LATE NEWS BULLETINS

U. S. TO PREVENT OIL OVER-PRODUCTION

WASHINGTON, Oct. 17. (AP)—Secretary Ickes said today he would take federal action to prevent oil over-production in Texas, Oklahoma and Kansas, if the states themselves by November 1, do not cut production to the amounts alloted.

IMPRISONMENT OF MACHADO ORDERED

HAVANA, Oct. 17. (AP)—The Grau government today ordered the imprisonment without bond of former President Gerardo Machado and 38 of his associates under the regime which collapsed last August.

WIGGIN TELLS OF PERMANENT BONUS

WASHINGTON, Oct. 17. (AP)—When Albert H. Wiggin retired early this year as chairman of the Chase National bank, he left behind a job paying $202,000 a year and bonuses; but the bank's executive committee voted to give him $100,000 annually for life. He told about it today in the senate stock market investigation, in answers to questions by Ferdinand Pecora—committee counsel—and Senator Couzens (R-Mich).

FATAL FLOYDADA SHOOTING DESCRIBED

DEFENDANT IS EXPECTED TO TAKE STAND

STATE RESTS EXCEPT FOR READING VENUE CHANGE TRANSCRIPT

Description of the fatal shooting of Stokes Campbell, 19-year-old Floydada High school student, by J. R. Readhimer on a street in Floydada, April 6, 1933, featured the state's testimony this morning in 99th district court in the trial of Vert A. Readhimer, 27, Floyd county farmer, for the youth's slaying.

Vert Readhimer, son of J. R., is charged with the slaying, three eye-witnesses testifying this morning that Vert was holding Campbell when the elder Readhimer shot him in the back. Trials of father and son were severed in a defense move Monday. The defendant plead not guilty to the charge.

Six witnesses appeared on the stand for the prosecution this morning and as court adjourned for the noon hour, G. E. Hamilton, special prosecutor, announced the state had rested its case with the exception of reading the change of venue transcript. The state rested with short testimony from L. J. Campbell, father of the slaying victim, who testified briefly regarding the boy's age, his height and weight and regarding an eye infection he was suffering from at the time of his death.

Defendant May Testify

A parade of witnesses including the defendant and a sister, over whose honor the shooting is said to have resulted, is expected to be placed on the stand by defense counsel. More than 60 witnesses were in court when testimony got under way this morning and only six were used by the state, indicating a heavy rebuttal testimony by the prosecution.

The defendant sat with his wife and father, apparently unmoved by any of the testimony this morning.

J. V. Jones, produce man of

SIMON LEGREE, LAWYER MARKS PAY FOR CRIME

SAN FRANCISCO, Oct. 17—(AP)—Swift and violent retribution, the kind countless audiences have longed for, fell upon the historic villains of Uncle Tom's Cabin here last night.

During the famous chase across the ice after Eliza, the fugitive slave girl, one of the bloodhounds sprang at Simon Legree. While Legree went sprawling across the stage, the hound took a determined grip on the seat of Lawyer Marks' trousers.

The surprising change in plot during a rehearsal at the President theater so upset Little Eva that she was unable to continue. Montgomery Mohn, playing the part of Lawyer Marks, was treated where his trousers had been. Edwin Max, the Simon Legree, had his cuts and bruises bandaged.

DAVIS STATES PROBLEM IS NOT OURS

ITALIANS SEEKING TO BUILD GROUND WORK FOR FUTURE PACT

(By The Associated Press)

GENEVA, Switzerland, Oct. 17—The Italian delegates were understood today to have used the latest declaration of American policy in the disarmament situation as justification for rushing ahead with four-power conversations of the problem.

The Italians accepted the definition of the American position by Norman H. Davis, the United States ambassador-at-large, as meaning that his country would participate in no so-called political disarmament negotiations whatever.

U. S. Steers Clear

Mr. Davis, in outlining the United States view, said, "we again make it clear that we in no way are politically aligned with any European powers."

The Italians were represented as believing that ground work for political agreement must be found if disarmament is saved from a complete collapse.

It was reported here that the Germans, who have withdrawn from the arms parley, advocate four-power pourparlers under the aegis of the four-power European peace pact of Premier Mussolini, on the condition that the conversations not be held at Geneva.

(France, Italy, Great Britain and Germany are the signatories of the Mussolini pact.)

French Adamant

The French were understood to have gained knowledge of today's trend and notified the Americans. The French appeared adamant, however, that there can be no four-power pact parley, since that agreement is linked with the League of Nations. They insist on keeping the conference negotiations within the framework of the league.

The Italian idea was understood to go ahead without the Americans, inviting Mr. Davis later when the political matters were arranged.

Kathryn Expects Kelly To Escape From Prison, Rescue Her By Xmas

WIFE OF "MACHINE GUN" PARTS WITH MOTHER AS THEY ARE TAKEN TO DIFFERENT PRISONS

(By The Associated Press)

MEMPHIS, Tenn., Oct. 17.—Boasting that her husband, George "Machine Gun" Kelly, will break out of his own prison and rescue her before Christmas, Kathryn Kelly left here today for Cincinnati after a final parting with her mother, Mrs. R. G. Shannon.

"George will see me at Christmas," Mrs. Kelly told officers. "He told me he would break out Christmas and get me out. He always does what he says he will."

The next minute, however, the auburn-haired wife of the desperado was weeping:

"Mother is so sweet, so innocent," she cried. "I'm worried about her."

The two women, both facing life sentences for their part in the kidnaping of Charles F. Urschel, Oklahoma City oil man, arrived from Oklahoma City shortly before 7 a. m. They walked with their guards to another station where they said goodbye.

Mrs. Kelly boarded a passenger train and departed for Cincinnati at 7:50 a. m., and her mother was removed to the Shelby county penal farm where she will serve her sentence.

En route to Memphis, Mrs. Kelly was overheard telling Mrs. Shannon:

"Mother, I can really be a good woman when I want to. They think I am a bad woman."

"Kathryn," her mother answered, "I've always been a good woman. I wouldn't know how to be otherwise."

Kathryn's arrival at Memphis marked the second time her alleged crime trail led her here. She and her outlaw husband were captured in a bungalow hideout here, September 26.

Despite her previous boast, Mrs. Kelly promised her mother she

GROUP FORMED TO CARRY ON FDR PLAN

ORGANIZATION OF THE COMMODITY CREDIT BODY COMPLETED

(By The Associated Press)

WASHINGTON, Oct. 17.—Organization of the Commodity Credit corporation was completed today and announcement made by its officers that loans of 10 cents per pound to cotton producers on the unsold portion of their crop this year will become available this week.

The corporation, chartered in Delaware, was organized to carry out President Roosevelt's program for making loans to cotton growers.

Talley Named Head

Lynn P. Talley, assistant to the directors of the Reconstruction Finance corporation, was named president; Oscar Johnston, director of finance for the farm administration, vice president, and J. E. Wells, jr., assistant cooperative bank commissioner of the farm credit administration, secretary-treasurer.

Directors in addition to Talley and Johnston are: Secretary Wallace; Farm Administrator George N. Peek; Governor Henry Morgenthau, jr., of the Farm Credit administration; Stanley P. Reed, general counsel of the Reconstruction Finance corporation; Herman Oliphant, general counsel of the Farm Credit administration and S. B. Schwulst, special assistant of the reconstruction corporation.

Set-up Explained

An explanation of the fiscal set-up and the arrangements for making loans was issued after the organization meeting.

The entire capital stock of $3,000,000 for the corporation was subscribed by the secretary of agriculture and Morgenthau with funds allocated by the president under the Bankhead amendment to the National Recovery act. On initial loan of $250,000,000 from the reconstruction corporation was ar-

Powerful Pacts Hinder Germany

WITHDRAWAL WILL NOT RELEASE NATION FROM TREATIES

(EDITOR'S NOTE—What is Germany's status in relation to the League of Nations now that she has announced her intention to resign? Can she rearm independently outside the league? Could she move into neighboring countries with armed forces if she chose? This comprehensive story bring the answers.)

BY JOSEPH E. SHARKEY

GENEVA, Oct., 17. (AP)—Powerful pacts bind Germany in an iron grip despite her expressed intention to resign from both the League of Nations and the world disarmament conference.

Even should she carry out her plans, she still would be bound by the treaty of Versailles and the Locarno pact.

Too, she would be amenable to the provisions of the league covenant for two years—just as is Japan, a previous seceder.

Risks No Penalties

But Germany by the double withdrawal, automatically risks no sanctions or penalties whatsoever.

Germany is free to withdraw from the league, but under article one of the covenant she can quit even after two years' notice only if she has fulfilled all international and covenant obligations.

If German troops should invade a demilitarized zone on the east bank of the Rhine, Germany under the Versailles treaty could be hailed before the league council.

Then, should the council decide by a majority vote that the act constituted aggression, the French army could be moved over the Rhine without thereby committing the act of war.

By the Locarno pact, Germany and Belgium and also Germany and France mutually undertake not to invade or attack one another or resort to war.

Peace Is Promised

Signatories of the Locarno pact promise to settle all disputes by peaceful means.

If one of them alleged violation of the provisions or a breach or articles 42 and 43 of the treaty of

Girl Kills Self To Escape Gibes

NEW YORK, Oct. 17. (AP)—Mary Jane Dane, 17, weighed 200 pounds, and because she weighed so much the other girls called her "Fatty," and because of that she killed herself.

It took her a week to reach the decision, a week in which she remained away from high school and away from gibes and taunts, her parents unknowing.

When a card came from her principal Saturday, asking why Mary Jane was absent, she pocketed it before her mother could see it. Then she engaged a room away from home and called herself Dian Whitman.

They found her body yesterday, a self-fired bullet through her head, and a note which told her mother that she was sorry.

EMBARGO MAY BE EXTENDED

NORTH DAKOTA CHIEF ASKS OTHER STATES TO JOIN DRIVE

(By The Associated Press)

BISMARCK, N. D., Oct. 17.—The nation's wheat producing states will be asked by North Dakota's governor, William Langer, to join this state in an embargo, until the price goes up.

North Dakota, which produced in 1933 more than twelve per cent of the country's wheat crop, decided to keep it within its own borders, until it is worth more, by proclamation of the governor, issued late Wednesday. It becomes effective after midnight Wednesday.

To Reveal Plight

Governor Langer said his embargo alone could not be expected to raise wheat prices, but that his purpose was to place before the American people "the plight of the grain farmer," whom he characterized the "forgotten man of the NRA."

Notice of the proclamation has been sent to all common carriers with orders not to accept shipments for out-state points. Under provisions of a legislative act passed at the last session which gave him authority for his unprecedented decree, the governor has power to use national guardsmen to carry out terms of his order.

Two Assailants Of American Sentenced

BERLIN, Oct. 17. (AP)—The two assailants of Roland Velz, an American who was struck in the face when he failed to salute the Nazi emblem, were sentenced to six months imprisonment on charges of assault and battery in a so-called speed court here today.

Velz, a native of Meriden, Conn., was struck twice in the face by the pair—one a chauffeur, the other a glass blower—at Duesseldorf, Germany.

Einstein Arrives In America Today

NEW YORK, Oct. 17 (AP)—When Professor Albert Einstein arrived from Europe on the Westernland today he was hurried off the liner into a tug, avoiding the usual landing procedure. No explanation was offered about whether this was done to avert a possible demonstration by sympathizers with German Nazis, or whether the renowned mathematician merely wished to escape the crowds at the pier.

Dr. Einstein is in the United States to take a chair at the Institute for Advanced Study, Princeton, N. J.

COLEMAN, CASEY AWAIT SENTENCES

SAN ANGELO, Oct. 17 (AP)—Cass Coleman and Will Casey, Coleman county, Texas, farmers, today awaited sentencing by Federal Judge William H. Atwell for harboring "Machine Gun" George Kelly and his wife, Kathryn, convicted kidnapers of Charles F. Urschel, Oklahoma oil man.

Coleman pleaded guilty and testified for the government against Casey, who was convicted last night within an hour after the jury received the case.

The maximum penalty possible would be two years' imprisonment and a fine of $10,000.

Daughter Of Rail Official Guarded

PHILADELPHIA, Oct. 17 (AP)—The Philadelphia Inquirer says Betty Downes, 15-year-old daughter of a Pennsylvania railroad official, is the object of a renewed campaign by the extortionist who threatened her life two months ago.

As a result, the girl's bodyguard has been recalled and armed men are assigned to protect her to and from school in the Chestnut Hill section of the city, the Inquirer says.

Government Is To Buy Butter, Beef

WASHINGTON, Oct. 17 (AP)—Purchases of $15,000,000 worth of butter and beef today was the government's latest step in its program for feeding surplus foodstuffs to the needy.

At the rate of 2,000,000 or more pounds a week, government money will dig into a butter surplus estimated at 70,000,000 pounds. Simultaneously, it will buy an undetermined quantity of beef in the canner and cutter grades.

KIDNAP STORY IS PROBED

ALLEGED VICTIM BACK HOME TODAY; FREED WITHOUT PAYMENT

(By The Associated Press)

CHICAGO, Oct. 17—William Walton Hall was reunited with his family today while federal and state authorities investigated his story of having been kidnaped by three men who first demanded ransom of $15,000 and later reduced it to $9,000 only to release him without obtaining anything.

His bedraggled appearance and fatigued condition when he appeared at a tavern operated by a friend late last night bore out the truth of his story, relatives said, despite earlier assertions by his business partner, Harry De Lisle, that he doubted if the 31-year-old law student had actually been kidnaped.

Faces Questioning

Later federal agents took Hall, part heir to a $200,000 Freeport, Ill., estate and his attorney, J. G. Latimer to headquarters for questioning.

The story told by Hall was that the trio approached him last Friday night as he was driving away in his automobile after attending a class at the Kenth college of law and forced him to accompany them to a house where they held him prisoner until shortly before he appeared last night.

His release, he said, was effected when he spent all day Sunday impressing upon the lone jailer left to guard him, the seriousness of the crime of kidnaping. Last night he said the other two returned, blindfolded him and put him out of their machine after driving around less than an hour.

THEFTS REPORTED

A golf bag containing 9 iron and 3 wood clubs, and a pair of golf shoes, and a pair of pigskin gloves were stolen from his automobile, Ross A. McWhorter, 1808 Avenue Q, informed police late Monday. Calvin Stevenson, 317 Avenue U, reported his Western Union bicycle, blue and black, was stolen.

MINIMUM PRICES ARE SET FOR OIL

WASHINGTON, Oct. 17 (AP)—An elaborate schedule of minimum oil prices today launched the government on its first NRA price-fixing effort.

Secretary Ickes, oil administrator, ordered the minimum levels which become effective December 1. Some oil sources immediately forecast gasoline prices one to two cents higher.

In approving the recommendations of the industry's planning and coordination committee, Ickes said "competitive abuses have created an emergency which threatens the stability of the interstate market for petroleum and the products thereof." He added:

"Their continuance and further spread will make it impossible to fulfill the purposes of the NIRA and the code of fair competition for the petroleum industry."

TWO HELD FOR OLD MURDER

MOTHER AND HER SON ACCUSE EACH OTHER OF SLAYING MAN

(By The Associated Press)

MILWAUKEE, Wis., Oct. 17—The bizarre details of a backswoods slaying, kept secret 19 years, were coming to light, the authorities said today, with a mother and her son each accusing each other of killing the son's father, John Novak.

Joseph Novak, about 36, was held for Marinette, Wis., authorities who said a first degree murder warrant naming him would be issued. He was found on a street here last night.

Mother Also Held

Mrs. Bronfilawa Novak, his 64-year-old mother, was in custody at Mt. Clemens, Mich. She faces a charge of being an accessory.

Another son, Henry, with whom she lived at Van Dyke, Mich., was responsible for her detention.

He informed Michigan authorities that his mother recently told him for the first time the real fate of his father. Marinette authorities were notified and the warrants were asked.

Joseph was arrested here last March on a minor charge. Acting Captain of Detectives Adolph Kraemer said Joseph accused his mother of killing his father 19 years ago on their farm near Dunbar, Wis., 65 miles northwest of Marinette.

Stories Differ

Kraemer quoted him as saying he found his father lying on a bench

(Turn to Page 3, Column 1, Please)

Havana Structure Damaged By Bomb

HAVANA, Oct. 17 (AP)—A bomb today did considerable damage to the San Rafael street show windows of the Woolworth store which has been closed some time as the result of a strike.

Meanwhile, the police faced a new problem in the mysterious shooting of two policemen, who were wounded seriously by shots fired from a sedan which drove rapidly past a car barn where they were on duty.

Rebels In Retreat In Siam Fighting

BANKOK, Siam, Oct. 17. (AP)—Rebel troops were reported on the run today with loyal forces in vigorous pursuit.

As the scene of battle was pressed farther from the city with the attackers' retreat northward, it was announced unofficially that the rebels had lost 500 killed and 1,000 wounded.

Government troops recaptured the airport, but when they took possession they found it stripped of all planes, armaments and munitions.

GINNINGS FOR AREA HIGHER

LUBBOCK INCREASE IS 393 PER CENT OVER OCTOBER 1, 1932

Cotton ginned in Lubbock county prior to October 1, showed a gain of 4,518 bales over the corresponding period last year, Andy L. King, cotton statistician for the federal government, said in announcing ginnings of 5,668 bales. For the same period in 1932 there were but 1,150 bales ginned. Net increase was 393 per cent.

At the same time totals for the South Plains area showed 19,652 bales for 15 counties ginned up to October 1 this year as compared with 4,987 bales to the corresponding date in 1932 or a net gain of 294 per cent.

Three Show Decrease

Briscoe, Hockley and Lamb counties were the only three of 15 counties showing a decrease. No reports were made by Cochran, Castro and Parmer counties. Yoakum county does not have a gin and is not included in the report. Borden county also is not included because of the lack of gin facilities.

Bailey, Crosby, Hale, Dickens, Garza, Lynn, Motley and Terry counties showed increases of more than 200 per cent.

Corresponding ginnings are as follows:

County	1933	1932
Bailey	190	37
Briscoe	417	441
Crosby	1,872	234
Dawson	220	216
Dickens	1,872	178
Floyd	1,203	173
Gaines	140	61
Garza	846	38
Hale	1,202	193
Hockley	391	416
Lamb	1,142	1,391
LUBBOCK	5,668	1,150
Lynn	2,173	261
Motley	1,731	178
Terry	525	20
Total	19,652	4,987

Eight Indictments Are Returned Here

Returning eight bills, increasing to 48 the number of indictments it had made, a 99th district court grand jury was dismissed late this morning by Judge Clark M. Mullican, who complimented it as being "one of the most beneficial Lubbock county has had in many years."

Forty-eight is an unusually large number of bills to be returned by a Lubbock county grand jury.

Of the eight returned this morning, two were against J. W. Adams and May Shaw, charged with forgery. They have been in Lubbock county jail since Oct. 7, when they were arrested in Slaton in connection with a series of forged checks. A series passed in Lubbock also was attributed to them.

TWO WOUNDED IN TEXAS GUN FIGHT

HOUSTON, Oct. 17 (AP)—While Dozens of fight fans were milling about the street in front of the city auditorium last night, City Detectives O. C. Rice and J. D. Broussard engaged in a gun battle with Joe Ed Winfree, jr., 20-year-old law student and special Texas ranger.

Rice and Winfree were wounded. Both were recovering today, hospital attendants reported.

The shooting climaxed a quarrel in which Patrolman Sam H. Clauder attempted to arrest Joe Muhl, 26, boxing referee, for the second time during the evening.

Hitler Is Answered By French Premier

PARIS, Oct. 17 (AP)—Premier Edouard Daladier, calm but grim, today answered Chancellor Adolf Hitler of Germany by questioning the Reich's reasons for withdrawing from the disarmament conference.

The premier arose in a tense crowded chamber of deputies and slowly demanded from the rostrum:

"Why, if Germany is ready to destroy all armaments, why do they withdraw from the conference just when we drafted a plan?"

Mrs. Kelly Offered Bribe, Says Jailer

OKLAHOMA CITY, Oct. 17 (AP)—County Jailer E. E. Herron said today that Mrs. Kathryn Kelly, wife of "Machine Gun George," promised him $15,000 if he would permit her to escape late yesterday just before she was taken from the jail to a train en route to federal prison. Herron promptly rejected the offer.

"Let me call a number, take me a block away and a man will pay you $15,000," he said Mrs. Kelly offered.

OVER 620,000 RETURNED TO WORK IN SEPTEMBER, LABOR DEPARTMENT SAYS

(By The Associated Press)

WASHINGTON, Oct. 17.—The labor department reported today that over 620,000 workers returned to their jobs during September in the seventeen industrial and business groups reporting to its bureau of labor statistics.

Secretary Perkins said over 200,000 workers found employment in manufacturing industries and a slightly larger number in retail establishments.

The seasonal increase in canning accounted for 70,000.

Gains in the wholesale trade were shown.

Building construction industries indicated more than 20,000 workers were added.

The employment increase in September was 3.2 over August with an index of 73.9. In September 1932 the index was 58.5 which was an increase of 4.5 per cent over the previous month.

"This increase in employment of nearly two thirds of a million persons," said Miss Perkins, "does not represent the total number of persons who were returned to employment in all branches of industry.

"The industries surveyed each month by the bureau of labor statistics normally employ about 20,000,000 of the 49,000,000 of gainful workers of the country."

THE WEATHER

FAIR

WEST TEXAS: Fair, somewhat colder in west portion tonight; Wednesday, fair, colder in north portion.

EAST TEXAS: Partly cloudy tonight and tomorrow; cooler in the extreme northwest portion Wednesday. Light to moderate easterly to southerly winds on the coast.

OKLAHOMA: Partly cloudy tonight and Wednesday, colder Wednesday.

American Legion Auxiliary Officers Installed On Monday

Mrs. R. J. Watson Is New President

Officers who were elected several weeks ago in the American Legion auxiliary were seated Monday evening. They will serve during the next year.

Mrs. R. J. Watson replaced Mrs. George S. Berry as president. Other new officers include Mrs. Berry as first vice-president; Mrs. Thomas E. Boyd, second vice-president; Mrs. Herbert Stubbs, third vice-president; Mrs. W. H. Waln, treasurer; Mrs. Fred Stahler, sergeant-at-arms; Mrs. Fred Higbee, chaplain; Mrs. J. A. Dowdle, parliamentarian.

Mrs. F. A. Kleinschmidt, a district official, was the installing officer.

A program committee was appointed, composed of Mrs. Berry, Mrs. R. F. Hinchey and Mrs. Homer Pharr.

Others who attended were Mesdames G. R. Scott, George Brewer, J. Ray Dickey, W. M. Peticolas, W. L. Bradshaw, W. H. Wright and J. L. Wilkins.

Baptist Union Meet Well Attended

Orville Smith of Central Baptist church, who is president of the Plains District Baptist B. Y. P. U., presided at a meeting of that body in Levelland Sunday. Forty-five from here were in attendance. Talks were made by Rev. J. D. Welch and Angus Wages. The next meeting will be at Petit.

Newlyweds Live On Farm Near Here

Mr. and Mrs. Aubrey Cummings, who were married Saturday by the Rev. Walter P. Jennings, pastor of First Christian church, are at home on a farm near Lubbock. Mrs. Cummings is the former Mrs. Charity Farris, daughter of Mr. and Mrs. George Boles.

Third Tuesday Dance Is Cancelled

Although this is the evening for the Third Tuesday Dancing club dance, the October event has been cancelled, according to an announcement made by E. D. Parker. The club will dance on the third Tuesday in November.

Expression Program Heard On Monday

Miss Lulu Mae Cravens presented her expression pupils in recital Monday evening in the music room of the Senior High school.

Palatable Peach Pudding Is Easy To Prepare This Way

By NEA Service

Trying to serve the same old dishes in a new way is a weighty problem which often confronts the average home-maker.

Sticking to the good old simple recipes is all well enough. But unless you vary them sometimes, making them look as well as taste a little different, you'll find your family passing up the dessert course occasionally. And, after all, this last course is by no means an unimportant one.

Dessert May Be Substantial

Nearly everyone needs a bit of sweet. Desserts provide just that. Luncheons are not the hearty meals they used to be. Most of us are content with a bowl of soup, a salad and perhaps a roll. But you say that is not enough to keep a person, particularly a school child, satisfied until the dinner hour. Very well then, let the dessert be wholesome and filling.

For the mother who has to serve a daily luncheon to school children as well as older members of her family, there just isn't anything nicer for dessert than a pudding. Easy to digest, palatable and certainly simple to prepare, pudding recipes are not to be overlooked.

Tapioca pudding makes an ideal luncheon dessert. By changing and dressing it up a little, you can induce your family to eat all you've made and beg for more.

Peaches are in season right now. Why not make the most of them while they last? Here's the way to make a grand peach tapioca pudding:

One-third cup of tapioca, 1-2 cup of sugar, 1-4 teaspoon of salt, 1 quart of milk, scalded, 1 egg yolk, slightly beaten, 1 teaspoonful of flavoring and 1 egg white, stiffly beaten.

Add tapioca, sugar and salt to milk and cook in a double boiler for 15 minutes, or until tapioca is clear. Stir it often.

Stir in Peaches

Pour a little of the mixture over the egg yolk, stirring constantly. Put it all back into the double boiler and cook until thickened. Remove from the fire and add the flavoring. Fold in the beaten egg white and place in the ice box to chill.

When you are ready to serve the pudding, place it all in one of your prettiest bowls, garnish with slices of fresh peaches and set the bowl right on the table to be served there.

To give a more decided peach flavor to the dessert, stir a cup of finely diced peaches into the pudding after it starts to chill. This recipe serves six.

Newlyweds Given Party On Monday

Mr. and Mrs. Earl Hunter, who were married recently, were honor guests at a party given Monday evening in the home of Mr. and Mrs. J. C. Reynolds, 1306 Avenue R. Before her marriage Mrs. Hunter was Miss Catherine Mills.

Guests were principally from the telephone office where the groom is employed. Various games were enjoyed and the honorees were presented with a shower of gifts. Miss Florence Anderson played piano selections.

Those who attended were Messrs. and Mesdames Ernest Ohnemus, Clifford Widener, Charles R. Hurmence, N. H. Holt, F. D. Ewart, J. D. Hinson, Howard Hughes, Misses Hedwig Schultze, Thelma Haygood, Frances Pugh, Navada Baker, Ernie Holder, Pauline Carnes, Lila Townsen, Florence Anderson, Ritabeth Sparks, Pearl Duncan, Mesdames E. V. Middleton, E. O. Rozelle, Herma Logan, Louie Faulkner, Lois Settle, Messrs. Carl Armstrong, Sylvan Halbardier and John K. Logan.

Anniversary Will Be Observed By OES

Members of the Order of Eastern Star here will celebrate thirty-three years of activity at a supper at the Masonic hall at 7 p. m. this evening.

Eight Or Ten Are Believed Drowned

SEATTLE, Oct. 17. (AP)—Reports of the finding of the body of an unidentified girl near the wreckage of the motorship Good Hope of Nome, Alaska, swept ashore by a heavy gale eight miles north of Cape Prince of Wales in Bering straight Saturday, led the coast guard here to believe today that the eight or ten persons on the boat lost their lives.

Elmer Henderson and three native girls were passengers on the 40-foot motor vessel, which operated between Nome and Kotzebue in the arctic. Captain Henry Ivanoff commanded the crew of three.

It also was believed that two Russian scientists rescued by the mail boat after they had been shipwrecked on little Diomede island, were on the vessel. If this were true, the persons lost, would total 10.

Louisiana Officers Will Get Frazier

CLARKSVILLE, Oct. 17. (AP)—Charles Frazier, one of 12 convicts who escaped from the Angola, La., prison farm Sept. 10 and was recaptured 17 miles southeast of Clarksville Friday, will be delivered to Louisiana officers, Ross Smiley, Red River county sheriff, announced.

Dallas Hunter, another of those who broke away, and a woman who gave the name Dorothy Davis, arrested with Frazier, will be tried in Texas on charges already filed against them. Hunter has been accused of robbery with firearms, and Ben Greenwood, Houston county attorney, identified the woman as Dorothy Alzada, under indictment for robbery of a Grapeland, Texas, bank.

MAKE CONTEST OF IT

Much worry will be eliminated if the children are taught to dress themselves when very young. A good idea, too, is to have a chart with days of the week and to let the children mark down with a red pencil if they have brushed their teeth, washed their faces, hands, ears and generally made themselves neat. At the end of the week a perfect record could gain some special treat.

It's In Manhattan

One of the few giant skyscrapers of uptown New York, the 70-story RCA Building world's largest with respect to floor space, is pictured in this striking photo from the newly completed Promenade between the British Empire Building and La Maison Francaise. The promenade, with its pool, fountain, yew hedges and white pine trees, gives a picturesque touch to the largest unit in Rockefeller Center.

AMHERST ROBBERY LOOT IDENTIFIED

Part of the $700 loot from Grimes General Merchandise store in Amherst was identified here Monday afternoon by Mrs. L. J. Grimes at offices of the sheriff's department, which had discovered the apparel here Saturday. Mrs. Grimes had read of the recovery in the Sunday Avalanche-Journal.

Mrs. G. W. Ray, formerly of Abernathy, said that the clothing and other merchandise were given to her and her husband in payment for room and board of two transients.

The shoes Mrs. Grimes brought here were left by the burglars who had fitted new shoes in the Grimes store 19 days ago. Sheriff Len Irvin of Lamb county and Deputy Sheriff Kelley Hooper of Hale county were here investigating the case. With Mrs. Grimes were her daughter and son-in-law, Mr. and Mrs. W. P. (Dude) Brake.

Loot from the Grimes store included men's and women's shoes, boots, shirts, under clothing, piece goods, gloves, socks, women's hose, dresses, trousers, toothpaste, shoe polish, shaving soap, and other merchandise.

HERE'S A TRICK

If you haven't quite enough chicken to serve the day following the chicken's first appearance it can be creamed, served on toast, with rice or macaroni added and your meal will be good, economical and yet sufficient.

Bible And Mission Lessons Studied By Church Women In Meetings On Monday

There were programs that varied from the usual Monday afternoon when church women's societies met in regular sessions.

In two Baptist societies there were periods devoted to packing boxes for children in the church orphanages. Bible lessons were heard by some of the women, others journeyed to mission centers in America and foreign lands in their studies of books. In many of the circles there were business hours with the presidents presiding.

Members of the Nazarene Women's Missionary society elected officers for another year in a session at which the pastor, the Rev. R. M. Hocker, presided.

Mrs. Cook President

These officers were elected as follows: President, Mrs. A. F. Cook; first vice-president, Miss Madie McCleskey; second vice-president, Mrs. Cleo Keith; secretary - treasurer, Mrs. T. L. Johnson; superintendent of study, Mrs. R. M. Hocker; superintendent of publicity, Mrs. E. A. Johnston; librarian, Mrs. Roy A. Naler.

There were 15 at this meeting.

There were separate circle meetings among women in the Calvary Baptist Women's Missionary society but when these meetings were concluded, the women gathered at the church to pack boxes of clothing and other supplies to be sent to the church institution, Buckner's Orphan's home.

Mrs. W. O. Gray lectured on the second missionary journey of Paul, selecting her material from Acts, before members of Circle 2 in this society. The meeting was in the home of Mrs. H. E. Tippit, 2320 Third street. Seventeen women heard her talk.

Also Study Acts

Members of Circle 1 in this society are also studying Acts, but their lesson was selected from the eighth chapter and expounded by Mrs. H. R. Sprawls, their Bible teacher for the year.

This meeting was with Mrs. Charles Rhodes, 1514 Nineteenth street.

Those who attended were Mesdames I. R. Clements, W. E. White, O. H. Cooper, J. A. Ramey, M. C. Cooper, V. Myatt, J. W. Rhodes, C. C. Chase and J. A. Alred.

Seventeen boxes of cookies were packed for a church orphan's home by members of the Central Baptist Women's Missionary society Monday afternoon at that church.

Preceding that part of the afternoon, there was a lesson from the fourth and fifth chapters of Galatians, taught by Mrs. J. D. Welch, the pastor's wife. Twenty-one women heard the discussion. One of these was a new member, Mrs. Belton Pendley.

Also Talks On Bible

Signs of the second coming of Christ were debated by women in the Broadway Church of Christ Monday afternoon. The lesson, drawn from the twenty-fourth chapter of Matthew, was directed by Mrs. E. L. Banks. Forty-three women were in attendance.

The called meeting of women in St. Paul's Episcopal church Monday afternoon at Seaman hall was for the purpose of discussing money-making projects. The auxiliary is to entertain other societies in the missionary district of North Texas in an annual convocation here in January.

Mrs. J. L. Nisbet was appointed chairman of a committee to arrange a Mexican fiesta for early in December at Seaman hall.

Talks On Missions

"The Cause of the Common Man", a chapter from the foreign mission book, "The Never Failing Light", was discussed by Mrs. Robert Withers before about 35 members of the First Methodist Mary Helm auxiliary at that church.

There were 85 women at the First Christian General Aid society meeting. A social hour followed the business meeting over which the president, Mrs. R. A. Mills, presided. Mrs. C. C. Files led the devotional.

Mesdames F. M. Edwards and Mary F. Hinton sang, "Some Day the Silver Chord Will Break" with Mrs. Paul Morgan accompanying at the piano.

Baptist missionary work in South America was discussed before about 35 members of the First Baptist Women's Missionary society in a program directed by Mrs. N. L. Ball. There was a devotional by Mrs. J. T. Daniel. Missions in Argentina, Chili and Uruguay were discussed by Mesdames Ray Allen, W. D. Carnett and J. R. Weiss and Mrs. G. B. Holder talked on what may be expected fifty years hence.

The closing chapter of the book "Eastern Women Today and Tomorrow" was read by Mrs. Fred Sparks before 35 members of the First Methodist Women's Missionary society. Mrs. R. T. Campbell led the devotional. This group met in the chapel of the church.

Mrs. C. A. Bickley discussed literature on missions before the Asbury Methodist Jane Bickley group which met with Mrs. O. W. Carter at her home, 1926 22nd street. Thirteen regular members, one new member and two visitors attended this meeting. The program was mainly of a business nature.

Young Demos Will Attend Breakfast

A breakfast honoring national chieftains of the Democratic party at 9 o'clock Thursday morning in the Blackstone hotel in Fort Worth will be attended by 11 Lubbock county Young Democrats.

The guests of honor will include Vice President John N. Garner, Postmaster General James A. Farley, and Jesse Jones of the Reconstruction Finance corporation, formerly of Houston. The breakfast is sponsored by the Texas unit of Young Democrats of America. The Lubbock county delegation will include:

R. Trent Campbell, Bill Sewell of Slaton, Howard Brown, Vernice Ford, J. Doyle Settle, Carroll Thompson, Rob O'Hair, Clifton Crawford, Chas. Cobb, Garland Smith, Chas. F. O'Neall, jr. The group will leave Wednesday.

Invader Prints

Beginning Wednesday, Through the Week

"OMAHA PLAYS SAFE"

Must Pasteurize All Omaha Milk After July 20th

Pinto Orders Action; Says Rains Present Health Menace

Effective July 20, sale of raw milk in Omaha is to be discontinued, and only pasteurized milk may be distributed, it was ordered Monday by Health Commissioner Pinto.

The order was given to forestall any chance of contagion, he said. Heavy rains of the past few months have contaminated surface wells, the health commissioner asserted, and the majority of dairies get their water supplies from surface wells.

About 75 of the 80 dairies, which furnish Omaha with milk will be affected.

YOU TOO, CAN be safe by using only "Pasteurized" Milk from our completely equipped Pasteurizing Plant.

RELIEF GROUP TO BE NAMED

BOND MEASURE SIGNED BY GOVERNOR; NEW AGENCY CREATED

AUSTIN, Oct. 17 (AP)—Creation of Texas' new bond relief commission to direct the expenditure of proceeds of a $5,500,000 bond issue, to be matched with federal money, to indigents today awaited appointments by the governor, lieutenant governor and speaker of the house of representatives.

The bill, creating the new administrative agency to replace the existing rehabilitation and relief commission, which has functioned in distributing federal funds, was signed by Governor Miriam A. Ferguson yesterday. It became the law immediately, since the emergency clause was placed on the bill.

Adams, Crestman On Board

Governor Ferguson will have the appointment of one member of the commission and Lieutenant Governor Edgar E. Witt and Speaker Coke Stevenson are empowered to name three members each. Other members are the chairmen of the industrial accident board and the Texas judicial council. They are Earl Adams of Crockett and W. N. Crestman of Dallas, respectively. The governor will be ex officio chairman of the commission.

The law creates a separate commission, comprising the comptroller, treasurer and attorney general to attend to details of issuing and selling bonds. The securities will bear four per cent interest.

GERMAN PACTS

(Continued from Page One)

Versailles, the question would be brought before the league council.

If the council should find any reported act a breach, the other signatories—which include England and Italy—agree to aid the power against which the aggression is directed.

In case of flagrant violation of the Locarno pact or Versailles treaty the others would undertake immediately to assist the attacked nation if convinced unprovoked aggression was involved.

This means that if Germany should invade French soil or France invade German territory, Great Britain and Italy—as guarantors—must aid the nation attacked.

France is represented as feeling reassured about the Locarno pact because of Stanley Baldwin's recent affirmation of England's responsibility.

The presence of armed German forces in the demilitarized Rhine zone could precipitate such help under article four of the Locarno pact.

Furthermore, any nation—whether Germany is in or out of the league—could protest to the council that Germany is violating the Versailles treaty by building armaments secretly.

The council then could order an investigation.

Any proved menace to peace would subject Germany to the conciliation stipulations of the league and finally, these failing, to punitive measures outlined in article 16 of the covenant.

Old Murder

(Continued from Page One)

in a shed, a bloody hammer lying nearby. Joseph and his mother hitched a horse to the body, said Kraemer's report, dragged it to a brush pile in a wooded section of the farm and burned it. No substantiating evidence was found and he was released last Sept. 11.

A Van Dyke truck driver however, recently learned of Joseph's detention and told Henry, who had left home before his father disappeared. He confronted his mother, now quite feeble, with the story.

Assistant Prosecutor Fitzgerald at Mt. Clemens said the woman asserted that Joseph then 17, killed his father with a hatchet during a quarrel. Joseph told her he buried the body "behind the house," she said.

Henry said she told him that the body was dismembered and burned. No part of it has been found.

BUICK OWNERS SAVE AND PLAY SAFE

Thousands of owners of Buicks discovered last year that the best anti-freeze on the market was also the cheapest in all-winter cost. One filling of Eveready Prestone stayed on the job right through the cold months. It didn't boil away. And it prevented rust and clogging in the cooling-system.

This year, these same Buick owners are cheering because the price of Eveready Prestone is down to $2.95 a gallon! A Buick 33-50, for instance, can be protected to zero for only $2.95. For other models and makes, see your dealer's chart. One filling of Eveready Prestone is good for 25,000 miles and more. It costs less, too, because you don't pay for water in the can.

Like all car manufacturers, Buick approves Eveready Prestone, and National Carbon Company, Inc., specifically guarantees that it is *safe*.

*20-year records show you may expect freezing weather in Lubbock by October 29. Be ready. Have Eveready Prestone put in now.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, Oct. 17. (AP)—Cotton opened steady, 9 to 22 higher on steadier cables and the advance in foreign exchange. Oct 8.67; Dec 8.90; Jan 9.00; Mch 9.19; May 9.30; Jly 9.47.

In addition to covering there seemed to be a more active demand from domestic and foreign trade sources with the advance soon extending to 9.05 for December and 9.43 for May, making net gains of about 23 to 33 points on the general list.

This bulge met a little more southern selling or liquidation, but the market was holding steady within 4 or 5 points of the best at the end of the first half hour. Reports from Washington that $250,000,000 had been allocated by the Reconstruction Finance corporation for use under the cotton loan plan were a contributing factor on the advance, while there was also talk of an improved technical position following recent declines.

Southern selling and realizing encountered on the early advance was absorbed on slight reactions, with December selling up to 9.13 and May to 9.51 later in the morning, or about 35 to 38 points net higher on the more active positions. There appeared to be rather an active demand for July from several brokers accompanied by rumors of buying through interests connected with operations in seed loan cotton, while there was further covering and buying for trade account. Prices at midday showed reactions of some 6 or 7 points from the best.

NEW ORLEANS REPORT

NEW ORLEANS, Oct. 17. (AP)—Cotton had a firm and fairly active opening. Cables were much better than due and sterling exchange was higher, attributed to improvement in the European political scene. First trades showed gains of 11 to 14 points, which was hardly a full response to the strength abroad. The market advanced further after the start, however, on good trade buying, short covering and some price-fixing. December traded up to 8.98 and March to 9.24, showing gains of 27 to 30 points above yesterday's close.

Later in the first hour, prices reacted 3 to 5 points from the top on a little profit-taking but the undertone continued firm.

Following the slight recession at the end of the first hour, the market firmed again on favorable European news and on heavy short covering which followed announcement of allotment of funds to finance the advance of ten cents a pound to producers. December advanced to 9.08 and March to 9.32, or 37 to 38 points above yesterday's close.

Later, the market eased off on hedge-selling and profit-taking, December to 8.96 and March to 9.19, down 12 to 13 points from the top but around noon prices moved upward again to 9.02 for December and 9.27 for March, at these levels showing net gains of 31 to 33 points. The fresh upturn accompanied a rally in stocks.

Grain Market

CHICAGO REPORT

CHICAGO, Oct. 17. (AP)—Wheat prices jumped more than four cents at the opening today, and later became relatively steady at a general gain of about two cents. Buying was based largely on opinions of trade leaders that setbacks in grain values had been excessive, and that rallies were overdue.

Opening 2 1-8 to 4 3-8 cents up, wheat later reacted to below the initial minimum, and then fluctuated rapidly. Corn started 1-2 to 1 1-4 advanced up, and subsequently rose further.

Three Fire Alarms Are Answered Here

Fire attributed to ignition of a trash can's contents occurred in the home of S. D. Pressley at 2107 Twenty-seventh street this morning. The fire department answered an alarm about 8:32 a. m. Damage, in a kitchen, was slight.

Spreading from an incinerator at the rear of Pickas apartments, 1602 Avenue K, to a servants house, fire caught slight damage there early last night. Firemen answered an alarm about 7 p. m.

Tar caught fire while being heated at the municipal electric plant Monday afternoon. Damage was confined to the tar, Fire Chief W. E. Twitty said.

KATHRYN KELLY

(Continued from Page One)

would be a "model" prisoner.

"Mother will not live long in prison," Kathryn said to officers. Then turning to newspapermen, she said:

"They were brutal to me in Oklahoma City. That officer who slapped me at the trial was mean. It was inhuman."

She expressed regret she and her mother could not serve at the same prison.

"I never had a machine gun in my life," she said in response to a question by officers.

Officers said both women slept well on the train. The officers said they were proud of their feat in slipping out of Oklahoma City. At Little Rock, they said the sleeping car was locked at both ends to avoid a crowd storming the train.

At the station here, Kathryn told officers:

"I still love Kelly, very, very much." She waved a handkerchief, which she said was all she had "to remember him by."

Stock Market

WALL STREET REPORT

NEW YORK, Oct. 17. (AP)—Spots of resistance appeared in the financial markets today.

The stock list started out with indications of regaining most of its substantial losses of the previous session. Recoveries of fractions to more than a point were recorded by most leaders in the first hour. The advance encountered a flood of offerings, however, and there was a sizeable reaction around noon. Buying orders again halted the decline and most of the leaders steadied.

Grains were as erratic as stocks. Wheat rallied around 2 cents a bushel, then dropped this and about 2 cents more before finding support. Cotton moved up, but other commodities were mixed. Bonds were rather irregular. The dollar eased in foreign exchange dealings.

American Telephone shares were active at losses of a point or more. Western Union, American Tobacco B, Liggett & Myers B and Sears Roebuck sagged about a point. Moderate gains were registered by Allied Chemical, Du Pont, U. S. Smelting, U. S. Steel, National Distillers, Chrysler, Case, Deere, American Smelting and American Commercial Alcohol. Union Pacific and Santa Fe were in supply at one time, but came back when the list firmed.

Livestock Market

FORT WORTH REPORT

FORT WORTH, Oct. 17 (AP)—(U. S. D. A.)—Hogs 700; truck 15-25 lower; no rail; top 4.35; bulk better 190-260 lb. averages 4.70-85; medium to choice 160-175 lbs. 4.25-65; packing sows 3.25-3.50.

Cattle 1,400; calves 1,100; steady; good to choice 623 lb. yearlings 6.00; 473 lb. calves short yearling order 4.35; 1,128 lb. fat cows 2.75; other cows 2.10-2.50; medium grade stock calves and yearlings 3.00-3.25; plain stocker steers 2.00; south Texas Brahma slaughter calves 3.15; others 3.00.

Sheep 600; lambs and yearlings weak to quarter lower; medium clipped lambs 5.00 down; few good grass lambs 5.50; shorn yearlings 4.00.

KANSAS CITY REPORT

KANSAS CITY, Oct. 17. (AP)—(U. S. Dept. Agr.)—Hogs 3,500; 80 direct; fairly active; 140-350 lbs. 3.75-3.35; packing sows 275-550 lbs. 2.75-3.50; stock pigs 70-130 lbs. 3.25 to 3.75.

Cattle 9,500; calves 1,000; slow, steady; steers 550-1500 lbs. 4.50-6.25; heifers 550-900 lbs. 4.50-6.25; cows 2.25-3.300; vealers (milk-fed) 3.00-6.50; stocker and feeder steers 3.65-5.25.

Sheep, 4,000; steady; top native lambs 6.25; choice range lambs held above 6.60; lambs (x) 90 lbs. down 6.00-65; yearling wethers 90-110 lbs. 3.50-4.25; ewes 90-50 lbs. 1.50-2.50; feeding lambs (range) 50-75 lbs. 5.25-85.

(x)—quotations based on ewes and wethers.

COTTON LOANS

(Continued from Page One)

ranged for making loans to cotton producers and additional funds will be available if needed.

More than 1,000,000 note forms and loan agreements, together with regulations governing the loans, went to the government printing office today and the first of these will be distributed before the end of the week to county agricultural extension agents and lending agencies of the Reconstruction corporation located at Federal Reserve points in the south including cities with Federal Reserve branch banks.

Must Cut Acreage

"Cotton producers to become eligible for loans, must agree to participate in the 1934 acreage reduction campaign that soon will be launched by the agricultural adjustment administration," a statement of the corporation's loan policy said.

The Commodity Credit corporation will utilize existing agencies throughout the cotton belt in making the loans which may be negotiated directly with lending agencies of the Reconstruction Finance corporation or through brokers, merchants, warehousemen, cooperative associations, banks and other lending agencies.

"The Commodity Credit corporation will not appoint or designate any special representatives or agencies to negotiate the loans nor will it employ cotton classers to pass upon the character of cotton that is placed as collateral."

Military training has been compulsory for 50 years at the Ogontz School for Girls, near Philadelphia.

FREEDOM HELD JEOPARDIZED

PUBLISHER SAYS NRA THREATENS FREE PRESS IN U. S.

CHICAGO, Oct. 17. (AP)—E. H. Harris of Richmond, Ind., secretary of the American Newspaper Publishers' association, said today that the constitutional guarantee of a free press in the United States is in grave danger of destruction under the National Recovery administration.

Mr. Harris, publisher of the Richmond Palladium and Item, has been active in the negotiations of the association for a newspaper code under the NRA and he spoke today before the Inland Press association.

Says Freedom Jeopardized

He asserted that the refusal of the recovery administration to accept two section of the proferred code—one intended to safeguard the freedom of the press and the other prohibiting unions from organizing non-union newspaper plants where employes do not desire union affiliations—had placed in jeopardy free journalism and free government.

"Journalism has been destroyed entirely in Germany," Harris said.

"In the United States, congress has enacted the National Industrial recovery act which gives to the government the right to license all forms of industry.

"The newspapers of the United States are now being asked to sign an agreement with the government under the N. I. R. A., which will abridge the right of a free press in this country.

"Organized labor is in command of the N. R. A. and is attempting to organize every department of a newspaper plant, including even the news department.

"The application of a censorship of the press by organized labor is possible if the newspaper submit to the demands of unions as expressed in the N. I. R. A."

Agreement has been reached on every other clause of the newspaper code, Harris pointed out.

Brevities

Checks Received—Additional cotton checks received this morning by O. G. Tumlinson, county agent, numbered 121 and were for $47,916. There were two lots, 23 for $9,110 and 98 for $38,806.

• • •

Named Chairman—G. K. Horton of Hurlwood was elected chairman of the wheat allotment committee for the west side of the county at a meeting in Shallowater last night. His election automatically gives him a place on the county board of directors. Other committee members chosen were: Bob Crump and Ches Wright. There were 21 contracts signed in that section of the county.

• • •

Transfer Made—K. B. McWilliams who has been manager of the T. C. C. A. branch office at Post, has been transferred to Brownfield where he was stationed during the past three seasons. He also will be in charge of the Levelland branch and today H. L. Gantz, organization director, went to Levelland to arrange for office space there.

• • •

Package Returned—When D. Pratt, a transient, forgot which restaurant he left a package in Sunday night, he came to the newspaper offices for help, as persons away from home often do. He could not find the restaurant, he said, and asked any one finding the package, containing two new shirts, two new pairs of socks and other apparel, to bring it to Avalanche-Journal offices. The request appeared in this morning's Avalanche. Later this morning the package was brought in. Pratt came in for it.

• • •

Extension Classes Formed—Extension classes in human geography, advanced American history, and practise teaching will be formed tonight, beginning at 7 o'clock, at Texas Technological college, J. F. McDonald, director of extension work, has announced. Dr. Raymond Sidwell will teach human geography in room 209, Dr. S. S. McKay advanced American history in room 214, and Prof. J. T. Shaver practise teaching in room 216, all in the administration building.

• • •

Lions Hear Cowboy Music—Cowboy music presented by "Cowboy" Davis and his orchestra featured the Lions club program at noon today at the Hilton hotel. The automobile committee, Harry Morris, chairman, was in charge, with W. E. Lavender as program chairman. President Sam McFarland announced ladies night would be October 31 with Dr. C. C. Craig as chairman and the ladies furnishing the program. An inter-club meet for the local group will be held at Plainview November 7 with E. L. Pitts as chairman. The publicity committee, with Hugh Norman as chairman, will be in charge of next week's program.

• • •

Funeral Set Today—Funeral services for James Edward McCormick, 3-year-old son of Mr. and Mrs. C. F. McCormick of Becton, who died at 3:45 p. m. Monday in a sanitarium here after a week's illness, were to be conducted at 3 o'clock this afternoon at Becton Methodist Episcopal church. Burial, directed by Sanders Funeral home, was to be in Idalou cemetery. The parents, a sister, Oma Lee, and a brother, LeRoy, survive the boy.

• • •

Assault Charged—J. D. Windham was charged with aggravated assault upon Mrs. S. M. Albrecht in a complaint filed in county court Monday by County Attorney Vaughn E. Wilson. Windham and Mrs. Albrecht both live west of Hurlwood.

OLD CLOTHES TO BE SOUGHT HERE

As a humanitarian move, that suffering and humiliation may be lessened, and as a social policy, that better citizens may be developed, City-County Welfare association will distribute to needy children garments, shoes, and headgear contributed next Saturday by more fortunate Lubbock residents.

Automobiles, in which Boy Scouts will ride, will be driven systematically through the city, the scouts collecting bundled donations from porches. Contributors are asked to put their bundles in view by 9 a. m. Saturday.

Provision of apparel will enable children to remain in school, will assure protection of babies against cold, and generally will be a safeguard for youngsters not sufficiently clad, Mayor J. J. Clements said. All kinds of apparel for both boys and girls from infancy to 16 years old are needed.

Mayor Clements said he would ask plant owners to blow their whistles at 9 a. m. Saturday, signaling start of a third annual old clothes drive.

Jack Douglas will arrange for the corps of automobiles to be used in collecting dopations.

READHIMER TRIAL

(Continued from Page One)

Floydada, was the first witness. He described the shooting and told of hearing cries for help which attracted his attention to the three men. He said he crossed the street and was near the trio when the older Readhimer opened fire, shooting the Campbell boy twice in the back as the younger Readhimer held his (Campbell's) arms. Jones said Campbell pitched forward as Readhimer turned loose of him and the elder man stepped up and fired twice more into the back of the youth's head as he lay on the ground.

Witness, Lawyer At Odds

On cross-examination, the witness and Geo. Dupree, a defense attorney, seemed at odds with each other as they snapped back questions and answers, the witness declaring several times, "I'm not going to say." Dupree sought to have Jones testify Stokes Campbell was a much larger man than Mr. Readhimer, but the witness said he "wouldn't guess how big he was." Jones said the elder Readhimer said, "The dirty dog, he won't ruin any more women," after he had fired shots into the boy's head.

On re-direct questioning, Jones said V. A. Readhimer was standing at the Campbell boy's head when his father fired the second shots and that he (the defendant) made no move to halt his father. After he had fired, Jones said the younger Readhimer said, "You hit my hand," and his father replied, "Did I hit you." He said the older man re-loaded his gun after he had fired the second two shots.

W. B. Cantrell, retired farmer, was the next witness. He told of being near the scene of the shooting and declared both the Readhimers had hold of young Campbell just before he was shot. Cantrell said the younger Readhimer was holding to Campbell's right arm when the older man shot the boy in the back. He corroborated Jones' testimony regarding the older Readhimer's shooting the boy on the ground.

Heard Cries For Help

Dale Strickland, 21, Floydada service station operator, testified he was attracted by the cries for help as he sat in his station and upon going to the door noticed the trio in the street. He said the Campbell boy cried for help seven or eight times and that when he noticed him Vert Readhimer had hold of his right arm and Campbell was apparently trying to get loose. He said the older Readhimer was just behind them when he fired twice into the boy's back.

On cross examination, Geo. Dupree produced Strickland's testimony in the habeas corpus hearing which was contradictory to a statement he had just made and the youth said the habeas corpus testimony was correct. He had testified in the previous hearing the older Readhimer did not move from his tracks when he fired the second two shots into the boy's head and had said on direct questioning today that the older man stepped toward the boy. Hamilton objected to what he termed Dupree's "stage play" before the jury at this point.

Testify About Wounds

Two witnesses, Dr. V. Andrews, pioneer Floydada physician, and Lee Mayhew, undertaker, testified as to the wounds found on the boy's body. Both said there were four wounds, two in the small of the back and two in the back of the head. Both said none of the bullets went through the body.

The defense made no cross examination of the slain boy's father.

Defense testimony was scheduled to begin immediately after court convened this afternoon. Indications were that two or three days would be used in presenting defense witnesses.

The courtroom was only partially filled this morning, the majority of the spectators being residents of the Daugherty community in Floyd county where the Readhimer and Campbell families lived at the time of the shooting.

They're Squirming In Saddles Out In Wide Open Spaces

AUSTIN, Oct. 17. (AP)—Out in the wide open spaces, they're squirming in their saddles, metaphorically speaking, because the singers won't, or can't, pronounce an ordinary range term.

It should be "do-gie," long o, not "dog-gie," in the familiar refrain, "git along little dogie, git along, git along." J. Frank Dobie explained that the dogie on range lore and a member of the University of Texas faculty, is the authority.

Dobie explined that the dogie is a motherless calf, but that drivers of cattle often use it generically in talking to all kinds of cattle, especially yearlings, as they ride along with the herd.

Wilhelm Approves Germany's Action

DOORN, Holland, Oct. 17.—The former German kaiser, believing it was a matter of honor for Germany to withdraw from the League of Nations and the disarmament conference, expressed whole-hearted approval today of the action.

Germany entered the league with honest intentions, but was always treated on an unequal footing, Wilhelm declared.

Far from being surprising or unexpected, Germany's move was regarded by him, he said, as the logical consequence of the treatment to which she has been subjected.

Regarding his own position, Wilhelm asserted it was not changed and there was no question of his return to the fatherland.

Slaying Of Four Is To Be Investigated

SANTO TOME, Argentina, Oct 17 (AP)—Government representatives of both Argentine and Brazil today were investigating the slaying of four Brazilians here.

Shot when an Argentine border patrol fired on a launch crossing the Uruguay river from Brazil, the dead include:

Ari Vargas, nephew of President Vargas of Brazil; Abdon Motta, cousin of President Vargas' wife, and the owner of the launch, named Rosenbeck, and his pilot.

LOCAL MAN HURT

J. B. Giles of Lubbock suffered fractures of the right wrist and thumb about noon today when the hand and arm were struck by a winch at the Lubbock Steel works, 214 Avenue O, where he was employed. He was treated at West Texas hospital.

PEACEMAKERS END TROUBLE BETWEEN CAPITAL, WORKERS

(By The Associated Press)

Peacemakers between capital and labor claimed several victories today and turned their attention to other points of friction in the industrial machine.

Striking steel workers at Weirton, W. Va., hailed a settlement announced yesterday by the national labor board. Chairman Robert F. Wagner said the workers would return at once.

Other Strikes Settled

NRA headquarters in New York announced settlement of four strikes involving 9,000 breadmakers, teamsters, market porters and show workers.

Violence flamed in scattered strike areas yesterday. Some high spots follow.

Los Angeles—Pickets and workers clashed in a garment strike.

Wilkes-Barre, Pa. — Dynamite damaged homes of two miners.

Brockton, Mass.—Heavy police details guarded W. L. Douglas Shoe company.

San Joaquin valley, Calif.—12,000 cotton pickers still remained away from fields.

Paterson, N. J.—Meeting of striking dye workers broke up in disorder when Miss Ann Burlak, left wing leader, took rostrum.

Among other strikes still going on were: Coal miners in Indiana, silk or rayon workers in Rhode Island, Pennsylvania and New Jersey, garment workers in Quincy, Ill., sardine fishermen at Monterey, Calif.

Mrs. Lon Chaney's Marriage Postponed

LOS ANGELES, Oct. 17 (AP)—The serious illness of Mrs. Hazel Chaney, widow of Lon Chaney, has resulted in an indefinite postponement of her marriage to the late actor's most trusted companion, John Jeshke.

Claude Parker, Mrs. Chaney's attorney, visited her and made the following statement:

"I was permitted to see Mrs. Chaney for a short time. She agreed with me that, at least until she recovers from her illness, if she recovers, it will be best to forego the marriage."

HUMAN CONSTIPATION CONQUERED AT LAST BY COW DISCOVERY

Enables you to throw away habit-forming laxatives. Restores natural bowel action quick!

After giving us vaccine, the only specific preventive of smallpox, the cow has once more come to the aid of the human race with what doctors consider the best and most natural remedy for constipation.

For scientists have now obtained from the livers of cattle a new *natural* product that corrects the stubbornest constipation easily—*without further need of injurious, habit-forming laxatives or physics.*

The best physicians now prescribe it, and thousands can tell you it gets you regular in no time.

As you know, most constipation comes from sluggish liver. The liver manufactures a liquid called the bile, which is Nature's own purgative. When not enough bile flows into your bowels, you are constipated. Yet ordinary physics and laxatives never touch the liver.

Now scientists have taken the natural bile from cattle and put it up in little tablets called Kompo and Bile Salts Tablets. If you want to stop constipation and quit taking habit-forming physics and laxatives, get Kompo Tablets from your druggist today. Results guaranteed on *every cent promptly refunded.*

Conwell Quits As Director Of Co-Op

NEW ORLEANS, Oct. 17. (AP)—J. E. Conwell, former president of the Georgia Cotton Growers Cooperative association, has resigned as a member of the board of directors of the American Cotton Cooperation association, it was announced here. His successor has not been named.

G. Y. Lee of Eden, Texas, J. R. McCrary of Calvert, Texas, and B. L. Redwine of Madras, Ga., were introduced to the board yesterday as representatives of new cotton marketing associations recently formed in Texas and Georgia.

The headquarters of the three associations are at Abilene, Texas, Bryan, Texas and Atlanta, Ga.

"This is GAS AND OIL MONEY —BELIEVE IT OR NOT!"

Sally: "Really? Tell me about it, Helen." *Helen:* "Well, as I use the car most of the time these days and actually buy the oil and gas, Dick thought it a good plan to turn the car budget over to me entirely." *Sally:* "How does that give you extra money?" *Helen:* "I have more time than Dick and have learned some surprising things about the cost of car operation. Dick thought all gas and oil sold at approximately the same price were of equal value. When the motor broke down, he considered it just hard luck and paid the repair bill." *Sally:* "Isn't it?" *Helen:* "No! It is poor motor protection. More than half the entire motor wear occurs during the few minutes of starting when the motor is cold. Only one brand of oil—Conoco Germ Processed Motor Oil—penetrates the metal so that a portion of it, nearly a quart, stays up in your motor, greatly reducing the wear. So checking back on

repair bills that were paid before I changed to Conoco, we've saved a lot of money this last year." *Sally:* "What about gasoline?" *Helen:* "To me that choice depended on quick starting—Dick used to choke the car until he was wild. It wasted so much gasoline in cold weather—ran the battery down and the nerves, too. With Conoco Bronze, the motor starts at the first turn and has power galore—goes further on each gallon and is anti-knock also. So you see how I did it?" *Sally:* "I certainly do, Helen—and I think you're a very clever girl!"

CONOCO
at the sign of the Red Triangle

Full motor protection, especially in cold motor starting, can be found only in Conoco Germ Processed (Paraffin Base) Motor Oil because the penetrative oiliness, called "The Hidden Quart" stays up in your motor and never drains away.

Instant Starting and Lightning Pick-up can best be obtained with Conoco Bronze Gasoline, and without sacrifice of Long Mileage, Greater Power and Anti-Knock advantages. For cold weather starting it cannot be excelled.

When planning a trip for business or vacation, write the Conoco Travel Bureau, Denver, Colo., America's largest Free Travel Bureau.

MEDICAL ADVICE

If you want to

. . . keep **the bowel action regular** and comfortable
. . . make **constipated spells** as rare as colds
. . . avoid **danger of bowel strain**
—use a *liquid* laxative

Can constipation be overcome? "Yes!" say medical men. "Yes!" declare thousands who have followed their advice *and know.*

You are not apt to cure your constipation with salts, pills and tablets, or any habit-forming cathartic. But you *can* overcome this condition just by gentle regulation with a suitable liquid laxative.

Dr. Caldwell's Syrup Pepsin has the average person's bowels just as regular as clockwork in a few weeks' time.

Why Hospitals use a *liquid* laxative

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. *Nor will it irritate the kidneys.*

The right liquid laxative will bring a perfect movement, with no discomfort at the time, or afterward.

The wrong cathartic may keep you constipated as long as you keep on using it!

In buying any laxative *read the label.* If it contains a doubtful drug, don't take it. If you don't know what is in it, don't chance it. The contents of Dr. Caldwell's Syrup Pepsin is stated plainly on the label; fresh herbs, pure pepsin, active senna.

Its very taste tells you syrup pepsin is wholesome. A delightful taste, and delightful action. Safe for expectant mothers, and children. Drugstores have it, ready for use, in big bottles.

THE TEST:

This test has proved to many men and women that their trouble was not "weak bowels," but strong cathartics!

First: select a properly prepared liquid laxative. Second: Take the dose you find suited to your system. Third: gradually reduce the dose until bowels are moving of their own accord.

Dr. Caldwell's Syrup Pepsin has the highest standing among liquid laxatives, and is the one generally used.

Thought For Today

Thou shalt not follow a multitude to do evil; neither shalt thou speak in a cause to decline after many to wrest judgment.—Exodus, 23:2.

* * *

The mob is man voluntarily descending to the nature of the beast. —Emerson.

Way To Recovery

An idea of the possibilities for American industry, which are inherent in the present effort to increase the purchasing power of the wage-earner, can be gained from Secretary of Labor Frances Perkins' recent address to the American Federation of Labor convention.

Miss Perkins pointed out that two-thirds of the goods disposed of in America each year are said to people whose incomes are less than $2000 a year.

The moral is obvious. The wage-earner represents the greatest of all markets. Increase his purchasing power and you give industry the greatest stimulus it could get anywhere. And, by the same token, if you decrease it, you make industry's recovery quite impossible.

The best way to induce full recovery, in other words, is to start at the bottom.

* * *

Buy Now Campaign

That the NRA "buy now" campaign is one of those things to be grouped under the heading, "Worthy Causes," goes without saying.

In sheer self-interest, the consumer has a powerful incentive to make his purchases now before prices go higher. That they will go higher, and that in the near future, seems about as certain as anything can be in an uncertain world.

To buy what you need now instead of putting it off until midwinter is nothing but plain common sense.

But there is another angle to it, even more important. Business is beginning to pick up. If the pick-up is to continue, it must be sustained by steadily increasing consumption.

By spending your money now, you not only do something for yourself; you do your part toward restoring prosperity.

* * *

Psychologists say girls reach maturity much earlier than boys. But they reach middle age much later.

* * *

At least, at its recent convention, the American Legion had no bonus to pick with President Roosevelt.

Flapper Fanny

Many a girl returning from abroad finds to her dismay that traveling is broadening.

That Girl on Broadway says a woman is supposed to be a vain creature that likes to be looked at and admired, but perhaps you've noted who does most of the marching in parades.

* * *

There can't be another boom right away. It takes at least 20 years to produce a crop of trustful idiots.

* * *

CHAMBER of Commerce officials and others are pondering ways and means of halting the almost unending stream of cotton pickers headed into Lubbock and the South Plains—and well they may.

Not only is there no demand for countless thousands of migrating farm labor in this section this fall, since there is more local labor available than usual, but the aftermath must be considered.

Neither this city nor this section views with glee the possibility of having extra transients camping on their doorsteps after the cotton season is ended, sans money, sans jobs and, as Shakespeare would have finished, sans everything.

* * *

There is no law, of course, barring transients from coming into the South Plains to try to make a living picking cotton.

There is no legal way they can be turned back, as they climb the caprock, unless they want to turn back of their own accord.

But the situation composes a problem which is serious at this time and demands whatever measures possible to change the trend of the march—or, better still, to induce these people to go back from whence they came.

* * *

THIS is from a veteran traveling man—one who has been 'on the road' in West Texas for many a year—who spent the week-end in Lubbock.

"I spent Saturday driving over here from Paducah by way of Matador and Ralls and everywhere I stopped the towns were crowded.

"Merchants were climbing over customers in their efforts to handle the trade and everybody seemed to be buying something, even if it didn't amount to a great deal in some cases.

"I haven't seen a fall in West Texas since 1929 that looks as good as this one.

"It looks like 'Happy Days Are Here Again', sure enough!"

* * *

And, judging from our own experiences right here in Lubbock, this is a good fall. Not as good as we once had, when money was more plentiful and everything was 'on the loose,' but at least a good deal better than we've had in recent years.

The principal difference between the fall of 1933 and those of 1925-29 is that the business man's margin of profit is decreased and necessity lines are drawing more trade than non-essentials.

However, we may be thankful for the upturn, no matter how much our mouths water for a recurrence of boom days.

* * *

AS a bright Lubbock professional man observed just the other day, "the big thing we've got to do is to forget the boom years and turn our sights on normal years.

"These are normal times; those of the hoopla era were abnormal.

"As soon as we learn to quit kidding ourselves and realize that there are certain restrictions of business, the better off we'll be.

"Reaching for the moon is no sillier a practice than operating a business upon false hopes."

* * *

Baldness has its compensations.

The man who never could interest the ladies now thinks he could if he only had some hair.

* * *

That Man on Avenue Q says the fellow who is absolutely sure his opinions are correct is either too young to be trusted or too old to matter.

* * *

Cheer up, you ladies who have collected a few gray hairs and an assortment of wrinkles.

Arthur Brisbane says science has proven that between the ages of 45 and 50 a woman embarks upon a new and greater span of intelligence and after 50 has a better mind than she ever had before.

Just another proof that "it's an ill wind," etc., etc., etc!

* * *

THERE is a decided opinion among Lubbock business men that police protection should be expanded here, at least through the fall and winter season when thefts and burglaries of all kinds increase, along with trade.

While the concensus of opinion seems to be that regardless of how many patrolmen might be used by the department there will be some slick 'jobs' pulled, opinion is also united to the effect that if there were more policemen criminals would have a harder time operating.

And practically everybody with whom The Plainsman has conversed on this subject feels that a larger police department will scare away many hijackers, crooks and burglars who otherwise might consider Lubbock as a likely spot for their activities.

* * *

It is a matter of record that there is an annual influx of people into Lubbock between August 15 and January 15.

It is also a matter of record that both good and bad persons are included in this influx.

When there is more business, there is also more money in store tills. Shelves are always more expensively stocked in fall and winter than at any other time.

Added to this, there are more hours of darkness, hence more opportunity for crime.

* * *

THE city commission will do well to talk to some of the business interests here—to some of the big taxpayers, incidentally—concerning this matter.

By so doing the gentlemen at the City hall will find that there is a decided wish for better police protection through the addition of more patrolmen, additions to the motorcycle force and at least one more squad car for city cruising.

There is considerably more interest in this phase of police work than in how much in fines the department collects monthly.

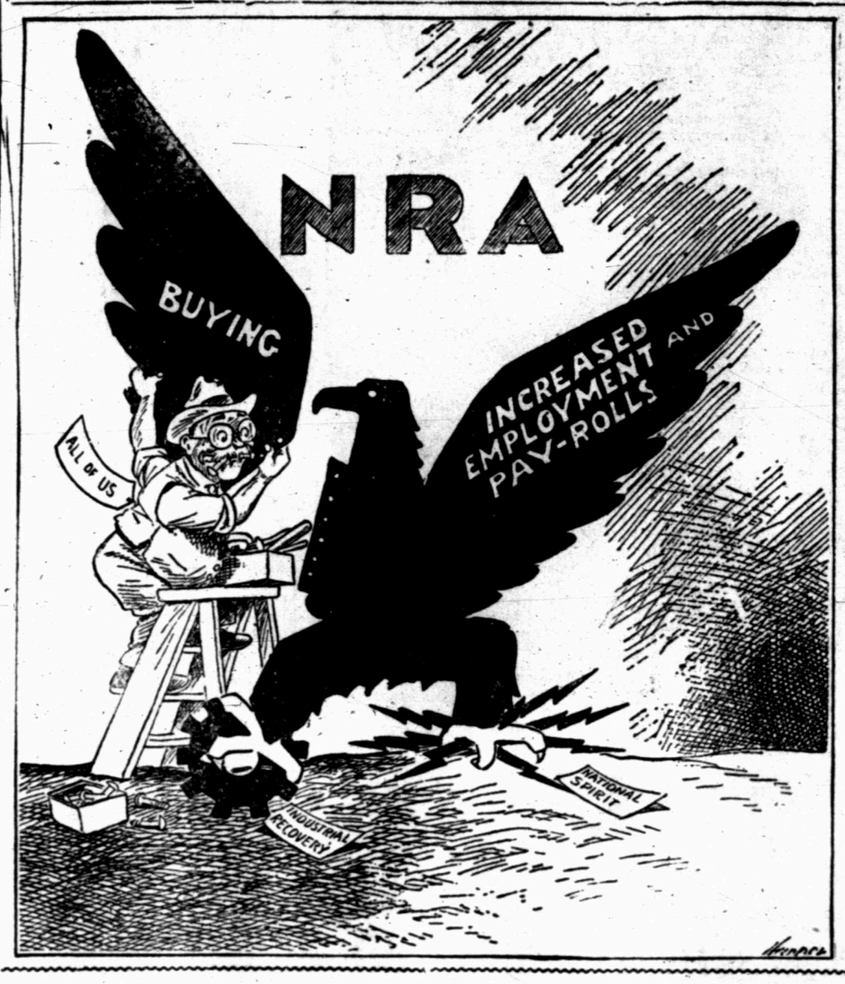

* * *

Police Chief Wiley Metcalfe has already proved his ability to efficiently operate the department but he is no miracle man, any more than the rest of us.

He can give just so much—and no more—service with the manpower allotted him by the administration.

Here is a problem which may well be discussed and solved at the first possible opportunity. To defer action may mean heavy loss.

A Bird Can't Fly With One Wing

National Recovery Administration Keeps Scoreboard On Progress Of Codes; "Reception Office" Is A Busy Place

EDITOR'S NOTE: This column, is being conducted by Willis Thornton during Rodney Dutcher's vacation.

* * *

BY WILLIS THORNTON
The Evening Journal's Washington Correspondent

WASHINGTON, Oct. 17. — The NRA is keeping what virtually is a scoreboard on progress of the codes.

Strangers having business with the NRA would do well to go first to the "reception office" and information bureau established on the NRA floor of the Commerce Building. There a force of clerks sit all day, just helping wandering men with brief-cases to find the hearing or the official they've come to Washington to find.

On the walls of this room are the "scoreboards," fitted with sliding-panel legends which can be shifted at will, and forming a visible record, up to the minute, of the flight of the Blue Eagle.

Only four codes, the "scoreboard" shows, were adopted in July. In August, there were 18. In September, 13 and October already has seen 17 codes adopted, with hearings present and scheduled on 35 more.

By the time you read this, of course, the October figure will have changed—that's why the "scoreboard" has the industrial names on sliding panels, so they can keep them in the proper columns from day to day, moving them forward from scheduled to adopted as the eagle soars higher day by day.

TVA Starts Library

The Tennessee Valley Authority has been so swamped with requests for information about the valley and about the project that it has been compelled to establish a library to collect and furnish information about the project to those interested. It's growing daily.

The TVA figures the library will save its cost in prevented confusion in the valley through people, industries, or projects that may try to move in there without knowing the true situation. So if you want any information on towns, or geology, or people of the Tennessee Valley region, the best place to get it is from the TVA library, Temporary Building F, Washington.

Capital Party Dates Set

Now that the White House has announced the dates for its most important parties for the winter, Washington hostesses can go ahead and scramble for the rest.

It's always the custom for private hostesses not to entertain on dates that conflict with the official functions at the White House — they wait until the White House has spoken, The Roosevelts are expected to go to Warm Springs for Thanksgiving, but they probably will spend Christmas at the White House. The Thanksgiving at Warm Springs has been an annual Roosevelt event for years.

Child Labor Fight

Fifteen states now have passed the Child Labor Amendment . . . Secretary Perkins cautioned the A. F. of L. convention that it should not relax its efforts to see this amendment through, merely because the NRA has taken up the task of abolishing child labor for the time being . . . The longer the Cuban trouble strings out, the worse it is for the Pan-American conference at Montevideo . . . it might even make it impossible for Secretary Hull and Ambassador Welles to go at all, which would weaken the American delegation greatly.

Answer to Previous Puzzle

With 'Whiz' BARRY Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Oct. 17. (AP)—She's still the "fighting forty-third" around the state capitol. This legislature has had so many perplexing problems to solve, so many long hours to work, that otherwise peaceful men have given in to frayed nerves and sought physical combat.

Everyone remembers "the pitcher incident" of the regular session, when a senator smashed a water pitcher in the face of one who opposed him in a hearing involving doings of the highway commission. The senator was Walter Woodward of Coleman, a quiet, gentle, hard-working man under normal conditions. The opponent was J. F. Hair of San Antonio. They forgave each other after the storm blew over.

Session Trying, Tedious

During the regular session there were a couple of fisticuffs in committee meetings. That session was five months long. It was trying and tedious and everything was confusion at times. Committee rooms, generally stuffy, were even more depressed by cigar and cigaret smoke while legislators and Texas citizens sat and discussed proposed legislation.

The special session, just ended, went along smoothly enough until the third from the last day. There was a three-day "run-in" in the senate.

Senator Joe Moore of Greenville, always aggressive in his debate, got warmed up and said some things about the senator from Galveston—T. J. Holbrook—that aroused the 54-year-old eloquent member from that district. He started for Moore, but other senators and sergeants-at-arms intervened. Some senators were rushed off their feet and dropped their cigars while trying to prevent a physical clash. Just before that demonstration, Senator Walter Woodul of Houston made a "pass" at Moore, but again no blows were struck.

The incident was one of those things that gets under men's skin when the heat of battle is upon their brows.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Reads In Peace

NORMAN, Okla.—Prof. John Moseley, who coaches the University of Oklahoma tennis team and also teaches Latin, likes to relax at home with a book of Latin verse, his feet propped against the wall. When his feet kept slipping down he just nailed an old pair of house slippers to the wall and now he reads in peace.

Cheers For NRA

CLARKSVILLE, W. Va. — Quadruplets were born to Mr. and Mrs. Homer Benedum. One child, a girl, died. The other three are thriving and are to be named in tribute to the NRA—Nina, Rose and Albert. The father is an unemployed miner.

A Dramatist Thinks

NEW YORK—Eugene O'Neill thinks about drama every minute of his working day, and then takes his problems to bed with him, George Jean Nathan discloses in "Vanity Fair."

"Even when sound asleep," says Nathan, "his wife informs me, he will once in a while grunt and be heard to mumble something about Greek masks, Freudian psychology or Philip Moeller."

For Sweet Charity

CHICAGO—Sponsored by the Kiwanis, some 500 great horned toads from Texas and Arizona are going to run a derby to raise money for under-privileged children. Post time will be Saturday.

Dairy cows in Idaho must not be fed beer, rules the state welfare commissioner. Well then, how can the farmers keep the cows from going dry?

Man in Bloomsburg, Pa., had a piece of his shin bone grafted on his spine, and now will be able to tell us whether barking our shins is worse than being kicked in the back.

Do You Get Up Nights?

Drink lots of water and milk. Not much tea or coffee. Eat plenty of fruit and non-starchy vegetables. Not much meat and starches. Use a bladder laxative to drive out the impurities and excess acids which cause the irritation that wakes you up. Take juniper oil, buchu leaves, etc., called BU-KETS (5 gr. tablets) the bladder laxative. 25c at all druggists. Works on bladder similar to castor oil on bowels. After four days if not satisfied, go back and get your money. If you are bothered, frequent desire, burning, getting up nights, you are bound to feel better after this cleansing. Sold by Bowen's Drug. adv.

SPYING ON SPORTS
BY COLLIER PARRIS

AN OLD CHICKEN

It's hard to tell from which of two outstanding events on their recent trip to Tucson the Texas Tech Matadors' got the largest kick—beating the University of Arizona on the football field, or chinning with Babe Ruth on the outgoing train.

• • •

When they landed at the Santa Fe station at noon yesterday, the first thing we heard was: "We saw Babe Ruth," and the second thing, "and Judie, his good-looking daughter, too." and the third thing, "and his ever lovin' wifey, also." The fourth statement, repeated 30 times (including Coaches Pete Cawthon, Dutchy Smith and Manager Cyrus LaMaster): "And I got his autograph, too, see!"

• • •

And all the way up town, it was "Babe Ruth" this and "Judie Ruth" that. It was along in the afternoon before we could break in to ask about the ball game, for which the Matadors really went to Tucson. It was only a lucky break that the Bambino of Swat and his charming family boarded the choo-choo at El Paso and rode with the Tech gridders to Tucson. The boys seemed well pleased with themselves and the coaches delighted with the boys as a result of the game.

• • •

It seems there are no budding journalists on the Tech team. Nobody thought of, or took the trouble to interview Mr. Ruth, which must have been very gratifying to Mr. Ruth. Everybody was too busy getting autographs and chewing the rag with Judie. From Lefty Sollis, however, we gathered that somebody asked Ruth what his plans were and how many home runs he expected to hit next year. "Oh, I'm just an old chicken, now," the Babe is reported to have replied. "Don't know as I'll hit many more. Gettin' along in years, now, boys . . . just an old chicken." But outside of that, which was cheerfully spoken, Ruth was jolly and talkative all the way, and seemed to take great delight in gabbing with the athletes.

• • •

GOOD TRACK TEAM

Second hand information from one and another who saw or played in the games leaves no doubt that the Tucson contest was a wow. Riding up town in the same machine with Sollis, the jackrabbit halfback of the Matador team, we learned that the Arizona boys ought to do well on the cinder path this season.

• • •

"Boy, they've sure got some speed, those backfield fellows," remarks Sollis. "Why, I was away from the whole gang, I thought, a lot of times, especially one time, then one of those (quotation deleted because this isn't that kind of a newspaper) guys would slip up on me from behind." Lefty probably was thinking of that 41-yard gallop toward a touchdown when he was grasped from behind. It isn't the usual thing for Lefty to be overtaken, once he gets into clear territory.

• • •

Jack Ellsworth Parsons, one of a party which drove to Tucson, was calling on prospective patrons yesterday and spilling the dope about the game. "Boy, it was a dandy. Those Arizona backs looked twice as large as ours, especially the linemen. Our boys would hit 'em and bounce back again, but the Matadors sure played a great ball game."

• • •

Coaches Cawthon and Smith did not hesitate to give their boys a verbal patting on the back. They were highly pleased with the game and its outcome. We really believe they didn't expect to win that contest.

• • •

SNEEZE GETS BOLD

Sled Allen, local wrestling promoter and match-maker, went up to Amarillo Sunday, got into a huddle with Cal Farley and Dutch Mantell. Amarillo's rassle kings, and came back yesterday with both his paws full of dope concerning his show tomorrow night at the Auditorium.

• • •

Gorilla Pogi, the old Argentine, tangles with Red Heinz, the Terrible Teuton, the main event, but there are two other scraps worth mentioning and seeing. Jack Van Bebber, Texas Tech's new wrestling coach, chucks the collegiate rules and makes his professional debut as the local favorite against Swede Larsen, a big blond from Amarillo. But that's not all. Walter "Sneeze" Achiu, who performed nobly here last week, has grown extremely bold, if not altogether prescient, and has challenged two of the Texas Panhandle's most promising young middleweights. He will take them on, one at a time, and attempt to throw both within a period of 30 minutes. That oughta be worth seeing.

RAMBLERS AND TARTANS VIE THIS WEEK

IF YOU PLAY HUNCHES PUT YOUR MONEY ON CARNEGIE TECH

BY HERBERT W. BARKER
Associated Press Sports Writer

NEW YORK, Oct. 17. (AP)—If you play hunches, put your money on Carnegie Tech to whip Notre Dame at Pittsburgh this week.

The Ramblers couldn't beat Howard Harpster when he was playing a great quarterback for the Tartans in the days of 1926-28 and the superstitious might risk a gamble that the jinx will hold good now that Harpster is head coach at his alma mater.

Irish Beaten Twice

Notre Dame played Carnegie Tech twice in the three years Harpster was varsity quarterback and took two sound beatings. Howard booted field goals from the 31 and 40-yard lines in 1926 when Carnegie won, 19-0, and scored a touchdown and kicked three extra points when the Tartans crushed the Ramblers, 27-7 in 1928. His excellent field generalship likewise was credited with playing a large part in both victories.

Of course it will take more than a hunch to beat Notre Dame Saturday even though the Ramblers have been disappointing in their first two starts against Kansas and Indiana. But Harpster, in his first year as head coach at Carnegie, has built a sturdy line and developed a sensational passing attack that not long ago routed Pop Warners' Temple Owls, 25-0.

TIGERS AGAIN FEARED

Fritz Crisler has done a remarkable job in restoring Princeton football to the point where the Tigers once more are genuinely feared. In little more than a year, Crisler has developed a team that some critics think is destined to ride rough-shod over all opposition. The material is there, without doubt, but it remains to be seen what Crisler's sophomore backfield flashes will do when the going gets tougher.

On the basis of what they accomplished in Princeton's opening routs of Amherst and Williams, Garret Levan, Paul Pauk, Homer Spoffard, Pepper Constable and Sumner Rulon-Miller, all members of the great freshman outfit of 1932, look like football players any coach would be glad to have on his varsity.

Their first test comes Saturday when the Tigers run up against a veteran Columbia team led by the triple-threat quarterback, Captain Cliff Montgomery.

SOUTH FAILS TO LEAD

For the first time this season the South fails to lead in the number of teams it contributes to intersectional warfare. Virginia, already trounced by Ohio State and beaten, after a great fight, by Columbia, tackles Navy and Auburn's Plainsmen face George Washington university, in the only important intersectional games in which southern teams figure. On the other hand the east and the mid-west will be rivals in four major tussels—Carnegie Tech-Notre Dame, Pitt-Minnesota, Army-Illinois and Duquesne-Detroit.

Seviers Are To Be Honored At Dinner

AUSTIN, Oct. 17. (AP)—Plans were completed here today to honor Hal H. Sevier, recently appointed by President Roosevelt to be United States ambassador to Chile, with a banquet.

Mrs. Sevier, Texas national Democratic committeewoman, also will be a guest of honor at the affair, which will be tonight.

The Seviers made their home in Austin for a number of years before going to Corpus Christi, where they have extensive business interests.

Paul Burnam, successful freshman football coach at Alabama, was never able to make his varsity letter at the university.

BRUSHING UP SPORTS-- By Laufer

TWO GAMES TO BE TONIGHT

ICEMEN AND HASHERS MEET; ROOFERS PLAY HUIE-RIBBLE

Huie-Ribble meets Lydick Roofing company and Mitchell's Cafe tangles with Peoples Ice company in the indoor baseball double bill at the Auditorium tonight. The first game is scheduled to start at 7:30 o'clock.

Tonight's games bring together, in the first battle, the championship team of the summer outdoor softball "American" league and the winner of a one-sided struggle last night; in the second, the loser of of last night's opening game and another strong team of the old American softball league.

The Icemen rallied to score 11 runs in the last inning, but this, even when added to the four runs scored in the first, was not enough to come from behind a lead established by the Roofers, and the Lydick Team won, 21 to 15.

Held scoreless for five innings by the fine pitching of Littrell and the great third base work of McClure, not to mention the otherwise airtight defense, the Icemen went on a spree in the seventh to bat around nearly twice. The first ten men up hit singles and nine of them scored. Two more came in after one was out.

In the second clash of the night the Avalanche-Journal nosed out the Federal employes 23 to 21.

The game was close from the second inning. The Federals made three runs in the first inning, and six in the second. The Printers counted seven times in this frame. The score was tied 16-all in the fourth inning, and the Avalanche-Journal was one down—21 to 20—in the seventh. The three winning tallies were marked up, and Williamson, held the Federals scoreless to cinch the victory.

The Roofers scored in every inning but the last, the Icemen's defense tightening after a pitiful exhibition in the previous innings, to retire the Roofers, who had three men on bases. A three-run lead in the first was overcome by the Icemen in the same inning, who tallied four times. The Roofers, led by the hard-hitting McClure, who lashed out five hits in as many times up, piled up four more in the next two, seven in the fourth and five in the fifth.

The lineups:

Roofers — L. Taylor, lf; Lawson, ss; R. Taylor, c; McClure, 3b; Littrell, p; Freeland, 1b; Flake, cf; Hughett, rf.

Icemen — Nelson, 2b; McNeil, cf; V. Johnson, c; Bettes, 1b; Allen, rf; Herzet, p; Hooser, lf; O'Hair, rf; Hilliard, 3b; Breedlove, ss.

Avalanche-Journal — Hutson, cf; Green, ss; Henly, 1b; Nichols, 3b; Williamson, p; Mast rf; Powers, 2b; Fenley, lf; Graves, c.

Federals — Slater, c; Higgins, 1b; Scott, ss; Pate, 2b; Alexander, 2b; Ingram, p; Robinson, cf; Smith, lf and Cooper, rf.

NAVAL ACADEMY ALUMNI KEEP UP WITH GAMES

ANNAPOLIS, Md., Oct. 17 (AP)—Hundreds of naval academy alumni and fans throughout the world knows how the navy football team is faring on the gridiron, only a few minutes after the plays have been made.

A navy wireless operator is stationed in the press box for every Middie contest. He sends a 50-word summary after each quarter on ordinary games up to a play-by-play account on the Army-Navy classic to the communications office of the navy department in Washington.

The football stories are incorporated in the news reports and sent out over the high power station here to all navy wireless stations and ships. From the battle fleet, stationed on the west coast, to the Asiatic fleet, on the China station, the naval academy alumni eagerly await for the bulletins to come down from the wireless room.

The battle fleet recently notified the academy officials that the officers and men were pleased with the service.

BOXING SHOW SET SATURDAY NIGHT

The second professional boxing show under the new state laws is coming up Saturday night, Promoter Dee Puckett announced yesterday. The show will be staged in the building formerly occupied by the Rex Theater where Puckett has transferred his ring and gymnasium from the Auditorium.

Woody Windon of Abilene meets Nick Santos of Ft. Worth in the main event, a ten-round go between a couple of the toughest lightweights in this part of the country.

Three other bouts are scheduled on Puckett's card. Sammy Matlock of Breckenridge tangles with Jack Tucker of Houston in the 6-round semi-final. Both are rated as good by critics who have seen them fight in the larger cities. Matlock has appeared on several cards as a main eventer.

Brittain Meets Smyers

In the four-round semi-final, O. H. Brittain of Lubbock and Sonny Smyers of Lorenzo will do battle. Both fighters appeared on Puckett's opening card three weeks ago and gave good accounts of themselves.

Harry Guthrie, Texas Tech heavyweight, and "Snow" Flake, another Matador athlete, will exchange blows in a four-round curtain-raiser.

"COLLEGE ATHLETICS IN GENERAL AND FOOTBALL IN PARTICULAR NO LONGER BOTHERED BY REFORMERS"—BINGHAM

NEW YORK, Oct. 17 (AP)—William J. Bingham, Harvard's director of athletics, feels that if the economic situation of the last few years has accomplished nothing else, it has succeeded in ridding football in particular and college athletics in general of the reformers.

Bingham told a gathering of the Harvard club last night that he always had felt there had been a good deal of hypocrisy in connection with public agitation over sporting gate receipts.

Criticism Abates

"When times were good," he said, "there was widespread criticism. People wanted to know why gate receipts were necessary. Now the situation is completely altered. There no longer is any outcry at all. Instead the chief source of criticism comes from the failure of athletic budgets to balance.

"College presidents have been formally introduced to the idea of gate receipts, something they knew about before only vaguely.

"While it might not be desirable to rely entirely on receipts, the fact remains that the scope of any college's athletic program must be made to conform with the receipts from paying sports, notably football."

Harvard's athletic budget, he declared, would be balanced by the end of the present school year although "we contemplate making no retrenchments."

Would Bar Army

Thomas W. Slocum, former president of the Harvard club, surprised the gathering by suggesting that West Point be barred from competition with major eastern colleges because of the academy's failure to adopt the three-year varsity eligibility rule. Slocum thus revived an old issue that led to the famous break, now healed, between Army and Navy. He suggested that West Point be urged to adopt the three-year rule under threat that otherwise the big eastern schools would decline to maintain athletic relations with the Cadets.

AERIAL CIRCUS PROMISED IN NEXT GAME

MATADORS WILL FILL AIR WITH FOOTBALLS ON FRIDAY NIGHT

Highly pleased with the manner in which his Matadors took the University of Arizona Wildcats last Saturday night, and downright tickled with the Tech overhead game, Coach Pete Cawthon announced for publication this morning that his club would throw passes till the air was full of footballs Friday night when the Louisiana Polytechnic institute Bulldogs come to town.

The Texas Tech tilt is the big game of the season for the Louisiana Poly team; an intersectional game that is causing Coach Bohler and his Bulldogs no little concern and very much hard work.

Aerial Circus Promised

Coach Cawthon indicates the Matadors, who completed fourteen out of nineteen passes Saturday night against the Wildcats, will attempt to show to the visitors from Louisiana the real "aerial circus" of the southwest. Short, bullet passes just over the line of scrimmage, "spot" passes to the "flat" and long passes 'way down the field; lateral passes, triple passes—they're all on the Tech offensive menu in practice this week.

In better spirits than at any time this season, the Matadors took to their home field yesterday for the first time since last Wednesday. They arrived home at noon yesterday.

There was no rigorous workout, no scrimmage and very little perspiration. The whole session did not last more than an hour. The purpose of the workout was to loosen taut muscles, unlimber stiff legs and wave arms in a warm-up exercise following the end of a long train ride from Tucson.

"I Saw The Babe"

Although the memory of their hard-fought and well-earned victory might have been uppermost in their minds, it was of Babe Ruth and the whole Ruth family that the returning gridsters talked. It happened that the Bambino of big baseball, Mrs. Ruth and the Babe's daughter, Judie, boarded the train at El Paso and rode to Tucson with the Matadors.

All Of 'Em Stars

As Coach Smith put it, "It was a great game, from start to finish . . . everybody looked good . . . everybody starred . . . we won because the boys were set to win . . . because they went in there keyed up to win. Whacker Barton looked exceptionally good at center. . . . Martin and Hitchcock played great games. . . . Clark looked good . . . but to mention a standout player, you'd have to repeat the entire lineup . . . we were mighty well pleased, and everybody had a great time."

Both coaches were quick and sincere in their praise of the Arizona team, which fought hard all the way, but which couldn't get going on offense.

Especially were the coaches—and everybody else—pleased because not a man on the Tech team was hurt during the game. Whacker Barton took a few tough blows and was removed for Bob Crawford, but the square-jawed red-head was having as big a time as anybody else upon their arrival home. He appeared in fine physical condition.

While the Matadors are rated as strong favorites over the Bulldogs from Ruston, La., they are not taking any chances on "getting slipped up on," as the coaches put it. They will engage in hard drills the rest of the week, determined to get their scoring machine in action and provide the home folks with an offensive attack hitherto unexpressed this season.

Winners Announced In Contest At Post

POST, Oct. 17 (Special)—Mrs. Lee Duckworth was awarded first prize in the annual Post yard beautification contest, which just closed here. This is the fourth annual contest and J. C. Davis, Lubbock florist, was the judge. He has made the awards at each contest.

Other prize winners were: Tom Bouchier, second; Jim Durrett, third; J. H. Babb, fourth; R. B. Tucker, fifth; R. E. Cox, sixth and John T. Herd, seventh.

There were 28 in the contest, sponsored by the Post Chamber of Commerce. The judge in making his announcements, took occasion to compliment Post residents for their cooperation in the campaign and in the high quality of beautification work.

HOODED GRAPPLER BEATEN

KANSAS CITY, Oct. 17. (AP)—"Dutch" Hefner Sherman, Tex., used a body slam to defeat the "Red Devil," hooded grappler of Kansas City in 15 minutes and 30 seconds of their heavyweight match here last night.

Achiu Returning For Match Here

CHINESE TO WRESTLE TWO GRAPPLERS IN THIRTY MINUTES

Matchmaker Sled Allen announced yesterday that Walter "Sneeze" Achiu, the demon Chinese grappler who won a close match over Gorilla Pogi here last Wednesday night, is coming back tomorow night in a "doubleheader."

Pogi, the "wild bull of the Pampas," who caused plenty of chills to traverse the spines of about 500 fans at the opening wrestling show last week, will bring his Argentine and Frisco features back to meet Tommy "Red" Heinz, the Teuton Terror, in a two-out-of-three fall finish match as the main event.

Tickets On Sale

Ringside tickets, priced at 75 cents went on sale this morning at the J. and J. Sporting Goods store and the Hotel Hilton drug store. Anticipating a crowded house in view of the popular fights last week, ticket agencies urge patrons to purchase ducats early.

Heinz, it will be remembered, wrestled here last week, tearing down big Pat Garrison of Borger in a 30-minute preliminary that lasted only 20 minutes. Cock-sure and nonchalant, Heinz is ready to meet the Gorilla, and the match promises to be interesting.

Billed as a "special attraction," Jack Van Bebber, seven times national intercollegiate middleweight champion and one-time Olympic, or world's champion, meets Swede Larsen, a big, blond terrorist from up Amarillo way.

In Professional Debut

Van Bebber, formerly of Oklahoma, makes his home in Lubbock, and will make his professional debut with tomorrow night's fight. A champion of champions from Oklahoma A. and M. college, Van Bebber recently was accepted as a member of the physical education staff at Texas Tech, where he coaches wrestling. He will depart from the college rules tomorrow night, however, and pit his fine physique and college "learning" against one of the coming professionals of the Panhandle. It is scheduled as a 30-minute one-fall match, and will be the second show on the card.

In the preliminary, Achiu, said to be the only Chinese professional wrestler in the U. S., will undertake to throw two opponents in 30 minutes. First he will meet Art Belcher of Amarillo, an up and coming middleweight who aspires to lick Achiu at his own game. If Belcher is pinned within 30 minutes, Achiu will take on Lobo Brown, a rough and tough guy from Pampa. Achiu agrees to throw both of them inside 30 minutes. There are fans in the Panhandle who doubt this very much.

AROUND THE SPORTS HORN

BY BILL PARKER
Associated Press Sports Writer

SPORT SPLINTERS

Happ Morse, former manager of the Dallas Steers, wagered and lost a new hat on the world series. Happ liked the Senators. Bennie Bickers, fight referee, favored the Giants. Bennie is wearing the new hat.

"Jinx" Tucker, Waco News-Tribune sports editor, picked Arkansas to defeat Texas Christian. He still is patting himself on the back while sports editors who picked Texas Christian to win are trying to remember better days.

Tony Defate, Texas league umpire, is working in the East Texas oil fields. He is an employe of President J. Alvin Gardner of the Texas league who has many oil interests. These umpires are hard fellows—no doubt about it. After the final Houston and San Antonio game, Defate went to "Pid" Purdy's house and played nurse-maid to a child while Purdy and friends went to a hotel roof and celebrated the Missions victory.

John W. "Ziggy" Sears, veteran Texas league umpire, is refereeing football games. He also is agent for a beverage at Fort Worth. "Ziggy" has Lefty Johns, Tulsa pitcher, driving a delivery truck for him.

Jake Atz, veteran Texas league manager who started last season as umpire-in-chief and concluded the season as manager of the Fort Worth Cats, is working at Arlington Downs race track. Atz is an experienced race track man but in all his years he hasn't figured out a system that will give him all the winners.

Bobby Stowe, former Texas league shortstop and now business manager of the Beaumont Exporters, is also working for the Waggoner racing plant. He is stationed at Dallas where he is handling tickets and publicity.

Mildred Babe Didrikson, Texas' wonder girl athlete and Olympic champion, teamed with Francis McGonagill, Texas profesisonal golf champion, the other night in a driving contest at a Dallas range. Miss Didrikson, hooked the first two drives out-of-bounds. She sent the third sailing down the middle for a measured distance of 246 yards. McGonagill hit two out-of-bounds and then whammed the next one for 287 yards. They finished last.

Tracy Cox, the fighter whom Commisisoner Jack Flynn recognizes as the Texas junior welterweight champion, claims he had rather play golf than fight, but he gets paid for fighting and always has to pay off when he plays a round of golf. Thus he sticks to fighting.

FIGHTS LAST NIGHT

(By The Associated Press)

NEWARK, N. J.—Joie Ferrando, 140, Jersey City, stopped Herman Perlick, 145, Kalamazoo, Mich., (6).

CHICAGO—Kid Irish, 128, Benid, Ill., outpointed John Fitzpatrick, 127, New York, (6). George Engel, 142, South Bend, Ind., outpointed Steve Padjo, 136 1-2, Chicago, (6).

CHATTANOOGA—Maxie Rosenbloom, New York, and Clyde Chastain, Dallas, drew, (10).

LOUISVILLE—Henry Firpo, 163, Louisville, and Rosy "Kid" Baker, 157, Indianapolis, drew, (12).

ASHEVILLE, N. C.—Red Barry, 203, Washington and Charlie Belanger, 189, Winnepeg, drew, (10).

MIAMI—Joe Knight, 170, Cairo, Ga., stopped Bob Godwin, 168, Moultrie, Ga., (5).

ALBANY, N. Y.—Abe Feldman, 182 1-2, New York, knocked out Mickey Taylor, 190, Jersey City, (4).

SALT LAKE CITY—Jackie Burke, 147, Ogden knocked out Phil Greening, 146, Denver, (3). Leo Hansen, 158, Salt Lake City, outpointed Jimmy Wolcott, 157, Phoenix, (6).

CANTON, O.—Alabama Kid, 161, Dover, O., outpointed Sammy Slaughter, 162, Terre Haute, Ind., (10).

TWO ARRAIGNED

TYLER, Oct. 17. (AP)—A. F. Anding of Henderson and Tom Potter of Kilgore were arraigned here late Monday before U. S. Commissioner Paul Kern on charges of failure to furnish information and reports dealing with the movement of oil in interstate commerce. Both pleaded not guilty and were released under $1,000 bond each.

Ray Prim, southpaw pitcher recently purchased by the Washington Senators, played college baseball at Auburn.

On your next trip to Los Angeles, make it a point to stop at the Park-Wilshire, on smart Wilshire Boulevard. Offering delightful appointment with all modern conveniences. Roof lounge and sun garden; five minute from the heart of Los Angeles. Daily and monthly accommodations.

WINNERS IN THE "ODDITIES" OF THE SOUTH PLAINS Contest

The persons who submitted the following five "ODDITIES" will please call at the Avalanche-Journal today for their guest tickets to see Edward G. Robinson, in "I Loved A Woman," with Kay Francis, at the Lindsey Today.

ODDITY NO. 1

The first sudan grass grown in the United States was grown on the State Experiment Farm, located just east of Lubbock. It was grown in 1911. Submitted by Neal McCaskill, 1708 16th St.

ODDITY NO. 2

A pig, born Friday, Oct. 6th, 1933, on the J. R. Sechrist farm. This pig had six legs, two in front, and four in the back. It lived about four hours. The Sechrist farm is located five miles southeast of Lubbock. Submitted by Mrs. L. W. Litley, Rt. 6.

ODDITY NO. 3

In traveling across country from Littlefield to Amarillo, a person sees many mirages of the large grain elevators in Amarillo, long before the elevators themselves can be seen. Submitted by Mrs. F. L. Tolbert, 2108 14th St.

ODDITY NO. 4

The captain of the Floydada (High school) Whirlwinds made a touchdown for Lubbock (High school) Westerners, in the football season of 1931. Expl.: R. L. Stovall was elected captain of the "Whirlwinds," at the close of the 1930 season. He moved to Lubbock in 1931, and played with the Westerners. The Whirlwinds' first game of the 1931 season was with Lubbock Hi. The Whirlwinds had not elected another captain. During the course of the game, Stovall, of the Westerners, made a touchdown. Submitted by R. L. Stovall, Lubbock, Tex.

ODDITY NO. 5

One of the most striking oddities of the South Plains is the "static" which is manifest especially in a sandstorm. Teachers are often shocked when they touch the blackboards, during one of these sandstorms. Submitted by Carroll Thompson, Principal of Junior High School.

The ladies who submitted the following three ODDITIES, will please call at the Avalanche-Journal today, and receive a $2.00 jar of Charme Dry Climate Cleansing Cream.

ODDITY NO. 6

A. L. Robinson, formerly of Slaton and Lubbock, started to paint at seventy years of age. He had never had any previous painting experience, considering his age and lack of early training, his skill with line and color was remarkable. Submitted by Mrs. Marvin Wilson, 705 Ave. M. (Grand daughter of Mr. Robinson).

ODDITY NO. 7

One Saturday, during November, 1930, the sun was shining early in the morning, and there was a moderate wind from the south. In about two hours the wind changed to the west, and a real West Texas sand storm began to blow. This continued until just after noon, at which time it began to thunder, and soon started to rain, making all trace of the sand disappear. Soon the rain stopped and snow flakes began to fall, this was followed by sleet, and soon the ground was covered with the sleet. About five o'clock the clouds cleared away, and the sun began to shine again. This seems rather unusual EVEN FOR WEST TEXAS. Submitted by Mrs. G. K. Horton, Hurlwood, Texas.

ODDITY NO. 8

The play of lightening from the horns of one cow, in a herd, to the horns of another is an electrical oddity quite common on the ranches of West Texas. Submitted by Mrs. Isobell Garrison, Junior High, Lubbock.

Watch for Another 'Oddities' Contest Tomorrow

LEGAL NOTICES

39—Legal Notices

SHERIFF'S SALE
THE STATE OF TEXAS
County of Lubbock:
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable 42nd District Court of Taylor County, on the 3rd day of October, 1933, by the Clerk for the sum of Eight Hundred Two and 05-100 Dollars and costs of suit, under a Judgment, in favor of Abilene Building and Loan Ass'n. in a certain cause in said Court, No. 9330-A and styled Abilene Building and Loan Association, a Corp., vs. J. R. Walker, and placed in my hands for service, I, Tom Abel as Sheriff of Lubbock County, Texas, did, on the 9th day of October, 1933, levy on certain Real Estate, situated in Lubbock County, Texas, described as follows, to-wit:
Lot No. Three (3) in Block No. Fifty (50) of the Original Town of Lubbock, Lubbock County, Texas, and levied upon as property of J. R. Walker and that on the first Tuesday in November, 1933, the same being the 7th day of said month, at the Court House door of Lubbock County, in the City of Lubbock, Texas, between the hours of 10 A. M. and 4 P. M., on virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the proprety of said J. R. Walker.
And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Lubbock Avalanche-Journal, newspaper published in Lubbock County.
Witness my hand, this 9th day of October, 1933.
TOM ABEL,
Sheriff Lubbock County, Texas.
By B. F. CARPENTER, Deputy.

NOTICE OF SHERIFF'S SALE
THE STATE OF TEXAS,
County of Lubbock:
By virtue of an Order of Sale issued out of the 72nd District Court of Lubbock County, Texas, on the 22nd day of September, 1933, on a judgment rendered in said Court on the 23rd day of February, 1933, in Cause numbered 4164 on the docket of said Court, in favor of Reality Trust Company, a corporation, against Geo. Wolffarth for the sum of $676.60, with interest on $526.60 of said amount from date of judgment until paid at the rate of 10 per cent per annum, and on $150.00 of said amount from date of judgment until paid at the rate of 6 per cent per annum, and for foreclosure of liens on the property hereinafter described against Geo. Wolffarth, Lottie Wolffarth, Russell Myrick, Jr., Bernice Myrick, First National Bank in Dallas, and Victor E. Lindsey, Trustee in Bankruptcy, as said liens existed on June 11, 1924, and thereafter; the said Order of Sale having been directed and delivered to me as Sheriff of Lubbock County, Texas, I did on the 9th day of October, 1933, at 10:00 o'clock A. M., levy on the following described property situated in Lubbock County, Texas:-
Lots Nos. One (1), Two (2), Three (3), and Four (4), Block No. Eighty-five (85), of the Overton Addition to the City of Lubbock.
And on the 7th day of November, 1933, same being the first Tuesday in said month, between the hours of 10:00 o'clock A. M. and 4:00 o'clock P. M., at the Court House door of Lubbock County, Texas, in the City of Lubbock, I will offer for sale and sell the said property at public auction for cash, and apply the proceeds of such sale on said judgment, as provided in said Order of Sale.
WITNESS my hand this 11th day of October, 1933.
TOM ABEL,
Sheriff, Lubbock County, Texas.

THE STATE OF TEXAS
To the Sheriff or any Constable of Lubbock County—Greeting:
YOU ARE HEREBY COMMANDED to summon F. M. Putty by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the 72nd District Court of Lubbock County, to be holden at the Court House thereof, in Lubbock, Texas, on the 1st Monday in November, A. D. 1933, the same being the 6th day of November A. D. 1933, then and there to answer a petition in said Court on the 2nd day of October, A. D. 1933, in a suit, numbered on the docket of said Court No. 5751, wherein Mary Putty, is Plaintiff, and F. M. Putty, is Defendant, and said petition alleging
Plaintiff sues for divorce upon the grounds of abandonment: That she and defendant married October 27th, 1912 and lived together as husband and wife until March 1, 1925, when defendant abandoned her.
Herein Fail not but have before said Court, at its aforesaid term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Lubbock, Texas.
On this the 2nd day of October, A. D. 1933.
(SEAL) CHAS. B. METCALFE, Clerk, 72nd District Court Lubbock Co., Texas.
By OLIVE FLUKE, Deputy.

MARTIAL RULE IS EXPECTED

AUSTRIANS DEMANDING RESTORATION OF THE DEATH PENALTY

BY WADE WERNER

VIENNA, Oct. 17 (AP)—The official government gazette, "Wienerzeitung," today front-paged an intimation that a declaration of martial law was expected soon.

Banner-lining "restoration of the death penalty," the paper indirectly approached the subject of martial law by pointing out that "there is an overwhelming popular demand for the restoration of the death penalty."

"One Way Left"

This demand, it was added, is convincing the government that something should be done, but inasmuch as capital punishment has been constitutionally abolished from the criminal code, there is only way left—declaration of martial law.

Such a declaration automatically would carry with it the war time penalty of death for murder, treason and related offenses.

The Gazette also carried a communique which described briefly a conspiracy uncovered at Linz yesterday, in which authorities said Nazi officers and former officers planned to seize arms, uniforms and equipment at the Linz garrison for use in "further action."

Investigation Starts

As a result of the uncovering of the plot, political police were in the midst of a widespread investigation in all garrisons and branches of the army.

Although the secret instructions of the socialist party for preparations for a general strike were not carried in any Vienna paper, they were banner-lined in the "Prager Tagblatt" which arrived this morning from Czechoslovakia.

Also from Czechoslovakia arrived an official communique that Foreign Minister Benes was departing from Geneva for Vienna for a conference with Chancellor Engelberg Dollfuss.

SIGNAL STILL UP FOR OIL PRICES

TULSA, Oct. 17 (AP)—The signal still is "up" for the mid-continent's oil price elevator.

Minimum prices promulgated by Secretary Ickes, effective December 1, mean an additional 11 cents a barrel for most of the mid continent's crude. A marked ascent has been under way for several months.

Oklahoma, Kansas and some other fields now are on a gravity scale paying $1 a barrel for 36 gravity oil and a dollar is that flat price for the great East Texas field. The recovery administration's program sets a basic price of $1.11 for the quality crude average in the area.

Gasoline prices, too, are higher. The Washington announcement sets 6 1-2 cents a gallon as the rate for midcontinent 60-64 octane, now selling between 4 1-4 and 4 1-2 cents on a sluggish market.

Diplomacy Aids Family Reunion

Diplomatic aid brought about the reunion of little five-year-old Irma Francesca Welch and her father, James E. Welch (center), after a separation of more than four years while Irma was in custody of a guardian in Venezuela and her father was jailed for kidnaping in an attempt to recover his child. They are shown thanking Assistant Secretary of State Payer in Washington. Welch and his daughter will live in Shreveport, La. (Associated Press Photo)

FARMERS OF AREA ASKED TO EMPLOY LOCAL LABOR WHEN IT IS POSSIBLE

Cognizant of a heavy inflow of cotton-pickers, Dr. I. E. Barr, president of the Lubbock Chamber of Commerce, Monday appealed to farmers of this region to employ local labor where possible.

Doctor Barr explained that the chamber of commerce made a survey in June, finding approximately 30,000 unemployed heads of families in about 20 counties.

"Virtually all of these unemployed were then on RFC relief rolls," Doctor Barr said. "Outside of cotton picking and the employment resulting from the NRA there is no employment for these people. They all are citizens of this section, and virtually all are white men with families."

The chamber president also pointed out that no relief funds have been available for September and October.

"The only way they have to feed and clothe their families is through work in the cotton fields," he continued. "A survey just completed shows at this time there is a surplus of cotton pickers coming into the section. All roads literally are cluttered with cotton pickers, most of whom are negroes and Mexicans.

"The co-operation of the United States department of labor has been solicited by the chamber of commerce in an effort to stop this tide of surplus pickers. Immigrant authorities are being asked to check on all Mexicans, and local officers are being asked to use every effort to turn back the surplus.

"As the cotton is picked and as bad weather comes on, a serious condition will face farmers and residents of cities alike in that a certain percentage of the transients will remain here and must be cared for during the winter months. Relief funds will not be adequate for their care."

It also was pointed out that the cotton harvest also is attracting some persons with criminal tendencies.

HIGHWAY WORK CONTRACTED

PLANS ARE RUSHED TO PLACE ALL OF AID UNDER CONTRACT

AUSTIN, Oct. 17 (AP)—Plans were rushed today to carry out the determination of the highway commission to have all of the $24,500,000 emergency aid allotted to Texas by the federal government under contract by January 1.

The commission has set January 1 as the deadline for getting the unemployment relief construction program under contract, Gibb Gilchrist, state highway engineer, said.

Bids totalling $1,717,821 were received yesterday and the commission will meet October 23, and October 30 to take offers on additional work. These lettings have been tentatively set for November.

To date bids have been received on approximately $8,000,000 of the federal program.

Work will start on projects on which bids were received yesterday as soon as they have been approved by the federal government. In seven of the counties the bids exceeded the estimates and a revision of plans may be necessary. Counties in this classification were Bastrop, Hale, Irion, Dewitt, Hudspeth, Navarro and Garza.

Other counties included in yesterday's bidding were McLennan, Brazoria, Cochran, Cherokee, Terrell, Motley, Gonzales, Montague, Tom Green, Lynn, Dawson, Terry, Castro, Atascosa, Foard, Andrews, Jeff Davis, Trinity, Walker, Titus, Sabine, Nueces and Gaines.

Nutritive value can be saved by cooking potatoes in their skins.

Revolution Rumors Heard In Portugal

LISBON, Oct. 17. (AP)—Rumors of a revolution in Portugal were current early today, rising from a sudden ministerial crisis due to Premier Salazar's recent establishment of trade corporations under the control of the government.

Salazar discussed the government's position lengthily yesterday with President Carmona who also interviewed the commanders of the army and the navy.

TEXAS MAN CURBS STOMACH ULCERS

After suffering from stomach ulcers for fifteen years, Mr. W. P. Bankston, 815 11th St., Wichita Falls, Texas, says that a simple home treatment solved his problem. He says that today his stomach doesn't bother him and he eats heartily of things he likes without any pain whatever.

Mr. Bankston advises all sufferers from stomach trouble, acid stomach, heartburn, stomach ulcers, gas pains, belching, pains after eating, sour stomach, indigestion and other symptoms when caused by excess acid to send name and address to Udga, Inc. 1124 Foot-Schulze Bldg., St. Paul, Minn. This company will send a complete 15-day trial treatment to any stomach sufferer, the same treatment that brought the wonderful results reported by Mr. Bankston. For full details, write them today. OFFICERS ISSUE WARNING AS CRIME BEGINS TO SHOW SEASONAL INCREASE

With a seasonal increase in crime already apparent here, local officers urge that homes and business house be guarded.

As surely as night follows day, burglaries, robberies, hijackings, and petty thievings follow the cotton harvest in this section.

The $500 Grollman show-window burglary Friday morning, ironically, might be called the season's "formal" opening. Three days later, on Sunday night, a slim burglar cut through the roof of the I. A. Stephens Dry Goods company store to filch what he wanted from the store.

Sunday, it was recalled, was the first anniversary of the hold-up murder of 25-year-old Robert Tharp, a crime which so aroused the citizenry that, at a mass meeting, gold was offered for informers and bullets for criminals.

Part of the loot from a 19-day-old Amherst burglary was identified here yesterday by Mrs. L. J. Grimes. The sheriff's department found clothing packed in boxes in a garage here Saturday. Mrs. Grimes read of the discovery in Sunday's Avalanche-Journal.

"Every thug from Amarillo to Pecos is following the money crop to the South Plains," said Police Chief Wiley L. Metcalfe. "We urge the people to protect themselves, their homes, and their stores. Members of the police department are doing all they can to prevent additional crimes and to apprehend the burglars of Grollman's and Stephens'."

"We are going to have plenty to do from now on," Sheriff Tom Abel said. "The sheriff's department is doing its best to stop the wave before it reaches its peak."

Police during the week-end arrested 41 persons, majority of them Mexicans charged with drunkenness, fighting, disturbance and petty theft.

All principal highways to the South Plains are lined with laborers, coming here for the cotton crop. Most are Mexicans.

Police said they believed the majority of the transients were honest laborers, but they added that criminals always flock to this section when the "big money crop" is being harvested.

Turkey Grading To Be Taught In City

Paul Cunyus, assistant poultry husbandman of the extension service, will conduct a turkey grading school here Oct. 25 for turkey raisers of this region, County Agent O. G. Tumlinson has announced.

"There will be a turkey grading school and also a tom show," Mr. Tumlinson said. "Mr. Cunyus will kill and grade turkeys to show the difference between unfinished and the finished birds.

"At the tom show birds will be graded and marked, good, fair and poor. There will also be an exchange of toms, so that persons who so desire, may exchange their birds for others."

The session will be held in the poultry building at the Panhandle-South Plains fair grounds.

TO BUY FLAX

Czechoslovakia has decided to encourage flax and hemp growing in the country by purchasing part of the crops. A decree just issued fixes the quantities for obligatory purchases of these fibres and gives the composition of a new Hemp Council consisting of 16 members.

Dr. Folsom Named Head Of Surgeons

FORT WORTH, Oct. 17. (AP)—Dr. A. I. Folsom, Dallas, was elected president of the Texas surgical society to succeed Dr. A. O. Singleton, Galveston, here Monday at a business meeting of the organization. The society opened its two day semi-annual meeting here yesterday. The next meeting will be held in April in Dallas.

Other officers chosen were Dr. C. C. Green, Houston, first vice president; Dr. Everett Jones, Wichita Falls, second vice president; Dr. Samuel D. Weaver, Dallas, re-elected secretary and Dr. Elbert Dunlap, Dallas, treasurer. Dr. Frank C. Beall, Fort Worth, was elected a member of the council.

Dr. Geo. Mermann, professor of clinical surgery at the school of medicine, University of Texas, at Galveston addressed the society at its annual banquet last night. Other speakers included Dr. A. C. Scott, sr., of Temple.
