Senale Lags In McCarthy-Army Hearing

WASHINGTON, March 29—UP—The Senate investigating subcommittee today pressed its search for a prominent attorney Monday amid mounting pressure to get going with its investigation of the McCarthy-Army row.

Naguib Collapses In Cairo

CAIRO, March 29—UP—The Egyptian army took over the police of Cairo Monday night, following a violent rioting by opponents of President Mohammed Naguib in his struggle for power with Vice Premier Gamal Abdel Nasser.

Naguib, who appeared to be losing in the bitter struggle for control of the Egyptian government, collapsed Monday at Cairo's airport from the strain of the dispute.

His collapse, combined with spreading popular demonstrations against his plans to dissolve the ruling revolutionary council and restore civil government, played into Nasser's hands.

Army authorities said the military assumed police powers after police were unable to cope with a mob of 600 pro-Nasser demonstrators.

Two persons were killed, the army said, and two others were wounded as the mob smashed through police lines and entered the state council building.

There they beat and injured Council President Abdel Tazak Sanhoury.

Rioting developed during a tense meeting of the cabinet and revolutionary council which was expected to decide whether Egypt will be returned to civilian rule, as Naguib wishes, or remain under the military leadership of the revolutionary council, as Nasser demands.

DIPLOMA FOR SCHINE—Pvt. G. David Schine, right, former aide to Sen. Joseph R. McCarthy, is handed his diploma by M/Sgt. Russell B. Bowles, upon graduation from the Army's military police school at Camp Gordon, Ga. He is temporarily assigned to work in a photographic laboratory, pending the Army's reconsideration of his application to become a criminal investigator for the Army. (NEA Telephoto)

McCarthy Recall Group Is Planned

SAUK CITY, Wis., March 29—UP—A citizens group, led by a country editor, moved Monday to organize a "Joe Must Go" club to direct a fight to have Sen. Joseph R. McCarthy recalled.

German-Alied Peace Pact Is Ratified

BONN, Germany, March 29—UP—West German President Theodor Heuss Monday signed the Allied-West German peace contract and the European army pact.

Heuss ordered the two treaties promulgated, or published officially, in the government bulletin. This action made Germany the first nation to complete ratification of both pacts.

Signing of the European army pact is another major step toward German rearmament under a proposed European Defense Community (EDC).

The peace contract eventually gives Germany near-sovereignty in exchange for a 500,000-man German contribution to the six-nation defense community.

But the EDC still must be ratified by all members to become effective, and the peace contract will come into effect only after it passes the bulky French legislature.

The United States and Britain have approved the peace contract. France, Italy, Belgium and Luxembourg have not yet ratified the European army treaty. West Germany, and Holland have.

White Will Not Run For Governor

AUSTIN, March 29—UP—Agriculture Commissioner John C. White announced Monday he has "no intention" of running for governor, and said he will seek reelection for a third term in his present office.

White, 59, has been considered a potential Democratic candidate in the coming governor's race.

"It is not my intention to run now. I wouldn't even consider myself a potential candidate," he told reporters.

Hope To Pierce Mysteries Astronomers Will Hail Mars

WASHINGTON, March 29—UP—The International Mars Committee met here Monday to plan a world-wide observation program to rip away some of the mysteries of earth's neighboring planet.

Mars this year swings within 40 million miles of Earth, just halting distance as astronomical distances are figured. It's the closest the red planet has been in 15 years and the scientists want to take full advantage of the nearness.

Although a major share of the viewing is scheduled at observatories around the world, scientists also will conduct the inquiry from high-flying planes and may even launch missiles with cameras and recording instruments into the atmosphere.

Trip to South Africa. The investigation will start soon after the committee meeting here at National Geographic Society headquarters when a team of as-

tronomers will go to South Africa for a nine-month photographic study.

The expedition, sponsored by the Lowell Observatory, Flagstaff, Ariz., and the Geographic Society, will use the 27-inch telescope at the Lamon-Huasey observatory at Blomfontein. Most of the direct observations of Mars are scheduled at the South African observatory because Mars will pass almost directly overhead there and the skies are usually clear in late spring and summer.

One goal of the committee

Recipe For Escape

JACKSON, Miss., March 29—UP—James O. Smith, a burglar suspect, was caught while trying to dig his way out of city jail here Sunday. Officers said he was using a table-spoon.

Another question that may be cleared up is whether those strange lines on Mars' surface are canals. Most scientists believe they are natural phenomena, of some kind and not constructed by intelligent beings. However, some astronomers claim they have never seen the lines.

Lock Workers Stage March On U.S. Capitol

Strike Paralyzes Waterfront In NY

NEW YORK, March 29—UP—More than 600 striking longshoremen staged a protest "march" on the nation's capital Monday while federal officials mapped plans to break a "criminal conspiracy" which has virtually strangled the port of New York since March 5.

The strikers, members of the Independent International Longshoremen's Association, poured into Washington by auto and chartered bus shortly after 6 a.m. and moved immediately on the White House and the headquarters of the National Labor Relations Board.

Some wore American Legion caps and uniforms. They carried placards reading "heroes in 41, hoodlums in 54," and "no contract, no work."

Police said the picket lines were orderly. In protest against an NLRB examiner's recommendation that a new election be held to determine who will represent New York's 24,000 stevedores, the pickets held up cards reading "give us what we won honestly," and "the NLRB is loaded."

The ILA is locked in a jurisdictional dispute with an AFL waterfront union which replaced the ILA when the latter was kicked out on grounds its membership included gangsters and racketeers. In the

December election to determine a bargaining agent, the ILA held a margin of 1,452 votes, but 4,000 were challenged by the AFL union.

The NLRB examiner's recommendation, handed down last week, said the election should be voiced on grounds voters were coerced. The strikers' march on Washington (See STRIKE, Page 2)

Dulles Talks On US Geneva Views Tonight

WASHINGTON, March 29—UP—Secretary of State John Foster Dulles makes a major address Monday night to assure the nation and to warn U. S. allies that there must be no appeasement at the forthcoming Geneva peace conference.

With the momentous meeting with Russia and Red China only four weeks away, Dulles and other administration leaders are anxiously trying to build a united front against any "Munich" peace in Indo-China, or major concessions for Peking.

In a strongly worded speech endorsed by President Eisenhower, Dulles is prepared to advise the free world that it must maintain without letup its economic, diplomatic and military programs against communism, particularly in the Far East.

The secretary also will outline the possible dangers the Red bureaucracy—the allies can expect to meet when they sit down at the Geneva bargaining table April 26.

Dulles' address, before the Overseas Press Club in New York, will be broadcast and telecast by ABC and television by Dumont at 8 p.m. est. It follows a flurry of other official statements aimed at bucking up the allies, on the one hand, and at quelling congressional fears on the other.

Cancer Crusade Begins Thursday

The Gray County Cancer Crusade will begin here Thursday, with a radio broadcast over the Texas Quality network.

A special review of cancer research in Texas will be featured, and Governor Allan Shivers will appear on the program. Music will be provided by the choir from the Stephen F. Austin high school in Austin, state high school champions.

The program may be heard in this area over KGNC Amarillo.

Certified Voter List Up On Time

County Tax Assessor-Collector Jack Back and his deputies in the county tax office are way ahead of the deadline in the matter of getting the certified list of voters for 1954 into the right hands.

By law, March 31—Wednesday—is the deadline for the county tax assessor-collector in each of Texas' 254 counties to deliver to the election board such a list.

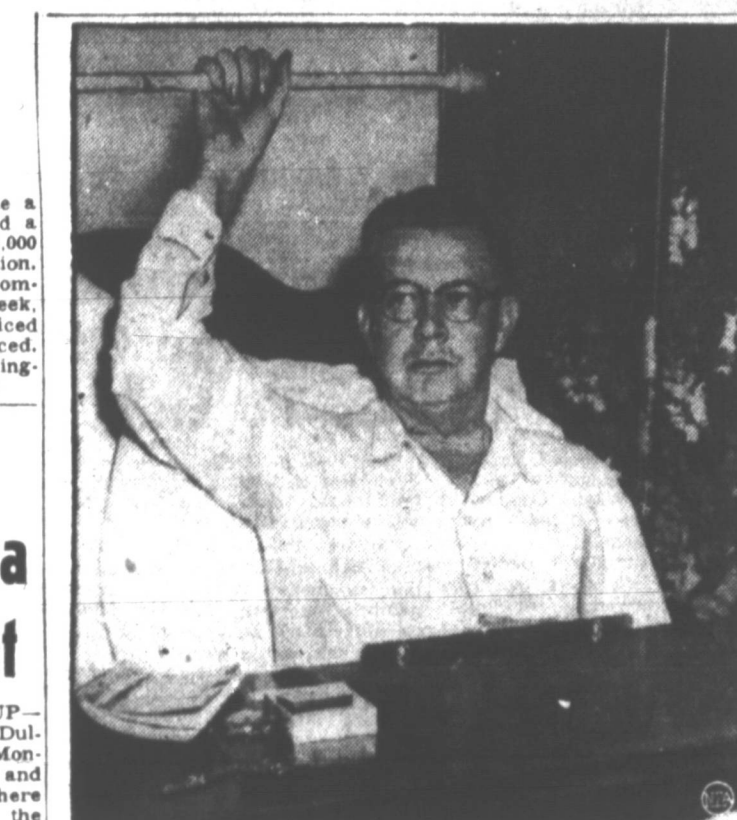

But Back several weeks ago had completed the list of Gray County's 6,875 eligible voters—those who paid poll taxes and those who received exemption slips—and to day lists were in the hands of County Clerk Charlie Thut and District Clerk Helen Meers Sprinkle.

Gray County's list is almost an inch high and has eligible voters listed by election precinct of which the county has 18. Information included is name, address, age, residence in Texas, residence in the county, sex, color and occupation.

Actual Thut said this morning, copies of the voter list will not be turned over to election judges till four days before the primaries, July 24. Thut gets a copy now because absentee voting takes place in his office. Mrs. Sprinkle gets one so that juries can be picked from it.

Thut pointed out that there are actually more eligible voters in Gray County than the list shows—because, for some reason, persons 60 and more who live outside Pampa city limits but in Gray County do not have to have in their possession an exemption slip when they vote.

DOCTOR DENIES POISON ATTEMPT—Dr. Hugh G. Hamilton, 62, of Kansas City, Mo., hospitalized with a broken hip, declares he is innocent of charges made by police that he allegedly tried to poison his wife. Police maintain they found seven capsules of cyanide, like those mixed in with similar-looking capsules of medicine Dr. Hamilton had prescribed for his wife, in Hamilton's clothing at the hospital. A police spokesman said Dr. Hamilton told him he had the poison at the hospital to take his own life "in case the pressure (of his injury) gets too great." Mrs. Hamilton apparently became suspicious of the medicine and contacted police. (NEA Telephoto)

1,500 Saved From Burning Troopship

ALGIERS, Algeria, March 29—UP—More than 1,500 men, women and children were rescued from a burning troopship Sunday in a display of legendary British discipline that turned disaster into the greatest sea rescue in history.

British soldiers, sailors and air-men and their wives and children from far flung British posts, were aboard the troopship Empire Windrush when a boiler room explosion

killed four crewmen and sent flash fires racing through the passage ways of the 14,561-ton ship.

Cause of the explosion was still undetermined Monday, but British sea transport authorities in the Suez Canal Zone announced an immediate inquiry will be opened into the possibility the ship may have been sabotaged when it passed through the canal several days ago.

All save those who died in the explosion were brought safely to this North African port by four rescue ships. They had abandoned the burning ship without panic and only 18 persons were injured, 14 with minor burns and scratches, a 12-year-old boy with a broken leg and three adults with shock.

Two British destroyers arrived here Monday to assist the 1,500 survivors and the light carrier Triumph was expected momentarily to pick up the passengers and continue their trip to England. The destroyers, the Saintes and St. Kitts, were ordered to give all possible aid to civil authorities taking care of the survivors.

The Empire Windrush sank soon after the last persons were saved. Wild rumors of sabotage spread (See TROOPSHIP, Page 2)

Sharp Drop In Butter Price Seen

WASHINGTON, March 29—UP—Agriculture Secretary Ezra T. Benson expects butter prices to plunge anywhere from 8 to 13 cents this week when federal price supports are slashed.

He is going to cut dairy supports 15 per cent Thursday. He said this will probably mean a drop of 8 to 10 cents a pound in butter at the grocery store. And a number of retailers and wholesalers probably are going to put it down below at least a possible 2 to 3 cents more, he said.

Butter now is averaging about 79 cents a pound across the country. The support slash should bring it down at least to about 71 cents for the housewife.

In addition to cutting dairy supports Thursday, Benson is expected to announce a butter disposal plan for certain key cities that should drop the price even lower in those areas.

Federal price props under butter will be cut from the present 60 per cent of parity on the so-called fair-earning-level yardstick to 75 per cent parity.

An Agriculture Department spokesman said the retail price pattern should show up, if not immediately, at least within a matter of days after Thursday.

Cow Goes 'Berserk' In Streets Of San Antonio; Two Injured

SAN ANTONIO, March 29—UP—A cow who didn't like being led to a slaughter pen broke away for an hour's freedom in San Antonio Sunday, but finally went down in a rain of police bullets.

But not before she trampled two children, tossed a policeman in the air and took on the side of a police spokesman said the retail price pattern should show up, if not immediately, at least within a matter of days after Thursday.

One of the children left before being identified, but Elias Sanchez, 7, was treated at a hospital for cuts and bruises.

The white-faced Hereford, boasting a set of long horns, wound up in a creek near Caasano Park, two miles from the stockyard, and police soon arrived.

Westbrook, a strapping 200-pound former ranchman, fired two bullets at the cow's head as she charged him. He was unable to dodge fast enough, and the cow tossed him up on her horns, dropped him and butted and pushed him about 25 feet.

Other officers moved in to divert the cow's attention and Westbrook scrambled to safety. He suffered numerous scratches and bruises, but nothing serious.

The cow then charged the side of a nearby patrol car, smashing one door. Finally she died, but it took 12 to 15 shots to down her.

Demos Elated Over Decision Of Barkley

PADUCAH, Ky., March 29—UP—Alben William Barkley, who has never lost an election to a Republican, was back in the political arena Monday and Kentucky Democrats were overjoyed.

Barkley announced he would seek the Senate seat now held by Republican John Sherman Cooper, who is seeking his first full term. Cooper ran for unexpired terms in two previous races.

In announcing his candidacy Saturday night, Barkley said that when he left politics a year ago he "had no intention or desire ever to return."

But Kentucky Democratic leaders, realizing they would have to up with an ace to beat Cooper, convinced the 76-year-old Barkley to run again.

They made it a matter of party loyalty. Gov. Lawrence W. Wetherby, by talking with Barkley by phone shortly before the announcement, and said later that he "strongly advised" Barkley to enter the race.

Final Vote On Alaska, Hawaii Due

WASHINGTON, March 29—UP—Sen. William Fulbright said Monday that making Alaska and Hawaii commonwealths instead of territories would give them a "much higher degree of self-government" that "could be a step to eventual statehood."

The Arkansas Democrat is supporting a proposal by Sen. A. S. Mike Monroney (D-Okla.) and others to give the two areas commonwealth status like Puerto Rico as a substitute for outright statehood.

Backers of the Monroney proposal planned to argue their point as the Senate resumed debate Monday on the combined Hawaii-Alaska statehood bill with GOP leaders hoping for a final vote on the issue this week.

Fulbright said in an interview that he thinks making the two territories commonwealths would give them "valuable training in self-government." The proposal would permit them to elect their own governors and use their own tax receipts for their own benefit, as Puerto Rico and the Virgin Islands do at present.

Although the Monroney proposal faces an uphill fight, its main sponsor said he is somewhat encouraged by mounting public favor for the idea. Monroney said he has not abandoned hope.

Just Checking

MEHIDEN, Conn., March 29—UP—Gordon A. Sanderson, 31, of East Hampton, Conn., was arrested here Sunday and charged with acting as a peeping Tom.

Sanderson told police he planned to move into the neighborhood and just wanted to see if his neighbors were "quiet, decent people."

Don Conley Is Re-Elected To Safety Association

Don M. Conley, safety and insurance director for the Cabot Companies, was among six Panhandle area persons returned to office in the Texas Safety association following opening sessions of the 15th annual Texas Safety conference, which convened for a two-day meeting in Dallas in conjunction with the governor's Highway Safety conference.

Conley was re-elected to membership on the executive committee of the TSA. Wayne Cudd, Wellington was named as Finance committee chairman.

Three new members elected to the board of directors are Sam Aldridge, Farwell; Hutchinson County Sheriff Hugh Anderson, Borger, and Charles E. Trolinger, Amarillo.

Jerry Mallin, director of the Amarillo Citizens Traffic commission, was selected as regional vice president. Re-elected president of the association was Col. E. B. Tilley, Houston.

DWI Case Surrenders

The driver of an automobile involved in an automobile accident here Friday night who disappeared while police were making their investigation, walked into the police station today and surrendered.

Loy H. Moon, 450 Hughes, for whom a warrant had been issued on a charge of driving while intoxicated, was awaiting trial in County court late this morning.

He was involved in an automobile accident at the intersection of Cuyler and Francis streets Friday night. He had been placed in the police squad car but ran away while police officers were making their investigation of the accident.

Also awaiting trial on the charge of driving while intoxicated was Tom Guy Capps, 44, Adams Hotel, who was arrested at the intersection of Montague avenue and West street at 1:25 p.m. Sunday.

Tax Rendering Date April 30

County Tax Assessor - Collector Jack Back late this morning called attention to the fact that the deadline for rendering personal property for taxation by the county and the state is April 30 — not March 31.

The March 31 — Wednesday — date concerns the city and school rendering only. Back emphasized pointing out that his office, the county tax office — is so busy with issuing license plates for 1954 that they scarcely have time to take care of property, too.

Wednesday is the last day that 1954 license tags can be on Gray County vehicles, though Back said there is a one-day "grace" period for the purchase of the plates.

TAKES PLENTY OF CRIT TO BE HEARD

The chicken has entered the recording field. Only it's not to sing. A New York research organization decided to record the chicken's gizzard sound to show how gizzards can help a chicken's digestion. There are two sounds in the record — first the sound of an ordinary gizzard grinding, then the sound of a gizzard that has been fed granite grit. Shown making the record are: Frank Ruzza, left and Donald Wildrick.

Dr. Wyatt To Attend Heart Meet

Pampa's Dr. Malcolm Wyatt, president of the North Plains District Heart association, will leave Wednesday for Chicago where he will be a representative of the Texas association at the four-day American Heart association conference.

A two-day annual meeting of the national assembly, the over-all governing body of the association, will begin Thursday at the Conrad Hilton hotel. It will open with a program of panel discussions which will enable assembly members to set guidelines for the association policy and heart programs. The general session Friday morning will elect officers and directors of the association.

The Thursday sessions will be highlighted by a special dinner honoring the presidents of affiliated heart associations in the evening. Featured speakers will be former Vice-President Alben W. Barkley and Mrs. Barkley, who is a vice president of the association.

Membership Campaign Of JCs To End

The 1954 membership drive for the Pampa Junior Chamber of Commerce ends Tuesday, one month from when it began.

JayCees President J. C. Hopkins late this morning announced the conclusion date of the drive, pointing out that Tuesday's noon meeting, the regular meeting time each week, would wrap it up.

No results of the current drive, however, will be announced till a week later, the JayCees chief said.

And that is the time when the JayCees will hold their first night meeting, part of a new policy this year of holding a night meeting the first Tuesday of each month.

Get-together is slated for 7:30 p.m. April 6 in the Palm Room of City Hall. Hopkins continued.

Amarillo's Junior Chamber of Commerce will be in charge of the program and will help the new JayCees, procured during the drive, become "orientated," Hopkins said.

STRIKE

(Continued from page one) ton came amid these developments:

1. The NLRB planned to go into federal court in New York late Monday and seek an order restraining Local 333, the IILA's tugboat union, from supporting the striking IILA dockworkers by refusing to cross their picket lines. The NLRB claimed their action was a secondary boycott.

2. Labor board attorneys also were scheduled to appear in federal court to seek immediate trial of the IILA, eight of its locals and three of its officials on charges of violating a no-strike order issued March 4.

3. The NLRB was scheduled to meet in Washington Tuesday to consider the recommendation of its examiner that a new bargaining election be held.

4. A federal court in Baltimore issued a temporary restraining order Sunday night prohibiting 4,500 longshoremen from picketing Baltimore docks or refusing to handle cargoes on ships diverted there from New York.

5. Gov. Thomas E. Dewey and Secretary of Labor James P. Mitchell, representing President Eisenhower, met in New York Saturday to discuss the waterfront situation. They later issued a joint statement charging the waterfront labor strike was "not a legitimate labor dispute" but a "criminal conspiracy" against the public welfare.

TROOP SHIP

(Continued from page one) among the survivors, many of whom wandered about the streets of Algiers Monday like tourists although they were wearing patched together clothes. They noted the ship passed Suez at a time of great tension there.

An on-the-spot investigation began here under Col. W. Odling of the adjutant general's branch of the war office who flew to Algiers soon after news of the Windrush was flashed to London.

The fire broke out shortly after dawn about 50 miles from Algiers.

School Board Voting Lags

Absentee voting in the seven school board elections in Gray County continued to lag—it was almost non-existent—late this morning with only one vote registered so far.

Election for all boards — Gray County, Pampa, Lefors, McLean, Grandview, Hopkins, Alameda — is scheduled for 8 a.m. to 7 p.m. Saturday.

But absentee voting in School Business Manager Roy McMillen's office — for Pampa only — and County Clerk Charlie Thut's office — for all the rest — is scheduled to close at 5 p.m. Tuesday. Three full days of non-voting between the end of absentee voting and the election itself is the law.

Only one person, a Grandview man, had voted in the races by late morning.

Freeman Rites Scheduled Today

Funeral services were scheduled for 3 p.m. today in the First Methodist church, Gem, for Mrs. Mary Josephine Freeman, 78, of that community. Mrs. Freeman died at 4:30 a.m. Sunday in the Hemphill County hospital, Canadian.

Rev. Clyde Merritt was to officiate, assisted by Rev. Sanford Cole of the Baptist church, Gage.

Burial was to be in Prairie Hill cemetery, Gem, under the direction of Duenkel-Carmichael Funeral Home.

Born April 5, 1875, in Perry county, Tenn., Mrs. Freeman moved to Texas with her husband in 1924. Before moving to Gem in 1924, they lived in Chillicothe and Wheeler county. The couple celebrated their 33rd wedding anniversary Feb. 11. Mrs. Freeman was a member of the First Methodist church, Gem.

She is survived by her husband, H. C. Freeman of Gem; six sons, Tom Freeman of Canyon, Clyde Freeman of Mountain View, Okla., Robert Freeman of Tulsa, Okla., Johnnie Freeman of Cheyenne, Okla., Ralph Freeman of Canadian, and Alfred Freeman of Amarillo; three daughters, Mrs. R. L. Mandrell and Mrs. H. M. Mandrell, both of Mountain View, Okla., and Mrs. Bob Hollowell of Pampa; 23 grandchildren and 14 great-grandchildren.

Any man or woman in Austria who has a right to vote is required by law to do so.

Safety Label Due April 15

The deadline for obtaining safety inspection stickers for automobiles and trucks is Thursday, according to Highway Patrolman E. J. Roberts.

However, no citations will be issued to drivers whose cars do not have the stickers on before April 15, he said. The first 15 days of the month have been designated by the State Department of Public Safety as a "grace" period.

Huff To Meet With Aides

C. A. (Lefty) Huff, of Pampa, president of the Canadian River Municipal Water Authority, left town Sunday afternoon for Lubbock where he was to have met this morning with Robert Maxey, Lubbock, authority vice president, and A. A. Meredith, Borger, authority for the dam-and-reservoir project. A. Bahn Jr., representing Parson, Brinckerhoff, Hall and Macdonald, New York City, and Bruce Hugenin, authority attorney, were also to be on hand.

Cabot Wins Safety Award

Three Panhandle firms and one individual were named as award winners in special safety categories today during sessions of the two-day meeting of the 15th annual Texas Safety conference in Dallas.

The awards, which are presented by the Texas Safety association, went to the Lazzubide Butane company of Lazzubide, Cabot Carbon company, Pampa, the combined units of Phillips Petroleum company and to Ray Donald Sigmund, county agent of Wheeler county. Sigmund received his award for outstanding work in the field of farm and ranch safety.

Cabot was named winner in Group 1, natural gasoline, of the Industrial Safety contest.

Rites For Ford Infant Are Today

Funeral services for Gayle Glenn Ford, infant son of Mr. and Mrs. Charles A. Ford of Wells, Nev., were scheduled for 2 p.m. today in the Baby Gardens at Fairview cemetery. James Waldrop of the Church of Jesus Christ of Latter Day Saints was to officiate, with burial under the direction of Duenkel-Carmichael Funeral home.

The baby was stillborn at 9 a.m. Saturday in Worley hospital. He is survived by his parents; one sister, Joyce Ann of Wells, Nev.; his maternal grandparents, Mr. and Mrs. Lawrence West of Pampa; and his paternal grandparents, Mr. and Mrs. Charles Ford of Amarillo.

Police Investigate Theft Of Clothing

Pampa police today were investigating the theft of clothing from an automobile.

Paul Crossman, 1801 N. Russell, told police that someone had stolen a suit of clothes, a pair of slacks and a lady's blouse from his car Saturday night while it was parked near the Furr Food store here.

DEMOLAYS

(Continued from page one) fill. Shelhamer said, are that of mayor, four city commissioners, city manager, chief and assistant chief of police, fire chief and fire captain, city engineer, city attorney, city assessor-collector, city secretary, county judge, county attorney, four county commissioners, sheriff, county tax assessor-collector, two justices of the peace, highway patrolmen, county clerk and many a deputy's post.

C. P. Buckler is on the same committee that Shelhamer is, and City Manager Fred Brook is chapter dad for the Demolays, the one who helps them in their activities.

Employment Pay Lines In Decrease

"It all points to less unemployment."

That was the comment late this morning of Bill Ragdale, manager of the local Texas Employment Commission office, as he surveyed job statistics for the last month and compared them to those of the month before and the year before.

From Feb. 26 through March 25 (TEC month), a total of 102 jobs, five of them agricultural, was filled through Ragdale's office.

That compares to a total of 107 the month before and 129 the year before. However, Ragdale pointed out, there were only 20 working days in the last TEC month and 25 in the month before.

Seventy-two new claims — those making claims for unemployment compensation for the first time — were filed in the local TEC office from Feb. 26 through March 25 the TECman continued. That contrasts with 128 the month before and compares with 75 the year before.

In the matter of new applications — where a person comes in to the office and actually signs up for a job — there were 130 in the month ending March 25 and 217 in the month ending Feb. 25.

As for filling claims — it counts once each time a person puts in for a claim — there were 679 for the Feb. 26-March 25 period and 928 for the Jan. 26-Feb. 25 period, Ragdale went on.

Summing up, the TEC manager said, "The situation is still improving slightly." Indeed, over the week-end, Ragdale made some 10-12 placements for a construction job just opening up.

A total of 18 jobs was on tap this morning in the TEC office, including those for sales personnel, routeman, service station attendant, electrician, credit manager and machinist.

Auto Accident Is Fatal To Pampian

W. C. Corley, 22, of Pampa, suffered fatal injuries early Sunday when his car overturned 12 miles west of Benjamin on U. S. Highway 182, according to a United Press report.

Mr. Corley's family could not be contacted late this morning, but he reportedly lived at 804 N. Sumner and was employed as a roofer.

GISMO TAKES A LOOK

"Gismo" and his boss, Sherwood "Woody" Fuehrer, of Cranston, R. I., read the paper together.

The 13-year-old boy made the robot from cans, gears, motors, die castings and other discarded parts. The robot is five feet, 11 inches tall, and weighs 92 pounds.

Put Charm In Your Stride: 2 First Step To Graceful Walking: Lead With Legs

By ALICIA HART
NEA Beauty Editor

To learn to walk well, don't think you must first learn good posture. The two are so inseparable that you can't help improving the one while working at improving the other.

Before starting to improve your walking ways, resolve not to look for miracles. Expect to practice one or two aspects of graceful walking some time before going on to others. Working conscientiously, you should achieve a graceful, natural walk within a few months, no sooner.

Think of your body as a group of blocks that will tumble unless balanced perfectly. These blocks won't tumble if you persist in arranging them improperly but their disorder will be felt in backaches, shoulder strain and aches in the legs and feet.

Now, the body in motion should be balanced upon the legs. Therefore you should lead with your legs, not with your body, when walking.

Many people make the mistake of walking with heads thrust forward. This seems especially to be the fault of the busy career girl. One wonders if she thinks she might win the race against time by a nose.

Start revamping your walking habits by learning to lead with your legs. At the same time, stick to the straight-and-narrow path. To accomplish the latter, run two balls of string the length of your room, laying them about two or three inches apart. Walk back and forth along them, toeing that string line. Do this as illustrated in the diagram with this article, until walking in this manner becomes quite natural to you. The shaded footprints in the diagram are the pigeon-toed and flat-footed ways of walking.

New 1954 Car
MEMPHIS, Tenn. — UP — W. O. Kerr, of Colt, Ark., showed up in a "spanking new" 1954 automobile, wanting to trade. The car had a mileage of under 120 for the round trip between Colt and Memphis. Kerr bought two cars in 1950, but used only one. The other he drove 60 miles to Colt when he bought it, stored it in a garage until he recently drove it back here for the trade.

Read The News Classified Ads.

The career girl who is not watchful of her posture is likely to wind up leading with her chin. Bowed-down by work, cramped by the confinements of desk and typewriter, she easily develops the round-shouldered, world-weary walk (left) that is most unattractive. And, though she may think her lax stance is restful, this woe-begone walk takes an unhappy toll on her, too. On the other hand, the girl who knows how to put her foot forward gracefully (right) is fortifying herself against mid-day weariness and insuring her charm radiance.

A Little Luxury Helps The Morale

By ALICIA HART
NEA Beauty Editor

Occasional self-indulgence is a help to character building. The woman who habitually deprives herself of all but essentials is bound to wind up with a pretty low morale eventually.

So, she'd be doing herself and her family a favor if occasionally she'd splurge on an investment in her own satisfaction.

Beauty salons thrive on this fact. It's wonderful for the morale of a woman to spend a few hours being thoroughly pampered.

The older woman especially should see to it that she takes her share of proper self-indulgence.

Manners Make Friends Panhandle Circle Meet Held In Pampa

When the hostess in the kitchen trying to get a meal on the table the place for the guests is in the living room. It's all right of course, for one guest to help out in the kitchen — but those who just want to talk are only in the way.

There's a lot of truth to the old saying that too many cooks spoil the broth.

"How do you do?" is always a correct reply to an introduction. Some people prefer the more cordial "I'm so glad to know you" and some young people when meeting another young person simply say: "Hello, Sue."

When in doubt you can always say "How do you do?" and know you're making no mistake.

130 Guests Pay Honor To Pampan At 80th Birthday Celebration

Some 130 friends, neighbors, children, grandchildren and great-grandchildren called throughout the afternoon recently to pay honor to Mrs. S. L. Anderson, 816 N. Starkweather, on her 80th birthday.

Summer Theater To Reach North Texas

FORT WORTH — Summer theater, long popular in many sections of the country, is coming to North Texas this year.

The drama division of the TCU School of Fine Arts, in co-operation with leading Fort Worth drama groups, has announced the first annual "Horned Frog Community Summer Theater" for June 7 to August 27.

All Little Theater groups, colleges and university students, graduating high school seniors and all others who like to act and work in theater are eligible to take part.

Work will be done and productions offered in TCU's air-conditioned, fully equipped Little Theater.

Plays to be given have already been selected. With playing dates, they are: "Angel Street" (June 17-19, 24-26); "The Silver Whistle" (July 1-3, 8-10); "January Thaw" (July 15-17, 22-24); "Candida" (July 29-31, Aug. 5-7); "Goodbye My Fancy" (Aug. 12-14, 19-21).

Courses to be offered include theater workshop, stagecraft, scenic design, lighting and special problems, according to Dr. Walther Volbach, director of theater at TCU, who will be in charge of the program.

The program may be taken for college credit or for non-credit. There will be two six-week terms, from June 7 to July 16 and from July 19 to Aug. 27. From 1 to 12 semester hours of college credit can be obtained over the 12-week term and from 1 to 6 hours in either of the summer terms.

Those taking part for non-credit may enroll in Drama 02 and 09. In the latter course, the usual college entrance requirements are unnecessary.

Regular TCU tuition fees of \$13 a semester hour will be charged. So, the cost will range from \$13 for one semester of work to \$196 for the maximum of 12 hours. Arrangements may be made for housing in the university dormitories.

The enrollment dates are: For credit, first term, June 7; second term, July 19. For non-credit, enrollment may be made any time after May 15.

Full information may be obtained by writing: Director of Theater, TCU, Fort Worth, Texas.

Artificial Breeding
BURLINGTON, Vt. — UP — A dairy executive, W. A. Dodge, reported 20 per cent of the cows in Vermont were bred artificially during 1953. He said it was an increase of about 10,000 compared to 1952.

The average depth of U. S. underground coal mines is 190 feet.

MACK'S SHOE SHOP IN NEW LOCATION

Electric Supply Has Expert Workmen, Quality Materials

Rude Southard, owner and operator of the Electric Supply, located at 325 W. Foster, offers you the best in expert workmanship, quality materials, expert workmen, who know what they are doing, and quality materials that will hold up under years of service, will save you money, time and perhaps even a safer operation.

All fields are being operated more and more by electrical pumps. Electricity is one of the cheapest ways of operating an oil well today. It saves you personnel expense, waste, and prevents many accidents. In many cases oil can be pumped for as little as two cents per barrel by using electric power and several motors can be maintained for one or two dollars per horsepower per year. In the field of electricity there are several requirements that must be fulfilled.

The first of these is the use of top quality materials, and the second is the knowledge gained thru experience, engineering and study. Thirdly, is having men who are properly trained to do their job and willing to do a good job. Fourth and one of the most important is to have the proper equipment to perform the job of installing the electrical equipment.

The Electric Supply, located at 325 W. Foster, has in stock all types of oil field pumping units and their sufficient materials. They also have shooting supplies and maintenance stock to give you the most complete electrical headquarters in this area.

There are many advantages to electric pumping other than those mentioned above. One is the labor saving automatic starting and stopping of periodic pumping which in many cases increase production. It is also better for the well since the electric cable can be set to shut the well down at a predetermined time.

The Electric Supply is well equipped to handle any size job confronting it. Southard has many units for his job in addition to a highly efficient group of electricians who are trained and licensed to give you the best job of meeting any and all electrification needs.

Deadline Of Safety Inspection Arrives Thursday, April 15

The deadline on motor vehicle inspection is April 15. After that date, authorities will start enforcing the safety inspection law. Cornelius Motor Co., located at 325 W. Foster, offers you the best in qualified, trained mechanics and machinery to put your car in top shape. They are also an authorized inspection station. Why not bring your car in to the Cornelius Motor Co., located at 325 W. Foster, and let them inspect your car before the deadline gets any nearer.

A few of the qualifications your car must meet are: Brakes, lights, stop lights, horn, windshield wiper, and mirror.

Brakes must be equalized, according to inspection rules. Vehicles, or combination of vehicles, having brakes on all wheels must stop in 50 feet at 20 miles an hour.

In accordance with the rules on lights, all motor vehicles, except motor bikes, shall be equipped with at least two burning headlamps—Minimum candle power reading must be at least 3,500 on any type of headlamp. Multiple beam headlamps must burn on both high and low beam. Single beam headlamps will be set at a 5-inch drop at 25 feet.

Every vehicle must have at least one tail lamp, mounted on rear, emitting a red light, and must have a white light illuminating the rear license plate.

Stop lights are required on a motor vehicle sold new after January 1, 1948, and on all commercial motor vehicles, buses, trailers and semi-trailers.

The horn is to be inspected for an audible signal — horn must give signal that could be heard from a distance of 200 feet, or more. Windshield wiper on the driver's side must be in good working order. Manually operated wipers if possible.

There you have the details of inspection and if you do not think your car will meet these tests, then bring it in to Cornelius Motor Co., located at 325 W. Foster, and they will put it in top shape. If you think or know it will pass these requirements, bring it in to their official inspection station and they will inspect it and you can get your sticker. Remember, these stickers must be on your car by April 15.

NEW LOCATION — Pictured above is Mack's Shoe Shop in its new location at 320 W. Foster. Here you can get the best in shoe repair service and can get a complete stock of polishes, waxes and brushes to keep your shoes looking their best. Too, you get the famous Gunn Brothers Thrift Stamps with every purchase and this in itself is a saving to you. You can get boots for men and children at Mack's and these boots are the finest on the market. Justins, Tony Lamas are only a few to be had at Mack's Shoe Shop. Mack's also features one of the best equipped shops in the Panhandle and his machinery is the best so that you are assured of getting the finest workmanship possible. Bring your shoe repair needs in to Mack's Shoe Shop today. They offer a 24-hour service or fix it while you wait.

Mack Offers Complete Shoe Repair Service And Materials

Mack's Shoe shop formerly located at 313 S. Cuyler, is now located at 320 W. Foster. Mack Stewart, owner and operator of the shop, invites you to bring your shoe repair problems to him for a complete shoe repair service. You get Gunn Brothers Thrift stamps with every purchase and repair bill and with these valuable stamps you can get many lovely and useful items for your home.

Mack employs Joe McCarter, an expert shoe repairman, to "help him up when Mack is out." And Golda Mae, Mack's wife, is also a member of the staff to help with all shoe needs.

If you want to do business with a friendly, capable staff, be sure and depend on Mack's shoe shop to do the job. One of their many services is re-finishing reptile, alligator, lizard and cobra skin shoes and bags. They can refinish these types of expensive shoes so that they look brand new.

Mack has been in the business for five years and with that amount of time, he offers you one of the most complete shoe servicing departments in the Panhandle. He has one of the most complete shops in the area and has the newest machinery to assure you of a perfect job.

He repairs anything from shoes, boots, bags and belts. He also mentioned that you can order any type of fancy western belts that you have in mind. His store is complete from front to back with all types of miscellaneous items such as shoe strings, polishes, saddle soap, luggage, hiltoids, key ring, purses, watch bands, dog collars, men's socks, scarves, concho belts, saddle blankets and belt buckles in beautiful styles.

In the shoe polish department, he features Esquire, Cavalier and many other polishes in all colors to match your colored shoes and boots. All types of shoe kit supplies can be had such as brushes, polish applicators, and buffers. No matter what the need may be, if it's in the shoe shine or repair line, you can get it at Mack's Shoe shop, located now at 320 W. Foster.

Mack's offers you a 24-hour service on shoe repair work, and if it can be done, they offer you a service while you wait. Small jobs like applying heel taps, or rubber heels and small stitching jobs can be done while you wait, and Mack invites you to drop in anytime and bring your shoe repair job with you.

Mack also offers a large display of cowboy boots to men and children. Justins, Tony Lamas and Mexican boots can be had in various price ranges. Also you can get men's work shoes and dress shoes, house slippers and ladies and children's moccasins for real foot comfort.

Mack's Shoe shop is also headquarters for Beacon Floor wax. This is an exclusive wax that is hard to find and a lot of interested housewives will be glad to know that they can get all they want at Mack's Shoe shop, located at 320 W. Foster.

Be sure and drop around and meet the folks at Mack's Shoe shop the next time you are looking for expert shoe repair work or boots and other items. You will be smart in taking advantage of the offer of Gunn Brothers Thrift Stamps, too.

TRIUMPH OVER TRAGEDY — Actress Susan Ball and her fiancé, Dick Long, seem delighted after announcing they will be married on April 11, in Santa Barbara, Calif. The couple were forced to postpone their marriage earlier when Miss Ball underwent surgery for the amputation of her right leg. The plucky actress is determined to walk down the aisle at her wedding, even if she must use crutches.

Alanreed High Students Go To McLean Next Fall

McLEAN — (Special) — Alanreed high school students next fall will be attending school in McLean. A combined meeting of the Gray county, McLean and Alanreed school boards was held Friday night in the McLean grade school cafeteria to make final plans on the reclassification of Alanreed to an eight-year elementary school.

McLean now has 485 students and with Alanreed's present 35 students it would put McLean over the 500-mark and entitle McLean to more teachers.

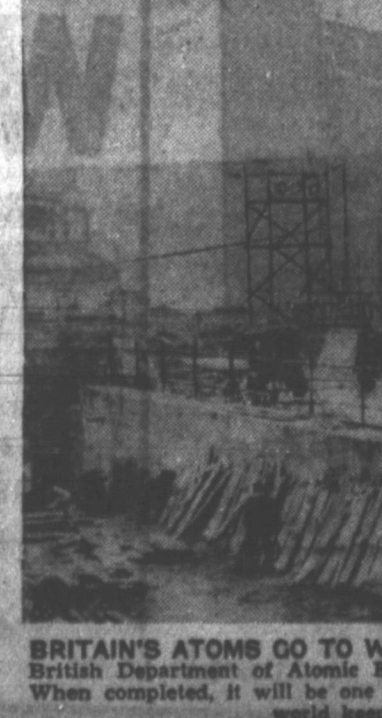

All problems attendant on the switch from a 12-year school had been ironed out, by the Alanreed board, before the Friday night meeting, according to Charles Cousins, manager.

Every member of the three school boards was on hand for the discussion, Cousins said. County Schools Superintendent E. R. Nichols was also present.

Now that the Gray County board has okayed the reclassification and the McLean board has okayed the switch of students, Cousins continued, the way is clear for the formal transfer next fall.

Alanreed, however, will transfer its high school students only to the McLean school. The county and Alanreed boards Saturday were informing the patrons of the school of the switch. Parents of high school students in Alanreed can have them sent elsewhere — Lufkin, Clarendon, Groom — but they'll have to pay for their transportation to these places.

In light of the last week's activities in this regard, it is quite possible that the McLean school system will get three more teachers under the articles of the Gilmer-Aikin law, Cousins said. For

BRITAIN'S ATOMS GO TO WORK — Construction is under way at Calder, England, where the British Department of Atomic Energy is constructing their first experimental atom power station. When completed, it will be one of two new stations constructed with the aim to help the free world keep its lead in research and use of the atom.

Pampa Office Supply Offers A Fine Selection Of Easter Cards For '54

You can give an Easter card this year to your friend or relative that will be as distinctive as the season it represents. The holiday will arrive soon and with it comes the problem of selecting appropriate greeting cards for the occasion. You want to send only the best to your friends and the best means Hallmark and Gibson greeting cards. These famous brand cards may be found at the Pampa Office Supply, located at 211 N. Cuyler. There you can find a huge display of beautiful cards that have inspiring verses to lend the proper spirit to Easter Sunday. Why not come in and visit the Pampa Office Supply and select your cards real soon while there are plenty of cards to choose from.

Besides the greeting card department, the Pampa Office Supply also offers a great help to the hostess who entertains quite often. Pampa Office Supply features a party goods department. In this department you will find favorable table cloths and napkins in the motif you are planning to carry out.

Of course, you know that the Pampa Office Supply stocks only the best in office supplies such as office ledgers and fillers, ink, erasers, pencil sharpeners and different weight and types of bond paper. You can also take advantage of their free delivery service that will save you time and money. Just call 4-3533 and give them your order and a courteous employee will deliver your supplies right to your door.

If it's office furniture you need, the Pampa Office Supply stocks the famous invincible steel office furniture and they also stock beautiful wood furniture that will enhance the loveliness of any office. You can get the chairs covered in various colors to match your interior decorating theme.

No office is complete without a Royal typewriter. These typewriters give many years of valuable service with quiet ease in performance. Stop in soon and let one of the friendly personnel show you

the wonderful features of a new Royal typewriter. You'll be glad to know too that the Pampa Office Supply also offers a complete repair department. If your old typewriter needs fixing, they have a capable workman to help you fix that old typewriter up. And too, they also have a typewriter rental department. You can rent a typewriter for very little expense.

And too, don't forget the famous Shaw-Walker filing cabinets and the Mosier safes and National Adding machines. All these items are needed in an office that is run smoothly and efficiently. Be sure and shop the Pampa Office Supply before you buy. They can give you the best deal in town on any item that you might need for your office. And don't forget their convenient free delivery service. If you want to drop in and shop around they will be glad to see you. That address is 211 N. Cuyler and convenient downtown location.

White's Auto Stores Sells Laundry Queen Automatic Washers

Cuyler, in Pampa, is very proud to announce that the company has been awarded the franchise for exclusive sale of the famous, nationally known line of Laundry Queen Automatic Washers. The Automatic Washer Company, of Newton, Iowa, manufacturer of Laundry Queen, is one of the pioneers in the washing machine industry and, for the past half century, has established an enviable reputation for high quality and fine workmanship in Laundry Queen products.

Ken Meaders, manager of White's Auto Stores, said, "An outstanding exclusive feature of Laundry Queen Automatic Washers is the Hydro-Poise principle of balancing." Hydro-Poise is the world's only truly scientific method of balancing clothes in the washer, thus eliminating all vibration.

Because of the Hydro-Poise principle employed, the Laundry Queen Automatics can be operated at a speed of 750 RPM, which insures the maximum extraction of water in the spin-drying cycle.

Clothes are washed cleaner in the Laundry Queen Automatics, because of the patented Hi-Vane agitator, which creates vigorous washing action from top to bottom of the tub. The full 320 degree arc stroke of the agitator gives approximately 25 per cent more washing efficiency, which cleans the clothes in record time.

Other exclusive features of the Laundry Queen Automatics are the spray-away and power-agitated rinses.

Two models of the famous Automatic Laundry Queen Washers are featured at the White's Auto Store, in your city, now. These are Model 54, "DeLuxe," and Model 547, "All-American."

Wrong Type Alarm
AKRON, O. — UP — James Sain put a lot of time and money into a home fire alarm system located outside beneath the eaves of his house. A thief stole the device recently. Sain is burned up.

KEY WITNESS — H. Struve Hensel, former counsel for the Defense Department, may be called to testify in the Senator McCarthy-Army controversy. McCarthy says Hensel, now an assistant secretary of defense, might be able to shed important light on the "Army's attempt to smear Roy Cohn." Hensel said that Defense Department has records of "monitored" conversations between the Army and the subcommittee staff.

Wheeler CC Seeks Slogan

WHEELER — A \$25 defense bond will be awarded to the person sending in the winning slogan for the newly organized Wheeler Chamber of Commerce.

A contest to select a slogan for the chamber will open next Thursday and will continue throughout the month of April, according to Dick Guynes, secretary-manager.

Long Time No See
PROVIDENCE, R.I. — UP — Separated for 50 years, Mrs. Maria Sousa of New Bedford, Mass., and her sister, Mrs. Clara Duarte of Patal, Azores, met at the railroad station here. They didn't recognize each other and it took a conductor to finally get them together.

Cabot Men Leave For Safety Meet

A group of employees of the Cabot Companies here was slated to leave Pampa Sunday for Dallas where they will attend a safety meeting Monday and Tuesday. The Texas Safety association of Austin is sponsoring the event.

Bert Arney of Pampa, assistant safety director at Cabot, will lead a discussion session Monday afternoon on industrial safety. Others accompanying him include Don Conley, safety director; E. J. O'Brien, superintendent of the Pampa plant; W. L. Marshall, superintendent of the Schaefer A plant; John Brown, superintendent of Schaefer B plant; Jay Meador, C. R. Tooker, Leo Braswell, Andy McNamara, Doyle Roundtree and Fred Finley.

Apartment Fire

A cigarette, left burning in an ash tray, fell into an over-stuffed chair and caused a blaze which sent firemen to the apartment of Mrs. Jean Stoops, 200 N. Ward, at 2:30 p.m. Saturday.

The chair, about three-fourths burned up, a fire department spokesman stated, but no other damage resulted. "There was a lot of smoke and heat, though," the fireman advised.

Mrs. Stoops' maid reportedly forgot the cigarette when she left for the day.

Here's our predicament... we've leased our present location to the C & C Stamp folks who will make it a stamp redemption center, and we must vacate by April 25th. No, we are not quitting business—we're just going to move over to our other building at 108 North Russell and will continue to offer a full line of Frigidaire Appliances and other nationally known appliances, television, etc., as we have done in the past. It boils down to this—one building won't hold what two buildings have been filled with... SO, we've got to put it somewhere, and we can think of no better place than to put it into the homes of the good people of Pampa and the Top o' Texas—and at RIDICULOUSLY LOW PRICES—MUCH OF IT BELOW ACTUAL COST. We need the room, that's all! Come, buy, save! Stocks are limited to come early for the choice selections.

We Are NOT Quitting Business... Just Changing Locations

Oriole-Cub Game Reveals Lack Of Hustle; High Salaries Are Blamed

HOMERUNS WERE A "DIME a dozen" yesterday afternoon at Lubbock where the Baltimore Orioles outlasted the Chicago Cubs, 19-14.

After watching the scoring debacle, we heard numerous fans around us remark that play in the West Texas-New Mexico League is that good.

Well, maybe that's carrying it a little too far but it is for certain that the players in this league show much more desire to play the game than either one of the major league teams showed yesterday at Lubbock.

What's behind this lack of desire by the big leaguers? Jimmy Hamilton, Oriole business manager, possibly has the answer. Hamilton was also on hand for yesterday's game at Lubbock and after watching the tilt, he said high salaries was probably the cause of the lack of hustle by the major leaguers. "They're not hungry enough," Hamilton said. "Fellows getting 15 thousand a year seem to see no need of putting out a little extra," he added.

Hamilton's reasoning is also shared by Dutch Leonard, former star hurler for the Washington Senators and who is now serving as a coach for the Chicago Cubs.

Hamilton, incidentally, gave Leonard his start in baseball and Dutch remembers it well. Leonard, in a brief confab with Hamilton in the hotel lobby yesterday before the Cubs departed for the ball park, was grateful to Hamilton for starting him out in baseball.

Hamilton, business manager at Nashville at the time, got Dutch out of the coal mines in Illinois and signed him to a professional baseball contract. And the old knuckler has made history since that time.

Getting back to yesterday's game, nine homers were clouted out of Odum Field, home of the Lubbock Cubs. Don Lenhardt of the Orioles clouted three of the roundtrippers. All three of his circuit smashes were well tagged and

PHS 9 Meets Borger Here

The Harvesters baseballers will be in quest of their first win of the season here tomorrow afternoon when they host the Borger Bulldogs at Odum Field.

Game time will be 3:30 p.m.

The two teams will meet again Friday with Borger hosting the second game. Both games will be non-district affairs.

Borger owns a 1-1 record to Pampa's 0-2. Other District 1-AA records are Plainview, 1-4; Amarillo, 1-1; and Lubbock 0-4.

Orioles' Lenhardt Setting Hot Pace In Grapefruit Play

By FRED DOWN
United Press Staff Writer

Two of the spring's most spectacular slugging exhibitions enabled Don Lenhardt of the Baltimore Orioles to top the Grapefruit

League with a fantastic .613 batting average Monday and rookie Rudy Regalado of the Cleveland Indians to take over the home run leadership with total of nine.

Lenhardt, battling to win a regular job in Baltimore's outfield, hit three home runs and a single to drive in seven runs Sunday in leading the Orioles to a 19-14 victory over the Chicago Cubs. The 31-year-old native of St. Louis has hit five home runs and collected 19 hits in 31 trips to the plate this spring.

Regalado, who is expected to open the season at first base for the Indians, hit two home runs in one game for the fourth time this spring to supply virtually all Cleveland's offense in a 10 to 4 loss to the New York Giants. In addition to his nine home runs, Regalado has hit three triples and leads the Indians in batting with a .481 average.

Maybe Highest Record
Lenhardt's amazing average—believed to be the highest in history at a similar stage of spring training—is rivaled only by teammate Jim Fridge's .500 mark. Regalado's .481-average is the third best in Grapefruit League competition followed by Detroit Tiger rookie Al Kaline's .480 and a .467 mark by outfielder Frankie Baumholtz of the Chicago Cubs.

Others in the 400-class are Don Bollweg of the Philadelphia Athletics (.441), Yogi Berra of the New York Yankees (.433), Dee Fondy of the Cubs (.431), Willie Mays of the Giants (.426), rookie Harry Bright of Detroit (.423), rookie Curtis Roberts of the Pittsburgh Pirates (.418), Red Schoendienst of the St. Louis Cardinals (.408) and Sandy Amoros of the Brooklyn Dodgers with an even .400.

F. diey and Frank Thomas of the Pirates trail Regalado in home runs with seven apiece followed by Mays, who has hit six round trippers.

UT, Aggie 9s Setting Pace In SWC Race

By UNITED PRESS

Only Texas A&M kept pace with perennial champion Texas in the opening week of the Southwest Conference baseball race — and this week the Aggies got a change to step technically out in front.

WT-NM League president Hal Bayles was on hand for yesterday's meeting and he passed along some news that certainly sounded good to us and which will sound good to the Little League and Pony League baseballers here.

The league will set up umpiring clinics around the circuit this summer for the sole purpose of training fellows for umpiring in Little League, Pony League and any other local amateur or semi-pro baseball league.

Gene Bothell, a member of the WT-NM umpiring staff last year, will conduct the clinics. Bothell will again serve on the umpire staff in this league and will hold the clinics wherever he happens to be working league games.

Bothell is now in Japan instructing GI's on the art of umpiring. He is a member of George Barr's umpire staff.

This will certainly aid the situation here for the Optimist Club who is sponsoring Little League and Pony League baseball.

WHILE ENROUTE HOME yesterday after watching the Cub-Oriole game, Jimmy Hamilton, Warren Haase and I stopped off at Plainview to confer with Tommy Tatum, manager of the Oklahoma City Indians, whose team played there yesterday.

Tatum said Sam Williams will be his starter for Thursday night's Oklahoma City-Dallas game at Odum Field. The game will be followed by Roger Aldridge. Both of these lads, of course, were members of the Oilers last year.

HEARD QUITE A FEW COMPLIMENTS that the Harvesters baseballers yesterday from fellows who had seen the West Texas Relays at Odessa. The Harvesters track program is taking on a new look and it looks like we'll be sending a few boys down to the state meet this year.

Bill Hart of the Lubbock-Avalanche Journal sports staff told us yesterday he believed the Harvesters sprint relay team would win the state. The team is composed of John Darby, Ed Dudley, Walker Bird and Harold Lewis.

The Harvesters tracksters will journey to Big Spring this week to compete in the ABC Relays.

Serena Thrills Hometown Fans

LUBBOCK, March 29 — UP — It was like old times for Lubbock baseball fans when third baseman Bill Serena of the Chicago Cubs stepped to the plate and hit a three-run homer in the first inning of Sunday's game with the Baltimore Orioles.

Serena hit 70 home runs as a 23-year-old third-sacker for Lubbock back in 1947.

Lubbock's slugging enabled the Orioles to score their 14th victory in 20 games and handed the Cubs their 14th loss in 19 contests. Sam Mele and Vern Stephens also homered for the Orioles while Bill Serena, Ralph Kiner, Chris Kinos and Harry Meek hit round trippers for the Cubs.

Steady pitching by Johnny Antonelli and rookie Windy McCall enabled the Gains to overcome Regalado's slugging and open up a 7-2 edge in their 23-game spring series with the Indians.

The Chicago White Sox defeated the Dodgers 10 to 5 in another slugfest but most of Sunday's other game were marked by capable pitching.

Vic Raschi, facing his former teammates for the first time, yielded one run and five hits in five innings as the Cardinals beat the Yankees 4 to 2. Raschi, who said the Yankees' bench jockeys "called me a lot of pet names," has allowed eight runs and 16 hits in 21 innings this spring.

Alex Kellner pitched five-hit ball for six innings and drove in a run with a double to lead the Philadelphia Athletics to a 3 to 1 triumph over Pittsburgh. Rookie-Vic Power went hitless against the Pirates again, however, and now has gone 19 consecutive tries without hitting safely against them.

Washington's 22-game winner, Bob Porterfield, yielded only one run in seven innings although the Senators bowed to their Chattanooga farm hands 4-3 and 23-game winner Warren Spahn matched that performance against Atlanta only to see the Milwaukee Braves lose to the Crackers 2 to 1.

In other games, the Philadelphia Phillies defeated the Cincinnati Reds 8 to 4, sparked by Earl Torgerson's four hits, and Boston Leo Killely and Detroit's Ray Herbert matched one-run pitching for seven innings before the Red Sox came off with a 2 to 1 triumph.

Chicubs Have High Hopes Of Improving

Editors Note: This is the seventh in a series on the 1954 prospects of the major league clubs.

By SCOTT BAILLIE
MESA, Ariz., March 29 — UP — Phil Cavarretta's hopes of leading the Chicago Cubs out of seventh place hinge on a rookie second baseman, the expected long-ball hitting of Ralph Kiner and Hank Sauer, and an uncertain pitching staff.

And even with the Cubs dropping nine of their first 10 exhibition games, Cavarretta saw better times ahead.

"Our defense wrecked us almost as much last season as injuries to Kiner and Sauer," Cavarretta said. "We trailed the league in double plays, for instance. But I think we'll get that strength down the middle with Ernie Banks at shortstop and Gene Baker at second."

Both played with the club for a brief period in the closing days of the 1953 season after Baker, the first Negro to sign a Cub contract, was called up from Los Angeles and Banks was purchased from the Kansas City Monarchs of the Negro American League.

Banks May Stay
Banks, who batted .380 with the Monarchs last year while Baker hit .284 at La, is rated by Cavarretta as having the best chance of staying around.

In the meantime, Eddie Miksis of last year's second base combination has been shoved into the back-ground at least temporarily.

Kiner and Sauer reported in tip-top shape. Ralph possibly inked that Eddie Matthews of Milwaukee snapped the league home run title from him in his last year's season. Kiner and Sauer reported in tip-top shape. Ralph possibly inked that Eddie Matthews of Milwaukee snapped the league home run title from him in his last year's season.

So with two of the league's top home run producers in the outfield, Cavarretta said he figured on giving rookie Bob Talbot the nod over Frankie Baumholtz for center.

"Talbot is fast—and just what I've been looking for to spot between Kiner and Sauer," Cavarretta said. "His hitting is a question mark but in this case I might sacrifice some power for added defense."

Low for Relief
Talbot also was brought up from the Angels last year where he batted .287 and was generally considered the best centerfielder in the Pacific Coast League for three seasons.

Comes the pitching and Cavarretta is just aghast.

"Let's face it—right now it's not too good," he said. However, he is going right back with his 1953 starters: Warren Hacker, whose 19 losses topped the league last year; Bob Rush, Johnny Klippstein and either Bubba Church or Paul Minner.

At third will be either Randy Jackson or Bill Serena, both veterans. Bruce Edwards, who made an early season bid for third, may be retained as a third-string catcher because of his pinch hitting.

Dee Fondy has first all to himself for the third straight year.

Veterans Joe Garagiola and Charlie McCullough will be back catching with a possibility that Hal Meek up from Springfield might stay around also.

Revamped Lineup Gives Buffs Hopes Of Finishing In Top 4

Editor's Note: This is another in a series devoted to prospects of Texas League baseball teams.

HOUSTON, March 29 — UP — It'll be a revamped Houston Buffs baseball team that takes the field here April 8 against Fort Worth in what long-suffering Houston fans hope will launch a climb from the Buffs' now-familiar berth in the Texas second division.

The Buffs, who have finished in the lower half of the standings in four of the past five seasons, are currently winding up spring training in Daytona Beach, Fla., with a 30-man squad that includes only eight who saw action with Houston last summer.

Only three of the eight—shortstop Fred McAllister, second baseman Howie Phillips and pitcher Jim Atchley—were here for any appreciable portion of the 1953 campaign.

New Manager
Even the manager is "new," for Fred (Dixie) Walker, the 1954 Buff skipper, was here only for the final month of the 1953 race, succeeding Al Hollingsworth on August 1.

Walker's greatest hope at the moment is that he won't have to open against Fort Worth solely with the squad now at hand.

There are obvious needs for help from the parent St. Louis Cardinals in the outfield, first base and on the mound—needs that Buff fans hope will be filled before the Texas League season is far advanced.

Brightest part of the Buff picture here is a continuing battle for short stop and second base. Now, the second base scrap has ended, but one has developed for third.

Jerry Thomas, who had been giving Phillips a heated run for the keyhole spot, has been traded to Columbus, but Don Blasingame, a quickhanded fielder who hit .290 at Winston-Salem, still is pressing McAllister at short.

Ken Boyer, just out of service and possessing a "shot" arm and a good pre-service batting record at Omaha, apparently had third nailed down until Emanuel Sener-

Bucceroni 2-1 Choice Over Jackson

BROOKLYN, March 29 — UP — Dan Bucceroni, tempted to take the risk because of a \$10,000 paycheck, thrusts his heavyweight title hopes into the jaws of boxing's new "perpetual motion machine," Tommy (Hurricane) Jackson Monday night in a battle of heavyweight contenders at Eastern Parkway Arena.

Bucceroni, Philadelphia veteran of 49 ring wars and currently ranked No. 3 in the heavy class, will step into the ring at a slight weight disadvantage but rated the favorite at 2 to 1.

But dangerous Dan, who has cooled 30 to his opponents thus far, has plenty to lose and little to win in the widely televised bout against Jackson, the jet-propelled unknown from the seaside resort of Rockaway Beach, N.Y., who has risen from nowhere to the No. 7 heavyweight ranking in less than two months.

Bucceroni is very hopeful of getting a shot sometime in the fall against heavyweight champion Rocky Marciano — provided, of course, that Marciano defend the title successfully this summer against Enzo Charles. A loss to dark horse Jackson, however, would wreck Dan's plans.

"It's quite a risk, and only a \$10,000 guarantee, reportedly the top paycheck of Dan's career, could prompt him to take it."

Jackson, a 22-year-old lad who was fighting three months ago as a six-round preliminary boy sky-rocketed toward the top of the heavyweight division by turning in two of the upsets for which the Parkway Arena has become famous—he knocked out Red Layne, the "big name" heavy from Utah, and then outpointed Clarence Henry, pushing the Los Angeles slugger right out of the contenders' ranks.

Since this will be only his 18th pro bout, Jackson is sure to be mightily awkward — but Bucceroni may find that as bad for him as for Tommy. Hustling about every second of every round on ball-bearing legs, Tommy is completely unpredictable — tosses punches from any angle and with plenty of steam. Bucceroni, on the other hand, is a stalker with a stinging jab and dynamite in his right fist.

WEST PALM BEACH, Fla., March 29 — UP — The Cincinnati Redlegs optioned out rookies Jim Melton and Jackie Simpson Monday preparatory to breaking up into two squads for barnstorming trips northward.

Melton was sent to Havana of the International League while Simpson went to Colonial Heights in the Piedmont League.

Manager Birdie Tebbetts will start north with a main squad of 22 players, following Monday's game with the New York Yankees.

Sooner Aags Mat Champs

NORMAN, Okla., March 29 — UP — Oklahoma A&M held the national collegiate wrestling championship Monday for the 16th time, repeating its Penn state, last year's champion.

The Oklahoma A&M Aggies scored a smashing team victory in the finals Saturday night with three Aggies capturing individual titles. The winners scored 32 points against 17 for Pittsburgh and 15 for Penn State.

Finishing behind the top three were Iowa and Navy, tied with 12 points each, Michigan State with 11 and Michigan and Oklahoma, each with 10.

Aggies winning titles were Gene Nicks, who dethroned Robert Kovsky of Wisconsin to gain the heavyweight crown; Ned Blase, 177-pounder who edged Royal Smith of Colorado in a referee's decision to retain his national title, and Myron Roderick, who whipped Lehigh's Ed Eichelberger for the 137-pound title.

Tommy Evans, 1952 champion from the University of Oklahoma who was out with an injury last season, pinned Don Thompson of A&M to take the 147-pound crown and was also chosen the year's outstanding NCAA wrestler.

Hugh Peery of Pittsburgh won his third straight title, dethroning 115-pound Charles Oatman of Minnesota. Pittsburgh's Joe Solomon topped Ernie Rischer of Maryland in the 167-pound final.

Read The News Classified Ads

Other Card Vets Coming Through Raschi Turns Back Yankees For Cards

ST. PETERSBURG, Fla., March 29 — UP — Manager Eddie Stanky was thoroughly satisfied Monday with the spring form of pitcher Vic Raschi and the St. Louis Cardinals, three key veterans—Stan Musial, Enos Slaughter and Red Schoendienst.

Raschi, an \$80,000 purchase from the New York Yankees, limited his former teammates to one run and five hits in five innings, Sunday as the Cardinals scored 4 to 3 victory over the world champions. Raschi allowed eight runs and 16 hits in 21 innings of Grapefruit League pitching.

Stanky's doubts about the ability of his three veterans to produce again this year were dispelled by their brilliant spring performances. Musial is batting .344, Slaughter has a .356 mark and Schoendienst has been belting the ball at a blistering 408-cpi.

TULSA, March 29 — UP — Rookie Rudy Regalado, one of the most spectacular newcomers in the league, was virtually assured Monday of winning a regular job with the Cleveland Indians—probably at first base.

Regalado hit two homers in one game for the fourth time this spring and tied his Grapefruit League record by hitting three homers in one game Sunday although the Indians bowed to the New York Giants 10 to 4. Manager Al Lopez is expected to shift the all-around infielder to first base because Rocky Nelson has not been hitting. Regalado's average is .481.

Lopez also indicated he will retain Jose Santiago as a relief pitcher.

TAMPA, Fla., March 29 — UP — The Cincinnati Redlegs optioned out rookies Jim Melton and Jackie Simpson Monday preparatory to breaking up into two squads for barnstorming trips northward.

Melton was sent to Havana of the International League while Simpson went to Colonial Heights in the Piedmont League.

Manager Birdie Tebbetts will start north with a main squad of 22 players, following Monday's game with the New York Yankees.

WEST PALM BEACH, Fla., March 29 — UP — The Philadelphia Athletics roster was reduced to 32 players Sunday with the sale of catcher Ray Murray to the Baltimore Orioles and the consignment of five players to Ottawa in the International League.

Murray, who hit .284 in 84 games last season, was enroute to join the Orioles leaving the Athletics with three catchers Joe Astroth

WILMINGTON, N. C., March 29 — UP — Bob Toski of Livingston, N. J., continued to shoot under par golf as he wound up with a 72 hole score of 273 to take the \$10,000 Azalea Open golf tournament Monday.

Toski, who entered the 36 hole final with a four stroke lead, fired a two-under-par 70 in the morning round and added a one-under-par 71 in the afternoon to take \$2,000 first money.

He ended with a three-stroke lead over George Fazio of Pine Valley, N. Y., who came from far back to take the \$1,000 second prize with a pair of 67 rounds.

Lloyd Mangrum of Niles, Ill., and Mike Souchak of Mamaroneck, N. Y., each finished with 278 to tie for third place and \$900 each.

E. J. (Dutch) Harrison of Ardmore, Okla., and Jim Turnesa of Briarcliff, N. Y., finished with 279, for \$650 in prize money. Harrison had the day's best round, a seven-under-par 63 on the 18 holes.

Amateur Arnold Palmer of Wake Forest College, who led the field at the end of the first round, finished in eighth place with a 280. The only other amateur among the leaders was Frank Stranahan of Toledo, Ohio, with 284.

Jim Robertson and Billy Shantz, those assigned to Ottawa are catcher Harry Minor, infielder Tommy Giordano and rookie pitchers Ed Monahan, Walt Kellner and Johnny Gray.

FORT PIERCE, Fla., March 29 — UP — Big Frank Thomas and veteran Big Gordon were teamed as potentially one of the most effective 1-2 batting punches in the National League Monday as the Pittsburgh Pirates broke camp and embarked on a 13-game barnstorming trip.

Thomas, who has hit seven homers this spring, owned a Grapefruit League batting average of .365 while Gordon, acquired in a deal with the Milwaukee Braves, was batting .353.

ORLANDO, Fla., March 29 — UP — The Washington Senators' surprise at having a six-game winning streak ended by their Chattanooga farmhands was tempered Monday by Bob Porterfield's brilliant form. The 22-game winner of 1953 hurled the first seven innings for the Senators Sunday and allowed only one hit—a homer by Lookout first-baseman Dale Powell. Porterfield also hit a two-run homer.

The Lookouts, however, hopped on Ed Mueller in the eighth and ninth innings to score three runs and beat the Senators 4 to 3.

LAKELAND, Fla., March 29 — UP — The Washington Senators' surprise at having a six-game winning streak ended by their Chattanooga farmhands was tempered Monday by Bob Porterfield's brilliant form. The 22-game winner of 1953 hurled the first seven innings for the Senators Sunday and allowed only one hit—a homer by Lookout first-baseman Dale Powell. Porterfield also hit a two-run homer.

Herbert allowed only one run and three hits in seven innings and the Tigers bowed to the Boston Red Sox 2 to 1 Sunday. In four appearances this spring he has allowed a total of two runs in 19 innings.

MACON, Ga., March 29 — UP — Warren Spahn, a 23-game winner in 1953, was pronounced razor sharp Monday as the Milwaukee Braves played their third consecutive game against minor league opposition.

Spahn stopped the Atlanta Crackers with one run in seven innings Sunday and expects to go a full nine innings in his next outing. The Crackers, however, scored a run against Joey Jay in the last half of the ninth to achieve a 2 to 1 victory.

It was Spahn's second consecutive impressive seven-inning stint.

SARASOTA, Fla., March 29 — UP — A sizzling dilly-improving Sammy White, the Boston Red Sox' young catching star, hoped Monday to crowd .300 this year on the basis of his excellent showing in the Grapefruit League.

Chicagoan Winner In Bergstrom Races

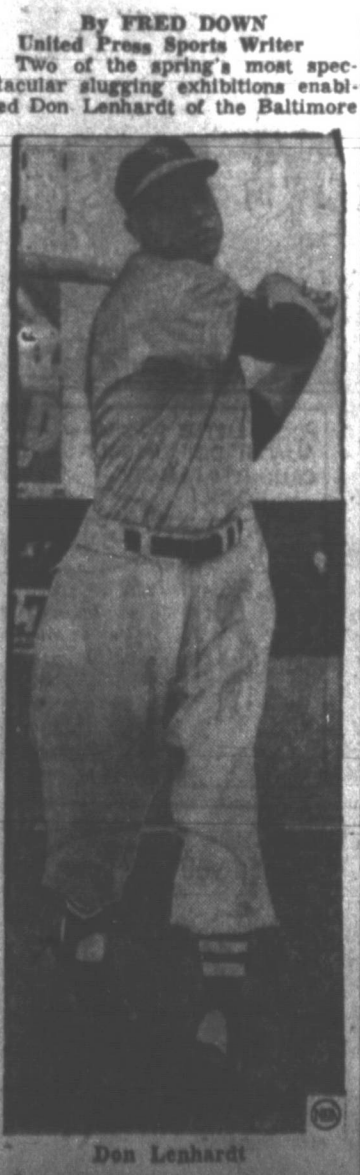

AUSTIN, March 29 — UP — Jim Kimberly of Chicago won the feature event Sunday of the second annual Lone Star national sports car races held on the Bergstrom Air Force Base runways.

Kimberly averaged a sizzling 88.43 miles per hour in the feature race which was cut from 150 to 98 miles because of a time delay. Carlos Braniff of Mexico City was second with a 79.49 average.

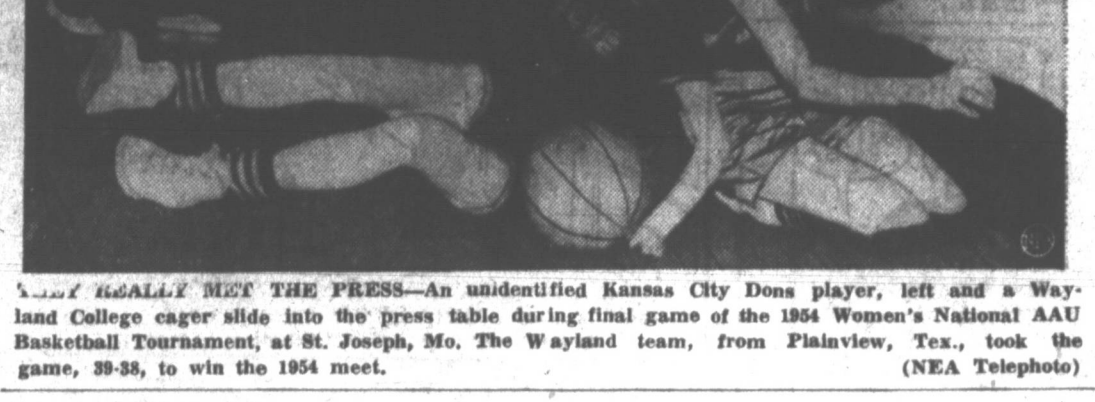

Kimberly, who drove a Ferrari, also won the second race, a 50 mile event, followed by Rocket George of Austin who took second place.

A. Bunker of Kansas City took the third event, one second ahead of J. I. Staley of Wichita Falls, Tex., who lost control of his Porsche momentarily in the 17th lap and never regained his lead.

Col. Walt Williams, 111-year-old Confederate veteran, was made honorary commander of Bergstrom for the day in honor of the event. He had lunch Sunday with Col. Ben Lichty, base commander, and actor James Stewart, who also attended the races.

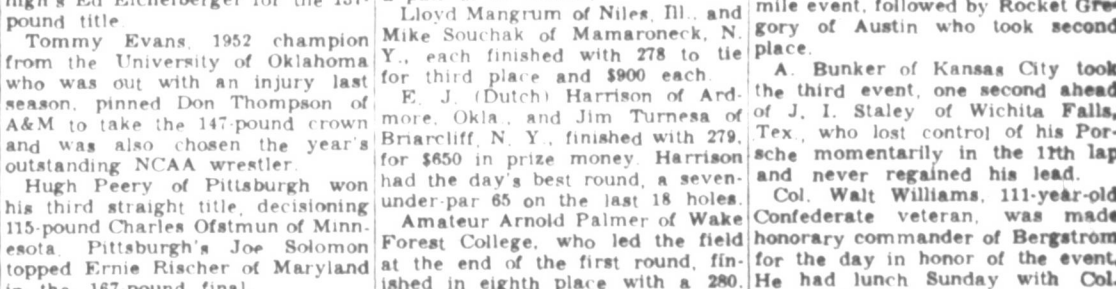

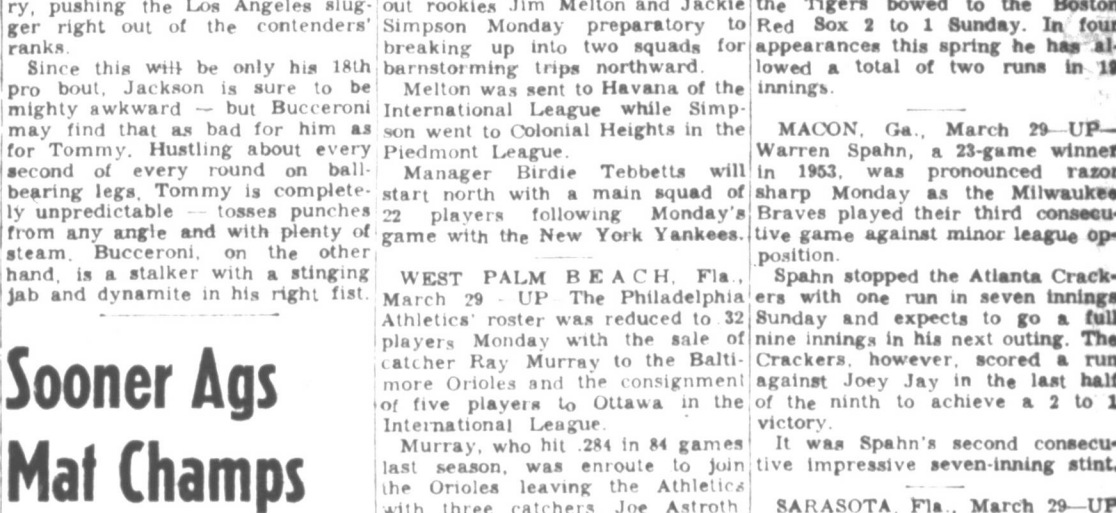

Don Lenhardt

LAST REGALDO MET THE PRESS—An unidentified Kansas City Dons player, left and a Wayland College eager slide into the press table during final game of the 1954 Women's National AAU Basketball Tournament, at St. Joseph, Mo. The Wayland team, from Plainview, Tex., took the game, 39-35, to win the 1954 meet.

Invasion Could Be Stalled Handy Says Western Europe Defenses Need Beefing Up

(EDITOR'S NOTE: On June 24, 1950, Communist forces invaded Korea and the cold war turned hot. Before that summer day, the U. S. Army in Europe numbered 50,000 men — an easy prey for aggression. Four years and one war later, U. S. European land strength has increased six-fold. The man who supervised that buildup was Gen. Thomas T. Handy, last of the World War II four-star generals. In an exclusive interview with United Press, Handy tells how that fighting force would stand up in event of an eastern invasion).

By MARSHALL LOEB

FRANKFURT, Germany, March 29.—UP—Gen. Thomas T. Handy, the man behind the U. S. Army's massive post-Korea build-up in Europe, said Thursday the West would have a "good chance" of holding strategic areas on the continent against a Communist attack.

"But, our defense picture is not wholly satisfactory by any means," Handy cautioned.

Handy, who retires March 31 after 37 years' army service, was the Army's European commander from September, 1949, until August, 1952, when he became Gen. Alfred M. Gruenther's deputy commander of all U. S. forces on the continent.

Chance of Holding Areas

Handy told the United Press in an exclusive interview that if war broke out "we would have a good chance of holding strategic European areas until we fully mobilized the necessary forces."

When Handy took over the Army command in 1949, it consisted of only one division and three combat brigades supported by a smattering of mostly propeller-driven aircraft at two bases near Munich.

Today that force totals the equivalent of more than six divisions and some 400 F-86 MIG - killer Sabrejets backed by a dozen 280 millimeter "atomic" cannons, a "matador" guided missile squadron and some 130 strategic and tactical air bases in Europe and North Africa.

American forces have swollen to almost 400,000 men in this theater, equal to the estimated strength of Soviet troops in East Germany.

Shamrock Plans Clean-Up Drive

SHAMROCK — Residents of this city are being urged to roll up their sleeves and get to work in Shamrock's clean-up drive, which opens Thursday and will continue through April 7.

Clean up days have been set for Thursday, Friday and Saturday. Trash will be picked up on the following Monday, Tuesday and Wednesday.

French Obtain Promise Of More U. S. Air Aid

By CHARLES M. McCANN

United Press Staff Correspondent

France's No. 1 soldier has gone home from Washington with a promise of more United States aid for the war in Indo-China.

Light bomber planes, to help knock out the Communist rebel artillery pounding surrounded Dien Bien Phu; parachutes, to drop men and supplies from air lift planes; ammunition and medical stores will be on the way before long.

Five-star Gen. Paul H. Ely, 57, chief of staff of the French Armed Forces, was sent to this country on a combined military and political mission.

The fact that he was entrusted with political as well as military negotiations is evidence of the esteem in which he is held in France.

An Uniting Worker

Tanned, lean, stern-faced, Ely is an untiring worker and a man of great physical endurance. He demands the same qualities of the men around him.

Ely is a chain smoker but a non-drinker. He is up by 5 a.m., ready for what is often a 14-hour working day.

He is a "new look" general. He agrees with the Pentagon that the day of Maginot-line "slay put" warfare has gone.

A skillful strategist and tactician, Ely is a first class fighting man, too.

He is one of those teen-aged boys who went into battle at the outbreak of World War I—Most of

"This improvement has inspired very marked psychological change in Europe," Handy said.

"Our allies have more determination to defend and maintain their homelands. They feel capable of doing the job. And they have vastly bettered their military training, their equipment and their command."

Despite the western buildup, Handy admitted the Soviet bloc's numerical superiority in men and planes "has existed and still does exist."

"But I do not believe the Communists would be capable of walking through Europe. Before Korea, some people were prone to say that all the Russians needed to overrun Europe was the shoes."

"The defense of western Europe is not hopeless."

Handy supports the theory prevailing in western capitals today that the present or future force here could stall an attacker and reserves were rushed into action.

Mental Patient Confesses Murder

LOS ANGELES, March 29.—UP—Police Monday planned to question a veteran's hospital patient who they said has confessed the five-year-old murder of Colorado University sophomore Roy Spore Jr.

Harry Lum, 35, an aircraft worker who recently committed himself to the psychiatric ward of Sawtelle Veterans' Hospital, made the confession in a letter to his sister, Mrs. McCutcheon of Farmington, N.M., police said.

Officers said Mrs. McCutcheon's brother-in-law, a police officer, came here and talked with Lum after the letter was received. They said they were attempting to get details of the murder from Denver authorities.

Spore, 19, was beaten to death at Boulder Creek on June 9, 1949. A companion, Doris Ann Weaver, 18, of Great Falls, Mont., was able to escape their assailant.

House Opens Debate On Tax Program

AUSTIN, March 29.—UP—The House opened debate Monday on Gov. Allan Shivers' \$28 million program which was expected to face its first major test of the special session.

The \$28 million in new taxes would be used to finance a \$402 million pay boost for teachers and provide higher salaries for state employees.

The House bill was sponsored by Rep. Joe M. Kilgore of McAllen. The House Revenue and Taxation committee cleared the measure last week.

The proposal boosts levies on natural gas production and on beer and corporation franchises.

Also up for consideration by the House this week is a proposal tagging \$11 million estimated as surplus in the state treasury for a building program at state institutions at Dallas, Houston, Austin and the Eastern prison farm.

The legislature entered its third week today of the special 30-day session. The other major issue placed before it by Shivers — outlawing the Communist party in Texas — comes up before the House committee on criminal jurisprudence this afternoon.

The panel will consider two Communist control measures. One, by Rep. Robert Patten of Jasper, provides punishment up to the death penalty for membership in the Communist party. The other, by Rep. Dudley Daugherty of Beeville, would peg maximum punishment for convicted Communists at 30 years in prison and a heavy fine.

The administration's tax program cleared the House Revenue and Taxation committee by a 16-4 vote, tending to bear out Shivers' prediction that lawmakers would approve a program virtually as he outlined it.

The natural gas production tax would be raised from 5.72 per cent of the value at the wellhead to 9.06 per cent. The beer levy would be boosted from \$1.37 to \$2 per barrel.

Corporation franchise taxes would be raised from \$1.25 to \$2 per \$1,000 of corporate assets.

THE EASTER BIRD

By Walt Scott

AS I LIVE, THERE'S OLD STORY TELLER HEADIN' FOR THE LITTLE PEOPLE'S PLACE!

MUST BE MEALTIME, SNOOT!

LET'S GO LISTEN TO HIS CORNY YARN, RICK-RACK!

YES, SURE IT WAS IN THE FAR COUNTRY (THESE CAKES ARE TASTY) THAT I MET THIS BIRD—

WHAT'S SO SPECIAL ABOUT A BIRD?

I'LL HAVE YOU KNOW, CHUM, THAT THIS WAS THE EASTER BIRD!

Zsa Zsa Gabor Feuding With Joanne Dru On Set

By ALINE MOSBY

HOLLYWOOD, March 29.—UP—Joanne Dru and Zsa Zsa Gabor admit they've battled on their movie set, with Joanne calling the Hungarian beauty "a no-talent girl who likes to make a commotion."

The two glamour girls have been tossing salvos back and forth in the most sizzling claw-unclawing since the recent Joan Crawford-Mercedes McCambridge feud.

Zsa Zsa said she thought Joanne "must be jealous of me."

Miss Dru at first retorted, "no comment. I don't want to feud with her. I can't keep up with her."

But now with their picture, "The Big Top," finished and Miss Gabor leaving soon to see Portofino Rubino in New York, Miss Dru decided to "fight fire with fire and stick up for my side."

"In the first place, it's not my nature to be jealous," she blazed. "With three children, I feel I'm

Pampa Couple To Appear On Welcome Travelers

A Pampa man and his wife were to appear on a national radio and television show Monday.

Mr. and Mrs. Clyde Jonas, 1926 Hamilton, left Thursday for Chicago and were scheduled to appear on the Welcome Travelers radio and television show, of which Tommy Bartlett is the master of ceremonies.

Mrs. Jonas wrote a letter recently to Bartlett and about a week ago she received a reply asking that she and her husband be in Chicago to appear on the program Monday morning.

Duval Jury In Session

SAN DIEGO, Tex., March 29.—UP—The Duval county grand jury, which Attorney General John Ben Shepperd tried unsuccessfully to have dismissed, was to meet at 2 p.m. Monday with less than two weeks of its term left.

The grand jury, which is investigating the use of public funds in Duval county, has never made a public report nor has it indicted anyone.

A new term of the 79th District court begins April 5 when a new grand jury will be sworn in.

Last month Shepperd charged the grand jury could not be impartial in its investigations because its members had political or business connections with South Texas political boss George B. Parr.

Shepperd asked 79th District Judge C. Woodrow Laughlin, who later was ousted by the Texas Supreme Court, to dismiss the grand jury. Laughlin ruled he had no authority for such action.
