All About Strange Man He Cures and Kills $200,000,000 Too Much Aiming at Ford

Man is a strange animal. David Bernstein, Brooklyn tailor, deliberately killed a man against whom he held no grudge, pushing him off an elevated railroad platform in Brooklyn. No one saw him. He confessed to the police.

Insane, probably.

The lawmaking machinery of New York decided to kill Frank Piala in the electric chair. Acute appendicitis threatened the electric chair program.

A good surgeon, hired at public expense, restored Piala to the death house. "Out of kindness" he is allowed to play cards with his partner in crime, Michael Sciafoni, a wall separating them.

Strange uses of science, killing men by electricity, saving their lives by surgery that the electricity may kill them, treating them kindly while waiting for the chair.

A cat does no worse with its mouse.

Earth's 1,800,000,000 people are not quite civilized yet.

Further details concerning the massacre of 3,000 Mohammedans by Chinese in Kansu province show that the human race has still some distance to travel.

Of late Mohammedans had been murdering Chinese. Then came famine, most desperate, among the Mohammedans, who were invited by Chinese officials to come to Tao-chow for a conference, with promises of roasted barley.

When they came, men from fifteen to fifty were separated from the women, taken outside the walls and "3,000 of them butchered like sheep." When they saw that they were to be killed the Mohammedans asked no mercy.

After the famine the Mohammedans will doubtless murder ten or twenty Chinese for each Mohammedan killed in the massacre.

So it goes among human beings, most cruel and blood-thirsty of all animals.

The senate approves, 46 to 31, the amendments to the tariff bill forbidding "Americans with factories abroad to send foreign-made articles into this country under an American trademark." Formerly goods manufactured abroad and entered with an American trade-mark could be brought in with the consent of the trade-mark owner.

The idea is said to be aimed at Henry Ford's tractor factory in Ireland, according to Senator Reed, and that is "a movement to transfer American-owned factories abroad to lower labor costs."

Henry Ford may easily manufacture his tractors in America. He did that before, until he needed the Dearborn tractor factory for his new car.

For the information of the tractor industry, it may be mentioned that Henry Ford before long will produce a new kind of tractor, made here in America.

Senator Borah says that President Hoover "must go through to the end and assume responsibility for the tariff." That new view of the President's duty interests Mr. Hoover and the people.

The old idea was that congress should write the laws, the President approve or veto them, the Supreme court interpret them.

Mr. Mussolini would agree with Senator Borah's suggestion.

French scientists at La Rochelle say the sunfish is, intellectually, the most stupid of all animals. Its eye is five inches in diameter, its brain measures only two-thirds of an inch in diameter. And the fish weighs 662 pounds.

A full brother of that sunfish is the American pacifist, who believes that this country can make itself safe and help the cause of peace by remaining unarmed.

Ask the fat sunfish what happens when a thin, hungry shark comes along. This country is a very fat goldfish.

Uncle Sam collected from his nephews this year $200,000,000 more than he needs. President Hoover and Secretary Mellon are said to agree that income taxes can safely be cut.

It is said that collecting the income tax is costing the government $500,000,000 a year, which seems a great deal. It should be possible to find a better system.

Human beings are gradually approaching an escape from this small earth, to which we once though ourselves tied "until death do us part."

As serious scientists were discussing flying 25 years ago, so scientists in Germany are now discussing trips to the moon by rocket.

It is necessary to start with power enough to escape the earth's gravitation and then arrange for a safe landing, taking sufficient air for a short stay on our satellite without atmosphere, plus arrangements for a return trip.

RED MOORE'S TIGERS DEFEAT ROTAN 20 TO 0 AT THE FAIR

YELLOWHAMMERS NO MATCH FOR SNYDER'S FAST RUNNING ATTACK IN FIRST CONFERENCE BATTLE OF THE SEASON

The running attack of Coach Red Moore's Snyder Tigers was entirely too much for the heavier Rotan Yellowhammers at the Fair Park last Friday afternoon when the locals won the first Class B conference game of the season, 20 to 0, although 11 of the Tigers who played during the game had never played in a conference game before.

Moore's machine, well oiled from the start, got the jump on the opposition, scoring early in the opening quarter. Straight plunges, end runs, and one instance of bad judgment on the part of Rotan's safety man accounted for the score; it was those same end runs and plunges which enables Moore's proteges to register 10 first downs to Rotan's two and push across two more touchdowns before the close of the game.

Florida kicked off 45 yards for Rotan to start the game, McClinton returning 17 yards. Held for down, Huestis punted 37 yards. Hardy returned five yards and fumbled—one of many muffs chalked against his club—Snyder recovering on the 30-yard line. Two plunges neted a first down. Martin came right back on a fake play and picked up another 11 yards and first down. On two plunges Martin gathered in 7 yards, going to the 1-yard line. Rotan held like a stone wall and the ball went over.

Attack Goes On

It appeared that the attack had been stalled—but it hadn't. Rotan got off a poor punt, the ball going out of bounds on the 11-yard line. After an end run and two passes had failed, Huestis attempted a place kick from the 29-yard line. The ball barely cleared the line of scrimmage. ARotan back languidly struck the ball to the ground and moved leisurely away, apparently believing the ball was dead. It was not, as Trice demonstrated by covering it on the 9-yard line.

The turn of events broke the defense of the opposition and on the fourth down Martin crashed center for two yards and a touchdown. Huestis passed to Clark for the extra point.

Florida kicked to McClinton who returned 29 yards. Clark plunged 10 yards for a first down. McClinton failed to gain at right end, and Martin ripped off 6 yards, Clark making another first down. Two passes were incomplete just as the first quarter ended, with the ball on Rotan's 42-yard line.

On the opening play of the second quarter Huestis punted over the goal line, and Rotan retaliated with a punt on the first down, McClinton returning 15 yards. Being held for down, Huestis kicked out of bounds on the 33-yard line. After a series of plunges, Hardy passed to Pritchard for a first down, and another pass, Hardy to Hicks, made 4 yards. Unable to make down, Hardy punted to McClinton who returned 17 yards, throwing off two tacklers. Huestis' punt was blocked, but re recovered, making it first down. He then booted the ball 40 yards to Hardy, who returned 15 yards. Rotan's second and last first down was made on a pass, Hardy to Pritchard. Another pass the same route was broken by Martin, and Rotan was held for downs, the ball going over. After a series of plunges, incomplete passes, and an exchange of punts, the half ended with the ball near midfield.

Third Quarter

Huestis kicked off to Hardy who returned 20 yards. Smith made two yards and Hardy punted 30 yards to McClinton who returned 15. Martin and McClinton plunged three times for a first down, and Whitfield recovered a Snyder fumble on the 41yard line. Hardy made no gain at the line and punted. The punt was blocked and recovered by Huestis on the 50-yard line.

Snyder Scores Again

Ferguson made no gain at the line. Huestis made the longest gain from offensive formation with his sensational 18-yard gain on a fake around right end, but the next play lost 10 yards on a fumble. A pass was incomplete, and Huestis kicked 20 yards. Andy Jones broke through and blocked Hardy's attempted punt and recovered the ball. A fumble lost 10 yards; a pass, Huestis to Martin, retrieved the loss, and Buddy Martin plunged across the line for another touchdown. Try for point failed.

Ferguson Scores

The third quarter ended with the ball on Rotan's 28-yard line. McClinton opened the final period by passing to Martin for 9 yards, two plunges making it a first down. Huestis, on a plunge and an end run, gathered in a total of 10 yards. Ferguson then plunged 4 yards for the final touchdown, kicking goal from placement.

At the point Coach Moore sent in five substitutes who were able to hold the Rotan boys quite successfully. They were Mack Winston, Clements, Howell, Webb and Dodson Smith. Erwin and Clements had seen action earlier in the game.

Rotan's passing attack was the only offense the Yellowhammers could launch with any degree of success. The aerial game, which was largely responsible for Spur's triumph last week over Snyder, proved to be a difficult problem for the Tigers to solve. However, they were successful enough to stave off any serious threat of a score.

The line-ups. Snyder: Huestis and Jones, ends; T. Trice (captain) and Drinkard, tackles; Jenkins and Isaacs, guards; D. Trice, center; Clark and McClinton, halfback; Ferguson, quarterback; and Martin, fullback.

Rotan: Pritchard and Lee, ends; Whitfield and C. Collins, tackles; Roach and E. Collins, guards; Morrow, center; Hardy, quarterback and captain; Abernathy and Hicks, halfbacks; Smith, fullback.

Wraymond Sims, referee.
Umpire, J. G. Hicks.
Head linesman, Earl Fish.
Field judge, W. H. Ritzenthaler.

Six Wildcats Now Drilling in Two Counties

Both Scurry and Borden Counties With Three Each Attract Attention

Borden county with three wildcats now drilling, and Scurry with an equal number, are attracting widespread attention throughout the region by all oil companies.

Lion Oil & Refining Company's No. 1 Miller, 1,320 feet from the west line and 150 feet from the south line of section 356, block 97, H. & T. C. Ry. Co. survey was drilling at a total depth of 1,765 feet.

Moncrief et al's No. 1 Munger in the center of the southwest quarter of section 14, block 31, was last reported drilling below 1,400 feet in salt and red rock.

The third Borden county wildcat is Teas & Wheeler's No. 1 Long, 1,320 feet from the north and east lines of section 27, block 30, T. & P. Ry. Co. survey, which was shut down for engine repairs at a total depth of 2,633 feet.

Scurry County

Over in Scurry county Camp Spring Oil & Refining Company's No. 3 Guinn, 1,300 feet from the south line and 300 feet from the east line of section 12, block 3, H. & T. C. Ry. Co. survey was last reported drilling below 1,110 feet.

Cottingham & Briscoe's No. 1 Truss, 1,320 feet from the south and east lines of section 427, block 97, H. & T. C. Ry. Co. survey continued drilling during the week below 2,197 feet after topping lime at 2,175 feet.

Dickermann & Pender's No. 1 Davis has resumed drilling and at last reports the well, located 1,000 feet from the south line and 1,770 feet from the east line of section 275, block 2, H. & T. C. Ry. Co. survey, had reached a total depth of 3,805 feet.

Take it for granted that your child will eat happily everything served to him, and be sure that he becomes acquainted with a variety of foods.

4005 BALES GINNED IN COUNTY

Scurry County ginnings up to October 1, 1929, inclusive, total 4,005 bales, according to the Fuller Cotton Oil Co.'s weekly report.

Snyder	1976
Hermleigh	504

Camp Springs	138
Fluvanna	127

Scurry County Fair Success In Every Dept.

Annual Event Larger in Every Department and Success From Start

Snyder closed up the entire city Friday to join in Snyder Day at the Scurry County Fair, and practically every business house closed its doors in one of the greatest celebrations ever held locally.

The fair which had opened the previous day drew a heavy attendance with much interest shown in the immense displays arranged in the various departments. Football was the big attraction Friday with Snyder Tigers winning over their age-old rivals, Rotan, 20 to 0, before a crowd variously estimated at between 4,000 to 5,000 people.

A complete panoramic picture of the productivity of Scurry county's soil was presented in the livestock and agricultural exhibits. The farm displays were concrete evidence of the declaration of many business men that the cotton crop will be heavier this year than last—an unusual condition in West Texas.

All departments, including the livestock and agricultural groups and the women's department, were much more comprehensive than those arranged for any fair here during the organization's six years, sponsors of the exposition declare. Snyder merchants also placed many attractive displays in the exhibition building.

Principal interest in these departments probably centered on the community agricultural and the home demonstration club exhibits. Nine communities, seven women's and 16 girls 4-H clubs entered displays.

Fluvanna, with an attractive booth containing a high quality of products, won first prize of $75 among the communities. Union took second place and $50 and German third and $25. Other communities entering exhibits— which will receive $10 as reward for their efforts — are: Canyon, Dermott, Dunn, Gannaway, Ennis Creek. The 4-H club boys and the vocational department of the Snyder high school also entered booths.

Judging was completed in the livestock department Friday and awards were announced by Harrie Winston, superintendent of the division. Beef cattle were judged by F. G. Harbaugh of Texas Technological College of Lubbock; horses by G. H. Coyle of Cisco; and agriculture by Scotty Samson and Mr. Bird of Post.

Grand championship among Hereford cows went to J. J. Koonsman, while the grand champion bull was entered by Winston Brothers. Among the dairy cattle Ben Brooks' entry was adjudged grand champion among the cows. Beef cattle exhibited had a value of $14,000, Mr. Winston said; among those featured being eight belonging to Winston Brothers, nine to J. J. Koonsman, four bulls of W. M. Scott & Son, six head owned by Sidney Johnson and four of A. L. Stoker. The sheep exhibit was very creditable, with 40 head on display. Thirty hogs and 30 dairy cattle were shown.

Premiums offered in all departments approximate $1,800, the heaviest premium list ever arranged for the fair here.

The general agricultural exhibit, with 150 entries, proved to be the big surprise of the division because of the keen competition. First and sweepstakes on 10 heads of milo maize went to S. D. Hays, in the 4-H club on 10 heads of milo maize, with J. A. Merritt, Jr., winning second and John Henry Trussell third.

One of the best maize exhibits in the general exhibit was entered by A. K. McCorley of Colorado, according to W. O. Logan, county agent and superintendent. However, the dsplay was not permitted to enter the contest for prizes as winning entries must be produced in the county.

One of the principal attractions in the livestock department was the ton litter of hogs by Ed Jones. The litter consisted of ten pigs which at 148 days weighed 2,285 pounds. Eight of the animals were shown these weighing one ton at 153 days.

The 4-H club's pantry drew attention in the women's division. The pantry contained, 478 containers of fruits, vegetables, jellies and preserves which, a placard advises, is "for a family of five for six months."

In the women's clubs displays Union club won first; Gannaway, second; Camp Springs, third; Fluvanna, fourth and Ira fifth; ;each club having 25 entries. In the girls' 4-H club competition general awards were: Ovella Gannaway of Gannaway club, first year, first place; second year, Eloise Lewis of Ira, first; third year, Mildred Davis of Ennis Creek, first; fourth year, Farris Stevenson of Hermleigh, first.

Fancy work, arts and curios and flowers also were shown in the women's department.

Merchants exhibits were entered by Yoder Electric company, Bell's Flower Shop, Farmers' Exchange, Snyder Insurance Agency, Caton Dodson Dry Goods company, Texas Electric Service company, Sleep-Ezy Mattress factory, King & Brown, Winston-Clements, Hill Furniture company, Star Feed & Hatchery, Ware's Bakery, Hugh Taylor & company, Snyder Music company, Hamrick Plumbing company, Yoder-Anderson Motor company.

Entertainment in front of the grandstand was furnished afternoon and night by Rosco Armstrong & company with three acts feature clowns,trapeze artist, and a "bucking Ford." The Fluvanna band gave concerts Thursday afternoon and evening; the Snyder band appeared Friday and the two gave massed concerts Saturday.

The 1929 Scurry County Fair was a great success from every standpoint and credit due to the entire group of officers and department heads who worked unceasingly in completing their part of the job. They are the ones that made the three days meet the great success that it was and are due thanks, sincere and hearty, for making the fair the wonderful meeting that it was. May their shadows never grow less.

Snyder School Adds Dairy Cow Milk Testing

Vocational Agriculture Class Adds Babcock Machine For Milk Testing

One of the greatest announcements to come out of Snyder High School comes from J. P. Jamison, head of the Vocational Agriculture class who will run butter fat tests on cream or whole milk for anyone in Scurry county who so desires this information.

The announcement from Mr. Jamison says:

We have in our laboratory a Babcock Milk Tester and are anxious to furnish this information on whole milk or cream. By testing the cream or whole milk you can determine which cow in the herd is loafing on the job. Maybe you have a cow or several of them that you might cull out and sell and get almost as much cream as if she was out of the herd entirely.

A cow's butterfat percentage can not be increased by feeding or any other way. If her butter fat test will only go two per cent she will remain two per cent regardless of the feed you might feed her. You could increase the amount of milk she would produce, but not her butter fat content. So why not find out about your cow?

Now, one sample of whole milk will not be an accurate test on your cow or cows. It will take two or three samples to get an accurate test on them. For example: The milk which is secured after milking, from the top without stirring from the bottom is richer than from the middle or bottom of the milk, for the fat content begins to rise as soon as the milking begins into the pail.

To get a good sample for testing, secure the milk from the cow you want tested as soon as milking is finished and stir from the bottom up toward the top. About two ounces of milk is plenty for a test. Send in a sample from the morning milking and in a few days send in a sample from the night's milking and a better test can be gotten.

In sending in samples of cream or whole milk for testing, the bottle must be clean and sanitary for an accurate test. It is better to scald out the vessel the day before the sample is to be secured for sending in for testing.

We want you to feel free to use this department for any useful information which we are capable of dispensing.

SNYDER MAN AGAIN ELECTED SECRETARY

West Texas dentists in session at Breckenridge Friday and Saturday for their 20th annual West Texas Dental Society convention adjourned Saturday afternoon at 4:30 after selecting Big Spring as the next meeting place and naming their 1929-30 officers.

San Angelo and Plainview also asked for the convention but Big Spring was selected unanimously.

Officers elected were: Albert Braun, Sweetwater, president; J. Bowyer, Anson, president-elect; L. B. Pemberton, Midland, vice-president; Sed A. Harris, Snyder, secretary-treasurer and E. O. Ellington, member of the executive committee for the next three years.

Dr. Harris has been secretary of the association ever since it started back in 1908.

PILOT "SLIM" LOWRY NOW AT LOVE FIELD

Pilot "Slim" Lowry, who formerly was associated with Yoder Field, is now with Love Field at Dallas, and according to a letter from him yesterday, is getting from six to seven flying hours daily and likes the work very much.

Mr. Lowry also asked to be remembered to Snyder friends.

Fisher County Approves Road Bonds Saturday

Next Door Neighbor Gives Two-Thirds Majority to Hard Surface 83 and 70

Fisher County has placed the subject of hard-surfacing roads right up to Scurry county's back door when they gave a big vote for hard-surfacing their county roads Saturday with 20 voting booths giving 1,077 for and 474 against the issuance of $1,400,000 road bonds. This vote was 129 votes in excess of the two-thirds majority required for victory.

Roby 371 to 57

Roby, Fisher county seat, went on record as favoring the issue 371 to 57,, while Rotan polled 321 votes for and 123 against the project. In seven precincts the majority of the voters opposed the road building program.

Lost a Year Ago

The identical issue was voted on in Fisher county exactly a year ago with 659 favoring and 688 opposing the program.

Of this amount, $605,000 will be used for hard-surfacing the two main highways through the counties, No. 83, the Dal-Paso Caverns highway leading east and west, and No. 70, extending north and south. The same amount is to be expended for improvement of lateral roads and bridges in the four county precincts and the remainder, $190,000, will be used for retiring outstanding bonds in the various parts of the county.

Improvement within the precincts is to include construction of 135 bridges, at an estimated cost of $314,000. Work in precinct No. 1 calls for 59 bridges, to cost $109,-100; No. 2 33 bridges, $70,400; No. 3, 16 bridges, $58,900; No. 4, 27 bridges, $75,600.

The state and federal governments are expected to put up approximately $1,000,000 in addition to the county fund.

Hermleigh Paper Says Acreage is Too Extended

Editor Norman Debates "Wild" 1929 Crop Estimate

Recently the Times-Signal published a statement from the Hermleigh Herald in which Editor Norman said "that Scurry county would raise more than 27,000 bales this year." Times-Signal readers, we believe that Editor Norman and County Agent Logan have got their heads together since the publication last week of the following story which was used as an editorial and which is eminently worthy of passing on for further publicity.

The editorial headed "County Cotton Acreage Too Large This Year," said:

Scurry county has an area of 900 sections totaling 576,000 acres. Near 35 per cent of the land of the county is in cultivation, giving total farm acreage of 201, 600 acres. It is thought that 7? per cent of this is planted to cotton this year, giving us a total of 151,200 acres of cotton.

The county agent estimates the cotton acreage of the county 150,-000. On this acreage basis, it will require only 260 pounds per acre to reach our "wild" estimate of 27,000 bales. At one bale to every eight acres, we shall gather 18,000 bales, as per the acreage estimate. At one bale to every 10 acres, we shall gather 15,000 bales, if the acreage is correct.

The county has produced as high as 45,000 bales in one year, and since the county has become a cotton county proper, 13,500 has been our last crop, according to the information we have.

With only a bale to every 10 acres, as is generally estimated, we shall gin only about 15,000 bales this year.

The A. & M. college estimates that it costs 20 cents per pound to produce cotton, and it is estimated that one bale to every six acres, an average for the county, making it cost us $17 per acre to produce cotton. These figures alone show that the cotton acreage in the county should be reduced.

The state estimate of the crop, just put out, is 3,887,000 bales, which is 220,000 below the government estimate of Sept. 1.

"Cut the acreage," must become our slogan.

GARZA COUNTY WINS AT ABILENE FAIR

Out of a field of stiff competition Garza county, emerged winner of first place in the county exhibits at the West Texas Fair at Abilene, last week, with 958 points out of the possible 1,000, Runnels county was second with 937 and Hamilton county third with 886. Callahan fourth and Eastland fifth.

Race For High Honors and Chevrolet Cars Greatest of All Time; Contestants Working Hard This Week

NAME	TOWN	VOTES
Miss Pearl Bryant	Snyder	2,200,000
Gertrude Caswell	Hermleigh	381,000
Manie Lee Clark	Snyder	2,202,400
Martha Gray	Snyder	2,204,800
Hazel Holladay	Ira	1,900,500
Mrs. Jim Norred	Dunn	531,000
Vera Stavely	Fluvanna	2,205,800

Rules of campaign state contestants can hold back a reserve vote if desired other than vote given.Names arranged alphabetically.

OFFICIAL JUDGES:

Mr. A. J. Towle, Mr. George Northcutt, Mr. J. R. Truss, Mrs. C. R. Buchanan, Mr. Harvey Shuler.

Saturday, October 5, the curtain will ring down on the greatest subscription campaign ever conducted in West Texas.

During the past seven weeks the ladies whose names grace the list of contestants in the Times-Signal's great subscription campaign have been vieing with each other to decide who would be proclaimed winners of high honors and the two grand prizes.

In all the Times-Signal will award over $1800 in handsome prizes, including two late model fully equipped Chevrolet cars valued at $735 each that will go to the two contestants having received the greatest number of votes issued with subscriptions to the Scurry County Times-Signal.

Knowing that the campaign is fast drawing to a close the leading contestants polled over 5,000,000 votes over and above last week's vote totals. This is in itself greater evidence that the Times-Signal's subscription campaign has been a big success.

Hundreds of new and renewal "paid in advance" subscriptions have been added to the Times-Signal's list of readers, till in the end the Times-Signal can claim without fear of contradiction the greatest list of readers throughout Scurry County and its trade territory.

Every precaution has been taken to safeguard the interests of each and every contestant, so when the ballot box has been turned over to the official judges selected by the contestants themselves not a hitch will occur that will mar our intentions of having this campaign conducted honestly and intelligently.

The campaign will be brought to a close Saturday, October 5, at 4 p. m. in the band stand of the court house square.

At that hour the contestants and their judges will be called to the stand that the contestants can deposit there sealed packets containing all the votes into the ballot box that will close the contest. When this is done the official judges will go to the First State Bank where adding machines will total the votes that will tell the winners of prizes.

Having compiled the votes found to be absolutely correct, the judges will then return to the court house square and present the prizes to the winners.

Final Contest Rules

The Scurry County Times-Signal will close its big subscription campaign Saturday, October 5, at the hour of 4 p. m. sharp.

Contestants will report at the court house band stand at this hour in which the contestants will deposit their votes in the ballot box.

When the contest has been brought to an official close the official judges will retire to the First State Bank where the official count will be conducted.

After the count has been made to the entire satisfaction of the judges, they will return to the court house square and read their findings and likewise award the $1800 in prizes.

Contestants are requested to bring their votes already issued in their name so the judges can count same. Office receipts and money collected on subscriptions to the Times-Signal not already handed in to the contest department will be counted by the judges.

Bonus votes will be granted by the judges the same as given during the contest by the contest editor.

Contestants should have their business arranged neatly that the judges will have no trouble counting same.

The contest editor will be on hand to care for your every need, so consult him on all things you are doubtful of.

When the judges have concluded the official count contestants are requested to be on hand to receive their gifts.

Next week's issue of the Times-Signal will give the complete count of votes and will also give the names of winners and their prizes.

H. H. THOMAS, J. C. PENNEY CO. MANAGER TO ATTEND FALL SESSION OCT. 7

H. H. Thomas, manager of the local J. C. Penney Co., store, will leave Saturday for Dallas, where he will attend the Fall Convention of the J. C. Penney Co., to be held at the Baker Hotel, in that city. The convention will open on Monday, Oct. 7, and continue for the balance of the week.

Representatives from the New York office of the J. C. Penney Co., who will preside at the convention, will include: Chairman L. V. Day and H. H. Schwamb, personnel department; W. W. Weitlich, merchandise department; J. A. Fitz Randolph, sales; D. C. Andrews, district manager; C. H. McClure, real estate. Seven buyers for important merchandise departments will also be present.

The Fall Convention at Dallas, is one of the 15 district convention meetings held at central points throughout the country and attended by over 1,400 J. C. Penney Co. store managers.

"The Fall Convention this year," said Mr. Thomas, "will be largely devoted to sales promotion, in line with the Gold Star Sales Contest recently inaugurated by the company. This contest is not only to increase sales but to improve service to the public by bringing individual clerks in closer contact with the entire organization, thus giving them a better understanding of efficient selling methods.

"This year has already seen the greatest growth ever made in the development of the J. C. Penney Co. More stores have been opened than in any previous year, and sales are larger than ever before.

"Mr. Thomas states that four days of the convention will be given over to conferences with individual members of the convention committees and to buying.

Ray W. Fesmire is now with the men's department of J. C. Penney Co. Ray comes to Sweetwater from the Penney store in Abilene. He was algo a student at Simmons University. His home is in Snyder.—Reporter.

Abilene News Favors Snyder District Title

Reporter-News Says Snyder High Favorite to Win Western Title

Tuesday morning's Abilene Reporter-News said:

Thirteen games remain on the schedule for teams in section B, district 9 of the class B football division of the Interscholastic league. Several practice games, however, are included in this number. Two of the district leaders, Snyder and Colorado, will finish the season against class A teams. Snyder is billed with Sweetwater on Thanksgiving day, and Colorado will play Big Spring the same day.

Snyder, Loraine, Colorado, Roscoe and Rotan compose the section. Snyder registered its first conference victory last Friday by defeating Rotan, 21 to 0, and has become the favorite for the title in the western half of the district.

The schedule follows:

October 4—Snyder vs. Loraine.
October 11—Snyder vs. Ralls; Colorado vs. Loraine.
October 18—Roscoe vs. Colorado.
October 25—Snyder vs. Roscoe.
November 11—Rotan vs. Loraine; Snyder vs. Colorado.
November 15—Roscoe vs. Merkel.
November 22—Spur vs. Snyder; Roscoe vs. Roby.
November 28—Snyder vs. Sweetwater; Colorado vs. Big Spring.

COUNCIL MEETS MONDAY

The City Council will receive a full report of the West Side paving project at its meeting Monday night, according to Mayor Towle. Street naming and house marking with final details will likewise receive attention.

COMPLETE LIST OF COUNTY FAIR WINNERS WILL APPEAR IN THE TIMES-SIGNAL NEXT WEEK. WATCH FOR IT.

YOUR BANK ACCOUNT

YOUR bank account must always rank among the most important of your possessions. It is a business convenience of the first order, as well as an essential protection to your family and your home.

The value of your bank account to you depends primarily upon how large you make and keep it, but it is conditioned also upon how the bank you patronize regards it, upon the spirit in which the bank approaches your problems and serves your needs.

This institution regards your account as important to itself as to you, for you do not lose your identity here, nor does your business. Our service is personal in its essence, and our aim is to match that service to your individual needs.

TIGER CUBS LICK HAMLIN TO THE TUNE OF 12 TO 0

Saturday morning the Snyder High Tiger Cubs played the Hamlin High Seconds on their grounds and defeated them, 12 to 0.

Snyder fans who were present relate that Snyder boys who starred were Dodson Smith at tackle; Weldon Alexander at center. Half Back Buck Howell, who made the first touchdown after a 50-yard sprint; Max Winston made the second touchdown from a 5-yard pass. It also took from three to five men to stop Bob Webb, playing end. The boys named were the high lights but the team were playing 100 per cent together—and that after all, is what counts.

HERMLEIGH HIGH SCHOOL PUBLISHING SCHOOL PAPER

Hermleigh High School has decided this year to publish a school paper. The name of the literary periodical is to be "The Cardinal," the objective of this year's class being pre-eminence.

The staff is as follows:
Bessie White, editor.
Brents Norman, news editor.
Ernestine Rector, society editor.
E. C. Leslie Jr., humor editor.
Preston Vick, cartoonist.
Terrell Bowlin, business manager.
Press Club: Clarice Harkins, president; Ruby Kimzey, secretary.

The first issue of the school paper appeared last Saturday. Type for the edition was set Thursday by the Times-Signal, with the Hermleigh Herald doing the printing.

SORE GUMS—Pyorrhea

Heal your gums and save your teeth. It's simple. Just get a bottle of Leto's Pyorrhea Remedy and follow directions. Don't delay; do it now. Leto's is always guaranteed.

STINSON DRUG CO. NO. 1

Common Sense and All 'Round Merit Win Honor and Reward for Student

Lawrence Golden Cowles, of Burlington, Vermont, has been announced as winner of the annual award made by the Atwater Kent Foundation for "excellence of judgment and general grasp of the principles of electrical engineering." Mr. Cowles was graduated this year from the University of Vermont, where the award is established.

The prize won by the young electrical student represents the income from a fund of $5,000 contributed by the Foundation. In addition to the cash award, Cowles's name will be inscribed on the bronze tablet which the Foundation ereeted in the engineering hall to commemorate the award.

Instead of making the donation for high scholarship and concrete academic achievement, the Atwater Kent prize is given on a basis of potentiality for development, for common sense and thorough grounding in a particular subject. Mr. Kent contends that failure to achieve all-around scholarship too often denies recognition during school days to natural ability in a specialized field. The award was consequently established with a purpose of stimulating and encouraging the promising student in a designated field.

The young prize-winner already has behind him a creditable record of activity and accomplishment. The son of a local judge, he was graduated from the Burlington High School in 1925, and upon entering the University his activity with the ski team and various student organizations went hand in hand with his curricular

LAWRENCE G COWLES

honors, for in March of this year he was elected to the honorary fraternity of Phi Beta Kappa. During summer vacations he has enlarged his electrical knowledge and experience by work in the laboratories of the Bell Telephone Company, and it is with this organization that he now plans to take up research work.

Cowles is the second winner of the award which was established last year. The first recipient of the prize was Crawford McGinnis Adams, of Groton, Vermont, who upon graduation entered the employ of the General Electric Company.

ECONOMY

is more than "miles per gallon"

Owners tell you the Dodge Six is unusually economical on gas and oil. They emphasize, too, that this is only one item in its economy. Big, durable, oversize tires mean higher mileage. Body construction is such that utmost strength and rigidity are secured with a minimum of weight. The extra-large clutch—massive 7-bearing crankshaft—8-bearing rear axle—8-inch frame—permanently efficient internal-expanding 4-wheel hydraulic brakes—together with a score of unseen but all-important mechanical superiorities, insure that never-failing dependability which is the foundation of Dodge Six economy.

WHEN CHILDREN Need a Laxative

"We have used Thedford's Black-Draught in our family for nineteen years. I have found it of great help in raising my family.

"I have given it to all six of my children. Whenever they complain of upset stomach, or begin to look pale and sickly, I make a tea of Black-Draught and begin giving it to them. In a day or two they are all right.

"I give it to them for constipation, and my husband and I both take it. I always give it for colds in winter, for I believe a way to prevent them is to keep the system clean."—Mrs. Doshie Terry, 1205 4th Ave., Decatur, Ala.

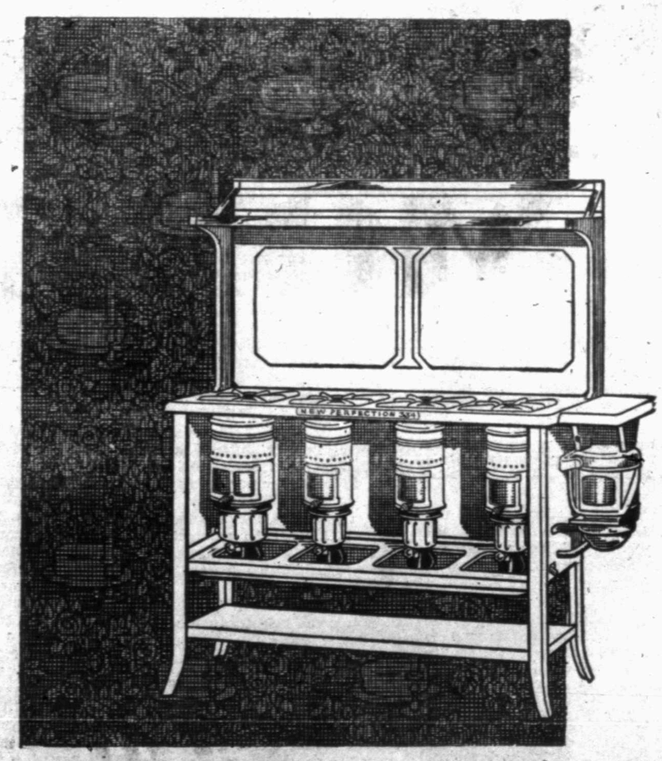

E20-149

THEDFORD'S Black-Draught for CONSTIPATION INDIGESTION BILIOUSNESS

WOMEN who need a tonic should take CARDUI. It is used over 50 years.

Perfection's swift-cooking new stove finished in shining porcelain enamel . . .

You will be proud to show it

THIS BEAUTIFUL, new oil stove will appeal especially to the woman with modern ideas . . the woman whose kitchen must be as presentable and attractive as the rest of her house.

It has a finish of shining-smooth porcelain enamel and Perfectolac . . . silver gray, dove gray and snow-white. It cooks with clean, fresh heat, so free from odor that you would never know there was an oil stove in the house. And with its carefully built, closed-in back and cabinet you could use it in the living room, if necessary, without danger of soiling walls or curtains.

One "Big Giant" Burner

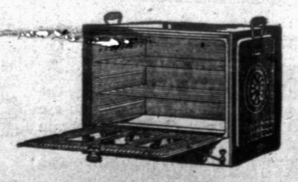

The great cooking speed of this new model comes from three "Little Giant" Superfex burners and one "Big Giant", which are as fast as gas. All have automatic wick stops and complete flame control. Long chimneys keep your kitchen wonderfully clean.

It is equipped with three convenient shelves, closed-in back, extra large grates, removable tray below burners, reversible reservoir, large lower reservoir. The cooking top, of hard porcelain enamel, cannot wear out. A damp cloth keeps it clean.

Wide Choice of Models

This stove is one of Perfection's new models, which include ranges with built-in ovens, long chimney, short chimney and gasoline stoves of any kind you want. Prices, $18 to $164. See them at your dealer's. He will doubtless offer you convenient terms.

PERFECTION STOVE COMPANY
825 Trunk Avenue · Dallas, Texas

For perfect baking use a Perfection or Puritan "Live Heat" oven, in which hot, fresh air circulates to every corner, and is forced out through holes in the side walls. This means quick baking and better flavored foods.

PERFECTION Oil Stoves & Ovens

The Only Way

To succeed permanently is through working and retaining part of your earnings — there is no substitute.

MOVE TO CHILDRESS

A letter Monday from Joe L. Byrd at Childress, asking for their Times-Signal to be sent there brought the news that Joe was now foreman of the Buckle L ranch near there and that their mail address was Box 622. Best wishes are sent to them with the hope that one of these days Snyder will again be their address.

FIRST CHURCH OF CHRIST

One Hope:—The Christianization of the world.

One Aim:—Christian Unity the Paramount Prerequisite to Christianization.

One Method:—The Bible Its Own Interpreter.

One Theme:—The Self-Will In All Things Subordinated to the Christ-Will.

Bible School ..... 9:45 a. m.
Sermon: "Setting Sail On the High Seas" ..... 10:45 a. m.
Lord's Supper ..... 11:30 a. m.
Christian Endeavor ..... 6:40 p. m.
Sermon: "The Prince of Kings" ..... 7:30 p. m.

The morning sermon is in keeping with the program previously instituted for the special benefit of our new numbers, but is also arranged so as not to be unattractive to older one. It is a study of the fundamentals of Christian living.

The evening sermon is third in a series now being studied from Revelation. It includes many of the fundamentals of the interpretation of this great and inspiring book. The entire series is an illustration of the great principle of the Bible Its Own Interpreter.

A cordial invitation to all.

—Thomas M. Broadfoot, Minister.

LIONS CLUB ENJOYS SPLENDID PROGRAM

With Pat Bullock as chairman, twenty-two Lions enjoyed luncheon yesterday in a fine program with Dr. A. J. Davidson of Guymon, Okla., a guest of Lion Thrane.

"The Craziest Married Men in Snyder" by Warren Dodson brought out many remarks and enjoyable contrasts that space forbids printing, besides we don't want the ladies cutting what little hair that still remains off the editorial horizon. But Warren gave them both barrels with applause that would have done credit to a Billy Sunday revival.

Others who gave short and interesting talks were P. W. Cloud, Watt Scott, O. P. Thrane, Abe Rogers, A. A. Bullock, Mayor Towle and Joe Stinson. Definite boosting is to be given several projects to be taken up at a later meeting. The membership likewise voted to send Supt. and Mrs. C. Wedgeworth a telegram at Marlin, where Mrs. Wedgeworth is considered quite ill.

FUNERAL SERVICES FOR MRS. COSTON HELD AT HERMLEIGH SATURDAY

Mrs. Mary Coston, 41, who lived at Cransfield Gap, died at a Waco hospital last Thursday, and funeral services were held at the Methodist Church in Hermleigh Saturday at 3 p. m., with Rev. Riley, pastor of the Dunn Methodist Church, officiating, assisted by Rev. Hudson, pastor of the Hermleigh Methodist Church.

She is survived by her husband, J. E. Coston, three sons and two daughters.

Interment was made in the Pyron cemetery.

Tigers Feted After Winning Over Rotan Hi

Immediately after the game last Friday, several business men, boosters of the Snyder Tigers, got their heads together and made possible a very enjoyable banquet party for the team and representatives from the faculty and pep squad at the Manhattan Hotel.

Thirty loyal Tigers, along with their coach and R. S. Sullivan, Principal Corry, Trustee Hugh Taylor, Miss Maurine Cunningham, sponsor of the Tigerette Pep Squad, and the two leaders, Misses Mildred Harless and Melba Doak, thoroughly enjoyed the banquet. Much praise and many bouquets were handed out in the informal affair, after which the gang was invited by Dr. W. R. Johnson to the Stinson Drug No. 1, where each attendant got his fill of ice cream with the doctor's compliments.

HARLEY SADLER COMING TO SNYDER

H. W. Landrum, advance man for Harley Sadler, was in Snyder Tuesday and stated that Mr. Sadler had re-arranged his route that will afford Scurry County friends the opportunity of seeing the show this fall.

Mr. Sadler is booking the show for Post for the three days of the week starting Oct. 28, and on Thursday night, Oct. 31, will appear in Snyder to be here for the balance of the week.

The Altrurian Club will sponsor the show here at the same old location, just north of the Woodrow Hotel.

PROMINENT CATTLEMAN DIES IN THE PANHANDLE

Sloan Kritser, widely known cattleman, died at his home at the J-Y Ranch on the Canadian river north of Amarillo Monday night. Mr. Kritser, age 43, was considered one of the most popular cattlemen in the entire Southwest.

WARREN WINS OVER LOGAN

As predicted bythe Times-Signal two weeks ago, Bob Warren won his argument over County Agent Logan last week when the crowd voted 17 to 8 that Mr. Warren was correct in the manner in which he dressed the manikin during a Lions club luncheon.

SNYDER BOY ON T. C. U. BAND

Hugh Boren, of Snyder, Texas, will be a member of the Horned Frog Band of Texas Christian University, according to the announcement of the personnel by Prof. Claude Sammis, director. Mr. Boren will play first trumpet.

RARE OLD VIOLIN OWNED NEAR ROTAN

Mrs. J. T. Crowley, of Rotan, has a very rare old violin that has been in the family for about forty years. It was made in 1725 by Antonius Stradvarius. It has never been appraised by anyone familiar with violin values, but is probably worth several hundred dollars.

Mr. Crowley owned the violin before he came to this county about 40 years ago, and traded a pony for it. For many years Mr. Crowley entertained himself and the cowboys around the camp fires with music on this violin, and many of the old timers here will remember vividly the violin and will recall pleasant hours spent in listening to the popular melodies of an early day, played by Mr. Crowley on this instrument. He played only for his

SAVE MONEY

Not many of the hundreds of thousands who have purchased the Pontiac Big Six selected it simply because it is so inexpensive to own. Most of them bought it because they were attracted by its big car performance, its big car style, its big car safety and riding ease. But it is a fact, nevertheless, that with a Pontiac Big Six you actually save money. You save—

When you buy

The Pontiac Big Six costs less to buy—not because it is the lowest-priced car you can get—but because it is the lowest-priced car ever produced which offers so many advantages. Try to find similar advantages in another car—and you will find that the car which offers them costs hundreds of dollars more to buy than Pontiac.

When you drive

You save in operation and maintenance with a Pontiac Big Six. During 1928, a large public utilities company operated 996 automobiles of 33 different makes. According to its figures, its Pontiacs cost *one cent less per mile to operate than any other low-priced six.*

When you trade it in

You save with a Pontiac when you are ready for a new car. The demand for used Pontiacs has always exceeded the available supply. And that means that you save on your Pontiac Six even on the day you trade it in.

A car which combines such amazing economy with all of Pontiac's additional desirable qualities must command your attention. Come in to see and drive the Pontiac Big Six.

PONTIAC BIG SIX at $745

f. o. b. Pontiac, Michigan

PRODUCT OF GENERAL MOTORS

Pontiac Big Six, $745 to $895, f. o. b. Pontiac, Mich., plus delivery charges. Bumpers, spring covers and Lovejoy shock absorbers regular equipment at slight extra cost. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

Editors and Publishers

GEORGE P. SMITH
Editor
W. H. RITZENTHALER
Advertising Manager

Entered at the post office at Snyder, Texas, as second class mail matter, according to the Act of Congress, March 3, 1897.

Published Every Thursday at Snyder, Scurry County, Texas.

THE OFFICIAL NEWSPAPER OF SCURRY COUNTY AND THE CITY OF SNYDER, TEXAS

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912.

Of The Scurry County Times-Signal, published weekly at Snyder, Scurry County, Texas, for October 1, 1929:

STATE OF TEXAS,
COUNTY OF SCURRY.

Before me, a Notary Public in and for the State and county aforesaid, personally appeared W. H. Ritzenthaler, who, having been duly sworn according to law, deposes and says that Smith and Ritzenthaler are the editors and publishers of The Scurry County Times-Signal and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management of theaforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 411, Postal Laws and Regulations, printed on the reverse of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are: Publishers, George P. Smith and W. H. Ritzenthaler, both of Snyder, Texas.

2. That the owners are Geo. P. Smith and W. H. Ritzenthaler, both of Snyder, Texas.

3. That known mortgagees are: The First State Bank and Trust Co., Snyder, Texas.

W. H. RITZENTHALER.

Sworn to and subscribed before me this 30th day of September, 1929.

UNUSUAL EXHIBIT

One of the most unusual exhibits at the County Fair last week, according to County Agent Logan was a stalk of Texas Mammoth Wonder cotton with a total of 105 bolls, 65 of which are open and 40 mature bolls unopened at the top. This variety has been developed by C. N. VonRoeder of the Knapp community and grown on the neighboring farm of Gilmore Davis. The stalk was well-limbed and fruited and of medium height and created no end of favorable comment.

The Ed Jones ton-litter exhibit likewise created widespread attention.

Contest closes Saturdty at 4 p.m.

THE TOWN DOCTOR
"DOCTOR OF TOWNS"
SAYS

TO THE MERCHANTS OF SNYDER:

A few years ago the people of Snyder and surrounding territory had to buy from you, or go without. As you know only too well, that is not now the case. Good roads and motor cars, magazines, metropolitan papers and radios, plus free mail delivery, has changed all that.

Today people can get anything they need or want, from whom and whence they please—not only can, but do. They can get it from you, but whether they do or do not depends on you.

In practically every community we hear: "Outside advertising is enticing our people"—"Competition of combines is taking our business." Maybe this is true, but what are you doing to counteract it?

As an excuse and alibi for lack of business, thousands of merchants say, "People don't buy like they used to." That is absolutely true— people don't buy as they used to.

But how about you—do you still sell "like you used to?" Why should people stick to the old humdrum, weekly "tradin'," when shopping and buying are now made such a pleasure? Why go to a funeral when a festival is on?

If other stores invite the people and give them a reason why they should buy from them, of course your customers are going to accept the invitation at least once. Then, if those extending the invitation sell and serve as today's buyers like to be sold and served, they will continue to accept the repeated invitation. You would do it yourself under similar circumstances.

Still, the average man and woman, by far the majority of the people in Snyder, would rather do business with you, and they will do business with you if you will profit by the experience of others. That is not idle talk, but a fact based on human nature, backed up by actual proof obtained from the people themselves in every section of the country. But, you must have a "reason why" and that reason must be kept before all of the people all of the time.

Say to yourself, "Why do people buy elsewhere?" Ask yourself, "Why should the people of Snyder buy from me what I have to sell, in preference to my competitor?"

Answer both of these questions—they must be answered not only to yourself, but to your customers if you are going to continue in business and keep out of the red.

Business goes to the place where itis invited—you can't expect business if you don't ask for it.

Business stays at the place where it is well treated, backed up with an invitation to continue the pleasure of such treatment.

Business comes back to the place where it is served best and where the invitation to profit from such service is kept constantly in the forefront.

Your newspaper is your ally—use it.

Colorado-Snyder Bus Line

South	North
11 A. M.	9:55 A. M.
7 P. M.	4:00 P. M.

Fare, $1.50, with 10 per cent off for Round Trip.
Convenient connections at Colorado and Snyder with other lines.

A series of meetings and special Bible lessons is being conducted by Rev. W. H. Lyon of Clovis, N. M., at the Nunn Tabernacle at the west side of the school grounds, sponsored by Albert Buchanan, Ike Kidd and others of like faith. All are invited to hear chapter and verse from the Bible. Come and bring your Bibles.

Miss Gladys Mitchell of Gail has accepted the position of bookkeeper at the Yoder-Anderson Motor Co.

Mrs. D. P. Yoder accompanied Mrs. A. M. Browning to Lubbock Tuesday where the latter underwent an operation.

DOWN 630 FEET

Operations have been resumed at the Byrd-Lechner-Harmon No. 1 J. E. Murphy well west of Ira. Twelve and one-half inch casing is now down 630 feet.

LOCAL GIRL DESERVING OF MENTION

The demand for the Scurry County Times-Signal, coupled with the salesmanship ability of Miss Pearl Bryant, was in evidence Saturday when Miss Bryant wrote fifty-four subscription orders for the Times-Signal.

This indeed is a record that Miss Bryant may well be proud of as the Times-Signal surely is.

NOT IMPROVING

Mrs. C. Wedgeworth, who has been indisposed for the past three weeks, following an operation in a Shreveport hospital, is not improving as she should, was the telephone news Principal W. N. Corry received from Superintendent Wedgeworth at Tenaha, Monday evening. According to Superintendent Wedgeworth, the Mrs. will be taken at once to a Marlin hospital for close observation. The many frineds of Superintendent and Mrs. Wedgeworth wish for her an early and quick recovery that she may return here.

JUDGE HAMILTON'S MOTHER DIES AT MERKEL SUNDAY

Judge and Mrs. W. W. Hamilton returned home Tuesday from Merkel where they attended the funeral of Judge Hamilton's mother, Mrs. J. O. Hamilton, 72, who died at her home Sunday morning. Funeral services were held in the Methodist Church at that place Monday afternoon.

Mrs. Hamilton had resided in Merkel for about forty years. She had been in poor health for some time. She leaves a husband and two sons, Guy Hamilton of Chickasha, Okla., and W. W. Hamilton of this city.

ARMY PLANES PASS OVER SNYDER SUNDAY

A flight detachment of approximately 20 army planes passed over Snyder Sunday from Dallas, where they took off following their arrival from Fort Sill, Okla.

BABY SON OF MR. AND MRS. RAY PHILLIPS DIES

Kenneth Ray Phillips, two weeks old son of Mr. and Mrs. Ray Phillips of Hermleigh, died at the home of his parents last Friday.

Funeral services were held Saturday at the Camp Springs cemetery.

POLAR NEWS

(Too late for last week.)

Polar farmers are busy sowing wheat and other small grains for finter pasture.

Sunday school and singing were not as well attended as usual Sunday.

Mrs. J. T. Simms went to Lubbock Sanitarium Friday, where she had her tonsils removed. She is staying with her mother at Post and is reported doing well. J. T. Simms and mother, Mrs. W. D. Simms returned home Saturday.

B. A. Moore and wife and E. L. Peterson and wife motored to Wichita Falls Thursday, where they enjoyed the Dallas-Wichita Falls ball game.

Mrs. A. L. Bettis and son, Marion of Lubbock have been guests of her parents, Mr. and Mrs. G. M. Elkins.

Miss Pearl Carlile spent Wednesday night with homefolks.

Mrs. Marvin Bailey of Angleton is the guest of her parents, Mr. and Mrs. A. C. Elkins.

Rev. W. H. Harris and daughter, Inez, of Fluvanna were Polar visitors Saturday.

Corbit Clanton and family of Luther were guests of W. C. Clanton and family last week.

Mrs. J. R. Massingill, Edith Massingill, and Mr. and Mrs. W. S. Crumbie visited relatives near Big Spring Saturday night.

Miss Stella Smith returned home from Kalgary Sunday. She went to Clairmont Monday, where she has a position in the judge's office.

W. J. Cargile and wife were guests of their son, Charles Cargile of Whatley community over the week-end.

A. C. Elkins went to the Pie Fuller ranch Monday where he will help them round up.

Dean Cochran, a young business man of Snyder, but a former resident of Polar, was a visitor here Sunday night.

A. C. Elkins, E. L. Peterson, Jake Carlile, Crystal Sellers, Warren Cantrell, J. R. Massingill and Burl Ford attended court last week at Clairmont.

DERMOTT NEWS

(Too late for last week)

Sunday school was well attended Sunday.

A good crowd attended singing Sunday night. Every one seemed to be in good spirits to sing. We are proud our community has livened up.

This is our third week of school. Mrs. Warren Dodson, principal; Miss Stokes, primary teacher. Everything running on nicely. We are hoping for a wonderful school year.

We are wishing Scurry county to have a good successful fair and everybody a real good time.

Mrs. Una Dwiden and two small children spent last week visiting her brother, Floyd Smith and wife of Cuthbert.

Mr. and Mrs. Reaves and children of Trinidad, Colo., spent last week visiting her sister, Mrs. Charlie Johnson and other relatives.

The O-Bar ranch shipped one car of cattle last Thursday.

Mr. and Mrs. Sanders and daughter, Rachel, left last week for Mountain Air, N. M. We regret to see these good people leave our community. We will miss them very much. Brother Sanders has preached for us quite a bit. Every one has enjoyed their living in our community.

Harvey Johnson returned home last Saturday from Tahoka, where he has been working.

Mrs. Love Wenner of Fluvanna and Mrs. Tollie Favers visited Mrs. J. T. Dowdy Tuesday at Dermott.

There is a "Death Chamber" in the FLY-TOX factory. This chamber is about the room size. It is used to test the quality of FLY-TOX as a spray to kill flies, mosquitoes, bedbugs, roaches, etc. During a test a large number of young, healthy insects are placed inside the cabinet. These insects are raised in incubators for testing purposes. While the insects are flying and crawling around in the "Chamber of Death," FLY-TOX is sprayed inside. Less than a teaspoonful is used. Instantly there is a change. Within five minutes not a buzz is heard. All insects are dead. To make sure they are really dead, the insects are carefully removed from the "Chamber of Death" and placed in incubators in an effort to revive them. If a wing flutters, the FLY-TOX tested never leaves the factory. This test is your guarantee of FLY-TOX quality. It does what you want it to do—kill insects in and about your home. Yet, FLY-TOX is positively harmless to people. FLY-TOX was developed at Mellon Institute of Industrial Research by Rex Research Fellowship. It will not stain. Has a delightful perfume-like fragrance. There is only one FLY-TOX — insist upon the genuine in bottles with blue labels.—Adv.

Fluvanna News Notes

Mr. Jas. H. Tate (V. P.) is the authorized correspondent for Fluvanna, and as such is authorized to receive renewal and new subscriptions. Cooperate with him in building a fine weekly news column for this thriving town.

THE FAIR

PERHAPS the event of greatest interest to the largest number of the people of the Fluvanna community during the past week was her place and part in the recent Scurry County Fair. In spite of the fact that this has been an off year, and crops of all kinds have been cut quite short of normal, the recent county fair certainly made a good showing. With such an array of real good home-grown products as were exhibited, carefully put away in our stock yards, barns and cellars, and with high class porkers, milk cows and other fat cattle such as were on exhibition, there is certainly no occasion for alarm and no need for anyone to go hungry. So far as V. P. observed, the amusements were all clean and wholesome enough—far better than on last year. We also had repeated musical programs furnished by home talent. Our county board of directors and the executive committee certainly deserve a vote of thanks for the splendid work done.

This column would not be complete without making special mention of the community booth which won first place on a score of 876 out of a possible 1000 points of excellence. This high honor fell to the Fluvanna booth, her nearest competitor being Union with a score of 860, while the German community booth won third place on a score of 838. Of course, Fluvanna people are proud of the honors won (as well as the prize secured), but we are not puffed up. We recognize the fact that we had strong competitors which are to be congratulated on the splendid showing made. Our Fluvanna Fair Committee deserves a cordial vote of thanks for the skill manifested and the splendid work done, for without this skill and effort nothing would have been accomplished.

Other Honors Won

Other honors won by Fluvanna people were as follows: Ed Jones won a trip to the Dallas Fair on his ton of hogs, all of the same litter. He also won first on bundle of black amber and third on red top cane.

John Henry Truss won first on aged boar, second on fat pig, on 20 bolls of cotton and on 10 best heads of higeria and third on ten heads maize.

Robert Roddy won first on best ten heads of higeria.

The Tate family won first on best bundle of sudan.

R. L. Lightfoot won first on championship circle bull and Billie Lightfoot first on registered bull.

E. V. Boynton Jr. won first on grade heifer calf and Dan Fry Jr. second on registered heifer calf.

Our women folk, likewise, made several winnings on their culinary and other entries, but this writer does not have a list of them at hand.

School News

Fluvanna Independent Schools have been the scene of much activity in the last week. Classes have been organized in the high school, athletic organizations have been organized, and in fact a general trend toward organization has been witnessed by those observing the school closely.

The chief advantage of the athletic organization in the school is the fact that every child on the campus has not only the opportunity but the encouragement to participate in some form of organized play entirely supervised by a teacher. The little fellows have not been overlooked nor neglected. Organized and supervised play is to the growing child what water and cultivation are to the growing plant. For the other students volley ball, playground ball and basketball have been started. The campus has a giant stride which furnishes playground equipment for several. much more equipment will be added in the near future.

Much interest was shown in the fair by both faculty and student body. Many students are members of the band, and since Thursday was Fluvanna day at the fair, the band played both in the afternoon and at night. Fluvanna was the recipient of many first places. First of all, our booth took the blue ribbon which brought in quite a substantial sum of money. Many firsts were received which shows the progressiveness of our community. In taking part in the fair, not a single lesson was omitted or lost. Every class was heard and the schedule followed exactly except as to recess periods.

The band (this is not entirely a school organization, however several school students are members) is making rapid steps forward. Under the able and efficient leadership of Director J. W. Crowley the band is fast whipping into shape. A concert is planned for the near future for the people of Fluvanna and nearby sections.

It is the aim of Supt. E. O. Wedgeworth and his faculty to affiliate several subjects with the State Department of Education. This means a long, hard fight on the part of the teachers and pupils. It will take the best of cooperation between teacher, pupil and parent. It is planned to get enough affiliation in two years to enable students graduating from our high school to enter any higher institution of learning in the state. Other schools have done it—so can we.

The enrollment is gradually increasing, however the attendance is somewhat short. Several pupils are out of school helping gather the crops. When the crops are all gathered and the attendance climbs back to normal, the overcrowded condition will again prevail. Occupancy of the new building in the near future will forever eliminate that condition.

All four of the school buses are running on schedule time. Not a single one has been late. The roads around the routes are being kept dragged and in excellent condition. Attendance on the buses compares favorably with the rest of the school.

This week completes the fourth week of school. All teachers have begun surprising their classes with pop quizzes. There remain only two more weeks until the six-week exams begin.

Faver Will Lead "River Rats"

The "River Rats" met Monday, Sept. 30, and the following officers were elected: Jeff Faver, Grand Wizard and Captain; Mr. Greer, Sponsor and sec-treas.; Huston Lemons, sergeant at arms; Robert Roddy, Harris Polk and Homer Patterson, membership committee; and J. Faver, R. Bolse, H. Patterson, H. Lemons, M. Lemons, R. Roddy, H. Polk, D. Blakely, P. Colclazer, W. D. Huffine, F. J. Moore and C. Landrum, charter members.

Patterson Will Lead "Rinky-Dinks"

The "Rinky-Dinks" met in Room 205 Monday, Sept. 30, and the following officers were elected: J. R. Patterson, captain; Brud Boren, president; J. T. Beaver, sec-treas.; E. V. Boynton, sergeant-at-arms; and the charter members are: G. Turner, B. Belew, J. R. Patterson, E. V. Boynton, L. V. Alexander, M. Noel, J. T. Beaver, J. W. Haynes, B. Fry, B. Boren, E. Faver and M. Bowden.

Rinky-Dinks and River Rats Furnish Plenty of Pep

The boys of the Fluvanna schools have found much delight in the organization of the Rinky-Dinks and the River Rats, two boys clubs sponsored by Mr. Foster and Mr. Greer, respectively. These clubs are open to junior boys only, and the purpose of the clubs is to create a good bunch of sports among the juniors in the Fluvanna school. Both clubs have already organized baseball teams, and the first of a five-game series will be played Wednesday afternoon at 3:30.

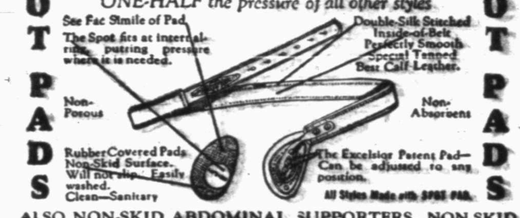

Church Services

Last Sunday being the fifth Sunday, there were preaching services at only one church in Fluvanna—the Presbyterian, at which place fairly good audiences assembled for both the morning and evening services. At the night service a special feature was the rendering of several pieces of orchestra music with occasional vocal accompaniment.

Next Sunday regular services will be held at the Methodist church. In this connection it is well to state that Rev. R. Williamson, pastor of the Methodist church, reports that for the current year, soon coming to a close, he has traveled 6550 miles, held three institutes with which 80 people have been in touch, 43 of whom having received credits from the General Board, and 22 credits have been issued on League work. This energetic pastor has received 39 people to membership in the churches he serves and has baptized 15 infants or small children. This is a fine showing for this faithful pastor.

We Leave It To YOU

IN THREE previous articles we have outlined in a concrete way reasons why the Scurry County Times-Signal stands superior in its field. We have shown by actual figures and facts that this paper offers its readers more news, more features, more classified ads, more display advertising offering special bargains, and more service to the community than any other circulating in Scurry County.

After carefully considering these facts, along with the fact that this institution has been here for over forty years fighting the battles of a pioneer in the development of a great section, it would be hard to believe that this institution does not merit the continued confidence of the public.

Think it over. If you thought you would get more for your money by investing it elsewhere, we would expect you to invest it there, but knowing that we can give you more newspaper value for $2.00 a year than any other newspaper can give at even less cost, we leave it to you.

SOCIETY

COME TO BUFORD OCT. 8, 1929 TO THE W. M. U.

The executive Board of the W. M. U. of Mitchell-Scurry Association met in the home of Mrs. J. A. Woodfin of Snyder, Sept. 19, 1929.

Plans for the year's work were mapped out. The following were appointed program committee for the year 1929-1930:

Mrs. W. D. Green, Colorado; Mrs. J. E. McDermitt, Westbrook, Mrs. E. J. Worthy, Roscoe; Mrs. Jim Merkett (China Grove) P. O. Hermleigh.

The following is the program for W. M. U. of the workers conference at Buford, Oct. 8.

Devotional, Mrs. Graves Darby, Roscoe.

Business session—Most of the hour will be devoted to the recognition of the new officers, and a talk from each officer, giving an outline of their work and their aims for this year. We hope for a large attendance to greet these new officers.

After business session delicious refreshments were served to the following members: Mesdames J. E. McDermitt, G. W. Williams of Westbrook, W. D. Green, Jack Smith of Colorado, T. L. Nipp of Dunn, H. L. Wren, J. B. Clark, G. W. Bowers of Snyder. Our district mission chairman, Mrs. James T. Johnson, Mrs. Farris and little daughter of Colorado, and Mrs. N. M. Harpole of Snyder were guests.

MRS. J. A. WOODFIN,
President.
MRS. H. L. WREN,
Co. Sec.-Treas.

BRIDGE PARTY IN HOME OF MRS. W. G. WILLIAMS FRIDAY

A prettily planned party was given in the beautiful home of Mrs. W. G. Williams Friday afternoon by Mesdames W. G. Williams, Wayne Williams, G. B. Clark, Jr., George Oldham and Tom Gates.

Players gathered around thirteen tables where a series of bridge games were enjoyed. High score favor went to Miss Naomi Strayhorn and second high to Miss Cecile Strayhorn.

Delicious refreshment plates were passed to Mesdames J. G. Hicks, Clyde Shull, Wayne Boren, Melvin Blackard, Alfred McClaun, Lewis Blackard, Fritz R. Smith, Charles Cooper, J. M. Harris, O. P. Thrane, Garrett Harrell, A. J. Towle, Forest Sears, Maurice Brownfield, Dixie Smith, W. R. Johnson, W. T. Raybon, W. D. Beggs, J. E. Sentell, Ixon Joyce, Bob Warren, R. H. McCurdy, P. M. Chambers, A. D. Erwin, Addison Casstevens, Willard, W. R. Patton, G. A. Hagan, W. B. Lee, R. H. Curnutte, Sr., R. H. Curnutte, Jr. W. H. Ritzenthaler, O. O. Harris, Henry Rosenburg, J. P. Nelson, Jesse Sellars, J. C. Ezell, H. G. Towle, Oma Ruth Bailey, E. M. Deakins, Wilson C. Hartgrove of Paint Rock, and Misses Cecile and Neoma Strayhorn, Hattie and Gertrude Herm, Clarabelle Clark, Faye and Myrtle Harrell, Larry Beth Waskom, Blanche Mitchell, Mildred Henry of Pikeville, Tenn., Marilu Rosser and Lucile Carpenter.

BUSINESS & PROFESSIONAL WOMEN'S CLUB MET WITH MRS. WALLA D. FISH

The Business and Professional Woman's Club met Tuesday evening at the home of Mrs. Walla D. Fish.

Roll Call was answered by the members telling why they were members of the Business and Professional Women's Club.

The Club voted to hold their metings in the Chamber of Commerce rooms.

Miss Clark, secretary read the reviesed constitution and by-laws of the club which were accepted by the club members.

After the business session, a piano selection was rendered by Miss Ora Norred and a humerous story was told by Mrs. R. E. Gray.

About thirty members were present.

JUNIOR A CLASS ELECTS OFFICERS

Sept. 24 the Junior A Class met to elect, for this semester, the following officers: Austin Erwin, president; Allen Curry, vice president; Dodson Smith, secretary and treasurer; Mac Winston, sergeant-at-arms; Grace Avary, reporter.

Red and white were chosen as class colors.

Red and white roses were chosen as class flowers.

A committee was appointed to select a class motto.

REPORTER.

FORTY-TWO PARTY IN W. G. WILLIAMS HOME

One of the prettiest events of last week in social circles was the forty-two party Friday morning when Mesdames W. G. Williams, Wayne Williams, George Oldham, G. B. Clark Jr., and Tom Gates delightfully entertained a number of their friends at the lovely home of Mrs. W. G. Williams.

A pink and green color scheme in tallies and refreshments was daintily carried out.

Autumn leaves artistically decorated the home, making a pretty setting for this gay morning party.

After a series of games had been played, dainty refreshments were served to Mesdames R. H. Odom, J. C. Dorward, C. W. Harless, E. E. Wallace, Hugh Taylor, Dora Cunningham, George Northcutt, H. M. Blackard, J. Monroe, W. W. Smith, H. J. Brice, Guy Stoker, C. R. Buchanan, W. H. Cauble, W. M. Scott, Watt Scott, L. O. Smith, C. E. Fish, Nelson Dunn, Howard McDonald, A. V. McAdoo, B. M. West, L. E. Trigg, F. M. Brownfield, Joe Wilson, H. L. Davis, A. C. Elkins, R. J. Randals, R. D. English, Joe Stinson, Wade Winston, Joe Strayhorn, Roy Strayhorn, O. S. Williamson, I. W. Boren, Tom Boren, P. C. Chenault, J. P. Avary, G. King, H. E. Rosser, Pat Brown, C. J. Yoder, E. J. Richardson, T. L. Lollar and Estell Wylie.

TWENTIETH CENTURY CLUB MEETS

The Twentieth Century Club members met Tuesday afternoon in the home of Mrs. H. M. Blackard with Mrs. Joe Strayhorn as leader and the following program was rendered:

Roll Call—"National scenery in Texas that I know about."

"The Legend of San Saba or Bouremile," Mrs. W. M. Scott.

"A Legend of the Blanco Mine", by Mrs. Ollie Bruton.

"A Lucky Post Hole", Mrs. W. T. Raybon.

Mrs. Blackard assisted by her daughter, Mrs. Wayne Williams served a delicious plate to the following members: Mesdames I. W. Boren, Ollie Bruton, H. J. Brice, P. C. Chenaut, T. H. Duff, Nelson Dunn, C. E. Fish, I. A. Griffin, W. T. Raybon, W. M. Scott, Joe Strayhorn, J. J. Taylor, Allen Warren, B. M. West, R. W. Webb and O. S. Williamson.

MRS. A. D. ERWIN HOSTESS TO SINE CURA BRIDGE CLUB

The Sine Cura Bridge Club members were delightfully entertained Tuesday afternoon by Mrs. A. D. Erwin at her home.

Autumn flowers were used to decorate the entertaining rooms.

At the termination of the bridge play, Miss Cecile Strayhorn held high score with Mrs. Dixie Smith receiving consolation prize.

Delicious refreshments were served to Mesdames E. J. Anderson, Wayne Boren, R. H. Curnutte, J. M. Harris, W. R. Johnson, W. B. Lee, Vern McMullan, Dixie Smith, Fritz R. Smith, George F. Smith, A. J. Towle, H. G. Towle, G. A. Hagan and Miss Cecile Strayhorn. Guests were: Mesdames O. O Harris and Hugh Boren.

MISS BOONE HOSTESS TO SAN SOUCI BRIDGE CLUB

Miss Sally Evelyn Boone delightfully entertained the San Souci club members and guests Friday evening at the home of Mrs. James R. Hicks.

After the business session was held, the play of bridge was enjoyed.

Refreshments were served in two courses to Messrs. and Mmes. James bers: Messrs. and Mesdames James R. Hicks, J. P. Nelson, Wayne Boren, J. E. Sentell, and Mesdames Forest Sears, Dan Gibson and Misses Hattie and Gertrude Herm, Cecil and Neoma Strayhorn and Edith Grantham.

SURPRISE BIRTHDAY DINNER

The last few days of last week Mrs. D. C. Bentley was kept in suspense by her daughters and daughters-in-law phoning each other and not telling her what they were talking about, and she was afraid to ask them for fear they were talking about her.

Sunday morning about 11 o'clock Mrs. Bentley and her daughter, Mrs. J. G. Biggs, and family went to Mrs. J. H. Rollins' where they met the rest of her children and their children and a few friends. Mrs. Bentley did not know what was going to happen until then.

From there they went to the Rollins home on Deep Creek, commonly known as the Thompson Dam, and there one of the best chicken dinners was spread that the writer has ever helped to eat. There were exactly forty people who partook of the feast which was in honor of Mrs. Bentley's birthday. They were as follows: Mr. and Mrs. Elmer Bentley and family, Mr. and Mrs. Homer Bentley and family, Mr. and Mrs. W. S. Stokes and family, Mr. and Mrs. Earl Bentley and family, Mr. and Mrs. J. H. Rollins and family, Mr. and Mrs. J. G. Biggs and family, Mr. and Mrs. J. C. Maxwell, Mr. and Mrs. J. T. Biggs and Mr. and Mrs. Dewey Rollins and little girl.

After dinner the men took a stroll over to Mr. Rollins' farm, while the women and children enjoyed music on the Victrola.

About four o'clock some pictures were made, and then the crowd disbanded.

A GUEST.

PONDER-THOMPSON

James Lowell Ponder of Abilene and Miss Ora Thompson of this city were united in marriage Sunday morning at 9 o'clock at the Baptist parsonage, with Rev. W. F. Ferguson officiating. The wedding was attended by only a few relatives and friends.

The bride is the attractive daughter of Mrs. Kate Thompson. She is a graduate of Snyder High School, and for the past two years has attended Simmons University.

Mr. Ponder is an estimable young man and is in the employ of the Citizens National Bank of Abilene where he also attended Simmons.

The Times-Signal extends best wishes and congratulations.

MISS MILDRED HENRY HONOREE AT PARTY

Leslie Davis complimented Miss Mildred Henry of Pikeville, Tenn., with a party Friday evening at the Manhattan Hotel. Miss Henry is the house guest of Mr. and Mrs. E. M. Deakins.

Bridge was the popular diversion of the evening.

Refreshments were served to Messrs. and Mmes. George Oldham, Billy Wilkerson of Dallas, O. O. Harris, R. H. Curnutte Jr., Jesse Sellars, E. M. Deakins and Misses Eloise Scott, Lucy Beane, Clara Belle Clark, Mary Harkey and Messrs. George Blackerby of Wichita Falls, Errol Taylor, Boulder, Roy McCurdy and Marshall Higgins.

MR. AND MRS. IVAN DODSON ENTERTAIN BRIDGE CLUB

The members of the Night Club were delightfully entertained last Thursday evening by Mr. and Mrs. Ivan Dodson at their home.

In the bridge play high score favors went to Mrs. W. T. Raybon and Dr. J. G. Hicks, club members, and Mrs. R. H. Curnutte, Jr., received guest prize.

Refreshments were passed to Messrs. and Mesdames Wayne Boren, J. G. Hicks, W. T. Raybon, Forest Sears, J. E. Sentell, Clyde Shull, Robert H. Curnutte, Jr., and Mesdames George Oldham and G. B. Clark, Jr.

SNYDER HIGH TIGER CUBS LOSE TO SWEETWATER

Capt. Dodson Smith and his scrappy Tiger Cubs, while defeated Tuesday afternoon by the Sweetwater Roosters, 24 to 6, they proved the fighting team that they are. Blocked punts were mainly responsible for the loss, and with a few additional training angles in blocking in the line, Snyder's second team will be ready for most any opposition.

Mr. and Mrs. D. C. Howell are spending the week at Estancia and Willard, N. M., visiting old friends and former neighbors. They expect to return home Sunday.

The new Cozy Theatre expects to open next Friday or Saturday. The improvement is a mighty fine one to that part of the public square.

ENTERTAINMENT GOOD

The free entertainment provided at the fair this year by Roscoe Armstrong & Co. was satisfying and their act was enjoyed by mammoth crowds at every session. They have a clean show, one that is suitable for every member of the family and would olways find a welcome back in Snyder.

The "bucking" Ford lived up to all preliminary advertising and stopped the show at every performance.

Yoder-Anderson Motor Co.
A SIX IN THE PRICE RANGE OF THE FOUR
Most people realize that the New Chevrolet is a Six in the price range of the four. But not everyone knows what a really wonderful Six it is!
The Chevrolet engineering staff spent more than four years in the development of the Chevrolet Six. Materials are selected from the world's finest markets and, taken altogether, there are nine thousand inspections during the car's production and assembly!
The result is exactly what you'd expect—*quality in design, in material and in workmanship that assures years of dependable and satisfactory service!*
Come in today. We want you to see and drive this car—for it will give you a new idea as to what the buyer of a low-priced car can now expect for his money!
The Roadster, $525; The Phaeton, $525; The Coach, $595; The Coupe, $595; The Sport Coupe, $645; The Sedan, $675; The Imperial Sedan, $695; The Sedan Delivery, $595; Light Delivery (Chassis only), $400; 1½ Ton Truck (Chassis only), $445; 1½ Ton Truck (Chassis with Cab), $650. All prices f. o. b. factory, Flint, Michigan.
Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. Our dealers' delivered prices include only authorized charges for freight and delivery, and the charge for any additional accessories or financing desired. (302-30)

PROFITABLY YOURS
Put your faith and your dollars in a Dodge Truck. You will profit through more work done, more time saved, more customers gained, more profits earned.
Dependable, powerful, speedy, long-lived, good-looking and miser-like in their cost-saving ability—are Dodge Trucks. More successful, more efficient, more profit-certain—are the business men who own them.
Whatever your business, whatever your hauling needs, there is a Dodge Truck, complete with body, that will be profitably yours. Ask us for proof.

FLUVANNA NEWS

(continued from page 5)

Judge Horace Holley is attending the County Judges Convention at Houston this week.

Classes Organize

The Senior, Junior and Sophomore classes began the school year right by meeting and organizing their classes early.

The senior class met September 15. They unanimously elected Miss Matty Lynn Beaver as class president, May Belle Tucker as secretary-treasurer, and Ruby Bley as class reporter. These leaders are all well liked students and will prove able leaders. The class was unanimous in choosing Supt. Wedgeworth as its sponsor.

At this same time the Seniors met with Mr. L. Smith, representative of the Stafford Engraving Co, and gave him an order for the class rings, diplomas and invitations.

The Seniors are well organized, and great things are expected of them this year. If their plans are carried out, this year will be one of the busiest and most enjoyable of their lives.

The Juniors came not far behind the senoirs. Their class meeting and organization occurred last week. Mamie Pylant was elected president, Lawrence Shipman secretary-treasurer, and Willie Mae Fry class reporter. The sponsor chosen for the juniors was Miss Chloe Collins.

The Juniors have already ordered class pins, are ready for work, and are interested in everything happening. Though there are a few in number, they are ready for action.

The Sophomores met this week and organized their class. Another Beaver, Inez, was elected president of this class. Maurine Roddy was elected secretary-treasurer, and Inez Harris, reporter.

The class colors are pink and green, with the harmonizing flower, the pink rose.

The Sophomores boast the largest class in school, having about thirty-five members. They are full of pep, and we can expect them to be seen and heard throughout the year.

Business Affairs

The Miller (formerly Craft) Ranch received last Friday eight double deck and five single cars of sheep—numbering 2,500.

J. R. and R. B. Wills are each erecting residences in our village.

Arch Lavender is also erecting a new home.

Perhaps this is good business also: Ed Jones' sow which farrowed the litter which recently weighed more than a ton, recently produced another dozen, ten of which survive.

It is reported this morning that Mr. Cole, our restaurant and filling station man, has sold his business to one Mr. Stephens of Snyder.

Visits and Trips

Mrs. C. F. Landrum who has been in the Lubbock Sanitarium 104 days in all, constantly attended by her husband, returned to their home here Monday afternoon. The patient is looking right well, though we understand she has orders to remain in bed for several weeks yet.

Maybe this was a visit: A fine new son came to the home of Mr. and Mrs. Ted Melton Monday night. Mother and son are said to be doing well.

Miss Ruth Truss, student in Simmons, spent the week-end with home folks and was taken back to Abilene by her parents Monday.

Thomas Matlock and family, who have been in Kansas the last few months (until frost came) returned to Fluvanna Sunday. They say Fluvanna looks good.

J. R. Patterson and family visited relatives in Hermleigh last Sunday.

H. H. Haynes, E. A. Boles and Mr. Cole made a flying trip to Big Spring Saturday.

Mrs. R. L. Deere returned Sunday from the bedside of her father in Amarillo where she has been for some two or three weeks. The patient is improving.

Richard Wilson and family and son, Joe, and family visited here Saturday. Mrs. R. Wilson is a sister of Mrs. J. F. Dowdy and the elder Jones men.

Irl G. Bailey and family and C. D. Bailey, all of Oklahoma, recently visited the Buchanan family here. C. D. Kennedy and family of Snyder also visited the Buchanan family here last Sunday. George Joiner and family of Coahoma are visiting the same family here this week.

JAS. H. TATE, Cor.

WIFE OF CLARENDON NEWSPAPERMAN DIES

West Texas editors were grieved Monday to hear of the sudden death of Mrs. Sam M. Braswell of Clarendon at Amarillo Monday.

Mrs. Braswell and husband had lived in Clarendon for the past 12 years. She was a member of the Clarendon Methodist Church and was director of the choir and was intensely interested in civic affairs. Besides her husband, Mrs. Braswell is survived by two children, Sam Phillips Braswell, 19, and Miss Claire Marie Braswell, 21. Burial was made at Clarendon Tuesday.

The Times-Signal joins with all Texas publishers in extending sincerest condolences to the bereaved family.

HUDSPETH WILL NOT SEEK RE-ELECTION

The San Angelo Morning Times said Sunday that Congressman Claude B. Hudspeth had advised it that he would not seek re-election, setting forth his reason for publication later.

Mayor R. E. Thomason of El Paso Sunday night announced he would seek the Hudspeth post.

CLASS OFFICERS AT HIGH SCHOOL ARE ELECTED TUESDAY

Class officers at Snyder High School were elected Tuesday and were presented in assembly Wednesday. The class president, acting as spokesman, introduced the other officers of his class, then gave a two-minute talk on the subject, "Something That Will Help Our High School." All were on the stage. The officers of the various classes are as follows:

Junior B

Mrs. Gibson, sponsor.

Bobby Chambers, president; Clarence Walton, vice president; Leighton Griffin, secretary-treasurer; Ruth Yoder, reporter.

Junior A

Mr. Cotton, sponsor.

Austin Erwin, pres.; Allene Curry, vice-pres.; Dodson Smith, sec.-treas.; Grace Avary, reporter.

Senior B

Mr. Sullivan, sponsor.

Maxie Chenault, pres.; Audra Jenkins, vice-pres.; Meva Doak, sec.-treas.; Gladys Lewis, reporter.

Senior A

Miss McLeod, sponsor.

Cloyce Drinkard, pres.; Robert Garner, vice-pres.; Treva Hart, sec.-treas.; Paul Claybrook, reporter.

Freshman B

Miss Person, sponsor.

Dinaween Bridgeman, president; Bob Webb, vice-pres.; Ada Nell Teague, sec.-treas.; Elizabeth Wilsford, reporter.

Freshman A

Mrs. Nelson, sponsor.

Earl White, pres.; Grover Scott, vice-pres.; Gwendolyn Gray, sec.-treas.

Sophomore B

Mattie Ross Cunningham, sponsor.

Ester Jones, pres.; Hilda Gene Williamson, vice-pres.; Georgia Jones, sec.-treas.; Janice Erwin, reporter.

Sophomore A

Mr. Cox, sponsor.

May Jo Glen, pres.; Maurine Stinson, vice pres; Margie Thomas, sec.-treas.; Rodney Glasscock, reporter.

FATAL ACCIDENT TO FORMER SCURRY GIRL

On Saturday evening, Sept. 21, at 5:30 o'clock, Mrs. Zella Daniel of Ballinger, Texas, formerly a resident of Scurry county, and daughter of Mr. and Mrs. T. L. Glasgow of Robert Lee, Texas, answered the summons of her Maker to depart this life.

She left her place of unemployment at 5:15 o'clock, carrying a revolver wrapped in a napkin. In passing between two cars parked near the curb of the courthouse lawn, she struck the revolver in a way so as to discharge it. The bullet entered her right side, ranging upward to her heart. She lived only 22 minutes after the accident.

She leaves two children, a father and mother, five brothers and two sisters to mourn her departure. All were present except one brother who could not get there.

Interment was made in the Evergreen cemetery at Ballinger, Texas, at 4 o'clock Sunday, with many friends and relatives present and many beautiful floral offerings.

—A friend who was present.

RETURNS TO CALIFORNIA

A letter from Mrs. Mary B. Sterrett, 837 Pacific Avenue, Long Beach, Cal., this morning tells us to change her Times-Signal from Charlotte, N. C., to the first named address. Owing to the sudden death of Mrs. Sterrett's oldest sister, the change was made necessary. Mrs. Sterrett's many Scurry County friends will grieve with her over this sad news.

PRACTICALE EXAMPLE OF COTTON FARMING

Arthur Goebel, the Cotton Prince of Scurry county, is producing one half bale of cotton per acre, it is said by those who have seen his cotton crop, says the Hermleigh Herald.

Mr. Goebel is never heard to say anything favorable about his own ability as a cotton farmer.

Goebel has one of the nicest improved farms in the county. There are few farm homes in the county that will compare favorably with it.

A. A. McMillan said: "The only evidence I need of Goebel's ability as a cotton producer is the number of times he goes to the gin during ginning season."

MORE LOCAL HONORS

Snyder and Scurry county now have something else to boost about with the completion of what is said to be the largest air designation sign ever placed in the Southwest, or the Nation, so far as that matters.

A. E. Harvey has completed a week's work in placing the sign "9-R" in letters, each 20 feet wide and 30 foot high. It took one week's work to complete the job and 12 gallons of paint were used. The block letters are in white with a green border and the sign may be seen as far as 30 miles away.

That the Reynolds ranch is the passing place of many planes is shown in the fact that several air lines pass over the properties and Mr. Harvey counted a total of 12 planes passing Monday. With one of the best landing fields in the country at the Reynolds ranch and with a natural drainage that makes it possible to land in any kind of weather, the new field gives Scurry county four first class landing fields.

DO YOU WANT HIM?

If you like our column: "This Week," by Arthur Brisbane, kindly tell us about it personally, phone us about it, or drop us a card. We want to please our subscribers, and unless you tell us that we are pleasing you we do not know. This column costs money that we will not spend unless our subscribers say they want it.

Many people could say all they think without making much noise.

Never discuss a child's eating habits with others in his presence.

Light
the Visualizer. Decorator. Artist.

Possibly the greatest contribution which has been made to modern civilization is the electric light. It has turned night into day, increased the efficiency of man's work, made possible comfortable and healthful hours of reading as far into the night as man has felt the urge to follow his studies or his pleasures.

The modern Texas home is a palace of light. Through the use of proper light the simplest home becomes a shrine of beauty. Light is a decorator and an artist.

The home with light, properly located and rightly diffused, is made comfortable, healthful and beautiful with very little expense. Simple furnishings, simple decorations take on new qualities when given the proper lighting background.

The Texas Electric Service Company has made a special study of lighting for the modern home and would be glad to work with you in giving your home the best possible lighting arrangement at the lowest possible cost.

When you have really given serious thought to the lighting possibilities of your home you will be delighted with the changes that can be economically made.

Texas Electric Service Company
"Your Electric Servant"
