Bingo! Voters Will Decide Issue Saturday

The question of whether Collingsworth County will have legalized bingo games for charitable purposes as authorized by state law will be determined in a county-wide election to be held Saturday April 3, the same date as several other elections.

Since there are factors about this election that will be different from all other elections being held on that day, County Judge Bob Watson has urged voters to consider it carefully.

All 8 voting boxes in the county will be set up for the bingo election, and each voter will cast his ballot in the place where he regularly votes in elections such as the county democratic primary.

Those who participate in the opinion poll on the tax office will also fill out that questionnaire at the same locations as the bingo election.

If they vote in the hospital board, city of Wellington, city of Dodson or either of

the school board elections, they are asked to consult the story relating to that particular election, in this issue of The Wellington Leader.

Location of the voting boxes in the bingo election will be:

Box No. 1: Wellington High School: John Coffee, judge, Teddy Martin, assistant.

No. 2, Dodson American Legion Hall, Olan Farris judge, Mrs. Howard Hunt, assistant.

No. 3, Courthouse, in an office on the east side of the building, Willie Faye Patrick, judge, Jo Rita Henard, assistant.

No. 4, Lutie, Willie Knoll, judge, Selba Rainey, assistant.

Boxes 5 and 6, Samnorwood, gymnasium foyer, Lenora Phillips, Judge, Worth Shields, assistant.

No. 7, Wellington, Bura Handley Community Center, Mrs. Ernest Harwell, Judge, Mrs. Buddy Carter, assistant.

Box 8, Quail, community center (old school building) Mrs. D.R. Langley, judge, Mrs. Donald Tarver, assistant.

Box 9, Wellington, elementary school, Raymond Horton, judge, Mrs. Maxie Baker, assistant.

32 absentee ballots had been cast in this election Tuesday at noon.

Wording on the ballot will read: For or Against: "Legalizing bingo games for charitable purposes as authorized by the Bingo

Enabling Act in Collingsworth County, Texas."

For those who read Spanish but not English, the proposition on the ballot will read: A favor de o en contra de: "Legalizar juegos de bingo con propositos caritativos como autorizado por el Acto Permitiendo Juegos de Bingo en el condada de Collingsworth."

Misunderstanding apparently remains on whether persons over 60 years of age can play bingo in a county

Firemen Raise Funds For Quick Entry Tool

Wellington volunteer firemen are raising funds to buy a quick-entry tool, which in case of fire would enable them quick entry into buildings by cutting through ceilings, as well as steel or concrete, Fire Chief Danny Gray has announced.

Plans to buy the 30-pound tool, which can be carried by one fireman, materialized after the fire which destroyed Lyman's Automotive. The firemen believe if they had owned one of these, they could have controlled that blaze more

quickly.

The tool can also be used in case of a vehicle accident to cut through the metal and remove trapped passengers.

Cost of the tool is \$634. "We have quite a few donations, but we still need a little more money," Gray said.

Those wishing to make a donation can contact Gray at Owens Supply or Eddie Davis at the city office. These two and Tony Stephens have collected most of the funds.

Any money that is left

over after the quick-entry tool is bought will be used to buy helmets or coats, the fire chief said.

Those who have made donations include Childress Mattress Co., John Holton and Johnny Holton, Owens & Scott Thriftway, 1st Wellington Agency, Ingram Cleaners,

Lewis Venture Foods, Cecil Browning Shoe Shop, Cleveland Paint and Wallpaper, Leon Hartman Electric, Cablecom General, Wellington Leader, Owens Auto Salvage, Langford

Norwood Baptists To Open Revival

The Samnorwood Baptist Church will be holding a revival beginning Sunday, April 4 through Friday, April 9, the Rev. Rick Smith, pastor, announced.

Evangelist for the revival is the Rev. Dale Cartwright of Lipan. This is the second revival that Cartwright has held for Samnorwood. After 17 years as a pastor, he is in full-time evangelism.

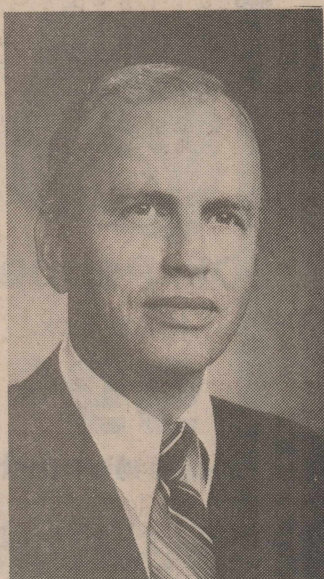

Leading the music will be Larry Sinclair from Ft. Worth. He has been in evangelistic music after singing in a religious group known as the Followers.

The services will begin Sunday morning at 11 a.m. with a fellowship dinner following the service. Evening services will begin each night at 7:30 with a prayer time at 7 before each service.

Each night there will be something special.

Monday night will be Adult Night with a special testimony. Tuesday night will be Sunday School Rally Night. Wednesday night the emphasis will be Youth Night with a supper for the youth at 6 p.m. in the basement of the church. Thursday night will emphasize the children, featuring a korny dog supper at 6 in the basement, for all children.

The concluding service centers on The Family.

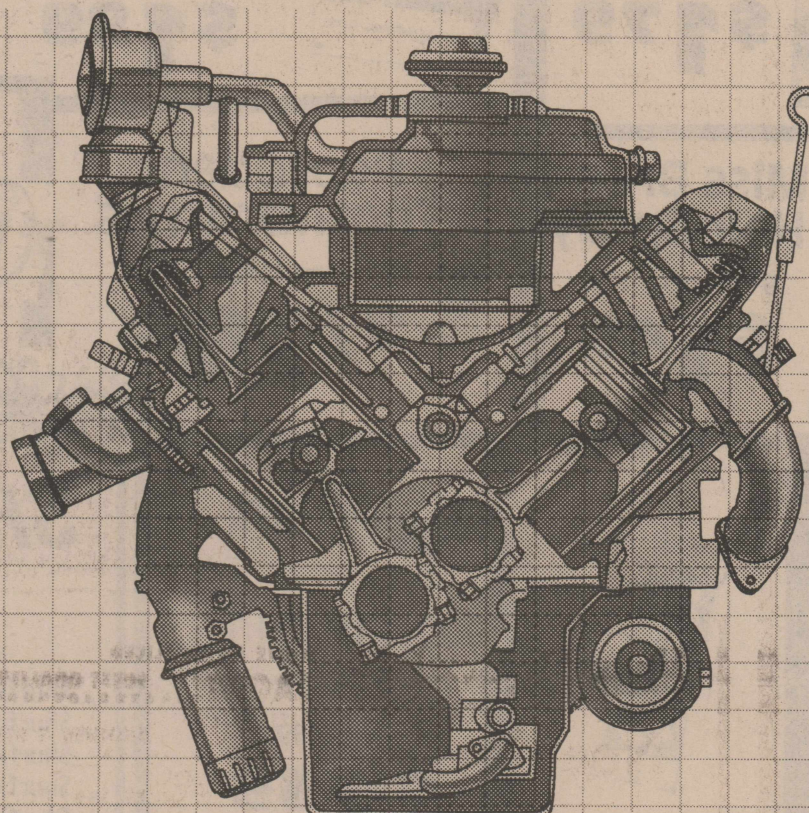

REV. DALE CARTWRIGHT

There will be a fellowship following the final service with activities planned for all ages.

Although each night has been given a title, everyone is invited to attend each service. This revival is planned to go along with all Texas Baptist Churches with the theme "Listen Now, Hear Forever." "However, because of conflicting datings with the evangelist our revival is a week later than most churches. We welcome you to each and every service," said Rev. Smith.

Our forefathers didn't know of shoe polish as we do. Goose grease cleaned and polished their boots.

Hospital Auxiliary Reviews Donations, Other Activities

Through the efforts of Collingsworth General Hospital Auxiliary, two new rocking chairs were donated to Collingsworth General Hospital this past week by the Hospital Auxiliary. The chairs are sturdy and low, enabling all patients to be comfortably seated in them.

This is one of the first completed projects, besides service of the newly formed hospital auxiliary.

The chairs were purchased from Tom Wilkins, who also gave a cash donation to the organization, thus making it possible to purchase two chairs instead of one.

At a recent meeting, the Auxiliary members voted not to join the Texas Association of Hospital Auxiliaries at this time. With the limited funds of a new organization, it was decided that the membership fee could be better used here in our own community.

A membership and fund raising drive is being planned for April. If it can be arranged, this will take

place in the patio garden of the hospital, with all hospital auxiliary members

Deborahans Hold Social

The Deborah Sunday School Class of First Baptist Church held its social Thursday evening, March 25.

A salad supper was served, with Mrs. J.F. Isaacs giving the devotional. Afterwards, the group had a prayer service for the revival services which began Sunday night, March 28.

Those present were Mrs. Ray Clubb, Mrs. Malcolm Horton, Mrs. W.F. Harbin, Mrs. J.F. Isaacs, Mrs. Rufus Sweat and her granddaughter, Crystal Coley of Dallas, Mrs. Edna Bradley, Mrs. Mable Ingram, Mrs. Dollie Mae Wilson, Mrs. T.B. Wilkins, Mrs. Ben Wilhelm, Mrs. Tom Cunningham, Mrs. John Brim and Mrs. T.E. Lennon.

involved.

The volunteers hope the public can see what is being done by the organization and also be able to take any patient out for refreshments and a little fresh air.

Mrs. Lynn Wright, auxiliary president, announced that dues are payable by the first of May. She also announced that a committee consisting of Mrs. Bill Hatch, Mrs. Leon Hartman, and Mrs. Dick Richards is working on tray favors including birthday favors and cards to store for use when needed.

This is an unusually active new organization, which is working hard for its community. All members do not have to put in service hours at the hospital, although they are needed.

Extra membership dues can be used and certainly donations for the betterment of the hospital are needed.

FACTS & FIGURES

Over 90 percent of the carpet sold today is made from polyester fibers or nylon. Many people prefer polyester carpets because of their greater soil and static resistance, and durability.

Surveys have shown that a customer's number one priority when buying carpeting is color, with styling following a close number two.

Foster Whaley

State Representative Foster Whaley deserves re-
election to another term.

Whaley has served four years in the legislature
and now has appointments on the important ap-
propriations committee and is vice chairman of the
constitutional amendments committee.

He's also one of only a handful of represen-
tatives that finances his campaign without
donations from special interest groups outside his
home district.

And Whaley and his wife both work full time at
the job. (We're getting a bargain for our money.)

But perhaps Whaley has served his constituents
best in helping them with day-to-day problems in-
volving state government.

An example: A couple of years ago four
Wellington women, whose ages were 72 to 85, had
been denied eligibility for continued nursing
assistance. They were about to be forced to leave
the nursing home because they could not make
payments. The nursing home contacted Whaley
and he drove to Wellington and interviewed the
four women. Then he got on the phone and talked
to Jack Blanton, executive director of the Texas
Department of Human Resources. Whaley ex-
plained the situation and the ruling was reversed.

That kind of interest in matters small and large
makes Whaley a good representative for our
district.

SKY-HIGH TERROR

AUSTIN -- Ten people
recently died in Houston in
a terrible fire in the middle
of the night. Put yourself in
their place for a moment.

You're in a strange town,
asleep in your hotel room.
You're either all alone, or
with your family. Suddenly
the smell of smoke awakens
you. You jump up and try
to find your clothes so you
can leave. You stumble
around for a light switch.
You think you find it, but
the lights won't work.

Now you are really scared.
Smoke is coming into your
room from under the door.
You run to the window and
look down. All you see is
pavement and concrete 40
feet down. You run to the
door and burst out into the
hallway. It's full of smoke
but you make a run for it.
The next day, they put a
note about you in the news-
paper. It ends "withheld
pending notification of next
of kin."

That was the way the last
weekend on earth was for
those 10 in Houston.

It shouldn't have ended
that way and doesn't have
to be that way for others.
Houston Fire Chief V. E.
Rogers said a sprinkler sys-
tem in the hotel would have
reduced the death toll.

We supported a bill that
would have required sprink-
ler systems in new hotels
and hotels that were recon-
ditioned. It would not have
required systems for exist-
ing structures. The sponsor
of the bill thought that
would be too great a burden
for hotel owners.

Even this modest measure
did not pass. The powers
that be in this state decided
it would be too expensive to
require builders and re-
modelers of hotels to install
sprinklers.

This is not the first time
people have taken a calcu-
lated risk. Indeed, there is
nothing wrong with doing
so. We do it every day
when we don't put on our
seat belt in our car, or may-
be even when we get into
the car to begin with. The
key is that the decision to
take such a risk must be re-
asonable.

Was the decision not to re-
quire sprinklers in hotels
reasonable? That's up to
you to decide.
Write to Senator Bill
Sarpalius and tell us
whether you think hotels
should have sprinkler sys-
tems. Our address is P. O.
Box 12068, Austin, Texas

Letters From The People

Dear Editor:

Apparently there has
been very little debate
concerning the upcoming
BINGO election. We have
heard from Pastor Hayes
and now from Mr. Harrison.
They have discussed the
issue from opposing view
points. I should like to
express my support for
Pastor Hayes. His was a
well thought out letter after
a sincere study of the issues
involved. He had read the
law and knows that
gambling always brings in a
criminal element where it is
legalized. It seems to me we
have more than our share of
this element already without
opening another door for
them.

Frankly, I was reminded
of the Scriptural account in
Genesis chapter 3, of the
conversation between Satan
and Eve. It goes like this:

Satan--"Eve, did God
really say you could not eat
of the fruit of the garden?"
Eve--"He told us we could
eat of the fruit, however, He
warned us that if we ate the
fruit of the tree in the center
of the garden that we would
die the day we ate of it."
Satan--"Surely you aren't
that naive. God knows you
won't die but that it will
make you wise and like
Him."

So Mr. Harrison says in
essence, "Pastor Hayes,
take a bite of the fruit of
gambling and see what fun
it is to get something for
nothing." For longer than I
like to think our tax dollars
by the millions have gone to
give something for nothing
and in far to many instances
to able bodied people.
Granted, bingo is not tax
dollars but the principle is
still there of getting
something for nothing.

Pastor Hayes is a man of
principle who will not dilute
his influence by personal
participation in that which

his heart tells him is wrong.
I do agree with Mr. Harrison
in one statement and that is
that "bingo truly is a matter
of choice." and that, Mr.
Harrison, is what the
election of April 3 is all
about. For me I expect to go
to the polls and register my
choice and that is to keep
bingo and gambling out of
Collingsworth County.

Donald E. Bland
Collingsworth County
Ministerial Association
P.O. Box 432
Wellington, Texas 79095

Dear Editor,

In regards to the letter
last week concerning,
"Bingo."

I do not agree as to what
was written, that the people
were using it as an excuse
for school children and the
elderly. Why should we
make excuses? The people
of Thomas Nursing Center
enjoy it, let them have it!
They need all the enjoyment
they can get! If it helps the
school make money, let it! I
am sure the school can use
it.

I do not see anything
wrong with it.

I think there's more to
worry about than a few
elderly and school children
playing "Bingo."

Wanda G'Sell
St. Louis, Mo.

Dear Editor,

Voting time is very close
upon us and at the risk of
sounding naive and narrow
minded I again would like to
bring to the attention of the
citizens of Collingsworth
County the subject of
legalized gambling other-
wise known as "Bingo."

It does not surprise me
that the proponents of the
Bingo Enabling Act continu-
ally try to minimize the
importance of the issue
before us. It is implied that a

"harmless", "little", "be-
nevolent", game of bingo
could not possibly hurt
anyone and that to speak out
against bingo is nothing
short of denying people
their free choice.

Well, in the exercise of
my free choice as a citizen of
this county I would like to
point out a few facts
concerning the "harmless",
"little", game of chance
called Bingo that we are
being asked to legalize.
FIRST of all the law states
that the amount of money
allowed as a prize in one
single game can amount to
\$500.00. SECONDLY the
law states that in any one
night the total prize money
can amount to \$2,500.00.

THIRDLY, the law states
that a bingo game can be
held by the same organiza-
tion three days or nights,
not to exceed 4 hours per
day, every calendar week. It
does not take a mathemati-
cian to see that the prize
money we are talking about
could amount to \$7,500.00
per week. There is nothing
"little" or "harmless"
about these figures. Add to
this the fact that we are
being asked to legalize this
game of chance for not one
but possibly several organi-
zations and you begin to
realize the magnitude of the
issue before us. We are
talking about "gambling"
and its legalization in this
county.

Lets not allow this issue to
be clouded by such
questions as whether or not
the purchase of Life
Insurance is a gamble. I
have yet to hear of any Life
Insurance company that has

failed to pay-off because you
didn't have the right
number, and if other forms
of illegal gambling do exist
in this county it is not
because the citizens of this
county voted for it.

Free Choice, certainly
exercise it this April 3rd, but
exercise it with your eyes
wide open to the issue at
hand. This is not a
"harmless", "little" game
we're talking about, but a
"big money game of
chance." Lets be aware that
the same psychology that
allows the passage of this
law will also, in time, allow
the passage of other forms
of gambling such as off track
betting and perhaps a state
lottery.

Remember that it's much
easier to stop something
harmful before it gets
started than it is to get rid of
it once it has a foothold in
our way of life.

Exercise your free choice
this April 3rd, and vote
against gambling by defeat-
ing the Bingo Enabling Act
at the polls.

Oh and by the way I
wonder if the people who
play Bingo every Saturday
night with their children at
the VFW Post in Hollis,
OK., realize that Bingo is
illegal by law in that city and
that anyone involved in that
game of chance automatic-
ally becomes a crime statistic
whether or not they believe
it.

Again I thank you for your
consideration in this matter.

COLLINGSWORTH COUNTY EXTENSION AGENTS REPORT

By DON REEVES

LIKELY TO REDUCE CROP

Most Texas cotton farm-
ers will likely participate in
the 15 percent acreage
reduction program recently
announced by the Secretary
of Agriculture.

While participation is
voluntary, farmers must
comply if they wish to be
eligible for target price
protection and Commodity
Credit Corporation loans on
their 1982 cotton crop. And
that's incentive enough.

"Farmers are faced with a
poor price outlook for this
year's crop due to surplus
cotton supplies. So they
really need the price
protection offered by the
program, especially with
current prices hovering near
the loan rate."

Cotton farmers are get-
ting their first deficiency
payments in history on their
1981 crop because the
average market price fell
below the target price of
70.87 cents a pound. The
target price for the '82 crop
will be 71 cents a pound,
and farmers will likely get
another deficiency payment
unless something happens
to strengthen the market,
notes the economist. The '82
loan rate will be 57.08 cents
for Base Grade 41-Staple 34,

Mike 35-49 Upland cotton.
Farmers must reduce
their plantings by at least 15
percent of their established
cotton acreage base--the
higher of their '81 acreage
or the average of the '80-'81
acres. However, where
farms have been following a
definite rotation pattern, the
base will reflect such
rotations.

Land taken out of
production must be eligible
cropland and must be
devoted to conservation
uses. It may be grazed
except during the six
principal growing months.

"Neither off-setting com-
pliance or cross-compliance
is a requirement in the
program." This means that
farmers owning or operating
more than one farm will not
be required to participate on
all farms to obtain program
benefits on participating
farms.

Meeting Set at Church of Christ

A gospel meeting will begin at the Church of Christ in Wellington Sunday, April 4, and continue through Friday, April 9.

The evangelist will be Mac Deaver of Cleburne. He recently returned to Texas after teaching for several years in the Tennessee Bible College, Cookeville, Tenn.

He is the son of Roy Deaver, also an evangelist with the Church of Christ, who has conducted gospel

meetings here several times.

Sunday services will be 10 a.m. for the Bible Class, 10:55 a.m. and 6 p.m. for the preaching.

Services Monday through Friday will be at 10 a.m. and 7:30 p.m.

Watertown, N.Y. recorded 219 inches of snow during a blizzard in 1977. Two of the city's major industries are manufacturing ski lifts and snow plows.

Beginning April 1st, the Social Security Administration is changing its visit schedule to Wellington, according to Jim Talbot, District Manager of the Amarillo Social Security Office. Wellington will now have a representative visit twice a month.

"The Amarillo office has served the residents of Collingsworth County for many years," said Talbot. He added that originally a field representative traveled to Wellington four times a month. "Budget constraints on travel led us to

reduce our visits to three times a month." A recent push to further reduce travel costs has prompted the Amarillo District to realign the areas served by the Amarillo office and the Pampa Branch Office.

"As of April 1st, Collingsworth County will be under the jurisdiction of the Pampa Branch Office," Talbot said. "The staff in that office offers the same capable service as Amarillo. In the future, the residents can file their claims by phone, if they wish, by calling Pampa at 669-3381,"

Talbot continued. Claims and other Social Security matters will continue to be handled during the visits to Wellington.

The representative will be travelling to Wellington on the second and fourth Mondays of each month from 10:00 a.m. to noon. The temporary office is located in the Heritage Room of the Wellington State Bank, east entrance. Talbot stressed that the public can call a toll-free number and receive assistance on all Social Security matters.

Write-in City Election Slated at Dodson April 3

Three city council members will be elected for the city of Dodson in the election Saturday, April 3.

No candidates filed for places on the council, but three men have been proposed as write-in candidates, Rayburn D. Hightower, Olan F. Farris and Julian Castillo.

The election will be held in the American Legion Hall from 7 a.m. to 7 p.m.

Mrs. Clara Boyd will be the election judge and Mrs. Boley Tabor the assistant judge.

Holdover council members are Tommy Hightower and Thurman Crownover and John Green is mayor of Dodson.

JULIAN CASTILLO

Julian Castillo, a first time candidate for city council, has worked as a gin for the Farmers Co-op Gin for the last 14 years or more. He has lived in the Dodson area longer than that, having previously farmed for Pete Nipper.

He is married to the former Rebecca Garza, and they have one daughter, Rose Mary, 17, a student in Wellington High School.

The family attends the Church of the Living Word.

OLAN R. FARRIS

Olan R. Farris has been a farmer and rancher at Dodson for all of his adult life. He is now semi-retired, renting his farming land but continuing his cattle operation.

Farris, 70, was born at Kennedale, the son of James and Nancy Farris, who brought their family to Dodson 65 years ago.

He belongs to First United Methodist Church, the Masonic Lodge, Eastern Star and Farmers Union. For many years, until he rented his land, Farris served on the board of directors of the Farmers Co-op Society at Dodson.

He is married to the former Dot Gray Akins, and they have four children, Sherrye Harris of Kerrville, Barry Farris of Midland, Cynthia Tonnell of Wichita Falls and Tom Akins of Monroe, La.

RAYBURN D. HIGHTOWER

Rayburn D. Hightower

is completing a term as a member of the Dodson City Council and is a write-in candidate for re-election.

He has lived at Dodson since he retired from the Air Force with 22½ years of service. He is now employed in the office of the Farmers Co-op Gin at Dodson.

Born at Hollis, he is the son of Mrs. Flora Rollins of Wellington.

Hightower, 44, graduated from Hollis High School and attended the Air Force community college.

County Gets Mixed Drink Tax Rebate

Collingsworth County has received \$273.89 as its mixed drink tax remittance for the fourth quarter, including October, November and December, according to an announcement from the office of State Comptroller Bob Bullock.

Bullock said that the more than one and a quarter billion dollars worth of mixed drinks Texans bought during 1981 netted \$125 million in tax revenue for state and local governments last year.

Ten million dollars was returned to counties and cities as their local share rebates of the 10 percent gross receipts tax on mixed drinks to 383 Texas cities and 209 counties for the fourth quarter of 1981.

Texas cities and counties receive a 15 percent rebate of the tax charged on mixed drinks sold within their boundaries.

Sarpalius to Visit Center

State Senator Bill Sarpalius will be at the Wellington Satellite Center Monday, April 5, reaching there at approximately 9 a.m.

Susan Murphree, a staff member, said that he will tour the facility and see workers in action and visit with them.

At the conclusion of his visit, Sen. Sarpalius will present a Certificate of Appreciation to Willie B. Harwell for her volunteer work with retarded citizens for the period 1968-1981.

Sarpalius has been in Wellington frequently as state senator from the 31st District, covering the top 26 counties of the Panhandle, and also while he attended

Clarendon College and served as state president of the Future Farmers of America.

Little League Meeting Set

A Wellington Little League Association meeting has been called for Thursday, April 1 at 6:30 p.m. at the Fire Department building, Billy Wilkerson, president has announced.

"We need to get everything lined out for the coming year," said Wilkerson. "We must see what we need to do in order to remain in the Texas Little League organization."

"We want all parents and anyone willing to help us as coaches, officials and umpires."

There are a number of forms that need to be filled out, Wilkerson added.

He has several persons

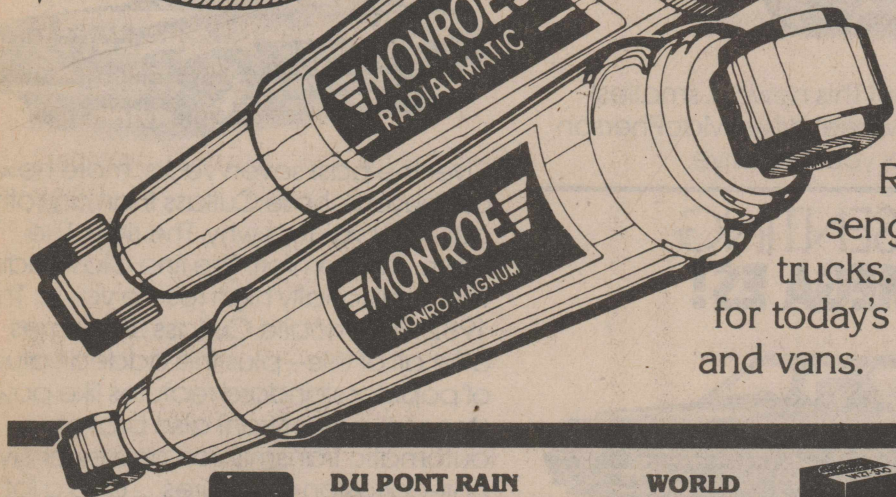

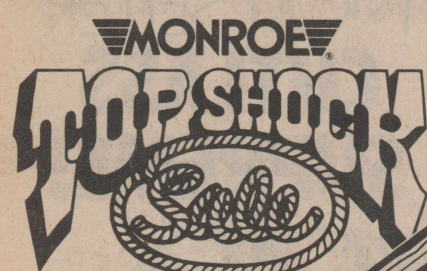

who have said they will work as umpires or coaches, but more are needed.

It is not necessary that an adult working with the program have children playing Little League. What is needed is enthusiasm and willingness to work.
