No Shows In North Scurry Drillstem Test

Texaco No. 1 M. A. Fuller, North Scurry wildcat, is coring deeper after making no shows of oil, gas or water on a drillstem test.

The test, run from 7,589-632 feet, recovered 140 feet of drilling mud. The tool was open one hour. Final flowing pressure was 20 pounds, with 15-minute shutin pressure 180 pounds.

After the test, the project was cored from 7,632 to 7,665 feet. Recovery was 24 feet of lime and shale with no shows.

DRILLING REPORT

Superior and Intex No. 13-536 Florance Lanham, Northeast Borden wildcat, has set and cemented seven-inch casing at plugged-back total depth of 8,185 feet. Casing is to be perforated for testing after the hole has been cleaned out.

Superior and Intex No. 14-598 Jordan is drilling below 5,735 feet in lime and shale.

Sinclair Oil No. 1 Scott Dawson wildcat, has been plugged and abandoned on total depth of 13,036 feet in Mississippian dolomite and lime. It recovered 2,200 feet of salty sulphur water with no shows on the final test in that zone.

Ohio No. 1 Gaskill, Kent wildcat, is drilling below 3,860 feet in lime.

Pan American No. 1 Hamlin, Northwest Howard wildcat, has spudded to 120 fet in red beds and is preparing to drill deeper.

C. I. Herring No. 1 Mack-Amerada, Borden tester, is drilling in lime and chert below 8,456 feet.

Newman Brothers and Crane Oil No. 1 Wyatt, Kent wildcat, is drilling in lime, shale and chert below 7,105 feet.

1953 Budget Approved Here

The commissioners court this morning adopted the proposed county budget for 1953 in the amount of $1,188,000. This is the amount anticipated to be collected from county taxes and equals 90 per cent of the total assessments.

Of this amount, $440,500 is to be paid on principal of indebtedness, $97,445 is to cover interest, and the remaining $651,055 is to cover operational expense of the county, according to Charles E. Smith of Plainview, representing the Central Investment Co. of Texas, which outlined the budget.

The budget was drawn after needs of the county were determined, Smith said, and the tax rate was determined as necessary to meet the budget. The rate was set by the court at $1.10 per $100 of the county's total property valuation. This rate is five cents lower than the present rate, but collections are to be $49,000 more due to increased valuation throughout the county.

Nights Beating Heat In Texas

(By The Associated Press)

Cool nights and comfortable days were giving heat-weary Texans a chance to catch up on sleep and rest as September's first week neared a close.

School kids and collegians thrilled at the sound of heavy shoes against a football. It was just about time for those first games of the season.

And the weather—especially at night—was perfect. . . for early season football, anyway.

Night-time temperatures were in the 55-75-degree range, just right for sitting in the stands without shivering. And it was dry.

The great Texas drought hung on. . . and caused little worry for the quarterbacks, tackles and other team members.

Daytime temperatures were still warm, but low humidity over most of the state kept them comfortable, especially so when compared with the 100-degree plus temperatures of a fortnight ago.

SHORT OF WATER

Cattle in Denton County are having a hard time finding drinking water these days as the Texas drought continues on its million-dollar damaging way. On the Clyde Rosson Ranch, 13 miles west of Denton, the 46 head of cattle are being watered by well water, the same well that provides Rosson's family and seven other families in the community with water.

Texas Cotton Crop Estimated At 700,000 Bales Under 1951

WASHINGTON, Sept. 8 (AP)—The Agriculutre Department estimated Texas' drought-burned cotton crop today at 3,500,000 bales—700,000 bales lower than one month ago.

For the first time this year, the department estimated production would be less than the 4,061,000 bales produced in 1951. Last month's estimate of 4,200,000 bales had been just above the 1952 figure.

The condition of the crop as of Sept. 1 was reported at 59 per cent of normal. On Aug. 1 it had been 72 per cent normal. The average yield per acre was estimated at 166 bales—18 bales lower than the estimate a month ago.

The Agriculture Department estimated the current crop for the nation as a whole at 13,889,000 bales.

This is a decrease of 846,000 bales from the department's forecast of 14,735,000 bales a month ago. It compares with a government production goal of 16,000,000 bales and with forecasts of total needs of between 13,300,000 and 14,600,000 bales.

Severe dry weather during July and early August damaged the crop in some Southeastern areas to reduce production prospects.

In an accompanying report, the Census Bureau said 1,413,099 running bales from this year's crop had been ginned prior to Sept. 1. This compares with 2,013,658 ginned to the same date last year and 859,401 two years ago.

Cotton production was 15,144,000 bales last year and 11,775,000 for the 1949-50 average.

The condition of the crop as of Sept. 1 was reported at 69 per cent of normal compared with 75 per cent a month earlier and 74 per cent a year ago.

The average yield of cotton to the acre was reported at 270 pounds compared with 277.4 indicated a month ago and 271.9 for the 1951 crop.

The department estimated that 5.2 per cent of the acreage in cultivation on July 1 will be abandoned, compared with 3.3 per cent indicated a year ago.

This would leave 24,693,000 acres for harvest compared with 26,698,000 last year.

No estimate of cottonseed production will be made until after the final ginnings for the year are determined. However, if the ratio of lint to cottonseed is the same as the average for the past five years, production would be 5,650,000 tons. Last year it was 6,325,000 tons.

The per cent abandonment after July 1, the acreage for harvest, condition of the drop as of Sept. 1, the acre yield, and production, respectively, by states included:

Oklahoma 10.6 per cent abandonment; 1,100,000 acres for harvest 40 per cent of normal; 100 pounds per acre, and production 230,000 bales;

Arkansas 0.8; 1,865,000; 66; 296 and 1,150,000;

Louisiana 0.7; 884,000; 72; 369, and 68,000;

Texas 10; 10,114,00; 59; 166, and 3,500,000;

New Mexico 1.3; 296,000; 94; 486, and 300,000;

Arizona 0.6; 666,000; 92; 764, and 1,060,000;

California 0.5; 1,399,000; 93; 65 and 1,900,000.

The production of American-Egyptian type cotton was estimated at 82,000 bales compared with 47,200 last year and 8,400 for the ten-year average.

Production of American-Egyptian by states includes: Texas 29,000 bales compared with 18,700 last year; New Mexico 12,000 and 8,500; Arizona 40,000 and 19,700.

Children Beat Off Kidnapper

SAN ANTONIO, Sept. 8 (AP)—A tiny but fiery blonde 4-year-old San Antonio girl fought off a would-be kidnapper Sunday, scratching and biting him on the face with such fury that he dropped her and ran.

With an able assist from neighborhood boys, who hurled rocks at the abductor, Shirley Jean Hobbs, daughter of Mr. and Mrs. Jimmy Hobbs, 30 Victor St., was spared possible molestation at the hands of the man who she said had "eyes as big as cups."

Shirley Jean and several other neighborhood youngsters were playing with a small wheel near her home. It was about 8 p.m. and darkness had set in.

Suddenly the wheel rolled into brushy area along the street. It was dark there, away from the porch lights of the homes.

Running to retrieve the wheel, Shirley Jean saw a man lying in the weeds.

"Come a little closer," he told her.

Shirley Jean started to run. But in a flash the man had grabbed her around the waist and began running with her.

Shirley Jean screamed and bit the man in the face with all her might. She scratched at his eyes and kicked him as hard as she could.

Her playmates, hearing the screams, threw rocks at the fleeing form.

Apparently frightened by the violent resistance, the man dropped Shirley Jean and disappeared.

Because it was dark, Shirley Jean and her playmates were unable to offer any description of the man other than her description of his eyes.

No Enforcement Of Inspection Law Expected For Few Days

Col. Homer Garrison, director of the State Department of Public Safety, said he might have a statement today concerning violators of the car inspection law, the Associated Press reported this morning.

State patrolman E. W. Green, located at Snyder says they plan no enforcement yet, and will probably get the word Thursday in a district meeting. "But we may get the orders in 30 minutes to crack down on them", he says.

The legal deadline was Saturday night. The violators are subject by law to fines ranging from $1 to $200.

A total of 8,001 cars had come through the Snyder inspection stations by this morning. Some garages still have waiting lines ranging from three to 20 cars, but the majority of them report almost no business. About 50 to 75 cars are expected to get the yellow stickers today.

Some of the Snyder garages ran out of stickers Saturday and one could get only one book from Abilene. Other local stations declared they "still have plenty".

Houston officers plan to hand out fickets for no inspection stickers starting Wednesday, the Associated Press says.

In San Antonio, Chief of Police R. D. Allen said he was awaiting a statement of policy from the Department of Safety.

"If the state is not going to enforce the law," Allen added, "it would be silly for us to go ahead on our own." That is the way the Corpus Christi police said they felt too, according to the Associated Press.

Although Dallas police had a hands-off order, Dallas County Sherriff Bill Decker said his men would handle the law "Just like any other traffic matter," reports the Associated Press.

Egypt's Head Pushing For Fast Reforms

CAIRO, Egypt (AP)—Egypt's new Premier, Mat. Gen. Mohammed Naguib, called the first meeting of his Cabinet today to speed the reforms he has vowed will follow his week-end sweep to power.

The 51-year-old Army strong man who ousted ex-King Farouk six weeks ago, moved swiftly and without bloodshed yesterday to consolidate the Army's grip on the country. As he brushed aside former Premier Aly Maher, took over the premiership and swore in a new Cabinet, the Army rounded up 47 leading politicians, princes and friends of the royal family.

Among those arrested were former Premiers Ahmed Hilaly and Ibrahim Abdel Hadi and Fuad Serag Eddin, ex-minister of interior. Eddin is boss of Egypt's dominant political party—the nationalistic Wafdists.

Also taken in the Army dragnet were Prince Abbas Halim and Prince Said Halim, both third cousins of Farouk, and Abdullah Sadek and Mostafa Sadek, uncles of ex-Queen Narriman.

The new Premier—the seventh since January—swore he would tackle three main jobs—"a purge of the political setup, enforcement of a limitation on land ownership and a curbing of the skyrocketing cost of living."

An Army spokesman said Naguib would resign as soon as normal parliamentary rule is restored after forthcoming elections are held, not later than February.

Naguib kept his post as commander in chief of Egypt's armed forces but picked a Cabinet of civilians, indicating he probably will not depend entirely on soldiers' bayonets to push through his program.

Three of his new ministers are seasoned technicians who were in the outgoing government. Prominent among them was Abdel Guelil el Emary, an able economist, who will remain as finance minister. In political circles this was looked on as a sign Naguib will continue along the main lines of his predecessor's financial policy.

No Orders Yet For Cheap Hay

No orders for hay have been sent from the local Production Marketing Administration office after Scurry County was declared an emergency drought area by President Truman last week.

"An order for a car load of hay will be sent just as soon as we receive orders for about 18 tons," Irelan Finley, PMA administrative office, said this morning.

The hay is priced at $36 per ton for legume hay, $32 for mixed and $28 for grass, the PMA officer said. "I will take a deposit of $5 per ton for hay," he stated, adding that on the open market the better hay sells for $60 per ton.

Only a thirty day supply may be ordered until every eligible rancher has received a supply. The eligibility extends to dairy cattle with steer calves no older than 10 months, sheep, and breeding herds, says Finley.

Contacts are being made today to establish a local dealer to take care of the unloading of the hay, he says. Requests are that dealers be located at Dermott, Hermleigh, and Snyder.

55 Degree Low In Night

The maximum temperature was 94 degrees yesterday with the low last night dipping to 55 degrees, according to Mrs. D. P. Strayhorn, official weather observer. The reading at 7:30 o'clock this morning was comparatively cool 62 degrees, she said.

Crime Chiefs Indicted

WASHINGTON, Sept. 8 (AP)—A federal grand jury today indicted two of the nation's underworld chieftains — Joe Adonis and Anthony J. Accardo—on charges of contempt of Congress.

Passenger Liner Goes Aground And Sinks Off Alaskan Coast

JUNEAU, Alaska (AP)—The relentless waters of a Southeastern Alaska "ship graveyard" claimed another Canadian Pacific Lines vessel yesterday—its flagship, the Princess Kathleen—but not one of the 415 aboard was lost.

A mile and a half off course, the 5,908-ton Kathleen crunched aground with her bow almost underneath a cliff at 3:15 a.m. Earthquake-conscious Californians aboard said the blow felt like such a shock.

Within four hours, with Coast Guard-aided rescue efforts, the 307 passengers aboard were gotten ashore, many of the younger ones climbing down ladders to the beach. Near mid-day, when the rising tide began to fill the hull, Capt. Graham O. Hughes ordered "Abandon ship," and the 118 officers and crew were also put ashore.

The ship slipped from its rocky berth and sank, with its bow going high into the air, in 90 feet of water at 1:40 p.m. The spot was 18 miles north of here. The Kathleen had sailed from Juneau for Skagway.

First Officer Charles W. Savage was on the bridge when the ship hit, Capt. Hughes reported. The lookout sighted the reef and cliff looming up in the darkness and light rain but there was no time to change course.

The first officer was unable to explain the ship's position, Hughes said. He was near collapse after the ship was abandoned.

The ship's plight was not believed serious at first and the passengers were served coffee. Winds kicked up six-foot waves and a drenching rain fell.

On arrival of the Coast Guard cutter, lifeboats brought passengers ashore, fires were built on the beach and a path was cut through brush and rocks half a mile to a road.

About 160 of the younger passengers, many of them on a tour sponsored by the Catholic Young Men's Institute of San Francisco, climbed down ladders to the shore and hiked to the road.

The Coast Guard boat took 110 of the older passengers to Tee-Harbor and returned and took between 30 and 40 to Auke Bay, both points with easy access to the road to Juneau. One of the survivors suffered a heart attack in the lobby of the Baranof Hotel, presumably from over-exertion.

After the crew got ashore, they huddled near fires and as the Kathleen finally filled with water and took its last plunge, they bared their heads and wept.

Robert M. Gilmore of San Francisco, an assistant to the vice president of the Southern Pacific Railway, said rescue operations were carried on "beautifully and smoothly."

Three other Canadian Pacific Lines ships have been lost in the immediate area and a fourth was salvaged. One of the North Pacific's worst marine disasters took the lives of 343 persons, every one aboard, when the Princess Sophia sank on Oct. 18, 1918, only eight miles away.

States Righters Have Plan To Put Ike On Democratic Ballot

AMARILLO, Sept. 8 (AP)—States Rights Democrats today kept alive hope they can win control of tomorrow's Texas convention and persuade it to repudiate Presidential nominee Adlai Stevenson.

One plan was to try to get the convention to relinquish its Democratic label and certify a slate of electors pledged to vote for Dwight Eisenhower.

That, in effect, would permit the party's Loyal Democrats faction to reconvene a rump convention held last May and certify another slate of electors pledged to Stevenson under the official Democratic label.

The States Righters had not decided on their proposed party name.

This plan would run sharply counter to Gov. Allan Shivers recommendation that the convention certify electors pledged to Stevenson to appear on the November general election ballot in the customary manner.

The States Righters have now finally settled on their strategy. They named a committee to confer with Shivers in the hope of getting him to relax his call on the convention to go along officially with the national party nominees.

Meanwhile, the state executive committee met to dispose of preliminaries for tomorrow's convention. It began the tedious process of preparing a temporary roll and tabulating results of the August primary.

Lester Clark of Breckenridge, former member of the Legislature, was slated to become the convention's temporary chairman. There was no final sign yet who might become the permanent chairman and keynoter.

The Texans were torn by new cross currents of dissension and threats of another party split on the eve of the state convention.

Gov. Allan Shivers' decision to urge the convention to pledge its electors to the national party's nominees for president and vice-president touched off loud protests from a conservative faction who want the convention to repudiate Gov. Adlai Stevenson.

While this group held a series of meetings last night, Shivers announced at a press conference that Atty. Gen. Price Daniel has rejected an invitation to be the convention's keynote speaker.

Asked why, Shivers said the attorney general told him he didn't have time to write a speech.

Shivers had no additional comment on this incident, but it started speculation that the Democratic nominees for two of the state's top posts, Governor and U. S. Senator, may have had a falling out.

Daniel was the first to urge that the state convention try to find a way to make Dwight Eisenhower the state party's presidential nominee, rather than Stevenson. Shivers announced Saturday he had concluded there was no legal way to do this, and would recommend that the convention certify Stevenson as the presidential nominee.

At a news conference late last night, Shivers said he has not finally shut the door on the possibility he might give his personal vote to Eisenhower. He would not expand on the statement, except to say that it was his "present intention" not to vote the Republican ticket, and to scratch Stevenson on the Democratic ticket.

Hand To Hand Fighting On Korean Front Over Hill Held By Chinese

SEOUCL, Korea, Sept. 8 (AP) — Chinese and South Korean infantrymen battled fiercely tonight for control of Capital Hill amid bursting shells from tremendous U. N. and Communist artillery barrages.

An American combat officer reported the fighting was largely hand-to-hand because there's not anything to shoot at in the dark."

He said no one controlled the crest of the central front height because of the heavy artillery barrages from both sides.

The U. S. Eighth Army earlier had reported that the South Koreans—who in three days have attacked five times in the face of 48,000 rounds of artillery fire—had reached the top only to be driven off an hour later.

The American said that U. N. artillery ruined two Red battalions. One was caught in a ravine behind Capital Hill and the other was moving down a draw when Allied artillery zeroed in on them, near the Manchurian border.

The air victories raised the September bag of Russian-built MIGs to 22 destroyed, one probably destroyed and 15 damaged. This pace is well ahead of the record 44 MIGs destroyed in April.

The Air Force said fighter bombers have been giving air support to the hard pressed Koreans in the Capital Hill sector.

Troops of the South Korean Capital Division had knifed and slugged to the crest of Capital Hill at 9:45 a.m.

The chinese counter-attacked an hour later under a tremendous artillery and mortar barrage, and retook the heights. The Eighth Army said 12,000 rounds fell in five hours.

The Republicans fell back down the hill about 50 yards where they were battling the chinese at close range at last reports.

Other Korean troops west of the hill were counterattacking against Chinese who had seized an outpost. The Eighth Army said the Koreans were within 20 yards of that objective and engaging the Reds in a hand grenade duel at last report. ta38

Chinese troops seized Capitol Hill and another nearby outpost Saturday night and early Sunday in one of several Communist thrusts across the 155-mile winding front. The attacks were supported by the heaviest Red artillery and mortar barrage of the war—43,621 rounds. The previous high of 21,000 rounds was set last month.

Big Red guns concentrated on the Capitol Hill sector and poured more than 35,000 rounds of mortar and artillery onto South Korean positions.

The fighting flared Saturday night. At least three Chinese battalions — about 750 men each — hit the critical Panmunjom-Bunker Hill sector in the west, defended by U. S. Marines, and Capitol Hill. Other — but smaller — Red forces struck in what appeared to be coordinated assaults in the East.

Except for the Capitol Hill sector, the fighting dropped off sharply Sunday night.

Two Cars In Three Accidents East Of Here Sunday Afternoon

Three accidents involving four vehicles occurred yesterday afternoon, the last two wrecks involving the two vehicles that collided in the first. No one was seriously injured, and damage was slight.

E. W. Green, highway patrolman, gave this account of the accident:

A 1947 Nash sedan driven by Mayron F. Horton, 38, of Snyder, and a 1950 Chevrolet pickup driven by Charles Lee Rhinehart, 15, of Hermleigh, collided in a sideswipe while meeting headon. Horton failed to stop and continued toward Hermleigh on U. S. Highway 84.

Rinehart turned his pickup around and pursued Horton's car, but before overtaking it, the Nash and another pickup truck sideswiped in the same manner. The second pickup was a 1947 Dodge driven by Orville Claude Sessums 45, of Sweetwater. This second accident occurred on Sessum's side of the highway.

When the second accident occurred, another vehicle traveling behind the Dodge truck toward Snyder swerved left to miss the collision. When it swerved left, the car it was meeting, a 1946 Chevrolet sedan driven by William L. Cain, 29, of Roscoe, stopped. Rinehart was driving behind Cain and in pursuit of Horton when Cain's car stopped, and Rinehart's pickup then struck the rear of the Cain car.

Horton, who gave his address as Avenue T and Park Street, was taken to the Battenfield Hospital but was reported later not to be seriously hurt. A felony charge of driving while intoxicated as a repeated offense was filed against Horton in district court here this morning.

The charge against Horton alleges he has previously been convicted of driving while intoxicated and that his driver's license has been suspended because of similar conviction in Wyoming.

Other officers investigating the accidents with Green were his partner, Bill Zimmerman, and the sheriff, Lloyd Merritt. Green estimated heaviest damage at about $100 when the Rinehart pickup struck the rear of the Cain car.

Iran Formally Turns Down West's Offer

TEHRAN, Iran (AP)—Premier Mohammed Mossadegh flatly rejected last night the British-American offer to solve the Anglo-Iranian oil squabble, but hinted Iran might agree to a court settlement of the muddled issue.

Blasting the recent Truman-Churchill proposal as the worst yet made in the dragged-out negotiations, Mossadegh told newsmen, "The solution proposed in this message is not only altogether inequitable, but more severe and impracticable than earlier proposals."

Mossadegh's point-by-point rejection of the British-American offer was contained in a three-page statement read to reporters at his home.

Shortly after the news conference, George Middleton, British charge d'affaires, conferred for more than an hour with Mossadegh at the latter's home. He refused to divulge the nature of the discussion.

Mossadegh's statement was an expansion of his off-the-cuff rejection Aug. 30, when the joint offer was made. He has called a special parliamentary session Wednesday to frame a formal reply to Britain and the United States. Observers believe Parliament will echo the Premier's stand.

However, some quarters pinned hope negotiations might continue on Mossadegh's reference last night to a court settlement. The Premier said it was possible Iran and the Anglo-Iranian Oil Co. could agree to submit the compensation issue to a mutually agreed upon court.

"The first condition of this agreement," he added, "is that the parties to the suit should determine the limit and the nature of their dispute."

The British-American proposal had included an offer for World Court arbitration of compensation due the British-owned AIOC for its nationalized properties.

Commenting on this, however, Mossadegh said:

"It is clear to all that after the International Court ruled it has no jurisdiction in the case, the Iranian courts constitute the only judicial authority in the world competent to investigate the present dispute."

Mossadegh, only recently recovered from an illness, read his statement in a firm voice. Assailing the British-American offer as completely inequitable, he said:

"By imposing these terms the intention (of the British and American governments) is to destroy the fruit of all the struggles of the Iranian government and the hardships it has suffered in defending its rights of sovereignty.

"Despite all economic and financial difficulties, the Iranian nation will under no circumstances submit to unfair conditions that may be prejudicial to its economic or political independence or may God forbid to the national honor and prestige of Iran."

Iran is just about broke as a result of loss of revenues from the AIOC shut down since its Iranian holdings were nationalized nearly a year ago.

WEATHER

NORTH CENTRAL TEXAS AND WEST TEXAS: Generally fair Monday, Monday night and Tuesday. Not much change in temperature.

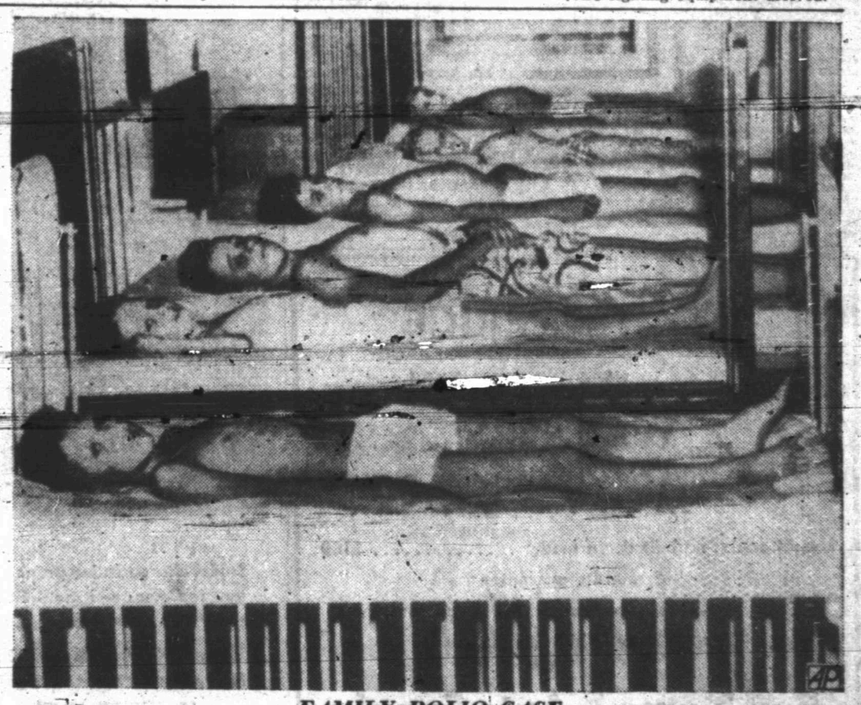

EAST TEXAS Clear to partly cloudy Monday, Monday night and Tuesday. Scattered thundershowers near the coast. Not much change in temperature. Moderate to locally fresh northeasterly winds on the coast.

SOUTH CENTRAL TEXAS: Clear to partly cloudy Monday, Monday night and Tuesday. Scattered thundershowers in east portion. Not much change in temperature. Moderate to locally fresh northeaserly winds on the coast.

Smoke Fills Diamond M

A fire in the cooling unit in the basement of the Diamond M building, 911 Twenty - fifth Street about 9:45 o'clock this morning filled the building with smoke, but did little damage, firemen said.

The fire was started by a drive belt which slipped and overheated. Smoke from the belt was pulled into the building's cooling system and carried to all parts of the building. The fire had been put out with fire extiguishers before fire fighting equipment arrived.

FAMILY POLIO CASE

Six members of the Paul Pehl family, of Stonewall, Tex., are in a San Antonio hospital with polio. The victims (from front to back) are: Paul Jr., 11, Elaine, 9; Daniel, 15; Dayton, 14; Dorothy, 7; and George 10. The father and mother and another child escaped the disease. Pehl says he won't return to the family farm until health authorities have had time to inspect the Pehl home for clues about the dread disease.

Lopat, Roe Put Their Teams In Safer Positions Of Lead

By JOE OREICHLER
Associated Press Sports Writer

The left arms of Eddie Lopat and Preacher Roe hold the key to the major league pennants.

Each turned in important victories yesterday as the flag fever continued to mount with each game.

Lopat, the 34-year-old southpaw from Arkansas, pitched New York to a 5-1 victory over the Senators in Washington to stave off Cleveland's bid to pick up appreciable ground on the world champions. The Indians, however, did cut the Yankees' first-place American League margin to two games with a 4-0 and 3-1 sweep of a doubleheader from the Browns in Cleveland.

Roe, also a 34-year-old veteran and an Arkansan, threw a brilliant three-hitter at New York as Brooklyn came through with a 4-1 triumph that snapped the Giants five-game winning streak and increased the Dodgers' first-place National League lead to five games.

It was just 10 days ago that Paul Richards, manager of the Chicago White Sox, said:

"If Lopat can come back and win five games for the Yankees, the rest of us can spit on the fire and call in the dogs."

At the time Lopat was nursing a sore arm. It was doubtful if he could recover in time to help the Yankees. Since then, Steady Eddie has pitched three games and won them all.

Lopat hurled an eight-hitter yesterday and was credited with his eighth win on the strength of a grand slam home run by pinch hitter Johnny Mize. The blow came in the sixth and erased 1-0 Washington advantage.

Roe's victory proved a gigantic morale booster for the slump-ridden Dodgers. They had dropped six of their last seven.

Roe needed help, of course. It came from the booming home run bats of Gil Hodges, PeeWee Reese, George Shuba and Billy Cox.

The Indians received splendid pitching from Mike Garcia and Steve Gromek as they registered their fourth and fifth consecutive triumphs. Garcia blanked the Browns on six hits to post his 9th victory in the opener and his fifth shutout. Cleveland got four hits off Gene Bearden but bunched two of them along with two walks to score three times in the first inning. Luke Easter's triple was the big blow.

Another three-run outburst, this time in the third, won the second game. Wally Westlake's windblown fly fell for a double to clear the clogged bases.

The Red Sox continued to plaster the left field wall of Boston's Fenway Park, smashing the Philadelphia Athletics, 12-5. Boston's 12-hit attack included homers by Hoot Evers and Dom DiMaggio and a three-run double by Johnny Lipon.

Ted Gray won his 12th as the tail-end Detroit Tigers turned back the Chicago White Sox, 4-2. Outfielder Johnny Groth drove in two runs.

The third-place St. Louis Cardinals, who continue to cling to their outside chance to overtake both the Dodgers and Giants, came from behind to nip the Pittsburgh Pirates, 4-3. Enos Slaughter batted in all the Redbirds' runs with a bases-loaded triple in the eighth and a single in the ninth that brought over the winning run.

Bob Rush was the whole show as the Chicago Cubs defeated the Cincinnati Reds, 6-1. The tall pitcher hurled a four-hitter, struck out nine and batted in a run with one of Chicago's six doubles.

The Philadelphia Phillies nipped the Boston Braves, 2-1, after the Braves completed Saturday night's suspended game by winging, 3-1. The game, second of a twi-night doubleheader, was called in the eighth because of the curfew.

Frank Sedgman Holding All 3 Major Tennis Playing Titles

FOREST HILLS, N.Y. (AP)—Frank Sedgman, Australia's silent strong man of tennis, can paint an extremely dim picture of America's Davis Cup prospects in a few clipped words.

Sedgman is the world's best tennis player now—so good that the experts hesitate to compare him to the great players of the past. He had just finished proving it again by annihilating creaky-jointed Gar Mulloy, the 38-year-old Miami veteran, 6-1, 6-2, 6-3, in the final of the United States Men's Singles Championship.

A platoon of writers started popping questions at him.

What do you think of the Davis Cup series this year?

What are your plans? Have you given any thought to turning pro?

Sedgman, who wasn't even sweating much, smiled self consciously. He obviously was having a hard time finding the polite, complimentary words expected of a winner.

"Mulloy was getting stronger at the finish," he murmured. "I concentrated on his backhand. I thought he hit cross court all the time, but he hit some good ones down the line."

The Australian star, who holds all three of the world's major men's titles, admitted his hardest match in this country was the Newport Invitation final against Australia's second-ranking player, Ken McGregor. He thought the lower half of the draw, in which he played, was harder than the half that Mulloy came through and that the Wimbledon seeding system of putting all players on one list was better than the Forest Hills method of having separate American and foreign seeds.

"If they're all together, everybody gets a fair go," he said, indicating his feeling that the Australians might have made an even better showing.

He and the other Australian visitors plan to play in the Pacific Southwest Tournament beginning next week end and then return home for a rest before starting preparations for their Davis Cup defense. Frank says he hasn't given a thought to the professional game.

As for Australia's prospects of retaining the international trophy—another hesitant grin, then:

"I think we've got a pretty good chance here."

Then he pinned down that notable understatement by mentioning Ken Rosewell and Lewis Hoad, the Australian 17-year-old who played so brilliantly here, and three others who aren't far below them, Rex Hartwig, Ian Ayre and Neil Frazer. Few Americans could beat these second-stringers.

The 14,000 spectators who jammed the stadium yesterday didn't see any exciting finals, but they saw two great players.

Besides Sedgman there was Maureen Connolly winning her second women's title and completely dominating her field.

The pudgy San Diego, Calif., miss, who won't be 18 until Sept. 17, smashed Doris Hart of Coral Gables, Fla., the perennial runner-up, 6-3, 7-5. It was the fourth time Miss Hart has been beaten in the championship final.

Stands Back Of Mound To Do Warm Up

By GAYLE TALBOT

NEW YORK (AP) — When Joe Black, the Dodgers' great rookie relief specialist, warms up in the bullpen he always stands about six feet back of the rubber and throws the extra distance steadily until Manager Chuck Dressen calls him in to take charge.

"I've always done it," the young Negro star explains. "From back there the plate looks much smaller and its harder to hit, but when I start pitching at the shorter distance it looks big as a house and the corners seem easy to hit."

We hadn't heard of the scheme before, but it seems fully as sensible as the batter's practice of swinging a heavy, loaded bat along with his regular war club before he enters the box.

In the department of poor news for seven other National League teams, by the way, is a report that the Dodgers have another super-duper Negro star coming up from their Montreal farm next season, a 23-year-old named Jimmy Gilliam who might chase Jackie Robinson right off second base. He's the International League's most valuable this season.

Jackie, who is getting no younger or faster, can always move back to first, where he played when Brooklyn won a pennant in '47 and that would leave the Dodger bosses free to peddle Gil Hodges for a powerful sum of money if they wished.

A prominent sports writer friend suggests that we relax and quit bellyaching about long baseball games.

"I've never yet had a letter complaining about the length of games," he says weightily, as though that settles everything. "I've come to believe that the fan who plays his way in wants to sit there as long as possible and get his money's worth. Maybe it's only the baseball writers who don't like long games."

The answer to that is that the more intelligent fans are too tired to write letters to the editor afer they have sat through one of the modern three - hour paralyzers. They just go home and give the cat a couple of kicks and sit and sulk.

Maxwell And Wininger Win Odessa Tourney

ODESSA, Sept. 8 (AP)—Billy Maxwell and Francis (Bo) Wininger swept the fourth annual $7,500 Odessa pro-amateur golf tourney yesterday with a 7-hole total of 51.

Maxwell, 1951 national amateur champion from Odessa, and Wininger, former Oklahoma A&M golf star now playing as a professional out of Northfield, N. J., blasted a final-round 63 to clinch their win. Their victorious total was 33 strokes below par—just one short the record set in 1950 by Byron Nelson and Wininger when the latter was an amateur.

Second place went to E. J. (Dutch) Harrison of Ardmore, Okla., and Charlie Coe of Oklahoma City. They shot 65 yesterday for a 56 total.

Labron Harris of Stillwater, Okla., and Chris Gers of Oklahoma City came in third with 58.

Wininger collected $1,500 for first place and Harrison got $1,000 for second. Harris received $750 for third.

OPEN SEASON

By DALE WALTON

Not only does Gail have a high school for the first time in history, but it is fielding its first football team.

Beginning with 15 boys, which may be, and probably are, all the boys in the high school, Coach Cliff Prather is attempting to drill a little football know-how into the young ranch hands.

Gail's team will be a six-man squad, playing schools of comparable size in this area.

Prather, who played his college ball at Sul Ross, preceded by a year of freshman sports at Texas A&M, will take care of athletics and instruct science in the schol.

Despite the fact that only three or four of the boys in the school have ever handled a football, they were looking good during the initial week of workouts, Prather said. Most of his prospective gridders are in good shape, and the overall weight averages about 150 pounds.

Prather's team will open its season Sept. 19, playing Loop at Loop.

GAIL SCHEDULE
Sept. 19 — Loop — away
Sept. 6 — Klondike — home
Oct. 3 — Knott — home
Oct. 10 —Flower Grove—away
Oct. 17 — Dawson — home
Oct. 24 — Open
Oct. 31 — Union — Home
Nov. 7 — Open
Nov. 14 — Courtney —away

Season tickets for Snyder Tiger home games are still on sale.

Art Nicholas, director of school business services, said he will have the tickets on sale, at $6 for the five home games, in his office in the school administration building on Thirty-seventh Street.

Reserved seat tickets for Friday night's game with Thomas Jefferson of El Paso will go on sale Wednesday in the office of the county superintendent in the courthouse. They are $1.20.

* * *

Curly Hays, member of the Abilene Officials Association, will speak to the quarterback club at 8 o'clock tomorrow night in the high school cafeteria. Hays will explain football rule changes for this year and clear up any rule questions in the members' minds.

Dunlap Takes Hitting Title

DALLAS, Sept. 8 (AP)—Grant Dunlap, Shreveport first baseman, held the Texas League batting championship today. Dunlap wound up with an average of .333 compiled on 154 his in 462 times at bat. Second was Babe Martin of San Antonio with .329.

Harry Elliott of Shreveport got the most hits with 204. Joe Frazier of Oklahoma City and Elliott tied for the lead in doubles with 48 apiece, Jim Greengrass of Beaumont led in triples with 15, Harry Heslet of San Antonio in home runs with 31, Russ Burns of Oklahoma City in runs batted in with 120 and Joe Koppe of Shreveport in runs with 99.

The base-stealing title went to Bill Hunter, Fort Worth shortstop, with 24.

Southeast Loop Looks Hot This Year On Grids

ATLANTA (AP)—Down in the Deep South there are facts to back the belief that 195 either will be the best football season in history or the second best.

Generally, 1942 is considered the Southwestern Conferences premier season. To top that year Tennessee, Georgia Tech, Mississippi and Co. must produce at least eight or nine first-rate teams in the 12-team league.

That is precisely what the Southeastern looks like it's doing.

Mississippi State is ruled the weakest in the loop and Auburn and Tulane aren't buzzsaws, but not one of those three deserves the label "lousey."

The Associated Press' nationwide pre-season poll duly honored Georgia Tech as third best in college football and Tennessee as sixth best. Mississippi didn't break into the top 10, but if the Rebels don't deserve to be there then college football is far and away the best it has ever been.

Jimmy Lear looks gold plated as he quarterbacks Ole Miss through the paces and runs through split T maneuvers. The "King," a Memphis kid, can run and pass. His ball handling is good and he's a fluid faker.

Nationally considered, Mississippi and King Lear aren't well known and therefore they aren't in the top 10 or on pre-season all-Americas, But wait until December.

In 1951 Tennessee was the national champion which took a belting from Maryland in the Sugar Bowl. Tech was the unsung which grew to be fifth best in the nation and the Orange Bowl champion.

This fall Tech rates a slight nod over Tennessee in potentialities. In running Tech probably has one of the best crews in the country. Leon Hardeman is first and foremost afoot. Behind him comes Larry Morris, Larry Ruffin, Bill Teas and Glenn Turner. Quarterbacking will be in the inexperienced hands of soph Bill Brigman and frosh Jack Hall.

Mr. and Mrs. Calvin Wayne Shinn

Miss Bucy, C. W. Shinn Married In Church Rites

In a ceremony at 4 o'clock yesterday afternoon at the First Methodist Church, Miss Stella Ann Bucy was married to Calvin Wayne Shinn.

The bride is the daughter of Mr. and Mrs. James Emerson Bucy of Lion Oil Camp, and parents of the bridegroom are Mr. and Mrs. George D. Shinn of Wellington.

The Rev. W. W. Adcock read the double ring vows before an arch covered with fern, white chrysanthemums and gladioli. Other church decorations were woodwardia fern, trees of emerald leaves and baskets of white gladioli. Pews were marked with white gladioli and fern.

Given in marriage by her father, the bride wore a rose satin street-length dress fashioned with a scooped neckline and worn with a bolero. She wore navy accessories and a pearl necklace and earrings.

The bride carried a white Bible topped with a pure white orchid and showers of love flowers.

MISS JENKINS ATTENDS

Miss Lynna Jenkins of Monahans, cousin of the bride, was maid of honor. She wore a champagne taffeta sheath worn with a redingote. Her flowers were orchid gladioli in a colonial bouquet arrangement.

Ted Schuler, Jr., of Seminole served as best man. Ushers were John Womack of Quanah and Jimmy Jenkins of Monahans, the bride's cousin.

Wayne Pitner, organist, played traditional wedding music and accompanied the soloist, Miss Ann Spikes of Ralls, Tex.

Following the wedding, a reception was held at the home of Mr. and Mrs. Gid T. Carlisle, West Thirty - seventh Street. The bride's chosen colors of orchid and gold were carried out in table decorations which included orchid gladioli and gold chrysanthemums. A white satin slipper filled with flowers and spilling pearls was also used on the table.

Mrs. J. B. Estabrook of Wink, Tex., presided at the three-tiered cake. Miss Glenna Shinn of Lubbock, sister of the bridegroom, registered guests. The registry table was decorated with an arrangement of yellow chrysanthemums and lavender asters.

HOME IN LUBBOCK

When the couple left for Lubbock, where they will both be junior students at Texas Tech, the bride was wearing a light blue wool jersey dress fashioned with white angora embroidery and rhinestone trim. Her hat and gloves were white and other accessories were navy, and she wore a white orchid corsage.

At Tech the bride is a member of Las Chaparritas social club, and the bridegroom is a member of Los Caballeradas club.

Out-of-town guests included Mr. and Mrs. J. R. Jenkins and Bill Jolly, Monahans; B. J. Bucy, Seagraves; Miss Shirley Fields, Lubbock; Mr. and Mrs. Frank Late and Jan and Mr. and Mrs. Walter Crockett, San Angelo; Mr. and Mrs. James E. Hubbard, Wink; Mr. and Mrs. A. E. Cameron and Sara Ann, Midland; Mrs. Virgina Holly and Miss Eorraine Ashton, Lamesa; Mr. and Mrs. W. C. Lane and Ted, Mrs. Lela Maxwell, Mr. and Mrs. Elbert Watts, Fred Maxwell, Kenneth Maxwell, Mr. and Mrs. Glenn Jones and Cheryl, Mr. and Mrs. Gordon Shirra, Wanda Shinn, Rusty Shinn, Miss Jorene Shinn and the bridegroom's parents, all of Wellington.

Mr. and Mrs. George Shinn were hosts for the rehearsal dinner Saturday night at the Village.

Trio Of Separates

No. 2596. This weskit suit emerges with an extra little collared weskit—for mixmatch magic! Sizes 10, 12, 14, 16, 18 and 20. Size 16, skirt and collarless weskit, 3 yds. 54 in. The collared weskit requires 1⅞ yds. 25½-in. (All three come in one pattern!)

The FALL - WINTER FASHION BOOK, just out and beautifully illustrated in COLOR! Presenting fall fashions at their smartest. Over one hundred practical, easy-to-make pattern designs, for every age and type of figure. Be an early bird, order your copy now. Price just 25 cents.

EVENTS OF THE WEEK

TUESDAY

Study club organizational meeting, 9 a.m., Presbyterian Church basement.

East Elementary PTA procedure course, 8:45 a.m.

Organization of duplicate bridge league for couples, 7:30 p.m., Country Club.

Womans' Culture Club opening luncheon, with Mrs. Henry Kelley.

Tuesday Night Bridge Club, 7:45 p.m., with Mrs. George Vicary hostess at home of Mrs. Lee T. Stinson, 3011 Avenue U.

WEDNESDAY

East Elementary PTA, 3:45 p.m.

Wednesday Contract Club, 1:30 p.m., with Mrs. S. L. Surratt, Pan American Camp.

Ace Bridge Club, 1:30 p.m. with Mrs. W. D. Birdwell, 3762 Austin.

THURSDAY

American Association of University Women, 3:45 p.m., Fellowship Hall.

Tally Bridge Club, 1:30 p.m., with Mrs. Lester Sweet, the Village.

Scurry Masonic Lodge called meeting for work in M. M. and F. C. degrees, 7 p.m., Masonic Hall.

East Elementary reception for parents and teachers, 7:30 p.m.

Chez les Amies Bridge Club, 12:30 p.m., Country Club.

FRIDAY

OES Study Club, 8 p.m., Manhattan Banquet Room.

Altrurian Club reassembly luncheon, 12:30 p.m., with Mrs. D. M. Cogdell, Sr., Colorado City highway.

SATURDAY

Club institute, 9 a.m., Fellowship Hall.

29 Women Attend WGA Club Luncheon

Activities of the Women's Golf Association which met Friday at the Country Club included golf, duplicate bridge and a luncheon.

Mrs. R. S. Yorgesen won the golf prize. Six tables of duplicate bridge were in play, with high score being won by Mrs. Garrett Harrell and Mrs. G. B. Clark, Jr. Second high went to Mrs. Charles Cooper and Mrs. Hugh Boren, and third couple was Mrs. V. V. McGrew and Mrs. Ray Keenan.

Twenty - five members attended the luncheon. Four out-of-town guests included Mrs. Bro Mingus of Abilene, who was presented later in the afternoon at the Book Review Club.

Plans are underway at the Country Club to organize a couples' duplicate bridge league for future national affiliation. Meeting is set for Tuesday.

TALK OF THE TOWN

By SUE HOLMES

Following a summer spent in cool places, Mrs. C. T. McLAUGHLIN is in Amarillo for state Democratic convention functions.

Her most recent trip was to Mexico City and Fort Worth friends. She found the Mexican interior delightfully cool and rainy and toured the churches, cathedrals and scenic ruins of the area. One side trip took her party to Taxco, where she noted an occasional pig running over the narrow, cobblestone streets. The bull fight she saw was not professional, since it was out of season, and she laughingly said she'd prefer a good football or baseball game anytime.

From Mexico City she flew back to Dallas, then went to neighboring Fort Worth for the opening festivities of the Fort Worth National Bank.

A trip through the Smoky Mountains began Mrs. McLaughlin's summer, then she headed west for the Garden of the Gods Club in Colorado Springs. There the McLaughlins entertained Georgia Neese Clark, who spoke here last year, and flew to Denver to hear her speak.

Maine Election Today Will Be Test Of GOP, Demo Strength

PORTLAND, Me. (AP) — Maine voters today elect a U. S. senator, governor and three U. S. representatives in the nation's first test of Republican-Democratic strength this year.

At least one hotly debated local issue and clear, cool weather was expected to bring out a fairly heavy vote. Polls generally open at 6 a.m., Eastern Standard Time, with most of them closing at 7 p.m.

Republicans expected to win all major offices, as they have done regularly since 1934.

Bolstering their optimism was an informal survey, compiled by The Associated Press from opinions gathered by newspapers and radio stations. It indicated victory for the GOP, but with smaller majorities than in recent elections.

Democratic State Committee Chairman James G. Sawyer forecast a vote of about 240,000. The 1948 vote was 223,000. The GOP margin then was a record 95,000 — for Margaret Chase Smith as senator. The biggest vote was 311,000 in 1936. Sawyer said, however, that local issues, rather than state or national, would bring out many voters.

Republican State chairman Bradford Hutchins anticipates a vote of 230,000 to 250,000. He based it on "interest stirred among Republicans" by Republican vice presidential candidate Richard M. Nixon's four-day visit last week; "the realization that solid support of the Republican ticket is necessary, and the added interest engendered by the several independent candidates on the ballot."

An investigation of the state monopoly liquor operation overshadowed all other issues.

In Washington, the Democratic National Committee demanded last night that Gen. Eisenhower refuse to accept campaign support from Maine's Gov. Frederick G. Payne, Republican senatorial candidate.

The statement, issued by George W. Ball of Chicago, executive director of the Volunteers for Stevenson, said silence by the general will mean he condones the "mess in Maine."

Payne declined comment.

Ball referred to the indictment Friday of Bernard T. Zahn, former friend and appointee of Payne, and Frederick W. Papalos of Boston, on charges of conspiracy with a wine bottler to commit bribery by raising the price of wine sold by the Maine Liquor Commission, with Zahn to get the increase.

Zahn resigned as Liquor Commission chairman last March.

The Legislative Research Committee was told last spring that Papalos claimed influence with the governor. Payne and Papalos denied this.

Payne's Senate opponents are Roger P. Dube, Democrat, and Independent - Democrat Earl S. Grant, whom Dube defeated in the primary.

There is a four-way contest for governor. The Republican is State Senate President Burton M. Cross. The Democrat is James C. Oliver, a former Republican U. S. representative. The others are Neil S. Bishop, Republican - independent, and Republican State Sen. Henry W. Boyker, listed as independent.

VFW Auxiliary To Send Orphan Gifts

Gifts for the Greek war orphan adopted by the Veterans of Foreign Wars Auxiliary are to be turned in to Mrs. W. M. Nichols, 2601 Avenue U.

Mrs. Nichols asked that members bring the gifts to her home by Saturday.

Word has been received in Snyder that James McMorries, a former resident, has been re - elected county judge in Morris county. His home is in Stanton.

Court Martial Of 1814 Gets Reversal Today

NEW YORK (AP) — The great grandson of a court - martialed naval lieutenant, who died in 1874, will receive a renewed commission for the dead officer today in a victorious end to a 137-year vindication fight.

Electus D. Litchfield, an 82-year-old architect, formally will be presented with a certificate restoring the rank of Lt. William S. Cox, who was cashiered in 1814. The certificate was signed by President Truman last month.

Cox was tried and convicted two years after he served in the war of 1812 as a 21-year-old third lieutenant aboard the U. S. frigate Chesapeake, which fought the British frigate Shannon off Boston.

In the battle the American ship was badly hit and most of her officers injured. Her commanding officer, Capt. James Lawrence, uttered the famous words "Don't give up the ship" as he lay mortally wounded.

But the British boarded and captured the Chesapeake.

The court martial accused Cox of misconduct in leaving the battle to direct crew members in carrying the wounded Lawrence below decks.

Three Guests At Hi-Lo Canasta Club

Mrs. Myrle Greathouse and Mrs. Bill Lilly were hostesses Thursday to Hi-Lo Canasta Club for a luncheon and three tables of canasta.

Mrs. D. D. Markham won high, with low prize going to Mrs. S. L. Surratt. Mrs. Willis LeVier won bingo prize.

Guests were Mrs. H. L. Landusky, Mrs. B. T. Butler and Mrs. LeVier.

The Rev. Oscar Mullins and John R. Mullins, both of Arkansas, visited last week in the home of their brother, H. A. Mullins, 1704 Seventeenth St., who is ill. Mrs. Alberta Witherspoon and son, Warren, both of Odessa, also visited in the Mullin home. Mrs. Mullins reports her grandson Warren to be recovering satisfactorily from a recent auto accident.

About 7,000 acres in North Carolina are planted in cucumber each year.

Nash Ambassador

"The Finest Shock-Proof Ride In the World Today!" says Tom McCahill

THIS IS THE VERDICT OF THE NATION'S LEADING IMPARTIAL MOTOR CAR EXPERT AS REPORTED IN MECHANIX ILLUSTRATED MAGAZINE, SEPTEMBER, 1952, ISSUE

NEVER has an automobile received a finer tribute than that accorded the Nash Ambassador by MECHANIX ILLUSTRATED Magazine's Tom McCahill, outstanding car expert.

Tom McCahill tests all makes of cars —200 different models in the past six years. He puts them through back-breaking grinds, testing performance and handling. His impartial findings prove the outstanding value of Nash. He writes:

"The finest shock-proof ride in the world today . . . best bump-leveler."

The extra strength and safety of Airflyte Construction, the balance of Airflex Suspension, all contribute to this unmatched Nash riding comfort.

"Acre-per-dollar bargain."

Here are the widest seats of any car. Even plenty of space for big Twin Beds and Airliner Reclining Seats.

"Among the best performing cars."

In the "Grand Prix d'Endurance" at Le Mans, France, the Nash Super Jetfire engine powered the Nash entry to the top spot of all American cars.

"In hill-climbing, second to none."

The Ambassador was the only overdrive-equipped car to take McCahill's "test hill" in high—proof of Super Jetfire power.

"By far the best Nash has ever offered, and that's saying a lot."

Nash Airflytes are the first American cars styled by Pinin Farina, whom McCahill calls the "Rembrandt of automobile design."

Visit your Nash dealer and get your *free* reprint copy of Tom McCahill's informative article. And see all three great Nash Airflytes—the Ambassador, Statesman and Rambler—the world's most beautiful cars. *One ride and you will agree with Tom McCahill.*

Europeans Told Atom Weapons Will Reduce Need For Men

SUPREME HEADQUARTERS, Allied Powers in Europe, Sept. 8 (AP)—Gen. J. Lawton Collins assured North Atlantic Treaty Powers today that American atomic weapons eventually will reduce manpower demands for the defense of Europe.

Such atomic weapons as are already available, the U. S. Army chief of staff told newsmen, would be put into action right away in support of both American troops and their allies from all the NATO nations in the event of war.

Collins remarked that "atomic weapons will not lessen the number of divisions required initially for the defense of Europe."

Then, in response to questions, he said:

"They will result ultimately in ability to do the job with a smaller number of divisions. They can add materially to the ability of Western Europe to defend itself."

NATO appears dropping short of its goal of 50 divisions, active or in immediate reserve, for 1952. Ministers of the 14-nation organization are meeting in Paris in mid-December to patch gaps in the program and nail down a rearmament schedule for 1953.

Collins spoke to a group of correspondents in SHAPE headquarters which he was visiting as part of a regular tour of American troop installations. English, French and American newsmen based most of their questions on atomic weapons after the general said he was not here to discuss buying weapons in Europe to pep up the European rearmament drive.

Collins, looking very trim and young for a four-star general, told the correspondents he would not tell what type of atomic weapons were available.

"The Russians would like to know that," he added.

But he said he was discussing with all NATO Powers how atomic weapons should be used in case of war.

They are best on defense to concentrate on troops massed to attempt a break through, he explained.

When one of his replies gave the impression atomic weapons would be supplied to NATO troops, he corrected himself to say that "they will be used in support" of all troops. That left in doubt whether A-bombs and the newer tactical weapons would be distributed among the Allies, or kept strictly in American hands. He declined to clear up the point.

He said he doubted whether the Russians had atomic tactical weapons, such as atomic artillery, but that any defense force would have to assume that in time they would develop them.

Postal Receipts Hit Lowest Point Of Year

Postal receipts were at their lowest for the year in August when they totaled only $7,494.10.

The August figure was $1,258.63 lower than the March total, which was previously the lowest of the year and $2,462.05 less than that of July.

The month's total was almost $300 less than the $7,604.95 total for August, 1951.

Total for the first eight months of the year is now $63,566.61.

The five large concrete delivery trucks which mix the concrete on their way to the place it is to be poured are shown lined up at the plant on the Roscoe, Snyder & Pacific tracks at Twenty-third Street. Concrete products of the Caprock Materials Co. are delivered to all parts of West Texas from the plant here which uses 3000 cubic yards of gravel from a pit northeast of here daily. (Lee Watson Photograph.

Firm Delivers Concrete All Over This Area

The revolution which has hit the concrete industry since World War II has taken much of the work out of mixing and pouring concrete, and has allowed the industry to be put on an assembly line basis, Gene Best, general manager of Caprock Materials Co., said.

The firm, one of the largest ready - mix concrete businesses in West Texas, daily mixes materials which consume about 300 cubic yards of sand and gravel. The concrete is distributed from their plant on the Roscoe, Snyder & Pacific tracks at Twenty - third Streets to all parts of West exas Many of their deliveries are madt to points near Lamesa on the West, and into all the adjoining counties.

"However, our big job has been in keeping up with construction and oil field demands in Scurry County," Best said.

During their two years of operation here the firm has poured concrete on most of the large construction jobs and most of the small jobs.

Recently the firm has started marketing a ready-mix concrete in bags that is ready to use as soon as water is added. This new service is offered through retail lumber and building supply stores of this area.

"All you have to do is add water and mix, just like in mixing pancakes," Best says. The new service is for persons who have only very small concrete jobs to do or patches to make in broken concrete, he added.

Booths Out Of Snyder Drug

Something new has been added in Snyder Drug on the West Side of the square. It is a remodeling job that permits display of much more merchandise, R. E. Patterson, owner, said.

Last week booths where fountain customers had been seated were removed from the store and new merchandise displays were put in place of the booths.

"You can walk between the merchandise display counters, now," Patterson said.

The remodeling job is not complete yet. A rearrangement of the fountain will be made to permit the addition of a number of stools so that the fountain department will be able to accomodate about as many customers as before with the booths, Patterson said.

New lines of merchandise, and Christmas gift items are being displayed in the store's newly gained merchandising space.

"Not allthemerchandiseo rder-

"Not all the merchandise ordered for Christmas shopping has been delivered, but it will be arriving daily now so that everyone can begin making out their gift lists and filling them the easy way before the merchandise has been picked over, and the last minute rush begins," he said.

Miss Wanda Sue Rainwater and Miss Ila Sue Blakely both of Twenty-seventh Street, left for Howard Payne College in Brownwood yesterday. Miss Rainwater had formerly been employed at the Lone Star Gas Co. here.

Shivers Urged To Vote For Ike In Presidential Election

DALLAS, Sept. 8 (AP)—Gov. Allan Shivers got a verbal prod yesterday from a state Republican official to go ahead and vote for GOP Presidential Nominee Dwight Eisenhower.

Alvin Lane, chairman of the Texas Republican Executive Committee, urged Shivers to go "all the way" to help Eisenhower carry the state.

By "all the way" it was apparent Lane was referring to Shivers' casting his personal ballot for the general and calling on other Texas Democrats to do the same.

"I think that Gov. Shivers has proven by public statements and his grasp of the situation that he recognizes that (Adlai) Stevenson and (John) Sparkman (Democratic nominees) do not subscribe to the principles of Democracy held by Texas Democrats," Lane told the Associated Press.

"Frankly, I feel that the situation is so hostile to our state that Texas political leaders should go all the way."

Lane recalled that another southern governor—Robert Kennon of Louisiana—recently "went all the way" by endorsing Eisenhower.

Lane emphasized he wasn't criticizing Shivers.

Saturday Shivers abandoned his search for a way to let Texans vote for Eisenhower as Democrats and indicated he would scratch both Eisenhower and Stevenson.

But last night the governor told a press conference at Amarillo preceding Tuesday's State Democratic Convention there that the door was still open for him to vote for Eisenhower.

Lane called on conservative Democrats at the convention to take "forceful" action at the convention to help swing the state to Eisenhower.

He said it would be "helpful" if conservative leaders would either form a third party which would cross file Republican electors pledged to Eisenhower or publicly condemn the Democratic nominees and urge Democrats to split the ticket and vote for Eisenhower.

Meanwhile, the campaign of Dallas County's delegation to the state convention said yesterday he would oppose any move to place only Stevenson and Sparkman on the Democratic ballot.

Charles E. Long said he would vote against any such proposal even if Shivers favors it.

"There are lawyers who differ with the legal advice given Gov. Shivers that a split Democratic ticket would be contrary to Texas laws," Long said.

Shivers said Saturday that his legal advice was that efforts to list Stevenson and Sparkman under a National Democratic column and Eisenhower and Sen. Richard Nixon in a "Texas Democratic" column would be against the law.

Milk Brought Polio To Pehls

FREDERICKSBURG, Tex. (AP)—Polio virus in raw milk caused six children in the Paul Pehl family to be stricken with the disease, State Health Officer George W. Cox said yesterday.

Dr. Cox and other health officials made a day-long inspection of the Pehl farm near here to find out why this great number of persons in one family had been infected with polio.

"The polio infection was undoutedly carried in raw milk," Dr. Cox said. "The polio virus entered the milk during the milk process."

Six of the Pehl children are in a San Antonio Hospital with the disease. The only child not afflicted is a 13-year-old daughter.

Dr. Cox said that one of the Pehl boys apparently got the virus from a close friend who was stricken with polio before the Pehls. He said the Pehls milked their own cows and the chore passed from one child to the other.

Evidently the Pehl boy passed the virus to others in his family when in milking the cows, contaminated the raw milk.

Had the milk been pasteurized, Dr. Cox said, the family probably would not have been stricken.

The health officer said the Pehl inspection does not throw any added light on how polio is transmitted.

Sympathetic citizens of Gillespie County have contributed $3,000 to aid the stricken family.

Tunisians Turn Down Reforms By French

TUNIS, Tunisia (AP) — Tunisia's Council of Forty unanimously turned down last night France's proposed reforms of her troubled protectorate.

The Bey (nominal ruler) had called the 40 leaders of Tunisian labor, industry, religion and virtually all other pursuits to advise him what course should be taken concerning the reforms.

The French propose to give the Tunisians a greater share of civil service jobs, a consultative assembly and more internal autonomy. The Tunisians say the reforms don't go far enough.

France rules the protectorate under an 1881 treaty.

Marine Tells Girl He Almost Missed Not To Wait For His Return

NEW YORK (AP)—A Korea-bound Marine kissed his girl goodbye yesterday, telling her to "have a good time and not wait" for him.

"But I'll wait," said the pretty brunette as the train pulled out of Pennsylvania station, carrying Sgt. Hugh E. Kidd Jr., back to Camp Lejeune, N. C.

It was the end of a week end of fun—a week end they almost missed—for Kidd and 20-year-old Patricia Hayes, Bronx switchboard operator.

Kidd came here on Laor Day week end to see Miss Hayes. It was to have been his final pass before going overseas. He even went to Boston in a fruitless search for Miss Hayes, who was at a New Jersey resort.

Marine officers issued him a special pass for another trip to see the girl.

Crafty Youth Pulls Fast One On Communists In Rostov, Paper Says

MOSCOW (AP)—The youth paper Komsomol Pravda says there is a liar living in Rostov so adept at falsehoods he has managed to: dodge the draft, accumulate three wives and acquire various plush jobs that suited his fancy.

The paper said the miscreant, identified as Revold Krylov, did all these things through the following deceptions:

Lying about his past he managed to get three wives without going through the formality of divorce.

Telling military authorities he was a graduate of Novorossisk Polytechnical Institute, he got himself exempted from military duty.

Giving various versions about his background, he got positions as literary critic on a newspaper, expert in an electric clock factory and leader of a group of pioneers into new territory.

The pay-off came, Komsomol Pravda said, when he claimed he was a member of the Komsomol (Young Communist League). This led to the investigation that unmasked him.

Communists Endorse Progressive Party

NEW YORK (AP)—The Communist party's National Committee has officially endorsed the Progressive party's candidates for president and vice president.

In a week-end announcement, a Communist party spokesman said it would back Vincent Hallinan, San Francisco lawyer, for president and Mrs. Charlotta Bass, New York Negro and former newspaper publisher, for vice president.

The spokesman said the party also would offer several candidates on its own tickets in a number of states.

Chinese Nationalists To Be Used In Korea

TAIPEH, Formosa (AP)—A highly placed American official in Formosa predicted today that Washington will approve the use of two Chinese Nationalist divisions in Korea after the November U. S. election regardless of which party wins.

The official, who declined use of his name, said U.S. military authorities in this Nationalist stronghold have recommended that two Chinese divisions be used.

President Chiang Kai-shek offered to send troops to Korea in 1950 but the United Nations rejected the offer.

Grandma Mosses 92

EAGLE BRIDGE, N. Y. (AP) — Grandma Moses was 92 yesterday.

The spry little lady whose primitive paintings have made her name a household word observed the birthday quietly with her family.

1104 Cities and Counties Use Manager Plan; Total Growing

By RICHARD S. CHILDS
Chairman of the Council, National Municipal League

In one generation the Council-Manager plan has been adopted by more than 1100 municipalities and counties (in April 1952 the total stood at 1104.) It is now spreading faster than in any period since 1912 when the movement started. At the current rate the manager plan will overtake the mayor-council system in the late 1950's and become the prevailing form of municipal government. In several states this has already happened.

The first municipal use of the word "manager" was in Staunton, Virginia, in 1908, where the office of "general manager" was created to supervise several departments as a novel adjunct to an otherwise old - fashioned government consisting of a two-house city council and mayor.

What we now know as the Council - Manager plan appeared first in a draft of a charter proposed by the Board of Trade of Lockport, N.Y., in 1911. The Lockport charter was never approved by the state legislature but other cities considered it, civic organizations praised it and in19 -11 the town of Sumter, South Carolina, adopted it.

Municipal League Adopts Plan

Three years later the National Municipal League incorportated the plan in its Model City Charter and the leaders of local civic associations among the League's membership began to promote its adoption in various parts of the country.

The plan spread rapidly. Today more than 10,000 population has one out of every four cities of the plan. There are more with the manager plan than with the once popular, but now declining, commission form.

The plan has met with success in Puerto Rico, Alaska and Canada. Eire (Ireland), prescribed it for all counties in 1940. Forty-five of the 48 states have Council - Manager communities; the exceptions are Indiana, Louisiana and Rhode Island.

MAINE LEADS THE NATION

Maine, with 111, led all other states in the number of Council-Manager communities in April, 1952. Michigan had 82, Texas 89, California 96, Virginia 61, Florida 56, Pennsylvania 49, Oklahoma 44. Twenty - six of Virginia's 27 cities over 5,000 had the plan.

Manager cities vary in size from Cincinnati (pop. 455,000) to Teterboro, New Jersey (pop. 40). About 14,000,000 Americans live in council - manager communities.

Growth of the plan, has been steady. At the end of 1920, eight years after the first adoption, there were 158 manager communties. There were 297 in 1925, 388 in 1930 451 in 1935, 500 in 1940, and more than 1100 by April 1952.

Forty years of experience have shown that the plan is the best form of government for cities of any size. In other countries the plan is regarded as America's greatest contribution to the science of local government.

Next: How the plan works. For full information about the Council-Manager plan, write the National Municipal League, 299 Broadway, New York 7, N.Y.

L. A. Williams Dies In Night

Funeral services are now pending for Lee Andrew Williams, 81 of Dermott, who died early last night enroute to a hospital.

Mr. Williams had been in ill health for several years, suffering from a heart ailment. He operated a small grocery store in Dermott prior to his death.

Mr. Williams, who was born in Arkansas, had lived in Scurry County for 38 years. The family moved to Scurry Counyt before that time, but later moved away and returned. Mr. Williams had been a member of the Methodists Church for about 67 years.

Survivors include the widow, Mrs. Lizzie Williams; four daughters, Mrs. Myrtie Edmondson of Dermott, Mrs. Mary Greenfield of Snyder, Mrs. Floy Merical of Van Nuys, Calif., and Mrs. Eula Spencer of California; two sons, Fred Williams of Snyder and Ed Williams of Lubbock; three stepdaughters, Mrs. Pete Hart of Snyder, Mrs. E. E. Joseph of Saugus, Calif., and Mrs. Lucille McGinnis of Alpine, Tex.; four step - sons, Jim Sullenger of Snyder, J. T. Sullenger of Dermott, F. C. Pierce of Corpus Christi, and G. L. Pierce of Dickens.

Three sisters and four brothers also survive. They are Mrs. Manda Booth, Mrs. Ora Tucker and Mrs. Lizzie Hendrick, all of Stigler, Okla., Lige Williams and Lish Williams, both of Stigler, Frank Williams of Muskogee, Okla., and Noah Williams of Lamont, Calif.

Funeral services, which will be directed by the Bell Funeral Home, are to be held in the Dermott Community Church.

Rites Pend For Dermott Man

Claude Wilson, 54, died of a heart attack in his home in Dermott at 12 o'clock last night following an illness of about four months.

The funeral which will be held in the Dermott Community Church is being delayed pending the arrival of a son from California. The Rev. Wayland Dowden will officaite at the service. Burial will follow in the Dermott cemetery under the direction of Bell Funeral Home.

Mr. Wilson's survivors include his wife, one daughter, Mrs. Robert Hicks, of Snyder; four sons, T. L. Wilson of San Luis Obispo, Calif., Jack Wilson, J. R. Wilson and J. Frank Wilson all of Snyder; one sister, Mrs. Della Edmondson and one brother, Jessie Wilson, of Snyder.

Mr. Wilson's survivors also include three stepchildren, A son, Eric Smith and a daughter, Mrs. Irene Lamerson are living in Detroit. The other daughter, Mrs. Trudence Zimmer, is residing in California.

Ford Foundation Grants Funds To Study TV

PASADENA, Calif. (AP)—The Ford Foundation yesterday announced a five-million-dollar grant to its fund for adult education to develop television as an educational medium.

The money will be used mainly to study methods by which schools can raise funds to build video stations and ways of providing quality TV programs for schools, said Paul H. Helms, adult education fund chairman.

Porgy and Bess Is Hit

VIENNA, Austria (AP)—The American folk opera "Porgy and Bess" was cheered to the rafters at its European debut here, last night.

President Theodor Koerner and Chancellor Leopold Figl were among the audience which watched the all-Negro cast's presentation of the opera written by the late George Gershwin.

Office Changes For Senators

WASHINGTON (AP) — It will soon be moving day on Capitol Hill and those who have been there longest get first choice of vacant offices.

About 10 senators already have bid for better quarters. Suites now available include those of the late Sen. McMahon (D-Conn.) who died in July, and Sen. McKellar (D-Tenn), beaten in the primary, and Sen. Connally (D-Tex), who didn't run for re-election.

Other nice locations may be open after the Nov. 4 elections.

Each senator gets at least a three-room office. Then, as their seniority increases, they try for one of the 50 four-room suites. Some of these have two lavatories.

Personal ideosyncracies enter into the choices.

Some like western exposures; they're warmer in winter. Others want to be near the elevators and the subway car to the Capitol. Some want a view overlooking the Capitol; many like to be close to their committee meeting rooms.

The Senate Rules Committee assigns quarters, which generally means that Chairman Hayden (D-Ariz.) does it.

Hayden — who could have any place he wants — has been at No. 131 on the ground floor for 20 years.

McKellar had one of the best — facing west, four rooms, two lavatories, near the elevator.

Oldest stay-putter is Sen. George (D-Ga). He has been in No. 342 since January, 1931.

McMahon had the only Senate office in the Capitol building. It is near the Atomic Energy Committee, which he headed.

The majority and minority leaders also have Capitol offices in addition to their space in the office building.

The same seniority system rules on the house side.

On Nov. 5 — day after election — re-elected members may file for new quarters, bidding for offices open because of defeats of colleagues.

A month later — Dec. 5 — new members draw numbers to decide the order of their choice from those left.

Rodgers, Hammerstein Take Part In Funeral Of Gertrude Lawrence

NEW YORK (AP)—The men who gave Gertrude Lawrence her final stage triumph in a career before international footlights will lead mourners tomorrow at her funeral.

Oscar Hammerstein II, lyricist partner of the team who wrote "The King and I," will deliver the eulogy. Richard Rodgers, the composer of the musical play, will play the organ. Rodgers and Hammerstein also produced "The King and I," in which Miss Lawrence was starring at the time of her sudden death Saturday.

Third Anniversary Of West German Republic

BONN, Germany (AP)—The Third anniversary of the founding of the West German Republic was hailed to the ringing strains of "Deutschland Ueber Alles" yesterday at a ceremony attended by government leaders and church dignitaries.

The gathering was held in the Parliament Building decked out with flags of 3 states comprising the prewar German Reich, including the states of Communist East Germany and those taken by Russia and Poland after the war.
