of a new and richer freedom.

"But above all—we have stopped the cold war in its tracks."

Wallace has scheduled 33 appearances in the city tomorrow, Friday and Sunday, following his return from New Haven, Conn., where he makes a campaign address tonight.

Following the rally, a short-lived fist-fight broke out at Times Square between a group of Wallace supporters who had marched from the Garden and two sailors and a marine. Mounted police halted the scuffle.

GOAT RETIRES—Flight Sergeant Lewis, Royal Air Force mascot goat, eats cake at animal refuge after being demobilized with full ceremony at Buckinghamshire, England.

Before liver is broiled it should be brushed with butter, margarine or bacon fat. Cook it only long enough for it to change color. If overcooked it will be tough.

School Program

(Continued From Page One)

room space utilized in the union's apprentice training program.

Other Business Routine

The board passed a motion that $1 per classroom unit should be charged for the night classes, providing also a minimum charge of $5 per night. They pointed out that heating and lights used in the school building necessitated such a minimum charge. The carpenters union also holds apprentice training classes at the schools.

The board gave a vote of recognition to Mrs. Roscoe Wilson for providing the bronze lettering for the name of Roscoe Wilson school. The name was recently installed on the school building.

A motion was approved to authorize A. C. Jackson, business manager, to prepare a letter to the city paving commitments outlining the board's attitude on paving leading to and in the vicinity of the city's school buildings.

The board of directors approved Supt. R. W. Matthews' statistical report for the first month of school, and his recommendations on the appointment of the following teacher: Mrs. Rosa T. Gamblin, Sanders school; Mrs. Ruby B. Davis, temporary position at K. Carter school; and J. R. McEntyre, band and orchestra instructor at McWhorter school on a part-time basis.

Members of the board present were: Clyde Tatum, president, C. H. Hamilton, G. C. Dowell, Dr. M. M. Ewing, Evans, Parsons, and Woody Jackson, and Supt. Matthews were also present.

School Men Meet

(Continued From Page One)

"when we develop a missionary zeal for a new line of thought, we frequently are carried further than we had anticipated," many times because of conditions around us and in the world.

Much of what has occurred in America during and since World War II could not have occurred as an aftermath of World War I, he said.

He said that on the list of disloyal organizations compiled by the attorney general's office is the Lincoln school of New York City, a part of Columbia University teacher's college's practice teaching system, where teaching has been affected by this same undermining force.

Confidence Undermined

"A propaganda machine working from a well-known teacher's college, then, has undermined our confidence and lessened our feeling of security under Democracy," he declared.

He said that he did not advocate that the true picture be withheld, but neither did he advocate that a distorted picture be presented.

This debunking period of the 1920's and 30's, he continued, raised "scores of doubts concerning things which an earlier age had been sure of." For example, modern students speak of the imperfections and shortcomings of the United States constitution, whereas an earlier age accepted it without question.

He asked his audience of school administrators to use caution in the future in giving assignments to students that would necessitate detailed study of the writings of Beard and even Dewey.

Special Guests Introduced

Following Dr. Jones' talk, special guests were introduced, including Rep. Preston Smith of Lubbock, Sen-Elect Kilmer B. Corbin of Lamesa, and E. H. Boulter, district deputy superintendent of public instruction.

Miss Beverly Cumbie of Abernathy, accompanied at the piano by her mother, Mrs. Floyd Griffith, sang two songs.

A "get acquainted" session followed, at which each dinner guest gave his name and that of the school which he represented. The following schools were included: Levelland, Big Spring, Sudan, Ralls, Lubbock, Lamesa, Crosbyton, Welch, Dawson, Morton, Whiteface, Slaton, Anton, Littlefield, Brownfield, Idalou, Seminole, Sundown, New Deal, Cooper, Kermit, Plainview, Spur, Denver City, Floydada, Hale Center, Frenship, Klondike, Smyer, Petersburg, Abernathy, and Odessa. A number of faculty members at Texas Tech and county superintendents also were present.

At a business session, I. T. Graves, superintendent of the Floydada schools and membership chairman of the West Texas Teachers association, made a report on membership. Dr. Jackson, WTTA president, announced that the spring convention of the association will be held in Lubbock Thursday evening and all day Friday, March 17-18, at Lubbock Senior High school, and spoke briefly on the convention program.

Other officers of the association are Floyd Honey, Lubbock Senior High school principal, vice president; Roy Boyd, Lubbock county school superintendent, treasurer; and G. E. Dawson, Lubbock Public schools, secretary.

Hospital Annex

(Continued From Page One)

and treatment room adjoins the nursery rooms.

The delivery suite includes the latest design for delivery rooms, labor and emergency delivery room, work room and sterilizing room. Adjacent to the delivery room is the nurse's station and a doctor's lounge. A diet kitchen is provided.

All walls and ceilings are smooth plaster and floors are covered with rubber tile.

Building Is Modern

Patient rooms are provided with improved types of lighting fixtures and nurse's call system. No ceiling lights are used but a combination, lightweight indirect light, reading, night and examining light is provided at the patient's head. A telephone outlet is convenient for each patient. A public telephone is in the corridor.

The annex is heated by steam convectors from the central boiler plant in the main hospital. All rooms are air conditioned and the delivery room and work room are provided with automatic heat and humidity control providing year-round 100 per cent outside air ventilation.

The entire basement area is devoted to storage space and work shops for the hospital. The basement contains 6,500 square feet of floor space and is steam heated, with a forced ventilation system.

The entire building is fireproof.

The building was designed by Haynes and Kirby, Lubbock architects, and was built by G. and G. Construction company of Lubbock.

Demos Encouraged By Expected Large Labor Turnout In Ohio

(By The Associated Press)

COLUMBUS, O., Oct. 27.—Although candidates have complained that nobody seems interested, Ohio may send a record 3,500,000 people out election day to say who gets her 25 electoral votes.

The figure would leave a million other qualified voters at home, on the golf courses, or at work but it would top the previous high vote, turned out eight years ago, by 200,000.

A popular belief that Gov. Thomas E. Dewey of New York, the Republican presidential candidate, and his running mate, Gov. Earl Warren of California, are certain of a large plurality probably has been the greatest factor in producing surface lethargy.

Nor has the ordinary voter seemed greatly aroused over the nip-and-tuck race between Republican Gov. Thomas J. Herbert and Former Gov. Frank J. Lausche, his predecessor who is trying to return to the state house. Herbert ousted Lausche by 40,000 votes two years ago.

The greatest encouragement for the Democrats is the indicated large labor vote that is expected to go to the polls in support of President Truman and Democrat congressional candidates in protest against the Taft-Hartley law. Both the CIO-PAC and the American Federation of Labor conducted intensive drives to get their membership registered. Ohio does not elect a U. S. Senator this year.

The importance of Ohio's 25 elector votes in the Truman campaign has been emphasized by his making two speech-making tours of the state. Governor Dewey made his only appearance in Ohio at Cleveland today.

Dewey HST Listed

Henry Wallace's Progresive party which won a place on the ballot by supreme court order is expected to poll around five percent of the total vote for president. The names of all 25 Wallace electors appear on the ballot as independent candidates and must be voted for individually.

The name of the Republican and Democrat electors do not appear on the ballot, voters of those parties having only to make one cross mark to register votes for all 25 elector candidates. Names of both Dewey and Truman and their running mates appear under their respective party emblems. Wallace's name does not appear on the ballot.

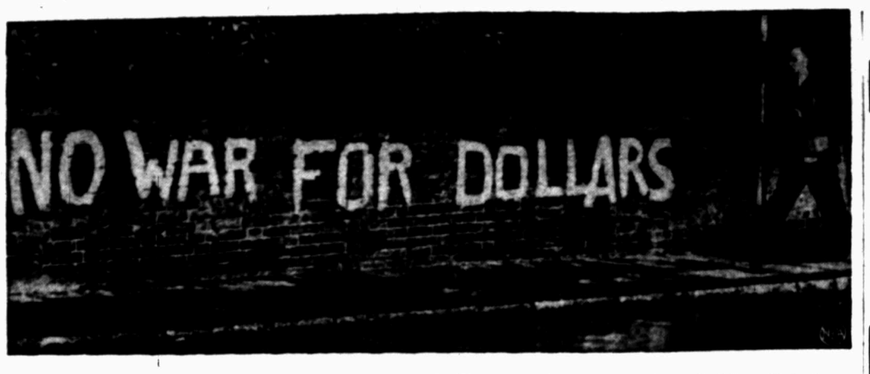

Four years ago Dewey and his running mate then Ohio Gov. John W. Bricker (now junior U. S. Senator) carried Ohio over the late President Roosevelt by 11,530. In 1940 when Ohio cast its previous record vote of 3,376,239, Roosevelt carried the state by 146,366.

While there are some spirited contests for Congres in the 22 districts, political observers generally concede the Democrats have a good chance of gaining at least one seat to augment their present four. This is in the 3rd (Dayton) district where a newcomer Edward G. Breen of Dayton is opposing Republican incumbent Raymond H. Burke who is serving his first term. The Taft-Hartley law has been the principal issue in all the congressional battles.

A full complement of state officials under governor also will be chosen as well as a full state legislature, and many county officials. Three judges of the supreme court running as independents but nominated as partisans also are to be elected.

Local county tickets contain many bond issues and special tax levies will be cumbersome and delay the count.

There are 305 bond issues totaling more than $136,000,000 and 749 special tax levies on local ballots.

SIGN OF TROUBLE IN BRITAIN—This slogan, "No War for Dollars," daubed on a brick wall during the night, greeted Southampton, England, citizens going to work the next day. Similar slogans, believed Communist-inspired, were shown and shouted during a recent army recruiting drive in London.

United Province, in India, now has over 500,000 refugees.

YOU CAN ENJOY GOOD HEALTH
STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS
and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite Underweight, Dizzy Spells.

Drugless Health!
NO MATTER how long you have been suffering from stomach, kidney and rheumatic distress, and what drugs you have tried before, you can, now, hope for relief if you take GEO-MINERAL. With your eyes SEE the results seven days after you start taking it.
DRUGGISTS, Chemists cannot make GEO-MINERAL. It comes from the earth — Nature's laboratory. Contains NO dope, NO alcohol, NO oil. ONLY Nature's minerals—the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

Wonder Minerals
FOR THOUSANDS of years sufferers, on advice of doctors, go to mineral springs to get cure, or relief. The late President Roosevelt used to go to Mineral Springs in Georgia. He was helped or would not have gone there twice a year.
WE HAVE all heard of the miraculous springs of Lourdes, France, and famous Thronion in ancient Greece, where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.
IF YOU ARE a sufferer, and can not go to the mineral springs, try GEO-MINERAL which contains a blend of the same minerals that can be found at the world's best springs. The minerals in it may work miracles.

Amazing Results
WATCH your elimination from your bowels two or three days after you start using GEO-MINERAL. The waste, black as coal, will break away and you will SEE it! Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, and feel the relief. Be sure to watch for all this to realize its priceless value.
MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite when your eyes lack that bright spark and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

Read What They Say!

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for — we unhesitatingly recommend it."

100% Guaranteed!
WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money.
REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need!
TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

Section 3

Shell Chemical Walkout Ended

PITTSBURG, Cal., Oct. 27 (U.P.)—CIO oil workers settled their strike with the Shell Chemical company and announced that they would sign a contract today.

It was the first settlement in the 53-day-old strike against major California oil producers. Involved were 375 union members who belong to the same local that covers workers at the parent company, the Shell Oil company, which is still struck.

It was not known whether the agreement would set a pattern of settlement for the whole oil industry. Other firms were still reported to be insisting they would not rehire strikers who engaged in violence.

The Shell chemical agreement provided a wage increase of 12½ cents an hour retroactive to July 3, rehiring of all strikers, withdrawal of all lawsuits, an extra holiday, maintenance of union membership and dues checkoff.

Negotiations were to be resumed later today between the union and Shell Oil company. A. R. Kinstley, a union vice president, said he believed the Shell chemical settlement would have a "great bearing" on the negotiations.

Last Land Rush In Oklahoma Observed

BLACKWELL, Okla., Oct. 27 (U.P.)—Residents of the Cherokee area in northern Oklahoma celebrated the 55th anniversary of the "Last Great Land Run" in September.

Only a few of the residents still living there took part in the 1893 run and claim-taking. All of them who did are now more than 76 years old.

But those few remembered nostalgically the events of that last run. At noon on Sept. 16, 1893, blue-coated army cavalrymen stationed along the borders of the Cherokee outlet fired their rifles into the dust-filled air.

That was the signal and 10,000 homestead seeking citizens started across the line on foot, in buckboards, farm wagons, railroad trains or on horseback.

Each of the runners could claim 160 acres. A day later, the last of the six and a half million acres in the outlet had been staked.

T.B. KILLS INFANTS

HONG KONG, Oct. 27 (AP)—Hong Kong's birth rate shows no signs of decreasing. There were 1,007 births during the third week of September as against 240 deaths. Twelve per cent of the dead were victims of tuberculosis. Total deaths from this cause since the beginning of the year numbered 1,399.

Audiences Want More Upbeat In Movies, John Payne Says

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, Oct. 27—What's an upbeat? It's something movie audiences want more of, claims John Payne.

"The public is tired of all the psychological stuff," expounded Payne, who is portraying his first cowboy in "El Paso."

"People like to see guts and courage and not everyone falling apart in the face of adversity. They want pictures on the upbeat instead of the down, so they can go out of the theater with a lift."

To Produce Picture

Payne said he's going to do something about it. "I have a sentimental story I'm writing and I'll produce it on my own next year."

He cited his film, "Sentimental Journey," as something the public wants. Despite razzberries from the critics, it coined money.

"The public wants to laugh and cry," remarked Payne and I think I heard strains of "Hearts and Flowers" as he spoke.

More Hollywood sights and sounds . . . Joel McCrea (six-feet six in his boots) and Virginia Mayo (five-feet three) striding down a Warners street . . . Robert Ryan with his face a lumpy mess—from makeup, not his fight scenes in "The Set Up" . . .

Elsa Gets Whistles

Elsa Lanchester adjusting the ribbons on her pantaloons for "Happy Times" and getting some whistles . . . Jane Wyman speechless with laryngitis and not just publicity stunting for her mute role in "Johnny Belinda."

Audie Murphy and Stanley Clements staging a hot fistfight for "Bad Boy" . . . Victor Mature having his huge frame draped with rare tapestry for "Samson And Delilah" . . .

Texas Peak Named In Honor Of Naturalist

WASHINGTON, Oct. 27. (AP)—A 6,000-foot peak in Big Bend national Park, Texas, was named Wright mountain yesterday in honor of Naturalist George M. Wright, the federal government announced.

Wright, founder of the wildlife division of the National Park service and an active figure in establishment of Big Bend Park, was killed in an automobile [illegible] near Deming, N. M., several years ago.

That Girl on Broadway says the keynote of the social scale is dough.

★ ★ ★

"If Henry Wallace gets 10 votes in Lubbock on November 2," snarled the Office Grouch, "the rest of us had better take a post-graduate course in insanity in order to be able to keep on living here!"

★ ★ ★

THEY tell a story about the late Mark Twain that has a corollary in many a home today.

It seems that there were guests in the Twain home for dinner one night and the great humorist was doing everything he could to entertain them. Finally one of the guests turned to Twain's daughter and remarked, "Your father is a very funny man."

"Yes," said the Twain daughter, "when we have company."

★ ★ ★

Humans being humans, this could never happen, but it would be interesting for some family to pick out a month and all its members conduct themselves throughout that period in the same way they would if there were guests present.

Mother would be agreeable to going out of her way in every respect. Father would be courteous to Mother throughout and the kids would have on their best behavior for each other and Mom and Pop, to boot.

At the end of the month, one of two things would be certain to happen:

Either that family would be the happiest in the whole world, or,

Members of that family would wind up in the darndest fight ever, which probably would end in the Old Man killing all the rest, setting fire to the house and then committing suicide!

★ ★ ★

That Man on Avenue Q says the fellow who permits money to make a fool of him was a half-fool in the first place.

★ ★ ★

BELIEVE it or not, the old "hand feed" with which every automobile used to be equipped, but which was "outmoded," according to the motor-makers, is now making its reappearance—this time as an "extra."

According to the New Yorker magazine, the hand-throttles are now being put onto new cars—at 10 or 15 bucks a throw—so dealers can make the lucky purchasers of new cars pay that much more for them. We haven't heard of the practice reaching down this way as yet, but according to the New Yorker, it's quite general in the Big Town.

While we will not pay 10 or 15 slugs for a dozen hand-feeds, we are getting a sort of vicarious thrill out of their reappearance.

We always did like 'em (in addition to the foot-feed, of course) when making long drives on our flat West Texas roads where visibility is good and traffic is scarce. We took it as a personal insult when the hand-feeds were removed in the sacred name of "progress," because it's good to rest a cramped foot and ankle occassionally on a long drive.

Since the hand-feeds are coming back as "extras," maybe by the time 1950 rolls around they will be featured as "scientific improvements" on jet-propelled super-sonic, super-duper models!

★ ★ ★

WE who live in this particular part of the U. S. find it difficult to understand why Winter weather in Europe is so greatly feared by our authorities in Washington and overseas and why the opinion in informed quarters is that it is going to be difficult—perhaps almost impossible—to keep the Berlin airfleet going through the four and five months to come.

Even those Americans living in the Northeast, where American winter weather more closely approximates that of Northern Germany, can't fully realize the flying problem overseas.

As a result, we Americans are apt to take an entirely unfounded optimistic attitude toward the aviation problem which the Russians have thrust into our laps by blockading the highway and rail lines running from the U. S. Occupation zone in Germany into the old capital city.

★ ★ ★

We did considerable flying in Germany last mid-Winter and can testify that our airmen are up against a difficult task in supplying the two-and-a-quarter million Germans, plus our own people living in Berlin, with food and coal and other essential items of living.

Of course, the Army flies in weather that the commercial airlines in the U. S. wouldn't consider flying and in so doing the Army thinks nothing of the task.

But the fact remains that much of the Winter weather in the Berlin area is extremely bad—so bad that when flying is necessary those doing it are risking their necks.

★ ★ ★

ROUGHLY, Berlin lies on a line almost due east of the southern shores of Hudson Bay, in Canada. It is North of Quebec and Montreal. That means Berlin is farther North than most of us think it is without looking at a map. In fact, Berlin is about the same distance from Copenhagen, in cold Denmark, as Oklahoma City is from Fort Worth.

What adds to the difficulty is that winds off the North and Baltic seas bring heavy mists and damp fogs over the Berlin area. While instrument flying in such weather can be done, landing and taking off is still a dangerous undertaking, even when pilots are "talked in" over the radio.

We are quite sure we never flew through the worst of Berlin's Winter weather, because there was no necessity of our doing so. But we flew last Winter on several occasions when a passenger could look out of the plane's windows and not be able to see the tip of the wing.

So thick was the weather at many times that drops of water formed on the windows and over the body of the plane from the heavy fog which enveloped the C-54.

★ ★ ★

Already we have lost a half dozen or more men flying the Berlin airlift.

This winter, we shall lose more, if the Russians continue their stubborn blockade.

You can count on that.

When our planes crash, the men aboard them are sent to their deaths by Russia just as if they were shot down in actual warfare.

The "cold war" over Berlin this Winter is a "hot war" as far as its victims are concerned and the shame of it all is that our government's failure to take a firm stand when the blockade was set up will be to blame.

★ ★ ★

THE best informed people in the American military in Germany were not in favor of letting the Russians bluff us out of going into Berlin by train and motor vehicle. But timid statesmen in Washington argued that to keep on running into Berlin on the ground would be to invite Russia to shoot.

Just why anybody figured the Russians would be less likely to shoot at a plane than at a truck, or a train, is difficult to understand. But, anyway, we knuckled under the Reds and took to the air in a program at a terrific cost in money and already more costly in lives snuffed out by accident.

Surely the ghost of Mr. Chamberlain and his Munich umbrella hovered over Washington when we sought to appease the Russians in the matter of the Berlin blockade and guessed so very w-r-o-n-g, wrong.

BY DREW PEARSON: ILLINOIS' SENATE CANDIDATE GETS HIT FROM LEFT AND RIGHT

George Mcgill May Be Surprise Victor In Kansas

EN ROUTE Through Midwest.—Lieut. Col. Paul Douglas of Illinois, hard-hitting Democratic candidate for senator, is getting it from both the Fascist right and the Commie left.

PEARSON

The other day GOP Congressman Fred Busbey, one of the Chicago Tribune's trained seals, unleashed a diatribe at Douglas calling him a left-winger, a friend of the Commies, and about every other political epithet he could think of. The blast was so unfair that Busbey's patron saint, the Tribune, published an editorial halfway apologizing for its congressman.

Meanwhile Douglas is getting it in the neck from the other side. Several months ago, before Douglas entered the senatorial race, Bill Miller, Wallacite leader of the Progressive party, approached Jake Arvey, Democratic leader of Chicago, with a proposal to run no Wallace candidates against local Democratic candidates.

"You've got some pretty good men running," Miller told Arvey, "and we'll support 'em. But we want to know whom you're going to run for the Senate. If it's Douglas we won't deal."

"Why not?" asked Arvey.

Miller hesitated. "We don't like him," he said.

"Well what's wrong with him?" Arvey persisted.

"He's a red baiter," replied the leading Wallacite. "He's always talking about the danger of Communism."

In the end Arvey told Miller Douglas would stay in the race, so the deal was off.

Real truth is that Douglas is feared and hated by the extreme left-wingers because he knows their game. Enlisting as a private in the Marine corps at the age of 50, Douglas rose to the rank of lieutenant colonel, was wounded, had a magnificent record. A former Chicago University professor and member of Chicago's city council, he stands head and shoulders ahead of the Chicago Tribune's Sen. Curley Brooks.

NOTE—A lot of people are going to split their ballots in Illinois and other Midwest states next week.

• • •

Guy Gillette Makes Comeback

Back in 1938, Harry Hopkins, son of an Iowa harness-makes and right-bower to FDR, flashed the signal that his chief in the White House would oppose the Democratic seator from Iowa for re-election.

The senator in question, silver-crested Guy Gillette, had opposed many Roosevelt policies and was put first on the list for FDR's famous purge.

Results: Iowans, boiling mad, went out of their way to renominate Gillette.

Later Guy, a Democrat, became the victim of Iowa's normal Republican swing and went back to his fields of corn and his front porch. Today, with no machine to support him, little money, and a weak candidate at the head of the ticket, Gillette appears to be staging a comeback.

With the stamina of a truck driver, he has piloted his own car all over the state, talking wherever there is a crowd, indoors or out.

Iowans pride themselves on both their voting intelligence and their voting independence. It looks as if they would feature Dewey and Gillette at the head of their ballots next Tuesday.

• • •

A MILD MANNERED ex-senator from Kansas is driving a tired second-hand Pontiac around his rock-ribbed Republican state, speaking five time a day, drawing good crowds and making so many friends that his opponent is getting worried.

The ex-senator is George Magill, one of the few Democrats ever sent to Washington from a state where running for the Senate on the Democratic ticket is considered about as hopeless as running on the Republican ticket in Virginia. This year, while Virginia will probably vote Republican, certain Midwestern states are likely to send Democrats to the Congress.

Magill's race is tougher than most—though not because he is running against ex-governor Andy Schoeppel, whom Alf Landon once called "the errand boy of the big corporations."

Magill is getting some quiet support from certain of Senator Capper's faithful friends, sore over the way Capper was pushed out of the senatorial picture.

But the main factor helping Magill is the slipping price of wheat, plus an inane remark made by Schoeppel. Asked who was running again him, Schoeppel replied:

"I'm running against some Irishman and I can't think of his name."

A lot of Kansas farmers, however, know Magill's name and know it pleasantly. For when in the Senate, he co-authored the Pope-Magill farm bill providing for 90 per cent parity loans on wheat and other staple crops. A lot of farmers are also getting wise to the fact that it was the 80th Congress that gutted the Pope-Magill bill by prohibiting the government from renting additional elevators to store grain. Thus the government cannot buy from the farmers.

So the Kansas race between tortoise Magill and hare Schoeppel may yield some surprises.

• • •

Midwest Merry-Go-Round

Friends of Illinois' handsome Gov. Dwight Green are thanking his lucky star he is running in a presidential year. Otherwise he would be swamped. Last time he won by only 68,000 votes, and this year he has to live down the Centralia mine scandal plus the embarrassment of his gambler friends and their big campaign contributions . . . Green's opponent, Adlai Stevenson, is a former U. S. delegate to the United Nations, assistant to the secretary of the Navy, and is the grandson of a vice president of the United States. Several Republican newspapers have endorsed him . . . It looks like G. O. P. Congressman Ross Rizley will be snowed under in the senatorial race in Oklahoma. Folks remember how Rizley put himself in the category of a pocketbook congressman by introducing the rate reduction bill for the big natural-gas companies at the very same time his law firm represented three companies which would profit from the bill—Cities Service, Republic Natural Gas and Panhandle Eastern Pipe Line . . . In addition, Oklahomans have always liked big, bluff Bob Kerr their former governor, now running for the Senate against Rizley.

It is estimated that ball games of various kinds have 325,000,000 spectators annually in the United States.

BY WALTER WINCHELL

Rodeo Cowgirls With You-All Accents Best Ads From Dixie

NOTES OF A NEW YORKER . . . Moscow just sent New York a film attacking boobs. But that's sheer hypocrisy. Americans haven't forgotten that when the Kremlin got chummy with Hitler, Russia yanked an anti-bigot movie titled "Professor Mamlock" from the screens.

WINCHELL

The hallelujah notices won by Ray Bolger for his artistry in "Where's Charley?" haven't been matched since G. B. Shaw's last tribute to himself . . . Broadway may have a sinful rep, but the Big Street has many more orange juice stands than bars . . . That oldie, we hear, is so popular all of a sudden, stay in the ear: "Underneath the Arches" (I dream my dreams away). It's very dum-dum dorsies.

Those Rodeo cowgirls with their You-All accents are Dixie's best ads. Such show-gal figures!

• • •

The ennuni the Presidential campaign has inspired can be judged by the smattering of applause or boos that greet all the candidates. Often there is just silence. When FDR was making things interesting the hisses and hoorays were lusty.

Lovely Marion Bell (the "Bagdad on the Subway") reaped a new baton of salutes from music critics after her concert debut at Town Hall. One schmoospaperman showed off his vocabulary and iggerince by mentioning cadenzas and shmadenzas, and attempted to impress readers with his background of music, etc. Nuts to him, huh, Marion? . . . If I owned a ticket brokerage on Broadway, I'd tell snowgoers to see the clicks: "Edward, My Son," "Summer and Smoke," "Love Life," "Small Wonder" and "Private Lives" . . . Of last season's hits, "Mr. Roberts," "Annie, Get Your Gun," "Born Yesterday" and "Streetcar Named Desire."

• • •

POWER of the press: "Date with Judy," "Good Sam" and "The Babe Ruth Story" (all brushed off by the critics) are box office gushers . . . Hollywood oughta go easy on the mayhem in mellers. Some of the rough-and-tumble stuff is downright sadistic . . . The most compelling example of Holy-Roller laments can be found in Willard Robison's recordings. Keep your toes tapping . . . Critics aren't as tough as they've wise-cracked up to be. When they pluck a Broadway turkey you'll notice most of them go outta their way to be considerate of the actors . . . Wanna see a kissable face? Her name's Doretta Morrow (in the Bolger show) and she can thrush, too . . . Allyn McLerie (of the same troupe) has a Venus shape, only more wonderfuller. You know she could dance from her first nigh kick.

• • •

What made silent films popular" See Jane Wyman's skillful pantomine in "Johnny Belinda" and get the answer . . . Most arresting feature of the Town Hall televising is seeing the pained expressions on the debaters when they are targets for opponents' . . . The dandiest of the Yankee Doodle flickers are the "This Is America" shorts . . . And nonsensorship: Censors here nixed a film showing the birth of a kitten. What are they afraid of—ruining the morals of a cat? . . . Buddy Clark's version of "I Still Get a Thrill" is sure to give you one . . . CBS's "Invitation to Learning" proves an educational program can be high-class as well as highbrow . . . Gabby disc jox turn in commercials for the wonders of silence.

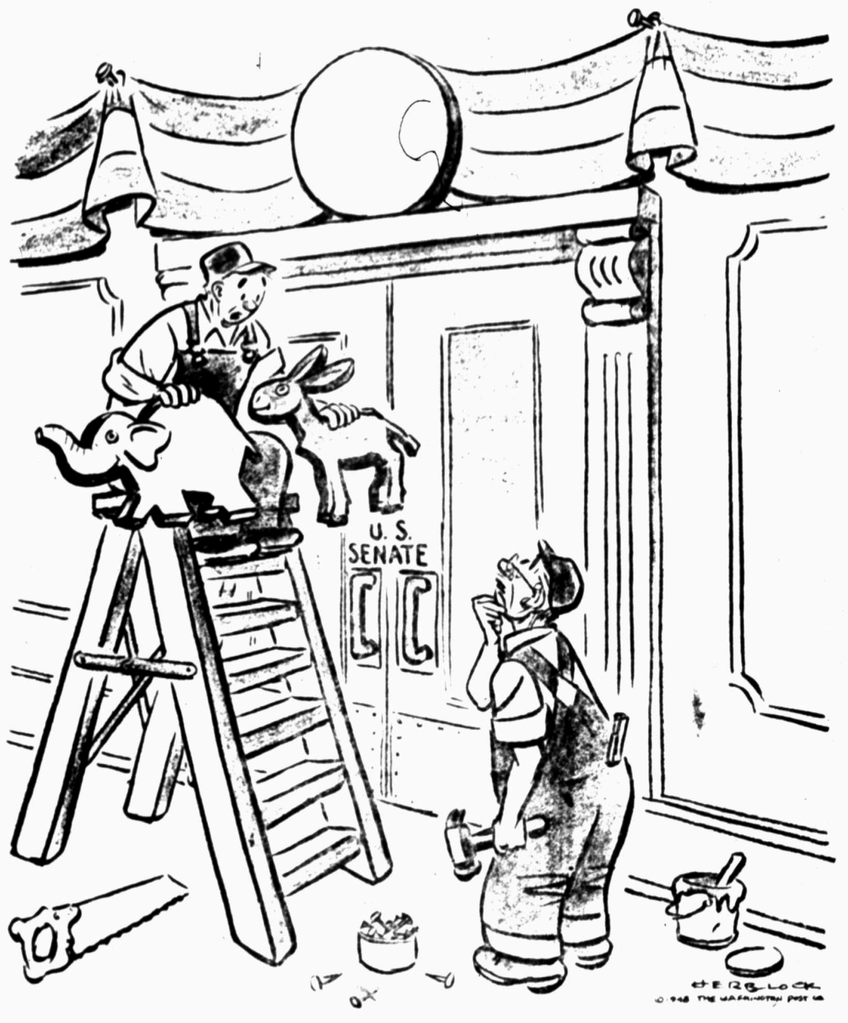

• • •

DANNY KAYE'S album of Gilbert & Sullivan hits really keeps those classics classy. A feast of melody . . . Excuse me a moment while I dial out a singing commercial. A Mexican dialect thing that is sure to send irritated listeners to the sponsor's nearest competitor just to get even . . . If you have never tasted "Scotch-Crunch" candy as Hick's makes it then You've Never Lived' . . . Veronica's misery is a tough rap. Sure stars earn plenty, but after Mr. Whiskers takes his big bite, you don't have very much left, not to mention needy in-laws and other kin. Can't you hear her parent saying: "If you don't kick in, I'll give a story to the papers!" . . . The soon-due film, "Red Shoes," has a looker named Moira Shearer, who is glamoring for attention. . . Wanna see what you look like on Televiz? Try the cameras at the RCA exhibit on 49th.

• • •

Some of Broadway's most touching dramas are not behind footlights. They are in sidestreet saloons where ex-stars are now working for their 3 squares . . . Prowling through the town these middle-of-the-nights (in the car with the police calls turned in) has lost the wallop it had when Damon was in the next seat. There isn't a sector of Manhattan that doesn't remind me of him. And the one line he wrote in a piece about a near-murder we witnessed: "In the tubercular light of early morning . . ." . . . Strange, but movie places with foreign language flickers seem to attract the Hand-on-Hip Set. Apparently, they can't spend all their time watching ballets . . . You city folks who haven't seen the autumnal rainbow in the trees along the Saw Mill River Parkway might as well be blind.

"Any Late Reports?"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

THE mother, herself a former school teacher, had accompanied her 12-year-old when she went to register at a large junior high school.

MILLETT

"The school was so large and there was so much confusion. I was overwhelmed myself," said the mother. "I couldn't help but think," she continued, "that children today have to make much harder adjustments than we were called on to make when I was growing up.

"We toss them into these large schools, and even if a family lives in the same city for years, a child has to go at least three different schools—elementary, junior high, and high school.

"And so many families don't stay put for long in these times. They move around—and each move means another adjustment for the child to make."

TRUE, OF COURSE

WHAT she says is true, of course. And yet there isn't much that parents can do to change the situation. We can't make life as simple for our children—no matter how much we wish we could.

What we can do, and what so many parents are failing to do, is to give our children enough security at home to help them face their more difficult adjustments outside the home with courage and initiative and an open mind.

We can't change the situations our children have to face. But we can do our best to prepare them to meet those situations.

By Bennett Cerf

"Try And Stop Me"

A PARK AVENUE socialite had a twelve-year-old son by his first wife, a nine-year-old girl by his second. When the two kids met for the first time, the air was very frigid. Later the boy said to his father: "Were you serious when you told me that girl was my half sister?"

"Yes," said the father patiently. "Humphh!" was the boy's comment. "You better hurry and get her the other half."

• • •

A MERCHANT in Houston, Tex., had been unable to collect a long overdue bill by ordinary methods for over a year. As a last resort, he tried to play on his delinquent customer's sympathies. He sent him a picture of his three small children with a not explaining: "The reason I must have the money you owe me." The customer, however, sent back a photo of an orchidaceous, scantily clad blonde, labeled, "The reason I can't pay it."

Copyright, 1948, Bennett Cerf.

Today's Thought

As he came forth of his mother's womb, naked shall he return to go as he came, and shall take nothing of his labour, which he may carry away in his hand.—Ecclesiastes 5:15.

• • •

The rich are like beasts of burden, carrying treasure all day, and at the night of death unloosed, they carry to their grave only the prints and marks of their load.—St. Augustine.

Laff-A-Day

BY MARQUIS CHILDS

GOP Treads Lightly In Try For Southern Electoral Vote

WASHINGTON—The gentle plea for unity sounds very strange against the background of the urgent Republican necessity of this final week of the campaign. That necessity is to win a majority in the Senate in order to organize that upper chamber.

The Republicans could make a powerful argument which would appeal to the independent voter. They could point out that with a Democratic majority key committee positions would be held by aging and reactionary southern Democrats. These tired bourbons could be expected to oppose all the promise that candidate seems to hold out.

CHILDS

But that argument is not being made. Or, at any rate, it is not being made by anyone with sufficient voice to carry it to the nation. Instead, the appeal for unity falls on the voters' ears with all the vigorous impact of a feather falling on velvet.

Strange as this may seem at first blush, the reason is not hard to find. It lies in the fact that Republican orators are going through the south proclaiming that the southern Democrat and the Republican are one and the same, brothers in the bond in purpose and performance.

• • •

Aimed At Electoral Vote

This is, of course, for southern consumption. It is aimed at catching the electoral votes of those southern states which, thanks to the Dixiecrats, may end up in the Republican column. We find Senator Robert A. Taft saying in a campaign speech in Nashville, Tenn.:

"Today the world has changed. The Truman party favors a complete control in Washington. The Republican party believes in freedom, and its position is not substantially different from that of most southern Democrats."

If that is what the Republicans really believe, then no independent voter will get very excited about saving the Senate for the grand old party. To have the Democrats organize the Senate, with southerners in key posts, should be just dandy from the Republican point of view.

On the basis of the Taft formula, they would undoubtedly welcome Sen. Kenneth McKellar of Tennessee as chairman of the appropriations committee. McKellar is 78 years old. As the willing hand-maiden of boss Crump of Memphis, he has generally been on the side of reaction.

• • •

CHAIRMAN of the finance committee would be Walter F. George of Georgia, who is 70 years old. George is a scholar and a gentleman in the tradition of another day. But repeatedly he has served powerful private interests that have sought to keep the south in convenient economic bondage to the north.

Chairman of foreign relations would be Tom Connally of Texas, who is 71 years old. It is an understatement to say that he is too often tactless and high-handed in his conduct on the committee, needlessly irritating those on whom a sound, bipartisan policy depends.

On the banking and currency committee, the ranking Democrat is Sen. Robert F. Wagner of New York. But Wagner has been absent fro. the Senate because of illness of many months, and he was in the headlines recently when his family reported to the police that he had disappeared from his home. Presumably he would not be able to act as chairman.

The next Democrat in line is Sen. Burnet R. Maybank of South Carolina. South Carolina, the home of Gov. Strom Thurmond, is one of the three or four states which will go to the Dixiecrats on Nov. 2.

Thomas Would Head Group

Senator Elmer Thomas of Oklahoma, who is 72, would be chairman of the Agriculture committee. Thomas has been repeatedly charged with using confidential information to speculate on the cotton market.

Not a southerner, but in the same age bracket is Sen. Pat McCarran of Nevada. At 72, he would be chairman of the judiciary committee. McCarran's views could hardly be described as forward-looking.

Forty-six-year-old Thomas E. Dewey, who promises the clean sweep of a new broom, knows how to go to town on this if he were of a mind to. He could show how these southerners get set on the escalator of seniority and stay there until it carries them up to key positions in which they can block and obstruct what does not please them.

But the addition of a new electoral vote from Oklahoma would be welcome. Dewey campaign.

Today's Journal Editorial

THE NAVY LOOKS AHEAD

Today's observance of Navy Day finds that branch of the service well embarked upon a program to secure and insure the strongest sea force of any nation in the world. Appropriations for that purpose have been provided. The program unquestionably is approved by the vast majority of Americans.

The Navy has been in the fortunate position of not having been compelled to suffer as much postwar deterioration as the Army and the Air Force. But it has dropped below levels which, in the opinion of military authorities, would enable it to keep the actual fighting from our own shores if the United States should be forced into war.

The prospect is hopeful on this Navy Day that the situation as to the Navy is being remedied sufficiently that, in the event of war, Uncle Sam could carry most of the fighting to the enemy. He would not have to stand back and rely upon his ability to take it for lack of transport to hand out punishment. It is a prospect which calls for a special salute to the Navy from all Americans on this Navy Day.

Truman Charges Polls Rigged; Mud-Slinging Laid To Demos

(By The Associated Press)

President Truman and Gov. Thomas E. Dewey drew farther apart by the hour today as the Democratic contender headed for Boston and his Republican rival for Cleveland.

Not only miles but widening differences of opinion separated the two presidential candidates as they battled down the home stretch of the campaign.

RENT BOOST FORECAST

HARTFORD, Conn., Oct. 27 (U.P.) — President Truman predicted today that if the Republicans win the November election they will kill rent controls next March.

It will mean an immediate rent increase of 20 per cent or more, he said. He charged that the real estate lobby "which always has found it easy to get what it wants from Republican congressional leaders," is prepared to spend about $250,000 to see that rent controls aren't extended beyond the present March expiration date.

Dewey told a packed Chicago stadium audience last night that the Truman administration had fallen to a "new low of mud-slinging."

Mr. Truman meanwhile was telling a Cleveland rally that Dewey was standing on a "record of false promises" compiled by the 80th Congress and previous Republican administrations.

Wallace Joins In

Henry Wallace also joined in the exchange. He told a Madison Square Garden rally in New York that his Progresive party is the "most conservative" in the nation. He said he could not "imagine a more wild-eyed variety of radicalism than that of the old parties who recklessly flirt with the terrible danger of atomic war."

Mr. Truman lit into the Wallace party in yesterday's campaigning across Ohio. He said the Communists are backing the Progressives in hopes of taking enough votes from the Democratic to swing next week's election to the Republicans.

"The communists believe that a Republican victory means a weak United States," he said. "And that is exactly what I think—we're together on that."

Going To Win

"But I am going to beat them and there won't be a weak United States," he added.

Then, taking a jibe at national polls showing Dewey in the lead, Mr. Truman said the "poll-nappy" Republicans have rigged the sampling of voters' opinions.

"Doctor" Dewey, he said, is prescribing "sleeping polls" intended to "lull the voters into sleeping on election day."

Mr. Truman said that in the 1944 campaign the Republicans had another poll that looked [illegible] antagonism and prejudice [illegible] spreading "fantastic lies [illegible] our people."

[illegible] that the country "deserves new [illegible] and better [illegible] the cause of peace [illegible]," Dewey added.

"We all know the sad record of [illegible] administration. More than three years have passed [illegible] the end of the war and it has failed to win the peace.

"Meanwhile, millions upon millions of people have been delivered into Soviet slavery while our own administration has tried appeasement on one day and blustered the next."

STEER TODAY, STEAKS TOMORROW—This unnamed 1050-pound Angus steer is the grand champion steer of the 50th annual American Royal Livestock show in Kansas City, Mo. Owned by Rank B. Ertel, Green Castle, Mo., the steer was sold for a premium price. Kenneth Ertel, left, who showed the animal, receives special $1000 prize from Frank Richards, Chicago, secretary of the American Angus Breeders Association.

Pair Escapes From Texas Prison Farm

HUNTSVILLE, Oct. 27. (U.P.)—State prison authorities had two more escapees to round up today, after a break from Darrington farm late yesterday afternoon.

J. C. Roberts, chief of the prison records bureau, said Roy Walter Mott, 23, and Burnic Joe Anthony, 24, aparently hid in vegetation being cleared from the fields by a work gang, of which they were members.

Mott was serving five years for theft from Harris county and Anthony was serving a two-year sentence from Jefferson county for burglary, Roberts said.

Four Injured In Traffic Accidents

Four Lubbock pedestrians were injured, none seriously, in traffic accidents Tuesday afternoon.

Two Texas Tech girl students, Misses Elizabeth Yeary of Fort Worth and Jan Riley of Wichita Falls, both 19, were treated at Lubbock Memorial hospital for injuries sustained when they were struck by an automobile on College avenue near Fourteenth about 1 p. m. Both were released from the hospital.

Ann Wiggins, 14, of 1909-A Tenth, was treated at West Texas hospital for several bruises and abrasions suffered when she was hit by an automobile at Ave. T and Eighteenth shortly after 5 p. m.

Coleen White, 12, of 2616 Thirty-fifth, received treatment at Lubbock Memorial hospital for slight abrasions of the right elbow and left hand when hit by a car at Nineteenth and Ave. N late Tuesday afternoon.

No charges were filed against drivers in the three accidents, Lubbock police reported.

Atomic Commission Sued For $1 Million After Red Charge

(By The Associated Press)

WASHINGTON, Oct. 27 — The embattled CIO United Electrical Workers union is striking back at the government's charge of Communism taint with a $1,000,000 damage suit against the Atomic Energy commission.

The union's plea for money damages — and for a court order cementing its contract with the General Electric company—grew out of the commission's recent decree that workers at a new atomic plant may not be represented by the U. E.

The commission imposed that ban because it said a "serious question" had been raised by (a) the refusal of U. E. officers to sign non-Communist pledges and (2) sworn testimony that some of the officers are Communists or Communist sympathizers.

Non-Red Pledges Asked

More recently the commission announced that unless the U. E. officers "very promptly" submit non-Communist pledges and pass FBI loyalty tests the union will be barred from a second Schenectady, N. Y., atomic laboratory, the Peek Street plant.

That plant is already in operation, while the Knolls plant—the one covered by the flat ban—is still under construction. Both were contracted for operation to General Electric, which has an exclusive collective bargaining contract with U. E.

Injunction Sought

The suit filed in U. S. district court here yesterday by U. E. President Albert J. Fitzgerald and the head of U. E.'s Schenectady local said the commission's ban would mean "irreparable" injury to U. E.'s 600,000 members. It asked the court to issue an injunction forbidding the commission or the company from disturbing the union's exclusive bargaining rights for all G. E. workers.

Named as defendants besides the commission itself were Chairman David E. Lilienthal and other members, and the General Electric company.

There was no immediate comment from any of those named.

Lilienthal had written Fitzgerald that U. E. officers would be required to give the same non-Communist oaths and loyalty data required of all atomic workers and union officers representing them.

Rights Said Violated

The chairman indicated that U. E. could be reinstated at the Knolls plant if its officers submitted satisfactory security information along with the disavowals of Communism required under the Taft-Hartley labor act.

The U. E. suit said the commission is demanding that the union's officers "confess by word or action their politics, social and economical beliefs and opinions in violation of constitutional guarantees."

Fitzgerald, in a simultaneous letter to Lilienthal, said the union "will fight this attempt to establish in the United States government-dominated company unions, modeled after the Nazi labor front."

"We shall also attempt," the letter said, "to expose your conspiracy with the General Electric Company against this union."

In an editorial, "Prace" said it received complaints about the high salaries of factory managers. The editorial answered these letters by saying that "some of the high officials of the nationalized industries could not be paid enough, even if given their weight in gold." It added that a floor sweeper who works only eight hours a day can enjoy life more than the executive who is working "even in his bed—if he manages to get to bed at all" after long conferences.

America's Public Enemy No. 1 May Awaken After Election And Blame Those Who Voted

BY HAL BOYLE
Associated Press Staff Writer

NEW YORK—America's public enemy No. 1 is going to wake up a week from today, take a look at his newspaper and start moaning:

"Good lord, look who they've elected."

He is the guy who won't have voted—the little man who wasn't there.

He is the guy who thinks he knows exactly what's wrong with his country—and won't take a few small steps to the polls to help set it right.

Come next Wednesday he'll have a lot of reasons, all bad, for why he didn't bother to do it: the secrecy of a voting booth what John Hancock once dared to do in the open—at the risk of a king's anger.

This man with a citizenship quota of minus zero will explain away his failure to back what he believes in by saying:

"Oh, well, what does my vote count anyway."

The trouble with that attitude is that no man is ever in a position to be sure how much or how little his vote counts.

Take the case of the two men who perhaps did most to win the crossing of the Rhine in the second World war.

Staff Sgt. Eugene Dorland of Chicago fired two bullets—but those bullets cut the conduit holding wires leading to explosive charges placed by German engineers on the Ludendorff bridge at Remagen.

Sgt. Alexander A. Drabnik of Holland, O., leaped on the lonely fire-swept bridge and raced ahead of ten riflemen to the other side.

Two enlisted men—but an army's grand offensive teetered on their sense of duty.

It would have been simple for Dorland to say:

"Why should I lose my neck cutting a few strands of wire?"

History would never have known it if Drabnik ducked under cover and consoled himself:

"That bridge is no place for a 34-year-old man, and the boys with me won't mind if we sweat it out here. They won't want to get killed any more than I do."

But what quiet men fought to win in battle can be easily lost in peacetime by men of lazy conscience whose sense of duty needs an alarm clock.

"X" marks the fate of any democracy where the people won't take the bother to scratch "X" on a ballot.

Efforts Of Nurse Help Identify Man

PHILADELPHIA, Oct. 27 (AP)—A 50-year-old man, suffering from amnesia, was identified through the efforts of an ex-army nurse who spent two days reading a telephone directory to him.

James McMenamin of Bristol, Pa., yesterday recognized the name of his brother, John J. McMenamin, when it was read to him by Margaret Kane, a social service worker.

Miss Kane, who worked with amnesia cases as an army nurse in World War one, volunteered to read the telephone book to McMenamin on Sunday in hopes it would stir some memory. When she reached McMenamin's own surname, he sat up suddenly.

"Why, that's my brother," he said.

Beware Coughs Following Flu

After the flu is over and gone, the cough that follows may develop into chronic bronchitis if neglected. Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and to aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION
for Coughs, Chest Colds, Bronchitis

15TH ST. AND AVE. N

HELLO FOLKS!
I's moving to Lubbock very soon. And am I happy about it! I'm looking forward to knowing you real well.

Suds alive, lady!
Your hard water requires 2 to 3 times as much soap . . . and it's hard on hands.
Soft water gives you billows of suds, helps keep your hands looking lovely. Have economical soft water at a turn of your faucet with
CULLIGAN soft water SERVICE

MEN! FEEL YOUNG AGAIN
Have the passing years left you tired and uninterested in the joys of life? Do you feel old at 40, 50 or more? Don't let the feeling of advancing years make you discouraged. You may once more enjoy the zest of living as you did in former years. Regain the pleasures of youth. Go to your druggist and ask for a bottle of Caltron tablets, take as long as you feel you need them. You will be amazed at the difference it will make in your entire outlook on life. Women too find Caltron beneficial. Get Caltron from your druggist at the new reduced price. Adv

"New fast carriers and super-speed subs make the equipment I remember look mighty tame. New jet planes, buzz bombs and radar improvements are performing wonders. And the Navy's research program is the greatest ever."
HENRY FONDA, Lieut., USNR
Starring in "Mr. Roberts"

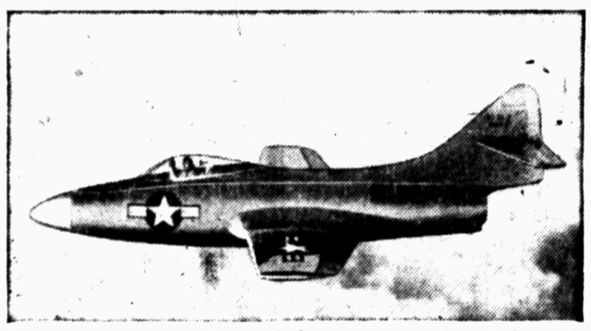

"It's amazing—the wallop our Navy now packs! Submarines that stay under water for days! Carriers that carry jet bombers at 40 miles per hour! Completely new radar equipment!"
GENE TUNNEY, Capt., USNR
Undefeated Heavyweight Champion

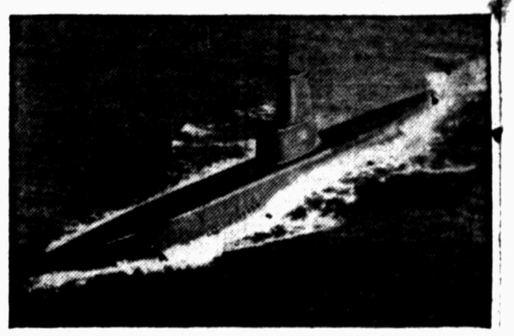

"Our land of the free must ever be strong on the sea and strong in the air. The United States Navy is vital for that purpose. America's leadership for peace, America's effectiveness in world affairs, America's security at home—all demand a powerful, modern Navy as an inseparable part of a total fighting force."
HAROLD E. STASSEN,
Captain, USNR
President, University of Pennsylvania

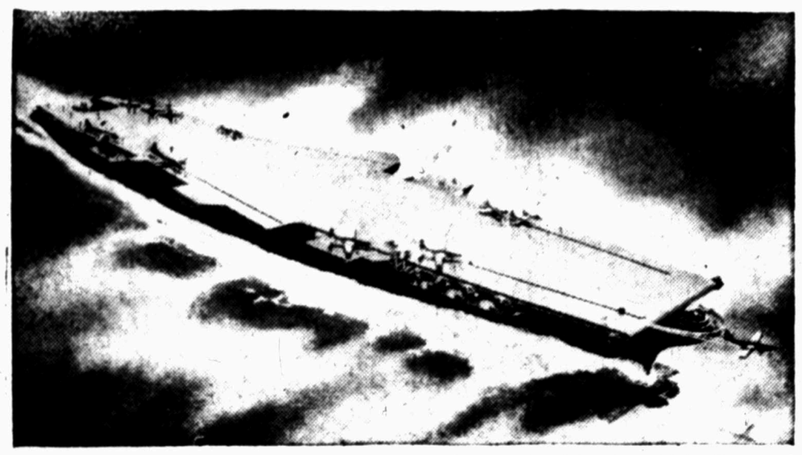

It's a NEW Navy!

Navy sets pace in aviation with these top records in a single year! 1) world's long distance non-stop record, 2) world's speed record, 3) maximum endurance record without refueling.

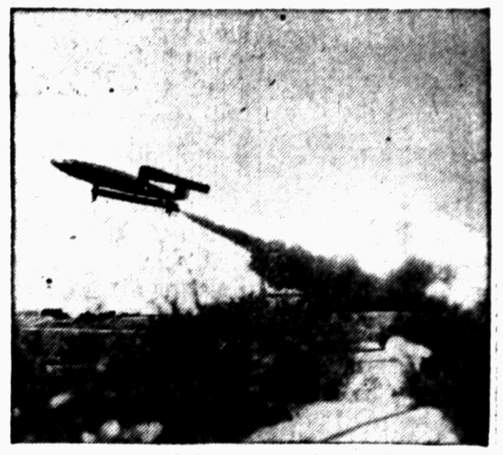

The Navy's *new* submarine travels *underwater* **faster** than submarines ever did on top. With twin breathing tubes these new subs can cruise submerged for days.

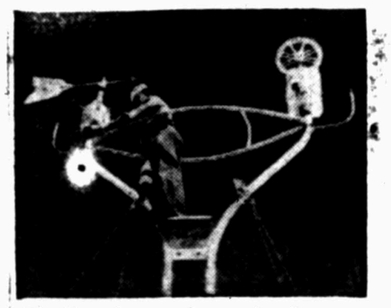

Here's a glimpse of Navy's new Super-carrier—65,000-tons, 1,080 feet long, 4,000 officers and men! Top speed—40 MPH! Designed to carry a new type jet bomber with greatly increased cruising range.

Spectacular electronic advances. No university can compare with Navy training in electronics.

The Loon, a guided missile, is launched. To avoid duplication of effort and save money, much research is coordinated with that of the Army and the Air Force.

The Navy has weather stations in many parts of the world. Weather maps are radioed daily to U. S. Weather Bureaus. Navy research directly benefits Americans in their every-day living.

The greatest program of basic research ever undertaken. Over 1,200 research projects at 200 civilian and government laboratories.

Know your *NEW* Navy—Spend Navy Day—Oct. 27th—with us!

Coming—Still another Navy Contribution for war or peace—new airborne radar, an epoch-making advancement to safe air navigation!
