## Oil Firms Will Oppose Allred's Ouster Attempt

### ATTORNEY GENERAL IN SPOTLIGHT OF OIL WORLD TODAY

(By The Associated Press)

AUSTIN, Nov. 13—The youngest attorney general Texas has ever put in office held the attention of the oil world today as counsel for 15 major oil companies and two associations began a legal battle to prevent ouster from the state for alleged violations of the anti-trust laws.

James V. Allred, 33, who filed suit in behalf of the state yesterday morning, disappeared immediately after filing the 138 page brief, leaving word he would be gone a few days.

**Plans Not Given**

There had been no indications from oil companies whether they would seek continuance of the case when the suit is placed on the appearance docket here at the January term. Under ordinary procedure, the trial would be set at the January term.

In the suit Allred demanded forfeitures of charters and non-resident permits and maximum penalties of $17,850,000, alleging that the defendants had monopolized Texas oil operations and were throttling independent operators. He charged that the companies operated to restrain trade through the code of ethics," sponsored by the American Petroleum institute.

Each of the defendants, if held liable, would be subject to penalties ranging form the minimum of $35,000 to a maximum of $1,050,000.

Amos L. Beatty, newly elected president of the American Petroleum institute, at Chicago last night termed the suit as not "amounting to a hill of beans." He said he thought it would soon "die out."

Governor Ross S. Sterling, former president of the Humble Oil and Refining company, subsidiary of the Standard of New Jersey, refused to comment on the suit. Both the Humble and the Standard of New Jersey were named defendants.

### HELD THE SACK

**C. V. Leavitt, below, identified as a brother-in-law of President Hoover, was detained at Santa Monica, Calif., on a charge of possession of a sack containing 19 pints of alleged liquor. In court Leavitt explained the liquor was not his but that it was placed in his hands by Cliff Dailey, a grocery store owner, as federal prohibition officers approached.**

## ULTIMATUM TO GENERAL MAH IS IGNORED

### CHINESE FORCES ARE REINFORCED TODAY BY NEW ARMY

(By The Associated Press)

Mah Chan-Shan, Chinese commander in Northern Manchuria, is still holding Tsitsihar aaginst Japanese forces which, he reported, sent cavalry against him under cover of artillery fire.

He continued to ignore the Japanese ultimatum that he evacuate Tsitsihar and said the attack began before the ultimatum expired.

**Chinese Blamed**

Japanese sources blamed the trouble in the Tsitsihar area on Chinese aggression and reported that the Japanese right wing had been surrounded by Chinese troops, cutting off communications.

Mah has been reinforced by a detachment of Chinese and Korean soldiers trained in Soviet Russia and sent into Manchuria from Blagoveschensk, said the Japanese.

Henry Pu-Yu, former "boy emperor" of China, was reported on the way from Tientsin, where he has been a virtual prisoner in the Japanese concession to Mukden where it was said the Japanese intended to enthrone him. Japanese sources described the report as "premature."

TIENTSIN, China, Nov. 13 (AP)—A report circulated in Russian circles today said a communist brigade of Chinese, Koreans and Kuriats from Blagovaschensk, Siberia, surprised the Japanese troops at the Nonni river and threw them back sharply, taking several of their airplanes.

The communist troops, marching from the north, swept into the highway near Tsitsihar, the report said, and attacked with sweeping machine gun fire, demoralizing the Japanese forces in the Nonni region and forcing them to retreat several miles behind the bridgehead.

Meanwhile, China's beleaguered former boy-emperorer, Henry Pu-Yu, was believed today to be on his

## DEMOCRATS TO BE RATIONAL IN HOUSE

### GARNER SETS FORTH PLANS OF PARTY IN CONGRESS

(By The Associated Press)

WASHINGTON, Nov. 13—Democrats in the house of representatives constituting a majority, stand recorded as intending to neither automatically condemn nor automatically sanctify White House proposals.

In his first public statement since the twistings of fate designated him as the probable next speaker, Representative Garner of Texas set forth yesterday this tenor of party thought. His statement came through the Democratic national committee.

**No Truce Planned**

No political truce with President Hoover and no yielding to political expediency were the guide posts he set for his colleagues, with whom he has been conferring for two days.

"I do not anticipate that any Democrat will oppose a measure plainly necessary for the industrial health of our people or one that will relieve us of some of the embarrassments for which we believe the present administration responsible," Garner said.

"At the same time, I feel that I am safe in stating my belief that the Democrats will insist that they shall be the judge of the wisdom and expediency of the enactments upon which they will be called to vote.

"We have no reason to assume the infallibility of the administration. Indeed, the experience of the past two years pretty clearly demonstrates that no such assumption is possible."

Politics, he said, would be a secondary consideratio nif his party ondary consideration if his party "no policy of mere obstruction" is intended.

He forecast that with a presidential election near, every time the Democrats oppose "the White House incumbent and candidate for re-election," they will be accused of "playing politics."

## NAVY COST UP TO CONGRESS

### HOOVER WILL SUBMIT NAVY BUDGET FOR 1933 PROGRAM

(By The Associated Press)

WASHINGTON, Nov. 13.—President Hoover is ready to let congress take the next step in determining how much the American navy will cost.

He plans to submit a navy budget for the 1933 fiscal year calling for $343,000,000. This is $59,000,000 less than the department requested originally and $15,000,000 less than the supply bill passed by the last congress.

**No Abandonment**

In announcing the proposed cuts in expenditures which precipitated him into controversy with big navy advocates, the chief executive said they did not contemplate abandonment of a single navy yard, decommissioning a single combat vessel or decreasing the enlisted personnel of the navy.

The method by which they will be accomplished will not be made public until presented to congress next month.

Mr. Hoover said "the budget provides for the continued construction of every one of the treaty ships authorized by congress, except six destroyers. The program proposed under this budget will not decrease but will slightly increase the total direct and indirect employment in the navy in naval construction in the next fiscal year over and above that of the present year."

## FAIL TO ADMIT METHODIST PREACHER

### FAILURE TO COMPLETE REQUIREMENTS GIVEN AS THE REASON

(By The Associated Press)

VERNON, Nov. 13.—The Northwest Texas conference of the Methodist Episcopal church, South, for the first time in the memory of delegates, failed today to admit a youthful pastor on trial because he had not completed the educational conditions required by church.

The vote came on recommendation that a student preacher in the Lubbock district be accepted on trial, but lacked the necessary two-thirds majority to set aside the church rule.

**Elders Disagree**

Presiding elders of several districts engaged in a spirited argument before the vote was taken, some declaring "a man's knowledge of grammar has nothing to do with the call to preach the word of God."

This provoked a rejoinder that the church did not bar a man because he was lacking in educational qualifications, but rather asked that he postpone asking admission on trial as a pastor until he could meet requirements, unless he could show circumstances so unusual that the rule should be set aside.

Those admitted on trial were Rev. Ray Johnson, supply pastor at Pampa during the past year; Marvin Lee Boyd, Southern Methodist university graduate; Lester Lee Hill, Amarillo district; H. R. Bennett, Perryton district; C. M. Ellis, Stamford district; George C. Hardy, Sweetwater district, and N. Henderson, Vernon district.

## U. S. STANDING BY IN CHINA

**As the situation in China grows more alarming, with an attempt on the life of Henry Pu-Yi, deposed "boy emperor," and serious clashes between Chinese and Japanese in Tientsin, the 15th U. S. Infantry, under Colonel James D. Taylor (upper right), is standing by in the foreign concession, ready at a moment's notice to defend American lives from the rioting Orientals. The American troops are shown drawn up at parade in the concession, where the regiment has been stationed since the Boxer Rebellion. Typical doughboys (lower right) of the 15th Infantry are shown on the march.**

## BANDITS OBTAIN $82,000

## ROBBERS FLEE AFTER BANK IS LOOTED

### DOZEN CUSTOMERS AND CLERKS THREATENED IN HOLDUP TODAY

(By The Associated Press)

RAHWAY, N. J., Nov. 13.—Five robbers today escaped from the Citizens National bank with the $82,000 payroll of Gibbs and Hills, Inc., after threatening a dozen customers and bank clerks.

The robbers, all armed, disappeared in a black sedan soon after taking a registered mail pouch containing the money from J. H. Farrell, paymaster of the company which employs several hundred men engaged in electrification work of the Pennsylvania railroad in this section.

The pouch had been delivered in an armored car, under police guard. The car left immediately to return to the post office for other payrolls. The robbers entered a few minutes after the car left.

Women and children were directed to stand behind a railed enclosure, while the bank employes and several male customers were lined against a wall with their hands upstretched.

The robbers quickly snatched the bag from Farrell, ran to their waiting car and drove away.

## C. OF C. WORK IS CURTAILED BY ACTION

### SALARIES ARE REDUCED FIFTY PER CENT; TO SAVE TAXES

Paving the way for reduction of 1932 city taxes, directors of the Lubbock Board of City Development and Chamber of Commerce ordered a $10,000 reduction of the board's budget for 1932 in a meeting this morning. The expenditure slash included a fifty per cent cut in salaries and reduced the office force by three persons.

The budget of estimated expenditures for 1932 will be less than $20,000, less than half of the expenditures of 1930 and two-thirds of 1931 expenditures.

**To Save $36,000**

Through the board's action this morning, more than $36,000 will be saved taxpayers in the operation of the B. C. D. for the years 1931 and 1932, it was pointed out in the meeting it being planned to return the savings to the city for the purpose of lowering tax rates.

The estimated income for the board for 1931 was $42,000 while the estimated operating expenditures is less than $29,000. The estimated income for 1932 is $44,000 while the budget or estimated expenditures has been set at $19,545.

The B. C. D. income is reached through a two-mill levy deducted from city taxes.

**To Discontinue "The Hub"**

Included in the reduction of expenditures was the discontinuance of "The Hub", monthly publication of the chamber of commerce.

The board voted to continue all phases of agricultural development, maintaining the appropriations in several phases of the work and allowing only minor reductions in others. The sponsorship of the meat show, first bale movement, county agent work, and other events was voted to be continued.

As directed by the board last

## TWO ON TRIAL FOR FORGERY

### JONES AND LA FITTE WAIVE JURY TRIAL IN COURT TODAY

Trial of Conway Jones and Chester La Fitte, facing four and three charges, respectively, of forging checks and passing them, began this morning in 99th district court before Judge Clark M. Mullican. Jones pleaded guilty to the first two counts before noon. Both defendants waived jury trial. They were arrested at Clovis, N. M.

B. H. Didley, alias A. B. Mallow, pleaded guilty of perjury, waived jury trial, and was sentenced to two years in the state penitentiary. At a previous term, he was convicted of forgery and a two-year sentence imposed on him, and at that trial he testified he never had been convicted of a felony.

The perjury charge was filed after Dildey's finger-prints had been taken and it was learned he had been committed to the Texas penitentiary and had escaped from the Louisiana state prison, where he still has two years to serve. Dildey attempted to end his life in city jail by jamming a knife blade below the heart immediately after his finger-prints had been taken.

A 99th district court jury acquitted Brewsteer Dillard of automobile theft Thursday after 90 minutes' deliberation. The case went to the jury at 4 p. m.

Case of Bill Burns, charged with burglary, is set for trial at 9 a. m. Friday before Judge Clark M. Mullican.

## Colvin Term Upheld By Criminal Appeals Court

### BRIEF ACCEPTED IN CASE OF ALVIS GRAVES TODAY

A three-year penitentiary sentence imposed on C. S. Colvin of Lubbock in 99th district court here for liquor possession and transportation was affirmed today by the court of criminal appeals at Austin. Colvin, about 45, was arrested with his wife here last November 15 in Little Juarez, Mexican quarter. An automatic pistol was found on Colvin when he was taken into custody.

A brief was accepted by criminal appeals court and it will set time of oral argument in the appeal of Alvis Graves, sentenced to 99 years in 72nd court here for murder. Graves' home also is in Lubbock.

**Brief Received**

State's brief was received in the case of another Lubbock man, A. H. Beasley, who was convicted of liquor transportation and sentenced to two years in 99th district court. Beasley was arrested in September, 1930, as he started to enter a hotel here from an alleyway. Some whisky and a revolver were in a brief case he was carrying when taken into custody.

Proceedings today in the court

(Turn to Page 15, Column 8, Please)

## REDS FLOGGED IN MICHIGAN

### AT LEAST THREE ARE BEATEN BECAUSE OF COMMUNISM

(By The Associated Press)

PONTIAC, Mich., Nov. 13—At least, three men were flogged here last night because they were suspected of being communist sympathizers and one of them said he heard the screams of a woman who apparently was receiving the same treatment.

Authorities, who said the whippings probably were the aftermath of a recent unemployment demonstration in which more than a score of persons were arrested after a brush with officers, were investigating to learn if others had been seized.

Walter Hardin, Clarence Sherman and Leo Fortin had returned to their homes early today bearing marks of beatings. It was Hardin who said he heard a woman screaming nearby as his captors beat him with the butt of a pistol. He said he would recognize his assailants although they were hooded.

Mike Stykoff, 38, also was abducted as he was leaving a meeting but said he was released without mistreatment when he convinced his kidnapers he was not a communist.

## RIVAL TO RENO IS FOUND; DIVORCES SELL FOR $1.50 AT BALTIC SEAPORT

(By The Associated Press)

RIGA, Nov. 13—Riga is fast becoming the Reno of Europe.

Wives who feel their style is cramped and restless husbands are flocking here from all over the continent to get the knot slipped for about $1.50, which is all the Latvian court charges.

The Latvian law presumes there is no longer any desire for a continuance of married life on the part of a couple who have lived apart for a period of three years or more.

In such circumstances either party is permitted to claim a divorce without the other party's consent.

Ignorance by one party of the whereabouts of the other partner in the matrimonial enterprise is sufficient ground for divorce.

And the law of Latvia also grants divorce by mutual consent—with a somewhat wistful proviso that the couple shall, after a period of two months, appear in person before the president of the court. The president then makes an earnest appeal that they should make up, and if they don't see it that way, he shrugs and pronounces them divorced.

Gossip like Reno's now follows the arrival of any interesting foreigner who takes up residence here. Needless to say, the money and excitement added to the Baltic seaport's life, are welcomed.

## TRADITIONAL JINX OF BLACK FRIDAY NOT MYTH, LOCAL MAN FINDS TODAY

Perhaps, E. E. Jones, 44-year-old Lubbock man, didn't walk under a ladder as he prepared to begin work at the new federal building this morning, but he'll not forget that today was Friday the Thirteenth.

No accidents had been reported in Lubbock until almost noon, and then Black Friday let something slip just to remind that it was under

way. A low scafford on which Jones was working at the federal building gave way and he tumbled, suffering a broken ankle. He was received at Lubbock sanitarium, where he paid

(Turn to Page 15, Column 5, Please)

### *Arm Of Southland Gin Man Amputated*

Fred Kiessel, 28, a gin stand operator for the Farmers Gin company at Southland, underwent amputation of the left arm above the elbow early this morning at Lubbock sanitarium. His left hand was caught in a bur machine late Thursday night as he started to take out burs.

### BANK BANDITS ARE SOUGHT

### THREE ROB BANK AT HIGGINS, ESCAPE WITH $6,000

(By The Associated Press)

HIGGINS, Nov. 13.—Officers were searching the Panhandle along the Texas-Oklahoma line today for three bandits who held up the First National bank of Higgins yesterday and escaped with $6,000.

The robbery was carried out just before closing time. Two unmasked men with drawn pistols forced the three occupants of the bank against a wall. Entering the vault, one of the robbers collected $6,000. Mrs. D. Wilkins, bookkeeper, and Lorene Grace, customer, were pushed into the vault but the attempt to lock it was unsuccessful.

The men forced H. Black, president of the bank, to accompany them. They made their getaway in an automobile, driven by a third man who had remained outside. Black was dropped about one mile from town with instructions not to follow back too fast.

Higgins is next to the Oklahoma line in the northern Panhandle of the state.

### *Special Election Set For Arkansas*

LITTLE ROCK, Ark., Nov. 13 (AP)—Governor Harvey Parnell has called a special election for January 12 to name a successor to Senator Thaddeus H. Caraway but was non-committal today about whom he would name to serve until then.

The fiery junior senator's widow, Mrs. Hattie Caraway, has gained favor in political circles as a possible successor for her husband but there has been no official comment on the likelihood of her appointment.

### *Agreement Reached To Slash Acreages*

CHARLOTTE, N. C., Nov. 13. (AP)—The governors of four of the south's greatest agricultural states were back in their home capitols today working out details by which an agreement, reached at a conference here, to reduce acreage in cotton, tobacco, peanuts and potatoes may be fulfilled.

Each of the four states—Virginia, North Carolina, South Carolina and Georgia—is to be represented by three men on a joint committee which will survey crop conditions and recommend acreage quotas in each state for each crops in 1932.

### *Practical Use For Potato Eyes Found*

STATE COLLEGE, Pa., Nov. 13 (AP)—Practical use for the eye of a potato has been found for the cook at the Pennsylvania State college.

They are one index showing how good a potato is likely to be after it is cooked. The fewer eyes, the more likely is it that the potato will be delicious.

This is one of the several tests established by experiments at Penn State to determine the baking, boiling and frying qualities. The research was conducted by J. S. Cobb, professor of agronomy.

### *Black Friday Bad News For Hoodlums*

CHICAGO, Nov. 13 (AP)—Today, Friday the 13th, brought more bad news to the Capone gang, already hard hit by the government in deportation and income law prosecutions.

The latest blow was delivered by Federal Judge John P. Barnes. He sentenced John Matteis and Martin Accardo, said by police to be important figures in the Capone liquor trade, to four and one-half years imprisonment yesterday following conviction by the court on a charge of liquor conspiracy. They were prosecuted under the Jones "five and ten" law.

### *Gandhi Commits Three Sins Daily*

LONDON, Nov. 13 (AP)—Mahatma Gandhi, India's saint, says he commits sin three times a day, 365 days in the year, and he can not help it.

The mahata's "sin" consists of drinking goat's milk, which, he says, contain "life", belongs to the mother goat's young and ought not to be consumed by humans. He said he would have given up goats milk as a food long ago if he could have found a suitable substitute.

### *Milk By Pipe Line Seen By Engineer*

CHICAGO, Nov. 13. (AP)—The day may come when milk will be brought by pipe line from the farm to the bottling company.

The idea was advocated yesterday by H. E. Rockefeller, a development engineer, speaking before the thirty-second annual convention of the International Acetylene association.

He also suggested powdered coal would be brought in this manner to the consumer's furnace.

### *Four Kidnaped By Robbers Released*

PARSONS, Kas., Nov. 13 (AP)—Four persons kidnaped by two men who held up the state bank of Parsons yesterday returned to their homes here last night after they had been released near Quapaw, Okla.

The captives, Joe Flynn, assistant cashier; Andrew Wheat, teller; Miss Lila Travis, bookkeeper and Dr. P. J. Donnelly, a customer, were released unharmed. They were forced into the bandit machine after robbers had taken approximately $2,500 from the institution, and had driven 150 miles at a high speed over treacherous roads.

### COWBOY INJURED

RANKIN, Nov. 13 (AP) —An all-night search for Lee Reynolds, veteran cowboy, ended at daybreak today when friends found him seriously injured on the prairie hill range. He apparently had been thrown and dragged through the brush by his horse.

### *State Nearing End Of Pantages Trial*

LOS ANGELES, Nov. 13. (AP)—The state today neared the end of its case against Alexander Pantages, theater man charged with attacking Eunice Pringle, young dancer.

Immediately after the state has called its last witness, court will be adjourned until Monday, an agreement having been reached by counsel to allow the defense to start its case then.

Every witness who testified for the prosecution yesterday was also a witness at Pantages' first trial in 1929 and their testimony was, in substance, the same as they gave before. The state, however, was forced to introduce the transcript of the first trial to refreshen the memories of some of the witnesses.

# With Convention Closed, Women's Activities In Lubbock Return To Normalcy

## Two Large Dances, Among Major Tech Events For Fall Season, Are Booked

Women's activities which have centered largely around the Texas Federation of Women's clubs during the last few days are returning to normalcy today. Representatives from the seven federated clubs, who have been engaged in arranging dinners and luncheons, paging, and attending meetings, will return to regular club meetings, parties and other events.

Social events and visits centering around the Armistice Day activities, teas for visitors, exhibits and usual parties for those whose interests were outside the federation have made this a busy week. There were not many large parties other than convention events, but numerous small affairs marked every day.

Thursday Bridge club members played bridge Thursday afternoon as guests of Mrs. Ray Henson at 1411 Avenue O. Mrs. L. A. Howard scored high in the games and Mrs. Joe Telford was high in a cut. Others attending were Mesdames T. C. Meinecke George Brewer, Dewey McClellan, R. E. Dick, I. F. Kennedy and W. H. Wright.

**Terrys Entertain**

Mr. and Mrs. O. A. Terry entertained the Coo Coo club in their home Thursday evening. Four tables were arranged for bridge. Mr. and Mrs. M. H. Huckabee were special guests. High scores in the games were made by Mrs. E. C. Henley and Mr. Huckabee.

Several contests and games preceded games of forty-two Thursday evening when Mr. and Mrs. Frazier McCrummen entertained members of the Maggie and Jiggs club in their home. Special guests were Messrs. and Mesdames Renford Taylor and J. D. Henson. Club members attending were Messrs. and Mesdames W. H. Trice, O. C. Moore, D. Williford, A. T. Cocanougher and E. G. White.

Several large collegiate affairs are scheduled for the week-end. The Wranglers club dances this evening at the Country club, the Engineers ball is to be given on Saturday evening at the Uptown Dance palace and the Home Economics club is entertaining this evening for the Aggies. These are some of the largest events on the fall calendar at Texas Technological college.

It is probable that some of the club meetings, postponed this week because of the convention, will be held next week, swelling the activities.

## Gridder Engaged

Roy Hudson, fullback and captain of the University of Michigan football team, stopped an off-tackle slant from Cupid's bow the other day. Announcement of the Wolverine captain's engagement to Miss Mary Niffenegger was made by the girl's parents at South Haven, Mich. Hudson hails from Girard, O. The Michigan gridder and his financee are shown above.

## Mrs. Spikes Elected To P-TA Post

Mrs. John Spikes was elected secretary of the K. Carter Parent-Teacher association Thursday to fill a vacancy left by the resignation of Mrs. E. P. Earhart. This meeting was at the school.

Mrs. J. T. Shaver talked on "Art Throughout Life" and children from the room of Mrs. B. C. Wells gave a program.

## Local Woman Visits At Dallas Club

Mrs. Jed A. Rix returned from Dallas this morning where she was the guest of Percy Grainger, noted pianist, at a meeting of the Dallas Woman's club. Mr. Grainger played before the club Thursday.

Mrs. Rix has studied with Mr. Grainger, who appeared in piano concert in this city several years ago.

**PRACTICE IS RULE**

WASHINGTON—What was formerly a general practice in aviation is to become a rule after December 1. The Department of Commerce announces that after that date the practice of circling an airport to the left will be a law and that permission must be obtained from the department to do otherwise.

## Art Exhibit Is To Remain For Sunday

The exhibit of 193 oil paintings of Texas subjects which opened at Hotel Lubbock last Monday, is to continue through Sunday, according to an announcement made late Thursday. More than 1500 people visited the exhibit during the week, many of these from out of the state. It is being held open to give Lubbock people an opportunity to see the pictures. The exhibit is free.

The E. G. Eisenlohr picture, "Waller Creek", which is to hang permanently in the headquarters of the Texas Federation of Women s clubs in Austin, is in this exhibit.

Mr. Eisenlohr. Dallas artist, received $500 for the painting Thursday evening. Waller creek is near Austin. The exhibit was fostered by the club women of Texas.

An exhibit of work of local artists, which is being sponsored by Mrs. Earl Hunt, will remain open, also, at 1906 13th street.

## Tech Girls Band Has Picnic At Park

Accompanied by the director, Harry LeMaire, members of the Tech Girls' band enjoyed a picnic at the County park Wednesday afternoon. Outdoor stunts and games were enjoyed and a picnic lunch was served. Later the group went to the home of Miss Ann Lillian Trotter, 2117 16th street, to continue the social occasion.

## Tahoka Artist Visits Mrs. Conner Here

Mrs. J. W. Elliott, who was the guest of Mrs. J. V. Conner during the convention of the Texas Federation of Women's clubs, left today for her home in Tahoka. Mrs. Elliott has a picture in the exhibit at Hotel Lubbock.

## Methodist Class Will Attend Party

The First Methodist Sunday school class that is taught by Mrs. A. N. Gamble is to attend a party this evening in the home of Mrs. Ernest Nelson, 2629 22nd street. The affair will be at 8 o'clock and parents are invited to accompany the children.

## LOCALS

Julius Bennett of Kennedy is spending a few days with his son, Victor Bennett, and family.

Mrs. F. H. Carpenter left this morning for her home in Sour Lake after attending the convention of the Texas Federation of Women's clubs here. Mrs. Carpenter is past president of the Texas division, American Legion auxiliary.

Mrs. A. D. Brown is visiting in Brownwood today.

Mrs. J. E. Stokes has gone to Graham because of the illness of her mother.

## Poet Honored With Dinner Wednesday

Mrs. A. E. Miller, 2616 22nd street, entertained Wednesday with a luncheon honoring Mrs. Pearl Moore Stevens, poet of Wichita Falls, who attended the Texas Federation of Women's clubs meeting here. Mrs. Stevens has been visiting Mr. and Mrs. John H. Moore here.

Those who attended the luncheon were Mrs. Moore, Miss Genevieve Crawford, Mrs. Stevens, Mrs. Miller and Miss Anna Barker of Wichita Falls.

## Abilene Women Visit In Banks Home

Mrs. E. L. Banks, 1903 10th street, had as her guests during the convention of Texas federated clubs, her aunt, Mrs. John A. Hutchison, and the latter's daughter, Miss Ruth Hutchison, of Abilene. Mrs. Banks is president of one of Lubbock's federated clubs, the Shakespeare club.

## Mrs. W. Potter And Daughter Return

Mrs. W. R. Potter and daughter, Mrs. David Warren, of Bowie, have returned to their homes after attending sessions of the Texas Federation of Women's clubs in Lubbock. Mrs. Potter is the retiring director from Texas to the General Federation of Women's clubs and a past president of the Texas union.

## Corpus Woman Has Visit In This City

Mrs. G. R. Scott of Corpus Christi, who is affectionately known as "The Admiral of the Valley" in the Texas Federation of Women's clubs, left today noon for her home. Mrs. Scott has not missed a meeting of the federation in 29 years and has missed one meeting of her district in that time.

Thursday she issued the invitation to the federation to meet in Corpus Christi next November. Thirteen years ago she issued a similar invitation to the convention and then assisted in entertaining the women the next year.

Mrs. Scott, who is a life member of the board of directors of the federation, is one of the best known and loved women in the state union.

## South Side Class Is In Party Here

The South Side Baptist Goal Winners class entertained with a party Thursday evening in the home of Mr. and Mrs. Ran Smith near town. Games were played and refreshments served to Misses Laura May Lee, Lillie V. Cameron, Oma Smith, Velma Blake, Ann Henslar, Peggy Simpson, Florence Smith, Willena Henslar, Bertha Shelton, Lucy Mae Martin, Eva Richardson, Audrey Durham, Willie Fae Hoffman, Gertrude Hoffman, Mrs. R. G. McLeod, Reuben Blake, Elbert Blake, Paul Laird, Dalton Koen, Bill Martin, Donald Smith Clarence Reed and Orville Smith.

## Snyder Couple Weds Here Thursday

Miss Ruby Tracy and Chester Alton, both of Snyder, were married Thursday in Lubbock by Justice W. S Clark It was the ninth wedding performed by Mr. Clark this year.

## Mrs. J. A. Hill Goes To Home Today

Mrs J. A. Hill, who was installed as president of the seventh district Texas Federation of Women's clubs, Thursday afternoon, returned to her home in Canyon this morning Lubbock is in seventh district.

## Miss Hazel McNeil Is Party Honoree

Miss Ruby D. Parker entertained Wednesday with a dinner party at Hotel Lubbock honoring Miss Hazel McNeil. Guests were Misses Gertrude Braden, McNeil, Norene Mangrum, Erma Hignight, Bobbie Warren, Messrs. Vernon Abbott, Pete Miller, Dude Lassiter, Red Reed and R. E. Doak.

Mr. and Mrs. Jack Maddox of Hobbs, N. M., have been the guests of Mr. and Mrs. Frank Maddox, 1643 Main street.

## Mrs. Edgar Witt Goes To Austin Home

Mrs. Edgar Witt of Austin, wife of the lieutenant governor of Texas, has returned to her home after attending the annual convention of the Texas Federation of Women's clubs here.

## Business Women Will Meet Tonight

The Business and Professional Women's club is meeting in business session at 7:30 o'clock this evening at Hotel Lubbock.

# INDIGESTION

Immediate relief!

Rich food . . . strong coffee . . . heavy smoking. Then the penalty for indulgence. Digestive distress!

People who are haunted by this form of suffering simply have not learned its one common cause.

Usually, it's the fault of too much acid.

Meats, fish, breads, pastry can easily cause over-acidity, and this destroys the alkaline balance; foods won't digest. They can't. Nothing ever tastes good. One cigar—and you are logy as if you had smoked ten. Things you eat sour in the stomach, causing pain, flatulence. Your head aches, and you are constipated. Those are danger signals! Warnings that you are in immediate need of an anti-acid! Heed them, and meet that need at once with a little Phillips' Milk of Magnesia.

A creamy, pleasant-tasting spoonful will neutralize many times its volume in harmful acid. But take it for several days, till the whole digestive system is sweetened. Until the appetite returns, and that sourness is all dispelled, and every sign of over-acidity has disappeared.

Doctors endorse Phillips' Milk of Magnesia. So be sure you get Phillips' and not a substitute. All drug stores have genuine Phillips' Milk of Magnesia in 25c and 50c bottles.—Adv.

ABNEY APPAREL SHOP

Lubbock Hotel Building

As the accuracy of the hour-glass depends upon an even, continuous flow . . .

a little at a time

. . . so the uniform flavor of Hills Bros. Coffee is produced by Controlled Roasting—the patented process that roasts evenly, continuously . . . a little at a time.

# Controlled Roasting prevents variation in flavor . . .

Roasting coffee in small quantities, under exact heat-control, is the secret of a perfect, unvarying flavor. Hills Bros. invented and patented the only process that permits this sort of roasting. It is called Controlled Roasting. It's a process by which Hills Bros. Coffee passes through the roasters evenly, continuously—*a little at a time.* Every berry in the blend receives a perfect, unvarying roast. Naturally, then, every bracing cupful of Hills Bros. Coffee has the same marvelous flavor. And it is a flavor no other coffee has, because no other coffee is roasted this way.

Hills Bros. Coffee is always fresh too. Air, which destroys the flavor of coffee, is removed and kept out of Hills Bros.' vacuum cans. Ordinary, "air-tight" cans won't keep coffee fresh. But Hills Bros. Coffee is always as fresh as when it comes from the roasters.

The fragrant wisps of steam floating up from a cup of Hills Bros. forecast a coffee flavor you never dreamed of. Drink a cupful and see! Ask for Hills Bros. Coffee by name, and look for the Arab trade-mark on the can.

*Patented process roasts Hills Bros Coffee the same always*

• • •

*"A little at a time"—instead of in bulk—is the principle of Controlled Roasting*

3 RULES big help to BOWELS

What a joy to have the bowels move like clockwork, every day! It's easy, if you mind these simple rules of a famous old doctor:

1. Drink a big tumblerful of water before breakfast, and several times a day.
2. Get plenty of outdoor exercise without unduly fatiguing yourself.
3. Try for a bowel movement at exactly the same hour every day.

Everyone's bowels need help at times, but the thing to use is Dr. Caldwell's Syrup Pepsin. You'll get a thorough cleaning-out, and it won't leave your insides weak and watery. This family doctor's prescription is just fresh laxative herbs, pure pepsin, and other helpful ingredients that couldn't hurt a child. But how it wakes up those lazy bowels! How good you feel with your system rid of all that poisonous waste matter.

DR. W. B. CALDWELL'S SYRUP PEPSIN

*A Doctor's Family Laxative*

DR. MYERS

## Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

### REPORT OF CONFERENCE

IN our country are 232,154 church buildings of 214 different denominations. They have 44,380,000 members over thirteen years of age. There are five women to four men who are church members. For every ten public schools there are nine churches. The churches spend about a billion dollars a year. The increase in church membership, in the last decade, has been at about the same rate as the increase in population.

Our country has approximately 16,000,000 children under six years of age. One out of three of these has been inoculated for diphtheria; one out of four vaccinated for smallpox; two out of five has had whooping cough; one out of three, measles; one out of three, chicken-pox; one out of ten, mumps; one out of twenty, scarlet fever and one out of forty pneumonia.

In the United States are 22,680,000 girls and young women eighteen years of age and younger. Of these, 14,600,000 are in school, while about 1,900,000 are employed. The number of boys up to eighteen years of age is 24,057,083, with 14,000,000 of them in school and 3,000,000 employed in full or part time. Only about one boy in four in the teen age, and about one girl in seven, is enrolled in one of the character building agencies, and most of such agencies have developed during the last twenty years.

There are 11,171 public health nurses in the United States, who make a total of approximately 15,000,000 visits a year, caring for the sick in their homes and teaching the families how to handle health problems.

We kill more than 18,600 children by accident annually, most of them by automobiles. Approximately 13,478,600 homes of our country have radio receiving sets. Though books for children have doubled in the past ten years, only 9 per cent of those published in 1929 were for children. The reading public is less than half our population. The average American reads two books a year and buys two.

• • •

Only one rural home in 87 has a child's magazine. Few, if any, books are owned by the average rural family, and very few have ready access to a public library. There are 6,000 public libraries in our country, but very few of those who live within easy reach of a library use it. Approximately 1 per cent of the people of New York City, for example, use the public library. Of the books in circulation in that city, 39 per cent are taken by persons under sixteen years of age.

In our country about 8,000,000 persons annually spend some time camping, of whom over 2,500,000 are under eighteen years of age. When the 3,000,000 high school boys and girls have settled down to their studies at school about 9 a. m., 4,000,000 other boys and girls of high school age and younger have already begun the day's work in a factory, farm, bank, store or office, with approximately a million more of them standing in line eagerly and hopefully awaiting their turn at an employment office. Last year about 279,000 boys earned $81,000,000 delivering newspapers.

Approximately 71 per cent of city children of high school age are enrolled in high school, while only 26 per cent of the rural children of this age are. There are still about 161,000 one-room rural schools. These and similar facts may be found in published report of the "The White House Conference 1930," published in 1931 by the Century company, N. Y.

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin for each, and a self-addressed stamped envelope, to Dr. Garry C. Myers, in care of this paper, or Central Publication Association, 1426 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

### Easy to Get At a Cold Is Through the Bowels

As soon as you catch cold, the pores close; perspiration is checked and waste can't escape through the skin. That's why your doctor's first advice in case of colds is a mild laxative like cascara. Medical authorities agree it actually strengthens bowel muscles. You get cascara in its most pleasant form in Candy Cascarets.

Remember this when you catch cold; whenever breath is bad; tongue coated or you're headachy, bilious, constipated.

Why resort to harsher things when Cascarets activate the bowels quickly, so harmlessly and pleasantly—and cost only a dime?—Adv.

## SPYING ON SPORTS

BY COLLIER PARRIS

TEXAS TECH'S loss to the Texas College of Mines is disconcerting in more ways than one, we are led to believe the Matadors turned in a well-contested game at El Paso. It makes it rather burdensome on your ballyhoo artist, we mean the build-up for the next game. Next week we have another game at home and we've got to oil up the old ballyhoo machine.

Why are we so interested, asks you, in the size of the crowd which sees the Matadors play at home? What difference does it make with us whether 10,000 or 50 see the game? Not a particle, so far as hopeks in the pocket are concerned. Neither do we claim relationship with any of the players. Nor does it add to our prestige if the stands on both sides of the field are packed. The fact is that we kinda like those Matadors, their coaches and their school. We like to see them play football, and they play better football when a big crowd of local fans are pulling for them. We lay a lot of faith in them and we believe they can go when they have the right initiative and the right kind of support.

**A week from today, may be tonight, the Matadors play the University of New Mexico Loboes at Tech Field. To date the Matadors have won all of their home games. Tech's annual Homecoming Day is calendared for next Friday and the game is an added attraction, the main attraction if you please. And there's no reason to believe the Matadors will fall down on the job. They'll beat the Wolves in a hard game and they will have finished a perfect home season, thus setting some kind of a record for a Tech football team. They have lost all of their games abroad and they may lose to Simmons' Cowhands on Thanksgiving Day at Abilene, but that is another chapter. If they can win all their games at home it should be enough to draw out the faithful in large numbers.**

Our alibi for Tech's failure to beat the Miners lies in the fact that the Matadors were forced to play the game only five days after a hard game at home, with no time to practice against Mines plays and with a two-day bus trip in the meantime. Add to that the various and sundry injuries on the team, Coach Mack Saxon's desire, through his team, to best his former mentor, two touchdowns and two extra points, Tech's inability to score but two touchdowns and no extra points and you have the reason for the Muckers' victory.

**Vernon and Quanah battled to a scoreless tie Wednesday in a game that was heralded as the decisive battle in District 2. Quanah won the game and will meet the winner of District 1. How ya get that way? Why, on 20-yard line penetrations, of course. The teams played on a field only 60 yards long and Quanah made three touchdowns. As football was intended and as it should be according to all the rules and regulations, the game was a tie, won by either side. But they do things different in Texas. Next thing you know they'll shorten the distance between first base and home plate, and the team which gets the most runners to first base wins the ball game. The final score doesn't count. It's the silliest rule we ever heard of, Axel.**

The line of conversation shifted from spades to blades and a bunch of us were wondering how they were going to keep about eleven of Lubbock High school's gay young blades off the all-district team this fall. We say eleven because there are at least six linemen and five backfield men who have beat anything they have met so far this season. They haven't met Amarillo yet and that little formality will have to come to pass before we name the official team. Maybe just for the fun of it we'll have to name one or two Amarillo players on the mythical team. But where are you going to place 'em?

**And judging from the season's records so far how are you going to keep several of the Westerners off the all-state lineup? We haven't seen quite all of the teams in Texas play yet but if there's a better center than Bob Crawford, a better guard than Melvin Griggs, a better fullback than Gene Barnett and a better halfback than Mack Scoggin anywhere in this state we'll feel honored to meet him, or them. And you'll have trouble finding a smarter, tougher, rougher better quarterback than scrappy little O. H. Britten.**

The above paragraphs might excite some contemporaries to a state of anger and patriotism and cause them to have little respect for the judgment of yours truly. Well, we're open to argument and conviction. Have at it. We may be wrong; we've been wrong before, but we've gotta be shown.

## TECH FISH TO PLAY CANYON GRID TEAM

### GAME SCHEDULED AT MATADOR FIELD AT 7:30 TONIGHT

While their road-weary superiors, the Matadors, recuperate from the effects of a defeat at El Paso this week, the Texas Tech Picadors hold the football spotlight in Lubbock with a game tonight at Tech Field. The West Texas Teachers Buffalo Yearlings of Canyon are to furnish the opposition.

Tonight will mark the first local appearance of the Tech frosh in anything but practice since the first game of the season, a scrimmage between the Matadors and Picadors in which the latter scored a touchdown against their more experienced brothers and held them to two counters.

Practice at Tech extended into the night yesterday with Coach Morgan giving his charges a look at the ball under lights. The workout started in the afternoon and continued until about 7:30.

Weir Washam, who has been assisting Morgan with the freshmen gridsters and who has been an aide to Coach Pete Cawthon in the athletic office, severed his connections with Texas Tech Wednesday after two months of service. Washam is head coach and director of athletics at Spur High school and his contract calls for his appearance there this week. Due to the failure of the Spur school to open at the first of the regular scholastic year, Washam accepted a position with the Tech coaching faculty. He has served as scout for the Matador mentors also.

Morgan predicts as his starting lineup tonight the following gentlemen:

Ends, Gilmore and Gilmore of Olney; tackles, Woodrow Wilson of Mexia and Carlton Luper of Houston; guards, E. Trice of Snyder and Weldon Moore of Athens; center, Elmer Fortner of Sherman; quarterback, "Red" Rowe of Livingston; fullback, Roy Morris of Seymour; halfbacks, Floyd Tuck of Alabama and McElroy of Dallas.

One thousand pounds of fish were distributed to the needy of Miami, Fla., in one day.

### INJURIES STILL MAR WORK OF LUBBOCK HIGH ELEVEN

With no game scheduled during the interim, Lubbock High school's Westerners today will begin to settle down to a period of intensive drill destined to carry them through until Thanksgiving. On that day they hope to offer thanks for a victory over the Amarillo High Sandies which would mark a district championship for the locals.

**Injuries Hurt Two**

Injuries continue to play an important part in the rehearsals for the Turkey Day game. It is unlikely that Gene Barnett can afford to throw away his crutches until about the middle of next week, a broken foot keeping him out of practice since the Childress game a week ago tomorrow. Gene may be able to play against Amarillo and he may not. Coach Chapman reported yesterday that the injured member was "coming along as nicely as could be expected."

Bill Davidson, who can hardly be called the fifth man of the Westerner backfield after his stellar performance against Plainview Wednesday, is hobbling about with an injured knee. The member was wrenched in his last play, a 27-yard run, Wednesday. Cecil Merrill, regular halfback, is still troubled with an arm injury. Wednesday's game serving to increase the pain and seriousness of the hurt.

**Tickets Coming Soon**

Athletic Business Manager Pinkey Lowrey of Lubbock High school announced yesterday that an order for 4,000 tickets to the Turkey Day game in Amarillo had been ordered and would be on sale at the Hilton Hotel drug store here after this week. There is a possibility that the ducats, for which there is already a great demand, may arrive tomorrow. Due to a rush of business at the printing office where the tickets are made it has been impossible to secure the tickets for sale here. Local officials declare they are not responsible for the delay.

Of the 4,000 tickets ordered, only one thousand are for students, the remaining 3,000 being adult tickets calling for reserved seats. According to Lowrey's announcement yesterday, the adult tickets will not be sold without the reserved seat stub.

## KANSAS STATE HOPES TO GET BACK IN BIG SIX RACE IN CONTEST WITH NEBRASKA CORNHUSKERS SATURDAY

KANSAS CITY, Nov. 13. (AP)—The Wildcats of Kansas State college who looked like certain champions before they faltered and lost to Iowa State a week ago, have a last chance for a share in the Big Six football title in their game with Nebraska at Manhattan tomorrow.

A victory over the Cornhuskers would give Bo McMillin's Aggies only a chance to become co-champion, however, for the Nebraska-Iowa State game the following Saturday will settle the issue.

If the Aggies whip Nebraska and Nebraska beats Iowa State, Kansas State and Nebraska will have equal claims to the title. Although Iowa State would then have only one defeat, its percentage would be less because only four conference games are on the Cyclone schedule.

Iowa State could clinch the championship—its first in conference competition—by beating Nebraska, regardless of the outcome of the struggle at Manhattan Saturday.

Nebrasko goes into the game with only one defeat on its record, that by Northwestern.

The Oklahoma Sooners, who climbed out of a three way tie for last place by beating Kansas last week, play Missouri in a homecoming engagement at Columbia tomorrow.

Iowa State will play Drake university tomorrow and the Kansas Jayhawkers play Washington university.

### FIGHTS LAST NIGHT

(By The Associated Press)

GRAND RAPIDS, Mich.—Wesley Ramey, Grand Rapids, outpointed Ralpy Lenny, Union City, N. J., (10).

MILWAUKEE—Dave Maier, Milwaukee, outpointed Lou Scozza, Buffalo, N. Y., (10). Frank Battaglia, Winnipeg, knocked out Raoul Rojas, Cuba, (1).

TERRE HAUTE, Ind.—Frankie Hughes, Clinton, Ind., outpointed Allen Matthews, St. Louis, (10). Andy Kellett, Terre Haute, outpointed George Mulholland, Indianapolis, (6).

VINCENNES, Ind.—Garfield Rice, Evansville, outpointed Joe Lynn, Indianapolis, (8). Ginger Gordon, Vincennes, knocked out Don Harris, Muncie, Ind., (8).

SACRAMENTO, Calif.—Pinto De Sa, Portugal, knocked out Eddie Thomas, Bellingham, Wash., (5).

STOCKTON, Calif.—Eddie Murdock, Tulsa, Okla., outpointed Vincencio Alecante, Manila, (10).

### IT'S A SECRET

ABEDEEN, Md.—If the U. S. is ever engaged in another war, Army aviation heads hope to have a little invention which will fool enemy pilots. The secret device now being tested is said to determine the altitude of invading planes as well as automatically range anti-aircraft guns on them.

## SLATON IS TO SEND SECOND TEAM HERE

### GAME SCHEDULED ON JUNIOR HIGH GRID THIS AFTERNOON

**The Lubbock High school Cowhands, coached by Swede McMurray, will make one of their infrequent home appearances today when they meet the second team of Slaton High school on the local junior high field at 3:30 o'clock.**

**The Cowhand crew is made up of first year men and ineligibles from the Westerner team. Against Class B competition this season the team has been undefeated.**

### *Hot Stove League Nominates Pilot*

**NEW YORK, Nov. 13 (AP)—The "hot stove league" already has nominated a new manager for the Newark club of the International league.**

**With announcement of the purchase by the New York Yankees of the Newark franchise and all that goes with it, veteran baseball men believed some Yankee "graduate" would be named to succeed Al Mamaux as pilot of the club and picked Bob Shawkey as the most logical nominee.**

### IT'S A LONG TRIP

**LONDON—By the first of next year it is expected that through air service between London and Cape Town, South Africa, will be in operation. This is possibly the longest air line in the world, and enlists the services of 14 airports along its route. Eleven radio stations will work in conjunction with planes, keeping them on the correct route and dispatches messages to them.**

# SIX SOUTHWEST CONFERENCE TEAMS ARE TO CLASH TOMORROW

## SPOTLIGHT ON FROG-STEER GRID TILT

### AGGIES MEET OWLS AT HOUSTON AS BAYLOR FACES MUSTANGS

BY BILL PARKER
Associated Press Sports Writer

DALLAS, Nov. 13 (AP)—Six of the seven Southwest conference football teams will plunge for yardage and fight for touchdowns tomorrow. Texas Christian goes to Austin to play the University of Texas, Baylor will invade Dallas to try to halt the rush of the undefeated and untied Southern Methodist Mustangs and Texas A. and M. will lead the annual Cadets corps trip to Houston for game with the Rice Owls. Arkansas will be idle.

Having stopped A. and M. 6 to 0, Arkansas 7 to 0 and Rice 7 to 6, the Christians, flanked by a powerful line against which only one conference touchdown has been scored, face one of the hardest tests of the campaign. If the Frogs are victorious tomorrow they will be favored to beat Baylor and play November 28 against Southern Methodist with an undefeated conference record and with the championship at stake. If they lose, it means the best they can rope for is a tie. Last Saturday the 1930 conference champion clicked with a 25 to 0 victory over Baylor and it was a tonic badly needed.

**Aggies, Owls Tied**

Holding the second spotlight tomorrow will be Texas A. and M. and Rice. These two teams faded as serious championship contenders last week when the Aggies lost to Southern Methodist and Rice lost to Texas Christian. They are tied for third place with the University of Texas and Baylor. The Owls can finish near the front by taking A. and M.

The Mustangs face Baylor in what is regarded as a sure win for the Methodists who have seven consecutive wins to their credit. Coach Horrison has indicated he will play a flock of reserves against Baylor but will have his regulars ready in case the going gets rough.

## CHARITY FUND IS SOUGHT

### EXPECT TO GET TOTAL OF $750,000 FROM FOOTBALL TILTS

CHICAGO, Nov. 13 (AP)—A fund of $750,000 is the amount western conference universities hope to raise for charity by playing five post-season football games.

This was the estimate today by Major John L. Griffith, commissioner of athletics in the Big Ten. The football coaches and athletic directors will meet here Sunday to draft a schedule for the post season conflicts. Reports indicated Northwestern and Michigan, which shared the 1930 championship, may meet in one of the standout post season games. Other reports said Purdue is anxious for a game with Minnesota or Michigan, teams the pigskinmakers did not meet in the regular season.

Major Griffith said the idea in arranging the pairing for the charity games was to bring teams together which did not meet in the regular season, or teams of comparative strength.

It was revealed that Soldier Field in Chicago's lake front, which held a record smashing crowd of 123,000 for the Notre Dame-Southern California game two years ago, has been engaged for one of the principal attractions, probably the Northwestern-Michigan game if it can be arranged.

The total amount of money raised will be divided among the seven cities in which the universities are located.

## STATE HONORS AT STAKE IN GAMES

SAN FRANCISCO, Nov. 13. (AP)—Two games to decide state honors in Oregon and Washington, two conference clashes of minor importance and a "breather" comprise the Pacific Coast conference football program tomorrow.

Old rivals clash for state honors when Washington State and University of Washington line up at Seattle, and Oregon State and University of Oregon at Eugene, home of the latter. All four teams are out of conference title running, but the fights are expected for the national honors at stake.

Of the "big three" of the conference, California faces the hardest opposition in the Idaho Vandals. Southern California, virtually sure of the conference title, meets Montana, weakest team of the Loop, at Los Angeles. Stanford looks forward to an easy day against University of Nevada in a non-conference game at Stanford.

**FASTEST NIGHT PLANE**

LONDON—England claims to possess the world's fastest night-flying fighting airplane. It is said to be able to make more than 200 miles per hour and climb to three miles above the earth in a few minutes. It carries two machine guns and a load of bombs.

## HERE NEXT WEEK

* * *

**His name is Pfleuger, and he is a 205-pound tackle on the University of New Mexico football team which opposes the Matadors on the home lot next Friday.**

PFLEUGER-TACKLE

## CLASS B RACE IS NARROWED

### LAMESA, LITTLEFIELD AND FLOYDADA ARE AFTER TITLE

Midweek games, two of them, left only three teams to compete for high honors in the class B division, District 2. Under the Texas Interscholastic league rules, the district champion must be determined by November 28, bi-district games to start on the following week-end.

Lamesa defeated Post, 19 to 0, for the championship of the southern half of the district. The Golden Tornadoes of Lamesa had downed Brownfield on the previous week-end for leadership in the quadrant. Post had won its sub-district title earlier.

Floydada's Whirlwinds whirled wildly above the heads of the Lockney Longhorns to smash out an 83 to 0 victory in a game in which every available substitute took part.

Now Floydada must meet Littlefield for the championship of the northern half of the district and the right to meet Lamesa in the final game. The Whirlwinds defeated Littlefield earlier in the season in a practice game and both teams have improved considerably since then.

No definite date has been announced for the playing of the semi-final game between Littlefield and Floydada. The winner probably will meet Lamesa on Thanksgiving Day or on the Saturday following.

## CARNEGIE TECH'S COMMUTING GRID COACH TO RESIGN

CHICAGO, Nov. 13 (AP)—Judge Walter P. Steffen, Carnegie Tech's "commuting" football coach, will join the "second-guessers" at the end of the 1931 gridiron season.

Steffen, who for 18 seasons has directed the Skibos in battle, last night announced at the University of Chicago's annual football banquet he would resign at the end of the campaign, "become a Maroon fan and sit in the stands with the 'second guessers'."

Steffen has served as a Cook county circuit judge since 1923 and his present term will expire in 1934. He leaves Chicago in time to reach the place where Carnegie Tech is due to play the next day, and makes his plans just before the battle. While he is dispensing justice in Chicago during the week, Robert Waddell, a Bucknell graduate, drills the Skibos.

Two victories over Notre Dame were the high spots of Steffen's career at Carnegie Tech. During most of his career at Carnegie, Steffen served on a full-time basis. However, when he was elected to the bench, he received the title of advisory coach, and "commuted" to and from games.

## *Ginning Under Way In Terry County*

Twenty thousand bales of cotton have been ginned in Terry county, which is expected to gin that much more this season, J. C. Bond, owner of the Brownfield hotel at Brownfield, said while in Lubbock on business Thursday.

"Our gins are working night and day, some of the ginners working 24 hour shifts at a time," he said. "The latest report indicated better than 20,000 bales for the entire county. I think this is about half of the crop and it looks like we will gin at least 40,000 bales in Terry county this year.

"Business is better than it has been in a long time. A week ago Saturday the merchants reported the biggest business they had had in months. Last Saturday night some of the merchants closed at midnight and some early Sunday morning.

Mr. Bond said that the corn crop of the county while probably not as large as in other years was "the best ever."

Ellis Broyles, 16, of Alma, Ark., spent 64 hours planting and cultivating an acre of sorghum cane. He made a net profit of $167.35.

## *Paulino Uzcudun To Box Tom Loughran In Battle Tonight*

NEW YORK, Nov. 13 (AP)—Paulino Uzcudun, the burly basque, will attempt to beat Tommy Loughran, Philadelphia sharpshooter, in a ten round bout in Madison Square Garden tonight.

For more than a year, some of the world's leading heavyweights have tangled with clever Tommy and absorbed a sound lacing for their pains. The betting fraternity thinks so little of Paulino's chances tonight that the Philadelphian has been established a 9 to 5 favorite with few takers.

Loughran has compiled a winning streak of 11 straight victories and among his victims have been Max Baer, Ernie Schaaf, Johnny Risko and Victorio Campolo.

**HUGE SOVIET PLANE**

MOSCOW—The first large airplane constructed in Russia since the war has been completed. It is a five-engined bomber, capable of 135 miles an hour. The craft has a wingspread of 148 feet, length of 86 feet, and fully loaded weighs more than 18 tons. In commercial service this giant ship has room for 36 passengers and a crew of five.

North Canton, O., has an ordinance prohibiting the drilling of gas wells within the corporate limits.

## MAX SCHMELING, SOON TO ARRIVE, IS READY TO DEFEND TITLE AGAINST TWO MEN—MICKEY WALKER, JACK DEMPSEY

NEW YORK, Nov. 13 (AP)—Max Schmeling, soon to arrive here from Germany, apparently is ready to defend his heavyweight championship against only two men—Mickey Walker or Jack Dempsey.

If some rosy schemes concocted in the brain of Joe Jacobs, the Teuton's manager, are fulfilled, Schmeling may fight both Walker and Dempsey before the end of 1932.

Jacobs, arriving here after a visit of several months in Germany, declared he had recived a cable from Dempsey while in Berlin saying the former champion would be ready to fight again in June, against Schmeling and Schmeling only. Jacobs foresees at "gate" of $2,000,000 if this match goes through.

While he is waiting to hear definitely from Dempsey again, Jacobs is turning over in his mind an offer of $200,000 for a match between Schmeling and Walker in Los Angeles Feb. 22. The terms appear agreeable to Jacobs but Schmeling objects to defending his title at so short a distance as 10 rounds, the limit for championship affairs in California.

Madison Square Garden, which claims it holds a contract on Schmeling's services until July 15, 1932, announced it would go into the courts to protect its rights should Schmeling attempt to fight under any other organization's promotion.

Despite the Garden's threat, Jacobs announced he was open to offers from anyone, the Garden included.

**EVEN IN THE AIR**

TULSA, Okla.—The billboard curse has taken to the air after having adopted all of the scenery along the country's highways. A sign has been erected near the local airport which is so constructed that plane passengers can read its advertising message from the sky.

Dr. Alexander Hendry, surgeon and physician to his Majesty's household at Balmoral, Scotland, since 1910, has been knighted by the king.

## *Wind-Up Contests Slated Saturday In Mountain Loop*

DENVER, Nov. 13 (AP)—Rocky Mountain conference football teams today were set for wind-up contests that will help decide the various positions they will occupy in order after the name of Utah university, perennial champion.

Brigham Young university's Cougars and the University of Wyoming meet today. It is the last game of the sason for Brigham Young and the last conference affair for Wyoming.

Utah's Redskins, while expected to win from the University of Colorado in Salt Lake tomorrow by about 30 points, will be up against an inspired invader which, if reports are true, has as its single purpose the vindication of Coach Myron Witman against the attacks of disgruntled alumni.

Denver and Colorado college meet in Denver tomorrow. There is little to choose between these teams. The Utah Aggies and Colorado Aggies are billed for a fight for second place.

Sylviam Millsaps, 12, of Nogo, Ark., 4-H club member, was beaten by the drouth on his corn project, but he cut off the corn and raised 300 bushels of turnips on the acre.

# P.-T. A. MEETING IS CLOSED

### ADVOCATE OWNING OF RADIO STATIONS BY THE PUBLIC

SAN ANTONIO, Nov. 13 (AP)—Radio stations publicly owned and freed from the nuisance of advertising, the continuation of 1931 high school and college graduates in school another year as unemployment relief, elimination of block and blind motion picture booking and "cleaning up" of the movies were advocated at the closing sessions of the 23rd annnual convention of the Texas Congress of Mothers and Parent-Teacher associations in San Antonio Thursday.

The convention ended with a general business session in the afternoon and a banquet in the evening, when new officers were installed and Mrs. S. M. N. Marrs, past president, was principal speaker.

**Labor Law Asked**

Among the more important resolutions adopted were: Passage of state laws to curtail child labor pending a federal amendment. Legislation to promote maternal and child hygiene. Separation of juvenile courts and detention homes from all criminal agencies. Endorsement of eighteenth amendment and the laws against narcotics. Renunciation of war and approval of the disarmament conference program. Selection of county and state superintendents by non-partisan boards of education instead of by public elections.

Others were: Trained leadership; parent education; character education; humane education; thrift; safety; training for leisure; full time use of the school buildings; vocational guidance; health; bureaus of home economics; adequate support of education; county libraries; illiteracy; a federal department of education; American education week; George Washington bicentennial; a parent-teacher association in every community; parent education.

Mrs. P. C. McGlasson, sixth vice president, was in charge of the final business session in the afternoon.

**Efforts Reviewed**

William Strauss, for five years head of the community chest at Houston, and chairman of the committee in behalf of child welfare, reviewed the efforts made before the last sessions of the legislature to enact laws providing more safeguards for children, and Ernest Cox, representing the American Legion pledged the support and cooperation of that organization to the congress in its program for child welfare.

In the absence of Mrs. Edward Kneeland of Dallas, Mrs. A. F. Wood, president-elect, presented the life membership program, when 73 state and two national life memberships were pledged. The life memberships were pledged by districts for Mrs. M. A. Taylor of Bonham, president of the second district, and Mrs. J. H. Moore of Deport, president in the third district. The Arthur Everts life membership cup was won by the first district, with 23 this year. Second place with 11, went to the second district. Last year the order was reversed.

More than 475 members of parent-teacher associations in Texas received diplomas Thursday afternoon, certifying that they had completed satisfactorily the correspondence course offered each year by the Texas Congress of Mothers and Parent-Teacher associations.

Belgium is the most densely populated country in the world, having nearly 8,000,000 residents occupying an area of 11,752 square miles.

## Coach of Two Generations

It is not given to most coaches of athletics first to teach a famous father and then take the latter's promising son under his wing. Lawson Robertson, track coach of the University of Pennsylvania, at Philadelphia, and track mentor of U. S. Olympic teams, is shown instructing 17-year-old Arthur L. Kiviat for a long distance run. Arthur is the son of Abel Kiviat, one of the greatest middle-distance runners of two decades ago. When Abel reported for track, it was Robertson who launched him on his career.

# AGREEMENT ON DEBTS SEEN

### FOREIGN CREDITORS, GERMAN DEBTORS GET TOGETHER

BERLIN, Nov. 13. (AP)—Representatives of American banking groups, learning that an agreement between Germany and France seems imminent on concurrent handling of reparations and private credits, said any discussion of precedence is theoretical because foreign creditors and German debtors are getting together every day.

They are discussing what shall be done after the credits expire on the 29th of next February, and according to one Berlin representative of a large New York bank, "no matter how much the French may insist that reparations shall come first, the world bank cannot but take cognizance of arrangements made with regard to private debts."

**Being Adjusted**

These debts, he said, are being adjusted in daily conferences right now. After the British pound dropped, all the German debtors who could do so tried to get rid of their British obligations while the exchange was favorable. Likewise arrangements are being completed even now between American creditors and German debtors as to what is to be done after Feb. 29.

"Thus," said one banker, "the world bank committee which can be created under the Young plan to look into these questions will be faced with accomplished facts which they cannot ignore."

Reports were circulated in well-informed circles that France and Germany had reached an agreement for handling reparations payments with the Young plan as a staring point and with an assurance for Germany that she need agree to nothing until it is determined what will happen when her 24,000,000,000 marks of short term private debts expire.

If the reports are correct, Germany would request the world bank to call a meeting of its advisory committee as provided by the Young plan and at the same time an international bankers committee had reported it is expected there would be an international conference.

Firewood may be obtained in exchange for potato peelings or other food refuse which is of no further use, through an automatic machine recently installed in Berlin.

## Calles' Daughter Weds American

General Plutarco Elias Calles, former president of Mexico, gains another American son-in-law as his daughter, Senorita Artemisa, becomes the bride of Dr. Joseph Jordan Eller, New York cancer specialist, in Mexico City. His daughter Ernestina married T. Arnold Robinson, also of New York, several years ago. Photo shows the bride and the bridegroom at the altar. Calles, "strong man of Mexico," has just been recalled to the cabinet, as minister of war. Mexico also is undergoing a financial crisis.

## *Aeronautics Chief Lands At Airport*

Inspector R. W. Delaney of the United States department of commerce aeronautics division passed last night in Lubbock after landing at municipal airport at about 4:30 o'clock Thursday afternoon.

Delaney, who tests would-be private, limited commercial and transport pilots, will spend part of Friday here before hopping off in his Wright J5 Travelair for his home, Dallas. Although five applicants for pilot licenses, two from Lubbock, were given the tests here last month by Delaney, there will be no applicants this month so far as was known Thursday night. Ben Branson, flying instructor, said there probably would be some to try their wings next month.

## *Turkey Market To Be Open Tomorrow*

The Thanksgiving turkey market in Lubbock will remain open through Saturday, W. R. White, manager of the Lubbock Poultry and Egg company, said Thursday.

Deliveries of turkeys this season have been light, and only one-half of the normal turkey crop is believed already on the market. Sufficient quantities of feed, low price and the busy cotton picking season are blamed for the small quantity of birds being sold.

The Titman Egg corporation bought between 1,500 and 2,000 birds in the Lubbock county turkey pool.

**SAVED FROM DEATH**

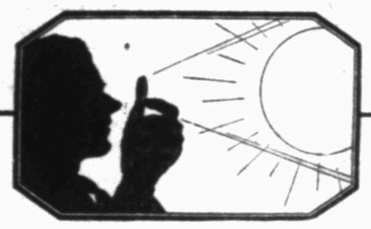

SAN ANTONIO, Nov. 13 (AP)—Mrs. Frances Darling was saved from death by fire shortly before noon Thursday when City Fireman A. J. Crow and other firemen battered down an apartment door and carried her unconscious from the burning house.

## "B-C" Will Stop Any Headache In 3 Minutes

Realizing that no one drug can conquer all headaches, as they come from so many causes two North Carolina druggists developed a combination of several ingredients which function together giving three-minute, safe relief for any kind of headache, neuralgic sciatic or rheumatic pain, quiets the nerves and leaves you normally buoyant, without depression or bad after effects.

This combination of pain relieving ingredients, so efficient for women also at special times, may be found at any drug store or soda fount under the name "B-C" (10c and 25c) ready for use in easing pains and quieting nerves in three minutes. "B-C" is the most amazing preparation of its kind ever discovered and is guaranteed harmless. (Adv.)

# Real Economy

Hold a copper penny close enough to your eye, and it will shut out the golden sun. Buying cheap oil for a good car is like that. It loses money every time. This winter, stop worrying about lubrication. Entrust that job to Phillips 66 Motor Oil and you can trust your motor to do its best. It is *all* oil. Minus water, wax, and carbon. Hence it lubricates better and longer . . . saves money . . . and is *the world's finest oil for your motor.*

100% PARAFFIN BASE A GRADE FOR EVERY CAR

30¢ A QUART

# No More Fear of *Coffee Nerves*

## Doctors Now Tell Us

***2,571 Physicians* Approve This Rare Central American Coffee That Nature Grows Without Rank, Noxious Oils***

THERE'S nothing to fear in coffee—if you drink the *right kind*. In fact doctors now say it's not only good—but *good for you.*

2,571 physicians* who recently tested Folger's rare Central American coffee tell us that in their opinion it is not only free from all harmful after-effect, but *actually beneficial.*

***From Central America***

Folger's coffee is not just another "brand," it is an entirely different *kind* of coffee. It is grown in tiny mountain districts along the west coast of Central America. A region where nature gives coffee a far richer, smoother flavor—and leaves out the rough offensive oils that abound in cheap and doubtful coffees.

It is nature's gift that her finest flavored, most invigorating coffee can be enjoyed with all of its "kick" and without a "kick-back."

Folger brings you this unique Central American coffee packed in key-opening vacuum tins that keep it always as fresh as it was 30 minutes after it left the roaster.

Why not try it for a week. Note its finer flavor. Note its wonderful invigoration. Note its after-effects. Then you'll see why this coffee which is the choice of coffee experts is also endorsed by physicians.

**Signed statements to this effect, from 2,571 physicians who have actually tested Folger's Coffee, are on file in our offices.*

FOLGER COFFEE COMPANY
Kansas City San Francisco
Dallas 117

Folger protects you against stale coffee by packing this coffee in the latest improved, key-opening vacuum tins.

*Every pound of Folger's is guaranteed to reach you as fresh as it was 30 minutes after it left the roaster.*

*Remember this:* No matter when or where you buy it, this coffee is *FRESH.*

# TRADITION OF SEA UPHELD

### OWNERS STAY ABOARD AND PERISH WHEN BOAT SINKS

BALBOA, C. Z., Nov. 13 (AP)—A tale of traditions of the sea, of the two owners of the ill-fated Costa Rican schooner Baden Baden who scorned lifeboats and rafts and went down with their ship, was told by the 11 survivors on board the U. S. minesweeper Swan on the way back to the canal zone today.

The men were Hans J. Lau of Punto Arenas, Costa Rica, and Adolph Chonek of Hamburg, Germany. When the vessel foundered Monday afternoon in heavy seas and the crew took to lifeboats and rafts, the owners stayed aboard and sank.

How three others aboard the schooner lost their lives was not revealed.

During a storm along the coast of Colombia Monday, the cargo shifted, the pumps were found to be out of order and the vessel sank in 20 minutes.

**Sighted By Pilot**

Without food and with only rain to provide drinking water, the crew drifted for three days until they were picked up by the Swan. They were sighted 20 minutes after the ship went down by an airplane pilot but he could not take them aboard because of the roughness of the sea.

When the Swan came alongside, Captain Walter of the Baden Baden, who was injured, was taken aboard on a stretcher. The members of the crew were hauled in, bathed and given soup, cigarets and clothes.

Captain Walter was injured when a timber fell on his back as he was abandoning the ship.

# SEEK TO SAVE FARM WASTE

### SCIENTISTS TRYING TO SAVE FARMING BY-PRODUCTS

WASHINGTON, Nov. 13 (AP)—Behind the scenes of the nation's changing agricultural drama, government scientists are seeking to utilize the staggering total of 260,000,000 tons of farm by-products which annually go to waste.

The workings of these scientists, bent on pouring more money into the farmers pocket, were described in the annual report of the agriculture department's bureau of chemistry and soils to Secretary Hyde.

Dr. Henry C. Knight, chief of the bureau, figures that for every pound of farm products profitably used there are from one to two and a half pounds of which the soil tiller fails to get any considerable return.

Utilization of these wastes—corn stalks, cotton seed, and rice hulls, fruit and vegetable culls—is believed by him to be of greater economic importance than increased production, especially in these times of surplus crops.

To this end, the bureau carried on more than 500 investigations last year to find industrial and commercial uses for these by-products.

Race horses, trained to run without jockeys, are attracting attention in Mexico, where this innovation in racing was made.

## Bridge Party

There was some commuting to be done when that new George Washington Bridge was opened between Manhattan and New Jersey. And father, mother and the kids—to the tune of about 300,000 persons afoot, on horseback and in horseless carriages—swarmed over the huge structure above the Hudson River. Here's an impressive view of the bridge, largest suspension span in the world, as it appeared under its first full load of traffic.

# SOUTH PLAINS BOY SCOUTS PLAN TO PARTICIPATE IN CARVING CONTEST

Scoutmasters of troops in the South Plains Area council, of which D. T. Jennings of Lubbock is executive, were urged in a letter from the area chieftain to begin preparations immediately for participation in a national Boy Scout totem pole carving contest approved by the United States department of the interior.

Three American Boy Scouts will receive trips from their homes to the Alaskan interior and return as prizes in the wood carving contest, the object of which is to stimulate interest in Indian lore with accent placed on that of Alaskan tribes as embodied in their totem poles.

Each troop, Executive Jennings has suggested, should display all its totem poles in a downtown show window where they would be judged. The best pole from each troop would be sent to Lubbock and the totem scoring highest here would be sent to Washington, D. C., as the South Plains area's entry in the national contest.

The local displays should be between January 31 and February 6, as poles in the nation-wide selection must be in Washington by February 15, the executive here said. All first class scouts not more than 18 years old next February 15 are eligible to compete.

Thanksgiving good turn plans should be formed now also, Executive Jennings advised the scoutmasters.

"There probably never has been a more opportune time than the present for scouts to demonstrate to the public that they are organized for service," the council chieftain write.

"Get in touch with the other organizations of your city and work out plans whereby the scouts can assist in other forms of service such as collecting old clothes, and collecting and renovating toys."

Dr. William S. Wadsworth, coroner's physician of Philadelphia, has evolved a color test to gauge a man's mental make-up and show whether or not he is capable of certain acts.

A magnetic "nail picker" removed 14 tons of metal from West Texas highways in traversing 593 miles.

The Chicago district builds more railroad cars than any other area in the world.

## What makes BRAN SO GOOD FOR YOU

BRAN supplies two things that help prevent ordinary constipation. "Bulk" which gently exercises the intestines, Vitamin B which tones the intestinal tract.

Kellogg's ALL-BRAN is bran at its best. For ten years, millions have used it—with entire satisfaction.

Constipation may bring serious results. Headaches, loss of appetite and energy, sallow skins, pimples.

Yet it can be overcome so simply. Try two tablespoonfuls daily of Kellogg's ALL-BRAN to prevent and relieve both temporary and recurring constipation. If you suffer from intestinal trouble not relieved this way, see your doctor.

ALL-BRAN can be enjoyed as a cereal, or in cooking. This is far more pleasant than taking pills and drugs that are so often habit-forming.

ALL-BRAN supplies iron which builds up the blood. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Sugar should be judged by the amount of sweetening it does

Imperial is the largest-selling sugar in Texas because it is expertly refined, cleaner and sweeter. Less non-sweetening matter is left in Imperial. This is the reason why so many women find Imperial more economical and satisfactory to use. We invite you to try Imperial Sugar in this new recipe for

**Fruit Cake**

1 lb. raisins, ½ lb. each—candied pineapple, cherries, citron, orange peel, almonds and pecans. 1 tablespoon each—allspice, cloves, cinnamon and 2 grated nutmegs. Cream 1 lb. butter with 2 cups Imperial Sugar, add 1 cup molasses. Add 6 eggs beaten together, 1 cup grape juice. Sift 1 quart of flour 3 times—the last time add 3 teaspoons baking powder. Mix all fruits and nuts in flour and stir into liquid mixture. Bake in slow oven about 3 hours.

IMPERIAL SUGAR

Used by more food manufacturers and by more housewives than any other brand in Texas.

# MURRAY THINKS CONDITIONS IN WEST TEXAS TO BE RESTORED

### INCREASED PRICE ON COTTON SEEN BY CO-OP HEAD

Enough cotton will be held for increased prices to restore conditions in West Texas this year, R. J. Murray, general manager of the Texas Cotton Cooperative association and a former Lubbock citizen, said on his arrival here Thursday for a several days' tour of the South Plains.

"The bottom's been hit and we're turning back," Mr. Murray said as he predicted advances in cotton prices during the future. "All needed now is the restoration of confidence on the part of the people. Next year if we are fortunate in getting a good season in the ground, we will never know there has been a depression."

**Membership Grows**

Mr. Murray said deliveries in the association now totalled over the 400,000-bale mark and were averaging better than 5,000 bales a day. He said 40,000 farmers in Texas were members of the association and the membership was increasing at the rate of about one thousand per month. He expects the deliveries to exceed 1930's total of 600,000 bales.

"There is a better feeling toward the farm board and its work and a better understanding of what the cooperatives are trying to do," Mr. Murray declared. He has just completed a series of visits which carried him to every corner of the state and has made several trips to Washington and New Orleans in connection with business of the association.

**Restoring Power**

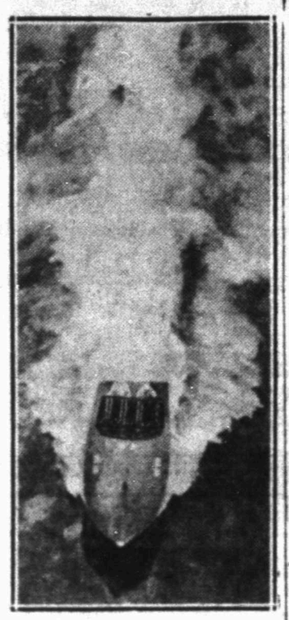

"What we're concerned with now is restoring the purchasing power of Americans." Mr. Murray continued. "There are 60,000,000 people in the middle west and southwest whose purchasing power has been limited through reduction of agricultural revenue. The best way to restore this power is to pay the farmer a profitable price for his cotton and wheat."

The recent agreement to hold 7,000,000 bales from the market by the bankers and the coop is plainly indicative of the efforts of the two to restore the farmer's buying strength, he pointed out.

The seed loan pool, recently created by the association, is proving very popular, Mr. Murray said. Under the terms of the pool, cotton is collateralized at eight cents a pound and when the amount the farmer places in the pool equals to the loan made by the government, the balance of the crop is released. The cotton in the pool is set aside and not sold until a price is agreed upon by the government and the grower. The remainder of the crop is therefore left to the farmer's disposal.

Mr. Murray said the association's work of securing new members would be continued on through the winter and until "at least half of the farmers of Texas are members, the ultimate goal of the association."

## A Daring Dash

A remarkable photograph showing the speedboat "Miss America IX" bounding over the Harlem River, at New York, at a speed of 104 miles an hour. Gar Wood, veteran speedboat pilot, was at the wheel at this picture was snapped from the high bridge spanning the river. Wood raced his powerful craft over the course in an effort to set a new world's record during a water carnival staged for charity.

## *Snyder Club Boy Is Winner Of A Trip*

PLAINVIEW, Nov. 13—(Special)—Doss Buntin, Four-H club boy of the Snyder community and son of W. C. Buntin, was one of 19 Texas club boys to be awarded a trip to the International Livestock show at Chicago late in November, because of his splendid record in club work, Roy D. Davis, county agent, announced.

Doss has been feeding calves and his project's record was deemed an outstanding one. Last spring he showed his baby beef at the First Annual Fat Calf, Pig and Cured Meat show in Lubbock where he took prizes.

Each year the Santa Fe selects one boy from each county in Texas in which it operates, to make the trip as guest of the railroad, with all expenses paid. Nineteen boys, each with an outstanding record, are selected. The railroad pays expenses of the boys, with a male chaperone for the party, to Chicago and return, providing railroad and Pullman fare, meals enroute and hotel and meals in Chicago. The boys are guests of the show management.

# ANOTHER "NIGHT OF FALLING HAIRS" OF LENOID SLATED EARLY NEXT WEEK

BY HOWARD W. BLAKESLEE
Associated Press Science Editor

CAMBRIDGE, Mass., Nov. 13 (AP)—Another "night of the falling hairs," a visitation of the leonid meteors, is due on one of the first four nights next week.

The latest prehistoric record of these leonid meteors has been found chiseled in stone in ruins of the ancient Mayan civilization in Yucatan.

This story has it that the "hairs" fell from heaven with the lord of the dead, "Izontemocque." The stone bearing this record is believed to have been set up about 600 years before the arrival of the Spaniards in Mexico. The Mexicans had a similar tradition. It describes the fine threads of fire which meteors leave as they flash across the heavens.

The leonids appear in the east, after midnight. For the past three years a few have been seen each mid-November, and astronomers predict another great, fiery shower may occur during any of the next three Novembers.

For more than 1,000 years these leonids about three times each century have turned night into a beautiful but awful sort of day for several hours at a time. Chinese records speak of them in 764. In 1202 in Russia a shower of leonids was mistaken for the end of the world. In nearly all lands where they have been seen they have been taken more than once as the sign of earth's finish.

In Russia in 1532 a leonid display is described in the phrase "they flew like threads from the east."

## *Highway Nine Near Lubbock Is Opened*

Opening of state highway No. 9 almost to Lubbock city limits was announced Thursday at the construction office of the highway department's divisional office here.

The slab was uncovered and traffic permitted to go over the surface. The road is now open from the Lynn county line north to about a mile south of the junction with No. 7, south of town.

Plans are for the state highway department to open this stretch early next week. Meantime the contractors, Womack and Herring, Sherman, are grading up the shoulders and getting the work ready to turn over to the maintenance department for operation.

## Gift of Tongues

If Avery De Witt (above), of Buffalo, N. Y., had lived when the legendary Tower of Babel was being built, it is almost a certainty that he would have got a job as foreman on that celebrated structure. De Witt, though only 21, speaks 25 languages in addition to English.

## *Lubbock Student On Aggie Judging Team*

H. D. Pool, Texas A. & M. college student from Lubbock, is a member of the school's livestock judging team and will compete against Texas Technological college judgers in two contests this month.

Another South Plains student, L. O. Ranson, is from Lamesa. The team has started for Chicago and Kansas City. The trip will last 22 days according to R. M. Milhollin, coach of livestock teams at A. and M.

Mr. Milhollin was formerly county agent at Plainview, resigning there to go to College Station. He was succeeded by Roy Davis. Mr. Milhollin is well known to many farmers in the county and also to a large number of Lubbock people through his long association in this part of the state.

# CHANGE IN TRAIN SCHEDULE FOUGHT

PLAINVIEW, Nov. 13—(Special)—Opposition of the proposals of John Farrington, general manager of the Fort Worth and Denver South Plains railway that the night train from Plainview and other South Plains towns be changed to a morning train, was expressed by the board of city development.

Last week Mr. Farrington discussed the proposal with several groups and asked for an expression of the desires of Plainview. At a meeting of the board of city development with a special budget committee of the chamber of commerce, the plan was presented and opposed.

It was pointed out that a change in the service would bring mail from Fort Worth and Dallas and eastern points into Plainview too late for morning delivery and that the mail would have to be distributed in the residence district in the afternoon and possibly a late morning delivery in the business section. The morning F. W. D. S. P. train arrives in the morning before 7:30 while it is more than two hours later that the Santa Fe from Lubbock and Sweetwater reaches here.

"Safety-Sealed" FOR FLAVOR-PROTECTION

Still at peak of flavor after 120-day test in 48 States!

*These stars indicate cities in each of 48 states where coffee was put out on test.*

*M·J·B Coffee, packed in the only "Safety-Sealed" tin, stored away in 48 states . . . then taste-tested. "Fresh as when first packed!" declared famous committee of three.*

Here's actual proof that the richer flavor of M·J·B *stays* rich for you to enjoy!

A tin of freshly packed coffee was sent to every state in the Union. It was subjected to all the different climatic conditions in each of the 48 states.

Four months later this coffee was returned and tested by impartial experts.

"We found the 'test' coffee as *fresh* and *richly flavored* as coffee that had just been roasted," declared the committee after critical taste-tests.

Winning such a verdict is positive proof of the patented "Safety-Seal" method of vacuum packing—a method only M·J·B can use.

The "Safety-Seal" is unlike ordinary vacuum processes. This seal on the bottom of every M·J·B tin closes only if all air is out. No other coffee has this protection.

In M·J·B you get a finer blend, always at the peak of flavor and freshness. It's America's *quality* coffee in America's *only* "Safety-Sealed" tin.

*"Because of the exclusive "Safety-Seal" none of the rich, delicious flavor of M·J·B can possibly escape," declared this committee of experts: Genevieve Callahan, EditorSunset Magazine (shown here); Chef La Faille, St. Francis Hotel, San Francisco; Prof. W. W. Ogier, Jr., Calif. Institute of Technology.*

M·J·B COFFEE

"Safety-Sealed"—NO FLAVOR CAN ESCAPE!

(Continued From The Women's Page)

## Texas Dinner Closes Club Convention Thursday; Many Women Drawn Here

Covers were laid for 185 at a dinner served Thursday evening, the closing event in a three-day annual meeting of the Texas Federation of Women's clubs in Lubbock. The dinner, which was at Hilton Hotel, was followed by a pageant—a series of tableaux—presenting "Texas Under Six Flags."

The tableaux were typical pictures of each period and were participated in by about 100 local people under the direction of Miss Ruth Pirtle.

Other events in connection with the dinner included the presentation of a $500 cash purchase prize to E. G. Eisenlohr of Dallas, the award in an exhibit of Texas oil paintings that has been conducted in connection with the federation meeting here, and a talk on the place of women in the future development of the state by Dr. L. H. Hubbard, president of the College of Industrial Arts, Denton.

**Asks Opportunity**

Dr. Hubbard reviewed the status of American women in the past, pointed to outstanding women in the various eras of development in the nation and in Texas, and closed with an appeal for improved educational opportunities enabling women to make the future contributions of which they are capable.

This dinner closed the thirty-fourth annual convention, which was held in Lubbock. Many of the delegates left on the evening train for Dallas, Houston and points in that section of the state. Some left on Thursday and others, principally those who were driving, left this morning. More than 300 out-of-town women were drawn here by the convention.

The installation of new officers in the state organization on Thursday afternoon formally ended the meeting. Mrs. R. F. Lindsay of Mt. Pleasant, retiring head of the union, conducted the installation. Each new officer was presented by her predecessor. Flowers were given to the new officials by their districts and friends. Mrs. J. W. Fincher of Houston is the new president of the organization.

Other officers for the next two years include Mrs. Volney Taylor, Brownsville, first vice-president; Mrs. Frank B. Slater, Dallas, second vice-president; Miss Ollie Coon, Greenville, recording secretary; Mrs. C. D. Kelly, Groesbeck, treasurer. Mrs. Lindsay was unanimously elected Texas director of the General Federation Wednesday morning.

District presidents installed included Mrs. J. A. Hill, Canyon, seventh district; Mrs. Bob Barker of Fort Worth, Mrs. A. S. Lewis of Dallas, Miss Elizabeth Bonnor Phillips of Tyler, Miss Carrie Reeves of Brownwood, Mrs. J. L. Brock of Bryan and Mrs. Alex Adams of San Antonio, from the other divisions of the state.

**Invitation Issued**

A formal invitation was issued in the afternoon by Mrs. G. R. Scott of Corpus Christi for the federation to come there next November. Other women from that city and neighboring towns supported the invitation. No selection will be made until the January meeting of the board of directors.

In her final address, Mrs. Lindsay said that today's problems cannot be solved by legislative deliberations or the emotionalism of mass meetings but that the need of the hour is for individual effort. Her talk was closed with three recommendations:

"Make this a cotton Christmas. Replenish depleted household furnishings. Apply a coat of paint."

Fifth district, which includes Corpus Christi, received a loving cup for the most canned foodstuffs reported among club members. First district was second in this contest with sixth district third.

One new club, the Wednesday Study club of Cross Plains, was received into the federation at a board meeting Thursday, and two women were made life members of the board of directors: Mrs. Henry Redmon of Corpus Christi and Mrs. Lee Joseph of Austin.

Mrs. Greenleaf Fisk, Abilene, president of sixth district, received a loving cup for her district on good citizenship programs.

Mrs. Lee Joseph of Austin presided at the dinner and introduced the retiring presidents of the seven districts in the federation. Six of these latter presided at tables representing one flag under which Texas has served. The seventh table, presided over by Mrs. J. W. Fincher, Houston retiring president of fourth district and the new president of the Texas unit, represented the Texas of the future.

These presiding women were dressed in the costumes of the periods represented, as were the local hostesses who served with them. The tables were presided over as follows: French flag—Mrs. Greenleaf Fisk, Abilene, with Mrs. E. L. Banks, president of the Shakespeare club, as local hostess; Spanish flag—Mrs. Volney Taylor, Brownsville, with Mrs. J. D. Peters, president of Sorosis club as local hostess; Mexican flag—Mrs. J. T. Whitmore, Snyder, presiding, with Mrs. O. R. Copeland, president of the Daleth Delphian club, as local hostess; Texas Republic flag—Mrs. Ben G. O'Neal of Wichita Falls presiding, with Mrs. George Field, president of the Junior Twentieth Century club, as local hostess; United States flag—Mrs. F. R. Pettengell, Cleburne, presiding, with Mrs. H. F. Godeke, president of the Lu Beta Delphian chapter, as local hostess; Confederate flag—Mrs. Sam Cox of Mexia, presiding, with Mrs. James H. Goodman, president of the Twentieth Century club, presiding; Future Texas—Mrs. Pincher presiding, with Mrs. S. B. Haynes, president of the Athenaeum club, as local hostess.

Each presiding officer was called upon for a short talk telling of the period in history that her table represented.

Decorations on the tables were typical. For the French table, there was Dresden china. The Spanish table was centered with a senorita and red geraniums were placed the length of the board. The Alamo was reconstructed for the Mexican table, while a log cabin, a stage coach and covered wagon marked the period for the Texas Republic.

Red roses and the United States flag were used to typify the period of the United States, flag, while oil derricks, airplanes, cotton wagons, gins, elevators—symbols of present and future industry were used on the table of the future.

**INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS**

(By The Associated Press)

### *Faces Cleaners*

ANNAPOLIS, Md.—Old Bill, the Navy goat, must go to the cleaners again. This time for the removal of a traitorous green stripe across his white coat. Green is a Notre Dame color. Navy plays Notre Dame Saturday. Bill is just back from the cleaners for the removal of a daub of Ohio State red acquired at the last game.

### *Turn To English*

CAMBRIDGE, Mass.—What is the Latin for mulligatawny soup? The Harvard classical club dinner was going along famously with ova turbata and porci miraculi until it came to the soup. Then the fifteen scholarly diners lapsed into English for one course.

### *Use Text Books*

CROOKSTON, Minn.—Two youngsters who "got such poor marks they didn't want to go to classes any more" are in jail. They used their text books to kindle a fire which burned the school house down.

### *Guests Rated*

NEW YORK—Clare Booth Brokaw has revealed how the point system works in seating guests at society dinners. Mrs. Jones with ten points for a yacht rates higher than the matron farther down the table who got only nine points for having a country home. A Rembrandt or an imported car helps fix their owner's rating.

### *Not The Mahatma*

TORONTO—A figure wrapped in a white mantlelike garment who caused something of a sensation stalking down a main street with a placard calling for "peace for India" was not Mahatma Gandhi. It was just another of those university of Toronto boys being initiated into a fraternity.

**SERVICES SET TODAY**

Funeral services for C. T. Dye, 75, of Clovis, who died in a hospital here at 12:40 p. m. Thursday after several weeks' illness, were to be conducted this afternoon at Clovis. A widow and a son, both of Clovis, survive. The body was sent to the New Mexico town by Rix Funeral home.

## Air Fireman

Flying the airmail between Chicago and Kansas City, Lewis Gravis, above, 24, discovered a fire on a house in Kirksville, Mo., the fifth he had spotted in three years. He dived and banked his plane, motor wide open, until he had notified the occupants, who scurrier out to safety.

## REPORT ON ROADS

This report is furnished daily by the South Plains Automobile club, local branch of the American Automobile association.

Roads throughout South Plains are in good condition.

Highway No. 137, 21 miles detour from Lubbock to Hockley county line on account of paving—good when dry, difficult when wet.

Seven mile detour from Lubbock to Lynn county line, between Lubbock and Tahoka, bad in wet weather.

Newest and shortest route to San Antonio: Follow State road No. 7 from Lubbock to Post, State road 24 to Clairemont, State road 84-A to Roby, State road 83 to Anson. From Anson go to Abilene, Coleman, Brady, Mason and San Antonio.

Route recommended to Oklahoma City, due to detours on U. S. Highway 66. Follow State road 53 to Dickens, State road 108 and 24 to Seymour, No. 277 from Seymour to Wichita Falls, State road 79 to Devol, Oklahoma, same road to Waurika, Oklahoma, U. S. highway 31 to Chickasha, going to Oklahoma City by way of Amber, Tuttle and New Castle. Paving east to Chickasha, detour mostly gravel.

Best route to Dallas: Follow Highway No. 7 to Post, No. 84 from Post to Clairemont, No. 84-A from Clairemont through Rotan to Roby. State road 83 to Anson, No. 18 from Anson through Albany to Breckenridge, No. 1-A to Mineral Wells and U. S. No. 80 to Dallas.

Between 600 and 800 individual dwellings, each with two rooms and bath, are being constructed in Los Angeles to form the "Olympic Village" housing international sports stars at the 1931 Olympic games.

## Comes Long Way

Miss Yueh Mei Chen, of Nanking, China, is shown at work in Sage Hall, Science Building at Wellesley College, Wellesley, Mass., where she is an undergraduate student of physical education in hygiene. She was taking laboratory notes at a microscope as this picture was taken.

## *Evolution Is Topic Of Study On Sunday*

M. H. Duncan, teacher of the Bible Study class at the First Baptist church, will present evidence to show the fallacy of modern historical interpretation based on the doctrine of evolution in his class lecture Sunday, according to an announcement today. The lecture will be one of a series of ten Mr. Duncan is giving on the science of history and the Bible.

Students at the high school, college and others interested are cordially invited to hear the talk, it was said.

The class meets in the main auditorium of the church.

## *Sheffield To Ask For Another Trial*

County Judge E. L. Pitts will hear C. A. Sheffield's motion for a new trial Saturday morning. Sheffield, manager of a hotel here, was convicted of second degree negligent homicide and fined $1,500 in county court last week.

The hearing is set at 9 o'clock. Schenck & Triplett, Sheffield's attorneys, indicate the conviction will be appealed if the motion is overruled. Sheffield was charged in connection with the death of Palima Kelley, 16, in an automobile-pedestrian accident here in April.

UNCLE WILLIAM'S BEANS

Uncle William was an obscure eating house owner in a mountain mining town, until one day he served a marvelous new dish.

Beans they were—but such beans! Great, plump, brown, mountain-grown beauties, rich and meaty, cooked to the most appetizing mellowness and smothered in a glorious sauce, whose secret only Uncle William knew.

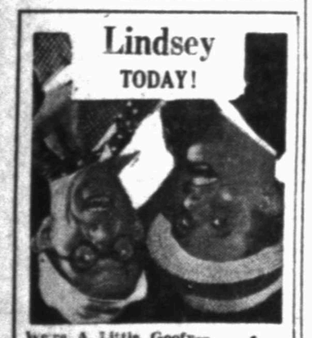

Far and near, people begged Uncle William for Brown Beauty Beans. So he arranged to have them canned. Your grocer has them on his shelves today. Telephone him and ask him to send you a can and the recipe folder that comes with them.

# SALARY SLASH VOTED HERE

### CITY EMPLOYES WILL GET REDUCTION IN ECONOMY MOVE

The salaries of 109 city employes will be reduced, beginning December 1, City commission decided Thursday afternoon at City hall, City Manager W. H. Rodgers said the salary cuts would result in an annual saving of about $18,840.

Department heads had agreed, as representatives of the personnel of their respective divisions, to the slash before it was effected officially, the commission was told. Ten per cent will be taken from salaries of $125 or more a month and 5 per cent from those less than $125. Virtually all city employes are affected. The rate paid by the city for common labor was lowered from 40 to 30 cents an hour.

**Other Moves Made**

Since last June 1 and prior to Thursday's move, a saving of $24,000 annually had been effected by reducing personnel of the water, electric, engineering, and building departments and by lowering salaries of the city manager, city secretary-treasurer, and the municipal airport manager, City Manager Rodgers said.

Commissioners said they believed a prevailing lower cost of living justified the salary reductions. Commissioners J. F. Bacon, J. E. Roach, and G. E. Benson were present and voted unanimously to make the cut. Commissioner D. N. Leaverton did not attend the meeting.

**Routine Business**

The commission recommended that preliminary study be made in connection with a proposal to form a tax equilization board of local men working under supervision of a professional appraiser.

Purchases of lubricating oil and copper wire were authorized and other routine business transacted.

D. D. Martin, city accountant conducting a preliminary examination of books of the West Texas Gas and South Plains Pipe Line companies, was not prepared to submit a report to the commission on his findings, City Manager Rodgers indicated. The commission ordered the inquiry after a hearing at which counsel for the utilities presented a brief to show that natural gas rates here should not be reduced.

## *Four Treated Here For Crash Injuries*

Four persons were treated at Lubbock hospitals Thursday as a result of automobile accidents near here. Two were children. None was believed hurt seriously.

Two grammar school children, injured when struck by an automobile on the Plainview highway one mile north of Lubbock Thursday, were treated at the Lubbock sanitarium. They were Esther, about 10, and Tom Waite, the latter about 9.

The girl suffered a badly lacerated left ear and minor bruises. The boy was injured slightly about the feet. After treatment they were dismissed. The children, en route to school when the accident occurred, were brought to the hospital by Manuel DeBusk, who, hospital attaches said, was driving the car which struck them. The Waites live about two miles in the country north of town.

Minor injuries were suffered by Mr. and Mrs. A. T. Onstott of Portales, N. M., Thursday afternoon in an automobile accident near Shallowater. They were treated at the sanitarium here also.

The Onstott automobile turned over and was badly damaged when Mr. Onstott, the driver, went to sleep, he told hospital attendants. Accompanied by their son, who was uninjured, they were enroute to Lotan. Mrs. Onstott suffered a cut over her left eye and her husband received cuts on his face and right arm. They were released after treatment.

**CONFERENCE PLANNED**

TOPEKA, Kas., Nov. 13 (AP)—Putman Hill, member of the public service commission, announced Thursday the Oklahoma corporation commission had agreed to attend a conference of oil regulatory bodies of Texas, Oklahoma and Kansas in Tulsa, November 30, to consider reducing oil production in the three states from 10 to 20 per cent.

## Starting 'Em In Young

This German worker and his family, all active members of the Nazi party, evidently believe in starting their younger members in early in the art of giving the Fascist salute of upraised hand and arm. Note that even the little boy in his father's arm in according "Handsome Adolf" a salute after Hitler, Fascist leader, made a speech in Berlin denouncing the present Government in Germany.

# WHEN YOU READ YOU'RE STONE BLIND EXCEPT FOR FRAGMENTS OF SECONDS

BY R. A. BRUNER

CLEVELAND, Nov. 13 (AP)—When you do such things as read this newspaper you are stone blind during all but tiny fragments of split seconds.

These tiny fragments were measured by Frank K. Moss, research engineer in the lighting laboratory at Nela park here. He found them to range in size from seven to fifteen hundredths of a second.

As you read a printed line your eye move and stops at short intervals. While the eye is in motion, it "picks up" the reading matter but the connection with the brain is shut off.

While the eye moves until it has "picked up" all it can hold, or in other words, until you "get an eye full," the connection to the brain is broken.

You are blind, Moss discovered, about three tenths of a second at a time. The eye accurately measures this interval, and, he said, if you don't pick up what you have read in that length of time you probably would be unable to read.

In conducting this experiment Moss used an accurately timed rotating disc painted white on a white background and pierced in the center with two parallel slits. How the vision lagged behind the actual position of the parallel slits in relation to the horizontal, was made known by the subject through signals.

Moss made 150,000 measurements on this one subject, using varied inensities of light. They were part of his effort to determine how much light our eyes need for comfort while at work. He estimated they need about 13 times as much as they get in customary office lighting, which averages in strength that of an eight candlepower lamp on a sheet of paper held a foot away.

About 50,000 Canadian farmers and other land owners are in the maple sugar business.

# SUPREME COURT PROCEEDINGS

AUSTIN, Nov. 13 (AP)—At a meeting of the supreme court Thursday the following proceedings were had:

Applications for writs of error granted: V. B. Rogers et al, doing business as Auto Finance company, vs. D. L. Irwin, McLennan; L. E. Whitman and company vs. estate of Nora Briggs, deceased, Wichita; M. Little vs. Frank Shields et al, Collingsworth.

Applications for writs of error refused: Bankers Lloyds vs. Ross Pollard, Wichita; Dollie Sayres vs. Navillus Oil company et al, Potter; James V. Allred et al vs. J. C. Engelam, Inc., Hidalgo; Alton V. Grant vs. T. P. Hunters, Wichita; North Texas B. and L. association; W. R. Stout et al vs. L. E. Whitham and company, Wichita; Mike Levine vs. Mrs. Clara Trammel et vir, Wichita; Richard Yett, receiver, etc., vs. Houston Farms Development company et al, Galveston.

Application dismissed for want of jurisdiction: City National bank of Wichita Falls vs. D. N. Leaverton et al, Lubbock; American Window company vs. D. N. Leaverton et al, Lubbock; Mrs. Florence Jones et al, vs. Frank Jones, Lubbock; Frank Jones vs. Mrs. Florence Jones et al, Lubbock; R. E. Snell, jr., et al (J. O. Colburn et al) vs E. D. Hammond, trustee, et al (James D. Ward, et al), Hutchinson; Dr. Pepper Bottling company vs. I. N. Rainbolt et al, McLennan.

**GIVEN FIVE YEARS**

WACO, Nov. 13 (AP)—Lee Whatley, found guilty of slaying Sam Kuh without malice aforethought, was sentenced to five years in the state penitentiary here Thursday afternoon. The jury returned the verdict after a day and a half of deliberation.

# LACK OF RAIN IS REPORTED

### TRUCK CROPS NEEDING MOISTURE IN TEXAS, REPORT SHOWS

AUSTIN, Nov. 13 (AP)—Lack of moisture is causing grave concern to growers of truck crops, a report issued by the federal crop reporting service said.

With the exception of small areas which were favored by local showers, rainfall in the winter truck crop growing areas has been negligible. Added to this condition the temperatures have been several degrees above normal.

Little planting was reported in nonirrigated areas and unless ample precipitation is received during November, acreages of winter vegetables will fall far below expectations.

**Spinach Lost**

Most of the early sown spinach was lost during October due to insects, hot weather and weeds. Nearly all spinach now growing is in the winter garden area. This area is dependent for irrigation on the Nueces river, now virtually dry, and fear was expressed by government reporters that unless it rained heavily soon this acreage would be lost.

Cabbage crop conditions was reported fair; broccoli was making satisfactory progress; cauliflower was reported in good condition.

Condition of all crops, excepting broccoli and eggplant, declined during October.

Hot and dry weather caused deterioration of the snap bean crop during October. The weather also has had a bad effect on the fall tomato crop. Production was estimated at 69 per cent of last year. Some disease was reported, especially in the lower Rio Grande valley.

Matches can be waterproofed by dipping the heads in a creamy solution made by dissolving shellac in denatured alcohol.

# BUSINESS IS ON UPGRADE IN AREA

Retail business is increasing steadily, buying by merchants has become general, and railroad activity is on the upgrade throughout this territory, Charles B. Hinsey, traveling freight and passenger agent of the Frisco railroad, said here Thursday. He lives at Oklahoma City.

Mr. Hinsey stated that the package shipment business was growing as the new 300 mile pick up and delivery service became more popular. There is a steady although not a great increase, he added, along this line.

"Our greatest trouble is trucks hauling cotton from Oklahoma down into Texas," he explained. "We do not have the low rate there that you do in Texas and because of that more cotton is shipped to Gulf ports by truck than by rail."

The trade value of a wolf skin in Montana 60 years ago was two cups of sugar, and a beaver skin was worth half a cup.

## A BAD FIX
### That Holds You Back

THE bowels are one of nature's chief safety valves for throwing out impurities. Keep them in a healthy, active condition, with a free movement each day. Black-Draught will go far towards cleansing the system and will help you to avoid the ill effects of self-poisoning from

**CONSTIPATION**

"If I let myself get constipated," says Mr. A. B. Brannon, 803 Oakland Ave., Gaffney, S. C., "I find soon that my head is dull and aching. A few doses of Black-Draught will make me feel like new. I know when one lets himself go, the system gets clogged, and he gets tired and sluggish. That was my trouble till I learned of Black-Draught and have used it. Results have been splendid."

## Thought For Today

They that sow in tears shall reap in joy.—Psalms 126:5.

* * *

LOFTY mountains are full of springs; great hearts are full of tears.—Joseph Roux.

## Men's Clothing

Signs are not wanting these days, if you look for them hard enough, that the American male is getting ready to burst forth in very splendid raiment.

Up to about a century ago, all men wore gaudy clothes. Knee breeches, powdered wigs, silk stockings and silver buckles—the vainer sex, surely, until comparatively recently, was the male.

But the rise of an industrial civilization changed all of that. The costume standardized itself into coat, pants, vest and shirt, all drab and uninspiring to the eye. It has undergone only minor variations in the last 75 years.

Now, however, gay colors and snappy designs are coming back.

It began with underwear. Step into any haberdashery nowadays to buy underwear and what are you shown? Shorts of bright green, baby blue, dazzling yellow, shorts of many colors, as striped as a barber's pole, as natty as a dinner coat and ten times as flashy. Even the lowly undershirt has taken on colors.

Then the movement spread to pajamas. Gone are the days in which a man's pajamas were just a pair of pajamas. They have gone stylish and colorful with a vengeance. Some have elaborate colored sash effects; somelook like the uniforms of the czar's Cossacks, and some make the wearer resemble a general in the Venezuelan army. Some are made of colored rayon or silk, with black or red edgings; some have colored embroidery-work over the breast pocket. All of them are as unlike the pajamas of a decade ago as an automobile is unlike an ox cart.

Nor is that all. The men who design clothing for golfers have fallen in line. Stockings and sweaters of a brilliance to dazzle the eyes are commonplaces on the ordinary golf course these days. Shoes have given up the traditional black. Even the knickers themselves have taken on fantastic patterns.

To be sure, the regular costume is as somber as ever. But can it stay? Underneath it, the meekest of men can be gay and bright. When he goes golfing he can be even gayer and brighter, and when he retires for the night he can be fairly resplendent. Will he presently, insist that his ordinary workaday garb into harmony?

Maybe he will in New York and other effete Eastern centers, but in Lubbock and West Texas—Heaven forbid!

## Roads Fight Back

The railroads, which have suffered heavily in the past decade through the competition of motor trucks, seem to be getting ready to fight back in a determined and effective manner.

Already several roads have installed container cars, by which huge steel boxes carry less-than-carload consignments of freight in an economical and efficient manner. Now it is reported that five big eastern roads have a plan for carrying loaded trucks on flat cars. Thus a truckload of freight would proceed from warehouse to consignee, just as any other truckload does—but the major part of its trip would be by railroad.

In such ways as these, very probably, the railroads will eventually meet the competition of the trucks. And the ordinary citizen, who is interested both in prosperous railroads and in economical transportation, cannot do otherwise than rejoice.

---

Scientists say the coldest point on the world is in northeastern Siberia. Evidently they haven't tried to talk business in a bank.

---

There was a day when it was an accomplishment to do the "hundred" in 10 seconds flat. Today it's a miracle to do anything any other way.

## The Plainsman Says:

That Girl on Broadway says the surest way to keep looking chic is to never put on tomorrow what you have worn today.

* * *

BELIEVE it or not, they have a rabbit hunting season on Long Island. While it never occurred to The Plainsman before he noticed in the New York Journal that Long Island's rabbit hunting season had opened, it's remarkable that there are any rabbits left in that country.

It doesn't look like there's enough room for the people—much less for any ferocious game.

* * *

Dyed-in-the-wool westerners who have not come into much contact with our cousins in the effete east will be surprised to know that grown men of affairs—busy men—take off days and days during the rabbit season in varying successful efforts to beard a bunny in his den.

They call hunting 'gunning' and if they get a couple of cottontails out of a 20 mile tramp over hill and dale, they consider it a whale of a big hunt.

They really go at it as seriously as some of our local deer hunters, who, it must be admitted, are really hunting something worth the hunt.

* * *

That Man on Avenue Q says by the time you're done with the transaction, getting something for nothing is just about as satisfactory as getting nothing for something.

* * *

THE business of manufacturing automobiles—aside from stocks and bonds dynamited in Black October of '29—led the parade downward when economic conditions began to tighten up.

Therefore it is not out of line to guess that the business of manufacturing automobiles might lead us back again.

* * *

This is not an advertising column and The Plainsman doesn't care what kind of a car you buy. But to call names, Mr. Walter P. Chrysler has recently received sales statistics for the month of August, 1931, which should and probably do gladden his heart.

Mr. Chrysler's battery of statistisians has discovered that sales of Chrysler-made motor cars skyrocketed during August. The sales leaped up so high, in fact, that they came within 70 percent of normal August sales.

* * *

WHAT is true of Mr. Chrysler's August sales is probably also true of those of Mr. Ford, General Motors and the rest because Mr. Chrysler sells about as many types of cars as anybody, with the exception of General Motors itself.

Now all this is very cheering, for the good and sufficient reason that people are more cautious now about buying cars, radios, shoes, buggies and what-have-you.

If the motor car industry continues to show a comeback the rest of us may well heave a big sigh of relief.

* * *

People who have been feeling sorry for the fat buck deer in the pen adjacent to the fair grounds—about all that's left of Lubbock's onetime ambitious zoo program—can quit feeling sorry for him in a few days.

He'll be one of the few 12-point bucks in Texas who won't hear the crack of a 30-30 rifle every time he sticks his head up.

* * *

THE Plainsman come into possession of a little bit of modern rural philosophy which, despite its faults, could be a lot worse. Coming to this department courtesy of George Kuykendall, the article is reproduced here, beginning in the next paragraph.

* * *

"Over the hill trailed a man behind a mule drawing a plow. Says the man to the mule:

"'Bill, you are a mule, the son of a jackass, and I am a man made in the image of God. Yet, here we work, hitched together year in and year out. I often wonder if you work for me, or I for you. Sometimes I think this is a partnership between a mule and a fool. For surely I work as hard as you, if not harder. Plowing here we cover the same distance, but you do it on four legs and I on two. So, mathematically speaking, I do twice as much work per leg as you do.

"'Soon we'll be preparing for a corn crop. When the crop is harvested, I give one-third to the landlord for being kind enough to let me use this corner of God's universe. The other third goes to you and what is left is mine. But while you consume all your third with the exception of a few cobs, I divide my third among seven children, six hens, two ducks, and a banker. Bill, you're getting the best of me. It ain't fair for a mule, the son of a jackass, to rob a man—the lord of creation—of a substance. And, come to think of it, you only help to cultivate the ground. After that I cut, shock and husk the corn, while you look over the pasture fence and hee-haw at me.

"'All fall and part of the winter the whole family, from granny down to the baby, picks cotton to help raise money to buy a set of harness and pay interest on the mortgage on you. And by the way, what do you care about the mortgage? It doesn't worry you any. Not a darn bit. You leave that to me, you ungrateful, ornery cuss.

"'About the only time I am your better is on election day, for I can vote and you can't. But if I ever get any more out of politics than you do, I fail to see where it is.'"

* * *

NOW that may not be very grand language. Doubtless such literary luminaries as Self-satisfied Bernard Shaw and that self-declared idol of perfection, Theodore Dreiser, could write something that would be much more pleasing to the eyes and ears of 'our better people'.

But darned if it doesn't come pretty near hitting the nail on the well known head, after all!

## A Moses To Lead Us Out Of The Wilderness?

*"Without-Or-With, Offense To Friends Or Foes, We Sketch Your World Exactly As It Goes"—Byron*

# John Baker Hollister, Successor To Nick Longworth, Has Had Life Brimming With Public And Political Activity

NEA Service Writer

WASHINGTON, Nov. 13—John Baker Hollister, who was elected to succeed the late Nicholas Longworth in the first congressional district of Ohio, is still a young man but has been active enough in Republican affairs to justify his party's confidence.

DUTCHER

Hollister is 40, a Cincinnati attorney, a World War veteran, and an ardent wet.

He graduated from the Cincinnati public schools spent two years at St. Paul's College, Concord, N. H., and was warded his Bachelor of Arts degree by Yale in 1911. Four years later he received his LL. B. from Harvard.

After a year abroad, studying in Munich, he returned and entered a law firm at Cincinnati.

• • •

In 1916 when the United States instituted the Citizens' Military Training Camps he went to Plattsburg.

"I readily admit the part patriotism played in moving me to enlist," Hollister explains his temporary vacation from the bar, "but at the time I was also courting a girl who lived in Boston."

The girl, Ellen West Rollins, became Hollister's wife Aug. 15, 1917, the day he was commissioned.

After being made lieutenant in August he soon received a captain's commission and, in the fall was sent to Fort Sill.

In September he left for France and there commanded Battery B, 46th Artillery Corps. Later he was with the Third Battalion in South France.

It was after the Armistice he met Herbert Hoover in Paris when the future president of the United States was directing the American Relief Association. From January to June, 1919, Hollister led a semi-diplomatic career surveying the economic condition of Lithuania, Latvia, Poland and part of France.

• • •

After his return in June, Hollister became a member of the law firm of Taft, Stettinius & Hollister. As candidate on both tickets in 1921 he won a place on the Board of Education. He was re-elected in 1925. During this time he served as president of the Union Board of High Schools, chairman of the finance committee and as one of the board's two members on the coordinating bond committee.

He is a trustee of Robert E. Bentley Post, American Legion, at Cincinnati, and a member of its first council. He also holds trusteeships in the Cincinnati Orphan Asylum, Babies' Milk Fund and the Seventh Presbyterian Church. He is counsel for the Cincinnati Battalion of Crusaders, national organization against the 18th Amendment.

He also devotes time to the executive committee work of the Boy Scouts and the Colored Industrial School. Hollister has three children, Anne Montgomery, 13; Alice Keys, 10, and John B., Jr., 5.

# Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 3 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening, in care of this paper, or Central Press Association, 1443 East Twelfth street, Cleveland, O. The pamphlets are: "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are: "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

### THE USE OF HONEY

THE REVIVAL of the use of honey takes us back to an earlier day. Sugar, as we now use it on the table, is a comparatively modern food. The sugar of our grandfathers was brown unrefined cane sugar. Among other substances used by our ancestors for sweetening, and which were probably more frequently and prominently used than sugar itself, were molasses, maple syrup and honey.

Dr. Clendening

The dietitian, in judging the quantities of honey, has to give it a high place. It is a solution of the simplest and purest sugars—levulose predominating. It can be used for everything that sugar is used for, provided there is no objection to its taste.

An argument has been made for the use of honey in reducing diets instead of sugar. Of course, in any reducing diet sugar is to be, to a certain extent, avoided. Yet everyone needs some energizer, and the only good form of energy we have is some kind of carbohydrate. If the reducing patient can stick to green vegetables and get his energy out of them, all very well, but many people demand some more rapidly absorbed form. Otherwise they get low spirited and weak.

For such the argument is that honey is more satisfying and that therefore they take less of it than they would sugar. It certainly is true that honey, being a solution of simple sugars, is immediately used for energy purposes. Thus the reducer feels the effects he wants sooner than if he were eating more complex carbohydrates and stops before he has had too much. This is a reasonable argument, and since honey has 20 per cent less caloric value than sugar, it doubtless is a good thing to offer for this purpose.

• • •

### QUESTIONS FROM READERS

M.: "What home treatment can one use for healing sinus infection in the head when it is impossible to take treatments from a doctor?"

Answer: Home treatments of this sort are only palliative, but may give considerable relief. Under any circumstances, sinus infection is very chronic and difficult to cure. The cause of discomfort is largely from secretions being stopped at the entrance of the sinus with the nose. The object of treatment, therefore, is good drainage. This is accomplished by keeping the nasal passages clean, using a douche several times daily. Ordinary salt, solution is as good a solution as any to use for this purpose. A solution of sodium perborate is also valuable. Spraing the nose after the douche with a mild oily liquid such as oil of pine tends to diminish the discomfort.

• • •

L. K.: "I would like to know why a doctor takes a rubber hammer and hits you on the knee or over the arm. What is your knee supposed to do?"

Answer: This is a test for reflex action. The rubber hammer hitting on the knee sends an impulse by the sensory nerves to the spinal cord. It is transmitted there to the motor nerves and an impulse sent out over them causes the muscles of the knee to jerk. If there is any disease in this reflex arc it will be shown either by decreased or increased movement of the muscles moving the lower leg. The same thing applies to the arm.

## Wendel Claimant

Latest claimant to the many millions left by Mrs. Mary V. Won E. Wendel, New York eccentric recluse is Mrs. Irene Elliott Rabin of Chicago, above.

### HORN ON PROGRAM

An assembly at an annual Dickens county teachers institute at Spur was to be addressed from 9:10 to 10 o'clock this morning by Dr. Paul W. Horn, president of Texas Technological college here. The institute sessions were to be conducted in the First Methodist Episcopal church at Spur.

## DAILY ALMANAC

## IN NEW YORK with Gilbert Swan

NEW YORK, Nov. 13.—Morris Gest, who made his debut in the American show business as a side-show wild man, is back on Broadway again, with his antiquated, floppy velour hat, his famous shirt, his flowing Windsor tie, his sad eyes and his solemn handshake.

A year or so ago they were giving him the financial "count." He was supposed to have lost everything but his blue shirt. The story went that just the other week he finished up paying salaries on the spectacular "Miracle."

But now it would seem that he might become logical heir to that place among "extraordinary personalities" left vacant by the death of his father-in-law, David Belasco. Belasco was declared to be as good a showman offstage as on. And Gest may not lag far behind.

• • •

ALREADY there are tales and tales and tales—

They tell of that night at the opening of "The Miracle," when after months of work and rehearsal, the theater darkened like some vast cathedral. Suddenly a figure slumped in the aisle. Ushers hurried the limp form to an office. It was the producer, Morris Gest. He had collapsed from overwork.

There is the tale of Gest's recent visit to Italy when he had an audience with Mussolini. A photographer urged them to pose together. Mussolini assumed his Napoleonic pose, crossing his arms over his chest. Gest politely requested that the Duce change his posture. He did.

• • •

IT was about 20 years ago that Gest's low, sad voice could be heard, appealing for "art." He would show the theater "art." He returned from Russia with the first Russian ballet.

And shortly after that he married Reina Belasco, David's daughter. The two met accidentally. Belasco was giving a dinner for friends in New Haven. It was noticed that there were 13 at the table. Gest happened to be at the place looking after theatrical matters. Belasco called him over to "make a fourteenth." The romance resulted.

Then there was that grand bit of showmanship when Geraldine Farrar made "Carmen." Gest had introduced Miss Farrar to a young film gent named Sam Goldfish—it is Sam Goldwyn now—and to another young gent named Lasky. Well, the picture came out and somehow or other, the shooty Symphony Hall in Boston was secured for its presentation. On the opening night 20 telegraph operators were on the job for press services covering this event.

• • •

THE story is that Gest launched "The Miracle" with a $25,000 loan from Otto Kahn. Then he assumed responsibility for $300,000. And if that isn't gambling — well then there was the time that the great Duse had been ill and after she had failed here twice. But Gest had a bright idea. He would make it a "class" production by charging $20 a seat. He got it, and the tour was the most successful in Duse's career.

Which reminds me that a seat in the diamond horseshoe boxes at the Metropolitan Opera House costs $50 a performance.

Many have been the tales of stiff prices charged for important first-night presentations—but the $50 rate is quoted season in and season out for the very stylish Metropolitan seats.

(Copyright, 1931, NEA Service, Inc.)

## THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

The process of untieing knots on Mr. Double Knot was lots of trouble for the Tinymites, but they stuck with their task. The kindly fellow held real still. Said he, "I'll stay right here until you Tinies are successful. My, what funny things I ask."

"Aw, gee, we don't mind helping you though it is rather hard to do," said Scouty. Then another cried, "One arm is fixed all right! Just keep on with the work and then we'll soon have him in shape again. At least I'm sure that he will be a better looking sight."

A full hour passed ere Coppy cried, "Now, there you are! We've fixed your hide. There's not a single knot left in a leg or in an arm. We've done what you have asked us to and, frankly, you look just like new. I'm glad we fixed you up before you ran into some harm."

Ol' Double Knot jumped to his feet and stretched a bit. "This is a treat!" he loudly cried. "I sure was in a very funny fix. But, now that I am straightened out, I'm going to jump and run about. Perhaps, when I get limbered up, I'll show you lads some tricks."

"Oh, go ahead! That will be great!" yelled Clowny. "We can hardly wait. Please turn some clever flip-flops. You can do that stunt, I'm sure. If you will turn a couple, I will also step right out and try, unless yours are so good that they will make mine look real poor."

And then Ol' Double Knot cried, "Whee! Just keep your sparkling eyes on me!" He started turning hand-springs and it thrilled each Tinymite. The next thing that the whole bunch knew, he did a string of flip-flops, too. Wee Scouty loudly shouted, "My, that surely was a sight!"

(Copyright, 1931, NEA Service, Inc.)

(The Tinymites see a very strange sight in the next story.)

...th bands and fanfare, fleets of airplanes droning overhead and 6000 ...rsons crowded in the center of the George Washington Bridge, the ...,000,000 structure spanning the Hudson River between Manhattan and ...w Jersey was dedicated in the colorful fashion pictured above. State ...d government officials made addresses from the stand at right. Sol...rs passed in review down the center lane to the cheers of spectators ... visible at the left.

## ...AR RESPONSIBLE FOR DECLINE OF HORSE BUT IT AIDS VETERINARIANS

...TLANTA, Nov. 13 (AP)—If the ...omobile is responsible for the ...ine of the horse, why do ...rinarians smile when you men... it?

...d why is it that when the word ...rinarian is mentioned, the aver... person thinks of a horse?

...ell, Dr. H. Preston Hoskins, sec...ry of the American Veterinary ...dical association, knows the an...s.

...the first place, says he, the ...omobile has actually made busi... for the veterinarian, and a ...unerative and highly specialized ...ness at that. It is a business of ...ting dogs and cats and other ... that have been injured by the ...or car.

...housands of animals hurt in this ...ner are treated daily in hos...ls throughout the country and ...e has been a general awaken... of the humane spirit as a re... the doctor says.

...he automobile brings business ...the veterinarian in other ways, ... Dr. Hospins who is attending ...nnual convention of the South... Veterinary Medical association. ... Dogs of the machine age which ride continuously in automobiles have been known to develop a curious inflammation of the eyes, which requires treatment, and in some instances hospitalization is made necessary through lack of natural exercise.

### *McNamee Was Once Meat Wagon Pilot*

NEW YORK, Nov. 13 (AP)—Graham McNamee, one of the country's ace announcers, started out to be meat wagon driver.

It was back in days at St. Paul, Minn. He liked the work but had to give it up after 12 weeks. In that time he had about a runaway a week.

Graham said a too active horse was to blame.

**COLLEGE-TRAINED**

WASHINGTON—More and more are schools of the United States including aviation in their courses of study. It is reported that more than 75 universities and colleges are now offering their students aeronautical training.

Rates, Rules and Requirements of Classified Advertising Of The
**Lubbock Daily Journal**
(Afternoon)
**Lubbock Morning Avalanche**
(Morning)
**Sunday Avalanche-Journal**
(Sunday Morning)

All classified advertising will appear in both the Morning and Afternoon papers—both papers counting one insertion. All classified advertising is printed in the Lubbock Morning Avalanche first and the Daily Journal of the same date, no classified originating the afternoon paper.

Classified for Sunday's issue will appear in the Avalanche-Journal counting one insertion, as this paper is sent to all subscribers of both the afternoon and morning papers.

AVALANCHE-JOURNAL
Combined Rates:

Minimum words, per insertion, 10.
One insertion, per word ..... 4c
Two insertions, per word ..... 6c
Three insertions, per word ..... 7c
Seven insertions, per word ..... 12c
Thirty insertions, per word ..... 40c

These rates are for consecutive insertions only. Additional consecutive insertions over 30 times, of 1 1-2c per word each.

All out-of-town ads received by mail must be Cash with order. No exceptions.

PHONE 13 or 14

Our experienced ad taker will receive your ad and help you to word it, then our collector will call the following day. These accounts are "accommodation accounts" for our patrons and for one day only. No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisements under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rate.

The publishers are not responsible for copy omissions, typographical errors, or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

Classified Advertising accepted until 5:30 P. M. on week days, and 5:30 P. M. on Saturdays, and all advertising received after 5:30 P. M. will be placed under "Too Late To Classify."

For classified display advertising information,

PHONE 13 or 14

TO DISCONTINUE AN AD

Notice to Discontinue An Ad must be given after 8 A. M. and before 5 P. M. to some member of the Classified Advertising Department. We cannot be responsible for notices given before or after these Hours, and to a member of some other Department.

# THREE SUSPECTS CHARGED HERE

Liquor possession and transportation charges were filed against Clayton Gunsalus and Omar Alexander and a pistol carrying charge was entered against Jack Alexander here Thursday afternoon. The three were arrested here Wednesday as suspects in the robbery of a bank at Optima, in the Oklahoma Panhandle.

Efforts to connect the trio with the bank holdup will be dropped, Sheriff Wade Hardy said, as the sheriff's department at Guymon, county seat of Texas county, in which Optima is located, had said officers there did not believe they had sufficient evidence to force extradition of the suspects.

The complaints grew out of the seizure of 18 gallons of whiskey by members of the sheriff's department Wednesday night, when the trio was arrested in an automobile near the courthouse. Jack Alexander, whose case was filed in county court, was released on $250 bond Thursday afternoon. Justice H. K. Porter set bonds of Omar Alexander and Gunzalus at $1,500. They had not been released this morning.

# SINO-JAP

(Continued from Page One)

way to Manchuria after having been hustled away from here under Japanese guard in the dead of last night, and it was reported a plan was afoot to set him at the head of a pro-Japanese government at Mukden.

The young man, an ultra-modern, English-speaking youth with a fondness for the foreign race track, has been a virtual prisoner in the Japanese concession here since 1924 when he escaped from the legation quarter of the "forbidden city" as a poor chinaman, in a third class railway carriage.

A month ago it was reported attempts were made by the Japanese to persuade him to go to Mukden, but that he resisted the plan.

MUKDEN, Manchuria, Nov. 13 (AP)—The Japanese military intelligence bureau reported today that a large force of Chinese cavalry has practically enveloped the Japanese right wing in a battle at the Nonni river and that the Japanese position and communications are seriously endangered.

Japanese headquarters said their detachment had not yet been reinforced, however, although four infantry companies were held in readiness at Chengchiatun.

Meanwhile, additional Chinese troops have been arriving in the Tsitsihar region and the Japanese claim to have intercepted orders from General Mah instructing one of his cavalry commanders to attack at Taonan in an attempt to cut off the railway and prevent further supplies reaching the Japanese.

## Forger Woman Held On Robbery Charge

DUMAS, Nov. 13 (AP)—Charges of jail robbery have been filed against Mrs. Fannie Richards, 28 year old forger woman, in connection with the jailing of the Santa Fe baggage clerk here early in October. Mrs. Richards was held in jail.

Another woman who was with Mrs. Richards when she was arrested at Guymon, Okla., yesterday, was held for investigation.

Officers had found no trace of the $3,500 in currency, taken from the mail sacks. The currency was consigned to the First State bank of Dumas.

## Texas Employment Reveals Increase

AUSTIN, Nov. 13 (AP)—Employment in Texas increased 2.1 in October over September, statistics gathered from 673 representative firms by the bureau of business research of the University of Texas showed. It was the first increase reported since May 15. The average weekly wage was $25.84.

Increases were noted in Dallas, Beaumont, San Antonio, Houston and Waco.

## Constance Bennett To Wed Frenchman

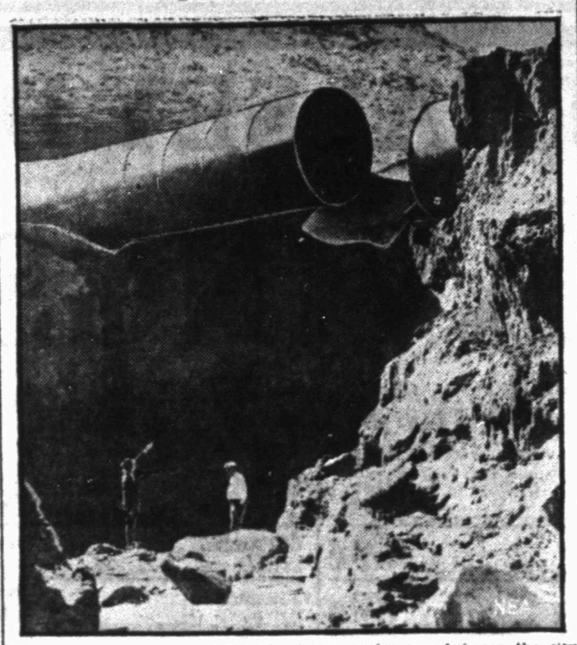

HOLLYWOOD, Calif., Nov. 13 (AP)—Having filed notice of intention to wed, Constance Bennett, one of the highest paid screen stars, and Count James La Nailly de la Falaise de la Coudray, French marquis better known as "Hank" along Hollywood boulevard, probably will be married November 22.

The wedding will follow completion of a motion picture in which Miss Bennett is now acting.

### WAREHOUSE RAZED

POST, Nov. 13, (AP)—Fire of unexplained origin today destroyed the Post cotton warehouse and 800 bales of cotton stored in it. Loss was estimated at $40,000. Most of the cotton was owned by farmers and little insurance was carried.

# Where Aqueduct Was Dynamited

Climaxing a renewed outbreak of a bitter controversy between the city of Los Angeles and ranchers of Owens and Antelope valleys over the cityy's purchase of water rights, the above nine-foot aqueduct in Grapevine canyon siphon, 50 miles north of Mojave, was dynamited by vandals. The deep ravine below the pipe was made by the water rushing out.

# DAILY MARKETS

## Cotton Market

### NEW YORK REPORT

NEW YORK, Nov. 13 (AP)—Cotton opened steady today at an advance of 2 to 6 points on steadier Liverpool cables coupled with trade buying and buying by commission houses. January sold up to 6.68.

The demand was supplied by a little southern selling and realizing and prices eased off slightly during the early trading. Fluctuations were narrow and, after easing off from 6.58 to 6.54 for December, the price was holding around 6.55 at the end of the first half hour.

Liverpool cables reported Bombay buying influenced by the decline in sterling and said the recent advance in silver was stimulating busines in cotton cloths and yarns with China.

Trading was comparatively quiet later in the morning. There was some buying believed to be for far eastern account which was combined with a little covering or trade buying but the demand was supplied by southern selling and realizing and prices worked back to a shade below yesterday's closing prices. At midday the market was quiet and steady with the active months about net unchanged to 2 points lower.

### NEW ORLEANS REPORT

NEW ORLEANS, Nov. 13. (AP)—The cotton market opened steady today in sympathy with better Liverpool cables. First trades showed gains of 3 to 4 points. The market eased off promptly after the start owing to considerable hedge selling. December sold at 6.51, January at 6.63 and March 6.79, or four points down from yesterday's close.

After this selling was absorbed, the market ruled steady but quiet and near the end of the first hour prices were at or near the lows with trade very limited.

The market was quiet all morning with prices fluctuating within a few points. Owing to a little hedge sellin values eased off slightly. December trading down to 6.49. January to 6.61 and March to 6.76, or 6 to 7 points down from the early highs and 2 to 4 points under yesterday's close.

Near noon the market was quiet but steady and prices had rallied 2 to 4 points from the lows on a little week-end covering.

### NEW ORLEANS OPEN

NEW ORLEANS, Nov. 13 (AP) — Cotton futures opened steady: Dec. 6.56; Jan. 6.66; March 6.83; May 7.01; July 7.19; Oct. 7.39.

### NEW YORK OPEN

NEW YORK, Nov. 13 (AP)—Cotton futures opened steady: Dec. 6.57; Jan. 6.67; March 6.85; May 7.00; July 7.18; Oct. 7.41.

## Grain Market

### CHICAGO REPORT

CHICAGO, Nov. 13 (AP)—Grains averaged lower early today, influenced by reports that harvesting had begun in early districts of Australia and Argentina. Liverpool advices noted heavy selling of wheat future deliveries believed to be for Australian account. Opening unchanged to 1-2 cent lower, wheat afterward held near the inital limits. Corn started unchanged to 7-8 off and subsequently showed little alteration.

Beads 5000 years old and made in clever imitation of pearl and gold, have been discovered in Egypt.

## Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Bell Ice Cream company; Grain—S. E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Blocker Cotton company. All prices subject to change during day.

Sheep 3,000; lambs steady to 10 higher; sheep steady; top fed lambs 5.75; lambs 90 lbs. down 5.25-5.90; ewes 150 lbs. down 1.25-2.50; feeder lambs 50-75 lbs. 4.00-4.75.

## Stock Market

### WALL STREET REPORT

NEW YORK, Nov. 13 (AP)—The stock market was affected by renewed selling of the rails today, other groups drifting moderately lower in sympathy with larger declines in carrier issues.

New York Central made a new low at 46 5-8, off 2 1-2 and Union Pacific was down about 4. Santa Fe, New Haven, Illinois Central, Southern Pacific, Rock Island and Baltimore & Ohio dropped 1 1-2 to 2 points. Western Union made a new minimum at 69, off nearly 5. Sears Roebuck, International Business Machines and Standard Gas sagged 2 to 3, but U. S. Steel, General Motors, American Telephone and American Can confined their losses to fractions. Radio and General Electric were steady.

Metal shares held firm, featured by a rise of more than 4 in homestake which reached new high ground. Alaska Juneau rallied a point.

Call money renewed at 2 1-2 per cent.

# B. C. D. BUDGET

(Continued from Page One)

month, President C. E. Maedgen appointed a budget committee consisting of F. R. Friend, J. A. Hodges, R. C. Smith, S. C. Arnett, Chas. A. Guy, B. Sherrod and Spencer Wells. The committee held two lengthy sessions in drawing up the budget figures, the directors were told.

**Gave Considerable Thought**

In their report it was pointed out that the committee "gave considerable thought to work that should be done by the Board of City Development under present conditions, as well as to work that could be and should be done under normal conditions."

The adjustment of freight rates, fire prevention work and the securing of lower insurance rates, maintaining and developing the city's trade territory, publicity work, the development of agriculture, highway development, railroad activities, aviation development and colization work were pointed out as phases of the board and chamber of commerce's work which should be continued at all times.

"There are many other projects and activities that should have the attention and work of the chamber of commerce, such as industrial and civic development, and many other things that would make Lubbock a better place in which to live, because that is a fundamental essential before we can develop commercially and industrially," the report of the committee said. "There are so many more things that can be done for the safe development of the community that we can do, that one cannot help having a desire to attempt more than is practical."

**Must Gear Work**

"In fact, we must gear our work to the wants of the citizenship," the report continued. "No matter how valuable a project or activity may be, we cannot attempt it unless the citizens understand the need therefor and want it."

"Approaching the 1932 budget from that angle, the committee felt that because of present conditions that the thing to do was to determine the amount we can afford to expend rather than going at the matter from the value of the work that might be done, to the community," it said. "From this standpoint, the committee decided the budget for the Board of City Development for 1932 should be approximately $20,000. Without question, if we had a dues supported organization we would raise that much money and spend it to the satisfaction of dues paying members. The same yardstick was applied to the operations of the Board of City Development. While such a curtailed budget will, without question, cripple the activities of the organization and prevent it working on projects of real value, at the same time this budget will allow us to maintain those activities which are absolutely essential if the Board of City Development is to be maintained and serve at all in an efficient manner."

Taxes of utilities, foreign corporations and firms and non-resident property owners that would ordinarily not pay dues to a chamber of commerce will approximately pay the 1932 budget of the board, it was pointed out.

The $20,000 budget for a town the size of Lubbock is slightly under chamber of commerce budgets even where they are supported by dues all over the country, it was pointed out, while in this section the average is above this figure.

### FOUR KILLED

CAPE TOWN, South Africa, Nov. 13. (AP)—The pilot and three passengers were killed today when an air mail plane crashed at Gordon's bay near here.

### DALLAS WINS MEET

FORT WORTH, Nov. 13. (AP)—At its closing session here, the Baptist Missionary association voted to meet next year at the First Baptist church of Oak Cliff, Dallas.

## Twice as Doggy

Richard Tauber wasn't going to be hounded by photographers—he'd just hound them for a change! So two solemn dachs-hunds got into the picture, as you see here, when the noted German tenor arrived in New York to make his American debut.

# At Home With Probable Next House Speaker

Folks, meet the probable next speaker of Congress as he appears at home. He is Representative John Garner of the 15th Texas district who is almost certain of the speakership of the House as the Democrats hold the balance of power in the forthcoming session. The white-haired veteran Democrat, swamped by letters of congratulation, is shown above dictating letters to his secretary, who also is Mrs. Garner. At the lower left you see him instructing a laborer in the art of repairing a plow at Garner's farm at Uvalde, Texas., just before departing for Washington. At the lower right he is shown assisting in gathering the pecan crop on the farm.

# BLACK FRIDAY

(Continued from Page One)

further tribute to the omnious day by indicating he was not sure just how the bone had been snapped—possibly in the fall, perhaps when struck by something from the scaffold.

Today marks the third time this year the jinx combination finds itself on the calendar and if you have outsmarted hard luck so far, be especially careful until midnight.

A variety of origins are advanced in connection with the popular belief that Friday the Thirteenth bodes evil to mankind. Probably one of the most widely circulated holds that thirteen got its bad reputation from the circumstance that thirteen sat down to the last supper of Christ, just before the betrayal by Judas. Friday became feared as the day of the crucifixion.

## Texas Farmer Tells Of Being Kidnaped

GOLDTHWAITE, Nov. 13 (AP)—Bearing a tale of kidnaping and wounding at the hands of two automobile thieves, John Jackson, young Mills county farmer, returned to his home here last night after escaping from his captors north of Oklahoma City.

He told of surprising the pair as they were in the act of stealing his car here Tuesday noon. One of the men fired a pistol at him, the bullet rendering him unconscious. He said the men then locked him in the rumble seat of the car and drove it into Oklahoma.

At a point north of Oklahoma City yesterday, the car thieves became careless in their guarding and Jackson escaped in the car, he reported. His wound was not serious.

### NEW TRIAL GRANTED

AUSTIN, Nov. 13 (AP)—The court of criminal appeals today reversed a former opinion and granted Johnnie C. Steadham of Jefferson county, sentenced to 91 years for the murder of his wife, a new trial.

## Another Family In Picking Contest

Another family has reported its cotton picking abilities, individually and collectively. Earl Lindsey and his four children, living 10 miles northwest of Lubbock, pulled 3,462 pounds of cotton between sunup and sunset, Lindsey said.

The boll pulling occurred on a farm a mile and a half east of Grovesville school house, which is 12 1-2 miles northwest of Lubbock, he said.

Twelve-year-old L. Z. Lindsey oustripped his father, gathering 1,027 pounds to the latter's 1,020; Lucille, 11, picked 590 pounds; Norma, 9, managed to collect 473, and R. E. Lindsey, only 6 years old, added 352 pounds.

The father said they did not begin picking until after sunrise. In eight days, the man and four children picked 22,011 pounds, he said.

## Oklahoma Towns Given Gas Slashes

OKLAHOMA CITY, Nov. 13 (AP)—Families in fourteen cities and towns in northeastern Oklahoma were cheered today by the prospect of lowered gas rates, effective with next month's bills.

Under a voluntary reduction schedule approved by the state corporation commission late yesterday, three Cities Service subsidiaries cut their rates.

Companies affected are the Bartlesville Gas and Electric company, serving Bartlesville; the Union Public Service, serving Dewey, Beggs, Nowata, Chelsea, and Delaware; and Consumers Gas, serving Miami, North Miami, Cardin, Picher, Welch, Douthat, Bluejacket and Commerce.

### JURY DISCHARGED

CONROE, Nov. 13. (AP)—The jury which tried George Tolson, negro, as an accused participant in the slaying of Constable T. J. Beyette, was discharged today for failure to agree on a verdict. The jurors had been out more than sixth hours.

## Radio Announcer Is Banned By Harvard

CAMBRIDGE, Mass., Nov. 13 (AP)—Harvard university today banned Ted Husing, Columbia Broadcasting company radio announcer, from all future Harvard games in his official capacity.

William J. Bingham, director of Harvard athletics, said Husing had referred to the playing of Captain Barry Wood and Jack Crickard in the Dartmouth game last Saturday as "putrid."

### CLAIMS RECORD

Laying claim to a record in cotton pulling, T. J. Ross, 17-year-old boy living at 2311 24th street, Thursday drove ten miles to a field south of Lubbock and returned by five o'clock with 1,017 pounds pulled during the day. The boy says he'll pull 1,200 pounds the next time he goes out.

The Blue Nile in Africa was so called from the dark color of its silt-laden waters.

# CHARGE MAN WITH REMOVING TOOLS

A charge of removing tools from an automobile without the owner's permission was filed late Thursday in county court against John Wymble, who was arrested by police on Thursday.

Tom Garcia was fined $1 and $13.15 costs in Justice of the Peace H. K. Porter's court this morning for theft Thursday of some extract from a downtown grocery store. Constable J. C. Roberts, standing outside the shop, saw Garcia take the extract and arrested him when he came outside. Garcia was committed to jail in lieu of the fine.

A small trunk containing a marriage license and a Bible was stolen from a residential backyard, M. A. Waldrop, 1520 Avenue L, reported to police this morning.

Suits to condemn automobiles confiscated by county officers arresting S. E. ("Slick") Melton and C. H. Gunsalus, in separate cases in which whisky was taken, were filed in 99th district court this morning by County Attorney Vaughn E. Wilson.

# APPEALS COURT

(Continued from Page One)

of criminal appeals:

Affirmed: John R. Cudd from Collin (two cases); Tom Harris from Jefferson; Bob McPherson, Harrison; Clarence Reynolds, Johnson; Alfred Jones, Gregg; Arthur Tatum, Collin; Jack Colbert, Henderson; C. S. Colvin, Lubbock; O. D. Stevenson, Bailey; Eddie Franklin, Harrison.

Judgment reformed and affirmed: Leon Martin, from Rains; Albert Sutton, Gregg.

Reversed and remanded: W. D. Rodifier from Grayson.

Appelant's motion for rehearing granted: Reversed and remanded: Johnnie C. Steadham from Jefferson.

Appellant's motion for rehearing overruled: W. T. Smith from Runnels; D. C. Day from Eastland; T. H. Coleman from Runnels; Crockett Maynor from Collin.

Submitted on brief and oral argument: B. U. McQueen from Runnels; Ivey Brown, Runnels; A. G. Graves, Lubbock; L. R. Giles, Midland; B. Russell, Trinity.

Submitted on state's brief: R. E. Wade et al, from Gray; A. H. Beazley, Lubbock; C. S. Bartlett, McClennan.

Submitted on affidavit to withdraw appeal: Dillard Russell from Harrison.

Submitted on appellant's motion for rehearing: J. B. Wilerson from Smith; Sam Logan, Fannin; Henry J. Brady, Grayson.

### SUSPECT ARRESTED

A man was arrested by the sheriff's department here last night as a theft suspect and was taken to Lockney this morning. Sheriff Wade Hardy said he believed the man was wanted for theft of a sweater at Lockney.

# BAPTISTS RAP AL CAPONE

## CIGARET ADS, DANCE, SALACIOUS MOVIES ARE SCORED

BY R. W. BARRY
Associated Press Staff Writer

WACO, Nov. 13 (AP)—The Baptist general convention of Texas Thursday hailed the conviction of Al Capone of Chicago as an occurrence that "greatly cheered the hearts of law loving and law abiding citizens."

The expression was contained in adoption of a report on civic righteousness presented by Judge O. S. Lattimore of the Texas court of criminal appeals.

**Judge Praised**

"By common consent of the press of the nation the major credit is due to Judge Wilkerson (federal judge who sentenced the gangster), the report said.

The convention ordered its president and secretary to convey to Judge Wilkerson "the thanks of this convention for the fearless part he has played in such a major move for the return of respect for law in the second city of our country."

Condemnation was expressed for a "veritable flood of advertising that is now deluging our land, holding forth the ideal of women becoming habitual cigaret smokers."

"It is reported that a few years ago the motto of one of the tobacco companies was 'a cigaret in the mouth of every Chinaman'," the report said, continuing "it now seems that their motto is 'a cigaret in the mouth of every American woman'."

**Commend Hoover**

Commending the president of the United States for his attitude "in the matter of enforcement of the prohibition laws," the report stated, "it seems to your committee that under his administration there has been a steadily rising tide of effort on the part of federal officials to enforce these laws."

The president and secretary of the convention were instructed to "convey to the president of the United States the appreciation of Texas Baptists in this matter of law enforcement."

Other expressions included condemnation of "salacious and lascivious motion picture films," and the modern dance. The convention went on record "against the use of tax-supported buildings for such dances."

"We wish to commend the courageous San Antonio pastors who recently successfully led in a fight in their city against the use of such buildings for such purposes," the report stated.

**Dance Opposed**

"Baptists do not believe in teaching religion in the state schools, neither do they believe in the teaching of or practice of anything as inimical to public welfare and to religion as we believe the modern dance to be."

Baptist institutions of learning have fared well during the stringent economic times, and assisted by sacrificial acts on the parts of faculties and administrators, many of them have been able to come through dark days with little physical impairment, the convention learned.

In addition to hearing from heads of the schools, colleges, universities and seminaries, the convention adopted two constitutional amendments, one placing further qualifications upon messengers of churches who shall participate in its deliberations and the other directing that the state organization shall not be liable for debts contracted by any of the denominational institutions unless such liabilities first are approved by a committee designated by the convention.

The messengers, representing 500,000 Texas Baptists, called on President Hoover to set aside a day of "confession, prayer and fasting" when divine guidance would be petitioned in the strenuous economic situation that envelopes the entire nation.

Dr. L. R. Scarborough of Fort Worth, president of the convention, said the constitutional amendment making qualifications of messengers more specific "completely disavows the small groups of irregular organizations which appropriate the Baptist name, claim membership, but are in open opposition to the convention's main objects, adopted measures and policies."

**Report Made**

George J. Mason of Dallas, executive secretary of the Texas Baptist foundation, a holding corporation formed to handle the investment of the endowment and other permanent securities of institutions and agencies of the convention, reported that organization had in hand and on its books securities valued at $1,262,121.

Securities filed by the various Baptists agencies with the foundation were listed as follows: Baylor university $450,000; Baylor College for Women, $266,292; Wayland Baptist college, $44,001; Buckner orphans home, $434,800 and Howard Payne college $67,027.

The executive secretary reported he was checking in from Baylor university at Waco, the remaining endowment fund of that institution, totaling $636,993, and from Baylor university at Dallas $68,000. This constituted all the endowment of Texas Baptist institutions with the exception of $90,000 belonging to Howard Payne college, known as the Walker endowment, the report stated.

Paddling of freshmen has been officially tabooed at Columbia college, Dubuque, Ia.

## Marital Joy

Leatrice Joy, former film actress and first wife of John Gilbert, is shown with her new husband, William Spencer Hook, at San Francisco, where the couple met to be married at Del Monte, Calif. Miss Joy has been appearing in vaudeville, while her mate is a Los Angeles business man.

**HAD BAD CRAMPS EACH MONTH..**

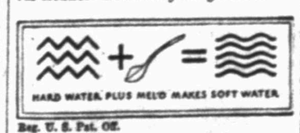

What a pity! No women need suffer that way month after month. Let Lydia E. Pinkham's Vegetable Compound help you through those bad days next month.

## Wash clothes in water softened with Mel'o—save ⅓ to ½ the usual amount of soap

CLOTHES washed in hard water are hard to get clean. The hardness in the water combines with the soap and makes scum. The scum collects dirt. It gets into the fabric of the clothes. No amount of rinsing can get it all out.

But soften hard water with Mel'o and there isn't any scum. The water makes wonderful suds. Mel'o saves from ⅓ to ⅓ the amount of soap ordinarily used. With or without soap, water softened with Mel'o is a wonderful cleaner. Get it at your grocer's.

Reg. U. S. Pat. Off.

**MEL'O**

WATER SOFTENED WITH MEL'O IS A REMARKABLE CLEANER

# FAMOUS ARTISTS' ETCHINGS BARRED FROM IMPORTATION; HELD OBSCENE

CHICAGO, Nov. 13 (AP)—The objection of Anthony Czarnecki, Chicago collector of customs, to a group of etchings by James McNeill Whistler and Andres Zorn, barred from importation as obscene today was based on his contention the originals had been "doctored" for "suggestive purposes."

The etchings, which included two nudes by Zorn and one by Whistler, were from a shipment of 200 consigned to Franklen J. Meine, secretary and manager of the Chicago Book and Art Auctions, Inc., Mr. Meine denied emphatically that the plates had been altered.

Mr. Czarnecki, however, said when prints were taken of the plates at the Chicago customs office, he decided certain details had been over-emphasized and sent his report along to Washington.

To the complaint of Mr. Meine that the etchings in question were those of artists whose work had been considered classic since the 'op's, Mr. Czarnecki said:

"There is a difference between a work of art and an adulterated work of art. I don't care if the plates were Michael Angelo's some one had entered indecent details."

## *Clovis Students To Visit Texas Tech*

Training for competitive judging, six members of Clovis High school vocational agriculture classes will study at Texas Technological college Saturday, John Burroughs, vocational agriculture director at Clovis, has written.

The boys are training in anticipation of the state contests to be held at the New Mexico Agricultural and Mechanical college December 10-11. Members of the team are: Milton Brown, John Holland, Leon Marks, Buren Stewart, Bob Way and Ray Wicker.
