Sale Bargains, Santa Await Moonlighters

Santa Claus will arrive in Tahoka at 7 p.m. on a fire truck Friday night for the sixth annual Moonlight Madness Sale beginning in 15 businesses at 6 p.m. and continuing for three hours of bargains and giveaways.

Tahoka Chamber of Commerce officials were in touch with Santa this week, and he said he will make appearances in all the participating businesses, and wind up during the last 45 minutes or so at Paris Cafeteria, where anyone who missed him elsewhere can talk with him.

Businesses make a special effort to offer exceptional bargains to shoppers for just those three hours, and in the five years of the event, sponsored by the Tahoka Chamber of Commerce, sales have been good, too, as area residents also are enticed by gifts of merchandise offered by most of the participants. Each

store which gives away something at a drawing Friday requires only that the signups for the drawing be made only during the 6-9 p.m. period, and that those signing up be at least 18, with no requirement made for anyone to be present to win. Winners usually are notified the next day by the individual stores.

"With the harvest so good this

year, everybody should be in good spirits and the sale should be great," said Bernice Phipps, president of the chamber. "The businesses participating want to show everyone that you can get good bargains at home."

Most of the bargains offered during the three-hour sale are detailed in advertisements inside this issue of the Lynn County News.

Lynn County News To Print Santa Letters

Children wishing to write letters to Santa Claus should bring them to the Lynn County News to be included in the Christmas edition. Letters are to be in the office by Dec. 11.

After the letters are printed, they will be forwarded to the North Pole.

O'Donnell Edged Out Of Playoffs

The O'Donnell Eagles played just 15 seconds too long at Sudan last Friday night, and as a result the Eagles wound up their fine football season at 9-2 and exited from the playoff picture as Vega won 20-15 on a last-gasp flea flicker touchdown pass of 38 yards.

It destroyed a fine effort by the Eagles, who had just taken what

appeared to be the game-winning margin on a 21-yard field goal by Charles Sanchez with just 54 seconds left in the game.

Vega took a 7-0 lead in the first quarter on a 6-yard run by Clay Waters. But the Eagles came back in the second after Daniel Santos recovered a Vega fumble at the Longhorn 9. Four plays later, Jesse Perez took a fourth-

and-goal handoff at the 3 and scored for O'Donnell. Vega still led 7-6 after the PAT failed.

Vega went up 13-6 before halftime on a 64-yard pass play from QB Bryan Wood to Damon Tanck.

In the third, the Eagles trailed by just a point after Joseph Luera recovered a fumble to start a drive ending in a 9-yard scoring run by Perez. The point was missed.

When Sanchez kicked his field goal, the first of his career, the Eagles went ahead 15-14 near the end of the game. But the flea flicker play killed the Eagles just before the final whistle.

WOODWORK

By Dalton

HERE I GO with another negative column, about little things in life which irritate me (I am told by my wife and other literary critics that I don't write enough positive things).

One of my pet peeves is little sealed anything's at restaurants. On a positive note, I positively don't like to deal with trying to open tiny sealed packets of ketchup, butter, jelly, sour cream or non-dairy coffee creamer. Most of these things are designed so they can't be opened easily, especially by me.

The plastic bag of ketchup is so tough that if you grip it hard enough and pull hard enough to get it open, it goes all over your hand. And if you're lucky enough to get it open without spilling any, you have about enough stuff in there to do one french fry, which means you have to open 12 more to cover your potatoes.

Butter is even worse. You try vainly to find a place to get a fingernail under the foil cover (cemented to the plastic container with super glue) and peel it open. My wife gets upset with me when I stab it with a fork or steak knife trying to get into it. And again, if you're really serious about buttering a baked potato, you have to open at least a dozen

of them. By then your potato and rolls are cold.

A few restaurants put the butter out there in ice cream-size dips, bless their hearts. I don't mind paying a little extra for that kind of service.

What else bothers me? Well, there are those people who hang up after ringing your phone three times and you heard it from outside, or from the back room, and just as you pick it up and say hello, they hang up. I also get irritated at the Dallas Cowboys for repeatedly making some ginky running back whom nobody ever heard of (or ever will again) look like Jim Brown when playing against Dallas.

Then there are those people who call me "Dawl-ton" when they phone up with that day's good deal in insurance, oil properties, siding, adjustable wrenches or whatever. I don't buy things from people who can't pronounce my name.

The typical salesman (or woman) calls you when you're busiest and says, "Hi, Dawl-ton. How's the weather down there in Texas today?" before getting into the sales pitch. I'm going to start telling them we just had an earthquake and I'm the only one left alive in town, and I gotta go now before the crack in the earth gets to my office.

Tubb School Is Burglarized

Tubb Elementary building was reported burglarized on Thursday, Nov. 26, as three fire extinguishers were reported stolen but were later found outside the building in some shrubs. Also reported damaged was one window pane. Total damage was estimated at \$66.

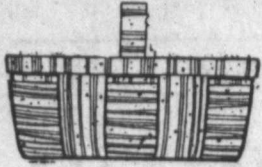

Ricky Barrientez reported to police on Sunday that someone had broken a windshield on his 1978 Chevrolet pickup while it was parked at his residence at 1827 S. 1st.

Two persons were in county jail during the week on charges of public intoxication.

Happy Holidays!

ELDERS CAN GIVE SPECIAL GIFT TO GRANDCHILDREN-- The gift of family history and traditions is one of the most important that grandparents can pass on to their grandchildren at Christmas. "Children like to know where they came from and what happened in the family," says Dr. Judith Warren, a gerontology specialist. "A gift that gives that information can be especially valuable to a youngster." An album of family photographs is a good way to preserve information by giving it to grandchildren, says Warren.

Another appealing gift is a person book that grandparents write for their grandchildren. It can include information and stories about your own parents and grandparents, brothers and other relatives; where you were born and raised; games you played as children; school days and work experiences. "Grandchildren especially enjoy about the funny incidents and occasional trouble that their parents got into when they were young," Warren adds.

THS Students Join Leaders Conference

On Tuesday, Dec. 1, five Tahoka students joined approximately 350 outstanding junior and senior students from across the country at the National Young Leaders Conference. Lendi Jordan, Luke Dunlap, Gary Daniell, Amber McNeely and Regina Ingle were selected as Congressional Scholars based on demonstrated academic achievement, leadership and citizenship.

The theme of the National Young Leaders Conference is "The Leaders of Tomorrow Meeting the Leaders of Today." Throughout the six-day conference, the scholars meet with key government leaders and newsmakers from the three branches of government, the media, and the diplomatic corps. Legislative day opens with welcoming remarks from Rep. Steve Gunderson of Wisconsin on the floor of the House of Representatives. To gain insight into the lobbying process, the scholars attend a government relations forum with Washington business representatives discussing trade issues. To highlight the day, the students will meet with Rep. Charles Stenholm, Sen. Loyd Bentsen, and Sen. Phil Gramm, or appointed members of their respective staffs.

The students also will do judicial/foreign affairs and media/executive studies. They were to be briefed at the State Dept. and visit various embassies, and for the media day they were to have breakfast at the National Press Club with journalists from CBS, ABC, Wall St. Journal and other media organizations, plus a Secret Service briefing on protection for the President.

THS Students Involved In 'ALOHA' Event

Tahoka High School students this week are participating in "Paradise Week", to be climaxed by an assembly Friday afternoon.

The total program, which features a different phase each day in school this week, according to Cody Smith, president of the sponsoring Student Council, is designated to motivate students to achieve higher goals.

The acronym ALOHA is being used, and it stands for Actively Leading Others Toward Higher

Achievements.

On Monday, students wore shades to emphasize that day's theme of "The future's so bright, you gotta wear shades." On Tuesday, students wore hats for the "hat's off to the best" theme of saluting those who strive for excellence in academics, sports, music, agriculture, homemaking or whatever.

Wednesday's theme was "turn yourself around, inside and out" and students were wearing clothing inside out and backwards.

Thursday's theme was "dress for success" with everyone urged to wear their very best clothing.

Friday, "Paradise Day" is to be the climax of the week with the assembly featuring motivational visual aids presenting and a program by an outside organization.

Check Safety To Make The Holidays Bright

- ☐ Before hanging strings of lights, spread them on the floor and check for frayed or bare wires, cracked insulation, loose connections, and damaged plugs or light sockets.
- ☐ Check extension cords for wear or damage and don't run them across walking areas.
- ☐ Test lights before putting them on the tree. Unplug them before making repairs or replacing bulbs.
- ☐ Overloading circuits with too many lights can cause fire. Follow manufacturer's instructions about the number of lights allowed on one circuit.
- ☐ Choose a fresh, green tree, trim its base and keep it in plenty of water. If the needles are brown and break off easily, it could be a fire risk.
- ☐ If you buy an artificial tree, make sure it has been tested for flammability by Underwriters Laboratories (UL).
- ☐ Place your tree away from the fireplace or other heat sources and out of the traffic pattern.
- ☐ Never string lights on a metallic tree. Light strings with damaged insulation can electrically charge a metallic tree. Instead, shine unattached colored floodlights or spotlights on the tree.
- ☐ Always turn off lights before leaving home or going to bed. You'll save money and be safer, too.
- ☐ Never use lighted candles on a tree or near evergreens. And don't burn evergreens in the fireplace.
- ☐ Do not use inside lights on the outside. All outside lighting equipment, including lights, cords and plugs, should be waterproof and made for outdoor use. Also, hang sockets downward and don't leave a socket empty.
- ☐ When hanging lights on the rooftop or in tall trees outdoors, stay clear of electrical lines. Make sure you or your decorations don't come in contact with them.
- ☐ Should you receive a CB radio or television this Christmas, let a qualified serviceman install the CB base unit or television antenna for you. This delicate job is best left to the professionals.
- ☐ Be sure electrical toys are tested for safety. Look for the UL mark.

Consumer Facts

Con Men At Work

Telemarketing is much in the news of late and some of it is done by the country's best con men. They operate out of "boiler rooms" where salespeople make telephone calls pitching everything from soap to vacation packages. Commodity investment schemes are one form of con that has become increasingly prevalent.

If you get a pitch for a commodities scheme and are interested, you should:

*Find out what government agencies, such as the Commodities Futures Trading Commission, are regulating it to see

if the firm is registered and if there have been any complaints; *Ask for a copy of the firm's prospectus and all other available literature before you spend a dime;

*Ask the salesperson for the names and addresses of the firm's principals and officers;

*Ask the caller if he would explain the program to a third party such as your attorney or accountant.

Most importantly, do not leap to any purchase or investment. If the caller refuses to talk to a third party or if he belittles you--"What's the matter? Can't you make your own decisions about your own money?"-- DO NOT BUY.

TOUCH-HUG FOR HEALTH

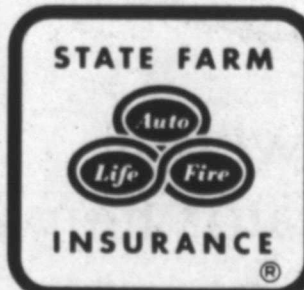

When you are touched or hugged, your blood hemoglobin levels increase, carrying oxygen to all parts of the body. This tunes up your body, builds immunity to disease and speeds recovery from illness. Hugging also eases tension, soothes insomnia, and avoids the need for alcohol or drug support. Laughter is also a good stress reducer. Hug and laugh a lot, for health.

Diamonds - Watches
& Jewelry

My father was a watchmaker and jeweler and he started teaching me the jewelry business when I was 12 years old. When I finished high school, I could repair watches and jewelry, and knew the quality of diamonds, watches, and jewelry. By sizing gold rings (cutting and soldering) and repairing gold jewelry, you learn the different grades of solid gold that jewelry is made from, and it is all marked 10K and 14K or 18K. Some 14K gold jewelry will not assay out that much. You must work under a jeweler for years that knows the business and can teach you the right way — firsthand — you cannot learn it from a book. I have been in the jewelry business in Tahoka since 1927.

Segrist stressed the importance of dedication and setting high goals. A junior student, majoring in physical education and on

a full scholarship, he encouraged students to do their best now, both in school as well as in sports. He mentioned that he enrolled in Tech and entered football training as a "walk on", but succeeded in his efforts to make the team.

Refreshments were served by Oscar Garcia, James Sullivan, Erin Diggs, Tammi Wood, Shannon Garvin, and Lisa Martin.

County Receives Safety Award

Lynn County has received the Texas Association of Counties Occupational Safety Award. The county award was announced in October at the Annual County Judges and Commissioners' Association of Texas Conference held in San Antonio by Bill Melton, President of the Texas Assn. of Counties.

Lynn County was recognized for its achievement in reducing the number of employee's on-the-job injuries during 1986. In announcing the award, President Melton stated that 'Judge Brandon and Commissioners Gattis, Barnes, Anderson and

Miller especially commended for this record, because it appropriately reflects these county leaders' concern for the safety and well being of their employees.

Less than 50 percent of the counties participating in the Self-Insurance fund received this reputation.

Besides the savings in human resources, Melton also stressed that "A reduction in employee injuries reduces the cost of that county must pay workers' compensation insurance thereby savings the county its taxpayers money."

Food Box, Clothing Pantry Is Open

The Lynn County Food Box/Clothing Pantry is grateful to the citizens, churches, and businesses that helped with contributions to get the services started and to those who helped make the grand opening a huge success. In the first two days of operation, approximately 30 families were clothed and fed. On the first day of service, 16 families were fed and food was

in short supply. Many citizens, churches and businesses donated food and several more families were helped before Thanksgiving.

The Food Box/Clothing Pantry is now preparing for the Christmas holidays. Still needed is food (canned, dried or frozen), donations to get food from the South Plains Food Bank in Lubbock and clothing, especially children's coats.

A Toys for Tots campaign has been started for needy children of Lynn County.

To make a donation, come by 1618 Ave. K in Tahoka or call 998-4289 Monday-Wednesday, or donations will be picked up. All donations are tax deductible.

Creative Christmas Workshop Planned
