said that the Wheat a strong flow of which had to be cased up on down with the was done and the is suggested that this may have come from the sand discovered in the Bell discovery well. At any rate those at the location are not giving out much inside information but are "sawing wood" just the same.

The oil well of the Dome Drilling Syndicate offsetting the Original Bell well, and which is drilling to the sand encountered in the Bell well, is now nearing the depth where this sand should be encountered, and will probably be ready to cement their casing prior to drilling in the first of the week. In the event that this well proves up the shallow Bell well sand, and practically every one who has any knowledge of its pa t performances believes that it will, will mean an immediate intensive shallow well drilling campaign in the vicinity of the Bell well, as the Dome Syndicate has a contract to drill five further wells on this one lease.—Pecos Enterprise.

Gulf Leases 400 Acres in Reagan

The leasing by J. D. Wade and W. E. Bryan, both of Mexia, of five eighty-acre tracts in Blocks 9, 10 and 58, Reagan County, to one of the major companies was announced in San Angelo Monday morning. The name of the lessor was withheld, but in other quarters it was reliably learned that the Gulf Production Company secured tracts at a figure which is said to make the deal the second largest in the field, eclipsed only by the leasing last fall by the Texon Oil & Land Company of sixteen sections to the Big Lake Oil Company.

Block 9 is the block in which the Big Lake No. 11, greatest producer in the field is located, being in the southwest corner of section 24. The test just started last week by A. R. Goodale and associates is in the southwest corner of Section 9, block 9, while locations just announced for Big Lake Nos. 13, 14 and 15 likewise are in block 9. Block 10 adjoins nine on the east, while Block 58 is a narrow strip bordering on Blocks 3, 2, 9 and 10 on the north.

The 400 acres obtained by the Gulf from Wade & Bryan are checkerboarded through territory in a general northeasterly direction from the biggest producers in the field. The five 80-acre tracts leased are as follows:

First tract—the southeast one-quarter of the southeast one-quarter of section 27, block 58, and the northeast one-quarter of the northeast one-quarter of section 1, block 10.

Second tract—the east one-half of the northeast one-quarter of section 12, block 10.

Third tract—the southeast one-quarter of the northwest quarter and the northeast quarter of the southwest quarter of sections 6, block 9.

Fourth tract—the southeast one-quarter of the southwest one-quarter of section 5, and the northeast one-quarter of the northwest quarter of section 8, block 9.

Fifth tract—the east one-half of the southeast one-quarter of section 8, block 9.

Coincident with announcement of the lease by Wade & Bryan to the Gulf, Mr. Wade and Mr. Bryan said that before Nov. 15 a test for oil will be spudded somewhere in sections 5, 6, 7 or 8, block 9, jointly by the J. K. Hughes Development Co., the E. L. Smith Oil Company and Wade & Bryan, all of Mexia. The money is in the bank and a contract to J. D. Wade to drill the well with a rotary has been let. The three Mexia concerns have divided their Reagan County holdings, which are offset by the new Goodale well on the west. The Hughes-Smith, Wade & Bryan holdings originally included sections 5, 6, 7 and 8, block 9, sections 1, 2, 11 and 12, block 10, and sections 26, 27, 28 and 29, block 58.

Mr. Wade is the man who proved the adaptability of a rotary to the Reagan County field by successfully drilling to 2,879 feet Big Lake No. 10, the prize producer until No. 11 came in. The new well will be known as J. K. Hughes' University No. 1. It will probably not be far east from the new Goodale well, which is approximately 3 1-2 miles northeast of Big Lake No. 11.—San Angelo Standard.

Big Rabbit and Wolf Hunt

Everyone in Howard and Glasscock counties is invited to take part in the big rabbit and wolf hunt that will be held on the A. D. Neal ranch near Garden City, Saturday, September 27th. Bring your shotguns and plenty of ammunition and meet at the ranch house on the Neal ranch at 8:30 a. m. A big barbecue dinner will be served. Everybody cordially invited to come and enjoy some real sport.

BIG SPRING 51; STANTON ZERO

Big Spring Steers Win First Football Game of Season—Are After the District Championship

The Big Spring Steers swamped the Stanton football boys Friday, September 19th by the overwhelming victory of 51 to 0.

Even though Stanton had some pretty husky men they were unable to stop the onslaught of the Steers. Stanton made one first down and Big Spring failed to make first down but one time.

Coach Ward gave every man on the squad a chance to play in this game and each man showed that he was in the prime of condition and had been training. There were no outstanding stars in the game as each man played his part and there were no spectacular plays made other than eleven men playing as they had been coached to do.

Coach (Jo) Ward's team showed that it was in the best of condition and had it not been for Big Spring being able to secure a good Coach, probably the game would have been different.

The plays by quarters follows:

Stanton won the toss and chose to receive, Big Spring taking the south goal. Rix kicked off to Corbin on the 35 yard line and Corbin was downed in tracks. Corbin around end for 1 yard. Harmon downed in tracks on an end run play. Sale thru center for 3 yards. Harmon punted to Harwood who advanced ball 20 yards and placed it on the 40 yard line. B. S. ball—Merrick around left end for 14 yds. Merrick thru L tackle for 8 yds. Brown thru R tackle for 4 yds. Merrick end for touch down. Rix failed to kick goal. Score 6-0.

Rix kicked off to Stanton. White fumbled ball and C. E. Johnson covered for Big Spring, on the 45 yd. line. Merrick round R end for 15 yds. Brown thru R tackle for 6 yds. Merrick thru L tackle for 9 yds. Big Spring penalized 5 yds. M. Joanson off side. Brown thru R tackle for 6 yds. Brown around R end and stopped in tracks. Rix around R end for touchdown. Rix failed to kick goal. Score B. S. 12, Stanton 0.

Stanton chose to receive and Rix kicked ball to Stanton's 25 yd. line, D. Kelly advancing ball 5 yds. D. Kelly thru R tackle for 1 yd. D. Kelly fumbled ball and recovered but lost 11 yds. Third down and 20 yds. to go. Sale attempted to plunge but failed to gain. Kelly punted ball 30 yds. to Rix who advanced ball 15 yds. Merrick thru R. tackle for 5 yds. Rix thru L tackle 3 yds. Harwood thru L. tackle for 3 yds. making first down. Harwood around L. end for 8 yds. Brown thru R tackle 2 yds. and making first down. Brown around R. end for 6 yds. Merrick thru R tackle for 4 yds making first down. Big Spring off side and penalized 5 yds. First down and goal to go. Brown thru R tackle for 5 yds. Harwood around R end for touchdown. Brown failed to drop kick goal. End of first period. Score B. S. 18, Stanton 0.

SECOND PERIOD—

Stanton received ball and R. Kelly advanced ball 15 yds. D. Kelly plunged line for 1 yd. D. Kelly downed in tracks, attempting to plunge line. Moody, sub for A. Chesser. Sale thru R tackle for 5 yds. D. Kelly fumbled but recovered. Sale failed to make first down and B. S. ball on 50 yd. line. Harwood around R end for 20 yds. Harwood around L end 5 yds. Wasson, sub for Brown. Merrick thru R tackle for 5 yds. Wasson around R end for 15 yds. Madison sub, for Merrick. Madison around L end for touchdown. Rix kicked goal. Stanton received ball on kickoff and failed to advance. B. Chesser thru L guard, 1 yd. Chesser thru L tackle 2 yds. Sale failed to gain R end run. Harmon punted to Wasson who advanced ball 15 yds. Substitutions: Horton for M. Johnson, Choate for J. T. Johnson, Brooks for Frost, House for Lloyd, Knaus for Carpenter, Collins for Crawford, Porch for Arnett, Arnett for C. E. Johnson, Croslin for Harwood. First down B. S. ball. Croslin around L end for 25 yds. Madison around R end for touchdown Segell failed to kick goal. Stanton again chose to receive and Segell kicked off to R. Kelly on 30 yd. line and he advanced ball 5 yds. Sale thru R tackle for 1 yd. B. Chesser thrown for a 3 yd. loss by C. Segell. D. Kelly downed by Croslin for 1 yd. loss. Sale punted to Wasson; Wasson advancing ball 15 yds. Madison fumbled and Stanton covered Stanton's ball on 55 yd. line. B. Chesser passed to Montgomery but it was incomplete. Stanton off side and penalized 5 yds. Second down 15 yds. to go. Harmon fumbled and Choate covered. B. S. ball on 45 yd. line. Madison fumbled but recovered. Croslin around L end on fake line plunge for 20 yds. but B. S. penalized for being off side. Second down 15 yds. to go. Schwarzenbach sub for Croslin. Madison around right end for 25 yds. End of second period. Score B. S. 32, Stanton 0.

THIRD PERIOD—

Sale kicked off to Harwood on 20 yd. line advanced ball 20 yds. Harwood around L end, 8 yds. Merrick thru R tackle for 8 yds. First down. Brown thru R tackle for 7 yds. Merrick around L end for 2 yds. Brown thru R tackle, 5 yds. First down. Harwood thru L tackle for 5 yards but penalized 15 yds. for hurdling. Second down and 25 to go. Merrick around L end for 6 yds. Rix thru L tackle for 5 yds. Third down and 14 yds. to go. Rix passed to Harwood for 8 yds. Rix to Brown incomplete. Ball goes over. Stanton's ball on their 30 yd. line. Substitutions: Wasson for Brown. D. Kelly around L end for 8 yds. Max Croslin for Rix. Harmon failed to gain thru center. Sale thru R tackle for 2 yds and made first down. D. Kelly thru R guard for 2 yds. B. Chesser thru L tackle for 1 yd. C. Segell sub for M. Johnson. Sale attempted end run but failed to gain. Scott for Corbin. D. Kelly punted to Wasson who advanced ball 45 yds. Merrick thru L tackle for 4 yds. Wasson downed behind line by Montgomery for 1 yd loss. Madison sub for Croslin. Merrick passed to Wasson for 12 yds. Madison thru L tackle for 5 yds. First down and goal to go. Merrick thru L tackle for touchdown. Merrick failed to kick goal. Segell kicked off to Sale on the 3 yd. line and Sale advanced ball 10 yds. D. Kelly downed for 3 yd. loss by J. T. Johnson. Sale thru R guard for 1 yd. End of third period. Score: B. S. 38, Stanton 0.

FOURTH PERIOD—

Stanton's ball on their 10 yd. line, third down and 12 yds. to go. Harmon punted to Madison, ball advanced 23 yds. F. Segell sub for Madison. F. Segell around L end for 5 yds. F. Segell around R end for touchdown. F. Segell failed to kick goal. Richardson sub for Crawford, S. Carpenter sub for J. T. Johnson. Porch sub for B. Carpenter. Stanton received on the kickoff and advanced ball 10 yds. Chesser gained 1 yd. thru L guard. M. Hoover sub for C. E. Johnson. Stanton's ball, second down and 9 yds. to go. Chesser thru L guard for 1 yd. Shafer sub. for Merrick. Bray sub for Arnett. Stanton's ball, third down and 8 yds. to go. Sale around L end 1 yd. Sale punted 25 yds. out of bounds. Winslow sub for Harwood. McGinnis sub for Richardson. Big Spring ball on the 50 yd. line. F. Segell around L end for 30 yds. Shafer thru R. tackle for 4 yds. Shafer thru R guard 6 yds. First down and goal to go. Wasson carried ball thru R tackle for touchdown. F. Segell kicked goal.

Brooks sub for Frost. Jones sub for F. Segell. F. Segell sub for Wasson. B. S. penalized 15 yds. account of Brooks talking before play was made. Segell kicked off to Moody who advanced ball 10 yds. D. Kelly was downed for a 3 yd. loss. Sale thru R guard for 4 yds. Chesser thru R guard 1 yd. Collins sub for S. Carpenter. Sale punted to Croslin who fumbled but F. Segell covered and made a 20 yd. run. Cauble sub for Brooks. F. Segell fumbled but recovered ball. H. Smith sub for C. Segell. Jones made a spectacular run when he broke thru R tackle for 50 yds. but B. S. was offside and ball was brought back and B. S. penalized 5 yds. Shafer around L. end for 10 yds. Shafer thru R tackle for 10 yds. F. Segell around L end 15 yds. End of game. Score: B. S. 51. Stanton 0.

Men who played in the game. Big Spring—L. Lloyd, M. Frost, L. Wasson, W. Brooks, W. Brown, M. Merrick, H. Smith, I. Z. Shafer, W. Arnett, S. Carpenter, C. E. Johnson, H. Harwood, C. Richardson, J. T. Johnson, M. Johnson, L. Rix, F. Segell, I. Knaus, C. Horton, J. B. Winslow, C. Jones, C. Madison, R. Schwarzenbach, V. Crawford, D. Collins, C. Segell, S. House, M. Hoover, and B. Bray. Stanton — B. Montgomery, Corbin, R. Kelly, Shortes, A. Chesser, White, S. Montgomery, Harmon, D. Kelly, B. Chesser, J. C. Sale, Moody and Scott.

T. H. Johnson left Thursday morning for Abilene to attend the West Texas Fair.

WORLD FLYERS PASS OVER CITY

We Had an Opportunity to See World Flyers as They Passed Over at 2:45 P. M. Last Saturday

Lieutenants Smith, Nelson and Wade who are making the trip around the world in their big Douglas aeroplanes passed over Big Spring about 2:45 aclock Saturday afternoon.

The fire sirene announced the approach of the two scout planes, so that most all our citizens were gazing sykward when the three planes bearing the around the world flyers passed over our city. They were flying rather low and came right across the center of the city.

They arrived in El Paso about 7:13 oclock Central standard time, thus making the flight from Dallas to El Paso, a distance of 625 miles in 10 hours and 2 minutes.

A stop of one hour and ten minutes was made at Sweetwater to refuel one of the planes. They left Sweetwater at 12:37 oclock.

A Curtis scout plane was leading the flyers and passed over Big Spring about 11:55 a. m. This plane is said to be the fastest in the U. S. and is capable of making 200 miles per hour. It made the trip from Dallas to Sweetwater at the rate of 125 miles per hour.

A Haviland plane, acting as an escort for the world flyers and also used as a photographic plane was compelled to make a forced landing at Barstow about 5:40 p. m., due to engine trouble. The aeroplane was badly damaged when it landed in a prairie dog town. Lt. Geo. Goddard in charge was not injured.

Lieutenants Smith, Nelson and Wade will have encircled the globe when they reach Seattle, Washington.

Mrs. W. S. Martin Dead

At Mercy Hospital in this city at 5:30 oclock Saturday morning, September 20th Mrs. Minerva Martin, wife of W. S. Martin, was claimed by death.

The announcement of her death brought sorrow to many friends thruout our county.

She had been ill for the past year or more, and had recently undergone an operation, in the hope of overcoming the malady which had gained such a hold but all that mortal could do proved unavailing.

Mrs. Martin, who was aged sixty-one years, four months and eleven days, had resided in Howard County for more than twenty years. She was a faithful wife, an indulgent mother and a good friend and neighbor, and especially was she esteemed among her neighbors in the Auto community, where the family home has been maintained for many years. She was a true Christian and followed the teaching of the Master in her daily life. She was the mother of Lieut. William Frank M 'n, the first Howard County boy to give his life for his country in the World War.

Funeral services were conducted at the Methodist Church in this city at 3 oclock Sunday afternoon and the remains were laid to rest in Mt Olive cemetery beside loved ones who had gone before to that Home on High. The large concourse of friends accompanying the remains to their last resting place, and the beautiful floral offerings bespoke the esteem in which she was held.

She is survived by her husband, three sons and four daughters, R. S., Dewey and Arthur Martin, Mrs. Louella Stovall, Mrs. Shirley Fryar, Misses Anne and Cora Martin, her brother and sisters, Will Wright, Mrs. Annie Easter and Mrs. A. J. Wright, and several grandchildren, and to these who deeply mourn for one much beloved is tendered the heartfelt sympathy of many friends.

Leysath-Woldrop

At Waxahachie, Texas, on Tuesday, September 6th, was performed the ceremony which united in marriage Preston Leysath and Miss Ola Woldrop. The bride is one of Ellis County's most charming young ladies, esteemed by all who know her. The groom is an employee in the Teras & Pacific railway shops in this city and is a brother of Mrs. H. R. Debenport. They will make their home in Big Spring.

Many friends join in extending best wishes for a full measure of happiness and prosperity.

Miss Bernice Dalton of Haynesville, La., is here for a few days visit with her sister, Mrs. J. A. Myers.

Big Spring Plays Anson Saturday

In the Stanton game Big Spring was a very easy winner. From the kick off on, the superior training was evident. Big Spring used three squads and apparently they were one as good as the other. The Big Spring team is the best training squad and most consciencious workers ever seen in high school. Their wonderful condition is the secret of the pretty game played against Stanton. This spirit will carry the boys somewhere in the championship of the State.

Wide end runs were evident thruout the game. Time after time "Shorty" Madison made pretty gains around the end. Max Merrick and Harold Harwood, the two half backs, were the outstanding players of the game.

The second game of the season is to be played with Anson at Abilene on Saturday morning, Sept 27, at 10:30 oclock. The boys will leave Big Spring Friday night.

The whole team saw the Abilene-Stamford game at the Abilene Fair, Sept. 23rd.

Stallings-Fincher

At the home of the bride in Dallas at 9:45 oclock Sunday morning, September 21st, the ceremony was performed which united in marriage Roy Stallings of this city and Miss Ethel Fincher of Dallas. Rev. Krutchfield, pastor of the Methodist Church, officiated and the ring ceremony was observed. After the ceremony the happy couple made a brief visit to Denton and arrived in Big Spring Monday to make their future home.

The bride is the daughter of Mr. and Mrs. E. A. Fincher of Nocona, Texas, and is a most charming and accomplished young lady. For several years past she has made her home in Dallas where she has held a responsible position with the Singer Sewing Machine Co. The groom is one of our most popular and substantial young business men; owner of the Elite Confectionery and has a host of friends throughout the county

We join many friends in extending to this worthy couple best wishes for a full measure of happiness and prosperity.

Shriner Special to Abilene

It is estimated that one hundred folks wearing Big Spring badges will be boosting for Big Spring and Howard County at the West Texas Fair at Abilene today.

The members of the Shrine Club of Big Spring arranged for a special car on the Sunshine Special this morning to take a big delegation to Abilene for the Shriners Day features and invited other citizens to join the crowd. They also arranged to take the Big Spring band on twenty pieces to let them know the Big Spring bunch had come to town. The band attired in natty white uniforms will make a hit as they can furnish fine music. This band will practically be the same one that represented Big Spring at the West Texas Chamber of Commerce meeting at Brownwood last May.

Another big delegation of our citizens will be at Abilene Saturday to see the Big Spring and Anson football teams in action there Saturday morning.

Lions Meeting Wednesday

The regular meeting of the Big Spring Lions Club was held Wednesday and an especially fine luncheon was enjoyed at the T. & P. dining hall.

P. G. Stokes, president, presided and the meeting was under the direction of the Civic Committee, R. L. Cook, Dr. E. O. Ellington and T. E. Jordan.

The main topic discussed was some improvements at the High schoor grounds. The proposition of terracing the grounds on the north and west, and the placing of posts along the boundaries to prevent vehicles crossing the grounds was proposed.

Sells 6400-acre Oil Lease

We are informed that Bob Eubanks recently sold for local parties an oil lease on 6400 acres in Glasscock County, the deal being closed Tuesday.

While we did not learn the name of the purchaser it is thought that this lease was bought for one of the major oil companies as several of them are now seeking leases in the territory between the Big Lake and Mitchell County oil fields; as a considerable stretch has been pronounced favorable for oil by geologists and oil scouts.

W. W. Crenshaw made a business trip to Midland Wednesday.

Lowe Brothers
LINDURO ENAMEL

Linduro Enamel is made to be used on woodwork and kitchen and bathroom furniture. It provides a beautiful finish that is as easy to wash as a china plate. Linduro is easy to use, flows freely and levels out perfectly. Its cost is small.

We can supply you with Linduro Enamel and tell you how to use it so that you can do whatever work you have in mind and get a fine finish. You don't need to feel obligated about coming into our store for this information. We will be glad to help you with any of your paint problems.

SOLD BY
Burton-Lingo Co
BIG SPRING, TEX.

Have *You* Signed a Blank Check?

The automobile owner who drives his car without *adequate* insurance has signed a *blank check.*

At any moment an accident may occur which may make him liable for damages to the extent of *every dollar in the bank and every bit of property he owns.*

No man with property can afford to take such a chance.

ÆTNA-IZE

ÆTNA-AUTO Combination Insurance protects the motorist against all insurable motoring risks. It is your *one guarantee* against the possibility of financial loss due to the operation and ownership of your car.

BIG SPRING INSURANCE AGENCY

Man in the prime of life now will have a chance to live 1,000 years, according to Prof. Fritz Haber, eminent German scientist. He declares that science would bring forth discoveries that would produce a race of super-men who may expect to live as long as 1000 years, through elimination of the causes of natural death.

If you are looking for cheap merchandise we don't have it—best merchandise at moderate prices only. Chocolate Shoppe.

It appears that the government experts are at last waking up to the fact that there is not going to be near as many bales of cotton produced this year as they have been guessing. If we have an early frost another big cut will have to be made on their estimate.

Nothing but the best of ingredients used in making our home made candies. Chocolate Shoppe.

Since the heavy rains wild ducks by the thousands have infested Reagan County and are destroying all crops that the grasshoppers left.

No flies in our bottling works—try a case—all flavors. Phone 462. STONE'S BOTTLING WORKS.

Herb Lees is now driving a new Nash coupe, one of the very latest models and among the first of its kind in Texas.

Why not drop in some time and try one of our sandwiches. Chocolate Shoppe.

C. E. Convention at Coahoma

The Midland District Christian Endeavor will hold its fall convention at Coahoma beginning this afternoon and continuing thru Sunday night.

Large delegations from Fort Stockton, Balmorhea, Saragosa, Lamesa, Pecos, Barstow, Midland, Big Lake and Big Spring will be in attendance.

Prominent speakers will attend this convention, including E. F. Hupperts of Dallas, field secretary; Rev. W. B. Blount of Midland, Rev. C. A. Johnson of Pecos; Rev. Geo. J. Ruth and Rev. W. L. Shepherd of Big Spring and a number of others.

Addresses, demonstrations, awarding of pennants and business sessions will prove especially interesting to the delegates. Some splendid recreational features will be provided by the citizens of Coahoma, including a melon feast, sunrise breakfast, luncheon and a hike to beautiful Moss Springs.

The public is cordially invited to attend the various sessions and enjoy the splendid programs that have been prepared.

Best Chocolate candy on the market—if you don't believe it you have an opportunity to win Five Thousand Dollars—Mavis challenge and guarantee. Chocolate Shoppe.

How to Make Money Out of "Railroading"

The Van Sweringen brothers, real estate dealers of Cleveland, entered the transportation industry in 1916 without the slightest railroad experience. By a series of spectacular manipulations they have cleaned up $25,000,000 in "paper profits." That is, they are that far ahead of the game if they could "cash in" today.

Their experience emphasizes one of the fundamental defects of the railroad business as it is conducted under private management.

The big profits go to the speculators while the men who dedicate their lives to the industry must fight for a living wage.—Labor.

Attention Ladies

I have been appointed corsettier for the Spirella Corset Co., and solicit your patronage. I will make a private demonstration which I am sure will prove interesting. Phone 637 or see me at 502 Johnson St. MRS. A. B. MAXFIELD. 1t-

Smell better—that's plain English—use our fine perfumes. Clyde Fox.

Religious Prejudice

There is no place in the United States for religious enmities. There is a very large place for religious differences, religious activities and religious temper. The truly religious person is usually glad that another person has any religion at all, in these days of thoughtlessness and license; but people who are readiest to fight about religion have least of it. What is meant by the term "religious prejudice" is not always clear. Every person has a prejudice in favor of his own religion, which privilege he ought not to begrude to others in favor of their own. It is difficult to see how anyone can be prejudiced against another's religion, since so seldom does he know what it is. The whole matter usually revolves itself into plain ignorance and suspicion. Ignorance can be dispelled by knowledge, and by that means suspicion disappears also.

What we need in these days is the religious temper of charity and forbearance. Even churchmen can sometimes show very little of this. Some think that religious bitterness exists only between the Klan and some Catholic organizations, but if they have ever seen into the interchurch fight between the Fundamentalists and the Liberals in Protestantism they would speedily learn that "religious prejudice" is a term of very wide application. Some of the Fundamentalists forget so fundamental a thing as brotherly love, and some of the Liberals belie everything they say by the narrowness of their attitude. A Fundamentalist is one who stays by the fundation spirit, and a Liberal is a man who believes **more**, not less.

There is no kind of Christian activity anywhere, under whatever name, that clashes with another kind of Christian activity. And the Christian spirit is the same in every age and clime.—Dearborn Independent.

Old Things New

Pity the poor "man in the street." Associations of nations, jazz, modern conventions, all jam at him, each sponsored by a sweating enthusiast who hysterically urges instant adoption of his special brand of novelty.

All these modern things are new only to the generation. Other generations embraced them once in their upward climb, only to discard them and pass on.

Perhaps we have swung our culture on past the point where we can endure it in comfort, and are about to return a little way toward ease and freedom of intercourse.

Possibly our music, the best of it, was too heavy for popular consumption, the product of refined taste, built artificially.

It may be that nationalists everywhere have been case hardened and governments grown cold and cynical. Crude peoples like the Sioux and the Pawnees were able to make treaties and keep them; Germany and France and England could not.

When we have reached and passed the point where government and social forms cease to be blessings and become burdens, it may be as well to seek improvement without revolution, injecting what appears good into our social system, without discarding anything old simply because it is old.

Let's jazz a little, flap moderately, give Paderewski a hearing, remember grandmother's advice to the girls, and observe defense day by mobilizing vehemently, notwithstanding peace conferences.

That's pert Progress, with a gyroscope attached.—Dearborn Independent.

TEXAS INDUSTRIAL REVIEW.

Port Arthur — 20,000-gallon pump to be installed at water plant.

Lamesa — Compton school district, 9 miles from here, to erect brick school building.

Crockett — Cattle shipments from Crockett and Houston County unusually heavy.

Beeville — Damitza Oil & Gas Co. strikes flow of gas near here estimated at 5,000,000 feet.

San Angelo — Reagan County oil field soon to have $250,000 gas plant, water system and ice plant.

Dallas — Construction of Allen hotel to start within 60 days; to be built at Commerce and Ervay streets at cost of $1,300,000.

Waco — McLennan County cotton crop 70 per cent normal.

Ennis — Steel grandstand under construction.

Haskell — New cotton gin in operation.

Victoria — One thousand more cotton pickers needed in Victoria County.

Abilene to donate 1,000-acre state park.

Dalhart — North Main street being graded.

El Paso — Certified Car Company, Incorporated, new firm, succeeds Perry Tire Company.

Dallas — City plans 5-cent cut in water rate.

Panhandle — Contract let for construction of Panhandle Inn.

Dallas — Cotton picking in full swing in Dallas County.

Austin — Seven concerns granted charters to do business in Texas, with capital stock aggregating $400,000.

Dallas — Santa Fe railroad officials agree to eliminate all grade crossings within city limits, provided city pays half of the expenses.

Panhandle — Skelly Oil Company's new well, No. 1 Burnett, proving good producer.

Victoria — City water rate to be reduced from $4.50 to $3.00.

Dallas — Texas & Pacific Railroad Company plans erection of large freight house at Good street and Pacific avenue.

Athens — Construction of new agricultural building well under way.

Memphis — Contracts let for construction of three bridges in Hall County.

Lamesa — Two brick buildings under construction.

Waco — Contract let at $52,887 for construction of Bell's Hill ward school building.

Dallas — Dallas-Denton interurban line to be placed in operation September 30th.

Bastrop — Coal mines in this vicinity operating on full-time basis.

Medina City — Road under construction between this city and Kerr County line.

San Antonio — New parish hall of Church of the Immaculate Heart of Mary to be dedicated.

Fabens — El Paso Electric railway to construct high-power line from El Paso to this place.

Electra — Masonic building being reomdeled.

San Antonio — $15,000 manual training unit to be built for Edgar Allan Poe junior school.

Grand Prairie — Installation of "white way" nearing completion.

Bryan — New buildings to be erected at Allen academy.

Fort Worth — Petition circulated for election on proposal to rreate Tarrant County water improvement district No. 1; approximately $10,000,000 to be spent on conservation and flood control.

For Sale or Rent

Five room house, front and back hall, bath room, screened porch, garage. 709 Scurry street. Apply to JOHN CLARKE, 206 Scurry St. 1t-pd.

I. J. Robb, Nash dealer, received five new Nash automobiles Tuesday, the first he has been able to secure in two months. In this shipment were some of the very first of the new model Nash cars to arrive in Texas, viz. the new four-door advance six coupe and the new Advance six roadster. In addition to these two there were three special six touring cars in this carload shipment. Four of the cars were immediately delivered to purchasers.

J. C. Hale of Coahoma was a visitor here Monday. Mr. Hale is one of the pioneer settlers of the Coahoma section, having resided there the past twenty-two years. He states that four more brick business spaces will be ready for occupancy when the new Guitar building is completed. Due to continued dry weather crops are not as good around Coahoma as they usually are. He reports about two hundred bales of cotton marketed there up to Monday.

Mr. and Mrs. E. T. Cobb were here Tuesday from their ranch in Glasscock County.

Ladies Silk Chiffon Hose—the kind that generally sells for $3.50, for $2.00. Clyde Fox.

Coahoma Items

Mrs. King, sister of Uncle Johnnie Hale, is visiting him and her other relatives in our community.

Mr. and Mrs. Runyan as well as their son living here enjoyed having with them their son and brother who lives in New Orleans for two days last week.

Mr. and Mrs. J. A. Roberts and little daughter, Letha Nell, accompanied by Mr. and Mrs. A. P. Thompson, spent several days in Dallas last week.

Lee Pugh's little daughter is improving fast.

The teachers in the school this year are planning on an honor roll to be sent to the Herald each month. See that your child gets on every time.

Presbytery was well attended, every church in the district was represented. Many of the Coahoma citizens were present at the meetings—business as well as preaching services. There were three ministers enrolled in this Presbytery, from other charges, and one young man sent by this Presbytery to Austin College, where he will study for the ministry.

Williard Williams spent several days last week with his sister in Cisco.

The Junior C. E. met with 22 present Sunday. As convention is the every thought with the Juniors now, the hour of meeting was given to practice, after roll call. Each verse given was explained and discussed if not by the one who repeated it, then by some other member. The first two songs sung were analyzed and made clear to all there. The Junior playlet is good and instructive; giving the hearers some idea of the magnitude of the work that is being done by that organization. As the convention will be in session next Sunday there will be no regular program by the Juniors. They will have seats reserved for them at each session, and they will help in the singing.

Mr. and Mrs. Andrew Weaver were visited last week by the stork, and as a result of said visit a baby boy remained.

Mrs. Mullikin has been enjoying her mother for several weeks. And it seems lonely in her home now, for her mother has returned to East Texas.

The M. E. Ladies held their regular bi-monthly meeting Monday of last week. They are doing good work in their Bible study. They sponsored the Musical program given in the M. E. Church Saturday evening. The music was good and the Junior league had a splendid junior song.

Mr. and Mrs. A. N. Hart, Norma and Jerry and Mr. Pyle. Mrs. Hart's father, spent Sunday in Carlsbad with Christine Pyle.

Mr. and Mrs. Burt Runyan entertained a few friends at midway dinner Sunday. That table was "fit to set before any king."

Mrs. Jay Hendricks has been on the sick list for several days, but is able to be up now.

Rachel Adams has been sick for a week. She, too, is better.

The Sr. C. E. have been busy with the preparation for the convention. The Juniors have aided in every way possible. The regular meeting Sunday was held after preaching service, instead of previous to the evening sermon as is the custom. The meeting was strictly business and gently hints as to the duties the committees are to perform.

Episcopal Church

The Woman's Auxiliary plan to have a Rummage Sale on Saturday, October 4th. The place will be announced in next week's paper. Please phone Mrs. Joe Hayes, 701 Johnson street, phone No. 46, if you have anything to dispose of and we will be glad to send for it. We shall be very glad of any contribution.

Ravens are beginning to show up in our county in ever increasing numbers and the farmers are going to have to put up a fight against them in order to save their feed crops. These pests become numerous every year at harvest time.

Pearl Week—we sell 'em for less this week. La Tosca Pearls from $3.00 to $50.00. Get yours this week and save several dollars. Clyde Fox.

Up to September 1st Ellis County had ginned but 13,699 bales of cotton this year in comparison with 39,387 bales ginned up to this same period in 1928.

Misses Jena and Lillian Jordan left Monday night for Denton to reenter the College of Industrial Arts.

We carry a complete stock of Fresh, Clean Groceries, also Produce. Pool-Reed Company.

A Great Picture!

A Dimitri Buchowetzki PRODUCTION

POLA NEGRI in 'LILY OF THE DUST'

R AND R LYRIC

Monday and Tuesday

September 29th and 30th

You've seen Pola Negri as the heartless vamp—the fiery Pola in roles of practically every shape and color, but in "Lily of the Dust" you see her as a real woman, a beautiful, yet lonely one, who sees but one way to fight against life.

The story of a woman whose fascination for men is a curse rather than a weapon. Caught in the kind of life where everything pushes her along the easiest way, she tries again and again to get a new foothold and start afresh. But even her affections and kindnesses spread snares for her. It seems that to this woman, alone among women, love has to be something soiled and bedraggled. Until in the end, it is revealed to her that what might have been always may still be.

Daughter of a regiment, toast of a great city, dragged to the depths and fighting back. Gowned in silk and clad in rags, loving, fighting, hating—you've never seen a Pola Negri like this one. See her as a woman of many emotions, fighting for the one great love that can lift her to happiness.

There's a thrill, a laugh and a tear in this picture for anyone who ever loved anybody. Don't Fail to See It!

Older Boys Conference October 24-26

Plans for the West Texas Older Boys Conference to be held at Big Spring on October 24, 25 and 26 are well under way, and prospects are bright for one of the largest and best attended conventions that have been held in this part of the State. Mr. Manuel, secretary of the local Y. M. C. A., received the following telegram from J. E. Lewis, State Boys Work Secretary on Sept. 8:

"Dallas, Texas, 12:30 P, Sept. 8, '24.
J M Manuel,
YMCA, Big Spring Texas

Henry wires Rimmer available October Please confer with Rix and others Wire me before night any preference of week ends your committee might have for October Probably can secure him for any week end.

J E Lewis"

At a meeting of the local board of the Y. M. C. A. held on Sept. 8, it was decided to hold the conference on the week end of October 24, 25 and 26, and the following committees were appointed, to be supplemented by further appointments in the future:

Promotion and publicity: Manuel, Bittle and Barnett; Registration, A. B. Edwards; Train and guide, Monroe Johnson and Lee Rogers; Glad Hand: All the pastors of the various churches in Big Spring; Assignment to homes: King, Spencer and Bryan, to be aided by a home-finding committee from each church; Recreation: Ward and Burleson; Music: Kittinger, Rix, Leeper and Winn.

The West Texas Older Boys Conference is to be held in conjunction with the Pastor's Institute on Boys Training for Service, and a registration of between 150 and 200 delegates is expected from both meetings.

Cotton Oil Mill for Lamesa

The Lubbock Cotton Oil Mill is to soon begin work on a large seed house, 100x150 feet, located on the Santa Fe tracks at Lamesa.

This new equipment will relieve the loading congestion that is always experienced during the fall rush. Indications are that Dawson County will harvest a great cotton crop.

Cake Dressing — Five different kinds and colors. Chocolate Shoppe.

Abridged Opportunity

The world does not owe us a living as many of us so cryptically put it. It does owe us an opportunity to earn a living. Out besetting sin is that of spending two dollars before we have earned one. And in proportion as the tendency prevails in private life it is reflected in the public service. In the same relative degree tax boosters have been getting the best of it.

Certainly the average tax payer is as much a credit to the State as is the average tax spender. Inasmuch as he must pay the public tax he is entitled to consideration no less than are those who would spend the public substance. More so in fact as, in the very nature of things a producer, his opportunity to earn a living is more or less abridged by the demands of the tax consumer. Taxing systems should be so devised and the burden distributed so as to encourage rather than restrict industrial opportunity.

Most of us like to look upon the sunny side of life, as we should. Yet it is difficult to do when surrounded by a mist. In private life we meet our obligations with knowledge beforehand, of the cause. In public life we know little of the causes and nothing of the sum due until our tax bills are presented. As things are tax payers go into the collectors office with a feeling of being summoned to attend some mysterious tribunal with a mystic and studied hitual all its own.

In legislative life those who would spend the public substance are reasonably informed as to budget appropriations proposed. Those who must pay the public tax art not. Inasmuch as publicity leads to light and light to truth and understanding, is there any sound reasoning why those who must pay the tax should be kept uninformed as to the underlying causes of the rate? A budget system, based in confidential relationship between the public service and the people served, will go far in the solution of our tax problems.—Facts and Fiction.

Herald Want Ads Get Results.

ANSWER THE ALARM

Big Spring People Should Not Delay.

If your kidneys are inflamed,
Don't stand around and do nothing.
Like a fire it will soon be beyond control.
You will get the alarm in time—
Backache, or dizziness or disorders of the urine.
Heed the warning.
Give your kidneys a rest by living more carefully.
Use Doan's Pills to help stamp out the cause.
Profit by a Big Spring man's experience.

B. J. Campbell, 107 Deming St., says: "I am glad to recommend Doan's Pills, for I have used them and they have brought me fine relief. When I was troubled with a touch of kidney trouble, my kidneys were acting too freely, but Doan's brought me good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills — the same that Mr. Campbell had. Foster-Mulburn Co., Mfrs., Buffalo, N. Y.—(advertisement.)

The Toothbrush

"What do you consider the most helpful device on your toilet table?" was the question asked a great beauty "My toothbrush," she answered, "for while a substitute might be found for almost every other article there is nothing to take the place of regular, two or three times a day brushing of the teeth, from earliest childhood to old age. Then too without the beauty of sound teeth all other beauty fails."

"How do you select your toothbrush?" she was then asked.

"I choose one with bristles neither too soft nor too hard, that is, not too soft to cleanse the teeth and no so hard as to injure the gums. The teeth should be brushed up and down rather than across. A dentist tells me that three out of four people neglect the back teeth which is one reason for their rapid decay. It is particularly important to brush the teeth before retiring. Of course a good tooth paste or powder is the brush's helpful ally," she added with a smile that displayed the white beauty of her own teeth.—The Progressive Farmer.

Home and School Club

The first meeting of the Home and School club was held last Thursday at the new Junior High School building with one of the largest gatherings in the history of the organization

America was sung and Bro. Phelan led in prayer.

Splendid talks were made by Supt. P. B. Bittle and the Principals of each school building, all of which was interesting and well received.

Officers for the new year's work are as follows: President, Mrs. Leslie Thomas; vice president, Mrs. A. B. Edwards; secretary, Mrs. C. E. Yarnell; treasurer, Mrs. C. W. Davis.

This meeting was in the form of a dedication of the beautiful new Junior High School which has just been completed, and is complete in every respect and something for our community to be justly proud of.

Committees were appointed and plans discussed for the club's year work.

A membership drive will soon be in evidence and it is hoped that every home will join in this good work.

Reporter.

Struck by Car and Dies from Injuries

Late last Saturday evening, while A. B. Free and son were working on a tire of their car, having stopped on the side of the road, a car driven by Jack Walls ran into them, knocking the young man down and inflicting injuries to Mr. Free from the effects of which he died Sunday night. Mr. Free was 50 years of age. He came here with his family from Arkadelphia a year ago and was living on the J. E. Oquin farm. The remains were buried here Monday.

The matter will be taken by the grand jury.—Lamesa Journal.

Sewing

For women and children, also handwork with special attention to **Trousseau, Layettes,** etc. Attractive prices. LILLIAN RHOTON, 706 Johnson street, Phone 246. 1tpd

The U. S. Department of Commerce reports that according to returns received for the calendar year 1923, there were 69,243 marriages performed in Texas and 14,641 divorces granted. For the year 1922 there were 61,730 marriages and 12,527 divorces granted. Howard County reported 137 marriages and 13 divorces in 1923; 103 marriages and 7 divorces in 1922.

Of all the ills that public men are called upon to suffer, slander must be the most pernicious, if for no other reason than that it is so easy to set in motion and so hard to overtake. Once fairly on its feet, a good substantial lie about a man and particularly about a man in public life, will circle the globe while the truth is lacing its shoes on.

Good fresh home-made candy, forty and fifty cents per pound. Chocolate Shoppe.

Responsibility

WANTED! Responsibility takers! Every human activity always has that sign out. One is responsible when he is trustworthy to answer for and account for an obligation. Taking a task willingly and with a smile is one of the first steps in becoming valuable to others.

Hesitation furnishes the opening for a man of more courage, though, perhaps, of less ability: the latter's habit of mind will likely carry him through, leaving the former in the subordinate position.

Everything today to be successful must be highly organized.

Organization belies its name if it does not connote decentralization of responsibility. The more definitely responsibility is placed on the man who is to do the job, the greater the production per unit employed.

Close and detailed supervision is a waste of time and effort; one man's work is being done by more than one man: the science of the division of labor is abandoned; loss in efficiency and potentiality ensues.

Infuse co-operation, as distinct from competition, into an activity composed of responsible people, and arises the mutualism, a guarantee of progress.

If you can sell yourself to your employers or associates to the degree that they feel confident that you will come through with what you have assumed as a responsibility, half of life's battle is won. The other hemisphere is delivering; remember, however, you must first obtain the opportunity of displaying your capacities: your ability to convince as to your reliabilit procures the chance.

If you do not fully achieve in one particular, that is no reason for faltering in CHEERFULLY saying the next time, "I'll do that."

Those few words relieve your superior, and they give you a mark to shoot at; they are a mutual, reciprocal act.

The more you undertake (it is assumed that you do deliver), the more responsibility will seek you.

After the first few times no effort will be required of you. Having attained this rung, you are well up on the ladder of accomplishment, which is success.—Jenner's Monthly Letter.

Importance of Home Training

Another lesson is that of the necessity for proper home training, says the Sierra Educational News in discussing the recent notorious murder trial in Chicago.

These boys, if testimony can be relied upon, come from homes where they have been spoiled and pampered. They have had everything that money can buy. Every whim or desire has been gratified. They have had no home duties to perform, no responsibilities to fulfill. They have never had to work or give value received for anything. And worse than all, so testimony indicates, there has been lack of companionship of parents with the boys, and of friendly counsel and judgment and advice on the part of older family members, as is all too frequently found to be the case in families of great wealth. It is sometimes better for a boy to be forced to make his own way in the world through privation and hardship, than to inherit wealth that others have earned.

A recent study by the Committee of Fifteen of the California High School Teachers Association, points out that an alarmingly high percentage of the time of high school students is spent away from the schoo and home. Great responsibility rests upon th school; but that institution cannot be held to answer for the acts and activities of boys and girls when they are away from the school. The home cannot pass over those responsibilities into other hands. "Ill fares the child when the school leaves to the home what the home leaves to the school."

12,596,000 Bale Crop Estimated

The U. S. Department of Agriculture issued their crop report Tuesday in which the crop was estimated at 12,596,000 bales.

The crop condition as of Sept. 16 was placed at 55.4. The previous report showed a crop condition as of Sept. 1st of 59.3 or an indicated yield of 12,787,000 bales.

The indicated yield was much smaller than the majority of the trade anticipated. The price of cotton jumped $10 per bale upon the issuing of the government report; the market closing Tuesday with an advance of $8 per bale over Monday's prices.

At Colorado, Texas, on Friday, September 26th the Mitchell County Fair Association and the Colorado Lions Club will be hosts at a West Texas Friendship Banquet at the Barcroft Hotel. This is the second day of the Mitchell County Fair and 150 West Texans from 12 to 15 towns and cities are expected to attend.

Better Mettle More Work

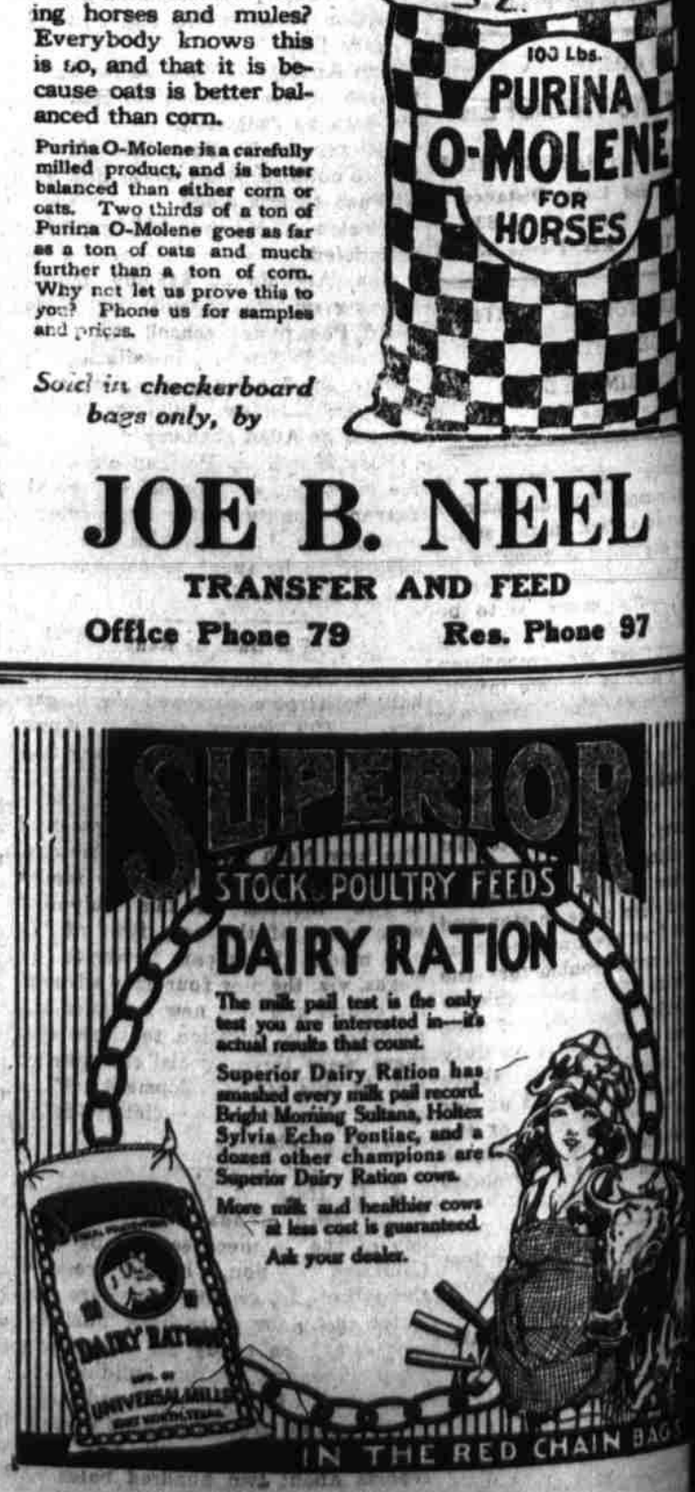

Balanced Feed a Money-Maker

Why is it that 100 lbs. of oats goes further than 100 lbs. of corn in feeding horses and mules? Everybody knows this is so, and that it is because oats is better balanced than corn.

Purina O-Molene is a carefully milled product, and is better balanced than either corn or oats. Two thirds of a ton of Purina O-Molene goes as far as a ton of oats and much further than a ton of corn. Why not let us prove this to you? Phone us for samples and prices.

Is Your Dog Involved?

J. M. Manuel, general secretary of the Y. M. C. A., is ready to start a dog fight. Especially so, if you encounter him immediately after he has harvested several bushels of old, ill smelling bones from the Y. M. C. A. lawn. J. M. states that a whole pack of mangy curs comb Big Spring nightly and bring their loot, in the shape of old second hand soupbones, down to the Y lawn to pull off their banquets. He is dead set against this practice, but as he hasn't the time to sit up every night to chase these curs to another location he is asking for assistance. While he is opposed to the promiscious poisoning of dogs though it does sweep our town occasionally wherein some prized animals are killed, and the ownerless, homelest and worthless dogs escape—he is in favor of a dog pound to herd all dogs that are not wearing a license tag. If we can get rid of the worthless curs that are a nuisance to our folks, the owners of good animals would not have to fear the dog poisoner.

The city ordinance relating to dog license tags should be enforced in an effort to clean out the stray dog nuisance.

REWARD OFFERED

For information leading to conviction of any party throwing trash and garbage on roadside in or out of the City Limits, we will give $25.

There is a City Garbage Ground 300 yards South of the public road, about one mile east of Big Spring, and any and all persons are welcome to dump garbage there, free of any costs. But better not drop the trash near the public road.

Report violations to either City or County officials.

CLYDE E. THOMAS, Mayor.

Sneaking Back

A Texan, who has moved to California, wrote the following lines on the eve of moving back to Texas:

"My wisdom teeth I think I've cut, I'm wiser day by day; no more for me a paradise there a thousand miles away. I'm sneaking back to Texas give me your hottest roast; I'll take the worst that you can say, but not the Pacific coast. I don't like the flower and earthquakes mixed, nor seas that sigh and moan —when every night they bring a fog that chills me to the bone. I'm sneaking back to Texas in hopes that I may find the paradise I sought so far, but surely left behind. Texas, gem of all the states, take back thy weary child. I'll never roam among the land sharks bleak and wild. I'm sneaking back to Texas, you may jeer me if you will, but in the roff of prodigal, you bet I've had my fill. You may boast about your golden gates the shimmies of the sea, the beauty of your orange groves—Texas is good enough for me. I'm sneaking back to Texas, I'm tired of husks and chaff; I wonder if some friends of me will kill the fatted calf? I do not seek to shun hard work; I care not much for ease, but heaven defend me from the pest—those California fleas. I'm sneaking back to Texas my heart and feet are sore; just let me reach that favorite spot, and I will roam no more."—Ex.

NEW EXHIBIT BUILDING AT STATE FAIR OF TEXAS HEARTILY APPROVED

President of Exhibitors' Association Declares It Wonderful Addition. Smyth Makes Prediction

J. B. Graham of Waxahachie, president of the County Exhibitors' Association, has passed approval on the new Agricultural Building at the State Fair of Texas, to be used for the first time at the 1924 State Fair, Dallas, Oct. 11-26.

"It is a wonderful addition to State Fair equipment," Mr. Graham said, "and will permit the demonstration of Texas' agricultural advantages to the maximum."

J. A. Moore of Grand Prairies, has been named superintendent of the Agricultural department, and will be in charge of the new structure. Mr. Moore was formerly in the government agricultural service and has had years of experience in the work.

Many Counties Get Space

Twenty counties have already been assigned space in the new building. Among them is Hale, first prize winner in 1923, and Col R. P. Smyth will again "chaperone" the exhibit. It will come by automobile truck from Plainview, more than 700 miles. Col. Smyth is a veteran exhibitor, and predicted, after seeing the new building at the State Fair, that fully 100 counties would have exhibits therein by 1925.

The exhibit booths are all uniform —14 feet wide, 10 feet deep and 9 feet high, from exhibit platform to top. At the front, the booths are eighteen inches in heighth, rising gradually, to a heighth of 3 feet 6 inches at the back. This incline permits the most advantageous display of the exhibits.

"HUSK" O'HARE'S ORCHESTRA FEATURE OF STATE FAIR

"Husk" O'Hare's famous Chicago "Society Orchestra" is to be a big musical feature at the State Fair of Texas, Dallas, Oct. 11-26 this year. "Husk" and his men will appear with the "Passing Parade of 1924" in the "New Theater" to be located just east of the Automobile and Manufacturers' Building. The "super orchestra" as it has been called is one of the most popular musical organizations in Chicago, and is the official broadcasting orchestra for radio Station WLS.

CHILDREN'S DAY, OCT. 17 AT THE STATE FAIR

Friday, Oct. 17 is Children's Day at the State Fair of Texas, at Dallas this year. As usual, all school children of Texas will be admitted free on that day. Distribution of tickets has already begun, the details being handled by the Welfare Department of the City of Dallas. Teachers anywhere in Texas, who anticipate bringing their pupils to the State Fair, may apply for tickets to Mrs. Albert Walker, Welfare Department, care City Hall, Dallas.

The Day Will Come

The San Francisco Chronicle says that the most dangerous disease attacking America at present is the law-making mania of 48 state legislatures and the national Congress.

No man living today knows for a certainty that he is not breaking some law when he goes about his daily tasks.

New laws are enacted at the request of every reformer who comes along with the notion that he was put on earth as his brother's keeper.

The day will come when we will elect men to the legislature and to Congress not to make new laws, but to clean out the rubbish that has accumulated in the statutes.

Nicer Ladies Dresses for LESS MONEY. Clyde Fox.

W. C. Lambeth and L. R. Hyatt arrived Saturday from Rusk County to pick cotton. Mr. Lambeth is an old friend of J. F. Wood who moved here from Henderson County last year. Mr. Lambeth, after a visit to Mr. Wood's cotton field, stated that he would make more cotton than any twelve farms of a like size in Henderson County. Mr. Lambeth is coming to Howard County to farm if he can rent a good farm for next year.

Highway Construction in Texas

Strides taken by Texas in the building of highways since the inauguration of Federal aid six years ago are to be recounted at Houston Monday, when the third annual convention of the Texas Highway Association opens in the Rice Hotel.

Reports on the maintenance of State highways since this work was placed under the State Highway Commission last January also are to be read at the meeting. These reports are being assembled in every county in the State, through the cooperation of Commissioners Courts, Commercial and Civic organizations, newspapers and good roads enthusiasts.

Importance of the work of the highway association, which is seeking for Texas a "connected comprehensive highway system," is indicated in the report of the Bureau of Public Roads at Washington Friday. This report shows that this state now has under construction more miles of good roads than any other state in the union; that Texas has completed more miles of highways than any other state since the beginning of Federal aid in 1917; and that Texas leads all other states in projects approved for construction on which work has not yet actually started.

Mileage now under construction in Texas is reported as 1,564, which is more than a third greater than in South Dakota, where 1,022 miles of improved roads are being built. Alabama, with a mileage of 843, ranks third.

The construction program now under way in Texas entails an aggregate expenditure of $25,249,202 of which amount $9,984,108 is being supplied by the Federal Government.

During the seven years that the Federal Government has been cooperating in the building of highways, Texas has completed a mileage of 3,122 under the designated 7 per cent system. This has been accomplished at a cost of $42,341,998, of which $16,190,624, or considerably more than one-third, was paid by Uncle Sam. Ranking second among the States in this respect is Minnesota, which has a record of completions of more than 1,000 miles less than Texas.

Construction projects in Texas which have been approved but not yet started cover 288 miles which will cost $8,471,735. Minnesota also ranks second in this respect, with approved projects totalling 185 miles.

Under the provisions of the law through which Federal aid is granted in the construction of highways, certain things are required of the individual states. To assist Texas in obtaining the necessary legislation to comply with the Federal statute is one of the big works undertaken by the Texas Highway Association, and to which end it has been working since its organization in 1922, according to Judge R. W. Simpson of Tyler, Chairman of the Legislative Committee.

A portion of this legislation was obtained during the Thirty-Eighth session of the Legislature, Judge Simpson said. Recommendations for measures still needed probably will be made to the Thirty-Ninth legislature, which convenes next January.

Lot Brings $10,000 at San Angelo

Property fronting 76 92-100 feet on the east side of North Chadbourne street and extanding back 120 feet on the north side of College avenue has been sold by Mrs. Cynthia Malone of San Angelo to Rupert P. Ricker and Floyd C. Dodson, oil men from San Antonio. The price was $10,000, one third in cash and the balance in notes covering a period of four years. Sam S. Kistler made the deal.

What are the plans of the purchasers, if any, for a building on the northeast corner of Chadbourne and College, could not be learned Wednesday, neither Mr. Ricker nor Mr. Dodson being in the city.—San Angelo Standard.

Woods G. Edmonds of Texarkana was a business visitor here last Saturday.

Fresh and Cured Meats that please. Pool-Reed Company.

John J. Pershing

General John J. Pershing has retired at the age of sixty-four years. As yet a man unscathed by storms of life, and vigorous as an oak, army regulations have made it necessary for him to throw off the khaki of the soldier and don the everyday clothes of the private citizen. But no matter what his outward aspect may be, to Americans he will remain a can **sans peur et sans reproche.**

The code of ethics of John Pershing may be summed up under three heads—In the first place, Discipline; second, Training; third, Preparedness. The logical sequence of these three things in the making of men will be observed at a glance, for there can be no training without discipline, and no preparedness without training.

With him conscientiousness was almost a fetish, and thoroughness was his motto. He has followed the dictum of another great soldier, Wellington, who said: "If a thing is worth doing at all, it is worth doing well." General Pershing, above all things, has been a soldier. His career as a soldier could not by any flight of the imagination be called "meteoric," but his has been a record of work well done and obstacles overcome.

Though a soldier he was not a militarist. But he has never wilfully shut his eyes to impending trouble. "Be prepared" has been his slogan, and **defense**, not **defiance**, his ultimate aim.

Though General Pershing retires into private life through the exigencies of military discipline, the country will feel that "he is there" to aid by his example and wise council those upon whom the responsibility must now fall. It is for him not "Taps" that is sounded, but the "Retreat" which rings forth in the placid atmosphere of a glowing sunset.—Dearborn Independent.

Co-Operation

When you get ready to put quite a sum of money into a bill of groceries, as you no doubt do this fall, we want a chance to figure your bill and show you what we offer for sale. We will save you money and some of the money you leave here will some day find its way back to your home, especially so if you sell produce.

Remember, we are not on the selling end of the game all the time; we buy thousands of dollars worth of produce within a year, and that is worth considering.

WE THANK YOU

P. & F. Company

"The Best Place to Buy or Sell."

1718 Bales of Cotton

Up to noon Thursday 1718 bales of cotton had been weighed by public weigher T. W. Angel. This makes 773 bales brought in the past week. One hundred and eighty-two bales were brought in Wednesday and the daily receipts will continue to increase rapidly as long as fine weather prevails.

Cotton was selling at from 22 to 22½ cents here Thursday.

In addition to the cotton received locally, quite a large amount of cotton is now being received at the compress from other points.

Hunters Warned

Article 299 of the penal code makes it a violation of the law to hunt any game on Sunday within one-half mile of a church, schoolhouse or private residence and fixes the penalty at not less than $10 nor more than $50, County Attorney Frank E. Smith said Wednesday morning in advising local hunters of the law.

"Any person who shall hereafter hunt game of any kind whatsoever on Sunday, within one-half mile of any church, schoolhouse, or private residence shall be fined not less than $10 nor more than $50," the law sets forth.—Abilene Reporter.

Improvements at Wigwam

Handsome new mirrors have been installed across the entire length of the south wall of the Wigwam restaurant this week, adding much to the attractive appearance of this popular eating place. New stools and chairs have also been added this week and the proprietors assert they will continue to maintain a service that is second to none.

Reward for Lost Handbag

A black leather handbag containing brown money purse with about $2 in change, pair ladies spectacles, handkerchiefs, etc., was lost on Gail road. A reasonable reward will be paid for return of same to Herald office. Mrs. G. W. Smoot. 1t

Improving Freight Service

The Texas & Pacific railway announces another improvement in their freight service that will be appreciated by the patrons of the road. Effective Sept. 23rd, they established a daily local freight service between Big Spring and Baird.

Today, Friday, is Big Spring Day at the Mitchell County Fair and everyone who can should go to Colorado for a few hours at least. A fine agricultural exhibit was sent to Colorado to represent our county. Midland sent hundreds of her citizens to Colorado Thursday to represent that city on Midland Day.

Mr. and Mrs. Ben J. Lindner left Friday night for the T. & P. Hospital at Marshall, where Mr. Lindner will undergo medical treatment. Mr. Lindner who underwent an operation for appendicitis is getting along nicely according to a message received here Wednesday.

Although the cotton season is two weeks later than last year all lines of business report a substantial increase beginning several weeks ago. The great number of new people coming into the Big Spring country means that more new homes must be erected.

Home made candies of quality. Chocolate Shoppe.

Mrs. R. B. Pistole, a former resident of this city, is now assistant postmaster at Las Vegas, Nevada. Mr. and Mrs. Pistole have been making their home at Las Vegas for some time. They state that three families who formerly resided at Big Spring are now making their home at Las Vegas.

Sandwiches—not how cheap, but how good. Chocolate Shoppe.

Folks who have been away from Big Spring for six months or more state they can note a wonderful improvement in this city and surrounding country. While few new business buildings have been erected, a great number of new and substantial homes are to be noted in Big Spring and adjacent territory.

Unable to secure hotel accommodations for his football team and subs at Abilene, Coach Joe H. Ward has arranged to take his team in automobiles, and spend the night at Merkel. Enroute Friday they will stop at Roscoe to witness the Roscoe team in a matched game. They will also see the Baylor-Simmons football game at Abilene, Saturday afternoon.

Herald want ads get results.

You Never Miss the Water—

The districts most severely affected by the drouth are southern Idaho and southern California. The Snake River astonished even the pioneers by the small quantity of water it carried and the amount of flood water stored in Jackson lake was insufficient to make up the deficit. Many ranchers saw part or all of their crops dry up and die when the ditch remained empty, but relief is in sight through the speedy creation of the American Falls reservoir by the Reclamation Service. As in the case of Salt Lake City, southern Idaho has ample water if more of the winter and spring run-off is impounded by dams and held over for the summer's use.

San Francisco is saving water by voluntary co-operation of the consumer. Its new Hetch Hetchy Valley supply is not yet available in the metropolitan area, as the largest part of the 100-mile conduit remains to be built, but the stored water was snapped up at a nominal cost by grateful ranchers of the irrigation districts nearest the source of the water supply. Except for more construction work, San Francisco's water problem is practically solved.

Los Angeles now appreciates the foresight of the men who twenty years ago braved ridicule when they urged that the city, then a comparatively small community, spend $25,000,000 to build a 225-mile aqueduct and bring in a large quantity for ten years. They did it and saved the situation, for without this aqueduct water the growth of Los Angeles would have been seriously restricted several years ago.

Now these same men are pushing forward the most audacious engineering project in the country. They want to dam one of the country's major rivers, the Colorado, and divert part of the saved flood water across 300 miles of mountains and deserts into southern California.

They'll do it, too. A preliminary survey of the most feasible route for the aqueduct and the huge tunnels is now under way at an expense of over half a million. Present conditions of drastically curtailed water and power consumption are giving punch to the argument that Colorado river water must be brought into southern California.

Big things, great developments are in store for the Far West as a result of the severest drouth on record.—October SUNSET.

To Open Filling Station and Tourist Camp

S. L. Everhart this week purchased of J. F. Donaghue a residence in the west part of Big Spring.

Mr. Everhart purchased this property with a view of erecting a modern filling station on the property and be prepared to sell auto accessories as well as selling gas and oils. He also plans to establish a tourist camp on his property. Buildings to protect tourists and their cars will be erected and every convenience possible will be provided.

Mr. Everhart who has worked in every town along the T. & P. while assisting in the construction of the Postal Telegraph Co., states that he considers Big Spring one of the best little cities in Texas and he believes it is due to make a substantial growth and he has decided to invest all he makes in Big Spring property.

Entertain at Bridge

A delightful time was in order at the home of Mrs. W. W. Inkman, Wednesday afternoon, at which time Mrs. G. W. Wilke and Mrs. Inkman entertained their friends at Bridge.

Thirteen tables of players entered into the series of keenly contested games. Mrs. J. J. Hair had the honor of making high score and to Mrs. Fred Stephens went the booby prize.

Refreshments in two courses were served at the close of this enjoyed occasion.

Entertains at Bridge

Mrs. Jno. Clarke entertained a few friends at Bridge Friday of last week and an unusually pleasant time was in order. Five tables of players took part in the games with Mrs. John Hodges having the honor of making high score.

Delicious refreshments added to the pleasures of the occasion.

Bridge Club Notes

The members of the Pioneer Bridge Club met with Mrs. Jno. Clarke on Wednesday of last week. Mrs. W. W. Inkman was the fortunate one among the five tables of players as she made high score.

Refreshments were enjoyed at the close of play.

A Free Trip to Lubbock

If there is anyone who can drive a Ford and who desires a free trip to Lubbock Saturday, phone 347, I have the Ford.

A good milk bucket full of crackers for $1.00. P. & F. CO.

Howard County

One of the coming counties of West Texas fine farming land, fine soil, any kind like. Best crops in Texas; well improved farms, and unimproved land—all cheap now worth the money asked. But land of all kinds is going up all the time and in 3 or 5 it will be selling for double what you can buy for at this time. This is the place for man with a little money. One or two crops will pay for your land; also a place for with capital—no better investment anywhere than here. If you do not reside in this you should. No better land values anywhere. We can sell you anywhere you want to Can show you a man in this county who bought raw land this year; improved his place his land and put in about 700 acres of sod land and will realize about 400 bales of cotton of this 700 acres, besides his feed crop. We can show you better than tell you.

Big Spring, Texas

County seat of Howard County. Located on T. & P. Ry. Population about 6,000 ple and growing fast. Never had a boom. Railroad town—shops and offices located More money changes hands here than any place in West Texas, large pay roll the year We have the advantages here that towns or cities several times our size have.

We have two nice High School buildings, one nice Central school building, two school buildings—all brick, 3 of which are two stories and two of them new. No schools anywhere. All churches represented here. If you want to embark in business want to invest in city property either business or residence, you can make no mistake

We handle both city property and farm lands. If you contemplate coming to country or are already here and want to invest let us know. See or write us and let us what you want. To those who live outside of Howard County: If you buy we will your fare both ways, but if you buy and put up a forfeit we will pay your fare one

Those that have not listed their land or city property with us had better do once as we will sell it. We are no land sharks trying to bunco some one out of something come and see for yourselves. We have been residents of this county 25 years—refer to any bank or banker, business man or the Chamber of Commerce.

First Baptist Church Notes

An unusually interesting meeting of the Missionary Society of the 1st Baptist Church was held Monday afternoon, Sept. 22, at the home of Mrs. F. F. Gary. "Our State" was the subject, and Mrs. W. W. Grant who was leader, had arranged the splendid program which follows:

Opening Hymn.
Devotional—Mrs. Holmes.
Prayer for Campaign Victory in Every State—Mrs. Beckett.
Hymn—Loyalty to Christ.
The Individuality of the State—Mrs. Gary.
A Significant Meeting — Mrs. Douglass.
State W. M. U. Broadcastings—
Alabama—Mrs. Lloyd.
Arkansas—Mrs. Buchanan.
District of Columbia—Mrs. Knight.
Florida—Mrs. Dodge.
Georgia—Mrs. Heard.
Illinois—Mrs. Pittman.
Kentucky—Mrs. Tyner.
Maryland—Mrs. Tucker.
Mississippi—Mrs. Bondurant.
Tennessee—Mrs. Schull.
Closing Hymn—Blest be the Tie that Binds.
Closing Prayer—Mrs. Osgood.

At the conclusion of the program and business period, Mrs. Gary invited the guests into the dining room, where from the beautifully appointed dining table delicious refreshments were served.

Miss Lillian Frances Gary, Mrs. Fletcher Etheridge and Mrs. Homer McNew assisted the hostess very graciously.

The town has been divided into circles and all except the south side have organized and elected a leader to plan the work. These meetings will be held in the different homes on the 2nd and 3rd Mondays in every month. The Central circle comprises Runnels, Main and Scurry streets, beginning at 10th street and extending to First; the West Circle, from Gregg street west including Jones Valley; the South Circle, all of College Heights and Cole and Strayhorn addition; and the East circle from Johnson street on including all streets east. The ladies on the north side are invited to come over and join any circle of their choice.

Mrs. Douglass is leader for the Center; Mrs. Pittman, the East; and Mrs. Mims, the West circle. The South side leader will be announced later.

A reception is being planned to be given at the church next Thursday night, Oct. 2nd. All members of the church are urged to be present and take advantage of nity to meet the new wife.

The Unpardonable Sin

Quite the most horrible crime chronicled of recent years—one beside which the Franks murder almost pales into insignificance—is the confession by a murderer, cloaked as a minister of the gospel, that, while sitting beside the deathbed of a betrayed husband, he fed him poison while he strove to convert him and strengthen him spiritually to meet his Maker.

The whole thing is unthinkable — one can scarcely conceive such a situation or such a man. Murders are common enough, crimes of passion, cold-bloodedly planned crimes of vengeance. One can imagine a preacher in a million who might be so overcome by evil that he would murder. But the hypocrisy which permitted him to pray with his dying victim and then preach his funeral sermon is something new in criminology.

It almost answers the Biblical question as to what is the unpardonable sin.

Now that the poisoner has confessed, unable to stand firm before the righteous and burning indignation of his presiding elder who stripped him of his office and laid bare his soul, we may expect to have revealed the peculiar mental distortion with which this man satisfied his conscience and nerved his hand.—El Paso Times.

Mrs. W. A. Ricker Entertains

Mrs. W. A. Ricker delightfully entertained the members of the Rook club and a number of visitors at Rook on Thursday of last week. In the series of ever interesting games, Mrs. J. J. Hair made club high score and Mrs. E. M. LaBeff made visitors high score.

The delicious refreshments served added the final touch which caused this to be an afternoon of perfect enjoyment.

Miss Mabel Ricker Entertains

Miss Mabel Ricker was hostess to her friends last Saturday entertaining nine tables of players at Bridge.

The interesting games and the dainty refreshments combined to make this an occasion of complete pleasure for everyone present.

Mrs. Bernard Fisher had the honor of making top score.

First Game in Dixie Series a Tie

The first game of the Dixie series between Fort Worth and Memphis was called at the end of the eighth inning at Memphis Wednesday on account of darkness. The score stood 3 to 3, when the game was called.

On Saturday, September 20th, Rev. D. H. Heard performed the ceremony which united in marriage Olin B. Hull and Miss Maude Buchanan. The contracting parties are two of Howard County's well known and esteemed young people and we join many friends in extending best wishes for happiness and prosperity.

A dozen good cakes, 5c. P. & F. COMPANY.

Complimentary to Mr. and Mrs. Kent

Tuesday evening a delightful picnic was given at the City Park in honor of Mr. and Mrs. Aubrey Kent of Oxford, La., who are guests of Mrs. Kent's parents, Mr. and Mrs. J. O. Tamsitt. On arrival the guests were labelled and it was amazing to find in the crowd, prima donnas, movie actresses, toe dancers, chefs, assistant chefs, etc. When eating time came the guests were called according to their professions to take certain places at the well laden table. The chefs proved themselves artists in their line, for the air was soon perfumed with the delicious coffee they prepared. The fried chicken, salad, sandwiches, eggs, pickles and olives all were perfect while the ice cream and cake and finally the watermelon rounded out a feast fit for the gods.

It was a pleasure for old friends to meet Mr. and Mrs. Kent again, and soon it was no longer "Mr. and Mrs. Kent," but Aubrey and Lillian just as it used to be. Their little son, James William, was not the least honored guest on this occasion but came in for a large share of attention.

Those present were: Mr. and Mrs. Kent and son, Mr. and Mrs. J. O. Tamsitt, Mrs. Wm. Robinson, Toyah, Mr. and Mrs. Can Powell, Mrs. Steve Tamsitt, Mr. and Mrs. Nabors, Mr. and Mrs. Temp Currie and little son, Mr. and Mrs. W. R. Dawes, Mrs. J. I. McDowell, Mrs. H. Markham, Mrs. D. C. Everly, Mrs. Schull, Mrs. Barrick, Mrs. Blanch Richardson, Mr. and Mrs. R. C. Strain and granddaughter, Miss Agnes Currie, Miss Lena Richardson, Miss Helen Hayden, Miss Nancy Dawes, MissLena Kavanah, Mr. Chas. Hatch, Mr. Omar Pittman, Mr. Willie Dawes, Mr. Guy Tamsitt.

Reception for Teachers October 3rd.

The annual reception for the teachers of our schools will be held at the home of Mr. and Mrs. C. S. Holmes, 800 Main street, Friday, Oct. 3rd, from 8 to 10 oclock p. m.

All patrons of the school are cordially invited to be present.

Fairview Notes

Miss Opal Nichols who recently moved to Stanton, was a visitor with us Sunday.

W. R. Thomas is on a business trip to Ranger.

Mr. and Mrs. H. C. Rayl of Graham who have been visiting her mother and father, Mr. and Mrs. Morgan, was to leave for home Monday.

Miss Bertha Miller of Salem, is spending this week with her sister, Mrs. W. R. Thomas.

Mr. and Mrs. Ashley entertained the young folks Friday night.

There were large crowds out at church each night. Let everybody be back Sunday night for B. Y. P. U. at 8 oclock. Mrs. McCoy will be leader. Everyone is expecting a good program. Members, please don't forget to read your Daily Bible Readings.

The W. M. S. was called off until Wednesday afternoon, 5 oclock. They will have that hour then, everybody meets for prayer meeting.

Miss Zora Taber spent Sunday with Misses Luerene and Edna Hudgins.

Rev. Mason ate dinner with Mr. and Mrs. Hammock Sunday.

Mr. and Mrs. Clarence Fryar and Mr. and Mrs. A. J. Wilson of Salem were the guests of J. W. Fryar Sunday.

Hatch-Duvall

At the home of Mr. and Mrs. John Hodges in this city at 7:15 oclock Friday evening, September 19th the ceremony was performed which united in marriage Gordon L. Hatch and Miss Willie Duvall.

The ceremony was performed by Rev. M. Phelan, pastor of the Methodist Church.

Immediately after the ceremony the happy couple left for a honeymoon trip to Dallas, Waco and Lorena. They will make their home in this city.

The bride is the daughter of Mr. and Mrs. C. F. Duvall of this city, a most charming young lady, and one of the most popular members of the younger set. The groom is one of our well known and esteemed young men, and an employe of the Texas and Pacific railway company.

We join a host of friends in extending to this popular couple best wishes for an ideal wedded life.

Presbyterian Auxiliary Notes

Last Monday an interesting business meeting was held at the church. Splendid reports from chairman and secretaries were presented.. It was decided to resume the Friday afternoon Prayer Band. This week the band will meet Friday at 3:00 with Mrs. Lane and Mrs. Shepherd will be the leader. The Synodical which meets in Abilene on the 15th and 16th of October was announced and the District Conference at Midland, which meets shortly after, was spoken of by the chairman, Mrs. Barnett. It is hoped many will plan to attend this meeting; date and full particulars will be given later. The secretaries of C. E. and M. R. & Y. P. and S. S. will have a joint program and social meeting on the second Monday in October.

Next Monday is fifth Monday and will be devoted to Bible study. The ladies are asked to meet at the church at 3 and bring Bibles. The subject for study, the Disciples of Christ.

Baseball Game Sunday

The eternal rivals, the Stokes Motor Co. baseball team and the T. & P. office team are scheduled for a grudge game Sunday afternoon.

Both teams have been handing out oodles of hot air so it's up to them to deliver the goods Sunday afternoon. The game starts at 3:30 p. m. so be there on time if you want a choice seat. The price of admission will be in the reach of all — only twenty-five cents, and the proceeds are to be donated to the High School football fund.

If you want to spend an hour or so quite pleasantly come to this game. You'll enjoy it, and the football boys will appreciate your little donation of goodwill.

Ideal Weather Conditions

The weather has been almost perfect the past week as far as harvesting the cotton crop is concerned and our folks are not wasting any time gathering the cotton that is ready for picking.

We were right in the edge of the storm, last Sunday, that swept over a great portion of the United States, a cloud hanging in the south practically all day long. A heavy rain fell in the southern part of our county and in the counties to the east and south. A two inch rain is reported at Lees in Glasscock County and a fine rain over practically the entire county.

If we have many more weeks of weather such as the past week we can expect to make extra good time in marketing our cotton.

Mrs. C. E. Yarnell and Mrs. W. A. Miller returned Monday from a visit in El Paso.

A dozen good cakes, 5c. P. & F. COMPANY.

F. F. Gary and I. Slusser spent Sunday in Lubbock.

Mr. and Mrs. J. T. Bell visited in El Paso the first of the week.

Buy new crop canned tomatoes by case and save money. P. & F. CO.

Red Franklin was among the Big Spring delegation that made the trip to El Paso last Friday.

Mr. and Mrs. S. W. Hughes of Brady were here the forepart of the week for a visit with Mr. and Mrs. B. Reagan.

Notice in Probate

THE STATE OF TEXAS

To the Sheriff or any Constable of Howard County—Greeting:

You are hereby commanded to cause to be published once each week for a period of ten days before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in said Howard County, a copy of the following notice:

THE STATE OF TEXAS

To all persons interested in the estate of G. W. Wheeler, Deceased, Artimes Wheeler has filed an application in the County Court of Howard County, on the 18th day of September 1924, for probate of the last will and testament of said G. W. Wheeler, deceased, and for Letters Testamentary with the will annexed, which said application will be heard by said Court on the 6th day of October 1924, at the Court House of said County, in Big Spring, at which time all persons interested in said estate are required to appear and answer said application, should they desire to do so.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal, at Big Spring, Texas, this 18th day of September 1924.

J. I. PRICHARD, Clerk,
County Court, Howard County, Texas. (Seal).

Live and Learn

If we as a people can learn from experience, without having to be hit on the head with a panic and hard times, the recent slight depression in this country should have taught its lesson.

When industry slowed up, jobs became scarcer—just enough scarcer that no one was really hurt but enough to make a sensible man think and realize that any movement or any agitation which interferes with normal industrial activity strikes first and hardest at the working man.

As farm prosperity returns more men have jobs not only on the farms but in all lines of industry.

A man who works in a sawmill or a mine should realize that his job depends on prosperity in other lines of business which use the product he produces.

The brakeman or engineer or a freight train should realize that his job depends on "the other fellow" who makes an article for transportation.

If we would pull together as a nation success awaits us. If we fight among ourselves we court hard times and failure.

The work of the Dawes' committee of experts to formulate a business-like program for settlement of the Allied Reparations tangle, further emphasizes the value of team work along constructive lines.

This committee figured out such a practical plan that it was adopted on account of its sanity and simplicity. After five years of European intrigue and jealousy, plain every day business sense and honesty won out over political inefficiency.

The people of Europe have suffered five long years to learn their lesson—namely—that one nation cannot profit at the expense of another.

Thus we do see intelligence finally conquering ignorance. How long individuals or nations suffer during the "process of education" depends upon their ability to learn from observation and escape the severe lessons which experience gives to those who refuse to learn otherwise.

The American people have only a bright future before them if they stand for the square deal policy which will assure continued agricultural and industrial activity.—Industrial News Review.

"You Are Rich; You Can Walk"

Yesterday a little crippled boy looked up at me wistfully from the white bed in the Hospital for Crippled Children. He said one thing that was worthy the insight of a philosopher. He played with my watch and pen, then asked for my pocketbook. He examined the few meager coins in it, and handed it back to be saying, "Your are rich."

When I denied being rich, he said: "Yes you are rich. You can walk."

That little philosopher has never taken a step, but he knows that real riches are not in pocketbooks but in strong legs and well-formed bodies to do the work and play of life.

I think I shall always see his little pinched-up, white face, and whenever I feel inclined to grumble a bit, as we all do, I shall hear the pathetic tenor of his quivering little voice: "You are rich. You can walk."

Not long ago Mr. Rockefeller, the world's wealthiest citizen, passed into his eighty-sixth year. I wonder if the oil magnate could have stood at that bed and offered that little boy all his riches, the little fellow would not have said: "Take your old gold, but give me rather a pair of good legs to walk upon."

Then I thought if some earth-favored mortal whose ships on the sea of life had brought home all the precious things for which mortals strive, could have stood there and made a proffer of it all to the boy to pay him for the loss of limbs, the little man would have said: "I'd rather run and walk and play in the sunshine than to be the richest king."

The common blessings of the earth are the richest. All else is tinsel in comparison.

Have you fair or good health, and can you run about? Thank God, and do not complain at little things again!

Have you the faith of loved ones? Then leave the dirge alone.

Have you sanity and the right use of mental powers? Then sing a song every day.

Have you a task that's "high and open to the sun?" Then all the world is at your feet.

When life's clouds hang low and heavy, just take a peep at things through the eyes of the little crippled boy, and then thank God that you can walk!—Dr. Holland in The Progressive Farmer.

THE PASSING DAY

Will H. Mayes, Department of Journalism, University of Texas

The Texas schools are all reporting largely increased attendance, which is an indication that there is a growing interest in education and also that the people of the State as a whole are reasonably prosperous. Although crops are short in many parts of the State, prices are fairly good and most of the people are out debt. Debt always is an obstacle in the way of education. As people prosper they spend their earnings liberally in the education of their children. It follows that those who have children to educate should avoid debt as far as possible, for it stands in the way of their proper training.

* * * *

Poverty, though, will not keep the determined and ambitious young people from securing an education, although it does greatly increase the difficulties. The records of most Texas schools show that a large per cent of the boys and girls are working to pay their way through college. Many others are borrowing funds with the expectation of repaying when they get out of school and make the money. It is stated, also, that self-sustaining students are the most diligent. This is probably because they have a proper appreciation of their hard-earned money. Still, it is a pity that earnest students should have to do the double work of earning and acquiring an education, even though the severe discipline may make them all the better students.

* * * *

The interest being shown in community and county fairs in Texas just now is remarkable. From the newspaper reports it appears that all of them are largely attended and that the exhibits of live stock and products are well worth seeing. The people are brought together in these small fairs and there they exchange experiences and talk over problems in a way that can not be done at the large fairs. Most of them have interests in common and they secure valuable help in discussing them with each other. If only the people of a community or county can be made to understand that their problems are all closely related and that personal and mutual interests can best be promoted by close co-operation there would be no "moss-back" communities left in Texas.

* * * *

Most persons are selfish and exhibit their selfishness when they are among strangers. One of the best places to see human nature at its worst is in the wash room of a Pullman car. Mr. Average Man will take his suit case and clothes and spread them over the greater part of the room in such a way that others who wish to use the room have to await the leisurely preparation of his toilet. It matters not how many others may be waiting, he will deliberately shave and monopolize as much space as possible in a room he knows to be crowded. He is a Pullman car hog and a nuisance. He would not behave as he does except among strangers to whom he thinks it unnecessary to be courteous.

* * * *

Persons of culture and refinement are cultured and refined wherever they may be and are courteous to every one. It is impossible to have one nature among friends and another among strangers. Some people assume one air when with friends and an entirely different one among strangers. It is because their friends know them and the strangers do not. Many are nice to those upon whom they wish to create a good impression, but apparently indifferent habitually to those who are closest to them. There are those who are cross and churlish at home, but "sweet as pie" away from home. Often these imagine they are fooling others as to their real temperaments, and for a time they may create favorable impressions, but the real disposition sooner or later manifests itself everywhere.

* * * *

There have been more automobile tourists in Texas the past summer than ever before. Most of them have been Texans who have been getting acquainted with their State, but many from other States have been seeing Texas very intimately. The automobile may be somewhat a luxury, but it is playing a great part in the education of the people, who are learning much from their summer tours in their own cars and at comparatively small expense.

King's candies—both package and bulk. Chocolate Shoppe.

Roy Green returned Monday from a visit in El Paso.

Styles That Fashion Approves

With new ideas in line and trim are inspired by the mode, stunning is the word that describes the assemblage of apparel that has been created for us, and the garments sparkle with crisp freshness.

You Are Cordially Invited to Come In!

And Become Thoroughly Acquainted With the New Styles for Fall Wear

Long graceful coats are here in the many rich and beautiful fabrics developed this Season. Many models are trimmed with fur and are beautiful to behold.

Bengolines, Failles, Satins and Crepe Satins are the materials mostly in vogue for Autumn's smartest Frocks, and our extensive collection presents many new models in these fabrics.

A new shipment of Silk Hosiery for fall wear is being shown this week for the first time, they come in black, beige, airedale, fawn, peach, rose beige, antique and sunburn.

Whenever attention is given to the importance of the complete costume Gloves claim their share, and we have anticipated this and have a beautiful assortment of the new styles and colors to to show you.

The Store That Quality Built

West Texas Chamber of Commerce Plans Industrial Development

Stamford, Texas, Sept. 5.—Announcement is made today by the West Texas Chamber of Commerce of the organization's retaining Burt C. Blanton, Consulting Industrial Engineer, of Dallas, to render professional services for and in the interest throughout West Texas.

Mr. Whaley and Mr. Blanton conferred here today in regard to specific service to be rendered along industrial lines, and formulated plans for a systematic campaign to exploit West Texas potentialities pertaining to industry, and also; to perform technical service in the interest of West Texas industries.

Referring to the agreement entered into between Mr. Blanton and West Texas Chamber of Commerce, Mr. Whaley said: "It has been one of the ultimate objectives of this organization since its inception to render constructive work in industry, and to aid in further development and expansion of West Texas industrially through the guidance of an expert industrial engineer. Mr. Blanton's practical experience and work pertaining to industry in the State of Texas qualified him as the organization's choice to carry on this character of work.

"Mr. Blanton's work will include special reports, investigations and surveys of cities, towns and counties in West Texas for the West Texas Chamber of Commerce, co-operating with local chambers of commerce, together with the rendition of industrial engineering for manufacturers in this region," Mr. Whaley said.

"A detailed program for industrial development, and methods to be adopted in this connection will be announced within the next two weeks," Mr. Whaley added.

In conclusion Mr. Whaley pointed out that the West Texas Chamber of Commerce, through the retention of Mr. Blanton as its consultant, on industrial problems, would be eminently equipped to advise as to the feasibility of new manufacturing enterprises which may be launched in West Texas, as, today, citizens of West Texas are coming to the realization of their opportunities industrially, most especially through the utilization of West Texas cotton by its fabrication in textile mills located through the west section and the Panhandle.

Notice to Bankers, Etc.

Notice is hereby given in accordance with Article 2454 Vernon's Sayles Revised Civil Statutes to Bankers, Banking Corporations, Associations and Individuals, that on October the 2nd, 1924, the next regular meeting of the City Council of Big Spring, the Council will receive sealed bids or proposals from those Bankers or Banks, or Associations, or Individuals who may wish to be designated as the City Depository and receive the benefits and use of the various funds, current, water, sinking funds, etc., of the said city, for the next year ending July 1st, 1925; and those that desire to bid, place your proposals in sealed envelopes, not to be opened till in presence of said session, giving the rate of interest to be paid to City on the daily balances.

This the 8th day of September A. D. 1924. 52-3

J. W. Middleton, City Secretady
Big Spring, Texas

As the Editor Sees It

If an editor has Beatitudes, I think they should read something like this:

"Blessed are the Merchants who advertise because they believe in it and their business; for their prosperity shall increase many fold.

"Blessed are the Country Correspondents who send in their well written items every week; for fame of their friendly neighborhoods shall go abroad in the land.

"Blessed is the woman who sends in a written account of a party or wedding; for she shall see the details of the function and the names of her guests correctly reported.

"Blessed are all those who do not expect the editor to know everything, but who call up and tell him whenever an interesting event occurs to them; for they shall have a good paper in their town.

"Blessed are they who get their copy in early; for they shall occupy a warm place in the editor's heart.

"Blessed are all those who cooperate with the editor in his efforts in behalf of the community; for their town shall be known far and wide as a good place in which to live."—Ex.

Julius Barnes Looks Toward W. T.

Julius H. Barnes, twice President of the United States Chamber of Commerce, in an address recently delivered by him on the subject of the "Challenge to Our Cotton Supremacy" made the following statement:

"In west Texas there is an area of 200 miles square which it is claimed, eventually might produce as much cotton as now does all the remainder of Texas. Based on experiments conducted over a ten year period, the statement repeatedly has been made that the 6,000,000 acres of tillable land in this particular area are capable of producing something like 3,000,000 bales of cotton. But in the opinion of experts the production from these additional acres in Texas will not offset weevil damage east of the Mississippi River."

Surely, and not so slowly, is West Texas becoming recognized as a splendid banner cotton country. Indeed W. F. Sterley, General Passenger Agent, of the Fort Worth and Denver Ry. is authority for the statement that West Texas shall in 1924 produce between 1,300,000 and 1,500,000 bales of cotton.

West Texas is indeed an important factor in the world's cotton market. —West Texas Today.

Butlers ice cream—the cream that quality built. Chocolate Shoppe.

Relative to Trash Hauling

To The Herald:

Relative to the matter of hauling off the trash accumulating on the premises of private citizens, the City Council has heretofore adopted the policy and has followed same for some time, that the City funds or resources would not be used in this manner, regardless of the desirability of having clean yards; and the Council, lately considering the action of the City Federation requesting the City to assume this burden, has considered that the funds of the City are not in such state as would allow expenditure of this kind and a change of policy; and it has not, nor has the Mayor, authorized any organization to state to the Public that it would do the hauling of the accumulation of trash from private property, though the City has considered very carefully the matter and would like very much to be able to perform this service.

Citizens must realize that each and every added burden the City assumes must be paid for, and that the only way the City Council has to raise the money to pay for services of any kind is by Taxation; and positively just at present we do not intend to raise the rate of Taxation, and naturally must curtail expenditures, or at least must not add any further expenses to the City's budget, even at the risk of some public criticism in not assuming this service that rightly belongs to the private citizen to dispose of his own trash.

CLYDE E. THOMAS, Mayor.

640 ACRES BEST WATERED SECTION IN HOWARD COUNTY

Must be sold in 30 days. Soil, deep rich red sandy loam, red clay for subsoil, surface level, covered with heavy cat-claw and some large mesquite timber. Two wells of good pure water, inexhaustible, only 55 feet deep. Fenced on two sides. Located 15 miles from Big Spring; 9 miles from Stanton; 5 miles from R. R. Shipping station; 5 miles from Bankhead Highway.

Will sell 320 or 640 acres. Terms, 20 dollars per acre, 1-3 cash, balance 5 years at 8 per cent notes on or before. FOX STRIPLING, Owner, Big Spring, Texas. 2-2t-

An unloading crane has been installed at the compress, and public weigher T. W. Angel is now able to "snake" a bale of cotton from a wagon or truck to his scales in quick time. This saving of time will prove a big help as everyone is cutting all corners getting cotton out while the fine weather is in evidence.

Weekly Report on Crop Conditions in South

Washington, Sept. 22.—Crop and weather conditions in Southern States during the week ending Tuesday were summarized Wednesday by the Department of Agriculture as follows:

Rainfall was heavy in the eastern cotton belt at the close of the week, and was moderate to generous in the western portion, but only light local showers occurred in the central districts. It was abnormally cool in much of the belt, though temperatures were near normal in the extreme southern portion. The influence of the weather on cotton during the week resulted in but little change in the general outlook. Increased moisture in the eastern portion of the belt was beneficial in checking shedding in some localities, and the plants that still are green in some western districts will be helped; but the rain came too late to improve much cotton in the Southwest. There was some lowering of grades by rains reported and some local loss of lint, but the harm was not extensive.

The progress and condition of cotton continued fair to very good in extreme Western and Northwestern Texas, but were poor to only fair elsewhere, with some complaint of beating out and lowering of grade by rains. Considerable green cotton in Northern Texas will be benefitted by the increased moisture. Showers were mostly light in Oklahoma, and the progress of cotton was poor to only fair, but plants still were blooming and fruiting in most districts. The crop made very good advance in Arkansas.

Precipitation was light generally in Louisiana, Mississippi and Alabama, except locally in Alabama, and but little change in condition was noted in those States. It was too cool in Tennessee and there was slight deterioration, but the increased moisture was beneficial in checking shedding.

Crops Good Despite Dry Year to Date

Stamford, Texas, Sept. 22.—Up to and including September 15, Central West Texas had received a total of 16.38 inches of rain for 1924, making the year, to date, one of the driest in West Texas since 1917. The annual rainfall for 1918 was 19.85 inches; 1919, 28.67; for 1920, 35,47; for 1921, 25.60; for 1922, 24.78; for 1923, 32.77 inches. The annual average normal rainfall is 24.36 inches, based on records taken since the year 1886.

The rainfall for 1924 to date, however, has been well distributed, which accounts for the crops in West Texas being better that for two years past, notwithstanding that the rainfall in 1922 and 1923 was much larger. Of course, if the remainder of 1924 gives to West Texas its average rainfall for that period, it would account for about five inches more of rain, giving the region little more than 21 inches of rain for the year, or one of the smallest rainfalls on record.

This is especially interesting, as it proves that it is not so much the quantity of rain that falls as it is its distribution. The heavier rainfall in any single year in West Texas since 1886 is accounted for by the year 1914, when 41.60 inches fell. The next heaviest annual rainfall was during the year 1895, when the fall was 35.90. The smallest rainfall for any year since 1886 was in 1917, the year of the great drouth when the fall was only 10.85. The next smallest was during the year 1909, when the fall was 14.97 inches.

A careful analysis of the monthly and annual precipitation in West Texas for thirty-eight years, shows that there is practically no change in the rainfall. It is not raining any more today in West Texas than it was thirty-five years ago. Nor is the rainfall any better distributed. As a rule August is the month of heaviest rainfall, though it is interesting to note that during the last four years the precipitation in West Texas in August has been very small and much below the average. The failure to meet the average during the last four years has caused West Texas to fail to get bumper cotton crops, notwithstanding that the crops have been large indeed. —Dallas News.

The greater portion of Howard County has not received the 16.38 inches of rainfall reported for Central Texas and yet our county is going to be able to hold her own with sections which have had much more. The rain gauge at the U. S. Experimental Farm shows a total rainfall this year of about nine inches.

You can keep up with the latest in sheet music by buying yours here. RIX'S.

Miss Nell Hatch, secretary of the Chamber of Commerce, has been boosting for Howard County at the Mitchell County Fair at Colorado, this week.

Blinding Headaches

"For about twenty years," says Mr. P. A. Walker, a well-known citizen of Newburg, Ky., "one of our family remedies has been Black-Draught, the old reliable. . . I use it for colds, biliousness, sour stomach and indigestion. I was subject to headaches when my liver would get out of order. I would have blinding headaches and couldn't stoop about my work, just couldn't go. I used

Thedford's BLACK-DRAUGHT

and it relieved me.

"About eight years ago my wife got down with liver and stomach trouble. . . We tried all week to help her, . . . but she didn't get any better. One day I said to the doctor, 'I believe I will try Black-Draught, it helps my liver.' He said that I might try it and to follow directions. She was nauseated and couldn't eat or rest. She began taking Black-Draught and in two days she was greatly improved and in a week she was up."

Try Black-Draught. It costs only one cent a dose. Sold everywhere. E-99

Hubert Barton is planning a trip to Big Spring before leaving for Kong-Kong, China, and will arrive about October 10th. Hubert is a graduate of the Big Spring High School. After completing school here in 1918 he went to John Hopkins at Baltimore where he finished last spring. He was one of the football stars of the Johns Hopkins team and is anxious to see the Big Spring Steers in action while he is here. He will be connected with the Standard Oil Company while in China.

The Grand Leader will be closed Monday and Tuesday, Sept. 29 and 30, because the dates named are Jewish holidays.

Incident in History

To the thousands of Abilene and other West Texas folks who gazed upward, the three round the world arm airplanes were just three more airplanes passing overhead, possibly a trifle larger than most machines which have come this way—but just three airplanes, after all. It is true they had been round the world, but what of that?

What, indeed? Nothing much, except that a thousand years, two thousand, three thousand years from now, our descendents will look into history books and encyclopedias and there they will find recorded this fact: Lieuts. Smith, Wade and Netson and their companions, flying in United States army airplanes were the first aerial navigators to circumaviate the globe.

Magellan looms large in history. They have done better than Magellan, for that courageous captain never lived to complete his projected water trip round the world.

A certain dissipated young ruler conquered most of his world over two thousand years ago and we find him in history books under the name of Alexander the Great; a certain epileptic Roman conquered Gaul and established Roman imperialism, and we read of the exploits of Julius Caesar; another epileptic young man, a little more than a hundred years ago, turned Europe upside down and left the bleaching bones of his deluded followers all the way from Moscow to Waterloo; still another, popularly supposed to be in the grip of that same disease which is often allied with genius, saw a vision and became the flaming sword which carried Christianity to the Romans.

Along with the names and exploits of Alexander, Caesar, Napoleon and Saint Paul the people who read history five thousand years from now will learn that Smith, Wade and Nelson were the first to conduct an aerial fleet entirely round the earth.

Just three airplanes overhead, as far as the watchers below are concerned; but how the readers of history in the year 4924 will envy us! —Abilene Reporter.

Why Not Raise More Hogs?

That there is going to be a scarcity of hogs in Texas is now very evident, and before this time next fall many of our folks will be buying pork produced in other states with their hard earned cotton money.

It is believed that hogs will be bringing fifteen cents on the market before long, so you might just as well get ready to pay fancy prices for pork products.

In order to partly overcome this condition the Chamber of Commerce and the banks of the county should encourage the raising of a few hogs on every farm.

It is suggested that boys be loaned the money to purchase hogs; and that prizes be awarded for the boy making the best record in raising pigs.

The situation as to a scarcity of hogs is becoming so critical that the big packing companies are offering to sell to Chambers of Commerce choice gilts at meat prices, plus the cost of immunizing these animals against cholera, pneumonia, etc. The very best animals will be selected for this work and the animals will be treated under government supervision to guard against an outbreak of cholera or other disease that has discouraged hog raising in many sections.

Our folks should have a meeting and decide whether or not we wanted to promote a plan to encourage the raising of more hogs in Howard County.

Same Goods For Less Money

This has been the motto of our store for years and our ever increasing patronage proves we are delivering the goods.

Our prices will always be the lowest. We guarantee every article sold to be just as represented and at a less price than the same goods can be purchased elsewhere. Poison Emergencies

In poison emergencies, send for a doctor at once. Let the messenger be sure to tell him, if possible, the kind of poison taken, so the doctor can bring the proper remedy. Try to get the patient to empty the stomach, at once, unless the poison is some kind of acid, in which case, the emptying of the stomach would be as bad as swallowing as first. To empty the patient's stomach, give a tablespoonful of mustard in a glass of warm water. Repeat once or twice, if needed, 15 minutes apart. Salt may be used in the place of mustard, in same quantity.

In Morphine or Laudanum Poison, do not let the patient go to sleep, and be sure to make the patient vomit.

In Alcohol Poisoning, give the above emetic, (viz. salt or mustard water) and inject strong coffee into lower bowels, with syringe, and keep patient warm.

In Carbolic Acid Poisoning, give patient Epsom or Glaubers salts in tablespoonful dose, or chalk and water or sweet oil.

Tincture of Iodine Poisoning—Give patient large quantities of starch water.

Lye Poisoning—Give lard, oil, or white of egg.

Match or Rough-on-Rat Poisoning—Give white of egg and magnesia. Do not give oils.—Dr. Register, in The Progressive Farmer.

Pola's New Picture at R. & R. Lyric

Pola Negri's new Paramount starring picture, "Lily of the Dust," is a production with an ending which will surprise even the keenest students of drama because it is so totally unexpected. Produced by Dimitri Buchowetzki, "Lily of the Dust," due at the R. and R. Lyric Theatre Monday and Tuesday, September 29th and 30th, presents Ben Lyon, Noah Beery and Raymond Griffith at the head of the supporting cast.

The story was adapted by Paul Bern from the novel by Hermann Sudermann and stage play by Edward Sheldon, "The Song of Songs."

The role which Pola Negri portrays, is one of a beautiful girl raised in a small garrison town among surroundings of the utmost poverty. She is given a place in a lending library where she comes in contact with the officers of the garrison. Among these is Robert Prell with whom she falls in love.

Unfortunately for the lovers, Colonel Mertzbach covets Lily and goes so far as to propose marriage. His dominant personality sweeps everything ahead of him, and Lily becomes the Countess Mertzbach.

Prell follows the pair on their honeymoon, seeking an opportunity for a secret meeting with Lily. He enters her room when he thinks she is alone and is discovered with Lily in his arms by the Colonel. A divorce follows and Prell, wounded in a duel, resigns in disgrace from the army.

Thrown upon her own resources and branded as a faithless woman, Lily finds herself in a worse state than before her marriage. Being young and desirous of enjoying life, she accepts the attention of Richard Dehnecke, a wealthy manufacturer, who places her in a handsome suite of rooms and introduces her to the fast life of Berlin's gayest circles.

She grieves for Prell but believes he will never return. One day, when Dehnecke has presented her with a magnificent rope of pearls, she looks past him to the doorway where she sees Prell, pale from his wound. Overcome with shame at being discovered, she begs his forgiveness. After a terrible struggle, he consents to forget the past if she will immediately leave Dehnecke's rooms.

Too poor to support her, Prell is dependent upon a wealthy uncle who comes to the city to see what type of woman his nephew wishes to marry. The uncle is a man who has known every type of woman. Lily, fearful for her future, prepares to match her wits against those of the astute old man. By a strange turn of chance, the room where the three people dine is one which has witnessed some of Lily's wildest escapades while with Dehnecke.

She loved Dehnecke, and she is still in love with Prell. The power of suggestion is very strong and, influenced by the wine she drinks, she becomes merely the plaything of destiny.

The final scenes of the picture are crammed with drama of unusual power. Dehnecke or Prell is the question in the minds of the audience.

Noah Beery as 'Mertzbach,' Ben Lyon as 'Prell' and Raymond Griffith as 'Dehnecke' are superbly cast in support of Miss Negri.

Mrs. A. J. Fatheree of Dallas arrived Wednesday of last week for a two weeks visit with her son, E. A. Fatheree.

If you want to see some real sport —see the Big Spring-Anson football game at Abilene, Texas at 10:30 a. m. Saturday, September 27th.

D. W. Christian on Monday shipped one carload of cattle to the Fort Worth market. On Wednesday he shipped a carload of horses to Goldthwaite.

Mrs. E. A. Fatheree who is visiting Mrs. J. D. Nelson at 710 E. Terrell street, Fort Worth, will leave October 1st for a visit in Belton, Temple and other points.

Mr. and Mrs. Jack Williamson and daughter, Alma, who have been visiting his mother, Mrs. O. P. Miller, and also Nat Shick and family, left Tuesday for a few days visit on their ranch on the border of Glasscock and Reagan counties.

About forty-five carloads of perishable goods pass thru Big Spring daily enroute from California to eastern points and many of the cars are reiced in this city. Included in these are oranges, lemons, grapes, and onions from the Stockton section. The P. F. E. are now loading one thousand carloads daily in California and they report the movement of these goods has not reached the peak as yet.

Joe H. Ward, coach at the Big Spring High, acted as referee at the game between Abilene and Stamford at Abilene Tuesday. Nineteen members of the Big Spring team were present to witness this contest.

The big oil companies are becoming interested in this section of West Texas since the Reagan County field is showing up so well. They expect to develop other fields between Mitchell and Reagan counties.

A business survey of the Panhandle, Plains and West Texas show that crop and business conditions are rated ninety-seven per cent by experts. This is the biggest spot in the United States just now where prosperity is in the saddle.

J. F. Thixton recently purchased the Anderson Bailey home place just east of the Cole and Strayhorn addition and Mr. and Mrs. Thixton are now occupying this residence. Mr. Bailey purchased a four room residence on East Third street from T. H. Johnson and has moved into same

It is queer how enthusiastic we can become when we get into politics Quite a few republicans are dead certain that Dr. Butte is going to be elected governor and we note a Hillsboro La Follette booster is predicting that Bob and Wheeler are going to carry Texas. This in spite of the fact that 780,000 Democrats voted in the August primary.

If your boy needs Clothes for Winter why not get them now with fine 2-Pants Suits at $10 and $12.50

COATS
Inherently Fall

A new winter coat! Yours is here waiting to be selected right now. It's cold enough these Fall evenings for a heavy wrap. And if you select now you'll be ready when Old Man Winter really does come—and you'll also have larger and more complete stocks to select from.

You'll love these new Coats with their wrappy upper sections, their leg o' lamb sleeves, their bordered effects. Rich pile fabrics in Penny brown and all the other new fall shades; practically all of them feature luxurious fur trimmings. They're priced $19.75 and upward to $145.

We're now showing a very attractive selection of children's Coats in new styles, materials and colors; quite a few of them are fur trimmed. Priced $6.25 and upward to $24.75.

Just When Frocks Were Growing So Slim

—and for that matter they still are in appearance—along comes Miss Fashion, whose clever ingenuity suggests new innovations that effect the tube silhouette and still permit ample fullness. New Fall Frocks for street and afternoon occasions—of rep, satin, charmeen, faille, bengaline and rich velvets. They're shown in navy, black and the new brown shades; plain tailored or elaborate beaded, embroidered or braided styles. The prices range from $19.75 to $99.75.

Have you seen the new Irene Castle Frocks? If not, see them tomorrow; they're fashioned of the finest quality Corticelli Silks and each model reflects the faultless taste and smart correctness of "America's Best Dressed Woman."

Infants and Childrens Sweaters That Are New

We have just received a big shipment of infants and children's sweaters in smart new styles and colors. There are infants sweaters and jackets in plain white or white with a touch of pink or blue at $2.25 and $3 each. Also pretty brushed wool sweaters in pink with white collars and cuffs at $4 each.

Children's sweaters of brushed wool in new colors and combinations; slipover styles with collar that can be worn open or buttoned high around the neck. They're priced $6.50 each. Then there are brushed wool sweaters in slipover styles with round neck; in white or bright colors with contrasting color trimming. Priced $4.50 each.

We are also showing new sweaters for women and misses in new styles and colors; prices are very reasonable.

A Sale of Beaded Bags at 98c and $1.98

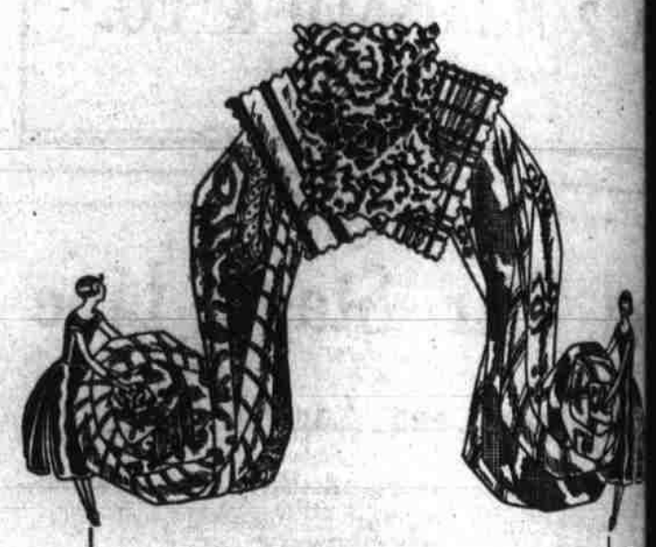

Lucky, indeed, will be the hundred women who get this hundred new Beaded Bags that will go on sale Friday morning. They're imported bags and are shown in pretty new color combinations; pouch shapes or bags with metal or shell frames. These Bags were bought at a special price and we're passing the saving on to you; real values at 98c and $1.98.

Fancy Kid Gloves

Correctly dressed women this Fall prefer the fancy short kid glove with an interesting two tone design on the cuffs. We are showing new kid gloves in black and new tan and brown shades with short ruffled cuff in contrasting color at $4 pair.

Two-clasp dress gloves of fine imported kid in black and brown at $2.50 pair.

Brown cape driving gloves in strap cuff style at $2.75 pair. Suede cloth gloves in strap cuff style; shown in beaver, brown and cocoa. Priced $1.19 pair.

For Those Who Sew

The new Fall fashions are so lovely (and so easily copied) that more and more women are showing interest in sewing. Whether you do it to have more or prettier things for yourself and the children, or just to save money, you'll thrill over the choice assortment of Fall silks and woolens now in.

—Bengalines and Failles are the newest silks for fall and we're showing them in the most popular Fall shades. Beautiful quality, full thirty-six inches wide. Faille at $3.65 yard and Bengaline at $4.95.

—Rich satins and satin backed crepes in navy, black and all the newest Fall shades. Prices range from $2.39 to $4.25 yard.

—New silk and wool Failles in pin stripe of pretty fancy striped patterns; they're priced $2.59 and $4.95 yard.

TRIMMINGS

—In our trimming department you will find just the thing to add the finishing touch to your new costume. Fancy braids, fur bands, embroidered medallions, fringe, tassels, etc. Also a big assortment of buttons in the newest colors and sizes.

LACES

—Laces are very much in demand this season and here you'll find just yards and yards of new ones. There are eighteen inch silver metallic laces for evening dresses; new bandings—four to eight inches wide—with edge to match. See them!
