LL Needs Money

The Post Little League All-Star team continues to compete in post-season tournaments, and financial aid is needed to defray costs of travel and eating. Anyone who wishes to help defray the expenses of the 14 youth and four adults required to travel to tournaments should contribute to the Little League fund at the First National Bank.

cludes Post on July 30 from 2:00 - 6:00 at the 4-H building.

AREA CHAMPIONS - The Post Little League All-Stars are competing in Lubbock for the district title, they play Wednesday and Thursday. Team members are (back row, left to right) coach John Valdez, Dustin Massey, Bobby Curtis, Tony Patterson, Benjamin Vargas, manager Bill Henderson, (middle row, left to right) Shane Horton, Tommy Ammons, Chris Redman, Ernie Saldivar, Marlin Valdez, Michael Radle, (front row, left to right) Junio Gonzales, Floyd Slay, Shannon Scott and Michael Harper.

School Board Okays Coaches' Salaries...

Coaches salaries were revised upward to remain the same as last year and plans for building the new field house were stalled following action by the Post Independent School District board of trustees in the regular meeting Tuesday, July 9.

The coaches' salary issue centered around action taken in June to lower the "bonus" by approximately \$2,000.

Board members were informed that paying bonuses is in violation of state regulations, and following an executive session, the board reversed its earlier action, reinstating the salaries at the same level as last year.

Appearing at the meeting to air complaints about the handling of the field house bid, Earl Chapman explained that the bid procedures were in violation of the law.

Chapman pointed out that the bids must be advertised in three different newspapers, and he also stated that one bidder was shown a different set of drawings and specs that was shown to the contractor who was awarded the bid.

Board members, after discussing the options, voted to authorize superintendent Bill Shiver to contact an architect to provide proper bidding procedures and start the process over.

Board member Jerry Osborn was to contact TUSHA builders, who had been awarded the field house contract.

Board member Tom Middleton insisted that plans for a vocational ag building and proper facilities for girls be included in the new plans.

In other action the board approved the First National Bank of Post as its depository, awarded Ammons Printing the football program contract, accepted Rip Griffin's 97.76 per gallon bid for fuel;

Garza Auto Parts for oil, A-Z Maintenance for bus oil change, grease and wash;

Borden for cafeteria milk and Garza Auto for anti freeze.

The board accepted resignations from Sharla Howard and Dorothy Miles and hired Melanie Hawk, Karen Taylor Nichols and John Michael Jones.

Hawk and Nichols will teach in elementary and Jones will serve as choir director.

The three plan to live in Post.

The board approved a policy requiring new teachers to live in Post within the two year probationary period.

Attending the meeting were board president Jack Kirkpatrick, members Don Payne, Jimmie Bartlett, Jerry Osborn, Tom Middleton, Royce Hart and Pru Basquez.

Post Notes

by Wes Burnett

I thought the Post City Council conducted its best meeting I've attended, when they reviewed delays in the park project at a special called session last week.

The meeting, led by Mayor Pro Tem Maxine Earl, was informative and the council member individually stood their ground, without getting nasty.

They had every right to get nasty...I applaud their restraint.

I was reminded of an Air Force wing commander I once had the privilege to serve with...whose philosophy was simple... "firm, friendly, fair."

Our city council fit that mold in the special meeting.

Although their action does not repair the lost time for our youth this summer, I think that future contracts will be reviewed more carefully and contractors will be more apt to pay attention to the job.

One thing this council has discovered is that you can't

take anything for granted. Follow through by city staff, engineers and contractors must be insisted on by our elected officials.

When follow through fails to work...the council has to answer.

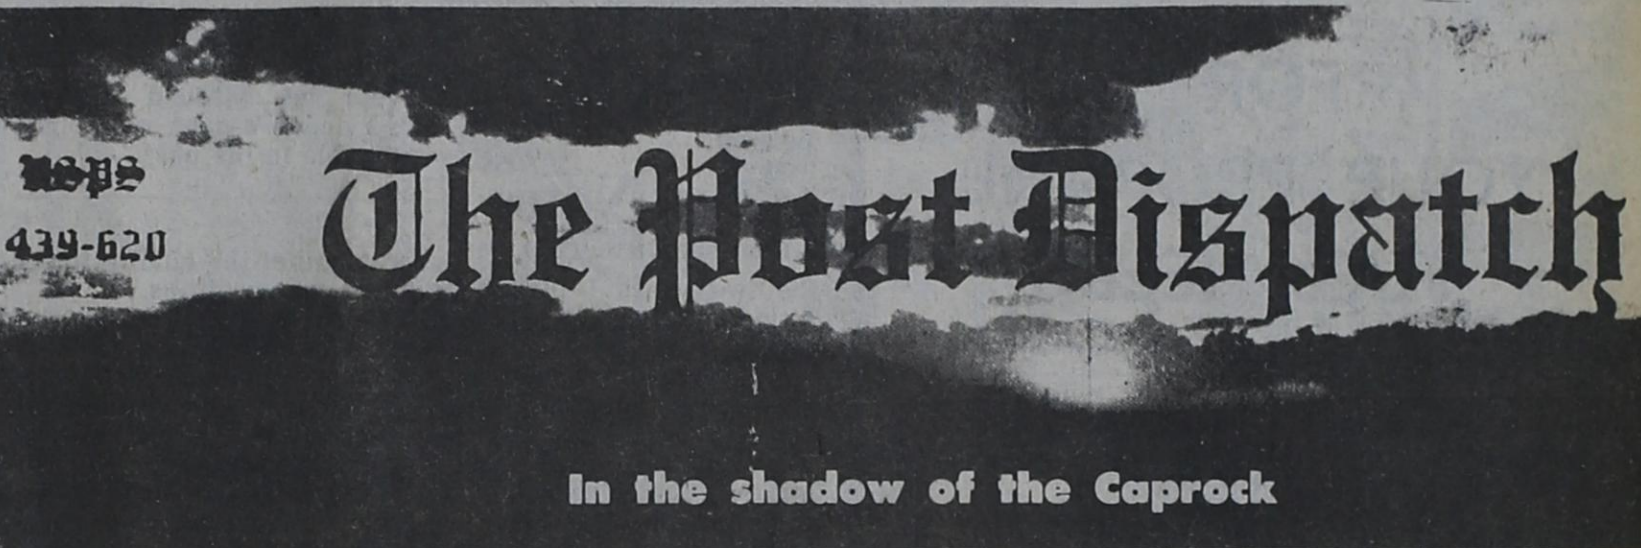

A side note: the new tape recorders installed in the council chambers serve more than one purpose...it seems to me that the mere fact that the microphones are there slows down a lot of extraneous conversation.

I finally got a chance to see our Little League All-Star team in action, and it was worth every minute.

These are a great group of youngsters, lead by mature and even-tempered adults...my complaints to John Valdez and Bill Henderson for their "dug-out" behavior.

Memories of old flashed back to me as I watched the team in Lubbock Monday afternoon...and I'll say this for my Dad...the most quality time we spent together in my youth were

Council Holds Contractor Responsible

by Wes Burnett

The Post City Council at a special called meeting last week voted to withhold funds to the engineering firm of Parkhill, Smith and Cooper until the August meeting, when work at the park and swimming pool is expected to be completed.

The vote followed a lengthy discussion of the delay in completing the swimming pool repairs.

PSC engineer Dennis Clayton offered explanations for the delays, including rain and late delivery of the new pump.

Mayor Pro Tem Maxine Earl expressed the council's displeasure with the delays, "we are not happy about the park project, it was due on June 1, we were told it would be done by June 1 and here it is July 11 and the job is still not finished."

Park board member Zoe Kirkpatrick presented her observations of work at the park, saying that many times when weather was not a factor, there was no work crews at the site.

Lewis Holly expresses similar views, and repeatedly ask "who is responsible? Is it the engineer, us or the city staff?"

Clayton answered that the engineering firm has responsibility for overseeing the project and apologized to the council for the apparent lack of communication on the delays.

He said that during the above average rain period the contractor could not work on the pool while it had water in it.

Kirkpatrick suggested that during those times, work could have been inside.

The council also informed Clayton that a penalty of \$755 would be assessed to the contractor for failure to meet the June 1 deadline.

The penalty is equivalent to estimated loss of revenue for the period the swimming pool was not open until July 4.

Clayton assured the council that the park and swimming pool projects would be completed before the next council meeting in August.

"We told the people over and over again, the pool will be finished by June 1," council member Weaver McKamie commented, "and

we said that because you assured us that it would be done."

Engineer Lee Allison explained that one principal cause of the delay was the availability of the new pump, which had to be manufactured.

The engineers also pointed out that the bids were let February 28, but contracts were not signed until March 19 and they issued an order to proceed on March 25.

The council voted to withhold final payment to the contractor until all work is finished.

The question of paving was answered by PSC engineer George Hensley and paving Ronnie Zahn paving representative Gary Stringer.

They explained that the project is not late, is proceeding according to the schedule and that there have been 24 documented days of delay due to weather.

"When it rains, even an

inch," Hensley explained, "those streets in poor drainage areas are a mess, and the contractor cannot prepare the roadbed until it dries."

Another problem with the paving project has been the frequent accidental discovery of water, oil and gas lines.

Stringer said they have received good cooperation from Brown Bros. on moving oil lines, but many lines are not where the map shows them to be.

"We have to go real slow on making our first cut," Stringer explained, "so far we haven't broken any lines."

Stringer says the paving project should be finished by September 1.

"We have crews working six days a week, as much as 12 hours a day," he added.

Attending the meeting were Mayor Pro Tem Maxine Earl and members Weaver McKamie, Lewis Holly and Larry Mills.

Animal Problem Unresolved

No action had been taken as of Monday, July 15 toward the removal of the hogs, cattle and other animals on Oak Street, according to Post city code enforcement officer Delbert Rudd.

According to Rudd, the owner was notified in writing in January 1985 of the violation of city ordinances and that "we have been working with him trying to get it taken care of."

The conditions of the neighborhood were brought to the attention of the City Council at its regular meeting Monday, July 8. Neighbors in the area

have complained about the stench, the conditions on the property and the fact that the animals frequently "roam the streets."

Rudd said that the owner of the property, Hulien Hoyle, had been to city hall last week following the article which appeared in last week's Post Dispatch.

"He was pretty upset," Rudd comments.

Hoyle has asked to be on the agenda at the next city council meeting to express his side of the story.

The property in question is in the city limits and is in apparent violation of the ordinance on animal control.

Youth Attend Summer Camp

Michael Garza, Tony Patterson, Eli Quinones and Lee Allen Gossett will be attending the Salvation Army summer camp at Camp Hoblitzell near Midlothian, Texas.

The youth will leave July 22 for the one-week camp.

The camp is supported by the Salvation Army of Texas, Post chairmen are Bob Collier and Janet Peel.

Sales Tax Rebate Increase

Continuing the trend in 1985, the city sales and use tax allocation for the period ending July 3 was up a whopping 25 percent for Post, according to the latest report from State Comptroller Bob Bullock.

The payment, \$11,522.90, is up \$2,311.40 from last year's payment of \$9,211.50.

The year-to-date total is \$91,259.90, compared to \$81,869.33 last year at this time for an increase of 11.47 percent.

the two years I played in little league and he was my coach.

I know the influence this experience has on young people, not just in the after-season play, but during the regular season.

There were 22 players on the team my Dad coached in Brownsville in the infant stages of Little League in that border city.

Years, later, there have been those on that team who still tell me, "Your Dad was a great coach."

What we remember as adults, about our youth, are the people who gave to us a piece of their lives.

Whether it is in little league, or Boy Scouts, Girl Scouts, 4-H, FFA or any of the other non-academic activities...our children will

Garza County History Book Plans

by Geraldine Butler

The Book Committee met last week with Jesse White and Davlynn Forrest of Taylor Publications to discuss the final stages of Phase one of the Garza County History Book.

This phase included gathering family and topical histories which must now be processed, (sorted with accompanying pictures, typed, etc.) before sending to the publishers.

Remember, if you have any interest in having your family recorded in this

most entertaining book, now is the time to do so.

Grandpa's story is his own, as is your personal story and that of your spouse as well as your lives together, a total of four stories, with a maximum of 500 words each.

You are allowed one free picture with each family story but there is a charge for additional pictures.

Also, memorial pages or parts of pages are available.

If you do not want to submit a story but would like a book either for yourself or as a gift now is

the time to order.

You may do so by sending your order to Iva Hudman, 604 West Main, Post, Texas.

The book is \$36.79 including tax. If your book must be mailed include \$2.50 for each book.

This book will be handsomely bound and printed on 60 pound paper which will last at least 100 years, and the pages are sewn in place rather than merely glued.

It will make an attractive addition to your library or on your coffee table.

You are the voters and taxpayers
who are making this all possible, whether it be a field house for the athletes
or educational programs that will benefit the entire student body.

Ask questions.

1. What is the pupil-teacher ratio?

2. Do we have more teachers in our system than we need?

3. Are we preparing our children for life after athletics?
4. Why not put the surplus in a permanent building fund where only the interest can be spent for future education and outdoor recreation?

5. Should we accept another tax rate increase?

6. Why not give a tax credit this year?

Can We Afford the Cost?

These are bonuses that the coaching staff has been paid, over and above their regular state base salary.
Beginning teachers are paid \$2,000 above the state minimum and after one year receive \$3,700 over state minimum.
The following is public information showing the cost of athletics in Post Independent School District.
The 1985-86 PISD budget calls for expenditures of \$350,000 to subsidize our athletic program.

Photo Club Meets

by Larry Moreman
On July 2nd, the Caprock Photographers held their

monthly meeting with nine members and two guests present.

Seminar Tonight

The Rock Music Seminar entitled "Truth About Rock" will be presented at The First Baptist Church by the Peters brothers from St. Paul, Minnesota. They have made appearances on ABC Nightline with Ted Koppel, CBS News with Dan Rather and PM Magazine. This "awareness" Seminar entitled, "Truth About Rock", will be presented at The First Baptist Church, today at 7 pm. A free-will offering will be taken to cover expenses.

The meeting consisted of a trip to Country Framers in Lubbock.

Ruben Castillo, employee of Country Framers instructed the club members on the correct way to mat, mount, and frame photographs.

The meeting was very informative and enjoyed by all.

After the meeting concluded, everyone went out to eat and then returned home.

The next meeting will be held August 6th at the Southwestern Public Service Reddy Room at 7:00 p.m..

Joe Duran is scheduled to give a program on camera filters and their uses.

Letter to Editor

The Post EMS Association would like to thank everyone who purchased soft drinks from our 4th of July coke booth.

The proceeds from the booth are used to keep our skills upgraded, to help keep equipment in good condition and also to help purchase "new equipment."

And so to all a big "Thank You" from the Post EMS.

Carriker to Hold Town Hall Meeting

State Representative Steve Carriker of Roby will meet with Garza County constituents in a town hall type of meeting Tuesday evening July 30 at the Community Center.

The meeting will provide the opportunity to ask questions about the legislation that was before the recent session of the legislative and raise concern

about the State government. Carriker, who is a Fisher County farmer, has been active on agriculture matters in Austin.

He will be prepared to discuss the Texas Water program adopted by the recent session and its relation to West Texas.

The meeting with Carriker will begin at 7:30 pm at the Community Center and continues as

long as citizens have questions or comments. Representative Carriker invites everyone with interest in what is going on in Austin to attend.

Main Street Discussion Set

A Main Street Town Meeting in Sweetwater, July 25 at 2 pm will be the scene of discussion concerning interest in the revitalization of the Sweetwater central business district.

The meeting is open to all interested people, and a delegation of Post merchants and Chamber of Commerce members is expected to attend the

meeting to gather additional information about the project.

The presentation, to be held at the City County Library at 206 Elm Street, will be conducted by the Texas Main Street Project Resource Team.

Those in Post interested in attending the event are encouraged to contact the Chamber of Commerce at 495-3461.

Vicki Green, Derek Walls Exchange Vows June 15

Vicki Green and Derek Walls were united in marriage on June 15, 1985, at 3:30 pm, at the Church of Christ in Post. Paul D Jones officiated the double ring ceremony before an altar decorated with candleabras holding white candles, with white bows attached to each arrange-

ment. Large white bows with orchid flowers marked the aisles for parents and grandparents of the bride and groom. The bride is the daughter of Mr and Mrs Bobby Green and the groom is the son of Mr and Mrs Herbert Walls, all of Post.

The bride was presented in marriage by her father. The bride wore a magnificent gown styled in all-over chantilly lace. The fitted bodice featured a natural waistline, and was richly embroidered in seed pearls. A row of scalloped chantilly lace bordered the Sabrina neckline and was also embroidered in pearls. The back of the bodice was cut in a low V. The fitted sleeves were also of chantilly lace, and came to a point over her hands.

The bouffant skirt featured six wide flounces of chantilly lace which circled the skirt, and joined by four additional lace flounces, flowed into a full cathedral train in the back. The finger tip veil was fashioned of imported illusion, gathered to a cap covered with chantilly lace. The veil was accented with an embroidered cap, featuring seed pearls and a second tier of illusion that fell to shoulder length and was bordered in wide chantilly lace matching her gown.

The bridal bouquet was a cascade of white and orchid flowers, featuring white roses in the center surrounded by orchid and white flowers featuring streamers of white ribbon tied with love knots and small orchid flowers. Jackie Wartes was Maid of honor and Trasi Craft was bridesmaid.

They wore street-length dresses made of orchid and white dotted swiss fabric, featuring a scooped neckline with a gathered ruffle around the neck and sleeve, with a purple ribbon tied around their waist. A wreath of white baby's breath with orchid and purple flowers and purple ribbon was worn in their hair.

They carried a single purple rose surrounded with baby's breath and purple ribbon. Flower girl was Leslie Roberts, niece of the groom, from Wildorado, Texas. She wore the same as the bridesmaid and carried a white basket filled with orchid and purple flowers. Best man was Bill Black, of Post. Groomsmen were Chris Belongia, cousin of the groom. Ring bearer was Lucas Walls, nephew of the

groom. They all wore grey tuxedo's with orchid bow ties and cummerbuns. The groom was attired in a white tuxedo and cummerbun.

Ushers were Dale Walls, brother of the groom, and Doug Roberts, brother-in-law of the groom from Wildorado, Texas. The ushers wore grey tuxedo's with orchid bow ties and orchid cummerbuns.

Wedding music was provided by Todd Wilson, cousin of the groom and Eric Reece. They sang "You Needed Me", "Annie's Song", and "Wedding March". A reception followed in the church fellowship hall with the bride's table laid with a white lace cloth over orchid with orchid ribbon draped in front and tied on each corner and in the middle by orchid bows.

A three-tiered cake with orchid roses and a bride and groom on top, nuts and mints were served to those attending by Lynn Putman and Terri Reed, cousins of the bride. An orchid flower arrangement, brass and crystal appointments were featured on the table. The grooms table was laid with an ecru cloth with a purple ribbon draped down the front of the table with "WALLS" in gold. The centerpiece was a brass oil derrick, and a brass pump-jack. Fruit, hors d'oeuvres, and coffee were served by Laurie Belongia and Nancy Wilson, cousins of the groom.

Brass and crystal appointments were also used on the groom's table. Members of the house-party also included Beth Hodges, aunt of the bride and Vera Wartes, both of Post.

Following a wedding camping trip to Possum Kingdom, the couple will make their home in Post. A rehearsal dinner was given by Mr and Mrs Herbert Walls at the Chaparral Restaurant in Post.

The bride is a 1985 graduate of Post High School. The groom is a 1983 graduate of Post High School and attended Texas Tech. The groom is employed by Joe Melton Drilling Company.

Letter to Editor

I am conducting some research that relates in part to former residents of the Post area and would appreciate very much any help your readers can offer. I wish to establish contact with relatives of those who are associated with one of the Robert Edwards Heirs' Associations during the 1920's and the 1930's. Responses from those who were acquainted with Mr Ira Weakley who lived in Post would be particularly helpful. I'll reply to all letters and explain my research project. Thank you very much. Little League All-Stars Strip Lubbock

by Wes Burnett

Good, solid, consistent pitching and heads-up fielding paid off for the Post Little League All-Stars Monday evening in Lubbock as they took a 4-3 first-game win over Lubbock's East Division All-Stars.

The game went down to the last inning, with Post leading 4-3, bases loaded, one out, and the Post fans were just a little bit edgy.

The Lubbock East batter popped a foul-ball high about one-third of the way down the first base line.

Post All-Star catcher Floyd Slay slapped his protective helmet off, raced down the sideline, meeting the pitcher Dustin Massey

and first baseman Tony Patterson...both moved out of the way as Slay caught the ball going down.

The Lubbock East player at third base had already made his move for the home plate, Slay saw the gap, threw the ball to Post third baseman Bobby Curtis and it was all over.

The team met the winner of Midwest vs Wolfthor Tuesday evening and will play again on Wednesday and Thursday.

The tournament is being played at the Little League ball diamond just north of the South Plains Mall.

The winner of the Lubbock tournament will advance to Abilene next week.

Tahoka Tournament

The Post Little League All-Stars qualified to advance to the area tournament as a result of their two-game win last week at Tahoka.

The Area Champions slapped Slaton 10-4 the first game, with Massey credited with 10 strikeouts.

The second game Slay struck out 13 batters, Patterson slammed a homer over the fence and two RBIs and Junior Gonzales got an over-the-fence homerun to lead the team in a 7-1 decisive victory over Slaton.

Bill Henderson is team manager and John Valdez is coach.

Softball League Results

Final Softball playoffs ended in the Men's Division.

Red Rockers, first place; Losindios, second place; Bad Boys, third place; UMC Warriors, fourth place; Geo. R. Brown, fifth place; BJB, sixth place; and The B Team, seventh place.

Finals in the Women's Division with the Caprock Christian Fellowship, first place; The Sweethearts, second place; Todd

Hammonds, third place; Latin Image, fourth place; She Demons, fifth place; Doves, sixth place; Swans, seventh place and Lady Bugs, eighth place, who also were awarded sportsmanship trophy.

To anyone who wishes to enter the softball tournament July 26-28, send entry fee of \$75 per team to Post Softball Association, Box 603, Post, Tex 79356.

The games start at 7 p.m. and continue until 1 or 2 a.m. with finals on Sunday.

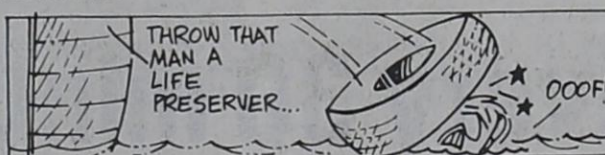

Youth Compete at Trap Meet

Russel and Ron Graves competed in the South Plains District 2 4-H Trap and Skeet Shoot on Tuesday, July 2.

They won the 2nd Place Trophy in the 2-Man Skeet Team Division.

They were accompanied by Monk Palmer, Daymon Ethridge, and agent Sid Conner.

Earl Chapman is a coach for the Shooting Sports Program also.

The first life preserver was invented in 1841 by Napoleon E. Guerin of New York City and contained 18 to 20 quarts of grated cork.

NOTICE OF INTENT TO IMPLEMENT RATES

General Telephone Company of the Southwest in accordance with the Public Utility Regulatory Act and the Rules of the Public Utility Commission of Texas gives notice of its intent to implement new exchange access rates for the provision of shared tenant and tenant resale services.

These proposed rates are applicable to customers of General Telephone Company of the Southwest, excluding hotel/motel customers, who provide local exchange telephone service of General Telephone Company of the Southwest to their tenants or patrons on a resale or shared use basis. This resale or sharing arrangement is normally provided utilizing a customer-provided PABX or other similar stored control switch capable of common control processing or other features commonly associated with a PABX "Smart" switch.

These proposed rates are designed to recover costs on a usage basis for local exchange telephone service access and are identical to General Telephone's "Optional Measured Service" rates. The monthly access rate will be \$28.95 per trunk line and the usage rates are as follows:

Over	Up To and Including	Band	Set Up	Full Rate Period Each Minute
0	7 miles	A	\$.025	\$.015
7	14 miles	B	.035	.021
14	21 miles	C	.050	.030
21	28 miles	D	.070	.042
28		E	.090	.054

As this is a new service offering, we are unable to determine the number of customers who may be affected. Currently, there are no known prospective customers. Until any customer utilizes this new offering, there will be no effect on the revenues of the telephone company, and in any event, the telephone company does not expect revenues to be affected by more than 2 1/2 percent. These proposed rates, where applicable, will provide tariffed local exchange access to customers who then will provide shared or resale services to tenants.

These proposed rates have been suspended by the Public Utility Commission of Texas and will become effective as proposed or modified by order of the Commission on a date to be determined by the commission.

The proposed rate schedule is on file with the Commission for public inspection and is also available at any business office of General Telephone Company of the Southwest. Persons who wish to intervene or otherwise participate in these proceedings should notify the commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumers Affairs Division at (512)458-0223 or (512)458-0227, or (512)458-0221 teletypewriter for the deaf.

PUBLIC NOTICE

General Telephone Company of the Southwest, in accordance with the Rules of the Public Utility Commission of Texas, hereby gives notice that a Private Coin Service Tariff has been filed with the Public Utility Commission of Texas.

Under the proposed tariff, Private Coin Service would be offered for use with a customer-provided, instrument-implemented coin telephone at the request of the customer. The new service is scheduled to become effective on November 16, 1985, or upon approval by the Public Utility Commission of Texas.

The matter has been assigned to Docket No. 6309.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information, should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

WEED PROBLEMS???

Our electronic hand gun reduces worker fatigue and chemical loss (up to 40%). The old squeeze gun increases worker exhaustion, thereby increasing the likelihood the worker will not carefully avoid spraying herbicide on crops. Our electronic hand gun has a timer set for a brief burst, the worker is forced to fire once for each weed. Herbicide is neither wasted or applied to growing crops.

Bible Study, 10 a.m. Sunday
Worship Services, 11 a.m. Sunday

If you have driven by the Presbyterian Church between 9 p.m. and midnight in the last week, you have noticed that the lights which illuminate the distinctive Cross have been repaired. The Cross was a gift of oil field workers when the church was built in the early 1960s.

The lights which illuminate the Cross represent an effort to remind this community of the power of Christ to change lives, to bring life from death, and hope from despair.

We hope that when you see that Cross shining in the dark, you may even be interested in the Christ it represents to worship with us at 11 a.m. on Sunday morning.
