George Debesson is the inventor of the robot device.

Missing Witness In Seabury Inquiry Returns

Sherwood Will Fight Charges Of Government

New York American Tells The Story Of Finding Russell T. Sherwood; Disappeared 21 Months Ago

Interview Given

Man Claims That He Has Been Living In Neighboring State Several Months; Unable To Pay $50,000 Fine

(By The Associated Press)

NEW YORK, May 31.—The New York American, in a copyrighted story tonight, says Russell T. Sherwood, reputed fiscal agent for former Mayor James J. Walker, is back. He disappeared 21 months ago.

"The long missing accountant, whose disappearance was a sensation in the Seabury investigation", said the American, "has returned to settle his affair with the federal government and the New York supreme court.

Interview Is Submitted

"His whereabouts has been ascertained by the New York American. He submitted yesterday to a long interview by representatives of this newspaper in the presence of his attorney."

(In his testimony during the Hofstadter investigation of New York City government, Walker denied Sherwood had acted as his fiscal agent for other than routine bookkeeping transactions.)

The paper said the interview with Sherwood developed the following phases of the case:

Met Walker Secretly

"1. Sherwood met Walker secretly after the mayor resigned and just before Walker sailed on his present visit abroad.

"2. His explanation to the government and to the state supreme court is expected to be that he never received one penny of any sums withdrawn for Walker.

"3. He never was Walker's fiscal agent, never was paid any salary by Walker, but carried on for him ac-

Youth Held In Death Of Girl

Louis Ruthardt Held Without Bond; Miss Joe Bettie Sell Dead Of Hemorrhage Caused By A Fracture

(By The Associated Press)

DALLAS, May 31.—Louis Ruthardt, 24-year-old night club entertainer, was held without bond tonight in the Dallas county jail in connection with the death last night of his dancing partner, Miss Joe Bettie Sell, 22, of Oklahoma City.

Miss Sell died of a subdural hemorrhage, caused by a fracture of her left temple bone, according to the ruling of Justice of the Peace Allen Melton in a coroner's verdict. An autopsy was performed today to determine the cause of her death.

Struck On Head

Apparently Miss Sell was struck on the head with some instrument, investigators said. She died in a Dallas hospital after physicians had worked for two hours in an effort to save her life.

Ruthardt told officers that he and Miss Sell came to Dallas a short time ago from Oklahoma City. They were working as entertainers at a night club near Grand Prairie, between Dallas and Fort Worth.

Picnic Poisoning Victim Is Reported Still Gravely Ill

One of about 20 persons who suffered ptomaine poisoning after a church picnic at Abernathy 10 days ago still was gravely ill yesterday. He is R. Neis, 65, who is being treated at West Texas hospital.

The poisoning was attributed to meat served at the picnic. At least two others, who have been visited by a Lubbock physician, still were slightly ill, it was said.

Neis was admitted for treatment at West Texas hospital Tuesday.

OPPOSE APPOINTMENT

BERLIN, May 31. (AP)—Chancellor Hitler today authorized his Nazi church spokesman, the Rev. Hermann Mueller, to put the whole propaganda machine of the party at the disposal of German Christians in opposing the appointment of Dr. Friedrich Von Bodelschwingh as evangelical bishop of the reich.

Demos Appeal To Opponents To Aid FDR In Correcting Any Injustice In Regulation

(By The Associated Press)

WASHINGTON, May 31 — Numerous protests at the bite taken out of veterans benefits by the national economy act brought Democratis leaders to the defense of the president in the Senate today with an appeal to opponents to aid him in correcting injustices in regulations.

Despite demands for repeal of the act or at least limitations on reductions, Democrats in charge of the $543,000,000 independent offices bill—which cuts almost in half current appropriations for veterans—predicted its passage tomorrow with perhaps a few liberalizing amendments.

One such amendment was approved today — that of Senator Black (D-Ala), boosting the hospital fund by $1,000,000 for treatment of disabled former service men who cannot trace their inuries to service.

Senator Byrnes (D-S. C.), in charge of the bill, reiterated today that the president had ordered revisions upward in the combat-wounded compensations and was selecting a committee to visit hospitals and report any injustices.

He said there was a chance for adopting amendments by Senator Cutting (R-N. M.) limiting cuts for service-connected injuries to 25 per cent and by Senator Dill (D-Wash) making the same limit on reductions in pensions of Spanish war veterans over 62, but said that under the procedure a two-thirds vote

Additions Are Announced To Morgan Lists

Sharers In The Risk Of Underwriting Is The Designation Given These Favored Clients By George Whitney

(By The Associated Press)

WASHINGTON, May 31. — More ramifications of J. P. Morgan and company financing, dug out by senate investigators today, lengthened the list of prominent persons to whom the big banking firm opened opportunities of one-time paper profits exceeding $20,000,000.

"Sharers in the risk of underwriting" was the persistent designation given these customers by George Whitney, a member of the firm, who spent most of the day outlining organization of the United Corporation, a Morgan utility holding group, while the head of the Morgan company sat quietly by.

Whitney Objects

Repeatedly Whitney objected to describing as "preferred" or "favored" those clients to whom stock was sold at cost prices—prices much below market quotations of a few days later—despite senator proddings into public connections of the buyers and just what the "risk" was.

The banking committee found one of its own members—Senator Hamilton Kean (R., N. J.)—on the list of those who were sold for $75 units of stock that were quoted just a little later on the market at $99.

McAdoo Is On List

Kean's firm of Kean, Taylor and company got 500 units. Senator McAdoo (D., Calif.), also appeared on this third list of customers as the purchaser of 250 units, each unit consisting of one share of preferred and one share of common. McAdoo also had been among cost-price customers of Alleghany Corporation and Standard Brands, Inc. Both of McAdoo's transactions were before he went into the senate.

Committee investigators said also that when the United customers of Drexel and company, Morgan's Philadelphia affiliate are put into the record tomorrow, the name of Justice Owen J. Roberts of the su-

Application for the receiver was filed by James V. Allred, attorney general at the request of James Shaw, state banking commissioner.

H. Grady Chandler, former first assistant attorney general, was appointed receiver and filed $25,000 bond.

Cleanup Drive Being Planned For Next Week

Lubbock Will Again Compete For Texas Trophy Offered Annually By National Body; Committee Meets

Lubbock's fourth cleanup and paintup campaign will be conducted next week, a chamber of commerce committee decided yesterday.

For the fourth consecutive year Lubbock will compete for the Texas trophy which is awarded annually by the National Cleanup and Paint-up Campaign Bureau to the city having the best campaign.

Wins Three Times

Lubbock won the Texas trophy first in 1930, again in 1931 and for the third consecutive time in 1932.

"A drive about Lubbock today, will convince the most skeptic that from a cleanliness and a beauty standpoint, much progress has been made in the past three years", Altus Sansom, chairman of the committee stated in the meeting yesterday.

Others Of Committee

Other members of the general committee include: W. G. Alderson, W. B. Atkins, T. R. Prideaux, J. A. Hodges, Mrs. Clark M. Mullican, Mrs. Frank Winn, John Spikes.

Date for the opening of the campaign, general plans, appointment of committees and other matters were discussed and acted upon at the meeting yesterday.

Accident Finally Takes Man's Life

SIERRA BLANCA, May 31. (AP)—Less than three hours after escaping injury in an airplane crack-up, L. F. Knapp of Santa Rosa, Calif., lost his life today in an unusual automobile accident.

Knapp was riding in the rear end of a wrecking car, holding the motor of the damaged plane, when another car, driven by a Fort Worth negro, crashed into the rear end of the wrecker. He was thrown under the wheels of the negro's car and crushed.

The fatal accident occurred a short distance from the Sierra Blanca landing field. Knapp, about 25 years old, was traveling with J. H. Thomas. They were en route to Kansas City, Kansas.

Key Wells In East Texas To Be Opened For A Test

KILGORE, May 31. (AP) — Thirty railroad commission men went into the East Texas oil field today to open 300 "key" wells in the second two-hour potential test in the last two months.

Capt. E. N. Stanley, in charge of the commission field office here, reported records on the tests would not be available before tomorrow.

Arms Conference Will Take Holiday; Agreement Sought

GENEVA, May 31. (AP)—The disarmament conference decided today to take a holiday, of about a month, in the hope that political negotiation in various capitals will break the back of differences on several vital problems.

The bureau, which is the steering committee, in a three-hour session decided that to try to continue the meetings was useless without an agreement beforehand on certain important issues.

Searching Investigation Will Be Conducted At Prison To Determine Blame For Break; Station Is Robbed

(By The Associated Press)

LANSING, Kas., May 31.—Leaving a policeman dead along the trail of their flight, the 11 desperadoes who escaped yesterday from the Kansas penitentiary had vanished tonight in the hill country of northeastern Oklahoma — long an outlaw retreat.

Posses hunted the timbered "had lands" without avail. A police net was extended in a wide circle through Oklahoma, Arkansas, Missouri and Kansas on the theory that the convicts might make a dash for distant parts.

Highways Guarded

Squads of police and deputy sheriffs guarded highways. They were heavily armed and ready to "shoot to kill" if they encountered the fugitives. The convicts themselves were well supplied with rifles, shotguns and pistols.

Otto L. Duke, 42, night policeman and a World war veteran, was shot down early today at Chetopa, Kas. Authorities expressed the belief that he had run afoul of one of the two parties of convicts.

Chetopa is only 15 miles from Welch, Okla., near where Wilbur Underhill and Harvey Bailey, leaders of the prison break, with four other convicts last night released Warden Kirk Prather and Guards L. A. Laws and John hSerman, who were kidnaped from the prison and taken on a wild automobile ride.

Women Are Released

After a harrowing experience as captives of the other five convicts, who fled in a separate group, Mrs. M. J. Wood, her 17-year old daughter, Louise, and Miss Cloris Wears, 17, of Higgins, Tex., returned unharmed to Kansas City, Kas.

They were freed last night at a farm house near Pleasanton, Kas., 100 miles southeast of Lansing, but because the telephone lines at the

Twenty-Four Men Leave Wednesday

Twenty-four recruits to Civilian Conservation corps left last night for Fort Bliss, Texas, said Sergeant J. G. McDermitt, U. S. army recruiting officer here. One of the men, Thomas Kizer of Levelland, was a replacement.

The recruits came from Hockley, Scurry and Hale counties. They were:

Scurry — Elmer Hunter, Dewyatt Davis, Aubrey C. Kincaid, William G. Farquhar, Albert N. Skiles, John G. Starnes, William A. Banks.

Hale—James R. Murphy, Earl Hill, Marshall F. Patterson, Ernest A. Cochran, Ealand A. Upchurch, Jack Perry, Eugene L. Lewis, Marvin M. Wise, Leon C. Ticer, George Harris, and Chester Cox.

Hockley—Andrew J. Strader, Donald Swofford, Cleo Clark, Henry B. Logsdon and Lewis Godwin.

Austin Airport Manager Is Killed In Crash Of Plane

AUSTIN, May 31. (AP)—Hal Naylor, manager of the Austin municipal airport was fatally injured and Miss Mary Blanche Bauer of Robstown was slightly hurt when a plane piloted by Naylor fell near the airport today.

The plane was flying at low altitude. Witnesses said it appeared the motor failed and the ship went into a nose dive when Naylor attempted to bank and return to the airport. Naylor was pinned under the motor.

Miss Bauer is a stiudent pilot. She is enrolled at the University of Texas.

Labor Retention Amendment Backed By Administration

WASHINGTON, May 31. (AP)—The administration put its support behind the labor retention amendment to the railroad cordinator bill today and the agreement was expected to hasten the legislation through congress.

After a White House conference, Chairman Rayburn of the house commerce committee said his committee would attach the amendment to the administration bill tomorrow.

Detailed Report Of Cash Spent On Relief In City Given By Officials Here

Hundreds Are Aided As $28,335.41 Is Paid To Workers

A DETAILED report of projects completed or underway and of funds spent, as of May 24, was made Wednesday by Lubbock Work Relief committee.

The committee received $29,750.02 from the Reconstruction Finance corporation, spent $28,335.41 to May 24, and at that time had on hand in a bank $1,414.61. The committee announced its books and all supporting information was available to the public for examination. All funds, save 62 cents for express on supplies, was spent for wages.

Have Aided 887 Families

The funds have aided 887 families since December and have provided Lubbock a new dump ground, a city-wide cleanup, parks improvement, tree pruning, pavement around Senior high school and adjoining school and city property, pavement in other sections of town, and other improvement.

When the committee, following instructions of the Texas Relief commission, called all cases May 19, there were 887 families on the employment list, of which 604 at that time were depending on R. F. C. work relief. Under the new set-up, 535 persons have re-registered. The 283 families on the rolls and not active May 19 either had moved away, secured other employment, or had been found ineligible.

Members Of Committee

Members of the committee were S. A. Wells, J. O. Jones, E. L. Pitts, J. J. Clements, Chas. A. Guy, chairman, and A. B. Davis, secretary-treasurer. The secretary-treasurer made a report of the committee's projects at Rotary club luncheon yesterday.

In making its report yesterday, the committee said, "One of the outstanding projects was removal of the city dump ground from beside highway No. 9 just north of the city limits to a location southeast of the city away from all highways and roads. The old dump ground was cleaned up.

City Thoroughly Cleaned

"Another project was the thorough cleaning of the city, vacant lots, streets, and alleys. Among the other projects were improving and beautifying the city park, installation of pit toilets in sections of the city not served by sewer lines, the construction of the new dump ground and a road to it, the planting of trees two miles out on all highways leading into Lubbock, the paving of parkways on Broadway and around the high school and several other blocks."

The funds were voted by congress, and instead of communities repay-

Brighter Business Reports Are Announced By Secretary

WASHINGTON, May 31. (AP) — Widespread reports of brighter business were announced today by Secretary Roper as the senate finance committee pushed consideration of the national recovery act designed as a direct governmental contribution to the revival of industry.

Chairman Harrison of the committee said the administration's industrial regulation-public works bill carrying $3,300,000,000 for construction projects would be before the senate for debate on Monday with the full weight of the White House influence behind immediate enactment.

Capone's Plea For Freedom From Penitentiary Refused

NEW ORLEANS, May 31. (AP)—Al Capone's plea for freedom on habeas corpus from the Atlanta penitentiary where he is serving ten years for evading income taxes, was denied today by the United States circuit court of appeals here which upheld a decision of the Atlanta district court.

Since Capone's conviction in Chicago in 1931, his attorneys have fought to gain his freedom, and they indicated they will carry the case to the United States supreme court, should the circuit court deny them a rehearing.

WARRANTS CALLED

AUSTIN, May 31. (AP)—The state treasury today issued a call for $712,182 in general revenue fund warrants. It announced general revenue warrants up to and including No. 127,151, regardless of whether they had been discounted, would be paid.

The new call takes in approximately 75 per cent of the March warrants of the general revenue fund, the treasury announced.

Credit Plans Being Pushed

Bill Putting $600,000,000 In Federal Farm Credit Facilities Passed By House And Sent To Senate

(By The Associated Press)

WASHINGTON, May 31. — The Roosevelt bill putting $600,000,000 in federal farm credit facilities under the direction of one man was passed by the house today in record time and sent to the senate where speedy action was forecast.

Without even a standing vote, the house accepted the "farm credit act of 1933" as it came from the agriculture committee.

Rule Thrown Aside

The much talked of rule forbidding amendments was thrown aside, and members given opportunity to propose any change they chose—but less than half a dozen were proffered and only two, both approved by the agriculture committee, adopted.

Chairman Jones of the agriculture committee said the bill was offered simply for the purpose of "breathing life into" the farm credit administration already established by executive order of the president.

Carries $122,000,000

It carries $122,000,000 for the new system, and Jones estimated that if full advantage were taken of the opportunities $600,000,000 in credit would be available to farmers.

Under the bill, two new banking systems are to be set up. One will handle loans to cooperatives, the other loans to local production credit associations. Each of these branches will have 12 regional banks.

Gas Tax And Postal Measure Within Sight Of White House

WASHINGTON, May 31. (AP)—An agreement by house and senate conferees to transfer the three per cent electricity levy from the consumer to the producer today brought the gasoline tax and postal reduction measure within sight of the White House.

Breaking a three weeks deadlock, the senate conferees receded from their demand for a two per cent tax on producers of domestic and commercial electrical energy and a one per cent levy on industrial consumers.

Many Bills Of Importance To Get No Action

Sine Die Adjournment Is Set For Noon; 43rd Legislature Sets Record For Continuous Work By Solons

Fergusons Blocked

Members Prove To Be Frugal In Dealing Appropriations But Also Will Be Classed As Liberal Minded

By R. W. BARRY
Associated Press Staff Writer

AUSTIN, May 31. — Only loose ends of the 43rd Texas legislature skein needed to be gathered together tonight before this state's longest unbroken session of a legislature could be ended.

Sine die adjournment had been set for tomorrow at noon, the 143rd day of the session. Only one other legislature ever came near this record for a continuous session — the 13th legislature, which was in session 142 continuous days. The 12th legislature, which ratified the present constitution, was in session 271 days but only intermittently.

Activity Virtually Ends

The legislative wheels virtually stopped revolving today at noon, when the 48 hour rule, providing for consideration of only conference reports and proposals to correct bills already passed within that time limit, before final adjournment, became effective.

The legislature convened on January 10 last, one week before Mrs. Miriam A. Ferguson was inaugurated governor.

The Fergusons had little luck this time with the legislature, their recommendations, in the most part, having been rejected.

Sales Tax Defeated

They proposed a sales tax as a means of relieving home and land owners of the burden of taxation, an elective highway commission and a separate oil and gas commission to relieve the Texas railroad commission of its duties in administering conservation laws. All of these were defeated by the legislature.

Also, the senate refused to approve the appointment by Governor Ferguson of Frank L. Denison of Temple to be chairman of the highway commission.

Solons Are Frugal

This legislature, however, was the most frugal in decades, as well as the most liberal minded.

Appropriations to support the government the next biennium were reduced from nearly $46,000,000 to nearly $33,000,000. In addition, appropriations for rural school aid and other incidentals, including cost of the session, approximated $10,000,000. All appropriations were reduced by about 25 per cent under the expenditures authorized by the last legislature.

This legislature surprised all factions when it legalized betting on horse races, voted to make prize

From The Woman's Angle

BY BLANCHE BEAN WILSON
Avalanche-Journal Woman's Editor

THIS is the afternoon to take a ride, whether you live in the city or in the country. This is the afternoon that tours are going to be made out to six country homes to look at winning rooms in a bedroom improvement contest that has been conducted among 4-H club girls in the county.

• • •

If you have never been on one of these tours, you don't know what you have missed. Last fall, this writer and a number of other people went around and viewed pantries that were being exhibited by home demonstration club women. In that trip we saw more good food than you could see in any ordinary year. Those rural women had canned and preserved everything you could wish for to eat and all of it was appetizing enough to make you hungry for weeks.

• • •

The tours today will be out to the bedrooms that have been judged winners in the contest that closed this week. Anyone may attend and it is hoped that a number of rural people will make the trip with town people.

• • •

The Business and Professional Women's club is sponsoring this trip—that is the members are stimulating interest. However, you should not wait for an invitation more personal than this. If you are interested, be at the Chamber of Commerce this afternoon at 2:30 o'clock ready to make the rounds. The trip, which will be to Hurlwood, Hardy, Union and other rural communities, will be concluded about 5 or 5:30 o'clock.

• • •

It will be a matter of some surprise to you, no doubt, to know what can be done in the way of improvement with some scraps of lumber, paint and paper and some ordinary elbow grease. If you have not seen improved bedrooms, living rooms, yards and other places in the last few years, you have missed something interesting and worth while. If you haven't been before, go out today, it will be an inspiration to you.

• • •

Most of us read pages in women's magazines that are devoted to descriptions of how to make dressing tables from orange crates or stools from broken chairs or how to make covers for the living room furniture. This sort of thing goes on every year in the homes of rural women and girls who enter these contests. And, what is more, the improvements often cost virtually nothing because the women practice considerable ingenuity. These contests are practical examples of what one may do to make the home more comfortable and attractive without spending a great deal of money.

• • •

But, whether or not you are wanting to know how to redecorate your bedroom or how to renovate furniture, make this trip today. It will be a matter of education and a trip of untold interest.

• • •

If you live in town, this will also give you an opportunity to go out and shake hands with your rural neighbors. If you already live in the country, take this opportunity to go around and see the people in other communities. It will do you good and it will please the girls who have spent so much time and effort in making these improvements.

SALAD DRESSING

SOMETHING that is recommended now to take the place of starchy foods in the diet and yet fill the bill for summer, is mayonnaise dressing made with fruit juices. It is supposed to "dress up" even a plain salad.

• • •

Jellied Florida mayonnaise, for instance, has the following ingredients: Two tablespoons lemon-flavored gelation; 6 tablespoons hot grapefruit juice; one-eighth teaspoon salt; one-half cup mayonnaise; one-half cup whipped cream. Dissolve the gelatin in the hot fruit juice. Add the salt and chill. When slightly thickened, fold in the mayonnaise. Chill 10 minutes. Fold in the cream.

• • •

Just plain grapefruit juice mayonnaise is made of one-third cup mayonnaise, one-third cup of whipped cream, a dash of salt and one and one-half tablespoons grapefruit juice. Fold the mayonnaise into the cream. Add the salt and fruit juice. This makes one cup of salad dressing.

Linen

The Dark Horse this summer seems to be black linen and you're safe to place your best bet on it. It has dashed suddenly into fashions limelight . . . almost overnight and so far it is winning high stakes. It is chic for street wear in suit or tailored dress or it will dine and dance with the utmost grace. Per yard 79c

"Limp No More, my lady," is the new shoe song at Carter Houston's. And it's all because we are featuring cool, comfortable linen shoes in pump and tie styles. They are really most attractive with eyelet trim and they can be tinted any color . . . to match anything . . . and we do not charge for this service. Only $5.00 per pair.

Don't, don't miss having a linen suit this summer! Whether you're going to the Century of Progress, to the sea shore, or just seeing a few shows or going to the Country Club at home. You'll never have anything in your wardrobe so wearable . . . and never anything so smart. Short jacket styles and swagger styles in white and navy at $4.95 and $6.95

Before You Complete your summer sewing by all means include enough linen yardage for a tailored dress or two, either in red, orchid, grey, tan, brown, navy, white, yellow or green. So many ways of making them this year! A clever Buttrick pattern will cost only 25c and the material per yard 79c.

Then Of Course, for the ultra smart a little linen hat direct from New York in black, brown, navy or white will certainly put the finishing touches to any suit . . . and especially a linen one! They are individual . . . different! $3.95 to $5.00. Or if you prefer, why not a linen beret at only $1.00?

They'll Freshen you up 'till you'll feel and look just like you've stepped from a band box! They're "necessities" to any suit! We're talking about those clever little linen blouses that sell for only $1.9.5. Wear a solid color or a dark dotted one. And just a tip . . you'd better shop for yours today!

And Mr. Man, we certainly did ourselves proud when we purchased linen suits for you . . . and here's why . . . they're made of a remarkable linen imported from Belfast, Ireland. No chemicals used in bleaching process. Triple trunk. Our idea of a regular summer suit . . not a makeshift. With 2-pants, $13.50.

With The Advent of summer we knew one thing sure that we had better include Linen Slacks on the men's want list, and we did, to sell for $2.95. And boy, oh boy, do they afford summer comfort!

What The Boy Needs is not a spring tonic but several pairs of these linen knickers. They'll pep him up and improve his disposition in a big way because they are ideal for summer wear. They're cool, pre-shrunk, with hip zippers and sturdily made to give long wear. Sizes 6 to 13. Per pair $1.50

Keep A Cool Head, and here's how! Purchase your linen mesh cap at Carter-Houston's today. They are the thing for the sportsman! Or if you plan a long drive in the car this summer you can insure that "cool head" by wearing one of these caps. $1.00.

The June Bride should certainly come in for her share of "linen" in the form of gifts. Make your gift selection from our linen department. Either beautiful cut work luncheon cloths, Italian linen cloths, linen guest towels, cocktail napkins, and many other odd pieces. Price from 50c to $12.50.

The Nose, that knows, wants a dozen or so of these pretty little linen handkerchiefs. Gay little wisp in plain or printed designs. Every color and color combination. For sport or dressy clothes. 25c and 50c each. Tuck away two or three a day until you have replenished your supply!

SCIENTIST tells WHY this soap is such a wonderful aid in keeping skin YOUTHFUL

YOUTHFUL SKIN . . . what a world of happiness those two words mean to a woman!

Yet too often—and too soon—women see their lovely youthful complexions grow dull, rough, old-looking. WHY?

The Secret of Youthful Skin

Because, science now tells you, skin gradually loses the precious elements nature herself puts in skin to keep it young-looking . . . and it's these precious elements that skin *must have* to be youthfully attractive.

But here's good news . . . scientists explain now you can check the loss of those precious elements. Lux Toilet Soap *actually contains* such precious elements . . . and is completely free from harshness, readily soluble. That is why this wonderful soap is an unquestionable aid in keeping skin young-looking . . . softly smooth, they declare.

Do you wonder that 686 out of the 694 important Hollywood actresses are so enthusiastic about this fragrant, white soap . . . have used it for years? And that it's been made the *official* soap in all the big film studios?

A Lovelier YOU

MILLIONS of women (and men, too) have confirmed Hollywood's experience. *You*, too, can have a softer, smoother, younger-looking skin with this scientific care. Get Lux Toilet Soap today—and prove it to your own satisfaction.

For EVERY Type of Skin
. . . oily . . . dry . . . "in-between"—

"I can well understand why screen stars prefer it . . ." says Miss Belle Dawson, of Washington, D.C. "For years I've been using Lux Toilet Soap and the care it has taken of my skin is a delight. My skin is always smooth and clear and it keeps young-looking."

Mission Filled After 25 Years

CLEBURNE, May 31 (AP)—O. H. Poole of Cleburne made a journey yesterday on a mission pledged more than 25 years ago.

When he published the Cleburne Morning Review, he met James H. Lowry for 40 years publisher of the Honey Grove Signal. Their friendship rew and each pledged that he would attend the other's funeral.

Lowry, known as "Buttermilk Jim", died Monday and Poole went to his home, recalling the many years they spent together in the Texas Press association.

W. L. Purdy of Memphis, Tenn., fashioned a cane from a worn-out hame (that part of the harness to which the tugs are fastened) and sent it to President Roosevelt.

Court Refuses Walker Motion

Hugh Walker, convicted of murder and sentenced to 99 years in the penitentiary for the slaying of Frank V. (Leather Hat) Brown a year ago, yesterday, lost his last chance in the state courts to evade the sentence.

The court of criminal appeals in Austin overruled a motion for rehearing by Walker. The judgment previously had been affirmed.

Walker, held in county jail, is to be transferred to the state penitentiary after the mandate from the appeals court is received.

Lost 40 Pounds On Doctor's Advice

"I'm a user of Kruschen Salts as a reducing remedy and can say they are fine. Have lost more than 40 lbs. in the past year. Am gradually reducing as my doctor advises." Miss Bertha Waldo, Hannan, N. Dak. (Oct. 30, '32).

Once a day take Kruschen Salts—one half teaspoonful in a glass of hot water first thing every morning. Besides losing ugly fat SAFELY you'll gain in health and physical attractiveness—constipation, gas and acidity will cease to bother—you'll feel younger—more active—full of ambition—clear skin—sparkling eyes.

A jar that lasts 4 weeks costs but a trifle at Mark Halsey Drug Store, or any drugstore in the world—but demand and get Kruschen and if one bottle doesn't joyfully please you—money back.

WOMEN'S CONTRIBUTION TO THE MOTOR CAR

There is some doubt that people care to hear very much about what goes on under the hoods of their cars.

The driver knows that "driving qualities" are not accidental; they are put there. How the manufacturer creates or evolves those results may not interest him. He judges entirely by the results he gets in driving.

Well, it is not essential to talk "shop"; let us talk Results.

Smoothness. Drive the Ford V-8 and you will find that the engine runs with surpassing smoothness, due to its design and the extra precise methods of its manufacture.

Power. There it is, 75 horsepower (we could say 80) at the driveshaft for the driver's use. With less weight to pull around, the mettle of this car——its life-like response——is rather remarkable.

Economy. Our V-8 develops more power on a gallon of gasoline than any car we have made. Mileage is partly a matter of individual driving, but under average conditions the Ford V-8 does 17 to 20 miles a gallon. Of course, car economy is not only a matter of fuel. Ford V-8 has that too, but it is also economical in the complete sense——initial cost, operation, maintenance.

Appearance. This is woman's contribution. The motor car must not only be useful, but also good-looking. View the Ford V-8 and you will not need our comment on its fine appearance.

Comfort. This also is woman's concern. In 30 years she changed the motor car from a wagon to a coach. Comfort is a quality made up of numerous ingredients. There is no comfort without a quiet, smooth-running engine. We have all the other ingredients too,——color, good taste, quality, ease, safety, roominess and convenience.

Siege Guns Of 12 Hurlers Roar As Yankees And Senators Split Pair

Swatters Get 49 Hits From Dozen Boxmen

Washington Drops Second, 9-7, After Winning First, 12-7; New York Has Series Edge; Pennock Goes The Route

(By The Associated Press)

WASHINGTON, May 31.—In a pair of seige-gun battles, in which 12 pitchers worked in vain to stop the smacking of 49 base hits from the bats of the two teams, the Washington Senators today split a double header with the New York Yankees by dropping the second game, 9 to 7, after winning the first, 12 to 7.

The division gave the Yankees a two-to-one lead for the short series and retained their first place position by three full games. The Nationals clung to second place by a precarious margin.

Washington took the first game by a rousing five-run rally in the eighth after coming from behind to tie the score in the previous inning. Each team was forced to throw four pitchers into the battle.

In the second game, the Yankees' big guns opened up an eight-run lead in the first two innings. Herb Pennock performed the unusual for the day by lasting the route, but he was hard pressed as the Senators kept pecking away, scoring five runs in the last three frames.

First game:

New York	010	020	400—7
Washington	004	100	25x—12

Runs batted in, Lazzeri 2, L. Sewell, Manush 4, Goslin 2, Rice, Combs 2, J. Sewell 2, Gehrig, Cronin 4; two-base hits, Chaplin, L. Sewell, J. Sewell, Lazzeri, Cronin; three-base hits, Manush, Gehrig, Combs, J. Sewell; home run, Lazzeri; sacrifices, Moore, L. Sewell, Myer; left on base, New York 8, Washington 6; base on balls, off Ruffing 3, Moore 1, Crowder 2, Stewart 2, Thomas 1; struck out, by Ruffing 4, Crowder 3, McAfee 1; hits, off Ruffing 6 in 5, Moore 2 in 2, Gomes 2 in 1-3, brown 2 in 2-3, Crowder 8 in 6 1-3, Stewart 1 in 1-3, Thomas 1 in 1 1-3, McAfee 2 in 1; winning pitcher, Thomas; losing pitcher, Gomez; umpires, Van-grafian, Summers and Owens; time, 2:23.

Second game:

New York	350	010	000—9 16 1
Washington	001	100	302—7 9 1

Pennock and Jorgens; Weaver, Russell and L. Sewell, Berg.

Tilden Predicts Loss By U.S. In Davis Cup Match

NEW YORK, May 31. (AP) — Big Bill Tilden thinks the United States will be beaten again in the battle for the Davis Cup, but, he hastened to add today, not because it develops the chairman of the American Davis cup committee, Bernon S. Prentice, declined with thanks an offer to have the former world champion and his professional partner, Bruce Barnes, work out with the American team in Paris.

"We appreciated Tilden's offer, especially because of his knowledge of conditions and his experience abroad," said Prentice, "but I pointed out to him that we would have two extra players, in addition to the members of the Davis cup team, for whatever light workouts we need. Big Bill will be welcome at our camp, any time, but we will not do any heavy work, before either the inter-zone or challenge round matches, and there would be no need of using Tilden and Barnes."

The American professionals sail June 8 for a European tour.

Vines Leads Field Of Stars In Dixie Invitation Tourney

MEMPHIS, Tenn., May 31. (AP) — Ellsworth Vines, national singles champion, led a field of stars into the quarter finals of the Dixie invitation tennis tournament here today.

Bryan Grant of Atlanta fought gamely through to a 4-6, 6-3, 6-4 victory over Perry Eastman of New Orleans for another of the quarter final positions.

Grant is scheduled to meet George Lott of Chicago tomorrow. Lott easily eliminated Jimmie Elmore, Memphis, today, 6-2, 6-3.

Vines moved into the quarter finals with a 6-1, 6-1 win over Dick Covington of Asheville, N. C., and Berkeley Bell of New York won a third round match late in the day from Kimbark Peterson, Nashville, 6-3, 6-3.

WALES RED FACED

LONDON (AP)—"It's embarrassing to see a picture all about one's self," said the Prince of Wales, after viewing the film "The Prince of Wales," which will be shown publicly on June 22, the eve of his birthday.

The prince faced the sound apparatus for the prologue. This will be followed by 6,250 feet of film—taking an hour to show.

The picture was prepared from 65,000 feet of film, 15,000 of which came from the prince's private collection.

North Carolina in 1783 had a population of 90,000 slaves.

HOLD CLUB FIRMLY IF THE LIE IS BAD

There is one thing a player should do when playing a ball from a bad lie. That is to hold the club firmly, not tightly, enough, so that any obstruction will not turn the club-

face away from the right angle.

The next thing is to be sure to follow through even if the follow through be only an inch.

In all shots out of heavy or long grass better results will be obtained if the clubhead is laid out a little. No one can get out of a bad lie with a closed face. One can visualize how the clubhead can slip into the bad lie more easily and with the added loft extract the ball.

Root Stingy, Cubs Defeat Pirates, 5-1

League Leaders, Their 10 Hits Scattered. Do Not Score Till Eighth, After Herman's Two-Bagger Sends Two Across

(By The Associated Press)

PITTSBURGH, May 31.—Charley Root, veteran right-handed pitcher, was stingy with hits with men on the bases as the Chicago Cubs made the most of their seven blows to defeat the Pittsburgh Pirates, 5-1, today.

Although defeated, the Pirates held to their lead in the National League but only by the slim margin of five points over the idle St. Louis Cardinals.

Root kept the Pirates' 10 hits well scattered and for seven innings kept the Corsairs away from the plate. In the eighth, however, a base on balls and singles by Gus Suhr and Earl Grace gave the league leaders their only tally.

Steve Swetonic started on the mound for the Pirates but was the victim of bad support in the first and fourth innings. Bill Herman's double with the bases loaded produced two Cub runs.

Beaumont Sweeps Series With Galveston, After Sullivan Breaks 12-Inning Deadlock; Scores Are 8-7, 5-1

BEAUMONT, May 31. (AP) — The Exporters made a clean sweep of the Galveston series by winning a double header today. The first game went 12 innings before Pitcher Joe Sullivan drove in the deciding run, breaking a 7-7 deadlock for an 8-7 victory. The nightcap was won 5 to 1 in the third inning when the Exporters bunched seven singles for all their runs, driving Hank Thormahlen to the showers. In this game every local hit safely once and no more.

Shields Loses In French Net Match

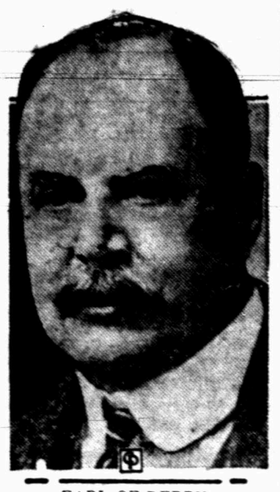

AUTEUIL, France, May 31. (AP) — The only American threat to the men's singles title in the French hard court tennis championships was removed today with the defeat of Frank Shields, United States Davis cup player in 1931 and 1932.

Left-handed Christian Boussus, third ranking French star, defeated Shields in four sets 6-3, 6-2, 2-6, 6-4, in a fourth-round match to stand besides Marcel Bernard and Henri Cochet as defender of the title the French have held inviolate since it first was thrown open to the world in 1925.

Although Shields was eliminated as a contender a strong field still remained for the three Frenchmen to defeat.

The production of poultry in North Carolina will be increased in 1933.

Hyperion Outclasses Field As He Cracks Record For House Which Gave Classic A Name; Late Favorite

EPSOM DOWNS, Eng., May 31. (AP) Lord Derby, most popular of Englishmen, today won his family's third victory in the classic race named after the famous house when his Hyperion, 6-to-1 favorite, scored a record smashing triumph over 23 of Britain's best three-year-olds in the 150th running of the derby.

Lead Is Four Lengths

Stepping the crucial one and one-half miles in two minutes and 34 seconds, two-fifths of a second faster than the record established by Call Boy in 1927 and equalled in 1928 by Felstead, Hyperion crossed the finish line in front of the royal box with four lengths to spare over Sir H. Cunliffe-Owen's King Salmon, quoted at 7 to 1.

Back in third place, a length to the rear of King Salmon, trailed Victor Emanuel's Stateman, a 20-to-1 shot and the first of the three American-owned horses to finish. Franz Hals, owned by John McCormick, the Irish tenor, was seventh and W. M. G. Singer's Myosotis trailed near the end.

Odds Shift Late

Away back was Lord Woolavington's Manitoba, the favorite until a few minutes before the race when a flood of money shoved Hyperion into the honored position. Never closer than sixth and never really in the race, Manitoba was a badly beaten horse, bearing out the belief of many that he could not go the derby distance.

The crowd was estimated at nearly a million, but nobody tried to count it. It included the king and queen and packed the huge grandstand.

Out-Of-Towners To Qualify In Regional Tourney Today; Three Holes In One Made; Lubbock Is Represented

(By The Associated Press)

WICHITA FALLS, May 31. (AP) — Fifty Wichita Falls entries qualified today in the West Texas Golf association's annual tournament but their scores were withheld until tomorrow, when out-of-town players will qualify.

C. V. (Cap) Lyman of Breckenridge shot a hole in one on the 135-yard No. 6 this afternoon while practicing with L. T. (Bobby) Burns, Wichita Falls, and W. M. Andrews and Dudley Raines, both of Abilene. Raines is a former West Texas champion.

Two Score Eagles

Burns, a finalist in the tournament two years ago, and T. P. Duncan, jr., of Crowell, scored eagles on the par 4 No. 1 hole. Stayton Bonner, veteran Wichita Falls linksman, toured the course in 72, par.

Jimmie Phillips, defending champion from Ranger, arrived today, along with more than a score of other visiting players from West Texas points. Charlie Quails of Post, another former West Texas titlist, was on hand. In all, about 125 players are expected to enter the qualifying round.

Lubbock Clubs Enter

Competitors representing the Lubbock Country and Meadowbrook Golf clubs here left Wednesday for Wichita Falls, where they were to enter qualifying rounds today in an annual West Texas Golf association tournament. Officials of the two clubs estimated Lubbock's representation would approximate 20. An advance guard of four men left Monday night. The tournament proper will begin Friday, when first and second-round matches will be played. Finals in all flights will be Sunday.

Regis Mapp, who won 12 games for Virginia Polytechnic Institute in 1930, with no losses, will pitch for the Knoxville Smokies of the Southern League this summer.

BASEBALL'S BIG O

(By The Associated Press)

After one day at the top of the National league batting list, Harold (Pie) Traynor of Pittsburgh skidded clear to the bottom of the Big Six yesterday, yielding first place in his circuit and fourth in the sextet to Johnny Frederick of Brooklyn. Traynor was the only member of the Six Six to play and he failed to connect with Charley Root's pitching in five attempts. His average dropped 12 points from .360 to .348. The standing:

Morse, Steer Manager, Released Jonnard Becomes Acting Pilot

Successor Will Not Be Chosen From Present Dallas Squad, President Dryfuss Says, In Referring To Low Morale

DALLAS, May 31. (AP)—The release of Happ Morse as manager of the Dallas Texas league baseball team was announced late today by Sol Dreyfuss, club president. The action was effective immediately.

President Dreyfuss said emphatically that no player now a member of the Steers would be placed permanently in charge. Bubber Jonnard, veteran catcher, was asked to take over the management temporarily and accepted.

Jonnard Takes Charge

Jonnard was in charge tonight when the Steers took the field for their final home engagement against the Tulsa Oilers and will continue to handle the team when it starts its South Texas road trip. The Steers play Thursday night at Galveston. It was considered likely a new manager would be signed and report at San Antonio.

Club officials said they were negotiating with two men and probably would not make a definite choice of Morse's successor for three or four days.

Texas Leaguer Preferred

They indicated they were seeking an outstanding man with previous managerial experience and some knowledge of the Texas league, and in whom they would have confidence to lift the Steers up out of their cellar place position into the pennant fight. They promised they would put all in their power to give the new manager additional talent if it is needed.

199 MILES IN DANCING

LEXINGTON, Ky. (AP)—A popular coed at the University of Kentucky can very near equal the marathon dancers, an enterprising statistician on the Kentucky Kernel, campus publication, has figured. He estimates a coed attending all the student dances in a year would dance 199 miles, or 1[illegible] steps at each dance.

Kirk Prather Tells Of A Wild Ride With Eleven Desperadoes

Lives Of Officials Threatened By Bad Men; Three Men Get Release In Oklahoma After Escape Is Effected

KANSAS CITY, May 31. (AP) — Warden Kirk Prather of the Kansas state penitentiary, who with two prison guards was forced to accompany six of 11 desperate convicts in a daring escape from the penitentiary at Lansing, Kas., during a Memorial day baseball game, told his story of the escape to a representative of the Associated Press and the Kansas City Star.

The warden in a telephone conversation after the fleeing convicts had released him and the two guards at Welch, Okla., gave the following account of his experience:

Attacked From Behind

"I was watching the baseball game in the prison yard," he said, "when Wilbur Underhill, a life termer convicted of murder, slipped up behind me and threw a slip-knot noose of wire around my neck. At the same time, another convict, I think it was Harvey Baisey, pressed a revolver against my back. A third convict drew my arms behind me.

"Other guards were taken around me. Several guards, covered by six convicts, joined us and together we marched to watch tower post No. three and one-half, where we stopped.

"Underhill spoke up. He was the leader of the gang. 'Here's what our plan is,' he said. 'We'll kill all fourteen guards within range of our guns, then kill you, unless you do what we say. Make that guard up there take down his gun.'

Alarm Siren Blows

"A guard on the wall was covering us. Just then the alarm siren blew to inform the prison that an escape was in progress and Underhill ordered Bailey to kill Sherman. Bailey lifted his revolver, when I shouted to the guard on the wall to lower his gun and not to fire under any circumstances. Then the guard was commanded to throw his keys down to us and we proceeded to post, No. 3, at the southeast corner of the yard. The trap to the tower was opened and we ascended.

"As we entered the tower, Underhill twisted the end of my wire leash around his left wrist. With his right hand he held a revolver against my side.

"There were six convicts in the group. W. E. Muselman, in charge of prison recreation, John Laws, John Sherman and I were the only guards taken aloft. A coil of rope in the watch tower, used for pulling up fuel and provisions, was thrown down the outside of the wall. Underhill commanded me to slide down. He followed, the wire around my neck still fastened to his wrist.

Shot Fired From Wall

"Laws and Sherman came down with the other five convicts. While the convicts were in a huddle, trying to decide their next step, I think, somebody fired a shot from the wall. It struck Bailey in the right leg and he went down. Afterward we found his leg was broken just below the knee.

"When the Woodson car was seized, (Dodge car of W. W. Woodson, prison farm superintendent, taken from prison garage) Bailey had to be helped to the back seat. I didn't see the car taken. Underhill made me stand on the running board. He crawled into the back seat. The two guards and one convict also stood on the running board.

"Jim Clark, life-termer from Bourbon county, took the wheel and drove down a road skirting the prison farm.

"'You show us how to keep out of the mud,' Underhill said to me, 'or I'll kill you. Understand?'

Pistol Gets Tangled

"I told him not to fear, that I would direct them to a good road. We drove south on state highway No. 5. Underhill somehow got his revolver tangled up with his clothing or the wire and it was discharged. The shot shattered the back window of our car.

"The road turned east a mile and one-half farther on and we turned to the right to get to U. S. highway No. 73. Just before we reached it, however, Woodson's car began to sputter and stopped.

"Just then a Chevrolet coach, almost new, passed on the slab. It seemed to be crowded with women and children. A few minutes later, the convicts started the Dodge and proceeded on towards Wallulu, Kas. We passed the Chevrolet.

Car Stalls On Road

"At Wallulu, the Dodge sputtered again, Clark tried to pull the car off the road. The car stalled sideways in the middle of the slab, blocking the Chevrolet which was approaching it. Evidently the occupants of the Chevrolet thought we intentionally blocked the road.

"The convicts immediately leveled guns at the Chevrolet and we changed places with the passengers, leaving Woodson's car in the middle of the highway. Ed Davis, a life termer, took the wheel of the Chevrolet. Bailey was bleeding. I was in the back seat. The two guards rode on the running board, revolvers aimed at their heads. They rode the running board the rest of the day.

"I think we crossed the Kaw river about 10 miles southwest of Linwood, Kas., then drove into Eudora, where we bought gasoline at an out-of-the-way filling station. Underhill paid for it. I kept my head down. The attendant wasn't suspicious.

Police Car Sighted

"Somewhere below Ottawa, Kas., the driver said he saw a police car ahead. One of my guards told me afterward it contained uniformed officers and appeared to carry a machine gun. Davis stopped the car and ordered the guards to stand off at the roadside. Two convicts jumped out with pistols, prepared to meet the police car.

"It came almost within fighting range, then went into reverse and backed off. Then it turned around and went speeding away from us.

"Fourteen miles north of Parsons, we encountered a car (identified as that of Ed Clum) and the convicts held it up. Davis had complained the Chevrolet was getting too hot.

"Sawyer and Bradley took Laws, the guard, and climbed into the Clum car. We went on ahead, the other following. It could not keep up, so we stopped and waited for it.

Whisky Is Produced

"One of the convicts produced a pint of whisky. Everybody was jubilant over that.

"At Edna, Kas., we bought more gas, Underhill again paying for it. Then we struck south on a dirt road and the bottle was passed to everybody but me and the guards. When the boys began to loosen up and talk, I said, 'well, you guys certainly pulled a clever job. We suspected two weeks ago that you were smuggling guns but we couldn't find them. We searched all the sisal bales that came in.'

"Bailey, the wounded man, said we hadn't searched the right ones.

"About sundown, just before we drove into Welch, Okla., we had a flat tire. Davis parked at the side of the road and all of us got out of the car. Two of the convicts repaired the puncture, grumbling, and Underhill said he hadn't decided what to do with me and the guards, bump us off, or what.

Country Seems Wild

"As we entered the Saginaw hills, south of Welch, twilight descending and the country seemed wilder than it really was.

"'Here's where we're going to bump you off,' said Underhill. 'We've been waiting to get to these hills.' Everybody laughed.

"Then he remarked, 'well, warden, you've been a pretty decent fellow. Don't think I ever met a better warden. You've handled the pen pretty well.'

"We turned from the road into higher and darker hills.

"Suddenly the car stopped and Underhill said, 'well, here's where you boys get out.'

"The guards stepped down. I crawled out. All of the convicts followed us, even Bailey. I thought they were about to kill us.

"'Got any dough?' Underhill asked.

"I had 65 cents. Sherman said he had 30 cents, Laws 15 or 20 cents.

Gives Warden a Dollar

"All the convicts laughed. Pretty cheap lot, they said. Underhill reached in his pocket. 'Here you are, warden,' he said. 'Take this dollar bill, you may want something to eat and smoke—if you can find a town.'

"We found a town all right. After the convicts had climbed back into their car—Bailey had to be carried—we trudged on back to Welch, more than ten miles away, all muddy, very tired. The convict car went into the hills.

"At Welch, I reported to the town marshal, who telephoned the prison. Then I sat down to dinner."

Warden Prather said he believed the convicts had an excellent chance of making good their escape. He said Bailey and Underhill appeared to be at home in the Saginaw hills.

For the first time in its history, the University of Missouri has a fencing team.

The Chicago World's Fair

THE unprecedented "flop" of Philadelphia's Sesqui-Centennial celebration in 1926 is hurting early attendance at Chicago's Century of Progress World's fair but the damage will be only temporary.

As soon as the word gets around the country that the World's fair is worth seeing and as soon as the citizenship is assured that the Chicago exposition is not "just another gyp", millions of Americans will trek to the Windy City, there to view the greatest event of its kind man has ever seen.

For Chicago's fair is a great fair.

Descriptive articles disseminated by the news services and by independent magazines with "no axes to grind" are glowing. Early fair attendants, going home to all sections of the country, sing unstinted praises of the display on the shores of Lake Michigan. As a result, there is more interest in the World's fair today—a week after its opening—than there has ever been in such an event.

Roughly speaking, Lubbock and South Plains people reside 1,150 miles from Chicago. Yet in every nook and cranny of this city and this territory people are talking about the fair—they are planning to visit it. No less than 75 Lubbock families will visit Chicago's exposition and every city in this area will send its representatives to view the wonders man has wrought.

Only about once in each generation is there an opportunity offered for Americans to view such a spectacle.

Few people are privileged to see more than one such exposition.

From an educational standpoint, Chicago's World's fair is easily worth the time and money that has been expended upon it.

All advance indications are that it will be well worth seeing.

A REAL LAW NEEDED

During the search for abductors of the Lindbergh baby The Morning Avalanche editorially favored a federal law making kidnaping a capital offense in every state where the death penalty is allowed, and life imprisonment in those states where the death penalty is barred.

We pointed out, at that time, that the opinion was not born in the hysteria which naturally followed the brutal Lindbergh murder and adbuction, but instead came as the result of careful consideration of the matter. To prove that it was not the product of hysteria, we reaffirm our belief that such a law is needed and would help stop the wave of kidnapings which have become an epidemic in this country.

There is some excuse for certain types of murder.

There is an excuse, sometimes, for robbery.

But there is no excuse under the shining sun for kidnaping. An abductor is beyond all pale of civilization; is bereft of any rhyme or reason.

Milksop legislation won't stop kidnaping.

Pink tea trials and sentences won't stop it.

The nation needs a law with teeth in it—and the teeth to be clamped shut upon those who engage in the dastardly business.

HOW TAMMANY THRIVES

Further strength to the fusion movement in New York should be given by the report of the Civil Service Reform association showing how Tammany violates the civil service law in placing its henchmen in secure and well-paying jobs.

According to the report, based upon an examination of records, New York city taxpayers now are supporting a $7,000,000 political payroll. Salaries of these political appointees, many of whom perform no essential service, range from $2,500 to $12,000 a year.

"The exemption of positions from competitive examination, said the report, "would of itself be of relatively little importance were it not for the fact that at least 85 per cent of such positions are filled solely to take care of political followers. Generally they are filled in utter disregard of the needs of the service, and in ruthless defiance of the public demand for economies in public administration."

Mayor O'Brien was attacked in the report for his appointment policies.

The condition complained of is not new. It reflects one of the routine methods of Tammany in keeping its stranglehold on the nation's largest city. But, in view of the rebellious attitude shown by the voters in the last mayorality election, turning the spotlight on it now may have a wholesome effect in the coming election.

Public Gaze On Cabinet

By CHARLES P. STEWART
Central Press Staff Writer

Capitol

WASHINGTON, May 31.—With congress about to adjourn in the near future, the members of President Roosevelt's official family at last will have a chance soon to introduce themselves to the American public.

Ordinarily, a new administration comes in just as the lawmakers are quitting work for an eight or nine-month interval.

Consequently the executive group gets all the attention.

In the present instance, however, congress was summoned into extra session before the 10 cabinet secretaries had fairly had time to move into their respective departments.

Since then the president has kept so rapid a succession of suggestions pouring into the legislative hopper that there scarcely has been a moment for anyone to give a thought to the personalities of the men (and woman) chosen to assist the White House in shaping its policies during the 1933-'37 quadrennium.

Activity Ahead

Summer usually is regarded as a quiet season in Washington.

It will be decidedly the reverse of quiet this year; the executive end of the government will just be getting into action, with the extraordinary powers conferred upon it, in the last few weeks, by the congressional branch.

The cabinet, obscured thus far by the dust the president and the legislators have been kicking up, accordingly is about to emerge into visibility.

Of Treasury Secretary Woodin, indeed, the public already has discerned something, due to the fashion in which the limelight was focused on his department during the period of the bank moratorium, coincidentally with his advent in office.

Secretary Hull

Secretary of State Hull and Navy Secretary Swanson are not exactly unknowns, having been chosen for their portfolios from the senate, but they remain to be studied as administrators. Secretary Hull, it is true, will have to be studied for awhile at long range, as America's chief negotiator at the world economic conference, opening June 12 in London.

Secretary Swanson should make a good, jog-trot navy head. Secretary of War Dern is an enigma outside Utah. Postmaster General Farley and Commerce Secretary Roper promise nothing particularly exciting. Secretaries Ickes, Wallace and Perkins of the interior, agriculture and labor departments all are of first-class interest. Each, in his (or her) way, appears to be a genuine "character", and there is no denying that they have been neglected while Capitol hill has kept everyone on the qui vive, as it has for the last three months.

Johnson and Peek

In this connection it should be said that Gen. Hugh S. Johnson, as the president's probable director of industrial rehabilitation, and George N. Peek, as his director of the resuscitation of agriculture, are of at least as much consequence as any cabinet member—and more than some of them. Secretary Perkins fits naturally into this group, as labor's spokeswoman. It is a triumvirate to compare with any in history, and to say that it deserves microscopic observation is to express it moderately.

Attorney General Homer S. Cummings, in a sense, is the mystery man of the whole cabinet. It may seem odd to refer to an individual who has served as Democratic national chairman as a mystery man, but he is in the especial post he holds. Any number of folk are wondering how he will handle it—and wondering (some of them) in a deal of anxiety, too.

• • •

INCOME TAX DODGING

While perhaps it is too soon to begin estimating how much Uncle Sam will recover from the income tax investigation he is pushing, there are authorities of generally recognized standing who insist that the government would not now be "in the red" but for wholesale dodging since the war.

This, verified, would run the total into ten figures.

True, allowance must be made for the fact that many of the claims, even if established, surely will have outlawed under the statute of limitations. Others doubtless will be uncollectable by reason of the depression. Discovered evaders also will be criminally liable indeed; however, primarily cash is what the treasury is probing for.

• • •

MADAME SECRETARY

"Inside information" is that, among President Roosevelt's official advisers, Secretary of Labor Perkins is the one who most frequently has actual advice to offer at cabinet sessions.

• • •

VACATIONS AT PREMIUM

Despite the heat, many members of congress plan to remain in Washington all summer. They look for so much executive activity, after the lawmakers adjourn, that they believe their constituents' interests demand their presence in the capital.

• • •

GARNER SELDOM CALLS

Vice President Garner does not much avail himself of the privilege (which unquestionably would be readily accorded him) of the equivalent of a cabinet member's voice in the administration's counsels. Speaker Rainey is far oftener a White House caller than the Texan.

• • •

VIEWS DON'T JIBE

It is hard not to suspect that Secretary of State Hull, who considers national prosperity impossible without international prosperity, is in basic disagreement with his assistant, Professor Moley, who reminds the country that, after all, foreign trade is a small item in the total volume of its business.

• • •

PLENTY OF COMPANY

White House attendants say the present presidential family has more company than in all their experience, but, for the most part, these visits are described as too casual for official classification—either being paid by folk whose relations with the Roosevelts are such as to entitle them to drop in, or in response to informal invitations by phone.

What Other People Think

The bigger the target, the easier it is to hit.—Ferdinand Pecora, chief counsel for Senate committee in investigation of J. P. Morgan & Co.

• • •

No woman in the world is worth shooting. The penalty is too great.—Judge George W. Martin, of New York.

• • •

Economic considerations alone should condemn the proposed bargain with the brewers and distillers to trade off the 18th amendment for liquor revenue.—Dr. F. Scott McBride, general superintendent of the Anti-Saloon League of America.

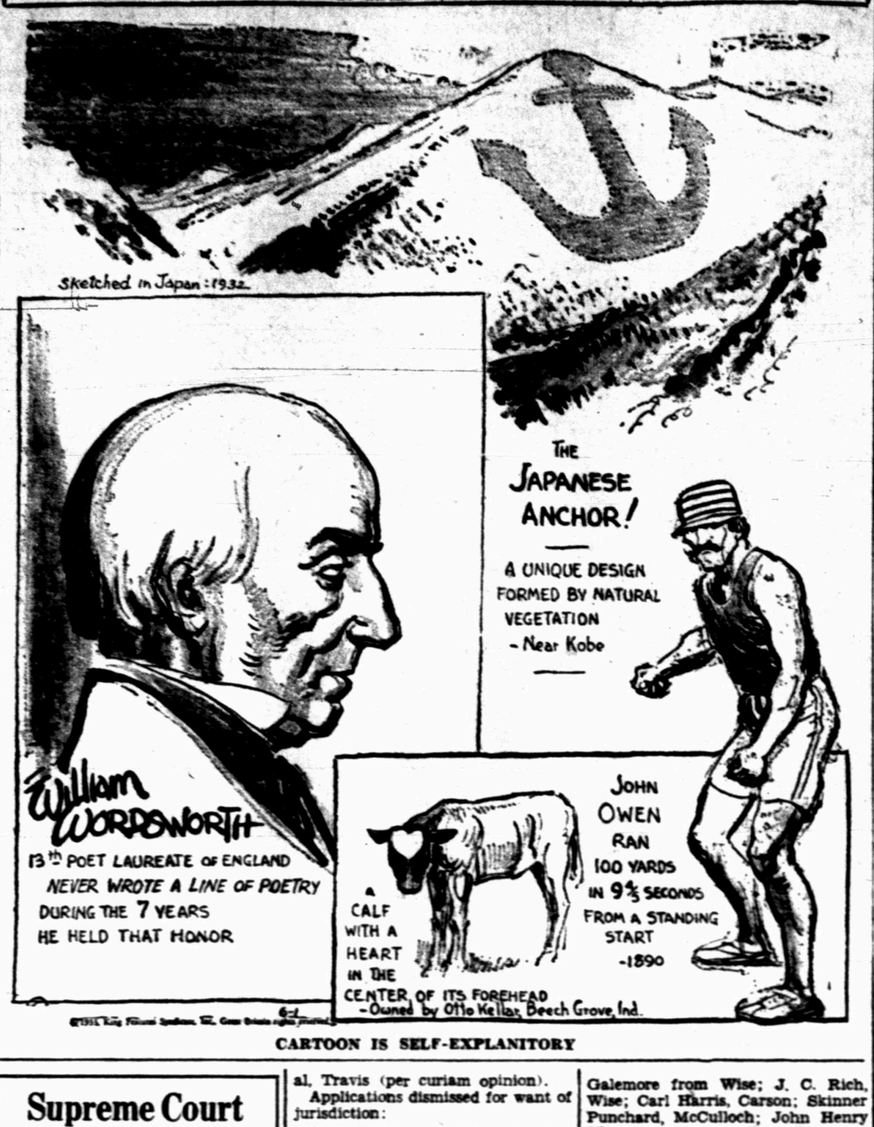

• • •

The striking fact about what has been done since March 4 is not the wide grant of authority given to the president; it is the close harmony between president and people.—Henry Morgenthau, Jr., head of Farm Credit Administration.

Former Seth Ward College Teachers And Students To Meet At Plainview August 25; Dr. J. W. Hunt To Speak

(Special To The Avalanche)

ABERNATHY, May 31—Former students and teachers of Seth Ward college of Plainview, which was destroyed by fire in 1916 and never rebuilt, will hold their second annual get-together in Plainview, August 25, according to Mrs. Welcome Ragland of Abernathy, who once attended the pioneer school. The first gathering of ex-students and teachers was held in 1932 with more than 100 present. More than twice that number are expected this year, since more have been located and have been sent word of the meeting, Mrs. Ragland said.

Henry Ansley, late member of the staff of the Amarillo Globe and News, and author of the book, "I Like the Depression," was a former student. He was slated to give the principal address for the first meeting last year, when his untimely death came ten days before the gathering.

Dr. J. W. Hunt, of McMurry college in Abilene, will give the principal address this year. The McMurry quartet will also be heard on the program.

The meeting will begin at o'clock in the afternoon. A dinner will be served at 7. Musical numbers and talks from ex-students will comprise the balance of the entertainment.

Cotton

NEW ORLEANS REPORT

NEW ORLEANS, May 31. (AP)—The cotton market was active again today, but prices after making new high levels for the upward movement and the year, turned easier and closed 16 to 18 points net lower.

The opening was steady as New York made a full response to yesterday's advance here and Liverpool was fully as good as due while sterling was considerably higher. Liverpool reported trade speculative, Bombay and continental buying. Manchester's market was firmer.

Near mid-session prices rallied with stocks recovering a good part of the previous decline but on a subsequent reaction in the afternoon July dropped as low as 9.11, October to 9.36 and December to 9.56 new lows for the day 26 to 28 points below the highs of the morning. July closed at 9.17, down 16 points net, October at 9.40 and December at 9.56, both down 18 points net.

Liverpool is due on New Orleans tomorrow 5 to 6 penny points down.

Port receipts 10,164, for week 56,132, for season 3,280,816, last season 9,804,292. Exports 28,827, for week 94,773, for season 7,048,562, last season 7,799,941. Port stock 3,911,623, last year 3,860,104. Combined shipboard stock at New Orleans, Galveston and Houston 125,971, last year 101,895. Spot sales at southern markets 16,668, last year 6,770.

NEW YORK REPORT

NEW YORK, May 31. (AP)—A rush of buying orders at the opening today sent cotton prices into new high ground for the movement and season on all positions. The advance met a great deal of realizing and prices sagged off with October selling down to 8.41 in the late trading or about 27 points from the best. That delivery closed at 8.45, with the general market closing steady at net advances of 2 to 7 points.

Initial prices were 22 to 27 points higher with July selling up to 9.42 and December to 9.83 on general buying by trade and commission house sources, based on the over-holiday strength of the Liverpool and New Orleans markets.

The trade buying was accompanied by reports that mills both at home and abroad were fixing prices against recent purchases and there was a considerable demand through brokers with Liverpool, continental and Japanese connections.

This was supplied by realizing and while the buying continued on scale down orders, prices worked off gradually, selling back to or within a few points of Monday's closing quotations in the late trading. The reaction carried July to 9.18 and December to 9.58 but closing prices were a few points up from the lowest on covering.

Grains

FORT WORTH REPORT

FORT WORTH, May 31. (AP)—Fair demand continued Wednesday for the light offerings on the Fort Worth cash grain market.

Prices ranged as follows: Basis car loads on track at Fort Worth, freight paid, delivered Texas Gulf ports, export rate, or Texas common points: Wheat No. 1 hard 81 1-4@84 3-4. Barley No. 2 nominally 41 @42. No. 3 nominally 40@41. Sorghums: No. 2 milo per 100 pounds 98@1.01; No. 3 milo 95@98. No. 2 kaffir per 100 pounds 90@93; No. 3 kaffir 88@91.

Delivered Texas common points or group three: Corn, No. 2 mixed 59 1-2@60 1-2; No. 2 white 61 1-2@62 1-2; No. 2 yellow 60@61.

Delivered Texas common points oats No. 2 red 33@34; No. 3 red 32@33.

CHICAGO REPORT

CHICAGO, May 31. (AP)—Prospects that unofficial monthly estimates tomorrow would show crop improvement as compared with government May 1 figures gave a downward shove to wheat values today.

A transient burst of buying at the outset hoisted wheat to a new top price record for the season but profit-taking quickly developed, and speculative demand failed to last in the face of corn weakness. Better weather for planting operations did much to send the corn market downhill.

Wheat closed unsteady, 3-8 to 1 cent under Monday's finish, corn at 1-4 to 1 decline, oats 3-8 to 5-8 off, and provisions unchanged to a setback of 10 cents.

Big receipts and enlarged rural offerings put additional weight on the corn market. Oats dragged lower with wheat and corn.

Provisions sagged, responsive to downturns of hog values and of grain.

Closing indemnities: Wheat, July 71 3-4@74; 74 1-2@5-8; Sept. 73 3-4@7-8, 76 5-8@78 1-2. Dec. 76 5-8@3-4, 79 1-4@3-8. Corn, July 44 1-8@1-4, 45 5-8@3-4; Sept. 46 5-8@3-4, 48 3-8; Dec. 49 1-2, 50 7-8.

KANSAS CITY REPORT

KANSAS CITY, May 31. (AP)—The day's trade at eleven markets found a generally steady trend prevailing on most killing classes of cattle. The majority of fed steers and yearlings were of quality to sell at 5.25@6.25, several consignments at 6.50@7.50. Chicago listed best yearlings at 7.60 and secured 7.00 for best beeves. Kansas City reported various consignments of common bulk Texas grass steers at 4.15@4.60. Receipts of 96,900 this week to date numbers around 20,000 short of last week, but a large part of this loss may be accounted for in the fact that most centers were closed on Tuesday, May 30, Memorial Day.

Chicago secured an early hog top of 5.00. The late top dropped to 4.90.

Most lambs sold around 6.75@6.90, shorn yearlings, 5.50@6.50.

FORT WORTH REPORT

FORT WORTH, May 31. (AP)—Hogs 1,800; market mostly steady; early top 4.65; medium weight rail butchers 4.50; truck hogs 4.50; packing sows 3.75@4.00.

Cattle 1,900; calves 500; fully steady trade in most classes slaughter cattle; fed steers up to 8.25; top fed yearlings 6.50; heavy fat cows 3.50, butcher cows 2.00@2.25; low cutter sorts 1.25@1.50; stock steer yearlings 4.75@5.10, other weighty averages 4.25 down.

Sheep 5,500; fat lambs steady, fat lambs topped at 6.00; truck lambs 4.25@5.50; aged fat wethers 1.50@2.00.

Stocks

WALL STREET REPORT
BY JOHN L. COOLEY
Associated Press Financial Writer

NEW YORK, May 31. (AP)—Stock traders were more eager to convert paper profits into cash today and the list closed lower after being irregularly higher through much of the active market.

Operations for the advance went forward busily in a few groups, notably rails, metals and several low-priced specialties, but reluctance of numerous leaders in other divisions to follow these flurries brought general recessions toward the close and many leaders were off 1 to 3 points net. Turnover of 6,087,120 shares kept the ticker frequently behind floor transactions.

On the other hand, most commodities retained their inflationary spirits, despite dips by wheat and corn. Cotton hastened to catch up with yesterday's rise on markets that were open during our holiday, but its gain of around $1.50 a bale to new high prices was largely lost. Copper, sugar tin, silver, rubber and hides extended recent advances.

The Standard Statistics-Associated Press stock composite, which ended April at 66, rounded out May at 74.6. This substantial appreciation, contrary to the May record for the past several years, was accompanied by sharply expanded activity, compilations showing that the month's volume exceeded 100,000,000 shares for the first time since April 1930.

Rising to a vigorous defense of the president late in the day, Senator Robinson of Arkansas, the Democratic leader, assailed Senator Dickinson (R-Iowa) for calling Mr. Roosevelt responsible for the "injustices" complained of, and Senator Robinson (R-Ind.) for asserting the economy bill was sent to congress by the president with a false label—"to maintain the credit of the government."

The majority leader added that when the economy bill was sent up credit of the government was "seriously threatened" and congress was continuing to "pile up additional expenditures."

tivities previously handled by the mayor's brother, the late George Walker.

Living With Wife

"4. For several months Sherwood has been living with his wife in a neighboring state.

"5. Walker did not order or request his disappearance. He went away voluntarily, out of loyalty to the mayor and because he believed the investigation would pry into Walker's private affairs, and he has returned voluntarily.

"6. A bogus Russell T. Sherwood has been working a confidence game on attorneys of the south and west and has tried to extort large sums from Sherwood's sisters.

Been In United States

"7. Except for his honeymoon in Mexico City, where he was served with subpoenas by two Seabury assistants, Sherwood always has been within the United States, much of the time under his own name.

"8. For two months he has been negotiating with government on the income tax claim of more than $49,000 standing against him.

"9. He cannot pay the court's contempt fine of $50,000 in part payment of which his home has been seized. He is broke and unemployed.

"10. Mrs. Sherwood who became his bride in Mexico City, has not been away from him ten minutes in the 21 months of their wanderings.

"11. All that Walker ever had in their joint safe deposit box was a piece of jewelry; no money, securities or papers."

Divorce Refused After Both Parties Are Found Blameless

NEW PORT, R. I., May 31. (AP)—Mrs. Eugenia Woodward Jelke today was found innocent of infidelity, but because both she and her husband, F. Frazier Jelke have practiced "extreme cruelity" toward each other neither may have a divorce.

That in substance was the decision handed down by Judge Charles A. Walsh after a two weeks' hearing of the couple's matrimonial difficulties.

Both parties sought a divorce, but Judge Walsh, holding neither had been blameless of violations of the marriage convenant, refused to void the relationship.

All Ferguson Appointments Are Confirmed By Senators

AUSTIN, May 31. (AP)—The Texas senate late today confirmed all of the appointments which had been sent up by Governor Miriam A. Ferguson and which had not been acted upon previously.

O. O. Touchstone of Dallas, W. P. McLean, jr., of Fort Worth, Thomas Spruance of Arlington, S. R. Yates, of Arlington and P. L. Coulter of Arlington were confirmed as members of the board of managers of North Texas Junior Agricultural college at Arlington.

R. M. Huey, of Bell county was confirmed as a member of the state barber board, the senate also approved Mrs. Ferguson's selection of a number of branch pilots for Galveston, Texas City, Aransas Pass, Port Isabel and Sabine Pass.

BODY RECOVERED

GRAHAM, May 31. (AP)—The body of David Hogan was recovered today a few yards below the place where he drowned yesterday when he waded into deep water while playing with other children.

preme court will appear again.

Both of his transactions were before he went on the supreme bench.

Glass Heard From

"Is my name on the list?" asked Senator Carter Glass of Virginia, who came to the hearing with a sheaf of letters threatening him because of his stand during the Morgan inquiry.

"No, senator, it is not," Whitney replied as Morgan joined him in a broad smile.

Peace reigned where there had been a violent dispute last week between the peppery Glass and Ferdinand Pecora over the goal of the investigator's questioning. Pecora outlined his plans to the senators in executive session today before the hearing started and was told to go ahead, but Glass indicated by his questioning he still thought much of the proceuure was "a waste of time."

Treasury Bills To Be Sold On June 5 To High Bidder

WASHINGTON, May 31. (AP)—Secretary Woodin today invited tenders for $75,000,000 of 91 day treasury bills which will be sold to the highest bidder on June 5.

The bills will be dated June 7 and mature September 6. The money will be used to retire $75,000,000 in bills which mature on June 7.

Fifty-Year Sentence Given In Kidnaping Is Affirmed

AUSTIN, May 31. (AP)—Affirmance was given a fifty years imprisonment sentence against Ben Chaney, convicted of kidnaping in Callahan county, by the court of criminal appeals today.

Five other cases against Chaney, each charging burglary and carrying a total of 50 years imprisonment, also were affirmed. He had been given 10 years in each.

Chaney was charged with having kidnaped Pauline Shanks, on January 15 last and of holding her in hope of extorting money from her father, W. H. Shanks.

Agreement To End Fighting In North China Is Reached

TIENTSIN, China, May 31. (AP)—A formal agreement between Chinese and Japanese military authorities presumably ending hostilities south of the great wall was signed today at Tangku, a seacoast town just north of Tientsin.

According to the Japanese version of the agreement, which they call a "treaty," the outstanding result is the establishment of a demilitarized zone from the great wall southwards to an east-and-west line running a short distance north of Tientsin and Peiping and thence northwestward to the wall.

MAN IS RESCUED

TEMPLE, May 31. (AP)—Imprisoned five hours under six feet of clay and earth, Red Mallicoe, 22, of Rogers, was rescued today from the bottom of a 16-foot water well. Firemen freed him in time to save him from possible drowning or suffocation. By means of an iron pipe driven through the soft earth under which he was buried, Mallicoe was supplied with air, water and even cigarets.

Hollis Hale To Be Returned To Missouri To Face Charge

WACO, May 31. (AP)—While Judge Sam Scott was issuing a habeas corpus writ for Hollis Hale, convicted robber, three Joplin, Mo., officers armed with extradition papers issued by Governor Miriam A. Ferguson took Hale from the McLennan county jail today and started with him back to Missouri.

He is wanted in Missouri for prosecution on charges that he, Clyde Barrow and Frank Hardy, robbed a bank at Oronogo, Missouri, last November 30.

McKINLEY CONFIRMED

WASHINGTON, May 31. (AP)—The senate today confirmed Brigadier General James F. McKinley as adjutant general of the army.

"This is your book.

It was designed and edited for your pleasure and convenience—to help you recall scenic views, interesting and familiar—to record college administration and senior history — to present undergraduates to group organizations, to give a perspective of the year's athletic achievements, to list major activities—and finally, to close with a "razz" section which may or may not be all its name implies."

Thus reads the preface of Volume No. 8, La Ventana, yearbook of Texas Technological college, issued Wednesday by members of the staff. Twelve hundred copies of the book were printed.

Contains 332 Pages

Everett Fairchild of Plainview edited the 1933 book and W. R. Underwood, jr., Bartlett, was business manager.

Containing 332 pages, the book is the first university-size annual to be published by the school.

Art work, writing, editing and organization features of the book show much ability and work on the part of members of the staff.

A pre-historic motif is carried out in the theme of the book, drawings and sketches of the "Pennsylvania age" adorn pages of the volume. Footprints of a dinosaur are on the face of the book.

Dedicated To Exes

The book is dedicated "to the Tech-loving exes, to the Tech-loving undergraduates.

"When Tech was very young and the masses clamored to establish traditions, some foolish and some impractical, open-minded Tech-loving students, then as now, refused to sponsor anything not worthy of the school. These same Tech-loving students, with their own records, counteracted public opinion caused by lack of principle of others. They fought secret political machines, sponsored worthwhile organizations, demanded fair play and sportsmanship."

The annual contains: a building section, personalities, administration, classes, organizations, athletics, activities and the razz section.

NEW TOP RECORDED

DEL RIO, May 31. (AP)—A new top price for the Texas wool market was recorded today in a sealed bid sale of 600,000 pounds of 12-month producers' wool and mohair company clip at prices ranging from 26 to 27 3-4 cents per pound. The average price was 27 cents.

Free Delivery And Pickup Service Will Be Extended

Free delivery and pickup service of the American Railway Express company has been extended to the corporate city limits of Lubbock, according to L. S. Chiles, agent, who yesterday announced the service begins Thursday morning.

"The only exception to this service will be when the streets are impassable," he said, "I do not think that will be very long at a time."

Included in the area are the Panhandle-South Plains Fair grounds, the Lubbock Compress, Lubbock Cotton Oil Mill and the administration building at Texas Technological college.

"Through the cooperation of the Lubbock Chamber of Commerce we were able to secure this extension of our service," Mr. Chiles added.

Linen Suits Are Being Chosen In Unprecedented Numbers

Perhaps its plans for a trip to "A Century of Progress"—perhaps just an ordinary vacation—or perhaps its just because of the real joy in the wearing—at any rate the number of smartly tailored linen suits that are leaving our department daily is astonishing. There is a real reason somewhere for this popularity.

In Either White Or Black, Some With Blouses Included

New arrivals are especially stunning—styles with blouses of batiste and printed linen — others with trimmings of large buttons and fancy pockets both in jacket and skirt.

White, Natural and Black are shown—black is especially smart.

The quality linens feature the Sanforized and Moisture proof finishes that are new.

Prices are most favorable —especially smart garments are

NEWS BRIEFS

Captain Robert A. Barnes, former member of the Northwestern Mounted police, discussed the narcotic traffic in the United States at a meeting of Rotary club members at a luncheon at Hotel Lubbock. Barnes is appearing with a company of vaudeville players at the Lyric theater. A. B. Davis, program chairman, also gave a detailed report of funds spent here by the local R. F. C. committee. Out-of-town guests were Fred Haile of Spur, A. D. Brownfield of El Paso, and Paul Ford of Wichita Falls.

Lathern O'Neal, who pleaded guilty of theft of an automobile casing, was fined $1 and costs by Judge E. L. Pitts of county court yesterday. Two juveniles, charged with theft, are to appear for a hearing in juvenile court at 9 o'clock this morning.

A 24-year-old Mexican was arrested yesterday in connection with theft of five shirts from Barrier-Durham dry goods store, 1017 Broadway, police said. A charge will be filed against the man.

Elbert Ashley of Clovis, N. M., formerly an employe of the Santa Fe at Trinidad, Colo., has moved here. He was named district salesman for the R. J. Reynolds Tobacco company here. Mr. Ashley is a son-in-law of C. E. Smyer, division superintendent of the Santa Fe at Clovis and formerly in a similar post at Pueblo, Colo.

Farmers in the eastern part of Lubbock county are busy planting, according to W. A. Pincher, superintendent of schools at Estacado, who was here yesterday. That part of the county received a good rain, "but could have used more," he added.

One hundred and eighty acres of land in the Pecos river valley at Carlsbad was planted to cantaloupes last week. A. A. Scott, Amarillo, agent of the Santa Fe Refrigerator Express, said yesterday afternoon. It is one of the largest acreages in eastern New Mexico of that crop.

Henry Corcorran, formerly connected here with the Lubbock Poultry and Egg company, has been transferred to Clovis, N. M. as manager of the Clovis Poultry and Egg company, a branch of the local concern. He succeeds L. M. Diehlman, who is moving to Ottumwa, Iowa.

State highway department employes here are preparing plans for highway No. 33 from Friona, in Parmer county to the Castro-Deaf Smith county line, Guy R. Johnston, district resident engineer, stated. Parmer county has 13 miles of the highway and Castro county 2.7 miles.

No check of traffic on state highways is planned for the summer according to Guy R. Johnston, district resident engineer. The last check was made in June, 1931.

A community singing will be held at the Acuff community school auditorium Sunday afternoon, it is announced. The program begins promptly at 2:30 o'clock and the community extends an invitation to all interested to attend.

A campaign to eliminate faulty automobile lights, a hazard to motorists and pedestrians alike, is being made by police motorcycle patrolmen. Twelve motorists were arrested Tuesday night, three paying fines of $1 each, the minimum. Automobile owners were asked to make certain both headlights and the tail-lamp on each machine burned properly.

Jay Barret, Terry county judge, said yesterday that a petition of Terry county residents asking for a local option election to vote on sale of 3.2 per cent beer had been placed on file in the office of the county commissioner's court. The paper bore the names of 88 persons. In checking the names, the court found a number were not legal voters, not having paid their poll taxes.

Black-Draught Eased Gas Pains, Headache

"I was a sufferer from gas in my stomach, a pain and sharp headache," writes Mr. W. R. Williams, of Owens Cross Roads, Ala. "I began to take a pinch of Thedford's Black-Draught after each meal and found it gave me immediate relief. I keep this medicine in my house all the time and take it when I need it. I have used Black-Draught in my family for over forty years. I have found it especially beneficial for constipation."
