3 Ozona Youths Attending Range Camp at Junction

Range management classes, tours and recreation will highlight the 14th annual range management training program for 4-H and Future Farmers of America boys at the Texas A&M University Adjunct at Junction all this week.

Three Crockett county youths are attending the range camp. The three are Don Edgerton, sponsored by the Texas Sheep and Goat Raisers Association; Alton Everett, sponsored by the Ozona National Bank, and Tom Davidson, sponsored by Mrs. H. C. Noelke, Jr.

Approximately 30 boys will attend the camp this year, according to B. J. Ragsdale, Extension range specialist. During the past 13 camps, 392 have attended the camp.

The Range Camp is sponsored by the Texas Section, American Society of Range Management, an organization dedicated to the proper management and improvement of the world's range-land.

School Opening Set August 27

Superintendent of Schools L. B. T. Sikes announced the opening of the fall school term with a faculty meeting August 26 and classes beginning August 27. Registration dates will be announced later.

Miss Jaylin Lawson, high school H. E. teacher, resigned and has been replaced by Miss Varnelle Brooks of Bangs, who has been teaching home making for the past six years. She is a graduate of North Texas State University.

Mr. Sikes said the faculty is complete except for a high school math teacher and a sixth grade elementary teacher.

Faith Lutheran Vacation Bible School Aug. 5-9

Initiating use of its newly completed church building in Ozona, just east of the civic center, the Faith Lutheran Church will sponsor a vacation Bible school for the children of the community, the pastor, Rev. Stuart F. Firnhaber announced this week.

Dates for the school are August 5 through August 9, with sessions from 9 to 11:00 each morning.

Children from age 3 through 14 are cordially invited to attend. Classes will be held in the new church. Parents may register their children by calling 392-3714.

Rev. Firnhaber is serving as pastor of Faith Lutheran in Ozona and Hope Lutheran Church in Sonora, making his home in the parsonage in Sonora.

Former Methodist Pastor To Preach Sunday Morning

Rev. William R. Fleming, former pastor of the Ozona Methodist Church, and presently pastor of St. John's Methodist Church in Corpus Christi, will fill the pulpit of the local church next Sunday in the absence of the pastor, Dr. R. F. Curl, who is attending the Southwest Texas Conference Week-End Missionary meeting at Mount Wesley, Kerrville.

After leaving the Ozona church in 1963, the Rev. Fleming was for four years pastor of Highland Terrace Methodist Church in San Antonio and was assigned to Corpus Christi last year. During his first year he has led his congregation in the building of a new sanctuary which was opened on July 21st.

Rev. Fleming and his family are on vacation and will stay a few days in the local parsonage, from August 2 to August 6.

He will teach the Men's Kitchen Bible Class prior to the morning service. Due to the absence of the pastor, there will be no observance of the Sacrament of the Lord's Supper at the regular service next Sunday.

Federal Standard Set For Traffic Control System

County Judge Bernice Jones said this week that the new traffic system being installed in Ozona is the only system approved by the Federal Uniform Traffic Control System. Local Highway Department maintenance crews have begun installing the equipment according to government plans and are not allowed to deviate.

All corners must be square and identical, in order that the system may work according to the plan. One light will be set into the island built out from the park.

Judge Jones said she did not believe that people would be aware of the automatic control in the daytime, as traffic is about the same on both highways. However, the system will give Hwy 290 travelers the right-of-way and at night it will be noticed that the green light will be on to east-west automobiles all night, unless a car triggers the cycle by passing the sensor on Hwy 163. In this case, the north-south traveler will no more than come to a stop before the light changes and allows him to cross the intersection.

This system is being used in interstate traffic throughout the state and is the only one federally approved.

Hiway Dept. Issues Folder On Pecos Trail

The epic frontier days of Texas are recalled by travelers on the Texas Pecos Trail, latest in the series of Texas Travel Trails folders to be released by the Texas Highway Department.

One of 10 trails designated by the Governor's Travel Trails Committee, the 690-mile Pecos Trail visits a land of movie-makers, subterranean wonders and Western lore.

Distinctive markers for the trail were purchased by the counties along the trail and erected by the Highway Department.

Designed to focus attention on the diverse regions of Texas and to lure travelers onto less-traveled routes, this newest trail reaches from Midland on the north to Brackettville on the south and includes visits to Judge Roy Bean's Jersey Lilly, an old fort at Fort Stockton and a 3,840-acre sandpile at Monahans Sandhills State Park.

These, and all of the attractions of the Pecos Trail are detailed and interpreted by the descriptive folder which is available at chambers of commerce along the way, at Texas Highway Department Tourist Bureaus, and by mail from the Texas Highway Department.

The folder offers an intriguing brief note on Fort Lancaster, a point of interest on the rail, about the roadside park atop Lancaster Hill which offers "a spectacular panorama of the Pecos River valley" and calls the view the "Door to the Great Southwest."

Of Ozona the folder details the Davy Crockett memorial statue in the park on the square, the Crockett County Museum, the playground and picnic facilities at the county memorial park, the rodeo park facilities and the historical buildings in the city.

S & L Branch In Ozona Opposed In Austin Hearing

Representatives of three Savings & Loan Associations in San Angelo plus one from the Ozona National Bank were in Austin Tuesday to protest the application of the First Savings & Loan Association of Fort Stockton to establish a branch office in Ozona.

San Angelo attorney W. A. (Bill) Griffiths represented San Angelo Federal Savings & Loan Assn. and City Savings & Loan Association of San Angelo. Lowell Littleton, executive vice president of the Ozona National Bank, whose protest was merged with the San Angelo loan firms, was present for the hearing but did not testify.

Wayne Merrill, president of the Fort Stockton Savings & Loan firm, told the examiner that his firm operated a branch in Alpine and that Ozona compared favorably with Alpine.

Merrill said he had surveyed Ozona and found 83 business with total retail sales exceeding \$7 million. Under cross-examination by Griffiths, Merrill said Fort Stockton has made no loans in Ozona and has not advertised for Ozona business.

Later in the hearing, San Angelo Federal vice president J. J. Sallee said, his association has advertised for loans and has made loans in Crockett County since 1928. San Angelo Federal now has \$363,000 in deposits from Ozona and 176 loans totaling \$1,393,000. Sallee testified.

J. R. Duncan, president of City Savings and Loan, said his association had \$54,000 from Crockett County, but has no loans. Duncan said (Continued on Last Page)

Coach Mosley said that although he has thirteen re-

turning lettermen, he expects a tough season and that the 6-AA schedule is a rough one. He is not optimistic about the Lions first season in class AA.

Accompanying Coach Mosley to Fort Worth were coaches Rip Sewell, Charles Speiker, and Ned Fowler. The school comes to a conclusion tonight with the annual all star football game. Ozona's Gary Sutton is scheduled to play on one of the teams.

3rd Sulfur Test Due On Shannon Crockett Lands

Southland Royalty Co., operating out of Midland, has filed application to drill a third sulfur test on Shannon Estate land in the Todd Field in Crockett County 17 miles northwest of Ozona.

The project, the No. 3-27 Shannon, a 1,900-foot rotary test, is 990 feet from the south and east lines of 27-WX-GC&SF, and 660 feet due west of the firm's No. 4-27 Shannon which was filed July 22.

Earlier the firm had staked its No. 1-27 Shannon, also a 1,900-foot rotary test, in the same section and had begun drilling operations. A Midland representative said no information would be released on it.

Southland Royalty is the only firm to file applications for a permit to search for sulfur in Crockett County. However, Cities Service Minerals Corp. and Union Texas Petroleum, a division of Allied Chemical Co., have filed permits to drill sulfur tests in southwest Tom Green County.

Allied Chemical is operating a pilot plant on the Atkins Ranch, approximately five miles west of Christoval, and Union Texas' permits were to drill in the same vicinity. Cities Service Minerals' projects are approximately 2 1/2 miles southeast of the pilot plant, which is a joint venture of Roden Oil Co., Midland, and Sinclair Oil & Gas Co.

NEW PASTOR ARRIVES

Stuart F. Firnhaber arrived recently to assume the pastorate of Faith Lutheran Church here in Ozona and Hope Lutheran Church in Sonora. He, his wife and four children arrived in West Texas in late June. They are at home in the parsonage in Sonora. Pastor Firnhaber completed his studies recently at Concordia Seminary in Springfield, Illinois. Prior to entering the ministry he taught in the Lutheran school system.

Heavy Damage, Injuries In 4 Area Accidents

Four automobile accidents since Friday have resulted in several thousand dollars worth of property damage, personal injuries and some narrow escapes. Del Copeland, DPS, was the investigating officer in each mishap.

At midnight Friday, 47 miles west of town on Hwy 290, a '68 Ford pickup driven by James Alexander of Sanderson collided with the rear of a 1967 Mack truck. Both vehicles were traveling east and Alexander misjudged the speed of the truck, applying his brakes too late to avoid running up under the truck. Alexander and a passenger were not injured, but the pickup was damaged to the extent of \$1,500. Damage to the truck was minor.

Early Friday morning, 25 miles west of Ozona on Hwy 290, a speeding car ran a 1966 Mercury, driven by Henry Quinn of El Paso, off the highway, causing the vehicle to go out of control, careen back across the road and overturn. Quinn and his wife, a passenger in the car, were taken to Crockett County Hospital in a James ambulance. Their injuries required several days stay in the hospital. Officers were unable to locate the other car involved and it failed to stop. Damage to the Mercury was \$1,500. (Continued on Last Page)

UNDER NO CIRCUMSTANCES

Those are the stern words of the Attorney General of the United States, Ramsey Clark.

If you have worried about crime in the streets, relax.

If you fear to walk alone to a mid-week prayer service at the church, fear not.

If you're reluctant to have your teen-age daughter go to a movie with a girl friend after dark, take heart.

From this day hence, crime is abolished. Criminals will not pose as innocent passersby; looters will not load parked automobiles with treasure from your home or business; rapists will be blushing at the thought and turning away to hide their color.

How has all this come about? It seems that back on June 17 some FBI agents are alleged to have posed as TV newsmen during a draft-card-burning incident in Washington. The TV newsmen protested. A formal complaint was filed by a TV network.

Now, it is revealed, Attorney General Clark has written to the network "Instructions have been issued by the FBI director to all FBI personnel that under no circumstances are they ever to pose as members of the news media in connection with any future investigations."

It seems that those FBI men who posed as news cameramen to gather evidence on film have been squarely stepped upon.

Do you feel safer?

Certainly we don't want any FBI agents risking difficulty by ignoring the stern words of the new Attorney General. But just for the record, we'll make a standing offer: To wit: If another occasion arises when photographic evidence is important, and the publicity conscious subjects will tolerate only newsmen in their presence, any agent of the FBI can stop by the office here and we'll hire him as a staff photographer for as long as it takes him to get his evidence. He won't have to pose as a newsmen. We'll make him one, officially.

Unlike the TV network, we're not in the entertainment business, nor the publicity business.

We're in the business of reporting news, serving our community — and our country.

DEAR COUSIN: SHUT UP

A press dispatch from London caught our eye the other day. We read the item, gritted our teeth, and filed it away for posterity. But the more we tried to ignore it, the more it returned to haunt our consciousness. So we pulled it out of the file and decided not to ignore it. Instead we send herewith a short letter to our British cousins.

The story told of the views held by several foreign correspondents and journals, and in particular of an article in a distinguished British journal commenting on the trial of baby doctor, Benjamin Spock. The doctor-advisor to draft-evaders should not have been prosecuted, it was said, but rather rebutted.

It does not matter one iota whether or not we agree or disagree with the journal. What does matter is that no British subject was in any way involved in this trial, or the events which made it necessary, and accordingly no comment by any Britisher is relevant.

It is not our place to hold the British up to criticism because they never had a Negro policeman until a very few months ago. Nor do we feel compelled to attack the British policy of not allowing British subjects into England because of the color of their skin. Obviously, we have enough to mend right here in the United States without

faulting their system, or presuming to influence it.

We only ask that they respond in kind.

We assume that there are many aspects of our internal affairs that are foreign to the British, and that they have many idiosyncrasies that we deplore. So if they will keep their noses out of our affairs, we'll grit our teeth and keep our noses out of theirs, even when they come sidling into the Treasury to ask for a few more million dollars to tide them over the newest welfare state destitution.

In due course the matter of Dr. Spock and associates will be resolved in the manner provided by our legal procedures. Meantime we will, in turn, leave the Profumos and the Keelers to the British judicial system, and the press of the country can concentrate on rebutting Lord Russell, for example.

In the interim, Dear Cousin: Shut Up.

Washington News Letter

Congressman O. C. Fisher

On the eve of an August recess, the House worked overtime last week in clearing its decks of the so-called "must" legislation. A "gun" bill was finally approved, a higher education measure passed, the Federal highway program extended, and there was final approval of a mammoth Federal aid for housing program.

Following the recess, the Congress is to be called back for another session following the national conventions. This is to enable the Senate to catch up with its work and debate the confirmation of Abe Fortas and Homer Thornberry. Thus, by calling Congress back — chiefly to enable the Senators to deal with Fortas, the cost for another month of wrangling over the latest Supreme Court appointment will exceed a million dollars.

Also approved last week was a bill which gives labor unions the right to participate in the control of so-called "development funds." This is money collected and paid by management. The workers contribute nothing into the funds, which are used by industry (usually construction industry) to improve and promote sale of its products. I voted against this measure because it seems to me those who pay the money should control its use.

Under the Housing Law,

now enacted by both the House and the Senate, Uncle Sam becomes deeply involved in the field of housing welfare, the ultimate cost of which could exceed \$50-billion.

For example, a family with an \$8,000 income will be eligible to have the government pay the annual mortgage interest in excess of 1% — the balance of it an outright subsidy. Families could make down payments of as little as \$200, with only 20% of their annual income devoted to housing costs. And Uncle Sam will dig even deeper than in the past into his pocket to subsidize the payment of rentals.

The housing bonanza covers more than 15 topics. It introduces several revolutionary spending schemes into the field of housing. It will stimulate construction and home purchasing. But the mounting costs will play havoc with future budgets, and inflation will have a field day. I voted against it.

"AGAINST the Constitutional Amendment continuing the reduction of State ad valorem property taxes and abolishing all State ad valorem property taxes after December 31, 1978, except as levied by Article VII, Section 17, for certain institutions of higher learning."

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman

Thurs., August 3, 1939

Mr. and Mrs. Hillery Phillips and Bennie Gall, returned Tuesday from a tour through Colorado and other northwestern states.

—29 years ago— Gilcrease Oil Co. added another producer in the northwest corner of Crockett county during the past week.

—29 years ago— Funeral services were slated at 10 o'clock this morning in Sanderson for Harry Goode, 35, former Ozona resident and ranch owner here. He died Saturday in a Philadelphia hospital after a year's illness.

Recipe of the Week
From
Kitty's Kitchen

Baked Alaska Meat Loaf

2 pounds lean chuck ground
2 eggs slightly beaten
2 scant teaspoons salt
½ teas. pepper
1½ cups soft bread crumbs
¼ cup minced onions
½ teas. oregano
½ teas. dried sweet basil
2 tbs. minced parsley
3½ cups fresh mashed potato (instant will do)
2 egg yolks
Paprika

Parmesan cheese
This is sort of a cross between a regular meat loaf and a shepherd's pie, but to my mind better than either and more appealing to the eye.

Blend well in a mixing bowl the meat, eggs, salt and pepper, crumbs, onion and herbs. Pack firmly into a round ovenproof bowl and bake 1 hour and 20 minutes at 400 degrees. Drain off the liquid which will accumulate and invert the bowl on a wire rack to drain completely. Pat the loaf dry with paper towels and slide it onto a shallow casserole or Pyrex pie plate somewhat larger than the loaf. In the meantime prepare the mashed

potatoes. Beat them until they are fluffy and beat in the egg yolks. Frost the meat loaf thickly with the potatoes. Sprinkle with paprika and grated Parmesan cheese and set the loaf back in the oven 25-30 minutes, or until surface is golden. Serves 6 amply.

Serve with green peas mixed with tiny white onions.

Action Sparked — Faced

with the January 1 deadline for a regulation prohibiting intrastate shipments of cattle from counties having no certification for brucellosis control, several counties are hurrying into action to se- cure certification.

Animal Health Depart- ment reports three counties — Hemphill, Orange and Starr — qualified for certifi- cation during June. Cameron and Hidalgo Counties qual- ified for recertification.

Sixty-eight counties are in the process of testing ini- tial certification.

Screwworm Danger — State and federal animal health experts are becoming worried at the increase in screwworm infestation cases being filed this year. To date 1,125 cases have been reported in 1968.

After the sterile fly pro- gram was inaugurated in 1962, the screwworm count fell below 300 cases by 1964.

The rapid increase in cases this year is blamed on extremely wet weather in South and West Texas which has made a climate especial- ly suited for the worms and their parent screwworm flies.

Ranchers are warned to

perform surgical operations (dehorning and castration) only if maximum safety pre- cautions are taken to pre- vent fly infestation.

Mommy, I love you.
I'm glad I'm alive.
It's fun to run and play

It's hard to stand still and

Mommy, I love you.
Thank you for taking care

Please give me a dime for
Sunday School. I like Sunday
School. We sing and laugh
and learn about God.
Mommy, I love you.

And so on and on she prattles in her own innocent and naive way. Soon, however, her questions will become more complex and her parents will need all the love and wisdom they can obtain.

Fortunately, we as parents are not alone in this endeavor. The Church stands ready and anxious to help us train our children. Through worship, study and meditation we can learn to know what God requires of us. Come to the church of your choice this Sunday and every Sunday.

I'm not much of a movie-goer and I seldom read movie reviews, to my sorrow. I skipped the book because the title sounded syrupy and I never saw a book review although it enjoyed a place on the best-seller list. My only excuse is ignorance for taking Jim to see "Rosemary's Baby" on a recent trip. My first misgivings became manifest when, after purchasing our tickets, I saw a small sign in small print, "children under 16 must be accompanied by an adult." From beginning to end, it was a study in depravity, perversion, sick humor and bad taste. I left this perfectly respectable theatre with the sure knowledge that "movies are not better than ever", and made in inept apology to my teen-age son.

Saturday morning 52 miles south of town on Hwy 163, three McCamey residents sustained cuts and bruises in a one-vehicle accident. Doro-

thy Perry Holt, former Ozona resident, was driving a 1968 Ford panel truck toward Ozona when she hit a water puddle in the road, lost control and nosed into a rock embankment. The truck came to rest on its side. Estimated damage was \$500.

Two Portland, Texas, men miraculously escaped injury Tuesday about mid-morning 30 miles west on Hwy 290 when a 1968 Mustang driven by Lawrence Leonard ran off the highway and out of control, skidded back across the road, overturned twice and came to rest in a pasture. The car was a total loss, but neither man suffered a scratch. Copeland said they were both wearing seat belts, shoulder straps and had the doors locked.
