CARRANZA'S WORD AWAITED

UP TO CONSTITUTIONALIST CHIEF TO DECIDE NEXT STEP IN MEDIATION

HUERTA'S STATEMENT

Dictator Now Understood to Approve Mediation Plan as It Applies Him

By Associated Press. Washington, June 2.—From General Carranza, the constitutionalist chief must come the next move which will determine whether Mexico will be pacified by diplomacy.

Hitherto the constitutionalists have declined to discuss internal affairs and have refused to arrange a suspension of hostilities against Huerta. These objections, it is understood, have been overcome in part.

A middle ground is believed to have been found and the mediators today feel optimistic.

The announcement last night by his envoys that Huerta would resign when Mexico was politically pacified is admitted by Mexicans here to indicate clearly that Huerta has already approved the plan outlined by the mediators.

DO NOT BELIEVE CARRANZA WILL GIVE HIS CONSENT

By Associated Press. Washington, June 3.—The note of the mediators dealing with the question of constitutionalist representation at the Niagara Falls conference had not been received at constitutionalist headquarters here, Rafael Zubaran, General Carranza's representative will put into code and dispatch it immediately upon arrival to Carranza by whom alone the answer to the suggestion for an armistice can be given.

Constitutionalists here did not hesitate to express their personal view that Gen. Carranza would not consent to an armistice or discuss the internal affairs of Mexico as an independent question.

DROUGHT IN SOUTHEASTERN STATES AFFECTS COTTON

By Associated Press. Washington, June 3.—Continued drought in the Southeastern States with further excessive rainfall over much of Texas and Oklahoma were marked features of the weather of the week ending Monday, according to the National Weekly Weather Bureau Bulletin.

In the eastern portion of the cotton belt one of the severest spring droughts ever known is greatly retarding early planted cotton and delaying the germination of late plants. In central portions of the belt showers afforded relief in some localities and the early crop is reported in good condition but generally late and growing slowly.

In the western part of Texas and Oklahoma excessive rains have prevented any improvement in cotton and the soil continues too wet for cultivation and large areas in northern Texas remain unplanted.

GARFIELD RE-ELECTION IS RECALLED TODAY

Washington, June 3.—Barely a handful of political old timers today recalled that President Garfield and Vice President Chester A. Arthur, successor to the Presidency after Garfield's assassination, were nominated by the Republican convention at St. Louis thirty four years ago today—June 2, 1880.

WOMEN'S CLUBS PRESIDENT INTERVIEWED AT CHICAGO

By Associated Press. Chicago, June 3.—That women's suffrage is still an open question and women's fashions at present are immodest but comfortable, were statements here today by Mrs. Percy V. Pennybacker of Austin, Texas, president of the General Federation of Women's Clubs. She arrived yesterday to prepare for the biennial convention of the Federation which opens here June 9.

RELECTION OF SENATOR FLETCHER IS INDICATED

Early Return from Democratic Primary in Florida Shows One Congressman Defeated

By Associated Press. Jacksonville, Fla., June 3.—Early returns from yesterday's Democratic primary indicate Senator Duncan Fletcher defeated John N. C. Stockton for the senatorial nomination by 3000 to 4000 votes. Congressman Claud L. Engle on the face of the returns, has been defeated in the fourth district, although the count may lesson the majority of W. J. Sears who appears to lead.

Congressman Frank Clarke and Emmett Wilson were renominated and Congressman Sparkman probably was renominated.

NEW HAVEN HEARING IS RESUMED TODAY

DIRECTOR ELTON SAYS MORGAN DOMINATED BOARD IN ALL ITS DEALS

DIFFERENT CONDITIONS NOW

Declares Directors Have Learned Something in Recent Days—Tells of Stock Trades

By Associated Press. Washington, June 3.—James S. Elton, a director of the New Haven railroad, testified before the Interstate Commerce Commission today that the acquisition of the Westchester and several trolley properties was in agreement with a broad policy which had for its end the improvement of terminal facilities in New York City and a comprehensive increase of the system's transportation facilities.

These points were developed through questions by William Melton Crowwell, representing several directors. Mr. Elton testified under questioning by Chief Counsel Folk that he did not approve personally of what he called extravagances in the purchase by the New Haven of some of its subsidiaries.

He said the board largely depended upon the judgment of the executive committee, composed of the late J. P. Morgan, William Rockefeller and Director Brush. Mr. Elton said he felt the expenditure of over \$11,000,000 for the Westchester was extravagant but had absolute confidence in the executive board. He thought the dominating figure at the board meeting was Mr. Morgan, but admitted the board usually acquiesced in recommendations made by J. Pierpont Morgan. He remembered no definite instances where the wishes of Mr. Morgan were opposed.

Never Made Any Objections. He knew nothing of transactions with Police Inspector Byrne except as he had read in Mr. Melton's testimony; he said he disapproved the expenditure of \$20,000,000 for taking over Rhode Island trolleys. He thought Mr. Melton proposed their acquisition. He was asked:

"Why were you afraid to make objections at the meeting?"

"Natural timidity I suppose. You see I did not pretend to be a railroad man."

"Were the other directors as timid as you?"

"No."

Mr. Elton added that William Skinner, another director at times expressed disapproval in the presence of Mr. Morgan. Mr. Elton said he was also director of the New England Navigation Company. Asked if he could tell the difference between a meeting of one board and a meeting of the other, he replied:

"We just passed from one to the other, they went so fast that I could not keep up."

They Usually Gave In. He said he sometimes asked if the transactions in acquiring other lines were in violation of the Sherman anti-trust law; he was told by the general counsel for the railroad that the New Haven's charter from the State of Connecticut allowed it to do almost anything. Elton said that the directors usually accepted the report made by the executive committee although the directors sometimes investigated them. He said:

"We usually gave in to Mr. Morgan."

He said that he thought Mr. Billard in the Boston and Maine stock transaction was to have only a reasonable profit and that the amount of profit was less to the executive committee. The profit according to testimony was more than \$2,700,000.

"What do you know of campaign contributions made by Mr. Melton?"

"I remember at one meeting the opinion was expressed there was to be no more of that sort of thing."

Mellen and Elliott. "Was the New Haven not operated as an adjunct to Wall street—as a speculative enterprise?"

"No I believe Mr. Morgan's heart and soul was in the New Haven and I do not think Wall street had anything to do with it."

"What is the difference between the present conduct of affairs as compared with the former methods?"

"Well, the directors have learned a great deal. They are not taking any man's word. Then the head of the company is a very different man. Mr. Mellen's ambition ran away with him. Mr. Elliott is more deliberate. He does not go with such a rush. He doesn't carry members of the board around with him. He doesn't do that."

BALL MINUTES FOR SPEECH TONIGHT

COMES IN ON NOON DENVER—SUFFERING FROM SLIGHT COLD TODAY

TAKES VERY HOPEFUL VIEW

"Everything Looks Good" He Says When Questioned as to Outlook in His Race

Tom Ball, candidate for the Democratic gubernatorial nomination, arrived on the noon train from Fort Worth today to speak to the voters of this section at the Wichita Theatre tonight. Col. Ball has a slight cold for which he went to a doctor for treatment this afternoon but says otherwise he is feeling much stronger and in better health than when he opened the campaign. He has been speaking every day and some days has spoken twice.

"Of course many a fight has been lost from over confidence and it will not do to let up a minute," said Col. Ball when asked concerning his prospects "but everything looks good so far."

As to Farmers Union. Reference was made to a report that members of the Farmers Union are lined up for Ferguson. "That was true to some extent at the opening of the campaign," said Col. Ball, "but we are winning them over every day. It's just a matter of putting the issue squarely before them."

The candidate spoke to a big crowd in Fort Worth last night. After meeting a number of friends here he was taken to his room by the local committee so that he could get some rest before tonight's speech.

One of those who met Col. Ball was Clint Woods, his former neighbor when Mr. Woods lived in Houston, and a warm personal friend.

WOULD REWRITE STATUTE FIXING ROAD'S RESPONSIBILITY

By Associated Press. Washington, June 3.—Senator Cummins proposed that the Carmack amendment to the Interstate Commerce law be rewritten in order to hold railroads liable generally for loss to shipments during transit before the Senate today. In explanation, Senator Cummins told the Senate that the supreme court had held recently that the Carmack amendment making initial railroad carriers liable for loss of shipments had been an entrance into a field of legislation that annulled all state laws on liability for damage to interstate shipments.

HOUSE RUSHING THROUGH ANTI TRUST LEGISLATION

Rayburn Bill for Regulation of Issuance of Securities is Now Being Considered

By Associated Press. Washington, June 3.—The Rayburn bill to place the issue of railroad securities under the Interstate Commerce Commission was before the House today. This is the third and last measure on the administration anti-trust program.

With ten hours of general debate on the Rayburn bill ahead, House leaders were prepared to push the measure to completion by the end of the week.

"Congress is going about this thing in the wrong way; it should provide for the federal incorporation of railroads engaged in interstate commerce," was the declaration of A. H. Harris, general counsel of the New York Central lines, before the Senate Interstate Commerce committee. Mr. Harris said he believed incorporation should be voluntary. Judge Robert S. Lovett of the Union Pacific said that federal incorporation would simplify rate-making for interstate roads. Senator Cummins, a member of the committee said:

"I would like to adopt that plan, but I think you would have to get the consent of the States."

Plans for passage of anti-trust legislation in the Senate were discussed today at a long conference between the president and Senators Pomeroy and Salisbury, sub-committee of the Interstate Commerce committee. The bill was taken up after the discussion was made public.

MISSIONARY LECTURE AT EPISCOPAL CHURCH TONIGHT

Under the auspices of the missionary department of the Woman's Guild, a stereopticon lecture on "Japan the Flower Kingdom" will be given in the church of the Good Shepherd this evening at 8 o'clock. The lecture will be illustrated by nearly sixty splendid slides showing the work of the church in the Japanese and also illustrating many interesting features of their life and country. A very cordial invitation is extended to the public to be present. Admission is free but to cover expense a silver collection will be taken at the door.

SPECIAL POLICEMEN GUARD TARRYTOWN

ACTIVITIES OF INDUSTRIAL WORKERS OF WORLD CAUSE ACTION TO BE TAKEN

NEAR HOME OF ROCKEFELLER

Attitude of Millionaire in Colorado Strike is Principal Cause of Recent Demonstration

By Associated Press. New York, June 3.—Sheriff Doyle of Westchester county in which is situated the country home of John D. Rockefeller was last night authorized by the village trustees of Tarrytown to appoint fifty special policemen to serve for thirty days or until the situation created by the advent of many members of the Industrial Workers of the World has cleared.

In refusing several applications for permits for open air meetings, the trustees said they considered such gatherings inadvisable at this time. It could not be learned today what action will be taken if the announcement of the Rev. Jacques, pastor of St. Paul's Methodist Church of North Tarrytown that he will debate next Saturday with Alexander Beckman, and others in the half-acre of grave yard in the front yard of his church is carried out.

The sixteen prisoners taken in the latest demonstration at Tarrytown, now in White Plains jail have thought better of their determination to inaugurate a hunger strike; they are eating anything they can get now.

TAR LIKE PREPARATION PROVES GOOD PREVENTIVE

By Associated Press. Tarrytown, N. Y., June 3.—Besides increasing the police force to guard against a threatened invasion by Industrial Workers of the World, the town authorities here today began paying Fountain Square where gatherings have been held with a soft tar like preparation. Whether this was done by chance or by design, it eliminates the square as a rendezvous for several days to come.

Industrial Workers of the World have held demonstrations here as a protest against the attitude of the Rockefellers in the Colorado mine strike.

PROMINENT CUBANS FOUND GUILTY OF ASSASSINATION

By Associated Press. Havana, June 3.—It was officially reported that Ernesto Asedero, former governor of Havana province and representative Eugenio Arias had been found guilty of the assassination in July, 1913 of General Amendo Riva, chief of the national police, who was shot during an altercation here.

WOOL EXPERTS TODAY MEET IN CONFERENCE

Washington, June 3.—Nearly 100 leaders in the wool and sheep industry today began a conference at the Department of Agriculture to discuss methods for improvement of American wool, standardization of wool and adaptation of foreign growing wrinkles here.

MILITANTS ATTACK EDITORS AT BELFAST

By Associated Press. Belfast, Ireland, June 3.—Militants today assaulted male and female editors of two of the leading newspapers of Belfast, which had criticized the militant campaign. Two well dressed women, one of them a newspaper editor, were taken to the Belfast telegraph office and were ushered into the editors room. Without speaking a word, the larger one walked up to Mr. Stewart the managing editor and with her clenched fist knocked him out of the chair. At the same time her companion hurled a mutilated bottle at his head. The women then went to the News-Letter office and made a similar attack on Mr. Anderson of that newspaper. He has since been confined in bed and is under surgical treatment.

ASKING \$50,000 DAMAGES FROM HER FORMER HUSBAND

Woman Alleges He and Others Imprisoned Her and Forced Confession From Her

By Associated Press. Hartford, Conn., June 3.—The suit of Mrs. Elizabeth Curtis Holman, poetess and artist to recover \$50,000 damages from her former husband, Prof. Craton Brenton, formerly of Trinity College and Doctors O. C. Smith and Paul Waterman, two prominent physicians of this city, whom she charges with incarcerating her in an insane asylum against her will was resumed today in federal court here. Mrs. Holman declared on September 2, 1912 at which time her relations with Prof. Brenton were strained. Doctors Smith and Waterman told her she would have to be taken to a sanitarium and that she was practically taken by force to an insane asylum in Vermont. She said:

"Prof. Brenton said to me, 'We will not be able to pronounce you cured until you sign a confession of guilt of wrongdoing with Mr. Holman and name a time it happened.' I would have confessed to murder to get out of that place and I promised to write such a confession and I did in the next few days."

ORGANIZED BASEBALL WINS WHEN PITCHER IS ENJOINED

Grand Raid by Federal Probably Blocked by Action of Court Today

By Associated Press. Chicago, June 3.—Judge Foell in the superior court of Cook county today sustained the injunction preventing Chief Johnson from pitching on any team except the Cincinnati Nationals and by his decision stopped what threatened to be the most extensive raid on organized baseball ever made. Scores of players including dozens of more stars were ready to jump to the outlaw league at the word that Johnson's case had been decided in favor of the Kansas City Federals whom he joined after deserting Cincinnati.

MARRIAGES IN CHICAGO SHOW SHARP FALLING OFF

By Associated Press. Chicago, June 3.—Two hundred and nine less marriage licenses were issued here last May than in May, 1913 according to the figures given today. Labor troubles were blamed for the falling off.

GREEKS CELEBRATE INDEPENDENCE DAY

New York, June 3.—Two thousand Greeks and Grecian-Americans joined here today to celebrate the birthday of their fatherland's freedom. Singing of the Greek national anthem to the tune of "America" and speeches by prominent Greeks and specially invited guests were on today's program.

MOTORCYCLE RACES ARE TO BE HELD SATURDAY

The motorcycle races postponed from last Saturday and Sunday on account of the rains will be held next Saturday and Sunday at the Lake Wichita race course. The twenty-five mile race is announced for Saturday.

RAILROAD EMPLOYEES NOT PAID AND QUIT WORK

By Associated Press. Marshall, Texas, June 3.—The shopmen and running men on Marshall and East Texas Railway have all quit work again and say the cause is that the company is behind in their wages. Passenger trains alone are being operated.

TO ARBITRATE TOLLS MATTER

SENATE FOREIGN RELATIONS COMMITTEE RECOMMENDS RESOLUTION TODAY

NOT TO BE AMENDMENT

Will be Considered Regardless of Congressional Action on Tolls Repeal Bill

By Associated Press. Washington, June 3.—By a vote of eight to six the Senate foreign relations committee today adopted the Sutherland resolution directing President Wilson to open negotiations with Great Britain for special arbitration of the Panama tolls dispute. The resolution was vigorously defended. It was pointed out that the Sutherland resolution was not proposed as an amendment to the pending repeal bill, but that its passage would lead directly to the opening of negotiations for arbitration no matter what became of that bill. Chairman Stone said:

"I don't know what this vote indicates; it is well understood in the Senate that many senators who favor arbitration believe that before it should be chosen as a method of settlement the repeal bill should be enacted. The resolution itself could pass the Senate by a majority vote but the special agreement under which arbitration could be undertaken must be ratified by a two-thirds vote."

UNITED STATES IMPORTS SHOWN TO BE INCREASING

By Associated Press. Washington, June 3.—With the home demand for domestic foodstuffs almost equalling production, the United States not only is reducing its export surplus but is increasing its imports of certain food stuffs. This is one of the striking features of a review today by the department of commerce of the foreign trade during the first six months under the new tariff. Food articles showing the largest increases in important items were beef, cattle, corn, wheat, rice, fruit and edible oils.

LLOYD GEORGE MEETING IS DISTURBED BY SUFFRAGETTES

By Associated Press. Cricketh, Wales, June 3.—Suffragettes Tuesday visited in force the constituency of David Lloyd George while the chancellor of the exchequer was addressing an open air meeting. They tried to create a panic among the audience but were ejected. They then paraded the same street breaking windows with hammers. Finally the police arrested half a dozen.

HEAD OF CATHOLIC CHURCH IS 79 YEARS OLD TODAY

Rome June 3.—Pope Pius X was seventy-nine years old today. From early yesterday until late today a veritable flood of congratulatory letters and telegrams from all over the civilized world poured into the Vatican. Many hundreds came from Missionaries and other representatives of the Catholic Church who are in the wilds of countries of uncivilized. The good wishes to the Pope came from all classes of people. The name of every ruler and head of every nation was among the list of messages. But perhaps the messages most highly prized and those which more deeply touched the heart of the pontiff were those from his relatives and the lovely friends he had made as Giuseppe Sarto a poor boy, when he lived at Riese, Italy.

Scores of visitors, including high church dignitaries, called at the Vatican today to pay their respects. Many cardinals who attended the recent consistory, at which thirteen new cardinals were awarded the red hat, the insignia of their high office, were among the visitors.

FATAL SHOOTING FOLLOWS FIST FIGHT AT CORSICANA

Barber is Killed by Citizen of Beeville Who Got Wager of Personal Difficulty

By Associated Press. Corsicana, Texas, June 3.—George Costillow, a barber, was shot and killed here today. Shortly afterward Hugh F. Marr, surrendered in connection with the case. The shooting took place following a personal difficulty last night in which Marr received several bruises on the face. The two met this morning near the Main Hotel when the shooting took place. Marr fired three shots, two of which took effect. Costillow did not shoot. Marr is well known at Beeville, Texas, and has been prominent as an anti-prohibition speaker. He has a large family. Costillow also leaves a family. The examining trial was set for today.

TOM TAYLOR ANNOUNCES AS LEGISLATIVE CANDIDATE

Will Run From Clay-Atcher District—
Makes Public His Platform of
Principles.

Tom B. Taylor of Archer County has announced as a candidate for the Legislature from the 100th district comprising Clay and Archer counties. Mr. Taylor was petitioned by many thousands of citizens of the two counties to make the race two years ago but at that time could not see his way clear to devote the time to the task.

When the time has come in Mr. Taylor's life when he has decided to make a bid for the Legislature in this district and it therefore takes pleasure in presenting his platform which follows: "To the Qualified Voters of Legislative District No. 100 comprising Archer and Clay Counties: Having received many solicitations to make the race as representative from the above district to the 44th Legislature of Texas, and realizing the importance of having men who have made a study of economic questions, I hereby offer as a candidate for the above high office."

"I am in hearty accord with the demands made by the farmers and the business interest of Texas with reference to Legislation effecting agriculture and the commercial interest so essential to the advancement and development of this great state of ours."

"I believe that we should give the same care and consideration to a system of co-operative laws, extending to the farmer that is adapted to his business, that is now afforded corporations. We should encourage co-operative business concerns and facilitate cooperation between different types of industries."

"The marketing of farm products should receive the diligent attention of the legislature. A clean, clear, and comprehensive warehouse system should be created for the purpose of better marketing of cotton and other farm products with negotiable receipts issued by said warehouse that will enable the farmer to get money at the lowest rate of interest compatible with good business methods."

"The question of farm tenancy is the greatest problem now confronting the State, and I stand for a co-operative plan by the farmers of Texas and legitimate business interests in passing laws and safeguarding the tenants against every character of usury, legal and illegal, and industrial usury, speculative usury or any other kind of usury that has well nigh made pennies out of a majority of the farmers of Texas, who produce about seventy-two per cent of our great cotton crop that we depend on for our income to transact the business of the state, build homes for the homeless, and liquidate the two hundred and twenty-five million dollars mortgage indebtedness now held against the homes that have already been bought, and stop the sacrifice of new homes in this state that are going at the rate of two thousand four hundred annually."

"Realizing the fact that there are many other duties to perform in the interest of this state, too numerous to mention in a platform, but I think the following subjects should have consideration in their proper order: "Our railroad facilities should be improved and our mileage increased and I favor such amendment to our laws as in the wisdom of the railroad commission, may hasten such results."

"Education is the keynote of our progress and it shall have my careful attention if I am elected and I shall use everything in my power to advance the cause of education commensurate with proper economy and good business regulation. I favor compulsory education extending over the entire school term."

"I hold the laborer is worthy of his hire and the laboring people should be fully protected without discrimination in favor of or against either capital or labor. Both should be dealt with fairly and equitably."

"I elected I shall use my best efforts to promote the interests of the State and favor making such appropriations as may be necessary to meet the requirements of our public institutions, using proper economy with due consideration for good public service. Especially do I believe that preparation should be made for indigent care of the unfortunate insane, that they may be taken out of the jails and put into the asylums."

HEED THE WARNING

Many Wichita Falls People Have Done So
When the kidneys are weak they give unmistakable warnings that should not be ignored. By examining the urine and treating the kidneys upon the first sign of disorder, many days of suffering may be saved. Weak kidneys usually expel a dark, ill smelling urine, full of "brick dust" sediment and painful in passage. Strenuous kidneys often cause a dull pain in the small of the back, headaches, dizzy spells, tired, languid feelings and frequent nervous twinges.

Don't let Kidney Pills be for the kids only. There is no better recommended remedy available to the people who suffer from Don's Kidney Pills than Dr. Williams' Pink Pills for Pale People. MOTORCYCLE POLICEMAN ON DUTY—LOOK OUT, SPEEDERS
First Arrest is Made Today and Fine is Assessed—To Enforce Traffic Rules

The first arrest for speeding since Motorcycle Policeman Fred Smith started working was made this morning. The offender was a youth riding a motorcycle. He pleaded guilty before Judge Rye and as it was the youth's first offense and the first case since the motorcycle cop began duty he was let off with a five dollar fine.

Chief Hall indicated today that every effort would be exerted to enforce the traffic ordinances. A speed of ten miles an hour in the built up portions of the city and eighteen miles an hour in other sections is permitted by the ordinances and the state law.

SMALL BOYS, SCHOOL-FREE TURN ATTENTION TO FINANCE
Old Bottles and Junk Trade Looking Up—Many New Soda Water Merchants Appear

Market quotations—old bottles, weak, rags, slow, junk, dull. Probably not less than ninety-five per cent of the school boys of this city, recently set free for the summer vacation are trying to earn money by one means or another, judging from appearances. Those old reliable sources of youthful revenue, old bottles, rags and junk are being worked for by all they are worth and there is said to be danger of over-production.

Merchants have been visited by numbers of youthful aspirants for work but if comparatively few cases have the boys succeeded in landing positions as most of them expect to return to school in the fall.

The soda water stand is also very plentiful and has sprung up in the flower parts of the city in the past day or two. As a means of getting rich, the soda water stand is doubtful, but it has the great advantage that it no body else will buy your goods you can drink 'em up yourself and gain money thereby. Boys whose bank accounts are empty and whose appetites are insatiable—considerable money in this way but in many cases the proprietor drinks up the profit himself.

Continues Fair.

Scores of binders were started in the wheat fields of Wichita county Tuesday and Wednesday morning and the end of the week will see wheat harvest in full blast in this section. Some binders were started Monday. Many more were started Tuesday and wheat cutting generally started Wednesday.

Among those who started their binders Monday were S. M. Hittick and J. L. Bills who live about nine miles northwest of town. E. J. Byman, Casper Guyer and Lank Thornberry were among the Friberg community farmers who started their binders yesterday. F. D. Clark, Mr. Rogers and Mr. Connolly who live in the community seven miles northeast of town have also started wheat cutting. In the Allendale community and around Iowa Park, Burkhardt and Electra many binders are reported at work.

Reports from the wheat fields generally are very flattering although some report that the heads are not as well filled as had been expected and that the grain is not plump as it ought to be.

Threshers are now being gotten in readiness and if the weather continues fair some threshing will be done in this section very soon. The opening of the season will find local elevator men well prepared to handle the crop. It is now believed the price will be better than eighty cents at the opening.

MAYOR IS NOT REQUIRED TO QUIT COUNTY CHAIRMANSHIP

Attorney General Holds He Can Fill
Both Offices Without Conflict
With Law

There is nothing in the Terrell election law which prevents Mayor A. H. Brittain from continuing to serve as chairman of the county Democratic executive committee, according to a ruling by the attorney general. The question had been raised since Mr. Brittain was elected mayor, some contending that he could not hold two offices. The law, however, that he cannot hold more than one office to which there are any emoluments attached and as the chairmanship carries no pay, it can be held by any public officer. The question had been previously raised in another Texas city.

It is not likely, however, that the mayor will be a candidate to succeed himself as county chairman, but will serve only until someone can be elected at the July primary.

IRISH LADS PUT STOP TO LIEPOLDERS' WINNING STREAK

Leaders Are Defeated in Pretty Game
Tuesday—To Play Black Cats
Again Thursday

Twilight League Standing.
Club P. W. L. Pct.
Liepolders 4 3 1 750
Irish Lads 5 3 2 600
Black Cats 3 1 2 333
P. O. Stammers . . . 4 1 3 250

The Irish Lads put a crimp in the Liepolders' unbroken string of victories Tuesday afternoon when they rallied in the final inning and won from the leaders three to two. It was a fast, prettily played game, the Lads coming from behind in snappy style and scoring two runs in the last inning when Thomas hit safely with two men on base.

Tomorrow afternoon the Liepolders and Black Cats will play off Monday's tie and the lumbermen have hopes of following the Lads' illustrious example. On Friday the Black Cats and Postoffice will play their regular game for that date.

Hughes worked for the Liepolders yesterday and took part in the general accusation in the fifth which resulted in victory for the Lads. Smith was in the box for the latter and pitched an excellent game. This was the Liepolders' first defeat since the Twilight League season opened.

PERMANENT SERVIAN LEGATION AT WASHINGTON

Belgrade, Servia, June 3.—Parliament today formally approved the project for the establishment of a permanent Servian legation at Washington. This has been made necessary by the increased political and commercial importance of the Servian as a result of having doubled its territory during the two recent Balkan wars.

In official circles today it was generally conceded that the first Servian minister to the United States will be Slavko Y. Grouitch, at present under-secretary of foreign affairs. Mrs. Grouitch, who was formerly Miss Mabel Dunlop, daughter of Charles Randolph Dunlop of Virginia, has just returned to Belgrade from Washington, where, on behalf of the Servian government, she looked over the respective sites for the new legation. The latter will be established early in 1915.

DELIGHTFUL RECITAL AT COOK HOME TUESDAY

Tuesday evening a most delightful recital was given at the home of Mr. and Mrs. E. W. Cook by the pupils of Miss Katharine Cook, assisted by Mrs. Ben Bell and Mr. and Mrs. Von der Lippe. The guests were received by Mr. and Mrs. Cook and program for the order of the evening's entertainment were distributed by Master Floyd Cook. The house was decorated with vases of roses and bouquets of daisies, combined with ferns and the music room, dining room and reception hall was filled with guests. The pupils all dressed in dainty white frocks came from the reception hall as their turn came on the program and the front row of seats were reserved for them. This recital marks the close of Miss Cook's work until fall, as she leaves in a few days for Decatur, Ala., Nashville and Evansville, Ind., where she will spend the summer, returning in September to take up her classes. Miss Cook holds an enviable position among the musical stars of the city and is both an accomplished musician and a vocalist of much talent, possessing a remarkably sweet voice, clear in tone and well trained. She was for some time instructor in musical branches at the institute for the blind at Austin and her success with her music pupils was very clearly demonstrated. Those so fortunate as to be present at the recital. To all of the pupils appearing on the program much praise is due and one of the numbers most enjoyed was the duet by Petric executed by Misses Mabel Morris and Ellen Adelle Robertson. During the intermission a social time was enjoyed by Mrs. Cook serving delicious grape punch from a flower and fern wreathed punch table in the reception hall. The second part of the program was made up of vocal selections by Miss Cook and violin numbers by Mr. Von der Lippe. Miss Cook's selections were in a pleasing variety and her rendition of Mendelssohn's Spring Song was doubly delightful. She was accompanied by Mrs. Ben Bell. The violin numbers of the program were very pleasing, being rendered with the usual finish and beauty characteristic of Mr. Von der Lippe and an encore was graciously given. The following program was carried out: Duet, Master Wana Faust Leiby; (a) the Bell, (b) the First Waltz, Edna Mae Cook; the Robbins Lullaby, Irene Brooks; duet, Mabel Morris and Ellen Adelle Robertson; (a) the Voice of the Heart, (b) Summer Song, Emma Cassidy; (a) Caballetta, (b) Mazurka (Impromptu), Clara Caralisse; Love's Longing, Mabel Morris; (a) Traumerel, (b) Serenade, (c) Reverie, Ellen Adelle Robertson; vocal solo, Miss Katharine Cook; Romance and Bolero, Mr. Von der Lippe; Violin Duet, Miss Katharine Cook, accompanied by Mrs. Ben Bell.

BIRTHDAY OF MRS. W. H. BACHMAN HONORED TUESDAY

Mrs. W. A. Bachman and Mrs. James Bachman entertained Tuesday afternoon at the home of the latter, honoring the birthday of their mother-in-law, Mrs. W. H. Bachman. The guests had all assembled when the honoree arrived, and she was then blindfolded and led to the dining room by her little granddaughters, Zola, Mabel and Janita Bachman. The bandage was removed and the children circled about her, singing birthday greetings. The honoree received a number of unusually pretty and useful gifts from the guests and the remainder of the afternoon and evening was a very pleasant social gathering. Refreshments of ice cream and wafers were served by the hostesses to the following guests: Mesdames Brown, Denton, O. S. Denton, Simmons, W. H. Bachman, and Lillian Denton, J. W. Denton, Mildred Simmons, Zola Mabel and Janita Bachman and Emma Dorothy Bachman.

MISS WADSWORTH IS HOSTESS TO OLD MAIDS TUESDAY

A number of the Little Sisters being out of town, those present were: Mesdames Lillian Leichter, Ann Frear, Ann Genevieve arver, additional guests, Mesdames Oia fac Hamlin, Della Stone, Kathleen Stonecipher and the honoree, Miss Minter.

MACKELLER-HUGGINS WEDNESDAY TAKE PLACE WEDNESDAY

Wednesday at 11:30 Miss Jeanie Huggins became the bride of Dr. M. F. MacKeller of Loveland, Ohio. The ceremony took place at the home of the bride's mother, Mrs. H. H. Huggins, Dr. J. W. Hill officiating with only the immediate family present. The bride was crowned in a simple traveling suit with all accessories to match and Dr. and Mrs. MacKeller left immediately for a month's wedding trip to Chicago and other western points. The bride has made her home in Wichita Falls practically all of her life, the family being one of the oldest and most prominent in the city and has a wide circle of friends who will join in wishing her every happiness. Dr. and Mrs. MacKeller will be at home after July 1 at Loveland, Okla.

MR. AND MRS. BLAND ENTERTAIN TEACHERS AND OFFICERS

Tuesday evening Mr. and Mrs. J. M. Bland entertained the teachers and officers of the M. E. Church, South. The usual business session was held in the early part of the evening, excellent reports being given from all the departments. It was decided to hold the annual picnic at Lake Wichita some time next week. A social hour followed the conclusion of the business session. Interesting readings were given by Miss Ruth Downing and also Dr. Hill and Mrs. Bland, assisted by Mrs. Trevathan, served delicious ice cream and cake.

Mrs. Frank P. Holton of Cleburne, is visiting Mrs. C. E. Brown.

Mrs. J. M. Bell left this afternoon for Fort Worth, where she was called by the illness of her daughter, Mrs. R. E. Souther.

Mrs. G. H. Wilson and daughter, Miss Emma of Charlie, were visitors in the city Tuesday.

Beautiful, Soft, Fluffy Hair An Aid To Beauty

Who does not love a head of pretty hair? Some women think it is a gift of nature and envy their more fortunate sisters. If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff and if the scalp itches, do not think it must always be that way. For pretty hair is only a matter of care and proper nourishment of the hair roots. Hair is something like a plant—it is neglected, it withers and dies, while with a little attention it keeps fresh and beautiful. Dr. Cassin's Hair is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate the hair to grow long, thick, fluffy, soft and lustrous. It removes dandruff with one application and quickly stops itching head and falling hair. Forsooth a lynch of any druggist can supply you with this hair tonic. It is inexpensive. You cannot be disappointed with this so light and helpful hair tonic for the first few days' use will give the hair the beauty and charm of youth. (Advt)

There is nothing that helps out this section of country more than a good wheat crop. In the past twenty-three years there have been at least six exceptionally fine wheat crops, and it now looks as if the seventh was about made. Reports from the country yesterday were that binders were being rigged up ready to start cutting and today there are more than one hundred at work in the fields where it is dry enough. By the end of next week the biggest portion of the crop will be in the shock.

It is right square up to the business men and farmers of Texas to put an everlasting quietus on the peanut professional politicians at the coming election. When the State of Texas can rid herself of that class of law-makers the people can expect the enactment of some plain, common sense laws that will hit the spot, and which will not be so drawn as to be capable of double construction. Get rid of the professional peanut politician, regardless of whether he is attempting to ride into office on the pro or anti pro question.

If the plans agreed upon by the mediators at Niagara Falls are to succeed, the Mexican problem will soon be at an end. Their plans are that Huerta shall step down and out, and that a commission composed of two men to be selected by the Federal forces and two by the Constitutionalists to compose a board to select a provisional president of Mexico who shall be neutral and who shall serve in that capacity until such a time as a president can be elected. Huerta has agreed to the plan, and it all now depends on what Carranza and Villa will do. If they agree or accept, the fighting will be over.

Is the man who says in advance of his election he will veto all and any laws touching on the regulation of the liquor business in Texas, whether in favor of or against the liquor interests, or in favor of or against the prohibitionists, the right sort of man for the people of Texas to elect as their governor? Suppose a majority of those voting in the July primaries should vote to make Mr. Ferguson our governor. He would expect that those who voted for Ball to support him at the general election, and there is no reason to doubt but what every one of them who is honorable will do that. That would mean his election, sure and certain. On other hand, suppose that the same authority which might make Mr. Ferguson the Democratic nominee for governor, should vote at the same election in favor of submitting the question of statewide prohibition in 1915, or at any time specified thereafter, and the legislature, following out the instructions given by a majority of the Democrats of Texas, should order the question of statewide prohibition submitted to a vote of the entire people, and Mr. Ferguson, as governor of Texas, should veto their action, would he be justified? Yet Mr. Ferguson, in nearly every speech delivered since opening his campaign for the governorship has declared with a great deal of emphasis

that he would veto anything that came up to him touching on the liquor business. If the Times does him an injustice in this, it is not intentional. It is only taking him at his word. Possibly he does not mean what he has said. If so, it is up to him to explain. As a Democrat, he should be willing to abide by the will of a majority of Democrats. If he is plainly against Mr. Ferguson, to say what he will do under such circumstances.

THE COLONEL KNOCKS

It was expected, Colonel Roosevelt had inaugurated his fight against the Wilson administration. This is the parcel he left behind for our consideration as he boarded the ship for Europe. "The cost of living has not been reduced. Not the slightest progress has been made in solving the trust question," he said. And again: "It has been shown that the reduction of the tariff in no shape or way helps toward this solution. The economic conditions are such that business is in jeopardy and the small business man, worker, are all suffering because of these conditions."

Suppose we admit everything here in contained to be exactly true, where is President Wilson responsible? It is quite true that the cost of living has not been reduced, and it is equally true that many statesmen and newspapers thought that tariff reductions would result in a lower cost of living. There was no good reason why that opinion should have been so widely prevalent, in times past when the United States was producing a large surplus of grain and cattle for export. It is possible that a reduction of duties on the free list might have caused a tumble in food prices, but at this time when there is scarcely any food surplus produced in the United States and when Europe, with rare exceptions, has no surplus, tariffs can affect prices very little.

Another reason why the tariff or free list is impotent to reduce prices is that the methods of handling and distributing perishable food products have undergone radical changes during the past generation. Perishable products are not rushed to the market as of yore. They are concentrated in cold storage warehouses and supplied to the market in limited volume in order to maintain a stable price level at all times of the year.

Admittedly, tariff reductions or the free list may curtail the profits of the producers some, but the job of keeping price levels stable so far as food products are concerned has been confined to the cold storage systems of the country.

If Mr. Wilson hasn't solved the trust problem in one year, neither did President Roosevelt solve it in seven and a half years. The Roosevelt administration didn't even try to solve it, whereas the Wilson administration is making the effort.

We take it that Colonel Roosevelt, when he returns from the wedding to get into the campaign, will bluster Mr. Wilson for the floods and droughts of the past two years, for the crop shortage that reduced the railroad tonnage and caused the transportation lines to lose money, for the Wall street crookedness which was prevalent during the Roosevelt administration, but just revealed by the present administration.

That is the way of politicians. They resort to the cheapest artifices imaginable to impress the disinterested people of the country. Though still a tyro in this realm of political activity, President Wilson is probably getting used to that sort of thing, and he will be able at the proper time to convince the people of the great achievements of his administration.—Houston Post.

Its fame is world-wide. Its superiority unquestioned. Its use is a protection against alum food. In buying baking powder examine the label carefully and be sure the powder is made from cream of tartar. Other kinds do not make the food healthful.

EIGHTY FOUR ENTRIES FOR HARNESS RACES RECEIVED

Eighty-four entries for the harness races to be held here this month have been received to date by T. J. Jeffries, secretary of the meet. These entries represent a total of fifty-five horses. The entries closed June 1, but lists mailed before that time are still arriving in the mails and are accepted.

Entries in the running events do not close until 1 o'clock on the evening of the day preceding the race. Thirty-five horses are in daily training at the Lake Wichita track and a number of horsemen are on duty there, getting everything ready for the opening of the races week after next.

Entries will be received for one more harness race up to June 15th and the entries for the running races

do not close until the day before the races. It is now apparent that there will be more than 120 horses entered for the meet and this morning Secretary Jeffries was arranging for the building of 100 more stables at the grounds.

The half a hundred or more horses already on the grounds are being given some good workouts since the rains stopped long enough for the track to be put into condition and some fast miles have been stepped in workouts.

The following horsemen have filed entries within the last few days: T. M. McAbby and J. S. Kimberlin of Jackson, Miss. Mr. McAbby has entered seven horses and Kimberlin three. George King of Dallas, has entered three horses and Dr. Beard of Pawnee, Okla., two. John Breesley of Phoenix, Ariz., also has entered a string and an El Centro, Cal., horseman is en route here with three horses.

**We Are Getting Ready
—Are You?**

The time when you should commence using OUR ICE regularly is about here, and we are working hard to get our delivery system in tip-top shape. We are after a new high record for efficiency this season. Are you getting ready, too? Here are some things you should do before our wagons come, if you wish to get the best results from OUR ICE:

FIRST, TAKE A LOOK AT YOUR REFRIGERATOR. If it needs "fixing," have it repaired at once, provided it is a good refrigerator and large enough for your needs. If you found it too small last season, trade it off or exchange it immediately for one that has enough capacity to be a real saver and not an ice-eating aggravation.

SECOND, RESOLVE TO BEGIN THE SEASON WITH OUR COUPON BOOK, and to continue using it as long as you take ice. This book will save you quite a lot on the ice bill and a good deal more in worry. It can not be lost easily, like small change, and it protects you from the discomfort of handling wet, dirty change. Always buy the book with the coupon that covers your usual taking of ice.

THIRD, RESOLVE TO COMPLAIN DIRECTLY TO US if anything goes wrong with our service to you. We will be much more interested in hearing about it than any outsider could possibly be, and it will have our immediate attention. By acting on these suggestions you will start the season right and help us to keep right with you all the way through.

STOMACH TROUBLES

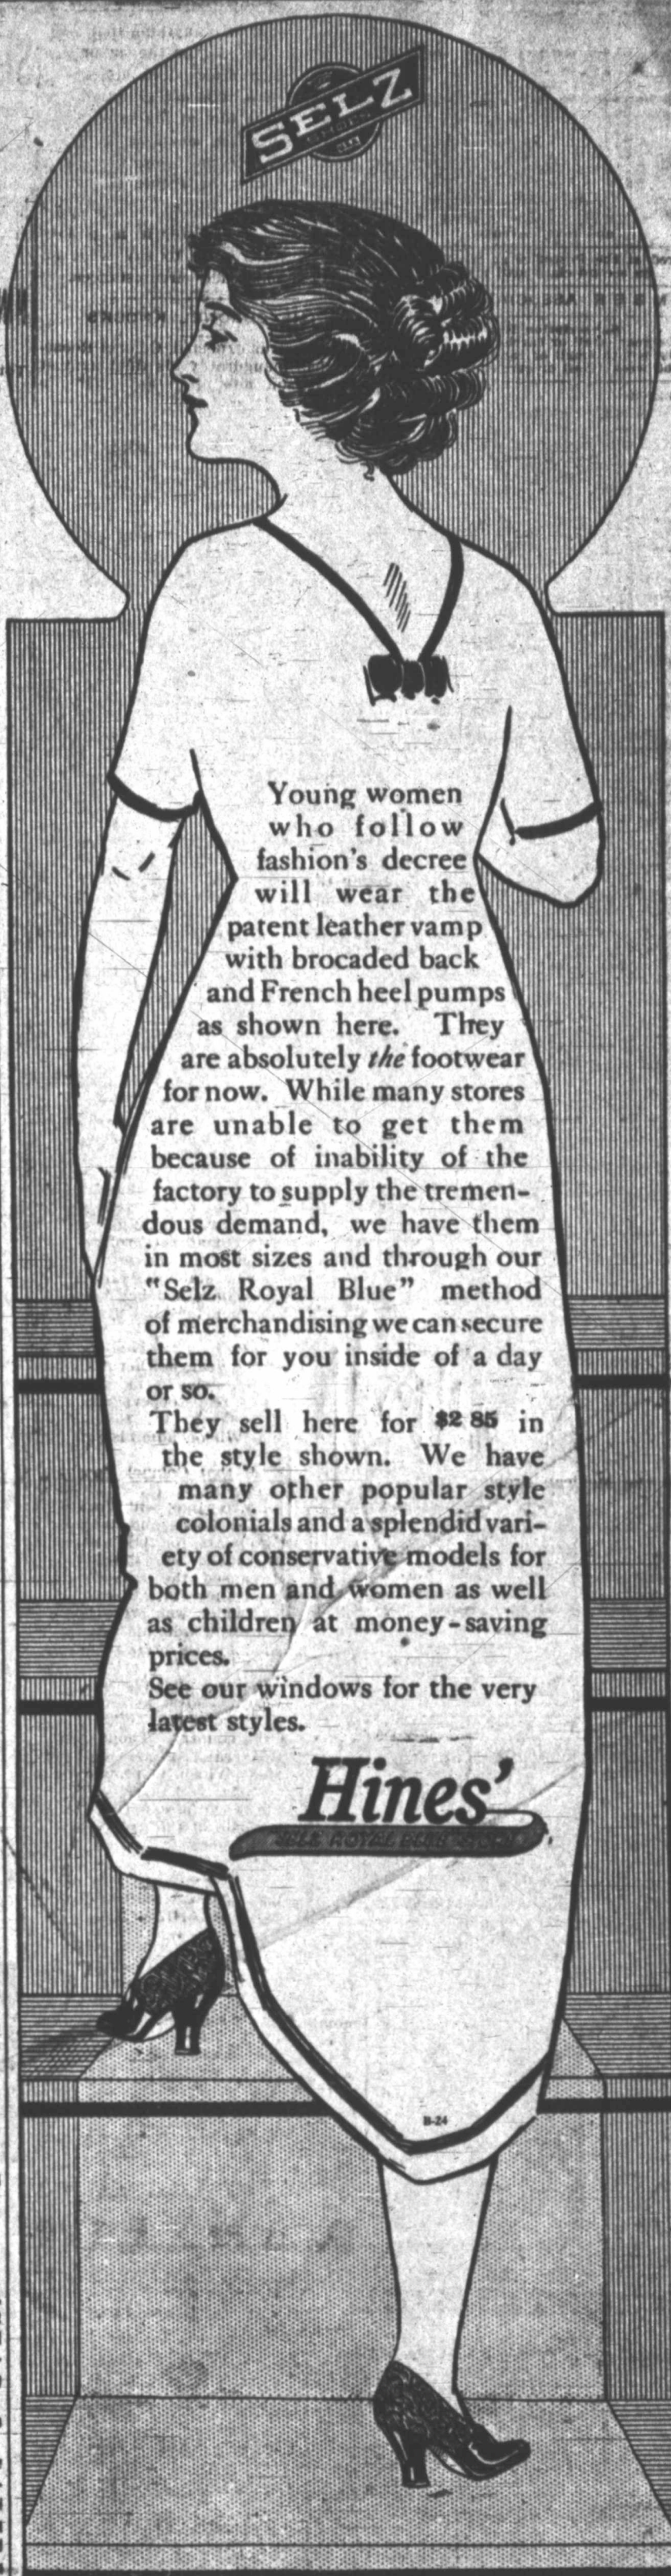

**Mr. Ragland Writes Interesting
Letter on This Subject.**

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used."

After taking Black-Draught for a few days, I always feel like a new man. Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion.

To get quick and permanent relief from these ailments, you should take a medicine of known curative merit.

Years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action and without bad after-effects, it is sure to benefit both young and old. For sale everywhere. Price 25¢.

Young women who follow fashion's decree will wear the patent leather vamp with brocaded back and French heel pumps as shown here. They are absolutely the footwear for now. While many stores are unable to get them because of inability of the factory to supply the tremendous demand, we have them in most sizes and through our "Selz Royal Blue" method of merchandising we can secure them for you inside of a day or so.

They sell here for \$2.85 in the style shown. We have many other popular style colonials and a splendid variety of conservative models for both men and women as well as children at money-saving prices. See our windows for the very latest styles.

DADDY'S FORTUNE

"Daddy was a good man." I happened to hear a well-to-do young man say, so I went out to the cemetery and looked for his record on the family MEMORIAL. There wasn't one. The plot was neglected, grown up in weeds and the like. The young man and his associates were riding around in a big six, leading a gay life, spending the neat little fortune daddy left them. Looks to me like they were very ungrateful. Did not think enough of him to buy a simple little headstone, but what's the use. Such is life.

Anyway the above class is in the minority and there are many that don't forget. To those who believe in remembering the departed I invite you to come and see me. I will be glad to do your work and do it right.

SUMMER TIME TOILET GOODS

We have everything in toilet requisites for summer. Everything for the bath. These comforts for the warm months are the very best brands made and there is no question about the quality because they are from manufacturers that everybody knows.

If you are to remain at home during the summer let us make you comfortable with all the little toilet luxuries that are so necessary to the comfort of refined people. If you are going away for the summer let us pack your luggage with a supply. You may not find them where you go and then maybe the price won't be right.

Lilas de Rigaud Bath Salt . . \$1.00

Nymphs and fairies, perhaps, may have known for long the joy of bathing in flower-fragrances. Outside of their world, be sure it has never been experienced in all its exquisite freshness until Lilas Bath Salt appeared as a toilet adjunct. Use liberally in the bath—as refreshing as a spring shower. In large glass jar with glass top; tied with lilac silk cord.

Lilas de Rigaud talcum Powder . 50c

So delicately fragrant that it merely suggests in the most alluring fashion the big, purple, heavy headed lilac clusters swaying in the May wind. Dainty and fine and absolutely pure. In sanitary glass jar with patent sifter top.
