ILA Strike Set

NEW YORK (AP)-Leaders of the International Longshoremen's Association say they will call 50,000 of their members out on strike at midnight tonight unless a contract with shippers is agreed upon by then.

French Jet Hijacked

PARIS (AP)-A hijacker shot and wounded a stewardess and commandeered a French jetliner with 107 persons aboard today, forcing it to return to Paris' Orly airport where he demanded to broadcast a message to France, authorities said.

Okay 'Workfare' Wage

WASHINGTON (AP)-The Senate Finance Committee agreed today to require that the federal minimum wage be paid under state programs designed to force welfare recipients to earn their benefits.

In approving the "workfare" provision Thursday on an 8-3 vote, the committee had agreed to allow either the local prevailing wage or the state minimum wage, whichever is higher.

Mistrial Denied

AMARILLO (AP)-State District Court Judge George Dowlen told jurors today to disregard a remark made Thursday that triggered a defense motion for mistrial in the Cullen Davis murder case.

A prosecutor touched off an angry courtroom exchange after accusing the defense of altering a document used to question a state witness.

Dowlen, who denied the mistrial motion, said he has since examined the document and "I am satisfied...that there have been no alterations."

4 Hostages Freed

DACCA, Bangladesh (AP)-Hijackers holding a Japan Air Lines DC8 jet released four more hostages today as Japanese officials rounded up prisoners in Japan and 6 million to meet the terrorists' ransom demands.

Debt Bill Is Hostage

By TOM RAUM
Associated Press Writer

WASHINGTON (AP)-A leader of a Senate filibuster on natural gas pricing said today he's ready to continue blocking legislation to raise the national debt ceiling until the Senate rejects a proposal to free gas from price controls.

The move by Sen. James Abourezk, D-S.D., threatens the government's ability to pay its bills.

If the debt ceiling bill is not passed by Saturday morning, the beginning of the new fiscal year, the government will lose authority to borrow money to pay bills.

In holding the debt measure hostage to the natural gas bill, Abourezk hopes to force the Senate to reject an industry-supported plan to lift price controls from natural gas.

"This will mean government won't be able to write any more checks," Abourezk said. But he said he was prepared to continue to object to efforts to pass the debt-ceiling bill "until we're done with the natural gas issue."

Senate Republican Leader Howard Baker, R-Tenn., called Abourezk's tactics "unconscionable."

Baker and Senate Majority Leader Robert C. Byrd, meanwhile, reported little progress in efforts to resolve the stalemate that has stalled Senate action on the natural gas portion of President Carter's energy program for 10 days.

Baker said there is only a "fifty-fifty chance" that competing sides in the issue will be able to even agree to set a time to vote on various alternatives. A Saturday Senate session was scheduled and Baker said it might be another week before the issue is finally resolved.

Meanwhile, in a quick shuffle almost unnoticed by Senate leaders, the Senate today actually voted approval of a compromise proposal by Byrd and Sen. Henry M. Jackson D-Wash., to allow gas prices to rise more than the President wants but without lifting the price controls.

It was by a quick voice vote engineered by Abourezk when few senators were on the floor. Had the action stood, the gas-pricing dispute would have been over and the industry deregulation plan rejected.

Bids Come In High On Senior Citizens Center

Scurry County Commissioners Court took under advisement Thursday afternoon three bids on a proposal to revamp the former Travis Junior High band hall and shop building.

The project would provide facilities for a senior citizens center and for offices of several agencies now located in various places around town.

C.B. Thompson of Lubbock had the low bid, with a base figure of $337,000. Hawkins and Westbrook of Abilene had a base bid of $367,380 and Haney and Sivley of Abilene turned in a base bid of $374,826.

The bids were considerably higher than county officials had expected.

Commissioners indicated that they would study the bids and possibly take some action on the quotations at their meeting Monday morning.

Considerable interest had been reflected in the project, since it would house the senior citizens center, which now is operated on the campus of Western Texas College. The senior citizens program here will inaugurate a nutrition program in October and the downtown location will be more convenient that the college site.

Fair Attracts Good Turnout

Good crowds were turning out for the 13th annual Scurry County Fair, which opened Thursday for a three-day run at the Scurry County Coliseum.

Public school pupils were touring the fair this morning and another good crowd was expected to be on hand tonight when there will be special entertainment in the coliseum.

The famous "Kitchen Band" of Retired Senior Volunteer Program is scheduled to appear on the coliseum stage tonight.

The fair will continue through Saturday night.

1st Arrivals For Rally Of Airstreamers

First arrivals for a regional Airstream Trailer rally are on hand at the Scurry County Coliseum grounds.

The rally is scheduled to open Monday and continue through Oct. 8.

Some 300 or more airstream trailers are expected to be here next week for the event. Planned activities will begin Thursday and continue through Friday.

The activities which have been planned by the Snyder Chamber of Commerce and the Scurry County Board of Development will include entertainment and recreation, as well as tours of points of interest, a dramatic production, special meals and a special Airstream Rally Sidewalk sale by local merchants.

Weather Continues Hot Streak

The summer hangover into autumn continued to plague the Snyder area Thursday as the fifth consecutive day of 100-degree temperature readings continued.

The mercury topped out at 101 degrees yesterday on the official thermometer at the Snyder water plant.

The series of readings of 100 degrees or more began last Sunday, which was the third day of fall, and continued with 102 degrees on Monday, 100 on both Tuesday and Wednesday and 101 Thursday.

National Weather Service forecasts offered some hope for relief from the heat over the weekend. A cold front is expected to enter the Panhandle tonight and cross most of the rest of the state Saturday. But prospects were that another reading near 100 degrees could be expected today.

AFS Meeting Set Saturday

The local chapter of the American Field Service will hold its October meeting at 8 a.m. Saturday at the Smorgasbord.

The AFS sponsors the foreign exchange student program in Snyder High School. Anyone interested in the AFS work is invited to attend the "Dutch treat" breakfast session.

The SDN Column

Keeping tab on our neighbors:

"Vernon may well have the largest number of individuals per capita with earned doctor's degrees---medical and other varieties--of any community in this section of Texas and the nation," claims the Vernon Daily Record.

The "doctor" total at Vernon is 54, the newspaper there reports. At first glance, we thought Snyder might have more than Vernon, but they don't add up that quickly. We have more academic doctorates at our Western Texas College than they do at Vernon Regional Junior College. WTC has 15, according to our latest count, with at least a couple more waiting in the dissertation wings. Vernon's college has six.

They have 11 medical doctors, and we can just about match them in that field, but they have the Vernon Mental Health-Mental Retardation and Drug Center, which has 13 doctors of various types, and the Texas A&M Research and Extension Center with 12. We have no counterparts to these two agencies. Also, they have six veterinarians, and so far as we know Snyder has only three.

Anyway, it is an interesting statistic.

Tommy Hart of the Big Spring Daily Herald says reports he got indicated that Jerry Clower, who appeared at the Howard County Fair, "wasn't all that funny."

However, Hart recalls that "probably no celebrity can match the impact Ken (Festus) Curtis had on the local community when he appeared during the Big Spring Rodeo and Cowboy Reunion here a few years ago."

The same can be said of "Festus" in Snyder following his appearance here a few years ago---and he'll be back here Nov. 5 for the Texas Cowboy Artists Association banquet.

AM Employes Reject Union

Employes of the American Magnesium plant southwest of Snyder rejected by 2-1 Thursday a proposal to affiliate with the United Steelworkers Union.

The final count showed 68 votes against union affiliation and 34 votes for union affiliation.

AM had 110 workers qualified to cast ballots in the union election and 106 of them voted. However, four ballots were challenged by the union and these were not counted.

The results of the election now go to the National Labor Relations Board for certification. Either side has five working days to file protests concerning the election. If there are no protests, certification by the NLRB is expected in approximately two weeks.

Speculation was today that no protests are likely, since the margin of the decision was so great.

The election Thursday opposed the union affiliation by a much greater margin than a similar election in May of 1976 when the union affiliation was rejected by a vote of 57-55.

Reception To Open Art Show Here

A reception starting at 8 o'clock Saturday will mark the opening of a new Western art show in the Scurry County Museum at Western Texas College.

The public is invited to meet the artists at the reception.

The new show is to remain in the museum through the month of October and may be seen without admission charge during regular museum hours, 9 a.m.-12 noon and 1-5 p.m. Monday through Thursday, 9 a.m.-12 noon and 1-4 p.m. Friday, and 1-5 p.m. Sunday.

The Diamond M Museum will also be open on Sunday from 2-5 p.m. It is located in the Diamond M Building at 911 25th Street.

Hill Brings His Campaign Here

"The Governor of Texas should make it clear to the President of the United States that we will not take kindly to decisions being made without our participation," said Atty. Gen. John Hill this morning as he stopped off in Snyder to campaign.

Hill, running for the governorship of Texas, is challenging incumbent Dolph Briscoe and former governor Preston Smith for the state office.

Hill chided Briscoe's participation in conferring with national leaders to work out an equitable energy policy. Hill claimed that no Texas official has been involved in earlier attempts to work out a national energy plan.

Pointing out that Texas is the nation's top energy producer, Hill said the state needs a voice in any energy policy formulated in Washington. "We could have demanded representation in some of the programs," said Hill, "And we could have saved ourselves some grief."

"I think the governor should do more than race to Washington occasionally to make a speech," said the gubernatorial hopeful. "It does no good to just mouth words," Hill said. "Oil and gas are absolutely vital to the future of

cheap money accord

The Congressional Joint Economic Committee Sunday announced some conclusions based on its study of the national economy. None of the contents of the report came as a surprise. It said economic conditions have shown almost no improvement this year, with no indication of a change for the better in the near future. In short, conditions are bad and more of the same is in prospect, in the opinion of the committee.

Other findings are of interest. The Carter Administration was charged with responsibility for at least a part of the problem, because of failure to be venturesome, whatever that could mean, in devising imaginative taxing and spending programs.

In that conclusion the committee could not have been more right. In spite of assurances from the Administration that more effective ways of achieving economic objectives are in the works, there are few signs of progress. Unemployment is about where it was January 1. The stock market has staged one of its more spectacular declines of recent years, and farm income is at a near-disaster level.

Administration programs have reflected the President's adherence to basic Populist economic philosophy. A majority in both branches of Congress are members of the same political party as the President. They couldn't afford to go too far in suggesting that lack of executive leadership is responsible for little progress in the effort to improve economic conditions.

So they named a favorite whipping boy of economic liberals, the Federal Reserve Board, as the real culprit. The Board was accused of being so obsessed with the need to curb inflation it has irresponsibly reduced the supply of money, nullifying Administration plans to expand the economy.

What was described as the disastrous tight money policy of the Federal Reserve Board is held responsible for the magnitude and length of the recession and has obstructed recovery efforts. Such a declaration should more than make up for the mildly-worded criticism of the Administration in another part of the report.

Clear to any observant person is that in this comment the committee is suggesting the President should select a new chairman of the Reserve Board at the first opportunity and thereby clear the way for pumping more money into the economy as quickly as possible.

As an example of cooperation between cheap money advocates in Congress and a cheap money chief executive the report of the Congressional Joint Economic Committee couldn't have done better.

honor where due?

In a speech in New Delhi the other day, Indira Gandhi, the former and repudiated prime minister of India, sharply criticized the new People's party government for "lack of vision and direction" and dared it to arrest her.

Unlike in other countries, she pointed out, "going to jail in India is an honor."

Mrs. Gandhi ought to know. She "honored" thousands of her countrymen during the last few years of her 11-year-rule, when she turned dictator.

We hope, however, that reports from India that the government is looking for an excuse to arrest Mrs. Gandhi are unfounded. Otherwise, it would be embarking on the same fateful course she did when she threw the first dissenter behind bars to keep him quiet.

amateurs whip pros

NEW YORK (AP)-Can amateur investors whip the pros, or are claims to that effect mainly the boastings of individuals who live in a fantasy world where victories are recorded and losses forgotten?

Let the statistics speak, says the National Association of Investment Clubs. Officials there maintain that 9 per cent of professionally managed funds fared worse than the market over the past 10 years; but that 58 per cent of clubs did better.

The association cites more figures: The median rate of return of the typical professionally managed fund for 10 years through 1976 was 4.2 per cent. The median for investment clubs was 5.9 per cent, or 42 per cent better.

Compare investment results to the market averages, it continues, and there's an even bigger difference. Managed funds, it says, earned 2.5 per cent less than the Standard & Poor's 500 average. The clubs exceeded S&P by 3.83 per cent.

And so, based on what it says is the record, the association has just issued a report containing an unequivocal subhead, "Amateurs Whip Professionals," and a morally certain investment homily, to wit:

"If you want to make money in the stockmarket, it's the solid, old-fashioned principles of investing that produce results. Computer addicted analysts and the fast track boys don't seem to really be in the running."

What are those principles that seem to work so well for at least some of the 5,216 member clubs in the association which accepts club and individual memberships at its office in Royal Oak, Mich.? As follows:

1. They invest a sum of money regularly, usually once a month, over a long period of time.

2. They add dividends received to their monthly investments.

3. They make an effort to invest in good quality companies that seem reasonably certain of making greater progress than industry in general.

Says Tom O'Hara, chairman: "We compare investing to planting a maple tree from which we receive increasing amounts of sugar every year and eventually profit from selling the grown tree."

Meeting regularly, the club members often strenuously argue the merits of various stocks, but when they pick one they tend to stay with it. That not only keeps down commissions, they note, but also gives sound stocks a chance to prove themselves.

They take considered risks also, and sometimes score huge gains - on many stocks as much as 300 or 400 per cent.

"The club members obviously don't put much faith in the 'indexing' fad being advocated by some investors," says O'Hara.

But a nagging question underlies the comparisons between amateurs and pros: Do they play in the same league? The question isn't easily answered. To try is to be tugged in different directions.

martha angle and robert walters

WASHINGTON (NEA)- On the day Bert Lance finally resigned, a little-noted proceeding on Capitol Hill provided an illuminating glimpse of the double standard which Congress applies to questions of political ethics.

By sheer coincidence, the Senate Rules Committee on that day was holding a public hearing on proposals to restrict or prohibit members of the Senate from using their staff aides as campaign workers while the aides are drawing government salaries.

Chairman Howard W. Cannon, D-Nev., was presiding as usual, and Cannon made it pretty clear that he saw no need for any new rules on the subject of campaign activity by Senate staffers.

Which is not surprising, considering the fact that Cannon is currently the defendant in a lawsuit filed in U.S. District Court here charging the government was defrauded of thousands of dollars in salaries and expenses paid to a number of the senator's staff aides who worked virtually full time on Cannon's 1976 re-election campaign while still carried on the Senate payroll.

Neither Cannon nor anyone else at the Sept. 21 hearings mentioned the chairman's awkward and obvious self-interest in the matter of drafting rules to force senatorial aides off the public payroll when they devote the bulk of their time to purely political chores aimed at guaranteeing the boss' re-election.

Instead, a number of senators who do not serve on the Rules Committee trooped before the panel to engage Cannon and his committee colleagues in a truly touching discussion of the difficulties in distinguishing between the political and official duties of a senator and his aides.

"I don't know of anything a senator does that is totally non-political," said Sen. J. Bennett Johnston, D-La.

"Official business and campaign business are so interwoven there is no way to segregate the two," chimed Sen. Carl Curtis, R-Neb.

"I don't see where there's a problem as long as the individual staffer involved doesn't neglect his official duties," Cannon contributed.

Only Sen. Dick Clark, D-Iowa, who first proposed restricting the campaign activities of staff, and Sen. Mark Hatfield, R-Ore., insisted the ethical problem is both serious and soluble.

"I agree it is a difficult area in which to legislate, but I'm not convinced it is beyond the capacity of the Senate to deal with," Clark said.

Of course it isn't. The great majority of senators already take pains to insure that any staff aide who will be spending a substantial amount of time in an election year working on campaign chores is transferred from the Senate payroll to the campaign staff.

These honest members, and their aides, seem to have very little trouble identifying the point at which a staffer is no longer putting in a full day's work for the government but is instead laboring primarily to insure the senator's re-election.

Bert Lance was forced to resign because, as a private citizen, he had played fast and loose with the funds and property, such as airplanes, of a couple of Georgia banks he owned and directed. At no time was there any suggestion that Lance abused his public trust for private gain.

But in the case of campaigning senators, it is the taxpayers who are being taken for a ride when staff aides continue to draw their public salaries while working primarily on the re-election effort of the boss.

It is sheer hypocrisy for the Senate to nod sorrowfully and say Lance had to go while insisting its own members should be allowed to use government-paid staffers as fulltime campaign workers.

INVASION?

Yep, we're being invaded. Don't worry though, they're friendly and want to meet each and every one of you while they're here.

In case you're wondering what's going on with all the shiny silver vehicles running around town, it's the annual Regional Airstream Trailer Rally.

We're expecting between 200-400 trailers in town all next week to enjoy the super All America City hospitality and view our many points of interest.

An extensive agenda has been provided for our friends from near and far and we expect the event to be one of the Airstreamers most memorable.

Thursday kicks off planned activities with an ol' fashioned stew and cornbread dinner followed by an evening of bingo, bridge, dominoes, etc., with prizes donated by our fine group of local merchants.

Friday the group takes over the city with visits to the Diamond M and Scurry County Museums and tours to American Magnesium, Walls and Sun Production. A covered-dish supper highlights the evening activity with Delbert Downing giving the keynote speech.

Saturday's agenda includes a general business session, a Sidewalk Sale and Jerry Worsham's Dinner Theater Production of "Airstream Follies."

Welcome these folks and tell 'em you're glad they're here.

MEMBERSHIP DRIVE

Your Chamber of Commerce board members and Gold Coaters will embark on their annual membership drive Oct. 11-21 to expand our support and representation.

As was the case last year, we will be in competition with Sweetwater for achieving the most new members over the 11-day span. Last year, we soundly defeated the group from the East and expect a better showing from the Sweetwater contingent this year.

The loser will have to host the winning group for a steak dinner while feasting on pinto beans and cornbread themselves. Results of the contest will be announced at half-time of the Snyder Tiger-Sweetwater Mustang grid clash in Tiger Stadium.

On a more serious note, because of the tremendous increase in your chamber's activities, we must continue to expand our financial base to include all local establishments. Though all local businesses will not invest in the future of their business by supporting the only organization devoting full time to improve their economic opportunities, we'll still continue working to expand Snyder's financial picture.

If you're not an investor in your chamber, give our volunteers the courtesy of listening to what they have to say and sell. We're working for your business and doing things for you which you cannot do for yourselves by expanding, promoting and strengthening your marketplace.

Your Chamber makes it happen. Won't you help us continue? Invest in your Chamber, it makes a difference.

Drawing blood a problem

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB — I am ashamed to complain about what is routinely a painless, quick and easy process of drawing blood, but it isn't true in my case.

Twice a year for six years I have endured painful and always futile efforts of two supposedly trained technicians trying to get blood for thyroid and potassium tests. Finally, the doctor has to do it himself, using veins other than those inside my elbows. By that time I am a nervous wreck.

It never gets any better. Is there a solution for me?

DEAR READER — Veins that have been used frequently often scar or undergo so much thickening and inflammation that they are no longer useful. In the course of time the inflammation subsides and some of them open again, but some never do. When a vein undergoes these changes blood has to be drawn from some other location. In severe problems when drawing blood or inserting a needle to supply fluids or medicine is essential it may be necessary to do a "cut down," meaning cutting the skin and surgically exposing the vein to be used.

The pain of a needle puncture can be minimized or abolished by spraying the skin with one of the coolants that evaporate on the skin and deadens the sensation momentarily in that area. The veins can be made more prominent by using a blood pressure cuff around the upper arm rather than just a piece of rubber tubing. The pressure on the cuff can be adjusted high enough to impede flow through the veins, causing them to stand out but not high enough to block the arterial flow into the arm. Warm soaks over the skin also helps in some cases.

Despite all of these efforts if a vein is scarred or obstructed it is not likely that anyone will be successful using that vein.

DEAR DR. LAMB — Is there a home remedy you can take that will prevent the formation of kidney stones? I have heard that one teaspoon of honey with a tablespoon of vinegar daily would do this or a can of beer daily was recommended by a doctor. My husband has had surgery for kidney stones.

DEAR READER — The best home remedy in the world for kidney stones is to drink enough water. Because sweating and other factors affect how much water you need the rule is to drink enough liquids to form two liters (about two quarts) and even better, three quarts of urine a day.

The increased urine flow should be maintained evenly over the 24 hour period. That means drinking water around the clock and a reasonable amount before going to bed.

Specifically using vinegar or honey will not prevent a kidney stone. Depending upon the type of stone — what it is made of — the doctor may wish to give medicine to acidify the urine. Beer is worse than useless. It contains oxalate which is often a factor in the formation of some types of kidney stones.

What is the danger of dropping dead from exercise or work? For details send 50 cents for The Health Letter number 4-2, Jogging, Exertion, Sudden Death. Include a long, stamped self-addressed envelope for mailing. Send your request to Dr. Lamb in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Group Has Olympic Games

Beta Sigma Phi All Star Olympics was the name of the fall social held Tuesday evening, Sept. 27 for members and their guests. Martha Ann Woman's Club was the scene for the party with the theme of sporting events being carried out in the decorations, games and refreshments.

Hostesses for the olympics were Kathy Roberts, Mickey Baird and Carolyn Limmer. They were dressed as cheerleaders and led the games and relays.

Those attending came in costume depicting their favorite sport and signed up for a team as they entered the "stadium." Teams were the Rabbits, Snails and Chickens.

Following a pep rally, competitive play began with the game, typewriter. Other All Stars Olympic games and relays were the 20-yard dash, broad jump, javelin throw, shot put, and the powder puff putt. At the conclusion of the olympics the sportsmanship trophy went to referee, Diana Williamson.

Refreshments served by the cheerleaders at 'half time' included soft drinks, cookies and popcorn.

Guests attending the party were Peggy Wilson, Betty Richardson, Marilyn Zoda, Charlotte McDorman, Tonya Minton, Phyllis Glasscock, Jacqueline Jones and Stephanie Stipe.

Other members attending were Lora Beasley, Susan Chesser, Marie Boone, Dena Ellis, Mona Bryan, Carolyn Fortune, Laura Greene, Carol Foust, Carolyn Greene, Kay Hickman, Debra Jones, Bonnie Hollis, Bette League, Linda Moreland, Joyce Ann Pace, Gloria Myers and Billie Smith.

If West could see all the cards he would open a spade or heart against three notrump. Not being clairvoyant, he opened the four of diamonds.

South won with the king over East's 10 and led a club. West rose with the king and now saw that a second diamond lead would be a give up play, since South was marked with the ace and queen of that suit. He also saw a chance to shut that club suit out by leading a heart and he led the right one. He planked down the king of that suit.

This gave South an extra heart trick, but it cost him four club tricks and four for one is a pretty good trade.

South had to win with dummy's ace. Then he cleared the clubs.

West led a second diamond. South still had a chance for his contract. Maybe that queen of spades would be an entry to dummy. He led a low spade and played dummy's queen. East produced the king and South was held to seven tricks. Three hearts, three diamonds and one spade.

Hearing Tests
Set For Snyder

Free electronic hearing tests will be given at Pal-O-Mar, Sat. Oct. 1st, 10 a.m.-4 p.m.

Factory-trained hearing aid specialists will be on hand to perform the tests.

Anyone who has trouble hearing is welcome to have a test using the latest eletronic equipment to determine if this loss is one which may be helped. Some of the causes of hearing loss will be explained, and diagrams of how the ear works will be shown.

Everyone should have a hearing test at least once a year if there is any trouble at all hearing clearly. Even people now wearing a hearing aid or those who have been told nothing could be done for them should have a hearing test and find out whether the latest methods of hearing correction can help them hear better.

The free hearing test will be given at the Pal-O-Mar Motel, 573-2633. If you can't get there on this day, call and arrange for an appointment at another time.

Aggies, Wolverines Picked As Best Weekend Race...

SWC Horses Ready To Run

By DENNE H. FREEMAN
AP Sports Writer

While third-ranked Michigan and fifth-ranked Texas A&M tangle before 104,000 fans at Ann Arbor in the intersectional biggie of the week, there's a family feud in the Astrodome that bears more than just passing interest.

As a matter of fact, the defending Cotton Bowl champion Houston Cougars-remember them?-could be put to a severe test by a revengeful Baylor in the spotlight Southwest Conference game Saturday.

Houston ambushed Baylor last year in Waco to start a Cinderella season ending with victory over Maryland in the Cotton Bowl.

The Cougars have lost quarterback Danny Davis for the year and that puts Delrick Brown squarely in the spotlight.

"When Danny went out, everybody got down in a real hurry," said Cougar receiver Don Bass. "After the Penn State game, we had to accept the fact that Delrick, not Danny, was the man to lead us.

"Danny and I had worked out all together all summer, lifting weights, running, throwing passes. But Delrick is working well with the team now. He throws a better pass than Danny, a perfect spiral that always hits you in the numbers. Danny would throw the pass to you but you never knew whether it would wobble or spiral at you."

Greg Wood will start at quarterback for the Bears who are 10-point underdogs.

Baylor goes into the game chopped up from its confrontation with Nebraska.

"Trainer Skip Cox was on the field so much he lettered," said Baylor Coach Grant Teaff.

Texas A&M is a touchdown underdog to Michigan, Arkansas is a prohibitive favorite over Texas Christian in Fort Worth, and Texas likewise, in a matchup with Rice at Memorial Stadium.

Texas Tech is a six-point pick over North Carolina on the road and Ohio State visits the Southwest for the first time with a three-touchdown boost from the oddsmakers over Southern Methodist in the Cotton Bowl.

Texas A&M goes against the Wolverines with the utmost respect from Michigan Coach Bo Scembechler.

"Before the season started, I said Texas A&M was one of the top five teams in the country, fully capable of winning the national championship, and I still believe that's true," he said.

The game will be regionally televised back to the Southwest with a 12:30 p.m. CDT kickoff.

Arkansas has defeated TCU 18 consecutive times dating back to 1958 when retired All-Pro Bob Lilly was a member of the winning Horned Frog team.

Red Sox Sell For $16 Million

BOSTON (AP)-Shades of Horatio Alger. There's still room at the top for the ambitious office boy. Also for a journeyman catcher and a professional sports trainer.

Haywood Sullivan, who hit just .226 with 13 homers in 312 games during a major league career which spanned seven years, and Buddy LeRoux, who spent nearly 25 years catering to pro athletes, are the new owners of the Boston Red Sox.

A 13-member group, headed by Sullivan and LeRoux as general partners, was awarded the Red Sox Thursday, ending months of speculation. The group was chosen by the executors of Thomas A. Yawkey's estate from among five qualified bidders.

The biggest surprise was that Yawkey's widow, Jeann and LeRoux were listed among 11 "limited partners." Mrs. Yawkey and her husband, who died in July, 1946, after owning the Red Sox for 43 years, have treated Sullivan almost like a son.

"We have to hammer out the contract, but for all intents and purposes the club is sold," said Joseph LaCour, an executor with Mrs. Yawkey and Joseph Curran.

LaCour, who said the deal is expected to be finalized by Oct. 31, flatly declined to disclose even "a ball park figure" involved in the sale, saying the executors wish "to keep the Red Sox' finances private." However, best guesses were the franchise and real estate including Fenway Park, went for about $16 million.

Ninth Grade Cuts Steers

BIG SPRING--Snyder ninth grade edged the Steers here yesterday, 18-13 with a fourth quarter seige that gave the Tigers their third season win in as many outings.

The Steers' Watson, fleet quarterback, scored first for Big Spring, cashing in on a 55-yard run. The point after was good, and the score stood 7-0 in the first quarter.

It was into the fourth stanza before either team could light the scoreboards again. Snyder struck on a 19-yard touchdown pass from quarterback Mike Roemisch to Barry Blackmon. The running attempt for two points failed.

Following a fumble, Snyder's Rodriquez scampered for 52 yards between his guard and tackle to add six more Tiger points. Again the PAT failed. Minutes later, Roemisch plunged in from two-yards out to seal the Snyder win. The PAT, once more, went awray.

On the kickoff, Big Spring opened up and Watson soared for 78 yards to grab the second Steer TD. The point-after was blocked.

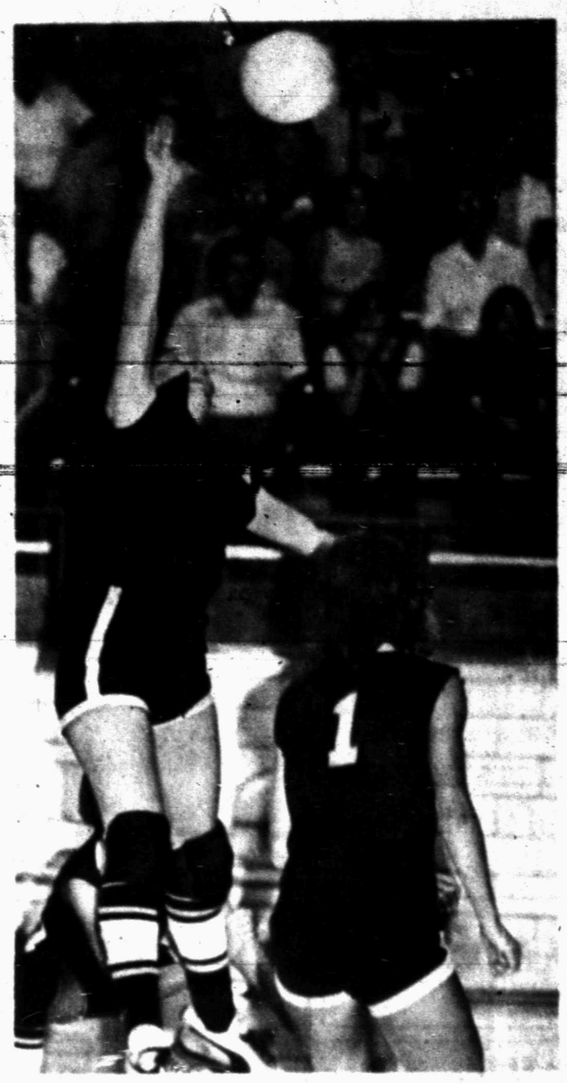

The Tigers piled 157 yards on the ground, and completed four of 10 tosses for 67 passing yards. "The offensive line did real well," praised Coach Albert Lewis, "especially in the fourth quarter."

Members of the offense are left end, Jerry Greene; left tackle, Ricky Elliott; left guard, Joe Thamez; center, Neil Evans ("Also an excellent job with deep snaps to the punter."); right guard, Stephen Ham; Tony Degrate; Barry Blackmon; Mike Roemisch; Keith McClain and Chris Seale; fullback Robert Rodriquez; and split end, Dale Jenkins.

Gold Falls To Runnels

Snyder Gold fell to Runnels White in football action yesterday 12-0. "This was the same team that beat us 32-0 last week," noted Coach Jim Carson.

"They (Snyder) played just a tremendous game against an undefeated team." Three fumbles and a pass interception kept the eighth graders out of Runnels' end zone.

TAKES FIRST MATCH--Snyder Tigerettes defeated Brownfield here last night, 15-7, 15-8 in the district opener. Above, Kathy Harrell slaps a shot set up by Cindy Koonsman (behind her). Dana Elrod (1) looks on. The Tigerettes were to attend the Seminole Tournament Friday and Saturday. (SDN Staff Photo)

BOXING

NEW YORK-Muhammad Ali used left jabs and hooks to pound out a unanimous 15-round decision over Earnie Shavers and retain the World heavyweight championship at Madison Square Garden.

Ali was showing every one of his 35 years at the end but he also showed his tremendous courage when, after being sent across the ring by a smashing right in the final round, he came back with a flurry of head punches that almost put Shavers down.

Judges Eva Shain and Tony Castellano each had it nine rounds to six for Ali, while referee Johnny LoBianco saw it 9-5-1 for the champion.

GOLF

KERRVILLE--Western Texas College, 1976-77 Western Conference Champions, are to participate in the Schreiner Junior College dual match Tournament here Oct. 1-2. The match features 18 holes of play each day.

NAPA, Calif.-Dale Douglass, whose last tournament title came in 1970, shot an opening-round 66 for the first-round lead in Napa's annual pro golf tour event and was pursued closely by Larry Ziegler and Mac McLendon, with 67s. All three played on Silverado's South course, in the opening round of the $200,000 tournament.

GENERAL

AUGUSTA, Ga.-Clifford Roberts, co-founder of the Masters Golf Tournament was found dead at the Augusta National Golf Club, the victim of a self-inflicted gunshot wound.

Roberts, 84, was discovered by club officials in a creek bed behind the cabin once owned by the late President Dwight Eisenhower.

Alexander Drops Final Mound Try

ARLINGTON, Tex. (AP) -Although he'd already proved a large point - that he could win consistently if placed in a starting rotation and left there - the Texas Rangers' Doyle Alexander was more than a little unhappy about dropping his final decision of the year hursday night.

Alexander, who finished at 17-11, his best year ever by four victories, saw his bid for No. 18 fade in the night as Seattle collected three straight singles - by Bob Stinsom, Craig Reynolds and Julio Cruz - to pull out a 2-1 victory.

It was the hit by Reynolds that left Alexander mumbling and blaming Bump Wills. He thought the rookie second baseman could have handled the ball, but his claim "I thought I was out of the inning" seemed far-fetched.

Wills failed to come up with the ball, a grounder between first and second but it appeared he would have had a play only at first base.

Earlier in the year Alexander had unkind words for Manager Billy Hunter claiming he was, "pulled faster than Gaylord Perry or Bert Blyleven."

At first he jumped on Wills hard, then backed down.

"We should have stayed home and given them this one," Alexander protested. "It's a shame to lose because one guy won't play."

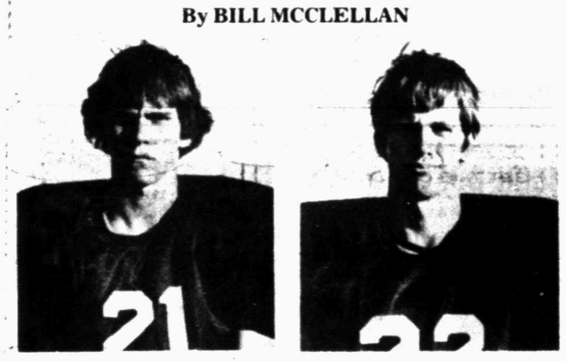

But in the next breath, he said "But he's done a good job this year. I'm not knocking him. I made some good pitches and some bad ones, so I guess I deserve it."

Wills agreed that "I should have had it. I thought the ball would come up, but that's beside the point."

JOE HALL MARK MOSLEY

...Bulldog Players Of The Week

TIME TO change gears and do a little backing up. Unfortunately, we omitted last week's 'Bulldog Of The Week.' Apologies go out to David Mosley, who not only grabbed BOW (no pun intended) honors, but was selected as this year's Football Hero at Ira.

David, a junior, quarterbacks the Bulldogs and according to Coach Gary Fox, "has come a long way this year since the season started after not getting to play last year because of the transfer rule." The 131-lb. athlete plays defensive back for the 'Dogs, also, and "has begun to develop into a fine pass defender. He has intercepted passes in both of the last two ball games," noted Coach Fox.

THIS WEEK'S Bulldog is senior co-captain Joe Hall. Joe plays offensive end and defensive end for Ira. In the past game, Joe recovered on fumble, and led the defensive charge that sacked the Christoval quarterback three times.

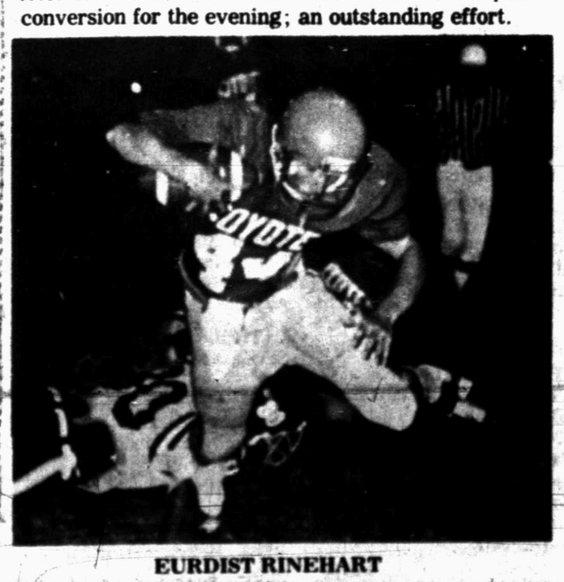

"Joe sometimes fills in for David (Mosley) when needed," points out Fox.

Joe is the son of Mr. and Mrs. J.J. Hall of Ira. Mark's parents are the Rev. and Mrs. Jim Mosley, also of Ira.

CONGRATULATIONS to both of them!

Now to this week's Class B Player of the Week. Borden County dipped down and pulled out their first win of the season last Friday; a move which may well set the theme of the season for Coach Bill Killian's Coyotes. Finally in good health for the first time since their initial scrimmage, the Gail-based team turned a few heads last week in whipping Loraine. Part of the credit, and a reason to watch for big things from Gail this year, goes to running back Eurdist Rinehart; the SDN Class B Player of the Week.

Eurdist, a 155-lb. senior, rambled for 233 yards on 20 carries against Loraine; averaging over 11 yards per tote. He scored four touchdowns and a two-point conversion for the evening; an outstanding effort.

8th Loses By A Little

Snyder 8th grade Gold dropped a close volleyball match to Seminole here yesterday. The young Tigerettes were defeated badly in the first game 15-1, but came back to win the second, 15-10. Seminole won the match on a hard-fought final game, 15-11.

Leading the Tigerettes was Lynne Robertson, who posted 11 points in the second game. Up next for the 8th grade team is Colorado City, whom they'll host at 4:30 and 5:30 p.m. Monday.

GATHERED GOLD

Reproduction of a section of the Dead Sea Scrolls

Acres of Diamonds was a most popular book a generation ago. It told of seeking in our own backyards those things which we thought lay far beyond the Seven Seas. It caused millions of readers to stop engaging in wishful thinking and self pity and do the best they could with what they had. Oftentimes one would discover veritable "diamond fields" at the doorstep of one's own life.

Last year I visited the so-called Dead Sea in Israel. Dead Sea indeed! That body of water is so laden with rich and inviting minerals that its total value has been estimated at one trillion dollars—the approximate value of the taxable assets of the entire United States. Its waters contain forty-two billion tons of gold, silver, manganese, phosphate and countless other chemicals and mineral elements. It is worth more than all the oil of all the Arab countries in the Middle Ease.

In every one of us, I am convinced, there is an area of our lives which we possibly consider useless and wasted. Sorrows encountered have produced character and endurance . . . two of life's richest elements. Experiences we have lived through have made us wiser and more prudent . . . diamonds in the rough in our own backyards. Riches and wealth untold in your life—enough to make you triumphant instead of defeated, strong instead of weak, a pleasure to be around instead of being shunned by all who know you. Experience and judgment come only through living. Some make these into stepping stones to victory. To others they are stumbling blocks to defeat.

ASTRO-GRAPH
Bernice Bede Osol

Your Birthday

Oct. 1, 1977
Involvements you have with progressive associates this year will come off well. Dealings with those who live in the past won't be as profitable.

LIBRA (Sept. 23-Oct. 23) Don't overlook old obligations today. Take care of your end of the bargain without any attempt to pass it off. Find out more about yourself by sending for your copy of Astro-Graph Letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

SCORPIO (Oct. 24-Nov. 22) Pessimistic companions should be avoided today. Their crepe-hanging could put you in the doldrums, too, and you'll see mud instead of stars.

SAGITTARIUS (Nov. 23-Dec. 21) It's possible you could turn the smallest task into a gigantic undertaking today. Unfortunately, it's all in your head.

CAPRICORN (Dec. 22-Jan. 19) A hidden fear could spoil your fun today. You should forget it, because it probably won't happen anyway.

AQUARIUS (Jan. 20-Feb. 19) When things go wrong at home today, don't try to pin all the blame on your mate. He or she may not be entirely innocent, but then neither are you.

PISCES (Feb. 20-March 20) Use a soft-sell approach in trying to convince a helper to do what you want today. Your subject may not be in the mood for an ear-beating.

ARIES (March 21-April 19) If you're making a purchase of any consequence today, be certain to get exactly what you want. Buyer's remorse can strike quickly.

TAURUS (April 20-May 20) Any disagreement between you and your family today should be settled speedily. Otherwise a long-lasting chill could set in.

GEMINI (May 21-June 20) Although you're not prone to hold grudges, you're down on someone you deal with on a regular basis. You could be the big loser there.

CANCER (June 21-July 22) Review how much you're spending on nonessential things and activities. Your budget is taking a beating unnecessarily.

LEO (July 23-Aug. 22) Goals you set are not easy to come by today. If you give your best you can attain the heights. If not, you're the big loser.

VIRGO (Aug. 23-Sept. 22) You have too many self-doubts for your own good today. Being cautious is a virtue, but being negative is not in that category at all.

(NEWSPAPER ENTERPRISE ASSN.)

FIRST BAPTIST

"Some Signs Of His Coming" will be the sermon topic of the pastor at the 11 a.m. worship service Sunday. The childrens special service will begin at 11:20 a.m.

Church training service will begin at 6 p.m.

"Will God's Spirit Be Here Tonight?" will be the sermon topic of the pastor at the 7 p.m. worship service.

On Wednesday, the pastor will direct discussion in "Seek and Ye Shall Find." The discussion will begin at 7:30 p.m. and will close at 8:15 p.m. Adequate nursery services are provided for every service.

Father 'Comforts' Son's Lover With Dinner

By Abigail Van Buren

© 1977 by The Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: Ralph and I got a call at 5 a.m. from Vera, the 30-year-old woman our 19-year-old son is living with. We had never met Vera, but we threw Junior out of our house because he was over her place all the time, anyway.

Vera was frantic because Junior hadn't been "home" for two nights. Imagine the gall! Ralph said Vera was hysterical, so he thought he should get dressed, go to her place and calm her down. Meanwhile, I went back to sleep.

Well, Ralph was gone for 18 hours and I was half-crazy worrying about him. When he came home, I noticed he had worn his best suit and shoes.

He told me he had taken Vera to dinner, and Junior never did show up.

What do you call a man who leaves his wife's bed to pacify a woman he's never met because his son didn't come "home" to her? His excuse was that he wanted to see the environment his son was living in.

DISGUSTED

DEAR DISGUSTED: How about a "C.P.E." (Concerned Pacifying Environmentalist)?

DEAR ABBY: When a friend has taken his own life, out of kindness and consideration for the family, should the whole thing be ignored as though it had never happened? I mean, should there be no flowers, letters of condolence, or mention of it at all?

Some I have spoken to about this seem to feel that this is the best way to handle suicide deaths. What is your opinion?

ANONYMOUS

DEAR ANONYMOUS: When a dear one dies, his family suffers a loss, whether he has taken his own life or not. Friends should express their sorrow and offer words of comfort to the family without reference to the circumstances.

DEAR ABBY: When some poor, ignorant, unimaginative dolt points to the work of a serious modern artist and asks, "What is THAT supposed to be?" how should the artist respond?

BEWILDERED

DEAR BEWILDERED: The artist tells the dolt what he had in mind when he put the brush to the canvas. (If he can remember, that is.)

DEAR ABBY: You often print letters from telephone operators complaining about what they have to put up with from the public. As a member of the "public," may I get in my 2 cents' worth?

I have never called directory assistance to find out whether I should use 10 large eggs instead of 12 small ones in an angel food cake, how to spell "conscientious objector," what Pat Nixon's real first name is, or the answer to any other such questions.

When I call MR. Jones person-to-person at home, and his wife answers saying he is not in, the operator inevitably asks, "Would you like to speak to MRS. Jones?"

Why on earth would I be calling MR. Jones if I wanted to speak to his wife? And with Mrs. Jones right on the line listening, what am I supposed to say, "No, I don't want to talk to her?" So I end up not speaking to the person I called, and paying person-to-person rates for it.

I realize that not all operators are alike, but customers aren't, either.

OS Ranch Event Opens Saturday

The 7th annual OS Ranch Steer Roping and Art Exhibit will begin tomorrow at the ranch in Garza County.

This year's roping and art exhibit, which benefits West Texas Boys Ranch, will again be preceded by the invitational art preview party tonight.

Besides the traditional steer roping Sunday afternoon featuring 34 ropers, including several former world's champions, there will be a special 10-calf match roping between reigning world champion calf roper Roy Cooper of Monument, N.M., and former calf roping champion Phil Lyne of Artesia Wells.

Over 100 original pieces of art and sculpture will be on display and for sale in the historic old OS Ranch house both Saturday and Sunday. Fifty invited calf ropers will compete in the arena Saturday and the steer ropers compete Sunday. Other events include a GRA approved barrel race and a cutting horse contest, old fashioned outdoor cooked barbecue at noon both days, and an old timers' breakfast Sunday morning before church services in the historic chinaberry grove, where Garza County was organized in 1906. A benefit dance also is set for Saturday night at Post.

Many of the artists displaying their creations for exhibit and sale, with commissions going to West Texas Boys Ranch, will be present to visit with patrons and sign autographs.

The OS Ranch Steer Roping and Art Exhibit was originated in 1971 by Jim Prather, a professional steer roper himself. The art exhibit and sale were added the following year. All work on the event, which takes several weeks of preparation, is done by volunteers who donate their time and efforts.

Texas," he added.

Hill also lashed out at what he called "dynasty building" in Briscoe's bid to retain the governorship for 10 consecutive years.

Hill acknowledged that Smith's bid for a political comeback may draw some votes from him, but minimized the possible threat.

"Our polls show Smith is receiving, on a statewide basis, about five per cent of the vote in a three-cornered race," said Hill.

"I'm not reluctant to make changes when they can benefit the state," added Hill. "I'll be this kind of governor," he added, "if I am given the job."

Extension Is Given To Mennonites

WASHINGTON (AP)-An eleventh hour reprieve by the U.S. Immigration and Naturalization Service has allowed the 500 Mennonites now living in West Texas four more months to secure permanent visas.

The spartan-like religious group was due for deportation this Saturday. The new deadline, however, is now Jan. 31.

The Mennonites came to the arid Seminole area of Texas from Canada and Mexico and bought 6,400 acres for $2.6 million.

INS spokesman Vern Jervis said the decision to postpone the deadline was made because of the hardships the Mennonites would suffer if they were forced to leave before they could harvest this year's crops and pay back the loans they took out to finance them.

FmHA Ordered To Halt Farm Foreclosures

By DON KENDALL
AP Farm Writer

WASHINGTON (AP)-Agriculture Secretary Bob Bergland has issued orders to the Farmers Home Administration to take all steps possible to halt real estate foreclosures on low-income farm families for the remainder of this year.

The FmHA is the Agriculture Department's main lending agency to help low-income people buy or enlarge farms. It also handles other programs, including loans and grants, to help other rural people buy or improve homes, start small businesses and carry out community development projects.

Although not officially announced, sources said Thursday that directives are expected to be sent soon to state and local offices of the nationwide agency. One said that Bergland "gave a direct order" to FmHA to take all possible steps to head off farm loan foreclosures at least through the remainder of 1977.

An aide to Bergland confirmed that the order had been passed to the agency but said that FmHA "will not necessarily issue a blanket" halt to all foreclosures. Flagrant cases still may involve foreclosures he said.

According to the sources, Bergland is alarmed that the current low prices of many farm commodities and a precipitous drop in net farm income from the record levels of a few years ago could have a disastrous effect on many of the low-income families through FmHA financing.

OBITUARIES

Elmer Hunter

Funeral service has been set for 10 a.m. Saturday at Faith Baptist Church for Elmer (Preacher) Hunter, 70. Mr. Hunter, who lived at 605 34th Street, died at 6:40 a.m. Thursday in Highland Hospital in Lubbock.

The Rev. Buck Hatfield and the Rev. Glenn Border will officiate at the funeral service.

A native of Kaufman County, Mr. Hunter was married to Nina Mae Jones on Aug. 17, 1938, in Scurry County. She survives.

Also surviving are three daughters, Mrs. Barbara Radican of Monahans, Mrs. Ophelia Lloyd of Austin and Mrs. Carolyn Sutton of Snyder; five sons, Keith, Kenneth and Rodney Hunter, all of Snyder, Jimmy Hunter of Cushing, Okla., and Roy Hunter of Pecos; four sisters, including Mrs. Jewell Leatherwood of Snyder and Mrs. Cate Petty of Levelland; 24 grandchildren and two great-grandchildren.

AFS Is Given Rotary Check

A $200 check was presented Thursday to the American Field Service by the Rotary Club.

The check, presented by Rotarians Lonnie J. Payne and Darwin Melton, was given to Sam Kitching, president of local AFS chapter.

The money will be divided between Chantal Baril and Liri Lestari, both foreign students studying at Snyder High School.

Suspect Held In Rape Here

A 25-year-old suspect has been arrested in connection with a Sept. 20 incident in which a Snyder housewife said she was raped.

The suspect, while in the presence of his lawyer, turned himself in to deputies Thursday afternoon at the Scurry County Sheriff's Office. Bond for the rape suspect has been set at $1,000.

The complainant, a 20-year-old woman, said she was raped while at her sister's house in the Green Hill Addition in North Snyder.
