aseball Team dle This Week

For the third straight week, e Perryton baseball team will ve an open date this Sunday. e game with the U. S. Rubber orks team of Borger was called last Sunday because of wet ounds, and the game with nray a week before was post- ned because of rain.

On July 11, the locals will play e league-leading Texhoma am in Perryton. Texhoma is ay out in the lead so far in the ague, having lost but one ame at this point.

Practice sessions for the local am will be held each evening ext week, beginning Tuesday. ractice will start at 6 p. m. and ill continue for about two ours.

BOYS RANCH RODEO—One of the Boys Ranch boys sends his horse over the four-foot jump during a rodeo. Rodeos are frequent occurrences at this haven for delinquent boys near Amarillo, Texas.

Early Triumph Wheat Outyields Other Varieties on Test Plots

The Early Triumph variety definitely outyielded six other varieties of wheat in the test plots sowed last fall on the Harold Kershaw farm six miles north of Perryton. The test plots were planted in cooperation with the state Extension service and the Texas-Oklahoma Wheat Improvement Assn.

Each plot contained .155 of an acre and was sowed with pure, certified seed, with the exception of the Triumph seed, which can not be certified, and a plot sowed to some Westar grown in previous years on the Kershaw land.

Hail fell on the test plots last Friday night, causing a loss estimated at around 20 per cent. A field just north of the test plots was damaged 50 per cent by the hail, but KKershaw stated that the hail was a little bit lighter on the test plots.

The hail cut down the yield on

See No. 3, Page 8

No Marriage Licenses Issued During Week

June is supposed to be the traditional month for marriages, but it isn't working out that way in Perryton. During the past week, there has not been one marriage license issued at the county clerk's office, something that has not happened thus far this year. Furthermore, county clerk Sue Ragan says they haven't had anyone in the office during the week that even looked as if they wanted to get married, much less any inquiries about marriage licenses.

Ochiltree Buys $2 Million Worth of Cars

Ochiltree county residents have purchased two million dollars worth of new automobiles during the past year, a check of tax collector's W. H. Lance's records reveals.

This figure is obtained from the one per cent tax receipts on automobile transfers. From July 1, 1947 to July 1, 1948, the local office has collected $19,700.62, indicating a total valuation of $1,970,062. This figure reflects only the amount stated by the purchaser, and in a great many instances the list price of the automobile is all that is reported, while it is generally known that automobiles have sold for far more than the list price during the past year.

The second quarter of 1948, however, shows a decline in automobile transfers, compared

See No. 5, Page 8

RECORD WHEAT HARVEST—The above scene shows combining on the O. A. Lucas farm a mile east of Aiken in Floyd County. Lucas' 30 acres or irrigated Tenmarq wheat yielded as high as 78.18 bushels to the acre, highest known in that part of the state, grainmen say.

Nearly Five Inches Of Rain During June

If another light shower had fallen during the month of June Perryton would have received five inches of moisture during the month. As it is, only 4.95 inches have fallen. The rainfall over the county will show a variance from the figures for Perryton, since these rains have been in the form of thunderstorms, covering a small area, for the most part. Rain was received in Perryton on the following dates, according to the official gauge maintained by Judge Jack Allen:

June 9	.19
June 11	.02
June 18	1.93
June 20	1.88
June 24	.24
June 27	.35
June 29	.34
Total	4.95

New Maintainer Added Recently To County Fleet

Ochiltree county has added a new road maintainer to the fleet during the past week, and the new machine is expected to aid in the tremendous task of keeping county roads in shape.

The maintainer was purchased from the West Texas Equipment Co., at a price of $11,300.00. The maintainer was ordered five years ago, and the price at that time was $8,000.00. However, before it could be delivered, the price kept rising to the present level.

As a trade-in, the West Texas Co. took a used maintainer and allowed $2,700 on the purchase price of the new one.

There are five maintainers and two tractor-pulled graders in the county fleet. And even this number of machines is short of the number needed to keep the roads graded as often as everyone would like for them to be graded.

This is understandable, since there are 1,200 miles of county dirt roads in Ochiltree county. If placed end to end, these roads would make one road from here to Canada. It is easy to see how the county can spend from $75,000 to $100,000 each year for road maintenance.

Recreation Council to Meet Thursday Night

Members of the teen-age and adult Recreation Council will meet on Thursday night, July 8, at the Wagon Wheel, it has been announced.

Plans will be discussed for further remodeling and decorating the interior of the Wagon Wheel, and a program for the coming months will be planned.

Teaching Posts Nearly Full in Perryton Schools

Teaching assignments in the Perryton school system are nearly complete, announces superintendent J. A. Anderson. Thirteen new teachers have already been hired, and three more are due in Perryton this week to sign contracts.

If these three are hired, this will leave only one vacancy in the school, that being the post of librarian in senior high school.

New teachers which have signed contracts for the next school year are Miss Mary Stewart, TSCW, commercial; John Barnes, Sam Houston State Teachers College, vocational agriculture; and

Junior Band Presents Public Concert Friday

The Perryton junior high school band, under the direction of J. D. Davis, will present a public band concert at the swimming pool on Friday night, beginning at 8 o'clock. The junior band has been practicing regularly this summer and this will be their second public concert. The concert is free, and the public is cordially invited to attend.

Ochiltree County Harvest Drawing to a Close; Estimate 75 Per Cent Finished

Board Approves Plans for Gym And Auditorium

The board of trustees of the Perryton Independent School District has approved the general plans for the new gymnasium and auditorium and the architect has been authorized to draw up the working plans for the buildings. This authorization was made by the board in their regular meeting Tuesday night.

When the working plans are completed, the board will be ready to award a contract for the construction of the gymnasium and auditorium.

Work on the remodeling of the center building and construction of the new heating plant is expected to be finished before Sept. 1. The two new boilers and other heating equipment is being placed this week.

The auditorium has been converted into classrooms, and workmen are now putting in the partitions for these classrooms.

B. & P. W. Club to Hold Bake Sale This Saturday

The Perryton Business and Professional Women's Club will hold a cake sale at Meadows Electric Co. on Saturday, July 3. The sale is scheduled to begin at 11.00 a. m.

Club members should have home baked cakes at Meadows by the appointed hour.

Funds will go to Teen Town, Mrs. Frances Ferguson, B&PW president, states.

JUST HERE and THERE

Perryton has been in the middle of a big harvest mess for the past two weeks. Trucks parked all over town . . . combines on every hand . . . house trailers on vacant lots . . . streets congested with harvest laborers.

All of this congestion, traffic snarls, utter disregard of traffic regulations and rights of local property owners is just a sample of what Perryton could be . . . not just for a few weeks . . . but day after day, week after week and year after year . . . if we hit an oil boom . . . and it appears that there's a pretty good chance to do that very thing.

How do you like all of this mess? You don't like it just for a few weeks, do you? How about a steady every day ration of such a turmoil?

Out-of-the-county truck drivers are vulnerable to deserved criticism for hogging the road with utter disregard for the rights and safety of others on the highways. We have had numerous complaints as to their practice of taking over the middle of the highway for their one-half of the highway.

We were particularly disgusted Monday afternoon when a wheat truck bearing a Kansas tag cut in ahead of us in a funeral procession to the

Dance Saturday Night, VFW Hall

Izzy and his Rythm Aces, popular dance band from Garden City, Kansas, will be back in Perryton Saturday night for another big dance under the sponsorship of the local VFW post.

The dance will begin at 9 a. m. and will continue to 1 a. m., located in the VFW Hall. The public is cordially invited to attend.

Big Demand For Certified Wheat Seed

An increasing demand is being made for Ochiltree county certified wheat seed, reports Hood Wills, county agent. In fact the calls for certified wheat are far beyond the present supply.

There are 1,550 acres of certified wheat in the county this year, in Wichita, Comanche, Westar and Turkey varieties. Around, 4500 bushels of these certified varieties have been harvested, and the certified wheat growers are finding no difficulty in marketing their crop.

In fact, one elevator firm, Cox and Reeder, of Crowell, Texas, had representatives in the county the first part of the week trying to buy around 5,000 bushels of certified seed, which is more

See No. 10, Page 8

Herald Office to be Closed on July 15-18

The Herald office will be closed from Thursday, July 15, to Monday, July 19, while the entire force takes a vacation. The entire force will spend these four days at Red River, New Mexico. Patrons of the office supply and job printing departments, our advertisers and reporters are requested to keep these closing dates in mind. The Herald will be published Wednesday night, July 15, and will go in the mails early Thursday morning. Advertising and news copy must be early that week to meet this earlier deadline.

Estimate 15 Bu. Average For County

Given about five more days of hot, dry weather, the Ochiltree harvest will be a matter of history. That seems to be the concensus of opinion among wheat growers and grain men in the Perryton area. Harvest is estimated to be from 75-80 per cent completed now, and with the large number of combines at work, it won't take long to finish the rest of the acreage.

The crop this year is estimated at 5,000,000 bushels, using a 15 bushel average for the 340,000 acres seeded to wheat. The elevators in the county are full with 1,500,000 bushels; another 1,500,000 bushels is estimated to be in farm storage; the Santa Fe has shipped out 540 cars containing 972,000 bushels; and trucks have hauled another 150,000 bushels to terminal points. This makes a total of over 4,000,000 bushels.

Approximately 50 semi-trailer trucks are operating in the county at present, hauling wheat to Amarillo terminal elevators for wheat growers.

There has been a considerable amount of wheat marketed with high moisture content, due partly to the rains, and also because farmers are cutting wheat while they can and sometimes before it is ready, rather than take a chance on losing it in the fields.

While the demand for tractor hands for plowing is heavy, the demand for combines, skilled labor and trucks is fast diminshing. The exodus of harvest machinery for northern wheat fields started a week ago and the harvest congestion is expected to be gone in another week or ten days.

Installation of Lion Officers Monday Night

New officers of the Lions Club will be installed at a Ladies' Night dinner and installation ceremony to be held at the Lake Fryer clubhouse on Monday night, July 5, it has been announced.

Ralph Randall of Panhandle, past district governor and an outstanding Lion for many years, will make an address and be in charge of the installation ceremony. A barbecue supper will be served to the Lions and their wives.

This installation dinner will take the place of the regular noon luncheon regularly sched-

See No. 4, Page 8

Hail Strikes Wheat Fields in North Part of County Friday

Rain and hail lashed the north part of the county last Friday night, causing thousands of dollars of damage to wheat fields. The storm, which hit a strip about five miles wide and fifteen miles long, centered on the state line, extending from highway 83 east. The damage was estimated at from 11 to 50 per cent in this area.

About 20 per cent of this damage was in the form of shatter, where the hail pellets threshed the ripe grain on to the ground. The other part of the damage was from heads and stalks knocked down.

A heavy rain hit with the storm, causing further delays to harvest in that area.

Pearl Wade is JP Candidate

Mrs. Pearl Wade has authorized the Herald to announce her candidacy for Justice of the Peace, precinct No. 2, subject to the action of the voters in the July 24 primary.

Mrs. Wade was appointed Justice of the peace in 1945, and was elected to the office in 1946.

She is unopposed for the office.

Man Injured in Automobile Crash

Robert Myers, age 50, was injured in an automobile collision Monday southeast of Perryton on the Spearman-Canadian cutoff about 10 miles east of Spearman.

The Myers car collided with a car driven by Chester Barnes of Perryton. The two cars crashed at an intersection, while Myers was driving south and Barnes was driving west. Barnes was not injured.

A Boxwell Brothers ambulance brought Myers to the Perryton Hospital, where he is being treated.

See No. 7, Page 8

Labor Office Has Drawn Men from Wide Territory

Since June 12, the temporary labor office in the Chamber of Commerce building has placed 1,012 men, 136 combines and 215 trucks, reports J. C. Lopez, TEC employee in charge of the office.

Harvest labor has been recruited from TEC offices in Childress, Pampa, Abilene, Vernon, Wichita Falls and Borger, Lopez stated.

The labor office is expected to remain open for about another week to take care of the harvest demands for labor.

Lopez stated that the local office has had wonderful cooperation from Lee Little, Chamber of Commerce manager, and that the harvest labor problem has been handled more smoothly here than any place he has

See No. 9, Page 8

Selective Service, 1948 Style

Your Chances are 1 in 38 That You're Drafted Within a Year if You are Between 19 and 26

Although the Ochiltree county draft machinery will have to be started from scratch, the chances are excellent that it will be in operation in time to start registering young men by August 16 for America's first peacetime draft. The local board, which must be appointed by the governor of Texas, is still unknown, but arrangements are being made to get a board into operation.

The local board composed of L. R. Conner, A. R. Hoghland and A. J. Kelly, which toiled from October, 1940 until May, may be asked to serve again. At least one member of this board is definitely not interested and the chances are good that the others are not interested in the job, either.

Under the present law, registration of all men 18 through 25 could start right away. But selective service officials say it will take about six weeks to organize some 4,000 local draft boards to do the job. That's where the Aug. 16 date comes in. It's not official, but a "safe guess," they say.

If you fall within the 19-thru-25 age bracket, there's one chance out of thirty-eight that you'll be drafted in the first twelve months. This doesn't apply to most veterans.

But between 200,000 and 225,000 young Americans should be putting their affairs in order—they'll be in uniform by the fall of 1949 and stay there twenty-one months. Approximately 7,300,000 others between 18 and 25 should circle the date "Aug. 16" and arrange with the boss to get off a few hours so they can register. Eighteen - year - olds must register, though they may not be drafted.

Sept. 22 Earliest

Sept. 22 is the earliest date anyone actually can be drafted, however.

In order that the army, navy, Marines and air force can be sure of having adequate manpower—2,005,882 men—Congress passed the draft bill June 19.

It became the law of the land when President Truman signed it in his study June 24. It remains the law for two years.

Registration should take just a few days. Officials point out that 16,000,000 men registered in one day in the prewar draft.

Then the draft itself comes. But the bill passed by Congress

CAMP KI-O-WAH PROJECT—First major project in the development of Camp Ki-O-Wah, located about one mile from Lake Marvin in Hemphill county, is a dining hall to accomodate 160 campers. Other projects are improved water supply, campsites, showers, kitchens and an outdoor chapel for devotional purposes. A building fund committee, headed by W. B. Weatherred of Pampa, is now raising money within the Adobe Walls Council to provide the improvements in this camp project.

'Finding' Tools Gets Two Boys Jail Sentence

Two youths from Phoenix, Ariz., are in the local jail laying out a ten day sentence because they "found" some $35 worth of tools that didn't belong to them. The tools belonged to Fred Smith, who lives about ten miles south of Farnsworth, and they were stolen from a tractor in his field Tuesday night.

Ray Phagan, deputy sheriff, who answered the call, found car tracks in the ditch and fence row near the field and upon inquiry found that a car belonging to a James Schmid of Phoenix had been there the night before visiting a James Beights, who was visiting his brother at the J. R. Stump farm.

After obtaining a description of the car, Wednesday morning, Phagan went to Farnsworth and happened to see the car parked near the Batman Grain Co. elevator. He waited around for the owner, and at about 4 p. m. Schmid came back.

Phagan had found the missing tools, along with a headlight from the tractor, in the back seat of the car and asked Schmid about them. Schmid said that the tools were his, but admitted he had stolen them after some questioning.

He also implicated James Beights, who, upon being found and questioned, admitted his part in the theft. The boys said they drove down to the field looking for some gasoline, found the Smith tractor, drained out five gallons of gasoline, then took the tools and headlight as an afterthought.

Both boys plead guilty to the theft charge in county court. They were fined $1 and costs and sentenced to 10 days in jail.

CHAIRMAN AND AIDES—Senator J. Howard McGrath (D., R. I.), center, chairman of the Democratic National Committee, confers with Joe L. Blythe, of Charlotte, N. C., left, newly-appointed treasurer of the committee, and William J. Primm, Jr., right, of Montgomery, Ala., just appointed as an assistant to the chairman. Acme

Two Named to Committee Posts

The appointment of Joe L. Blythe, Democratic National Committeeman from North Carolina, as treasurer of the Democratic National Committee, has been announced by Senator J. Howard McGrath, Chairman of the Committee.

Blythe, whose home is in Charlotte, is vice president of the Blythe Brothers Company, general contractors. He has been a North Carolina State Senator since 1939. He also served as state chairman of the Jefferson-Jackson dinners recently held in North Carolina and he is a member of the executive committee of the Democratic National Committee. He is married and has four children. As treasurer, he succeeds George Killion, who resigned last August to become president of the American President Steamship Lines.

Senator McGrath announced Blythe's appointment as part of the reorganization of the executive division of the Democratic National Committee headquarters in connection with the 1948 campaign.

Earlier, Senator McGrath had announced the appointment of William J. Primm, Jr., of Montgomery, Ala., as assistant to the national chairman, the first of several such assistants to be appointed.

Primm, 38, has been active in the Democratic Party for many years. He was one of the organizers of the Young Democratic Clubs of America. For the past seven years he has served as Chairman of the Young Democratic National Committee and is presently Young Democratic National Committeeman from Alabama.

In 1943, he came to Washington as an assistant to the late Senator Josiah W. Bailey (D., N. C.), who was then chairman of the United States Senate Commerce Committee. Primm left the employ of the Senate in April, 1945, to return to private business. He is married to Senator Bailey's eldest daughter and they have two daughters.

In accepting the appointment as committee treasurer, Blythe said: "I am convinced that the welfare of the country demands the continuation of the Democratic policies which have made us so strong and prosperous economically and which have won us world leadership in the struggle for peace."

Services Held for Clyde Ward Infant

Funeral services were held at the Boxwell Brothers chapel on Monday afternoon for Raymond Eugene, infant son of Mr. and Mrs. Clyde Ward of Spearman, who died in Perryton Sunday at the age of six days. Mrs. Ward is the former Miss Peggy Jean Lovett.

Rev. O. C. Curtis conducted the final services.

The baby is survived by the parents, the maternal grandparents, Mr. and Mrs. Ivan Lovett and the paternal grandparents, Mr. and Mrs. A. C. Ward.

Mrs. Dave Bigbee, Encino, N. M., and her daughter, Mrs. Bruce Grimes and children, Estancia, N. M., and her daughter, Mrs. Bruce Grimes and children, Estancia, N. M., visited several days last week in the M. R. Coffee home. Mrs. Bigbee is Mrs. Coffee's sister.

Perryton Girl to Stamford Reunion

Miss Janet Ranson, who will represent the Herndon ranch in the annual Stamford Cowboy Reunion on July 1-5, left Wednesday to attend the show.

She was accompanied by her parents, Mr. and Mrs. W. H. Lackey, and her escort during the reunion festivities, David Hummer.

Miss Ranson will ride Cliff Herndon's horse, "Shorty," and will appear in various entertainment events at the rodeo, along with representatives from scores of Texas towns and ranches.

The Stamford Reunion is one of Texas' best-known cowboy events. Thousands of people from all over the Southwest attend each year and the amateur rodeo staged as a feature of the reunion is the largest in the Southwest.

Mr. and Mrs. J. J. Kupka and Joe Howard, age 9, have sold their farm northeast of Booker and have moved to Perryton to make their home.

Friends will be happy to learn that E. M. Padgett, who underwent surgery June 22 at the Veteran's Hospital is convalescing satisfactorily. He will be hospitalized about five weeks, and will be happy to hear from friends; his address is Ward 108, Veteran's Hospital, McKinney, Tex. Mrs. Padgett returned home Saturday evening from McKinney, and his sister, Mrs. Donie Senn, is with him now. Mr. Padgett was admitted to the Veteran's Hospital in Amarillo May 20, and then transferred to McKinney.

Mrs. Harvey Wilson and two sons spent Sunday and Monday in the home of Mrs. Anna F. Wilson. On Sunday afternoon, Mr. and Mrs. Clair Brillhart visited in the Wilson home.

Texas Wheat Crop Estimated ow at 55-60 Million Bushels

...y bushels were added to ...anhandle wheat crop by ...w average rains during the ... of May 24th and a Texas ... of from 55 to 60 million ...els is "pretty well assured at ..." declared Frederic T. ..., of Amarillo, well-known ...rity on grain, today.

...wheat goes to market, it is ...d that protein is averaging ...er than last year's crop ...ughout much of the South- ... with a wide range of from ... to 17.5% protein being re- ...d on wheat harvested thus far, said Dines, who has charge of the large demonstration farm near Amarillo, conducted by Tex-O-Kan Flour Mills Company, parent company of Burrus Feed Mills.

"A vastly improved wheat variety situation is evident in Texas this season," continued Dines, "with most of the heavy poor quality wheat variety producing areas showing a good reduction of poor types and an increase in good quality varieties. Good quality seed demand is very heavy already and prospects are good for the production of high quality wheat throughout Texas next season."

He states that most of the wheat in Southwest Oklahoma and North Texas west of the Cross Timbers north of Fort Worth is proving to be a good yield of heavy test weight wheat, with reports showing larger yields than the farmers had looked for. Above average rain the latter part of May was of great benefit.

Nebraska and Colorado wheat has suffered, to varying degrees, due to dry weather. Kansas wheat prospects have taken a turn for the better with most of the major wheat producing areas having received rain in time to fill the wheat heads. United States Department of Agriculture estimates are: Nebraska, 65,620,000 bushels; Colorado, 47,424,000; Kansas 160,004,000; Oklahoma, 81,492,000 bushels; Texas, 55,278,000.

"Careful selection of wheat plus our practice of binning wheat on a variety basis will insure good stocks of wheat for our company's mill-mixes this year," Dines declared.

OUR SERVICEMEN ARE POST-GRADUATE MECHANICS

Relatives Attend Coffee Services

Out-of-town relatives in Perryton for the Mansel Coffee funeral on Monday included his four brothers and one sister. They are Mr. and Mrs. Woods Coffee and Glenn L. Coffee, Amarillo, Henry Coffee, Pampa; J. V. Coffee, Miami, and Mrs. Mary Locke Big Springs, Texas.

July 4 Rodeo At Canadian To Be Biggest

CANADIAN, June 30 (Special) —Canadian, home of the original rodeo, is planning for its biggest post-war rodeo celebration over the long Fourth of July weekend.

A two-day show on Sunday and Monday, July 4 and 5, will feature three performances at the rodeo grounds, a gigantic Pioneer Parade, an Old Settlers Reunion and dance.

Two thousand dollars in cash prizes are being offered this year to riders and ropers in the two-day rodeo. Opening performance will be on Sunday afternoon at 2 o'clock.

The celebration will really get underway on Monday morning, when old settlers will gather for an all-day reunion at the Canadian American Legion Hall. Square dancing, old-fiddlers contests, and prizes for oldest settlers will feature the program.

At ten o'clock Monday morning, the big parade will wind its way through Canadian, featuring floats carrying out the pioneer days theme, and hundreds of mounted riders.

The second performance at the rodeo grounds will begin at two o'clock Monday afternoon, and the final show gets underway at 8 o'clock Monday night.

Following the rodeo Monday night, the celebration will be climaxed with a public dance, featuring Bobbie Burns and his orchestra.

Canadian is already taking on holiday dress for the big celebration. Thousands of visitors are expected to throng the city for the 1948 edition of Canadian's famed Fourth of July Rodeo Celebration.

Mrs. Ray W. Veale, and Miss Mildred Hoghland came in Saturday from Gladewater, Texas, to make their home. Miss Hoghland is staying with her sister, Mrs. Harold Hawk, and family at present; Mrs. Veale has moved into the J. W. Short home on Fordham, and plans to open a studio in piano soon.

CARD OF THANKS

Words cannot express our appreciation to the many friends for their expressions of kindness, the cards and flowers at the death of our son and grandson, Raymond Eugene. We are deeply grateful.

CO-OP DELUXE

CONTROLLED: QUALITY — PRICE — CONSTRUCTION

Here is an outstanding tire selected by Co-op for its exceptional value—it has extra stopping power because of its 6,340 saw tooth edges on the tread. It is one of America's most modern tires because of its broad, flat tread that puts more rubber to work to share the wear and adds miles of safe, dependable service. The Co-op Deluxe features greater strength through the strong construction resulting from cords insulated and bonded in liquid latex. It runs cooler, another great protection against blowouts.

CONVENTION HALL—Philadelphia's huge Municipal Auditorium is the scene this year for both the Democratic and Republican national conventions. The Republicans finished their convention on June 26, and the Democrats will move in from July 12 to 17.

Cerdan's Conqueror Confident Of Victory in Return Battle

GEERAARDSBERGEN, Belgium—Some twenty-five miles west of Brussels, you'll find Cyrille Delannoit, middleweight champion of Europe who beat famed Frenchman Marcel Cerdan for the title.

You'll find him relaxing in his home town of Geeraardsbergen, better known by its French name of Grammont.

If you ask where he lives, you will draw stares. Every man, woman and child in town knows that "our Cyrille" lives on the Grand-Place (Town Square), and it is preposterous you should dare show yourself ignorant of this fact.

In the shadow of the ancient Town Hall, you may read his name right across the front of a clean, fresh-looking cafe. The Flemish spelling of his first name is Cyriel.

Cyrille in the ring goes by the nickname of "Tarzan." He is handsome, boyish, with a pleasant smile, happy and eager to please. And he's proud of his ability to speak fair English.

"I learned while visiting with my uncle in America for three months last summer," he says. "That's my father's brother, Piet De Lanoit—not quite the same spelling, you notice—in Fort Dodge, near Badger, Iowa. He has a big farm there."

"Tarzan" turned 22 on March 13. His brother, Etienne, is two years older and no mean boxer. He's a middleweight too, and fights under the name of Etiennet.

In this doughty family of 11—seven girls and four boys—there's still another boxer; young Edgard, 18, amateur featherweight, who is in the Belgian Olympic team.

Cyrille's in training now for the return match against Cerdan in the Brussels Palais des Sports July 10.

Cerdan remarked, after the recent fight: "Next time, one of us will remain on the carpet!" Delannoit counters: "I fully intend it shall not be me."

Mr. and Mrs. S. E. Haggard, Kansas City, Mo., are spending a two weeks vacation with his sister, Mrs. J. M. Haley and family.

Mr. and Mrs. K. K. Thomas, Amarillo, spent the weekend visiting in the home of their son, Mr. and Mrs. J. R. Thomas.

Mr. and Mrs. Noel Keith of the Booster Station near Gray, Okla., are happy to announce the adoption of a daughter, Susan Lynn, age, six years.

Mrs. Ora Williams, Pampa, visited from Thursday until Saturday in the home of her brother, W. E. McMillen and Mrs. McMillen.

Mr. and Mrs. Hoover Wimberly and small son, Mark, of the Panama Canal Zone were house guests of Mr. and Mrs. Edward Schroeder and daughters from Wednesday until Friday.

Mr. and Mrs. Jack Bane and children, Beaumont, were guests the past week in the home of Mr. and Mrs. J. A. Anderson, Joy and Jan.

Mrs. Veale Will Open Piano Studio

Mrs. Hallie H. Veale has announced the opening of a piano studio at 821 S. Fordham, where classes for beginners and advanced pupils will begin on July 15.

Mrs. Veale recently returned to Perryton after an absence of some six years. She has made her home in Gladewater, Texas since 1942.

She will teach piano and music in the Perryton schools this fall and will continue her private piano lessons. She is a graduate of Hardin Simmons University and has a thorough musical education, having studied under such noted men as John Thompson, Josef Lehvinne and Leo Podolski.

Mrs. Veale is well known in Perryton. She and her husband, the late Ray Veale, and their son, the late Ray Veale, Jr., made their home in Perryton for a number of years.

CARD OF THANKS

For the many kindnesses shown us during the long illness and death of our husband and father, we express sincere gratitude. The lovely flowers, the food and the many acts of thoughtfulness and sympathy were truly appreciated. Our thanks to each of you.

Two Courtesies Given for Miss Celia Delgado

Miss Celia Delgado, Amarillo, who was a guest the past week in the C. E. Boatman home was complimented at two courtesies. Miss Delgado is the daughter of the minister to the Mexican Christian Church in Amarillo; her father drove to Perryton to take her home Saturday.

A breakfast was given by Miss Colene Schell on Thursday morning. A blue and white color scheme was noted in the table appointments, and snapdragons were used as the floral centerpiece. Plates were laid for Jeanette Waugh, Maresa Sue Pittman, Shirley Keim, Shirley Littleton, the hostess and the honoree.

On Friday afternoon from four until six, Mrs. S. P. Whippo entertained at tea to honor Miss Delgado. Guests were Colene Schell, Diane Gerard, Shirley Littleton, Shirley Keim, Madolyn Humphrey, Jeanette Waugh and Meresa Sue Pittman.

Junior M. Y. F. Meets

The Junior Methodist Youth Fellowship group met Sunday evening in the home of Kent Apple for their program on "Our Gift." Kay Cayler gave the Scripture and Jane Malone, Lois Beck and Joy Anderson dressed in Jewish costume dramatized the lesson story.

Mrs. Vance Apple and Kara Bess served punch and cookies to Jane Malone, Ann Osborne, Lois Beck, Joy Anderson, Kay Cayler, Kenton Bealmer, Ronnie Witt, Bobby Beck, David Kent and Kent Apple.

Amarillo Guest Complimented

To compliment her house guest, Mrs. Pearl Harrison, Amarillo, Mrs. Glen McGibbon entertained Friday afternoon. At the termination of the games of bridge, Mrs. W. C. Herndon held high score and Mrs. Cecil Dodd, second high. Mrs. Harrison was presented a guest prize.

A dessert course was served at the close of the afternoon hours.

Guests were Mesdames H. C. Brillhart, G. W. Acker, J. H. Brashears, Fred Osborne, Max Boyer, Herndon, Vance Apple, Dodd, Jack Todd, Gilbert Mize and W. L. McConnell.

Mr. and Mrs. Bill Bratton, Spearman, were dinner guests of Mrs. Virdie P. Wheeler and Mrs. Pearl B. Teeter, Monday evening.

Visitors from Beaumont are Party Honorees

Mr. and Mrs. Jack Bane and children, Diana and Donald, Beaumont, who were guests the past week in the J. A. Anderson home were honored at an informal party Wednesday night at Lake Fryer. The Banes were enroute to Estes Park, Colo.

Approximately 25 couples were the guests of Mr. and Mrs. Anderson at the courtesy last Wednesday evening.

On Thursday morning, Mrs. Cecil Dodd entertained with a coffee to compliment Mrs. Bane. Included among the guests were Mrs. Ethel Rendelman and Miss Caroline Wilson, Little Rock, Ark., Mesdames Vance Apple, Fred Osborne, Van Stewart, Anderson and the honoree, Mrs. Bane.

Swimming Party Marks Birthday

Miss Joy Anderson observed her eleventh birthday Monday afternoon when her mother, Mrs. J. A. Anderson, entertained with a swimming party in her honor. The guests gathered at the Anderson home and went to the pool, returning for their refreshments of ice cream and cake in the late afternoon. Mrs. Leroy Hartman assisted with the entertainment.

Those present were Kaylene Schnell, Barbara Flathers, Barbara Lynn Hawk, Sue Williams, Janice Miller, Kay Cayler, Joan Epp, Charlotte Ann Flowers, Connie Edwards, Ann Osborne, Pat Wood, Joyce Anderson and the horonee.

Guests from Georgia

Mr. and Mrs. John Sammons have had several guests in their home this week; they include two sisters of Mrs. Sammons' and her brother and his wife.

The sisters are Mrs. T. E. Reed, Brevard, N. Car.; Miss Wilma Walton, Atlanta, Ga., and the brother and sister-in-law are W. A. Walton and Mrs. Walton from Eatonton, Ga.

Mrs. Sammon's aunt, Mrs. Helen Nabers, Amarillo, has also been visiting in Perryton this week.

Slumber Party At Zona Donley's

The surprise slumber party given last Tuesday night in the home of Miss Zona Mabel Donley was a compliment to Miss Diane Kent and Miss Johnnie Johnson, whose birthdays occured during the past week.

Enjoying the all-night festivities were Marian Day, Jean Hummer, Texas Cunningham, Grace Marie Sharp, Mary Tom Kirk, Harolyn Malone, the honorees, Diane and Johnnie and Zona.

Two Honorees at Juvenile Picnic

Virginia McLanahan and Charon Blank were honored at a picnic last Friday evening at the CC park west of Perryton. The occasion marked the anniversary of their birthdays; Virginia was eight June 25, and Charon, June 26.

Supervised by the honoree's mothers, Mrs. Bill McLanahan and Mrs. Oscar Blank, and their assistants, the children enjoyed an hour at play before they were given a lunch in a paper sack and favors of balloons.

The guest list included Sandra and Pat Griffith, Maureen and Diana Pearson, Dewey Dean Blank, Dixie and Benny Conley, Ben Flowers, Jerry and Butch Murphy, Robert, Mack and James Allison, Glenda McGibbon, Joy and Ivanelle Lovett, Benona McLanahan, Gaynelle Leatherman, Stewart Johnson, Donna Hoots, Del Ray Mounts, Kay and Bonnie Witt, Gayle Crum, Earline Anderson, Joyce Miller, Janey Todd, Jo, Nan and Sue Morris, Larry Wilson, Charles, Mack and Carol Lovett, Jackie Shields, Dorothy Phillips, Ann Lanagan, Marilyn and Burt Schuber, Janalee Bell, Kathryn Mary Bess Sammie and James Brillhart, Otis and Pate Shearer, Larry, Tommy and Charles Elizey, Louise and Helen Dragoun, Joyce Ann Mayberry and Brenda Foote.

Miss Vera Wing, Irvin Williams Married June 18

Mr. and Mrs. George Wing, Strong City, Okla., announce the marriage of their daughter, Vera, Perryton, to Irvin Lee Williams, Perryton, son of Mrs. Myrtle Williams, Pomona, Calif. The couple was married June 18 in the home of Judge and Mrs. Dave Shanks with Judge Shanks reading the nuptial ceremony.

After the ceremony, the couple left for a short wedding trip to Liberal, Kans. They are at home in Perryton.

Mrs. Williams was graduated from the Strong City, Okla., high school and has been employed by Judge Shanks.

Mr. Williams was graduated from Perryton high school and served three years in the armed services. He is now employed with the Texas Company seismograph crew.

Miss Humphrey's Engagement Told

Mr. and Mrs. F. D. Humphrey Balko, Okla., announce the engagement and approaching marriage of their daughter, LaNelle, to Billy R. Cornell, son of Mr. and Mrs. H. E. Cornell, Elmwood, Okla.

The marriage vows will be solemnized July 18 at seven o'clock in the evening at the Baptist Church, Balko.

Marriage of Miss Sarah True Coe to John E. Chick Solemnized in N. Mex.

The marriage of Miss Sarah True Coe, daughter of Mr. and Mrs. True Coe, Anthony, N. Mex., to John E. Chick of Anthony, son of Mrs. Grace Chick, Perryton, was solemnized on Saturday afternoon, May 1, at the Anthony Baptist parsonage. Rev. Moore, pastor, officiated for the double ring ceremony.

Mrs. Alvin McAnally, Amarillo, sister of the bridegroom, was the bride's only attendant. She was attired in an afternoon dress of pale pink.

Bob Pierce was best man.

Given in marriage by her father, the bride chose a gown of white chiffon. Her fingertip veil of illusion was lace edged and fell from a bonnet style headdress of lace; the bridal bouquet was of pink carnations showered with lilacs. Her something old was the sapphire earrings given her by a great aunt; her something blue, a sapphire set necklase, the gift of the bridegroom, and something borrowed was the cameo ring she borrowed from Mrs. McAnally.

The bride's mother chose a dress of blue lace, accented by white accessories for her daughter's marriage.

Approximately 30 guests were served at the reception which honored the couple in the home of the bride's parents.

The newlyweds are at home at Anthony following a wedding trip to El Paso, Texas. For traveling, the bride wore a green linen dress with white accessories and an orchid corsage.

The bride is a member of a pioneer Anthony family and was born and reared in that community.

Mr. Chick was born and received his education in Perryton. He served six years in the army; 24 months of this period was spent overseas, and the remainder of his service was at Ft. Bliss. He is now employed with Pan-Tex Associated, Anthony.

Out-of-town guests for the wedding were Mr. and Mrs. R. L. Sessom, Duncan, Ariz.; Mr. and Mrs. Harry Sessom, Portland, Ore.; Mrs. Alvin McAnally, Amarillo.

Informal Calls At McMillen Home

Mrs. W. E. McMillen invited friends of Mrs. J. C. Russell, San Antonio, and Mrs. Ora Williams, Pampa, to call for an informal visit last Friday afternoon.

Mrs. Russell had been in Perryton for the harvest season, while Mrs. Williams was here for a few days visit with her brother, Ed McMillen.

TEL Class Meets Tuesday with Mrs. Holdeman

The T. E. L. class of the Baptist Sunday school held its regular meeting in the home of Mrs. Harve Holdeman on Tuesday afternoon. Mrs. R. H. Francis assisted with the hostess duties.

The devotional was presented in an interesting manner by Mrs. J. D. Wade and Mrs. T. S. Pletcher gave the reading, "Growing Old."

During the social hour the hostesses served ice cream, strawberries, cake and an iced beverage.

Members present were Mesdames Anna O'Buck, Harve Holdeman, J. M. Grigsby, C. C. Carter, T. P. McLain, Nannie Edmondson, J. A. Jones, J. L. Blackmore, R. H. Francis, J. L. Flowers, C. C. Cofer, A. M. Horan and J. D. Wade. Guests were Mrs. Alice Nelson, Tipton, Mo.; Mrs. Holdeman's granddaughter, Betty Holdeman; her nephew, Larry Pletcher and her mother, Mrs. T. S. Pletcher.

Jim Hudson, Dumas, spent Sunday visiting his brother, Harold Hudson and friends in Perryton.

Farewell Party For Allisons

Mr. and Mrs. Glenn Allison who left this weekend for Oklaunion to make their home were the honorees for a yard party last Thursday evening at the T. O. Pugh home. Hostesses were Mesdames Floyd Murry, Raymond Powell, T. O. Pugh, Gilbert Mize, Jack Anderson and J. D. Davis.

The Allisons were presented an electric toaster as a farewell gift from the group.

Couples who enjoyed the evening were Messrs. and Mesdames Vance Apple, Malcolm Bealmer, Joe Erickson, Kenneth Precise, Glen McGibbon, Murry, Powell, Pugh, Mize, Anderson, Davis, Allison and Mrs. Pearl Harrison, Amarillo, a house guest of Mr. and Mrs. Glen McGibbon.

Birthday Dinner At Bolerjacks

Mrs. Rufus Bolerjack served a family dinner Sunday to compliment her husband and their son, Buddy, on their birthday anniversaries.

Plates were laid for Mr. and Mrs. C. A. Zirkle, Mr. and Mrs. Bill Zirkle and family, Erick, Okla., Mr. and Mrs. Bolerjack, Sandra and Buddy.

Pugh Home Scene Of Family Gathering

The home of Mr. and Mrs. T. O. Pugh on South Amherst was the scene for an informal family gathering on Sunday evening. The guests of honor were Mr. and Mrs. Leo Hosler and Beverly and Mrs. Bessie Holland, Van Nuys, Calif., and Mr. Hosler's sister, Mrs. Edith Oerpel of Phoenix, Ariz., who are guests in the R. H. Holland home. Mrs. Hosler will be remembered in Perryton as Ann Holland.

Approximately 30 members of the Holland family enjoyed the hospitality of the Pugh home Sunday. Ice cream and sandwiches were served.

Mrs. J. C. Russell left Tuesday to return to her home in San Antonio, Tex., after visiting relatives and transacting business in Perryton during the past week.

MANET . . . This charming summer frock, inspired by the painting "In a Boat," is made of jersey in a broken stripe print of deep and light blue tones.

Luncheon Guests

Mrs. Virdie P. Wheeler had as guests for lunch Sunday, Mr. and Mrs. Frank LaPorta, Oakland, Calif., W. S. Carter, Mobeetie, Texas, Anabelle Daniels, Joan and Donita Gunter.

Mr. Carved is an uncle of Mrs. Wheeler's and Mrs. LaPorta is a cousin.

IF YOUR FENDERS LOOK LIKE THIS

Harry Keelings Honored at Parties

Mr. and Mrs. Harry Keeling and Dan, Hermosa Beach, Calif., who were weekend guests of Mr. and Mrs. John Bolin, were complimented at dinner Thursday evening and a dinner-dance on Friday evening.

To honor their guests, the Bolins entertained at dinner Thursday evening. Plates were laid for Mr. and Mrs. A. C. Witt, Mrs. Stewart Wooten, Kay Drum, Mr. and Mrs. Bolin and Mr. and Mrs. Keeling and son, Dan.

Mr. and Mrs. Witt and Mrs. Wooten were hosts for the dinner dance Friday evening at Hotel Perryton. Guests for this courtesy were Mr. and Mrs. L. B. Campbell, Madison, Kansas, Mr. and Mrs. Irvin Hergert, Mr. and Mrs. Bolin, Kay Drum and Mr. and Mrs. Keeling and Dan.

Spray Now for Bugs and Diseases

Now is the time to be spraying for insects and diseases in both your gardens and shrubs, according to Virdie P. Wheeler. For Chewing insects use arsenate of lead or Paris green. End-O-Pest is also good for all except bag worms.

If you find a lot of little webs on your evergreens, no doubt they have red spider. Dusting sulphur o fthe 325 mesh type is excellent for red spider. A heavy spray of water turned on the plant for a few minutes will also help rid the plants of this pest.

For sucking insects use DDT and Black Leaf 40. DDT is good at getting just about every thing except plant lice.

Blackspot, mildew and rust are three diseases that you are likely to find on your roses. For these use a good fungicide; Tri-O-Gen is a good commercial fungicide.

If you find plants dying back from the tips, prune back and spray with Bordeaux mixture.

Mrs. Revis Has Dessert Bridge

Members of Delta Deck bridge club and two tables of guest players were entertained last Friday afternoon in the home of Mrs. G. R. Revis. Scoring awards went to Mrs. Aldon Bell, high, and Mrs. Orlan Bell, second high.

The dessert course was served to Mesdames Claude Allen, R. E. Bell, Clifford Beck, Sibley Jines, G. A. Rupprecht, Aldon Bell, Orlan Bell, A. B. Hankins, Van W. Stewart, Roy Sanford, Jas. McGregor, Malcolm Bealmer, Dean McCutcheon, Drew Ellis, Jerome Woods, and J. W. Erickson.

Methodist Youth Go to Junior Camp

Ronnie Witt, David Kent, Lois Beck and Jane Malone left Monday for Ceta Canyon where they are attending the junior camp for Methodist Youth in session there through Friday.

Miss Diane Kent took the group to Ceta Canyon.

Breakfast in Rogers Home

A breakfast Wednesday morning in the home of Mrs. C. B. Rogers was a compliment to Mrs. Ethel Rendelman and Miss Caroline Wilson of Little Rock, Ark.

Plates were laid for Mesdames G. K. Rupprecht, Jack M. Allen, Giltner LaMaster, Harold Hudson, Mrs. Rendelman and Miss Wilson.

Dinner Guests Sunday

Mrs. Clyde Kemp and sons, Jay and Jerry, Phillips, Tex., Mr. and Mrs. John Huston and daughters and Mr. and Mrs. Slough and children were dinner guests of their parents, Mr. and Mrs. Fred Huston.

Mrs. Huston's cousin, Mrs. J. T. Middleton, Alexandria, La., was also present for the day.

Kublai Kahn was the oriental ruler at the time Marco Polo first visited the East.

DOLL DILEMMA . . . Newest craze in the moppet circle is collecting paper dolls and inserting them in albums. Nursery favorites such as "Cinderella" and "Little Bo Peep" are a few of the dolls designed by a greeting card company (Hallmark) for the new album. Here, Miss Luana Patten, 9-year-old movie star, plays with her own collection. Dolls stand up by themselves when detached from the book.

Guests for Dinner

Guests for dinner Wednesday evening in the home of Mr. and Mrs. W. B. LaMaster were Ethel Rendelman and Miss Caroline Wilson, Little Rock, Ark., and Miss Nell Cordon and Clarence Whittler of Humphrey, Nebr., and Washington, D. C.

Perryton Hospital

Montana Youth Learns Hard Way About Hot Check

A 16-year-old boy from Big Timber, Montana, found out the hard way last week that a "hot" check is not so easy to cash.

The boy, Walter Foster, had taken a job with G. I. Horne, who lives just east of the Perryton city limits, and had lived with Mr. and Mrs. Horne for about a week waiting for the wheat harvest to start. When it started, he worked one day, found the work not to his liking, and quit.

He went into town, Wednesday afternoon, wrote a check for $75 on Mr. Horne, and presented it at the window in the First National Bank for cash. The check was handed back to R. H. Holland, who came across the lobby to question the boy about it. Whereupon the Montana youth took to his heels.

Holland followed him through the front door and out on the sidewalk, but the boy had vanished.

It was later learned that Foster had circled the corner by the bank, gone down the alley behind the Post Office, circled around by Bryan's, then back down the east side of Main street where he had his car parked. He got in the car, a 1941 Ford station wagon, and left town, headed north.

Meanwhile, an acquaintance of his had seen him leave in the car and told officers about it. When Foster reached Liberal, the Seward county sheriff was waiting for him.

The boy was brought back to Perryton and then was paroled to his father, who had come down from Big Timber to take his son back home.

Vehicle License Receipts Show Large Increase

A sharp increase in the number of automobiles and trucks in Perryton and Ochiltree county is shown by the big increase in license registration receipts on the quarterly report of tax collector W. H. Lance.

License receipts this year are nearly $10,000 above 1947. In 1947 the receipts at the end of June were $52,944.45; this year they are $62,188.56.

This is the second straight year that Ochiltree county has collected enough license money in the county to pay part of it to the state. All over $50,000 of licese receipts is split 50-50 with the state, and in 1947, receipts passed the $50,000 mark for the first time. The $50,000 mark was passed on June 14 last year. This year, it was passed on April 10.

The county has refunded to the state this year $6,159.33. At the same time last year, only $1,472.90 had been refunded to the state.

Announcements

The Ochiltree County Herald is authorized to announce the following as candidates for nomination subject to the action of the voters in the Democratic primary to be held July 24, 1948:

Keith Flowers Will Play in North-South Football Classic

Keith Flowers, Perryton high school's great footballer on the undefeated Ranger team last fall, has been selected to participate in the annual all-star football classic, slated to be held in Abilene on August 6 at the conclusion of the Texas Coaching School.

Flowers will be a member of the North backfield, along with such other stars as Byron Townsend of Odessa, Rutsy Russell of Highland Park, Bill Bumgardner of North Side, and Carl Mayes of Pampa. He will be one of five class A players on the North squad of 25.

James Weatherall, White Deer center, was also selected to play in the game. Weatherall, a mainstay of the White Deer team for the past three seasons, is noted for his ability in football, basketball and track.

Flowers, who led the region in scoring last year, has picked up weight and experience in spring training at TCU, where he entered at mid-semester this year. He now weighs 200-plus, and is expected to give a good account of himself in this all-star classic.

KEITH FLOWERS

Bobby Dodd of the University of Georgia and Matty Bell of SMU will be football coaches in charge of the two teams.

Ochiltree cemetery . . . and then when we were able to look back down the string of cars going to the burial ground we were surprised to see several other trucks interspersed in the line of people paying their last respects to a loved one.

The following is from the Hereford Brand. It it's good for Hereford, it should be a good thing for Perryton. We're wondering if the members of the Perryton Fire Department would not like to see this kind of enforcement in Perryton.

"A total of $80 in fines has been collected from people who insist on following fire trucks, according to Police Chief Buck Buckalew. He said today that five arrests have been made, and that more will likely follow. Three fines were exacted several weeks ago, while two additional fines of $16 each were assessed early this week. State and city regulations forbid driving within 600 feet of a fire truck. It is also illegal to park within 600 feet of a fire."

No. 9 Continued from Front Page

Use has been made of the C. of worked.

C. public address system in sending out calls for men and machines, which greatly facilitated matters. Telegraph and telephone messages from all over the country were also delivered to the harvest hands over the loud speaker system.

It is estimated that half of the labor and machine requirements this harvest were filled through the labor office. The other half found jobs on their own, through direct contact with wheat growers.

No. 10 Continued from Page 5

than the present output of the county.

Wills says the heavy demand for seed wheat this year is for the Wichita variety and for Early Triumph. The Early Triump wheat is not certified but a number of local growers have some relatively pure seed.

Calls for certified seed have come from as far away as Chillicothe, Hollis and Buffalo, Okla.

Miss Johnnie Williams, TSCW, mathematics.

Gus Gallagher science teacher from Tech, is one of the teachers who will be in Perryton this week to discuss a teaching contract.

In junior high school, the new teachers are Miss Natalie Hutton, WTSC, social science; Bill Sorrells, ETSC, social science; Miss Lenora Lowe, Tech, music; Mrs. John Barnes, language arts.

Mr. and Mrs. Jack Boorman of Denton are the other two teachers who will discuss teaching contracts this week. Mr. Boorman teaches mathematics and Mrs. Boorman teaches social science.

The six new teachers in elementary school are Mrs. O'Dell Ryan, Mrs. Paul Loftin, Miss Mildred Hoghland, Mrs. Esther R. Kelley, Miss Josephine Harkey and Mrs. W. A. Reitz.

The senior high school will have a new principal next fall to replace Glenn Allison. He is O. J.. "Jack" Anderson, who taught mathematics in the high school last year. Gilbert Mize will return as principal of the elementary and junior high schools.

Air brakes for trains were invented in 1869 by George Westinghouse, Jr.

No. 1 Continued from Front Page

says no one can be drafted until ninety days after the legislation becomes law. That's Sept. 22.

So Sept. 22 is D-Day—Draft Day—for men 19 through 25. (Men of 18 can't be drafted, but 161,000 of them can volunteer, and thus escape the draft later.)

Officials figure there are 7,500,000 Americans in the draft age group today. With only around 200,000 to be drafted, by the fall of 1949, that's 2.67 per cent, or around one out of 38.

During the next two years, however, a maximum of 606,882 men may be inducted.

What happens when you're drafted? Well, you're in the army. (The navy and air force hope to keep their strength thru volunteers.)

And you'll probably train at Camp Ord, California; Camp Campbell, Ken.; Camp Hood, Texas; Camp Dix, N. J.; Camp Jackson, S. C., or some other that may be reactivated.

Some of you may go overseas as soon as you finish basic training.

When your stretch is over, you still must serve at least three years in the active reserves, or five years in the inactive reserves.

You have certain benefits—hospitalization, disability compensation, death benefits, and your old job back. But the "rights" granted World War II veterans by the GI bill of rights do not apply to the peacetime conscripts.

Doctors Exempt

Doctors and other medical men, regularly ordained ministers, students studying for the ministry, and conscientious objectors will be exempt.

High school students are automatically deferred until they graduate or until they reach the age of 20, whichever comes first. College students are deferred for the current academic year.

Most people believe the President will defer married men, but the law doesn't make them exempt.

And that's the draft, 1948 model.

Costa Rica is smaller than West Virginia.

1935. He resigned the postmastership effective November 1, 1946 because of ill health. He had suffered for 18 years with arthritis, and the disease became progressively worse.

During his years in Perryton, Mansel Coffee was always in the forefront of every civic enterprise and was one of the town's greatest boosters.

He was a member of the Masonic Lodge and the Baptist church.

Funeral services were held Monday afternoon at the First Baptist church with Rev. O. C. Curtis in charge.

Active pallbearers were S. S. Dodson, Miles Edwards, E. D. Kelley, Drew Ellis, Clyde Cofer and Irvin Hergert.

Honorary pallbearers were Carl Ellis, L. H. Lance, H. C. Sanford, G. L. Kengle, J. W. Buckley, J. W. Richardson, R. T. Shindler, Sam Hergert, Arvle Hale and Paul Bowen.

He is survived by his wife, three daughters, Mrs. Henry Richardson, Mrs. Ike Vernon and Mary Margaret Coffee, all of Perryton; a son, Mansel Coffee, Jr., USMC, Akron, Ohio; four brothers, Glen Coffee and Woods Coffee, Amarillo, J. V. Coffee, Miami and Henry Coffee, Pampa; and one sister, Mrs. Mary Locke, Big Springs, Texas.

Masonic services were conducted at the graveside in the Ochiltree cemetery.

the test plots, but since each plot was equally affected, it was a fair a test for one variety as for another, in the opinion of Kershaw and Hood Wills, county agent, who has assisted in the experiment.

The wheat was cut Tuesday afternoon by Lonnie McGarraugh, and great care was taken to thoroughly empty the machine after each plot was cut.

The different varieties of wheat were sacked as they came out of the combine, and were kept separate until they were weighed.

Early Triumph weighed out 220.5 lbs. from the plot, followed by Wichita with 188.0 lbs., Westar, 185.5 lbs., Pawnee, 175.0 lbs., Early Blackhull, 173.5 lbs. Comanche, 168.5 lbs., Tenmarq, 161.0 lbs., and the Kershaw Westar, 158.5 lbs.

Figured out on a bushel per acre yield, the following results were shown:

Early Triumph	23.7
Wichita	20.2
Westar	19.9
Pawnee	18.8
Early Blackhull	18.7
Comanche	18.1
Tenmarq	17.3

While the yields would undoubtedly have been higher had the test plots not been hailed, the yields are considered good in spite of the hail.

The experiment has been watched with considerable interest by farmers in the area, and a number of spectators were present at the wheat cutting Tuesday afternoon.

Kershaw plans to carry out a similar test plot experiment next year, increasing the size of the test plots.

...d Scientists ...udy Desert Area

MOSCOW (AP) — Turkmenia—e southernmost Soviet republic ich borders on Iran and Afgh-istan—will be the scene this ason of numerous scientific peditions. Scientists will study e natural wealth, flora and una as well as the past of this entral Asian republic. Turk-enia occupies a vast area of 5,000 square kilometers, more an double that of Italy. Most its area, however, is covered the Kara-Kum desert.

Plans for expansion of the out-t of local raw materials lends portance to minerals hunters. rthquake districts will be vis-d by the scientists. The great-t amount of field work is to be ne by the Institute of Botany d Plant cultivation which is nding 53 expeditions to the re-blic.

B. L. ROGERS
as
County Judge,

ith no other business or farm-ng, could better attend to COUNTY business: honestly secuting the orders, programs nd decisions of the Commis-oner's Court. Would not seek reelection in '52.

VICE PRESIDENTIAL NOMINEE—Governor Earl Warren of California was picked by the Republican party as their choice for the vice-presidency, running with governor Thomas E. Dewey of New York.

NEXT PRESIDENT?—Thomas E. Dewey of New York walked away with the presidential nomination at the Republican national convention and GOP leaders are certain that he will walk away with the presidential race, too. Dewey started strong in the balloting at the convention and wound up stronger, eclipsing the campaigns of Harold Stassen, Arthur Vandenberg and Robert Taft.

Yugoslavs Must Stay in Country

BELGRADE (AP)—Hundreds of Yougoslavs who have returned here from Canada and Australia have had their passports from those countries confiscated and according to Yugoslav law can have no further recourse to the services of representatives of those countries. Since it is almost impossible for an ordinary citizen to procure a Yugoslav passport that means these repatriates must stay here whether they want to or not.

A number of these people came with the idea of seeing their homeland again, perhaps visiting relatives for a while and then returning to their adopted homes. They, of course, have been unable to do so. But they have been settled here and given good jobs, often as technicians.

Many, of course, returned voluntarily with the idea of staying in the new Yugoslavia. The authorities have treated them very well. But there are some who are dissatisfied. They have hounded British and Canadian consulates to absolutely no avail. They are Yugoslav citizens and that's all there is to it.

Veterans' NEWS

The Veterans Administration has inaugurated a comprehensive follow-up program designed to enhance and prolong the effects of hospital treatment among the thousands of veterans suffering from tuberculosis.

More than 13,000 veterans suffering from tuberculosis now are under the care of VA. A total of 80,763 veterans are receiving compensation or pensions for tuberculosis.

Cooperating in the program are all of VA's 126 hospitals and 70 regional offices.

VA's follow-up program is designed to discover relapses among tuberculosis sufferers early so that further treatment may be instituted promptly.

It further is designed to help prevent advanced disease and thus contribute toward the safeguarding of others through the control of communicable tuberculosis.

Seventy national and state organizations now are authorized to present and prosecute claims against the Veterans Administration in behalf of veterans and their dependents.

They have been recognized by the Administrator of Veterans Affairs under section 200, Public Law 844, 74th Congress. Under the law, organizations' representatives may not charge for services rendered.

VA generally may recognize only state or governmental services, or organizations granted a charter or recognition by an act of Congress.

THE BIBLE SPEAKS

International Uniform Sunday School Lessons

By LOUIE D. NEWTON, D. D.

SCRIPTURE: I Kings 22:1-40.
DEVOTIONAL READING: Psalms 138: 1-8.

Micaiah, A Prophet of Israel

Lesson for July 4, 1948

WE BEGIN a new series of studies this quarter—a series of lessons based on less known Bible characters that have much to offer us. Such a character is found in Micaiah, about whom we learn in I Kings 22:1-40.

Dr. Newton

Ahab, king of Israel, planned an expedition to recover the city of Ramoth in Gilead, which the Syrians had taken. He invited Jehoshaphat, king of Judah, to join him. Ahab relied upon his court prophets to predict victory; but Micaiah, the prophet of God, whom Ahab had shut up in prison, when he was summoned, at the insistence of Jehoshaphat, told Ahab the truth—the unpleasant truth—which subsequent events verified.

• • •

BRAVE ENOUGH TO TELL THE TRUTH

THE first blessing in the study of this obscure Bible character, Micaiah, is to discover a man who was brave enough to tell the truth when he knew it was unpopular.

It is always the best policy to tell the truth, though there be many in today's world who deny this principle. It is not enough to say that we will tell the truth because it pays. That is true, but it as a by-product of doing what is right. One must tell the truth because it is right to tell the truth. Men swear with their hand upon the Holy Bible that what they testify is the truth and nothing but the truth. But, alas, such men often tell anything but the truth. They have been carefully coached to evade the truth.

Micaiah told the truth, because he was speaking for God. It hurt him, but it must needs be the truth he spoke to Ahab.

• • •

TRUTH DISREGARDED

Ahab scorned the words of Micaiah, and ordered him thrown back into prison. But scarcely had the prophet of God been thrust again into prison, until Ahab was bleeding to death in his chariot.

Men not only take their own lives in their hands when they disregard the truth, but, like stubborn Ahab, they bring grief to countless others. Had Ahab heeded the words of truth which Micaiah proclaimed, Ahab might have lived. Indeed, had Ahab heeded the words of truth, he might have recovered Ramoth, and more beside.

Truth may appear forever on the scaffold, wrong forever on the throne, but time always proves a hard taskmaster to the man who regards wrong instead of truth.

• • •

THE SOURCE OF TRUTH

GOD is the source of truth—all truth. If we miss this, we miss the lesson of the lesson. Note the words of the golden text, "As the Lord liveth, what the Lord saith unto me, that will I speak," said Micaiah.

Let us remember that it was God speaking through his prophet. Ahab could not have doubted that Micaiah was speaking what God had told him to speak. But Ahab did not want to hear the truth. He wanted to hear pleasing words that would encourage him in his evil plan.

God speaks the first and the last word on every subject, because God is truth. "I am the truth," said Jesus. And he went on to say, "Ye shall know the truth, and the truth shall make you free."

• • •

THE PENALTY OF DISOBEYING THE TRUTH

HORRIBLE, indeed, was the penalty which Ahab suffered for disregarding the truth. The way of the transgressor is hard—always hard. The wages of sin is death. Be sure your sins will find you out.

Take down your cherished books of history. What do they say to you? That the straight line of truth is the only safe way in which to walk. It is applicable for the individual, for the family, for the community, for the nation, for civilization.

Thus every great prayer must be, "Thy will be done." God's will is the way of truth. Micaiah declared it. Every true prophet must declare it. It is the only way to peace and joy in this world.

• • •

(Copyright by the International Council of Religious Education on behalf of 40 Protestant denominations. Released by WNU Features.)

On Believing

All over the world now there is a reaction from the superficial talk that it does not make much difference what a man believes. We have learned our lesson. What a man believes makes a world of difference not only in what he does, but what happens to him.

NEW YORK (AP)—Electric irons that are forgotten and left on cost the U. S. 300 fires a week.

In 1947 for the first time on record the average U. S. production per cow was more than 5,000 pounds of milk.

Poland Keeps Armed Strength

WARSAW, Poland (AP) — The ministry of national defense is conscripting men 21 years of age for two years' compulsory military training. The army also is accepting volunteers aged 18 to 20.

The call-up is a normal one. Poland's army absorbs about 100,000 new trainees annually to keep its strength at somewhere between 170,000 and 200,000.

Sunday Services, 11 a. m.
The public is cordially invited "God" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, July 4.

The Golden Text is: "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage. Thou shalt have no other gods before me" (Exodus 20:2,3).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Thus saith the Lord the King of Israel, and his redeemer the Lord of hosts; I am the first, and I am the last; and beside me there is no God" (Isaiah 44:6).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "We lose the high signification of omnipotence, when after admitting that God, or good, is omnipresent and has all-power, we still believe there is another power, named evil" (page 469).

Youth Spends Its Own Money

CHICAGO — A hundred boys and girls from Miles City, Montana, had a good time on their own money. The unusual group of visitors to the Chicago Natural History Museum reported the trip was paid for from savings out of earnings in odd jobs of baby-sitting, lawn-mowing, and helping householders with their spring cleaning.

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: DENVER H. SAULS
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 oclock a. m. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 2nd day of August, A. D., 1948, at or before 10 o'clock a. m., before the Honorable District Court of Ochiltree County, at the Courthouse in Perryton, Texas.

Said plaintiff's petition was filed on the 21 day of January, 1948. The file number of said suit being No. 993.

The names of the parties in said suit are: Voncile Sauls, as Plaintiff, and Denver H. Sauls, as Defendant.

The nature of said suit being substantially as follows, to wit: Suit for divorce, alleging as grounds therefor the cruel treatment of defendant toward plaintiff, and further asking that certain property be adjudged to be the separate property of the plaintiff.

If this Citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Issued this the 16th day of June A. D., 1948.

Given under my hand and seal of said Court, at office in Perryton, Texas, this the 16th day of June A. D., 1948.

((SEAL))

Sue Ragan, Clerk, District Court Ochiltree County, Texas.

veral Million Dollars Smut ss Faces Oklahoma Farmers

LLWATER, Okla., June 30—oma wheat growers will several million dollars this due to damage from smut, ves Dr. K. Starr Chester, Bo- department head at Okla- A. & M. College.

ut damage has also been in the Texas Panhandle t area, although not as ser- as in Oklahoma.

some Oklahoma fields as as 80 percent of heads are ted with smut. This amount fection means a total loss. other fields are less ser- y affected but will suffer loss.

ere are two prime reasons his enormous increase in the nt of smut, Dr. Chester s out. First is the laxity of ers in treating seed. For a ber of years, smut has not much of a problem to t men. Many growers have ed treating their seed and to climatic conditions and factors, have been getting well until this year.

e second reason for the in- e this year, was the climat- nditions of last year. The ght conditions existing from st into November made it st impossible to plant wheat e proper time. He points out when soil temperature is than 68 degrees it is fav- orable for the growth of the smut organism and by the time wheat was planted last year the soil was below this temperature.

Much of the reported smut has been found in fields of Red Chief Early Triumph and Early Blackhull. However, where these varieties were given proper seed treatment, no smut has been found. No smut has been reported in fields of Comanche or Pawnee, varieties which are recommended as resistant to smut.

Growers are advised to treat all seed next year to prevent smut.

India Pushes Assam Road

NEW DELHI (AP)—The 240-mile surfaced road to India's province of Assam will be opened soon.

Partition of India cut away Assam from the rest of India, except for a narrow strip of territory in the north. The road is being laid across this strip. Assam's link with India lay thru what is now eastern Pakistan. Assam's tea and timber was Calcutta but access to it lately has been through foreign soil.

It pays to advertise in the Herald. Ask our advertisers. Stewart Printing Co.

OIL IS AMMUNITION—This dramatic shot of a big rig (Shell Oil Co's.) on location near Hobbs, N. M., exemplyfies the oil industry's "all-out" offensive in the biggest task in its history, that of meeting present-day demands for petroleum.

Old Folks Can Vote Without Poll Exemption

AUSTIN—Old folks in the city will have the same voting privileges in the July 24 Democratic primary as the old folks in small towns and rural areas of Texas.

This in effect was the ruling of the Texas Supreme Court in an opinion handed down last week (week ending June 26). By a vote of 6-3, the State's highest tribunal held that all persons over 60 years of age who failed to obtain poll tax exemption certificates before Feb. 1 may vote in the elections this year.

Voting on the side of the old folks were Chief Justice J. E. Hickman, Associate Justices Graham B. Smedley, James P. Hart, W. St. John Garwood, John H. Sharp and W. M. Taylor.

The case originated in Howard County, and involved the legality of an amendment to the exemption certificate law, passed at the last session of the Legislature.

The lawmakers had passed a bill that required all persons over 60 must renew their permanent exemption certificates annually, if they lived in cities of 10,000 population or more. The amendment did not change the exemption procedure of old folks living in small towns and rural areas, who are not required to make renewals.

The supreme Court in ruling in favor of the old folks said that the Legislature did not intend to deprive any qualified voter of his right to vote, and reversed lower court opinions by holding that the amendment failed to set out a penalty.

Thousands of old folks in Texas would have been unable to vote if, the Supreme Court had not ruled as it did.

Manila People's Court Dropped

MANILA (AP) — The People's Court, established immediately after the Philippines Liberation to try those who collaborated with the Japanese, will be abolished about the middle of June. Amnesty has been granted to most defendants. About 3000 cases involving spies and military collaboration are being transferred to regular courts.

Every year 350,000 homes in America are destroyed by fire, one every other minute.

Dalhart's XIT Reunion Plans A Lively Time

DALHART, Texas, June 30 — There won't be a dull moment at the 12th Annual XIT Reunion in Dalhart July 30-31.

In the past that hasn't always been true. Some of the afternoons have been draggy. But they won't be this year.

The XIT Rangers—an organization of men and women bound together by their common love of horses and things Western—have told the reunion directors they will provide a baseball game and horse races each afternoon. And they will be free, starting at 1:30 p. m.

As in the past, the reunion will be prefaced with a memorial service Thursday night, July 29, in memory of all pioneers. Dalhart churches will join in the service. Ex-Gov. Coke R. Stevenson of Junction will be the speaker.

Other events will include: Annual XIT parade Friday, July 30, at 11 a. m.; professional rodeo and three dances each night; XIT calf scramble; clowning and other specialty acts.

Headquarters for all oldtimers will be the XIT Rangers big clubhouse. Reunion directors will be host to the oldtimers at a feed both Friday and Saturday noons.

Be Alive on the Fifth

Many happy returns of the day!

Every American joins in extending birthday greetings to his country as it celebrates its 172nd anniversary on the Fourth of July. Unfortunately, there will be many Americans who will be dead on the Fifth.

The National Safety Council can predict with grim certainty that 8,000 persons will be killed by accidents during the month of July. Thousands more will be injured, some of them disabled for life. Many of these deaths and maimings will occur during that annual jamboree of carelessness—the glorious Fourth.

The driver who speeds to get to his destination before dark—what does it matter whether he arrives 10 or 20 minutes later? Will he be the victim of an automobile accident? Accidents are not acts of God, they are acts of men and women and children who foolishly bet their lives for dubious rewards.

It has been said that accidents are no respecter of persons. But there is one person who is respected by accidents. He is the man who thinks before he acts, who never takes a chance just for the fleeting thrill of risking his neck, who conducts himself with courtesy and consideration at the wheel of a car.

He will make sure that he and his family will have a happy return by exerting a little extra caution to meet the extra hazards during the holiday. He will be under no illusions that he is immune from accidents.

He will remember that to be safe on the Fourth is to BE ALIVE ON THE FIFTH!

World Red Forces Aims at America

From two different sources in recent weeks have come revelations concerning Stalin's plans to make the United States the No. 1 target of communism.

George Dimitrov, exiled Bulgarian peasant leader, told a Congressional committee that because Reds look upon the United States as the most powerful of all democracies that the Soviets plan to make this country "suffer the most" in the end. He expressed a certainty that at the present time Americans are being trained in Moscow to deliver up this country at the proper time as other quislings have done. He said Communists everywhere are now bent in a vast plot for violent seizure of power. The tactic of the moment, he said, is to rub up and inflame such difficulties as the Palestine situation in Europe or the racial question in the United States.

The other statement was made by George Hewitt, former Communist Party member, who related that the Reds had 30,000 party members training for revolution in this country in 1932. He said that despite the announcement by the American Communist Party that it had severed ties with the Internationale in 1940, the American Reds continue to get their instructions from Moscow. Some of the instructions, he said, were relayed by a man named "Eisler." He did not further identify the man. Gerhard Eisler, rated as the No. 1 Red in this country, is now fighting deportation as a Communist alien. Hewitt testified at the deportation trial of Peter Harisiades, wrter for the Greek-American Tribune, published in New York, who is accused of belonging to an organization advocating the overthrow of the U. S. Hewitt said Stalin's plan for seizing the United States was similiar to that followed in Russia "in which every grievance served as a brick to consolidate the masses until the masses became sufficient in the number to storm the machinery of the capitalistic state and set up their own form of government." From "The Enemy Within Our Gates," in the National Republic.

Goodby, Gas

The frantic search for new oil reserves to keep the nation's motor vehicles supplied and take care of national defense needs is seriously handicapped by the steel shortage. Pipe is especially scarce, and many drillers are paying skyhigh prices for what little they are able to corral.

Nevertheless, it was announced a few days ago that a new high-pressure natural gas pipeline costing $140 million and using up a lot of steel, would be built from Texas oil fields into the eastern states.

For some time it had been rumored that some of the Texas gas being piped east was being used to re-pressure some of the broken-down fields of older oil producing areas. Commenting on the new pipeline, the New York Times observes:

"The Appalachian and Midcontinent fields must be integrated for economic and military reasons . . . This means the depleted areas of the Appalachian field must become storage reservoirs for gas piped from the Midcontinent field. The Federal Power Commission is clearly right in insisting on the provision of storage at a time when the national security is uppermost in the country's mnd."

The Times then goes on to speak comforting words to coal miners, who have opposed the building of gas pipelines to the east. Never mind, the TIMES says, this natural gas won't last long enough to do any real harm to the coal mining industry. "It is dead right here, at least," comments the Dallas Morning News.

Nobody in Texas, and particularly the legislature, seems excited about the ruthless draining off of the Texas natural gas supply to compete with coal elsewhere. When it's gone, every Texas industry and every Texas household using natural gas will be left holding the sack. This irreplaceable natural resource is going away from Texas without even the comfort of knowing that it has first been made to yield an adequate tax return.

Using Texas gas to repressure dead oil fields to compete with Texas petroleum is adding insult to injury.—San Angelo Evening Standard

One of our friends says nothing gives him greater buyer's resistance than listening to a singing commercial on the radio.

"Was Socrates guilty?" was warmly argued at a Great Books forum. For another academic debate: Were the aKnsas City vote burglers guilty?"—St. Louis Globe-Democrat.

We wonder when we will elect the first President who can boast that he was born in a quonset hut.

Remember way back when a wooden dish of calves' liver was a by-product the butcher presented you with when you bought a smoked ham for a dollar and a half?

BABSON PROBES THE FUTURE

ROGER W. BABSON, Editor-in-Chief

BABSON PARK, Mass., June 25—During the month of June many important forecasts have been made by scientists in connection with the graduating exercises of the 169 engineering schools of the United States. Some of these seem fantastic; but if we will look back 50 years and compare the things which we have today with what we had 50 years ago, these forecasts will not seem strange.

Insulation Against Gravity

Thus far we have been able to insulate against heat, cold, sound, light and even atomic waves. We, however, have been unable to insulate against gravity. Someday this secret will be discovered. It can be applied to hundreds of things from stair treads to airplanes. It naturally will be rather bearish upon the stocks of certain companies and bullish on others.

We are hearing of all kinds of practical uses for atomic energy; but the one that seems most revolutionary is its use in blowing off mountain tops and in redirecting ocean currents. This would open the way for vast changes in weather conditions making the arid parts of this country and, in fact, the world blossom like a rose. This might make new irrigation projects unnecessary.

What We Eat

In the years ahead we certainly will have "no world" or One World. Believing that we then will have One World, we must assume that there will be no tariffs nor further talk about nationalism. Then our food will be raised where God intended it to be raised which is the only way that world peace can be established and maintained. If such a system were adopted at once, it could reduce the cost of agricultural products 50%. Furthermore, if the homes, schools and food advertisers would cooperate to get the American people to eat what and as we should, we all would live to be 100 years old.

Scientists tell us that with every rainfall vitamins and minerals are being washed from the soil. These flow down the streams into the ocean. Hence, while the land and its products are constantly getting poorer, the ocean and its products are constantly getting richer. Today the ocean is controlled only within three miles of the different countries which it borders. When we have One World, this control will apply to the entire ocean. With the same attention given to the fisheries as is now given to agriculture, the products of the ocean could supply sufficient proteins to every man, woman and child on the earth.

Clothing and Shelter

The weaving of cloth will in all probability be eliminated in the not too distant future. All of our clothing, rugs and upholstery will be made the same as paper is made today. Raincoat manufacturers are already using such material. Our new houses will sometime be prefabricated and would be today were it not for the crazy rules of labor unions and the antiquated building codes. Then there will be a reduction in the cost of living from which wageworkers will get a real benefit far exceeding anything which the union labor leaders have thus far given them.

Before too many years a start will have been made towards using water and soil as fuel. Wireless and television will have been developed so as to enable—for all practical purposes—the instantaneous transmission or transportation of us as individuals. We will no longer need to take a train, automobile or airplane for a conference a thousand miles away. We can get the same result by sitting in a television booth at or near our home.

Importance of Decentralization

Another very important development will come with decentralization. In fact, I have almost decided to devote the rest of my life to aiding the decentralization of cities, industries and large educational institutions. Not only is decentralization the only defense against atomic and bacteriological attacks, but it is fundamental to efficient, economical and democratic living. We, moreover, must not be content with these material developments but make certain that we progress spiritually as well. The greatest need now is for better mental motivation.

Mr. and Mrs. Leo Hosler and Beverly, Mrs. Bessie Holland of Van Nuys, Calif., and Mrs. Edith Oerpel, Phoenix, Ariz., are guests in the home of Mr. and Mrs. R. H. Holland. Mrs. Hosler, the former Anna Holland is a cousin and Mrs. Bessie Holland, an aunt, to Mr. Holland. They are visiting other relatives while here.

If we don't have it, we can get it for you. Stewart Printing Co.

Reds Build Berlin Memorial

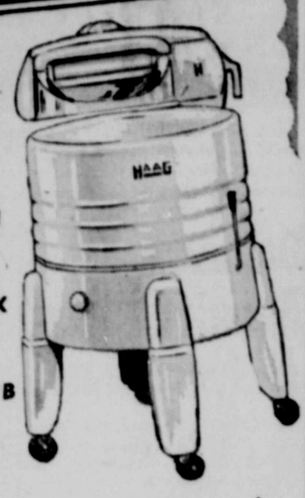

BERLIN (AP)—Red marble and stone from the chancellery Hitler built are being used to construct a big memorial to Soviet soldiers who fell in the Battle for Berlin. The USSR is the only one of the victorious Allied powers to erect such a monument here. Construction work on the memorial in the Treptower park of Berlin is already well underway. It is expected to cost ten million marks before its completion by the end of this year.

The monument will bear the inscription "Eternal glory to the fighters of the Soviet army who gave their lives to free humanity from Fascist slavery." Sixteen reliefs, according to the Soviet licensed German press, will depict the life of Soviet men and women at peace, the sudden attack of Germany on the Soviet union, the battles of Stalingrad, Odessa and Sevastopol, the siege of Leningrad, and the climax of the Russian offensive with the hoisting of the Red flag by Soviet soldiers on the ruins of the German Reichstag building. Centerpiece of the memorial will be a 36 foot high statue of a Soviet soldier trampling on the Nazi Swastika.

IT'S TIME FOR A MAN with A PLATFORM

Congressman
Lyndon Johnson
"The Man Who Gets Things Done"
Candidate For
U. S. SENATE

AND HERE'S WHAT LYNDON B. JOHNSON STANDS FOR—

PREPAREDNESS:
A strong industrial system . . . free competitive enterprise.

An air force second to none. He bucked the military bureaucrats to help push the 70-group Air Force bill through the House.

Unpreparedness led us into two wars. Let's not let it happen again.

PEACE:
A stronger United Nations . . . Stop the war makers!

He supports the Marshall Plan "to help those who are willing to help themselves."

PROGRESS:
A fair deal for farmers . . . fair price supports, caliche roads, electricity.

Soil conservation and flood control.

An unbiased, fair stand on labor, opposing selfishness in labor or business.

Raise Old Age Assistance Benefits and take pensions out of politics.

We must curb the spiral of prices forced on us by a Republican Congress.

Subject to the Democratic Primaries July 24

(Political adv. paid for by Friends of Lyndon Johnson)

Borger Plans Big Fireworks Show July 4

Next Sunday night, July 4th, at 9:30, the kiddies of the whole Panhandle will see the largest fireworks display ever held in Borger, FREE. There will be fifty two-set pieces consisting of fourteen big illuminators, two mystic circles which are six feet in diameter, two silver circles and two golden glory circles, all over six feet high. There will be radium mines, silver mines, battery mines, floral fountain devices, crazy wheels, sun wheels, criss cross devices, two 25-foot Niagara Falls, beautiful transformation wheels, star devices, that will make the kiddies Oh and Ah all during the show. There will be three 25-foot, 25-shot each, bombardments which will split the air wide open, and 12 gorgeous port fires. The display will end with two beautiful American flags and with two surprise displays.

While the set pieces are being fired there will be hundreds of shells fired into the air, consisting of 9 twelve and fifteen inch, one two and three break shells. The night sky will be colored with red, blue, green, white, yellow, and all the rest of the colors of the rainbow.

This display is being brought to Borger by the Pythian Goodfellows for the pleasure of all. Children fifteen and under and over 90 years of age will be admitted FREE as guests of the Knights of Pythias local lodge. Kids from 16 to 90 will be charged 50c to help defray expense of the display. Dr. D. T. Thrower, Chancellor Commander of the Pythian lodge is also Chief Goodfellow. He urges all to buy their tickets in advance so that cars can be run thru the line in fast order.

The display will be held in the Canadian River bed with the Plemmons bridge as a grandstand.

Tickets are being sold every week day at fifth and Main Street by the Pythian Sisters and the Lodge members.

BIGGEST QUESTION MARK—General Dwight D. Eisenhower remains the biggest question mark to the Democrats. Faced with the tremendous problem of getting Harry Truman elected, many Democrats are itching to nominate Eisenhower. So far, he has turned a deaf ear to this "draft" talk, but Democrats are sure he will accept if nominated.

Miss Nell Lathem, who attends West Texas State College Canyon, was a houseguest of Mr. and Mrs. L. D. Baumann and Bruce this weekend.

LAREDO EDITOR—William C. Ford, managing editor of the Laredo Times, has made an outstanding record with that border daily.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: Thomas Davis, Defendant in the hereinafter styled and numbered cause:

You are hereby commanded to appear before the District Court of Ochiltree County, Texas, to be held at the courthouse of said county in the City of Perryton, Ochiltree County, Texas, at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before, 10 o'clock a. m. of Monday the 19th day of July, 1948, and answer the petition of Barbara Davis, Plaintiff, in Cause Number 1019, styled Barbara Davis vs. Thomas Davis, in which Barbara Davis is plaintiff, and Thomas Davis is defendant, which petition was filed in said Court on the 3rd day of June, 1948, and the nature of which said suit is as follows: suit for divorce and custody of minor child.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness Sue Ragan, Clerk of the District Court of Ochiltree County, Texas.

Given under my hand and the seal of said Court at office in the City of Perryton, this 3rd day of June, 1948.

(((SEAL)))

SUE RAGAN,
Clerk of the District Court of Ochiltree County, Texas.
By Viola S. Miller, Deputy.

Issued this 3rd day of June, 1948.

Graham-Hoeme
The Revolutionary Plow
WE HAVE 'EM ON HAND!

Plowing the Correct Way

With the Graham-Hoeme two-inch chisel as shown in illustration prevents blowing, permits water to bypass top soil into the sub soil. Keeps the rubble on top, thus cutting down evaporation.

PROVEN FACTS

Enough rain falls on your farm most every year to make fine crops. But after the first few minutes of rain a smooth surface seals itself so the rate of intake is greatly lessened. This causes run-off. It has been scientifically proven that the same field will not seal itself when plowed with the Graham-Hoeme Plow with a 2-inch chisel furrow every 12 inches to by-pass the rainfall through the top soil and keep a straw mulch on top. Experiments prove that upwards of three times the moisture enters the ground.

Suppose the next day turns off fair and hot. Bare soil would soon be steaming and losing its moisture rapidly. But not covered ground. It is shaded from the sun and protected from the wind. The moisture stays in the soil.

Under these conditions your soil stays moist so long that it bridges the gap between rains.

These things are not just opinions—they are proven facts. The Nebraska Experiment Station has proven them in some of the worst years the Midwest has ever known. Now we know that a covered, corrugated field in a good, brisk summer rain will absorb 200 percent more moisture than a bare field and 64 percent more than a field with a lot of vegetable matter plowed into the surface.

Any Other Tractor Tire

The principles of design and construction of the Firestone Champion Ground Grip are new, advanced. The tread is featured by extra high triple-braced bars that curve and flare outward from the center of the tire. This gives cleaning efficiency never approached by the other tread designs. The margin of superiority is so great that it must be seen to be believed.

Film Tells Shock Tale of Gambling In Pro Athletics

Anyone who enjoys "whodunits" and action dramas will want to see "King of the Gamblers" which plays at the midnight preview at the Ellis on Saturday night, July 3.

The picture exposes all the finagling and skullduggery rampant among those engaged in the lurid and lucrative profession of "throwing" professional football games, races and other sporting events.

William Wright plays the role of a young attorney who devotes all his energies to exposing the gambling ring, unaware that his beloved foster father is in league with the gamblers. As his investigation brings him nearer and nearer the truth, a series of startling developments serve to intensify the smashing action throughout the film.

Cancer Deaths Increase 18 Per Cent in Texas

AUSTIN, Texas—An increase of more than 18 per cent in Texas cancer deaths during the five years between 1943 and 1947 has been announced by Dr. Geo. W. Cox, State Health Officer.

Texas mortality tables compiled by the Texas State Department of Health show 1943 cancer deaths at 5,557, as compared to 6,770, for 1947.

"The greater part of this tremendous increase in cancer deaths is attributable to needless delay in seeking treatment, once a person has reason to suspect he has a cancerous growth," Dr. Cox said. He added his belief that advertising of patent medicines and so-called cancer quacks puts dangerous and misleading information before the public, thereby adding to the cancer mortality rate. This is because people are lulled by such propaganda and do not receive proper diagnosis and treatment until too late.

Dr. Cox said that almost two-thirds of all cancer cases rely on surgery to remove the cancerous tissue, while the other third may respond to X-ray or radium treatment.

"These three methods are the only means by which the disease can be treated," he said. "Self-medication, serums, colored lights, pastes, and diets are absolutely useless."

The Health Officer pointed out that the greatest defense against cancer is an early diagnosis and competent treatment by a reputable physician. He urged especial attention to any unnatural bleeding from any body opening, lumps in the breast, and skin sores which fail to heal normally.

Mr. and Mrs. Bernard Dale, Pleasanton, Iowa, came in last week for a visit in the homes of her brothers, R. H. and Lloyd Holland and her sisters, Mrs. T. O. Pugh, Mrs. Carl Blackmore and Mrs. R. R. Ward.

SUMMER HOLIDAY—Frank Morgan and Mickey Rooney in a scene from "Summer Holiday," new Technicolor musical drama, which comes to the Ellis on Sun.-Tues., July 4-6. Seen in the topnotch cast with Rooney and Morgan are Gloria DeHaven, Walter Huston, Butch Jenkins, Marilyn Maxwell and Agnes Moorehead.

O'Neill's Play, 'Ah, Wilderness' Has Become 'Summer Holiday'

"Summer Holiday," starring Mickey Rooney and Gloria De Haven, comes Sun.-Tues., July 4-6, to the Ellis. The picture is based on Eugene O'Neill's now almost classic play, "Ah, Wilderness," which described in nostalgic terms the pleasures and near-tragedies of the early 1900's, and particularly the case history of young Richard Miller who tries to carry the problems of the whole world on his frail shoulders.

Mickey Rooney is Richard Miller, bursting to preach the "evils" of capitalism in his impassioned high school valedictorian speech; confronted with the difficulties of making his adoration articulate to eager but shy Muriel, played by Gloria DeHaven; experiencing his first taste of worldly wisdom when he falls into the clutches of honky-tonk Belle (Marilyn Maxwell.)

Richard's dilemma, together with such other chronicles as the love of a spinster member of the family for the amiable but shiftless Uncle Sid, and the swift pace of a small-town scandal when Muriel's father believes Richard's company to be bad for his daughter, are unfolded with bold humor and anunderlying tenderness which gives "Summer Holiday" an irresistible appeal.

Mrs. J. W. Short left last week for LeFors, Texas, where she will make her home with relatives. Miss Mary Milam, who has been her companion for some time, went to LeFors with Mrs. Short to help care for her.

Hill Dinner to Be Open to Public July 5

CANYON, June 30 (Special)—The testimonial dinner for Dr. J. A. Hill here July 5 at 7:30 p. m. will be open to the general public.

Some of the leading educators in the Southwest, ex-students of West Texas State College, and friends of Dr. Hill will pay tribute to him at this dinner. The dinner is a part of the program of the Dr. Hill Educational Conference which is being sponsored by the Texas State Teachers College Board of Regents.

Reservations for the testimonial dinner may be made in writing or otherwise contacting Mrs T. V. Reeves, West Texas State College, Canyon. Price per plate is $1.50.

Ex-students of West Texas State and other friends of Dr. Hill who are not in the teaching profession are assured their requests for reservations will be taken care of just as long as the supply of 425 lasts. Deadline for making reservations is July 2.

Hometown Shrinks

HOBART, Tasmania (AP)—Noted Australian-born pianist Eileen Joyce finds her birthplace today is not what it used to be. Miss Joyce, at present touring Australia, revisited her hometown, Zeehan, on the west coast of Tasmania. She found it had fallen from a hearty silver and lead mining town of 8,000 people to a sleepy hollow of 800 people. The site of the house where Eileen was born is now only a grassy patch. Hundreds of miners went from surrounding settlements to see Miss Joyce, who played for them on an ancient piano.

Road Building Plan Blows Up

PENRITH, Eng. (AP)—Diggings said local woodsmen, was the only way to dislodge "big Bertha — "tough, 200-year-old tree stump delaying work on a $8,400 road improvement here. Nonsense, said blasting experts, advancing with dynamite. Traffic was stopped, the local population evacuated—and boom! After they repair the surrounding houses, workmen are going to start digging again.

Mrs. C. B. Barber and granddaughter, Miss Sandra Stump left Tuesday for San Diego, Calif. where they will visit Mrs. Barber's daughter, Mrs. E. F. Mazko and family.

JACK CARSON and ANN SOTHERN with Robert Alda and S. Z. Sakall in—

"April Showers"

Songs Galore! Girls Galore! Fun Galore! A musical romance with a new flourish, laid in the nostalgic 1912 period against Flamboyant San Francisco. Don't miss the 12 all-time song hits . . . and a story your heart will warm to.

Friday-Saturday
July 2-3

GEORGE NOKES—BRENDA JOYCE—ROBERT SHAYNE—Ralph Sanford and "Shaggy" in—

"Shaggy"

Against a scenic background beautifully captured by the color camera, the heart-warming and exciting story of "Shaggy" is told. It is an appealing drama of the comradeship between father and son, of the bond between a boy and his dog, disrupted by a woman who was too weak in a land that had no room for weakness.

Sunday-Monday-Tuesday July 4-5-6

MICKEY ROONEY — GLORIA DE HAVEN — WALTER HUSTON
Frank Morgan and Butch Jenkins in —

"Summer Holiday"

The era of Stanley Steamers, Fourth of July picnics and the celluloid collar are fondly recalled in this nostalgic Technicolor musical which is the filmization of Eugene O'Neil's famous play "Ah, Wilderness". Musical numbers include, "Stanley Steamer", "Weary Blues", "Independence Day", and "All Hail to Danville Hi".

Wednesday-Thursday
July 7-8

DENNIS MORGAN — VIVECA LINDFORS — VICTOR FRANCEN—Bruce Bennett and Dorothy Malone in —

"To the Victor"

Director Delmer Daves headed a troupe of stars direct from Burbank to Paris for exterior shots. Part of the excitement is filmed right on the Omaha beachhead in Normandy. Miss Lindfors has the role of a Swedish girl once charged as a collaborationist and Morgan is an American veteran who was in the battle of the Normandy beachhead and stayed on in Paris.

Friday-Saturday
July 9-10

DONALD O'CONNOR—OLGA SAN JUAN
MARTHA STEWART—Lew Parker and Walter Catlett
—in—

"Are You With It"

A gay comedy with catchy music in which O'Connor changes from a mathematically minded insurance actuary to a carnival man. His Harvard schooling and skill with figures finds a unique outlet in building a wheel of fortune, in dancing and singing and in hypnotizing a belligerent audience in the side show follies where his former secretary (Olga San Juan) is helping out.

Auto Death Seat Is Beside Driver

NEW YORK — The death seat in an auto is the front seat beside the driver, says Dr. Claire L. Straith, Detroit plastic surgeon, in the Journal of the American Medical Association. His name for this seat comes from a stream of women and girls going to Harper Hospital, Detroit, to have their faces repaired by plastic surgery. About 70 per cent of them had been occupants of the death seat at the time of an auto crash. In those crashes one-third as many drivers were hurt.

In one month's auto injuries in Detroit, of all kinds, he says, 372 passengers were hurt. Of these nearly 70 per cent were in the front seat beside the driver. With better roads and higher speeds, the death seat injuries and deaths are becoming more numerous. But Dr. Straith says speed is not the only cause of injuries and deaths in the front seat. Other causes are knobs, cranks, sharp ledges and drop-down ash receivers. Even at a speed of 20 miles an hour, a woman had her face badly mauled by gadgets when she fell forward.

A flat, wide cushion patterned to cover the dash so that a face will bump only a smooth, soft surface, he says, would reduce facial injuries immensely.

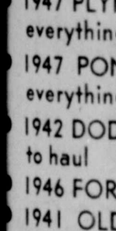

Windshields inflict many cuts, he says, and occasionally nearly decapitate the victim. He advocates hinging windshields so that they would be forced outward by a blow just short of the glass-breaking force.

Eagle Kills Boy in Turkey

ISTANBUL (AP) — The seven-year-old son of a shepherd climbed a summit on the Anatolia plateau recently and prodded into an eagle's nest. There was a scream from above, and, as the helpless father and villagers watched, an eagle swooped down. With the child in his claws, the bird soared upward and away. Those on the ground watched the boy struggle furiously and finally break loose—to fall to his death from more than 1,000 feet.

Mr. and Mrs. T. O. Pugh and Delos, and Mrs. Bernard Dale, Pleasanton, Iowa, were in Amarillo Tuesday to attend funeral services for Mrs. Wilbur Holland's brother, Bowie Myers, who was killed in a truck crash early Sunday morning near Raton, N. M. Mrs. Pugh and Mrs. Dale also visited their sister, Mrs. Bert Day, who is ill in an Amarillo hospital.

Ken Clouts 'Em

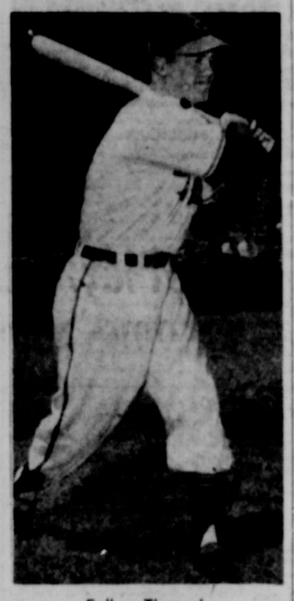

Ken Keltner

(AP) Newsfeatures

ON HIS WAY to the best season of the ten he has spent in the majors is clouting Ken Keltner, veteran Cleveland third baseman. The 31-year-old star opened the season by clubbing home runs at a pace that would have given him 96 for the season. He's slowed down since but still leads the American League sluggers in circuit blasts, boasting fourteen in mid-June. Now Keltner is aiming for his previous homer high of 26, posted his first year in the majors—1938. In these photos, Keltner demonstrates the batting stance and follow-through that has made him the scourge of the junior circuit hurlers.

Keltner at the Plate

Homeless in Japan

TOKYO (AP)—Japan now has 5,780,000 homeless families, a survey shows, and it all can't be blamed on the war. The housing shortage is growing, due both to the population increase and to the tremendous annual destruction of homes by fire, earthquake and flood.

Kisses Lose in Battle for Germany

BERLIN (AP)—Hard times have made the kiss unfashionable in Germany, according to the German press. "The sentimental kiss, the insignificant family kiss are out of place," the newspaper "Nacht Express" found. "Hard times usually limit sentimental expressions to an absolute minimum." The newspaper said it found kissing in public also had "grown more seldom."

"Since the housewife has been freed from the seculsion of the home and participates in all daily happenings, the attitude of the sexes toward one another has become more open and unaffected. Even young people in love no longer feel it is necessary to make the world a witness to their love."

NOTICE FOR PAVING BIDS

Sealed bids will be received at the City Clerk's office in the City of Perryton, Texas for the paving of the alley of Block No. 15, Original Town of Perryton, Ochiltree County, Texas, consisting of 6 inch concrete of the following mixture: 2 parts sand, 3 parts gravel, 1 part cement, reinforced with 1/8"x6" mesh wire, 10 feet each way from the center of alley. All bids to be received on or before July 5, 1948. The City of Perryton reserves the right to reject any or all bids.

Woodward's

EXCLUSIVE MEN'S FURNISHINGS

IN CONGRESS. JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America.

When in the Course of human events it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation. — We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness — That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, — That whenever any form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security. — Such has been the patient sufferance of these Colonies; and such is now the necessity which constrains them to alter their former Systems of Government. The history of the present King of Great Britain is a history of repeated injuries and usurpations, all having in direct object the establishment of an absolute Tyranny over these States. To prove this, let Facts be submitted to a candid world. — He has refused his Assent to Laws, the most wholesome and necessary for the public good. — He has forbidden his Governors to pass Laws of immediate and pressing importance, unless suspended in their operation till his Assent should be obtained; and when so suspended, he has utterly neglected to attend to them. — He has refused to pass other Laws for the accommodation of large districts of people, unless those people would relinquish the right of Representation in the Legislature, a right inestimable to them and formidable to tyrants only. — He has called together Legislative Bodies at places unusual, uncomfortable, and distant from the depository of their Public Records, for the sole purpose of fatiguing them into compliance with his measures. — He has dissolved Representative Houses repeatedly, for opposing with manly firmness his invasions on the rights of the People. — He has refused for a long time after such dissolutions to cause others to be elected; whereby the Legislative Powers, incapable of Annihilation, have returned to the People at large for their exercise; the State remaining in the mean time exposed to all the dangers of invasion from without, and convulsions within. — He has endeavored to prevent the population of these States; for that purpose obstructing the Laws for Naturalization of Foreigners; refusing to pass others to encourage their migrations hither, and raising the conditions of new Appropriations of Lands. — He has obstructed the Administration of Justice, by refusing his Assent to Laws for establishing Judiciary powers. — He has made Judges dependent on his Will alone, for the tenure of their offices, and the amount and payment of their salaries. — He has erected a multitude of New Offices, and sent hither swarms of Officers to harass our People, and eat out their substance. — He has kept among us, in times of peace, Standing Armies without the Consent of our Legislatures. — He has affected to render the Military independent of and superior to the Civil power. — He has combined with others to subject us to a jurisdiction foreign to our constitution, and unacknowledged by our laws; giving his Assent to their Acts of pretended Legislation: — For quartering large bodies of armed troops among us: — For protecting them, by a mock Trial, from punishment for any Murders which they should commit on the Inhabitants of these States: — For cutting off our Trade with all parts of the world: — For imposing Taxes on us without our Consent: — For depriving us in many cases, of the benefits of Trial by Jury: — For transporting us beyond Seas to be tried for pretended offences: — For abolishing the free System of English Laws in a neighbouring Province, establishing therein an Arbitrary government, and enlarging its Boundaries so as to render it at once an example and fit instrument for introducing the same absolute rule into these Colonies: — For taking away our Charters, abolishing our most valuable Laws, and altering fundamentally the Forms of our Governments: — For suspending our own Legislatures, and declaring themselves invested with Power to Legislate for us in all cases whatsoever. — He has abdicated Government here, by declaring us out of his Protection and waging War against us. — He has plundered our seas, ravaged our Coasts, burnt our Towns, and destroyed the lives of our People. — He is at this time transporting large Armies of foreign Mercenaries to compleat the works of death, desolation and tyranny, already begun with circumstances of cruelty & perfidy scarcely paralleled in the most barbarous ages, and totally unworthy the Head of a civilized nation. — He has constrained our fellow Citizens taken Captive on the high Seas to bear Arms against their Country, to become the executioners of their friends and Brethren, or to fall themselves by their Hands. — He has excited domestic insurrections amongst us, and has endeavoured to bring on the inhabitants of our frontiers, the merciless Indian Savages, whose known rule of warfare, is an undistinguished destruction of all ages, sexes and conditions. — In every stage of these Oppressions We have Petitioned for Redress in the most humble terms: Our repeated Petitions have been answered only by repeated injury. A Prince whose character is thus marked by every act which may define a Tyrant, is unfit to be the ruler of a free People. — Nor have We been wanting in attention to our British brethren. We have warned them from time to time of attempts by their legislature to extend an unwarrantable jurisdiction over us. We have reminded them of the circumstances of our emigration and settlement here. We have appealed to their native justice and magnanimity, and we have conjured them by the ties of our common kindred to disavow these usurpations, which would inevitably interrupt our connections and correspondence. They too have been deaf to the voice of justice and of consanguinity. We must, therefore, acquiesce in the necessity, which denounces our Separation, and hold them, as we hold the rest of mankind, Enemies in War, in Peace Friends. —

We, therefore, the Representatives of the united States of America, in General Congress, Assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name, and by Authority of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are Absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do. — And for the support of this Declaration, with a firm reliance on the protection of divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

IN GOVERNORS RACE—Caso March, Baylor University law professor and World War II veteran, is making his second campaign for governor. He was unsuccessful in 1946, but visited every county in Texas laying the groundwork for this campaign.

Veteran Forum

Q. My brother was blinded while in service during World War II. Is he entitled to anything to help him overcome his handicap?

A. A blind veteran entitled to compensation for a service-connected disability may receive, at Government expense, a guide dog and various other devices necessary to assist him overcome his handicap.

Q. If I go to a private physician to determine whether I need hospital treatment or domiciliary care, will the government pay the cost of the examination?

A. The Government will pay the cost of examinations by private physician only if Veterans Administration has given the physician prior authority for such examination.

Q. How much time do I have in which to complete my education under the provisions of the GI Bill?

A. Your education, under benefits provided in the Servicemen's Readjustment Act (GI Bill) must be completed 9 years after July 25, 1947.

Q. What is the maximum period of training a disabled veteran may receive under the provisions of the Vocational Rehabilitation Act.

A. Four years is the maximum, but Veterans Administration may extend the time if factors in any case warrant an additional period for the rehabilitation of the disabled veteran.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: T. J. STEWARD and WIFE HENRIETTA J. STEWARD, or if deceased, their unknown heirs and legal representatives, defendants in the hereinafter styled and numbered cause:

You and each of you are hereby commanded to appear before the District Court of Ochiltree County, Texas, to be held at the courthouse of said county in the City of Perryton, Ochiltree County, Texas, at or before 10 o'clock a. m. of the first Monday after the expiration of 42 days from the date of issuance hereof; that is to say, at or before 10 o'clock a. m. of Monday the 26th day of July, 1948, and answer the petition of ORA K. STEWARD and wife, RUBY STEWARD, Plaintiffs in Cause Number 1022, styled ORA K. STEWARD, et ux, vs. T. J. STEWARD, et ux, in which ORA K. STEWARD and wife RUBY STEWARD are plaintiffs, and T. J. STEWARD and wife, HENRIETTA J. STEWARD, or if deceased, their unknown heirs and legal representatives, are defendants, which petition was filed in said Court on the 12th day of July, 1948, and the nature of which said suit is as follows:

An action in trespass to try title to recover title to and possession of Lots Ten (10) and Eleven (11), in Block Eighteen (18), School Addition to the Town of Perryton, Texas.

If this citation is not served within 90 days after date of its issuance, it shall be returned unserved.

Witness Sue Ragan, Clerk of the District Court of Ochiltree County, Texas.

Given under my hand and the seal of said Court at office in the City of Perryton, this 12th day of June, 1948.

Sue Ragan, Clerk of District Court of Ochiltree County, Texas

dollars to doughnuts it's done by telephone

More business is being done today by telephone than ever before in history. Progressive business men everywhere have found the telephone to be a real time and money saver.

The tremendous increase in business calls is one of the main reasons for today's huge local and long distance telephone traffic.

Realizing the importance of telephone service to our national prosperity, the telephone industry is working constantly to maintain service at peak efficiency. Our local expansion program ties in directly with the national effort.

Athlete's Foot is Easier to Prevent Than it is to Cure

AUSTIN—"Few, if any, people have escaped the inconvenience and the annoyance of athlete's foot. It is said to be the third most common skin disease of the summer, and, contrary to popular opinion, the fifth most prevalent disorder in the winter."

So says Dr. George W. Cox, State Health Officer, in a recent press release. Dr. Cox explains that athlete's foot is due to a small, mold-like growth or fungus which thrives on moist, warm parts of the body such as the feet.

"The infectcion of athlete's foot is usually gotten directly or indirectly from someone else," Dr. Cox says, cautioning that the most likely places to contract the infection are around bath houses, locker rooms, and other public places where people go barefoot.

"It is probable that at least one-half of all adults suffer from the infection at some time."

In suggesting some effective measures to be taken to prevent initial cases and avoid recurrent attacks of the disease, Dr. Cox emphasized drying carefully between the toes; use of a mild alcoholic solution on these areas after drying; liberal applications of talcum powder in the socks and the shoes; and wearing socks that are absorbent but not coarse.

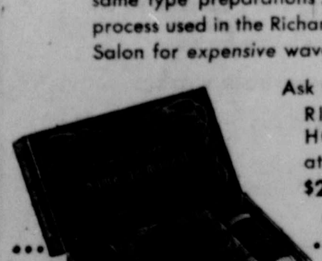

"Ill fitting shoes are often the source of athlete's foot, Dr. Cox warns. "Shoes that rub and chafe should be corrected or discarded."
