COUNCIL MEMBERS SWORN IN

Five successful candidates in Tuesday's city council election are shown at a swearing-in ceremony yesterday at the city hall. J. D. Scott, city secretary, administered the oath of office. From left are Dr. Robert H. Hargrove, Malven K. Stevenson, J. W. Phillips, Walter Hales, J. L. Browning and Scott. Hales is the only new man on the council. He was elected to fill the unexpired term of Stevenson who resigned to run for mayor. (Lee Watson photograph)

Anti-Red Bill Bogged Down In House Debate

Called Civil Rights Threat By Opponents

AUSTIN (AP)—The House plunged into debate of a Communist-control bill again today while the Senate met briefly and quit until this afternoon.

The anti-subversive measure has been commended by some as a good answer to the Communist threat and attacked by others as an unconstitutional threat to civil rights.

A barrage of amendments slowed progress of the anti-subversives bill during long debate yesterday. No amendment opposed by the author of the bill, Rep. Fred Meridith, Terrell, was adopted.

Rep. Lamar Zivley, Temple, offered a new amendment this morning designed to halt publicity for complaints charging a person with a subversive act until a grand jury indictment had been returned.

Opponents attacked it as a change that would nullify the bill, Zivley said was designed only to protect an innocent person from having the finger pointed at him.

The Zivley amendment was a substitute for one that was being argued when the House quit yesterday. A motion to kill the original Zivley amendment had failed 60-61 when the House recessed.

The original change proposed by Zivley would have prevented publicity or prosecution of a subversive complaint until it had been investigated for accuracy by the state police.

The House also divided closely on an amendment by Rep. Charles Murphy, Houston, which would have placed prosecution of the proposed law exclusively in the hands of the state attorney general.

"I think you're setting a dangerous precedent in putting an axe like this in the hands of county and district attorneys," Murphy told the House.

Meridith asked the House to leave the prosecution in the hands of district, criminal district and county attorneys to help insure validity of the bill and to avoid overburdening the attorney general.

The House rejected Murphy's amendment, 65-63.

Meridith asked passage of the bill, a combination of two measures already passed by the Senate, because, he said, "The Communist menace is a clear and present danger."

Answering criticisms that the bill endangers civil rights, he said: "I think you find the protective measures thrown up around the injunctive and search warrant procedures go further than any of our other laws."

Rep. Maury Maverick Jr., San Antonio, questioned whether any state law attempting to ban Communism would be constitutional. He said the problem is one for congress, not the individual states.

FRANCO CELEBRATES VICTORY

Generalissimo Franco, Spanish chief of state, squints from sunlight as he reviews a parade April 1 in Madrid commemorating his victory in the Spanish Civil War 15 years ago. New tanks and other material sent to Spain by the United States under the recent military agreement between the two countries was displayed during the parade.

Wildcats Are Spotted In 3 Area Counties

Three new, deep wildcats have been slated for drilling in Fisher, Howard and Nolan Counties.

The Chicago Corp. will drill the Fisher County wildcat as the No. 1 William Schlueter. Drillsite will be 449 feet from north and 660 feet from east lines of section 12-305-Gillespie County school land survey. That is in Central Fisher County, three miles northwest of Longworth and 10 miles northeast of the Pyron-Ellenburger field. It is also two and one-quarter miles southwest of the Longworth-Flippen field, and two miles southeast of a wildcat failure drilled and abandoned by Magnolia in 1951 on total depth of 6,775 feet.

The No. 1 Schlueter is to drill to 7,000 feet for a test of the Cambrian sand.

C. L. Norsworthy, Jr., and E. L. Wilson of Dallas will drill a 6,600-foot Cambrian wildcat in Southeast Nolan County.

The project will be the No. 1 C. C. Williamson, 655 feet from north and east lines of section 244-64-H&TC, five miles southeast of the Divide field and 20 miles southeast of Sweetwater.

In North Howard County, Texas Crude Oil Co. of Fort Worth and others will drill the No. 1-12 Winnie Thompson as a one and one-half-mile extender to the East Vealmoor-Canyon reef lime field.

Location is 660 feet from south and west lines of section 12-31-t2n-T&P. That is five miles east and slightly north of Luther. Rotary tools will be used to drill to 8,200 feet starting at once.

STONEWALL WILDCAT

Sid Katz Exploration Co. and A. B. Hill have announced plans to drill a 4,000-foot wildcat eight

Abilene Trial For Man Accused Of Saying He Could Cure Cancer

ABILENE (AP)—William Estep of San Antonio goes on trial in federal court here Monday on charges of swindling in connection with a device which he is accused of representing as curing cancer and other ailments.

Estep is treasurer of the Atomotor Mfg. Co. Inc., of San Antonio. He was arrested in San Antonio Jan. 26 on a charge of theft over $50 by fraud in the sale of the device.

In Austin yesterday Atty. Gen. John Ben Shepperd filed suit to put the firm out of business on grounds it had sold more stock than its charter authorized.

The federal indictments returned in Dallas, on which Estep is to be tried here, accused Estep of swindling by making fraudulent statements to prospective investors.

Activities by Estep also have been reported in Amarillo, Lubbock, Dallas, Fort Worth, Austin, Abilene and Waco.

Cullen Mad About Joe's Hearing Date

HOUSTON (AP)—Hugh Roy Cullen said today the scheduling of a Washington hearing on April 21, the day Sen. Joseph McCarthy is to speak here, "is a cold-blooded action of interference with free speech."

The Houston oil millionaire and philanthropist said "there is no semblance of truth" to reports he might call off the McCarthy San Jacinto Day speech at ceremonies marking the 118th anniversary of the battle in which the Republic of Texas won its independence from Mexico.

Cullen's statement continued:

"However, it looks as if the senatorial committee to investigate ceremonies is going to stop his speech by setting the first day of its hearing on the date Senator McCarthy was scheduled to speak at the (San Jacinto) battleground.

"In my opinion, this is a cold-blooded action of interference with free speech and should be resented by the people of these United States."

Cullen is general arrangements chairman for the annual program sponsored by the San Jacinto Chapter of the Sons of the Republic of Texas. It was Cullen who, on behalf of the chapter, invited McCarthy to be the principal speaker.

The invitation brought protests from a group of University of Texas students. A protest petition signed by 1,571 university students was presented to the oilman Tuesday.

Sen. Karl Mundt (R-SD) said yesterday in Washington the hearings on the controversy between McCarthy and the Army will begin April 21. He said he had not "cleared" the date with McCarthy.

The senator, vacationing in Arizona, could not be reached for comment.

Mundt said it is McCarthy's problem to decide whether he wants to fulfill the speaking date or be on hand for the committee's opening of the hearing.

District Judge Draws Fire In House Today

AUSTIN (AP)—Rep. DeWitt Hale, Corpus Christi, today accused Dist. Judge S. H. Sanders of Shelby County of "flagrantly ignoring" the laws and constitution of Texas.

Hale told the House that Sanders violated the law when he refused to grant the request of Rep. Charles Lieck Jr., San Antonio, for continuance of a murder trial in which Lieck had been retained as attorney for two defendants.

Lieck had requested the continuance under provisions of a law which allows members of the Legislature to secure such postponements when the Legislature is in session.

Hale said Sanders had violated a constitutional prohibition by issuing an order for the arrest of a member of the Legislature.

Hale made his accusations in a personal privilege speech, a tactic used to bring to the Legislature's attention matters not on the official business docket.

He said Sanders had directed the district clerk of Shelby County to send to the Travis County sheriff a telegraphic order for Lieck's arrest. Travis County Sheriff Ernest Best received the request but made no attempt to arrest Lieck.

Rep. Bill Daniel, Liberty, suggested the House could bring impeachment proceedings against Sanders, secure Supreme Court action to force Sanders to grant the continuance sought by Lieck, or adopt a resolution "to express our discontent with the situation."

No immediate formal House action was indicated.

Hale said he wanted "to let Sanders know of our utter contempt for his flagrant violation of the oath of office he took to uphold the duties of his office."

AFL Blasts Post Office

WASHINGTON (AP)—An AFL union today charged the Post Office Department with illegally attempting to influence Congress on postal pay legislation and said Postmaster General Arthur Summerfield must be held responsible.

Leo E. George, President of the National Federation of Post Office Clerks, said the department distributed the text of a recent Summerfield speech via government-leased teletype facilities and ordered local postmasters to distribute it to newspapers.

The incident is the latest development in a growing fight between Summerfield and unions representing the department's 500,000 employes over rival salary raise plans now before Congress.

Abe Goff, Post Office Department solicitor, said in an interview there was nothing illegal about distributing Summerfield's speech text on the government teletype system and having local postmasters carry it to newspaper offices.

But George maintained that the action violated an anti-lobbying law prohibiting use of government funds to pay for transmission of material "intended or designed to influence in any manner a member of Congress."

Crime Comics Are Protected, Senator Says

WASHINGTON (AP) —Sen. Hendrickson (R-NJ) declared today that "vested interests" are apparently "throwing up smokescreens" to prevent his juvenile delinquency subcommittee from "even raising a question concerning the impact of crime and horror comics on teen-agers.

He said the subcommittee of which he is chairman, will hold hearings April 21 and 22 in New York on the relation, if any, between some comic books and juvenile misbehavior.

Hendrickson disclaimed any intent to "wipe out Mickey Mouse or Superman" or any "Donald Duck type of comic book." But he said, "it is the so-called horror and crime variety which has disturbed literally millions of parents."

Hendrickson said he has never "set about indicting comic book publishers or recommending the establishment of vigilante committees to wipe out Mickey Mouse and Superman." Nevertheless, he said, "some would attempt to tie this problem to freedom of the press."

Tornado Hits Illinois Area

KANKAKEE, Ill. (AP)—A tornado whirled through a narrow, 15-mile long patch of destruction in northern Kankakee county Wednesday.

A woman was killed, at least a dozen persons were injured, several dozen farm buildings were destroyed, some livestock were killed and communications and utility lines leveled.

The damage was estimated at several hundred thousand dollars.

The twister struck the communities of Manteno, Indian Oaks, Grant Park, St. George and Whittaker. Heavy rains followed the tornado.

Mrs. George Barkley, about 55, was killed when the big wind destroyed her farm home northeast of Indian Oaks. A wooden beam was driven through her body. Her son, Charles, was injured.

Twins Born Breaking Previous Weight Mark

WARREN, Ohio (AP)—Twins, a boy and girl, have set a new weight record at St. Joseph's Hospital.

Born to Mr. and Mrs. Milford H. Williams Tuesday night, the boy weighed in at 9 pounds 13 ounces and the girl 9 pounds 11 ounces for a combined weight of 19 pounds 8 ounces.

The parents have seven other children, including another set of twins. Williams is a steel-worker.

Good Rains In Some Places

By The Associated Press

Violent thunderstorms with gully-washing rains and high winds lashed scattered points in Texas Wednesday but most of the state was untouched by long-needed rains.

The Wednesday night thundershowers were strictly local and faded quickly. Hail accompanied the wind and rainstorms at several points.

Glen Rose, 45 miles southeast of Fort Worth had a flash flood when an unofficial 3.10 inches of rain fell in less than an hour.

An estimated two-inch rain backed up the waters of the San Saba River and forced the evacuation of several business firms at Menard. High winds unroofed a big 11-room ranch house at Weatherford and hailstones as large as hen eggs damaged car windshields and hoods.

The widely scattered storms reached from far West Texas to near the Louisiana line. Ozona in West Texas has 1.10 inches, Eldorado had a heavy shower and Mason had a slow drizzle.

Tyler reported 1.24 inches of rain, Austin .50, Dallas .24, Junction .75, Fort Worth .08, Laredo .10, Victoria .04, and Abilene, Lufkin and Palacios, traces of moisture.

Move To Abandon Civil Defense Causes Row

LONDON (AP)—The problems of defense against H-bombs exploded into nationwide controversy today following a Coventry City Council move to abandon civil defense as useless.

Civil defense officials in London, Manchester, Birmingham, Southampton, Bristol, Cardiff and Swansea denounced Coventry's decision variously as sabotage, defeatism and panic.

In Coventry itself, pharmacist Leslie Bonham who was decorated for heroic rescue work in the blitz of 1940, called on his 3,000 fellow civil defense corps volunteers to organize a protest against the Council's decision. A march through the city to the Council House is planned next week.

PANEL PROBES LOSS OF FILES ON COMMUNISTS

WASHINGTON (AP)—A former Navy officer, who was assigned to a wartime intelligence unit in New York City, testified today that information it gathered on Communists was passed along to the FBI "as fast as we received it."

William J. O'Hara, now a Mt. Vernon, N.Y., lawyer, was a witness before the Senate Internal Security subcommittee which is looking into reports that the intelligence unit's files on Communists were destroyed.

Chairman Jenner (R-Ind) has said there was a White House order in 1944 for their destruction.

O'Hara's testimony was the first suggestion that the information was in any case preserved in FBI files.

Before O'Hara was called, an ex-Navy yeoman, John J. Wendt of Brooklyn, had testified that the unit had built up cabinet drawers full of information on Communists and Commnist activities, mostly in the New York area.

He said these files "disappeared" in June, 1944.

Jenner said in advance of the hearing, the first public session in the inquiry, that the testimony was intended "to fit only one piece into a vast jig-saw puzzle." Many other phases remain to be explored, he added in an interview.

A brief announcement from the subcommittee said the witnesses, not named, "handled the Navy's Communist files in New York and Boston" during World War II and would be asked "about disposition of the files when the district anti-Communist units were broken up during 1944."

In a dinner speech here last Jan. 28 honoring the subcommittee's former counsel, Robert Morris, Jenner said a Navy counterintelligence unit in New York was broken up in 1944 and its files were ordered destroyed.

These files, he said, "had the basic information on Communists in the maritime units, Communists on the waterfront and Communists in the convoys that went to Russia itself."

Jenner said that Adm. Ernest J. King, wartime chief of naval operations, told Adm. Chester Nimitz, commander of the World War II Pacific fleet, that the order to destroy the files came from the White House.

Both Nimitz and King said in subsequent interviews that they had no recollection of such a conversation.

Jenner replied, however, that his statement quoting King had been "completely verified."

Chamber Backs Pioneer Move Toward Merger

Members of the chamber of commerce aviation committee voted in a meeting yesterday afternoon to lend their aid to Pioneer Air Lines in the firm's attempt to merge with Continental Air Lines.

Pioneer had asked the chamber to file an intervention on the line's behalf with the Civil Aeronautics Board. The committee decided to take that action, indicating to the board that if the merger will help Pioneer it will help Snyder as one of its stops.

The committee asked Jim Babcock, Pioneer manager here, to compile statistics on air freight, air express, and air mail here so the group can inform the public on the amounts of those and help to promote them.

James Rosser heads the panel. Others present at the meeting were Babcock, John Blum, H. A. Johnson, Jr., and R. A. Schooling.

Conviction Of Young Sticks

WASHINGTON (AP)—The U.S. Court of Appeals today affirmed the perjury conviction of E. Merl Young, a key figure in the Senate's headline-making investigation of Reconstruction Finance Corp.

The court overturned the perjury conviction of Young's older brother, Herschel Young.

The brothers, tried separately, each received a sentence of four months to two years. Both have been at liberty on bond pending the outcome of their appeals.

Merl Young, 39, was convicted of swearing falsely four times before the Senate Investigating subcommittee and the federal grand jury which returned the indictments.

The Appeals Court, however, dealt only with the one charge—involving Young's denial that while employed by the RFC he ever had anything to do with loan applications made by the Lustron Corp., a prefabricated housing venture. It held his conviction on that count to be "clearly valid."

The court said that since Young received four equal sentences to run concurrently it need concern itself with only one count of the indictment.

Milder Weather Here

After four straight days of temperatures higher than 90 degrees, the thermometer dropped yesterday. A high of 80 was recorded, and last night's low was 54, the same as this morning's 7:30 o'clock reading, according to Mrs. D. P. Strayhorn, weather observer.

Run-Off Race In Fluvanna

A run-off election to break a tie between Henry Flournoy and N. L. (Pete) Beaver for a place on the Fluvanna school board has been called for Saturday.

Flournoy's term as a trustee on the board expired last Saturday, when an election was held to fill the post held by him and the post to which Joe Landrum was re-elected. Landrum received 45 votes, and Beaver and Flournoy each received 29 votes.

There were four other candidates, two of whom received 23 votes each, one received 17 votes, and the other 14 votes. Each voter was allowed to vote for two candidates.

Warmer west and north portions Friday. Fresh to locally strong southerly winds on coast, shifting to northerly this afternoon and tonight.

Escaped Texans Picked Up By Chance While High On Dope

LOUISVILLE, Ky. (AP) — Stupified by beer and narcotics, five men who engineered a clever Texas prison break were caught here yesterday by police checking a drunken driver report.

They included Vernon Lee Joiner, 32, the convicted murderer described as the brains behind the quintet's escape from the Central Prison Farm near Sugar Land, Tex., during a fog last Saturday.

Lt. Oscar Doerting of the Louisville police department said the five told of a series of car thefts and burglaries in Texas, Louisiana and Tennessee before they were caught here.

One of the car thefts netted them a doctor's case containing narcotics and the men took some of the drugs here and spent the day resting and drinking beer, said Doerting.

They were in such a stupor when apprehended that it was difficult to get a clear story from them, the officer said.

CAR OVERTURNS

The car carrying the five overturned at the end of a running gun battle with Louisville police. Three of the convicts were caught at the scene and two were found hiding in a nearby storage shed.

Besides Joiner those caught were:

Virgil T. Winders, 33, serving a 25-year Comal County robbery sentence; Boyce James Wallace, 24, under a 23-year Dallas County burglary and robbery sentence; Billy Raymond Bedford, 30, under a 7-year Tarrant County burglary sentence, and Robert J. Robins, 36, serving three years from Bexar County for burglary. Joiner was serving a 99-year sentence from Orange County for murder.

Texas prison officials said all but Joiner were in a prison tank or dormitory and sawed their way out, went directly to Joiner who was working in the prison laundry, were supplied with clothes by Joiner, and then scaled the prison wall by ladder during a fog.

Doerting said Winders and Bedford admitted smuggling saw blades into their cells. Texas prison officials had said they had no idea where the men got the saws.

GO ON SPREE

Doerting gave this account of the men's activities:

"They stole one car near the prison farm, and drove it to Liberty, Tex., where they abandoned it and took another vehicle. They also broke into a dry-cleaning plant there to get clothes to replace their prison garb.

"Another car was stolen in Leesville, La., and driven to some place in Mississippi where they took another auto. They also broke into a grocery and service station in Mississippi. They got $50 in the service station job.

"They drove to Nashville, Tenn., where they took a 1953 Oldsmobile which they drove here. A rifle was in the car, and a doctor's case containing a quantity of narcotics.

"The men robbed a service station of $25 in Nashville, and also broke into another dry-cleaning plant. Clothing taken here included two shirts bearing the insignia of the Tennessee state highway patrol.

"They got here at daybreak yesterday and spent the day resting and drinking beer. They also took some of the drugs found in the auto. They decided not to stay here, and were just leaving when police spotted them."

Wire Tapping Bill Draws Much Debate

WASHINGTON (AP)—Republican House leaders waged what looked like a losing battle today to save the administration version of a bill to legalize use of evidence obtained by wiretapping in cases involving national security.

As the House entered the second day of furious debate on the measure, some GOP quarters privately conceded defeat on a showdown vote later in the day over giving the attorney general authority to order wires tapped in national security cases. Most Democrats and some Republicans favor a proposal that would require a court order before wiretapping could be carried out.

However, passage of some form of wiretapping legislation appeared assured. The only important dispute centered on the form it should take. Both versions under consideration would restrict wiretapping to espionage, treason, sedition and seditions conspiracy cases.

The administration-backed version would give the attorney general authority to order wiretapping by FBI and military intelligence agents in specified cases.

A substitute proposal, authored by Rep. Willis (D-La), would require the attorney general to get a court order in advance of any official eavesdropping.

Brownell has opposed inclusion of the court order requirement as a time-consuming handicap on FBI agents.

Foes of unchecked wiretapping powers denounced the administration bill as "the first step toward making this country a police state," and an invitation to political chicanery.

Rep. Dodd (D-Conn) declared, "It reposes in one man a police power that the people of the United States have repeatedly refused to grant."

Rep. Keating (R-NY), author of the administration bill, told the House a provision in the bill permitting use of old wiretap information "may very well permit the conviction" of former government girl Judith Coplon and others against whom the government has not been able to use such evidence."

Traffic Offenders Given Time In Pen

MONTGOMERY, Ala. (AP)—You can be sent to prison in Alabama and wear the brand of an ex-convict the rest of your life for no more than using abusive language or driving a car without a license.

Scores of men, and women too, walk into the penitentiary each month to serve sentences of a few months or a few weeks—or, in some instances only a few days.

They're checked in, given a number, fingerprinted and mugged like all other convicts even though they may have only 10 days to serve, or less. Records at Kilby prison tell the incredible story of men brought miles across the state with a debt to society of one day plus court costs which are worked out at the rate of 75 cents a day.

These short-termers are county prisoners, convicted of misdemeanors which carry hard labor sentences of a year or less. Under a 1927 law, counties can, and do, turn county prisoners over to the state rather than feed and house them.

In the 1952-53 fiscal year which ended Sept. 3, Kilby imprisoned 984 county convicts. Twenty of them had 30 days or less to serve, 266 had less than 60 days, and 389 were in for less than three months.

Many of the county prisoners go to prison because they can't pay court-imposed fines and costs. When that happens, the State Prison Department must pay the costs to the county in cash, collecting from the prisoners in labor at the rate of 75 cents a day.

In counties where officials still live on the fee system, they get their share of the money paid by the state the same as they would if the defendant himself paid it. And in liquor law violations, sheriffs or other officers or persons who give evidence for convictions get $50 for each case.

Efforts have been made to relieve the state of the heavy financial burden of housing county prisoners, but resistance has been too tough to overcome. And so luckless motorists who can't pay traffic fines still wind up in prison.

OIL NEWS

(Continued from page 1)

miles northwest of the Double Mountain field in West Stonewall County.

The project will be the No. 1 Continental-Smith, located 990 feet from south and 1,650 feet from west lines of section 414-D-H&TC. Operations will begin at once.

The new location is one location northwest of a 6,940-foot Ellenburger failure.

CAMBRIAN OFFSET

Skelly Oil Co. No. 5-B Boyd, north offset to Cambrian discovery production at the No. 3-B Boyd in the North Dora-multipay field of Northeast Nolan County, has flowed oil on a drillstem test which covered the Caddo, Ellenburger and Cambrian.

The test covered the interval from 6,024-057 feet. The tool was open three and three-quarter hours with gas at the surface in five minutes and oil in two and one-half minutes. The well flowed at the rate of 30.63 barrels of 47.5-gravity oil in one hour. Recovery was a full string of oil.

Operator was preparing to run easing on last report. Electric logs showed 10 feet of pay in the Caddo, none in the Ellenburger and 88 feet in the Cambrian. Top of the Cambrian was at 6,051 feet.

The No. 5-B Boyd is 10 miles southeast of Sweetwater and 660 feet from north and 467 feet from east lines of section 58-20-T&P.

BORDEN PROJECT

Texas Crude and others No. 1-44 A. D. Brown, Southwest Borden wildcat, is preparing to perforate and test at 8,075-150 feet.

A drillstem test in the reef from 8,917-923 feet had gas at the surface in 30 minutes. The swab was run after 45 minutes, recovering approximately 2,200 feet of oil and 250 feet of oil-cut salt water. Total depth now is 8,923 feet.

The No. 1-44 Brown is seven miles northeast of Ackerly and in section 44-33-4tn-T&P, three and one-fourth miles southeast of Good-Pennsylvanian field.

COKE COUNTY

Two Coke County projects are to be deepened to the Cambrian as wildcat explorations.

Sun Oil Co. No. 2 J. W. Ariedge, now producing from the Marble Falls lime in the Ariedge-Marble Falls field, will be deepened to 7,650 feet to test the Cambrian. It now produces from pay at 6,598-630 feet. The project is in section 261-1A-H&TC, and is a south offset to the opener of the Ariedge. It was completed in 1948.

Sunray Oil Corp. No. 6 Harris Davenport, Northeast Coke project on the edge of the proven Pennsylvanian pay area in the Fort Chadbourne field, will be deepened to 6,200 feet to seek Cambrian pay. It is nine miles north of Bronte and in Seth Clark survey No. 475.

NOLAN COUNTY

Lenoir M. Josey, Inc., of Houston, has plugged and abandoned his No. 1 E. W. Wiman, Northwest Nolan wildcat one and one-half miles north of Roscoe. It was quit at 7,100 feet.

Location was 1,980 feet from north and 660 feet from east lines of section 32-23-T&P.

Union Oil No. 1-74 T. D. Young, 12 miles southwest of Sweetwater, is drilling in lime and shale below 5,530 feet.

A. A. Cameron No. 1 Baker is drilling in shale below 3,425 feet. King & Herring No. 1 Boyd is drilling in lime, shale and anhydrite below 2,354 feet. LeBus No. 1 Wimberly is drilling in shale and sand below 6,789 feet. Sun Oil No. 1 Everett is drilling below 3,595 feet in shale and lime.

DRILLING REPORT

Sun Oil No. 2 J. W. Layne, Southwest Scurry wildcat, is drilling below 5,915 feet in shale.

Brahaney No. 1 Acosta, far Southwest Borden wildcat, is drilling in shale below 9,000 feet.

Permits For Building Over 1st 2 Months

Eighteen building permits were issued by the city engineering department last month for constructions estimated to cost a total of $95,925.

March permit issues almost doubled either of the two previous months this year. In February there were 11 permits issued for constructions to cost $58,650, and in January there were 10 permits issued for $46,800.

However, the March 1954 permits were less than half the constructions for which permits were issued the same month one year ago. In March 1953 there were 37 permits issued for constructions costing $215,550.

Permits issued were:

Maurice Brownfield, addition to residence, 2514 Avenue R, $2,500.

Jerald Smith, residence, 311 Thirty-sixth Street, $7,000.

J. F. Elkins, residence, 3706 Avenue W, $10,000.

First Methodist Church, residence, 404 Thirtieth Street, $6,000.

George Shanchez, addition to residence, lot 6 block 19, Chambers addition, $125.

B. Kennedy, residence, 2909 Thirty-seventh Street, $10,000.

Fred Cullum, three residences at 503, 511, and 605 Thirty-fifth Street, each for $5,000.

Worth Sayner, enlarge residence, 2907 Avenue T, $1,500.

Jerald Smith, residence, 309 Thirty-sixth Street, $7,000.

Clarence Moore, addition to service station, 651 East Highway, $3,000.

Jearld Smith, residence, 301 Thirty-sixth Street, $7,000.

A. E. Dennis, shed, 1406 Avenue R, $300.

R. T. Howard, addition to residence, 210 Thirty-second Street, $1,000.

Scott & Browning Development Co., three residences, 3204 Avenue B, 3103 and 3105 Hill Avenue, $8,500 each.

Students Will Enter Contest

Five students from Snyder High School will go to Abilene tomorrow to make their entry in the district interscholastic league one-act play contest.

The students are Myrtle Scott, Carolyn Holly, Gene Newton, Sandra DeFore, and Kent Fields.

The play is "High Window," a drama by Verne Powers. Joe Marshall is faculty director.

The contest will start at 4 o'clock tomorrow afternoon in Behrends Chapel on the campus of Hardin-Simmons University. The Snyder group will be the first to present an entry in the contest. Other members of the district are Abilene, Sweetwater, San Angelo, and Brownwood.

Students in literary events and athletic events will go to Abilene Saturday for contests which last throughout the day.

Pair To Odessa Banquet

Daniel Martin, Distributive Education coordinator at Snyder High School, and Roland Chadwell, DE Club reporter, will attend the Odessa DE Club's employer-employe banquet tonight. Chadwell is to be introduced as the area delegate to the national Distributive Education convention.

Heavy Slide Stolen

Theft of a 20-foot playground slide from the Waymar Apartments was reported to police this morning, Prentis Smith, desk dispatcher, said.

Smith said the slide weighed approximately 150 pounds, and probably was hauled away from the Waymar Apartments in a truck.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD HOSPITAL

Admissions: Mrs. Lynn Aiken, 2112 Twenty-eighth Street; Travis Angel, 3309 Avenue E; Mrs. Charles G. McClinton, Snyder.

Dismissals: A. L. Shook, Snyder, Curtis D. Ham, 709 East Twenty-third Street.

COGDELL HOSPITAL

Admissions—Miss Eileen Knight, 2303½ Avenue H, medical; Mrs. W. R. Johnson, 2800 Avenue U, medical; Mrs. M. D. Lambert, 3727 Avenue U, medical; Clyde Sawyer, 2707 Avenue V, medical; Carol Jean Eime, 6-year-old daughter of Mr. and Mrs. Robert Eime, Route No. 1, medical; Peggy Jo Burleson, 15-year-old daughter of Mr. and Mrs. M. M. Burleson, medical.

Excavation Work On Avenue V Is Started

Excavation work for placing curb and gutter forms was started on Avenue V between Thirty-sixth Street and Thirty-seventh Street, Roy Dunlap, city engineer, said.

Property owners in that block have deposited the estimated cost of paving the street at the city hall.

B. J. Shelley, city manager, said that other property owners along the unpaved portion of Avenue V have indicated that most wish to cooperate in paving the street from Thirty-second to Thirty-seventh Street.

Erich Arnold Named Fire Secretary Here

Erich Arnold, employe of the West Texas State Bank and a volunteer fireman, was elected secretary-treasurer of the fire department in a special meeting held at the central fire station last night, Ivan Gatlin, fire marshal, said.

Arnold succeeds Earl Bonner who resigned as a paid fireman recently.

After three and one-half years in which he ate some three tons of bananas—more than 17,000, in fact — five-year-old Willard Hadley of Seattle, Wash., still likes them. He was stricken with celiac disease when 1½ and put on a diet of lean meat and bananas. Willard is cured now. He eats normally, but still loves bananas.

Another Bicycle Is Being Held By Police

Police are holding for the owner a boy's 20-inch bicycle which was brought to the police station last Saturday.

The bicycle is red and cream colored, has mudguards, and a flat on the rear tire.

A bicycle which was almost identical to the one which was brought to the police station last week was picked up by its owner early this week, Prentis Smith, desk dispatcher, said.

This is the third bicycle to have been brought to the police station in the last two weeks.

Smith said the bicycle would be turned over to its owner as soon as it is called for.

Man Sought On Charge Here

A felony complaint was filed late yesterday afternoon against Marvin Lee Garden, an employe of the Sportsman Drive Inn, accused of stealing more than $50 from his employer, Wade H. Miller.

The charge, signed by Miller as complainant and also by the district attorney, does not allege a specific amount of money stolen but states that Garden took "lawful money of the United States of America of the value of more than $50."

Garden, who had not been apprehended by late morning, was believed by officers to be in Lubbock in possession of an automobile belonging to Miller.

The charge is subject to investigation by the grand jury at its next session.

AWOL For 17 Years

PHOENIX, Ariz. (AP)—Pfc. John R. Steahwein walked away from Ft. Riley, Kan., and never went back.

That was 17 years ago—and the Army didn't catch up with the AWOL soldier from Arkansas.

Yesterday Steahwein, 40, called on the police.

"I'm tired of running," he said. He was turned over to Air Force police, who expect the Army to decide his fate.

Diamond Ring Stolen From June Havoc

NEW YORK (AP) — Actress June Havoc last night reported the theft of a $15,000 diamond ring from her dressing room.

The actress told police she left the ring in her room at the Hotel Pierre after her Sunday night show there. Since she was off Monday, the theft was not discovered until she came in last night.

Miss Havoc did not know whether the ring was insured, police said.

WORRIES ARE OVER

Uncle Sugar Going To Keep Metal Prices Pegged High

By SAM DAWSON

TUCSON, Ariz. (AP)—Arizona mining men are shaking off some of that depressed feeling today. Production is down from its peak, but government plans to prop metal prices have somewhat eased their fears that bigger drops were on the way.

And some new copper mines west and north of here will be coming into production with Uncle Sam pledged to take metal at fixed prices that assure profitable and steady production, even if present market prices should drop—as mining men here privately admit is still likely.

Since Arizona produces more than one third of the copper mined in the nation, a sharp cutback in output or drop in price would quickly be felt by its economy. So far this year, Arizona's copper output is running nearly 2,000 tons a month below last year's rate.

Government buying for the defense stockpile would help. But copper men here say that a return to former production levels will have to await a turnabout in industrial production or a stepup in defense spending, perhaps through some new war scare.

Price advances in lead and zinc on the strength of expected government buying for the military stockpile have allayed fears the state's one remaining mine primarily producing lead and zinc might close. It has kept operating largely because of the gold and silver content of its ore.

Other mines primarily producing lead and zinc have closed, and Arizona output of these metals is now only about one third that of a year ago.

Mining men say the closed mines will reopen only if the government's stockpiling program—yet to be spelled out—provides an adequate price floor, assures government buying over a fairly long period and guarantees that the government won't dump its metal stocks on the market later on.

Some mining men think the market price of lead would have to rise to around 17 cents a pound, a gain of at least 3 cents, before mine owners would start rehiring laid-off miners.

Privately, copper men will tell you that they still look for the price to come down—perhaps to 25 cents a pound, a drop of 5 cents—if and when Chile returns to the world market with its huge pile of metal.

Copper mine production here has been pared down because of signs of an approaching oversupply. So far the cutback has been mostly in costly overtime work.

Teachers Told How Not To Go Crazy At Job

OKLAHOMA CITY (AP)—How can teachers make sure their mischievous charges won't drive them insane?

Dr. Percy Teska, professor of special psychology at the University of Oklahoma, listed three simple rules in an address before the senior high school section of the Oklahoma Education Assn.:

1. Admit to yourself you would like to hit the little demon in the back row with a baseball bat.

2. Don't try to act the role of a superman, with 100 times as much patience as the average human being and 1,000 times as much understanding.

3. Don't feel guilty about disciplining students.

By recognizing that you "really hate" that little terror in the back row, Teska said, you will be less inclined to actually smash his head in.

He said only one in every dozen children that are brought to the University of Oklahoma's psychological clinic can be helped "and we have near ideal conditions for therapy."

Yet, he added, teachers who tried to help these emotionally disturbed youngsters before they were sent to the clinic "have a feeling of guilt because they failed."

The psychologist added the quickest way to the asylum is believing the theory that when a teacher signs a contract she automatically becomes a "superman."

"You have the same fears, doubts, worries, hostilities and feeling you had pre-contract," he warned.

"For every teacher for whom the experience of teaching is an enhancing thing you will find 50 more for whom it is a destroying thing."

The best rule to follow?

Realize that teachers are human beings and act—and react—like one.

Auto Insurance Rates Upped

AUSTIN (AP) — The "average" Texas driver will have to dig a little deeper into his pocketbook for his automobile insurance payment beginning May 1.

Premiums will drop on most private passenger collision and comprehensive coverages but the decreases will be more than offset by increases in bodily injury and property damage liability rates.

Casualty Insurance Commissioner J. Byron Saunders announced the changes yesterday.

Actual rates paid by individual drivers will vary by territory and class of driver, Saunders said. Specific rates are available through local agents.

Statewide, however, decreases will average 6.8 per cent on collision premiums of $25, $50 and $100 deductible coverage and 6.2 per cent on comprehensive coverage in all areas except West Texas and the Panhandle.

Fewer claims and the lowered value of used cars brought about the reductions in collision and comprehensive rates, Saunders said. More and heavier losses produced the increased rates in liability coverages.

Two new classes of automobile coverage were created, one to include unmarried and unsupervised drivers under 25 years of age, and the other to include farmers and ranchers.

Saunders said losses have been so severe among young unmarried drivers it was felt other drivers should not be required to share them.

Farmers and ranchers, however, have had a generally better loss record. Their new classification will carry a rate 15 per cent under that set up for urban drivers.

The United States drinks about 115 billion cups of coffee a year.

INTERNATIONAL DESIGNERS PATTERN

No pattern could be smarter for your dark summer cotton than this design by Alan Graham. The clever button-on accent of contrasting fabric at the neckline, sleeves and pockets is novel and practical. The bodice, prettily fitted, extends to a V below the waistline in back for an added extra attraction. Mr. Graham suggests dark cotton with white waffle pique, or taffeta, shantung, linen or faille with a contrasting textured material for the trim. Size 12 requires four and five-eighth yards of 39-inch material for the dress, with seven-eighths yards of 39-inch material for contrast and five-eighth yards of 39-inch material for interfacing. To order the pattern, No. S-214, send $1 to International Designer's Patterns, P.O. Box 535, Dept. SX-13, G.P.O., New York 1, N.Y. Be sure to state your bust, waist and hip measurements so that your correct pattern size will be sent.

Persons holding life memberships will be recognized at a 1 o'clock luncheon, and new life memberships are to be awarded at that time. Workshops will resume at 2 o'clock, with the general session to reconvene at 3:40. The conference will close following evaluations and summaries. The district board, which began its sessions this afternoon, will hold its final meeting immediately following the close of the general session.

About 400 persons are expected to attend the conference here, Mrs. Baker said.

Ballet Teacher Loves Dances Of United States

By DOROTHY ROE
Associated Press Women's Editor

If you are worrying about the jitterbug jive of your teen-ager, don't.

It's all an expression of America's great new vitality in appreciation of the dance, says Kyra Nijinsky, daughter of the late great Yaslav Nijinsky, high priest of the ballet and the modern dance.

A vibrant brunette with a volcanic manner, Miss Nijinsky has been in America for less than two months, teaching classic ballet at the Ballet Arts School in New York and training her own group for television and concert appearances. She says:

"Dancing in America is at the world's highest level. Here you are so vital, so alive, so conscious of every form of the dance. This country is on the verge of a great renaissance of the art of the dance. And I hope to be a part of it."

Trained as a dancer since the age of 6 by her famous father, Kyra is absorbed heart and soul in the evolution of the dance. She seems to find it difficult to sit still, and has the air of a bird arrested in flight when she sits down. Even then her eyes are dancing, her hands illustrating her words in motion. She says:

"Any kind of dancing is good—even this jitterbug craze of which you speak. It's all a part of the whole urge of this young, great country to express emotion through movement—and that is good.

"There has been too much snobbery about the dance. The classic ballet has been to formalized, too revered by its exponents. I believe in a freer, more pliable technique. Of course, one must know the ballet first, but one need not be bound by its forms.

"In school I teach the traditional ballet, but with my own group I use my own methods. The classic ballet cannot fully express this modern, rushing age of ours. And that is what I am trying to interpret, in motion."

Miss Nijinsky had her own dance school in Florence for eight years before coming to New York, and has lectured widely throughout Europe.

Art Guild Meets With Mrs. Smith

The Art Guild club met Tuesday with Mrs. Dell Smith, 3108 Avenue T.

Mrs. Jack Phillips and Mrs. Bob White were in charge of the program, the theme of which was "Woman's responsibility in home and community."

Woman's place in the home was discussed by Mrs. Phillips, who read two poems, "A Friend Who Stands By," and "Just For Today."

Mrs. White gave a talk on woman's place in the community.

Twenty members and one guest, Mrs. A. C. Kincaid, were present.

Who organized Snyder's first Parent-Teacher Association?

Several long-time residents of Snyder who were contacted yesterday did not recall, but the earliest date given for a PTA here was 1914. Mrs. J. NELSON DUNN, 2907 Avenue J, taught school in Snyder that year and she remembers the first PTA president as Mrs. J. T. Whitmore, now of Lubbock.

Mrs. JOSEPHINE WOODARD, 2311 Avenue M, confirmed that Mrs. Whitmore had been a PTA president and believed it was around 1914. But she was not certain Mrs. Whitmore was the first president. Mrs. Whitmoore's husband was a doctor here years ago.

TV Man Says Life Better Since Reform

By BOB THOMAS

HOLLYWOOD (AP)—David Brian, whose Mr. District Attorney TV show makes its debut in 95 cities this week, told today how finding God has helped his life and career. And how Jane Russell helped him in his quest.

Brian's acting fortunes have never been better. He recently did two top pictures and the Mr. D.A. series offers him his biggest opportunity as a money maker. But a couple of years ago, his career was in the doldrums.

"I was under contract to Warners," he recalls, "and I was miserable. They were putting me into one role after another as an unmitigated heel. I had to play guys with no redeeming features at all, characters that were merely a convenience to move the plot along. I took a suspension or two and finally got my release.

"I was worried about my future. That was something I had never done before. When I was acting on the stage in New York, I figured the future would take care of itself. I would go happily along for a nine-month run in a play. Then, when the two-week closing notice was posted, I'd start saving my money. But it seems that the higher you go up the ladder, the more you worry.

"I began to drink more than I should. Oh, I was never a problem drinker. In New York, I would never think of going into a bar alone for a drink. It was always a social thing with me. But as I got more concerned about my career, I drank more and more, mostly as a nervous reaction."

He freely admits that Jane Russell is responsible for the change in his life.

"I scarcely knew her," he told me, "but she knew all about me. She's amazing that way. She finds out just who is ready and needs to hear the word of the Lord. She asked me if I would like to attend a meeting of the Hollywood Christian Group.

"At first I put her off.

"Finally, my wife (actress Adrian Booth) and I attended a meeting. I was hooked. I found what I was seeking for—peace of mind. It was a revelation."

The strawberry filling of this angel food cake makes it extra delicious. The pink butter frosting adds to the eye as well as taste appeal.

ANGEL FOOD CAKE

1½ cups eggs whites (about 12)
1¼ cups sifted cake flour
2¼ cups sugar
¾ teaspoon salt
1½ teaspoons cream of tartar
1½ teaspoons vanilla extract
¾ teaspoon almond extract

It is best to have egg whites at room temperature. Sift cake flour with one half the sugar until well blended. Beat egg whites until frothy. Add salt. Continue beating, adding cream of tartar; beat only until egg whites point (not dry). Fold in other half of sugar. Then add flour and sugar mixture a little at a time and fold carefully into egg whites. Add flavorings. Pour into ungreased 10-inch tube pan. Bake 45 to 50 minutes at 375 degrees F. Remove from oven. Invert pan and let cake hang until cool. While cake cools, prepare filling.

STRAWBERRY CHIFFON FILLING

1 package frozen strawberries
1 tablespoon unflavored gelatin
¼ cup cold water
2 teaspoons lemon juice
⅛ teaspoon salt
½ cup heavy cream, whipped
1 egg white, beaten

Place package of strawberries in warm water to thaw (about 45 minutes). Soften gelatin in cold water in saucepan. Heat until mixture is dissolved. Add strawberries, lemon juice, and salt. Force all through strainer. Place in refrigerator to chill. When partially set, fold in whipped cream and egg white.

Without removing cake from pan, cut a wedge-shaped trench about two and one half inches deep around top of cake. Remove loosened cake and fill cavity with strawberry chiffon filling. Replace wedge of cake over filling. Place in refrigerator until set. Remove cake from pan. Invert on plate. Cover with Pink Butter Frosting.

PINK BUTTER FROSTING

3 tablespoons cream, heated
¼ cup butter or margarine
2 cups confectioners' sugar
1 teaspoon vanilla
Dash of salt
2 or 3 drops red food coloring

Cream butter until soft. Gradually stir in one cup sugar, then vanilla and salt. Beating until smooth after each addition, add remaining sugar alternately with cream. Use enough cream for proper consistency to spread. Stir in food coloring.

DISCIPLINE PAYS OFF

Being Cured Of TB Could Actually Add Years To Life

By FRANK CAREY
Associated Press Science Writer

CHICAGO (AP)—Having tuberculosis—and being cured of it—may actually mean a longer life for a person than he would have had if he never suffered TB, an insurance doctor reports.

Dr. Harry E. Ungerleider of New York said this is one of the indications from one of the most detailed insurance studies ever made of life expectancy among people having physical "impairments" ranging from heart disease down to a history of sun stroke, or heat prostration.

The physician, of the Equitable Life Assurance Society of the United States, told the American College of Physicians that the recent analysis involved studies of the records of 725,000 insured individuals and 18,000 deaths in some 132 "impairment" classifications.

He said the findings are based on the experience of 27 insurance companies.

Concerning tuberculosis, the doctor said the survey showed that if a person survives five years after his TB has been "arrested," the possibility of death is no greater than it would be for the average of people of the same age.

"And 10 years after arrest, mortality becomes appreciably (less) than average," he said. "It appears that the discipline accompanying cure of his disease pays dividends to the tuberculosis individual in training him to safeguard his health in the future."

Regarding diseases of the heart, he said, the study gave additional grounds for "a much more optimistic outlook" on life expectancy among people with disease of the coronary arteries, one of the major forms of heart ailment.

He said persons who survive without complications a heart attack caused by blocking of a coronary artery have a good chance of getting life insurance, and he added, "This is a concrete indication of our (insurance companies') changing attitude towards coronary disease."

But he declared the findings regarding mortality rates among people who have serious heart "murmurs" justify the present "conservative attitude towards insurability" of such people.

Among other findings:

Acute rheumatic fever: life expectancy "far better" than had been supposed a few years ago.

Migraine headache: normal life expectancy and, in some categories, even better than normal.

Chronic bronchitis: attended by death rates 50 to 80 per cent above normal.

Stomach ulcers: in the absence of any hemorrhage, mortality rates just about the same as normal.

Sun stroke: normal life expectancy.

Sex Life And Heart Attacks Important

CHICAGO (AP)—Two doctors said today the resumption of sex life seems more important to heart-attack victims than when they can go back to work.

"It is a welcome sign of good adjustment," Dr. Jerome G. Kaufman of New York and Dr. Marvin Becker of Newark, N.J., told the American College of Physicians.

"If the sex drive is greater than the fear of sudden death, one has good material for rehabilitation."

Tigers Push Over Colorado City 22-6

Most of the Snyder Tigers bettered their batting averages yesterday afternoon when they "edged" the Colorado City Wolves in five innings of baseball 22-6.

The game was called at the end of five innings because of approaching darkness. Two hours and 40 minutes had already been used. The high school teams ordinarily play seven innings.

The Tigers got 12 runs on the Wolves in the fifth inning. They had started the game off with six in the first. They added three in the third and one in the fourth. The Snyder squad got 18 hits off Colorado City's four hurlers, while the three Snyder pitchers gave up only four hits.

Paul Hayes was winning hurler. That gave him a 2-0 record for the season. During the three innings, he pitched, he struck out three, walked four, and allowed two hits. Dwayne Prince, who took the mound for one and one-half innings, had the same number of strikeouts, walks, and hits. Ray Courtney took over in the fifth inning after there had been one out for C-City. He struck out the next two batters.

Alan Snead slammed the fourth homerun made by the Tigers this season in the fifth frame. Mike Gibson got two triples and a double during the game, while Doug Smith got one triple and Jimmie Rodgers a double.

The Snyder batting order went around almost five times during the game. Losing hurler in the game was John Conaway. Other pitchers used were Don Forrester, Richard Hollett, and Bill Williams. Together the pitchers got seven strikeouts, walked 10, and allowed 18 hits.

The Snyder team is to host Sweetwater at 4 o'clock tomorrow afternoon.

Big Boys Get Serious About Masters Play

AUGUSTA, Ga. (AP)—The big boys of the 20th anniversary Masters Golf Tournament shoved their hot practice rounds into the background today and settled down to the deadly serious business of playing under pressure.

With a field of brilliant golfers such as the Masters draws, the pressure is terrific. Sensationally low practice rounds don't mean a thing when they start playing for keeps. Take it from Ed (Porky) Oliver, the Lemont, Ill., veteran who was runner-up to Ben Hogan in the 1953 Masters. Porky fired a 34-30-64 in practice yesterday, matching the competitive record for the Augusta National course. It was the lowest tuneup round turned in, but Porky wasn't exactly overjoyed about it.

"I don't like these kind," he said. "They don't count."

He may have remembered last year, when Lloyd Mangrum fired a practice 63 and took a 74 in the opening round.

Low scoring in the warmups may have prompted Hogan's prediction that his record 274 of last year will be broken.

With a record 79 players entered, 78 of the field were pondering pretty much the same question: "Is it possible to beat that little guy Hogan?"

Last Home Games In Volleyball To Be Played Here Tonight

The last home games of the high school volleyball team will be played in the high school gym tonight beginning at 7 o'clock.

The B team, which plays in tonight's first game against Midland, has a 2-4 season record. It has previously beaten the Midland squad 34-28 and Abilene 33-26. Its losses were to Lamesa, Big Spring, Abilene, and Sweetwater. It has tallied 134 points to opponents' 254.

The A squad is still winless in eight games and has scored 108 points to 227. In its previous match with Midland, it lost 41-19. Other losses were two to Abilene and one each to Sweetwater, Lamesa, Big Spring, Andrews and Monahans.

Pitner's Loss Hard On Tiger Track Prospects

Keith Pitner, Snyder High School track star, will not be among those who compete in the district track meet at Abilene Saturday, it was learned this week.

Pitner last week was held out of the Texas Relays at Austin because of an injured foot. Further x-ray this week revealed that Pitner had a broken bone in his foot, which will now remain in a plaster cast for four weeks.

The injury prevents Pitner, a senior, from making his last try at the state interscholastic league meet in the half-mile run. He gained the state meet last year and ran fifth in that event. This year Pitner ran second in the half-mile at the Southwest Recreation meet in Fort Worth. He was a member of the Snyder sprint medley relay team, which took first in the Canyon Reef Relays and first in the West Texas Relays at Odessa.

High school students from Snyder will compete in several athletic events Saturday in district competition with Abilene, Sweetwater, San Angelo, and Brownwood.

Coach Jack Dillon will take his track squad to Abilene for the district meet at the McMurry College campus. Included in his top performers are the mile relay team, made up of Tommy Ivison, Reagan White, Bob Rogers, and Naxey Davis. Ivison and White are also top 440-yard dash men. White was winner of the 440 in the Canyon and Big Spring meets and the mile relay squad took first here and Odessa and second at Big Spring.

Hal Battle will take a golf foursome to San Angelo Saturday for the district golf tournament. The Snyder group includes Joe Dorsey, P. W. Cloud, Jr., Tommy Hensley, and Esitz Smith. Battle has had the golfers working out in preparation for the meet.

Battle and Gene Gibson are the boys' tennis coaches and will have a single and double team in the district matches at Abilene on the Hardin-Simmons campus Friday. Gibson will accompany the netters. In high school eliminations here, Jimmy Bennett and Randal DeShan were chosen as the doubles team. Battle said singles playoffs were being held today, with Ronnie Smith, Jerry Hale, and Tommy McClatchy competing. One of these will be the singles representative, and another will be an alternate.

Already chosen are the girls who will be in tennis matches in Abilene. Mrs. Bertie Machel is the girls' coach. Margie Smith and Joyce Blakely will make up the doubles team, while Carla Swan will be in the singles. Her alternate will be Pat Taylor.

Mrs. Machel will also have her high school volleyball squad in Abilene for the district tournament. That team is playing its last home games tonight against Midland.

First Major League Game In Major Park Is Not Up To Par

By BEN PHLEGAR
Associated Press Sports Writer

The Brooklyn Dodgers walloped the Washington Senators 10-4 last night at Griffith Stadium in the season's first major league game in a major league park. It was far from major-league-caliber baseball.

Both clubs trotted out their best pitchers—Don Newcombe for the Dodgers and Bob Porterfield for the Senators. Newcombe walked three in a row, forcing in a run; gave up seven hits; and hit one batter in the six innings he worked. Porterfield also lasted six. The Dodgers got nine of their runs and seven of their hits off of him and he walked seven and balked twice.

The Senators made four errors, two of them on a single play in the third inning when Sandy Amoros went all the way around on a little infield grounder. Mickey Vernon threw the ball away first and then Ed Fitzgerald threw it away again.

The two clubs meet again tonight in Washington.

The pitching was considerably better in several of the other exhibitions yesterday. The St.Louis Cardinals defeated the Chicago White Sox 2-1; the Chicago Cubs edged Baltimore 2-0; and the New York Giants nipped Cleveland 2-1.

In other games Detroit beat the Philadelphia Phils 7-5; the New York Yankees defeated Norfolk, Va., 4-1; Pittsburgh shaded the Philadelphia Athletics 6-5; and the Boston Red Sox made it two straight over Milwaukee 7-2.

Two pitchers worked complete games. Whitey Ford became the first Yankee to go nine innings as he set down Norfolk on five hits. Duane Pillette of the Orioles allowed the Cubs only six hits but got beaten.

Hal Jeffcoat shifted from the Cubs' outfield to the pitching mound and blanked Baltimore on two hits through the last five innings. Jeffcoat's only other pitching experience was in class B ball with Shelby, N.C., in 1946.

Harvey Haddix hurled seven shutout innings for the Cardinals against the White Sox as Stan Musial and Bill Sarni drove in the two St.Louis runs. Bob Keegan was the loser. The game in Little Rock drew 10,474, largest ever to watch a game in the Arkansas capital.

Johnny Antonelli tried to go the distance for the Giants but needed help from reliable Hoyt Wilhelm in the ninth when the first two batters singled. Cleveland's only run came when Jim Hegan singled with two out in the ninth. Hal Newhouser went the first five innings for the Indians and probably clinched a job. The former Detroit star has been working without a contract while trying a comeback.

Philadelphia's Curt Simmons was pounded for 12 hits in seven innings by the Tigers but Steve Ridzik drew the loss when Detroit pushed across the winning runs in the eighth. Del Ennis hit two homers for the Phillies.

The Red Sox attack against Milwaukee included a pair of home runs by George Kell and another by Charley Maxwell. The two Milwaukee runs were homers by catcher Del Crandall.

The Pirates scored the deciding run against the Athletics in the seventh inning on an error by shortstop Jack Littrell.

2nd Meeting Of City Loop

The second meeting of the city baseball league for this season will be held at 7 o'clock tonight in the office of Forrest Beavers on the main floor of the courthouse.

The league became a baseball league Tuesday night when representatives of interested teams met and voted to change the old city softball league to baseball.

C. G. Fisher, who headed the Tuesday meeting, said the group has already gained permission for use of the baseball field in Towle Memorial Park. The field is also used by the Pony League. The two leagues will coordinate their schedules.

Tonight's meeting is for organization of the league. Fisher said the league hopes to have five teams, and he urged those who wish to enter teams to meet with the group tonight.

Three oil firms have already indicated they will have teams in the league. They are Standard of Texas, Magnolia, and Sunray.

Fighting Out In Texas Loop

FORT WORTH (AP)—New Texas League president John Reeves says rowdyism won't be tolerated in this year's games and that players who fight will be thumbed out pronto.

In the past decade players whose fight is "on the level" and doesn't provoke other physical violence have not been penalized. That's over.

"The Texas League office," Reeves said yesterday in a statement, "Approves, and expects spirited and intense competition from all players and managers of the league. However, league policy is that this should not extend into the bounds of rowdyism.

"All Texas League managers and umpires are being instructed to guard against rowdyism. Should there be a physical encounter between, or among, players and-or managers, the person deemed by the umpires to be have been the aggressor shall be ejected."

Mantle Called Overrated By Senator Head

WASHINGTON (AP)—"Mickey Mantle is probably the most overrated player in baseball," Calvin Griffith said today.

Griffith is executive vice president of the Washington Senators, who own a bit of baseball property named Jim Busby.

'Sure, Mantles' a good outfielder," Griffith said in an interview, "But he isn't as good as Busby."

Griffith said that if Mantle were playing for anybody but the New York Yankees, "You'd hardly ever hear of him."

His idea was that the Yankee publicists and New York sports writers have built Mantle up into something he is not.

"If Busby were playing for the Yankees," Griffith said, "they'd be calling him another Tris Speaker or something."

Mantle, the youngster from Commerce, Okla., is out of action as the result of a knee injury and won't be in the lineup when the Yankees play the Senators on opening day here next Tuesday.

The Yankees' successor to Joe DiMaggio, he has been billed in many parts as one of the hottest prospects to hit the major leagues in some time. Griffith well remembers his power, since it was in the ball park here that Mantle rocked a 565-foot home run last year.

Busby, a native of Kenedy, Tex., is at 27 nearly five years older than Mantle. Griffith regards him as one of the most underrated players in the league.

Mantle, considered an expert in grabbing flies, "can't compare with Busby as fielder," Griffith said.

Clark Griffith, 84-year-old owner of the Senators, chimed in: "Busby is one of the best flycatchers I've ever seen."

Then there's the matter of hitting. Last year Mantle batted .292. Busby's average was .312.

Mantle batted in 92 runs and Busby 82, but Calvin Griffith noted that a lot more Yankees were on base last season for Mantle to drive home than there were Senators ahead of Busby.

The Yankee centerfielder, considered more of a power hitter than Busby, hit for 229 total bases last season. Busby's total: 243.

Mantle stole 8 bases, Busby 13.

"That enough?" Griffith asked with a wink.

Teen-Agers In Golfing Lead

BROWNSVILLE (AP)—Two of Texas' teen-age golfers tangle here today in the quarter finals of the Texas Women's Public Links tournament.

Paired are Diane Garrett, 16-year-old Houston city champion, and Joanne Bruni, 14, of Laredo.

Yesterday Garrett defeated Mrs. Ned Posey of Brownsville 6 and 5 while Bruni beat Mrs. T. E. Knott of Seguin, 2 and 1.

Pat Jackson of Corpus Christi, one of the title favorites, breezed into the quarter-finals on a 4 and 3 decision over Mrs. E. P. Kennerly of McAllen.

Other results included:

Mrs. H. F. Massey, Dallas 3 and 2 over Mrs. H. E. Wohlfahrt, Houston.

Mrs. James Weller, Houston, 2 and 1 over Dorothy Matthews, Houston.

Mrs. W. L. Holmes, Dallas, one up over Mrs. Mildred Ellis, Brownsville.

Mrs. Bert Silsbee, Harlingen, 3 and 2 over Mrs. A. P. Schact, Alvin.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Ted Williams Ready For Light Workouts

BOSTON (AP)—A medical report to General Manager Joe Cronin indicates that Ted Williams' fractured collarbone is knitting so well that the Boston Red Sox slugger is ready for light workouts.

Cronin said the injured star would come to Boston from Miami early next week. The Red Sox open their home season against Washington April 15.

The average age of the Baltimore Orioles, newest team in the American League, is 27½ years.

Fresh Strawberries Can Be Family Favorite At Dessert

The first crocus and the first strawberry have arrived. Fresh strawberries, always favorite dessert and breakfast fruit, will again tempt the family appetities.

The traditional way to serve strawberries is in a shortcake.

STRAWBERRY SHORTCAKE

2 cups flour
4 teaspoons baking powder
¼ teaspoon salt
1 tablespoon sugar
1-3 cup shortening
¾ cup milk
Butter
Strawberries

Mix and sift dry ingredients and work in the shortening with the fingers or a knife. Gradually add enough milk to make a soft dough, mixing with a knife. Toss the dough o. to a floured board and tap and roll to one-half inch thickness. Bake in sheets for a large shortcake or cut with a biscuit cutter or bake in muffin tins for individual shortcakes. Bake in a very hot oven (450 degrees F.) 12 to 15 minutes. When done, split into two parts, butter and put crushed sweetened fruit between the layers and on top. Serve hot with cream.

Some shortcakes are made with egg. Such a shortcake is called pinwheels.

PINWHEEL SHORTCAKE

1½ cups sifted flour
1 teaspoon salt
2 teaspoons baking powder
2 tablespoons sugar
2 tablespoons shortening
1 egg, beaten
1-3 cup milk
½ cup sugar
2 tablespoons melted butter or margarine
1 tablespoon grated orange rind
1 quart strawberries

Sift together flour, salt, baking powder and two tablespoons sugar. Cut shortening into flour until mixture is like coarse corn meal. Add beaten egg and milk all at once and mix lightly. Pat out dough on a floured board into a 9-inch square. Spread dough with melted butter.

Mix together ½ cup sugar and the grated orange rind; sprinkle on dough. Roll as for jelly roll, cut into six slices. Arrange biscuits, cut side up, around edge of lightly greased heat-resistant glass fluted pie plate, 10-inch size. Bake in moderately hot oven (375 degrees F.) for about 25 minutes.

Wash and hull strawberries. When biscuits are cool heap fresh strawberries in center of pie plate for serving.

A more digestible and nourishing way to serve strawberries is with individual tapioca puddings.

STRAWBERRY PUDDING

1 egg white
2 tablespoons sugar
1 egg yolk
2 cups milk
2 or 3 tablespoons sugar
⅛ teaspoon salt
3 tablespoons tapioca
½ teaspoon vanilla
Fresh strawberries, sliced and sweetened

Beat egg whites until foamy throughout. Add 2 tablespoons sugar, 1 tablespoon at a time, and continue beating with rotary egg beater until mixture will stand in very soft peaks. Set aside.

Mix egg yolk with small amount of milk in saucepan. Add 2 or 3 tablespoons sugar, salt, tapioca, remaining milk. Place over medium heat. Cook until mixture comes to a boil, stirring constantly—this takes 5 to 8 minutes.

Pour small amount of the mixture gradually on egg-white meringue; blend. Add remaining mixture, stirring constantly. (The hotter the tapioca and the faster it is blended in, the thicker pudding will be.) Add vanilla. Turn at once into individual molds. Let stand at room temperature 20 minutes. Then chill until firm. Unmold and top with berries. Makes 6 to 8 servings.

Tarts are a dessert associated with special occasions. Any meal can become a special occasion with a strawberry creme tart as a grand finale.

STRAWBERRY CREME TARTS

1½ cups sifted flour
Dash salt
½ cup shortening
3 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening. Sprinkle with water, mixing lightly until dough begins to stick together. Divide dough into 6 portions. Roll each portion out to circle ⅛ inch thick. Line tart pans with dough. Trim and flute edge. Prick dough with fork. Bake in moderately hot oven (400 degrees F.) about 15 minutes, or until golden brown. When cool fill with strawberry creme.

CREME FILLING

1 cup whipping cream
2 tablespoons confectioners' sugar
Dash salt
¼ teaspoon vanilla extract
2 cups sliced strawberries

Whip cream until stiff. Add confectioners' sugar, salt and vanilla extract, and mix until blended. Fold in sliced strawberries. Fill cooked tart shells. Makes 6 tarts.

For a giant tart, or pie, a chiffon pie is the answer.

CHIFFON PIE

1 9-inch wheat germ crumb shell
1 envelope unflavored gelatin
¼ cup cold water
3 eggs, separated
1 tablespoon fresh or bottled lemon juice
¼ teaspoon salt
½ cup sugar
1 cup strawberries, crushed
few whole strawberries
2 tablespoons sugar
½ cup heavy cream whipped

Soften gelatin in cold water. In a bowl, beat egg yolks thoroughly; add lemon juice, salt and ½ cup sugar. Pour egg yolk mixture into top of double boiler; cook over hot water until thickened, stirring constantly. Add softened gelatin and stir until completely dissolved. Remove from heat. Fold in crushed strawberries. Chill until mixture begins to thicken.

In a bowl, beat egg whites until frothy; add 2 tablespoons sugar. Continue beating until stiff. Fold into thickened gelatin mixture. Turn into pie shell and chill until firm. Top with whipped cream and garnish with a few whole strawberries.

WHEAT GERM PIE SHELL

In a bowl, combine 1¼ cups wheat germ, 1-3 cup melted butter or margarine and 3 tablespoons sugar. Spread mixture evenly in a 9-inch pie pan, covering bottom and sides completely. Pat wheat germ mixture down firmly. Chill thoroughly before adding filling.

Graham crackers are used for the crumb portion of strawberry refrigerator cake.

REFRIGERATOR CAKE

1 pound chilled strawberries sweetened
12 graham crackers, finely rolled (1 cup crumbs)
¼ cup butter or margarine
2 whole egg or 3 yolks, beaten
¾ cup confectioner's sugar
1 cup cream, whipped
2 tablespoons sugar
¼ teaspoon vanilla

Cream butter or margarine, add sugar gradually, cream together. Add beaten eggs, beat until smooth. Line loaf pan or dish with waxed paper, if the cake is to be removed before serving. Place layer of crumbs in bottom of dish; spread with egg mixture; add another layer of crumbs, then the strawberries, then more crumbs, cover with sweetened whipped cream and sprinkle top with remaining crumbs. Place in refrigerator for at least 6 to 8 hours or over night. Slice and serve with or without strawberry garnish. Makes 6 to 8 servings.

Puddings are easily prepared desserts. "Plain Jane" rice pudding becomes a delicious and decorative dessert when flavored with strawberries.

STRAWBERRY RICE PUDDING

¼ cup uncooked rice
2 cups milk
¾ cup sugar
¼ teaspoon salt
2 eggs
¼ cup sugar
¼ cup water
1 tablespoon lemon juice
1 cup sliced strawberries
6 whole strawberries

Add rice to milk in upper part of 1½ quart double boiler and cook over hot water until rice is soft, or about 50 minutes. Separate eggs; beat egg yolks until very thick and light colored. Gradually beat in one-quarter cup sugar and the salt. Add egg yolk mixture slowly to rice and stir constantly. Continue cooking for about 2 minutes. Mix ¾ cup sugar and water in saucepan; cook until mixture spins a thread, about 228 degrees F., on a candy thermometer. Add syrup slowly to stiffly beaten egg whites. Continue beating meringue until mixture is thick. Beat in lemon juice. Reserve about a third of the meringue for topping. Add rest of meringue and sliced strawberries to custard mixture. Pour into six custard cups. Top each pudding with a spoonful of the meringue and a fresh strawberry. Chill until ready to serve. Six servings.

A springtime tart combines strawberries with rhubarb.

SPRINGTIME TARTS

2 cups diced rhubarb
½ cup water
1½ cups sugar
½ teaspoon salt
3 tablespoons tapioca
2 cups crushed strawberries
8 baked tart sheels
¼ cup cream, whipped

Combine rhubarb, water, sugar, and salt in saucepan. Bring to a boil and simmer 5 minutes. Add quick-cooking tapioca and strawberries and bring to a full boil, stirring constahtly. Remove from heat. Cool, stirring occasionally. Turn into tart shells. Chill. Just before serving, garnish with the whipped cream. Makes 8 servings.

The home soda fountain devotee will welcome the strawberry season with sodas and sauces in mind.

STRAWBERRY ICE CREAM SODA

¼ cup crushed strawberries
1 teaspoon sugar
carbonated water
1 scoop (¼ pint) vanilla or strawberry ice cream.

Mix together strawberries and sugar; put into a 12-ounce glass. Fill glass 2-3 cull with carbonated water. Add ice cream; stir vigorously. Fill to top with carbonated water.

A fruit sauce is called strawberry festival sauce.

STRAWBERRY FESTIVAL SAUCE

1 pint strawberries
2 tablespoons sugar

Wash and hull strawberries. Crush ½ pint with fork; sprinkle with sugar. Slice remaining berries; add to crushed berries and mix well. Let stand a half hour before serving.

This sauce is needed for strawberry ice cream shortcake.

ICE CREAM SHORTCAKE

2 8-inch sponge layers
2 pints vanilla or strawberry ice cream
strawberry festival sauce
whole strawberries
½ cup heavy cream, whipped

Place one cake layer on serving platter. Spoon over about 1 pint of ice cream and several spoonfuls of strawberry festival sauce. Top with second layer and remaining ice cream. Spoon more sauce over top; garnish with whipped cream and whole strawberries.

Chiffon type pies are usually thought of in connection with strawberries, but a meringue pie will also win a vote of approval from strawberry lovers.

STRAWBERRY MERINGUE PIE

1 baked pie shell
4 cups strawberries
2-3 to 1 cup sugar
3 egg whites
6 tablespoons sugar
¼ teaspoon salt
1 teaspoon vanilla

Save 6 to 8 whole strawberries to bake on top of meringue. Slice remaining strawberries in thirds. Mix slightly with sugar to sweeten. Beat egg whites until bubbly, add salt and flavoring. Continue beating until egg whites form a thick foam.

Add 6 tablespoons sugar, a tablespoon at a time, beating after each addition. After last addition of sugar, beat until sugar is dissolved. Add sweetened strawberries to baked pie shell. Spread small amount of meringue around the edge of filled pie shell, allowing no space between edge of meringue and pastry. Pile rest of meringue on filling and spread lightly to meet that at edge. Place whole strawberries on meringue. Bake in a moderate oven (350 degrees F.) for 12 to 15 minutes.

Naval Victory Goes To Texas As Ship, Supplies Captured

The good Texan naval vessel Invincible, after repairing its rigging, damaged in chasing the Mexican ship Montezuma ashore, put out from the harbor and put in with the brig Pocket, en route from New Orleans to Matamoras. The Texan victory, which included bringing the Pocket into Galveston, was reported by the Texan war department on April 8, 1836.

The American-owned vessel, it was discovered, was sailing with a false manifest in favor of Lizardi and Company of New Orleans, carrying a contraband cargo. She was under contract to deliver flour, lard, rice and other supplies to the Mexican army at Matamoras; and, on its return, to transport Mexican troops to Copano.

Capt. Jeremiah Brown, commanding the Texan vessel, learned that arms securely were packed within the barrels, along with provisions.

Confiscation of the arms and supplies came at a needed time for the Texans, but of great value, also, was a letter found aboard from which it was ascertained that Santa Anna's objective was to capture the seaports. The plans included placing of 1,000 Mexican troops on Galveston Island.

Santa Anna, on April 8, was marching along the river with four companies of infantry and 50 cavalrymen, in search of a crossing over which he could move his army.

Houston, in his camp on the west bank of the Brazos, by this time had organized two regiments and was planning to set up a brigade.

He was expecting the river to begin falling shortly, within a matter of days. Aiding in the army's organization was Colonel Rusk, who had decided to remain with the troops throughout the crisis.

The Texan commander ordered special precautions for secure holding of captured prisoners, lest they escape and return to Mexican ranks with word of the small size of the Texan army.

This seal served the Texas impromptu government in 1835 and its official use was recognized when Texans declared their independence and bravely fought for freedom.

Too Much TV For Man

LONG BEACH, Calif. (AP)—Roscoe Tard, was charged by his wife Beatrice with chopping down their television antenna and then chasing her around the house.

"She played the TV all night, your honor," Tard explained. "I couldn't sleep. She just wouldn't turn that thing off."

"I can see that it might make you emotionally disturbed," the judge agreed. Then he sentenced Tard to five days in jail for disorderly conduct.

Another Member Signs Up For EDC, But France Still Far From Action

LUXEMBOURG (AP)— The European army plan has cleared four out of six parliamentary hurdles but the highest still looms ahead, and probably far ahead.

Tiny Luxembourg became the fourth nation to approve the European Defense Community Treaty last night when the grand duchy's one-house Assembly ratified it 46-4. The Parliament's four Communist deputies cast the only votes against it.

Others approving the six-nation pact so far are Belgium, the Netherlands and West Germany.

Italy and France have yet to act. The measure was introduced in the Italian Chamber of Deputies Tusday, but no vote is expected until the fall, after Parliament's long summer vacation.

A date has not even been set for debate in the French Chamber of Deputies, where opposition is strong from both the right and left.

Baptists End Racial Segregation At Meet

DAYTONA BEACH, Fla. (AP) — Negro youths will be invited to attend a Baptist boys' meeting in Tampa this October, the Florida Baptist Women's Missionary Union decided yesterday.

It approved a resolution that the 1954 meeting of its Young Men's Conference be interracial.

Armand Ball of Jacksonville, secretary of the boys' division of the Florida WMU, said delegates will eat, sleep, work and play together at the meeting, which will run two days.

Tyrone Power Explains Why He Won't Work

HOLLYWOOD (AP)—Tyrone Power today sprang to the defense of himself and other top male stars who have been accused of partly causing the production slowdown in Hollywood.

An independent producer recently rushed into print with a statement decrying a lot of top stars for refusing to work. This has helped stall filming in Hollywood, he claimed. He also asserted that he sent John Wayne a $400,000 check to do a picture and it was returned uncashed.

Another producer claimed to have sent a $350,000 check to Clark Gable for a film commitment. It was also sent back.

Why would stars turn down such fabulous offers? Ty Power explains:

"Supposing Clark had taken that $350,000. When it is added to his other earnings, he'd probably get to keep $15,000 or $20,000 out of it. So the salary itself doesn't represent any great profit.

"But it's not just a matter of money. Actors like myself, Wayne, Gable, Gary Cooper, Burt Lancaster, Kirk Douglas and others named by that producer—whose name escapes me right now—no longer have studio contracts to protect us.

"The only real security we have is our talent. Our livelihood depends on getting good scripts. If we are willing to do just any picture in order to make money, we might find out eventually that we have hurt our chances to continue earning good money. It's not the salary that attracts us; it's what is between the two covers of a script."

Power illustrated with his current film, "The Long Gray Line." Although he and John Ford—Irishmen both—were long at 20th Century-Fox, they never did a picture together. The director always swore he would find a script they could do together. He finally found it at Columbia, the story of Marty Maher, long-time athletic trainer at West Point. Ty ages from a young man to 70 and talks with a brogue. Don't be surprised if he gets a long overdue Oscar for the role.

Prince Aly Outfits Self In Western Duds

HOLLYWOOD (AP) — Prince Aly Khan has bought himself $200 worth of cowboy shirts, pants and wide-brimmed hats to wear when he returns to Europe.

The prince, shopping in a San Fernando Valley Western outfitting store while his heart interest, actress Gene Tierney, was busy at her studio, duly impressed a woman clerk.

"He was wonderful," she said, adding that he fitted the clothing "absolutely beautifully."

Aly plans to go to New York next week to visit his former wife, Rita Hayworth, and their daughter Yasmin.

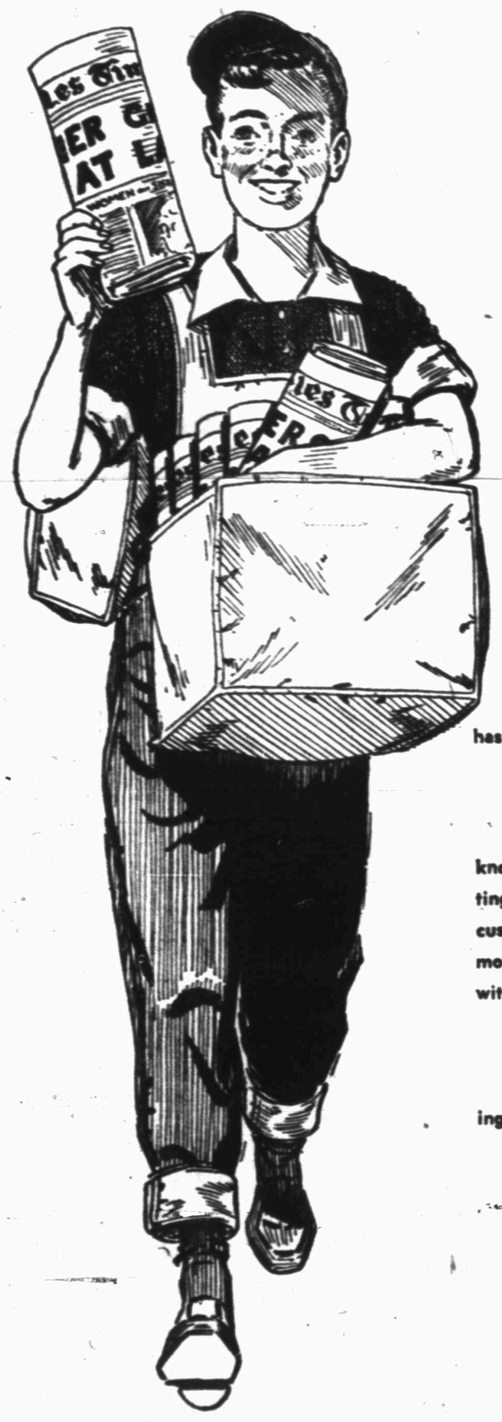
The full amount of this deposit will be returned to each bidder immediately upon the return of the plans and specifications in good condition; No refund on contract documents and plans returned later than ten days after the award of the contract will be obligatory.

The character and amount of security to be furnished by each bidder are stated in the above mentioned documents.

There shall be paid on the project not less than the general prevailing rates of wages which have been established by the Owner.

The Owner reserves the right to reject any and/or all bids or waive any or all formalities. No bid may be withdrawn within thirty (30) days after date on which bids are taken.

COLORADO RIVER MUNICIPAL WATER DISTRICT
JOE POWELL, SECRETARY



Here's a young man who's going places!

IN FACT, he is already on his way. He is already a successful young business man, operating a small business of his own which fits in nicely with his school work and also rewards him handsomely in profits for the small amount of time required.

Yes, he is an independent newspaperboy. He is proud and his parents are too, of the fact that he is able to earn money for his clothes and hobbies and has a growing bank account.

But much more important than the money he earns is the knowledge and training he is receiving for the future. He is getting basic training in the operation of a business—service to the customer, securing orders, making collections and saving his money. He is learning salesmanship, and how to meet and deal with all types of people.

Carrying a newspaper route is the most valuable training a boy can receive, as a supplement to school work.

Tomorrow's business leaders are carrying Daily News routes today!

GIFT TO HOSPITAL

The three-quarter life sized oil painting of Christ pictured above is one that will be hung soon in the reception room of Cogdell Memorial Hospital. It was painted by Joseph A. Fleck, Taos, N. M., artist for Mr. and Mrs. D. M. Cogdell, who are donating the painting to the hospital which they helped build. The painting is 36 inches wide and 46 inches tall. A plaque will be hung below the painting that will say "Come unto me, all ye that labour and are heavy laden, and I will give you rest." Fleck also painted a small picture of the same scene for the Cogdell home, three miles south of Snyder on the Colorado City highway. (Lee Watson photograph)

Last Appeal Of Big Anderson Turned Down By High Court

The last chance to reverse a conviction for "Big Anderson" vanished in a short quick vote of the court of criminal appeals at Austin yesterday, leaving the determined long-time bootlegger but one alternative — to cough up the dough or go to jail.

Anderson Davis, Sr., who told the county court jury here at his trial that he had paid this county more than $10,000 in fines for bootlegging, was assessed a fine of $2,500 by the same jury and has been fighting his conviction ever since.

The action ruled on by the court of appeals yesterday was the fourth action concerning the same conviction. He was convicted here last July 7, later appealed the case, still later filed a motion for rehearing of the appeal which resulted in affirmation of conviction, and recently filed a second motion for rehearing inasmuch as the first motion was denied. The second motion was denied yesterday.

Apparently the high court didn't waste any time making final disposition of the case when it came up for consideration. The court's report was that the "appellant's second motion for rehearing is overruled without written opinion." This was the last possible step in attempt to reverse the conviction. The next action will be a mandate ordering the fine paid or the defendant placed in jail in lieu of fipe.

It usually takes from three to five days to receive a mandate from the Austin court.

Davis' second motion for rehearing was similar to his first motion, both filed by his attorney, Clarence E. McGaw, who alleged in the first motion that there was no Negro on the jury panel when Davis was convicted. In overruling that motion the high court stated that the record and the motion by McGaw did not show that the defendant himself was a Negro. The second motion listed the same argument but also added that the defendant was a Negro.

The first motion for rehearing was also based on allegations that certain essentials to the original appeal was omitted by oversight, but the county clerk, Pat Johnston, also sent the high court affidavit that these required papers were not made at the first trial and therefore were not omitted by oversight.

McGaw is the third attorney to handle the appeal since Davis was convicted, two other lawyers having withdrawn from the case earlier. Davis had no lawyer in the trial here but pleaded his case himself. He pleaded innocent but at the trial asked the jury for mercy, promising to leave Scurry County permanently if it would assess him a reasonable fine.

"I have paid this county more than $10,000 in fines for bootlegging," Davis said at his trial, indicating he believed he was entitled to mercy in view of the amounts he had paid in his numerous convictions. He said further that the case was only the second he had ever contested. "Nearly always before, I just paid my fine," he said.

In addition to the many bootlegging convictions, Davis has also been convicted on other charges, including one last year of operating a bawdyhouse.

If Davis cannot pay his fine, he will have to serve time in jail at the rate of one day for each $3 he cannot pay. In addition to the $2,500 fine, court cost is more than $30.

Davis is presently free on appeal bond which is to terminate when the mandate against him is received.

Junior High Music Program Tomorrow

About 130 junior high school music students will present a musical "first" for their school Friday night.

The students, members of the junior high band and of the choir, will be giving their first combined program. It will be the first appearance for the 68-voice choir, which is directed by Robert Clinton. Tim Dennis is director of the 75-piece band.

Each organization will present a variety of selections and will combine to give "Where'er You Walk" by G. F. Handel and "Homeland" by Arthur Sullivan.

The program is scheduled to begin at 8 o'clock in the junior high auditorium. The public is invited to attend, and no admission will be charged.

The junior high choir is open to all students in the seventh and eighth grades. For the program, the group is to sing four sacred numbers by Muller, Bach, Haydn and Beethoven. Two folk songs and two spirituals will complete the choral portion of the program.

Included in the band section of the program will be a trombone solo, "Jean Waltz," played by Donald Miller; a woodwind trio, "Vienna Waltz," played by Sharon Morgan, flute, Jo Ann Hamblen, clarinet, and Jo Ann Miller, bassoon. Ronald Miller and Jo Ann Miller, student directors will each direct a number on the program. Guest conductors for the program will be Melvin B. Montgomery, director of instrumental music for Snyder schools, and Herman Trigg, junior high principal.

Courteous Man Hard To Find On Highways

DETROIT (AP)—Police went looking for a courteous driver yesterday. They found one—it took a bit of time—and they nearly scared all the courtesy out of him.

Ralph E. Cody, an automobile salesman, was driving along Woodward Avenue. A city truck loaded with workmen and a bubbling cauldron of asphalt was waiting a chance to get on the main drag.

Cody politely paused to let the truck pull out.

Police Inspector James Hoye, head of the traffic division, said, "That's our man."

The inspector pulled abreast of Cody, smiled at him and beckoned toward the curb.

Cody looked startled, but kept on driving.

But the inspector, who had spent all day looking for a courteous motorist, wasn't going to let this one get away.

"Pull over to the curb," he thundered. Cody did.

"What have I done," asked Cody.

"Not a thing," the inspector grinned.

Cody was the first driver to receive the Courteous Motorist award in a new safety campaign put on by the Automobile Club of Michigan.

Kansas City Youth Is Best Legion Talker

LOS ANGELES (AP)—High school student Jack E. McNees of Kansas City, Kan., is the winner of the American Legion Oratorical Contest finals, and a $4,000 college scholarship.

McNees, a sophomore at Shawnee Mission High School, won out yesterday, giving prepared and extemporaneous speeches.

Milton H. Copeland, Wichita Falls, Tex., won second place and $2,500 for higher education, and George J. Clements, Penn Yan, N.Y., won third and a $1,500 scholarship.
