COUNTY INSTITUTE IN SESSION HERE

SCURRY COUNTY TEACHERS IN SESSION—STUDY PROFESSIONAL METHODS

The Scurry County Teachers Institute is in session here this week in the Methodist church. There were forty five teachers present on the first day Monday morning.

Supt. B. D. Black is conducting the exercises. The institute was opened with prayer by Rev. J. W. Mayne and Mr. J. M. Denson led the song service.

The opening address was made by Judge M. E. Rosser.

Miss Mattie Palmer of Dunn was elected secretary of the institute.

Secretary of the High School Department—Mr. O. L. Howell.

Secretary Intermediate Department—Miss Katie Buchanan.

Secretary Elementary Department—Miss Ida Loftin.

The Superintendent then assigned class rooms for the several departments and the work of the institute was taken up.

The following institute committees were appointed:

Resolutions: T. S. Christopher, O. L. Howell and Miss Mamie Nabours.

Publicity: F. C. Burge, Miss Ruby Rogers and Miss Carrie Bowers.

A regular program has been carried out each day, covering many lines of methods and management and we are impressed that Scurry county teachers rank with the best in qualification, in intelligence and the practical knowledge and adaptibility in school work. Dr. Sandifer of Abilene was to have addressed the institute Monday but misunderstood the date and was not here.

The teachers are earnest and full of energy and will return to their schools better equipped for having a week of professional study and interchange of ideas.

Prof. Howell read a good paper Monday evening on "The Public Schools as an Agency to Meet the Needs of the Community." He urges that the community school house should always be open as a meeting place for the people in social, educational and industrial endeavor where the people get better acquainted and in touch with community interests in all lines.

Mr. Howell was followed by Prof. Hooks in a practical talk on community cooperation. These speakers hold that in this way the school is open to all the people, grown-ups, the same as children and that the whole community grows in enlightenment and feelings of mutual sympathy.

Other good addresses have been made during the week and evidences of educational progress are noted all along the line. The old habit of "keeping school" has been relegated and teachers of today are men and women of progressive thought. Scurry County teachers are in line with the progress of the world.

A new feature added this year to the Institute was the course of lectures which have been characterized by giving the teachers a broader view of their work in all its phases. Prof. Clark, of Snyder impressed us with the fact that the first prerequisite of a teacher was a solid rock bottom character. Prof. Rives of Snyder forcefully set forth the teachers civic and moral responsibility in his community. Dr. Cousins, president of the Canyon Normal stressed bringing in closer relation life and the school by the statements as: The school owes its pupils for intellectual citizenship and the man or the woman who has had the advantages of the high school should not be forced to begin at the bottom of things when he gets out intothe world.

Dr. Bruce, president of the North Texas Normal at Denton, showed the importance of character building by such statements as The man who can not instill into his child the principles of character but cannot give him a common school education has done infinitely more for him than the man who gives his son the highest university education without these principles.

The trend of all the lectures has been instructive, broadening and upbuilding in the work of education in our county and each teacher feels more firmly than ever that he has a duty to perform and a message to give to his people when he goes back to his community.

SPECIAL EPWORTH LEAGUE PROGRAM

The Epworth League rendered a spendid program on Sunday afternoon. Judge Cullen C. Higgins made an inspiring address on "Visions" going back to the old ancient prophets, giving a full account of their visions and bringing it down to the vision of Pilate's wife, when Jesus was being tried before Pilate. The Judge's address was indeed a treat fothe Leaguers as well as the special music rendered by Mrs. Banks, who added much to the program, which was enjoyed by all present. Come out to the League service. They need and welcome your presence. If you are within the age of 12 to 30, join the League. Others are invited at all times to visit or join as honorary members.

Foot Ball Game.

Have you ever seen a foot ball game? Then come out and see the Snyder High School team play Roscoe High at Wolfe's park. The game will be called promptly at 2 p. m. Admission 25 cents.

The game is to be played this early in order that the Roscoe team may catch the 4 o'clock train. You may have never seen a game and may know little about the rules, but there will be many sensational runs, plays and tackles to make it difficult for you to sit still even if you do not know the rules of the game.

Besides, remember that the team is composed of our school boys and only those boys who are passing in their studies. Come out and support them with your rooting and also the 25 cents, for we think you will be satisfied that you got your money's worth. Remember Saturday at 2 p. m. 25 cents.

Pastor Plant's Year's Work.

Rev. J. R. Plant, pastor of the Hermleigh circuit, Methodist church says he will carry up a fairly good report to Conference, except the Conference Claims are falling behind. The pastor's salry is not paid in full but that can wait.

Noted Educator Here.

Prof. R. B. Cousins, principal of the West Texas Normal at Canyon delivered an address at the Institute Tuesday evening. Prof. Cousins is one of the leading educators of Texas.

Mrs. Lindsey of St. Louis, field secretary of Mission Work for the Presbyterian Church addressed a large audience at the Presbyterian church and stimulated her audience to renewed missionary activity and a substantial offering was raised for Foreign Missions. She addressed quite a company of ladies Tuesday afternoon at the Buchanan home.

Mrs. Lindsey went to Fluvanna on Wednesday to organize a Westminster guild and then returned to Snyder to complete theorganization of the guild here.

Rounding Out his Second Year.

Rev. C. C. Tyler, the Methodist pastor on the Ira circuit was here Tuesday and said he would carry up a slim report to the Annual Conference this year. Bro. Tyler has been on that work two years and has done well, considering conditions of the country.

Woman's Missionary Society

The Woman's Missionary Society of the Methodist church will have an open meeting with Mrs. H. G. Towle next Monday, October 29 at 3:30 p. m. All ladies of the church are invited.

Bring your finished pieces for the Christmas Bazaar and one to finish during the afternoon.

Mrs. Barnes, Mrs. Watson, Mrs. Frazier and Mrs. Banks will delight you with songs, music and readings.

A PATRIOTIC DAY IN CITY OF SNYDER

ENTHUSIASTIC DRIVE IN SALE OF LIBERTY BONDS LAST WEDNESDAY

Wednesday, October 24 was Liberty Bond day throughout the Nation in response to President Wilson's request and the people of Scurry County were not unmindful of patriotic duty. Pursuant to the call sent out by the Governor, County Judge and City Mayor, the people of Scurry county assembled in mass meeting in the Court house at 2 p. m. to discuss the matter of buying liberty bonds and helping to win the war. The stores in Snyder were closed for the afternoon and the people gathered in numbers.

Mayor E. F. Smith stated the purpose of the meeting. J. M. Denson led in singing America and Rev. J. W. Mayne prayed that the people may rally tothe government and that the present unhappy conditions may soon pass and that the allied powers now fighting for principles of justice, humanity and world democracy may soon gain the victory and that permanent peace may come.

Patriotic speeches were made by Judge Adamson, W. W. Hamilton, Senator Buchanan and M. E. Rosser. The speakers urged the people to awake tothe seriousness of the war and to begin to realize that every man must do his part. Our boys are in the service and must be fed and clothed. It takes money to do it and the administration, in order to raise funds, proposes to issue bonds to the people who will advance the money During the exercises Master W. A. Johnson, little son of Mr. and Mrs. Emmett Johnson recited a cute little poem. He was clad in soldier costume and performed nicely. Mrs. J. W. Frazier treated the audience to an appropriate and well rendered reading.

The bond committee: O. P. Thrane, J. C. Stinson and Harvey Shuler were called to the front while Judge Rosser made a strong appeal and the bond market was declared open. Fifteen thousand, five hundred dollars were readily subscribed for with the assurance that more would be taken in due time.

BANKS REMAIN OPEN TO LIBERTY BOND PURCHASERS

To those who do not have an opportunity of getting tothe banks before closing time, the government has authorized all banks to remain open after hours to accommodate purchasers of Liberty Bonds this evening and Saturday afternoon and night.

Buy Bonds or Pay Taxes

Deputy Gov. J. W. Hoopes says, The greatest peril to the Liberty Loan is the attitude of the wealthy man who srys "I can do better with my money than buy Liberty Bonds." There are thousands of well to do men who are buying liberty bonds of $1,000 denomination who could purchase $100,000 and who admit frankly that they would purchase bonds to the the last named amount if they were not subject tothe income surtax.

These men should realize that without their help the loan will fail. Then sureley as night follows day the Government will increase their surtaxes to a point that will take away the best part of their income for the year. The government surely will get after the big men for the big amounts.

Red Cross Matters.

Anyone who wants to knit for the Red Cross at Snyder will be furnished thread and instructed. Our supply of sock yarn is about out, but will be glad for those who will to knit sweaters (sleeveless.) This is for those out of town who are anxious to help. Will be glad for anyone to come and see for themselves and help to carry on the Red Cross work.

Respectfully,
Chairman Knitting Squad.

Henry Blackard is able to be up after a two weeks illness.

THE CLOSING OF CONFERENCE YEAR

FINAL MEETING OF METHODIST STEWARDS—NEW CHURCH OFFICIALS ELECTED

The fourth and last quarterly conference for the Methodist church in Snyder was held Tuesday night at the parsonage with Presiding Elder J. T. Griswold in the chair. There was a good attendance of official members. W. S. Adamson was elected secretary.

Rev. J. W. Mayne, the pastor filed his report which will make a good showing at the Annual Conference which meets at Memphis, Texas, October 31.

The following list of stewards for the ensuing year were elected: O. P. Thrane, H. G. Towle, Tom C. Davis, D. N. Price, W. S. Adamson, J. W. Couch, Guy E. Paxton, O. F. Davenport, B. D. Black, C. C. Higgins, Homer Watkins, Walter Curry, W. C. Fullilove, J. P. Chambless, R. H. Curnutte, I. W. Boren, J. L. Waskom, M. A. Grimes, W. W. Hamilton, Austin D. Erwin, L. M. Deavours, W. T. Black, W. R. McInnis, Neil Gross, J. L. Robinson, W. R. Johnson, E. B. Baugh. Recording Steward, A. D. Erwin, District Steward Tom C. Davis.

Sunday School Superintendents—B. D. Black and W. M. Curry. Sunday School Advisory Committee—J. W. Couch, W. S. Adamson, O. P. Thrane, Lay Leader—W. S. Adamson. Trustees of Church Property—J. W. Couch, D. N. Price, W. C. Fullilove, H. A. Goodwin, C. C. Higgins, Ed. Curry, D. Nation, Joe Caton, T. J. Blackburn, C. B. Alexander.

After the business of the conference Dr. R. B. Cousins, principal of the West Texas Normal School at Canyon was introduced and addressed the gathering, urging faithful service to God, humanity and the church. Dr. Cousins was here to deliver an address before the Teacher's Institute and was the special guest of Rev. and Mrs. Mayne.

PRESIDING ELDER GRISWOLD READY FOR CONFERENCE

Presiding Elder J. T. Griswold of the Sweetwater district, Methodist Church, says the report from the district will show up pretty good considering the stringency of the times. Some charges will fall short on the salaries of pastors and there will be a falling off in the payment of Conference claims, though no more than might be expected. Dr. Griswold says there have been about 800 conversions and nine hundred or a thousand additions to the church thruout the district.

JUDGE ADAMSON RESIGNS SUNDAY SCHOOL LEADERSHIP

Judge W. S. Adamson tendered his resignation tothe quarterly conference of the Methodist church Tuesday, as Superintendent of the Sunday school. He has had that important post for two and a half years and has made good all along the line. He is a student and a devout Christian gentleman and has kept a good degree of energy and pep in the Sunday School. His resignation was reluctantly accepted.

Mr. B. D. Black and Mr. Walter Curry were elected as superintendents.

To Parent-Teachers Club

The Parent-Teachers Club met in regular session October 18 at the Central school building.

Interesting discussions were led by Mrs. Ledlow, Mrs. Schell, and Mrs. Brogden.

An enjoyable piano solo was rendered by Miss Sims.

During the business session, it was decided to convert the next meeting into a social hour.

A number of new members were enrolled. In addition a very encouragin number of the parents were present.

Boldt, Jr,, manager an proprietor of the famous Waldorf Astoria Hotel in New York gave special permission for the Metro company, supporting Miss Wehlen t take many scenes on the magnifie lawn of his country estate, and a fancy dress ball was taken in th open at night so that the story migh be faithfully interpreted. This is th first and only time that this we known property has ever been photographed and it is sure to be a delig to the eye.

Judge J. Z. Noble has returne from the Dallas Fair, and states tha he saw the biggest thing in the soutl that of Dallas going dry last Saturday, the Dallas Fair and the soldier at Camp Bowie. He is highly elated over his trip and especially a visit through the farming section between Dallas and Corsicana. He says there seems to be little possibility of disaster in the Central Section of Texas. Notwithstanding all these attractions, I still retain unlimited confidence in West Texas and do not hesitate to invite the world to join us in the development of the golden west."

The Red Cross ladies had a well attended meeting at the Christian Church Wednesday afternoon and transacted a large volume of business.

PRESIDENT WILSON APPROVES DRAFT

FIVE CLASSES CREATED IN WHICH MEN WILL BE PLACED FOR SERVICE

President Wilson has approved the new draft regulations which will be promulgated soon to govern the selection of the remainder of registered men for the national army. The new plan aims to classify each of the 9,000,000 not yet drafted in his place in the national scheme of defense and to postpone the drafting of men most needed in war industries and those having dependents.

To every registered man a questionaire will be sent for him to fill out and return to his local board. Upon perusal of the questionaire he will be assigned to one of five classes and if he is dissatisfied with the position assigned him by the local board he has the right of appeal to the district board to change his status.

Here is how General Crowder proposes to classify the 9,000,000 remaining men usbject to draft:

Class 1—Bachelors without dependents, men with self supporting wives and any others with no claims of dependency.

Class 2—Highly skilled farm laborers; men with wives who could work, and others of only slight dependency.

Class 3—Men with aged mothers; highly skilled operators in war industries.

Class 4—Men with large families dependent upon them—say, with a wife and three or four children.

Class 5—Legless men, paralytics, and others of the military unfit.

Letter from A. G. Person, Jr.

A letter from a former Snyder boy who is now with the Medical Department of the 23rd Aero Squadron in France:

France, September 25, 1917.

Dear Father: This is a wonderful country and I am having a very wonderful experience.

In reply to whether you should send me a sweater, muffler, hood or any other warm clothing, will say that "Uncle Sam" is furnishing everything we need in the way of clothing, good and comfortable housing, plenty of good wholesome food and is taking the best of care for our welfare.

Your loving son,

"EVERYTHING"

MAXWELL

Most Miles on Tires

We used to say:

"The Maxwell's real greatness is on the inside—the mechanical parts you can't see."

But the wonderful new 1918 Maxwell has just been delivered to us.

Now we've changed our tune.

Today we say:

"The Maxwell is great inside and out—great in EVERY-POSSIBLE way."

Always the most efficient—most economical light car built, the Maxwell now has:—

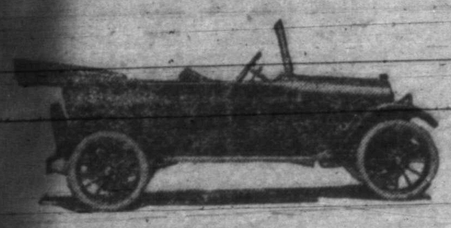

A 6-inch longer wheel base, making it larger and roomier.

Heavier and more rigid frames—6 inches, instead of 3 inches deep—and yet is 50 pounds lighter.

Compensating underslung rear springs—the last word in spring suspension at any price.

A sloped windshield—style of body equal to the highest priced cars.

Friends, the 1918 Maxwell is the best looking, best built car for the money we ever saw!

GOING IT TOO HARD?

Overwork, worry, overeating and lack of exercise and sleep are responsible for much kidney trouble. If your back aches and the kidneys seem weak, rest up and use Doan's Kidney Pills.

Mrs. B. F. Hargrove, Church St., Snyder, says: "My back was in terrible shape. My feet and limbs were swollen and I had dizzy spells and frequent headaches. I used Doan's Kidney Pills and they did me more good than anything else I had ever taken. I don't have near so much trouble as I used to. I occasionally notice weakness in my back and my kidneys are irregular in action, but it doesn't take many doses of Doan's Kidney Pills to relieve me. I advise anyone to get a box of Doan's Kidney Pills at the Thompson Drug Co., if troubled in that way."

Price 60 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hargrove uses. Foster-Milburn Co., Props, Buffalo, N. Y.

Snyder, Texas, October 26, 1917.

There was snow at Amarillo last week.

oOo

It is said that an aircraft passed owes Snyder last Friday evening.

oOo

The Snyder banks show deposits of about a million dollars.—That isn't bad.

oOo

The coming of winter in October is something unusual for this region. Of course it is alright at Amarillo.

oOo

A Baird man told his little son he had enough money to buy a Liberty Bond or a Ford Car and the lad said "buy a bond."

oOo

Bob Fitzsimmons, formerly the world's champion slugger is reported to be dying with pneumonia at a hospital in Chicago.

oOo

War times make individual sacrifices a necessity. American people don't know how to deny themselves but they have to learn.

oOo

Chancellor Michaellis of Germany is too humane to suit the Kaiser and he is to be deposed and Von Buelow is expected to assume control.

oOo

M. G. Bobbitt, aged 72 years and his son Oscar Bobbitt, 38 were shot to death near Mineola last Satuady. J. H. Marable surrendered to the officers.

oOo

It is said that Mr. J. E. Ferguson doesn't want to be tried in the Court at Austin. It is probable that his record is as well known all over the State as in Travis county.

oOo

Frank Swor couldn't stand the pressure and resigned the office of Labor Commissioner in protest of public condemnation of his friend Jim Ferguson.

oOo

It is said that there is only one fifth as much sugar in the country as the peope need. Folks did without sugar in the civil war and it may have to be done again.

oOo

Those towns that proposed to raise funds as a reward for the capture of Kaiser Bill are not by such bluster helping win the war. They should buy liberty bonds and do other practical things, even if they do not get mentioned in the newspapers.

oOo

There is a fuel famine in Chicago and the government will be asked to take control of hoarded supplies of coal. Humanity calls for such action and the hoarders ought to be punished according to the magnitude of their crime.

oOo

A Copenhagen correspondent says Bulgaria is trying to start negotiations with the allies for separate peace. This news follows immediately the Kaiser's recent visit to Sofia and the announcement that Bulgaria is standing loyal to Germany.

oOo

Buy a Liberty Bond and be a United States bond holder. You have heard of those fellows all of your lives and have supposed they were of the richer class—but you can be one of the things if you can muster up fifty or a hundred dollars.

oOo

The St. Louis Republic printed a statement that certain men had been indicted and the paper got out before the indictments had been returned and the court fined the editor $50 for contempt. That was a costly scoop.

oOo

President Wilson has issued a proclamation setting apart Sunday, October 28 as a day of prayer for the success of the American arms and calling upon American people everywhere to join in prayer to the end that [illegible] may soon be brought to [illegible] ending.

oOo

Reports were started last week by designing persons that opponents of the Liberty [illegible] had threatened to draw the [illegible] from the banks, but it is [illegible] that the [illegible] promptly responded [illegible] which such [illegible] withdrawn. oOo

Brutus is credited with having said of his action in stabbing Julius Caesar, "Not that I loved Caesar the less, but that I loved Rome more." He explained his action further by saying that as a friend, he loved Caesar, but as he believed Caesar to be anenemy of the State, he slew him. The true American of German descent does not love the German people less, but he loves America more.

oOo

American people and others in the Panama Canal Zone are liberal takers of Liberty Bonds and the American spirit is growing stronger thruout that region. Colombia has had a grievance against the United States ever since the Roosevelt Administration took the canal zone away from them but they are now reported to be seriously opposed to Germany's submarine warfareand are showing marked friendliness toward this country.

oOo

Germany promised liberty to Poland, but instead the Polish people are required to teach and use not but are required to use none but the Germany language and must even pray in the German tongue. American people must leave nothing undone to prevent such a curse coming to this nation.

oOo

Unless the American people rally loyally to the administration the war with Germany cannot be won and it would be but a short while until this country would be subjected to insults, taxation and dictation of the Kaiser and American Liberty a thing of the past.

oOo

The fellow that spends a little more than he makes will have to slow up some time.

And when that calamity befalls our suffering state, we are ready to move to Arkansaw. But we haven't begun packing our belongings yet.—Taylor County Times.

Fuller may never be governor of Texas, but he stands well with his colleagues who have followed him through one of the hottest political fights ever pulled off in the State.

It is a great pity that this man LaFollette could not, as did the Frodigal Son come to himself. He went off at a tangent and he seems incapable of getting back to the right course. It is a pity. The man has courage, the man has ability. He has simply permitted himself to run counter to overwhelming public sentiment and in his utterances is giving comfort to the enemy, which last fact he seems incapable of grasping. He will destroy himself and that without remedy, unless he speedily retraces his steps and marches with his countryman. Croup

If your children are subject to the croup, get a bottle of Chamberlain's Cough Remedy and when the attack comes on be careful to follow the plain printed directions. You will be surprised at the quick relief which it affords.

The London Daily Mail severely criticises the British War Department for allowing Germany to land troops at Riga. The paper says that is what Germany tried to do in 1915 but was repulsed by the British navy which was not then as strong as it is now.

How to Give Good Advice.

The best way to give good advice is to set a good example. When others see how quick you get over your cold by taking Chamberlain's Cough Remedy they are likely to follow your example. This remedy has been in use for many years and enjoys an excellent reputation. For sale by all dealers.

Chamberlain's Cough Remedy the Most Reliable

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ills., writes "Chamberlain's Cough Remedy has been used in my mother's home and mine for years and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."

Sour Stomach.

Eat slowly, masticate your food thoroughly, abstain from meat for a few days and in most cases the sour stomach will disappear. If it does not take one of Chamberlain's Tablets immediately after supper. Red meats are most likely to cause sour stomach and you may find it best to cut them out.

El Feliz Club Meets

Mrs. R. H. Curnutte entertained the El Feliz Club Friday afternoon, October 19.

Mrs. Neil Gross conducted a short business session in the absence of the president, Mrs. Olin Hardy.

The only business of importance was the election of two new members the ballot in both instances being unanimous; and the changing of the meeting hour from 4:00 to 3:30.

Several members failed to answer roll call, so many being out of town.

Some eight or nine interesting and enthusiastic games of 42 were played at the end of which the hostess served a delicious salad course with coffee.

The Club will meet Friday, October 26 with Mrs. H. G. Towle.

W. C. T. U. Hallowe'en

The W. C. T. U. ladies will have Hallowe'en in the Moonlight on the lawn at Dr. Scarborough's and around the corners of the house and church. We shall expect many goblins, witches and ghosts and they will be there for fortune telling and fishing. When we fish we will always land a fine sack of fruit, nuts and candy. We will have all the fun you have heard about and a great deal of which you have never heard. Come don't miss this spice of life.

FLUVANNA

Written for last week:

Mr. and Mrs. J. L. Deitz left Saturday for the Dallas Fair. They will also visit homefolks at Forney before they return.

Mr. W. D. Harris, one of our old time citizens moved back Saturday, after being gone about a year; first moving to Plainview, Texas, then to the Ozark mountains in Arkansas, then back to Plainview, then back here. He seems glad to get back home, even if this country has made a complete failure in crops this year and we gladly welcome him and his family.

Mrs. H. A. McWhite and children left Friday night over the Santa Fe for Loveland, Colorado where they will join Mr. White, he having gone there some three months ago. We regret to lose these good people, but wish them well in their new home.

Mr. J. S. Collier visited in Colorado and Loraine Friday until Monday of this week.

Mrs. J. D. Letcher and daughter, Miss Ruby visited in Snyder Saturday.

Mr. J. D. Letcher had the misfortuneto lose a good horse one day last week while tanking. They were working the horse to a fresno and the horse got into soft ground and fell, the other horse became frightened and jerked the fresno on the horse that was down cutting both ham strings rendering him worthless. The horse had to be killed.

Dr. J. O. Lane and several others attended the Garza County Fair last Friday.

Mr. and Mrs. Clanton and family moved here from Snyder last week and we gladly welcome them to our town.

Mrs. W. R. Craft and Mr. T. C. Hoy were called to Aspermont Saturday to the death bed of their brother's wife.

Mr. G. M. Hanback is here visiting his family for a few days. He has had employment for the past few months at Lubbock but he has never moved his family there.

Mr. J. F. Dowdy is in Alabama, visiting the old homestead.

Mrs. Bessie Hendricks returned Sunday from Merkel where she spent the last two weeks visiting.

Miss Vera Kinnery returned Sunday from Big Springs where she visited the homefolks for the past two weeks.

Born, to Mr. and Mrs. J. T. Sturdivant on the 14th, a girl, all doing well.

School opened again Monday, after being suspended for two weeks on account of scarlet fever and diphtheria, with attendance of about one hundred eighty.

Mr. and Mrs. J. A. J. Jones visited in Abilene Saturday.

Mr. W. O. Robertson is prospecting this week at Burkburnett. He has just recently sold his farm south of town.

Grandma and Grandpa Sturdivant of Hemleigh are visiting their sons Wm. and J. T. Sturdivant and also their daughter, Mrs. L. A. Hicks, this week.

The road bond election here Saturday resulted in the defeat of the bonds 13 to 21.

Mr. H. D. Keel and Henry Dorsett left Tusday for Wichita Falls, Texas.

Dr. J. O. Lane and W. B. Dane are prospecting in New Mexico this week.

Mr. Sarna James is taking in the sights at the Dallas Fair this week.

Mr. Hale moved his family to town this week for the convenience to the school and his work.

Mr. B. F. Collier sold his residence in the northeast part of town to D. M. Fry.

Mr. Sam Davis and Mr. Moseley returned from Dickens county Monday where they have been for the past two months working. Sam left Tuesday morning for Runnels county on a business mission. He expects to be gone only a few days.

Miss Oma Ball returned last week from a three months visit at Lovington, New Mexico.

Mr. J. E. Park was here Friday of last week shaking hands with his old friends and selling dry goods to our merchants.

RUNOVER—Fluvanna . . . . . .

Houston Jones is working at the Mercantile during the absence of Mr. Deitz.

Mr. B. F. Chancellor, proprietor of the Ford Garage at Gail was here Monday enroute home from Snyder. While here he told us that Gail was still on the map by a big majority and also told us a funny story about the Ford cars. Ask him about them.

Rev. S. T. Cherry will preah his last sermon in this conference year next Sunday. This is his second year here with us and he and his family have made many friends while here who will regret to see them leave us, should conference see fit to move him.

I have reduced my prices. I shampoo, and dry the hair with electric dryer, only 25 cents.

Murphy's Handy Full Page Calendar, perfected and arranged by the Murphy Advertising Syndicate.

HANG THIS CALENDAR UP---You May Get $5.00 in Gold

Read Carefully---Act Accordingly

Within the next few days a representative of the Snyder Signal will call at some subscriber's home and ask to see this "Handy Full Page Calendar." The first home at which the representative calls and finds this calendar hanging or pasted on the wall in the home in full view, a Five Dollar Gold Piece will be presented—provided that the party who answers the call has previously familiarized himself or herself, as the case may be with the advertisement appearing under the date that the representative calls.—Get up each morning, look at the date, read the advertisement under that date and fortify yourself against the Signal's representative on that day. Nobody knows into whose home he will go or when. It may be 10 miles or 20 miles from Snyder or it may be in the corporate limits of the city of Snyder—be prepared, hang this calendar up.

Why this Handy Full Page Calendar is Printed and Given to You.

This handy full page calendar carries with it a list of advertisements from Snyder's most aggressive and progressive business concerns—concerns that are known as the standard in their respective lines of endeavor, business men who believe in the power of truthful advertising, that man or concern who advertises its business would naturally enjoy a greater volume of business than he who does not advertise, therefore he is permitted to sell his merchandise at a much smaller margin of profit—this timely hint if heeded is of incalculable value to you.

World's Temperance Sunday

All annual observance of the day known as World's Temperance Sunday, has been given to the Sunday Schools and is now almost universally observed.

We are indebted for the suggestion to Hon. Charles Waters of the London Sunday School Union, where the movement began and the original date, the fourth Sunday of November was fixed.

The Sunday School department of the Woman's Christian Temperance Union was asked to co-operate and the department most gladly consented beginning the work of establishing the World's Temperance Sunday in the United States in the year 1895. Records show that by action of the ecclesiastical Bodies of all the leading denominations, the movement was endorsed and it was recommended that the fourth Sunday in November be observed as World's Temperance Sunday.

The International Sunday School Association also gave its endorsement to the plan and urged the universal observance of the day.

Mrs. W. F. Crafts, World's Superintendent of the Sunday School Department of the W. C. T. U. has been most successful in securing the co-operation of leading Sunday School Workers of foreign l ands and this annual Temperance Rally Day is now a great factor in Sunday School work, not only in the United States, but in the countries throughout the world.

Now, the British Sunday School Workers desire a longer period for their advent season and therefore have requested the International Lesson Committee to place World's Temperance Lesson on an earlier date in the month which they have graciously done, now the second Sunday in November.

The World's and National W. C. T. U. have pledged their loyalty to the Internatonal Lessen Committee and will seek to have the day observed which is designated in the International Uniform Lesson Series and scheduled as World's Temperance Sunday.

The International Sunday School Lesson Committee has given great significance to World's Temperance Sunday by providing each year a most excellent temperance lesson for that day, and let it be remembered that millions of Sunday School children study that lesson simultaneously.

Lesson writers and publishers of lesson helps and Sunday School papers are doing much to emphasize World's Temperance Sunday by giving a arge amount of space to temperance notes, illustrations, applications, stories, special articles setting forth facts and giving suggestions for temperance work in the Sunday School. This is especially true on the Sunday School Journals, "The Evangel" and "The Sunday School Times."

World's Temperance Sunday is primarily for the Sunday Schools and intended to be a fixed opportunity to educate the youth in total abstinence and prohibition principles, from the Bible standpoint. In the Sunday Schools are the coming voters and that this education shall also be along the line of Christian citizenship the International Sunday School Association requests that the topic be made prominent in all our work on World's Temperance Sunday. This is being done, We have quarterly Temperance Lessons and each one brings its opportunities, the interest in the temperance work in the Sunday School centers in the World's Temperance Sunday and the temperance work of the year very naturally culminates then. It is the day of all days for pledge signing, special programs, rallies, mass meetings and the circulation of temperance literature. World's Temperance Sunday is therefore of inestimable value to the Sunday School world.

The adoption of the Temperance Department in Sunday School Association work has grown out of the activity along temperance lines in the Sunday Schools, and this, as has been stated, is largely centered in World's Temperance Sunday.

It is significant that in the plans of work outlined for the Temperance Department by the International Sunday School Executive Committee special directions are given for the work on World's Temperance Sunday. A beautiful harmony exists in all the plans for Sunday School Temperance Work executed by different organizations and the marvelous success resulting therefrom, together with the popularity of the World's Sunday School Temperance Sunday is positive proof that our Sunday School Leaders have been divinely guided.

A plan is now suggested that in like manner as World's Temperance Sunday has been established for the Sunday School, a Christian Citizenship Sunday should be established for the church and that day to precede election day. This is a practical plan. The Christian voters of today are to be found and reached in the church and much could be done to aid in temperance campaigns. This is a distinct purpose of Christian Citizenship Sunday. Such a day, if established would give great impetus to the Religious Temperance Educational work which is being done in the Sunday School on World's Temperance Sunday and would be a step in the right adjustment of things, since the church is the parent of the Sunday School.

Let the good work go on. Let no discouraging note be sounded. Let nothing interfere with the present successful plans of the S. S. Temperance work. Rather let everyone co-operate tothe end that Bible Temperance Instruction shall be regularly and systematically given and our World's Sunday School Temperance Sunday be more firmly established.

Suggestions for the observance of World's Temperance Snuday:

Announce the day through press and pulpit.

Decorate the S. S. room. Use flags, mottoes, flowers anad pledge chains.

Have special programs for the S. S. hour—new and attractive.

Emphasize Christian Citizenship in adult classes. A sermon on this topic from the pastor will do much good.

Circulate the Pledge. Let every member of the school have an opportunity to sign it.

Provide teachers with special help for the day.

Hold a S. S. Temperance Rally in the afternoon in which all Sunday Schools will participate.

Counsel with all Sunday Schoo Superintendents and let there be an effort to have concerted action in the schools along one or more lines of effort.

Circulate Temperance Literature. This is our great opportunity for seed sowing. Improve it.

Cordially yours for service,
W. C. T. U.

EVER SALIVATED BY CALOMEL? HORRIMLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite cramping and sickening you. Calomel attacks the bone and should never be put in your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous caolmel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. Its guaranteed to start your liver without stirring you up inside and cannot salivate.

Don't take calomel. It makes you sick the next day; it loses you a days work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and does not gripe. Na. 10

Notice

Having discontinued the dry goods business in Snyder for the present, and will be in Rockwall where I have moved my goods, I have left all my notes and accounts with Fritz R. Smith, office over Snyder National Bank. I kindly ask all those that owe me to call and settle with Mr. Smith as soon as possible as I am in need of money very badly.

Respectfully,

Mr. Templeton Saw the Fair

J. W. Templeton returned Wednesday morning from the Dallas Fair He says the Fair is good and the biggest crowds he ever saw were there Saturday and Sunday. It was estimated that 160,000 people were there Sunday. Mr. Templeton heard a part of McAdoo's speech but the crowd was so large he couldn't get near enough to hear it well.

THE TIE ON BLOUSE CONTINUES IN FAVOR IN FALL STYLES

New, York, Fifth Avenue and the Fall months. Could there be a more glorious combination? The very air is charged with magic. As we walk briskly along that wonderful thoroughfare, we view with kindly eyes the passing throng, seeing all the attractions and the human failings that are a part of this kalledoscopic scene, happy in their hoppiness and glad that they too are alive. A well dressed crowd is always a study in psychology. Here we can trace the influence of passing events in the nation's affairs; for the times and the spirit of the times are clearly reflected in the costumes of the women.

There are creations, marvelous gowns, furs and coats to be seen, but about each there is a subdued elegance of good taste. Under the glamour of these snappy days one can see the ever present feeling of the seriousness of the war. We simply can not dress inappropriately when these happy-go-lucky youngsters in khaki throng our streets and act as escorts to palces of amusement.

The Battle of the Bustle

There is a restraint about everything, from the sleeves which are long and tight in street costumes to the skirts which are narrower than last year, and which promise to be longer. There is one important question which has not as yet been settled. A fierce battle is waging between the two factions, for the bustle and against it. After all, it is up to the women themselves in the end, and only they can decide whether a style is "to be or not to be." Fashion authorities may launch a mode, but if the women won't wear it—it dies, and something else quickly takes its place.

The Dress and the Suit.

At present indications are that the dress and coat will be more popular for street wear than the coat suit. This is a rule that is easily set aside and there will be many suits worn this year. Indeed it is an American costume and the American woman always feels that there are occasions when only a coat suit should be worn however, dresses to be worn on the street without a coat, these first cool days are holding the center of the stage. Blue serge eads, as it always does, but tricotine, gabardine and wool jersey, as well as the heavier woolen materials in various colors are equally smart.

The illustration shows one of the many clever designs for the tie-on blouse. The surplice line is so generally becoming that I, for one, am glad to see that it continues to be a fashion favorite. The panel effect in the front with its braiding design is another feature. This dress was developed in blue serge with the collar and braiding in biege color. At first glance one sees the simplicity of the costume, an effect gained by the absence of trimming. A dress of this type is equally suitable for morning or afternoon.

Buttons and Tassels

The day of the button seems to have arrived to stay. They are of every shape and color and in many cases are the sole trimming on a trim tailored frock. They also crop out in unexpected places. We naturally look for them onthe fronts of the coats, dresses and waists; sleeves too and even collars have been devotees of the button for some seasons. Now, though they have taken new strongholds. Up and down the back they travel, around the hems of inconspicious skirts, and across the shoulder and down the sleeve.

When they match the color of the costume, they are smart; when they are of a contrasting shade they are smart; when they are round, square or oblong they are smart. Indeed,

one is tempted to say, that this fall they are the chosen insignia of Dame Fashion.

Tassels too, and fringe come in for their share of applause. In different widths and shades they accentuate the flying drapery of the straight silhouette.

What is the most economical cooking fat?

When you step into your grocer's you find different shortenings—quoted at different prices. You may want to know which is the *truly economical* shortening.

The prices don't tell.

Some shortenings will go much farther than others.

For instance:

Many careful housekeepers have found that Cottolene goes very much farther than other shortenings which they had been using.

The reason?

It is very much *richer.*

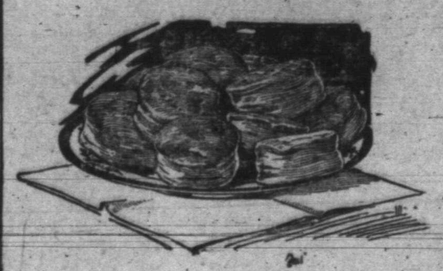

Cottolene contains no water. It is always uniform in quality.

You will find, too, that pure, economical Cottolene gives to biscuits, cakes, pies and fried tid-bits a delicate flavor that even expensive butter might well be proud of.

The unusual *richness* of wholesome Cottolene makes its economy a true economy.

In baking, use one-third less of Cottolene than you have ordinarily used of other shortenings.

Remember *that* the next time you order from your grocer. Remember, too, that he can supply Cottolene in tins of convenient sizes.

Recipe for
BAKING POWDER BISCUIT

Into two cups of sifted pastry flour sift and mix one level teaspoon salt and two rounded teaspoons baking powder; chop in one level tablespoon chilled Cottolene. Wet to stiff dough with ¾ cup half water and half milk.

Rolled ¾ inch thick and cut with 2-inch biscuit cutter this recipe will make about a dozen biscuits.

Letter from Fred Clark

Memphis, the capital and business center of the county of Hall, is located 200 miles north and a shade east as the crow flies from Snyder.

Generally speaking this is the same type of country and people as that—aside from its superior climatic advantages. Hall county people have enjoyed, all along, the blessings and resultant prosperity of more seasonable conditions than have the people of Scurry.

This has been apparent in a steady and systematic development of both the town and country. We have light to variable winds, accompanied at times by sand, still this climate is remarkably like the humid and amiable atmosphere of Fort Worth and Central Texas. This of course, makes it at once more productive and habitable. Moisture for plant life means growth; a lack of it means death. This granted, and since "civilization is based upon agriculture" it can be expected to make progress only where there is regular and seasonal rains.

The present achievement of this country, as well as that of its future welfare, depend upon its strategic location in the "rain belt."

Memphis is noted first, for her churches, having built, equipped and paid for three splendid properties at an aggregate cost of $100,000.

Next in order is her schools. She has a new high school building of modern construction, two ward buildings and the consequent efficiency to be expected of this environment.

And a Carnegie Library of artistic mien—well stocked with both ancient and modern lore, lends charm to her main street.

So it will be seen that her aesthetic advantages have not been neglected.

And what is greatest of all for the average citizen, Memphis has 25 miles of concrete sidewalks, interlaced and reaching to the remotest parts of town. A people come to think more of themselves who have sidewalks to walk upon.

But these advantages could only follow a regular crop production, in the country contiguous to Memphis, covering a period of many years.

But—"Of all the winds that blow" we dearly love that from Snyder. For us, Snyder and Scurry county will long be the center of the universe, for it still comprises largely our world of friends. And with its climate more seasonable it would at once become with its splendid citizenship, an ideal land indeed.

HEARD ABOUT TOWN

E. J. Thompson says he has finished his crop of twelve shocks of sorghum and six bundcles of maize heads. The expense of handling was only about $600.00. Somebody made some money out of his efforts or there is a heavy leakage.

J. W. Haney was here Saturday telling about sand storms he has seen.

Reports from Dunn said that up to a week ago 159 bales of cotton had been ginned there and a bout that many more expected. Hermleigh had ginned 184 bales.

It has been suggested that Snyder charter an aircraft to bring the mail from Dallas and Fort Worth, if the T. & P. railroad can't do it.

Uncle Pack says it takes 15 cents now to buy a box of Prince Albert.

Charlie Palmer says the boll worms stayed on their job till they froze to death.

Sheriff Merrell says unless business picks up, he would be glad to have even the job of driving the street sprinkler.

Judge M. E. Rosser says people should always try to keep a little sunshine in the soul, but it is a hard job under present conditions.

Joe Monroe wants to know if the Signal still advises people to come to Scurry county. Sure the Signal believes there is no better place to go, if people will use good judgment about it.

A. G. Harral Married.

A wedding announcement has been received in Snyder this week which says: Mr. and Mrs. William L. Harroldt announce the marriage of their daughter, Carolyn Lytton to Mr. Arthur Gloster Harral, Thursday, October 18, 1917 at San Antonio, Texas. At home, Hat A Ranch, Free, Texas.

Mr. A. G. Harral is kindly remembered here as a former citizen of Snyder, having at one time been proprietor of the Snyder Steam Laundry. From here he went in the sheep business in southwest Texas and made a pile of money. He is now ranching in that country. He has hosts of friends in Snyder.

Cincinnati authority tells how to dry up any corn or callus so it lifts right off.

You corn pestered men and women need suffer no longer. Wear the shoes that nearly killed you before says the Cincinnati authority, because a few drops of freezone, applied directly on a tender, aching corn stops soreness at once and soon the corn loosens so it can be lifted out, root and all, without a bit of pain.

A quarter of an ounce of freezone costs very little at any drug store, but is sufficient to take off every hard or soft corn or callus. This should be tried as it is inexpensive and is said not to inflame or even irritate the surrounding tissue or skin.

If your wife wears high heels she will be glad to know of this.

in a jiffy when needed, always ready and willing for emegerncy work. And our manner of doing it leaves nothing to be desired; either in the workmanship, the material used, the time consumed in doing it, or the charges made. We do every pob with the hope of being always called upon in the future when similar jobs are needed. Charges fair.

First Baptist Church

Sunday school lesson at 10:00, preaching services at 10:40 and 7:15 Both hours are to be made special houra.

At the morning hour we will discuss our State Mission Work and make our offering for it. Texas Baptists are now in the midst of a campaign for the raising of $175,000.00 to be used in this great work. Much of it is being used in evangelistic work among soldiers in our different training camps and hundreds of them are being led to Christ. Let every member of the church be present and bring an offering for the work. Give something for all the children and let them have a part in it also.

At the evening hour, 7:15, we will have a special patriotic service. This day has been set apart by our president according to the late bill passed by Congress, as a day of special prayer for the success of our armies in the great task to which we have put our hands. The service will be preceded by a thirty minute song and prayer service, and then the pastor will speak along the following lines; WILL AMERICA WIN THE WAR? If so Why and How; If not, Why not? and Have we any special reason for believing that America will win? Can we afford to fail, and will German Militarism, Brutality, Lasciviousness and Despotism ever rule over the World?

The Supreme hour has come for Americans to show their loyalty to the cause well worth while, and to show their patriotism even in their religious services. A cordial invitation is extended all, for we believe that all should have a part in a service like this.

BE NOE DECEIVED; AMERICA BE NOT DECEIVED; AMERICA EVER GERMANY SOWETH THAT SHALL SHE ALSO REAP.

W. H. SIMS, Pastor.
