NUMBER 22

Can Sheep Producers To Vote 10-21 On Self-Help Program Advertising of Lamb And Wool

Producers and stockmen are pretty conspicuous in the life of a city home — but to them have been tell-tale signs all across the good one of their presence, and urging them to often in their family

commodity is lamb — and growers of this country, some 285,000 others the U. S. — are taking at what they've done short years in boosting parity in their self-help and advertising pro-

gram to make an important regarding that advertising September 10 to 21, when of Agriculture Freeman for a nationwide sheep referendum. The referendum decide whether the Self-Help Program will be renewed an agreement American Sheep Producers to continue their \$3 annual advertising program and wool.

Program is financed through from wool incentive made to producers. These payments are made collected on imported thus are not added tax the federal budget.

duction for the sheep self-help promotion and program amounts to 1 and for wool sold by each and five cents per 100 unshorn lambs sold by during the marketing, each producer pays a in relation to the size of sheep production.

Day Band Practice Begun New Director

Smith Drum Major
Jane Dunlap
Twirler

Ozona High School band began day-day practice sessions with about 66 members on practice.

red dish supper Monday was a good group of band and parents and director green stated that he was with the attitude of the members, even though he felt a great deal of progress led to be made.

Smith, blonde, blue eyed of Mr. and Mrs. G. W. Ozona, was named drum day following a week of raining last week. Jan is returning member from twirling group and has twirler with the band for

Yvonne Martinez first ar, the morning sessions devoted to marching work, while the afternoons have been devoted

as of one of the largest in the history of the which will be followed by best freshman class now in the Ozona Public has resulted in a large in band personnel with percent of under class band in many years.

Airman Wm. E. Litton Is Airman of Month At Ozona AF Station

Airman 1-C William E. Litton whose home town is Jackson, Tennessee, has been named Airman of the Month for July 1962 at Ozona Air Force Base, it was announced this week.

Airman Litton is a finance clerk at the Ozona Station and resides with his wife and two children at 812 5th street in Ozona.

Before entering the service in May 1949, the Tennessee Airman graduated from North Side High School in Jackson, Tennessee, and attended Lambuth College which is also in Jackson. After one year of college work, Litton went to work for the Illinois Central Railroad but then decided to enter the Air Force and has now decided to remain in the Air Force as a career.

The airman of the month award is based on high standards of conduct, military appearance, and attention to duty. In recognition of the achievement, Ozona merchants are cooperating by offering the winner each month prizes in merchandise or services. This month Mason Motor, Sam's Barber Shop, Beall's Barber Shop, Ranch Theatre, Ozona Laundry, Baker Jewelry and Miller Lanes contributed. B&B Grocery, Bradbury's, Elmore's Gulf Station and Evans Foodary contribute on a quarterly basis to the program.

The Ozona Lions Club has extended an invitation to Airman Litton to attend its meeting this month as an honored guest of the Club.

Judy Ingham Attends Teen-Age Girls Camp

Miss Judy Ingham, daughter of Mr. and Mrs. B. B. Ingham, Jr., of Ozona, has returned home after attending the Heart of the Hills "Holiday House" for teen-age girls at Hunt, Texas.

Located in a green mountainous valley near the head of the historic and beautiful Guadalupe River, at an altitude of 2,000 feet, "Holiday House" is high and cool.

Eldorado-Iraan Plan Ribbon Cutting to Open New Highway Sept. 15

September 15, a Saturday, has been set as tentative date for local boosters to make a trip to Iraan to formally inaugurate the new highway route, which is nearing completion.

Four men from Iraan: H. C. Smith, O. K. Powell, E. B. Hall, and Ollie Garland, attended the meeting of the Lions Club here yesterday and reported that the Lion club at Iraan has agreed to sponsor the gathering and serve barbecue. In addition to boosters from here, others will be invited from Menard.

Tentative plans call for a program to begin at 10:30 a. m. the morning of Sept. 15th, to be followed at noon by the barbecue. The plans were discussed by Mr. Powell, who is mayor of Iraan.

The program will also include a ribbon-cutting ceremony.

The four Iraan men reported that they had come over the new highway and there were a few stretches where construction was going on that they had to drive in the barrow ditch. They stated that in some places base has still to be laid and topping is still to come. A few minor delays have been reported because of equipment malfunction, but the road should be completed by around Sept. 1.

Since Sept. 15th is a Saturday following a home football game, it is thought that the school band will be available to go along on the trip.

Further plans will be announced later. — Eldorado Success

Airman of the Month

UNIDENTIFIED FORMATION — New Pay Zone In Gulf Vaughan May Be Ellenburger

Multipay area in 11 Mi
Nwest of Ozona; Delta
Tests No. 1 Couch

Gulf Oil Corp. No. 1-A Isabel Vaughan, in 35-OF-GC&SF, unidentified Permian prospect surrounded by San Andres production in the north portion of the Vaughan multipay field of Crockett County, 11 miles northwest of Ozona, has indicated production in another pay, possibly the Ellenburger, with the recovery of oil on one of two drillstem tests.

On a two-hour test between 7,336-86 feet, recovery was 2,450 feet of oil. Gas surfaced in six minutes, volume too small to measure. Flowing pressure was 170-689 pounds; 30-minute initial and final shut-in pressures were 2,810 and 2,130 pounds, respectively.

Recovery was 30 feet of mud on a subsequent 1½-hour test between 7,386-436 feet.

Contract depth is 7,800 feet, to test the Ellenburger.

Permian production was indicated with the recovery of 90 feet of oil and gas-cut mud and 930 feet of oil-cut mud on a test between 5,300-75 feet, on which gas flowed at the maximum rate of 196,000 cubic feet daily.

The field has one Ellenburger producer 7½ miles to the south-east.

Delta Drilling Co., Pauley Petroleum, Inc., and Dalton Cobb, Odessa, were preparing to acidize and test through Fusselman perforations between 9,340-70 feet, at their No. 1 Couch, in 25-ST-HE&WT, Crockett County wildcat eight miles southwest of Ozona and 3½ miles northwest of the initial portion of the Hunt-Baggett (Strawn) gas field, which has been drilled "tight".

Operator plugged back to 9,500 feet after swabbing dry through Ellenburger perforations between 9,815-25 feet, which had been acidized with 1,000 gallons.

Alford Of Ozona Gets All Tourney Honors At Robt. Lee Softball Meet

Lana K. Alford was named to the all-tourney team at the Robert Lee Women's softball tournament last Saturday and Saturday night even though her team, representing the first Baptist Church of Ozona, failed to win either of its two games in the double elimination tournament.

Lana was named center fielder on the mythical team in recognition of her fine defensive work during the two games her team played.

The first Baptist team dropped a 10 to 0 decision to the Roscoe girls to drop out of the chase after losing to opener in the tournament to host Robert Lee.

Mrs. J. T. Keeton and her sister, Mrs. Mae B. Cormier, who is making here home here with Mrs. Keeton, had as guests last week their nephew, Ralph Beasley, and Mrs. Beasley from Houston.

Registration For New School Term To Begin Monday

Whole Day Assigned
To Register Expected
Big Sophomore Class

Registration for the fall term of school for all Ozona High School and Junior High students was announced this week by J. A. Pelto, high school principal and Roy Killingsworth, Junior high principal.

For the first time in Ozona High School's history, more than half a day has been assigned to a class because of its size. The Sophomore class was assigned the whole day, Aug. 28 in which to register with over 70 students expected to sign up as Sophs this fall or more than the entire student body of the high school at the time the present building was built.

The registration schedule for High School students is as follows:

Monday August 27: Seniors from 9 a. m. to 12. Junior 1 p. m. to 4 p. m.

Tuesday August 28: Sophomores 9 a. m. to 12 and 1 p. m. to 4.

Wednesday August 29: Freshmen, 9 a. m. to 12 and 1 p. m. to 4.

For Junior High the schedule will be slightly different with the 8th grade registering Tuesday, August 28, and the seventh grade registering Wednesday, August 29, following the same hours of registration as for high school students.

Ozona Airman Assigned Strategic Defense Unit

Lowry AFB, Colo. — Airman Third Class Elzie E. Watson of Ozona, Texas, is being reassigned to a strategic defense unit following his graduation from the United States Air Force technical training course for munitions specialists here.

Airman Watson, son of Mr. and Mrs. Elzie L. Watson of Ozona, Texas, was trained in the maintenance, storage, loading, assembly and safe disposal of explosive munitions.

The airman, who entered the service in February of this year, is a graduate of Sundown (Tex.) High School.

School Men In Pecos Protest New Ruling Of State Education Agency

Schoolmen from District 2 of the Southern Association of Secondary Schools meeting in its annual meeting in Pecos Monday voted to contact state school board members concerning hardships created by a recent ruling on accreditation passed by the board.

Following a discussion of Southern Association standards led by chairman Tommy Thompson of Kermit, the group elected several new members and one replacement on its executive board.

New members of the board were Hubert Wheat of McCamey, Hubbard Pope of El Paso, and Ray Whitley of Pecos. Holdover members of the board are G. E. Thompson of Kermit, who is chairman, L. B. T. Sikes of Ozona, and Ira Hutchinson of Iraan.

The ruling which is creating the disturbances has arisen over a change in teacher requirements on a high school level which has come about this year. The state board in response to criticism in the last few years over the number of hours of education courses required for a teacher certificate, changed the amount required, but at the same time made a mandatory increase in the number of hours required in the field in which the teacher was assigned to teach.

A prior state ruling had required the teacher to teach only in her major or minor field, but the new ruling would require almost as many hours as many graduates have in total, were they asked to teach in several fields at one time, as is often the case in smaller schools.

Goat Which Attacked Ozona Visitor Found Suffering From Rabies

A goat which attacked Mrs. Sidney R. Moughon of Gilmer, daughter of Mr. and Mrs. Evert White of Ozona, who is here visiting the Whites, was found to be suffering from rabies, the state laboratory at Austin notified the sheriff's department here Wednesday morning.

The incident occurred on the Jim Scott ranch near Sheffield where Mrs. Moughon and children had gone with her father for a brief visit Monday afternoon. The animal had been put out of the shearing pens into a big water lot when it's strange behavior was noted. It attacked the group of persons, including the children. The animal's horns made a slight abrasion on Mrs. Moughon's leg, necessitating anti-rabies shots as a precaution. The children were not injured.

Mr. Scott, who had handled the animal in the pens, is also taking the shots.

Membership Sales Reported Good For Athletic Boosters

Louie Throgmorton Is
Speaker At Annual
Barbecue Supper

Ticket sales were reported to be progressing satisfactorily this week as the Ozona Lion Booster Club prepares for its annual barbecue honoring the Ozona football squad to be held at the high school Tuesday Sept. 4.

Membership chairman Ernie Boyd reported this week that he had not contacted his membership salesmen since last week but that the fragmentary reports turned in so far indicate that the total for last year had already been exceeded.

"Even though the salesmen have been working very well, there are still many Ozona men who have not been contacted and we would like to urge these men to look up one of our salesmen and join. I am sure that no oversight has been intentional but it is very hard to contact every one though we would certainly have that goal in mind," Boyd stated.

The membership chairman named the following Ozona business men as club membership salesmen: Charles Williams at Ranch Feed and Supply, Doyle Elmore at Gulf, Glenn Sutton at Chevron, Jerry Hayes at Ozona Oil, John Held at the Highway Cafe, T. J. Bailey at West Texas Utilities, Woody Mason at Mason Motors, Al Fields at the Court House Annex, Oscar Kost at the Boot Shop, Herman Knox and J. P. Pogue at the Knox Motor Co. Felipe Castro at the Boot Shop, Quebe Alford, Continental Oil and Ernie Boyd at the Stockman or at school.

In addition to the barbecue the club members will have the privilege of hearing Louie Throgmorton, well known speaker and Dallas insurance executive and in addition will get an introduction to the coaches and team as well as a survey of the prospects for the coming season.

Child Bitten By Dog Gets Treatment Here

Mary Kay Stirman, daughter of an Air Force officer, was treated here Monday for injuries suffered when a vicious dog bit her on the cheek, tearing away a large piece of flesh from the cheek. The attack occurred on a ranch near Dryden where the child's parents, Capt. and Mrs. Ernest Stirman of McConnell AFB, Kansas, were visiting.

After receiving emergency treatment here, the injured child was taken to Lackland Air Force hospital in San Antonio. The dog was being observed for possible rabies.

Mike Bryan of Houston, is visiting his grandparents, Mr. and Mrs. Bailey Post for a few days.

Death Claims Joe Patrick, 62, Native Of Ozona

Funeral Wednesday
At 4 p.m. From First
Baptist Church

Funeral services were held at 4 o'clock Wednesday afternoon from the First Baptist Church here for Joe Patrick, 62, native Ozonan.

Mr. Patrick died at 10:50 a. m. Monday in a hospital at Weslaco where he and Mrs. Patrick were visiting their son. He had spent seven weeks in the Crockett County Hospital under treatment for a heart condition. Death came in the Weslaco hospital after he had been a patient there three days. The heart condition plus an attack of pneumonia were given as causes of death.

Funeral services were conducted by the Rev. Harry Trulove, pastor of First Baptist Church, with burial following in Cedar Hill Cemetery under the direction of Cody Funeral Home. Pallbearers were Tom Harris, Carl Montgomery, Ed Cranfill, Troy Williams, O. C. Webb, Gordon Alkman, Richard Flowers and Glenn Sutton.

Mr. Patrick was born in Ozona Nov. 1, 1899, the son of the late Mr. and Mrs. T. W. Patrick, pioneer Crockett county ranch couple. He married Miss Lydia Elledge in Ozona December 25, 1923. He had been an electrical contractor here for more than thirty years, having worked previously for the old Ozona Improvement Co., which supplied Ozona with water and electric service before the West Texas Utilities Co. came.

Surviving are the widow; one son, Henry Patrick of Weslaco; one grandson, Don Patrick of Weslaco; two brothers, John Patrick of Pecos and Tim Patrick of Corsicana, and two sisters, Mrs. E. E. Finigan of San Antonio and Mrs. Rufe Everett of Ozona.

Football Coaches Greet Squad of 24 As Practice Opens

8 Lettermen Return To
Form Nucleus Of Re-
built Team

By Ernie Boyd

Football returned to West Texas Monday morning and to Ozona in particular when Coaches Fred Hickman and Sonny Cleere welcomed about twenty-four candidates for the 1962 Ozona Lion football team, the first of two-a-day practice sessions which will run until school starts.

Included in the group reporting were seven lettermen from Penn Baggett yet to report. Baggett, a star tackle on last year's squad, is still in summer school in Houston but is expected back next week.

Four squadman and five B team members were among the other sixteen reporting with some of the B teamers having picked up more playing time last fall than did the squadmen.

Of the eight lettermen expected to be on the squad by first game time only five have booked very extensive playing time with several of these having played only on offense or defense.

To add further to the woes of the coaching staff, a number of the limited squad will be candidates to the B team only since ineligibility, lack of size and in some cases complete lack of experience would make their usefulness to the varsity unlikely or impossible.

On the brighter side, the squad will have some proven performers and some of the members of last year's B team have grown and look like good candidates for jobs this fall.

Pete Montgomery, Robert Cox, Richard Vargas, Brent Moore, Joel Huff and Jim Semmler have all (Continued on Last Page)

gazzettes,

Some threepence in the whole.

Mine is on unremunerative vice, or hobby, and I shall be far more than threepence in the hole if I keep it up. But I have just found an exciting thing. The word "girl" — I have always liked and encouraged girls as a race — was a diminutive of the root "gir", which meant a child of either sex. (Too bad.) Old English used the term "knaave girl", meaning a boy. "Wench" was much the same. In The Armulium, the diminutive of this, "wenchel", was applied to the Babe in the Manger.

See how things change? See what we have lost? Our modern use of wenchel has unfortunately been prefixed by walter, to nobody's gain.

Football —

(Continued from Page One)

ed by the men who could best serve the team and indicated several boys will find themselves playing different positions from the ones they held down last year as well as playing different positions on offense and defense, the coach said.

Big Lake will be a big favorite in the newly established district 8-A which will have three new members, three old members and minus two of last year's members, Sonora which went 2-A, and Junction which moved into a district east of here.

On the more encouraging side seem to be outclassed by any other of the picture the Lions do not now member of the circuit so an interesting race could very well develop.

be impounded, Mr. Hamilton pointed out that both Lake Walk and Devil's Lake on Devil's river will be completely inundated, the water at Lake Walk to be approximately 145 feet deep and at Devil's Lake more than 100 feet deep.

Falcon dam was dedicated in 1953 by the presidents of Mexico and the United States and by impounding waters of the huge 1954 flood saved millions of dollars in damage to the lower Rio Grande valley of Texas and many towns and villages below the dam in Mexico.

"If Amistad dam had been in place in the 1954 flood, the damage it would have saved on the US side alone would have more than paid for the entire cost of the project," the engineer said. The dam will in the future save flood damage on the Rio Grande from Del Rio to the gulf, he declared.

Allocation of water use from the huge reservoir will be prorated between Mexico and United States users on the basis of percentage of inflow from streams on the American and Mexican sides of the international boundary stream. The upshot of a treaty covering water rights from the reservoirs will give U. S. users title to approximately 66 percent of the Amistad waters and 34 percent to Mexican users. These percentages vary along the distance of the boundary stream as percentages of inflow from streams varies, the visitor declared.

Mr. Hamilton was introduced by T. J. Bailey, program chairman, Herman Knox, Rotary president, presided.

Davy Crockett —

(Continued from Page One)

or more of the pictures of the statue appear.

It is not a matter of speculation to say that the figure of the Hero of the Alamo draws many dollars of trade into Ozona business houses each day, particularly during the summer.

Once stopped, motorists often decide they need a coke, or something to eat, or something in the variety store and thus many dollars that would have otherwise raced on by without notice are gained by Mr. Crockett's reputation.

Many of the viewers with only a smattering of knowledge about the noted frontiersman are uncertain about where Crockett met his fate, or if he had lived here before the Alamo. Others knowing something of his background are prone to ask why the statue is here.

The statue was erected as a part of the Texas Centennial observance in 1936 when historical spots over the state were marked and statues of Texas heroes erected at various points in the state.

Crockett's statue was erected here, of course, because Crockett county is named in his honor. The statue, carved from Llano marble, depicts the famous bear hunter and Alamo hero resting on his long double barreled rifle "Betsy" but minus his coonskin cap.

Charlie Meybin, son of Mr. and Mrs. Bob Meybin of Sewickley, Pa., is here for a visit with his uncle and aunt, Mr. and Mrs. Frank McMullan, Sr. Mrs. Meybin is the former Dixie Davidson of Ozona, Mrs. McMullan's sister. The Meybin's other son, Johnny will accompany Mr. and Mrs. Chas. E. Davidson, Jr., home for a visit a little later. Mr. and Mrs. Meybin and Johnny and Mr. and Mrs. Davidson are in Winfield, Iowa, where they are visiting Mr. Davidson's and Mrs. Meybin's brother-in-law and sister, Mr. and Mrs. W. J. Grimmer.

Joe Warren Friend has been attending the summer session of the University of Mexico in Mexico City this summer studying Spanish.

J. A. Peltos is due to arrive in Ozona Sunday but Mrs. Peltos and the children will remain in Tyler to visit with her family until Labor Day before coming to Ozona for the beginning of school. The Peltos have spent the summer in Virginia, Minn.

MRS. NIP BLACKSTONE HOSTESS AT BRIDGE

The weekly meeting of the Ladies Golf-Bridge Association of the country club met last Thursday. In golf play, Mrs. Jess Marley won low net for the club trophy and also won the ball in the day's play.

High score in bridge went to Mrs. J. L. Dockery et Santa Anna, second high to Mrs. Evart White and club to Mrs. Joe Clayton. Others attending were Mmes. Armond Hoover, Jr., Beecher Montgomery, J. B. Parker, J. S. Pierce, III, Bill Bradbury, Early Baggett, Sherman Taylor, Mike Clayton, Arthur Kyle, Byron Williams, J. M. Baggett, Lloyd Sherrill, Coralie Meinecke, V. I. Pierce, T. J. Bailey and Joe Pierce, Jr.

and high to Mrs. Evart White and club to Mrs. Joe Clayton. Others attending were Mmes. Armond Hoover, Jr., Beecher Montgomery, J. B. Parker, J. S. Pierce, III, Bill Bradbury, Early Baggett, Sherman Taylor, Mike Clayton, Arthur Kyle, Byron Williams, J. M. Baggett, Lloyd Sherrill, Coralie Meinecke, V. I. Pierce, T. J. Bailey and Joe Pierce, Jr.

Mrs. Nelson Booth and her family, Bonnie, were here last week over the week-end. Mrs. Booth's mother, Mr. Ingram, Sr., and other members of her family. Tommy Booth has been visiting the past weeks with Mrs. Bill Booth. Carl, accompanied his mother sister back to their home in Orleans.

Here, Lady, is your MEDALLION home with Comfort Flameless Electric Heating

It's easy to keep because
flameless heat is clean!

Your home will stay cleaner when you heat with flameless electric comfort heating. Walls need less scrubbing, furniture and upholstery need less cleaning, and silver needs less polishing when you heat the flameless electric way. West Texas Utilities brand new electric home heating rate is very low. During the winter months you can heat your home on a new 1¢ per kilowatt hour rate. A Medallion home has many other electric servants for comfort and cleanliness—flameless electric cooking, refrigeration, laundry equipment, and dozens of electrical work saving appliances.

For further information see West Texas Utilities or your home builder.

an investor owned company

Something you should think about if you're about to buy a truck:

If all trucks were built the same way, cost the same to keep up, were worth the same at trade-in . . . then probably the price tag would be your only concern. It can't be, of course, because some trucks have more quality than others. And marks of quality are the real keys to low cost. Chevrolet trucks, for example, have double-wall construction, which gives bodies and cabs more strength. Cabs are insulated against heat, cold and noise. A big part of road shock, which shortens truck life, is damped out by Chevrolet's suspension system; it also makes riding in the truck a pleasure. Pickup bodies and cabs are separated to eliminate stress between them.

Value such as this has induced more people to invest in Chevrolet trucks every year since 1937.

This can be a good time to buy a modern new Chevrolet truck

Late summer traditionally is the season for all-around savings on a new Chevrolet truck . . . selection is still good . . . deliveries are prompt . . . and Chevrolet dealers are doubly anxious to put you into a new vehicle in order to make way for next year's models. Coupled with the efficient performance a new Chevrolet truck will give you, it seems evident that you couldn't buy at a better time. Come in and take full advantage of it!

CHEVROLET

CHEVROLET TRUCKS

Quality trucks always cost less!

Can Sheep Producers To Vote 10-21 On Self-Help Program Advertising of Lamb And Wool

Producers and stockmen are pretty conspicuous in a city home — but often have been tell-tales all across the good one of their program, and urging them to often in their family

commodity is lamb — and growers of this country, some 285,000 others in the U. S. — are taking at what they've done in years in boosting parity in their self-help and advertising pro-

gram to make an important step in advertising September 10 to 21, when Agriculture Freeman for a nationwide sheep referendum. The referendum will decide whether the Sheep Act will be renewed or American Sheep Producers will continue their \$3 annual advertising program for lamb and wool.

The program is financed through a wool incentive fund made to producers. These payments are made on collected on imported wool, thus are not added tax to the federal budget. The program for the sheep self-help promotion and program amounts to 1 cent for wool sold by each producer and five cents per 100 unshorn lambs sold by producer during the marketing season, each producer pays a fee in relation to the size of his sheep production.

Each year in the program half of the total expended on lamb advertising is expended on lamb advertising of American Sheep Producers. Thus, sheepmen themselves with sound merchandising and advertising and a staff of experts in (Continued on Last Page)

Airman Wm. E. Litton Is Airman of Month At Ozona AF Station

Airman 1-C William E. Litton whose home town is Jackson, Tennessee, has been named Airman of the Month for July 1962 at Ozona Air Force Base, it was announced this week.

Airman Litton is a finance clerk at the Ozona Station and resides with his wife and two children at 812 5th street in Ozona.

Before entering the service in May 1949, the Tennessee Airman graduated from North Side High School in Jackson, Tennessee, and attended Lambuth College which is also in Jackson. After one year of college work, Litton went to work for the Illinois Central Railroad but then decided to enter the Air Force and has now decided to remain in the Air Force as a career.

The airman of the month award is based on high standards of conduct, military appearance, and attention to duty. In recognition of the achievement, Ozona merchants are cooperating by offering the winner each month prizes in merchandise or services. This month Mason Motor, Sam's Barber Shop, Beall's Barber Shop, Ranch Theatre, Ozona Laundry, Baker Jewelry and Miller Lanes contributed. B&B Grocery, Bradbury's, Elmore's Gulf Station and Evans Foodary contribute on a quarterly basis to the program.

The Ozona Lions Club has extended an invitation to Airman Litton to attend its meeting this month as an honored guest of the Club.

Judy Ingham Attends Teen-Age Girls Camp

Miss Judy Ingham, daughter of Mr. and Mrs. B. B. Ingham, Jr., of Ozona, has returned home after attending the Heart of the Hills "Holiday House" for teen-age girls at Hunt, Texas.

Located in a green mountainous valley near the head of the historic and beautiful Guadalupe River, at an altitude of 2,000 feet, "Holiday House" is high and cool.

Eldorado-Iraan Plan Ribbon Cutting to Open New Highway Sept. 15

September 15, a Saturday, has been set as tentative date for local boosters to make a trip to Iraan to formally inaugurate the new highway route, which is nearing completion.

Four men from Iraan: H. C. Smith, O. K. Powell, E. B. Hall, and Ollie Garland, attended the meeting of the Lions Club here yesterday and reported that the Lions club at Iraan has agreed to sponsor the gathering and serve barbecue. In addition to boosters from here, others will be invited from Menard.

Tentative plans call for a program to begin at 10:30 a. m. the morning of Sept. 15th, to be followed at noon by the barbecue. The plans were discussed by Mr. Powell, who is mayor of Iraan.

The program will also include a ribbon-cutting ceremony.

The four Iraan men reported that they had come over the new highway and there were a few stretches where construction was going on that they had to drive in the barrow ditch. They stated that in some places base has still to be laid and topping is still to come. A few minor delays have been reported because of equipment malfunction, but the road should be completed by around Sept. 1.

Since Sept. 15th is a Saturday following a home football game, it is thought that the school band will be available to go along on the trip.

UNIDENTIFIED FORMATION — New Pay Zone In Gulf Vaughan May Be Ellenburger

Multipay area in 11 Mi
Nwest of Ozona; Delta
Tests No. 1 Couch

Gulf Oil Corp. No. 1-A Isabel Vaughan, in 85-OP-GC-SF, unidentified Permian prospect, surrounded by San Andres production in the north portion of the Vaughan multipay field of Crockett County, 11 miles northwest of Ozona, has indicated production in another pay, possibly the Ellenburger, with the recovery of oil on one of two drillstem tests.

On a two-hour test between 7,336-86 feet, recovery was 2,450 feet of oil. Gas surfaced in six minutes, volume too small to measure. Flowing pressure was 170-689 pounds; 30-minute initial and final shut-in pressures were 2,810 and 2,130 pounds, respectively.

Recovery was 30 feet of mud on a subsequent 1½-hour test between 7,386-436 feet.

Contract depth is 7,800 feet, to test the Ellenburger.

Permian production was indicated with the recovery of 90 feet of oil and gas-cut mud and 930 feet of oil-cut mud on a test between 5,300-75 feet, on which gas flowed at the maximum rate of 196,000 cubic feet daily.

The field has one Ellenburger producer 7½ miles to the southeast.

Delta Drilling Co., Pauley Petroleum, Inc., and Dalton Cobb, Odessa, are preparing to acidize and test through Fusselman perforations between 9,340-70 feet, at their No. 1 Couch, in 25-ST-HE&WT, Crockett County wildcat eight miles southwest of Ozona and 3½ miles northwest of the initial portion of the Hunt-Baggett (Strawn) gas field, which has been drilled "tight".

Operator plugged back to 9,500 feet after swabbing dry through Ellenburger perforations between 9,815-25 feet, which had been acidized with 1,000 gallons.

Alford Of Ozona Gets All Tourney Honors At Robt. Lee Softball Meet

Lana K. Alford was named to the all-tourney team at the Robert Lee Women's softball tournament last Saturday and Saturday night even though her team, representing the first Baptist Church of Ozona, failed to win either of its two games in the double elimination tournament.

Lana was named center fielder on the mythical team in recognition of her fine defensive work during the two games her team played.

The first Baptist team dropped a 10 to 0 decision to the Roscoe girls to drop out of the chase after losing to opener in the tournament to host Robert Lee.

Mrs. J. T. Keeton and her sister, Mrs. Mae B. Cormier, who is making her home here with Mrs. Keeton, had as guests last week their nephew, Ralph Beasley, and Mrs. Beasley from Houston.

Registration For New School Term To Begin Monday

Whole Day Assigned
To Register Expected
Big Sophomore Class

Registration for the fall term of school for all Ozona High School and Junior High students was announced this week by J. A. Pelt, high school principal and Roy Killingsworth, Junior high principal. For the first time in Ozona High School's history, more than half a day has been assigned to a class because of its size. The Sophomore class was assigned the whole day, Aug. 28 in which to register with over 70 students expected to sign up as Sophs this fall or more than the entire student body of the high school at the time the present building was built.

The registration schedule for High School students is as follows: Monday August 27: Seniors from 9 a. m. to 12. Junior 1 p. m. to 4 p. m.

Tuesday August 28: Sophomores 9 a. m. to 12 and 1 p. m. to 4.

Wednesday August 29: Freshmen, 9 a. m. to 12 and 1 p. m. to 4.

For Junior High the schedule will be slightly different with the 8th grade registering Tuesday, August 28, and the seventh grade registering Wednesday, August 29, following the same hours of registration as for high school students.

Ozona Airman Assigned Strategic Defense Unit

Lowry AFB, Colo. — Airman Third Class Elzie E. Watson of Ozona, Texas, is being reassigned to a strategic defense unit following his graduation from the United States Air Force technical training course for munitions specialists here.

Airman Watson, son of Mr. and Mrs. Elzie L. Watson of Ozona, Texas, was trained in the maintenance, storage, loading, assembly and safe disposal of explosive munitions.

The airman, who entered the service in February of this year, is a graduate of Sundown (Tex.) High School.

School Men In Pecos Protest New Ruling Of State Education Agency

Schoolmen from District 2 of the Southern Association of Secondary Schools meeting in its annual meeting in Pecos Monday voted to contact state school board members concerning hardships created by a recent ruling on accreditation passed by the board.

Following a discussion of Southern Association standards led by chairman Tommy Thompson of Kermit, the group elected several new members and one replacement on its executive board.

New members of the board were Hubert Wheat of McCamey, Hibbard Pope of El Paso, and Ray Whitley of Pecos. Holdover members of the board are G. E. Thompson of Kermit, who is chairman, L. B. T. Sikes of Ozona, and Ira Hutchinson of Iraan.

The ruling which is creating the disturbances has arisen over a change in teacher requirements on a high school level which has come about this year. The state board in response to criticism in the last few years over the number of hours of education courses required for a teacher certificate, changed the amount required, but at the same time made a mandatory increase in the number of hours required in the field in which the teacher was assigned to teach.

A prior state ruling had required the teacher to teach only in her major or minor field, but the new ruling would require almost as many hours as many graduates have in total, were they asked to teach in several fields at one time, as is often the case in smaller schools.

A show of hands among the (Continued on Last Page)

Goat Which Attacked Ozona Visitor Found Suffering From Rabies

A goat which attacked Mrs. Sidney R. Moughon of Gilmer, daughter of Mr. and Mrs. Evert White of Ozona, who is here visiting the Whites, was found to be suffering from rabies, the state laboratory at Austin notified the sheriff's department here Wednesday morning.

The incident occurred on the Jim Scott ranch near Sheffield where Mrs. Moughon and children had gone with her father for a brief visit Monday afternoon. The animal had been put out of the shearing pens into a big water lot when it's strange behavior was noted. It attacked the group of persons, including the children. The animal's horns made a slight abrasion on Mrs. Moughon's leg, necessitating anti-rabies shots as a precaution. The children were not injured.

Mr. Scott, who had handled the animal in the pens, is also taking the shots.

Membership Sales Reported Good For Athletic Boosters

Louie Throgmorton Is
Speaker At Annual
Barbecue Supper

Ticket sales were reported to be progressing satisfactorily this week as the Ozona Lion Booster Club prepares for its annual barbecue honoring the Ozona football squad to be held at the high school Tuesday Sept. 4.

Membership chairman Ernie Boyd reported this week that he had not contacted his membership salesmen since last week but that the fragmentary reports turned in so far indicate that the total for last year had already been exceeded.

"Even though the salesmen have been working very well, there are still many Ozona men who have not been contacted and we would like to urge these men to look up one of our salesmen and join. I am sure that no oversight has been intentional but it is very hard to contact every one though we would certainly have that goal in mind," Boyd stated.

The membership chairman named the following Ozona business men as club membership salesmen: Charles Williams at Ranch Feed and Supply, Doyle Elmore at Gulf, Glenn Sutton at Chevron, Jerry Hayes at Ozona Oil, John Held at the Highway Cafe, T. J. Bailey at West Texas Utilities, Woody Mason at Mason Motors, Al Fields at the Court House Annex, Oscar Kost at the Boot Shop, Herman Knox and J. P. Pogue at the Knox Motor Co., Felipe Castro at the Boot Shop, Quebe Alford, Continental Oil and Ernie Boyd at the Stockman at school.

In addition to the barbecue the club members will have the privilege of hearing Louie Throgmorton, well known speaker and Dallas insurance executive and in addition will get an introduction to the coaches and team as well as a survey of the prospects for the coming season.

Child Bitten By Dog Gets Treatment Here

Mary Kay Stirman, daughter of an Air Force officer, was treated here Monday for injuries suffered when a vicious dog bit her on the cheek, tearing away a large piece of flesh from the cheek. The attack occurred on a ranch near Dryden where the child's parents, Capt. and Mrs. Ernest Stirman of McConnell AFB, Kansas, were visiting.

After receiving emergency treatment here, the injured child was taken to Lackland Air Force hospital in San Antonio. The dog was being observed for possible rabies.

Mike Bryan of Houston, is visiting his grandparents, Mr. and Mrs. Bailey Post for a few days.

Death Claims Joe Patrick, 62, Native Of Ozona

Funeral Wednesday
At 4 p.m. From First
Baptist Church

Funeral services were held at 4 o'clock Wednesday afternoon from the First Baptist Church here for Joe Friend Patrick, 62, native Ozonan.

Mr. Patrick died at 10:50 a. m. Monday in a hospital at Weslaco where he and Mrs. Patrick were visiting their son. He had spent seven weeks in the Crockett County Hospital under treatment for a heart condition. Death came in the Weslaco hospital after he had been a patient there three days. The heart condition plus an attack of pneumonia were given as causes of death.

Funeral services were conducted by the Rev. Harry Trulove, pastor of First Baptist Church, with burial following in Cedar Hill Cemetery under the direction of Cody Funeral Home. Pallbearers were Tom Harris, Carl Montgomery, Ed Cranfill, Troy Williams, O. C. Webb, Gordon Aikman, Richard Flowers and Glenn Sutton.

Mr. Patrick was born in Ozona Nov. 1, 1899, the son of the late Mr. and Mrs. T. W. Patrick, pioneer Crockett county ranch couple. He married Miss Lydia Elledge in Ozona December 25, 1923. He had been an electrical contractor here for more than thirty years, having worked previously for the old Ozona Improvement Co., which supplied Ozona with water and electric service before the West Texas Utilities Co. came.

Surviving are the widow; one son, Henry Patrick of Weslaco; one grandson, Don Patrick of Weslaco; two brothers, John Patrick of Pecos and Tim Patrick of Corsicana, and two sisters, Mrs. E. E. Finigan of San Antonio and Mrs. Rufe Everett of Ozona.

Football Coaches Greet Squad of 24 As Practice Opens

8 Lettermen Return To
Form Nucleus Of Re-
built Team

By Ernie Boyd

Football returned to West Texas Monday morning and to Ozona in particular when Coaches Fred Hickman and Sonny Cleere welcomed about twenty-four candidates for the 1962 Ozona Lion football team, the first of two-a-day practice sessions which will run until school starts.

Included in the group reporting were seven lettermen from Penn Baggett yet to report, Baggett, a star tackle on last year's squad, is still in summer school in Houston but is expected back next week.

Four squadman and five B team members were among the other sixteen reporting with some of the B teamers having picked up more playing time last fall than did the squadmen.

Of the eight lettermen expected to be on the squad by first game time only five have booked very extensive playing time with several of these having played only on offense or defense.

To add further to the woes of the coaching staff, a number of the limited squad will be candidates to the B team only since ineligibility, lack of size and in some cases complete lack of experience would make their usefulness to the varsity unlikely or impossible.

On the brighter side, the squad will have some proven performers and some of the members of last year's B team have grown and look like good candidates for jobs this fall.

Straight Talk

from TOM ANDERSON

and who is a traitor? American patriots would not let Dr. Klaus Fuchs and others, who gave the secrets to the Communists, believe these traitors. Some patriots, believe these traitors accomplished a great peace by converting nations from our side to theirs. For his monstrous which could yet enslave the world, Fuchs, a citizen of Britain, served 9½ years in prison and is now free in Russia.

1952 the Russians hadn't A-bomb. With the help of American traitors, they just out of our plants with them and put them to Harry Dexter White, serving in Henry Morgenthau's Treasury Department, some of our money to the Russians. They hundreds of millions of our money—and may doing it. After he did it, he was promoted.

Bridges, Labor Czar of State, announced that Kai-Shek were to send from Formosa to Red Sea. Bridges, would have a boycott and tie up all east and Hawaiian shipping U.S. troops and from reaching Formosa. who should be tried for riding high. And Congress the courage and to pass a labor bill will free the enslaved worker from traitors, and international So-called.

Administration officials about the fact that our "allies" are funnel-war materials into the bloc. So some day our weapons may help destroy those who used to be in of the committee which what could be shipped Communist bloc? Wilmington, who was convicted perjury later for false membership in the 1st Party.

were the State Department most responsible for Batista with Castro instead of fired? Who possible for our subsidize the enemy regimes in Asia and Poland? Why and a Congressional investigation of our State Department a full accounting of relations with the since 1933?

weak-kneed or lame-people in the State Department, Congress and Big want to recognize, give and do business with Red anything for "peace." for a dollar. Most of

these same leaders recommend killing the Connally Amendment which has protected America from abiding by certain decisions of the World Court which is made up of 7 communists, 7 "neutrals," and one American, whose alliances and loyalties, are fiercely debated. Our "liberal" leaders want to force America to abide by the decisions of that Court! At the present rate of "containment," in a few years Russia will have most of the world's souls and real estate. And Red China will have the Bomb. We are now being told that our only choice is to sacrifice our sovereignty and freedom by turning everything over to the U.N. This is the choice of being clawed to death by a ferocious bear or hugged to death by a friendly boa constrictor.

Some believe that the only answer to nuclear destruction is to level ourselves off into a Socialist world brotherhood. Thousands of political, church, educational and business leaders in America today are doing all possible to deliver us into a One-World Socialist brotherhood. Few of them are Communists. And few Communists are as dangerous as an influential dupe who is following the Communist line. Dupes and do-gooders in high places, fatheads and fools in influential positions are far more dangerous to the safety of America than any American Communist except those at Cape Canaveral and other very vital defense spots.

"Treason," says the dictionary, "involves giving aid and comfort to the enemy." In determining what is treason, then, one must decide what is "aid and comfort" and who is "the enemy."

Where does internationalism end and treason begin? Joe McCarthy, a Republican, charged the Democrats with "twenty years of treason." That statement should now be up-dated and made bipartisan. McCarthy exposed treason while it was still treason. As the public becomes more brainwashed, the sovereignty of the U.S. and of the people thereof becomes old-fashioned—and what used to be treason is being exactly reversed. The "Right-Wing Extremist" are now being maneuvered into the role of conspirators.

The enemy plays chess while we play poker. Their moves are coldly calculated far ahead. We lose pot after pot because our cards are marked, the deck is stacked, and the dealer is crooked. But we stay in the game hoping for a stalemate.

Miss Joan Bower, Granddaughter Of Ozonan, Becomes Bride Of Charles M. Martin, Dallas

Dallas — Miss Joan Bower and Charles Maillot Martin were married Thursday in a ceremony at University Park Methodist Church here. The Rev. Dr. Earle R. Hogard, pastor of the church, read the rites.

The bride is the daughter of Mr. and Mrs. Edwin G. Bower of Dallas and the granddaughter of Mrs. Vera Baker of Ozona. The bridegroom's parents are Mr. and Mrs. Emory L. Martin of Dallas.

James W. Gibson was soloist at the nuptials, accompanied at the organ by Mrs. M. Gillham.

Mr. Bower gave his daughter in marriage. She wore a gown of white silk taffeta fashioned with a modeled bodice with a decollete neckline trimmed with appliques of Alencon lace. A bouffant skirt of unpressed pleats was garlanded with appliques of the same lace, and swept to a chapel length train. She wore a veil of silk illusion extending the length of her gown from a coil of Alencon lace.

The bridal bouquet was of white orchids and lily of the valley in cascade design with streamers of seed pearls. She also carried a white Bible.

Mrs. K. A. Kreuger, a cousin of the bride, was matron of honor.

Miss Mary Lee Henry, Lancaster, was maid of honor. Bridesmaids were Miss June Bunker, Miss Sally Baggett, Ozona; Miss L. Gay Weisenburg, Miss Dian Booth, Dallas; and Mrs. Michael Schrophire, Fort Worth.

Charles Childers of Dalhart served as best man. Groomsman and ushers were George Bramlett, Eldorado, Ark., and Thomas Newsome, a cousin of the bridegroom, Robert Hallam, Leon Hodges and James Mulholland.

Bradley Harris, a cousin of the bride from Ozona, and Joe Bob Cave were candlelighters.

Following the ceremony a reception held in Fellowship Hall of the church was attended by some 400 guests.

The bride, a graduate of Highland Park High School attended Southern Methodist University and Texas Tech at Lubbock.

Mr. Martin, also a graduate of Highland Park High School, attended the University of the South at Sewanee, Tenn., and will be a senior this fall at SMU. He is a member of Phi Gamma Delta and Alpha Delta Sigma.

After a wedding trip to Mexico City and Acapulco, Mex., the couple will be at home in the Town and Country apartments in Dallas.

Among the many courtesies extended the bride was a luncheon in the home of Mrs. J. M. Baggett in Ozona. Other hostesses were Mrs. James Baggett, Miss Sally Baggett and Mrs. Duane Oswald.

Mr. and Mrs. Emory Martin, the bridegroom's parents, were hosts for the rehearsal dinner Wednesday at Northwood Country Club.

"One of the mysteries of the times in the U. S. is why such a large percentage of butchers, bakers and candlestick makers, figuratively speaking, turn socialistic when elected to public office."

Predict 30 Persons To Die In Traffic Mishaps In Labor Day Weekend

Austin — Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety, today announced the official estimate that 30 persons will be killed in some 3,000 traffic crashes during the upcoming 72-hour Labor Day weekend.

Commenting on Labor Day travel, Garrison said:

"Many Texas families will take advantage of this last long summer weekend to take trips prior to the opening of school. As a result, traffic will be heavy and the possibilities of traffic crashes will be increased.

"Because this holiday is so much a family affair, more people will be occupying cars. Thus any traffic accident might result in several casualties. This has been evidenced several times on Texas highways in recent weeks. During one seven-day period in August, three crashes claimed the lives of 20 persons."

Garrison noted that during the past eight weeks traffic deaths have increased from four per cent below to two per cent above the toll for the corresponding period of last year.

"But the most alarming thing is that the number of fatal traffic accidents is now running four per cent above last year's figure," he said. "Experience has shown that in nearly every fatal accident a violation of traffic law has been a major causative factor."

LADIES GOLF-BRIDGE ASSN. MONTHLY LUNCHEON

The monthly luncheon of the Ladies Golf-Bridge Association was held Thursday at the country club.

The serving table was centered with an arrangement of native prickly pear, with the ripe pears, making a very attractive center. The hostess was Mrs. T. J. Bailey. She was assisted by Mrs. Sidney Millsbaugh, Jr., Mr. V. I. Pierce, and Mrs. Hugh Childress, Jr.

In golf play, blind bogey was won by Mrs. Jess Marley and low net on trophy play was won by Mrs. Marley and Mrs. Joe Pierce, Jr., in a tie.

Bridge hostesses were Mrs. R. L. Bland, Jr. High score award went to Mrs. T. J. Bailey, second high to Mrs. George Montgomery and cut to Mrs. Brock Jones.

Others attending were Mmes. Hilary Phillips, Gary Garlitz, Early Baggett, Gene Lilly, Evart White, Coralie Meinecke, Dempster Jones, Mike Clayton, Sherman Taylor, Byron Williams, Marlon Smith, Jack Williams, W. T. Bradbury, Byron Stuart, Marshall Montgomery, Byrd Phillips of Snyder and Nan Tribble of Dallas.

Proposed CONSTITUTIONAL AMENDMENT NUMBER TEN ON THE BALLOT

SENATE JOINT RESOLUTION NO. 12 proposing an Amendment to the Constitution so as to provide that state employees may be employed in an advisory capacity or appointed to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, and may receive reimbursement of expenses, with the approval of the administrative head of the state department or agency or the governing board of the institution in which such employee is employed and provided there is no conflict of interest.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 33 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows: "Section 33. The accounting officers of this state shall neither draw nor pay a warrant upon the Treasury in favor of any person, for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust or profit, under this state or the United States, except as prescribed in this Constitution. Provided, that this restriction as to the drawing or paying of warrants upon the Treasury shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve and the Organized Reserve of the United States, nor to retired officers of the United States Army, Navy, Marine Corps, Air Force and Coast Guard, and retired warrant officers and retired enlisted men of the United States Army, Navy, Marine Corps,

Air Force and Coast Guard. It is further provided, that state employees may serve in an advisory capacity or be appointed to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, and may receive reimbursement of expenses, with the approval of the administrative head of the state department or agency or the governing board of the institution in which such employee is employed and provided there is no conflict of interest." "FOR the Constitutional Amendment permitting state employees to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, with a state agency, or any political subdivision thereof, or the Federal Government, if approved by administrative head or governing board of such employee and there is no conflict of interest." "AGAINST the Constitutional Amendment permitting state employees to serve as a consultant or on an advisory committee, or as a member of a Public School Board provided they are not members of the teaching profession, with a state agency, or any political subdivision thereof, or the Federal Government, if approved by administrative head or governing board of such employee and there is no conflict of interest."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER THIRTEEN ON THE BALLOT

SENATE JOINT RESOLUTION NO. 4 proposing an Amendment to Article VII of the Constitution of Texas by adding a Section to be known as Section 13b, providing that school taxes levied by any independent school district, the major portion of which is within Dallas County, shall not be abrogated, canceled or invalidated by a change in boundaries or school bonds voted, but, unless, at the time of such change, be invalidated by such change; authorizing the levy of taxes after such change without further election in the district as changed; providing an exception in the case of the annexation or consolidation of whole districts; providing for an election and the issuance of a proclamation thereafter.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article VII of the Constitution of Texas be amended by adding thereto the following: "Section 13b. No tax for the maintenance of public free schools voted in any independent school district, the major portion of which is located in Dallas County, shall be abrogated, canceled or invalidated by a change in boundaries or school bonds voted, but, unless, at the time of such change, be invalidated by such change; authorizing the levy of taxes after such change without further election in the district as changed; providing an exception in the case of the annexation or consolidation of whole districts; providing for an election and the issuance of a proclamation thereafter."

changed, for the payment of principal of and interest on such bonds in the manner permitted by the laws under which such bonds were voted. In those instances where the boundaries of any such independent school district are changed by the annexation of, or consolidation with, one or more whole school districts, the taxes to be levied for the purposes hereinafter authorized may be in the amount or at not to exceed the rate therefore voted in the district having at the time of such change the greatest scholastic population according to the latest scholastic census and only the unissued bonds of such district voted prior to such change, may be subsequently sold and delivered and any voted, but unissued, bonds of other school districts involved in such annexation or consolidation shall not thereafter be issued." "FOR the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 13b providing that taxes or bonds previously voted in any independent school district, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries or school bonds voted in such district, but, unless, at the time of such change, be invalidated by such change without further election." "AGAINST the Amendment to Article VII of the Constitution of Texas, by adding thereto Section 13b providing that taxes or bonds previously voted in any independent school district, the major portion of which is in Dallas County, shall not be abrogated, canceled or invalidated by any change in boundaries or school bonds voted in such district, but, unless, at the time of such change, be invalidated by such change without further election."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

HOUSE JOINT RESOLUTION NO. 26 proposing an Amendment to Subsection (b) of Section 62 of Article XVI of the Constitution of the State of Texas so as to authorize for elected and appointive officers and employees, who serve in such capacity for twelve (12) or more years in any county or other political subdivision, a Retirement, Disability and Death Compensation Program.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Subsection (b) of Section 62 of Article XVI of the Constitution of the State of Texas is amended to read as follows: "(b) Each county and any other political subdivision of this State shall have the right and the Legislature may enact appropriate regulatory laws to provide for and administer a Retirement, Disability and Death Compensation Fund for its elected and appointive officers and employees; provided same is authorized by a majority vote of the qualified voters voting in such election of the county or other political subdivision. No person shall qualify for benefits unless he shall have served in such capacity for at least twelve (12) years, except for those persons otherwise qualified prior to the effective date of this Amendment. The amount contributed by the

county to such Fund shall equal the amount paid for the same purpose from the income of each such person, and shall not exceed at any time five per centum (5%) of the compensation paid to each such person by the county and State."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a State at an election to be held on the first Tuesday after the first Monday in November, 1962, of which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more." "AGAINST the Constitutional Amendment authorizing retirement, disability, and death benefits for elected and appointive officers and employees of counties and political subdivisions who have served in such capacity for twelve (12) years or more."

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER TWELVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 6, 1962.

SENATE JOINT RESOLUTION NO. 19 proposing an Amendment to Article IX of the Constitution of the State of Texas to add a new Section to be known as Section 1-A which permits the Legislature to delegate certain zoning powers to the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article IX of the Constitution of the State of Texas be amended by adding thereto a new Section, immediately following Section 1, to be known as Section 1-A which shall read as follows: "Section 1-A. The Legislature may authorize the governing body of any county bordering on the Gulf of Mexico or the tidewater limits thereof, to regulate and restrict the speed, parking and travel of motor vehicles on beaches available to the public by virtue of public right and the littering of such beaches." "Nothing in this amendment shall increase the rights of any riparian or littoral landowner with regard to beaches available to the public by virtue of public right or submerged lands."

"The Legislature may enact any laws not inconsistent with this Section which it may deem necessary to permit said counties to implement, enforce and administer the provisions contained herein."

"Should the Legislature enact legislation in anticipation of the adoption of this amendment, such legislation shall not be invalid by reason of its anticipatory character."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at an election to be held on the first Tuesday after the first Monday in November, 1962, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendment authorizing the Legislature to delegate limited zoning powers to any county bordering on the Gulf of Mexico or the tidewater limits thereof." "AGAINST the Constitutional Amendment authorizing the Legislature to delegate limited zoning powers to any county bordering on the Gulf of Mexico or the tidewater limits thereof."

Sec. 3. The Governor of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of the state.

WASHINGTON
NEWSLETTER
FROM
SENATOR
JOHN TOWER
Committee: Banking and Currency
Labor and Public Welfare

Senator John Tower (R-Texas), in his weekly report to Texas constituents, discussed the recent Senate vote to invoke cloture, summarizing the history of the cloture rule, and commenting on his position regarding the right of full and unlimited debate. The text of his report:

This past week, I imagine you have been hearing the term "cloture" quite frequently in connection with shutting off the debate, or filibuster, on the Communications Satellite Bill. I thought this might be a good time to discuss with you the meaning of the term "cloture" and its history. Cloture is a device, within the rules of the Senate, whereby unlimited debate may be curtailed. It can be achieved when sixteen Senators sign a petition, requesting that the debate come to an end. Then, two days after the petition is filed, there is a roll call vote in the Senate on the matter. If two-thirds of the Senators present and voting vote for cloture, or vote to close off debate, then the debate is ended. This week, for the first time since 1927, the Senate voted to invoke cloture.

Before the decision of this week, in which the "sense of the Senate" was to limit debate on the Communications Satellite Bill, the cloture rule had been invoked only four times in 35 years, while failing twenty times.

The last time it was invoked, the issue dealt with the 18th Amendment — or, the Prohibition Amendment — with a bill to create a Bureau of Customs and Prohibition. Up until that time, there was no agency in the government empowered to enforce the 18th Amendment. As a result of the vote to limit debate on this issue, the Bureau of Customs and Prohibition was created, and from its establishment, we got such famous individuals as Elliott Ness. You've seen, of course, the television series which shows Elliott Ness as the old prohibition crime-buster.

The Senate vote this week represents a rare event, in that the Senate very seldom chooses to obstruct its most jealously guarded privilege — full and unlimited debate.

The call for cloture can arise whenever one or more Senators decide to stall Senate action by

the use of filibuster. Although the filibuster — as such arbitrary debate is sometimes called — absorbs valuable time which might be more effectively or constructively devoted to other matters, there are reasons which may be cited in its defense. It is, of course, a dilatory or delaying tactic.

Despite the fact our government operates under the system of majority rule, it should be remembered that the rights of the minority have to be protected. In other words, minorities have rights which no majority should override. For that reason, so long as even one member of the Senate wishes (or is physically able) to continue debating an issue, he may do so. He can, unless cloture is invoked, talk until he drops.

One very important duty of the Senate is to carefully inspect proposed legislation. This duty can't be carried out without such freedom of debate. In our system of government, in which legislation can be passed through the House very quickly, with only very scanty debate, it's essential that there be one place left for thorough and unlimited debate. The Senate maintains itself, therefore, as a forum in which the right of extensive and thorough discussion is recognized. Prolonged debate often prevents hasty majority action which would be out of harmony with the nation's welfare.

Filibusters are justifiable, I believe, whenever a fundamental constitutional question is presented and a majority is trying to, perhaps, override the basic law of the United States. Under such circumstances, Senators, as ambassadors of the states in the Congress, have a duty to protect the right of the states.

I was not at all in sympathy with this filibuster. I am for the Communications Satellite Bill, which a small group of liberals were filibustering to try to prevent action. I feel that, even though I disagree, I should preserve the same rights and privileges for my colleagues which I assert. I intend to make use of the institution of unlimited debate, or filibuster, as it's called, wherever I believe it to

be in the nation's interest and in the interest of our state.

So, even though I disagree with those who were filibustering, I voted against cloture, or against closing debate, this week. The Communications Satellite Bill, in my opinion, is a good thing, and I predict that, eventually, it will pass.

A timely message about one of "the best things in life" that isn't free

Why you save more than money with U.S. Savings Bonds

One of the best things in life—freedom itself—really isn't free at all.

We pay for freedom many ways. With our vigilance as free men. With taxes. With our commitments to millions of other free men all around the world.

And there's another way, a quiet way, we Americans help pay for freedom. That's to buy U.S. Savings Bonds. For Bonds are more than just a way to save money. Bonds are also a way to help Uncle Sam guard your very right to enjoy the money you save. Let's say you're saving for a home. With U.S. Savings Bonds you also help save a better world to build it in.

Doesn't that sound like a good reason to buy Bonds now?

These days more than ever you'll be saving more than money.

Keep freedom in your future with

U.S. SAVINGS BONDS

LIGHTS AND LIGHTS State Capitol

When Jim Leavelle, secretary of the Party in Texas, asked Will Wilson to impound the general election results, the Fall political immediately got under

maint, but telling, legal judgment that Wilson, 98th District Court in the vaults of Duval district and county as adequate, accessible as the vault of the State Bank.

age was levied against in Starr and Zapata

er instructs election officials in the three counties to turn balling and all other election to a Texas Ranger. could deliver them to a Texas Ranger. Christ bank for safe till the 98th District appointed representative examine them.

sort of preamble, it the Fall campaign might more exciting than the dominated ones in past

Top Three — Texas returned No. 3 spot among the states, in industrial extension, the Texas Industrial Commission announced the addition of new industries.

Albino, the big Houston and Dallas captured 17 of the new non-metropolitan towns as industrial sites: Bushland, Comfort, Denton, Crockett, Jacksonville, Kaufman, Lewisville, Malakoff, Marlin, Mount Pleasant and Quan-

ah reported new industries.

Double Taxation — Texas Comptroller has suggested that virtually all intangible personal property held by Texans be exempt from taxation. This includes taxes on bank accounts, securities, mortgages and similar financial assets.

Highway Costs Low — Texas is building its Interstate Highway system for almost \$400,000 a mile less than the national average, according to the Texas Highway Department.

U. S. Bureau of Public Roads figures show Texas will complete its portion of the Interstate system at an estimated \$600,000 per mile, compared to the national average of about \$1,000,000.

A&M Gets Reprieve — "For Men Only" apparently will continue to be the policy, for at least one more year, at Texas A&M College. The tucy matter of admitting women students has been temporarily side-stepped by the Texas Commission on Higher Education.

On the Commission's July meeting agenda, the issue was suspended when the Commission staff pleaded more time was needed for the study. Another school year will be underway before the matter can be given any further consideration.

School Prayer Ruling — Atty. Gen. Will Wilson has been asked to advise Texas public schools regarding the U. S. Supreme Court's highly controversial prayer opinion.

Requests for an interpretation from Wilson came through Dr. J. W. Edgar, commissioner of education, on a query from school officials at Port Arthur.

Wilson was asked:

1. Whether a school board can permit a student or teacher to say the blessing before meals in a public school, without running foul of the Supreme Court decision?

2. Whether school may authorize "a period of silent meditation" during the meal period?

3. Whether Bible-reading is permissible in homerooms or an assembly programs?

4. Whether the court's opinion permits public prayers at football games involving public school teams, or at other school-sponsored events?

Whopper Drought — Texas will have another mighty drought by 1970, is the prediction of Judge J. E. Sturrock, of the Texas Water Conservation Association.

Gigantic sunspots, many months old, still are raging at the center of our solar system, says Judge Sturrock.

When the great gusty winds of the universe die down, and the solar tumbleweeds stop tumbling, about 1970, Texas will have another mighty drought.

Meanwhile, Texas' rains and its "little droughts" like the current one, will follow each other in their normal seasons, says this leading authority on Texas water.

Texas or Mexico — Gov. Price Daniel says it will be up to the officials of El Paso whether the claim of Mexico to a section of El Paso will be honored.

The dispute over a section called Chemical involves about 400 acres of land, and stems from a change in the course of the Rio Grande which flows through El Paso.

Christmas In August Party By GA's Benefit Missions Gift Funds

Recorded Christmas carols, an interest center built around a delicate white tree, and gaily wrapped packages added to the excitement of the meeting of the Junior Girls Auxiliary of the First Baptist Church last Wednesday evening.

The meeting, which was decided upon several weeks ago by the members of the GA was for the purpose of helping missionaries in their Christmas activities by contributing now those things which can be useful in the mission field next Christmas, thus providing a Christmas in August for the GA's.

As the girls entered the party room the yadded color books, dolls, socks, soap, and various other articles to the Christmas collection under the tree, and to add to the festive nature of the occasion the girl exchanged five cents gifts among themselves.

Social chairman Johnette Dozier served cookies to the following members and guests: Beverly Loudemy, Connie Hubbard, Sharon Jants, Bonnie Glyn, Deborah Cooke, Mary T. mehill, Lois Poindexter, Sallie Jones, Charlotte Cooke, Debbie Moore, Mary Lee Whitaker, Gorgeanne Jones, and counselor, Mrs. George Glyn.

West Texas Quarter Horse Association Makes Worthwhile Contribution To Advancement of Popular Horse Breed

The growth in fame and popularity of the Quarter Horse and of The American Quarter Horse Association during the period from 1949 to 1962 is too well known to require recounting. Possibly not so well recognized is the contribution made to the advancement of the Quarter Horse by individual members of The American Quarter Horse Association and the local and regional Quarter Horse Association throughout the country. This is the story of one such organization, the Quarter Horse Association of West Texas.

The QHAWT had its formal beginning at a meeting held the evening of April 15, 1956, at Fort Stockton, Texas, and attended by 21 men, Ralph Dye, who has served as Secretary since 1958, and then of Fort Stockton, had discussed the need of forming such an association with local breeders and with their approval had contacted others in the general area by phone.

Many of these men invited friends and neighbors of similar interests to attend and take part in the organizational meeting. Several telegrams were received before the meeting pledging support from breeders who were unable to attend.

Elected at the organizational meeting were the following officers: James H. King of Monahans, president; Buster Cole of Goldsmith, first vice-president; Sparks Rust, Jr., of Del Rio, second vice-president; P. C. Perner, of Ozona, third vice-president; and Ralph Dye, of Fort Stockton, secretary. The name of The Quarter Horse Association of West Texas was adopted.

Some 75 persons representing 37 West Texas counties attended the second meeting of the association held May 6, 1958, at Ozona. Located in the center of a vast emerald green landscape of the Quarter Horse world. At this meeting the organization elected its first

board of directors. They were: Punk Snyder, Melvin; B. E. Brooks San Angelo; Cliff Butler, Eagles Pass; B. L. Smith, Jr., Junction; John Dublin, Barnhart; Ray Claver and Ira Lethco, Fort Stockton; Noble J. Taylor, Del Rio; Bud Cox, Ozona; Charles Bierschwale, Rock-springs; Fred Barrett, Dryden; Roy Parks, Midland; Marion McNair, Pecos; Billy Galbreath, Sonora; N. W. Gates, Batesville; and C. H. Wylie, Bronte.

One of the first actions of the association was to initiate a program for increasing the number of Quarter Horse Shows in the area. At that time only six shows were being held each year. In 1961, the association approved over 30 shows.

The first association-sponsored sale was set for Odesa during the Sandhill Hereford and Quarter Horse Show. This sale produced an average price of \$1,026 on 42 head. The Yearling Halter Futurity and the West Texas Futurity for Running Horses were inaugurated that year also.

The success of the association in its project for advancing interest in Quarter Horses is evidenced by the history of the West Texas Futurity which has been run for the past 4 years on the Sonora Park Association Track, at Sonora. It began with a purse of something less than \$4,000, with nine horses starting. In its 4th year the Futurity had a purse of \$15,000, and the purse for the 1963 Futurity is estimated at \$17,000. This has been achieved in a state without benefit of parimutual wagering.

Success of the Yearling Halter Futurity has been equally great. It has somewhat different from that employed in most events of this kind. Instead of nominating the mare before the foal is born, owners nominate the foal in September of the year of its birth.

The Quarter Horse Association of West Texas has held three sales, of which the two latter ones averaged over \$850 per head. One of

these sales saw 80 head pass through the ring. This year QHWT has projected two sales, the first for San Angelo on the day before the Annual Steer Roping in November. The second sale will be the Annual Winner's Circle Sale to be held in January, 1963, during the Sandhills Quarter Horse Show, at Odessa.

A Decade or So Late, Congress has awarded the Citation of Merit to General Douglas MacArthur as "the greatest military figure of the Twentieth Century". In his acknowledgement, the General said "This body wields the power of the nation. It speaks with the voice of the people."

We can only add, it had better!

Wool Referendum —

(Continued from Page One)

this field — have been telling their story of lamb's wholesome and tasty features to housewives all across the country.

The producers, through American Lamb Council, have a two-fold goal in their lamb promotion. First, they want to urge those who already like lamb — such as people on the East and West Coasts — to use lamb more often, and to try different cuts of lamb for a tasty change of pace in their meals. Secondly, the producers want to win more friends for lamb through a steady educational and promotional program among people in low lamb consuming regions, such as the Midwest and South.

Another facet of lamb promotion and advertising that will come in for even heavier play is in the restaurant and institutional dining field. Millions of meals are served daily at lunch counters, restaurants, industrial cafeterias, hospitals and other institutions — and the American Lamb Council will be wooing this trade with serving suggestions, Chef Consultant service and regular help in establishing the demand among their customers for dishes featuring lamb cuts.

Of course, the Council's active and successful program for both lamb and wool among schools and colleges is helping home economics students learn of lamb and its merits will continue. This program has already won nationwide respect among home economics teachers, who frequently use the Lamb Council's Cookbook as a classroom reference and text.

The ASPC, under the name of American Wool Council, also con-

ducts a highly successful advertising program for wool. The Council advertises in national magazines and gets extra mileage for wool through joint advertising with mills and manufacturers. Through other promotion activities, the Council gives the biggest boost ever to wool loomed and knitted in America.

Since the ASPC's promotion efforts began in 1956, the success has been relatively easy to measure in dollars-and-cents return to the sheep growers who have invested their advertising dollars. In every city or area where a major lamb promotion and advertising program has been undertaken during the last six years, a boost in lamb consumption has resulted.

Sheep growers will have all these facts to consider in voting in the referendum. The self-help program has been overwhelmingly approved twice previously in referendums, one in 1955 and the other in 1959, but a periodic vote is taken to assure that shepherds want to continue their program. A ballot will be mailed to every sheep grower who has applied for wool incentive payments.

If at least two-thirds of the nation's sheep growers mark "Yes" on their ballots, and if that vote also reflects approval by sheepmen owning at least two-thirds of the sheep in this country, the referendum will carry.

group which represented most of the schools from Del Rio to El Paso to Kermit to San Angelo and back to Del Rio, revealed that all but one high school still had vacancies and have little hope of filling them with people who are qualified under the new law.

Attending the meeting from Ozona were Supt. L. B. T. Sikes, and Principals J. A. Peltz, Roy Killingsworth and Ernie Boyd.

proven themselves to be able performers along with Penn Baggett; there is good reason to believe that such players as Morgan Tolle, Leroy Cooper, Pete Garza, Bernabe Villareal, Scott Mahon, Billy Sanchez, Bill Bowman, Aaron Shackelford, Dubbie Scrivner and perhaps one or two others will develop into football players of some merit as the days go by.

Coach Hickman has indicated that some change in the type of offense used by the Lions in the past will be made to fit the material at hand, the way the squad comes along determining the extent of the changes.

Since a number of the performers will be changing positions in order to fit team needs there will have to be a great deal of instruction in almost every phase of the game and there is little time for such extensive education.

In the last seven or eight years the Lions have begun the season with only a few real green performers in the lineup but this year there may be entire units new to the job as well as having only limited experience in any position.

In this week's drills the morning session has been devoted to conditioning and unit work without pads while the night session has dealt with individual line play, contact work in basic blocking and tackling and some full unit offense work.

Very few positions could be considered set after the first week of drills, experimentation with different boys at several positions in drills being the most extensive since the first year Hickman and Cleere were here together in 1955.

Boys who were listed on the squad as of Tuesday morning were Pete Garza, Pete Montgomery, Robert Cox, Brent Moore, Jim Semmler, Richard Vargas, Scott Mahon, Jimmy Moore, Aaron, Shackelford, Dubbie Scrivner, Robert Sanchez, Bill Bowman, Ronnie Houston, Sammy Cervantez, Gustavo Campos, Bernabe Villareal, Buddy Farris, Soustence DeHoyos, Leroy Cooper, Joel Huff, Mike Walters, Morgan Tolle, Bill Groesbeck, and Mike McQuirey.

HOUSE FOR SALE — \$1,000 Equity and pick up payments that are \$58.74 monthly. Call 2-2263 after 6 p. m. 209 Live Oak Drive, Ozona. ttp

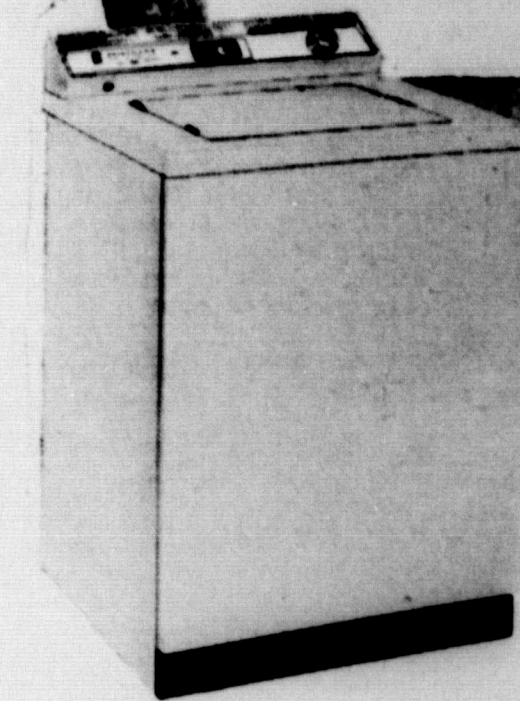

Robert Graves is under treatment in the M. D. Anderson Hospital in Houston. He is expected to be there at least three more weeks while undergoing a series of treatments. His room number is East 301.
