STUDENTS ARE HERE TODAY FOR MEET

LEAGUE CONTESTS ARE STARTED; CONTINUE THROUGH SATURDAY

Lubbock county school boys and girls were here today for an annual county interscholastic league meet. With them were teachers, parents, and schoolmates who while not selected to participate were drawn by the excitement of it all.

Literary events were to begin with separate debate matches for boys and girls at 8 o'clock this morning. An arithmetic contest was to begin an hour later and the ready-writers, in extemporaneous essay, were to wield their pens at 10 o'clock.

General Assembly Held

A general assembly was scheduled for 10 o'clock in the First Baptist church auditorium, where Joseph R. Griggs, county superintendent, was to welcome the contestants and school patrons. B. Sherrod was to present basketball trophies.

Immediately after the assembly the competitive melody of rhythm bands was to be heard.

The literary contests will stretch into the night and athletic events will be conducted tomorrow at Texas Technological college field.

Charles R. Lail is director general of the meet.

RECESSION IN TRADE SEEN

ADVERSE WEATHER IS SAID TO BE CAUSE FOR SLACKENING

(By The Associated Press)

NEW YORK, March 22.—A slackening in trade velocity this week was noted in the weekly business review issued today by Dun & Bradstreet.

The reaction was attributed to adverse weather conditions, some recession in the rate of general industrial activity, weakness in commodity quotations and further postponement of decisions on political matters affecting business.

Is Not Pronounced

"With few exceptions, however, the retardation was not pronounced," the report said. "And was more in the nature of a period of relaxation after the steady climb since last October to regain sufficient strength to take advantage of the normal spring rise, which is about to start.

"The spread between distribution and production is being narrowed steadily, as buying of Easter merchandise already is off to a good start, with the peak of seasonal purchases not to be reached until well after the conclusion of that event.

Aggressiveness Seen

"Businessmen are replacing the watchful attitude of political developments by a more definite dependence on their own aggressiveness to hasten the attainment of their objectives. x x x

"The development of individual courage doubtless will hasten the pace of recovery during the next few months."

It was pointed out that despite mid-western dust storms, retail sales in farm districts were 5 to 7 per cent above the comparative week of last year. The overflow of tributaries of the Mississippi in the southwest curtailed wholesale orders, the survey found, and the lessened flow of government funds and the cotton price break had a restrictive effect on southern buying.

Fort Worth Club Raiders By Rangers

FORT WORTH, March 22 (AP)—Three Texas rangers slipped into town from Wichita Falls last night and raided the ritzy Ringside club for the second time in a week.

Captain Fred McDaniels, who led the group, said they found a small quantity of liquor.

THE WEATHER

CLOUDY

WEST TEXAS: Partly cloudy, except probably local showers in southeast portion tonight and Saturday.

EAST TEXAS: Mostly cloudy, probably local showers in southwest portion tonight or Saturday. Moderate to fresh southerly winds on the coast.

OKLAHOMA: Partly cloudy tonight and Saturday; not much change in temperature.

PATMAN BONUS BILL PASSES IN HOUSE

Injunction Order Will Be Opposed

MOTION TO DISSOLVE COURT'S RULING IS TO BE ENTERED

(By The Associated Press)

FORT WORTH, March 22.—Attorneys planned today to seek dissolution of a federal injunction preventing indictment and trial of Sheriff W. F. Cato of Garza county in state court for the slaying of Federal Narcotic Agent Spencer Stafford at Post Feb. 7.

Walter B. Scott of Fort Worth, attorney for Cato and one of the persons named in the order, said a motion to dissolve the injunction likely would be filed at once.

The court order, issued by Judge James C. Wilson, named District Attorney G. H. Nelson of Tahoka and County Attorney H. G. Smith of Garza county and several attorneys.

HEARING IS SET

FORT WORTH, March 22 (AP)—A hearing on a motion by counsel for Sheriff W. F. Cato of Post seeking dissolution of a federal injunction to prevent the indictment and trial of Cato in the state court in Garza county for the slaying of Federal Narcotic Agent Spencer Stafford on Feb. 7 was set for Saturday at 9:30 a. m. in an order issued by Federal Judge James C. Wilson today.

At the same time, Federal District Attorney Clyde O. Eastus, after a conference with Charles Crenshaw of the Lubbock law firm of Bledsoe, Crenshaw and Duggan, announced that he would ask Judge Wilson to omit the Lubbock lawyers from the injunction suit.

"Mr. Crenshaw explained to me that he and his partners were called into consultation by Sheriff Cato and that a fee was agreed upon but that they did not at any time represent him as the defendant in the slaying of Spencer Stafford," Eastus said. "His firm does represent the bonding company which holds Cato's bond and at one time represented Cato in a civil suit. In view of these facts I am going to ask Judge Wilson to except them from the injunction suit."

Trial Is Blocked

It enjoined them from "doing any act looking toward trial of the said

RELIEF PLAN IS GIVEN NEW DELAY

WASHINGTON, March 22. (AP)—The $4,880,000,000 relief bill, pitched and tossed about in eight weeks of committee and floor debate in the senate, met a new delay today, when Senator Thomas (D-Okla) announced he would offer the Patman bonus bill as a rider if his silver inflation amendment fails.

Confederate Vets Asked To Amarillo

NASHVILLE, Tenn., March 22 (AP)—The United Confederate Veterans today had Amarillo, in addition to New Orleans, and Jackson, Miss., as a possible site for their 1935 reunion.

General Harry Rene Lee, veterans chief of staff, yesterday received bids from Amarillo city officials saying they were "ready for your immediate acceptance of our invitation."

Lee informed the Texans, however, that he would be unable to definitely answer their bid until after New Orleans had either confirmed or withdrawn its invitation of some weeks ago.

Spring May Route Relief Strikers

DALLAS, March 22 (AP)—Spring weather may route several hundred relief clients from their encampment in the city hall where they have camped the last six days demanding increased rations.

Physicians said that there was great danger of lung and respiratory infections spreading among such a crowd.

The sixth day of the "strike" against cuts in food and wage grants found the white strikers diminishing.

BOY IS INJURED

A Slaton boy, Alfred Johnson, about 8, was received at Lubbock sanitarium early this afternoon. He had suffered a laceration of the bridge of the nose between the eyes and possibly other injuries. Examination had not been completed. Police said they were informed the boy had run against a moving automobile about the 1500-block of Main stret.

SENATE IS TO ACT NEXT ON MEASURE

REPRESENTATIVES VOTE TO SEND MEASURE FOR APPROVAL

BY CLARENCE M. WRIGHT
Associated Press Staff Writer

WASHINGTON, Mar. 22—The administration-opposed Patman bill for paying off the soldiers' bonus by issuing $2,000,000,000 of new money was passed today by the house and sent to the senate.

President Roosevelt has threatened several times to veto the legislation if passed by congress.

Senate Approval Predicted

Senate approval was freely predicted, but administration leaders counted on that body to refuse to pass the measure over a veto. That would require a two-thirds vote.

Before final passage, the house rejected 304 to 207 the Vinson-American Legion bill for paying the bonus but leaving up to the government the method of raising the money.

It also turned down the Tydings-Cochran-Andrews measure for making the payments in negotiable bonds.

The vote was 82 to 318 against the Tydings-Cochran-Andrews proposal.

Pleased At Vote

James E. Van Zandt, the commander of the Veterans of Foreign Wars, said "we are overjoyed and deeply grateful for the overwhelming vote."

"The veterans of foreign wars, America's overseas men, have led the veterans' fight for the passage of the Patman bill in the belief that it not only will pay the adjusted service certificates immediately in cash, but will not increase in any way our national debt. The adoption of this legislation today further justifies the fight we have made."

Frank N. Belgrano, jr., American Legion commander, told reporters:

"The American Legion thought the Vinson bill would assure immediate, full cash payment of the soldiers' bonus. The house apparently thought otherwise.

"We have made no decision on what we will do in the senate except to work for immediate, full cash payment of the bonus."

Donald R. Richberg Takes NRA Place

WASHINGTON, March 22. (AP)—Donald R. Richberg took command of NRA today after a series of rapid-fire developments which found President Roosevelt and the chiefs of the American Federation of Labor presenting a united front against those who would toss the blue eagle into the scrap heap.

A reorganization which placed Richberg in the post vacated by S. Clay Williams was followed by speculation as to whether there was a new rapprochement between administration and A. F. of L. in which the administration might throw its support to the Wagner labor disputes bill.

Medical Leader Of Texas Is Charged

FORT WORTH, March 22 (AP)—Dr. I. A. Withers, chairman of the Texas board of medical examiners, today faced charges of violating federal narcotic laws.

He was released under $10,000 bond yesterday after being accused by complaint of conspiring with J. C. Milner and E. F. Gibson, Fort Worth druggists, over a period of 15 months to "write prescriptions for large amounts" of a drug to enable "addicts to satisfy their habits."

The other men were free under $5,000 bond each.

TAX RECEIPTS CLIMB

WASHINGTON, March 22 (AP)—The treasury said today income tax receipts for the first 20 days of March ran 33 per cent in excess of the same period last year.

Eerie Voices Are Heard As Darkened Ship Soars Into An Inky Blackness

IDENTIFIED AS BELONGING TO THE SPIRITS OF FAMOUS MEN; TRAGEDY OF AMUNDSEN'S DEATH IN ARCTIC TOLD TO LISTENERS

(By The Associated Press)

NEW YORK, March 22—Eerie voices of undetermined origin, wafting through the inky blackness of a darkened cabin plane as it soared 4,000 feet above New York, gave spiritualists a topic of paramount interest today.

The voices identified themselves as belonging to the spirits of Sir Arthur Conan Doyle, famed creator of Sherlock Holmes and a firm disciple of spiritualism; Roald Amundsen, explorer; Horace Greeley, crusading newspaper editor of a past era, and Lincoln Beachey and Floyd Bennett, aviators.

Attempted for the first time so far as the participants knew, the airplane seance took place last night through efforts of a group of New York spiritualists to overcome "interference." The interference, they explained, sometimes handicaps their attempts to contact the spirit world.

Fourteen spiritualists were in the plane, from which all light had been shut by newspapers tacked across the windows. After the liner was in the air, Miss Maina Tafe, the medium, suggested "everybody sing." All did.

Soon an unearthly and thin voice (the source as yet undetermined) came from one of the two aluminum trumpets in the aisle. It said it was Sir Arthur, and described the experience of talking with persons in an airplane as "more fantastic than death itself."

"Floyd Bennett" was heard as the plane roared over the Brooklyn airport named in his honor. The next voice, ascribed to Lincoln Beachey, said the spirit of Wilbur Wright was

Young Woman Is Held In Slaying

STUDENT IS STABBED TO DEATH AT TABLE IN NIGHT CLUB

(By The Associated Press)

NEW ORLEANS, March 22—A knife stab in the heart early today ended the life of John Irving Pierce, 23, a magazine writer of Jackson, Miss., and local university student, while he was seated at a table in the fashionable "Nut Club" here with his companion, Marian King, also 23, a former newspaper woman.

The girl, who with Pierce, were well known in New Orleans night life, was accused by police of the stabbing and was arrested and held without formal charges pending a thorough investigation of the slaying.

Patrons Witnesses

Half a hundred fashionably-dressed patrons of the club were horrified witnesses to the stabbing.

M. E. Culligan, assistant district attorney, in his investigation reported that the girl admitted driving the blade of a small knife into the heart of Pierce after a series of quarrels, but he quoted Miss King as saying "it's a personal matter."

The girl emphatically refused to give any specific reason for the stabbing, but Culligan made public two letters which he found in Pierce's apartment which he said

Gould Farmer Slain During Still Raid

RUSH, March 22 (AP)—Jesse L. Jones, 33, Gould community farmer, was fatally shot late yesterday during a raid on a whisky still by four officers.

John Rankin, Griffin constable, was arrested after the shooting and released under $75 bond. When Jones died this morning in a Jacksonville hospital, Rankin was sought by officers to be placed under a murder charge. An examining trial was planned today at Jacksonville.

DEATH WEAPON INTRODUCED

HAMMER ALLEGED TO HAVE BEEN USED SHOWN IN CASE

(By The Associated Press)

AMARILLO, March 22.—The hammer which the state alleges was used to kill the wife of George S. Hamlin here January 4 was introduced in evidence today in Hamlin's murder trial.

The hammer was exhibited during the testimony of Dr. Don F. Marsalis, Amarillo physician, over strenuous objections of defense counsel who contended that it had not been identified.

Will Offer Proof

Special Prosecutor E. A. Simpson told the court that the state would prove that the hammer was the one found in the Hamlin home, that it had been identified by the defendant, and that blood stains were found on it. He said the prosecution also would prove that the hammer fitted into wounds found on Mrs. Hamlin's head.

Judge E. C. Nelson overruled defense objections to the hammer and testimony concerning it.

Dr. Marsalis testified that the hammer "likely would be a death weapon" if held in the hands of an adult male and used to strike a woman over the head. He said certain wounds on Mrs. Hamlin's head did not swell because of an apparent lack of blood. The witness said this condition indicated that the patient died at about the same time the wounds were inflicted.

Roy Slay, embalmer, testified that seven or eight scalp wounds, one face abrasion, and bruised knuckles were found on the slain woman. On cross-examination he said that the scalp wounds were straight and not circular.

BILL TO AUTHORIZE WAR DEPARTMENT TO CONSTRUCT SIX POWERFUL AIR BASES FOR FRONTIER DEFENSE APPROVED

(By The Associated Press)

WASHINGTON, March 22—A bill to authorize the war department to build six powerful air bases to defend the nation's frontiers was approved unanimously today by the house military committee after it had heard the measure described as "essential" by high army officers.

The full military committee will take up the bill Tuesday. Chairman McSwain said he thought its unanimous approval was likely.

In determining the strategic locations for the bases, the war department would give consideration to these regions.

(1). The Atlantic northeast—To provide for training in cold weather and in fog;

(2). The Atlantic southeast and Caribbean areas—To permit training in long-range operations, especially those incident to reinforcing the Panama canal;

(3). The southeastern states—To provide a depot essential to the maintenance of the general headquarters air force;

(4). The Pacific northwest to establish and maintain air communication with Alaska;

(5). Alaska—For training under conditions of extreme cold;

(6). The Rockq mountain area—To provide a depot essential to the maintenance of the general headquarters air force, and to afford, in addition, opportunity for training in operations from fields in high altitudes; and

EQUALITY FOR REICH GOAL OF HITLER

SYSTEM OF ALLIANCES TO ERECT IRON WALL IS BEING HINTED

BY HAROLD P. BRAMAN
(Copyright, 1935, By Associated Press)

LONDON, March 22—Germany will demand from the European powers the right to a navy at least equal to the size of Italy's and possibly comparable with that of France, according to reports naval circles received today from Berlin.

The German navy now totals approximately 150,000 tons with 26,000 tons now building. Italy has approximately 370,000 and France 550,000 exclusive of vessels now being built.

Deserves Large Fleet

The reports circulating in naval circles were that the reich desires a fleet of at least 375,000 tons, possibly more.

Naval authorities recalled that Great Britain leads in naval tonnage with 1,160,000, with the United States in second place with 1,000,000 tons.

The information received here was that Reichsfuehrer Hitler will inform Sir John Simon, foreign secretary, and Captain Anthony Eden, lord privy seal, when they confer with him in Berlin next week that Germany must again become a major sea power.

New Alliance System

A new system of alliances to build an "iron wall" around rearmed Germany was seen as a possibility today in the event of failure of

Aged Pioneer Is Claimed By Death

ABILENE, March 22 (AP)—Joseph S. McComb, 78, who rode the Old Chisolm trail four years starting in 1871, and then hunted buffalo in West Texas, was dead today.

The veteran trail driver and hunter died here yesterday.

It was estimated that he and his associates killed and sold hides of over 15,000 buffaloes. McComb said he killed 1,000 buffalo bulls in one season near the site of Big Spring.

Texas Legislature Marks Time Today

AUSTIN, March 22. (AP)—The Texas senate was idle today but the house hoped to maintain a quorum to clear the long calendar of bills to which there was little opposition.

Senate activities were halted by the departure of its finance committee for an inspection trip to A. and M. college, Prairie View normal for negroes, and state institutions at Galveston. The penitentiary committee of the house was inspecting the state's prison properties, making it difficult for that body to muster and keep a quorum.

TAKEN BY DEATH

MARION, O., March 22 (AP)—Mrs. Abigail Harding Lewis, 59, sister of the late President Warren G. Harding, died at her home here today. Although she had been in ill health for several years, her death came unexpectedly from a heart attack.

Huey's Foe Claims Lid 'Clean Off'

OKLAHOMAN SAYS HIS DRIVE ON KINGFISH IS GETTING ALONG

WASHINGTON, March 22.—"Say, we've pulled the lid clean off!"

That was the response of P. L. Gassaway, cowboy congressman from Oklahoma, to a query today as to how his campaign to "knock Huey Long over" was coming along.

"You know," he said, "we're getting along famously. There isn't any limit now." Then he explained with a grin:

Raised The Ante

"Huey was gonna see that everybody got $5,000, and we raised it to $10,000. But now the limit's off.

"We are just gonna find the richest man in the country and then make every man as rich as he is."

Gassaway said that on April 7 he was going to tell the nation by radio, in a 15-minute speech, about the drive against the Louisiana senator.

He promised surprises to beat any of the antics of the "Kingfish", fish".

Took It Seriously

"I'll tell you how it was," he said. "We had to pull the lid off because some people were really taking this thing seriously. They wanted to start clubs to work for the $10,000 a year.

"This might look like a joke on the surface. But it's having a telling effect. The only way to fight that guy is with ridicule."

The campaign, he added, is bringing a tremendous response.

From none other than T. Semmes Walmsley, the New Orleans mayor and arch-foe of Long, Gassaway said he had word personally that "this business is hurting him (Huey) worse in Louisiana than anything that ever happened."

HEAVY DAMAGE FROM WINDS

VALLEY SECTION HARD HIT; LIVESTOCK IN SECTION IS LOST

(By The Associated Press)

DEL RIO, March 22.—Tornadic winds, accompanied by a heavy rain, caused damage estimated at approximately $800,000 in this section of the Rio Grande valley last night.

Twenty-one tanks collapsed at the Illinois pipe line farm.

Several hundred sheep in one pasture drowned.

Trees were uprooted, houses were unroofed and crops were lashed by the destructive wind, which reached a velocity of 56 miles an hour here. Telephone lines were blown down.

City In Darkness

Half of this city was in the dark for a time after the storm hit the valley.

Rainfall in the period of one and one-half hours amounted to more than four inches.

The storm roared in from the west and passed over the city in the direction of Spofford. Rainfall there totaled one and one-half inches.

The driving rain weakened some stretches of Southern Pacific railroad track, necessitating repairs but not delaying traffic.

THREE MINISTERS HURT IN MISHAP

WICHITA FALLS, March 22. (AP)—The Rev. Gaston Foote, one of three Methodist ministers of Pampa injured early today on highway 66 about 12 miles south of here, was in a critical condition at a hospital.

The other two ministers, Rev. Lance Webb and Rev. H. D. Tucker, were slightly hurt. Rev. Tucker received bruises and abrasions and Rev. Webb bruises.

The ministers were returning from a church conference at Fort Worth when their automobile figured in a head-on collision with a truck. Officers said Monk Harper of Memphis, Texas, was the occupant of the truck.

LUBBOCK HOST FOR SCORES OF TEXANS

HUNDREDS WILL TAKE PART IN TWO-DAY ANNUAL AFFAIR

First delegations for the Northwest Texas Older Boys conference began swarming into Lubbock this morning and early this afternoon more than half of the expected crowd was here.

A delegation of five from Belton, headed by C. D. Ransom, was the first to arrive, coming in early. The Plainview crowd came down, with the word that more were coming. At 11 o'clock Toby Galbraith, Amarillo business man, brought five boys with him. The larger Amarillo delegation left at 9 o'clock and arrived just after noon.

135 Paid From Lubbock

Dean James M. Gordon, chairman of the local delegation committee, announced 135 paid registrations for Lubbock boys. He said he had reports of a number of other registrations and added that by night he thought the total would probably pass the 150 mark.

Headquarters for rooms and registrations are in the social rooms of the First Methodist church. Grover C. Good, executive conference secretary, has established an office there. With him is Sam Henry, in charge of room assignments. Clifton Oliver, Amarillo, state president, is assisting.

Forty or more local boys were at headquarters, many with cars, to assist in greeting visitors. They were busy showing delegates to their home assignments and in other tasks.

Meeting Is Open

Saturday night's popular meeting, to be held at 7:30 o'clock at the senior high school auditorium, is "open to the public," Mr. Good said. "Dr. Gossard was glad to accept an invitation to talk," he added.

Several minor changes in Saturday's program were made. The conference picture will be taken at 4 p. m., instead of noon. The free luncheon, with S. E. Cone in charge, will be at Texas Tech at 5:30 instead of 6:30 as first announced.

Definite assurances had been given him, Sam Henry said, that there would be enough rooms for all out-of-town visitors. Many registrations came during the morning, he said, with a number of people promising to help at the last minute if not enough rooms were available.

Collie Will Preside

President Marvin Collie will pound his gavel at 3 p. m. in the First Methodist church for the opening. After prayer by Rev. R. C. Campbell, George W. Dupree will welcome visitors and Ikard Smith, vice-president, will respond.

Former Mayor R. E. Shepherd of Wichita Falls will lead in a singsong, with Mrs. Shepherd at the piano. General Secretary J. H. Henry, Dallas, will bring greetings of the state Y. M. C. A. Dr. Hal C. Gossard, New Mexico State Normal college president, will deliver the principal address.

Organization Planned

I. E. Jolly, Breckenridge, will organize the boys speaker program at 4:30 and Grover C. Good, conference secretary, will organize the conference. After announcements by Her-

NO QUARTER FOR TEXAS GAMBLERS

AUSTIN, March 22. (AP)—Governor James V. Allred said today in support of the action of Texas rangers in recent raids that he was for "absolute destruction of everything used in connection with operation of gambling establishments."

The governor had been asked at his press conference whether he approved the chopping of divans, draperies and other furnishings as well as the gaming tables. He replied that rangers were within their legal rights in breaking up everything used in gambling houses.

Asserting that "decent citizens" want gambling houses and open saloons closed, Allred said there would be "no quarter" in the statewide campaign on such establishments.

Gypsies Released Following Arrest

DENTON, March 22 (AP)—Eight gypsies arrested at Pilot Point late yesterday and brought here for questionning in connection with the slaying of D. B. Wood near Bennington, Okla., Wednesday, were released today.

Sheriff Williams of Durant, Okla., and other officers came here to question the band, including two men, four women and two children.

The band insisted they had never been in Oklahoma and had come here from Arkansas.

PLANE TAKES OFF

OAKLAND, Calif., March 22 (AP)—Heading into a lowering sky and promise of rain, the government's radio compass plane took off from Oakland airport at 7:06 o'clock this morning on a test flight that will take it 700 nautical miles out to sea.

You can never know how clean clothes can be until you try SANITONE

The licensee of SANITONE in your city makes this amazing new "Beauty Treatment for Clothes" available to you at no added cost.

● FIBRE-DEEP CLEANSING—SANITONE cleans clothes cleaner than they have ever been cleaned before by any cleaning process whatsoever;

— removes *all* dirt — inner as well as surface dirt — in *one* gentle, all-cleaning process. This has never before been possible;

— preserves the life of garments — refreshes them — brightens and enriches the colors;

— is easier on clothes than any other method — causes them to look better and wear longer — not a trace of odor.

● INTENSIFIES JADED COLORS — SANITONE is two things: It is a solvent — the first and only combined solvent for dirt and stains. It is a process — a gentle process that revitalizes as it cleans, keeping the shape of the garment, restoring the bloom and brightness of colors, refinishing silks, restoring woolens, cleaning and glazing furs.

● FOR MEN'S, WOMEN'S, CHILDREN'S CLOTHES — From silken web to heavy homespun — whatever the texture or nature of the garment . . . sheer, delicate, heavy, coarse . . . SANITONE gently penetrates to the innermost fibre, dissolving those microscopic atoms of grit that grind the life out of clothes. Hopelessly soiled and spotted garments come out fresh and clean beyond expectation. Of course, no cleaning process which can be used for draperies, etc., compares with SANITONE.

● REJUVENATES THE FINISH — But SANITONING does *more* than clean — it brightens colors, restores the soft, velvety finish to woolens by releasing their nap from the grip of soil.

● CLOTHES LAST LONGER — It protects the *fit* of your garments. SANITONED garments yield themselves much more readily to fine finishing and pressing, because they are never subjected to the deadening effect of rough handling.

● PATENTED, EXCLUSIVE PROCESS — License to use the process of SANITONE is restricted to recognized leaders in cleaning in every city. Thus the name SANITONE on window or wagon means not only the use of this marvelous process, it also designates the best and most reliable cleaner to be found.

In this city you can secure SANITONE Service at

EFFORTS TO GET ADDITIONAL SPACE FOR PENITENTIARY SYSTEM PLANNED

HUNTSVILLE, March 22. (AP)—Efforts to obtain additional equipment for the state prison here, and to allow the institution's workshops more opportunity to become self supporting were pledged today by the chairman and vice-chairman of the house penitentiary committee.

The legislative group came here on its regular inspection tour.

Carl Bergman, vice-chairman of the committee, said there should be more space for the prisoners. He said that after their day's work they were "confined in too close quarters which they also must occupy over Sundays."

C. C. Cannon, committee chairman, said he would "try to get seven or eight members of the appropriations committee to come here and see what Lee Simmons, prison manager, is doing."

He said he believed his committee was in favor of "letting the penitentiary make its own way" and added that "we ought to let the prison print shop compete for the state printing." He expressed a belief a bill now in the house permitting the shop to bid would pass.

"ALL-BRAN FORMS MAJOR PORTION OF MY BREAKFAST"

Delicious Cereal Relieved His Constipation*

Read Mr. Huyghe's voluntary letter: "After suffering for years, I happened to notice in the grocery a box of ALL-BRAN. I determined to give it a fair trial.

"Today it forms the major portion of my breakfast. I cannot say enough for its effect, as I am a man 58 years of age, at the time in life when one needs just what ALL-BRAN does for you."—Mr. Robt. A. Huyghe, 810 Union St., New Orleans, La.

*Constipation due to insufficient "bulk" in meals.

Research shows that Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines. ALL-BRAN also supplies vitamin B and iron.

Two tablespoonfuls daily are usually sufficient. With each meal, in serious cases. If not relieved this way, see your doctor.

The "bulk" in ALL-BRAN resists digestion better than the "bulk" in leafy vegetables. How much better to use this gentle food in place of patent medicines.

At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

HUGE GAIN IN TAXES SEEN

FURTHER INCREASE IN PAYMENTS EXPECTED DURING MONTH

WASHINGTON, March 22 (AP)—President Roosevelt's revenue estimates for the current fiscal year became a step nearer realization last night with an announcement by the treasury that receipts through February had amounted to $1,913,465,375—a gain of $341,179,065 over the comparable period last year.

The annual budget message estimated the year's receipts at $3,197,000,000. Receipts for the first eight months have been at the rate of $239,000,000 monthly which would indicate total receipts for the year of only $2,869,000,000 if the present ratio were maintained.

However, treasury officials said that the remaining months are among the most lucrative, due primarily to the fact that the first installment of income taxes on 1934 incomes are due in March, a levy which is expected to return at least $300,000,000 before March 31.

On this basis, responsible officials are known to believe strongly that the budget estimates will be reached.

On Capitol Hill, the treasury figures evoked even more robust enthusiasm. Speaker Byrns declared "we're out of the depression," and then added:

"There's nothing gives a better indication of the true condition of business than tax payments."

While Byrns preferred to leave guesses as to future tax plans to those he termed the "experts," other Democratic leaders said they believed congress might not be confronted with the necessity of immediately laying new levies.

In line with this, a move to prevent re-enactment of the federal excise tax of one cent a gallon on gasoline which expires in July was under way today in the house.

A small group headed by Representatives Driscoll (D-Pa) and Disney (D-Okla), began enlisting support for the move and Driscoll said the matter would be presented to the ways and means committee in the near future.

RELIEF PROBLEMS WILL BE TALKED

HOUSTON, March 22 (AP)—Relief problems, the future of private family welfare agencies and the problems of unemployment insurance, old-age pensions and social security for Texans will be discussed by the Texas Conference of Social Welfare at Austin March 28-30. The organization will observe the twenty-fifth anniversary of its founding during the sessions, Harold J. Matthews of Houston, president of the conference, announced.

About 1,000 relief administrators and workers, social welfare workers, executives and lay people are expected at Austin for the meetings.

Governor James V. Allred probably will address the conference briefly on the opening day and Mrs. Allred will be hostess to delegates at a tea at the mansion.

According to a recently discovered book, written 20 years after his death, Christopher Columbus was big, sharp-eyed, and had a long, red, freckled face.

MUSEUM BODY PLANS MEET

ANNUAL SESSION WILL BE STAGED IN CITY ON MARCH 29

The Plains Museum society will have its 6th annual meeting in the Texas Technological college engineering building the afternoon and night of March 29.

An annual art exhibit in the auditorium at the time will include entries by collectors in this region, museum pieces of the college and relics brought back from a Yaqui expedition, which Dr. W. C. Holden will formally present to the society.

Gus L. Ford, head of the history department at the college, is president of the society. He will speak in the afternoon session on "A Study of Population in Northwest Texas." Prof. L. F. Sheffy, head of the history department of West Texas State Teachers college in Canyon, will talk on "Problem of Collecting Museum Pieces."

The night program will feature addresses by Doctor Holden and W. G. McMillan, members of a Yaqui expedition. Doctor Holden will speak on "Yaqui Social Practices"; Mr. McMillan, on "Yaqui Architecture," illustrated with drawings.

Awards of two cash prizes and honorable mentions will be given owners of museum pieces judged the most interesting. Mr. Ford urged persons throughout the Plains section to attend and become members of the society. He extended a special invitation to editors of the South Plains.

Lubbock members of the society will entertain with a dinner in the women's dormitory between sessions.

WIFE SEEKING APPEAL CASH

MRS. HAUPTMANN WILL TOUR 13 CITIES TO HELP HUSBAND

DETROIT, March 22 (AP)—Mrs. Anna Hauptmann began a search through police and welfare home records in an effort to corroborate an unsigned letter which declared Bruno Richard Hauptmann was not guilty of the kidnaping of Charles A. Lindbergh, jr., and discribed a "living Lindbergh baby" in Detroit.

The letter described in detail the "plot" and listed the kidnapers. It also stated that the body identified by Col. Lindbergh as that of his son, had been exhumed from a Bronx cemetery, clothed in the Lindberg's baby's clothing and left near Hopewell "to throw a scare into Lindy, who was known to have marked the ransom money."

New Jersey officials who examined the letter, received by a New York newspaper man who covered the Hauptmann trial, said they were inclined to discount it. "Further," an official said, "there is no doubt the body found in New Jersey is that of the Lindbergh baby. I witnessed the identification myself."

Mrs. Hauptmann came to Detroit by plane Wednesday to start a tour of 13 cities to raise funds for her husband's appeal from the death sentence. Her first meeting will be held Sunday night, and in the intervening time she said she planned to conduct a private investigation.

American Legion To Sponsor Dance

A dance that will be given in the Auditorium, Saturday night, beginning at 9 o'clock, by Allen Bros. post, No. 148, of the American Legion will be for the benefit of indigent world war veterans and their families.

Mayor Ross Edwards' orchestra will play, said George S. Berry, post commander.

The dance is the second of a series of four monthly dances to be given this spring.

Popular Old Laxative

While other laxatives have come and gone, increasing numbers of men and women have continued to use the old, reliable, purely vegetable Thedford's Black-Draught.

"My father used Black-Draught, writes Mrs. A. M. Brumley, of Steele, Mo., "and we haven't found anything that can take its place. I take Black-Draught for headache, constipation and smothering after meals. Black-Draught relives me at once."

Black-Draught helps to relieve headache and discomfort after meals where simply due to constipation.

—so far as we know tobacco was first used about 400 years ago

—throughout the years what one thing has given so much pleasure..so much satisfaction

It was a matter of pride with a host in Colonial days that his guests should smoke tobacco grown on his own plantation.

Today the Governor of North Carolina says to the Governor of South Carolina—

"Have a cigarette"

TODAY people all over the world use tobacco in one form or another.

They chew it, they smoke it in pipes, they smoke cigars and cigarettes, and here is what an eminent physician said about cigarettes:

"I have been something of a student of cigarettes, and it is my belief that they offer the mildest and purest form in which tobacco is used."

Yes, nowadays the cigarette is the most popular form in which tobacco is used. A good cigarette certainly gives men and women a lot of pleasure.

Have a Chesterfield—

For one thing—they're milder.

For another thing—they taste better.

FORMER GUARDSMAN RIDES 2,300 MILES TO SAN ANGELO LOOKING FOR RANCH JOB; HE REFUSES TO LEAVE HORSE

SAN ANGELO, March 22. (AP)—Dick Ryan decided Detroit was a city for automobiles but not horses. He wanted to go to Texas but was reluctant to leave his horse, Major, behind. The solution was to take Major to Texas too. So late last October Dick mounted and "lit a shuck" for San Angelo.

After riding more than 2,300 miles Dick arrived here and started looking for a job on a ranch. That had been his ambition for several years.

In National Guard

Dick, 24 years old, had been in the Michigan national guard for the last six years. For the last three he was stable guard for troop K, 106th cavalry. Major was his personal horse. At the end of his enlistment army officers decided Major was "nervous" so they sold him to Dick for $2. Major isn't nervous when Dick is handling him.

The young man didn't tell the Detroit newspapers he was going to ride Major to Texas but his picture has been in newspapers all along the route. He averaged about 30 miles a day but the money he started out with didn't last long. He earned more along the way by working horses, shoeing them occasionally.

Stops For Thrill

Dick rode south from Detroit to Birmingham, Alabama. He stopped for a "thrill" at Col. E. R. Bradley's breeding farms near Lexington, Ky., and the Colonel personally conducted him through the place.

Major Roy E. Bierwirth of Detroit kept in touch with Dick by mail. The major, a regular army instructor for the unit at Detroit, knows the San Angelo country and told Dick it was a good horse section. The major formerly was stationed in Texas.

If Dick does not get a ranch job he intends to ride on to El Paso and possibly enlist in the mounted cavalry there.

Reminder Is Given On Fee Payments

Reminder that a 20 per cent penalty will be charged for automobile and truck registrations after April 1 was made by Hurley Carpenter, county tax assesor-collector, yesterday.

"We could register a thousand cars and trucks a day from now until April 1 and not have them all registered," Carpenter said, in commenting on delinquency of owners in securing their license plates.

He said his office was equipped to take care of as many patrons as would call for the plates and he plans to keep it open every afternoon until 6 o'clock for the convenience of automobile owners.

SCHOOL PLANS MADE HERE

CONSOLIDATION OF 20 DISTRICTS TO FIVE BEING PROPOSED

A movement is under way for consolidation of 20 Lubbock county rural school districts into 5 districts for high school purposes only, Joseph R. Griggs, county superintendent, said yesterday in formal explanation of a plan introduced publicly in less detail several weeks ago.

Each of the 20 districts would keep its elementary school.

Petitions for election in three of the districts have been presented to County Judge E. L. Pitts, petitions are being circulated in another, and the move will be begun soon in the fifth.

Grouping Recommended

At a meeting of Lubbock county school board the following groupings were recommended:

Group 1: Slide common district No. 1, Barton independent district No. 7, Woodrow independent district No. 21, New Hope common district No. 20, and Union common district No. 3.

Group 2: Hurlwood independent district No. 18, Carlisle independent district No. 24, Wolfforth independent district No. 12, and Foster independent district No. 25.

Five Groups

Group 3: Center school district No. 2, Liberty independent district No. 9, Monroe independent district No. 10, Grovesville independent district No. 4, and Caldwell common district No. 6.

Group 4: McClung independent District No. 14, Acuff independent district No. 16, Canyon independent district No. 11.

Group 5: Shallowater independent district No. 17, Hardy independent district No. 26, County Line independent district 30.

New Buildings Planned

Erection of $50,000 modern high school buildings in all except group 5 is contemplated. Public Works administration funds will be sought. Shallowater High school building would be used in group 5.

The proposed buildings will have classrooms, a library, laboratories for home economics and agriculture and general science subjects, and an auditorium and gymnasium combined.

G. D. Holbrook, deputy state superintendent, met with the school board when the groupings were made. Board members are D. B. Williamson, Alex Weaver, Henry Mahoney, K. L. Scudder and George C. Cooper. Williamson is chairman.

Three Elections Petitioned

Petitions for elections in groups 1, 2, and 4, have been sent to Judge Pitts. In group 3, petitions have not been received from Liberty district. Petitions are yet to be circulated in group 5.

Mr. Griggs said that each district in each group would retain its elementary schools. All high school pupils would be housed in a centrally located building. Some objectives of the plan would be:

A 9-month school term to every Lubbock county child, an affiliated high school at home for every child, transportation for every child living beyond one mile from his school building.

State Aid Would Follow

If the arrangement is completed, state aid will be appropriated to supplement state per capita apportionment to pay every teacher 8 months from state funds, Mr. Griggs explained.

The state also would pay transportation as follows: $1 per month for each elementary child 2½ miles from school or farther, $2 per month for each high school child crossing the old district line, and $1 per month for each one in the home district 2½ miles from the high school or farther.

Statistics Released

Statistics on each group have been prepared by the county superintendent. Some of that information is given:

Group 1: Scholastics, 458; area, 116 square miles; valuation $956,658; valuation necessary for a rural high school district, $1,181,300.

Group 2: Scholastics, 481; area, 125 square miles; valuation, $1,391,060; valuation necessary for a rural high school district, $1,300,000.

Group 3: Scholastics, 575; area, 156 square miles; vauation, $1,547,666; valuation necessary for a rural high school district, $1,500,000.

Group 4: Scholastics 415; area 104 square miles; valuation, $1,215,787; valuation necessary for a rural high school district, $1,200,000.

Group 5: Scholastics, not listed; area, 110 square miles; valuation, $1,617,882; valuation necessary for a rural high school district, $1,334,300.

Heart Mended

In 12 minutes' deliberation following a 57-minute trial, a swanky jury of bankers, brokers and manufacturers in New York sheriff's court awarded Vera K. Grove, night club dancer, a $25,000 heart balm verdict in her suit against Henry Taylor, singer and comedian, with whom she formerly lived.

REELECT TUNNELL

MATADOR, (Special) — For the sixth time B. F. Tunnell has been re-elected superintendent of the Matador schools. He begins his seventh term as head of the schools on July 1.

Special Election Called By Allred

AUSTIN, March 22 (AP)—A special election April 13 was called for the tenth senatorial district by Governor James V. Allred to select a successor to Wallace Hughston of McKinney.

Hughston's resignation to become federal housing director for Northeast Texas terminated probably the shortest senatorial term on record. He had served two and one-half months of a four-year term.

A sizeable field of candidates was indicated. They included former Senator Joe Moore of Greenville, who represented the district 10 years; Will Harris of Point and Representative Jesse E. Roach of Commerce.

Hunt, Rockwall, Collin and Rains counties compose the district.

In resigning, Hughston told the governor "that it has been a pleasure to work with you, for you and for your program."

Allred expressed regret over the resignation and said Hughston's "call to higher service is but a recognition of his ability and gentlemanly qualities."

Houghston was praised by his colleagues as he announced his retirement.

Two Pioneers Are Claimed By Death

LAMESA, March 22 (Special)—Heart ailments killed two Dawson county pioneers within 12 hours Thursday.

G. T. Bryant, 61, died unexpectedly about midnight. J. S. Little, 79, dropped dead at his ranch 30 miles southwest of here about noon. Both men were well-known in this section.

FARMERS SEEK COST PRICES

FIRST DISCONTENT OF SPRING BEING SEEN IN MINNESOTA

ST. PAUL, March 22 (AP) — The spring fomentation of farm discontent is getting an early start in Minnesota.

FLOYD B. OLSON

The general plea has changed but little from that of years past. The farmers want "cost of production" prices and parity with industrial workers.

Specifically, a delegation of a thousand farmers demanded of the Minnesota legislature after a march on the state house:

1. Scaling down of state rural credit department mortgages to current market prices, lowering of interest rates to 3 per cent and payment in crops (a program Governor Floyd B. Olson said should be made legally acceptable in all farm debts).
2. Increased income, inheritance and gift taxes on the higher amounts.
3. A graduated land tax for farms and small homes.
4. Continuation of reduced license fees on lower priced automobiles.
5. Apportionment of part of the state gasoline tax receipts to townships and no pay reduction for the lower salaried state employes.
6. Stubborn opposition to attempted passage of sales taxes or gross income taxes.

Sympathetic Reception

In addition, delegations of farmers from drouth areas have made frequent visits to the statehouse and the emergency relief administration offices this winter demanding more liberal administration of feed relief.

Most of the visits to the capitol by delegations from purely agricultural districts have received impetus from the Farmer Holiday association and have met with sympathetic reception from the state's farmer-labor governor and the state relief administration.

Governor Olson spent many hours this winter explaining to farmers the regulations laid down by FERA and pointing out that there was only so much money, some of which had to be used for relief clients other than farmers. The governor foresaw a political and economic farm revolt within two years.

Loud complaints, but no violence, have marked the visits of these delegations.

Farm Prices Lagging

Organizations other than the Farmers' Holiday association, however, are sponsoring "marches on the capitol." One of these is the State Relief congress, composed of delegates from farm groups, trade unions, unemployed organizations and other national organizations. These place more emphasis on needs of industrial workers.

The farmers' complaints, as recognized and voiced by the state's governor and Farmer Holiday leaders alike, are that increasing farm prices are not keeping pace with other commodities and that the AAA's policy of production control is ruinous.

Governor Olson espouses the belief that if the nation's populace were on a reasonable and normally healthy diet there would be need for more, not less, farm produce. The problems, as he sees it, is to make it possible for everyone to attain that normal diet.

KISSING BANDIT WON HER TITLE AND NEVER GAVE VICTIMS A SINGLE KISS

* * *

ST. PAUL, March 22 (AP)—Edna Murray, held on federal charges of complicity in the kidnaping of Edward G. Bremer, won her sobriquet of Kansas City's "kissing bandit" without giving her victims a single kiss.

Widow of "Diamond Joe" Sullivan, who was electrocuted in 1924 at Little Rock, Ark., for the murder of a prison guard, the blond-haired Edna was accused of a hotel holdup and the robbery of a clergyman in Kansas City in 1925.

Offer Refused

She drove the motorcar in which the minister, the Rev. H. H. Southard was kidnaped and robbed of his valuables and his shoes. When the holdup was over, Mrs. Murray offered to kiss the victim goodbye, but he declined. Identifying her later in the police "showup," he still declined.

Mrs. Murray was convicted of first degree robbery and sentenced to 25 years in the Missouri penitentiary, from which she escaped in 1931. Her recent arrest near Pittsburg, Kas., when Jess Doyle, fugitive in the Bremer case, also was trapped, followed investigation of a shooting on a Kansas City street in which Vinita Stacey, Edna's sister, was held.

"All my life I've been a good girl," said Edna, following her most recent detention. "All my life I've been a victim of circumstances."

She admitted, however, a love dating back some 14 years for Fordney Davis, another Bremer case fugitive, who escaped from a federal agent at Yorkville, Ill., about the same time Edna was apprehended in Kansas. Officers working on the case believed the gang of suspects broke up and scattered from Kansas City after Mrs. Stacey's arrest.

In recent years Mrs. Murray said she had lived in many parts of the country, keeping house for Davis, who worked at odd jobs and "made an honest living in gambling games."

ANDY GETS A RAISE

AMHERST, (Special)—D. A. (Andy) Adam, county agent here for six or seven years, recently was offered a post as agent in Taylor county, at an increase in salary. The commissioner's court, learning of the new job, raised his salary to meet that of Taylor county and Mr. Adam decided to remain in Lamb county.

Charges Bass-Soprano Duet

Mme. Elizabeth Rethberg (right), Metropolitan opera star, was made defendant in a $250,000 alienation of affections suit brought by Mrs. Augusta Pinza, wife of Ezio Pinza (left), opera basso. The blonde soprano singer posted $1,000 bond to guarantee her appearance in court. (Associated Press Photos).

WEBB TAKING CENSUS

LAMESA, (Special)—W. T. Webb, former county superintendent of schools, is taking the school census for the Lamesa independent school district.

Race horses, trained to run without jockeys, are attracting attention in Mexico, where this innovation in racing was made.

A MESSAGE FROM W. K. KELLOGG

EVERY ONE is interested in the country's improvement. We will have found economic recovery only when every one does his share.

As we see it our duty is threefold: first to provide the American farmer with a fair market for his crop; second to give employment to as many people as possible; and finally to supply a wholesome food at a low cost.

When we introduced the original Corn Flakes nearly thirty years ago they were spontaneously received. They were crisp and tasted good and they were ready to serve. Year by year we enlarged our factory, hired more workers, bought more premium corn from the farmers.

Two years before NRA we adopted a six-hour working day for our twenty-six hundred employees at good pay. This meant four shifts of six hours and enabled us to give employment to twenty-five per cent more people than in pre-depression times.

Kellogg's Corn Flakes are enjoyed daily by millions of people — far more than any other ready-to-eat cereal on the market. We appreciate your preference and will try constantly to give you a better product at greater value. Today you get twice as much in Kellogg's at one-half the price you paid for corn flakes before the war, 1908 to 1914.

Meanwhile both package and product have been steadily improved. Special processes — exclusively our own — keep Kellogg's Corn Flakes oven-fresh and flavor-perfect right to your table. You can buy them at grocers anywhere with full confidence in their guaranteed purity and quality.

We make only one brand of Corn Flakes — Kellogg's — in the red-and-green package.

W. K. Kellogg

DRYS GIRDING FOR BATTLE

SLIGHT FIGURE IS AT HEAD OF FORCES IN PRO LAW FIGHT

BY WILLIAM S. WHITE

WASHINGTON, March 22 (AP) — The prohibitionists are organizing for another fight—an echo in an old and bitter campaign.

MORRIS SHEPPARD

At their head stands a slight and lonely figure. Morris Sheppard "father of the 18th amendment," field marshal of a cause that won and lost — as determined now to make the country dry by law as he was when a green member ber of congress 30 years ago.

This slim, gray senator from Texas, dean of both houses in point of continuous service, is marshaling his forces for an early hearing on his two resolutions proposing reacceptance of prohibition dead and gone since December, 1933. Nearly 30 dry organizations, including the Anti-Saloon league and the Woman's Christian Temperance union, are consolidating their positions to offer the greatest show of strength possible in hearings on the measure.

Eager To Strike Again

For the first time in more than a year, the tread of organized prohibitionists resounds again in the corridors of the capitol. They feel the necessary period of trial and waiting has ended, and they are eager to strike again.

Sheppard concedes that the battle —if one is permitted by the leadership to be had this session—will be a bitter one, but he insists it will not be nearly so long as the first dry campaign and says he has no doubt as to the ultimate result. The country, he claims, will return to prohibition because of what he describes as the "destruction of the propaganda of the anti-prohibitionists."

Several points will be used by the drys in seeking to convince the voters, he discloses. Chief among them is the claim—already agreed upon as a central argument in consultations among the dry forces—that repeal has brought back the saloon in numbers greater than in the old days, although anti-prohibitionists almost unanimously opposed it back in the pre-repeal era.

Not 'Co-Author'

Like a solitary prophet hurling jeremiads, Sheppard is seizing every opportunity these days to denounce what he calls the evils of liquor and to try to bring the whole issue before the country again.

The question is the one major issue that for three decades has occupied the Texan. His father, who also served in congress, was a prohibitionist, and when the son first came here in 1902 he set out almost immediately to try to make the country dry. He was one of the first men to advocate nation-wide prohibition in a political campaign and, incidentally, says he was the author, and not the co-author, of the 18th amendment.

"There wasn't any co-author," he says. "That gentleman is a fictional figure—a forgotten man who never really existed."

Legislatures, Not Conventions

One fact developing as the drys prepare to take their stand before congress again is that strategy, as worked out quietly by Sheppard and prohibition leaders, is not going to be materially different from what it was before. Sheppard wants the question, when and if it is submitted again, to go to legislatures rather than popular conventions. The latter, the principal agency under which prohibition was repealed, aren't necessarily representative, he claims.

The senator, a small, quiet man in colorless dress, never forgets. Religiously he has arisen upon the senate floor on each anniversary of the 18th amendment to extol it and blast away at his critics.

Ignores Political Effects

Ask him if he fears the possible political consequences of his effort to bring back the old days—his own state went heavily for repeal and he must stand for re-election next year—and he replies solemnly "In all my life, I never considered the popularity or lack of popularity of this issue."

FREE PARKING SPACE

FLOYDADA, (Special) — Free parking space down town has been arranged for out of town residents, Roy Haynes, secretary of the chamber of commerce, announced lots at Fifth and Missouri streets, owned by George Murfee, Lubbock and Arthur Barton, Lockney, will be used. The city has had the lots cleared of all debris.

REELECT EDWARDS

CROSBYTON, (Special) — D. A. Edwards, superintendent of schools here for the past four years, was elected for the 1935-36 term. Lee Smith high school principal and R. L. Orman, grade principal, also were reelected. Fifteen teachers were named for next year.

COUNTY CITES STATISTICS

BAILEY COUNTY MUST BE HEALTHY PLACE FOR RESIDENTS

MULESHOE, March 22 (Special)—Bailey county apparently is a very healthy place in which to live, if vital statistics kept by Judge J. P. Vaughan, registrar of vital statistics, for the past five years, mean anything.

There have been five times as many births as deaths, records show, 577 births to 111 deaths between January 1, 1930 and December 31, 1934.

By years, the reports are:

Year—	Births	Deaths
1930	125	13
1931	110	23
1932	134	32
1933	88	21
1934	120	22

DAGGER CONCEALED IN RIDING QUIRT ADDS MELODRAMATIC TOUCH TO ROMANCE; HUSBAND FOLLOWS WIFE TO EL PASO

EL PASO, March 22 (AP)—A dagger concealed in a riding quirt was revealed as providing a melodramatic touch to the romance of Mrs. Estelle Bard McNamara, 34, of Sedalia, Mo., and her 22-year old fiance, J. L. Hermansader.

The couple came to El Paso to await final action on Mrs. McNamara's petition to the Juarez, Mexico, courts for a divorce from Harry J. McNamara, Sedalia druggist and mining man. McNamara followed.

Color Provided

Detective Captain W. C. Woolverton Thursday supplied the color. McNamara, he said, asked police to accompany him to the hotel room occupied by Hermansader. When he refused, the officer said, the druggist attempt to borrow a gun and they then decided to go along.

When the men met, the captain related, McNamara struck at Hermansader, former New Mexico mines student. Hermansader ducked and struck back with a riding quirt in which, Woolverton said, was found the concealed dagger.

Taken To Headquarters

The police took Hermansader to headquarters and left McNamara with his wife.

However, after talking the situation over with attorneys, McNamara returned home. Mrs. McNamara secured her divorce and said there will be a property settlement.

Attorney Victores Prietos, who represented Mrs. McNamara, said she and Hermansader plan to be married within a few days.

San Angelo Given Druggists Meeting

BIG SPRING, March 22 (AP)—San Angelo was given the next West Texas druggists convention by the executive board in the closing session of the 13th annual meeting of the organization.

Officers will not be named until the August meeting.

H. S. Noel of Indianapolis in an address to the convention thrust at government regulation of the business with the statement that successful regulation must come from within the industry. No resolutions were adopted except in support of the program of the state organization.

The meeting here was the second largest in the history of the association.

ERA OF PEACE IS BEING PREDICTED

NEW YORK, March 22 (AP)—Despite heavily increased armaments among nations and still unsolved international problems, Ambassador Hirosi Saito of Japan predicted an era of peace among the great powers of the world.

"I am not alarmed by the frequent reports of danger," he told a distinguished audience at the annual dinner of the Japan society of New York. "I can see none that is serious on any frontier, either across the Atlantic or across the Pacific and certainly there is none on the North American continent. I can see in the policy of no great nation a desire or intention of making a great war."

Some of the problems that "are daily taxing the statesmanship of Europe, Africa, America and Asia" may result in bloodshed, he said.

"But that does not mean that a great war will again take place," the ambassador hastened to add. "That will only be an incidental and necessary ablution that occurred in the general process of settling down."

These Machines Replaced

By These Human Beings

STILL GROWING

A year and a half ago, the President of the United States called upon industry to find ways and means to absorb all idle labor possible.

The Duncan Coffee Company conceived a plan which called for the replacement of certain machine operations in the labeling and wrapping of cans and packages of coffee, by the use of human hands.

Three such machines were then in use in the Duncan plant. The operation of these machines was discontinued and men and women were employed for these operations. It required twenty odd persons to wrap or label the volume of packages being produced. Yet human hands never touched the coffees in the packages.

The public was informed of the new arrangement which increased the packing cost somewhat. But the public approved the effort to help solve the problem, and the increased volume of business absorbed the larger packing cost.

During the year and a half the experiment has been tried, the volume of business has steadily increased so that now it is necessary to use the 67 persons shown in the above illustration, in actual packing. This represents an increase in plant pay roll of 212%. Other additions to office and sales force have also been necessary.

Under the N.R.A. the company has gone from one shift of employees working 51 hours a week, in 1933, to two shifts working 40 hours a week in 1935.

The consumption of Admiration and Bright & Early Coffees continues to grow throughout Texas. Admiration, the rich, winey blend of the finest coffees, makes new friends daily because it tastes better. Bright & Early Coffee, a lighter blend, costs a few cents less.

WHITE SOX TO FURNISH PEP THIS YEAR

YOUNGSTERS PLAN TO INCREASE STRENGTH OF CELLAR CLUB

BY PAUL ZIMMERMAN
Associated Press Sports Writer

PASADENA, Calif., March 22 (AP)—Tenants of the American league cellar in 1934 and off and on for several other seasons, the Chicago White Sox expect to pull themselves out by their own boot straps. Youthful enthusiasm, built about a quartet of veterans, may turn the trick this season.

Manager Jimmy Dykes has added both rookie and proven talent to breathe new life into the organization constructed around himself, Al Simmons, Luke Sewell and George Earnshaw.

Have Peppy Club

In the outfield and on the pitching hill, anxious young strength has been posted to the extent that whatever else happens the White Stockings will have one of the peppiest ball clubs in the circuit.

With Simmons, the slugger, moved to center field, Ray Radcliff, up from Louisville, and Vernon George Washington, a Texan by way of Indinanapolis, have been called upon to patrol the outer garden. Washington hit .367 last year and made only one fielding error in 135 games. Radcliff also is a fine fielder and while his batting average fell short of the .300 mark when he came to the Sox late last year, he hit .335 in the American association.

Vernon Kennedy, Penn relays decathlon champion of 1927, and the strikeout king of the Texas league for 1934 along with two fellow Texas leaguers, Joe Vance and John Whitehead, have been called in to give the club a lift.

Surprise Expected

Of course Dykes is banking on Earnshaw, Ted Lyons, Leslie Tietje, Whitlow Wyatt, Sam Jones and Lee Stine for the major share of mound duty but he feels that the young talent, guided by the sterling judgment of Sewell back of the plate, will turn in a surprising number of victories.

Sewell, obtained from Washington, will have the veteran Harold (Muddy) Ruel and Mervyn Shea as his assistants in the catching assignment.

There will be little or no change in the infield. Dykes plans to do most of the work at third, with Marty Hopkins, another former Texan, as his understudy. Luke Appling, one of the best short stops in the circuit is back, with Minter Hayes at second and Zeke Bonura, the home run hitter, at first. Dykes also picked up Glenn Wright, a veteran infielder, in the winter market and plans to make considerable use of him.

While the White Sox do not shape up as the best baseball club in the circuit by several degrees, Dykes feels it is enough improved over last season to move a step or two out of eighth place and promises it will give the leaders a lot of worry.

HUNDREDS ARE TO ENTER IN TRIALS

FORT WORTH, March 22 (AP)—Hundreds of athletes from about 60 Texas and Oklahoma high schools were here today for the opening event of the thirteenth annual Southwestern exposition track and field met.

Starting at 1 p. m. preliminaries in the 13 races and contests of the schoolboy division will usher in the two-day athletic carnival.

A new champion is to be crowned in the scholastic section, since Port Arthur, last year's winner, did not enter.

Preliminaries in the college division were set for tomorrow morning.

Frank G. Anderson, Texas A. & M. track coach, was selected to referee the meet.

KNOCKS LONG HOMER

ORLANDO, Fla. — Despite the ability of Al Lopez behind the bat it looks as if the Dodgers might have trouble keeping Gordon (Blimp) Phelps out of action this season. Adding to his previous batting feats, the 230-pound catcher knocked the longest homer ever hit out of Conrad park at Deland in yesterday's game against Minneapolis. The ball cleared the 40-foot center field wall 381 feet from the plate.

Four Teams Are In Control At Denver

LAST YEAR'S CHAMPIONS STILL IN RUNNING FOR TITLE; MISSOURI VALLEY TEAMS IN

DENVER, March 22—Three Missouri Valley contenders and "Chipper Charley" Hyatt's roving team from movieland had complete control of the national A. A. U. basketball tournament today after the ouster of the Denver A. C. by the revived champion Tulsa Oilers and the startling downfall of the odds-on favored Denver Pigs.

Southern Kansas Stage lines of Kansas City, a team shorn of the Missouri Valley league title, pulled the giant-killer act in eliminating the highly rated Pigs, 30 to 28.

An Upset Victory

It was a rallying upset victory comparable to the miraculous third round triumph the Tulsans scored the previous night to stay in the tournament and defend the championship they won in 1933 and 1934.

The Oilers downed the other hometown quintet, 36 to 27, in a comparatively easy fashion.

In the semi-finals tonight Tulsa is matched with the Liners.

Others To Play

The other semi-final brings together the Universal Pictures Troupers of Hollywood and the madcap, hustling McPherson, (Kas), Globe refinery team that wrested the Missouri Valley title away from Kansas City in a two-out-of-three play-off series.

Universal, winner of the recent valley invitation tournament at Kansas City, went almost unchallenged until the last half, through a 44-36 quarter-final victory over the Hutchinson, (Kas.), Western-Transit Renos. McPherson swamped Italian A. C. of Seattle, only unseeded team that progressed that far, 51-26.

NEW ROUND IS SET TODAY

EIGHT TEAMS ENTERED AS TOURNEY NEARS FINAL STAGES

(By The Associated Press)

PLAINVIEW, March 22. — Eight teams contending for the Texas A. A. U. girls' basketball title today had earned their way into quarter-final play slated for tonight.

Pairing for tonight's competition: Emory vs. Ropesville, Blueridge vs. Irene, Stratford vs. Winnsboro and Shallowater vs. Plainview.

Shallowater went into the quarter-finals on a bye.

Second round scores:
Plainvew 33, Channing 29.
Winnsboro 51, Abernathy 32.
Emory 61, Bedias 31.
Stratford 41, Quitaque 25.
Irene 28, Alison 20.
Ropesville 61, Hereford 22.
Dimmitt 43, McLean 28.
Happy 44, Celeste 19 (consolation flight).

Picard Looms As The Man To Beat

CHARLESTON, S. C., March 22 (AP)—Henry Picard of Hershey, Pa., loomed as the man to beat for the Charleston open tournament title as third round play began today in the 72-hole event.

The former Charleston country club pro was five strokes under par and two ahead of the field as the third 18-hole round began in the $3,000 tournament.

Yesterday he fired a 69 to pair with his opening day 68 for a 137 total to gain the lead over the field of more than 100.

Harry Cooper of Chicago moved into a threatening position with a sensational 68 for the second round, which, paired with his first round 72, gave him a total of 139 for second place.

NOT SO PLEASED

TAMPA, Fla.—Now that they've found out what it usually means, six of the Giants' rookies aren't so pleased about being assigned to places in the reporters' car on the club's over-night trips. This assignment is usually taken as an indication they will be the first to draw their releases. The six are John Leonardo, Al Coccinello, Joe Martin, Joe Malay, Jim Asbell and Chester Klaerner.

Herman Gundlach, jr., guard and captain of last fall's Harvard football team, has started training for a place on the Crimson varsity boxing team.

United States Govt. Suggests

An ample margin of safety must be used in pasteurizing milk... here's what the government suggests for all plants:

The United States Department of Agriculture advises the use of a temperature not lower than 142° F for a period of not less than 30 minutes, for the pasteurization of milk. Besides insuring an ample margin of safety, a temperature of 142° causes a greater destruction of bacteria in milk than does other lower temperatures . . Bell Milk is pasteurized.—Adv.

BRADDOCK AND LASKY MEET IN GARDEN

BOXING TOURNEY WILL GO STEP FORWARD WITH BATTLE

(By The Associated Press)

NEW YORK, March 22.—Madison Square Garden's latest heavyweight elimination tournament will move another faltering step forward tonight with Art Lasky and Jimmy Braddock earnestly endeavoring to eliminate one another in a 15-round bout.

Coincident with the arrival from abroad of Joe Jacobs, American manager of Max Schmeling, there were rumors that Schmeling, on the strength of his technical knockout over Walter Neusel and Steve Hamas, already is matched with Max Baer for a title fight in June.

Rumors Disquieting

Those rumors proved not a little disquieting to the tournament competitors.

If a Baer-Schmeling battle already is arranged, the ultimate survivor of the Garden tournament might discover that not only had he eliminated all his rivals but himself had been eliminated.

Jimmy Johnston, Garden boxing impressario, insists, however, that the Garden hasn't decided yet who Baer will fight and that the tournament will proceed as scheduled.

Primo Carnera, who eliminated Ray Impellittiere last week, is supposed to meet the winner of tonight's fight before the indoor season winds up. After that, Johnston says, the Garden hopes to persuade Jacobs to toss Schmeling in there against the tournament survivor.

Close observers of boxing believe Johnston is a trifle too optimistic if he really thinks he can get Schmeling for anything short of a title match.

ARE MAKING HISTORY

ST. PETERSBURG, Fla. — The Braves are making history.

Since the beginning of the training camp season they have played before some 25,000 cash customers—which means that for the first time in tribal history they are certain of having their training expenses paid before the regular season gets underway.

Another crowd was looked for at Waterfront park today as the Tribesmen meet their American league brethren, the Red Sox.

Babe Ruth voiced his notice that his old teammates—the Yanks—drew 364 paid admissions at Tampa against the Reds Wednesday and less than 550 at St. Petersburg yesterday, while the Tribe drew 6,467 to Waterfront park and 3,130 to Lakeland.

HANDBALL MEET STARTING TODAY

DALLAS, March 22 (AP) — The Dallas Central Y. M. C. A. second annual invitation handball tournament will open here today with entrants from Fort Worth, Dallas, Houston, Memphis, Tenn., and other places.

R. D. Fielder of the Fort Worth Y. M. C. A. will defend his southwest singles title against J. E. Elmore, formerly of Memphis but now of Dallas. Elmore will represent the local Y in singles but was paired with his former Memphis partner, Ben Moore, in doubles.

Opening round pairings, set to start at 1 p. m. include T. R. Finnegan, Dallas Y, vs. Ben Moore, Memphis Y and Alex Blakely, Dallas Athletic club, vs. Dudley Jefferson, Memphis Y.

First round matches starting at 2 p. m. include Ed Boetcher, Dallas Y, vs. O. H. Rickman, Memphis.

First round play doubles, which opens at 4 p. m. included: Rickman and Jefferson, Memphis, vs. Flieder and Ashley, Fort Worth; Elmore and Moore, Memphis, vs. Harting and Behymer, Dallas Y.

TO BREAK CAMP

FORT MYERS, Fla.—The Philadelphia Athletics will break camp today after a final brief workout on their training camp field.

They will leave for St. Augustine, the first stop on their barnstorming tour leading homeward.

(True Copyright 1935)

WEATHER PERMITTING, seven track and field teams are engaging in a meet at Texas Tech this afternoon. Lubbock, Slaton, Crosbyton, Ralls, Lorenzo and Floydada High schools and the Texas Tech freshmen are scheduled to compete.

The annual Lubbock county interscholastic track and field meet is scheduled for tomorrow, beginning at 9 o'clock in the morning and continuing through the afternoon. Our sympathies are extended County Athletic Director Roy Boyd and his helpers.

Rarely is there more confusion, delay and jumbled up figures in any athletic program than in the Lubbock County track and field meet. There are so many different divisions and classes that, under the present plan, it's a physical impossibility to run it off smoothly. We do not recommend it as exciting entertainment for the laity.

Some method should be worked out whereby a series of eliminations precede the county meet. Anytime you bring two or three hundred schoolboys together on the same day and expect to settle championships in the various divisions, about six in all, you're going to have your hands full. Eliminations should be held, the tournament divided as to divisions, or they should all be tossed in together, with no attention paid to Class A, Class B, upper and lower, rural, and junior and senior groups in each class.

Since we've been around here, no one man has held the job of county athletic director for more than one year. He gets along fairly well up to the track and field meet, then he either goes nuts or gives up the ghost. One time is enough. It is hard to understand why the county meet and the events leading up to it can not be conducted along the lines employed by district meet officials. The district athletic director serves from year to year, or as long as he is basketball and track coach at Texas Tech, and things run smoothly. He makes his plans far in advance. The size of the participating school or the size of the athletes in district competition is utterly dirregarded, which is the secret of success.

Of course, county meet day is a red letter day to the boys and girls from big and little schools. They live for it, look forward to it. We would not rob them of this anticipation or of their actual fun while competing, but all this rural, lower B, upper B, senior, junior, ward school, Class A, etc., is enough to drive one to the soda fountain.

IF YOU THINK Joe Bauer, the comic German, is funny in the ring—and he is, plenty—you should hear him tell about a wrestling match he engaged in recently at Mexico City—and how he chased Max Baer, world's heavyweight boxing champion, from the ring.

Bauer was telling us about it between falls the other night, just after he had stayed with Rod Fenton for 30 minutes in one of the most comical matches we've ever seen. Joe says he doesn't try to be funny, that everything he does comes natural with him. He likes to wrestle, and he doesn't care how tough his opponent is. "I can always get out of the ring, can't I?" he reasons.

Then he told about getting out of the ring in Mexico City. He was wrestling Sheik Mar Allah, the Persian grappler who has performed here on several occasions and who should be drifting back, now that Dory Detton is gone. Mar Allah had applied a toe-hold onto Bauer, and, as usual, Joe was rowing for the ropes. Max Baer was officiating.

"Baer likes to knock out the wrestlers with his fists," Bauer said. "He does it every time he referees, and he must think it is very funny. Me, I do not think it is so funny, so I keep one eye on Baer and the other on Mar Allah, which is the reason he gets the toe-hold in the first place. He had already knocked the Sheik out of the ropes, and he had tried to get me. When I got off the mat, Max Baer didn't count but dragged me back in. I kick him in the stomach pretty hard, and knock him down. He gets up and starts at me, and I

TRACK, FIELD MEET SLATED HERE TODAY

SEVERAL TEAMS WILL TAKE PART; LOCAL SCHOOL IS HOST

Postponed from last Wednesday, an invitation track and field meet was re-scheduled for this afternoon at the Texas Tech athletic grounds by Lubbock High school. Events were to begin at 3 o'clock.

Teams of Ralls, Floydada, Crosbyton, Slaton and Lorenzo have been invited to compete along with Lubbock High school and the Texas Tech freshmen in the first public track and field demonstrations of the season here.

A sandstorm prevented going ahead with the original schedule last Wednesday, although late in the afternoon the Lubbock Wester-

(Continued on Page 11)

He gets up and jumps over the top rope and down into the crowd. He comes back, but he does not ever knock me out.

"The fans at the fight," said Bauer, "thought I was pretty good—to wrestle and not be knocked out by Max Baer. I am about the only one he never knocked out. But I sure made him jump the top rope."

BAUER REPORTS that Mexico fans go wild over wrestling, which is one reason so many American fighters go there, but he also reports that as wrestlers, the Mexicans are "pretty weak. We do not have much trouble with the native wrestlers in Mexico City," he said. "They don't know how to wrestle. I fight four of them and beat them all. Cyclone Mackey, he is there now, and is the most popular American fighter. They like him very much."

STEVE HAMAS AND EX-PRINCE STAGE A BOUT

(By The Associated Press)

BERLIN, March 22—Steve Hamas, who fights for a living, and Ex-Crown Prince Wilhelm, to whom boxing is a hobby, engaged in a bout Thursday—the former to show he has recovered from his beating by Max Schmeling, the latter to prove he can take it.

Perhaps a boxing match never before has been staged under such circumstances. It was held in a beautiful palace, ornate with porcelains, rich with tapestries, on Berlin's famous boulevard, Unter Den Linden. The palace now serves the Hohenzollern scion as an official residence.

Is Given Welcome

The royal sportsman welcomed the American in the lobby of his sumptuous dwelling.

Then followed hours of conversation with Hamas about boxing and sport in general.

The prince jumped up, rolled up his sleeves to show his biceps, then hurled a challenge.

"Punch me there," he said, pointing to the solar plexus.

And Steve Obliges

Steve obliged.

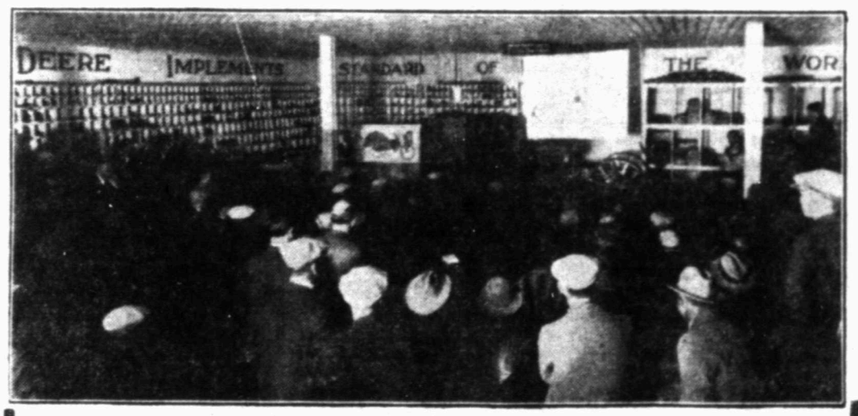

Hamas, relating the episode afterward, asserted he had given the prince "my hardest punch, right in the belly."

"Of course it wasn't as hard as some of those I gave Schmeling," the American added. "You see I'm not in training now."

The prince, Hamas said, seemed satisfied.

PASSES FIRST TEST

ST. PETERSBURG, Fla., March 22 (AP)—Fred "Dixie" Walker, who was listed among the Yankees dollar a year men because of the ailing arm which kept him out of action last season, has passed his first test successfully. He played left field against the Reds yesterday, covered ground well and had no trouble with his throwing.

No Charges Filed In Man's Stabbing

MORTON, March 22 (Special)—A father stabbed early Thursday by his son did not prefer charges against him. The wounded man was W. A. Wells, about 45, a farmer living 11 miles northwest of here, Sheriff J. S. Crockett said.

Wells was stabbed in the abdomen by a 24-year-old son, the sheriff said. After treatment at West Texas hospital, at Lubbock, to which he was carried by Sheriff Crockett, Mr. Wells returned to his home. His condition was not regarded as serious. A "family quarrel," said the sheriff, led to the stabbing. He did not know name of the son, he said.

TRACK MEET

(Continued From Page 10)

ners worked out with a small squad of athletes from Draw.

White Steps Out

Morris White, famous backfield star on the 1934 Lubbock High football team, a candidate for sprints and broad jump events in track and field, was clocked in 10.6 seconds for the 100-yard dash Wednesday. It was his first time trial. He was running with a wind to his side, and probably did not let himself out to the fullest extent. Under calm weather conditions, he is confident he can do the 100 in 10 seconds or less.

Other Westerner candidates this season who may make debuts this afternoon are Clendon Kerr, J. F. Martin, Edward Williams, Jetton Meador, Reagan Howell, Dexter Walthall, Lee Emery, Frank Moore, Orvil Lee Oden, H. L. Gantz, Ralph Letsinger, Charles Calhoun, Harold Jacobs, Dudley Brummett, Williams Young, Joe Jackson and Arthur Jackson.

All Day Saturday

The Lubbock county interscholastic track and field meet is scheduled for tomorrow at the Tech field. Two or three hundred athletes, in half a dozen divisions, are expected to start both track and field events at 9 o'clock Saturday morning.

Roy Boyd, county athletic director, will be in charge of the meet. Winners will participate in the District 3 tournament here April 6.

WOMAN JUST A BIT SURPRISED AFTER HER FALL

WASHINGTON, March 22 (AP)—Lillian Lockwood, a 200-pound charwoman, fell from a second floor window, crashed through a skylight, dropped 25 feet, landed on a girl stenographer in an office and picking herself up said:

"Well, I swan."

With her came a flower pot and a shower of broken glass—all of which, including charwoman, fell on Miss Gussie Swartz, a stenographer, who was sitting before a desk at a typewriter.

The desk was broken, the typewriter was smashed and Miss Swartz was taken to a hospital, suffering from shock.

The charwoman was cleaning the apartment windows of a Washington newspaperman when she slipped.

Mechanics School Staged Thursday

A mechanics school and conference was conducted at Hilton hotel Thursday, about 200 automobile repair shop owners, foremen, and mechanics of the South Plains and eastern New Mexico attending. Quicksall-Pryor Co. and McQuay-Norris Co., automobile parts manufacturer, sponsored the meeting.

W. C. Reeves of St. Louis, driver of the McQuay-Norris tear-drop test car in this territory the past week, represented the company at the meeting.

Mechanics were here from as far as Portales and Hobbs, N. M.

Motion pictures showing the manufacture of parts and tests they are put through were shown during the meeting.

A WORD ABOUT RICE KRISPIES from W. K. KELLOGG

OFTEN a new product benefits many phases of American life. This has been our experience with Kellogg's Rice Krispies.

We had a double objective in developing Rice Krispies. First, to create a delicious cereal that would appeal to every one. Second, to help mothers in their task of getting children to take sufficient milk. It was thought that a different type of cereal—one that would snap, crackle, and pop in milk or cream—would stimulate appetites.

This was true. Today, people of all ages are enjoying Rice Krispies.

And the convenience of this ready-to-eat cereal has resulted in shorter hours—more leisure for mothers.

The success of Rice Krispies has opened a tremendous new market for the American farmer. The Kellogg Company has become one of the world's largest buyers of American-grown premium rice. The Kellogg Company also uses many millions of bushels of corn and wheat every year.

American industry also benefits. Thousands of people are kept busily employed in the manufacture and marketing of Kellogg's Cereals.

We are pleased that Rice Krispies have delighted millions of mothers and children. We are particularly happy that this has helped thousands of people to have better jobs, and to enjoy life more.

2 cups sifted Swans Down Cake Flour
2 teaspoons Calumet Baking Powder
½ cup butter or other shortening
1 cup sugar
3 egg yolks, beaten until thick and lemon-colored
¾ cup milk
1 teaspoon vanilla, or ½ teaspoon orange extract

Sift flour once, measure, add baking powder, and sift together three times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add egg yolks and beat well. Add flour, alternately with milk, a small amount at a time, beating after each addition until smooth. Add flavoring and beat thoroughly. Bake in two greased 8-inch layer pans in moderate oven (375° F.) 25 to 30 minutes. Spread lemon coconut filling between layers. How Ovaltine Helps To Build Up a Child

Often At a Surprisingly Rapid Rate

OVALTINE is a delicious pure food concentrate—originally created in Switzerland and now made over here. . . . Already its use has been approved by more than 20,000 physicians. While thousands of mothers give it religiously for the health benefits it fosters.

First: Ovaltine usually helps to add weight remarkably—and surprising increases are regularly reported by mothers everywhere.

Second: At the same time, appetite is stimulated in a scientific way. Not by merely "tempting" the taste. But by actually helping nature to create the sensation of hunger.

Thus when a child drinks Ovaltine, he not only inclines to eat more of the healthful every-day foods that are set before him—but usually manifests a greatly increased desire for milk.

Third: As appetite and weight increase, it is frequently noted that nervousness diminishes to a marked degree.

For the sake of your child, we urge you to try Ovaltine. You simply give it mixed with milk (either hot or cold) and children love it for its delicious taste. You can get it at any drug or grocery store. Ask for it today.

NOTE: *Thousands of people, men and women, are using Ovaltine to restore vitality when fatigued. It is also highly recommended by physicians as a strengthening food for nursing mothers, convalescents, and the aged. When taken as a hot drink at bedtime, it promotes sound sleep quickly with resulting new energy next day.*

* * *

NOT so long ago the big national utilities firms got a lot of criticism from the government, in official probes, for the propaganda they had been spreading for themselves in newspapers, magazines, over the air and in schools and churches.

To do such a thing was a heinous crime, said Uncle Sam, and The Plainsman agrees that they were a little raw in some of their methods.

But now the shoe is on the other foot. It's Uncle Sam who is shooting the propaganda to the unsuspecting public—and how!

* * *

PARTICULARLY through the newspapers is the government applying the well known needle filled with soothing syrup.

Scores and scores of former newspapermen are in the employment of the government at Washington and small and unimportant is the government agency which cannot keep up a large and active 'press relations department'.

The Plainsman throws away no less than 10 columns of hooey a day which has been prepared for the unsuspecting by the typewriter troop at the capital.

* * *

It has gotten to the point where only the large and foremost news gathering organizations, such as Associated Press, make any attempt to 'cover' Washington.

For 'specials' many papers rely on the 'press relations departments' of the various governmental divisions and have a man go around to collect the items, rewrite them and send them to the home office.

Propaganda, it appears, is all right with Uncle Sam when that venerable gentleman hands it out himself—much of it pure administration hokum clothed scantily as 'official' matter!

A LUBBOCK young man approached the father of the light o' of his love.

"Er, ahem—I beg pardon sir", he began, "but, you see I have been going with your daughter for five years and—"

"Well", growled the old man from behind the sports page. "What do you want, a pension?"

The principal thing the Old Line Republicans need now is a new line.

* * *

SPEAKING of Republicans, poor old J. Sam Lewis is having an awful time. He's the only one left here now who'll admit the charge.

Doc Barr's out in the hinterlands, helping Uncle Sam over the jumps in the cattle business, J. S. Edwards has been keeping busy attending to his private affairs and ex-Postmaster John L. Vaughan has got a farm to look after.

Frank Blankenbeckler is around some, but he's not a Simon Pure GOP, so of course doesn't count much with J. Sam.

"It's a terrible life", mourns the latter, "but still I'm agin' the 'raw deal'".

* * *

Thank heaven the practice of painting fingernails a deep red is going out of favor with the ladies! Phooey on such a fad.

* * *

A READER called in the other day in regard to traffic conditions in Lubbock and offered both an observation and a suggestion.

"Have you ever noticed the traffic light at Broadway and Avenue L in the late afternoons?" she asked. "The signals are so dim that the motorist can't tell whether they are showing red or green. It's a bad situation and I found myself running one of them the other day because I couldn't make out what was what".

* * *

The Plainsman checked up and found the observation to be kee-reckt.

Particularly when the late sun has dropped to the point where it is well behind the light, the westward traveler is in a pickle.

Probably the same thing is true of the light at Main and J, although The Plainsman is not sure about that.

Anyhow the lady who called suggests that some effort be made to make stronger lights for the benefit of the drivers who want to obey the law.

If this can be done it should be.

* * *

ANOTHER reader called in to object to livestock being driven through the city. He thinks it should be routed around the edge of town and so does The Plainsman.

This reader who called in about the livestock is a Tech professor and doesn't want his name used, because he says too many people think Tech folks are "just a bunch of busybodies, anyhow". But he pointed out one bad thing that should be adjusted.

It seems that some livestock dealer, or dealers, are forever and a day driving horses along 20th street, adjacent to Dupre school, when the kids are being dismissed from classes. Galloping animals some day, he fears, will hurt a child.

Certainly running horses and scampering school children should be kept parted.

* * *

Still another reader, Buford O'Grady, says "keep on squawking about traffic lights at the intersections of Avenue Q and Broadway and Avenue Q and 16th street.

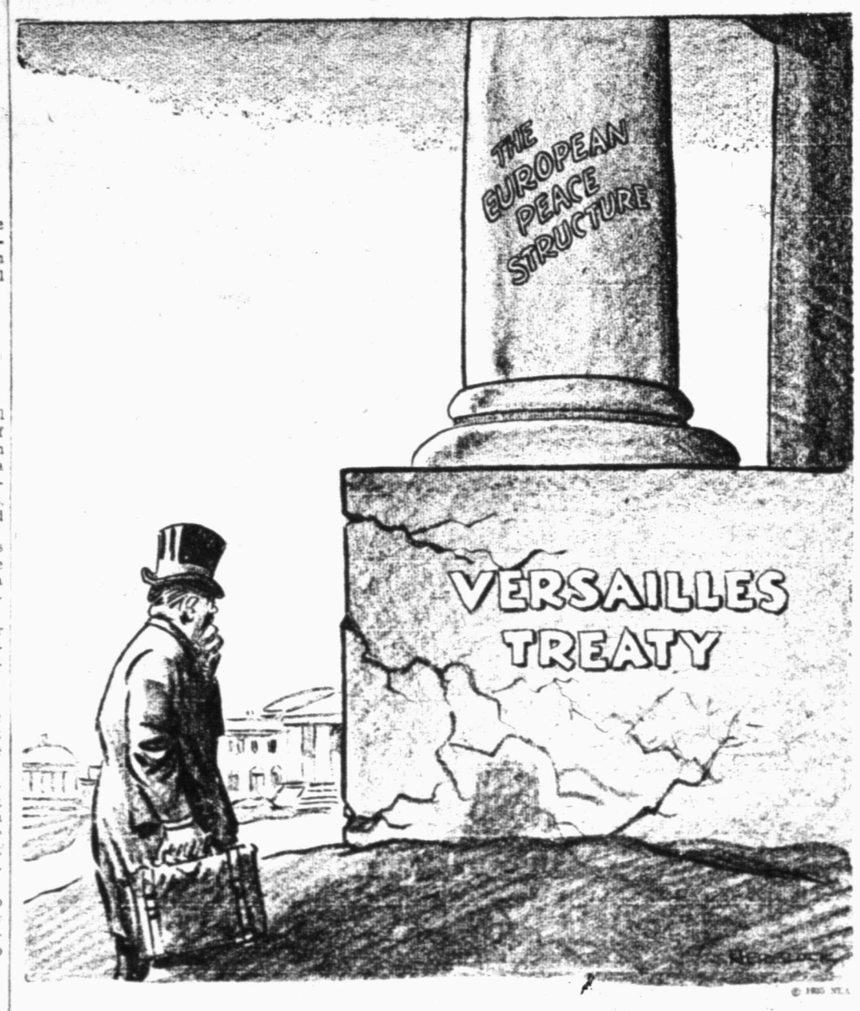

"I have to pass 'em both coming and going to work if I stay on the direct route pavement", he says. "More than half the drivers run the stop sign and traffic at both points is always in a mess".

* * *

AND, by the way, City Manager William Henry Rodgers, when do you want us to start working with you on the city's new traffic campaign?

The Foundation Begins To Crack

See How You Address Your Film Favorites; Some Actors Demand Respectful Title; Others Would Think You Sore

BY DAN THOMAS
Journal Hollywood Correspondent

HOLLYWOOD, March 22.—The most informally formal place in the world—or you can take the reverse angle if you like. Either way, it's still Hollywood.

Commented upon frequently because of its total disregard of formalities—a Hollywoodian thinks nothing of going to a swanky night club dressed in sports clothes or attending a movie in evening clothes—the film colony nevertheless becomes extremely formal at times.

Seldom, however, is there any obvious display made of such formality. But a close observer will detect it the moment he walks on a studio set.

No matter how long they may have been associated with a certain group of workers, certain stars invariably are addressed as Mister or Miss. Some of the players demand this courtesy. Others just naturally have personalities which forbid the familiarity of using their first names, although strangely enough these personalities frequently are in direct contradiction to the characters they usually portray on the screen.

For instance, you would think that the curvacious Mae West would be Mae to everyone. Instead, she always is Miss West. The same holds true of Connie Bennett, who is addressed by everyone, including her directors, as Miss Bennett. Marlene Dietrich is Marlene to only Josef von Sternberg. To everyone else around the studio she's Miss Dietrich.

• • •

Girls And Boys Together

George Arliss invariably is Mr. Arliss to everyone which is more or less to be expected. But if anyone called Jack Oakie "mister," Jack probably would say, "What you sore at me for?" Gary Cooper and Clark Gable are pretty generally addressed by their first names, too. So is Bob Montgomery. But Charles Laughton usually draws the prefix of "mister."

No matter where Carole Lombard goes, she's just Carole—and doesn't want to be anything else. That also is true of Una Merkel and Ruby Keeler. But Grace Moore always is Miss Moore. And Elissa Landi usually is Miss Landi except to her closest friends.

Norma Shearer is called by her first name by those who have worked with her quite a lot, otherwise she's Miss Shearer. That same situation holds true with Irene Dunne and Barbara Stanwyck.

Joan Crawford is just Joan the whole world over and Ginger Rogers is Ginger. But, though she is known and exploited everywhere as just Garbo, nobody would dream of addressing the Swedish star in this manner. At the same time it would sound like a slip of the tongue if anyone called Jean Harlow anything but Jean.

These rules don't apply solely to personal conversations with those involved, either. They are adhered to rather closely even when talking about the stars. Of course, some studio workers have their own pet nicknames for certain of these personages—but let's not go into that.

• • •

And now Josef von Sternberg is about to turn gentleman farmer. Deciding that his quarters in Hollywood are too cramped, Joe is going to settle on a 30-acre ranch some 25 miles from here. Work already has been started on fixing up the place, with Peter Ballbusch, who made most of the grotesque gargoyles in "The Scarlet Empress," doing some outdoor sculpturing for the scenic effect.

TODAY'S JOURNAL EDITORIAL

WELCOME, OLDER BOYS!

Greetings to the boys of Northwest Texas who come here today for a three-day discussion of moral and spiritual problems that face them in their every day life. Lubbock wants you to feel at home here, to feel that your stay is to be pleasant and profitable and to have you go back home with the idea that the city of Lubbock is really interested in you and your problems.

The city is yours for the time you are here. Be comfortable and enjoy yourselves. Study, work and play. Strive to make your visit here one that you will long remember and also one that Lubbock will recall with pleasure, too.

It is a good thing for one to take stock of life; to see what the future holds for us, to consider those forces within that are so vital to the enjoyment of life. A well rounded man develops mentally, spiritually and physically.

May your stay here be pleasant. If you need anything, feel free to call upon those who can meet it; they want you to have the best time possible while in Lubbock. The keys to the city are yours.

Dutchers' News And Views OF WASHINGTON

Dutcher

(Copyright, 1934, NEA Service, Inc.)

BY RODNEY DUTCHER
Journal Washington Correspondent

WASHINGTON, March 22.—The factors behind the expected appropriation of a billion dollars to maintain the army and the navy through the next fiscal year are never discussed here—publicly.

Privately, of course, one hears plenty.

As far as the navy goes, all the whispers about its expansion are concerned with Japan. But while Congress was debating approval of an increase of the army by 47,000 men, the word went around that this was a measure of preparation against possible domestic trouble, meaning riots and strikes.

Even the most wistful army officer hardly hopes ever to land his troops on Japanese soil. But for years the War Department has harbored a quaint notion that the country is on the verge of some violent uprising such as is invisible to most civilians.

Naval officers, on the other hand, usually talk as if they were sure to bombard Japanese shores sooner or later. They really know better, since no navy now within the range of contemplation can cross the Pacific and mop up. The distance is too great.

• •

A Game Of Bluff

You have to have friends in the State Department to really get the point. Then realization begins to dawn that a large hunk of our foreign policy is just a game of bluff with Japan.

This year's navy maneuvers in the direction of Japan will be part of the game. The idea is to scare Japan into a less obstreperous Asiatic policy. Of course that requires that Japan be persuaded to believe that the British navy will co-operate with the American navy in Far Eastern waters in event of trouble.

The fact that Japan continues to thumb her nose indicates a Nipponese confidence that England would play a game of smart neutrality as usual.

There's a rumor that Rear Admiral William S. Sims, retired, will bust out one of these days with public assertion that the country is spending billions on a fostered delusion that we can have a navy which could fight a decisive battle with Japan.

Meanwhile, naval officers have admitted to the Senate munitions committee that they don't know whether they're getting their money's worth in the huge warship program. There's on way to tell whether bids for ships are fair or excessive, though evidence on past bids has shown enormous profits.

TARRED WITH SAME STICK

Senator Homer T. Bone, Washington: "A radio commentator recenily referred to the fact that the pending Japanese budget requires that approximately 49 per cent of the budget this year should go to the army and navy of Japan, and he expressed great horror over that fact and grave concern lest it affect the peace of the world.

"It is rather startling to find this government of ours spending 50 per cent of its total budget for the army and navy."

Flapper Fanny

The minutes you wait provide opportunity for second thoughts.

Where Courtesy Ceases

Senatorial courtesy usually figures importantly in the matter of pairing on votes—the system under which a senator can get away from the chamber without damage by agreement of another senator on the other side to refrain from voting.

But the situation became grimmer and tighter as the administration girded for its second test on the "prevailing wage" amendment to the works bill.

Huey Long complained that his friends, Senators Caraway and Overton, who were ill, couldn't get pairs at all.

But the plight of Jim Davis of Pennsylvania, who favored "prevailing wage," was worse. He had left a pair with Logan of Kentucky, administration Democrat, and went off for an operation at the Mayo clinic in Rochester, Minn.

While he lay on his back recovering, Logan wired that he was withdrawing his pair—another vote for the administration.

• •

Revenge At Last

Senator Lew Schwellenbach of Washington admits he didn't resent Father Coughlin's attack on General Johnson. He recalls that he was an army private at a camp on the Pacific coast when Johnson came there to take command.

"After that we had to get up an hour earlier every morning and got to bed an hour later every night," Schwellenbach says. "We must have had more useless parades, drills and inspections than any other two outfits in the army. When anybody asked me during the campaign what I thought of Jonnson, I knew what to tell 'em."

THE PLAINSMAN GETS SOME MAIL

CITY COMMISSIONER WRITES ON GAS PLAN

Dear Plainsman: Are we a progressive people or are we a non-progressive class? We will have to admit one thing—that is—we are not intelligent enough to run a government, under the mechanical and electrical age or we would not be laying down and casting aside the great labor saving machines that God has bestowed upon us through the inspiration of man to inventions and discoveries, for the use of the pick and shovel or other antiques.

The only way to run a government is under present day conditions and not under conditions as they were a hundred years ago.

An old person can be overlooked for thinking in terms of years gone by, but young person (not over sixty years of age) taking the non-progressive side of things—he should be pitied, if he is not broad enough to do a little intelligent thinking.

I am very sorry our Editor is lined up on the other side of the fence on the gas question, but let us do a little figuring. How much is the Avalanche-Journal's property rendered for with a 60 cent rate? This would not work out so nicely if we did not have the following revenue sources.

Tax revenues, about $100,000
Water department revenues for the last 11 months, $119,000;
Electric department, 121,000

Now Mr. Editor if we did not own these two systems the tax rate would not be 60 cents but it would be about $2.10; also your taxes would be three or four times your present taxes. We realize that the paper would get plenty of advertising if these were privately owned institutions, as they do from the gas company, but how would it benefit the rest of the people? Tell me that.

I admit that we deserve a cut in the water and electric rate immediately. (I will vote for same and encourage a reduction.)

A gas system would pay itself out in 20 years with a 40 cent gas and liquidate the bonds necessary to install the system and have close on

is MY STEERING *Safe?*

WHEN that question flashes through your mind— don't ignore it! A car that's stepping along 40 to 80 miles an hour must be under perfect control. Steering gear must be in first class condition; axles must be straight; wheels must spin true.

Common misalinement troubles such as shimmy, wander, weave and hard steering are a menace to safety and driving comfort. Be sure *your* steering IS SAFE! Proper alinement is your *best* assurance.

Our Bear System of Alinement corrects all misalinement troubles quickly and correctly. Drive in today for a FREE alinement check-up.

Have your wheels Bear-alined and be safe!

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, March 22 (AP)—Cotton futures opened steady, 6 lower to 2 higher under March liquidation which was offset by trade and foreign buying of late months. March 10.58; May 10.73; July 10.77; Oct. 10.36; Dec. 10.45; Jan. 10.45.

NEW YORK REPORT

NEW YORK, March 22. (AP)—Cotton futures opened steady, 6 lower to 2 higher under March liquidation which was offset by trade and foreign buying of lat months. March 10.58; May 10.73; July 10.77; Oct. 10.36; Dec. 10.45; Jan. 10.45.

Trading in current March deliveries ended at noon today. Notices estimated at about 7,800 bales were issued leading to liquidation which, however, was taken by the trade and after selling off to 10.58, March rallied to 10.64 or back to about yesterday's close. Later deliveries eased off slightly but stiffened up again. At the end of the first half hour May was selling around 10.74, and Oct. 10.37 with the general list net unchanged to 3 points higher.

Trading was quiet later in the morning with prices holding fairly steady. Trade interests were said to have stopped the March notices and that position sold up to 10.67 just before trading in it ended at midday or 3 points net higher. Later months were net changed to 2 points higher.

NEW ORLEANS REPORT

NEW ORLEANS, March 22 (AP)—No definite trend was apparent at the opening of the cotton market today, with old crop months up 3 to 6 points while new crop positions were unchanged to one point lower.

May opened at 10.71, but quickly sold off to its previous close of 10.69. July transferred at 10.72 and October at 10.33 at the opening call.

Liverpool cables reported a quiet market there.

Quiet dealings characterized the remainder of the morning, with prices holding in a ten-point range. May sold at 10.70, July at 10.75 and Dec. at 10.34 as mid-day approached with light offerings being well taken by the trade.

All except the most hardy of traders are remaining on the sidelines pending further developments.

Uncle Sam spends more money in his war on insects than is spent on maintenance of the U. S. army.

Stock Market

WALL STREET REPORT

NEW YORK, March 22 (AP) — Financial markets showed signs of being weary today and retreated quietly into a state of drowsiness where small price changes ruled.

Stocks slipped fractionally lower under the weight of wobbling utilities during early dealings but a more steady tone developed when shares of leading power companies hardened around noon. The bond market idled away its time without getting anywhere and principal commodities held in a narrow trading area.

The more than seasonal increase in carloadings last week and official reports showing automobile sale in the first two months at 633,309 units, against 388,614 in the same period last year, failed to liven the market to any considerable degree, although prominent utilities such as Consolidated Gas, Public Service of N. J., and North American erased early losses and Commonwealth & Southern preferred gained more than a point. American Telephone continued to lag.

Favorite trading shares, including U. S. Steel, Chrysler, General Motors, Santa Fe, Schenley Distillers and American Can dipped a trifle but sufficient support appeared to check the decline and a few leaders, including Johns-Manville, Pennsylvania and Radio Corp. of America advanced minor fractions.

Grain Market

CHICAGO REPORT

CHICAGO, March 22. (AP)—With wheat quotations at Liverpool much higher than expected, grain values here tended upward early today. Need of rains in domestic winter-wheat sections southwest and west, as well as a renewal of inflation talk, acted as additional bullish factors.

Opening at 1-4 to 3-4 gain, May 94 3-8 to 5-8, Chicago wheat futures quickly rose further. Corn started 1-8 to 1-2 higher, May 78 1-4 to 1-2, and continued firm.

INJUNCTION

(Continued from Page One)

W. F. Cato in any other place or jurisdiction except in the district court of the United States."

An allegation of the injunction application, made by U. S. District Attorney Clyde O. Eastus, that a move for an early trial of Cato in Garza county was an effort to defeat justice drew fire from Nelson.

He said the allegation was an attack against the integrity and sincerity of the entire county.

The defendants also were enjoined against any act to interfere with or hinder the jurisdiction of the federal court.

An allegation of the injunction application that the move for an early trial of Cato in Garza county was an effort to defeat justice drew a warm reply from Nelson who described it as "an attack against the integrity and sincerity of the entire county." The application set out that the acts of Nelson and Smith have made them as much counsel for Cato as the defense attorneys retained in the case.

Meanwhile the federal grand jury here continued its investigation of narcotics and liquor violations in the vicinity of Post, an investigation growing out of the slaying of Stafford.

The federal trial of Cato is set for May 20 at Lubbock.

LOCAL ATTORNEYS TO SEEK HEARING

No member of his firm, George W. Dupree informed Avalanche-Journal newspapers last night, had told United States District Attorney Clyde O. Eastus that he (a member of the Lubbock firm) expected to be engaged as counsel for Sheriff W. F. Cato.

Bledsoe, Dupree and Crenshaw is counsel in this territory for a surety company which furnished Cato's bond, but, said Mr. Dupree, "that has nothing to do with this case."

Chas. C. Crenshaw went to Fort Worth last night to ask that his firm be granted a hearing in the case Saturday, Mr. Dupree said.

EERIE VOICES

(Continued from Page One)

standing beside him.

Arthur Ford, a friend of the late Sir Arthur, said after the seance he was sure "that was Sir Arthur's voice."

The voice which claimed to be that of Amundsen came through without much trace of an accent, although Amundsen's voice was marked by his early years in Norway.

This voice, in answer to a question, told how Amundsen met death on a rescue flight in the Artic, a tragedy still unexplained by history.

"We became lost in the fog over trackless wastes of ice," intoned the weird voice. "It was just as well that I went when I did. My work was done. I have been down with Byrd in Little America, watching over him."

The seance ended, the spiritualists, who included some of the most widely known believers in New York, ripped the newspapers from the windows. Moonlight streamed brightly into the cabin.

At the airport, the spiritualists, with John Goldstrom as their spokesman, termed the venture a "complete success."

GERMAN NAVY

the negotiations next week between Sir John and Hitler.

A strong hint of the likelihood of such a policy was given by Sir John in the house of commons last night.

"A system of select and special combinations, for assistance against the danger in our midst," the foreign secretary said, was bound to be the alternative if it proved impossible to bring Germany back into the councils of Europe.

Holds Strong Hopes

Sir John added, however, he had strong hopes such a necessity would not arise, as the alternative was one for which Great Britain has no enthusiasm since it is opposed to special pacts of the sort.

"It is scarcely necessary to say," he said, "that we are not contemplating any special agreement between this country and any other."

If the Berlin negotiations succeed, Sir John said, he hoped Germany would be persuaded to participate in a general conference of the powers for conclusion of mutual security pacts guaranteeing peace.

GIVEN 25 YEARS

NACOGDOCHES, March 22 (AP)—Lee Parrish, San Augustine county resident, today faced a 25-year penitentiary sentence for slaying Lonnie Hooper, a farm boy. The defense indicated there would be no motion for appeal.

BOYS PARLEY

(Continued from Page One)

bert W. Carter, Denver, Joe Leatherwood, Breckenridge, will organize a discussion group plan and Thomas F. Richardson, Wichita Falls, a Hi-Y training course.

The evening program, beginning at 7 p. m. will be opened by prayer by Dr. Jack M. Lewis, followed by a sing-song led by Mr. Shepherd and an address by Pat Henry, jr., T. C. U. senior. Group meetings follow.

Jolley, Breckenridge.

SPECIAL PROGRAM PLANNED SATURDAY

A special program for the Older Boys conference here will be given Saturday evening at 7:30 o'clock in the high school auditorium. It will be open to the public.

Supt. Kenneth E. Oberholtzer will preside.

Invocation will be given by Dean James M. Gordon of the arts and science division at Texas Technological college. Hal C. Goddard will be principal speaker. The program also will include:

Songs, R. E. Shepherd; "The Man on the Flying Trapeeze," stunt by Junior High school boys; songs by Senior High school girls quartet and Senior High school girls choral club; accordion solo by Herbert Stock; selections by ocarina quartet, and numbers by Junior High school band.

WOMAN HELD

might throw some light on the case.

Letters Are Quoted

One letter, dated January 13, sent from Annapolis, Md., and addressed to the girl said:

"Won't be long now when you'll be with me." The letter was written on the stationery of the United States destroyer Babbitt and was signed "Frank."

The other note was signed by Pierce. It was addressed to Montgomery, Ala.

It read:

"I love you. I have come to my senses now. I trust you. I really do. That will never happen again. Please come back to me, as I am lost without you. I have wired a ticket. Call at the ticket office. Wire me collect."

Lorenzo Woman Is Victim Of Illness

LORENZO, March 22 (Special)—Mrs. Payton Powers, wife of a Lorenzo pharmacist, died at 7:30 o'clock last night of pneumonia and a heart ailment.

Funeral services will be conducted in First Baptist church here at 4 o'clock this afternoon. Burial, directed by Schuler Funeral home, will be in Lorenzo cemetery.

Mrs. Powers was survived by her widower; three brother, Lloyd Laird of Amarillo, Lionis Laird of Lorenzo, and Robert Laird of Houston; four sisters, Mrs. Lulu Banks and Mrs. Roy Oldfest of Dallas; Mrs. Jim Johnson of Dublin, and Mrs. Ed Jones of Waxahachie, and her mother, Mrs. T. J. Laird of Dublin.

Implement Show To Be Held In City

A new talking motion picture entitled "Partners" will provide a full hour of instruction and entertainment to farmers who attend John Deere Tractor Day, to be conducted in Lubbock Monday, March 25 by J. O. Ford Implement company, local dealers for John Deere equipment.

Included in the all-day session will be a course of instruction on servicing tractors and the maintainance of maximum efficiency during the working season, directed by practical tractor men from the John Deere organization.

A special John Deere tractor, with sections of the engine and working parts exposed, will be on display during the day.

"We invite every farmer in this section to be our guest and we particularly want the boys to come, too," Mr. Ford said. "We are planning to make this a sociable affair, but at the same time a worth-while affair to farmers and their families.

Extra Session Of League Is Called

GENEVA, March 22 (AP) — The League of Nations today convoked an extraordinary session of the council for the first week in April to deal with the appeal of France against alleged German violations of the treaty of Versailles in the creation of a conscript army.

QUESTION: DID THE INDIANS SPLIT ON DECISIONS IN PROPHECIES OF CROPS

Did the Plains Indians split decisions in crop prophecies based on wind direction at sunrise this day each year?

Without compasses, they perhaps simply watched tails of smoke drawn from their fires or the leaning of saplings in the wind.

If the wind were from the east or northeast, the redmen anticipated a season of plenty. If it were from the southwest or west, they prepared for lean days.

At sunup today, the wind was from the west-northwest, W. C. Breedlove, municipal airport manager, said. Later it veered more to the west, but the sunup course is the one to watch.

If the white man must make compass division of Indian lore, this morning's wind would mean neither a bumper crop nor scarcity.

An Indian neighbor told the late J. I. Wilborn, a Garza county pioneer about it, and Mr. Wilborn, convinced of the legend's accuracy, passed it on to a Post banker, W. O. Stevens, now City secretary here. Mr. Stevens became a believer too.

LOCAL HAPPENINGS

Charge Is Filed — A burglary charge had been filed at Slaton against a negro woman, Ada Johnson, who was brought to county jail late Thursday by Police Chief R. L. Wicker of Slaton. She was charged with burglary of a Slaton home and theft of about $5 in small change owned by a child. She remained in jail this morning.

• • •

Agent Is Charged — A federal revenue agent, Frank Wilkinson, was charged in county court yesterday with operating a motor vehicle on state highway 7 without license numbers for the current year. Constable Ragan Reed of Slaton, who signed the complaint, said Wilkinson said the automobile he was driving was a government car. It bore 1934 Louisiana plates, the constable said. County Attorney Jess C. Levens drew the complaint.

• • •

Program Planned — The weekly program which is to be presented at 8 p. m. Saturday at Salvation Army headquarters, 709 Thirteenth street, will consist of musical numbers and prayers by Mr. and Mrs. Floyd Jobe, Joe Turning, E. W. and E. A. Owens, Mr. and Mrs. B. B. Rhodes, Iva Walls, A. C. Bowley, S. V. Bell, Mrs. L. Allen and daughters, Hazel and Bessie Bowley, Inez Amburn, Verna Whitaker, Mae Belle Durrett, Mr. and Mrs. L. D. Boyd, Mrs. Ella Chambliss, Syble and Vivian Ehrlick.

• • •

Unable To Speak — As an Older Boys conference will be in session here, Kenneth E. Oberholtzer, superintendent of Lubbock county schools, will be unable to give a scheduled address at a Northwest Texas Education conference in Canyon, Saturday night. He spoke on an 8th district Parent-Teacher association conference there Wednesday night.

Hardin-Simmons Is Named To Congress

ABILENE, March 22. (Special)—Hardin-Simmons university has been elected to membership in the Southwestern Journalism congress, J. Willard Ridings, secretary of the organization, has notified.

The congress, of which Hardin-Simmons is the thirteenth member, will meet in Baton Rouge, La., April 12, 13.

Rhodes Scholarship Changes Announced

Rhodes scholars in the United States will be selected in December of the year of their application for scholarship rather than the following January, according to regulations sent to Dean J. M. Gordon, Texas Technological college representative of Rhodes scholarships. The new rule was made so that immediate entrance to Oxford will be more convenient for scholars selected.

Applications of Tech students must be made to Dean Gordon by November 2. A two-year scholarship to Oxford is part of the award. Canon Clements, former student of the college here, received this scholarship last January.

Other regulations for 1935 are the same as in other years, Dean Gordon said.

Many Oklahomans Jailed In Texas

AUSTIN, March 22 (AP)—More natives of Oklahoma were convicted of felonies and sent to the state penitentiary last year than of any of the 45 states represented except Texas.

Oklahoma's contribution of 113 native sons brought its representation to 242, equal to that of Louisiana which last year contributed 99.

Texans increased the total 2,211 to 3,711 of the 4,949 American born convicts. Two hundred and sixty-five were foreign born, of which 230 came from Mexico.

Ranking next to Oklahoma and Louisiana were Arkansas with 93; Missouri, 79; Tennessee, 63, and Alabama 52.

RECEIPTS BOOSTED

SLATON, March 22. (Special)—Slaton postal receipts for February were $970.06 compared with $964.14 for that month last year, K. L. Scudder, postmaster, said.

Prize Livestock On Auction Block

FORT WORTH, March 22 (AP) — Prize livestock of the Southwestern exposition and Fat Stock show went on the auction block today.

Heading the list was the grand champion steer, Art Favorite, the Hereford calf exhibited by August Jordan, 18-year-old 4-H club boy from Mason county.

WILEY IS NAMED GUEST DIRECTOR

D. O. Wiley, band director of Texas Technological college, will be guest director and official judge of contests at the National Band festival at the University of Kansas in Lawrence, Kan., May 9-11. He was appointed a judge of a Tri-State festival at Enid, Okla., April 3-6, several weeks ago.

Director of the national festival will be Russell L. Wiley, brother of D. O. Wiley and band director at the University of Kansas. Bands from any high school in the United States many compete in the festival. The Lubbock high school band will not go, according to H. A. Anderson, director.

Other judges in the festival will be Edwin Franko Goldman, director of the Goldman band of New York City; Earl D. Irons, director of the North Texas Agricultural college band at Arlington; Carl Bush, Kansas City composer; Herbert L. Clarke, world's premier cornetist and director of the Municipal band of Long Beach, Calif.; Harold Bachman, director of the "Bachman Million Dollar Band" of Chicago; William F. Ludwig, president of Ludwig and Ludwig, drum manufacturers, Chicago; D. M. Swarthout, dean of the school of fine arts at the University of Kansas.

WINN FUNERAL IS CONDUCTED TODAY

Funeral services for Welton Winn, 78, a district organizer for the Townsend old-age pension plan, who died at 5:30 o'clock Thursday afternoon at his home, at 1218 Eighth street, were conducted at 10:30 o'clock this morning at Sanders Funeral home.

Rev. J. D. Welch, pastor of Central Baptist church, officiated. The body was sent to Marquez, in Leon county, for burial.

Mr. Winn, who came here 13 years ago, had engaged in the livestock business in Central Texas. He was active in Four-H club work there.

He suffered a paralytic stroke several days ago.

Survivors were the widow; five daughters, Mrs. O. W. Finley and Mrs. George Webb of California; Mrs. T. E. Crites and Miss Ruth Winn of Lubbock, and Mrs. George Pugh of Alpine; four sons, L. S. Winn of Abernathy, Vaughn Winn of Lubbock, L. D. Winn of Canyon, and D. W. Winn of Muleshoe, and two sisters, Mrs. Sam Moore of Electra and Mrs. R. P. Graston of Oklahoma City.

DAILY MARKETS

Cotton Market

NEW YORK REPORT

NEW YORK, March 22 (AP)—Cotton futures opened steady, 6 lower to 2 higher under March liquidation which was offset by trade and foreign buying of late months. March 10.58; May 10.73; July 10.77; Oct. 10.36; Dec. 10.45; Jan. 10.45.

NEW YORK REPORT

NEW YORK, March 22. (AP)—Cotton futures opened steady, 6 lower to 2 higher under March liquidation which was offset by trade and foreign buying of lat months. March 10.58; May 10.73; July 10.77; Oct. 10.36; Dec. 10.45; Jan. 10.45.

Trading in current March deliveries ended at noon today. Notices estimated at about 7,800 bales were issued leading to liquidation which, however, was taken by the trade and after selling off to 10.58, March rallied to 10.64 or back to about yestrday's close. Later deliveries eased off slightly but stiffened up again. At the end of the first half hour May was selling around 10.74, and Oct. 10.37 with the general list net unchanged to 3 points higher.

Trading was quiet later in the morning with prices holding fairly steady. Trade interests were said to have stopped the March notices and that position sold up to 10.67 just before trading in it ended at midday or 3 points net higher. Later months were net changed to 2 points higher.

NEW ORLEANS REPORT

NEW ORLEANS, March 22 (AP)—No definite trend was apparent at the opening of the cotton market today, with old crop months up 3 to 6 points while new crop positions were unchanged to one point lower.

May opened at 10.71, but quickly sold off to its previous close of 10.69. July transferred at 10.72 and October at 10.33 at the opening call.

Liverpool cables reported a quiet market there.

Quiet dealings characterized the remainder of the morning, with prices holding in a ten-point range. May sold at 10.70, July at 10.75 and Dec at 10.34 as mid-day approached with light offerings being well taken by the trade.

All except the most hardy of traders are remaining on the sidelines pending further developments.

Uncle Sam spends more money in his war on insects than is spent on maintenance of the U. S. army.

Lubbock Markets

The prices are furnished by the following Lubbock firms: Poultry—Lubbock Poultry and Egg company, delivered Lubbock; Grain—S. S. Cone Grain and Seed company, following prices being bid by Lubbock grain dealers; Cotton—Blocker Cotton company. All prices subject to change during day.

Stock Market

WALL STREET REPORT

NEW YORK, March 22 (AP)—Financial markets showed signs of being weary today and retreated quietly into a state of drowsiness where small price changes ruled.

Stocks slipped fractionally lower under the weight of wobbling utilities during early dealings but a more steady tone developed when shares of leading power companies hardened around noon. The bond market idled away its time without getting anywhere and principal commodities held in a narrow trading area.

The more than seasonal increase in carloadings last week and official reports showing automobile sale in the first two months at 633,309 units, against 388,614 in the same period last year, failed to liven the market to any considerable degree, although prominent utilities such as Consolidated Gas, Public Service of N. J., and North American erased early losses and Commonwealth & Southern preferred gained more than a point. American Telephone continued to lag.

Favorite trading shares, including U. S. Steel, Chrysler, General Motors, Santa Fe, Schenley Distillers and American Can dipped a trifle but sufficient support appeared to check the decline and a few leaders, including Johns-Manville, Pennsylvania and Radio Corp. of America advanced minor fractions.

Grain Market

CHICAGO REPORT

CHICAGO, March 22. (AP)—With wheat quotations at Liverpool much higher than expected, grain values here tended upward early today. Need of rains in domestic winter wheat sections southwest and west, as well as a renewal of inflation talk, acted as additional bullish factors.

Opening at 1-4 to 3-4 gain, May 94 3-8 to 5-8, Chicago wheat futures quickly rose further. Corn started 1-8 to 1-2 higher, May 78 1-4 to 1-2, and continued firm.

INJUNCTION

(Continued from Page One)

W. F. Cato in any other place or jurisdiction except in the district court of the United States."

An allegation of the injunction application, made by U. S. District Attorney Clyde O. Eastus, that a move for an early trial of Cato in Garza county was an effort to defeat justice drew fire from Nelson.

He said the allegation was an attack against the integrity and sincerity of the entire county.

The defendants also were enjoined against any act to interfere with or hinder the jurisdiction of the federal court.

An allegation of the injunction application that the move for an early trial of Cato in Garza county was an effort to defeat justice drew a warm reply from Nelson who described it as "an attack against the integrity and sincerity of the entire county." The application set out that the acts of Nelson and Smith have made them as much counsel for Cato as the defense attorneys retained in the case.

Meanwhile the federal grand jury here continued its investigation of narcotics and liquor violations in the vicinity of Post, an investigation growing out of the slaying of Stafford.

The federal trial of Cato is set for May 20 at Lubbock.

LOCAL ATTORNEYS TO SEEK HEARING

No member of his firm, George W. Dupree informed Avalanche-Journal newspapers last night, had told United States District Attorney Clyde O. Eastus that he (a member of the Lubbock firm) expected to be engaged as counsel for Sheriff W. F. Cato.

Bledsoe, Dupree and Crenshaw is counsel in this territory for a surety company which furnished Cato's bond, but, said Mr. Dupree, "that has nothing to do with this case."

Chas. C. Crenshaw went to Fort Worth last night to ask that his firm be granted a hearing in the case Saturday, Mr. Dupree said.

EERIE VOICES

(Continued from Page One)

standing beside him.

Arthur Ford, a friend of the late Sir Arthur, said after the seance he was sure "that was Sir Arthur's voice."

The voice which claimed to be that of Amundsen came through without much trace of an accent, although Amundsen's voice was marked by his early years in Norway.

This voice, in answer to a question, told how Amundsen met death on a rescue flight in the Artic, a tragedy still unexplained by history.

"We became lost in the fog over trackless wastes of ice," intoned the weird voice. "It was just as well that I went when I did. My work was done. I have been down with Byrd in Little America, watching over him."

The seance ended, the spiritualists, who included some of the most widely known believers in New York, ripped the newspapers from the windows. Moonlight streamed brightly into the cabin.

At the airport, the spiritualists, with John Goldstrom as their spokesman, termed the venture a "complete success."

the negotiations next week between Sir John and Hitler.

A strong hint of the likelihood of such a policy was given by Sir John in the house of commons last night.

"A system of select and special combinations, for assistance against the danger in our midst," the foreign secretary said, was bound to be the alternative if it proved impossible to bring Germany back into the councils of Europe.

Holds Strong Hopes

Sir John added, however, he had strong hopes such a necessity would not arise, as the alternative was one for which Great Britain has no

might throw some light on the case.

Letters Are Quoted

One letter, dated January 13, sent from Annapolis, Md., and addressed to the girl said:

"Won't be long now when you'll be with me." The letter was written on the stationery of the United States destroyer Babbitt and was signed "Frank."

The other note was signed by Pierce. It was addressed to Montgomery, Ala.

It read:

"I love you. I have come to my senses now. I trust you. I really do. That will never happen again. Please come back to me, as I am lost without you. I have wired a ticket. Call at the ticket office. Wire me collect."

Lorenzo Woman Is Victim Of Illness

LORENZO, March 22 (Special)—Mrs. Payton Powers, wife of a Lorenzo pharmacist, died at 7:30 o'clock last night of pneumonia and a heart ailment.

Funeral services will be conducted in First Baptist church here at 4 o'clock this afternoon. Burial, directed by Schuler Funeral home, will be in Lorenzo cemetery.

Mrs. Powers was survived by her widower; three brother, Lloyd Laird of Amarillo, Lionis Laird of Lorenzo, and Robert Laird of Houston; four sisters, Mrs. Lulu Banks and Mrs. Roy Oldfest of Dallas; Mrs. Jim Johnson of Dublin, and Mrs. Ed Jones of Waxahachie, and her mother, Mrs. T. J. Laird of Dublin.

Implement Show To Be Held In City

A new talking motion picture entitled "Partners" will provide a full hour of instruction and entertainment to farmers who attend John Deere Tractor Day, to be conducted in Lubbock Monday, March 25 by J. O. Ford Implement company, local dealers for John Deere equipment.

Included in the all-day session will be a course of instruction on servicing tractors and the maintainance of maximum efficiency during the working season, directed by practical tractor men from the John Deere organization.

A special John Deere tractor, with sections of the engine and working parts exposed, will be on display during the day.

"We invite every farmer in this section to be our guest and we particularly want the boys to come, too," Mr. Ford said. "We are planning to make this a sociable affair, but at the same time a worth-while affair to farmers and their families.

Extra Session Of League Is Called

GENEVA, March 22 (AP) — The League of Nations today convoked an extraordinary session of the council for the first week in April to deal with the appeal of France against alleged German violations of the treaty of Versailles in the creation of a conscript army.

enthusiasm since it is opposed to special pacts of the sort.

"It is scarcely necessary to say," he said, "that we are not contemplating any special agreement between this country and any other."

If the Berlin negotiations succeed, Sir John said, he hoped Germany would be persuaded to participate in a general conference of the powers for conclusion of mutual security pacts guaranteeing peace.

QUESTION: DID THE INDIANS SPLIT ON DECISIONS IN PROPHECIES OF CROPS

Did the Plains Indians split decisions in crop prophecies based on wind direction at sunrise this day each year?

Without compasses, they perhaps simply watched tails of smoke drawn from their fires or the leaning of saplings in the wind.

If the wind were from the east or northeast, the redmen anticipated a season of plenty. If it were from the southwest or west, they prepared for lean days.

At sunup today, the wind was from the west-northwest, W. C. Breedlove, municipal airport manager, said. Later it veered more to the west, but the sunup course is the one to watch.

If the white man must make compass division of Indian lore, this morning's wind would mean neither a bumper crop nor scarcity.

An Indian neighbor told the late J. I. Wilborn, a Garza county pioneer about it, and Mr. Wilborn, convinced of the legend's accuracy, passed it on to a Post banker, W. O. Stevens, now City secretary here. Mr. Stevens became a believer too.

LOCAL HAPPENINGS

Charge Is Filed — A burglary charge had been filed at Slaton against a negro woman, Ada Johnson, who was brought to county jail late Thursday by Police Chief R. L. Wicker of Slaton. She was charged with burglary of a Slaton home and theft of about $5 in small change owned by a child. She remained in jail this morning.

• • •

Agent Is Charged — A federal revenue agent, Frank Wilkinson, was charged in county court yesterday with operating a motor vehicle on state highway 7 without license numbers for the current year. Constable Ragan Reed of Slaton, who signed the complaint, said Wilkinson said the automobile he was driving was a government car. It bore 1934 Louisiana plates, the constable said. County Attorney Jess C. Levens drew the complaint.

• • •

Program Planned — The weekly program which is to be presented at 8 p. m. Saturday at Salvation Army headquarters, 709 Thirteenth street, will consist of musical numbers and prayers by Mr. and Mrs. Floyd Jobe, Joe Turning, E. W. and E. A. Owens, Mr. and Mrs. B. B. Rhodes, Iva Walls, A. C. Bowley, S. V. Bell, Mrs. L. Allen and daughters, Hazel and Bessie Bowley, Inez Amburn, Verna Whitaker, Mae Belle Durrett, Mr. and Mrs. L. D. Boyd, Mrs. Ella Chambliss, Syble and Vivian Ehrlick.

• • •

Unable To Speak — As an Older Boys conference will be in session here, Kenneth E. Oberholtzer, superintendent of Lubbock county schools, will be unable to give a scheduled address at a Northwest Texas Education conference in Canyon, Saturday night. He spoke on "Building For Tomorrow" at an 8th district Parent-Teacher association conference there Wednesday night.

Hardin-Simmons Is Named To Congress

ABILENE, March 22. (Special)—Hardin-Simmons university has been elected to membership in the Southwestern Journalism congress, J. Willard Ridings, secretary of the organization, has notified.

The congress, of which Hardin-Simmons is the thirteenth member, will meet in Baton Rouge, La., April 12, 13.

Rhodes Scholarship Changes Announced

Rhodes scholars in the United States will be selected in December of the year of their application for scholarship rather than the following January, according to regulations sent to Dean J. M. Gordon, Texas Technological college representative of Rhodes scholarships. The new rule was made so that immediate entrance to Oxford will be more convenient for scholars selected.

Applications of Tech students must be made to Dean Gordon by November 2. A two-year scholarship to Oxford is part of the award. Canon Clements, former student of the college here, received this scholarship last January.

Other regulations for 1935 are the same as in other years, Dean Gordon said.

Many Oklahomans Jailed In Texas

AUSTIN, March 22 (AP)—More natives of Oklahoma were convicted of felonies and sent to the state penitentiary last year than of any of the 45 states represented except Texas.

Oklahoma's contribution of 113 native sons brought its representation to 242, equal to that of Louisiana which last year contributed 99.

Texans increased the total 2,211 to 3,711 of the 4,949 American born convicts. Two hundred and sixty-five were foreign born, of which 230 came from Mexico.

Ranking next to Oklahoma and Louisiana were Arkansas with 93; Missouri, 79; Tennessee, 63, and Alabama 52.

RECEIPTS BOOSTED

SLATON, March 22. (Special)—Slaton postal receipts for February were $970.08 compared with $964.14 for that month last year, K. L. Scudder, postmaster, said.

Prize Livestock Or Auction Block

FORT WORTH, March 22 (AP) — Prize livestock of the Southwestern exposition and Fat Stock show went on the auction block today.

Heading the list was the grand champion steer, Art Favorite, the Hereford calf exhibited by August Jordan, 18-year-old 4-H club boy from Mason county.

WILEY IS NAMED GUEST DIRECTOR

D. O. Wiley, band director of Texas Technological college, will be guest director and official judge of contests at the National Band festival at the University of Kansas in Lawrence, Kan., May 9-11. He was appointed a judge of a Tri-State festival at Enid, Okla., April 3-6, several weeks ago.

Director of the national festival will be Russell L. Wiley, brother of D. O. Wiley and band director at the University of Kansas. Bands from any high school in the United States many compete in the festival. The Lubbock high school band will not go, according to H. A. Anderson, director.

Other judges in the festival will be Edwin Franko Goldman, director of the Goldman band of New York City; Earl D. Irons, director of the North Texas Agricultural college band at Arlington; Carl Bush, Kansas City composer; Herbert L. Clarke, world's premier cornetist and director of the Municipal band of Long Beach, Calif.; Harold Bachman, director of the "Bachman Million Dollar Band" of Chicago; William F. Ludwig, president of Ludwig and Ludwig, drum manufacturers, Chicago; D. M. Swarthout, dean of the school of fine arts at the University of Kansas.

WINN FUNERAL IS CONDUCTED TODAY

Funeral services for Welton Winn, 78, a district organizer for the Townsend old-age pension plan, who died at 5:30 o'clock Thursday afternoon at his home, at 1218 Eighth street, were conducted at 10:30 o'clock this morning at Sanders Funeral home.

Rev. J. D. Welch, pastor of Central Baptist church, officiated. The body was sent to Marquez, in Leon county, for burial.

Mr. Winn, who came here 13 years ago, had engaged in the livestock business in Central Texas. He was active in Four-H club work there.

He suffered a paralytic stroke several days ago.

Survivors were the widow; five daughters, Mrs. O. W. Finley and Mrs. George Webb of California; Mrs. T. E. Crites and Miss Ruth Winn of Lubbock, and Mrs. George Pugh of Alpine; four sons, L. S. Winn of Abernathy, Vaughn Winn of Lubbock, L. D. Winn of Canyon, and D. W. Winn of Muleshoe, and two sisters, Mrs. Sam Moore of Electra and Mrs. R. P. Graston of Oklahoma City.

BELGIUM REMAINS WITHOUT CABINET AS LEOPOLD HOLDS PUBLIC PARLEYS

BRUSSELS, March 22 (AP)—Belgium remained without a cabinet as King Leopold, for the first time in the country's parliamentary history, conferred with representatives of trade bodies, as well as politicians in an effort to replace the government of George Theunis.

Premier Theunis and his cabinet resigned amid controversy over maintenance of the gold standard.

Political observers hailed the king's precedent as an indication that a new orientation is likely to be reflected in the new cabinet.

No known sponsor of devaluation so far has been summoned for conversations with the king.

Among those sent for and conferred with were the presidents of the Brussels and Antwerp Chambers of Commerce.

Inasmuch as the Theunis resignation was not prompted by parliamentary opposition, he was expected to be asked to form another government. The name of Henry Jaspar, former foreign minister and a strong adherent of gold, also was mentioned however.

Contrary to the popular opinion that elephants never forget, it has been found that they do.
