Wallace Wins With Third Try

"Third time was the charm," for the Wallace Wildcats as they won their first game against Class AAA competition by defeating Midland, 63-59, after first falling to Lubbock, 78-44, and Abilene, 61-56, in two previous contests with District 1-A teams.

Emerson Henderson paced the Wildcats in all three games, tallying 15, 22, and 21 points against Lubbock, Abilene, and Midland, respectively.

Willie Brown hit in double figures in the Lubbock game with 10, Melvin Williams hit 10 in the Abilene game, and three players, Don, Irvin, Curtis Taylor, and Wayne Russell, joined Henderson in scoring 10 or more points in the Midland game. Russell scored 15 while Irvin and Taylor hit 10 each.

After trailing Midland, 14-15, at the end of the first period, the Wildcats rallied to take a 35-25 halftime lead. Wallace led, 48-40, after the third quarter, and moved out to a 56-40 lead before Midland hit 15 consecutive points to cut the Wildcats' margin to one point, 56-55.

The Wildcats went into a semi-stall during the last two minutes to preserve the victory.

PROBATION REVOKED

Juan Gutierrez Sent To State Penitentiary

Juan Gutierrez, 20 years old, will now have to serve a two to five years sentence in the Texas State penitentiary as assessed him originally Dec. 27, 1963.

Gutierrez was convicted on that date for murder without malice and by mistake in an auto accident, while driving while intoxicated. The accident happened Oct. 20, 1963, and resulted in the death of Richard Howell of Colorado City when a car driven by Gutierrez was in collision with a farm pickup driven by Howell.

Scene of the fatal wreck was the bridge over the Colorado River, south of town, on the highway to Sterling City.

After trial and conviction of Gutierrez, Judge Austin McClellan, 32nd Judicial District, probated the two to five year sentence handed down.

Wolves Go Down To Anson

C. City Wolves were downed by Anson Tigers in Wolf gym Friday night by 70-59 in a District 5-A basketball contest.

The game left Wolves with a 1-1 record for the early season. Tigers 2-1 for the conference.

Ronnie Hillhouse scored 17 points for the Wolves and Joe McCaleb of Anson scored 17 points for Anson.

SPACE AGE SCIENCE

CHS Gets \$2,700 Additions for Lab

New laboratory equipment, \$2,700 worth of it, has been received and added to the science department at Colorado High School, according to Frank W. Wilson, superintendent.

The new equipment is in addition to \$700 worth of new science lab equipment added during the last school year.

Citing the need for scientific information and knowledge in this, the Space Age, and its impact on high schools, Wilson said "In line with the need, this new equipment will be an impetus for the science phase of our curriculum and for some phases of mathematics as well."

High standards for graduates preparing to enter college or to go into some field of scientific work can be accelerated, Wilson said, with the acquisition of the new scientific equipment.

Purchase of the equipment was made possible, he explained, by the National Defense Act which provides for half

ZETAGATHIAN STUDY CLUB

Election of Officers Highlights Thursday Meet

Highlight for the meeting Thursday of the Zetaganian Study Club in the Mural Room of the Baker was the election of the new year officers. Officers elected were Mrs. Bob Reilly, president; Mrs. R. F. Free, Jr., vice president; Mrs. O. B. Trolok, Jr., recording secretary; Mrs. Sam L. Majors, Jr., corresponding secretary; Mrs. Warren Anderson, treasurer; Mrs. Jim Edison, parliamentarian; Mrs. Bob Carver, historian; Mrs. Henry Lewis, reporter; and Mrs. Trevor Crawford, honorary member.

Election of officers was conducted by the parliamentarian Mrs. Larry Kinard.

Following the election of officers, the program speaker Mrs. Warren Anderson spoke

First Lady. First Lady Lady Bird Johnson, Hm! Sounds rather clumsy. So, just Lady Bird was chosen.

"One of the biggest challenges that Lady Bird has had to face is to staunchly say NO to some things in order to save enough time or Lyndon, Lynda Bird, and Lucy Baines are very close."

"This first year as First Lady has been a mighty busy one, full of unexpected and uncustomed burdens for Lady Bird: constant travel, campaigning in the United States, a trip to Greece, 75,357 miles in all scores of speeches," continued the speaker.

"Lady Bird has been a leading hostess for many years and one secret to her success is

her ability to mix the stars with those who watch them shine. Whether it be a dignitary or a humble camel driver, all are royally treated with the same warm hospitality," continued Mrs. Anderson.

"Lady Bird is modest about her achievements as a business woman. Her husband often boasts that 'Lady Bird' has the brains and money of this family," said Mrs. Anderson.

Mrs. Anderson concluded, "Just as the President's wife christened Claudia, but dobed Lady Bird by a nursemaid in her infancy, has long since made peace with her nickname, has made peace with her role as First Lady as well."

"Yes, a busy year it has been, but Lady Bird Johnson emerges with composure in fact, her health blooming, her figure undamaged, her nervous system, so far as she shows is unfrayed, barely showing her age at 52, shows a promise of being one of the most notable and vital first

LEVELLAND

Miss Stogsdill Weds Billy W. Harlow

Double ring vows were exchanged recently in the First United Methodist Church in Levelland, Texas, when Miss Joyce Stogsdill of Levelland and Billy W. Harlow of Colorado City were united in marriage. The ceremony was officiated by Rev. Fred Blake, pastor of the church. Miss Stogsdill is a senior at Colorado City High School. Billy W. Harlow is a senior at Colorado City High School. The couple will reside in Colorado City where they plan to attend Colorado High School. The wedding was held at 2 p.m. in the home of the bride's parents, Mr. and Mrs. C. Harlow of Route 2, Colorado City. Attendants were ice pink satin street length sheath dresses with ice pink lace jackets. They carried long stemmed pink roses. W. C. Harlow, father of the groom, served as bestman. Groomsmen were Johnny Tiller and Sammy Moser, both of Colorado City. Ushers were Cecil Wheeler and Jackie Wheeler, cousins of the bride of Levelland. A reception following the ceremony honored the couple in the home of the bride's parents. A three-tiered wedding cake

and punch were served from a table covered by a pink cloth under a white lace cloth. Bridesmaids' roses formed the centerpiece for the table. For a wedding trip to Wichita Falls, the bride chose for traveling, an apricot wool sheath, with black accessories with an orchid corsage. Mrs. Harlow was a senior at Levelland High School in Levelland.

\$168 Million New Telephone Construction for Texas in 1965

Continuing improvements in telephone system will make your service even more dependable and valuable

Telephone service in Texas ranks with the world's best. It always has. Even so, in 1965 Southwestern Bell will spend another \$168 million to make it better still. This construction program is the biggest in history. It is necessary to provide for the growing telephone needs of Texas.

But it's more than that.

It also is an intensified effort to make even better the service you already have, whether you live in a big city, a small town, or on a farm or ranch.

Our objective is to make your telephone service more useful, dependable, convenient and valuable than ever before.

Texans will also benefit economically from this telephone construction program. Because hundreds of individual projects reach into virtually every community served by Southwestern Bell, the economic impact will be significant and widespread.

New jobs will be created. We expect to add 500 new telephone jobs in Texas in 1965 — bringing to 25,000 the number of people on our payroll in Texas.

But more important will be the economic boost for the hundreds of Texas firms which sell supplies, services and materials to the telephone company.

Here are some of the things we'll do in 1965 to make your telephone service better

NEW STORMPROOFING

In 1965, we'll put more than 500 additional miles of telephone cable underground, because that's the safest place for it. Safe from wind, rain, hot weather, cold weather, stormy weather. This will add to the dependability of your long distance service.

DDD IMPROVEMENTS

For those customers who have Direct Distance Dialing, service will be faster and easier than ever before. Complex new testing and trouble-reporting equipment is being built into the system to help maintain the quality of transmission and quickly trace and remedy problems that might affect your service.

NEW BUILDINGS, WORK CENTERS

Southwestern Bell will erect 15 new buildings in Texas in 1965. The largest will be the new \$13 million South Texas headquarters building in Houston. Other new telephone buildings will be erected in Amarillo, Midland, Dallas (two buildings), San Antonio, Beaumont, Rosenberg, Cleveland, Waco, Pasadena, and a three-building complex in northwest Houston.

Additions are planned for telephone buildings at Fort Worth, Dallas, Amarillo, Forney, Monahans and Houston. Also, 16 new installation, repair and construction centers will be built across the state.

NEW MICROWAVE MAGIC

The magic of microwave will provide thousands of new ways for long distance calling in Texas this year. For example, new systems will link Sweetwater and San

Angelo, Fort Worth and Waco, Houston and Beaumont. Via a network of such microwave antenna towers and transmitting stations, your phone calls are relayed from point to point with the speed of light.

We are looking ahead to another year of telephone progress in Texas in 1965:

- Your telephone service will be a better buy, dollar for dollar.
- Texans everywhere will benefit from the surge of new dollars, created by our expansion program, into the state's economy.

4-H Feeders/ Enter 18 at Ft. Worth

Mitchell County 4-H feeders
have entered 18 steers in the
junior livestock department of
the Southwestern Exposition
and Fair Stock Show, January
29 thru February 7, 1965.

Entries in the 1965 Stock
Show for cattle, horses, sheep
and swine are still being coun-
ted. Stock Show President
Manager W. R. Watt is opti-
mistic over the prospect of
topping last year's record
number of entries in these four
departments. Poultry, pigeon
and rabbit exhibitors have un-
til January 15, 1965 to sub-
mit entries.

Watt is enthusiastic over the
signing of the Judy Lynn
Show as guest stars of the
1965 Stock Show. Watt said,
"The Judy Lynn troupe will
provide our rodeo audi-
ences with real first class en-
tertainment." The Stock Show
Boss signed the Judy Lynn
Show for the rodeo after a
special trip to Las Vegas to
hear them.

The Judy Lynn Show will
be coming to the Rodeo direct
from extended engagements at
the Golden Nugget, Las Ve-
gas; Harrah's Reno and Lake
Tahoe; and The Trade Winds
Hotel, Fort Lauderdale.

Copies of the 1965 Premium
List are available from the
Southwestern Exposition and
Fair Stock Show, P. O. Box
150, Fort Worth, Texas, 76101.
Rodeo tickets are available
from the same address and
mail orders are now being
taken.

CONVERSATION CORNER

READ somewhere the other day something that set the wheels above the eyebrows in motion.

To come across small gems of wisdom in unexpected places in an undiluted joy. And aren't you glad some body took the pains to teach you to read?

This particular little gem as quoted came from the American Bar Association. It seems a Kentucky judge, after hearing testimony from scientific expert, remembered an old story he once heard.

TAKE the bumblebee, the story goes. Apply to him the recognized aerodynamic tests.

From the size, shape and weight of his body, in relation to total wing area, he cannot possibly fly.

But the bumblebee does not know this and he goes ahead and flies anyway.

ISN'T that a jewel as an example of what can be accomplished through rank ignorance of technicalities?

Bumblebee at it, only ones who go ahead and fly—or try—just because they don't know no better.

Take that man named Christopher Columbus. By all known charts and maps of his generation he could not sail away and discover America. He discovered it any how.

Take the Wright Brothers. Everybody knew men could n't ever fly. But they didn't know it. So they did.

Charles Lindberg, too. He didn't even realize that flying a single engine plane to Paris was flat impossible. So he went ahead and flew to Paris.

HISTORY of the race of man is full of human bumblebees. Bumblebees who dug for oil, invented cotton gins, automobiles.

Bumblebee humans who built jet planes. Split the atom. Conceived atomic submarines.

People who came up with Salk and Sabin vaccine. Bumblebee brains who came up with computing machines—which are strictly just as impossible as the flight of the bumblebee.

MORE than that, there are millions of "little people" who daily do the scientific. ly impossible.

There are people in this world who can not get well, by any medical prognosis. And proceed to live, anyhow. There are others who can not have children. And adopt babies to love.

There are bumblebee human beings making good lives in spite of insurmountable physical handicaps. Insurmountable by "recognized tests."

LESSON here, considering the flight of the bumblebee and his imitators, would be seem to be plain.

Nothing is impossible until you've tried it. The less some people know about how it can't be done, the more likely

they are to up-and-do it.

Never say die. Say fly... at least say TRY.

HERE, there and yonder, you could look from now on and not run into a merrier quartet than the two Abilene gals with two C City gals Wednesday. In the gay group, visiting the coffee shop, were Novalee Mahon, (Mrs. Eldon) and Viola Grubbs (Mrs. Walter two good-looking from Abilene, Virginia Warren (Mrs. Pete) and Frances Witten (Mrs. George) their C City hostesses. Greeting the foursome were Virginia's husband Pete... and Jeff Taylor.

Also spied were Thelma Rogers... Ruby Hutcheson... and Tye Franklin boss of that Moragn Creek \$30 million plus addition being built by ESABCO.

OFFICE VISITS have been made by Jake Merrill, inquiring after the health of Joe Bell—who's better, now Jim Bodine of Buford... Arlene Morris, the postmaster... Mrs. Dee Bynum... Porter Richardson of "radio land."

Along the little streets where old friends meet saw nice Bob Carver... an F. P. (Favorite Policeman) Selma Dickson... Ditto Jim Lat. ham... Betty Ginzle (Mrs. Frank) and Luke Nichols measuring the county attorney's temporary office for draperies... Jimmy Payne at lunch with a bunch of fellows... Allen Sheppard, too.

FAMILIAR FACES, various places, have been those of Freddie Guitler... The C. O. P. Leon Yeager... Nettie Hodges (Mrs. Ben) Nat and Ophelia Thomas lunching out together.

Also Royce Tucker, the game warden, Sheriff Lewis Claxton... Weldon Kirk, the D. A. over from Sweetwater... Eddie Braswell Jaycee prexy... Alyne Arnold... Ross Hargrove in for an office visit... Ditto Barney Wren... Frank W. Wilson, the school superintendent.

Nominated for the most cooperative coach, to date, when it comes to reporting results in games, is Doug Clitsey, whose 8th grade lads are doing all right with basketball, by the way!
