SIXTY FIFTH YEAR

Sonora, Texas, Friday, June 17, 1955

THIRTY-SIXTH WEEK

## 18th Annual Wool & Mohair Show June 22

The Eighteenth Annual Lions Club Wool and Mohair Show, an all-Texas show for 4-H Clubs, F.F.A. Chapters, and adult producers will get underway Tuesday afternoon at five o'clock with registration at the Sonora Wool and Mohair Company warehouse. At that time all entries of wool and mohair must be in the warehouse.

The greatest event of its kind, the show is sponsored by the Sonora Lions Club and is backed by citizens of Sutton County and friends of the wool industry throughout the state.

Over 130 fleeces of wool and mohair and 30 bags of wool, more entries than ever before, had been received in the wool house as of Monday. A large part of the wool and mohair that is in the warehouse is from local growers. The bulk of the out-of-town entries will arrive Tuesday afternoon and if out-of-town entries reach the expected numbers, the 1955 show will be the largest in the history of the event.

**MORE ADULTS**  
County Agent Clint Langford indicates that adults are showing increased interest in the wool and mohair exhibit. There are more adult entries than in any previous year with junior entries remaining about the same, although several new teams are entered in the judging events.

Quality size, and cleanliness of wool fleeces entered shows marked improvement. This holds true with mohair fleeces, too, and increased interest in all phases of mohair production is indicated.

**PLANT JUDGING**  
In the plant judging contests, four range plots, growing on the ground will be judged and placed in accordance with accepted range management principles. Contestants will be judged also on their ability to identify and check the characteristics of 40 plants selected from a plant list. These contests are open to both Junior and Adult contestants.

**SHEARING DEMONSTRATION**  
A wool preparation demonstration featuring proper shearing methods, shearing pen equipment, proper rolling and tying of fleeces and packing of bags will be put on by James A. Gray, Extension Wool and Mohair Specialist and Fred T. Earwood, manager of the Sonora Wool and Mohair Company. Producers from Sutton and adjoining counties are urged to attend this demonstration at nine o'clock Thursday morning.

**AWARDS**  
There are awards for the winners of each contest, with the group participation trophy being probably the most coveted. This trophy is awarded by the Sonora Farm Loan Association and has been won by the Sutton County 4-H Club for the past years. Competition will be unusually stiff this year with the four top teams in the state judging contest in attendance. High-team and over-all individual trophies are also highly coveted.

Awards are also given for team winners in livestock, wool, mohair, and range management judging. Trophies were on exhibit Wednesday.

Champions will be named in fleece and bag exhibits of wool and mohair with fleeces showing surprising quality.

**COMMITTEES**  
The show committee is composed of Fred T. Earwood, Chairman, Joe M. Vander Stucken, Ed. Win Sawyer and Bryan Hunt. A special committee which will divide the boys into groups and served as group leaders will be made up of Gene Shurley, Billy Galbreath, Sears Sentell, Wilfred Berger, Ralph Mayer, Jack Graf, George Wallace, Robert Pfluger, Glen Richardson, Sam Logan and R. W. Wallace.

**PURPOSE**  
The purpose of the Lions Club Wool and Mohair Show is to encourage a thorough knowledge of range vegetation, to encourage production of profitable livestock,

to encourage profitable production and preparation of wool and mohair, and to sponsor a type of club work applicable to the ranching area.

**TUESDAY, JUNE 14**  
5:00 P.M.—All entries of wool and mohair must be in the warehouse of Sonora Wool and Mohair Company. Registration and grouping of judging contestants.

6:30 A.M.—Breakfast.

### Services In Mason Wednesday For Sonora's Cousin

Funeral services for Young McWilliams, 63, Mason County ranchman, were held Wednesday afternoon at the Mason Baptist Church with the Rev. George Allison, pastor, officiating.

Born September 26, 1891, in the Streeter community, McWilliams was engaged in ranching until about two months ago when he became ill.

Survivors include his wife, the former Miss Mattie Ficker; five brothers, Ernest, Sam and Tom McWilliams, all of Katemey, Arlis McWilliams of Streeter, and Alf McWilliams of Menard; and two sisters, Mrs. Willie Ficker of Brady and Mrs. Mamie Flemings of San Antonio.

Mr. and Mrs. Roy Valliant and Mrs. R. B. Kelley of Sonora cousins of McWilliams, attended the funeral.

### 4-H Judging Team To Junction Meet

County Agent D. C. Langford will accompany a 4-H Club wool and mohair judging team to Junction Thursday, June 16, to participate in the district Sears-Roebuck wool, mohair and plant judging meet.

The team will be made up of Turney Friess, Joe Friess, Tommy Love, Rodney Davis, George Ed Hill, John Friess and Preston Love.

### TIGERS, YANKS, CUBS WIN IN LITTLE LEAGUE

The Tigers, Yanks and the Cubs each took wins in last week's Little League play.

**FRIDAY GAME**  
Tigers over Cubs, 5 to 2.

**MONDAY GAME**  
Yanks over Giants 28-11.

**WEDNESDAY GAME**  
Cubs over Giants 17 to 16.

### THE WEEK'S WEATHER

A real West Texas duster with winds in gusts of between 50 and 70 miles an hour hit Sonora Wednesday afternoon, June 8. Visibility was cut to about 300 feet and winds caused some damage, the heaviest at Granger-Johnson Motor Company where three large plate glass windows were blown out.

Mother Nature attempted to atone for her misbehavior Friday but could only succeed in producing two small showers. The first of these fell around two o'clock Friday morning and dropped about .27 of an inch. The second, falling about mid-morning registered an additional .02 of an inch.

### SONORA FIREMEN TO DALLAS CONVENTION

George Barrow, Lee Patrick, John A. Martin, Jr., Wallace Johnson, and Mr. and Mrs. C. W. Taylor left Monday afternoon for Dallas where they will attend the state convention of the Firemen's and Fire Marshall's Association. The convention will be held June 14 through 16.

### Bond Election Set For Saturday

An election for the issuance of road bonds in the amount of \$45,000 has been called by the County Commissioners Court to be held Saturday June 18.

The Commissioners feel that cooperation with the State Highway Department is necessary in order to obtain an adequate system of highways for Sutton County. This bond issue will not increase property taxes within the County.

The State Highway Department will spend approximately \$520,000 rebuilding the highway from Sonora to the Schleicher County line.

The local bond issue will be used to secure rights-of-way, build and move fences and to pay such damages as are justly due, such as supplying livestock water in pastures that may be cut off.

Proposed changes are as follows: beginning at the Schleicher County line, the new highway will remove the turn at Brushy Top Station through by-passing the station immediately to the west. The proposed highway will straighten the turn at the bottom of the divide hill. From this point, it will lead to Sonora, eliminating most of the existing curves and turns while deviating from the present right-of-way only slightly.

Beginning at the State Highway Department Building north of the city, the Highway Department's blueprints call for a gradual curve westward across the main Devil's River Draw to intersect Highway 290 immediately west of Sharp's Grocery and Station, eliminating highway traffic through the main business district of Sonora.

"The new highway will be of modern design and will provide for a high type of surfacing. The highway will be 24 feet wide and with ten-foot shoulders. The bridge over Devil's River will be 28 feet wide and approximately 320 feet long. A new modern bridge over Meckel's Draw will be approximately 175 feet long and 28 feet wide. This road is being developed with the idea that it will take care of present traffic as well as traffic anticipated for the next 20 or 25 years." District Engineer J. A. Snell of San Angelo said Wednesday. "The department is building a better highway than present usage warrants, anticipating heavy traffic through Sonora upon completion of the International dam and lake at Del Rio."

"While we do not have in this project plans for widening the existing Devil's River Bridge on U.S. 290, we anticipate that this work will be done at an early date," said Snell.

### San Angelo Here For Club Shoot Barbecue Sunday

A skeet and trap shooting team from San Angelo competed with local gun club teams in a shoot following a barbecue dinner Sunday at the club range on the Stanley Mayfield ranch.

Prudie Luther, 17, of San Angelo Pan-American Junior Girl's Skeet Shooting Champion, took part in the shoot. Miss Luther is shotgun champion of Southern Methodist University and held third place in the National Junior Women's Skeet organization and second place in the National Skeet Shooters Association.

Shooting for San Angelo were Bill Kinney, Grady Matthieson, Hal Heaton, Stanley Mayfield, of Sonora and Miss Luther. Wilfred Berger, Dr. W. T. Hardy, Bill Drennan, Travis Glasscock, Harold Saunders, formed the Sonora team.

The local club sponsors a shoot once each month at the range where they are equipped for skeet, trap, rifle, and pistol shooting. The range is open for practice at all times.

An enclosed playground is available for children and the club

### Funeral Services For A. E. Newton Held Thursday

Funeral services for Ariel E. Newton, 35, were held in the First Methodist Church Thursday morning with the Rev. W. H. Marshall, pastor, officiating. Newton died Tuesday in a Dallas hospital after a short illness.

A native of Hamilton County, Newton was the son of Esto Newton of Sonora. He was married to the former Miss Ruth Riley in 1944. Since 1945 Newton had been in the grocery business in Sonora where he was co-owner of Piggly Wiggly Grocery.

Newton was a member of the Methodist Church which he served as Sunday School Superintendent.

Survivors include his wife; a daughter, Sandra Lou; his father; three sisters, Mrs. Naomi Rosson and Mrs. Euba Turman, both of Sonora, and Mrs. Odessa Pruitt of Fort Worth; and three brothers, O. L. Newton of Dallas, and Otto and W. D. Newton, both of Goldthwaite.

Pallbearers were A. W. Awalt, Ed Grobe, Nelson Stubblefield, S. M. Loeffler, and Glen Riley and Mack Riley, both of Hamilton. Interment was in Sonora Cemetery.

### Sutton 4-H Wins Honors At Angelo Judging Meet

A Sutton County 4-H Club wool and mohair judging team placed second in the State wool and mohair judging contest in San Angelo Tuesday, June 14. The team, composed of Turney Friess, Joe Friess, Tommy Love and Rodney Davis, scored 1,801 points to first place Bandera County 4-H's 1,818. Crockett County 4-H Club placed third with 1,780 points and Schleicher County 4-H Club placed fourth with 1,763. These four top judging teams will be in Sonora next week to take part in the wool and mohair judging in conjunction with the Wool and Mohair Show.

High individual scores in the State contest were Jim Bindele of Bandera County 4-H, 632; Anthony Kalka, Bandera County 4-H, 623; Tommy Love, Sutton County 4-H, 623; Bud Pogue, Upton County 4-H, 608; and Jimmy Whitten, Schleicher County 4-H, 601.

In district judging, Sutton County 4-H placed first with a team score of 1,801. Crockett 4-H was second with a score of 1,780. High individuals in district 6 judging were Tommy Love, Sutton County 4-H, 623; Bud Pogue, Upton County 4-H, 608; Eddy Chandler, Crockett County 4-H, 597; and Rodney Davis, Sutton County 4-H, 592.

### Pipe Needed For Little Leaguers

If you happen to have, or know where Tommy Thorp can get 200 feet of old two inch pipe, that is what is needed to complete the Little League backstop.

The opening game, on the new field, is scheduled for Monday night if the lights arrive and if Thorp is able to locate the pipe for the backstop. LETS ALL GET OUT FOR THE OPENER.

Mr. and Mrs. Hilton Turney have returned from San Angelo where Turney underwent surgery at Shannon Hospital. The operation was believed successful and he is convalescing rapidly.

plans more improvements in the near future. These improvements will include a screened openair dining room, an arbor for spectators and for bench shooting, and a square-dance pavilion.

Present membership numbers over 100. Business meetings are held in Sonora once a month and those interested in the gun club are cordially invited to become members.

### Fred T. Earwood Strives For Wool And Mohair Grading Program

The wool grading program in Sutton County is discussed in the July issue of The Progressive Farmer magazine. The article, "More Gold From Golden Fleeces" tells how Fred Earwood, rancher and manager of the Sonora Wool and Mohair Warehouse, is helping promote a quality wool and mohair program in the area.

### Little League Double-Header To Open Field

Wiring for the Little League Baseball Field was complete as of Tuesday, June 14, with work progressing on the field fence and backstop.

The field should be ready for play Monday, June 20, according to R. M. McCarver, if the lamps which have been ordered arrive by that time.

The field will be opened with a double-header, the top game being between Leon Neely and Reginald Trainer's Cubs and Melvin Glasscock and Shannon Rathiff's Yankees. Second game will be between the Tigers, managed by James D. Trainer and Bill Tittle, and the Giants, managed by John Bell and Tommy Smith. This games was called in the bottom of the third inning Wednesday because of the dust storm.

### Betsy Ross Takes Junior Doubles

Betsy Ross, daughter of Mr. and Mrs. Joe Brown Ross of Sonora, and Linda Livingston of El Paso defeated Gail Murphy of Austin and Virginia Brown of Fort Worth in a hard fought match to capture the Texas Junior Doubles Tennis Championship. Scores for the finals were 6-4, 3-6, 6-2.

In Junior Singles Miss Ross lost to Ann Bolate of Dallas, 6-2 6-0, in the third round of play.

Miss Ross was in Houston June 2 to 4 to take part in the Houston Jaycee Tennis Tournament. In the finals for the singles crown, she was defeated 7-5, 6-3, by Ann Farmer of Houston. In play for the doubles trophy, Miss Ross and Foyrene Watson of Alvin lost to Miss Farmer and Betty Foust of Houston by a score of 8-6, 4-6, 6-3.

John F. Hamby and John Irvin King made a business trip to San Antonio this week.

For years Earwood has been campaigning to get wool graded at the shearing pen and sold on a grade basis. He has convinced some of his neighboring ranchers that it means good money to cull their flocks, shear carefully, and grade their wool. A good many ranchers in Sutton County have been selecting ewes on staple length of fleece. The have gotten an increase in weight of fleece and an average of 5 to 6 cents more per pound for their wool.

Since Earwood's warehouse has started its quality program, the quality of individual fleeces has jumped. The amount of top wool grades brought into the warehouse has increased 15 per cent. Last year the warehouse sold over a million pounds of wool for its consignors on a grade basis.

In 1954, the quality program championed by Earwood and his neighbors got action. The Texas Sheep and Goat Raisers Association asked Texas Extension Service to put on at least ten good sheepmen to do pen grading and help in culling and management. The Extension Service now has two extra men working with demonstration flocks. Warehouse men are backing the program and interest is high.

### The Lions Roar

Tom Kirkham, special representative of Lions International, addressed the Lions Club at their regular meeting Tuesday at the Methodist Church. Kirkham, a paid representative of the Lions Clubs, devotes his entire time to Lionism, traveling as much as 90,000 miles a year to encourage local clubs and assist them in their various civic projects.

Lions Clubs retain 18 special representatives in the United States and 10 abroad. Kirkham serves 590 of the 734 clubs in Texas.

Kirkham stated that Lions International is growing at a tremendous rate with 900 new clubs formed all over the world since last July 1. One new club was organized in Jerusalem December 23, 1954.

Kirkham reported on worthy projects of clubs in his territory, citing examples of civic and charity programs and the ways in which they have been financed.

Guests included Kirkham's son, Donald Kirkham, Duncan Frank and Johnny Wright of Abilene, Ernest Hill and Charlie McLaughlin of Eldorado and Dr. Livingston of Alpine.

**Handle With Care**

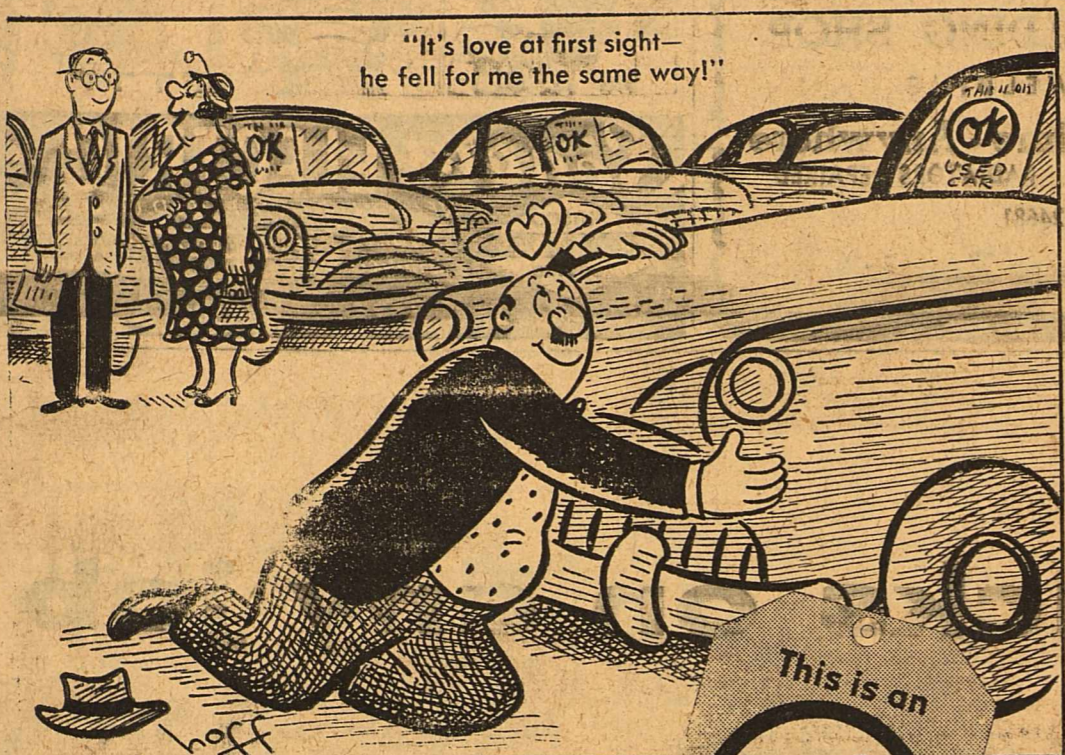

Tractors are like horses—or mules—in more ways than one. They can be pretty tricky if you don't handle them right.

Too many tractor accidents happen because of carelessness. The day grows hot and drowsy, the job grows monotonous—and bings! Someone forgets to throttle down when making a turn, or something, and there's a bad spill.

Credit Slim Hartman's missus for the fact that there's never been tractor trouble on their place. Midway through every morning and afternoon she brings him snacks. "He'll stay on

the alert," she says, "if I get him off the tractor for ten minutes." From where I sit, carelessness can cause plenty of harm in our off-the-job personal lives, too. For instance, suppose a neighbor prefers a glass of beer with supper. You might not share this particular preference with him—but if you're careless about protecting his right to choose, your own freedom of choice is in danger of being "plowed under."

**NOTAS DE LA COLONIA  
LATIN AMERICANA**

Por Elpidio Torres

El jueves 9 a las ocho y media de la mañana comenzaron las operaciones de las anginas de cuatro minos entre los que se contaba la niña Rosalinda Torres. Los operados estuvieron a cargo del especialista Dr. Charles F. Engleking de San Antonio, Texas, con la asistencia del Dr. J. Franklin Howell, de esta ciudad, terminando a las once y veinte de la mañana en el Hospital Lillian M. Hudspeth de esta ciudad. Todos los operados abandonaron el hospital el viernes en la mañana. Estamos muy contentos porque tuvimos un servicio muy activo con todo el personal que atiende en el hospital, al mismo tiempo muchas gracias a todas las amistades nuestras quien nos han visitado tanto en el hospital como en nuestra residencia y a todas las que tuvieron la bondad, de mandar sus presentes florales en mi nombre y en el de mi familia nuestro mas cumplido agradecimiento para todos.

Atencion: Con mucha frecuencia hemos estado viendo carros pararse en los terrenos de La Escuela Elliott algunos pisoteando todos los derechos de un plantel educativo y que desgraciadamente afecta tal abuso mas a nuestra colonia que a cualesquier otro lugar dado que los jovenes que lo hacen son bastante conocidos en nuestra colonia y que tuvieron parte de educacion en estos planteles y posiblemente hijos nativos del pueblo. No tan solo paradero de carros es sino lugar de recreo donde pasan las horas tomando y hasta tirando los botes de cerveza en las mismas puertas de nuestros planteles educativos todo esto es lamentable en un pueblo tan pequeño como el nuestro porque por culpa de algunos cuantos que todo se les hace facil y son irresponsables de sus propios hechos, manchan el buen orden del resto de los ciudadanos, que con su buena conducta tratan a cada momento de mejorar nuestras condiciones, morales y sociales de nuestra colonia. En el parque Libertad acontece la misma dificultad y algunos nuestro lugar de baile y fiestas lo usan para pista de carros. Lo sentimos mucho por ellos, porque el que no se somete al orden tenemos nuestras autoridades para que lo sometan estamos cansados de tanto abuso, y lo que vos, con trabajos y afanes, componen otros destruyen las buenas obras delos demas ruendo que no cabe otro remedio no les pesque petar lo ageno, los sorprendan de sorpresa a todos los que de esa manera abusan, que sino cambian su proceder por el de respetar lo ageno, los sorprendan las autoridades y entonces tendran que responder por todos los danos que causen. Todo esta facil para Uds, jovenes, cambien sus paraderos y lugares para recrearse de esa manera donde no hagan dano a nadie y vamos que hay muchos y ni quien los moleste, no se insulten, perse es verdad, no?

Casamiento: El domingo del presente a las dos y media de la tarde se efectuó el enlace de la Srta. Nilda Galindo con el Joven Marciano Sanchez en el Templo Bautista de esta colonia. La ceremonia estuvo a cargo del Sr. Eduardo P. Bonzales, pastor de la Iglesia Bautista de Ozona, Texas. Terminó la ceremonia con un canto en alabanza a cargo de la Sra. Maxey, quien le dio un magnífica realce a la ceremonia con su agradable voz. La Iglesia resulto chica para todo el acompañamiento que por de los desposados, dieron vista de presentes en tal acontecimiento nupcial. Terminando a las tres de la tarde pasaron a la residencia de la desposada donde estuvieron cumpliendo con todos sus invitados de una manera muy familiar y muy sincera. Por lo que todos quedamos muy contentos y agradecidos la corte nupcial las integraron las siguientes personas: padrinos los esposos, Santos Lopez y Vicenta Lopez; Billy Gonzales y Irene Gonzales; madrinas de anillo stas, Esperanza Chavez y Odilia Morales; damas de honor, Srtas. Estela Guajardo, Ana Maria Badillo, Ofilia Ibarra, y Norbert Brown. Haciendo votos porque la felicidad visite siempre este nuevo hogar.

Sam Gonzales: Nuestro querido joven futbolista quien tiene mucha simpatia y aprecio en nuestra ciudad fue operado de la apendice la semana pasada. La operacion estuvo a cargo de Dr. Browne de esta ciudad y con asistencia del Dr. Jack L. Mowrey y Dr. William H. Lindsey, ambos de Eldorado Clinic Hospital. El joven Gonzales fue dado de alta el viernes lo a las siete de la mañana. Esperamos pronto se restablezca.

Deportes: El domingo a las tres de la tarde tovo lugar un bonito juego de pelota. Los Aguilos de Junction, Texas, visitaron a Sonora Indians. Estando un juego renido hasta la primera de la octava cuando ambos equipos se mantenian con una anotacion de dos a tres a favor de Sonora, rompieron el escar con un jit de tres bases conectado por LoLo Chavez y lo siguieron Nepo Noriega, Chapo Zamaniego, el brotar, y Frisco Sanchez. Anotando entre

Q - I have been out of service for a year. I am planning to apply to VA for disability compensation. Since the armed forces have my medical records, will I be required to take a physical examination?

A - You will be required to take a VA physical examination. VA may waive the examination, under some circumstances, only for veterans who apply for compensation within six months after their separation from service.

Q - I am a "double duty" veteran with service in World War II and since Korea. I am in training under the World War II GI Bill. I would like to switch to the Korean GI Bill, but I notice that my three-years-from-discharge waiting deadline for Korean GI training has passed. Is it too late to switch?

A - No. Even though your Korean GI Bill starting deadline has passed, you still may be permitted to switch to that training law. You may make the change either at the end of any regular enrollment period or at the time your World War II GI entitlement is exhausted.

**Most Modern Trucks on any job**

with the most advanced truck features the industry has ever seen!

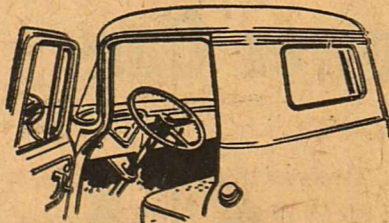

Only new Chevrolet **Task-Force** Trucks bring you the shortest stroke V8's in any leading truck and today's most advanced sixes—plus all these truly modern features!

They're the marks of a modern truck, and they out-date any make without them!

And they're the moneymaking, moneysaving advantages that ask this question: **Can you really afford not to make your next new truck a Chevrolet? Judge for yourself!**

Beginning with Work-Styling, an entirely new development in truck design. For the first time in any line of trucks, Chevrolet brings you two styling treatments—one for light- and medium-duty models, another for heavy-duty jobs! Styling that's matched to the model and the job.

**The latest in cab comfort and safety.** Inside you can count on the same ultra-modern touch—softer seat action that reduces driver fatigue and more durable construction throughout. The new Flite-

Ride Custom cab features the extra comfort of a foam rubber cushion and harmonizing two-tone inside. Outside, bright metal moldings and new two-tone color options. Both the De Luxe and the Custom cabs set whole new standards for comfort and convenience.

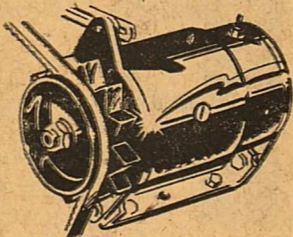

**New concealed Safety Steps.** They're out of sight with the doors closed. That way, snow, ice or mud can't collect to cause accidents. Safety Steps are lower, too, for easier entrance.

**New panoramic windshield.** For a wider, virtually unobstructed view

of the road! There's more glass area all around. A new glass-guard molding completely surrounds the side windows, reducing possibility of breakage. A wide-view rear window is available as an extra-cost option.

**Fresh air in all kinds of weather.** With Chevrolet's new High-Level ventilating system, air is drawn in through louvers at cowl level. That means air is constantly circulated through the cab, regardless of disagreeable weather conditions.

**High-Voltage power—V8 or 6.** The new lineup of Chevrolet truck engines includes the shortest stroke V8's in any leading truck, and most advanced sixes. All have a

modern 12-volt electrical system—double the voltage for quicker, surer starting and more efficient spark plug firing.

**Tubeless tires standard on 1/2-ton models.** Pickups, panels, Suburban Carry-alls—all models in the 1/2-ton class now come with new tubeless tires. Here's greater protection against blowouts.

**Every Power Helper in the book.** Power Brakes are standard equipment on 2-ton models, an extra-cost option on all others. The new handling ease of Power Steering,

another extra-cost option, cuts turning effort up to 80%. There's new gas-saving Overdrive, as an extra-cost option on 1/2-ton models and truck Hydra-Matic.

The new Cameo Carrier. Long and low, with smooth, fleet lines, here's the Custom pickup that may well create a whole new class of truck owners!

And the final touch. Color! New colors and two-tone combinations add the final styling touch to these great new trucks. Your selection is wider than ever before. Choose the color or combination that best calls attention to your business. That way you'll be taking full advantage of the advertising value of your new Task-Force model.

One final word. When the time comes to trade in '55 models, the man without a really modern truck stands to take a good-sized loss. Come in and see us soon.

## Suggest New Scabies Dip For Control

A solution containing 0.06 per cent of gamma BHC or lindane is now recommended as the preferred dip for control of sheep scabies, according to a report in the Journal of the American Veterinary Medical Association.

A single dipping in this solution is said to be effective since the mites which cause scabies and hatch after the first dipping are killed by the agent in the wool.

The Veterinary Association reports that scabies has been diagnosed in over 400 flocks involving more than 40,000 sheep in 21 different states during the past

year. For many years it was considered a disease present in only a few counties in a couple of southern states.

A special meeting in Chicago to consider the growing seriousness of scabies recommended using the new treatment in place of a nicotine sulfate solution that now is no longer recommended, the AVMA reports.

## The Sporting News SPORTS FLASHES

The Detroit Tigers appear headed for their best attendance record since 1950. Threatening weather doesn't seem to bother the fans. Memorial Day was cold and cloudy in Detroit, but 19,480 turned up at Briggs Stadium for the double-header with the Kansas City Athletics. Detroit has averaged a home attendance of about 16,000. If that's maintained, the figure will reach about 1,300,000 for the year.

When J. G. Taylor Spink, publisher of The Sporting News, beat the sports world with the exclusive story that Eddie Stanky was to be fired, it wasn't his first beat. Through the years Spink has published many an exclusive. He was the first to predict the shifts of major league franchises to Baltimore and Milwaukee, and the first to report that Kansas City was in line for the Big Time.

For the Chicago Cubs, second place on Memorial Day was something that hadn't happened to them in years. The last time they were that high on May 30, was 1947. On Memorial Day morning, 1947, the Cubs had a record of 20 won and 16 lost. This year it was 26 won and 17 lost. But just a year ago, they were in seventh place, with 19 victories and 22 defeats.

Giant Pitcher Johnny Antonelli has never yet been able to go the distance against Brooklyn. When he was knocked out after only one and two-thirds innings against the Dodgers, May 28. It was the seventh time Brooklyn had shelled him. Last season he was knocked out by the Dodgers four times, although winning one of the games.

New parking areas are being built around Milwaukee's County Stadium, home of the Braves. They're making room for 5,000 more cars, for a total of 15,000 parking places. That means about as many automobiles as there used to be people in the park when Milwaukee was in the American Association.

Second Baseman Gene Baker of the Cubs gets special mention in the record books. In a game against the Braves May 27, Baker made 11 putouts. That is something only six other major league second basemen have done in all the years going back to 1893, when Sam Wise of Washington first set the record.

There's something wrong with the No. 4 spot in the Pittsburgh batting order. Manager Fred Haney used six different men in the cleanup position in his first 42 games. The six produced a combined batting average of .164. And they drove in only 11 runs.

The 18-year-old bonus baby, John Bruce Swango, signed by the Orioles recently, seems loaded with color. He's been captivating Baltimore newspaper men. The Sporting News relates that Swango, in one session with the writers, set the record straight as to what he's done. Confidently, but without bragging, Swango told how he averaged 17 strikeouts in a seven inning game in high school competition and struck out every single man in

two games. When not pitching, he said he played the outfield and batted a modest .450.

The new St. Louis Cardinal manager, Harry Walker, is certainly not among strangers. Walker was a teammate on the Cardinals in the 1940's with Del Rice, Red Schoendienst and Stan Musial. He had been a teammate at Columbus of Luis Arroyo, Harvey Haddix, Bill Sarni and Solly Hemus. And among present Cardinals who had played under him as a minor league manager were Herb Moford, Bob Tiefenauer, Rip Repulski, Wally Moon, Larry Jackson and Bill Virdon.

Catcher Yogi Berra of the Yankees went into a hitting spree recently and fattened his average 55 points in only 12 games. Berra was staggering around under a .252 average when he started his streak on May 20. On Memorial Day, he rimbled to .307. His 12-game surge produced 19 hits in 44 time up, including eight home runs.

Outfielder Wally Post of the Cincinnati Reds is distinguishing himself in opposite directions. Up to Memorial Day, Post had fanned in 36 out of 39 games. And 16 of the 36 strikeouts, came on his first time at bat. Even so, he's been a valuable man as a slug-

### Mules Take Jax 20-4 Sunday

The Sonora Mules took the Jax Beer team 20 to 4 in Concho Basin League play in San Angelo Sunday June 12. N. J. Moore was the hitter for the mules getting six hits out of six trips to the plate.

Next League game Sonora vs. Miles will be played here at three o'clock Sunday afternoon.

Six Sonora players will play with the Concho Basin All-Stars against the Hill Country All-Stars in a night game at Guinn Field in San Angelo June 20. Those chosen by the managers to play with the All-Stars are Oliver Wuest, N. J. Moore, J. L. Thompson, John Bell, Byron Stewart and Pete Hickman.

Mr. and Mrs. Carl Cahill returned Monday from a two weeks vacation in Tacoma, Washington.

### San Angelo Ram Sale June 18

The 19th Annual San Angelo Registered Rambouillet Ram Sale will be held June 16 through 18 at the San Angelo Fairgrounds. Twenty-four registered breeders have consigned 291 head of top quality rams to this sale sponsored by the American Rambouillet Sheep Breeders Association.

The sale proper gets under way promptly at 10 a.m., Saturday June 18, in the sheep barn at the San Angelo Fairgrounds with Lem Jones of Junction on the auctioneer's stand.

The sale is managed by a thirteen man committee of leading Texas Rambouillet breeders, whose chairman this year is R.C. Sheffield of San Angelo.

W. L. Davis of Sonora has consigned eight rams to the sale.

### Soil Conservation District News

Prepared by Local SCS Personnel  
News of Edwards Plateau Soil Conservation District

Occasional thunderstorms continue to lull the effects of the current drought. A rainstorm in the early morning hours of June 10 dropped light to good showers over most of the area.

Ranchmen reporting rainfall included Glen Lumpkins (Wheat ranch) .40; Harold Friess .50; Sonora Woolhouse .27; J. A. Cauthorn .80; Lee Fawcett 1.00; John Fields .30; J. V. Alley .30; George Brockman .52; Edwin Sawyer .58; Mrs. E. E. Sawyer (Eagle Well) .50; Tom Davis .39; Nettie Word .60; Dee Word .40.

The Edwards Plateau SCD trial area on the Herbert Fields ranch received .15 on June 8, and .50 on June 10. The area has now received a total of 3.53 inches since the grass was planted on May 1. This rainfall fell in nine separate showers, varying from .10 to .78 inches. The pits have filled six times, which aided materially in obtaining a good stand of grass. Good moisture is available under pits to a depth of 12 to 16 inches. Grass planted on unpitted deep soil areas has not had enough moisture to cause sprouting.

Ben Cusenbary is pitting several hundred acres of rangeland. Pits made last year have some green grass in them, despite the fact that Ben has received practically no rain from June 28, 1954 to June 1 this year. Ben has a fair stand of KR bluestem which

has stood the drought in an old field. Many new KR seedlings are coming up following the recent showers.

Harold Friess is building a wire diversion fence to spread water from a small gully over some adjoining rangeland. The wire diversion will be 10 inches high and made with doubled net wire. Part of the fence will be built on a slight grade to take water out of the gully and lead it over the grass. Water which has concentrated in a low place can be spread out and used to flood irrigate grassland.

The main advantages of wire spreaders is the low cost, and the fact that the entire area below the fence is watered. With pasture terraces constructed of soil the area immediately below the terrace is robbed of water and becomes practically non-productive.

Tom Davis has constructed two wire spreaders, and has two more under construction. He plans to spread and use runoff water on rangeland, and protect a cultivated field below.

The Sutton County ASC program offers a 10 cent per linear foot cost sharing payment for wire diversions. Supervisors of the Edwards Plateau Soil Conservation District are again sponsoring an adult plant judging contest in connection with the Sonora Wool and Mohair Show. The winner will receive a valuable range management book entitled "Practical Grassland Management", by B.W. Allred.

The District supervisors hope to have a large number of local ranchmen participate in the contest, which will be held at 9:00 A.M., Wednesday, June 22. Only one ranchman will win a prize, but the practice in examining and naming the plants should be worthwhile.

Forty common range plants will be used, and no scores will be announced except the winner's score. Won't you participate and help make the contest a success?

Mr. and Mrs. Thurman Levy and son of Texarkana were guests of Mr. and Mrs. Charles Pharis last week.

Mrs. L. W. Elliott has been in Methodist Hospital in Houston for the past several days for a complete medical checkup.

### Control Cattle Parasites By Feeding Program

A continuous war against worms in cattle stomachs and intestines can be conducted by daily feeding of small amounts of phenothiazine, according to the American Veterinary Medical Association.

Internal parasites are becoming an increasingly important economic factor on farms, the AVMA says, even though few farmers are aware of their seriousness in cattle.

As evidence of the seriousness of worm infections in cattle, the AVMA cites results of a recent survey in Wisconsin. A veterinarian found worms in every cow in two well-known milking herds. Calves in these herds were passing worm eggs before they were three months old.

The easiest, safest, and least expensive way to get rid of these parasites, without damaging milk quality, the AVMA says, is a long-term program of prevention. The continual feeding of small amounts of phenothiazine is most effective.

Unthrifty calves may be infected with internal parasites, however, the AVMA says many conditions may cause unthriftiness, and a veterinarian should be consulted to establish a diagnosis and to prescribe treatment.

Deferred grazing, say range specialists, is the best method for bringing back drothy, overgrazed range lands. If as much as 15 percent of the key grasses are left, rest rather than reseed.

### 1954 TEXAS TRAFFIC SCORE

AUSTIN - Of the 153 pedestrians killed on Texas rural highways in 1954, 77 were crossing not at intersections, 22 were walking in the roadway with traffic, 8 were standing in the roadway and 11 were lying in the roadway when they were hit by motor vehicles. 126 of the pedestrians killed on rural highways were violating a traffic law. In 39 fatal pedestrian accidents on rural highways both the pedestrian and the vehicle were violating traffic laws. There were only 2 fatal pedestrian accidents in which neither the pedestrian nor the driver was violating a traffic law.

1954 TEXAS TRAFFIC SCORE - AUSTIN - In a head-on traffic collision someone is on the wrong side of the road. Head-on collisions occurred in 22.7% of the 1,539 rural fatal accidents in Texas in 1954.

## ANNOUNCEMENTS

I OBJECT! I OBJECT!

I object to the call for the issuance of bonds in the amount of \$45,000 to obtain right of way to the County line between Sonora and Eldorado. I would gladly see dangerous curves removed from any highway and will cooperate fully to that end. But I object to the proposed right of way which discards practically all of the present road and will cross Dry Devil's River and Headers that will cost a fortune to bridge. . . . And Friends, do not be misled into thinking that the new road will be free of curves. Quite the contrary is true. Convince yourself by looking over the right of way as is now laid out. ONE SEE IS WORTH MANY TELLS. Now is the time to express ourselves as being against foolish and extravagant spending of public funds. If our County should vote this proposed bond of \$45,000, the State will probably spend between five and six hundred thousand dollars to construct the road after the right of way is obtained. This money as we know is raised through taxation. Taxes which will be hard to pay after a prolonged drought such as we have experienced here.

Should the town of Sonora have an increased traffic because of the change in the road, the few citizens who would benefit by the increased revenue from such transients could never justify nor compensate for the hardship and sacrifice that would result to the citizens who must pay for this road, which will be no better than the one we now have.

The present road was located where it is by a competent engineer who was aware of the great flow of water natural to this part of the country in a wet season. A road placed in the proposed survey will be very expensive to maintain, once it is established. Is it not more desirable to use the right of way we now have and make any needed changes in a sensible and economical way, rather than burden this and the succeeding generation with taxes to cover the cost of a new road we neither need nor want?

Think and see why I OBJECT! Won't you go to the polls Saturday and Object also to the issuance of this bond?  
Signed -  
W. L. (Tom) Davis.

In the low-price 3, PLYMOUTH is

# FIRST IN STYLE, FIRST IN SIZE, FIRST IN SAFETY FEATURES!

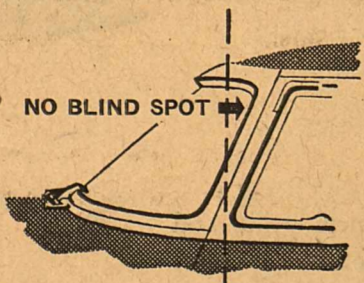

The thrill of pride you feel each time you drive your new Plymouth has several sources. There's the sleek smartness of its Forward Look styling. The eager power of the thriftest 6, or the most powerful standard V-8 in Plymouth's field. And there's the peace of mind that comes from knowing that you are protected by more safety features than offered by any other low-price car. You'll know what we mean when you drive a big new Plymouth - how about today?

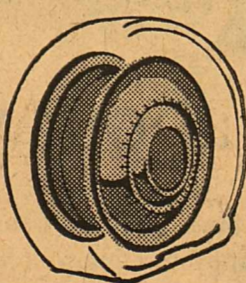

"AMERICA'S MOST BEAUTIFUL CAR" - that's what the nation's foremost artists' group, the Society of Illustrators, say about the 1955 Plymouth!

### BIGGEST LONGEST ROOMIEST

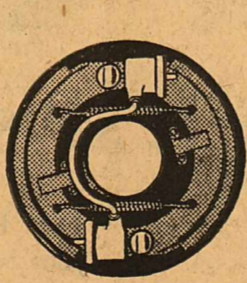

THE BIGGEST CAR OF ALL 3 is naturally the most comfortable inside, and Plymouth gives you the smooth, steady ride only a big car can give.

NO EYE-LEVEL "BLIND SPOTS," thanks to this unique swept-back windshield design that gives you the greatest visibility in Plymouth's field.

SAFETY-RIM WHEELS have a special retaining ridge to help hold a tire straight on the rim in case of a blowout. Another Plymouth exclusive!

SURER, MORE PREDICTABLE STOPS come from two hydraulic brake cylinders in each Plymouth front wheel, where the other two low-price cars use only one.

**Miss Marjory Dameron Bride Of  
John Murray In Rites Saturday**

The First Methodist Church was the setting Saturday evening for the marriage of Miss Marjory Ann Dameron, daughter of Mrs. W. H. Dameron and the late Mr. Dameron, and John Green Murray of San Antonio, son of Judge and Mrs. W. O. Murray.

The double-ring ceremony was read by the Rev. W. H. Marshall, pastor of the church. Mrs. W. T. Hardy presented a program of traditional wedding music and accompanied Miss Cynthia Hall, soloist.

Given in marriage by her uncle, Z. C. Dameron, Jr., of Pecos, the bride wore a gown of pure white imported silk organza with an intricate self-embroidered motif of graduated size with a dropped waist-line, scalloped at the bust-line with tiny hand-rolled straps. The full length skirt repeated the embroidery and scallops of the hem-line. Her brief fitted jacket had three-quarter sleeves and a rolled collar. She wore a fitted matching hat trimmed with sequins and pearls. She wore pearls belonging to her mother and carried an arm bouquet of white roses and stephanitis.

Miss Alice Marie Moret of Gonzales, cousin of the bride, was maid of honor. She wore a blue organza gown with matching shoes and flowered hat. The bridesmaid, Miss Mary Ruth Kelley, wore an identical dress. The bride's attendants carried crescent arm bouquets of white bridal flowers. William Murray, Jr., of San Antonio, served his twin brother as best man, and ushers were the groom's brothers, Robert Murray of San Antonio and James Murray of Austin, his cousin Clark Murray, of Floresville, and Charles Cusenbary of San Angelo served as groomsmen. Candles were lighted by Zech Dameron, III of Pecos, a cousin of the bride.

A reception was held in the dining room of the church with the bridal couple receiving before a wrought iron screen entwined with greenery. The bride's table

**Our WASHINGTON Letter**

By Congressman **O. C. FISHER**

**NATURAL GAS.** housing, minimum wage, and postal pay figured in legislative news on Capitol Hill last week, as the Congress turned down the home stretch of a rather mild and docile session. It looks like the session will end about August 1, maybe a little later.

The House committee finally reported out a watered-down Natural Gas bill which outlaws Federal price control of gas before it is sold into interstate commerce. The bill seeks to correct a rather tortuous decision of the Supreme Court in the Phillips case. The bill will have tough sailing, though, and its ultimate enactment is in doubt.

The House and Senate passed a pay raise for postal workers, and the Senate struck a blow at home ownership in this country by

pushing through a socialized housing bill calling for Uncle Sam to build 540,000 units and then rent them at nominal rentals. This Senate move conforms with a demand by the Americans for Democratic Action and the CIO Political Action Committee. Public Housers are gushing over the Senate victory, seeing eventual possible victory for their dream for up to 10 million government-owned rent houses.

The Senate also figured on minimum wage, upping the present 75 cent-per-hour figure to \$1. The House committee has not yet acted. The CIO wants \$1.25. The other day Governor Harriman of New York had a conference with Congressmen from that state, following which the Governor reported: "It was the consensus that this minimum \$1.25 was necessary to protect the state's industries from unfair wage competition in other states".

The trouble has been, in many areas, that during the past 10 years labor has virtually priced itself out of the market, causing industry to move south where they could obtain advantages not available to them up north. This included lower wages. Now, to off-set some of this, the unions are in a mammoth drive to push minimum wages upward, and the New York Governor very frankly admits the reason for it.

Drive carefully observe Stop Signs.

**THE DEVIL'S RIVER NEWS**

**LET'S TALK LIVESTOCK BY TED GOULDY**

Fort Worth—The rains and cooler weather that are helping parched and blasted Texas ranges recover have put a firm prop under cattle prices in this part of the country. Abnormally cool weather in the Eastern United States has kept consumption of meat at high levels in that area.

Usually on a mid-June Monday the market reporter is about as cheerful as a professional pall-bearer. It is the normal thing for us to use words like "weak", "dull demand", "prices sharply lower", and movement "sluggish".

However, Monday at Fort Worth cattle started moving to the scales early and prices were fully steady. In fact, some cows were 25 to 50 cents higher. Stocker calves and yearlings of high quality were stronger, and very scarce. Slaughter calves were steady. Bulls drew fully steady prices.

Prices included: good or choice fed steers and yearlings \$19 to

Sonora, Texas, Friday, June 17, 1955

\$22.50; medium and lower grade yearlings and heifers \$12 to \$18. Fat cows \$11 to \$14, a few higher; canners and cutters -7 to \$11.50. Bulls \$10 to \$14.25. Good and choice slaughter calves \$16.50 to \$20.50; cull, common and medium slaughter calves \$9 to \$16. Stocker steer calves \$16 to \$23;

steer yearlings \$14 to \$21; stocker cows \$8 to \$13. Heifer calves and yearlings in stocker flesh usually sold \$2 to \$3 under comparable steers. Spring lambs opened steady to 50 cents lower Monday at Fort Worth. Top was again \$22 on the best milk fat lambs, but the price

was paid sparingly. Old crop yearlings lambs were steady at \$16 down. Stocker shorn wethers lambs sold from \$13.50 down, but straight bunches of yearling ewes again reached \$15 to \$16. Feeder type Spring lambs sold from \$15 down.

COMBINE YOUR NEW CHEVROLET PURCHASE WITH YOUR VACATION PLANS! Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolet's built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!

It's like a famous designer's label on a lady's favorite party dress.

It's like sterling on silver, 14 carat on gold, or like those little silk threads in an honest-to-gosh dollar bill that no counterfeiter can ever quite copy.

It's the Fisher coach—world-famous emblem of Body by Fisher. You'll see it on the sill of a Motoramic Chevrolet when you open the door. You'll see it on some of America's most popular high-priced cars, too. But that's all. Not on any other low-priced car.

The other cars in Chevrolet's field just don't have that clean, fresh look that comes from beauty that's built

in—not bolted on. In fact, there are very few cars that do have it—no matter what they cost.

And the other low-priced cars, of course, don't offer any of these advantages of Fisher Body. Not that strong, solid Fisher Unisteel construction. Not those fine quality fabrics and materials. Not the High-Level ventilation system that provides cleaner, fresher air in any weather.

You can choose your own new Chevrolet with Body by Fisher from 190 different combinations of models and colors. That's like having it custom built just for you—without the custom-built price! Come on in and get all the good news on the model you like best.

CARD OF THANKS

We wish to express our gratitude for the beautiful cards, letters, gifts and the lovely reception and luncheon given us. We assure that our eighth year in Sonora will be as loyally rendered and the preceding seven. We send our love and appreciation to the people of other congregations who attended our reception.

Rev. and Mrs. W. H. Marshall.  
Guests in the home of Mr. and Mrs. H. T. Rutledge last week were their son and family, Mr. and Mrs. J. W. Rutledge, Johnnie and his brother and sister-in-law, Mr. and Mrs. Earl Rutledge, all of Wichita, Kansas.

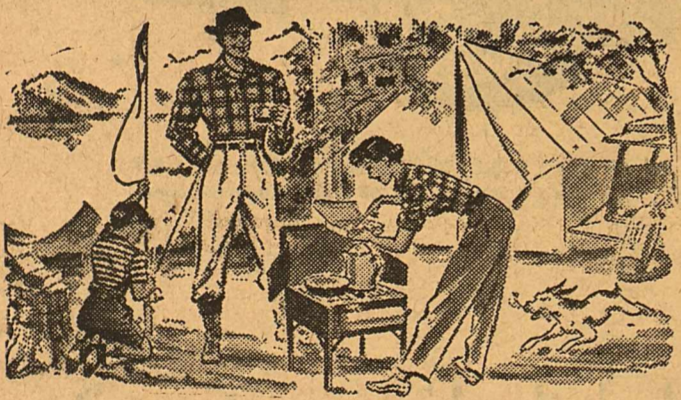

SEARS SENTELL NAMED TO HEREFORD ASSN.

Sears Sentell today was named to membership in the American Hereford Association, the world's largest purebred registry organization, with headquarters in Kansas City, Missouri. One hundred twenty-six Hereford breeders were placed on the Association's official roster during March, 1955. The Association maintains active accounts for more than 80,000 breeders of registered Herefords over the nation.

John Reiley, who is a patient at Hudspeith Memorial Hospital after suffering a heart attack two weeks ago, is reported improving. His sisters, Mrs. Will Hill and Mrs. Frank Strinkland of San Angelo, and Mrs. Clementine Fletcher of Menard are here with him.

Scouts Report On Week At Fawcett

Twenty-five Scout and Explorers of Troop 19, with their leaders, Earl Smith and Herbert Fields, spent June 5 through June 11 at Camp Fawcett. The camp was very successful in spite of a windstorm Wednesday night which blew down tents but did no serious damage.

Scout Charlie Smith was stricken with appendicitis Monday and was returned to town where he underwent surgery at Hudspeith Memorial Hospital. He plans to return to camp soon as dates are set for the next encampment, possibly next Sunday.

Thursday was visitors days and several parents paid visits to their sons.

Thursday night a Council Fire was held and four Sonora Scouts and their two leaders were elected to the "Order of the Arrow". To be eligible for membership in the "Order of the Arrow" nominees must be First Class Scouts and must have spent 15 days camping during the preceding year. Only ten per cent of the troop enrollment may be nominated in any one year. Selection is based on leadership, popularity in the troop, and all-around ability as a Scout.

Scouts elected to the "Order of the Arrow" are Russ Chalk, Freddie Fields, Jerry Potmesil, and Rodney Davis.

Advancement in the troop was 80 per cent. Earl Smith showed farthest advancement in Troop 19, winning eleven merit badges.

Scouts advanced to First Class were Russ Chalk, Jimmie Doran, Freddie Fields, Johnny Fields, Bobby Harris, Joe Luttrell, James Luxton, Johnny McClelland, Jessie Peitchinsky, Curt Schwiening, and Dewey Shroyer.

Those advancing to Second Class were Roger Fawcett, Charlie Howell, Herman Moore, Roland Moore, and Carl Ory.

Astronomy badges were won by Jim Ray Baker, Russ Chalk, Freddie Fields, and Jerry Potmesil.

Those receiving cooking badges are Jim Ray Baker, Jerry Baldwin, Gene Brodhead, Russ Chalk, Freddie Fields, Roger Fawcett, Johnny Fields, Joe Luttrell, Johnny McClelland, Jerry Potmesil, and Dewey Shroyer.

Jim Ray Baker and Rodney Davis received badges for pioneering.

Canoeing and rowing badges were awarded to Jerry Baldwin, Gene Brodhead, Russ Chalk, Freddie Fields, and Jerry Potmesil.

Rodney Davis and Johnny Fields won swimming badges.

First Aid badges went to Rodney Davis, Freddie Fields, Joe Luttrell, James Luxton, Harold Moore, and Johnny McClelland.

Rodney Davis received his music badge and Freddie Fields was awarded a Wild Life Management badge.

Scout Advisor Herbert Fields received badges for swimming, life saving, first aid, cooking, zoology, forestry and nature.

Scoutmaster Earl Smith was awarded badges for swimming, cooking, first aid, astronomy, zoology, forestry, nature, plumbing, reptile study, life saving and camping.

BIG BLOW AT FAWCETT

By Johnny Fields

The storm hit about 6:45 Wednesday afternoon and almost immediately flattened all the tents. I, as well as most of the older Scout, tried to keep the younger Scouts calm. We were ordered not to come to the Mess Hall unless it started raining but some of the first year campers went anyway and were sent back to camp. We stacked the tents with the younger boys getting on top and holding them down. They held them down for about half an hour. At the end of this time the smaller Scout got off and all Scouts worked like mad putting rocks around the edges of the tents. Both Scoutmasters arranged cars and trucks on the windward side of the camp and cots were used as windbreaks. As many boys as possible were placed on the sides of and in the vehicles. At one o'clock in the morning the wind let up and it started raining. Everybody got up and started setting up tents. It was about three o'clock before any of the Scouts could get to sleep.

Wind Hits Scout Camp Wednesday

By Johnny McClelland

The wind hit Camp Fawcett pretty hard and knocked down most of the tents but some had to be let down because they would tear. After the tents were let down the Senior Patrol Leader and a few boys went to the waterfront to tie the canoes and rowboats to the shore, then the rest of the boys went from camp to camp to see if anybody needed any help. Everyone was quite and no one got very excited. Not many things were lost.

Mrs. B. W. Hutcherson had as her guest this week her sister-in-law, Mrs. Edna Eubanks of Roose.

If the yearly production of autos in the United States were upholstered in wool, our annual domestic wool clip would be inadequate for our needs.
