Commissioners Receive Two Requests To Forgive Tax Penalty And Interest Charges

The members of the Fisher County Commissioners Court heard two requests last Monday morning to forgive taxes / tax penalty and interest. One came from Wes Hays and David Hargrove representing the Rotan Masonic Lodge the other came from Mike Terry, speaking on behalf of the Roby Hatahoe Restaurant.

The Masonic Lodge wanted penalty and interest forgiven saying that the appraised value of the Masonic Lodge has gone from $7,000 to $22,000. The lodge is behind in paying taxes and they wanted the commissioners to forgive back penalties and interest to help the Lodge get back on their feet.

After the Lodge made their presentation to commissioners Mike Terry, representing the Roby Hatahoe, requested that commissioners forgive approximately $2,800 in penalties and interest. The taxes on that property are approximately 5 years past due. Terry indicated that the building had the possibility of selling but could not sell with over a $10,000 past due tax and penalty and interest bill unpaid.

Fisher County Judge Marshal Bennett has set up a meeting with Fisher County taxing entities on Friday, July 12th at 9:00 p.m. to discuss what to do with those requesting forgiveness of penalties and interest and taxes.

Commissioners discussed the future of the DARE program. No decision was reached but it is believed the DARE program will end within the next month because entities have agreed not to fund it in the future.

Commissioners discussed amending the budget for Charlie Meek's precinct to cover the cost of a recently purchased motor grader for $130,000.

Commissioners were informed by Charles Thornton, Fisher County Auditor, that the certified tax roll was expected by July 25th. Commissioners also set a budget workshop meeting for July 29th.

Marty Williamson, Fisher County Treasurer, informed the commissioners of possible changes in the county retirement plan but recommended that commissioners stay with the present plan.

Williamson reported a total of $12,000 earned by all invested funds for the 3rd quarter 1996 and a total of $32,0623.05 earned in all of 1996 from interest on invested funds.

As of last Monday, the county had approximately $690,000 in investments in MMA's and other savings accounts.

There was a total of $85,188.81 in the employee trust account - insurance account.

Commissioners discussed changes in election judges and voting locations. A full report on the locations will be carried at a later time.

1996 ROTAN ALL-STARS: The 1996 Rotan All-Star Team defeated the Ti-County All-Stars, but were defeated by the Snyder All-Stars twice to keep them from advancing to the final play-offs. Forgive Taxes - Penalty & Interest

There has been a flurry of activity recently wanting taxing entities to vote to forgive taxes and penalty and interest on certain properties in the county.

The first organization asking for forgiveness was the Rotan Masonic Lodge. This organization wants all Fisher County entities to forgive about 3 years of penalties and interest that have accumulated. Texas law prohibits them for being a 'tax exempt' organization, thus the reason they are taxed. Now, it is a fact that the Masonic Lodge's taxes have increased after their building was re-appraised for about $22,000 versus $7,000 about three years ago. However, entities must be careful in forgiving not to set a precident that they can't live with. They must use the same measuring stick with the Masonic Lodge that they use with other organizations.

The next request for forgiveness of taxes came from Mike Terry, representing the Roby Hatahoe. He wanted the Commissioners to consider forgiving taxes back about 5 years so the Hatahoe could be sold to a new owner. His reasoning was that the Hatahoe was overvalued. The Hatahoe was on the tax roll for approximately $20,000 and Terry contended that the building, equipment and lot was only appraised by a financial institution for $7,000. He felt the taxes should be forgiven so the building could remain on the tax roll in the future under a new owner. County taxing entities must use the same measuring stick for the Hatahoe in Roby that they use with other businesses trying to sell with back taxes owing.

Commissioners didn't take any action on the request, from either the Lodge or Terry on behalf of the Hatahoe last Monday. Judge Bennett did set a meeting for all entities to discuss the forgiveness of taxes for Friday at 9:00 a.m.

I urge extreme caution in the forgiveness of taxes and penalty and interest.

I see both sides, but I find it difficult to forgive in this case. If that business doesn't pay - then all the rest of the taxpayers in the County have to make up the difference. I don't think all the rest of us need to be paying taxes on the Roby Hatahoe and Rotan Masonic Lodge - regardless of how much we like hamburgers or members of the Masonic Lodge.

Weaver Retires As Rotan Family Dollar Manager

Mattie Weaver retired as the manager of the Family Dollar store in Rotan on June 5th, after serving as manager for the past two years.

She was the local manager of the Winn's Store in Rotan before Family Dollar purchased Winns for 6 years.

Denese Hoffman was elevated from floor supervisor to Store manager on June 6th. She has been an employee of Family Dollar since it opened in Rotan in July 1994.

Irene Lujan was elevated from sales clerk to floor supervisor.

R.C.S.L. In Black After Fireworks

About a week before the 4th of July, members of the Rotan Community Service League were concerned that they were about $1,000 short in being able to pay for the fireworks. This was after a most successful fajita dinner last month.

According to Jeff Groves, "we may still have a few small bills outstanding but the way it looks now we are going to close out with about $229 extra to go toward next years fireworks display," stated Groves.

Groves indicated that a total of $2,200 was deposited on Friday, July 5th after funds were collected from entry fees for the softball tournament, concession stand sales, donations and sale of shotgun raffle tickets.

Bettie Hargrove won the Remington 870 12 ga. shotgun and the Carrillo's won the softball tournament.

Meeting Set All Entities To Talk Delinquent Taxes

There will be a meeting at the Fisher County Commissioners Court room on Friday, July 12th at 9:00 a.m., for the purpose of all entities getting together to discuss forgiving penalty and interest on delinquent taxes.

The issue of forgiveness first surfaced when the Mason Lodge in Rotan asked the Rotan School Board and Commissioners to forgive some past due penalty and interest on the lodge building.

Last Monday Mike Terry, representing the Roby Hatahoe, requested that commissioners forgive some past due penalty and interest on the Roby Hatahoe. He had already appeared before the Roby City and planned on appearing before the Fisher County Hospital board of directors.

Three Arrested In Rotan For House Burglary

Three Rotan juveniles - two 15-year old boys and a 13-year old boy - were arrested by Fisher County Sheriff's Department officers last week and charged with burglary.

The trio allegedly broke into a home owned by Jim Yanez on East 8th Street and removed two rifles, a Canon AE-1 camera and accessories, gold pocket watch, change and a cellular phone estimated by Sheriff Gene Pack to be valued at $1,200.

One of the boys was turned over to a relative in Abilene and the other two were turned over to the Juvenile Detention Center in Abilene.

Horsemanship Practices For Queen Candidates

Horsemanship practice will be held for Fisher County Fair & Rodeo Association queen's contest contestants on Thursday nights, beginning on July 11th.

The practice sessions will take place at the Fisher County Rodeo Arena in Roby.

Committee members will secure sponsors for individuals who are unable to get sponsors on their own.

The annual Fisher County Fair & Rodeo will take place on August 8, 9 and 10th.

Applications for the queen's contest and guidelines are available at the Fisher County Agent's office; Midwest Electric Coop, The Newspaper Office and the First National Bank of Rotan.

All contestants must either be a resident of Fisher County or attend a Fisher County School.

Any business or individual interested in sponsoring a contestant may also contact the Fisher County Agent's office for additional information..

Parents Urged To Be Alert To 'Blue Star' Paper Laced With L.S.D.

The following information from a flyer has been circulating on the Texas High Plains.

"A form of tattoo called "Blue Star" is being sold to school children. It is a small piece of paper containing a blue star. They are the size of a pencil eraser and each star is soaked with LSD.

The drug is absorbed through the skin simply by handling the paper.

There are also brightly colored paper tattoos resembling postage stamps that have the pictures of the following: Superman, Mickey Mouse, clowns, Disney characters, Bart Simpson, Butterflies, etc.

Each one is wrapped in foil. This is a new way of selling Acid by appealing to young children. These are laced with drugs.

If your child gets any of the above, do not handle them. These are known to react quickly and some are laced with strychnine.

Please get the word out about this danger to children.

For your information only.

This information has been confirmed by the Amarillo Police Department.

House Passes Temporary 4.3 Cents Gas Tax Repeal Bill

House Passes "Election Year Seven Month Temporary 4.3 Cents Gas Tax Repeal Bill"

On Tuesday evening, May 21, the House of Representatives voted to repeal the 4.3 cents gasoline tax which was included in the 1993 deficit reduction bill. What we actually voted on should have been called "The Election Year Seven Month Temporary 4.3 Cents Tax Repeal Bill," and it is a textbook example of poor public policy being driven by election year politics.

My opposition to this gasoline tax was one of several reasons I voted against the 1993 budget on final passage. But here we are, three years later, still racking up annual budget deficits to pass on to our children and grandchildren, and we are nitpicking about a seven-month break from paying this 4.3 cents gasoline tax.

Before we cut any taxes, Congress should set aside partisan differences and work out an agreement to achieve the $700 billion of spending cuts needed to bring the budget into balance. The simple fact is that, until we balance the budget, any tax cut is really done with borrowed money. I cannot justify putting more debt on the backs of our children and grandchildren through a temporary tax cut designed for short term political gain.

I was encouraged by the bipartisanship that was evident in the most recent vote on the Coalition budget. But instead of working towards a balanced budget plan, the Majority leadership has squandered an historic opportunity to set aside partisan differences that could result in real deficit reduction in the overall context of the budget.

I find it interesting that the same advocates of this seven-month temporary gas tax repeal are the same opponents of the agriculture price supports and subsidies that have helped our own producers compete against our heavily subsidized trading partners. The opponents of agriculture programs say we should let the market place work, but when gasoline prices temporarily increase 21 cents over a four month period, all of a sudden it is time for the federal government to come and save the day-- at least for seven months.

There is no question the U.S. Tax Code needs reform to bring about tax relief and incentives to invest in our country's future. But let the American consumer be forewarned; the 4.3 cents gasoline tax repeal, as supported by the Majority and the President, will last through December 31, 1996, less than two months after the November election. On January 1, 1997, all the rhetoric heard about tax relief will be worth just about as much as the noisemakers used to bring in the New Year.

House Passes Minimum Wage Increase

On May 23, the House passed legislation increasing the minimum wage by ninety cents per hour. The increase would be phased in over the next two years and would raise the minimum wage from $4.25 to $5.15 per hour. I voted against this measure because it will reduce the number of entry level jobs at a time when we are working to move welfare recipients into the job market. Raising the minimum wage will also drive up the cost of U.S. products in the international marketplace. The Senate is still deliberating this issue.

Birthday cards are interesting. Recently, someone sent me the following:
"Birthday Greetings! You know what they
say about old age: It's all in your mind...
(and legs, arms, neck, arches, back, shoulder...)."

It is easy to appreciate the humor (and reality) of the card. But your birthday is more than that; even more than a milestone. It is a road marker pointing to new experiences, reminding you that the future is not-yet but can-be. It suggests the un-mapped road promises life un-lived, un-marred, just waiting for your touch.

Birthday is a "new year" that holds within its muted grasp all sorts of gifts yet unknown. There will be days of darkness as well as brightness; days of sorrow together with joy; days of tears mingled with laughter.

But each emotion and experience is needed to weave the tapestry of life so it will stand out in bold-relief, declaring the "love and life are real."

Fisher County Round-Up

By Joy Walker - 735-2840

by Joy Walker.....

Has it been hot enough for everyone? And we still are waiting for that much needed rain. The forecasters predict a chance on Tuesday and Wednesday and I sure hope that they are right. The cotton still looks real good, but don't know how long it's going to stay that way with these 104 temperatures we have been having. Kim, Tracy, Blain and Taren Knipe from Snyder visited with the James Ratliffs on Sunday.

Louise Martinez went to Snyder for the 4th of July and visited with Tachi and Steve Warren and their girls who were home for the 4th. Dr. and Mrs. Jeff (Stephanie) Hoover from Temple, Mr. and Mrs. Matt (Sabrina) Swinney also from Temple, Mr. and Mrs. (Tonya) Patterson from Odessa and Mrs. Joe (Nicole) English and two children from Midland. They all attended the 4th of July parade in Snyder and ate lunch together.

Skyler and Samantha Etheredge from Durango, Colorado, are here visiting with their grandparents, Mr. and Mrs. J.W. Etheredge. They came the 4th and are staying for a week or two. They are the children of Todd and Suzanne Etheredge. Randi Marie and Cody Etheredge have also been visiting with the Etheredges. Mrs. Lealon Wilburn visited with them all on Saturday.

Mr. and Mrs. Frank Mitchell went to Graham and attended Horace Mitchell's birthday party last weekend. All 5 of his children were there and some of the grandchildren, and they all had a good time. Then the Mitchells went to Decatur and visited with Barbara and Lee Swan. They came home Monday. Dr. Bob and Sharon Holston and their daughter, Jennifer, from Nashville, Tennessee came in for the birthday party in Graham and then came to Roby Tuesday and stayed until Friday. Barbara and Lee also came and visited.

Annyce Brown had a stroke on Friday and is in the Rolling Plains Hospital in Sweetwater. We hope to hear that she is doing better.

Marilyn Toole came home from the hospital in Abilene but will still continue with her treatments.

Israel Ramon has been under the weather but is doing a little better.

Milton Doyle has been having some health problems too, and we hope that soon everyone will be feeling much better.

Steve Patterson and his family attended a family reunion in Hobbs, New Mexico, this past week.

Archie Rivers is having a retirement party on the 11th of July at the Roby Post Office.

The Price reunion was held at the Holiday Inn in Sweetwater on Saturday and George and Jan Price attended, also Jimmy and Jeanette Price. Sharmin and Kyle Price and they also attended the reunion. Kyle is staying with his grandparents for a week, so Jimmy and Jeanette are going to enjoy that. The Stuarts, Terrys and Moores had their family reunion over the weekend at Cottonwood RV Park in Roby, and there was a big crowd there.

Mark and Melody, Kassie and Kyle arrived here Tuesday and we had such a good visit, but were busy as Mark had to rope Wednesday night at Stamford, and then again on Friday morning. He placed 5th in the 2nd go round with a time of 8.6 so was real pleased with his second run. There were 161 ropers entered so he was sure happy to place so high. He didn't place with his first run. Melody rode Saturday morning and Kassie and I and Mark went to watch her, and although she had a really good run, she didn't make it to the top 10. Little Kyle stayed with Sheila and Donnie most of the time when Mark and Melody were at the rodeo, so I stayed with them too to help out with the baby. He is so good and such a happy baby; when he isn't sleeping, he lays on the floor and plays. The kids at his day care named him Happy and I think they named him right. They all went home Saturday late, as it was cooler on the horses. Evette Burk flew in from Dallas to Midland late Wednesday and Carol and Wilber met her there, and then they all went to Crane and visited with Greg, Shawna, little Clancey, Tess and Tatum. They stayed in Crane for the 4th and came home late that night. Drew drove in Friday after work, and then they visited with us that night. We saw all of them several times and I ate lunch with them on Sunday. Drew and Evette went home Sunday evening. Mr. and Mrs. Donnie C. Gruben from Lamesa also visited over the 4th. Paige Blair, daughter of Tina and Martin Blair spent several hours over here, and at Sheila and Donnie's, playing with Kassie. One day Kassie spent the day with Paige; they play so well together, and Kassie really enjoyed her stay here. Of course they went swimming, even Kyle, who really enjoyed it. Sheila and Donnie had a big party for Cross Roads Baptist Church the evening of the 4th and there were about 60 folks there. So you can imagine how the baby liked everyone playing with him. Well I could go on and on about little Kyle, but guess that is because I am his grandmother and am a little prejudiced as most grandmothers are.

See you next week.

Letters To The Editor

The Readers Always Write

Letters to the Editor are encouraged. They must be signed. All letters should be kept to approximately 200 words. Letters are subject to be edited for clarity, liable and for the purpose of only conveying one point. Letters are run on a space available basis.

Dear Editor:

I am writing about the closing of the Rotan landfill. What is going to happen when we have a storm in Rotan or Roby and the homes have to have new roofs; where will the old shingles go? Why doesn't the county take over the landfill in Rotan and keep it open and everyone in the county pay taxes for it. Then charge anyone that uses it. I hate to see it close. There will be more trash thrown on the county roads.

Thanks,
Frances Morgan

THANK YOU

In 1988, Rhonda and I were blessed with opening up our farm store. It was a dream of mine for a long time. Now after 8 years of working with the special people of Fisher County, we have decided to sell, due to injuries received in my accident.

How we have enjoyed meeting and serving all of our wonderful customers and friends. Thanks for all the wonderful memories we've shared.

Our families live here and nearby and we certainly plan to stay in Fisher County. We wish the best of business success to Mark and Pam Harris at Fisher County Farm Supply and hope you will continue to shop with them. May they be as blessed as you have blessed us.

Thanks again,
Rhonda & Bryan Justiss

Rotan Days To Feature Homebuilt Fly-In And Young Eagle Flight

A special activity during Rotan Days this year will be the Antique and Homebuilt Fly-In and Young Eagle Flight.

The Antique and Homebuilt Fly-In will feature vintage and modern airplanes which are either restored or hand built by the owners. Awards will be given.

The Young Eagles Flight is a special program to provide a motivational aviation experience focusing on a demonstration of flight in an airplane. The goal of the Young Eagles program is to reach 1 million young people by the year 2003-- the dawn of aviation's second century and 50th anniversary of the Experimental Aircraft Association.

Through the courtesy of the pilots belonging to the Experimental Aircraft Association (EAA) Chapter based at Abilene Regional Airport, young people between the ages of 8 and 17 are provided, free of charge, a demonstration/introductory flight in an approved aircraft by a highly qualified pilot. Eagle Flight participants must have parent or guardian's signed permission to fly.

Each participant will become a member of Eagle Flight. They will know the exhilaration and freedom of flight, as shared by a dedicated pilot whose life had been positively influenced by aviation. A member of Eagle Flight will also come to see and understand-- as through the eyes of an eagle-- that the true potential of life lies beyond everyday surroundings and may be reached through pursuit of high personal goals.

All Eagle Flight participants will receive a special Eagle Flight Certificate and their name will be entered in the World's Largest Logbook at EAA Headquarters in Oshkosh, WI.

Kasey Ann Greene And Damon Drennon Are United In Marriage

In a double ring ceremony Saturday, June 15th at the First United Methodist Church Rotan, Kasey Ann Greene became the bride of Damon Drennon of Anson.

Officiating the vows was Larry Holder, pastor of the church.

The bride is the daughter of Mr. and Mrs. Loyd Greene. Parents of the bridegroom are Mr. and Mrs. Lanny Ivy of Anson and Stephen Drennon of Dallas.

Mr. & Mrs. Damon Drennon

The alter was adorned with a basket of fresh purple glads and white mums. Heart shaped candle holders trimmed in silk roses and ivy completed the setting. At the end of their vows, the couple lit a unity candle signifying the joining of the two families.

Given in marriage by her father, the bride wore a gown of white bridal satin fashioned in the empire style. A veil of silk illusion fell from a fabric headpiece to form a chapel length train. Lace medallions centered with pearls were scattered over the veil and dress. Both the dress and veil had been made by the bride's grandmother, the late Betty Kiker and worn by the bride's mother on her wedding day. The bride carried a cascade of white and purple silk roses.

Serving the bride as maid of honor was Jennifer Underhill of Rotan. Bridesmaid was Jessica Ky Kiker of Midland. They wore long purple crepe dresses and carried bouquets of white silk roses. Serving as flower girl was Kimber Kiker of Rotan. She wore an off white lace empire style dress. The ring bearer was Seth Kiker of Rotan. Candles were lit by Aaron Greene of Rotan, brother of the bride.

Serving as best man was Mitchel Drennon of Anson, brother of the bridegroom. Groomsman was Chris Irwin of Arlington. Seating the guests were Lane Greene of Rotan, brother of the bride; Cody Ivy of Anson, brother of the bridegroom- Corey Ivy of Haskell, brother of the bridegroom and Corey Green of Haskell.

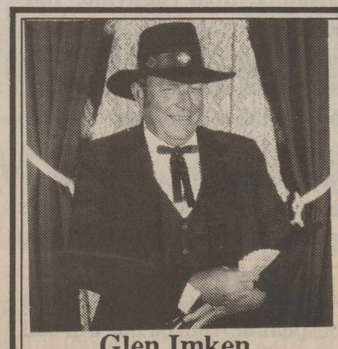

Immediately following the ceremony, a reception was held in the fellowship hall of the church. The bride's table hosted a three tier white wedding cake adorned with fresh purple miniature daisies and was topped with an old fashion bride and groom which had been used on the wedding cake of the bridegroom's grandparents. Purple punch, purple and white mints and nuts rounded off the table. The groom's table was adorned with a German Chocolate cake, coffee and nuts. Presiding over the tables were Debbie Mitchell of Price, Sarah Greenlee of Rotan, Chandra Malone of Lubbock and Michelle Morris of Anson. Guests were registered by Megan Bird of Haskell and Julie Grisham of Rotan.

Parents of the bridegroom hosted the rehearsal dinner in the back yard of Mr. and Mrs. Alan Kiker of Rotan.

The bride is a graduate of Rotan High School and is attending Aladin Beauty School of Abilene. The bridegroom is a graduate of Anson High School and attends Cisco Jr. College and is employed by U.P.S. in Abilene.

The couple returned home to Anson after a short wedding trip.

PUBLIC NOTICE:

BFI, through partnership with the City, has agreed to change your recycle collection schedule to benefit a joint effort to maintain an efficient recycle program. **Your current scheduled day will be changed to Friday, and will be collected on the same day every other week.** A schedule of the dates of collection will be provided to each resident. For those residents who show a higher volume of participation, there will be a second bin made available by contacting City Hall. **Your new collection schedule will begin in July starting on Friday, the 12th and will follow the provided annual schedule from that day forward.**

YOUR REGULAR TRASH COLLECTION DAYS WILL NOT CHANGE.

Your much needed cooperation is highly appreciated. **BFI** is proud to be a partner in this successful recycle program.

Your current Recycle Collection Program will stop the week of June 24-30, 1996. For those who need to empty recycled material, it will be picked up on July 4th.

Your new Recycle Collection Program will resume on July 12th, 1996.

Sincerely, **BROWNING-FERRIS INDUSTRIES**

Mane Event '96

A Big Success

About 80 students attended Roby High School's annual Mane Event this year. Mane Event is an after graduation, Drug-free, alcohol-free all-night party for Roby students who have completed 8th through 12th grade. The event is hosted by Roby Church of Christ and sponsored by area churches, businesses, individuals and a grant from the Department of Transportation. Without their support, and the volunteers who chaperon the event, such a night would not be possible.

This year's event brought in the largest percentage of graduating seniors ever, with 30 of the 36 attending. The night's activities, which are provided free of charge for each student, started with a hamburger supper and games at the Cottonwood RV Park south of Roby. They traveled in school busses to Sweetwater for skating, then on to Abilene where they bowled two games and then rode go-karts. It was back to Roby for door-prizes and donuts. Each graduating senior receives a $25.00 gift certificate from the Mall of Abilene, and each participating student receives a Mane Event T-shirt. Door prizes ranged from a remote-control color TV to a pair of sunglasses, with each student receiving a door prize this year.

A plaque was presented to Mike and Debbie Terry for ten years of planning, fundraising, chaperoning and their overall dedication and service to the Mane Event.

We're proud of all the kids who participated. We also want to thank the sponsors and chaperons who showed, with their support, that the kids are worth the effort.

The recent drought has placed a great deal of stress on turfgrasses in Texas. Because of the environment benefits of turfgrasses, many people are concerned about caring for them during this dry period.

Turfgrasses provide benefits such as cooler temperatures in the summer, cleaner air and water, and habitat for wildlife. Therefore, there is a desire to keep grasses alive.

A big concern right now is water use. People want to keep their lawns green, but many do not wish to use excessive amounts of water.

This time of year, if you're trying to keep a lawn green it will probably need about one and one-half inches of water a week.

Many people, because of the need for water conservation, are not trying to keep their lawns green, but they do wish to keep their lawns alive.

To just keep it alive, not green, about one-half inch every two to three weeks for St. Augustine and one-half inch every month for bermudagrass will work.

In Texas, St. Augustine and bermudagrass are the most common turfgrasses for lawns. These two grasses are hardy grasses which are able to withstand Texas heat.

To keep a lawn green, it is often necessary to fertilize. Fertilization will not be a helpful practice under the current weather conditions.

Do not fertilize right now. Fertilization will only increase the need for water.

The question of when to mow very dry lawns is also a difficult one for many people. If the lawn is getting adequate water and is showing signs of growth, weekly mowing is recommended. The mowing height for St. Augustine grass in lawns is approximately three inches. Two inches is correct for Bermuda grass in lawns. Herbicide use to kill weeds is not a wise practice right now. Drought-stressed grass will be damaged by herbicide application which could slow the fall recovery of the grass.

Fall recovery of turfgrasses may be slower this year. However, if the grass is adapted to the local area, replanting won't be necessary. St. Augustine grass is not native to this area.

Lots of people have St. Augustine in their lawns so they may see more replanting than those with bermudagrass.

The most important consideration with turfgrasses during dry periods is water application. Individuals must decide whether they want a green lawn or whether they just want to keep their lawn alive and water accordingly.

In the war against ticks and fleas, pet owners use an arsenal of chemicals to keep their animal parasite free, but toxic chemicals can have bad effects on pets and owners alike. That's why Experiment Station entomologist Dr. Pete Teel is working with growth regulators to give pet owners a less toxic alternative. Unlike toxic chemicals that destroy the insect's respiratory or nervous system, insect growth regulators work by preventing the tick larvae from reaching maturity. Teel says the advantage of using growth regulators is obvious. Growth regulators are less toxic and can be used effectively inside and outside the home to control ticks and fleas. Though the growth regulator for ticks is still being tested, because of its nontoxic effects on pets and humans, government approval should be forthcoming.

BRINGING BACK MEALTIME

"Please pass the love, unity, and spaghetti." An unlikely request? Perhaps. But in truth, that's what you give your child when you sit down together at the family table.

Mealtime means more than refueling your child with nutrients- she's also getting a hefty dose of emotional, intellectual, and spiritual nourishment. As you serve the peas and butter the bread, you convey your values and establish traditions.

Yet, some experts worry that the family meal is headed for extinction. During the past 10-30 years, a degeneration of the family structure has taken place and families now eat fewer meals together.

Child experts and nutrition specialists are concerned that families are losing the unity that traditional meals once provided. Although recent surveys show a decline in the number of meals families eat together, the good news is that most American families still break bread together often.

A survey by Rice-A-Roni indicated that, on average, Americans eat with their families five nights each week, and 40 percent spend every night dining together. But other polls show a more alarming trend. Out of 1,000 people interviewed in the Los Angeles area, one in three households did not eat regularly as a family.

Many families continue to maintain the tradition of shared meals, but the trend is shifting.

It is believed that eating with the family helps foster a child's development. A child's development is spurred by a positive mealtime atmosphere, traditions shaped through shared meals that offer young children a sense of security. Children learn to communicate effectively in a non-threatening environment by sharing the day's events, expressing feelings and listening to one another.

Parents should try to make it a point to talk to kids at mealtime, keeping conversations pleasant and saving problems and discipline for another time. Ask children about school, their activities and things they enjoy doing.

Family meals also can promote cooperation, especially when mealtime chores are divided up. Even children as young as 2 can have a job associated with mealtime, such as carrying napkins to the table.

As most parents know, manners don't just happen. The dinner table is one area that offers plenty of opportunities for parents to model subtle etiquette lessons. Besides, it is difficult to get through a meal without a few rounds of "please", "thank you", "excuse me, and "may I?"

Mealtime also is a time to express and acknowledge love, seek renewal, and develop in a spiritual sense. Families may choose to speak to God together, count blessings and express concerns at the family table.

Roby School Tables Issue Of Forgiving Back Taxes On Roby Hatahoe

The Roby School Board met in regular session and heard from Mike L. Terry representing Linda McClure, owner of the Hatahoe, concerning the forgiveness of taxes on the Roby Hatahoe. Terry stated the business could not be purchased with the taxes against it, and asked the board to consider forgiving the taxes so the business could be purchased by Manuel Valdez. Terry also stated that the Appraisal District had the Hatahoe appraised around $20,000 dollars, and that recently it had been appraised through the bank at $6,500. Terry was asked if the appraisal was through the First National Bank of Sweetwater/Roby and he stated that it was an independent borker contracted to First National Bank Sweetwater/Roby. Terry also stated the total taxes were $5,200 with $4,800 in penalties and interest making the total of $10,000 owed in taxes on the property.

Lance McWilliams, asked if the property had been over appraised.

Betty Mize, Tax Assessor/Collector stated that the Appraisal District uses a Bench Mark such as the Dairy Queen in Rotan or the former Hatahoe in Rotan for determining the value of the property or properties stating they can be re-sold at a higher market value since it is considered commercial property with commercial property having a higher appraisal value.

Billy Don Atkinson stated he felt like the value of the property was appraised a little too high and asked if it could be re-appraised.

Mize state that when the property is re-appraised the district will look at what's left, since it needs a new roof, and look at it again if it should be repaired to be more consistent with what it is worth.

Atkinson stated he wasn't sure about the value, but there was a big difference between the two appraisals.

Mize also stated that a meeting had been set for Friday, July 12th, to discuss this situation by the Commissioners Court and that the Appraisal District's method of determining value and individual appraisals are different and separate from other entities.

When posed with the question by Lance McWilliams if other schools had forgiven taxes Mize stated that she knew of one that did and agreed to take the tax base under an exempt agency, but when left on the roll are difficult to collect especially if the business declares bankruptcy, then the taxes cannot be collected.

Mize did tell the board that should they decide not to take any action the property would be sold at the Courthouse door for taxes and legal fees and if no one bid on it then it would be struck off to the school until it came up for bid for resale and that would take a considerable amount of time and would not happen real quick.

Steve Terry, Board President, stated that if the board decided to start forgiving taxes that it could have a snow-ball effect and this was something that would really have to be looked at. He also stated he would be in favor of meeting with the Commissioners before taking any action.

Vance Lakey made the motion to table the issue until after the Commissioners had met concerning the matter. The motion carried 5-0 with Manuel Valdez abstaining due to conflict of interest.

In other action the board discussed the Roby Handbook at length and voted to approve it with the changes, approved items on the consent agenda, approved the hiring of Ike Shane Faucett for the position of Band Director for 1996-97 school year, approved student insurance for 1996-97 to the Dwight Jones Agency, and approved a resolution supporting Jerry G. Williams from Trent for a position on the TASB Board.

George Price, Superintendent, reminded the board of the change in the regular board meetings moving the August meeting to the 26th in order to close out the school year and the September meeting to the 16th because of the school audit.

The board then went into closed session to discuss personnel at 8:23 and came out of closed meeting at 9:27. No action was taken after closed session.

Bill Fowler, Elementary Principal, reported on the progress of the new Elementary Building and that the old building had been gutted and was ready to be torn down and removed.

George Price stated that a dedication of the new building will be planned and the date would be announced later.

The board adjourned at 9:45 P.M.

The Pastor's Column

By Rev. Larry Holder
First United Methodist Church
Rotan, Texas

Why do you see the speck in your neighbor's eye, but do not notice the log in your own eye? Or how can you say to your neighbor, "Friend, let me take out the speck in your eye", when you yourself do not see the log in your eye? You hypocrite, first take the log out of your own eye, and then you will see clearly to take the speck out of your neighbor's eye. (Luke 6:41-42 NRSV).

Many times we are so afraid of being labeled a hypocrite that we come to a stand still in our Christian life. We hide our faith, or make no attempts to grow spiritually. Often we are quick to label a person who tries to do right, but fails as a hypocrite. A hypocrite is not someone who honestly tries and fails, but a hypocrite is someone who puts on religious behavior in oder to gain approval, acceptance, admiration, or attention from others. Are you taking action, or are you just acting. There is a difference. Amen.

"The Pastor's Column" is available to any Fisher County pastor on a rotating basis. Submit devotionals to "The Newspaper Office", Post Office Drawer A, Rotan, Texas 79546.
