Restrain Husband Of Slain Woman

Harold E. Moe (foreground), 23, holds hands to his head for protection as officers restrain his angered father-in-law, Frank Callahan (center), 50, in Deering police station in Chicago. Moe is charged with shooting and killing his mother-in-law, Mrs. Actie Callahan, 55. At left rear is Moe's mother, Mrs. Geraldine Shilding. Police said Moe accused the slain woman of breaking up his marriage.

UN Troops Retake And Go Beyond Suwon Unopposed

Election Tomorrow On Joining Water District, Filter Bonds

Snyder voters will decide tomorrow on three water issues.

They are: (1) joining the Colorado River Municipal Water District; (2) ratifying a contract between the city and the district for the purchase of water; and (3) approving or rejecting $600,000 in tax bonds for construction of a water filtration plant and extension of present water mains.

Voting will be in the city hall. Polls will open at 8 o'clock in the morning and will close at 7 o'clock at night.

OFFICIALS NAMED

Ballots have been printed and election officials chosen.

Election judges will be C. H. Callis, presiding judge, Mrs. T. A. Faver, Mrs. D. P. Strayhorn and Mrs. Harry S. Lee.

Only legal residents of Snyder who own taxable property within the city and have rendered this property for taxation will be eligible to vote. Tax receipts and poll tax receipts must be presented as proof of eligibility to vote.

Almost ultimate simplicity has been reached in composing ballots for the three issues in the election.

One of the ballots reads:

"For the issuance of water works improvement and extension bonds."

"Against the issuance of water works improvement and extension bonds."

BOND ISSUE

The actual proposition being submitted to the voters is:

"Shall the city council of the city of Snyder, Tex., be authorized to issue the bonds of said city in the sum of $600,000, maturing serially in such installments as may be fixed by the city council, the maximum maturity being not more than 40 years from their date, bearing interest at a rate not to exceed 4 per cent per annum, payable annually or semi-annually, and to levy a tax sufficient to pay interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the waterworks system of said city, as authorized by the constitution and laws of the state of Texas?"

The other two ballots contain a brief summary of the propositions on which the voter is to decide. The ballot for or against the city of Snyder to enter into a contract with Colorado River Municipal Water District for the supplying of water to Snyder simply states "For the water contract," or "Against the water contract."

The ballot to decide on the proposition: "Shall the territory comprising the city of Snyder, Tex., be annexed to the Colorado River Municipal Water District as provided in Chapter 340, Acts of the 51st Legislature, Regular Session," has been summarized to read simply "For annexation," or "Against annexation."

Kefauver Finds Crime Tie-Ups

By KEITH FULLER
(Associated Press Staff)

NEW ORLEANS, Jan. 26. — Sen. Estes Kefauver lanced deeper today into the nation's fester of gambling and crime after linking New York with New Orleans operations through a Costello-Kastel alliance.

"Dandy" Phil Kastel held the Senate Crime Commission's attention for the longest single quizzing in the gruelling probe yesterday that lasted from 10 a.m. (CST) until midnight.

Kastel's testimony brought out that the New York Gambler Frank Costello owns 20 per cent of the plush Beverly Club here while Kastel himself owns a controlling 47½ per cent.

He listed owners of the Beverly Club and their percentages of ownership as: Kastel, 47½ per cent, Costello 20 per cent, Carlos Marcello 12½ per cent, A. G. Rickerfore 12½ per cent, and Dudley Giegerman, Costello's brother-in-law, two-and-one-half per cent.

The sleekly groomed Kastel blandly nodded "yes" when Kefauver asked him if he knew Sam Maccio, Galveston, Tex., gambler, Allen Smiley, Carlos Marcello, Joe Costello, Tony Logan, Mayer Lansky, Bugsie Siegel and other names that read like a "Who's Who" in rackets.

A soft-spoken Methodist minister added sparks to the lively hearing when he told the committee that gamblers had offered him a new Sunday school building to withdraw "padlock" suits against several Jefferson Parish (County) gambling castles.

Dawson Test Finds Water In Lime Zone

Standard Oil Co. of Texas No. 1 Glen F. Pool and others, Northwest Dawson County wildcat, made more water on a drillstem test of a lime formation at 8,465-86 feet.

The tool was open two and one-half hours. Recovery was 300 feet of heavy drilling mud and 6,800 feet of sulphur water. There were no shows of oil or gas.

A previous test at 8,340-646 had a recovery of 90 feet of oil 885 feet of oil and gas cut mud and 225 feet of salt water during the two-hour period.

The venture is now making hole below 8,555 feet in lime. It probably will drill on to around 10,500 feet.

Location is 1,980 feet from north and 660 feet from east lines of section 123, block M, EL&RR survey.

It is 15 miles northwest of Lamesa.

* * *

FLOWING DISCOVERY

Hiawatha Oil & Gas Co. No. 1 Forest Runge, North-Central Schleicher County wildcat discovery two and three quarter miles northwest of the opener of the Hulldale-Strawn field was flowing between three and four barrels of new oil per hour naturally from perforated section in the lime at 5,614-22.

The flow was through a one-quarter inch tubing choke. Gas-oil ratio was 1,000-1. Flowing tubing pressure was 650 pounds.

Operator was to continue flowing the well until the full producing ability of the zone now being tested had been determined.

The project will then probably be drilled a little deeper from the present bottom of 5,624 feet where seven-inch casing is cemented.

The flow came after operator had swabbed out 125 barrels of drilling fluid and oil in an unreported length of time. The flow started early Friday morning and the well was still flowing steadily at last reports.

Location is 660 feet from south and west lines of section 66, block M, GH&SA survey.

IN PENNSYLVANIAN

James H. Snowden and others of Fort Worth No. 1-32 Dean, Spraberry sand prospector in Northeast-Central Dawson County, was reported to be drilling in Penn-

(See OIL NEWS, Page 8)

Blanket Controls To Be Issued Without Agreement Of Board

WASHINGTON, Jan. 26 (AP) — Economic Boss Eric Johnston today prepared to issue a blanket wage control order on his own for lack of union labor agreement to a freeze action by the wage stabilization board.

The announcement, coupled with a price freeze and rollback, could come late today but mechanical problems are very likely to delay it until Saturday.

Informed officials said Johnston has virtually abandoned hope that the nine-man wage board of Johnston's Economic Stabilization Agency — made up of three members each representing labor, management and the public — can get unanimous agreement.

6-3 VOTE

The vote now stands 6 to 3, with the public and industry members ready to act and labor holding off. Cyrus S. Ching, wage board chairman, so far has declined to issue the order without unanimous agreement.

Johnston conferred with Ching this morning. Neither official gave reporters any clue to the conversation.

But from other quarters it was learned that the labor members of the board seemed adamant, apparently on instructions from their organizations.

UNWISE

It was indicated that the unionists felt it would be unwise strategy from the standpoint of long range policy to put the seal of approval of AFL, CIO and other organized labor on a freeze. They preferred to await the development of a flexible formula which would permit lagging wages to come up to an agreed standard.

On the price side, officials said they now are considering a rollback to the highest levels of the period Dec. 15 to Jan. 15, but were waiting until the last possible moment to insert a freeze date. Earlier, a Jan. 2 freeze had been under study.

Bar Prepares Substitute For New Court Bill

A substitute for the original bill to create a new judicial district of Scurry and Borden Counties is ready for presentation to the state senate either Monday or Tuesday it was disclosed at a meeting of the Scurry County Bar Association last night, Wayland Holt, retiring president, said.

Pat Beene was named new president of the organization in its annual election meeting held at the Village.

A number of Snyder lawyers intend to go to Austin to be present when the substitute bill is introduced before the senate, Holt said.

Provisions of the substitute bill are not known, but should it pass it would take the place of the original bill, Holt said.

The original bill, which passed house and senate, called for the establishing of a new judicial district to serve Scurry and Borden Counties.

Other new officers elected by the bar association are Ross Hemphill, vice-president, J. Ray Martin, secretary - treasurer, and Robert Patterson, L. W. Dumas, and James Rosser, new directors.

Old officers of the organization were: Holt; Renal Rosson, vice-president; Keith Merrick, secretary - treasurer; and W. W. Park, and Pat Beene, directors.

A delegation from here intends to go to Austin Sunday or Monday to be present when the substitute bill is introduced and to help see that it gets faster action.

It is thought that one of the provisions of the substitute bill is an economy move that would provide for the establishing of the court here for a limited number of years, instead of permanently. If that is true, it is being done so that if in the future the court proved unnecessary, it could easily be discarded. It is easier to renew such a court than it is to end the tenure of one that was granted permanent jurisdiction.

People to go to Austin on the district court matter are: George Killam, James Rosser, Bob Davie, Ross Hemphill, Wayland Holt, Ben Thorpe, John Ford, Jack Kennedy, all of Snyder, and A. S. Mauzey, district judge of Sweetwater, and Eldon Mahon, district attorney, of Colorado City.

Hospital Case Appeal Heard

A hearing was held this morning in the civil appeals court at Eastland on the Scurry County hospital bond election contest, but no opinion has yet been rendered by the court, according to Homer Smith, court clerk.

Smith said at noon that no opinion would likely be issued for several days.

The court heard arguments by John Sentell of Snyder and Frank A. Day, Plainview attorney, both representing Scurry County in the contest; and Lloyd Davis, of the Snyder firm of Pichinson, Davis & Hale, attorneys for the contestants.

The suit was originally brought by 13 plaintiffs alleging illegal voting in the county-wide election last April 1, when it was decided that the county should issue $400,000 in bonds for county's part in the construction of a combination health unit building and county hospital with 50 per cent federal aid.

The suit was tried first in district court here July 18, 19, when A. S. Mauzey, district judge, ruled the election was valid.

Physician on Leave

Dr. Dan A. Harrison has taken an indefinite leave of absence from the Snyder Hospital Clinic, and in his absence Dr. Leroy Neal will take care of his patients, Dr. W. R. Newton, hospital owner, said.

Too Much Hurry In Reporting Fires Can Cause Delay, Expense

The fire department has requested that persons reporting fires give the nature of the fire as well as the location.

In numerous recent fires, the person reporting the blaze gave only the location without telling what kind of fire it was.

In the case of house fires and major fires, both engines are taken at once to the scene, and volunteers are alerted. But in small fires, such as grass fires or trash fires, only one truck is dispatched, the other being held in readiness to answer more serious calls.

Canada Presents Cease-Fire Plan To United Nations Today

By A. I. GOLDBERG
(Associated Press Staff)

LAKE SUCCESS, Jan. 26.—Canada offered a six-point compromise Korean peace plan to the United Nations political committee today. Altering some details of a 12-nation Arab-Asian proposal, it calls for a conference here or in New Delhi within a week to talk about a cease-fire as a preliminary to other peace steps.

Lester B. Pearson, Canadian external foreign affairs minister, said his program would be a conclusive test of the real intentions of the Communist Chinese government in Peiping.

GET 48 HOURS

He proposed that the political committee give the Communist Chinese 48 hours to answer whether it would take part in the conference. He did not present a formal resolution, but merely outlined his plan.

The Canadian plan differed from the Arab-Asian resolution in specifying that a cease-fire must precede any other discussion, and in putting a time limit on negotiations. It also made plain that withdrawal of all non-Korean armed forces from Korea should include all Chinese.

The committee scheduled two meetings today in a faint hope it may reach votes on the Korea-Chinese questions.

But prolonged argument on priority of the Asian-Arab proposals or altered versions, and on the U. S. demand to brand Communist China as an aggressor in Korea threatened to delay a vote until the week end.

RAU STUBBORN

Sir Benegal N Rau, of India chief spokesman for the Arab-Asian group, wants its resolution acted on first. He argued yesterday that a reported lull in hostilities on the Korean front should be seized by the UN as a peace-making opportunity.

Britain's Sir Gladwyn Jebb immediately agreed that the conference idea should have priority although he said he would generally support provisions of the U. S. proposal except for a committee to study sanctions against Red China.

Recently-Wed Men In Draft

WASHINGTON, Jan. 26. (AP)—The House Armed Services Committee turned its search for military manpower today toward young men who have married since the Korean fighting started June 27.

Chairman Vinson (D-Ga) said newly-weds between the ages of 19 and 26 make up one of the manpower sources the committee will explore before deciding whether the present draft age should be lowered from 19 to 18, as the Defense Department asks.

The committee is holding hearings on the legislation sponsored by the Defense Department which besides dropping the present draft age minimum, would inaugurate a program of Universal Military Service and Training (UMST) and extend the time a draftee would serve from 21 to 27 months.

Diplomatic Hopes Raised By Latest Statement Of Truman

By JOHN M. HIGHTOWER
(Associated Press Staff)

WASHINGTON, Jan. 26. (AP)-Diplomatic officials expressed hope today that President Truman's latest policy statement on Red China would reassure other nations about American aims in the Far East.

Although the President personally branded the Chinese Communists as aggressors, he also in effect ruled out any hasty punitive action against them.

"Obviously," Mr. Truman told his news conference yesterday, "this is no time for rash or unwise action. This is a time for clear thinking and firmness."

Britain particularly and the European allies of the United States generally have been apprehensive lest this country take, or insist upon the United Nations taking, steps against the Chinese Communists which would bring on a general war in the Far East.

Along with his note of caution, which administration officials said would apply to Americans favoring drastic measures against the Chinese Reds, Mr. Truman also sought to remove any doubt which might exist here or abroad about the firmness of U. S. policy for branding the Red Chinese as aggressors in Korea.

He declared that the views of the United States on this point "have the solid support of the executive, the Congress and the people."

Mayor Urges Favorable Vote on Water Issues

Supporters of the water elections were urged yesterday by Mayor Forest G. Sears to rally at the polls tomorrow to assure Snyder an adequate water supply for the future.

Speaking at a meeting of the Rotary Club, Mayor Sears warned that over-confidence could lose the election for those who favor it.

Curb Inflation

Marriner S. Eccles, member of the federal reserve board, urges a 44-hour work week, "without overtime pay," a general wage freeze and limited price controls as anti-inflation measures. He outlined his ideas testifying before the senate-house economic committee in Washington.

Cop Identifies His Attackers

DALLAS, Jan. 26. (AP) — A critically wounded rookie policeman from his hospital bed today weakly pointed out four California hillbilly musicians as the men who shot him down last Monday.

The youths were arrested in Arkansas Wednesday and brought here early today. They were immediately taken to the hospital where Johnnie Sides, 21-year-old patrolman, lay in a serious condition from a bullet wound in the body.

Obviously shaken at the sight of the quartet, Sides whispered faintly.

"That's them."

Then the wounded patrolman pointed at Marvin Johnson, one of the four, and said "That's the one who shot me."

Sides and another patrolman, Harold L. Dawson, were wounded when they stopped four men for a traffic violation.

Britain's Tiny Meat Quota Is Cut Again

LONDON, Jan. 26. (AP)—The Labor Government today announced a 20 per cent slash in each Briton's ration of fresh meat—from 11 2-3 cents (10 pence) worth a week to 9 1-3 cents (eight pence) worth.

Each person will continue to receive 2 1-3 cents (two pence) worth of corned beef each week in addition to the fresh meat allowance.

In British butcher shops, it will buy about six ounces of lamb chops, eight ounces of chopped beef, some four and a half ounces of beefsteak or nine ounces of roasting lamb.

Disposal Plant Clogged by Oil

An inspection of the Snyder water system was made yesterday by a member of the State Health Department, with everything but the sewage disposal plant being approved, W. J. Ramsey, city superintendent, said.

The inspector was especially pleased with sand traps being installed on three city wells that have caused trouble in the past, Ramsey said.

But the inspector warned that an excessive amount of grease and oil are lodging in the sewage disposal plant. He said that if the practice continues it would eventually clog the plant completely, making it unusable.

Ramsey asks all service stations to co-operate with the city in keeping used oils and greases out of the sewer system. He said that arrangements are being made for the city to pick up waste grease at the service stations, and that it would be appreciated if all stations would hold their waste oils and greases until the city can get the pick-up service into operation.

Bacteriological tests of water taken on four samples of city water each two weeks sent to Austin have shown the water to be pure Ramsey said.

The inspector took one gallon of water from each of four different places in town to Austin with him for a chemical analysis. Ramsey said the results of that analysis would be available for public inspection in about 30 days.

Hit By Avalanche

Rescue workers probe the ruins of a house in Andermatt section of Switzerland after avalanche of snow and debris wrecked the dwelling. Estimates of Alpine Europe's death toll from avalanches reached 243 persons.

Still Look For Main Force Chinese Reds

Naval Guns Hit Inchon And Red Batteries On Nearby Wolmi Island

By OLEN CLEMENTS
(Associated Press Staff)

TOKYO, Jan. 2 . —Allied armored columns with strong air support swept through two strategic cities within commuter distance of Seoul today.

They took and then went beyond Suwon, 17 air miles south of the burned out South Korean capitol and Kumyangjang. Kumyangjang is 15 air miles east and slightly southeast of Suwon.

AP Correspondent Jim Becker said it was a "one-two punch" by battle-tested and renowned outfits. They found the streets of Suwon virtually deserted. The walled city was a heap of smoking rubble.

There was no resistance inside the city. But the patrol aimed at Suwon had some trouble before it got there.

VARIED OPPOSITION

The patrol, inching through what once was strong Communist territory, ran into varying opposition two miles from the western front town. It was looking for the main Communist strength in that sector.

The patrol was supported with armor and may be on its way to Seoul or as near to the old South Korean capitol as it can get. The U. S 27th Regimental Combat Team — the famed Wolfhounds — fought into and out of Suwon last week. But since then intelligence officers suspect the 90,000 Reds reported south of Seoul have pulled back.

For 36 hours, all news of allied activity in the western part of Korea had been blacked out by the U. S. Eighth Army.

But the curtain was lifted enough today to show that at least two UN patrols were working their way into the Red territory south of Seoul.

BEAT OFF ATTACK

One patrol beat off a Red Chinese attack with bayonets. Tanks drove the Reds off a hill in another sector.

Naval guns of the U. S. Heavy Cruiser St. Paul and accompanying destroyers lighted up the Inchon harbor and silenced Red batteries on Wolmi Island, off Inchon.

Navy, Marine and Air Force planes pounded the whole Seoul area.

Air, in fact, had a heavy day blasting 33 towns in the Seoul area and hammering at two huge enemy road convoys winding down through the mountains in the Kumchon-Kaesong sectors, north of Seoul.

Poll Tax Total Makes Slow Climb to 2,474

Poll tax receipts issued by noon today totaled 2,474, according to records of the county tax assessor-collector's office, main floor of the courthouse, and exemption certificates issued totaled 324.

The figure is still far short of the figure for last year, when 3,915 tax receipts were issued and 70 persons obtained exemption certificates. The certificates are required for voting this year, whereas last year—when the county's population was figured on the 1940 national census—they were not required here.

Exemption certificates are available for all legal residents 60 years old or older and those becoming 21 who have never yet voted in civic elections.

For voting in the water district election Saturday, last year's receipts and certificates marked 1949 will be used. Receipts issued now are marked 1950 and become effective Feb. 1.

After today, only four days will remain in which poll taxes may be paid. The poll tax is $1.75 per person. Exemption certificates are free to elegible persons.

To 62-Degree Maximum

A high reading of 62 degrees was recorded for Snyder yesterday as sunny skies brought continued mild weather. A low of 24 degrees was recorded before dawn, with a reading of 30 degrees recorded at 7:30 by Mrs. D. P. Strayhorn, weather observer.

Weather

WEST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Colder Panhandle and South Plains Saturday afternoon.

New DeSoto Is On Display

On display tomorrow for the first time — the 1951 DeSoto. Among the changes in the model is a larger engine, capable of developing more power. The DeSoto will be displayed tomorrow at Lee Motor Co.

TALK OF THE TOWN

BY FRANCES BIOW

Mrs. Horton is pictured with Anacacho Meteor "one of the grandest show horses alive today, and the father of practically every top-ranking show horse in the Rio Grande Valley". Mrs. Horton will probably ride the 18-year-old favorite in next Wednesday's show horse events, which will end the season for Anacacho Meteor, who has taken numberless firsts in this year's eastern horse showings.

MRS. G. W. HORTON, 404 Twenty-ninth Street, will "show" in the colt and colt model class, perhaps others, of the Southwestern Exposition and Fat Stock Show in Fort Worth next Wednesday. Snyder's only horse woman, to our knowledge, who will perform in this dramatic part of the big show, is an expert—one of "those born to the saddle".

* * *

South Texas is her native habitat; and Dr. Horton's job with Snyder Hospital brought her west. In Fort Worth she probably will show her prowess with a stallion under halter, a three - gaited horse, and a five - gaited horse. Her fond hope is that she might ride Chickory Chick, a lusty three - gaited mare bay which has won her laurels before. In fact, she took second in this class in Harlengen in November.

* * *

Mrs. Horton is a statuesque blonde, five feet five inches tall, and her sole and consuming passion, besides beautiful dogs, a family of cats and her husband's profession, is American-bred saddle-horses. You want to catch her riding this year if you are in Fort Worth next Wednesday, for, according to the lady, "Competition will be keen." Showwomen are arriving from Denver, California, and all over the country, out to win. The Tennessee walkers will draw the stiffest competition".

* * *

For patriotic party touches, the approaching month of February offers about as good a time to wax clever as any. Good Housekeeping magazine publishes currently two usable social recipes that would do your afternoon tea proud:

To make a Washington pie, here's what you do: Fill four thin layers of cake with red jam. Place cutout of a hatchet on top; sprinkle entire top with confectioner's sugar; remove hatchet, and there you have it.

For Lincoln's Birthday, if you've forgotten the Civil War, try making an ice-cream log. Here are the directions:

1 pt. coffee ice cream in round container
Unsweetened chocolate
Melted chocolate

After removing ice cream from container, shave the chocolate; roll ice cream in it. Set on plate; cut out three-inch deep wedge from top. Dip toothpick in melted chocolate, and make rings on top to resemble log. Makes three servings.

If you wish to use this same recipe for Washington's birthday, place marschino cherries, with stems, beside the log.

* * *

A March of Mothers could draw down thousands of dollars for the polio fund, known as the March of Dimes, according to FORREST BEAVERS. In Wichita Falls where the plan was first used, in one night 20,000 mothers of the town cancelled family calls, dates, and everything else and descended upon the residences, reaping $32,460. It seems the idea is that on a designated night, each home wishing to make some kind of contribution to polio victims leave a light burning—a porch light, candle or some sign, and the women who are mothers will call for it. Snyder mothers will respond to this challenge to go out and get the money, it is known. . . Watch news accounts of the date and details of the March of Mothers!

Cosmorama Club Elects Officers

Officers for a two-year period were elected Wednesday at a meeting of Cosmorama Club in the home of Mrs. Renal Rosson, 3012 Avenue V.

Elected were: Mrs. Bill Bryant, president; Mrs. H. F. Clark, Jr., vice-president; Mrs. Renal Rosson, second vice-president; Mrs. R H. Odom, Jr., recording secretary; Mrs. Max West, corresponding secretary; and Mrs. E. J. Richardson, Jr., treasurer.

Mrs. Scott Casey and Mrs. John Lynch, Jr., gave a program on the home and its books.

Three guests present were Mrs. Clyde Hall, Jr., Mrs. Ross Hemphill, and Mrs. Robert H. Hargrove, Jr. Other members were Mrs. Richard Brice, Mrs. R. J. Kidd, Mrs. J. L. Browning, Mrs. J. R. Meadows, Mrs. James Rosser, Mrs. C. V. Thompson, Jr., and Mrs. Lyman Yoder.

The club next meets with Mrs. Bryant, 3750 Highland Drive, Highland Park.

PERSONALS

Dick Ballansant from Junction, Tex., will be a house guest over the week end in the home of Mr. and Mrs. Harold Brown, 2408 Avenue I. Mr. Ballansant, director of Lynnside Camp, a private ranch camp for small boys, expects to interview any parents in Snyder who are interested in enrolling their sons for the summer camp season.

Mrs. R. C. Miller Heads Altrurian Daughters Club

Mrs. P. W. Cloud's modern ranch home recently completed on Clairemont Road was the scene yesterday for a meeting of Altrurian Daughters Study Club.

New officers were elected, as follows: Mrs. R. C. Miller, Jr., president; Mrs. Bert Dennis, vice-president; Mrs. Charles Cooper, recording secretary; Mrs. Bill Long, corresponding secretary; and Mrs. R. E. Patterson treasurer.

The program consisted of two reviews, "Nathaniel Hawthorne" by Mark Van Doren and "Henry David Thoreau" by Joseph Wood Krutch, given by Mrs. R. E. Patterson and "Marmee, the Mother of Little Women" by Sanford Salyer, reviewed by Mrs. Bill Long.

Mrs. Cloud conducted her guests on a tour of the new home and served refreshments from the buffet. A bowl of orchid snapdragons blended with the chartreuse table cloth, and various arrangements of yellow spring flowers brightened the other rooms.

The group next meets with Mrs. Miller.

Housewarming In New J. R. Parsons Home

Mr. and Mrs. J. R. Parsons, 1207 Twenty - ninth Street, were honored last Friday with a housewarming at their new home. Hostesses at the party were Mrs. B. C. Warlick, Mrs. Gerald Walton, and Mrs. R. B. Ryan, Jr.

Presiding at the tea table were Mrs. Leo Heath, Mrs. J. R. Heath, and Mrs. Leamon Land.

Others present were Mrs. G. W. Jackson, Mrs. Sallie Blythe, Mrs. S. V. Clanton, Mrs. L. A. Berry, Mrs. Bob White, Mrs. Susie Black, Mrs. Allen Broyles, Mrs. E. M. Inman, Mrs. W. W. Ainsworth, Mrs. Sarah Ainsworth, Mrs. Howard Jones, Mrs. Ima Allen, and Mrs. Ryan.

Birthday Party Given For Fred Overman

Mrs. Fred Overman of the Fuller lease was hostess at a birthday party for her husband at their home Tuesday night.

Present were Mr. and Mrs. Albert Bills and daughter, Mr. and Mrs. Weldon Bills and family, Pleasant Hill community; Mr. and Mrs. Curley Mainer, and Mr. and Mrs. Alfred Browning, Fluvanna; Mr. and Mrs. Woolever and son, Union community; Mr. and Mrs. Cecil Ray, Mr. and Mrs. Lonnie Dennis and family, Mr. and Mrs. James Springfield, and Mrs. Henry Rodgers, all of Reef City community.

Morrison Supply Co. employees who will attend the firm's anniversary celebration in Fort Worth over the week end will be Paul Patterson, Bill Burleson and Bill Hamlin.

Korean Refugees Sent To Island Of Cheju

PUSAN, Korea, Jan. 26. (AP) —A government spokesman said today 88,214 refugees from all parts of Korea have been transported to the Island of Cheju, 80 miles off the south coast of the Korean Peninsula.

The spokesman, Clarence Rhee, said 19,500 are in government provided accommodations and 36,714 are scattered.

Cheju has a normal population of 300,000.

Rhee said 60,000 more refugees are to be taken to the island.

PERSONALS

Dr. and Mrs. Robert Hargrove, Jr., 132 Milburn, have returned from the Dallas County Dental Society's midwinter clinic, held in Dallas last week.

Mr. and Mrs. Adrian Danley, 3208 Avenue L, have returned from Raton, N.M., where they spent last week with Mr. Danley's parents.

Mrs. Kenneth Massey, Biltmore Apartments, left yesterday for Winters, Okla., to visit relatives.

Mr. and Mrs. Earl C. Fish, 2901 Avenue W, visited their son, Mr. and Mrs. Creston Fish in Lubbock last week end.

Bill Lockett, superintendent of Fluor Corp. construction at the Snyder Gasoline Plant, expects to leave Snyder tonight for New York City, to embark Feb. 10 for Arabia and supervisorship of construction on an army air base there. Mr. Lockett will begin undergoing emigration examinations next week.

Jack Yeaman was admitted Wednesday to a hospital in Big Spring, where he remained until yesterday when he returned here. Mr. Yeaman and Mrs. Yeaman are visiting Mrs. Yeaman's mother, Mrs. R. H. Curnutte.

Mr. and Mrs. William Fuller of Fort Worth were in Snyder this week.

Mrs. Virgil Bean of Morton, Tex., arrived this week to visit with her husband at Sunset Courts. Mr. Bean is associated with Superior Oil Co.

More Trouble Turns Up For Fields' Heirs

LOS ANGELES, Jan. 26. (AP) — With all issues apparently settled and the estate of Comedian W. C. Fields about ready for final distribution, a Chicago woman has sued to determine her rights, claiming she was the late actor's first wife and that he deserted her and their seven children in 1910.

Mrs. Edith Williams, 71, suing to recover against Fields' $771,428 estate under the California community property law, claims she married the bulb-nose funnyman in 1893 when she was 13 and he was known as Bill Williams and William Ward. She said he abandoned his family in Galesburg, Ill., and that five sons are still alive.

Mrs. Williams, almost blind, filed a petition for letters of administration in Chicago probate court last Dec. 13, claiming Fields had $50,000 in Illinois property.

Fields died Dec. 25, 1946 at the age of 67. Court approval of a settlement in the extensive and bitterly contested litigation over the estate was granted only last week. Fields' widow, Harriet, getting more than half. Shares went to other claimants, among them $15,000 for William Rexford Fields Morris, Dallas airline clerk who claimed to be Fields' illegitimate son by the late Follies dancer, Bessie Poole.

Ernest Bevin Said Slightly Improved

LONDON, Jan. 26. (AP) — British Foreign Secretary Ernest Bevin, ill with penumonia, is maintaining the slight improvement shown yesterday, it was announced this morning.

The foreign office issued the report after the ailing Bevin's physician, Sir Alexander McCall, examined him early today.

Gregg County Vote

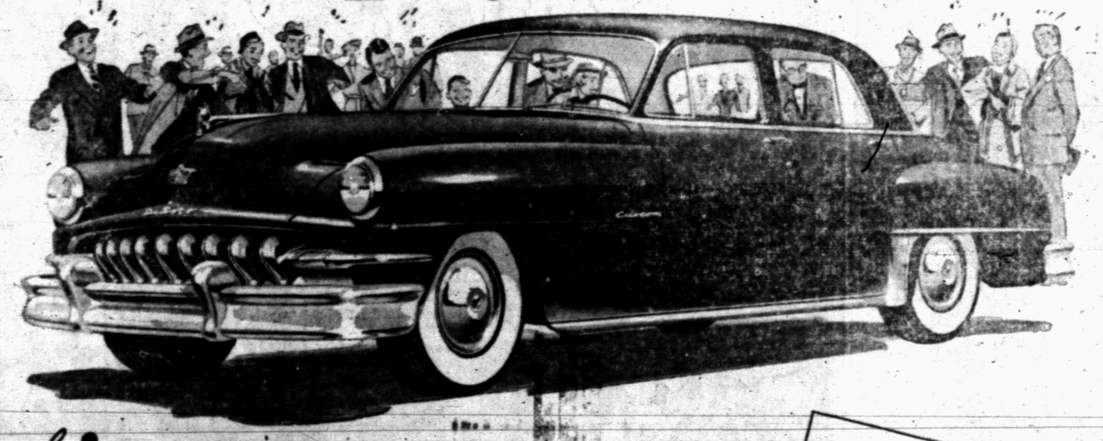

LONGVIEW, Jan. 26. (AP) — Gregg County voters approved 2,122 to 529 yesterday a 20-cent property tax levy to help pay for a highway improvement program.

Forty Texas Counties Have Federal Crop Insurance Now

By JOHN KAY ADAMS
(Associated Press Staff)

For a few Texas farmers the current drouth is not a disaster.

They are insured — by Uncle Sam — against crop losses caused by "acts of God."

That also covers biting northers, hailstorms and insect invasions.

The insurance is not available to all farmers. The federal government's crop insurance program still is experimental and limited to carefully selected counties.

IN 40 COUNTIES

Congress wants the program to be kept limited and experimental until a sound basis for operations is worked out. Many years of privately-financed efforts to give farmers the benefit of crop insurance failed.

This year farmers in 40 Texas counties will be able to insure their crops against "acts of God."

Workable insurance against the vagaries of nature is a dream almost as old as agriculture. It is coming true in Williamson County in Cental Texas.

The farm record there is the pride of the Federal Crop Insurance Corporation. Farmers have earned a 30 per cent reduction in insurance rates on their cotton crops. Many individuals are credited with an additional 25 per cent rate discount by carrying policies for seven years without a loss. Williamson is the only cotton county in the nation with reserves large enough to earn a premium discount.

RUNNELS MULTI-CROP

Congressman Lindley Beckworth of Gladewater wants to expand crop insurance to the rose growers in East Texas. But State Crop Insurance Director O. B. Briggs of College Station says such new crops cannot be taken in until at least 1952. Congress has placed a definite limit on the rate of expansion of the insurance program.

This year, all-risk crop policies are available in 24 Panhandle and South Plains wheat counties. Cotton farmers in 14 scattered Texas counties may buy insurance. Johnson and Runnels Counties have multiple crop protection.

In these and other carefully selected areas, the Federal Crop Insurance Corporation continues to expand cautiously. It is gathering data and training personnel for a projected nationwide insurance program.

PRIVATE EFFORTS FAILED

Basically, the program involves purchase by the farmer of an insurance policy to protect his crop investment against loss from uncontrollable natural disaster. It does not guarantee price or protect him against poor farming practice.

Attempts to spread the high risk of crop failure through insurance protection have been generally unprofitable. One private company in Minnesota tried offering price and crop insurance in 1899. The firm went bankrupt with the first bad harvest. Another company tried in 1919 and gave it up after losing $1,700,000. Failures were attributed to lack of proper rate tables, unwise sale of policies after the crop was an apparent failure and lack of private funds to sustain a severe initial loss.

$73 MILLION IN HOLE

Uncle Sam opened his fat wallet in 1939 to back a nationwide wheat insurance program. Cotton was added in 1942, also on a national basis. The first five years of operation resulted in losses each year. The principal causes were bad weather and poor selection of the farms insured. Economy-minded Congressmen ordered the program liquidated in 1944.

But the need for crop insurance was so evident that both political parties campaigned for its return later in the same year. The program was re-instituted in 1945. Flax, tobacco and corn were added. But cotton losses continued to increase the over-all deficit. By the end of 1947, the federal corporation was $73 million in the hole.

Beginning with the 1948 crop year, the insurance program was reduced to an experimental basis. A total of 375 counties in the nation were authorized for insurance programs to study and develop a sound base for future nationwide insurance. Many changes were made. Operation in 1948 and 1949 produced premium surpluses for the first time in the history of all-risk crop insurance.

Congress authorized an expansion of 50 per cent in 1949. Correspondingly, the number of eligible Texas counties was increased to 40.

AREAS DISPERSED

Approved wheat counties are in North Texas, the South Plains and the Panhandle. Cotton counties are scattered from the Rio Grande Valley through Central and East Texas. The wide dispersal spreads risk and helps avoid disastrous indemnities in a localized crop failure. It also helps assure more accurate insurance data by spreading the experiment over representative areas.

To encourage farmers to buy policies, the corporation permits a delay in premium payment until after the crop is harvested. However, the farmer must apply for the insurance well in advance of the time he can predict the liklihood of crop success or failure. Dates for application vary. Wheat farmers must apply by August 31 in the year prior to seeding. The premium note is due the following June 30. The same dates apply in the multiple-crop counties. A premium discount is given for early payment. Cotton insurance applications must be made by March 31 for the following crop year.

COTTON ODDS GOOD

The farmer is encouraged to keep his insurance year after year to earn premium discounts. The corporation must insure good crops in bumper seasons if it is to build up the required premium surplus for the lean years.

The goal of the corporation is to make the premiums pay for crop losses. But administrative expenses are to be paid with Congressional appropriations. This year the President is asking $8,200,000 to run the program in 1952.

In Texas about one-third of the eligible farmers are buying the insurance. Experience has been good in the state since 1946 from the standpoint of loss adjustment. Large reserves were established in the cotton program from 1947 through 1949. However, a portion of this reserve will be required to settle claims on the disastous cotton crop in Northeast Texas.

POOR WHEAT PROSPECTS

Texas wheat farmers have not been so fortunate. And another poor crop is in prospect this year.

Opponents of the crop insurance program point out the unfortunate experiences of private companies. Some contend the high risk of farming cannot be insured successfully.

Those in favor of the plan say farmers have made up two-thirds of their losses through premium payments. They say the insurance deficit is much less expensive to the federal treasury than disaster relief in stricken farm areas. In the 10 years before the insurance program began in 1938, the federal government paid $550 million to destitute farm areas.

Express shipping service in the United States began on March 4, 1539.

Glasses And Opposition Are Broken By Baylor Freshman

WACO, Jan. 26. (AP) — If the war doesn't bring a materials shortage that includes spectacles Tommy Strasburger will have one dilly of a season as a member of the Baylor freshman basketball team.

He's already the talk of the town and with good reason.

You'd think Tommy was a fiddler in the orchestra or something more aesthetic. He wears glasses, stands only 5-10 and looks like anything except a slam-bang basketballer.

ONE-HAND SHOTS

But just let this young fellow get on a court and watch things happen. He pesters opposing ball handlers like a swarm of gnats and splits the meshes with long set shots.

Tommy sinks free throws with one hand.

Freshman Coach Bill Menefee said before the season started that his team would be lucky to win two of the 12 games on the schedule.

But along came Strasburger, the Temple hot-shot.

In six games Tommy has totaled 75 points, using about every shot in the books. The Cubs had won three of those games and included in the victims were Lon Morris, Texas A&M freshmen and the North Texas State B team. Those three teams don't lose many games.

COSTLY GAME

Strasburger's biggest night came against the Aggie Fish, who until then were unbeaten. Tommy made 20 points.

But it was in the 41-42 loss to the Southern Methodist Colts that Tommy stole the show. Four times he broke his glasses as he scrambled for loose balls, drove for lay-up shots or fought for interceptions. Each time, he'd call "time out," walk to the bench and get another pair of glasses and have at it again. A teammate would repair the earhook on the damaged specs and have them ready for the fiery little competitor.

Next season, he's due to be wearing contact lenses so he won't have to switch glasses during the heat of battle.

Gavilan-Young Battle Tonight

NEW YORK, Jan. 26. (AP) — Bolo-punching Kid Gavilan is the choice over Irish Paddy Young from New York's Greenwich Village tonight in a 10-round catchweight match at Madison Square Garden. The Cuban Keed probably will go into the ring a 7 to 5 favorite.

This is a battle of toughies who duck nobody. Young, a legitimate middleweight making 155 pounds for this bout, has fought the best in his class. In his last bout he barely lost to Laurent Dauthuille.

Gavilan also takes them all on. Ike Williams three times, Ray Robinson twice, Dauthuille and Robert Villemain. As the ranking welterweight contender, he could move in if Ray Robinson gives up the title.

The bout is scheduled for 9:00 p.m. (CST).

Curtis To Talk To Bible First

CHILDRESS, Jan. 26. (AP)—Silver-haired little Eck Curtis will talk to University of Texas Athletic Director Dana X. Bible before deciding whether he's interested in the head coaching job at Texas Tech College.

Curtis, backfield coach at Texas, spoke to the Childress Quarterback Club last night and said 1950 was "an open season on coaches" that caused Texas' Blair Cherry to die "a slow death." He said the pressure of alumni affected even the players.

Curtis did not refer to the Tech job during his speech, but afterwards talked to a reporter.

It was reported last night that both Curtis and Abe Martin, assistant coach at Texas Christian University, had turned down the position. Both had been interviewed by Tech officials.

"No, I haven't turned it down," Martin laughed in Fort Worth, "because they never have come right out and offered it to me."

Curtis said he told Dr. D. M. Wiggins, president of Texas Tech, that he would have to go back to Austin to confer with Bible before making up his mind whether he is interested.

Council of Christian Women Call Meeting

The Council of Christian Women expect to discuss important business matters at their meeting, scheduled for 3 o'clock Monday, at the First Presbyterian Church.

Mrs. Hugh Boren, reporter of the group, urged that all church-women in Snyder interested in this organization, attend.

Cagers Barred In Iowa City

IOWA CITY, Ia., Jan. 26. (AP) — Two remorseful University of Iowa basketball players, barred from intercollegiate competition for delivering parlay cards to Davenport, Ia., today, awaited final action in their case.

The athletes, Fred Ruck and Herald (Skip) Greene, were suspended yesterday pending further investigation. The two have been regular guards in Iowa's lineup most of the season.

Athletic Director Paul Brechler gave details of the case to the University board of athletics last night. The board voted to leave any further action up to the office of student affairs.

Head Basketball Coach Rollie Williams disclosed that the two players, who are college roommates, had been contacted by an Iowa City representative of a Chicago group that originated the cards. They were asked to deliver them to a Davenport tavern operator and were promised a fee for doing so, Williams said.

Brechler, who investigated the affair, said, however, he didn't think the boys collected any money.

He said it had been determined that Ruck and Greene "did not engage in any use of the parlay cards, nor have they shared in any profit which may have been realized from these cards."

Polly Riley Goes To Quarter-Finals In Doherty Golf Meet

MIAMI, Fla., Jan. 26. (AP) — The competition and the weather were scheduled to get more rugged today as the eight remaining survivors teed off in the quarter-final round of the Helen Lee Doherty Golf Tournament. They were the last of a starting field of 148 women amateurs.

Defending Champion Polly Riley of Fort Worth was expected to end the threat of Edean Anderson of Helena, Mont., and Mary Lena Faulk of Thomasville, Ga., was favored over Betsy Rawls of Austin.

Miss Lindsay, who lost to Atlanta's Dot Kirby on the 36th hole in the finals of the 1949 Doherty, got her revenge in yesterday's second round by grabbing an early lead over Miss Kirby and going on to a 2 and 1 decision.

Miss Riley eliminated another Texan, Betty MacKinnon of Dallas, winning four of the first five holes, then coasting in to a 4 and 3 victory.

Freshmen Eligibility Next Fall Discussed By Major Colleges

By JOHN CHANDLER
(Associated Press Staff)

NEW YORK, Jan. 26. — Unless the international situation turns for the better, freshmen can expect to play varsity football at the nation's colleges next fall.

A check-up of the 10 major college conferences by the Associated Press indicated this today. All of the conferences either have considered or are expected to bring up the question of using freshmen on varsity athletic teams. Undoubtedly, the smaller college conferences are discussing the same thing.

With national defense leaders and Congress tackling a bill calling for a drafting of 18-year-olds, several college groups already have met to talk about the freshmen. The rule, barring first-year students from varsity teams, went out the collegiate window during the last war.

There is no indication yet that colleges plan to ram through any change to allow freshmen to compete in spring sports such as track and baseball. Most of the conference talk looks to the new term next fall.

The Ivy League and other eastern collegiate conferences have called a meeting March 13 to take up the freshman rule. The Southwest Conference will meet May 11-12, unless members request a mail vote beforehand.

Fred Mitchell, president of Mississippi State and head of the Southeastern Conference, said he is polling the 12 member schools on whether there is enough interest for a meeting on the subject.

Several other conferences also have taken up the question, most of them making plans to invoke the rule wherever it becomes necessary.

Hogan Leading Phoenix Field

PHOENIX, Ariz., Jan. 26. (AP) — Golf's mighty little giant held his accustomed place in the game today — leading the field of 124 into the second round of the $10,000 Phoenix Open.

Ben Hogan, missing from the scene since last July while he watched Hollywood make a movie of his intriguing life, got back on the tournament trail yesterday and proceeded to take apart the 6,888-yard, par 36-35—71, Phoenix Country Club with a 3332—65.

The reigning U. S. Open king went into the second round with a one stroke lead on veteran Lawson Little and Chick Harbert, and two shots off the pace were Lloyd Mangrum, Julius Boros and Johnny Bulla.

Wedding Band Class Has Party at Ranch

Members of the wedding band class of the First Methodist Church were entertained at the D. M. Cogdell ranch last night.

Following the supper, games of canasta furnished diversion for the evening.

Those attending were Mr. and Mrs. Lyman Yoder, Mr. and Mrs. Ed Rhodes, Mr. and Mrs. Jack Bowden, Mr. and Mrs. Marcene Holt, Mr. and Mrs. Floyd Boston, Mrs. W. W. Park, the Rev. W. W. Adcock, Jim Rhodes, Mr. and Mrs. Bob White, Mr. and Mrs. F. E. Wright, Mr. and Mrs. R. C. Marler, Mr. and Mrs. Cecil Boren, Mr and Mrs. A. S. Andy, Jr., Mr. and Mrs. Clyde Godwin, Mr. and Mrs. Dick Sanders and Mr. and Mrs. Vernon Hebler.

New Girl Scout Troop Organized at North Elementary School

Girl scout organizations in Snyder have increased by one with the creation this week of Troop Number 13, a troop composed of fifth grade girls.

Mrs. Floyd Boston is the leader of the new group, Mrs. Clyde Godwin, co-leader. Two committee mothers, who will help the girls in starting activities are Mrs. E. L. Kownslar and Mrs. T. W. McGriff.

Girls present for the meeting this week at the northwest elementary school were Judy Bickerson, Melinda McGriff, Lana Kownslar, Wanda Blackwood, and Hazel Ruth.

According to Mrs. Boston, future plans of the troop include second class badge work, first aid badge work, and summer camping activities.

Next meeting will be at 3:30 p.m. Wednesday, Jan. 31, north elementary school.

Housing Expediter Gets Eviction Notice

WASHINGTON, Jan. 26. (AP)—The man who protects tenants when they are evicted by landlords is being evicted himself.

The offices of Tighe E. Woods, the housing expediter who administers rent controls, are being moved out of "Temporary Building E," near the capitol, to make room for the rapid expansion of the new price and wage control agencies.

Woods' agency now will be in other "temporary" buildings, built in World War II and located in the far eastern part of Washington. Some of the employes have already moved. Woods himself is scheduled to get out by Feb. 10.

Open House Sunday In North Side Baptist Church New Parsonage

Open house will be held from 2 to 5 o'clock Sunday afternoon at the recently completed parsonage of the North Side Baptist Church, 1601 Avenue T, according to the Rev. Earl Creswell, pastor.

Mr. Creswell and his family moved into the new seven-room Austin stone dwelling last week, a few days after completion.

The house was constructed by the church at a cost of about $15,000 on a lot donated by one of the members. Much of the labor in building the house was also donated, and financial contributions among the church membership have paid almost all the cost.

Visitors are invited to see the house Sunday afternoon, Mr. Creswell said.

Television School For Minneapolis

MINNEAPOLIS, Jan. 26. (AP)—It was television classes again today for Minneapolis school children.

Children kept from classes by a strike of school janitors seeking higher wages got their first lessons from television screens yesterday. And so enthusiastic was the response—even from the kid themselves—that officials of the station WTCN-TV said the instruction broadcasts would be continued throughout the strike.

FARMS & RANCHES M5

FOR SALE

One of the best and most modern stock farms in Nolan County. Has beautiful $20,000.00 Brick and Austin Stone home, seven room and two tile baths, double garage with storage or work shop. Good set of tenant quarters, 2 wells with pressure pumps. 380 acres of cultivated land, more that can be if desired. Balance of 1,510 acres in pasture land with plenty of grass and water and sheep proof fences. This place is just off the pavement on an all weather road and school bus route, has butane and REA and is in a prosperous farming community with good roads, good school and shopping center and good churches. A real buy if you are looking for one.

We also have several smaller farms and a small ranch, two good business propositions, both small and worth the money, and some good rental units.

All Male Cast In Methodist Society's Play

A "Womanless Wedding" will be staged in the fellowship hall of the First Methodist Church next Wednesday night, the first public program to be presented there since the opening of the building.

The presentation is sponsored by the Women's Society for Christian Service, and is under the direction of Mrs. Oscar Weber. Other members of the committee are Mrs. J. C. Dorward, Mrs. W. W. Park, Mrs. J. P. Nelson and Mrs. J. E. Stinson. There will be no admission charge, but a silver offering will be accepted, with proceeds to go toward purchasing additional equipment for the building.

Members of the all-male cast are to include Ross Hemphill as announcer; Wayne Pitner as organist; Jimmy Rhodes as preacher; G. Edward Bolger as the bride and J. P. Billingsley as the bride groom.

Clyde Hall Jr., will be the maid of honor, with Raymond Robbins as best man. The Rev. W. W. Adcock will be the matron of honor, with W. W. Park, J. P. Nelson, Ernest Wiggins and Harold Bennett as bridesmaids. Bob White will be flower girl, with Dick Vassberg as ring bearer. Floyd Boston and B. S. Pitner will be the parents of the bride, with J. P. Strayhorn and J. E. Phelan as the bridegroom's parents. Hubert Strom and Lynn Jordan will be the baby and little sister respectively.

The part of the rejected suitor will be played by W. J. Bryant, with Glenn Curry Snyder as the old maid aunt. Frank Patterson and Theo Painter will be the aunt and uncle, with Homer Graham and Roy Lashaway as grandma and grandpa. Bob Dupree, Carl Herod, O. J. Weber and W. S. Decker will be ushers, with J. C. Stinson, Lloyd Davis and Bruce Greer presiding at the guest register. Special music for the program will be given by Lyman Yoder and Dr. John H. Hamblen.

The Postmaster General has power to make postal treaties with foreign governments subject to approval by the President.

Dedication At Dunn Baptist

Dedication ceremonies for a new Baptist Church building at Dunn will be held along with the Sunday morning services, the Rev. C. J. Smith, pastor said.

Lunch will be served on the grounds, and homecoming services will be held until 3:30 o'clock, Smith said.

An extensive building campaign has been completed which saw the church facilities greatly expanded. A new auditorium has been built by completely remodeling the old one, a new education building with seven Sunday school rooms, a pastor's study, a kitchen, and office has been added, in addition to remodeling and enlarging of the the parsonage.

The church expansion program was started six years ago. They built a little at a time, paying for each new addition, as it was built, until countless hours of free labor and more than $13,000 were spent in the program.

Sunday the successful completion of the long program will be celebrated.

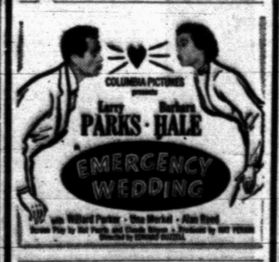

"We especially invite former members and all friends of the church to worship with us on this day. Lunch will be served at the church and services will adjourn at 3:30," Smith said.

Methodists Attend Sweetwater Meeting

A group of young people from the First Methodist Church went Monday night to Sweetwater to attend a sub district meeting.

Attending were: Hubert Strom, Robbie Pratt, Janie Robbins, Martha Robbins, Lowell Bynum, Juanlece Morton, Katherine Elliot, Mary Frances Alford, James Littlepage, Clive Killough, Donald Head, Audrulene Head, David Houston, Louise King, Eulene Riley, Tommie Farquhar, and Edith Blakey.

Colorado City Pastor Accepts Call to Come To Green Hills Mission

The Rev. Carlos McLeod of Colorado City has accepted a call as pastor of the Green Hills Mission just north of the city, and will begin work with the newly established group Feb. 4.

The mission, a branch of the First Baptist Church, called Mr. McLeod as pastor at the close of a revival last week in which there were 54 additions to the church through the organization.

Of these additions, 32 were transfers from other Baptist Churches by letters, and 22 were admitted on professions of faith. The additions were made members of the First Baptist Church, since the mission is a branch of the church and not a separate church yet.

Mr. McLeod has been pastor of two rural churches near Colorado City, the Bethel Baptist Church and the Fair View Baptist Church.

Parsonage Is Moved To Make Room for Church

The six-room parsonage of the First Baptist Church, sold to Mrs. Eunice Weathersbee recently, was moved yesterday from its location at 1707 Twenty-seventh Street to Mrs. Weathersbee's property across the street.

The house was moved in order to provide space for the building of a new auditorium adjacent to the west side of the present church edifice, which will be converted into an educational building. Work on the foundation of the new structure has begun.

The population of Finland is nine per cent Swedish.

Workers Conference At First Methodist

Approximately 50 Sunday school teachers, officers and workers of the First Methodist Church attended a workers' conference held in the fellowship hall of the church Wednesday night.

Lyle Deffebach, general superintendent, presided at the meeting, with Miss Katherine Elliot, educational director, assisting. All classes reported on current progress, including increased attendance.

A covered dish supper preceded the business meeting.

The George Washington Bridge between New York and New Jersey opened October 24, 1931.

To Discuss Evangelism

Bible school teachers and officers of the First Christian Church will hold a meeting at 3 o'clock Sunday afternoon at the church. Members of all regular church committees will meet at 7:30 o'clock Monday night at the church. Discussion at this meeting will center around the evangelism visitation campaign now being planned by the church.

Legislators in Conference

Two powerful members of the legislature are shown in conference last week in Austin. They are Jack Cox of Breckenridge, left, who begins his third term in the legislature, and Sterling Williams of Snyder, right, who begins his fourth term. Cox is chairman of the house sub-committee on appropriations, and Williams is on the powerful speaker's committee.—(photograph courtesy of the Abilene Reporter-News).

Permian Basin Oil News

Possible Production Indicated in Wildcat In Southwest Concho

In Southwest Concho County Jack D. Collins of Dallas and CB Drilling Co. of Abilene No. 1 Plugger, wildcat five miles southwest of Eden, has shown some signs of possible production and has set casing to make production tests.

This prospector ran a one-hour drillstem test at 2,125-32 feet in a Pennsylvanian sand thought to be of Canyon age.

Gas showed at the surface in 32 minutes. No fluid came to the top while the tester was open. Recovery was 1,350 feet of 34-gravity oil and 100 feet of water. Some sources said the water was fresh, and not from the formation.

Open flowing bottom hole pressure was 380 pounds. Shut-in bottom hole pressure after 15 minutes was 680 pounds.

After the test an electric log survey was run and then 5½-inch casing was cemented on bottom.

It was understood that after the cement cures operators will drill the plug and test the pay already drilled in an effort to make an oil well.

The wildcat was originally started to dig to 4,000 feet to test the Ellenburger. It is located 467 feet from south and east lines of section 2008, A. Sator survey.

* * *

Terry County Well Has Salt Water, Slight Oil and Gas Shows

The Wilshire Oil Co. developed salt water, with slight shows of oil and gas, in a drillstem test of its No. 1 Brownfield East - Central Terry County wildcat, four miles east of the town of Brownfield.

It took a 30-minute test at 11,969-12,007 feet. There was a good blow of air throughout the period.

Recovery was 3,870 feet of slightly gas cut drilling mud and 6,570 feet of salt water. There were no signs of oil in the fluid which was recovered.

The prospector is drilling ahead and will continue until it finds and test the Ellenburger.

Location is 1,980 feet from north and west lines of the north half of section 74, block T, D&W survey. That makes it four miles northeast of the Brownfield, South-Canyon field.

The wildcat has not yet found any signs of commercial production of oil or gas.

* * *

Tex-Harvey Location

Union Oil Co. of California has staked location for its No. 4 R. V. Powell on the north end of the Tex-Harvey field of Central-East Midland County.

Location is 660 feet from south and west lines of section 1, block 37, T-3-S, T&P survey. That makes it 16 miles southeast of Midland.

Rotary tools will be used to drill to 7,500 feet, beginning at once.

Thirty - six persons died when the dirigible airship, the Hindenburg, exploded at Lakehurst, N.J., May 6, 1937.

Failure Near Stanton Will Be Abandoned

Southern Minerals Corp. is preparing to plug and abandon its No. 1 S. C. Houston, Northwest Glasscock County wildcat, six miles south-southeast of Stanton.

This exploration drilled to a bottom of 7,777 feet in the Spraberry. Top of the formation was at 6,784 feet, to give it a datum of minus 4,166 feet to that marker.

It tested all the way from the top of the Spraberry to the total depth. Only slight signs of oil and gas were developed.

Most of the petroleum signs were accompanied by salt water.

Location was 660 feet from north and west lines of the southeast quarter of section 13, block 36, T&P survey, T-2-S.

That made the develpment six miles east and slightly north of the Germainia-Spraberry field in Northeast Midland County.

* * *

Upton County Location For 11,000-Foot Test

Cities Service Oil Co. and Continental Oil Co. No. 1 1AM University is to be an 11,000-foot prospector in Southeast Upton County. Drilling is to start in the near future.

It will be one-half of a mile south of the same operators' No. 1-AH University, completed early in the week as the discovery of flowing production from the Ellenburger to open a new deep field.

Location is 1,988 feet from north and 2,022 feet from east lines of section 32, block 3, University survey.

It is eight miles east of Rankin and six miles south of the Benedum multipay field.

The Cities Service and Continental No. 1-AH University also showed prospects of a flowing discovery from the Spraberry sand of the Permian. That pay is now cased off for possible future production.

Delegates Will Attend Junior Chamber Meeting

Five members of the Snyder Junior Chamber of Commerce will attend all or part of the bi-regional meeting of the Texas Junior Chamber of Commerce in Abilene Saturday night and Sunday, Jack Kennedy, secretary, said today.

Planning to attend the banquet and dance Saturday night are Bob Hargrove, Hugh Rogers, and Robert Kahn. Myron Fenton, president-elect, and Lindy Clark, incumbent president, plan to arrive in Abilene Sunday morning for the business session.

The meeting is a semi-annual affair for region Nos. 4 and 5 of the Texas Junior Chamber of Commerce. The Snyder chapter is in region No. 4.

STOCK MARKET

NEW YORK, Jan. 26. (AP) — A modest upturn in prices was achived quietly today in the stock market.

Trading proceeded at a comparatively slow pace right from the start in a kind of relapse after yesterday's fast closing spurt in business.

Texas History Written in Brands

By JOHN M. HENDRIX

Bill Curtis came into Clay County in the early '70s from the Palo Pinto Country where he had been in partnership with the Lovings, Rivers, and Ikards in the cattle business. He supplied beef to the government for use on the Indian reservation across Red River, and maintained a range on Cache Creek in the Indian territory.

It was always his dream to have large acreages on which he could run many cattle. At one time his famous Djamond Tail ranch, which covered the south half of Greer County in Oklahoma and portions of Collingsworth and Hall Counties in Texas, ran more than 60,000 head of cattle which bore his famous Diamond Tail brand. His headquarters were on Dough Creek and he had a camp on Buck Creek in Hall County. The ranch grew into one of the finest properties in West Texas and existed as such until the cattle crash of 1885-1886, which caused them severe losses as it did hundreds of other cowmen.

He later ranched in the Salt Lake section of New Mexico near Portales and acquired considerable ranges in that area; these he operated until his untimely death about 1940. He was killed by a six shooter slipping from the seat opposite him on a Fort Worth and Denver train en route from Amarillo to Memphis, Texas. The gun had slipped from the pocket of a young man sitting directly opposite him and accidentally discharged.

Among the old-time cattlemen, Curtis was considered by many to be "a plunger"; that may be but the cattle history of West Texas deals with no man of more color, nerve, and skill in the cattle business than "Diamond Tail" Bill Curtis.

The story of how he selected the Diamond Tail as a brand is picturesque and highly descriptive of a way brands were selected. It is said that Curtis and his partner when they arrived on Buck Creek with their first herd of cattle which was in many brands, decided on one brand for the new range and herd. They were sitting around the chuck wagon discussing brands when Curtis called his partner's attention to the handle of the old-fashioned coffee grinder attached to the chuckbox, and suggested from its peculiar structure, which in a way resembles the diamond tail, a brand that was to go upon thousands and thousands of cattle during the ensuing years.

While Curtis had varied cattle interests, his home and the greater part of his time were spent in Henrietta, Texas.

COTTON

NEW YORK, Jan. 26. (AP) — Cotton futures at noon 30 to 65 cents a bale higher than the previous close. March 44.2, May 43.73 and July 43.51.

Oil News

(Continued from Page 1)

sylvanian lime reef below 8,394 feet.

Top of that formation has been called at 8,392 feet, minus datum point of 5,661 feet.

On the top of the reef the project is 30 feet higher structurally than Gulf Oil Corp. No. 1 Carrie S. Dean which is a 10,455 foot failure two and one-quarter miles to the northwest.

Location of the No. 1-32 Dean is 660 feet from south and east lines of section 32, block 1, J. Poitevant survey. That makes it 11 miles northeast of Lamesa.

JAMES LYLES

James E. Lyles of Snyder has scheduled his No. 1 Dr. W. E. Schulkey as a 6,000-foot wildcat in Southeast Tom Green County.

It will be drilled 1,980 feet from north and 660 feet from west lines of German Immigration Co. survey No. 762 on the 440-acre Schulkey lease.

That makes it one and one-half miles west of Knickerbocker and two and three quarter miles south and slightly east of the Ohio Oil Co. No. 1 M. D. Bryant, wildcat testing to complete and two and one-half miles south and slightly west of Ohio No. 1 Edward Jones which was abandoned in the Pennsylvanian.

George Calls Nehru Gambler

WASHINGTON, Jan. 26. (AP) — Sen. George (D-Ga) said today that Prime Minister Nehru of India is "making a tremendous gamble" in opposing American efforts to brand Red China as an aggressor in Korea.

The veteran lawmaker reviewed Nehru as gambling that the Chinese Communists "with or without active and direct participation of the Russians" would overplay aggression in other areas and run out of steam before getting around to India.

"Evidently Nehru hopes that Red Chinas problems will so multiply in Korea, Indo-China, Burma and Tibet that he can reach a working agreement with Mao Tse-tung on some type of neutrality," George told a reporter.

Mao is the leader of the Chinese Communist government whose forces now are pitted against the United Nations troops in North Korea. Nehru Wednesday in a major policy speech lined up against American efforts to get the UN to declare the Chinese Reds as aggressors. He called, instead, for a conference of major powers to discuss their differences.

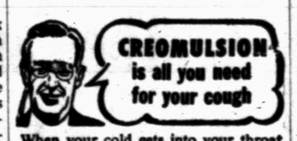

4-H Youths Leave For Fort Worth Stock Show

A group of about 30 Scurry County 4-H club members left Snyder about 1 o'clock this afternoon by car for Fort Worth to attend the Southwestern Exposition and Livestock Show, with O. M. Fowler county agent.

"Saturday has been designated as 4-H day at the show and Scurry County will be well represented by members from Fluvanna Hermleigh, Ira and Snyder." Fowler said.

The purpose of the trip is educational and recreational, Fowler stated.

The group will be housed in the J. P. Elders, Jr., High School, and will spend tonight and tomorrow night there. They will use the school gymnasium and carry along their blanket rolls, said Fowler. They will return to Snyder Sunday.

When your cold gets into your throat and chest and cough develops, work fast. Creomulsion relieves quickly because it:

1. Soothes raw sore throat and chest membranes.
2. Loosens and helps expel germy phlegm.
3. Mildly relaxes systemic tension.
4. Aids nature fight the cause of irritation.
5. Has stood the test of millions of users.

You must be pleased or your druggist will refund your money.

relieves Coughs, Chest Colds, Acute Bronchitis

Calvary Baptist Will Mark Anniversary In Special Sunday Service

The Calvary Baptist Church, Avenue I and Thirteenth Street, will mark the first anniversary of its founding Sunday, the Rev. T. Gerald Cates, pastor, announced today. He will deliver a special anniversary message at the 11 o'clock worship service.

The church held its first services on the last Sunday in January last year with 23 members. Since that time, about 185 members have been added, Mr. Cates said.

Mr. Cates will speak on a radic broadcast at 8:30 Sunday morning. Sunday school classes, meeting at 10 o'clock, will study "Jesus the Bread of Life." Sunday night Mr. Cates will present an address based on chapter 14 of the book of Revelations.

The church has received 1,000 gospel tracts which will be distributed by workers in personal contacts, Mr. Cates said.

Two Men Charged With Liquor Law Violation

Two men were charged in county court yesterday with liquor law violations, each pleading not guilty, and their bonds were set at $2,500 each.

Jack Fanning, 39, of 2212 Avenue S, was charged with transportation of liquor for purpose of sale in a legally dry area. Charles Youngblood and Homer Whisnand, deputy sheriffs said they confiscated 333 half-pint bottles of whisky when arresting him just west of the city on the Lamesa highway.

Elmer James Terry, 49, of 3020 Twenty-fifth Street, was charged with possession of liquor for purpose of illegal sale. He was also arrested by Youngblood and Whisnand.

Kline Not To Speak For GOP

WASHINGTON, Jan. 26. (AP)—The Republican National Committee switched speakers hurriedly today amid reports that a Farm Bureau Federation official was avoiding a political appearance.

Committee officials told reporters Dana Bennett, executive secretary of the Foundation for Agriculture, had been substituted for Allan B. Kline, head of the Farm Bureau Federation, as speaker at a GOP committee luncheon.

Kline is a foe of the Brannan Farm Plan which President Truman yesterday listed as a part of his "must" program in this session of Congress.

Bennett's organization describes itself as a priavate agency aimed at creating a better understanding between agriculture, business and industry.

Kline's associates said it was their understanding he wished to avoid the appearance of political partisanship.

Russian Income Hike

MOSCOW, Jan. 26. (AP)—The Soviet Government reported today that Russia's wage earners and farmers collected 19 per cent more income—in buying power terms—during 1950 than 1949.

In an extensive annual report made up, as is usual here, largely with comparisons rather than round figures, the statistical administration said the Soviet Union's national income last year increased 21 per cent.

The Statue of Liberty on Bedloe's Island, is made of bronze and weighs 225 tons.

enz¼ „ vxz&? cmfw shrd hrdlu and weighs 225 tons.

Police Charge Two Men Following Cafe Fight

Charges of disturbing the peace were filed against two men in corporation court at the city hall yesterday following a fight at the E&H Cafe, 2407 Avenue S, about noon yesterday, in which Troy Lou Gibson, 49, of the OK Hotel was slightly injured.

Gibson, who was treated at the Snyder Hospital for a laceration and bruise of the forehead, was injured following an argument with W. A. Duke, proprietor of the cafe. He was taken to the hospital in a Bolger-Barnes ambulance.

Rockefeller Center, in New York City, was completed in 1940.

Fire Breaks Out In An Unoccupied House

A heating unit in the attic of the new Floyd Logan home at 3605 Avenue U caught fire yesterday and caused slight damage to the house, firemen reported.

The house, a new one not yet occupied, was not damaged extensively by the fire, but firemen said that there might be some water damage.

The general alarm was answered by 13 volunteer firemen, and both the city's fire trucks.

Chester Allen Arthur became president when Garfield was assassinated in 1881.
