## FIRST BALE

Eddie Maxwell ginned the county's first bale of the 1980 cotton crop Saturday, September 13 at the Farmers Coop Gin in Wellington. Maxwell planted the Tamcot 21-S variety on May 10th at his farm two miles west of Wellington. The cotton made 6 bales on 16 acres and had a lint turnout of 22½%. Above, Maxwell stands beside the 6 bales with gin manager James Shepard, right.

## City Council Votes to Provide Free Fire Protection for Dodson

City Council members voted Monday night, Sept. 15, that the Wellington Volunteer Fire Department will furnish fire protection to Dodson resident without cost.

The vote came after Mayor Bill Hatch told the council that County Judge Bob Watson has notified the city that the county will no longer pay for fire calls

within the city limits of Dodson.

The county's action is based on a state law which reads: The Commissioners Court in all counties of this State shall be authorized to furnish fire protection and fire-fighting equipment to the citizens of such county residing outside the city limits of any incorporated city, town or village within

the county and/or adjoining counties, Watson explained.

Dodson is an incorporated town. The motion to give Dodson free fire protection was made by Ralph Owens and seconded by Willie Gragson. Also voting in favor of the measure were Council members Lyndon Crelia and Gary Brewer. Councilman Tom Wilkins

was absent. The council approved the \$584,000 city budget for the 1980-91 fiscal year. A public hearing on the budget will be held before it becomes final.

The council will also enter into a lease purchase agreement with Bill Spillman for the city-owned airport hanger, at a rate of \$125 per month for 10 years, for a total of \$15,000 for the building and interest. Airport inspectors visited Marian Airpark Monday, City Manager Glen Taylor said, and recommended that the city pull out the evergreen trees planted some years ago when the golf course was adjacent to the airpark, Taylor said. This is a safety measure, he added.

Taylor also told the council that the swimming pool has had its best year, losing only \$1553, about half of the loss the city usually bears on the pool during a summer season.

## JV-Memphis Furnish Grid Action Here This Week

The Skyrocket Junior Varsity holds this week's grid spotlight when they meet the Memphis Cyclone JV Thursday night on Powell Field.

It will be the Rocket JV first game at home, after picking up a 28-14 victory over Wheeler there Thursday, Sept. 11.

Game time will be 7:30 p.m. This is the last of three games played that night. Seventh graders take to the field against Memphis at 4:30 p.m. and 8th grade Firecrackers at 6.

Memphis also was a winner in their opener against Canadian 24-6, in a game they played at home.

Coach Mark Reasor is using most of his upperclassmen--sophomores and juniors--at this time, although he has some strong freshmen up from the 1979 eight grade.

This year's JV will average around 165 pounds, Reasor said, and he will be fielding a backfield that is as large as the line, or possibly

a little larger.

His probable starting lineup, on the offense will include quarterback, Wade Williams; left half, Shane Cobb; right half, David Moore; fullback, Bruce Alexander; center, Ricky Martinez; right guard, Hank Barnett; right tackle, Tito Nevarez; right end, Maynard Thomas; left guard, Brent Jones; left tackle, Dru

Lacy and left end, Darren Hall.

On the defense, he will bring in Patrick Guajardo as one of the tackles, Jeff Barnett, cornerback and Rodney Nash, safety. These are the only changes he plans.

Reasor is proud of his JV in their 28-14 win over

## Chamber Will Sponsor Annual Christmas Promotion

The temperature says it's still summer, but the calendar replies it's time to begin thinking about Christmas.

Chamber of Commerce directors approved a Christmas promotional program and CC president Robert Owens appointed Mayor Bill Hatch as chairman of this work. He named Tommy Hudson the co-chairman. These two will visit

merchants for ideas on decorations or promotional activities and then plan Wellington's Christmas activities.

The directors agreed that there will probably be more buying at home by county resident than there has been in several years.

Johnny Nash was named by Owens to head the committee to sell the colorful and decorative

Welcome to Wellington bunting.

Nash explained that someone from the Chamber will call on all merchants within the near future to discuss the bunting sales.

The price for the new shipment of buntings is \$30 each.

## City Seeks PRPC Approval Of Loan Pre-Application

The city's next step toward securing a new fire station and remodeling the large auditorium of the community building comes Thursday, Sept. 18, when City Manager Glen Taylor presents a pre-application for a loan to the Panhandle Regional Planning Commission.

If the pre-application is approved, the city will then file an application for a \$150,000 low-interest loan from Farmers Home Administration, Taylor said.

This pre-application will call for a new fire station, approximately 70 by 50 feet, with a flat roof, to be located on either the lots immediately north of Bura Handley Community Center acquired from Kelly Pigg, or on the city parking lot just east of the building, at the corner of West Avenue and 10th Streets.

This would provide for 5

double stalls capable of housing 10 firefighting vehicles, and a large conference room.

The city council in its regular meeting Monday night, Sept. 15, was in agreement that this should be a concrete tile structure faced with Austin stone to match the 40-year old community center.

The center auditorium, faces its first updating and remodeling in that same

40-year period.

Taylor said plans are to lower the ceiling, eliminate the balcony that is now seldom used, and install air conditioning. To be considered in the remodeling is what to do with the proscenium arch above the stage. Its handling in the remodeling job is vital to the acoustics of the room.

With removal of the fire department from the community center, that room

will be remodeled into a multipurpose conference room.

A new floor will be necessary to replace the present fire hall floor which slants for drainage.

Some remodeling in the city office is also projected.

"I think we need to build a fire station to last awhile," Taylor told the city council during a discussion Monday night, and to this, Council

## Foundation Course Work Begins on U.S. 83 Job

The first foundation course is being laid on U.S. Highway 83 in the north part of the county and this week end a detour should be set up around Elm Creek Bridge for daytime travelers, according to Glenn McLain, who is in charge of the Wellington residency of the Texas Department of Highways and Public Transportation.

"We hope to keep the road open at night so traffic can go through the bridge area on the road bed.

"We don't plan to use the detour at night, although something could happen that we would have to," McLain said.

DePauw Construction Co. of Amarillo is working about two miles south of the Wheeler County line, moving south.

McLain explained that the pavement is broken in place then an overlay of the first foundation course is put down.

At Elm creek bridge, the entire pavement will be taken up.

A second foundation course will go down before the asphalt is poured.

McLain said DePauw Construction hopes to have

the work finished up to the point of putting down the second course of base material by the end of the first week in October or a little after that.

The highway department's season for shooting asphalt ends around No-

vember 1, although this is a little flexible and McLean said he hopes to get at least one course of the asphalt shot by that time.

Superintendent of the work is Byron DePauw, with Dale Havens, the superintendent on the field.

## Pep Squad Sells Pig at Half-time

Some of the cutest girls in WHS are going out on the football field to sell a pig during the halftime performance of the Wellington-Childress game Friday, Sept. 26.

Now this isn't a cute little pinkish-white pig that the Pep Squad leaders will carry out in their arms. Neither will it be a greased pig to be caught.

It's a 200-pound porker ready for slaughter. The pep squad is conducting the sale as a money-raising project, according to Mrs. Ann Long, leader.

The pig was donated by Junior High School Principal Bob Allen and Mrs. Allen, who live at their farm east of

Wellington. The pep squad has every intention of having the pig present.

All pep squad members are advertising this pig sale among area football fans.

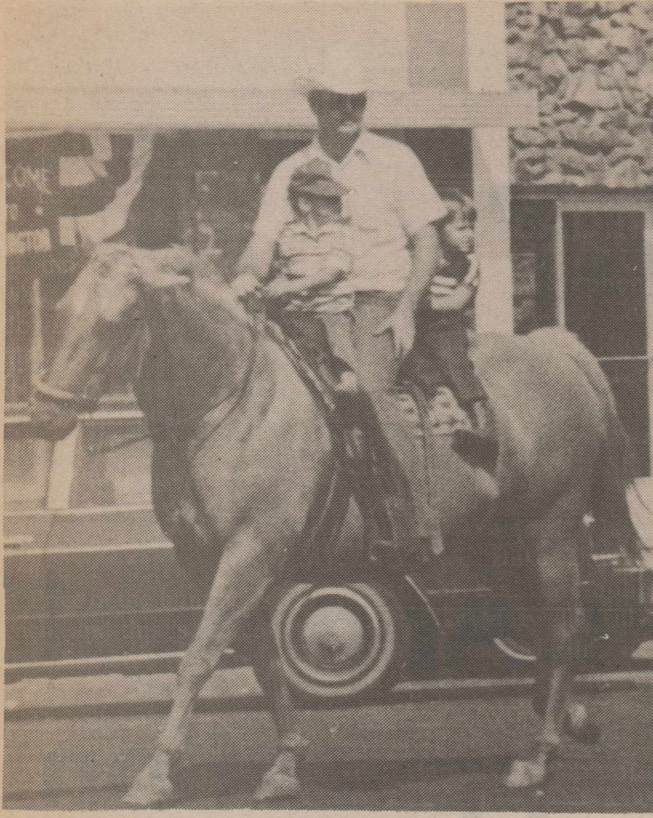

They are also considering the possibility of asking the pig's purchaser to save the pigskin--after all what could be more appropriate? The Pep Squad has in mind a real, honest-to-goodness, raised in Collingsworth custom made Skyrocket football.

And shall it be said that these girls in their red and white pep squad uniforms are going to make it possible for someone to bring home the bacon?

## FLAG CORPS

Six girls are selected each year as members of the Skyrocket Band flag corps, appearing at football games and other public performances. This year's corps includes LaDonna Murdock, left, Lisa Hartman, Silvia Hunnicutt who is head flag bearer, Danna Jameson, DeeDee Heisler and Verita Simon.

**HORSE DIVISION WINNERS**

Winning first place in the Collingsworth County Fair Parade division for horses and riders were Tommy Lindley and his sons, Lace, four, and Jason, two and one-half. They are from Samnorwood.

**OLD SETTLERS**

Special awards went to these five who attended the Old Settlers Reunion September 5. Mr. and Mrs. T.D. Nored of Seguin were recognized as coming the greatest distance; L.C. King, 93, was the oldest person present; Mrs. Otho Talley of Dodson had the most grandchildren and Edgar Lockhart had lived in the county longest.

of those special occasions when they are hung in the downtown business area, along 8th Street and Highway 83.

The present shipment and sales campaign is to replace those bunting that have been stolen or damaged over a period of several years.

Price of the bunting is \$30 each, and this is the cost to the chamber, Nash pointed out.

The chamber must also recoup the cost of the 20 bunting that were stolen during its annual Rodeo and the Ex-Students Association amounting to \$600.

Of the 20 taken, only two were recovered.

Owens said that by the next meeting, an announcement can be made on colorful road signs on the highways leading into Wellington. Howard Murdock was named to look into the cost of this work. These signs would be of the type welcoming travelers to Wellington.

A major part of the meeting was given over to a review of the county fair by Billy Moseley, fair chairman, who said that the

At this point it is not necessary that specific plans be presented to PRPC, although this will come at the time of application for the loan. # WE BUY NATURAL GAS THE WAY YOU BUY GROCERIES.

Lone Star shops for the best values. Just as one brand of green beans might be a better value even though it costs a penny or two more, gas that costs the least could prove to be the most expensive.

We have to consider a number of factors. How much gas can we expect from a new field? How close is it to our existing pipelines? How much processing will the new gas need? Is the BTU content high or low?

As a result of this careful shopping, Lone Star's weighted average cost of gas in 1979 was \$1.76 per MCF (1,000 cubic feet) of gas — lowest of any major intrastate gas company in Texas.

This savings is passed on to you because your monthly bill is based on our average cost of gas.

# Homicide Detective to Pastor--- Dodson Man Makes Transition

A former homicide detective with one of the world's top-rated police departments, who left to become a minister, has begun his work with a Dodson Church.

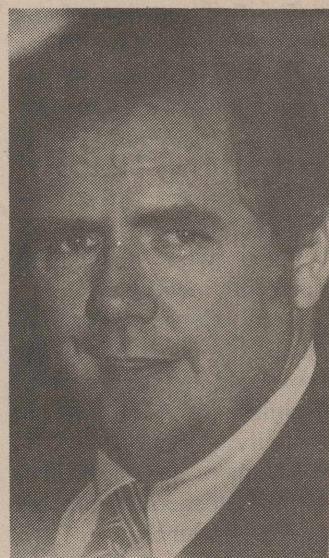

He is the Rev. Dennis Hayes, pastor of the Church of the Nazarene. Rev. Hayes and his family come to Dodson from Quanah, where he was pastor of the Church of the Nazarene. Before that he was at a Lubbock church.

Looking forward to church and community involvement in Dodson and the county, Rev. Hayes says he plans an exciting outreach program for the church.

"I see our Dodson Church as one with a lot of potential growth. One of the keys, I think, of any church is being of service to its community, and our people are not only willing, but ready to do that. We will try to make ourselves available to the community and assist any way we can," he said.

He believes his work with the Washington D.C. police department was a good training ground for his work as a pastor, although he did not know it at the time. "It teaches compassion and understanding of people," he says.

Born in Brooklyn, N.Y.,

REV. DENNIS HAYES

Rev. Hayes went to Washington after he was released from the Air Force and in 1970 became a rookie policeman with the Metropolitan Police Department. Twenty-two months later, he became a homicide detective—the usual time for this advancement is 10 years. His training amounts to more than 1,000 hours, and covers, in addition to four months of academy training within the department, intensive training in homicide work, and with the bureau of Narcotics and Dangerous Drugs. He has worked as an undercover narcotics agent in George-

town.

Washington has an average of one murder a day and besides these, the homicide division investigates all deaths which occur without a doctor in attendance. The work load becomes staggering.

Yet this department maintains a 98 percent closure on all cases investigated—one of the highest in the world.

The work was exciting, but I've found something more exciting," the minister declares.

His first pastorate was in Alexandria, VA., and from there he and his family moved to Texas.

Mrs. Hayes, born in Puerto Rico, grew up "just around the corner" from her husband in Brooklyn.

She has worked as a business representative for the telephone company in New York and in hospitals. She is now studying to become a licensed practical nurse with the Vernon Regional Junior College Greenbelt Extension in Crowell.

The couple has 6 children, Lucyanne 15, Michelle 14, Christopher 13, Dennis Jr. 12, Jennifer 10 and Faith, 18 months. The 5 oldest are students in the Wellington Schools.

## Wheels for Life Bike-a-thon Slated Here October 4

Bike-a-thon chairman Mrs. Jim Ingram has asked Wellington residents to participate in the St. Jude Children's Research Hospital "Wheels-for-Life" Bike-a-thon, Saturday, October 4.

Volunteer workers and riders are needed for the Bike-a-thon to raise funds for the world-famous research center and its battle against childhood cancer and other catastrophic childhood diseases.

Mrs. Ingram said this year's ride is being dedicated to Terry, a leukemia patient at St. Jude. "By riding for Terry, we'll really be helping all stricken children since research is the only way these illnesses can be conquered," Mrs. Ingram said. "We're looking for people who will contribute some of their time and energy to help children live. We really need bike riders, since they are the ones who can make this Bike-a-thon

successful."

In the Bike-a-thon, riders enlist sponsors who donate a sum for each mile completed. Riders who raise \$25 will receive a St. Jude T-shirt, and those raising \$75 will receive a back pack said Mrs. Ingram. "We also will have a prize for the rider

collecting the most money. Sponsors forms are available at Lonetta's, 816 West Ave.

"You can put your muscles to work for a child's life in this Bike-a-thon," Mrs. Ingram said. "We need every bike and every rider."

## County Quail Limits Same

Collingsworth quail hunters will be more fortunate than those in some other Texas counties.

The daily bag limit will remain at 16, with possession limit of 48, the same as last year. The season is Dec. 1 through January 31.

This also applies to other area counties: Armstrong, Briscoe, Carson, Childress, Cottle, Donley, Gray, Hall, Hardeman, Hemphill, and a number of others.

Most of the state will have a 12 quail per day limit with

possession limit of 36.

The Texas Parks and Wildlife Commission meeting in Austin, Sept. 3, responded to the quail census data which showed reduced populations from the high levels of 1979.

The quail hunting season dates vary by county.

To protect against skin cancer, avoid repeated overexposure to the sun, especially between 10 a.m. and 3 p.m.

## Moseley Speaks for County Retired Teachers Luncheon

A luncheon meeting in the Heritage Room opened the year for members of the county unit, National Retired Teachers Association Tuesday, Sept. 9.

The guest speaker was Billy Moseley, executive vice president of Wellington State Bank, who discussed "What do you know about safety deposit boxes?"

Moseley explained the rental contract between the individual renting the box and the bank. He pointed out that two keys are required to open a box, one held by the bank, and one by the renter. (Actually, the renter receives two identical keys as protection should he lose one.)

The community property law in Texas does not cover safety deposit boxes, Moseley pointed out. This means, said the speaker, that a couple holding a box jointly may find, upon the death of one, that the box is legally sealed and the surviving spouse does not have access to it. Instead, Moseley recommended that a safety deposit box be held in the name of the husband, with the wife designated as having the right of access.

This is important, he emphasized, so that will, usually kept in safety deposit boxes, be readily available.

Moseley discussed items that can be kept in safety deposit boxes.

Hostesses for this meeting and salad luncheon were Mrs. Dee Coleman, Mrs. Monty Mitchell, Mrs. Dollie Mae Wilson, Mrs. Florence DeArmond and Mrs. Isla Mae Morris.

Mrs. Ben Ratliff, president, presided at the meeting and John Coleman gave the invocation.

Mrs. Coleman, vice-president, conducted the business meeting, while Mrs. Ernest Harwell, secretary, gave the secretary's report and John Coleman the treasurer's report.

Mrs. Les White told of a NRTA workshop held in Canyon in May. It's theme was "Let Your Service Count—Never stop being a teacher."

The next chapter meeting will be on Tuesday, October 14, in the fellowship hall of First Baptist Church, with Mrs. Zoe Henry, a representative of the state Retired Teachers Association as guest speaker. Her subject will be "To have ideas is to gather flowers."

Present for the opening meeting were Mrs. Ratliff, Mrs. Charley Hill, Mrs. Joseph Graham, Miss Maudie Coffee, Mrs. Lowell Wells, Mrs. Dalton Vaughan, Mrs. John Harper,

# Tawny Henderson, Howard Lewis, Wed in Formal Church Ceremony

In a ceremony performed in front of the stained glass window, graced by palms, in First Baptist Church, Canyon, Tawny Rayette Henderson and Howard Ray Lewis exchanged wedding vows Friday evening, September 5. Glen Walton, minister of North Amarillo Church of Christ, and the Reverend Jim Hancock, pastor, officiated.

Parents of the bride are Mr. and Mrs. Durwood Henderson, 1205 Brookhaven, Canyon. She is the granddaughter of Mr. and Mrs. Ray Peeples of Wellington. A graduate of Canyon High School, she attends West Texas State University where she is majoring in marketing with the business department. She is employed by Tweedledee.

The bridegroom is the son of Mr. and Mrs. James H. Lewis of Pampa and graduated from Pampa High School. He is a senior animal science major and member of Lambda Chi Alpha in West Texas State University. He is employed by Wayne's Auto.

Traditional wedding music was presented by Mrs. Norris Root, organist, while Doug Smith of Canyon was the vocalist, with Mrs. Hugh Sanders as piano accompanist.

Beyond the palms accenting the stained glass windows, more palms and a 15-branched candelabra, were used with vases of white chrysanthemums, gladioli, cushion mums and baby's breath arranged on antique white pedestals. Four seven-branched candelabras, decorated with foliage and accented by two side palms completed the arrangement. Bouquets of white flowers lined the double aisles, accented with everygreen grosgrain ribbon.

Given in marriage by her father, the bride chose a classic white organza gown, designed with a high schiffli neckline embellished with jeweled imported re-embroidered Alencon lace. The sheer yoke and slim full-length sleeves were accented with pont d'esprit. Her fitted empire bodice and wrists had imported re-embroidered Alencon lace accents intricately beaded and touched with sequins. The deeply flounced hemline was under a cascade of imported re-embroidered Alencon lace and extended to a cathedral train. Her mantilla of silk illusion was capped with matching lace touched with bridal pearls and edged with cords of stat'peau. Her bouquet of white Japet orchids and miniature carnations tipped in white plums and evergreen accented with podu corpus, greenery and stephanotis.

MRS. HOWARD RAY LEWIS

Honor attendants were Mrs. Bret Cadenhead of Canyon, matron of honor, and Markaye Henderson, the brides sister and maid of honor. Other attendants were Lisa Erwin of Canyon and Mrs. Kenny Schuette of Lubbock.

They wore formal length gown of evergreen luterglo with draped bodices ending in a flower at the fitted waists. Soft chiffon capes with high ruffled necklines, covered the gowns. They carried Rose Marie style bouquets of miniature carnations.

Flower girls were Mandy Keeling, and Sommer Lewis of Canyon, the bridegroom's cousins.

The bridegroom's brother, Bill Lewis of Pampa, was his best man. Groomsmen were Bobby Chance and Dub Taylor of Pampa and Scott Murray of Wichita Falls. Ring bearer was Shane Lewis of Canyon, cousin of the bridegroom.

After the ceremony, Mr. and Mrs. Henderson were hosts at a reception given in the fellowship hall. The long table held five silver branched candelabras as well as the bouquets of bridal attendants. Silver appointments were used, and white illusion cloth was enhanced with re-embroidered Alencon lace appliques.

## Mrs. Ben Bell Tells Dodson Civic Club of Germany

The opening meeting of the 1980-81 season for members of the Dodson Civic Club was hosted by Mrs. Sherrell Beanland and Mrs. Willis Price in Mrs. Beanland's home.

The salad buffet featured many German foods including hot German potato salad and kraut salad. Table grace was by Mrs. T.E. Lennon.

Mrs. Lynvell Black, vice president, directed the business session. Mrs. B.T. Webb led the salutes to the American and Texas flags. Club Collect was read by Mrs. T.E. Lennon. A committee report of program and yearbook work was presented by Mrs. B.B. Martin, who stressed projects for the year. New yearbooks were made by Mrs. Ricky Boyd Van Pelt of Vernon.

The program speaker was Mrs. Ben (Renate) Bell of Hollis who was born and reared in Germany. She presented a commentary and slides of Germany and Bavaria. Scenes of Mrs. Bell's hometown, were shown first.

Bochum is a city about the size of Wichita Falls and was 75% destroyed by bombs in World War II. Scenes showed modern buildings standing along side ancient buildings and churches that escaped the bombs. One was a 16th century Lutheran church. The city, especially the parks, were exceptionally clean. Mrs. Bell stated it was a \$5.00 fine to throw out a cigarette or a small paper.

Prisoners from local jails kept the parks.

Socialized medicine is in effect in Germany, and according to Mrs. Bell, it is not working for the middle and lower class people; as doctors see private patients first and leave little time for others.

Views of the Rhine river were shown and the story of Loreli related. Colorful slides were seen of the Bavarian people in native costume. These people have festivals every Saturday and use their hometown bands to furnish the music.

Club members saw close-up views of the Berlin Wall and scenes from both East and West Germany, especially near the Wall. During Hitler's reign, mothers and children were evacuated from cities to the Black Forest. Mrs. Bell showed a picture of the farm home where she and her mother stayed for six years which was located deep in the Black Forest. Her father was in military service.

The final scenes were of beautiful old castles, both interior and exterior. Included were the homes of the famous German poet, Goethe, and of Martin Luther.

Members and guests present were Mrs. Dennis Hayes, Mrs. Bell, Mrs. Melvin Cardwell, Mrs. Louis Patterson, Mrs. B.T. Webb, Mrs. T.E. Lennon, Mrs. Lynvell Black, Mrs. Willis Price, Mrs. B.B. Martin, Mrs. Beanland and Mrs. Murray Dodson.

## Economics & Government

Federal government programs to combat recession have consistently been too late and too ineffective, in the view of Sen. Lloyd Bentsen of Texas, which brings into question the proper role of governments in the economic arena.

It's interesting to note that the Depression of the 1930's, known to many in the U.S. as the Hoover Depression, in Canada was known as the Bennett Depression. And while we can make a case for interrelationship of U.S.-Canadian economies, the 1930's in fact were troubled years worldwide, and the economic stagnation lingered until World War II.

The Great Depression resulted in the first massive intervention in economic affairs by government. This involvement has continued, but how much real good has been accomplished is open to dispute.

Governmental involvement has minimized the effects of recessions on Americans, but this same involvement has not whipped economic cycles or materially speeded up recovery, many economists believe.

What is the proper role of government in economics? Looking out for the people's welfare is government's major role, and programs to minimize the effects of economic hard times can best fulfill this goal. If these efforts help dampen cyclical swings in the economy, so much the better.

Fully managed economies mean regimented economies, but fully free economies bring down suffering on the people. A happy middle ground may be difficult, but we should keep striving for it.

## Farm Rank No. 2, And Advancing

For some years now, Texas farmers and ranchers have been moving their state toward the top in commodity sales. In recent years it ranked third, behind the farm product sales of California and Iowa. Now it claims second spot, having nosed out Iowa sales by a margin of \$400 million.

Texas farm commodity sales amounted to \$10 billion in 1979, substantially behind the leader, California, which had a sales total of \$12.5 billion. But Agriculture Commissioner Reagan Brown and other industry leaders believe Texas will be the leading farm producer soon.

Whether it advances to the top spot is beside the point. What is important to all Texans is the fact that the state's farmers and ranchers have, despite drought and financial squeezes, continued to generate a great wealth of raw food and fiber materials that contribute to the benefit of many other processing, manufacturing, transportation and sales industries.

And to the additional benefit of all Texas consumers, there is the usual abundance of home-grown food products.

## STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN — Labor Day traditionally opens the last act of the campaign drama in Texas, and last week the players hit the stage running.

The top Democrats began traveling across the state for President Jimmy Carter . . . and Republican Gov. Bill Clements stumped around for Ronald Reagan and various candidates for the Legislature.

In Corpus Christi the Governor pepped up a fundraiser for Ken Riley, running against incumbent Democrat Bill Harrison which was later called the most successful fundraiser in South Texas history by GOP officials.

### United Democrats

Texas Democrats have been fussing and fighting since before the primary, but they now vow they are unified solidly behind Carter and will work to see him re-elected.

That's probably a relief to Carter, who has said he needs Texas to win in seven weeks.

In a two-day blitz starting at Houston, the top leaders traveled in groups of twos and threes to all areas of the state. The group included Lt. Gov. Bill Hobby, former Atty. Gen. John Hill, Comptroller Bob Bullock, Land Commissioner Bob Armstrong, Jim Hightower, State Rep. Paul Ragsdale, Mexican-American Democrats leader Marc Campos, and others. Armstrong said he's never seen the party "this ready this early."

Meanwhile, the Texas Democratic Party announced it will not contest the placing of Independent candidate John Anderson on the ballot, saying a preliminary check indicated Anderson had enough valid signatures on his ballot petition.

### Behold the Prosecution

Some public officials have more troubles than simple re-election bids as several are entering and leaving through the courtroom doors.

The most dramatic case remains, of course, the Brilab trial of House Speaker Bill Clayton, which was delayed because of the Jewish holiday Rosh Hashanah last week. Clayton's case was thought to have received a blow when a federal judge last week overturned a ruling giving immunity to a key witness for Clayton.

### Bullock, Wayne Cleared

A Travis County grand jury returned a "no-bill" against former Deputy Comptroller Ralph Wayne alleged to have used state employees and equipment for his personal business.

District Atty Ronald Earle said the investigation of Comptroller Bullock and his office is now closed. The probe was on-going some three years. A relieved Bullock said he believed he was treated fairly by Earle and the jury.

### Next, A Senator

The next state official to stand before that grand jury may be State Sen. Gene Jones of Houston, alleged to have used state employees and equipment in setting up a Houston fund-raiser which brought in some \$60,000. The alleged wrong-doing involved the senator's aide

preparing a campaign-contribution letter using a state-owned letter-writing computer.

Jones has already reimbursed the state \$1,625 and claimed not to have known about the work.

### Air of Caution

Hints and rumors of more investigations of such misuse abound at the Capitol, a bit of open season to catch offenders. The result has been an air of caution among staffers to avoid unintentionally committing an offense. Some Capitol watchers anticipate more cases to unfold before the election.

Texas Atty Gen. Mark White said last week if the federal government wants to educate children of illegal aliens, it should be prepared to pay the cost. White faults the Justice Department with failure to enforce immigration laws.

In legal opinions issued last week, White ruled:

—A home rule city can enact an ordinance providing for administrative search warrants to be issued by a municipal judge.

—A time price differential may not be included in contracts prearranged for prepaid funeral benefits.

—A school teacher paid from state funds is permitted to serve as a city council member only if he receives no compensation for the city council service.

## FROM HIS WORD

"Wisdom strengthens a wise man more than ten rulers who are in a city.

Indeed, there is not a righteous man on earth who continually does good and never sins.

Also, do not take seriously all words which are spoken, lest you hear your servant cursing you. For you also have realized that you likewise have many times cursed others." (Eccl. 7:19-22)

"For the Lord gives wisdom; from His mouth come knowledge and understanding." (Prov. 2:6)

"The sword of the spirit, which is the word of God", (Eph. 6:17) is the only sure guide that man can follow with peace and assurance.

"The conclusion, when all has been heard, is: fear God and keep His commandments, because this applies to every person. For God will bring every act to judgment, everything which is hidden, whether it is good or evil." (Eccl. 12:13-14) REO

### PROPOSITION NO. 3 ON THE BALLOT

stitutional requirement that the county commissioners court sit as a board of equalization would be eliminated, and elected officials of the county or governing body of the taxing unit would be prohibited from serving as members of the board of equalization.

"The constitutional amendment requiring a single appraisal and a single board of equalization within each county for ad valorem tax purposes."

### PROPOSITION NO. 4 ON THE BALLOT

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize bingo games on a local option election basis if the games are conducted by a church, synagogue, religious society, volunteer fire department, nonprofit veterans organization, fraternal organization, or nonprofit organization supporting medical research or treatment programs and if the proceeds are to be spent in Texas for charitable purposes of the organizations."

### PROPOSITION NO. 5 ON THE BALLOT

House Joint Resolution 86 proposes a constitutional amendment that would allow the Legislature to exercise fiscal control over the expenditure of certain appropriated funds, subject to any conditions and limitations provided by law and subject to the ap-

proval of a budget execution committee that would be composed of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Chairman and Vice-chairman of the Senate Finance Committee, and Chairman and Vice-chairman of the Committee on Appropriations of the House of Representatives.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to grant the governor power to exercise fiscal control over the expenditure of appropriated funds as provided by law."

### PROPOSITION NO. 6 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment that would allow the Governor who appointed a previously confirmed official to remove that official from office subject to the advice and consent of the Senate; and if the Legislature is not in session, to call a special session of the Senate which may last no longer than 2 days for consideration of the removal.

Persons about to marry and spouses, without the intent to defraud pre-existing creditors, may by written instrument from time to time partition between themselves all or part of their property. Spouses may exchange a community interest in property owned or to be acquired for a community interest in other community property. The amendment would allow spouses to agree in writing that income or property arising from any separate property is to be separate property rather than as community property as it would be in the absence of an agreement. The amendment proposes that a gift from one spouse to another is presumed to include all income or property deriving from such gift.

## Order of Arrow Scouts Attend Summer Ordeal

Glenn McLain, scoutmaster of Troop 432, and four boy scouts participated in the Order of the Arrow summer ordeal at Camp M.K. Brown near Mobeetie from Friday night until Sunday, Sept. 12 to 14.

Alfie Seely, son of Mrs. Margarite Seely received brotherhood rank.

Receiving ordeal membership, the first rank, were Mike Souder, son of Mr. and Mrs. Reed Souder; Jerry Davis, son of Mr. and Mrs. Danny Davis; and James Patterson, son of Mr. and Mrs. Kenneth Patterson.

## VFW Float to Memphis, Hedley

The Veterans of Foreign Wars parade float depicting the raising of the United States Flag over Iwo Jima during that World War II battle will be seen by Memphis parade watchers during the Old Settlers Reunion Saturday, Sept. 20, and by Hedley viewers during the annual Cotton Festival October 10 and 11. Time of the Memphis parade is 2 p.m. but the hour of the cotton festival parade has not been announced here.

This float placed first in its division of the Collingsworth County Fair Parade.

It was a moving, patriotic experience to the veterans who watched the parade, as well as those who rode on the float, said Sam Adams, VFW member who helped prepare it.

Riding were veterans from World War I, World War II, the Korean War, and the Vietnam War. All branches of service were represented.

Two men on the float were fighting on Iwo Jima when the flag was raised. One watched it through binocu-

lars.

When the float appeared in the Wellington parade, Bill Robertson, who fought in France during World War I, was the soldier kneeling.

Jim Sikes, U.S. Navy, and Rev. Elvis Pitts, U.S. Marine Corps, were at Iwo Jima.

# Panhandle Panthers Down Rockets, 17-6

## Freshman FHA Chapter Elects

The Skyrockets were trailing 9-6 in the fourth quarter. Calvin Culpepper came up with an interception that game the Rockets the ball on Panhandle's 44.

Jody Coleman's pass to Lennie Archie and Tim Anderson's rushes behind Chris Lynch's block set the Rockets up with a first down at the Panhandle 15. An offside penalty made it first and five from the 10.

But the Rockets ground attack fizzled, and when Jody Coleman went to the air for Lennie Archie on fourth down, Panhandle's standout quarterback and defensive halfback Tod Mayfield batted the ball away and sealed the Panther's win.

Panhandle wound up with a 17-6 win over the Rockets, at Panhandle Friday, Sept. 12.

Panhandle's last eight points came on a pass play (and the following extra points) as the final buzzer sounded.

A fumbled punt gave Panhandle scoring opportunity on their first possession, but the Skyrockets held the Panthers up at the six yard line. Then Calvin Culpepper intercepted a Panhandle pass in the end zone to kill the drive.

Tough defensive plays by Rand Johnson, Channy Wood and Kenneth Warren forced a Panhandle punt after a net 1 yard gain in three plays and set up the Rockets' scoring drive.

The drive was keyed by a 30-yard pass from Jody Coleman to sophomore John Paul Munn. Two plays later Munn took the ball in from the five for the score. The extra point kick failed and the Rockets led 6-0.

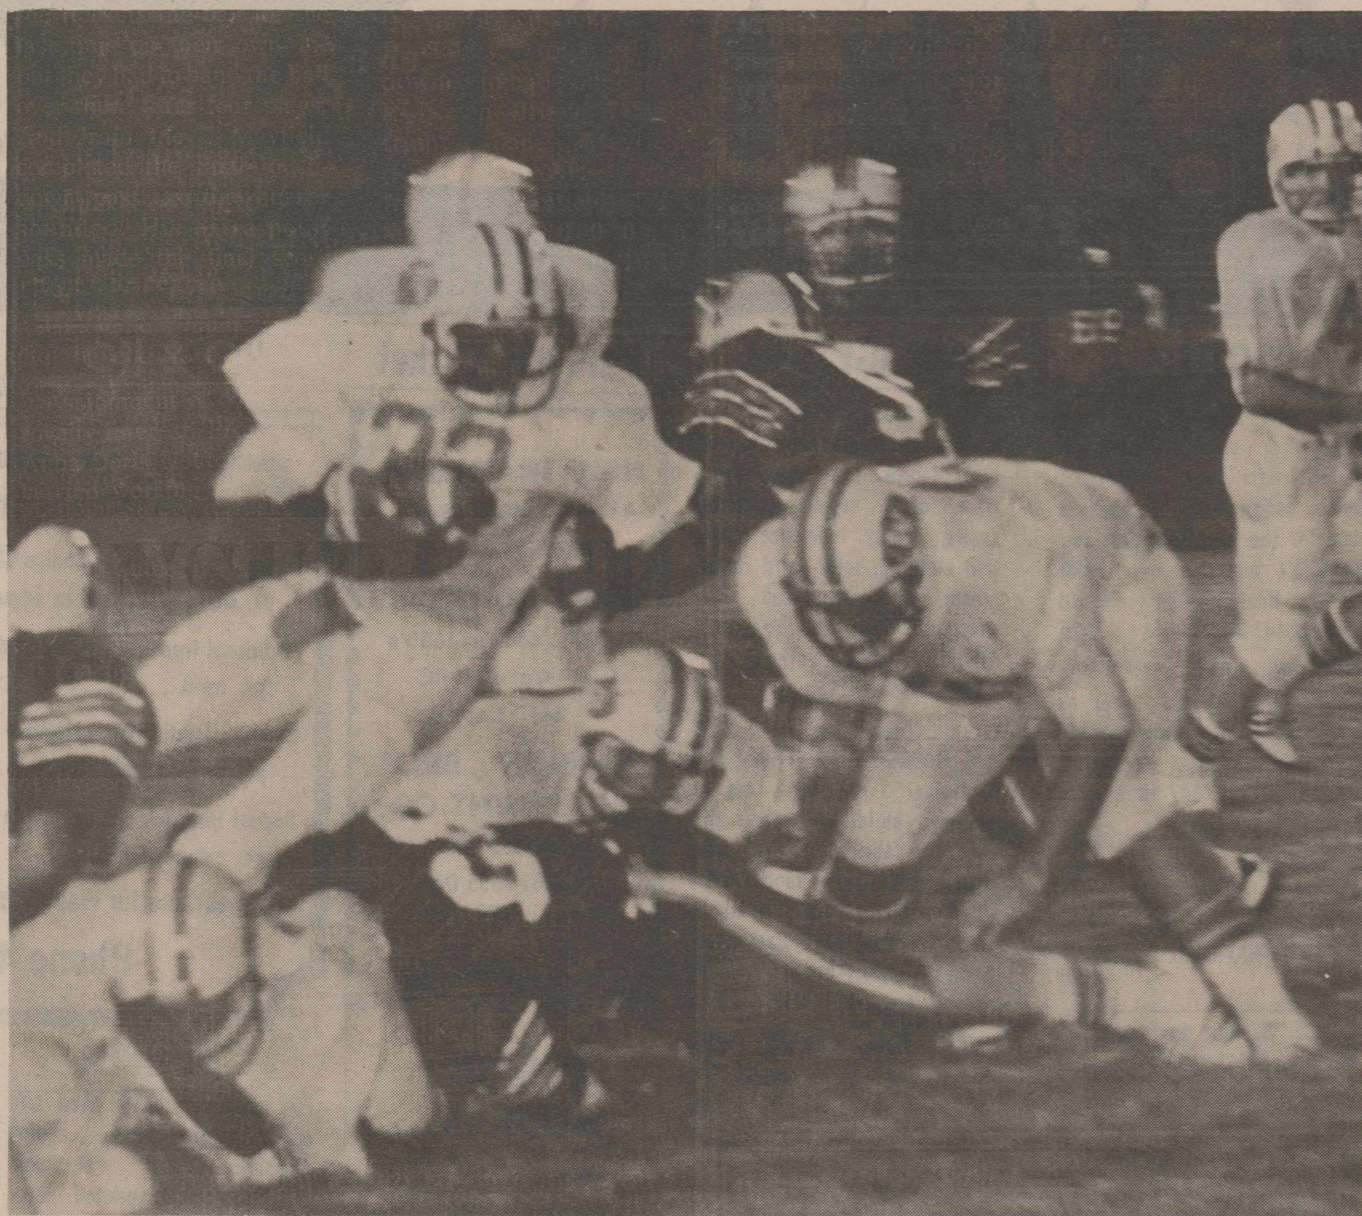

A face mask penalty set up Panhandle's first score early in the second quarter. From the 19 Panhandle quarterback Mayfield with a gang of Skyrockets hanging onto his legs completed a pass to Robert Broyles for the score. Kevin Brown's kick made it 7-6.

Good defensive plays by Tim Anderson, Joe Saldana, Paul Estes, Tim Harris, Willie Pennon, Rand Johnson and David Castillo held up Panhandle's offense in the second quarter.

And when Panhandle threatened just after half-time, Lennie Archie came up with a big fumble recovery on the Rocket 4 yard line.

Archie also broke up the next Panhandle drive with an interception at the Rocket 10 yard line.

A tough defensive stance by David Castillo, Doug Gibson, Paul Estes, Chris Lynch and Kenneth Warren halted Panhandle at the end of the third quarter.

ROCKET ACTION

Tim Anderson, 32, plunges for a gain against Panhandle Friday night, following the blocking of Joe Saldana, left, Doug Gibson, center, and Brent Long, right. Chris Lynch, 40, looks on.

Panhandle's punt rolled into the end zone and the Rockets took over on their 20. But two plays later Panhandle sacked Wellington in the end zone for a two-point safety to make it 9-6.

Calvin Culpepper's fourth quarter interception gave the Rockets a final shot, but Panhandle hung tough at the 10 yard line, and forced the ball over on downs.

A Panhandle punt gave the Rockets the ball for the last time on their own 15, but they had to hand the ball over there after four plays. And from the 7 Mayfield completed the final touchdown pass as the buzzer sounded. His extra-point pass made the final score 17-6.

## Women's Tourney Slated Saturday

The Wellington Ladies Invitational Golf Tournament will be played at the country club Saturday, Sept. 20, with players from a number of area towns competing.

Mrs. Richard Nall, tournament chairman, said tee off time is 10 a.m. There will be play of 18 holes with lunch following.

This is the first women's invitational held by the club this year, and one of the outstanding features will be the condition of the greens and fairways, considered by southeastern Panhandle players as the best in the area.

President of the club is Mrs. Jack Sanford, with Mrs. Hubert Mauldin as secretary-treasurer.

Invitations have gone out to players in Shamrock, Clarendon, Canadian, Memphis, Childress, Vernon, Paducah and Altus, Ok.

Attendance may be cut somewhat by conflicts with community events in part of those towns and by the Shamrock club champion-

ship tournament, also scheduled this weekend. It is customary for each club to hold an invitational tournament at least once during the summer, Mrs. Nall said.
