

Northern Syria's Army Officers In New Revolt

Ask Reunion With Nasser

By GEORGE A. MCARTHUR CAIRO (AP)—Army officers in northern Syria proclaimed a rebellion today against the Syrian military junta and demanded reunion with President Gamal Abdel Nasser's United Arab Republic.

The Aleppo claims were ignored in Damascus broadcasts by the junta, which broke with the U.A.R. in an uprising last September and then last week toppled the civilian government it had created.

Reports from Damascus reaching Beirut, Lebanon, said there had been demonstrations in the Syrian capital this morning before the army banned all gatherings.

The reports added that Syrian army officers were assembling in Damascus to try to reach agreement on some way out of the difficulty.

The broadcast from Aleppo announced a "free officers command" had rebelled against the military junta in Damascus.

The junta asserted the army is united in all parts of Syria and warned plotters and exploiters and troublemakers that the general command will take severe punitive measures against them.

In boosting out the civilian government, the junta had accused civilian leaders of nullifying land reforms and other measures. It called for a brand of Arab social-

ism but no reunion with the U.A.R.

But now, apparently under pressure from the uprising in the north, the junta in repeated broadcasts talked vaguely of unity with all Arab countries, including the U.A.R. It seemed to call for some sort of federation, rather than return to the union setup under which Syria joined Egypt in the U.A.R. in 1958.

Landings Of Indonesians Are Reported

By PETER ARNETT JAKARTA, Indonesia (AP)—Defense Minister Gen. Abdul Harris Nasution reported today that Indonesian guerrillas have landed at three places along the West New Guinea coast, apparently under air and sea escort.

Nasution told a university group in Bandung that the landings were made at Sorong, on the western tip of New Guinea; at Fakfak, on the southwest coast; and at Kai-manna, in the south.

Nasution added that the navy and air forces are patrolling along the beaches.

Nasution's remarks, added to a prepared speech, followed reports that fighting was taking place on Waigeo Island off West New Guinea. The Dutch denied a claim by Jakarta radio that Dutch Marines had been driven off the island with heavy casualties.

The Dutch command in Hollandia, West New Guinea, reported last week that a band of Indonesian landed on Waigeo and said they were being mopped up. The Dutch claimed some of the infiltrators had surrendered.

An Indonesian army spokesman in Jakarta modified the Jakarta radio report. Col. Soejarto said the native islanders may have expelled the Dutch but it was not done by regular troops nor infiltrators.

Negotiations between the Netherlands and Indonesia on Indonesian claims to West New Guinea were suspended last week. Sources close to President Sukarno said in Jakarta they will probably be resumed.

Guinn Rites Set Tuesday

Funeral services will be held at 2 p.m. Tuesday for Miss Ida Ruth Guinn, 58, of Camp Springs.

Miss Guinn was born Nov. 30, 1903, in Mrs. Tex. The name of Mrs. Guinn was later changed to Camp Springs. She died at Cogdell Hospital Sunday morning at 8:30 a.m.

Miss Guinn was a member of the First Methodist Church. Services will be held there by the Rev. Harry Vanderpool officiating.

He will be assisted by the Rev. Maxine Jones, pastor of the Sacred Baptist Church. Burial will be in the Camp Springs Cemetery under the direction of Bolger Funeral Home.

Survivors include four sisters, Mrs. W. M. Nichols of Snyder, Mrs. Coca Hamilton of Snyder, Mrs. Kate Shepard of Sacramento, Calif., Mrs. Ann-Aners of Sunnyside, Calif., one brother, F. G. Guinn of Ventura, Calif.

Funeral services will be held at 2 p.m. Tuesday for Miss Ida Ruth Guinn, 58, of Camp Springs.

Say Witness Is Balking

HAVANA (AP)—A government witness may be balking as the FBI of 176 captives of the Bay of Pigs invasion goes into its fourth session today.

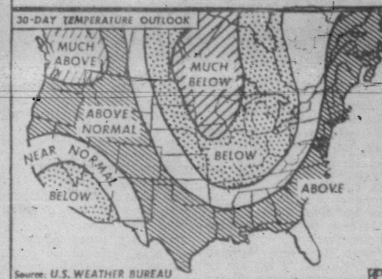

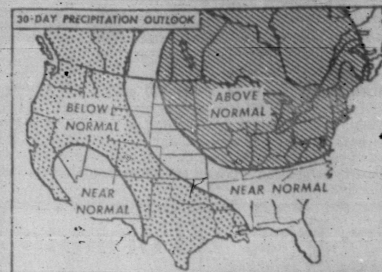

Havana papers said the witness, identified as Pablo Organvilles or Organvilles, had confessed he was an agent of the U.S. Central Intelligence Agency but "now ridiculously tries to deny himself."

Western newsmen have been barred from the trial in the courtyard of Principe Prison.

Government-controlled papers said earlier that all the prisoners captured after last year's invasion had confessed. Some were reported to have denounced the CIA for letting them down.

Prime Minister John G. Diefenbaker of Canada, which received Communist Cuba, despite the U.S. boycott, appealed to the Yidel Castro regime Sunday to show clemency to the invasion prisoners.

The Canadian leader expressed sympathy for the Cuban captives. He also said Canada is concerned because the trial is being carried out in secret.

3 Councilmen, Mayor To Be Elected Here

Snyder voters will go to the polls tomorrow to elect three councilmen and a mayor.

Running unopposed for his second term as mayor is Dr. John Hamblen.

Only one contested race is seen in the three places up for election on the city council: Place 6, currently held by Rex Fields, is being sought by Stanford Land and Guy Sullivan. Land is friend agent for

the RS&P Railroad and Sullivan operates an insurance agency.

D. D. Shelburne, presently occupying place 7 is running for reelection to that position. H. A. Johnson, Jr. has filed for place 4.

Place 4 is presently held by Stanley Noah who is not a candidate for reelection.

The city council has a regular meeting scheduled for tonight, and a special meeting scheduled for to-

morrow night. The meeting to-night will consider the regular business of the city. The meeting tomorrow night is called to canvass the votes of tomorrow's election.

Only those voters living inside the city limits are qualified to vote tomorrow. The polling place will be in the council room of the City Hall. Poll will open at 7 a.m. and close at 7 p.m.

Report Liz Calls In Lawyer, Says Her Marriage Finished

NEW YORK (AP)—Elizabeth Taylor was reported by the New York Post today to have summoned an attorney to "finish and to have said her marriage to Eddie Fisher is finished."

"Her marriage to Eddie Fisher is 'dead and done,'" Past columnist Earl Wilson wrote. "She wants out."

The attorney, Louis Nizer, had no immediate comment, but his secretary said he may have something to say later.

Nizer handled the Bofo Rockefeller divorce, the parting of Eleanor Holmes and Billy Rose, and a number of other noted divorce cases. He is the author of the best seller "My Life in Court."

"The people closest to the situation don't doubt that Miss Taylor wants him (Nizer) there to wrap up the marriage; any property settlement between her and Eddie is apt to be rather complicated," Wilson wrote.

Miss Taylor is in Rome, completing a film. She has been going out with Richard Burton, who plays in the film.

Both Fisher and Miss Taylor had denied reports that their marriage is ending although the latter reportedly refused to back him up by transatlantic phone last week when Fisher contended at a press conference that everything was all right.

Miss Taylor over the weekend sent a courier to New York with a personal message for her husband.

Fisher so far has refused to say what the message contained. In Rome Sunday, Miss Taylor took her three children by former husband to an annual celebration.

Miss Taylor was protected against photographers by police and a chauffeur swinging a broom on her leisurely Sunday off from her film role as Cleopatra.

The husky Burton, who plays Mark Antony opposite Miss Taylor in the film, was by her side in public for the second day run-

ning as they dined together.

Fisher, the slight singer who left Debbie Reynolds and his two children to marry the widowed Miss Taylor three years ago, was in the United States still professing that everything was romantically okay in his life.

Kurt Frings, agent for the couple, told newsmen on arriving in New York Sunday that he had a message for Eddie from Liz. He would say only that it was a personal message—a private matter.

Burton's wife and children went from Rome to England last week.

Miss Taylor and Burton, linked romantically in the gossip columns, went night-clubbing Friday night Sunday, she took her three children—Michael, 8, and Christopher, 6, by actor Michael Wilding, and Lisa, 3, by the late producer Michael Todd—to the Tyrrhenian seacoast town of Torvalines, 20 miles southwest of Rome, for lunch.

Burton showed up, later driving his own car.

Police in the tiny village shooed away cameramen.

Petitions Set For Nursing Home Here

A group of 50 interested citizens met this morning in the district courtroom to discuss a nursing home for Seury County.

Meeting with the group was the Rev. Don Davidson of Abilene. Davidson is the executive director of Homes for Older Adults of the Methodist Church.

According to Harold Bennett, who presided at the meeting, the meeting was called to see if the citizens of Seury County wanted to call a bond issue on the nursing home. A majority of those present voted to circulate petitions. The petitions will be presented to the commissioner's court at their meeting next Monday morning.

The amount of the bond issue was estimated to be about a quarter of a million dollars. Rev. Davidson stated that the cost per bed in such a facility would be \$7,000 for those who required sick care and \$3,000 for those who would receive well care.

Rev. Davidson suggested a plan encompassing a shopping center, a nursing home, low-rent housing, and a dormitory-type building for those who would be healthy, but lonely. He also stated that if something was not done within 15 years, you'll have abandoned people living all around your door."

Mr. Fred Wilkerson asked several questions regarding the cost to the county of such a facility. County Judge J. R. Martin stated that the obligations of the county today are about one-sixth of what they were a few years ago, and Bennett pointed out that the oil companies were presently paying over 45 per cent of the taxes in the county.

No discussion was held regarding the present nursing home, or of any non-tax-supported operation. The group voted to limit governmental aid to the local level, and not ask for any Federal aid.

Estes Makes Bid For Release Today

By HAROLD WILLIAMS EL PASO, Tex. (AP)—Hopes of multimillionaire Billie Sol Estes to go free from jail apparently rested on a federal court appearance today.

An associate said he was confident, however, that Estes' \$300,000 bond could be raised if a plea for lower bail was unavailing.

Estes and three other businessmen are charged with conspiring to take fraudulent chattel mortgages from one state to another.

Estes was removed from jail here earlier than expected and taken across the street to the office of U.S. Marshal Lewis Russell.

Estes spent much of the morning in the marshal's office. He lolled on a sofa, apparently relaxed.

The Pecos financier was clean-shaven. He wore a blue suit—his favorite garb.

Officers drove Estes to El Paso Sunday from Pecos, where he had been held since Friday night.

The 47-year-old prisoner ignored questions from newsmen.

Also here, were his father, John Estes, of Clyde, Tex., and W. W. Teague of Pecos, who said he is an insurance and real estate man. He was Teague who had the bond would be available.

An addition to the mushrooming troubles of Estes was suspension of the state grain-warehouse license held by one of his firms, United Elevators, Inc., of Lubbock, Tex.

State Agriculture Commissioner John C. White suspended the license pending an investigation. He said the move was precautionary.

The three men charged with Estes, all officials of Superior Manufacturing Co. of Amarillo, Tex., won release earlier on bonds of \$25,000 each.

They are Harold E. Orr, 31,

president of Superior, and Ruel W. Alexander, 36, secretary-treasurer, both of Amarillo, and Coleman McSpadden, 47, a director, of Herford.

The arrests followed a two-day conference in Dallas by representatives of a dozen finance companies. A spokesman said these firms found they had loaned about \$22 million in West Texas on "banks" for amorphous ammonia, a fertilizer. Estes reportedly is the world's biggest dealer in this commodity.

In quick order, the Texas attorney general sent aides to microfilm records of assorted Estes enterprises. Pacific Finance Co. of Los Angeles sued Estes and others for \$4,300,000; the House Government Operations Committee and the Agriculture Department began investigating Estes' affairs, and his private plane was repossessed.

Estimates of Estes' holdings range up to \$150 million.

Zorin Says New Measures Caused Soviets To Switch

By PATRICK MASSEY GENEVA (AP)—Soviet Delegate Valeriy A. Zorin said today the Kremlin has changed its mind about allowing nuclear test ban inspectors on Soviet soil because of new military measures taken by the Soviet Union.

These measures, Zorin told the 11-nation disarmament conference, were prompted by the Soviet situation and the Western military buildup.

He said that was why the Soviets backed away from their former agreement in principle for international control posts to be stationed on Soviet territory to supervise a nuclear test ban treaty.

Weather Is Clear, Chilly

April weather stayed clear and cool, chilly over most of Texas Monday.

Most points had early morning readings in the 30s to 40s except along the coast and in the Lower Rio Grande, where the mercury stayed in the 50s.

A little increase in south winds over most western areas of the state promised a slow warming trend. Clear to partly cloudy skies were expected through Tuesday.

Forecast called for another cool night, with temperatures again a little below to a little above freezing in northern sectors.

Dawn temperatures ranged from 22 degrees at Abilene to 33 degrees at Corpus Christi. A little warmer: 25, Lubbock 32, Midland 31, El Paso 42, Laredo 31, San Antonio 45, Houston 45, Galveston 50, Beaumont 39, Austin 40, Waco 36, Dallas 33, San Angelo 35, Wichita Falls 29 and Texarkana 35.

Mrs. Estes Says Things Looking Up

PECOS (AP)—"I think things are looking up," the wife of jailed financier Billie Sol Estes said in a copyrighted interview with the Dallas News today.

Mrs. Estes, attractive and young, has not seen her husband since FBI agents arrested him at their palatial home Friday evening, but they have talked by telephone. Mrs. Estes called after being taken to the El Paso County jail yesterday.

"People have been wonderful to us," she said. "I feel like we have more friends than we had before. We've had calls from people all over the country, many from people we don't even know. They think it's a dirty deal, the high bond and all."

Mrs. Estes said her son and four daughters, 5 to 14, "are getting along fine now, but it was awfully hard on them at first. Their little friends are coming up and saying, 'We're for your daddy.'"

Mrs. Estes usually stays busy with church work, and her children to and from school and working in one of the kindergartens her husband has established here in West Texas. She is a talented oil painter.

She and her wife frequently go bicycle riding with their children. When they are home, seven bicycles stand in a rack at the front of their home along with several Cadillacs.

She attended a service Sunday at the Church of Christ, where she and Estes are active workers. The minister, W. Boyell, read a note from Mrs. Estes submitting her resignation as an elder.

Minister Boyell said Estes had not been asked to return.

Tornado May Be Florida's Worst

MILTON, Fla. (AP)—The tornado which ripped through Milton and killed 15 persons may have been one of the most powerful in the history of this state.

Gov. Farris Bryant and a group of city and county officials toured the stricken area Sunday and saw first hand how completely the Saturday twister devastated a 29-mile-long area in this northwest Florida town.

Bryant said he was appalled at the violent force of the winds, which in one area blasted a group of houses so thoroughly that the foundations couldn't be found.

For the width of about three blocks, the twister swept down every house and ripped every tree to shreds, leaving only bare tree stubs.

Bryant said federal authorities were expected to begin assessing the damages today for possible assistance. The civilian defense department, an highway patrol crew and a preliminary damage figure of \$1.5 million.

The State Road Department planned to move in to clear debris from the storm area.

Bryant flew over the seven-mile-long strip of wreckage in a Navy helicopter, then returned by automobile. He was high in praise of rescue operations and the feeding and housing of the refugees.

An estimated 1,200 relief workers, including 250 National Guardsmen and several hundred Navy men from Whiting Field, took part in the relief work.

The Guardsmen and highway patrolmen closed off the storm area.

Two Persons Die In Nursing Home Fire

YEADON, Pa. (AP)—A fire broke out in the cellar of the Vart-Hahn Nursing Home early today, resulting in the death of two elderly persons and forcing the evacuation of more than 50 others.

Three firemen were injured. Several of the evacuees suffered smoke inhalation.

Desk officer William Schwelke of the Yeardon police said the fire was confined to the cellar but spread heavy smoke through the three-story building.

April Fool Big In Italy

FLORENCE, Italy (AP)—Word spread through this birthplace of Michelangelo Sunday that a group of Florentine artists had gone to Vatican City to steal the world famous Pieta statue tickled for display at the 1962 World Fair in New York.

Later in the day, crowds gathered in the central piazza as a truck drove into Florence carrying a statue. A sign read: "The Pieta of Michelangelo, taken from Rome to Florence by Florentine artists so it won't be shipped anywhere."

But when the crowds moved in closer they saw the statue was a plaster copy of the priceless work. And from the statue remembered the April Fool's Day, and in Italy they do it big.

Congress Faces U. N. Loan Issue

WASHINGTON (AP)—Congress heads into its fourth month today with the Senate scheduled to begin debate on a compromise proposal to provide up to \$100 million in American loans to the United Nations.

The loan proposal, accepted by the Kennedy administration as a substitute for a request for authority to purchase a "small" amount of U.N. bonds, seemed likely to get early and overwhelming Senate approval.

The House, moving through routine legislation today, acts Tuesday on a \$366-million supplemental appropriations bill.

Committees of both houses, where the preliminary battles are fought out, scheduled working sessions on some of President Kennedy's major legislative proposals.

The Senate Finance Committee begins five weeks of public hearings on the administration's big tax bill, passed by the House last week. A House committee arranged a closed session to consider, among other things, the proposed constitutional amendment passed by the Senate to abolish state poll taxes as a requisite for voting in federal elections. Five states — Alabama, Arkansas, Mississippi, Texas and Virginia — have such provisions.

Chairman Harry F. Byrd, D.Va., said he expected Secretary of the Treasury Douglas Dillon to be questioned closely by Senate Finance Committee members on original administration loopholes closing provisions which were watered down when the House passed the tax bill.

Lewis Rites In Coleman

COLEMAN — Funeral services were to be held at 2 p.m. today for Miss Myrie Lewis who died at 2:15 a.m. Sunday in a Vernon rest home.

Miss Lewis was a sister of Mrs. Herbert Feather of Snyder.

Funeral rites were to be conducted at Stevens Memorial Chapel in Coleman, and burial was to be in the Talpa Cemetery.

Other survivors include a brother, Frank Lewis, of Coleman, and two other sisters, Mrs. Johnnie Pittman of Hobbs, N.M., and Mrs. Howard Parker of Jacksonville, Texas.

A native of Talpa, Miss Lewis was the daughter of the late Mr. and Mrs. J. C. Lewis.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the action of an itching agent to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem."

The secret is a new healing substance (Bio-Dynex)—discovery of a world-famous research institute. In its substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

MR. AND MRS. WENDELL REX MITCHELL

Beinhauer, Mitchell Rites Read

Carol Jean Beinhauer became the bride of Wendell Rex Mitchell in a double ring ceremony read Friday at 7:30 p.m. by Rev. Walter Lentz in the Grace Lutheran Church.

Mr. Beinhauer gave his daughter in marriage. She wore a gown of Chantilly lace over satin. The bridesmaids wore a scalloped neckline, and sleeves that tapered to a point over the hands. A crown of Chantilly lace and seed-pearls held the bride's veil in place. She carried a bouquet of gardenias and white mums.

Mrs. Ray Smith, matron of honor, wore a dress of green satin and carried a nosegay of gardenias and feathered mums.

Ray Smith was best man. Ushers were Wayne Newman and Donnie Ransford, cousin of the bride.

Nuptial music was presented by Miss Francis Marth of Roscoe. For a wedding trip the bride wore a black and white suit with white accessories.

The bride is a graduate of Hermleigh High School. The groom attended Snyder High School and is employed by E. L. Farmer Trucking Co. at 1106 West 11th Street.

Parents of the bridegroom hosted a wedding dinner.

Miss Dupree Elected To Phi Beta Kappa

Paula Ann Dupree, daughter of Mr. and Mrs. Bob Dupree, 1607 Twenty-fifth Street, Snyder, is one of twenty-four Southern Methodist University students elected to membership in the Texas Gamma Chapter of Phi Beta Kappa. Paula Ann is a senior history major.

Initiation for the new members and the annual banquet of the chapter, will be held in conjunction with the Dallas Association of Phi Beta Kappa, on Tuesday, April 10, 1962.

AN ARTIST'S RENDERING of a house of tomorrow, now being constructed on the grounds of the Seattle World's Fair.

By ANDY LANG

AP Newsfeatures

Anyone who tackles the subject of homes and building products of the future had better be prepared to delve through tons of material about the plans of scientists, architects and builders.

We have discussed several times what the home owner can look forward to in the years ahead. The most recent was an article on aluminum-faced building, panels with an inner core of plastic honeycomb. The typewriter keys had hardly stopped clacking on that topic before we were deluged with facts and figures about various other projects in the making. The most bizarre undoubtedly is a windowless house under construction at the Seattle World's Fair.

This house, designed by architects Robert Jones and Alan Liddle, tosses overboard all straight-line architecture. It is characterized by undulating plywood sandwich walls that follow a free-form floor plan based on ovals and circles. The wall material, handmade for this experimental house, is made up of two layers of fir plywood, permanently finished so as never to need repainting.

Sandwiched between are foamed cores and paper honeycombs. A series of six cone-shaped revolving skylights gives the house a space-age appearance. The cones, believe it or not, rotate to follow or avoid the sun, flooding the interior with natural light.

At this stage of the art of building technology, it would be impossible to put such a home on the market at a reasonable cost. But scientists say a house made in this way may well be a reality before the turn of the century.

Meanwhile, the National Association of Home Builders and a leading building products manufacturer are preparing to build a second basic study house in the search for better ways to construct houses at lower cost. The first home, built last year in Berea, Ohio, has gone through a time-motion-and-methods study. This study encompassed 250,000 visual observations

and written recordings by an eight-man engineering team.

Some vital information already has been gathered, but you may be interested in one of the unusual facts uncovered: 32 per cent of the time taken for the installation of a furnace was spent in uncrating the equipment with a hammer and a chisel when a wrench was the proper tool needed.

Also in the new materials area, a Los Angeles company has come up with a new technique for clipping, what are called pumice bricks to a wall surface — and applying the mortar into the joints after the wall has been completed. Stainless steel metal strips are affixed in set rows running vertically along the wall. The pumice bricks are then inserted into the strips and held firmly in place with clamps. The mortar then is squeezed between the joints with special equipment.

Question: I would appreciate your advice on how to use enamel so that it doesn't run down and form little "bolls" after I have finished. I hope to enamel our kitchen furniture and wood cabinets soon and would like to do a better job than I did some years ago. I never seem to have any trouble with regular paint, only with enamel.

Answer: Enamel requires a slightly different type of application from what you call regular paint. It must flow on — with long, sweeping strokes of the brush. It will drip if there is too much paint on the brush, but it will not cover properly if there is little paint or if you attempt to brush it out too much.

When you are painting things like chairs and tables, turn them upside down or on their sides or otherwise arrange them so that you do as much enameling as possible on horizontal surfaces.

When you are painting stationary vertical surfaces, start at the top and work down. Drippings then will be smoothed out by subsequent brushing. Also, enamel across the grain first, then finish with upward strokes. Thus, by starting at the top and working down, combined with upward finishing strokes, the final part of the job will be at the bottom of the cabinet. The final upward strokes in that area will smooth out any drippings or other imperfections.

Here are clues to an under-wired house:
1. Fuses blow frequently.
2. Radios fade or sound scratchy when an appliance goes on.
3. Motors often overheat.
4. Toasters and irons warm up too slowly.

Shrimp And Egg Casserole

5 tablespoons butter or margarine
2 tablespoons flour
1/2 cup milk
1 pound shrimp (cooked and cleaned and halved lengthwise)
Salt and pepper to taste
2 hard-cooked eggs (sliced)
1/2 cup medium coarse dry bread crumbs
1/2 teaspoon paprika

In a saucepan over low heat melt 3 tablespoons of the butter; stir in the flour. Add milk; cook and stir constantly until thickened. Add the shrimp and salt and pepper. Turn half the mixture into a deep 8 1/2-inch pie plate or similar baking dish; arrange the sliced eggs over the sauce. Melt the remaining 2 tablespoons butter; mix with the bread crumbs; sprinkle over the top. Bake in a hot (400 degrees) oven on a top shelf until bubbly and lightly browned — about 15 minutes. Makes 4 servings.

Challenge of World Leadership? The four assumptions of today are: 1. Not in our lifetime will there be peace as we knew it before WWII. Eastern standards of living change slowly. Many problems lie ahead. 2. There are no grounds for despair. America is still a Giant. 3. American people get the foreign policy and defense policy they are willing to pay for. Free government can lead, but it can not run counter to the priorities of the people. 4. We must reach to you, my countrymen, for the life of ease but for the life of genuine endeavor. — Theodore Roosevelt.

Mrs. Huddleston Hostess To H-D Club Meet

The Tri-Community Home Demonstration Club met recently at the Union community center with Mrs. Betty Huddleston as hostess.

Eleven members and Miss Ruby Butts were present.

The club voted to sell household products as a money raising project. They announced that a Dresden paint school will be held on April 27 for craft day. The public is invited to attend, and everyone is asked to bring a covered dish and the club will furnish the drinks.

The District 2 meeting will be April 29 at the First Baptist Church in Colorado City. The program will be served from 9 to 10 a.m. and the meeting will begin at 10 o'clock. Lunch will be at the Civic House for \$1.53. Reservations for lunch must be sent to Mrs. Mack Kruse, Box 87, Ira, by April 13.

The program consisted of a group of slides on flower arrangement and Mrs. Gay Steker showed slides of her trip to the National Home Demonstration meeting in Maine last September.

DOES GETTING UP NIGHTS MAKE YOU FEEL OLD

After 35, common kidney or bladder irritations often occur and may make you tired and nervous from too frequent urination. CYTOSOL usually brings relief, retaining contact by causing irritating areas to reverse. CYTOSOL is a sterile analgesic pain relief. Get CYTOSOL at drug stores. Check up and feel better fast.

Pork Chop Pocket

When planning stuffed pork chops, purchase 1 1/2 inch thick, cut the pocket into the rib side of each chop. If the chop has two rib bones, cut between them. Chops cut from this side hold the stuffing better.

Spahn Battered Again

By MIKE KATHEE
Associated Press Sports Writer
What's wrong with wonderful Warren?

That question referring to Milwaukee's Warren Spahn pierced all baseball discussions today after the Braves' great left-hander absorbed another pounding, giving up 10 runs in six innings during a 16-6 loss to the Chicago Cubs at Mesa Sunday.

Spahn, who is 41 this month, has been one of the top pitchers in major league history, with 293 victories in a career that started with the Boston Braves in 1942.

In five outings this spring Spahn has been the loser four times—he wasn't involved in the other decision—and has been tagged for 28 runs in 28 innings. Against the Cubs the 12-time 20-game winner was belted for a two-run homer by Ernie Banks and had another pin driven out of the park by Lou Brock.

Brock, however, failed to touch home plate in his tour around the bases. Milwaukee catcher Joe Torre spotted the mental flub, called for the ball, got Brock out and saved Spahn further embarrassment.

Spahn gave no indication of succumbing to Faber Time last season as he tied for most victories in the league with a 21-13 record, led in earned run average at 3.01, tied for the most strikeouts with four and was No. 1 in complete games with 21.

The 20 hits struck by the Cubs against the Braves failed to reach the top production effort of the exhibition season. That came at Lakeland Sunday as the Kansas City A's rapped 22 hits in a 12-5 victory over Detroit.

In other games, San Francisco defeated Boston 7-4 at Phoenix, Cleveland edged the Los Angeles Dodgers 6-5 at Las Vegas, St. Louis beat the New York Mets 7-4 in 10 innings at St. Petersburg and the Chicago White Sox beat Cincinnati 10-4 at Saragosa.

Against American Association minor league competition, the Los Angeles Angels nipped Dallas-Fort

Worth 10-9 at Palm Springs, while Houston was belted by Oklahoma City 14-4 at Apache Junction, Philadelphia - Minnesota, Pittsburgh-Washington and Baltimore-New York Yankees were rained out.

After Spahn departed, Ken Hubbs added another homer for the Cubs — a grand slam. Hank Aaron paced the Braves with a single, double and home run No. 7, leading the A's wife Bill Bryan with two homers and Dick How-

lits, Rocky Colavito hit two out of the park for the Tigers.

Felipe Alou accounted for four RBI with two homers and Orlando Cepeda had a homer in his 3-for-3 performance as the Giants beat the Red Sox for the first time in four meetings. Bubba Phillips gave the Indians an early lead with a two-run homer but they needed a sacrifice fly by Doc Edwards in the ninth to subdue the Dodgers.

Ed Bonner brought the steel from behind to tie with a two-out homer in the last of the ninth, but the Cards won it for the 10th as pinch hitter Red Schoendienst, knocked in the winner with a single. Floyd Robinson's two-run double and triples by Al Schiltz and Joe Cunningham were the big hits in the White Sox' win over the Reds.

There also will be an Olympic broad jumper, Anthony Watson of Oklahoma, runnerup to Ralph Boston in the AAU, and a 200-meter sprinter, John Lawler, anchored the Abilene Christian distance medley relay teams to victory here before taking the NCAA 3,000-meter steeplechase.

Pole vaulter George Davies posted a new relays standard for Oklahoma State here last spring before setting the existing world record at Boulder, Colo. in May, and then tying for the NCAA title in June.

Adolph Plummer, ran on relay teams from New Mexico here which helped push ACC to a new world record in the 800 relay, Plummer then won the NCAA 440-yard dash.

Don Meyers of Colorado finished third in the relays broad jump and won the NCAA event with a 25-foot leap.

National AAU titlists of 1961 entered here are Jim Dupree of Southern Illinois; winner of the half mile in 1:48.3, and Don Styr, of Northwest Louisiana, who won the 100 hurdles in 23.2.

A lengthy consultation involving officials of the tournament, the PGA, Marr and Steelsmith resulted in a decision to hold a sudden death playoff. Earlier, it had been announced that an 18-hole playoff would be staged in the event of a tie. Marr, headed for Augusta, Ga., and the Masters, was anxious to clean up unfinished business here.

On the extra hole Marr hit a three-quarter No. 8 iron" about three feet from the pin and ran.

Texas Relays Standouts Returning

AUSTIN (AP)—Stars of the Texas Relays usually make their marks on the national scene, and last year's meet was no exception.

Eleven participants in the 1961 meet placed high in the National Collegiate Athletic Association and national AAU meets.

Eight of the 11 will be back for the 35th Relays here Friday and Saturday.

There also will be an Olympic broad jumper, Anthony Watson of Oklahoma, runnerup to Ralph Boston in the AAU, and a 200-meter sprinter, John Lawler, anchored the Abilene Christian distance medley relay teams to victory here before taking the NCAA 3,000-meter steeplechase.

Dave Marr Sacks Up Azalea Open

WILMINGTON, N.C. (AP)—On one 323-yard, par-four hole, Little Dave Marr won more money than he had in 10 golf tournaments this year.

The Texas native who plays out of Sun City, Ariz., birdied the first hole of a sudden death playoff Sunday to beat red-haired Jerry Steelsmith, Glendale, Calif., and win the \$20,000 Azalea Open tournament.

Marr's \$2,800 first-place check compares with the \$2,500 he had picked up in 15 tournaments on the circuit. Steelsmith, who had won \$2,000 in playing all 13 previous PGA events this year, settled for \$1,900 runnerup money.

The two young pros—Marr is 28 and Steelsmith 25—played over the 72-hole distance, with 261 strokes, seven under par for the 6,700-yard Cape Fear Country Club course.

A lengthy consultation involving officials of the tournament, the PGA, Marr and Steelsmith resulted in a decision to hold a sudden death playoff. Earlier, it had been announced that an 18-hole playoff would be staged in the event of a tie. Marr, headed for Augusta, Ga., and the Masters, was anxious to clean up unfinished business here.

Tiger Tracksters Shine Saturday

Snyder High's cindermen did it again Saturday, walking off with the District 3-AAA track and field title with ease.

And in so doing, they qualified individuals in seven events and one relay, with one performer—Bill Weaver—emerging as a double winner.

Weaver, a senior, turned in his most outstanding performance of the year in nabbing blue ribbons in both the shot put and discus throws.

The Tigers gained one other outright victory when their 340-yard relay team composed of Bat Callaway, Gall Read, Jimmy Taylor

and Mike Morris sprinted home ahead of the field.

Desiree Aldridge tied for first in the pole vault, but by a quirk of fate lost out on the trip to Odessa's regional meet April 14 due to a wayward coin flip. He tied with two others in the event, and only two in each event earn regional qualification.

Other Tigers gaining second places for the day were Morris in the century, Travis Hatter in the broad jump, Mike Mayo in the half-mile, Taylor in the low hurdles, and John Best in the mile run.

Snyder won the meet on its home oval with 16 1/2 points. Lamesa, its nearest challenger, amassed 106.

SHS Girls Compete For Regional Spot

The featured sports activity of the evening from a local angle falls the way of volleyball.

Coach Peggie Holder's Snyder Tigresses, reigning as 3-AAA co-champions with Lamesa, following a victory over that team in the final game of the regular season, will be trying to make it two in a row tonight at 7 o'clock in Big Spring.

Both teams ended the campaign with 5-1 records, with tonight's winner gaining entrance into the regional tournament at Odessa April 14.

Gurney Winner Of Louisiana Race

BOSSIER CITY, La. (AP)—Engine trouble forced driver Loyd Ruby of Wichita Falls out of the toughest individual battle in Sunday's inaugural Louisiana Pipeline race.

Ruby, at the wheel of a Lotus, dropped out after dueling Roger Penske of Bryn Mawr, Pa., in the second heat. Penske in turn broke a gear shift knob and a brief pit stop put him too far behind to overtake winner Dan Gurney of Montebello, Calif.

Gurney, also driving a Lotus, averaged 69.5 miles per hour for 50 laps at the two-mile Louisiana Hilltop Raceway, Penske, driving a Tolar special, was second.

Exports Of Cotton Dip

WASHINGTON (AP)—U.S. cotton is getting a smaller share of the Free World export market this year than last.

The Agriculture Department reports the U.S. share has declined this marketing year in 11 countries and that total of U.S. cotton were smaller than last in 10 countries. Countries in which the U.S. share has declined include Britain, Japan, France, Belgium, Denmark, Holland and West Germany. Notable exceptions were Canada, India and Italy.

If, as expected, U.S. exports in 1961-62 fall to around \$5 billion, the U.S. share of the foreign free world cotton market may show some further decline during the remaining months of the current season, the department said.

Two Sunday Sales Result In Arrests

KANSAS CITY, Mo. (AP)—Two stuffed rabbits sold in Kansas City Sunday resulted in the arrest of two store managers and two clerks.

The purchasers were detectives checking for violations of the state law which prohibits Sunday sales of non-essential items.

The arrests were the first since Missouri began enforcing its 187-year-old blue law last December.

Houston Colt Plants Drating Big Crowds

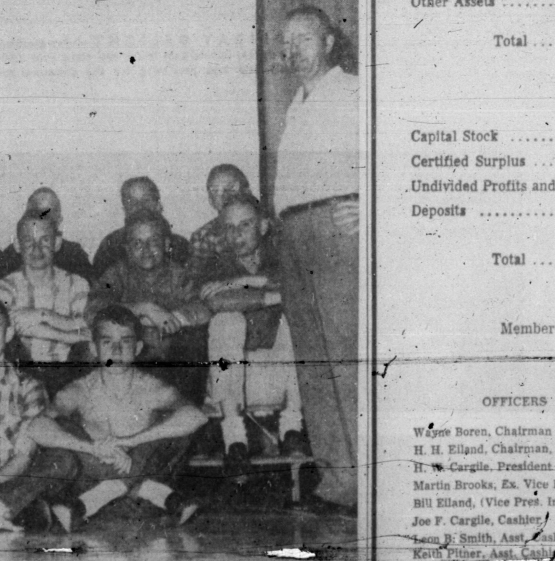

HOUSTON (AP)—An estimated 32,000 people visited the Houston Colts' stadium Sunday. The three week total is more than 69,000.

Police Sgt. J. C. Wingo, directing traffic at the temporary 39,000-seat stadium and the larger domed stadium still under construction, made the estimate.

Houston opens National League play April 10 here against Chicago.

Multiple-Death Accidents Soar

Multiple-death traffic accidents, filtered highways and streets with an alarming number of dead and injured during the first full week-end of spring.

A total of 17 died in 16 accidents, most of them teenagers and young college students.

Eight persons were killed in a single Canadian accident Sunday when occupants of a car struck by a train at a crossing east of Drummondville, Que.

Six youths, ranging in age from 17 to 21, were killed near Modesto, Calif., Sunday in the flaming head-on crash of two autos. Two others were seriously injured.

State-highway patrol officers said a car driven by Jake Goetz, 17, of Modesto, swerved at high speed and slammed into a truck driven by Darryl A. Borges, 21, of Gustine, Calif.

The gas tank on Goetz's car, ruptured by the tremendous impact, burst into flames. Trapped inside the vehicle and killed with Goetz were Sheryn-J. Frizzell, 18; Darryl Smith, 17, and Allen Berry, 16, all of Modesto.

Borges and one of his five passengers — Frank V. Rocha, 20, of Gustine — also were killed. The two other passengers were hospitalized.

Near Jacksonville, Fla., five youths from Duke University were killed Sunday when their convertible spun out of control on rain-soaked U.S. 17 and careened into two semi-trailer trucks.

The five, all graduating nursing students, were returning to the North Carolina school after spending the spring holidays in Miami and Egft Lauderdale, where thousands of college students congregate annually.

They were Jane Lee Stephens, 22, of Livingston, N.J.; Karen E. Widig, 21, of Rochester, N.Y.; Ann Elizabeth Wright, 21, of Miami, Fla.; Lisbeth Burbaum, 21, of Broadalbin, N.Y.; and Charlene Hartline, 22, of Cincinnati, Ohio.

The Duke School of Nursing planned a memorial service for the five, described by Dean Ann M. Jacobson as outstanding students.

Five persons were killed in a collision at Hebron, Wis., Friday night.

There were five four-death accidents over the weekend, including:

Faubus Bows Out; Big Field Is Seen

LITTLE ROCK (AP) — A dozen gubernatorial prospects appeared ready today to jump into Arkansas' gubernatorial race...

Faubus is predicting that up to 20 may get in the swim for the Democratic nomination...

Rep. Dale Aford, D-Ark., and Little Rock attorney Kenneth Coffey, previously had announced they would run regardless of Faubus' plans...

Winthrop Rockefeller, the Republican national committeeman from Arkansas, said he felt Faubus' decision does not change the position of the Republican party...

Forrest Rozzell, executive secretary of the powerful Arkansas Education Association...

Education Association, said he had hoped the governor would seek a fifth term...

Most potential candidates for the chief executive's post, headed by former Gov. Sid McMath, were reluctant to discuss the race...

Frank Holt, the Arkansas attorney general, was one of the first to take a cue from the defeated incumbent...

Walace Hurlley of Camden, a printing executive with no prior political experience, already has reserved political headquarters...

Marvin Mellon of Jonesboro, a former state senator and state Chamber of Commerce president...

ROTAN SENIOR CLASS ENJOYS BANQUET—Members of the senior class of Rotan High School were treated by their sponsors at an evening out at Carlos' Little Mexico Cafe in Snyder last week...

Carlos' Little Mexico Is Popular Spot For Banquets

The senior class of Rotan High School was given a real treat last week by their sponsors when they came in a group to the Little Mexico Cafe...

Over 40 visitors were on hand for the Rotan banquet. They enjoyed the traditional Mexican dishes of enchiladas, tamales, chili con carne, fried beans, Spanish rice, beef tacos, ice cream and leed tea.

Carlos Mijares, owner of the Little Mexico, said that as warmer weather comes on sea foods and salads become more and more popular. Several crisp and inviting salads are featured at the Little Mexico...

Hoffa Criticizes Kennedy, Romney

DETROIT (AP) — President James R. Hoffa of the Teamsters Union was out on the political road today with a blast at George Romney and the Kennedy administration...

Hoffa says he hopes his huge influence will help the Teamsters represent more than five million voters.

Hoffa, rapping Romney, the probable Republican candidate for governor of Michigan, said, "So far, all that Romney has accepted across the bargaining table as American Motors president, he seems to be trying to escape through legislation."

Hoffa said that right now incumbent Democratic Gov. John B. Swainson is the man for labor.

The Teamsters head, referring to the labor-contract agreement in steel, said, "The government used pressure to force the contract so that there would be no increase in prices. This was a political maneuver and I'll wager certain grades of steel will go up in price in a few months, anyway."

Hoffa said the Teamsters would never accept a contract such as the one reached by the steel industry negotiators.

Horse Race Backers Meet

HOUSTON (AP) — Supporters of horse race betting gathered today for the first of four meetings in Texas population centers.

The group, formed on a temporary basis last week at a meeting of land owners and horse breeders in East Worth, seeks to organize support for the proposal.

Lester Goodson, Houston rancher and chairman, said he and others hope not only to rally backers in the opinion poll during May 5 primary elections, but also to set up a permanent organization to get a racing bill enacted.

Other meetings are scheduled Tuesday in San Antonio, Wednesday in Dallas and Thursday in Fort Worth.

A referendum will appear on primary ballots. The outcome is not binding on the legislature.

Opponents of the racing bill likewise marshaling their forces.

Janet Returns, But Tony Is Missing

LOS ANGELES (AP) — Actress Janet Leigh returned Sunday from New York, where she was hospitalized last week after falling in her hotel bathroom.

Her actor husband, Tony Curtis, from whom she separated several weeks ago, did not meet her at the airport.

"I'm not disappointed," she said. "I didn't expect him to."

Dinah Shore Will Be Back Next Fall

HOLLYWOOD (AP) — Dinah Shore will return to Sunday night television next fall.

The Sherry Hutchinson Co. her sponsors announced today the singer will do time shows between October and May in color over NBC-TV, at 10 p.m., Eastern Standard Time.

This will be her 10th consecutive year on television.

Canine Has Affection For Postman

By ANGELO NATALE NEW HAVEN, Conn. (AP) — When Benjie barks, the post office door swings open. He waits patiently while the mail is sorted, then starts on his route.

Benjie rises at about 8:20 a.m., five days a week, to be on time for the mail delivery route in the Fair Haven area.

When Benjie lived in Ballston Spa, N.Y., he had a particular fondness for postman John Lummank, whose mail route he shared.

Apparently it's the postman and not the route to which Benjie gets attached. If another postman pinch hits for Bowery, Benjie doesn't make the rounds. It was the same in Ballston Spa.

Bowery first encountered Benjie about six years ago. Benjie trailed him for part of the route, but didn't make a habit of it.

Then Benjie was shipped off for a few years to some of Stewart's relatives in the New York community. There he attached himself to Lummank.

Last August Bowery returned to the Stewart. It didn't take him long to seek out Bowery. "He comes up from the cellar at 8:20 a.m., says Stewart. "But not on Tuesdays or Sundays. Those are Bowery's days off, and Bowery comes up after 9 o'clock. He sleeps late."
