MUENSTER, COOKE COUNTY, TEXAS 76252 JANUARY 5, 1968

NUMBER 7

Recommended memo as a reminder of something to be done urgently and soon: register to vote this year. The deadline is January 31. That's plenty of time. However, time has a way of slipping away for those who put things off, so it's smart to act promptly and not take the chance of being left without a say at the ballot box.

It's hardly necessary to mention that this is a big year, politically. Daily news is already crowded with reports of campaigning by those who hope to get nominations for the country's top job. In addition, of course, there will be contests for district, state and local elective offices. Possibly, too, there will be elections on certain issues. We don't know how many voting opportunities there will be but we are certain that we'll find lots of use for registration certificates — and people who don't get them will regret it.

A special issue which may possibly come up this year is a local sales tax. Judging from the number of cities that have adopted it in recent months, this seems to be about the most popular tax proposal ever introduced to Texas. People of Muenster, too, may decide they want it. Apparently it's about the least painful and most convenient method yet of raising municipal funds.

A few years ago it would have been voted down by most of the cities that have approved. The attitude changed however, after it became possible to tie it to the state sales tax. No collection problem is involved. Just boost the rate from 2 to 3 percent and let the state comptroller send a check for the city's share. Nor is there any complaint from the public. The one percent added to a purchase seems to be okay with most people. In fact they like it better than the thought of increasing their ad valorem tax.

Well, we'll see what develops on that subject. Meanwhile, it's a good idea to be ready for a vote on it. Don't forget to register.

(A story elsewhere on this page indicates that the sales tax election is coming soon. It was ordered by the city council after the foregoing comment was written.)

A news report says that reds of Southeast Asia are moving troops into Laos, Cambodia and Thailand in an attempt to draw American troops away from South Vietnam. The move apparently has the double purpose of forcing us into a greater war burden and also relieving some of our present pressure on the reds in Vietnam.

As things have been going for the past several years that strategy could serve the communists very well. The kind of jungle fighting our men were forced into makes the war mostly a man to man conflict. We like to think that our men have the advantage in training and equipment but we also have to admit that theirs have the advantage of numbers. So the war generally has been a standoff.

However it will not remain that way if the enemy sends in enough troops. And, they have the numbers to do just that. They could go on and on with that method to the point at which we could not possibly keep going — that is, if we continue permitting them to choose the method of fighting.

At the same time there are signs indicating that we are about ready to choose our own method of fighting. Bomb targets that used to be off limits aren't any more. Also New Year predictions are that supplies into Haiphong will be stopped, and some present sanctuaries will not continue to be immune. President Johnson is finally listening to hawks more than doves.

The situation suggests a possible change to war methods which used to win for us. In the World Wars American troops did not have the whole job. Bombers helped, hitting wherever necessary to cut off the enemy's supply in the field. Eventually enemy troops were not able to carry on.

Similar opportunity exists now. While reds try to impose a handicap on us we can impose a greater one on them. While they try to overwhelm us with manpower we can see that the hordes do not get adequate supplies.

We ought to go by precedent in the final settlement as well. The case of Japan is a good

Muenster Firemen Answer 82 Calls During the Year

The past year was another busy one for Muenster's volunteer firemen. They answered 82 calls for help, 33 in the city and 49 in the rural area.

Their busiest month was January, when they responded to 22 alarms. Several days that month brought two alarms and one of them, the 14th brought 4 alarms. Other busy months were March, 12 alarms, August, 11 alarms, and November 10 alarms.

As in years past grass fires, both in and out of the city, accounted for most of the alarms. There were 54 of them, of which twelve were on the Katy Railroad right of way.

Two grass fires were whoppers. The one at Valley Creek in March cleared off hundreds of acres of grazing land and timber. In August a big field of prairie hay was lost on the Meador place northwest of town.

Other more costly fires of the year were Tommy Knabe's trailer home, Hugo Bengfort's barn, Urban Endres' barn, Bud Johnson's home, Forestburg, and Richard Grewing's storehouse. A blaze at Muenster Mill was going strong when firemen arrived and would have been beyond control a few minutes later.

The year was also eventful in addition of new equipment for greater efficiency of operation. The items are a 2-way radio, 150 feet of additional 2½ inch hose, two Air Pack units with spare air bottles and a smoke mask.

Purpose of the 2-way radio is to keep in communication with the city and with Saint Jo's fire department. It was purchased on a 50-50 deal with Saint Jo, and enables the departments to keep in touch and cooperate when both are on the same job. Frequency is set to that of the sheriff's department, which is in touch with the city by regular or mobile telephone.

There have been occasions when the radio would have saved time for the firemen. An alarm relayed to them while on the job would have sent them directly to the next assignment, and by the shortest route, rather than wait for them to get back to the fire station.

Air-Pack units enable the firemen to work in smoke, breathing clean air from a 30 minute supply compressed in a tank. They allow firemen to look for flames in smoke filled rooms and to act more effectively when a flame is spotted. They reduce the use of unnecessary water, usually reducing damage proportionately, and they also help in rescue work.

A gas mask with chemical canister, purchased earlier, serves the same purpose but to a lesser extent.

Four members were added to the fire department during the year. John Yosten came back after a leave of absence to attend college. Dickie Pagel, Walter Bartel and Clarence Hudspeeth are new members.

Postmaster Arthur Endres reminds mailers that new higher postage rates become effective Sunday, including the 6-cents-an-ounce charge for first-class letters.

New Postal Rates Effective Sunday

Other rates effective Sunday, he noted, are: 10 cents an ounce for air mail and 5 cents each for postal cards.

One of the most pertinent changes, affecting post offices without city carriers, is the elimination of the special rate for drop letters. Drop letters will no longer be subject to a rate lower than the regular rate.

When you consider that 6 cents will carry a first-class letter addressed to any one of 200 million person in 50 states, as well as letters addressed to any of 63 million persons in Mexico and Canada, this still remains one of the biggest bargains on earth, Postmaster Endres pointed out.

The 20 percent raise in first-class letter rates, effective Sunday, is a smaller percentage than that imposed on other types of mail.

He pointed out that there has been a 24 percent raise in the rates for mailing newspapers and magazines and a 34 percent hike in the charges for advertising circulars, "occupant" mail and other bulk third-class mail items.

The new rate provisions also establish important rate changes for heavier first-class mail pieces. If the first-class mail piece weighs more than 13 ounces, it will go automatically by the fastest transportation available — meaning air service, usually. Such mail will be merged with air parcel post under a single rate schedule. All air mail above 7 ounces also will be subject to the air parcel post rate schedule.

The postmaster assured local residents plenty of one-cent stamps are on hand for use with any existing stocks of 5-cent stamps they may have on hand.

Kenneth Lloyd King of Charlottesville, Va., visited his mother, Mrs. Louis Roberg and Mr. Roberg during the holidays. He was in Dallas for interviews with a law firm preparatory to his graduation from law school this month.

Scholastic Census Starts This Week

Work in the 1968 scholastic census of the Muenster school district is under way. Superintendent L. B. Bruns said this week that census cards are being prepared for all children now on the records and will be sent out as soon as finished for verification and signature of the parents.

Procedure is the same as that used for the past several years. Last year's census and this year's class rolls are both consulted to see that all present students are listed. And the roll of pre-schoolers supplies names of beginners for next year.

That accounts for all except children who will be 6 years old on or before September 1 but do not attend pre-school.

Parents of those children are asked to contact Superintendent Bruns and make sure they are not overlooked.

Parochial Teams Drop Four Games During the Week

Sacred Heart basketball teams had nothing but trouble in their four games of the past week. Last Friday night the first and second string boys teams were crushed by Notre Dame of Wichita Falls. Tuesday night boys and girls lost as decisively to Callisburg.

The program with Notre Dame started with the B teams, in which the visitors completely outclassed the hosts. Notre Dame won 54-8.

Next game was some better but still very one sided. The visitors won 82-41. Knights were slow in starting and led 14-10 at the quarter but gained fast after that. Leading scorers for Sacred Heart were Lee Roy Hess 15 and Paul Hoedebeck 12.

At Callisburg Tuesday night the Sacred Heart girls lost 61-16 and the boys lost 59-32.

In the first game the Tiger-ettes were handicapped by the loss of Joyce Schmitt who will have her ankle in a cast for about three weeks. Margaret Kralicsek scored 11 for Sacred Heart.

Fouls were the Tigers' big problem. They made 25 while Callisburg made only 11, and they trailed 13 points on free shots. Leading scorers for Sacred Heart were Lee Roy Hess 14, Stan Endres 7 and Paul Hoedebeck 6.

Next action for the Tigers will be at Fort Worth Day School next Friday. Seventh and eighth graders will go along and play the youngsters of that school. Sacred Heart girls have no games in sight until February.

More action for the juniors will be a game with Lindsay kids on January 11.

Mrs. Al Swirczynski of Mesquite was here Tuesday to visit her mother, Mrs. J. S. Horn and the Joe Swirczynskis.

Pratt, Taylor and Hillis Announce For Re-election

Three of Cooke County's elected officials notified the Enterprise this week that they are candidates for re-election this year. They are Bill Pratt, sheriff, Jo Hillis, tax assessor-collector and Earl Taylor, commissioner of Precinct 3.

Formal statements from each will be published in later editions of the Enterprise.

Less than Half of County Voters are Registered for '68

Voter registrations in Cooke County for the coming elections were slightly under 50 per cent as the new year arrived. County Tax Assessor-Collector Jo Hillis said Tuesday that about 4200 had registered.

In 1964, the last presidential election year, the county listed 8347 poll taxes and exemptions, which was considerably under the full voting strength. Over age voters in towns of 10,000 population or less were not required to have a poll tax receipt or exemption. Now everyone is required to register, regardless of age or place.

Mrs. Hillis said that a record number of qualified voters for this year is still possible, in spite of the slow start. January is normally a busy month for tax paying and most people will register then. She also expects some registrations from persons who formerly refused to pay poll tax.

Muenster Cagers And Sanger Teams Divide Two Games

Each of the Muenster High teams has won a game and lost one during the week. The girls lost a hot one 41-36 to Sanger and breezed past the Exes 48-20.

The Hornets won 56-47 over Sanger B and were tumbled about 90-50 by the Exes.

Meeting the ex-students, MHS girls gained all the way for their 48-20 win. Top scorers were Debbie Cain 22, Sue Flusche 14 and Linda Wilson 12. Theresa Walterscheid hit 14 and Cindy Russell 5 for the Exes.

Coach Charles Cash and his MHS girls were pleased Tuesday night to meet the Sanger first string. They had beat Sanger B 65-23 the week before.

Tuesday's game was a much better match. After trailing 13-5 and 17-15 after the first two periods Muenster nudged ahead for a 29-26 third period lead. However the team felt the loss of two members by fouls in the final period and dropped behind for the 41-36 final tally. Debbie Cain scored 18 and Linda Wilson 14 for MHS.

In the second game the Hornets had the satisfaction of avenging a 47-35 defeat the week before. The Hornets jumped to a 19-7 first quarter lead and Sanger B crowded them the rest of the way for counts of 29-26, 37-33 and 56-47 ending the last three periods. Leading scorers for the Hornets were Mike Cason 15, Sam Sparkman 14, Tom Henschel 12 and John Monday 10.

The game with the old timers did not turn out as good. They were bested about 90-50 by Jimmy Robison, Dickie Embry, Ronny Russell, Tom Flusche, Charles Cash, Gary Sluder and Tommy Cash.

That ends the non conference competition for the MHS teams. They will start their district schedule Friday night meeting Lindsay teams here. Next Tuesday night they will be at Valley View.

Clear Creek Watershed Will Elect Directors

An election to name three directors of the Clear Creek Watershed Authority will be held next Wednesday at three locations in the district.

The voting boxes will be at Era, Forestburg and Bolivar for members living in Cooke, Montague and Denton Counties respectively.

Nominees printed on the ballot are George Berry, J. W. McCall and Tom L. Muir, all candidates for re-election.

The Gene Lukes of River Falls, Wisconsin, returned home Monday after a holiday visit with Mr. and Mrs. Ben Luke. The Charles Denny's, also guests at Ben Lukes', returned to San Antonio last Saturday.

Election Set on City Sales Tax

People of Muenster will vote on a city sales tax at a special election set for Saturday, February 3.

Members of the city council decided on the election and picked the date at their regular meeting Tuesday night.

The main reason for the tax, as explained by Mayor Earl Fisher, is to finance the sewer improvement job now facing the city.

That project is a must because of increasingly rigid sanitation standards in the current campaigns against stream pollution. The job done by the local plant doesn't meet the revised requirements.

Cost of the project is estimated at \$90,000, which is about \$65,000 more than the city has on hand. So the council had the problem of deciding where the money will come from.

Organ Concert by Gareld Payne Set For January 10

Gareld Payne, music director of Muenster Public School, will appear Wednesday night of next week in an organ concert for the benefit of the Muenster High band. The program will be in the auditorium, starting at 8 p.m., and admission charges will be \$1.00 for adults and 50 cents for students.

The program will be similar to that in March of last year, presenting Payne in modern and classical numbers. The Wurlitzer organ he will use is furnished through the courtesy of Brooks-Mays Music Company of Dallas.

Payne has a rich background of musical experience. He has been playing and studying music since the age of five and attended the University of Oklahoma on a music scholarship. At this time he is doing graduate work on the organ at NTSSU.

He also has a professional background in music. His experience includes a big restaurant and cocktail circuit, two background scores for movies, a published sacred anthem, several pop compositions, many concerts, and an engagement of more than six months in Las Vegas. He has been billed as the Liberator of the Organ. While in Hollywood he was listed as one of the top ten organists of the nation.

Hall Appointed on Intern Program Guide Committee

AUSTIN — Speaker Ben Barnes, chairman of the Legislative Internship Advisory Committee, today announced the appointment of Senator Ralph Hal, Rockwall, to the committee which guides the Texas Legislative Internship Program.

Although Senator Hall has not served on the advisory committee previously, he is familiar with the value of the program to both the legislative process and the participating students. During the 60th Legislature, one of the interns provided staff assistance to the Senate Committee of which Senator Hall was vice chairman.

Since the beginning of the program in September 1964, a total of twenty graduate students from law, political science, and related disciplines have had the opportunity for gaining practical knowledge of the Texas Legislature. The Ford Foundation grant, which is still providing partial financial support for the legislative internship program, will expire in June 1969, after ten more students have participated in the unique experience provided by the program.

Speaker Barnes expressed confidence that the legislature would provide full support for the continuation and expansion of this valuable program.

SH Juniors Sponsor Dance
Juniors of Sacred Heart High are sponsors for a dance to be given Saturday night in the school gym, starting at 9 o'clock. Rhythm makers will be the Paper Sons of Denton.

Three possible sources of revenue were considered. City ad valorem taxes can be increased, sewer service charges can be increased, or the city sales tax can be adopted.

Expected revenue from a sales tax is based on an estimate of the Texas Municipal League. It indicates as much as \$12,000 a year, so the councilmen conservatively estimated the figure at \$9,000.

To raise that amount in ad valorem tax would require a 100 per cent increase of charges.

Of those alternatives the council preferred the sales tax and set the election to let the public decide.

Mayor Fisher said that February 3 was set because it is the earliest convenient date possible — and an early answer is wanted to avoid delay on the sewer improvement project. The method of financing must be determined before the project can get state and federal approval.

If Muenster people turn down the sales tax the council must arrange for an increase of property tax or sewer fees, or a combination of the two.

If the tax is approved it will become effective in the third quarter of this year. The present 2 per cent sales tax would be upped to 3 per cent, and the additional 1 per cent would be returned to the city each quarter by the state comptroller. The state's charge for collecting and remitting is 2 percent, which would amount to \$180 a year on the revenue expected here.

1968 Shapes up as Action-Packed Year In Texas Politics

AUSTIN, Tex. — Any way you look at it, 1968 shapes up as the most action-packed political year for Texas in more than a decade.

It will start with a wide-open governor's race in the Democratic primary perhaps the roughest since 1956. Also, there may be some other close races for less exciting offices. And of course, the presidential battle will hold the November general election spotlight. If Texas Republicans make good their threat to field a strong candidate for governor, and it seems they will, there will be plenty of action on that front almost the year around.

There is no sure way of predicting at this point whether U. S. Sen. Ralph Yarborough, Lt. Gov. Preston Smith, Secretary of State John Hill, former Atty. Gen. Waggoner Carr, Dallas radio man Gordon McLendon, Houston attorney Don Yarborough or an unheard-of dark horse will emerge the Democratic nominee for governor. Neither is it clear who the Republicans will put up to oppose him. Congressmen George Bush of Houston? Sen. John Tower? An unknown?

While Texas national Democratic convention delegates obviously will be pledged to support President Johnson, state Republican leaders have not tipped their hands as to their favorite candidates for nomination.

Although the winners can't be picked in advance, red letter dates can be marked on the 1968 political calendar. Here are the main ones:

February 5 — Last day for filing as candidate in primaries.

May 4 — First primary election and party precinct conventions.

May 11 — County party conventions.

June 1 — Second primary election.

June 8 — State convention to pick national convention delegates.

September 17 — State conventions to pick Texas party leadership (executive committees) and write the state party platforms.

November 5 — General election.

Remember that, to participate in any of the action, you must register (it's free) with the county tax assessor-collector or authorized deputy by January 31. Registration is simple and can be accomplished through the mail on forms provided by most newspapers.

Miss Walterscheid And Dennis Hess Say Vows at Mass

Miss Kathy Walterscheid and Dennis J. Hess exchanged wedding vows in a double ring ceremony at Nuptial Mass Saturday, Dec. 30, 5 p.m. in Sacred Heart Church. Father Alcuin Kubis officiated.

Parents of the couple are Mr. and Mrs. Paul Walterscheid and Mr. and Mrs. Alois Hess.

Anthony Luke, organist, and the church choir provided Mass music and Mrs. David Walterscheid, bride's cousin, was vocal soloist before the service and again afterward when the bride placed a bouquet of white gladioli on the Blessed Virgin's altar.

Given in marriage by her father, the bride wore a silk and taffeta wedding gown ensemble. The removable sling coat with brush train and elbow-length sleeves revealed an Empire sheath with Swiss Venice lace. A satin bow held her triple-tiered veil and she carried a yellow-throated white orchid and feathered carnations.

Bride's attendants were sisters of the couple, Mrs. David Hudspeth, matron of honor, and Mrs. Roy Monday, both of Dallas. They wore American Beauty brocade taffeta floor length A-line dresses with high necklines and bell sleeves, and matching veiled headpieces, and carried colonial bouquets of pink roses.

Roy Monday was best man and James Walterscheid of Arlington, brother of the bride, was groomsmen, Danny Schmitt and Leon Knauf ushered.

The bridegroom's small niece and nephew, Leann and Wayne Fitch of Dallas were flower girl and ring bearer. Little Miss Fitch was a miniature duplicate of the bride's attendants.

Wedding reception and buffet were held in the Parish Hall where Miss Marilyn Walterscheid, sister of the bride, and Mrs. Clyde Walterscheid, a sister-in-law, registered over 200 guests.

The newlyweds are making their home in Dallas. Both are graduates of Sacred Heart High School. She is employed by Lone Star Gas Company. He will be graduated from NTSU on Jan. 28 and will be employed by Southwestern Bell Telephone Co. in Dallas.

Fathers Paul Hoedebeck, Frowin Schoech, Eugene Luke, and Bruno Fuhrmann had a three-day holiday visit, Thursday-Saturday, the past week with their families. They were on a car trip from Subiaco, Ark. Father Paul left the group at Denison for a visit with his brother Ray and family, and they brought him to Muenster.

Miss Ronie Hess made a flying trip from Austin to attend the Saturday wedding of her brother Dennis Hess and Kathy Walterscheid and remained through the weekend and Jan. 1 with her parents, Mr. and Mrs. Al Hess and family.

Gayle Arendt and Ronald Lee Chyba Say Wedding Vows

Miss Gayle Arendt and Ronald Lee Chyba were married Saturday, Dec. 23, in St. Mary's Church at Gainesville with Father Grant, pastor, officiating at the Nuptial Mass and double ring vows.

The bride is the daughter of Mr. and Mrs. Arthur Arendt of Gainesville. The bridegroom's parents are Mrs. Ann R. Chyba of Riverside, Calif., and Joseph Chyba of Lead, S. D.

Miss Patsy Spaeth, organist and Francis Haliburton, soloist, furnished wedding music.

Give in marriage by her father, the bride wore a gown of white French brocade with long sleeves and Watteau train. A circlet of silk held her floor-length veil and she carried frenched carnations and stephanotis.

Miss Nancy Jane Arendt attended her sister as maid of honor wearing a moss green velvet floor-length dress. Her flowers were gold and white mums.

A cousin, Andy Arendt Jr. was best man, Bill Arendt, a brother, and Hank Arendt, a cousin, were ushers.

Reception was held in the home of the bride's parents. White lace over moss green covered the refreshment table. Mrs. Wallace Dougherty, bride's aunt, served the punch and Mrs. Jim Schumacher another aunt, presided at the cake. Mrs. Robert Garcia registered guests.

Tax Man Sam Sez:

Since you have already broken most of your New Year's Resolutions, now is probably a good time to make more — it should read "I hereby resolve to file my tax return as soon as I get my W-2 this year, instead of waiting until 11:59 p.m. on April 15. I further resolve to check the arithmetic carefully and to make sure that I use the correct tax table and get the tax from the right line to the right line on the tax return. I solemnly resolve to say "hello" to the computer by using my correct social security number on the tax return — and finally, I resolve to keep better records and to take every cotton-pickin' and any other kind of deductions that I am entitled to and to make sure that I pay no more than my fair share."

Sales Tax Starts In 14 Texas Cities

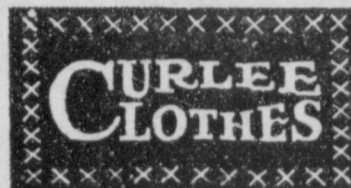

January 1 marked the start of actual collections of the new one percent city sales tax in 14 of more than 150 cities which have approved the tax since September. These 150 cities represent 65 percent of Texas' urban population.

Cities starting the tax January 1 include Aransas Pass, Austin, Bracketville, Corpus Christi, Elgin, El Paso, Henrietta, Ingleside, Nacogoches, Orange Grove, Port Aransas, Taylor, Texarkana, and Wichita Falls.

Collections of one per cent levy (added to the two percent state tax) will begin April 1 in at least 140 other municipalities. Only about 20 city sales tax elections have failed.

State comptroller has a full quarter of a year to set up collection machinery after a city reports approval of the tax.

one to follow. We went for complete victory, dictated the terms, and got a settlement that has been good for both Japan and us. We like to think that eventually, with our help, Vietnam will develop a stable government and prosperous economy — that people there will live in harmony with each other and in friendship with us.

Obviously that can't be done while the communists remain. So, the first essential for a workable settlement is to defeat the reds of North Vietnam and remove them

from government, turning the country over to those who want freedom and dignity. There are plenty of them in both North and South Vietnam.

Lots of people will say that this method is outright aggression, that we have no right to carry the war to North Vietnam. Well, the fact is that North Vietnam is the aggressor in this conflict. The reds there and everywhere need to be shown that free people are tired of their land grabbing — that an old axiom of history still applies: "He who reaches out a greedy hand also sticks out his neck."
