Hoffa Wins Election 4 To 1

MIAMI BEACH, Fla. (AP)—James R. Hoffa today won election as president of the scandal-scarred Teamsters Union by a margin of well over 4 to 1 over two opponents.

The 44-year-old Detroit union leader took over command of the nation's biggest labor organization despite scandal in which he himself has been heavily involved.

With nearly two-thirds of the voting among Teamster convention delegates completed, Hoffa had more than half of the total 1,754 votes to be cast.

At that point Hoffa had 878, against 98 for Thomas J. Haggerty of Chicago and 192 for William A. Lee, also of Chicago.

Lee and Haggerty had campaigned as cleanup candidates, but the convention delegates chose to reject the mass of union corruption charges against Hoffa, retiring union President Dave Beck and other high Teamster bosses.

Hoffa's election as president of the 1½ million member union was expected to bring its ouster from the parent AFL-CIO. The federation has labeled Hoffa as corrupt and called for his ouster from organized labor.

Delegates voted by voice as their names were called.

Just before the convention started, a U. S. marshal served a subpoena from the Senate Rakcets Investigating Committee ordering all the convention credentials of delegates brought to Washington.

The committee has charged delegates from a number of Teamsters local unions were illegally seated in the convention.

Thus a Senate investigation of the validity of delegate choice plus a new attack in the courts loomed on the horizon.

Snyder businessmen will pay for the meals of Borden County men at the dinner.

Tickets are now on sale at the chamber office. Each businessman is asked to purchase his own plate for $1.50, plus a plate for a Borden Countian at the same price. Borden Countians will not need tickets to be admitted to the supper, since their admission will already be paid.

17,000 High School Students Are Hit By Influenza Today

By The Associated Press

An estimated 17,000 high school students were ill with the flu in Houston Friday as the illness continued to race across Texas, closing schools and canceling weekend football games.

Dr. Austin F. Hull, health director at Houston, said the total was about a thousand more than were reported ill a week ago.

The University of Texas Health Center reported its infirmary has been filled for a week, with hundreds of students coming in daily with new cases of flu or respiratory infection cases. Officials told ailing students to stay from classes.

Most of the cases tested in the recent outbreak in the state have been diagnosed as the common type flu. However, some cases were identified as Asian flu.

Dr. J. C. Matthews, president of North Texas State College at Denton, asserted that a close check showed 7 per cent of the 6,200 students were ill with the flu. The college hospital of about 60 beds was filled, and some of the stricken students who live near Denton were taken home by their families.

Authorities at Lackland Air Force Base at San Antonio reported that by late Saturday all their military personnel, including basic trainees will have been inoculated for asian flu. Dependents of military personnel at the base will begin receiving the vaccine Monday.

The number of cases of respiratory ailments rose from 5 to 10 per day to between 50 and 75 at Lackland.

The infirmary at Baylor University also was reported full. Forty students were reported in Waco hospitals and others ill in dormitories.

The McClellan County Health Unit said it had reports of 773 cases in the county. It said such reports usually run about 10 per cent of those actually ill.

White schools in Atlanta, Tex., were dismissed Thursday until Monday because of flu. Atlanta's football game with Pittsburg Friday night was canceled after 29 of the 31 players on the Atlanta squad became ill.

Absences in San Antonio schools were reported about 10 per cent compared to a normal 4 per cent.

Other high school football games canceled this week include Fort Worth Carter Riverside-Amarillo Palo Duro, Raymondville-Mission, Marlin-Cameron, Waco Catholic High-Houston St. Pius and Rockdale-Taylor.

The Baylor football team, which cancelled workouts Wednesday, held only light practice Thursday. Coach Sam Boyd reported two mild cases of flu among his squad.

University of Texas officials said the Kilgore Rangerettes canceled their scheduled halftime performance at the Texas-South Carolina football game in Austin Saturday night because about half of the 53 girls had the flu.

One school official suspects another kind of flu has hit some students—"hookey flu."

Dr. I. P. Barrett, Fort Worth school physician, said a number of students may be taking advantage of the wave of infection and staying out of school unnecessarily.

Stolen Truck Involved In Mishap Here

A pickup truck which was reported stolen here last night was involved in a collision at Twenty-fifth Street and Avenue J early this morning.

Police are investigating the accident, but have not completed their inquiry into it yet, T. L. Steele, police chief, said.

The driver of the 1953 Chevrolet pickup which was owned by the B&H Well Service Co. of Snyder left the scene of the accident before investigating officers arrived, and had not been located late this morning.

The pickup truck struck a 1955 Chevrolet car owned by Robert Lee Bunch, 2001 Avenue R, an employe of the Canyon Courts. After hitting the car, it crashed into the courts. The car and pickup were heavily damaged and there was some damage to the courts building, Steele said.

Steele said that theft of the pickup had been reported to the Scurry County sheriff's department.

SPOT MUSE

THE WORLD SERIES has a lot of competition on the conversational front. Football and Little Rock are giving the baseball classic a run for popularity over the coffee cups.

Some stranger asked a Snyderite how he thought the game was going to come out, and got a quick answer, "Snyder!"

That brought a perplexed look to the stranger's face. He was talking about the Milwaukee-New York game.

THE UNITED FUND campaign is off to an encouraging start, but general campaign director Paul Keaton foresees a long road ahead, unless workers in all divisions of the campaign put their collective shoulders to the wheel. This stage of the drive is no time for optimism, Keaton observed.

LAST NIGHT'S postponed games between Snyder and Big Spring Junior Highs have been cancelled John Conley, athletic director, revealed late this morning.

The games, after last night's postponements, were tentatively re-set for tomorrow. But both Snyder teams will have representatives at the Junior High Student Council convention tomorrow at Midland and coaches Bill Hartsfield of the 7th grade and Ace Amos of the 8th grade elected to call the games off entirely.

Conley, in a telephone conversation with Al Milch, Big Spring athletic director, this morning, was told that Big Spring thought the game was to have been on Saturday all along.

HOWEVER, this does not "jive" with a statement made by the Big Spring Junior High principal who told Hartsfield over the phone last night that that the Big Spring teams were "on their way" to Snyder.

Both Conley and Ralph Laswell, Snyder Juqnior High principal, regrets the incident and hope that the fans weren't too inconvenienced.

Conley said the gates would be "thrown open" at the next Junior High game which will be Oct. 31 when the locals host Colorado City.

ABOUT 400 PARTICIPATE

Girl Scouts Are In United Fund

About 400 girls in Scurry County are a part of the Girl Scouts of America, which is in the process of reorganizing for the fall.

The Girl Scout organization is one of nine agencies which are participants in the Scurry County United Fund, now in its fall campaign. The Girl Scout budget calls for $2,400 of the United Fund goal of $38,934.

Mrs. Ned White, chairman of the Scurry County District of Girl Scouts, said the 400 girls in the Girl Scout program represent about 25 per cent of those eligible for the program. More could be in the program if the organization had adequate adult help and a sufficient number of units.

The program is open to a wide age group of girls, with those from the second through fourth grades in school going into the Brownies, those from fifth through eighth in Intermediate Scouts, and those in high school in Senior Scouts. Each age level has a different program.

The money which goes to the Girl Scouts from the United Fund is administered locally. The local district uses some of the money to help support the district program. The district, with headquarters in Abilene, has one area director and two field workers on a fulltime basis to work in the 11-county area. Counties in the District are Scurry, Dawson, Borden, Fisher, Jones, Martin, Howard, Mitchell, Nolan, Taylor, Glasscock, Sterling, and Coke.

The remainder of the money is used strictly for the local program, administered by the district committee, which is composed of Mrs. White, Mrs. Elroy Miller, vice-chairman; Mrs. J. E. Craven, Jr., secretary; John Boren, treasurer; and Melvin Newton, camp chairman.

The Scurry County district has for about five years had the Girl Scout Little House on Thirty-fifth Street. Part of the local budget is used for maintenance and improvement of that house. It is used for troop meetings, all training sessions, parties, and special programs. During the past year a kitchen was added to the house

Little Rock Calm Today

LITTLE ROCK, Ark. (AP)—An escort of soldiers encountered no trouble today in taking nine Negro students into Central High School for a 10th day of integrated classes.

About 100 white students were massed before the front entrance of the school. Three or four of them displayed small Confederate flags but there was none of the hooting or jeering that marked the last two days.

All the Negroes were present today. Yesterday one of the six Negro girls was absent because of illness.

Sixteen rifle-carrying National Guardsmen escorted the Negroes halfway across the campus. There four regular Army paratroopers met the Negroes and took them the rest of the way into the school.

There was no sign of the 75 white students who walked out of Central High yesterday in what was scheduled as a mass demonstration but turned out to be a flop. They were either absent today or else inside seeking to make their peace with school officials, who had threatened them all with suspension.

Opposing sides were still deadlocked today in their efforts to solve the integration crisis. No one had come up with a new plan under which federal troops might be removed.

Gov. Luther Hodges of North Carolina, chairman of a group of Southern governors who met with President Eisenhower in an unsuccessful effort to solve the problem, simply said:

"We've got to have a few days to let this thing cool off."

31-Year-Old Promise To Be Kept Sunday

DALLAS (AP)—A senior at the old Central High School in Fort Worth made a promise to a fellow senior 31 years ago.

One predicted: "Someday I'm going to be the governor of Texas."

Asked the first boy: "When you get to be governor, will you come and speak to my congregation?"

"Sure I will," replied the second.

That promise will be fulfilled Sunday morning when Gov. Price Daniel speaks to Dr. J. A. Lovell's congregation at the First Covenant Church in Dallas.

Water Use Goes Down

Water demands dropped sharply during September for the Colorado River Municipal Water District.

Total production for the system amounted to 834,671,000 gallons for September, down approximately 175,000,000 gallons from the peak in August. Successive showers which cut the Odessa draw accounted for a major portion of the decline. Big Spring also dropped after September rains.

Of the aggregate consumption, the three member cities of Odessa, Big Spring and Snyder required 557,050,000 gallons. Odessa took 307,640,000 gallons, Big Spring 194,938,000, Snyder 57,472,000. Among the industrial users SACROC drew 195,460,000 gallons, Sharon Ridge 42,120,000, Lion (Monsanto) 35,781 for repressuring. Texas Gulf producing near Odessa took 4,260,000.

About $5,000 Stolen From Store In Waco

WACO (AP) — About $5,000 was taken from the Piggly-Wiggly store here last night by an armed thug.

Corlas England, assistant manager, said the gunman entered the store just before closing and ordered him to hand over the money from all the cash registers and the safe.

England said the thug escaped with all the currency and most checks taken in during the day.

2,000 Students Riot In Poland

WARSAW (AP)—Communist authorities today threatened "severe sanctions" against students who took part in Warsaw's first anti-government demonstration since Wladyslaw Gomulka came to power.

Riot police backed by worker militiamen battled about 2,000 students in a melee of tear gas, rubber truncheons and bricks last night outside the Warsaw Polytechnic School. The students were protesting suppression of their newspaper.

About 30 students were reported under arrest. Ten police were injured by bricks rained down from windows of a student boarding house and by paving stones hurled in the streets. Several students were treated for effects of tear gas and bruises from truncheons.

All morning papers carried this warning to the students:

"It is understood the rector of Polytechnic has said severe sanctions will be taken against participants (in the demonstration), including expulsion from college."

The demonstration was the first break between the Communist party and its officially sponsored Union of Socialist Youth.

Communist tear gas and truncheons finally drove the last of 2,000 angry youths into a student boarding house and order was restored. Several students were arrested.

The trouble began when the students gathered outside Warsaw Polytechnic School to protest a government order closing their weekly anti-Stalinist paper Po Prostu (Straight On).

As Communist party secretary, Gomulka had charted a more moderate course after taking over 12 months ago following the "bread and freedom" uprising of workers in Poznan. But the government ruled the student paper's attacks on Stalin had gone too far.

The students gathered at Narutowicza Square in the evening. They jeered as the police lined up around the square.

The police marched shoulder to shoulder on the students. Fist fights broke out. The police attacked with truncheons.

"We want gas," the students yelled sarcastically. The police obliged by throwing tear gas grenades. The 2,000 students broke and ran.

An hour later, about 500 students massed on the steps of a boarding house near the Polytechnic school.

"Gestapo, Gestapo," they shouted as the police approached. The police again laid down a tear gas barrage. The students fled into the boarding house.

Factory militia — armed workers units established by the government to cope with such public disturbances — then arrived, provoking another outburst of fighting and another gas attack by the police. By midnight, five hours after the first trouble broke out, quiet was restored.

Warsaw radio said college authorities would take severe measures against the participants.

SECRETARY CONVINCED

Man Tells Of Visit To Venus

WASHINGTON (AP)— Harold J. Berney, a sign painter alleged to have claimed that he visited the planet Venus on a space ship, pleaded guilty to fraud yesterday.

Berney pleaded guilty to fraud by wire and false pretenses. He faces a maximum of eight years in prison and a $1,000 fine. U.S. Dist. Judge James Morris deferred sentence pending a probation report.

Berney was acused of claiming that while on Venus he had learned how to produce a "magnetic flux modulator" having an energy potential far greater than that of atomic energy.

He was indicted on charges of obtaining $12,500 under false pretenses from Miss Pauline E. Goebel, a Washington secretary. She said that actually she had turned over about $40,000 to Berney between 1952 and last fall, supposing he was investing the money in his project.

Berney, 59, was quoted as saying he had inspected a space ship which had landed in Texas and had flown in the ship with Prince Ucellus of Venus to Venus, with a stopover on the moon. While on Venus, he reportedly said he had learned how to make the power plant.

so work can be done on cooking badges and other homemaking work.

The active troop program of the Girl Scouts is carried on during school months. The Girl Scout program fields include homemaking; community service; agriculture; health and safety; literature-dramatics; music; international friendship; and camping.

Each summer there is a day camp held for girls at the Girl Scout local camp north of Snyder. There is also a camping program for girls of this area at Sweetwater, maintained by the West Texas Area Council. Regular budget money is not used to support this camp. The girls have their annual cookie sale for that purpose. A fund is set up to help underprivileged girls attend the camp.

Mrs. White said the Girl Scout organization is constantly seeking workers to help with the program. There is room for troop leaders, co-leaders, committee mothers, and district committee members.

The county now has about 30 troops. They are at Snyder, Ira Hermleigh, and Fluvanna. There are about 110 adult workers. Troops are organized in school areas.

Mrs. White said training for adult leaders will begin next Wednesday and last four days. The training dates are Oct. 9, 11, 16, and 18. The training program will be held at the Little House.

New Type Sweaters Can Be Tossed In Washing Machine

Women who hand washed sweaters with great care are being shocked these days when retail salespeople show t m new luxury sweaters that can be tossed into an automatic washer and dryer (set at warm) and after 10 to 20 washings come out fresh and new looking.

These sweaters have a fashionable boucle appearance and they come in brilliant new colors which have never been practical before. This is especially important this year when the most desired colors are these new shades. The sweaters never pill or fuzz ball, have remarkable wear resistance, need no blocking. They are moderately priced glamour sweaters developed for the automatic housekeeping age.

Over 50 companies are now making these sweaters knitted of a new Helanca yarn. This all nylon yarn has limited stretch, just enough to give the sweaters wonderful draping qualities and lasting shape-retention. Gone is the problem of baggy sleeves and cuffs found in so many other sweaters.

College and high school girls were the first to discover the easy care feature and rich appearance of these sweaters, and even women at home found they saved hours of work by putting them in a washer with other machine washable garments. This is one case where the younger generation showed mothers what was best.

Several sweaters can be added to any wardrobe because the colors and rich boucle surface are different. As a result they will give a new fashion touch to any sweater collection. Look for these amazing new sweaters in local stores, now.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

A RAW DEAL TO end all raw deals was pulled by the Big Spring school system last night.

From this corner the stunt they pulled appeared deliberate.

About 1,000 football fans here know what we're talking about. They are the ones who sat in the stands at Tiger Stadium last night two hours waiting to witness two football games, between the junior high school teams of Snyder and Big Spring, only to be turned away without seeing a down played.

The reason being, mind you, that Big Spring failed to make an appearance. And furthermore, no one at Big Spring was "gentleman" enough to let officials here know they weren't coming.

Oh, they claimed that they wrote a letter saying they couldn't make it. But no one here received such a letter.

Coach Bill Hartsfield, whose 7th grade team was scheduled to play Big Spring 7th in the first game at 6:30, called the principal of Big Spring Junior High School at about the time the game was scheduled to begin to inquire if they were coming.

The principal replied:

"Yes, the team has already left. We've been holding pep rallies here all day for the games."

With this reply it was then figured the Big Spring bus must have broken down or something so the fans were told to sit tight.

Two hours later a call was received here that the team never left Big Spring, that they had written a letter they couldn't play until Saturday.

Boy of boy, what a way to conduct business.

Could Have Been Avoided

We don't know when they "wrote" the letter but unless it was two weeks ago, this method of letting officials here know of their intentions was just about the sorriest we can think of. Not that it takes that long to get a letter from Big Spring but that it would have given officials here enough time to make proper arrangements.

If it was an emergency move which came about only this week, then a telephone call would have eliminated all the confusion. The last time we heard from Big Spring still had telephones.

There was plenty of confusion when it was finally learned that the Big Spring teams weren't coming.

Officials attempted to refund the paying customers but it was virtually an impossibility because of the change situation.

Then there were dozens of boys and girls who were stranded from 8:30 to 10 waiting for their parents to pick them up. Many parents had brought their children to the game and were to return at 10 to pick them up which would have been about the time the second game was to have ended.

All of this could have been eliminated with a telephone call from Big Spring officials.

Another thing, we had three games on tap here yesterday and the Freshman game had to be played at 4 p.m. which is a very inconvenient time for the fans.

Had Big Spring informed us earlier they weren't coming the Freshman game could have been played last night.

We don't know what the Big Spring alibi is going to be but as far as I'm concerned they don't have one.

At this writing it wasn't known whether or not the two games will be made up tomorrow.

Several players from the local teams are going to Midland tomorrow to attend a Student Council convention that may cause the games to be cancelled altogether.

Another week like we've had the previous three weeks in this football proginosticating game we'll be tempted to turn in our "badge."

We're in a position now that there's only one way to go and that's "up."

Here quickly is the way we see 'em this week:

The Hobbs scoring was split among four players with Joseph Martinez, Clinton Sellers, Herman Adams and Bobby Hardin each scoring a touchdown.

Adams accounted for the other two Hobbs points on a two-point placement.

Tommy Echols led the Ira scoring parade with three touchdowns and he kicked three extra points for a total of 24 points.

Tigers, Lobos In 'Rubber' Tilt

Each Team Owns 3 Wins In Series

Snyder's Tigers will pit their improving offense against the tough Levelland defense tonight at Tiger Stadium, in a game that is expected to attract a near capacity crowd of 8,000 fans.

The game will take on a "World Series" angle. Tonight's game will mark the 7th game between the two schools and the winner will be crowned the series champ, at least for the moment. The two rivals have split even in the first six games, each winning three games.

The World Series, which is deadlocked at 1-1 at present, is likely to go the 7-game limit, according to some dopesters.

The Tigers will enter tonight's game in their worst physical condition of the season. All of the Bengals may suit up for the game but serveral are far from top shape.

The Tigers, in fact, have only three "able bodied" ends ready for action tonight. The Bengals had only five ends to begin with and two of 'em are ailing and will see only limited action tonight, if any.

Rex Wilson has a sprained ankle and Bill Dubose a bruised knee. The other three ends are John Wark, Tony Anger and Dwayne Merritt. Ward and Merritt are due to start tonight. Ward is still nursing a shoulder injury.

Tackle Ronnie Giles isn't expected to see much action tonight because of a severe charley horse. Giles was the second leading Tiger in number of tackles before his injury.

Levelland, according to scout reports, is said to have one of the toughest lines in schoolboy football. The Tigers well remember the rugged defensive scrap with the Lobos last season which saw the Tigers eke out a 2-0 decision.

And with several of the Lobos back from last year's team, the Levellanders once again have a rugged defense.

The Tigers are being favored in most quarters but the Bengals are not taking the oddsmakers serious. Levelland was doped to lose to Big Spring by everyone and their dogs but the Lobos surprised by winning, 21-13.

Levelland will carry a 2-1 record in tonight's game: The The Lobos upended Brownfield, 21-14, and Big Spring 21-13, before losing last week to a good Class 4A team, Plainview, 23-13.

The Tigers are also 2-1 for the season. The Bengals, after bowing to Borger in their season opener, have bounced back to defeat Dumas, 33-0, and Big Spring, 19-7.

Kickoff time tonight has been set for 8.

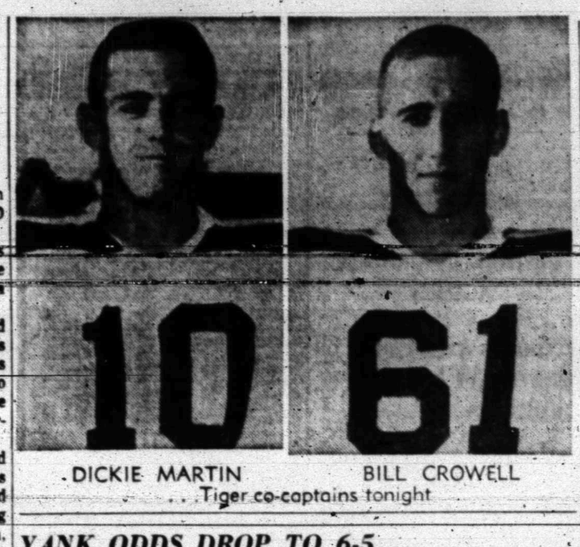

Following are the probable starters:

TIGERS

Ends —Dwayne Merritt, 160, and John Ward, 160.

GRID POWER INDEX

By Mort Schwartz

UNDATED—The Grid Power Index is based on a mathematical system giving collegiate football teams comparative ratings.

An Index rating of 120 points is theoretically perfect. The difference between ratings of opposing teams gives the score spread that can be expected in their game. Team statistics are constantly revised to include the factor of performance in each game the teams play through the season.

Record last week: 53 right, 14 wrong, 5 ties. For the season: 85 correct predictions, 24 wrong, 12 ties, for a .780 accuracy average.

Here is the forecast for this weekend. Home team is indicated by (*) within rating.

Big Weekend Set In SWC

By HAROLD V. RATLIFF
The Associated Press

Four games that could put the Southwest Conference out of reach intersectionally and the traditional championship opener — Arkansas vs. Texas Christian—make this the most important weekend of the football season thus far.

The massive Horned Frogs face lean and clever Arkansas at Little Rock Saturday night to get the conference show on the road. Arkansas is favored but fearful.

Texas A&M appears in the only daylight game, meeting what appears to be a better than usual Missouri team at Columbia.

Saturday night Rice tries the probable Rose Bowl-bound Stanford Indians at Houston with a crowd of 60,000 expected.

At the same time Baylor will be after its third straight victory, at Miami, while Texas also will be seeking No. 3 in a joust with South Carolina at Austin.

If the league can win those four, it will have an intersectional record of 13 victories and two ties in 18 games and will be certain of finishing well ahead for the season.

The other conference member—Southern Methodist—is laying out this week. But the Methodists will be highly interested in what Texas A&M does with Missouri. SMU plays the Tigers at Dallas Nov. 1.

With a season record of eight selections, two losses and two ties, we have a confident note in giving you the winners this week:

Texas A&M-Missouri—The Aggies have good boys they haven't played yet and should trim Missouri by a couple of touchdowns.

Texas-South Carolina—The Longhorns are too many for South Carolina.

Rice-Stanford—A wild offensive duel with Rice coming out by the margin of an Owl feather.

Baylor-Miami—A pleasant trip for the Bears; the journey back home will be even more so.

Arkansas-Texas Christian—Won't be surprised if TCU wins but the duke goes to Arkansas.

YANK ODDS DROP TO 6-5

Buhl, Turley To Hurl Tomorrow

MILWAUKEE (AP) — Back home with a split in the two games played at Yankee Stadium, the suddenly stimulated Milwaukee Braves, from Manager Fred Haney down, were confident today they would beat the New York Yankees in the World Series.

The odds-makers still made the American League champions a 6-5 favorite.

Elated by his team's fine all-round performance yesterday that backed up Lew Burdette's brilliant pitching with a 4-2 triumph, Haney plans to throw Bob Buhl, the last of his Big Three, at the Yankees tomorrow in the first of three consecutive games at County Stadium.

The 18-game winner will be opposed by Bob Turley, New York's hardest throwing pitcher.

Yesterday's game before 65,202 fans was a battle all the way until Hank Bauer rapped into a game-ending force play to leave the tying runs on the basepaths.

"These fellows showed our guys they mean business," declared Casey Stengel, the all-knowing New York manager. "This was a big game for them. They're going to be tougher to beat from now on. Mind you, I'm not saying we won't do it but it's not going to be easy. Not from the looks of the way they battled us today."

The usually mild-mannered Haney hurled a veiled challenge at Casey's crew.

"We know we will win now," he said. "We're over the hump. We stood up to those guys in their own back yard and held them even. Now they've got to play us three games in our park. I think pitching will be the key to this series and I know we've got the pitching."

In an effort to make use of as much left-handed batting strength as possible against the right-handed Turley, Haney will open with a revised lineup that will include the spectacular rookie Bob Hazle in place of the veteran Andy Pafko in right field, and probably Frank Torre instead of Joe Adcock at first base. Del Rice, a .500 hitter in the 1946 World Series for the St. Louis Cardinals, will catch Buhl.

The batting order will also suffer a slight alteration. Wes Covington, the hitting star of the series up to now, with four safeties in eight times at bat, has been moved up from seventh to fifth, with Hazle batting sixth, Torre seventh and Rice eighth.

Tiger Freshmen Rip C-City, 20-7

The Tiger Freshmen handed the Colorado City Freshmen a 20-7 licking at Tiger Stadium yesterday afternoon to remain undefeated for the season.

The future Tigers scored the first time they got the ball and led all the way. The Kittens scored again in the third—and fourth quarters before Colorado City counted.

The C-City score came on the next to last play in the game.

The Kittens took the opening kickoff and drove 75 yards without losing possession of the ball. John Weaver reeled off a 40-yard run to the C-City nine to set up the score.

Fullback Mike Moffett covered the last nine yards in a run over tackle. Weaver added the point for a 7-0 Snyder lead.

There was no further scoring until the third when Weaver hit a big hole over tackle and raced 65 yards to a TD. The extra point try failed.

The final score came on a 31 yard gallop by reserve quarterback, Frank Moore, in the fourth period. Bill Andrews plunged for the extra point.

The win was the third in a row for the Snyder Freshmen after a 0-0 draw with Sweetwater in the season opener.

Eagle Streak In Danger

By The Associated Press

The clash of Abilene, riding a 40-game winning streak, with tough little Breckenridge, making a bid for a return to the top, headlines the Texas schoolboy football schedule Friday night.

The Eagles, three times Class AAA champions, will meet unbeaten but once-tied Breckenridge, a high rater in Class AAA, at Breckenridge. This may be the big chance of Abilene being stopped in its surge toward a new winning record. The all-time mark is 43 straight.

Eighty-nine teams put undefeated, untied records on the line in the four divisions of schoolboy football that play through to state championships.

Among those likely to fall are Handley in Class AAA and Georgetown in Class AA. Handley plays Cleburne and Georgetown meets Hearne, with Cleburne and Hearne unbeaten but once tied.

Inter-class rivalry also could put some more undefeated, untied teams on the sidelines, such as Denver City of Class AA trying Class A Sundown, Cuero of Class AAA playing Gonzales of AA, Hamilton of AA meeting Class A Clifton and London of Class AA engaging Clas A Gaston.

Texas Heir Held On Dope Charges

AUSTIN (AP)—The youthful heir to a South Texas fortune faced charges along with two other men today of illegally opssessing marijuana.

Complaints filed after a city vice squad raid on two motel cabins named Sol West, 18, of San Antonio, son of oil and cattle millionaire Ike West; James Taylor, 29, also of San Antonio, and Lawrence Houston of Austin, a Negro porter.

Police Lt. Harvey Gann said detectives acting on an underworld tip seized a quantity of marijuana, barbiturates and a .25 caliber automatic pistol in the motel cabins night before last.

Young West, a University of Texas student here, also was charged with possessing barbiturates and Taylor with possessing the weapon.

Gann said investigators were tipped that narcotics were being peddled from the cabins and spotted a number of police characters entering and leaving there.

The elder West, 72 and in poor health, said by telephone from his ranch near Inez, Tex.:

"He's always been a good boy. I'm sure he just fell into bad company. He probably was arrested because he was associating with these other people. If I were a younger man I'd hop into my car and get this thing straightened out in a hurry."

The father said he was instructing lawyers here to arrange for the release of his son.

Ike West is a brother of pioneer cattleman George West, for whom the South Texas town of George West is named.

Small Plane Cracked Up

DALLAS (AP) — Abilene oilman Marvin L. Grimes, 36, blamed propwash from two big commercial airliners for the crackup of his small private plane as he was taking off from Love Field late yesterday.

Grimes and two of his three passengers were injured.

He said one wing of his craft was tossed downward after it had climbed about 30 feet off a runway, dashing it back to earth.

Grimes' right leg was broken and he suffered a deep chin cut. His wife, Mrs. Mary Grimes, 32, suffered face cuts and bruises, and her sister, Mrs. Rosalie Bergman, 35, of Tallahassee, Fla., a broken right elbow.

Mrs. Bergman's 1-year-old daughter Nancy was not injured.

The Abilene couple had flown here to meet Mrs. Bergman and her daughter, who came from Tallahassee aboard a commercial airliner. They were taking off for Abilene.

Counterfeit Bill Found

HOUSTON (AP)—Two more U.S. $20 bills counterfeited in France have turned up in Galveston, Secret Service agents said yesterday.

They reported these bills and seven others passed previously, all at the Galveston post office, came from a printing plant seized in Paris last December.

Lane Bertram, agent in charge, advanced a theory that seamen unsuspectingly spent the bogus currency. He said one of the earlier notes was passed by a sailor from Calcutta.

Since the bills first started appearing in 1946, Bertram said, they have been found all over the world. He said the plant seized in Paris had enough paper in stock to print bills with a total face value of $4,500,000.

Graham Followup Set

NEW YORK (AP) — An estimated 40,000 clergymen and laymen are expected to take part in a massive door-to-door "visitation evangelism" program in New York City in October, as a followup to Billy Graham's crusade here. Plans are that the visiting teams will reach some 180,000 unchurched persons.

New Figures Released On Church Affiliation

PHILADELPHIA (AP) — Although official figures show only 103 million Americans are affilated with churches, a leading religious journal says that the number actually surpasses this by 25 million—for a total of 128 million out of the country's 170 million population.

The magazine, Presbyterian Life, in a detailed analysis of membership computation systems, says additional church-affiliated persons are under age 13, but not counted under policies of some denominations.

Prayer Film Completed

HOLLYWOOD (AP) — Producer Lew Kerner has completed a series of 365 color films called "A Minute of Prayer," which shortly will be put in use on many television stations throughout the country. Various backgrounds—landscapes, city scenes, people in everyday activities—are shown as the inter-faith prayers are sung, chanted or recited.

Study Guide Issued

PHILADELPHIA (AP) — The Presbyterian Church in the U.S.A. has issued a study guide to be circulated among church people called "The Church and the Public Schools" — a document aimed at refuting charges that the public schools are godless.

State Fair Will Open On Saturday

DALLAS, The State Fair of Texas will present its 1957 exposition for a sixteen-day run opening Saturday morning.

Gates to the fairgrounds will open at 7 a.m. daily. Governor Price Daniel will officially open the Fair in ceremonies at 11 a.m. Saturday following the traditional parade through downtown Dallas.

Opening Day is also Rural Youth Day, and more than 100,000 Four-H club boys and girls, Future Farmers and Future Homemakers are expected to converge on Dallas from all parts of Texas. A gigantic free picnic lunch will be served to the youngsters at noon.

The Fair's entertainment calendar is crowded with daily performances of the sensational Broadway musical hit "My Fair Lady," a new edition of "Ice Capades" and the Art Swenson Thrillcade, in addition to such free attractions as the "Aztec-Mayan Spectacular."

A total of 4,813 head of livestock have been entered in the Fair's Pan-American Livestock Exposition and the Junior Livestock Show. Judging of the beef and dairy cattle, swine, sheep and goats in the Pan-American will take place the first week of the Fair, followed the second week by judging of the Junior steers, dairy heifers, pigs and lambs. There will be horse shows all three weekends of the Fair.

A fabulous array of exhibits includes the Internatonal Center, with displays of a dozen foreign governments, a "miracle" kitchen that performs household tasks electronically, a replica of the "Man-Made Moon" that will be launched into space to circle the earth, a glittering automobile show, priceless Old Master paintings, the latest guided missiles of the armed forces, an antique train dating from the 1880's and an Agriculture Show which spotlights the farm products of every part of the state.

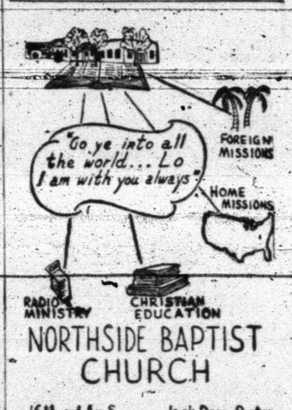

Church Convention Set

CLEVELAND (AP) — More than 10,000 delegates are expected here October 11 to 16 for the annual international convention of the Disciples of Christ (Christian churches).

Leader Says Church Influence Not Hiked

NEW YORK (AP)—An American Baptist leader says that the current religious revival has not increased the influence of Protestant churches as previous revivals have done.

The Rev. John W. Thomas, newly named head of the denomination's Council on Christian Social Progress, said a major reason for this is that "our churches have been reluctant to deal with questions relating to the social order"—such as racial integration.

Somebody's Track

— was it yours? Did you know that your footprint identifies you almost as well as your fingerprint. The law uses it to trap the lawless.

God uses it to show you where you were when you became conscience smitten. Your tracks tell on you... they give you away. You were where you should not have been and your tracks prove it.

Your son was following your tracks when he got into serious trouble. *Mr., you write either a good story or a bad one by the tracks you make.*

Why not resolve to walk toward the church next Sunday... any church... for they are all better than you. Every church in this community offers you a place to work, an opportunity to help others, and the privilege to make tracks for God. Then why not turn your tracks into a testimonial for the Lord, to be read of men, *by printing them on the way that leads to church every Sunday.*

DOLLAR VALUE— PLUS

In an emergency, the value of medicine can hardly be reckoned in dollars. Medicine is priceless when needed.

Yet it is an interesting fact that nationally the average cost of a pharmaceutical prescription is about $2.50 — and more than half of all prescriptions cost less than $2.00. Although higher than 20 years ago, the increase in the cost of medicine lags far behind that of other, and less essential, commodities.

When you purchase a prescription, you are sharing in the fruits of scientific research. You are getting today's best buy.
