Rail And Phone Strikes Start Crippling Nation

House Votes $279 Million Bill For VA Hospitals

WASHINGTON, April 24. (AP)—The House today voted a $279,000,000 expansion of the veterans' hospital program.

It passed and sent to the Senate, by voice vote, a bill directing the Veterans' Administration to proceed with construction of 24 new hospitals and expansion of 14 others.

In effect, this restores a 16,000-bed cut in the hospital program which President Truman had ordered in 1948.

There was only an hour of debate, during which Rep. Davis (R-Wisc) called the bill a "political gesture" and predicted that Mr. Truman would veto it.

Chairman Rankin (D-Miss) of the Veterans Affairs Committee, author of the bill, denied that the bill was "a political measure" and said it was intended to help needy veterans.

The bill does not appropriate any money for the work. It merely directs VA to go ahead on the projects. Separate legislation providing the money will be required later.

Nobody asked for a roll-call vote on which the members would have been required to go on record.

Before passing the bill, the House amended it to require VA to make a survey of abandoned Army and Navy hospitals to see if they could be used for veterans.

Chiang Orders Hainan Island Evacuation

YULIN, Hainan Island, April 24. (AP)—All Hainan was the Chinese Communists for the taking today—handed over by order of Chiang Kai-shek.

The generalissimo's order for "total evacuation" of the big island gives the Reds nearly half the remnants of his once vast Nationalist China.

The decision to give up the 13,500 square mile stronghold off South China had not been announced officially here. My information came from a general, one of the top officers charged with Hainan's defense.

This general accused Chiang of "sacrificing" Hainan to his own political ambitions.

He said Chiang refused to send reinforcements because he feared the growing strength and popularity of two of Hainan's defenders—Gen. Hsueh Yueh, the military commander-in-chief, and Marshal Chen Chi-tang, the governor.

(The defense ministry on Formosa said only that fighting continued east of Hoihow, the fallen capital, and near Limko Cape, 40 miles west. Opinion in Taipei was that the Nationalists would abandon Hainan and attempt to remove as much war material as possible rather than defend the southern part of the island.

The island still could be held if the Nationalists had "only one more army" at their disposal, said this man whose name cannot be used for obvious reasons.

Alexander Nominated

WASHINGTON, April 24. (AP) — President Truman nominated Archibald Stevens Alexander today for promotion from assistant to undersecretary of the Navy.

MAY BE AMBASSADOR—Stanley Wood (above), a State department official, was reported to have been chosen by President Truman as the new ambassador to Canada. Woodward, 51, would succeed the late Laurence A. Steinhardt who was killed in an airplane crash March 28 near Ottawa. (AP Wirephoto).

Florida Solon Shot, Killed In His Office

ST. PETERSBURG, Fla., April 24. (AP) — State Rep. Charles J. Schuh, Jr., leader of Gov. Fuller Warren forces in the 1949 Florida House of Representatives, was shot and killed in his downtown office here this morning.

Deputy Sheriff Andy Rand said that Charles Ross, 71, Dade City, a retired meat cutter, was held in city jail in the slaying. Police were unable to establish a motive for the shooting immediately.

Rand said Ross was bleeding profusely about the head from an injury when arrested. He quoted Ross as saying he incurred the injury in an altercation with Schuh.

C Of C Week Schedule Revealed

Chamber of Commerce Week got off to a start in Big Spring Sunday with an address by the Rev. R. Gage Lloyd on the weekly C-C radio program over KBST.

In succession, it was being followed by the dinner today honoring past presidents. Tuesday President A. Swartz is to address the Junior Chamber of Commerce.

Wednesday, Shine Phillips is to bring a message on chamber of commerce functions to the Lions club. That same day high school students will develop their own chamber programs for the assembly and for KBST, which they will be operating that day.

Thursday, the speaker before the Kiwanis club will be Obie Bristow. Friday morning at 8:50 o'clock, Cliff Wiley will address the Howard County Junior college assembly on the subject. A brief word before the ABClub also is to be said Friday morning by Joe Pickle.

During the week there will be several meetings of chamber committees.

Berlin Chief Looks For No May Bloodshed

BERLIN, April 24. (AP)— Police Chief Johannes Stumm, who commands West Berlin's frontline against communism, looks for a battle of words in May but no bloodshed.

"The Communists appear overawed by the measures we have already taken ,and we are ready for any eventuality," he said in an interview today.

"For that reason, I expect no serious incidents next month."

Stumm's force of 9,000 policemen recently was increased to 11,000 by the allied commandants, and his special anti-riot guards were provided with tear gas, gas masks, and armored fire-hose trucks.

"Fear is a bad counselor," the police chief asserted. "We face the future unafraid."

Official announcement from Washington during the week end that allied garrisons in Berlin approximately 7,500 troops will fire, if necessary, on invading Communist mobs was no surprise to Stumm.

Pennsylvania Orders Halt To Most Trains

Curtails Long Distance Hauls, Freight Service

PHILADELPHIA, April 24. (AP)—The Pennsylvania Railroad, acting in advance of a threatened strike of locomotive firemen, today ordered a halt to its long-distance passenger trains and all its freight service tonight.

Walter S. Franklin, president of the nation's largest railroad, said the move was being taken to "assure that no passengers are stranded short of the final terminals of their trains."

"Long distance passenger trains wil cease operations on an orderly schedule," Franklin said.

Under his plan, PRR will halt nearly all its long distance trains tonight. Some will make their last runs early tomorrow morning.

The strike, called against seven rail lines, becomes effective at 6 a. m., eastern standard time, Wednesday.

All of the PRR's vast network of freight operations will be halted at 12:01 a. m. (EST), tomorrow (11.01) p. m. today, (CST).

Franklin announced also that "express baggage and freight service will be discontinued west and north of Harrisburg, Pa."

He added:

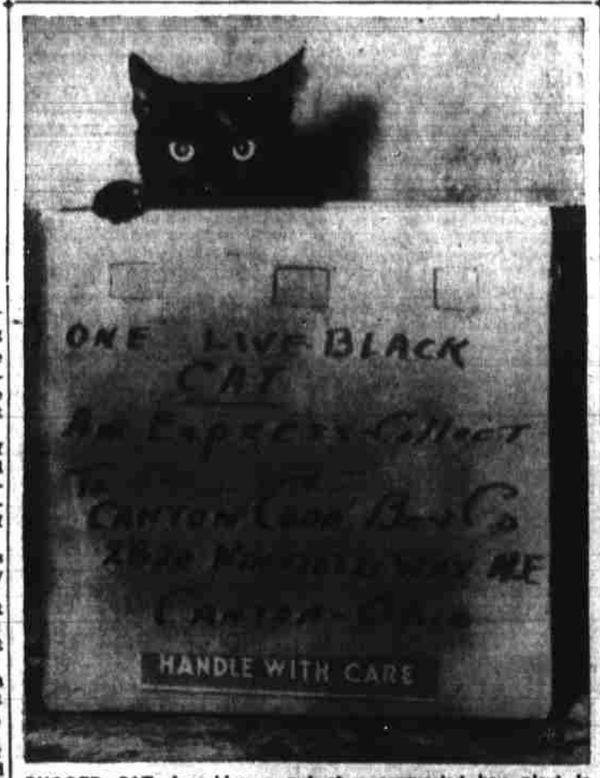

"All freight is being embargoed in the affected areas beginning at 12:01 a. m. (CST) Tuesday, April 25.

"We are applying to the Interstate Commerce commission for authority to make rerouting arrangements over any available open route to expedite movement of freight from our eastern territory, where service will be maintained to the areas served by our lines to be shut down, and to the rest of the country."

The Pennsylvania lines along the eastern seaboard all are electrified and thus are not affected by the threatened walkout.

PRR said it will maintain passenger service on its New York-Philadelphia - Baltimore-Washing-

RUGGED CAT—Josephine, a pet at a corrugated box plant in Canton, O., went seven days without food or water when she was shipped by mistake to a Detroit automobile factory in a load of boxes. She was returned by air express. Another Ohio cat survived the high temperatures of a brick kiln several weeks ago. (AP Wirephoto).

MOST PEOPLE AGREE

Little Paint, Fixin' Improves Property

It is generally agreed that a little paint and fixin' goes a long way toward improving the general appearance of any type of property, but those who have been associated with successful ventures of that type usually cite several other benefits.

Health and sanitation always rank high on the list when advantages of clean-up campaigns are spotlighted, but the "paint-up" part of the effort may be equally effective in that respect.

Certain types of insects apparently are allergic to paint—or at least they disapprove the surroundings provided by a good coat of paint, which gives the same result. That condition probably is responsible in part for paint's reputation as a preserving agent, especially for wood.

Paint's success at combatting weather damage is well known and has been relied upon with success for scores of years.

A general community effort designed to "clean-up and paint-up" the town, goes even further, however, campaign officials have emphasized. Such a campaign may be expected to improve property values, if participation is sufficient. This benefit seldom results, however, when response is spotted, the officials caution. A well painted, well-kept building seldom is appraised at its true value if it is located in the midst of unkempt property, they explain.

However, if all properties in a locality or community are "cleaned up and painted up" they all gain added favor in the eyes of the appraiser.

One good apple cannot establish the grade for a bushel, they conclude.

Telephone Service Not Yet Affected

NEW YORK, April 24. (AP)—Telephone equipment workers went out on strike from coast to coast today, but public phone service was not immediately affected.

Division 6 of the CIO Communication Workers of America predicted all its 10,000 members in the Bell System would be off the job by nightfall in 43 states and the District of Columbia. The walkout was slow in starting, the union said, because of the time zone factor.

Western Electric Co., target of the strike, reported 5,000 out at 11 a. m. (EST) but said it had not heard from the Rocky Mountain or West Coast states.

Meanwhile, company and union spokesmen continued negotiations with a federal mediator.

As the time zone moved west and word was spread to outlying areas, the strike took root.

No picket lines were reported, however, so the 230,000 other Bell System employes went to work, assuring continued telephone service.

The strike was against the Western Electric Co., manufacturing and equipment subsidiary of the Bell System's parent corporation, the American Telephone and Telegraph Co.

Threat of a complete national tieup was postponed, though not eliminated, when the union said it would not picket before President Truman's wage strike truce ends at midnight tomorrow. The union is striking over a matter it claims is not covered by the truce.

Although the root of the dispute is wages, the immediate cause of the walkout was a minor grievance that flared into a major issue over the week end.

This grew out of a boggy pasture

See TELEPHONE, Pg. 9, Col. 5

Operations at the Southwestern Bell Telephone exchange here were unaffected Monday by the strike of installation workers.

Installation workers had a job pending here in connection with a tie-in from Veterans Administration hospital lines, but there currently were no workers assigned to the job. Only in event some should return here and throw up picket lines, which would be honored by other CWA workers, would the current stoppage have any effect here. Of more import is the possibility of failure to reach general agreement before 6 a. m. Wednesday under general CWA negotiations. In that eventuality, local service would be all but halted.

House Group Seeks More Excise Cuts

WASHINGTON, April 24, (AP)—House Ways and Means Committee reconvenes today to determine how much it wants to cut federal taxes on movie tickets, telephones, telegrams, travel tickets and many more items.

Excise tax cuts already approved by the committee are almost twice as deep as Mr. Truman asked for that part of the list the committee has covered to date. The committee may risk a veto by calling for overall excise slashes of about $1 billion—way beyond the $685 million set by the President.

Mr. Truman has threatened a veto if Congress sends him a bill that fails to regain the excise reductions by larger levies elsewhere.

He proposed, in addition to covering this loss, a net $1 billion increase in revenue by more taxes on corporations, inheritances and big gifts, and by closing tax law loopholes. However, it is doubtful that the committee will find more than enough to offset the excise cuts—if that much.

Chairman Doughton (D-NC) explained that all action now is tentative and could be changed later.

Car Reported Stolen

A 1949 Ford, belonging to the Barnsdall Oil company, was reported stolen from in front of the Settles hotel Saturday night, W. P. Bishop, Settles, reported the theft.

THREE MORE CLUES

Pick Up Wood, Raft, Call Book In Baltic

STOCKHOLM, Sweden, April 24. (AP)—Three more possible clues to the fate of the missing U. S. Navy patrol plane—another raft, a radio call sign book and a lettered piece of wood—were found floating in the Baltic over the week end.

The radio book and the unpainted piece of wood stamped with black lettering in English were found Sunday on a Baltic Island beach just off the southeast coast of Sweden. The raft was picked

Swedish officials said all of these possibly may belong to the plane which the United States says was shot down with its crew of 10 by Russian fighters over the Baltic two weeks ago. A Swedish Coast Guard official said the raft "looked as if it had been hit by bullets."

The clues, plus another raft picked up by a British freighter last week, all were found near the Swedish coast and some 200 miles away from the Latvian coast where the Russians claim their fighters returned the fire of an American bomber which had flown over their territory on an "espionage" mission.

The punctured raft was turned over to American authorities for further investigation. The radio book and the piece of wood were to be burned over today.

* * *

FRANKFURT, Germany, April 24. (AP) — U. S. Air Force officials said today two life rafts found in the Baltic Sea and believed to be from the missing U. S. Navy Privateer were partially inflated at the time they were picked up.

There was no official comment, but this was taken to mean that some of the crew of the missing plane were alive when it hit the water.

British Suggest U. S. Share In Debt To India

WASHINGTON, April 24. (AP)—The British Government has proposed the United States take over a big share of Britain's economic burden in India, Pakistan and Southeast Asia.

Officials disclosed today the British embassy has put forward this idea in an "exploratory" proposal now under consideration by high administration officials.

The British plan would call for the United States to pay off in dollars to such countries as India and Pakistan part of Britain's $9 billion wartime debt to sterling bloc nations.

The main idea behind the suggested program is to help non-Communists countries in Asia fight off Communism while at the same time ease the huge debt which is jeopardizing Britain's economic comeback.

The British memorandum stems from last fall's American-British-Canadian dollar crisis talks at that time, it was decided to examine the sterling debt and other economic problems to determine what steps could be taken.

The United States long has been urging Britain to get its creditors to agree to scale down these debts. But the countries like India which need financial aid have resisted this.

Informed officials said the British paper is the first concrete proposal of what might be done even though it is highly tentative and intended mainly for discussion.

SIMPLE CASE OF WRONG ANIMAL

ALBANY, N. Y., April 24. (AP) Here's one hunting alibi that didn't stand up.

A state game protector came upon an out of season hunter who just had shot a grouse in flight.

"I thought it was a rabbit," the hunter said.

TRUMAN REPORTED DRAFTING REPLY TO McCARTHY COMMUNISM CHARGES

WASHINGTON, April 24.—President Truman was reported today to be drafting a reply to Sen. McCarthy's charges of Communism in the government—charges termed "mad and vicious" by Secretary of State Acheson.

McCarthy, Wisconsin Republican, said Acheson's criticism of him "indicates he goes along 100 per cent with the Truman-Tydings-McMahon line that the real criminals are those who try to expose and get rid of Communists and perverts in the State Department."

Sen. Tydings (D-Md) heads the Senate foreign relations subcommittee investigating McCarthy's accusations against the department. Sen. McMahon (D-Conn) is a member of the group, which called a closed meeting today (10:30 a.m. EST) to discuss the charges.

Mr. Truman already has called McCarthy one of the Kremlin's greatest assets. There was no advance indication whether his address tonight will deal with McCarthy's specific accusations, but the speech was described as an intended answer to the senator.

Acheson's sharp criticism of McCarthy was in an off-the-record speech he made Saturday night before the American Society of Newspaper Editors. Part of it was made public by the State Department last night.

The secretary did not name McCarthy but everyone knew he was talking about him.

PRESIDENT WATCHES AIR DEMONSTRATION—President Harry S. Truman scans the sky through his field glasses as he watches the aerial fire power demonstration, put on by the Air Forces in Elgin Field, Fla. Scors of planes flew over the target area during the show. (AP Wirephoto).

Amerada Finals Borden Offset

Amerada No. 1 Weathers, south offset to an extreme southeastern Borden discovery by the same operators, rated 1,430 barrels of oil per day on test today.

In 10¼ hours, it flowed 624 barrels of oil naturally through half-inch choke. Gravity of oil was 40.5 and the gas-oil ration was 1,430. Production was from open hole from 6,820-50. Casing was set in the pay top, which was calculated at a datum minus of 4,455 or 12 feet high to the discovery. Amerada No. 1 Von Roeder, which produces from the lower Canyon zone, approximately 200 feet deeper.

Location of the No. 1 Weathers is 1,956 from the west and 666 from the north lines of section 94-25, H&TC.

Mrs. C. C. Ley Dies

Mrs. C. C. Ley, Midland, under treatment in a hospital here, died Sunday evening. Arrangements were in charge of the Ellis Funeral Home at Midland.

WANTS $1 BILLION TRIM

GOP Seeks To Cut Foreign Aid Bill

WASHINGTON, April 24. (AP)—Senate Republicans today lined up a series of amendments to cut the $3,732,000,000 foreign aid bill by as much as $1 billion.

While they were pressing their drive on one side of Capitol Hill, a faltering economy campaign seemed slated for a sidetrack in the House, at least temporarily.

In the foreign aid debate, Sen. Kem (R-Mo) proposed the billion-dollar slash, saying in a week-end statement that it would be "folly for us to continue to throw our money around like drunken sailors."

Sen. Hickenlooper (R-Iowa) proposed a $600 million cut, telling reporters that red-ink spending at home is increasing and "we've just got to stop spending more than we take in."

Sen. Tydings (D-Md) made it clear that the administration is counting on the world threat of Communism to speed approval of a full foreign aid authorization.

In the House, a $237 million veterans hospital bill had priority over a big appropriations bill which was debated all last week.

The hospital measure, one of several big money bills that Congress will grapple with this week, is opposed by the administration. President Truman withheld funds authorized once before by Congress for the hospitals.

The bill directs the Veterans Administration to go ahead with construction of 16,000 additional hospital beds for veterans. They would be in 24 new facilities and in 14 existing hospitals.

Texas Has Backlog Of Jobless Cash

AUSTIN, April 24. (AP) — Looks like Texas has a big backlog of cash for future benefits to the jobless.

A balance of $208,115,298 remained in the Texas Employment Commission's trust fund, State Auditor C. H. Cavness reported today.

Cavness' audit showed that benefit payments have totalled $75,915,101 since the unemployment compensation act started operation Oct. 27, 1936.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy and warmer this afternoon. Partly cloudy and cooler tonight and Tuesday. High today 94, low tonight 66, high tomorrow 75.

Highest temperature this date, 96 in 1943; lowest this date, 39 in 1913; maximum rainfall this date, 1.26 in 1939.

EAST TEXAS: Partly cloudy, a few scattered thundershowers east and south portions this afternoon and tonight and near the coast early Tuesday. Cooler Tuesday and in north and west central portions tonight. Fresh to locally strong southerly winds on the coast, becoming northerly early Tuesday.

WEST TEXAS: Partly cloudy, cooler tonight and Tuesday in the Panhandle and South Plains.

"Hmmm-m-m My wife is gonna be surprised—this flying fish I got with a Herald Want Ad, flys!"

WHERE FINE BREAD'S MADE—Well filled loaf pans are consigned to the oven by I. F. Cowling, (left), baker at the Mead's Fine Bread plant in Big Spring. At right is John Kline, production manager, while Bud Rice (below) displays some of the products after baking process is completed. Mead's recently added the Honey Krushed Wheat Loaf to its list of popular breads. (Photo by Culver)

New Loaf Added To Mead's Fine Bread Family

A new loaf has been added to the Mead family of fine breads.

It's the Honey Krushed wheat loaf, containing pure honey and cracked wheat as well as standard wheat flour and other top quality ingredients.

Honey Krushed bread is especially designed to go with summer dishes—fresh vegetable preparations, sandwiches and toast. Delicious, delectable, different, the new loaf is easily identified in its bright yellow cellophane wrapper.

And like all other products of the Mead's Fine Bread company it is baked and delivered twice daily to your neighborhood grocery. Freshness and flavor is assured when you choose a loaf of Mead's Fine bread because of the bakery's twice-daily schedule of production.

Mead's thin sliced sandwich loaf, made of white flour also received a new jacket recently, Bob Mead, plant manager, announced. It is now identified by its tango wrapper of freshness saving cellophane.

In addition to a full line of breads, including loaves, rolls, and hotdog and hamburger buns, Mead's also provides a variety of fancy pastries for the Big Spring area. Baked and packaged twice daily at Mead's Fine Cake shop, they are delivered twice daily to local grocery stores.

Mead's bakery, the only one in Big Spring, is also the only plant of its kind within a 100-mile radius of the city. It employs the most modern equipment in the baking industry which, coupled with twice daily deliveries, insures top quality and freshness.

Banner Offers Wide Ice Cream Selection

It's ice cream weather and a banner time for Banner creamery.

Ice cream and similar products long have been a specialty, so much so that it has been a Banner policy to stress one particular ice cream each month. In April, fresh strawberry is the specialty. Demands for this and other flavors has been strong and is still growing, said J. D. Merrifield, Banner manager.

The range of choice is wide in Banner creams. Of course the ever popular vanilla still tops the list. Chocolate and chocolate chip are favorites along with the rich black cherried dubonet. Other Banner projects include Texas pecan, buttered brickle, banana nut and the mixed cherry Banner special.

Patrons may be assured not only of a tasty cream in Banner products, but they also are guaranteed against having anything but pure butterfats used in making of the cream. Some ice creams employ part vegetable fats, but Banner sticks to the theory that best ice cream means 100 per cent pure milk and cream. "We guarantee there is not so much as one drop of vegetable fat in our ice cream products," said Merrifield.

This season the demand for sherbets has been rising even more rapidly than normal. The smooth texture, plus the fresh flavors, may be responsible. Sherbets are available in lime, orange, pineapple.

Other similar items marketed by Banner include Eskimo pies, Eskimo cakes, drumsticks, banana fudge pie, chocolate fudge pie, ice cream cake roll and five flavors of popsicles.

Meads Bakery Has A New Loaf Molder

In line with its policy of using completely modern equipment in baking fine breads for the Big Spring area, Mead's Fine Bread company has just installed a new loaf molder, Bob Mead, plant manager, has announced.

The latest development in molding equipment, the new machine gives assurance of a smoother, better textured loaf, Mead stated. The new machine was installed last weekend.

Banner Dairy Plant Welcomes Inspection

People in Big Spring and surrounding area are invited to make an inspection of the Banner creamery plant.

"We'd like to have people visit our plant and see for themselves with what exacting care our milk is received, processed, bottled and made ready for delivery," said J. D. Merrifield. "We don't care what time it is, we welcome the public to inspect our facilities and see our equipment and staff in operation."

Stanley Hardware Featuring Modern Kitchen Appliances, Fishing Tackle

Big Spring residents who want to do a thorough job during the city's clean-up week, will find "everything" needed in modern kitchen at the Stanley Hardware Co., located at 203 Runnels street.

Some of the top items on the list are well-known products by the Crosley Co., including the famous Shelvador refrigerators, deep freeze boxes, electric ranges, etc.

The Shelvador refrigerators are available in seven size and 11 cubic foot sizes in three models, with a price range from $189.95 to $279.95. Sizes of deep freeze boxes include three and a half, seven, 12 and 20 cubic fet, with prices extending from $149.95 to $564.95.

The Crosley electric ranges embody many modern features, including savers of work and time, and they are smartly streamlined with no seams, crevices or rough edges to collect dirt and grime.

Stanley also markets the famous Youngstown all - steel kitchens, which are well-known everywhere.

Another time-saver that also reduces work is the Easy Spindrier washer featured at Stanley's. It puts two tubs to work simultaneously and is capable of turning out a week's wash in less than an hour.

Sportsmen will find a full stock of fishing tackle at Stanley's, headed by the Martin outboard motors. The Martin has long been a favorite of sportsmen throughout the country. Stanley has all types of fishing equipment in most any quantity desired.

Ice Cream Offered In Convenient Sizes

Ice cream from Banner comes in convenient sizes from pints to five gallons. After the basic pint containers, the next size is half gallon, then the one gallon container. An intermediate 2½ gallon size is furnished as well as the standard bulk of five gallons, are in disposable containers, making for easy handling and no return. The larger quantities, of course, offer some definite economies.

SHRIMPERS CAUGHT

Mexico Rounds Up Five U. S. Boats

PORT ISABEL, April 24. (AP) — Five Texas shrimping trawlers seized by a Mexican Government gunboat were taken into the Tampico, Mex., harbor at daybreak today.

Mexico asserts they were caught fishing in Mexico territorial waters. The boats, from Port Isabel and Port Brownsville, were seized yesterday.

Protesting Gulf Coast fishing company officials planned to go to Tampico and possibly Mexico City today in an attempt to gain release of the craft.

Capt. Enrique Altamirano Eomin. euez, commander of Mexico's first naval zone, told the Brownsville Herald by telephone from Tampico that he ordered the seizure.

He said two other Texas shrimpers were released because they were not in Mexico territorial waters. This version differed from reports gathered from shortwave radio broadcasts which said the two escaped after being seized.

The two shrimpers which either escaped or were released were due back at noon today at Port Brownsville. Earlier they had been expected as early as 7 o'clock this morning.

Capt. Altamirano told the Brownsville Herald the five shrimpers were caught fishing seven miles below Boto La Marina yesterday morning. On orders from him, the captain said, they were seized by the Gunboat Cutter Virgilio Uribe, commanded by Capt. Elias Beltian Lara.

Labor Head Plans Education Program

WASHINGTON, April 24. (AP)—Secretary of Labor Tobin told today of plans for a nationwide education program against industrial accidents, through news columns and locally sponsored advertising.

Tobin heads the President's conference on industrial safety which will meet here June 5-7. The advertising campaign is to be timed to this meeting.

The Assn. of Casualty and Surety Companies will prepare the advertising material, which will be distributed through state press associations.

Steelworkers Seek Government Aid To Return To Jobs

PITTSBURGH, April 24. (AP)—Five hundred furloughed steelworkers held a rally at which the federal government was asked to help get their jobs back by underwriting freight car orders.

Phillip Soghngen, member of the CIO-United Steelworkers grievance committee, said at the mass meeting yesterday the men have been living on unemployment compensation and relief since the pressed steel car company shut down its McKees Rocks plant last August.

A total of 2,200 steelworkers were furloughed at that time. The company blamed the closing on a lack of orders for railroad freight cars.

Steelworkers District Director John Murray proposed at the rally that the government underwrite freight car orders but Rep. Robert Corbett (R-Pa) said he was not optimistic about the chances of federal aid in the form of "a piece meal program on a local level."

'WOLF PACK' GOES ON RAMPAGE

LOS ANGELES, April 24. (AP) —"Wolf packs" of youths wielding tire irons and clubs roamed the city over the week end, cruelly beating at least 10 persons without reason.

All the victims said they were not robbed.

Four youths, booked on suspicion of assault, told officers they were "mad at the world."

Defain Trio As Plane Cargo Discloses Guns

HOUSTON, April 24. (AP)—Three men from Colombia are being detained here until customers service can check with State Department officials in Washington concerning cargo aboard their planes.

The men were stopped yesterday just as they were taxiing for takeoff.

Officials said a "sizeable quantity of arms and ammunition" was aboard one plane.

Customs Agent Alvin F. Scharff and Police Capt. J. R. (Bob) Davidson issued a joint statement yesterday saying the men are not under arrest, but are being detained until a check can be made with Washington.

Customs Collector Sam D. W. Low said the three were being detained in view of the fact there were arms and other merchandise in commercial quantities aboard the planes.

One of the pilots was quoted as saying he was taking the guns to Colombia as gifts to friends.

Demonstrators Picket Flagstad's Concert

LOS ANGELES, April 24. (AP)—Kirsten Flagstad's concert at Philharmonic Auditorium yesterday was picketed by 100 persons shouting that the Norwegian singer was pro-Nazi during the war.

Similar demonstrations have been made in other cities against the singer. She declined to comment. TEL BY LEE — ARIL 24... ...

PETAIN OBSERVES 14

PARIS, April 24. (AP) — Henri Philippe Pettain became 94 years old today in his prison on the bleak Ile D'Yeu off the west coast of France.

Petain, world war one hero who became chief of state in occupied France during World War Two, was sentenced to death for treason in 1945. His sentence was commuted to a life term.

German Girl Clawed To Death By Lions

BADEN, BADEN, Germany, April 24. (AP) — Two lions escaped from a circus near here today and clawed a 20-year-old German girl to death.

Police said the victim, Elfriede Lauber, was walking near the circus ground in Buehlertal. The lions were captured a few hours later.

Heads IOOF Group

RAIN NOW NEEDED

Prairie Fires Hit Panhandle Counties

CANADIAN, April 24. (AP) — An estimated 27 sections of grassland were devoured by prairie fires over the week end in Hemphill, Roberts and Gray Counties near here in the Panhandle.

One blaze, on the old Tandy Ranch about 25 miles from here, was still burning late last night but was out by this morning.

No report of loss was available in the Tandy Ranch fire.

Volunteer firefighters extinguished three fires in Hemphill County, two in Roberts County and another in Gray County by midnight Saturday.

Deputy Sheriff Tom Newton of Hemphill County said the old Tandy Ranch fire was first brought under control early Sunday, but it broke out again about noon.

"We've got to have some rain," Newton said. "These prairie fires are getting us. We haven't had a half inch of rain since the first of the year and the grass burns like kindling."

Newton reported a large fire was put out about midnight Saturday. It was in Roberts County on the Frank McMordie and Payne Ranches, about 30 miles west of here. He said about seven sections of grass were destroyed on the McMordie Ranch and about four on the Payne Ranch.

Newton said backfiring Saturday put out a small fire in northeast Hemphill County in the vicinity of the Cities Service Booster Plant, about 20 miles from here. Estimate of grass loss was not made.

Another blaze burned to the city limits of Glazier on the G. F. Urschel Ranch Saturday. The fire burned out when it reached railroad tracks. Newton said about seven sections were blacked in the blaze.

U. S. LEADERS AWAIT RUSSIAN DRIVE AGAINST WEST IN BERLIN

WASHINGTON, April 24. — The highest U. S. officials believe the Russians will try again next month to drive the western occupation powers out of Berlin.

They say this expected effort, in the form of an invasion of the city's western zones by a half-million German Communist youths, will be resisted to the limit, including the use of machine gun fire if necessary.

Preparations to resist the threatened putsch on May 27-29 are being made by American, British and French authorities in Germany. A high government source here said the West will not yield an inch if the young Communists stick to the marching plans. They have made some conflicting statements as to their intentions.

President Truman and Secreatry of State Acheson look to the prospective Berlin incident responsible officials said today, as the focal point of the present Russian spring offensive in the cold war.

They regard the maneuver as a Soviet-Communist effort to capture the city by intimidation—by frightening the West Berliners with a massive, Hitler-like show of force to demonstrate that the Western powers are unable to protect them.

In Acheson's view, the Soviet's Berlin plan apparently is part of a broad pattern of Kremlin-directed moves to create new tensions and fears of war in the West and thus force the western nations into negotiations and new concessions to Russia.

Rites Held For J. W. Gibbons, Texas Rancher

SAN SABA, April 24. — Funeral services were held at 3 o'clock this afternoon at the ranch near Richland Springs for J. W. Gibbons, 64, who burned to death early Sunday morning.

The body of the widely-known ranchman was found about dawn in his car about 200 yards from the ranch house. The car had struck a tree and ignited. Gibbons' body was badly burned and identification was from papers in his pocket.

Dr. John Woodall said Gibbons apparently suffered a heart attack. His car apparently left the road out of control.

Gibbons was born at the ranch, about four miles southwest of Richland Springs, and had lived there all his life. The ranch was started in pioneer days by his father, the late "Uncle Billy" Gibbons. It contains about 35,000 acres.

About two years ago the son and his wife gave about 100 acres of the Ranch land for a Boy Scout Camp, which was named Camp Billy Gibbons.

Police Recover Stolen Cases

Three sample cases and a brief case, reported stolen here Saturday night ,were recovered by police Sunday.

The cases were taken from a car belinging to Curtis Carter, Abilene, while it was parked near an east end night club late Saturday Carter told police.Also stolen were three suits of clothing.

One of the sample cases was found on highwzy 80 about a mile east of the city limits. The other cases were recovered on the road east of the old rodeo grounds, police said.

Expelled Miner Apologizes To John L. Lewis

PITTSBURGH, April 24. (AP)—Joe Dickmon, who was expelled from the United Mine Workers last January after he called John L. Lewis a dictator, has apologized.

Dickmon, a miner living at Library, Pa., hasn't been able to dig coal since his suspension from the union.

At a hearing before the executive board of the UMW's District Five on Saturday, the 31-year-old Dickmon told UMW District Leader John Busarello "common sense" showed him he was wrong in criticizing Lewis in a letter published in a Pittsburgh newspaper.

Feather-bedding scheme of Firemen's Union to put an additional fireman on diesel locomotives has been

CONSIDERED TWICE!

Fact Finding Boards appointed by Presidents Roosevelt and Truman have said these demands were "devoid of merit" and they were

REJECTED TWICE!

Now the Firemen's leaders seek to paralyze railroad transportation to compel the railroads to employ a wholly unnecessary additional fireman to ride on diesel locomotives. This scheme is plain

FEATHER-BEDDING!

LEADERS OF the Firemen's union have called a nationwide strike starting with four great railroads on April 26. These railroads are the New York Central, Pennsylvania, Santa Fe, and Southern.

The union claim that a second fireman is needed on grounds of safety is sheer hypocrisy. Safety has been dragged into this dispute only in an unsuccessful effort to give a cloak of respectability to vicious feather-bedding demands.

After a careful study of the first demands of this union, a Presidential Fact Finding Board on May 21, 1943, reported to President Roosevelt that there was no need for an extra fireman on diesel locomotives.

Again, on September 19, 1949, after a second hearing on the union leaders' demands, a second Board reported to President Truman that: "there presently exists no need for an additional fireman . . . upon either the ground of safety or that of efficiency and economy of operation."

Safety Record of Diesels is Outstandingly Good

Although the railroads accepted the Board findings, the union leaders have brazenly rejected them.

They represent that an extra fireman is needed for "safety" reasons. Here's what the Board had to say on that point:

"The safety and on-time performance of diesel electric locomotives operated under current rules have been notably good . . .

"Upon careful analysis of the data submitted on safety, we have concluded that no valid reasons have been shown as a support for the Brotherhood proposal under which a fireman would be required to be at all times continuously to the cab of road diesels. The proposal must be rejected."

The *real* reason behind these demands is that the union leaders are trying to make jobs where there is no work. In other words, a plain case of "feather-bedding."

The railroads have no intention of yielding to these wasteful make-work demands.

"The Safety Record of Diesels is Outstandingly Good . . ."

PRESIDENTIAL FACT FINDING BOARD REPORT

Read these excerpts from official reports of Presidential Fact Finding Boards:

"The safety record of Diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"The safety and on-time performance of Diesel-electric locomotives operated under current rules indicate that Diesel-electric operation has been safer than steam locomotive operation . . ."

Remember! These are not statements of the railroads. They are just a few of the many similar conclusions reached by President Truman's Fact Finding Board which spent months investigating the claims of the union leaders.

EASTERN SOUTHEASTERN WESTERN RAILROADS

We are publishing this and other advertisements to talk to you at first hand about matters which are important to everybody.

A Bible Thought For Today—

Some have spoken of the harmony of the spheres. This is a poetical picture of the infinite joy of the harmonious universe. We can introduce a note of discord to mar this harmony. "The morning stars sang together, and all the sons of God shouted for joy."—Job 12:6.

When Touched By Special Need, Folks Show Neighborly Kindness

It is good now and then to get away from the woes of the world and consider the sorrows, tragedies, disappointments, joys, heroism and goodness of the great mass of the people.

Individual tragedy touches 99 percent of the American people, if they but know the circumstances. To know the circumstances is to act. Such was the case of the young secretary whose husband died of cancer a few days ago.

The devoted wife had spent all her money and energy to keep her husband supplied with medical attention. In the office where she works another secretary learned of the struggle she was having, and spoke of it to others. Since it was an oil company office, the oil people decided to do something about it; so they sent several of their fellows to other oil company offices around town and put the proposition up to them.

The money rolled in, and meantime the husband died and was buried. Five hundred fifty dollars was turned over to the widow, and gifts were still coming in. It was given by oil people and their office secretaries, and there wasn't a single turn-down. The young woman's employers gave her a two weeks' paid vacation, and the secretaries added luggage and new apparel to round out the deal. So the bereaved young woman will have a little time to rest and recuperate, and to contemplate the kindness of people in general.

Thus we are reminded once more that people are generous and concerned, if they only know.

We need to be reminded of this occasionally, for the world is filled with injustice and hatred and suspicion. Brotherly love and neighborly kindness exist everywhere, but they sometimes get drowned out by meaner instincts in the hurly-burly of our times and the struggle for existence.

This brotherly love and neighborly kindness constitute our greatest national asset, if we only knew it. In its various manifestations it heals many hurts and lifts many burdens from the human heart.

Time Nearing For Last Round-Up On The Census; Are You Counted?

The decennial census count is supposed to be finished on April 30. Already, census officials declared last week, the count is 75 percent finished, and 115,000,000 names are on the rolls. In 17 working days, that's quite an accomplishment, far better than in 1940. The remaining 25 percent of heads must be counted between now and the end of the month.

Census-takers, especially in the larger cities, have had great difficulty in getting hold of many of their subjects. People work in the daytime and go out "on the town" in the evening, so they get missed, and the census-taker must return again and again before rounding them up.

If anybody in this area has reason to believe he has been missed, he should get in touch with the census authorities as soon as possible, and insist on being enrolled. In an operation of this kind it would be easy to miss somebody, or several somebodies, in any community.

Every community wants to make as good a showing as possible. Every citizen should be interested in seeing that nobody is missed. So if you have reason to believe you have been overlooked, or that somebody else has been passed by, be sure to get in touch with the census people before the close-out on April 30, which is next Sunday week, so the books can be checked.

This isn't simply our idea; the census people have appealed to newspapers and radio stations, as well as other media, to spread the word abroad, so that nobody will be passed by.

Special census takers will be sent out from local census offices to interview people who think they have been missed. This will be done before the books are closed in any community. The books will not be closed anywhere without giving everybody an opportunity to be counted, so in some localities the taking of the census will go on even after the deadline April 30.

But the public can be of great help if complaints of being missed are registered with local census offices before April 30.

The Nation Today—James Marlow

Government Workers Can Lose Their Jobs For Many Reasons

WASHINGTON, (AP) — THE GOVERNment worker has some ups and downs. He can always be fired, of course, for good cause.

But he may also lose his job for other reasons—for instance, if his job is abolished, or if Congress lets his agency's money run out and some people have to be fired.

What happens to him depends on four things: The kind of job he holds (whether he's temporary or permanent); whether he's a vet[illegible] his seniority over younger workers is; and how efficient he is.

In a brief story like this, all the details can't be given. But this will explain in outline what happens to a government employe when his agency goes out of business or its funds are cut.

It's a rule that any worker about to be dismissed must be given by least 30 days' notice.

THE TEMPORARY EMPLOYE— THAT is, one who took the job with the understanding the appointment was for a limited period—can be dropped with out more ado than the 30 days' notice.

But in the case of a permanent employe—typically, one who qualified under civil service examination for a permanent job—an effort is made to place him in some other job, if his agency is to remain in existence while his branch or office is closed down.

The first effort is to find another job for him in the same agency and in the same locality.

If he has veteran preference—that is, if he is entitled to preference on the basis of military service—and he must be considered for jobs held by employes who do not have veteran preferenhe.

If no job is available within the locality, the dismissed man may ask to be considered for jobs in the agency at other localities which are held by temporary employe.

BUT SUPPOSE HE CAN'T FIND ANY job in the agency. Then he's given 30 days notice. What happens then depends on how the individual agency handles such a problem:

1. He may be allowed to work the full 30 days and then get paid in cash for the unused portion of his annal leave, or vacation, which amounts to 26 days.

2. The agency may require the employe to take his vacation during the 30 days' notice period. If the employe already has used all his leave, the agency can place him on vacation without pay during the notice period.

But something else comes in here: A permanent employe who's dismissed and can't immediately find another government opening to which he can transfer, has a priority for a job in his former agency for one year.

THIS IS WHAT THE PRIORITY means: He gets the call for another job over some newcomer looking for a job in the agency he left—that is, for any job the dismissed man can fill.

But there's something more: A permanent, but dismissed, government worker is eligible for reinstatement to any job, in any agency, for which he's qualified.

But—if he's had less than five years' service in the government, he has this eligibility for reinstatement only for as many years as he worked for the government.

Once this eligibility period is up—if he's an under-five-years man, he must again take and pass a civil service examination if he wants to go back to work for the government.

If he's had five years' or more experience in permanent government work, there's no time limit on his eligibility for reinstatement without the necessity of taking another civil service examination.

The information in this story comes from the Civil Service Commission itself.

Dim View Of Humor

BALTIMORE—(AP)—Three drunks, said Dr. G. Wilson Shaffer, dean of the John Hopkins University, staggered into police court and faced the magistrate.

"What's your name?" the judge asked the first. "John Smith," answered the second. "I wasn't talking to you," said the judge. "Who said you were?" barked the third.

The Baltimore Engineers Club roared with laughter. Dr. Shaffer remained straight-faced until the guffaws subsided. "What is so funny about that?" he demanded. No one seemed to know. So Dr. Shaffer told them.

"You were laughing at three cross-eyed men. You were laughing at their physical deformity." He then explained that the conclusion about humor is that we nearly always laugh because we feel superior to the man in the joke or the comedians on the stage or screen.

What's In The Closet?

Merry-Go-Round—Drew Pearson

Big Midwest Income Tax Fraud Case Delayed After A White House Call

WASHINGTON. —One of the biggest income-tax cases in the Midwest is now on pins-and-needles, following a White House phone call.

The case is that of a Missourian, Irving Sachs, who operates "Shoe Styles" in St. Louis, and who has been recommended by the treasury for tax-fraud prosecution. Sachs fudged on his income tax to the tune of more than $100,000, and officials say that the fraud is clear-cut and indisputable.

When the case first arrived at the Justice Department, justice lawyers planned to forward it as a routine matter to the U. S. attorney in St. Louis for criminal prosecution. But suddenly they got a phone call from the White House. The White House did not request that the case be held up, merely that the Justice Department confer with Sach's newly appointed attorney, H. Schwimmer of Kansas City.

Such a conference between attorneys is not unusual. However, it is interesting that Sachs, though living in St. Louis, took the trouble to go to Kansas City to hire a new attorney. Furthermore, the attorney he retained is close to Tom Evans, Harry Truman's most intimate Kansas City friend.

Since then, the Sachs tax-fraud case has been delayed, perhaps indefinitely, on the ground that Sachs is too ill to stand trial.

Doctors retained by Sachs have stated that he is suffering from advanced epilepsy, that the ordeal of a trial would kill him. An independent doctor, however, not connected with the Sachs family, states that although Sachs suffers from epilepsy, a trial would not endanger his life. He is 51 years old.

All this, incidentally, came to light after the attorney from Kansas City was retained.

Note 1. —Treasury and Justice Department officials do not relish hastening the death of any evader. But it has almost got so that an old man or an invalid can violate the tax laws with impunity —provided he can get a doctor to state that a criminal trial would endanger his life.

Note 2. —Last January President Truman sent a message to Congress in which he took the laudable position of urging full and vigorous income-tax collection with prosecution of tax frauds. Probably he does not realize it, but telephone calls by his assistants to the Justice and Treasury Departments frequently nullify that message to Congress.

WHO SAID THAT?

Man's memory is short. It was only a few short years ago that many distinguished and conservative Americans were praising Russia as a wartime partner, and urging co-operation after the war.

Printed below is what some of these Americans said. If you read their quotations while holding your hand over the names at the bottom of the column, it's doubtful if you could guess the authors. However, printed below are the names of the men or newspapers, by number who made these statements. See how many you can guess correctly.

1. "The world situation at the present time indicates that the hopes of civilization rest on the worthy shoulders of the courageous Russian army. . . .the scale and grandeur of this effort marks it as the greatest military achievement of all history."

2. "The continued co-operation between the United States and Russia is so essential to future world peace that no remaining differences can be permitted to interfere with it."

3. "We can do business with Stalin! And that business will help our political relations with the Russians besides. . .a tenth of the human beings of the world are on the way to higher living standards in Russia."

4. "If Europe moves all the way to communism, it will not be because of Russian intervention, but because of the obstructionist tactics of die-hard reactionaries."

5. "In Russia's fight to survive as a nation lies the great hope of the world for early peace."

6. "The Russians have been consistently turning right, in the right direction.". . . ."Russia is likely to come out of the war the greatest democracy in the world.". . . ."Stalin is opposed to world revolution and was sincere in his dissolution of the Comintern."

7. "We can do business with Russia to the mutual benefit of both countries and the lasting benefit of the world."

8. "I feel confident that we are on the threshold of a post-war period of collaboration in the fullest sense of the word. . . .I am confident Marshal Stalin will agree that, when victory is finally won, it will be our duty to transform this fighting alliance into a concordat dedicated to betterment of the commonwealth."

9. And speaking of quotes, here is one by a famous senator, that Harry Truman doesn't want him to forget. "I think it is peculiarly desirable that there be just as little dissension as possible on foreign policy between the executive and the Congress, between the executive and the Senate, between the Republican Party and the Democratic Party."

THE AUTHORS

MERRY-GO-ROUND

The British, when asked why they send arms to the Arab states, point out that the Arabs have unequivocally declared themselves on the side of Great Britain and the United States in the cold war, whereas Israel has publicly announced strict neutrality. . . . The Girl Scouts of America have long done a patriotic job sending supplies to European school children. This is the kind of people-to-people friendship which helps prevent war in the long run.

Hollywood—Bob Thomas

Jimmy Cagney Never Went To Hollywood

HOLLYWOOD, — Meet James Cagney, the star who never went Hollywood.

Jimmy is one of the most familiar stars in the film galaxy, but he is seldom seen around Hollywood. He never cavorts in night clubs with pandas or other companions. He assumes none of the airs of a movie star and cares not a hoot for publicity.

The Oscar winner is back at work before the cameras in "Kiss Tomorrow Goodbye." In this one he plays a Phi Beta Kappa killer —a college professor turned criminal. What does he do when he isn't brandishing a gun for the screen?

"Raise chickens," he replied in an underworld tone.

"I used to raise goats," he added, "but they multiplied too fast.

"Now I just concentrate on chickens and the grains they eat."

"You don't read about me in the papers when I'm not working. That's because I don't go anywhere or do anything. When I finish a picture, I retire to my farm in New England. And I stay there until I have another picture to do."

Besides tending to his chickens on the farm, Jimmy dances. "I practice in the barn without music," he said.

He has long alternated between musicals and dramas, good guys and criminals. I asked which he preferred.

"It's just a job to me," he answered. The main thing I want is variety."

Never Think Of Starting A Pictorial Pamphlet On Page 1

When it comes to reading or looking at a pictorial pamphlet, I respect habits which could be peculiar only to me but which I find are the practices of a lot of the brethren.

I would never think of starting on Page One of any book I might seek to peruse, even though it shatters the continuity to tackle it otherwise.

The central theme of many literary works, if it be fiction, can be boring, for the simple reason that there are few original story plots.

However, the writer, if he possesses any talent, has his moments of greatness much as does a baseball player or a golfer. It is those instances of powerful writing that I seek out. If I hit upon passages which border on the immortal, or at least appeal to me, I find myself reading and rereading them. Oftentimes, I even jot them down for later reference.

As for scanning a magazine which deals heavily in art work and lightly in reading matter, I start at the back of the book and work toward the front.

And, as far as I'm concerned, the more pictures in a magazine the better. Imagine what a dreary world this would be if the art of photography had not been developed.

As a schoolboy, I always shunned the classics unless the publisher had included a liberal amount of illustrations in his books. The art work might not even closely resemble what the writer had in mind for his works but it always helped to sell the manuscript with me.

The fact that I was born left-handed might have been a contributing factor in the development of the aforementioned habits. The Chinese, they say, read from back to front. There have been no Orientals in my family, however, at least for the last four or five generations.—TOMMY HART.

Capital Report—Doris Fleeson

Foreign Service Men Resent Woodward As Envoy To Canada

WASHINGTON—President Truman has selected Stanley Woodward, chief of protocol in the State Department, as ambassador to Canada. Mr. Woodward succeeds the late Laurence Steinhardt, who was killed in an airplane crash recently.

Complying with the usual formalities, Canada has been asked if the selection is agreeable and her answer is of course expected to be yes.

The appointment is strictly personal with the President; the Foreign Service was not consulted or given a shot at the post. This situation has created a genuine morale problem among the career officials who have been bearing the heat and burden of the day in all parts of the world, including climates far from salubrious.

The Ottawa post is considered extremely desirable. It is an embassy and it is close to home, as so many difficult and arduous ambassadorial posts are not. The Canadians are old friends who are managing their own affairs well. To many foreign-service officers who have been coping with the proud, sensitive and needy newcomers to the family of nations, Ottawa would in some respects seem like a rest cure.

Yet there is work of the most formidable importance to be done there. Canada is a partner in our atomic-energy enterprises and possesses atomic raw materials. With the Russian threat from the north, her cooperation in defense is more than ever invaluable.

Mr. Woodward has been a successful chief of protocol. This is the bureau that administers impartial social justice to the diplomatic corps, visiting firemen and the local bureaucracy, according to ironclad rule of precedent and tradition. They may jeer in Dubuque over grown men bothering with the problem of who sits where at a White House dinner for the Shah of Iran, but it is nevertheless of proved importance to the amity of nations.

The chief of protocol necessarily sees a good deal of the nation's chief host, the President of the United States. He can even tell him occasionally what he can and can't do socially. That Mr. Woodward won Mr. Truman's regard is obvious; as a matter of fact he has long belonged to the charmed Key West circle.

This personal contact is not a matter of envy. It is felt in foreign-service circles, however, that the nature of Mr. Woodward's work does not represent a preparation for advancement comparable to the experience of many career officials.

It is entirely in character for Harry Truman to reward with something really nice a Stanley Woodward who has suited him in a personal-contact job. The President was feeling fine about it last Saturday night when he jocularly hinted to the Women's National Press Club that the post of chief of protocol was available.

Probably it will surprise him to learn that the Foreign Service feels entitled to resent it for Mr. Truman has developed a large sense of his rights as President. He won't give them an inch on this one but, being fundamentally fair, he'll remember it the next time.

Broadway—Mark Barron

Quiet Emlyn Williams Wanted Robust Sport Book--Falconry

NEW YORK—It is only a few steps from Broadway to the New York Public Library and Emlyn Williams, the noted British actor-author, walked over there the other afternoon and rather startled a lady librarian with his request. He wanted some books dealing with falconry.

Although he plays some swashbuckling, terrifying roles on stage and screen, Williams looks in real life like a shy, quiet schoolteacher. That's why it seemed more than surprising that he should be interested in a robust sport like falconry. And he wasn't. He wanted the books for his two sons, 12 and 14.

Unlike most actors, Williams can pass completely unnoticed in a crowd. And he likes that because he is a fast and enthusiastic sightseer in any town in which he lands. In five days between pictures he managed to see more of New York than most native New Yorkers do in years. In one afternoon he walked, other tan to the library for the falconry books, through the United Nations area, up Fifth Avenue, across Central Park and down Broadway.

"And I wasn't stopped for my autograph once," Williams smiled. At the moment Williams has just finished his first appearance in an American film, this one being "Three Husbands," which was produced by Gloria Films from a script by Vera Caspary, author of "A Letter To Three Wives." "I'm going back to Hollywood to do another film, 'The Dungeon'," he said. "Then I have to fly to London to play the lead in a new play, 'Accolade,' which I have just finished writing. It is opening in London in August." Williams has written as well as acted a number of successful plays such as "Night Must Fall" and "The Corn Is Green."

Although his first name of Emlyn is a very common name for boys in his native Wales, he finds it sometimes embarrassing. It gets him some unusual mail. When he was playing on Broadway in the Lillian Hellman drama, "Montserrat" last season, a letter came to him addressed to "Miss Emlyn Williams," and requesting an endorsement of a certain style barssiere. The manufacturer offered, in return, to supply Williams with his product for the next five years.

Notebook—Hal Boyle

New Pioneers Of 1950 Have Martinis With Canasta Games

SEATTLE, (AP)—THE PIONEER MOTHer of 1950 travels westward in a covered wagon, 15,000 feet above the detour signs. And she has a martini with her canasta game—if she wants one.

And 1950's pioneering pappy ain't worrying about whether the Indians crave his scalp or just want to sell him a gen—ooo—ine 100 per cent American blanket, homespun in a Portland factory. He's busy sipping on a highball, should boredom attack him.

NO SIR, MAMMY AND PAPPY JUST can't be annoyed now with the trifles that disturbed great-grandpa and great-grandma on the old trek West—things like buffalo traffic jams, water shortages, and painted native real estate agents selling housing site for beads.

Yep, it's all changed. There are real horrors now—for example, the airplane may run out of ice. That means the old folks will have to drink their "bourbon and ditch" which is Montana lingo for whisky and plain ditchwater—at room temperature.

So it has always been in man's long voyage West—one hardship after the other.

Flying out for a first look at the great and growing Northwest, however, it is hard to escape a feeling of unreality. It sure has changed.

Maybe I just read too much about the troubles of Lewis and Clark, and the bouts the boys in buckskin used to have with the grizzly bears. But the only grisly thing left out here now is a 3 per cent state sales tax.

MY VEHICLE FROM NEW YORK WAS one of the new 75-passenger stratocruisers.

They have been put into domestic service for the first time by Northwest Airlines, which also has pioneered in a new post-prohibition experiment—the introduction of a cocktail lounge in the air over American soil.

All airlines, I believe, now peddle alcoholic beverages on their overseas flights, but Northwest is the first to test the freedom of the American ozone in this manner. But at a buck per belt of Scotch, sloshed with soda, it is free only in a rarefied sense.

Spring Flower Showing Scheduled For Wednesday At Country Club

Members of he Big Spring Garden Club will sponsor a silver tea and spring flower show at the Country club Wednesday afternoon. The show will be open to the public at 3 o'clock.

In the horticulture exhibit, score points will be given for individual varieties of flowers. Section A will include iris, bearded. Scoring will be based on the colors and the specimen stalk. Section B will be iris, bulbous (Spanish or Dutch). Scoring will be on the same basis. Score points for the individual varieties will include quality, condition, flower color, form, substance and texture, size according to variety and fragrance, stalk grading will be based on the poise and grace according to section; number of blooms and buds according to variety, height and branch according to section.

Collections will be scored on variety of height and color according to sections, general quality, condition and freshness of blooms and their appropriateness to the schedule. Tulips will be exhibited. Scoring points will pertain to the colors and specimen blooms. Another section to be judged will be peonies. Score points for peonies will include color, form, size, distinctiveness, substance, stem and fragrance. Oother floral arrangements to be exhibited will include narcissus and daffodils. Score points for these flowers will be based on substance, color, size of bloom form and length of stem.

Quality and condition of the Hemerocallis, or day lily, will count heavier than any other point on the scoring sheet. Also considered will be clearnedss of color, number of blooms or buds, size according to variety, foliage, stem, height and fragrance. Another section to be exhibited will be the hyacinth, the grape hyacinth and the crocus. Score points will be based on distinction of variety, size according to variety, form, color, substance and abundance of bloom, foliage and stem, conditions of the flowers.

Various types of roses will be entered in the show. Scoring will be based on roses, hybrid-teas, rose, climber, polyantha; floribunda, rose rambler, hybrid-tea climber, rose, single hybrid tea. Score points for roses will be based on form, substance, color, stem and foliage, and size of the arrangement. Columbines will be included in the exhibit. Score points for columbines will be length of spurs, number of flowers on stalk, color and condition. Carnations will be scored on color, size, stem, substance, form, calyx and fragrance.

Pansies and snapdragons will be featured in the show. Pansies will be judged on form, size, condition and brilliance, color, blotch and substance. Snapdragons will be scored on condition, form and spacing, stem, color and size. Score points for cut flowers will be based on distinction of species or variety, size according to species or variety, and form, colors, substance and abundance of bloom, foliage and stem, condition of arrangement. Sweet peas will be scored on the length of stem, size, color, substance and number of flowers on stem.

Also, included in the flower show will be exhibits of flowering shrubs and trees. These will be classified into sections, including wysteria, pyracantha, flowering grab, flowering peach, magnolias, veronica, lilacs and weigela.

Only members of the Garden Club will be eligible to enter arrangements, but the general show will be open to the public. Florists are invited to exhibit, but not to compete for the awards. Those entering flower arrangements are asked to bring them to the show between 9 a. m. and 11 a. m. Wednesday.

Little Boy's Sweater

Design No. E-285.

This little sweater for the six year old boy is crocheted in the popular afghan stitch with a long wooden hook. With zipper or button closing. Pattern No. E-285 contains complete instructions.

Patterns Are 20 Cents Each

An extra 15 cents will bring you the Needlework Book which shows a wide variety of other designs for knitting, crocheting and embfoidery; also quilts, dolls, etc. Free patterns are included in book.

Send orders,, with proper remittance in coin, to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York, N. Y.

Braves May Be Team To Beat In National

By JOE REICHLER
Associated Press Sports Writer

Give the Boston Nationals another reliable starting pitcher and you can start making world series reservations at Braves' Field for next October.

Five games may not be a true standard, but they've given the following indications:

1. The rebuilt Braves boast one of the hardest hitting clubs in the National League.

2. The outfield is the best since Manager Billy Southworth took over five years ago.

3. Pitcher Johnny Sain, ace of the 1948 championship squad, definitely is on the comeback road after a poor '49 season.

4. First Baseman Earl Torgeson, out most of last year with a shoulder separation, is fully mended.

5. The big winter deal that brought outfielders Sid Gordon, Will Marshall and Shortstop Buddy Kerr in exchange for infielders Eddie Stanky and Alvin Dark has improved the club at least one cent.

6. Del Crandall, 20-year-old sophomore catcher, appears headed for greatness.

The Braves lost their first game of the infant season yesterday when they bowed to Philadelphia, 6-5, after winning the first game of the doubleheader, 4-3. The opening game triumph was their fourth of the campaign.

The split dropped the Braves into third place. Chicago's surprising Cubs, rained out of their game with St. Louis, remained on top with a 3-0 rating. Rain also washed out the Brooklyn-New York Giants game. In the only other National League activity, Pittsburgh ran up its fifth straight triumph, vanquishing the winless Cincinnati Reds, 5-3. It was the fourth straight loss for the Reds.

Chicago's White Sox handed Detroit its first defeat of the season, 5-4. It was the Sox' first victory in five starts. The Tigers had won four straight.

The Boston Red Sox and Philadelphia Athletics divided a doubleheader. The A's won the opener, 9-4, and the Sox came back to take the nightcap, 12-2. The game was halted after six innings because of darkness.

Cleveland swept both ends of a twin bill from the St. Louis Browns, 9-6 and 7-5, with darkness ending the second game after seven innings. Rain washed out the scheduled Washington-Yankee game at New York.

The Braves lost the second game to Philadelphia because Johnny Antonelli, Southworth's hope for the fourth starting berth, failed to get by the first inning. Four hits produced two Philadelphia runs and brought in Norman Roy. The Braves managed to come from behind, taking a temporary 5-4 lead on Sid Gordon's home run in the [illegible] count in the seventh and won in the eighth when Willie Jones scored Ed Waitkus from third with a long fly.

A new note was added when the lights were turned on in the eighth inning as darkness crept over Braves' field. It was the first National League game finished under lights since the league adopted the rule after last season.

Sweet Well Is Due For Abandonment

C. H. Sweet No. 1 McNeill, three-quarters of a mile northeast of the discovery well of the Reinecke pool in southeast Borden, topped the reef Sunday but was due for abandonment.

Top of the reef was picked at 7,003 feet, which, on an elevation of 2,338, gives a datum minus of 4,665. This is 259 feet low to the discovery, Livermore No. 1 Reinecke, and it is even 55 feet low to Rutherford No. 1 T. L. Griffin, a Canyon failure a mile and a quarter to the northeast.

Sweet No 1 McNeill was bottomed at 7,018 feet. On a drill stem test it recovered 100 feet of gas cut mud and 450 feet of salt water. Monday it was running Schlumberger survey and was due to abandon. Location is 330 feet from the south and west lines of the northeast quarter of the northeast quarter of section 53-25, H&TC. This makes the venture the first dry hole in the Reinecke area and perhaps indicated a southerly trend for the reef.

Livermore No. 2 Reinecke, east offset to the discovery and in the southeast corner of the northwest quarter of section 53, drilled at 6,454. It is due to pick up the reef this week. Livermore No.2 Whittaker, the second well to the south of the discovery, was at 5,252 feet. Rutherford No. 1 Holly, half a mile west and a location to the south of the discovery, was rigging up in the northeast corner of the southeast quarter of section 52-25, H&TC.

Mrs. Sellers Is Program Leader At HD Club Meet

FAIRVIEW, April 24 (Spl)—Mrs. J. F. Sellers gave a discussion on "Growing Old Graciously," at the meeting of the Fairview Home Demonstration club in the home of Mrs. W. A. Langley Saturday.

Mrs. Sellers said that "too many people sigh for the years of untroubled youth, but age like youth or happiness is a state of mind. We should live each day to the fullest, always planning for the time when the husband and wife will be alone together again."

Mrs. Frank Wilson reported on the district meeting in Pecos April 13 during the business session. Mrs. G. W. Webb will be the next hostess, May 4. Mrs. O. D. Engle will present the program on "Clothing."

Refreshments were served by the hostess.

Attending were Mrs. Ray Smith and Mrs. J. E. Fort, guests, Mrs. G. W. Webb, Mrs. J. F. Sellers, Mrs. Roy Green, Mrs. Frank Wilson, Mrs. J. W. Wooten, Mrs. Shirley Fryar and Mrs. Langley.

Court Fines Total $361

Fines assessed in Corporation court this morning totalled $361. Fourteen cases appeared on the docket.

One person was fined $100 after pleading guilty to a charge of firing a gun within the city limits. Nine others who pleaded guilty to drunkenness charges were fined a total of $134.

A plea of guilty to reckless driving drew a $25 levey, while making a prohibited left turn resulted in a $2 fine. Another person, a juvenile, charged with reckless driving was placed in the custody of his fathe with a $50 fine being remitted.

A charge of driving while intoxicated was turned over to county authorities. Two persons forfeited bonds of $15 each on failure to answer to intoxication charges.

Fined $100

R. E. Mabry entered a plea of guilty in county court this morning to the charge of driving while under the influence of intoxicants and was fined $100 and costs by Judge John L. Dibrell.

Mabry's driving privileges were also suspended for six months according to law.

9 Marines Rescued From Rough Seas

HAMILTON, Bermuda, April 24. (AP)—Nine U. S. Marines and three Bermudians were rescued today after spending two days in rough seas in a 32-foot fishing boat.

An Air Force search and rescue plane located the boat after an all-night search.

The British cutter H. M. S. Bigbury Bay was able to make contact with the fishing boat through information relayed from the search plane.

Mrs. Edwards Convalescing

[illegible] convalescing at Cowper hospital where she underwent an appendectomy Saturday evening. She is making satisfactory progress.

Wins Divorce Case

Billye Hix won a divorce from Coy Hix in a 118th ditrict court case heard by Judge Charlie Sullivan last Saturday.

A PENALTY FOR CONTEMPT

Perlman Suggests Lawyer Disbarment

WASHINGTON, April 24. (AP)—Solicitor Gen. Philip B. Perlman suggested today that disbarment or suspension from practice might be a fit penalty for lawyers found guilty of contempt in the federal courts.

Perlman discussed the idea in an address prepared for the 1950 convention of the Federal Bar Assn. As solicitor general, Perlman is the No. 2 man in the Justice Department.

He mentioned no names. However, his suggestion followed recent contempt citations against defense attorneys in the Harry Bridges case at San Francisco and in the trial of Communist Party leaders in New York City.

Bridges was convicted of lying when he said he was never a Communist. The 11 party leaders were found guilty of conspiracy to advocate the forcible overthrow of the United States government.

"We have been urging the passage of legislation," Perlman said, "authorizing the Supreme Court to adopt a code of ethics applicable to lawyers engaged in litigation in all of the federal courts.

"But while that legislation is pending, we have witnessed trials of criminal cases in the federal courts in which lawyers have been punished with fines and sentences to imprisonment because of the contemptuous manner in which they conducted themselves . . .

"It may be that this association should study the records in all such cases, and take steps where no other association has acted to have those guilty of attempting to destroy respect for the courts either suspended or disbarred."

RIBBON RAMBLINGS

By Mildred Young

Lots of cities and towns throughout our state and nation are doing all sorts of things to stimulate interest in their particular location. Could it be that we have already started the 1960 census race?

Last week in Tyler, the city picked up all meal checks, provided free entertainment and saw to it that no out-of-town cars were tagged for overparking. (You understand, of course, that this was for visitors only.)

To top it all, the guests were given one of the rarest of all treats—a luncheon without speeches.

It was Tyler's second annual Backscratch Day, a gesture of appreciation for retailers and buyers who do business with local jobbers. Attendance was mostly by invitation. All North and East Texas, Louisiana and several other states were represented. Approximately 1,300 buyers and businessmen, contacted by mail, made reservations for the big party. They were greeted at the American Legion hall by a reception committee composed of local leaders and the Tyler Junior College Apache Belles in colorful uniforms.

After the luncheon there was a 2-hour floor show featuring well-known professional entertainers, including acrobatic teams, tap dancers and comedy acts.

The afternoon performance was arranged by the sponsors for their out-of-town customers. Another show was given Wednesday night for local buyers.

Backscratch Day is patterned after a similar event in Jackson, Miss. The name is copyrighted and Tyler has the exclusive right to its use in Texas.

Tailored Simplicity

The versatile casual—this season's version! One big pocket carries out the button detail of the shoulders. A front skirt pleat insures ease in action. Wing revers furnish the newest in necklines.

No. 2176 is cut in sizes 12, 14, 16, 18, 20, 36, 38, 40, 42 and 44. Size 18, 3¾ yds. 39-in.

Send 25 cents for pattern with name, address, style number and size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

Every home sewer should have the Summer 1950 Fashion Book, just off the press. It shows a wide variety of the season's popular fashions; designs for all the family—tiny tots, little girls, growing girls, juniors and misses, mature and larger-size women. It's the most complete collection you'll find in any pattern book. Per copy price is 25 cents.

Circle Eight Club Has Dance Saturday

Ladies Night was observed at the meeting of the Circle Eight Square Dance club at the IOOF hall Saturday evening. Jim King and his Cosden Playboys furnished the music for the affair.

Callers included Mrs. E. W. Halfast, Jane Thomas, Mabel Prater, Jimmie Felts, Tommy Whatley, Tip Anderson, Charles Holderbaum and Marion Heald, George Amos, Phil Smith and Garner McAdams.

Mrs. L. A. Jones and Mrs. C. H. Prater served as mistresses of ceremony.

Approximately 40 couples attended the affair.

Bertie Lee Released From Clinic After Auto Collision

Bertie Lee, 611 San Antonio, was released from Cowper Clinic following emergency treatment for injuries sustained when her car was involved in a collision at 18th and Gregg streets Saturday night.

She was not seriously injured, police said. Doris Lee Jenkins, Colorado City, was driver of the other vehicle involved in the mishap, officers said.

Eight Fined For Indecent Conduct

Eight men each paid fines of $1 and costs after they had entered pleas of guilty in justice court last weekend to charges of indecent conduct.

They were Alvin Trapp, Carl David Boyd, Johnnie Day, Ross R. Hill, Jr., Charles W. Ethridge, L. L. Ethridge, C. H. Smith and C. W. Caley.

All were arrested while in a colored tavern in the northwest section of the city.

New Approach Tried In Chrysler Strike

DETROIT, April 24. (AP) — The CIO United Auto Workers Union had a "new approach" to disputed issues on the bargaining table today as negotiations in the 91-day Chrysler strike resumed.

The union had indicated yesterday it was willing to go at least halfway with Chrysler Corp. to snap what federal mediators have termed a "hopeless deadlock."

Graves Team Arrives Air Force Wreckage

TOKYO, April 24. (AP) — A 23-man graves registration team late today arrived at the wreckage of a U. S. Air Force transport plane in which 35 Americans were killed Friday night on Mt. Hirugatake.

They planned to identify and bring down the bodies, probably tomorrow.

The U. S. Army called for 130 Japanese to help.

There were no survivors.

Coming Events

MONDAY

AIRPORT BAPTIST WMS will meet at the church at 3:30 p.m.
JOHN A. KEE REBEKAH LODGE will meet at the WOW Hall at 8 p.m.
FIRST CHRISTIAN WOMEN'S COUNCIL will meet in Circles. Members of the Mary Martha Circle will meet in the home of Mrs. Cliff Wiley, 1010 11th Place, with Mrs. F. C. Robinson as hostess; Ruth Circle will meet in the home of Mrs. Edson Taylor, 606 E. 17th.
BPW will have a board meeting at the Chamber of Commerce room at 7:30 p.m.

TUESDAY

GIRL SCOUT LEADERS CLUB will meet at the Scout hut at 9:45 a.m.
ORDER OF RAINBOW FOR GIRLS will meet at the Masonic hall at 7 p.m.
BETA SIGMA PHI OMICRON CHAPTER meets at the Hotel Settles at 7:30 p.m.
SIVOUDARIA PORF will meet in the home of Mrs. James Jones, 1100 E. 13th, at 1:30 p.m.
INTERMEDIATE BA'S of the East Fourth church will meet at the church at 7 p.m.
EXEMPLAR CHAPTER BETA SIGMA PHI will meet in the home of Mrs. R. E. Dobbins, 1908 Sycamore, at 8 o'clock.
BIG SPRING REBEKAH LODGE meets at the IOOF hall at 7:30 o'clock.
LADIES BIBLE CLASS of the Church of Christ, East Fourth and Benton, will meet at the church at 10 a.m.
BAGBY BEAVER CLUB meets with Mrs. M. W. Rupp 2100 Johnson, at 3 p.m.
ALPHA CHI CHAPTER, EPSILON SIGMA ALPHA will entertain with a progressive dinner in honor of the sorority pledges. The dinner will start at 7:30 o'clock at 601 E. 15th.

WEDNESDAY

OM FORTY TWO CLUB meets in the home of Mrs. R. D. Utrey, 408 Aylford, for a covered dish luncheon.
NEW AND CHATTER WIT meet in the home of Mrs. Lewis Murdock, 606 E. 17th, at 3 o'clock.
FIRST BAPTIST CHOIR meets at the church at 8:30 o'clock.
FIRST CHRISTIAN CHOIR meets at the church at 7:30 p.m.
FIRST METHODIST CHOIR will meet at the church at 7:30 p.m.

BACK TO THE BIBLE
The Drowning Man:
I have heard three denominational preachers tell of some man that was on the Titanic when it went down. The latest I have heard is that the man afloat declared three times just before he went down, "I am not saved". But when said man was going down with just his face out of the water he said, "I believe". From like statements such preachers lead many honest people to believe in the false doctrine of salvation by faith only. The Bible plainly teaches that "A MAN IS NOT JUSTIFIED BY FAITH ONLY", Jas. 2:24. Those who believe the Bible know that such a man as the above had not repented for the Bible says, "Whitout faith it is impossible to please God", Heb. 11:6. Again, "The Goodness of God leads to repentance", Ro. 2:4. How can a man that doesn't believe there is a God be led to repent. How can a man that doesn't believe there is any Christ to save him be led to repent? Let the man that teaches that repentance come before faith in the gospel plan of salvation answer.
Neighbor if you want to know what God says about the man that turns a deaf ear to the will of the Lord until death stares him in the face just read Prov. 1:23-31, Note especially verses 24 to 31.
Yours for the truth as it applies to all men.

GONZALES HOMERS

Swatters Rally To Rip Broncs

SWEETWATER, April 24.—Sweetwater's Swatters came from behind to defeat the Big Spring Bronco, 13-11, in a wild Longhorn baseball league game played here Sunday afternoon.

The Hosses, defending champions, boasted an 8-3 advantage at one time but neither the Big Spring starting hurler, Emilio Cano or Pete Nonclares, could contain the Swatter bats. Nonclares was charged with his second defeat in two games.

Ray Bauer's six inning home run with Frank Olari on base featured a four-run outbreak that put the home club back in the ball game.

Bobby Gonzales, Big Spring, hit his second home run of the season in the third with the sacks deserted.

Potato Pascual rode the bench until the ninth for Big Spring, at which time he pinch hit for Nonclares and singled.

The Broncs move to San Angelo for two games before returning home on Wednesday night to tangle with the Colts.

13 TO 9

Stars Batter Benoal Nine In Odessa

ODESSA, April 24 — Odessa's Stars scored heavily in the middle innings to turn back the Big Spring Tigers for the second straight time here Sunday afternoon, 13-9.

Six Tiger misplays contributed heavily to the Odessa run total.

Dominguez's fourth inning round tripper and another by Parson in the fifth helped to swell the Odessa aggregate.

El Assassino Flores paced Big Spring's offensive with three hits. Richard Bravo had a triple and a double.

Clovis Again Upsets Dukes

By The Associated Press

The Clovis Pioneers continued to be the surprise package in the West Texas-New Mexico League as they whipped the defending league champions, the Albuquerque Dukes, four game to one, to remain in a tie for the lead.

Lubbock kept pace with the Pioneers by downing Pampa for the fourth time in five games, Lamesa took its series with Abilene three games to two, and Amarillo salvaged its final game with Borger.

Clovis pounded 21 hits in a 15-7 conquest of Albuquerque yesterday. Hurler Bill Rosin clouted a three-run homer to aid his own cause.

Bob Clodfelter won his second game of the young campaign as he hurled the Lubbock Hubbers to a 12-6 win over the Pampa Oilers.

The Lamesa Lobos pulled one out of the fire in the ninth inning when Roman Loyko slapped a double with the bases loaded to give the Lobos a 7-6 win over Abilene.

The Amarillo Gold Sox won the last game of its series with the Borger Gassers, 14-10, but the Gassers took the series three games to two.

Williams Wins

SAN ANTONIO, April 24. (AP) — Morris Williams, Jr., of Austin won the San Antonio Invitational Golf Tournament yesterday.

Williams defeated O'Hara Watts, San Antonio, 3 and 2, in their scheduled 36-hole match at Brackenridge Park's layout. The champion clipped eight strokes from the par 71 total.

Hawkins Wins Virginia Meet

VIRGINIA BEACH, Va., April 24. (AP)—Ben Hogan and Jim Ferrier and several other top-ranking professional golfers all were beaming today. For they could say: "Didn't we tell you he'd come through?"

Hogan, Ferrier and the others predicted long ago that Fred E. Hawkins, of El Paso sooner or later would become a great golfer.

Hawkins, a quiet-mannered 36-year-old ace who has been playing big-time golf's tournament trail for nearly three years, finally made the grade yesterday. He won first place in the 54-hole Cavalier Specialists Tournament.

In doing so, the gangling fellow disposed of Jimmy Demaret of Ojai, Calif., Ferrier, the Australian-born veterans from San Francisco, and most of golf's big names.

Hawkins put together rounds of 67, 64 and 69 for a 54-hole total of seven-under-par 200 over the 6,065-yard Cavalier Yacht and Country Club layout.

Hawkins picked up $1,000 for his efforts.

Clayton Heafner of Charlotte, N. C., turned up with a five-under-par 64 on the final round to jump into second place with a 202 total and earned $650. Johnny Palmer of Badin, N. C., and Ted Kroll of Philmont, Pa., tied for third with 208s, collecting $325 each.

Charley Grimm Says Dallas Nine Strong Enough To Stay In Scrap

BY HAROLD V. RATLIFF
Associated Press Sports Editor

The gold-plated Dallas Eagles, says that prosperous manager, Charlie Grimm (30,000 bucks a season), are on their way.

The Eagles climbed into the Texas League first division yesterday, leaving a hot argument behind in doing it. But Grimm just observed: "We are going to be right in there. We have the best catchers in the league and four of the best starting pitchers."

Which will be good news for oilman Dick Burnett who has sunk more than a million dollars trying to produce a club that can get into the play-off.

While Shreveport, another independent, was rolling along at the head of the circuit and increasing its lead to two full games by beating San Antonio 8-5, Dallas was getting a 4-2 decision over Oklahoma City as Joe Vosmik, manager of the Indians, filed a protest on grounds it wasn't too dark to continue play when Umpire Billy Cappo said it was with eight and one-half innings disposed of.

In the first place it rained hard and the game was delayed an hour and a half. The infield was turned into a mud bed but dry earth was spread over the base paths and the game was on. Walter Lanfranconi went the distance and gave up seven hits. Heinz Becker doubled to drive in two runs in the seventh and furnish the margin of victory.

Pete Lewis pounded four hits to drive in two to punch over five runs in Shreveport's victory over San Antonio. Howie Auman won his second game of the season against no defeats but had to get help from Hugh Sooter in the eighth.

Tulsa downed Fort Worth 5-3 to move within a half game of second place where Fort Worth now roosts. Walker Cress did the fireman's act, coming in to fan rookie Gene Clough with the tying runs on base in the ninth.

Houston edged Beaumont 6-5 with Franny Hares the hero. He singled in the last of the ninth with the bases full to drive in two runs and give the Buffs the decision.

The clubs all change stands tonight with Dallas moving to Fort Worth, Oklahoma City to Tulsa, Houston to San Antonio and Shreveport to Beaumont.

Ex-Coach Dies

ATLANTA, April 24. (AP) — W. A. Alexander, who came to Georgia Tech in short pants 44 years ago and stayed to win national acclaim as a football coach, died in his sleep yesterday.

"Coach Alex" was 60 years old. He was athletic director and head of Tech's physical education department at his death.

Alexander, the first man to carry gold teams to the four major bowls—Rose, Sugar, Orange and Cotton—surrendered head coaching duties to Bobby Dodd after the 1944 season. He had been at the helm of Tech's football teams since 1920.

LOOKING 'EM OVER

The Associated Press (Dallas office) is polling sports editors of papers within the state on the greatest athletes to perform in or for Texas in the past 50 years.

At the risk of starting furious controversies, we're listing the AP's questions, together with our answers. We knew little of the greats who prevailed during the first 20 years of the 20th century and very little of the fellows who were starring on the athletic fields from 1920 to 1930.

For that reason, the men and women who have assumed the spotlight since that time dominate these selections.

1. Who was Texas' greatest all-around athlete? Kyle Rote of San Antonio and SMU.

2. Who was Texas' greatest boxer? Jack Johnson of Galveston.

3. Who was Texas' greatest football player? Clyde (Bulldog) Turner of Sweetwater and Hardin-Simmons university.

4. Who was Texas' greatest tennis player (man and woman)? Byron Nelson of Fort Worth and Mildred Didrickson Zaharish of Beaumont.

5. Who was Texas' greatest track man? Fred Walcott of Snyder and Rice Institute.

6. Who was Texas' greatest baseball player? Tris Speaker of Hubbard. (Rogers Hornsby of Denison a close second).

7. Who was Texas greatest tennis player? Wilmer Allison of Austin and the University of Texas.

8. Who was Texas' greatest basketball player (both man and woman)? Bobby Mooers of Houston and the University of Texas and Mrs. Zaharias.

9. Who was Texas' greatest swimmer (Both man and woman)? Jack Flanagan of Austin and University of Texas. No woman, to the knowledge of this sports writer, has ever done anything sensational in this state.

10. Who was Texas' greatest woman athlete? Mrs. Didrickson.

11. What was the most dramatic moment in Texas sport? Doak Walker's feat against TCU late in 1947 football game.

12. What was the biggest upset? Baylor's tie with Texas in 1941.

13. What was the greatest individual feat? Kyle Rote against Notre Dame in 1949.

14. What was the most thrilling sports contest? SMU-TCU football game of 1935.

* * *

The parents of the Moorman boys and Byron Townsend, who were football stars at Odessa high school several years ago, all live in or around Longview.

* * *

PEREZ IN FAST START

Julio Ramos, the ex-Big Spring pitching ace, made an inauspicious debut for the Sherman - Denison Twins of the Big State league last week.

Not so with Francisco (Pancho) Perez, another one-time Bronc. Pancho blanked Greenville with six hits. One of the blows, incidentally, was by Bobby Martin, another ex-Bronc, now playing third base for the Majors.

Perez struck out seven and walked three.

* * *

Al Valdez, the former Big Spring catcher, is due to be shipped out shortly by the Twins.

Two other Cuban boys, Lazaro Bernal and Manny Mantares, apparently have won backstopping jobs with Sherman-Denison. Valdes could win up with Abilene or go to the Gulf Coast league.

* * *

AUSTIN AWAITING BID

Austins Big State league park now will seat 8,500. Austin, which has a population of around 150,000 now, is quietly seeking a Texas league berth. It undoubtedly will get the first chance at one, Corpus Christi notwithstanding.

Reticule And Pair Of Roses Win Feature Races Sunday

Lane Stables Earn $8,080

E. H. Lane's bid for a grand slam failed but the Odem rancher found great consolation in the $8,080 check he picked up in the Big Spring Futurity here Sunday afternoon.

Lane's Reticule and Encantadora ran one-two in the quarter-mile division of the race. That alone was worth $7,155 to Lane.

His La Marga was heavily favored to cop the 3½ furlong division of the event. However, J. F. Hamby's Pair of Roses upset the apple cart when she beat the daughter of Depth Charge by a nose in that specialty.

Pair of Roses earned $1,830 for her efforts while La Marga gathered in half that amount, or $915, for her second place finish.

Reticule and Encantadora had it all to themselves in the 770-yard feature. L. Layne was astride Reticule while R. Kennedy rode Encantadora.

Lady Vandy, lightly regarded, finished third ahead of Thunder P, which wound up fourth. Lady Vandy's end of the purse amounted to $795. Her owner is D. Baker of Okmulgee, Okla., her trainer Floyd Gale.

T. G. Benson's Hy Aethel finished third in the 3½ furlong race behind Pair of Roses and La Marga to win $305.

In addition to the cash, Reticule and Pair of Roses won beautiful blankets for their owners, gifts of the Nobby Harness company of Fort Worth and the Futurity committee.

Reticule covered the quarter in 22.8 seconds, which tied the mark Battle Creek had last year. Pair of Roses romped the 3½ furlongs in 43.2 seconds.

A crowd estimated at 3,000 watched the proceedings in near-perfect weather.

Results:

FIRST RACE
Crawford Hotel Stakes, quarter mile.
1. Vandy Jr., owned by D. Baker, Okmulgee, Okla., ridden by D. Center.
2. Rocky Lane, owned by M. Cook, Garden City.
3. Legal Tender, owned by L. Blackwell, Amarillo.

SECOND RACE
Settles Hotel Stake, 3½ furlongs.
1. Martalation, owned by J. A. stutts, San Antonio.
2. Secret Call, owned by J. R. Dillard, Big Spring.
3. Senor Hygro, owned by E. H. Lane, Odem.

THIRD RACE
Dutch Marchbanks Memorial, five furlongs.
1. Handy Zac, owned by F. A. Ussery, Lubbock.
2. Debenture Boy, owned by Q. C. Walker, Sterling City.
3. Red Gale, owned by C. C. Henson, Denver City.

FOURTH RACE
Futurity, 3½ Furlong Division.
1. Pair of Roses, owned by J. F. Hamby, Sonora.
2. La Marga, owned by E. H. Lane, Odem.
3. Hy Aethel, owned by T. G. Benson, Refugio.

FIFTH RACE
Cosden Classic, seven furlongs.
1. Ranch Rider, owned by J. S. Cooper, McCamey.
2. Sun-Tex, owned by Fred Smith, Eldorado.
3. Mule Train, owned by E. Blankenship, Abilene.

SIXTH RACE
Futurity, quarter-mile division.
1. Reticule, owned by E. H. Lane, Odem.
2. Encantadora, owned by Lane.
3. Lady Vandy, owned by D. Baker, Okmulgee, Okla.

Valley Man Killed

EDCOUCH, April 24. (AP) — George Henry Stokes, Jr., Rio Grande Valley produce dealer, was shot to death yesterday.

Deputy Sheriff Tom Weingart said "we are searching for several suspects."

CARTER SHINES

Jayhawks Defeat Coahoma, 16-2

A big fifth inning started the Howard County Junior college Jayhawks on their way to a 16-2 Tri-County baseball league victory over the Coahoma Bulldogs here Sunday afternoon.

The Hawks scored nine times to put the game on ice after the visitors had limited them to two tallies in the first four rounds.

Joe Horton, leadoff man for HCJC in the fifth, got a life on Jack Wolf's misplay. Donnie Carter walked and Harold Berry brought them home with a triple. Nino Lujan followed with a single plating Berry.

Howard Washburn walked, A. J. Cain reached first on a misplay, Lujan scoring on the play. Kimbel Guthrie moved the other runners with a sacrifice.

Tom Barnes and Louie Stallings reached base on errors, scoring two more runs. Horton followed with a single, counting Barnes and Stallings. Berry then drove in the ninth run of the inning with an infield out.

A walk to Washburn and hits by Guthrie and Barnes gave the locals two more runs in the sixth.

Kirby tallied Coahoma's first run in the fifth on an attempted pickoff at second base and again in the eighth when Baker and Shaeffer singled and the HCJC infield booted one.

Cain limited the Coahomans to seven hits and kept them well scattered. He has allowed only one earned run in the past two games.

Carter paced the HCJC offensive with a double and a triple. He also had three walks.

Roswell Builds Circuit Lead

By The Associated Press

Ballinger gave a home crowd something to cheer about yesterday as it won its first victory of the 1950 campaign in the Longhorn League.

Roswell moved further out in front by beating San Angelo while Big Spring was losing to Sweetwater. Odessa went into second place by trouncing Midland.

Ballinger broke out with a rash of doubles to down Vernon, 11-4. Shortstop Lyle Christianson placed the attack with three hits out of four trips to the plate.

Roswell scored in the first inning on Tom Jordan's three-run homer and went on to take a 9-5 win from San Angelo.

Odessa blasted three Midland hurlers for 15 hits while winning 16-4. Emil Odgen and Leo Bascham were the siege guns with a four-ply blow each. Bascham's wallop came in the eighth with one on.

The Sweetwater Swatters upended the Big Spring Bronco for the second successive time, 13-11. It was a typical Longhorn League game, with the Swatters outlasting the Broncs. Ray Bauer for Sweetwater and Bobby Gonzales for Big Spring collected home runs.

BUILT LIKE A BATTLESHIP

Here's the Ford chassis... its frame is full box-section frame with five cross members gives extra strength and rigidity. The advanced engineering design provides low center of gravity and unusual stability . . . two of the many reasons for Ford's luxurious big car comfort and roadability. And for power you have a choice of two great economy engines... the 100-h.p. V-8 or the 95-h.p. "Six."

BUT WRAPPED LIKE A GIFT

You'll say this '50 Ford is outstanding for style. And the New York Fashion Academy agrees wholeheartedly with you. For the second year in a row, the Academy has awarded Ford its Gold Medal as "Fashion Car of the Year."

FORD IS THE BIG ECONOMY PACKAGE!

With its low first cost, low upkeep and high resale value Ford is the new standard of value. And here's certified proof of Ford's great gas economy! In the recent Mobilgas Grand Canyon Economy Run, officially supervised by AAA, a '50 Ford "Six" with Overdrive won the economy championship of its class—the 3 full-size cars in the low-price field.

PARRIS ISLAND, S. C. — Scoring more than 1,000 points is a good career basketball feat for many cagers, but Marine Sammy Geist managed to top that total in one season.

Geist, above in action, dunked 1,102 points during the 1949-50 season, which included 49 regular season and 11 post-season tournament games. He was high scorer in both the Sixth Naval the South Central Tournament at Great Lakes, Ill. His game average was 18.4 points.

A forward on the Parris Island team, Geist started slowly, gathering only 23 points in his first three games. He soon hit his stride and in one game bucketed 39 points. Geist stands six feet and is 20 years old.

Commissioners Order Photo Record Devices

County commissioners today took cognizance of unprecedented requirements which have been thrust upon the county clerk's shoulders and ordered photographic recording equipment capable of handling 600 instruments per day.

A complete daylight recording device is due to be installed at the clerk's office in approximately 30 days, at a cost not to exceed $3,600.

The equipment will be the same as that used in 38 other Texas counties, and its purchase was authorized as an emergency measure upon recommendation of County Clerk Lee Porter.

Porter told the commissioners court that demands for recording service already are at their highest level in history and are increasing daily. He said the number of instruments filed so far this year had already exceeded the amount to July for last year. Office personnel are working from two to three weeks behind schedule. Office space will not permit additions to personnel.

Commissioners also scheduled afternoon conferences with Dr. F. E. Sadler, director of the city-county health unit, and with members of the chamber of commerce safety committee.

Bread Die Wanted

LONDON, (AP) — Britain's jailers want to revive the bread-and-water diet as a punishment for inmates of reform schools who misbehave. The Prison Officers' Association's annual report said: "It will act as a deterrent to those who are now deliberately breaking institution rules."

WALL STREET

NEW YORK, April 24, (AP) — Trading was a cautious affair today in the stock market with prices exhibiting a slipping tendency.

Most of the changes were in 1/4 fractionally lower category. There were enough plus signs, however, to give the market as a whole a mixed appearance.

Chiropractic For HEALTH

TELEPHONE

(Continued from Page 1)

near South Bend, Ind., where six division workers were building a television tower. They refused to walk through a field they claimed was deep with mud and water. And to support them, 104 local members struck.

The company claimed the mud problem was something for a grievance committee to handle and not a proper strike issue, and ordered the men back to work today on pain of dismissal for contract violation.

However, the union division's national headquarters demanded the company reverse its back-to-work order or face a national strike today. Throughout the week end, federal mediators put the South Bend mud fight above the national wage crisis, but were unable to hammer out a settlement.

The dispute had extra signifance before the union's non-picketing pledge relieved the danger of a national tieup. Because of its widespread membership in 48 states and ability to picket every Bell installation, Division 6 has a strategic importance out of all proportion to its size—a fact made much of in union strike warnings.

Henry Mayer, the Division's counsel, denounced Western Electric and the AT&T after the midnight breakup.

"The strike has been called because the union has patiently negotiated with the company since last October," he said, referring to the wage dispute.

"This, coupled with the recent situation in South Bend and the company's stubborn refusal to do any bargaining, convinces the union that a strike is the only remedy open."

Although the South Bend issue was the immediate cause, Mayer said a strike now involves all issues.

On a national scale, the TWA has been demanding a straight 15-cent hourly pay rais., plus shorter hours, quicker advancement rates, and pension benefits. The company counter-charged that these demands would add up to a 37-cent hourly raise.

Many telephone workers in the Dallas area walked off their jobs today.

This was reported by Grover W. Cantrell, Northeast Texas area representative of the Communications Workers of America, CIO.

The workers were joining a coast-to-coast strike against the Western Electric Company, manufacturing and equipment subsidiary of the Bell Telephone System's parent corporation, the American Telephone and Telegraph System.

Cantrell said equipment workers at Dallas would vote at 5 p.m. (CST) today before going on a full-scale strike at 7 p.m.

"The vote will just be a formality," said Cantrell.

At Fort Worth, W. M. Wallis, president of the Texas-Oklahoma area of the Communications Workers of America, said telephone installers were on the job today throughout the area.

Workers in Texas and Oklahoma will vote tonight on whether to strike, he said.

He added that the one issue to be voted on tonight will be whether to support the South Bend, Ind., local where a strike was precipitated when six members refused to walk through a muddy field to reach a repair job.

The strike vote will not deal with a wage dispute in progress, he declared.

The two-state division 6 has 1,250 members in Texas and Oklahoma.

Wallis declared there would be no walk-out of installers prior to the strike-vote meeting and said if a strike is voted, picket lines would not be thrown around telephone properties in the Southwest prior to the expiration of resident Truman's wage-strike truce at midnight tomorrow.

RAIL

(Continued from Page 1)

ton lines and on its commuter lines serving New York and Philadelphia.

The only exception to these eastern operations will be on trains operated jointly by the PRR and Southern Railway which, Franklin said, "is also one of the railroads selected by the firemen for this demonstration."

Those New York-to-the - south trains will be halted.

Francis A. O'Neill, Jr., chairman of the national mediation board, made the request in a telegram to David B. Robertson, president of the strike-threatening brotherhood of locomotive firemen and enginemen.

O'Neill offered the board's "services during the proposed two-week truce period to settle the dispute at issue—the union's demand for assignment of a second fireman to diesel locomotives."

The government request for the strike postponement came at a time when the four major railroads to be affected were curtailing services in anticipation of the walkout.

The strike is set for 6 a. m., local time, Wednesday, on parts of the Pennsylvania system, New York Central, Southern Railway and the Atchison, Topeka and Santa Fe.

O'Neill said Robertson and his top union aides probably will consider the government request at a meeting in Chicago this afternoon.

The Pennsylvania system issued an embargo this morning on most of its long-distance passenger operations and all its western freight service, effective tonight.

Committee Chairmen Named For Clean-Up Week Campaign

Two committee chairmen were named Sunday to head phases of the Clean-Up Week program, D. M. McKinney, chamber of commerce civic and beautification committee leader, announced this morning.

Eva Pyeatt was appointed chairman of a clean-up, paint-up, fix-up committee for downtown storefronts, streets and alleys. Mrs. Charles Johnson was named general chairman of Negro workers who will supervise a similar program in the Colored business and residential sections of town.

A meeting of the store-front and downtown area committee has been called for 10 a.m. Tuesday at the chamber of commerce office, Mrs. Pyeatt has announced.

Mrs. Johnson was named chairman of the Negro group at a meeting of civic groups with McKinney at the Lakeview school Sunday afternoon. Plans were made at that time for their participation in the week's cleanup campaign.

Mrs. Pyeatt's committee is to contact merchants to urge them to clean up streets and alleys around their premises as well as dress up the appearance of business fronts.

"Big Spring is rapidly becoming the medical and trade center of a large portion of West Texas," Mrs. Pyeatt declared. "It behooves our business men to keep pace, both from the appearance and sanitation angles."

City trash trucks began making the rounds in residential areas this morning picking up rubbish being disposed of during the special clean-up period. They will operate for 10 days, covering the entire city.

All non-regulation garbage containers that are left on public property, either streets or alleys, will also be removed. The city commission has ordered that all such containers be removed as part of the enforcement of the city garbage collection ordinance.

An ordinance prohibiting sweeping of trash from stores onto sidewalks and streets will also be enforced.

Both residents and business people have been urged to co-operate in the all-out clean up effort, McKinney stated. The city has requested that all trash, shrubbery trimmings, and other material to be removed be placed in alleys prior to the time the trucks make their runs.

Pick up trucks will be unable to make a second call in any area, City Manager H. W. Whitney said.

Members of the committee to push the downtown clean up are Nat Shick, Sidney Johnston, Mabel Kountz, and Mark Wentz.

FIRE CAUSES REVEAL

Clean-Up Drive Is More Than Just A Beautification Project

A review of fire causes for the past 15 months reveals that the annual clean-up drive is more than a beautification project.

It will probably be more than worthwhile as a fire prevention measure if city fire records mean anything.

Of the 75 fires reported in the city during the first three months of this year, 13 were started in piles of trash or rubbish. Fire Marshal F. W. Bettle pointed out. Trash was also responsible for 23 of the 218 fires city firemen extinguished in 1949 according to records.

"Within the last month, fully 50 per cent of the fires reported have originated in rubbish piles," Fire Chief H. V. Crocker reported Saturday. "Trash and rubbish is the second highest cause of fire over the nation. It is tyer only by cigarettes, the nation's No. 1 arsonist."

As a precaution against unnecessary outbreaks of fire the city fire chief advises all residents to take advantage of the city trash removal service during the next 10 days by disposing of all waste or discarded material that might cause or be the source f a disastrous blaze.

"All old discarded furniture, rags papers, magazines, and other accumulated material that is of no value should be removed from garages and storerooms, or other parts of the premises," Crocker declared.

He pointed out that firemen make regular inspections of the downtown area in search of fire hazards. In residential areas this is left up to the various citizens, he said.

"Residents can prevent a number of future fires by getting rid of their causes during clean-up week," he asserted.

The city is co-operating with the local chamber of commerce and the city-county health unit during clean-up week. Trucks will be provided to remove all trash and rubbish that is placed in or near garbage cans during the next 10 days.

SAILS PACIFIC ALONE—Alfred Peterson, 28, of New York, sits at tiller of his 33-foot cutter "Stornsway" in Sydney, Australia, after voyage across Pacific alone from Miami.

SAILORS MEET—U. S. Chief of Naval Operations Adm. Forrest P. Sherman (right) is greeted by Britain's First Sea Lord, Fleet Adm. Lord Fraser, on arrival in London for conferences.

Altitude Harm Is Exaggerated, Says Colorado Doctor

DENVER, (AP) — He probably is in for some arguments, but Dr. Robert B. Patterson of Loveland, Colo., thinks the harmful physical effects of high altitudes are greatly exaggerated—at least for the kind of altitudes Colorado has. Writing in the Rocky Mountain Medical Journal, Dr. Patterson listed mineral oil, sunburn lotion and hard candy as the only medicines a normal flatlander needs to offset symptoms of the altitude here.

The mineral oil should be used to lubricate dried nasal passages, lotion to guard against sunburn which comes with deceptive swiftness in the rarefied air, and the hard candy to prevent throat dryness. But he had a word of warning for those not in the best of health. They should beware of reacting to the bracing mountain air by indulging in excessive exercise.

Group Says Cities Need Better Sex Crime Facilities

CHICAGO, (AP) — The American Municipal Association says cities need better facilities for examining and treating persons accused of sex crimes. The organization looked over facts gathered in 30 cities, and commented:

"Recent sensational sex crimes have spurred several cities and states toward more effective means to cope with sex offenders. Surveys and studies are under way or have been completed in St. Louis, Oklahoma City and Seattle. Bills strengthening sex crime laws have been introduced in several legislatures.

"Chicago, Detroit and St. Louis reported they have clinics for diagnosis and treatment of persons arrested for sex crimes. Other cities generally, make some provisions for special care of sex crime defendants, but clinical facilities for treatment are inadequate in most."

17 Die Violently Over Texas Weekend

By The Associated Press

At least 17 persons died violent deaths in Texas during the week end.

Six were killed in traffic mishaps, five by drowning, one by asphyxiation, one by electrocution, one in a knife slaying, one man was run down by a railroad train, a child died after being hit by a softball, and one man was shot to death.

Daughter Is Born

A daughter, Phyllis Ann, was born to Mr. and Mrs. Johnny Miller of Schenectady, N. Y. April 22. The infant weighed six pounds and four ounces. Mrs. A. E. Bailey, 1100 E. 12th, is the paternal grandmother. Mr. and Mrs. Jack Shepard of Cochran are the maternal grandparents. Mrs. J. B. Nail of Big Spring is the great grandmother of the infant.

T-V Tops Radio Here

CHICAGO, (AP) — The new Chicago classified telephone directory is notable for two reasons. The publisher, the Reuben H. Donnelley Corp. says its the largest ever printed in the U. S. And, for the first time, television listings (918) exceed radio listings (830).

Hoppers Hop Early

PHILADELPHIA, N. Y., (AP) — Grasshoppers are hopping early this year. Six-year-old Norman Savage reports he found two in the melting snow near this northern New York community.

Home Building Aids Demand In Other Industries

WASHINGTON, April 24, (AP) — The government reported today that record-breaking home building activity is creating demand for other products.

The Bureau of Labor Statistics said that this is not only boosting employment in the construction industry but also "is creating secondary demand in furniture, household appliances, television, building materials, and a host of related industries."

This is buoying the employment situation in those industries.

Half of the increase resulted from settlement of the coal strike, but the "gain reflected a continued improvement in the nation's employment that first became evident at the start of the year," the bureau said.

Industrial and commercial employment in March was 42,323,000, about 800,000 less than in March a year ago. While March showed an employment gain, it is still behind last year.

Cub Scout Group Practices Songs At Weekly Meet

Members of Cub Scout Den No. 3, Pack 13, practiced den songs and worked on their "den doodle" at a meeting Saturday afternoon in the home of Mrs. Obie Bristow, den mother.

Cubs attending were Jerry Graham, Robert Stripling, Bill French, Gordon Bristow, Claude Renick, Bill Elliott, George Peacock, Bob Kiser, Eddie Kenney, Tommy Richbourg, Bob Dillon, Lee Denton, Tony Hampton, Donald Ray Cannon, Wendell Brown, Danny Brownlee, Lanny Hamby, Vance McCright, Haley Haynes, Kenneth Morrow and Teddy Groebl.

Den leaders present were Mrs. Bristow, Mrs. Omer Elliott and Mrs. Robert Stripling, assistant den mothers, Jimmie Hicks, den chief, and Bill Dillon, assistant den chief.

TO COUNTER U. S. MOVES

Predict Soviet To Step Up Diplomacy

By EDDY GILMORE
AP Staff

MOSCOW, April 24. (AP)—Foreign observers here are convinced that the Russians will step up their diplomatic drive to counter U. S. Secretary of State Dean Acheson's recently declared policy of "total diplomacy."

Veteran diplomats in Moscow are unable to recall in recent times as much positive diplomatic activity as that in which the Soviet Union is presently engaged.

They believe the end to this activity is not in sight and the Russians intend to tackle every international issue of interest to them or in which they see the United States trying to take the offensive.

The observers point to the fact that in the past week or so the USSR have shown considerable diplomatic activity in numerous major international fields.

They have protested strongly to the United States over the Baltic plane incident and have rejected an American note on the subject.

They have delivered a note to the Italian Government demanding payment of Italian war reparations.

In a note on the free territory of Trieste they have charged the United States, Britain and France with violating the Italian peace treaty.

They have issued a statement on the repatriation of Japanese prisoners of war.

A new Chinese - Soviet trade agreement has been announced.

They have declared themselves opposedt to the UN plan to internationalize Jerusalem.

Several diplomats here are convinced the Soviets believe they can match and do better than the U. S. State Department in any offensive labelled "total diplomacy."

They are of the opinion the Soviets certainly will not sit idle and allow Acheson to develop anything he might term "total diplomacy."

(Acheson has called on the American people to join with their government in a concerted drive to beat Russia's plans for "world domination." In this statement, made public March 9, he called this "total diplomacy.")

PRIEST WALKS OUT OF SERVICE RAISING HIM TO BISHOP RANK

VIENNA, Austria, April 24. (AP) — A Roman Catholic priest cried he was "unworthy" yesterday and abruptly walked out on church services at which he was to be elevated to the rank of bishop.

Thousands of spectators, including Austrian Chancellor (Premier) Leopold Figl, gasped as Msgr. Franz Jachym stopped short before the altar of famed St. Stephen's Church and declined to take the oath.

Already dressed in the robes of a bishop, the 40-year-old priest told Theodor Cardinal Innitzer he felt himself unworthy of the high office. As bewildered church officials tried to persuade him to revoke the decision, Msgr. Jachym strode from the church without further explanation.

Cardinal Innitzer, head of the Roman Catholic Church in Austria, commented after the service he was at an "absolute loss for an explanation of Dr. Jachym's strange behavior."

Other church officials, however, recalled Msgr. Jachym's pale appearance and were inclined to attribute his action to overwrought nerves. Msgr. Karl Dorr, pastor of St. Stephen's, said "we are just to honor the decision of a brave and humble conscience."

Msgr. Dorr recalled that Saint Abrosius and Saint Gregor had resisted the appointment as bishops of the church because of their humility.

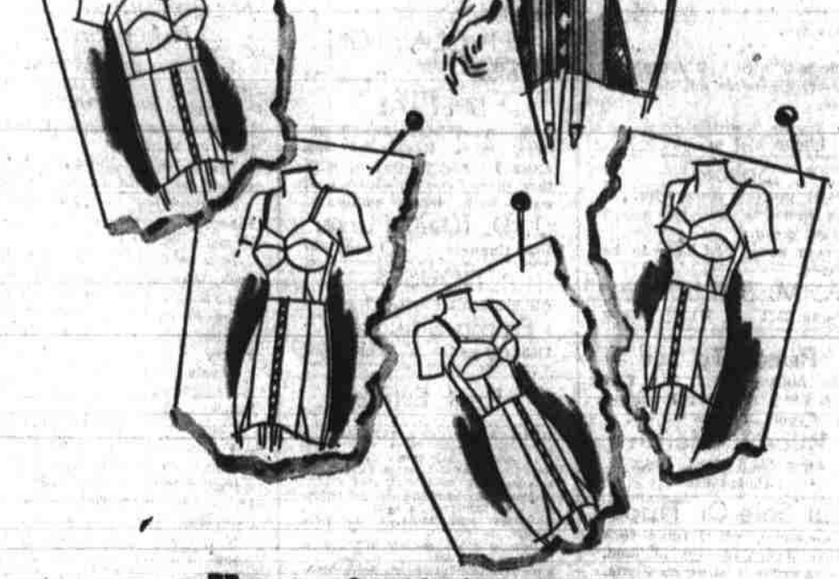

The GOSSARD Line of Beauty

The above diploma has been awarded to Mary Louise Hammond who recently graduated from Gossard's Corsetiere Training School. It means that she is now an expert in figure analysis and corset fittings. It means, too, that she is qualified to help you discover a new and more beautiful YOU.

The Gossard Training Course also included maternity fittings. Your physician's prescription will receive expert attention

'Ike'-For-President Backers To Watch Subject In Action

WASHINGTON, April 24. —Pioneers of the 1952 Eisenhower-for-President movement get a chance this week to observe their favorite in action on a politically touchy subject—"the welfare state."

Gen. Dwight D. Eisenhower, president of Columbia University and presently non-commital on politics, will umpire an argument between Democratic Sens. Douglas of Illinois and Byrd of Virginia on the subject "American Democracy and the Welfare State."

The occasion will be the annual meeting of the Academy of Political Science in New York Wednesday.

Eisenhower, mentioned as a Republican presidential possibility in 1952, will sum up pro arguments, offered by Douglas, and the con, offered by Byrd. The general's words will be recorded carefully for some hint as to his possible future intentions.

In the past, Eisenhower has made it pretty plain he hasn't much patience with those who would surrender individual freedom just to gain security. He has argued against centralizing power in Washington.

Typical quotes:

"If all Americans want is security, they can go to prison."

"We want to wear fine shirts, have caviar and champagne when we should be eating hot dogs and beer."

"If an American wants to preserve his dignity and his equality as a human being he must not bow his neck to any dictatorial government."

Politicians figure the Eisenhower-for-President drive will have to get along for some time—if not forever—without help from the general.

He has said repeatedly that he has no political ambitions, no political connections and doesn't want any. He has insisted that he has a right to take an active interest in national problems without being cast in the role of a receptive candidate.

To date, Eisenhower's chief public supporter is Sen. Ives (R-NY). Because Ives is close to the camp of Gov. Thomas E. Dewey of New York, the 1944 and 1948 GOP presidential nominee, his attitude is interpreted widely as indicating that Dewey might look with favor on the general as a candidate.

Rattlesnake Bite Worth $499.99 Says Negro Man

NASHVILLE, Tenn., April 24. (AP) —A Negro here says a rattlesnake bite is worth $499.99.

Amos Bowers sued the Royal Crown Shows because, he claims, he was bitten when he entered the carnival's reptile pit—upon invitation — to demonstrate that the snakes were harmless.

The action was filed in general sessions court which cannot hear claims of $500 or more. Circuit court was closed for the week end.

Bowers said the snakebite caused his arm to swell to twice normal size and required hospital treatment.

An attorney for Mr. and Mrs. Ed Young, owners of the carnival, quoted them as saying the snakes were non-poisonous and that Bowers jumped into the pit voluntarily.

French Nun Is Newest Saint

VATICAN CITY, April 24. (AP)— A French nun famed for her charitable works is the newest saint of the Roman Catholic Church.

Marie Emile de Rodat, who founded the religious congregation of the Sisters of the Sacred Family in 1832 and devoted her life to caring for the young and sick, was canonized yesterday by Pope Pius XII in St. Peter's Basilica.

Sixty thousand persons witnessed the colorful ceremony, first canonization of the Holy Year. Among those attending were members of the religious order, which has houses in France, Belgium, Spain, Brazil, Syria, Egypt, Britain, Switzerland and Italy.

The pope set the date for the celebration of her sainthood as Sept. 19—date of Marie Roadat's death in 1852 at the age of 65.

Jap Suicides Go Up

TOKYO, (AP) — Suicide, always fairly common in Japan, is on the increase, Tokyo police report. Police figures show 129 persons took their own lives in Tokyo in a month, the highest monthly figure in the 60 years that records have been kept.

Johnson Gives Up Plan To License Movie Actors

WASHINGTON, April 24. (AP)— Sen. Edwin C. Johnson (D-Colo) reportedly has decided against pressing his plan for licensing movie actors—a plan Sen. Wile (R-Wis) once called a "police state monster."

Johnson has criticized what he calls the "exploitation" of the private sins of movie stars. The Senate Commerce Committee, which Johnson heads, will start an investigation of the movie industry May 15.

DEMOS DEPEND ON LOCAL LEADERS TO PUSH RENT CONTROL EXTENSION

By EDWIN B. HAAKINSON
AP Staff

WASHINGTON, April 24.—Democratic leaders counted today on spokesmen for the nation's large cities and states to help push an extension of federal rent controls through a reluctant Congress.

As the Senate Banking Committee opened five days of public hearings on the controversial issue, telegrams went out asking a score of mayors and governors to testify.

Democratic Gov. Chester Bowles of Connecticut made his feelings on the matter clear as he left for Washington to attend the Senate hearings. The former director of the nation's wartime price controls said in Hartford that rents would rise an average of about 35 per cent if ceilings were lifted.

"I want to see rent controls go out the window the minute we have enough homes so that rents won't skyrocket," he said. "But we simply have not reached that point yet."

Senate Democratic Leader Lucas of Illinois told a reporter he was banking on "word from the folks back home" to build up congressional support for the extension beyond June 30, when the present federal regulations are due to end.

A number of Democratic senators as well as Republicans are fighting.

"I'm going to vote against any extension of any kind," Sen. Ellender (D-La) said. Last year Controls."

gress gave the nation, states and cities notice that this was the final extension of these wartime controls."

Sen. Sparkman (D-Ala), who pushed that bill through the Senate, agreed that "it was our belief last year that there would be no further federal control extension."

However, Sparkman said, Congress "should look at all the facts again before acting."

Israel Celebrates Independence Day

JERUSALEM, April 24. (AP) — A big military parade, night fireworks and dancing in the streets yesterday marked Israel's celebration of her second Independence Day anniversary.

The parade, one of the largest and most impressive ever seen in modern Jerusalem, put a sample of Israel's new standing army on display for the first time.

The hour-long march was reviewed by President Chaim Weizmann, Prime Minister David Ben-Gurion and Chief of Staff Yigal Yadin.

Thousands, packed along the sidewalks and in balconies on King George V Ave., cheered and applauded as the browned, seasoned, sweating soldiers, carrying rifles and machineguns and wearing steel helmets, marched past. Squadrons of low-flying fighter planes did acrobatics overhead.

The celebration, held on April 25 by the Hebrew calendar although the Israel state was not proclaimed until May 15, 1948, wound up in Tel Aviv with the fireworks and dancing.

Minnesota City Gets Set For New Floods

CROOKSTON, Minn., April 24. (AP) —This northwestern Minnesota city of 9,000 braced itself today against the threat of a new flood from the rampaging Red Lake River.

Groggy from the blow of yesterday's flash flood after a wall of ice battered down a control gate on the nearby Ottertail Dam, the city was warned to be prepared for another torrent unloosened by a big break in a power dam at Red Lake Falls, Minn., 30 miles upstream.

The Red Lake Falls dam, damaged by futile attempts to dynamite another ice jam, went out last night. Water poured through a 100-foot hole in the 280 feet long structure and raced toward Crookston.

U. S. engineers predicted the new flood crest would reach Crookston sometime today.

The city was caught unprepared early Sunday by the break in the Ottertail Dam floodgate. Within an hour, the ice-jammed river hit a 24-foot crest, spreading out over nearly 75 city blocks.

The residential districts bordering the river were hardest hit. Although no lives were reported lost, an estimated 300 residents were moved to higher ground.

Fire Destroys AEC Building

BERKELEY, Calif., April 24. (AP) —Fire, accompanied by a series of minor explosions, destroyed the Atomic Energy Commission's administration building here last night.

AEC officials declined to answer such questions as (1) whether any irreplacable scientific data was lost, (2) what the building contained, or (3) how great was the loss in dollar values.

Brilliant flames shot high from the two-story frame building, attracting thousands — including scientists intent on saving notes on experiments. At least one scientist was barred from entering because of the danger.

Quickly posted security guards prevented any one entering the AEC-cyclotron area, which is enclosed by a high, electrified fence. The University of California's giant 89 million cyclotron, in a concrete building 100 yards away, was not damaged.

Natural Gas Group Meets At Ft. Worth

FORT WORTH, April 24. (AP)—The 29th annual convention of the Natural Gasoline Assn. of America was to open here today.

The three-day meeting is expected to draw more than 1,000 technicians, engineers and executives.

CABINET DENOUNCES STRIKE

Troops To Unload At London Docks

LONDON, April 24. (AP) — The Labor Government today ordered troops to unload ships tied up in London port by a wildcat dockers strike denounced by cabinet ministers as Communist-inspired.

The government decision to use soldiers and sailors to keep food and other goods moving was made after the walkout threatened to halt all operations in the sprawling dock-yards.

Almost 1,000 soldiers and sailors, stationed in the dockyards since yesterday, were ordered to go to work on 69 ships which are immobilized by the strike over an intra-union dispute.

More than 4,500 dockers joined the strikers over the week end bringing the number idle to 12,489. The total working force in the London docks is 27,000 but only between 15,000 to 20,000 are employed on any given day.

The government used troops in a similar situation last year when a Communist-supported strike piled up tons of food and exports on London docks.
