American Flushes Out Live Game

An unidentified American soldier is pictured above at the moment he captured a North Korean attempting to infiltrate behind U. S. battle lines somewhere on the Korean war front.

Major Battle Opens On New Approach To Taegu

Truman Issues Order For Railway Seizure

WASHINGTON, Aug. 35. (AP) — President Truman today ordered seizure of the nation's railroads at 4 p. m. EST Sunday.

Acting because of the nationwide strike called for Monday by two railroad unions, Mr. Truman directed that secretary of the army Pace take over and operate the roads "in the name of the United States government."

ASK CO-OPERATION

In a statement, Mr. Truman also called upon "every railroad worker to cooperate with the government by remaining on duty."

The unions have said they would work under government seizure. In fact, they have several times urged that the government take over the railroads because of their 18 month old wage-hour dispute.

Mr. Truman, in a brief statement, noted that the Brotherhood of Railway Trainmen and the Order of Railway Conductors have declined to accept recommendations of a Presidential Emergency Board for settling the issues.

His statement went on:

"In the strike situation thus confronting us, governmental seizure is imperative for the protection of our citizens."

"It is essential to the national defense and the security of the nation, to the public health, and to the public welfare generally that every possible step be taken by the government to assure to the fullest possible extent continuous and uninterrupted transportation service.

"Accordingly I intend to take all steps necessary to assure continued operation of the railroads."

NO BARGAINING

The railroad unions will not be able to bargain with the government in an effort to raise wages or change working conditions.

Mr. Truman's order said the terms and condition of employment in effect now will continue "with out prejudice to existing equities or to the effectiveness of such retroactive provisions as may be included in the final settlement of disputes between the carriers and the workers."

The unions' main demand is for a 40-hour week without any reduction in the pay they now receive for 48 hours work.

This is asked for yard men. They also ask pay raises for union members who work on rolling trains.

As boss of the railroads, the army is expected to designate a veteran army engineer backed up by a veteran railroader on leave from the Pennsylvania system.

The top man is Maj. Gen. Frank A. Helleman, a native of St. Louis, Mo., who is the army's chief of transportation.

His assistant for railroad operations is Brig. Gen. Andrew F. McIntyre, of Philadelphia, a reserve officer on leave from his job as chief of freight transportation for the Pennsylvania Railway.

As in past seizures of the roads, the Army presumably will use the present management of the railroads to operate them.

Mr. Truman's action in the situation had been generally forecast.

TALK STRIKE

During the morning, Mr. Truman had a long session with his cabinet given over largely to discussion of the railroad situation.

At the Capitol, the Senate Labor Committee took the unusual action of sending to the Senate floor a bill forbidding railroad strikes, but with a recommendation that the measure not be passed.

Chairman Elbert Thomas (D-Utah) said the committee sent the bill to the Senate so that the committee could not be accused of bottling it up. He said the committee was 8 to 1 against the bill.

Sen. Donnell (R-Mo), author of the no-strike legislation, told reporters he would seek to bring it to the Senate at the earliest possible moment."

The measure would require arbitration of railroad labor disputes.

Howard Well To Drill Into Pennsylvanian

Stanolind Oil and Gas Co. is to start operations by or before next Friday at its No. 1 S. D. Buchanan estate, which is to be a wildcat to explore the Pennsylvanian lime, and possibly the Ellenburger in Central-East Howard County, three miles north of Coahoma.

The prospector will be 660 feet from the east and 1,980 feet from the north lines of section 25, block 31, T-1-N, T&P survey.

If it fails to produce in the Pennsylvanian lime, it is to go on to the Ellenburger, or 9,400 feet.

This project is being drilled as a result of a deal worked up by Walter B. Collins and J. C. Williamson, both of Midland.

Williamson took a farm-out on five 80-acre tracts in that region from Forest Oil Corp. and Southern Minerals Corp. out of a large spreak of leases which those conerns own jointly. In taking the farmout Williamson assumed an obligation to drill a wildcat on someplace in the leases he secured.

Collins leased considerable other acreage in the leases, and he then took over Williamson's deal with Forest and Southern, with Williamson retained an override. Collins then turned the acreage and obligation to Stanolind for an unreported consideration.

NEW MEICO PRODUCER

Amerada Petroleum Corp. is assured of a commercial producer from the Pennsylvanian at its No. 1-SA State, Central-East Lee County, N. M. wildcat, seven and one-half miles northwest of Lovington, N. M.

That project entered the Pennsylvanian at 9,520 feet and had shown oil on four drillstem tests below that point.

It is now coring below 10,000 feet.

The new producer is located 660 feet from north and 1,980 feet from east lines of 35-14s-33e.

It is one and one-half miles northeast of Gulf Oil Corp. No. 1 Saunders, completed several months ago as the opener of the Saunders field with flowing production from the Pennsylvanian.

The latest test at Amerada No. 1-SA State was at 9,985-10,000 feet.

Scurry Democrats Will Elect 3 Commissioners in Run-Off

Three seats on the county commissioners court will be at stake tomorrow when voters in Scurry County ballot in the run-off Democratic primary.

Polls will open at 8 o'clock in the morning and will remain open until 7 o'clock tomorrow night.

FIRST PRECINCT

In precinct No. 1, the race is between Clarence Wade, Ennis Creek farmer, and Walter Grant, former operator of the Snyder city street maintainer. In the first primary Grant got 230 votes and Wade 191. T. B. Knight, the present commissioner, received 145 votes, S. W. (Red) Trevey 74, and Raymond Smith 40.

Run-off candidates in precinct No. 2 are Cullen H. Toombs, farmer of Fluvanna, and F. J. (Jones) Chapman, incumbent, who lives a mile west of Snyder on the Lamesa highway. Toombs received 202 votes in the first primary, Chapman, 170, and Ab Williamson 137.

In precinct No. 3, Henry Ellerd, son of the late commissioner, Walter Ellerd, will oppose Doyle Parmer, who was appointed to fill the unexpired term of Walter Ellerd. In the first election, Parmer polled 248 votes. Ellerd 286, Simon Best 249, and Wayne Rogers 89.

(Associated Press Staff)

Texas candidates have to convince the voters today or wait until another election year rolls around. Tomorrow comes the payoff—the Democratic runoff primary.

Pierce Brooks, running hard for the lieutenant governor's job, warmed up for the final round with a radio speech last night. He said big business and a small group of senators have ganged up to beat him.

A supporter of Ben Ramsey, his opponent, said Brooks can't constitutionally be sworn in as lieutenant governor even if he wins the election.

MORRIS CHARGES

State Sen. G. C. Morris of Greenville charged in a radio talk that Brooks can't be seated because:

"The Constitution of Texas prohibits any man who is an officer or director in a corporation to become governor of Texas.

"Mr. Brooks is the president of a gigantic insurance company which operates in Texas and five other states.

Brooks declared:

"Big business and a small group of senators who do their bidding . . . are doing everything in their power to crush and defeat Pierce Brooks." He accused special interests of publishing a scandal sheet and starting "vicious and slanderous whispering campaigns" against him.

Brooks said Ramsey, as a Texas legislator, "voted for and supported a state income tax" in 1933.

BACK SALES TAX

"Now those interests supporting him are the leading advocates of a sales tax in this state," said Brooks. "Is that why they want him in the office of Lieutenant governor?"

In his radio talk, Morris claimed that Brooks' election to the lieutenant governorship would put him "in an excellent position to lobby against any taxes on his insurance company, or against any laws that didn't happen to appeal to him or his millionaire friends."

Judge Meade F. Griffin closed his campaign of the Supreme Court Place 3 yesterday with a speech from Austin. On the broadcast, Judge Cleo Thompson of Dallas said the Dallas bar had "overwhelmingly endorsed Griffin.

Fagan Dickson is using recorded radio speeches to charge that oil barons and Dixiecrats are opposing his candidacy for the Supreme Court, Place 1.

Premier Steps Into Canadian Rail Walkout

OTTAWA, Aug. 25. (AP) — Canada's Prime Minister Louis St. Laurent today intervened personally in his country's less-work-for-more-pay general railway strike, the first such direct intervention of a prime minister in a Canadian labor dispute.

St. Laurent scheduled separate meetings with rail and union chiefs. He was expected to urge resumption of direct negotiations under threat of a government crackdown.

The Montreal Gazette reported that union leaders would give St. Laurent new proposals on their demands for higher pay and a work-week reduction from 48 to 40 hours.

More than 200,000 persons already were idled, directly or indirectly, by the four-day rail and telegraph walkout, which has sent a shudder throughout Canada's economic life. Remaining transport and communications were overloaded. There were dangers of fresh food, coal, and power shortages; spoiled harvests, newsprint mill shutdowns, stoppage of the Canadian navy's shipbuilding program, and additional lay-offs.

Facing these prospects, St. Laurent scheduled meetings today with the disputants, with Labor Minister Milton Gregg and Transport Minister Lionel Chevrier sitting in.

Talks For Meade Griffin

Bob Davie, Snyder lawyer, will deliver a five-minute radio address tonight in behalf of the candidacy of Meade F. Griffin, Plainview, Tex., who is running for place No. 3 on the State Supreme Court. Davie will speak from 7 until 7:05 o'clock tonight over station KSNY.

Lodge's Appointment Will Not Silence Criticism by G. O. P.

By JACK BELL
(Associated Press Staff)

WASHINGTON, Aug. 25. — Senate Republicans made it clear today that the presence of a GOP colleague—Sen. Lodge of Massachusetts—on the U. S. delegation to the United Nations won't silence their criticism of administration foreign policies.

Voicing the apparent views of a majority of the Senate's Republicans, Sen. Knowland of California told a reporter he welcomes Lodge's appointment but that it won't halt the fire directed at what the GOP calls administration mistakes in the handling of Far Eastern affairs.

CRITICAL

"The Republicans have never been critical of the quality of bipartisan co-operation on United Nations affairs," Knowland said.

"But we have a perfect right to complain about what has happened in the Far East, where Republicans were never consulted about the decisions."

Sen. Wherry of Nebraska, the GOP floor leader who has demanded that Secretary of State Acheson resign, said his views haven't been changed by the obvious White House olive branch.

The GOP stand was based in part on a report to the Republican senatorial campaign committee by its field director, Victor A. Johnston.

Johnston is known to have told committee members he believes the top issue today involves alleged American unpreparedness for the Korean fighting.

NO COMMENT

Lodge declined to comment on his appointment. But he has told friends he doesn't feel he is giving up any right of criticism by accepting.

Lodge was the principal author of a statement Republican members of the foreign relations committee issued recently accusing the administration of opening the way for Communist attack on South Korea by indicating the U. S. would not defend that area.

Chrysler-UAW Negotiate 10-Cent Pay Rise

DETROIT, Aug. 25. (AP) — In a move unprecedented in the auto industry, Chrysler Corp. and the CIO-United Auto Workers announced today they had negotiated a minimum 10-cent hourly pay raise for all of Chrysler's 120,000 employes.

Chrysler said the surprise move was worked out at the UAW's request because of the rising cost of living since their three-year contract was signed last spring.

The company estimated the total cost at $25,000,000 yearly..

About 93,000 hourly rated workers will get a flat 10 cents an hour boost. Some 7,000 skilled employes will get that and an additional five cents an hour. About 20,000 salaried employes will get seven per cent raises, with a minimum of $17.50 more a month.

The unexpected announcement was made at a press conference attended by two top company and two top union officials, who negotiated the agreement.

It was in sharp contrast with the bitter 100-day strike that led up to the signing of a three-year contract last May 4.

At that time union negotiators estimated their gains a 11 to 12 cents an hour. The strike-ending agreement carried no general wage increase. Since then a number of contracts granting wage increases have been signed by the union with Chrysler competitors.

The wage increase announcement came today as an estimated 20,000 Chrysler workers stayed away from their jobs in disputes hinging around working conditions. Wages were not involved, but two plants were closed and operations at four others curtailed.

The Chrysler-UAW contract did not provide for a wage reopening until July 1, 1951. In view of this, Robert W. Conder, Chrysler director of industrial relations, was asked why the company agreed to a wage hike now.

Nehru Shows More Optimsim On Korea

NEW DELHI India, Aug. 24. (AP) —Prime Minister Nehru told a press conference today he did not believe the Korean conflict would flare into a world war in the immediate future.

At the outset of the Korean conflict, Nehru had said the chances of a world war were 50-50.

Answering questions from left-wing journalists on the bombing of North Koreans, Nehru said his government was concerned for two reasons:

1. Innocent people were being killed and unnecessary damage done.

2. It was likely to create more problems in the future.

Malik To Push FormosaAction In UN Council

(Associated Press Staff)

LAKE SUCCESS, Aug. 25.—Russia's Jakob A. Malik is expected to throw the explosive Formosan question into security council discussions today.

However, the anti-Communist countries, led by the United States, are determined to keep the council's eye on the Korean ball.

Red China's Foreign Minister Chou En-Lai gave Malik an opening yesterday by sending cables to him and to UN Secretary Gen. Trygve Lie demanding the ouster of American forces from the island now controlled by the Chinese Nationalists. The cables also announced Communist intentions to "liberate" Formosa from "United States aggressors."

FLEET PRESENT

The only American force in that area is the Seventh Fleet, which President Truman sent June 27 to prevent an invasion by Communist forces from the mainland. At the same time Truman appealed to Nationalist Leader Chiang Kai-Shek to cease bombings of the mainland. He said his aim was to neutralize Formosa and prevent the Korean war from spreading.

Coincident with Chou's cable to Lake Success, a Chinese government spokesman in Canton, China, accused Britain's armed forces in Hong Kong of carrying out a "deliberate" plan to "encroach upon Chinese sovereignty."

British forces were charged with five violations of Chinese air, territory and territorial waters since July 6. All the incidents were minor but the charges were considered significant inasmuch as Britain is negotiating with the Peiping regime for opening of diplomatic relations.

ACE IN HOLE

Diplomats here believe Malik will use Chou's appeal as his ace card in Russia's month-long struggle to split the United Nations' solid front on the Korean issue, to pin an "aggressor" label on the United States, and to link the question of Korea with that of China.

Informed sources here have predicted that Malik would not give up the presidency of the council, which he holds only for the month of August, without one supreme effort to accomplish these aims.

7,200 Inactive Reservists To Be Called Up From This Area

SAN ANTONIO, Aug. 25. (AP)—Recall of 7,200 members of the volunteer and inactive Enlisted Reserve Corps in the Fourth Army area was announced today at Fort Sam Houston.

The area includes the states of Texas, Oklahoma, New Mexico and Louisiana.

The quota of enlisted reserves being called in the Fourth Army area is part of a total of 77,000 over the United States.

A total of 2,727 Fourth Army reservists will be ordered to report to Fort Hood between Sept. 10-30.

19 TO 35

These men, officials explained, will be selected from those between the ages of 19 and 35 who have served on active duty for one year or more.

A second group of 1,881 will report to Fort Hood between Oct. 2-15. Men in this call will be selected to fill requirements of the Army commander and the technical services.

A third contingent of 2,602 men, selected on the same basis as the first group, will report between Oct. 10-25.

First priority for recall will be given to members with no dependents, second to those with one dependent, and then to those with more than one dependent. Priority for call under these quotas will be given to six-year reservists assigned to units who habitually have failed to participate regularly in unit drills, it was stated. All other reservists assigned to troop program units of the organized reserve are exempted from orders to active duty except that active ERC members or ORC augmentation units may be ordered to active duty under the second increment, it was announced.

BY OCT. 25

A total of 20,000 reservists are scheduled to arrive at the Second Armored Division, Fort Hood, by Oct. 25 for three weeks processing and refresher training prior to duty assignment, it was stated.

NovemberDraft Call Of 50,000

WASHINGTON, Aug. 25. (AP) — A call for more than 50,000 draftees in November is expected to be the next major step in the Army's build-up of manpower.

With the end of the Korean conflict not yet in sight and an increase in American troop strength in Germany under consideration, a call of at least such proportions is considered highly likely.

The expected November call, like the current program to give the Army 100,000 inductees by the end of October, would affect men between 18 and 26 picked by local draft boards.

FOLLOWUP

It would follow up an increase of 47,000 announced by the Army yesterday in the number of enlisted Army reservists to be called involuntarily to active duty between now and Nov. 10.

The aditional enlisted reservists to be ordered to duty are individuals who are not members of organized reserve corps units. The quota announced yesterday brings to 109,000 the total of such reservists facing a call to duty whether or not they want it.

In addition, the Army has previously announced that 8,432 individual reserve officers of the grade of captain or lower are being ordered to duty. These are officers not assigned in organized units.

RESERVE CALL

The Army buildup also includes an undisclosed number of reserve units smaller than divisions, four National Guard divisions and two National Guard regimental combat teams.

In announcing the new call for individual enlisted reservists, the Army said that age limits will be 19 through 35, except for some specialists in the technical and administrative services.

The enlisted reservists will come from both the volunteer and inactive reserve. Priority will be determined by the number of dependents each has and the need for their military skills.

MANY GET ORDERS

Of the 62,000 enlisted reservists covered by a previously announced call, 32,000 already have received orders.

The total of 77,000 still to be ordered to duty will be called up in four groups, as follows: 31,000 to report for active duty between Sept. 15 and 30; 13,000 to report between Oct. 2 and 15; 29,000 to report between Oct. 10 and 25; 4,000 to report between Nov. 1 and 10.

The last group will consist of reservists who have had less than one year of active duty. They will be drawn from throughout the nation.

Mexico City Storm

MEXICO CITY, Aug. 25, (AP) — A 40-minute wind and hailstorm smashed neon signs, toppled in smokestacks, knocked out telephones for an hour and blanketed the city with white yesterday.

Nehru Accepts Rice

NEW DELHI, India, Aug. 25. (AP) —Prime Minister Nehru accepted today from Pakistan an offer of 375 tons of rice for the relief of earthquake victims in Assam.

Girl Shot Here Accidentally

A 16-year-old girl who was accidentally shot in the stomach this morning, was still in surgery at the Snyder Hospital at one o'clock this afternoon as doctors were trying to determine the extent of the injury.

Ruth Gilliam, daughter of Mr. and Mrs. B. H. Gilliam, Thirteenth and Avenue Q, is suffering from a bullet wound which entered the lower chest region and lodged in the right hip.

The accident occurred while Miss Gilliam was unloading a .22 caliber rifle in her home at about 1 lo'clock this morning. Her parents were shopping at the time and she was not discovered until around 12 o'clock lying across a bed on which she had fallen.

Appeal Court Lets Bridges Out Of Prison

SAN FRANCISCO, Aug. 25. (AP)—Harry Bridges, in jail since Aug. 5, was freed today on bail.

Federal Judge Michael J. Roche, acting on a U. S. Circuit Court mandate yesterday, signed the papers while making the CIO longshore union president a free man again, while he appeals his conviction of perjury.

Twenty days ago Federal Judge George B. Harris ruled that Bridges' $25,000 bail should be revoked on the government's representation that he was a "menace" to the security of the nation.

The circuit court yesterday said the order to jail Bridges was improper.

The Australian-born Bridges was convicted in April of swearing falsely, when he got his citizenship papers in 1945, that he was not a Communist.

Three weeks ago, U. S. Prosecutor F. Joseph Donohue demanded that Bridges' bond be revoked and he be jailed as "a threat to the security of the United States." Federal Judge George B. Harris agreed, and sent the union president behind bars.

Donohue argued that Bridges' speeches opposing U. S. intervention in the Korean war followed the Communist line.

The majority opinion described Bridges' jailing as "novel and startling."

"There is no showing," said Judges William Healy and William Orr, "that Bridges has in the present position committed any recognizable crime, or that he has himself counseled or advocated sabotage or sought to foment strikes or the establishment of picket lines on the waterfront."

CONSPIRACY

In dissenting, Judge Clifton Mathews cited Trial Judge Harris' statement that the Communist Party is a conspiracy and members of the party "are parties to that conspiracy."

"The danger here suggested is not a fanciful one," Mathews said. "The ability of Bridges and his International Longshoremen's and Warehousemen's Union to paralyze Pacific Coast shipping has been demonstrated more than once."

Informed in Washington of the appeals court's ruling, Donohue declared he would resign this morning. He added: "God help America!"

A Department of Justice spokesman said another hearing probably will be sought and the case eventually carried to the U. S. Supreme Court.

Boy Pierced By Drill Improved

BRIDGEPORT, Conn., Aug. 25. (AP) — Four-and-a-half-year-old Joseph Korczynski, Jr., was reported holding his own in Danbury hospital today as state police here attempted to tie together bits of information in what they have described as one of the most bizarre crimes in criminal history.

A spokesman at the hospital said the child still was in critical condition and severe pain from two small holes bored into his chest cavity with a 3-16ths inch drill. They charge the boy's father, Joseph Korczynski with having plunged the drill into his son's body.

The father was captured on the grounds of the Holy Ghost Father's Novitiate at nearby Ridgefield shortly after the police discovered Joie still pinned to the bed of a drill press, the drill still in his body, Wednesday.

The father was committed to the Fairfield State Hospital yesterday after he went berserk in a cell at the Fairfield County jail here.

South Koreans Holding On Main Road

Airmen Covering The Entire Area With Bombs and Rockets

By RUSSELL BRINES
(Associated Press Staff)

TOKYO Saturday, Aug. 26. (AP)—A major battle over a new road to Taegu city broke out Friday in the Korean central warfront mountains.

It was being fought between allied South Koreans and some invading Reds 12 to 25 miles north and east of Taegu.

Counter-attacking South Koreans regained ground they lost Friday morning. The first blows had been dealt by a forward force of 6,000 troops and tanks, prodding before a 20,000-man Red force.

It was the Communists' fifth try of the week to open a road down from the mountains to the largest city left in the allied southeastern corner of Korea.

Gen. MacArthur's Korean release early Saturday reported South Koreans north of Taegu were continuing to back away at Red infiltrating troops. The summary said about 150 of the enemy had been driven into a walled city nine miles north of Taegu. The city was not identified by name.

The release also told of a large concentration of enemy troops, equipment and vehicles near Hajong on the north-central front.

It said United Nations forces along the northwest Naktong River area Friday beat off enemy patrol operations of unknown strength, inflicting casualties on the Reds.

"Except for patrol action and artillery firing on targets of opportunity by our forces, the remaining sectors of the front remain quiet," the statement said.

HOLD REDS

An allied spokesman said late Friday the South Korean Sixth Division was holding back Reds who drove southward toward Yongchon from positions east of the Kumwha. The Reds turned to this route from the "bowling alley" corridor where they failed four times in five days to crash through—at a cost of 3,500 men. Kumwha is 12 miles north of Taegu.

Yongchon is linked to Teagu by a major road. The battleline was astride a main highway and railroad running from Uisoong to Yongchon. The road passes through flat country good for tank fighting, south of the mountains.

BOMBERS IN ACTION

All through Friday, the 62nd day of a war that has already claimed more than 100,000 lives, allied bombers and fighters beat at the 10 divisions the North Koreans have around the whole 120-mile battle perimeter.

From the east coast to Taegu and south to coastal Chinju allied planes bombed, strafed and rocketed the Red troops. Fire bombs were heaped on supplies behind the lines and on installations and airfields.

The main fighting raged east of the blood-soaked "Bowling Alley" corridor near Kumwha. The bloodiest combat was around Chongno, 25 miles north of Taegu and seven miles east of Kunwi, spreading the combatants over a blazing 12-mile front.

On the sea of Japan coast 25 miles east of this battle, North Koreans stabbed down from Yongdok and shoved back a South Korean regiment before Kigye, nine miles northwest of Pohang port. The South Koreans dropped back a mile and a half before a tank-led smash by the Reds.

TWIN DRIVE

The east coastal battle was touched off by a twin South Korean attack to the north from Kigye and the coastal Hunghae area immediately north of Pohang. Two South Korean divisions—the Capitol and Third—jumped off in the offensive.

On the extreme southern front between Chinju and Masan port, 27 air miles west of Pusan, the No. 1 allied port, two Red divisions appeared to have built up for a sweep to the east.

American artillery and mortar fire stalled an estimated 300 Reds in front of the U. S. 25th Division's 35th Regiment, battling in the hills west of Masan.

The Weather

WEST TEXAS: Fair this afternoon, tonight and Saturday. Not much change in temperature.

EAST TEXAS: Generally fair this afternoon, tonight and Saturday except a few scattered showers along the lower coast. Not much change in temperature. Moderate southeast winds on the coast.

Tigers Assured Lead Through Two-Game Series In Boston

By JOE REICHLER
(Associated Press Sports Writer)

Are the Detroit Tigers leaping out of the frying pan into the fire?

Having escaped the "kill" with a comeback to salvage the last game of a near-disastrous three-game series with the Yankees in New York, the Tigers moved cautiously today into the lair of Boston's 10-in-a-row Red Sox.

Manager Red Rolfe entrusted the task of halting the Sox to Paul (Dizzy) Trout, currently the hottest pitcher on the Tiger staff. Southpaw Mel Parnell, always a tough pitcher for Detroit to beat, was named by Manager Steve O'Neill.

STILL ON TOP

No matter what happens in the two-game series the Tigers are assured of leaving Boston still in first place. They made certain of that yesterday when they overcame a 3-0 deficit to conquer the Yankees, 6-3.

Had they lost yesterday, the Tigers would have seen their once comfortable lead shrivel to a half-game advantage. As it is, the Bengals own a two and a half game lead over the Yankees and Cleveland Indians.

The Indians swept a two-night doubleheader from the Senators in Washington, 3-1 and 5-3, to climb into a virtual second place tie. The fourth place Red Sox won their 10th straight, defeating the St. Louis Browns, 6-2. They trail the pacemakers by four and a half games.

Thus far, the Tigers have not found Boston as tough as usual. They've already whipped the Red Sox 11 times in 18 meetings.

SOX RALLY

It was Hal Newhouser who got the Tigers off the hook yesterday. He scattered four hits after the third inning to register his 11th victory, his first since July 17.

A crowd of 44,078 saw the Tigers send Tommy Byrne to cover during a winning two-run rally in the seventh. Rolfe's pennant hopefuls had started the Yankee lefthander on the road in the sixth with a brace of runs. A two-run single by George Kell off Relief Pitcher Joe Page produced the tying and winning runs in the seventh.

The Red Sox came from behind with a ninth-inning rally to beat St. Louis. A grand slam homer by Vern Stephens with two out did it. Early Wynn won his 15th and Bob Lemon his 19th as the Indians picked up another half game on the Tigers. Larry Doby's 20th homer broke a 1-1 tie in the opener.

DODGERS WIN PAIR

Brooklyn's streaking Dodgers chewed a half game off Philadelphia's big National League lead by sweeping a pair at Cincinnati, 1-0, 7-3. Preacher Roe pitched his second successive 1-0 shutout in topping Ewell Blackwell in the opener. It was Roe's 17th victory.

The victories were the seventh and eighth straight for the Dodgers who now trail the Phils by five games. Blackwell's pass to Peewee Reese in the fifth inning with the bases loaded furnished the Brooks with the lone run.

Emory (Bubba) Church pitched the Phils to a 4-2 triumph over the Pirates in Piffsburgh. The rookie righthander scattered five hits for his sixth win.

CARDS OUSTED

Clint Hartung's pinch-hit double drove in two runs in the top of the ninth to give Dave Koslo and the New York Giants a 3-2 victory over Max Lanier and the Cards in St. Louis. The victory boosted the Giants to within one game of the fourth-place Cards.

Boston's third-place Braves split two games with the Cubs in Chicago. The Braves won the opener, 11-9, as each team tallied six runs in the ninth. The Cubs lost despite four homers, two by Hank Sauer. Frank Hiller bested Mickey Haefner in a second game hurling duel, 4-3. Sauer smacked two doubles, scoring once and driving in another. It was Hiller's sixth straight and 10th victory of the year against two losses.

Sokolowski Is RookieOfYear

ABILENE, Aug. 25. (AP) — Husky Al Sokolowski, 21-year-old fireballer with the Odessa Oilers, is the Longhorn League's 1950 rookie of the year.

The polish youngster from Baltimore was the first choice of the circuit's managers and member city sports writers in a poll conducted by the league.

In the preferential balloting, based on eight points for first place, seven for second and so on, Sokolowski had 82 points.

Jimmy King, brilliant Vernon outfielder, was next with 65 points. Next were Fred Haller, Sweetwater shortstop, with 57 points; Red Bell Ballinger, 52, and Tex Stephenson, Midland, 46.

Sokolowski has won 16 and lost 8 for the league leading Oilers and has been one of the mainstays of the Odessa pitching staff. He got off to an auspicious start in organized ball by whipping the Oklahoma City Indians of the Texas League in one of his first exhibition appearances.

The president's trophy for the top rookie will be awarded to Sokolowski by League Prexy Hal Sayles on Sept. 9.

Runner-up King is an 18-year-old lad from Elkins, Ark. He had played semi-pro ball under Jittery Joe Berry and came to Vernon when the latter was named manager of the club. King was sold for $5,000 to the St. Louis Cards in mid-season and is slated to report to one of the National League club's farm teams next spring.

Houston Lad Stars In Little League Series

WILLIAMSPORT, Pa., Aug. 25. (AP) — A 12-year-old Houston, Texas, lad today grabbed the spotlight in the Little League World Series here by pitching his second no-hit, no-run game in a row.

In registering a 3-0 near-perfect victory over Westerly, R. I., yesterday, sandy-haired Bill Martin struck out 14 batters, allowing only one man to reach first base on a walk.

The chunky little righthander blanked San Diego, Calif., last Friday at Austin, Tex., in the Texas-California regional playoffs.

Martin's mound feat enabled his mates to make the series semifinals. They face Kanakee, Ill., today. In the other semifinal seto, Bridgeport, Conn., plays Hagers-
Spts— TEETH FOUND 1-14
town, Md.

Texarkana Cinches League Championship

(Associated Press Staff)

Texarkana last night beat Austin, 7-0, to stretch its Big State League lead to eleven games. That means the Bears can clinch the Big State League pennant if they win a couple of more ball games.

The Class B circuit closes Sept. 4. But there are a few scheduled and non scheduled doubleheaders to be played before it officially quits.

Waco dusted off Temple, 7-5, Wichita Falls racked up Greenville, 9-1, and Sherman-Denison split with Gainesville in other games. The Twins won the first, 8-1, Gainesville the second, 6-2.

Texarkana bunched five hits and three walks for five runs in the first inning and coasted behind the five hit pitching of Johnny Herr.

Sid Peterson held Greenville to six hits as his Wichita Falls mates won ther third straight from the Majors.

John Powers hit his 36th home run for Waco and Jim Basso got his 200th hit of the season for Temple. Finney claimed the umpires tossed out Waco's John Moore, but that he later set on the bench and did some bull pen catching.

Red Dial held Gainesville to three hits as Sherman-Denison easily won the opener, and Jack Venable pitched three hit ball for Gainesville in the second tilt.

Plan Hall Of Fame

BEAUMONT, Aug. 25. (AP) — Louisiana sports writers are planning a hall of fame for athletic greats of their state. It will be modeled after a hall of fame recently planned by the Texas Sports Writers Association.

Six players have won the U. S. Open championship in their first attempt—Horace Rawlins, Jim Foulis, Joe Lloyd, Willie Smith, Harry Vardon and Francis Ouimet.

Big Spring Grabs A Solid Seat On Third

(Associated Press Staff)

Big Spring used a 13-2 victory over Ballinger last night to get a little elbow room around third place in the Longhorn League.

The Broncs in third by one percentage point yesterday, had a full game lead over Vernon today. The Dusters got beat, 3-0, by Odessa last night.

Fourteen hits and seven Ballinger errors helped Big Spring to the easy win, while two Vernon errors started Odessa's scoring. Al Sokolowski limited Vernon to four hits.

Three Midland errors followed Steve Follete's single and as a result San Angelo scored two runs in the tenth inning and took a 9-8 win from Midland.

Roswell had less trouble, scoring eight runs the first Inning, going on for an easy, 12-1, victory over Sweetwater.

Texas All-Star Squad Favored Over Oklahoma

WICHITA FALLS, Aug. 25. (AP)— Texas' squad of schoolboy all-stars is favored to hand Oklahoma its sixth straight licking tonight in the annual Shrine Oil Bowl football game.

Oklahoma's chances were hurt when fleet Jack van Pool, Oklahoma City Capitol Hill quarterback, was hurt.

The Oklahoma squad is coached by John Miskovsky of Oklahoma City and Tex Bartlett of Wynnewood.

Johnny Kitchen of Austin and Hunter Kirkpatrick of Wichita Falls are coaching the Texans.

Both teams will use the T formation. A crowd of 18,000 is expected.

Church Softball Goes Into Second Round

WACO, Aug. 25. (AP) — The state church softball tournament moves into its second round today.

Heights Baptist of Dallas yesterday defeated poly Methodist of Fort Worth, 6-3, Queen Street Baptist (Tyler) defeated Salvation Army of Corpus Christi, 9-5; Guadalupe Church of Austin downed North Dallas, 4-2, and Jacinto City beat St. Paul of Tyler, 4-1.

Shirley May Leaves Home To Live With Swimming Trainer

DIGHTON, Mass., Aug. 25. (AP)— Unsuccessful channel swimmer Shirley May France has quit the family home after what she described as "a personality conflict" with her father.

And, she says, she does not intend to return.

The husky 18-year-old girl has taken up residence with her coach, Harry Boudakian, and his wife. She said they are her "best friends."

WALKS OUT

Her father, J. Walter France, said she walked out with the parting farewell: "Goodbye, Mr. France. Have a good time with your neighbors."

Newsmen reached the young woman at the Boudakian home last night—24 hours after she disappeared from her Somerset home.

Shirley May said she decided to break with her family after "an argument with my father over plans for the future—all he was interested in was money."

She said her father wanted her to make a personal tour while she is anxious to return to Somerset High School to enter her junior year. Boudakian is athletic coach at the school.

SHOWS RESENTMENT

"As far as her mother and I are concerned she can stay away for ever," France said. "We did the very best we could for her."

France said his daughter showed her first "resentment" while training in England this summer for her second channel attempt. Her attitude, he said caused him to return home ill.

"I was just excess baggage," he said. "She ignored me completely and didn't want me around. She said she would not train if I came near the boat."

He said his daughter had been "influenced by the wrong people" and "apparently resented my rigid authority which I felt necessary for her welfare."

IGNORES MOTHER

The trouble reached a climax when the girl arrived in New York from Europe Tuesday, France added.

"Mrs. France met her at the dock, but Shirley absolutely ignored her mother. . .Mrs. France insisted that Shirley come home for the reception and party that had been planned for her."

The girl did return—but in the company of friends—and was greeted by about 10,000 persons at the reception. Directly afterward she went to the family home, picked up a few personal effects, and left with the Boudakians.

Fort Wayne To Defend Title Again Tonight

WICHITA, Kan.; Aug. 25. (AP) — The Fort Wayne, Ind., Capeharts, who passed their first test in championship fashion, will make their second start in defense of their national semi-pro baseball title tonight.

Fort Wayne will meet the Huntsville, Ala., Boosters in a second round game tonight.

The Capeharts last night blasted the Roxboro, N. C., Blues, 16-5.

The St. Joseph, Mich., Auscos, 1946 titlists, had plenty of trouble getting by their first game, beating the Sinton, Tex., Plymouth Oilers, 8-7, on Joe Bestudik's homer in the fifth inning with one on. Vernon Kennedy, former American League pitcher, went the distance for St. Joseph, although hit freely.

The Weiser, Idaho, prospectors won their first round game over the Arkansas City, Kan., Packers, 7-2.

Teeth Found on Hat

SOUTHAMPTON, England, Aug. 25. (AP) — Soccer Fan Leonard Scargg cheered the home team so energetically his false teeth shot out. They were returned to him 24 hours later. Another spectator found them on the brim of his hat after he had walked home.

Gussy'll Wear Or Won't Wear

NEW YORK, Aug. 25. (AP)—Gussy Moran is going to show a dazzling wardrobe and a lot more of Gussy while earning her $75,000 on the new professional tennis tour.

That's what the girl said.

"As an amateur I had to be restrained because some of those tennis groups can be a bit stiff-necked," declared the curvaceous, green-eyed stunner of the courts. "Now I'm my own boss and I can wear anything I want."

Hold those corpuscles, boys, because Gussy says you ain't seen nothing yet.

"I'll wear a lot of flimsy little things," she added. "Leopard skin, ballerina skirts and, oh yes, of course, some of that famous lace.

NOT CONSERVATIVE

"I intend to wear—or not wear—what does the most for my figure and I promise you it won't be conservative."

The well-arranged lass from Santa Monica, Calif., said her designer will dream up something "absolutely breathless" for her pro debut in Madison Square Garden early in November.

Gussy held court for the press and radio people yesterday at a prominent midtown saloon, signing her juicy contract with net tycoon Bobby Riggs two dozen times while cameras ground and flash-bulbs popped.

She wore a green linen dress with a neckline which didn't just dip but plunged. The dress took another steep dive down the back.

Photographers demanded better shots of the famous legs that have filled stadia from Wimbledon to Cairo and from Bombay to Forest Hills. Gussy complied.

"Do I ever get tired of the emphasis on my glamor and the complete disregard of my tennis:" she said. "Not at all. I am flattered. I love it.

"I like to play good tennis, but I would rather look good playing it."

Pitcher Bob Beran Is Sold To Gainesville

GALVESTON, Aug. 25. (AP) — Robert F. (Bob) Beran, 19-year-old right-hander, has been sold by the Galveston White Caps of the Gulf Coast League to Gainesville of the Big State League.

Beran will report for the Gainesville spring training session in 1951. With Galveston he has won 13 games and lost 17. In a game against Jacksonville he fanned 18 and allowed only one hit.

Boat Finals In Paris

PARIS, Aug. 25. (AP) — Paris will be the site of the Central Region finals of the American Power Boat Association. The races Sept. 3 at Lake Crook will qualify outboard racers for the National finals in Dallas later in September.

Howard Well

(Continued from Page 1)

The tool was open four hours. Recovery was 9,486 feet of oil and 270 feet of salt water. The wildcat had previously tested at 9,961-85 feet for four hours and 14 minutes.

That section flowed a total of 138.7 barrels of oil during that period. In addition 2.4 barrels of basic sediment of mud and 5.8 barrels of water also were recovered.

Other tests had been at 9,948-61 feet and at 9,919-58 feet. Some oil and some water was developed from both those investigations.

CORING DEEPER

Gulf Oil Corp. No. 1-E-B George W. Glass, Southwest Martin County wildcat, 12 miles north of Midland, and 18 miles west of Stanton has entered the Ellenburger, and is coring ahead in that horizon.

The prospector called top of the Ellenburger from samples to be at 12,770 feet. That gives it a datum of minus 9,885 feet.

The samples from 12,770 feet down to 12,802 feet, where coring was started did not show any indications of production.

No official correlations between the top of the Ellenburger in this wildcat and any others in the adjacent regions which have penetrated the Ellenburger have been reported.

All the other deep wildcats in the region have been so far away from the Gulf venture that any correlating would be of little value or significance.

Operator will test the Ellenburger in the No. 1-E-B Glass after a little more of the section has been cut.

This exploration is 1,980 feet from north and east lines of section 13, block 39, T&P survey, T-1-N. It had some slight shows of possible production in the Spraberry sand of the Permian and also in the Pennsylvanian lime.

5-000-FOOT WILDCAT

Forest Oil Corp. is to start operations at once at its No. 1 H. R. Henderson, which is to be a 5,000-foot wildcat to explore the middle Permian lime in Northwest Crane County.

It will be 330 feet from south and east lines of section 17, block B-22, psl survey. That makes it about three miles northwest of the Car-B San Andres field, and approximately four miles southeast of the Jordan 4,500 field, which produces from the Holt middle of the middle Permian.

IN ECTOR COUNTY

Anderson-Prichard Oil Corp. and Stanolind Oil & Gas Co. No. 1-31 Fasken is to be a 5,000-foot wildcat to test to the Grayburg lime of the upper Permian in Northeast Ector County.

Location is 660 feet from north and 1,980 feet from west lines of section 31, block 42, G&MMB&A survey, T-1-N.

That makes it about five miles south of the nearest production from the Grayburg in the Midland Farms field.

This prospector is the second of eight wildcats which Anderson-Prichard and Stanolind have contracted to drill on the Midland Farms leases in Southeast Andrews and in Northeast Ector County by April 1, 1951.

Those operators No. 1-H-15 Fasken, in Andrews County, four and one-half miles northeast of the Midland Farms field, had reached 4,400 feet and was making more hole.

It is due to be in the expected pay by the end of the week. It is located 1,980 feet from south and west lines of section 15, block 41, G&MMB&A survey, T-2-N.

ELLENBURGER VENTURE

Blackwood & Nichols of Oklahoma City has staked an Ellenburger wildcat in extreme Central-North Reagan County, one and one-fourth miles south of the Glasscock County line.

The proposed venture is the No. 1 O. Daniel, located 660 feet from south and west lines of section 40, block 35, T-5-S, T&P survey. The drillsite is 15 miles southwest of Garden City, which is across the line in Glassock County.

Projected depth is 12,000 feet.

The venture is being drilled as a farmout from Republic Natural Gas Co. and Seaboard Oil Co. of Delaware.

Acreage included in the farmout agreement lies in both Reagan and Glasscock Counties. The spread includes: northeast quarter of southwest quarter of sections 21, 29, 31, 32, 33, 39, 40, 42, 43, 44, 45, and 46 east half of northeast quarter and east half of quarter of section 41, and northeast quarter of section 28, all in block 35, T-5-S, T&P survey; west half of southeast quarter of section 48, and northeast quarter of southwest quarter of section 37, block 36, T-5-S, T&P survey; northeast quarter of southwest quarter of section 10, block A, L&SV survey, and northeast quarter of southwest quarter of section 1, block B, L&SV survey.

IN KELLEY-SNYDER

Locations for two new explorations in Scurry County have been reported for immediate drilling. One of them is in the Kelley-Snyder field and is to explore the Canyon reef. The other is in the Diamond M area and is projected to the Clear Fork lime of the lower Permian.

Standard Oil Co. of Texas No. 3 E. B. Keller is the Kelley-Snyder development. It is located six miles northwest of Snyder.

The location is 467 feet from east and 1,667 feet from south lines of section 340, block 97, H&TC survey. It is to test to 7,000 feet.

Sells Petroleum, Inc., is to drill the Diamond M-Clear Fork project. It is 11 miles southwest of Snyder and 999 feet from north and 330 feet from west lines of section 178, block 97, H&TC survey. Slated depth is 3,400 feet.

Giant Reptile Capture a Hoax

WEWOKA, Okla., Aug. 25. (AP) — Seminole County Atty. Jack Scott said today the 26-foot snake reported captured here last night was actually purchased for $450 from a Maryland firm and brought here for exhibition.

Scott said G. W. Hall, Tonkawa, Okla., zoo keeper and animal trapper, made a statement to him, Sheriff John Sandlen and Police Chief Bill Nicholson that he wanted to capitalize on rumors in this area that a huge snake was loose.

Hall exhibited a snake today that weighed 250 pounds and measured 7 1-2 inches in diameter and 26 feet long. He said it was captured in a snare last night in Wild Horse Canyon six miles north of here after a two-hour struggle.

Four Lane Section Is Planned On Highway 81

AUSTIN, Aug. 25. (AP)—The State Highway commission plans immediate construction of a new four-lane section on war-important U. S. Highway 81 between Temple and Belton.

The commission yesterday called on Bell County officials to clear right-of-way obstructions immediately for the new facility.

The early construction was urged by the Department of the Army as a part of proper maintenance of U. S. Highway 81 between San Antonio and Fort Worth as an important wartime artery, the commission said.

Cotton Market

NEW YORK, Aug. 25. (AP) — Noon cotton prices were 5 cents to $1.00 a bale higher than the previous close. Oct. 38.15, Dec 38.25, and March 38.45.

Stock Market

NEW YORK, Aug. 25. (AP) — Stock prices thudded lower all along the line today.

Losses piled up to around $2 a share for key issues before the market showed signs of having touched botton.

Heavy trading accompanied the decline.

Today's selling was credited to two factors. First, uneasiness over the fact that President Truman has not yet announced his plans to avert a rail strike scheduled for Monday.

Second, concern over news that Communist China had called on the United Nations to order withdrawal of the U. S. Seventh Fleet from its protective patrol of Formosa.

Live Stock Market

FORT WORTH, Aug. 26. (AP) — Cattle 500; calves 350; cattle steady; calves slow and weak; medium to good beef steers and heifers 23.50-28.00; common and medium beef cows 20.00-21.50; canners and cutters 14.00-20.00; sausage bulls 19.00-24.50; good slaughter calves 26.00-27.50; common and medium calves 20.00-25.00; culls 20.00 down.

Hogs 250; butchers steady to 25 cents lower; sows and pigs unchanged; good and choice 190-270 lb. butchers 24.50; sows 18.00-21.50; feeder pigs 20.00 down.

Sheep 50; nominally steady.

CRUCIAL TEST

Petroleum yielding ability of the North-Central Midland County wildcat, Forest Oil Corp., Houston Oil Co. of Texas, Robert S. Brennand, Jr., and James A. Patman No. 1 Crespi is due to be definitely determined within the next few days.

That project is now making pumping tests. In the latest preiod of pumping the well made 15 barrels of oil and 42.5 barrels of water in nine hours.

That nine hours was the last part of a 25 hour pumping test. It was made after the wildcat had been shutin for seven days while the pumping equipment was being installed.

Total recovery during the full 25 hours was 161.5 barrels of water and 20 barrels of oil. At the end of the 25 hours the well pumped down and was shutin over night Pumping was resumed early Thursday morning. At last report no information had been received regarding the fluid recovered during Thursday morning.

This well is producing from open hole between 7,375 feet where the 5 ½-inch casing is cemented and the plugged back bottom at 7,630 feet, naturally.

Some of the 161.5 barrels of water and 20 barrels of oil which was pumped out of No. 1 Crespi during the 25 hour period was possible fluid which had accumulated in the hole during the seven days the project was shutin.

The fact that two-thirds of the 20 barrels of oil which was pumped out of this prospector during 25 hours, was recovered during the last nine hours of the period indicates to some interested observers that there is a possibility that further pumping will show an increase in oil and a decrease in water.

Only extended pumping will determine the accuracy of those surmises.

Total depth is at 7,750 feet. The section between 7,630 feet and 7,750 feet has been plugged off to try to eliminate water.

The exploration is 660 feet from north and 1,980 feet from west lines of section 17, block 38, T&P survey, T-2-S. It is eight miles southeast of the city of Midland and six miles northwest of the Tex-Hardy field.

The section being tested in the Forest, et al, No. 1 Crespi is the Spraberry sand, the producing formation in the Tex-Harvey field.

Possibility Of Invasion On Formosa Held To Be Unlikely

By ELTON C. FAY

AP Military affairs reporter

WASHINGTON, Aug. 25. — The odds seem to be against the Chinese Communists carrying out now their threat to "liberate" Nationalst-controlled Formosa in an amphibious invasion gamble.

In some quarters here today there was inclination to look upon the outcry of Radio Peiping and Communist Foreign Minister Chou En-lai as designed essentially for propaganda purposes.

But the possibility was not entirely discounted that an attack might be attempted as part of broad Communist strategy to divert American attention and military strength from Korea.

ANNOUNCE INTENTION

The Peiping radio announced yesterday Red intention to liberate the island, last foothold of Generalissimo Chiang Kai-shek's Nationalist government. Chou later sent to the United Nations Security Council a demand that the UN order withdrawal of all American forces from Formosa.

The State Department responded that this government would welcome UN consideration of the Formosa problem, but felt there should be no diversion from study of the Communist attack on South Korea.

The United States has no forces, as such, based on Formosa. But in the June 27 announcement on American help for South Korea, President Truman directed that the U. S. 7th Fleet "prevent any attack on Formosa." He also called upon Chiang's government to "cease all sea and air operations against the mainland."

MILITARY CHANCE

What about the purely military aspects of a Red invasion attempt?

Good invasion weather is now almost at an end. It is best from May through August. The monsoon season is setting in, with the prevailing wind blowing against the direction sailing junks would use pushing off the mainland for Formosa.

Even more menace, however, is to be found in the danger of typhoons in the weeks and months ahead. Those violent storms could shatter fleets far heavier than the light vessels used by the China Communists.

The naval forces of the United States and its friends in the Korean war now are growing to almost formidable proportions. The American Navy in the Far East now numbers more than 150 craft, including big carriers. Britain sent naval help weeks ago, is sending still more. The strait of Formosa is within easy range of American airpower based on Okinawa. Varying from 90 to 220 miles in width, the strait is easy to patrol.

NO TROOPS

The United States has no plans now to send troops to the defense of Formosa, relying instead on sea and air power.

If by some chance a Chinese Communist invasion force got past the sea-air defense and reached the mainland, officials here believe that Chiang's army (an estimated 250,000 to 400,000) should be able to handle the invaders — if his army fights. Well placed officials rate the prospects that it would fight as much better now than last winter.

Although Communist China has a virtually limitless reservoir of military manpower, it is deficient in shipping for invasion purposes. This factor must determine the force that could be landed.

When the allies in World War II were considering wresting Formosa from Japanese control, their plans involved use of at least 12 divisions of troops. It takes a huge amount of shipping to move more than 200,000 men, their arms and equipment.

The topography of Formosa favors defense. The island has a mountain, "backbone" running its length with peaks as high as 14,000 feet.

Former Resident Of Scurry County Dies

Word was received here today of the death in Dallas this morning of John G. Davis of Dimmitt, Tex., about 65 years old, a former Scurry County resident.

Mr. Davis, who lived for a quarter of a century on a farm three miles west of Snyder, was found dead this morning in Dallas. He had been in poor health about five years.

He leaves his wife, Mrs. Mary Davis, Dimmitt; a brother, Tom C. Davis, 707 Twenty-sixth Street; two daughters, Mrs. Janie Smith and Mrs. Ina Richardson, both of Big Spring; and a son, J. G. Davis of Dimmitt.

No funeral arrangements had been made at noon.

New Food Store Opens At Thirtieth and Ave. F

Snyder's newest food store, the White Way Grocery & Market, opened today at 600 Thirtieth Street, at the corner of Avenue F, under the management of its owner, W. M. (Jack) Anderson.

Specializing in high grade produce, which will be brought to Snyder daily in the firm's own trucks, the new business will occupy a recently completed 40 by 75-foot building which faces north and has a brick front.

"Our store will make free deliveries anywhere in Snyder, regardless of the size of order," Anderson said.

Anderson is originally from Dallas but comes to Snyder from Clarksville, where he has been in the cattle business. In Dallas, Anderson was in the produce business.

Johnson Asks Draft Of Physicians Up To Age of 45 Years

WASHINGTON, Aug. 25. (AP)—Secretary of Defense Johnson today asked Congress to permit a draft of doctors and dentists up to and including age 45 for the armed services.

The request was made in a letter to Chairman Vinson (D-Ga) of the House Armed Services Committee. Johnson enclosed a bill drawn up by the defense department. Vinson introduced it in the House and said his committee would begin hearings Monday.

Under the measure, the drafting would be in this order:

First, those who during the last war were students in the Army specialized training program, or a similar Navy program, and who had less than 90 days of active duty with the armed forces. These men were largely educated at government expense.

SECOND GROUP

Second, those educated under the Army-Navy programs, and who served more than 90 days but less than 21 months.

Third, physicians and dentists who did not have any active service after Sept. 16, 1940.

Fourth, those who served the least number of full months in the armed forces during the last war.

Johnson wrote Vinson that so far volunteer entry of physicians and dentists into the military services has been small.

RESERVE GROUP

He said that unless a way can be found to bring in men with little or no past military service, it may be necessary in the next few months to make "substantial calls" on the 29,000 medical men in the "reserve pool."

Sul Ross Graduates

ALPINE, Aug. 25. (AP) — Sul Ross State College yesterday graduated its largest class in history—205 students.

Coach Bill Keffrev's Penn State soccer team is unbeaten in its last 15 games.

SHE'LL NEVER GRADUATE

This little girl is a "beginner." She has just entered the SCHOOL that will teach her HOW TO LIVE.

She'll never graduate! No one ever does! For religious education is different from secular education. It has to fit its pupils for *living every day the very best way*. In such a course, there just isn't any point at which the pupil can be sure he has enough "learning" to put away his books.

Therefore the Church Schools of our community provide classes for all ages. Every Sunday, while tiny tots are listening to Bible stories, grown-ups are studying the practical application of Bible truths in life.

Religious education should be a family activity. Don't just *send* your children to Church School. Come with them.

They need religious education because they must learn how to live. And you need it too, for life's richest possibilities are still ahead of you.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Edward M. Burleson Is Engaged to Miss Brown of Sweetwater

Mr. and Mrs. R. L. Brown of Sweetwater announce the engagement of their daughter, Miss Lamona Brown, to Edward M. Burleson, the son of Mr. and Mrs. J. W. Burleson, 811 Twenty-ninth Street.

The wedding will take place at the home of the bride's parents at 4 o'clock Sept. 2. Officiating for the informal ceremony will be the Rev. Frank S. Weir, pastor of the Roscoe Methodist Church.

Miss Brown was graduated from Roscoe High School, attended Draughon's Business College in Lubbock and is now employed by a Lubbock insurance agency.

Mr. Burleson graduated from Snyder High School and is now employed in Lubbock by Frank Wallace, contractor.

The couple plan to live in Lubbock.

PERSONALS

Mrs. Cecil Gilstrat of Big Spring was a visitor in her aunt's home here last week end. She is a niece of Mrs. Worth Sayner, 2907 Avenue T.

Mr. and Mrs. Bob Buchanan from San Antonio were here on business Wednesday. Mr. Buchanan is with the National Supply Co., and they visited in the home of Mr. and Mrs. Roy Turney. Mr. Turney is manager of National Supply offices here.

Mr. and Mrs. J. T. Crawford went to Galveston last week where Mrs. Crawford received medical treatment.

Mr. and Mrs. Gilbert Delgo and daughter from Galveston are here visiting Frank Bayouth and Mr. and Mrs. John Bayouth.

Ronnie Bayouth will return to Snyder next week after spending six weeks in an Bernardina, Calif., where he has visited relotives. He is the son of Mr. and Mrs. John Bayouth, 2300 Thirty-second Street.

A caravan of four cars from Snyde drove to Lamesa Tuesday morning for the tenth birthday celebration of the Womens Society of Christian Service of the First Methodist Church. Participating from Snyder were Mrs. Pat Brown, Mrs. R. L. Gray, Mrs. Lyda Hardy, Mrs. R. E. Gray, Mrs. Ellis McCauley, Mrs. Lous Willsford, Mrs. M. T. Popejoy, Mrs. D. P. Strayhorn, Mrs. H. E. Clark, Jr., Mrs. W. W. Park, Mrs. Bob White, Mrs. Jack Smith, Mrs. H. J. Rhodes, Mrs. Lyman Yoder, Mrs. Frank Rose and Mrs. W. W. Adcock.

Ronnie Miller from Levelland was a Snyder visitor this week. En route to John Tarleton, Stephenville, Tex., Mr. Miller stopped by to visit with his aunt, Mrs. Bob Sides, 314 Twenty-eighth Street.

Mr. and Mrs. Cycilla Caswell and girls of Inadale; Mr. and Mrs. Thelma Pieper and family of Roscoe, and Mrs. Henry Hoepfl of Hermleigh visited last Sunday in the home of Mr. and Mrs. H. R. Seidemberger.

D. R. Price is away in Reanoke, Va., where he was called at the death of his mother. Mr. Price resides at the DeLuxe Trailer Courts.

A new Snyder resident is Hood Parker, who has recently moved here from Big Spring. He will start a grocery business and is buying a home in Highland Park.

Dr. Charles Girod, Snyder Hospital, visited last week with his family in Kansas. His office nurse, Mrs. William Mildner, spent that time visiting with her husband in Abilene.

Leaders in Nazarene Revival

The Rev. Henry Thomas of Levelland, Tex., shown at left above, will be the evangelist at the revival which begins tonight at the Church of the Nazarene. At the right is the Rev. R. L. Dillard, pastor of the church which is located at the corner of Twenty-sixth Street and Avenue M. The revival will continue through Sept. 3. Mrs. Thomas, wife of the Rev. Thomas, will be in charge of the revival music.

Miss Cary Allen And James A. Patrick To Be Married Sept. 4

Announcement has been made by Mr. and Mrs. Ray Allen, 2911 Avenue M, of the engagement of their daughter, Miss Cary Allen, to James Allen Patrick. Mr. Patrick is the son of Earl Patrick, route No. 2, east of Snyder.

The couple will be married at the First Baptist parsonage by the Rev. E. K. Shepherd. The ceremony will be held at 8 o'clock in the morning, Sept. 4.

Attending the bride as the maid of honor will be Miss Barbara Allen. Joe Rylander will attend the bridegraam.

Both Miss Allen and Mr. Patrick attended Snyder High School.

Following a wedding trip into Colorado and California, the couple plan to live at the home east of Snyder, where Mr. Patrick will farm.

Guests Entertained In C. P. Wilson Home

Mr. and Mrs. C. P. Wilson, 2806 Avenue V, are entertaining a number of house guests this week.

They are Mrs. Wilson's sister and family, Mr. and Mrs. George Clovis from St. Marys, W. Va.; her father, J. R. Daugherty from Tyler, Tex.; and friends, Bob Russell from Mineral Wells, Tex., and Mrs. W. E. McCarrier, John McCarrier, and Margaret Ann McCarrier, all of Wichita, Kas.

Both Mr. Daugherty and Mr. Russell are known here, as they have lived in this area. Mr. Russell owns the Russell Machine Shops and does business here frequently.

Bridge-Breakfast Held at Country Club

Bridge was played at the breakfast party Mrs. Worth Sayner and Mrs. Roy Turney gave at the Country Club this morning.

About 50 women breakfasted on bacon and eggs. The hostesses had arranged bouquets of bachelor buttons and California sunflowers as enterpieces for each table in the dining room. Roses decorated the card room, where 11 tables of bridge assembled.

WOMAN'S CALENDAR

FRIDAY

The Snyder Garden Club breakfast, slated for 9:30, is cancelled.

MONDAY

A party honoring Miss Clarice McGlaun at Country Club at 8 o'clock Monday night.

Party at Turney Home Honors Staff Members Entering the Service

Charcoal-broiled steaks were served to about 30 members of National Supply Co. staff Wednesday night at the home of Mr. and Mrs. Roy Turney. Mr. Turney is manager of the company offices here.

Mrs. Turney served her guests outside on the lawn.

The party feted Guy Baber, Jr., Gene Williamson, and others who have been called to the armed services and will leave the company soon.

Guests Join Chez les Amies Bridge Party

Mrs. V. V. McGrew entertained Chez les Amies Club with a bridge party yesterday afternoon.

Members met as usual at the Country Club with four guests joining them.

Mrs. McGrew had invited Mrs. Wayne Boren, Mrs. G. B. Clark, Jr., Mrs. L. J. Martin, and Mrs. Hardy Parks to join the three tables of bridge for the afternoon.

Mrs. Martin is Mrs. McGrew's mother and Mrs. Parks her sister, visiting from El Dorado, Ark.

Man Improves After Fingers Are Severed

Wade Overcash, route No. 3, is reported to be in a good condition today at the Snyder Hospital, where he was taken yesterday for treatment of a hand injury.

An eployee of the E. L. Farmer Trucking Co., he suffered the loss of three fingers from his right hand in an accident in a winch line.

Bride-Elect Is Feted at Late Afternoon Tea

Approximately 50 guests passed through the receiving line at Country Club yesterday afternoon at the bridal tea honoring Miss Mary Frances Echols, bride-elect of Guy Baber, Jr. Miss Echols will be married Sept. 2 at the First Baptist Church.

In the receiving line were Miss Echols; her sister, Miss Edyth Echols; her mother, Mrs. Burton Echols; and her aunts, Mrs. Perry Echols and Mrs. T. A. Echols.

Miss Echols wore a powder blue street length dress and chose pink rosebuds for her shoulder corsage. Her sister wore a navy dotted swiss frock with white corsage. Mrs. Echols' gold suit was complimented by a small corsage of yellow carnations. Mrs. Perry Echols wore black with a large red carnation corsage at her throat, and Mrs. T. A. Echols had a navy frock.

Several friends assisting the hostess, Mrs. Marshall Erwin were Mrs. Bill Line, Mrs. Howard Crenshaw, Mrs. Preston Hunnicutt, Mrs. Billy Wayne Thompson, Mrs. Oleta Ikard, Miss Sammie Williams, and Mrs. Eldon Thompson.

Tea was spread on a buffet table, set in the ballroom. An artfully contrived hearts motif predominated, with a large rose net heart forming a centerpiece in a nest of rose-gilded greenery and baby asters. The bride-to-be's corsage contained rose gilded leaves matching the centerpiece. Small lacy hearts bore the bride and groom's names. Sherbet punch was served with sand tarts and nuts.

The bride-elect's gifts were ranged on long tables at either side of the room.

Miss Polly Harpole played tea music, choosing Tico Tico, La Cumparsita, Il Bacio, Dainty Doll.

Flynn Changes Plans On Marriage Again

NEW YORK, Aug. 25. (AP) — A switch in plans for the marriage of film star Error Flynn and 21-year-old Actress Patrice Wymore will put the ceremony in France instead of Kansas, a Warner Brothers spokesman says.

The spokesman announced yesterday that Miss Waymore plans to fly to France next month for the marriage.

Previously the couple said they would be married in Salina, Kan., Miss Wymore's home town.

The spokesman said the ceremony would be either in Paris or Nice but the exact date has not been set.

Flynn is in France making a motion picture.

Mississippi State's 1950 football team will face three opponents which were not met last year—Arkansas State, Georgia and Kentucky.

Two District Court Cases Are Decided

District Judge A. S. Mauzey, of Sweetwater, rendered a verdict in favor of the defendant yesterday afternoon in the non-jury damage suit of H. F. Proctor vs. the Lubbock Ready-Built House Co.

Represented by Wayland G. Holt, Proctor was asking $1,025 claimed damages resulting from an alleged breach of contract. The house building company sold a house originally built for Proctor to other parties because Proctor had no space available on which to situate the building at the time of its delivery.

The company was represented by Bob Davie, who sought to prove that the company was not under obligation to hold the house in Snyder until space was available for Proctor's acceptance.

In another case completed yesterday afternoon, a jury of 12 men returned a verdict ordering the plaintiff, Emmet L. Stivers, to recover $1,450 from the defendant, B. C. Snow, in the $1,500 damage suit of Stivers vs. Snow and the Texas Auto Detective Bureau.

Snow, an agent of the detective bureau, had repossessed an automobile owned by Stivers March 2. The jury found that Stivers "was not in default of money owed" at the time of the repossession. The jury granted Stivers recovery right of $500 as valuè of the 1941 Hudson automobile and $950 as loss of profit because of the repossession of his car.

Junior Chamber Essay Contest Winner Gets First Prize Money

Patricia Devers, 13-year-old daughter of Mr. and Mrs. J. Lawrence Devers, 2808 Avenue Q, received a check for $20 yesterday as first prize in an essay contest recently sponsored by the Junior Chamber of Commerce.

Patricia wrote what judges decided was the best essay on the importance of cleaning up Snyder and making and keeping the city beautiful and clean.

Three Cases Disposed Of In County Court

A county court jury yesterday found Lemuel Hudson, 46, of Snyder, guilty of possessing liquor for sale in a dry area and assessed his punishment at 60 days in the county jail in addition to a fine of $300.

Hudson was represented in the trial by Fred Chandler, Colorado City attorney, and was prosecuted by Jack Kennedy by appointment of the county attorney, Ben Thorpe.

Hudson has nine other cases pending against him, all based on charges of possessing liquor unlawfully. These will be called for hearing next week, according to Edgar Taylor, county judge, who has announced that all criminal county cases will be brought for docket setting then.

R. J. Harris, 46, of Snyder, pleaded guilty to a charge of driving while intoxicated and was assessed a fine of $123.50, including court cost.

James McClatchy, 41, of the Hub Cafe, west of Snyder, paid a fine of $273.50, including cost, when he pleaded guilty to a charge of possessing 170 cans of beer and two four-fifth quarts of whisky for sale in the county.

Georgetown and Rutgers are newcomers to the 1950 Penn State football schedule.

Guests Accept Invitation To Snyder's Fete

Pat Bullock, state senator from Colorado City, has accepted the invitation to be present at the celebration here Tuesday night of the opeing of the Snyder-Big Spring highway.

Bullock will be one of several dignitaries and more than 100 guests who will come here for the dinner to be held at the Country Club.

Hosts will be individual Snyder residents, who have been asked to purchase tickets for themselves and out-of-town guests.

So far only 50 tickets have been sold, Harold Bennett, manager of the Chamber of Commerce, said yesterday. About 50 Big Spring chamber members are expected to attend with their wives, which means that more than 50 couples from Snyder will be needed to act as hosts to the visitors.

Tickets are on sale at the Chamber of Commerce offices, and at the offices of various members, among them R. A. Schooling, Schooling Motors; G. C. Spence, Forrest Buliders Supply; and Frank Stephenson, Snyder Radiator Service.

Among the dignitaries who will be present is Fred Wemple of Midland, chairman of the State Highway Department. DeWitt C. Greer, state highway engineer, has accepted tentatively, and will attend if his schedule permits him.

CANTALOUPE PLATES

Ingredients: 1½ cups cantaloupe balls, 1 cup fresh or drained canned pineapple cubes; 1 cup pitted halved dark sweet cherries, watercress, fruit juice dressing.

Method: Use a vegetable ball cutter or a half-teaspoon size measuring spoon to make cantaloupe balls; reserve cantaloupe left and dice small to use for a fruit cup at another meal. Arrange cantaloupe, pineapple and cherries on individual salad-size plates and garnish with watercress. Pass fruit juice dressing at serving time. Makes 5 to 6 servings.

Flying Saucer Gives Reading Police Scare

READING, Pa., Aug. 25. (AP) — The telephone jangled at Reading police headquarters.

The desk sergeant picked up the receiver and heard an excited voice tell him: "It's a flying saucer."

The sergeant promptly dispatched a patrol car to the spot. With sirens blaring, the patrol car reached the scene and found the saucer on a lawn.

Beside it sat two youngsters — the saucer's inventors.

"It's a genuine hand-painted, made-in-Reading saucer," John Feick, 15, told the policemen last night.

"Guaranteed not to fly," added Paul Fisher, 14.

They explained they made the weird contraption from these ingredients: The top of a barrel, an insecticide bomb, a bunsen burner, part of a car heater, the reflector from an auto headlight, a section of metal pipe, two pieces of wire, a round box and electric switch.

Frightened residents of the area notwithstanding, the boys told police they plan to build a rocket next.

Rangers Probing Vote In Montgomery County

CONROE, Aug. 25. (AP) — Texas Rangers expect to spend another week investigating reported tampering with absentee ballots in Montgomery County.

Meanwhile, five candidates for county offices have asked to be given lie detector tests by the Department of Public Safety.

County Clerk George Ivy reported the ballot tampering Monday morning, saying he found the ballots disarranged and an office window opened. Rangers Johnny Klevenhagen and Eddie Oliver are investigating.

Trieste Hot Spot If Stalin Directed Blows Fall On Tito

By JAMES M. LONG
(Associated Press Staff)

TRIESTE, Aug. 25. — Ten thousand British and American troops are ready here if communism's next armed blow falls on neighboring Yugoslavia.

Garrisoning this allied guarded free territory on the Yugoslav-Italian border, they are "combat ready" in training and equipment. But they sit on a spot too tight to hold — and backed by an Italian army probably still too weak to help.

TOUGH LITTLE ARMY

Their chief bulwark is the opinion—held by American military observes here and in Rome — that the Yugoslav army would be a tough nut for other Communist states to crack.

Probably no one outside the Kremlin knows if such an invasion blow is scheduled for Yugoslav Marshal Tito's tough little anti-Stalin Communist state.

But if such a Red move should come, most observers think the Anglo-American forces here would be reinforced quickly and ordered into the fight. U. S. action in Korea is an example.

Well-qualified opinion here holds that Tito's troops are equal to or better than anything that any one or two of the surrounding Soviet satellite powers could muster for an attack.

WOULD NEED AID

But hit by them all — Hungary, Romania, Bulgaria, Albania — and by strong Soviet support, Yugoslavia would need help.

This thin strip of allied-guarded free territory is five miles deep and 20 miles long, centered on the port and naval basin of Trieste. It is the base from which that help would have to come.

No one knows what Italy would do. She has no love for Yugoslavia. She probably would help in a fight to keep her own frontiers from being the next to be breached. But her fighting force is limited by her World War II peace treaty to less than Yugoslavia's. Italy is the weakest link in the western wall.

TRIESTE VALUE

Trieste itself would be useful as a base only if a Soviet attack could be checked far short of it. The British-American zones are stretched along the coastal flatland, virtually untenable against attack from the 1,000-foot-high inland plain which looks down from within close artillery range.

The American force here is limited by the peace treaty to 5,000 men and thus cannot now be reinforced. The British element of the Trieste force also is 5,000 strong and limited to that figure.

The U. S. troops are members of the 351st Infantry Regiment, with supporting auxiliary units. Their officers say 30 per cent of the men are combat veterans.

Their commander is Maj. Gen. William M. Hoge, Gen. George Patton's old Fourth Armored Division commander, who led his troops in the Battle of the Bulge, across the Rhine and finally into Czechoslovakia.

Chile's Ex-President Succumbs In Santiago

SANTIAGO, Chile, Aug. 25. (AP)—Three days of national mourning was ordered by the government today in tribute to the late Arturo Alessandri Palma, twice president of Chile.

The 82-year-old Chilean senate president died yesterday after a heart attack.

In addition to mourning lasting through Sunday, all government activities were suspended for five days.

A presidential proclamation said Alessandri's death was "a loss for American democracy which grieves all Chileans who always found in him one of the most valient champions of spiritual and material progress of our fatherland."

The body of the former president, leader in Chilean politics for half a century, was to lie in state in the national congress building today. Funeral services are to be held Sunday in the Santiago cathe-

British Troops Leave Hong Kong For Korea

HONG KONG, Aug. 25. (AP)—Some 1,500 British infantrymen marched aboard the Cruiser Ceylon and the Aircraft Unicorn today, bound for the Korean front.

Troops of the Middlesex and Argyll and Sutherland Regiments made up the contingent, which will join the United Nations land forces.

A band of Argyll pipers skirled as the battle-clad troops lugged their rifles and sten guns aboard the vessels.

The warships probably will sail tonight. Whether they are going direct to Korea is a military secret.

Under normal cruising conditions the 1,500-mile trip would take about three days.

The British have announced they will send a total of approximately 5,000 troops to take part in the Korean conflict.

Skunks Tryout For TV Show In Hollywood

HOLLYWOOD, Aug. 25. (AP) — Eighty nine skunks have applied for one acting job at a television station here.

Station KTTV ran a newspaper advertisement for one week, saying it wished a trained civet for its Jack Rourke show, which winds up the station's day at 11:25 o'clock at night.

"We are deluged," says John Berba at KTTV. "Fortunately, all the applicants are deodorized. We hope to get a talented polecat out of the lot, but we haven't reached a decision yet."

Chest X-Rays End; Chapter Is Likely Here

A total of 3,144 persons were X-rayed before the mass tuberculosis survey came to a close yesterday afternoon.

The week of free X-rays given in the courthouse basement were provided by a mobile unit from the state health department.

Dr. Fred Dinkler, director of the city-county health unit, commented that the response was fairly good, considering this was the first such survey ever made here. He also expressed appreciation for the efforts of volunteer workers who contributed to the success of the survey.

The suvey, sponsored by the county council of the Parent-Teachers Association, was brought to Snyder by the Texas Tuberculosos Association, which operates with the state health department, and was directed by the city county health unit.

Pleased with the extraordinary interest shown by many of Snyders people in fighting the disease, Dr. Dinkler said a permenent tuberculosis association here was very likely.

Such an association was outlined in a letter to Dr. Dinkler from the Texas Tuberculosis Association, an affiliate of the national association, in which the procedure for organizing was outlined.

First, a field worker of the state association will visit the county, describing to the community leaders and other interested persons the functions and benefits of such an organiaztion.

A committee is then appointed to arrange a meeting to discuss the organization of the association and to invite representatives of various sections of the county. This group decides at their meeting whether they want to organize, and if so, the temporary chairman may appoint a nominating committee from those present to draw up a slate of officers and directors.

Fight on Excess Profits May Delay Passage of New Tax Bill

By FRANCIS M. LeMAY

WASHINGTON, Aug. 25. (AP) — A fierce Senate battle over a move to attach an excess profits levy on corporations — with the outcome in doubt — threatened indefinite delay today for a $4,508,000,000 tax-boosting bill.

Sen. George (D-Ga) said he would take the big bill — asked by President Truman to help pay for increased military spending—back to the finance committee which he heads if the profits levy is pinned on.

LONG HEARINGS

If that is done, George said, his committee will hold hearings which might last four months. That, obviously, would rule out any tax increase this year.

The issue exploded as Sens. Connally (D-Tex) and O'Mahoney (D-Wyo) yesterday offered an amendment, calling for an 85 per cent levy effective last July 1 on business profits that exceed what they define as normal. They estimated it would yield about $4 million a year.

"Politically, if we are going to control prices and wages," Connally said, "we must control profits."

But George warned that pinning the excess profits tax to the bill might prevent any final tax action this year.

If the administration wants a tax bill now, George declared, "it seems they would stop this crowd" from pressing the excess profits levy. He said that to enact such a levy on profits, without mature study, "might throw a monkey wrench into the economy."

CIO BLAST

Meanwhile, the CIO bitterly assailed the tax-boosting bill drawn by the finance committee as a boon to wealthy taxpayers. It too, demanded that Congress add the excess profits levy.

Philip Murray, CIO president, said in a letter to George:

"This is one of the most brazen examples of special interest legislation to come before Congress in many years. It contains no provision for taxing the excess profits of corporations, although it raises personal income tax rates to their wartime levels . . . "It contains more escape hatches (loopholes) for wealthy taxpayers than have ever been proposed in revenue legislation."

Munday Woman Head Of Home Demonstration

BIG SPRING, Aug. 25. (AP) — Mrs. R. M. Almanrode of Munday is new president of the Texas Home Demonstration Association.

She was elected yesterday. Other officers chosen at the convention here include Mrs. M. M. Harris, Plainview, vice president at large; Mrs. V. D. Bailey, Agua Dulce, secretary, and Mrs. John Golightly, Hico, treasurer.

Newly-elected district vice presidents were: Mrs. B. H. Rucker, Ropesville; Mrs. Herman H. Bennett; Greenville; Mrs. Shirley Fryar, Big Spring; Mrs. Anson Oden, Brownwood; Mrs. J. E. Mills, Centerville; Mrs. A. D. Block, Yorktown, and Mrs. F. W. Stolley, Kingsville.

Site of the 1951 convention was to be selected today. Galveston and College Station have bid for the meeting.

New Service Station Opens

Finishing touches were being applied today to a new service station at Twenty-fifth Street and Avenue Y in preparation for its opening tomorrow.

It is the R. L. Nash Humble station. At the opening, gardenias from California will be given to all the ladies, and favors will also be distributed among the men and chldren who call during the opening day.

Nash, the agent, is formerly of Sweetwater, and moved with his wife into the Harmon apartments here only a week ago. Before taking over the Humble station here, he was in training at a special Humble station in Corpus Christi, Tex.

His station will be equipped to handle all service station jobs. It has one wash rack, one lubircation stall and four pumps.

The staff includes, besides Nash, Virgil Young, James Pursley, Curtis Smith, John B. Allen, Joe Franklin and L. M. Holloway. In addition to these permanent employees, between eight and 10 Humble employees will be on hand tomorrow to help at hte opening.

Missouri is the only newcomer on the 1950 Clemson football slate.

More Cool Canadian Air Covers Midwest

CHICAGO, Aug. 25. (AP) — Another batch of cool air from Canada today cut short a brief hot spell over the Midwest.

The northern Rockies and the Pacific Coast also had cool weather but it remained warm over the eastern and southern parts of the country.

Generally fair weather prevailed over most areas. A few local showers and thundershowers were reported in Montana, Colorado, Tennessee and the northern Great Lakes region.

Agnes Says Husband Threw Table At Her

LOS ANGELES, Aug. 25. (AP)— Among other things, says Actress Agnes Moorehead, her estranged husband, Jack G. Lee, threw a table at her.

She wants a divorce. So does Lee, a radio actor. Both want all their community property, estimated at $200,000. Each charges the other with cruelty. Miss Moorehead didn't throw any tables, however.

They were married in 1930. Miss Moorehead amended the for divorce. Lee filed a cross complaint last week. Yesterday Miss Moorehead amended he suit and mentioned the table tossing episode.

Southern California has beaten Notre Dame more times than any other opponent on the 1950 Irish grid slate; the Trojans have notched six wins over ND.

The 36th Tries Rubbing Out Its Wrinkles In Two Weeks

By FRANK H. KING
(Associated Press Staff)

NORTH FORT HOOD, Aug. 25. —"Lumber is scarce in the Army, but there's always enough to build a reviewing stand," grumbled an old T. Patcher of Texas' own 36th Infantry Division.

A rough, unpainted stand for Saturday's review honoring Gov. Allan Shivers and Army brass was the butt of his good natured banter.

The march past the Governor Saturday would mark the halfway point of the 36th's two weeks summer camp in the vast North Fort Hood military area near Gatesville. So vast is its acreage that a dozen divisions could work at once. Army men have called it the finest training terrain on the continent.

REUNION TIME

The old T-Patcher was beefing in the best tradition, but the truth is military police couldn't keep him away from the National Guard encampment. It's reunion for men who lived through the bloody campaigns of Italy, France and Germany. Just seven years ago, at dawn on Sept. 9, the 36th started the invasion of Europe by hitting the beaches of Salerno. At the Rapido River, the division suffered 2,400 casualties in 48 hours.

The 36th's World War I exploits at St. Mihiel and the Meuse-Argonne are history; the battles of World War II are memories—memories heroic, and bitter.

Late at night this week the older officers visit in the big tents, and talk after they crawl under mosquito nets over their cots. They talk of old campaigns, battles, hills —and of the fighting in far Korea.

The youngsters know no war.

Fewer than a third of the 36th are World War II veterans. The others are volunteers from nearly every part of Texas. The division whose roots go back to the day of the Republic is Texan again. An officer from Temple goes home each night to help do the civilian jobs of three men in his company so they can attend camp. Latin-Americans are numerous in South Texas units.

ALL SERIOUS

The temporary reviewing stand on the parade grounds is the only touch of display the grumbling old T-Patch man could find at North Camp Hood. Everything else is serious, hard, hot, sweaty training.

Since its reorganization, this is the third field training—a get-acquainted period for men and their weapons. A year of armory drill and study is tested on ranges. Most important, the division is welded into more of a combat outfit.

Off their cots at 5 in the morning, units head for the ranges by six. Mile after mile, the white roads run through cedar brush hills. On either side are ranges, for pistol, rifle, machinegun, mortar, tank anti-tank and artillery.

"It's a useless weapon, the pistol," says the gray-haired field officer. "Useless, but part of the uniform. In combat, give me a carbine."

ARTILLERY SHOW

Old Sherman tanks roll up clouds of tawny dust. Obselete now, but with Patton they won the war, the tank men say. Little tanks clatter through the brush. Spotter planes hang on the horizon. Far hills echo low artillery thunder.

"You can't win a war, or a battle, without artillery," a sweating, red-necked artilleryman was ready to argue.

On the rifle range, a blue-eyed youngster scored sixteen bullseyes with eighteen shots.

"He's an East Texas squirrel shooter," says a proud squad man.

Down the line a few yards a teenager hadn't even hit the big target with nine rounds.

That's the 36th right now, top skill and raw noviees. Coaches, safety officers, inspectors and supervisors, to inspect the inspectors, are on the job.

Chow time and a hot meal arrives in the field. Fried chicken, golden brown—better than you can get in all Houston, Fort Worth, or even Waco. The fighters in Korea haven't got it so good. The boy from Waco wasn't thinking about Korea.

PLENTY OF IT

"Wonder how much fried chicken it takes to feed all the 36th," he asks nobody in particular, and lays hold of his third drumstick.

Back to the tents by 5 o'clock, show at six. Fun, rest and then deep sleep under the growing August moon.

The 36th doesn't expect to be called into federal service now. There isn't much talk about if and when. The guesses are mid-winter.

Another week of slogging; range, field, bivouac, talks on everything up to and including atomic warfare and the division will head for home. Scattered to the far corners of Texas, its tired foot soldiers will be ready when needed.

Whether the 36th will be at home to rustle up lumber for a reviewing stand at North Fort Hood next summer depends on Washington—and Moscow.

President Of New York Stock Exchange Resigns

NEW YORK, Aug. 25. (AP) — Emil Schram will resign next month as president of the New York Stock Exchange, a position he has held for 10 years.

Reports of his impending retirement were confirmed last night by Robert P. Boylan, chairman of the exchange's board of governors.

Schram himself was en route to his farm near Peru, Ind., to which he will retire after leaving Wall St. He could not be reached immediately.

Boylan said Schram's resignation would be submitted to the Sept. 14 meeting of the board of governors, which will name a committee to choose a successor.

There have been rumors of Schram's retirement since the 57-year-old exchange president suffered a heart attack last December. He had fully recovered, however, and recently the rumors subsided.

Georgia Recruit Puts Early Training To Use

U. S. 25TH DIVISION, Korea, Aug. 25. (AP) — Recruit John B. Cheetham learned to shoot while hunting squirrels with a .22 in the woodlands near Doerun, Ga. It paid off in Korea, the division public information officer said today.

After a recent battle, 55 North Koreans were sprawled around Cheetham's position, dead or wounded. Exactly how many Cheetham shot was not known.

Cheetham looked up from cleaning his automatic rifle and drawled:

"They just kept a coming and a coming, and I just kept a shooting and a shooting."

In four football games, Army and Penn State have broken even. Each team claims one victory; two games ended in ties.

Northwestern and Illionis have met 43 times on the gridiron, and each team has won 20 games, with three ties.

Sheriff In Florida Faces Graft Charge On Gambling Deals

TALLAHASSEE, Fla., Aug. 25. (AP) — The sheriff of Polk County and two of his deputies face trial next month on charges of taking $200 a week to protect gamblers.

Gov. Fuller Warren suspended Sheriff Frank M. Williams yesterday after a grand jury charged him with accepting graft. Charges with the sheriff were Deputies Paul Jennings and Fern Roquemore.

POST BOND

Williams posted $5,000 bond apiece for their appearance at the trial, set tentatively for Sept. 18 in criminal court here.

After posting bond, the sheriff sent Warren a telegram stating he was innocent and expressing confidence he would be acquitted.

The sheriff's suspension came after two grand juries returned 25 indictments Wednesday night in the state's drive against gambling.

While a Polk County (Bartow) grand jury was bringing charges against Williams and his deputies, a Broward County (Fort Lauderdale) grand jury indicted 22 men on various gambling charges.

BIG NAMES

Some of the biggest names in Broward County's gambling circles were turned up by the grand jury's action. Two of those indicted were mentioned in testimony before the Kefauver Senate Crime Committee as hirelings of big time gamblers Frank Costello and Frank Erickson.

Samuel Bratt and Vincent Alo, alias Joe Doto, who reportedly had Erickson and Costello connections, were among those indicted.

The grand jury that indicted them was the same one that returned indictments against Sheriff Walter Clark, his brother and chief deputy, Robert, and Gordon L. Williams last month. Clark was subsequently suspended by the governor.

Lockheed Reveals New Anti-Submarine Light

PASADENA, Calif., Aug. 25. (AP)—A Lockheed aircraft engineer reports the development of a powerful searchlight for detection of submarines from airplanes.

The searchlight, installed in an underwing tip nacelle, can produce by carbon arc an incandescent light with a beam candlepower of 70 million, W. C. Bryant of Lockheed told the illuminating engineers yesterday.

War Insurance Put On American Vessels

WASHINGTON, Aug. 25. (AP)—Senate passage sent to the President yesterday a bill that permits the federal maritime board to provide war risk insurance on American ships.

Sen. Magnuson (D-Wash) said it is similar to a World War II law and is necessary because private companies are unwilling, without government participation, to insure ships going into the Korean war zone.

Under the measure, the maritime board could issue the insurance itself or in conjunction with private domestic companies.

Montgomery Ward To Open Catalogue Office

Montgomery Ward will open a catalogue office the end of this month at 1923 Twenty-fifth Street. It will offer help to patrons using the store's mail order service.

Miss O. Pitcock will be the office manager, and Mrs. Bill Zimmerman, formerly classified advertising manager of the Daily News, will be credit manager.

In addition to all the company's catalogues, displays of merchandise will be exhibited in the new offices.
