VOL. 7, NO. 163 — SNYDER, TEXAS, TUESDAY, NOVEMBER 6, 1956 — EIGHT PAGES—PRICE 5c

British And French Land Units Strike Canal Area

Arab Troops Are Massing

LONDON (AP) — Prime Minister Eden said Britain and France will order a cease-fire in Egypt tonight if British and French technicians can remain to clear the Suez Canal or obstructions.

LONDON (AP) — British - French ground units poured ashore on a widening Suez beachhead today. They headed south from Port Said in defiance of Soviet demands for an end to hostilities against Egypt.

British armored forces went into action below Port Said, the combined headquarters on Cyprus announced, and tank-supported assaults "have gone well." French parachute troops captured the town of Port Fuad, across the canal. Other French forces were reported advancing south on the causeway from Port Said.

Egypt cried for volunteers from other nations.

Radio Cairo announced Saudi Arabia has sent troops into Jordan in support of Egypt. Other Arab troops, from Iraq and Syria, have been reported massing in Jordan, on Israel's eastern flank, but they have launched no attack.

The Cairo newspaper Al Shaab exhorted its readers to slay parachute troopers before they land.

"Kill him immediately and take his arms," it said. "The parachute trooper cannot defend himself while he is landing."

Britain and France sent thousands of fresh troops — including about 3,000 British commandos— into the battle for the Suez Canal.

The railroad town of El Quantara, 30 miles south of Port Said, was an objective of the French forces. French headquarters said this afternoon they had covered eight miles.

British and French aircraft brought fresh destruction. Egyptian coastal defenses on a breakwater reaching north from the canal mouth were a target today. The French said 90 tanks were destroyed in attacks yesterday on the Egyptian army camp Huckstep, near Cairo.

Conflicting reports painted a confused picture of the British-French landings. A French information officer said Egyptians watched curiously from the quay as the troops disembarked. The Egyptian army said troops, police and civilians fought the troops and "the situation is under control."

Switzerland called for a summit meeting of the United States, Russia, Britain, France and India on grounds that "the danger of a third world war with all its tragic consequences is threatening humanity."

At the United Nations, Secretary General Dag Hammarskjold worked to set up a U. N. police force to help restore order. With the big powers barred, he said six nations already have volunteered troops — possibly enough "to meet quickly at least the most basic need for personnel."

BATTLE SCENE—This scene in a Budapest street, reminiscent of World War II European photos, was made by Bill Stoneman of the Chicago Daily News, after recent fighting in which anti-Soviet rebels gained temporary control of Hungary. The Russians were reported to have regained control after air and ground attacks on Budapest and ground attacks on other Hungarian cities.

Soviet Troop Move Feared

By The Associated Press

The United States had reason to fear today that the Soviet Union might throw military force into the Middle East.

The United Nations, by an overwhelming vote, has condemned the British-French attack on Egypt. And Egypt, on the verge of losing a war, has appealed to the world for help in driving out the invaders.

There is no question that the sympathy of much of the world, especially that of Moslem countries and nations that were colonies before World War II, is with the Egyptians.

Thus the situation seems made to order for the Russians if they choose to move in.

A hint of Russian thinking on the subject came out of Moscow overnight.

First, the Soviet Union proposed that the United States join it in throwing the aggressors — i.e., Britain, France and Israel — out of Egypt. Then the Soviet Union directed a warning to Britain and France: Moscow was determined to put an end to the war in Egypt. It was determined, too, to crush aggression through the use of force.

For the time being, Moscow's statement indicated the Kremlin wanted to act within the framework of the United Nations. But the U.N. Security Council last night refused even to consider a resolution backing the proposal for joint action by the United States and the Soviet Union against the invaders of Egypt.

This raised the question how long the Soviet Union would be willing to keep its intentions within the U.N. realm. It could, perhaps, provide its own answer to this Egyptian plea, announced in Cairo today:

"Egypt appeals for help by volunteers, arms or otherwise to all those who all over the world care still for the diginity of man and the rule of law in international relations."

The Soviet Union's expressed determination to "use force to crush the aggressors and reestablish peace in the East" was being taken seriously in London. An authoritative source there said Moscow's notes to Prime Ministers Eden and Mollet are not regarded as a propaganda stunt.

Dr. Sutton Speaks Here

Dr. Willis Sutton of Atlanta, Ga., well-known retired educator, and during the past few years well-known as a speaker, spoke to a group of about 300 persons at a community meeting here last night.

The meeting was sponsored by the High School Parent-Teacher Association.

Dr. Sutton was to speak to a joint meeting of Snyder civic clubs at noon today. He is spending the entire week here working with Snyder students.

In his talk last night, Dr. Sutton discussed the purposes of education and how parents and teachers can work together to achieve the purposes of discovering, developing, directing, and perfecting human resources.

Dr. Sutton said Snyder has a great opportunity by working with community resources, that it is well on the way to have one of the truly great school systems and communities in the country.

Children deserve and require and the times demand that citizens put more of their interest and support into the educational process if they are to live up to the challenge of the day, he said.

Unexpectedly Heavy U.S. Vote Reported

By The Associated Press

An unexpectedly heavy vote — exceeding the 1952 pace at some ballot boxes — marked the early balloting in today's presidential election.

As poll opening time arrived, beginning in the East and moving westward with the sun, reports came in from precinct after precinct of citizens standing in line to register their choice between four more years of Republican Dwight D. Eisenhower or a switch to Democrat Adlai E. Stevenson.

And almost without exception, as the day wore on, election officials said the balloting was exceeding their expectations.

The meaning of the heavy turnout was not easily gauged. Both major parties have contended that a big vote would be favorable to their cause.

Perhaps one reason was the ominous sound of guns in Egypt and in Hungary, stirring Americans emotionally, and, in the case of Hungary, dramatizing the privilege of free elections.

In Miami, Fla., for instance, where officials said it appeared there would be a state vote of about 1,100,000 out of 1,600,000 eligibles, both Democratic and Republican officials said they thought "the war scare" was influencing a large turnout.

Through the morning hours there were no reports of disorders anywhere.

One prominent figure in the first wave of voters was former President Herbert Hoover who got in his ballot about 7 a.m. EST in New York City.

President Eisenhower cast his before noon. He and Mrs. Eisenhower drove from Washington to Gettysburg, Pa., to vote, arriving there at 11:15 a.m. EST. They got a round of applause from neighbors at the polling place.

Eisenhower had planned to drive back to Washington after voting but in a change of mind decided to fly. He had talked with aides about the foreign situation before leaving Washington and had more conferences on tap on his return.

As usual on election day, there were a few little precincts which got in all of their ballots early and proceeded to count them.

There was nothing striking out of the early birds. But Democrats could cheer that Stevenson carried Hart's Location, a New Hampshire mountain community, 5-3. Four years ago it went to Eisenhower 5-4. From a scattering of New Hampshire boxes the total vote was 25 for Eisenhower and 5 for Stevenson.

Eisenhower got all 15 votes in Pointe Aux Barques, Mich., just as he swept it four years ago when 14 were cast.

In Kansas, where there is counting before the polls close, a Leavenworth precinct got 59 for Eisenhower and 38 for Stevenson out of the first 97 cast. In 1952, this precinct went to Eisenhower by 303-240.

Here are some of the reports as to voting turnout

NEW YORK—Heavy early vote both in New York City and upstate. About one-third of Queens vote cast in first four hours — heaviest early turnout ever there. Voting normal to "very good" in Albany, a Democratic stronghold, and about same as 1952 in Buffalo.

PENNSYLVANIA — Voting exceptionally heavy in almost all points.

NEW HAMPSHIRE — Record vote in prospect.

CONNECTICUT — Vote running slightly behind 1952.

NEY JERSEY — Early voting heavy to very heavy, sand higher than four years ago.

FLORIDA — Record crowds

See VOTE, Page 2

Record State Vote Is Seen

Indications were that there would be a heavy vote here in the general election today as voters streamed into the polling places today.

By noon, there had been some 1,100 persons who had voted at the four Snyder boxes, the largest of Scurry County's 20 boxes.

The polls close here, as at other places, at 7 p.m.

By The Associated Press

A record vote was predicted as Texans balloted Tuesday with months of oratory ringing in their ears along with echoes of gunfire from the Middle East and Hungary.

Election judges in city areas said the vote may exceed that of 1952.

Heavy fog and sprinkles failed to dampen the enthusiasm of voters who were in long lines before the polls opened at 7 a.m. in Dallas, San Antonio and other Texas cities.

Jammed voting machines in Dallas slowed the balloting.

Election judges there said the jamming was caused when voters tried to write in the name of W. Lee O'Daniel, an independent candidate for governor, and then attempted to pull the straight party lever.

By 10 a.m. more than 30 of the 575 machines in the county were jammed. Officials were trying to instruct election judges by telephone as to how to clear the machines but five mechanics were kept busy unjamming machines the judges could not fix.

The burning issues of 1952, party loyalty and the tidelands were gone. National defense, foreign policy, the farm problem and the drought, and GOP business programs were the most heard.

Both parties sought to make capital of the tidelands issue again with the Democrats asserting the Eisenhower administration wanted to infringe on Texas' title.

The Eisenhower supporters brought it up in attacking Democrats, such as presidential candidate Adlai Stevenson who said in 1952 he felt the tidelands belonged to the federal government.

The party loyalty issue appeared settled when the Democratic nominee for governor, Price Daniel, announced support of the party. A loyal State Democratic Executive Committee was named.

Gov. Shivers supported Eisenhower in 1952 and again this year.

Senate Majority Leader Johnson and House Speaker Rayburn led the Stevenson supporters in Texas.

Vice President Nixon made two campaign trips to Texas. Eisenhower was scheduled to speak last week in Dallas but the flareup in the Middle East and Hungary forced him to cancel.

Both sides claimed victory, but no one seemed to know how the outbreaks of violence in far corners of the world would affect the race.

The state's 24 electoral votes, which went GOP in 1952, could make a big difference nationally.

There were 2,072,106 votes cast in 1952. Robert Johnson, head of the Texas Election Bureau, said he expected about the same number would be cast Tuesday.

The bureau, an unofficial vote-counting agency, starts receiving returns from its correspondents when the polls close at 7 p.m.

William Bryant, who has not actively campaigned, is opposing Daniel for governor. W. Lee O'Daniel, former senator and governor who ran third in the first Democratic primary, has waged a write-in campaign. He failed to get on the ballot as the Constitution Party candidate.

Stockholm Sails

NEW YORK (AP) — The repaired Swedish American liner Stockholm put to sea yesterday for the first time since her collision with the Italian liner Andrea Doria July 25. Fitted with a new bow, she made test runs outside New York Harbor. Her officers pronounced her good as new.

Mrs. Smith Rites Held

Mrs. Nancy Elizabeth Smith, 85 died at the home of her daughter, Mrs. P. W. Ware, 2700 Twenty-sixth Street Monday at 1:15 p.m. She was born in Jefferson City, Missouri on July 16, 1871.

Mrs. Smith was married to Mr. Watson (Watt) Smith on Feb. 20, 1889 in the home of her parents in Cisco, Tex. The ceremony was performed by the Rev. B. J. H. Thomas past of the Methodist Church in Cisco at that time.

Mr. and Mrs. Smith moved to Scurry County in 1905, residing in the Polar community northwest of Snyder. She had been a member of the Methodist church for 57 years.

Funeral services were held today in the Trinity Methodist Church at 2:30 o'clock, with the Rev. Elton Wyatt officiating, assisted by J. Lennol Hester pastor of the First Methodist Church. Interment will be in the Snyder cemetery under the direction of the Bell Funeral home.

Survivors included three daughters, Mrs. P. E. Ware, Snyder, Mrs. M. E. Oliver, Borger, and Mrs. Earnest Elkins of Paramount, Cal.; two sons, Burt Smith, Lubbock, and Earnie Smith of Plainview; three sisters, Mrs. Minnie Davis, Snyder, Mrs. Ollie Harris, Commanche and Mrs. Eva Lowrie of Cornvallis, Oregon; one brother, John Davis of Portallis, N. M.; 12 grandchildren, 17 great grandchildren, and one great great grandchild.

Pallbearers were Ernest Peterson, Burton Moore, Grady Sellers, Herman Elkins, Walter Sellers and C. M. Lynons.

Dies Of Heat Stroke

MECHANICVILLE, N. Y. (AP) — Michael de la Rosa, 5, died of heat stroke and multiple abrasions yesterday after he climbed into a revolving electric clothes drier.

British Are Taking Warning Seriously

LONDON (AP)—An authoritative British source said today Prime Minister Eden's government takes "very seriously" Russia's warning to Britain and France to end the fighting in Egypt.

The terms of Premier Bulganin's notes to Eden and French Premier Guy Mollet are not regarded here as a propaganda stunt.

The informant did not indicate what action the British government intends to take as a result of the Russian move.

Bulganin's message kept Eden up almost all night. He consulted with Mollett by telephone. British and French consultations are believed taking place also with the United States.

Neither Eden's office nor the Foreign Ofice would comment officially.

The informant said Bulganin and Communist party boss Nikita Khrushchev, when they visited Britain last April, plainly served notice on British leaders that they considered themselves to be vitally interested in Middle East stability.

They put forward their views in the course of a discussion, initiated by Eden at the time, on the possibility of big power cooperation in the region.

At the time, Eden declared Britain was ready to fight in defense of what it considered to be its national interest in the Middle East. The Russians, according to the informant, responded by saying that they too are vitally interested in the preservation of stability in the Middle East, which they argued would affect the safety of their own oil resources in area of Baku.

The Russians reportedly advised Eden then that they too would not hesitate to act militarily in defense of what they said was their vital national interest.

The Egyptian appeal to the world for "volunteers and arms" to help in the fighting against Britain and France is believed here to contain the seeds of a new Korea.

It opens the way, if the Kremlin is willing to take it, for overt Soviet intervention by means of "volunteer" forces ostensibly acting independently of the Russian government.

Big Storm Heads Into Open Ocean

MIAMI (AP)—Hurricane Greta's winds of slightly more than 100 m.p.h. were a menace today only to shipping as the big storm headed even further into the open Atlantic.

It was about 600 miles east southeast of Bermuda and about 1,200 miles east southeast of Cape Hatteras, N.C., and moving at 23 miles an hour to the northeast, away from both points.

Hurricane winds extend outward from the center about 150 miles and gales extend an additional 350 miles in every direction, weather forecasters said. With a diameter of 1,000 miles, Greta is the largest hurricane of the year.

It is a "large and dangerous hurricane" to shipping, the weather bureau said, and urged caution for ships in its area. It is also expected to increase in forward speed.

Fringes of the big storm brushed Puerto Rico Sunday, where high tides and rough seas destroyed a reported 200 houses and caused $100,000 damage to Waterman Steamship Co. installations at Ponce.

Greta, seventh tropical storm of the year, sprang up Sunday from the interaction of a low pressure area with a high.

While it was forming, winds up to 55 miles an hour lashed the Florida coast, kicking up high tides that caused minor local flooding.

The seawall at Jacksonville beach was breached by the heavy surf, and sandbags were used as emergency filling. About 250 feet of the concrete wall was broken and sand washed from behind another 600 feet.

Saudi Arabia Troops Moving Into Jordan

BEIRUT, Lebanon (AP) — Cairo radio announced today Saudi Arabian troops have entered Jordan in support of Egypt.

Saudi Arabia, which has a common border with Jordan, is the center of American oil interests in the Middle East.

Previously troops of Iraq and Syria have been reported in Jordan. But there has been no move as yet to open up an attack on Israel in support of Egypt.

Never Drink The Stuff

PARIS, Tex. (AP)—The John Voorhies family north of here does pretty well in the dairy business. But drink the stuff? Heavens, no. Three members of the family are allergic to milk and the fourth just never gets around to drinking a glass by herself.

James A. Farley To Miss Election Voting

NEW YORK (AP)—For the first time since he was 21, former Postmaster General James A. Farley will not vote today in the national election.

The onetime Democratic national chairman is in Manhattan Eye, Ear and Throat Hospital recuperating from surgery for an eye injury. He was accidentally struck in the eye by a scorecard at the Democratic National Convention in Chicago.

Hungarian Attack

SANTIAGO, Chile (AP) — Ten Hungarian refugees attacked the editorial offices of the Communist newspaper El Siglo last night, injuring six employes. Police captured one of the attackers.

Funds Voted For Parade Prizes Here

Chamber of Commerce directors Monday night approved expenditure of funds up to $75 for prizes in a pre-Christmas parade, provided the merchants committee arranges contests in connection with the event scheduled for Nov. 27.

The merchants committee already has made arrangements to bring Santa Claus and his reindeer here on that date. The possibility of organizing a parade has been discussed, but actual plans for the event will be left in the hands of the merchants committee.

Directors also were advised that most merchants in the business district had indicated that they planned to keep their stores open on Nov. 12. Last spring a poll of the chamber membership indicated that most members favored observing Nov. 11, Veterans Day, as a holiday. However, several merchants said that since the actual holiday falls on Sunday and that other West Texas cities and towns plan business as usual on Nov. 12, they thought that Snyder should conform to the trend. Also, it was pointed out that Nov. 12 will not be a school holiday here, and that the additional holiday would come only 10 days before Thanksgiving this year.

Chamber directors noted that, as in the case of all other holidays, the matter would be left to the merchants themselves.

In other business, the Chamber board heard reports on work of the membership committee, which show 27 new members signed and over $600 added to the Chamber budget during the past three months. Announcement was made that the nominating committee is now preparing the ballot for the annual Chamber election in December. Members will elect six new directors for two-year terms.

Hungary Fight Still Intense

BELGRADE, Yugoslavia (AP) — Hungarian men, women and children threw themselves with renewed fury into heavy fighting against the Russians in stricken Budapest today, informed sources here report. The fighting was described as about as intense as it was when the anti-Russian, anti-Communist revolt began Oct. 23.

That was the revolt which unseated the pro-Moscow government of Premier Andras Hegedus and started Hungary on the road to neutral independence.

Informants in this independent Communist capital said extremely heavy firing lasted continuously throughout yesterday and last night, and rose in intensity in the daylight hours, particularly in the Gellert Hills area of Budapest.

While there appeared to be no hope for the revolution now, there was a prospect that for some time to come Hungary would be in for a period of bitter guerrilla warfare waged by holdout rebels from strongholds in the interior of the country.

In Budapest, women darted into the streets and threw grenades at Soviet tanks, reports from that capital said, and other women sniped at the Russians from the windows of buildings. Even children were seen handling weapons.

The situation was described as one of utter confusion and chaos.

These reports said there still must be many holdout rebels both inside the capital and the interior of the country.

Appeal after appeal was broadcast by Radio Budapest to the rebels to lay down their arms. The new provisional "government of workers and peasants" under Premier Janos Kadar was in control of Radio Pecs and Radio Miskolc, which, along with Budapest radio, were broadcasting the appeals.

But the insurgents were on the air again too, from unlocated points inside the country, begiging the rebels not to surrender their arms, but to keep them hidden for future use against the Russians.

Information was scarce here on the situation within the Hungarian army, much of whose stores appeared to have been handed over to rebel forces. From the reports reaching here it seemed the Russians and the Kadar government looked upon a large section of the Hungarian army as unreliable.

There is a severe shortage of food, fuel, building materials, drugs and other necessities in Budapest, and the Kadar regime broadcast an appeal to the "friendly - Socialist - Communist countries" to send in stores.

City Council Studies Bids On Equipment And Supplies

Purchase of equipment and supplies for the city for the coming year occupied most of the time of the city council in its meeting last night.

Without exception the council voted unanimously to accept the lowest bids presented.

Lamb Chevrolet Co. was the successful bidder on two cars, purchased by the city. Lamb bid a price of $1,590 on a 1957 model six cylinder four door Chevrolet sedan for police patrol use, and $1,820 on a 1957 model four door V-eight with radio, heater, and automatic transmission for official use by the city. There were no trade-ins. Snyder Sales Co., bidding on 1957 model Fords with the same specifications bid $1,610 and $1,870 respectively. Williamson Motors bidding on a 1956 model Mercury for official use by the city, submitted a bid of $2,697.

The bid of T & T Supply Co. of Big Spring on a year's supply of aluminum sulfate to be used at the water treatment plant was the low bidder with a bid of $2.72 per hundred pounds delivered to the plant. Other bidders were General Chemical Co. of Houston, $2.76 per 100 pounds delivered to a rail siding here, and Consolodated Chemical Co. of Houston bid $2.75 per 100 pounds at the rail siding.

Roham Supply Co. bid $3,453.79 for a six months supply of brass fittings to be used by the water department, for the successful low bid. Other bidders were Morrison Supply, which did not bid on all items, with a bid of $3,989.33, Viking Supply Co. bid $4,081.03, Wall Machinery Co. bid $3,683.87, with no bid on one item called for, and Clow and Cowan bid $3,503.51 on all items.

WEATHER

SNYDER TEMPERATURE: Yesterday's high 61; low 37; with a 40 degree reading at 7:30 a.m. today.

West Texas—Generally fair through Wednesday. Not much change in temperature. Lowest 25-35 in Panhandle, South Plains and El Paso areas tonight.

AREA OIL ROUNDUP

Wildcats Slated In Coke, Irion

Wildcat operations have been staked in Coke and Irion counties for immediate drilling.

Stanolind Oil & Gas Co. No. 1 R. J. White will be a 7,400-foot prospector in Northeast Coke, 9½ miles north of Bronte.

It is 467 feet from south and west lines of section 286, block 1-A, H&TC survey.

Continental Oil Co. No. 1 Calvin H. Sugg is to be a 5,100-foot project in Northwest Irion County, 26 miles north of Barnhart.

The drillsite is 660 feet from north and west lines of section 30-17, block 24, H&TC survey. It primary objective is to explore the Spraberry.

Sunray Mid-Continent Oil Co. No. 1 Callie C. Miller, Northeast Borden County wildcat 12 miles northeast of Gail has been plugged at total depth of 8,203 feet in the lower Strawn lime.

It logged slight shows of oil and gas, but also had water and could not have been completed as a commercial well.

The failure was two miles southwest of the Myrtle (Pennsylvanian) pool and 660 feet from north and east lines of the southwest quarter of section 365, block 97, H&TC survey.

Stanolind Oil & Gas Co. No. 1-A W. B. Burke, Central Irion County wildcat, six miles northwest of Mertzon completed as a producer from the Pennsylvanian sand for a daily potential of 63.46 barrels of 38 gravity oil, plus 2.67 barrels of water.

The production is from perforated section at 6,402-12 feet. The wall is 660 feet from north and west lines of section 1032, abstract 862, HL&RR survey. It has been placed in the Lucky-Mag field. That area produces from the Clear Fork and from the Divide (Canyon) sand, which is a section in the Pennsylvanian.

Weather On Election Day Generally Fair

By The Associated Press

There were wet spots in the mid-continent and the Pacific Northwest but election day weather was expected to be generally fair in most other sections of the country today.

Cold air, stalled in the plains states for several days, moved eastward across the upper and middle Mississippi valleys during the night and brought showers and thunderstorms to eastern Missouri Illinois and Wisconsin.

Some drizzle was indicated in the southern Applachians but generally fair weather was forecast from the lower Great Lakes region and the Ohio and Tennessee valleys eastward to the Atlantic Coast.

Development Group Plans Meeting Here

A meeting of the Camp Ed Murphy development committee has been called for Thursday, beginning with a dinner at the Hilander at 5:30 p.m., by Nolan von Roeder, chairman.

The committee's meeting was scheduled to establish what is needed in developing the new Boy Scout camp to add interest to camping for scouts of the Buffalo Trail Council.

The camp site was given to the council some time ago by the man for whom it was named, and the council is making plans to develop the camp this year at a cost of some $65,000.

The camp is located on the north side and at the west end of Lake J. B. Thomas. Although it is nearer Snyder than other areas of the council, it will be developed for the entire council's use.

Improvements planned at the camp include a camp entrance road and fence, water system, sanitation, dining hall, central lodge and caretaker's quarters, archery and rifle range, boat dock and piers, boats and canoes, sail boats, land expansion, equipments, and trails and troop sites.

Several sub-committees have already been named by Von Roeder's committee to work toward the improvements. They include Borden Gray, J. E. Blakey, and Von Roeder, roads and fence; Lyle Deffebach, Jay Tate, and Al Floyd, buildings; Phil Burns, Ben Weathers, John Tom Merritt, Equipment, boats and docks; Roy Dunlap and Bill Smallwood, water and sanitation; W. W. Greif, C. O. Holder, Frank Darby, H. L. Wren, and Ray Devers, trails and troop sites.

The camp is planned to stimulate interest of boys of the scouting movement in camping. The council has a major camp in its scout ranch in the Davis Mountains, but it does not have facilities for boating such as this camp will have. This camp will also be near for boys from cities at the northeastern end of the council and will probably create interest in more weekend camping.

Petitioners Want To Enforce Law Of 1887

DALLAS (AP) — John W. Arcore says petitions bearing more than 45,000 signatures will be presented today to Dist. Atty. Henry Wade asking enforcement of an 1887 law.

Arcore says a Texas law passed in 1887 and never amended prohibits Sunday operation of a business within half a mile of a church, public school or home.

The campaign, aimed at grocery stores which stay open on Sunday, was announced after a meeting at the Second Avenue Gospel Church.

COUNCIL

Continued From Page 1

utors here submitted highly competitive bids on supplying gasoline and motor oil for city use for the next year. Successful bidder was Gulf with a bid of 20.5 cents per gallon, including 5 cents tax, on gasoline and 85 cents per gallon on oil, for the low bid.

Humble submitted a bid of 20.5 cents per gallon on gasoline and 90 cents per gallon on oil. The Texas Co. bid 20.5 cents per gallon on gasoline, and 92 cents per gallon on oil. Line & Line bid 23.5 cents per gallon on gasoline and 90 cents per gallon on oil. Snyder Oil Co. bid 23 cents per gallon on gasoline and 90 cents per gallon on oil, and McCormick & Sons bid 23.5 cents per gallon on gasoline and $1.03 per gallon on oil.

Well Machinery Co. was the low bidder on a one year's supply of water meters for the city, bidding $24.42 on three-quarter-inch meters, $53.28 on one-inch meters, and $159.84 on two-inch meters. Other bidders were Hershey Meter Co., $25.55 on three-quarter inch meters, $56.25 on one - inch meters, and $165.10 on two-inch meters; and Badger Meter Co., $26.80 on three-quarter inch meters, $58.96 on one-inch meters, and $174.20 on two-inch meters.

Bids were opened on a 750 gallon per minute water pump unit for the water filter plant, but no contract was awarded by the city. The contract is to be awarded after the city engineer has had time to check the efficiency of the different pumps on which bids were submitted.

Roy Dunlap, city manager, was authorized by the council to check into the possibility of securing a Federal Rehabilitation Housing project here to provide low cost rental housing for low-income families.

Preliminary plans for a new city fire sub station were approved by the council, and a site was tentatively purchased for it.

The building will be of masonry construction with Roman brick exterior and the design will be similar to houses surrounding it. Covering 2,800 square feet of total floor space it will provide space for housing two fire trucks, and dormitory space for a maximum of eight men so it would be capable of housing a fully paid fire staff at the building if Snyder ever goes to a fully-paid fire department. At present with the volunteer department in use only one man would stay at the station at a time.

Site purchased for the building is a corner lot in the northeast corner of the intersection of Thirty-fourth Street and El Paso Avenue in southwest Snyder.

The city council voted to accept an offer of Harrie Winston, owner of the property, for purchase of the lot for a price of $1,200 plus city payment of cost of pavement on the street adjoining the lot. The street is already paved, and was paid for by Winston.

The council also voted unanimously to increase the pay of volunteer firemen for fighting fires from $1 per call on fires which do not require hooking up a hose to fire plug to $2.50 per fire, and from $2.50 per fire where it is necessary to hook hose to fire plug to $5 per fire.

At present the members of the volunteer fire department do not receive the money they earn from fire fighting, but it all goes into the volunteer department's treasury to pay for activities of the department.

Two Forgery Cases Filed This Morning

Two forgery cases were filed here this morning to add to the several felony cases to be considered by the grand jury.

The grand jury of this term, which began session yesterday, recessed yesterday afternoon until 9 a.m. tomorrow. It has not completed its work.

Those charged with forgery this morning were Billy Cauble and Gerald Wayne Bankhead, according to Renal B. Rosson, district attorney.

Swiss Invite Big Four To Summit Talk

BERN, Switzerland (AP) — The Swiss government today invited the Big Four powers and India to hold an immediate summit conference in Switzerland to meet the danger of a third world war.

In telegrams to the government heads of the United States, the Soviet Union, Britain, France and India, the Swiss offered assistance in organizing a conference similar to the Big Four summit conference at Geneva in July 1955.

This time India was included as representative of the Asian and African nations which met at the Bandung conference.

U.N. Secretary General Dag Hammarskjold was also informed of the Swiss invitation.

The telegrams declared: "The danger of a third world war with all its tragic consequences is threatening humanity. World peace, however, can and must still be saved.

"For this purpose, the Swiss government directs an urgent appeal to the heads of government of the four powers who met in Geneva in July, 1955, to hold an immediate conference.

"The head of the government of India could join them as representative of the Bandung powers. The government offers its services for the organization of such a conference on Swiss territory."

The decision to launch the appeal for a Big Five conference was taken at a meeting of the seven-member federal Cabinet early today.

Thanksgiving Proclamation

AUSTIN (AP)—Gov. Shivers, in his official Thanksgiving Day proclamation, called on Texas "to join in giving thanks to God for the many blessings that we enjoy."

The Legislature in 1951 passed a law establishing Thanksgiving on the last Thursday in November. This year Thanksgiving is being celebrated Nov. 22 in most states and in some areas in Texas despite designation of Nov. 29.

"The American people in this year of 1956 have abundant reason to give thanks for the blessings that a divine providence has bestowed on this favored land," Shivers said. "For almost a century Thanksgiving has been a national holiday, set aside to express our humble gratitude to God for the bounty of the harvest and for the heritage of freedom that is ours."

Emergency Action Is Taken For Election

PETALUMA, Calif. (AP)—So many women election officials called in advising they couldn't serve that Leigh Snowden, Sonoma County supervisor, undertook emergency action.

By consultation and negotiation, Snowden arranged solution of the problem that threatened to keep the women from their precinct poll judge assignments today.

The shortage of babysitters was met by each sitter agreeing to care for up to three and four families of children together.

VOTE

Continued From Page 1

jamming polls in many parts of state.

ALABAMA — Early vote larger than in 1952.

MINNESOTA — Voting heavier than in 1952 in most cities, but about same in Minneapolis.

TEXAS — Very heavy early vote. May top 1952.

IOWA — Early vote ranging from about 5 per cent ahead of four years ago to much heavier.

WISCONSIN — Heavy vote. One Milwaukee election official said he had never seen anything like the early turnout.

MARYLAND — Voters jamming polling place. Vote expected to equal or exceed last presidential election.

COLORADO — Heavier in Denver than in 1952.

The impact of international developments seemed to be overshadowing to some extent the campaign arguments.

Republicans contended Eisenhower's attempts to bring peace in Egypt and Hungary — initially unsuccessful though they were — strengthened his position as one who could keep America from involvement in war.

Democrats said events had substantiated Stevenson's charges that Eisenhower and Secretary of State Dulles had "blundered" and either had kept the American people ignorant of the true state of world affairs or did not know the situation themselves.

Both candidates and their running mates, Republican Richard M. Nixon and Democrat Estes Kefauver, made final appeals on nationwide radio-television broadcasts last night.

Stevenson raised more directly than he had done previously the matter of Eisenhower's health. The President suffered a heart attack in September 1955 and underwent major abdominal surgery last June.

"As distasteful as this matter is," Stevenson said in a speech from Boston, "I must say bluntly that every piece of scientific evidence we have, every lesson of history and experience, indicates that a Republican victory tomorrow would mean that Richard M. Nixon would be president of this country within the next four years.

"I say frankly . . . that I recoil at the prospect."

Eisenhower's press secretary, James C. Hagerty commented in Washington:

"I never thought that I would live to hear any American, particularly a candidate for the highest office in our country, give as the reason for his own election a forecast that the President of the United States would die in office.

"I sincerely hope that Mr. Stevenson will have as long and healthy a life ahead of him as will the President of the United States."

Eisenhower, in one of two election eve talks from the White House, outlined the general principles of his administration without dealing specifically with the international situation.

Declaring that "peace must be universal" and "freedom is indivisible," he said the United States has "a very large stake in the freedom of every people."

Man Says He Has Desire For Killing

DALLAS (AP)—Leon Peacock, 22, a former mental patient charged with the murder of a woman, was arrested yesterday on charges of raping one woman and knifing another.

"I have a desire to kill and torture," he told police.

Mrs. Melburn Williams, victim of the slashing, was attacked Saturday night as she walked home. Her hands were severely cut.

"I tried to cut her throat," officers quoted Peacock as saying.

Peacock is charged with the rape of a woman, 54. The husband said he recognized Peacock as a former employe in his department. The rape took place in the couple's house after the husband was bound.

Peacock was indicted for a knife slaying in February, 1954 of Wyonana Rachell, a Negro. His trial has been postponed five times and no trial has been set for another.

He entered the Fort Worth government hospital in December 1955. He is being held without bond.

BIRTHS

Mr. and Mrs. Glen Robison, Route 1, Hermleigh, are the parents of an eight pound, 13 ounce son born at 5:04 a.m. today in the Cogdell Memorial Hospital.

Trial Date Is Set

EDINBURG (AP)—Dec. 17 was set yesterday as the tentative date for the trial of Pharr Mayor R. S. Bowe on charges of altering tax evaluation records of the Pharr Board of Equalization.

Drops Divorce Suit

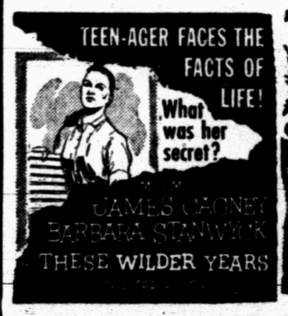

LOS ANGELES (AP) — Theatrical agent David L. March, 40, yesterday dropped his divorce suit against actress Stephanie Griffin, 22, clearing the way for prosecution of her own divore complaint.

WOMEN

MR. AND MRS. BRUCE WOMBLE

Roxie White Is Wed In Double Ring Ceremony

Double ring wedding vows were read in the Union Baptist Church Saturday evening a 7 o'clock, uniting Roxie White and Bruce Womble in marriage. Rev. Roy Womble, minister of the church and son of the groom officiated.

Mrs. Wanda Myers, soloist, sang "Walk Hand in Hand With Me," accompanied by Mrs. Joan James at the organ.

The bride was attired in an oxford grey suit, with black and white accessories and a white carnation corsage.

Mrs. Ernest Forrest, of Fort Worth, daughter of the groom, served as matron of honor. She wore a grey suit with black accessories. Inice Ann and Nancy Womble, granddaughters of the groom, were flower girls and ring bearers. They were rust corduroy suits with yellow head bands of daisies with matching corsages.

Mr. R. C. Mills, Jr., of Midland, nephew of the groom, served Mr. Womble as best man. Church decorations were of white mums.

A reception was held following the ceremony in the Fellowship Hall. Mrs. Bob Kimmel presided at the wedding cake and Miss Doris Steadman poured punch. Mrs. R. C. Mills, Jr., Midland, registered the guests.

Mrs. Womble is employed as nurse for Dr. Frank Vieregg in Clinton, Okla. Mr. Womble is building commissioner for the city of Clinton.

After a short wedding trip to points in Texas, the couple will be at home at 220 South Sixth Street, Clinton, Okla.

Head Start

Children's heads are getting bigger says a Texas designer of headwear who has been making children's hats for the past 15 years. He bases his averages on 10,000,000 hats sold since 1941 and attributes the increase in head and hat size to the fact that boys and girls are healthier, taller and bigger.

Give Her Doll New Togs

1540
14"-20"

THIS complete outfit for her favorite doll is such fun to sew, and easy, too. Each item is just one pattern piece.

No. 1540 with Photo-Guide is for dolls 14, 16, 18, 20 inches. For exact requirements consult pattern.

Send 35 cents in coins for this pattern to IRIS LANE, Care of Snyder Daily News, Box 438 Midtown Station, New York 18, N.Y.

WHAT'S GOING ON

MILTON PALMER, son of MR. AND MRS. J. W. PALMER, 123 Twentieth Place, is visiting in the home of his parents for about two weeks. He will then be sent to Camp Pendleton, Cal., where he will serve four more months in the Marine Corps.

* * *

JERRY TAYLOR, son of MR. AND MRS. L. B. TAYLOR, 1609 Avenue I, visited in the home of his parents this past weekend. He is attending Eastern New Mexico College in Portales, N. M.

* * *

Visiting in the home of MR. AND MRS. HOLLIS H. FIELDS, 2408 Sunset Drive, this past weekend was their son, KENT FIELDS, who is attending North Texas State College in Denton.

* * *

MR. AND MRS. R. H. LEESON of Abilene visited in the home of MR. AND MRS. C. T. GLEN, 1012 Thirtieth Street, this past weekend.

* * *

WANDA LANE, daughter of MR. AND MRS. OLIN LANE, 3015 Thirty-eighth Street, visited in the home of her parents this weekend. MISS LANE is from Fort Worth.

Boy Wanted

A recent survey showed that boys are preferred as the first child. Of eighty-four per cent of women less than 45 who had children, 28 per cent interviewed said they wanted their first child to be a boy, 20 per cent wanted a girl, 52 per cent said it did not make any difference.

DON'T LET CARPET CLEANING FLOOR YOU!

Now you can clean all types of wall-to-wall carpets quickly and easily with the new Blue Lustre carpet and upholstery cleaner.

This very gentle foam cleaner is brushed into the carpet with a long handle brush without sogging or matting, leaving the pile open and lofty. Original colors spring out like magic.

Blue Lustre removes spots or traffic paths in a jiffy. Works beautifully on upholstery too. One half gallon of Blue Lustre concentrate cleans three 9x12 rugs.

DOUGLAS L. ORME, vice president in charge of traffic for the Cosden Petroleum Corporation, will be the principal speaker when the Desk and Derrick Club stages "bosses' night" Wednesday evening at 7:30 p.m. His address will concern the importance of the oil industry and the work of Desk and Derrick organizations within the industry. He is, or has been, a member and officer in numerous national and regional traffic organizations and advisory boards.

More Room

If you're planning to build a utility closet or cabinet to hold household cleaning equipment, consider peg-board. Walls constructed of it have a maze of little holes to hold many things in limited space.

DATE DATA

By BEVERLY BRANDOW

Dear Miss Brandow

What is this teen-age survey you have mentioned? How do we participate? You said the "results" will be published. In what way, and will our names be given?

Brenda

What is the chief reason boys drop girls? Just how prejudiced are girls against boys who have no cars? What do most teens consider the most important quality of a good parent?

What do boys really think about girls who smoke? How much money does a girl feel a boy should spend on the average date?

When a girl has a curfew, does the average boy think she is a baby or is he glad about the deadline?

These and many more are the type questions I and teen-agers everywhere would like answers to. Hence: a survey of teen-age opinion.

It is in the form of a questionaire and can be answered in approximately ten minutes. You might enjoy filling it out with your friends at lunch period.

You may get yours by writing me in care of this newspaper and requesting the survey questionaire.

Whether you sign your name or not is optional. If you do, I will appreciate it. In no event will it be published. Your opinions are confidential.

After sufficient data is collected, what will be published will be a series of articles "giving you the facts, maam" about how most boys feel about certain things girls do date-wise and about how girls on the whole feel regarding boys' date approaches etc.

By sending for your questionaire today you'll be making it possible for lots of teen-agers to be "clued in" on "what goes" in the field of dating.

Just write Beverly Brandow in care of this newspaper. Simple, isn't it?

Monday Duplicate Club Has Meeting

Mrs. Wayne Boren was hostess for the Monday Duplicate Bridge Club Monday afternoon in her home at 2701 Thirty-second Street.

Four tables was in play with Mrs. B. L. McKinley and Mrs. Prentis Bass taking first, second was Mrs. Rupert Short and Mrs. Lowell Kimbro, Mrs. Clyde Hall and Mrs. Boren received third.

Add a little honey to the egg-and-milk mixture you make up for French toast; helps the bread to brown, gives good flavor.

FIGHT FATIGUE get EXTRA ENERGY QUICK with Burleson's HONEY

Presbyterial Society Has Meeting In Post

The Western Division of the Presbyterial Society held a meeting in Post the past weekend. Mrs. Hugh Boren, president, presided at the meet with Mrs. Julian Hendren conducting the workshop. Mrs. Herbert Feather gave the welcome response.

A number of Snyder members attended and enjoyed the interesting talk given by Mrs. Tom Wood of Lamesa, who just returned from a trip to Portugal.

Try sliced bananas over coffee ice cream for a different taste treat.

Easy Carpet Cleaning Discovery Hailed

What is said to be the easiest and "cleaningest" home rug cleaner, known as Blue Lustre, is now available after years of research.

Blue Lustre leaves no foreign residue to cause rapid resoiling. The pile is left open and fluffy as the colors spring out like magic. So easy to apply with a long handle brush (like playing shuffleboard) and is safe for all types of carpets.

Use Blue Lustre to clean the entire carpet or remove spots and traffic lanes. It's economical to use as ½ gallon of consentrate cleans three 9 x 12 rugs.

WOMEN WHO COOK ELECTRICALLY KNOW

Electric Cooking is THRIFTY!

MINIMUM SHRINKAGE MEANS MORE SERVINGS PER POUND

The accurately measured and controlled heat of an electric oven permits cooking meats the recommended low-temperature way for minimum shrinkage, less drying out and loss of flavorful juices.

Fast, efficient electric cooking helps you save in many ways! With accurately-controlled electric heat, meats and other foods cook with a minimum of shrinkage, giving you more servings per pound. Oven cooking... and top-of-the-range cooking, too... can be automatically controlled to eliminate costly cooking failures. And clean electric heat saves on kitchen cleaning and redecorating expense. It costs only about 3c per meal to enjoy the cleanliness, accuracy and carefree convenience of modern electric cooking. Try it... you'll love it!

For a full measure of cooking pleasure ...COOK ELECTRICALLY

See your favorite electric range dealer soon for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest things about living better... electrically!

City Revenue Problem

In the opening session of its 4th annual convention in Lubbock the other day the League of Texas Municipalities heard a series of suggestions and recommendations from its president, Mayor C. E. Gatlin of Abilene.

Among other things, Mayor Gatlin urged the need for bringing the Constitution of Texas up to date, since modern Texans are forced to live under a charter that was adopted 80 years ago and has undergone many emendations but no general overhaul since ox-cart days. Texas' municipalities, bursting at the seams, find it harder and harder to find tax revenues to take care of the most crying needs of their people.

In particular about 80 per cent of Texas' present population live or work in urban areas, as against 7 per cent when the present Constitution was adopted in 1876. It stands to reason about 80 per cent of the automobiles are owned by urban residents or people who hold urban jobs.

But aside from an ad valorem tax on cars, which many cities don't bother to collect, the city government has no direct tax on motor vehicles to help pay for street paving and its maintenance. As a result, general property taxpayers must bear the principal burden almost alone.

Mayor Gatlin suggested that one way to solve this problem would be to amend the Constitution to authorize cities to levy a gasoline tax, to be applied to paving and maintenance.

This would undoubtedly solve part of the problem, but it has two fundamental defects. First is the obvious fact that gasoline taxes levied by the state are already very high. The second drawback is that in some states where municipal gasoline taxes have been tried city-dwellers in shoals simply drove out into the countryside and bought their gas without paying the municipal tax. This is tough on dealers inside the city limits who must pay all the customary forms of municipal taxes.

City taxes on cigarettes have met with the same evasion.

Probably the most effective form of city taxes was New York City's payroll tax, which also met with lots of evasions and subterfuges. It was aimed at those who live outside the city and held jobs inside it.

Most practical way for Texas cities to get a fair share of state taxes for street purposes would call for a constitutional change earmarking all gasoline and motor taxes for road and street purposes only, and granting the cities their proper share of all such taxes.

'Wet And Cold'

We were right smart holpen up on receipt of our annual copy of the Old Farmer's Almanac, published in Dublin, N.H., by Yankee, Inc. It went on sale at newsstands throughout the country on Thursday, November 1.

A hasty glance at the Almanac's forecast for this winter reveals that it's going to be wet and cold. "November 1—Stormy and cold" is the way it starts off, and we see a good many "snow and cold rain and sleet" predictions scattered through the bill of fare.

If you can forget that most of these predictions are applied to New England, and just sort of let your imagination go, you can get quite a lift out of the Almanac's prognostications.

Last year, for instance, Abe Weatherwise made an overall prediction for last winter that read "As severe as any of the 20th Century!" With the exception of February, he points out, when Europe purloined the bad weather he had predicted for this country, last winter could be described as "severe" enough — at least for his part of the country.

For next spring, the Almanac uses the term, "Cold and late." For summer it says, "Will be as cool in August as it was hot in July." For the fall of 1957 the word is: "Normal, including gales but not hurricanes north of the Carolinas."

What we want to know in this neck of the woods is when's our drouth going to be broken? We dare Abe Weatherwise to stick his neck out on that one. We have already given up on it.

Bare Facts

LOS ANGELES (AP)—A hearing aid supply firm encountered this problem:

Where could a pocketless member of a nudist colony carry his apparatus?

The resourceful solution: Taping it to his arm.

Dictate Slower, Can'tcha?

Strange Political Campaign Started With A Roar, But Ends In A Whisper

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The presidential campaign — one of the strangest and most ironic in history—began with a roar and ends in a whisper as Americans wind up more excited about events abroad than Tuesday's elections.

President Eisenhower's main campaign theme — peace — ran up against the outbreak of fighting in Egypt and Hungary. He could still claim Americans weren't in it. He promised they wouldn't be "in these present hostilities."

It's a promise he may not be able to keep if the fighting should spread.

But Adlai Stevenson's main theme — that Eisenhower is no leader—forced voters to examine him and Eisenhower as leaders when the foreign crisis hit. It could in the end help Eisenhower.

The sudden overseas violence, with its possibility of war, may make voters prefer Eisenhower, the experienced general, to Stevenson, whose only military experience was as a seaman in World War I.

They may have preferred him anyway. The polls all indicate that. But there is even an irony in this.

Eisenhower has tried to sell the idea of a "new Republicanism." But reports from around the country seemed to show far more support for Eisenhower than the Republican party.

Some polls forecast the election of Eisenhower and a Democratic Congress. This means the pollsters found that Stevenson, running on the Democratic ticket, had far less support than Democrats in general.

All Eisenhower and Stevenson had to say, they said early in the campaign. The rest was repetition. And in the end Eisenhower gave up talking politics altogether to devote himself to foreign affairs.

One issue which the voters could easily have understood—the President's health—is one which Stevenson touched on only obliquely. The one they could least understand—the H-bomb—he hit the hardest.

He had said he would not make an issue of the President's health. But he did talk of a part-time president and concentrated on Vice President Nixon as a possible unelected president.

The campaign was dull, the issues thin. For a campaign, even the epithets were mild. The programs offered by the two men were basically the same. They have the same general viewpoint on problems at home and abroad.

One of the really solid issues in the campaign — because there was some difference between Eisenhower and Stevenson on handling this one—was how to help farmers' income.

But while both did a lot of traveling and talking on this early in the campaign, they shoved it in the background as they got more entangled with each other on other things.

LITERARY GUIDEPOST

THE CIVIL WAR: Vol. 1, The American Iliad, by Otto Eisenschiml and Ralph Newman; Vol. 2, The Picture Chronicle, by Ralph Newman and E. B. Long. Grosset & Dunlap.

For someone who wants to strike up better than a speaking acquaintance with the Civil War, this two-volume production is made to order.

The first volume is a reprint of "The American Iliad," published in 1947. It is dressep up with a foreword by Bruce Catton, illustrations, some text revisions and an updated bibliography, but remains essentially the orginal work; and has considerable merit.

Volume two is rather misnamed as "The Picture Chronicle." It has striking ones — but it basically stacks up as a handbook.

BATTLES AND LEADERS OF THE CIVIL WAR. Edited by Ned Bradford. Appleton - Century-Crofts.

An old friend in a new suit — a one-volume condensation of the four-volume work which made publishing history when the old Century Magazine got it together in the 1880s. "B & L," as it's familiarly called, is probably the most quoted source work on the war. It's a rare Civil War book which does not list it prominently in the bibliography.

In original form, "Battles and Leakers" comprised around 350 articles by men who fought and lived the war. It was as close to being an autobiography of the war as it's possible to come.

Bradford confesses in his preface that "some drastic surgery" was required to condense four books into one. He has concentrated on the main currents of the war, with closeups of all major battles, and succeeded in conveying the essence and flavor of the original publication. His running commentary adds much to the book's unity.

Bob Price

Best Dressed Canine Has Its Own $1,000 Wardrobe

By RENE CAPPON

NEW YORK, Nov. 6 (AP)—Who is the best dressed dog in the United States?

You may not have lost sleep over it, but at Canine Couturiere —an exclusive Manhattan shop devoted to dog fashions — this sort of question crops up naturally. It even gets answered.

That would doubtless be Smudge, owned by Mr. and Mrs. J. Collier Hurley of Houston, Tex.," Lu Hudiburg said. "Smudge has a $1,000 wardrobe. We outfitted him."

Investing hounds with sartorial splendor undreamed of in a simpler age is Miss Hudiburg's business. She is a partner in Canine Couturiere.

CC purveys such stunners as tuxedos, complete with top hats, for gentleman dogs and mink coats for lady dogs ($135 up, depending on size). There dog perfumes and jeweled leads and mink trimmed collars; ski suits with matching boots (no skis; satin-lined camel hair dog coats, tweed reversibles, grey flannel coats for executive-type pooches and rain coats of every hue and dimension.

If Canine Couturiere's experience is any evidence, dogs are putting the bite on their masters in mounting numbers.

The shop was launched as an independent venture a year ago, with a spate of publicity. Today, at anniversary time, Miss Hudiburg prefers not to cite figures but said, "We're certainly not operating in the red."

Canine Couturiere makes its dog clothes and some accessories to order. You have to bring your pet for a fitting or send precise measurements. (If your dog is really upset about having nothing to wear and you feel like telegraphing, the cable address is "Woofwoof.".)

All in all CC offers an astonishing variety of items ranging from the blandly functional to the almail order blurb, for example, lists a cunningly designed dog coat to help solve housebreaking problems.

And there are hard rubber briar pipes for bulldogs with a weakness for hamming it up, and Bikinis for canine beach wear.

The shop's clientele includes notables like Faye Emerson, singer Lisa Kirk, Eva Gabor and Hope Hampton.

Middle East Situation Presents More Of A Problen In Ethics Than In Politics

By HOLMES ALEXANDER

WASHINGTON, D. C. — In the Middle East, which is the birthplace of the Christian, Jewish and Mohammedan religions, you have more of a problem in ethics than in politics. The problem, which runs through all human affairs, can be stated like this:

It's easy to pick sides in a battle of Right vs. Wrong; but what do you do when the battle is Right vs. Right and Wrong vs. Wrong?

You can't expect politicians to solve a question which has stumped philosophers down through the ages and which, in fact, puzzles ordinary men and women in their everyday doings.

The Egyptians and their Arab brethren are as right as rain in their revolt against Western colonialism and in their move toward fulfillment of their nationalism. America should be the last country on earth to take sides against a people trying to boot out the overaged empires of Britain and France. Imperialism, whether it's made in London, Paris or Moscow, and whether it's perpetrated in East Europe or North Africa, has to go. Arabian nationalism ought to have its day.

But the Israeli are equally entitled by ethics, if not by geography, to nationalism. The Israeli have been forced to fight for their lives against Arabian raiders and have been openly and often threatened with extinction by Dictator Nasser of Egypt. America could not find it in her nature to take sides against a young republic under the guns of a military dictatorship.

Both the Arabs and the Israeli are right to this extent. If there isn't room enough for both of them in their part of the world, and if they can't compromise their differences, then they should fight it out. Trial by combat is the ancient way, approved by the Christian Church and the Western World governments back to the days of chivalry, and nothing in modern times has improved over that method. But the essence of trial by combat is that the contestants be permitted to fight without interference. And the main thing wrong with modern-day methods is that they turn a simple fight into a mass riot, a local war into a global war.

But, of course, there is a lot of wrong on both sides, too. The Egyptian dictator has played it fast and loose ever since he came to power. He's had his hand in every-pocket from Moscow to Washington. His young republic has flirted with military alliances East and West, a practice we don't condone unless we do it ourselves. President Ben-Gurion of Israel has played power polictics like a master in setting the United States against Britain and France, and acting while Russia is snarled up in colonial uprisings of her own. This is an unethical way to behave, although we did the same thing in Yugoslavia.

Well, to whatever extent Egypt and Israel are both wrong, why not let them stew in their own juice? Let them fight it out in the belief, expressed in all the great documents of Americanism, that right will prevail and wrong will be punished. The only excuse to intervene on either side would be disbelief in our own sacred tenets. Unless we hold that American military might will make right in the Middle East, we have no license to intervene.

You won't find much agreement with these sentiments down at the State Department where everybody above the ground floor regards himself as a Casey Stengel of inside strategy. No crisis is ever allowed to subside. Nothing is ever left to the slow solutions of Nature which have been operative in Arab-Israeli wars back to the days of Pharaoh. There has to be masterminding on these matters, or what's a State Department for?

Luckily, the conduct of foreign affairs remains in the hands of the President, and he's a hard man to panic. The do-nothing trait in Mr. Eisenhower which his critics scorn is perhaps his greatest quality as a Cold War leader. I takes courage to sit tight, self-confidence not to be driven to desperate actions by the calamity-howlers, and religious faith to believe that things will come around all right without the heavy hand of intervention. If Ike does as little as possible in the Middle East, he'll be doing what's right.

WASHINGTON LETTER

Nancy Kefauver Does Portrait Of Husband

By JANE EADS

WASHINGTON — Nancy Kefauver, a talented artist, has at last done one of her husband. Reluctantly, she painted the Democratic vice presidential nominee from photographs, not from life as she has long wanted to do.

"He never sits still long enough," the attractive red-haired Nancy told me at a pre-election TV listening party at her Spring Valley home. "A friend in New York wanted one right away for his office, so I worked it out from a composite drawing I made from several photographs."

A portrait Nancy did of their 10 year-old son, David, dominates the study. A painting of daughter Linda and her dolls in 1949 won top honors at a local exhibit. It hangs over the mantel in the living room.

"I haven't had time for portraits lately," Nancy told friends and neighbors gathered for the party.

The four children, David, Linda, Diane, and Gail and their varied interests have kept her busy. Because of them she decided against accompanying her husband on his campaigns this year, as she did in 1952.

In addition, Nancy is continuing to teach art three days and one evening a week. The children often go with her to the rented studio on Saturdays.

"They dabble, too," she said, "and they all seem to be fairly artistic."

The senator's wife, a graduate of the Glasgow (Scotland) School of Art, studied in London, Paris and the Corcoran Gallery here. She mixed the paint and took charge of the decorating of the home they moved into a year ago. The result reflects the family personality, but Nancy's most of all. The pale avocado green of the living room, the deeper shades in dining room, hall and den, the muted green of the wall-to-wall carpeting, offer a fitting background to the hostess' vivid coloring.

"I guess we all choose colorings that are good for us," Nancy explained, "but I'm afraid my family's all worn out with greens."

Throughout the house are many interesting mementos of her husband's travels. Centering some flowers on the ancient oval oaken dining table where Nancy said she used to study as a child, were four graceful herons, carved from elephant tusks. The Senator brought them from India last year.

Rescue Committee Work Shows Love For Freedom

By INEZ ROBB

The wild, frustrated longing of Americans everywhere to do something—anything!—to help the magnificent Hungarian rebels fight Communist oppression is finding an outlet in a midtown Mannattan office that could pass for Bedlam.

This is the office of the emergency fund for the Free Hungarian People, established 10 days ago by the International Rescue Committee, and into which more than $100,000 in cash and checks poured during its first 24 hours of operation.

If the office could pass for Bedlam, it is only because of the staggering response to the American people to an appeal which gives them a chance to aid the fighting Hungarians. The office has not only been snowed under by the financial response in its appeal for $1,000,000, but by volunteers who are willing to do anything from slitting envelopes to — in the case for a formidable corporation president— badgering shipping lines for space to carry food, clothing and supplies.

But it is the letters that come with the financial donations, be they $1 from an individual or $5,000 from a corporation, that shake the heart and illuminate America's devotion to freedom.

"This is from me and my parents," says a letter accompanying three $1 bills. "We hope it will be of some help to a brave people who are fighting our battle, too."

"I am a student and this is all I can spare," reads a note enclosing a check for $35. "I think it is imperative for American citizens to help a people who are trying to free themselves against great odds. I feel I must help other young students who are fighting for their lives and the meaning of life."

"I come from pre-Revolutionary stock," says another letter, including a check for $100, "and I am sending this in gratitude for the substantial help we received from European sympathizers in our Revolution."

Some sentences occur in almost all the letters. They include "I am eager to help," "This is given so gladly," "I long to do more" and "Thank you for giving me the chance to help the Hungarians" "Can we send guns?" is a frequent, eager query. The answer, of course, is "No."

Ever since the campaign began, under the sponsorship of Adm. Richard E. Byrd, Gen. "Wild Bill" Donovan, Gen. Lucius D. Clay, Gen. Carl Spaatz, Henry Luce, Herman Steinkraus, Angier Biddle Duke and Leo Cherne, the waiting room of the office has been jammed with persons wanting to volunteer services as well as money.

In the midst of death, there is always life. Baby foods are as badly needed in Hungary as medicines and bandages. Ambulances, food and warm winter clothing are among the other vital necessities which the fund will provide for the Hungarians, who have been fighting everyman's battle for liberty.

If you, too, have been feeling frustrated at your inability to help the Hungarians— and remember, frustrations are a psychic menace you can get rid of that frustration by sending a check to the Emergency Appeal for the Free Hungarian People, International Rescue Committee, Inc., 62 West 45th Street, New York, 36, N. Y.

White House, Congress Run Country's Biggest Business

By SAM DAWSON

NEW YORK (AP)—The men and women you are sending to Washington by your vote today will be handling a business so big that it makes the giants of big business look like pygmies.

The White House and Congress will control the world's biggest big business — the U.S. government, which as business outshadows even sizable groups of the giant corporations. It has on its payroll more than twice as many persons as these eight companies combined

American Telephone & Telegraph, General Motors, U.S. Steel, Jersey Standard Oil, A&P, Pennsylvania Railroad, Metropolitan Life Insurance, and Consolidated Edison of New York.

Annual revenues collected by Washington are more than twice what these eight corporations pull in together. And the Federal government's total assets are four times the assets reported by the eight as a group.

Washington this year is collecting in tax and other revenues more than 80 billion dollars. The eight companies together had total revenues last year of 36½ billion. The largest in the group was General Motors with 12½ billion.

The eight have total assets of 50¼ billion dollars, while Uncle Sam's are estimated at 200 billion. AT&T and Metropolitan Life were the big ones with assets of around 14 billion each.

In its November letter, the National City Bank of New York says that government has grown so big as to tax the average person's powers of comprehension and that he "can only wonder, as he tries to satisfy the ravenous appetite of the tax collector, if government has not become so big that orderly control is beyond anyone's powers."

RADIO-TV REPORT

By CHARLES MERCER

NEW YORK (AP) — Among the certainties fixed by the results of today's elections is that there will be no more campaign speeches on television, no more minutes preempted from the time spans of regular programs.

It would take a presumptuous genius indeed to say how effective has been the television campaigning.

But it does appear that there has been far less objection by the general public than some observers expected.

The sources for this conclusion are the headquarters of the two parties and the three major television networks.

Sam Brightman, Democratic committee publicity director in Washington, says his office has received no complains about Democratic speeches interfering with regular TV programs after a few initial protests at the start of the campaign.

L. Richard Guylay, GOP committee publicity director in Washington, says that "we have had some kicks, but not too many." "Tremendous interest" was shown in Republican political broadcasts, Guylay said, with favorable responses "much, much more numerous" than complaints.

ABC-TV reports it received no telephone calls or letters from viewers who complained about having time cut from their regular entertainment programs.

CBS-TV, on the other hand, reports a total of more than 200 telephone calls from viewers who didn't like it. This is not so significant, however, when the network adds that a majority of phone callers identified themselves as members of one or another party objecting to what the political opposition was doing.

NBC-TV says that viewing public protests registered with the network were "very, very little—so small as to be insignificant."

Perhaps the answer is found in a basic fact about television viewing, whether concerned with matters political or otherwise. It's much easier for a viewer who doesn't like what he sees to turn the dial rather than to write a letter or make a telephone call.

SPORTS

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

BALL HANDLING WILL be one phase of the game the Tiger footballers will concentrate on this week. Up until the Dumas game the Tigers had done right well in holding on to the ball.

But the Tigers have come up with the a bad case of fumbleitis in their last two games against Dumas and Sweetwater and Coach John Conley and his staff have already indicated every effort will be made this week to stop this fumbling business.

The Tigers, in their first five games, lost the ball only six times via the fumble route, three of these coming in the season opener against Borger.

In the last two games, though, the Bengals have handed the ball to the opponents 10 times on fumbles, 5 each against Dumas and Sweetwater.

In other words, the Tigers fumbled away the ball almost twice as many times in their last two games as they did in their first five.

The first five games showed the Tigers recovering 15 enemy fumbles while losing the ball this route six times. After seven games, this number has evened out much more, 18-16.

Fortunately the fumbles did not cost the Tigers either the Dumas or Sweetwater games, two rugged foes. But it could prove disastrous in future games. Remember Garland.

Fumbling, to be sure, will happen to the best. But if it can be avoided, that's that much more to your advantage. The Tiger mentors, of course, hope that future fumbling will be held to a minimum.

Field Goal Try 1st For Conley

Everyone is very familiar, we're sure, with the old saying "there's a first time for everything."

When Tiger coach Conley called for a field goal try in last Friday's game at Sweetwater, it was the first time in eight years of coaching that any of John's teams had tried a field goal.

Conley says the odds are 2-11 of making a field goal and he just never had made himself try one before.

Not many field goals are made from as far out as the one Reaves kicked the other night and the odds for a high schooler to boot the pighide 35 yards between the uprights are perhaps more than 2-11.

Of the field goal, John said:

"We were getting pretty desperate for some points and it looked like we weren't going to get any any other way."

3-Pointer 2nd In Tiger History

As far as we can tell in glancing back over the past Tiger scores which, incidentally were compiled 3 or 4 years ago by our colleague, Dale Walton, after several months of research in the news files, the field goal last Friday was only the second three-pointer in Tiger history.

The first field goal, however, didn't bring the Bengals a victory. It came in 1940 against Colorado City which the Wolves won by 40-3.

Glenn Snyder was the lad who kicked the field goal that day. Ironically, Snyder played the same position that Joe Reaves, who kicked the FG Friday — center.

Contrary to rumors circling about town, Sweetwater fullback Jimmy Hardin was not seriously injured in last Friday's game.

Rumor had gotten out here that Hardin suffered a broken neck.

Hardin, however, who was taken to the hospital directly from the playing field after being injured in the game against the Tigers, was released from the hospital Saturday morning.

Hardin was held overnight for observation in the Sweetwater hospital but X-rays showed no fracture and, in fact, he probably will be ready to play this week against Colorado City.

We were glad to hear Hardin's injury wasn't serious.

3 Threaten To Pull Out Of Olympics

MELBOURNE (AP)—A news conference with Soviet Olympic officials began in deadly dull Russian earnestness today, but ended in laughter.

Yet while the Russians and newsmen laughed, three nations—The Netherlands, Switzerland and Norway—were considering a withdrawal from the Games, which open Nov. 22, because of Soviet suppression of the freedom movement in Hungary.

The Netherlands was the first to announce a possible withdrawal. Norway's Olympic committee has delegated two members to "assess the international situation" and reach a decision on whether the nation will enter the games as planned.

In Switzerland, the Olympic committee has scheduled an emergency session tomorrow to decide whether Swiss athletes should compete against the Russians.

Konstantine Andrianov, acting Russian chief, was perfectly at ease in the press conference, which ranged from an official statement lauding Olympic arrangements to a description of Russia uniforms.

Canine 'Stars' In Schoolboy Game

BALTIMORE (AP) — A collie dog "tackled" halfback Fred Colly yesterday and prevented a touchdown in a high school junior varsity football game.

Colly caught a pass from Mount St. Joseph's quarterback Tom Phoebus the second quarter and set for the goal line and an apparent sure six points.

Suddenly Colly (the boy) was upended 13 yards from the goal when a collie (the dog) ran between his legs. The referee ruled the ball dead.

Mount St. Joseph's did not score and lost the ball on downs, but managed to hang on for a 7-6 victory.

Despite Scare, OU Still Leads Poll

By JACK HAND
The Associated Press

The first complete election returns of the day show Oklahoma a clear winner in the Associated Press weekly football poll with 172 districts reporting in the seventh vote of the season by sports writers and sportscasters.

Although they had a bad scare in the first half, trailing Colorado 19-6 at the time, the Sooners came back to win their 36th straight 27-19. They lost part of their first-place support but still rated No. 1 on 116 of 172 ballots, almost four times as many as runner-up Georgia Tech.

On the basis of points, 10 for first, 9 for second, etc., Oklahoma had 1,554 to Georgia Teh's 1.453. Tech had 30 firsts. Tennessee, with 1,252 points and 11 first, and Michigan State, with 1,102 and 7 firsts, followed.

Michigan State regained lost prestige by whipping Wisconsin 33-0. The Texas-Aggies beat Arkansas 27-0 to hold fifth place.

Minnesota moved up to sixth on its 9-6 edge over Pittsburgh, which fell from 11th to a tie for 20th. Despite a 6-2 victory over Northwestern, Ohio State fell a peg to seventh and Miami (Fla. edged up a notch by topping Florida State 20-7.

Syracuse powered its way into ninth place by downing Penn State 13-9 and Michigan advanced to 10th by shading previously unbeaten Iowa 17-14.

The top teams, with first-place votes in parentheses:

1.	Oklahoma (116)	1,554
2.	Georgia Tech (3)	1,453
3.	Tennessee (11)	1,252
4.	Michigan State (7)	1,102
5.	Texas A&M (1)	872
6.	Minnesota	680
7.	Ohio State (1)	572
8.	Miami, Fla.	453
9.	Syracuse (1)	225
10.	Michigan	190
	Second 10:	
11.	Clemson	158
12.	Navy (3)	127
13.	Florida	119
14.	Oregon State	96
15.	Iowa	83
16.	Southern California	76
17.	Texas Christian	72
18.	Colorado	30
19.	UCLA (1)	29
20.	Pittsburgh	25
	Stanford (tie)	25

JOIN THE
AMERICAN LEGION
PAY DUES TO B. FRANK MADDOX, JR.
AT THE SNYDER NATIONAL BANK
OR CALL 3-4131

HE CAN'T PASS?—He can't pass but he beats you with his passes. He can't run but he always makes the run that counts. Which describes Roddy Osborne (above) quarterback, who makes Texas A&M click as it drives for the Southwest Conference championship. He seldom passes except in the clinch, after the Aggie ground game has shocked the opposition into forgetting that there's any such thing as a pass. But he's tried 16 and completed 10 this season for 180 yards—a gaudy average of .625. He is third in conference ball carrying with 407 yards on 104 rushes—the busiest runner in the Conference.

QUARTERBACKERS TO CONVENE TONIGHT AT 7:00

The Snyder Quarterback Club will convene tonight at the school cafeteria with the meeting time moved up 30 minutes.

The meeting will commence at 7:00 instead of the usual 7:30 time to allow the sports fans to return home in time to begin receiving presidential election reports.

Movie of the Tiger-Sweetwater game last week will be shown tonight. Also Tiger coaches will comment on the game.

A scout report on Lake View, this week's Tiger opponent, will be given.

Coaches of the junior high teams and the Tiger freshmen and B teams will also speak on their repective teams tonight.

All sports fans are invited to attend tonight's meeting.

Top Specialist Keeps Gophers Undefeated

By JIM KLOBUCHAR

MINNEAPOLIS (AP)—By his own admission, Minnesota's Dick Borstad was an inglorious flop as a high school kicker.

Yet three years after he gave up in exasperation following five straight extra point misses in one game as a schoolboy, the junior fullback is hitting 1.000 in one of the toughest assignments of them all — winning football games with last quarter field goals.

Borstad has done it twice, under conditions of weird coincidence that would look better in fiction than in the fooball record books. Two weeks ago he kicked the first field goal of his life, a 12-yarder that beat Illinois, 16-13, with two minutes and 40 seconds to go.

Last Saturday against Pittsburgh he was waved in by Coach Murray Warmath with 2:34 remaining. The angle was bad and the ball was soggy. But Borstad kicked it through from 23 yards and Minnesota stayed unbeaten, 9-6. In both cases he fought the effects of a hip injury as well as the smothering pressure.

No one told Borstad to take up placement kicking. Maybe no one had the bravery to do it after the youngster's one-game fiasco at Detroit Lakes, Minn., High School, where he was a touchdown terror but something less than that as a kicker.

Borstad's line smashing, topping the Big Ten's fullbacks in yards per carry at nearly five a try last year, was one of the few consolations in a losing Minnesota season. During the summer he took up placement kicking while serving as a boys camp counselor simply "because I thought it might help the team."

This fall he told Minnesota coaches he was ready to do it competitively after converting 95 per cent of his tries at the summer camp. He looked just as good on the Minnesota practice field and won the job. Before the Illinois game, he had kicked 8 of 10 conversion tries.

SWC Cagers Impressive Despite Loss

DALLAS (AP) — Basketball fans got a preview last night of what they can expect in the coming Southwest Conference season and it looked good.

A Southwest Conference all-star team lost to the United States Olympics team 90-66, but there were some very bright spots for the collegians just the same.

It was generally agreed that they did very well against the star-studded squad that will represent the United States in the Olympic Games at Australia.

A crowd of 6,300 turned out in SMU's new gym and saw the Olympians take a lead they held throughout, most times running it to 20 points and once reaching 28. The visitors were able to control the ball most of the time through superior rebounding and the collegians never got many good shots at the basket because of the great defense.

It was virtually impossible to score against Bill Russell, the San Francisco phenom, and Chuck Darling, the former Iowa great, who tower 6-10 and 6-9 respectively.

Jim Krebs of SMU, Temple Tucker and Gerry Thomas of Rice and Jerry Mallett of Baylor almost matched the Olympians in defense and scoring. Dick O'Neal of TCU excelled in rebounding.

Darling was the big star with 22 points.

Red China Withdraws Team From Olympics

HONG KONG (AP) — Communist China announced today it had withdrawn its team from the Olympic Games.

The decision brought to three the number of nations having pulled out of the Games, scheduled to begin in Melbourne Nov. 22. Egypt and Iraq withdrew earlier. Israel, originally intending to send a 20-member squad, announced today it would send instead a skeleton team of three.

In addition, three nations — The Netherlands, Switzerland and Norway — are contemplating withdrawal in protest of Russian action in Hungary.

Only yesterday, Otto Mayer, chancellor of the International Olympic Committee, issued a plea from his headquarters in Lausanne that the Games "must take place" whatever the world situation.

The Chinese Nationalists' team, accepted as a separate entry for competition by the IOC, has been in Melbourne for several days.

Peiping Radio, heard here, said it is refusing to attend the Games "because the International Olympic Committee persists in recognizing the Olympics committees of two Chinas and allows Taiwan (Formosa) to send a team to the games."

More Athletes Leave For Olympic Games

LOS ANGELES (AP) — The second of seven charter flights taking American athletes to the Olympic Games was enroute to Melbourne today.

Fifty-four athletes, most of them from the Armed Forces, left International Airport last night aboard a military air transport plane. There were 22 track and field stars plus the fencing and modern pentathlon squads listed on the manifest.

The departure of Olympic athletes from Los Angeles this week is not confined to the U.S. team Team members from France, Sweden, Mexico and Brazil are scheduled to fly out during the week.

Jorgensen To Fight In Houston Nov. 20

HOUSTON (AP)—Paul Jorgensen, world's third ranking featherweight, will headline a boxing show here Nov. 20.

Jorgensen, of Port Arthur, will select his opponent from four ranking featherweights. They are Miquel Berrios, Flash Elorde, Gil Cadilli and Carmelo Costa.

CLIMBS RUSHING LADDER—Bill Fowler, regular Tiger fullback, rolled up 92 yards against Sweetwater last Friday to move into the third spot in the Tiger rushing department. Fowler's performance at Sweetwater boosted his season total to 220 yards. The 92 yards Fowler gained at Sweetwater was the top individual rushing mark for a single game by a Tiger this season. (Lee Watson photograph)

Fowler Moves Up In Tiger Rushing

Fullback Bill Fowler's 92 yards on 14 rushes last week against Sweetwater moved him up from sixth to third in the Tiger ground gaining department, according to the Snyder News statistics.

Fowler's 92 paces boosted his season total to 220 yards, the third Tiger this season to go above the 200 mark in rushing.

Quarterback Powell Berry continues to lead in rushing and also in passing and punting.

Berry gained 64 net yards against Sweetwater to bring his season rushing yardage to 376 net. In passing, Berry hit 3 of 7 for 52 yards, upping his season passing yardage to 331 yards.

Berry's total offense (rushing and passing yardages combined) shows 707 yards.

Tommy Prichard, with 42 yards on 13 carries last week, is the second leading Tiger rusher with a season total of 277 yards.

Milton Ham tops the Tigers in scoring and pass receiving. Ham has scored 32 points on five touchdowns and a safety while in pass receiving, he has snared 15 for 283 yards.

Berry's top mark in punting is 40.7 yards per kick on 20 boots.

Following are the Tiger individual offensive statistics for the season:

LAKE VIEW TICKETS GO ON SALE HERE

Tickets to Friday night's Tiger-Lake View game will go on sale tomorrow morning at the Chamber of Commerce Office.

The ducats will remain on sale at the CC office until Friday afternoon.

The CC office hours are from 8 a.m. to 5 p.m.

Reserved seat ticket prices are $1.25.

Kickoff time for Friday's game will be 7:30 p.m.

Southwestern Loop Keeps Same Lineup

SAN ANGELO (AP)—The Southwestern League will have the same setup when it opens the baseball race next season.

All 10 members that finished the 1956 campaign announced ready at the fall meeting here yesterday. W. J. Green of San Angelo was re-elected president.

In the race in 1957 will be San Angelo, Ballinger, Midland, Pampa, El Paso, Plainview, Roswell, Carlsbad, Hobbs and Clovis.

Club owners decided to seek younger talent for 1957. They voted to increase the number of rookie and limited service players to eight and four respectively and to cut the veterans to four. Last season each club was allowed eight veterans, six limited service men and two rookies.

SMU 'Last' Big Hurdle For Ags

By The Associated Press

Hard drills were on tap Tuesday for Southwest Conference elevens, which face a weekend of three league matches and an intersectional tilt.

Texas A&M and SMU, both with perfect conference records, clash at Dallas Saturday. A&M has three league victories and SMU two and the Mustangs pose what has been billed as the last major threat to Aggie championship hopes.

The first three Aggie teams worked in sweat clothes Monday after looking at movies of their 27-0 victory over Arkansas.

Coaches said they were pleased with the improvement shown by the second team, especially the play of end Gene Stallings, tackle Jim Stanley and center John Gilbert.

SMU Coach Woody Woodard issued some new offensive plays.

Both regular guards, Smitty Keller and Tom Koenig, and Willard Dewveall, end, were injured Saturday against Texas.

Baylor and Texas, a couple of clubs with nothing left to win but games, meet Saturday. Baylor has lost two conference matches and Texas three, eliminating both.

The Baylor varsity ran some scrimmaging for those who saw little or no action against TCU Saturday, and worked hard on offensive drill. Some dummy defensive drill was held. Quarterback Kenneth Helms, halfback Farrell Fisher and center Bob Bustin missed action Monday.

Backs and ends worked on pass offense and linemen concentrated on running as the Texas Longhorns worked in sweatsuits. Ends Wayne Wash and Mike Trant, guard Bill Narrico, tackle Wess Syman and quarterback Vince Matthews were injured in the SMU game Saturday.

Rice, with a faint glimmer of a title hope left with one loss in conference play, meets Arkansas, long since eliminated, at Fayetteville Saturday.

It's homecoming for the Razorbacks, which gave Neely little cheer. "We always get Father's Day or Mother's Day or something there so they get real fired up for us," Neely lamented.

Rice left the pads in the lockers Monday but Neely promised hard workouts Tuesday and Wednesday. The Owls fly to Arkansas Friday.

Arkansas watched movies of the Rice-Louisiana State contest Oct. 6.

Coach Jack Mitchell was not in a talkative mood and offered no explanation for choosing the Rice-LSU film.

TCU captain Joe Williams has been alternating at center and guard, but apparently won't any more. He broke the little finger of his left hand against Baylor Saturday and won't be able to snap the ball. Jimmy Ozee will take over as starting center while Williams moves to left guard.

The Froggies, who tackle Texas Tech Saturday, ran a fairly hard drill Monday with emphasis on dummy blocking and running.

Texas Tech is a new member of the conference but isn't eligible for the title.

4A, 3A Cage Champs To Vie In Tourneys

AUSTIN (AP)—The Interscholastic League has passed over a recommendation to qualify AAAA and AAA teams to the state basketball tournament by playoff rather than by regional tournaments.

The legislative council met Sunday in a closed session and announced yesterday it had decided to make four changes.

The council also passed over a proposal to eliminate spring training in AAAA and AAA as has been done in the smaller conferences.

The suggestions were made last spring at the meeting of the state's high school coaches during the State Track Meet.

Two track proposals were tabled for future action. One would change the order of events to schedule the 0-yard relay as the first running event. The other other would change the scoring procedures at the district and regional levels to conform with the state meet system.

A new speech contest, original oratory, was added to the present speech competitions in the state meet. It will be effective for the 1957-58 school year on a trial basis in the AAAA and AAA.

Houston Team Gains Top 10 In 4A Poll

DALLAS (AP) — Houston Lamar was the only new team on the Dallas News' weekly Class AAAA schoolboy football list. Lamar, 11th last week, moved to 10th.

The to 10, their point totals and positions last week:

1. Abilene 150 (1)
2. Wichita Falls 126½ (2)
3. Highland Park 115½ (3)
4. San Angelo 93 (4)
5. Baytown 63 (6)
6. Amarillo High 61 (7)
7-8 Amarillo Palo Duro 52 and Corpus Christi Miller 52 (8) (tie)
9. Corpus Christi Ray 51 (9)
10. Houston Lamar 36 (11)

Policeman Is In Hot Water

LAGUNA BEACH, Calif. (AP) — Police officer Jim Lansford is in hot water at home — he accidentally boiled the family goldfish.

To supplement his pay as a desk sergeant, Lansford delivers papers. He rose as usual at 4:30 a.m. to go out on his route.

It was chilly. He lighted the gas heater to warm the house for his wife and daughters Donna, 5, and Carol, 2½. In the dark he didn't notice the goldfish bowl had been placed on the heater to ward off the night chill.

When he returned two hours later the water was boiling merrily.

The fish were done.

Nonwoven Fabrics

ST. LOUIS (AP) — Dr. Carroll Hochwalt said in a speech here new nonwoven fabrics, made by fusing fibers together, may eventually "provide us with such economically priced apparel we shall simply replace it when it is soiled." Dr. Hochwalt is vice president for research and development at Monsanto Chemical Co.

MAKING BIRTHDAY CELEBRATION PLANS—Tom Reason, 106 - year - old bull - shouldered, snuff-dipping farmer from Kaufman, is making plans for his birthday celebration Nov. 23. Reason still cuts wood for a living and cooks his own meals and does his own housework.

Convention Opens Today

CORPUS CHRISTI (AP)—The huge Baptist General Convention of Texas formally convened today with 10,000 or so delegates attending from 3,740 churches.

The Rev. Fred McCaulley, a field worker for the Home Mission Board of the Southern Baptist Convention, said yesterday the convention is engaged in a vast "tentmaker program" of supplying missionaries and building new churches.

He spoke to the Woman's Missionary Union. He said working families are now being asked to move into western and northern areas of the nation and help establish new churches while supporting themselves.

The clergyman said such families are called tentmakers because the Apostle Paul supported himself in a similar manner by making tents on his missionary journeys.

About 3,000 persons attended the WMU sessions yesterday and about 4,000 attended meetings of the Baptist Brotherhood.

Seven Killed, 150 Are Hurt

CHICAGO (AP) — Seven persons were killed and more than 150 injured last night when a jam-packed, eight-car elevated train plowed into a standing train at a North Side station.

All the dead were trapped in the wreckage of the front car of the chicago transit authority elevated train. The car split down the middle as it crashed into the rear coach of a six-car Chicago, North Shore & Milwaukee train.

The crash occurred at the height of the evening rush hour, about 5:30 p.m., at the Wilson Avenue elevated station. The North Shore electric train carried more than 300 passengers. The CTA coaches were heavily loaded.

Screams of panic rang through the CTA cars as lights failed after the impact. Passengers were thrown to the floors and piled atop each other.

Truman All Steamed Up

LIBERTY, Mo. (AP) — Former President Harry S. Truman says he is "so steamed up" about the present status of U.S. foreign policy "I can hardly talk — it's just simply outrageous."

Addressing more than 1,500 jammed in Memorial Hall for a Democratic rally last night, he said:

"This situation in the Middle East could have been stopped when the Russians announced they were going to ship arms to Egypt. All the President would have had to do was say, 'You can't do it.'

"It would have worked because we and our friends controlled the Mediterranean.

"Where are we now?" he asked. "We are falling out with the best two friends this country ever had — Britain and France."

Pilot Is Killed In Jet Fighter Crash

VICTORVILLE, Calif. (AP)—A jet fighter crashed yesterday and its pilot fell to his death on the desert, his parachute unopened. Air Force officials said 1st Lt. James Lindsay of Pottstown, Pa., apparently ejected himself from the cockpit at too low an altitude. Lindsay's plane and two others were returning to Foster Air Base, Victoria, Tex., from George AFB here.

Classes Dismissed

PIKEVILLE, Ky. (AP)—There was no school at Pikeville College this morning so students could make it to the polls. President A. A. Page said, the half-holiday was declared because more students now can vote since the voting age was lowered to 18 in Kentucky.

Middle East Intervention Opposed By Administration

By JOHN M. HIGTOHWER

WASHINGTON (AP) — Russia was confronted today with a White House warning that Soviet military intervention in the Middle East would be opposed by the United States.

The situation arising out of Russian threats to use force against Britain and France because of their attacks on Egypt was regarded by top officials as extremely grave.

The hope expressed in the highest quarters was that Soviet policy would prove to be less tough than Soviet talk.

But officials were sharply aware that Premier Nikolai Bulganin had warned in notes to the Western powers yesterday that events in the Middle East hold the danger of setting off a third world war.

President Eisenhower's initial response to Soviet moves, including a bid for a joint U.S.-Russian force to act against Britain and France under United Nations auspices, was set forth last night in a White House statement and a letter to Bulganin. The two documents made these major points:

1. The suggestion that a U.S.-Soviet force hit the British and French is "unthinkable." In New York, the U.N. Security Council refused to consider this proposal, made by Bulganin in a letter to Eisenhower yesterday.

2. The introduction of any such forces into the Middle East would violate the United Nations charter "and it would be the duty of all United Nations members, including the United States, to oppose any such effort." No elaboration was given.

3. The "first and most important step" needed now for world peace is for the Soviet Union to withdraw its forces from Hungary in accordance with a request embodied in a U.N. resolution.

Some of the best informed officials here thought that the Soviets were probably motivated by several purposes in embarking on the course which Bulganin outlined yesterday in messages to Eisenhower, British Prime Minister Anthony Eden, French Premier Guy Mollet and Israeli Premier David Ben-Gurion.

These probable purposes include a determination to divert world attention to the Middle East and away from the Soviet army's repressions of anti-Moscow revolts in Hungary. They also include a desire to obtain for Soviet power a new role in the Middle East and a wish to demonstrate support for a newly independent country, Egypt, thereby capitalizing on the colonialism issue.

Eisenhower hammered hardon the Hungarian situation in his note to Bulganin, sent two days ago. He said he had been "inexpressibly shocked" by Russia's use of massive military force to smash Hungary's effort to win freedom from Soviet domination.

"I urge in the name of humanity and in the cause of peace that the Soviet Union take action to withdraw Soviet forces from Hungary immediately," he said, "and to permit the Hungarian people to enjoy and exercise the human rights and fundamental freedoms affirmed for all peoples in the United Nations Charter."

The White House statement said all nations should promptly "accept . . . in good faith" the U.N. resolution of Sunday calling for a Mid-east cease-fire and the introduction of a U.N. force "to stabilize the situation, pending a settlement."

The statement then contained this key declaration:

"Neither Soviet nor any other military forces should now enter the Middle East area except under United Nations mandate. Any such action would be directly contrary to the present resolution of the United Nations which has called for the withdrawal of those foreign forces which are now in Egypt.

"The introduction of new forces under these circumstances would violate the United Nations Charter and it would be the duty of all United Nations members, including the United States, to oppose any such effort."

Mexican And Texas Farm Leaders Meet

COLLEGE STATION (AP)—Texas farm officials met with three Mexican agricultural leaders yesterday to work out details for Texas farmers who want to take part in the $5 million cattle buying program the Mexicans are heading.

The Mexican officials will go to eight other states to make arrangements to buy cattle in drought areas where cattle marketing has been heavy because of lack of water and pasture.

The men are Valentin Rivero, Cattle Federation of Mexico; Dr. Manuel Hernandez, Mexican Department of Agriculture; and Hector Rodriguez, Mexican Agriculture Bank.

They met with officials from the Texas Agricultural Conservation and Stabilization Service, the Agricultural Extension Service, and Southwestern Cattle Raisers Assn. and the Texas Farm Bureau.

Livestock producers who have beef and dairy cattle to sell have been advised to submit information to Donald Cothran of the State ASC office, College Station, by Nov. 2.

Information wanted the number of cattle for sale, their sex and age and the price and breed. Only cattle under 4 years will be bought.

The purchases will be made under a $5 million loan from the Export-Import Bank. Buying teams are expected to reach Texas in 10 days or two weeks.

When the buyers arrive in Texas, they will be given the lists of ranchers with cattle to sell. It will be up to the buying teams to determine what herds are to be visited. No mixed breeds are to be bought.

Impounding Of Ballots

HOUSTON (AP)— Zapata County absentee ballots were ordered impounded yesterday after complaints were received here that persons living in Mexico for the past 40 years had voted.

The order was issued by Federal Judge Joe Ingraham. U.S. Atty. Malcolm Wilkey, who asked for the order, said he acted after a complaint by Republican County Chairman John Rathmell.

Rathmell said 683 absentee ballots were cast this year of a possible 1,700. He said this seemed "considerable and inproportionate."

Rancher Laruro Garza estimated that of the 683 absentee ballots, 125 were "irregular." He said two persons who have lived in Mexico 40 years and one who never lived in the county voted in Zapata this year.

Stock Trailer Rolls Into Path Of Auto

MALVERN, Ark. (AP)—Mrs. Helen Brooks, 47, of Electra, Tex., was killed in a highway accident last night. Her husband, Howard Brooks, 61, was seriously injured.

Trooper W. D. Davidson said the Brooks car was demolished by a stock trailer which broke loose from a truck and rolled into the path of the automobile.

Dallas Enrollment

DALLAS (AP)—Dallas School District enrollment reached 103,502 yesterday, an increase of 4,766 over last year.

HEADS U.N. POLICE FORCE—Maj. Gen. E. L. M. Burns, Palestine truce supervisor, is head of the newly created Middle East police force recruited from the small powers of the United Nations.

Early Voters Give Ike Lead

MANCHESTER, N.H. (AP) —The nation's first three communities to report results in the 1956 election today gave President Eisenhower a lead of 25-5 over Democrat Adlai Stevenson.

The three towns, all in New Hampshire, opened and closed their polls within minutes after midnight under a state law which permits local officials to count ballots as soon as every eligible voter is checked off.

Hart's Location gave Stevenson a 5-3 edge over Eisenhower. It voted 5-4 for Eisenhower over Stevenson in 1952.

Waterville gave the President a 13-0 sweep while Ellsworth gave all its nine votes to Eisenhower. They were also unanimous for Eisenhower in 1952.

Voters To Pick Congress Today

WASHINGTON (AP) — America's voters choose today a Congress to deal with the programs recommended during the next two years by Dwight D. Eisenhower or Adlai E. Stevenson as president.

The Democrats now control both the House and Senate. They were outwardly confident they would control the new Congress which meets Jan. 3. The Republicans, voicing certainty Eisenhower would win, seemed less optimistic about their chances to capture Congress.

All but three of the 35 House seats but only 35 of the Senate's 96 posts are at stake. Maine elected its three House members, two Republicans and a Democrat, Sept. 10.

Democrats now control the House 232-203 and the Senate 9-7.

The Democrats won the 1954 elections and wrested control from the Republicans, who were victors in 1952.

Only four times in the last 27 presidential years has the party that won the presidency failed to win control of Congress.

Republicans claim a minimum net gain of 25 House seats and one in the Senate. That would give and a tie in the Senate, which would be broken by the vice president. Democrats claim a net gain of at least 13 seats in the House and no Senate losses.

The fight for control of the Senate may be won in 12 states, although 33 states are electing senators. The House struggle centers on about 60 key districts which traditionally shift from one party to another.

Democrats are hopeful of winning Senate seats now occupied by Republicans in California, Colorado, Illinois, Maryland, Ohio and Pennsylvania. Republicans look for gains in Nevada, New York, Oregon, Washington, West Virginia and Kentucky, where two seats are at stake.

Respirator Patient Married In New York

HEMPSTEAD, N.Y. (AP) — A young woman who must use a polio chest respirator 16 to 18 hours a day was married yesterday to a crippled victim of industrial arsenic poisoning. Jane Smith, 26, sat in a wheel chair and Martin Mahn, 28, stood beside her on crutches as Village Court Judge Alexander Berman performed the ceremony.

Sails From Crete

ATHENS (AP)—The U.S. troopship Gen. Patch sailed from Crete early today for Naples, carrying 1,800 American evacuees from the Middle East.

U.S. Ambassador To Philippines Is Dead

MANILA (AP)—U. S. Ambassador Alfred Nufer died today.

A U. S. Embassy spokesman said Nufer, 62, died of coronary thrombosis.

The ambassador had been showing "some slight signs of an ailment" for the past month, the spokesman added, and complained of a slight pain in the chest shortly after noon today.

A veteran career diplomat, Nufer arrived in Manila only last July to succeed Homer Ferguson of Michigan.

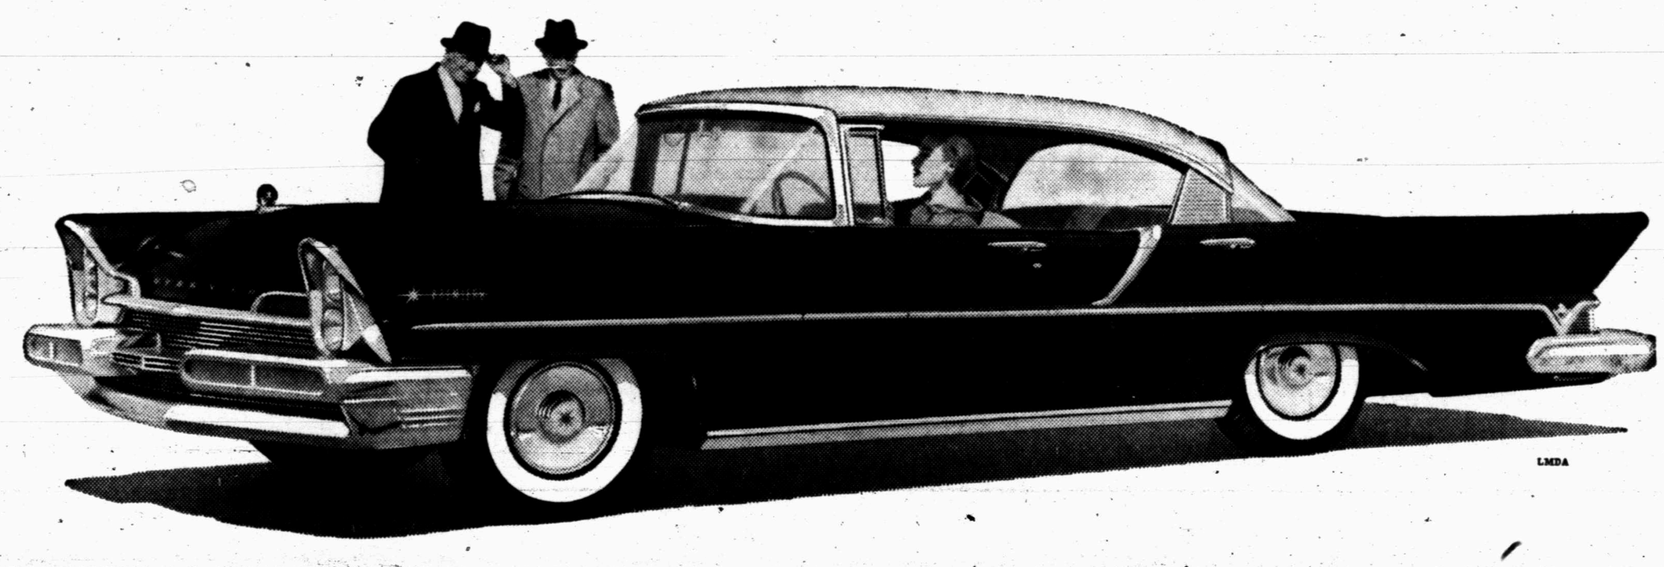

Science Shrinks Piles
New Way Without Surgery
Finds Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids
New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to relieve pain—without surgery.
In case after case, while gently relieving pain, actual reduction (shrinkage) took place.
Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"
The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute.
This substance is now available in *suppository or ointment form* under the name *Preparation H.®* At your druggist. Money back guarantee.

So dramatically new, even the door locks are electric!

A detail, to be sure. But then, this 1957 Lincoln was designed to be detail-perfect, to be the finest of the fine cars! You'll see the proof everywhere you look: in the long, low, trend-setting lines, the new industry-pacing Quadra-Lite Grille, the sweeping flare of canted rear blades, the double-width parking lights. You'll find a new kind of perfection in Lincoln's elegant appointments, in the smooth new serenity of Hydro-Cushioned Ride. And in the effortless driving that only Lincoln's complete array of power-servants gives you, from 6-way power seat to electric door locks. Best of all is the performance that puts you instantly ahead of all other fine cars; assured by the 300-hp Lincoln engine—with its quick-acting Turbo-Drive Transmission. Why not come in today—see America's fastest growing fine car.
Unmistakably the finest in the fine car field.

LINCOLN for '57
