SLAYING PLOT INVESTIGATED

PLAN TO KIDNAP AND KILL OKLAHOMA CITY OFFICIALS BARED

(By The Associated Press)

OKLAHOMA CITY, Dec. 20.—A muttered plot to kidnap and kill Orval Mosier, city manager, and Chief of Police John Watt, as reported by a chance eavesdropper, was linked by police today with underworld concern over a drive on local crime.

The informant, a man who asked Acting Police Chief Reg Brandom to withhold his name, said he overheard the plot in the 12th story washroom of a downtown building yesterday, and that one of the three reputed conspirators ordered:

"Get Mosier first and tie him up. Then make him telephone Watt to come out."

Then, the informant reported, the leader handed each of the others a roll of currency and said:

"Here's $500 each and you'll get the rest when the job is done. I don't want any slip-ups this time. When they don't show up, they'll think some of these red agitators got 'em."

The young, red-haired city manager expressed little concern over the story, saying he'd had a dozen threats, but I can't afford to pay any attention to them."

Chief Watt In Ohio

Chief Watt was called to Akron, O., Monday by the death of his mother, and, according to the police informant, the alleged plotters knew this.

Mosier has declared his intention of getting to the bottom of alleged forgeries in municipal court appeals bonds, now under investigation by police. In addition, repeated raids have been made recently on brothels and speakeasies reputedly affiliated with an underworld ring.

Blanton Implicated In Postal Charges

WASHINGTON, Dec. 20 (AP)—The postoffice department through Solicitor Karl Crowley said today it was investigating a report from J. E. Meroney, Ranger, Texas, postmaster, that Representative Blanton (D-Tex), had attempted to force him to settle a $2,500 claim without knowledge of the department.

The depatment said Crowley would call upon Blanton for an explanation, and that postoffice inspectors were investigating the reported incident.

HUEY AND FIVE OTHER OFFICIALS ARE URGED TO RESIGN POSTS

(By The Associated Press)

NEW ORLEANS, Dec. 20—Rebuked by the old regular city political caucus here, Senator Huey P. Long has been condemned for "traitorous conduct" and requested to resign by a mass meeting of fifth congressional district citizens.

The caucus last night refused by a vote of 12 to five to permit Long to compromise with them on picking a district attorney on the city ticket and the demand for his resignation along with a request for five other state officials, including Senator John H. Overton and Governor O. K. Allen, to step out of office was made at the mass meeting held at Monroe.

Long was rebuffed by the caucus for attempting to take a hand in the January city election and he replied with a threat of placing his own ticket in the field.

The fifth district mass meeting adopted a resolution calling for the resignation of Gaston L. Porterie, attorney-general of Louisiana; E. A. Conway, Louisiana secretary of state; and John B. Fournet, lieutenant governor in addition to the two senators and the governor.

Introduced by Mayor George W. Hardy of Shreveport, the resolutions cited that "this demand is made on the grounds that they have forfeited their rights to office by their participation in and countenancing of corruption, graft, waste, extravagance, bribery, coercion and extortion, their failure to readjust the inequitable burden of taxation, their failure to properly administer and account for public funds, and their manipulation of he election machinery of the state so as to deny the people the right of a free expression of their will."

Students Allowed To "Thumb" Rides

AUSTIN, Dec. 20 (AP)—University students traveling to and from their homes via the "thumb route," will not be molested by Texas Relief administration agents enforcing a recent ruling that all "transients" seeking free transportation be placed in concentration camps.

Marshall Thompson, state transient director of the commission, told a committee from the University of Texas Hitch-Hikers club that students would be permitted to pursue their usual efforts to obtain free rides to and from their homes by soliciting on the highways.

Home-Made Bomb Is Studied At Houston

HOUSTON, Dec. 20 (AP)—Police today were studying the fragments of a home-made bomb consisting of a tin can filled with dynamite after an explosion in front of a grocery store here last night.

The blast rattled windows in the neighborhood but did no damage. The machine had been set on the sidewalk and a paper fuse lighted.

Officers were undecided whether the bomb was placed there to cause damage or whether it was the work of boys experimenting with explosives in a pre-Christmas celebration.

Woman Held After Death Of Husband

MONTAGUE, Dec. 20. (AP)—Mrs. Lena Hunter, 34, of Bowie, who wrote a note to police so the body of her husband would be found and she "could be sure" he was dead, was held in jail here today in default of $3,000 bond, charged with being an accessory to the knife killing of her husband, Charles James Hunter, the night of December 1.

Scott McGahee, a roomer at the Hunter home, charged with murder for the killing, was held without bond. The grand jury will take up the case January 1.

BLANKET EMPLOYMENT CODE RENEWED

AGREEMENT IS EXTENDED BY ROOSEVELT

PRESIDENT CONTINUES GENERAL CODE FOUR MORE MONTHS

(By The Associated Press)

WASHINGTON, Dec. 20.—President Roosevelt today announced a renewal of the blanket reemployment code for four months after January 1.

In continuing the general code, he told a press conference that all the "fair competition" agreements now cover 70 per cent of all employes who will eventually be covered by codes.

The blanket reemployment agreement was put up as a means to take in the great majority of employers pending establishment of individual NRA codes.

Guard Against Let Down

"In the midst of winter and with many persons out of work," said the president in a statement, "it is essential that the new year should not bring with it any let down in the recovery program in the trades and industries which at that time have not come under approved codes and to which, therefore, only the president's reemployment agreement applies."

By the end of the four months' extension period, Mr. Roosevelt was represented as confident that permanent codes applying to the remaining thirty per cent of employes will have been worked out, thus making unnecessary the general blanket agreement.

Meanwhile, it developed that President Roosevelt expects Frank C. Walker to supervise the recovery campaign henceforth under the "national emergency council" led by him, with the heads of the various recovery units in direct charge of administration and enforcement.

TWO WOMEN AFTER ENDURANCE MARK

MIAMI, Fla., Dec. 20. (AP)—Planning to be aloft until after New Year's, Helen Richey and Mrs. Frances Harrell Marsalis took off in their plane at 10:42 a. m., today in an effort to set a women's endurance refueling record. The plane is the same in which Mrs. Marsalis and Viola Gentry failed to set a record Dec. 10 and 11 when they were forced down due to inability to refuel during high winds. Miss Gentry since has become ill and Miss Richey has taken her place.

British Warships Declared Inferior

LONDON, Dec. 20. (AP)—British warships "are definitely inferior" to ships of the same category built and being built by the United States and Japan, said that foreword of the 1933 edition of "Janes Fighting Ships," authoritative English handbook on navies of the world, just published.

"In the United States a well-balanced naval program has been put in hand—somewhat belatedly—to make good a deficiency in cruisers and replace wornout destroyers with the result half a hundred trades outside of shipbuilding are busy again," the handbook stated.

Increase Is Shown By Ginnings Total

WASHINGTON, Dec. 20. (AP)—Cotton of this year's crop ginned prior to December 13 was reported today by the census bureau to have totaled 12,356,769 running bales, exclusive of linters, and including 568,090 round bales, counted at half bales and 5,151 bales of American-Egyptian.

To that date a year ago ginnings totaled 12,081,404 running bales, including 622,016 round bales, counted as half bales, and 6,680 bales of American-Egyptian.

TEXAN DECLINES POST

WASHINGTON, Dec. 20. (AP)—James R. Davis of San Antonio has declined a proffered appointment as the administration's recovery program coordinator for Texas.

FOUR HUNDRED THOUSAND MAY BE STERILIZED

BERLIN, Dec. 20. (AP)—A semi-official news agency indicated today that 400,000 persons, equally divided between the sexes, will be liable for sterilization "within a short time" under the German sterilization law effective Jan. 1.

It was said the sterilization would be performed by court orders.

On that day, 1,700 "eugenic courts," of which there are 1,000 in Prussia alone, besides 27 "supreme eugenic courts" will take up their functions.

Nine classes of congenital diseases are specified, the majority of them among the mentally defective, as calling for operations.

These operations have been estimated as likely to cost in the aggregate about 14,000,000 marks (currently about $6,800,000). This cost, which would not have to be paid more than the once, is regarded by the government as trifling as compared to the 350,000,000 marks ($132,000,000) which persons afflicted with hereditary diseases cost the German taxpayers annually today.

The semi-official report declared: "Never was capital better invested."

SENTENCES OF TWO UPHELD

TEXAS APPEALS COURT AFFIRMS NEGROES' DEATH PENALTIES

(By The Associated Press)

AUSTIN, Dec. 20 — Death penalties against Thurman Burkley and Bluit Burkley, negroes, convicted in Dallas county for the murder of Miss Katherine Prince, 19, were affirmed by the court of criminal appeals today.

Miss Prince was killed after she and her companion, Mace Carver, had been accosted while driving in an automobile. Carver also was wounded in the holdup. The murder took place on August 30 last on the Buckner boulevard, near Dallas.

Mott Sentence Approved

The court also approved a death sentence against Jesse Mott, convicted in Dallas county, for the slaying, with a hammer, of Jones Tatum, a night watchman on June 24 last.

The court reversed and remanded for new trial a case against Andrew Hodges, convicted in Stonewall county and sentenced to 20 years imprisonment, for robbery by use of fire arms. The indictment charged that the defendant entered the home of John York and robbed him and Mrs. York. Reversal was ordered on account of testimony given by Mrs. York with reference to identification of the defendant.

New Trial Granted

W. A. McWhorter, alias Frank M. Murry, convicted in Morris county of theft by bailee, was given a new trial. He had been sentenced to four

HOLIDAY PARDONS AND PAROLES WILL BE GRANTED HUNDREDS OF CONVICTS

(By The Associated Press)

The spirit of Yule, speaking through the fountain pens of the governors of the states, will hang holiday pardons and paroles this year on the Christmas trees of approximately 700 convicts.

One man who once was so near the electric chair that his head had been shaved for the deadly electrode has been pardoned in New York state.

In Missouri Governor Guy B. Park has granted 25 paroles, including that of Delbert Midkiff, who was sentenced in 1924 to life imprisonment for murder. In the neighboring state of Kansas Governor Alf M. Landon signed paroles for 67 convicts.

Prisoners in Colorado penitentiaries will find no Santa Claus pardons in their stocking. That is some of Deil Hanlon's doings. Hanlon was a life termer. He was paroled last spring. Two weeks ago he was arrested in Omaha for participation in an $11,000 Denver cafe holdup. Governor E. C. Johnson revoked the Hanlon parole yesterday and announced there would be no holiday pardons.

The clemency of California's Governor Rolph was given testimony last night as the gates of San Quentin prison swung open for 22 men who had been granted paroles. Each man had a ten dollar bill from the state and transportation orders back to the city from which he was sentenced. More releases are expected there before Christmas.

The custom of the California board of prison terms and paroles is to date back to December 19 all paroles as far ahead as January 6, so that the convicts may have time to get home for Christmas.

Governor "Ma" Ferguson of Texas whose exercise of clemency in other years has been marked, has as yet made no announcement of holi-

FOUR INJURED IN JUMPING TO SAFETY

SHOE SHOP OPERATOR AND DOCTOR TRAPPED BY THE FLAMES

(By The Associated Press)

GREENVILLE, Dec. 20.—Two persons were trapped and lost their iives and four of six persons who jumped from a second-story window were injured today when fire destroyed the McBride hotel at Lone Oak, 14 miles southeast of Greenville.

Clem Wilburn, 53, crippled operator of a shoe shop, and a blind man believed to be a Dr. Roberts, who had been a guest at the hotel three weeks, were burned to death before they could be warned of their danger.

Two Escape Injury

Howard Hicks suffered a broken ankle when he jumped to the ground, Arch Rabb was similarly hurt, Bob Skurlock was seriously injured when he jumped and landed on his back on a concrete sidewalk and Jimmie Wallace also was hurt. Two young women whose names were not learned escaped injury.

Claudie Thompson, operator of a cafe on the ground floor of the building, said the fire started when he attempted to light an oil stove to prepare a meal for a customer. An oil burner had been left on and oil had dripped on the floor. Immediately after he struck a match, the kitchen was in flames.

Forced To Leave

Thompson hurried upstairs to warn the guests. He reached Mrs. Wilburn, operator of the hotel, and her son, C. A. Wilburn, but said before he could reach the rooms occupied by Wilburn and the other man he was forced to leave the building.

Several other guests escaped down a flight of stairs before that avenue of escape was cut off.

The Lone Oak fire department fought the flames, which threatened for a time to spread through the business district, and confined them to the one building, which also houses a shoe shop, barber shop and a beauty parlor.

Chinese Rebels Are Massed On Border

SHANGHAI, Dec. 20. (AP)—Embattled troops supporting the rebellion in Fukien province were known to be massed on the border of Chekiang province today in close proximity to national government soldiers, but despite reports that fighting had broken out the situation remained obscure.

The Nanking government under the direction of Generalissimo Chiang Kai-Shek was reported to have massed 70 American-made military aircraft and large numbers of troops in South Chekiang preparatory to an invasion of Fukien "if the rebels assume the offensive."

Gains Are Made In Pay And Jobs

THOUSANDS ARE BACK AT WORK AS NRA PLAN PROCEEDS

(By The Associated Press)

The man-in-the-street's measuring rod of recovery—jobs and pay envelops—went up today for a reading.

From many centers where the clutch of joblessness has left its mark came evidences that part of the huge sums allotted by government and private enterprises and local relief groups was finding its way into needy purses.

From other sectors the word was not so glowing; but nowhere, so far as news reports covering the entire country showed, was the story gloomy.

Pennsylvania pushed forward its plan for putting 323,000 men and women to work, the state Civil Works administration yesterday approving a long list of work-making undertakings. For the taking of a statewide social survey alone the services of 11,042 persons will be needed.

Nowhere in the country does it appear that any possibilities for making jobs is being overlooked. All sorts of work, from tooting an oompah-oompah in beer garden bands to serving as special traffic cops on coasting lanes, are finding ready applicants.

An actual scarcity of the trinity of tools emblematic of manual labor—picks, axes and shovels—has been found in North Carolina. Work that means jobs for 81,000 has been approved there, but only about half that number are on the CWA payroll there due to lack of tools.

Supply Own Implements

The same situation confronts the conservation corps in Pisgah national forest where officials have even gone so far as to suggest that as many as possible of the 1,200 young men who are due there within a few days supply their own work implements.

Implement manufacturers, caught short-stocked by the spurting demand occasioned by operation of the CWA and CCC programs, are driving ahead at full speed to catch up with the demand.

Jobs have been arranged for 131,000 Massachusetts citizens, and the CWA board there now is concentrating upon the efficient spending of more than $15,000,000 allotted by

Murrel Is Indicted In Criminal Attack

SAN ANTONIO, Dec. 20. (AP)—Lieutenant John Herhold Murrel, former West Point football star, today was under an indictment returned by a federal grand jury, charging him with a criminal attack on Blanche Ralls Boiselair on the Fort Sam Houston military reservation here last October 22.

At a preliminary hearing here several weeks ago, Miss Ralls, young Alabama divorcee, testified the attack occurred when Lieut. Murrel offered to take her home after an evening of dancing and cocktail parties.

Thirteen Hurt As Oil Well Ignites

GENEVA, N. Y., Dec. 20. (AP)—Steam and dynamite were under consideration today as weapons to combat flames shooting high into the air from a burning gas well which injured 13 persons when it exploded from a spark of a gasoline driven electric generator.

The well was brought in yesterday on the Albert Patrick farm three miles north of here with an estimated flow of at least 25,000,000 cubic feet a day. Drilling equipment including the derrick was destroyed in the explosion last night. It was valued at $15,000. To this figure was added the value of the burning gas.

LOAN IS GRANTED

WASHINGTON, Dec. 20. (AP)—Senator Connally (D-Texas), announced today the Reconstruction Finance corporation had granted a loan of $750,000 to the Bexar, Atascosa and Medina irrigation district in Texas, which by agreement of bond holders would retire a bond issue of $2,250,000 outstanding against the district.

OBJECT OF HUNT

Jesse L. Livermore, below, wealthy stock market speculator, was sought today after having failed to return home since yesterday.

NOTED BROKER IS MISSING

JESSE LIVERMORE IS FEARED KIDNAPED; NO TRACE FOUND

(By The Associated Press)

NEW YORK, Dec. 20—Jesse L. Livermore, wealthy stock market operator, was missing today under circumstances that led his wife to tell authorities she believed him kidnaped.

There has been no trace since 3 p. m. yesterday of the man whose spectacular operations in Wall Street earned him the title of "The boy plunger" in his younger days.

Agents Join Search

The department of justice ordered its agents in the bureau of investigation, which handles kidnaping cases under the federal law, to enter the case in cooperation with New York police.

Mrs. Livermore, distraught and waiting for some word to her Park avenue home, first communicated with police last midnight to tell them she thought her husband had been abducted.

Livermore's invariable custom, she said, was to telephone her regularly when he was away from home.

She last heard from him, she said, when he left their apartment at 3 o'clock yesterday afternoon after his return home from his office.

Brokers Mystified

Livermore was seen yesterday in the financial district as was customary. One of the partners of Pearl & Co., which has handled much of his brokerage business, said he had an account with them and had been

Salvation Army's Kettles Net Little

Although this is the fifth year the Lubbock corps of the Salvation Army, with Capt. W. T. Wilson as commandant, has had kettles on the streets for contributions at the Christmas season, less money has been dropped into the pots this season than in any of the four past.

Captain Wilson remarked upon that this morning, said contributions through last night totaled about $100, and expressed hope the flow of coins would increase, to assist his agency in providing for needy persons Christmas.

The Army also needs toys, for distribution to poor children.

Farmers able to spare meat or vegetables also were asked to give them, for use in the Armys Christmas baskets for indigent families. The baskets will be prepared Saturday morning and distributed Saturday afternoon. Captain Wilson said, as he has other duties Sunday.

TEN ARRESTED IN ROUNDUP BY FRENCH

AMERICAN COUPLE AND TWO CANADIANS ARE HELD AS LEADERS

(By The Associated Press)

PARIS, Dec. 20.—An American salesman and his wife and a naturalized Canadian couple were under arrest today charged by the French police with heading an alleged espionage service reaching into the French ministry of marine itself.

Ten arrests in all were made and the police said one other leader, whom they did not name, had escaped.

Arrested Without Fight

The American salesman was described by police as Robert Switz, 28, born in East Orange, N. J. He was arrested without a fight and police said they believe him to be the chief of a band of ten persons, including five women, all of whom are held.

Previously the police announced they had made 16 arrests but later they indicated eight of them had been released temporarily, although they were being kept under surveillance.

The gendarmes said they found 19,000 francs in Switz' room, together with a number of military documents.

They said others of the alleged ring were preparing to flee when they were caught in the roundup.

Arrested with Switz, who was said to have been born Oct. 26, 1904, was his wife, described as the former Marjorie Tilley, born Sept. 5, 1911, in New York.

The man whom the police described as a Canadian merchant was Benjamin Bercowitz, born May 10, 1891, in Jassy, Rumania.

Arrests Prevents Flight

Police identified him as the co-chief of the alleged espionage band and said they arrested him as he prepared for flight—his bags already packed—shortly after Switz was taken into custody.

Three envelopes containing 33,000 francs which the gendarmes said were intended for accomplices, were found in Bercowitz's pockets while his wife, Clara, born Dec. 19, 1903, in Bendery, Rumania, was said by the police to have had 12,000 francs sewn into her skirt.

Warrants for the other alleged leader who escaped were issued by Examining Magistrate Penon and

PARAGUAYANS CAPTURE FORTS

ASUNCION, Paraguay, Dec. 20 (AP)—It was extra officially announced today that the Paraguayan army had captured four Bolivian forts yesterday on the eve of the Christmas armistice.

The forts named were Munoz, Sorpresa, Chanar, and Corrales.

Munoz was one of the most important Bolivian strongholds and the headquarters of the Bolivian army during the Chaco Boreal campaign just terminated.

Shopping In London Hampered By Fogs

LONDON, Dec. 20. (AP)—England approached Christmas week today under the pall of the most widespread fog of the season.

The activities of Christmas shoppers were seriously hampered and the traffic on the streets of many cities, as well as along country highways, proceeded at a snail's pace with the visibility shortened to as little as two yards.

Three persons thus far have been reported killed in fog collisions.

One of the densest spots was Manchester, where, at mid-day, the city was as dark as night. Numerous street accidents were reported and more than a score were injured.

GOLD PRICE UNCHANGED

WASHINGTON, Dec. 20. (AP)—The government continued today to offer $34.06 an ounce for newly mined domestic gold.

Mrs. J. A. Alred and children, Melford, Ruth Mae and Grady, have gone to Navasota to visit Mr. Alred's mother, Mrs. S. L. Alred, who is ill.

Children Participate In Two Plays

Mrs. A. E. Jones presented her expression class in a program of two plays Tuesday evening at Seaman hall. The plays, each with a Christmas theme, were "The Left-Over Toys" and "Decorating the Christmas Tree."

Characters were O'Veta Morris, Vada Lois Graham, Harry Dane Stalnaker, Bobby Moore, Billy Anthony, Mary Frances Adams, Dorothy Jane Richardson, Frances Lucile Brown, Worth Zachary, Doris Mae Burdett, Imogene Boyd, Ruth Anthony, Ann Nell Boyd, Mary Imogene Vencent. Music was furnished by Miss Gwendolyn Thompson.

Mrs. J. J. Smelser Entertains Class

Mrs. J. J. Smelser entertained Tuesday evening in her home, 1630 Fourteenth street, with a Christmas party for her Sunday school class in First Methodist church. Gifts were exchanged among the members.

Those who attended were Misses Grace McNeill, Pat McIver, Hallie Fay Stanton, Vera Leininger, Ruby Parrish, Babe McIver, Dalsimay Humphries, Mildred Burge, Pauline Randolph, Hazel Williams, Ruby Penney, Billy Hallie, Bennie Tanner, Mesdames C. B. Akers, E. T. Couch, M. F. Dagley, Bob McNeil, Alton Brock, Weldon Scarbrough and Lester Brewer.

DATE CHANGED

Assembly club members will have a dinner-dance on January 6 instead of January 2, it was announced on Tuesday afternoon. The dance is to be at the Hilton hotel.

Tremaine Meets Kopecky Tonight

SPYING ON SPORTS
BY COLLIER PARRIS

ONLY ONE MORE wrestling night till Xmas, and that's tonight.

• • •

If you were one of the five or six hundred who saw Joe Kopecky, Referee Bo Sexton, Police Chief Wiley Metcalf and Tommy Heinz mix in the main event three weeks ago when Kopecky made his debut, you probably won't want to miss tonight's show.

• • •

Kopecky is coming back, in considerable better physical and probably moral condition, having learned in the last three weeks that a certain amount of wrestling has to be mixed in now and then.

• • •

The erstwhile East Texas cotton picker lost his temper and his match here with Heinz. A couple of weeks later they met at Amarillo and Heinz was on the losing end.

• • •

Kopecky doesn't want Bo Sexton to referee the main event tonight. No wrestler who seeks to show up the referee by swapping punches with him would like for Bo Sexton, genial Western Union manager to be the third man in the ring.

• • •

Because Mr. Sexton can match any palooka who has been here in a toe to toe slugfest, the reason being that Mr. Sexton knows a great deal about the art of self defense. Others besides Mr. Kopecky have learned this. It is no wonder they don't want him around.

• • •

Mr. Sexton, while he is a sportsman and sports lover of a very enthusiastic type, does not particularly care for the referee business. He'd prefer to buy his ticket and look at the matches from the ringside. He has been officiating at the matches—and doing a good job of it—just to help Mr. Sled Allen along. Mr. Sexton's income has not been enhanced to any great degree through his refereeing. Officiating at any game is a thankless job. Mr. Sexton, however, is a licensed official, and holds cards for both boxing and wrestling.

• • •

Mr. Kopecky meets Mr. Tremaine of Tucson tonight. Mr. Tremaine has never won a match here, and he has tried plenty times, but it will be Mr. Tremaine who gets a big ovation when he clambers through the ropes, coming and going, tonight. He's like that. He's a very fine chap, outside and inside the ropes. He will give Mr. Kopecky a few anxious moments tonight, but he very probably won't win. If the principals stuck to wrestling alone, Mr. Tremaine might win. But when it comes to slugging, butting, blocking, biting and clawing, Mr. Tremaine will go the way of nearly all good wrestlers who meet men like Mr. Kopecky, Mr. Moran and Mr. Mantell.

• • •

There's another popular guy on tonight. He's Jack Van Bebber of Lubbock, who is booked to meet Mr. Dick Kanthe in the semi-final. While he is a finished wrestler, Mr. Van Bebber is not a great showman. But he is well liked here.

• • •

Cyclone Mackey—you've heard the name before—will make his debut tonight. Mr. Mackey is quite a well known character around Texas rassling rings, and elsewhere, too. He is booked to meet Mr. Charley Heard of San Antonio in a 20-minute prelim. Mr. Mackey is not a preliminary boy. He is a main eventer.

• • •

Promoter Sled Allen has asked us to correct the impression that might be gained by gazing at one of his window cards this week. On that card, Mr. Red Heinz is billed to fight. Just as soon as the cards were printed, however, Mr. Heinz had a chance to fight on the west coast. He also had some business there, at San Diego, his former home, so he got permission to leave. He may be gone about three weeks.

• • •

This column today seems to be dedicated to wrestlers and wrestling. One reason for this is that wrestling constitutes the only sports program here this week and probably next. Until the basketball season gets into full swing, wrestling will be the major attraction. We had really intended to tell you something of indoor polo in Peru, or stalking the wild gazzabobbo with bow and arrow in Bolivia, but we got started on wrestling and are about to finish up with wrestling, since its getting close to the bottom of the page.

JACK VAN BEBBER TO MEET DICK KANTHE IN SEMI-FINAL

Andy "Thunderbolt" Tremaine has offered to knock the chip off Joe Kopecky's shoulder, and tonight they will meet in the main event of Sled Allen's wrestling show at the Auditorium. The 21-year-old beautiful-bodied youngster from Tucson has never met the walloping wampus from East Texas, but critics anticipate a battle.

Kopecky is due in town—derby hat, high-powered roadster, cotton-picker's stoop, and all—sometime today, and is going to raise a howl if Bo Sexton is the choice for referee tonight. A few weeks ago, the Houston Bohemian went to fisticuff's with Sexton over a decision. Fans started throwing chairs in the ring, and the cops came to the rescue barely in time to avert a riot. With all this in mind, Kopecky does not feel that he can hold himself in check for the duration of a best two out of three fall finish bout if Sexton is the third man in the ring.

Tremaine Not Worried

Tremaine avers that he has never had much worry with wights of the cagey Kopecky's calibre, and believes that he can sprain Joe's hinges by the end of the route. Although they are of about the same weight, Kopecky and Tremaine are at opposite poles as far as physical build is concerned. Tremaine is the bolster-bodied type with little or no neck, and legs like a young rhino's, while "Jumping Joe" is rangy, broad-shouldered, with tapering muscles and a tough, nutbrown body.

The semi-final event tonight, although it will only go to one fall on a thirty minute time limit, stacks up as a very similar match as the main event. A tricky, fire-eating veteran will be pitted against another college product, who has a lot of amateur ring experience to his credit. Mat Coach Jack Van Bebber, of Texas Tech, welterweight Olympic champion, clashes with that mauling, mass of muscles, Professor Dick Kanthe. The Professor, who grapples best to the music of barn-yard noises made by the fans, is another wrestler who's likely to lose his temper and throw a duke at his opponent or at the referee.

Open With A Bang

Proceedings should open with a bang tonight with Charley Heard of San Antonio and Cyclone Mackey of Clovis, New Mexico carded to collide in the 15 minute, curtain-raiser preliminary. Heard, promising young wrestler, appeared in the main event here last week, and lost a close one after being pummeled by the unorthodox Sailor Moran for three falls. Mackey, who has been a feature of Amarillo cards for the last three years, has a long string of mat victories to his credit.

The preliminary gets under way at 8 o'clock sharp tonight. Prices are the same, 40c for general admissions, 65c for ringside, and 10c for ladies and children.

Rice Owl Cagers Beat Sam Houston

HOUSTON, Dec. 20. (AP)—Handling the ball cleverly and showing much promise for the future, Coach Jimmy Kitts' Rice institute basketeers here last night defeated Jim Jones' Sam Houston Teachers college Bearkats, 35 to 26.

Outstanding for Rice were Harry Witt and "Too Tall" Kelly, a brace of brilliant sophomores and Tom Brummett, who as a senior, apparently has come into his own. Brummett worked the floor in fine fashion.

The Bearkats piled up a big lead early in the game and it seemed a runaway for Coach Jones' cohorts. But the Rice team began to click when Coach Kitts sent Witt and Kelly into the fray.

Led by Charley Bowden, a Houston boy, the Sam Houston reserves won the preliminary from the Rice reserves 19 to 17. Bowden made 9 points.

EXPERTS NAME GIANT FEAT THE BEST

COPPING WORLD TITLE DECLARED GREATEST ACHIEVEMENT

BY ALAN GOULD
Associated Press Sports Editor

NEW YORK, Dec. 20 (AP)—Not entirely satisfied with aving produced the outstanding athletic performer of 1933 in Carl Owen Hubbell, the New York Giants emerged from the annual battle of ballots today as the choice of the experts for the greatest team achievement of the year in any sport.

Newspaper sports editors and writers, registering their opinions in the third annual Associated Press sports poll, unhesitatingly nominated and elected Bill Terry's baseball champions to the honor position on the strength of their triumphant dash to the National league pennant, followed by decisive victory over the Washington Senators in the world series. This accomplishment, noted most observers, stands out as the foremost of any major league team since the Boston Braves shot to the peak in 1914.

Princeton's Feat Second

The Giants polled 68 votes out of a total of 198 and won handily in this year's contest from their two closest rivals—Princeton's all conquering football team and the British Davis cup forces which trounced the United States and lifted the famous tennis trophy from France. The Tigers received 43 votes in recognition of their sensational renaissance under the direction of Fritz Crisler. The tribute to the tennis combination of Fred Perry and Bunny Austin was represented by 27 votes.

Football naturally covered the widest range of opinion in the balloting on the subject of outstanding team performers. Michigan's Big Ten champions finished fourth in the standing with 14 votes. Army's followers lost some of their enthusiasm after the Cadets fell victim to Notre Dame's last roundup but there were eight ballots for West Point nevertheless. Stanford, for its triumph over Southern California, and Iowa, for a brilliant come-back under Ossie Solem, received strong endorsements.

Other standout teams, in the judgment of the nation's jury of sports observers, included Louisiana State's track and field squad, N. C. A. A. champions; Washington's varsity crew, Oregon State's football "iron men," and the western all-star polo team which beat the East at Chicago.

Rudolph And Caras In Billiards Match

CHICAGO, Dec. 20 (AP)—A veteran and a youngster—Erwin Rudolph of Cleveland, and James Caras of Wilmington, Del., clash tonight in a match which will make or break their hopes of winning the world pocket billiards championship.

By winning, Rudolph will go into a tie for first place with Andrew Ponzi of Philadelphia. Victory for Caras would give him undisputed possession of the lead, at least until Ponzi plays again. In the afternoon match William Mosconi of Philadelphia, was matched with Charles Seaback of Astoria, N. Y.

George Kelly, also of Philadelphia, moved into third place temporarily, by defeating Frank Taberski of Schenectady, 125 to 84 in 15 innings last night. The match was the final for each player, Kelly finishing with six victories and three defeats and Taberski winning four out of nine.

Pasquale Natalie of Chicago, and Bennie Allen of Kansas City, also finished their schedules, the former winning, 125 to 20 in 20 innings. Natalie closed with five victories in nine matches, while Allen, a former champion, won only two of his nine.

TEXAN HEADS WILDCATS

MANHATTAN, Kas., Dec. 20. (AP)—George Maddox, Greenville, Tex., last night was elected captain of the 1934 Kansas State football team. He is a tackle. The election occurred at a dinner given the team by the Manhattan Chamber of Commerce.

Schools Fail To Agree On A Site

AMARILLO AND MARSHALL COLLEGES AT ODDS OVER WHERE TO PLAY CONTEST FOR TITLE

AMARILLO, Dec. 20 (AP)—The College of Marshall last night definitely refused to meet the Amarillo college Badgers here Christmas day for the football title of the state junior college conference.

Monday representatives of the two schools met in Decatur and a tentative agreement to play here was made. Late last night, Marshall college officials refused to confirm this agreement and telephoned and wired local authorities their refusal to play in Amarillo under any consideration.

Amarillo college had offered Marshall $700, with an option of 40 per cent of the gate receipts, to play here. Hobart Key, representing the East Texas college, told Wilbur C. Hawk, one of the group of local business men who had underwritten Amarillo's guarantee, that Marshall would not play the Badgers in Amarillo regardless of the amount of guarantee offered.

Mr. Key told Mr. Hawk that Marshall school officials did not deem it advisable for their players to play in such a high altitude as Amarillo's.

Marshall made a counter offer to Amarillo, guaranteeing $500. Marshall also offered to play on any neutral field east of Decatur with each team paying its own expenses and splitting the gate receipts.

Amarillo offered to flip a coin to determine whether the game should be played here or in Marshall. Under this proposition, if Marshall lost the flip, Amarillo would pay the Tigers $700; if Amarillo lost the flip, Marshall would be obliged to pay the Badgers $500.

MATCH IS ENDED AMID EXCITEMENT

WICHITA, Dec. 20. (AP)—Everett Marshall, 218, Lajunta, Colo., and Nango Singh, 210, Calcutta, India, ended a wrestling show here last night amid excitement that caused one woman to faint and brought the Hindu a reproving and stern blow on the jaw from Referee Frank Kice.

The Hindu lost the first fall by committing a series of fouls. After several warnings to Singh, Kice stopped the match at 12 minutes and awarded Marshall the fall.

Marshall pinned the Hindu to gain the second fall but Singh chose to protest by rushing Kice. Thereupon the referee resorted to his fists to end the proceedings.

As Singh left the ring, he rushed the booing crowd, sending one spectator sprawling to the floor. The sight of it all caused an unidentified woman to faint and she was carried from the hall.

Jim McMillen, 215, Chicago, defeated Ernest Hefner, 225, Sherman, Tex., in the semi-windup in 33 minutes.

Jimmy Hefner, 174, threw Kid Garvey, 177, Shreveport, in 16 minutes.

ELIGIBILITY OF SPENCER PROBED

COMMERCE, Dec. 20 (AP)—Schools officials here today were conducting an investigation into the eligibility of Ted Spencer, Texas A. & M. college football fullback during the season just closed, at the request of Dean Kyle, chairman of the A. & M. athletic council. The report of the investigation was expected to be made confidentially to A. & M. and Southwest conference officials.

Spencer played left guard on the East Texas Teachers' college eleven in 1923, but became scholastically ineligible and returned to Gilmer High school before playing at Allen academy and A. & M.

Baylor Bears Down Lumberjack Quintet

NACOGDOCHES, Dec. 20 (AP) — The Baylor Bears swamped the Stephen F. Austin Teachers' quintet 53 to 39 here last night in a raggedly played game in which the Lumberjacks were no match for their faster Waco opponents.

The Lumberjacks started out with a flourish, the half ending with the score Baylor 28, S. F. A. 23. Then the Waco dribblers ran away with the game, scoring almost at will.

Clark, Baylor forward, led the scoring with 16 points and Williams, Lumberjack forward, was a close second with 15.

ROPES CAGERS TO MEET TECH FROSH

The Texas Tech freshmen basketball team will meet the Ropes Independents tonight in the championship game of the annual Ropesville tournament. These are the only unbeaten teams after more than a week of tournament games. Tonight's championship contest is to start at 7:45 o'clock in the Ropes High school gym.

After the Ropesville-Tech contest, the loser will play Monroe's independent cage club, to complete a scheduled double-header.

Idalou, Clauene, Brownfield, Wolfforth, Shallowater, and Lubbock National Guard have been eliminated in the series, which began last Thursday. Idalou lost two games, the number forcing elimination. The other clubs, Bird said, withdrew after losing one contest each.

Castleberry, center, and Finley, forward, former Meadow High school players, and B. Moore, a guard, who was a member of last year's powerful Ropesville High school aggregation, are members of Ropesville's independent five.

Headstream, Wilkerson, and Hale are important members of college crew.

REFEREE DEMPSEY KAYOES WRESTLER

COMPTON, Calif., Dec. 20 (AP)—The once mighty fists of Jack Dempsey, former heavyweight champion, brought an end to a wrestling exhibition last night.

Dempsey was referee of the match between Myron Cox and Tex Wright. The match was rough and the former champion warned the participants several times.

In attempting to separate the pair, Dempsey, became the target of Wright's slugging. The former champion let loose a terrific right to the chin—and the match ended.

FROG CAPTAINS NAMED

FORT WORTH, Dec. 20 (AP)—Joe Coleman of Waco, and Rex Clark of Eastland, seniors, will captain the 1934 Texas Christian university football team. Coleman, quarterback, was named captain, with Clark, halfback, sub-captain, by lettermen last night.

SENATORS ARE TERMED BEST ON DEFENSE

CLUB FALLS ONLY ONE POINT SHORT OF A'S RECORD OF 1932

CHICAGO, Dec. 20. (AP)—Along with turning in the top team batting average, Joe Cronin's Washington Senators played the best defensive baseball in winning the American league championship last season.

Led by Cronin himself, who dominated the shortstops with an average of .960, the Senators, as a club, fielded for .979, only a point shy of the world record mark set by the Philadelphia Athletics in 1932, St. Louis, which improved its average six points over its 1932 performance, landed second with .976.

Kuhel Tops First Baseman

Another Senator, Young Joe Kuhel, topped the regular first basemen with .996, and averaged about 10 chances per game.

Willie Kamm of Cleveland, again became the leading third baseman after a two year lapse, and set a new world mark of .984.

Mervyn Shea, the St. Louis Browns' regular catcher, who will be with the Chicago White Sox next season, played through his first 96 games without an error and finished the season with a leading percentage of .996.

The record percentage for American league outfielders of .996, set by Sam West of St. Louis in 1928, was equalled by Dick Porter of Cleveland and Al Simmons brought attention to himself for two outstanding plays. He made a double play unassisted, and in a game with Detroit on August 13, made two remarkable throws to prevent scores.

Clint Brown and Wes Ferrell, both of Cleveland, head a list of 19 pitchers who made no errors. Brown had 11 putouts and 53 assists, while Ferrell handled 60 chances, 12 putouts and 48 assists.

Paper Claims Ruth Will Seek Release

PHILADELPHIA, Dec. 20. (AP)—The Inquirer says Babe Ruth is going to ask for his release from the New York Yankees so that he will be free to take over the "Babe Ruth Kids' league," a project backed by a New York oil company.

All the plans have not yet been worked out, the paper says, but it is understood both the films and radio will have a place in the Babe's plan to teach baseball to the kids throughout the nation.

Westerner Team Tendered Honor

HOWELL YOUNG NAMED CAPTAIN OF NEXT YEAR'S SQUAD

For their valiant performances on the gridiron during 1933 for Lubbock High school, 19 members of the Westerner football squad have been recognized as worthy of special awards.

At a banquet honoring the football squad, the girls' pep squad and the Lubbock High band last night at the First Christian Church, names of fourteen Westerners were read as having earned "W" letters for the football season. Five reserve awards were made. Coaches Weldon Chapman, Burl Huffman, Swede McMurry and J. Mule Davis were presented with special trophies.

Howell "Blackie" Young, Lubbock High and All-District 1 center, was unanimously elected captain by the letter men for the 1934 season. Young is one of few to return to form the neuclus of next year's team.

Sportsmanship Award

A special award for sportsmanship went to Rayburn Hale, quarterback, after a tie between Hale and Young had been voted off. The trophy was offered by a local business man.

Letter men announced last night were: Howell Young, center and captain-elect; Woodrow Barnes, Woodrow Aycock and James, Hodges, guards; Weldon Phillips, Edgar Doherty, and G. B. Wimberley, tackles; Ossie Griggs, Starkey Whitehorn and Charles Calhoun, ends; Rayburn Hale, Rufus Ryan, Weymond Newton and Jesse Granbury, backs.

Reserve awards were made to Ottis Speer, Wayne Prather, Ed Simmons, Tom Haley and Haws Hiatt.

Coach Swede McMurry of the Cowhands announced awards for 15 players.

Fitted traveling bags were given the coaches, and a fitted bag also was presented Mrs. James, sponsor of the pep squad.

240 Attend Feed

Two hundred and forty places were occupied at the festive board last night. Special guests were Russell T. "Dutchy" Smith, line coach at Texas Tech; S. A. Wells, local merchant, and R. F. Bayless.

Women of the First Christian Church prepared the banquet, foodstuffs for which had been donated by local merchants and fans. A vote of thanks was tendered business men who had contributed to the banquet, the first of its kind, embracing the band, pep squad and football squad, ever held here.

The following business men and firms were thanked for making possible the feast:

Ralph Doughtie of Swift & Co.; Shorty Parks, Walker-Smith, M-System stores; Davis & Humphries; A. G. Winn Produce Co., Lubbock Fruit and Vegetable; Waples-Platter; Ted Zachary, Sherrell Boyd, Hestand And Kimbell, Heepy-Cheepy, Joe Baldridge, Martin's Bakery and Butterkist bakery, George Meiser, McIlhaney's dairy, Sherrod Bros., hardware, Higginbotham-Bartlett Lumber Co., Rea's dairy, McSpadden's dairy, Richardson's dairy, Radford Grocery company, Campbell's Grocery, and Hay Davidson.

"Trouble? . . No, . . . not this time Mr. Plumber"

The above BLUE STAR seal guarantees that the gas appliance to which it is affixed has an acceptable operating efficiency—and that it complies with national basic safety requirements in design and construction. This seal is NOT a mark of quality; hence it is attached to popular priced gas appliances, as well as to the finest types, if they are efficient and safe.

Bill Brown has decided that it's much cheaper in the long run to avoid break-downs than to be continually paying for emergency plumbing repairs. So. . . he's giving Mr. Plumber a little Christmas surprise by calling to wish him the season's best and asking him to drop around to look the situation over and suggest a plan to modernize old equipment.

A mighty smart idea, too, because he knows material and labor are cheaper now than they're likely to be again for a long, long time. And if he should decide to put in an Automatic Gas Heating System, or a Self-Action Gas Water Heater, for Mrs. Brown, he knows he can save money by buying now at today's low prices.

Besides being thrifty, Mr. Brown's decision is right in line with what the President has been asking us all to do—so why not call your plumber today?

BULLITT IS TO BUILD AMERICAN HOUSE IN RUSSIAN CAPITAL

BY STANLEY P. RICHARDSON
Associated Press Foreign Staff

MOSCOW, Dec. 20 (AP)—United States Ambassador William C. Bullitt has decided definitely, it was understood today, to build an American embassy here.

It was said that construction will begin as soon as plans can be drawn and the United States congress has approved an appropriation.

No Quarters Found

After more than a week of intensive inspection of all available buildings in Moscow, the ambassador found none suitable to house the large staff he will have here.

Hence, Mr. Bullitt was represented as being convinced that it would be more economical to build his own quarters than to try to convert an old building to his needs.

In this way he will be able to locate the American embassy and consulate offices under one roof in line with present state department policies.

As temporary quarters, the new ambassador is expected to rent a house of the central executive committee at Spasso Peskovski square which now is used as a residence by Leu Mikhailovitch Karakhan, former Soviet minister to China, and in which President Mikhail Kalinin holds the annual diplomatic receptions.

This rambling, two-story, thirty-room house formerly was the palace of a wealthy textile manufacturer.

Site Selected

A site on the Moscow river a mile or so below the Kremlin was understood to have been selected tentatively for the new embassy.

The decision to build is certain to please Soviet officials, who point out that no other nation has done such a thing so far.

Mr. Bullitt probably will leave Moscow Thursday and sail to America on the United States liner Washington for Havre, France, Dec. 28. He is expected to return here early in February to take up his duties.

There is a possibility that Alexander Troyanovsky, designated as ambassador to the United States, accompanied by a staff of several secretaries and attaches, may travel to Washington on the same ship.

Keith Merrill, the state department's embassy construction expert, will remain here a few days after the ambassador's departure to study available materials and prepare tentative plans.

CURRICULUM MEET HELD IN AUSTIN

AUSTIN, Dec. 20 (AP)—Representatives from all the senior colleges in Texas, secular and denominational, met here Tuesday for a curriculum conference with L. A. Woods, state superintendent of public instruction.

Woods explained the purpose of the proposed state wide curriculum revision program. Jake J. Hendricks, assistant superintendent of curriculum and textbooks of the state department of education, explained what the curriculum committee, of which he is chairman, had accomplished.

Recommendations of the committee already had been unanimously approved by the Texas State Teachers' association, the section of superintendents of the association and by other groups of the State Teachers association at its recent convention in Austin. The state board of education also recently endorsed them.

It was recommended that the University of Texas sponsor a conference on curriculum revision, to be held in Austin during the first term of the summer session of 1934. Dr. H. Y. Benedict, president of the university, said he would be glad to present the matter to the board of regents.

ROME, Dec. 20 (AP)—Premier Mussolini today received 92 mothers whose combined children total 1,288, an average of 14.

On Sunday Italy will hold celebrations in honor of mothers and children. Those greeted today were winners of country wide contests to find the nation's largest families.

JAP ENVOY TO BE HURRIED TO U. S.

TOKYO, Dec. 20 (AP)—The Japanese cabinet today officially approved Hiroshi Saito as ambassador to the United States, having received from Washington approval of Saito's appointment.

Immediately the Japanese foreign minister cabled instructions to Saito at the Hague, where he was Japanese minister to the Netherlands, to proceed directly to Washington.

It was understood, however, that after a brief stay in the American capital to establish contact with President Roosevelt and Secretary of State Hull, the new ambassador will return to Tokyo for full consultation with his government Japanese-American problems.

Saito succeeds Katsuji Debuchi, who recently resigned. He has a wide European background and was an active member of the Japanese delegation at the London naval conference in 1930.

Credit Still Good

The recent furore about the administration's monetary policy contained a number of dire prophecies about the effect which that policy might have on the government's credit. To date these prophecies do not seem to be justified.

At any rate, when the government offered $950,000,000 in 2 1-4 per cent certificates the other day, the issue was oversubscribed in jig time.

This, of course, is not to say that adoption of direct inflationary measures would not harm the market for government bonds. But it is a pretty fair sign that what has been done so far has not shaken the confidence of investors in Uncle Sam's intention and ability to pay back what he borrows.

Season's Most Sensational Senate Investigation—If It Comes—Will Probe Secrets Of The Munitions Industry

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, Dec. 20 — The season's most sensational Senate investigation—if it comes off—will probe the secrets of the munitions industry.

The peace lobby is quietly working for it. Many in the administration's liberal group that you've been hearing so much about just would adore it.

Roosevelt is a big navy man but he also remembers that the munitions lobby licked his arms embargo bill—the one piece of legislation he asked for last spring and didn't get. (Hoover wanted it, too, though his secretary of war, Hurley, and Chief of Staff MacArthur lobbied against it.)

Butcher

The investigation would delve into: Stock ownership among public officials and guiders of public opinion. Financial support of militaristic organizations. Lobbying. Any efforts that may have been made to defeat the Geneva arms conference similar to those in 1927. Contributions to political parties. Volume of sales to Japan, China, and South America. Profits.

The State Department would like to know more about the industry. Sometimes it receives reports of salesmen abroad believed to be stirring up wars.

Recently it was discovered that Sir John Simon, representing the British at the disarmament conference, owned 1000 shares of Vickers stock. Peace societies would anticipate interesting personal disclosures over here. There's dynamite in their effort.

* * *

Kids Prefer "Sistie"

Little Sistie Dall, grandchild of Mrs. Roosevelt, is just "Eleanor" at the private school she attends. The other kids don't like the nickname. They like Sistie, though, and sometimes present their parents with a social etiquet problem by demanding that she be invited to their parties.

* * *

Shrinking Dollar Hurts

A chorus of groans goes up around the world every time the administration succeeds in driving the dollar down another half cent. It comes from foreign service officers, paid in American dollars.

Dollars were the reason Francis White resigned as minister to Czechoslovakia after 18 years in the service. He found his $10,000 salary cut almost in half.

The dollar abroad is off nearly 40 per cent and salaries also are reduced 15 per cent by the general federal pay cut. Congress may do something about it, rather than lose other foreign service men.

* * *

Escape AAA Ogre

Rejoicing was rife in the food industries when most of their codes were transferred from AAA to NRA during the Wallace-Peek row. The retail and wholesale food and grocery codes were rushed through NRA in 48 hours, with features objectionable to the industries removed.

Questions at the AAA hearings had been considered in poor taste. For instance:

"Do you believe a consumer has a right to know what he buys?" Leroy Peterson of the Consumers' Counsel staff asked a General Foods official.

"I know what you're trying to get me to say," was the reply. "And if I'm smart enough, I won't say it for the record."

* * *

Rush Will Be Terrific

You can't guess any more how long a session of Congress will last, so Congressional Record subscribers will be charged $1.50 a month instead of $3 for the long session and $4 for the short.

Short sessions, of which there won't be any more, ran three months. Long sessions averaged a little more than six.

After The Opera

PITTSBURGH—Here's what John J. Uetz, caretaker at Syria mosque, says he finds after every opera performance: About a pound of chewing gum that has to be chiseled off seats by four assistants, half a peck of cigarette butts, two bushels of cigar wrappers and—and this is what hurts—reams of torn paper that the balcony boys hurl into the auditorium.

Perfect Limbs

CHICAGO — Some 147,000 Americans use artificial limbs!

This information came from the association of limb manufacturers whose members said such appliances have been so perfected that handicapped persons forget their misfortunes.

A seamless limb of aluminum alloy was exhibited.

Of 3,000 engaged in the industry, 2,000 wear artificial limbs.

Fate Takes Hand

CHICAGO—No one seems to know who the principal actor in this drama of life and death was.

He approached James Allport as the latter sat in a parked car and said:

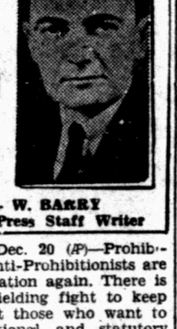

"Shoot me mister; I want to die."

Allport drove away, quickly, seeking a policeman. He found one. Together they hurried back to the scene. There the stranger lay in the street—dead.

A hit and run auto driver had given him his wish.

Neither law nor circumstances should efface the Christian ideal of man's obligation to his neighbor.

With Whiz BARRY Under The Capitol Dome

AUSTIN, Dec. 20 (AP)—Prohibitionists and anti-Prohibitionists are in battle formation again. There is to be an unyielding fight to keep Texas dry, but those who want to junk constitutional and statutory prohibition are just as determined.

Leaders against repeal of the state constitutional amendment and enforcement statutes have sent a questionnaire to every legislator in an effort to find out how he stands. All candidates for the legislature next summer will be polled.

Drys Issue Challenge

The anti-prohibitionists precipitated the clash when they challenged the prohibitionists at the state federal constitutional repeal convention. Maury Hughes, of Dallas, chairman of the state Democratic executive committee, told the convention there should not be any quarter—that the Democratic campaign in July should be fought strictly along "wet" and "dry" lines.

Those who heard Hughes' speech said it was his announcement for governor. Since then he has made a public statement in which he said he was considering the race for governor.

Who the drys' candidate for governor will be no one will hazard a guess, nor can any one say on whom the "wets" will center. The record shows that it always has been difficult for those against prohibition to agree on candidates and apparently an easy task for the prohibitionists to eliminate all except one and then go down the line with him to the bitter end.

Everything points to a heated political campaign next summer. Many Texans found themselves disfranchised last August when the important proposition of repeal was up for a decision through failure to pay their poll tax.

COLLEGE INCOME CUT

ST. PAUL (AP)—Washington university is operating on an income $500,000 less than in 1931-32, a report of Chancellor G. R. Throop disclosed. Most of the decrease came from lowered endowment income and smaller gifts, but a 10 per cent falling off in enrolment also cut tuition receipts.

HAS NEW HOLIDAY

ROME (AP) — "Mother and Child Day"—to be celebrated Christmas Eve—has been added to the Italian calendar by government decree. It will stress the fascist program for protection of maternity and infancy.

Having developed the necessary technique for almost unlimited production of wealth, the engineers no longer can afford to stand aside while financiers, promoters, and politicians so tragically bungle the problem of its distribution.

!AN HELD FOR BURGLARIES

WO OTHER SUSPECTS SOUGHT FOR JOBS AT SHALLOWATER

Two men wanted for two burglar- and theft of an automobile late unday at Shallowater were sought day by the sheriff's department, hich Tuesday put one suspect in il and recovered the stolen car.

Andrew H. Nelson, who, after he as indicted for robbery of the Mea- w postoffice, escaped from a Unit- States deputy marshal at Abilene, as one of the men sought, said heriff Tom Abel.

Loot Is Found

The other fugitive is said to be a usin of the man held.

A suitcase filled with shirts, trous- s, men's underwear, and other ot was found at a farmhouse 9 iles northeast of Aspermont, tonewall county. The suspect was rrested in bed at the farmhouse out 6 o'clock Tuesday morning by heriff Abel, Sheriff Bailey Bing- am of Aspermont, Deputy Sheriffs ap Moore, Bedford Carpenter and J. Farris of Lubbock county, and W. Grimes, owner of the stolen itomobile.

The automobile, a Chevrolet oach, was said to have been locat- d in a canyon northeast of Asper- ont, near the farmhouse. The ma- ine was reported to have been cov- ed with brush.

Car Is Restored

The car, returned to Lubbock late esterday, was driven to Shallo- ater and restored to Grimes.

The loot recovered was identified part of the merchandise taken om the Gentry store at Shallo- ater, Sheriff Abel said.

A cafe was robbed of tobaccos nd candies and gasoline was stolen Shallowater Sunday night.

The man held has refused to make statement, according to the sher- f.

Another man, jailed Monday ight by the department "because e went around" with the trio of uspects, was released this morning.

PAY, JOB GAINS

he federal government's work pro- ram.

Accurate and complete statistics to ll the full story of jobs and pay nvelops throughout the country are dmittedly unavailable, due to swift hanging conditions and the absence full reports. To meet this condi- n the CWA has approved em- oyment of 1,693 persons to collect d study employment figures.

Seasonal Decline Noted

The department of labor at Wash- ington noted a decline in manu- acturing industrial employment uring November—the first decline nce March—but this was described s seasonal. Secretary Perkins call- d attention to the fact that the de- artment's figures showed an em- loyment rise in manufacturing in- ustries since March of 29.6. In erms of men at work she estimat- d 2,500,000 more persons were at ork between October 15 and No- ember 15 than were working in larch.

The lure of jobs under the CWA 50 cents an hour was proving a roblem in Ohio where, at Toledo, it as reported that men employed in dustries at the NRA code of 38- cents an hour were quitting for e better money of the federal or- anization.

Harry Hopkins, CWA administra- r, has called for an inquiry into e Toledo situation. His comment esterday was: "If these charges are ue, it would seem to warrant our itting down the CWA quota in To- do at once."

Favor Shorter Hours

The same complaint was heard, o, at Chattanooga when southern dustrialists gathered in conference. everal representatives at the con- rence complained that their em- oyees were quitting in favor of the horter hours and higher wages of e CWA.

Secretaries of manufacturers' as- ciations in Arkansas, Louisiana, irginia and Tennessee volunteered e opinion that employment gen- ally in their territories had been creased under NRA. A spokes- an from Kentucky said fifty per nt of those reporting to him said siness was being maintained at its rmer volume. Many manufactur- s at the Chattanooga conference id they had found under NRA hat labor and raw material costs d increased while the volume of les had decreased.

FLYING LINDBERGHS COME BACK HOME TO PLAY SANTA CLAUS TO BABY JON

NEW YORK, Dec. 20 (AP)—The flying Lindberghs have come home to their baby.

And now Anne Lindbergh won't have to wireless signals and study navigation charts. She can listen, instead, to the baby words her 16-months-old son Jon has learned in the five months she and her noted husband, Col. Charles A. Lindbergh, were flying over a large part of the world.

When the Lindberghs started on their aerial voyage of discovery last July, baby Jon could only laugh and gurgle. Now he knows words like "mommie" and "daddy".

Prepare For Xmas

The first thing the Lindberghs have to do is to get ready for Christmas. They brought little back with them when they ended their flight yesterday. In fact, all they carried off their plane were two knapsacks of personal effects they had with them on the last 10,000 miles of the trip. So there'll have to be some hurried gift buying and other preparations for the Yule-tide.

And if little Jon Lindbergh could understand what it's all about, his parents would have a plentiful supply of stories to tell about their journey.

They visited 31 countries or possessions and covered approximately 29,000 miles, or an area covering roughly one quarter of the earth.

Experiences Varied

They flew through all kinds of weather, from the cold and fog of Labrador and Greenland to the blistering heat of the African coast. In Europe they went as far as Moscow and in South America they penetrated the continent as far as Manaos, a thousand miles up the Amazon. And they met the most interesting people.

The flight ended yesterday with a hop from Charleston, S. C., where they stayed one night on their journey up the Atlantic coast. Col. Lindbergh brought his low-winged monoplane down at College Point, Queens, after first flying over the home of Mrs. Dwight W. Morrow, mother of Mrs. Lindbergh, in Englewood, N. J., where the Lindbergh baby has been living.

It was reported that next summer Col. Lindbergh will probably make another trip into the Arctic.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Dec. 20 (AP)—Cotton opened barely steady, 3 to 4 lower in response to disappointing cables and under January liquidation. Dec. 9.87; Jan. 9.92; March 10.08; May 10.24; July 10.37; Oct. 10.57.

There was not much southern selling, while the trade was a moderate buyer and there was a little covering which absorbed the initial offering. After selling off to 10.08 at the start, March steadied up to 10.11 and active months generally were ruling about net unchanged to 2 points lower at the end of the first half hour. The report of the census bureau showing 12,356,769 bales ginned prior to December 13 was a shade below expectations if anything.

Evening-up of January contracts in preparation for the possibility of notices on Friday continued later in the morning. Otherwise business was limited, but there was some scattering liquidation in sympathy with the action of the wheat and stock markets and a further decline in foreign exchange. At midday March was selling around 10.06 with the general list showing net declines of 3 to 7 points.

NEW ORLEANS REPORT

NEW ORLEANS, Dec. 20. (AP)—Cotton opened a shade easier today. Liverpool was hardly as good as due, sterling was slightly lower and gold unchanged. First trades showed losses of 2 to 3 points with March at 10.06 and May at 10.19. March eased an additional point after the call, making the net decline 3 points on both active months. There was some hedge-selling at the start. Total ginnings to December 13 reached 12,356,769 running bales, which was about as expected.

The market improved slightly in the second hour on buying in the ring, March trading at 10.07 and May at 10.23, up 2 to 4 points from the early lows and one point net down to one up compared with the previous close. Late in the morning, however, prices weakened with stocks and sterling and trading turned more active. Around noon, March dropped to 10.00 and May to 10.14, or 7 to 9 points under the best and 8 points below yesterday's close.

Grain Market

CHICAGO REPORT

CHICAGO, Dec. 20. (AP)—Downturns of grain prices formed the rule early today, influenced by somewhat bearish aspects of the United States government crop report. A small increase of the prospective wheat yield was indicated. Opening 1-8 to 7-8 lower, wheat afterward held near the initial limits. Corn started unchanged to 1-4 off, and subsequently altered little.

Stock Market

WALL STREET REPORT

NEW YORK, Dec. 20 (AP)—Stocks broke sharply today under a selling avalanche that swept quoted values down 1 to as much as 9 points.

The relapse followed pronounced weakness of Union Bag and Paper which dropped 9 when it was reported the stock exchange authorities were enquiring into the recent activity in the issue. Liquidation by nervous traders, in addition to increased short operations, unsettled the list and at one time the ticker tape lagged some four minutes behind floor transactions. With the gold price again unchanged, the dollar advanced about 5 cents in terms of sterling and nearly 1-10 of a cent in relation to the French franc. Wheat yielded more than 2 cents a bushel and other commodities were hesitant. Bonds were irregular.

The slump in shares came just before noon and for about 25 minutes offerings flooded the market. Support then appeared and there were recoveries of 1 to 3 points in some groups. Bag & Paper reduced its loss to 6 points. Celanese, however, was off 7. U. S. Industrial Alcohol 4, Atlas Tack 4,and losers of 1 to 3 included Auburn, U. S. Smelting, Allied Chemical, U. S. Steel, Johns-Manville, Case, Santa Fe, Du Pont, N. Y. Central, American Can, General Motors, Western Union and others. American Telephone and Consolidated Gas were fairly steady, easing only fractionally.

Woman Is Charged In Auto Accident

A charge of driving an automobile while intoxicated was filed against Marie Richardson, 25, of 2223 Avenu H, in Justice of the Peace J. S. Connell's court this morning.

The complaint, signed by George Eubank, assistant chief of police, was a result of a head-on collision of an Essex sedan driven by the woman with a parked Dodge sedan owned by L. L. Kelso about 8 o'clock last night in the 2400-block of Nineteenth street. The woman suffered a head injury.

Police arrested her soon after the mishap. She was transferred to county jail.

James Bridger, pioneer, offered $100 at Little Sandy Creek, Utah, for the first bushel of corn raised in the Salt Lake valley; a monument recently was erected and unveiled at the site.

CHARGE FILED IN SHOOTING

CHICAGO ALDERMAN IS FREE ON BOND AFTER OFFICER WOUNDED

CHICAGO, Dec. 20 (AP)—Alderman Mathias J. Bauler was arrested and booked last night on a charge of assault with intent to kill for the shooting of Policeman John J. Ahern.

Ahern, former bodyguard to the late Mayor Anton J. Cermak, was shot early Tuesday when he attempted to gain entrance to Bauler's liquor tavern. Sheriff William D. Meyering and a group of Democratic politicians had gathered there after a Christmas benefit party which Mayor Edward J. Kelly had attended.

Released On Bond

Bauler was released on a $5,000 bond and allowed to return to his home. Date for the hearing will be set later.

Deputy Sheriff Frank Wright, secretary to Meyering, also was wounded, apparently by a stray bullet from Ahern's pistol. Physicians said he had a "fifty-fifty" chance to recover. Ahern's condition was less serious.

Both Alderman Bauler and Policeman Ahern admitted the shooting, but each insisted the other fired first.

Scores of Democratic politicians and many residents of Bauler's 49th ward had attended a Christmas benefit party last night at the Plaza theater. Alderman Bauler presided in evening dress. Mayor Kelly dropped in for a few minutes.

Many of the politicians went when the party ended to Alderman Bauler's tavern a half block away. Mayor Kelly and others went to their homes.

Front Doors Locked

At 4 p. m. there was still much hilarity in the tavern, witnesses said. The front doors were locked but Bauler and his friends were within.

Policemen Ahern and Edward Hayes, accompanied by Miss Mary L. Tyler, 22, cousin of Ahern and sweetheart of Hayes, came and sought admittance. There was an argument and the shooting followed.

The stars were stripped from Policemen Ahern and Hayes and both were suspended from the force. Each insisted he was not intoxicated at the time of the shooting. Alderman Bauler first was taken in custody about seven hours after the shooting. He was released and then taken in custody again.

XMAS PARDONS

day pardons. In Arizona the governor has no pardon powers, and the state board has made no seasonal gesture in behalf of convicts, other than a few routine paroles.

Paroles have been granted by Governor Martin of the state of Washington to 60 prisoners. Names of the fortunate ones are never announced there.

The largest package on the American prison Christmas tree is the gift of a sickman—Governor Miller of Alabama. Though ill in bed with undulant fever since mid-November, Gov. Miller has issued holiday paroles to 298 long term prisoners. These paroles are issued, he explained, on a "man-to-man" basis, the first group, leaving today, being due back January 1.

"They'll Be Back"

"They'll be back," he said, confidently. "They always have, and I know they won't break faith."

A quarantine on all camps at Tucker prison following discovery of three cases of spinal meningitis has made it impossible for Governor Futtrell of Arkansas to issue holiday releases this year.

Florida's pardon board recently granted conditional pardons to more than 100 prisoners. The governor has no pardoning power in that state.

Christmas won't mean freedom for convicts in either of the Carolinas. Edwin Gill, prison commissioner of North Carolina, said there would be no pardons or paroles "just because it is Christmas." Governor Blackwood of South Carolina has indicated he plans no special clemency during the holidays.

Governor Ritchie of Maryland stated early this week his intention of granting freedom to a list of deserving prisoners.

Roosevelt May Act

President Roosevelt has not announced any Christmas pardons, although there may be a White House announcement within the next few days. He issued a pardon last week to former Mayor Dale of Muncie, Ind.

The war department has announced that two men imprisoned for military offenses will be pardoned.

Catching the holiday spirit, Judge Rudolph Desort in Chicago released from jail 15 ex-husbands he sent there for failure to pay alimony. All were ordered to report after New Year's. If they haven't reformed by then they must return to jail.

years. The indictment was held faulty.

It was alleged that McWhorter represented himself to Mrs. M. S. Guess to be a secret service agent with the Mexican government and through such representation obtained from her some Mexican agrarian bonds which he never did return. The indictment alleged that McWhorter claimed the bonds were spurious and promised to have them replaced with genuine securities.

At high tide, water covered the old baseball diamond at Ketchikan, Alaska, and in extra inning games outfielders sometimes played in water up to their knees.

THREE DIE IN TRAIN CRASH

CAR IT HIT AT GRADE CROSSING TUESDAY SOUTH OF WACO

WACO, Dec. 20. (AP)—Three persons were dead today, victims of a grade crossing accident south of Waco last night, near Eddy, when a northward speeding Missouri-Kansas-Texas passenger train struck the light coupe in which they were riding.

The dead, Mr. and Mrs. B. E. Adams and Scobe Crawford, Mrs. Adams' half-brother, were returning to their home at Blevins after a shopping trip to Waco when the accident occurred.

The highway parallels the railroad track at the point where the accident occurred and B. F. Hudson of Smithville, the locomotive engineer, said the automobile evidently turned into a side road to cross the track while he was sitting on the opposite side of the engine cab.

Adams, a cotton gin owner, was 35; his wife, 27; and Crawford, 37.

WINTRY GALES LASH COAST

NORTHWEST BATTERED AND DAMAGE MOUNTS; THREE ARE KILLED

SEATTLE, Dec. 20 (AP)—Storm damage mounted today as the latest of a series of winter gales battered the Pacific northwest for the fourth successive day. The loss of life was set at three.

With communication restored to Tillamook, rich dairy district near the Oregon coast, reports came of power lines down, 50 barns wrecked, herds of cattle scattered and possibly drowned, and rich farms under water.

Tides Cause Damage

The almost unprecedented high tides, driven ashore by the gales, brought large losses at Astoria, Ore. The dredge Clackamas was torn from its moorings and badly damaged.

The deaths attributed in part to the storm, all of them in Washington, included two woods fatalities, Sam Brewer, 19, killed by a falling sapling near Snoqualmie and Richard Hillaire, 50, an Indian fatally injured near Bellingham by a tree; and the drowning of Nicky Fumar, Filipino child at Port Angeles.

To the north in British Columbia, a mud and rock slide 50 to 75 feet deep and 1,000 feet long last night tied up the Canadian Pacific Kootenay Lake line. At Vancouver, B. C., thousands of acres of lowland on the southern edge of the city were flooded when the highest tide of the year broke through dikes on the Fraser river yesterday in four places.

Streets Inundated

In Spokane, center of the eastern "dry belt", the flood waters of Hangman creek inundated yards and streets.

DEFENDANTS WIN IN FEDERAL CASE

An instructed verdict for the defendants was given in federal district court shortly before noon today in the damage case of O. K. Sykes vs. Dr. J. Harvey Hanson, Dr. E. O. Nichols and the Plainview sanitarium. On instructions of Judge James C. Wilson, after hearing arguments, the verdict was given as requested by defendants.

George W. Dupree and Franklin D. Brown, at the close of complainant's testimony, submitted three motions for an instructed verdict for their clients, based on the testimony introduced in the case by the complainant. M. J. Baird, Plainview, argued for his client in response to defense arguments.

Two Witnesses Heard

Two witnesses were heard this morning, and one deposition introduced. Dr. V. V. Clark, local physician, testified as an expert on his examination of the plaintiff. Dr. Willis H. Flamm, Amarillo physician, signed a deposition which was read. Both were accompanied by X-ray plates. Mrs. M. A. Sykes, mother of the plaintiff, also testified.

Cases involving suits brought by the receiver of the Plainview National bank, are to come up this afternoon. It is expected a war risk insurance case will also be heard.

Following argument on the issues in the equity case of Kent county against M. S. Sandell, former president of the First National bank of Jayton, Judge Wilson announced for the defendants, Henry James and the Farmers and Merchants National bank of Abilene. He asked for briefs to be filed in 10 days and will later hand down his decision concerning other defendants. L. B. Withers, receiver of the closed bank, was also absolved.

Judgment Granted

Judgment for $7,244.76 in favor of F. A. Blankenbeckler, receiver of Plainview National bank, was had in his action against C. H. Critchfield, et al. The receiver was given a lien against the south 120 acres owned by Mr. Critchfield, but the 200 acres on the north, claimed as a homestead by Mr. Critchfield who was the only witness, was not recovered.

INTERNATIONAL SPY RING EXPOSED IN FRANCE WITH ARREST OF 10 SUSPECTS

(Continued from Page One)

the police immediately began an intensive search.

Among the alleged espionage material which the police confiscated were three wireless sets, including a clandestine sending outfit, military documents, photographic plates and movie cameras and large sums of money.

Commissary Gianvetti of the French police made the haul of paraphernalia and said that he had found in addition that one of the prisoners, Louis Martin, 43, a Frenchman, and translator in the ministry of marine, had an account in a Frankfort, Germany, bank.

One Suspect Faints

Martin fainted when the police broke into his home after coming from the apartment of Madame Lidia Tchekaloff Stahl, 48, a Russian teacher whom they also arrested.

At Madame Stahl's home the police seized books, documents and photographic plates.

At Martin's home the gendarmes took two envelopes which they said contained 15,500 and 12,000 francs respectively.

They said they found another suspect, Mlle. Madeleine Mermert, 23, French and a teacher, ready for flight when they raided her home and arrested her. It was there, they said, they found the wireless station and the movie cameras.

The home of Mr. and Mrs. Moise Salmon, Polish medical students, yielded additional documents to the police, according to their announcement.

Switz, whom the police described as a former aviator, was arrested in his hotel near the Place De L'Opera.

Bercowitz, whose wife was described as a painter, was found in a furnished flat where the neighbors said the couple had lived for the last six weeks.

Apartments Sealed

The American and Canadian couples' apartments were sealed by police pending a search by Examining Magistrate Penon as were the living quarters of the other six persons arrested.

Half the prisoners were women, the arresting police revealed. They listed the other prisonres' names as:

Moise Salmon, 26, and his wife, Chana, 37, both Polish medical students.

Madame Lidia Tchekaloff Stahl, 48, Russian; teacher.

Mlle. Madeleine Mermert, 23, French; teacher.

Louis Martin, 43, French; teacher.

Doucham Narandisch, 42, Serbian journalist.

Martin, who listed his occupation as that of a teacher, also has been serving as a translator in the ministry of the navy.

The prisoners were seized in raids in various parts of France after incriminating documents had been gathered by the French counter espionage service.

Documents Gathered

Secrecy covering the mysterious organization's operations was maintained, but it was believed there had been a leak in plans for France's closely-guarded frontier fortifications which she intends to extend.

Only yesterday, War Minister Edouard Daladier announced the government would seek credits to expand her "iron ring" of border defenses "to the sea."

For three years, workers in the Metz and Lauter border regions have been employed on a steel and concrete line of fortifications 125 miles long from which army leaders say a continuous barrage could be laid down.

The roundup is the climax of a two-year search for spies, particularly along the frontiers where scores of isolated cases of espionage have been reported in which several individuals have been convicted.

The most recent prosecution resulted in the conviction of three men at Thionville yesterday.

An Austrian, Clement Bruss, was sentenced to five years imprisonment on a charge of receiving a map of French fortifications from Joseph Schohn, a workman employed in the building of a fort. Schohn was sentenced to serve two years in prison. Louis Doll, another workman, was fined.

Trial Reaches Climax

The revelation that an international band reported to include Italians, Yugoslavs, Czechoslovakians, Scandinavians and Frenchmen—operating with women accomplices—was the culmination of eight months of trailing suspects by 300 crack detectives and secret service men after they had received a tip.

Salmon and his wife had been under surveillance since last April when, police said, they came to Paris from Germany. Authorities said they confiscated a quantity of documents in the couple's room.

Additional information leading up to the arrests was reported to have been obtained from two of 55 Italians rounded up a week ago on charges of widespread robberies in different parts of France.

Salmon was arrested, it was learned, by ten police inspectors who waited in his rooming house, patronized by foreigners, and seized him when he returned from a hospital where he was a student.

A declaration that a German espionage service was buying maps of the fortifications along the Rhine and samples of French weapons at high prices was published in France in October.

A woman known as "La Belle Sophie" was arrested on a charge of possessing a machine gun stolen by a French soldier, in another incident of the many reported in recent months, in November.

Her fate and that of eleven others in the same affair was kept secret.

Reports have been published that Nazi headquarters at Saarbruecken was the center of espionage activities on the frontier.

Spying in the Alpine fortifications along the Italian border also has been openly suspected since the mysterious suicide of a French noncommissioned officer at Nice in November.

The newspaper Petit Parisien, asserting the espionage organization had been broken up, described the syndicate as a sort of Mafia, skillfully patterned after the famous Sicilian society, with its members unknown to each other and reporting direct to a chief.

Police said the gang was working for no particular nation, but was an international spy organization of an entirely novel character.

WOMAN, IRED BY TRAFFIC TICKET, GIVEN ANOTHER

After receiving a corporation court summons for not stopping an automobile she was driving at a stop-button, a Lubbock woman this morning also received a ticket for speeding before she arrived at City hall. G. G. Stringer, a traffic policeman, said the woman declined to give her name when he gave her the ticket for the stop-sign offense. She said she would go immediately to City hall. As she parked her car, to walk to the hall, the policeman gave her a ticket for speeding. He had followed her. She pleaded guilty of both offenses and paid fines of $2 and $5 for stop-sign and speeding offenses, respectively, police said.

Scout Meet Set — An annual South Plains Area Boy Scout council meeting will be conducted here Jan. 25, the executive board decided last night at the Lubbock hotel. Dr. J. M. Gordon was selected as chairman of the program committee, W. C. Wood of the ticket committee, Neil H. Wright of the nominating committee, and J. Edd McLaughlin of Ralls, A. B. Sanders of Littlefield, and J. W. Hood of Slaton as other members of the nominating committee. W. G. McMillan, council president; Dr. F. B. Malone, vice president; K. N. Clapp, a commissioner; T. E. Buckner, treasurer; C. W. Ratliff, publicity chairman, and D. T. Jennings, executive, attended last night's meeting.

• • •

Permit Granted — F. F. Stringer was authorized at the city building inspector's office this morning to add a room to a residence he owned at 1410 Avenue C. Cost of the work was estimated at $100. Aggregate expenditure anticipated in building permits here this year is $163,954.

• • •

Clothes-Lines Looted—A woman's uniform, two shirts, two suits of underwear, and some socks were stolen from a clothes-line at the home of Mrs. E. L. Noah, 1418 Ninth street, and some articles also were taken from a clothes-line at 2013 Ninth street, police were informed.

• • •

Home For Holidays—Miss Bernice McDonald, daughter of Mr. and Mrs. J. F. McDonald, 3306 College avenue, has arrived at home from Fayetteville, Ark., for the holidays. Miss McDonald has charge of teacher training in vocational home economics at the University of Arkansas at Fayetteville. Her father is director of the extension department at Texas Technological college.

• • •

Negroes Are Fined — Police arrested 16 negroes last night at Eighteenth street and Avenue A for gambling. All pleaded guilty and were fined $10 each. Five paid the assessments.

• • •

Youth Reported Missing—as far as police knew this morning, J. B Allright, jr., 13, who was reported to have left his home at 1410 Avenue D at 9 a. m. yesterday, had not been found. The boy, who about mid-afternoon yesterday was reported missing, wore a dark corduroy cap, a blue shirt, blue-gray riding trousers, and brown boots.

• • •

Nurses To Leave — Anticipating becoming graduate students in Chicago for two years, Miss Edna Engle, retiring as instructor of nurses at West Texas hospital, and Miss Blanche Hearne, graduate nurse there, will leave Saturday for Chicago.

• • •

Fire Loss Light — When gasoline in a vulcanizer at a tire shop at 1008 Avenue G became ignited about 5:35 o'clock Tuesday afternoon, the fire department was summoned. Damage was negligible, firemen reported.

• • •

Band Plays Concert— About 500 persons heard the Texas Technological college band in a concert program last night in Lubbock High school auditorium. The selections included Christmas carols. Harry LeMaire was director.

• • •

Stolen Car Found—A 1928 Chevrolet sedan that C. Williamson, deputy sheriff at Idalou, reported had been abandoned Saturday night 3 miles east of Idalou, was identified as a car owned by G. M. Crawford of Levelland and stolen here.

VETERANS IN JOBS

JACKSON, Ohio, (AP)—The five Steele sisters here could form a woman's business and professional club of their own. Laverne has been a deputy in the probate judge's court 18 years, Alma has operated a greenhouse for 40 years, Mame has taught school 36 years, Marie has been in the oil business 20 years, and Daisy has worked in a nearby gas company office 23 years.

CANNING WORK IS DELAYED

OPERATIONS RESUMED TUESDAY NIGHT BUT ARE HALTED TODAY

Delay in the purchase of cattle for canning at the local federal canning plant has held up the operations, according to H. C. Harding, cattle buyer. After starting again Tuesday night, the plant was closed this morning.

Two more cattle were bought this morning. Mere were expected to be purchased during the day.

Most Coming Later

"Most of the cattle are to be brought in later, on the permits issued by county agents in this section," Mr. Harding explained. "Most of the permits are for later in December and January.

"Only a few of the 38 cattle assigned Lubbock county have not been brought in. We have bought about 30 head.

The plant resumed operations at 6 p. m. Tuesday, with only 17 cows, half the daily capacity, available for processing.

With a quota of 1,027 cows by Jan. 15, officials at the cannery have planned to operate the plant 24 hours daily, if enough cows are offered.

Only six cows which had been approved by county agents were offered for sale to the government Tuesday, said Harding.

Twenty-five women and 12 men, exclusive of the supervisors, were employed at the plant last night.

Make Money

Farm prices are on the rise, and this is your opportunity to make real money. Signs point to fifteen cent cotton in 1934, and that will naturally raise the price of land.

Possession can be had January 1st on the following:

160 acres 4 miles east of courthouse. All in cultivation and a perfect cat-claw land, with plenty of sand. Improved. Level. $37.50 acre, $2,750.00 cash, balance in Federal loan.

160 acres, all in cultivation, 8 miles from courthouse, well improved. Mixed soil. School nearby. $36.50 acre, $2,000.00 cash.

240 acres 6 miles southwest of Lubbock. A good piece of land and improved. $31.00 acre.

We also have several quarter-sections that can be had for less money, with $1,000.00 down. Also some good half-sections.

BUY A FARM NOW

We have 2 or 3 good farms, improved, quarters or halves, that we can sell with from $500.00 to $1,000.00 down, extra good terms on balance. $30.00 per acre. These places are within 30 minutes drive of Lubbock.

Also have some lands in Cochran and Terry counties, which we will sell for $12.50 to $20 per acre, without one single penny down. Of course, the buyer will be expected to improve this land and apply for Federal loan. Extra good farm land, at terms which will surprise you. This is the best proposition that we have ever been able to offer for the man with limited finances.

LEGAL NOTICES

39—Legal Notices

Sealed bids will be received for the construction of two (2) three-story dormitories in accordance with plans and specifications now being prepared by Wyatt C. Hedrick, Inc., Architects and Engineers, First National Bank Building, Fort Worth, Texas, by General John A. Hulen, Chairman of the Building Committee of the Board of Directors, in the office of the President of the Texas Technological College, Lubbock, Texas, on or before ten o'clock a. m., January 19, 1932, and then publicly opened.

The successful bidder will be requested to sign a contract which will contain provisions conforming with the requirements as set out in Bulletin No. 2 of the Federal Emergency Administration of Public Works.

A certified check or acceptable Bid Bond in an amount equal to 5 per cent of the total bid must accompany each bid, as a guarantee that if awarded the contract the contractor will promptly enter into a contract with the Texas Technological College as outlined. A Performance Bond in an amount of 100 per cent of the contract price will be required.

Plans and specifications may be procured from Wyatt C. Hedrick, Inc., Architects and Engineers, after January 3, 1934, upon deposit of $25.00, as a guarantee of the safe return of same. Upon return of the plans $15.00 of the deposit will be returned to the applicant.

BALKAN PEACE VISION STRENGTHENED BY YULETIDE MEETING OF THREE MONARCHS; DEFINITE AGREEMENTS ARE EXPECTED

BY WADE WERNER

BELGRADE, Dec. 20 (AP) — The Christmas season of peace and good will will be emphasied in the Balkans this year if "the conference of the three kings" takes place as scheduled here in Yugoslavia's capital.

King Boris and Queen Joanna of Bulgaria are expected to entrain for Belgrade sometime between December 20 and 26. As they are leaving Sofia King Carol of Rumania will start for Belgrade from Bucharest.

Peace Advocates Hopeful

When the three kings meet for parley, after Boris and Carol each have been appropriately welcomed by King Alexander and his government, they will have their respective foreign ministers with them.

Advocates of a Balkan accord have high hopes that definite agreements furthering peace will eventuate.

After the Belgrade conference sometime before January 15, Boris and his queen will go to Bucharest to repay Carol's recent brief visit on Bulgarian soil, Carol having stepped ashore with Boris when they were on their Danube cruise late in October.

Ministers On Swift Trips

Optimists are sometimes hard to find among students of old Balkan quarrels, but even the most skeptical observers admit that these frequent royal visits in this particular section of Europe at this particular time show an obvious willingness to stress what the Balkan countries have in common, rather than what keeps them apart.

Behind the peregrinations and parleys of the kings, and behind recent frequent and swift journeys of premiers and foreign ministers may be seen several broad motives, not all of them conflicting.

The Little Entente, made up of Czechoslovakia, Yugoslavia and Rumania, which has been keeping an eye on westward weather since Hitler's rise to power, already has safeguarded its eastern front through non-aggression pacts with the Soviet Union and doubtless would feel still more secure if possibilities of conflict in the Balkans could be eliminated or at least effectively postponed.

At the same time there has been a tendency among the little countries at southeastern Europe, ever since Mussolini launched his four power pact, to examine more closely the possibilities of cooperation among themselves as an offset to united advice from the big powers.

The vision of a Balkan federation, sponsored particularly by Turkey and Greece, also has played a role in some of the recent journeys of statesmen.

A trio of rulers of southeastern Europe is to assemble in Belgrade late this month when King Alexander of Yugoslavia (left) plays host to his brother-in-law, King Carol of Rumania (center) and to King Boris of Bulgaria. The foreign ministers of these Balkan countries are to foregather at the same time and place.

IT'S A FISH STORY

BORDEAUX, France (AP)—A giant carp weighing 39.5 pounds and three feet long, was caught in the River Cosse by Eugene Delhaye of this city. Ichthyologists, mostly amateurs, estimated its age at from 120 to 140 years.

Dancing Is Allowed At John Tarleton

STEPHENVILLE, Dec. 20 (AP)—For the first time since the founding of the school in 1898, students of John Tarleton college will be allowed to participate in mixed dancing. An official college dance will be held in the college gymnasium and only students and faculty members will be allowed to attend.

John Tarleton college has rigid rules and regulations for students. Since the organization of the school cigaret smoking and mixed dancing has not been allowed, and penalty for violation of the rules was fixed at dismissal.

Elimination of the bar on mixed dancing is the first action on a proposed movement to liberalize rules and regulations at the junior college.

TO MAKE NEWSPRINT

NANKING (AP)—The ministry of industry has announced plans for a paper factory sufficient in capacity to meet China's demand for newsprint. The government thinks the price of the imported article is too high.
