Talco Wins Over Deport 46 to 13 On Trojan Field

By CLAUDE PARR

Talco Trojans slipped past the Deport Tigers 46-13, in Trojan stadium Friday night. Deport has a better club than the score indicated. The Trojans took full advantage of the breaks that came in the game. Doak Walker, T. G. Temple, Eddy Dunagan, Lon Jones, and Jimmy Cox shared in the scoring. "Skeeter" Horn, Billy (fat boy) Duke and Jerry Spruell helped the Trojans pick up extra yardage needed to push the Trojan advance.

The Trojans kicked to the Tigers, who started an advance, but Eddy Dunagan came through and intercepted a Tiger pass, moved up to the 10 yard stripe. Then the Trojans called on an old man of football, "Doak" Walker, who danced off tackle for the first Trojan tally. Gene Cox planted the pigskin between the uprights for the conversion.

The Trojans kicked to the Tigers, who unable to score, punted. Receiving the ball, the Trojans started on the move, "Skeeter" Horn ran the ball to the opponents 3 yard line, then Lon Jones faded back to pass, found T. G. Temple in the end zone and connected for the pointer. Gene Cox kicked the conversion.

To begin the second stanza the Trojans kicked to the Tigers who marched to the 40 yard stripe. A Tiger pass was intercepted by Eddy Dunagan who raced 40 yards for the Trojan pointer.

The Tigers still in the spirit, received the kick, and started on the march. Shew slashed off left tackle and reached the goal line, but stepped out of bounds on the 20. The ball was put in play at that point and the Tigers worked to the 10, where H. McLemore received the ball and raced 10 yards for the Tiger 6 pointer. Try for extra point was no good.

During the half the Trojan 1948 squad crowned their Football Queen, picked by popular vote of the squad. The queen was attended by eight princesses, Miss Jane Little escorted by Billy Mauldin, Miss Billy Dean Scarborough escorted by Jerry Spruell, Miss Norma Hanks escorted by Edward Frye, Miss Jo Nell Haynes escorted by Lon Jones, Miss Wanda Chapman escorted by "Skeeter" Horn, Miss Bonnie Dunagan escorted by Neal Hahn, Miss Mary Walker escorted by Gene Cox, and Miss Glenda Ferris escorted by "Doak" Walker. The queen, Miss Julia Eiles, was escorted by the captains, Eddy Dunagan and Jimmy Cox.

To begin the second half the Trojans kicked to the Trojans, who marched down to the 40 yard line, where Lon Jones connected with Jimmy Cox in the end zone for the 26th point of the game. The Trojans kicked to the Tigers, who on a series of plays reached the 45 yard marker. A pass was again intercepted by Eddy Dunagan who raced 30 yards for his second TD of the game. The Trojans kicked to the Tigers who lost the ball on downs. The Trojans reached the 40 where the ball was given to "Doak" Walker

Pointed Questions From Co. Agent

Here are a few direct questions from Titus County Agent A. H. Karcher Jr., directed to farmers:

"Have you destroyed the cotton stalks to help prevent boll weevils in 1949?"

"Do you have your land protected by cover crops such as vetch, winter peas, rye, oats, or barley?"

"Do you have salt and mineral cut for your livestock and poultry?"

"Have you ordered your chicks for 1949?"

"Have you killed your rats or do you plan to board them another year?"

J. L. Posey Dies Suddenly Friday

James Lloyd Posey, 58, died of a sudden attack of illness, as he was backing his car out of the garage at his home at Pattonville, Friday about 10:30 a. m. No inquest was held, his physician being called, and indicated that death was due probably to a stroke.

Graveside service Sunday at 2 p. m. was conducted in the Smith Cemetery at Rosalie by the Rev. Curtis Hoover, Bogata Baptist pastor.

Shell Oil Stakes Its Third Test

Shell Oil is reported to have staked its third test in the Mitchell Creek Paluxy pool. It would be No. 2 J. L. Hedrick, 870 feet northwest of the No. 1 discovery and in the Westernman survey. The firm is preparing completion attempt at No. 1 Glower, northeast of the discovery.

Travis Clair DeCastro of Texas, is the new Texas Highway Patrol officer assigned to Mt. Pleasant. He has just completed attendance upon a recruit training school, along with 65 other new officers, authorized by the last legislature.

The State Highway Department awarded contract for Farm Highway 276, 8.09 miles, grading drainage structures, flexible base and surfacing, from State Highway 154 near Birthright to Peerless, L. W. Pelphrey Co., Glade-water, \$104,602.

who raced the remaining yardage for the tally. He also ran the extra point.

Kicking again to the Tigers, the Trojans received the ball on downs, marched to the 50 where Lon Jones ran off tackle for the last TD. "Doak" ran the extra point.

The last 10 minutes found Talco's 2nd team playing the game. These boys held the Tigers remarkably well, but Deport put on the powerhouse and plunged a touchdown. Will Shew Jr. made the pointer and McLemore kicked the extra point.

Next week the Trojans play the James Bowie Tigers at James Bowie. Deport has an open date.

Spotlighting Men T. H. S. Athletics

By CLAUDE PARR

Jerry Spruell is one of the Trojan basketball lettermen of last year. He played left guard on both the "A" and "B" squads. Last year Jerry was on the football squad but was unable to letter, so he took to the sport of basketball; he also ran the high and low hurdles on the track team. Played on the baseball nine in the outfield and hit a consecutive .250 as a right handed batter. This year we find Jerry on the left end and linebacker positions. Jerry also plans to join in the other Trojan athletic events. He is now a senior, 5 ft. 10 in. tall and weighs 145 lbs.

Lon Jones is another of the basketball lettermen from last year, also played on the "A" and "B" squads. Lon started his school life in Talco, last year he was a member of the Trojan football squad. On the track team Lon took honors in vaulting and the 880-yd. dash. Played 2nd base on the baseball team and hit a consecutive .250. Lon is a senior, 5 ft. 8 in. tall and weighs 128 lbs. He also plans to help the Trojans in other athletic events.

School Classes Name Favorites

Classes of Talco High School met Monday to elect their favorites. Named are: Freshman — Glenda Ray Ferris, Buddy Barnwell; sophomore—Muerlene Bean, R. E. Loftin; junior—Neal Hahn, Peggy Taylor; senior — Wanda Rogers, Delois Horn.

New Food Store Open at Talco

Van P. Cato has completed construction of a new building at Broad and Fourth streets which houses his cash food store, which he opened on Monday.

The building is 30x32 feet and sets back from the property line allowing for parking space.

Standard brands of food have been stocked and home killed meat will be used in the market department.

The place will be known as Cato's Food Store and will be operated by Mr. and Mrs. V. P. Cato.

Mr. and Mrs. Fred Coker went to Dallas Thursday of last week. Mr. Coker returned Friday, while Mrs. Coker remained until Sunday.

Gilmer to Stage Big Yamboree

When October arrives annually, there's "no business but show business" where Gilmer and Upshur County folks are concerned.

Gilmer's population of approximately 4,000 goes all out in preparing for the annual East Texas Yamboree, the glamorous fall festival honoring the yam.

Preparations to stage the eleventh annual East Texas Yamboree Oct. 28 through Oct. 30, have been underway for the past two months, with most plans now completed, Royce Hogg, president, has announced.

Mr. and Mrs. T. L. Barton of Talco, spent the week end with the latter's parents, Mr. and Mrs. Luther Roberts, at Bogata.

Mt. Vernon Optic-Herald issued a 24-page edition last week in honor of its 74th birthday. That newspaper is a valuable asset to its town and county and Mt. Vernon merchants liberally patronize its advertising columns every week in the year. No newspaper can do a good job without it.

Tuesday of next week is election day. From here it looks like Dewey will win an easy victory. What was once the Democratic party, made up of voters who believed in the Jeffersonian theory of government is no more. The leftists, pinks and reds will vote for Wallace; New Dealers and Union Labor will vote for Truman; Thurmond will vote the vote of States Righters, while Dewey will carry all but a few of the Deep South States.

SEVEN LAMAR MEN ANSWER DRAFT CALL

James D. Barnes of Pattonville, was among seven Lamar County men called for physical examination for army duty last Friday. Frank Condray, chief clerk of Local Board No. 83, said the third call, for 20 men, would be issued Nov. 17. Previously, 10 men from Lamar County were ordered up, which will bring to 37 the total number of men involved in the first three draft calls.

Fire Damages Cheatham Home

Fire damaged the kitchen at the home of Mr. and Mrs. Curtis Cheatham of Deport Tuesday morning about 8:30. Mrs. Cheatham who was preparing breakfast had gone to the store room for a few minutes when grease in a pan caught fire. Discovering the fire, she moved the pan of burning grease from the stove to the sink, the blaze igniting the window curtains, shades and paper.

Deport Volunteer Fire Department answered the call but Mrs. Cheatham had extinguished the fire before firemen arrived.

THANK YOU

May I humbly say thank you all for the kind words of sympathy, flowers, cards, the food and all other means of help in my great loss. Myron said "It will be easier for you with all our friends." Eight Amendments Will be Submitted To Voters Nov. 2

Eight Texas constitutional amendments, some of which were published in this newspaper, will be placed on the general election ballot for the election on Nov. 2.

Hottest issue is a proposed change in voting districts. It will be second on the ballot. This amendment grows out of the failure of the Legislature to reapportion legislative districts on the basis of population since 1921. The Constitution now says the Legislature shall do so after the United States census every ten years. But it does not compel the action.

Since the last apportionment, the population in some areas of the state, particularly in the Panhandle, the Valley and parts of East Texas, has increased greatly. The proposed amendment would provide a board to apportion the state into senatorial and representative districts if the Legislature fails to do so.

The proposed amendments will be in this order and will call for these things:

1. Permit counties to provide insurance for employees. That insurance is not authorized at present because public money cannot be spent for private individuals.

2. Provide a board to apportion senatorial and representative districts if the Legislature fails to do so.

3. Permit changes in community property that would in effect prevent both husband and wife being taxed for inheritance.

4. Clarify succession to the office of Governor. The recent row over the Governor's office in Georgia prompted this amendment.

5. Increase the tax exemption on all resident homesteads to \$3,000 if another amendment which is No. 7 on the ballot, is adopted.

6. Put all peace officers on a salary basis. Some are now paid by fees.

7. Prevent the state from levying ad valorem taxes for general revenue purposes after Jan. 1 and permit counties to levy them for two purposes—farm to market roads and flood control. School taxes levied on an ad valorem basis would still be within the state's jurisdiction.

8. Provide retirement and compensation for judges and commissioners of appellate, district and criminal district courts.

A survey recently completed shows that since 1876 approximately 1,929 amendments to the Constitution have been proposed in the House and Senate. Up to 1945, 170 of these had been submitted to the people and 94 had been adopted.

BONES

A bride and groom were going abroad on their honeymoon. While leaning over the rail of the ship, the bride dropped one of her rings overboard. She was deeply grieved over the loss. Some days later, dining in a hotel in Naples, they ordered fish. What do you think they found in the fish? Bones.

Now that there are no ceilings there's nothing the customer can hit when he hears the price.

VOTE FOR Judges Retirement Amendment

(The last on the ballot)

AND ASSURE

1. Economical and efficient administration of justice.
2. A more independent judiciary.
3. Keeping competent judges.
4. Security for the aged and infirm, as has been provided for school teachers, state and county employees, policemen, firemen and others.

Join the 31 other states and the United States that have improved their courts by providing an adequate retirement system.

Alcorn Takes Philosophic View Plight Democrats Now Find Themselves In

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, doesn't seem very worried about the national political situation, his letter this week reveals.

Dear Editor: My neighbor out here has been mighty low the past few days, sayin' it's all up for the Democrats and we're in for Republicans and a eventual depression, but I don't take that view, since my radio played out and I didn't get to listen to the national conventions and consequently have a open mind on the matter.

Now I'm aware that the Republicans is already convinced they have got the election won and I understand the Dewey children is invitin their playmates to visit 'em in the White House in January, but I figure we'll go ahead and hold the election anyway.

And also, I notice some Republicans is beginnin to sweat a little after President Truman called em back into session with the suggestion if they've got the solution to inflation and world peace and the high price of groceries and a lack of cars and houses, now's as good a time as any to put it into effect, no use

waitin six months until next January to do it, although I got a idea Truman is gonna have as hard a time gettin the Republican Congress to start solvin problems as I been havin gettin candidates to tell me exactly where they're gonna build country roads, and I suppose his plan is a little unAmerican, as the custom always has been to run like h— on generalities and promises and go light on bein specific, don't make no difference whether you're runnin for constable or president.

However, I been reassurin my neighbor. There ain't no use in frettin and worryin. If I was gonna plant a crop next year, I'd go ahead and plan on it. After all, the Democrats has been in for sixteen years, which is ever as long a stretch as they've ever had, and if the time has come for the Republicans to win, the country has stood it before. That's one think I like about this country: we have about the same number of boll weevils under the Republicans as the Democrats. If the boll weevils can stand it, you and me might as well get ready to do it too.

Yours faithfully, A. A.

LARGE CROWDS ATTEND STOCK SHOW AT DEPORT LAST WEEK

Despite low clouds and an occasional sprinkle of rain, the North Star Stock Show got off to a good start on Thursday morning of last week at Deport, when to the strains of martial music supplied by Talco's High School Band, a parade of 126 saddle horses and riders wended its way from the athletic field to Main street and return.

There were big and little horses—big and little riders. Show horses with docked tails and plantation animals with a fox trot so smooth the rider could carry a brimming full glass of water. Every kid with a big hat, boots, spurs, jeans britches and a pony had a field day. Many came from great distances, riding their mounts in.

Buck Mathews and Lee Lawler led the parade, followed by color bearers Mack Mitchell of Bogata and Fayette Redell of Paris, the Talco School Band and then the horses.

Thursday's program included a horse show, most beautiful lady rider and horse and a kid pony and rider contest for children under 12 years of age, and calf roping contests.

A Fox and Wolf Hound Show was held that evening at 7:30 o'clock.

Friday's program included showing of beef and dairy cattle, FFA and 4-H club entry judging and swine show.

Pete Storey, secretary of the show, was arena director. Lee Lawler was announcer.

Judges for the horse show were Phil Hurdy, Roy Davis and Mr. Arnold of Texarkana.

Barbecue beef dinners, hamburgers, hot dogs, coffee and cold drinks were served the visitors by members of the Deport Lions Club under the direction of Vernon Westbrook.

The big country dance, slated for Friday night, was postponed because of a football game between the Deport Tigers and Tal-

co Trojans at Talco. Winnings at the show follow:

TEXANS ARE PARTICULAR

A Texan stood at the pearly gates of Heaven and knocked for admission.

"Is this Heaven?" he inquired of St. Peter.

"Yes, and who are you," inquired the guardian angel.

"Bill Jones from Texas," was the response.

"Well, come on in, but you won't like it."

REMEMBER THIS ONE
The waiter had suggested several times that the diner try the soup. Impatiently the customer countered with, "Is it obligatory?"

"No, indeed, sir—it's mulligatawny."

IDLE SPECULATION
"In case of war," said Uncle Ned, "we've problems as these: Panama has all the locks."

While Florida has the keys."

In 1947, 990 Americans were killed and 22,000 injured by automobiles with defective brakes. Check your car and check accidents!

Your Build May be Key to Success

NEW YORK.—Whether you're tall or short, introvert or exhibitionist, stock or skinny may be the reason why you're always getting promotions in business or why you never get any.

Dr. James F. Bender, head of the National Institute of Human Relations, says that his research shows definite physical and social traits existing in leaders which are lacking in those who follow.

Tall men more often climb the proverbial ladder than short men, Bender said. Stocky men, more often than skinny men are the balls of fire that rise from office boy to president.

But if you're inclined to be flighty, generally depressed, self-centered or shy, the chances are you'll always be one of the sheep instead of one of the successes, the psychologist added.

But there's more to being a business big-wig than being big and heavy, brother. The month you were born has something to do with it, too.

"Leaders are born in February and March more than in July and August," Bender said. "The best months for conception in the north temperate zone, it has been shown, are in May and June when the physical energy of the parents is at maximum."

But surprisingly enough, leaders don't have very high intelligence, Bender said. Their intelligence proved average, which permits them to establish liaison with workers. The genius class never produces leaders, he said.

One of the most interesting things revealed by study was differences between male and female leaders, Bender said.

"The males put on less display

and were interested in things. Women leaders proved to be exhibitionists of the highest type who got ahead by their interest in "people—both sexes."

What is advertising, anyway?

A lot has been written about advertising.

A lot of speeches have been made about it.

But the whole fact in a nutshell is—advertising is simply a time-saver.

It saves time for the man or woman who wants to buy something—and for the store or factory with something to sell.

And like most time-savers, it's a money-saver too.

No Seeing Eye Dogs for Coupons

A report is being circulated in Bogata and Sulphur Springs that blind persons might receive seeing-eye dogs free by collecting coupons and wrappers from certain brands of tobacco and cigarettes.

G. M. Harris of Sulphur Springs, who represents a tobacco company, has given the editor a copy of a letter from The Seeing Eye of Morristown, N. J.,

stating there is no truth in the rumor. People who have been attempting to aid blind friends in such work are advised in this letter that their work is useless and that they should save such blind people from disappointment.

"Revouers" took two Titus County stills; one in Anderson County and one in Harrison in September, destroyed 10 gallons of moonshine liquor, 200 gallons of mash and made two arrests, the Liquor Control Board reports.

Slight Damage Follows Explosion

Safety valve on an acetylene welding generator at the Kelsey Motor Co. shop in Deport blew up Wednesday afternoon. Report of the explosion, which occurred about 2:30, was heard throughout the business district. No one was near the generator at the time and none of the employees was hurt. Dale Wilkerson of Bogata, had been operating the machine.

Fire followed the explosion, but was extinguished by employees, before the Deport Volunteer firemen, who answered the call, arrived at the scene.

The generator was damaged and one of the plate glass windows in the shop was broken as

Skeen Gathers Cotton Crop Mechanically

Wm. N. Skeen is using a John Deere cotton harvester to gather his cotton crop. He put a chemical on the plants to destroy the leaves and the machine strips the bolls from the stalk. Burr extractor at the gin removes cotton from the burr.

Skeen started his machine, which is attached to a tractor, Wednesday afternoon. "Two men and a tractor can gather about 20 acres a day," Mr. Skeen said in discussing the new method of harvesting cotton.

These cotton gathering machines are popular in West Texas. result of the explosion. Cause is not known.

Red River County Mother Kills Self

Mrs. Ike Joplin, 35, after sending her two small children away from home near Blakney on an errand, slashed her throat with a butcher knife, and was found dead about 5:40 p. m. Tuesday.

From where I sit ... by Joe Marsh

Want To Join Our Club?

Newcomers to our town are puzzled when they hear talk of "The Barbecue Club." Want to know who can join, and what the purpose is.

Well, the answer is: any one can join who's neighborly inclined. The purpose is simply to enjoy good food, good beer and ale, good conversation—all towards getting to know one another better.

Every other Saturday, at one farm or another, the pit is dug, and the fire started. And by sundown, neighbors from miles around have come together—the women

contributing cakes, pies, and coffee, the men contributing the meat for barbecuing, and the beer or ale.

From where I sit, it's this simple wholesome side of country life in America—its spirit of good-fellowship—that makes for tolerance and better understanding between neighbors.

As I say, Neighbor, any one can join up! So come along a week from this Saturday.
