# New Legal Moves Are Taken Against Johnson

**FAIR TRIPPERS VISIT TOWNS IN AREA**—Approximately 45 Lubbock business and civic leaders visited nine towns to the northwest of Lubbock Thursday publicizing the Panhandle-South Plains fair. At Portales, they visited Roosevelt County fair, which was in progress. Top picture shows Portales leaders as they greeted the visitors, left to right, D. L. Stevenson, Melvin Schumpert, J. P. Lewis, J. Rex Forrest, B. M. Schumpert, president of the Roosevelt fair, shaking hands with Max Tidmore, Weldon Gibbs and Carl Roberts, the latter three members of the booster trip. In the center picture, Harry Urguette, left, Lubbock paint store manager and Lions club member, is shown handing "Queen for a Day" tickets to B. H. Morgan, manager of Cobb's Department store at Muleshoe, as Bob Garner, another Lion, sets up a placard. In the bottom picture, Frank Campbell, right, is greeted by J. C. Elms, president of the First National bank at Littlefield and also president of the Lamb County's first annual fair which opens Wednesday. (Staff Photos).

NEW MEXICO TOWNS VISITED

## Local Goodwill Trippers Carry Fair News To Northwest Area

TOWNS to the northwest of Lubbock heard about the Panhandle-South Plains fair Thursday as two busloads of civic leaders visited them in the second of a series of four good will trips over the area publicizing the fair.

Towns visited included Shallowater, Anton, Littlefield, Amherst, Sudan, Muleshoe, Farwell, Clovis, and Portales, N. M.

At each stop the visitors, traveling in chartered Texas, New Mexico and Oklahoma coaches, distributed souvenir baloons, gliders and whistles at the schools.

**Lamb Fair Planned**

At Littlefield, the Lubbock group learned that preparations are almost complete for the staging of Lamb county's first annual fair next week, Sept. 22-25 and at Portales they visited the three-day Roosevelt County Fair which ends today.

President J. C. Elms of the Littlefield fair extended an invitation to the group to return for next week's exposition, winning exhibits of which will be brought to Lubbock for the South Plains fair.

At Portales, President B. M. Schumpert of the Roosevelt fair welcomed the group as did Mayor T. A. Henley and Fred Phelps, manager of the Portales Chamber of Commerce.

The visitors left Lubbock at 7:15 a. m. Thursday and returned last night about 7:30. Lunch was served to the group at the La Vista

## Evans Heads Texas Pension Party Ticket

DALLAS, Sept. 16 (AP)—Roger Q. Evans of Denison, unsuccessful candidate for the Democratic nomination for governor in the Democratic primary, will run for the office in the November general election as the candidate of the Texas Pension party.

J. W. Barrett, secretary of the party's committee on platforms and candidates, said today that Evans and other candidates were nominated and a platform drawn up at a meeting here last night.

Other nominees:

Ira G. Lowe of Dallas, for lieutenant governor.

William R. Bryant of Sherman, for attorney general.

Julius Barrett of Dallas, for state railroad commissioner.

Cyclone Davis of Dallas, for U. S. senator.

Joe Bailey Irwin of Dallas, for congressman from the fifth district.

The party platform recommended a sliding scale of minimum pensions beginning at 45 years of age, ranging from $5 per month at age 45 to $75 at age 65 and over.

It also recommended a $50 per month for all veterans who were second lieutenants or lower, free school lunches, natural resources taxes, higher pay for teachers, and good roads.

## Western Envoys Expected To Meet Molotov This Weekend

MOSCOW, Sept. 16 (INS)—Moscow observers tonight expect another East-West session on the German dispute to be held this week-end or by Monday at the latest.

(A London foreign office spokesman said he did not anticipate a meeting between Soviet Foreign Minister Molotov and the three western envoys before Saturday.

(He added there were no plans yet for special British envoy Frank Roberts to leave the Soviet capital).

The western ambassadors presently are awaiting fresh instructions from their home governments following their report on the Tuesday session with Molotov.

Talks End As Union Rejects Offer

## Southwestern Phone Strike Threatened

(By The Associated Press)

UNION negotiators rejected an offer from the Southwestern Bell Telephone Co. Thursday and bargaining talks affecting 50,000 employes in five states including Texas were broken off.

The company operates in Missouri, Arkansas, Kansas, Oklahoma, and Texas.

Frank P. Lonergan, vice president of southwestern division 20, Communications Workers of America, said the offer was "ridiculous and insulting" and he announced a strike vote would be taken "in the near future."

**Strike Is Averted**

Meanwhile, in New York, another telephone workers union, that of equipment installers, reached an agreement on a wage increase with Western Electric Co. and averted a strike set for this morning.

After all-night negotiations, company and representatives of the 25,000 union members involved met again and compromised. They agreed on a variable pay raise of from eight to 15 cents an hour for workers in 43 states and the District of Columbia.

The agreement must be ratified by members of the union, the CIO American Communications Equipment Workers (ACEW). A union leader predicted it would be approved.

**Army Begins Loading**

In the West coast shipping strike, a Seattle stevedoring firm which has made a separate peace, for a 15-cent pay hike, with striking CIO longshoremen has been offered contracts to load all Army cargoes in San Francisco and Seattle. It has not decided whether to accept, it told San Francisco newsmen tonight.

The Army meanwhile confirmed reports that it has begun to load cargo with its own civil service employes, hired despite longshore picketing this week at the Army employment offices. Two Army transports were being worked at the Oakland Army base Thursday. No troops were being used.

As the independent firm, Griffiths & Sprague, made its announcement, CIO President Philip Murray in Washington was urging the Army to use just such companies, rather than hire its own non-union stevedores.

Most other companies are members of the Waterfront Employers association, which has refused to handle Army cargoes if it meant dealing with CIO longshoremen whose leaders have not signed

## Slaton Latin American Youth Stabbed At Celebration Here

Ray Cisnero, 18, of route 1 Slaton, was stabbed in left side about 12:30 a. m. today behind a dance hall in the Latin American section of Lubbock and appeared to be in a serious condition at Lubbock Memorial hospital where he was taken for treatment in a Plains ambulance.

Cisnero was suffering from shock, puncture wounds and hemorrhage. Investigating police sought a suspect in the stabbing which occurred in the dark near parked cars. The stabbing took place as the three-day Sixteenth of September celebration of Mexican independence drew to a close.

**FIRE CLAIMS THREE**

INGLEWOOD, Calif., Sept. 16 (AP)—Death tolls of an oil tank blast which showered a trailer park with flaming fluid rose to three today, including a mother and daughter. The city and the county coroner's office opened inquiries into the explosion and subsequent fires yesterday, which blanketed southwest Los Angeles with black smoke and kept firemen on the lines for hours.

DRIVE TO OPEN OCT. 13

## Lubbock Community Chest Goal Of $97,500 Set For 1948 Drive

COMMUNITY Chest Directors set a goal of $97,500 for the Chest campaign which will open Oct. 13 when they met Thursday morning at the Community Chest office for the second consecutive day.

The goal compares with last year's goal of $86,845 and the 1946 goal of $92,143, the increased amount being due to greater costs of operation of agencies participating in Community Chest funds.

**Budgets Are Adopted**

The board of directors adopted the following budgets which had been recommended by the budget committee after detailed study:

Boy Scouts, $18,870; Milam home, $12,000; Junior Optimists, $2,285; Lubbock boys club, $20,295; Girl Scouts, $13,105; Salvation Army, $13,355.

The board approved a $9,590 total for administrative and campaign costs. The administrative figure was the same as that last year and campaign allowance was $200 higher.

An $8,000 shrinkage and emergency reserve was approved. The

## Berlin Martyr Paid Tribute

By OMER ANDERSON
INS Staff Correspondent

BERLIN, Sept. 16. — Russian troops and armored cars lined the East-West border of embattled Berlin today when 10,000 Germans attended the funeral of a 15-year-old anti-Communist martyr.

No disorders occurred during the funeral but there were two separate incidents showing the tension and bad feeling in Berlin.

A Soviet soldier stuck a tommy-gun in the back of an American military policeman in the U. S. sector.

**Tommygunner Rebuked**

An American had stopped to check a broken-down Soviet truck carrying 15 Russian soldiers.

A Russian officer reprimanded the tommygunner and satisfactorily explained to the American that the Russians legally were in the sector enroute to Potsdam.

Another Russian soldier briefly invaded the U. S. sector at another point in chasing a German youth, and he fired four rifle shots into the air.

**Bombs Reported Dropped**

A public safety official said the youth had intervened in an argument when the soldier tried to confiscate a push cart load of potatoes from the boy's father.

German travelers reported Soviet aircraft dropped 200-pound bombs during air maneuvers on the town of Luckenwalde, 30 miles southwest of Berlin and killed a five-year-old boy. There was no confirmation.

Lt. Col. E. R. Kelley of the U. S. provost-marshal's office, and western Berlin police headquarters both denied reports published in the United States that armed Soviet patrols had invaded the U. S. sector at three points.

**Soviet Police On Guard**

Maj. Gen. Alexander Kotikov, the Soviet commander personally appeared at the Potsdamerplatz on the Soviet-American boundry during the funeral services for Fritz Scheunemen, the boy victim of last week's Russian shooting during a rally of nearly 300,000 anti-Communists.

Soviet sector police also were massed at the Brandenburg gate during the services in the Tiergarten as a precaution against

## Body Of Recluse Is Found Ravaged By His Pack Of Dogs

(By International News Service)

CANON CITY, Colo., Sept. 16.—Fremont county authorities today investigated the death of Ramon "Romeo" Mechl, a 70-year-old recluse whose body was found in his cabin near Echo, 22 miles west of Canon City, nearly destroyed by his pack of dogs.

Texas creek country residents had believed for sometime that Mechl raised the dogs for food. The fact was substantiated when officers found between 30 and 40 dog pelts beneath Mechl's mattress.

A Denver and Rio Grande Western railroad section crew was asked to investigate the hermit's absence Wednesday when Mechl failed to call for his old age pension check.

**Drive Off Dogs**

The men tried to get into the one-room cabin but were forced to drive off the 11 ravenous dogs first. All they found was a skeleton held together by bare threads of dried sinew. Even the small bones of the feet and hands had been devoured.

Undersheriff Charles Cantebury said that Mechl apparently died in bed. His body had been dragged onto the floor and around the cabin as the vicious dogs fought over the remains.

The body was so completely destroyed that authorities were unable to tell whether the recluse died of natural causes or had been killed by the dogs who may have attacked him. However, evidence leaned towards the theory of natural death.

## Mahon Talks At Hale Farm Bureau Banquet

PLAINVIEW, Sept. 16. (Special)—More than 275 farmers and their wives attended the first annual Hale county Farm Bureau banquet held here tonight at Hotel Hilton with Congressman George Mahon as the featured speaker.

Mahon pointed out the value of farm organizations and declared that farm groups were important to Congress and the government in pointing out needs of farmers especially in critical times like the nation now faces.

Mahon also explained in detail the current Marshall plan, and pointed out that while it was of great aid to European countries it also was of major benefit to American farmers in that it helped prevent surpluses and helped hold up farm product prices.

Raymond Akin, president of the Hale county Farm Bureau, presided as toastmaster.

Representatives from Castro, Swisher, Lamb, Lubbock, Floyd, Parmer and Crosby counties also attended the banquet.

**UN ACCEPTS APPEAL**

PARIS, Sept. 16 (AP)—The United Nations Security Council voted 8 to 0 today to take up Hyderabad's appeal for help against India's invasion. Then the council recessed until Monday. Both Hyderabad and India were heard briefly by the council after a tangled debate on whether to take up the question at all.

Truman Urges Anglo-American Tieup

## Military Pact Among Allies Appears Near

By GEORGE DURNO
INS Staff Correspondent

WASHINGTON, Sept. 16. — An American-Canadian military alliance with Great Britain, France and the low countries was in more immediate prospect today as East-West relations drew thinner.

President Truman, according to British Ambassador Sir Oliver Franks, emphasized the importance of the United States and Great Britain "sticking together in the present situation."

Sir Oliver so quoted the President after a White House conference, at which Admiral Sir Frederick Hamilton, chief of naval staff of the British joint chiefs of staff, also was present.

The ambasador told newsmen Mr. Truman had emphasized the great need of Anglo-American agreement in meeting any future development in world affairs.

The President canvassed the world situation with Secretary of State Marshall, Defense Secretary Forrestal and other key defense advisers on the eve of his 16-day campaign trip.

Present besides Marshall and Forrestal were Army Secretary Royall, Air Secretary Symington and Navy Secretary Sullivan. All are members of the National Security council.

At the same time, a top adviser to Gen. Lucius D. Clay, U. S. military governor in Germany, announced that any early withdrawal of U. S. troops from Germany would be "totally impractical."

Dr. Carl J. Friedrich, of Harvard university, in Washington for

## Tech Registration Gets Underway As 2,086 Enrolled

A total of 2,086 students, of an expected 6,500 to 7,000, completed enrollment on the first of a three-day registration period at Texas Technological college Thursday, Registrar W. P. Clement said as the fall program got underway smoothly.

Registration continues today and Saturday with classes for the fall term starting Monday.

Indications are that the registration total will set an all-time record for a fall

(See Story Page 4, Sec. 2).

term, 6,114 students having signed up for classes last year. Permits to register already have topped the 6,000 mark and a majority of those students, are expected to go through the mill the next two days.

**New Increases Seen**

Clement said that the number to register would be curbed only by a lack of housing facilities and facilities at the college.

"I sincerely believe that we could have 10,000 students if the college and the city had room for 10,000 people," he said, adding that he expected the student body to continue to increase next year, breaking the highest marks of this year.

The total number of students to attend the college in both terms of last year was 6,689, an increase of more than 500 students over the first term figure.

Clement expressed great

## 79 Seamen Saved From Two Ships

NEW YORK, Sept. 16. (AP)—The Coast Guard and two merchant ships teamed up today in violent seas to rescue 79 seaman from two vessels in the north Atlantic. Seven men were believed lost.

Both rescues took place within a few hours. A badly listing British freighter was contacted 750 miles east of New York while a fishing craft, wallowing in the high seas, was reached about 390 miles northeast of the freighter.

The veteran Coast Guard cutter Bibb removed 40 crewmen from the Portuguese fishing schooner Gaspar. One man was lost overboard from the Gaspar before rescue of the remaining men by the Coast Guard.

The American freighter Cecil N. Bean and the Argentine freighter Tropero took a total of 39 seamen from the sinking British freighter Leicester. Six of the freighter's men were presumed lost.

Battling the high waves and

HST LEAVES WASHINGTON TODAY

## GOP, Demo Teams Set Vote Hunting Trips Over Nation

(By The Associated Press)

THE presidential campaign warms up in earnest this weekend. All four members of the Truman-Barkley and Dewey-Warren teams will take to the stump.

President Truman will leave Washington today for a 16-day campaign tour that will take him to the West coast and back. His Democratic running mate, Sen. Barkley of Kentucky, returned to the U. S. from Rome Thursday and promptly announced a 15-speech, eight-state tour of the East and a stop in North Carolina.

**Dewey, Farm Groups Confer**

Gov. Thomas E. Dewey of New York, the Republican presidential nominee, devoted some thought to farm problems before taking off himself, for major addresses in the West. He called in Rep. Hope (R-Kan) and Sen. Aiken (R-Vt), chairman and acting chairman, respectively, of the House and Senate Agriculture committees. Also he will talk tomorrow at Pawling, N. Y., with a group of farm editors.

Gov. Dewey will speak at Des Moines, Ia., Monday in the formal opening of his campaign. The address is to be general, but the farm locale of the gathering is expected to bring out some stress on agricultural problems.

Iowans will get a prior chance to hear Mr. Truman. The President will deliver what is described as a major speech of his tour Saturday at Dexter, Iowa.

Gov. Earl Warren of California, the Republican vice presidential nominee, traveled eastward on a vote-gathering quest to cover 32

## 33 Florida Soldiers Injured When B-29 Bombs Miss Target

EGLIN FIELD, Fla., Sept. 16.—(INS)—Thirty-three soldiers were injured at Eglin Field today when a group of B-29 bombers dropped several bombs off their targets during a practice mission.

Twelve of the men were critically injured, and only one soldier was immediately released.

The men were near the target area at Eglin Field's bombing range when the missles fell among them.

Blood plasma was flown into Eglin Field from Brookley Field, Ala., and one other base early tonight.

Thirty-two of the injured were negro soldiers. The other was a white officer.

## State Court Refuses Suit

By DAVE CHEAVENS
Associated Press Staff Writer

AUSTIN, Sept. 16.—Secretary of State Paul H. Brown said tonight he had been informed that he has been made party to a suit and an injunction has been issued restraining him from certifying the name of Lyndon B. Johnson as Democratic nominee for the U. S. Senate.

Brown said that Clint Small, an attorney for Coke Stevenson, telephoned him the information at five minutes before 10 o'clock tonight but that Small did not say where the action had been taken.

**Court Rejects Move**

Earlier today, Johnson was refused leave by the state supreme court to file a mandamus suit to force Brown to put Johnson's name on the ballot, and to prevent opponent Coke Stevenson from interfering, on the grounds that Brown was not a party to the restraining order obtained in federal court by Stevenson.

The appeal court, in overruling the request, cited that Brown "notified the court in writing he has not refused and has no intention to refuse to perform the acts which the petition for mandamus seeks to compel him to perform."

**Had Not Been Served**

Brown termed the suit "unnecessary."

"That's what I intend to do anyway unless I am served with some court order stopping me. None has stopped me yet," he declared at that time.

But Stevenson forces, on basis of information Brown said he received tonight, apparently had plugged that loophole by putting Brown's name in an amended petition.

"Small told me he had received a telephone call from C. C. Renfro in Dallas informing him that I had been made a party to a suit and an injunction restraining me from certifying Johnson's name," Brown said tonight.

"I told him I had not been served with any citation and he said, 'I think this will be sufficient'.

"I told him I did not think so and that I had never been able to get anyone in court without a citation.

"I told him he'd better get me

## Soviet Campaign In Asia Scored

WASHINGTON, Sept. 16 (INS)—The United States tonight joined Great Britain and the Netherlands in an attack on Soviet Russia for attempting to envelop southeast Asia — particularly Malaya, Indo-China, Burma and Indonesia.

A State department spokesman said international Communist organizations — specifically the Cominform — are engaged in "ruthless interference" in the affairs of those states.

The Communist setup was accused of attempting to sell nationalism to the peoples of southeast Asia, despite the Cominform's action in reading Marshal Tito and the Yugoslav government out of the Communist orbit because of nationalism.

**Reds Watched Closely**

Michael J McDermott, special assistant to Secretary of State Marshall, assembled newsmen late today to read a specially prepared statement.

This came on the eve of a visit on Secretary Marshall by Dutch Foreign Minister Udo Strikker, and following British Foreign Secretary Bevin's statement to parliament that the Communists were in the midst of an all-out campaign to take over the Far East. McDermott said:

"The State department has watched closely the rapid increase of Communist activity which has taken place in southeast Asia since early this year and has naturally taken this development into consideration in determining its

COMPLETE REGISTRATION RAPIDLY—Before the new streamlined registration procedure went into effect at Texas Technological college, students sometimes spent many hours registering, but the average student was completing the process in less than an hour Thursday. The picture above shows some of the students near the end of their registration. Left to right, they are, J. R. McEntyre, Odessa; Ted Crager, Lockney; Philip Kemp, San Angelo; Louie Lee Holder, Lubbock, and Mary Findley, Lubbock. (Staff Photo).

# Israeli Foreign Minister Claims Arabs Moving Up Men, Material To Resume Holy Land Offensive

By BENN FELLER
INS Staff Correspondent

TEL AVIV, Sept. 16.—Israeli Foreign Minister Moshe Shertok said tonight there is "a very marked increase of Arab troops moving up equipment which indicates a readiness to resume the offensive"

The Arab-Jewish war in Palestine has been held to sporadic outbursts for two months by a shaky UN truce.

Both Col. Yigal Yadin, Israeli general staff chief of operations and Col. Moshe Dayan, commander in Jerusalem, declared the truce was "very precarious," and criticized UN enforcement of the terms for Arabs.

**Truce Costly To UN**

Shertok told a news conference that the truce is costing the United Nations $1,000,000 monthly. He said the American government had indicated it does not want an indefinite truce and seeks an early peace.

The Israeli foreign minister was asked if the Jews feel free to take action on other fronts in event of resumed fighting in Jerusalem. He said: "Yes."

Col. Yedin said "foreign aid" still is being given the Arab League states in many ways. Shertok claimed the Arabs had bettered their manpower and war materiel positions compared to the Jews in the last two months.

**Enforcement Scored**

The Jewish leaders criticized lack of UN enforcement. They cited claims that Egyptian trains daily are entering southern Palestine unchecked from Suez and other points, and that sea-borne troops are landing in the Gaza sector, 42 miles south of the Israeli capital of Tel Aviv.

The Israeli army in Jerusalem reported renewed Arab shelling of Jewish positions around Mt. Zion and Jaffa gate in the Holy City, but said there were no casualties. A UN observers' jeep also was hit by snipers' bullets.

Jews claimed a direct hit on Arab positions in artillery counter-fire.

Dr. B. Joseph, Jewish military governor, advised the UN against moving its headquarters to Jerusalem from Rhodes, claiming that the "war is not yet over."

Count Folke Bernadotte, UN mediator, meanwhile left Rhodes for a three-day tour of Beirut, Damascus, Bagdad, and Jerusalem after putting the finishing touches on a 120-page report to UN Secretary-General Trygve Lie.

FASTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FASTEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug store adv

## Drug Ring Believed Broken With Arrest Of Soldiers

MONTEREY, Cal., Sept. 16. (U.P.)—A dope ring operating between Fort Ord and Los Angeles was believed smashed today with the arrest of three soldiers at the military post, including one from San Antonio.

Fort Ord military police and Criminal Investigation department agents said they found 97 pure marihuana cigarettes and enough bulk to make several hundred more in the possession of the soldiers.

"They had enough of the weed to make a whole division higher than a kite," CID agents said.

Those arrested were identified by the provost marshal as Pfc. Ronald Guerin, 17, of Denver; Cpl. Oscar Reyes, 19, of Los Angeles, and Pfc. Jose Garcia of San Antonio.

Maj. Edward Devlin, provost marshal, recommended that Reyes be tried for bringing narcotics on a military reservation, Guerin for use and possession of the drug and Garcia for possession.

## Powerful X-Ray Machine Is In Lead-Sheathed Building!

PHILADELPHIA, Sept. 16. (U.P.)—The world's most powerful X-ray machine is in use at the American Oncologic Hospital here.

The machine, built at the Massachusetts Institute of Technology, is capable of developing from 2,000,000 to 5,000,000 volts. It is operated in a specially-constructed building, the walls, floors and ceilings of which are lined with heavy sheet lead.

The Oncologic Hospital, founded in 1904, was the first hotspital in the United States to devote all its facilities to the study and treatment of cancer.

## Puppy Adopts Young Robin After Bird Falls From Nest

HADDON HEIGHTS, N. J., Sept. 16 (U.P.)—Tipper, a puppy who is the pet of five-year-old Sunny Hinckeen, has adopted a baby robin and carries it around on his nose most of the time.

He even shares his dog food with the bird.

Tipper's master found the bird a few minutes after it fell from a nest. The family has been feeding it chopped-up dog food at intervals throughout the day, beginning at 4:45 a. m. when the bird begins "to chirp like mad."

## Will Rogers Train To Transport Food For Foreign Relief

ENID, Okla., Sept. 16 (U.P.)—The Will Rogers memorial train will roll south from Enid Sept. 20 carrying thousands of gift bushels of Oklahoma wheat to famine-stricken areas of the world.

Final destination of the wheat will be set when the train arrives at Galveston, and sponsoring relief agencies notify their agents to what ports abroad the wheat is to be shipped.

The train is the Oklahoma project of the Christian Rural Overseas Program, an organization to collect gifts for many churches, Protestant, Catholic and Orthodox, to distribute through their relief agencies abroad.

Organizations which have set up the Christian Rural Overseas Program are Church World Service, relief agency for all Protestant and Orthodox services which do not have their own overseas relief organizations; Lutheran World Relief and Catholic Rural Life Conference.

**Gifts Evenly Divided**

Gifts of wheat and other farm products from different sections will be distributed overseas by one of the three agencies designated by the donor. Undesignated gifts are pro-rated among the three.

The wheat which will be carried by the Will Rogers memorial train is a co-operative gift of many Oklahomans. Farmers have given their own wheat and business men and other citizens have given money for the purchase of the gift grain.

The train from Enid to Galveston has been donated by the railroad and the wheat will be loaded aboard ship in the Texas city without charge.

The "Stourbridge Lion," first steam locomotive to run successfully in America, was put into operation in 1829 at Honsdale, Pa.

## Aerial Photographers Mapping Oregon For Taxation Purposes

SALEM, Ore., Sept. 16. (U.P.)—Aerial photographers have taken pictures of nearly 60 per cent of the face of Oregon for a master picture index used in appraising the value of property for taxation.

The state tax commissioner, Wallace Wharton, said aerial photographs have been taken in every county except one since the division started compiling the master index in 1936.

Wharton explained that the index aids county assessors and field appraisers to judge the value of property. The photographs are especially valuable in covering forest, farm and range areas because of their accuracy. The photographs also reveal improvements made on the land.

## American Public Is Warned To Wake Up To Atomic Age

CHICAGO, Sept. 16. (U.P.)—Herbert S. Marks, former general counsel of the Atomic Energy commission, says the public's lack of intelligent interest eventually may cause the downfall of the nation's atomic energy program.

Marks made the warning in an article in the University of Chicago Law Review.

"The absence of wide debate and criticism concerning the administration of the Atomic Energy Act is a phenomenon unique in the conduct of important public affairs," he said.

"The actions of the Atomic Energy Commission are duly reported in the newspapers with rarely more penetrating comment or follow-up than that which accompanies society news."

## Relative Of Famed Violinist Dies When Flames Sweep Home

PITTSBURGH, Sept. 16 (AP)—Robert R. Klaman, 34, son-in-law of violinist Dave Rubinoff, died today after his Beechwood apartment was swept by an early-morning fire.

His wife, the former Ruby Rubinoff, 29, daughter of the violinist, suffered only minor burns but was reported near collapse from shock.

# State Department, Facing Slash In Funds, Cuts Foreign Service

WASHINGTON, Sept. 16 (U.P.)—The State Department, faced with serious financial troubles, is cutting down its foreign service activities on a major scale, it was learned today.

Officials said three factors were responsible. There were (1) the budget bureau's action in slicing $10,000,000 off the department's request for foreign service operations between July 1, and June 30, 1949; (2) an additional $1,122,000 cut by Congress; and (3) the high cost of living abroad.

**Setup Is Explained**

To meet the problem, officials said these steps are being taken:

Some 629 employes serving in foreign diplomatic and consular establishments are being "fired" or withdrawn for re-assignment in the United States. This will be completed by Oct. 1.

Twenty three American consulates throughout the world will be closed down by next June 30. Six of these consulates will be closed by Oct. 1.

Homeleave for diplomatic personnel has been curtailed. Of over 800 eligible to return to the United States, fewer than 700 will be given leave.

Plans to purchase $1,526,000 of replacement and new office equipment have been cut by one-third.

Plans have been dropped to bring in younger foreign service officers for specialized training in the United States after one year in the field.

**TENSION EASED**

SANTA FE, N. M. (U.P.)— State police officials were aghast when several citizens called to report that a police car was weaving down a street with an obviously drunken man at the wheel. The police breathed easier after checking. It was a police car, but one which had been sold to a used car dealer two weeks before.

# Injured Cows Give Clue To Treatment Of Human Patients

ANN ARBOR, Sept. 16. (U.P.)—A chance discovery of profuse bleeding in cows which had been scratched led to the development of a drug which prevents serious complications from blood clots in humans, University of Michigan Hospital doctors report.

The drug, dicumarol, was detected in 1941 at the University of Wisconsin. Cows which had eaten spoiled sweet clover bled abnormally after being caught on barbed wire.

The drug has been useful in major operations, after childbirth, in heart disease and with patients who have been bedridden for a long time, according to Dr. Ivan F Duff, assistant professor in internal medicine.

Specifically, dicumarol lessens the body's capacity to manufacture prothrombin, one of the components of the clotting mechanism.

**Danger Explained**

The damage from clot formation arises from the tendency of the clot to break off within a blood vessel and circulate to the lungs, where it may cut off the activity of a large part of the lung and cause death, Dr. Duff said. He added:

"Since dicumarol does not take effect until 36 to 48 hours after it has been given, we sometimes use another drug, heparin, with it. Heparin, obtained from beef liver, immediately increases the time it takes blood to clot. The heparin is discontinued after a day or two when the dicumarol has become effective."

The majority of the patients treated with the drugs were suffering from venous thrombosis, which is primarily the development of soft, easily dislodged clots in the large blood vessels of the legs.

**Results Found Good**

Dr. Duff reported that complications in patients with that affliction treated at the university hospital were reduced to six per cent by use of the drugs.

Generally good results were reported by other university doctors in 275 cases.

But Dr. Duff warned that the drugs "are not a cure, but a preventive."

"They cannot be taken at home," he said. "Their use must be supervised in a hospital with careful laboratory tests."

**Questions Pour Into USDA Office**

# Agriculture Secretary Gains Top Rating As U.S. 'Quiz Kid'

By FRANCIS J. KELLY
Associated Press Staff Writer

WASHINGTON, Sept. 16—Only the parent of a three year old gets asked more questions than Secretary of Agriculture Charles F Brannan.

The queries are coming in to his office now at the rate of 3,000 a day; and that doesn't count telephone calls and visits in person.

They vary from: "How do I bury cats in the ground?" to "what was little Eva's last name in the play, 'Uncle Tom's Cabin'?"

Nobody can explain why the Department of Agriculture rates as a national answer box for so many questions seemingly unrelated to the tilling of the soil. Brannan and his aides, however, do their best to dig out the answers.

**Many Questions Startling**

Some of the questions, however, are a little startling:

"What does it look like inside a tank?"

"Can you recommend a lonely hearts club; three of us girls are interested?"

"Should the President keep his hat on when placing a wreath on the tomb of the unknown soldier?"

"Does angora wool grow after it is made into a sweater?"

"What color eyes do sheep have?"

"How can I get a divorce in Florida?"

"Do animals have spring fever?"

"Can silk be made from codfish?" (honest)

"What office handles surplus beer?"

The office could practically count the tear-stains on one letter:

"Please help a poor girl who is losing her hair and is almost bald. I am very sad about this, because I am in business, and you know what cats other girls are."

# Body Of Man Who Jumped From Bridge Recovered By Searchers

PORT ARTHUR, Sept. 16 (U.P.)—Search parties today recovered the body of Thomas Linton Burnham, 21, from the waters of the Neches river after a four-day hunt.

The youth hurled himself from the 176-foot Orange-Port Arthur bridge last Monday after instructing Mrs. Lorraine Lyons, driver of a car in which he was a passenger, to "slow down because the bridge is slick on the other side."

Neither Mrs. Lyons nor Mrs. Lulamae Sallis, also a passenger in the car, could tell police why Burnham jumped.

# Minister's Son Stabbed To Death During Argument Over Mishap

HOUSTON, Sept. 16 (AP) — A minister's son was tabbed to death last night during an argument resulting from a minor automobile accident, Houston police said today.

Fatally wounded was Willie J. Kitchens, 19, son of Rev. and Mrs. William D. Kitchens. Rev. Kitchens is an Assembly of God evangelist.

Survivors of young Kitchens also include his wife, Mrs. Marlene Kitchens and a daughter, Diane Kitchens, Houston.

**Men Who Get Up Nights Often Lose Their Pep**

If you get up 2 or more times a night, your rest is broken and you may feel tired out. So if you Get Up Nights or suffer from Bladder Irritation, Burning Passages, Backache, Strong Cloudy Urine, Pains in the Groin, Hips, or Lower Abdomen, due to temporary germ irritation in non-organic and non-systemic Kidney and Bladder Troubles, try CYSTEX.

Usually the very first dose of CYSTEX starts to work immediately to help you in 3 ways: 1. Helps nature remove certain irritating germs in acid conditions. 2. Thus helps remove a frequent cause of many aches and pains. 3. By relieving and calming irritated tissues it helps reduce frequent or smarting passages day and night. Get CYSTEX from druggist today. Money back guaranteed unless CYSTEX satisfies you.

# John E. Robertson, Pioneer West Texan, Claimed By Death

ABILENE, Sept. 16 (U.P.)—John E. Robertson, 70, father of French Robertson, Abilene oil operator and member of the Texas prison board, died here today.

Robertson, a pioneer West Texan, moved to the Abilene area in 1876 from Kosse, Texas. He formerly operated mercantile stores at Baird, Clyde, Putnam, Anson, Haskell, Goree and Weinert.

**Take Off Ugly Fat With Grape Fruit Juice Recipe**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy — no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barbotrizole. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears — how much better you feel. More alive, youthful appearing and active.

**MISERIES STARTED AFTER EVERY MEAL; RETONGA GAVE RELIEF**

MR. TILARY

**Food Seemed To Lodge In His Chest And He Suffered Tortures From Acid Indigestion, Sour Stomach And Restlessness. Now Feels Like Real Self.**

"I feel so much better I just had to tell you so," states Mr. John A. Tilary, highly respected citizen and home-owner of 1010 South 17th St., Waco, Tex., in a letter to the Retonga Medicine Company. Mr. Tilary was born and raised in Lamar County, Tex., but has lived in Waco for the past 16 years. He gratefully states:

"Just as soon as I ate a meal, my troubles started. I would suffer the worst kind of distress from acid indigestion. Food seemed to lodge in my chest and I would spit up much that I ate. Gas on my stomach seemed to build up so that at times I thought the pressure would cut off my breath. I just had to quit eating supper at all, because I would suffer so much during the night that I couldn't seem to get any sleep. Nothing I tried seemed to give me any relief and I was beginning to think I was at my row's end.

"So many people recommended Retonga to me that I gave it a trial. And the real relief that it brought me makes me awfully glad I took their advice. I eat three square meals a day now and don't suffer as I did. I can sleep good and restfully at night now and I'm feeling more like my real self again. I've told many of my friends how much Retonga helped me and I believe that anyone suffering as I did will be as grateful as I am for Retonga if they will just try it."

The active ingredients of Retonga are purely herbal, combined with Vitamin B-1. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to bring you relief, your money will be cheerfully refunded. You can get Retonga at all good drug stores.—Adv.

# Report Ship Fired On Proves To Be Error, Officials Say

TOKYO, Sept. 16. (AP)—Flares dropped over the Liberty ship Moses Brown by two unidentified planes resulted today in an erroneous report that the Russian-chartered vessel had been fired on.

Capt. Kenneth D. Frye, skipper of the 7,176-ton freighter, radioed the ship's operators, the Shepard Lines, that the flares were dropped Saturday night in the Sea of Japan, off Russia's Siberian coast.

Because the Moses Brown is owned by the U. S. Maritime commission, copies of the message were relayed from San Francisco to the commission and to the company's New York offices.

# Freight Derailment Causes Heavy Damage On T & P Line

FORT WORTH, Sept. 16. (U.P.)—Seven derailed freight cars remained on their sides today on the Texas & Pacific's main east-west tracks, but officials reported normal traffic flow.

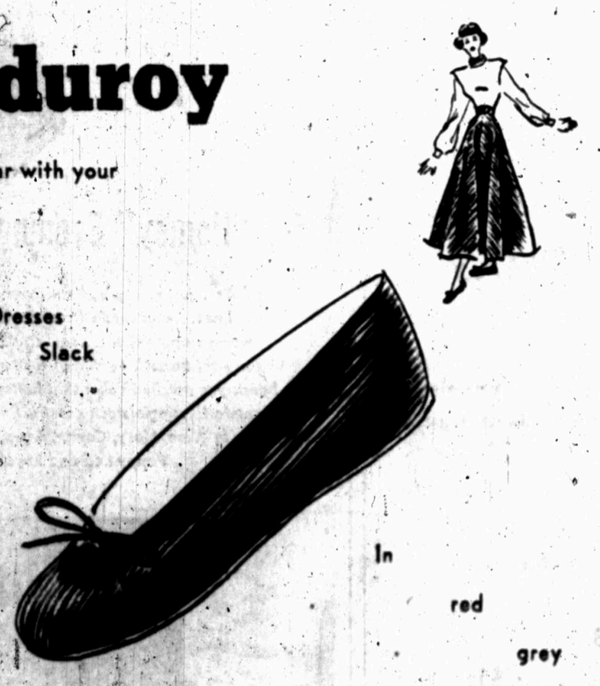

Cause of the wreck, in which 19 cars were derailed at an estimated damage of $40,000 early yesterday, still was not determined.

## The Woman's Angle
By Margaret Turner

One of the troubles of the present age is that too many people settle down to work in their shirtsleeves.

• • •

**NAME CALLING**

AS the club, lodge and organizations season gets underway once more and we have daily contacts with women reporters over the telephone and in person, one of the matters that bothers us most is the form of women's names. Our early training emphasized that in news writing a married woman one should use her husband's first name or initials. Even widows—unless definitely in the field for another man—retained their husbands' names. "Grass widows" alone, made use of their own first names. We were taught that when a name came out Mrs. Mary Doe, it would look as though she were a divorcee and no longer John Doe's wife.

Certain reporters refuse to cooperate and give us the women's correct name and we spend precious minutes leafing through the city directory to find the husband's initials.

• • •

IT'S all right with us if clubs and lodges, Sunday school classes and like organizations call members by their first names and even nicknames in meetings and other places—but it's wrong in the public newspaper.

The reading public for which we write (we hope it's read) doesn't know Mrs. Mary Doe as such and it's a puzzle to us why she is so insistent that we use that title. It seems to us a woman should be proud to use her husband's name.

It would be much easier to follow the line of least resistance and accept names as they come in. Also it would take less space to leave out the title, Mrs. or Miss, saying President Ann Doe, rather than: the president, Ann Doe. But it's still the custom of this paper to use the title Mrs. with the husband's name for the married woman and the title Miss in front of the unmarried woman's name.

• • •

**KITTEN DEPT.**

THERE are two kittens to be given away at 1605 Ave. R, telephone 9139. One is a 6-months-old white male cat and the other is a two-months-old yellow part-Persian.

Four part Persian kittens are to be given away at 2618 Twenty-Sixth, telephone 2-3935.

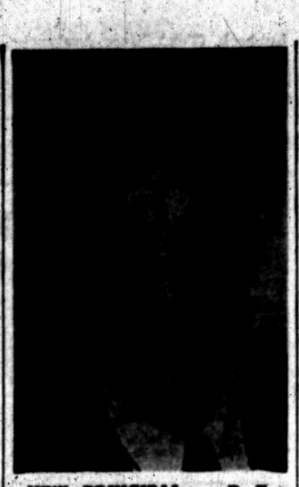

• • •

OH NO!—Manufacturers are bringing out Woody Woodpecker dolls, balloons, cream pitchers and wind-up toys that dance and cackle.

Woody crashed the political cartoons, too. So despite his detractors—including the Alabama editorial that complained that Woody was an insult to that state's official bird—his "ha-ha-ha-ha-ha-ha" seems to be the last laugh.

## Afternoon Tea Will Be In Trice Home

New officers and group captains in First Baptist Homemakers class will be honored at a tea this afternoon at 2:30 o'clock in the home of Mrs. W. H. Trice, 2304 Ave. U.

NEW PRINCIPAL — P. E. Davis, above, who has assumed duties as George M. Hunt school principal was introduced at a get-acquainted tea held by the Hunt Parent-Teacher association Thursday afternoon at the school. For the past seven years, Mr. Davis has been an elementary school principal at Denver City.

## Stewardship Is Program Topic

First Methodist Wesleyan Service Guild attended a dinner and program at the church Wednesday night with Mrs. Myrtle Rochelle as leader.

Mrs. Ethel Terrell gave the main talk on "Stewardship." Mrs. B. L. Cogdill reported a recent week end camp of the Guild at Cota Canyon and a sing song was led by Miss Dimple Watson with Mrs. Lillian Butler at the piano.

Miss Ann Kelly presided for a business session.

Miss Laura Casey and Mrs Claude Dalton were received as members. Guests included Miss Dorothy Donnell, Mrs. Thompson and Mrs. Monte Page.

Pyracantha berries and yellow tapers were decorations.

Hostesses were Mesdames Pearl Metcalfe, Floe Swenson, H. I. Robinson, A. F. Rasor, Miss Lola Thompson and Miss Maud Dee Skeen.

## September Meeting Held For DFD Group

The September meeting of DFD alumnae was held at the Buffalo lake cabin of Mrs. Horace Humphries Wednesday night with the following attending:

Mesdames Bill Ed Watson, R. L. Stebritz, Louis Murfee, jr., Dale Buckner, Don Brooks, Reg Webb, James Halsey, James Nislar, E. S. Waldrep, Carter Wheelock and Miss Elizabeth McLarry.

Following supper, the organization's calendar for the school year was discussed.

## Children Are Guests At Birthday Party

A party given by his mother, Mrs. Steve Etter, Wednesday afternoon at Mackenzie State park honored Jerry Etter on his eleventh birthday.

After games, hot dogs, pop and bubble gum were served to Elizabeth Glover, Gordon Deering, Tim Daly, Larry Warren, Roma Caviness, Betty Eller and Mickey Wilson.

# P-TA Units Open School Year Thursday With Get-Acquainted Programs And Teas

Get-acquainted programs and parties were conducted by five Parent-Teacher association units Thursday afternoon as the opening meetings of the school year.

**PRINCIPAL, FACULTY HONORED AT TEA**

To compliment P. E. Davis, new principal of George M. Hunt school, and the Hunt faculty, open house and a get-acquainted tea were held at the school by the Parent-Teacher association.

Mrs. John Shropshire, P-TA president introduced those who called to Mr. and Mrs. Davis and their son, Wayne. Each person wore an imitation autumn leaf bearing his name.

The tea table was decorated in blue and white, P-TA colors, and the tea napkins were lettered with "George M. Hunt P-TA." Approximately 150 persons attended the tea and visited the home rooms of their children under the direction of a group of Girl Scouts. Piano numbers were played during the afternoon by Mrs. Jeanette Jenkins.

Room count was won by Mrs. Blanche Greer's second grade. The principal, Mrs. Davis, and their children, Wayne, Joyce Ann and Princeton, are making their home at 2614 Twenty-first.

**DIRECTOR IS UNIT SPEAKER**

The program presented for Central Ward P-TA included a discussion, "Evaluation of the School and the Home," given by Ishmael Hill, director of secondary education in Lubbock Public schools, and a vocal solo by Mrs. D. E. Ing, accompanied by Mrs. Travis White, pianist.

Mrs. F. F. Breazeale was elected unit treasurer to replace Mrs. John O'Haugherty who resigned.

Mrs. Gradie Bownds introduced the faculty members and presented a corsage to each. Mothers were recognized, also. Misses Bess Lewis and Hattie Herm's rooms won the attendance count.

**UNIT DISCUSSES YEAR'S PROGRAM**

Plans for the year were discussed by members of Special School P-TA who met at the school. Mrs. Arch Harper who presided, appointed committees.

Five persons were present.

**OFFICERS ARE INTRODUCED**

Officers of Chris Harwell P-TA and teachers of the school were introduced at a tea held at the school. The introductions were made by Mrs. Ralph Cline, president.

Guests were served by Mesdames C. H. Stokes, R. W. Breedlove, L. V. Richardson and L. R. Rogers from a lace covered table centered with yellow chrysanthemums.

Teachers of the school are to set a date for the annual P-TA Hallowe'en carnival.

The fifth grade room of Mrs. Faye Mann won the attendance count.

**MOTHERS VISIT IN DUPRE ROOMS**

Dupre P-TA met at the school at 3:30 p. m with 192 in attendance. Mothers were entertained in the various rooms of their children.

**SANDERS UNIT HAS MEETING**

The rooms of Mrs. Grace Smith and Miss Grace North won attendance count when Sanders P-TA met at the school for a business session and tea. Mrs. A. L. Halford presided and C. E. Buck, principal, read the organization's by-laws.

In a report made by the visual aid committee, announcement was made that black shades for a movie room will be purchased for the school.

Tea was served following the business meeting.

## East Broadway WSCS Conducts Election At Church Meeting

At the organizational meeting of the Woman's Society of Christian Service at East Broadway Methodist church Wednesday, the following officers were elected:

Mrs. H. D. Lynn, president; Mrs W. C. Millan, vice president; Mrs Arlie Frazier, recording secretary and treasurer; and the following secretaries were named: Mrs Johnny Adams, promotion; Mrs. E. C. Murry, spiritual life; Mrs. Carl Kendrick, missionary education; Mrs. Joe Rodgers, literature and publication; Wilma Blaylock, student secretary; Nell Hartley, youth secretary; Mrs. C. A. Hartley, children's secretary; and Mrs. E. C. Cowan, status of women.

Rev. C. A. Hartley, pastor, spoke on women's work in the church.

The society voted to meet each Wednesday at 2 p. m. A bake sale is to be held by the group Saturday at Piggly Wiggly No. 4.

## Saturday Luncheon Set For Graduates

Reservations for the Tech Council of Women Graduates luncheon which is to be held Saturday at 1 p. m. at Hilton hotel are to be made this morning with Mrs. L. J. Sollis.

The luncheon speaker will be Dean Margarette W. Walker and musicians who will appear on the program are William A. Harrod, violinist, Mrs. James Vickers, pianist, and Mrs. Asher Thompson, vocalist.

## Fournier-Halsell Wedding Announced

Mr. and Mrs. Harry H. Halsell of Fort Worth, former Lubbock residents, announce the marriage of their daughter, Miss Grace Eleanor Halsell, to Andre Fournier, which took place recently in Fort Worth where the couple is at home.

Mrs. Fournier, a feature writer at the Fort Worth Star-Telegram, is a former member of the women's department of the Avalanche-Journal publications.

## Mary Martha Class Installation Held

"The Fore Gleams and After Flames" was title of an installation ceremony conducted for officers of First Baptist Mary Martha class Thursday at the church annex by Mrs. Jerome George of Levelland, formerly of Lubbock.

The ceremony was opened with the singing of "Bless Be the Tie" by the class. Mesdames J. L. Watson, I. W. Hicks and W. B. Chiles were hostesses at a luncheon which was served preceding the ceremony. A business session was presided over by Mrs. Mike Fry.

Places for the following were laid on a table decorated with yellow and white flowers: Mrs. George, Mrs Fry, the hostesses, and Mesdames S. R. McKinnon, Joe George, W. H. Floyd, W. D. Biggers, Walter Nichols, G. W. Moore, R. O. Mayes, G. P. Howell, T. L. Landis, W. M. Alexander, A. W. Bates, Walter Herrin, Walter Wright, R. T. Lee, Bill Sherrod, J. F. Nix, Lillian Slay, Lola Fields, Robert E. Miller and Miss Louella Broome. Guests were Mrs. Richard Wheeler of Oklahoma and Mrs. Grace McCracken.

## Olen Summers Are Honored At Party

Mr. and Mrs. Olen Summers, newlyweds, were honored at a shower given recently by Mrs. Grover Hampton, 214 Forty-fourth.

Guests were Messrs. and Mesdames J. C. Marsden, H. W. Flowers, R. B. Garner and family, L. J. Randolph and Jack, E. S. Faver and daughter, Gilbert Hampton and children A. A. Gartman of Slaton, W. M Beasley, E. D. Hart and Mary Ann, H. Summers, and Mesdames J. W. Wilson, Edward Hindman, Albert Jones and daughter, Charley Hampton of Wheeler, H. R. Perry, D. M. Summers and Dorothy Lee, W. Murry and daughter, and Misses Myrtle Gartman of Slaton, Loretta Perry, Loui Flowers, and Messrs. Charles Perry, Billy Webb, J. L. Forguhar, Leroy Bailey, Charles Bruce, Harold Summers, C. J. Josey of Post, Horace Flowers, Ray Summers, Larry Randolph, Arthur Summers, Grover Hampton and J. E. Irvin.

Others sent gifts.

## Election Meetings Held By 4-H Clubs

At Thursday meetings of Girls 4-H clubs, officers for the year were elected.

Chosen by Frenship Senior club were Joyce Ann Gillit, president; Ann Woodson, secretary-treasurer; and Mrs. W. A. Meadors and Mrs. W. R. Sage, adult leaders.

New officers of Frenship Junior club are Rita Burleson, president; Sylvia Dalton, secretary-treasurer; and Mrs. E. W. Reynolds and Mrs. H. W. Jackson, leaders.

Cooper club elected the following Wednesday afternoon: Kathleen Guthrie, president; Betty Jean Wood, secretary-treasurer; and Mrs. Frank Whittle and Mrs. W. P. Sibley, leaders.

## "Cowhand" Party Is Club Entertainment

A western motif was carried out in the "cowhand" party given by Zeta Chi chapter of Beta Sigma Phi sorority Wednesday night at the Party house in Mackenzie State park.

Games and contests were featured.

Refreshments were served to Mesdames R. B. Parkinson, H. C. Lewis, W. A. Wilbanks, R. A. Barnett, Ray Chapman, Bill Tilger, W. H. Galloway, Leon Cavaness, C. E. Pickens, A. L. Rose, jr., R. C. Timpe, C. V. Bates, Stanley Cotton and C. L. Donaghe, of Oklahoma City.

## Today's Events

## Mrs. Baugh Speaks For Colonial Dames

Elizabethan English as spoken on Roanoke and Hatteras islands was discussed by Mrs. W. L. Baugh when Colonel John Elder chapter of Colonial Dames of the Seventeenth Century met with Mrs. Clyde Elkins, 1803 Thirteenth, Thursday afternoon.

During a business session presided over by Mrs. F. A. Kleinschmidt, members voted to meet the fourth Wednesday rather than the third Thursday.

Mrs. Sam Jones was co-hostess and others attending were Mesdames J. T. Hutchinson, J. A. Laney, Isabel Garrison, Leroy Patton and George Box.

## Child's Study Club Has Initial Meeting

Progressive Child's Study club began their meetings for the year with a luncheon at the Mexican Inn Tuesday at 1:15 p. m. A short business session was held.

Attending were Mesdames Leo Healer, Raymond Cone, B. C. Spratt, L. H Johnson, Gordon Sanders, Johnnie Goldwater, Howard Garner, Arch Harper, Wayne Martin, Herman Bruckner, Cloyes Tune, E. C. Hatton, Hall McCrummen, Lloyd Swann, Pete Bynum, Ralph Robinson, Raymond Painter, G. C. Stewart, Jack Markham, M. F. Cowan, June Roberts, Donald Robertson, J. J. Tipps, Croft Bigham and W. C. Rutledge.

## Business Women Give Initiation Dinner

Four members were initiated into the Lubbock Business and Professional Women's club at a dinner meeting at the Hilton hotel Wednesday night. They were Misses Lola Bess Green, Josie Flack and Evelyn Prater and Mrs. Ernestine Ohnemus.

Mrs. June Woodrum presided.

Guests were Mrs. Weldon George, Mrs. Bill Roberts, Alma Stone of Abilene and Charlene Barrett of Amarillo.

## Guest Musicians Present Program

Guest artists were presented at a musical tea given by the Allegro Music club Wednesday afternoon at the Hilton hotel to begin a new season. They were Mrs. Joe Kelly, soloist, William Murphy, pianist and William A. Harrod, violinist.

Officers were in the receiving line to greet members and guests.

Special guests for the occasion were Mrs. W. T. Andrews of Spur, president of the seventh district, Texas Federation of Music clubs; Mrs. J. W. Gabriel of Spur, district junior counselor and Mrs. Raymond Marshall, state vice president, TFWC.

The refreshment table was centered with an arrangement of white mums and gladioli and featured a black ribbon music staff bearing notes of "America." Mrs. Don Mitchell was chairman of the decoration committee.

**SEW FOR HOSTESS**

Friendly Needle club members pieced quilt blocks for their hostess when they met with Mrs. O. P. McCall Wednesday afternoon. The club will meet with Mrs. Loyd Stiles, 2902 Frances, Sept. 29 at 2 p. m. Others present were Mesdames Cecil Stanton, G. R. Combs, H. A. Beaty, members, and Mrs. G. T. McCall, a guest.

PROBLEM TO BE STUDIED HERE

# Mechanized Production Seen As Move To Boost Farmers' Income

Asserting that the average farm income in the cotton belt is far below the national average, Ransom E. Aldrich, of Michigan City, Miss., chairman of the National Cotton council's production and marketing committee, who is to speak at the Beltwide Cotton Mechanization conference here next month, believes that mechanized production offers the cotton farmer his greatest single opportunity to equalize his income with farmers in other sections of the country.

Discussing plans for the council's second annual conference, to be held here Oct. 14 to 16, Aldrich said increased cotton farm income is one of the major goals of the conference.

**Figures Are Compared**

Through the Council's public relations department representatives, who were here this week assisting with plans for the conference, Aldrich pointed up figures showing that in 1947 total farm income for the United States was $30,174,744,000. In the nation's ten major cotton states—Texas, North Carolina, Oklahoma, Georgia, Arkansas, Tennessee, Mississippi, Alabama, Louisiana, and South Carolina—total farm income was $6,356,706,000.

Average farm income for the entire nation including the cotton states was $5,150 per farm. In the ten cotton states, the farm income averaged only $2,808 per farm—a disparity of more than $2,000.

"To a major extent the differential in farm income in the cotton belt and in the remainder of the country is due to difference in degree of mechanization," Aldrich declared. "Farm workers in the South, where there are relatively few machines, produce only about three-fifths as much as their counterparts in other areas."

The more than 500 representatives of the farm equipment industry, government, and the cotton industry who will attend the conference here will devote much of their time to planning means of making adequate and suitable farm machinery for all parts of the cotton belt, the committee chairman said.

The conference is sponsored by the Cotton Council with the cooperation of the Texas Argicultural Experiment station, Texas agricultural Extension service, Texas Statewide Committee for Cotton, and the Plains Ginners association.

## Fall Wardrobes Are Discussed For Club

Remodeling a fall wardrobe was topic of a talk presented by Miss Clara Pratt, county home demonstration agent, for Arnett-Benson club Thursday afternoon in the home of Mrs. C. A. Putman, 2726 North Sixth. Plans were made to meet with Mrs. W. M. Gaston, 2722 Walnut, Oct. 7 for an all-day quilting.

Present at the afternoon meeting were Mesdames E. A. Box, C. C. Heatley, Lee Heatley, W. H. Padgett, C. G. Williams, W. R. Scott, Gaston and C. D. Roberts.

# News Briefs

**The Junior choir at Asbury** Methodist church, recently organized with a total of 72 members, is to lead the music for the Sunday morning service at the church, Twentieth and Ave. T, and will render one or two special numbers, it was announced yesterday. Mrs. Carl W. Shafer is director of the choir, and Miss Jo Anne Dean is organist.

**Evidence in the debt and foreclosure** action of T. J. Davis against J. D. Nelson will be resumed this morning in Judge G. V. Pardue's 99th district court. Testimony was commenced Thursday after a jury had been selected. The jury is composed of Roscoe Webster, A. L. Brownfield, F. C. Bishop, W. E. Van Meter, Irby W. Davis, P. H. Howry, Richard A. Jay, Floyd Hatcher, Henry McDermett, J. P. Steele, E. B. Rainer, and W. M. Behlin. The remainder of a 99th jury panel was dismissed for the week.

**Members of the Calvary Baptist** church, Eighteenth and Ave. T, will meet at the church at 6:45 o'clock tonight to pay tribute in a special program in honor of their pastor, Rev. C. J. McCarty, who is observing his twentieth year of service with the church. Interested friends have been invited to bring a basket lunch and attend.

**Reorganization and expansion** plans were announced for the Global corporation, wholesale feed and grain dealers of 2210 Ave. G, Thursday afternoon. George M. Roach has returned to Lubbock as vice president in charge of wholesale grain trading. A resident of Lubbock for 21 years, for the past five years he has been with Bewley mills in Fort Worth. Homer Hunt is vice president in charge of elevator, warehouse and truck buying activities. New offices have been built, a 100,000-pound capacity scale has been installed and the firm has plans for a new 100,000-bushel elevator to supplement the present 125,000-bushel elevator.

**Dr. D. M. Wiggins, new presi**dent of Texas Technological college, spoke to a regular meeting of the Littlefield Rotary club Thursday night in Littlefield.

## It's Calendar Day!

Reporters are reminded that the Sunday Social Calendar is compiled today and if announcements of next week's club meetings are to appear in it, the Society desk must be notified by 12 noon today. The meetings will be on the third Monday and Tuesday and the fourth Wednesday through Saturday or Sept. 20-25.

Deadline for Sunday Society pictures is 6 p m. Thursday and deadline for Sunday Society stories is 12 noon Saturday.

## Luncheon, Fellowship Held By Area Pastors

Pastors of the South Plains zone Churches of the Nazarene met Thursday at the Chicken House for luncheon and at the parsonage home of Rev. Albert F. Laing for fellowship.

Attending were Reverands and Mesdames H. G. Bohanan, Plainview; D. M. Duke, Abernathy; Lewis L. Ingle, Williams Memorial church of Lubbock; and M. L. Patton, Muleshde, and Laing.

## Bridge Club Party Held In Afternoon

Mrs. Darwin P. Bigness, 2224-B Seventeenth, was hostess to the Wednesday Bridge club in the afternoon and two tables were in progress. High score was made by Mrs. Jack Giles and Mrs. Allan Marcus scored low.

Other members were Mesdames Joe E. Baldridge, Floyd Read, Doyle McLeod, Sidney Keeton and G. B. Morris.

## Covered Dish Lunch Held In Bruce Home

Attending a covered dish luncheon in the home of Mrs. A. L. Bruce Thursday were the following members of First Baptist Euzelian class:

Mesdames Dick Heath, Oliver Cates, B. T. Rucker, H. E. Archer, W. B. Pearce, G. B. Hardin and T. O. Harrell.

Mrs. Heath gave a Bible lesson and the group sewed for European relief.

One-quarter of the trade between Canada and the United States is handled by the Buffalo, N. Y., customs district.

## Bay City Negro Shot To Death By Constable In 'Accident'

BAY CITY, Sept. 16. (AP)—Buey Smith, 21, Bay City negro, was killed late yesterday in East Bernard, Wharton county, when shot by Constable W. L. Jerrels, Deputy Sheriff Mike Flournoy of Wharton said today.

Flournoy said the constable shot Smith when the latter resisted arrest. Flournoy added that the "gun was acidentally discharged." The incident occurred when Jerrels ordered Smith to move a truck he was driving, the deputy sheriff said.

## Four Bandits Flee Chicago Bank After Alarm Sounded

CHICAGO, Sept. 16. (INS)—Four masked bandits lost thier nerve and fled from a Chicago bank today when the manager, Paul Gereke, sounded the alarm.

The men entered the Concordia Savings and Loan association and forced employes and customers to raise their hands.

Gereke then entered, saw what was taking place and ran out the rear door. One of the bandits fired two shots at him which missed.

The bank manager then ran to an office next door where he called police. The bandits fled in a car.

## Circus Manager Denies Charge He Violated State Fire Law

SAN DIEGO, Cal., Sept. 16. (INS)—Oscar M. Concello, 36, manager of the Ringling Brothers and Barnum and Bailey Circus, pleaded not guilty today to violation of the state fire laws and demanded a jury trial. The case was set for Sept. 2.

Concello, a resident of Sarasota, Fla., was arrested by Fire Marshall Sydney O. Roppe during last night's performance of the circus.

The manager was accused of admitting 9,500 customers to a tent that had a seating capacity of 8,000 and of permitting the obstruction of the aisles and exits. He was released on $500 bail after being in jail for three hours.

Concello said "a lot of kids climbed in after the show started." He added that the grandstands were steel and that the tent was fireproof.

LECTURE SLATED HERE SATURDAY

# Delmar Bunn, Missionary, To Report On German Conditions

* * *

Giving a first-hand account of conditions in Germany as he has found them, Delmar Bunn, Church of Christ missionary to Germany, is to speak at 7:30 p. m. Saturday at the Broadway Church of Christ here, it was announced Thursday by Dr. M. Norvel Young, minister.

In one of about 20 lectures he is to make at different cities while in this country, Bunn also is to show moving pictures of conditions in Frankfurt, and of relief work being done there. He plans to return to Germany about Oct. 1.

**Germans Fear Russians**

Like others who have returned from Germany, Bunn has advised the church here that Germans are very much afraid of the Russians, and speak of war not just as a possibility, but as a certainty.

The missionary, graduate of George Pepperdine college in Los

DELMAR BUNN

Angeles, went to Europe two years ago, and has taken a leading part in relief work at the Church of Christ mission in Frankfurt. He has studied in the University of Zurich, Switzerland, in an effort to better prepare himself to help the German people.

Dr. Young said that since August, 1947, the missionary personnel of nine at Frankfurt have received more than 12,000 relief packages valued at $125,000, much of which goes to the ten per cent lowest income among workers in factories, schools, and government institutions. Relief is given regardless of race or creed, or previous political affiliation, he said.

**Home For Boys Set Up**

In addition, the mission has established a home for some of the 10,000 homeless boys in the state of Hessen, thus taking the boys off the streets and away from the black market, and giving them a home and an opportunity to work.

Fifteen boys have been taken as a start, but preparations are being made to house more than 100 between 12 and 18 years of age.

As evidence of what he called deep appreciation by the German people, Bunn reported that more than 600 people are attending teaching and preaching services of the mission, and that 112 have become members of the local church in the last 12 months.

He believes that the money reform has definitely helped the economic situation, although many people have much less money than before. He sees a great need for more food and clothing.

The public was invited to hear his discussion of the situation here Saturday night.

## What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach and the ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## Jealous Actor Is Freed As Charges Are Dismissed

HOLLYWOOD, Spt 16 (INS)—Carter De Haven, whose romantic escapades on the stage and silent screen of the roaring Twenties made feminine hearts beat faster, was released from jail today after charges of suspicion of burglary were dismissed.

The weird chain of events that climaxed in a night behind bars for the veteran actor began shortly after midnight when he was jailed on complaint of residents of the Wilshire district.

The homeowners said that he was "lurking" suspiciously near their homes.

A 22-year-old protege of the actor had a different explanation. She told police that De Haven was so jealous of her that he waited for her to return home from dates with other men.

Police found a pair of binoculars, a paper mustache and a special sheriff's badge in his pockets.

De Haven protested to arresting officers that he was "waiting for a dear friend." He did not explain the weird assortment of articles found in his coat pocket.

Blue-eyed Katherine O'Rourke, who identified herself as a protege of the actor, blamed De Haven's predicament on jealousy. She said that he was "too much of a gentleman, too honest and straightforward" to commit burglary.

## Red Cross Workers To Visit Slaton For Blood Donor Duty

Six local Red Cross workers will go to Slaton at 6:30 o'clock this morning to assist donors there who have volunteered to give blood for a Slaton woman who has lain critically ill in a hospital for about three weeks.

Those to make the trip are Mrs. Grady Harrist and Mrs. Edna Lieske, registered nurses; Mrs. B. A. Schmidt, Red Cross nurses aid, who will handle physical examinations; Mrs. Val Williams and Mrs. E. E. Moss, who will handle clerical work, and Bob Edwards, blood bank laboratory technician.

The group will meet with prospective donors at the office of Dr. J. E. Loveless, 250 W. Lubbock street, Slaton.

Local blood bank officials also announced the need for donors with B positive type blood, that type having been nearly exhausted during the past three weeks because of emergency needs.

# Dr. Wiggins Talks At Kiwanis Club

Speaking Thursday noon before members of the Kiwanis club at their weekly luncheon at Hotel Lubbock, Dr. D. M. Wiggins, new president of Texas Tech college, asserted that the field of human relations—and the art of living peaceably together—is probably the major problem facing the world, and particularly higher educational institutions, and appealed for sympathetic understanding by the world of business.

He added in his talk at the luncheon, one of his first public appearances since coming here recently, that he "wants to be one of you" in civic and other responsibilities, and appealed for public cooperation and understanding to the end "that Texas Tech may measure up to responsibilities" facing all such institutions."

**Touches On Free Enterprise**

Touching on free enterprise, which he called the foundation stone of the American system, the speaker said he opposes anything emanating from the college that is contrary to that spirit.

Dr. Wiggins said the war indicated paths to be taken by colleges and universities, and these institutions have been quick to catch the spirit and move toward those paths.

He asserted that America takes second place to no other part of the world in the field of science, engineering, and other fields of progress. Yet, the problem of human relations which involves living together in understanding was described by him as probably the greatest drawback today.

**Understanding Needed**

Observing that in a system of free enterprise, complete confidence is an essential, Dr. Wiggins believes that "our most pressing need today is a revival of common, everyday human understanding."

The speaker was introduced by Walter Clayton, program chairman. The address was preceded by a musical program by Mr. and Mrs. Elton Plowman. With his wife at the piano, Plowman sang "Without A Song," "Little Pickaninny Kid," and as an encore "I Love Life."

Dr. William Murphy was introduced as a new member, and Dr. J. J. Willingham, head of the dairy manufactures department at Texas Tech, as a transfer from Sherman. Invocation was by Dean A. H. Leidigh.

## Realty Firms Apologize For Demands Control Of Cemetery

BRUSSELS, Sept. 16. (AP)—Two real estate firms which demanded the evacuation of an American war cemetery have apologized, the U. S. embassy says.

The two firms recently served a legal process requiring that the cemetery at Neuville-en-Condroz, near Namur, be evacuated "within eight days." The cemetery contains 12,000 American war dead.

The summons caused such a storm of indignation in Belgium that two government inquiries were ordered.

An embassy announcement last night said: "At their own request, the persons responsible for the writ have been received by the military attache on behalf of the ambassador and tendered their apologies."

## General Election Is Scheduled In Sweden

STOCKHOLM, Sept. 16. (AP)—Sweden's 16 years of Socialist rule is at stake in general elections next Sunday.

Conservatives, Liberals and Agrarians have joined forces to wrest power from the Social Democratic Labor party which has governed the country since 1932.

Campaigning has been intense, and recent public opinion polls indicate that under the concerted onslaught the Social Democrats may fail to secure a majority in the lower chamber of the Swedish parliament.

**LARGEST SALT BED**

A deposit of salt in Wielizka, Poland, is said to be the largest in the world. The bed of salt rock is 500 miles long, 20 miles wide, and 1200 feet thick.

COMMITTEES NAMED AT SESSION

# Groups Map Plans For 'Employ Physically Handicapped' Week

Plans were outlined, and committees named, for an anticipated county-wide participation in national Employ the Physically Handicapped week, Oct. 3 to 9, at a meeting of representatives of service organizations Thursday afternoon at the offices of the Texas Employment commission here.

Carl Smith, commander of the local post of the Disabled American Veterans here and Red Cross representative with the Veterans administration, presided at the meeting, and explained the purposes of the week.

**Committees To Be Announced**

Committees are to be announced soon, Smith said.

The chairman explained that the primary purpose of such a week is to promote employment of physically handicapped persons, a large percentage of whom, records show, can handle jobs to which their handicaps can be adjusted in as well or better manner than a normal employe.

Smith said records show that as a rule a suitably-placed handicapped person is more conscientious, and less liable to accident or other mishap than his or her normal co-worker.

On the compensation insurance question, it was explained that under the second injury clause of the present Texas law, the employer is not liable for any hazards occasioned by previous mishaps.

**51 Applicants Here**

Latest records show approximately 28,000,000 physically handicapped persons in the nation, including about 13,000,000 with various types of heart trouble.

Records at the employment office here show that there were 51 active unplaced applicants for jobs among handicapped persons here. F. C. Rector, who handles such placements at the TEC office said the number is below normal, which ranges from 65 to 130 each month.

Chairmen of the various working committees are to meet at a date yet to be set, to coordinate efforts.

**CONSCIENCE WORKS SLOWLY**

FORT WORTH, (U.P.) — Paul Rathgeber is richer by $76 through the slow honesty of someone. Rathgeber lost that amount when he was an insurance collector in 1919. He has just received an unsigned letter and the $76. The writer said he badly needed the money when he found it.

**HOPE DAWNS FOR CZECHS FLEEING REDS**—Having found sanctuary in the U. S. Zone of Germany after fleeing from Czechoslovakia when the Communists seized power, 1600 Czech refugees recently arrived in Rome. Cared for in International Refugee Organization camps in Italy, they will await resettlement in Canada or the U. S. Above, during the Rome stopover, a Czech father urges his children to wash up. Youngster at left takes a dim view of the idea.

# Ann Sheridan Signs For Three New Films; Jack Benny Slated For Another Comedy

By LOUELLA O. PARSONS
INS Staff Correspondent

HOLLYWOOD, Sept. 16.—I confess I was surprised at the news that Ann Sheridan has signed with Polan Banks for three independent movies to be released by RKO. I had a hunch that Annie would shop around in the free lance field for her movies.

During the years she was with Warners, she frequently said she didn't like being tied down, and goodness knows, she weathered her quota of suspensions.

Well, ladies have the privilege of changing their minds and Ann certainly changed hers because Banks has promised Howard Hughes that all three of the Sheridan films will be made within two years.

The line up puts "Carriage Entrance" (Bank's newest novel, first, to be followed by "Women Must Weep" and "The Newport Story." Of course, nothing gets going until Missy Sheridan returns from Europe where she's making "I Was A Male War Bride" with Cary Grant.

* * *

**Benny Back To Movies**

Jack Benny is going to make a movie—honest he is! Twentieth has a commitment with him and he is about to sign for "Everybody Does It." (Not a sequel to "The Horn Blows At Midnight." He's had much fun with the "Horn" nonsense.

His "Charlie's Aunt" for 20th was a wow. Then he made "The Meanest Man In The World," which was neither fish nor fowl—but he's had a million dollars in publicity and gags out of "The Horn," which both he and Jack Warner call the worst picture ever made.

* * *

Chit-Chat: I spent one of the most amusing hours I've ever had with Jane Greer, who is so witty and amusing I'm surprised that she hasn't made a comedy.

She's so pretty, too, you don't think of her as laughing at herself, but that's just what she did when she told me story after story of her experiences in Hollywood.

Someday Jane is going to make a picture that will have the whole town talking—whether it will be for Howard Hughes, who was her first boss, or eslewhere I don't know, but I am betting she'll do it.

* * *

Snapshots of Hollywood collected at random:

Edgar "Slow Burn" Kennedy is very very ill, his many friends and admirers will be sad to hear.

George Sanders leaves tonight for New York to see Mrs. Sanders, who is under a doctor's care. It must be said for George, in spite of his moodiness. He has done everything within his power to help her.

Marion Davies, at the wheel herself, took me for a ride in her new car. I thought I was very brave—this being the second time she had driven the new bus. Then I remembered she used to drive herself and this hasn't any gears, she says, and almost drives itself.

When I asked Humphrey Bogart if it were true his mother-in-law, Mrs. Natalie Bacall, had just married Leo Goldberg of Chicago, he said, "Yes, and I gave her away." Bogey has always liked his ma-in-law, and he gave her the wedding.

**CACTUS FRUIT**

A species of cactus common to central and southern Arizona, the prickly pear, bears a purple, pear-shaped fruit edible to man. This fruit is eaten by coyotes, foxes, and other desert wild life.

# Welfare Services Hit By Soaring Prices

CHICAGO, Sept. 16. (U.P.)—Welfare costs will have risen from 213 to 289 per cent in three important branches of service over the past six years and into 1949, Community Fund of Chicago, Inc., reports.

In a booklet being distributed to prospective contributors, the fund said that every one of its 192 agencies had experienced a sharp increase in the cost of operations. It will campaign for $8,679,000 this fall, 15.5 per cent more than last year.

Costs made their sharpest rise in clinical care over the 1941-1947 period. Individuals who could not afford doctors and hospitals could be examined and treated at a cost of $1.17 per visit in 1941. By the first three months of this year, it had jumped to $3.02 per visit.

Care for dependent children in institutions probably will cost 213 per cent more next year than it did in 1941, while care for the aged is likely to cost 245 per cent more.

## Statewide Recognition Given Lubbock Bar Group, Local Man

Statewide recognition is paid the Lubbock Bar association and its president, Thomas D. Duggan, jr., through publication in the Texas Bar Journal, official publication of the state's legal fraternity, of a review of an address by Duggan at the recent state bar convention at Houston.

The article, accompanied by a picture of Duggan, gives a summary of his address in which he reviewed activities of the local unit of the association during the past year.

## Determined Churchgoer Chases Thief Into Arms Of Policemen

PHILADELPHIA, Sept. 16 (U.P.)—The thief who grabbed her purse had a head start, but Mrs. Betty M. Bell, 36, was on his heels before he had run a block.

Unnerved by her screams for help, the purse-snatcher dropped the bag. Mrs. Bell swooped it up and continued the chase. She almost had him a second time when he ran into the arms of policemen.

The lady checked the contents of the purse and proceeded on her way to church.

## Finney County, Kansas, Is Becoming Major Oil Center

GARDEN CITY, Kan., Sept. 16. (U.P.)—Finney county today was becoming an important oil producer faster than most of its own citizens realized.

A good producer was attached to a refinery pipeline last week, another is being hooked on this week, and still another well is scheduled for spudding-in next week.

Wells northwest of here are producing 1,000 barrels a day. It is in the Nunn pool, where there are 17 producers at present. The pool, discovered 10 years ago and expected to prove no more than a small pocket, is operated by the Shallow Water Refining Co.

At one time coffee was sold as a medicine and advertised as a cure for many human ailments.

# Westerners Meet San Angelo Bobcats Tonight In Feature Non-Conference Tussle

## Speedy Battle Slated Between Class AA Rivals

By EARL SCUDDAY
Avalanche Sports Writer

Lubbock High's youthful Westerners and the San Angelo Bobcats, a District 3-AA power, will renew their annual gridiron feud in a feature non-conference tussle at 8 o'clock tonight at Texas Tech's new Jones stadium.

Coach Pat Pattison's Black and Gold squad moved into the state spotlight by battling the potent Odessa Broncos, also of 3-AA, to a 7-7 deadlock last week, but the Hub city schoolboys will be shooting for their first clear-cut triumph tonight. The Bobcats lost a 25-6 setto with the highly-ranked Denison Yellowjackets in their opening tilt, and will also be trying for their first entry in the win column.

A fast, high-scoring tussle is expected in the annual meeting of the two West Texas gridiron rivals, with San Angelo matching its pass-minded T-formation against Lubbock's powerhouse single wing attack. Both elevens boast some top grid performers, with the San Angeloans sparked by 175-pound Quarterback Bobby Clatterbuck and a stan[illegible] 175-pound center, Walter Schleyer.

**Brown[illegible] Top List**

Bobby Brown, slender 150-pound triple-threat tailback, and Malcolm Young, hard-driving fullback, head the Lubbock backfield; with Donald Decker, letterman wingback, and Quarterback Charley Williams carrying the brunt of the blocking chores. A pair of steady ends, Ted Vaught and Bob Rooker, and Center Leon Stuart bulwark the forward wall.

The teams are well-matched in the non-title encounter, with Lubbock holding a weight advantage in the line and San Angelo holding a slight edge in the backfield. Both elevens depend heavily on boys who played with the "B" teams in 1947 and are relatively inexperienced.

The Bobcat and Westerner gridders have met in non-conference games every year since 1942, with Lubbock taking three wins, chalking up two ties and losing one tilt. The only San Angelo victory in the present series was recorded in 1943, when the powerful Bobcat eleven went all the way to a state championship. Two of the three Lubbock triumphs have been by one-point margins, however.

Coach Pattison announced Thursday night that the same eleven boys who started against Odessa last week will get the nod against the Bobcats tonight. The probable starting lineup includes Rooker and Vaught at ends; Joe Brock and Jack Bryant at tackles; Jack Hensley and Morris Moyers, guards; Stuart, center; and Brown, Young, Decker and Williams in the backfield.

Bobcat Mentor Red Ramsey is expected to start Mike Roberts and Ray Morris at ends; Leroy Behrend and Ray Gray, tackles; Jimmy Watts and Lynn Westbrook, guards; Schleyer, center; and Clatterbuck, Cliff Rowland, Pat Hall and Dwight Trice in the backfield.

The San Angelo squad arrived in Lubbock early Thursday afternoon and took a brief limbering up drill late yesterday afternoon at the game site. The gridders are reportedly in good condition for the setto with only one regular, Tackle Sam McKnight, out of action as a result of injuries.

A crowd of approximately 10,000 is expected for the tilt tonight, officials reported. Tickets will be on sale today at the Senior High school athletic office, and reserved seat ducats will be sold tonight at ticket windows under the west stands of the Jones stadium. End zone bleacher seat tickets will be sold at the north end of Jones stadium, officials emphasized.

## Oilers Gain 13-10 Win Over Amarillo

AMARILLO, Sept. 16 (AP)—Roy Parker pitched and batted Pampa to a 13-10 victory over Amarillo tonight in the opening game of the final West Texas-New Mexico league playoff series.

Parker drove in five runs with a homer, double and outfield fly.

Pampa got five circuit smashes—by Bob Bartholomew with none on; Parker with two on, John Bottarini with none on, Joe Fortin with none on and Dave Teyema with one on.

Parker had a 7-0 lead through the first five innings but wobbled in the latter part of the game.

The clubs rest tomorrow night and resume the series Saturday. Then they will shift to Pampa Sunday for three games.

| | | |
|---|---|---|
| PAMPA | 130 102 032 | 13 15 1 |
| AMARILLO | 000 004 420 | 10 15 2 |

Parker and Bottarini; Heller, Pannemann, Schumacher and Mayfield.

## South African Wins Match In National Tennis Play

FOREST HILLS, Sept. 16 (AP)—Eric Sturgess, the trim South African, beat Earl Cochell of San Francisco in a brilliant quarter-final match of the National Championships today.

The Johannesburg Greyhound looked like the greatest foreign threat since Fred Perry as he turned back the fifth-seeded Frisco redhead—best of this country's young prospects—by scores of 6-2, 8-6, [illegible] 7, 6-3.

| FORT WOR... | PORTS |
|---|---|
| FORT WORTH | [illegible] 7 8 2 |
| SHREVEPORT | [illegible] 1 [illegible] |

Chandler and Bragan, Hacken, Wyse 6, Sanders 8 and Benitez.

## Game At A Glance

TEAMS: Lubbock Westerners vs. San Angelo Bobcats.
TIME: 8 P. M.
PLACE: Jones stadium (Texas Tech)
COACHES: Lubbock—Head Coach C. R. (Pat) Pattison. Assistants Bill Floyd and Fred Taylor. San Angelo—Head Coach Red Ramsey.

Probable Starting Lineup:

| LUBBOCK Players | Wt. | Pos. | SAN ANGELO Players | Wt. |

| Bobby Brown | 150 | LH | Clifford Rowland | 150 |
| Malcolm Young | 165 | FB | Pat Hall | 150 |

**Peeples Hurls California Victory**

## Taft Merchants Beat Sunbeamer Nine, 5-1

OKLAHOMA CITY, Okla., Sept. 16 (Special)—Manager Mae Peeples, one of the nation's outstanding softball pitchers, upset the Lubbock, Tex., Bluebonnet-Sunbeamer softball team here tonight, hurling a three-hit 5-1 victory over the Lone Star state nine for the Taft, Calif., Merchants.

It was Iubbock's first defeat in the national tournament, which is being played under double elimination rules.

The Sunbeamers will play again Saturday night, when they enter the semi-final round of the elimination bracket. A victory would send them against the California nine again.

J. D. "Junior" Brown, acquired by the Lubbock team just for this tournament, wasn't hit hard, giving up only five safeties, but his teammates made four costly errors behind him.

Peeples, who flew 1,200 miles to join his team and hurl the victory fanned 16 Lubbock batters during the contest. And all three hits by the losers came in the sixth inning, when they averted a whitewash.

**Taft Rolls In Sixth**

Taft scored five times in the top of the sixth on three singles and four Lubbock errors. Peeples scratched an infield hit, but was erased in a pickel barrel. Then Lufrail was safe on A. J. Collier's error, Holmstead singled to centerfield and both runners scored when G. W. Warden booted on MacMillan's grounder. Francis punched a single over third scoring MacMillan and James Abbott's error gave Durgsone life and allowed Francis to cross the plate.

Durgsone was caught in a rundown for the second out of the inning, but Bechtol singled over second and scored when Collier dropped Morris' fly for what should have been the third out. The next batter popped to Warden and the inning was over.

Boyd Watkins led off the Lubbock sixth with a single to centerfield and advanced on Brown's single to left. Wally Fowler and Abbott fanned, but Jim Joe Rieger lined a single into left centerfield to plate Watkins.

The line score:

| | |
|---|---|
| CALIFORNIA | 000 005 0—5 9 0 |
| LUBBOCK | 000 001 0—1 3 4 |

Peeples and Morris; Brown and James.

## Browns Defeat Red Sox, 3 To 1

ST. LOUIS, Sept. 16. (INS)—Boston's American League lead was whittled to a single game over the New York Yankees tonight when the Red Sox lost to Cliff Fannin and the St. Louis Browns, 3 to 1.

Fannin, aided by some timely hitting by Don Lund and Whitey Platt, had a four-hit shutout going into the ninth, but hits by Ted Williams, Wally Moses and Bill Goodman then produced the Red Sox' lone counter.

Lund hit his third home run for the Browns in the second inning and then singled Al Zarilla across the plate in the third. In the seventh inning, Platt connected for his seventh home run of the year.

Mel Parnell started for the Sox and suffered his seventh defeat. Fannin's victory was his ninth.

**SLATON JUNIOR GRIDDERS BEAT LAMESA ELEVEN 20-0**

LAMESA, Sept. 16. (Special)—Lubbock's powerful O. L. Slaton Junior High gridders rolled to an easy 20-0 victory over the Lamesa Juniors in an opening tilt in the South Plains Junior football league here this afternoon.

Fullback Johnny Tatum tallied the first O. L. Slaton touchdown on a five-yard line smash in the first quarter, then Quarterback Dickie Lowrey added a second six-pointer in the second stanza with a quarterback sneak good for one yard.

Bo Sexton, right halfback on the O. L. Slaton T-formation and single wing attack, chalked up the final touchdown with a 10-yard jaunt over right tackle in the fourth period.

Bob Newell turned in a brilliant performance at right guard for the Lubbock eleven.

## Don Black's Condition Reported As Improved

CLEVELAND, Sept. 16 (AP)—Pitcher Don Black still was on the critical list at Charity hospital today but hopes were high that he was winning his battle against a brain hemorrhage.

Reports by brain specialist Dr. Spender Braden were optimistic yesterday for the first time since Black was stricken during a game against St. Louis Monday. However the 31-year-old hurler still was only in a partially conscious condition.

"She hasn't been the same since that talent scout from Toby's turned her down."

## Rangers Defeat Seminole, 14-6, In Junior Tilt

Brilliant running and punting by chunky Billy Presley, hard-driving fullback, sparked the J. T. Hutchinson Rangers of Lubbock to a surprising 14-6 triumph over the Seminole juniors in an opening tussle in the new South Plains Junior High football league Thursday night at Chapman field.

The speedy Seminole crew jumped into the lead in the first minute of the tilt when Richard Lindley, left halfback on the fast-breaking T-formation, took the opening kickoff and swivel-hipped his way 85 yards to paydirt. But Presley's pile-driving line smashes and long aerials gave the Hutchinson juniors a 14-6 halftime margin that they never relinquished.

The Lubbock eleven took over on the Hutchinson 25, following Seminole's after-touchdown kickoff, but three plays failed to gain enough yardage or a first down. Presley's punt was returned by Lindley to the Seminole 45-yard marker, then on the next play a fumble was recovered by the Lubbock gridders.

**SEMINOLE B WINS**
Seminole's Junior High "B" team surged back to defeat the Hutchinson "B" squad, 18-6, in the nightcap of the twin bill Thursday night at Chapman field. The Lubbock juniors threatened several times, but couldn't muster a scoring punch.

After one incomplete toss, Presley connected with Wingback Don Davis on the Seminole 15. Another aerial was knocked down, but Lubbock was penalized five yards on an offside count. Presley's pass intended for End Don Presley was just out of reach, then the stocky fullback churned through center to the five yard line. A penalty nullified the following play and another pass went incomplete, but Presley slammed over left tackle and went across the double stripe standing up to tie the score at 6-6. Presley then chalked up the extra point on a smash through right guard and the Rangers led, 7-6.

The Hutchinson crew counted again early in the second quarter. Guard Buddy Rhinehart recovered a Seminole fumble on the Lubbock 45-yard marker, then a first down pass went incomplete. But Presley cut through center on a spinner, side-stepped a defensive halfback and raced all the way to the goal line. Presley went through guard for the extra point and Hutchinson held a 14-6 lead.

The Lubbock crew made another drive late in the third period, but couldn't muster a scoring punch. Seminole staged a last quarter assault that carried into Lubbock territory, but the drive died before the final whistle.

Presley was easily the outstanding gridder on the field, but he received plenty of support—especially on defense—from Tailback Jerry Rooker and Center Joe Don Boyd.

**PLAINVIEW HIGH ELEVEN TRAMPLES LITTLEFIELD 24-6**

PLAINVIEW, Sept. 16 (Special)—Plainview Junior High's smooth-working "T" formation offense chalked up an impressive 24-6 win over the Littlefield eleven in a South Plains Junior loop tilt here this afternoon.

Right half Wilbur Wilson paced the bullpup attack with two touchdown gallops, but Fullback Jackie Hoover and End Lee Dye added single six-pointers. Hoover made his tally on a run, and Dye caught a pass from Quarterback Charles Harris to mark up his touchdown.

**THOMPSON WINS, 45-0**

BROWNFIELD, Sept. 16 (Special) — Lubbock's Carroll Thompson Junior High gridders uncorked a dazzling T-formation offensive to swamp the Brownfield juniors, 45-0, in a South Plains Junior High loop encounter here tonight.

Fullback Don Jones set the scoring pace for the impressive Hub city crew, tallying three touchdowns on runs and passing to End Tommy Yelvington for two more six-pointers. Right Half Paul Henson scored a single touchdown and Yelvington added three extra points on placement kicks.

## Area Games Set Tonight

### District 4-A Teams Favored To Win

Gridiron warfare will be resumed throughout the South Plains and Panhandle regions tonight, with several inter-conference, non-conference and two conference games on the slate.

District 5-A kicks the lid off the conference schedule with Pecos invading Andrews for a title clash and Wink travelling to Denver City. Both of these games will be conference affairs, while other elevens remain in the building stage.

Three clashes on the South Plains involve teams from District 3-A and District 4-A, with the latter appearing to have the upper hand. Ralls' Jackrabbits go to Levelland, where the Lobos appear to have too much cannon fodder for them to beat. Crosbyton visits Tahoka and the Bulldogs shouldn't have too much trouble with the Chiefs, one of the potential powers in 3-A. And Spur's Bulldogs go to Post, where anything but mayhem can be expected by the visiting eleven.

One Saturday game is listed, Kermit of 5-A going to El Paso to play Austin.

The complete slate of games follows:

**DISTRICT 1-AA**
San Angelo at LUBBOCK.
Childress at Amarillo.
Pampa at Graham.
Lamesa at Plainview.
Borger at Oklahoma City.

**DISTRICT 3-A**
Kress at Lockney.
Floydada at Tulia.
Paducah at Crowell.
Petersburg at Abernathy.
Estelline at Matador.

**DISTRICT 4-A (North)**
Littlefield at Morton.
Ralls at Levelland.
Olton at Muleshoe.

**DISTRICT 4-A (South)**
Lubbock Cowhands at Seagraves.
New Deal at Slaton.
Crosbyton at Tahoka.
Spur at Post.
Meadow at O'Donnell.

**DISTRICT 5-A**
Pecos at Andrews.
Wink at Denver City.
Raton at Monahans.
Ft. Stockton at Sonora.
Iraan at McCamey.
Kermit at Austin (El Paso), Saturday.

**DISTRICT B**
Anton at Farwell.
Whitharral at Whiteface.
Sundown at Hale Center.
Sudan at Dimmitt.

## Baseball Playoffs

**LONGVIEW BEATS TYLER**

LONGVIEW, Sept. 16. (AP)—The Longview Texans beat Tyler 6-3 tonight to advance to the final round of the Lone Star league play-off.

| | | |
|---|---|---|
| Tyler | 001 000 002— | 3 4 3 |
| Longview | 033 000 00x— | 6 10 1 |

Waters, Smith, Miller and Miller, Johnson; Pate and Pfeifer.

**INDIANS DOWN DUSTERS**

MIDLAND, Sept. 16. (AP)—The Midland Indians tonight defeated the Vernon Dusters 3-0 in the second game of the Longhorn League Shaughnessy playoff.

| | | |
|---|---|---|
| Vernon | 000 000 000— | 0 4 4 |
| Midland | 000 020 10x— | 3 7 1 |

Fahr and Cowser; Van Hoozer and Jones.

**KILGORE EVEN WITH OILERS**

KILGORE, Sept. 16. (AP)—Willis Chamness, Kilgore 19-game winner over the regular season, tossed seven-hit ball for an 8-2 victory over the Henderson Oilers here tonight. The victory squared their Lone Star league playoff series at three games apiece.

| | | |
|---|---|---|
| Henderson | 000 000 200— | 2 7 0 |
| Kilgore | 000 251 00x— | 8 12 1 |

Blomer and Swan; Chamness and Kracher.

**TWINS BEAT WICHITA FALLS**

SHERMAN, Sept. 16. (AP) — Sherman-Denison blasted Wichita Falls, 7-1, tonight to take a two-game lead in the final playoff series of the Big State league.

| | | |
|---|---|---|
| Wich. Falls | 100 000 000— | 1 6 3 |
| Sher-Deni. | 010 004 20x— | 7 8 1 |

**Tech Emphasizes Fast Line Plays**

## Experienced Raider Squad Meets Buffs

Texas Tech's Red Raiders virtually wound up their pre-game football workouts last night under the lights in Jones Stadium, with no rough work on the program.

Coach Dell Morgan, searching for combinations that will supply an offensive punch, ran several groups of backs through dummy scrimmage, with the lines making motions at blocking. There was as much emphasis on quick-opening line plays as there was passing.

The Raiders are in good physical condition, with no serious injuries on the squad. Physically they are ready; the big worry hinges on whether they are mentally up for the Buffaloes. Coach Frank Kimbrough at Canyon will have his visiting Buffs more than ready and the fact that gambling cards are giving WTSTC and 14 points is another factor in his favor.

**Buffs Remember Last Year**

Kimbrough would rather have his team on the short end of the odds. It's a good psychological factor to use on his eleven and the Buffs hardly need much more to spur them on. They remember that 21-13 defeat handed them by the Raiders last year, after they had been leading 13-0. If this year's Buff team gets that much of a lead, they might not be beaten.

When Tech takes the field Saturday night in the season's Border Conference inaugural, look for the Raiders to throw a lot of short passes from an intricate T, along with quick-opening line plays to give the backfield speedsters a chance to hit the open. The Raiders will field a team that largely is experienced, both in the line and backfield, with a good deal of heft in it.

**WTSTC BUFFS EXPECTED TO GIVE RAIDERS GOOD TILT**

CANYON, Sept. 17. (Special)—The West Texas State College Buffaloes went back to the practice field this week with but one purpose in mind—to get in the best possible mental and physical condition for their Border Conference football game with Texas Tech in Lubbock next Saturday night.

Winners over Arizona State College of Flagstaff by a score of 28 to 0 in the first game of the season here last Saturday night, the Buffaloes are doped strong enough to give the Red Raiders a good tussle. However, Coach Frank Kimbrough found plenty to criticize even though the Buffs were in no danger of being defeated in the Flagstaff game.

Chief worry of the Buffaloes coaches is the problem created by injuries to both starting guards. Harold Dalton, sophomore of Brownfield, left guard, and Pete Bromley, junior of Clarendon, right guard, played only a couple of minutes against Flagstaff. Dalton suffered a broken leg in last spring's training and it hasn't healed correctly. Bromley hurt a leg during the summer vacation when a team of horses ran away with him on a ranch. Neither can possibly be anywhere near par for the Tech game. Too, it is doubtful if Dalton will be ready to go a full game until after mid-season.

The rest of the regulars, including the famed ball-carrying trio, Bill Cross, Eddie Conner and Lloyd Johnson and the passing quarterback, Cloyce Box, are hale and hearty. Too, there are more adept reserves in the backfield.

**SOUTHERN CAL IS FAVORITE**

LOS ANGELES, Sept. 16 (INS)—Southern California defending football champion of the Pacific Coast Conference, is rated a solid three-touchdown favorite over Utah in the far west's 1948 kick-off contest Friday night.

**WEST TEXAS WINS GAME**

GOODWELL, Okla., Sept. 16 (AP)—The West Texas State freshmen beat Panhandle A&M college, 14-6, tonight in a grid opener for both teams.

## Football Results

HIGH SCHOOL
Thompson (Lubbock) 40, Brownfield Jrs. 0.

## Pirates Trounce Giants, 10 To 6, Behind Chesnes

NEW YORK, Sept. 16. (AP) — With an 18-hit attack against five assorted slingers, the second-place Pittsburgh Pirates defeated the New York Giants 10-6 today, and cut the idle Boston Braves' first-place lead to four and a half games.

Bob Chesnes, prize rookie right-hander from San Francisco, survived a five-run fifth inning to go the route and register his 13th triumph against four losses. The former San Francisco star, turned down by the Giants last spring because of a sore arm, held the New Yorkers to eight hits.

| | | |
|---|---|---|

# Full Schoolboy Grid Card To Get Underway This Weekend

(By The Associated Press)

North Side (Fort Worth) goes to Odessa and Abilene plays Brackenridge at San Antonio Friday night in feature games of a crowded weekend schedule in Texas schoolboy football.

Other standouts include Denison at Wichita Falls and Kerrville at Brownwood.

North Side will test an Odessa team rated highly by everyone except its coach. Joe Coleman said he just didn't have it this year. But last week Odessa tied a greatly improved Lubbock team 7-7.

Brackenridge, the 1947 state champion, also wasn't expected to be nearly so strong but its 20-7 victory over Austin last week indicated otherwise. Abilene loomed powerful after licking always touch Breckenridge.

Denison will face a mystery team at Wichita Falls. The Coyotes haven't looked strong in preseason calculations but always are tough for any team to handle. Denison may be one of the top clubs of the state.

**The Weekend Schedule**

Kerrville, rated along with Port Arthur as tops in Texas, will get a rugged test from Brownwood.

Friday — Corpus Christi at North Dallas, Sunset (Dallas) at Quanah, El Paso High at Arlington Heights (Fort Worth), North Side (Fort Worth) at Odessa, Amon Carter - Riverside (Fort Worth) at Weatherford, Milby (Houston) at Pasadena, Poly (Fort Worth) at San Jacinto (Houston), Sam Houston (Houston) at Conroe, Austin (Houston) at Galena Park, Jeff Davis (Houston) at Brownsville, Abilene at Brackenridge (San Antonio), Burbank (San Antonio) at Orange, Lanier (San Antonio) at Falfurrias, Harlingen at Harlandale (San Antonio), Del Rio at Alamo Heights (San Antonio), Childress at Amarillo, Borger at Capitol Hill (Oklahoma City), Lamesa at Plainview, San Angelo at Lubbock, Pampa at Graham, Denison at Wichita Falls, Mineral Wells at Electra, Vernon at Altus, Okla., North Side (Fort Worth) at Odessa, Abilene at Brackenridge (San Antonio), Cisco at Big Spring, Ysleta at Carlsbad, N. M., Douglas, Ariz., at Bowie (El Paso), Denton at Gainesville, McKinney at Sherman, Sulphur Springs at Greenville, Tyler at Paris, Bonham at Commerce, Irving at Grand Prairie, Kerrville at Brownwood, Cleburne at Stephenville, Amon Carter - Riverside (Fort worth) at Weatherford, Port Neches at Longview, Gladewater at Fair Park (Shreveport), Austin at Waco, Bryan at Waxahachie, Henderson at Nacogdoches, South Park (Beaumont) at Lufkin, Hillsboro at Palestine, Sam Houston (Houston) at Conroe, Edgewood at Jacksonville, Marshall at Beaumont, St. Thomas (Houston) at Freeport, Wharton at Texas City, Kirwin (Galveston) vs Galveston, Kingsville at Laredo, Robstown at Victoria, Corpus Christi at North Dallas, Edinburg at Mission, McAllen at Pharr-San Juan-Alamo, Freer at Alice, San Benito at Weslaco.

Saturday—Corsicana at Forest (Dallas), Adamson (Dallas) at Fort Worth Tech, Temple at Thomas Jefferson (San Antonio), Kermit at Austin (El Paso).

**TRIBE MAKES GRID SWAP**

WASHINGTON, Sept. 16 (INS)—The Washington pro football Redskins today announced a trade with the New York Giants under which the Tribe will acquire Halfback Howard Hartley for Tackle Ernie Williamson. Hartley, a product of Duke university, is a 23-year-old six-footer who weighs 185. His hometown is Ravenwood, W. Va. Williamson, who leaves Washington after a single season with the Redskins, played college football at the University of North Carolina.

Tin was one of the earliest metals discovered and is mentioned several times in the Bible.

## Sports Study

*By Earl Scudday*

**Charles Brinkley of Seagraves** has reported that 41 Seagraves sports fans organized a Quarterback club at a meeting there earlier this week. Plans were made to hold a regular meeting of the club every Monday night at the high school gymnasium, with Eagle Coaches Charlie Lawrence and Rusty Smith as the featured speakers. Brinkley, "chief quarterback" of the new club, is assisted by R. O. (Pete) McClellan and A. L. Yeager McClellan was elected as "assistant quarterback" and Yeager will handle the duties of secretary-treasurer.

• • •

**Dwight Moore, Lubbock backfield star** in 1946, who was out of action most of the '47 season with injuries, is making an impressive showing with the Schreiner Institute grid squad this fall. Reports from the Kerrville school indicate that Coach Leo Daniels is well-pleased with the running ability of the speedy back, and that the former Aggie star plans to use Moore in his regular backfield.

• • •

**The mentor of the San Angelo** Bobcats, Red Ramsey, is no stranger to many Lubbock grid fans. Ramsey, as Texas Tech followers will remember, was a stellar end for the Raider elevens in the late 1930s. In fact, in his senior year Ramsey was hailed by some of the top sports writers as the best gridder in the entire Southwest.

• • •

**Buddy Jungmichel, University** of Texas freshman football coach, tells a good one on Doak Walker, all-America halfback at Southern Methodist. It shows why the Doaker is such a great gridder.

Jungmichel has quite a reputation himself. He was a standout lineman on the great Texas team of 1941, and played in three all-star games: the North-South, East-West and College All-Star. The vagaries of wartime football made it possible.

The incident regarding Walker occurred in the East-West contest at San Francisco on New Year's day, 1946, the Associated Press reports.

Walker had just finished his freshman season at SMU and was one of the few first year men ever to be picked for the East-West.

"Our quarterback," says Jungmichel, who was captain of the West team that day, "was calling the plays, and doing a fair job. Coach Babe Hollingberry sent Walker into the game. The Doaker didn't like the way our quarterback was calling 'em so he told him, 'Coach told me to take over.'

"Hollingberry had given orders not to pass, but Doak began filling the air with passes, mixing them up with occasional runs, and we began to move. 'Who's calling those plays?' roared Hollingberry. 'Walker,' answered one of the startled players who had just left the game. 'He said you gave him orders to direct the team.' 'I did no such thing,' replied the indignant Hollingberry. Then, as an afterthought, he added, 'But I'll leave him in there since he seems to be getting results.'"

Walker got enough results that the West tied the favored East, 7-7.

"And I guess he's about the same today," Jungmichel declares. "If things don't go the way he likes 'em, he just takes over, and he can usually handle the situation better than anyone else."

## WT-NM Attendance Dropped During 1948

DALLAS, Sept. 16 (AP)—The West Texas-New Mexico league was almost 20,000 behind last year in attendance, figures released today by President Milton Price showed.

The eight-club circuit drew 599,911 the past season compared to 619,901 in 1947. Albuquerque led the race over the full season route; Clovis and Pampa showed gains. Albuquerque was 15,307 ahead of last year, Clovis was 4,134 up and Pampa was 15,415 to the good.

The 1948 report by clubs: Abilene 51,048, Albuquerque 116,930, Amarillo 102,313, Borger 72,499, Clovis 48,736, Lamesa 34,363, Lubbock 102,345, Pampa 71,677.

## Plains Beats Denver City B Squad, 44-0

PLAINS, Sept. 16. (Special)—The Plains Cowboys ran wild here tonight at the expense of the Denver City B squad eleven, rolling up a 44-0 victory.

Leland Ellison, with three touchdowns and an extra point, led the scoring parade for the Cowboys, with assistance from three other backs. Jess Worsham had two touchdowns and an extra point, while Bob McCargo and Rufus Brian each scored once.

Outstanding in the line for Plains was J. T. Jackson at a guard position, while Edward Taylor and Teeter Wauson were great defensively in the backfield. Jimmy O'Neil and Charles Hall performed superbly for the visitors' backfield, while Bill Fisher at tackle and Jim Maynard at guard were the outstanding linemen from Denver City.

**FROGS MEET KU SATURDAY**

FORT WORTH, Sept. 16.—Thirty-nine Frogs have been named to make T. C. U.'s opening football trip of the year to meet the University of Kansas Saturday in Lawrence, Coach Dutch Meyer announced today. The group includes 26 lettermen, two squadmen, two transfers and nine members of last year's freshman team.

## Poll Picks Texas To Cop SWC Title

FORT WORTH, Sept. 16. (AP)—Sports writers and radio sports announcers of Texas have selected the University of Texas to win the Southwest Conference football championship.

In the fifteenth annual poll conducted by the Texas Christian university news service, Texas received the vote of more than half of 90 experts and was selected no lower than fourth by those who balloted in the poll conducted by Paul O. Ridings, director of the news service.

Close behind the Longhorns in the favor of the sports writers and announcers are the defending champions, Southern Methodist university's Mustangs. The Ponies with 32½ first place votes finished 39½ points behind Texas in the balloting.

Scoring one point for each first place vote, two for second etc., the Texas selections add up to 154 points, and S.M.U.'s total is 193½. The tally for all seven teams indicates that this fall's conference race will have four divisions.

**It's Texas And SMU**

Texas, 154, and S.M.U., 193½, battling it out for the championship.

Rice, 309, and T.C.U., 339½, fighting it out behind the leaders.

Arkansas, 423, following in fifth place.

And A. & M., 548, and Baylor, 553, trying to stay out of the cellar. The five point margin of the Aggies over the Bears, it might be pointed out, marked the closest balloting of the poll.

Extreme diversity of opinion among the experts is shown by the fact that four teams, including the defending champion, S.M.U., were picked to finish in every spot from first to last. In addition to Texas and S.M.U., others picked by some experts as potential champions include T.C.U. with eight first-place votes, Rice with three and Arkansas with one.

Although the Frogs received more championship votes than the Owls, they also were relegated to next to last and the cellar more often, with the result that Rice ended up as third place choice, T.C.U. as fourth.

With the knowledge that his Texas Longhorns have been established by the poll as favorites, Coach Blair Cherry perhaps should take warning that in the past there has generally been a hex instead of a guarantee of the title. Only three times in the previous 14 polls has the team picked as composite pre-season favorite emerged as champion, twice, however, it was Texas, in 1943 and 1945, and the other correct September call was T.C.U. in 1938.

**TAYLOR TO KEEP JOB**

ST. LOUIS, Sept. 16 (AP)—Zack Taylor has been signed to continue as manager of the St. Louis Browns for his second year with "a substantial raise in pay." General manager Bill Dewitt made the announcement shortly before the club took the field for its game with the league-leading Boston Red Sox.

**Muckers Have Plenty Of Lettermen**

## McMurry Will Meet Miners On Saturday

ABILENE, Sept. 17. (Special)—A big forward wall that averages 208-pounds per man from end to end, and a backfield capable of a strong running game, will carry the McMurry colors in the Saturday night tussle with the Texas Mines Muckers at Odessa.

In the line there is depth and experienced men available for every position. Les Cowan and Rudy Haile, ends, are back from last fall. Elmo Cummins and R. M. (Pat) Patterson, tackles, are back in their last year's yokes. A new man, Alton Patterson, 245-pound freshman standout from Ballinger, is ready on the reserves as another tackle and may see some action Saturday night.

Mel Jowell and Raymon (Boo-Boo) Bynum, guards of the 1947 squad, appear to have neared their former peak in performance. Brad Rowland, the outstanding player of the Texas Conference in 1947, is displaying more polish and poise as a ball toter for the Indians.

Impressive also, in the backfield, is Weldon Day, 170-pound sophomore, who carries the ball in a razzle-dazzle fashion for good gains.

Coach Wilford Moore, who in his first year of head-coaching at McMurry, was selected as the "Coach of the Year" in his league, in 1947, by the Texas Sports Writers association, states that he believes the team is in good form for the Odessa game.

**MINERS FINISH DRILLS; WALL AVERAGES 200 POUNDS**

EL PASO, Sept. 17. (Special)—Following two weeks of rugged drills, Coach Jack Curtice pronounced his Texas Miners "rarin' and ready" for their season opener against the McMurry College Indians Saturday night in Odessa.

Taking the field for the opening whistle will be an experienced eleven with lettermen in every position for the Miners. The hefty forward wall will average better than 200 pounds per man, while the starting backs average 175.

Scrimmage sessions have shown that the Miners' "T" formation with Jim Bowden as the "man-under" is operating with mid-season efficiency. This will be the second year the Orediggers have used the "T."

## NTSC Eagles Play Oklahoma Friday

(By The Associated Press)

The North Texas Eagles will open the Lone Star conference season in a game with Oklahoma City university at Oklahoma City Friday night. The Eagles will be defending the LSC title which they won in 1946 and 1947.

In spite of the fact that they lost most of their 1947 starting lineup, the Eagles still rank as the team to beat in 1948. Their edge over their conference foes may be very thin indeed—if they have such an edge.

Saturday night the other six conference teams swing into action. At Huntsville the Sam Houston Bearkats take on the Sul Ross Loboes from the west. Coach Puny Wilson has to rely chiefly on his 1947 material which finished in sixth place last year. The Bearkats are a question mark.

Coach Ted Jefferies will send his Lumberjacks against the East Texas Baptists at Nacogdoches.

## Idalou Grid Eleven Drubbs Cooper, 46-0

COOPER, Sept. 16. (Special)—Idalou's potent grid machine, sparked by Halfback Leon Jarrett and Fullback Don Seale, drubbed Cooper, 46-0, in a District 4-B conference encounter here tonight.

Jarrett and Seale paced Idalou's short punt formation offense with three touchdowns each, with Back Alvin Joiner tallying the other six-pointer.

Center Bobby Vinson was probably the outstanding Cooper gridder, although Backs Ernest Coble and John Allen turned in creditable performances.

The tilt was the first game of the season for both elevens.

The Lumberjacks, strengthened by junior college transfers and freshmen stars, figure to be four touchdowns better than they were in 1947 when they finished strong to win their last three games after a disappointing start.

The first iron warship ever built in America was the Wolverine, launched in Erie, Pa., in 1843.

FIRE PREVENTION LAW OFFERED

# R. L. Oldham Named Acting City Engineer At Commission Meet

R. L. "Red" Oldham was appointed acting city engineer and a drastic 25,000-word fire prevention ordinance recommended by a committee from Lubbock Fire Insurance Exchange was taken under advisement when the city commission met in special session Thursday morning.

Oldham, who has been city paving engineer since January, succeeds John Ruhmann, who resigned recently to become city water engineer in Wichita Falls. Oldham will receive $350 a month and the city's cost-of-living bonus, now amounting to $86 monthly. Ruhmann's salary was $450 plus the bonus.

**With Highway Department**

Oldham came to Lubbock from Gainesville in about 1930. He was with the state highway department five years, worked privately for several years and operated his own consulting firm for a time.

The commission deferred until its semi-monthly meeting next Thursday consideration of the appointments of a successor to the late Dr. J. W. Rollo as city health officer and to the new position of city auditor.

The commission was advised that a committee from the Lubbock County Medical society wants to appear in connection with the health office selection.

The fire prevention ordinance submitted by the insurance exchange committee consisted of 53 single-spaced typewritten pages.

**Provisions Are Cited**

A few of its provisions would include:

The creation of a bureau of fire prevention with a personnel of undetermined number at a cost not estimated.

It would empower the fire chief or fire marshal to enter and inspect any premises he chose at any hours he deemed reasonable.

It would compel hundreds of Lubbock establishments to buy fire extinguishers or other fire protective apparatus.

It would govern rigidly the storage of materials of many kinds deemed explosive or inflammable, including household matches displayed in a grocery store.

It would empower the fire chief or marshal to conduct investigations of fires, to compel the attendance of witnesses and to require them to produce records, and to fine those not complying with these commands up to $100.

It would empower those officials to order the arrests of those they suspected of arson or related violations.

It would require skylights in one-story business buildings.

Its affects would apply to dozens of different types of businesses in dozens of different ways. The proposed ordinance contains several hundred specific prohibition, ranging from the highest explosives to the weeds in a back yard.

Members of the committee submitting the proposed ordinance were L. E. Davis, Marion Sanford Groves Denman, T. W. Stoneroad, Dick Turner and Henry Schulz, of Abilene, a public relations man for the fire prevention division of the U. S. Chamber of Commerce.

Present at the commission meeting were Mayor W. H. Rodgers, Commissions W. B. Price, John Spikes, Clarence Whiteside and E. K. Hufstedler, jr., and City Manager Marlin R. Smith, jr., and City Attorney Vaughn Wilson.

## 79 Seamen Saved

(Continued From Page One)

gale, 20 Leicester crewmen reached the Bean in lifeboats while 19 others, including the freighter's captain, H. N. Lawson, were taken aboard the Tropero in similar fashion.

Accounts of the rescues were given in radio messages to the Coast Guard here.

A Coast Guard spokesman said the Bibb was headed back to its base in Argentia, Newfoundland. The spokesman added that the Gaspar will be destroyed, if its captain permits, because of its menace to navigation.

Capt. Edward Serafin of Norfolk, Va., on his maiden voyage as commander of the Cecil N. Bean, reported two of his motor lifeboats smashed by towering waves.

Capt. Serafin said the Bean, beating through the hurricane track in ballast from England for New Orleans, saw the Leicester's distress rockets late at night.

Heaving to, the Bean stood by until dawn when the hazardous task of picking up the Leicester's men began. None of his crew was injured.

Capt. Lawson said the Leicester was struck by the hurricane Tuesday night. She was in sand ballast out of London for New York to pick up a general cargo for Australia.

## Morrow Blasts Demo Efforts To Secure Removal From Post

HOUSTON, Sept. 16 (AP)—Wright Morrow, Democratic national committeeman for Texas, today said the state Democratic convention had no authority and no reason to seek his removal from office.

The party's convention in Fort Worth late Tuesday night recommended to the national committee that Morrow be removed and replaced by Byron Skelton, Temple attorney.

Skelton was floor leader for the pro-Truman forces which purged the convention of States' Rights delegations.

In early August Morrow endorsed a proposal for a statewide presidential referendum through which voters would express a preference between the Truman-Barkley and Thurmond-Wright presidential tickets.

## Military Tieup Looms

(Continued From Page One)

consultation, declared:

"Presence of U. S. troops is necessary in order to have guys with guns who can shoot.

"The German police could not cope with any major disturbance. The cops would be helpless."

Clay's aide continued that occupation forces must stay in Germany because it will take "many years" to eliminate the "persistence of Nazism."

**Peace Chances Held "Good"**

Frederich said "There are 50 million people raping, robbing and plundering in Germany." He did not specify the politics involved.

Only note of optimism in Washington — and that was qualified — came from Sen. Alben W. Barkley (D-Ky), President Truman's vice presidential running mate.

Barkley returned from a Rome meeting of the Interparliamentary union to say that chances of avoiding war with Russia "are good." He saw Clay in Berlin on his way home. His qualification at the airport was:

"Nobody can read the Russian mind. It is difficult to assume that the Russians want war at this time. How far the dispute will go, however, is up to the Russians."

**To Withdraw Americans**

The Kentuckian described the East-West conflict in Berlin as "annoying and exasperating" but added the hope it "would be worked out gradually."

As additional evidences of the widening rift, there were two other Washington developments today:

1. The State department advised the Romanian government it would withdraw four members of the U. S. legation staff at Bucharest as demanded, but vigorously protested Romania's statement of the case and the handling of the Americans in question.

2. The Soviet embassy issued a statement demanding that Gen. Douglas MacArthur be forced to revoke his anti-strike order in Japan and discontinue "repressive measures" against Japanese workers.

**Red Activity Studied**

U. S. officials took an immediate view in each instance.

Expulsion of legation staff members from Bucharest was regarded as additional evidence that Soviet Russia and its satellites are seeking to force all Americans outside of the "iron curtain."

Specifically, the Bucharest regime asked for immediate withdrawal of two men and two women on the U. S. legation staff because they "had been surprised in the act of taking photographs in a forbidden zone" — the city and port of Giurgiu.

The U. S. note denied emphatically that any photographs had been taken. Sharp protest was made because the quartet had been arrested and held incommunicado for 17 hours, with neither food nor water for the first 16 hours.

## Berlin Martyr

(Continued From Page One)

further anti-Soviet demonstrations.

Franz Neumann, Social Democratic leader, told those attending the funeral:

**Harsh Sentences Predicted**

"Scheunemen died for freedom and peace but we must live on and drive from Germany the oppressors.

"Scheunemen was the first victim of Sept. 9. The other victims (the five German boys sentenced by a Russian military tribunal to 25 years at hard labor) will have a more difficult path."

Otto Suhr, Social Democratic president of the city council which Soviet-backed Communist mobs ousted from the city hall in the Russian sector, predicted additional Soviet sentences such as the harsh ones given the five German boys.

Suhr referred especially to the scores of western Berlin policemen arrested by the Russians.

The city council is petitioning the Russians for clemency for the boys, three of whom are under 16 years old.

The British-licensed Sozialdemokrat reported that the Russians are reclaiming Nazi tank and anti-aircraft ammunition in violation of a four-power agreement.

The newspaper said the ammunition is being taken from the Stenbuchholz camp near Schwerin.

The American - licensed Der Abend said the Russians inexplicably cancelled a last minute anti-western inflammatory editorial written by Col. Serge Tulpanov, Soviet propaganda chief.

The newspaper said the editorial remanding punishment of Berlin city officials accused of responsibility for last week's riot was withdrawn from Taegliche Rundschau, Soviet army organ.

**U. S. SOLDIER DIES**

SEOUL, Friday, Sept. 17. (AP)—A U. S. soldier injured in a train collision Tuesday night died today, bringing to 36 the total of Americans killed in the accident. Seventy-nine other soldiers were injured in the wreck at Napmin, a village 75 miles south of Seoul.

LINES DISAPPEARED QUICKLY—Students registering at Texas Technological college found something new Thursday when the process of enrolling for the fall term started smoothly under a new system recently installed. Lines like that above soon disappeared as the students moved through the registration machinery quickly. Shown above, left to right, as they went through the process are Carol Sherrod, Lubbock; Linn Cooper, Houston; Phyl Baker, (partially hidden) of Phillips; Wallis Cozzens, Eldorado; Jack Walter, Lubbock, and Royce Blankenship, Lubbock, facing the line. (Staff Photo).

## Red-Inspired Token Strikes Hit France

PARIS, Sept. 16 (INS)—Communist-led token strikes neared the half-million mark in France tonight amid the government's desperate battle against inflation and high living costs.

Premier Henri Queuille's coalition government introduced in the National Assembly a new plan of direct and indirect taxation increases.

The premier is striving to settle the financial plan before turning to the wage and price structure.

The new plan includes a 33 1/3 per cent hike in the levy on industrial, commercial, and agricultural profits, 20 per cent on general income taxes, and also sharp tax increases on private automobiles and buses.

The cabinet is trying to raise 80 billion francs (about $260,000,000 at the official rate by the end of the year. It must stabilize the franc or risk suspension of Marshall plan aid.

## Stevenson's Petition

(Continued From Page One)

served, because I am sending this ballot to the printer at 12 noon Saturday."

Asked what he would do if he was served, Brown replied, "I am going to do what the court tells me to do."

He said the deadline for certification is five o'clock tomorrow afternoon.

**Order Claimed Enlarged**

An associate of Stevenson who refused the use of his name told the Associated Press in Austin that one of Stevenson's attorneys had telephoned him from East Texas that the original order by Federal Judge Whitfield Davidson had been enlarged to include the secretary of state. He said that such enlargement of the injunction would have required the filing of an amended petition including the secretary of state with the judge.

Brown also said that he had been informed that the 254 county judges had been included as a class in the new injunction.

Attorneys James V. Allred, Alvin J. Wirtz and John Cofer filed Johnson's petition in Supreme court at 11:30 a. m. and it went immediately to the appeal court judges for consideration. They deliberated about two hours, taking the time out for lunch.

Brown is required by statute to order the printing on the November general election ballot of all nominees properly certified to him by their respective parties.

He had set tomorrow as the deadline for the certifying of nominees for inclusion on the ballot. He planned to send sample ballots to official printers Saturday.

Stevenson's attorneys had obtained the federal court injunction from Judge T. Whitfield Davidson.

It was to continue in force pending a formal hearing at 10 a. m. Tuesday in the U. S. district court in Fort Worth.

## Vote Hunting Tou

(Continued From Page One)

states.

After making the first of a series of key speeches at Salt Lake City last night, he turned to a route taking him through Pueblo, Colo., to Albuquerque, up to Detroit and then eastward.

His Democratic counterpart, Senator Barkley, has a schedule calling for an opener tomorrow before the CIO-United Steelworkers of Pennsylvania at Wilkes-Barre. Other states he will cover in September are Maryland, Delaware, Connecticut, New York, New Jersey, Massachusetts and an appearance at Asheville, N. C., Sept. 27.

Barkley has been in Rome attending a meeting of the International Parliamentary union.

Henry A. Wallace, the Progressive candidate for president, will begin a swing to the West coast with an address at Toledo, Ohio, next Wednesday.

## Tech Registration

(Continued From Page One)

satisfaction as regards the smoothness with which this years system of registration is operating, and estimated that the average registration time per student was less than an hour. The greatly reduced time required for students to complete registration is partly due to the fact that the first phases of the procedure were carried out by mail this year, and partly due to a new system of paying fees, which provides five separate places where students may pay fees, as compared to a single place provided last year.

Of the 2,086 students who registered Thursday, all of whom were juniors and seniors, 612 were registered in the Arts and Science division, 566 in Engineering, 457 in business administration, 250 in Agriculture, 176 in Home Economics, and 25 in the graduate division.

The remainder of the juniors and all sophomores will register today, leaving only freshmen and transfers to be taken care of on Saturday, the last day of official registration. Classes will begin Monday morning at 8 o'clock.

The annual "Howdy" dance tonight will open the year's social activities as well as offer an opportunity for students both old and new to get acquainted.

Dr. D. M. Wiggins, who assumed duties last month as president of the youthful, fast-growing college, went on a tour of campus buildings Thursday morning with Registrar Clement to acquaint himself with registration activities.

## Red Campaign Hit

(Continued From Page One)

courses of action.

"The results of these activities in Burma, Malaya, Indo-China and Indonesia have been reported by the press as they occurred from time to time and need not be reviewed.

"However, little attention has been directed toward one major strategem employed by the Communists in dependent areas of southeast Asia.

"To win support and allies in their drive for power, Communist leaders consistently pretended to champion the cause of local nationalists and have attempted to identify Communism with nationalism in the minds of the people of that area.

"This scheme worked well, at least until the Cominform's denunciation of the Yugoslav Communist leaders as being — among other things—guilty of nationalization.

"There is some evidence that sincere nationalist leaders in southeast Asia, originally deceived by this device, have now awakened to the fact that in Communist controlled states outside the Soviet Union, the nationalization to which they aspire is regarded as a high crime and ground for ruthless interference in internal affairs of such states by international Communist organizations."

## Burglary Suspect Is Returned From Amarillo To Face Trial

D. L. Spriggs, 27-year-old Amarillo negro, under burglary indictments in both Lubbock and Lynn counties, was returned to Lubbock last night from Amarillo by Ranger Razz Renfrow.

Another man, John Thomas Thompson, 29, of Canyon, also arrested at Amarillo, was being held by the sheriff's office here for Rangers. Thompson is under indictment charging theft over $50 in Tom Green county, Renfrow said.

**ISRAEL RECOGNIZED**

SAN SALVADOR, El Salvador, Sept. 16 (AP)—El Salvador today recognized the state of Israel.

## Man Slightly Hurt When Struck By Car

James T. Jeffers, 69, of 708 Forty-Fourth street, was released last night from West Texas hospital after treatment of an abrasion on the back of the head and one on the left elbow, suffered when struck by a car about 8:20 p. m. last night at Forty-Fourth street and Ave. H.

Jeffers had alighted from a city bus, State Highway Patrolman L. W. Wilhite said, and was struck by a car driven by Mrs. Mozelle Hays of 402 Forty-Sixth street.

A woman who left the bus at the same time as Jeffers had crossed the street, he said, and believing the street was clear, Jeffers stepped from behind the bus into the path of the oncoming car.

A 25-year-old Lubbock man will be charged with driving while intoxicated as a result of a head-on collision between his auto and the west end center post of the East Broadway underpass, police reports indicated.

The man was thrown clear of the car and was unconscious when a McDonald ambulance arrived at the scene. At West Texas hospital, it was believed that he suffered only a slight cut on one ear. The car suffered considerable damage, city patrolmen said.

## Community Chest

(Continued From Page One)

shrinkage provision is made to cover amounts which may be promised in the campaign but not given due to death or moving from Lubbock.

**Amounts Last Year**

The amounts appropriated for the six participating agencies last year were: Boy Scouts, $16,672.50; Girl Scouts, $11,470; Milam home, $10,800; Salvation Army, $13,142; Junior Optimists, $2,225, and Boys' club, $20,195.

Each budget approved for this year was higher than the amount appropriated last year, although the increase in one case, that of Junior Optimists, amounted to only $60 more than last year.

**Some Cuts Are Made**

Some cuts had been made from amounts requested by the various agencies. The reductions from amounts requested were: Boy Scouts, $130; Lubbock Boys club, $70; Girl Scouts, $100; and Salvation Army, $2,100. The Milam home and Junior Optimists approved budgets were in the amounts requested.

Directors voted not to add the children's nursery at Veterans Village to Community Chest participating agencies, because the location of the nursery limits its services to a segment of the community rather than the community as a whole. Directors, however, praised the services of the nursery and also the efforts of the Junior Welfare league in promoting the nursery. The nursery officially is supervised by an executive board, but the league paid $3,500 to start the nursery and has paid deficits in its operation.

Directors present today were Charles Maedgen, Jr., president, J. Ray Dickey, Roy Riddel, L. D. Casey, K. N. Clapp, Raymond Burford, J. D. Hassell, Jr., Neil Wright, Jr., Hugh Anderson and the Chest manager, Earl E. Kerr.

**STRONG BURGLARS SOUGHT**

BOSTON, Sept. 16. (INS) — A couple of guys with thick biceps were sought by police today. They stole eight tons of iron bars from the Leonard iron foundry.

## Sheriff's Office Probes Burglary

The sheriff's department Thursday was investigating the burglary of a farm residence belonging to M. S. Watson of two miles west of Becton, where entry was gained after a window was smashed and venetian blinds jerked away.

Despite the opening of a drawer in which men' rings, tie clasps and stickpins were kept, and an ice box door having been left open, nothing was believed removed from the premises, preliminary announcements said.

**Taxi Driver Arrested**

The sheriff's department and Texas Rangers arrested Horace Simpson, 24, a Lubbock taxicab driver, on a telegraphed warrant from Lea county, N. M., charging swindling by worthless check. Simpson waived extradiction, officials said, and New Mexico authorities will accept his custody here. The check, for $10, was payable to a Hobbs drug store, the telegraphed instrument alleged.

A 39-year-old Brownfield man who had been fined $200 and 30 days in Yoakum county, on an aggravated assault charge, was delivered to the Lubbock sheriff's department for custody.

**$100 Fine Assessed**

A fine of $100 and county court costs were assessed Thursday morning against Phillip Gant, 25, a Lubbock negro who pleaded guilty of liquor law violation.

J. B. Perrin, about 36, of Lubbock was fined $25 and county court costs on a charge of check law violation; Coleman Steen, about 35, a negro, $100 and costs on a charge of liquor law violation.

Police said there was a reported instance of shooting yesterday morning at a two-day Mexican fiesta, but when investigators arrived they found none had been injured and whoever had fired the shots had "disappeared."

**Thefts Are Reported**

Jack M. Jordan, of 1525 Hill, informed the sheriff's department that his pocketbook had been stolen from the shower room of an industrial plant here. He said it contained $60 in travelers checks, several personal checks, $15 in currency and personal papers.

A gray, gabardine coat to a suit was reported stolen from Don Holton of 2811 Walnut, the theft being from a car parked in downtown Lubbock. Value of the coat was placed at $50.

Two juvenile negro girls were turned over to John Wilson, city juvenile officer, Thursday afternoon after they were arrested in a downtown store on charges of shoplifting. Two sweaters were in their possession when they were accosted by the store manager, police reports showed.

## Congratulations To:

Mr. and Mrs. Tommy Daniels of Lubbock, Route 6 on birth of a daughter weighing 8 pounds at 3:05 a.m. Thurs. in the home, reported by Porter-Sistrand clinic. The father is an employe of Luther Transfer and Storage.

Mr. and Mrs. J. N. Porter of 2413 Seventh on birth of a daughter weighing 7 pounds 8 ounces at 3:20 a.m. Thursday in Porter-Sistrand clinic. The father is a salesman for Irrigation Equipment company.

Mr. and Mrs. D. G. Purdy of Smyer on birth of a son weighing 7 pounds at 11:46 p. m. Thursday in Lubbock Memorial hospital.

## Phone Talks Ended

(Continued From Page One)

Taft-Hartley act anti-Communism affidavits.

**BRIDGES ASKS $750,000 FOR ALLEGED SLANDER, LIBEL**

SAN FRANCISCO, Sept. 16. (INS)—Harry Bridges, CIO longshore chief on the Pacific coast and leader of the current maritime strike, filed a $750,000 slander and libel suit against ship owners and waterfront employers in San Francisco today.

The suit, filed by Bridges' attorneys in superior court, charges that shipowners in a public statement had accused Bridges of being a member of the Communist party.

**Claims Defamation**

The suit also said the statement, issued Sept. 12, 1948, alleged that Bridges had committed sabotage, that he caused a purely political strike and that the strike was for the purpose of defeating the Marshall plan.

The suit further alleged that the ship owners defamed Bridges "with malicious intent thereby to injure plaintiff in his capacity as president of said labor union"—the International Longshoremen's and Warehousemen's union.

The Waterfront Employers association, the Pacific American Steamship association and each company belonging to the associations were named defendants.

FAIR VISITORS INVITED—H. G. Richards, left, editor of the Anton News, is greeted by Dave Leaverton, Lubbock oil dealer, Thursday as Lubbock's caravan of business leaders paid a visit to the Hockley county town publicizing the Panhandle-South Plains fair. Center is Howard Darden, appliance company representative also with the fair trippers. (Staff Photo).

cafe in Clovis

Approximately 45 persons made the trip which was headed by Mark Hailey Going along were Bob Garner and Harry Urguette, representatives of the Lubbock Lions club who distributed placards and tickets for "Queen for a Day" radio program which will be staged at the fair the first three days, Sept. 27-29.

Two more trips will be made next Tuesday and Thursday, one to the north and northeast and the other to the west and southwest.

## Farm Income Hits New Record High

WASHINGTON, Sept. 16 (AP)—Farmers' cash income reached $17,900,000,000 during the first eight months of 1948 a new high record, the Agriculture Department reported today.

But, the department said, cost of producing crops has increased to a point where the average farmer probably has less actual profit than in the same period last year. Gross income this year is running four per cent above the previous record in 1947.

Cash receipts from farming in all of last year, swelled by fall harvest, totaled $30,500,112,000.

Total farm production in 1948, the department said, probably will be slightly below last year's output. Crop production is setting a new record high, but livestock production is off.

## 50 Superfortresses To 'Strike' At 25 U.S. Cities On Saturday

WASHINGTON, Sept. 16 (AP)—A half-hundred Superfortresses will take off tomorrow afternoon and night from airfields in two hemispheres to make synchronized "attacks" on 25 United States cities Saturday.

The planes, flying in pairs from points as distant as Japan and Germany, will fly distances ranging from 3800 to more than 5600 miles. With only three exceptions they are scheduled to land at their "targets" at noon local time, on "Air Force day."

As they wing in toward the United States, their progress will be plotted in a control room at Air Force headquarters here.

Take-off points, destination and distances (some of which are by indirect routes to extend the mileage) include:

Anchorage, Alaska, to San Antonio, 4664; Hawaii to New Orleans, 4500; Goose Bay, Labrador, to Dallas, 4540; Germany to New York City, 3999; Japan to Minneapolis, 5666.

## Ex-Convict Held In Slayings Declared Sane By Psychiatrists

MANSFIELD, O., Sept. 16 (INS)—Two court-appointed psychiatrists testified today that Murl Robert Daniels was legally sane after the 24-year-old ex-convict, on the witness stand in his own defense, testified that "I believe I killed" three members of the John Niebel family.

# Baby Born In Hitler's Bunker Never Got Marks Promised Him

BERLIN, Sept. 16 (U.P.) — When the bombs that wrecked Berlin were falling in 1943 and 1944, Adolf Hitler used to send ambulances out into the dark streets to bring pregnant mothers to the Reichschancellory.

There he would give them shelter overnight in a deep bunker under the block-long building. The bunker was equipped with beds and a delivery room and staffed by three nurses and a physician. Hitler promised to give each child born there a bank account of fifty marks.

Visitors to the ruins of the Reichschancellory see a huge grating in the walk at one end of the building. It covers the entrance to what was once the maternity bunker.

Recently the United Press started a search for a child who had been born in the bunker. Classified advertisements were inserted in the Berlin papers asking for names and addresses. Some mothers who responded gave spurious addresses. Others could not be convinced that the inquiry didn't have some connection with the de-nazification program.

**One Mother Found**

Finally the U. P. bureau found one Frau Garbe and sent a reporter to see her and her going-on-five son, Detlef.

Frau Garbe was a bride of 20 when little Detlef was born in the Reichschancellory on the night of Jan. 31, 1944. She has had another baby since the war, a daughter, but she and her husband are now divorced and he lives in the Russian zone.

Until the electric shortage closed factories recently she worked as a sketcher in a small machine shop. Now she and the two children live with her mother and the mother supports the whole family.

Little Detlef is a lively child with red hair. His mother is a blonde. The boy attends kindergarten with his sister, whom he calls his "dollie." He has never been told where he was born and his mother says she probably won't tell him until he is grown up.

**Wants U. S. Auto**

"He wants to grow up and own an American automobile and go to America," Frau Garbe said. "That's all he dreams of.

"But we never saw the fifty marks Hitler was supposed to give him and I doubt if any child ever collected. Maybe it was just a rumor, about the bank account. We could use the money now. Times are hard, but I think they will get better. I know they will."

Frau Garbe remembers going to the Reichschancellory frequently during the latter days of her pregnancy in 1943. The British bombers were coming over almost every night that winter.

"But there was no raid the night Detlef was born," she said. "There had been a big raid two nights before and a bomb went off right in front of the bunker.

**Bunker Always Full**

"But we 30 expectant mothers inside did not even know it until we left the bunker next morning. That bunker was safe. That's the reason we went there. After all, it was in Hitler's own office building.

"The bunker was always full. The women began coming in each evening about six o'clock and stayed until about eight the next morning.

"We had dinner and breakfast there and were given four slices of bread to take home to eat during the day. There was a radio and books. We read, chatted, played games and worked on our knitting."

Frau Garbe's tiny apartment was neat and clean but almost bare.

"Most of our furniture was lost during the war and the Russians took nearly all that was left when they came into Berlin," she said. "The things that were too heavy for them to take, they tore to pieces."

## Pilot Plant For Research On Lignite Planned In Dakotas

WASHINGTON, Sept. 16 (AP)—A bureau of mines official said today a sizeable commercial pilot plant should be set up in the lignite region of the Dakotas and Montana if current research on lignite conversion to synthetic liquid fuels proves successful.

The official is Dr. A. C. Fieldner of the bureau's synthetic fuels section. He told a reporter that such a development must wait upon research to be conducted at the new synthetic fuels laboratory in Louisiana, Mo.

Fieldner said another new laboratory planned for Grand Fords, N. D., is not designated for synthetic fuels experiments, although it will be devoted exclusively to research on lignite.

National concern over the future supply of oil has drawn attention to the vast Dakota-Montana lignite fields as a potential source of synthetic petroleum. Ninety-eight per cent of U. S. lignite reserves are in this area, the bulk of them in North Dakota.

## Chicago Man Wins New Car In Raffle, But Can't Collect It

CHICAGO, Sept. 16 (U.P.) — Calvin Green wanted to kick himself.

While he was on vacation, his landlady took several calls announcing that Green had won a new car in a raffle. All he had to do was produce his ticket.

But the landlady was too excited to remember the name of the organization. Green couldn't either. What's more, he remembered throwing the stub away when he cleaned out his dresser.

## Army And Air Force Exchange Service Office Shift Planned

SAN ANTONIO, Sept. 16. (AP)—Plans for removal of the Dallas regional office of the Army and Air Force exchange services to Fort Sam Houston were announced today by Col. T. M. Cornell Army post exchange officer.

The Dallas office, employing 56 persons and serving Army and Air Force exchange stores in the five states of the Fourth Army area, will begin moving to San Antonio Oct. 20.

Without Painful Backache
Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day.
When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or painful scantings with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

# New Jersey Gives Heavy Backing To GOP Candidates, Poll Shows

By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, N. J., Sept. 16.—New Jersey, which went Democratic by slim margins in the last two presidential elections, is today over in the Republican column.

Interviewing throughout the state shows the following division of sentiment at the present time:

**"If the presidential election were being held TODAY how would you vote—for Truman, for Dewey or for Wallace?"**

**NEW JERSEY**
**(16 electoral votes)**

| | |
|---|---|
| Dewey | 50% |
| Truman | 38 |
| Wallace | 3 |
| Undecided | 9 |

GALLUP

Today's report is the sixth in a series showing the standings of the candidates in the individual states. So far the poll results show Governor Thomas E. Dewey leading in four states — New York, New Jersey, Pennsylvania and California — while President Truman leads in one—his home state of Missouri.

In the sixth state thus far reported — South Carolina — Governor J. Strom Thurmond, candidate of the Southern States' Rights Party, is well in the lead. The score:

**DEWEY LEADING**

NEW YORK — Dewey 42 per cent, Truman 32 per cent, Wallace 14 per cent, Undecided 12 per cent.

PENNSYLVANIA — Dewey 53 per cent, Truman 37 per cent, Wallace 3 per cent, Undecided 7 per cent.

CALIFORNIA — Dewey 49 per cent, Truman 35 per cent, Wallace 7 per cent, Undecided 9 per cent.

NEW JERSEY—reported above.

**TRUMAN LEADING**

MISSOURI — Truman 53 per cent, Dewey 36 per cent, Undecided 11 per cent. (At the time of this poll Mr. Wallace had not qualified on the Missouri election ballot. Later reports are that the Wallace ticket will be on the Missouri ballot. Governor Thurmond, however, will not be on the Missouri ballot.)

**THURMOND LEADING**

SOUTH CAROLINA — Thurmond 52 per cent, Truman 26 per cent, Dewey 10 per cent, Wallace less than 1 per cent, Undecided 12 per cent.

In spite of the heavy Democratic majorities customarily polled up in Hudson County, home bailiwick of Boss Frank Hague, New Jersey's presidential voting has been very close in the last two elections.

In 1944 the Roosevelt ticket carried the state by the narrow margin of 50.7 per cent of the major party vote, while the Republicans polled 49.3 per cent. In 1940 the race was also close — 51.8 per cent for the Democrats and 48.2 per cent for the G.O.P. By contrast, today's poll figure with the undecided vote eliminated would be 55 per cent for Dewey, 41 per cent for Truman and 4 per cent for Wallace.

# Assembly Held At Senior High

The first assembly of the new school year was held at Senior High school Thursday, at which time school life, activities, and clubs were presented.

The program, which took place on the stage of the auditorium, was presented in front of the new cyclorama curtains which were installed at the time the auditorium's window drapes and pull curtains were cleaned and refurbished.

**New Organ Installed**

As the students gathered for the program, Gerry Hancock played popular selections on the new Hammond organ which was recently installed.

Charles Galey, president of the student body, introduced Floyd Honey, principal, who in turn introduced new teachers.

J. C. Chambers, vice president of the students, acted as master of ceremonies for the program as typical high school scenes passed in review on the stage.

Chambers, during the program, "explained" school life to two sophomores, Pat Rhea and Tommy Rainey.

Bobbie Jean Mitchell told why she belongs to school clubs, and Kara Sam Dunn explained outstanding traditions of the school.

At next Thursday's assembly, a formal presentation of the new organ will take place, at which representatives of high school alumni classes will participate.

## Protestant Episcopal Church Plans Series Of Broadcasts

NEW YORK, Sept. 16. (AP)—As part of $2,000,000 advertising program, the Protestant Episcopal church will broadcast a series of dramatic plays—without sermons, hymns, Biblical readings or prayers.

The people we want to reach would be scared away by religion," said Robert D. Jordan, promotion director of the church's national council, in announcing plans for the broadcasts yesterday.

The radio series, to be known as "great scenes from great plays," will begin Oct. 1 over the Mutual broadcasting system, he said.

Mobile radio equipment was installed in a motor car in 1901 by Guglielmo Marconi.

## Nationwide Action On Comic Books, Movies Is Asked

CHICAGO, Sept. 16. (INS)—The Congress of Parents and Teachers association demanded today nationwide action against undesirable comic books, movies and radio programs.

The group asked local members of the organization to scrutinize such material and make certain local and state laws governing it be enforced.

## Jury Refuses To Place Blame In Girl's 'Holy Spirit' Death

PALMER RAPIDS, Ont., Sept. 16. (AP)—A coroner's jury refused last night to blame any one for the "holy spirit" death of Violet Gogolin.

Witnesses testified at the inquest that Violet, 18, walked into the Madawaska river and drowned Aug. 22 because she was impelled to do so by the "holy spirit."

"I guess," her father told the five-man jury, "it was pleasing to God that way."

The witnesses said Violet's death occurred at the height of a night-long family religious service at Violet's farm home near here. They told the jury she walked into the river after "receiving the blessing" at 4 a. m., at the end of seven hours of "praising the Lord."

## HOUSTON WOMAN DIES

HOUSTON, Sept. 16. (AP)—Funeral services were to be held today for Mrs. Clara Neil York, 16, who died in a hospital yesterday from injuries received in a collision Tuesday. Mrs. York was riding with her husband when a motorcycle struck their car. York and the motorcycle rider were not hurt.

OTHERS TO SEEK AWARDS

# Fifteen Area Counties Entered In Fair Agriculture Exhibits

Entries already have been received from 15 counties in the county agriculture exhibit division of the Panhandle-South Plains fair in Lubbock Sept. 27 through Oct. 2, Superintendent Dave W. Sherrill announced Thursday.

The number is largest within the same time of any of the 30 annual fairs, officials said. Only 14 county exhibits were shown last year.

Expectation is that several others will be added to the list before entries close at 6 p. m. Sept. 25. Indications are, the superintendent said, the number actually shown will be the largest in history.

**Previous Winners Listed**

Among the first of the entries for the approaching fair, he announced, was Parmer county, which won the $100 blue ribbon last year.

Also in the list this year are Garza, Floyd, Castro and Bailey counties, which ranked in that order at the 1947 fair.

The entries likewise include two New Mexico counties, Lea and Roosevelt, and the following from the South Plains: Briscoe, Swisher, Lamb, Hale, Hockley, Terry, Lynn and Scurry.

Fair association officials were especially pleased by the entries of the New Mexico counties. They interpreted them as evidence that the fair is accomplishing its purpose of serving constructively an expanding territorial area.

**Top Awards Offered**

The entries received thus far are remarkable for several reasons, the superintendent pointed out.

The dry weather has added to the difficulty of obtaining specimens for inclusion in an exhibit. Farmers have been so busy that cooperation in the provision of such a display is a drain upon their time. Under the existing conditions, officials of the fair consider the total received to be remarkable.

They reminded that the premiums offered in the division are well worth winning. They include a top prize of $100, a second of $85, third of $75, fourth of $60, fifth of $50, sixth of $40 and nine of $25 each.

It was pointed out, too, that it should be relatively simple matter when the farmer is helping to contribute specimens for his county exhibit, to prepare entries for competition in the individual agriculture department. Many of the individual premiums usually are unclaimed simply because there are no exhibits. The department offers the opportunity, officials said, for farmers to pick up some splendid ribbons as well as some extra cash.

**SOCIALIST CANDIDATES FILE**

AUSTIN, Sept. 16. (AP) — The Texas Socialist party filed the names of its nominees for national offices to Secretary of State Paul Brown for inclusion on the November general election ballot. Nominees certified were Norman Thomas for president and Tucker P. Smith for vice-president.

One out of every four persons in the United States lives in a community where a steel mill is located.

**POLICE OFFICERS TO MEET**

HOUSTON, Sept. 16. (AP)—The Associated Police Communications officers open their four-day national convention here Monday. Included on the speaking program are, Dr. Clyde Brunetti, chief of the electronics division of the Bureau of Standards, Washington, D. C., and Dr. Joseph A. Becker, research physicist with Bell laboratories, New York City.

## Mathematical Formula That Is Claimed To 'Tap' Nervous System Intrigues Scientists

By PAUL F. ELLIS
United Press Staff Writer

WASHINGTON, Sept. 16—Some of the nation's top scientists were both intrigued and puzzled today by a new mathematical formula that "taps" the nervous system, laying open some of its secrets.

As a result of this formula, the day may be coming when science can tell just how abnormal a mental patient may be and develop more effective treatment of nervous disorder.

**Three Experts In Limelight**

Today's session of the 100th meeting of the American Association for the Advancement of Science was highlighted by reports on "brain waves" and "nerve impulses."

Three famous scientists were in the limelight. They were Dr. Hudson Hoagland, physiologist of the Worcester Foundation for experimental biology at Shrewsbury, Mass.; Dr. Norbert Weiner, mathematician, Massachusetts Institute of Technology; and Dr. Arturo Rosenblueth, psyiologist of Mexico City.

"Heroes" of the new formula that gives scientists a mathematical equation for the determination of brain waves and nerve impulses are Wiener and Rosenblueth.

Some years ago, Rosenblueth decided that the behavior of nerve impulses and brain waves—which cannot be seen—might be determined by theory, in the manner the atomic bomb was first "dreamed up." Few physiologists, he said, have the knowledge of deep mathematics, so he enlisted the help of Wiener.

**Pair Worked Seven Years**

Together they worked for about seven years, and now they have found a formula that translates electrical language into mathematics that can be applied in medical research—and later on in treatment.

In a report at today's session of the AAAs, Dr. Hoagland reviewed the work in the field and said that the "hypotheses will be interesting to observe as to its impact on experimental physiology during the next decade."

It has been known that the brain sends nerve impulses that command a muscle to act. Dr. Hoagland said that it has been determined that there are "feed-backs" too; that is, impulses that are sent back to the brain after a voluntary, or involuntary movement.

When such "feed-backs" get out of kilter, then certain types of mental or nervous disorders occur. A person might lose his equilibrium, or his ability to hold his hand still, or raise a glass of water to his mouth. Furthermore, it may affect his perception, or behavior—or in plain words, be a cause of insanity.

The brain, or nervous system, according to the scientists, might be compared to a television set—a machine that normally screens and portrays only that part of a scene or thought that a person desires to see or think about.

Dr. Wiener, who took part in the discussions today, said there unquestionably were two kinds of memory "tubes" in the human brain—one by which the human being remembers objects or situations on a temporary basis; and the second a mechanism that permits remembrances to be stored away and used when wanted.

By using the new mathematical formula, the scientists said that some day science may be able to determine the normal nerve impulses and to diagnose mental disturbances. Once that it is done, means may be found to correct the abnormalities.

## Arraignment Of 'Axis Sally' Is Postponed Until Sept. 24

WASHINGTON, Sept. 16 (AP)—The arraignment of Mildred E. Gillars, "Axis Sally" of the German radio, was postponed today to Sept. 24.

The 47-year-old Portland, Me., native was indicted last Friday on charges of wartime treason.

Since the Washington Redskins of the National Pro Football League were organized in 1932 they have drawn playing talent from 101 different colleges.

## Probe Of Houston Milk Sales Begins

AUSTIN, Sept. 16 (AP)—Attorney General Price Daniel announced today the sale of milk in the Houston area is under investigation for possible violation of the state's anti-trust laws.

He said that eight assistants from the department's anti-trust division have been assigned to the case.

Daniel said that last Sunday B. E. Stallones, manager of the South Texas Producers association, announced an increase on raw milk which hiked the price in the Houston area from $6.90 to $7.15 per hundredweight.

Distributors, Daniel said, announced an increase to the consumer of one cent a quart on the processed milk.

The action, he said, raised the price of milk to the highest being paid in Texas.

Daniel said that since the raw milk would be classed as an agricultural product, the producers were exempted from certain restraints of the anti-trust laws.

He said that producers may collectively determine the price for which they will sell the raw milk. However, he added there was nothing in the law which would permit the producers to agree with the distributors on what the wholesale or retail price would be.

**PROBE IS ORDERED**

TEXARKANA, Ark., Sept. 16 (AP) Circuit Judge Dexter Bush called a special session of the Miller county, Ark., grand jury today to investigate the police department of Texarkana, Ark. The grand jury will convene Sept. 20.

## Ferris Wheel Passengers Get Added Thrill When Belt Breaks

READING, Pa., Sept. 16. (AP)—Twenty four Ferris wheel passengers received an added thrill at the Reading fair last night when a drive belt was torn, stranding them in mid-air for two hours.

Operators of the Ferris wheel concession decided not to tamper with the machinery while there were passengers on the wheel and summoned the Reading fire company.

All 24 were removed by means of a hook and ladder truck.

GETS YOU OUT of the kitchen TWICE AS FAST!

## DISCOVERY OF INGREDIENT 'X' ENDS MANY YEARS OF RESEARCH

Today, in announcing the discovery of the new ingredient "X", the Hi-lex Company successfully marked the end to its research program labeled, "Find the way to give Hi-lex Bleach complete stability."

"Twenty years ago," said A. A. Eldredge, president of the Hi-lex Company, "we found the first half of the answer to this problem when we developed a special temperature control to the manufacturing of our household bleach. We found this greatly improved the quality of bleaching fluids.

"The second part of the answer was discovered after more than two decades of constant research. It is this new ingredient "X". Its principal action is to stabilize the chlorine used in household bleaches. The result is complete uniformity . . . from bottom to top, every drop of the New Hi-lex is identical.

"That's why the New Hi-lex is so much more gentle, so much more safe—its bleaching strength is evenly distributed throughout. That's why the New Hi-lex bleaches clothes even whiter than before—its uniform action works with uniform results."

Because the New Hi-lex is so different from ordinary bleaches, homemakers are requested to read the directions found on the label before using. These easy instructions should be followed exactly. The thorough action which ingredient "X" gives Hi-lex Bleach means greater economy, too, because just a little now does so much more.

## Day Nursery Stresses Need for Germ Control

Omaha, Neb.—Marie Carlson, Superintendent of the Junior League Day Nursery, emphasizes the need for constant germ control programs wherever there are children.

"Our Day Care Center," she said, "gets a thorough cleaning every day. We are extra-careful to make sure our bathrooms and toilets are sanitary. We've found that Hi-lex Bleach is excellent for this purpose as well as for deodorizing.

"The best way to clean a toilet bowl is to first swab it and flush. Then add one-half cup of Hi-lex and let it stand for a few hours, or better still, over night. Tubs and wash bowls should first be cleansed and rinsed with clear water. Swab them with a solution of one ounce (two tablespoons) of Hi-lex mixed in one quart of water and allow to dry.

"It just doesn't pay to overlook any possible precaution in your war on germs. Simple steps like those mentioned above can help to keep your children healthy."

## INGREDIENT 'X' PUTS HEX ON STUBBORN STAINS

White cottons and linens which have been stained by fruits, beverages, mildew, medicines or even scorched can almost always be restored to their original whiteness by using the new Hi-lex containing ingredient "X". Merely rinse the fabric well, then soak for about 15 minutes in a solution of two tablespoons of Hi-lex mixed in a quart of water and rinse well in clear water before drying or ironing.

For ordinary bleaching of white or fast colors, cottons and linens, mix one ounce of Hi-lex Bleach to each gallon of regular suds solution. The average washing machine holds about 14 gallons of water. Use about 1½ cups of Hi-lex to a tub. Rinse well in clear water before drying clothes.

**Twenty Years A Leading Bleach**

In many important cities, Hi-lex has won its way to outstanding leadership because of its premium quality. An unbiased survey shows that Milwaukee homemakers buy five times as much Hi-lex as the second place bleach.

## Grade 'A' Milk Producer Uses Hi-lex As Disinfectant

"You don't dare take chances with improper sanitation measures when you're producing Grade A Milk," said Dairyman Melvin Benson of Sioux Falls, S. D. "I've found that just one cup of Hi-lex mixed with eight gallons of water is the most economical—most easily used and most effective disinfectant I've ever used for my dairy equipment."

Hilex does a thorough job as a dairy and farm disinfectant when used as directed—even in the poultry house for cleaning equipment and disinfecting drinking water.

In the laundry to brighten the clothes and free them from work-stained grease and odors—in the kitchen and bath as a cleaner as well as a disinfectant.

## HOMEMAKING HIGH-LIGHTS

*Conducted by*
**HELEN HOLMES**

### AUTOMATIC WASHER BLEACHING

Says Mrs. J. J. Muleady
Dallas, Texas

"I've found that many of my friends didn't know how to use Hi-lex Bleach with their new automatic washers so this suggestion might be useful to many of your readers, too. First, wash clothes as directed and rinse. Separate the clothes to be bleached and return to washer. Use warm water. Turn time control to 10-minute wash. When water is all in washer, add one cup of Hi-lex mixed in one quart of warm water."

### "TOUCH-UP" SOLUTIONS

Says Mrs. A. Boatman
Kansas City, Kansas

"Since there are so many uses for Hi-lex, I've found it to be a great time-saver to keep an already mixed solution in a covered quart jar. I make the solution with one tablespoon of Hi-lex to a quart. This is perfect for doing those little 'touch-up' jobs like wiping of the stove and refrigerator, etc."

### PET ODORS KILLED

Says Mrs. P. L. Pares
Omaha, Nebraska

"We like pets, but we certainly didn't enjoy the 'kennel' odors that our dog caused. Then I tried adding just a small amount of Hi-lex Bleach to our dog's bath water. It's amazing the way Hi-lex removed all traces of animal odors. Our dog has the run of our house now."

### BLEACH BREAD BOARDS

Says Mrs. Florthine Garcia
St. Paul, Minnesota

"I like to see natural white woodwork in my kitchen. I keep my bread boards and other unpainted wood surfaces spotlessly white and pure with Hi-lex Bleach. The last thing I do in the kitchen each day is to pour a small amount of Hi-lex on these surfaces and rub lightly with my dish cloth and, by merely rinsing my cloth in clear water I have disinfected and deodorized the cloth, too."

STAFFS OF MANY DEPARTMENTS INCREASED

# Additional Faculty Appointments For 1948-49 Session At Texas Tech College Are Announced

Faculty appointments for the 1948-49 session, in addition to those previously announced, were announced Thursday at Texas Technological college.

Miss Edna Dudgeon will be instructor in biology. She has a bachelor of science degree from Southwest Texas State Teachers college and has done graduate work at the University of Texas. She is a member of Phi Sigma and Sigma Xi, honorary scientific fraternities. She has taught in high schools at Plainview and Midland.

Changes in the chemistry department include the appointment of Dr. A. G. Oberg, professor of chemistry, to assistant head of the department. New faculty members in this department include Miss Jewel Brock, who holds a bachelor of science degree in chemistry from West Texas State Teachers college, and a master of science degree from Texas Technological college. Robert Click and Lester Nabors, 1948 gradustes, are to be employed as graduate instructors. Both will be working toward master's degrees.

Animal husbandry department has five new faculty members. H. Ray Burkhart is to be an assistant professor of wool and mohair. He has bachelor of science and master of science degrees from Texas A. and M. college, where he also taught as a graduate assistant. Stanley E. Anderson, a native of Iowa, will teach animal husbandry. He has a BS degree in animal husbandry from Iowa State college, Ames, and has been associated with the Iowa State Extension service.

**Tech Grad Returns**

H. L. Mathews is to be an associate professor in animal husbandry, teaching poultry courses. He has bachelor of science and master of science degrees from Texas A. and M., and taught five years in the poultry department at A&M. He was a vocational agriculture teacher for 12 years. Kirk B. Turner is to be an assistant professor of poultry. He received a bachelor of science degree from Utah Agriculture college, master of science from Oklahoma A. and M. He has served on the staff at Oklahoma A. and M. and at Michigan State college.

Roy L. Neeley, a former Texas Tech student is returning to the campus as lecturer in the animal husbandry department. He was graduated with a bachelor of science in 1941, and from Texas A. and M. in 1942 with a master of science degree. While in A. and M. college, he was employed as graduate instructor.

The first Texas Tech graduate to return as a staff member in the military science department is Capt. Haynes Baumgardner, who received a bachelor of science degree in animal husbandry in 1942. Captain Baumgardner is in the air forces section.

Donald J. Helmers, a 1948 graduate in mechanical engineering, will be an instructor in mechanical engineering. Helmers is a member of Tau Beta Pi, honorary scholastic engineering society, and of the American Society of Mechanical Engineers.

Marion Judson Smith, professor of electrical engineering, is coming to Texas Tech from private engineering occupation. He is a graduate of Rice Institute and the University of Colorado, and has taught at both institutions.

Mrs. Byron Chappell will again be associated with the college speech department as an instructor. She has a bachelor of arts degree in speech from Texas Tech; a master of education degree from the University of Texas, and has done additional graduate work at the American university, Washington, D. C.

Wilson B. Ward will join the speech faculty as assistant professor. He has both bachelor of science and master of arts degrees from Sam Houston State college and was a faculty member there prior to coming to Tech.

Mathematics department is adding this year John W. Lindsey as instructor. He has bachelor of arts and master of arts degrees from the University of Texas, and while working on his master's degree was employed in the mathematics department as an instructor. He holds a bachelor of science degree in mathematics from Texas Tech as well as a master of education degree, and has been employed by the department previously as graduate assistant.

The government department has added William Eugene Oden as instructor. He holds bachelor's and master's degrees from the University of Oklahoma. Dean Dauley, a Texas Tech graduate in 1947, is returning as a government instructor after completing requirements for a master of arts degree at Vanderbilt university.

Three new faculty members in secretarial studies and marketing include: Miss Fern Elaine Alfrey who has taught commercial work in high schools at Mexia, Mercedes and Austin, who holds a bachelor of science degree from Texas State College for Women, and has done graduate work at Columbia university and the University of Texas; Mrs. Cureton Harris, who is to be assistant professor of marketing, who has a bachelor of science degree in marketing from New York university and a master of arts degree in economics from Columbia university, and Miss Nelda Snow, who will instruct in marketing and secretarial administration. Miss Snow received a bachelor of business administration degree from Texas Tech in 1948.

James Bernays Lowery is to be a lecturer this year in the history department. He has a bachelor of arts degree from the University of Oklahoma, and has studied at the Kansas City School of Laws and the University of Virginia.

In the foreign languages department, Miss Lura Karin Remmler from Middlebury college will be an instructor in German. Jefferson Davis Sadler also joins the staff as an instructor in languages. He has a bachelor's and master's degrees from Southern Methodist university and did additional graduate work at the University of Texas. He taught in the languages department at both schools.

Roderick Parkinson, who holds a bachelor of science degree from Texas Tech, will join the art and architecture department staff as instructor. After graduation from Tech, he was employed as a commercial artist.

Mrs. Margaret Manor Richards will be assistant professor of physical education for women. She holds a bachelor of science degree from Texas State College for Women and an MA from Columbia university. She has served on faculties of Oklahoma A. and M., and Louisiana Tech.

## One Killed, Another Injured In Plane Crash Near Slidell

SLIDELL, Sept. 16. (AP) — One man was killed instantly and another critically injured when a light plane crashed in a ploughed field a half mile northwest of this North Texas town today.

Dead was Mack Ashley, 23, of Slidell. Louis Hall, about 25, pilot of the plane was taken to a Decatur hospital.

Hall, formerly a resident of Slidell, now lives at Edinburg.

Ashley was the son of Mr. and Mrs. Arthur Ashley of Slidell. He was a Navy veteran.

# Two Men Killed In Truck Mishap

SEMINOLE, Sept. 16 (Special) —Two men, one from Texas and the other from Oklahoma, were killed shortly after midnight about nine miles west of here when the light truck in which they were riding apparently went out of control and overturned several times.

Dead are Weldon Oscar Elliott, 25, of Rising Star, and Harold Eldon Thomas, 21, of Calumet, Okla.

Elliott was taken to Tomb hospital here, where he was pronounced dead on arrival. It was believed that he was killed instantly. Thomas, the only other occupant of the vehicle, died at Tomb hospital at 7:35 o'clock Thursday morning from critica' injuries, including two broker legs and a crushed skull.

**Truck Is Overturned**

State Highway officials and the Seminole sheriff's office said tha the truck, a one-ton Dodge pane' vehicle, apparently went out o' control on U. S. Highway 18( about nine miles west of here and overturned several times. Tools and papers in the truck indicated the men were working on a job at Seagraves.

The bodies of both were taken to Singleton Funeral home here. Elliott's body was to be carried overland by the funeral home tonight to Rising Star, where funeral services will be conducted Friday. Funeral home officials indicated that Thomas' body would be carried Friday to Oklahoma, probably to El Reno, for services and burial.

## Uvalde Man Killed, Three Hurt In Crossing Accident

SPOFFORD, Sept. 16. (U.P.)— A Uvalde man was killed early today and three of his companions were injured seriously when their car was struck by a Southern Pacific train at a crossing near here.

Rudolfo Gutiereez, 23, was killed. The injured, who were removed to a Del Rio hospital, were Antonio Palozos, the driver; Salvadore Hernandez, 23, and a third man whose identity was not established. He was in an unconscious condition.

Palozos and Hernandez were Uvalde residents.

## Philippines Volcano Eruption Believed Over, Authorities Say

MANILA, Sept. 16. (AP)—The Camigun island volcano was puffing only a little gray smoke today.

The great eruption which began Sept. 1 and drove 40,000 residents from the southern Philippines islands was considered over, government authorities said.

**YEP SOMETIMES SAYS NO**

MILWAUKEE (U.P.)—A Chinese laundryman here can smile every time he has to say "no" to a customer. His name is Sam Yep.

# Cologne Is Most Impressive Of Many Monuments To Hitler

By J. M. ROBERTS, Jr.
Associated Press Staff Writer

COLOGNE, Sept. 16.—In Germany's Ruhr and Rhineland are many monuments to Adolf Hitler and the Teuton industrialists who supported his plans for taking over all Europe, but few of them are so impressive as Cologne.

As you drive down from Essen and Duesseldorf, once you are away from active smokestacks which are a symbol of Allied mobilization of Germany for the cold war, you pass again through a green, peaceful farmland, and you wonder what in the world could have made the Germans risk this country in the fateful throw of dice for expansion. You think that this is a land through which armies should never pass. You are inclined to forget that these neat farms could never be sufficient to feed the people which Germany piles up in her cities. Cities which seem small to Americans because they have no large buildings, cities with the aspect of villages which house 300, 400 and 500,000 people.

**Cathedral Spared**

Then you cross the temporary structure which carried the traffic once supported by the famous bridge of Cologne. The only symmetrical shapes in sight are the twin spires of the famous cathedral. For a moment you think of the wonder that this building, so near the Rhineland end of the bridge, could have been spared as the bombers cut off the escape of the German armies.

Then you get a look at the Cologne skyline as a whole. The buildings were taller than in the other cities of the area, and their jagged outlines serve as an even more striking monument to war.

They held a festival the other day in Cologne, marking the 700th anniversary of its birth. The great cathedral was the center of activity.

There were the displays of the things which Cologne has contributed to the good memories of history. And there also, in the wings, was the rubble left by the world's opinion that, no matter what economic limitations a people must fight against, they shall not seek to resolve their troubles through wars of conquest.

Because the bridge from the Ruhr pours its traffic into a limited area, the traveler through Cologne sees it as the most active city in a land of dead cities. Because currency reform has restored money as a medium of exchange, where individual barter previously represented the economy of the country, many shops and markets are open in Cologne. But those stair-stepping walls make the city appear as an old crone badly in need of denistry. And you think of the German chauvinist as Robert Ingersoll thought at the tomb of Napoleon—of the widows and orphans he has made, and the tears that have been shed for his glory.

Quality Tested To Give You PERFECT PASTRY EVERY TIME

• It's convenient and simple to add cold milk or water to Aunt Ellen's Pi-Do for baking. And beginner or expert, you get tender, flaky pastry every time. Your baking ease and success lie in our choice of fine ingredients. In Pi-Do the ingredients are "married" in absolutely accurate proportions by the unique scientific blending of the carefully controlled Pi-Do Process. Then we actually kitchen-test Pi-Do to be positive of your baking success. This matchless combination of ingredients and skill leaves little work for you . . . no guessing, mess or fuss.

You Simply Can't Fail!

MARKET IN HOLLAND—Business is booming in the Amsterdam "Albert Cuyp" market, where Dutch buy and sell everything from smoked eel to a set of diamond-cutting tools. The open air market was non-existent in 1945.

# Eric Johnston, U. S. Ambassador To Talk Use Of American Films With Red Leaders

MOSCOW, Sept. 16. (INS)—Eric Johnston, head of the American association of motion picture producers, and U. S. Ambassador Walter Bedell Smith are scheduled to meet with Soviet Foreign Minister Molotov Friday "to discuss film purchases and other things."

The meeting will take place at the Kremlin, where Smith, Molotov and the British and French envoys have been conferring on the Berlin problem since July 31.

Johnston said negotiations to sell Russia American films have been progressing satisfactorily.

**To See Others**

Johnston and Smith also are due to see Soviet Foreign Trade Minister Anastas Mikoyan on Friday.

Johnston talked with V. F. Ryazanov, deputy minister of cinematography today.

Johnston, who arrived in Moscow Saturday, refused to give details of the film negotiations but said he now has a clear idea of what type of movies the Russians want.

The film negotiations have been under way for a year.

Johnston told a news conference that in his talks with Ryazonov he reached an understanding that there was "no obligation on our part to take Soviet films."

"We produce and sell," said Johnston, "and have nothing to do with purchasing and distribution."

"The showing and acceptability of films in the free American market depends entirely on the desire of an American audience."

Johnston said future negotiations will be conducted by the American embassy since he is leaving Moscow by plane Monday for home via Berlin, Paris, and Rome. He intends to be in the United States by Oct. 10.

**TWO AIRMEN KILLED**

WIESBADEN, Germany, Sept. 16. (U.P.)—Two airmen killed Monday when their F-80 crashed near Kaufbeuren after taking off for a group flight to England were identified today as Master Sgt. Ralph F. Hines of Pomona, Calif., and Lt. James H. Lacefield, Cotton Plant, Ark.

AT STATE FAIR

# HST May Have To Buy Ticket To Rally

OKLAHOMA CITY, Okla., Sept. 16. (INS)—President Truman may have to buy a ticket to his own political rally at Oklahoma City Sept. 28.

The chief executive is scheduled to speak at the Oklahoma State fair, which has a stiff rule that everyone pays 50 cents to get in.

Pete Baker, state fair manager, said today he expected the President to pay "just like everyone else."

## Omaha Milkmen Arrested For Delivering Milk Too Early

OMAHA, Neb., Sept. 16. (INS)—Three Omaha milkmen were arrested today for delivering their milk too early.

The trio, Emmert Ridpatch, Walter L. Adamson and Ike Stouder, were charged with violating a city ordinance which forbids milk deliveries between 5 p. m. and 7:30 a. m.

## New Synthetic Glycerin Plant Near Houston Is Dedicated

HOUSTON, Sept. 16. (U.P.)—The United States will have ample glycerin on hand in the event of war, Shell Chemical corporation president Jan Oostermeyer said today before beginning a tour of the firm's new plant.

The installation, to be dedicated today, will turn out 15 per cent of the nation's supply of synthetic glycerin. Oostermeyer predicted the new plant, the world's first, would do much to stabilize the price structure of glycerin, and would make the United States independent of the imported product should hostilities break out.

Oostermeyer and other leading industrialists from the nation's manufacturing centers are here to attend a three-day celebration opening the $8,000,000 plant, part of the Shell corporation's $50,000,000 construction program at Deer Park, near here.

**VOLCANIC WOOL**

Kilauea volcano, in Hawaii, for many generations deposited silk-like fibers over surrounding areas during eruptions. Scientists discovered this substance to be formed by compressed steam exploding through bubbling lava, and now use the process to produce the mineral wool of commerce.

Florida waters produce nearly half of the country's shrimp.

and get treats that formerly took hours to prepare

A remarkable new Sack O' Barbecue Sauce is now packed in each can of Oscar Mayer Meats. This flavor-tight sack, an exclusive Oscar Mayer feature, keeps the mild, delicious barbecue sauce entirely separate in flavor from the rich, lean, tender meats until ready to heat and serve. Takes only minutes to prepare a main dish or an appetite-satisfying snack with these new meats, or to combine with other foods for an economical one-dish meal.

These meats, and all other Oscar Mayer products, are prepared under U. S. Government inspection.

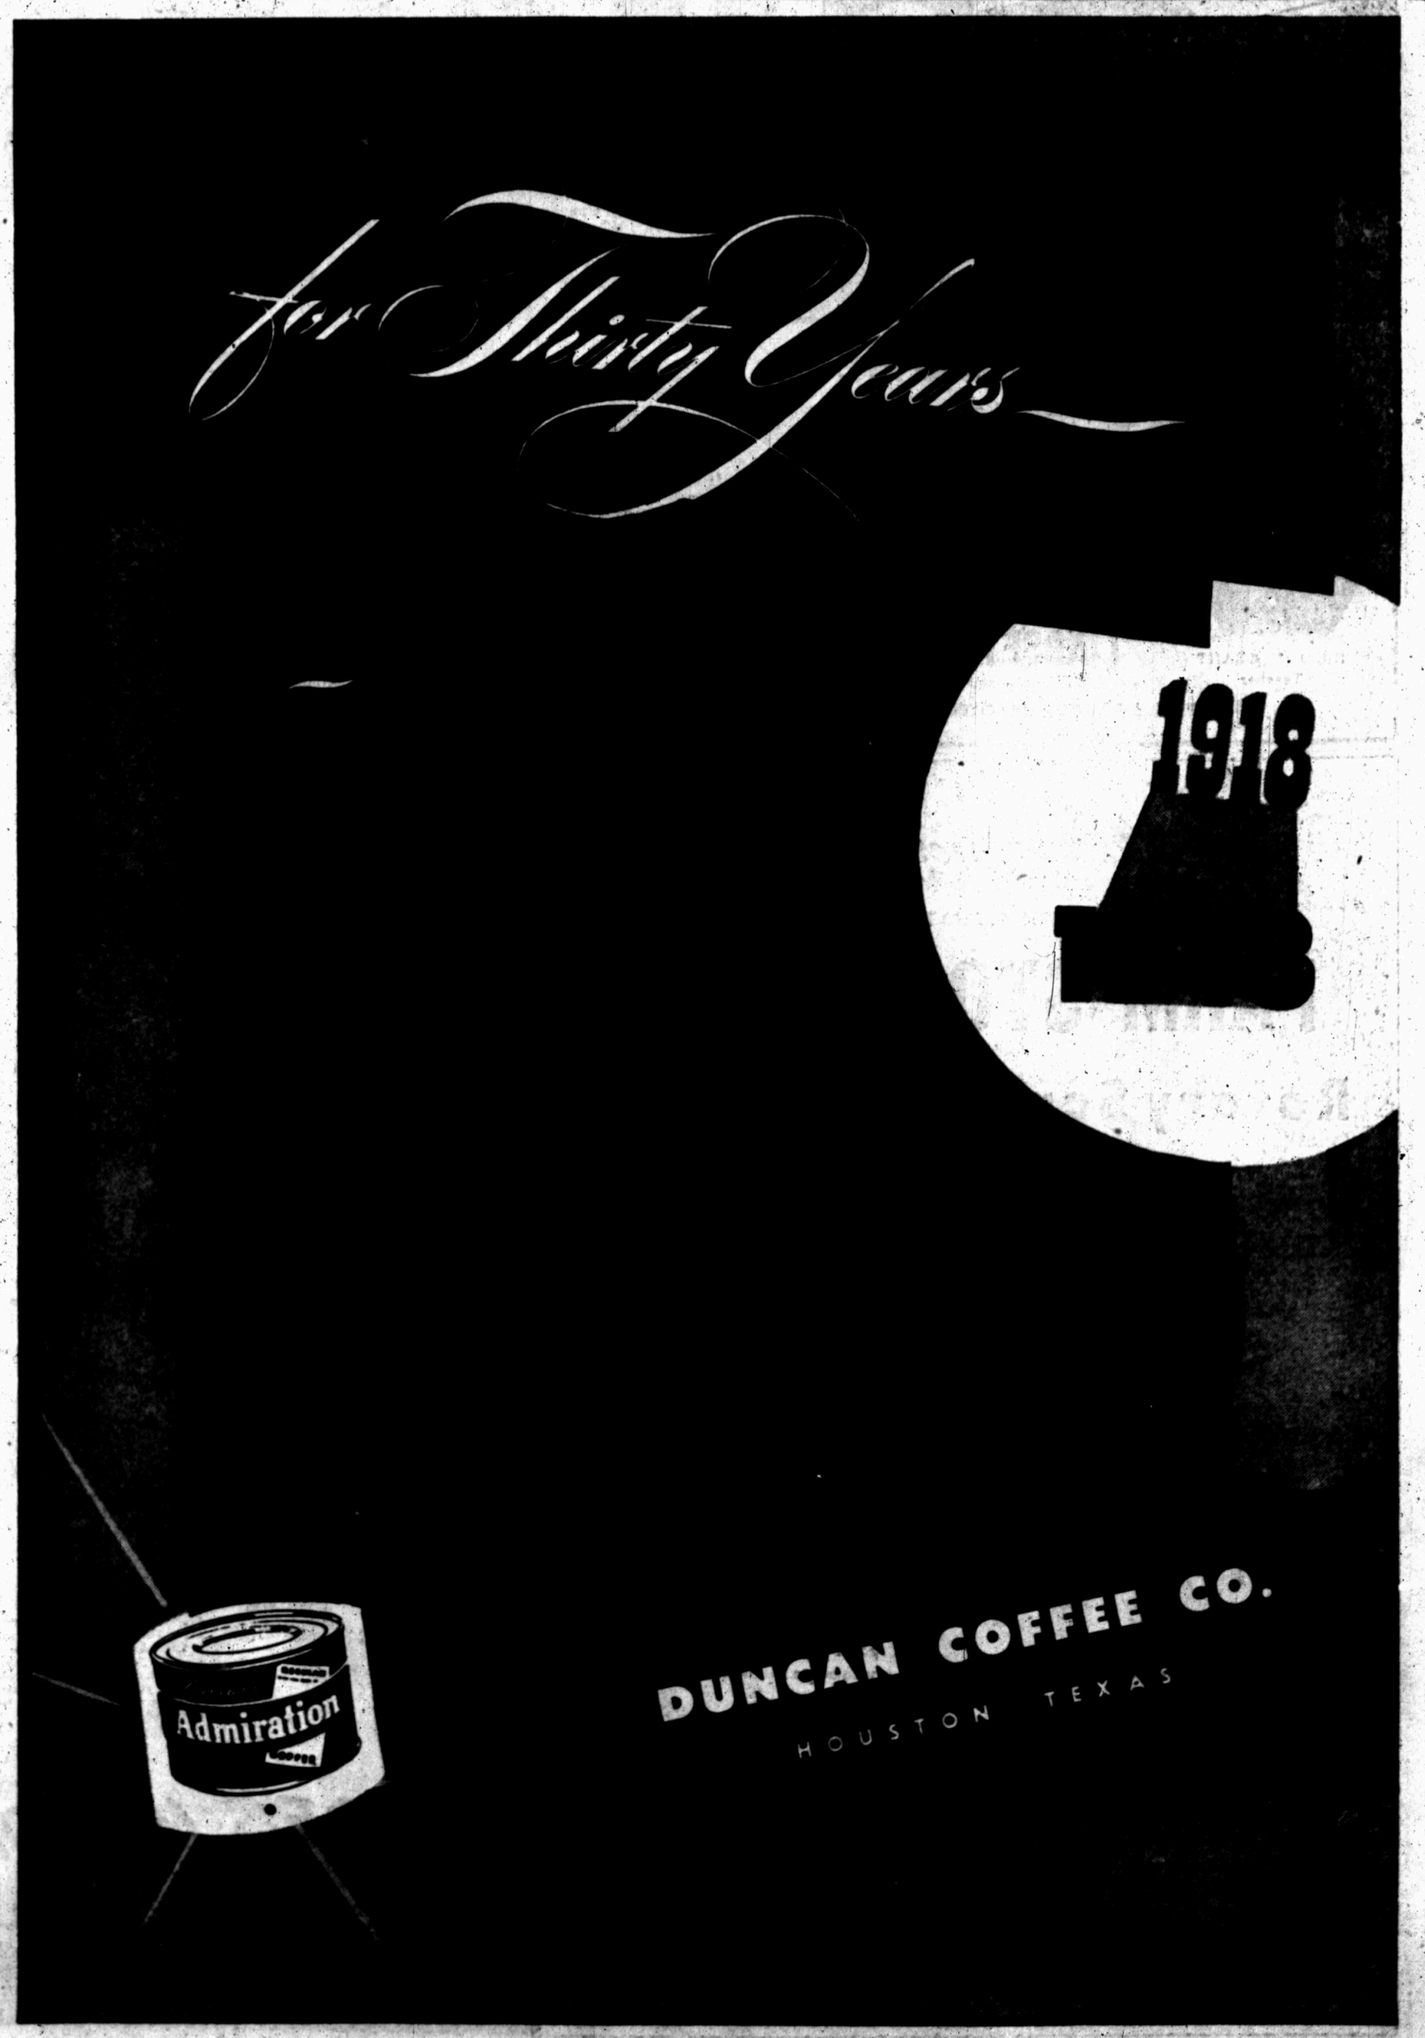

Try all three of these delicious Select Meats
4 generous servings in every can
Each has its own special barbecue sauce, blended to bring out the flavor.

# Dean Alfange, Liberal Leader, Throws His Support To Dewey

INS Staff Correspondent
By LEO W. O'BRIEN

ALBANY, Sept. 16.—Gov. Thomas E. Dewey, Republican presidential candidate, received active pledge of support today from Dean Alfange, 1942 gubernatorial candidate of the American Labor party and one of the founders of the Liberal party.

Tempering the elation of the Dewey forces over the break in the Liberal party, which has endorsed President Truman, was a warning from a GOP elder statesman, Sen. Edward Martin of Pennsylvania, that he was "frankly worried about control of the next senate."

**Farm Program Offered**

Both Alfange and Martin were among Dewey's visitors today. A third caller was Albert S. Goss, master of the National Grange, who submitted a farm program which, he said, the Republican candidate looked upon favorably.

Alfange polled 403,000 votes as the ALP candidate for governor in 1942, when Dewey first was elected. Prior to 1942, the ALP had consistently endorsed Democratic gubernatorial nominees.

Following his talks with Dewey, Alfange said:

"I have decided to support the candidacy of Gov. Dewey. I believe that the liberal movement in the United States and the cause of national unity and world peace would be better served by his election."

The American Labor party, now under left wing domination, has endorsed Henry A. Wallace this year and expects to register 1,000,000 New York state votes for him.

**Senate Drives Planned**

The Liberal party, behind the Truman-Barkley ticket, has predicted a 400,000 New York vote total.

Sen. Martin, after a luncheon meeting with Dewey, said they agreed that the GOP must make an intensive drive to elect Republican senatorial candidates.

Dewey and Martin discussed the senatorial contests in West Virginia, Kentucky, Oklahoma, Wyoming, Minnesota, Iowa, Idaho, Montana and Tennessee, especially West Virginia, where Sen. Revercomb faces a "hard fight."

Goss said he outlined a grange program to the governor setting up a "first line of defense" against collapse of farm prices which would push the sale of surplus commodities under a government advisory board.

The other two points which Goss said he explained to Dewey were:

1. A flexible price floor less rigid than the 60-to-90 per cent of parity carried in the recently enacted long-range farm bill, which becomes effective in 1950.

2. A "stop-loss floor" for farm commodities which would prevent, for example, wheat falling to 20 cents a bushel.

ACCUSED BY REDS—Kurt Schumacher, above, German Social Democratic leader, was named by the Soviet-licensed news agency in Berlin as the man who gave orders to a spy ring in eastern Germany. The report said, in announcing the arrest of 15 persons as alleged spies, that Schumacher had the "fullest support of the American and British occupation authorities." (AP Wirephoto).

## Jap Urchins Use New Found Knowledge To Flee Island

TOKYO, Sept. 16. (AP)—Municipal authorities this summer rounded up Tokyo's street urchins, taught them to swim and put them on an island off the waterfront.

Today six of them used their new found knowledge: They swam away from the island to freedom.

Said one city official:

"We will have to reconsider the teaching of swimming next summer."

## Author John Steinbeck And Wife Reported Separated

PACIFIC GROVE, Calif., Sept. 16. (UP)—Author John Steinbeck said today he was separated from his wife, the former Gwyn Conger, whom he married in 1943.

Steinbeck gave no details, nor would he say he planned to get a divorce. She is his second wife. They have two children.

# New Wildcat In Andrews Slated

Stanolind Oil & Gas company has filed an application with the Railroad Commission of Texas, requesting a permit to start drilling by September 19, on its No. 1 Frank Cowden, as a 5,400-foot wildcat in south-central Andrews county.

The prospector will be 660 feet from south and west lines of section 3, block 43, TP survey, T-1-N. It is just inside the south line of Andrews county, from the north side of Ector county, and is 28 miles northwest of Odessa.

The projected destination of 5,400 feet is expected to take the venture into the middle Permian formation.

**Parker Extension Seen**

Esperado Mining company No. 1 J. E. Parker, central Andrews county wildcat, one and one-half miles northwest of the Parker field, and 1,980 feet from south and 660 feet from east lines of section 2, block A-43, psl survey, drilled to a total depth of 4,750 feet in San Andres-Permian lime.

It did not log any indications of possible production below 4,705 feet. The venture is now plugged back to 4,705 feet, and operators are preparing to treat the horizon above that point with acid.

The section to be treated had bailed clean oil at the rate of one barrel per hour on a recent test, and interested observers think there is a fair chance that the prospector can be completed as a producer, and an extension to the Parker field.

The name of cannel coal, which burns with a bright smokeless flame, is believed to be a corruption of the word candle.

## Clovis Business Club To Be Given Charter By Local Group

A charter will be presented the Clovis, N. M., American Business club at their luncheon today by members of the Lubbock ABC organization, it was announced Thursday by Bob Rose, trip chairman.

Rose said 20 members had been asked to meet in front of Hilton hotel at 10 a. m., there to leave in several cars.

The trip will have a dual purpose: representatives will wear range dress and assist in advertising the approaching Panhandle-South Plains fair.

B. Watkins, president of the Lubbock club, is slated to speak at the charter luncheon.

"We are asking that all who can go be at the Hilton on time," Rose said. "We will be back by 4 p. m."

**SHIP IS LAUNCHED**

GLASCOW, Sept. 16 (AP)—Princess Margaret named and launched the 12,200-ton tanker British Mariner at the Harland and Wolff shipyards here today.

## Washington Man Is Re-Elected Head Of Fire Fighters Group

HOUSTON, Sept. 16. (UP)—John P. Redmond of Washington, D. C., will head the International Association of Fire Fighters until the 1950 biennial convention. He was re-elected association president at the group's convention here yesterday.

Also re-named to an executive capacity was association Secretary-Treasurer George J. Richardson of Vancouver, B. C.

Today the firemen will choose a vice president for the fourth and fifth districts and three trustees. They will also decide whether the 1950 convention site will be Buffalo, N. Y., Boston, Hamilton, Ont., or Milwaukee.

FOUND
a sensational new washday miracle!

IT'S TIDE...
Procter & Gamble's amazing discovery!

Out of the vast new knowledge gained in wartime research has come Tide—a truly revolutionary discovery for your whole family wash! Just imagine! Tide gets clothes CLEANER than any soap made! But that's only part of the miracle . . . Tide also BRIGHTENS soap-dulled colors! As for your white things—no soap in the world will get them whiter than Tide. Yes, Tide's completely different . . . even the suds *look* different, *feel* different!

ONLY TIDE WILL GIVE YOU ALL THIS:
The CLEANEST, BRIGHTEST, WHITEST wash you ever hung on the line!

CLEANER than any soap!
No matter what soap you may be using now, Tide gets your whole family wash *cleaner*—even greasy overalls. You see, Tide not only leaves clothes free from ordinary dirt, but actually removes dingy soap film as well!

Actually BRIGHTENS colors!
As Tide makes dulling soap film disappear, color brightness perks up like magic! Soap-dulled colors come so much brighter you can *see* the difference. And Tide does it *safely*, too. Tide is *truly safe* for all your bright washable colors!

The world's WHITEST wash!
Put on dark glasses when you hang up a *Tide*-white wash! No soap *ever* got your white things more gleaming white. And Tide *keeps* them gleaming white, week after week!

GIVES MORE SUDS—
prove it in your dishpan!
Kind-to-hands suds! Longer-lasting suds than any soap in *hardest* water! Tide cuts grease like magic . . . washes dishes cleaner than any soap! No scum! No cloudy film! Dishes and glassware rinse and dry sparkling clear—even without wiping!

A Granulated Hymosol Product

GUARANTEE
Procter & Gamble guarantees that Tide will do everything claimed for it in this advertisement. If you are not completely satisfied, return the unused portion of your package to dealer, and the purchase price will be refunded.

TIDE'S IN—DIRT'S OUT!

TIDE WORKS EXTRA MIRACLES IN HARD WATER! OCEANS OF SUDS! NO WATER SOFTENERS NEEDED!

# Indian Forces Reported Within 50 Miles Of Hyderabad Capital

By MARC PURDUE
Associated Press Staff Writer

NEW DELHI, Sept. 16—Indian military reports said tonight invading forces had pushed to less than 50 miles east and 63 miles west of the capital city of Hyderabad.

Press reports from Poona, jumping-off point for the Indian army's thrust on the west, said the hardest fighting is yet to come, however.

These reports said Hyderabad state forces were falling back on all fronts in an orderly fashion and everywhere were intact. These forces would be available for the decisive fighting on the central plateau. Hyderabad state troops, which includes infantry, armored cars and horse cavalry, and Razakars (Moslem volunteers) were reported digging in on a 30 to 40-mile perimeter around Hyderabad and Secunderabad, and resistance was growing.

**Rail Station Captured**

The impression was widespread that the Indian army's timetable called for victory in less than a week. The campaign was launched Monday.

The Razakars were reported being employed chiefly in sniping from wooded positions. Where supported by state troops they were said to be fighting well, but a number surrendered when left to hold positions independently.

An Indian communique, reporting the latest victory, said the railway station in Munirabad, north of Hospet in the southwest, had been captured.

**Pakistan May Act**

Meanwhile nervousness was growing and wild rumors were rife on both sides of the Pakistan-Indian border which splits the Punjab.

Moslems in Pakistan were reported demanding that their government make some declaration of policy about India's action against Hyderabad. The statesman's correspondent at Lahore in the Pakistan part of the Punjab said there was urgent enrollment of volunteers, and defense preparations.

Travel across the border, restricted for many months, had practically ceased.

The Indian government imposed postal and telegraph censorship and control of radio and telephone communications today.

Military reports from Madras said the troops were less than 50 miles from Hyderabad city.

## Infant Whose Blood Runs Wrong Way Faces Dangerous Operation

CHICAGO, Sept. 16. (INS) — Thursday, Sept. 23, will be a big day in the life of Jo-Nell Fritzen, the seven-months-old Wheaton, Ill., infant, whose blood runs the wrong way.

For on that day she will board a plane for Baltimore's Johns Hopkins hospital—a journey from which she may never return.

Recovery is rare from an operation of Jo-Nell's malady—transposition of the great veins which means the lungs do not purify the blood as they normally should.

The infant is the only daughter of Bert, 24, and his wife Mary Ann 24, of Wheaton. The couple is a graduate of Wheaton college and plans to teach in China—if Jo-Nell gets well.

Although the odds are heavily against a successful operation, Jo-Nell can only live from five to 12 months without it.

The delicate work will be performed by Dr. Helen Brooks Taussig.

Jo-Nell will travel by United Airlines to Baltimore and will wear a portable plastic oxygen mask which covers her head.

The infant now is in West Suburban hospital in Oak Park.

**DIMMITT STARTS NEW CHURCH**—Construction is starting on a $129,000 church building for the Dimmitt Methodist church in Castro county, and the picture above is the architect's conception of it. A Lubbock firm, Butler-Brasher company, designed the building. Claude E. Killingsworth of Wellington is general contractor. The pastor, Rev. Horace Brooks, at left below, was formerly pastor of the Petersburg Methodist church.

## Decapitated Body Of Dallas Man Found On Railroad Tracks

DALLAS, Sept. 16. (AP)—The decapitated body of James Otis Meyers, 52, of Dallas, was found early today on the Missouri-Kansas-Texas tracks south of Carrollton, Tex.

Deputy Sheriff Howard Miller said a .38 caliber pistol was found near the body with one bullet discharged. Miller said there appeared to be a bullet wound in the head.

Richburg said there appeared to be powder burns on the head.

Crewmen of a northbound freight train first saw the body and notified the sheriff's department.

The identity was established through papers in a billfold and through relatives.

Meyers had worked for a grocery chain in Dallas. He had recently quit the firm, relatives said, planning to open his own store. The relatives added that he left home Wednesday to complete some business in downtown Dallas.

He is survived by his wife, Etta; one son, Bobby Ray and by three daughters, Doris Meyers and Mrs. Jane Barton, all of Dallas; and Mrs. Jimmie Lee Hunter of Hobart, Okla.

## PEACE MOVE

## Woman Complains; Home Plate Shifted

OKLAHOMA CITY, Sept. 16 (AP)—Two policemen moved home plate and brought peace to the 2200 block on S.W. 21st st[illegible] today.

R. T. Wade and T. O. Mapes were called to the neighborhood by a 71-year-old woman holding a much-used baseball.

Children played baseball every afternoon in an adjacent lot, she said, and hit the ball into her chicken house.

The policemen moved home plate to the other end of the lot so that the balls were hit away from the woman's prop-

# New Mexico Set For Warren Visit

ALBUQUERQUE, N. M., Sept. 16. (INS)—Republicans continued to stump New Mexico today making plans for Saturday's visit of Gov. Earl Warren of California, GOP vice-presidential candidate.

Democrats, meanwhile, announced appointment of state vice-chairman to direct their campaign.

Democratic campaign headquarters were being set up in Albuquerque, after State Chairman Bryan Johnson listed the vice-chairmen for various parts of the state.

Brown Martin of Tucumcari, Manuel Baca of Las Vegas, James Murray of Hobbs, and Filo Sedillo of Belen are the vice-chairman approved by the state executive committee.

All Democratic candidates will start tours of the state next week, after all gather at the state fair on Governor's day Monday.

Governor Warren speaks Saturday night at 8 p. m. (MST) at Zimmerman field.

Gov. Thomas Dewey, Republican presidential nominee, will be at Carlisle gymnasium in Albuquerque Wednesday at 8 p. m. Both Warren and Dewey speeches will be broadcast over a statewide hookup.

Democratic vice presidential candidate Alben Barkley will visit Albuquerque Oct. 14.

# A Crop to Cultivate

America is famous for good crops. But finest of all is the bumper "crop" of 11,000,000 boys and girls growing up on our farms and ranches.

Trained teachers and leaders are helping cultivate this bumper crop. Vocational agricultural teachers in over 7,000 high schools do their part. Most of these schools have Future Farmers of America chapters. Membership of F. F. A. is 250,000. In their "outside classroom" work they receive additional on-the-job training from their vocational agricultural teachers. They learn to accept leadership responsibility. On graduation, many go directly into farm or ranch management. Others go on to agricultural college.

County agents and over 180,000 unselfish volunteer leaders do another great job through the 4-H Clubs. Through 85,000 local 4-H Clubs, more than 1,750,000 boys and girls get invaluable training. Advice, encouragement, know-how from practical experts. Their projects keep them abreast of what is new in agriculture. They learn through doing. Achievement and leadership become habits.

It is well that American agriculture has these leaders and teachers. By teaching the *business* and science of farming, they are helping make life on farm and ranch rich and profitable for a new generation of Americans. They are showing them the way to economic security and a good way of life. Better farm planning; power machinery; scientific modern methods; control of weeds and plant and animal pests . . . All these our farm and ranch youth are learning. In many ways they are qualifying themselves to be better managers of land and better businessmen. They are increasing their knowledge of science and selling—of machinery and markets—of costs and conservation.

Swift & Company has always been proud to encourage farm youth activities. We shall continue to do so. We have no doubt or fear for the future of America. For, properly cultivated, this crop will ripen surely into our nation's richest harvest.

## Livestock and Meat Prices

Livestock is marketed when it is ready. The supply of animals coming to market at any one time is controlled by your decisions as producers. These decisions may have been made months previously, depending on your breeding and feeding program. The weather—blizzards, storms and droughts—also have a bearing on when you market your animals.

Meat packers have no control over the supply of livestock.

The meat packer must sell meat and by-products for *what they will bring*. When people have to economize, they spend less money for meat. Consumers, retailers and meat packers reduce their bids. The prices of both meat and livestock fall accordingly. But when people make *more* money, they are *eager* to buy meat. Then buyers all along the line *increase* their bids. And the prices of both meat and live stock *rise* accordingly. For each meat packer and each retail meat dealer knows that if he does not pay a little higher for the livestock or meat he wants, somebody else will—and get the business.

Thus the old law of supply and demand—plus competition in buying livestock and selling meat—forces price changes in meat to be reflected quickly all the way back to the livestock on the hoof. At all times the market price is a *balance* between the supply of livestock and the demand for meat.

## A HUNDRED CENTS MAKE A DOLLAR

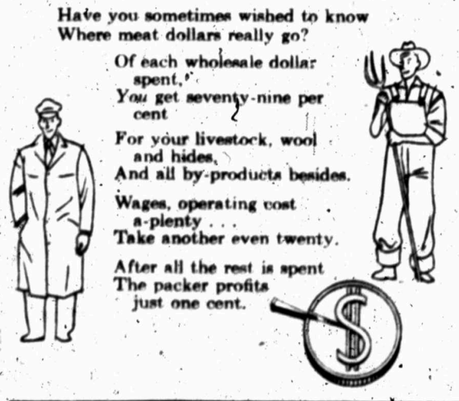

Have you sometimes wished to know
Where meat dollars really go?

Of each wholesale dollar spent,
*You* get seventy-nine per cent

For your livestock, wool and hides,
And all by-products besides.

Wages, operating cost a-plenty . . .
Take another even twenty.

After all the rest is spent
The packer profits just one cent.

## OUR CITY COUSIN

## 16MM SOUND FILMS FOR YOUR USE

"By-Products" "Livestock and Meat"
"Cows and Chickens . . . USA"

Five informative films about the livestock-meat-packing industry. A few open dates remain for September and October. We'll be glad to send a descriptive folder which gives all details. Write Agricultural Research Dept., Swift & Co., Chicago 9.

*Martha Logan's Recipe for*
**DINNER SIZE HAMBURGER**

1 pound hamburger
1¾ cups soft bread crumbs
1 egg
¼ cup chopped onion
¼ cup milk
1¼ teaspoon salt
½ teaspoon pepper
1 tablespoon fat

Mix together all ingredients until well combined. Form into 4 large patties. Heat fat in heavy frying pan. Brown patties slowly on each side. Cover pan tightly, lower heat, and cook ten minutes longer. Serve with horseradish sauce, barbecue sauce, or tomato sauce. (Yield: 4 servings).

**Soda Bill Sez:**
*Words are handy tools to explain experiences—but they're no substitute for experience.*

## New Idea in Junior Feeding Projects

by T. W. Thompson
State 4-H Club Leader, Montana

T. W. Thompson

Boys and girls are trying out a *new kind* of livestock feeding project. In several states—including Montana, Nebraska, Colorado and Indiana—people are enthusiastic about it. Here is how it works. The boy or girl buys an *average lot* of feeder steers or lambs, from a uniform herd or band. The number bought is usually 3 or more steers, 15 or more lambs. That depends on finances, feed supplies and equipment available.

These lots of animals are bought at a central market. They are taken home and fattened. Careful records are kept of feed costs and rates of gain. At the end of the feeding period, they are shipped back to market. They are sold on Junior Marketing Day.

Boys and girls consign their animals to commission firms of their own choice. Upon arrival the animals are penned separately, according to ownership. Each lot is graded and weighed separately. Then all animals are assembled in pens according to grade. They are sold for slaughter in the usual manner used on that market. The boys and girls profit according to the *market value* of their animals.

Sponsors claim the following benefits: (1) It is practical. (2) It promotes better farm feeding methods. (3) Boys and girls learn about market grades of livestock. (4) They learn about central markets and their operation. This new idea in junior feeding is not intended to take the place of feeding for show. It is a separate project, to give youngsters practical experience in feeding for market.

## It's a Two-Way Road

In my work with farmers and ranchers I have visited just about every part of this country. I can't begin to count the number of times I have traveled out of Chicago and back—to the range country of the West... through the Corn Belt states . . . the wheatlands . . . the cotton country—Florida, Maine, Washington, California and all the other states in between.

I do not know how anyone who travels much can help being impressed with the need for *team play* in America. As farmers or ranchers, your prosperity depends to a large degree on the ability of workers in industry to purchase the food and fiber you produce. Likewise, city businessmen know that your power to purchase their products is equally important to them. And all of us depend on the men in the mines, in the forests, in the steel mills, and oil fields.

But what we are apt to overlook is the fact that it is the earning of a reasonable profit which keeps all these businesses going, and all of us at work. Of course, profit *rates* vary. That depends on many things, including volume of business done. For example, here at Swift & Company we process millions of pounds of agricultural raw materials each year. On each pound handled, we earn an average profit of a fraction of a cent. Few could stay in business on the margin we meat packers earn. But whether one's business *volume* is large or small, *some profit* is essential to any individual or any enterprise.

And here's another thing. Often I hear someone say—"Those farmers are the lucky ones—completely independent!" I can't agree with them. I know, and you know, that you on the land *are* independent—*but only to a certain degree!* Of course, cities couldn't exist without the products of farm and ranch. Maybe you *could* produce your own food, clothing, shelter and fuel. But country living would be pretty grim without cars, telephones, radios, fences, tractors, windmills and modern labor-saving, comfort-giving equipment. *It is a two-way road!* Our standard of living in America is something we are *all* proud of. *It is the result of the profit system and of good team play.*

OPTIMISTIC NOTE

## Gen. Clay's Views

THOSE who fear the United States may be on the threshhold of war with Russia can take comfort from views attributed the other day to General Lucius D. Clay, American commander in Berlin.

His opinions, expressed and implied, as to the longer range prospects for continuing peace did not inspire optimism. But there is some solace in his belief that the present Berlin blockade will not lead to war. The longer an actual outbreak of hostilities can be postponed, the greater the opportunity to settle disputes without a resort to arms. As long as peace prevails, there will be the hope of preserving it.

General Clay's views carry greatly enhanced weight because of their source. Probably no one knows the true situation in Berlin, with all its ramifications and implications, better than he does. General Clay has his feet solidly on the ground. Second-guessers are pretty well agreed now that if his advice had been followed at the outset—which would not have submitted to pushing-around by the Russians—the present explosive Berlin problem would not have arisen. There are encouraging indications that policy-makers in Washington, London and Paris are paying more attention to General Clay's advice now than they did previously.

His view, of course, cannot be construed as being indicative of any belief that the danger of ultimate war does not exist. On the contrary, he has emphasized that danger on many occasions. He merely has strengthened hope that the explosion, if it must occur, is not as near as many observers fear. It implies the probability of precious time which, if utilized to the best advantage, might avert the final catastrophe.

## Builders On The Spot

IF PRIVATE industry does not start building low-cost housing in volume within a year, the government will step in and take over the job.

This blunt warning was given a conference of home builders in Dallas the other day by Frank W. Cortright, of Washington, D. C., executive vice president of the National Home Builders association. The organization is private—not connected with the government in any way. His warning comes, therefore, not from a bureaucrat, but from a man who occupies one of the most important positions in the building industry.

The prospect to which he referred may be unfair to the industry. Home builders deny they are responsible for the conditions which make high prices necessary. They say that as long as those conditions continue, they cannot build low-cost housing in sufficient volume to relieve present shortages.

Doubtless there is much truth in their complaint that they are being blamed unfairly for a situation not of their making and largely beyond their control. But this, if true, does not remove the probability that, unless private industry does show definite progress toward solving the low-cost housing problem, the government will take over. Masses of people are likely to approve it, feeling that the step cannot make an intolerable situation worse.

## Down Memory Lane

**(From the files of The Lubbock Morning Avalanche of Sept. 17, 1928.)**

Mrs. K. L. Riggs was hostess to the London Bridge club and a few guests at her home. Club members playing were Mesdames O. W. English, Oscar Nisler, M. C. Butler, F. W. Zachary, J. B. Jackson, G. C. Turner, Vernon Brown, Earl Moore, E. J. Parsons, and H. B. Hawkins. Visitors were Mesdames H. D. Woods, Clark Mullican, J. P. Giles, Lynn Williams, Wilda Stewart, Ed Groth of Chicago, D. D. Cross, Allen T. Stewart, G. H. Ater, and Miss Margaret Abel.

• • •

At Bledsoe, the chamber of commerce was reorganized, with W. L. Wade as president. J. L. Westerman was named vice president, and C. A. Barnes secretary-treasurer. Committees were named to promote highway and street improvements, and adequate water facilities for cattle at the railroad loading pens.

• • •

From Lamesa came news that much interest was being shown in a debate between Methodists and the Church of Christ being held at Patricia, 20 miles southwest of there. J. W. Dodson, evangelist, represented the Methodists, and W. L. Oliphant was speaking for the Church of Christ. People crowded into the Patricia tabernacle, coming from 75 to 100 miles distance each night.

## One-Minute Sermon

A man shall be commended according to his wisdom: but he that is of a perverse heart shall be despised. Proverbs 12:8.

XLI

FROM the meager information provided by Lily Francie, a search for the whereabouts of Harry Bindle could have been more arduous But, aided by a knowledge of the nature of Joe Steppo's final employment, Lieutenant Talent's men, although they had only Bindle's surname to guide them, made rapid progress. One of them phoned in an address to Talent a little after 3 o'clock, with the added information that Bindle was in his office. Fifteen minutes later, Talent, accompanied by Detective Gus Ripley, joined two Headquarters men in the entrance way of a vacant store in the upper Forties, just off Eighth Avenue. Across the street, occupying half of the ground floor of a squalid three-story building, was the office of a clothes cleaning establishment.

"That shop is just a front," one of the Headquarters men said to Talent. "Bindle's layout is behind it. The shop does a little business, of course, through the front door, but Bindle's customers use the gangway from this street, or come in from the back from the next street."

Talent placed his men. He gave Ripley orders to follow him in 10 minutes if he didn't return. Then he went into the office of the drab clothes cleaning shop.

A girl sat behind a counter. She looked up when Talent shut the door behind him. He walked toward the passage between the counter and the side wall.

"Where you going?" the girl asked.

"Back to see Mr. Bindle," Talent said, without interrupting his nonchalant progress.

• • •

HE was past her before she could frame a protest. Far back, there were three short buzzing sounds. So the girl in the shop was a lookout, Talent reflected.

The hallway widened into a room that seemed to be little more than storage space for clothes racks and packing cases. It had one dim light just enough to define a heavy-paneled door at a rear corner. Before Talent reached the door, it opened, and a thick, coarse-featured man stepped through it. He scowled at Talent.

"Who you looking for back here?" he demanded.

"Harry," Talent said mildly. "I need his help on something."

Talent flipped back a lapel of his coat. The brief flash of authority caused the man to alter his obvious intention of closing the heavy door behind him. "Okay. Come along, but we don't generally use this door."

Inside the room beyond the door, the man stepped aside as Talent followed and said, "A cop to see you, boss."

Harry Bindle looked up from a massive walnut desk. Before he could make up his mind what to say, Talent said, "Just a word or two in private, Harry. I'm Lieutenant Talent from Headquarters. I think you can help me."

"Sure, any time, sit down," Bindle said grudgingly. He made no move to get out of the chair behind his desk His orders to the other man were unspoken . . . merely a jerk of his head. The man closed the door, then disappeared though a side door.

Bindle forced a smile. "What can I do for you, Lieutenant?"

"Trying to find out something about a girl named Lily Erancie," Talent said.

Bindle relaxed. He jerked open a drawer of his desk and took out a box of cigars, offered them to Talent, selected one himself.

"The name don't hit. Am I supposed to know her?" While saying that Bindle's stubby thumb and forefinger were rolling the cigar band into a tight wad. He dropped it into his desk ashtray and, his fat chin resting on his chest, he peered blankly across at Talent from beneath the drooping brim of a soft hat tilted to meet his right eyebrow and rest on his right ear.

• • •

TALENT tossed the $100 bill he had bought from Lily Francie on the desk. "We found that on her. She said she got it from you."

There was complete absence of implied accusation in Talent's statement. Bindle looked at the bill without reaching for it.

"Why would I give a tart I never saw a $100 bill I never had?" Bindle propounded.

Talent retrieved the bill. "Well, that's that. She could be lying, of course."

"She's lying, and it's no maybe."

Talent was satisfied. There hadn't been a ripple in Bindle's cement features but, for Talent's purposes, Bindle might as well have been a mastiff whose tail suddenly ceased wagging.

Talent made as if to get up. "Well, I'll be on my way. Sorry I bothered you, Bindle. I'll go out the way I came."

Bindle rose agilely, walked quickly around the desk and strode toward the door. Talent stood up and his hat fell to the floor. He bent to retrieve it and as he straightened unobtrusively transferred a sheet of paper from Bindle's desk to his side pocket. Bindle had been fingering it when Talent entered.

"No bother Lieutenant," Bindle said, holding the door open. "Any time."

Outside the little shop, Talent saw Gus Ripley across the street, consulting his watch. When Ripley looked across, Talent walked on toward Eighth Avenue. Around the corner, he waited. Ripley joined him after a minute.

"Hit pay dirt?" Ripley wanted to know.

"It took a long time to find the man Joe Steppo was working for, Gus," Talent said.

"Why don't we go in and take him?"

"I think I left Bindle with some ideas to work over in his mind, Gus. He'll be easier to cook, I think, if we get him coming out."

(To Be Continued)

## Looking At Life - - By Erich Brandeis

MANY thanks to the several people who have suggested to me that I should form a new party and run for President.

One woman even went so far as to circulate a petition in her town, and she got enough signatures to have me put on the ballot (Which proves that I have at least twenty friends.)

BRANDEIS

But, my fellow country men, just like Ike Eisenhower, I must decline the nomination.

In all modesty, I admit that I would make as good a President as Harry Truman and, unless I appear prejudiced, as several of our Republican presidents.

But, in the first place, I am much too lazy to be president, and in the second place I do like my privacy.

I wouldn't for instance, want any secret-service men in my bathroom while I shave.

Nor would I want every Tom, Dick and Harry to have the privilege to call me a crook and a moron, and criticize my family just because he voted for me or against me.

• • •

However, that is neither here nor there.

I want you to read an excerpt from a letter I just received from a fellow in Pensacola.

He is one of those who wants me to run for president, primarily because he liked my ideas about how to reduce high prices by not buying when they are too high.

He writes.

"What a job it is to persuade our dear old public that self-restraint is the best means of bringing prices down!

"Why don't you start a new party, Mr. Brandeis? You'd need only two planks in your platform. First, the kind of economy that would bring prices down. Second, Thomas Jefferson's famous principle, "that government is best which governs least."

• • •

THEN my correspondent (and potential constituent) comes forth with a bit of philosophy which I would like to have you mull over:

"Of course, you would also be compelled to make over the human race a little.'

"You might need to preach a little industry to employees, a little liberality to employers, a little tolerance for the mistakes of others and intolerance for our own mistakes.

"In short, you might have to inculcate a little practical religion into present-day society, which would make it much easier to control it than trying to do it by law."

After that bit of sound philosophy, my friend ends his letter with the remark "You might become another Wendell Willkie."

I think it is intended as a compliment.

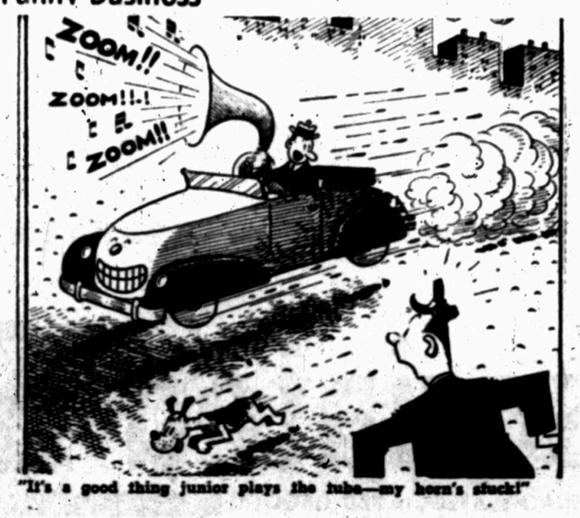

But, if I could do all the things he suggests, if I could change the human race and give it the practical religion so that it could govern itself in peace and harmony and common sense, I would have to be much more than a Wendell Willkie.

Yes, I would have to be another Christ.

But even Christ was crucified. And while his teachings live on and are proclaimed as the guiding light by which we live he is flouted every day and every minute of the day.

So—what chance have I or you or anyone?

## Funny Business

"It's a good thing junior plays the tuba—my horn's stuck!"

ON TOUR OF SOUTH

## HST Given Warning

By RAY TUCKER
Special Correspondent

WASHINGTON—Many old friends of President Truman, including prominent Dixiecrats who have abandoned the Administration only temporarily and technically, have warned him against his avowed plan of carrying his Civil Rights crusade through the Deep South in person. It will win him enemies rather than friends, according to their well-meant advice.

Henry A. Wallace's violent and spectacular trip through this territory, in the opinion of veteran observers, was arranged deliberately so as to embarrass the Chief Executive, if he accepts the dare to invade the South.

Mr. Wallace had not the slightest expectation of winning any Dixie ballots by his egg-haloed foray. But he did count on his non-segregated performance to gain votes in such northern centers as New York, Philadelphia, Chicago etc. By depriving Mr. Truman of a large percentage of colored support in those cities, the Iowan aims to insure a Dewey-Warren triumph in November.

• • •

**STRATEGY:** It is generally admitted that the President has the same strategy in mind through his advocacy of social, economic and political equality for negroes. He is gambling that prospective victories in the electorally important northern areas will more than offset the loss of a few rebellious commonwealths in Dixie.

But if he conforms to custom, and addresses only segregated audiences, Mr. Truman will lose whatever advantage his Civil Rights program is designed to win him in the black belts of northern metropolitan centers.

On the other hand, if he should try to match the Wallace appeal to racial emotions, he may toss away many southern and border states that might otherwise give him a narrow margin. Instead of losing three or four through an electoral college ruse, he may be defeated by popular vote in all save a few.

• • •

**WEAKNESS:** Mr. Truman may suffer the uphappy experiences that befell Al Smith in 1928.

Save in a few places, particularly Louisville, there was no actual hazing of the New York Governor and his party. But he paraded through empty streets in such a Democratic citadel as Richmond, faced surly crowds in his formal night appearances, and gazed gloomily from his train windows at Ku Klux Klan crosses flaming on the hostile hills.

Indeed, the very fact that a Democratic presidential nominee considered it necessary to canvass the ancient confederacy was regarded everywhere as a sign of weakness and sure defeat.

• • •

**ARRANGE:** Thus the President's earlier off-hand declaration that he would wage an aggressive fight on this issue has placed him in the most serious dilemma of the campaign, as his aides belatedly realize.

If he confines his "Dixie invasion" to such southwestern states as Texas and Oklahoma, and avoids the historic confederate section by flying to Miami for his address before the American Legion convention, his cautious behaviour will be interpreted as evidence that he is playing both ends against the middle.

How to arrange a southern tour without alienating either white Democrats down there or colored voters in the North has become the heaviest headache around the White House.

• • •

**STUDY:** A White House study of the 1944 presidential vote in twelve border and southern states sharpens the anxiety of the Truman political family. It suggests that even a Democratic President could lose nine of these commonwealths, in view of the disturbing issue which the Missourian has exhumed.

The three states which seem safe, regardless of the Wallace appeal in certain industrial areas and the racial question, are Florida, Tennessee and North Carolina. The Roosevelt-Truman ticket swept them, respectively, by 196,162, 108,398 and 264,244 votes. It might be hard to tip them over, despite reports that Florida and Tennessee might flop.

• • •

**SOLID:** But in nine other historically Democratic states the margin was sufficiently close to endanger the Truman-Barkley ticket under the current circumstances. Remembering that only slightly more than a 50 per cent shift of the 1948 majority will land any state in the G.O.P. column, here is the lead piled up by F.D.R. at a time when the U. S. was beginning to win history's worst war:

Arizona, 24,639; Arkansas, 85,414; Kentucky, 80,141; Maryland, 22,541; New Mexico, 10,701; Oklahoma, 82,125; South Carolina, 86,054; Virginia, 97,033 West Virginia, 69,958.

From these statistics, it is possible that even the states standing loyally by the Truman-Barkley ticket in the selection of their electoral college members may not be so solid, after all.

• • •

**INVESTIGATION:** Resentful labor experts' investigation of J. Whittaker Chambers' record as a federal employee during his Communist days discloses that he worked for an agency frequently assailed as harboring radicals—the late Harry Hopkins' Works Progress Administration.

Mr. Chambers originally testified that he was employed by the Railroad Retirement Board at $6,000 a year. He staid that he got the position by 'twenty-four hours after he had consulted another alleged Communist in W.P.A. explaining that he needed a steady job so as to cover up his Commie activitites. He was then receiving $35 a week from the Moscow party.

Labor men are extremely proud of the Retirement Board's performance and doubted that its funds, which are contributed by employees and the lines, had been used to finance Reds. Their check shows that Chambers worked for the National Research Project in making a transportation survey.

N.R.P. was one of the numerous W.P.A. make-work agencies which pay-rolled jobless writers, ballet dancers, actors, musicians and Greenwich Village bohemians without a too careful check of their antecedents. Chambers' pay was $2,000 annually, and he worked only three months.

---

Noah had to work a long time in building the ark. They weren't putting out any prefabricated jobs in those days.

---

A college professor says we are smartest at 50. At that age a man has quit trying to set the world on fire and is resting his aching feet.

---

An old-timer is the one who can recall when a rugged individual of a man didn't wear any socks during the summer months.

---

In order to enjoy your fellowman, one must have plenty of sense and a deep sense of humor.

---

Politics didn't have the ballyhoo in the horse and buggy days. No one ever placed a candidate's sticker on a buggy.

---

No wonder a man likes to rough it occasionally in the open. He doesn't have to shave every morning.

The little boy who likes to sit on the front row of seats at the movies grows up to sit on the back pew in church.

## Believe It Or Not - - By Robert Ripley

PRESENT FEUD NO SOLUTION

## Two-Party Setup In South Urged

By THOMAS A. STOKES
Special Correspondent

WASHINGTON—It would be a healthy result if, out of the conflict within the Democratic party in the South today, the Republican party could gain a real foothold there and make a start toward a two-party system.

It would be good for the Democratic party, the Republican party and the nation. For it would make possible for the whole nation, as well as the south, that lively political competition that conduces to the best government, both local and national. This is not now possible with Republicans blocked completely out of the South.

Because of this shut-out and other circumstances, the South now exercises an influence upon the Democratic party, particularly in Congress, that is out of proportion to the weight it should pull in the party and in national affairs. Often the South exercises a veto in the field of national legislation that discriminates against people in other parts of the country.

STOKES

• • •

**Many Favor GOP**

The hope for a two-party system in the South is, of course, nothing new. It bubbles ever and again. It effervesced vigorously after the 1928 election when Herbert Hoover carried four southern states. But somehow nothing got done then. It rises again now.

It is common knowledge among those familiar with the South that there are large numbers of Republican-minded people in there, especially among businessmen. But these people regularly vote Democratic because the Democratic party represents government in the South and it is the party of business and social respectability.

These people and the interests with which they are identified, desiring to exercise an influence upon government as all groups in society do, work naturally through the instrumentality at hand, the Democratic party. They are conservative and because of the influence they can exert politically due to certain circumstances they are able to keep the southern wing of the Democratic party conservative, by and large, and a misfit in a party which nationally follows a more progressive philosophy.

• • •

The circumstances that facilitate the wielding of large political power by the business, industrial and financial element, which is inherently influential as such groups are elsewhere, include disfranchisement on a large scale by "white primaries" or variations of it, poll taxes and registration wrinkles of several sorts. That permits fairly easy control by a small and skillful group.

The result is a preponderently conservative complexion among southerners selected for Congress. The one-party system assures long tenure for them. This, in turn, works through the seniority system in Congress to move southerners into key places there through the years so that they always have a disproportionate number at any time. The southern wing of the party thus becomes, quite often, the tail that wags his dog. Franklin D. Roosevelt learned that. So has Harry Truman.

• • •

**Some Progress Made**

There is, on the other hand, a tradition of political and economic progressivism in the South, dating back to the Populist movement which swept into the South from the West in the 1890's, captured local offices, including a governor or two, and sent a few members to Congress. It was the Populist revolution that led the ruling caste of that day to invent the "white primary." Franklin D. Roosevelt revived the spirit of change exemplified in the Populist movement, as had Woodrow Wilson before him.

Basically this progressive element in the south has been solidified and increased through economic and social measures of the Roosevelt regime that struck off some of the shackles, particularly the Wagner act that permitted workers to organize for their own protection.

• • •

But there is always the shotgun behind the door to pull out to check this sort of change. That is the racial issue. Demagogues are encouraged to rise up and stir up prejudice and sway the underprivileged against their own best interests. That is what is going on now in the South. The ultimate remedy is the very one against which the South now is balking, which is the extension of civil liberties hand-in-hand with measures of economic betterment.

Real political competition that would be provided by the two-party system in the South, instead of present factional warfare which makes the process of divide and conquer so easy, would contribute to progress generally. It would allow a division along lines of political philosophy instead of the confusion that can be created by corruption of the one-party system, such as is seen in the South today.

**Railroad Activity Keeps Business Booming**

# Slaton, 'Santa Fe Center' Of West Texas, Continues Growth

By BILL CLARK
Avalanche Staff Writer

SLATON, Sept. 16.—Slaton people like to refer to their town as the "Santa Fe Center" of West Texas. The description is eminently fitting since Slaton is reliably said to headquarter the longest division in the Santa Fe's great system, and the third longest railroad division in the United States.

Conceived, laid out and largely built by the Santa Fe railroad and the tremendous annual payroll it brought, Slaton never forgets the offices, shops and roundhouse which have helped make it a substantial, prosperous town although it hovers in the shadow of Lubbock 15 miles to the northwest.

The railroad company's engineers laid out Slaton somewhat after the manner of Washington, D. C., or a San Francisco without hills, with spokes emanating from a hub on which the City Hall was built.

**City Shows Growth**

The sale of lots to highest bidders began on June 15, 1911, and some of Slaton's business buildings date from about that time.

Periodically over the years the rumor has been heard, either in Slaton or in Lubbock, that "the Santa Fe is moving its roundhouse to Lubbock." The rumor s never been based on fact, and railroad men see little likelihood that the change will ever be made.

Slaton's population probably ranges at present between 5,800 and 6,500, with 6,200 providing the most probable figure. In that total are included no few persons who work in Lubbock and commute back and forth daily. Slaton today is nearly twice its size in 1940, at which time the official census was 3,587.

**Much Of City Paved**

The city's 1947 assessed tax valuation was $3,582,865 and the 1948 total may reach $4,000,000 when this year's tax roll is completed. With a tax rate of $1.50 per $100 valuation, Slaton has a remarkable number of city advantages. For example, its 158 blocks of street paving that total 9.6 miles in length give rise to the claim that Slaton has more paving than any other town of its size in West Texas.

A new street sweeper and packer-type garbage truck were recently purchased by Mayor L. B. Wootton and the city commissioners, J. B. Huckaby, O. N. Elkhorn, W. T. Brown and Howard Hoffman. Incidentally, Mr. Brown has to endure a lot of "ribbing" because he is the only Republican on the city commission.

Financed by a $55,000 bond issue, extensive water improvements have been completed and sewer extensions are in progress. Slaton has 1,225 water connections.

The city maintains a police force of one man on day duty, two at night.

According to records in the office of J. J. Maxey, city secretary, 50 permits for new residences have been granted since Jan. 1, and seven permits or business buildings with a declared total cost of $58,130 have been issued.

**New School Being Built**

Among the largest construction projects under way in Slaton currently is the new $240,000 elementary school building which will replace an older building.

Supt. of Schools P. L. Vardy evpresses great pride and enthusiasm when he speaks of the new building. It will help solve overcrowded conditions in Slaton schools, which have a total enrollment this term of 985 students.

The school system employs 34 white teachers and four colored teachers, operates two school buses and an athletic bus, and boasts a manual arts shop. The Slaton school district covers 64 square miles of southeast Lubbock county.

Roy S. Mack is president of the school board, Wayne Liles is secretary, B. B. Castleberry, W. T. Davis, Fred Stephens, Ray C. Ayers and T. C. Reynolds are members.

**Hospital Facilities Available**

Excellent hospital facilities are available in Slaton at the Sisters of Mercy hospital, built in the late 1920's at a cost of $225,000.

The hospital has a 60-bed capacity. The staff includes five Catholic sisters, five graduate nurses and five nurses' aides.

Nearby is Slaton's parochial school, St. Joseph's, where 96 children are enrolled in eight grades. Thomas D. O'Brien is superintendent.

A $20,000 community club house contains the Slaton unit of the county library and provides a community gathering place.

**Feed Plant Busy**

One of the largest industries in Slaton is the firm of Ray C. Ayers and Son, feed manufacturer and grain dealer.

Mr. Ayers is generally supposed to be the largest independent handler of milo maize in the United States. Asked if this is true, he replies that he is so busy looking after his own affairs that he hasn't had time to stop and figure it out.

At any rate, he is certainly one of the largest and his expensive plant in northeast Slaton adds extensively to Slaton's high annual payroll. In his office hangs a photostatic copy of a $45,000 check in payment for one grain transaction.

Many other firms in Slaton have built new buildings or additions, among them the Cudd Implement company, Slaton Gas Appliance company, Hestand-Kimbell Grocery company, Henzler Implement building and others.

With J. G. Meading as its manager, Slaton has a wide-awake and aggressive Chamber of Commerce, well supported by Slaton business institutions. The chamber of commerce, among other activities is operating a migratory labor camp just south of the city where as many 80 farm workers can find a stopping place.

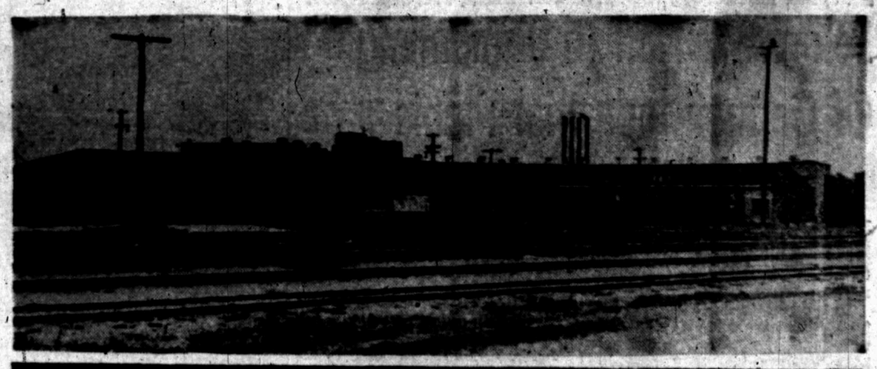

Another active association is the Retail Merchants association, of which Mrs. Lee Green is manager.

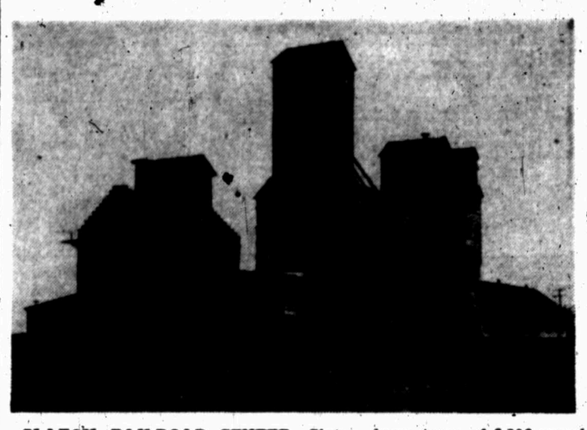

Bank deposits at the Citizens State bank of Slaton at the close of business June 30 totaled $3,472,631. Officers of the bank are J. S. Edwards, president; H. T. Swanner, active vice president, C. F. Anderson and Bob Merrell, vice presidents and William R. Sewell, cashier. Directors are Anderson, Sewell, Swanner, Edwards, Merrell, Abe Kessel and B. G. Guinn.

**MAINTAIN TEMPERATURE**

Bees keep their hives constantly within half a degree of 35 degrees Centigrade while the eggs are hatching, apparently by carrying in water when the hive becomes too warm and by muscular motion when it cools, according to the Encyclopedia Britannica.

**SLATON, RAILROAD CENTER**—Slaton, busy town of 6,200 population 15 miles southeast of Lubbock, is an important commercial and railroad center. Typical of the commercial aspect of Slaton is the feed manufacturing business of Ray C. Ayers, shown examining one of the stock market ticker tapes that feed into his office. Mr. Ayers, center, is flanked by his son, Bob, on the left and Henry Eidson, firm official, on the right. Part of the Ayers plant, called the largest independent handler of milo maize in the United States, is shown below at left. At upper right is the Slaton roundhouse of the Santa Fe railroad, which has headquarters of its longest division there. It serves 1,100 miles of West Texas railway lines and employs 500 persons with an annual payroll of $1,700,000. At center right are two men of the many who aggressively support civic betterment in Slaton. They are P. L. Vardy, left, superintendent of Slaton schools, and P. G. Meading, manager of the Slaton Chamber of Commerce. Vardy is a director of the chamber of commerce. At lower right is a view of the Sisters of Mercy hospital, erected in 1928, which provides hospital facilities for the Slaton area. (Staff Photos).

# Gloomy Picture Of Overcrowded Earth Painted

By FRANK CAREY
Associated Press Staff Writer

WASHINGTON, Sept. 16.—Warnings that the earth is becoming too crowded and exploited that freedom from want is "changing from a hope to a pipedream" have been sounded by scientists.

"The virtue of large families has become obsolete" and sooner or later there must be a limitation on world population," said Dr. G. Brock Chisholm. He is head of the World Health Organization on the United Nations and former Canadian deputy minister of health.

Dr. Chisholm was here for the 100th meeting of the American Association for the Advancement of Science. He told a news conference that the human race is obviously increasing beyond the capacity of earth, water and air to sustain it.

In an address prepared for the association, Dr. Fairfield Osborn, president of the New York Zoological society, said that within three centuries the population had increased from 400,000,000 to more than two billion.

"Suddenly . . . we are commencing to realize that perhaps the earth is becoming overcrowded. Human civilization has permeated virtually every living area of the earth's surface.

"Unfortunately, vast fertile regions in various parts of the earth have been injured by man, some of them so ruined that they have become deserts. . .

"'Freedom from want' is changing from a hope to a pipedream and this disillusionment is undoubtedly one of the principal causes of the world's unrest."

He said scientists are hunting new ways to sustain life. But if man continues his "unthinking exploitation" of topsoil, forest and water "it will take more than a research chemist to insure survival."

## Romanian Industry Scored For Poor Management And Goods

BUCHAREST, Sept. 16 (AP)—Romania's Communist minister of industry said today much of the country's nationalized industry is badly managed and is turning out poor quality goods.

Because of this, Thidu Scoica wrote, in the Communist newspaper Scanteia, factories are rundown and not ready to withstand the coming winter. Export trade and the national reconstruction program are suffering But, he declared, production has increased.

## Two Persons Are Killed, Two Hurt In Car-Train Collision

UVALDE, Sept. 16. (AP) — A train-auto collision at Spofford, between Uvalde and Del Rio, killed two occupants of the car today.

Dead were Ralph Gutierrez, 23, and Salvador Hernandez, 23, of Uvalde. Seriously injured were Antonio Palas and an unidentified man, who were also in the car.

# Solon Asks Halt To Dismantling Of German Industrial Plants

By H. K. REYNOLDS
INS Staff Correspondent

WASHINGTON, Sept. 16.—Sen. Bridges (R) N. H., today demanded a halt in the dismantling of German industrial plants which can be utilized in Germany to aid European recovery.

In a letter to EAC Administrator Hoffman, Bridges said that Congress has stated vigorously that Western Germany must be restored to a self-sustaining basis, but that equipment from 916 plants is still scheduled for shipment outside of Germany as reparations.

**Cost Heavy For U. S.**

Bridges is chairman of both of the Senate Appropriations committee and of the joint congressional watchdog committee on the Marshall Plan.

He noted that the United States, in the current fiscal year, will spend more than one billion dollars to provide for the people of the French, British and American zones of Germany.

He said such a drain on the American economy cannot be continued indefinitely, and that any productive equipment which could be retained in Germany to reduce American occupation costs should not be shipped to other nations.

Under the foreign aid act, Hoffman is directed to review dismantling schedules, and this is being done by ECA in consultation with the State department and the Army.

**Could Aid Recovery Plan**

Bridges expressed the hope that these studies would result in recommendations which will enable Hoffman to put a stop to the dispersal of equipment which is vital to the recovery of German production. Bridges said:

"It is the sentiment of Congress that the industrial equipment of Western Germany should be made to serve the recovery of Western Europe as a whole.

"Any equipment that can serve the domestic economy of Germany should be retained in Germany. None of the industrial equipment from dismantled plants in Germany should be shipped elsewhere, except when there is good indication that it can serve the total needs of Europe better in a country outside of Germany."

Bridges said it had come to his attention that some of the German plants are still being earmarked for later shipment to Russia, and that other equipment currently is being shipped to Albania, Czechoslovakia and Yugoslavia.

Bridges said the American position on the dismantling and removal of German industrial plants has never been clear since the end of the war three years ago, and that the "Morgenthau plan to strip Germany of its industrial productivity apparently still is adhered to by some officials of government."

## Photographers To Get Chance To Help Design Bathing Suit

ATLANTIC CITY, N. J., Sept. 16. (INS)—The photographers who made such a rumpus over the type of bathing suits worn in this year's "Miss America" pageant were told today to try their own hand at designing.

Leonore Slaughter, executive director of the pageant, said that newsreelmen, photographers and even the reporters will be asked to decide the type of swim suit worn in next year's contest.

She acted after the picture snappers complained about the "seba" model worn in this year's contest.

The United States Navy cost the government only $4,000,000 a year a little more than a century ago.

EXOTIC — Felice Ingersoll poses in an off-the-shoulder frilled peasant blouse she wore in a recent movie.

## Three Olney People Slightly Injured In Amherst Accident

Minor injuries were suffered by three Olney residents about 9:30 a. m. Thursday when the car in which they were riding went off a culvert on U. S. Highway 84 about a mile and half from Amherst and turned over twice. They were treated at Amherst hospital for minor cuts and bruises.

The injured, all of whom were dismissed from the hospital following treatment, include Mr. and Mrs. J. R. Womack, both 62, and G. R. Berry, 63, all of Olney. The driver of the car, Morris Ray Womack, 20, son of the injured couple and a student at Texas Tech, was uninjured.

The accident occurred when young Womack, driving a 1947 Pontiac coach, was forced to alter his course suddenly when a pick up which he was driving closely behind attempted to pass another vehicle. The Womack car, headed northwest, went into a culvert off the left side of the road, according to highway patrol reports. An investigating officer said the car turned over twice, and was heavily damaged.

No charges were filed, patrolmen said.

Garnish a potato omelet with crisp bacon bits and serve for Sunday breakfast with muffins and currant jelly.

## Threats Of Gasoline Shortage Disappear

LOS ANGELES, Sept. 16. (INS)—Threats of a gasoline shortage in the Los Angeles area appeared to be over today with oil companies urging visitors and vacationists to plan trips anywhere in the state without fear of being stranded.

Oil companies said that the regular grade of gas is more available now than at any time in Pacific coast states. Higher grades of gasoline, it was understood, are gradually disappearing from service stations.

Strike of the C.I.O. Oil Workers union against six major oil companies first was expected to result in a gas shortage, but few stations closed and the average motorist found little difficulty in obtaining fuel.

The use of envelopes for mailing purposes began about 100 years ago.

## Rites Slated Here Saturday For Dalsie Monroe Weeks

Dalsie Monroe Meek, 69, of 1512 Ave. N, a resident of Lubbock for the past 20 years, died at 5:30 o'clock Thursday morning in West Texas hospital as result of a cerebral hemorrhage.

Funeral services will be conducted at 10 a. m. Saturday in Central Baptist church with Rev. Jeff D. Welch, pastor, named to officiate, assisted by Rev. C. J. McCarty, pastor of Calvary Baptist church, and Rev. J. T. Clinton. Interment will be in Lubbock Memorial Park.

Survivors include his wife, Mrs. Ina Meek; a daughter, Mrs. O. C. Higgins, and a son, M. M. Meek, both of Lubbock; two brothers, D. S. Meek of Pecos and E. H. Meek of Royce City; two sisters, Mrs. E. H. Hawkins of Greenville and Mrs. J. N. Shanks of Sudan, and three grandchildren.

Pallbearers will be W. R. Adams, Lewis Kinley, Rev. W. D. Morris, Charles Clark, R. G. Knott and W. M. Boldin.

Bryan McDonald & Son Funeral home is in charge of arrangements.

# Transportation Of Ships Across Mexico By Rail Is Under Study

By A. CARL KUPFER
INS Staff Correspondent

MEXICO CITY, Sept. 16—One more suggestion has been presented for transportation of ships from Atlantic to Pacific without using the Panama Canal. This has been a long-time dream of much of Latin America, each country desiring its own canal or transport in view of the enormous prosperity which the Canal has brought to Panama.

Nicaragua was a serious contender for the original canal and was very close to the winner in the bidding. According to the tradition, possibly apocryphal, the Nicaraguan chances were blasted when a United States congressman saw a series of Nicaraguan stamps with a row of active volcanoes depicted. He immediately raised the objection that the erupting volcanoes would endanger any work and had it blocked.

**Would Use Railroads**

Now Mexico has come up with a suggestion which, it hopes, will enable the country to construct its own system without the extra-territoriality involved in Panama, develop industry and business in the rich, primitive South and win some of the money available for use of a shorter route than Panama.

The Mexican plan has been developed by an engineer, M. C. Rolland. It involves a railroad transportation of ships up to 15,000 tons in wheeled drydocks running on railroad tracks the 125 miles between Coatzacoalcos and a point on the Pacific Coast near Salina Cruz.

The drydocks would be 150 meters long and 15 meters deep mounted on 300 "trucks" or sets of wheels each with an individual waterproof electric motor. The trucks would be spaced to run on ten sets of 112 yard rails at speeds up to 40 milometers an hour.

Rolland's plan calls for the tracks to extend into the sea at each end to a point at which the ship to be transported can steam into the dock filled with water. The entrance end would then be closed and power fed into the motors. The entire apparatus, drydock filled with water in which the ship floats with its personnel and cargo, would then rise from the water on rails and move across the isthmus of Tehuantepec at 25 miles an hour.

Five hours later the ship-bearing dock would descend into the Pacific Ocean until completely submerged. The gate would open and the ship sail out into the open sea.

The plan is one which has received a great deal of discussion in Mexico City and is periodically dusted off and whooped up by the newspapers or more sensational magazines.

Cost has been figured at somewhere in the neighborhood of $1 billion. The docks would cost $10 million each, 11 large bridges to cross rivers and streams would com to another 45½ million, track and laying would account for 282-240 tons of rails, 5,040,000 reinforced concrete sleepers and with this the cost of study, borings, surveys etc., would make up the total.

Power would be furnished by four diesel motor generators each with an output of 5,500 horsepowe to drive the electric motors on each wheel truck.

From North to South, or from Caribbean Sea to Pacific Ocean, the straigitline distance is about 125 miles. The ten railroad tracks would, however, run 252 kilometers (158) miles due to exigencies of the terrain.

Cost has been calculated in that with estimated use a charge of $20 a ton would cover the operation, repair and ammortization of the system. The charge, though somewhat higher than Panama, would be less than the cost of the extra distance between the use of the two routes. Panama is some 2000 miles farther in a passage from New Orleans to San Diego than the Tehuantepec route would be.

Incidentaly the building of such a route would open to commerce and industry some of Mexico's most productive and delightful land now an almost barbarous wilderness.

The plan has met with very serious consideration and has received approval from the President. It's execution may not be long delayed.

## GOP Committee Chairman To Be Guest At Dallas Luncheon

FORT WORTH, Sept. 16. (AP)—Rep. Hugh D. Scott, jr., of Philadelphia, chairman of the Republican national committee, will be guest of honor at a luncheon in Dallas Monday to which "prominent Republicans and Democrats from all over Texas," have been invited, according to an announcement today by Henry Zweifel, state GOP chairman.

The Pennsylvania congressman's appearance will mark the first official party visit to Texas by a GOP national committee chairman, Zweifel said.

The luncheon will be held on the roof garden of the Adolphus hotel and is designed to help "the determined drive to make Texas a two-party state and carry it for governors Dewey and Warren," Zweifel said.

# A Quart of Medicine for $1.00

Get the NEW Mertox. Add a quart of water and you have a quart of medicine for a dollar.

Full directions on each package. Now better health for less money.

- Mertox goes to work quickly to overcome the torturing pains of rheumatism.
- It tones the bowels into a more rhythmic action. Expels waste matter that may have been in your system over a long period of time, causing many days, weeks and months of misery.
- Gas and bloat, indigestion, sour stomach are quickly relieved.
- Kidney and bladder troubles are helped so that the annoying broken rest from having to get up frequently at night is lessened.
- Dizziness and run-down feeling is overcome quickly so that you feel, look and act like a different person.
- Helps to build rich, red blood—creates a better appetite so that you have a real zest for food.

•MAKE YOUR MEDICINE DOLLAR DO THE WORK OF $5.00

- Mertox may be taken by every member of the family. It contains no narcotics, opiates or calomel and will not make you sick, gripe, or nauseate you in the slightest degree.
- Here is the way you save $4.00 with the NEW Mertox package:
  The 8-ounce bottle of liquid Mertox (or any other 8-ounce bottle)—$1.25.
  4 bottles cost you (4—8-oz. bottles, 1 qt). ..... $5.00
  1 package the NEW Mertox (makes 1 qt.) ..... 1.00
  YOU SAVE ..... $4.00
- Just a few minutes' work. Simply add the contents of the NEW Mertox package to a quart of water. Take according to directions.
- Be patient. All wholesale drug houses in Texas have been stocked with the NEW Mertox. Your favorite drug store can get the NEW Mertox quickly from his wholesale house. You will probably find some druggists sold out of their initial supply. Be patient until he can get in a new supply.

## Austrians Reported Preparing List Of Soviets' 'Misdeeds'

VIENNA, Sept. 16. (U.P.)—Parliamentary quarters report that the Austrian government is preparing an "official white book on the black deeds of the Soviets committed during their occupation of Austria."

Officials said the book, which "extensively exposes all Soviet excesses during the Austrian occupation, will be published for all the world to read in case Russia does not agree to sign an Austrian treaty in the near future."

The book, which is to be completed in about two months, will contain several hundred pages, the officials said.

The officials said the government started collecting data on "unjustified Soviet actions in Austria" as early as mid-1947. Early this year it was decided to assign several officials of every government agency to the task to collect the data in a "more streamlined operation."

The officials said the government is preparing the book "to have it handy in case the opportunity arises for Austria to show the world how the country was wronged by the Soviet."

The officials said the names of the people working on the book were kept secret to protect them from any Soviet reprisals."

In response to the royal command of Queen Customer—Jo Ann presents a

# Warren Urges Friendly Party Relations In Kickoff Speech

SALT LAKE CITY, Sept. 16. (INS)—California's Governor Earl Warren called for "friendly" relations between the nation's political parties tonight in a speech at Salt Lake City launching the Dewey-Warren election campaign.

In an address prepared for delivery at South High school auditorium, the Republican vice-presidential nominee called upon Democratic and GOP leaders alike to wage a "vigorous—but friendly" campaign.

**Dewey Is Praised**

Warren in his first major address declared that "good Americans are found in both parties" and that neither party has a monopoly on good or evil.

He praised the record of his running mate, Governor Dewey, and asserted:

"The Republican party has never been as united as it is today under the leadership of Governor Dewey. The unity achieved within the Republican party can be used by its leaders to unite the nation in an all-out effort to solve the serious problems of the day."

He dwelt on the New York governor's public record and cited Dewey's ability to pick efficient aides. Warren added:

"It will be no trouble for Tom Dewey to get Communists out of the government, because he will never let them in."

In keynoting the GOP vote drive, Warren inferentially criticized President Truman for "preaching a doctrine of fear" and for describing the Republicans as "blind reactionaries who have calculating machines instead of hearts."

But the tall personable Californian was surprisingly mild in his general appraisal of the campaign. He said:

"I believe that our best chance of preserving responsible government under the two-party system depends upon how wholesome our campaigns can be, how free they are from the prejudices of party, class or race, and upon the extent to which we can unify, rather than divide, our people."

Warren said that after 16 years of Democratic administration the nation should have "better housekeeping methods" as offered by the Republican party.

The California governor also discussed the international situation and said that Soviet Russia has "an obsession for world domination" which goes under the name of "cold war."

He asserted that Russian tactics have brought fear to every American home.

Warren said that the Democrats were not entirely responsible for the present position of the United States on the world or domestic scene but said conditions beyond the control of the American people had brought about the situation.

# Oklahoman Named As Holdup-Slayer

DENVER, Sept. 16. (INS)—A 23-year-old man from Oklahoma City was pointed out today in police headquarters as the holdup-slayer of a Denver grocer by the victim's wife, who witnessed the crime.

Don Kelton, 23, the suspect, and his companion, Don Peterson, 22, also of Oklahoma City, however, continued to deny participation in the robbery and killing of Isaac Cohen, grocery store proprietor, last Thursday night.

Mrs. Anna Cohen, 38, weak from grief, picked out Kelton from a group of seven men in a police lineup, and told captain of detectives James J. Pitt:

"That's him. I swear to God that's him!"

She told Pitt and other detectives:

"I don't want anyone killed just because my husband was killed. But that's the man who was in our store that night."

Cohen was shot after he had attempted to hit a gunman with an empty crate. His wife, who was in the store, said his pleas for mercy were ignored. The robber then fled with $500, and escaped in a waiting car.

**NOT HOT ENOUGH**

MERRILL, Wis. (U.P.)—It has to be hotter than 100 degrees to fry an egg on a sidewalk. Several radio men from Station WLIN tried it. All they could do was curdle the edges of the egg.

# 'Witch Of Buchenwald' Has Sentence Cut To Four Years

FRANKFURT, Sept. 16. (INS)—American informants said tonight that the life sentence of Frau Ilse Koch, the "Witch of Buchenwald," has been reduced to a four-year jail term.

The reduction by U. S. Military Governor Gen. Lucius D. Clay was made June 8, but did not leak out until tonight when the Frankfurt AFN radio station reported it in a dispatch from Munich.

Military government officials gave no reason for the leniency in the case of the 41-year-old widow of a former concentration camp commander who gave birth to an illegitimate baby in prison during the trial. The child was sent to an unnamed orphanage.

# Lower Rates For Large Groups Proposed By Major Airline

WASHINGTON, Sept. 16 (U.P.)—Transcontinental & Western air today announced plans to give 20 per cent fare reductions for 10 or more persons traveling in a group.

C. S. Fullerton, general manager, said the proposal will be filed with the Civil Aeronautics board on Oct. 1 and, if approved, will be in effect from Nov. 1 to May 1, 1949.

He said the plan, reducing the cost of 10 tickets to that of eight, was designed mainly for business people, athletic teams and other persons who normally travel in groups.

**BOOKS TOO LURID**

SAVANNAH, Ga. (U.P.)—Comic books are too lurid, says Arthur J. Funk, principal of Commercial High School. The young students have been forbidden to bring them to school.

# Atomic Scientist Claims Papers 'Suckers' On House Spy Probe

By ROSE McKEE
INS Staff Correspondent

WASHINGTON, Sept. 16.— Dr Harold C. Urey, Nobel prize winning atomic scientist, said today that newspapers are publicity "suckers" of the House Un-American Activities committee.

Urey, who played a key role in developing the atom bomb, said the Congressional group is "driving more and more scientists into the universities and industry."

**Claim Is Denied**

He said something should be done to make the committee pay some attention to the Bill of Rights and the Constitution of the United States."

His remarks at a news conference followed a charge by another top scientist, Dr. Harlow Shapley of Harvard university, that the committee is conducting an "inquisition."

Sen. Hickenlooper (R) Iowa, chairman of the joint congressional atomic committee, meanwhile denied the statement of a federal atom scientist that his colleagues are deserting government ranks because of the investigation.

Hickenlooper said the U. S. Atomic Energy commission informed him today that only 15 technical workers at the big Oak Ridge, Tenn., atomic energy laboratory have resigned since March

Ray Stoughton, of the Oak Ridge scientists' executive committee, had declared there has "been a mass exodus" of his fellow workers because of the probe of Communism.

The committee's probe for possible wartime thefts of atomic secrets was in recess today while its investigators seek new evidence in the inquiry.

Chairman Thomas (R) N. J., told reporters that no hearings would be held until tomorrow when three witnesses are to be quizzed in secret. Thomas refused to identify the witnesses.

He said he was preparing a letter to all members of the committee recommending that Steve Nelson, a Pennsylvania Communist, be cited for contempt of Congress for refusing to answer questions in connection with the atomic espionage case.

**Appeal To Public**

Nelson, Communist party organizer in Western Pennsylvania, said he stood on his Constitutional rights and refused to answer questions when quizzed in secret yesterday.

Urey declared that the actions of spy probers in connection with government scientists has "pretty well shattered" the credibility of the committee. He was asked why he thought the House group was conducting the investigation and he replied:

"Well, Hitler was serious. I suppose Joe Stalin is too and the committee is also serious."

Urey said "it will take many years to repair the damage" done by the committee to the scientists, including Dr. Edward U. Condon, director of the Bureau of Standards.

He said that there is "no appeal to the committee;" the only resort is to "appeal to the public for support."

Urey said that if the newspapers put stories of the investigations in the last part of their papers "the investigations would stop."

---

Focus, Colo., was so-named because a fine view of the Sangre de Cristo range "comes into focus" at this point.

## Coincidence Restores Wings To Auction Sale Angels

SAN FRANCISCO, Sept. 16 (U.P.)—Gualtiero Bartalini, who is willing to take his angels as he finds them, acquired a pair whose wings were missing at an auction sale about five years ago.

Last week, in a box of junk at an antique shop, Bartalini discovered two pairs of angel-less wings. Remembering his wingless angels he bought them and hurried home to restore the heavenly status quo.

To his astonishment, they fit perfectly. Bartalini is convinced that they are the original missing wings, returned to their proper owners through coincidence.

## U. S. Embassy Refuses Visa For Mexican Labor Leader

MEXICO CITY, Sept. 16. (AP)—The U. S. Embassy has refused to issue a visa to the president of the Latin American Federation of labor. His entry was banned the embassy said, under State department policy excluding "Communists and other undesirable persons."

Informed of the embassy's action, the official, Vicente Lombardo Toledano, said: "I know of no reason for the action. I have been in the United States so many times I can't even count them."

## Investors Syndicate Reports U.S. 'Real Income' Is Up

MINNEAPOLIS, Sept. 16. (U.P.)—America's economy continues to look rosy, according to the Investors Syndicate August survey of the average family's "real income." Real income is defined as the relationship of income to living costs.

The survey says the average family has one per cent more buying power than a year ago, despite steadily-rising prices. And for several months, the real income level has been stable, continuing "an unprecedented period of high economic activity."

Expected fall bumper crops may soften farm prices some, says the survey, but world demand and government price supports assure the farmer of continued high income.

THE NATIONAL GUARD DEFENDS AMERICA

# Nation's Major Meat Packers Set For Finish Fight On Suit

CHICAGO, Sept. 16. (AP)—The nation's four major meat packers appeared ready today to square off for a finish fight with the government in its attempt to dissolve them and reorganize into 14 separate and competing companies.

Spokesmen for three of the packers named in the civil anti-trust suit filed in federal court yesterday denied charges of conspiring to monopolize the interstate trade of cattle purchases and slaughters.

Higher prices to consumers resulted, the suit said, from the monopolistic practices by the packers—Swift and company, Armour and company, the Cudahy packing company and Wilson and Company, Inc.

**Firms Argue Positions**

The government charge that the companies suppressed competition was described "just plain nonsense" by the American Meat institute.

John Holmes, president of Swift and company, said the suit was an attempt to "shift responsibility for inflationary prices" during the fall political campaign.

George A. Eastwood, chairman of Armour and company, said similar charges made against meat packers in the past have "always failed when taken to court. Any claims that Armour's operations or profits are in any way responsible for present price levels of live stock and meat are without foundation."

**Suit Charges Defined**

"Meat is sold on a highly competitive basis by thousands of packers thrpughout the country," he said. "The laws of supply and demand have free play and establish the price of meat."

There was no comment immediately from Wilson and company to the anti-trust suit. It said the four packers suppressed competition by: controlling the supply of meat which each company obtains for sale by: controlling the amount of livestock each will purchase; utilizing uniform cost formulas for arriving at selling prices; selling at "loading" rather than "delivered" weights, and selling at substantially identical prices and terms of sales.

**Clark Tells Purpose**

In Washington, Attorney General Tom Clark said the suit is "another in a series of cases instituted by the Department of Justice in furtherance of its program to free the production and sale of food and food products from monopolistic restraints."

Clark said the suit seeks to divide Swift and Armour each into five separate companies and Cudahy and Wilson each would be divided into two separate companies.

Under the Department of Justice's split-up proposal the four packing companies each would be dissolved. In the successor companies, the stock, management and control of each new company would be separated from each other. Each of the proposed new companies would include plants in various sections of the country.

Wyoming contains approximately 38 species of mammals.

## Vernon Dalhart, Pioneer Folk Song Recorder, Is Claimed

BRIDGEPORT, Conn., Sept. 16 (AP)—Vernon Dalhart, who claimed he wrote the music to "The Prisoner's Song," one of the nation's all-time song hits, died Wednesday night at Bridgeport hospital after a long illness.

A pioneer recorder of American folk songs, Dalhart said he and his cousin, Guy Massey, composed the famous song that was to sell more than 25,000,000 records on the spur of the moment about 25 years ago. The song is copyrighted in Massey's name.

Dalhart was born Marion Try Slaughter on a ranch near Texarkana, Texas, he studied voice at the Dallas Conservatory of Music, moving to New York on the recommendation of his teacher. It was then he assumed his professional name, taken from two Texas towns of Vernon and Dalhart.

Dalhart was a recording star since the days of the old Edison records. Thomas A. Edison, himself, auditioned the singer and signed him to his first contract, a three-year pact. Since that time, he recorded for most of the major companies. In all, he recorded "The Prisoner's Song" for 12 companies, earning royalties estimated at $1,000,000.

## Last Of Jap Battle Fleet To Be Scrap By End Of Year

TOKYO, Sept. 16. (AP) — The last of the Japanese battle fleet will be on the scrap heap by the end of this year.

U. S. Navy spokesmen said today 406 former enemy war craft, ranging from battleships to 20-ton torpedo boats, had already been scrapped. Fifteen more will be cut up before the year ends.

The scrap is being given to the Japanese government for industrial use.

**MEN! FEEL YOUNG AGAIN**

PARADE, DANCING, SPEECHES MARK OBSERVANCE

# Hundreds Of South Plains Latin Americans Gather Here For Mexican Independence Day Celebration

By ROGER SOUTHALL
Avalanche Staff Writer

Hundreds of Latin Americans from Lubbock and surrounding area gathered here Thursday to celebrate the Sixteenth of September, Mexican Independence Day. Other celebrations were carried on in other Southern Plains cities.

A parade with floats, musicians, pretty girls, and a long string of cars draped and decorated with crepe paper moved through Lubbock's business district about 4 p. m. Thursday. A truck load of Latin American musicians played Latin American melodies as the parade came west on Broadway and turned north on Texas Ave. Some of the passengers wore colorful native costumes.

Dancing, speeches, and other entertainment Thursday night in the Mexican section of town on a site adjoining the Mexican park and in front of St. Joseph's Catholic church climaxed the celebration which has been going on since 8 p. m. Tuesday.

Highlight of last night's celebration was the crowning of a queen, who reigned over the festivities. Chosen queen was Senorita Carlota Carrillo Chavez. Her attendants included Guadalupe Moreno, Margarita Aguilar, Olga Bustillos, Mary Elena Carabajal, and David Dumas.

Leon Rodriguez presided at the celebration.

Speakers at the event were Rodriguez, Senora Pedro Rocha, Fastina Paez, and Sixto Aguila.

A dance floor accommodated literally hundreds of couples, young, middle-aged, and old, who danced to the music of an orchestra. The orchestra strand was draped with bunting in the colors of the Mexican Republic, and decorated with pictures of Mexican and American national heroes and leaders. Mexican and American flags were side-by-side everywhere.

Eating concessions catered to a capacity crowd. Total attendance at the affair was estimated to be over 1,000.

Many of the celebrants were in gaily-colored attire, from the white and pastel satin costumes which the queen and her attendants, as well as many of the youngsters, wore, to costumes in the vibrant green, red, and white, colors of Mexico.

**Mexican Colors Flown**

The celebration, similar in import to our Fourth of July, commemorates the beginning of the Mexican war of independence from Spain in 1810.

The national colors of Mexico red, green, and white, were much in evidence in Thursday's parade The Mexican flag also was displayed.

Speeches and events took place at intervals during the two-day celebration. Dancing and other entertainments were held each night.

Pedro Rocha was president of the celebration committee, and Sixto Aguilar was secretary of the group. Two members of the committee, Leon Rodriguez and Frank Chavez, made a solicitation of Lubbock merchants last week for funds for the celebration.

At Slaton, two district celebrations were held by two groups, and in separate sections of the town.

The first group staged its colorful parade through the business district Thursday morning. They have been celebrating since Tuesday, and have set up bingo and other games, proceeds from which will go toward the promotion of a Mexican Catholic church at Slaton.

In charge of the celebration for this group is the Mexican Patriotic association or committee, of which Ernesto Alvarado is president. Vice president and director of affairs is Gavino Martinez, and master of ceremonies at Thursday night's celebration was Tirso R. Dominguez.

Senator Barbarita Aguliar, 19, was crowned queen of the celebration at last night's festivities. She was choosen by popular vote of the participants.

A Mexican choir sang a number of Mexican national songs under the direction of Senora Romelia M. Dominguez. A 12-piece orchestra from Chihuahua, Mexico, furnished music for the occasion.

The program was held on an outdoor platform in east Slaton before an orchestra pit decorated with pictures of Mexican leaders and heroes, both past and present.

The second group of celebrants staged their parade through downtown Slaton at 4 p. m. A program was presented on the town square, during which the Mexican and American national anthems were sung.

Their celebration was held in Slaton's South Park addition, under the direction of the Mexican consul of Amarillo.

General chairman for the second group of celebrants were Felipe Corona.

# Jester Grants Five Conditional Pardons

AUSTIN, Sept. 16. (AP)—Gov. Beauford H. Jester today announced the following clemency actions:

Conditional pardons:

Hugh Kennedy, sentenced to 40 years in 1938 from Brown, Bosque and Mills counties for burglary, theft, theft over $50 and theft of cattle. Initial clemency granted in 1944.

Joe A. Campbell, sentenced to seven years in 1943 from El Paso county for robbery. Initial clemency granted in 1946.

Roy C. Lassiter, sentenced to 52 years in 1938 from Van Zandt county for robbery with firearms and assault to murder. Initial clemency granted in 1944.

William Booty, sentenced to 25 years in 1936 from Shelby county for robbery with firearms and assault with intent to murder. Initial clemency granted in 1945.

Benton Layman, sentenced to life in 1934 from Comanche and Somervell counties for sale of liquor, burglary and robbery. Initial clemency granted in 1946.

Revocation of conditional pardon:

Roscoe Garrett, sentenced to life in 1935 from Johnson county for theft (habitual). Conditional pardon granted in 1941.

Court Action Still Threatens Groom

# Impressive Ceremony Held For Polo Player And Bride

DELAND, Fla., Sept. 16. (INS)—Wealthy Francis Hitchcock and pretty Stephanie Saja climaxed their drab elopement marriage with a colorful orthodox Greek ceremony today that fulfilled the fondest dreams of the "Cinderella" bride from the Pennsylvania coal fields.

The New York socialite and his 23-year-old brunette wife received the blessing of a Greek orthodox priest in a picturesque, exclusive hunting club near Deland this afternoon.

The ceremony was not an actual remarriage.

**Reception Is Held**

However, it provided a stunning contrast to the simple, colorless wedding last night in a county judge's home at the tiny South Georgia town of Folkston, where the couple eloped for a "quickie" marriage.

Some 50 smartly-dressed guests thronged into the swank Kentucky-Florida club to watch Hitchcock and his attractive third wife receive a blessing by a priest from a church of the bride's faith.

It was performed by Father Demosthenes J. Mekras of the St. Sophia Greek Orthodox church in Miami.

A crowd of curious spectators waited outside the club for a glimpse of the handsomely-attired couple when they entered.

Shortly after the ceremony the guests filed into another room for a gala reception, where champaigne flowed freely and caviar canapes were served to the guests.

**Still Faces Court Threat**

A huge wedding cake, with "Shephanie" and "Frank" written across the top in pink icing, was cut for the guests to enjoy.

The bride wore a white wedding gown and the 39-year-old groom was dressed in a neat pin-striped suit.

Last night, Stephanie wore slacks and Hitchcock was attired in light tan trousers and blue sport shirt. The officiating judge, A. S. McQueen, wore a house robe while he performed the nuptials in two minutes.

The only damper that hung over the whole proceedings this afternoon was the threat of a perjury charge against Hitchcock, who applied for a Florida license while still legally wed to his second wife, Marie Grammer Hitchcock.

They were divorced Tuesday in West Palm Beach.

State's Attorney O. Murray Sams announced in Deland that he will have something to say about the perjury investigation tomorrow or Saturday.

He hinted strongly that the scion of the polo-playing Hitchcock family may be charged with perjury because of his sworn statement that he was free to wed again—when actually he was not.

# Guard Requests Block WAA Sales

DALLAS, Sept. 16. (AP) — The Texas National Guard's application for military equipment has held up War Assets administration sales at five Texas military installations, it was learned today.

Col. Karl E. Wallace, director of the Dallas region of WAA, said approval by the armed forces in Washington, as well as by WAA review boards, will be necessary before properties and buildings will be finally turned over to the National Guard.

**Jester Signed Application**

"The War Assets administration will, as usual, do everything in its power to satisfy legitimate needs for national defense, and, of course, this includes needs of the National Guard," said Col. Wallace. "Right now we are in the position of awaiting authority to determine how far we can go in compying with requests."

Texas National Guard applications for land, buildings and other military items have been signed by Gov. Beauford Jester and Adjt. Gen. L. K. Berry, and have been forwarded to Washington.

**Five Areas Sought**

Included in the Texas applications are:

1. Most of Fort Travis, Galveston, which had previously been requested by Galveston county as a public park and storm refuge.

2. A part of the San Antonio arsenal.

3. The commercial area, as well as the lake and maneuver area, at Camp Maxey, Paris.

4. The Camp Swift Cantonment area, in Bastrop county, including portions used formerly by the Army as hospital and warehouse areas; also some of the maneuver area.

5. Land and buildings at the former Laguna Madre air base, in the Rio Grande valley, near Harlingen.

# Secrecy Of Big Four Talks In Moscow Assailed; 'Get Tough' Policy By Newsmen Is Suggested

By BOB CONSIDINE
INS Staff Correspondent

NEW YORK, Sept. 16.—The most humiliating job in newspaper work must be that of the Moscow correspondents assigned to "cover" the talks of the Big Four on the question of Russia's efforts to starve Berliners into submission and eject the Allies.

These men and women are numbered among the best in the realm of journalism. Their long experience and their intelligence made them eligible for the difficult assignment in the discerning eyes of their editors. Their acceptance by the Russians meant, additionally, that they were impartial beyond the N'th degree.

But the fantastic twist which the talks have taken has made of these reporters little more than wind-broken ambulance chasers. They sit forlornly outside the embassies of hotels of those concerned in the conferences, race after them as they depart for the Kremlin, are stopped at the gate by armed guards, maintain the sterile vigil until an emissary reappears, run along at his side and ask questions of his barren ear, follow their men back to their abodes and continue the death watch.

If American newspaper readers are growing restless with such stories as "Bedell Smith smiles after Kremlin talk" consider the pain of the intelligent human being who finds himself forced to pounce upon a crumb as infinitesimal and nutritionless as this.

**Wastes No Time**

I had a dream last night. Its hero was a sour-bellied sportswriter who found himself assigned to this goose-chase. He was a delightfully dumb soul, free of the protocol of foreign correspondence, and when he went to work on those fellows he approached them not only with the bluntness of the sportswriter but the directness of a police reporter, which he once was.

"What were you creeps cooking up in there?" he demanded of an American delegate as that esteemed soul jogged toward his limousine.

"No comment," snapped the American.

"No comment my eye," our man said, grabbing a fist of State department weskit. "There ain't no war going on, so what's all this secret stuff? The people sent you over here to tell 'em what's what and they want to know whether you're letting that bum with the mustache get away with anything.

**Want Direct Answer**

"And don't gimme that no comment again, see? We're paying you good dough to yell for our side, and if you ain't yelling why ain't you? Did you tell that tramp we've got as much right to Berlin as his mob has? Did you tell him that we're going broke sending them Krauts coal by airmail, and wearing out or killing a lot of kids who thought they were through fighting?

"Don't brush me off, brother. I've got as much right to know what happened inside as you have, and the people just got to know. They've watched this thing run on and on like a serial without words, and the longer it goes the sorer they get—for they can't see why it couldn't be settled in two minutes, unless your hands are tied or you've choked up in the face of a bluff.

"You're three against one in there, ain't you? Or are you? Is the British fellow backing you up and bawling, 'That goes for me, too' when you say something, and is the Frenchman pushing that fellow in the chest when he tries to get rough with you and calls you a representative of a worm-eaten system? And if not why not? Neither of them would be there today if it wasn't for you . . . I mean us. Neither would the Russian.

"So come clean, Mac. Give us the low-down and cut out that Mona Lisa giggle. It don't mean nothing to me or the people who read my junk. If the guns were shooting, we could understand. But we're still pals, ain't we? We're still licking our wounds together, ain't we? Don't you or your boss think we're able to take the news, whatever it is? Whose neck's being stuck out, and who's swinging at it?

"Give, out, pally, or step aside and let somebody bat who can talk tougher inside and give us the dope when he comes out. If you don't . . . Well, you won't get another line in my sheet."

The American looked around for a moment and then began unloading the heavy secrets he had borne so long. "Here's the story," he began . . . But just then a kid of mine, chasing another kid of mine across the bed, stepped on my face with his new football cleats, and I never got the rest of the story. I had to see what the reporters on hand learned.

They, poor devils, could agree on only one point. Bedell had smiled.

## $3 Per Capita School Payment Announced

AUSTIN, Sept. 16. (AP)—Release of a $3 per capita apportionment payment of the state available school fund was announced today by State Superintendent L. A. Woods.

The payment totaled $4,597,425, based on 1,532,475 scholastics. It is the initial payment on the $55 per capita authorized for 1948-49 by the 50th legislature.

## Building Probe Starts At Tulsa

TULSA, Okla., Sept. 16 (U.P.)—Subpoenas went out today for an undisclosed number of building materials manufacturers and distributors as a federal grand jury convened here to decide whether anti-trust laws are being violated by the housing supply industry.

First witness before the 19-man grand jury was Earl Hermes, Sapulpa, Okla., brick and tile manufacturer. Witnesses expected to testify tomorrow include Frederick C. Lafountain, Denver, and Francis Rooney, a Tulsa building contractor.

**Others Also Subpoenaed**

Four Oklahoma City brick and concrete block executives were summoned today before the Tulsa grand jury. Another Oklahoma City firm, the Boardman co., was ordered to furnish records of its dealings with Republic Steel Co. of Ohio to a federal grand jury in Cleveland on Sept. 20.

U. S. District Attorney Whit Mauzy has kept silent concerning the aims of the present investigation, but some building materials men are convinced the hearing is a part of the government drive against high prices and trade practices.

The Boardman Co. manufactures steel tanks, pipe and corrugated metal culverts. Twenty-two other firms were ordered to appear before the Cleveland jury with their records.

The Tulsa jury director did not call for company records. He indicated that Oklahoma, Texas, Kansas, Missouri and Colorado men would be ordered to appear before the jury during the next week or so.

Oklahoma City men summoned today included Otto Pluess, of the State Brick and Tile Association; Robert L. Byram, United Brick and Tile Co. Earl G. Bolender, owner of the Bolender Concrete Block works, and Ray Plumb of the Acme Brick Co. The men were ordered to appear in Tulsa on designated days of next week.

**FORMER NAZI KILLS SELF**

BERLIN, Sept. 16. (INS)—British officials in Berlin said tonight that Nazi SS General Schimala, 53, wanted for trial as a war criminal, had committed suicide in an Osnabrueck hotel where he lived under the alias of Paul Lang.

On the average, thunderstorms are twice as frequent in Ohio as they are in northern New England

Our Policy on
PONTIAC
Deliveries and Prices

Despite the fact that Pontiac has built over a half-million cars since the resumption of production after the war, demand still exceeds supply. In the face of this production record, those who place orders now will still experience some delay in delivery. If you are among the many people who feel that Pontiac represents an outstanding value—and wish to order a Pontiac for future delivery—you will be interested in the following policy on retail distribution which we, as Pontiac dealers, will observe:

WE WANT YOUR ORDER
And the sooner you place it, the sooner you will get delivery. So if you want a Pontiac, order it now.

WE WILL ESTIMATE DELIVERY DATE
Due to conditions beyond our control, we cannot give you an exact date of delivery. But based on anticipated future shipments from the factory, we will, when you place your order, give you an honest estimate of when you may expect your car. Such estimates will be reviewed any time on request.

ORDERS FILLED BY PRIORITY
A definite proportion of the cars we receive from the factory is set aside for preferential delivery to users whose work is in the public welfare and to others with certain occupational requirements. *Otherwise, all orders will be filled on the basis of the time when they are received.*

YOU PAY ONLY OUR ADVERTISED PRICE
Due to changing economic conditions, we cannot, when you place your order, tell you exactly how much the car will cost when delivered in the future. But, at the time of delivery you will be charged only our advertised price on your model—which will be shown in a published list of local prices.

YOU SPECIFY ACCESSORIES
While most of our customers order their cars equipped with accessories, we do not *force* accessories as a condition of sale. You specify what accessories you want when ordering your car, and these are the ones (and the only ones) it will carry when delivered. Some items may be lacking due to current shortages; but *none will be added.*

REGARDING TRADE-INS
Naturally, if you have a car to trade, we would like to have it in order to take care of our regular used car customers. Our appraisals are fair, based on current conditions. But if you do not have a car to turn in, we still want your order and will accept it for delivery based on the conditions outlined above.

Since this is our "home town", our business and its future is based on our good relations with the people of this community. We are most happy that so many people here—as all over the country—have made Pontiac their number one choice as a new car.

Nothing pleases us more than to turn over the keys of a new Pontiac to one of the many people whose orders we have, because we know they have chosen well—for Pontiac is *always a thoroughly good car, and a thoroughly good value,* this year, next year, *any year.*

Sheep 2,500; slow, spring lambs around 25 lower; ewes 50 off; good and choice truck-in native spring lambs 25.00; medium and good shipments 22.50-24.50; good and choice slaughter ewes 9.00; common and medium shipments 7.50-8.00.

FORT WORTH REPORT
FORT WORTH, Sept. 16. (AP)—Cattle 1,800; calves 1,000; trade slow; cows and slaughter calves steady to 50 cents lower other classes unchanged; common to medium steers and yearlings 18.00-27.00 medium to good cows 18.00-21.00; canner, cutter and common cows 13.00-18.00; bulls 16.00-22.00; good and choice fat calves 24.00-26.50; common to medium calves 19.00-23.00; culls 16.00-18.00; stocker steers and yearlings mostly 19.00-25.00, few steer calves and yearlings upward to 27.00; stocker cows 15.00-20.00.
Hogs 700; trade active; butcher hogs and sows 25-50 above Wednesday; stocker pigs steady; top 29.50; odd head to 29.75; most good and choice 190-240 lbs butchers 29.25; good 155-180 lbs and 250-325 lbs 27.50-29.00; sows 22.00-26.00, stocker pigs 23.00-27.00.
Sheep 4,000; slaughter ewes weak to 50 lower; slaughter lambs strong; other classes poorly tested; good and choice slaughter spring lambs 25.50; medium grades downward to 22.50; common and medium yearlings 15.00-18.00; common to medium slaughter ewes 8.50-9.50; culls 6.00; feeder lambs 21.50 down.

### Grain

CHICAGO REPORT
CHICAGO, Sept. 16. (AP)—Most grain futures held steady on the board of trade today despite a break in cash corn and soybean prices.
Wheat, oats and new crop corn held small fractional gains most of the session. Wheat and oats were aided by government purchases of these grains here yesterday. Some buying in new crop corn was based on the belief that prices are too far under the potential government loan.
In the cash market, a sale of No. 2 yellow was made $1.86½ late in the session. Earlier the price was $1.90. The same grade yesterday ranged from $1.95 to $1.96.
Cash soybeans were bid around $2.6o against $3.90 earlier in the week.

FORT WORTH REPORT
FORT WORTH, Sept. 16. (AP)—Wheat—No. 1 hard 2.38½-2.43½.
Oats—No. 2 white 90¾-92¼.
Corn—No. 2 white 2.33-2.36.

### Produce

CHICAGO REPORT
CHICAGO, Sept. 16. (UP)—Produce.
Poultry: 30 trucks, market unsettled Leghorn hens 33, white rock springs 36 plymouth rock springs 37, colored springs 33.
Butter: 448,478 lbs, market steady, 93 score 75½, 92 score 75, 90 score 68. Carlots: 90 score 68½, 89 score 66½.
Eggs: (browns and whites mixed) 14,611 cases, market firm for top, balance steady. Extras 70 to 80 per cent A 54, extras 60 to 70 per cent A 49 to 50 standards 39 to 45, current receipts 36, checks 31.

Agricultural seeds first were sold commercially in what is now the United States about 1747.

### Cotton

NEW YORK REPORT
NEW YORK, Sept. 16. (AP)—Cotton futures rallied sharply into new high ground for the day in late dealings on aggressive trade buying, credited both to mill and export accounts. The market was aided by reports that producers were holding cotton for better prices, supported by the higher government loan levels this season. Considerable short covering by locals also developed.
Futures closed 30 cents to 81.00 a bale higher than the previous close.
