COAL MEN AGREE TO PARLEY

Senate Race Is Neck and Neck Reports Show

Straw Ballot From All Over County Indicates Mayfield is Sure of Place in Run-Off; Neff Seems Certain to Lead in Gubernatorial Race; "Silent Vote" May Carry Ferguson.

With straw votes in every section of the county there was every indication Monday that unless some rapid change of sentiment takes place in the four days more before the democratic primaries, the race for United States senator is going to be mighty close in Wichita county.

There appears to be very little doubt but that Neff will carry the county for governor with a fairly good margin. Some political prognosticators say Neff's vote in the county will be more than a majority of all votes cast but others say Warner will not run far behind. All straw votes taken indicate that Neff will have a good lead.

In the case of senatorial preference the voters appear to be somewhat up in the air. All straw votes taken indicate that Mayfield will be one of the two high men but there is some doubt as to who will be the other one in Wichita county. Ousley has a strong following and so has Culberson. Thomas will get a good vote. The vote for Henry and Ferguson will be very light, according to all straw votes taken.

Silent Vote Will Count.

But there has been one element entered into the election which makes all predictions uncertain. That element is the silent vote or the vote of those who have not made up their minds, which in many cases is the same. In most instances those who have not made up their minds will vote and keep it to themselves as to who they vote for. If such is the case then there is no chance to say who will be in the lead in this county as more than 50 per cent of those who have been polled on straw votes said they had not made up their minds as to who they would vote for, particularly in the race for senator.

There is a peculiar circumstance in the fact that of the 10,560 poll taxes paid in the county 4,265 were paid by women and yet of more than 50 women questioned in taking straw votes not more than a dozen indicated any preference or appeared to have much interest in the election. Many of them said they did not expect to vote. But at the last moment it is expected the women, or at least a large number of them, will go to

Henry Jolted Again—
He's Far From Shoals—
Man Jumps to Fame—
Dodged Tar Party—

HENRY FORD IS AS FAR away from Muscle Shoals as in the beginning. By a vote of nine to seven the senate agricultural committee rejected his offer for purchase and lease of the Alabama properties owned by the government.

Senator J. B. Kendrick of Wyoming was one of the nine. Senator Kendrick is a democrat. He was born in Texas and was a cowboy in his youth. He is one of the cattle and sheep kings of Wyoming and was governor of his adopted state before the people elected him to the senate. He is an old school democrat. He has one fad. He insists that the packers should be controlled by the government and their business regulated by the government. He must be in doubt about Muscle Shoals. Senators Capper and Ladd, republicans voted for acceptance and with a democratic minority of the committee.

Senator Capper is the chairman of the Farm Bloc.

SENATOR LADD IS A THOROugh going non-partisan with republican proclivities. This unfavorable action by a majority of the committee will not prevent a vote of the entire senate of the entire proposal.

There will be a strong minority report and when the two reports are squarely before the senate all the artful dodgers will be compelled to face the music. They must either go on record or run away. Senator

Gets Two Years for Stealing Derrick

"We find the defendant guilty and fix his penalty at two years in the state penitentiary," was the verdict returned by a jury of 12 men in the 30th district court Monday afternoon in the case of the state of Texas vs. Curley Pauley.

Pauley was charged with theft of an oil derrick swivel costing approximately $450. His case was tried before Judge H. R. Wilson.

The state presented testimony tending to show that the witness had seen thed efendant take the swivel.

TEXAS AIRMAN DIES IN CRASH

Plane Falls Near Leadville

By Associated Press.

LEADVILLE, Colo., July 17.—Lieutenant Hasley L. Bingham of Fort Bliss, Tex., was instantly killed, and W. Rhodes, was seriously injured when an airplane in which they had flown from Fort Bliss crashed near here this afternoon.

It was stated here that the plane was reconnoitering and that it had a complete photographic outfit aboard. The plane first appeared over Homestead park near Leadville and circled over the city several times as though seeking a landing place. The machine started north about 3:30 this afternoon and attempted to make a landing in a pasture.

Burkburnett Man Injured in Auto

Sam Morris of Burkburnett, who was injured in an automobile accident Sunday night, is now in the Call Field hospital and is reported to be improving. Mr. Morris, with a friend, was driving in a roadster from Burkburnett to Wichita Falls when his car was forced off the road by another machine and went into a ditch. In the crash Morris sustained injuries to his back.

Reports from the hospital late Monday night state that Morris is resting well and will be able to return to his home within a few days. The injury is less serious than was at first thought, although quite painful.

Mr. Morris is employed by the Burkburnett pharmacy and lives in the city with his mother.

Wichita Bankers to Pay Expenses Of Two Rangers Here During Strike

Following a meeting of city bankers, railroad officials and police department officials held Sunday morning, it was announced yesterday that the bankers of this city have agreed to pay the expense of bringing two additional rangers to this city and of adding five more patrolmen to the police department.

The meeting was held in the Bank of Commerce Sunday morning, and was featured by discussions concerning the apparent need of additional patrolmen and officers here in view of the strike situation.

As a result of the conference, Commissioner Fitts and Police Chief J. W. McCormick occupied themselves Monday with examining prospective patrolmen, who will be added at once to the diminished department.

More Rail Men Go Out

RAIL BOARD GETS BACK TO STRIKE WORK

Still Hold Out Hope For a Speedy Settlement

By Associated Press.

CHICAGO, July 17.—Peace negotiations, halted over the week end, were resumed by members of the United States railroad labor board today in an effort to bring about an early settlement of the railway shopmen's strike. W. H. Finley, president of the Chicago and Northwestern, and W. G. Bierd, president of the Chicago & Alton, were among the railway chiefs who visited the offices of the labor board during the day. Some basis for agreement on the five demands of the shopmen is being sought as preliminary to the calling of a new formal hearing of all parties before the labor board.

Hopes for an early peace were based on the attitude of E. F. Grable, president of the maintenance of way employes, who arrived in Chicago to enlist the support of labor board to prevent carriers from requiring maintenance men to do strikers work.

While some thousannds of the maintenance men were reported from various sections of the country, mostly New York, as having joined the strike, Mr. Grable asserted that such walkouts were unauthorized.

Strike disturbancces continued to spread, the forces of federal marshals protecting the movement of the mails and interstate traffic was increased and more federal injunctions against picketing were granted.

At Bloomington, Ill., a number of shots were fired, partly damaging the home of a non-union railworker. In Iowa, passenger and train wrecking crews were driven away from a wrecked train by strike sympathizers in an effort to prevent the clearing of the tracks.

WASHINGTON OFFICIALS ARE MARKING TIME

WASHINGTON, July 17.—Occupied almost exclusively with endeavors to bring about a resumption of work in the coal fields, administration officials of the government marked time today in the railroad strike situation. Everything pointed to deliberation and careful consideration prior to any decision, as in the case of the government's action with respect to the Missouri, Kansas and Texas railroad.

Await Report

Officials tonight awaited the final report of the inspector general of the eighth corps area who was sent to Denison, Texas, where disorders have occurred to make an investigation. The inspector general late today said that Governor Neff of Texas, had stated that there would be a few hours delay before he announced what steps would be taken by the state to preserve order.

Secretary Weeks would not indicate the course the government would pursue if Governor Neff's reply was not regarded here as satisfactory.

Russian Soviets to Get New Hearing

By Associated Press.

THE HAGUE, July 17.—Soviet Russia will be given an opportunity tomorrow to outline any new proposals for a settlement of the issues which have been before the conference. The Hague conference has been rescuitated, but its success or failure depends entirely upon whether the Russian delegation has concrete propositions concerning confiscated property showing a distinct change from the previous attitude.

M. Litvinoff's letter to the non-Russian experts today asking for a renewal of the negotiations was lengthily discussed this afternoon by the European representatives.

But How Could He Wear Five at Once?

He needed the trousers, he told Wayne Sommerville Monday afternoon, so he "tells de truth" about how they came in his possession.

And because the trousers didn't belong to him, and because he had taken them without the permission of his partner, J. B. Jones, negro, went to jail Monday afternoon charged with stealing five pairs of pants. Jones said he got the trousers at the railway station Monday morning, and admitted having stolen them from his partner.

Shift Three Cases To County Court

Three cases were transferred from city to county court by Judge John Marrs yesterday, one of them was tried during the morning yesterday.

A man charged with trespassing on railroad property and with carrying concealed weapons on his person, must face Judge Guy Rogers in county court at law, while the other two parties were charged with vagrancy.

4 Killed In Fight At Virginia Mine; 43 Strikers Jailed

Situation In Troubled Zone Still Tense Late Monday Night; Son of Slain Sheriff Named To Run Murderers to Earth After Seeing Father Shot Down; Troops Guard Camp.

WELLSBURG, W. Va., July 17.—The situation in Brooke county late tonight was tense, with 43 prisoners in custody, three in Wheeling hospitals, 15 in the Ohio county jail there, and 25 in jail here, deputy sheriffs armed with 200 "John Doe" warrants charging murder scouring the country as far as the border, and a large force of state police and deputies guarding the striking miners' tent colony at Cliftonville. A battle at Cliftonville between a sheriff's force and a large crowd of men today resulted in the deaths of at least four men and others being wounded.

Four known dead whose bodies lay in the morgue here tonight, were silent witnesses of the gun fight which raged for more than an hour at daybreak around the Clifton mine of the Richland Coal company at Cliftonville, 10 miles away. Sheriff H. H. Duval, who led his little band of deputies against a large crowd of men after having crossed from the Union coal fields of Pennsylvania, was among those dead.

With Sheriff Duval, when his men pressed battle against the attacking force and drove them back from the mine was his son, Thomas. The latter saw his father shot down, the body later being found to contain marks of seven bullets, but continued on with the defenders.

When the fight was over, Thomas, the son, was made sheriff of Brooke county in his father's place by a court order.

Three wounded men of the attacking force were in hospitals in Wheeling and 15 others, captured by the deputies in the battle were in the Ohio county jail not far away. Twenty-five prisoners, three of whom had been shot were confined in the Wellsburg jail. On the other side of the state line, four miles away, troopers of the Pennsylvania state constabulary were on guard, operating with the West Virginia forces.

One of the first acts of Thomas Duval, the new sheriff, was to help arranze investigation of the fight. He also filed charges of murder against 27 men who, he alleged, took part in the battle.

Demented Farmer Runs Amuck; Kills 2, Shoots Himself

By Associated Press.

WINFIELD, Kans., July 17.—Enraged because his wife chastized their three-year-old son for teasing a pet cat, Daniel Goode, 40, a farmer near Atlanta, Kansas, 25 miles northeast of here, last night beat his wife with a club, seriously but not fatally; drowned his son and mother-in-law, Mrs. Carey Newson, 65, in a nearby creek and then killed himself with a high powered rifle.

Apparently becoming suddenly insane, Goode picked up a club and beat his wife over the head and shoulders. She escaped to tell neighbors of the affair.

Need Huge Debt Cuts, Say Officials

By Associated Press.

PARIS, July 17.—The reduction of the German indemnity to 50,000,000,000 gold marks from the present total of 132,000,00,000 and the cancellation of the French debt to England is the basic of a solution of the reparations questions being discussed by French and British officials.

The scheme has not officially reached the reparations commission but it is expected the proposed plan will be one of the chief subjects of discussion in the forthcoming meeting of Premiers Poincaire and Lloyd George.

The suggested solution has the hearty support of British officials who have been urging its acceptance upon the French officials, it is announced.

WACO MECCA FOR UNIONS

Men Flock In For Strike Meet

By Associated Press.

WACO, TEXAS, July 17.—The vanguard of what union leaders said would be several thousand members of the 16 standard railroad labor organizations, began arriving in Waco tonight for the meeting to be held here Tuesday afternoon on the strike situation. Committees in charge said telegrams and other messages received indicated 10,000 railroad employes, including many of the striking shopmen, would be here for the meeting.

Arrangements have been completed for holding the meeting in the open air on the cotton palace race track at 2 o'clock Tuesday afternoon, officials claiming the meeting would be too large for comfort in the coliseum.

Just what action the mass meeting is expected to take remained uncertain Monday night, although officials said the attitude of railroad union employes would undoubtedly be made known and that recommendations would probably be sent to national officers of the 16 standard unions, including most of the railroad employes.

Stolen Cadillac Is Recovered Quickly

Twelve hours after her new Cadillac was stolen, the car was returned to Mrs. T. J. Taylor Monday afternoon by Detective Jack Miller, who had located the vehicle near the Hurt dairy.

The car had been stolen from the Taylor home on Lamar street Sunday night, its theft being reported to the detective's office early yesterday. During the day, the management of the Hurt dairy called the police station and informed officers of the abandonment of a vehicle near the dairy. It proved to be Mrs. Taylor's automobile.

Mr. Hurt told Detective Miller, who went after the auto, that he had seen two men leave the car at the roadside at daybreak.

Judge Marrs Must Have 'Em Bluffed

When Judge John Marrs took the corporate court bench for his first session Monday morning, he collected a total of $95 in bond forfeitures.

Judge Marrs served during the morning session, although he had not been officially passed upon by the city council. Judge W. H. Caldwell resigned during the past week, finding it impossible to keep the chair as special magistrate and adequately attend to his office duties.

One defendant who pleaded guilty during the morning session was fined $10 by the court.

TROUBLES IN GOTHAM BEGIN TO INCREASE

Riot Guns and Gas Bombs Ready For Use

By Associated Press.

NEW YORK, July 17.—Railroad strike developments came fast in the New York district today.

Eight hundred men, including stationery engineers, firemen, oilers and maintenance of way employes, walked out of power houses and repair shops of eleven roads.

Sheriff's deputies of Bergen county, New Jersey, armed with machine and riot guns and rifles began at Hackensack to practice with tear gas bombs. Sixty United States deputy marshals in addition to 100 already employed, were assigned to strike duty guarding the mails on the Erie.

The New Haven announced reopening of its steel car repair shops at Norwich, which has been closed since last December 24.

General Goethals, commander of the vast service of supply and transportation organized by the port of New York authorities for emergencies announced 98 per cent of its members are ready to set the machinery going.

Railroad executives, however, continued to deny that the strike was seriously affecting passenger or freight service. Their claims that mail trains were operating unhampered were corroborated by officials of the post office department, although it was admitted that recruiting of deputies for emergency duty was going on with increased vigor.

GEORGIA GUARDS ARE ORDERED OUT

By Associated Press.

ATLANTA, Ga., July 17.—Governor Hardwick tonight authorized Adjutant General J. VanHolt Nash to send Georgia national guardsmen to Waycross, Ga., where disorders were reported late today in connection with a strike of some 1,000 union employes of the Atlantic coast Line railway. General Nash later said he had telephoned to Waycross and did not

All Cotton Rates Are Approved

By Associated Press.

WASHINGTON, July 17.—The split in the republican senate ranks which developed last week when the cotton schedule was taken up, closed today after the last of the rates on cotton cloth had been approved. Senator Lenroot, republican, Wisconsin, sought to have committee rates on fancy woven cloth and on yarns and cloth containing long staple cotton cut down, but was unsuccessful, only three republicans voting with him.

On manufacturers of cotton, such as quilts and bed spreads, Senator Lenroot and the other republicans, except Borah of Idaho, voted to sustain committee rates which were reduced generally five per cent from the figures originally proposed by the committee.

Oil Field Worker To Be Buried Here

Funeral services for Charles C. Flueharty, 40, who died suddenly at Electra Friday, will be held today from the residence of Mrs. Davis, 107 Walnut street.

Flueharty was an oil field worker and worked Friday. His turn was finished about 1:30 and he retired to his room. Becoming suddenly ill, a physician was summoned, but death preceded the doctor.

Relatives in West Virginia were notified but interment was ordered here. The Salvation army will have charge of the services and interment will be in Riverside cemetery.

Lack of Material Delays Road Work

Material needed to continue the work now under way on Wichita county roads is again being held up and will probably cause the work to be delayed.

This was the information announced at the office of Potts & Prentice, contractors, Monday afternoon. It was asserted that a sufficiency of concrete is on the grounds at present, but that sand and rock which is en route to the plants scattered about over the county highways is being delayed.

Several carloads of gravel and sand were expected to arrive yesterday.

Through the grouped newspapers thousands of dollars are being expended to serve Texas readers.

These returns will be flashed upon a screen from a moving picture projector in the Record News office. County returns also will be furnished.

The party will start shortly after dark. Returns will begin to drift in at 6 p. m. The wire will open at 2 p. m. the following Sunday.

CAMPAIGNING

Senator LaFollette

By Associated Press.

MILWAUKEE, Wis., July 17.—United States Senator Robert M. LaFollette, opened his campaign for renomination with his keynote spech here tonight.

In his prepared address, he attacked predatory wealth, asserting it had reached undreamed proportions, and that it dominated the disarmament conference, likewise the tariff and other important republican legislation.

The issues enumerated included:

Repel attacks of predatory wealth. Agriculture is almost prostrate, industry strewn with wrecks, the merchant fleet idle, costing millions daily, and about to be sold to pri-

T.-P. BRANCH LINE CLOSED

U. S. Marshals Chase Pickets Away

By Associated Press.

DENISON, Texas, July 17.—The Texas & Pacific branch line from Sherman Junction to Denison, connecting with the main line of the T. & P. railway, has been abandoned and the station closed, a notice at the union station, posted today, announced. The freight which had been awaiting transportation from Denison was removed by a main line crew.

W. M. Whittendon, assistant chief operating officer of the Katy lines, left here today for Dallas, where he was called by C. C. Huff, general attorney for the Katy road.

Captain Tom Hickman of the state rangers is in Denison, but no orders have been received so far by him to bring rangers here, he said.

Men Stay on Job

None of the four or five oilers and stationary firemen of the shops who were ordered to strike this morning at 8 o'clock, have quit their jobs.

Deputy federal marshals for the first time since the strike of the shopmen today exercised jurisdiction outside of railroad property here, when they ordered all pickets off the viaduct over the Katy tracks except one and stationed guards along the structure following reports, they said, of intimidation of three staff employes who have been doing work of the strikers in the roundhouse.

The pickets were permitted to remain at the end of the structure.

Steamer on Fire

By Associated Press.

KEYWEST, Florida, July 17.—The steamer Elisleo passing Sand Key today en route for New Orleans reported that a fire was burning in the lower hold, but that no help was needed. The captain of the vessel reported the crew had the flames under control.

JUDGE SPENCER WILL CAMPAIGN FOR AVIS

Judge C. F. Spencer, local oil man and veteran political leader of this section, who returned Monday following a business trip to Arkansas, expects to work actively during the remainder of this week in the interest of the candidacy of J. D. Avis for the legislature, he said Monday. Judge Spencer has long been a friend of Mr. Avis, who was formerly a supporter of Judge Spencer, as was Congressman Guinn Williams in whose behalf Judge Spencer campaigned last May.

ATTEMPT WILL BE MADE TO OPEN SHAFTS

Harding Requests That Owners Start Work

By Associated Press.

WASHINGTON, July 17.—Bituminous coal mine operators were "invited" by President Harding at the white house today "to return to your mine properties and resume operations" after they had replied to the president's tender of arbitration for settling the national coal strike with a collective offer to put their properties and their services at the disposal of the government "in this crisis."

Speaking as chairman of the group of operators after the white house conference, Alfred M. Ogle said the employers would make an attempt to resume operations.

Meanwhile, the miners union, through an adjournment Sunday of its controlling policy committee, made certain its refusal to accept the arbitration proposal. The bituminous operators were likewise not a unit in accepting the government arbitration proposals, but the president said that "a large majority of them by unqualified acceptance had given him occasion to "express my own and the public's gratitude."

Production to Start

There were intimations in official circles that all the implications of the decision to ask that the mines be opened had been fully considered by the government, and that there was a possibility that the protection of troops and the American flag would be furnished in districts where men were willing to work, failing sufficient local safeguarding. Employers generally held the view that some coal production would result in union fields in Pennsylvania and Ohio, if nowhere else.

OPERATORS ACCEPT ARBITRATION PROPOSAL

WASHINGTON, July 17. — The bituminous operators at a meeting here late today voted to accept in principle the arbitration proposal made by President Harding. A delegation was named to present the acceptance immediately to Mr. Harding at the white house.

The communication was taken to the white house by the delegation, after stating that the operators were "in entire accord" with the plan to establish a general tribunal to inquire into all affairs of the industry, urged that such a plan be put into effect by the president. The delegation was joined at the white house by Alfred M. Ogle, chairman of the entire group who delayed it, it was explained.

Two Burkburnett Boys Disappear

Wanderlust must be striking reins of the 15-year-olds at Burkburnett.

At least that's the opinion of the officers.

And it's formed on the information received Monday morning from the police chief at Burkburnett, who asserted that two 15-year-old boys who ran away from home Monday had not been seen since.

Their parents are still looking for Harry and Jack.

Wichita Falls Pants As Mercury Passes

The mercury split the 100 degree line wide open from 1:15 o'clock until 6 o'clock Monday afternoon, wavering slightly ujst at 4:15 to crawl up to 101 then rambled back in the main road again. From 6 o'clock until 7 o'clock there was only a slow drop in temperature but after 7 o'clock the mercury began to fall fairly fast until at 9 o'clock it was down to a respectable place in the lower nineties, 93 to be exact, with just a slight bit of air stirring to that humanity in Wichita Falls took a new lease on life.

Union Secretary Calls Massacre At Herrin "Victorious Defense"

By Associated Press.

ST. PAUL, Minn., July 17.—Leaflets characteringing min massacre at Herrin, Ill., as a "victorious defense" and calling on workingmen to unite to fight the bosses," are being circulated in St. Paul. They bear the name of C. E. Rutherburg, "executive secretary of the workers party of America."

"The armed conflict at Herrin is the direct result of wage cutting, union smashing campaign of the bosses," the leaflet says.

"The bosses have used all the forces at their command against the workers. They have used injurious industrial courts, government board, police and the army against the workers in the effort to cut down their wages and break up their unions.

"For once the workers have put up a victorious defense. At Herrin the gunmen and scabs were obliged to run up the white flag.

"Workers of the United States, the workers' party of America calls upon you to unite for the struggle against the bosses.

"The miners must be supported by the whole working class—by all the power the working class can muster. Rally to the suport of the miners."

APPOINT MARRS NEW CITY JUDGE

Takes Chauncey's Place on Bench

The city council, in session Monday night, confirmed the appointment of Judge S. M. Marrs as city judge. After the appointment Commissioner Fitts explained that Judge Marrs had agreed to serve until such a time as Judge W. B. Chauncey returns from California. The latter recently resigned to take his young son to the Pacific coast in hope of benefitting his health.

MAINLY ABOUT PEOPLE

CONTINUED FROM P. 1

George W. Norris of Nebraska is a republican progressive. He cast his vote against acceptance of the proposal. Norris doesn't like Ford. He doesn't like the proposal. These are two of the reasons he has given but he may have another which he is keeping to himself.

A vast number of farmer organizations have endorsed the Ford proposal. But the man who placed Newberry on the rack and who is said to be very hopeful of winning in the long run, is not out of the woods yet. He may be a billionaire but there are billion dollar interests fighting him.

FORMER JUSTICE OF THE Peace S. R. Hallman of Tulsa has jumped into fame. Masked men abducted him.

They carried him to the Osage hills. They introduced him to a pot containing tar which was being heated over a slow fire. They emptied several pillow cases of their contents in his presence. They told him they were going to cover him with a coating of tar and feathers. They said that they didn't like his manner of speech, his line of conversation or his activities as a citizen. Hallman broke away from his captors; he fled to the house of a nearby ranchman. He was returned to Tulsa by the ranchman.

THEN HE WAS TOLD THAT he had signed bail-bonds for persons unpopular with the masked agents of the higher law, who insisted that it was their province to kick aside the written law when it suited their pleasure or their convenience.

Another citizen of Tulsa, who had incurred the hostility of these masked avengers of the night was taken to the woods, he was covered with tar and feathers, he was taken back to the city of Tulsa and dumped out of the car in the heart of the business district.

Why point the finger of scorn at Mexico? Why rail at the bolshevists of Soviet Russia? They do their work in the open. If they decide a few killings are necessary, why they go out and slay and they do it in the open. This is a great civilization of ours after twenty centuries have gone by since the coming of the Prince of Peace and 147 years since the writing of the Declaration of Independence and the promulgation of the constitution of the United States. If a crime has been committed, why not a legal arrest? Why not a legal prosecution? Why not a legal trial by jury? And a verdict in accordance with the law and the evidence introduced in the case? Wherever the higher law rules, justice hides out. Wherever lawlessness or higher law is tolerated, anarchy is the rule. Wherever the Constitution controls democracy is in the saddle and the law of mobocracy is the law of the jungle.

DEMOCRACY IN ITS ESSENCE is home rule and local self government. Why call on President Harding to order out regular troops to put down labor troubles? Why call on Governor Neff? In the good old days the sheriff of a Texas county saw that the law was enforced and he made short work of rioters and disturbers. He called his deputies around him and he gave them their orders. They acted and they protected life and property. Now what are the mayors of Texas cities doing?

What are the police commissioners of Texas cities doing? What are the sheriffs of Texas counties doing? What are the constabularies doing? The writer has reference to the dignitaries and functionaries who hold office in the strike zones. They are all democrats. They are all elected by the people.

THEY ARE ALL SWORN TO uphold the law. They are all pledged to the protection of life and property. Again what are they doing? They are passing the buck. They are dodging responsibility. They are calling for the higher ups to act, and not one of them has the nerve to say to the governor or the president that it is impossible for him to maintain order and ask that national guardsmen or regular soldiers be sent to the scene of conflict.

There are two sides to this much mooted question. If the local authorities would bestir themselves and serve the proper warnings, there would be no necessity for the governor or the president or brigadier general Jacob F. Wolters or a major general of the United States army to be called upon to investigate local conditions anywhere.

Wichita Elks Enjoy Chicken and Melons

About 100 members of and visitors to Wichita Falls lodge 1105 B. P. O. Elks gathered at the club rooms last night.

An appetizing chicken dinner, which was especially well prepared and served was followed by a generous course of watermelon.

Exalted Ruler B. F. Johnson acted as toast master and after a few well chosen remarks on the principles and purposes of the order, called upon Judge Weldon, to whom had been assigned the great subject of "Good Fellowship," and his remarks were an inspiration to the entire gathering. Past Exalted Ruler A. E. Miles told a few of his famous short stories which kept the gathering in an uproar the entire time he was on his feet.

VERNON PARK FUNDS RAISED

Community Week Is Staged by Women

Special to the Record News.

VERNON, Tex., July 17.—To the club women of the county must go the credit for the stimulation of civic pride manifested here during the past week. Vernon mothers wanted a place for their children to play, wanted a community center where summer evenings might be spent enjoyably in the open, and where entertainments might be offered in presentable fashion.

Vernon has possessed for several years a small but delightfully situated block of ground which bears the name of Allingham park. To this acreage there has been added a considerable addition through the funds taken in during the community week just ended. On it will be placed a swimming pool, playground apparatus, and rows of shady trees.

The club women of Wilbarger conceived the plan of making the public earn what it in turn would later enjoy. Under this arrangement scores of local townspeople have participated actively in the entertainment offered each night while fathers and mothers, brothers and sisters, wives and all the rest have come to look on. Season tickets, sold for one dollar each, admitted spectators to all the performances.

"Scenes in the Union Station" was the first offering of community week, and was presented by the Woman's Club of Vernon. Solo and glee club work featured the entertainment offered Tuesday night by the Home Science Club. Wednesday night the Delphian Club presented "All a Mistake," a farce comedy in three acts, and Thursday the Parent-Teachers' Association staged a pageant with the younger children taking the most prominent parts. "The Dearest Wish" was Friday night's entertainment as presented by the Home Economics Club, and fift ychildren in flower costumes appeared in an operetta, "A Day in Flowerdom." Saturday night there was a splendid miscellaneous program consisting of music, readings and vaudeville presented by clubs of Fargo, Tolbert, Farmers Valley, Midway, Oklaunion, Harrold, Guyer and Vernon.

Each night, preceding the program rendered, there has been a talk from some well known citizen on the value of community spirit. The week has served to bind the citizenship in closer harmony, it has gone far to foster a spirit that brooks well for years yet to come.

MORROW DIRECTOR OF FARM BREAU.

Special to the Record News.

VERNON, Tex., July 17.—J. E. (Jad) Morrow, former secretary of the Vernon Chamber of Commerce and well known over the state in newspaper circles, today wired his acceptance of publicity director for the Texas Farm Bureau. He will assume his new duties in Dallas July 24.

Mr. Morrow served for some time as night telegraph editor on the Waco Times-Herald, leaving that publication in January, 1920, to handle publicity for the Texas Chamber of Commerce. From that post he came to Vernon and served nearly two years as manager of the local commercial organization.

He is a graduate of Baylor University, class of 1915, and has written a number of magazine articles, both fiction and fact, for various magazines. He is the owner of a fine herd of Duroc hogs in this county, and a land owner in West Texas. Mr. Morrow is at present secretary of the Wilbarger County Purebred Livestock Association, secretary of the Rotary Club, vice-consul of the national chamber of commerce, and has done active work for the local Red Cross. He is the son of Rev. J. M. Morrow of Seminary Hill, is 33 years old, and has a wife and baby.

WILSON-MALONE WEDDING QUIET.

Special to the Record News.

VERNON, Texas, July 17.—Only relatives of the principals concerned witnessed the quiet wedding Saturday evening at 6 o'clock of Howard Wilson and Miss Winnine Malone. The ceremony took place at the home of the bridegroom's brother, Eunice Wilson of this city. Rev. E. L. Moore of the Presbyterian church officiated.

Mr. Wilson is manager of the Coca-Cola Botting Works at Quanah, and formerly resided in Vernon. He came here from Bastock county. He and his bride will be at home in Quanah next week.

Wacoan Predicts Culberson Victory

"Culberson will lead the field. Thomas, Mayfield and Ferguson will follow and Henry and Ousley will not be in the race.

"Ferguson will be the 'dark horse' in this race and he'll fool lots of old time voters," declared Freid Lander of Waco, Texas, while here on business Monday.

It was Mr. Lander's assertion that "there is less interest in the election around the larger cities of Texas than there should be," but that "sentiment is not in the samller communities and everyone in the small towns seems to be interested in the way the ballots are cast."

Lander remarked that "the sheriff's race in McLennan county will be particularly warm."

The visitor is a representative of the Dixie Health Supply company, and came here to transact business with Dr. A. H. Douglass of the city health department.

WANT ROAD OPENED

Requesting that a new roadway be opened in Wichita county, a petition signed by nine county residents was presented to the commissioners' court during its regular session Monday. No action, however, was taken on the measure.

The petition calls for an open highway to start at the northeast corner of section 2, Akers survey, ending at the Wichita river.

VOTING STARTS

By Associated Press.

FORT WORTH, July 17.—Challenging votes in next Saturday's democratic primary began here this morning. Two persons, seeking to cast absentee ballots, were accused by the county clerk of using "model ballots" from which to mark the official ballot. The "model ballots" were immediately torn up.

believe the sending of troops was necessary, if it became necessary, he added, they would be sent.

The governor acted on request of Sheriff H. J. Sweat, at Waycross, who advised him that clashes between present employes and strike sympathizers had got beyond his control. Dispatches from Way Cross said that Sheriff Sweat announced that more than 50 of the approximately 100 men at work in the shops had been beaten and driven from town. The chief trouble was said to have occurred this afternoon. No one was kiled as far as could be learned.

NO CHANGE IN EXPRESS WAGES

ATLANTA, Ga., July 17.—There has been n change made in the basic wage fixed on August 1, 1921, for employes of the Southeastern Express company, J. C. J. Hockaday, president, stated today in connection with reports that clerks of his company were taking a strike vote against this basic wage is now before the railroad labor board and no action will be taken by his company until a decision is rendered.

SENATE—

the polls. Just how they will vote remains to be seen. Their vote, in the election for governor and senator, is an uncertain factor but will be a big factor at the polls. The women's vote which has not yet made up its mind which way it will go may give Mayfield a big lead over the field or it may take the opposite turn and put Ousley, Culberson or Thomas far in the lead with one of the three second despite the fact that at present the straw votes indicate Mayfield as a certainty for the run-off so far as Wichita county is concerned at least.

Neff a Sure Winner.

In Electra political prognosticators took stock of the situation Monday and figured Neff a sure winner for governor but with Warner not far behind. They said it looked like Thomas and Mayfield or Ousley and Mayfield for the senate although Culberson was admitted to have a good following.

The four days remaining may make a decided change in the election returns in this county for the reason that the hottest campaigning of the race will be on. Judge Greenwood of Dallas will speak here for Clarence Ousley tonight and his speech may make a change. Other candidates are expected to be represented here before Saturday when the polls will be open.

The total poll on straw votes taken by the Record News now stands as follows:

For Governor.	
Neff	147
Warner	51
Rogers	42
For Senator.	
Mayfield	68
Culberson	69
Ousley	47
Ferguson	26
Thomas	25

NEW GOWN

By ELOISE

Although summer frocks are occupying the attention of most women during these summer days designers have already decided what will be worn in the fall. Skirts are to be a trifle longer which means that high heels and higher waistlines will be the vogue. Long slender lines persist as well as the uneven skirt hem. Here are two views of an exclusive street frock designed by an American modiste.

It is of distinctive design and is a bit extreme although the lines are quite simple. Fashioned of wool seal cloth, a new fabric with a high luster, this model is effectively trimmed with gray squirrel fur.

Property Owners Ask Paving Continue

Judge J. W. Akin, Judge Hugh B. Felder and C. M. McFarland appeared before the city council Monday night and requested the paving on Burnett street be continued from Eleventh street. They said that they have found all the property owners ready to do their part. The matter of Indiana street and Eleventh street paving was also taken under consideration and the mayor stated that he would look into the matter as to contracts being signed up by property owners and make some definite answer at the next meeting.

The council also passed a resolution to have their part of the paving of driveways and walks at the general hospital done. The paving is to cost $1,304.

PLANE BRINGS FILM ON TIME

Strand Uses Modern Methods

Little things like railroad strikes mean nothing in the ambitious young life of Manager F. W. Day of the Strand theater. So long as there are airplanes and wireless telephones he can't be worried by slow things like railroad trains.

When the strike prevented delivery of the film in which Irene Castle stars, "French Heels," in time for the show Monday night, Mr. Day got busy on the wireless, made arrangements to have the film at the aviation field at Dallas at 4 o'clock. Then he got Aviator Haynes of Wichita Falls on the phone and requested that he run over to Dallas and get the film. The aviator hopped in his plan, took the little run to Dallas, reaching there a little before 4 o'clock and at 5:30 the film was being reeled off on the screen at the Strand here.

Beauty Spots

Being One of a Series of Articles Appearing Daily on This Page Which Picture Some of Wichita's Attractive Gardens.

By MABEL CARTER

BEAUTY SPOTS. No. 33 of a Series.

One of the prettiest mid-summer yards this year, is that of Mr. and Mrs. W. J. Grisham at 2007 Tenth street. Several bushes abloom with the dainty crepe myrtle in its delicate pink color and altheas of white add to its attractiveness. A hedge of hyacinths which have ceased blooming now but which attracted a large amount of attention in the spring and until early summer surrounds the lawn and when in bloom presents a bed of rare beauty. Many porch boxes and hanging baskets filled with wandering jew, foliage plants and blossoms of various colors give the spacious porch with its comfortable chairs and swings a cool and dainty appearance, while shade trees and rose bushes are also a part of the pretty picture. The home is of the airoplane bungalow type and is one of the handsomest on Tenth street. At the side of the house on a pretty grassy plot is a sliding board and other playground equipment for little Miss Grisham and her friends. The place is one of Wichita Falls' beauty spots.

TODAY'S POEM

Vacation Time.

Society flutters and flaps in the breeze,
Of the mountain's chill, or the spray of the seas,
While the rest of us toil, and struggle along,
For the pot must boil for the weary throng.

Through the sweltering heat, there's work to be done
By those left behind in the search for fun.
'Tis a law of life we can't evade,
For we'd go too, were our fortunes made.

When my ship comes in, and I've riches galore,
Will I, too, forget that I once was poor,
Suddenly discover that I can't stand the heat
And dash gaily off to some summer retreat?

Of course I will, all I want is the chance.
We're all alike, following those in advance.
But wouldn't it be funny, if Nature forgot
To shift the season, and the summer wasn't hot!

Orient Outlook Is More Hopeful

By Associated Press.

AUSTIN, Texas, July 17.—Railroad Commissioner Clarence E. Gilmore is "very hopeful" that plans suggested at the recent conference in Washington concerning continued operation of the Kansas City, Mexico & Orient railroad will eliminate possible abandonment and discontinuance of operations. He returned Saturday from Washington, where he attended the conference called by Chairman McChord of the interstate commerce commission.

Steps were taken to increase the road's through freight, Mr. Gilmore said. Other railroad representatives are to confer in Chicago this week to arrange, if possible, to route more through freight over the Orient lines. Mr. Gilmore said numerous other plans were discussed in event this one failed.

Famous Film Stars' Favorite Coiffures

GLORIA SWANSON

Extreme coiffures are affected by Gloria Swanson, Paramount picture star, on and off the screen. She finds that the exotic style of hair dress becomes her features more than just a plain headdress. Miss Swanson is particularly partial to a high coiffure because it has the effect of making her appear taller and adds grace and dignity to the figure. In the above photograph one of her favorite coiffures is shown. Its distinct characteristic is a band of hair drawn over the forehead from the back with the top of the hair straight with only a slight wave.

Even the Squaws Are Learning Modern Ways, Indian Chief Avers

CHICAGO, July 17.—The last of the Squaws have forgotten the tribal discipline of their forefathers, according to a divorce petition filed today by Chief Harry Littlebear, Pasco, Okla., one of the few remaining leaders of the Cherokee tribe. Mrs. Littlebear filed a suit for separate maintenance a few minutes later.

The chief avers that Mrs. Littlebear struck him with a large wooden mallet on February 13 and then chased him out of his home with a knife.

Mrs. Littlebear says the tribal head was very quarrelsome while intoxicated. They were married July 22, 1896, and separated February 18, when she says, he deserted her.

Farmer's Wife Tells How Lydia E. Pinkham's Vegetable Compound Made Her a Well Woman

Carter's Creek, Tenn. — "Three years ago I was almost an invalid. I spent half of my time in bed, being afflicted with a trouble which women of a certain age are apt to have. I took Lydia E. Pinkham's Vegetable Compound Tablets and used Lydia E. Pinkham's Sanative Wash. I am a well woman now and have been for two years. I can work as well as any one who is younger and as I am a farmer's wife I have plenty to do for I cultivate my own garden, raise many chickens and do my own housework. You may publish this letter as I am ready to do anything to help women as I have been so well and happy since my troubles are past."—Mrs. E. T. GALLOWAY, Carter's Creek, Tenn.

Most women find plenty to do. If they are upset with some female ailment and troubled with such symptoms as Mrs. Galloway had, the smallest duty seems a mountain.

If you find it hard to keep up, if you are nervous and irritable, without ambition and out of sorts generally, give the Vegetable Compound a trial.

M'ADOO AND THE TARIFF

MARK SULLIVAN says some republican leaders would gladly drop the tariff but he predicts congress is likely to stick it out. Many of the foremost business men of America have written to the congressional leaders urging postponement and many of the leading bankers of America have given the same advice.

This is what the Hon. W. G. McAdoo told the Kansas democrats, "A worse time than now for passing a tariff bill so far as the interests of the people are concerned, could not be selected. The uncertain economic state of the world, the rapid fluctuations in exchange and the generally unsettled conditions everywhere, make the enactment of a tariff law a wild revel of guess work so far as the consumer is concerned. The imposition of executive duties on our imports is designed to destroy our import trade. If we destroy our import trade, we destroy our export trade except as to those things which Europe cannot but elsewhere.

"That will reduce our export trade to very small proportions and it is our farmers who will suffer most because in normal times approximately 50 per cent of all our exports is represented by the products of agriculture. This will reduce the farmer's buying power and when he cannot buy business suffers, factories shut down, labor is thrown out of employment and general depression seizes the country. When labor is thrown out of employment or forced to accept less than a living wage, its buying power, like that of the farmer is reduced and when the farmer and the laborer are not prosperous, the country is not prosperous. We never have read prosperity except when the farmer is able to sell his product at a profit and labor is employed at good wages. The margin between prosperity and depression is represented by a profitable foreign trade. It has been well said that the margin between prosperity and depression is not more than 15 or 20 per cent. It is frequently the pressure of that 15 to 20 per cent of surplus products that bring prices below the cost of production, causing great losses; whereas the absorption of that surplus at good prices establishes the value of the whole and brings prosperity to the country."

This is the viewpoint of a profound thinker, close observer, a student of economics and a successful business man. There are republican business men everywhere who agree with McAdoo that is a bad time to pass a tariff bill. Woodrow Wilson was responsible for the creation of a non-partisan tariff commission, composed of the ablest economists in the country. It was his contention that the schedules in a tariff bill should be written upon the findings of an impartial tariff commission and not by the beneficiary himself.

Senatorial Candidate James E. Ferguson pledges the payment of $4,000,000 to the former service men should he be elected to the senate and win out on his wine and beer plank. What a fruity promise! Ferguson has a platform that appeals to the hungry as well as the thirsty. Give the people what they want and if they don't know what they want, make them take it.

DID HE, OR DID HE NOT?

CONGRESSMAN THOMAS L. BLANton of Texas has been telling the voters of his district that he opposed the enactment of the Esch-Cummins act. Congressman J. L. Curry of California who was paired with Blanton on the final vote which enacted the transportation law, declares that Blanton favored the bill, that Curry opposed the bill, that Curry was sick in the hospital at the time the final vote was had in the house, that he wished to be announced as against the bill and requested the clerk of the house to pair him against the bill. The cler karranged a pair with Blanton and when the congressional record was publishe dit showed that Curry was paired against the bill with Blanton for it. How funny!

Some of the wooden block streets in Wichita Falls got all puffed up and swelled out of their places after the rain Friday. Just being a street in Wichita Falls is cause enough for any street to get all puffed up.

TO M. L. CLOPTON

MY DEAR CLOPTON:
I read where you have invented a flexible ring guage, an article of value to jewelers. Let me congratulate you upon your efforts and the success which followed. But I note where you are going to distribute and market the patent through New York. Gotham's big enough. Give Wichita Falls a chance to distribute your product.

TO JOHN G. HARDIN
Of Burkburnett, Texas.

MY DEAR NEIGHBOR:
The Record News printed the other day an item stating that you had purchased $325,000 worth of federal land bank bonds. The same item said that you had gotten your start on land—buying a few hundred acres on borrowed money. This is the big lesson you have shown your friends. Land pays. The quicker many people learn this, the sooner they'll get over the hill.

TO HARRY AND WILLIAM SHACK

RADIO PIONEERS:
Thanks for the forward step. Wichita Falls is going to get a lot of advertising out of your 1800-mile broadcasting station.

TO THE CITY COMMISIONERS

FATHERS OF THE CITY:
I know you're interested in the welfare of Wichita Falls. Take a tip from me and either convert some of the policemen you have on duty into traffic cops, or hire a couple of men for the work. Draw the line now, before we have a series of fatal smash-ups.

FATHER WICHITA.

TO ED HOWARD

DEAR POSTMASTER:
Some days ago The Record News printed an interview with you in which you spoke words of encouragement—or rather hope—for action some time by congress for better postal facilities here. We certainly need a more adequate postoffice, as you said. One way to get it is to keep the agitation alive. I think that's your aim.

TO A TROLLEY CONDUCTOR

UNKNOWN STRANGER:
You're a good man. And considerate. When you backed your car quite a distance to go back for an old lady out on Brook street the other afternoon. And she thanked you. She knew that if you had gone on as you could have done and been within your rights, she would have had to wait in the broiling sun. Thanks to you.

RING-BEARERS:
Your smiles came right down out of Sunday's Record News and struck me right smartly. Baby smiles are enduring. They make life seem less strenuous. You two little girls certainly portrayed a gift of the Almighty in the pictures printed Sunday. Grow up in smiles, girls and continue to make your part of the world brighter.

FATHER WICHITA.

TO THE VOTERS

LADIES AND GENTLEMEN:
Get to thinking of the election Saturday. Straw polls conducted by reporters have brought out the news that many voters have not even considered the senate or the governors race. Scores of people do not even know who are candidates. The quicker the people begin to pay attention to elections, the quicker will they get what they think is right in laws and legislation. Think today. Vote Saturday.

FATHER WICHITA.

M'GREGOR ON ROAD

TEMPLE HARRIS M'GREGOR is on the road again. This year he is a democrat. Two years ago he was the candidate of the American party for governor. He captured the ballots of 72,000 Texas voters. This year his voice is lifted for Senatorial Candidate James E. Ferguson. If the 72,000 American party voters are back in the house of their fathers, where will they land in the August run-off? Politics is a funny game. Politics is a noisy game down here in Texas, but it is not an inspirational or elevating game.

The spirit of revival is working in Wichita Falls this summer as it has seldom done before. Various churches are holding revivals with splendid results, all of which means that Wichita Falls is becoming to be a better city every day. No individual or city ever accomplished anything worth while without the spirit of God.

HURRYING ON

Time is skipping, time is hopping, with a haste I can't explain; soon we'll do our Christmas shopping in the winter sleet and rain. Precious months are slipping by us, and they never will come back, and we use some language pious when we view the almanac. Half the year is now departed, half the year is spent and run, and I'm feeling broken hearted when I view the work undone. Vain and useless was my planning, and now take in my sign; Father Time is always canning noble hopes and dreams of mine. I have scarcely done a quarter of the things I planned, I see; for the days and weeks are shorter than the blamed things ought to be. All the months are bob-tailed speeders, each the worst you ever saw; and I feel, oh, gentle readers, that there ought to be a law. For we can get nothing finished, we can wind up nothing here, and our store of life's diminished every time we flap an ear; and the moments, never stopping, whisper that we're nearly through, and the time for Christmas shopping will be with us P D Q.

Lesson No. 23.
THE AERIAL.

The important feature of the aerial, or antenna, is its ability to serve the double purpose of radiating or receiving electromagnetic waves. For purposes of transmission it radiates, in the form of electromagnetic waves, the energy contained in the oscillations of the open or antonna circuit. When used for receiving purposes it intercepts the electromagnetic wavs radiated from a more or less distant transmittting station and conveys a portion of the energy contained in these waves to the sensitive receiving apparatus where it is converted into audible signals.

There are various types of aerials in general use, namely the inverted L type, the T type, the vertical fan, the loop, and the umbrella type. Of these types the inverted L type and the T type are very extensively used. Both these types are flat top aerials and consist of two or more parallel wires stretched horizontally between spreaders which are in turn supported by masts or by attachment to a high projection. These two types are shown in simple form in the following diagram.

The masts (M) and (M) support the spreader (S) and (S) and between these spreaders the wires are stretched horizontally with insulators inserted as shown. The essential difference in mechanical construction between the inverted L and the T types is that in the former the "lead in" or vertical wires are connected to one end of the flat top whereas in the latter the "lead in" is connected to the center. It is very important for a transmiting aerial to be thoroughly insulated in order to efficiently radiate the energy of the high voltage oscillations. In marine installations the flat top aerials are usually of four wires, spaced approximately two and one half feet to three and one half feet apart, each wire being from 75 to 200 feet in length. The "lead in" wires have a combined cross sectional area equal to the total cross sectional area of the horizontal wires and enter the station through an insulator for connection to the transmitting and receiving apparatus. The aerial wires are usually of stranded phosphor bronze, copper or aluminum.

The aerial has a natural wave length due to the fact it possesses in distance and capacity in distributed form and the amount of this inductance and capacity depends principally upon its dimensions. An increase in the length of the aerial causes an increase in the inductance and capacity and consequently an increase in the length of the radiated wave.

For use in receiving stations only, the insulation of the aerial is not as important as it does not have to withstand the high transmitting voltage. For receiving radiophone messages a single wire approximately one hundred feet long supported high in the air and suitably insulated is in general use. An aerial of this type is very satisfactory in intercepting the electric waves and is simply and easily erected.

The Mucker
By EDGAR RICE BURROUGHS

Through the willows upon the opposite bank he shouldered his path, across the meadow still at a walk, lest they arouse attention and through a gate which led directly from the meadow into the ranch yard. Here she led him to the outside of the corral, while she went in search of saddle and bridle. Whose she took she did not know, nor care, but that the saddle was enormously heavy she was perfectly aware long before she had dragged it halfway to where Brazos stood.

Three times she assayed to lift it to his back before she succeeded in accomplishing the Herculean task and had it been any other horse upon the rench than Barzos the thing could never have been done; but the kindly little pony stood in statuesque resignation while the heavy Mexican tree was banged and thumped against his legs and ribs, until a lucky swing carried it to his wethers.

Saddled and briddled Barbara led him to the rear of the building and thus, by a roundabout way, to the back of the office building. Here she could see a light in the room in which Billy was confined and after dropping the bridle reins to the ground she made her way to the front of the structure.

Creeping stealthily to the porch she peered in at the window. Eddie was stretched out in cramped though seeming luxury in an office chair. His feet were cocked up on the desk before him. In his lap lay his six-shooter ready for any emergency. Another reposed in its holster at his belt.

Barbara tiptoed to the door. Holding her breath she turned the knob gently. The door swung open without a sound and an instant later she stood within the room. Again her eyes were fixed upon Eddie Shorter. She saw his nerveless fingers relax their hold upon grip of his revolver. She saw the weapon slip farther down into his lap. He did not move other than to the deep and regular breathing of profound slumber.

Barbara crossed the room to his side.

Behind the ranchhouse three figures crept forward in the shadows. Behind the mass matter of a hundred yards stood a little clump of horses and with them were the figures of more men. These waited in silence. The other three crept toward the house. It was such a ranchhouse as you might find by the scores or hundreds throughout Texas. Grayson, evidently, or some other Texan, had designed it. There was nothing Mexican about it, nor anything beautiful. It stood two storied, verandaed and hideous, a blot upon the soil of picturesque Mexico.

To the roof of the veranda clambered the three prowlers, and across it to an open window. The window belonged to the bedroom of Miss Barbara Harding. Here they paused and listened, then two of them entered the room. They were gone for but a few minutes. When they emerged they showed evidence, by their gestures to the third man who had awaited outside, of disgust and disappointment.

Cautiously they descended as they had come and made their way back to those other men who had remained with the horses. Here there ensued a low-toned conference, and while it progressed Barbara Harding reached forth a steady hand which belied the terror in her soul and plucked the revolver from Eddie Shorter's lap. Eddie slept on.

Again on tiptoe the girl recrossed the office to the locked door leading into the back room. The key was in the lock. Gingerly she turned it, keeping a furtive eye upon the sleeping guard, and the muzzle of his own revolver leveled menacingly upon him. Eddie Shorter stirred in his sleep and raised a hand to his face. The heart of Barbara Harding ceased to beat while she stood waiting for the man to open his eyes and discover her; but he did nothing of the kind. Instead his hand dropped limply at his side and he resumed his regular breathing.

The key turned in the lock beneath the gentle pressure of her fingers, the bolt slipped quietly back and she pushed the door ajar. Within, Billy Byrne turned inquiring eyes in the direction of the opening door, and as he saw who it was who entered surprise showed upon his face; but he spoke no word for the girl held a silencing finger to her lips.

Quickly she came to his side and motioned him to rise while she tugged at the knots which held the bonds in place about his arms. Once she stopped long enough to recross the room and close the door which she had left open when she entered.

It required fully five minutes—the longest five minutes of Barbara Harding's life she thought—before the knots gave to her efforts; but at last the rope fell to the floor and Billy Byrne was free.

He started to speak, to thank her, and, perhaps, to scold her for the rash thing she had undertaken for him; but she silenced him again, and with a whispered, "Come!" turned toward the door.

As she opened it a crack to reconnoiter she kept the revolver pointed straight ahead of her into the adjoining room. Eddie, however, still slept on in peaceful ignorance of the trick which was being played upon him.

Now the two started forward for the door which opened from the office upon the porch, and as they did so Barbara turned again toward Billy to caution him to silence for his spurs had tinkled as he moved. For a moment their eyes were not upon Eddie Shorter and Fate had it that at that very moment Eddie awoke and opened his own eyes.

The sight that met them was so astonishing that for a second the Kansan could not move. He saw Barbara Harding, a revolver in her hand, aiding the outlaw to escape, and in the instant that surprised his motionless Eddie saw, too, another picture—the picture of a motherly woman in a little farmhouse back in Kansas and Eddie realized that this man, this outlaw, had been the means of arousing within him a desire and a determination to return again to those loving arms. Too, the man had saved his mother from injury, and possible death.

Eddie shut his eyes quickly and thought hard and fast. Miss Barbara had always been kind to him. In his boyish heart he had loved her, hopelessly of course, in a boyish way. She wanted the outlaw to escape. Eddie realized that he would do anything that Miss Barbara wanted, even if he had to risk his life at it.

The girl and the man were at the door. She pushed him through ahead of her while she kept the revolver leveled upon Eddie, then she passed out after him and closed the door, while Eddie Shorter kept his eyes tightly closed and prayed to his God that Billy Byrne might get safely away.

Outside and in the rear of the office building Barbara pressed the revolver upon Billy.

"You will need it," she said. "There is Brazos—take him. God bless and guard you, Billy!" and she was gone.

Billy swallowed hard. He wanted to run after her and take her in his arms; but he recalled Bridge, and with a sigh toward the patient Brazos. Languidly he gathered up the reins and mounted, and then unconcernedly as though he were an honored guest departing by daylight he rode out of the ranch yard and turned Brazos' head north up the river road.

And as Billy disappeared in the darkness toward the north Barbara Harding walked slowly toward the ranchhouse, while from a little group of men and horses a hundred yards away three men detached themselves and crept toward her for they had seen her in the moonlight as she left Billy outside the office and strolled slowly in the direction of the house.

They hid in the shadow at the side of the house until the girl had turned the corner and was approaching the veranda, then they ran quickly forward and as she mounted the steps she was seized from behind and dragged backward. A hand was clapped over her mouth and a whispered threat warned her to silence.

Half dragging and half carrying her the three men bore her back to where their confederates awaited them. A huge fellow mounted his pony and Barbara was lifted to the horn of the saddle before him. Then the others mounted and as silently as they had come they rode away following the same path.

Barbara Harding had not cried out nor attempted to, for she had seen very shortly after her capture that she was in hands of Indians and she judged from what she had heard of the little band of Pimans who held forth in the mountains to the east that they would as gladly knife her as not.

Jose was a Pimin, and he immediately connected Jose with the perpetration, or at least the planning of her abduction. Thus she felt assured that no harm would come to her, since Jose had been famous in his time for the number and size of the ransoms he had collected.

Her father would pay what was demanded, she would be returned and, aside from a few days of discomfort and hardship, she would be none the worse off for her experience. Reasoning thus it was not difficult to maintain her composure and presence of mind.

As Barbara was borne toward the east, Billy Byrne rode steadily northward. It was his intention to stop at Jose's hut and deliver the message which Pesita had given him for the old Indian. Then he would disappear into the mountains to the west, join Pesita and prey a new raid upon some favored friend of General Francisco Villa, for Billy had no love for Villa.

He should have been glad to pay his respects to El Orobo Rancho and its foreman; but the fact that Anthony Harding owned it and that he and Barbara were there was sufficient effectually to banish all thoughts of revenge along that line.

"Maybe I can get his goat later," he thought, "when he's away from the ranch. I don't like that stiff, anyhow. He orter been a harness bull."

It was 4 o'clock in the morning when Billy dismounted in front of Joe's hut. He pounded on the door until the old man came and opened it.

"Eh," exclaimed Jose as he saw who his early morning visitor was, "you got away from them. Fine!" and the old man chuckled. "I send word to Pesita two, four hours ago that Villistas capture Captain Byrne and take him to Cuivera."

"Thanks," said Billy. "Pesita wants you to send Esteban to him. I didn't have no chance to tell you last night while them pikers was sticking around, so I stops now on my way back to the hills."

Salm's Spudders Have Crossed the Rubicon at Last

SLUGGERS WHAM WHITAKER AND PANTHER HUMILIATION IS GLORIOUSLY COMPLETE

Wheeler Shows Rare Form and Great Play By Team Cops Fifth Straight for Series: Tanner and White Again Pull Spectacular Plays; Weiss Hits for Necessary Runs.

By "SPIKE" COOPER

Bearing down with unbeatable baseball, the Spudders grabbed off the final game of the series, 5-4, yesterday, and thereby went an envious reputation held by the Panthers.

Never before, since Fort Worth's championships sprung forth, has any club been able to sweep five games in a row, and during the past three years only one three-game series has been dropped that way. The first honor went to Houston last season.

Almost 2,000 loyal, fighting, faithful Spudder fans brought through nine innings of one of the greatest games of the season. From the first round until Buddy Tanner pulled an impossible play to retire the final hitter, there was play enough and fight enough for everybody.

The Panthers were not the same more-or-less-listless aggregation of ball-tossers seen in the first four goes of the engagement. They fought all the way and with a determination to stave off the inevitable, but Rip Wheeler was in perfect form, the Spudders on their toes and thus and so shall it ever be.

Bill Whitaker was Atz's nomination, but according to schedule no less than a dozen safeties were charged against his account. These same netted five wonderful markers, a monstrous one more than the Panthers were able to count.

That Faithful Ninth.

The great thrill of the series came in the first of the ninth inning. Tavener came up first and with the count three-two, smacked a fast grounder toward center field. White extended his limit a wee bit and with an unbelievable bare handed stop and perfect throw caught the runner at first. Haworth followed with an easy fly for Weiss. Art Phelan went in to bat for Whitaker and this he actually did, sending Weiss on a long chase after a double against the fence. Cecil Coombs came up in turn. One of the best hitters of the Cat Club was at the plate and he had gone hitless for the day. Kissing a fast one terrificly down third base line, it semed a two-base knock but Tanner, scrappy third sacker, managed to knock down the smash. Phelan was crossing the plate with the needed run. Tanner made a quick recovery and from an undescribable position, whipped the ball toward first. As the ball hopped in, Fred Beck reached his limit and smothered the ball in his faithful mit for a ball game, a series and glory sufficient for many days.

Weiss had a large hand in the day's activities. On three of his four trips to the plate did he smack the old apple for hits, and on each of the three occasions there were runners aboard and twice did they check in at the pay station. Four Panther drives herocked deep into his mit, bringing his total for the five game series to 24 Cat tracks erased.

All the Spudder runs came as a result of perfect baseball. It was clean hitting that turned the trick and Weiss, Summa and Bescher all responded to opportunities as runners begged for necessary transportation.

Rip Wheeler was invincible in pinches and eased the Cats down with a sting that will not soon be forgotten. Only nine hits did they get, one of which was a drive over the right field fence by Hoffman, but none were aboard at the time. Wheler fanned five of the visiting would-be hitters, and awarded but two passes.

Sears Fought Hard.

Ziggy Sears semed to be taking his grudge of yesterday out on the Spudders. Daylight robbery on two different occasions turned Fred Beck back at the plate, when he seemingly had hit for extra bases. A single and double crashed off his bat during the matinee, while he also converted a walk into the final run accumulated by Jake Atz and company, defunct.

Dutch Hoffman tried to get the Panthers over the hill, but could not do it single handed. He took advantage of a fat one Wheeler chunked across and single-treed it out of the lot. The ball rolled far toward the trees occupied by "shekel-squeeing" fans who bedeck the greensward of Spudderdale.

It seemed Weiss had turned the same trick in the third, when after Summa had singled to center the tender of that garden between second base and the bigh green boards "buggy-whipped" a fast one to deep center. Coombs backed off to watch it go over, but it was inches short and bounded far back into the lot after striking near the top of the wall.

Game of Tag

Wheeler and Adams each hit for three bases into the corner of right field and Sears took lots of exercise. Adams attempted to stretch his into four, but was easily caught at the plate. As he came in he failed to tag the rubber and Haworth failed to tag the runner. Neither knew what to do, so Haworth sat down on the plate and everybody grouped around. Adams finally tried to shoot a finger through to the station, but Homer beat him to it.

Bowman Honored

At the fifth inning came to a close, Rev. N. F. Grafton asked Umps Sweeney for a minute. Surrounded by players of both teams and with Bowman at hand, the staunch supporter of the Spudders spoke words of appreciation for the faithful and untiring service of the retiring mound-man. When all were asked to voice their appreciation, every fan in the stand stood with uncovered head and cheered the presentation of a beautiful and fittingly engraved watch, a token of appreciation from the fans who regret the passing of Bowman. He retired from the field and prepared to leave for his old home in Illinois. He got away at 6:45 o'clock.

Nothing definite has been heard from Hollingsworth and Freeman, but President Harvey stated after the game that both were expected at any time. They'll probably join the club while in Dallas.

DAVIS CUP TEAM CHOSEN SOON

By Associated Press.

NEW YORK, July 17.—Of the 14 nations which challenged the United States to defend the Davis cup, symbolic of the world tennis championship, only four remain as possible contenders — Australia, France, Spain and the British Isles.

The American Davis cup committee will attempt late this week to close the few loose ends that will bind one of the most colorful tennis seasons in American annals and to select the team that will defend the nation at the net. Four players probably will be chosen—two singles and two doubles players.

Selection seemed to be centered about William T. Tilden II, American champion; William M. Johnston of California, former national champion; Watson M. Washburn of New York; R. Norris Williams II, of Boston and Vincent Richards of Yonkers. The first two are certain. The first four made up the team last year.

Bambino Fields .333 in Times Square While Thousands Look On

By Associated Press.

NEW YORK, July 17.—New Yorkers had a chance to see Babe Ruth catch a baseball without paying for the sight today. So many thousands took advantage of this opportunity that police reserves were called out.

It had been advertised that Bob Meusel would stand on top of a theater in Times Square at noon and throw a baseball to the Bambino on the street. When noon came it was impossible to drive an automobile through Times Square.

"That's him: that's the Babe: there, Babe," some fellow began to shout when a heavy set man with a checked suit and audacious yellow silk shirt came lumbering with police escort to the car tracks. "Hi," growled the home run virtuoso.

Then Meusel threw a baseball down. Babe missed it, but John Kelly, a theater employe, retrieved it from the milling crowd. This was considered a record. Meusel threw it down again to his Yankee teammate and Babe muffed it. Kelly got it away from the souvenir hunters a second time. The next trial was successful.

NET TOURNEY ENTRY LIST COMPLETE

First Games Will Be Played Here on Wednesday

The entry list for the Record News tennis tournament was completed yesterday and play will start Wednesday afternoon. The entries show several players of proven worth and these, with the many others who are making their first attempt at the city championship, will make the tournament a hard fought affair.

The courts are in the best of condition and arrangements have been made to play all matches in the afternoon at such times that the schedule will work no hardships on any player. The contests will be played as speedily as possible and the singles and doubles matches will be played off at alternate days in order that there will be no conflict.

The play for the consolation prize will begin Thursday or Friday with all contestants who are defeated in the first regular contests as entries. This prize is a tennis racket donated by a local sporting dealer.

Will Give Loving Cups.

The first prizes in the two events will be on display at Collier and Landon's store during the tournament. These are handsome silver loving cups and will be engraved with the names of the city champions in the doubles and singles events. Duplicate cups will be given the winners in the doubles contests.

Officials have been appointed to rule the play at the various games and referees will be on hand at the courts on the scheduled dates. The results of all games will be reported to the tournament committee on the day of play. The schedule for each day will be printed in the Record News the preceding morning and contestants must accept this as sufficient notice. Any games not played on the dates assigned will be declared forfeited. In case any two players agree to play at any date previous to that set by the committee the match may be declared official provided the committee is notified one day before the date set.

First Games Wednesday.

The games scheduled in the first preliminaries will be played Wednesday, Thursday and Friday on the courts at Thirteenth street and the courts at Ninth and Broad streets.

All games are scheduled for five thirty in the afternoon and the time can only be changed with the consent of the committee. Wednesday's games, singles: Isadore Cohen and Ted Williams at the park; Raymond Myers and Paul Hines, Thirteenth street; Henry Akin and Edwin Debb, Thirteenth street; W. P. Worthington and H. Sellers Rogers, park.

Thursday's games; singles: Guy Enlow and Ridley Maples, park; Clifton Haynes and Tatum, park.

Doubles: B. M. Ferguson and Charlie Sheldon vs. Dee Ford and Marshal Evans, Thi-teenth street; Ed Bebb and M. A. Ellis vs. Guy Enlow and A. Denney, Thirteenth street; by agreement Hines and Haynes will meet Myers and Formeigle at the Call Field courts.

Friday's games: W. C. Hamilton and H. Tinker, Thirteenth street; M. Silberman and Edward Kadane, Thirteenth street; Preston Beck and Mercer Parks, park; C. Angle and A. Denney, park.

LONGHORN STAR GETS MANY OFFERS

By Associated Press.

FORT WORTH, July 17.—Horace Kibble, star shortstop of the 1922 Texas University freshman baseball team and a member of a local amateur club, has been offered contracts by four major league teams, according to reports here today.

The Chicago White Sox, Philadelphia Athletics, Pittsburgh Pirates and Detroit Americans are angling for his services, it is said.

Kibble is a graduate of Fort Worth senior high school. He will not sign before completing his college course, he said.

"VOTE? WHO, US? LET THE MEN DO IT," SAY WICHITA WOMEN

Only Three of Fifty Women Asked to Cast Straw Ballot Declare Intention of Voting; Other Women Are Not Interested.

"I don't keep up with those things. I don't know how I will vote." It was the wife of a prominent Wichita Falls minister speaking.

"Really, I haven't given it a thought. I doubt if I vote at all." This time it was the wife of one of Wichita Falls' best known physicians.

"Honestly, I do not know. I have paid very little attention to the election or the candidates," a well-known Wichita Falls attorney's wife said.

In taking the straw vote of women in Wichita Falls as to their choice of candidates in the coming election for United States senator and governor the Record News has discovered a most unusual situation. Out of 10,560 poll taxes paid in the county women paid 4,265 and yet only three women out of 50 who were questioned said that they were going to vote and could say who they were going to vote for. Of the three who said they would vote two were not so positive about their choice of candidates but were only half sure they would vote as they implied.

Woman Opposes Klan

One said she would vote for Ousley for the senate and scratch all names for governor. Another said she would vote for Ousley for the senate and Neff for the legislature. A well-known capitalist's wife said that she would vote for Neff for governor as there was not much choice, meaning that she did not think much of any of the candidates. She said she had intended voting for Mayfield for the senate, until she saw where he was listed as the ku klux klan candidate, then she decided not to vote for him. She had not decided definitely who she would vote for in the senatorial race.

A reporter, seeking to get an accurate expression of sentiment from the average run of citizenship after having questioned wives of some prominent men without result, sat down and called 20 women on the telephone. He took the names haphazard over the telephone book and did not know any of the women.

Forgot Election

At first the reporter called five persons whose names were listed as "Mrs." So and So, indicating that they were widows. The first one called said "I am not going to vote. I had forgotten there was to be an election."

The second one said, "I do not know that I will vote at all." The third one said "I am not giving out any information." The fourth one said "I had not thought anything about it." The fifth one said "Men tire me. I don't take any interest in politics."

"What Is Election About?"

When calling up the 15 married women the reporter found just as little interest. One woman asked "What is the election about?" Another one replied, "I have too many young ones at home to think about elections. I will let my husband do the voting."

Practically all of the 15 were the same. None of them had any special intention of voting.

In downtown business places the result was almost the same. Aside from a few women questioned last week and found to have slight interest in the election, the reporter found none Monday who would vote, so far as they knew.

"I don't bother with that kind of silly stuff," one blond-headed, bobbed haired cashier said.

"Which one has the biggest car? But I didn't pay my poll tax," another flapper said.

Then a sensible young woman who works with a well known organization and in an important capacity, was asked how she would vote. "Really, I have been so busy thinking about going to Colorado that I haven't given the election a thought," she said.

So there you are. Take it or leave it.

Now That's Rather Odd

By Associated Press.

WINFIELD, Kan.—Enraged because his wife chastised their three-year-old son for teasing a pet cat, Daniel Goode, 40, a farmer near Atlanta, Kan., 25 miles north northeast of here, last night beat his wife with a club, seriously but not fatally; drowned his son and mother-in-law Mrs. Carrey Newson, 63, in a nearby creek and then killed himself with a high powered rifle.

By Associated Press.

PARIS.—Father Mortillac, French monk, reported to have been the last lover of Mata Hari, celebrated Dutch dancer, who was executed by the French as a German spy, has been located in the Carthusian monastery at Cartuma de Miraflores, Spain.

Mortillac, who was prominent in French social circles, disappeared after a vain effort to save the woman about whom Vicente Blasco Ibanez wove his war romance "Mare Nostrum."

Wheat Down At Chicago

By Associated Press.

CHICAGO, July 17.—Renewed talk of possible speedy settlement of the railroad strike and about increased chances of escape from serious damage by blackrust had much to do today with bringing about lower prices for wheat. The market closed heavy 1 1-2c to 2 3-8c net lower with September 1.11 7-8 to 1.12 and July 1.14 to 1.14 1-4. Corn lost 3-4 to 1 1-8c and oats 5-8 to 1c. Provisions finished unchanged to 12c higher. Late in the session the wheat market showed a tendency to weaken.

Corn and oats weakened with wheat after showing strength early. Weather conditions were reported as auspicious for corn.

Provisions averaged higher reflecting changes in the hog market.

STEEL FEELING STRIKE EFFECT

Stock Prices Move Irregularly

NEW YORK, July 17. — Stock market prices moved irregularly upward for the most part today on a very moderate but fairly broad turnover regardless of strikes and renewed signs of "saturation" in the oil industry.

Western freight improvements were variable but reports from Pittsburgh and Youngston indicated that the steel trade was beginning to feel the effects of the railway walkout. Additional cuts in prices of crude products were announced from Pennsylvania, mid-continent and southwestern oil districts. Equipments were the most stable features of the day, further gross gains of 1 to 2½ points being scored by the locomotive group, American car, pressed steel car, railway steel springs and general electric.

Oils furnished the basis of a series of drives against the short interests. Mexican petroleum replaced its early heaviness with a brisk recovery at midday and a net gain of 1½ points out secondary domestic oils were sold in the final hour with Studebaker and Baldwin and American locomotives.

"Almost Choked Last Night
with gas around my heart. Couldn't breathe," many people say.
No such choking or anxiety if you will take Baalmann's Gas Tablets, which are prepared especially for stomach gas and particularly for all the bad effects from gas pressure against your most vital organ—your heart.
That empty, gone and gnawing feeling at the pit of your stomach will disappear; that anxious, nervous feeling, with heart palpitation will vanish, and you will once more be able to take a deep breath, so often prevented by gas pressing against your heart and lungs.
These unique tablets are sold by Palace Drug Store, Central Drug Store, and other reliable druggists. Be sure to insist upon the genuine Baalmann's Gas Tablets in the yellow package, price one dollar. J. Baalmann, Chemist, San Francisco. —Adv.

SELLING WAVES LOWER COTTON

Price Low But Calls Are Heavy

By Associated Press.

NEW ORLEANS, La., July 17.—Selling waves were felt by the cotton market today both in the early and in the late trading. In between there were almost full recoveries and for a while the tone held steady. Final prices were at net losses of 31 to 44 points, October sold as low as 21.35 and closed at 21.48.

Much of the selling of the day was due to a favorable opinion of crop accounts, especially from the west. Poor cables caused a lower opening but no great weakness as the market was steadied by a better opinion of the rail strike situation.

In the late trading a fair proportion of the offerings appeared to come from holders of long contracts who seemed to be letting go because of the failure of news concerning the general crop to indicate the beginning of deterioration that is usual to July.

This Man Wouldn't Stay Down

He was putting in long hours at unskilled work. His small pay scarcely lasted from week to week.

He saw other men promoted. Then he learned the *reason*. They had special training. He made up his mind to get that kind of training.

He sent to Scranton a coupon like the one below. That was his first step upward.

The reward was not long coming—an increase in salary. Then he was made Foreman. Now he is Superintendent.

It just shows what a man with ambition can do!

What about you? You don't have to stay down. You can climb to the position you want in the work you like best.

The way to do it is easy—without sacrificing yourself in any way, mark and mail this coupon.

Wildcat Flows 15 Bbls

TEST WILL BE PLUGGED BACK

Oil Shows at Top of Water

"About a 15-barrel producer," is the estimate placed on the Texhoma's Tad Wilson wildcat in Archer county which was finished up Saturday night. The test is showing some water trouble, according to reports from the field, and the test will be plugged back to the top sand, which, with swabbing, may bring out more production.

Drilling through the upper sand, encountered at 1,833, the bit went through 15 feet of blue shale and into another sand showing oil in the top and water. This is being plugged off.

Lost Casing Holds Up Rio Bravo No. 6

A lost casing seat held up completion of the Harvey-Cullum No. 6 Rio Bravo, Section 31, Southwest Electra, on Monday. However it is expected that the casing will be reset and the well completed without further loss of time.

The No. 6 is on the 1900 foot sand, and is expected to make a 200 barrel well, or possibly better.

Setting Six-Inch In No. 1 Kissinger

The Sinclair Oil and Gas Company's No. 1 Kissinger, in the East Bunger field, is setting six inch casing on the sand at 2550 feet, and reported showing for a nice producer. This new well is an extension eastward of the 2,500 foot sand, of which the Penn-Cities No. 3 had previously been the eastern outpost. A number of other tests drilling in this neighborhood are awaiting the completion of this well with great interest.

Crude Prices Cut

By Associated Press.

PITTSBRUGH, July 17.—Several grades of crude oil were cut 25 cents a barrel at the opening of the market today. The new prices are: Pennsylvania $3.25; Cabell $2.11; Somerset $1.90; Somerset light $2.15; Corning $2.05, and Ragland $1.25 were unchanged.

LEASE HOUNDS ACTIVE IN OLNEY TERRITORY

Special to The Record News.

OLNEY, Texas, July 17.—Lease hounds, geologists, oil kings and would-be oil men have been frequent visitors here for the past few weeks and although the Cherry Ranch test has been abandoned as dry at a depth of 3,300 feet and the crew is now pulling casing, the territory has by no means been condemned and geologists say that a good pool is going to be opened up near this city at some future date.

The test on Turner-Richardson's place which was abandoned some two months ago is to be standardised and completed, a crew of men now being on the job for that purpose. This test was started with a rotary rig, and after having drilled some 12 hundred feet or more, the promoters experienced some financial difficulties which caused them to quit the test. They have now made satisfactory arrangements for the completion of this test as well as the drilling of another on the Pitts Neal tract and we are informed that they also intend to drill still another well before they quit the territory.

KEMP-MUNGER-ALLEN DRILLING K. M. A. TEST

The Kemp-Munger Allen Oil Company's No. 17 Munger is drilling in the old K. M. A. field, and while intended for a 1700 foot producer, the formations will be closely watched for the new 1500 sand which was opened up several weeks ago in the Franklin-Daniel well to the west. The new well of the Kemp Munger Allen company is three locations inside from the east line, drilling progressing toward the middle of the company's lease in line with the company's policy to drill on offsets to production only. The 1500 foot strike was west of the Kemp Munger Allen company's west line, but for the present, it is understood, there will be no drilling on the west line for this new sand.

The Prime Oil Company's test is the only one which has yet started drilling as a result of the new, shallower strike.

OHIO COMPANY MAKES CUTS IN OIL PRICE

By Associated Press.

FINLAY, O., July 17.—The Ohio Oil company today announced a 25c reduction in the price of central west grades of crude oil. New prices are: Lima $2.23; Indiana $2.04; Wooster $2.35; Plymouth $1.40; Illinois $2.20; Princeton $2.02; Waterloo $1.50.

OIL MAN BANKRUPT

By Associated Press.

MUSKOGEE, Okla., July 17.—M. M. Travis, an oil operator of Tulsa, filed a voluntary petition in bankruptcy in United States district court here today, listing liability at $15,[illegible] and no assets. Travis is said principal stockholder in the Mid-[illegible] company, the Mid-Co Gas company and the Mid-Co Transportation company, which are in the hands of a receiver.

Big Acreage Is Leased at Bowie

Special to the Record News.

BELLEVUE, Texas, July 17.—For the past several days a company of Bowie citizens have been leasing a large acreage just east of Bellevue and between Bellevue and Bowie for the purpose of drilling an oil well provided they secure the required acreage. These gentlemen are endeavoring to secure a lease on 5,000 acres laying between the Bellevue and Bowie and the Vashti and Bowie roads these roads forming the north and south boundary of same.

Magnolia Makes New Crude Cuts

By Associated Press.

DALLAS, July 17.—The Magnolia Petroleum company today announced the following reductions in crude oil, effective Tuesday:

Cement, Oklahoma, crude $1.10 barrel, 20 cent reduction; Healdton, Walters and Beaver creek districts, Oklahoma, crude .85 cents barrel, 15 cents reduction; Corsicana, Texas, light crude $1.10 barrel, 20 cent reduction.

JOHN AND JEFF GETS PRODUCER

Well Is Rated at 75 Barrels

Adding another fair producer to the new extension of the old Culbertson pool, on the John and Jeff Waggoner ranch, between the Electra and K. M. A. fields, the John and Jeff Oil Company's No. 12 Waggoner brothers has been completed for a 75-barrel well. This new well is in the 1500 foot sand. It is about 500 feet southwest of the No. 1 Waggoner brothers of Dr. Bailey et al which was the discovery well of the extension pool.

The No. 13 on the John and Jeff Oil Company lease will start drilling today.

Cisco Oil Royalty Brings Big Price

Special to the Record News.

CISCO, July 17.—What is said to be the highest price ever paid for oil royalties here was recorded a few days ago when J. F. Jackson sold a part of the B. F. Aiken tract in the Pioneer field for $5,800 per acre. The acreage sold aggregated several thousand dollars. The purchasers name was not given, nor is it stated just how many acres changed hands at this figure. The Aiken production is one of the best in the field and the probability is that the buyer really got a bargain.

Bring Gasser In Near Cisco

Special to the Record News.

CISCO, Texas, July 17. — News reached Cisco yesterday that a big gasser had been brought in on the J. R. Stubblefield tract, which is said to be just four and one-half miles east of the Drury Petroleum corporation's lease No. 1. It is said the gas was struck at 1,540 feet and is making four million feet of gas. The report stated that the boiler is being moved back for fear of ignition from the huge amount of gas coming out of the well.

GOOD OIL SHOWINGS FOUND IN GLENN WELL

Special to the Record News.

HASKELL, July 17.—Drillers on the Glenn well in the eastern part of the county are under-reaming this week preparatory to shutting off water which has been giving some trouble at 1894 feet. According to reliable reports from this test, several favorable oil and gas showings have been encountered. At 1880 feet a gas sand was drilled through which the driller states is good for 100,000 cubic feet of gas per day.

In a letter from James Burton Glenn, Sr., trustee of the Glenn Petroleum syndicate, he states that indications in t is well look very favorable and that his company is very hopeful of bringing in the first producer in Haskell county.

DUNCAN GASSER STIRS INTEREST

Nicholas Completion In Grady County

By P. P. DUFFY,
Sec'y. Duncan Chamber of Commerce
Special to The Record News

DUNCAN, Okla., July 17.—The Nichols 49,000,000 cubic foot gasser in section 26 5 1, Sw, is causing more excitement in the local fields than anything that has been brought in here in the past four months. The well is 14 miles southwest of Chickasha in Grady county and while it is not exactly in the Duncan district the local operators are confident that it is an extension of this field to the north, and predict the opening of an extensive drilling campaign between here and the new gasser.

The sand which was struck at 1271 feet looks very good as did the formations in the hole, and it is the opinion of local geologists who have been interviewed on the subject, that this same sand dips to the south and west from where the new well picked it up.

Many new locations have already been made in the immediate vicinity of the well and it is rumored that others will be made on south on the strength of the geologists reports that have already been turned in. According to the latest reports from the field the location of the Shipp-Nash-Wade test in section 2, 1s, 4w has been changed from the center of the N. W. of the N. W. of the N. W. quarter of this section. The rig which had been erected on the first location has been moved. The Magnolia in section 17, 2s, 7w is drilling at 900 feet. The Derk Lumber company has a well in the sand at 1420 feet in section 13, 2s, 7w. J. W. Martin No. 1 in section 7, 2s, 6w, has struck the sand at 3430 feet and is standing several hundred feet in oil. The 5 3-16 inch casing has been run and they are now ready to drill in. This is the Lone Star company's well and is arousing interest again in the east field. Stanley Lewis in section 15 is bailing out. They are sure of a gas well and it is reported that they stand a splendid chance of getting an oil well. Another one of Duncan's wildcat wells has found the sand, has cemented and will drill in the first of the week. The well belongs to the 4-Star Oil and Gas company and is in section 11, 3s, 8w. They are 46 feet in the sand at a depth of 2006 feet. This is a rank wildcat well and if it proves to be a good one will open up a new field 13 miles southwest of Duncan.

GRANTED CHARTER.
Special to The Record News.

WHY DENY yourself and family the pleasure of driving a car when you can buy a used one so cheaply and it serves your every purpose? After a hard day's work it isn't much pleasure to ride a street car to the lake but with a car of your own it's fun.

Besides the pleasure of the drive out and back, just think of the cool waters of the bathing pool. Ever been out to Haven Park and after a dip in the inviting waters cut a juicy melon? It tasted good too, and my, how nice the cool air was on the ride back! You slept good that night, too.

Our prices are right. We will sell you a Maxwell for $75 or a Buick for $625 or anything you want between these prices. Terms? Always to suit your conveniences and pocketbook. Remember it does make a difference where you buy a used car. We sell you a car for just what it is—we never misrepresent.

A COMPLETE NEWSPAPER

NAMES JUDGES FOR ELECTION

Arrangements Made By Myers

With election day only four days away, Wichita county residents are expressing more and more interest in the outcome of the races.

Many have already openly expressed their sentiments concerning the election's finish, while opinions as to the winners are widely varied.

Coming in line with the voters, Raymond Myers, acting in the absence of P. B. Cox, county democratic chairman, has appointed all the judges to superintend the election, which will be held at 23 boxes in Wichita county, reports of which will be made to Mr. Myers later.

The judges appointed by Mr. Myers includes the following:

Wichita Falls

Box 1, city hall, J. O. Bentley judge; box 2, Deatherage Marble Works, F. B. Massey; box 3, Barwise school house, Roy Prieve; box 4, court house, W. C. Bworn; box 5, high school building, J. M. Baber; box 6, community house, Sibley-Taylor addition, Charles L. Francis; box 7, Wilson's store, J. W. Jester; box 8, fire station on Buchanan street, John Davenport; box 9, Alamo school building, R. E. Huff; box 10, Ellis drug store, S. Heyser; box 11, court house, A. J. Chambers; box 12, north side school building, Luther Leissler.

County Boxes

Box 13, Allendale, A. E. Gynn; box 14, Cashion, J. H. Shaw; box 15, Burkburnett, east of railroad, W. R. Hill; box 16, Burkburnett west of railroad, A. Loehoffner; box 17, Iowa Park, north of railroad, George Mills; box 18, Iowa Park, south of railroad, W. R. Arnold; box 19, Clara, R. E. Bains; box 20, Peony, W. L. Bodges; box 21, Electra, south of railroad, O. M. Bilham; box 22, Electra, north of railroad, J. A. Wise; box 23, Electra, H. J. Flusche.

KIWANIANS HEAR CONVENTION REPORT

During the international convention of Kiwanis, 30 of the 32 amendments presented to the numerous delegates were passed, according to Julian Bobo, delegate from the Wichita Falls club.

The majority of the amendments to the international organization's constitution, Mr. Bobo asserted during an interesting report of his journey, which he delivered to the local Kiwanians Monday, were concerning minor matters, however, one referred to an interesting subject—the matter of membership.

"Membership in the Kiwanian club," he said, "is now divided into four classes—active, honorary, reserve and privileged," all of which he fully explained.

BOBO GIVES TALK ON KIWANIS CONVENTION

Promotion and encouragement of the Golden Rule.

The need of Kiwanian educational activities.

The remarkable growth of the international organization.

Those were some of the things which Julian Bobo discussed during a report as international delegate from Wichita Falls to the local club yesterday at their regular weekly luncheon.

The international convention, according to Mr. Bobo, was a "big success" and "showed what 70,000 Kiwanians from 800 cities can do."

Ben Neal, president of the local club who was expected to return here today and to report to the club, failed to put in an appearance. Bobo said "I must have lost him in New York."

TEXAS-OKLA. FAIR STOCK TO BE SOLD

Directors of the Texas-Oklahoma fair decided Monday to put on the market approximately $30,000 more stock of the association. This is the last batch of the recently increased $150,000 capital stock, and is expected to be subscribed within a few days.

The fair directors also discussed general fair plans and reports on the premium lists were made. It was found that the list will be ready within a few days.

PREPARE PROGRAM FOR PRESS MEETING

The program for the northwest Texas Press association to meet in Wichita Falls August 1 and 12 has been completed, it was announced after a committee meeting in the chamber of commerce rooms Monday morning. The program includes several interesting features, it is said.

Let Contract to Improve Hospital

During the meeting of the commissioners' court Monday afternoon, Luttican Brothers, contractors, were awarded the contract for the improvement of walks and driveways at the Wichita general hospital which is now being constructed.

An order to have the fixtures for the hospital's kitchen and electrical effects brought on the grounds at once was also issued during the meeting.

BYERS-WAURIKA ROAD IS STARTED

Deny Labor Trouble Report

Information from Byers Monday was to the effect that work on the Byers-Waurika railroad is proceeding rapidly. The report was to the effect that no trouble of any kind had appeared and that a report recently circulated that labor trouble was feared was entirely in error.

Despite the hot weather the graders are making good progress, it is said and with other equipment now on the ground there will be a total of more than 100 teams working by the middle of the week.

LOCAL ENGINEERS TO STUDY IRRIGATION

E. S. Heyser and R. A. Thompson left Monday for the lower Rio Grande valley to look over the irrigation projects there. Mr. Heyser is entirely familiar with the valley projects having at one time been chief engineer of the Brownsville railroad.

Mr. Thompson, who is chief engineer of the Wichita Valley irrigation project, said the main object of the trip will be to study the canal system and the water distribution system. The two engineers expect to visit Harlingen, San Benito, Brownsville, McAllen and in fact every town in the valley.

WEDNESDAY IS LIMIT FOR ABSENTEE VOTERS

After tomorrow, those leaving Wichita Falls who desire to cast votes in the July 22 primary will be unable to doso. Wednesday, it was announced Monday at the court house, is the last day when votes may be filed with the county clerk under the absentee voting rule.

During the day Monday, a total of 58 votes had been filed in the county clerk's office, six of which were filed after the noon hour.

The clerk's ofice closes Wednesday afternoon at 5 o'clock, that being the final hour when absentees may file their ballots.

All ballots are placed in a sealed envelope and will be given to the proper authorities on election day.

SERVICE MEN DINE TONIGHT

To Elect Officers at Kemp

Betweenn 25 and 50 former service men will dine tonight at the Kemp hotel, when Pat Carrigan post of the American legion holds its annual banquet. The election of officers for the ensuing year will feature the evening's program.

Arrangements for the banquet, it was announced late Monday afternoon, have been completed and the management of the hostelry has aided in the preparations for the event.

The occasion has been styled by the legionnaires as "ex-service men's ladies' night," the wives, mothers and sweethearts of the former warriors being invited to attend the banquet.

An interesting address, it is announced, will be delivered during the banquet, while music and other entertainment will precede election of new officers.

Thieves Strip Car

Seemingly, thieves have centered their activities on automobiles belonging in Wichita Falls.

And they haven't stopped at sealing the cars. Sometimes they leave the car—stripped of all its beauty, and devoid of running aparatus.

That's what they did Sunday night, when thieves stole accessories belonging on an automobile which was parked at 1714 Taylor street. One casing, a rim and inner tube, a spot light and a number of cold patches were stolen.

Officers are working on the theory that a band of automobile and accessory thieves are operating here.

Police Seek Men Who Beat Negro Rail Worker Here

Harry McKinnie, a negro employe of the Fort Worth & Denver roundhouse was seized Saturday by unmasked men, carried to a point north of the Wichita river and severely beaten. He was found later by joy riders, and brought back to the city.

McKinnie was en route to his work in company with a guard employed to protect the railway's property, when several automobiles containing unmasked men intercepted them. The guard was told to turn his back and not to watch while the abductors carried the negro away.

No description of the men could be furnished the officers, who learned of the affair Monday morning and began an investigation.

KANSAS CITY HIT BY STRIKE

Conditions Worse Than Reported

According to information contained in a communication received here Monday from E. L. Fontaine, formerly connected with the Wichita Falls & Southern as traffic manager, conditions around Kansas City, Mo., as a result of the strike are "not so bright as the press would have them appear."

Mr. Fontaine's communication asserts that "the strike situation in Kansas City is about 200 per cent worse than it is reported to be."

The letter also stated that a wreck which recently occured near Kansas City as the result of ties placed across the tracks would cost the company $150,000.

Did You Lose It?

Police officials are holding in their possession an automatic pistol which was found near the baseball park Sunday afternoon following the ball game.

The pistol is believed to have been taken from some vehicle parked near the park by small boys who were found meddling with automobiles. The pistol is practically new, and may be obtained at the station by its owner.

SONGS WILL PUT 'PEP' IN KIWANIS MEETINGS

As a result of Julian Bobo's trip to the International Kiwanis convention city, in Toronto, Canada, the Wichita Falls Kiwanis club will start singing louder than songs have been sung in some time.

Julian expressed a desire to see music in vogue in the local club with renewed energy, and said, during a talk to the organization yesterday, that the musical programs of the eastern clubs was one of the striking features of the meetings.

When he had finished describing the effects of song "to tame the savage beast," E. C. Huckabee, choir director of the First Methodist church, was unanimously elected as official Kiwanis song leader, and will begin his work at the next regular meeting.

Song books to help the cause along will be purchased immediately it was announced.
