Rockets Roll on to Regional

The Wrecking Crew of '82 heads for mid-point in the 2A football title race as Wellington Skyrocket quickness and skill comes up against Shallowater Mustang power Friday, Nov. 26. The Regional playoff game will be played in Plainview's Bulldog Stadium, starting at 7:30 p.m. In the meeting of administrators and coaches of the two schools, Wellington won the coin toss and will be the home team. Skyrocket coaches and players have plenty of respect for Shallowater, but they are by no means

overawed by them. "They are probably the largest team we have played," said head coach James Williams. "Needless to say this is a big ball game." Shallowater comes out of District 6-AA, having moved there at the beginning of this year from District 4-AA. "Shallowater is a big team and no one has been able to stop them," said Ray Glass, Lubbock Avalanche Journal sports writer who follows the Mustangs. "They run right at you. They execute well."

They use their strength. For us to play with them since we are a lot smaller, we are going to have to use our quickness," said head coach James Williams. "Needless to say this is a big ball game." Shallowater comes out of District 6-AA, having moved there at the beginning of this year from District 4-AA. "Shallowater is a big team and no one has been able to stop them," said Ray Glass, Lubbock Avalanche Journal sports writer who follows the Mustangs. "They run right at you. They execute well."

AREA GAME TRIUMPH

Lone Star Gets \$42.9 Million Rate Hike

The Texas Railroad Commission Monday acted unanimously to grant Lone Star Gas Co.'s compromise proposal for a \$42.9 million annual rate increase. This decision covers all Collingsworth users.

The increase is retroactive to Nov. 1. System wide, the increase in the Lone Star "gate rate," which is the wholesale charge for natural gas sold to the 421 city distribution systems in

North Texas and amounts to 8.63 percent more in revenue for the Dallas based company.

For the customers who ultimately pay the cities higher cost, Lone Star has estimated the increase will

amount to about \$1.92 more a month for a typical homeowner who uses 6,000 cubic feet and \$12 more for a business that uses 37,000 cubic feet.

Commenting on the rate increase, City Manager

Glen Taylor pointed out that it was about what the city had expected, since it was briefed by Don Butler, Austin attorney representing Texas Municipal League, of the provisions of the negotiated settlement.

Mayor Ralph Owens was out of town Tuesday and could not be reached for comment.

Lone Star resident manager Billy Jackson said at noon Tuesday he had not been notified of the rate increase approval.

A key element of the new rate order allows Lone Star, for the first time to pass through 100 percent of its gas costs to customers without commission approval, according to information released by The Dallas Morning News.

The gate rate to cities will increase from \$2.08 a thousand cubic feet to \$4.02. The current \$2.08 base rate includes a \$1.73 base rate for fuel and a 35 cent "spread" to cover operating costs.

In contrast, under the new \$4.02 gate rate, the fuel rate would almost double to

BYOS Pep Rally

A big BYOS Sendoff Pep Rally and a proclamation from the City of Wellington designating Friday as Red and White Day will send the Wellington Skyrockets off to Plainview to meet the Shallowater Mustangs Friday.

The BYOS--Bring Your Own Sign--Pep Rally will be held at the Skyrocket field house at 2:30 p.m. Friday, just before the Rocket Express leaves for Plainview.

At 2:15 p.m. the Wellington Fire Department siren will call everyone to the 15-minute rally. Then everyone with a sign boosting the Skyrockets on to the regional game will line up on 15th Street, from the high school extending west, to hold their signs high as the Rocket Express rolls out along FM 338 toward Plainview.

Mayor Ralph Owens, proclaiming Red and White Day, urges all Wellington people to wear red and white attire on Friday, November 26.

The Skyrocket Booster Club will sponsor a chartered bus to the game at Plainview. Seats are available and anyone wishing to ride may reserve a seat by calling The Wellington Leader at 447-2559. The bus for fans will depart at 4 p.m. from the east side of the high school. Cost of the ride is \$14.00.

Skyrockets Over Crosbyton

33-26 Heart-Stopper

One minute and thirteen seconds to play. The score tied. Penetrations tied. The Skyrockets trailing in first downs. All the Wellington time used up. The Rockets take the punt at their own 19 yard line.

It's do or die.

And do it they did. The Cardiac Kids, the Wrecking Crew of '82, the Wellington Skyrockets roared back to gain the penetration at the 20 yard line and on to score with 3 seconds to play to beat Crosbyton 33-26 for the Area Championship Friday, November 19 at Vernon.

From the 19 Wade Williams passed to Calvin Culpepper for a 9 yard gain on the sideline. Culpepper stepped out of

bounds and stopped the clock.

Then Williams dropped back, ran left, and hurled a high spiral to Darren Hall whose outstretched fingertips hauled in the ball for a 34 yard completion, also along the left sideline. And a penalty against Crosbyton on the play moved the ball to Crosbyton's 24--- just four yards away from victory. (In UIL playoffs, if the score is tied, penetrations past the 20-yard line determine the winner. If penetrations are tied, first downs are used.)

Dwayne Curry scrambled 2 yards to the 22. Then Wade Williams rolled out right on a pass action and kept the ball, scampering 18 yards

down to the Crosbyton 4.

The Rockets had won and the Wellington fans roared. But it wasn't over yet. Crosbyton had no choice but to call time after the play with 31 seconds showing.

From the 4 Dwayne Culpepper carried to the 1, and Crosbyton called time out again. Then Wade Williams tried, but it was no go and Crosbyton called time out again, this time with 6 seconds to play.

The Skyrocket offensive line surged forward and Williams carried the ball in for the final score with 3 seconds to play. Shane Cobb's extra point kick made the final score 33-26.

\$3.43 and the spread would increase to 59 cents.

Lone Star has been held to automatic recovery of 95 percent of the costs for fuel that is priced higher than a commission set base rate.

The commission has limited the fuel pass-through in past cases to ensure that Lone Star shopped for the lowest-cost gas available.

The previous Lone Star gate-rate case was in 1979. The company asked for \$40.9 million and the commission ultimately approved a \$16.1 million annual rate increase.

The present settlement affects more than 400 Texas cities and outlying areas, including more than 1.1 million Lone Star customers.

Lone Star's original request filed June 25 was for \$90 million annual increased revenue, but in late September lawyers for Lone Star and the Texas Municipal League, representing more than 100 Texas cities, negotiated privately and reached the \$42.9 million figure.

In a hearing held Sept. 29,

The Rockets take the field through a run-through sign at Vernon

Commission examiner Michael George had closely questioned the attorneys for Lone Star and TML, seeking to determine if the best interest of the customers was being served in this negotiation.

The cities initially recommended a \$28.6 million increase and George said the Lone Star basically adopted the cities' proposals, with adjustments that brought the total to \$42.9 million.

George also said Lone Star reduced its requests for an 18 percent return for its

investors to 15.45.

By settling differences with the cities and avoiding a public hearing, Lone Star saved an estimated \$250,000 in rate case expenses, George said.

In return for the lower rate increase, the cities mainly gave up their insistence on a partial pass through.

Representatives of some cities, asked if they were satisfied with the 100 percent pass through, replied, "of course not." This had been the most difficult part of the September negotiations.

Lone Star Lawyer Joe McClendon argued that without the 100 percent pass through, Lone Star would have to borrow money to buy gas occasionally and the interest cost would be added to the company's expenses.

Lone Star's monthly gas costs are available for review and protesters can request a hearing.

Although the rate order is effective Monday, the commissioners agreed that higher rates would date to Nov. 1, as provided in a temporary rate increase they approved a week ago.

At that time the Commissioners approved an \$8

million surety bond, which was posted by Lone Star Gas Co.

Under provisions of the Public Utility Regulatory Act, Lone Star could have implemented the new rate on a temporary basis. The bond would have provided funds for a reimbursement to Lone Star customers if the rate finally approved by the Commission had been lower than the temporary bonded rate

7 Charged in Arson, Burglary Cases

Five Collingsworth County men and two women have been charged in connection with the burglary of a farmhouse located about 1 mile northwest of Wellington, owned by Frank Jones of Amarillo.

And three of the five men have also been charged in connection with the burning of Haskell Bonaparte's automobile.

Collingsworth County Sheriff's Deputy Ray Akemon said that the house was burglarized five times on October 30, 31, November 1, 3 and 10. He said the Sheriff's department was notified of the burglaries on November 5 and investigation of the case began that day.

Six arrests were made Saturday, Nov. 13 and 1 was made November 14. Fourteen officers, including most of the Sheriff's Reserve officers, worked on the case on November 13, tagging evidence and helping take statements from early afternoon to midnight. All but \$764 worth of the property was recovered. Property included tools, furniture, equipment, household supplies and food.

The stolen property was recovered from 3 homes in Wellington. The farmhouse also received about \$1,000 worth of damage.

The following have been arraigned before Justice of the Peace Jim Ingram and charged with burglary:

Edward Aguilar, 20, 604 1/2 9th St.; Joseph Crytser, 23, west of Wellington on 5th St.; Haskell Bonaparte, 20, 203 8th St.; Darrel

Vernon, 19, 702 Graham; and Joe Saldana, 20, 111 Dalhart.

Two women have been charged with receiving stolen merchandise in the case: Teresa Gray, 18, 605 10th St. and Connie Neighbors, 31, west of Wellington on 5th St.

"This was a good effort by the whole department," Sheriff Kenneth Maxwell said. "Ray Akemon did most of the leg work, but I also want to commend the Reserve—they are really an asset to the community and the department."

In the case involving the burning of the automobile, Edward Aguilar, Joseph Crytser and Haskell Bonaparte have been charged with arson.

Deputy Akemon said that Haskell Bonaparte reported his car stolen at 1:30 a.m. Sunday, Nov. 7. The Sheriff's department located the car in a wheat field east of Wellington the next day. The 1978 Mercury had

Phrase repeated most often during workouts: "Just 3 more plays, boys."

Ronny Williams

Ron J quarterbacked Canadian against Clarendon in a bi-district game.

Allen Sanders

The former Skyrocket All-State tackle is still trying to get in on the action—watch where he stands on the field.

Dale Morris

Watch out for the Rockets' Spy in the Sky. He got so excited that he nearly fell off the press box at Quanah, when the Cardiac Kids started their come-from-behind tricks.

Gano Wilson and Tom Johnson

They've got writers cramps from all the scouting reports and they never get to see a Skyrocket game.

#60 Michael Breedlove

Drives a small white truck, but hits like an 18-wheeler when he runs over the opposition on the field.

#61 Mike Green

Doing a great job at guard until sidelined with a knee injury—but he'll be back.

#62 Brent Jones

BJ can play wherever you need him: both offensive tackle positions, both offensive guard positions, defensive tackle.

#63 Roy Mote

People know what they're going to do but they haven't been able to stop them."

But Wellington coaches know the calibre of their young men.

"Our kids have to be a good team to be here. It is not all luck," declares the head coach.

Mustang Coach Monte Sides team was co-favorite with New Deal in the state polls all season, then in the last game. Shallowater defeated New Deal 21-14 to win the district title.

The Mustangs have not given up a point in the two playoff games that have followed. They defeated Kress 47-0 in bi-district then last week put Stanton away 28-0.

Shallowater has averaged 28 points per game all season.

The Mustangs lost their third game to Friona 7-3 but four of their regular season games were shut-outs and they allowed only one touchdown in each of two other games.

They go into Bulldog Stadium Friday night on a 9-game winning streak.

UPI rates Shallowater 6th in state; AP call them 10th.

Wellington coaches take their own rating with a grin and a grain of salt: last week the polls had them 35th with only 16 teams left in the playing.

Shallowater Mustangs built their strength around two players.

Top running back Kelvin Taylor, tailback, a senior, 5-10, weighing 160, has gained 820 yards in regular season play and 249 yards in the two playoff games.

Quarterback Rod Burgett has passed for 750 yards and accounted for 10 touchdowns during the regular season.

There are 6 backs, two fullbacks, two wingbacks and two tailbacks, all of whom play regularly.

By comparison, Wellington's record is impressive. Both Dwayne Culpepper and Dwayne Curry have rushed for over 1,000 yards this season.

Quarterback Wade Williams has about 1100 yards passing and Darren Hall has over 500 yards in receptions.

Team spirit among the Skyrockets has exploded. "Playing as a team, our balanced running attack and passing game and everyone playing outstanding defense has brought us to the regional championship," Coach Williams said.

"Most of our juniors on this team did not win a game as 7th and 8th graders. They did not win a football game until they were in high school. They amaze everyone. I'm so awfully proud of all of them that they are getting this chance. They have worked for it."

Williams pride extends to Wellington fans:

"Friday night when they (the Rockets) penetrated the Crosbyton 20 yard line, a tremendous roar went up from the crowd. Our backing from the town and school and all the fans has been outstanding."

While James Williams acts as Skyrocket spokesman, he gives credit to his assistants. "They do a lot of the work and they deserve a lot of the credit," he says. Ronny Williams is first assistant and defensive coach, while head coach James Williams is offensive coach. Assistant Allen Sanders works with the line, both offense and defense. Coaches Tom Johnson and Gano Wilson are game scouts and Coach Dale Morris is spotter during the game and operates the phones to the sideline.

The coaches do have one worry.

Ricky Martinez came through the Crosbyton game fine but injured his right ankle Monday in practice.

HEART-STOPPER—

continued from page 1

opened up the evening's scoring contest on their first possession from kickoff. Chief quarterback Shawn Hargrove kept over right end for a 22-yard touchdown with only 1:41 gone from the clock. Troy Spear's extra point kick made it 7-0.

But on the following kickoff, Skyrocket Dwayne Culpepper took the ball at his own 13, broke through the Crosbyton defense, faked out the last defender and raced the right sideline for an 87-yard kickoff return touchdown. Shane Cobb's extra point kick tied it up at 7-7.

On the Rockets' next possession, Wade Williams, at the Crosbyton 42 was almost dropped for a loss, but got a pass away, a high arc that found Rodney Nash waiting with 1 defender at the 5 yard-line. Nash grabbed the ball and took it in for the score with 7:20 to play in the first quarter.

Shane Cobb's extra point kick made it 14-7. The extra points became a big factor later in the game.

In the second quarter, Crosbyton mounted a touchdown drive of 85 yards, 77 of them coming from Earl Wiley, Crosbyton's extraordinary back—the finest the Rockets have faced all season.

Wiley scored on a 10-yarder with 8:30 to play in the half, and Troy Spear's extra-point kick fell wide left, leaving the score 14-13.

On the following kickoff Rocket lineman Sheldon Duncan fielded a short kick and got to put in some time as a back.

On the Rockets next possession Otis Lewis beat 2 defenders to snare a Wade Williams pass for a 26 yard gain to the Crosbyton 14. And from the 4 Dwayne Culpepper followed excellent right offensive line blocking for the score with 2:50 to play in the half. Wellington tried for 2, but Wade Williams run fell shy and the Rockets led 20-13.

Crosbyton came right back on their next possession, moving 75 yards with the help of a Wellington personal foul penalty. From the 1 Wiley carried the ball in with :56 to play. This time Crosbyton went for 2, but the extra point pass failed and the score stood at 20-19 Wellington at halftime.

Just after the half, Crosbyton's Bryan Witt intercepted a Williams pass to set Crosbyton up on the Rocket 43. But a fine defensive effort by Otis Lewis on 3rd and 8 stalled the Chiefs at the 31. The punt rolled to the Rocket 8 yard line.

From there the Rockets put together a drive that showed a little of everything they do, including a fake punt that kept the drive alive at midfield. Finally, from

the 1. Dwayne Curry scored with 3:14 to play in the third quarter.

The Rockets tried for two extra points again and again they failed leaving the score at 26-19.

Crosbyton came back again with an 86-yard drive aided by two Wellington 15-yard penalties. Wiley scored on a 16-yard run with 10:44 to play in the game. Troy Spear's extra point kick tied it up at 26-26.

Two exchanges later the Chiefs began their final drive from their 20 that saw them rack up the go-ahead first downs that would have made the difference. On third and thirteen, the Rockets had Wiley trapped for a 7 yard loss, but he broke 8 tackles and made 12 yards before he was finally caught—a shoestring tackle was all that stood between him and the Wellington goal line.

The Skyrocket defensive team of Ricky Martinez, Darvin Nix, Sheldon Duncan, Otis

Lewis, Matthew Hanna, Dru Lacy, Mark Hunicutt, Wade Williams, Rodney Nash and Dwayne Culpepper and Darren Hall halted the drive at the Rocket 41 and forced the punt that gave Wellington the opportunity for that final drive—the drive that won the Skyrockets the Area Championship.

COLLINGSWORTH COUNTY EXTENSION AGENT REPORT

by Nancy Bigby

TURKEY... "A YEAR ROUND ENTREE"

For a delicious entree anytime of the year, choose protein packed, low calorie turkey. Although a traditional holiday favorite, turkey has become a year round feast. The meat is flavorful, nutritious, economical and versatile.

Tenderness of the meat is determined by the age of the bird, not the grade, size or sex. Look for the words "young" or "fryer-roaster" on the label.

Turkey is one of the most economical meats available. To determine how much fresh turkey to buy, plan for three-fourths pound per person, or for planned leftovers, buy one pound per person. When choosing whole turkeys, large birds may be the most economical buy per serving.

You can store leftover meat for later use.

Turkey is higher in protein content, than most meats. One 3 1/2 ounce serving has about 30 grams of protein. Turkey is low in fat and cholesterol with only 176 to 203 calories per serving. Turkey is also an excellent source of zinc, riboflavin and niacin. For a salt-restricted diet, choose fresh dressed or frozen plain turkey.

For roasting whole turkey, thawing and toasting instructions are usually included with turkey. Han-

dle all turkey carefully because poultry is susceptible to rapid bacterial growth at room temperature. Cook turkey at 325 degrees F. just until done. Higher temperatures and over cooking reduce moisture and tenderness.

Use your creativity to include turkey a variety of ways in family meals substitute turkey for tuna or chicken in many recipes. Add fresh turkey strips to colorful vegetables for a delicious chinese stir-fry concoction with cooked turkey, create a delicious casserole, salad, sandwich divan or tostado from the recipe that follows:

TURKEY TOSTADAS

2 cups chopped, cooked turkey
1-4 oz. can chopped green chilies, drained
1/2 cup salad dressing
1/4 teaspoon salt
6 tortillas
2 1/2 cups shredded lettuce
1 medium tomato, chopped
1/2 cup (2 oz.) shredded cheddar cheese
oil

Combine turkey, chilies, salad dressing and salt; mix lightly. Fry each tortilla in 1/4 inch of hot oil until crisp and golden, turning once; drain. For each tostado, layer tortilla, lettuce, tomato, turkey mixture and cheese. Serves 6.

Marie Shadid Speaker When Excelsior Club Meets

Miss Marie Shadid was hostess and program leader when Excelsior Club met Wednesday afternoon, Nov. 17.

Her program was divided into a report on a scholarly writing of "Rembrandt's Authenticity," followed by lively commentary, "A Two-star is Born." Both were based on columns from The Christian Science Monitor.

Noting the shock waves that went through the art world with the announcement that 44 Rembrandts aren't really Rembrandts at all, she wondered how many more of the master's paintings would be discounted.

"Perhaps most staggering of all is the news that two self-portraits—one hanging in the Metropolitan Museum in New York, one in the Fogg Art Museum in Cambridge, Mass.—have made the bogus list." Miss Shadid quoted the Monitor article by Melvin Maddocks.

"If a self-portrait isn't to be trusted what is? A forged

WHEN DRIVING LONG DISTANCES ON THE HIGHWAY, GETTING SET MENTALLY FOR AN ACCIDENT OR EMERGENCY MAY SAVE YOUR LIFE. ITS MILD STIMULATION, COUPLED WITH ITS LOW COST, CAN MAKE YOUR TRIP BOTH LESS EXPENSIVE AND A LOT SAFER!

self-portrait seems the ultimate outrage.

"But to whom? The more one thinks about it, the more one can speculate that few artists would be as little distressed at the offense as Rembrandt. He was notably generous to other artists—even the hack-bidding up the value of their works at auctions far above the going rates. He believed in the brotherhood. Would he have resented even the counter-fitter—if he was talented.

"...According to one count, Rembrandt produced 84 self-portraits, 58 of them in oil. He recorded his face over five decades, turning out as many as a dozen self-portraits in a single year. Yet no self portraitist was less egotistical.

In one of the last self-portraits he painted himself for the first time as an artist. Bowed and a bit shrunken, he stands before an almost invisible easel. The focus is on the face: smiling, almost laughing, as if a triumph were being savored, not just by Rembrandt, but by all artists and maybe all human beings who survived what their eyes tell them."

In her second discussion, from long-time Monitor columnist John Gould, Miss Shadid recounted the story of two immigrant brothers, Igor and Fedor Stravinski, who existed by their hot dog stand, and were constantly bird-dogged by officer Leblond. But differences were settled, and Miss Shadid traced the brothers upwardly mobile careers: the opening of their restaurant, investments that were profitable, and the sale of the restaurant. On Gould's last visit, he discovered the brothers back in the restaurant. They had been lost without it.

The business meeting was conducted by Mrs. Melvin Kiker, president.

Plans were made for the club's Christmas party.

A dessert plate was served to Miss Hattie D. Wells, Mrs. Russell Yates, Mrs. Kiker, Miss Bonnie Willis, Mrs. E.F. Bartlett, Mrs. L.W. Wells, Miss Dorothy Robertson, Miss Rose Shadid, Mrs. Robert Barjenbruch, and the hostess, Miss Marie Shadid.

Belles Lettres Hears Story Of First Thanksgiving Days

Belles Lettres Club met Tuesday, Nov. 16, with Mrs. Charles Cason as hostess.

Mrs. Bob Hightower presented the program on Thanksgiving by telling of the beginning of the observance of this holiday.

"Thanksgiving has come a long way," she told the club members. "It was first observed by the Pilgrims in 1621 and lasted three days. The men killed 5 deer for food, as they were celebrating their first successful harvest in their new home in America. It was proof of their ability to survive. They were thankful and joyful."

November 26, 1789, was proclaimed as Thanksgiving by President George Washington. Sarah Hale worked for a national Thanksgiving Day, and in 1863, President Abraham Lincoln did pro-

claim it a national holiday. Turkey, grown for feathers as well as food, was proclaimed the Thanksgiving bird.

Mrs. Dick Richards president, was in charge of the business meeting and read a poem, "Forgetful," then

Mrs. W.F. Harbin led the collect.

Those present were Mrs. Hightower, Mrs. Harbin, Mrs. Richards, Mrs. Riggs, Mrs. A.B. Clark, Mrs. Earl Alexander, Mrs. E.F. Bartlett and the hostess, Mrs. Cason.

NOTICE

Only 144 people have paid their \$36 dues to Greenbelt TV Translator. This is not enough money to operate on for one year. Several people paid their dues last year that have not paid this year. Several people have not paid their dues in some time. Some people using the Translator have never paid anything. If you expect the system to continue and are using the system then pay your dues. The board of directors agreed to continue until Dec. 15, 1982. If enough dues have not been collected to pay one year's expenses by that date, then they will decide whether to shut the system off or not. \$36.00 per year is less than 10 cents per day. If it is not worth that to 200 families in the viewing area, then apparently it is not worth having. No bill collector will be around. Pay at the Farm Bureau office or to any director listed below. BUT! DO SO BEFORE DECEMBER 15th!!!!

Shadids Host Thanksgiving Dinner for Family Group

An early thanksgiving dinner for family members was held in the home of George Shadid and his sisters, Marie Shadid and Rose Shadid. This occurred during the weekend.

Coming from Ft. Worth were Mr. and Mrs. Brian Weidenmaier. They were

joined by Mr. and Mrs. John Shadid of Memphis and Terri Shadid of Oklahoma City.

Relatives coming from Altus were Mr. and Mrs. Abe Shadid, Steven Shadid, Mr. and Mrs. Allen Hawkins, Phillip Shadid and Ned Shadid.

From the TAP Kitchen

WHOLE-WHEAT BAGELS

3 C. all-purpose flour
1 1/4 C. whole-wheat flour
2 pkg. dry yeast
1 1/2 C. water
3 T. sugar
1 T. salt
1 gallon water
1 T. sugar

Mix flours together. Combine in large mixer bowl 1 1/2 cups of the mixed flour with yeast. In small saucepan combine water, sugar and salt; heat until warm (115-120 degrees F.). Add to dry mixture in mixer bowl. Beat 3 minutes more at high speed. By hand, stir in enough of remaining flour to make a moderately stiff dough. Turn out onto lightly floured surface; knead until smooth and elastic (8-10 minutes). Cover; let dough rest 10-15 minutes. Cut dough into 24 portions. Shape into smooth balls. Punch hole in center of each ball with a floured finger. Pull gently to enlarge to 1 1/2-2 inch hole, working each bagel into uniform shape; place on greased baking sheet. Cover. Let rise 20 minutes. Broil 5 inches from heat for 1 1/2-2 minutes on each side. (Tops should not be brown.) In large kettle combine 1 gallon water and 1 tablespoon sugar. Bring to a boil. Reduce heat to simmer. Cook 6 bagels at a time for 4 minutes; turning once. Drain on paper towels. Place bagels on well-greased baking sheet. Bake at 375 degrees F. for 25-30 minutes until tops are deep golden brown. Makes 24 mini-bagels.

Miss Saunders, Mr. Moore, Wed in Chapel Ceremony

Wedding vows were exchanged by Vikki Ann Saunders, 900 Arlington Street, No. 6, and Stephen Ray Moore, 201 Avenue E SE, Childress, on Thursday, November 11, in Wesley Chapel of Lovers Lane United Methodist Church in Dallas. The officiant was the Reverend Cletus Beights, the bride's step father, who performed the ceremony at eleven o'clock in the morning.

The bride is the daughter of the Rev. and Mrs. Beights, 5310 Keller Springs, No. 211, Dallas, and Mr. and Mrs. Hubert Saunders, 812 South Marrs, Amarillo.

She is also the granddaughter of Mrs. O.E. Dodson and the late Mr. Dodson, and of A.M. Saunders and the late Mrs. Saunders, of Wellington.

Parents of the bridegroom are Mr. and Mrs. Kenneth Moore, 1103 Belmont, Cleburne.

Family Visits Mrs. Bailey

Visiting Mrs. W.D. Bailey through the Thanksgiving holidays were her four sons and daughters-in-law.

They included Bob and Ruth Bailey of Chandler, Arizona, Floyd and Agnes Bailey of Albuquerque, N.M., Joe and Judy Bailey of Dallas and Richard and Alla Mae Bailey of Nocona.

Who's New

Mr. and Mrs. Gary Lemons are announcing the adoption of a baby girl, Erin Elizabeth. She was born Nov. 3 and weighed six pounds three ounces. Grandparents are Mr. and Mrs. Bo Castleberry and Mr. and Mrs. Bill Lemons of Hollis. Great-grandmothers are Mrs. Ruby Tenison and Mrs. J.W. Lemons of Hugo, Oklahoma.

Gary and Kim Brown of Fritch announce the birth of their son, Christopher Earl, born November 6 in Borger. He weighed six pounds, three ounces. The grandparents are Mr. and Mrs. Grady Bowen of Fritch and Mr. and Mrs. Orville Roediger of Phillips. The baby's great-grandparents are Mrs. Jessie Blair and Mrs. Eletha Roediger, both of Borger, and Mr. and Mrs. F.L. Cornelius of Wellington.

MRS. STEPHEN RAY MOORE

Altar flowers were a single arrangement of peach sweetheart roses, baby's breath, white gladioli and other peach and white flowers arranged in a brass epergne. This was flanked on each side by white candles in brass and ivory candle holders.

Mrs. Clariece Candamio of Dallas was the organist.

The bride wore a designer gown of ivory silk crepe in Victorian style, with a deep inset of antique lace down the front bodice. The standing collar and wide cuffs were of the same antique lace. Soft tucked ruffles extended from the shoulders to the waist in front and back. Her A-line skirt was waltz length and she wore a derby style lace hat.

The bride wore a single strand of ivory pearls to complete her ensemble and carried a cascade of soft peach and ivory silk tiger lilies.

Attending the bride as matron of honor was Mrs. Floyd Perry of Colleyville. She wore a taupe silk crepe street length dress with a deep pleated collar and pleated skirt. Her picture hat was of matching color and she carried a single

stem of soft peach silk peonies.

Kenneth Moore, father of the bridegroom was the best man.

After the ceremony, Mr. and Mrs. Beights entertained with a reception at their home.

An ivory damask cloth covered the bride's table, with a centerpiece of peach sweetheart roses and other peach and white flowers in a brass container.

Fresh flowers decorated the two-tiered candlelight colored wedding cake. Brass and crystal appointments were used.

Members of the house party were Miss Jean Chandler of Kaufman, and Miss Luann Moore of Cleburne, the bridegroom's sister.

Since returning from their wedding trip to Las Vegas, Nevada, the couple is at home at 201 Avenue E SE, Childress.

The bride is a graduate of Wellington High School and is employed with West Texas Utilities Company in Wellington. A graduate of Abilene Cooper High School, Abilene, the bridegroom is employed with West Texas Utilities Co. in Childress.

Clyde Hall Guest Speaker at Club's Americanism Program

"Americans have freedom of speech, however the right of free speech imposes two obligations, first, to study and understand problems and not speak carelessly, second, to not deny others the right of speech, freedom of religion and freedom of press," Clyde Hall Past-Texas Department Commander of Veterans of Foreign Wars told 1954 Study Club members in their meeting on Armistice Day, Nov. 11. Mrs. Lynn Wright was hostess for this Americanism program.

Hall and his wife, Juanita, both former Collingsworth County residents, now live in Lubbock.

"Veteran's Day is special for many reasons. It is a great honor to serve our country in time of peace and in time of war," said Hall, a World War II pilot who was a member of the second crew to land in Normandy following the invasion.

"If we did not have people who would defend our country, we would not have the standard of living which we enjoy now, living in a free America."

"I strongly believe in

America, in God, in peace and in the people of today," Hall continued.

"We live in a land where the air is full of sunshine and our flag is full of stars. We must never forget our flag, always respect it. A great many people gave their lives that we could keep the Stars and Stripes flying proudly."

"Thank God we are the fortunate people who may think, speak, and worship freely—without fear under the Stars and Stripes of America."

During Hall's term as head of the VFW in Texas, he received the award as Outstanding Department Commander in the United States. This was based on the many accomplishments resulting from his effort to improve the lot of all veterans. He calls it "the biggest surprise of my life."

Hall also led the Pledge of Allegiance to the Flag that opened the club program. During roll call, each member gave a point of flag etiquette. Mrs. Lois Ratliff, president, announced a new club project, providing financial assistance for the Family Counseling Service.

Present for the meeting were Mr. and Mrs. Hall of Lubbock and his sister, Mrs. Paul Wauer; also Mrs. Fred Cox, Mrs. Paul Spillman, Mrs. Ed Kirksey, Mrs. Cal Hurst, Mrs. Jerry Nix, Mrs. Ratliff, Mrs. A.J. Fires and the hostess, Mrs. Wright.

Club Hears Library Report

Mrs. Gertrude Mayhugh was hostess when the Midway Extension Homemakers met Wednesday, Nov. 17 in the Heritage Room.

Mrs. Emil Kersten, a librarian on the staff of the Collingsworth County Library, discussed new books at the library.

During the business session, directed by Mrs. David Peters, president, plans were made for the club's Christmas party.

Mrs. Kersten read a scripture, members answered roll call by telling "My favorite turkey stuffing," and Mrs. Herbert Duncan brought the Extension Homemaker Council report.

Present for the meeting were Mrs. Peters, Mrs. Donald Curry, Mrs. Duncan, Mrs. R.H. Hill, Mrs. Kersten, Mrs. Annie Cason, Mrs. Edna Rudy, Mrs. Louise Smith, Mrs. Bill Cason, Mrs. Dorothy McGuirk, Mrs. Mamie Terry, Mrs. Pauline Masten and the hostess, Mrs. Mayhugh.

Wellington EHC Hears Program on Sensible Snacking

Wellington Extension Homemakers met in the home of Mrs. Eddie Hankins Thursday, Nov. 18, when Nancy Bigby, Extension agent, presented the program on sensible snacking.

She demonstrated the preparation of one snack and Mrs. Hankins had prepared three others for sampling by the members.

Developing wholesome snacking habits, which include fruits, vegetables, milk products and similar foods, and getting rid of bad snacking habits was stressed. This is especially important in young children, as habits are developed early in life, Miss Bigby emphasized.

Those attending were Mrs. Mickey Gillev. Mrs. Charles Britten, Mrs. Rick White, Mrs. Billy Colson, Mrs. Debbie Mack, Mrs. Phillip Frasso, Mrs. David Hall, Mrs. Hankins and Miss Bigby.

Senator Bill Sarpalius Reports

SUNSET HEATS UP

AUSTIN — The Texas
Sunset Commission, on
which we are proud to
serve, recently met for three
consecutive days of
hearings. The testimony
taken concerned two of this
state's largest and most con-
troversial organizations: the
Railroad Commission and
the Public Utility
Commission.

The Sunset Commission
consists of ten members
who sit in review of 30 to
33 state organizations every
two years. In this way,
every state organization
must come up for review
every 12 years. It is at this
time that the Commission
determines if the organiza-
tion is uneeded or in-
adequate. If so, they
suggest changes or, in some
cases, abolishment. The
Legislature then takes these
suggestions and acts on the
organizations individually.
If no action is taken to rein-
state a particular organiza-
tion, it is automatically
ended.

During the three days of
meetings, the Commission
heard from well over 100
testifiers. The number of
people wishing to testify
was so large that the second
day's meeting took 16 hours
of straight testimony;
forcing it to last until well
past midnight. Although
this seems unorthodox, the
Commission felt it was
necessary to adequately
hear and question every
witness.

The majority of testimony
dealing with the Railroad
Commission concerned
trucking regulations. There
has been a growing move-
ment in this country to de-

regulate the motor carrier
industry. Texas is no
different. Most of the
witnesses felt that the truck-
ing industry should function
in the open market like
most other industries.

There was also discussion
on changing the name of the
Railroad Commission. Rail-
road regulation is now only
a small part of that organiza-
tion's functions. It is felt
that changing the name to
something more represen-
tative would help break
down some of the barriers
between citizens and
government.

The major concern regard-
ing the Public Utility
Commission was the lack of
representation that the
residential rate payer has.
Many Texans feel that this
has caused unnecessarily
high utility rates. To voice
their opinions, they request
a seat on the PUC or the
addition of legal counsel
that would specifically
represent the public interest.

We feel that the Sunset
process is vital for maintain-
ing responsible and efficient
state government and are
very proud to serve on it. It
is our hope that you too
feel that this is an important
process. It is never too late
for you to speak out on any
issue, so we would like to
hear of your opinions on
the Railroad Commission,
the PUC, or any other state
organization under Sunset
review. These will be
essential for making our
decisions next month on
these organizations. Please
write Senator Bill Sarpalius,
P. O. Box 12068, Austin,
Texas, 78711.

A Word on the Word with Jim Powell

This Book Doesn't Leave a Vacuum

John Steffner does a lot
of reading, but the most im-
portant reading he does is
from God's Word.

According to Steffner, a
businessman from Chatta-
nooga, Tennessee, Bible
reading fills a void that no
other type of reading can fill.

"As we grow older," he
says, "and as we are con-
fronted with more of the
world, we realize that there
is something beyond our-
selves that we need to make
life complete. And this com-
pleteness is found in the
Word of God."

"In these many years that

I've lived, I've confronted
most of the things that
people confront. And I have
found that the Word of God
contains the answers to the
problems of life.

"The Bible speaks to
you," Steffner continues. "It
speaks to your particular
needs. It speaks to your
overall life. It doesn't leave
a vacuum anywhere."

If there is a vacuum in
your life and you would like
to fill it, write the Christian
Bible Society, Nashville, TN

no-obligation Gospel of John.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams

TEXAS PRESS ASSOCIATION

AUSTIN—Political cam-
paigns muddy the waters—
but in the aftermath one be-
gins to see through to the
bottom again.

Last week the state's un-
employment compensation
fund went broke for the first
time in its history, and the
state government borrowed
\$1.8 million from the federal
government to pay for some
\$3.7 million in claims. When
the news of this dilemma
first surfaced a couple of
months before Election Day,
Gov. Bill Clements and other
legislative leaders avoided
calling it a loan.

It was the wrong time to
admit that Texas was going
to the Feds for dollars. Now
there are predictions that
unless Texas enjoys a prosper-
ous 1984, the Legislature
may have to raise the em-
ployers' taxes again.

PUC Moves

The chairman of the Pub-
lic Utility Commission said
last week the PUC will take
steps to abolish the political-
ly controversial fuel adjust-
ment clause on electric bills.
Gov.-elect Mark White,
who campaigned on the
promise to end the clause,
had said he would ask the
Legislature to outlaw the
clause, if the commission
failed to do away with it.

Although some PUC com-
missioners and representa-
tives for several utility
companies have opposed dis-
mantling the clause, saying
that cost hikes will be passed
elsewhere in consumers' bills,
they may now want to go
along on this issue, rather
than face a host of PUC re-
form bills already filed in the
Legislature.

Commission chairman
Moak Rollins said he has
directed his staff to write
alternative rules to the pass-
through clause.

Gib Lewis

State Rep. Gib Lewis, D-
Fort Worth, the probable
1983 Speaker of the House,
told the West Texas Cham-
ber of Commerce last week
he expects the controversial
long-range water plan to be
a key issue when the Legis-
lature convenes in January.

Lewis, who claims 141
House votes going into his
election, said he favors ded-
icating part of the state sev-
erance tax on oil and gas for
a Texas water trust fund.

Importing water from
other states is not probable
now, he said. "I've talked to
some of those Arkansas
legislators, and you don't get
anything but cold stares."

Lewis has also said he will
support a dedicated fund to
provide permanent funding
for the 17 state colleges and

universities not covered by
the Permanent University
Fund.

Regarding clean-up work
on redistricting, he expects
the Legislature is in the
mood to make few changes,
only those necessary to com-
ply with federal law.

Pre-Filed Legislation

Among the legislation al-
ready prefiled for the 68th
Legislature are bills which
would:

—prohibit the sale of so-
called "cop-killer" bullets,
those capable of piercing
bullet-proof vests and other
armor.

—allow wages to be with-
held to satisfy court-ordered
child support payments.

—increase taxes on alco-
hol to finance community-
based alcoholism treatment
centers.

—give cities over 50,000
population the option to in-
crease their local sales tax
by one penny to fund mun-
icipal bus systems. This bill
could apply to Amarillo,
Lubbock, Wichita Falls,
Galveston, Beaumont, Port
Arthur, Brownsville, Laredo,
Corpus Christi, Waco, Abi-
lene and San Angelo. Larger
cities already have that au-
thority.

—change Texas House
terms from two years to
staggered four-year terms,
so that half the membership
would stand for election
every two years.

—revise the Tax Code to
make computer programs
subject to sales and use
taxes.

—amend the Public Util-
ity Regulatory Act to increase
the number of commissioners
from three to nine, all to be
appointed by the governor
with the advice and consent
of two-thirds of the members
of the Senate present.

—amend the PUC Regu-
latory act to increase the
number of commissioners
from three to nine to be
elected for staggered six year
terms.

—ban the sale of "look-
alike" drugs, capsules and
tablets that appear similar to
narcotics but contain only
caffeine or decongestants.

Oilfield Theft

Meanwhile, the House
Energy Resources Commit-
tee reported that oilfield
theft is producing losses es-
timated at \$100 million in
Texas, an old con that in-
creased dramatically when
crude oil prices rose follow-
ing deregulation of domestic
oil.

The committee urges the
Railroad Commission to re-
instate a manifest system re-

quiring haulers to document
origin and destination of ma-
terials transported, and for
the Legislature to outlaw
such transportation without
proper manifest.

The committee also sug-
gested appointment of a spe-
cial prosecutor from the
Attorney General's Office to
handle only oil-related
crimes.

Computer A Business Necessity

COLLEGE STATION —
Every business person will
need a computer before too
long—it will be an absolute
necessity, said a speaker at
the annual Greenhouse
Growers Conference at
Texas A&M University Nov.
3-4.

Larry Jakus, manager of
the Radio Shack computer
Center here, told some 150
greenhouse growers that
computers can play an
important part in their
operations. "They are an
excellent means of book-
keeping," he said. "When
it comes to repetitive
actions, computers don't
make mistakes. If the
information going in is
correct, it will come out
correct."

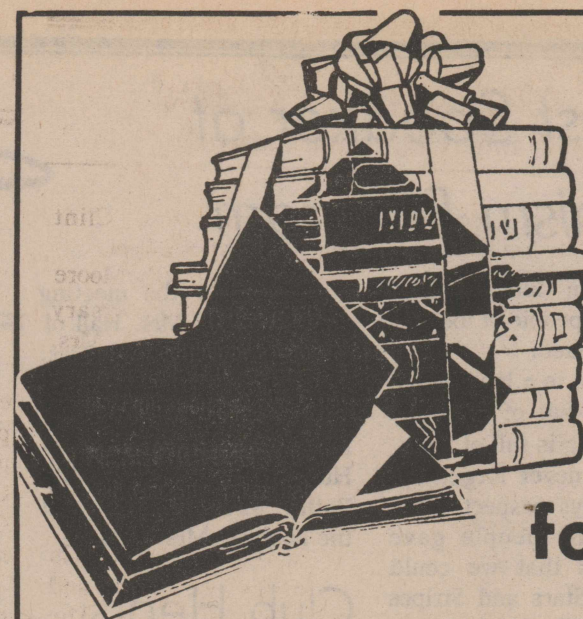

Jakus pointed out that
most of the software
(computer programs) avail-
able today is tailored to a
general business operation.
But anyone can tailor the
program to fit his particular
needs by using a little
imagination.

"Inventory control and
order inventory control
programs are the most
popular," Jakus said. "And
there are forecasting pro-
grams that you can use for
'what if' situations. In other
words, you can find out what
will happen to your business
if your costs increase 5 or 10
percent or if your sales
increase by that amount."

He said that electronic
filing systems also are used
widely in computers to
record production control
schedules, lists of customers
and vendors, and similar
information.

Rick Rolnick with Mono-
lithic Greenhouses in
Brownsville, said that the
market demand for foliage
plants is not consistent, so
growers need to schedule
their production for peak
demand periods.

The annual conference
was sponsored by the Texas
Agricultural Extension Ser-
vice in cooperation with the
Texas Agricultural Exper-
iment Station of the Texas
A&M University System.

BOOKS for Christmas

A FAMILY OF EAGLES

by Dan True . . . autographed by the author. \$12.95

"Family" was condensed in April 1981 Reader's Digest, and subsequently in several foreign
editions. It has gone to a third hardback printing.

Weekdays I write, and am about to finish with a second eagle book, the story of Lucy, a girl
eagle I raised and released on Currie Ranch. The eagle still comes to me after 12 years in the
wild.

On an average of once a week I pilot KGGM-TV news crews to breaking stories in New
Mexico, Arizona and Colorado. Then, about once a month, I make a midnight flight as co-pilot
on a courier trip from Albuquerque to Dallas via Amarillo. On clear nights I can see the lights
of Wellington, and recall the time I spent writing parts of "Family" in my van at Pioneer Park.
It was May, and when I was 'on think,' I hiked the river bed, jotting new ideas that came. Also
played the pretty golf course on the ranch east of Wellington. I'm in the Panhandle often, and
spent the week there last week, looking for eagles on the JA Ranch near Clarendon.

Hope you like "Family."

VFW Presents Flags to City Cemeteries

The Glynn Moore Post, Veterans of Foreign Wars, has provided three United States Flags which will be flown daily at the three Wellington Cemeteries.

They were presented by Commander Ike Paschall on behalf of the VFW membership.

The caretaker for the three cemeteries, Jimmy Forrester, has mounted a new flag pole at the entrance of North Fairview Cemetery and he is now flying these flags each day.

The two older cemeteries, Fairview and Memorial Gardens, had flagpoles available.

Dodson News

Melvin and I went to Oklahoma City last weekend to attend the homecoming festival Friday evening at the gymnasium of Bethany Nazarene College.

A western theme was used for the parade in downtown Bethany, which started at 4 p.m. Friday. The 5 senior contestants for Homecoming Queen were escorted by cowboys in black suits and black cowboy hats. The girls entered a surry before they were presented. After the Queen was chosen, she and her escort rode in the surry around the gym. Music and slides were presented when each girl was escorted. It was a lovely coronation.

We also enjoyed the basketball games on Friday and Saturday nights. It was the first time we had seen Renessa as cheerleader at Bethany Nazarene College.

On Sunday, we attended Bethany First Church of the Nazarene where over 3,000 adults were present for the morning service. Since it was Homecoming Sunday, an orchestra of about 30 pieces accompanied the 90-voice choir.

The music was beautiful. We also enjoyed being with Roy Dean and Shelley. Marty Warrick attended the homecoming activities also.

Harold Rhoades, minister, preached at the Church of Christ Sunday. Bob Garton, minister, directed the congregational hymns. Visitors were Mr. and Mrs. Harold Rhoades and family of Lubbock and Mr. and Mrs. Bob Garton and Robert of Mangum.

Rev. Dennis Hayes preached at the Church of the Nazarene Sunday.

A visitor was Clint Johnson of Mississippi.

Janette and Bundy Moore hosted an anniversary dinner for Mr. and Mrs. Ross Swift recently. Attending the dinner were Mr. and Mrs. Olan Farris, Mr. and Mrs. Howard Hunt, Mr. and Mrs. Swift and Mr. and Mrs. Moore.

Fred Ward of California is visiting his parents, Mr. and Mrs. Herman Ward. The Wards met him at the airport in Oklahoma City. The trio visited Charles Holderman in Wheeler last week.

Glenn and Zenith Warrick took her parents, Ross and Jean Swift, to Quanah recently. They ate dinner at a restaurant to celebrate the Swift's wedding anniversary.

Mr. and Mrs. Howard Elbert were in Dodson last week visiting friends.

Our community was saddened by the death of Mrs. Thelma Mayhugh last week. Her funeral was held last Thursday in First Baptist Church in Hollis.

Mr. and Mrs. Dub Wilfong have their grandchildren as their guests this week. They are Michelle and Larry Putman of Sayre, Okla.

Cotton harvest is in a big way in our community. Many farmers are working late hours to gather the crop.

Many families are planning their Thanksgiving dinners for their guests.

GED Test Slated for December 7

The GED battery of 5 tests will be administered Tuesday, Dec. 7, at 4 p.m. at Wellington High School. These are English, social studies, science, literature and math, said Mrs. Wanda Cardwell test administrator. Approximately 6 hours will be needed to complete the battery. The cost will be \$15 and some form of identification is necessary. The tests are graded by Mrs. Cardwell after the examinee completes all tests. If the individual passes, a copy of the test results will be given to the examinee and one is also mailed to the Texas Education Agency in Austin. TEA will mail the individuals who pass the test an equivalency certificate.

For additional information, those interested may call Wanda Cardwell at 1-806-493-2668 at Dodson after 4:30 p.m.

STEP Transfers To Green Thumb

Collingsworth County employees of the STEP program will now come under the federally funded Green Thumb Program, County Judge Zook Thomas has announced.

An explanation of this change-over was given to 5 county STEP employees, Tuesday Nov. 9.

Meeting with them were Joann Mahaffey of Canyon, regional director; Darrell Hall of Plainview, supervisor for the 26 counties participating, and Eula Merrell of Clarendon, regional supervisor.

There will be no immediate change in county Green Thumb personnel or in their duties. The change

was made basically for administrative purposes.

The Green Thumb is a private non-profit organization which operates from a grant by the Department of Labor. Texas Farmers Union is the sponsor and lobbying body. Green Thumb is non-partisan and non-political.

It operates under Title V of the Older Americans Act. The program is designed to employ older people in rural areas. Funding of the program is assured through June 30, 1983.

Green Thumb employees may work for any non-profit, public service organization, as do those on the program in Wellington.

Baumgardners At Texas Tech Events

Mr. and Mrs. David Baumgardner, Joe Baumgardner, Julaina Baumgardner and Melanie Watts were in Lubbock recently to visit their other son, David Baumgardner, a Texas Tech University student and to attend the Tech-Southern Methodist University football game.

Afterward they met Baumgardner's sister and family, Mr. and Mrs. Robert Jacobson and daughter, Janet, of Adrian, who were there to visit their other daughters, Ellen and Diana, both students at Tech.

The group had supper together.

Hospital Auxiliary to Hold Open House Dec. 14

Collingsworth General Hospital Auxiliary met Tuesday, November 16, in the Heritage Room in a meeting that included both updates on achievements

and plans for major events before the year ends.

Mrs. Loretta Wright, president, told the membership that the hospital has had many compliments on the newly renovated doctor's lounge, done by the Auxiliary.

Some of these were from out of town people who had used it while waiting for news of an emergency patient.

Mrs. Wright also announced that the new chair for the front lobby has been purchased, and will be placed there some time this week.

The third announcement was that memorial cards are now available and will be placed in both funeral homes and at Corky's Art and Frame Shop.

The members voted to buy new curtains or drapery and carpet for the medical records office and the administrator's office. Mrs. Veta Bryan and Mrs. Dollie May Wilson will be in

charge of the project.

Those present also voted to have a Christmas open house and silver coffee in the hospital lobby on Tuesday, Dec. 14 from 9:30 until 11:30 a.m.

The public is invited and urged to attend. The Auxiliary hopes the townspeople will have their coffee breaks with them on that day.

The co-chairmen for the silver coffee will be Mrs. J.D. Coleman and Mrs. Bura Handley. The coffee will take the place of the business meeting of the Auxiliary for December.

Veterans Annual Questionnaire Must Be Returned

Many veterans and dependents in Texas received annual income questionnaire cards with their November pension checks.

It is important that those questionnaires be completed and returned by next January 1, so that future benefits may continue, said the Director, Waco Veterans Administration Regional Office.

Not all veterans and dependents received those questionnaires, he noted. But those who did must return them on time -- or future benefits will be automatically suspended.

Personal assistance in completing those cards may be obtained by visiting or telephoning the Waco VA Regional Office toll-free number listed in your telephone directory.

Durfey on National Board

William M. Durfey, Executive Vice President of the National Association of Animal Breeders, Columbia, Missouri, was recently appointed to the Agricultural Technical Advisory Committee on Livestock and Livestock Products. The appointment was made by John R. Block, U.S. Secretary of Agriculture, and William E. Brock, III, U.S. Trade Representative.

Durfey, originally a resident of the Wellington, Texas area, is a 1959 graduate of Wellington High School. He received his bachelor and masters degrees from Texas Tech University.

The committee is one of several that advise, consult with and make recommendations to the interagency Trade Policy Committee which reports to Block and Brock on matters of trade agreements, and the priorities and direction of U.S. trade policy.

The National Association of Animal Breeders is the trade association for companies and cooperatives involved in the Artificial Insemination of cattle. NAAB members account for 95 percent of all bull semen sold in the United States.

In recent years, much of Durfey's time has been devoted to negotiations with foreign officials concerning the status of the importation of U.S. bull semen abroad.

The advisory committees, which must represent the diverse interests concerned with international trade, work with the interagency

Trade Policy Committee to improve U.S. agriculture's competitive position in the international economy.

Durfey and his wife, Charlene, parents of three,

reside in the Harrisburg, Missouri area. He is the son of the late Mr. and Mrs. Merritt Durfey and the nephew of Mrs. Velman Warrick.

Honey Can Be Export Item

AUSTIN--The growing popularity of honey in the US and other countries could be impetus for increased production in Texas.

In 1981, the US exported about 10 million pounds of honey to Europe, the Far and Middle East, and Latin American countries, Agriculture Commissioner Reagan V. Brown has reported.

"Exports have dropped this year because of the

strong American dollar. In the first five months of 1982 3.6 million pounds were shipped."

Honey on the wholesale domestic market sells in a range from 40 cents to 60 cents per pound.

Marketing personnel in Southern departments of agriculture are performing more intensive surveys on potential foreign buyers.

Brown said that the latest survey on the number of Texas colonies showed 190,000 in 1981. State production was 11.4 million pounds of honey and 239,000 pounds of beeswax, both commodities totaling \$7 million in sales that year.

Quail Habitat Booklet Offered

AUSTIN—Landowners interested in improving quail production on their property can obtain an excellent booklet on the subject from the Texas Parks and Wildlife Department for only \$1.25.

The booklet, authored by noted quail biologist A.S. Jackson, is entitled "Quail Management Handbook for West Texas Rolling Plains."

Although Jackson's studies concentrated on West Texas, the management techniques described in the booklet can be applied throughout the state, officials said.

To obtain the booklet, send check, cashier's check or money order for \$1.25 (tax included) to the Information-Education Division, Texas Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744.

Norwood Group Sees CJC Play

BY SANDY HENARD
The Samnorwood Future Homemakers of America and guests went to see the play, "The Miracle Worker", presented by the Clarendon Jr. College drama department. Before going to Clarendon, the students and their advisors went to Childress and ate dinner at K-Bob's. When

they arrived at Clarendon, they looked through the art exhibits on display in the foyer of the auditorium.

The students learned from this play that miracles can happen, but only when they are needed and wanted the most.

Those students and advisors that went were: FHA teacher, Judy Barber, English teacher, Jane Sheer, LaVerne Bentley, bus driver, and Lucy Ruiz, Linda Garza, Sandy Henard, Betty Sue Kincannon, Stephanie Brandvik, Trudy Baker, Steve Bentley, Chris Perez, Paulina Ruiz, April Castillo, Sandy Ruiz, Trina Baker, Leslie Brandvik, Robert Vargas, Stacey Brandvik, Stephanie McWhorter, Gilbert Garcia and Ersilia Del Bosque.

Soil Test Basis for Any Good Fertilizer Program

by Don Reeves
Getting your soil tested has always been important, but now this proven practice is more important than ever.

Fertilizer is getting more and more expensive, so its crucial for producers to get the most from their fertilizer dollar. Getting a profitable return from fertilizer depends on the supply of available nutrients already in the soil. A soil test can provide an estimate of this supply.

A soil test will determine which nutrients are deficient in the soil for a particular crop so that a producer can fertilize to supplement the soil supply. It's not profitable to supply nutrients already available in the soil in sufficient quantities for a particular crop or to supply added nutrients that the crop does not need or cannot use.

Now is an excellent time to take soil samples since soil test results can be obtained more quickly this time of year due to a smaller volume than in the spring. Once producers have their test results, they can order the fertilizer they need for the coming season.

A soil test forms the basis for any fertilization program and is especially critical with

the current crisis facing farmers.

Soil test information is really the only intelligent way to build a sound fertility fertilizer program.

And fertilizer supplies should be adequate for the upcoming crop season. Nitrogen, phosphorus and potassium supplies appear to be adequate. However, the nitrogen production capacity of many U.S. manufacturers is in a down-turn, with some plants closing. Thus nitrogen imports are becoming an important factor.

Phosphate and potassium prices will reflect a rather small inflation rate, but most materials should still remain a good buy for the farmer. Nitrogen is a more heavily energy related product, so as new contracts for natural gas are negotiated to produce nitrogen fertilizer, nitrogen prices could increase significantly. However, nitrogen prices have remained fairly stable over the past couple of years.

Price increases of phosphorus and potassium will depend on export demand. The U.S. is a net exporter of phosphorus and a net importer of potassium. Phosphorus exports have been down recently and imports have not increased significantly.

So farmers should find good supplies of fertilizer as they plan for the next crop year. The main thing is to plan a sound fertilization program based on a soil test. Anything less is false economy.

Educational programs conducted by the Texas Agricultural Extension Ser-

vice serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Cub Scouts Organize at Samnorwood

A new Cub Scout Pack has been organized at Samnorwood, with den meetings to be held each Tuesday after school, according to Byron and Jaynee Bell, who are helping with the organization.

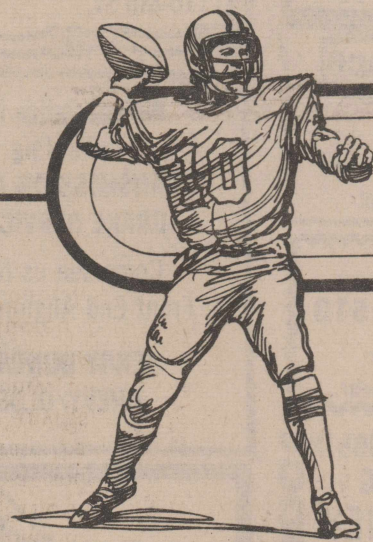

The Lions Club is the sponsor and pack meetings are held on the second Tuesday of each month, with the next one planned for Tuesday, Dec. 14.

With the help of Buster Hughs of Ace Hardware and a Wellington volunteer firemen, Samnorwood den members are selling smoke alarms to raise money for pack expenses.

Cubs are Beau Bell, Tory Thompson, Eric Waters, Johnny Flinton, Timmy Neubauer, Justin Darrow, Roy Hogan, James Hogan and Mike Brandvik.

Bell is chairman of the pack committee with Terry Thompson and Doug Darrow as members. Boyd McClure is pack leader.

Den mothers are Mrs. Guy Brandvik, Mrs. Larry Waters and Mrs. Sandra Hogan.

NOTICE

We are offering a term life policy on the Shallowater Mustangs. It expires at 7:30 p.m. Friday, November 26.

The beneficiaries are listed as the "CARDIAC KIDS."

Wellington and Samnorwood Basketball teams move deeper into their season during the coming week.

Wellington will continue its playing schedule next week with varsity and junior varsity games at Canadian for both boys and girls. Starting at 6:30 p.m. the boys participation however, will depend altogether on whether Wellington Skyrocket football team goes into the quarter finals. Basketball Coach Dale Morris emphasized.

Next on schedule for Wellington is its annual Wellington Basketball tournament Thursday, Friday and Saturday, December 2, 3 and 4.

Complete plans for this event will be announced next week.

Samnorwood Eagles and Eaglettes will travel to Higgins Tuesday, Nov. 30 with games beginning at 6:30 p.m.

Samnorwood junior high boys and girls will play their first game Monday, Nov. 29, meeting Allison at Samnorwood. Game time will be 6:30.

Samnorwood will also be playing in the Wellington tournament next Thursday, Friday and Saturday.

Texas Rural Hero Sought

The search is under way for Texas' rural hero of 1982.

The Rural Heroism Award, sponsored by the Texas Farm and Ranch Safety Council, is presented each year to some person judged to have performed an act of exceptional bravery during a time of crisis, according to Ben Bullard, Council president and assistant safety director of the Texas Farm Bureau.

March 1, 1983, is the deadline for entries to be received by the Rural Heroism Award Committee, Texas Farm and Ranch Safety Council, P.O. Box 489, Waco, Texas 76703.

The heroic act or human-life-saving deed must have occurred within Texas during 1982 and should be related to farming or ranching operations.

Nominations should include a written account of the incident and the names, addresses, and telephone numbers of all persons involved. Newspaper clip-

pings and pictures should also accompany the nominations, if available.

The award will be presented at the Monday morning opening general session of the 44th Annual Texas Safety Conference and Exposition, April 25, 1983, at the Shamrock-Hilton Hotel in Houston.

Azro Agha, who died in an Istanbul, Turkey, hospital in 1934, is reportedly the world's longest living man, at 164 years.

Photos of the Christmas season make treasured memories endure

Color photographs preserve holiday memories for years to come.

Of course, to take advantage of the many holiday season picture opportunities, you must be prepared. Storing your camera on the top shelf of a bedroom closet is a sure way to miss priceless pictures.

And always keep a good supply of film on hand during these prime picture-taking weeks.

Stock up in advance

In addition to several rolls of film, be sure you also have a good supply of flashcubes or flashbulbs readily available. And do check the batteries in your camera and flash to be sure they're working.

To help you take better holiday pictures — and better pictures the rest of the year — the Fuji photo experts offer the following tips:

1. Familiarize yourself with the camera's controls. Practice with an empty camera.
2. Load your camera properly.
3. Remember to hold your camera level. A tilting horizon will make your young figure skater appear to be sliding off the print.
4. Move in close and fill up

the viewfinder to create a strong center of interest in your snapshots. Capturing

facial expressions adds personality and intimacy to your pictures.

5. Photograph children at their height. This may mean kneeling or lying on the floor.

6. To help prevent blurry pictures caused by camera shake, always press the shutter release gently.

7. Keep the background simple and uncluttered.

8. Don't shoot directly into shiny surfaces such as mirrors or windows.

9. Think color.

10. Keep exposed film away from heat and light, and have it developed as soon as possible.

Preparation the key

With a little preparation and planning, you and your family will be ready to capture and share all the excitement and warm memories of this holiday season through color photography.

Have a Merry Picture-Taking Christmas!

Hints for selecting a Christmas tree

A few simple procedures can make the selection of a fresh, natural Christmas tree easier.

1. Determine where in your home you will display your tree. With this in mind, you will be able to tell what height you will need and whether all four sides must be suitable for display.

2. Freshness is an important key when selecting your tree. The needles should be resilient. Take hold of a branch about six inches from the tip, between thumb and forefinger.

Pull your hand toward you allowing the branch to slip through your fingers. Needles should adhere to the branch and not fall off in your hand.

3. Bend a needle between your forefinger and thumb. The needle should form a "U" without breaking unless the tree is frozen.

4. Lift the tree a couple inches off the ground, then bring it down abruptly on the stump end. Older outside needles should not fall off in substantial numbers. (Inside needles shed naturally every year.)

5. The tree should have a fragrance and good green color.

6. A fresh tree will retain its moisture content, and thereby keep its fragrance and needles by keeping it in a stand that has a good water holding capacity.

CHRISTMAS WREATH COOKIES

20 large marshmallows
½ cup margarine
¼ tsp. green food coloring
6 cups corn flakes
Red cinnamon candies

In a 3-quart glass mixing bowl, melt butter and marshmallows at HIGH for 3 minutes or until marshmallows are melted.

Add food coloring and mix well.

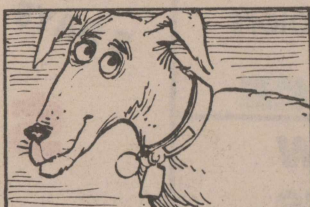

Add corn flakes and mix until all flakes are coated with syrup.

With hands, form cookies into a ball the size of a golf ball, and then shape into a wreath.

Place on wax paper.

While cookies are still warm decorate with red cinnamon candies.

If mixture cools before all wreaths are made, put back into oven and microwave for 30 seconds.

To help guard against losing your pet permanently, be sure he has an ID tag attached to his collar, bearing his and your name and address.

Sweet and spicy pumpkin pie: a treasured Yuletide tradition

Among the most splendid of Yuletide traditions is the holiday table—the focal point of memorable gatherings of family and friends.

The sumptuous array of roast turkey with savory dressing, creamy mashed potatoes, warm rolls, colorful vegetables, and sparkling cider and wines is enough to leave every tummy delightfully satisfied.

Still, for most of us, no holiday table is complete without that classic favorite — pumpkin pie!

Golden, delicately sweet 'n spicy pumpkin pie is to holiday food fare what the star is to the well-trimmed tree. Each year between Halloween and New Year's, pumpkin pie is served in over 52 million households — making it by far the most popular pie of the holiday season!

The satisfaction of baking a homemade pumpkin pie is no longer dampened by the lengthy preparation which was required until the turn of the century.

Until that time, extracting the "meat" called for first washing, cleaning and cutting the pumpkin. Then the large chunks were slowly stewed over a fire to tenderize the pumpkin for mashing.

Further cooking was generally needed to reduce the excess water. And, after all that work, there was scarcely enough for two good-size pies!

Folks everywhere have been following this foolproof recipe for so long that it has become a tradition itself.

LIBBY'S FAMOUS PUMPKIN PIE

- 2 eggs, slightly beaten
- 1 can (16-oz.) LIBBY'S Solid Pack Pumpkin
- $\frac{3}{4}$ cup sugar
- $\frac{1}{2}$ teaspoon salt
- 1 teaspoon ground cinnamon
- $\frac{1}{2}$ teaspoon ground ginger
- $\frac{1}{4}$ teaspoon ground cloves
- 1 $\frac{2}{3}$ cups (13 fluid oz.) evaporated milk or light cream
- 1 9-inch unbaked pie shell with high fluted edge

Preheat oven to 425°F. Mix filling ingredients in order given.

Pour into pie shell.

Bake at 425°F. for 15 minutes.

Reduce heat to 350°F. and continue baking for 45 minutes or until knife inserted near center of pie filling comes out clean.

Cool completely on wire rack.

Garnish suggestions: Slivers of crystallized ginger, whipped cream or topping, walnut halves, slivered almonds, crushed peanut brittle.

This holiday season, whether you're entertaining in your home or being hosted somewhere else, share in the celebration of love and laughter with a gift that's from your heart and hearth.

Homemade pumpkin pie — a treasured tradition.

Dreaming of a white Christmas? Read on!

What's red, green and snowy white? The colors of Christmas blended together in a chiffon pie with just a hint of almond flavor.

Decorative holiday dish

The following recipe for White Christmas Pie from *Farm Journal's Best-Ever Pies* by Patricia A. Ward (Doubleday & Company, Inc.) adds a decorative touch to any holiday table.

WHITE CHRISTMAS PIE

- 1 env. unflavored gelatin
- ¼ c. cold water
- ½ c. sugar
- 4 tblsp. flour
- ½ tsp. salt
- 1½ c. milk
- ¾ tsp. vanilla
- ¼ tsp. almond extract
- ½ c. heavy cream, whipped
- 3 egg whites
- ¼ tsp. cream of tartar
- ½ c. sugar
- 1½ c. flaked coconut
- Baked 9" pie shell
- Sweetened whipped cream
- Red and green maraschino cherries

Sprinkle gelatin over cold water to soften.

Combine ½ c. sugar, flour and salt in 2-quart saucepan. Gradually add milk, stirring well. Cook over medium heat, stirring constantly, until mixture comes to a boil. Cook 1 minute more. Remove from heat. Add softened gelatin, vanilla and almond extract, stirring until gelatin dissolves. Pour into a metal bowl. Cool at room temperature until mixture is partially set.

Fold whipped cream into custard mixture.

Beat egg whites and cream of tartar in bowl until foamy, using an electric mixer at high speed. Gradually add ½ c. sugar, 1 tblsp. at a time, beating well after each addition. Continue beating until stiff, glossy peaks form when beaters are slowly lifted. Fold whipped cream-custard mixture into egg white mixture. Fold in 1 c. of the coconut.

Chill in refrigerator until mixture mounds well when spooned. Turn into baked pie shell. Sprinkle with remaining ½ c. coconut.

Chill in refrigerator until set.

To serve, decorate with puffs of sweetened whipped cream and red and green maraschino cherries. Makes 6 to 8 servings.
