City Woman Dies on Visit to Hobbs, N. M.

Funeral arrangements are pending for Mrs. Elsie May Patrick, 1006 Galveston Street, who died Monday in Hobbs, N. M., where she had gone to spend Christmas with a son.

Services will be announced by Kelso Funeral Home.

Mrs. Patrick had lived here 15 years, coming with her family from Graham, Oklahoma.

She was born February 15, 1903 in Oklahoma, and was married at Norman to William Ernest Patrick September 7, 1920. He preceded her in death in 1947.

She was a member of the Fundamental Baptist Church.

Surviving are 7 daughters and 5 sons: Mrs. Virginia Hicks of Newcastle, Utah; Mrs. Lois Taylor, Mike Patrick and Pat Patrick of Dallas; Mrs. Molly Hubbard of Fort Worth; Mrs. June Brown, Mrs. Bernice McCorkle and Miss Ernestine Patrick of Wellington; Jessie Patrick of Snyder; Jerry Patrick of Hobbs, N. M., and Burel Patrick of the U.S. Army.

Norwood-Quail Cagers Meet in Double Header

Traditional basketball rivals will meet Thursday night, December 31, on the Quail court when the Quails meet the Samnorwood Eagles and the Quail Bobwhites play the Samnorwood Eaglettes.

Game time is 7 p. m.

This will be one of the better games of the season, as both have been well up in the winning ranks.

Both Samnorwood teams were winners in the Shamrock tournament and their own invitational tournament earlier this month.

The Quails won third at the Spearman tournament and consolation at Samnorwood.

One of the biggest crowds of the season is expected.

Special Services at City Church

The Rev. Fred Nimmo, pastor of Bible Baptist Church, Mt. Vernon, Missouri, will speak at the Fundamental Baptist Church here on Sunday, January 3, at 11 a. m., the Rev. W. S. Herring, pastor, has announced.

He is a graduate of Baptist Bible College, Springfield, Mo.

The public is invited to attend, Rev. Herring said.

Baumgardner and Vaughan

Goodyear Winners Home from Arizona

Two Salt Fork Soil Conservation District men, David Baumgardner and Orville Vaughan, were among the one hundred of the nation's outstanding farmers and ranchers who have just returned home after collecting their reward for being named national soil conservation champions for their respective states.

The men are winners of Goodyear Tire and Rubber Company's twelfth annual Soil Conservation Awards program covering the fiscal year 1958-59. The grand award was a vacation trip by air to the Wigwam, a luxurious guest resort on Goodyear Farms, Litchfield Park, Ariz., near Phoenix.

Each winner was named at the state level by a board of impartial judges, comprised of leading agriculturalists, in 50 competing units covering every state except Alaska and Hawaii.

The Wellington men felt that many of the practices used on the Goodyear Research farm were little father advanced than those used regularly here, especially those concerning grain sorghums and irrigation.

"I think we're as far advanced in techniques as they are," Vaughan, member of the Salt Fork SCD board of supervisors, said.

One irrigation practice that im-

Babson Forecast Sees No War with Russia During Next Year

1. Naturally, as I am just back from Moscow and Berlin, my first thoughts are what will happen to Berlin in 1960. My answer is definitely, "NOTHING WILL HAPPEN." Mr. K. will make no more ultimatums; President Eisenhower will continue his peace talks. Therefore the Berlin situation will be just the same in 1960 and 1961 as it is today.

2. There will be no World War started between Russia and the United States in 1960. This does not mean that such a war will not come within 10 years; but just now neither country is ready for it. I am convinced of this after my recent visit to Moscow.

3. Airplane warfare with the dropping of bombs is a thing of

the past. We are turning to rocketry with pinpoint precision. Our expensive air bases may gradually be vacated.

4. Moscow is Mr. K's "pride and joy." It is a beautiful city with broad streets and thousands of new apartment houses. Mr. K. does not want it destroyed. Furthermore, he wants a reduction in armaments so that he will have money to raise the standard of living in Russia. I forecast he will have to do this in order to hold his power.

5. We first feared a "shooting war"; now we are in a "cold war"; but we will soon be in an "educational war." In 1960 the United States will expand far greater ef-

fort on education.

6. Along with the effort to improve education during 1960, I forecast that our teachers will be given a minimum salary of \$5,000 and that schools of all states will receive federal aid.

7. I forecast that instead of spending so much money on new school buildings, municipalities will give more attention to discipline, promotions, and sifting, and to the teaching of mathematics, physics, and chemistry in both grammar and high schools.

8. I forecast that some of those who have gone into business will seek teaching jobs, which will be a major force in postponing World War III. School teaching will be a

Voters to Ballot on Two Directors of Water District

Two candidates have filed for the two vacancies in the board of directors of the Collingsworth County Water Control and Improvement District, John Coleman, chairman, announced this week as the filing date passed.

The election is scheduled for Tuesday, January 12, and six polling places have been set up.

G. L. Roberts of Rolla, a member of the original board, has filed for re-election, while Cortez Barnett has filed for the other place. Gus Gooch, present member of the board, did not file for re-election.

The six voting boxes and election officials for each were announced by Coleman:

Wellington, county court room, Joe Terry judge; Mrs. O. E. Dodson and Mrs. Ralph Ball, clerks. Dodson, Co-op Gin office, Bill Owens, judge, Mrs. Jo Hunt and Lee White, clerks.

Lutie, Gin office, Jack Lowry judge, Mrs. J. L. Alexander and Stanley Whitson, clerks.

Quail, Quail gin office, Warren Carter judge, G. T. Stephens and Z. J. Neeley, clerks.

Wellington, (for voters living in Precinct 3) commissioners court room, John Justice, judge, Miss Hattie D. Wells and W. L. White, clerks.

Dozier, Church of Christ building, James Murry judge, and Mrs. C. H. Caperton and Mrs. Wood Coleman, clerks.

Arizona Man Dies While Visiting Here

Ben Johnson, 80-year-old Arizona man who had stopped in Wellington for an overnight visit, died at 7:30 Tuesday, December 22, an hour after he was admitted to St. Joseph's Hospital. His death was attributed to a heart attack.

Mr. Johnson, with his son and daughter-in-law Mr. and Mrs. Gilbert Johnson, all of Williams, Arizona, had arrived a short time earlier at the home of Mrs. Johnson's mother, Mrs. Jesse Vernon. They were en route to Arkansas.

His body was sent to Waldron, Ark., where funeral services were held, with burial in Shiloh Cemetery. Kelso Funeral Home was in charge of local arrangements.

Mr. Johnson was born August 17, 1879, in Arkansas, and was a retired farmer. He was a member of the Baptist Church.

He is survived by his son and

County Cotton Crop 36,217 Bales at Year End

Collingsworth county's cotton harvest nears its close as the year ends, with a crop that county-wide is nearly one-third better than was expected by even the most optimistic.

A check of county gins Tuesday, December 29, showed a total of 36,217 bales ginned to date.

Most managers agreed the crop is practically out. At Dodson, they said only a few more bales will come in. The crop around Wellington is considered 98 to 99 per cent gathered, and at Lutie and Dozier cotton was reported "about all gone."

A little of the crop remains at

Quail where it was estimated around 95 per cent has been gathered.

One of the money-making features of this crop is the fact that the grade and staple held up until practically all the cotton was in. Most gins reported very little low grade cotton and almost no below-grade cotton was ginned.

At Dodson and north of the river, ginner reported they have all classification cards and warehouse receipts back, and most farmers have picked up their checks.

A few farmers, however, both in these areas and around Wellington indicate they plan to wait until after the first of the year to dispose of their crop.

Optimism of cotton-growers is long-range as 1960 opens. With more than six inches of December rain, a thing almost unheard of here, farmers already are getting ready for plowing, and consider the moisture now in the ground an omen for a good crop in 1960.

Of this year's crop, 32,709 bales was ginned before December 1, according to the latest figures released by the Department of Commerce. This is more than twice as much as had been ginned at the same period in 1958, when the figure was 14,038 bales.

A report of other area counties on the December 1 report are:

County	1959	1958
Childress	16,628	16,493
Cottle	14,870	16,835
Donley	8,430	3,161
Hall	40,289	35,412
Hardeman	14,536	16,187
Motley	11,042	12,814
Wheeler	10,816	5,770
Wilbarger	21,351	30,202

The Texas crop this year prior to December 1 was 4,062,690 bales compared to the 1958 figure of 3,727,271.

Bell for Precinct 3 Commissioner

A. Y. Bell, rancher, farmer and former bank president, this week announced his candidacy for the office of commissioner of Precinct 3, subject to the action of the Democratic Primary in May.

Mr. Bell lives just north of Wellington, at the intersection of highway 83 and the Mangum highway. This is an area that was in Precinct 1 until the redistricting earlier this year.

In making his announcement, Mr. Bell said that he had no campaign promises to make, but that he would welcome anyone who wanted to discuss with him the county problems or his stand on them.

For many years Mr. Bell has devoted himself to his business and ranching interests, and he remarked that he has not been in politics since he was twice elected public weigher many years ago.

Mrs. Margaret Baker, Dies at Dodson Dec. 23

Mrs. Margaret Jane Baker, died at her home in Dodson at 11:03 p. m. Wednesday, December 23, after having been seriously ill for about three months. She was 84 years of age.

Mrs. Baker came to Dodson in 1936 from Amarillo and was active in the Methodist Church and in town life until about five years ago, when failing health curtailed her activities.

Mrs. Baker was born January 19, 1875, in Barbour, county, West Virginia. She grew up in that state and received her education there. She was married to Guy W. Baker of Evansville, West Va., on December 24, 1895, and they continued to make their home in that state until they moved to Amarillo in 1930.

Mr. Baker died 25 years ago. Outside of her home and her family, Mrs. Baker's interest lay

Paul Spillman Asks Re-Election

Paul Spillman authorized The Wellington Leader to announce his candidacy for the office of county attorney subject to the action of the Democratic Primary.

I intend to base my candidacy on the record I have made during my first term and respectfully ask for your consideration for a second term as your county attorney.

Old Paper Pickup Friday

The old newspaper pickup will be held Friday, January 1, the regular pick-up day, Mrs. John Coleman has announced.

This will put the paper drive back on its regular schedule, and all those with old newspapers are urged to have them on their porches or steps where they can be seen from the street.

Funds Still Accepted

Community Donations Bring Hospital Drive Near Goal

Friends of St. Joseph's Hospital have contributed \$3,344 toward wiping out the deficit in 1959 operational costs, and the fund drive is still open, the Chamber of Commerce committee in charge of the campaign announced Tuesday.

The amount already raised is only \$156 short of the \$3,500 goal. This deficit was caused by the large amount of charity work St. Joseph's was called on to do, without outside financial help, the C-C committee explained at the beginning of the drive.

Those who wish to give may still do so, the committee emphasized. Donations may be left with one of the members, C. T. Hubbard, N. M. Higdon, or Sandy Parsons Jr., or they may be left at the Chamber of Commerce office or the hospital.

"The Dominican Sisters deeply appreciate the generosity of this

community and with God's Blessing on each one who had a part," the hospital administrator, Sister Mary Rupert, said this week.

"These generous gifts will take care of our deficit so that we can begin 1960 free of debt in our operations," she added. "Your support enables St. Joseph's Hospital to continue its operation on the same status that it now has as an accredited hospital. We are most grateful to you, our friends."

Since the drive opened, many area residents have expressed concern that the hospital retain its accredited status. St. Joseph's is one of the few hospitals in the area accredited by the joint committee on accreditation of hospitals and approved by the American Hospital Association.

This requires certain standards of operation, and a staff of the

present size, among other things.

In addition to the knowledge that the hospital meets these high standards, accreditation brings other benefits. St. Joseph's is able to secure the services of outstanding specialists when the need arises, and this is one of the major reasons for the community-wide interest in the hospital's continued operation on the present level.

Because of its accredited status, St. Joseph's Hospital received the \$10,000 Ford Foundation Grant two years ago. Under terms of the grant, however, funds could not be used for operational expenses, but had to be spent for improvement of the physical plant or for educational purposes.

In addition to cash gifts, during the drive the hospital also received gifts of merchandise or services and one farmer donated a Christmas turkey.

Daylight Job

Burglars Take \$978 From Pruden Drug

A daylight burglar, who apparently entered Pruden Drug during business hours Sunday, December 27, took \$978 in checks and cash from the vault at the back of the building and escaped without detection.

City Church Plans Meeting Jan. 17 to 24

Guy N. Wood a former minister here, will return to West Avenue Church of Christ to hold a special meeting opening Sunday, January 17, and continuing through the following Sunday, January 24.

Minister J. R. Patterson announced plans for the meeting this week.

Mr. Wood now lives at Memphis, Tenn., and does evangelistic work. The service will be at 10 a. m. and 7:30 p. m. each evening. Following the evening service, there will be a 25-minute geographical, historical and Biblical lecture, in which Mr. Wood will use slides and draw on his own experiences in Palestine.

Clyde Hardin will be in charge of singing. An Oklahoma City resident, he is the brother-in-law of Roy Thomason.

Also during the meeting, a special meeting for preachers of the area is planned on Tuesday, January 19, at 2:30 p. m. at the church. Mr. Wood will be the featured speaker, Min. Patterson said.

Two Men Suffer Near Asphyxiation

Two Lubbock men suffered near asphyxiation Monday night, Dec. 28, when they went to bed in their room at OK Motel with their stove burning and windows closed.

The two, listed as W. S. Barrow and Allan Kelly of Lubbock, were taken to St. Joseph's Hospital by ambulance and underwent treatment until Wednesday.

They were discovered by the motel manager, after they failed to respond to his knocks on their door. Neither was unconscious but both were ill.

Group Attends Church Meet

Five nuns from St. Joseph's Hospital went to the Blessed Martin Mission in Amarillo Monday, December 28, to celebrate the Feast of the Holy Innocents with members of the Dominican Order there.

Going were Sister Rosanne, Sister Mary Rita, Sister Rose Theres, Sister Augustine, and Sister Dominicus.

This observance commemorates the killing of the children of Bethlehem by King Herod.

College-Hospital Plan

Student Gets Preview of Future Profession

Through the cooperation of St. Joseph's Hospital and Massachusetts college, a Denver, Colorado, girl has completed four weeks work here under a program that helps students learn if they are suited for the field they want to enter.

Ann Hughes, a senior in Endicott Junior College, Beverly, Mass., worked as any other aide on the floor at St. Joseph's.

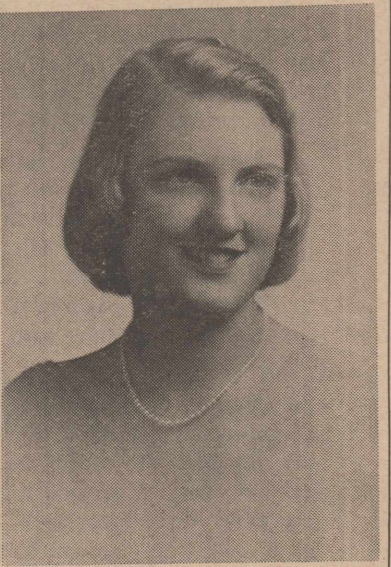

For the four weeks between Thanksgiving and Christmas, every girl in the college finds a job.

"It is part of school, something we must do. There is no choice," Miss Hughes said.

She received only one concession at St. Joseph's. She was allowed in surgery and had instruction in a few extra things not normally included in the work of a beginner nurse.

Each week, she wrote a report to the college on her progress, and with the completion of her stay, she will send a more complete report. Sister Mary Rupert, hospital administrator, will fill in certain forms for the college telling of the student's work.

During the four weeks here, Miss Hughes found nursing what she thought it would be, and next

Ann Hughes

summer she will enroll in the University of Colo. School of Nursing in Denver for its three year course.

The daughter of Bill Hughes, she has visited Wellington a number of times.

While Endicott College is not the only college that helps its girls get a practical preview of the work they want to do, the program is not a common one.

Weekly Newspaper Is You

It's a yellowing clipping in a Bible telling of the birth of a baby who smiled but a little while, otherwise remembered only by parents and God.

It's your life history, and the life history of those you know.

It's your joys and sorrows, and those of your neighbors, recorded by the only news medium in the world that cares about you.

It's your conscience joined with others to form a guard against injustice by government.

It's the difference between you being an uninformed animal, or a human being, knowing and forming judgments based on facts made available to you easily, quickly and truthfully.

It's the support from which you ask and get the strength of many in furthering the welfare of your own world — your community.

It's the only medium that shows the future that your footprints were once made upon the shifting sands of time.

It's the bellringer at your birth, your marriage, and the birth of your children; and tells the bell for you as you begin the long journey.

It's your servant, waiting your pleasure to be read — today, tomorrow, or next week.

It's a record for you to read or keep to read again; or discard; not a voice or a picture for an instant and then gone forever.

It's the record of the day when a fleeting moment of glory descended upon your house for all to remember and those who come after to know.

It's the handful of clippings that brings tears and fond smiles of remembrance to your children and children's children when on that eventful day they must share what was once you and yours.

It's you on your first day of school; and at your graduation.

It's you as a little boy, a bridegroom, a father.

It's you a little girl, a bride, and a radiant mother.

It's you—of you, by you, for you.

CARDS OF THANKS

We wish to express our heart-
felt thanks to all those who were
so kind and helpful to us in the
time of our sorrow at the loss of
our sister. We especially want to
thank Mr. and Mrs. Kelso for their
kindnesses, to Brother Weir for his
kind words and message of love,
to the choir who sang so beautiful-
ly, the pall bearers and all those
who sent beautiful flowers and
nice food. Also to Mrs. Henard and
all who contributed to our com-
fort in this time of sadness, we
thank you all most sincerely.

Babson Forecast

(Continued from Page 1)

part of our national defense.

9. The Russians are afraid of China, which I hope to visit again in 1960. Hence, I forecast that more friendly relations will develop between China and the United States during 1960.

10. Space travel to the moon is largely for propaganda purposes and to take our minds off of the military phases of rocketry, submarines, and breaking the earth's crust. Only the fear of retaliation will prevent the Russians from starting a world war.

Political Outlook

11. I will now forecast who the Republican candidates in 1960 will be Nixon and Rockefeller.

12. The Democratic candidates cannot now be forecast. Senator Kennedy thinks he has the nomination "swept up"; but Johnson and Symington, and even Stevenson, have large followings.

13. I forecast that relations with Russia will become far more important than the question of inflation.

14. The Republican slogan in 1960 will be, "It is always dangerous to swap horses going across a rapid stream." I therefore forecast that the Republicans will have at least a 50-50 chance of success in 1960.

15. In fact, on the basis of their slogan, I look for a Republican victory, though with a very close margin.

16. I forecast no reduction in taxes of any consequence during 1960.

17. I predict that present defense expenditures will be reduced and the money spent on rocketry, submarines, breaking the earth's crust, and education.

18. There will be very little reduction in foreign aid during 1960.

19. I forecast an attempt in 1960 to increase tariffs on goods imported from Germany, Italy, Japan, and other cheap labor countries.

20. I expect 1960 to be a "do-nothing" year for our Congress. Both parties will be working for continued prosperity.

Cost of Living

21. I forecast no substantial reduction in living costs during 1960.

22. The newly imported cheap, low-priced automobiles are here to stay. Their importation cannot be checked.

23. Electric power rates will be lowered in 1960.

24. Clothing should cost less in 1960. In fact, most textiles and plastics will sell for less in 1960.

25. Soap and all forms of washing powder will sell for less in 1960. This applies also to "Wonder drugs" and other chemical products.

26. Cost of wooden homes—due to labor—will advance in price during 1960. Cement and modern machinery will displace bricklaying. Hence, there may not be much increase in the cost of building fireproof apartment houses.

27. The cost of electronic machinery should be higher because of the growing demand for automation to offset the rise in wages.

28. Steel products (especially stainless)—from the tableware used in homes to the steel used to build bridges—will be in greater demand in 1960.

The demand for most food products will increase during 1960. This should especially help the United Fruit Company, as bananas give the most nourishment, at the least cost, of any known food.

30. I forecast increases in rents, maintenance, and taxes. But supermarkets will compete with one another and the housewife should benefit therefrom.

Florida is a good place for middle-aged people to buy a home in a small city as insurance for the time when they retire. Persons buying such homes should depend upon a check from the North every month and not depend upon getting a job in Florida. Even today in Florida one person in ten is over 65 years of age.

Real Estate

31. The price of city real estate will depend upon its parking privileges. Wise municipal officials will pull down old two and three story buildings to make parking lots and municipal garages much more plentiful.

32. The above also applies to suburban real estate. I forecast that new suburban zoning laws will require houses to have vacant adjoining lots sufficient for present and future parking needs.

33. The demand for modern stores and for centrally located apartments will continue to increase during 1960.

34. I forecast that those building a "single" house for their own occupancy will also provide an apartment for rent.

35. I forecast that large commercial farms should be profitable in 1960 but many operators of small farms, not properly located for suburban growth, will sell to some adjoining farmers.

36. Small farms on well-drained land and near enough to a city for future suburban development should be held. I forecast such farms should some day sell for triple their present price.

37. Seashore property should be held. The government can print more bonds and corporations can split and declare stock dividends to make more stock but only God can make seashore property.

I forecast that real estate taxes will increase during 1960. Wise are property owners who make their rentals "PLUS ANNUAL TAXES."

39. As the Russians gradually move westward like a glacier, taking ownership of all property, wise people in Europe will sell their present property and businesses and move to the United States.

40. I forecast that revolutions in mining will continue during 1960, and you may find that you are living on a valuable iron deposit, if not on a gold mine!

Investment Outlook

41. For the first time in the 40 years I have been preparing these Annual Outlooks, I shall not take a position on the Dow-Jones Average for 1960. I am, however, inclined to believe that the stock market in general will hold up at least until after the election. Then there may come a break, whichever party wins the election next November.

42. I forecast 1960 will be the year to buy good bonds. United States Government Bonds yielding 5 per cent are a great bargain. Anyone buying them is bound to make money. I also like all non-taxable bonds and also some taxable but convertible bonds.

43. I forecast some chemical stocks will still be a buy in 1960, although they yield little income and are good only as growth stocks.

44. There will be failures by the thousands among those companies now issuing electronics stocks. Electronics issues have become a popular fad. There is also unemployment ahead for many who are now working in electronics factories.

45. I forecast that the stocks of electric power companies, but not those of large cities, will be in greater demand in 1960.

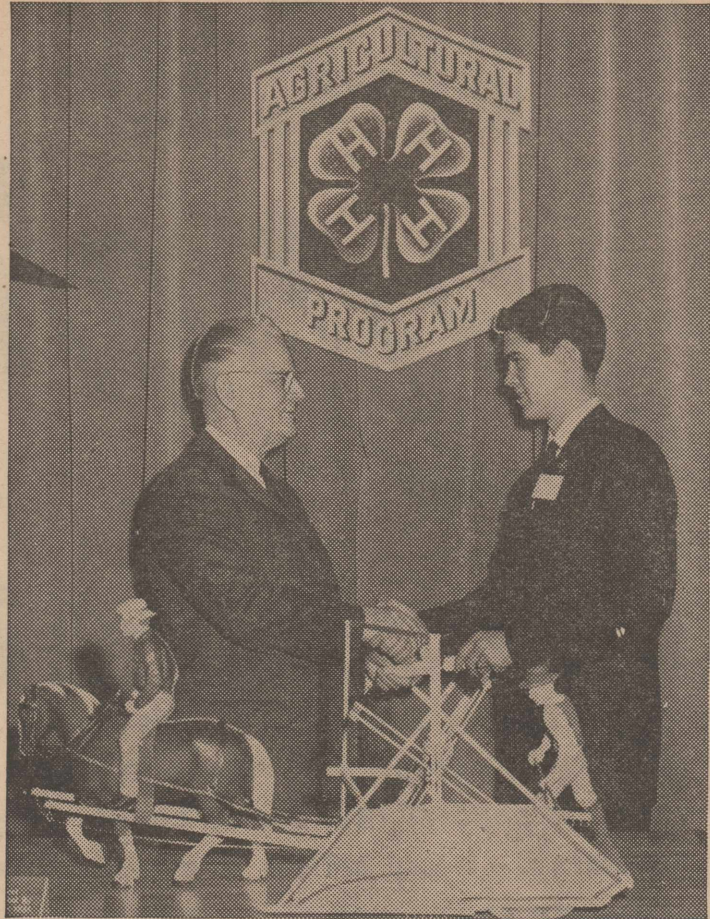

46. Of all stocks, I forecast that United Fruit may be most in demand in 1960.

47. I predict that only a few railroads will be popular during 1960, such as Canadian Pacific, Union Pacific, Northern Pacific, and perhaps Southern Pacific and Atchison. I am bearish on Pennsylvania Railroad, New York Central, New Haven, and all short lines except for the Norfolk & Western, my "pet gravity road." I also fear a short railroad strike.

48. Failures will continue to increase during 1960.

49. I forecast that the huge national roadbuilding program will give an uplift to business as it progresses.

4-H Boys' Agricultural Awards Winner

Roy Dee Gregg, 17, of Plainview, Texas, receives \$400 scholarship from Frank W. Jenks, International Harvester president, during 38th National 4-H Club Congress in Chicago. Roy was one of the six winners in the National 4-H Boys' Agricultural Awards Program sponsored by Harvester. In the foreground is a miniature replica of Cyrus Hall McCormick's 1831 reaper which revolutionized agriculture.

50. There will be no marked changes in money rates during 1960. Inflation will gradually continue, but may not be serious during 1960.

The best investment policy during 1960 will continue to be well-diversified portfolio with one-third in stocks for possible growth profits, one-third in bonds for safety and income, and one-third in cash in order to have funds available for investment in the severe and sudden drop in the stock market which will come some day.

Conclusion

The three handicaps to American

business in 1960 will be increasing installment purchases, the unfair demands of labor union leaders, and President Eisenhower's physical condition. The three hopes for America are our churches, our schools, and our praying parents.

Everyday Specials

for Smart Bargain Hunters

You'd stop . . . and you'd act . . . if you ever saw a sign like this in some store window. All of us like Bargains, hunt Bargains . . . and grab them — if we recognize them.

- But some of us don't see the biggest bargain of all — the dividend we draw from buying at home.

- Statisticians tell us that a home-spent dollar will turn over an average of three or four times in the

community before it moves on to some other area. That means \$3 or \$4 or more local trade volume for every dollar we spend here. Which makes the "\$3 for \$1" sign not too far-fetched after all.

- More local trade volume results in greater local prosperity . . . and all the fine things that go with it. Thus . . . the biggest GENUINE BARGAINS in the world: the things we buy at home.

U. S., States, Help Blind

In the United States, under the Social Security Act, the federal government helps the states to give financial aid to meet the basic living needs of some blind persons who are not self-supporting — such as food, clothing, shelter and medical expenses, according to a pamphlet released by the American Foundation for the Blind in New York. This of financial assistance is available to eligible blind persons in every city and county in the nation.

A cowboy who can keep in balance upon and with a horse, and who can ride long distances without retightening the cinches or galling the horse's back, is known as a "light rider."

Tom's Red Top in New Location

Tom's Red Top Cafe will move to a new location on the east side of the square and will be open for business there on Friday, January 1, Mr. and Mrs. T. B. Wilkins, owners, announced this week.

The location is in the old Pullman Cafe building.

Free coffee and donuts will be served from 5 a. m. to 11 a. m. on the opening day.

"We feel this is a more convenient, and more modern location, and that our customers will enjoy it as much as we will," Mrs. Wilkins said.

Associated with them in the cafe are their sons and a daughter-in-law, Mr. and Mrs. Tom Wilkins and Pat Wilkins. Also employed as waitresses are Mrs. Pete Hartman and Miss Joy Hartman, while kitchen workers are Lucy Meadows and Fredonia Meadows.

"We extend a cordial invitation to all our friends to visit us in our new location," the owners said.

Judge and Mrs. R. L. Templeton and son returned Sunday after visiting during the holidays with relatives in East Texas. They were guests of his sister and brother-in-law, Mr. and Mrs. Lyle Scott in Brashear, and visited with her sister and family, Mr. and Mrs. George Hutchings and family at Palestine.

ROCKET TRIP TO THE MOON!

If and when Uncle Sam decides to launch a space craft, he will have no problem in recruiting a crew to man the ship. Newspaper advertising can do the recruiting job. In fact one such advertisement has been run in one newspaper. It brought a flock of responses from prospective space travelers.

Last spring Farr Tours, a travel agency, published an ad in a Florida newspaper with the headline, "Space Available Now! New Deluxe Ion Rocket Ship to the Moon." The advertisement was a gimmick intending to show what the agency's offerings might be in 1987.

When the travel agency received 150 requests for reservations, the copy writer who prepared the advertisement concluded that newspaper advertising could sell anything. "It proves again that people read newspaper advertising and act on it," he said.
