Spanish Government Claims Victories Against Fascists

Water Loosed From Dam Hits Rebel Columns

Unique Maneuver Is Launched By Loyalists To Stave Off March On Madrid Thursday; Rebels Claim Advances

Toledo's Fall Seen

Government Forces Fighting Desperately To Kill Besieged Defenders Of Alcazar Before Rescue Is Made

(By The Associated Press)

A ROARING avalanche of water loosed from Alberche dam, the Spanish government announced, swept to their death many Fascist troops encamped to the west of Madrid.

From Quismonda, in the southwestern sector and on the highway to Madrid, came government claims of new victory. Fascist forces were driven back 3 1-2 miles.

Defenders Driven Back

The Burgos Fascist headquarters announced government defenders were driven back in the northern sector around Bilbao.

Within the city of Toledo, wearied government militia waged war against time, fighting desperately to kill the besieged defenders of the Alcazar before their comrades could rescue them.

Fascist leaders asserted that the fall of Toledo was imminent.

Area Is Flooded

Government officers in Madrid announced they had released 10,000,000 cubic yards of water from Alberche dam, flooding the area of San Martin de Valdeiglesias, believed to be the focal point toward which Fascist columns were advancing.

The government meanwhile drafted

Jones Lauds Farm Program

Texas Representative Gives Answer To Gov. Landon's Farm Talk In Des Moines Thursday; Cites Changes

(By The Associated Press)

DES MOINES, Sept. 24.—Representative Marvin Jones (D-Tex.), chairman of the house committee on agriculture, declared tonight the nation's farming industry had revived under the Roosevelt administration.

Jones is the spearhead of the speaking campaign sponsored by the Roosevelt all-party agricultural committee and that organization termed his prepared address "an answer to the farm program speech" of Gov. Alf M. Landon, Republican presidential candidate, here Tuesday night.

Prices Of 1933 Cited

Early in 1933, Jones said, "corn was selling on the farm at 18 cents per bushel, wheat at 32 cents, hogs at less than three cents a pound, cattle at five and butter at 15."

The Roosevelt administration, he said, then placed its farm program in operation.

"In two and a half years," the congressman stated, "not only was the price of farm commodities greatly increased, but there was paid to American farmers $1,500,000,000 in benefit payments. In spite of the drouth, the national farm income increased from $5,300,000,000 in 1932 to $8,100,000,000 in 1935 and to approximately $8,500,000,000 for the year ending Sept. 1, 1936.

AAA Payments To Start In October

But Only About 2 To 5 Per Cent Of Funds Expected To Be Paid During The Month

(By The Associated Press)

WASHINGTON, Sept. 24. — AAA officials said today that the flow of federal benefit payments to 6,000,000 farm owners, operators and tenants would begin early in October but that only about one farmer in 20 or 30 would receive his check before election day, November 3.

"We have had many appeals, especially from drouth states, to expedite the payments and we are going to do everything we can to see that they are promptly paid," said H. R. Tolley, the farm administrator.

"We hope to be able to get somewhere between 2 and 5 per cent of the total payments out next month."

Other AAA spokesmen said the total to receive a share of the $470,000,000 to be paid out under the 1936 soil conservation-subsidy program would be about 1,000,000 larger than the number who received benefits under the old AAA program.

They added that checks this year were expected to average less than $80 a farmer for the country as a whole, compared with an average of $100 under the former program.

The amount paid out under the previous farm programs—1933, '34 and '35—was estimated at $1,500,000,000.

The bulk of payments is expected to be made in the latter part of this year and early in 1937, the AAA executives asserted, because from one to two months is required to determine if the farmer has complied with regulations and another month to write checks, audit them and get them into the mails.

Three Workmen Killed, Three Are In Critical Condition After Blast In Oklahoma Oil Field

Exploding Boiler Is Blown For Quarter Of A Mile; Force Of Blast Drives Splinters Into Workman's Body

(By The Associated Press)

SEMINOLE, Okla., Sept. 24. — Three workmen were dead and three were in critical condition following a terrific boiler explosion at a drilling oil well, 12 miles northwest of here in Pottawatomie county.

The dead: Eddie O'Conner, 34, Shawnee, married; F. M. Murphy, about 25, Shawnee, married; Altus Folson, 27, Seminole.

O'Conner and Murphy were killed instantly. Folson died five hours later in a hospital at Prague. He formerly was a star athlete at Seminole High school. The force of the blast drove large splinters from a plank into his body.

Roy Seymore, 28, Oklahoma City; S. J. Coodner, 25, Shawnee, and "Mac" McNeely, 38, Seminole, were in a hospital here. Goodner was less severely injured than the others but physicians said the condition of all four was critical. All suffered burns and internal injuries.

The exploding boiler was blown a quarter of a mile, an ambulance driver said. The cause of the blast was not learned.

"Chocolate Bars" Of Tar Included In Nazi Program

BERLIN, Sept. 24 (AP)—"Chocolate bars," made out of coal tar, appeared today in Berlin confectionaires.

They looked like soap, but tasted like chocolate.

There was no attempt by proud synthetic food manufacturers to color the bars brown.

It was the first appearance of "new raw material" since Adolf Hitler, at Nurnberg, announced his four-year plan for a self sufficient Germany.

Third Booster Group Returns

Eleven Towns To Northwest And West Of Lubbock Visited Thursday By Delegation Advertising Fair Here

The third and last motorcade made by business men in interest of the Panhandle-South Plains fair opening Monday, Thursday visited 11 Texas and New Mexico cities.

The 68 persons in the party "contacted, conservatively estimated, from 10,000 to 12,000 persons," said a chamber of commerce spokesman.

Towns visited were Shallowater, Anton, Littlefield, Amherst, Sudan, Muleshoe, Clovis, N. M., Enochs, Morton, Levelland, and Smyer.

Clovis Extends Welcome

Clovis business men met the Lubbock delegation at luncheon. J. D. Hassell, jr., responded to an address of welcome by Clovis' mayor. An orchestra played. J. O. Jones, Spencer Wells and Hurley Carpenter also spoke.

Clovis school children, like those of every town where they had not been dismissed for the afternoon, met the entourage in the downtown section.

Lubbock's band played at each stop and W. O. Daniels, George P. Kuykendall, Ed D. Allen, A. C. Jackson, W. W. Rix, and G. A. Meiser were other speakers.

The group traveled in three buses, following fire Chief W. E. Twitty in

Season's First Cold Snap Experienced Here Thursday

A shivering South Plains Thursday encountered the season's first cold snap.

The mercury was skidded to a low of 61 degrees, and main line station of West Texas Gas company reported a low of one degree less, at 8 o'clock Thursday morning.

The gas company said the high was 69 degrees which, oddly enough, was registered at 1 o'clock that morning. The reading at 10:45 o'clock last night was 80 degrees.

An east wind was blowing and mist was falling.

Railroad dispatchers reported no rain over their divisions.

Short Jaunts Are Planned For Roosevelt

Democratic Drive Is To Be Centered In New England, Demo Leaders Decide In Session Thursday

May Go To Coast

Dates Not Selected But Some Believe President To Make More Than Half Dozen Big Cities On His Trips

(By The Associated Press)

HYDE PARK, N. Y., Sept. 24. — Plans for a series of short presidential campaign trips that will center the Democratic drive in New England, the Middle West and the Rocky Mountain areas were discussed today by President Roosevelt and 27 of his chief political lieutenants.

Several conferees said dates had not been selected but that they believed the president would make more than half a dozen major addresses.

Several Cities Mentioned

Cities mentioned included Omaha, Denver, Chicago, Detroit, New York and perhaps Worcester or Springfield, Mass.

Although Mr. Roosevelt has had under consideration a trip to the West Coast, chances for such a swing were described today as remote. Some of his political advisers said none of the jaunts would take more than five days for the round trip.

To Speak Next Tuesday

The president is scheduled for an address next Tuesday at Syracuse, N. Y., before the state Democratic convention.

There were intimations that the first stumping trip would take the chief executive to Denver with an Omaha stop on the way out or back.

Later, they expected him to visit Chicago and Detroit and perhaps Cleveland and Cincinnati on another tour.

The parley brought together virtually all the men of the innermost Democratic councils: Vice President Garner, Attorney General

Teachers Name League Chiefs

A. L. Faubion, New Deal Rural Head, Is Director-General Of County Interscholastic League For This Year

Ninety-six Lubbock county teachers Thursday night elected officials for County Interscholastic league participation, heard an address of Dr. Kenneth E. Oberholtzer of the Lubbock public schools, and were served dinner, in an 8 o'clock gathering at the First Methodist church.

The program was the first of the group this year, and a social hour concluded it.

Elected were A. L. Faubion, superintendent of New Deal Rural High school, director-general; K. S. McKinnon, teacher in Junior High school at Slaton, director of declamation; B. M. Keese, principal of Frenship Rural High school, director of debate; K. T. Miller, principal of Shallowater High school, director of extemporaneous speech; W. D. Commission Allots Million For Roads

AUSTIN, Sept. 24. (AP)—The state highway commission appropriated approximately $1,000,000 today for road and bridge aid, including $133,500 to repair damage done by the recent floods.

Seventy thousand dollars of the flood allotment went to the San Angelo division, $30,000 to the Del Rio division, $20,000 to the San Antonio division, $7,000 to the Wichita Falls division and $6,500 to the Brownwood division. The money will be used to replace washed out bridges and bridge approaches and make repairs.

Commissioner John Wood said the commission hoped to act early next week on the federal aid program for the next three years.

Highway department officials said completion of the $46,000,000 program would mean surfacing of 90 per cent of the federal aid system in Texas.

Death Valley Scotty Is Ready To Go Ahead With $200,000 Swimming Pool

(By The Associated Press)

DEATH VALLEY RANCH, Calif., Sept. 25—Death Valley Scotty is ready to go ahead with his $200,000 turquoise blue tile swimming hole.

The mystery desert Midas put his foot on a fence post and looked down on the serpentine lines of the unfinished pool in front of his castle.

"We got half a million in gold in the pot, and I guess I'll go ahead and finish things," he said.

There has been no construction work at this castle in the most desolate region of the United States, for six years. Scotty and his partner, Albert Johnson of Chicago, halted work after $2,381,000 had been spent.

Last year the president signed a bill authorizing title be granted to the property. Then Scotty came out of his retirement.

This summer he bought a new string of mules and "went into the rocks." Three weeks later he returned to his shack, five miles below the castle, and then went to Los Angeles. There he announced he had brought in from the desert mountains half a million dollars in gold and was going to finish the castle.

Ordinance Placing Parking Meters In Lubbock Passed

"If You Drink, Don't Drive. "If You Drive, Don't Drink."

* * *

AUSTIN, Sept. 24. (AP)—The Texas highway commission today ordered signs erected at intervals along state highways to warn motorists of the dangers of driving while under the influence of liquor.

The sign will read:

"If you drink, don't drive.

"If you drive, don't drink."

The action was taken on recommendation of Gibb Gilchrist, state highway engineer. The signs will be placed within the right-of-way each 15 or 20 miles.

First Reading Given Thursday; Zone Is Given Designation

THE time when it will take a nickel to park an hour in Lubbock's busiest downtown district moved nearer yesterday afternoon. City commissioners passed the first of two readings of an ordinance installing and regulating parking meters.

Created by the ordinance a parking meter zone will include Broadway from Avenue H to Texas avenue on the south side only and from Texas Avenue to Avenue L on both sides; Main, Avenue H to Texas avenue on the north side only and from Texas Avenue to Avenue J on both sides; Texas avenue, Thirteenth street to Broadway on both sides and from Broadway to Main on the west side only; and Avenue J, from Thirteenth street to Main on both sides.

Mayor Suggests Plan

Action on the meter ordinance brought only a nominal discussion, most of which concerned a plan said suggested to Mayor Ross Edwards—that the meters be placed at alternate spaces to permit "free" parking between.

The commissioners otherwise voted to instruct H. L. (Bud) Johnston, chief of police, to permit all classes of vehicular traffic to make left-hand turns into, and not from, alleys in the city; passed final reading on an ordinance permitting the West Texas Gas company to make special contracts with large quantity industrial and commercial consumers, passed first reading on an ordinance to open a street grade crossing over Panhandle-Santa Fe railroad tracks on Avenue A at about Fifteenth street, and resolved a 10-year lease of approximately 20 acres of land north of the fairgrounds to the Panhandle-South Plains Fair association, land on which a $25,000 racing plant has been erected.

Action Pending Since June 11

The parking meter proposal had been pending ordinance action by the commission since June 11th more than three months ago, when contract terms to buy 350 of the meters from an Oklahoma City company were agreed. Protests and also commendation immediately precipitated

THE DO'S AND DONT'S

Here is a summary of the most important regulations governing parking meters contained in the 18 sections of the ordinance:

A nickel pays for the 60-minute use of a stall between the hours of 8 a. m. and 6 p. m., excepting Sundays and holidays set by the Commission, including January 1st, July 4th, November 11th, December 25th and others. Before 8 o'clock and after 6 o'clock, the stall free parking.

Parking will be at a 45 degree angle, within a space denoted by line marking.

Zones will be established without meters to permit loading or unloading of heavy bulky materials only and the loading or unloading of passengers in such zones must be done within 3 minutes.

The meters will be placed on sidewalks near the curbing, in front of each stall.

Silver Anniversary Of Ralls' Founding Is To Be Celebrated There Today

County-Wide Event Is Scheduled; Grid Tilt Featured

(Special To The Avalanche)

RALLS, Sept. 24.—Everything was in readiness tonight for the silver anniversary of the founding of this Crosby county town, Friday, with a big county-wide celebration.

Ralls was started by the late John R. Ralls, formerly of Oklahoma, who owned extensive land interests in this part of the county, Sept. 11, 1911. His widow still resides here, also his brother, Percey B. Ralls.

Special Edition Issued

On October 5, 1911, the first issue of the Ralls Banner was published in the then newly started town. Mrs. A. C. Hyatt, publisher, is issuing a special edition for the occasion.

Sponsored by the chamber of commerce, the day's program has been completed. The football game between Ralls and Matador will formally dedicate the new lighting system, built by money raised by public subscription.

Program Is Given

Following is the day's program:

1:30 p. m.—School parade.

2:30 p. m.—Addresses at the auditorium by Congressman George Mahon and State Senator G. H. Nelson.

3:30 p. m.—Football game, Ralls vs. Matador.

5 p. m.—Old fiddlers' contest.

6 p. m.—Free barbecue east of the auditorium.

7:30 p. m.—Amateur contest hour.

The school parade is being arranged by T. H. Holmes, superintendent, when the first graduating class of the high school held exercises in 1915.

Preparations to serve 5,000 people at the barbecue have been completed.

Bramlett Is Given 50-Year Sentence

CARTHAGE, Sept. 24. (AP)—Terrence Bramlett, 21-year-old former CCC worker, was convicted of murder today and given a 50-year sentence for the rifle slaying of Marlie Childs at Center April 23.

The youth smiled wryly when the verdict was announced. His attorneys indicated no appeal would be made.

Childs, a semi-invalid, formerly was treasurer of Shelby county. He was slain while brushing his teeth in his bathroom.

Bramlett testified the slain man's comely 24-year-old wife, Reable Childs, fired the fatal shot. She was given a 25-year sentence in the same case last week.

The defendant admitte dcarrying on an illicit love affair with Mrs. Childs and said he took her the rifle with which her husband was killed. He described her as the only women he had ever loved and repudiated a confession he said he made to protect her from the Rangers who had her in custody.

Man Held In California Case Identified As Texas Fugitive

LOS ANGELES, Sept. 24. (AP) — The police fingerprint bureau reported today that Frank L. Jones, alias Leon Jones, held on suspicion of attempting to attack a woman here, had been identified as a fugitive from the Texas state prison, escaping in September, 1925, while serving a long term.

ARP MAN KILLED

TYLER, Sept. 24. (AP)—Oscar Arnold, 47, was killed instantly tonight when his automobile overturned near Arp. His nephew, whose name was not learned immediately, suffered minor injuries. Both men lived near Arp.

Claude Knew It Was The Time To Start Ducking

VAN NUYS, Calif., Sept. 24. (AP)—Claude Lingo explained thus today to police why Floyd Carpenter was shot in the face, not seriously, with a load of birdshot.

"My wife and I were arguing," he said. "I said something that made her awfully mad. I knew it was time for me to duck. I headed out of the back door just as my wife grabbed the family shotgun and let go a me."

Lingo said he ducked and the blast struck Carpenter. Mrs. Lingo pleaded innocent to a simple assault charge and her trial was set for tomorrow.

Legion Names Kansan Chief

Harry W. Colmery Of Topeka Is Elected Commander; Mandate For Peace Drive Is Handed Him By Session

(By The Associated Press)

CLEVELAND, Sept. 24. — The American Legion handed Harry W. Colmery, Topeka, Kan., lawyer, its national commandership today with a mandate to work for peace among nations.

Colmery, a stern-looking man who speaks and acts precisely, took up the gavel relinquished by Ray Murphy, retiring commander. He will head the legion's big march up Fifth Avenue in New York next year.

Courage Instead Of Cowardice

The Kansas lawyer told the legionnaires he would dedicate himself to "a program of administration characterized by courage instead of cowardice, sincerity, not hypocrasy and to make the legion worthy of the ideals of those who founded it."

Just before electing Colmery by acclamation, the veterans, as a "contribution to the promotion and preservation of peace," adopted a resolution demanding that "the principle of universal service be presented to the forthcoming session of the congress as a major point in the leg-

Wheat Prices Are Highest Since '23

CHICAGO, Sept. 24. (AP)—Wheat prices on the Chicago Board of Trade ascended to new heights today, the September and December options finishing at their highest levels since 1933. May wheat reached its greatest peak in a year.

September wheat closed at 1.18 7-8@1.18 3-4, a gain of 2 1-2 cents over the previous close. December finished at 1.17 1-8 up 1 1-2, and the May options closed at 1.16, registering a gain of 1 5-8 cents.

September corn advanced 2 3-4 cents, and other options gained added a cent. Oats climbed 1-2 cent; rye gained 1 3-8 to 1 3-4, and barley finished 3-8 to 1 1-2 cents higher.

"Farthest North" Eskimo Children Brought By Air To "Finishing School"

(By The Associated Press)

ANCHORAGE, Alaska, Sept. 24.—Wide eyed at the wonders of civilization, eleven "farthest north" Eskimo children arrived by airplane today to attend the government natives' "finishing school" at Eklutna, 25 miles from Anchorage.

The youngsters, selected from government schools at Barrow, Point Lay, Point Hope, Wainwright and Kotzebue, clambered into a school motor bus at the airport here.

They marvelled at the big plane and the air cruise down Alaska from the northernmost settlements, but they marvelled more at the motor bus. They'd seen airplanes before.

The Eklutna industrial school is a real "finishing school," but it finishes bright-eyed and quick-minded Indian and Eskimo children in native handicrafts and arts rather than in the French, watercolor work and drawing room manners of "finishing schools" in the U. S.

Instead they will learn to make sledges from walrus bones and driftwood, bound with reindeer sinew; to dress skins and hides for parkas and mukluks; to carve ivory, fashion native weapons and utensils and to improve their use of the English language.

Farmer 'Sold Out,' Kansas Governor Says

GOP Nominee Attacks Program Of Reciprocal Agreements Made By New Deal In Talk In Minneapolis Thursday

Opposes Isolation

"Protection Of American Market For American Farmer" Is Pledged By Candidate In Farm Belt Address

By The Associated Press)

MINNEAPOLIS, Sept. 24 — Protection of the American market for the American farmer was pledged by Gov. Alf M. Landon tonight in a farm address demanding a stop in New Deal reciprocal tariff policies.

"The reciprocal trade program of the present administration has delayed recovery for our farmers," the presidential candidate said. "It has sold the American farmer down the river."

Opposed To "Isolation"

Promising that "Republicans are going to trade not against, but in the interest of American producers," Landon said he was opposed to "isolation" because "a healthy international trade is essential to world prosperity" and "world prosperity is good insurance against war."

"Reasonable protection, which is so essential to our well being, is not detrimental to world prosperity," the Kansan asserted, adding that "we can be a good neighbor without throwing away the latchkey to our door."

War Enemy Of Trade

"The great enemy of world trade today . . . is the war inspired doctrine of isolation and its resulting demands for self sufficiency," Landon continued. "We must not join in this kind of madness."

The nominee came into this northern home of the farmer labor party near the Canadian border to discuss President Roosevelt's reciprocal trade program from what he said was "the point of view of the American farmer."

"In too many of these agreements," he said, "we are the fellows

Less Spending Is Advocated

American Bankers Association Adopts Resolutions Calling For Curtailment Of Federal, State, Local Expenses

By The Associated Press)

SAN FRANCISCO, Sept. 24.—The American Bankers association today advocated less spending by federal, state and local governmental agencies.

In resolutions adopted at the closing session of their 62nd annual convention the bankers said the nation's fundamental credit remained sound, conceded the necessity of great emergency expenditures but added that budget balancing was "the prime consideration of a sound fiscal policy."

The bankers said they considered budget balancing "essential as an assurance to business that our national finances are on firm foundations, and that business and individual enterprise are justified in going ahead with expansion of their activities," which is the surest method to create greater employment for workers of all classes."

"The resolution said national problems of unemployment, budget deficits and taxation "are non-partisan in character and call for joint effort and unity of purpose of our people."

Another asked for rigid limiting of new banks to guard against getting too many.

Large Attendances Feature Meetings Of Parent-Teacher Groups Thursday Afternoon

The Woman's Angle

BY MARGARET TURNER
Woman's Editor

BE sure and get your exhibits to the woman's building by one o'clock this afternoon or you'll be too late. We have covered these Panhandle-South Plains fairs long enough to assure you that if you aren't there on time your exhibits won't be accepted, no matter how interesting they may look. Because of placing and judging the articles, it is necessary that a deadline be observed.

THE FALL FLOWERS

THE rain did wonderful things to the flower gardens around town. We noticed that Mrs. J. E. Garrison, 1402 Main street, has rich red snapdragons, delicate Stars of Bethlehem, violets and bell hyacinths blooming in her beds. Seems more like spring than fall, doesn't it?

RETURN TO NORMAL

AFTER several years of hairline eyebrows, the girls have decided to let them resume natural lines, according to the best beauty advisors. We're anxious to see the results of such efforts. For years girls have plucked their eyebrows to such a thinness that some of them seemed to be always on the verge of asking a question.

TEST OF CHARACTER

SOMEONE has decided that the best guide to a man's character is the way he drives his car. Well, we suppose the same might apply to a woman. Anyway they say that a half-mile drive through tooting horns, screeching brakes and traffic policemen will bring out: A violet temper, nerves, tendency to fatigue, timidity, manners and sportsmanship.

• • •

We have two other tests to add to that list: Waiting at the roadside in respect while a funeral procession goes by (just this week we heard that some one cut through one) and driving slowly, without fussing, in a long line of traffic (such as the one to the circus or the ones next week during the fair).

• • •

Here's a dessert that might come in handy when you're in a hurry to prepare a lunch for the school kids. It's called bittersweet chocolate molds.

Two squares chocolate, 1 can condensed milk, 1-2 cup fine bread crumbs, 1-4 cup cold water.

The bread crumbs are added to give the pudding a certain crunchiness, tasting rather like nuts or macaroons. The crumbs should be toasted and ground fine.

Melt the chocolate in the top of a double boiler and add the condensed milk (not evaporated milk).

Stir and add 1-2 cup of crumbs. Allow to thicken.

Add the cold water.

Pour into six very small rinsed molds or sherbet glasses and chill well.

This dessert is very rich and should be made in small portions.

Serve with whipped cream.

Mothers' Club Gives Program

Mrs. William Dingus Speaks On Citizenship At School Assembly; Business Hour Is Conducted Later

Members of the Senior High Mothers' club presented a program at school assembly Thursday afternoon. The first regular business meeting of the 1936-37 year followed.

"Citizenship of Youth," the year's study theme was discussed by Mrs. William G. Dingus, guest speaker. Members of the club sat on the stage during the program. The following officers were introduced:

President, Mrs. W. S. McDonald; vice-president, Mrs. Marvin McLarty; secretary, Mrs. E. L. Price; program chairman, Mrs. M. C. Overton; entertainment chairman, Mrs. C. E. Maedgen; and historian, Mrs. John R. Hall. Mrs. K. L. Riggs is treasurer and finance chairman. The following new members were introduced.

Mrs. S. C. Parnell who has moved here from Abilene, Mrs. C. C. Hay who has moved here from Kansas City, Mo., and Mesdames D. P. Griffin, Ira Carpenter and G. W. McCauley.

In the business meeting Mrs. Price resigned as secretary and Mrs. J. P. Giles was elected to fill the vacancy. The club voted to enter a float in the Centennial parade at the Panhandle-South Plains fair Tuesday afternoon.

Details concerning a new project, giving a Texas Technological college scholarship to the high school senior having the highest citizenship rating, were announced. The club decided to sponsor a health program during the year.

Meeting will be fourth Thursday.

'No Trace' Found Of 'Bond Jumpers'

"No trace" of two Levelland men who were sought as "bond jumpers" had been uncovered Thursday night, said Sheriff Clarence W. Davis, who with a deputy had come to Lubbock to investigate the case.

The men are George T. Adams, deputy sheriff from 1928 to 1932, and C. J. Conaiser, a former member of the public school board there.

Both have been indicted for operating a gambling house and for a misdemeanor offense. Each posted bonds totaling $3,000 when a 72nd district court grand jury returned the indictments.

When the men failed to appear for trials this week, District Attorney Daniel A. Blair asked for forfeiture of the bonds. Judge Homer L. Pharr granted the request and issued alias capias warrants for the men, Sheriff Davis said.

Sheriff Davis began spreading a net for the arrest of the pair. He told Lubbock police he believed Adams and Conaiser were in a 1934 black Chevrolet sedan with red wire wheels. He said the license number of the car was 721-526.

The indictments alleged the men permitted operation of a domino game called "shoot-the-moon."

Additional Allotments From NYA Granted Abilene Schools

AUSTIN, Sept. 24. (AP)—J. C. Kellam, state director for the National Youth administration, said today Hardin-Simmons and McMurry colleges of Abilene had been granted additional allotments for students whose families had been affected by the drouth.

An increase of $440 a month over the original $900 was allotted Hardin-Simmons college and $390 was added to McMurry college's original $690.

To qualify for these additional funds, a student first must establish he could not otherwise attend college, and second, his family's income had been reduced by drouth conditions.

Officers For Classes Named

Mack Scoggin Heads Seniors; George Carrithers, Juniors; Joe Alford Sophs And Roy Dunn, Fish; Knapp Talks

Senior students of Texas Technological college elected Mack Scoggin as their president and juniors, sophomores and freshmen chose George Carrithers, Joe Alford and Roy Dunn as their respective presidents in class elections conducted Thursday morning.

The officers will serve during the 1936-37 regular college session. The class elections followed a meeting in the gymnasium at which an annual address by President Bradford Knapp was delivered.

Scoggin lives in Lubbock. Carrithers is registered from Brady. Alford from Vera and Dunn from Wingate.

Other Officers Elected

Other officers elected were:

Senior class—vice-president, Talbot Ledbetter, Brady; secretary-treasurer, Mary Elizabeth Stanford, Hereford; representatives to the student council (one for each division): Jack Helms, Plainview, arts and sciences division; Iris Bailey, Conroe, home economics division; Ray Stiff, Beaumont, engineering division; Wilburn McAlister, Weatherford, agriculture division.

Junior class—vice-president, Herschel Ramsey, Chillicothe; secretary-treasurer, Lillian Heard, San Angelo; representatives to the student council; Hugh McCullough, Waco, arts and sciences; Jimmie Bailey, Levelland, home economics; Clarence Rannefeld, Roscoe, engineering; Earl Glover, Raymondville, agriculture.

Tarbox Heads Sophs

Sophomore class—vice-president, Elmer Tarbox, Higgins; secretary-treasurer, Grace Steingel, Menard; representatives to the student council Wayne Brown, Lubbock, arts and sciences; Anne Ruth Williams, Chillicothe, home economics; Wayne Vaughn, Perryton, engineering; Van Scheid, Whitesboro, agriculture.

Freshman class — vice-president, Truman Neal, San Antonio; secretary-treasurer, Mickey Kennedy.

The general convocation preceding the class elections was conducted in the gymnasium.

The annual address of President Knapp, short speeches by Dean James M. Gordon, Claude Thompson, student council president, Arch Lamb, head cheer leader, Demp Cannon, football captain, and Doyle Settle, Tech graduate who is now a state representative, were delivered to a responsive student group of approximately 2,000 students.

Cheering Unit Explained

Explanation of plans for a cheering unit which will promote school spirit and create closer cooperation between the student body and athletic department was received with loud applause. Arch Lamb, head cheer leader, urged students to stand by the law of "college spirit" as well as the laws which had just been explained by Dean Gordon.

Doctor Knapp spoke on the meaning of an education, the facilities of the college and the need of cooperation of students to build Tech and to gain additional appropriations from the state. Appropriations have not increased in proportion to enrollment. The college had one teacher to every 21 students last year and this year there may be 22 to 24 students for every teacher, he explained.

Cooperation Urged

Students were urged by Dean Gordon to abide by the state law against hazing. He asked them to smoke outside the buildings, and urged their cooperation in other matters.

Dr. W. F. Fry, college Bible teacher, delivered the invocation. On the speakers platform were Spencer Wells, vice-chairman of the board of directors, Deans A. H. Leidigh, O. V. Adams, Margaret Weeks and Gordon, and Doctor Knapp and Doctor Fry.

"Credits in any registrar's office do not make an education", Doctor Knapp quoted an educator as saying. He urged students to gain an education from contacts in college as well as from books.

Survey Being Made

Doctor Knapp based part of his address on results of a survey begun last year concerning graduates of the college. He has received replies to questionnaires from 90 per cent of graduates from Tech.

Texan Defends TVA's Project

Rep. Maury Maverick Speaks Before Young Men's Conference On Conservation Problems In Washington

(By The Associated Press)

WASHINGTON, Sept. 24. — Defense of the Tennessee Valley conservation and power project was offered by Rep. Maury Maverick (D-Tex) at a "young men's conference" on conservation problems.

"This water in the Tennessee Valley dams backs up," Maverick remarked. "Finally it begins to pour over the top of a dam. Who built the dams; answer, the taxpayers. The water drops over. Should we let that water be wasted? No, certainly. So, the government of the United States began to produce power, electric power for the benefit of the people."

Cites Need For Cooperation

Citing the need for cooperative effort in future soil and water conservation, Maverick related the story of the TVA, remarking "this cooperative effort could not have been accomplished except under the federal government. It had to be done, and the only way to do it was used."

In discussing what he termed "heedless and cruel destruction of our soils and misuse of our waters," Maverick asserted that increase of farm tenancy and absentee ownership has been partly responsible. "The deadly necessity of the transient tenant is money to stave off starvation, and while fighting for it he cannot concern himself with soil and water conservation," he said.

No Charges Filed On Robbery Suspect Pending Identification

OLTON, Sept. 24 (Special) — No charges against James W. Osborne, former Hobbs, N. M. oil man, have been filed here pending a positive identification of him as the gunman who robbed Sudan's First National bank, said Sheriff F. A. Loyd.

Osborne was arrested in Denver, Colo., Wednesday by department of justice agents, who filed a bank robbery charge there against him.

"We understand he will be returned to Lovington in connection with a Hobbs case," said Sheriff Loyd. "When he is in Lovington we'll go over there and have a good look at him."

Two Accident Victims Treated Here; Both Unusual Mishaps

Two victims of unusual mishaps were recovering normally Thursday night at Lubbock sanitarium. They, Mrs. Jim Miller of Abernathy and J. D. Smith of near Ralls, suffered accidents at their homes, it was explained.

Mrs. Miller, 30, was brought here Wednesday after she had stepped on a broken fruit jar in the yard at her home. A severe gash was cut in an ankle when a piece of glass flew up.

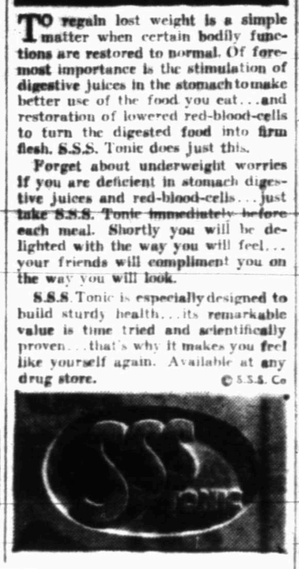

A cow's horn inflicted a severe injury to the left eye of Smith, 78, early Thursday while he was at work. An attending surgeon said that vision would not be lost.

To regain lost weight is a simple matter when certain bodily functions are restored to normal. Of foremost importance is the stimulation of digestive juices in the stomach to make better use of the food you eat...and restoration of lowered red-blood-cells to turn the digested food into firm flesh. S.S.S. Tonic does just this.

Forget about underweight worries if you are deficient in stomach digestive juices and red-blood-cells...just take S.S.S. Tonic immediately before each meal. Shortly you will be delighted with the way you will feel...your friends will compliment you on the way you will look.

S.S.S. Tonic is especially designed to build sturdy health...its remarkable value is time tried and scientifically proven...that's why it makes you feel like yourself again. Available at any drug store. © S.S.S. Co.

Kiwanians Are "Sold" On Fair

President Don L. Jones Gives Talk Thursday On Exposition Before Club; History And Growth Told

Kiwanians yesterday were "sold" the 23rd annual Panhandle-South Plains fair next week by Don L. Jones, association president, who detailed a short history of the association's annual exposition and its relation to the entire area as well as the city of Lubbock. He spoke at the club luncheon in the Hotel Lubbock at noon.

President Ray C. Mowery read a letter from H. A. Davidson, a member who is in Lubbock sanitarium due to an accident, expression appreciation for flowers. The president arranged for Kiwanians to visit him to "make up his attendance," he having had a 100 per cent attendance for four years. R. Q. Silverthorne, Plainview, lieutenant governor of this district, was a guest.

Plan Attendance Drive

Chairman A. W. Evans of the attendance committee announced team captains for the drive, which opens next Thursday. Each of the four captains will have three lieutenants.

Walter Ruffner led in club singing. C. E. Maedgen and Amos Howard were co-chairman of the day's program, with the latter presiding. Organization of a group to study parliamentary procedure was announced for Friday night.

Mr. Jones said that about 16 years ago Lubbock business men contributed $10,000 for building fair buildings and that the present program was an outgrowth of that start. The fair has been continuous for 23 years. This year some 25 acres were added to the grounds.

Explains Securing Exhibits

How fair officials go about getting livestock exhibits and how premiums and cooperation of national breeding units are secured, was explained by the president. "Getting up of livestock and agricultural exhibits follows a normal routine, but it is not done in five minutes," he pointed out.

Growth of the dual purpose cattle department of the fair in the past four years was shown. The Shorthorn breed is now a big factor in Plains livestock. Indications are that all available space will be taken by livestock breeders this year, with some animals in excess of the actual space available. The poultry department this year will be very good, as well as county, community and vocational agriculture exhibits.

A race track, with a 5,000 seating capacity grandstand, is an addition this year. A good racing program is planned. The carnival attraction is said to be the "largest and best" available, Mr. Jones added.

Russell T. Smith, of the Texas Tech coaching staff, called on to report on the Texas Tech-T. C. U. game Saturday night, said "all I can say is that the game starts at 8:30 o'clock."

The hip joint is a ball and socket joint between the head of the femur and a depression in the bones which comprise the pelvis.

Disagreement With Lloyd George In His Criticism Of Pershing Voiced By Vets

Disagreement with David Lloyd George's criticism of General John J. Pershing was expressed Thursday by Lubbock men who served in the American World war army.

Lloyd George, British wartime premier, charged that Pershing "was quivering with suspicion that the British and French meant to rob him of his army."

"Pershing was right, and he was fighting a lone battle for a while," said H. L. Allen, a lieutenant in the 2nd division's engineers.

"All the way through the allies were trying to make the American troops subservient to the allied organization."

Allen, who was wounded in action, was discharged as a captain.

Lloyd George also declared that American soldiers in the Argonne sector were insufficiently fed.

"We got by," said Spencer A. Wells, who was a first lieutenant in the 42nd, the "Rainbow", division and who was in the Argonne.

He added he felt the American commanders kept forces supplied with food to the best of their ability under war-time conditions.

Wells declared he believed General Pershing was "absolutely right" in maintaining the identity of the American army.

"They (British and French) would have used us for cannon fodder," declared Wells.

Lloyd George's criticism, he said, was "unfounded."

H. D. Woods, a first lieutenant, engineers, said:

"'Old Black Jack' had a hard time keeping our army's identity, but he was right.

"I always got along, but we didn't have hotel fare. I never doubted the ability or the sincerity of the American commanders in seeing that we were fed."

Attempted Extortion Charges Are Filed Against Two Boys

ATHENS, Sept. 24. (AP)—Officers filed attempted extortion charges in federal court at Tyler today against T. W. Walton, 18, and Robert Morgan, 15, who, Justice Department Agent L. T. Bowman said, admitted sending an extortion note to Richard Ash, farmer.

The note demanded $150 and threatened death to the wealthy farmer if he did not comply.

The youths were also charged here with automobile theft. Authorities said reformatory sentences would be asked for the pair.

ASSIGNMENT APPROVED

WASHINGTON, Sept. 24. (AP)—The Daily News of Pampa, Tex., was authorized today by the communications commission to assign voluntarily its license for radio station KPDN to R. C. Hoiles.

New Rules On Infraction Of Regulations Are Revealed At High School By Two Deans

New rules regarding penalties for infraction of rules at Senior High school were announced Thursday morning when the boys and girls met in separate groups with their deans, Mrs. Ethel Terrell and Dan W. Powers.

Students were informed that after three tardies they will not be given detention hall sentences, the usual penalty, but will be forced to take demerits. A student who receives more than 10 demerits is required to take final examinations.

To protect the lawn of Senior High school against students who persist in walking across the grass, a penalty of 5 demerits will be given any student who does not walk on the sidewalks, the deans announced.

Preceding Mrs. Terrells talk three trios of girls, directed by Mrs. Waldo Trotter, sang two numbers. The girls were Lenora Shaffer, Nellie Vee Cogburn, June Wheelock, Marilyn Riggs, Lurline Tarlton, Brunette Beard, Mary Grace Ellison, Chalones Whitacre, and Jeanne Roane. Mrs. Terrell told the 600 girls what a dean of girls is for, and explained the use of the hospital room for girls. Dean Powers addressed the boys on cleanliness, explaining to the boys that if they adopt a program of clean living they will always look right and feel right.

Tech Students To Stage Pep Rally

Trumpets will sound in front of the men's and women's dormitories at Texas Technological college tonight at 7 o'clock, after which students are to go to the gymnasium for a pep rally to be conducted in preparation for the T. C. U.-Tech football game Saturday night, Archie Lamb, head cheer leader, announced.

Attempt is being made to heighten college spirit by organization of a cheering unit. The unit, termed "Saddle Tramps", is composed of a selected group of men students. They will wear uniforms at football games.

Lamb has been asked by Dr. Bradford Knapp, Tech president, to see that bells in the east tower of the administration building are rung after each football victory. The bells were given to the college by this year's June graduating class.

Courses Offered Student Nurses

Cooperating with Lubbock sanitarium and West Texas hospital in their nurses training program, three instructors in Senior High school are offering courses for a class of forty young women, according to Dr. Kenneth E. Oberholtzer, superintendent of schools. The training courses are being made possible through financial assistance of the vocational education program of Texas, under the leadership of Ray L. Martin.

Miss Lelloese Hays is giving the student nurses a course in physical education each Saturday afternoon. In the science department M. E. Witt is instructing in chemistry, while W. C. Watts is teaching a course in bacteriology. The science courses are being offered after 4 o'clock. A class of nurses is using equipment in the home economic laboratories at both Junior and Senior High schools to study dietetics.

Two Named In Robbery Here

Weldon Matthews And John Walden Charged With Robbery Of Robert L. Wilkinson Here Sept. 4

A blanket complaint charging Weldon Matthews, 28, and John Walden, 30, with robbery with firearms in connection with the hijacking late the night of Sept. 4 of Robert L. Wilkinson, grocer of 520 Eighteenth street, was filed late Thursday in the court of J. T. Trigg, justice of peace.

Sheriff Tom Abel, who swore to the complaint, said approximately $10 was taken from the grocer by two men, one of whom held a shotgun on him. He said the gun was found later beside the Lubbock-Levelland road.

Held In Clovis

The men, according to the Clovis News-Journal are held at Clovis in connection with an assault and robbery of Claud Raybourn, Clovis cattle buyer, on Sept. 10.

Pictures of the two men carried in the Clovis paper were identified by Lubbock persons, it was announced.

Sheriff R. L. Thomas of Clovis said "Robbery with firearms carries a death penalty there and the Texas officers are anxious for me to release the men to them to face such charges. My action will not be determined until I have consulted with District Attorney J. C. Compton.

Another hijacking at Clovis is being investigated, said the Clovis sheriff.

Sheriff Abel said the men are under bond under another Texas offense. He said he would make "every effort" to extradite them.

Burning Issue Of Maritime Strike Flares Anew On Coast

SAN FRANCISCO, Sept. 24. (AP)—Control of hiring, the burning issue of the 1934 Pacific coast maritime strike, flared anew as a threat to waterfront peace today.

Employers of the coast, represented by a committee here, notified longshoremen that hiring will be at piers, effective October 1.

The employers, preparing to terminate September 30 the 1934 strike award agreements, posted an increased pay base for longshoremen but lengthened the straight-time work today from six to eight hours.

Takes Long Trip

Here is Maxine, 4, daughter of Mrs. L. A. Armentrout of 1612 Fifteenth street, who figured in the most unusual ride any child ever took from Los Angeles to Dallas, according to Santa Fe officials. She was placed on a train there with only an unsigned note for a ticket, directing that she be fed and transferred at Clovis, N. M. She was unaccompanied. The child had been visiting a sister of Mrs Armentrout, some said, on the west coast. The above picture was snapped at Clovis.

New Setup Of Plan Revealed

Re-Incorporation Of Townsend Plan To Be Made And Funds To Go To Government In Event Of Disbandment

(By The Associated Press)

CHICAGO, Sept. 24.—Re-incorporation of the Townsend old age pension movement under a new name and with a provision that its funds be turned over to the federal government in the event of disbandment was announced today by Gilmore Young, national secretary.

Young said articles of incorporation would be filed today with the secretary of state of Delaware, changing the name of the organization from Old Age Revolving Pension, ltd., to the Townsend National Recovery Plan, Inc.

"For a long time the Townsend people have felt that the name 'Old Age Revolving Pensions,' was meaningless so far as defining the real objective of the Townsend plan and its value to the people of the United States." Young said in announcing the change.

"Once assets in O. A. R. P. are depleated it will become a dormant corporation," he said. "Beginning October 1, all current income will be turned into the accounts of the Townsend National Recovery plan."

HELP KIDNEYS PASS 3 LBS. A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste.

Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the cause of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

Day Of Atonement, Most Sacred And Solemn In Jewish Year, Is Saturday

The Day of Atonement, the most sacred and solemn in the Jewish calendar year, will be observed by the Jewish people of Lubbock Saturday, September 26. It will be ushered in with a recitation of the ancient traditional liturgy Kol Nidra.

According to Jewish tradition, the Day of Atonement is the culmination of ten days of penitence, beginning with the first day of the New Year. These days are devoted to a personal, moral and ethical intraspection. Especial prayers are offered in the synagogues during these ten days for peace, and a spiritual uplifting of society.

Climaxed By Ceremonies

These ten days of penitence and prayerful meditation are climaxed by the Day of Atonement, a day of fast and complete abandonment of physical and material pleasures. It is a day completely devoted to the contemplation of one's past deeds and to the meditation of bettering the way of our living. The Day of Atonement is brought to a dramatic finale by the sounding of ram's horns, which herald the conclusion of the services.

Rabbi To Officiate

Rabbi Alex Klein, of Chicago, will officiate the ritual during the Day of Atonement. Services at the Synagogue will start promptly Friday at 7:30 p. m. Rabbi Klein will speak on the theme "The Road of Destiny."

Saturday morning services will start at 8 o'clock. Rabbi Klein will speak before the recitation of memorial services at 11:30 a. m. on the theme "The Monument of Immortality." Rabbi Klein will deliver his final sermon in the afternoon at 4 o'clock, on the theme "The Open Gates to Heaven."

Services will be held at Shaareth Israel synagogue, 2420 Sixteenth street, recently purchased by the congregation. The sermons, Rabbi Klein said, will be in English. Some of the prayers will be in English and some in Hebrew. Reason for the dual use is that many of the younger members do not know the Hebrew language. An invitation to Gentiles to attend, is given, said the rabbi.

Horned Frogs Here This Morning; Westerners Off For Game With Abilene

Big Welcome Is Planned For Visitors

Citizens Expected To Join In Greeting Christians As They Arrive At 8:30; Fireworks Loom For Saturday's Tilt

The Horned Frog menace hits Lubbock today for a two-day siege.

Coach Leo "Dutch" Meyer brings his Texas Christian university footballeers here at 8:30 o'clock this morning, if the Santa Fe train is on time, and Lubbock hospitality is to be expressed, civic minded persons hope by a large turnout at the station when the train rolls in.

Local citizenry is invited to join the Texas Tech band and part of

MUST CALL FOR TICKETS

Football fans who have made ticket reservations for the Tech-T. C. U. game are warned that unless the pasteboards are called for by noon today, they'll go back on sale.

Hugh "Bo" Williams, graduate manager and ticket sales manager of Tech, said last night that a large number of tickets had been reserved but had not been delivered last night.

"There is such a demand for tickets," he explained, "that those reserved must be taken up this morning or we will be forced to put them back on sale."

These reserved tickets are at Walton's men's shop on Broadway. The entire lot, including undelivered duocats, will be moved to the lobby desk of Hotel Lubbock tonight, and may be purchased, as long as they last, between 8 o'clock and 10:30.

the student body at the station to give the Frogs and their fans a rousing welcome.

Treachery In Welcome

There'll be treachery in the welcome, because 36 hours later the same citizenry will be packed in Texas Tech's new horseshoe stadium to put the "hex" on the visiting Froggies. At 8:30 Saturday night Tech's big Red Raiders will extend their greeting to the Fort Worth delegation—in the form of jolting blocks and smashing tackles, passes, punts and plays calculated to lay low the Sugar Bowl champions of 1936.

The Frogs plan to work out at Techs field this afternoon, or tonight possibly dividing the time with the Matadors in a night session which will not be open to the public.

Matadors Work Hard

Although casting grave glances at a canopy of ragged rain-laden clouds yesterday the Matadors jostled and hustled through one of their most pleasing workouts. It was confined to a lengthy signal practice and more aerial drill.

With Slingin' Sammy Baugh holding the fire to the fuse, the Frogs are expected to launch a cannonading tomorrow night typical of the offense that carried them through an almost undefeated season last year and gave them second place in the Southwest conference race.

Have Their Own Ideas

The Red Raiders, judging from their practice sessions and their offensive measures against another Fort Worth club, the Texas Wesleyan Rams last Saturday night, have their own ideas concerning a defense against Baugh's bullets; it goes back to the oft-expressed football maxim, "a good offense is the best defense."

The Techs have been throwing the ball around too; have, in fact, become quite familiar with the pigskin. A fellow by the name of Jim Neill, another named Ed Smith, one named George Winters, one or two others, have been doing considerable heaving much to the satisfaction of Tech fans and to the uneasiness of Frog Coach Meyer, who was an interested spectator last Saturday night.

Footballs In Air

The footballs flew right merrily yesterday as all Tech hands went down under fire of aerials. There was no rough scrimmage, won't be any until the Frogs bring it on themselves tomorrow night, but the teams, all three of 'em, shifted about in offensive and defensive pass drill yesterday.

Head Coach Cawthon has not yet declared himself regarding Tech's starting club tomorrow night. It's the custom to start the shock troops against Tech's invaders or even when the Matadors go raiding. Once or twice this ritual has been discarded. The more nervous fans hope the exception will be true tomorrow evening. They'd like to see Tech's strongest team start the game, and maybe finish it.

Cowhands To Play Silverton Eleven

Coach Walker Nichols takes his Lubbock High school Cowhand team to Silverton today for a clash this afternoon with Woodrow Wilson's Silverton Owls.

The Cowhands, who opened their season with a decisive victory over the Ralls Jackrabbits, Class B club of District 5, hope to continue their effectiveness in District 4, where Silverton is considered strong in the title race. The game is to begin at 3:30 o'clock.

The contest will be marked by a clash of coaching wits between two former Texas Tech gridders, Woodrow Wilson, large tackle on the 1933 and 1934 teams, is head coach at Silverton High school, Nichols, captain and guard of the Matadors last season, is taking his first fling at the coaching game as a member of Weldon Chapman's Lubbock High staff.

Tech Should Hold Edge At Center In Tilt

Baugh Versus Cannon

With Frogs; Raider Backfield Is Heavier

FOR the past two years, Texas Christain university has contributed the center, the same center both times, to the All-America football team.

But Darrell Lester is no more among the Horned Frogs, and one of Coach Dutch Meyer's big jobs this season has been to locate a pivotman capable of filling Lester's big shoes. He thinks he has found the man in Jack Tittle, Lester's understudy last year and winner of a letter.

Tittle stands 6 feet, 1 inch high, weighs 185 pounds. He's a former Fort Worth High school boy, and is possessed of football intelligence and physical powers.

TITTLE

WIGINTON

The weight advantage swings a bit to the Tech side of the line of scrimmage when centers are compared. Planted in front of Tittle, when the Tech No. 1 team is in there tomorrow night, will be big Tox Wiginton, the Chillicothe senior, winner of two varsity letters. Tox has the physical edge over Tittle by one inch upward and approximately 15 pounds on the scale.

The same advantage holds true when second stringers are in the game, the Frogs' Sophomore Ki Aldrich giving 10 to 15 pounds to Frank Guzick of Tech.

So considering the first teams, Tech wields a weight advantage of about 16 pounds in the line, with lettermen in all positions except in the case of T.C.U.'s right tackle, 220-pound Sophomore I. B. Hale.

Moving into the backfield and considering quarterbacks, we run into one of the most interesting studies, i.e., Slingin' Sammy Baugh, the touted, proven ace of the Frog attack. Baugh is best known for his passing efforts, but he's dangerous at all times, especially when he gets the ball. He can run with it or punt it, and just as effectively as he can pass it.

McCALL

CANNON

Baugh is a light heavyweight, varying between 175 and 180 pounds, but he's 6 feet, 2 inches tall. He runs the T.C.U. team and does not decline to call upon himself at frequent intervals.

Tech's quarterback is Captain Dempsey Cannon, a senior from Slaton, also a passer, a fine blocker and sometimes good for yardage on punt returns. He weighs 165 pounds, and must look up a few inches to catch Baugh's eye.

A sophomore named David O'Brien seems to be Baugh's chief understudy just now, but it's likely that Sweetwater Sammy will be a 60-minute player, barring a mishap, tomorrow night. O'Brien is a 147-pounder from Dallas. Cannon's quarterback aide is Charley Duval, the firecracker from Sherman noted for his fine offensive blocking and his great defensive tackle. They don't grow too large for Duval to tackle, and he's nobody's chump as a quarterback. He has earned two varsity letters and is well on his way toward a third. He'll be replacing Cannon from time to time and he is 172 pounds of dynamite.

The T.C.U. backfield outside the quarterback spots Tech several pounds, but tonnage makes no great difference in backfields.

MONTGOMERY

WINTERS

The Frog halfbacks, or wingbacks, are Scott McCall, the former Masonic Home flash, and Vic Montgomery who played at Ozona. McCall weighs 177 pounds, Montgomery 175, and they're well known for their running ability. Both are seniors.

Against these, Tech will have the 183-pound Jim Neill, star of last Saturday night's game against the T.W.C. Rams, and the 186-pound Winny Baze, a reformed fullback.

T.C.U. lists a sophomore, Ward Wilkinson, as regular fullback. He's another 175-pounder in the balanced Frog backfield. Linnon Blackmon, former Abilene High star, is expected to develop into Tilly Manton at T.C.U., and probably will play a goodly share of the game against Tech. Blackmon is a junior. Still another fullback is Glenn Roberts, a senior who has earned two varsity letters. Just why Roberts is not listed as regular probably is best known the Frog coaches, but he's due to get into the game.

Tech's George Winters stands out as probably the best fullback and he's a line-backing ball carrying fool. He's a junior, having won a letter last year as a halfback. His No. 42 jersey was stripped from his back last week, but he stayed in the ball game and was close runner-up to Neill for ground gaining honors.

Other Frog halfbacks to be considered are Harold McClure, a 165-pound senior; Bob Harrell, a 180-pound junior, and Pat Clifford, a 170-pound sophomore. To offset this bunch of reserves, Tech has Ed Smith, Maurice Chernosky, Mfles Chapman and possibly Fred Byrd, with the giant Alan Plummer, a sophomore, due to relieve Winters at fullback.

'Saddle Tramps," Tech's New Rooting Organization, To Get Into Action At T.C.U. Contest Here Saturday Night

Something new and different in the way of organized rooting at Texas Tech's home football games will be demonstrated tomorrow night when the Horned Frogs of Texas Christian university and the Tech Red Raiders clash here.

An honorary society known as "Saddle Tramps" has been organized at Tech. It is composed of sixty men, mostly upper classmen, who will wear colorful scarlet and black uniforms and lead in organized cheering. They are to occupy a special section in the student grandstand.

PUBLIC PEP MEETING

All students of Texas Tech and as many downtown fans who care to join them are urged to attend a giant pep rally this evening, starting at 7 o'clock, at the Tech gymnasium, Yell Leader Arch Lamb announced last night.

The Tech band and the new student organization known as the Saddle Tramps will be on hand to help stir up "the old college spirit" on the eve of Tech's important tilt with the Texas Christian university Horned Frogs.

The public is cordially invited, Lamb said.

Arch Lamb President

Arch Lamb, head yell leader this year, a student from Fort Worth, is president of the Saddle Tramps. He led in the movement for such an organization, starting with ten picked men. These voted honorary memberships to fifty others. Membership in the association is restricted. Other officers are J. R. Earnest of Lamesa, Paul Bowles of Miami, John J. Jarvis and Bud Thompson.

"Purpose of the organization," explained Lamb, "is to promote a higher and more sportsmanlike spirit at Texas Tech, to promote a closer relationship between the student body, which we represent, and the athletic department, as well as fans of Lubbock."

Custodians Of "Victory Bells"

The Saddle Tramps, who will be dressed in black trousers and scarlet shirts, also are custodians of Tech's "victory bells," and will be responsible for ringing the bells signalizing a Tech victory.

"There'll be a surprise in store for the fans Saturday night," Lamb said, "something entirely different from anything Tech has had before. Did you ever see a real Red Raider? Well, keep your eyes open."

Mayhew Tries 'Funny Stuff' With Chapman

Reports From Abilene Declared Game Called Off, Then After Westerners Fail To Leave, Told To 'Come On And Play'

After considerable confusion resulting from Abilene reports that the game had been "called off," and running 20 hours behind schedule, the Lubbock High school Westerners were to leave at 6 o'clock this morning for the Taylor county seat and the annual game with the Eagles.

Coaches Weldon Chapman, Goober Keyes and Ross Ayers are taking the entire squad of 28 to Abilene, where they play at 3:30 o'clock this afternoon.

To Broadcast Game

Play-by-play description of the game will be broadcast over KFYO, the Avalanche-Journal radio station. Manager DeWitt Landis announced last night. The station will have full leased wire service direct from the Abilene playing field, and will announce the game in detail.

Like a bombshell from nowhere, the announcement hit Lubbock yesterday morning at 8:30 o'clock that the game had been cancelled.

Advised Staying At Home

Coach Dewey Mayhew of the Eagles telephoned Coach Chapman at that hour, saying that threatening weather and condition of the field made it impractical to go ahead with the game, and advised Chapman to stay at home.

All day long there were exchanges of telephone and telegraph messages, Abilene High school authorities remaining adamant until last night about 8 o'clock.

The Westerners had planned to leave Lubbock about noon yesterday, arriving in Abilene in time for a workout yesterday afternoon and a night's rest before playing what is expected to be one of their toughest games. After Mayhew had declared the game was "off," Chapman held his team here, and spirit ran low, replaced by the nervous jitters.

Had No Written Contract

There had been no written contract for the game, but, as usual, a verbal agreement which was thought inviolate.

Except to say that recent rains and threatening weather did not favor a football game, Mayhew did not offer any reason or explanation. Told by Chapman over the phone that "we're coming over anyway," Mayhew replied that "You'd better have lots of money, because there'll be none here for you."

Then, after giving up all hope, Chapman heard from Mayhew again. "Come ahead, and we'll try to play," the Abilene coach said. "The weather is breaking somewhat and the field may be all right."

Affair A Question

Whether the whole thing was one of Mayhew's quaint "psychological plays" or whether he reconsidered, sensing the ridicule that would have been heaped upon him, was still a question.

At any rate, and without an opportunity to rest or work out before the game, the Westerners are off this morning. Just what effect the delay and the confusion will have upon the schoolboys remains to be seen.

The traveling squad consists of: Centers Rafe Nabors and Herb Leaverton; Quarterbacks Earl Ince and Bill Sessums; Halfbacks Harold Ingley, Max Rutledge, Firman Williamson, Melvin Billings; Fullbacks C. L. Storrs, Coulson Paxton, Jarvis Wright and Isaac White; Ends Arvie Lee Oden, H. L. Gantz, Ralph Lasinger, Bill Wood, Ernest Winter and Robert Castle; Tackles Babe Ritchie, Virgil Simmons, Joe Pyiell, C. H. Tubbs and H. L. Ford, and Guards Sterling Short, Wilburn Piercey, Robert Spikes, Paul Kinard, and Student Manager C. J. Griggs and G. W. McCraw.

Nine Conference Tilts To Inaugurate Interscholastic League Race Today

Districts 2, 3, 4, 7, 11 And 16 Swing Into Competition

(By The Associated Press)

Nine conference games inaugurate the Texas Interscholastic league championship football race Friday, districts two, three, four, seven, eleven and sixteen swinging into action.

Three games blast off the lid in the Oil Belt. Eastland going to Big Spring, Brownwood to Sweetwater and Cisco to Breckenridge.

In district two Graham plays at Wichita Falls and Olney at Vernon, these games marking exit of Graham and Olney from class B ranks.

Fabens At Austin, El Paso

Fabens plays at Austin, El Paso, in district four which includes the El Paso teams, Fabens and Ysleta.

The Fort Worth district has Riverside, a new member, playing at Mineral Wells and down in the valley Pharr-San Juan-Alamo, another new comer to class A ranks, will be testing its strength at Brownsville.

Bryon Meets Corsicana

Bryan, making its second start in class A football, journeys to Corsicana for the district eleven conference encounter. These teams battled to a scoreless tie last season. Corsicana winning in a playoff.

The spotlight of other sections will be on inter-district and intersectional games of note. Amarillo's Golden Sandstorm, defending state champion, meeting the second tough out-of-state team in a row.

The Sandies play Pauls Valley Oklahoma, championship team of Oklahoma last season and which showed its wares by beating Breckenridge, a top Texas outfit, in a post-season game at Fort Worth. The Pauls Valley-Amarillo fontest will be Saturday.

Other intersections games bring Ada, Oklahoma, to Denison, Lake Charles, La., to Beaumont, and Clovis, N. M., to El Paso High, the latter contest on Saturday.

Inter-district games include: Friday Childress at Pampa; Borger at W. C. Stripling, Fort Worth; Lubbock at Abilene North Side, Fort Worth, at San Angelo Gainesville at North Dallas, Sherman at Greenville; McKinney at Forest, Dallas; Fort Worth Polytat Denton; Masonic Home Fort Worth, at Longview; Austin at Temple; Paschal, Fort Worth at Waco Brackenridge, San Antonio, at Sam Houston, Houston; Tyler at Port Arthur; Milby, Houston, at Ball High Galveston; South Park, Beaumont, at Corpus Christi, Kingsville at San Antonio Tech; Saturday, Dallas Tech at John Reagan, Houston; Woodrow Wilson, Dallas, at Hillsboro; Thomas Jefferson, San Antonio, at Adamson, Dallas.

CCC Champions In Baseball Will Be Decided In City

Weather permitting, the baseballs will start flying in Lubbock again Saturday when strong Civilian Conservation corps teams meet here to determine the district championship. The series was scheduled to get under way last Saturday, but was postponed on account of rain and wet grounds.

All four of the sub-district champions are scheduled to play Saturday and again Sunday in a couple of double headers that ought to bring out the baseball bugs.

Tucumcari Represents New Mexico

The CCC district stretches nearly all the way across the Panhandle and into New Mexico, with Tucumcari representing the Sunshine state in the tournament.

In the first game Saturday, Littlefield and Lamesa are to play for the southern half-district title, while Tucumcari meets Perryton in the second game. The latter teams represent the north half of the loop.

Winners will meet Sunday in the feature game, with the losers battling it out for third place. Games start at 2 o'clock each day.

Fire, Which Destroyed Their Belongings, Doesn't Depress Univ. Of Minnesota Eleven

MISSOULA, Mont., Sept. 24. (AP)—Fire which burned down their hotel and several other buildings, sending them scurrying to safety with personal belongings left behind, didn't depress University of Minnesota football players today.

They engaged in a brisk practice session on the Montana university field before leaving at 6 p. m., mountain standard time, for Seattle to play the University of Washington Saturday.

The 43 players, many of them barefooted, rushed through smoke to the street and ran several blocks to their special train.

Texas Tech Picadors To Engage A.C.C. 'Frosh' In Matinee Performance Prior To Matador-Horned Frog Tilt Saturday

All good shows have their matinee performances, and the Texas Tech football circus is not an exception.

Starting shortly before tea-time and winding up in time for a fair intermission before the evening program, the Texas Tech Picadors, engage the so-called freshmen from Abilene Christian college.

The freshman rule doesn't exist at ACC any more, or at any Texas conference school, and the visiting lineup may contain a share of varsity players, or possibly enough to make it highly interesting for Coach Berl Huffman's team and fans.

The game is to start at 2:30 o'clock. It's the first on the Picadors' schedule of six, and bids fair to draw a good Saturday afternoon crowd.

Such well known ex-high school players as Dixie White and Charley Calhoun of Lubbock, Bob Flowers of Big Spring, Jim and Bob White of Midland, 'Gene Boswell of Lamesa, Phil Gonzales of Sherman and Kenneth Madry of Levelland are due to play.

World's Series Victory Seen By Yanks; Close Home Season

American League Pennant Winners Slice Up Their Share Of Series Melon; Cocky And Confident Of Taking Giants

By EDDIE BRIETZ
Associated Press Sports Writer

NEW YORK, Sept. 24.—The New York Yankees, American league pennant winners, sliced up their share of the World's series melon today, closed out the season on the home lot and left for Philadelphia predicting a World's series victory in five games.

The Yankees figure Carl Hubbell may beat them once, but not a man, from Manager Joe McCarthy down to the rawest recruit, concedes that even such a master craftsman as the Oklahoma pecan grower with 36 straight wins can take their measure twice in a seven-game series.

Cocky And Confident

Cocky and confident, the American leaguers see almost a clean sweep in the fall classic despite the fact that Lou Gehrig and Signor Joe DiMaggio are wrestling with batting slumps.

Gehrig attributes his let down to a cold in the shoulder which interferes with his swing. But he says he'll be ready when series time rolls around.

Most of the Yanks pick big Charlie Ruffing, their ace right hander to open the series, but McCarthy refuses to commit himself.

With 19 triumphs to his credit, Ruffing gets his last dress rehearsal in Philadelphia tomorrow. Lefty Gomez, experiencing at best an in-and-out season, goes against the Senators Saturday.

GEHRIG HITS 49TH

NEW YORK, Sept. 24. (AP)—Despite Lou Gehrig's 49th homer of the season, the Philadelphia Athletics nosed out the Yankees 4 to 3 today behind Buck Ross' eight-hit pitching.

All Box Seats In Yanks' Stadium Sold For Series

NEW YORK, Sept. 24. (AP)—The New York Yankees announced today that all box seats for the World series games in Yankee stadium have been sold, giving some indication that the looked-for financial record breaker may become a reality.

While the New York Giants prepared to fill the rush of ticket orders tomorrow, now that the club has clinched the National league pennant, The Yanks' management said that many reserved grand stand seats are still available, although the boxes are gone.

The box seats, selling in strips of three, for the three games scheduled in the stadium, sold for $6.60 each.

The club also announced that President Roosevelt will attend the first game at the stadium, a week from tomorrow. The series opens Wednesday with the first two games at the Polo grounds, the Giants' park.

Rice Owls Entrain Today For Baton Rouge To Meet Tigers

HOUSTON, Sept. 24. (AP)—Thirty-six Rice Institute football players leave here Friday morning for Baton Rouge for a game with the formidable Louisiana State university Tigers Saturday night.

Headed by Coaches Jimmy Kitts, Lou Hertenberger and Cecil Grigg, the Owls will board a train at 8:15 a. m. and Friday night will work out on the L. S. U. grid.

Granville wilt, disease that attacks the tobacco plant, costs North Carolina growers $1,000,000 a year, according to state agriculture authorities.

Class B Grid Teams In Area Tangle Today

Night Contests Also Slated Over District; Floydada Is To Meet Plainview; Slaton Tigers Go To Spur

Nine of the ten members of the Class B, District 5 football family are booked for gridiron quarrels today or tonight, with Littlefield taking a rest before launching into the district title campaign.

Three of the clubs are playing teams from outside the home district, the Slaton Tigers invading Spur, Lamesa entertaining Snyder and Matador playing at Ralls. All three games are scheduled for tonight, starting at 8 o'clock.

Crosbyton at Tahoka; Olton vs. Post

Playing within the district but not in conference games, Crosbyton invades Tahoka for an afternoon game, and Olton visits Post for a night encounter. Two of the Class B teams tangle with Class C foes of the district, Muleshoe calling on Levelland for a night game and Anton playing a nocturnal affair at Brownfield.

Levelland, Littlefield and Lamesa opened their seasons last week with victories. Littlefield dedicating its new Seely Field by trodding on Tahoka, 53 to 0. Lamesa drubbed Olton, 51 to 0, while Levelland took an 8 to 0 decision from Brownfield.

Floydada Plays Plainview

Three other District 4 teams are busy today, Paducah playing at Memphis, Floydada stepping into Class A competition by meeting Plainview on the latter's lighted field.

At Levelland brother coaches will clash, Bill Stevens' Levelland Lobos entertain Muleshoe, the Class C member, which is coached by Roy Stevens.

Crosbyton will be lifting the curtain on its season when it plays at Tahoka this afternoon. Ralls, by entertaining Matador, is playing its second game but trying for its first victory against the defending champions of District 4.

The Slaton-Spur game is of interest in both districts. Slaton won the District 5 title last year by defeating Lamesa, and will be meeting an old and sincere rival at the Jones Memorial Stadium on the Spur hillside.

The Slaton "B" team also goes calling meeting the Class C O'Donnell club on the latter's field in other Class C games. Ivanship plays at Ropesville, Seagraves at Tatum, N. M.

The Lubbock High Cowhands, corresponding in strength with Class B rivalry, visits District 4 to play the Silverton Owls this afternoon.

AGGIES WORK HARD

COLLEGE STATION, Sept. 24. (AP)—The Aggies combined skull practice and outside practice today in a heavy workout.

They first went over the plays for their opener with Sam Houston here Saturday, then rehearsed them on the field.

Giants Clinch National Flag

Terry's Men Top Off One Of Baseball's Most Astonishing Drives In True 'Alger' Style

First "Subway Series" Since 1923 Is Slated After Both New York Teams Wind Up On Top; Opens Wednesday

(By The Associated Press)

BOSTON, Sept. 24.—The New York Giants climaxed their "Horatio Alger" success story today by clinching the National league pennant.

Topping off one of the most astonishing drives in diamond history, they nosed out the Boston Bees, 2 to 1, in a ten-inning pitching thriller in the first game of a doubleheader to sew up the 1936 flag.

Stars Next Wednesday

Their victory made the first "Subway Series" since 1923 a certainty, with the New York Yankees as the American league representatives. The classic gets under way next Wednesday in the Giants' polo grounds.

A restrained group of athletes got together in the clubhouse between the first and second games today to exchange congratulations, but there was little whooping it up, except on the part of shortstop sparkplug, (Dick) Bartell.

Three Games To Play

Today's win was the Giants' 91st of the season, leaving them with three games to play after the twin bill with the Bees. The best the second place St. Louis Cardinals can accomplish between now and the end of their schedule would still fall short of catching up.

Prince Hal" Schumacher, the question mark of the Giants' pitching staff, accomplished today's win almost single handed, but a costly error by Bill Urbanski was a big help. Urbanski juggled Travis Jackson's grounder in the tenth an'd then threw wide past first, enabling the veteran third sacker to reach second. Schumacher brought him all the way home immediately with a single.

Terry Uses Substitutes

In the second game, Terry replaced most of his regulars with second string men and the Bees won a 4 to 0 behind Bill Weir's six-hit pitching.

The first-game victory was the Giants' 91st against 18 losses in the spectacular drive that carried them from second division to the championship between July 15 and today.

Collapsing after fighting for the lead early in the season, Bill Terry's troupe sank out of first division and seemed through for the season.

Hubbell Hits Stride

Then Carl Hubbell, the year's greatest pitcher, started hitting his stride. Rookie Jim Ripple became a heavy-hitting outfield asset. Terry's bad knee recovered sufficiently for him to get into action at first base through most of the stretch games. The entire outfield, headed by Mel Ott, developed a batting punch as dangerous as any other club in the big leagues.

With Hubbell leading the way, winning 16 straight pitching victories, the Giants shot past one contender after another, reached first place at the height of a 15-game winning streak on August 25, and stayed out in front from there to the tape.

Speed And Power 'Twin Headaches' Of Bierman Team

MINNEAPOLIS, Sept. 24. (AP) — Speed and power are the "twin headaches" Coach Bernie Bierman will toss at his eight major opponents this fall as Minnesota's Gophers attempt to add to their record of being undefeated since 1932.

The Gophers, with 24 lettermen available, will have the fastest backfield and heaviest line in Minnesota's history.

They will need all their finesse and potent blocking, however, to go through unscarred against Washington at Seattle Saturday and then in order Nebraska, Michigan, Purdue, Northwestern, Iowa, University of Texas and Wisconsin.

The line averages just over 200 pounds from end to end and when replacements are made the average, strange as it seems, will be close to 210 pounds.

Cards Take Twin Bill From Reds

Worst St. Louis Can Do Now Is Tie For Second Place

(By The Associated Press)

ST. LOUIS, Sept. 24.—The fighting Cardinals took a doubleheader from the Cincinnati Reds today by winning a 12-inning opener 5 to 4 and topping the Reds 2 to 0 as darkness ended the nightcap after 5 1-2 innings.

As the Chicago Cubs lost, the Cards now hold second position in the National league by 2 1-2 games, and they can clinch that place if they beat the Reds tomorrow. The worst they can do is tie for second, even if they lose their last three games.

Medwick Sets New Record

While the Gas House gang was defeating hurler Gene Schott in the first battle, Joe Medwick established a new National league record with his 63rd double of the season. This tops the 62 Paul Waner gathered in 1932 for Pittsburgh.

Dizzy Dean made an unexpected appearance in the second game and, holding the Reds to four hits and striking out four, won his 24th victory of the season. Mike Ryba, who went to the hill in the ninth after Le Roy Parmelee had retired for a pinch hitter, received credit for the first victory, his fifth this year without a defeat.

PORKERS PLEASE THOMSEN

FAYETTEVILLE, Ark., Sept. 24. (AP)—The Arkansas Razorbacks hit their stride today and performed in a manner satisfactory to Coach Fred Thomsen during a brisk workout.

Thomsen put his charges through a number of fast plays and continued to stress aerials.

"ALL-BRAN KEEPS ME IN SHAPE EVERY DAY"

"When I had eaten a heavy breakfast, I would feel logy. After a couple of days of this, I would have to take a laxative.

"One morning I had a dish of ALL-BRAN. Believe me, it beats any laxative, as it keeps me in shape every day."—Wm. C. Billings, 1390 19th St., Denver, Colorado.

Why put up with half-sick days, when a delicious cereal will make you feel so good? Because ALL-BRAN has "bulk" which absorbs moisture within the body. Then gently sponges out your system, wipes away the listlessness, the "blues," the headaches.

Scientific tests prove this natural food is both safe and effective—worlds better than taking patent medicines. ALL-BRAN is guaranteed. Take it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Serve as a cereal or use in cooking. ALL-BRAN also supplies vitamin B and iron. At all grocers. Made by Kellogg in Battle Creek.

Gly-Cas Gives Him New Health When All Else Failed

New Remedy Quick To Give Mr DeBellevue Even Greater Results Than He Imagined; Up 10 Times Each Night With Kidneys; Rheumatic Pains Continually Grew Worse—Until Gly-Cas

"I did not know there was any medicine that could do the good of this Gly-Cas," said Mr. N. B. DeBellevue, 504 Willeck Ave., Alexandria, La. "For many years I had suffered with constipation, indigestion and accumulation of poisonous gases. My kidneys were terribly disordered also and I was up as often as ten times during the night. Rheumatic pains were continually growing worse and at times my arms and limbs would become so filled with pains I thought I could not stand it any longer. I had to watch my diet closely as but few foods agreed with me and I had but little energy to do my work. It was many miserable months I endured—trying many different remedies and always obtaining the same results—none. When I heard so much praise for Gly-Cas and gave it an opportunity to help me—it was indeed different."

MR. N. B. DeBELLEVUE

"It was actually surprising how quickly Gly-Cas gave me results—REAL RESULTS," said Mr. DeBellevue. "The constipation was removed in the most natural way, then the poisonous gases and bloating were gone almost at once. My kidneys seldom bother me at night anymore, and rheumatism is a thing of the past. I am again able to eat and enjoy the foods I wish without fear of those awful after effects, sleep the entire night through and my pep and energy has been restored. I feel sure all similar sufferers will find Gly-Cas a blessing to them also—it has MERIT."

Gly-Cas is sold by Mark Halsey Drug Store, 1219 Broadway, and by all leading drug stores in surrounding towns.

Gly-Cas $1.00 per box—6 boxes $5.00. Add 2c postage for each box ordered. Send money orders made payable Mark Halsey Drug Store. Don't send cash. Checks not accepted—No C. O. D. Mail Orders.—Adv.

Mr. Farley's Good Example

WHETHER one likes, admires or respects James A. Farley, or considers him "just another ward-heeler", it must be admitted, in all fairness to the New Yorker, that he is a man of good sense and judgment.

Mr. Farley's pictures have been in the papers so often, and his physiognomy lends itself so well to cartooning that practically every man and woman who reads can spot him in a crowd, even if they've never seen him before. And because he is so easily spotted, Mr. Farley is razzed from "a" to "izzard" in restaurants, theater lobbies, on trains, planes and in busses. In fact, nearly everywhere he goes anti-Rooseveltians see him and begin panning the administration to each other—but careful that their voices are loud enough for the Democratic National chairman to hear.

Especially in his much loved home town—New York City—is Mr. Farley pilloried at every turn. Cosmopolites there delight in "pouring it on him". And it hurts Mr. Farley, not only because of his love for the President and his connection with the administration, but because he is naturally a friendly man who likes to love and be loved by all.

The Democ chieftain, however—and may it be said to his credit—has adopted a philosophy which must be commended. He makes it a rule to "hear nothing, say nothing and look straight ahead". He contains his feelings even when he is being hurt the most. He is not engaging in arguments with either friends or enemies, in public or private.

President Roosevelt and the White House secretariat might well take a leaf from Mr. Farley's notebook in this regard.

Only last week, when the White House took public cognizance of attacks by William Randolph Hearst, the President and his aides pulled a political blunder by not following the Farley method. Angered by the Hearst assault, the Presidential group answered the chain publisher, thereby publicizing him and his cause in every newspaper in the land whether favorable or unfavorable to the administration.

The present campaign is too touchy to take any chances with.

A "bonehead" here, a tactical error there and Mr. Landon and the GOP will be neck-and-neck with Mr. Roosevelt and the Democrats in their re-election drive. The New Deal lead is not long enough to risk either errors of judgment or action.

Whatever else he may or may not be, Mr. Farley is a good politician and a sensible man.

His example is one which the party's high command might well consider—and follow.

WITH OUR CONTEMPORARIES

"'Salt and pepper shakers are now on the market which make it easy to tell which holds salt and which holds pepper. The perforations in the top of one container make theletter 'S' and those in the other form the letter 'P.'" quotes that old gad-about, Andy Jack Stricklin in the Terry County Herald. "How do people figure that way, Sharley?" he asks the editor of the Avalanche. "In our school days the plan would have worked, but they don't learn the kid's their A.B.C.'s now. We suggest they draw a picture of salt for one and pepper for the other. By the way, Sharley, did you know that pepper is half peas?" (No, Jack, we didn't. But we do know salt goes good with beer.')

"If its true, one of the nastiest political tricks of the presidential campaign appeared on the want-ad page of an eastern paper," John Price says in the Amherst Argus. "It was a small ad, which read: 'Wanted, carload of erasers, address, White House, Washington, D. C.'"

• • •

"Mr. J. Evetts Haley is a clever and likeable person—and famous since his published studies of West Texas history," James Rankin says in the Ralls Banner. "But he is opposed to the New Deal in all its phases. More especially is he opposed to the activities of the department of agriculture, as they pertain to the cow business."

"Hitler, like his contemporary Fascist Mussolini, tried to defend his aim of aggression by saying that communism is a great menace to world peace," H. G. Hichards says in the Anton News. "We are no communist but we consider communism Holy Writ in comparison with Fascism."

TRANS-PACIFIC FLIGHT

BEGIN HERE TODAY

KAY DUNN, pretty young nurse, is hired as a stewardess on Overland Airways and, the same day, meets TED GRAHAM, veteran pilot who flies the trans-Pacific route.

Kay is assigned to the western division of the service. MONTE BLAINE, apprentice pilot, pays her marked attentions. Monte is daring, romantic, but Kay is more interested in Ted. She and DICKIE, Ted's adopted 7-year-old son, become close friends.

Ted leaves on a flight across the Pacific. Monte and RALPH BANGS, another pilot, call at Kay's apartment one evening, decide to hold a house warming. DORIS LEE, a stewardess and close friend of Kay's, arrives, announcing that land planes are grounded because of fog.

Other guests come later. Though the evening passes gaily, Kay thinks of Ted over the Pacific and is worried.

NOW GO ON WITH THE STORY

CHAPTER X

Kay knew that two things stood above all else in Ted Graham's life—his adopted son Dickie and his job. And she knew, too, that she had come to idolize and to love Ted Graham.

It rather surprised her. She had always imagined that she wanted the man she loved to be gay and impulsive, to sweep her off her feet. Monte Blaine was such a man. Monte had tried to sweep her off her feet with his impetuous manner, but Kay distrusted him. He seemed only to seek new sensations, to think of having a good time at the moment, with never a thought for the future.

While Ted was away on the Pacific flight, the other pilots kidded Kay mercilessly. Ted, they said, was the last man in the world to whom a girl should lose her heart. They all had heard him say, over and over, that romance, for him, was behind. He was never going to fall in love again.

Then he returned.

He came down out of the skies, after two weeks of gazing at the blue Pacific, and the first person he saw on shore was Kay Dunn. Dickie was at her side, trim in his grey military uniform.

It seemed so natural that the pair should be there, waiting for him. To Ted Graham's disciplined mind it seemed well-ordered, exactly right.

Kay sensed this and, for some reason she could not have explained, she felt annoyed that he should accept the incident in such a matter-of-fact way. She had gone to the military school to get Dickie, had secured leave for him to come to meet his father. Kay thought that Ted should have been thrilled at this reception.

There was no doubt, though, that he was pleased to see Dickie once more. He took the boy in his arms, lifted him high—until Dickie, recalling his military dignity, asked to be put down.

"Regulations, sir!" Dickie said. "No scuffling in uniform."

Dickie was inordinately proud of Ted in his flying togs.

• • •

Ted said to Kay, "And how is the job on Overland Airways?"

It was Dickie who replied for her. "Pal lives here now and works. Right on the beach near us. I had dinner with her almost every night during the holidays."

Ted looked at the girl a moment, then said quietly, "I think you will like it better at the airport here. There's more life. Do you like the colony?"

"I adore them all," she told him.

His eyes were searching hers steadily. "I thank you for looking after Dickie—during his holidays. I'm afraid Jerry lets him run wild. The Japanese boy who tends the house is supposed to look after him, but he doesn't."

"Sato doesn't cook as good as Kay either," Dickie put in, and they both laughed.

Dickie went on, "I don't like the military school any more. I'd rather stay at home!"

"But all little boys have to go to school," Kay said.

"I could stay at home and go to day school," Dickie said, tearful. "I don't like to stay up in the barracks every night. It's cold. And dark."

Kay patted his head. "Now, that isn't being a big soldier. Brace up. Be brave."

"But I want to live at home," Dickie repeated. "I never had a home—like yours—with flowers in the windows and pretty curtains. There's nothing at the barracks but iron beds and bare walls—"

Ted put a hand on the boy's shoulder and they walked toward the roadster. Kay began to talk of trival, impersonal things — the weather and the new Bay bridge. Ted nodded occasionally, but he was looking straight ahead, looking at nothing. He didn't seem to hear what she was saying.

He was thinking about the things Dickie had just said. Perhaps the kid was lonely in the barracks.

• • •

They drove up the beach to Ted's little house on the shore. For a few moments they watched the other children playing games on the sand. Then Ted opened the door of the car. Sato came running out to greet them, his mouth in a toothy grin.

"It's almost 6; why don't you stay and have dinner with us?" Ted said to Kay.

"Yes!" Dickie said eagerly. "Yes! She can help Sato cook it better."

Kay cried out with gay laughter. Ted was apologetic.

"Dickie! You don't ask a lady to dinner and then tell her to go cook it."

"Dinner ready," the Japanese said, with his toothy grin redoubled. "Pork and beans. Boss home from long trip. Me open six cans. Got coffee, too."

Kay bent double with laughter, but Dickie was almost indignant. "Pork and beans again, Sato!"

"Six cans. You no like 'em? I fix you bread and milk."

Ted turned the switch in the car. "I think we'll dine in a restaurant," he said, "as usual."

But Kay stepped out of the car. "No," she said. "You go to the corner grocery and buy a steak this big!" She spread her arms. "And all the trimmings — mushrooms, potatoes, tomatoes. Bring them back to the house here. And don't forget a brick of ice cream for Dickie."

She didn't wait for a reply. She went inside with Dickie at her heels. Ted looked after them, smiling, then drove off toward the grocery.

Sato was pleased to have Kay in the kitchen. He had usually worked in a house where there was a "missy," and padded around in his sandals, grinning and showing her the kitchen implements—all of them spotlessly clean. Sato did know one thing about a kitchen.

"Steak velly good," he said. "Velly easy to cook. I put him in the stove, then I go out and sit in the sun. Pretty soon he is done. Sometime one hour. Sometime two hours."

Kay went about her preparations for the dinner as if she were in her own little apartment. Dickie and Sato both helped.

• • •

In a few minutes Ted was at the door again with the groceries. Kay didn't look up from the salad bowl. "Did you remember to buy butter?" she asked.

Ted beamed with pride. "Butter!" he said, holding out the package.

Kay inspected the steak skeptically, but found it to be of excellent quality. It was certainly large enough.

"I'm really hungry," Ted said.

"Then take Dickie in the living-room and tell him all about your flight from Manila," she said. "Sato and I will manage here in the kitchen."

When he hesitated, she said, "Please. Dickie has been dying to hear about your trip!"

Ted went then with Dickie, and she could hear the murmur of their voices. Dickie' high and shrill. Ted's voice quiet and full of that resolution that Kay so much admired.

She wanted to know what Ted had brought to Dickie.

She heard one loud cry of delight from the child and knew Ted had given him some present from one of those fabulous lands. Then she was busy for a few minutes with the steak, and heard nothing more.

When the steak was steaming on the huge platter and garnished with red and green, she turned and saw Ted in the doorway of the kitchen, regarding her with a fervent smile.

Kay blushed. Her sleeves were rolled up and her face was damp from the heat.

"I must look a fright!" she said. "You'll give me a minute to—"

"I was just thinking what a marvelous person you really are," Ted said. "And how pretty you look. With that hair—"

"I know," she said. "It's red. Please don't poke fun at my cat-green eyes. I was born with them. They weren't painted on."

Ted laughed.

The News Behind The News

WASHINGTON
By Ray Tucker

JAPAN'S opium offensive against the Chinese has not been headlined in the news, but it has provoked protests from the United States, Great Britain, Canada and the State of California.

The gist of these charges is that Japan seeks to "narcotize" China—and perhaps other nations—so as to make easier her military and economic conquest. The attack first broke out at the League of Nations recent drug parley, where State Department Spokesman Stuart J. Fuller asserted that Japan's promotion of commercialized drugs in certain Chinese provinces was an "open scandal."

Alarmed by opium inroads, the California senate named a special committee to investigate. The report declares that the Japanese have introduced a new and deadly narcotic into China to "poison the younger generation slowly and quietly, so as to make way for the Japanese army." Federal narcotic officials privately concede that these charges are not exaggerated.

DRIVE: Extraordinary secrecy surrounded the deliberations of Roosevelt Progressives at Chicago, but some of the liberals emerged with a thin chip on their shoulders.

Several delegates warned against placing too much trust in a reelected Roosevelt. They expressed fears that he might veer sharply to the right in a second term, and they suggested that the group preface their indorsement with a qualification. Their idea was that the Progressives reserve the right to desert if the President disappoints them in the campaign or after, and they wanted to serve notice to that effect.

The proposal received scant support on the floor. The majority were content to let the future take care of itself. But the fact that they did set up their own organization, and will campaign separately from the Democrats' nations organization, underlines their long time objective—formation of a third Progressive party—or a second one if they can persuade the President to cast his power and prestige on their side after November. Mr. Landon's election, of course, will mean an energetic drive for a "liberal" party in 1940. In fact, some radicals would welcome a Republican victory for that very reason.

• • •

LAGGING: Increases in railroad carloadings have always been regarded as an accurate index of business and industrial conditions. They furnish a picture of freight shipments which can't be twisted or distorted by the politicians for partisan purposes.

Weekly carloadings soared to almost a million during boom times, sank to 400,000 during the depression and now are running between 750-775,000. But the current total doesn't begin to reflect the economic improvement which has set in within the last few months. During the depression, with labor and material costs low, the railroads cleaned and modernized their rolling household. They speeded up schedules by almost 90 per cent per ton mile, they increased the size of their freight cars, they learned to load and unload more quickly and efficiently. So "50,000 carloadings" per week almost approximate the total of Coolidge-Hoover days.

Shipment by truck introduces a blind factor into the transportation equation. Although exact figures are not available, trucks are carrying more freight than they did a few years ago. The railroads' increased hauling does not mean that they are stealing traffic from their motorized competitors. The net is that old-fashioned statistics no-longer measure with any degree of accuracy America's economic recovery. Charts have not kept pace with the comeback.

• • •

COMPETITION: J. Edgar Hoover's attack on the Secret service has proved a boomerang. You may not have noticed it, but Secretary Morgenthau has at last set out to publicize the exploits of his expert detectives, who rank at the top among government criminal investigation men.

The Treasury has abandoned its reticence concerning its sleuths successes. It recently advertised that it had driven Rum Row from the seas, and now it says that bootleggers have become museum pieces. Frank Wilson, new assistant Secret service chief and America's ace detective (he solved such crimes as the German war spy conspiracy, the Fall-Sinclair cheap, the Capone, Lindbergh and Louisiana cases) announced that he would start an aggressive drive against counterfeiters. And a Treasury aide is preparing a list of dime novel crimes which Mr. Morgenthau's various sleuths have broken.

Such advertising is contrary to the Treasury's and Mr. Morgenthau's traditional policy. But "advertising and publicity" have profited Mr. Hoover, even though rival workers doubt his detective talents, so other agencies have decided to try the same system.

NEW YORK
By James McMullin

NEW phases develop steadily of the Democratic effort to convince conservatives that private enterprise will be safe and prosperous under the continued auspices of the New Deal. Several recent moves—for instance, FDR's Labor Day speech and the drafting of Vice-President Garner to pull an active oar—fit prettily into this pattern.

There is reason to believe that the much publicized gathering of life insurance presidents at the White House was part of the same plan. Some of the insurance leaders who were present confide to their financial friends that they are still in the dark as to why they were summoned. They had a pleasant visit with the President but he didn't seem to have anything particular on his mind. He neither asked nor gave any information that wasn't already on record.

But the impression was conveyed to the nation that Mr. Roosevelt was showing a friendly interest in the progress of the insurance companies, and that—say sources close to the Democratic command—was precisely the purpose. Word has been passed in high financial quarters that similar White House conferences will be scheduled later with bankers and other groups of business men to keep this impression alive in the public mind.

BREAK: There's a lot of sentiment among eastern grape growers and wine makers in favor of severing all relations with distillers and going their own independent way.

Clashes of interest are becoming increasingly frequent between the vintners and the hard liquor boys. A recent argument in Florida was characteristic. In that state distilled liquor can be sold only in liquor stores, whereas wine has additional outlets in groceries, delicatessens, etc.

So the distillers—in order to bolster the stores in which their goods are sold against competition—have undertaken a campaign to limit wine sales to this type of store. You can imagine how the wine people love that! And yet it isn't so simple to break the tie-up with the distillers. For one thing, the distillers are much stronger than the vintners and it is still to the latter's advantage to be allied with the former in some states.

Far-sighted New York observers agree that the wine people would be wise to divorce themselves from the distillers for their own protection. Many distilling interests are up to the same old tricks that helped bring on prohibition.

• • •

COLORED: The Republicans are making strenuous efforts to recapture the northern colored vote which is traditionally theirs but which has shown signs of going over wholesale to the enemy. Much stress is laid on recent lynchings and on the attitude of Southern Democrats towards the anti-lynching bill.

Democrats counter by citing relief expenditures on behalf of the negroes. So far the New Dealers appear to be retaining the upper hand. Colored electors may have a decisive voice in such states as Pennsylvania, Illinois and Ohio.

Wellington Child Dies After Receiving Rattlesnake Bite

WELLINGTON, Sept. 24. (AP)—Leon Marchbanks, four-year-old son of Mrs. Edith Marchbanks, died today of rattlesnake bites. The reptile struck the boy as he was walking in his grandfather's yard in the Aberdeen community, 15 miles from Wellington. A dog attracted the grandfather's attention to the child's plight and he was rushed to a hospital in a futile effort to save his life.

DOCKET IS HEAVY

NEW BRAUNFELS, Sept. 24. (AP)—Judge M. C. Jefferey of Lockhart said today Comal county's docket for the September term of district court now in session, was the largest for the 19 years he has occupied the bench.

The grand jury returned 46 indictments.

TARZAN AND THE LEOPARD MEN, No. 53 — By Edgar Rice Burroughs

"Make no move or sound!" Tarzan instructed Old Timer and The Kid after he had hidden them in the tree. "I'll watch out for them," boasted Nkima, whose bravery increased in proportion to his security. Then Tarzan hurried on to his black friend Orando.

Soon the Leopard Clan army arrived beneath the tree where the white men were hidden. The ever curious Nkima descended several branches for a better view of the warriors. A fierce hatred filled his tiny, timid heart — a hatred that drenched his normal caution.

Instinctively he plucked a ripe fruit and hurled it down. The fruit splashed into the face of a warrior, much to the amusement of his comrades, who thought the fruit fell from a tree. Nkima was pleased. This was sport. He plucked and hurled several more.

So immersed was he in venting his wrath so ammusingly that he forgot danger. But the warriors suddenly realized that this hail of fruit was unnatural. They looked up, and saw Nkima. Then, through the sparse foliage, they caught a glimpse of the white men!

FIVE PER CENT FARM AND RANCH LOANS
We have loaned in last 30 days $172,800.00, and if you want to get some of this cheap money, you will have to hurry. We have plenty now, but the demand is getting very strong for this cheap money. The interest is payable once a year and that is much better than having to pay it twice a year. We will give you a liberal appraisement on your farm or ranch, and will give you quick service on the inspection and the closing of your loan.

THE UNITED STATES DISTRICT COURT FOR THE WESTERN DISTRICT OF TEXAS
WACO DIVISION

J. M. Hubbert vs Temple Trust Company, No. 236 in equity.

Notice is hereby given that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Benjamin F. Miller all of Lots Seventeen (17) and Eighteen (18) in Block Thirty-five (35), of the Original Town of Lubbock, Lubbock County, Texas, together with all improvements thereon situated, and for a total consideration of Fifteen Hundred Dollars ($1500.00) all to be paid in cash upon the execution of the deed.

Said application will be heard by the Honorable Charles A. Boynton, Judge of said Court, after this notice shall have been published for a period of ten days, and any person interested in said Receivership Estate may contest this application.

Witness my hand at Temple, Texas, this the 4th day of September, A. D. 1936.

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the district court of the United States for the northern district of Texas in the matter of Ford Bastetter, bankrupt, No. 413 in bankruptcy. Office of Referee, Lubbock, Texas, September 23, 1936.

Notice is hereby given that Ford Bastetter of the county of Hale, and district aforesaid, did, on the 21st day of September, 1936 file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a full discharge from all debts provable against his bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 30th day of October, 1936, file with the Clerk of U. S. Court for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

Stocks

WALL STREET REPORT

NEW YORK, Sept. 24. (AP)—Financial problems of the French cast a shadow over today's stock market and prices moved rather indecisively throughout the session.

Fears of franc devaluation, coincident with heavy losses of gold by France, brought light selling flurries during the early hours.

The Associated Press average of 60 stocks finished unchanged at 68.4. Transfers totaled 1,193,840 shares against 1,483,070 yesterday. Of 909 issues changing hands, 289 advanced, 347 declined and 204 were unchanged.

Banking quarters, while generally of the opinion a downward revision of the franc is likely soon, felt repercussions on security markets would be brief.

Emphasizing the French fiscal crisis were the official figures disclosing a further drop in gold holdings for the week ended Sept. 18, of about $55,000,000 to the lowest level in five years. The French bank at the same time boosted its discount rate from 3 to 5 per cent in an effort to stem outflow of the metal.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, Sept. 24. (AP)—Cotton closed irregularly lower today after a session of narrow and uncertain price movements.

Early strength that carried options around 25 cents a bale higher failed to last out the day in the case of distant positions and March and May ended 6 points lower at 11.77%11.74, respectively.

Oct. gained 2 points to 11.82 and Dec. was net unchanged at 11.83. The spot average was unchanged at 11.98.

Tenders tomorrow were expected to be light.

The trade had to fall back on the weather for any worthwhile news of price-making influence, and even this old standby provided little feature. The northern fringe of the belt received rains from Oklahoma to North Carolina but the remainder of the cotton growing region reported no moisture and normal temperatures.

Daily reports of good progress in picking over the entire belt, with some areas finished harvesting already.

Liverpool was steady today.

AVERAGE PRICE

NEW ORLEANS, Sept. 24. (AP)—The average price of middling cotton today at ten southern spot markets was 11.98 cents a pound.

NEW YORK REPORT

NEW YORK, Sept. 24. (AP)—After holding quiet and steady during the morning, cotton eased under increased hedging late today. December sold off from 11.82@11.81 and closed at 11.84.

The opening was 1 point higher to 2 lower. Offerings were light, however, and the market steadied up on continued demand from the trade which found contracts scarce.

Active months sold about 2 to 6 points net higher on this movement but offerings increased on the advance.

Exports today 36,003, making a total of 621,422 for the season.

who got the blind horse."

The municipal auditorium was selected for the nationally broadcast address at 8:30 p. m. (central standard time). It climaxed a day's rear platform campaigning across Iowa and through Minnesota dairy and livestock country.

He told audiences from across what he called his "traveling back porch railing" that the New Deal's "program of scarcity" was partly to blame for empty corn cribs and granaries.

Are "Robbing American Farmer"

"They (scarcity policies) are robbing the American farmer not only of his former export markets but even of his home market" Landon said. "Our party stands for protection; not destruction. It is for cooperation with the farmer; not coercion."

The Republican nominee boarded his nine-car special train shortly before it left Des Moines at 9:30 a. m. looking refreshed and telling newsmen he "felt fine."

Emphasizes "Two Points"

In the second major address of his farm belt campaign, the Kansan said administration tariff agreements had 'hurt" and "delayed recovery' for farmers. At the outset he emphasized "two points":

"The first of these is that I am not opposed to reciprocal trade agreements. . . . Under certain conditions it is to the mutual advantage of two countries to lift various commodities out of their general tariff program for special treatment. Both countries make concessions; both countries benefit. This is sound doctrine.

"The second point I want to make clear is that, I am opposed to a policy of isolation. I want to see a prosperous world as well as a prosperous America. A healthy international trade is essential to world prosperity. And even more than this, world prosperity is good insurance against war."

President's Trips

Cummings, Secretaries Hull and Roper and Chairman James A. Farley of the Democratic national committee were there.

To report on the important question of publicity, Charles Michelson, committee publicity director, and Carl Byoir, publicity advisor, came from New York, together with Representative Rayburn of Texas, head of the party speakers' bureau.

Grains

CHICAGO REPORT

CHICAGO, Sept. 24. (AP)—New high prices unequaled for a good many years by wheat went along today with increasing of trade attention to prospective difficulties relative to supplies.

Last minute jumps that took the Chicago wheat market up 2½ cents a bushel maximum compared with 24 hours previous were witnessed, and talk was current that larger export business in Canadian wheat is being put through than day-to-day estimates suggest.

Pronounced falling-off in Canada's rural marketings of wheat attracted sharp notice, country deliveries yesterday amounting to but 1,656,000 bushels against 3,803,000 bushels a year ago.

Wheat closed strong, 1⅝ to 2⅝ cents above yesterday's finish, Sept. 1.18¾@1.18⅝, Dec. 1.17⅝@1.17⅝, May 1.16, corn ⅝ to 1¾ advanced, Sept. 1.13@1.13⅛, Dec. 95⅛@95⅝, May 90⅝@90¾, oats ⅝ to ⅞ up, Dec. 43⅛, and rye showing 1⅝ to 1¾ bulge, Dec. 84. In provisions, the outcome was unchanged to 17 cents higher.

Corn, oats and rye largely reflected the upward swing of the wheat market. Offerings of September corn were scarce in the extreme, and traders short in that delivery displayed much nervousness bidding that month up to $1.13¼ at the last without getting adequate relief.

Provisions borrowed strength from grains.

FORT WORTH REPORT

FORT WORTH, Sept. 24. (AP)—Demand for wheat was slow at Fort Worth today, although other grains were in fair demand.

John D. M. Hamilton Declares But 62 Cents Of WPA Funds Goes Into Pockets Of Men Doing Work On Projects

(By The Associated Press)

CHARLESTON, W. Va., Sept. 24. John D. M. Hamilton, national Republican chairman, opened a whirlwind campaign trip through West Virginia today by asserting that but 62 cents of each WPA relief dollar went into the pockets of the workers.

He declared in the first of four speeches to be delivered today, the Republican party if put into office, would handle the relief situation through a program "directly contrary to that followed by the New Deal."

Intimates More Needed

Hamilton asserted congress appropriated an additional billion and a half dollars last winter for public aid and that it has been intimated another half billion would be needed.

The Republican chairman said:

"Why has this money gone so fast? Let me tell you. It has gone so fast because billions have not been spent on relief at all.

"Did you know that out of every dollar spent for WPA relief only 62 cents gets into the pocket of the men on relief?

"The rest goes to overhead, purchase of materials and into the lining of the pockets of political henchmen."

lative program of this organization."

Would Draft All

Under the legion's program this act would provide for "the draft of capital, industry and man power, as well as men to fight in the event of a national emergency or actual war."

The veterans, in a resolution, condemned the Black Legion and its activities and asked a congressional investigation of the organization.

They approved a resolution urging the United States to maintain a policy of neutrality and "remain free of any alliance which might draw the country into war," and another affirming the legion's belief in the Monroe doctrine as a measure of peace.

NEWS BRIEFS

Elmo Banks, doomed to die Oct. 23 for murder of Deputy Sheriff F. E. Redwine of Lynn county, did not continue his "queer actions" en route to Huntsville, said Deputy Sheriff Bedford F. Carpenter, Highway Patrolman Jack Reaves, and Sheriff B. L. Parker of Tahoka, who returned from the penitentiary Thursday.

A "tale" related by a service station attendant at Slaton Thursday didn't "jibe," said Sheriff Tom Abel, who went there to investigate reports the young man had been taken for a ride at gun point after a young, swarthy and stocky man had commanded his car to be "filled up." The station attendant gave a license number of a woman's car at Anson, and that car had not been out of its garage and the license numbers had not been tampered with, said the sheriff. The attendant said he was required to ride with the "bandit" to Posey, where he claimed he had been released.

Bond was posted late Thursday by Ernest Davies, farmer of northeast of Lubbock, charged in the court of J. T. Trigg, justice of peace, with stock law violation. W. E. Renfrow, state highway patrolman, set out in the complaint three mares were left to roam at large on the right of way on state highway 9. Davies pleaded not guilty.

Deputy Sheriff Bedford F. Carpenter went to Itasca Thursday to return a negro charged with removal of mortgaged property, an automobile on which a lien is alleged to be held by A. R. Ellis.

Theft of a white gold watch Tuesday night from his residence was reported to police Thursday by Dr R. B. Hutchinson.

Continuation until Dec. 14 of the civil action of L. B. Cox and others against Mrs. J. C. (Lillie) Bowles, was ordered by 99th District Judge E. L. Pitts Thursday morning. A settlement contingent upon defendant's payment of $750 may result in dismissal, it was said. A foreclosure judgment on an attachment lien against Lubbock property had been asked.

Two 40-year-old men who had been held for investigation into a purported hijacking were released for insufficient evidence Thursday, said the sheriff's department.

The Plainview Kiwanis club is getting a good start for its fall program said R. Q. Silverthorne, former president and the new deputy lieutenant governor of this division of the Texas-Oklahoma district, while attending the local club. He came down to make up attendance. Mr. Silverthorne, well known here, plans an official visit later. Conditions at Plainview are "fair" and farmers hope to get in more wheat soon.

Grading of shoulders of state highways in the city was done yesterday by the maintenance department of the division staff. College avenue's center parking also was graded.

Rev. Jack M. Lewis, pastor, will teach the men's Bible class of the First Presbyterian church Sunday morning. The regular teacher, Dean J. M. Gordon, will resume his work Sunday, October 4.

H. V. Bigham, Lubbock business man who is in an Abilene hospital for treatment of injuries following an automobile accident last week, is expected to come home Sunday, it was said yesterday.

Police said two minor automobile collisions happened just before 6 o'clock Thursday afternoon. Saul Mabray, farmer of near Lubbock, said in a signed statement he was near the Slaton and Tahoka road fork driving north and was struck by a machine that came from the west on a side street. Name of the other driver was not available immediately. A signed statement by Roger Jones of Lubbock said he was driving a machine belonging to Miss Rachell Howell and was in collision at Fifteenth street and College avenue with a machine owned by Bill Bray. Miss Howell, he said, was with him. None was injured.

Two runaway boys were sought Thursday night by Lubbock police. They were believed to have gone toward El Paso. Both are 15 years old. They did not attend school that day, investigators were informed.

Harry Morris, manager of Lubbock Auto company, local Ford dealers, was notified Thursday by company officials that he was one of the five winners of a sales contest conducted by the Dallas branch in Texas. He is to receive a trip to Detroit in the near future with all expenses paid. C. C. Worrell was winner of a $100 prize and Bill Lamb, $50, in a used car sales division of the contest.

Bond of $1,000 was posted Thursday by V. H. Milligan, indicted for destroying personal property insured against loss by fire, said the sheriff's department. The department said the property was an automobile.

A man believed to be approximately 60 years old Thursday was jailed by the sheriff's department, which explained he was drunk on bay rum.

A Ford sales meeting was conducted at Hotel Lubbock Thursday night by W. B. Strange, wholesale manager of the Dallas branch. H. B. Derrick and T. J. Watson, zone managers, also of Dallas, attended. Towns represented included: Muleshoe, Sudan, Littlefield, Levelland, Brownfield, Tahoka, Slaton, Ralls, Crosbyton, Matador, Floydada, Spur, Plainview, Abernathy and Lubbock.

Only one highway, No. 84, between Brownfield and Post, is still closed to highway traffic on account of the recent rains that flooded the South Plains area, George M. Garrett, division engineer, said yesterday. Due to a lake five and a half miles west of Tahoka being high, and the detour muddy, traffic between Post and Brownfield is being diverted over other routes. Local traffic, where the driver knows the situation, make the detour.

Emergency treatment was received by Joe Royce Oldham, about 12, son of Mr. and Mrs. M. C. Oldham of Lubbock route 2, about 11:30 o'clock Thursday morning at West Texas hospital. The boy fell with his horse and broke his right arm.

W. Roy Myers, 51, farmer of the Wilson community in Dawson county, south of Lamesa, died Wednesday in an Abilene hospital after an illness of several years. He was taken to Abilene Saturday. Funeral services were scheduled for Thursday at Lamesa. His wife, his aged mother living at Corpus Christi, three sons, three sisters and four brothers, survive.

City street department employes were busy yesterday grading dirt streets following the recent rains. Low places also are being filled, where water stood on unpaved streets after the rain, causing mudholes.

A 16-year-old negro boy was treated at a sanitarium here Thursday night for a fractured right knee suffered when practicing football.

Duties as permanent manager of the Lubbock hotel have been taken by John M. Ayers, formerly of Galveston. Hubert D. England of the Texas hotel of Fort Worth, who has been acting manager of the hostelery since the discharge of H. W. Stabler following a gambling raid several weeks ago, will leave today to resume his duties in Fort Worth. Ayres has been manager of the Hotel Jean Lafitte in Galveston. Headquarters of the National Hotels company, which operates the Lubbock hotel, are in Galveston.

Black Legion Members Had "Howled" For Man's Death, Witness In Trial Testifies

DETROIT, Sept. 24. (AP) — Emerson Becker testified today at the trial of 12 men charged with the Black Legion killing of Charles A. Poole that members of the secret society, meeting a few hours before the "execution," had howled for Poole's death.

Becker's testimony corroborated Dayton Dean's version of events preceding the crime and disputed the stories of Harvey Davis and Ervin D. Lee, two of the defeendants, that Dean was the sole instigator of the death plot.

The witness said he attended the meeting with Elmer Anderson, who is being sought on a perjury charge as a result of his testimony for the defense yesterday. Becker testified today for the state.

"Davis was presiding at the meeting," Becked said. "We saw Dean hand a note to Davis, and Davis said, 'fellows, what do you think of a Catholic so-and-so who beat his wife when she was going to have a baby and got drunk and kicked her so she had to go to a hospital?'

"There was a lot of yelling. Some of them wanted to beat up this fellow. Some said to kill him. Everybody was yellow and hollering. I thought a fellow like that ought to be killed but I didn't say anything."

Stress Amendment Support

Dr. Oberholtzer cited necessity for publicizing the teacher retirement amendment, passage of which long has been a goal of Texas State Teachers association, so that an informed electrorate may cast votes Nov. 3. Passage of the amendment would constitute a mere enabling act whereby the legislature might draw up a state-wide plan, he said.

Supt. Griggs, who presided at the meeting, said the Lubbock educator's proposal was adopted unanimously and that superintendents of rural high schools and James R. Cox, superintendent of Estacado high school; Bentley, and Mrs. E. R. Lawson, teacher in the County Line school, were appointed a publicity committee to distribute information on the amendment.

Slow-Moving Crest Of River Does Little Damage In South

AUSTIN, Sept. 24. (AP)—The slow-moving crest of the Colorado river flood, its strength largely dissipated, rolled below Bastrop today.

The floodwaters which were highly destructive in west Central Texas had done little damage since being retarded by the half-finished Buchanan dam, about 10t miles upstream from Austin. No property loss was expected in Smithville or La Grange.

one public meeting a few days later.

Discussion on the alternate spacing of meters was dropped when Cit. Attorney Durwood H. Bradley raised a possible legal question that such installation might prove discriminatory. One vote on the ordinance was unfavorable, cast by A. J. Richardson.

Consider Franchise Levies

Future action remains to be taken on several other matters which were introduced yesterday. Passage of the ordinance requested by the gas company led to consideration of imposing a franchise tax on both the gas company and the Texas Utilities company, similar to that on the Southwestern Bell Telephone company which amounts to $3,000 or more yearly for access to streets, alleys and other public property. Further information concerning methods on which the tax might be based is to be gathered.

Pending his acceptance, A. V. Weaver, jr., Lubbock attorney, was named to collect delinquent taxes in a campaign now underway. Four other bids were submitted by Hugh Anderson and W. D. Girand, jr., Elmo Wall for the Texas Delinquent Tax Collections agency, Clyde P. Ekins, and Turner Adams. Weaver's bid, based on a 5 per cent fee of collections on principal, interest and penalty up to $60,000 and 25 per cent thereafter, is to be returned with the latter figure reduced to 15 per cent, the statutory limit.

Wiley Puckett presented a claim of $15,610 against the city for damages resulting from operation of the sewage disposal plant near his property east of town, and the commission will meet at 1:30 o'clock Monday afternoon to inspect the property before taking action.

A resolution closing hearings on the fiscal year budget, tentatively approved by the commission, was passed until the next session at the request of two members.

The commission was unfavorable to a request by the Waples-Platter Wholesale Grocery company that permission be granted for the erection of a loading dock enclosure. Necessity of amending the building ordinance and the creation of a fire hazard led to the action.

The city attorney was instructed to prepare an ordinance prohibiting high explosive-laden trucks from passing within the city limits. Placing of wells on two lakes in South Lubbock to drain water below the surface was submitted to the commission by a member.

Al Smith Changes Time For His Conflicting Broadcast

NEW YORK, Sept. 24. (AP)—Former Governor Alfred E. Smith, in a telegram to President Roosevelt made public here today, stated he had changed the time for radio broadcast of the speech he will deliver here October 1 in order to prevent a conflict with broadcast of the president's speech at the same hour from Pittsburgh.

Smith said his action was taken "in deference to the high office of president which you hold," adding "I do not desire to interfere with your having a nationwide audience."

Presidio Flood Threat Wanes As Rio Grande Waters Drop

PRESIDIO, Sept. 24. (AP)—Threat of flood from the combined waters of three streams converging here apparently was passing tonight as the Rio Grande began dropping at 8 p. m.

A 16-foot rise was reported coming down the Rio Concho in Mexico but was not expected here for another 12 hours. River observers said if the Rio Grande and Cibolo creek, which flows into it here, drop sufficiently before the Concho rise arrives, damage will be confined to farmlands.

MART MAN DIES

PALESTINE, Sept. 24. (AP) — B. Heberd of Mart dropped dead here this afternoon a few minutes after he had arrived by train. His daughter, Mrs. Jack Thomas, was with him when he died. Doctors said a heart attack caused death.

Widow Winner Second Time

Pro Confesso Judgment Given Mrs. Mabel H. Green By An Order In Federal Court In Dallas Thursday

(By The Associated Press)

DALLAS, Sept. 24.—Mrs. Mabel H. Green, widow of the late Col. E. H. R. Green won a pro confesso judgment today in her claim for half the property in North Texas amassed by her husband after their marriage.

Judge William H. Atwell entered the order in federal court when Mrs. Betty Sylvia Ann Howland Green Wilks, Colonel Green's sister, failed to file an answer by midnight yesterday to the widow's claim.

Final Decree Nov. 2

The judgment said a final decree would be entered at 10 a. m. Nov. 2, and extended the time for the final filing of Mrs. Wilks' answer until then.

Specifically named in Mrs. Green's suit were stocks valued at slightly more than $100,000.

It was the second victory for the widow in Texas. Judge Ben Brooks of Kaufman, late in July appointed Mrs. Green administratrix of the estate.

The main legal battle for the property of the late financier, however, is centering in New York state where a will naming Mrs. Wilks sole heir has been filed. It is estimated Colonel Green left $80,000,000.

Mary Jarrott Is Named Manager Of '37 Westerner

Appointment of Mary Jarrott, daughter of Mr. and Mrs. John Jarrott, 2510 Twentieth street, as business manager of the 1937 Westerner, Senior High school yearbook, completed staff assignments for the book.

Joe Will Triplitt was chosen editor and Cathryn Dykes assistant editor last spring.

Other staff members appointed were: senior section, Rebecca Butler and J. W. Gamble; junior section, Watson Carlock and Glenda Cole, Helen Campbell, Mack Atcheson and Bobbie Pierce; sophomore section, Betty Jean Jones; humor, Ramon Tapp; organization, Gwendolyn McKinnon and Dixie Dell Storey; athletics, Bill Wood and Othie Upton; directory, Betty Lee Lindsey and C. J. Griggs; art, Frank Ramsey, Tom Ramsey, Jeanne Roane and Marilynn Isom.

With the organization of a camera club, to be sponsored by D. M. Howell, another staff member will be added. In this new club amateur photographers will take snap shots for the year book as well as study and experiment with photography.

Pictures for class and faculty sections of the year book will be taken the week of October 5, the editor announced. With the sale of 518 activity tickets the class section will be larger than former years, the editor said.

Jones Building Is Being Remodeled

Remodeling of the second floor of the building at 1011 1-2 Main street, owned by the E. M. Jones estate, is under way and it is expected to be finished by the first of November.

Four suites of offices are being made in the building, all of them leased at this time. The offices will be modern and are being arranged to suit the new tenants.

Largest of the suites will be the front 60 feet, which will be occupied by the American National Life Insurance company as district offices. The company has 33 employes in its district office here.

Increase in business in this territory, including many records and files, has forced the company to seek larger quarters. The new space will be 60 by 14 feet, providing more than double its present location. Territory out of the office is from Lamesa and Snyder to Tulia and Dimmitt and from Sudan, Morton and Seagraves to Spur and Post.

The Jones estate purchased the building some time ago. J. M. Jones, manager, has had his office there and is temporarily located in the basement until completion of the second floor.

Meeting Set On Flood Aid

Officials Of Nine Counties In Central West Texas Area Called Into Meeting Monday At Ballinger

(By The Associated Press)

SAN ANGELO, Sept. 24.—A mass meeting of city and county officials and chambers of commerce from Tom Green, Runnels, Coke, Concho, McCulloch, Coleman, Brown, Mills and San Saba counties for discussion of flood control along the Colorado river and tributaries was called today for Monday afternoon at Ballinger.

This followed organization of the West Texas Flood Control association here yesterday with Dorsey B. Hardeman, mayor of San Angelo, as chairman. Telegrams were sent today to neighboring towns urging them to be represented at the Ballinger session when compilation of flood damage will be outlined for presentations to United States army engineers at Austin Oct. 20.

Representative-elect Penrose Metcalfe of San Angelo also conferred at Austin today with Governor Allred, submitting proposed amendments to the Upper Colorado River authority law designed to expedite flood control plans for the North Concho river. He obtained from the governor a promise to consider submission to the special session of the legislature after the chief business for its call has been submitted.
