Officials Hold Some Hope For Test Ban

Brazil Threat Eases

BRASILIA, Brazil (AP) — The threat of civil war in Brazil appeared ended today as the nation's three military chiefs dropped their opposition to leftist Joao Goulart and agreed to let him become a figurehead president.

The 42-year-old vice president, whose leftist leaning led the military to denounce him as a security risk, indicated he would go along with the constitutional amendment approved by Congress that sets up a parliamentary system and vests the real power in a premier.

Congress devised the compromise to appease War Minister Odilio Denys and his fellow service chiefs who opposed giving Goulart full presidential powers. Goulart is slated to leave his southern stronghold of Porto Alegre Tuesday and fly to Brasilia for the inauguration. Congress is leaving the time and date of the ceremony up to him.

A terse announcement from the service chiefs had recommended that all commands respect the constitutional amendment appeared to ease the crisis.

Navy headquarters in Rio de Janeiro ordered federal forces in the southern coastal state of Santa Catarina to pull back to avoid a clash with pro-Goulart forces. Airline offices in Rio said flights would resume today to Brasilia. The airport has been shut down over the tense weekend with oil drums blocking the runway.

There was no sign of demobilization, however, by the military which has kept close watch over political developments since Janio Quadros quit as president Aug. 25.

News that the deadlock between Congress and the military had been broken touched off a scramble for the key post of premier.

Front runners in the race are: 1. Francisco Santiago Dantas, a member of Goulart's Labor party whom Quadros named Brazil's chief delegate to the United Nations; 2. Gov. Juracy Magalhães of the oil-rich state of Bahia, a conservative who has the respect of many political factions; 3. Ernani Amaral Felixoto of the Social Democrats, former ambassador to Washington; 4. Social Democrat Auro Moura Andrade, president of the Senate; 5. Tancredino Neves, also a Social Democrat, who is credited with winning agreement from the military leaders.

DEMONSTRATION FOR GOULART—Brizilians in Porto Alegre wave banners and photos as they stage demonstration in support of Joao Goulart who returned to his country to try to take over the presidency. Goulart arrived in Porto Alegre shortly after this demonstration. Picture at left is of Gov. Leonel Brizola, brother-in-law of Goulart. Brizola is the governor of Rio Grande do Sul. Violent Weather Hits State With Norther

By The Associated Press

Violent weather, with two tornadoes, heavy rains, lightning and high winds interrupted Labor Day weekend activities in many areas of Texas.

Two tornadoes swooped down on tiny O'Brien, 65 miles north of Abilene Sunday night, high winds whipped through Wichita Falls, lightning struck five homes in Quanah and torrential rains hit the Abilene area.

The cold air, right off snow-capped Colorado, dropped temperatures to a shivering 36 degrees at Dalhart Monday morning.

An overnight downpour of 5.35 inches of rain at Abilene caused some flooding in low areas where a few families had to leave their homes. A downpour started at 7 p.m. Sunday and by midnight the rainfall measured 3.96 inches.

Other heavy West Texas rainfall included 1.34 inches at Midland, 1.91 at San Angelo and 1.63 at Wichita Falls.

By early Monday the cool front that triggered the various storms had reached a line from Paris, on the Red River, to Brady, in Southwest Texas, and on into the Big Bend Country.

The front was expected to reach the Gulf coast by Monday night. The Department of Public Safety estimated the damage at

O'Brien, 70 miles north of Abilene at between \$150,000 and \$200,000. Sammy Johnson, a cotton

Cool, Damp Labor Day Is Observed

A cool, damp Labor Day greeted Snyder area residents this morning.

A fast-moving cold front, which swept through the area Sunday afternoon sent thermometers skidding to 32 degrees, lowest reading of the season. The cool morning contrasted sharply with maximum readings of 99 degrees and 94 degrees on Saturday and Sunday, respectively.

A light drizzle of rain followed the cold front into Snyder, resulting in 12 of an inch of moisture. Meanwhile, Snyder was observing a general business holiday, with most retail firms, offices, etc., remaining closed for the day. City schools also were taking the holiday.

Activity will resume Tuesday when many Snyder stores will observe Dollar Day and school pupils and teachers will go back to the classrooms.

weigher, told Haskell County Sheriff Garret that he saw two tunnels hit the town in late afternoon. Garret said several homes were heavily damaged. No injuries were reported.

Five cotton warehouses were destroyed and cotton trailers overturned as heavy rains and violent winds swept through the community.

Drenching rains accented by 5 mile an hour winds pounded Wichita Falls. Power lines fell and several homes were damaged. Some trees were uprooted.

Rains flooded streets at Knox City and Munday, in Knox County. Telephone lines were down in the area for a while.

A cotton warehouse at Munday received an estimated \$2,000 in wind damage. Knox County Sheriff Homer T. Melton said.

Five homes in Quanah were hit by lightning. However, none were damaged extensively.

The violent weather came as a large section of West and North Central Texas hovered under a weather alert issued by the Weather Bureau.

An area of scattered showers and thunderstorms were reported by the Weather Bureau early Monday. The area was bounded by Sherman, Fort Worth, Brownwood, Ozona, Brownfield, and Childress.

Lamesa got 1.90 inches of rain Sunday, Dickens 1.50, Guthrie 1.50, and 1-inch rains fell in the Lubbock area, although Lubbock itself recorded only about .20 inches.

Early morning temperatures ranged from Dalhart's 39 to 81 at Laredo, Corpus Christi, Palacios and Galveston—ahead of the cool front.

WEATHER

SNYDER TEMPERATURES: High Saturday, 99 degrees; low, 73 degrees; reading at 7 a.m. Sunday, 77 degrees; High Sunday, 94 degrees; low, 32 degrees; reading at 7 a.m. today, 32 degrees.

North Central Texas: Mostly cloudy with scattered light showers this afternoon and tonight. Tuesday mostly cloudy to cool and partly cloudy in west. Cooler this afternoon and tonight. Tuesday clear to partly cloudy. Cooler in south this afternoon and tonight. Low tonight 40 to 45 in northwest to 48 to southeast. High Tuesday 75 to 85.

Northwest Texas: Mostly cloudy with scattered showers and a few thunderstorms this afternoon and tonight and in east. Tuesday mostly cloudy to cool and partly cloudy in west. Cooler this afternoon and tonight. Tuesday clear to partly cloudy. Cooler in south this afternoon and tonight. Low tonight 40 to 45 in northwest to 48 to southeast. High Tuesday 75 to 85.

Southwest Texas: Mostly cloudy with scattered showers and a few thunderstorms this afternoon and tonight and in east. Tuesday mostly cloudy to cool and partly cloudy in west. Cooler this afternoon and tonight. Tuesday clear to partly cloudy. Cooler in south this afternoon and tonight. Low tonight 40 to 45 in northwest to 48 to southeast. High Tuesday 75 to 85.

Confessed Slayers Are Not Worried

BIG SPRING, Tex. (AP) — An eighth-grade girl and her male companion "don't seem to be worrying" about their fate after admitting slaying four persons in an Illinois-to-Texas crime spree.

Sheriff Miller Harris said Sunday John Edwin Myers, 32, of Chicago, told Illinois officers everything they want to know about the murders.

As her companion related the wide spree to officers, Donna Marie Stone, 13, read comic books in her jail cell.

Before the two were arrested near Midland, in west Texas, they had killed two persons in Illinois, one in Missouri and another in Texas.

Myers is charged with murder in the death of a hitchhiker, Lee Daklani, 30, of Ottumwa, Iowa, the last of the victims. He was shot as he sat asleep in their auto near Fort Worth.

Their first victims were George Ballard, 47, of near Belleville, Ill., and his daughter, Corale, 11, shot to death while fishing.

Margaret Wernicker, 39, who resided near Belleville, met a similar fate between Alton and Thayer, Mo.

Both Myers and the girl admitted the slayings which they said netted them \$16.

Dist. Atty. Gilford Jones said he would seek a murder indictment against Myers when a special session of the grand jury meets Wednesday. The girl is being held for juvenile authorities.

IN CUSTODY — John Edwin Myers, 32, stands behind Donna Marie Stone, 13, at the Midland, Tex., police station shortly after their arrest in connection with a slaying spree from Illinois through Texas which took four lives. (AP Wirephoto)

Soviets Set Power Show

By JOHN M. HIGHTOWER

WASHINGTON (AP)—U.S. officials said today they have some hope Soviet Premier Khrushchev may alter his course and accept a U.S.-British proposal for a ban on nuclear weapons tests in the earth's atmosphere. But the outlook was admittedly dim.

For the same officials who profess hope of a favorable response from Moscow also say that the Soviet nuclear explosion announced by the White House Friday is believed to be the first of a carefully planned series of aerial bursts. They say it would require a major change in plans for Khrushchev to agree that all future tests should either go underground or be fired in outer space.

Furthermore, the United States has already charged the Soviet

Union with using the resumption of nuclear testing as a form of "atomic blackmail" in an effort to frighten other countries into accepting his demands, especially on Berlin and Germany. Many officials here feel he intends to continue brandishing his nuclear power for some time longer.

There is speculation that the Soviet announcement Friday of military maneuvers in the Barents and Kara seas with various types of modern weapons fits into the same pattern of a power display designed to intimidate other nations. Whether nuclear explosions may be fired parallel with the maneuvers is also a subject of speculation.

The maneuvers are scheduled to start Sunday. The area designated is in the arctic and includes the island of Novaya Zemlya, where the Soviets shot some nuclear tests before the East-West moratorium on explosions three years ago.

President Kennedy and British Prime Minister Harold Macmillan proposed to Khrushchev Sunday that their three governments agree, effective immediately, not to conduct nuclear tests which take place in atmosphere and produce radioactive fallout. They set Saturday as a deadline for a reply.

Barring significant developments in the meantime, officials here indicated that Kennedy would take no public action until the deadline on resumption of U.S. nuclear testing. In any event it is understood that any U.S. test which the President may order will be underground or, perhaps in outer space.

Kennedy and Macmillan said their aim in proposing the ban on atmospheric blasts "is to protect mankind from the increasing hazards from atmospheric pollution and to contribute to the reduction of international tensions."

"They urged Chairman Khrushchev to cable his immediate acceptance of this offer and his cessation of further atmospheric tests," their statement said.

The statement was presented to Soviet Embassy Minister Mikhail N. Smirnovsky at the State Department by Assistant Secretary of State Foy D. Kohler. It later was made public by the President's office at Hyannis Port, Mass., where he is spending the weekend and by the State Department officials said it was also released in London.

In Hyannis Port, it was reported that Kennedy felt an early international ban on tests in the atmosphere was vital to humanity. This was the primary motive, administration sources were said to believe, for the challenge to Khrushchev to accept an immediate ban.

Traffic Toll Keeping Pace

By The Associated Press

The nation's traffic deaths since the start of the long Labor Day weekend today appeared keeping pace with the grim pre-holiday estimate of 420.

Nearly 300 persons have lost their lives in traffic accidents since 6 p.m. Friday, with the heaviest travel of the three-day holiday weekend expected today.

The National Safety Council, which had estimated the traffic death toll of 420 and some 17,000 injured, cautioned motorists that

traffic in the closing hours of the long weekend holiday "not only is heavy but dangerous."

"It must be offset with a great deal of patience and constant regard for the safety and welfare of everyone on the road," the council said.

During last year's three-day Labor Day weekend, traffic accidents killed 415 persons. The record toll on any Labor Day weekend is 461, set in 1951.

The traffic death rate appeared running about even for the similar period during the Independence Day weekend this summer. However, the Fourth of July holiday was observed for four days and the traffic death toll of 509 was a record for the holiday.

The traffic fatalities for a non-holiday weekend at this time of the year, the council said, would total 330. A survey by The Associated Press during a 78-hour non-holiday weekend, from 5 p.m. Friday Aug. 18 to midnight Monday Aug. 21, showed 390 traffic deaths, 14 killed in boating accidents, 47 drownings and 97 who lost their lives in miscellaneous accidents.

FRIENDLY TOUCH AT DUTCH ZOO—These neighbors of the Artis Zoo in Amsterdam get along just fine. Storm the rhinoceros, uses its horn to scratch hind foot of Betsy, the elephant. And being a lady, Betsy is quick to turn around and say thanks. (AP Wirephoto)

Sharp Clash Develops In Conference

BELGRADE (AP) — A sharp clash developed today among the self-proclaimed nonaligned nations meeting here over whether they should devote their attention to the danger of world war or colonialism.

The final communique will emphasize both the danger of world war and problems of colonialism, India's Defense Minister V. K. Krishna Menon said the committee is still discussing whether to separate the points into two communique or combine them. He indicated a two-part communique is most likely.

India's Prime Minister Nehru said the drift of the world toward war should be singled out. But he added, it was natural for colonial problems and other questions to be given full attention in the conference statement.

Nehru and Krishna Menon spoke to reporters at an Indian Embassy reception after the third day of the 24-nation conference here.

Seamen Die In Explosion

SARINIA, Ont. (AP)—A number of seamen were reported injured today when an explosion touched off a fire on an oil tanker docked at Sarinaria, across the St. Clair River from Port Huron, Mich.

First reports from Ontario provincial police indicated five men were dead but a later check showed this was incorrect. The five and several others were taken to hospitals in the Sarinaria area. There was no immediate report on their condition.

The flames shooting from the tanker were visible for miles around.

It was not immediately known how many were on the stricken tanker.

Nation Honors Its Working Man In Observances Today

By The Associated Press

The nation honors its working man today with observances contrasting the lot of the free worker with that of the laborer who toils under communism.

President Kennedy sounded the theme in his Labor Day message: "We celebrate the labor of our people precisely because we believe it to be an essential to man's dignity, performed freely and in good conscience and commanding a just reward."

We look upon man as an expression of individual personality and will—not a commodity to be exploited for the benefit of a state or ruling party."

The temper of the President's message was echoed by labor officials across the country.

Labor Secretary Arthur J. Gold-

berg said the Soviet Union's space achievements could not mask its shortages of housing, food and clothing.

Noting that the Soviet Union's industrial growth had provided little satisfaction for the average Soviet consumer, he counted these blessings in the United States this Labor Day:

More than 68.5 million Americans at work; average factory earnings at a record \$94 a week; average per person income after taxes at \$1,974 a year, highest in the world; personal income at \$420 billion and national output at \$515 billion, both record-highs.

Goldberg noted that organized labor had chalked up another cherished goal this weekend. Legislation adopted by Congress ear-

lier this year went into effect Sunday boosting the minimum wage floor for 2 million workers already covered by the law from \$1 to \$1.15 an hour, and fixing a \$1 minimum for 3.6 million workers previously exempt.

For regularly covered workers the required minimum pay level will go to \$1.25 an hour in 1963. For the newly covered group, it will go to \$1.15 in 1964 and \$1.25 in 1965.

The picture wasn't an altogether rosy one as this Labor Day began, however. General Motor Corp.'s hourly workers were preparing to close down GM's plants if the company and the United Auto Workers fail to have a contract settlement in sight by 10 a.m. Wednesday.

Tuesday is Dollar Day in Snyder... Don't Miss It

YANKS HOLD TIGHT

Same Ole Story In Cup Matches

By JACK HEWINS
Associated Press Sports Writer
SEATTLE, Wash. (AP) — Fingerprints on the Walker Cup will be American for two more years.

The gleaming silver trophy, emblematic of amateur golf supremacy between Great Britain and the United States, went to the United States Saturday for the 17th time in 18 clashes dating back to 1922.

Known best for their power golf, the Americans won with deadly approaching and consistent putting. They swept the four Scots foursome matches Friday and won seven of the eight singles matches Saturday for an 11-1 triumph, matching the all-time record.

The United States won by the same margin in 1928 and by 9-0 in 1936. The winner of each match gets a point, a halved match is not counted.

Martin Christmas, 21-year-old rookie of the British team, saved his countrymen from a shutout. Playing one-over-par golf for 27 holes and coasting home, he defeated Charles Smith of Gastonia, N.C., 3 and 2 in the singles.

The invaders' other youngster, 22-year-old Ronald Shade of Edinburgh chased Robert Gardner of New York to the 36th and final hole before succumbing. Shade led at the 18-hole turn 1 up.

All other American victories were one-sided affairs.

When Captain Charles Lawrence of Britain and Congressman Jack Westland of America named their Saturday lineups the draw pitted power against power. Irish Joe Carr strong man of the British squad met Jack Nicklaus 21 of Columbus and Ohio State University acknowledged ace of the defending team.

U.S. Amateur champion Deane Beman of Arlington Va., was matched with Michael Bonallack

of Thorpe Bay, England, British titlist.

Nicklaus crushed Carr 6 and 4; Beman beat Bonallack, 3 and 2.

Charlie Coe of Oklahoma City, playing in his 11th international competition, defeated Michael Lunt of Moseley, England, 5 and 4. Singer Don Cherry of Wichita Falls, Tex., whipped Maj David Blair of Nairn, Scotland, also 5 and 4.

Dr. Frank Taylor of Pomona, Calif., whipped Jimmy Walker of Scotland 3 and 2. The widest victory margin was posted by William Hyndman III of Philadelphia, a 7 and 6 triumph over David Frame of Britain.

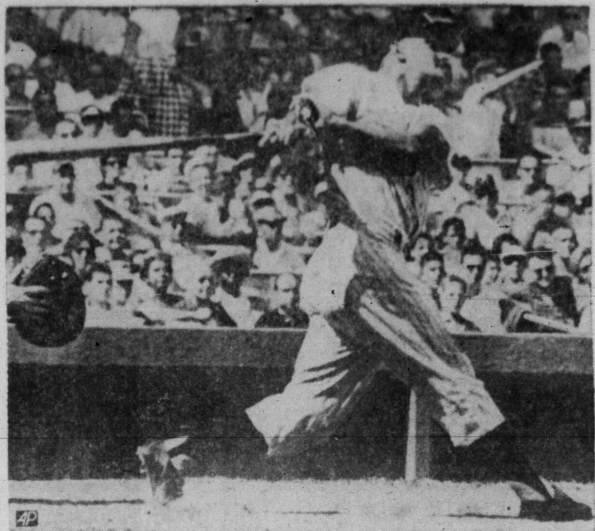

San Diego Stealing Thunder

By HAROLD V. RATLIFF
Associated Press Sports Writer
Exhibition schedules aren't supposed to do anything except get the boys in shape and give the league some publicity. But the American Football League exhibition campaign has made San Diego a great favorite to win the championship.

San Diego walloped Houston, the defending champion, 27-14 and 46-28. And Sunday the Chargers outlasted the pre-season favorites, the Dallas Texans, 31-10.

San Diego went up as the only undefeated team while Dallas took four out of five.

The league race opens Saturday night with New York playing at Boston and Oakland at Houston. Boston licked New York 14-13 in the exhibition race. Houston defeated Oakland 35-17.

MARIS GETS HIS 52ND HOMER—Yankee Roger Maris makes the swing that registered his 52nd homerun of the season in the sixth inning of game against the Detroit Tigers in New York's Yankee Stadium. Maris put a three and two pitch into the right field stands with no one on base. The slugger then got his 53rd homer of the season in the eighth inning. (AP Wirephoto)

Yanks Edge Tigers; Mantle Parks Pair

By ED CORRIGAN
Associated Press Sports Writer
The New York Yankees still can win the big ones—and Mickey Mantle still can hit the long ones.

Just a week ago, Mantle, discouraged, conceded that he didn't have much of a chance of breaking Babe Ruth's record of 60 home runs for a single season.

He had hit only one homer in 14 games and was beginning to think he was finished for the season.

But that's all changed today. The powerful Yankee outfielder

has hit four in the last five games—including Nos. 49 and 50 in Sunday's 8-5 decision that now is two up on Ruth's pace.

The other barrel of the M&M shotgun, Roger Maris, didn't connect, so his 53 homers place him seven ahead of Ruth's pace.

While Mantle bounced back into the home run derby, the Yanks stretched their lead to 4½ games over the Tigers in the American League pennant chase. Ralph Houk's operatives swept the three-game set, and while they still have a long way to go to win the pennant, the Yanks gave the Tigers a taming that they won't forget.

Angelo Dodgers cut their deficit to 2½ games behind the league leading Cincinnati Reds. The Dodgers edged the San Francisco Giants 5-4 while the Philadelphia Phillies won their first game of the season from the Reds 3-2 after 17 losses.

The Pittsburgh Pirates crushed the St. Louis Cardinals 8-1 and Chicago and Milwaukee split an abbreviated doubleheader. The Cubs won the first 6-5, and the Braves the second 4-2. The nightcap was called by darkness after six innings.

Mantle's first homer in the first inning came with Maris who had singled on base and sent the Yanks into the lead. Right behind him Yogi Berra blasted another.

Then, after the Tigers had rallied and gone ahead 5-4 in the ninth, up stepped Mantle and hit his second to tie the game. Then, after Berra singled and Moose Skowron drew an intentional walk, Elston Howard—who had struck out on three pitches as a pinch hitter in the seventh—clubbed Ronnie Kline's second pitch into the left field bleachers to wind up matters.

Mantle and Maris are the first two teammates in major league history to hit 50 or more homers in one season and they are only 4 away from the record of 107 set by Ruth and Lou Gehrig in 1927.

Barber gave the Indians five singles, only one of which went out of the infield, in hanging up his 15th victory. He leads the majors in shutouts with seven. The Indians' Gary Bell also was effective, yielding only four hits in his 10 innings on the mound.

But Bob Allen took over in the 11th and issued two walks. He was replaced by Frank Funk, who was greeted by a game-winning single by Ronnie Hansen.

The White Sox won the opener against Washington on pinch hitter Billy Goodman's two-run double in the ninth. Juan Pizarro held the Senators to five hits in the second game. J. C. Martin collected three hits for the White Sox. The White Sox have won four of their last 12. The Senators have lost three of their last 14.

First Full Grid Friday Coming Up

By The Associated Press
A mighty 378 games bringing all classes into competition makes it all-out in Texas schoolboy football this week.

Class AAAA, featuring inter-district clashes of great importance, starts the campaign.

Classes AAA, AA and A began the race last week, as did the boys of Class A six-man and eight-man football. Only the A divisions play to state championships.

Some teams travel across the state for games. For instance Abilene goes to San Antonio to joust with San Antonio Jefferson, a South Texas power.

Defending champion Corpus Christi Miller of AAAA opens the season with Alice, Wichita Falls, the heralded power, hosts Ada, Okla., but it won't give much of an indication of how the Coyotes might stack up in their own ball-wood.

Houston Lamar tests Port Arthur's usually well rated team.

Class AAAA defending champion and favorite Brownwood takes on an AAAA team-Dallas Jefferson.

Breckenridge, out of contention last season after some championship rolls, rolls out a new threat as the Buckaroos tackle Sweetwater.

Corpusciana tries Waco of Class AAAA just to see if its high rat-

ing is correct.
Class AA features Denver City's battle with Seminole as the defending champions show if they're going to be back in the race.
In Class A tough Albany look-

RACING ROUNDUP

Carry Back, Kelso Burning Up Tracks

By JOHN CHANDLER
Associated Press Sports Writer
With Carry Back in championship form again and 1960 Horse-of-the-Year Kelso going after his 12th straight victory in Chicago, the next big battle for 1961 titular honors may bring both colts together at Atlantic City Sept. 16 in the \$100,000 United Nations Handicap.

Carry Back, owned by Mrs. Katherine Price of Miami, took care of the 3-year-old division Saturday by blasting home with his usual last minute rush to win the \$57,700 Jerome Handicap at Belmont Park.

Kelso is the handicap hero, a 4-year-old who grand slammed the big Metropolitan-Suburban-Brooklyn triple this year. Kelso, owned by Mrs. Richard C. du Pont, carried 136 pounds in the Brooklyn July 22, and will have top impost of 132 in the \$100,000-added Washington Park Handicap at Arlington Park. The race is one mile, with Kelso racing 10 furlongs.

Elsewhere in the thoroughbred picture, Ridan remains undefeated as the potential 2-year-old champion after winning the \$213,750 Washington Park Futurity Saturday for his seventh straight victory.

The United Nations is a race of 1-3/16 miles on grass and would be the first start for Carry Back and Kelso on a turf course. Jack Price, Carry Back's trainer, says the Kentucky Derby and Preakness winner will go to Paris for the rich Prix de L'Arc de Triomphe Oct. 8 if all goes well.

Kelso has top weight of 133 pounds for the United Nations, while Carry Back has 122. Carry Back will start training for the race in a few days.

"He's better right now than ever," said Price after Carry Back nipped Garwol by a neck in the Jerome with Beau Prince third, only another head back. Six horses came to the wire almost on a line. Carry Back, ridden by Johnny Sellers, was timed in 1:36 and paid \$5.90.

Brookfield Stable's Intentionally, who shares the world mile record of 1:33 1/5 with Swaps, and Jacknot Stable's Onk are next in the weights for the Washington Park Handicap, each with 120 pounds.

Ridan won the Futurity in Chicago on a muddy track and jockey Bill Hartack said Mrs. Moody Jolley's edit didn't reflect the going. He earned \$120,500 and boosted his earnings to \$284,000.

Trainer Laffey Jolley said Ri-

dan would be rested in Kentucky, then will go to New Jersey for the \$250,000-plus Garden State Stakes, world's richest horse race. Nov. 4 Ridan (\$2,600) won by a length over Obey.

John S. Kroese's Mozart (\$19,800) scored a nose verdict over Wise Ship in the \$46,950 Kelly-Olympic Handicap on grass at Atlantic City. The race was a preview for the United Nations.

At Del Mar, C. V. Whitney's Spark Plug (\$5,200) won the \$60,180 Debutante Stakes for 2-year-old fillies by 4 lengths over Kaberna.

Bruno Ferrari's Harmonizing (\$4,500) easily won the \$30,750 Niagara Stakes at Fort Erie, Ont., and may be seen under 119 pounds in the United Nations.

Fred W. Hooper's My Portrait drew top weight of 121 pounds for the \$25,000-added Pageant Handicap today at Atlantic City. Seventeen 3-year-old fillies were entered for the one mile race on the grass course.

The Llangollen Farm's Divine Comedy, winner of the Saratoga Handicap two weeks ago, heads a field of 11 in the \$50,000 Aqueduct Handicap at 1 1/4 miles at Belmont Park.

Greenville Farm's First Balcony has been assigned top weight of 121 pounds in a field of eight entered for the \$30,000-added Del Mar Handicap at 1 1/4 miles.

Quarterback Club Meets Tomorrow

The Snyder Quarterback Club is slated to hold its regular weekly meeting tomorrow evening beginning at 7:30 in the high school cafeteria.

President Joe Williamson reports that the membership drive is progressing well, with indications being that club enrollment will surpass that of last year. He also added that all members having tickets still unsold, along with money for those which have been sold to date, to have them available at tomorrow night's session.

Membership will remain open to all area men, and may be purchased for five dollars either from current members or prior to the weekly meetings.

Junior Editors Quiz on ASTRONOMY

QUESTION: What is Halley's comet and when will we see it?

ANSWER: In the year 240 B. C. ancient astronomers discovered a brilliant object in the sky with a long glowing tail stretching far behind it. Every 76 years this object was seen again. In the old days people were afraid of comets. Some thought they meant disaster. In 1682 the British astronomer, Edmund Halley, found out that this comet was not, as some people thought, a wanderer from outer space, but was a member of our own solar system with a definite orbit around the sun as our drawing shows. Halley said the comet would return in 1759, 1835, and 1910 and his prediction was right each time. The next appearance of this wonderful comet will be in the year 1986. Comets are related to meteors and asteroids. Their tails, sometimes enormously long, are composed of gases and dust. Comets shine by reflected light and also because their gases glow as the sunlight strikes them.

FOR YOU TO DO: Remember this about comets. They look as if they were speeding ahead, leaving the tail directly behind. But it is the sun's energy which pushes the tail away, not the comet's speed. A comet may be going one way, while its tail may make it appear to go another. See diagram.

(Richard Schmitt of San Carlos, Calif., wins \$10 for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

Soldier Is Tired Of 17-Year Wait

TYLER, Tex. (AP)—They told John Markowitz to wait. Like a good soldier he's been waiting—17 years.

Markowitz, inducted into the Army May 1, 1944, is waiting for his first order.

If the Army isn't going to give him any orders, he says, he wants a discharge.

The east Texas insurance man told the Dallas News troubles started in Peaos, Tex., when he was classified by his draft board as I-A, limited service, because of a skin condition.

In 1944 he went to Ft. Bliss, Tex., where he took an oath inducting him into the Army of the United States.

Then he was told to return home and be ready for basic training in 21 days.

Back in Peaos, Markowitz put on a going-out-of-business sale at his shoe store.

He later learned that the Army was no longer taking limited service men and when he notified his draft board he was told his classification would be changed to I-A. He was told to wait for orders.

Markowitz has been waiting ever since.

Markowitz went to the Veterans Administration a week ago to get his problem straightened out. He doesn't expect to get back pay for 17 years.

"It's just like an honorable discharge," he says.

L. P. Fisher, Gen. Motors Official, Dies

DETROIT (AP)—Lawrence P. Fisher, 72, who started as an apprentice carriage-maker at the age of 14 and rose to a directorship of General Motors Corp., died in Harper Hospital Sunday after a long illness.

Fisher was one of seven brothers who pioneered in the auto industry and had extensive holdings in other businesses.

Born in Norwalk, Ohio, Oct. 15, 1889, he went to work in 1901 for C. R. Wilson Body Co., and later joined his older brothers, who, with an uncle, Albert Fisher, founded the Fisher Body Co.

General Motors purchased an interest in the firm in 1919 and in 1926 Fisher Body Co. became a division of GM. Fisher was made a vice president of GM in 1925 and was placed in charge of the firm's Cadillac division.

Fisher introduced the LaSalle as a companion car to the Cadillac in 1927 and in 1930 introduced America's first 16-cylinder car, the Cadillac V-16. Later in the year, he introduced a Cadillac V-12.

Fisher, a GM director since 1924, became vice president in charge of the body division in 1941.

In 1944, Fisher and three of his brothers who held GM securities positions, resigned from their posts. No reason ever was given. Lawrence and his brother Edward, however, continued as directors.

The Fisher brothers had been building up other financial holdings. As early as 1929 their industrial and financial empire was believed to be worth \$3.5 billion.

Their other interests have included the towering Fisher Building in Detroit, the National Bank of Detroit, a boat building company, several small manufacturing companies and the investment firm of Fisher & Co.

Safety Is For Others

KENTLAND, Ind. (AP)—Truck drivers, who have been keeping their headlights on in the daytime to a safety reminder to holiday motorists, had what state police considered an unwelcome addition to their campaign.

Trooper Ivan Finch halted David L. Warnar, Harvey, Ill., on U.S. 41 north of here Sunday and listened as Warnar explained he had his lights on to aid in the safety drive.

That wasn't quite the problem. Finch pointed out a police airplane overhead had just clocked the "safe" motorist at 93 miles an hour.

Warnar was fined \$22.75 in justice of peace court and jailed pending payment.

Art Theft Proves Easy

NEW YORK (AP)—Robert Jones walked out of the Metropolitan Museum of Art Sunday with a 15-by-23-inch painting crammed into his trousers.

LEGAL NOTICE

LEGAL ADVERTISEMENT. Sealed bids for the construction of a concrete drainage structure in Houston County, Texas, addressed to the Commissioners Court of Houston County, Texas, will be received in the office of the County Judge in Dallas until 10:00 a. m. September 11, 1961, and then publicly opened and read.

All proposals shall be accompanied by a cashier's or certified check upon a national or state bank in the amount of one per cent (1%) of the total maximum bid price payable without recourse to the Commissioners Court of Houston County, Texas, or a bid bond to the same amount from a reliable surety company, as a guarantee that bidder will enter into a contract and execute performance bond with in ten (10) days following the opening of the bids. The bid opening shall be held in the same envelope with the bid. Bids without check or bid bond will not be considered.

All bid securities will be returned to the respective bidder, within ten (10) days after bids are opened, except those which the Owner elects to hold until the successful bidder has executed the contract. Thereafter all remaining securities, including securities of successful bidder, will be returned within twenty (20) days.

The right is reserved as the interest of the County to require a project and all bids, and to waive any informality in bids received.

Plans, specifications, and bidding documents may be secured from the office of the Engineer, W. W. Greig and Associates, 3777 Avenida Drive, Houston, Texas, upon payment of \$25.00 per set. Plans and all documents are returned in good condition to the Engineer not later than 10:00 a. m. 10 days after the time that bids are received.

Plans and specifications may be examined in the office of the County Judge at the County Clerk's Office at the Courthouse in Dallas, Texas.

BIDDER: COUNTY COMMISSIONERS COURT. By Judge C. C. Nunnally, County Judge, Houston County, Texas.

SNYDER BUSINESS NEWS

The Snyder (Texas) Daily News

Mon., Sept. 4, 1961

TIME FOR A CHECK-UP—Frank Stephenson, "The Radiator Man," reminds that nippy fall weather is a signal to check the cooling system of your automobile. Stephenson, who owns and operates the Snyder Radiator Service, has the knowledge, experience and equipment to take care of all radiator needs. (Photo by Fred Cox)

'Radiator Man' Has Some Timely Tips For Car Owners

"The Radiator Man" (Frank Stephenson) at Snyder Radiator Service, 1106 Avenue T, has a word about winter. "Don't wait until the last minute to have your cooling system checked. Other people think the same thing, and the first thing you know, every-

body is trying to have his or her car's cooling system checked at the same time." For winter preparedness, stop in at Snyder Radiator Service and let the "Radiator Man" check your radiator with his modern testing equipment for quickly and ac-

curately testing all component parts of the pressurized cooling system. So, before putting expensive anti-freeze in your radiator, have it pressure-checked for leaks in the radiator, hoses, water-pump and seals, cylinder heads, and engine block.

Stephenson opened his shop here in 1949 when Snyder was a bustling boom town, with plenty of business and few places to transact it. His activity in civic affairs is well-known, particularly in the veterans organizations, the Chamber of Commerce and in the Kiwanis Club.

So, don't THINK your radiator is safe, be SURE it's safe with a fall check up by the Snyder Radiator Service.

ROME, Ga. (AP)—A mother of three ended a week's stay in a fallout shelter Sunday, convinced that she has learned "something of importance" to help her family survive in the event of a nuclear blast.

Mrs. Birdsong, 39, entered the family's fallout shelter on Aug. 22, saying it was no publicity stunt but that she wanted to know how to care for her family if necessary.

Mrs. Birdsong said the shelter, 12 feet long, 6 feet wide and 6 feet high, "wasn't exactly like home, but then it wasn't intended to be like home. However, I'm sure that my family and I could live in the shelter fairly comfortably for whatever length of time necessary to survive."

WASHINGTON (AP)—Should Johnny and Susie be given homework assignments in the first six grades of school? "Yes," said 64 per cent of the teachers questioned in a recent poll by the Research Division of the National Educational Association. Ten per cent said "no." The rest were undecided.

However, one-third of the teachers were against homework assignments for pupils in the first three grades.

The teachers who said there should be homework figured about three hours a week was enough for the first three grades, and about five hours a week for grades four through six.

White Leghorn Is Crowning Champion BURTON, Ohio (AP)—A white Leghorn bantam rooster crowed 38 times in 30 minutes five more than his nearest rival to win the crowing championship of Ohio at the Geauga County Fair Sunday.

What the champ didn't know, however, is that he was tracked into crowing for half an hour before the contest, which began at 4 p.m. The entrants' cages were crowded when the birds were brought to the birds' thought it was a day break.

Bangkok, Thailand, has two television stations.

Kennedys On Holiday At Hyannis Port Stopgap School Bills Threatened

HYANNIS PORT, Mass. (AP)—President Kennedy and his family combined the Labor Day holiday with a homecoming and birthday festivities today as the chief executive spent his 10th summer weekend on Cape Cod.

The outlook was good for another cruise on Nantucket Sound, and the President's father, Joseph P. Kennedy, was on hand to enjoy the family fun.

The elder Kennedy came back to Cape Cod Sunday after vacationing on the French Riviera. At Barnstable Airport, he was greeted by Ethel Kennedy, wife of Atty. Gen. Robert F. Kennedy, and five of their seven children.

The former ambassador to Great Britain observes his 73rd birthday Wednesday. Ethel Kennedy also is marking a birthday this weekend.

The President, his wife and daughter Caroline, 35, braved threatening weather Sunday and spent two hours on foggy Nantucket Sound aboard the 82-foot cruiser Marlin.

Despite the overcast, chilly weather, Mrs. Kennedy did a little water skiing — including some fancy, one-legged turns. She wore a rubber skin diving suit as the speedboat carrying K.

The President's youngest brother, Edward Ted Kennedy and his wife, Joan, also went aboard the Marlin. Edward went water skiing, too.

WASHINGTON (AP)—A supporter of President Kennedy's general aid-to-education program threatened today to block passage of stopgap school bills as Congress rounds into the final stretch.

Sen. Pat McNamara, D-Mich., said he isn't going to sit still and let opponents of school construction and teacher salary whips through bills limited to continuing federal help for so-called impacted areas and for student loans.

Sen. Mansfield is not willing to pass a full-fledged aid to education bill, then let the boys who are against it go home empty-handed and face the music, he said. "That filibuster business works both ways."

Senate Democratic Leader Mike Mansfield of Montana said in a separate interview he is aware of the position of McNamara and some others. But Mansfield predicted both houses will pass this week measures continuing public school aid in areas with a heavy influx of federal workers and extending the National Defense Education Act with its loan program.

"I believe we'll be able to work this out," Mansfield said. "I don't believe there will be any major delaying tactics."

The House already has killed a compromise version of Kennedy's general school aid bill and shows no disposition to reverse that verdict. But many members want the impacted area and NDEA programs continued.

With the smell of a possible mid-month adjournment in the air, members of both houses geared themselves for some high speed legislating.

The House will take up a \$3,357,500,000 foreign aid appropriations bill Tuesday with indications it may pass the pared-down measure before nightfall.

Mansfield called for Senate action Tuesday on a measure to preserve intact some of the undisturbed wilderness areas of the country and to prevent their commercial exploitation. He arranged for the Senate to meet three hours earlier than its usual noon opening.

Behind this measure, the Democratic leader scheduled action on a bill to set up a new federal department of urban affairs and a

measure dealing with imported Mexican labor. He conceded that some civil rights amendments may be offered to the labor bill, but said he would shut off debate by motions to table them.

The House expects to vote on the abbreviated school aid bill Wednesday. Senate debate on it is scheduled Thursday, when the House will be acting on a multi-billion-dollar public works measure.

Mansfield optimistically set Saturday for beginning of debate on an effort to change the Senate's so-called antifilibustering rule.

LAKE GEORGE, N.Y. (AP)—A drunken horde of teen-agers, mostly college students, turned this Adirondack resort village into a screaming madhouse early today. Officials quelled the riot with high-pressure hoses.

Approximately 75 of the estimated 1,500 girls and boys were arrested on charges of drunkenness and disorderly conduct.

Police Capt. William Brand said the uproar was the "worst I've ever seen in 11 years of police work in Lake George."

The wild mob poured into the main street from taverns beside the lake and began throwing beer cans at random and without apparent provocation. The riot began as the taverns were about to close, at 3 a.m.

About 20 Civil Defense officials were called to aid police and volunteer firemen in the battle that lasted about 5 a.m. When the first spray of the hoses hit them, the youths surged toward the officers. The officers increased the pressure of the water, and the rioters ran in every direction.

Those arrested were held without bail and their names were not disclosed.

Most of the youths were dressed in T-shirts and shorts. Many wore college identification, including the University of Vermont, the University of Minnesota and New York University.

SANTA MONICA, Calif. (AP)—Robert E. Gross, 64, board chairman of Lockheed Aircraft Corp., died Sunday of cancer.

Gross, a native of Roxbury, Mass., moved to California after the 1929 stock market crash. In 1932, he and six associates bought a bankrupt aircraft company from a federal receiver for \$400,000 and this firm later became Lockheed.

Civil rights proponents are seeking to substitute for the present approval by two-thirds of those voting a provision allowing three-fifths of those voting to close debate.
