Deep Wildcat In Mitchell County Staked

has staked location for a deep semi-wildcat in extreme Northwest Mitchell County.

It is to be the No. 1 Pearl L. Kincaid and others, 660 feet from south and west lines of the northwest quarter of secton 60-12-La-Vaca Navigation survey. That location is about four miles northeast of Vincent, and the nearest production is in the Vincent field.

Contract calls for a depth of 8,500 feet or Pennsylvanian lime production at a lesser depth with operations to start by Aug. 20.

NEAR HERMLEIGH

Humble Oil & Refining is preparing to re-complete the No. 1 James Davidson from the Ellenburger zone from which it first produced after deepening to 7,684 feet in the Ellenburger.

The project found three additional feet of pay below its original total depth of 7,608 feet, which will be used in the re-completion. Operator then cored to 7,684 feet. A one-hour drillstem test from 7,644-684 feet recovered 2,400 feet of salty sulphur water with no shows of oil or gas.

The No. 1 Davidson is about two miles northeast of Hermleigh and in section 99-3-H&TC.

TWO IN SALT CREEK

General Crude Oil Co. has staked locations for two projects in the Salt Creek field of Kent County, both to begin operations immediately.

One will be General Crude No. 144-3 General Crude-J. W. Young, 660 feet from south and west lines of section 144-G-W&NW. The other is General Crude No. 13-6-1 General Crude-Percy Jones, 1,800 feet from west and 2,200 feet from north lines of section 13, John Rodman survey.

Contract depth on both the projects is 6,800 feet.

KENT COUNTY

Seaboard Oil Co. of Delaware has filed application to re-drill the No. 1 Girard Trust, an abandoned wildcat in Kent County, to run electric logs.

The No. 1 Girard Trust was drilled 660 feet from south and east lines of section 98-1-H&GN, by W. H. Hunt. It was abandoned on total depth of 7,675 feet on March 3, 1951. Seaboard's application asks permission to drill out plugs to a depth of 1,200 feet in the casing and run electric logs for regional information, after which the well will be properly plugged.

No Relief From Heat Is In Prospect

Texas was well into its third consecutive week of blistering hot weather Monday with no relief in sight. . .no rain, no cooling breezes —just high temperatures.

Much of North and Central Texas had its 16th day of 100-plus temperatures Sunday as thousands flocked to lakes, parks and any old place that hinted at something cooler.

And most of them were disappointed. . . It was just plain hot everywhere.

The heat claimed another victim in Dallas when 71-year-old Lynn Johnson was overcome at his home. He was rushed to a hospital for an ice-bath treatment and late Sunday night his condition was listed as serious. Five persons have died in the oven-like heat in Texas since the 17-day-old heat wave began.

After an uncomfortable night of high temperatures, residents of the Dallas-Fort Worth area—center of the heat wave—watched their thermometers climb to the 100 mark quickly Monday. Forecasts called for high of near 106 degrees, same temperature Fort Worth had Sunday.

Other high Sunday temperatures included: Presidio 109; Mineral Wells and Wichita Falls 106; Childress 105; Abilene 104; Dallas and Laredo 103; Wink, Austin and Waco 101.

UNACCUSTOMED RECEPTION

Attempts at appeasement by Mrs. Mark Clark just don't mean a thing to this little Korean. Lusty crying and a lot of tears are the answer to the big smile and the dangling wrist watch offered by the wife of the U.S. Far Eastern commander on her visit to Severance Hospital in war-damaged Seoul. Mrs. Clark, visiting Korea with Gen. Clark, inspected the hospital and saw the care being given to tragic little war victims. The hospital is supported by several U.S. Protestant churches.

Chinese And Russians Start Talks On Military Assistance

MOSCOW (AP) — Chinese Premier Chou En-lai and Kremlin leaders prepared today for major talks aimed at tightening the military, economic and political ties of the Chinese-Soviet Communist partnership.

The Premier, who is also Red China's foreign minister, flew to Moscow yesterday from Peiping with a big delegation that included his deputy premier, Chen Yung, and a sizable group of military experts.

The nature of the top-level discussions between the world's biggest Communist nations was kept secret.

It was evident, however, that military questions would rank high among those taken up since Chou brought along the deputy chief of Peiping's general staff, Su Yui; his Air Force commander, Lyu Ya-low; Deputy Navy Commander Lo Shun Chu, and Deputy Commander of Artillery Tsu Chuan.

Judging by others in the party, closer economic bonds will be sought also in the talks. Economic specialists with Chou included Minister of Heavy Industry Wan Haoshou, Minister of Fuel Chen Yui, Deputy Minister of Communications Wang Cheng, Deputy Minister of Machine Building Wang Taohan and economic expert Li Fughung.

On the political side were the head of the Asian department of the Peiping Foreign Ministry, Chen Chia-kan; the chief of the Soviet and Eastern Europe department, Hsui Yi-hsin, and the ministry's political secretary, Shih Cheh.

The Chinese got a full red-carpet reception by top Soviet leaders at the airport—indicating the high importance the Russian government attaches to the conference.

Replying to the official welcome, Chou paid tribute to the "brotherly and unselfish aid" which China is receiving from the Soviet Union and said he had come to strengthen co-operation between the two countries even further.

Chou's last conference in Moscow, in January, 1950, preceded the Korean War by six months.

It appeared certain the new talks will aim at expanding collaboration within the scope of the 1950 Soviet-Chinese Friendship and Mutual Aid Pact, the formal basis of the two countries' present close relationship. It is expected an attempt will be made also to broaden the pact and augment it with additional agreements.

The Chinese are almost certain to ask for an increase in their 300-million-dollar credit for the purchase of Russian industrial transport and agricultural equipment and for more Soviet technical aid. They will likely seek also expansion of Soviet-Chinese trade to counter the West's partial blockade of China.

Clauses of the 1950 agreement providing for Russia to return the Port Arthur naval base and Manchurian Railway to China are due for discussion since the agreements were to be implemented either when the Japanese peace was concluded or by the end of 1952, whichever was earlier.

It is thought here that a Chinese request for the return of the base and railway will bring a sympathetic Soviet response.

Typhoon Rips Korean Coast

SEOUL, Korea (AP) — The center of a typhoon — with winds up to 100 miles an hour — hit Korea's West Coast today at Kunsan, 80 miles south of Seoul, and roared on across this peninsula toward the Sea of Japan.

There was no report of damage but the ship - wrecking storm brought torrential rains to all of South Korea. Four to five inches of rain were predicted for the battlefront tonight.

In Pusan, on the southeastern tip of the peninsula, 3½ inches of rain fell and wind gusts up to 75 miles an hour lashed the area.

A U. S. Air Force weather expert said winds of 50 to 60 miles an hour would whip high exposed places on the battlefront.

Stiff winds buffeted Seoul but the storm's main force moved about 25 miles south of the city.

Power of the storm decreased as it passed overland. The Air Force weather expert said it may pick up power when it hits the Sea of Japan and swerves toward Hokkaido, northernmost island of Japan.

Before sweeping inland, the typhoon wrecked one ship near Okinawa. A second ship is two days overdue after radioing it was in trouble.

Seven-Year-Old Case Brings To Light More Tax Scandals

WASHINGTON (AP)—House investigators, it was learned today, are digging into a case of alleged fraud that lay in the Justice Department about seven years and then was marked "closed" without being prosecuted.

Activities of a number of past officials of the department have been under scrutiny in connection with the case, which is expected to become the subject of public hearings on Capitol Hill soon.

The unexplained lack of prosecution in the case is one of several similar matters being studied by a House judiciary subcommittee investigating the Justice Department.

Committee sources said the case first reached the department in 1944, and about a year ago was marked "closed" without either civil or criminal prosecution being initiated.

At the time the case was turned over to the department, the official in charge of the Criminal Division was Assistant Atty. Gen. T. Lamar Caudle, who entered the department under Atty. Gen. (now Supreme Court Justice) Tom Clark.

Caudle was fired by President Truman last year from his job as chief of the department's Tax Division as a result of disclosures by a House committee investigating tax scandals.

The House committee investigators did not identify the case—other than to say it related to a business firm—and said only that Justice Department officials were "primarily" involved.

The investigating committee, headed by Rep. Chelf (D-Ky), meanwhile, is preparing a new series of public hearings to start next week. It will be the committee's first public sessions since Atty. Gen. James P. McGranery began a shakeup of the department following the ouster of J. Howard McGrath, McGranery's predecessor.

Two former top Justice Department officials are slated to appear before the committee—former Deputy Atty. Gen. Peyton Ford, and former Assistant Atty. Gen. Herbert A. Bergson, who headed the Anti-Trust Division.

Investigators say they want to question them about their activities during and after their employment as government attorneys.

Mississippi In Party Fight At Convention

JACKSON, Miss. (AP)— Mississippi's divergent Democrats, in a three-way split for Gov. Adlai Stevenson, Dwight Eisenhower and a possible third party group, battle today for supremacy in the State Democratic Convention.

The convention opens at 11 a.m., Eastern Standard Time, to decide its political role in the 1952 presidential campaign.

Mississippi with 96 per cent of its voters on the state Democratic party rols, has groups supporting Stevenson and Eisehower and a faction that prefers a third party Southerner to either major party candidate.

The Stevenson forces, headed by Gov. Hugh White and Mississippi's congressional delegation, won a fight in the Resolutions Committee last night.

A resolution offered by Stevenson backers was adopted by an 11-5 vote after Eisenhower members brought about the omission of a clause endorsing the Illinois governor.

The resolution, as revised, called simply for the electors of the State Democratic Convention to be pledged to Stevenson and Sen. John Sparkman of Alabama without a state party endorsement.

The resolution was subject to revision, rejection or adoption today.

A resolution of the pro-Eisenhower forces was defeated by an 11-5 margin. It sought to put the Stevenson-Sparkman ticket on the ballot with the statement that the Mississippi Democratic party did not recommend them to the voters of the state.

The original Stevenson resolution offered by State Rep. Ed White contained an endorsement clause that read, "Therefore, believing the best interest of Mississippi requires it, this convention irrevocably pledge its electors to vote for Gov. Adlai Stevenson of Illinois for President and for Sen. John J. Sparkman of Alabama for vice president."

Three Found Dead In Plane In Arkansas

PIGGOTT, Ark., Aug. 18 (AP) — The torn bodies of three persons were found today in the wreckage of a light plane which is believed to be the same craft sought since Thursday, the Clay County sheriff's office said.

The three dead were believed to be from Houston. A search party found the plane about 8:40 a.m. (CST), a mile and a half southeast of this northeast Arkansas town, Deputy Sheriff Carl Milde reported.

The Civil Air Patrol in Little Rock said the plane may be a Cesna 170 missing on a flight from St. Louis since Aug. 13. The plane carried three passengers.

Searchers found the wreckage in an orchard not more than 100 yards from a farmer's house. Parts of the plane were strewn over a 200 yard area.

The plane was first sighted from the air by an air-sea rescue unit from Malden, Mo.

The search party found women's clothing scattered over the area and some hanging from trees.

Arkansas, Texas and Missouri units of the CAP had ben searching for a red and silver plane.

Deadline For Absentee Voting Tomorrow Night

A total of 155 applications for absentee ballots for the second Democratic primary have been filed, Pat Johnston, county clerk, said this morning. Those who had already cast ballots numbered 93.

Deadline for absentee voting is midnight tomorrow night.

Anti-Semitism Brought Into Campaigns, Some Is Directed At Nixon

TRUMAN GREETS VISITOR

President Truman shakes hands with 17-year-old King Faisal II of Iraq as the youthful visitor arrived at the White House in Washington for lunch. The boy king flew to Washington from New York on the second stop in his five-week tour of the United States.

DENVER (AP) — A Los Angeles Jewish organization denounced as utterly unfounded today what it termed vicious "insinuations of anti-Semitism" directed against Sen. Richard M. Nixon of California, the GOP vice presidential nominee.

Seeking to counteract such attacks, Nixon made public a statement sent to him by the Community Relations Committee of the Los Angeles Jewish Community Council.

The California senator is basing his operations here at the campaign headquarters of Gen. Dwight D. Eisenhower, the Republican presidential candidate.

Eisenhower himself spoke out 10 days ago against appeals to bigotry and prejudice in political campaigns. He did so after a Minnesota GOP leader told him that state had been flooded with anti-Jewish literature attacking both the general and President Truman.

In a statement of his own today, Nixon said those who would "stir up race hatred and bigotry are violating every concept of Americanism." He added:

"They are just as un-American and anti-American as the Communists, the Nazis and the Fascists.

"The spreading of bigotry and dissension amoung our people is a threat to American liberties."

The Los Angeles statement was signed by Judge Isaac Pacht, chairman of the Jewish Community Relaitons Committee.

Speaking out "with candor and frankness," Pacht said:

"Against Sen. Nixon the insinuations of anti-Semitism have been particularly vicious. There are many of us who support the senator for the vice presidency. There are many of us who oppose him.

"Whatever our political differences, however, upon this one fact we have no difference. We resent and deplore this accusation.

Democrats and Republicans alike, we want it placed squarely on public record that any charges of anti-Semitism against Sen. Nixon are utterly and totally unfounded. We make this statement after the most assiduous inquiry."

On a broader basis, Pacht said there is no justification for any bigotry charge against Eisenhower or the Democratic standard bearers, Gov. Adlai Stevenson of Illinois and Sen. John J. Sparkman of Alabama.

Trouble With His Daughter's Spouses

HOUSTON, Aug. 18 (AP)— John Hartford Crumpton, 55, a house painter, was in city jail today charged with murder in the killing of his daughter's former husband.

Crumpton was charged with murder, but never indicted, in the killing of a previous husband of his daughter, Janice, 26, about two years ago. Wallace H. Crowder, 33, was shot and beaten to death yesterday in the yard of the house where his ex-wife and her father lived. The couple's divorce beame final a month ago.

Crumpton, his white shirt and slacks stained with blood, said he was not reponible for the killing. He said Crowder hit him with a chain.

Police records showed that on Oct. 1, 1950, he was charged with the fatal shooting of Edwin J. Ruthven, 28, in front of the apartment where Crumpton then lived. A grand jury refused to indict Crumpton.

With his wife and two sons, he then moved in with his daughter. Seven months ago, Janice married Crowder and he, too, lived in the house until their divorce.

Police said Crumpton told them that he met Crowder at an ice house yesterday and that Crowder told him he was planning to call on Janice and take her fishing. Crumpton said he warned Crowder to stay away.

Crumpton said he was in his front yard when Crowder drove up and walked over and hit him with a chain. Then, Crumpton said, he got a gun from the seat of his truck and the shooting followed.

Truce Talks Dragging On

MUNSAN, Korea (AP)—United Nations and Communist truce delegates meet tomorrow at Panmunjom, ending a week-long recess that produced no visible hint of progress.

The delegates are scheduled to meet at 11 a. m. Tuesday (9 p. m. Monday, EST) in the faded conference tent.

They probably will pick up right where they left off last week-arguing fruitlessly over prisoner of war exchange, the only issue blocking an armistice for Korea.

Since July 26 the truce teams have met only once a week. At each session, they called another seven-day recess.

The communists are insisting that 116,000 Red prisoners, including all 20,000 Chinese in Allied hands, be returned.

One Expense Account Filed By Candidate

Only one out of eight persons listed on the ballot for county races in the Democratic run-off primary Saturday had filed a sworn statement of campaign expenses this morning.

Haskell O. Beard, run - off candidate for commissioner of precinct No. 3, filed his statement just before noon, listing his total expenses as $72.60.

Deadline for filing the statements is midnight Wednesday.

104 Registered Sunday

Hotter weather continued yesterday, registering a high of 104, Mrs. D. P. Strayhorn, weather observer, reported a low of 72 and reading of 75 at 7:30 o'clock this morning.

Mossadegh Said Much Improved After Latest Illness; To Rest More

TEHRAN, Iran, Aug. 18 (AP)—Premier Mohammed Mossadegh, who has been running a high fever for the past couple of days, was reported "much improved" today.

An official source said the aged premier had gone to the mountains to get away from the sweltering capital and that his physician son, Dr. Golam Hosein Mossadegh, had ordered him to go to bed and see no one for the next five days.

Unconfirmed reports said Mossadegh has been considering naming a four-man council to carry on his duties while he is ill. Parliament has given the premier virtual dictator's powers for the next six months.

One informant said Mossadegh was just worn out from the pressure of recent work and not seriously ill.

WEATHER

WEST TEXAS AND NORTH CENTRAL TEXAS: Generally fair Monday, Monday night and Tuesday. Widely scattered afternoon and evening thundreshowers in Panhandle, South Plains and west of Pecos River. Not much change in temperature.

EAST TEXAS AND SOUTH CENTRAL TEXAS: Generally fair Monday, Monday night and Tuesday. Not much change in temperature. Southerly winds on the coast.

ADA Throws Lot With Adlai, Sparkman; Gets GOP Report

WASHINGTON (AP) — Americans for Democratic Action, which sought Dwight D. Eisenhower's nomination for President four years ago, is opposed to his bid as the Republican candidate this year.

The ADA, pledged to the principles of the late Franklin D. Roosevelt, endorsed the Democratic party's presidential ticket and platform yesterday.

In a statement, its National Executive Committee praised the "character, integrity and ability" of Illinois' Gov. Adlai E. Stevenson and Alabama's Sen. John Sparkman. It said the Democratic nominees for President and vice president had public records "marked by a humane outlook and strong independence of thought."

In 1948, a year after it was organized, the ADA opposed President Truman's nomination. It plugged instead for the nomination of Eisenhower or Supreme Court Justice William O. Douglas. Later, however, it endorsed the Truman ticket largely on the strength of the 1948 Democratic platform, which it hailed as "liberal."

The ADA similarly dscribed the 1952 Democratic platform as "liberal and forward looking." It criticized the Republican ticket and platform, saying these "in no way conform to the requirements of the world situation today."

The ADA's action drew statement, through the Republican National Committee, from Sen. Bourke B. Hickenlooper of Iowa, who said it "now completes the captive picture in which the Democratic presidential nominee finds himself."

"On his back," said Hickenlooper, "he has the label TRUMAN and on each ankle a ball and chain—on the right foot the CIO and the left, the ADA."

Hickenlooper called the ADA a "Socialist organization" and said Eisenhower and his vice presidential running mate, Sen. Richard Nixon of California, "are to be led out for denunciation by the ADA."

Hickenlooper said the ADA showed itself "lacking in principle" when it endorsed Sparkman, commenting Sparkman's "record on civil rights is well known." Hickenlooper said the ADA's complaint against Nixon is "that he had fought communism."

The ADA endorsement said it is "aware of Sen. Sparkman's adverse civil rights voting record," but added:

"It is his clear duty, as a candidate for national office adhering to the national platform of the Democratic party, to bring to the South a broader understanding of the vital relationship between the civil rights program and the best interests of our nation.

The ADA expressed disappointment in Eisenhower. It said the general "has apparently turned his back on his own magnificent service." His statements on domestic policy, it added, "reveal a naive lack of understanding."

"Nor do we like the company he keeps," the ADA statement said. It described Nixon's legislative record as "brief and unimpressive" and said his "identification with McCarthyism makes it impossible for liberals to support the Republican ticket."

Polio Rages On; Improvement Noted In Youth Taking Drug

By The Associated Press

Polio continued to kill in Texas over the week end while slim hope was held that a new drug might have curative powers over the deadly disease.

Fort Worth's City-County Hospital recorded its eighth polio fatality of the year Sunday and reported a new polio patient, while Houston admitted four more victims to its crowded hospitals.

At Hedgecroft Clinic in Houston, young Barry Bishop Jr. rallied from the deadly disease after injections of aniodic which its discoverer says often helps in polio cases.

BISHOP IMPROVES

After being completely paralyzed, young Bishop—son of the U. S. Embassy press attache in Mexico City—showed some movement in his toes. His temperature fell from 104 degrees to 101 degrees, but the attending physician said his condition remained critical.

The doctor also said there was no way of knowing whether the youth's improvement is due to the new drug. He said he had seen similar improvement in similar cases where no drug was administered.

Aniodic is a discovery of Dr. Albert Trencavel, Belgian doctor in Mexico City, who says he is a naturalized U. S. citizen.

Dr. Trencavel said his drug was an iodine derivative. He said its primary action was to increase the flow of blood to the lungs and to stimulate lymphoid tissues to throw off the polio poisons. He said it was generally effective when used within 72 hours of the first appearance of the disease.

Chronic Cases Helped

It is also effective, though less so, against chronic paralysis, he added.

He declined to talk about the case of young Bishop and referred queries to his doctor in Houston. Dr. Trencavel said he is preparing a paper on results with the drug in Mexico but had not yet decided which medical association he would make the report to.

He said the drug had been used previously in the U. S. and had cured five cases of spinal-polio and one of bulbar in the Rockford, Ill., hospital.

The doctor of the U. S. Embassy, who was consulted before the drug was sent to Houston, said it had shown no harmful effects in its use here and appeared to have helped some cases.

The death at Fort Worth was that of Woodrow Wilson Simpson, 31, Fort Worth, a production engineer. He was the son of Mr. and Mrs. C. E. Simpson of Waco. He was placed in an iron lung on admission at City-County, Aug. 9. Simpson was a native of Tyler.

Houston's four new cases included two from outside the county, and one each from the city and Harris County.

Twelve Said Missing After Flash Flood Over Week End

LYNMOUTH, England (AP) — The toll of known dead rose to 22 today with 12 others missing in flash floods that struck a 15-mile stretch of Southwest England's holiday coast Saturday and almost washed this picturesque resort town out to sea.

Police said it may be another week before the final toll is known. The coast was crowded with holidayers when the flood struck and it was feared some missing persons might not even be reported yet.

Meanwhile, Army engineers faced desperately against newly threatening skies to corral the surging Lyn River, using dynamite and bulldozers to get it back to its course. It was feared a further water pileup would spread the still widespread flood waters to a greater area.

Threatening gales and more rain were forecast for later today.

First estimates put the property damage in the whole floded area at over seven million pounds (almost 20 million dollars).

The catastrophe's full force fell on Lynmouth, a picture postcard little holiday resort which turned into a boulder-strewn shambles when cloudbursts Friday changed the placid little Lyn into a torrent boiling through the main street.

The flood damage here alone was estimated at more than two million pounds — over 5½ million dollars. Twenty houses and 20 hotels had disappeared. At least 40 other houses were damaged.

Police sealed off the town to prevent looting. More than 2,500 villagers and holidayers had been evacuated from the ghost village to inland ballrooms and halls hastily converted into refugee centers.

Five vacationists, including three Boy Scouts, were listed among the dead and nine vacationists among those missing and presumed dead.

Survivors from Lynmouth gave a graphic description of the terror that suddenly burst on them in the night.

Comedian Al Raie, appearing at the local music hall, told how the audience hurried out as the noise of the flood drowned a soprano's voice.

"I saw a chain of women walking hand in hand towards their hotel," Raie said. "Then the sidewalk disappeared, and the girl on the sea."

At one hotel, Phyllis Biggs, the manager, shepherded the scared guests through an unstairs window onto the roof. There, while the Lyn roared past beneath them and the hotel shuddered from boulders crashing against its walls, they the end of the chain was swept out huddled together and sang the hymn, "Oh God, Our Help In Ages Past."

Mrs. Ellen Jenkins, 36, was clambering inland when she saw a man, almost submerged by the flood, floating towards her. "I recognized him as my father and grabbed him by the shirt and managed to get him to dry land," she said.

BUSINESS MIRROR

Dining Cars On Trains Are Big Loss To Rail Operators

By SAM DAWSON

NEW YORK, Aug. 18 (AP) —The nation's railroads say they are losing millions of dollars by serving food and drink to passengers.

Many a dining car patron may raise an eyebrow at this.

But the roads say that for every dollar you pay them for food and drink they put out, on the average, $1.39.

The Interstate Commerce Commission backs them up. It says the combined dining and buffet revenues of the roads last year was 79 million dollars, while expenses totalled 110 million dollars.

The roads blame the 31 million dollar loss on high costs of labor and food, and the licenses and taxes they pay in the states where they operate.

The Pennsylvania Railroad says that in June labor costs in the dining car took 70 cents of each dollar of revenue. Food costs took 41 cents. Other costs added to the loss.

Labor costs are higher in diners than in restaurants, they point out, because a waiter can serve fewer persons in a car than in a cafe, and because crews have to be carried idle for hours to be ready when needed.

Food costs are higher, for the railroads because the diners must store and carry supplies long distances, while restaurants are close to sources of supply.

Sales taxes on food and beverages can be a headache because they change every time the car crosses a state line.

The New York Central, which operates in 11 states and two Canadian provinces, says the customer by law must pay the sales tax in Massachusetts, Illinois and Quebec, while in other states the road pays the tax in a lump sum.

The Baltimore and Ohio says it spends $10,000 a year for licenses to sell liquor, tobacco, soft drinks and playing cards, turns over to the states $7,000 a year in sales taxes and $1,200 in various taxes on food items.

Here are some of the things the roads are trying to pare that 31 million dollar loss:

The Katy and the Missouri Pacific report their loss has been brought below the national average by a close watch on waste and by routing dining car crews to best advantage.

The Chesapeake and Ohio is experimenting with trays of quick-frozen meals which can be heated in an electric oven, and cost the passenger about 20 cents less than the conventional diner meal. The main aim is to cut labor costs. The Chessie says the tray is popular with the passengers.

The Lehigh Valley is saving $15,000 a year in labor costs by serving a continental breakfast of hard or sweet rolls, butter and coffee, prepared over canned-heat stoves and boilers.

The Pennsylvania is using electronic cooking to save time and labor costs. An egg can be poached in 10 seconds by micro-wave energy. The road also is trying food vending machines in coaches.

The Cotton Belt has joined the Santa Fe in stopping some trains at set stations long enough for passengers to eat in restaurants.

17-Year-Old Youth Is Charged With Murder

PARKERSBURG, W. Va. (AP) — State police said they would charge a 17-year-old boy with murder today, accusing him of beating his father to death in a fist fight.

According to police, Richard Thompson, brawled with his father Wilbur Okey Thompson, 46. Authorities said the dispute arose when Richard told his father that Thompson's divorced wife thought her teen-aged daughter was spending too much time away from home. The girl made her home with Thompson.

Police Cpl. H. E. Martin said young Thompson would be charged with murder.

Graveside Services For Brown Infant

Graveside services were held at the Snyder Cemetery yesterday morning for the infant son of Mr. and Mrs. LeRoy Brown, 3810 Highland Drive, who died at birth at the Root Memorial Hospital in Colorado City Friday night.

The Rev. T. Gerald Cates officiated in services, and burial was under direction of Bell Funeral Home.

Survivors are the parents and one sister, Lana Ruth Brown, and grandparents, Mr. and Mrs. J. R. Brown of Snyder and Mr. and Mrs. H. G. Brown of Snyder.

PRECISION FLYING

The "Skyblazers", a team of precision flying U.S. Air Force jet pilots using F-84 Thunderjets, skim high over the Bavarian Alps in their famous diamond formation. The team, which has amazed millions of spectators during its three years in Europe, will be seen for the first time in the United States at the International Aviation Exposition in Detroit Aug. 30.

Boy Scout Knowledge Comes In Handy For Youth Lost 6 Days

SONORA, Calif., Aug. 18 (AP)—Thirteen-year-old Brent Bradberry today told a hair-raising story of how he survived seven days alone in the High Sierra using Boy Scout know-how.

The husky Lynwood, Calif., youth walked into a fishing camp Saturday, a week after he vanshed on a fishing trip. Doctors here said his physical condition was perfect, except for sore feet and bruises.

Brent was to join his father, Wendel Bradberry, a Los Angeles store executive, today. The father was en route here from a search for the boy in another section of the mountains.

Brent said he used his knowledge of woodcraft as he followed small Cherry Creek downstream. Estimates of the distance he tramped, waded, swam and tumbled ranged from 20 to 50 miles. He said he frequently crossed his own path in looking for trails.

"The third day out," Brent related, "I went over the falls. I'd been working my way down the river, sometimes wading, sometimes swimming, when all of a sudden I was caught in a heavy swirl of water. I was dragged downstream two miles and went over a number of cascades and two waterfalls. One was 20 feet high.

"There was a bend in the river and I managed to hang onto a big rock there and pull myself out. . . I got cut sopping wet, but found an old, rotten redwood tree, scooped out a nice bed and crawled in. . . it was warm and I slept all night."

The dark-haired lad said he was scared only the first night, when "I saw some wolf tracks and later a couple of lean wolves." Foresters believed he had mistaken coyotes for wolves.

Young Bradberry said he'd eaten only some pine nuts, juicy leaves, wild peppers and some dried apricots he found. He also found two pairs of trousers at an abandoned camp to reinforce his own pants—worn through at the seat from sliding over rocks and underbrush.

The area in which he was missing is on the northwest fringe of Yosemite National Park.

Brent was united yesterday with an aunt and uncle, Mr. and Mrs. Jack Osborne of Yuma, Ariz., who had flown here for the hunt.

His Pathe rhad started into the Leighton Lake area yesterday, before learning of Brent's escape from the wilderness.

The search utilized five private planes in addition to one Coast Guard and one U. S. Forest Service plane, dogs and horses also were used. The search cost an estimated $5,000.

Curtained Cell Ready On Murderer's Row

MONTGOMERY, Ala. (AP)—Murderer's row at Kilby Prison—which few women have ever even seen—has a curtanied cell in readiness for one scheduled to die there Sept. 26.

Grim, impassive Mrs. Earle Dennison, a 54-year-old nurse convicted at Wetumpka Saturday for the poison slaying of her 2-year-old niece, is expected to be transferred there today.

The law requires the Alabama Supreme Court ot review her sentence.

Because the prison has no facilities for condemned women, Warden C. P. Buford picked a special cell and draped it with curtains to insure "privacy."

Vice Findings To Grand Jury

NEW YORK (AP) — Findings in a cafe society vice probe which has snared a young heir and a wealthy dress manufacturer will be presented today to a grand jury.

Assistant Dist. Atty. Bert Roberts said last night that the grand jury would deal with the separate vice charges against Minot F. Jelke, socially registered heir to an oleomargarine fortune, and Samuel H. Chapman, a dress manufacturer.

Roberts said a number of witnesses would be called. But he named only one — Pat Thompson, described as a young model, who was questioned for eight hours yesterday and then kept overnight at the prosecutor's office in the custody of a policewoman. She was not charged.

Chapman, 56, former husband of noted dress designer Ceil Chapman, was freed in $5,000 bail yesterday after he pleaded innocent to a charge of procuring prostitutes without a fee for "his friends and business relations and his cafe society associates." He also was charged with possessing a pornographic art collection of hundreds of pictures and statuettes.

Jelke, 22, was arrested Friday on a charge of compulsory prostitution along with two other persons. Three young women, described as models and fledgling television actresses, have been held as material witnesses. He is free in $50,000 bail.

Officials said the Jelke and Chapman cases were not connected but that information obtained in the Jelke probe led to the arrest of Chapman Saturday night. He and a beautiful blonde woman companion were taken into custody at his apartment. The unidentified woman later was released.

Assistant Dist. Atty. Robert R. Reynolds said Chapman procured blonde Nancy Hawkins, 23, for prostitution purposes and sent her to a Ritz Tower Hotel suite on June 14 "to entertain three businessmen and in return receive the sum of $500." The Hawkins woman is one of the three held as material witnesses in the Jelke case.

No Progress In Rail Strike

NEW YORK (AP) — Federal mediators, unable to win union acceptance of their plan to end a strike threat against the New York Central Railroad's Eastern lines, are shifting their conciliation efforts to top-level company-union talks in Washington tomorrow.

William White, president of the railroad, and the chiefs of three of the four railroad brotherhoods involved have accepted the government request for the Washington meeting.

The mediators moved for tomorrow's conference shortly after the unions last night rejected the plan for settlement of the two-year-old dispute over 58 grievances. Announcement of the union rejection followed a company statement of acceptance.

Details of the government plan, presented as a package, were not disclosed.

Michael and Stephen Weber of San Angelo are visiting in the home of their grandparents, Mr. and mrs. O. J. Weber, 3790 Dalton Drive. They are the sons of Mr. and Mrs. O. J. Weber, Jr., and will return home tomorrow.

Mrs. A. J. Logan, 2911 Avenue Y, has had as her guest her sister, Mrs. George Messenger, of Friona.

'Waiver' Kids Deal Ex-mates Misery In Baseball Yesterday

By JOE REICHLER
Associated Press Sports Writer

Cleveland's Indians and New York's Giants continued to apply the pressure on the league leaders but the spotlight was lifted off the pennant race and shifted to the two St. Louis clubs yesterday.

In the Mound City, rookie Stu Miller was deprived of a chance to join seven other rookies who have hurled a pair of shutouts in their first two major league starts when shortstop Solly Hemus made a double error in the ninth inning to [illegible] in the Cardinals' 2-1 triumph. The Columbia grad had pitched a 1-0 shutout win over the Chicago Cubs in his first start last week.

In Detroit, the Tigers and Browns got a standoff in their big "waiver" swap of a week ago when Ned Garver pitched Detroit to a 4-2 victory over his old Brownie mates after outfielder Vic Wertz had whipped his ex-Tiger mates with a two-run homer for a 4-2 St. Louis first game triumph. Wertz also homered and hit two singles in the second game.

Cleveland closed to within a game and a half of the American League leading New York Yankees, sweeping a pair from Chicago's White Sox, 6-2 and 2-1, while the Yankees were edging out the Red Sox in Boston, 3-2.

The New York Giants advanced half a game on Brooklyn in the National by splitting with the Boston Braves while Philadelphia's Phillies were shading the Dodgers 2-1. Dave Koslo outpitched Warren Spahn, 4-2, in the nightcap after the Braves had won the opener, 7-3.

Washington clung to fourth place in the American, dividing a pair with Philadelphia. Bob Porterfield won his 10th with a 7-2 first game triumph for the Nats but the Athletics overcame a 5-0 deficit to win the second, 12-5.

Ralph Kiner helped Pittsburgh gain a split in the double bill with the Cubs, hitting his 26th homer of the year to lead the Pirates to a 5-2 nightcap win. That was the score of the Cubs' first-game triumph as Bob Rush helped win his 12th by driving in three runs.

Miller had a 2-0 lead with only one more out needed to register his second straight shutout. Cincinnati had runners on first and second when Roy McMillan hit an easy grounder to Hemus. The shortstop fumbled and then threw wild trying for a force play at second and Joe Adcock scored from second. The youngster then fanned Bob Borkowski to end the game.

Hemus was the Cards' big gun on attack. Twice he tripled and twice he scored, driven in by Red Schoendienst.

Cleveland got good pitching from Bob Feller and Mike Garcia in their double win. Each had won only one game in the last five weeks. It was No. 9 for Feller and No. 15 for Garcia. Harry Simpson's three-run homer settled the first game and Garcia's squeeze bunt provided the winning margin in the second.

A ninth-inning double by Yogi Berra and a single by Gene Woodling broke up the 2-2 tie in Boston and gave Rookie Tom Gorman his fourth Yankee win.

Karl Drews gained his 11th victory and his fourth over Brooklyn with a four-hitter. The Phils overcame a 1-0 deficit with two tallies in the sixth on a single by Connie Ryan and un-scoring doubles by Richie Ashburn and Del Ennis off loser Carl Erskine.

Sid Gordon drove in the runs with his 29th home run to help Max Surkont win his ninth game in Boston's first-game triumph over the Giants. Three runs without the aid of a base hit in the fourth inning gave the Giants and Dave Koslo the second game.

Walcott And Marciano On September 23

By ED SYREN

PHILADELPHIA (AP) — A crown resting uneasy on his brow, ageless Jersey Joe Walcott will put his world heavyweight championship on the line here Sept. 23 against undefeated Rocky Marciano, a swarming, club-fisted puncher from Brockton, Mass.

This marks only the second time in more than a year that the 38-year-old Cinderella man of boxing from Camden, N.J., has ventured to place at stake the title he wrested from Ezzard Charles with a seventh-round knockout in Pittsburgh last year.

Marciano, undefeated in 41 bouts, appears confident he'll succeed where Charles failed last June. And indications are the New England clubber would go into the ring at Municipal Stadium approximate 2 to 1 favorite.

Walcott will get 40 per cent of the gate in a battle which will be televised only to theaters and blacked out even for cinema-viewers in Philadelphia and New England. Marciano gets 20 per cent.

Jersey Joe has a 90-day clause assuring him of a return engagement if beaten and a 30-30 split of the gate.

Middlecoff In Playoff With Jack Burke, Jr,

By SKIPPER PATRICK

KANSAS CITY (AP) — Cary Middlecoff breezed into his second tournament playoff within a week today, meeting Jack Burke, Jr., of Houston Tex., for the Kansas City Open golf title.

The 18-hole medal play match Burke tied at 276 strokes, 12 under par, at the end of the regulation 72 holes in the $15,000 tournament.

The 18 hole medal play match for the $2,400 first prize was scheduled to begin at 2:30 p.m. over the 6,208-yard, par-72 Milburn Country Club course.

Just a week ago today Middlecoff lost a playoff to Julius Boros, Mid Pines, N. C., in the $25,000 "World" Golf Tournament at Chicago.

In yesterday's competition, Burke turned in a sizzling 5-under par 67 after missing a 30-inch putt on the last hole. He blamed the bark of a dog, which came just as he started his putt, for the miss.

Middlecoff played his last two holes in a driving rain and got a 69.

Burke, who won four consecutive tournaments earlier this summer, played eight rounds of sub-par golf in the Tam-O'Shanter and "World" Golf Tournaments at Chicago and was well under par in four rounds here.

Boros, who took the lead in money winnings by virtue of his big grab at Chicago, had to settle for $50 here after shooting 74 for a 292 total.

"It just goes to prove I can shoot poor golf as easily as I can shoot bad golf," the good-natured Boros explained.

Ed (Porky) Oliver, Lemont, Ill., who started the final round in the lead with 204 strokes, and Dave Douglas of Newark, Del., who was in second place one stroke behind, settled for a second and third place tie at 277, good for $1,200 each.

Hernandez Top In Tournament

CORPUS CHRISTI, Aug. 18 (AP)—Johnny Hernandez of San Antonio, University of Texas sophomore, was the big show here in the state TAAF tennis tournament.

Hernandez upset second-seeded Charles Sampson of Dallas in the second rounds and then rolled to the men's championship by beating D. Ligon of Corpus Christi and the University of Houston.

Hernandez teamed with Clarence Mabry, San Antonio, to take the men's doubles.

Only one defending champion repeated in the tournament which ended Sunday. Peggy Vilbig and Bobbie Gilchrist of Dallas retained their women's doubles title.

Results:

Men's singles — Hernandez defeated D. Ligon, 6-3, 6-1, 3-0 (default last set by illness).

Men's doubles—Hernandez and Mabry defeated Ligon and Bob Loveless of Corpus Christi, 6-3, 7-5, 6-6.

Women's singles—Vilbig defeated Shelby Torrance of Corpus Christi, 10-8, 3-6, 6-2.

Women's doubles — Vilbig and Gilchrist defeated Shelby Torrance and Edith Morton of Corpus Christi, 6-3, 8-6.

Boy's singles—Pete Milius, Houston, defeated Bill Dixon, Baytown, 6-3, 6-2.

Boy's doubles—J. Moses and B. Moody defeated Eddie Cheeseborough and Eddie Sledge, 1-6, 6-4, 6-1.

Junior Girl's singles — Billy Sahley, Harlingen, defeated Pat Perry, Corpus Christi, 6-4, 6-2.

Junior girl's doubles — Valerie Barnes and Arnette Regan, Corpus Christi, defeated Kathy Campbell and Sue Tucker, San Antonio, 6-3, 6-4.

Girl's singles — Ann Farmer, Houston, defeated Carol Noack, Corpus Christi, 6-3, 6-2.

Junior boy's singles — Charley Russo, Houston, defeated Rollin Russell, Baytown, 6-4, 0-6, 3-6, 8-6, 6-4.

All Star back Ollie Matson (23), reaches up to bat down the ball intended for Los Angeles Rams back Jerry Williams, during the second quarter of the game at Soldier's Field in Chicago. The rain-soaked 19th annual All-Star game was won by the Rams 10 to 7.

Move Afoot To Put Satchel Paige In Sports Hall Of Fame

By GAYLE TALBOT

NEW YORK (AP)—A movement is afoot to vote Satchel Paige, the practically ageless Negro pitcher, into baseball's Hall of Fame, and after considerable thought we have decided it is the thing to do.

If you want to go by Paige's rather brief record in the big leagues, then he does not, of course belong among the statuary at Cooperstown, N. Y. But when all the factors of his amazing career are considered, there can exist little doubt that the slim, slow-talkin' master of control deserves to be the first of his race to win the game's highest honor.

Here, by all the evidence, is one of the great pitchers, one who almost certainly would have ranked with the Mathewsons and Alexanders and Johnsons but for the fact that he came along too soon, before Jackie Robinson broke down the racial barrier in 1946 with Montreal.

No one can say for certain what Paige's record would have been if he had come to the big show in his prime, but it is possible to make a mighty good guess. Fifteen and 20 years ago, big leaguers who had lun afoul of his fast ball on some winter tour would talk about him in the dugouts, and sometimes you felt they must be exaggerating.

They said he was as good as Dizzy Dean or Lefty Grove and would tell remarkable tales of duels between him and reigning big league aces out in the barnstorming country. We recall one well known batter of the period—possibly it was Paul Waner—saying earnestly, "I'm glad he ain't in this league."

But for all that, Satchmo remained a sort of living fable, a dusky Paul Bunyan of the baseball world, until Bill Veeck ran him down between one-night stands in 1948 and signed him to a Cleveland contract. The most amazing thing of all is that Paige, though by then almost certainly in his high 40's, still retained enough of his ability to make men marvel at what he must have been in his prime.

The final proof, if it were needed, came in that 12-inning shutout Satch pitched against the Detroit Tigers recently. By any yardstick it ranks among the outstanding feats of baseball history—a reliefer of 50 years, more or less, showing the youngsters how. After that, who can doubt what the man would have done 20-25 years ago if he had had the opportunity.

49ers Looking Good As Season Starts

SAN FRANCISCO, Aug. 18 (AP)—The 1952 National Professional Football League future of the San Francisco 49ers looked bright today following a repeat performance of their last year's exhibition opener—pasting the Washington Redskins.

Some 35,000 fans saw the 49ers blank the 'Skins, 35-0, as Fullback Joe Parry scored four touchdowns. In 1951, the San Franciscans opened their exhibition season with a 45-14 win.

Clovis Amateur Title Goes To Ken Shields

CLOVIS, N. M., Aug. 18 (AP)—Ken Shields of Plainview, Tex., held the amateur championship of the Clovis Invitational Golf Tournament, today.

Shields beat Earl Hooker of Paris, Tex., 1 up, for the title Sunday.

John Garrison of Tulsa won the professional division, downing Abe Beckman of Midland, Tex., 3 and 2, in the 36-hole final.

McGregor And Sedgman Set To Hold Title

BROOKLINE, Mass. (AP)—Australian stars Frank Sedgman and Ken McGregor — the world's top doubles players — are heavy favorites to retain their tandem title in the National Doubles Tennis Championships opening today at Longwood.

The men's division is packed with talented performers from many nations, but none of the opposing teams seem likely to be a serious threat to the Aussie duo which yesterday added the Newport, R. I., Casino Invitation Crown to its U. S. and Wimbledon titles.

Their chief competition probably will come from the entry of Mervyn Rose of Australia and Vic Seixas of Philadelphia, second-[illegible] entry such as theirs can be seeded in either domestic or foreign ratings, but the Longwood officials put them in the foreign classification for better balance in the play.

Sedgman and McGregor whipped Seixas and Bill Talbert of New York at Newport yesterday in a five-set match, 5-7, 9-7, 3-6, 9-7, 6-3. In the singles final, Sedgman displayed the form which ranks him atop the world's singles players by defeating McGregor, 6-3, 6-2, 12-14, 6-3.

Top-seeded in the domestic list are a pair of veterans who have often succumbed to the Sedgman-McGregor skill, Gardnar Mulloy of Miami and Talbert. Second-seeded are Herbie Flam, Davis Cupper, and Frank Guernsey, a recent star eager for a comeback.

Elbow Is Ruled Off Gridiron

HOUSTON, Aug. 18 (AP)—Abb Curtis, Southwest Conference grid official czar, says the elbows are gone from football, especially that "high elbow," or forearm.

Curtis explained the new rules Saturday to more than 200 members of the Southwest Football Officials Association.

He said the rule calls for suspension from the game of players guilty of flagrant elbow and forearm swinging. The rule also calls for mandatory suspension on first offense of any player caught striking, either with forearm or fist.

Other changes include:

1. Use of the new rubber football if both teams agree.

2. Return to the old clipping rule, which makes all blocks from the rear illegal.

3. Defensive holding penalty increased from five to 15 yards.

Harry Taylor of Fort Worth was elected president of the officials association. Charles Hawn of Athens is the new vice-president.

The new chief referee is Cliff Shaw of Little Rock; Bailey McElreath of Beaumont is chief umpire, Cecil Willis of San Antonio is chief head linesman, Clifford Domingue of Port Arthur is chief field judge and Ray McCulloch of Fort Worth is chief of the mechanical department. The 1953 meeting will be in Fort Worth.

Kaiser Says Attempt On His Life Made At Speedboat Race

TAHOE CITY, Calif. (AP) — Industrialist Henry J. Kaiser today accused unknown saboteurs who tampered with two speedboats he had entered in races here of "a murderous attempt on my life."

Damage to the powerboats was discovered a half hour before race time yesterday.

"I'm sure it was an attempt on my life, one of the most diabolical things I've ever seen," the 69-year-old steel — aluminum - automobile magnate declared.

Harry Johnson, Tahoe City constable called on the case, said the sabotage was crude and might be the work of a crank, or of Lake [illegible] complained that Kaiser's boats are too noisy. A hunt for fingerprints was started.

Kaiser said he suspected the tampering was the work of "the same people who have tried to destroy everything I've tried to build. He did not elaborate.

The damage was discovered b[illegible] Kaiser's mechanic and driver, Max Collins, after he noticed a hacksaw blade in the bottom of the 32-foot Gold Cup racer Hot Metal. The boat's main drive shaft had been sawed half way through and the carburetor blower had been stuffed with rags, nuts and bolts. The bilge and hull of a 24-foot runabout had been soaked with an estimated five gallons of gasoline, which could have ignited at the slightest spark.

"Either sabotage could have killed somebody," Kaiser said. The sawed shaft would have "broken and ripped boat and driver to shreds", and the stuffed blower on the Gold Cup boat and the gasoline poured into the runabout would have made fire "almost certain," [illegible]

The industrialist explained it was decided at the last minute that he would pilot the runabout and Collins the Hot Metal. It was widely known, he continued, that he was undecided whether to drive the Hot Metal, an experimental craft.

The [illegible]able declined to say whether he thought the damage who had run afoul of his fast ball was aimed at Kaiser's life. But he said it was doubtful anyone was trying to influence the outcome of the race. The participants, like Kaiser, are wealthy sportsmen with nearby summer homes and there was no betting, he explained.

Kaiser was not deterred from racing. He finished second to shipping heir Stanley Dollar in the feature race, using a 16-foot boat he obtained.

Amarillo Pro Game Tonight

AMARILLO, Aug. 18 (AP)—The Detroit Lions, featuring former SMU All-American Doak Walker, meet the Chicago Cardinals here tonight in a National Football League exhibition game.

Coach Buddy Parker of the Lions said yesterday that Walker, who made All-Professional with the Lions, definitely would be a starter.

Walker suffered an arm injury in Dallas during the National Open Golf Tournament while pushing an automobile in a parking lot. His arm was cut badly, but apparently not enough to handicap his football ability.

Joe Kuharich will be making his debut as manager of the Cardinals in the game.

A crowd of between 15,000 and 18,000 fans were expected to witness the Panhandle's first football game of the year.

THE ADVENTURES OF PATSY

REFRIGERATOR LINE ADDED

A new line of Norge large home appliances was added last week by Hale's Sewing Machine Exchange. Weldon Sumruld, left, salesman for the firm, and J. P. Hale, Jr., one of the owners, examine the new Norge refrigerator on display at the firm's showroom on the east side of the square. (Lee Watson Photograph.)

Firm Here Adds New Lines To Enlarge Appliance Services

The complete line of Norge large appliances has been added to the merchandise sold by Hale's Sewing Machine Exchange, located on the east side of the square.

"We added the new line of appliances so that we could have almost every thing in household appliances," J. P. Hale, Jr., one of the owners, said.

One of the unusual items of the new line is an up-right home freezer. From the outside it looks just like its twin, the Norge refrigerators, but once the door is opened the upright freezer's many advantages over chest-type freezers can be seen.

Probably its leading advantage is that anything in the freezer is readily accessible without disturbing the rest of the freezer's contents.

"All you have to do is reach in and get what you want, with no heavy trays to lift, and no digging for the right item among the frozen foods," Hale said.

They have on display Norge refrigerators, both gas and electric Norge ranges, Norge chest-type home feezers, and the automatic Norge washing machine.

In adding the new line, Hale's Sewing Machine Exchange has enlarged its service department so that any home appliances, large or small, can be quickly and inexpensively repaired without sending them out of town.

The Necchi zig - zag sewing machine is still the leader of the many brands of sewing machines sold by the firm, but some new and less expensive lines have recently been added, Hale said.

Button covering and belt making is another service the firm has added since moving to the new location on the east side of the square.

"We are trying to give our customers almost any service they want, and with the new lines and larger service department, we believe we now can," Hale stated.

New Stock Of Beef Set For Guadalcanal

WELLINGTON, New Zealand (AP) A new invasion is being readied for Guadalcanal, where U. S. Marines first turned back the Japs' southward push in World War II.

This week the vessel Kurimarau leaves Suva with cattle to start a beef-raising program on the island.

The Japs and the Americans ate almost all of Guadalcanal's cattle. The new invaders will include three bulls and 40 Hereford heifers.

The British government—Guadacanal is a British prtoectorate—is financing the program.

Only One Seriously Injured In Bus Wreck

HANCOCK, Md. (AP)—Twenty-two passengers, most of them sleeping, escaped serious injury early yesterday when a Blue Ridge Line bus left the road and smashed into a power pole.

Only one passenger, Frank L. Benefield, 45, of Washington, required hospitalization.

Last Day At Work Is Fatal For Truck Driver

SELDEN, N. Y. (AP)—Robert E. Hiller, 27-year-old principal of the Shoreham Public School in Ronkonkoma, N. Y., needed a little extra money this summer because his wife is expecting a first child by September.

All summer long he drove a milk truck on Long Island to pick up the money. Yesterday he took his truck out for what was to have been his last day on the job.

But he didn't return home. A policeman and a physician broke the news to Mrs. Hiller—that her husband had been killed in a collision between his truck and a passenger car.

Man Put In Jail Here After Midland Arrest

A man under felony indictment was confined in the county jail here Saturday night after being brought here from Midland, where he was arrested by the Midland County sheriff's department.

Lawrence Gay, who was indicted during the April term of the grand jury for removing mortgaged properly allegedly removed a 1946 Buick valued at $1,000 on June 11, 1951, the property of W. K. Kolar.

Chicago Man Picked Up In Hammer Killing

CHICAGO (AP) — An inquest into the hammer slaying of Thomas Acton in a Loop hotel 10 days ago resumed this morning after the arrest of Junior Cox, 30, who, police said, related he killed Acton after an unnatural sex act.

Cox was arrested Saturday in a restaurant after being traced by laundry marks found on a shirt in Acton's room.

The man who registered with Acton used the name Robert Moore. Acton's family in Birmingham, Ala., said he had gone to Chicago with a man named Moore, whom he had met in the Tuscaloosa, Ala., Veterans Hospital.

Four Teachers Join Society

Four Snyder teachers were initiated into Kafpa Delta Pi, an honor society in education, recently at McMurry College in Abilene.

The initiates were Mr. and Mrs. Frank Weaver, Mrs. C. W. Popnoe and Miss Katherine Northcutt. Dr. A. W. Hunt, head of the Department of Education at McMurry, initiated the Snyderites who were among a group of 16 persons taken into the Eta Epsilon chapter of the organization.

Mrs. Popnoe and Mr. Weaver will receive their Masters of Education degrees Aug. 28. The four persons have attended McMurry during the winter terms on Saturdays and during the 12-week summer term.

Purpose of Kappa Delta Pi is to encourage high professional, intellectual and personal standards and to recognize outstanding contributions to education, according to the college.

Roy Wright Released On $1,000 Bond Here

Roy Wright, 23, charged with breaking and entering the White Swan Laundry & Cleaners with intent to commit theft was released from the county jail Saturday on $1,000 bond, a sheriff's deputy said this morning.

Wright and Don Moss, about 40, were both arrested by city police Aug. 9. Wright was arrested at the scene of the attempted burglary, where a floor safe containing about $150 in cash had been damaged, and Moss was arrested at his home after police questioned Wright and charged with having been an accomplice.

Moss posted $1,000 bond on Aug. 9 and was released.

Odessa Girl Home, Couple Under Charge

DALLAS, Tex. (AP) — Little Eva Lois Phillips, 9, was back home in Odessa, Tex., today after a ride home with police.

Also back in Odessa was Mrs. Helen Corine Woods, 30, who along with her husband, George Vernon Woods, 27, was charged with kidnaping Eva Lois. The girl was missing from home for four days.

Eva Lois is the daughter of C. H. Phillips, who lives in a trailer camp next door to the Woods. Phillips and Eva Lois and two other children live alone. The husband is estranged from the children's mother.

Mrs. Woods, who has no children, told officers she wanted all the Phillips children. "I told my husband that I was going to take Eva Lois. He said it was all right if I did. He said he would meet me in Dallas in a week. I haven't heard from him since then."

And Eva Lois said it was all right with her, too.

"I've been having a good time," she told newsmen, "but I wish it had been during school time. But I do want to get back home to daddy."

Before the woman and child were found here Saturday night, the girl had been the object of a search since Wednesday by hundreds of police and volunteers throughout West Texas.

New Anti-Corruption Bill Due In Congress

WASHINGTON (AP) — Sen. Monroney (D Okla), co-author of the Congressional Reorganization Act of 1946, plans to push another reorganization measure next year — an "anti-corruption" bill.

The measure, which he offered unsuccessfully last session, would set up a blue ribbon civil service system in the Internal Revenue Bureau and "reward administrators for getting along with fewer instead of more employes," he said today.

M. Turner Beard

New Manager For Forrest Builders Here

M. Turner Beard, formerly manager of the Forrest Builder's Supply store at Morton, Tex., was named manager of the Forrest Bulder's Supply store here effective Aug. 8.

Beard has been connected with the building supply and lumber business for 15 years. He was manager of the Morton store for the past four and one-half years, but has been with the company for six years.

Before World War II, Beard was with the R. B. Spencer Lumber Co., Itasca, Tex., for nine years. During the war he was in the Navy and saw action in the Southwest Pacific.

Beard has been active in the civic work of the communities where he lived before coming to Snyder.

He succeeds G. C. Spence who was manager of the firm until he was killed in an automobile accident south of here early this summer.

Four Killed In Angelo Crash; Ten Die Violently Over State

By The Associated Press

Four persons died in the fiery crash of three automobiles near San Angelo Sunday to accent a week end of violence that claimed at least 10 lives in Texas.

Two persons were shot to death and another drowned.

The flaming three-auto collision five miles north of San Angelo killed Mrs. Vernon Milam, 35, her twin daughters, Brenda Sue and Linda Lou, 15 months, and Leroy Renfro, all of Lamesa.

A third member of the Milam family, Jim Ross, 9, was in critical condition at a San Angelo hospital with burns about his face, hands and feet. Mrs. D. A. Timms, 67, San Angelo, was less seriously injured.

Fire followed the crash which occurred when two vehicles sideswiped and one was thrown into the path of a third. The victims died in flames.

South of Beeville, two Negro sailors from Kingsville Naval Air Station were burned to death Saturday in the flaming wreckage of their car after it struck a bridge abutment. Their names were withheld pending notification of next of kin.

A Houston woman, Ina Vaughan Jones was killed Sunday when the car in which she was riding left the road and overturned several times about four miles south of Gonzales.

Officers said Mrs. Jones' traveling companion, Harry H. Schneider, was in a fair condition in a Gonzales hospital.

Bobby Alvin Robertson, 22, Pecos, was fatally injured Sunday in a car-truck collision about three miles west of Pyote. Two passengers in Robertson's car — Jack Wayne Baldwin, 23, and James Allen Watson, 18, both of Pecos — were seriously injured.

A seven-months-old boy was drowned Saturday while playing in a partially filled metal wash tub at his home in San Antonio.

Mrs. Johnny Garcia Sr. told officers little Jerry Garcia, her son, was playing with two other children under her supervision. She went into the house to answer the phone, and the children's grandmother found the infant under the water. Jerry was dead on arrival at Santa Rosa Hospital.

A verdict of suicide and murder was returned in the deaths of Henry Fernandez and his son, J. G. Fernandez. Both were shot Friday night at the son's Houston home, where officers said the younger man apparently attempted to stop his father's suicide and got shot himself.

Firemen Answer Call

Only activity of the fire department during the week end was a call to a hotel on Twenty-fifth Street to put out a fire in the electric wiring in a bathroom, Ivan Gatlin, fire marshal, said.

However, the fire was out before fire fighting equipment arrived, he added.

No damage was reported.

Manville Has Spent More For Less Wedded Bliss Than Most

NEW YORK (AP)—Tommy Manville, squiring a blonde who says she will be Mrs. Manville No. 10, may not have a record on wives—a few sultans have beaten him.

He may not have a record for the amount of money he has spent on divorces, either. Some wealthy Americans have put out more on one divorce settlement than Tommy has on all his divorces put together.

But the 58-year-old asbestos heir probably has put out more cash for less wedded bliss than any wealthy playboy in recent generations.

Manville's first marriage to follies girl Florence Huber was his longest. It lasted from 1911 to 1917, and it is not known just how much she got when she divorced him.

From then on, the marriages grew shorter, and Manville's complaints about the cost became more public.

Here is a tabulation, based on partial information from Manville himself and from the records:

No. 2—Lois McCoin, married him in 1925; left him after three months; divorced him in 1930, receiving $1,600 a month for life. Manville said in 1941 she had already cost him over $300,000.

No.3—Avonne Taylor, married in 1931; divorced the same year; getting a reported $350,000 cash settlement.

No. 4—Marcelle Edwards, married in 1933; divorced in 1937 after a long period of wrangling that cost Manville $5,000 to one lawyer, $100,000 to another, and reportedly $200,000 to Marcelle.

No. 5—Bonita Edwards, married Nov. 18, 1941; lived with him 17 days; divorced Jan. 21, 1941, getting an undisclosed cash settlement.

No. 6—Wilhelmina Boze, married him Oct. 11, 1942; lived with him two months; divorced him Feb. 10, 1943, getting $2,500 expenses to go to Reno and reportedly refusing alimony.

No. 7 — Macie Marie (Sunny) Ainsworth, married Aug. 25, 1943; spent seven hours and 45 minutes with Manville before he showed up at El Morocco with a scratched face and without Sunny; divorced Oct. 13, 1943, getting a check for $18,000.

No. 8—Georgina Campbell; married Dec. 12, 1945; divorce plans announced Jan. 19, 1946 after five weeks of marriage; returned but left again April 18; returned but left again Sept. 26; returned Oct. 6; on Feb. 16, 1951, reportedly offered $1,000 a month, plus $76,000 worth of jewelry and $20,000 worth of furs, to stay away; the $1,000 a month apparently continued until April 26, 1952, when she was killed in an automobile collision on her way to have breakfast with Manville.

No. 9—Anita Frances Roddy-Eden; married him July 10, 1952; left after 12 days; divorced in Mexico Aug. 9, saying Manville had given her "$50,000 to get a divorce and a $50,000 bonus."

Credentials Of Britisher Are Given Approval

CAIRO, Egypt (AP)—A British Foreign Office spokesman said last night the Egyptian government has accepted new credentials from British Ambassador Sir Ralph Stevenson which do not mention Egypt's claim to the disputed Sudan.

The credentials, signed by Queen Elizabeth II, were addressed simply to "King Ahmes Fuad II." The Egyptian Foreign Ministry received them and forwarded them yesterday to the Regency Council which acts for the infant son of exiled ex-King Farouk.

The Egyptian Parliament proclaimed Farouk "King of Egypt and the Sudan" after discarding an agreement last year wth Britain for joint Anglo-Egyptian rule of the rich Upper Nile region. Britain—in actual control of the Sudan—never recognized the title.

New credentials were needed because both Britain and Egypt had come under new sovereigns after the death last winter of King George VI and the recent abdication of Farouk.

Club Operator Charged Again

George H. Wilson, 28, operator of the Star Nite Club, was arrested Saturday on two counts of selling liquor in a dry area after paying a fine Friday for illegal possession of liquor.

The charges were filed by Marshall Smith and K. B. Green, liquir control board agents.

Also charged with sale of liquor was George Alexander, who was released Saturday evening on $1,000 bond, sheriff's deputies said this morning.

Bond for Wilson was set at $1,000 by County Judge Edgar Taylor, and Wilson had not posted bond by mid-morning.

Wilson and his wife were arrested last Thursday in a raid at the club by members of the sheriff's department, both charged with illegal possession of liquor. Wilson pleaded guilty to the charge Friday morning and paid a fine of $500 plus $23.50 court cost. The case against his wife, Mrs. Bobbie Wilson, 19, was dismissed Friday.

Legion Convention

NEW YORK (AP) — The American Legion's headquarters staff is in town to prepare for the organization's 34th annual convention starting next Sunday.

Mrs. Alice Northcutt and her daughter, Miss Katherine Northcutt, 2707 Avenue W, were home for the week end from Abilene. Miss Northcutt is working on her master's degree at McMurry College. Mrs. Northcutt is staying with the children of another daughter, Mrs. K. C. McCasland, who is also attending class this summer.

No Damages Awarded In Sterilization Suit

FRONT ROYAL, Va. (AP) — A 26-year-old electrician who said he didn't want his wife to stop having children has lost his $25,000 suit against a surgeon who operated to make her sterile.

A seven-member jury decided against James E. Williams after an hour's deliberation Saturday in the Blue Ridge mountain town.

Williams argued that Dr. Lyle J. Hansbrough, 42, wrongfully operated on his 23-year-old wife. Williams petitioned for $25,000 on the grounds that Dr. Hansbrough did not receive his consent for the operation.

Mrs. Williams, mother of four, testified that she requested the operation because her children "were coming too rapidly."

Man Stuck In Mud Watches Tide Come Up

BURNHAM-ON-SEA, England (AP) — For 10 hours Brig. John Ross, trapped chest deep in mud on the beach here, watched the tide slowly creep toward him.

When the water was only a yard away, the tide began to fall.

Ross, who sank in the mud after falling off the sea wall yesterday, eventually was rescued by a fire brigade which arrived with ropes and wooden planks.

AT NEWCOMERS' CLUB

New Superintendent Tells Of Changes in Education

Dr. Cecil Yarbrough, superintendent of schools and a newcomer to Snyder himself, was guest speaker Friday at Newcomers' Club.

Certain changes in the direction of education were the topic of his talk. "Whether or not you have children, you have an interest in the community and its schools," he said. Citizens have demanded the new approach to education which takes into account the individual capacities of students, he stated.

He named the Civil War as the time people began thinking of democracy in terms of individuals. At this time, he said, provisions were made to exploit capacities of individuals. This attention to the individual has caused, he said, what some persons think is a "neglect of the fundamentals.

"You the citizens have determined the direction and goals of the educational system," he emphasized, saying that school men have had to broaden the basis of education to include more than merely reading, writing and artithmetic.

He said many facets of education have to be considered and that to neglect one was to jeopardize all.

"How can a child be taught reading, writing and arithmetic if he is not healthy?" the speaker said, naming health as one of the fields where homes and schools share joint responsibility.

CITIZENSHIP IMPORTANT

Citizenship is another field the school has had to enter into, he said, because the responsibility of the electorate is so great today that schools and homes cannot ignore it.

"Student councils are one part of this training for citizenship," he mentioned. "This doesn't mean the students are given liberty without responsibility, but means offering training in making choices," he continued.

Parents have required schools to offer training in social aspects, too, he said. Summing it up, he said, "Teaching the fundamental skills is still the major function of the schools, but unless a child is well-fed, healthy, and a good citizen in class, he cannot learn."

Parents have also asked for schools to enter the field of economics by offering vocational agriculture, shop work, commercial subjects and home making, the speaker said. He said parents expect children to gain a sense of appreciations in schol, and he paraphrased the proverb about hyacinths for the soul being as important for daily happiness as bread for the body. "After all, a sense of values consists of more than knowing the price of things," he continued.

'WHOLE' CHILD CONSIDERED

The superintendent told a story about a little girl for whom school had helped bridge the gap between the child and society. He pointed out how the child's personal problems had to be considered before the little girl would learn. "For school to ignore the problems of the child and to try to educate him is just like giving aspirin to a pneumonia patient."

"The most important part of education is to open the doors of the mind," he said. "There is no substitute for the great and good teacher," he said before reading a passage from Myrtle Humphries' "Heaven in My Hand," a book written in Quaker style about school teachers' trials.

Mrs. Waldo Montgomery, program chairman, introduced Mr. Yarbrough. Twenty - eight persons, including three new members, attended the luncheon. In a brief business session following the talk, it was voted to hold future club meetings at the B&B Steakhouse.

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-5486.

Isn't there a way to test eggs for freshness without breaking them? R.

Yes, and here is the way: Place the egg in a pan of water. If fresh, it will lie on its side. If a few days old, it will tilt upwards. If stale, it will stand on end. If very old, it will float.

* * *

The other day I read a method for separting water glasses that have been stuck inside another. I meant to clip it out, but I forgot it. E.

Pour cold water into the upper glass to contract it, and then immerse the lower glass into warm water to expand it. They can then be separated very easily.

* * *

Here is a hint for the sewing room: Cut the strips containing buttons and button holes from discarded garments and use them under flys in new garments. This will save much time and labor.

* * *

Quite often when one is in a hurry to mail a letter, there will be but one stamp and it has no mucilage on its back. In this predicament all necessary is to moisten the mucilage flap on another envelope, run the stamp over the dampened part quickly, then place on the letter to be mailed.

* * *

How can I remove a broken cork that has slipped down into the bottle? H. W.

Pour in enough household ammonia to float the cork, let it stand for a few days, and the cork will break into fine pieces, which can be removed without difficulty.

Breakfast Honors Miss Durelle Stokes

A breakfast honoring Miss Durelle Stokes, who will be married Friday to Jack S. Gorman, was given recently at the Drake Hotel in Abilene. Hostesses were Mrs. Bill Humphrey of Abilene and Mrs. Brooks Allen of Rotan who will be bridesmaids in the wedding.

Purple and orchid asters were used in the centerpiece carrying out the bride-elect's chosen colors. Purple plastic place cards had names of the 11 guests imprinted in white.

Guests from here besides Miss Stokes included her mother, Mrs. Roy Stokes, and Mrs. J. S. Gorman mother of the bridegroom-to-be.

Mr. and Mrs. D. M. Jordan, Post Highway, were hosts recently at a dinner honoring Donald Huddleston, who is on a leave from the Navy.

Snyder Women to Attend PTA Workshop Tomorrow

A group of Snyder Parent-Teacher Association officers and chairmen will attend a work council at the Big Spring high school tomorrow, to receive leadership training for courses in family living that will be offered here this fall.

Plans for the council are being made by Mrs. Raymond Leggett of Midland, district chairman of education for family living, and Miss Florence McAlister, area supervisor of the home and family life department of the Texas Education Agency. Hosts will be the Big Spring city council of P-TA, led by Mrs. W. N. Norred, president of the council. Consultants will be present from the extension department of the University of Texas, the Home and Family Life department of the Texas Education Agency and the Texas Congress of Parents and Teachers.

The program of education for family living, inaugurated by the Texas Congress of Parents and Teachers, will be offered in every community. As an outgrowth of a feeling of need for guidance in more effective living for both men and women, courses will be available in clothing and feeding the family, family economics and consumer buying, home management home improvement and personality improvement.

Homemakers may attend classes on the home, care of the sick, family leisure and recreation, or child development and guidance. Many of the classes will be held at night so that men can attend.

Snyder women who will take the leadership training offered by the work council include Mrs. Amon Weaver, president of the East Elementary P-TA; Mrs. R. F. Wasson, chairman of the home and family life committee; Mrs. B. V. Gillean, also representing East Elementary; Mrs. Waldo Montgomery, president of West Elementary group; Mrs. L. A. McClanahan, Central Elementary president; Mrs. Lyle Alexander, North Elementary president; and Mrs. E. N. Baker and Mrs. W. W. Adcock, of the city P-TA Council.

TALK OF THE TOWN

BY SUE HOLMES

For almost a month our associates have been showing us editorials, features and news stories about the fact that Lowell S. Trowbridge, a Boston University professor, says the "medan marriage age" for girls has gone down to 20.4 years. He came up with the assertion, too, that the reason girls get married younger nowadays is "they're too lazy to go to work."

For a rebuttal, we choose to quote another paper's editorial writer. He says the girls marry younger because they mingle with men earlier, they are educated sooner (and better), they accept social responsibility and go into marriage not as the soft life the professor visualizes but as a partnership.

Whatever age the girls are when they marry these days, it seems they are already working when the ceremony takes place and few of them plan to "retire into laziness" no matter if they are wed to a walking fortune safe from the clutches of Uncle Sam. Other stistics show that the number of employed in he United States is now almost equally divided as to sexes, And a very heavy proportion of the working women are married.

Bet that's the last time the professor analyzes the median marriage age!

* * *

BILL SEARCY, home from Korea visiting his parents, the W.E. SEARCYS, and sister BETTY brought along a multitude of gfits including Chinese records with record player, a complete fishing tackle, hand-painted pictures, 20 yards of Chinese silk and other articles of silk clothing and such souvenirs as letter openers and serving tray.

* * *

Before long we may have to set up a world map and put colored pages on it to keep up with globe trotting friends. A card from one girl was written after she'd had an audience with the Pope; next day the mails brought a card from Lucerne, and yet another friend writes that life in North Africa isn't so bad

Donald Huddleston Honored at Party

Mr. and Mrs. Aubrey Huddleston were hosts at a party honoring their son, Donald Huddleston, who was home on leave from Portsmouth, Va., where he is stationed with the navy.
