Marvin Jones Gets Judicial Post

Friends and admirers all over Texas and the nation were elated when announcement was made by President Roosevelt a few days ago that he had appointed Marvin Jones of Amarillo, chairman of the House Agriculture committee, to a position on the Court of Claims.

The appointment was confirmed by the U. S. Senate Wednesday.

This is a life-time position and carries a salary of \$12,500.

Mr. Jones yet in his fifties went to Congress as a very young man in 1917. By diligent study of the questions coming before Congress for discussion and particularly of agricultural problems, Mr. Jones gradually advanced to a place of leadership in the House on matters pertaining to agriculture, and few men in either House of Congress have had a greater part in shaping the Agricultural legislation of the past seven years than he.

School Census Is Completed

Census trustees completed the work of taking the scholastic census in the various school districts of the county during the month of March, but the work of comparing the lists and eliminating duplications has not yet been completed.

Mrs. Tunnell, county superintendent, is of the opinion that the total number of scholars in the county will not be far different from that of last year, but some districts show gains while others show losses.

The indications are that the Taboka disaster as last year, which was about 100, will show about the same number.

O'Donnell, however, will show an increase of approximately 450 to more than 500, it is said. Wilson will probably show a slight decrease, but New Home an increase.

ROTARY CLUB MEMBERS PLAN ELECTION TUES.,

Three new directors—Don Edwards, lumberman; Hal Singleton, hardware; John Crawford, minister—were chosen to serve during the coming year by members of the Rotary club in a recent meeting.

Namon Everett, barber, was selected to serve as sergeant-at-arms.

A new president, vice-president and secretary will be named next Tuesday in regular meeting by Rotarians attending, according to J. Mack Noble, secretary.

The selection of new officers was first tendered the board of directors, who declined and said they desired a full expression of the club.

Other directors of the club are B. J. Boyd, druggist; D. J. Boeh, farmer; E. T. Wells, building supplies.

School Trustees In County Chosen

Trustees were elected in all the school districts of the county last Saturday, and a canvass of the returns this week disclosed that the following were elected:

MERGER OF JOE BAILEY SCHOOL WITH O'DONNELL CREATES STIR BEFORE COMMISSIONERS MONDAY,

Harry Hines On the Air

HARRY HINES

Austin, April 11—Harry Hines, candidate for Governor, will deliver a radio address each Monday night, it was announced at his headquarters here, and will discuss various important subjects of the campaign in each talk. The addresses will be broadcast over the Texas Quality Network and a number of other stations.

Mr. Hines, State Highway Commissioner and former Chairman who is completing a six year appointive Commissionship, will speak from 7:15 p. m. to 7:30 p. m., Monday nights, April 15 and 22. Starting April 29 and every Monday night thereafter he will broadcast from 8:30 p. m. to 8:45 p. m.

In the near future Commissioner Hines will launch an intensive campaign during which he will visit and speak in every section of the State.

Candidates Set Speaking Dates

About 16 candidates met in a call session at the Taboka court house Friday afternoon, April 5, to make arrangements for the coming 1940 campaign meetings.

The candidates present unanimously agreed on the selection of a chairman to handle all the details concerning the speaking itinerary that is to follow.

Tuesday and Friday nights were agreed upon as speaking dates, beginning the 31st day of May, at all of the voting boxes in the county, and it was agreed that any other communities desiring the candidates to speak should contact the chairman, Prentice Walker, as soon as possible and arrange with him for the desired speaking.

In accordance with this agreement, Mr. Walker was contacted and has agreed to serve as chairman for the candidates, and has suggested the schedule set out below for speaking at the voting boxes. He requests that all persons either in these communities or other communities wishing to have the candidates should contact him immediately, so that details may be decided upon. Any community wishing to change the date set out below for their meeting should contact him also. He may be reached at the J. K. Applewhite Co.

Tentative dates are as follows: Friday, May 31, New Moore; Tuesday, June 4, Dixie; Friday June 7, Magnolia; Tuesday, June 11, open; Friday, June 14, Three Lakes; Tuesday, June 18, Moran; Friday, June 21, Draw; Tuesday, June 25, Lakeview; Friday, June 28, West Point; Tuesday, July 2, Gordon; Friday, July 5, open; Tuesday July 9, New Moore; Friday, July 12, open; Tuesday, July 16, Grassland; Friday, July 19, Wilson; Tuesday, July 23, O'Donnell; Friday, July 26, Taboka.

Miss Hope Shook, who recently had an appendectomy, is recuperating at the home of her parents.

In the presence of interested voters of Joe Bailey and O'Donnell, the members of the Commissioners Court canvassed the elections returns relative Monday to the merger of the two school systems, and after tabulation, they stated that the result favored such union.

Tabulation showed, so the court found that 32 votes were cast in Joe Bailey for the merger and bond assumption, with 28 ballots against, while a clean sweep for the measure was recorded in O'Donnell when 63 persons voted "for" and none against.

Represented by Attorney B. F. Maddox, Taboka attorney, several Joe Bailey voters appeared before the court protesting the election. Attorney Maddox asked that it be declared illegal for alleged violations of qualified persons voting, and irregularity in the method of holding the election, but the court ruled that the members had no jurisdiction so far as determining such, and that the members duty consisted solely in canvassing the returns and that any such action would have to be referred to the district court according to law.

Whether the Joe Bailey contestants would take the matter to district court was undecided, according to Maddox, who pointed out that action was required within 30 days following the commissioner's act on the law.

Mrs. C. L. Hafer and Mrs. E. T. Wells attended a bridge party in Taboka Wednesday.

Mrs. C. L. Hafer was in Tahoka Wednesday to attend a party.

TO THE VOTERS OF LYNN COUNTY

While it has been known to quite a few, that I would be a candidate, I had made no formal announcement. I take this opportunity now to announce myself as a candidate for the office of County Judge of Lynn County, Texas, subject to the action of all the voters in the July Primary Election.

Your county judge is chairman of the Board of Commissioners, and having had quite a bit of experience as a City Commissioner, and Secretary, which operate along the same line, as County Commissioners, I feel that I am qualified to work with your Commissioners, in helping to solve any problem that may come before that body.

I hope to see every voter in the County before the election, however, that is almost impossible but if I fail to meet you personally it will not be intentionally.

The office is Yours, You employ some one to fill the place. I believe I am competent to fill the office, and respectfully solicit your consideration, your influence, and your vote, on July 27, 1940.

Yours truly,
H. M. SNOWDEN

JOHN GARNER, PRESIDENTIAL PROSPECT, HAILS FROM SMALL-TOWN LIFE IN TEXAS

When he is not in Washington presiding over the Senate, John Garner is a typical Texas—a friendly neighbor and an ardent sportsman. Folks who drop in at his Uvalde home usually find him tending the chickens or raking up the back yard, but his love of a vigorous outdoor life often sends him hunting or fishing at some remote camp for days at a time.

Vice President Garner, now a leading presidential candidate, is a stalwart American whose political honesty and integrity stem from the simplicity of his home life in Texas. Born and reared on a Bloom Prairie farm, he became a country lawyer and editor before beginning his notable career of public service. Today he still cherishes his ties with small-town life in Texas.

Eight Practices Enumerated Which May Stop Farm Check Payments

College Station, April 11—Farmers adopting practices which tend to defeat purposes of the AAA program will be deprived of all or part of their payments in 1940.

Eight practices have been defined by the state Agricultural Conservation Association committee in accordance with a ruling of the Secretary of Agriculture, as "defeating purposes of the program" in recent notices to the county committee. The state committee requested the counties to make every possible effort to enforce these provisions.

All payments with respect to a farm will be withheld if the producer adopts any of the following five practices, the committee said: (1) Coercion of a tenant by a landlord to require him to pay all or part of any government payment which the tenant is to receive or has received for participation in the 1940 program.

(2) Requirement by a landlord that a tenant or sharecropper pay, in addition to the customary rental, a sum of money equivalent to all or a portion of the government payment.

(3) Intentionally depriving or attempting to deprive any landlord, tenant or sharecropper of payments by omission of names on an application for payment form or any other official document required to be filed in connection with the program; showing incorrectly his or their acreage shares of crops or unit shares of soil-building practices; or otherwise falsifying the record.

(4) Requirement by a landlord that a tenant execute an assignment ostensibly covering advances of money or supplies to make a current crop but actually for a purpose not permitted by the regulations.

(5) Offsetting compliance of a farm or farms operated by a producer as an individual by operations of a partnership, association, estate, corporation, trust, or other business enterprise in which the producer is financially interested and the policies of which he is in a position to control. On the other hand, if such a business entity carries on its operations so as to qualify for payment but an individual producer interested in the business offsets its performance by individual operations, the payments to the business entity shall be reduced by such an amount as the state committee finds is commensurate with the individual's in-

terest.

Three other practices, according to the committee, will result in deductions from the payments to a producer:

(1) Offsetting compliance in one state by operations in another state.

(2) Renting land for cash or for standing or fixed rent to another person who the producer knows or has good reason to believe intends to offset the producer's performance by substantially over-planting the acreage allotments for the farm which includes the rented land.

(3) Participation in the production of a crop on a farm other than a farm in which he admittedly has an interest but which is operated out of compliance or in such a manner as to tend to defeat the purposes of the program. A producer is con-

sidered as participating in the production if he furnishes work, or financial aid, or production of the crop at interest in the crop.

Under the AAA regulations the county committee with approval of the state committee itself can make payments or require that payments be returned if the producer has violated any of the provisions.

PARTNERS IN A GREAT TEXAS ENTERPRISE

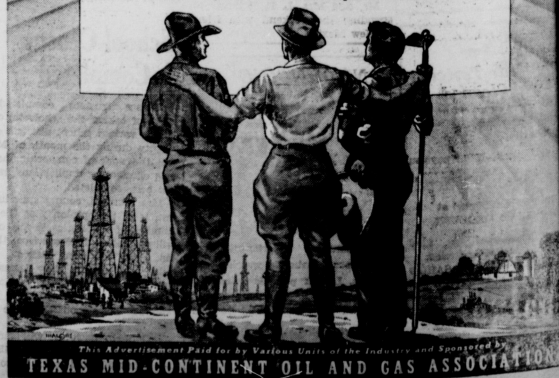

Oil TEXAS farmers and ranchers received last year from oil men the huge sum of \$132,478,000 for leases and royalties as their share in this partnership.

All but seven of Texas' 254 counties now share in this cash return from leases and production on more than 50,000,000 acres of Texas land.

Then, too, the Texas farmers and ranchers sell to oil workers and their families more than \$60,000,000 worth of farm and livestock products each year.

Thus the farmers and ranchers of our state receive nearly 200 million dollars a year as their share of oil's total expenditure of 750 million dollars annually in Texas. These 200 million dollars in turn flow into every channel of Texas trade.

The Texas farmer and rancher and the oil man are partners in the development of Texas.

CANNIBALISM IN CHICKS

College Station, April 11—About this time of year baby chicks exhibit tendencies towards cannibalism.

The tendency, according to Geo. P. McCarthy, poultry husbandman of the Texas A. and M. Extension Service, is intensified by crowded conditions in the brooder house and lack of space at the feed hoppers.

Cannibalism can be controlled by darkening the windows with red paint or paper. A red light in the brooder will help. So will the feeding of clipped oats, but plenty of grit must be provided to help the chicks grind the oats.

Other chick troubles come in the form of rickets, slipped tendons, and nutritional paralysis.

Rickets is indicated by ruffled feathers, wobbly gait, sore joints, and tendency on the part of the birds to sit most of the time. Put the brooder on green range or add one-half of one percent of cod liver oil to the ration.

Chicks with slipped tendons have big hock joints and crooked legs. The addition of 20 percent wheat tray shorts to the ration will prevent this.

Birds with nutritional paralysis walk on the hock joints and their toes curl inward. Birds on green range are not likely to be affected. Milk and dehydrated alfalfa should be given to birds not on range.

TEXAS CONGRESS OF PARENTS AND TEACHERS MEET

Lamesa, April 11—Plans are complete for the 12th annual conference of the 14th district of the Texas Congress of Parents and Teachers, which will be held in Lamesa April 11-12, according to Mrs. Matt McCall general chairman of arrangements.

A pre-conference dinner for the board of managers will honor Mrs. Joe A. Wessendorf, Richmond, president of the state organization; Mrs. W. R. Weaver, Spur, district president; all officers and directors of the 14th district and local committee chairmen, on Wednesday evening at the country club house.

Conference theme this year is "Education in a Democracy," and about this subject a major part of the program will be centered. It is

expected that 300 persons representing the 22 counties in the district will attend the conference, the first to be held in Lamesa since 1931. The district of course, includes Lynn County, and a number of Tahoka women are planning to attend.

Mrs. Harley Henderson is president of the local club.

"Speaking at Springfield, Illinois, in the heart of the corn belt, at the weekend, Senator Taft proved himself to be considerable of a New Dealer in an effort to win the West for the Republicans. . . . Clearly, Mr. Taft is thinking of winning farm votes and has tried to bring together a number of proposals which he believes are popular in the agricultural areas. But how he can defeat the New Deal with New Deal devices is something apparently only a hopeful candidate can view with satisfaction."

—Hartford (Conn.) Times (Ind. Dem.)

"Ernest T. Weir may have as much to say about the nomination of a Republican candidate for President this year as Boies Penrose had in 1920. By putting Mr. Weir in charge of presidential finances, the Republican National Committee has gone as far as it could to place an embargo on any Republican candidate with the slightest taint of liberalism."—St. Louis (Mo.) Star Times (Dem.)

"Mr. Wendell Wilkie, president of Commonwealth & Southern Corporation and subsidiaries, has been one of the severest critics of TVA's alleged destruction of private utilities. Just reported by C. & S. Corp. is a net income of \$13,499,439 for the year ended January 31, 1940, against

\$10,586,565 for the previous year."—New York Post (Dem.)

Presaging a definite trend in the evolution of American home design, the nation's widespread lumber industry is sponsoring a model home project which is receiving wide acclaim as "The House of the Decade."

Thirty-seven lumber and allied associations throughout the North American continent have joined hands in this unprecedented building program which has been carefully laid out to provide home builders with an

answer to the perplexing problem of "building best for least."

School Funds Arrive

Two dollars of the state apportionment of school funds, per pupil, was received by County Superintendent Lenore M. Tunnell last week and an additional sum of one dollar per pupil on Wednesday of this week, aggregating a sum of \$2,555.00. This makes fourteen dollars of

the state apportionment of twenty-two dollars per pupil received thus far this fiscal year.

Mrs. Tunnell also received on last Friday the sum of \$6,562.50 of the approved transportation fund for this county. This is fifty per cent of the net grant approved for this county. Mrs. Tunnell expects that the remainder up to 93 per cent of the net grant will be received about the first of May or soon thereafter.

O. J. Warren has been seriously sick this week but is now much improved. His son Cecil, who had been visiting here, returned to Fort Bliss Thursday.

Mrs. Hervey Gardenhire visited friends in Lubbock last Saturday.
