MISS REA—Miss Harriet Hale, daughter of Mr. and Mrs. Ralph Hale, will represent the North Plains Electric Co. in the Miss Perryton contest on August 12. Harriet is a senior in Perryton high school, is a cheer leader and a member of the basketball team. She won third place in the Miss Perryton contest last year.

Three More Entries Secured For 'Miss Perryton' Contest

Three more entries were received this week in the "Miss Perryton" contest, bringing the total to six for the contest scheduled on August 12.

Entered this week were Harriet Hale, North Plains Electric Co.-op; Janyne Todd, Sooter's; and Jackie Carter, Jaycees.

Previous entrants were Nancy Wright, Frances Virginia Shop; Linda Rogers, Chamber of Commerce; and Sydney Slack, Beta Sigma Phi.

Miss Hale is a high school senior, cheerleader, and member of the basketball team. She won third place in the "Miss Perryton" contest last year and is the daughter of Mr. and Mrs. Ralph Hale.

Miss Todd is the daughter of Jack Todd and will be a sophomore in high school this year.

She is a twirler, plays the french horn in the Ranger Band and is a member of the basketball team.

Miss Carter is a graduate of Perryton high school and daughter of Mrs. Jess George of Dalhart. She was a cheer leader and active in all school activities while in high school. She represented the Ochiltree County Herald in the "Miss Perryton" contest last year.

Winner of the "Miss Perryton" contest will compete against other Plains beauties for the 1955 "Wheatheart of the Nation" title to be decided on Saturday night, August 20, during the North Plains Fair.

The 1955 Wheatheart receives an all-expense paid trip for two to Miami Beach, Florida, staying at the Royal York Hotel.

Chairman Asks
Reunion Funds

Judge H. R. Slaughter, chairman of the Old Timers Reunion for the North Plains Fair, announced this week that letters have been sent out to all former contributors, asking \$10 each to help pay for the cost of the food this year.

The reunion will be held at the courthouse, as in former years. Entertainment will be provided by Gordon Mills and his Oklahoma Ramblers and there will be an old time fiddling exhibition, Judge Slaughter said.

Glitter LaMaster is chairman of the food committee; Mrs. Ruby Lee Maloney is chairman of registration.

The Old Timers Reunion is an annual event which draws hundreds of present day and former residents of the county.

Toastmasters to
Hear Borger
Speakers Tonight

The Borger Toastmasters Club will furnish the speakers at tonight's program of the Perryton Toastmasters Club. The meeting will be held in Fellowship Hall of the First Methodist church at 8 o'clock.

E. M. Reuss is toastmaster for tonight's program.

Borger speakers are Carroll Bolton, George McCarroll, Ralph Roney, Joe Logan, and Howard Evans. All except Evans are employees of the Phillips Chemical Co., while Evans is an Humble employee.

Local Women Put In Many Hours

A total of 114 local women served 520 hours in four-hour shifts at the Sanford Hospital, staying with the four injured Holt children, survivors of the July 9 wreck which killed five members of their family. The volunteer nursing program was arranged by the local Red Cross chapter and Mrs. J. F. Cox, home service secretary, said that the Holt children were not left alone a moment during their eight day critical period. All are recovering satisfactorily.

Booster Trip Ticket Sale to Begin Soon

Tickets will go on sale this week for the two-day booster trip, advertising the North Plains Fair, announces J. H. Brashears. The boosters will travel by chartered bus and the tickets will sell for \$4 per passenger, Brashears said.

First booster trip is August 11, when the boosters will go to Canadian, Glazier, Higgins, Arnett, Shattuck, Follett, Darrouzett, Booker and Beaver.

The boosters will go again on August 12, to Gray, Turpin, Liberal, Tyrone, Hooker, Guymon, Goodwell, Texhoma, Stratford, Gruver, Spearman, Waka and Farnsworth.

First Supply of Concho Wheat Here This Week

Distribution of about 600 bushels of the new Concho variety of wheat will be made to Ochiltree county wheat growers this week, according to W. H. Lance, who expects shipment by Friday.

This seed wheat, which is extremely scarce at the present time, was secured by Lance in Oklahoma. The seed wheat being brought here is registered seed and is being sold to local growers at cost by Lance.

The Concho variety is a high quality milling variety and tests at Oklahoma A&M College show that it has a high yield, good straw, good resistance to disease and insects.

All of the 600 bushel shipment has been sold, and about 40 farmers will participate in it, Lance said. Limit per farmer is 20 bushels.

Lance said he is bringing the wheat into Ochiltree county and making this seed available in the hopes that it will replace the demand now made for undesirable milling varieties of wheat.

Bond Election for Wolf Creek Dam Is August 16

Local Banks Agree to Buy Entire Issue

Tuesday, August 16, has been set as the date for the bond election to determine whether or not to rebuild Wolf Creek Dam. The Ochiltree county commissioners set the election date Tuesday after being presented petitions containing approximately 200 names of county taxpayers.

The election will be whether or not to authorize the issuance of \$150,000 in bonds, not to exceed 30 years from their date, bearing interest at a rate not to exceed 2 1/2 per cent per year.

At the Tuesday meeting, the commissioners modified their agreement with the First Southwest Co. of Plainview, agreeing to a fee of \$3,000 to be paid in return for the company's giving up their right to purchase the bonds. The First Southwest Co. will pay the costs of the election and furnish marketing attorney's opinions.

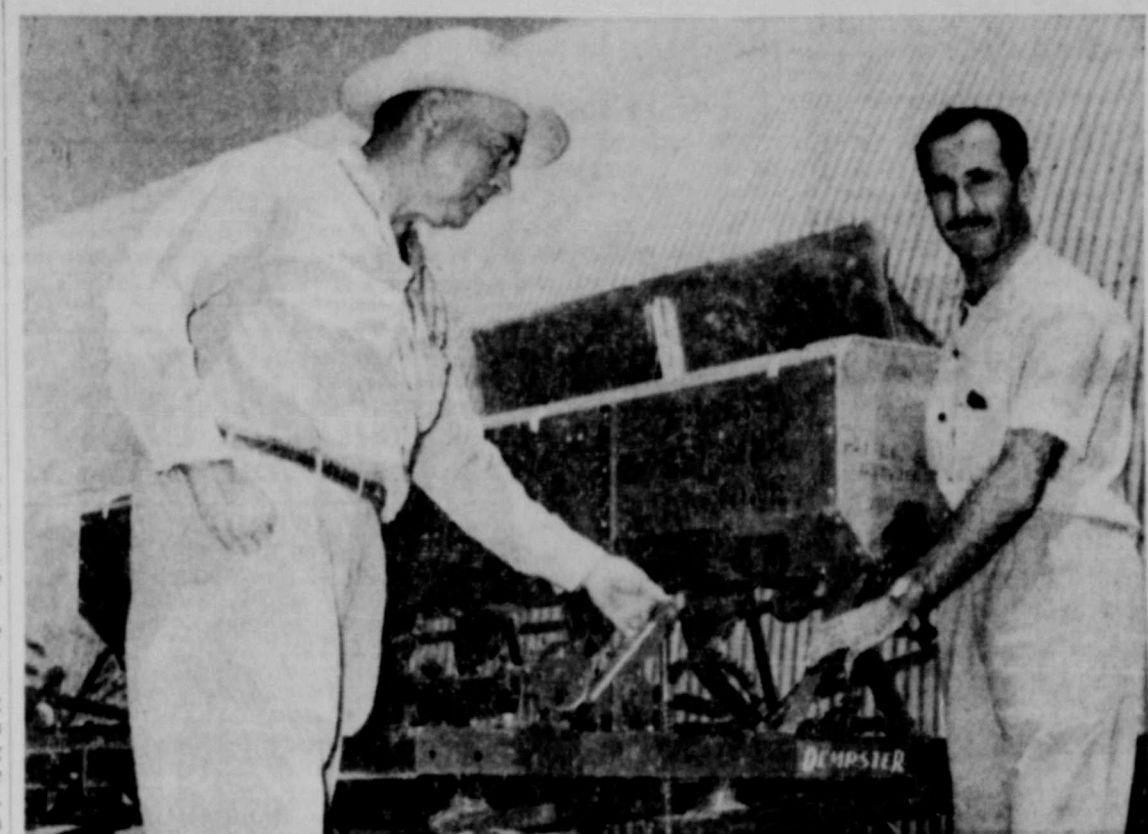

The bond issue will be purchased by the First National Bank and Perryton National Bank of Perryton, the two local institutions having agreed to take the \$150,000 bond issue at an effective interest rate of less than 2 1/2 per cent. This will save about \$13,000 interest over the previous agreement with First Southwest Co., who bids 2.988 per cent on the issue.

The First National Bank will take \$100,000 and the Perryton See No. 1 Page 8

Football Squad Asked to Meet

All members of the Ranger football squad, including freshmen up from the eight grade squad, are asked to meet in the school gymnasium Friday night at 8:30 o'clock, announces coach Pete Peterson.

Plans for fall training will be made and other matters discussed, the coach said.

QUICK INSPECTION—Ramazan Atil, native of Turkey, gets a quick explanation of a new wheat drill from Audie Conley, left. Atil will spend two months in Ochiltree county as part of the International Farm Youth Exchange program and will live with local farm families, and is spending this week in the Conley home. Atil lives on a 3,700 acre farm in Turkey.

Famous Koshare Indians Are Booked for North Plains Fair

The nationally famous Koshare Indians of La Junta, Colo., have been booked for a performance in Perryton for the North Plains Fair, according to fair manager John Mayfield.

The Koshare will dance at Ranger Field on Thursday night, August 18, presenting the Indian acts which they have shown from coast to coast.

The Koshare are a group of Explorer Scouts from La Junta who have a project of Indian lore. They take their name from

Pete LaMaster Gets Uruguay Attache Post

LeRoy "Pete" LaMaster has been appointed agricultural attache to Uruguay, it was announced Saturday by the U. S. Department of Agriculture. He is scheduled to arrive at his post at the American Embassy, Montevideo, on Sept. 6.

He will succeed Dale Farringer, who is being transferred to the post of agricultural attache at Lisbon, Portugal.

United States agricultural exports to Uruguay in 1952 totaled \$14 million and included tobacco, cotton, hops and dairy products. About 80 per cent of Uruguay's agricultural exports to this country have been wool, which is almost the entire source of dollar exchange. Besides wool, Uruguay exports meat, fats, edible oils and wheat and flour.

LaMaster is a graduate of Perryton high school and Texas A&M College at Kingsville. He grew up on a farm in Ochiltree county and has been manager-operator of farming and livestock enterprises and before World War II he was an assistant farm supervisor for the Farm Security Administration in Texas. From 1942 to 1946 he served as Lieutenant in the U. S. Navy.

He is the son of Mr. and Mrs. W. B. LaMaster of Perryton.

Mrs. LaMaster, the former Carolyn Conley of Perryton, will accompany her husband to Montevideo.

City Council Adopts Budget Of \$187,600

The city council has adopted the proposed budget for 1955-56, which shows a slight increase anticipated in income and expenses, with a total budget of \$187,600.

This compares with the budget last year of \$185,420.

In presenting the budget to the city council, city manager J. B. Whigham pointed out that the anticipated income from taxes, \$78,600, is based on an assessed valuation of \$6,900,000 at a tax rate of \$1.15 per hundred valuation. While the city decreased the per cent of assessments from 60 per cent to 50 per cent on personal property, the valuation increased \$200,000 for the year.

The water production for 1954 was 2,200 gallons per minute and the boosting capacity was 2,350 gallons per minute. During the year, the pumping capacity has been increased to 2,450 gallons per minute and the boosting capacity to 2,600 gallons per minute.

Ground storage has been increased from 350,000 gallons to 575,000 gallons.

It appears that the water supply will carry the city through 1956, but Whigham recommended.

Several Floats For Fair Parade Now In Progress

Decorative material for three floats for the North Plains Fair parade has been ordered and a number of other floats are planned, according to Robert Lemon, chairman of the parade.

Material has been ordered for the Lions Club, Rotary Club and Chamber of Commerce. Other floats definitely entered in the parade are the Community Public Service Co., Jaycees and Stewart Printing Co.

The decorative material, purchased from the same company as last year, is being ordered through the Stewart Printing Co., and there are catalogs available at the Stewart Printing Co. office for those desiring to pick out a float design or material.

This year's parade will consist of four classifications—Commercial, Club, Civic, and Junior. Prizes in the Club Junior and Civic classifications are \$25, \$15 and \$10.

In addition to these four divisions, there will be a Children's classification, in which small prizes will be awarded the best costume, the best decorated bicycle, and the youngest child entering the parade.

All organizations and business firms in the area are asked to have a parade entry. A number of out-of-town bands, floats and riding clubs have been invited to enter the parade, Lemon said.

Oklahoma Men Face Charges of Felony Theft

Lewis Ray Risenhoover, 25, and Paul Hicklin, 29, are being held in the county jail, facing felony theft charges in connection with the theft of a city parking meter last Thursday morning.

The two men were arrested Thursday by Guymon sheriff James M. Tucker, who said the two men passed his car as he was taking a bank robber to the state prison at McAlester and stuck a gun out their car window as they passed him.

The sheriff and his deputy, Bill John Pugh, disarmed the pair and sent them back to Guymon.

AUSTIN, Texas—State Auditor C. H. Cavness suggested last week that Texas use part of its oil and gas income from public lands for current school expenses.

Freeing this money, Cavness said, could ease the strain on the state's general fund, even possibly reduce taxes.

Royalties and lease payments from state lands now are deposited in permanent funds of the public schools and the University of Texas. Only income earned by investment of the funds is available for spending.

Under Cavness' plan only 27½ per cent of royalties would go into the permanent funds, now totaling more than a half billion dollars.

Copies of the proposal went to the governor and Legislature. Execution of the plan would require both a constitutional amendment and revision of statutes.

Criticism came promptly from University President Logan Wilson who compared the easing restrictions on investment of the permanent fund.

A constitutional amendment, approved by the recent Legislature and awaiting vote of the people, would allow University officials to invest up to 50 per cent of the fund in corporate stocks. At present all investment must be in low-interest-bearing government bonds.

Highway Bids Taken
Low bids totaling \$14,197,575 on road and bridge projects were tabulated by the State Highway Department last week.

Two major highway improvements—on US 80 east of Big Spring and on US 83 north of Brownsville—were included in

Parr Documents Sought
Attorneys for George Parr have asked to inspect 89 checks and other documents the government will use in its income tax evasion case against the South Texas political boss.

Prosecuting attorneys protested, arguing that the defense was trying to find out what specific evidence the government would introduce.

Federal Judge Ben H. Rice Jr. took the motion under advisement. Trial is set for Sept. 6 in Austin.

Remedy for Eating

BOZEMAN, Mont. (AP)—Now there's a vaccination to save lambs and their mothers from over-eating, a problem that has long worried stockmen.

Dr. E. A. Tunnell, head of the Montana Veterinary Research Laboratory, explains it this way: When lambs eat too much of lush growth in spring pastures, or get too much milk, a form of enterotoxemia develops. This is called over-eating disease, or pulpy kidney disease, or milk colic.

Tunnell says ewes may be vaccinated several weeks before lambing, or the lambs can be given an antitoxin or serum. He says that this preventive vaccination along with good management will eliminate the hazard of over-eating, or getting too much milk.

next Friday, July 29, in Dr. Redwine's office between two and four o'clock. Dr. Redwine stated that the turnout for these shots has been nearly one hundred per cent.

Mr. and Mrs. H. C. Wright of Ada, Okla., spent Sunday visiting friends. They ate dinner in the home of Mr. and Mrs. Bill Terrell.

Mr. and Mrs. Roy Phillips and son, Randy, are now in Aztec, N. Mexico visiting in the home of Mr. and Mrs. Bill Shryock.

Perryton Students Enroll at West Texas State Music Camp

CANYON, July 25. (Special)—Thirteen high school musicians from Perryton are among the more than 300 who have already made reservations for the third annual West Texas Music Camp, to be held July 31-Aug. 12 at West Texas State College. Students from all over the Panhandle and West Texas are expected to participate.

Planning to attend the band and choir camp are Bob Beck, Gary Black, Frances Crawford, Benny Easter, Neal Flathers, Billie Mae Gray, Carolyn Kelly, Jerry Murphy, Glenda McGibbon, Jimmy Palmer, Linda Rogers, Sydney Slack, and Carolyn Wilson. Band director, Billy D. Walker of Perryton, will serve as an instructor for the camp.

Among the faculty for the third annual camp are M. J. Newman, WT music department head and director of the camp; Frank Prescott, Iowa State College band director; Gerald Prescott, University of Minnesota director; Hiram Henry, cadet and marching band director at Oklahoma A & M; Bob Roberts, Los Angeles twirling instructor; Bill Allen, Miami, Fla., twirling instructor; Dr. Houston Bright, WT A Cappella choir director; Royal Brantley, WT voice professor and director of the WT Opera Workshop; Gene Murray, WT Buffalo Band drum major and twirler; and other visiting conductors and WT faculty members.

Three camp bands and a choir will be formed, and students will attend daily sectional and group rehearsals, classes, practice sessions and twirling classes throughout the two-week camp. Concerts, recitals, television appearances, and entertainment each night are planned.

A series of outdoor programs and concerts have been scheduled each week-day night of the camp, and the public is invited. The programs this year will be held in Buffalo Stadium, and all will be at 8 p. m. except the final show.

Scheduled are: Aug. 1, the Amarillo Air Force Base Band; Aug. 2, students will see a repeat performance of the Palo Duro Play-ers' drama, "Kind Lady;" Aug. 4, two abridged Gilbert & Sullivan operettas, "The Mikado" and "Iolanthe," will be presented by a quartet of WT students; Aug. 5, Prescott's Symphonic Band, Piersley's Concert Band, and Dr. Bright's c-m-p choir, will present a concert, assisted by Bob Roberts in a twirling exhibition.

On Aug. 8, a group of WT faculty and students will present a program; Aug. 9, the choir will appear at 7 p. m. over KGNC-TV; Aug. 10, the Symphonic Band and a group of twirlers will appear over KPDA-TV at 10:30 p. m.; Aug. 11, a dance is slated for camp members; and Aug. 12, a "grand finale" concert by all camp groups and twirlers will be held.

Modern Science Finally Catches Up With Grandpa

I got put in my place the other night. Deserved it, too. My father-in-law said we were due for bad weather. "Birds are flying low," he reported. "That means a storm."

I started to josh with the old gentleman about being superstitious. Then my nephew Jim, on vacation from college, pipes up. "Grandad's right," he says.

"At least, that's what they say at school," Jim goes on. "The heavy air you get before a storm forces insects down low—so high-flying birds have to swoop along the ground if they want to eat."

From where I sit, there's probably sound reasoning back of most old sayings... back of anything people have learned to believe in. Take the idea of a stitch in time saving nine—sparing rods and spoiling children—of drinking hot milk, or a refreshing glass of beer, at bedtime. You may not hold with any of these beliefs yourself... but it's not smart to give them the "bird."

August 31 Is Deadline for Antelope Permit

AUSTIN—Texas big game hunters have until midnight August 31 to mail their formal application for a special license to bag an antelope this fall, reports the Chief Clerk of the Game and Fish Commission.

He said hunters may write Commission headquarters, Walton Building, Austin 14, now for an application blank. The blanks, when returned, must bear a \$5 check or money order to cover the special hunt fee. Ranchers are authorized to charge up to \$60 per head for antelope bagged.

The Chief Clerk said possibly a combined total of one thousand antelope will be harvested in both the Big Bend country and the Panhandle. Technicians now are making population counts to determine the final total.

Bulk of the antelope will be earmarked for the hunt West of the Pecos where both buck and doe antelope will be taken in some areas containing heavy population concentrations.

The Chief Clerk said an estimated six hundred fifty head will be bagged in the Big Bend including possibly two hundred fifty doe antelope. Only buck antelope will be harvested in the Panhandle.

The Big Bend country shoot

will be from October ten and the Panhandle will be from twelve through October.

The persons to receive will be determined at the headquarters early in the month. The Chief Clerk hunters wishing to bag party send in their applications together.

No Play Money

CHARLOTTE, N. C. (AP)—Police had to hold a real shakedown to retrieve the proceeds of a social held by a neighborhood organization.

The treasurer left the money on a bed and it disappeared. Police finally checked a baby and found the money stuffed in his diaper.

Miss Jolene Tovrea and Miss Beverley Porter, both of Dalhart, were guests of Miss Pat Wood and Miss Charlotte Flowers last week end.

MUST GIVE UP PET—Rosa Lee Goates, 8-year-old Corpus Christi girl, is a sad little miss after finding out that she must part with Brownie, her pet coyote. The Texas laws prohibit keeping coyotes as pets, so Brownie will be turned over to the game warden. Rosa Lea's parents found Brownie and seven other baby coyotes near the outskirts of town. H. H. Karber Dies July 16 At Balko

Henry H. Karber, long time resident of the Balko community, died at his home near Balko on July 16, at the age of 79. He was born to Julius and Maria Kiewer Karber near Bloomington, Ill., on Nov. 20, 1875.

When he was three years old, he moved with his parents to Marion county, Kansas, where he spent his youth and received his elementary education. Here he joined the Ebenfeld Mennonite Brethren church at Hillsboro, Kansas on May 4, 1893.

In 1894, his parents moved to Fairview, Okla., and on Aug. 15, 1897, he was united in marriage with Frena Penner. They settled on a farm near Homestead, where they lived until 1913, when they moved west to Beaver county.

He and Mrs. Karber celebrated their 50th wedding anniversary in 1947.

He was a church worker all his adult life and served his church in various capacities. He was a great lover of music and served as choir director for a number of years.

He is survived by his wife, Frena; four sons, Harry H., Arthur Harvey, Reuben, Vernon R., three daughters, Mrs. Alma Neufeld, Mrs. Alice Wiens, all of Balko, and Mrs. Cecile Almquist of Paterson, Calif.; four daughters-in-law, three sons-in-law, 18 grandchildren, nine great grandchildren, three brothers, J. P. Karber of Perryton, P. J. Karber of Dinuba, Calif., D. M. Karber, Blaine, Wash., and one sister, Mrs. Pauline Neufeld, Ingalls, Kansas, and a host of relatives and friends.

Two daughters preceded him in death, Verna in infancy and Martha at the age of 22.

Christian Science Services 11 a. m. each Sunday Public Cordially Invited

"He that loveth not knoweth not God; for God is love" (1 John 4:8). This is the Golden Text which keynotes the Lesson-Sermon "Love" to be read Sunday at Christian Science services.

That guidance and inspiration are assured when man turns to God as divine Love will be brought out in scriptural selections from the Bible and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy. From Psalms will be read (36:10): "O continue thy loving kindness unto them that know thee; and thy righteousness to the upright in heart."

And from the Christian Science textbook (p. 454): "Love inspires, illumines, designates, and leads the way. Right motives give pinions to thought, and strength and freedom to speech and action."

BERNARD F. SEAY, Pastor
The First Methodist Church
Darrouzett, Texas

The following is the 19th in a series of messages by ministers of this trade area. This week's message was written by Bernard F. Seay, pastor of the First Methodist Church, Darrouzett, Texas.

"WHEN YOU ATTEND"

When you attend church it is not any ordinary act for you take a stand for your faith in God and for a spiritual (Unseen presence of God) interpretation of life. You tell the world that you challenge all that is evil and all that is contrary to the will of God. When you attend you tell your neighbors, who see you go, that you are not simply an earth creature, but that you are a child of God.

The greatest joy of church attendance is that you come to God's House and there have a very intimate fellowship with Him. In the hour of divine worship all things of earth and the distresses and disappointments of life are shut out for you are living in another world for you are in the very presence of God.

When you attend it gives you a start and sustains you all through the week. It has been the testimony of many that when they have missed going to church there has been a feeling of something missing all through the week.

Were you in church last Sunday? If you were not you missed the richest blessing in life. Make yourself the promise you will be in church next Sunday. Go to church and give God a chance in your life . . . NOW.

To all who sin and need a saviour . . . are weary and need spiritual rest . . . who are in doubt and are seeking for light . . . who wish a place of fellowship and worship . . . the church opens wide its doors and in Jesus' name says WELCOME.

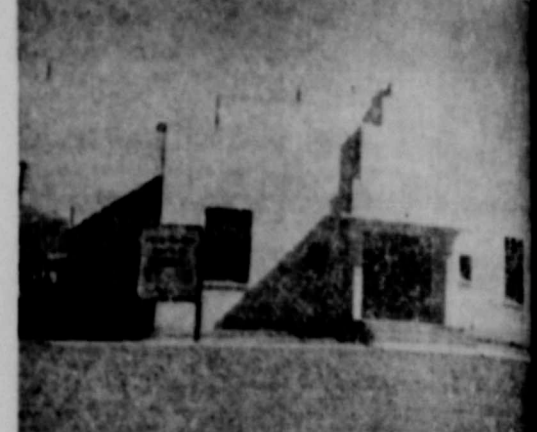

SEE YOU IN CHURCH SUNDAY.

Native of Turkey Here Monday For Two Months

Ramazan Atil, a native of Turkey, arrived Monday for a two month visit sponsored by the International Farm Youth Exchange. He is staying this week at the farm home of Mr. and Mrs. Audie Conley, south of Farnsworth.

Atil is 26 years of age and has lived on a 3,700 acre farm all his life. Major crops on his family farm are cotton, wheat, barley and oats and there are 10 tractors in use.

He speaks some English and understands English fairly well. He is especially interested in 4-H Club organization and intends to work in 4-H Club work when he returns to Turkey.

Atil will work and take his place as part of the families he visits in order to learn at first hand American farming methods and machines.

Visitors were Marie Blosser, Mrs. Melton Neufeld, Mrs. Virginia Rose and Mrs. Emma Morris. The guess box was won by Virginia Rose. Refreshments were served to the group.

Mrs. Aline Caldwell visited in the S. S. Cook home Monday afternoon.

Mrs. Fannie Sager called on Opal Naylor Monday morning.

Lawrence Naylor, Ira Jean Morris and Glen Tice were dinner guests of the Dick Naylor Monday.

Mr. and Mrs. Lewis Rorabough made a trip to Holyoke, Colorado, last week to visit with their son, Doyle, who was harvesting wheat. They drove on to Kimbell, Nebraska, to visit Mrs. Rorabough's niece and family, Mr. and Mrs. C. E. Newell.

The next Blue Mound Ladies club meeting will be August 22. Mrs. Fannie Sager will be the hostess.

Mrs. Marie Blosser visited Mrs. Hazel Feagius and Mrs. Mildred Hacker.

Anesia Ferguson spent Wednesday with Mona and Leah Hacker.

Anesia Ferguson is spending a few days with her great grandparents, Mr. and Mrs. A. C. Parridge.

New Regulations Announced On Garbage For Swine

COLLEGE STATION—Effective January 1, 1956, swine that have been fed raw garbage at any time in their life and products derived from them will not be permitted to move interstate unless given special processing. The special processing reduces the value of hogs in some cases as much as 50 percent, says the announcement from U. S. Department of Agriculture.

The regulation in effect since July 1953 was relaxed to permit garbage feeding establishments to obtain the necessary cooking equipment. It is now available. Since January 1954, hogs and products derived from them that had at some time been fed raw garbage could be shipped interstate for any purpose, if for 30 days preceding shipment they had been fed cooked garbage or feeds other than raw garbage. This relaxed regulation goes out on January 1, 1956.

Two Diversion Type Terraces Are Completed

Oscar Flowers and J. E. Cudd, cooperators of the Ochiltree Soil Conservation District, have recently completed a system of channel type diversion terraces to divert runoff water from cropland into native grass waterway so as to eliminate gully erosion on the cultivated land.

The diversions constructed on the Flowers and Cudd farms were designed and staked with the assistance of the local Soil Conservation Service personnel to serve a mutual benefit to both farms. Runoff water from the Cudd farm will be diverted and carried from his land into diversions erected on the Flowers farm and thence into the native grass waterway to flow nonerosively into a lake on the north boundary of the Cudd farm.

Cudd said, "Making good use of water emptying into the lake will be obtained by alfalfa I planted in and around it some four years ago."

Diversion terraces of this type, as well as systems of graded terraces designed to retard and hold runoff water on the land long enough to permit infiltration into the soil and aid growing crops is beneficial to many acres of cropland in the district.

Farmers interested in constructing terraces can get assistance in design and layout from the board of supervisors of the local Soil Conservation district or any of the personnel working with the district.

Mason Anderson Goes to Colorado

Mason, Anderson, member of the loan department of the First National Bank, has announced his resignation and will move August 1 to Colorado Springs, Colo.

He is considering several business ventures in the Colorado city, but has not decided what he will do at this time. Mrs. Anderson will teach in the School for the Deaf in Colorado Springs. Anderson was one of the leaders that put the Ranger Club summer activities program on firm footing. He served as president of the organization and two terms as secretary.

"We have learned to love citizens of this area," Anderson said, "and it is with genuine regret that we find it necessary to move on, certainly we will expect your visit when in Colorado Springs." Mr. and Mrs. Anderson and sons, Bond and Ron, have made Perryton their home since 1949.

Physical Exam Advocated for School Children

AUSTIN—Parents, has your child had a physical examination this summer? In just a little more than a month he will be starting to school, and if he is in good health he will have a happier, more profitable year. It's up to YOU to give HIM a healthful send-off, says Dr. Henry A. Holle, Commissioner of Health.

After he has his check-up by the family doctor, be sure to take him to the family dentist. Teeth are mighty important, and decayed ones often cause a heap of trouble. They may start infection in other parts of the body. Strong, healthy teeth add attractiveness to appearance and personality. Help your child to grow up with good teeth... see that he has a dental examination twice a year.

Sometimes children need glasses and their parents don't realize it. An examination by an eye specialist is important. A child who needs glasses, if taken to an eye physician now, will have time to get used to them before school starts.

When children are grouped together in a classroom, they expose each other to communicable diseases. Has your child been immunized against diphtheria and smallpox? Does he know he should use only his own drinking glasses? Does he know he should avoid boys and girls who are victims of colds? Do you keep your child at home when he shows signs of a cold?

Plenty of exercise and recreation, the right kinds of foods daily, and 12 hours of sleep a night, are necessary for a child of elementary school age. Get your child an appointment for a check-up today... the first day of school is not far away!

Bubble, Bubble

HARRISONBURG, Va. (AP)—Samuel S. Shanks' new well just keeps bubbling Gas! No doubt about that. A driller found this out in an explosion which singed his eyebrows when he tried to light a cigarette. But the state geologist's office exploded any ideas that the gas is in commercial quantity. The scientific fellows said small pockets were not unusual hereabouts.

The average U. S. service station is open 100 hours a week.

Arlie Beckwith Dies Wednesday

Arlie Beckwith, a long time resident of the Blue Mound community, died at his home Wednesday morning, following an illness of about nine months.

He is survived by his wife, a son, Kenneth Beckwith, four grandchildren, a brother and a sister.

Funeral services are pending the arrival of relatives from California and Seminole, Okla.

Carolyn Gurley Wins Refrigerator

Carolyn Gurley, daughter of Mr. and Mrs. Homer Gurley, was one of two winners in a five state area who received an electric refrigerator from the Western Auto Stores in a company-wide contest.

Miss Gurley registered at the Western Auto Store in Perryton to participate in the contest.

The contest was conducted during the month of June and ended July 2.

The refrigerator was delivered to Miss Gurley by Tom Knighton, owner of the local store.

mon to jail with city marshal R. L. Shepherd.

The parking meter mechanism was found in their car, and upon inquiry, it developed that the meter was taken in front of the C&E Cafe on east Brillhart in Perryton.

Sheriff Ray Phagan and Police Chief Arlie Binion went after the two men Friday. The parking meter mechanism is valued at \$71.89.

Risenhoover, whose home is in Oklahoma City, and Hicklin, whose home is in Dill City, Okla., have been working as oil field roughnecks in Perryton.

The parking meter mechanism was recovered.

Wheat Market Above Loan Rate In Local Area

Two factors have combined to give wheat farmers an unexpected cash market for this year's harvest, what there has been of it.

The cash wheat market Wednesday was \$2.04 per bushel in Perryton, ten cents above the \$1.94 loan rate on No. 1 wheat in Ochiltree county.

The county loan rate is \$2.06, but storage charges take off 12 cents, making a net of \$1.94 at the present date.

The two factors that have boosted the cash market are: (1) The low yield, due to drought; (2) There is a tremendous wheat surplus in government bins, but it is not available to the domestic market.

This curious aspect of the wheat marketing picture keeps wheat off the domestic market by law. Wheat put under loan cannot be sold for domestic use unless it is sold for 105 per cent of parity. When the support price is 90 per cent of parity, it boosts the price up considerably and in fact out of reach.

Another factor is that the government wheat is largely of undesirable milling qualities, suitable for feed and export uses, but not for bread and cereal use.

Aldon Bell, manager of the Equity, said the Equity elevators have bought about 260,000 bushels of wheat this year, a small percentage of a normal wheat crop, but still considerably more than expected. Most of this wheat was produced in the Spearman and Morse areas, however.

Moving Cash Windows

HOUSTON, Tex. (AP)—Cashier windows on wheels are planned for industrial plants in this area. The drive-up service is to be offered by a check cashing company.

Jones Services Held Friday at Methodist Church

Funeral services were held Friday afternoon at the First Methodist church for C. F. Jones, 72, a resident of Perryton since 1920, who died July 20 following a heart attack.

W. C. Bryan and Rev. A. B. Cockrell, pastor of the First Methodist church, conducted the final rites. Active pallbearers were Coke Harlow, Allen Good, Gale Rogers, Keith Bray, Irvin Hergert, Earl Waide, Howard Holt and Clarence Neufeld.

Honorary pallbearers were J. H. Neufeld, W. M. Good, J. W. Chase, Fred Osborne, Sam Hergert, A. C. Witt, A. J. Kelly, W. E. McMillen, W. C. Saunders, Lawrence Good, Rufus Bolerjack, Carl Ellis, C. E. Whippo and G. L. Horne.

Mr. Jones had been associated with the Plainview Hardware and Furniture Co., Perryton Furniture and Good Furniture Co. since coming to Perryton 35 years ago. He was with the Good Furniture at the time of his death.

Survivors include his wife, Blanche, three sons, Jerald of Perryton, Randall and J. C. of Lubbock; a daughter, Mrs. Lois Keith of Perryton; and three

grandchildren, Susan Jones, Jan and Greg Jones, and Mrs. Jessie Miller of Perryton. Also survives Mr. Jones' interment was made in Ochiltree cemetery.

OBITUARY

Claud Franklin Jones was born in Vandalia, Ill., on Feb. 1, 1883. He moved with the family to Kansas at about the same age, then to Oklahoma. He was married to Blanche at Dill, Okla., on November 1908. They moved to Perryton where they have lived since that time.

He was a long time member of the Methodist church. He served on the official board of the time since he had been a member of the church.

Out of town relatives, friends attending the funeral services were Mr. and Mrs. Lowder, Elk City, Okla., and Mrs. Dale Baker, Okla. Mr. and Mrs. Edgar Berger, Mr. and Mrs. Egan, Wichita, Kansas.

A sign in the Evergreen National Park in Florida would be anglers that within one mile of Big Bend Ranger Station is where the birds. The sign has the point by a picture of a fish in its mouth.

Good Hairdo Suits All Moods

COIFFURE WARDROBE... Side part, sleek crown and soft curls add to face-framing flattery of this style, one of three from same basic hairdo.

STYLE TWO... Curls are replaced by waves and dips on forehead and cheeks, hair is more sophisticated. Style suggested for afternoons.

STYLE THREE... Nighttime drama may be achieved by recombining hair into this elegant upswept hairdo designed by Mr. Ruel of Coiffure Americana.

AP Newsfeatures Beauty Editor

These days a fashion-conscious woman is not satisfied with a one-style hairdo. She wants her hair cut and shaped in a manner that will lend itself to many coiffure variations.

Some impatient ladies are likely to want the impossible—a hairdo that is short and long at the same time, so that it can be combed into the style she admires at the moment.

The trend is toward satisfying this whim. Many salons are concentrating on the haircut which can be combed to suit the fancy. A coiffure wardrobe just designed by stylists of the Coiffure Americana, department store beauty salons, is a boon to women who want to change their hairstyle to suit the occasion.

This hairdo permits a carefree look in summer,

yet puts a woman in the well-groomed category for more formal occasions. The hair is blocked, shaped, tapered and thinned, all with versatility in mind. You can have a pompadour or bangs, page boy or fluff up the sides, straight or swirled hair at the nape of the neck, all with one hairdo.

Your hairdresser should be told if you desire a haircut of this type. It is one that is cut at varying lengths, but designed so that strands smooth into each other for the long unbroken look when wanted. Short ends can be whisked up at a moment's notice to satisfy your yen for a curl here or there, too.

At a recent style show Mr. Ruel, stylist for these salons, combed the hair of one model into six or seven attractive styles—all from the same basic haircut. She did look different in each one, all agreed, which goes to show that hairdressing is at last becoming an art.

Pink and Blue Shower Honors Mrs. Max Dendy

Mrs. Max Dendy was the honoree at a pink and blue shower Tuesday evening, July 26, in the home of Mrs. James H. Miller, 1118 South Baylor.

Mrs. R. I. Correll and Mrs. Earl Hall were co-hostesses for the occasion.

Mrs. Miller received and registered the guests. Corsages were presented the honoree and her mother-in-law, Mrs. Troy Dendy, and a sister, Mrs. Archie Correll. The unique corsages were twin dolls wrapped in a blanket.

Bouquets of flowers decorated the entertaining rooms. The bedroom, where the gifts were displayed was decorated with a stork carrying twin babies.

A pink and white color scheme was carried out on the serving table. Centering the table was a stork and twin dolls encircled with pink and white phlox. Mrs. Dendy and Mrs. Archie Correll presided.

Fifty guests called or sent gifts during the evening.

Mrs. Dunlavy Is Shower Honoree

A baby gift shower was given Tuesday evening, July 26, in the home of Mrs. Bruce Baumann, 1401 South Drake, to honor Mrs. Jim Dunlavy.

Mrs. Lloyd Morgan and Mrs. Otha Castle were assisting hostesses.

Mrs. Morgan received and registered the guests.

Mrs. Castle assisted with the gifts.

Mrs. Dunlavy was presented with a corsage made from pastel yellow and green booties, a rattle and safety pins.

The tea table was covered with a lace cloth over yellow. An arrangement of yellow candelabra flanked by green candles centered the table. Mrs. Margie Black presided.

Those present were Mrs. Dunlavy, Mrs. Otis Burk, Mrs. Preston Scott, Mrs. Denver Warren, Mrs. Phil LaMaster, Mrs. Gale Rogers, Mrs. Black, Mrs. Clyde Ragsdale, Mrs. Donald Ellis and the hostesses.

Several who were unable to attend sent gifts.

Miss Miller Is Honored With Shower-Tea

A bridal shower and tea was given Friday afternoon, July 22, in the home of Mrs. S. P. Whippo, 914 South Fordham, to honor Miss Janice Miller, bride-elect of B. R. Fletcher Jr.

Assisting hostesses were Mrs. H. C. Roberts, Mrs. J. D. Wright, Mrs. Giltner LaMaster, Mrs. W. R. Caylor, Mrs. A. K. Wilson, Mrs. C. G. Jewell, Mrs. Ivan Day, Mrs. Glen Smith and Mrs. D. B. Pearson.

Arrangements of gladioli and other flowers decorated the receiving rooms.

A corsage of pink carnations was presented Miss Miller. Corsages of sweet heart roses were presented Mrs. W. J. Miller, mother of the honoree, and Mrs. B. R. Fletcher, Sr., mother of the prospective bride groom.

Alternating hostesses received the guests. Mrs. Bobby J. Baker kept the guest book.

Mrs. Eddy Wilkins assisted with the gifts.

The tea table was laid with an imported, hand-drawn cloth and appointed with crystal. The centerpiece was fashioned of a bride doll encircled with pom-pom chrysanthemums. Pink candles in triple candelabra were at either side. The punch bowl was encircled with fern and pink gladioli blossoms. Mrs. Miller and Mrs. Fletcher alternated at the punch service.

Home In Jail

DENVER (AP)—A 60-year-old cabinetmaker, has been instrumental in establishing a branch of the city library in jail.

William M. Zenker has been in jail since Feb. 24, 1954, for contempt of court. He was sentenced to an indefinite term for refusing to divulge where he buried \$10,000 the court claims belongs to his ex-wife and which he says should go to a daughter he hasn't seen for years and can't locate.

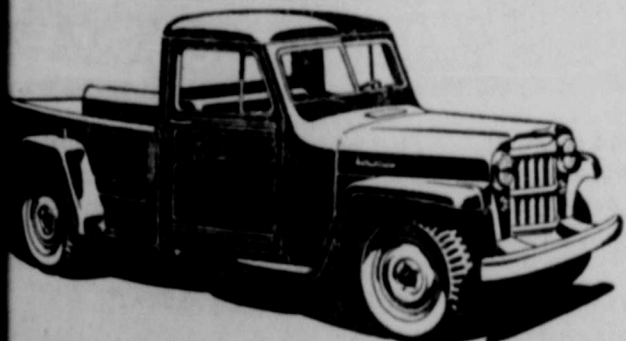

When he went to jail, Zenker immediately devoted himself to taking care of the few paperback books available. When his own case was publicized, he managed to direct attention to the lack of reading material in the county institution.

With his urging, the county jail officially became a branch of the Denver Public Library. Warden Gordon Dolliver says the arrangement makes 500 books available to inmates.

With the establishment of the library, Zenker—who can get out of jail any time he tells where the money is—has been named official librarian and Dolliver reports:

"He's so pleased with his new assignment and responsibilities, I doubt now whether he will ever tell where he buried the dough—he likes it here."

Don't Be A Litterbug

The garden clubs of Perryton started a campaign earlier in the year with the slogan, "Don't Be A Litterbug," and it appears that this will be a long, hard struggle to rid our streets and highways of litter.

Everyone who goes to a park or to the country for a picnic likes to find a clean, attractive spot for the meal in the open, but few leave the picnic spot clean. It takes but a few minutes to pick up and dispose of the trash from an average picnic. But left to blow around and attract flies, it can mess up and spoil the site for the next group of picnickers.

The city park and county park in Perryton have plenty of barrels for picnic trash, but it is apparently quite a chore for some folks to find them. Nearly every day there are remains of a picnic, often with watermelon rinds still laying on the tables, gathering flies. No one likes to have to clean up another's mess in order to enjoy a picnic.

State highway department maintenance men continue to have a busy time picking up papers, boxes, cans and bottles from along the road, where motorists leave their trash out the window.

The "Litterbug" campaign is seeking to educate people to put their trash in a sack instead of throwing it out the car window to put trash in a sack or box and carry it home from a picnic site rather than strew it about.

Whether or not this campaign will ever succeed remains to be seen. Like the education program toward safer driving—the battle is a long, and often frustrating one.

Ways To Save Water

With the monthly city water bills due in a few days, and with the hot weather certain to make these show an increase, it may be well to point out a few ways of saving water.

The average home in Perryton wastes a lot of water, wasting it in many small ways that escape almost unnoticed.

For example, a steadily dripping faucet will waste almost as much water as one member of the family will use during that day. Showers usually require 25 gallons of water—baths, 36. Reduce these figures by turning off the shower while soaping and turning it on again to rinse and save 15 gallons. Substitute a partly filled tub for a full one and save 16 gallons.

Washing dishes under running water can use up to 30 gallons per meal. Letting the water run all the time you are brushing your teeth is wasteful. Turn off the hot water faucet when shaving and save up to 25 gallons of water.

An air conditioner without a circulating pump uses many times as much water as one with a pump. Soaking a lawn gets the job done with less water than using a fine spray sprinkler. Watering in the early morning or late evening gets more good out of the water than doing it in the heat of the day.

The national average for water consumption is 50 gallons per person per day. Look on your water meter card this month. If your family has used more than that, don't complain about the price. After all, water costs money, too.

with HAROLD HUDSON

We had a brief talk this week with A. D. Moore, father of Mrs. Alva Cone. Mr. Moore says he is 105 years old, being born in 1850 in Cincinnati, Ohio. He came to the West when a boy of 12 and worked many years in Beaver county and Indian Territory. He has 11 children, the youngest of whom is 21 years old. He has lost track of the older children, most of whom have grandchildren and even great-grandchildren.

We couldn't help thinking what a terrific lot of history this old gentleman has seen. Practically every invention of our modern age was developed during his lifetime and the slow moving horse drawn, pioneer days of his boyhood must seem centuries ago compared to our fast moving machine age today.

The thing most brides would like is a cook book with a happy ending.

They call it a "Big 4" meeting, but they're not fooling anyone. Actually the only nations that have much weight to swing at these "summit" meetings are the United States and Russia. How on earth France ever got to be one of the Big 4 we'll never understand. We doubt if there are fewer nations on earth whose opinion is less sought and whose assistance is less depended upon than France. England is in about the same shape, but has a little bit more stature than France.

It takes a lot of time to get experience, and once you have it you ought to go on using it.

We read a complaint the other day from a "liberal" newspaper that practically all newspapers that supported Ike in the last election and Allan Shivers in the 1954 campaign get payoffs from what they call Special Interests. We want to report here and now that the Herald supported both of these gentlemen and have yet to be approached by any Special Interest. We haven't even seen any Vested Interests, Selfish Interests, Special Interests, or Oil Barons coming around here with a payoff. We feel slighted that no Special Interest has ever made an offer.

Quite a bit of the world's trouble is produced by those who don't produce anything else.

Amy Vanderbilt, writing an Etiquette column in This Week, was given this question: "For what services do you tip a filling station attendant?" The answer: A tip of 25 cents should be given for services such as checking the oil, water, battery, tires and for washing the windows. A regular customer should give attendants a quarter from time to time.

It seems to us that Amy Vanderbilt probably is not accustomed to buying gas in service stations, probably has a chauffeur. This department put in several years in a service station and never did have any one offer to tip us for anything. These services mentioned by Amy are considered part of the free service which has always been a tradition of service stations. After all, every station in the nation sells the same products at practically the same price. Therefore, all they have

STRIKING AT THE ROOTS!

to offer is service—and in a highly competitive field such as service stations, the successful stations stress free service. And no tips.

The current issue of Fortune has an interesting article on present day retailing. Recalling the early days when there was no pricing in stores, Fortune points out that John Wanamaker set the retail pattern for all America in the late 1800's, when he put in the "one price system." This was simply the system that assured every customer that he was buying merchandise labeled with a price—and that his price was the same as the next customer's.

In the past year, another change is revolutionizing the retail industry. The one price system is breaking down. Instead, we have "list prices," which are taken to mean the asking price from which point the bargaining begins. Large department stores in the north and east are issuing their clerks books giving list prices, intermediate prices, and lowest prices on merchandise. Instead of the long familiar, well understood, one price system, we seem to be now embarking on a system of bargaining like they have in the Near East bazaars.

The current vogue is to get merchandise "wholesale." Discount houses are doing a big volume and the large retailers are combating this with price cutting. So-called "wholesale" catalogs flood the mails, offering every item in the world at a reduced rate. Price cutting is rampant on automobiles, appliances, and other items.

Fortune thinks that the retail merchant in America today faces one of his most perilous times. Only the efficient and the well financed are liable to survive. If this happens, it will likewise mean the death of small towns such as Perryton. For without retail stores, there will be little excuse for a town—and without these same stores, there will be little financing of churches, schools and community enterprises.

Walt Creek Philosopher

Soft Living Costs Too Much

(Ed. note: The Walt Creek Philosopher discusses easy living this week, and he ought to be an expert having done about as much easy living as anyone we ever heard of.)

Dear editor:

Anybody can rest after he gets tired but it takes forethought to rest ahead of time and I was out here on my farm yesterday morning enjoying this thoughtful type of rest and I got to thinking about an article I read in a newspaper the night before.

According to it, an expert in Washington, worried about the health of the nation, said "easy living habits are steadily reducing America's stamina to the danger point."

"No one can estimate what the automobile has cost the American people in muscle, or the radio, television and motion pictures in active participation in recreation," he said, adding, "A nation that indulges in this easy living is steadily reducing its stamina to the danger point."

This is the type of thinking, if you ask me, that is mostly an argument for resting before you get tired, to avoid such outlandish conclusions.

Sure, I'll admit it, we've got more automobiles in this country than the rest of the world put together, more radios, more television, more automatic washing machines, more air conditioning, etc. In fact, just looking at the figures, you might say we've got easy living in this country and this expert is right.

But here's the point: we've got easy living in this country, but you have to work so hard to get it, and then work so hard to keep it running and replace it with the new model coming out next year, it's a full time job and you're not in any danger of getting soft.

If automobiles reproduced themselves, if washing machines had little washing machines to grow up and take their place when they wore out, if electricity was free to operate all the gadgets, and gasoline too, there might be some danger in us becoming soft, but like things are now, it takes as much muscle to keep the machine age going as it did the stone age. The down payment has produced as much hard work as the struggle to kill wild game ever did, new models every year are responsible for as much muscle as planting corn with a forked stick ever produced.

Soft living may bring about weak people, but it'll have to get a whole lot cheaper before there's any danger. To keep the payments up on the kind of easy living we've got, a man has to stay in trim.

Yours faithfully,
J. A.

Newest thing in Room with a View

It's the 4-Door Riviera—the stunning new hit of America's Hardtops

WHEN Buick introduced America's first hardtop—the Riviera—folks went for it in a big way, and fast.

They liked the Convertible look of this 2-door beauty—long, low and rakish. They liked the added security of the steel roof overhead. And they certainly liked the absence of center posts in the side window areas—which gave a completely unbroken view left and right.

People liked it all so well that, over the past six years, they made the Riviera the biggest-selling hardtop in the world, bar none. And it still is.

Now Buick has come up with another great advance in hardtops—the 4-Door Riviera—and it's a sensational hit.

It has everything the original 2-Door Riviera has—plus separate doors for rear-seat passengers, and a whole of a lot more room for them.

Rock-solid half-pillars on either side are what latch the front doors and hinge the rear ones. So there's no center post above the door line—and a completely open sweep of view to both sides.

And the roominess provided by this gorgeous new hardtop is really something—over 9 inches more hiproom and 5 inches more legroom in the rear.

Why don't you come see this brand-new kind of automobile that's heading up the parade of the hottest-selling line of Buicks in history?

That way you can also try what else is to be had here—Buick comfort, Buick power, Buick ride and handling and roadability—plus the electrifying action of Buick's Variable Pitch Dynaflo.*

Do it this week—tomorrow would be fine—and you'll see what record volume really means in the way of record-high trade-in deals.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at most extra cost on other Series.

'Foxfire' Tells Story of East Meeting West

Combining the acting talents of Jane Russell, Jeff Chandler, Dan Duryea and Mara Corday, "Foxfire" comes to the Ellis Theatre on Sunday and Monday.

Briefly, the story concerns a wealthy eastern socialite who meets and falls in love with a rugged western mining engineer while vacationing at an Arizona dude ranch. Their personalities, so different in nature, begin to clash almost at the last note of the wedding march. How their marriage goes on the rocks until a compatible solution is found is told in a poignant and forceful manner.

As the young lady with eastern ideals who meets the young man with western ideas, Jane Russell scores effectively in a tailored-to-order role. Jeff Chandler is equally effective as Miss Russell's co-star, turning in one of the finest performances of his career.

Always a dependable performer, Dan Duryea does an excellent job in his role of a mining camp doctor who attempts to win the affections of Miss Russell during her matrimonial tiff with Jeff. Sharing honors with Duryea in a top supporting role is Mara Corday, a comparative newcomer destined for certain stardom.

True Story of Harry Houdini Told In Exciting New Picture

The true story of Harry Houdini, the greatest daredevil and escape artist of all time, comes to the Ranger Theatre Tuesday-Thursday, July 31-August 2. Starring Tony Curtis and Janet Leigh. "Houdini" gives the whole story of the amazing Houdini escapes, including the slipper handcuffs, emerging from locked safes beneath icy rivers, wiggling out of a strait jacket while dangling from a flagpole atop a towering skyscraper.

The picture not only relates the exciting public career of Harry Houdini but explores his personal life as well.

Although Harry Houdini won fame and fortune as the man

who amazed the world, a shining phase of his golden career was his lifelong romance with his wife, Bess. They met when he was a struggling magician touring with carnivals. It was love at first sight, a love that persisted through great adversity and which triumphed at great heights. In this filmization of Houdini's eventful life this lesser-known romantic aspect is stressed, and it is done beautifully.

Gets The Bird

LONDON, Ky. (AP)—It was a costly victory W. S. Carpenter scored over starlings. His double-barreled shotgun went off prematurely as he closed the breech while preparing to fire from an upstairs bathroom window. The charge made a sieve of the plumbing, water leaked through the living room below, and his wife was scared nearly out of her wits in the belief he had been shot.

Carpenter figured the scare he threw into the starlings cost him several hundred dollars.

You Can Choose Clocks To Fit Any Room Scheme

You can find a clock to harmonize with any decorating scheme. The face doesn't change somehow, although the figures of timepieces have been streamlined.

Most Americans choose a clock for every room. It is hard to be lonely with the heartbeat of a clock thumping rhythmically through the house. It is a warm friendly sound.

You can find silent or noisy clocks, chimes if you like, too. Or you can be primitive about time and control the lapse of minutes by a dribble of water, trickle of sand, sun dial or the 2,000 year old Chinese rope burning method.

BUT AMERICANS being clock conscious (there was a clock maker in every good-sized community in colonial days) you'll probably want to make your clock a decorating accessory in the home. Robert Herschede, third generation clock maker of Cincinnati says:

"The clock trend is toward modern materials—metals, leathers, plastics—to tie in with contemporary furnishings in furniture, wallpapers, decorative fabrics. But favorite styles are still available with 20th century streamlining. Traditional floor clocks have gone contemporary, and are designed for little houses leaving a good amount of air space between ceiling and clock so that it doesn't dwarf the room."

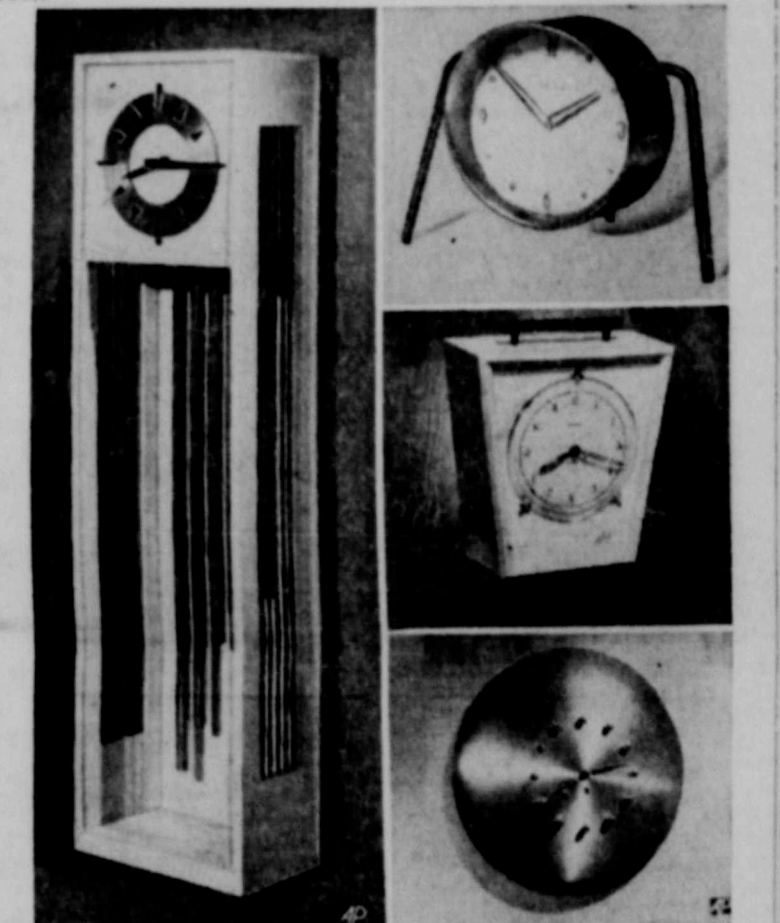

Herschede experimented for a while with "tailored time" a method whereby a consumer would send his fabric to the factory to cover the clock of his choice. "Too time consuming," Herschede decided, although he did learn from the venture that people like their clocks to harmonize with room accessories. One clock was covered in the tartan plaid of the family clan. Says he:

"Most clock makers are striving to produce clocks that can go with any style or period of a house and its furnishings whether it is Colonial or ranch type."

THE 14-FOOT grandfather clock is now a design of a little over 5 feet and electrically powered, a far cry from the pendulum case clock built in 1675 based on the early theory of Galileo.

Modern editions of Dutch Swedish or English wall clocks of the Queen Anne period are neat little leather designs as well as metal resembling French toile and decorated in Provincial style. Some wall pieces are covered in monks cloth for a change of texture. Other designs resemble the Simon Willard banjo clock.

Portable mantle clocks are modern versions of Chauncey Jerome's portable timepiece of 1848. A dressed up version of the popular little clock usually found with alarm has wrought iron legs and a bonnet covered

TIME TICKS on as these streamlined clocks illustrate. At left is a modern edition of the grandfather clock. Top right shows a new table clock. Right center is a portable mantle clock and lower right, a leather-covered wall clock.

Payne Stars In Western Opus

Brother is pitted against brother in "The Road to Denver," which comes to the Ellis Theatre on Friday and Saturday, starring John Payne, Mona Freeman, Lee J. Cobb, Ray Middleton and Skip Homeier.

The picture was based on Bill Gulick's Saturday Evening Post story. John Payne and Skip Homeier portray the brothers who vie for the love of the same woman, enacted by Mona Freeman, and seek different roads to fame and fortune. Payne plays the older, resolute and dependable one, while Homeier is seen as a hot-headed, trigger-happy but basically loyal lad. How this conflict is brought to a happy but logical conclusion makes for exciting, dramatic and highly pleasing screen entertainment.

Most Modern, Shortest Stroke V8's in any leading truck!

New Chevrolet Task-Force Trucks

Here's the measure of a truly modern V8 engine—Chevrolet's advanced oversquare design. It means less friction... longer engine life!

Here are more dollar-saving reasons why Chevrolet trucks offer the most modern V8's* for your money!

MODERN 12-VOLT ELECTRICAL SYSTEM
Double the punch for quicker starting and more efficient ignition for finer performance.

GAS-SAVING HIGH-COMPRESSION RATIO
With a high 7.5 to 1 compression ratio, Chevrolet's new V8 truck engines squeeze extra power—and work—out of gas.

EXTRA-HIGH POWER PER POUND
Since these V8's deliver high power per pound of engine

weight, more of the power is actually available for hauling.

ADVANCED AIRCRAFT-TYPE VALVES
Valve action is more positive at all speeds for finer, smoother performance.

FLOATING OIL INTAKE... FULL-PRESSURE LUBRICATION
Oil intake selects the cleanest oil for positive, full-pressure engine lubrication.

*V8 standard in the new L.C.F. models, an extra-cost option in all others except Forward-Control models.
