Soviet Planes Pounding City, Escape Lines

Nazis Ordered To Defend Port At "Any Cost"

BY HENRY C. CASSIDY
Associated Press Staff Writer

MOSCOW, April 7—The Germans have rushed special units into line with orders to defend Odessa at "any cost" and are battling on the close approaches to that Black sea port from favorable positions behind the many lagoons and lakes protecting the stronghold, Red Star dispatches reported today.

While the Germans struck out in strong counterattacks from the almost beleaguered base, Russian Stormovik planes and bombers pounded at the city's defenses and escape lines of communications.

Three hundred miles to the northwest the Russians engaged in stiff battles against large groups of enemy tanks, infantry and self-propelled guns sent to rescue another besieged German garrison at Tarnopol.

Attack Near Tarnopol

The attack was launched from German-held territory southwest of Tarnopol, the Russian bulletin said, and came after Marshal Gregory K. Zhukov's First Ukrainian army had captured more than half of the area within the city. Street fighting has been reported going on since Monday.

The Germans, it appeared, were attempting to rescue both the Tarnopol garrison and the remnants of 15 divisions encircled in the Skala sector northeast of Czernowitz and have thrown formidable forces into the drive to crack the Red army cordons.

Zhukov's troops, however, were reported to have tightened their ring of encirclement near Skala by capturing important defense strongpoints, including the fortified town of Skala itself.

New Threat To Odessa

Three hundred miles southeast of Tarnopol, Gen. Rodion Y. Malinovsky's Third Ukrainian army struck toward Odessa in a 15-mile drive from captured Razdelnaya, which brought it to a point 23 miles northwest of the Black sea port, posing a new threat to that Nazi-held bastion.

Malinovsky's drive, a brilliant flanking movement that apparently caught the enemy by surprise, drew closer the Red army ring being forged around the beleaguered port, already threatened from

Amarillo Man Held In Case

AMARILLO, April 7. (AP) — A charge of murder was filed today against O. M. Redding in connection with the fatal shoting of his wife while she was at an eating place here with two of her children.

The shooting occurred late last night. As the charge was filed this morning, H. H. Cooper, counsel for Redding, waived a reading of the charge and entered a plea of innocent for his client. A hearing on bail was set for 4 p.m. today.

Eating With Children

Witnesses said that Mrs. Redding, about 50, had risen from the table were she had been seated with her son Marvin, 18, and daughter Evelyn, 16, when bullets fired from the direction of the front dor struck her at close range, and one narrowly missed Mrs. J. C. Wolfe, a waitress.

Lt. Allen Early of Amarillo, home on leave; Pvt. Glenn Callahan, of Amarillo field, and Marvin Redding, disarmed the person who fired the shots.

Mrs. Redding's husband, who until nine months ago owned three large self-serving grocery stores known for their slogan "live and let live" has been residing on a ranch in New Mexico while his family has been here. He had returned to Amarillo.

Also surviving is another son, Bill, who is in the Naval Air corps at Oakland, Calif.

Military Might To Be Strong Peace Factor

Army Reaches Its Goal, But Heavy Calls To Go On

(By The Associated Press)

WASHINGTON, April 7 —Draft Director Lewis B. Hershey declares that only with the backing of military strength will the voice of the United States be heard at the peace table.

Coincident with the announcement that the Army today is at its planned maximum strength of 7,700,000, Gen. Hershey indicated that huge monthly quotas of men will be poured into the draft mill almost indefinitely and that demobilization must be slow.

He said that 150,000 men a month — "a very conservative estimate" — would be required merely to maintain the Army and Navy at full strength in war time and he hinted that many inductions might be required even after the war is won.

150,000 Men A Month

If his estimates are right, Hershey said in a speech reviewed and approved by the State department, we must be prepared to produce at least 150,000 men a month "until such time as the international picture indicates that this nation can support its vital national interests with a smaller number."

"To maintain the results for which we have fought," he said, "depends to a very large degree upon the evidences we possess that we are prepared to back with force our recommendations. Many of us, probably most of us, regret that force is the ultimate court of appeal. Certainly America, with possessions unusual in this world, can not afford to shut her eyes to the fact that this world leaves to a nation only those things for which it is not only willing to fight, but for which it is constantly prepared to fight.

"Our voice in the establishment of peace will be heard only as it is backed by military strength.

Factor In Demobilization

"Then we have a principle to recognize in demobilization — the principle that our reduction in forces will be made as it can be without losing a peace after winning a war.

"Adherence to this principle will mean that we evolve a permanent system for our armed forces that will provide at all times adequate military strength sufficient to insure the maintenance of our national interests."

New Regime To Be Sought In Italy

WASHINGTON, April 7 (AP) — One of the Allies' most vexing political problems, that of reorganizing the Italian government, is to be tackled this weekend by the newly reconstituted Allied advisory council for Italy.

The council's efforts to achieve a temporary solution, it was learned in diplomatic quarters, will revolve mainly around the projected retirement of King Vittorio Emanuele, whose continuation in power has offered the chief obstacle to participation by anti-fasscist political parties in the government.

The king is slated to be succeeded by Crown Prince Umberto, but there has been some anti-fascist objection to Umberto also and if Premier Badoglio is not able to arrange a broader government under Umberto then the latter undoubtedly will have to step down in favor of a regency for his young son.

The council's action is purely advisory and whatever policy it recommends will, if approved by Washington, London and Moscow, have to be made effective by General Sir Henry Wilson, Allied Mediterranean commander.

Halifaxes Planning Visit To Santa Fe

SANTA FE, N. M., April 7 (AP) —Santa Fe residents today were looking forward with anticipation to a visit early next month by Lord Halifax, British ambassador to the United States, and Lady Halifax.

Interest has been expressed by the ambassador in old Spanish religious monuments in the Southwest. Archbishop Edwin V. Byrne of the Catholic church said a priest would be named to act as a guide to Lord and Lady Halifax. Dates for the visit are May 7 and 8.

Sen. Truman's Talk At Unity Rally Here Is Free To Public

Senator Harry S. Truman's talk at a "Unity rally" of West Texas and Eastern New Mexico Democrats at Senior High school auditorium Saturday night at 8 o'clock will be open to the public and no admission will be charged.

That was the announcement by L. C. Ellis, Lubbock county Democratic chairman today after inquiries had been made about tickets for the rally. Everyone is invited to come out and hear the Missourian, chairman of the now famous Truman investigating committee of the Senate, and first come will get the best seats, Ellis said. Senator Truman's speech will be broadcast over KFYO, beginning at 8:45 p.m. Saturday.

Another event, a luncheon by the Lubbock Bar association honoring Senator Truman at Lubbock hotel Saturday noon was added to the day's calendar today, Syrian Marbut, president of the Lubbock bar, announced. All attorneys of the two areas are being extended an invitation to attend the luncheon.

To Arrive Late Tonight

The Missouri senator is scheduled to arrive here from Big Spring late tonight. He is due there this afternoon by plane at 4:45 o'clock from Phoenix, Ariz.

Saturday will be a busy day for him. Visits to the two Army air fields near here and to Texas Technological college are on the morning program followed by the bar luncheon at noon. He is to appear at an open house for the public at the Hilton at 4 o'clock Sat-

Continuation Of Wage, Price Controls Urged; Living Costs Slightly Lower Than Year Ago

(By The Associated Press)

WASHINGTON, April 7—President Roosevelt made public today —with an indirect endorsement— a report from his top economic advisers which declared present wage and price control policies must be continued.

Coming at a time when organized labor is pressing for relaxation of wage controls, the report said the stabilization program has worked so well that "the cost of living as a whole" is actually lower today than it was a year ago and that wages have been stabilized."

"We must not jeopardize these gains by any change of policy or relaxation of effort in the critical months ahead," it said.

The report, taking note of the fact that tomorrow marks the first anniversary of his "hold-the-line" order on the cost of living, was submitted by Fred M. Vinson, economic stabilization director; Chester Bowles, price administrator; Marvin Jones, war food administrator, and William H. Davis, national War Labor board chairman.

Described As Important

Mr. Roosevelt described it as important because it showed how the government was trying to keep prices from going up through the roof and ultimately bankrupting everybody in the country.

"On this first anniversary of the issuance of the 'hold-the-line' order," the document said, "we

Relations With Reds Improve

BY WES GALLAGHER
Associated Press Staff Writer

LONDON, April 7 — Military cooperation between the western Allies and Russia, which often has left much to be desired in this war, has taken a sudden turn for the better with American bombers coordinating closely with Red army ground forces in the conquest of the Balkans.

Allied raids on Rumania at Bucharest and Ploesti were carried out with the knowledge and consent of the Red army, the best informed military sources in London said. The attacks, presently on a rough coordinated basis, are being developed by the use of liaison groups into close and specific teamwork, these informants said.

The last assaults have been carried out on what was described as "a broad strategic basis" and the Russian and Allied liaison now is in the "transition stages," working toward operations constructed much the same way as the American and British forces work in direct liaison.

The hard necessities of war are bringing about this teamwork where continuous diplomatic and military missions attempts have failed.

Coordination Important

As the Russians drive into the Balkans it is imperative that the Allied air effort be coordinated with the Red Army advances to

CHUNGKING, April 7 (AP) — Nine Zeros were shot down, three probably were downed and three others damaged from a 32-plane Japanese fighter-bomber force which attacked an Allied airdrome at Nanning in Kwangsi province April 5, Lt. Gen. Joseph W. Stilwell's headquarters disclosed today.

U.S. Fliers Hit Croatian City

Zagreb Is Vigorously Defended By German Planes; Ground Action In Lull In Italy

By LYNN HEINZERLIN
Associated Press Staff Writer

ALLIED HEADQUARTERS, Naples, April 7. — Heavy bombers of the U. S. 15th Air force again attacked a Balkan target yesterday, hammering this time at a German airfield in the Croatian capital of Zagreb as ground action on all Italian fronts remained at a virtual standstill.

Zagreb was vigorously defended by German planes. Sixteen were shot down in battles over northern Yugoslavia, headquarters announced, and three heavy bombers were lost.

Fight Hot And Heavy

Fortresses and Liberators, escorted by Thunderbolts and Lightnings, took a part in the attack. Returning crewmen reported that the fight was hot and heavy, but there was nothing here to substantiate German reports last night describing the battle as "one of the greatest strategical defeats suffered so far" by the 15th Air force.

An announcement from headquarters said that on the Anzio beachhead a strong German patrol attacked an Allied position a mile and a half south of Carroceto last night but was driven back by grenades and small arms fire. Fifth Army artillery and tank destroyers blasted enemy gun positions there during the day.

Germans Use Big Guns

A dispatch sent from the beachhead last night by Associated Press War Correspondent Kenneth L. Dixon said the Germans had ringed the Allied defenses with several huge guns capable of combing the entire beachhead from the front line to the coast.

"These include some railroad guns with a potential range up to 54,000 yards (more than 30 miles), which means that the Germans could literally sit in Rome and shell shipping in Anzio bay," Dixon worte. "How many of these guns are operating against the beachhead either has not been ascertained or is not being divulged."

In all air operations yesterday 28 enemy aircraft were reported destroyed and the communique listed three medium bombers and four fighters as missing in addition to the three heavy craft.

Allied Artillery Open Up

In Cassino, the Germans made a tentative push out of the Continental hotel but their infantry was immediately brought under the fire of Allied artillery. Northwest of Cassino enemy patrols constantly are probing Allied lines to keep themselves informed.

While the big bombers were over Zagreb a formation of Spitfires, some carrying bombs, swooped down on the German airfield at Banja Luka, about 80 miles northeast of Sarajevo, and destroyed a large number of planes on the ground.

A naval announcement said that three enemy supply schooners were captured in the eastern Adriatic in the past few nights during the course of constant prowlings along the Yugoslav coast to harass German shipping and island garrisons.

Headquarters announced that during March Fifth Army anti-aircraft troops had definitely destroyed 80 German planes and possibly another 56.

RAF Renews Hamburg Raids

Reconstruction In Reich Is Slowed

LONDON, April 7 (AP)—Striking anew at targets previously flattened by British heavy bombers, RAF Mosquitos attacked oft-battered Hamburg and other objectives in the Ruhr and Rhineland last night in the resumption of a campaign designed to thwart German efforts to reconstruct much-needed war industries.

The stab into the heavy-defended industrial area of the reich was made at the cost of one plane, the Air ministry said.

Apparently it was the only blow aimed last night at the continent from the west, but shortly before noon today the German radio warned that "single enemy planes" were over northern Germany, indicating the Allied offensive was being continued by daylight.

Follows Daylight Attack

The overnight activity followed a heavy daylight attack by American Liberators on the Pas-de-Calais area on the French invasion coast, during which 600 tons of explosives were unloaded on German military installations.

The Liberator raid—the second on the Pas-de-Calais area in two days—was carried out without the loss of a single plane. Returning crewmen said they did not sight any Germany fighters and that anti-aircraft fire was negligible.

Tunderbolt fighter-bombers of the U. S. Ninth force also bombed and strafed targets in northern France without loss yesterday.

Negro Assaults Soldier's Wife

DAVIS, Okla., April 7 (AP) — A soldier's wife was mistreated brutally shortly after midnight today and Sheriff Marvin Stephens said that a negro railroad worker admitted the crime.

The victim, Mrs. Kathleen Bowser, 21, and working as a waitress told him she was shot and stabbed, robbed and assaulted on her way home from work by an alley lurker who forced her at gunpoint to accompany him a half mile to the edge of town, Stephens said.

The sheriff took the 29-year-old suspect who gave his address as Waco, Tex., to the county jail at Sulphur and indicated he would remove him to the state penitentiary at McAlester.

Suffered Severe Shock

Mrs. Bowser, wife of Marvin Bowser, was in a hospital suffering from severe shock. She was shot in the mouth with a pistol, and stabbed in the threoat and under the right eye. Her assailant used a pocket knife which he

Enemy Jungle Troops Nearing Vital Rail Line

Allied Base Of Imphal Cut Off By Jap Forces

(By The Associated Press)

NEW DELHI, April 7—Japanese jungle detachments striking deep into Allied defenses guarding the Bengal-Assam railway have reached positions some 40 miles from that lifeline supporting Lt. Gen. Joseph W. Stilwell's North Burma offensive and the air-borne supply route for China, it was disclosed today.

It was officially announced that enemy road block parties which had cut the communications of Imphal by establishing

strongpoints along 15 miles of the road north to Kohima had infiltrated into the area west of the highway where they were being engaged by British troops.

Imphal itself has been cut off since last Sunday when it became known that Japanese parties were on the 60-mile Imphal-Kohima road, the main line of communications for the garrison of the Manipur state capital.

Jap Attacks continue

Today's communique said the Japanese were continuing to make small isolated attacks in the Imphal area itself, but all these were repulsed, while aggressive British patrols hampered the enemy by striking across his line of communications west of the Cheindwin river.

(A broadcast from Tokyo declared Japanese forces were only six miles east of Imphal where they were launching furious attacks on allied positions.)

American heavy bombers staged an attack on the new Japanese-built Burma-Siam railway on Wednesday, the communique reported. The planes destroyed three bridges and probably destroyed five others, while other direct hits scattered long sections of track.

River Bridge Target Hit

Other Allied air formations carried out similar missions in southern, central and northern Burma blasting river and bridge targets near Tangon and Nyigatha, at a cost of two Allied planes.

Allied tank-supported troops on the Arakan front continuing their offensive action captured the eastern tunnel on the Maungdaw-Buthedaung road yesterday, headquarters said, and proceeded to make progress toward the central ridge of the Mayu mountain range.

Chinese troops driving down the Mogaung valley in central Burma were attacking the Japanese-occupied village of Wakawpg, between Shaduzup and Kamang.

Probe Demanded In Miss Kellem Case

WASHINGTON, April 7 (AP) — Senator Reed (R-Kans) called today for a Senate investigation into "allegations of unpatriotic conduct" against Miss Vivien Kellems, 46-year-old Westport, Conn., war plant operator, and also into her counter-charges that her mail had been tampered with.

Reed announced he would ask that the inquiry be made by the Senate postoffice committee, of which he is the ranking Republican member.

Reed declared at a press conference that he had information the Justice department had found "nothing seditious" in Miss Kellems' correspondence.

"Her letters may have been mushy, but they weren't seditious," Reed said. Reed said he thought the "leak" that allowed Coffee to get possession of Miss Kellems' letters occurred in the office of censorship.

"These censors take mail and open it," Reed said, "and if they find anything interesting they way 'intercept' or make copies of those sections and distribute them to the department or agency they think are concerned."

Two More Bodies Found At Galveston

GALVESTON, April 7 (AP) —The bodies of two men were found near the causeway in Galveston bay by the coast guard today, bringing the toll to fishermen from Sunday's squal to five known dead. Three still are missing.

The bodies were believed those of John O. Jackson of Galveston and Albert Jaez of Houston, but identification was incomplete.

New Tax Will Affect Visitors To Parks

AUSTIN, April 7 (UP) — Visitors to 30 of the 36 state parks will pay about $10,000 as the new federal cabaret tax on purchases at cafes and concessions in the parks this year, it was estimated today by Executive Secretary Frank D. Quinn of the parks board.

The new 30 per cent tax, which was effective April 1, will be passed on to the consumer at parks where there is music and dancing, Quinn announced after a meeting of the parks board here yesterday.

Formal openings for the season will be May 1 at all parks.

The board was advised of a letter from Director Newton Drury, Chicago, of the National Park service stating that federal operation of Big Bend park in West Texas has not started because the deed of cession on the 700,000-acre tract has not been received.

Two Yanks Almost--But Not Quite--Find Nero's Underground Road From Anzio Beach To Rome

(EDITOR'S NOTE: The following dispatch, telling how two American soldiers almost — but not quite — found a tunnel leading from the Anzio beachhead to Rome, was written by Pfc. Melvin Diamond of the Bronx, N. Y., and is carried by arrangement with the war department).

WITH 5TH ARMY, Italy, April 7—It all started when an old Italian walked into the AMG offices in Anzio and announced he was the city's engineer and possessed all the maps of its underground tunnels and passageways.

According to ancient legend, he said, there were two underground routes from the beachhead into Rome. What's more, he knew where the entrance of one was.

That was all the AMG wanted to know. They called 1st Lt. Wilfred Schaplow, combat engineer, whose home is at Olivia, Minn., and asked how he'd like to invade Rome all by himself. They sent the old man down to see him and told him to wire back when he reached Vatican City.

Nero's Underground Highway

The lieutenant and the old man hit it off swell from the start. The old Neopolitan told Schaplow about Nero and his castle, horse, chariot and his private tunnel to Rome. Nero had a castle right on the beach, but spent so much time commuting to Rome he decided to have a private underground highway. Since you couldn't pull the top down over a chariot in "sunny" Italy, and with labor peddling at slave rates, the project was both plausible and economically feasible.

Schaplow got all hopped up. "The Chinese built the great wall," he said, "and Cheops had his pyramid. Rome isn't 25 miles away as the dirt flies. A lot of hungry ditch diggers could have dug that tunnel in two years flat. Even if

Initiation Is Held By Girls

Junior council to serve next year on Texas Technological college campus was initiated Thursday afternoon at a service in the home economics building directed by Anna Baker.

Betty Jo Morgan reviewed the history and gave the purpose of the council which was started in 1933 to aid freshman girls. Marjorie Street discussed achievements of this year's council.

The 20 members of the council are chosen for their achievements on the campus, qualities of leadership and possibilities for service in the future. Each girl must have maintained a B average in all her college work.

New members are Mildred Mather, Anna B. Ellis, Kren Watson, Mary Jean Webb, Norma Cleavinger, Margarette Leggitt, Audrey Melton, Ellen Artman, Betty Coffey, Dortha Nell Dawkins, Ernestine Gibson, Anita Hale, Eleanor Jackson, Selma Mullins, LaVera Riley, Martha Wilson, Betty Newton, Mary Elizabeth Coble, Dorothy Williams and Frances Sitter.

Members of the council are invited to a picnic to be given at Aggie Grove next Wednesday at 5:30 p. m.

Anna Baker Is Elected President Of Society

An election of officers was held by Phi Upsilon Omicron, honorary fraternity of home economics students, Tuesday on Tech campus.

They are Anna Baker, president; Lucille Melton, vice-president; Maxine Wiese, corresponding secretary; Audrey Melton, recording secretary; Margaret Leonard, treasurer; Betty Huckabee, treasurer; Nan Carpenter, marshall; Corinne Scroggins, librarian and Josie Lee Barnett, "Candle" editor.

Dr. Nina Fay Calhoun of Dallas, international president of Altrusa clubs, was guest speaker at a dinner meeting of the Lubbock chapter Thursday night at the Hilton hotel. The occasion marked the 27th anniversary of the first club which was organized in Nashville, Tenn.

Mrs. Grace Morris sang a blessing.

Two birthday cakes, iced in white and lighted with blue candles, were served and the centerpiece was an attractive arrangement of white snapdragons and blue iris.

On "Principles Of Altrusa"

Mrs. Agnes Chapman, club president, introduced the speaker. Dr. Calhoun in talking on "Principles of Altrusa," emphasized that Altrusa "builds women, rather than tears them down. It works for good and lets evil alone to go back to the oblivion from whence it came."

Miss Adaline Rutherford of Dallas was a guest.

Bids will be received April 17 at the county AAA office for erected and unerected grain bins, said Walter Y. Wells, secretary of the county ACA.

Maundy Thursday was observed Thursday by several Lubbock churches. Bishop A. Frank Smith of Houston addressed the St. John's and First Methodist churches. Rev. W. P. Jennings spoke at a candlelight communion service at the First Christian church, and there was special music. Holy communion was observed Thursday morning and at night at St. Paul's Episcopal church. At St. Elizabeth's Catholic church, Adoration of Blessed Sacrament was observed all day, and Asbury Methodist church conducted services.

Dawson County Sheriff Buck Bennett and his deputy, Truman Cotton, removed W. C. Brown, 29, from Lubbock county jail, it was announced by the Lubbock sheriff's department Thursday afternoon, and took him to Lamesa. He will be tried there Monday for the hammer murders of two women in Brownfield, Mrs. Cora Smith, 67, and Mrs. Quinley Dunlap, about 40. A special venire has been summoned by special Judge J. E. Garland. Brown is a former convict. He had been held here since his arrest in early February.

Three 17-year-old New Jersey boys who ran away from home, dressed in their conception of western garb, allegedly broke into a grocery store-postoffice at Gilpin, near Spur, and took $74.63 in government money, don't like it out here, they said in jail Thursday. "I'll be glad to get back to New Jersey where people treat you nice," one of them said. Their trials will be June 5. They are held in lieu of $750 bond each.

A minister relative and his former employers appearing to ask clemency for him, Don Bowles was allowed suspension of a three-year sentence for embezzlement of $222.31, Thursday afternoon before Judge J. E. Vickers of 99th district court. Bowles, who had voluntarily surrended himself, promised restitution.

The "Aerodonnas" will be hostesses at the USO center, 1211 Thirteenth street, tonight at 8 o'clock for informal dancing, officials at the center announced this morning.

On Saturday afternoon at 5:30 o'clock, the regular Saturday afternoon party will be held. The party will be in charge of USO volunteers from Slaton, who will furnish hosts and hostesses and part of the refreshments. The Swisher county home demonstration club will furnish cookies for this affair.

The regular Saturday night informal dance, with the "Hubettes" as hostesses, will be held at 8:30. The LAAF orchestra will furnish music for dancing.

Farmers Urged To Sign Plan Sheets

Walter Y. Wells, secretary of the Lubbock county ACA, said today that there are still a few farmers in Lubbock county who have not signed their 1944 farm plan sheets. The final date for signing these sheets is April 14.

"This war has not been won," he said, "and before it can be won, every farmer in the county must do his part in producing the essential war crops and livestock necessary to keep our soldiers 'marching to Victory.'

"In order to do this job, our leaders need all the available information on the amount of crops and livestock you intend to produce in 1944. May we urge you to come to the AAA office, 1320 Avenue Q, on your next trip to Lubbock to prepare your farm plan sheet showing this information. Don't let your soldier down. He is giving his all for us. We must do our best for him," he added.

Permission Granted To Give Employes Milk

NEW YORK, April 7 (AP) —The Regional War Labor board today ruled that the W. and J. Sloane Furniture company of New York could give each of its employes a pint of milk daily without courting inflation.

The board explained that employers who wish to feed their employes must first receive WLB permission because such action is an indirect wage increase and the WLB must rule on whether proposed wage increases are inflationary.

New City Officials Are Sworn In Today

Oaths of office are to be administered to O. W. Ribble, new mayor, and Fred Childress, new city commissioner, at a special meeting of the city commission this afternoon.

J. Ray Dickey, another new commission elected along with Ribble and Childress last Tuesday, is in Hot Spring, N. M., for the mineral baths and will not return until Sunday night, Mrs. Dickey said this morning. He will take his oath of office upon his return.

The new officials will succeed Mayor Carl E. Slaton and Commissioners J. O. Jones and Garland Newsom. Holdover members of the commission, each with two years longer of his present term to serve, are W. B. Price and Hub Jones.

Oaths will be administered by Miss Lavenia Williams, city secretary, after the present commission canvasses returns in Tuesday's election and declares the results.

Heavy Invasion Loss Refuted

(By The Associated Press)

WITH AN AMERICAN INFANTRY DIVISION Somewhere In England, April 7—Lt.-Gen. Omar N. Bradley told American officers preparing for the invasion of Europe today that "this stuff about tremendous losses is tommyrot."

"The success of the whole war depends on this operation and I have no fear of its outcome," the commander of American ground forces in the United Kingdom assured officers who will lead the doughboys into action.

"When the time comes you will be surprised by the naval gunfire and air power we have.

"Some of you won't come back, but will be very few.

Will Be Worth Seeing

"In the Tunisian campaign we lost only an average of three or four men to 1,000 and certainly seeing a show like this ought to be worth that chance.

"They say Barnum and Bailey had the greatest show on earth, but that will be only a sideshow compared to the one you will be in. When your men get up to fight you will be scared, but it will be up to you to get up and lead your men in attack.

"Put your men in the right frame of mind. You can't surrender in warfare. Fight it out to the last ammunitions. The enemy might be as bad off as you are. It is much better to do that than to be made prisoner.

Best Soldiers, Best Equipment

"I have heard rumors that 90 per cent of us wouldn't come back," he continued.

"That is tommyrot. I think you are lucky to have this opportunity and I am happy to be with you. We have the best soldiers and best equipment and more of it than the Germans ever dreamed of. After a few days of it you won't have anything to worry about."

He urged them not to "condemn your men too quickly if they show fear in the early stages" but to "exert your leadership and lead them forward."

Nero's Highway

it doesn't go to Rome, but just behind the German lines, think of the possibilities—sabotage, demolition, confusion in the enemy ranks. This could be the secret weapon of the war!"

Entrance Was Blocked

The old man led him to the entrance, but it was insurmountably blocked by debris from shells and bombs. Instead of trying to blast his way in, Schaplow took a compass reading and followed the direction. About 500 yards inland they came upon a well, which the old man said hadn't been used for years.

A warm breeze came out of it. The lieutenant thought a moment. "Warm breezes don't come out of wells," he said. The old man agreed. So the lieutenant went down 40 feet by rope. What he saw made him raise his eyebrows.

There was only three feet of water, but there were two four-foot holes on either side of the well. Murky water dribbled slowly in one side and out the other.

Worked For Eight Days

That was the start. But the next eight days, with the assistance of a sergeant, they probed the secret passageway. The lieutenant's enthusiasm never faltered. They used TNT to blow out obstructions, and spent considerable time tracing four tributaries that led them out at innocuous points on the beach.

The sixth day the old man dropped out from exhaustion. The soldiers kept on, goggle-eyed, determined to crawl out somewhere and give Gen. Kesselring a superduper hotfoot.

But on the 8th day, after penetrating an estimated 2 ½ miles, the hopes and expectations of both men crashed into a rocky dead-end and exploded. They ran into a wall that turned out to be sunken basement of a small, vacant stone building. Stairs led up, and outside, for miles around, was a wide, sweeping area of marsh farmland.

There were deep embankments on all sides of the building, and the water drained into the basement.

The tunnel to Rome fizzled. It was an aqueduct.

Allied Supplies Going Through

Despite continued pressure, the Allied supply lines still were operative.

American heavy bombers in a low-level attack caused considerable damage to the new Japanese-built Burma-Siam railway on Wednesday.

Hollandia, a staging base on the north coast of New Guinea, was ripe for the kill after last Sunday's mighty 400-ton bombing of 300 planes. On Wednesday, 250 Fifth Army bombers packing 320 tons of explosives came back for the second and knockout blow and found the enemy helpless. Hollandia as an effective base was wiped out.

No Enemy Planes

Not an enemy plane took to the air in interception, and anti-aircraft fire dwindled quickly as the big force completed its destruction without loss in a 50-minute attack.

Hollandia was important to Japan's supply of Wewak and other northeast New Guinea bases and helped guard the broad sweep from the conquered Solomons islands into the Philippines against the relentless Allied surge westward.

Army Liberators hit Truk for the 13th time in a week at the cost of two bombers. Other units struck Ponape, Truk's eastern outpost 440 miles away, and bases in the eastern Marshalls. Here a U. S. destroyer was damaged by shore batteries as it paused to pick up an American flier who had been shot down.

Garment Employes At Wichita Falls Strike

WICHITA FALLS, April 7. (AP)—Production on government contracts by 75 employes at the Great Western Garment company plant here was resumed today but about 140 employes working on civilian goods remained idle.

Etson Hitchcock of the U. S. Conciliation service arrived from Dallas and was to hold a conference today as conciliator in the wage dispute.

Machines making civilian goods were abandoned and shut down Tuesday and the sitdown stoppage continued through Wednesday. Yesterday, the company refused to open its doors and all work was halted.

TAX OFFICIAL DIES

NEW BRAUNFELS, April 7 (AP) Funeral services for Gus Reininger, 82, prominent Texas tax official and former Comal county tax assessor and postmaster here, will be held this afternoon. He died at his home Wednesday. He had for the past 20 years served as manager for the Texas league for equal and uniform taxation.

A RECORD OF TRUSTWORTHINESS

Bride Begins Long Wait; Hubby Faces 25 Life Sentences

COLUMBUS, O., April 7 (AP)—A 24-year-old dark-haired bride today began the long wait for the man she married two hours before he started serving 25 consecutive life sentences in Ohio penitentiary.

The girl, Betty Kopp, said yesterday after she married Richard Swain, 31-year-old convicted burglar, that she expected the "weary road" ahead to be eased by monthly visits to see her husband.

"It's a long time to wait, but it'll be worth it," she commented following the ceremony in county jail with a justice of peace officiating.

She plans to get a job and save for the future while waiting for the man who has been her sweetheart for seven years.

Swain, who was given the life sentences when he pleaded guilty to 25 counts of burglarizing inhabited dwellings, said the freedom he hopes will come some day would be meaningless without his wife.

Swain will be eligible for release from prison in a decade under an Ohio law which stipulates that anyone who has served 10 years of a life sentence must be considered for parole.

Banking heavily on this statute, Swain says he plans to study engineering while in prison.

News Briefs

Funeral services for Mrs. Lola B. Stalnaker, 49, were held this afternoon at the Cumberland Presbyterian church with Rev. Brown C. Welch, pastor, officiating. Mrs. Stalnaker died Thursday at her residence, 2211 Twenty-sixth street. Burial was in Lubbock cemetery under direction of Bryan McDonald & Son Funeral home.

Fire in the brooder room of Murphrey's hatchery, at 1964 Avenue H, had been extinguished before firemen, answering a 2:05 o'clock alarm this afternoon, reached there, hatchery employes said. There was little or no damage.

J. W. Kuykendall, 23, was fined $5 and court costs today after a plea of guilty of swindling by worthless check, and made arrangements to pay a dishonored check, county court officials said this afternoon. Arrested by Bill Lamb of the police, Kuykendall Thursday afternoon attempted a break from the arraignment desk of the police station. Lamb chased him into the street and stopped the fugitive only by threatening to shoot. Officials said Kuykendall gave E. L. Butler a check for $47.93 for grain, which he sold for $30.

Johnnie Teal, 49, a negro, was fined $100 and court costs when he pleaded guilty of transportation of liquor, county court officials said this afternoon. S. O. Boyd and Glenn Hudgens, both of the police, followed a Plainview bus into Lubbock early today and arrested the negro when he alighted with a "full suitcase," official reports said.

Earl Horton, city patrolman, was back at his desk in the radio room of the police station this afternoon after two weeks of influenza and an infected throat. He spent several days in Lubbock General hospital, the remainder of the time at his 1007 Twenty-fifth street residence.

TO BEGIN PLANT

HOUSTON, April 7 (U.P.)—E. I. Dupont de Nemours Inc., will begin construction of its new insecticide manufacture plant in Houston in May, the chamber of commerce announced today.

Russian Drive Going Extremely Well--FDR

WASHINGTON, April 7 (AP)—President Roosevelt told a press-radio conference today that the Russian military drive had been going extremely well and, by reaching the western end of the Black sea, had placed a great deal more German-held territory in jeopardy.

He indicated that he believed Germany would find it increasingly difficult to decide where to make a stand and where to dispose her manpower, since the Russians now are in a position to expand their campaign to the west, to the south, or to the southwest.

The Red Army now has more places to go, Mr. Roosevelt remarked; by a slight turn to the south Soviet forces could launch an attack in the Balkans.

The President repeated that things on the Russian front were going extremely well, adding that he could not prognosticate.

He said he knew nothing more about rumors that Rumania might make peace than was filtering through London.

Draft Outlook

(Continued From Page One)

issued last night, through the Office of War information (OWI), indicated that around 200,000 a month — roughly the rate of the last few months — would have to be taken between now and July 1.

No Great Letup Seen

Even then, no tremendous slackening in the induction pace could be foreseen. Accurate estimates of how many men will fall in invasion operations were impossible. But Gen Hershey said he believed 150,000 men a month would be required to fill gaps resulting not only from battle but from "normal" discharges due to accidents, disease and disabilities.

The Army, in its announcement, cautioned draft boards not to relax their efforts to deliver the maximum possible number of young men and said "this will require continuous pressure on industry and agriculture to elimniate all but the vitally essential deferments between the ages of 18 and 26."

"As future calls on selective service will be for replacements" the Army stated, "it is imperative that new men inducted into the Army be young and physically qualified for the rigors of combat duty."

To Exceed Goal

The Army said its planned strength (of 7,700,000) will be slightly exceeded this month in order to start the training of men who will be required "to meet anticipated losses." The calls then will begin dropping in May and during the rest of the year will be "determined by existing conditions." The Army estimated roughly that it will need 75,000 to 100,000 a month for the rest of 1944 to maintain present strength.

The present strength of the Navy including Marines and Coast Guard was not announced, but 300,000 inductions between now and July 1 or 100,000 a month will bring it up to 3,500,000 on that date, at the same time providing the necessary replacements.

Then the Navy's net strength, not counting replacements, will be raised another 100,000 by September 1, to the planned maximum of 3,600,000.

BISHOP TO RETIRE

BIRMINGHAM, Ala., April 7. (AP)—Bishop Hoyt M. Dobbs of the Methodist church, a clergyman who has held assignments in both North and South America, will seek retirement in June because of ill health. Bishop Dobbs, 66, held pastorates in Alabama, Missouri and Texas prior to his elevation to bishop in 1922.

Mother Appeals To FDR To Let Hero Son Come Home

PITTSBURG, April 7 (AP)—"Commando" Kelly's mother, deaf and her sight fast failing, has appealed to President Roosevelt to allow her hero son to come home to visit her for a few days.

Tech. Sgt. Charles E Kelly, recently awarded the Congressional Medal of Honor in Italy, is but one of seven sons, the widowed Mrs. Irene Kelly has in service. Her other two sons, 16 and 11, are home.

Last night, by the flickering light of an oil lamp, she dictated a letter to President Roosevelt saying she was "going to offer up another prayer that you will make a lonely mother's heart light and happy by letting her see Charles soon."

Her 16-year-old son, Howard, did the writing in boyish scrawl with a pencil. Mrs. Kelly cannot write because of her failing sight.

Letters she recently received from William D. Hassett, a White House secretary, and Secretary of War Henry L. Stimson, commending her for giving her sons to the nation's service, prompted the appeal to the President, she said.

NEGROES IN COMBAT

BOUGAINVILLE, Solomon Islands April 2. (delayed)—Negro troops of the 93rd division went into combat for the first time today. Officers said the negroes were calm under fire and drew the praise of veteran white soldiers who had been through the Munda campaign.

Daring Thief Takes $3,000 From Bank

SAN ANTONIO, April 7 (AP)—City detectives and FBI agents today continued their search for a daring thief who yesterday took $3,000 in currency from a teller's cage at the Alamo National bank during the bank employe's absence.

Bank officials said a teller had received a telephone call asking him to go out into the lobby to pick up some important papers which the person calling had supposedly left on one of the tables. When he returned he discovered two small bales of currency, each containing 75 $20 bills were missing.

The chief of detectives said the thief had used a long wire or special instrument to rake the currency within reach of his hands from the counter where it was stacked.

George Predicts No New Forms Of Taxes

ATLANTA, April 7 (AP)—Senator Walter F. George (D-Ga), chairman of the Senate finance committee, predicted today there would be no new forms of taxation adopted by Congress in 1944, and said levies probably would remain "substantially the same" for the remainder of the war.

George said present federal taxes support approximately one-half the war effort and the cost of domestic government, and suggested this was about as much as could be expected. However, he said, Congress possibly might explore some new source of revenue later.

No Violations By CIO Group Found

WASHINGTON, April 7 (AP)—Attorney General Biddle said today an investigation of activities of the CIO's political action committee disclosed no violation of crminal provisions of the federal corrupt practices act or of laws limiting the amount of election campaign contributions.

Biddle's statement mas made in a letter to Representative Smith (D-Va.), chairman of a House committee to investigate executive agencies.

The Virginian had charged in a letter to the Justice department that a "flagrant violation" of the corrupt practices act was disclosed by an article by CIO President Philip Murray in the February issue of the American mayazine.

The FBI inquiry showed the committee has received $569,608, of which $400,000 was in lump sums of $100,000 each appropriated by three of the international unions and the CIO. The balance came principally from other national unions.

Red Cross War Fund Is Short Of Goal

WASHINGTON, April 7 (AP)—The Red Cross war fund is nearly $20,000,000 short of its minimum goal of $200,000,000, Leon Fraser, national chairman of the fund campaign, announced today.

"We have asked chapters which haven't raised their quotas to redouble their efforts to finish without delay," Fraser said. "A little more than 60 per cent of our chapters alrealy have reached or exceeded their goal."

Braised Dish Easily Fixed

As much as busy homemakers would like to find time to prepare some of the meat dishes they enjoy, they just can't make enough time to suit their needs. Even women who have accepted the responsibility of war-work, still have the responsibility of feeding their family.

Jessie Alice Cline, home economist, suggests that braised meat dishes can be drafted to solve this problem. Braised meat does not suffer if the cooking process is interrupted before the meat is served. It may be started cooking the night before, while the dishes are being done and finished the following evening before dinner. Of course, the meat must be refrigerated during the interval. Among the many meat cuts suitable for this method are veal and lamb breast, veal cutlet, pork chops, Swiss steak and potroast.

Meat may be braised in the oven or on top of the range. The method chosen will depend on the other food planned for the meal. Regardless of the method of cookery used, meat cuts braised in one piece need about 45 minutes to one hour per pound of simmering temperature cookery before they are ready to serve. Chops, cutlets and smaller pieces of meat will cook in a little less time.

Even if this cookery method is used frequently the family will not tire of it because there are countless brased meat recipes.

Here is an unusual treat for the family—a spiced pot-roast.

Spiced Pot Roast

4 pounds beef (rump, round, or shoulder)
½ cup of flour for dredging meat
Drippings for browning meat
2 onions
½ cup water
½ cup vinegar
2 bay leaves
½ teaspoon pepper
5 whole cloves.

Flour meat and brown on all sides in hot drippings. Slice the onions and place them on top of the meat. Add ½ cup of hot water. Add vinegar and spices. If preferred the spices may be put in a cheese cloth bag. Cover closely and cook in a slow oven (300 degree F.) or simmer on top of range for 3 hours. Thicken gravy and serve.

GOOD BODY BUILDERS

Don't overlook the food value and stick-to-the-rib qualities of dried peas and beans. No matter what their shape or color, among vegetables they come nearest to meat, eggs and milk and cheese as body builders.

Oh boy, bacon and rice custard! Line each of four muffin tins with two partly-cooked bacon strips. Combine 2 cups of cooked rice, 1 beaten egg, 2 tablespoons top milk, 1 tablespoon melted fat, 1 tablespoon grated onion, 1 tablespoon chopped parsley ⅛ teaspoon salt and ⅛ teaspoon paprika. Bake custard in 325 degree F. oven for about ½ hour. Serve with tomato or other sauce.

Rationing Roundup

(By The Associated Press)

MEATS, FATS, ETC. — Book four red stamps A8, B8, C8, D8, E8, F8, G8, H8, J8 and M8 will be valid April 9 and good indefinitely.

PROCESSED FOODS—Book four blue stamps A8, B8, C8, D8, E8, F8, G8, H8, J8, and K8 now valid and good indefinitely. Blue stamps L8, M8, N8, P8 and Q8, will be valid May 1 and good indefinitely.

SUGAR—Book four stamps 30 and 31 valid for five pounds indefinitely; stamp 40 good for five pounds for home canning through Feb. 28, 1945.

SHOES—Book one stamp 18 valid through April 30. Book three airplane stamp 1 good indefinitely. A new stamp becomes valid May 1.

GASOLINE—11-A coupons good for three gallons through June 21. B-2, B-3, C-2 and C-3 coupons good for five gallons

To separate chilled bacon strips without tearing, warm bacon strips in skillet or on broiler until they come apart easily.

Juicy frankfurts are a good buy, for there's no waste. Slice "franks" lengthwise and stuff with mashed potatoes, pickle relish, cheese and mustard, or sauerkraut. Secure with toothpicks, wrap with bacon, and broil or bake until bacon is crisp and meat sizzling hot.

For no-point meat scrapple, cook 3 pounds pork backbones until meat drops from bones. Add meat to mush made of 2 cups cornmeal and 2 quarts salted water. Add ½ teaspoon rubbed sage, pour into wet pans, chill, slice and fry brown.

Serve well-seasoned creamed left-over meats on rounds of bread lightly buttered and toasted; on French toast; in individual noodle or rice rings; in a pastry roll; in potato nests; in tomatoes, peppers, potatoes, cucumbers, apples, acorn squash; or on rounds of fried mush, grits, or eggplant.

FOR EASTER BRUNCH—The perfect setting for a festive Easter morning is Sunday brunch after church. You are sure to want something nice to serve the family and the above photograph shows a tempting way to prepare baked eggs. An Easter brunch would also be an ideal way to entertain a few of your friends and neighbors if you feel inclined to have a party. Deck the table with some Easter flowers, a bit of gay china and plenty of good food and rich, full-bodied coffee and your gathering is sure to be a great success. Grease individual baking dishes and fill each to depth of ½ inch with tomato, cheese or mushroom sauce. Break an egg into each dish and bake about 15 minutes in moderate oven (375°F.) until eggs are set. NOTE: Condensed tomato soup may be used for a sauce, or a medium-thick cream sauce may be flavored with cheese or sauteed mushrooms. Cream sauce may also be flavored with minced chives or cut, cooked asparagus.

Leftovers Have Found Their Respectful Place In Kitchen

Leftovers have come up in the world. Once shunned, they are now known hoity-toitily as "makings for a later meal" and are basis for succulent meat pies and crisply-browned hash. They prove good extenders of meat and meat points.

Good keeping is the first point. Store meat fats and juice from roasted or broiled meats as carefully and coldly as cooked meat. Remove most of the hardened fat from the top and use the brown juice for luscious gravy, cream sauce, and for flavoring hot vegetables. Test it first for salt content.

Save Cold Potatoes

Save cold potatoes for soup, stew or salad. Hash-brown or cream them with a bit of diced bacon or ham. Mashed potatoes make a fine topping for meat pie. Leftover cooked cereal can be molded with brown sausage as scrapple, or used as a binder for meat loaf or meat balls.

Don't waste good gravy flavor. Gravy's a tasty binder for hash and casseroles, and good flavoring for white sauce and some soups. Mix it with vegetables for extra goodness, too. Cover tightly for refrigeration so it won't absorb other flavors, and use it as soon as possible.

Here are some good receipes for using meaty carryovers:

Beef'n Biscuits

2 cups cooked beef, cut in small cubes
½ cup chopped onion
½ cup diced celery
¼ cup diced pimento
1 teaspoon Worchestershire sauce
1 cup hot water
Salt and pepper
1 cup milk

Roll cubes of meat in flour and brown in meat fat in frying pan. Add chopped onion and celery. When well-sauteed, add hot water, milk and seasonings. Last of all, add chopped pimento stirring constantly until thickened. Make one receipe of baking powder biscuits, and serve hot with fricasseed beef between layers. Serves 5 or 6.

French-Toasted Sandwiches

1¼ cups ground cooked pork, beef or veal
½ cup diced celery
1 tablespoon minced green pepper
2 tablespoons minced onion
¼ teaspoon salt
Dash pepper
1 tablespoon lemon juice
6 tablespoons mayonnaise
12 slices bread
2 eggs, slightly beaten
¼ teaspoon salt
2 tablespoons fat

Mix together meat, celery, green pepper, onion, salt, pepper, lemon juice, and mayonnaise. Use generously in sandwiches. Mix eggs, salt, and milk. Dip both sides of sandwiches into egg mixture and pan-fry in hot lard until nicely browned on both sides. Serve immediately. Makes 6 sandwiches.

Chow Mein

2 cups cooked pork, cubed
½ teaspoon salt
¼ cup chopped onion
2 tablespoons lard or meat drippings
1 cup boiling water
1 bouillon cube
1½ cups chopped celery
½ green pepper, chopped
2 tablespoons cornstarch
2 tablespoons soy sauce
½ cup cold water.

Salt the pork. Brown pork and onion in fat. Add boiling water in which is dissolved bouillon cube, cover, and simmer over low heat for 20 minutes. Add celery and green pepper, and cook 10 minutes, or until vegetables are just tender. Mix together cornstarch, soy sauce and cold water. Add to meat mixture and stir until thickened. Serve on steaming hot rice.

ALMOND IN ICE CREAM

Almonds make an excellent ingredient for homemade ice cream. They contain more than fifty two per cent fat and thus give the dessert the richness we like.

KITCHEN KORNER

If your roast outlasts the gravy, slice and reheat it in flavorful sauce. Barbecued beef, pork or lamb slices are a tasty lot. Shred 2 medium-sized onions into a heavy skillet and mix with 2 tablespoons vinegar, 2 tablespoons Worcestershire sauce, 1 tablespoon salt, ¾ cup catsup, 1 teaspoon chili powder, and ¾ cup water. Cover and simmer about 45 minutes. Add meat slices and heat through.

New use for meat drippings! Try a cooked salad dressing. Mix 3 tablespoons flour, ¼ teaspoon mustard, 1½ teaspoons salt, 1 tablespoon sugar, and blend with ¼ cup melted meat drippings. Add 1 cup cold milk and stir constantly until thickened. Cover and cook over bailing water for 5 minutes longer. Stir part of mixture into 1 beaten egg, and combine with rest of sauce. Sitr and cook for a few minutes. Add 1-3 cup vinegar slowly and continue to cook until thick.

Salvaging fat requires organization, too! Keep two glass containers in the refrigerator, one labeled "drippings" and one labeled "salvage." Into the first pour bacon, sausage, pork, beef and other drippings that can be used for cooking. Into the second strain fats that have no cooking value. Every tablespoon saved is important!

Hollow out leftover small rolls, spread lightly on the inside with enriched margarine or meat drippings and toast in a slow oven. Fill to overflowing with tasty meat stew.

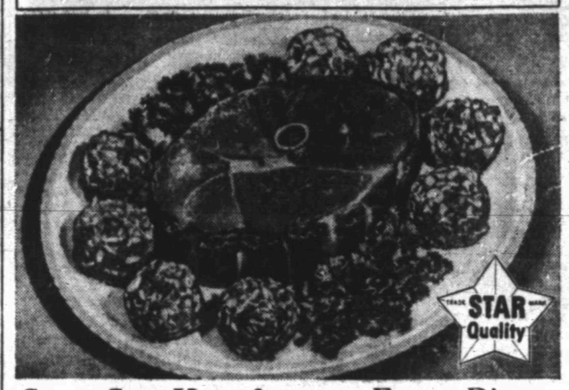

The ancient Egyptians made coffins of cork.

ROLL OLIVES IN OIL

To prevent ripe olives from shriveling or becoming grayish looking upon long standing, roll them in a few drops of oil. They maintain their attractive shiny appearance indefinitely.

One pound of used fats yields enough glycerine for 73 smallpox inoculations, or 1.5 pounds of gunpowder. One pound of used fats is just 31 tablespoons full. Save a tablespoonsful a day, turn it in for cash and extra ration points.

Armour Ideas Make the Most of Meat

Serve Star Ham for your Easter Dinner

Even with rationing, you can enjoy America's most delicious Ham for a real American meal! Here's how:

To serve four, ask your meat man for a 1½ inch slice of Armour's Star Ham—the tenderest, finest flavored ham ever! Sugar-cured . . . mellowed over fragrant hickory and hardwood fires . . . wonderfully delicious! Score the fat edge of the ham so it will lie flat and place in casserole. Cover and bake 30 minutes in 325° F. oven. Uncover; add ¼ cup brown sugar and continue baking uncovered another 40 to 45 minutes or until tender. Serve with peanut covered sweet potato balls, made as follows:

Mash 1½ cups cooked sweet potatoes. Blend with ¼ tsp. salt, pepper to taste, and shape into round balls. One and one-half cups should make 8 balls. Chop enough salted peanuts to make ½ to ¾ cup. Roll sweet potato balls in chopped peanuts and bake in 325° F. oven for 20 to 30 minutes. The flavor is new and intriguing . . . and the food is especially nutritious.

Save this recipe from the Armour Kitchens and follow it for your Easter Dinner!

Would You Say A Chocolate Bar is "Habit-Forming"?

Not really. And cola drinks? They aren't either. How about tea? Hmmm! And coffee? Well, well—the modern generation! Indeed, yes. Unknowing people actually used to believe coffee is "habit forming." This fallacy arose from the fact coffee contains caffeine. Of course it does. That's why it accomplishes the wonders medical science so generously credits it. Cocoa, tea, and other foods contain caffeine, some in even greater quantities. But who would accuse an innocent chocolate bar? Drink a cup of delicious, aromatic Admiration Coffee any time your taste dictates. You'll enjoy the pick-up, thrill to its richness—and ask for a refill! This superb blend of choice, full-flavored coffees, roasted to perfection, comes to you oven-fresh in the Lamofilm Package.

TEXAS' LARGEST SELLER

Foolish Fables People Used to Believe About Coffee

"TOO YOUNG"

Twenty-one used to be the minimum "age of reason" for coffee drinking. Another silly bugaboo was that coffee "stunted the growth." Many a six footer fancied himself a miracle!

"TWO CUPS"

Even sillier was the one aoout two cups. One cup was all right. But two cups—that kept you awake. Sometimes generations garbled the legend and reversed the order.

"CAUSES ACIDITY"

Coffee in itself can't. Poorly made coffee, like poorly fried fish, can. But coffee got all the blame. Science has since discovered that some people are allergic to coffee—just as they are to strawberries, milk, wheat, etc.

Col. Coiner Praises Tech ROTC Units

Praise for Texas Technological college ROTC units and Maj. Frank E. Hangs, commanding officer, was voiced by Col. Beverly H. Coiner, director of the Army Specialized Training division in this area, after an official inspection Thursday. He explained, however, that the official ratings cannot be determined for some time.

The annual one-day inspection of the senior unit of the ROTC at Texas Tech included inspection of the complete cadet corps in formations, inspection of first and second year basic ROTC classes and general inspection of the military building on Tech campus. Major F. E. Hangs, President Clifford B. Jones and other personel at the college accompanied Col. Coiner on the inspection tour.

Classes of the ROTC gave demonstrations. One of the most impressing demonstrations, according to Col. Coiner, was that of booby traps. The students had made the booby traps from their own ideas.

Other demonstrations included an attack on a fortified position by the drill platoon of the unit and the extended order platoon of the unit, exhibit on chemical warfare, map reading, foxhole replacement, and other practical demonstrations.

USO Show Scheduled Tonight At LAAF

The variety show, "Camp-to-Camp Concert," will be presented for members of the personnel of Lubbock Army Air field tonight at 8:15 o'clock in the post theater.

Designed to present carefully selected and familiar music of such modern and time-honored composers as Gershwin and De Falla; Mendessohn and Bizet, the program, part of a nationwide tour, will include specialists by Amparo Iturbi, international pianist and sister of Jose Iturbi; Rita Holder, ballerina of the Metropolitan Opera, formerly a featured soloist with the National Opera Company in Puerto Rico; Frank Palumbo, prominent American-trained baritone who sang with the San Francisco Opera for two years; Jean Berger, French-American composer and pianist whose outstanding work has been done with South American music; Helen Airoff, young violinist who has toured Europe in concerts; and Lela Mae Flynn, noted soprano featured in the Chicago City Opera Company, New York University Symphony and over the major networks.

Not completely "long hair," not completely modern, the whole program has been designed to please the servicemen audiences for whom it is intended and the Camp Shows' Victory circuit has found that there is a steady demand for this type of entertainment.

Labor Troubles On Increase In Britain

LONDON, April 7 (AP) — The whole volcanic labor situation which Britain held in check through the urgency of national need and the machinery of arbitration is erupting in this fifth year of the war with every indication that 1944 will be the worst strike year since the paralyzing 1926 general walkout.

The number of work days lost through strikes has increased sharply and steadily since 1940. Last year was the second worst year for strikes in Britain's history. With more than 1,000,000 work days lost, walkouts during March, 1944, alone cost more production than the whole year of 1941.

The walkouts have had this in common: (1) Most of them have been unauthorized and have in fact been opposed by the union leadership; and (2) the coal fields —chief trouble spot of the past two decades—have been the scene of at least half the strikes.

Situation Contradictory

Thus there has developed under the wartime essential works order the seemingly contradictory situation that workers, frozen to their jobs, cannot quit, be fired, or change employment and cannot be late or absent without being liable to fines, but can walk out on strike.

The strike of 125,000 miners in South Wales and Monmouthshire in March and the walkout of 90,000 miners in Yorkshire which extended into April has been a definite blow to war industry.

Britain's national service system —the military draft—was not broadened to include registration for labor service until the dark days after Dunkirk in 1940. Then 78 per cent of the nation's workers were frozen to their jobs. It took in all men and women between the ages of 18 to 50 and geared the nation to produce as well as to fight. But this system contained no clause relating to strikes.

Coal Is Problem Child

Coal is the problem child. Only one week since the setup was completed has been entirely free from strikes and that was the week before the last Christmas.

The miners now are in the middle range of wage earners. In the rates recently adjusted by arbitration under what is known as the Porter award, the basic minimum weekly pay is $20 for underground workers and $18 for surface workers. This is boosted on the average of $2 per week by extras for special classes of work. Most coal strikes hinge on disputes over details of these extras.

Living costs have been largely pegged since early in the war, and the tightly controlled increase averages 30 per cent up to 1944.

Miners' Wages Up

Miners' wages are up roughly 50 per cent in that period. Here is how they compare with other workers:

The average of all classes of unskilled labor is now $18.75 a week.

The average for male factory workers is $22.78, the average for woman factory workers $11.72. On this they pay an income tax of roughly 50 per cent.

This is in a land where wages and living costs run far lower than in the United States—a land where it long has been regarded that a man getting a "clear fiver" ($20) a week above taxation was doing very nicely indeed.

Many Days Lost

Britain lost just under 1,000,000 working days from strikes in all 1941, 1,530,000 days in 1942, 1,810,000 days in 1943 and 1,250,000 days already this year.

British strikes have no outbursts of violence, no picket lines, observed.

The government has authorized Ernest Bevin, labor minister, to deal with persons inciting strikes under the war-time defense of the Realm act, the same act that applies to any subsersive activity. But this act is not to be applied to the strikers themselves.

The Great Lakes training aircraft carrier Wolverine has logged about 27,000 landings without a single man lost.

Grandmothers To Organize League To Sell Bonds

DALLAS, April 7. (U.P.)—Grandmothers of Texas, who have already surprised their more spry grandchildren by taking over jobs in war plants, serving as Red Cross workers and nurses' aides and carrying on many other duties, today were asked to perform another important home front duty.

Nathan Adams, Texas War Finance committee chairman, said that he was urging the organization of grandmothers war bond leagues to encourage more grandparents to purchase bonds and stamps to help out fighting men today—and their children tomorrow.

"We are asking the grandmothers to unite in the war financing campaign by organizing war bond leagues in every city, town and community in the state," Adams said. "Any grandmother may become a member of a league merely by buying bonds or stamps for her grandchildren."

A nationwide broadcast will officially launch the Grandmothers league April 11. Suggestion for forming such leagues was advanced by Mrs. George C. Marshall, wife of the general, and herself a grandmother.

Condition Of Wreck Victim "Pretty Bad"

Condition of Lt. Lawrence J. Powers, of the Clovis Army Air field, who was critically injured in an automobile accident about 9 o'clock last night near Roundup on the Littlefield highway, was reported "pretty bad" this morning. Lt. Powers is in the hospital at Lubbock Army Air field.

According to highway patrolmen, Lt. Powers traveling northwest, pulled out to pass a pick-up and met a loaded cattle truck, the impact "shearing" off part of the left side of his car, which then bounced over and hit the pick-up. Drivers of the other vehicles were reported unhurt.

The truck driver's name was given as V. V. Stone, of 1713 Texas Avenue, the name of the pick-up driver, B. C. Rountree, of Littlefield route 1. Wayne George, of the Roundup community, delivered the officer to the hospital, patrolmen said.

Lt. Powers apparently was riding alone.

Calf Show Set At Brownfield

BROWNFIELD, April 7 — The first annual Terry county boys' club calf show, sponsored by the Brownfield Junior Chamber of Commerce, will be held here Saturday on the vacant lot just east of the county courthouse. The calves will be exhibited from 10 a. m. until 5 p. m., with judging at 2 o'clock by Ray Mowery, head of the animal husbandry department at Texas Technological college.

Nineteen 4-H Club and Future Farmers of America boys are expected to show 48 calves. The animals will be shown in three grades, choice, good and common. Prize money of $5, $3 and $2 will be awarded in addition to ribbons.

Additional prizes will include $5, $2.50 and $1 for showmanship, and $10, $7.50 and $5 for economical gains among animals of the top class.

The show is being presented as a feature of the junior chamber of commerce's dry-lot feeding program launched several months ago among county club boys.

Members of the Jaycee agricultural committee, which is handling arrangements for the show are J. L. O'Dell, chairman, Boyce Holder and R. E. Thompson. Co-superintendents of the show are A. L. Hartzog, county agent, and Thomas R. Neely, Brownfield vocational agriculture teacher.

Boys who will exhibit calves and the number each will show are as follows:

Douglas King, FFA, 3; Orville Patton, FFA, 1; Royce Armstrong, 4-H, 4; Carroll Brigance, FFA, 1; Alfred Bond, FFA, 1; W. H. Holleman, 4-H, 2; Kenneth Burke, FFA, 2; J. A. Chambliss, FFA, 2; Lester Nelson, 4-H, 3; L. G. Chambliss, FFA, 2; Willard Brock, FFA, 4; H. A. Dean, 4-H, 3 Jerry Jones, FFA, 2; Leonard Ellington, FFA, 2; Earl Sears, FFA, 2; Victor Herring, 4-H, 4; Billy Joe Snodgrass, FFA, 3; Billy Winn, FFA, 5; Lester Decker, FFA, 2.

Legal Contest Ends On Woodward Estate

HOUSTON, April 7 (AP) — A ten-months legal contest has ended with the admission to probate in District Judge Roy Campbell's court of the contested wills of the late E. F. Woodward, millionaire Houston oilman, and his wife.

Nearly a year ago two brothers and a sister of Woodward alleged the existence of subsequent wills which made them legatees. However, they have agreed to a settlement giving them $200,000 of the estimated $8,000,000 estate, said their attorney, John H. Crooker.

The remainder of the estate will go to Robert Woodward, only grandson of the Woodwards, who were killed in a train-auto crash last May.

Americans Consuming Meat At Highest Rate Since Year 1908

WASHINGTON, April 7. (AP)—Chops, stews, steaks and roasts were served on American dinner tables during the last three months at a higher rate than any year since 1908 — and will drop only slightly during April, May and June.

Despite wartime rationing—and complaints of local shortages of certain cuts of meat — the average civilian during the first six months of this year will have kept the butcher going at a busier clip than any year since 1924.

War Food administration officials explained today the 5,091,300,000 pounds of meat allocated to civilians for the first quarter represented an annual per capita rate of 158 pounds, the highest since 1908.

The 4,485,200,000 pounds for April, May and June is at an annual rate of 139 pounds per capita. The aggregate rate for the first six months is 148.5, last equalled in 1924.

Allotted to civilians for the coming three months are 2,247,700,000 pounds of pork, 1,834,800,000 of beef, 241,600,000 of veal and 161,100,000 of lamb and mutton.

During the last half of the year, however, civilian supplies are expected to be somewhat lower, but the total for the year probably will be above that for 1943.

Te current high consumption is the result of unusually large production of beef, pork and veal in the first quarter of 1944 coupled with limited shipping and stortage space—thus shuttling a large supply into civilian channels.

Sheffield Employes Go On Strike Today

KANSAS CITY, Mo., April 7. (U.P.)—The big plant of the Sheffield Steel corporation was closed today by a strike of its 3,000 employes, members of the CIO United Steel workers union, in protest over the replacement of a veteran employe with a three-year man.

A picket line was formed shortly before midnight, halting workers heading toward the plant for the midnight shift. Two police cars were on duty at the scene but no difficulty was reported.

Union spokesmen said the strike was not authorized by the organization.

Union and company officials met most of yesterday in an effort to iron out the difficulty and agreed tentatively to continue their discussions today. The war labor board disputes division had not been informed last night of the strike.

F. C. Herbster, works manager, said the plant melted down scrap iron and refined it for further use. He said the walkout resulted from "a difference of opinion between union members and management," but did not elaborate

GI WACS To Get Summer Uniforms

WASHINGTON, April 7 (AP)—The WACS GI Janes will get uniforms of khaki tropical worsted this summer, the War department said today.

The new uniform is similar to the summer uniform worn by WAC officers, the only difference being that the enlisted uniform does not have braid on the sleeve cuff.

Among the first to supplement sailing ships with oars were Mediterranean pirates, who overhauled becalmed victims.

Landis Heads Scottish Rite

New officers headed by DeWitt Landis, manager of KFYO, as president were elected at annual Maundy Thursday ceremonies of South Plains Scottish Rite club attended by approximately 150 Scottish Rite Masons here Thursday night.

Elected as vice-presidents were Dr. John Turner, Brownfield, and Floyd Stark, Seminole. Ed Parker, Lubbock, was named secretary for an eighth consecutive term and Claude H. Grollman was continued as chairman of the arrangements committee.

10 Consistories Represented

Scottish Rite Masons representing 10 Consistories heard Ethan Allen Wells, 33rd degree, of El Paso, deliver the principal address of the evening in which he connected the responsibilities of the English speaking peoples with those of all Masons in the current global war and in the post-war world to come.

In addition to Lubbock, Morton, Seminole, Slaton, Brownfield, Littlefield, Levelland and Plainview had representatives at the gathering. Uniformed men were in evidence and Consistories represented included those of El Paso, Dallas, Galveston, Bismarck, N. D., Guthrie and McAlester, Okla.; Salina and Topeka, Kans.; Santa Fe, N. M., and Columbus, Ohio.

Landis acted as master of ceremonies and the invocation was offered by Rev. Dr. Jack M. Lewis, KCCH. Durwood H. Bradley offered a toast to the memory of James Henry Whiteside, a member of the club who died on Feb. 28; Chas. A. Guy closed by reading the memoriam to the late Albert Pike, and Rabbi Isadore Garsek offered the benediction.

33rds Are Toasted

The gathering also toasted its two present South Plains 33rd degree Masons, John Dalrymple, Lubbock, and Tom May, Brownfield, and "its future 33rd, the Rev. Dr. Lewis."

Spring reunion dates of the El Paso Consistory were announced as May 14, 15 and 16.

Outgoing officers were Parker F. Prouty, general manager of Avalanche-Journal newspapers, president; H. R. McKee, Santa Fe division superintendent, Slaton, and W. R. McDuffie, Brownfield banker, vice-presidents.

The affair was held in the main ballroom of Hotel Hilton.

The Army's first plane was flown by Orville Wright in 1908.

District Athletes To Be Shooting At Some Good Marks

Few, if any, records will be expected to tumble Saturday when more than 100 class A athletes from eight schools start shooting at some good marks.

Many of the fine records set in the District meets of the past have withstood the thundering feet of scores of great athletes through many years. One record on the list was set in 1916, the 4 minute, 45 second mile run by Clarence Goodnight of Lubbock.

Many Now In AA

Many of the district records are held by schools in Class AA now and no longer compete in the Class A district. Records for Class A only are unavailable.

The records:

High hurdles—(old style)—Jim Neil, Brownfield, 1935—15.5.

High hurdles— (new style) — Milner Thorne, Lubbock, 1942—15.8.

100-yard dash—Jenkins Ater, Lubbock, 1922—10.

220-yard dash — Smythe Reynolds, Lubbock, 1927—21.9.

440-yard dash—Martin Oliver, Muleshoe, 1939—51.6.

880-yard run — Smith, Plainview, 1932—2:2.6.

Mile run—Clarence Goodnight, Lubbock, 1916—4:45.

220-yard low hurdles — Max Minor, Tahoka, 1940—25.2.

200-yard low hurdles—Jackson, Olton, 1941—24.3.

440-yard relay — Littlefield (Carpenter, Clark, Yarbrough, Houston), 1942—45.9.

Mile relay—Plainview (Witkowsky, Smith, Isabelle, Stoddard), 1932—3:34.6.

Shot put—Bryant, Olton, 1926—47. 7½.

Discus—May, O'Donnell, 1942—138. 2.

Javelin—Curb, Idalou, 1928—172. 8.

Pole vault, Harkey, Dickens, 1928—11. 6.

Broad jump, Blagg, Lubbock, 1922—22. 1.

High jump—Richie, Lubbock, 1930—6. 1.

Andrews Shifted To 4-A Meet

ANDREWS, April 7—Andrews High school will carry a touted eight-man track and field squad to Lubbock Saturday to enter the district 4-A meet with eyes set on places in the Canyon regional contests. The Andrews squad received permission yesterday from the Interscholastic League to move into the Lubbock meet.

Andrews was scheduled to enter the El Paso region, but because of the lack of foes in this area, were allowed to shift over to the North area, and the Andrews winners will enter the Canyon regional meet April 22.

Andrews will be strongest in the field events and hurdles with strong men entered in both high and low hurdles, high jump, broad jump and discus. The Andrews 440-yard relay team may be one to give other schools a real battle for first place honors.

Two Tests Under Fire

The squad had two tests under fire with other schools and finished second in both meets in total points. Battling against Seminole and Denver City will be nothing new to Andrews. The team has worked out about six weeks.

Wesley Roberts will be the wheel horse of the squad, entering four events and running a leg on the fast 440-yard relay team. He will enter high hurdles, discus, shot and pole vault.

Junior Fisher will be close on his heels, entering the high hurdles, low hurdles and broad jump as well as another leg on the relay team. The other relay team members are William Stewart and Sydney Johnson. Stewart also runs the half mile and 100-yard dash while Johnson is entered in the 440-yard dash and broad jump.

F. A. Roady is another highly promising performer in both hurdles and the high jump. James Rice is expected to add a few points in the high and broad jumps and low hurdles. Dan Nixon will run the mile. The chief weight man on the squad is B. Howell who heaves the discus and shot.

OFFERS TRANSPORTATION

MEXICO CITY, April 7 (AP) — President Avila Camacho today offered the Cuban swimming team the use of a Mexican Army plane to come here for an international swimming meet opening June 10. He suggested that the Cuban team leave Cuba May 25.

The smelt, a fish common to Lake Michigan, disappeared mysteriously from those waters in the winter of 1943.

County Meet Is Held Today

Tennis, Playground Ball Set Saturday

Lubbock county senior and junior track and field contests are being held this afternoon with 20 events scheduled in the two divisions.

Dalton James of New Deal is director of senior track and J. N. Denning of Idalou is director of junior track.

Max Arrants and A. C. "Stumpy" Hamilton from Texas Tech and Dixie White and E. J. "Pinkey" Lowrey of Lubbock High school are the officials of the meet.

Tennis events and playground ball will be held Saturday at Texas Tech.

All the schools from the county were expected to have strong entries in the track and field division of the tournament with Idalou and New Deal teams rated as the favorites to cop the top honors.

Morton And Sudan Squads Are Small

The Morton and Sudan schools will bring small squads to the district 4-A track and field meet in Lubbock Saturday, but will have teams trained in special events that should provide plenty of opposition in these events.

Morton will have only two in the meet, but will be "ganged up" on the mile run events with J. B. Haskins and Eugene Pierce both entered in this event. Both are tall, rangy lads and expected to give contenders lots of trouble.

Sudan will depend largely on a colorful array of dash men for the teams honors, boasting of four specialists that are expected to capture some points Saturday.

Tommy Wright is entered in the 100 yard dash and broad jump with Leland Bouldin in the 100 and 220 yard dashes, Francis Miller is entered in the 220 and 440 yard dashes, broad jump and pole vault, but is perhaps more noted for his pole vaulting. The other member of the squad is Billy Cardwell, booked only for the 100 yard dash.

Hornsby Hopes For Comeback In U. S.

FORT WORTH, April 7. (AP) — Rogers Hornsby, who early this week resigned as managar of the Veracruz club in the Mexican baseball league, says he would "like to get a crack at some of this wartime pitching."

"I am hoping something will turn up," said Hornsby, general manager of the Fort Worth Texas club in 1942, the last year the loop operated.

"I am in good shape as a result of hard training in the hot Mexican climate, and I played some with the Veracruz team in practice games," said the former U. S. National league batting champion, who added that he left the Veracruz team because of the club's refusal to pay road trip expenses.

WAR BOND GAME

CHICAGO, April 7 (AP)—Chicago's Major League baseball teams will put on a pre-season preview for the city's high school students in a war bond game April 17.

Admission to the game will be to the first 40,000 students who sell bonds for their tickets.

Vince DiMaggio Ends Holdout, Shows Up Well In First Game

NEW YORK, April 7. (AP) — Critics are likely to see some significance in the fact Vince DiMaggio got two hits and behaved himself flawlessly in the field yesterday, the first day he has been with the Pittsburgh Pirates this spring.

The critics may see this as an indictment of northern raining, as, with no more preparation than a haircut and shave, DiMaggio was able to do quite as well as his teammates, who have been enjoying the rigors of northern training for a month.

DiMaggio came to terms just a few minutes before the Bucs went on the field to drop a 6 to 3 decision to the Cleveland Indians.

Completes Buc Squad

The signing of the veteran outfielder completes the Buc squad, as he was the lone remaining holdout.

Nick Strincevich and Max Butcher shared the mound labor for the Pirates yesterday, and Mike Naymick, Ed Klieman and Harold Kleine pitched for the Tribe. Ken Keltner connected for a home run.

News of other major league clubs:

Boston Red Sox — The Sox game with the Brooklyn Dodgers originally scheduled for today has been called off. The teams will meet tomorrow, with Johnson, Terry and Wood slated to pitch for Boston.

O'Neil Sticks To Lineup

Detroit Tigers — Manager Steve O'Neill has stuck to his regular lineup for the game today with Camp Breckenridge, except that Paul Richards will make his first appearance behind the plate.

Chicago White Sox — Manager Jimmy Dykes will toss Pitchers Johnny Humphries, Ed Lopat and Gordon Maltzberger against the Cubs today at George field, near Lawrenceville, Ill., as the Sox try to make it two straight over their city rivals.

Chicago Cubs — Paul Derringer, Bill Fleming and probably Paul Erickson are scheduled for mound duty against the White Sox today. Derringer has been late in working into form, having sprained an ankle in the first workout of the season.

Yanks To Play A's

New York Yankees—The world champions entertain Connie Mack's undefeated Philadelphia Athletics. Hank Borowy and Lefty Johnson were expected to work on the mount for the Yanks.

Washington Senators — Early Wynn and Roger Wolff, allowing only two wind-blown safeties, hurled the Nats to a 1-0 victory over Baltimore yesterday.

Philadelphia Phillies — It was good hit, no field for the Phils as they defeated the Boston Red Sox yesterday. Manager Freddy Fitzsimmons' crew connected for 11 safe blows, but made three errors.

New Deal Girls Beat Lubbock Volley Team

The New Deal volleyball girls came from behind Thursday afternoon at the Lubbock High school gym to win the feature attraction of the card from the Lubbock Westerner girls.

The Lubbock girls forced the winners to go a full five sets to win by a 12-15, 15-8, 15-3, 5-15, 15-11 score.

In the Lubbock grade school war Dupre school and Central Ward split a double header, the Dupre girls winning 42 to 31 and the Central Ward boys winning 42 to 26.

In another match, the Bean Bronchos romped off with a 38 to 28 win over the Roscoe Wilson Wranglers in a boys match.

Aggies, Longhorns To Open Baseball Season

COLLEGE STATION, Tex., April 7 (AP)—Another Southwest Conference baseball race opens here today with the teams that tied for the championship last season playing the first series.

It's Texas A. and M. vs Texas with the Aggies in the favored spot.

The other team in the race — Rice—does not open the campaign until next week playing A. and M. here.

None of the teams has been particularly impressive in the practice grind but A. and M. has shown to better advantage. Texas and Rice are both made up largely of inexperienced players.

God Must Help If Four-Minute Mile Is Run, Dodds Says

ERIE, Pa., April 7. (AP) — The holder of the world indoor mile record, Gil Dodds, maintains "man alone doesn't have what it takes to run the four-minute mile." But the Boston divinity students adds, "with God's aid, nothing becomes impossible."

The cinder path star spoke before YMCA and church youth groups here last night, asserting:

"It will take a power greater than that of man to accomplish the four-minute mile, but if God is willing, of course, we'll see it."

Asked if he himself would attempt the four-minut. mile — a long-sought goal in trackdom — when he belatedly begins the outdoor season at the end of May, Dodds replied:

"We can always try."

His ankle sprain, suffered at Cleveland March 24, is not responding to treatment, he said, and will force him to forego the Penn relays at Philadelphia April 29.

MEXICO CITY WINS

MEXICO CITY, April 7. (AP) — Martin Dihigo, Cuban manager of Nuevo Laredo in the Mexican baseball league, joined his team yesterday for the first time, and saw it lose to Mexico City, 3 to 9. Dihigo did not play.

PORKER CAPTAINS NAMED

FAYETTEVILLE, Ark., April 7 (AP)—Ben Jones of Des Arc was elected captain of the 1945 University of Arkansas basketball team last night and Mike Schumchyk, New York City, was named sub-captain.

Recent estimates are that 13 per cent of the men reporting for induction are mentally or emotionally disqualified.

Wonder how the Recording Angel enters an item of a person feeding counterfeit coins into a slot machine?

* * *

WE are approaching the climax of the Easter season and The Plainsman is indebted to Mrs. S. K. Frazier for sending in a most interesting item, frequently told at Easter, the Fable of the Dogwood Tree.

We reproduce it herewith:

"It is said that during the time that Christ lived among men the dogwood tree attained the size of the oak, elm and other large trees. So large did it grow, in fact so strong and firm was its wood, it was chosen to furnish the timber from which the Cross was made.

"It is said further that to be used in such fashion greatly distressed the dogwood tree. And that Jesus, when He was nailed upon the Cross, sensed this distress even during the agony of His crucifixion. His gentleness and His pity for all the sorrows of the world caused Him to say to the dogwood tree: 'Because of your sympathy for my suffering, and because of the regret you feel at the part you had to play in it, I promise you this—so long that you flourish upon the earth, never again will you attain such size that you can be used as a cross.

"'From this time onward your trunk and your limbs shall be so slender that man cannot use you for this purpose. You will always remember me. I promise that your blossoms shall always be in the form of a cross, with two short petals and two long ones. To help you remember my agony and the regret that you felt at having to share in it, at the outer edge of each of your petals there shall be the print of the nails, and in the center of your flower, which shall appear stained with blood and brown with rust, there shall be a crown of thorns.

"'From this time forward all who look upon your beauty shall remember that it was upon a dogwood tree that I was crucified. All men shall know that you must be cherished and protected from all harm. You shall stand always unmutilated as a reminder of my agony and of my death upon the cross.'"

* * *

SOMETHING like a year ago, a popular young private serving with a U. S. Army unit in the British West Indies was accidentally killed. His name was Quincy Moore.

The Plainsman is looking for the parents of Private Moore, and here is the story behind our search:

Into the office the other day came Pvt. Stanley Patterson, of Jasper, Mo., now in the Air Crew Training pool at South Plains Army Air field. He was a buddy of Private Moore in the West Indies and remembers that Private Moore came from somewhere near Lubbock. As Private Patterson remembers, Private Moore told him his people have a farm near here.

Private Patterson is looking for the parents of his lost buddy in order that he may tell them something about the tragic accident which cost the life of their son.

If the parents of Quincy Moore (Private Patterson believes they are a Mr. and Mrs. George Moore) see this, they may get in touch with Private Patterson by calling the SPAAF office of Lt. Martin Mayer, public relations officer.

Any reader who knows the parents of Quincy Moore is asked to call their attention to this item.

IF two Seagraves business men we know have an accurate finger upon the pulse of Gaines county, Amarillo and Tatum, or Hobbs, are going to be the closest legally wet towns to all South Plains points this summer.

These men, who have lived for a long time in Gaines county and who come into contact with lots of people, believe Gaines county will remain legally dry at least until its younger men—now nearly all gone—come back from the war and industrial fronts following victory over the Axis.

* * *

"If there ever was a 'Forgotten Man,'" remarked a friend of ours the other day, "it's Harry Hopkins."

He must never have heard of Mister Oveta Culp Hobby, the husband of the kunnel of the WACs!

* * *

YESTERDAY, we gave some space here to the outgoing mayor, Carl Slaton. It occurs to us that today we might well devote a few lines to the new mayor, Overton Ribble, and the two new commissioners, Fred Childress and Ray Dickey.

For the benefit of newcomers, as well as oldtimers who may not have come into contact with these gentlemen, let it be said that all three are of the "feet-on-the-ground" type. Mr. Childress, especially, is the kind of a guy who can't be stampeded under any circumstances; Messrs. Ribble and Dickey, while not quite as deliberate as Mr. Childress, are not at all flighty.

Mr. Childress is by no means a "mossback," but if we're any judge of race horses he'll be less inclined toward quick acceptance of innovations than the other two. Mayor Ribble and Commissioner Dickey, on the other hand, are more likely to introduce new things and to push for them. Therefore, the three-way team is well balanced and promises to be just what the doctor ordered.

* * *

The three new men on the commission will find the holdover commissioners to be veritable bulwarks of information and support. Bill Price and Hub Jones both are widely experienced at City hall and able to offer sound advice to their colleagues, as well as to chart official actions. Both are slow to become ired and neither is easily excited. Hub Jones is the better diplomat of the two, while usually easy-going Bill Price, when aroused, will if necessary, fight a tiger with his bare hands and love it.

All five of the men are reasonable. Each is the type who wants to "get along" with people in general. All will, in our judgment, bend over backwards to get along with each other.

* * *

SINCE the mayor is, or should be, the sparkplug of the commission, it may truthfully be said that Mr. Ribble has had some sound experience in that line.

First, his civic record here proves that if you "give him a job, he'll do it, no matter what happens."

Second, his activities here over recent years have marked him as being very much interested in making Lubbock a better town in which to live and to do business.

The Rotary club found him a good president and when the more important job of secretary was vacated, Rotarians promptly pushed him into it, knowing he would give whatever time and thought essential to getting results.

Of course, The Plainsman could be wrong. But all indications are that things at City hall will move along smoothly and serenely, with a policy of progressiveness tempered with sound judgment.

Night For The Morrow

By ROBERT D. LUSK
(Copyright, 1944, NEA Service, Inc.)

PROLOGUE: A Colorado farmer, looking for some strayed calves on a September evening in 1919, comes upon a sick stranger who burdens him with an important written message. Seeking help, the farmer falls and knocks himself out. When he revives both stranger and message are gone. No one believes his tale.

THE STORY: After the Ku Klux Klan burn down his barn, Jan Mesrik is persuaded to take the case to court. The verdict goes against him.

"LUCY FLAIN"
XII

IT was a few evenings later that Judge McNamara stopped his car in front of our house. He asked for me. When I came to the door he said:

"Let's go out and see that pal of yours, out on the farm. Maybe he could use a little of our companionship about this time." I left my dessert uneaten on the table, I was so anxious to get going.

Old Jan was putting on a front when we saw him. He acted and spoke quite cheerfully, but you could see by the stoop to his shoulders and the way his eyes looked that he had taken a horrible beating.

We sat on the porch, the three of us. The Judge did most of the talking. He talked of nothing. Finally, after quite a spell, he got down to cases.

"Well, Jan," he drawled, "if you weren't a Communist before, I can understand how you could be one now."

Old Jan smiled, blew a long puff of smoke until it nearly reached the porch ceiling.

"No, Judge," he said at last, "despite your persistent suspicions, I am not a Communist now, nor have I ever been even tempted. I believe that we have the finest system of government here in America that has ever been conceived by man. And I include our system of courts, strange as that may seem to you. I can't imagine a system which would be fairer and deal out justice with as few errors as the plan which the English race has developed over the last thousand years. You place your case in the hands of twelve men chosen as fairly as possible for their honesty and impartiality. What could be better than that? Maybe the system went haywire in my case, but in ninety-nine cases out of a hundred it will go right. And that's a pretty high average for any system."

* * *

"IT's none of my business," the Judge said after a pause, "but why didn't you let the state's attorney object or cross-examine Morton?"

"Well," my grandfather replied, "in the first place I didn't think he'd say what he did. As for going into the subject further, I guess it's something that the more you'd try to explain, the worse off you'd get. It's something that has haunted me for many years. Some day I may explain it all to you, Judge, but just now let's forget about it."

The Judge quickly changed the subject and we sat for half an hour or so talking about this and that until it was getting late and time that we were going. Old Jan came to the car to see us off.

"Before we go," the Judge said, "I just want to say that I know I told you that I would be with you 'in spirit.' The next time I hope the 'spirit' is a little more effective."

Old Jan laughed.

The Judge drove home in silence except for one remark.

"That's quite a grandfather you've got, son," he said.

* * *

ALTHOUGH the words of Judge McNamara buoyed me up considerably, and cheered my mother immensely when I told her, it was painfully apparent, to me at least, that the Judge was voicing the opinion of only a very small minority.

When grandfather would come to town on Saturdays, he would come to our house first, and I would accompany him on his shopping tour. For several weeks it was not uncommon to hear a hiss from someone standing in a doorway as we passed by. Some men Old Jan had known for years appeared not to see him as he greeted them.

But grandfather paid no attention.

As for me, I was dealing with a different class of citizens. Five days a week I was going to school. Some adults might have indicated their disapproval of Old Jan with a few hisses, but their sons and daughters really bore down. Clifford Morton, son of the physician, assumed the leadership among my schoolmates in making life as unbearable as possible for me.

Then someone began taking apart the strange and fascinating word hallucinations. I was dubbed Hal for a time, and then Lucy.

"Hey, Lucy, Lucy Flain!" they would yell at me, pointing to the sides of their heads and describing circles with their index fingers. When I would lunge at them, they would scamper, screaming, "Lucy, Lucy, Lucy."

It was this fall that a new girl came to live in town and entered our grade. Her mother was a niece of Judge McNamara. Her father had died of the flu in 1918. The widowed mother had attempted to support herself and her daughter but didn't seem to fit into anything in the business world. The Judge's wife had died in January, 1923. In September, Mary Hughes and her mother came to make their home with the Judge.

I don't remember much about how Mary looked in those days, except that I thought she was pretty in spite of numerous freckles. At any rate, she was on my side, whether because of suggestions received at home or because she was naturally sympathetic with the underdog. Certainly the time was ripe for such sympathies to crop up in someone.

Mary was my second in my fight with Clifford Morton. She held the towel for me, her own handkerchief. She was my manager and cheering section.

This Curious World

Today's Journal Editorial

STAY WITH THAT WASTE PAPER!

The recent waste paper pickup in Lubbock county proved a far greater success than the most optimistic among those who conducted the drive had dared to hope. Plans for the drive were made with a definite feeling of uncertainty as to whether interest could be aroused among people who had saved paper on previous occasions, only to be told that it wasn't needed. Under the circumstances, the response in the drive last week was remarkable.

However, it happened that small quantities of paper were not collected during the pickup. This was due to a number of reasons. One was the fact that the response was so much bigger than expected that the available collection facilities were swamped beyond capacity. But, for various reasons, a number of people bundled paper which was not collected. Some of the bundles became loose and there was considerable blowing paper for two or three days.

This, of course, was unfortunate. But it is to be hoped that these people will not be discouraged by their experience on this occasion from cooperating in future drives—and we are assured that there will be such drives, probably at intervals of six weeks to two months.

It is to be hoped that everyone will respond to the appeal to save waste paper for those drives, and that they accept the assurace that, with the experience of the one recent pickup, collections in the future will be even more satisfactory to everyone concerned.

Now Who Is Going To Answer This Ad

CHARLOTTESVILLE, Va., April 7 (AP) — "College Topics," University of Virginia student paper, carries these ads, one beneath the other, in its latest issue:

"Wanted — Dates for Easter week. See coed editor."

And—

"For Sale—Six new wolf pelts."

Today's Thought

I exhort therefore, that, first of all, supplications, prayers, intercessions, and giving of thanks, be made for all men.—Timothy 2:1.

ONE of the amazing stories that developed from the Wayne Lonergan murder trial concerns his draft board physical. Lonergan, before joining up in Canada, was rejected down here by the selective service doctors "because he is emotionally unstable."

Lonergan appealed and was re-examined by a colonel, the ranking medical examiner. After the physical, the doctor talked with Lonergan for half an hour, then across Lonergan's papers he wrote in big letters: "Should be confined. Probably murder somebody!"

According to Mencken's Dictionary of Quotations, Woodrow Wilson once said: "I have always been among those who believed that the greatest freedom of speech was the greatest safety. Because if a man is a fool the best thing to do is encourage him to advertise it by speaking."

Years ago the late Congressman Joe Cannon was trying to get the floor from Jeanette Rankin of Mont., who was boring everyone with a windy speech.

"Will the lady from Montana yield?" shot Cannon.

"I yield to the Gentleman from Illinois!" said the bore.

"Too late," said Joe, "I'm 75 years old!"

The arrival of The Big Show reminds us of Dexter Fellows, press agent de luxe for the Ringling-Barnum & Bailey circus . . . Mr. Fellows had magnificent faith in the overwhelming supremacy of his show . . . One day he walked into a Kansas City newspaper office and announced to Jerome Beatty: "I am Dexter Fellows of the circus—and I've come to see you about . . . ."

"What circus?" Mr. Beatty interrupted.

"Good Heavens, young man," protested the profoundly shocked Fellows. "If you were in London and you heard a man singing: 'God Save the King'—would you interrupt to ask, 'What king?'"

AT a stuffy motion picture party, Rosalind Russell was approached by a grande dame who said maliciously, "What lovely pearls! Are they genuine?" Rosalind nodded.

"Of course, you can always tell by biting them," said the cat. "Here, let me see."

"Gladly," said Rosalind, proffering the jewels. "But remember, you cant tell real pearls with false teeth."

Lucky Soldier! Shell Swishes Right Through His Legs!
Ernie Goes Through Real Artillery Barrage

BY ERNIE PYLE
Journal War Correspondent

WITH Fifth Army Beachhead Forces In Italy, April 7—(By Wireless)—Our artillery up here is terrific. The beahhhead being as small as it is, we can whenever we wish train every gun in the Fifth Army forces on a single German target.

In my wartime life I've had a good many stray shells in my vicinity, but not until I came to the beachhead was I ever under an actual artillery barrage.

ERNIE PYLE

The Germans shell us at intervals throughout the day and night, but usually there are just one or two shells at a time, with long quiet periods in between. The other night, however, they threw a real barrage at us. It was short, but boy, it was hot. Shells were coming faster than you could count them. One guess is as good as another, but I'd estimate that in two minutes they put 150 shells in our area.

I was in bed, in a stone house, when it started, and I stayed in bed, too, simply because I was afraid to get up. I just reached out and put my steel helmet on, and covered my head with a quilt, and lay there all drawn up in a knot.

* * *

Could Have Been Worse

Shells came past the corner of the house so close their mere passage would shake the windows. A shell that close doesn't whine or whistle. It just goes "whish-bang!" The whole house was rattling and trembling from constant nearby explosions. The noise under a barrage is muddling and terrifying. Of course, we had casualties, but our own house came through unscathed.

That little barrage seemed awful to us and it was awful, but just think—we had maybe 150 shells around us in two minutes, but I know of cases where our guns have fired incessantly hour after hour until we have put 30,000 shells in a single German area.

We have had reports that the Germans were burying their dead with bulldozers, there were so many of them.

* * *

I HAD lunch with one of our artillery batteries which shoots the big Long Toms. They've been in the thick of the fighting since a year ago December — three phases of Tunisia, then Sicily, then through the Salerno-Cassino push. Yet they've fired more rounds since they've been sitting here in one spot on the Anzio beachhead than they did in the entire year before that. And they told me of another battery which fired more in four hours one night than in the previous eight months.

The Germans throw so much stuff back at them that the fields around them are gradually being plowed up. Yet this battery has had nobody killed, and only a few wounded.

* * *

Visitors Get Hit

They told of one soldier who was standing in a ditch the other day with one foot on the bank. An 88 shell went right between his legs, bored into the bottom of the ditch, blew an artillery range-finder all to pieces, and never scratched the fellow. But after it was over, he was so scared he was sick for two days.

The men of this battery say that people who come to visit them, such as nearby ack-ack crews, road patrols, and ammunition truckers, are always the ones who get hit. Being in the visitor category myself, I said a quick goodby and was last seen going rapidly around an Italian strawstack.

* * *

ONE gun of this battery, incidentally, has a funny little superstition. It seems that on the very first shell they ever fired when they hit Africa, in 1942, they chalked a message—the kind you've seen in photographs—saying "Christmas Greetings to Hitler," and all put their names on it.

They sent the shell over, and immediately the Germans sent one back which exploded so close to the gun-pit it wounded seven of 12 men who had chalked their names on the American shell. From that day to this, that crew won't chalk anything on a shell.

One day an Army photographer came around to take some pictures of this gun crew firing. He asked them to chalk one of those Hitler messages on the shell.

The crew obliged and he took the picture. But what the photographer doesn't know is that the shell was never fired. After the photographer left, they carried it up the hillside, dug a hole and buried it!

Wholesale Price Index Takes Drop

WASHINGTON, April 7 (AP)—The bureau of labor statistics wholesale price index dropped 0.1 per cent last week to 103.6 of the 1926 level. This is 0.2 per cent above the level of a month ago and a year ago, 17.3 per cent above the corresponding week of 1937 and 8.5 per cent above the average for April, 1929.

The index drop last week resulted from sharp reductions in prices for steers, hogs, eggs, cotton, quicksilver and naval stores.

STATE MEET CHANGED

AUSTIN, April 7 (AP)—Dates for the state meet of the University of Texas Interscholastic league have been moved up one day, to Thursday and Friday, May 4 and 5, in order to avoid the week-end housing jam, Roy Bedichek, league director, announced today.

Out of the Sea come
• STRENGTH
• STAMINA
• POWER

The sea is our richest source of animal proteins, vitamins and minerals which livestock must have to be healthy, productive and fast-growing.

STANTONS' PULLET BUILDER
Brings these vital elements straight from the sea and puts them to work in your poultry yard. Stanton's Pullet Builder makes full use of all local grains and by-products, but in addition, it contains ManAmar and B-G Plus, these fantastic protein, mineral and vitamin rich "products from the sea" which are making extra profits for poultrymen from coast to coast.

B-G PLUS
Is a patented vacuum concentrated extract from fish. This new and potent product, resulting from ten years of ceaseless research and experiment, supplies extra trace minerals and vitamins to Stanton's Pullet Builder.

MANAMAR
In Stanton's Pullet Builder supplies the hard-to-get feeding essentials—fish proteins, food minerals and vitamins, including the important Vitamin B "Complex."

ManAmar and B-G Plus have been developed and are produced in the laboratories of Philip R. Park, famed livestock nutrition authority. These laboratories have approved the formula for Stanton's Pullet Builder. Let the records of users tell the rest of the story. Get all the facts today.

AGAIN HICK CHICKS LEAD THE WAY TO GREATER POULTRY PROFITS FOR YOU
OUR PRICES ARE IN LINE
Don't delay your chick buying any longer. When you purchase HICK'S DEPENDABLE CHICKS you get chicks that are hatched right, packed right—DEPENDABLE CHICKS. Even though you should have to pay a little more in additional cost to get my dependable chicks they will return to you many times over in extra eggs, extra profits. The small additional first cost and long run show you a greater profit, where the inferior low grade chicks lose money for you.

COTTON SEED
D. & P. L. No. 14
TEXAS STATE CERTIFIED
This is the new, early, high yielding strain now grown exclusively by Delta-pine originators of D. and P. L. Made inch-staple and high gin turnouts on the Plains. Kemgas delinted, Ceresaned seed, germination 96% $13 per 100 lbs.

CHAMPION SNAPPER 140
Grown by R. E. Karper from breeding block seed furnished by Chillicothe Experiment Station where the 140 strain originated. This is an early maturing, lightweight bur cotton bred by Texas Experiment Stations for the South Plains where cotton is snapped. Its light burs enable gins to make better grades from snaps and give higher turnouts. Made ⅞ to 31-32 staple. KEMGAS DELINTED, CERESANED SEED, $10.50 per 100 lbs.

OLD TIME HALF & HALF
Grown in Wilbarger county by Arnold Seed Farms. This is the old-time high linting, early, short staple cotton. In Lubbock county in 1943 1500 lbs. of snap made 500-pound bale. Planted in May it made lots of cotton of 13-16 and ⅞ inch staple. Planted the middle of June it was gathered before other cotton planted at same time. We sold several cars on the Plains and have found only satisfied customers. KEMGAS DELINTED, CERESANED SEED, $11 per 100 lbs.

Send your order with deposit of $2 per 100 lbs. and we will hold seed for May delivery. Other varieties of Kemgas delinted, Ceresaned seed can be supplied by Kemgas delinting plants in Texas, Oklahoma and New Mexico. For further information address—

Easter Service Held At Methodist Church

A service of the "Seven Last Words" held this afternoon at the First Methodist church highlighted a series of week-day services at the church in which Bishop A. Frank Smith of Houston has been featured as speaker.

Bishop Smith spoke on the seven last words using as his texts Luke 23-34; Luke 23-43; John 19:26-27; Luke 23-44; John 19-28; John 19-30; and Luke 23-46. Prayers were offered by Rev. S. D. Bruce, Rev. H. G. Gantz, Rev. C. A. Bickley, Dr. J. M. Lewis, Dr. L. N. Lipscomb, Rev. A. H. Carleton and Rev. A. W. Hall. Dr. H. I. Robinson gave the benediction.

Special numbers were offered by Mrs. A. N. Gamble who sang "Bearing His Cross for Me." Joyce Watson and Gertrude Parrott sang "By Gift of Love," Dorothy Nell Dawkins, "Could I Have Held His Nail Pierced Hands"; Robert Jackson, "Three Crosses"; Polly Silman, "Must Jesus Bear the Cross Alone"; and Charlene Jordan "On Calvary."

Churches cooperating in the program included the Methodist, Presbyterian and Christian.

Dr. Robinson, pastor of the church, announced there would be no evening service tonight and no services Saturday. Bishop Smith will fill the pulpit at both Easter services Sunday.

Stabilization Report

(Continued From Page One)

can report that the task of stopping the rise in prices has thus far been carried out. As a result the cost of living, which before the 'hold-the-line' order was rising three-quarters per cent a month, has for a solid year been held without change of any consequence."

Slightly Below Last Year

As a matter of fact, the report said, the cost of living as a whole is slightly below the levels of a year ago.

The quarter of government officials declared that "stabilization has brought tangible — indeed bankable — benefits to all groups." They declared stabilization had paid off on every hand in lasting rather than illusory benefits, and had been of benefit particularly to some 20,000,000 persons whose incomes cannot be boosted to keep pace with rising prices.

"The need for continued restraint and continued cooperation with every phase of the stabilization program is evident," the report concluded.

"Obviously, too, we should cling to the policies and machinery which have served us so effectively so far."

"Statement of Fact"

Asked at a press-radio conference whether the stabilization report could be interpreted "as an answer to demands to shatter the little steel formula," Mr. Roosevelt replied that it wasn't an answer to anything but a statement of fact.

The report conceded there had been price increases in some lines —clothing, for example. But it said these had been offset fully by reductions in prices of other items, notably foods. The record of a year of stable living costs, it said, is unprecedented in this war or the last one.

On the wage question, the report noted that some adjustments had to be made to correct gross inequities, eliminate substandards of living, and give effect to the little steel wage formula. The general effect of the policy, it said, has been to raise earnings of low wage groups or some of those which lagged behing the general wage upswing.

Total Earnings Up

Nevertheless, total earnings have gone up, the report said, because of longer work hours, higher paying war jobs, and incentives to produce—factors not regulated by wage rate controls.

But the basic wage structure has remained substantially unchanged, and wages have been stabilized, the report declared.

It said that the entire stabilization program was in jeopardy a year and a half ago, with the stabilization line breaking sector after sector. When the President read a statement from the report that "prophets of disaster freely predicted an inflationary route," he paused to say he was not naming any names.

Military Cooperation

avoid conflict in bombing targets —as well as the possibility of bombing advance units of Soviet troops.

The Russians have had military missions in London and in the Mediterranean for some time.

It has not been made known whether American air liaison officers would be allowed to accompany the Red armies in future operations, although this obviously would be desirable.

Writing last night from Naples, Associated Press War Correspondent Daniel de Luce said that as yet there was no information whether Allied bombers might undertake shuttle operations between Italy and Soviet-held territory.

In 1601, the English army, to commemorate its victory at Kinsale, subscribed £1,800 to establish a library in the University of Dublin.

Mrs. Nettles Dies In Local Hospital

Mrs. Maggie Ann Nettles, 30, resident of Meadow 24 years, died at 12:05 p. m. today in West Texas hospital where she had been since March 28.

Funeral services are to be conducted at the First Methodist church in Meadow but time and further arrangements are pending arrival of relatives, according to Sanders Funeral home. Burial will be in Meadow cemetery.

Mrs. Nettles is survived by her husband, E. D. Nettles of Meadow, a son, Paul Monroe, Meadow; a daughter, Mrs. J. D. Mersland of Smyer; her mother, Mrs. Lizzie Culwell, Stamford; five brothers, Ellis Culwell of Dallas, Slover Culwell of Weatherford, Winford Culwell of Springtown, L. H. Culwell of Stamford, and Monroe Culwell of McAllen; and two sisters, Mrs. E. A. Short of Meadow, and Mrs. L. C. Moore of Willmar, Calif.

Senator Truman

(Continued From Page One)

urday afternoon and will be honored at a buffet supper and press conference later before his scheduled appearance at the high school.

Plans for Truman's visit are complete and those in charge have arranged for one of the largest gatherings of its kind in Texas. C. A. Bestwick is chairman of a transportation committee and H. L. Allen is chairman of entertainment and reception with J. L. Quicksall and W. C. O'Mara, co-chairmen. A group of Lubbock women will form a reception committee at the open house.

Nelson To Preside

G. H. Nelson, local attorney and former state senator, will preside as chairman at the rally. Senator Truman will be introduced by Myron Blalock of Marshal, Texas, member of the National Democratic committee.

Besides Blalock, other party leaders including Armstead Brooks of Dallas, John Ben Shepperd of Tyler, member of the state executive committee of the Young Democrats; Fred Erisman, also of Tyler, president of the County and District Attorneys association of Texas; Chas. C. Thompson of Colorado City and O. B. Ratliff of Spur, members of the board of directors of Texas Tech; Bascom Giles, state land commissioner; Dr. L. A. Woods, state superintendent of public instruction; Judge Alton B. Chapman, of Floydada, president of the District Judges Association of Texas and others are to be here for the rally. The invitations committee reported an unusual response from out-of-town guests.

The Missourian, serving his second term in the Senate, is one of the party's key men in the upper house. Besides being chairman of the Senate's special committee to investigate the National Defense program, he is a member of the Appropriations, Military Affairs and Interstate Commerce committees.

In addition to state party leaders, Democratic county chairmen from a wide area of the two states, county judges and other county officials and newspapermen are to be here for the rally.

SEN. TRUMAN IS NOT VICE PRESIDENCY ASPIRANT

PHOENIX, Ariz., April 7 (AP)—Sen. Harry S. Truman (D-Mo) headed today for Texas after telling Phoenix newspapermen he was "not a candidate for vice president. I don't want to be vice president."

Truman, mentioned frequently as a vice presidential candidate on a "fourth term" ticket, pleaded in a public address last night for the reelection of President Roosevelt.

The Missourian, chairman of a Senate committee investigating the war effort, was scheduled to visit Big Spring, Abilene, Lubbock and Amarillo in Texas en route East after hearings on the Pacific coast.

Bramlette Criticizes Negro Vote Decision

DALLAS, April 7 (AP)—W. S. Bramlette, who heads Dallas county's Democratic committee, has brought "tweedledee and tweedledum in the field of logic" into comment on this week's U. S. Supreme court decision on the Texas negro vote case.

He said that by the processes of logic used by the court in ruling negroes eligible to vote in Texas Democratic primaries, state laws prohibiting marriages between members of the white and negro races are also contrary to the 15th amendment of the U. S. constitution.

"To reason that the processes of logic used in the court's majority opinion do not have equal application to that law is to resort to tweedledee and tweedledum in the field of logic," asserted Bramlette.

The Chinese are said to be the first people to use thimbles.

Invasion Date Is Carefully Guarded

By DEWITT MACKENZIE
Associated Press War Analyst

They tell us D-day actually has been set for the invasion of western Europe, although the date remains a carefully guarded secret.

When it arrives we shall see a titanic clash not only of men, but of materiel.

Once the Allies get their armies solidly ashore in France, the weight of the conflict may be shifted to supplies. Materiel will tip the scales.

If the Allies had possessed the trained men and materiel they could have invaded France months ago. That's why American and British industries have been racing to provide equipment for this great show, and why vast convoys have been speeding across the Atlantic with troops and supplies to England. Arrival of D-day will mean we finally have the materiel we need.

Oil And Gas Necessary

Two items of materiel without which modern war cannot be waged are oil and gasoline.

This being so, one of the outstanding factors in our favor as we near D-day is that Hitler not only is short of oil and gasoline but that his slender source of supplies is under dangerous attack by the allied air fleets. His synthetic oil and gas plants long have been under systematic bombing, and now American bombers are slashing at Rumania's Ploesti oil fields, from which he has got the bulk of his natural petroleum supplies. And the Red armies are racing towards Ploesti, less than 200 miles away.

All this presents a grim threat to the fuehrer. To illustrate, six months ago it was estimated that on one typical day of all-out offensive, the European theatre consumed about 336,000 barrels of petroleum. It's also estimated that last year Rumania produced 35,000,000 barrels of oil, much of which went to Germany. In other words, Rumania's entire output would last the Allies maybe 100 days if it were high grade oil—which it isn't.

Gas Consumption Increased

Half a year ago Allied aerial operations over Europe on an active day consumed 2,750,000 gallons of gas. Heaven and the Allied high command alone now know what the vastly increased consumption is.

There's small doubt that one reason the Germans haven't been using their air fleet more is shortage of gas. Now when they lose Rumanian oil, which they are bound to do either through bombing or by capture, it will be a truly crippling blow. And it will be a mighty lift for the Allies in the forthcoming invasion which will depend so heavily on air power.

It's a curious and vastly important coincidence that a similar situation is developing in the Orient through Japan's loss of her short-haul oil supply when the Russians forced her to give up the Sakhalin oil leases.

June Knight Charges "Indian Giving"

EVANSVILLE, Ind., April 7 (AP)—June Knight, stage and screen actress, charges "Indian giving" in an injunction suit filed in federal court against her former husband, Arthur Cameron, Evansville and Texas oil man.

In the suit, filed here yesterday, Miss Knight charged that Cameron was unlawfully holding certain of her property, which she values in the petition at $100,000 and chief of which is a 26-room residence here.

Her petition referred to rumors that Cameron intends to sell the residence for use as a roadhouse. She asked the court to prevent sale of the property.

Miss Knight alleged that although Cameron said he was giving her the residence he kept the deed.

She further charged that she signed a deed for the sale of real estate in Texas and that her former husband gave her oil royalties, all of which were paid her until June, 1942, when Cameron informed her that he was taking back his gift.

It is also claimed that her former husband presented to her, and then reclaimed, two automobiles, a perfume cabinet, chaise lounge, two etchings, hand-painted pictures and a silver pitcher.

Campaign Renewed For Two-Thirds Rule

HOUSTON, April 7 (AP)—A renewed drive among state executive committee chairmen and southern state governors for restoration of the two-third rule at national conventions was announced today by Texas Democratic Chairman George A. Butler.

Butler asserted that "restoration of this rule is absolutely necessary as a protection to our party rights throughout the South."

All governors and state chairmen except one who have replied to his original proposal have favored restoration of the rule, he said.

"It's just since 1936 when the two thirds rule was abrogated that we have had trouble on the poll tax issue," Butler commented. "I anticipate that you will see a concerted effort in Congress, and particularly in the Senate for a repeal of the poll tax requirement in voting in primary and general elections throughout the South.

"I think it is fortunate that the governor, legislature and state executive committee have in no way disturbed the poll tax requirements for voting in both the primary and general elections in Texas."

Shallowater Wins In One-Act Play Contest

The cast representing Shallowater Rural High school was the winner in the County Interscholastic league one-act play contest in Junior High school auditorium here Thursday night.

Members of the cast were Glenn Johnson, Marjorie Theil, Melba Joy Ballard, Roxanna Shipp, Ozella Gilliam and Garth Stephens. Their play, directed by B. T. Rucker, superintendent, was "Little Jack Horner."

Roosevelt high school placed second with "The Red Lamp," Mrs. R. S. Williams directing. Cast of the play included: Jerneice Hayslip; Zane Freeman; Marjorie Solley; Tommy Holmes; Earl Hammett; and Clydean Underwood.

County director of the event was Mrs. R. L. Stone of Roosevelt. Judges were Miss Annah Joe Pendleton, head of speech department at Texas Technlogical college, and her assistants: Miss Billie Louise Berry and Miss Lois Chambliss, senior speech majors.

Soldiers Frown On Husband Hunters And Female Wolves

NEW YORK, April 7 (U.P.)—The average soldier, take it from the National Recreation association, frowns on female wolves and husband hunters.

That's what it says in a booklet, "Hints For Hostesses" issued to junior hostesses in service clubs by the association. Hostesses, the booklet noted, must be "just naturally charming, interesting and wholesome," but they were warned, nevertheless, to be strictly themselves "with not extra flourishes — no playing up — no exaggerated enthusiasm."

And, the book predicted, the hostesses would never get anywhere if they went "out of bounds" — defined as "dark, lonesome corners, upstairs, outside" or — horrors! — if they permitted themselves to be surrounded by "just men."

Three Approaches

A hostess approaches a serviceman, in one of three ways, thus: "Can I find a partner for you?"

Ten to one, the booklet says, he'll answer: "Whats the matter with you?" If he doesn't — well, the booklet doesn't say.

Opening number two:

"Do you have your dancing shoes on tonight?"

That, says the booklet, gives him a wide margin, but it lists no answers for such remarks as: "No, my track shoes."

The Blunt Approach

Number three is the blunt approach.

"Would you like to dance or do you like doing what you're doing?"

If he doesn't want to dance, the booklet says, maybe he wants company — "a chance for you to get your breath." And, if he likes doing what he's doing, it's a chance to read a little more of the booklet.

The boys like quiet landscapes, copies of original paintings, popcorn and peanuts and fresh doughnuts dipped in honey but not necessarily in that order, the booklet concludes.

College Association Elects New Officers

DALLAS, April 7 (AP) — The newly-elected president of the Association of Texas colleges is Dean A. H. Nolle of Southwest Texas State Teachers college, San Marcos.

Other officers, named yesterday as the organization concluded a two-day meeting on postwar education, are W. F. Golatka, president of St. Mary's university, San Antonio, first vice-president; W. F. Kraushaar, president of Texas Lutheran college, Seguin, second vice-president; and Roy G. Boger, director, Amarillo center of West Texas State Teachers college, who was re-elected secretary-treasurer.

SPARE-TIME PURSUITS

JONESBORO, Ark., April 7 (U.P.)—What do you suppose servicemen in the south Pacific do for relaxation? Sorry you didn't guess it, because according to T. J. Smith of Caraway, they go up in the mountains and catch wild horses. When they get tired of wild horses, Smith wrote to his sister, Mrs. Sidney Mangrum, they chase wild goats. After that they go fishing.

Seminole Boy Killed In Tractor Mishap

SEMINOLE, April 7 (Special)—Funeral services are pending for Kenneth Lee Winkle, 8, who was killed Thursday afternoon at 6 o'clock while riding a tractor with P. H. Reed, a farmer engaged on construction of government trailer houses here. Singleton Funeral home will have charge.

The child's clothing was said to have become entangled in the power take-off, throwing him against the seat of the tractor causing a severe head injury. He was making his home with his grandparents here.

Survivors include his mother and step father, J. W. Stinnett of Denver City; one brother, Jack; a sister, Florence; grandparents, Mr. and Mrs. E. L. Johnson.
