THE SCURRY COUNTY TIMES

VOL. 70, No. 40 | SNYDER, TEXAS, FRIDAY, OCTOBER 1, 1954 | EIGHT PAGES

Ed Converse of Las Vegas, Nev., owner of Bonanza Airways and a strong supporter of President Eisenhower, may be named by Gov. Charles Russell of Nevada to succeed Democratic Senator Pat McCarran, according to speculation in Reno. McCarran died Tuesday night.

Two Projects Scheduled In Kent Field

The SMS-Canyon sand field of Northwest Kent County has drawn locations for two new projects.

Kewanee Oil Co. will drill one of the projects as the No. 1 Girard. It will be 990 feet from north and 330 feet from west lines of section 2-2-H&GN, 14 miles northwest of Clairemont. Contract depth is 6,200 feet, with operations to begin at once.

Bright & Schiff of Dallas are to drill the No. 3 H. L. Casey 13 miles northwest of Clairemont. Location is 330 feet from north and east lines of J. W. Ward survey No. 2. Contract depth is 6,300 feet.

Operations are to begin as soon as a permit is granted. A special permit will be required because the well spacing is less than is required under the newly set field rules.

RE-COMPLETIONS

Woodson Oil Co. has reported a new potential from the Strawn for the No. 1 W. F. Mathis in the Fluvanna - Strawn field of Northwest Scurry County.

The well flowed 180.41 barrels of 41.3-gravity oil in 24 hours on the completion gauge. Production is through perforations at 7,818-824 feet, 7,849½-858 feet and 7,880-886 feet which had been treated with 250 gallons of mud acid. Gas-oil ratio on the test was 496-1, with the flow through an 18-64th-inch choke. No water was present.

The No. 1 Mathis is 2,669 feet from north and 660 feet from west lines of section 537-97-H&TC. It was originally drilled by Fred Goodstein and completed in the Strawn by him. Woodson took over the project to try for dual production from the Strawn and Ellenburger, according to the latest information filed with the Railroad Commission.

Stanolind Oil & Gas Co. has filed a report of a re-completion on its No. 2 O. A. Buffaloe in the Cogdell field of North Scurry County.

The well was pumped 24 hours to make 6.27 barrels of 37.2 gravity oil plus 34.55 per cent water. Gas-oil ratio was nil. The production is from perforations at 6,946-958 feet and 7,012-020 feet. These perforations were treated with 4,000 gallons of acid. The hole has been plugged back from 7,605 to 7,091 feet and five and one-half-inch casing cemented at 7,082 feet. Top of the pay was at 6,905 feet.

The No. 2 Buffaloe is 467 feet

Non-Bachelor Exposed

CHICAGO (AP) — Circuit Judge Maurice J. Schultz has ordered a 52-year-old married man to stop going around proclaiming himself a bachelor. The injunction was issued against Frank A. Palumbo on the complaint of Mrs. Palumbo.

Hoover Warns Reds Peddling Revamped Line

WASHINGTON (AP)—FBI Director J. Edgar Hoover said today U.S. Communists are peddling a new party line based on pretended cooperation with American ideals. But, he asserted, "do not be deceived—the conspiracy is still with us."

"The true Communist party line remains unchanged," Hoover said. "The overthrow and destruction of our constitutional democracy by any and all means at their disposal remains the aim of the Communists."

Hoover discussed the current attitude of the Communist party in a signed editorial in the October issue of the FBI's monthly law enforcement bulletin, which is distributed to law officers throughout the country.

He wrote:

"The Communist party is like a brawler from the gutter, like a dirty boxer who fights with no holds barred. Constantly shifting from the attack to the defense, it feigns weakness and gives ground one moment only to lash out with renewed fury the next. It bobs and weaves and ducks to avoid punishing body blows. More dangerous whenever a chance presents itself, it hits below the belt, gouges an eye and uses an elbow.

"The latest twist in the long frayed line of Communist party dogma, their latest diversionary tactics, claims communism is but a form of socialism—an end and a goal which can be established peaceably and through constitutional means. . . .

"Erecting a false facade of cooperation, the party now says, 'we are ready to work with all Americans no matter what our past relations or present differences may be, to block war and fascism, to save U.S. living standards, to restore free exchange of ideas and debate on the great issues facing the nation. We propose a coming together of all progressive and democratic forces to consult with each other and to make such consultation and working together a habit.'

"The new line bleats for the consumption of those who are gullible that the party advocates a peaceful path to socialism. . . ."

Integregation Gets Setback

By The Associated Press.

Racial integration got a severe setback yesterday in Delaware when the new Milford Board of Education voted to remove 11 Negroes from the previously all-white high school they had been attending since the fall semester began.

The board said it was taking the action "in the interest of the welfare of the children and the community as a whole."

Milford for weeks has been torn with dissension over the segregation question. Negroes were admitted to the high school when it opened, but threats of violence later forced the school to close for a week.

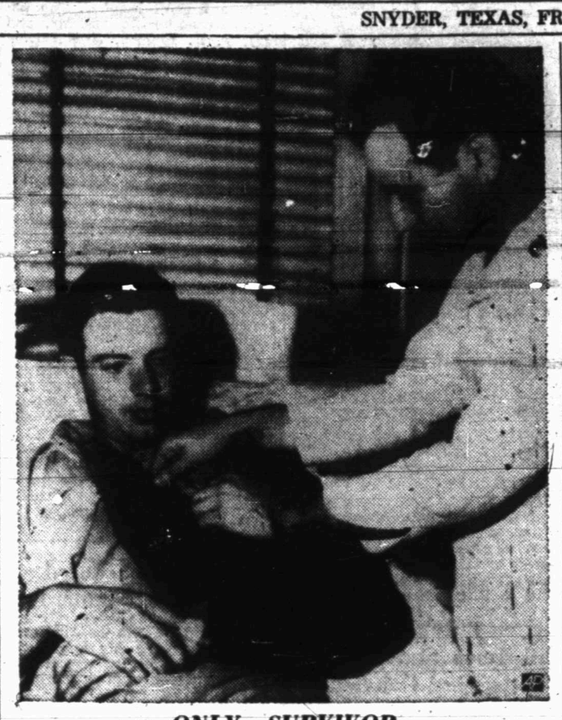

The Milford Board of Education resigned last week after the State Board of Education had critized it for admitting Negroes without receiving prior approval from the state. New board members were sworn in yesterday, and their first action was in voting to remove Negroes from the high school.

About two-thirds of the high school's 1,500 white students have been boycotting classes.

Jury Returns Backfire Verdict In Damage Suit

TULSA, Okla. (AP) — A district court jury backfired yesterday on James Watson, Tulsa, who had filed a $32,500 damage suit against Tulsa City Bus Lines as the result of an accident.

The jurors ruled Watson owed the bus company $71.66 for denting the bus with his car.

ONLY SURVIVOR

Army Medic Sfc. Carlo de Leonardis (right), of Philadelphia, Pa., adjusts sling on Pfc. Frank Goedken's arm at an Army hospital in Sopporo, Hokkaido, Japan. Goedken, from Dubuque, Iowa, is the only American GI to survive the capsizing of the ferry Toya Maru during a typhoon which struck Northern Japan last weekend. Nearly 1,000 persons lost their lives when the ferry capsized.

Batchelor Is Third To Draw Sentence

SAN ANTONIO, Tex. (AP)—Cpl. Claude Batchelor, who volunteered for Army service at 16, faces a life in prison, a sentence imposed by a general Court Martial that found him guilty of collaborating with the enemy and informing on fellow POW's in Korea.

Batchelor has the right of appeal with his case subject to review.

The thin, pale corporal embraced his mother and murmured, "I can take it," when the verdict was returned yesterday after the military panel deliberated his fate for 2 hours and 14 minutes.

Batchelor is the third soldier to be convicted of collaborating with the enemy while a prisoner in Korea. Cpl. Edward Dickenson of Cracker's Neck, Va., was sentenced to 10 years in prison, and last week at Ft. Sheridan, Ill., Lt. Col. Harry Fleming was ordered dismissed from the Army and to forfeit all pay and allowances.

Through his civilian counsel, Joel Westbrook, Batchelor told the board he had nothing to say concerning his conviction. Minutes later his sentence was assessed.

Batchelor, 22, was a prisoner of the Chinese Comunists by the time he was 18 and spent 38 months in their prisoner-of-war stockades. It was in that 38 months of confinement, his fellow prisoners said, that Batchelor took up the Communist line and tattled on other U.S. prisoners.

The Kermit, Tex., youth was one of 23 prisoners who refused repatriation and was one of two prisoners who finally sought United Nations sanctuary. Fear, he testified during his Court Martial, kept most of the other 21 POW's on the Communist side.

He was found guilty on three counts of collaborating with the enemy:

1. He was to have headed a Red-inspired postwar organization of former prisoners.

2. He accused the United States of participating in germ warfare in a letter to his hometown newspaper.

3. He took part in Communist study groups, circulated peace petitions in the prison camp and made propaganda broadcasts for the Chinese Reds.

He was convicted of informing on Pvt. John Megyesi, Farrell, Pa., for possessing a camera and for recommending that M. Sgt. Wilburn Watson, Corinth, Miss., be shot.

He was acquitted on charges of informing on Sgt. John Fields, 30, of Galax, Va., and Sgt. Bill Clark, 28, of Dallas, Iowa.

Batchelor's counsel pleaded that the youth was temporarily insane by reason of brain-washing at the time he collaborated with the Reds. Testimony by civilian psychiatrists and depositions from civilian sources backed up that contention. But Army psychiatrists who questioned him soon after his repatriation and during his eight months confinement here at Fort Sam Houston testified Batchelor was sane and "knew right from wrong."

Former prisoners on whom he was accused of informing testified against Batchelor. Some fellow prisoners, however, said the youth's efforts resulted in better conditions in the prison stockades. Batchelor flatly denied any informing.

Wife Thinks Verdict Harsh

TOKYO (AP)—Mrs. Kyoko Araki Batchelor learned today that her soldier-husband had been sentenced to life imprisonment for collaborating with the Communists in Korea and said she is "determined to wait for my Claude no matter how long he has to stay in prison."

The 25-year-old Japanese wife expressed surprise over the stiff sentence given Cpl. Claude Batchelor for siding with his Communist captors in North Korea.

"The life sentence seems to me to be very, very harsh," she told a newsman. "I know Cpl. (Edward) Dickenson got five years, so I thought Claude would get around the same at most." Actually Dickenson got 10 years.

Mrs. Batchelor was advised of her husband's sentence while she was attending a class in a dressmaking school.

Mrs. Batchelor was a Tokyo cabaret dancer in 1948 when the 22-year-old Kermit, Tex., soldier met her while on occupation duty here. They were married in a Shinto ceremony the following year.

WEATHER

NORTH CENTRAL TEXAS: Considerable cloudiness, scattered showers and thundershowers through Saturday. Not much change in temperature.

WEST TEXAS: Partly cloudy to cloudy with widely scattered showers and thundershowers, mostly in the Panhandle and South Plains and Pecos Valley westward through Saturday. Not much change in temperature.

Bonn Regime Almost Sure Of Political Independence

Big Three Ready To Draw Up Pact

By SEYMOUR TOPING

LONDON (AP)—The western Big Three foreign ministers met with West German Chancellor Konrad Adenauer today to draw up a general agreement—perhaps by nightfall—to end the nine-year-old occupation of Western Germany.

A quick grant of political independence to the 78-year-old Adenauer's Bonn government appeared virtually certain as the nine-nation conference on freeing and rearming West Germany neared its end.

The final success of the complicated negotiations designed to enlist West German troops in a defense alliance against communism seemed assured after delegates agreed in principle yesterday on a compromise plan for controlled German rearmament.

Delegates predicted the conference would end successfully tomorrow.

The delegates will leave behind groups of experts to work out details of the program and to draft the necessary treaties. These would be signed later and submitted to the various parliaments for ratification.

Under the plan, West Germany and Italy will be admitted into an enlarged Brussels Alliance, formed in 1948 by Britain, France, Belgium, the Netherlands and Luxembourg. At the same time, West Germany also would be taken into the North Atlantic Treaty Organization as its 15th member.

Today's meeting on German sovereignty brought together Adenauer, U.S. Secretary of State Dulles, British Foreign Secretary Anthony Eden and French Premier Pierre Mendes-France.

Dulles and Eden were especially anxious to get the sovereignty program underway immediately so as to bolster Adenauer's sagging political stock at home.

The chancellor's strong Socialist opposition, which opposed West Germany's entry into NATO, picked up important votes after France's recent rejection of the proposed European Army plan.

The four ministers had before them recommendations prepared by their committee of experts as a guide for frameing a grant of sovereignty.

Informants said Dulles and Mendes-France appeared ready to go along with a proposal by Eden for an immediate Big Three declaration of intent to wind up the occupation as soon as the control system is prepared.

Meantime, the Allies would restore without delay additional political and economic rights to the Germans, in return for guarantees from Adenauer's government covering:

1. An agreement to work out a common policy with the three occupying powers before entering negotiations with the Russians for a peace treaty and reunification of Germany.

2. Approval of continued Allied administration of West Berlin.

3. Permission for Allied troops to remain in Germany as part of the NATO defense force against Communist aggression.

4. Safeguards against the growth of big industrial cartels and other economic developments which might foster a revival of German militarism.

Adenauer also has indicated he is ready to satisfy French demands for a guarantee that the proposed 12-division German army would never be used independently in any attempt to take over Communist-ruled East Germany by force.

SANTA VISITS LINDA

Little Linda Cargill, 7-year-old leukemia victim, is shown with Santa Claus at a Christmas party in her home in Bettendorf, Ia. The Christmas was arranged for Linda because doctors say she may not live until Dec. 25. She received gifts from neighbors and well wishers from all over the nation.

Court Fight May Come On Steel Merger

WASHINGTON (AP) — The Eisenhower administration may face a court test of its disapproval of a proposed two-billion-dollar merger of Bethlehem Steel Corp. and the Youngstown Sheet and Tube Co.

Atty. Gen. Brownell, in announcing the decision yesterday, said the Justice Department had decided a Bethlehem - Youngstown combination would reduce competition in the steel industry.

Youngstown President J. L. Mauthe replied by voicing the opinion the consolidation would increase competition rather than lessen it. And Bethlehem President Eugene Grance issued a statement saying the companies "are actively exploring what further action may properly be taken to make the merger possible."

"We still feel strongly that the proposed merger would be beneficial from the standpoint of the national economy, national defense, the steel industry and the Bethlehem and Youngstown stockholders," Grance said.

The firms could revise the merger plan, not yet submitted to stockholders, to take advantage of a loophole left by Brownell. His ruling applied to a merger "in the form proposed and under present conditions."

Mauthe's statement indicated also that a court test was being considered. He noted that Brownell's position was based on a 1950 revision of the Clayton Antitrust act "which has not yet been interpreted in the courts."

The 1950 change to which he referred is one which outlaws a merger tending toward monopoly even if executed by the purchase of the assets of a company instead of by a transactions in stocks.

Stanley Barnes, chief of the Justice Department's Antitrust Division, told newsmen recently the department is "anxious" to find a "good merger case" which would provide a court test of the 1950 law.

The administration is known to have studied carefully, from the anti-monopoly standpoint, recent big mergers and acquisitions.

Tax Notices Go Into Mail

Approximately 11,000 statements were mailed by the tax assessor-collector's office yesterday to persons having property in the county assessed for taxes.

The assessment total is about $1,089,762, less relatively minor exemptions of state taxes on homesteads. The figure includes both county and state taxes, the former figured on a rate of $1.08 per $100 valuation, the latter on a rate of 42 cents.

Geral Greene, deputy assessor-collector, said that efforts were made by the office to send statements to mortgage and loan companies in cases in which it was known that taxes on property handled by them were paid by them.

It was impossible, however, to follow this procedure entirely, Greene said, urging that persons whose taxes are to be paid by their loan companies forward the statements to them.

It is important that home owners not delay sending the statements to their mortgage companies if they are to handle the tax payments, he said, for the companies will get no other statements if they have already been mailed to the home owners.

A discount of three per cent is given for payments made in October. A discount of two per cent is made on payments during November, and the discount in December is only one per cent. During January, there is neither discount nor penalty. Penalties begin Feb. 1 and increases monthly thereafter.

City Gets .16 Inch; Clouds Cover State

Light rain and mist kept some cotton pickers out of Scurry County fields this morning. The rain had totaled .16 of an inch by 7:30 a.m., Mrs. D. P. Strayhorn, weather observer, said, and later showers added slightly more moisture.

A maximum temperature of 94 degrees was registered yesterday by Mrs. Strayhorn. The overnight low was 66 degrees and the temperature at 7:30 was 72 degrees.

By The Associated Press

Heavy, rain-bearing clouds hung over much of Texas Friday morning, after squally weather had brought as much as 2.28 inches to parts of the state Thursday.

General rains fell in the north-central portion of the state Thursday night and Friday morning, and south and east Texas reported good showers. Only in the El Paso and Salt Flat areas of far west Texas was the sun visible shortly after dawn.

Victoria had 2.28 inches of rain up to 6:30 a.m. Dallas reported 1.42, with more expected. Ennis, 30 miles south, had 2.1 inches, Fort Worth had .98, Brownsville 1.05, Palacios 1.33, Corsicana 1.28, Houston .42, San Antonio .61, Childress .14, Austin .70, Abilene .17, Midland .02, Junction .58, Waco .40, Corpus Christi .32, Del Rio 1.46, Galveston .54, Wichita Falls .04, San Angelo .22, Lufkin .21, College Station .61, Tyler 1.68 and Cotulla .53. Bonham had 3.20 inches.

Early morning temperatures ranged from 61 degrees at Dalhart to 80 at Corpus Christi.

Other lows include: Amarillo 65 degress, Midland 68, Dallas, El Paso, Wichita Falls, Lubbock and Tyler 69, Brownsville 78, and San Angelo 73, Houston 76 and San Antonio 75.

The stormy weather Thursday figured in an automobile accident in which two persons were killed between Ennis and Waxahachie and in a plane crash near Port Lavaca in which at least one died.

Scores of auto accidents occurred over the state as Texans drove on pavements usually bone dry. State Highway 97 between Fowlerton and Hindes was closed because of a washout at Esperanza Creek, about 6 miles north of Fowlerton.

Forecasts called for temperatures little changed from Thursday's for Friday and Saturday with scattered showers and thundershowers for every section of the state. Thursday's temperatures ranged from a 97 maximum at Presidio to the low maximum of 72 at Dalhart.

Former Solon Doughton Dies

LAUREL SPRINGS, N.C. (AP) — Robert L. Doughton, chairman of the House Ways and Means Committees in the Franklin Roosevelt and Truman administrations, was found dead in bed at his home here today. He was 90.

Doughton, who introduced more tax bills than any man in U.S. history and authored the country's first social security law, retired from politics in 1952 after 42 years as a representative. He since had limited his activities but had made occasional speeches in support of Democratic candidates in North Carolina. He served as the party's national committeeman from North Carolina after retiring.

Affectionately known as "Muley Bob," Doughton—who grew up in North Carolina's mountain country—said he got the name because, "I don't like to change a decision, once made."

Western Powers Cautious In Comment On Russian Proposal

By TOM HOGE

UNITED NATIONS, N.Y., (AP) — Andrei Vishinsky called last night for a step-by-step program of arms reduction with nuclear weapons to be eliminated at the halfway mark. The western Big Three cautiously termed the Soviet proposal a move in the right direction.

Winding up a policy speech of an hour and 40 minutes to the U.N. General Assembly, the chief Soviet delegate submitted a long resolution containing the most detailed and complex disarmament program his government has offered in the U.N.'s nine-year history.

Vishinsky brushed over President Eisenhower's proposal of an atomic pool for peaceful purposes. He said the United States so far has failed to come up with any concrete ideas on atomic weapon control.

The Soviet delegate asked the Assembly to have the U.N. Disarmament commission prepare a treaty for the Security Council providing for this program of arms reduction and elimination of nuclear weapons:

1. Agreement by the nations on total cuts they would make in their arms, troops and military appropriations and the accomplishment of 50 per cent of these reductions within 6 to 12 months;

2. Creation of a temporary international control commission under the Security Council to find out whether the nations are complying with the treaty;

3. The remaining 50 per cent reduction in conventional arms to be made within 6 to 12 months after completion of the first disarmament phase;

4. Manufacture of hydrogen and atomic weapons to cease as soon as the second period for arms reduction begins;

5. During this second period, the nations also would carry out "complete prohibition of atomic, hydrogen and other types of weapons of mass destruction . . . and their complete elimination from the armaments of states." Thereafter "all existing atomic materials are used for peaceful purposes only."

6. Creation of a permanent international control program to check on continued observance of the treaty.

In contrast to his dismissal of the U.S. atoms-for-peace plan, Vishinsky wound up by calling on the disarmament commission to make recommendations on the British-French proposal last June that U.N. members agree not to use nuclear weapons except in defense.

At the disarmament meetings in London last spring, Russia rejected the British-French proposal as a device to "legalize the use of atomic and hydrogen weapons under the pretext of using them in defense."

The Russian proposal brought quick, but guarded, reaction from delegates of the United States, Britain and France. All said they would give it careful study.

America's Henry Cabot Lodge Jr. said he was "glad to see the Russians appeared to be changing their attitude on two important principles "the United States has been trying for years to get the Soviets to accept."

He listed these as: 1. "that nuclear weapons on the one hand, and convention armaments and armed forces on the other, are all related parts of the total picture and must be dealt with in a balanced fashion;" and 2. that "disarmament must be subject to effective inspection and control which will protect the security of all states."

Britain's Minister of State Selwyn Lloyd said he found the Soviet position still obscure but that it appeared Russia "has moved toward our views." He postponed his own policy speech until Monday.

Adult Classes Running Short

More persons may be needed in two adult classes at the high school if the classes are to continue.

Of four classes held two nights a week at the school for adults, two are slightly short and may have to be stopped, unless more persons enroll.

The four courses offered, according to principal T. D. Wiman, Jr., are shorthand, taught by Mrs. N. O. Starr; bookkeeping, instructed by Miss Geneva Marshall; shop, W. A. Mayfield; and typing, Mrs. Clois Henry.

Wiman said there are about 50 persons enrolled in all the classes. Shorthand and bookkeeping are the ones needing more in the class. Classes have already started and are held each Monday and Thursday nights at 7 o'clock at the school for two hours. The courses last 15 weeks. Tuition is $15.

The principal asked any persons interested to contact him at the high school. He said there has been some interest expressed in speech classes and added that if the minimum of 16 persons indicate they will enroll, the class will probably be started.

21 More Indictments Returned In Duval

SAN DIEGO (AP)—The Duval County grand jury has returned 21 more indictments to bring to 101 the total since it began its probe of county and school district finances several months ago.

Names of those indicted yesterday will not be made public until they are arrested.

Two persons were named in one indictment for subordination of perjury; five indictments were returned for perjury, two for theft by false pretext, one for unlawfully paying a poll tax of another, three for advancing money to pay poll taxes of others, and nine for false certificate by notary public.

Formosa On Alert For Possible Air Attack

TAIPEH, Formosa (AP) — This Chinese Nationalist island was on the alert for possible Communist air attack today, fifth anniversary of the Red regime at Peiping.

There was a brief flurry of excitement when an unidentified plane was spotted over Formosa Strait and Pine Hill airport at Taipeh closed for 90 minutes. No Communist aircraft were sighted.

Czechs Set To Release Pair

WASHINGTON (AP)—Communist Czechoslovakia has advised the U.S. Embassy at Prague that 1st Lt. Richard Dries, St. Alban, Lt., New York and Pfc. George Pisk, Austin, Tex., of the U.S. Army, who were charged with spying on Czech territory, will be turned over to American authorities at the German border at Waidhaus at noon tomorrow.

State Department Press Officer Lincoln White said the embassy had reported this development to Washington.

He said the Prague government specified the release point as Rozvadov, which is on the Czech side of the border at Waidhaus, Bavaria.

The two Americans were seized Sept. 17 in the German-Czech border country in the vicinity of Eslarw, Bavaria.

The Czech government sent a note to the United States charging that the men were making photographs, using binoculars, taking notes and making drawings at the time they were picked up, allegedly on Czech territory.

Barkley Raps Ike Regime In Kick-Off

By The Associated Press

Charging the Eisenhower administration with "ineptitude," veteran Democrat Alben W. Barkley of Kentucky has opened his campaign for a fifth Senate term with a frontal assault on Republican domestic and foreign policies.

The 76-year-old Barkley told a rally at Shelbyville, Ky., last night the Republican regime "seems dedicated to big business" as he took aim at Eisenhower administration policies in the farm, labor, business, power and foreign fields.

But in Montclair, N.J., Richard M. Nixon, who succeeded Barkley as vice president, said that "for the first time in 12 years the world is at peace and that's a great accomplishment for the Eisenhower administration."

Nixon, who has been stumping the country for GOP candidates for Congress, spoke at a reception for himself and Clifford P. Case, Republican nominee for the Senate in New Jersey.

The Vice President claimed Eisenhower administration gains in social security and unemployment compensation legislation, and he said: "We believe that we can do these things that help people without socializing America."

Nixon came under attack by Democratic Sen. Olin Johnston of South Carolina who said in Tallahassee, Fla., last night that the Eisenhower administration's second in command has been "disgracing the high office he holds" in campaign speeches.

Johnston said Nixon has been claiming the Eisenhower administration has fired Comunists, fellow travelers and security risks from the federal payroll "by the thousands." But, said the South Carolinian, Nixon's statements do not jibe with sworn testimony of Philip Young, Civil Service Commission chairman. Johnston accused Nixon of using the "big lie" technique.

In Nevada, a Democratic-Republican hassle was developing over the method to be used in selecting a successor for the late Democratic Sen. Pat McCarran, who died Tuesday.

Yesterday, Democratic Atty. Gen. William Mathews held "there must" be an election Nov. 2 to fill the Nevada Senate seat for the two years still remaining of McCarran's term. But the Republicans contend GOP Gov. Charles Russell should appoint McCarran's successor.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Hiram Mahan, Snyder; Mrs. Tommy Welch, Fluvanna; Mrs. Truman Franks, 606 Twenty-ninth Street; Leonard Mason, Hermleigh; Mrs. N. E. Patric, Snyder; Francsico Ramos, Hermleigh.

Dismissals: Mrs. Nan Allen, route 2; Mrs. Lucille Adkins, 500 O'Neil Avenue; Mrs. Toribio Riojas and baby boy, Snyder; Marcelino Ramerez, Snyder; Mrs. Lusann Ortego, Snyder.

COGDELL MEMORIAL

Admissions: J. R. Brown, 1607 Twenty-seventh Street; C. E. Love, 101 Twenty-sixth Street; Bill Stansell, Fluvanna; Mrs. G. C. Sowell, 2106 Avenue R.

Dismissals: Mrs. Fred Crouch and baby, 605 Nineteenth Street; Mrs. Donald Dickerson and baby, Kermit; Mrs. James E. Beggs and baby, Snyder; Mrs. L. J. Brandon and baby, Seminole.

Three From City At Highway Group Session

Three persons from Snyder yesterday attended a directors meeting of the U.S. Highway 180 Association at Carlsbad, N.M.

C. N. von Roeder, vice-president, and Gene Harper, director, could not attend the meeting, but the three attending represented them there. They were W. P. Davis, Harry Holbrook, and C. B. Smith, Jr., all motel operators. Davis is a past director.

Tom Anderson of Carlsbad, president of the group, presided at the meeting, where the 18 to 20 persons attending designated a committee to erect signs west of El Paso promoting travel on Highway 180 heading east. A total of $1,500 was set aside for the committee's use in erecting the signs.

More pedestrians are killed during the hours of dusk and darkness than during the hours of daylight.

HEAD SALES MEETING HERE

Some of the speakers at a sales meeting of the Southwestern Life Insurance Co. here yesterday are shown above. Ernest Sears, right, local representative of the company, was host to about 40 salesmen and executives from the Abilene, San Angelo, and Lubbock territories of the firm. Shown from left are: Bill Dawes, sales training supervisor from Big Spring; Clifton Haynes, sales training supervisor from Abilene; H. L. Skinner, manager of the Abilene district office; R. R. Davenport, company vice president from Dallas; and Sears. (Lee Watson photograph)

OIL

Continued from Page 1

from south and 1,035 feet from west lines of the northeast quarter of section 565-97-H&TC.

AREA WILDCATS

Three new wildcats have been staked for drilling in area counties.

Deepest of the tests will be Texas Gulf Producing Co. of Midland No. 1-Q University in Northeast Crockett County 20 miles south of Big Lake. It is to drill to 10,500 feet to test the Ellenburger. Drillsite is 660 feet from north and west lines of section 14-51-University survey.

Karl Hoblitzelle of Dallas and Delfern Oil Co. of Corpus Christi are to drill the No. 1 L. E. Mitchell in Northeast Hockley County eight miles northeast of Levelland. Location has been made 440 feet from north and east lines of labor 12, league 719, State Capital land survey. Projected depth is 5,200 feet.

Blackwood & Nichols of Midland No. 1 Davis Estate will be drilled 12 miles northeast of Sterling City in Sterling County. It is 2,310 feet from south and west lines of section 19-11-SPRR, and is projected to 1,800 feet with cable tools.

MITCHELL LOCATIONS

Paul De Cleva has filed applications with the Railroad Commission to drill two new wells in the Westbrook field of Mitchell County.

One will be the No. 2-B E. T. Strain, 990 feet from south and 1,275.5 feet from west lines of section 1-28-tln-T&P, six miles southwest of Westbrook. The other is the No. 2-C E. T. Strain, 467 feet from south and 181.5 feet from east lines of section 2-28-tln-T&P, the same distance south of Westbrook. Cable tools are to be used to drill both wells to 3,500 feet, with operations starting at once.

SCURRY COUNTY

Taylor Oil & Gas Co. and G. L. Rowsey have filed a completion report with the Railroad Commission on the No. 3-A Winston Brothers, which is described as a discovery from the middle Canyon and a one-location east extender to the upper Canyon production in the Kelley-Snyder field.

From the upper Canyon, the 24-hour potential was 194 barrels of oil. From the middle Canyon, the project flowed 167 barrels of oil in 24 hours. These figures vary only slightly from potentials reported earlier from the same zone.

The well is in section 11, tract 68, block 1, J. P. Smith survey.

Superior Oil No. 1-537 Mathis in Northwest Scurry County is drilling in lime below 8,112 feet. Texas Crude and McFarland No. 1-288 Brumley in West Scurry County is drilling in lime and shale below 6,898 feet.

DRILLING REPORT

In North Howard County, Texas Pacific Coal & Oil Co. No. 1 Graham has cored from 9,905-929 feet, recovering 15 feet of shale and lime. The lime section was said to have good oil odor. Coring is to continue.

Lytle and Warren No. 2 Frank Stewart, Kent tester, is at total depth of 6,061 feet in sand and preparing to take a potential test on 14 feet of open hole below seven-inch casing cemented at 6,147 feet.

Army Sends Ahead To Rent Mule For Game

ANN ABOR, Mich. (AP) — The Army sent advance parties into an Ann Arbor today. But their motive was embarrassing.

The Army, which faces Michigan on the football field tomorrow, has a common mule for its mascot. An officer was sent from headquarters at West Point. His objective: to rent a mule for the game.

The regular mascot, as usual in away games, couldn't make the traveling team.

Tibbett Pays Fine

VAN NUYS, Calif. (AP)—Lawrence Tibbett, 57, former Metropolitan Opera Co. baritone, paid a $263 fine yesterday after pleading guilty to a charge of drunk driving. He was arrested last Tuesday night after a minor accident.

Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, *never* take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make repeated doses seem needed.

When you are temporarily constipated, get *sure* but *gentle* relief—without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is *one of the finest natural laxatives* known to medicine.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable, satisfying relief of temporary constipation for every member of the family. Helps you get "on schedule" without repeated doses. Even relieves stomach sourness that constipation often brings.

Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

BIRTHS

Cpl. and Mrs. Aubrey M. Blalock are the parents of a son, Aubrey M., Jr., born September 22 in a Kermit hospital. The paternal grandparents are Mr. and Mrs. T. E. Blalock, 3005 Avenue N.

Cpl. Blalock is serving with the U.S. Air Force in France.

Mr. and Mrs. Bilby Wallace of Clairemont are the parents of a son born Wednesday afternoon in the Methodist Hospital in Lubbock.

Mr. and Mrs. Homer R. Hurst of Snyder are the parents of a son born at 10:58 p.m. Wednesday in a Sweetwater hospital.

Mr. and Mrs. Tommy Welch of Fluvanna are the parents of an eight-pound son born at 8:30 p.m. yesterday in Battenfield - Jones Clinic-Hospital.

Mr. and Mrs. James Shipman, 1409 Twenty-second Street, are the parents of a son weighing five pounds, six ounces, born at 11:40 p.m., Wednesday in Battenfield-Jones Clinic-Hospital.

Mr. and Mrs. G. C. Sowell, 2106 Avenue R, are the parents of a daughter born in Cogdell Memorial Hospital at 8:24 p.m. yesterday. She weighed seven pounds, seven ounces at birth.

Recruiters Scheduled To Be Here Tomorrow

Recruiters for both the Air Force and the Women's Air Force will be here tomorrow to recruit and give information to prospective recruits.

The recruiters are Sgt. Minnie Freeman, and Master Sgt. W. W. Smith, both of the Abilene Air Force recruiting main station.

Jail Term Starts On Bootlegging Conviction

Earl Finnell, 63, Snyder Negro, began a 30-day jail sentence yesterday afternoon on conviction of bootlegging.

He pleaded guilty to the charge Sept. 15, and the case was taken under advisement by the county judge, the sentence being assessed several days later. In addition to the jail sentence, he was fined $100 plus cost of $23.50.

Safety Meeting Held

Employes of the B&H Well Servicing Co. held their monthly safety meeting at the Ranch House last night. About 35 persons attended the program, centered on accident prevention.

Dear Mom—

Oct. 1, 1954
Any College,
Any, Town, USA

Dear Mom:
I have finally gotten back to the old school routine again. Some of the old faces are gone but quite a few of last year's bunch are back.

I wonder what has happened to Bill Smith and Charlie Jones? What college did they go to? Please let me know what is happening in Snyder. I wish that it were possible that you could write me every day, but I know that you would not have the time.

Well — write me as soon as you can. Say — just had an idea, how about sending me the SNYDER DAILY NEWS while I am in school. It sure would help me keep up with all the news from home.

Love,
Jimmie

Dr. W. H. Melching, right, assistant director of the department of psychology at Texas Tech, speaker for the AAUW dinner last night, is shown with his wife, left, and Mrs. O. M. Fowler, president of the AAUW chapter. Dr. Melching holds a Ph. D. from the University of California and was a director of research at the Primate Laboratory at the University of Texas before joining the psychology department at Tech. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

Mental Hygiene Principles Outlined At Banquet Here

By ALINE PARKS

The principles of mental hygiene were outlined by Dr. W. H. MELCHING when he addressed a group of more than 100 women at the American Association of University Women dinner last night.

There is no easy way in which to define mental hygiene or to state its exact qualities, Dr. Melching said. It might be said to be the prevention of inadequate adjustment and the maintenance of a healthy mind. This leads, logically, to another and more difficult problem — that of keeping the healthy mind.

Inadequate adjustments, which lead to mental imbalances, arise chiefly from childhood experiences and the culture in which we live, Dr. Melching continued. The process of learning and "growing up" in childhood is a constant series of frustrations. The child must be taught that he cannot, for example, eat certain things, play with objects which are forbidden to him, or do other things contrary to his parents' wishes. Unless the child is properly disciplined and made to understand that his actions and not he himself are being rejected, the child develops hostility which can continue throughout his life, Dr. Melching explained. A child who feels he is not accepted and loved may see parental authority in all forms of authority and rebel against any attempt to give him guidance, advice or refuse to take instructions when it is necessary.

Frustrations from childhood experiences are normal reactions, Dr. Melching said. It is important that the child be permitted to express the hostility which results from these frustrations and that he be helped to make the proper adjustment. The child needs a feeling of security, he continued, one in which he knows he is loved.

The culture in which adults live probably contributes more immediate problems then childhood experiences, Dr. Melching said. A study of our culture is therefore important because the person striving to make a satisfactory adjustment must recognize the forces in the culture which present problems and see what is considered a normal reaction. The individual is then better prepared to understand an abnormal reation.

Competition is important in our lives because our culture stresses it in every phase of our lives, Dr. Melching continued in explanation. We are constantly under pressure to "get ahead," "get on top," and prove that we are of equal or superior ability and ingenuity. Everybody thus becomes the real or imaginary competitior of everybody else. This struggle generates a normal fear of the competitior and a fear of retaliation, the speaker continued, and fear in turn generates hostility.

As the hostility grows, human beings develop an intensified need for affection, Dr. Melching said, and through the expression or receipt of affection the individual finds a release from his tension.

As an individual tries to "get ahead," he may find that he has contradicted his ideals of fair play or other ideals, Dr. Melching said. To work toward a solution of this unhappy mental state, six steps were suggested:

First, learn to face reality. Learn to see circumstances as they are, not as you would like them to be or as you wish they were.

Second, admit or acknowledge your personal limitations.

Third, recognize the conflict. Realize that it does exist and then of what it consists.

Fourth, be less critical of the motives of others and of yourself. Accept people at face value without theorizing on what might be their motives. Don't search for a hidden motive in your own mistakes or dwell too long in regret for them.

Fifth, learn to be able to postpone gratification. Learn to wait for the proper time and circumstances to satisfy your desires and to better control yourself.

Sixth, be yourself. Stop trying to be what you think you are or would like to be. When you act normally, you will need no emotional defense for your conduct.

Before Dr. Melching's address, Mrs. O. M. Fowler, president of the Snyder AAUW chapter, introduced the officers and commitee chairmen of the organization. Mrs. E. A. Brooks, program chairman, gave a resume of programs planned during the coming season. The AAUW chapter is endeavoring to bring a series of outstanding speakers here this season, she said. Those already on the program include Mary Katherine McDougal of Abilene, Gaylan Collier, head of the speech department of Abilene Christian College in Abilene, and a teacher who worked abroad under the exchange program. New members will be welcomed by the AAUW chapter, Mrs. Brooks added.

Cornel Wilde Takes Few Punches At Star System

By BOB THOMAS

HOLLYWOOD (AP)—This may be counted as treason among his fellow actors, but Cornel Wilde the producer is taking knocks at the star system.

You used to know this Wilde fellow solely as an actor. But, as all performers must, he got the urge to be a producer. Unlike most performers, he got the moola as well as the urge.

With his own company, Theodora, he whipped up a deal with Security Productions, comprising producer Sidney Harmon and writer Philip Yordan. They worked up a tough gangland script called "The Big Combo." Then Allied Artists, which is making attractive deals for creators like John Huston and William Wyler, wanted in. That allowed more money and the picture broadened in scope.

Wilde assigned himself and his wife, Jean Wallace, to top roles. He added a cast including Richard Conte, Brian Donlevy, Helen Walker and a platoon of Hollywood's better character actors.

"Some of them are coming in for one day's work at $1,000," Wilde the producer remarked. "Most actors with a name wouldn't take a one-day job. But we're offering them something they like—the chance to do a good part. An actor will make concessions if he thinks he'll have a good scene in which he'll stand out."

And that's where Cornel got up on his soapbox.

"Too many pictures are ruined by the ego of stars," he remarked. "They demand all the scenes and want all the attention focused on them. The result is a picture in which one or two persons are brightly lighted and surrounded by a group of shadow or cardboard characters.

"I think the public resents this. They would much rather see a picture with 20 or 30 characters which they could recognize as real human beings."

Wilde has a point there. I can recall one recent big Western that was ruined by the ego of its female star.

Wilde is showing remarkable restraint in his double capacity. In fact, his co-producer Harmon complained that Wilde the producer has been taking scenes away from Wilde the star. No, I couldn't believe it either, but Harmon claims it's true.

"I don't care," said Wilde with abandon. "I still have plenty of good stuff in the script."

Wilde would admit that he has as much ego as any actor, but he has a level-headed approach to the star system. His career was not exactly flourishing when he went into the DeMille Epic, "The Greatest Show on Earth." Although he had to share the screen with a half-dozen other stars, Wilde made his scenes count. the result: his career was on sounder ground than ever.

"My salary per picture didn't go up," he said. "It was a hundred (thousand dollars) before, and it was a hundred after. But there was a much better choice of scripts to pick from."

GIFT APRONS!

Little aprons, so easily made from a minimum of fabric will make your cooking spirits zoom! So perfect to trim in ric-rac, braid, tassels or ball fringe to give them the spark!

No. 2073 is cut in one size. Each apron takes only 1⅜ yds. 35-in.

PERSONALS

Mr. and Mrs. Roy Burnam of Reed, Okla., visited last week end in the home of Mr. and Mrs. O. E. Cumbie, 1408 Nineteenth Street.

Mr. and Mrs. C. L. Banks, 1001 Twenty-sixth Street, returned last week from Texarkana where they attended the funeral of her sister, Mrs. J. R. Rutland, a former resident of Snyder.

Mr. and Mrs. W. N. Ford and daughter, Beverly, 3109 Hill Avenue, visited last Sunday in Brownfield with Mr. and Mrs. H. L. Yourk.

Mrs. Zela Hawkins of Colorado City spent Tuesday with Mrs. C. L. Banks, 1001 Twenty-sixth Street.

Mr. and Mrs. J. M. Lewis of Albany spent the week end with Mrs. Banks. Mrs. Lewis is Mrs. Banks' daughter.

Mr. and Mrs. D. D. Dickerson and children of Kermit are visiting Mr. and Mrs. N. T. Lee, 905 Twenty-third Street.

Mrs. Ruth Cartlow and children, Shara Sue and Brent, of Amarillo spent the week end in the home of Mr. and Mrs. W. P. Borum, Merrill Avenue.

Mrs. Jack Warneke and daughter, Paula Dell, of Sweetwater visited Thursday afternoon with Mrs. G. B. Warneke, 507 Twenty-ninth Street.

Mrs. G. B. Warneke and Mrs. Page Harbin were in Midland on business Thursday morning.

Mrs. B. S. Pitner, 712 Twenty-sixth Street, started a two-week leave Sunday to visit her son, Ted Pitner, at Arlington and her sister, Mrs. Mack Hall at Emory. She is to return Oct. 10. Mr. Pitner remained here.

Lost 28 Pounds With Barcentrate

J. Way, Box 19, Route 1, McAllen, Texas, wrote us that 28 pounds were lost taking Barcentrate. The makers have several thousand endorsements from people who have taken off weight with this original grapefruit juice recipe. If the very first bottle doesn't show you the way to take off ugly fat, safely, easily and without backbreaking exercises or starvation diet, return the empty bottle for your money back at all Texas druggists.

INTERNATIONAL DESIGNERS PATTERN

Although Biki's designing talents run the gamut from casual sports costumes to ball gowns of grandeur when she presents her collections in Milan, Italy, this is the first time one of her models has appeared in the International Pattern series. The cut and drape of the bodice and its flattering lines have Biki's magical touch. The new treatment of covered arms and slightly bared shoulders are featured in this model. The back is tucked and draped. The skirt consists of giant box pleats, cinched in with a soft belt in a contrasting color. Couture note: the zipper closing runs down a side seam of the bodice into the folds of one of the pleats. Make it of party material—brocade, taffeta, peau de soie or any of the luxurious-looking fabrics. This pattern is cut to designer measurements, not standard pattern measurements.

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36	26½	37½	14
38	28	39	16
40	30	41	18

Size 12 requires 8¼ yards of 39 inch material for dress and ¼ yard of 39 inch material for contrasting fabric. To order Pattern No. S-238, address International Designer's Patterns, P.O. Box 993, Dept. SX-13, G.P.O., New York 1, N.Y. State size. Send $1.00. Airmail handling twenty-five cents extra. Add four cents, for handling, if paid by check or money order.

POTATO CHEESE CROQUETTES
. . . snappy dish made from leftovers

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5488.

Perhaps your family has announced that potatoes are a "must" on the daily menu and you are bored with fixing them the same old ways.

Concentrate your recipe prowess on the spuds, and serve them simply with sliced cold meat. These Potato Cheese Croquettes are the answer to something fillingly different and they go well with practically anything else you have on hand.

POTATO CHEESE CROQUETTES

2 cups cold (leftover) mashed potatoes
1 egg, beaten
1 cup grated Cheddar cheese
Salt and pepper to taste
½ cup fine dry bread crumbs
½ cup milk

Break up potatoes. Beat egg in blender, electric mixer or with rotary beater until frothy. Add potato pieces gradually, beating at medium speed until well blended. Stir in cheese, salt and pepper. Shape as desired. Dip into crumbs, then into milk and again into crumbs. Fry in shallow, hot fat until golden brown on all sides. Makes 4 to 6 servings.

20th Century Club Studies Conservation

Faye Harrell, seventh federated club district chairman of water and soil conservation, was guest speaker at the Twentieth Century Club meeting Wednesday afternoon at the home of Mrs. Charles Tyer, Clairemont road. Miss Harrell gave a report of the accomplishments of this district toward conservation and gave a general outline of steps needed to be taken toward further conservation.

The members answered roll-call with their ideas of ways to conserve water.

Mrs. J. L. Crow spoke on the conservation of minerals, which included oil and gas. Conservation of wildlife was the theme of Mrs. H. J. Brice's speech.

Try this casserole if you have roast beef leftover. Cut the meat into two-inch squares and mix it with drained canned tomatoes and drained whole-kernel corn. Add a little basil and allspice and salt and pepper to taste. Bake, covered, in a moderate oven until hot.

Proceeds From Style Show Added To Fund

"A Well Known American Woman — Mamie Doud Eisenhower" was the program subject of the Cosmorama Club when it met Wednesday afternoon with Mrs. E. J. Richardson, Jr., 1800 Twenty-ninth Street.

Mrs. W. W. Park reviewed the book, "A Portrait of The First Lady," that was written by Dorothy Brandon.

There was a discussion on the recent style show sponsored by the club. The proceeds from the show enabled the club to add over $200 to the woman's clubhouse building fund.

Mrs. Wade Pipkin was introduced as a new substitute member. There were 22 members and one guest, Mrs. Bill Vestal, present.

Methodist Women Hold Meeting

The Mary-Martha Circle of the First Methodist Church met Wednesday morning to continue its study on India, Pakistan and Ceylon.

Mrs. Bill Vestal was program leader. Mrs. Clyde Godwin, Mrs. Dolores Self, Mrs. Margaret Billingsley and Mrs. John Blum took part in the program, discussing the food, industry, education and population of the countries under study. Mrs. Ned White gave the devotional.

Mrs. John Blum was hostess to the circle. Nineteen members and a guest, Mrs. John Conley, attended.

Want to try your hand at baking French eclairs? Use a standard recipe for cream puffs and drop the batter by spoonfuls onto a baking sheet. Then with a small knife or spatula, shape the batter into oblongs that are about four inches long and one inch wide. Make sure the eclairs are at least two inches apart from each other to allow for expansion during baking.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mrs. D. C. Bentley is to be honored with an open house Sunday on her eighty-sixth birthday. The celebration will be held in the home of Elmer Bentley in this community, with the honoree's sons and daughters as hosts.

Dr. O. W. Carter, Methodist Superintendent for the Big Spring district, is to preach Sunday at the Union Methodist Church. The pastor, the Rev. E. B. Thompson, is to preach at Loraine.

The Rev. and Mrs. E. B. Thompson and Mrs. B. Capps went to Big Spring Tuesday to a temperance rally.

Judy Carruth was feted with a party on her fourth birthday. The party was given in the home of her parents, Mr. and Mrs. Odis Carruth. Cake and ice cream were served to the group after games were played.

The Woman's Missionary Union of the Union Baptist Church met Tuesday with 12 members present. New officers were installed.

A church-wide fellowship hour was held Tuesday night on the lawn of the Union Baptist Church. Supper was spread at 7 o'clock and games were played later. A farewell gift from the church was presented to Mr. and Mrs. John Galyean and Patricia, who are to leave soon for Houston.

Mrs. J. B. Adams visited Thursday in Slaton with Ella Adams, who is ill and staying with a niece, Mrs. Cliff Martin. Mrs. Melvin Vernon of Hermleigh accompanied Mrs. Adams.

A heat-proof platter is a good investment because it saves dishwashing. Meat or fish broiled on it may be brought right to the table.

NEW FORD TRIPLE ECONOMY PICKUP

Look at all the features ONLY FORD gives you— in the three areas where they count most!

World's most versatile pickup—Ford's F-100, 6½-ft. Pickup with 130-h.p. V-8, has a 4,800-lb. GVW rating.

1. POWER

One of the most powerful, compact engines in any Pickup.

New *Power King* V-8 develops its 130-h.p. from only 239 cubic inches of displacement for *more efficient, gas-saving power!* In either V-8 or Six, Ford's Short-stroke design cuts internal friction, gives up to 22% more usable power. Slower piston speeds lengthen engine life.

2. DRIVING EASE

Most comfortable cab ever built. It's DRIVERIZED!

Ford's 3-man *Driverized* Cab has the widest one-piece windshield in any truck. New, woven plastic upholstery . . . exclusive *seat shock snubbers*. Power Braking (Ford *exclusive* in Pickups), Overdrive and *Fordomatic* Drive . . . all at worth-while extra cost.

3. CAPACITY

Biggest spring and axle capacities in any Pickup.

Strong, low-weight construction allows big payload capacities. Highest spring capacities and combined front-rear axle capacity in any Pickup make the 6½-ft. F-100 Pickup the most rugged truck in the ½-ton field. Rated for up to 1,550 lbs. payload.

—And man, what a deal we can give you! Come in today and hear the most realistic price talk you've heard in years.

Tigers Leave For El Paso For Saturday Night Game

Locals Favored In Last Non-Loop Tilt

The Snyder Tigers left this morning for El Paso, where they will hit the field tomorrow night for their third and last non-district game.

District play will open next Friday night at Levelland for the Tigers.

Tomorrow night's game will start at 8 o'clock. The Tigers' opponents are the Silver Foxes of Thomas Jefferson. Eight o'clock at El Paso is 9 o'clock here. Radio station KSNY will be tuned in to El Paso at about 8:45.

Head coach John Conley and his assistants, Horrace Bostick and Hal Battle, will probably be playing every boy on the A squad as much as possible, provided they can get ahead and stay there.

Jefferson is classed as one of the weakest El Paso teams, but so was Ysleta, which played the Tigers a rough game before Snyder finally won 26-12. El Paso High, another team from that district rated below Bowie and Austin of El Paso, last week downed Plainview, a highly-rated member of Snyder's District 3A-1, 13-0.

Because of such things as this, the Tigers left here confident, but not overly so. Although their opponent is said to be weak, the Tigers are ready for anything.

Foxes Lost First Game

Jefferson has played only one game so far this year, losing to Cathedral of El Paso 25-6. In that game, the Silver Foxes were held to only 54 yards rushing to Cathedral's 191. Jefferson completed five of 14 passes for 84 yards, while Cathedral connected for eight out of 13 for 186 yards, losing one on an interception.

Passing, which will probably make up most of Jefferson's attack against the Tigers, was responsible for the Foxes' lone score against Cathedral. Quarterback Juan Vasquez threw that one to back Humberto Valenzuela 49 yards to set up the score, with Robert Rodriguez crashing three yards on the next play for the TD.

If the Jeffs pass plenty, that will probably suit Conley, who must take his team to Levelland to meet the district's top passing eleven next week. Levelland, in two games, has completed 25 of 43, or 58.1 per cent, of its passes for 337 yards. The team is expected to do plenty of passing when district play gets underway.

Jeffs Lost All But Two

Thomas Jefferson, coached by L. C. Humphres, won only two of its nine games last year. The team has five returning lettermen in end Oscar Benavidez, 155, guard Juan Vasquez, 150, guard Rafael Martinez, 150, guard Luis Bustos, 140, and center Hector O'Leal, 140. Only three of those, Vasquez, Martinez, and Benavidez were regulars last year. Benavidez, according to reports, is the heaviest man on the offensive line.

The Tigers have been matched with the Jeffs twice and have won both times. Two years ago, Snyder downed the Jefferson team 21-0, with the Snyder defensive squad holding the El Paso team down to little gain on the ground or in the air.

Last year, the Tigers beat them even worse, 61-0, this time with Jefferson making a net of only 46 yards on the ground and eight in the air on 65 plays, or less than a yard per play. Snyder rolled up 404 yards rushing on the Silver Foxes in that game and completed six passes for 111 yards. The Tigers didn't even have to punt in the game. In addition, they intercepted two Jefferson passes.

Whole A Squad Will Play

If the Tigers get an early lead, which is likely, the younger and less-experienced players on the team will probably put in plenty of time. Last week all teamsters played in the Bowie game. This aids the team both in adding to this year's strength and in working toward a better team for next year. The first players in each position, however, will still get practice in preparation for one of the toughest strings of district games in the history of this loop.

Starters in the game probably will be the same as usual. Playing in the game, however, will probably be

Right ends — Don McNew, 170, and Milton Ham, 165.

Right tackles — Frankie Minton, 230; Jack Partain, 175; and Eddie Joyce, 245.

Right guards — Steve Blair, 155; Hal Holladay, 155, and Gary Hill, 160.

Centers — Doug James, 165; Joe Reaves, 145; and Wayne Shuffield, 170.

Left Guards — James Parker, 175; and Wiley Denson, 185.

Left tackles — Norman Grimmett, 165; George Jennings, 170; and Robert James, 185.

Left ends — Alan Snead, 175; and George Herring, 175.

Quarterbacks — Bernie Hagins, 140; and Powell Berry, 135.

Right halfbacks — Jimmy Bennett, 155; and Gerald Crawford, 140.

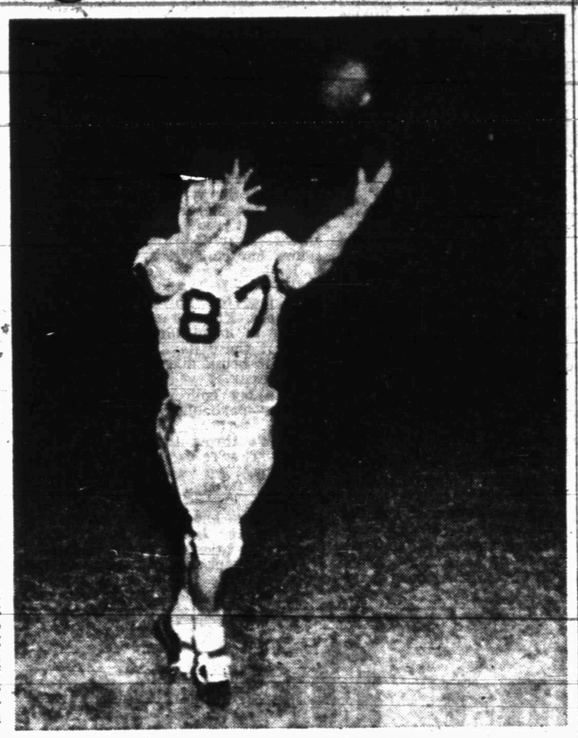

Left halfbacks — Joe Baxter, 175; Claude Stroud, 160; and Tommy Pritchard, 150.

Fullbacks — Jack Spikes, 180; and Carl McDaniel, 165.

Offensive team leaders, so far, have been Hagins on passing, Baxter on rushing, Spikes and Crawford on scoring, Snead on pass receiving, and McNew, Grimmett, Parker, Blair, and Minton on blocking. Defensively, leaders so far have been Berry, McNew, Blair, and Baxter.

All other district teams except Lamesa, which has already played three and gained a 2-1 record, will be playing this week end. All except Snyder play tonight.

Big Spring, with a 2-0 record, will host Ysleta, Breckenridge (2-0) will be at Abilene, Levelland (2-0) will go to Phillips, Plainview (0-2) will be in Amarillo, Sweetwater (0-1-1) will host San Angelo, and Vernon (1-1) will be at home to meet Lawton, Okla.

ONE TOP RECEIVER

Don McNew, first right end for the Snyder Tigers, may be out front, as shown here, to catch passes thrown by Bernie Hagins and Powell Berry against Thomas Jefferson in El Paso tomorrow night. McNew is shown here catching a Berry pass in last Friday night's Snyder win over Bowie of El Paso. So far this season, McNew, Alan Snead, Gerald Crawford, Joe Baxter, and Jimmy Bennett have been pass receivers. (Lee Watson photograph)

Hermleigh, Hobbs In Loop Tilt Tonight

District 6-B play will get underway for the Hermleigh Cardinals and Hobbs Panthers at 8 o'clock tonight in Rotan as the two meet in their annual game.

The game, originally scheduled to be played at Hobbs, was moved to Rotan because of the condition of the Hobbs grid field, which had little water during the summer.

Hermleigh so far has played three games, losing in the first to Rochester 33-12 and winning the other two, 13-9 over Roby and 33-7 over Knox City.

The win over Roby makes Hermleigh a favorite over the Panthers, who lost to the Roby team 6-0 in their first game of the season. The Hobbs team, however, improved after that game and beat Lueders 25-12. It later lost to Rule 45-19 and to Aspermont 19-13.

Ray Isaacs coaches the Hermleigh team, while W. C. Hodges is Hobbs coach. Last year, the two teams tied for third in their district.

Hobbs may have some advantage in Hermleigh's having to switch its backfield around. Kemp McMillan, regular quarterback and veteran, was moved to halfback because of an injured hand. Replacing him at quarterback was Robbie Robinson, who was a regular in the backfield but does not have as much experience. Robinson, however, threw for two touchdowns, ran for two, and made one extra point in last week's win over Knox City, showing capability without experience. He is a sophomore.

Starting for Hermleigh tonight will probably be Neal Wilcox and Clarence Stahl at ends, Gus Tolleson and Tom Etheredge on tackles, Charles Smith and Alvis Tarter on guards, and Jay Houston, center. Robinson will start as quarterback, while other probables in the backfield are McMillan, Wendell Goodman, and Billy Mack Davidson.

Davidson is now scoring leader for Hermleigh with 14 points, while Robinson has 13, Goodman 12, Richard Fritz seven, McMillan and Wilcox six each.

Bynum Miers heads up Hobbs scoring with 21 points, followed by Durward Hooper and Don Etheredge 12 each and Ralph Hardin and Don Hayes six each.

Hermleigh and Bronte, with 2-1 records, lead District 6-B teams in pre-district play, while Loraine is next with 1-2, Hobbs with 1-3, Robert Lee with 0-1, and Trent with 0-3.

Loraine and Trent are playing this week in the only other district game, while Bronte will met Melvin and Robert Lee will take on the Abilene sophomores.

Roby Suffers Loss 31-7

The Roby Lions last night fell to Hamlin 31-7 as James Boyd led the Hamlin team with four touchdowns.

Boyd scored first in the first quarter with a 23-yard run. He went 48 yards for another score in the second period, and 12 yards for a third TD in the same period after a Roby fumble.

Doug Ford scored next for Hamlin with a 48-yard scamper after Hamlin had intercepted a Roby pass. Justin Rowland has added one conversion to the scores, and Hamlin led 25-0 at the half.

In the third quarter, Boyd went 23 yards for another Hamlin score. Roby's only touchdown came early in the fourth when Freddie Stuart moved 26 yards to the Roby nine and on the next play rounded end for the score. Charles Viney ran across the extra point.

Stuart, injured in the final minutes of the game, was taken to the Hamlin hospital for treatment of a leg injury, which was not believed serious.

GAME IN FIGURES

	Roby	Hamlin

ABOVE THE BLEACHERS

By DALE WALTON

Interest these days is getting almost as strong in junior high football games as in high school games.

At least it's that way around Snyder. While the junior highs do not play in any district, they are almost as competitive in sports as high schools.

Junior high teams play a good brand of ball. That's where many good ball players have first discovered they could play and got some of their best training.

Fans can see in the freshman and B team games just as good playing and are missing something if they don't watch them. In Snyder, junior high and freshman games are usually played on Thursday night. If one is not playing here, another team usually is. B games are ordinarily played on Saturday nights.

There has been some talk around the state, but only talk, of the possibility of organizing junior highs into districts in athletics, just as the high schools are organized. That, if it happened, would create more interest. The junior highs would not have to be in districts composed of the same schools as are the high schools, although some persons believe that would be better. A good district locally could be composed of junior highs from Snyder, Lamesa, Big Spring, Colorado City, Roby, and Rotan. Even Hermleigh, Ira, Roscoe, and others could fit into such a district.

SIX-MAN INTERESTING

If you've never seen a six-man football game, you have deprived yourself of good entertainment.

Two schools within easy driving distance of Snyder have six-man tems. Ira, which just dropped from Class B to six-man this year, already has a six-man team and is about to run out of games for the year. It did not get into a district this year. Gail is in its third year and is going strong. That team may rank high in its district this time.

AMARILLO BETTER

Coach Don Mouser of Plainview, who matches his team against Amarillo tonight, believes the Sandies have a better ball club this time than they did last year, when they downed Plainview 18-13.

Mouser said, "From now on it's going to be survival of the fittest," adding that he tried to keep his team away from rough contact work before the El Paso High game to prevent injuries, then he lost to El Paso 13-0. "Injuries or no injuries, we're working hard this week to have the boys ready for Amarillo."

MUSTANG DEFENSE

Coach Pat Gerald was working hard on defense this week in preparation for his game with San Angelo, which has a whole bagfull of offensive patterns. Bobby McNeal, injured Sweetwater teamster, got the cast off his injured back this week but won't begin workouts until next week.

And guess who's showing upon defense there. It's another Feagan. Jimmy Feagan, a sophomore, is an end and comes from a long string of Feagans who terrorize district opponents. There have been numerous Feagans on the Sweetwater team, dating as far back as we can remember, and we think some of the earlier ones who played are the ones now raising more gridders.

B Team Will Meet Loraine Thursday

The Snyder High School B team, which had three open dates, has matched a game for next Thursday night, according to Jack Dillon, coach of the team.

Dillon will take the squad to Loraine for a game with the Class B team.

The B squad now has a 1-1 record. Still on its schedule are games with Colorado City, Sweetwater, Big Spring, and Lamesa B teams.

Aggies Take Houston In Frosh Tilt 31-6

By The Associated Press

Texas A&M whipped University of Houston 31-6 Thursday night in the start of the Southwest Conference freshman football campaign.

Team Records Are Toppling

By The Associated Press

Three undefeated, untied teams maintained their records in a scattering of games last night that launched the biggest weekend of the season in Texas schoolboy football.

Mt. Vernon won the big one, tumbling Atlanta 13-6 in a battle of unbeaten, untied elevens. A 75-yard run by Charley Yates was the payoff punch for Mt. Vernon.

Forest of Dallas, which hasn't been winning much during the past decade, stayed unbowed for the season as the Lions clipped Amon Carter-Riverside of Fort Worth 13-12 in a Class AAAA game.

The Mt. Vernon-Atlanta clash featured Class AA, while Three Rivers beat Karnes City 32-0 to stay with the unbeaten, untied teams in Class A.

Tonight is filled with important battles, the No. 1 attraction being the Abilene-Breckenridge game at Abilene. This one matches the top-rated team of Class AAAA (Abilene) against a power of Class AAA. Port Arthur plays John Reagan of Houston in a Class AAAA fight between undefeated, untied teams.

Levelland and Phillips hook up in the Class AAA feature. Phillips is coming up from Class AA for a swipe at its bigger brother. Arlington plays Weatherford and Nacogdoches engages Jacksonville in other games in which unbeaten teams square off against each other. Weatherford and Jacksonville have been tied, however.

In Class AA Floydada and Paducah meet in the headliner while Class A features the clashes of Midlothian with Mansfield and Grapeland with Groveton.

Fullback Bob Davenport of UCLA carried the ball 113 times last season as a sophomore. He gained 438 net yards for a 3.87 average and scored seven touchdowns.

Southwest Loop Teams In Important Games

By HAROLD V. RATLIFF
Associated Press Sports Writer

Baylor's furious Bears slap at Miami's Hurricane in the Orange Bowl tonight to open an all-out Southwest Conference football schedule of five important intersectional games and the start of the championship race in which Texas Christian lashes at Arkansas.

Baylor is one of four conference teams favored to win their intersectional games. The Bears are 7-point choices over Miami.

Tomorrow afternoon Texas plays Washington State at Austin and Texas A&M tries Georgia at Athens, while night games send Rice against Cornell at Houston and Southern Methodist against Georgia Tech at Dallas.

Southern Methodist will be opening the season—the last conference member to swing into action—and the Methodists are 1-point favorites over Georgia Tech in a game due to draw over 30,000 into the Cotton Bowl.

Texas is given a 23-point bulge over Washington State and Rice is expected to triumph by 20 points over Cornell, but Texas A&M is a 7-point underdog to the unbeaten team at Georgia.

Texas Christian, which leaped into the limelight last week by giving mighty Oklahoma the fight of its short-lived No. 1 ranking, is favored over enigmatic Arkansas. Just what the Razorbacks have can best be shown at Fort Worth tomorrow night against the highpowered Christians. They beat Tulsa 41-0 last week without half trying but Tulsa apparently has only what the little boy shot at.

Baylor faces a team which should be stronger than last season. It has 20 lettermen and a thunderous ground attack. But Baylor is generally conceded to be better, too, and the Bears whipped the Hurricane 21-13 last season. Featuring its sensational Bobby Jones, Baylor is a terrific offensive outfit.

Washington State, with its single wing attack, may make some yards on Texas through its talented passer Frank Sarno, but the Cougars' record doesn't indicate they can handle the big, tough Longhorns, who will be pouring it on in an effort to atone for last week's 21-0 defeat by Notre Dame.

Texas A&M faces a Georgia team with a strong passing attack featuring James Harper and the Bulldogs also are bigger and more experienced.

Cornell lost its first game of the season, unexpectedly, to Colgate and comes to Houston pretty well banged up. Its Bill DeGraaf is a good passer and Rice's pass defense isn't ironclad but the Owl running game should be a wide difference.

Texas A&M-Georgia—The Aggies won't be run out of the park but Georgia should win by two touchdowns.

Two Snyder Elevens Win, One Is Tied

Three Snyder football teams are still undefeated after play last night, but one was tied.

The freshman team, coached by J. P. Ward, was tied by the Lamesa frosh 27-27 after Snyder had led most of the game. Winning their games were the eighth grade over the Sweetwater eighth 26-6 and the seventh over Sweetwater 20-6. The frosh team now has a 1-1-0 record. That of the eighth, coached by Charlie Storrs and Guy Sullivan, is now 3-0, while the seventh, piloted by Roy Carter and Gene Williams, is 2-0.

Playing in Lamesa, the frosh were ahead of the Lamesa team 27-14 in the fourth quarter when Lamesa made two quick touchdowns set up by extensive passing and caught up with them. Israel Hinojos was first scorer for the Snyder team when he took a screen pass from Bud Morgan and crossed the goal line to make the play worth 55 yards. Bobby Staton covered on a run. Still in the first quarter, Staton took four yards for a TD and then ran over the extra point. This put the Snyder team ahead 14-7. Lamesa had scored on a 10-yard pass before the locals tallied.

In the third period, Morgan sneaked through the middle nine yards and then ran the extra point on a sneak. Early in the fourth, Maxey Carey blocked a Lamesa punt, and Arnold Dorman picked it up and ran 15 yards to score. This put Snyder ahead 27-14, but two quick Lamesa scores caught them up. Lamesa excelled in passing and punting. The Snyder team completed three out of six passes, while Morgan doing all the throwing. Hinojos led ground gain, while Bill Jennings, Carey, and Dorman headed up defense. The frosh will host Stamford Oct. 14 in their next game.

Storrs swears his team's win over Sweetwater was luck and that he will work the team strictly on blocking and tackling during the next few days. In that game, Snyder scored on the third play of the game when Mickey McGrew raced 55 yards, dragging a tackler the last five yards. In the same period, McGrew bucked the line for five yards and another score.

In the third, Jimmy Allen took a pass from Richard Mahan and completed a 55-yard play for a TD. In the fourth, Allen made 60 yards on a cutback and scored again. He kicked two extra points during the night.

McGrew headed the running game, aided by Allen, while Wendell Norris, an end, played the best all-around game. The team tried three passes, completing only one.

The seventh grade did not score until the second quarter of its game. On the first play of that period, Alex Cross aerialed to Dick Hayes for 35 yards and a score. Three plays later, after the kickoff, Sweetwater fumbled and Snyder recovered. The Cross-Hayes passing attack worked again for 45 yards and a touchdown. In the fourth, Hayes intercepted a Sweetwater pass and ran it back 65 yards for a TD. Tommy Perales ran two extra points across. Sweetwater's lone score came about two minutes before the game ended, when the "peewees" of the Snyder team were playing. A Sweetwater back swept left end for 95 yards after his team had recovered a Snyder fumble.

The Snyder team completed only the two touchdown passes out of six attempts. Hayes and Perales led the running game, while Eddie Watson, Grover Yost, Perales, and Hayes were defensive standouts.

Next Thursday afternoon, the two junior high teams will be in Lamesa for games, with the first starting at 2:30.

Ira Is Dropped By St. Joseph's 37-20

Ira's six-man footballers last night got a rally started in the second half of their game, but it was too late and they fell to St. Joseph's Academy of Abilene 37-20.

Halfback Gene Prew led the St. Joseph offensive attack against Ira, while Don Gray headed up the Ira six.

Scoring was opened by St. Joseph's on the fifth play from scrimmage when Prew moved to the left, then switched to the right to take the final four yards of a 30-yard drive. Prew had set it up with a 23-yard scamper.

As the first period ended, Ira's Leon Ford punted, and St. Joseph's Bancker Cade returned the punt 60 yards to score. Early in the second quarter, St. Joseph's recovered an Ira fumble 15 yards from the goal line, drew a penalty, and passed 21 yards from Jack Wills to Milton Jennings to get to the Ira two. Don Prew then went through the middle for his team's third score.

Ira got its first county midway through that period when center Earl Clinkenbeard intercepted a pass by Wills and ran it back 30 yards for a TD. The halftime score was 18-6. Soon after the second half opened, Roy Hudspeth rounded right end for the last three yards of a 35-yard drive for a St. Jo touchdown. He also ran across the first extra point of the night. Taking over later on the Ira 22, St. Joseph's tallied again when Hudspeth again swept right end for that 22 yards.

Early in the third period, Gray intercepted another of Wills' passes and carried it back 22 yards to score. Ira converted on a pass from Ferrell Bryant to Leon Ford. Later, Gene Prew raced around left and 52 yards for another St. Jo score but Ira quickly struck back again when Gray, the second man on a double lateral, went down the right sideline 25 yards for the TD. Bryant passed this time to Leon Ford for an extra point.

GAME IN FIGURES

	Ira	St. Jo
First downs	4	5
Yards rushing	59	133
Pass attempts	28	19
Completions	10-77	7-79
Intercepted by	3	0
Fumbles	3	2
Own recovered	0	2
Punts, av.	8-31	4-13
Penalties	1-8	4-40

Five other times Ira got within striking distance but failed to score. The Ira team got to the St. Jo 18 twice, to the 14 once, 11 once, and the five-yard line once.

While Gray led rushing for Ira, Bryant and Tommy Echols led passing. Bryant completed six of 17 tries for 36 yards, Echols four of nine for 41. Leon Ford did all the Ira punting. Rushers included Echols and Ford. Defensive standouts for Ira were Echols, Gray, Clinkenbeard, and Billy Don Farmer.

Cleveland Down In Spirit After Losses

By GAYLE TALBOT

CLEVELAND (AP)—The Cleveland Indians were a poor security risk today, and they knew it. The special train which rolled through the night to bring manager Al Lopez's dejected troops back to the home folks and the third game of the World Series was a very unhappy equipage.

Not only were the once-proud American League champions down 2-0 in games to the surprising Giants, but they were down as well to the third and least vaunted member of their "Big Three" pitching punch, Mike Garcia. They knew they were in bad trouble, and could only hope they were about to come out of the hitting slump which had left 26 of their number stranded on the Polo Grounds bases the last two futile days.

As for Leo Durocher's Giants, they came out of yesterday's convincing 3-1 victory over Early Wynn dead certain they had at least an even chance of closing it out by tomorrow night.

Their second pitcher, young Johnny Antonelli, had throttled the Tribe in the pinches after seeing his first pitch knocked clear out of sight by Al Smith, Cleveland's left-fielder. Today they were going with Ruben Gomez, the sad-eyed Puerto Rican screwballer who won 17 games in his sophomore season. His teammates firmly believe he would tie the Indians in knots.

Seldom, surely, has a World Series seen such an abrupt and early change in fortunes. It is difficult to realize that the Cleveland club, winner of 111 games, opened the series only two days ago as nearly 2-1 favorites. The failure of Lopez's sluggers to hit with men on base has been incredible.

Almost equally incredible had been the success of Durocher's men in that respect. They solved Wynn, the 23-game winner, for only four hits in the second game—half as many as the Tribe socked off Antonelli. Yet only one of them was wasted, and only three Giants died on the sacks.

Fuel Is Added As Oppenheimer Controversy Flames Up Again

By ED CREAGH
(For James Marlow)

WASHINGTON (AP)—The J. Robert Oppenheimer controversy lives on.

In some ways it blazes even hotter than ever, three months after the famous scientist was barred by the Atomic Energy Commission from further access to the government's atomic secrets.

Some high octane fuel has been added to the flames with the publication of a new book, "The Hydrogen Bombs." The authors, James Shepley and Clay Blair Jr., say the United States lagged behind Russia in developing the H-bomb. And they say Oppenheimer, in the days when he was a top scientific adviser to the government, is the man most to blame.

Oppenheimer declines to talk about the Shepley-Blair book. But he has his firm defenders. And two of those criticized along with Oppenheimer in the book—Gordon Dean, former chairman of the AEC, and Dr. Norris E. Bradbury, head of the Los Alamos Weapons Laboratory—say with considerable heat that Shepley and Blair don't know what they are talking about.

All this is not just sound and fury or a conflict of personalities. The row goes to the heart of American science policy and also, maybe even more so, to the heart of that infinitely troubling 20th century problem: security, security—what is it and how do you get it?

The four AEC members who rang down the curtain on Oppenheimer said he was a security risk. They said he had (1) defects of character, and (2) too many friends who were also friendly to the Communists. One of the four expressed the opinion Oppenheimer was disloyal. The fifth member, who has since resigned, found on the contrary that the World War II atom bomb builder was completely loyal.

Shepley and Blair don't dwell on this aspect. They say the point about Oppenheimer is that he was wrong—wrong in opposing an all-out H-bomb development program. In times like these, they say, it may not be criminal to be wrong about so vital a matter—but it is fatal to your country if you are wrong.

Two other journalists who have gone into the matter present a totally different viewpoint. Joseph and Stewart Alsop, writing in Harper's magazine, say Oppenheimer got a raw deal. They call the AEC's handling of the case disgraceful, and they say AEC Chairman Lewis L. Strauss has been out to "get" Oppenheimer for a long time.

Strauss (pronounced "straws," by the way) has made it no secret that he started the process which ended in Oppenheimer's ouster. Now there develops a new angle: Strauss also confirms he tried to stop publication of the Shepley-Blair book. He's a wealthy man, and he offered to buy the manuscript and lock it in his safe for 25 years or so.

Why? "I thought it would be better if the book were not published," is all he will say. But Strauss is one of the heroes of the book. The authors say we might not have the H-bomb yet but for the efforts of Strauss and a few others. Why then should he want the book suppressed? If he was in the market for manuscripts, why didn't he approach the Alsop brothers, who don't—to put it mildly—make him the hero of their piece?

There is more than one mystery in all this strange business. Maybe some of them will be cleared up when, and if the secrecy label is taken off some of the documents in the AEC files. Meantime, as a nation, we'll have plenty of time to ponder the question: What is a security risk, anyway?

Novelist James Street, above, is shown in a jovial mood as he hands out awards at an Associated Press broadcasters meeting in Chapel Hill, N.C. Street, author of "Tap Roots" and other best sellers, collapsed and died from a heart attack shortly after this picture was taken. His last book was "Goodby, My Lady."

Red Farmers Go Technical

MOSCOW (AP)—Ukrainian authorities expect high school graduates of the future will become enthusiastic scientific farmers and machine operators and will stop wanting white collar jobs.

A drastic change in the curriculum of 26 schools in the Ukraine, Russia's richest agricultural area, takes effect today. The program, which the publication Teachers' Gazette calls experimental, extends a similar plan already being tried in the big industrial areas of Moscow and Leningrad.

It provides that students with good records through the seventh grade will receive technical training for 4½ more years instead of taking academic subjects through the 10th grade as heretofore. When they complete their courses, they will receive diplomas listing them as special assistants to agronomists, veterinarians, zoologists, or electrical technicians.

In addition to their school training, they will get practical farm or shop experience during vacations.

Three other schools will train industrial technicians, such as machine operators.

The Ukrainian Council of Ministers said the graduates will "be sent to the appropriate ministry to work in accordance with their specialty."

The drop in demand for white collar jobs is expected to result from the added prestige which the new technical assistants will enjoy.

Risks Life To Rescue Infant

FREDERICK, Md. (AP)—State police today told a story of heroism in which a 16-year-old white youth risked death by entering a burning house at nearby Doubs to rescue a 2-year-old Negro baby.

Mrs. Charles Weedon, 19-year-old mother of the baby, died yesterday in Frederick Memorial Hospital of burns suffered when a can of kerosene with which she was firing a coal stove exploded.

State trooper R. T. Storer said Millard Buckey Lamb heard the explosion and rushed to the frame house to find Mrs. Weedon in flames outside the kitchen.

Storer said the youth, who burned his hands snuffing out the flames on the woman, then crawled on his hands and knees into the burning house after the dying mother mumbled her baby daughter was inside.

Storer said Lamb carried the infant to safety seconds before the walls of the house caved in.

Reds Say Celebration Is Brilliant Affair

TOKYO (AP)—The big celebration honoring red China's fifth anniversary in Peiping yesterday, was according to the Red Radio, a brilliant social affair.

Two thousand Communist officials and a number of foreign diplomats attended.

When Soviet Premier Georgi Malenkov's right hand man, N. S. Khrushchev, got up to make his speech, he started out simply with...

"Comrades!"

This may have seemed just a little too stiff for Red China's top diplomat, Premier Chou En-lai, for when his turn came he began...

"Comrades! Friends!"

But it was Kim Il Sung, the roly poly premier from North Korea who must have stopped the show.

Kim, addressed his audience...

"Comrades! Ladies and gentlemen!"

Business Signs Are Good For October

By SAM DAWSON

NEW YORK (AP)—September has passed with fair marks its tests of providing the start of a "normal seasonal upturn."

Now businessmen are eyeing October to see if it will produce, in higher production, increased sales and more jobs, in the way that September tentatively points.

Hopes aren't too high — none seems to be expecting a real boom. But signs today are good that the seasonal upturn is under way and that this fall, unlike last year's final quarter, will see business working steadily and healthily toward its Christmas peak.

Steel, a basic industry, reports that orders are starting to come in now. Some mills say the orders are better than they had expected.

As a result production schedules are being stepped up. Bethlehem is increasing its production in the Buffalo area. Youngstown Sheet & Tube is resuming output at its Brier Hill works in the Youngstown district.

The steelmen are particularly cheerful because the new demand has come from outside the auto industry. They are expecting that big user of their products to come in shortly with orders for the new models the car makers are putting onto the production lines.

Industrial ordering, in general, increased this month, according to many purchasing agents. This should be translated into increased output in October.

Machine tool makers report that a turn for the better in their industry is traceable in part to the new tax law which offers factory owners better depreciation terms on new tools.

Expectations of improved business in industry apparently has sparked some of the buying of industrial stocks in Wall Street.

The stock market managed to pull through September without the sharp break which so often occurs in that month. On the contrary, industrial stock averages have recovered their August losses and approached the end of the month at new highs for the year.

Railroad stocks haven't been as popular. The railways, in fact, have had poor earnings reports most of this year, many of them operating at a loss. But here, too, the turn may have come. Several roads report business was better in August and September and are hoping that the upturn will continue.

Chemical companies, who found business slow earlier in the summer, report that the turn for them came in August, with September continuing the trend. October orders are reported good, and many are looking for a slow upturn through November at least.

Appliance makers are hoping for a good Christmas trade. Television set makers are talking big about the demand for color sets, with production getting into stride by the end of the year. Demand for black and white sets has been better than many expected.

Oil companies, with their big gasoline selling season on the wane, are talking now mostly about prospects for 1955. Brewster Jennings, president of Socony-Vacuum says his company expects demand for its petroleum products to rise by 3½ per cent next year.

Many stockholders are hoping for good year-end special dividends in their Christmas stockings. Earnings of many companies have stayed fairly good this year. Prospects for better fall business—plus the big cut in federal taxes for some concerns—makes the dividend prospects bright.

HAPPY REUNION

Skoshee, a Korean dog, flashes an enthusiastic tongue and the "lickee" is his master, A-1/c Erwin H. Thormahlen, Jr., of Lombard, Ill. They had a joyful reunion in Denver, Colo., after Skoshee, who disappeared a week before, was found by a veterinarian. Thormahlen, now stationed at Lowry Air Force Base, bought the dog in Seoul.

'Saving' Wife Can Cause Big Problem

By HAL BOYLE

NEW YORK (AP)—I married a string saver.

Some people say there is nothing worse than a spendthrift wife, but a saving wife can give a man some interesting problems, too.

My wife has developed an inability to throw anything away. She saves everything. She even has preserved our marriage intact.

But she specializes in saving string, paper bags, newspapers, medicine bottles and old silk and nylon stockings.

These things pile up in such quantities that every seven years we have to move to a larger apartment, simply to have space to store her collections.

It does me no good to reason with her. If I ask her about the stockings that now overflow three drawers, Frances says, "Oh, I'm going to mend them all at once one of these days."

After being married to a newspaperman 17 years she naturally has a big collection of medicine bottles—particularly aspirin bottles.

"Can't throw them away," she said. "They're useful to take along on trips." But we've got enough to last us through a round-trip to Mars.

We have enough balls of string now in our home to anchor the battleship Missouri, but I no longer dare point this out to my wife. She's a little touchy on this subject, ever since I read her an article that said people who saved string were often stingy.

"Saving string is inherited in some families," she says. "Most everybody in our family starts saving string after the age of 30. My father did, and his father did before him. It's not a sign of stinginess at all. It just shows commonsense. Everybody ought to keep plenty of string handy."

But it is her habit of saving newspapers that causes the most trouble in the house. She saves them everywhere. She folds them and puts them in my desk. She hides them under the beds. She piles them in stacks and puts them behind screens.

The reason she hoards newspapers is that she likes to read old news. She'll reach deep into a stack of old papers, pull out a copy, sit down in the chair, and start reading. Then she says something like:

"My, Shirley Temple certainly is growing up, isn't she?" Or, "Who is this baseball player, John J. McGraw, they are all talking about?"

I hate to do this, but I'm desperate. I simply have to clean out some of that junk. You see I save a lot of things myself, particularly old bus transfers. And there isn't a place in the house where I can find room for my collection.

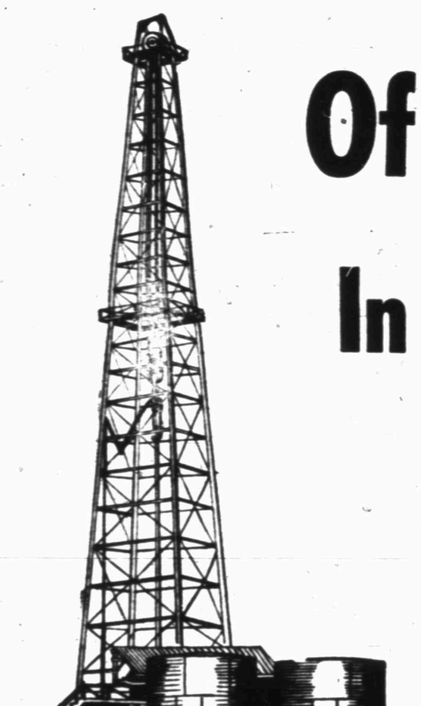

Half of all employed males in the United States are at least 40 years of age.

CHURCH NEWS

REV. W. E. LEE

Rev. Lee To Lead Revival

A week-long revival will open Sunday at the North Side Baptist Church, the Rev. Jack Dean, pastor, said yesterday.

The Rev. W. E. Lee, pastor of the Calvary Baptist Church in Duncan, Okla., will be the evangelist for the meeting. Mr. Lee conducted a revival here about 15 years ago, with the North Side Church organized at the conclusion of that meeting.

Services during the revival will be held at 10 a.m. and 7:30 p.m. daily. Mr. Lee will also speak over KSNY at 4:45 p.m. daily. He will broadcast the closing service of the revival at 7:30 p.m. on October 10. This will be the regular Sunday evening service of the church, which is broadcast each week.

Tent Revival Slated Here

Mr. and Mrs. Harold J. Bollinger of Hardesty, Okla., and Mr. and Mrs. Edwin Waterbury from Katy, Tex., form an evangelistic quartet that will begin a tent revival here tonight.

The revival will be held in a tent next to the Apostolic Faith Church at 2508 Twenty-fifth Street. The Rev. Jacob C. Regier, pastor of the church, is sponsoring the revival. A parking area for cars will be available at the rear of the church property at Twenty-fifth Street and Avenue Z, Mr. Regier said.

Mr. and Mrs. Bollinger and Mr. and Mrs. Waterbury have attended the Apostolic Faith Bible School in recent years. Their work will feature singing as well as preaching, Mr. Regier said, and he has extended an invitation to the public to attend all the services.

To Observe Anniversary

Plans to observe the Golden Anniversary of the Texas District of the Lutheran Church-Mission Synod have been approved, the Rev. Roland Wiederaenders of San Antonio, president, has announced.

The Golden Anniversary committee suggests that Lutherans of Texas gather a $500,000 thanks offering for expansion beginning in February, 1955. The fiftieth year of the organization of the 54,000-member Texas district begins in 1956, but plans call for the offering to be completed by February of that year.

The first church, St. Paul Lutheran Church (Serbin) was organized near Giddings 100 yars ago. In 1882 the Lutheran congregations in Texas became members of the Southern District of the Missouri synod.

Church Here Will Be Host To Youth Rally

The Apostolic Faith Church will be host for a youth rally beginning at 7:30 tomorrow night.

An estimated 30 to 40 young people from churches in Ralls and Big Spring are expected to attend the rally in addition to young people from the local church. Royce Grant of Ralls, president of the youth organization, will direct the rally. The rally will be held in the tent adjacent to the church building at 2508 Twenty-fifth Street, where a revival will also open tonight.

Youth Group To Have Charge Of Services

The Christian Youth Fellowship will have charge of the evening service of the First Christian Church Sunday night.

The program will include a dramatic interpretation of the painting "The Angelus" by Millet. All the youth of the church are to participate in this service, the Rev. Glenn Ricketts, pastor, said.

Schedule Is Changed

New starting times for evening services of the First Baptist Church are to become effective Sunday. Training Union groups will meet at 6:15 p.m. and the evening worship service will start at 7:30 p.m. under the new schedule.

Bishop To Be Speaker

Bishop William C. Martin of Dallas will be the speaker for a district laymen's banquet at the First Methodist Church in Big Spring Tuesday night. About 20 men from the First Methodist Church here are expected to attend.

SERMON TOPICS

"Love Compared to Spiritual Gifts" will be the topic of Ted Norton, minister of the Twenty-fifth Street Church of Christ, at the 10:45 a.m. Sunday service. The sermon is based on I Corinthians 12, 13 and 14. "Memory" is to be his subject at 7 o'clock Sunday night. Evening classes meet at 6 p.m. and morning classes at 9:45 a.m.

• • •

The Rev. Floyd Strickland, pastor of the Avenue D Baptist Church, has selected for his Sunday morning sermon "Beginning With a Clean Slate." "The Testimony of the Lord's Supper" will be his sermon at the evening service.

• • •

"In Remembrance" will be the subject of the Rev. Glenn Ricketts at the First Christian Church Sunday morning as part of the observance of Worldwide Communion Sunday. This will also be the first service in the local church's Loyalty Month campaign.

• • •

The Rev. T. Gerald Cates is to speak on "Duties of Believers One to Another" at 11 a.m. Sunday at the Calvary Baptist Church. At 8:30 Sunday morning he will discuss "God's Wisdom for Man's Asking" on the Word of Life broadcast. The adult Bible class will study "The Four Horsemen of the Revelation" at 10 a.m. For the evening service, Mr. Cates is to speak on "The Forgiveness of Sins."

Reception To Honor Pastor

A reception to honor the Rev. and Mrs. George McDaniel Cole will be held from 3 to 5 p.m. Sunday in the vestibule of the First Baptist Church.

Mr. Cole is the new pastor of the church, and will preach his first sermon in that capacity Sunday morning. Mr. and Mrs. Cole and their four children moved to Snyder from Lampasas, where Mr. Cole was pastor of the First Baptist Church.

The reception Sunday afternoon will be in charge of the special affairs committee of the church.

A goal of 800 persons in Sunday school classes and 300 persons in training union classes has been set for Sunday as a welcome to the new pastor.

CWF Meeting Is Set For Monday Evening

The Christian Women's Fellowship of the First Christian Church will hold its regular general monthly meeting at 7:30 p.m. Monday at the church.

Frances Boren will be the study leader for a program on "My Church — A Source of Creative Living." Mrs. O. R. LaRoux will be in charge of the worship service and Mrs. J. C. Ezell will review the World Call magazine montly article. Mrs. C. C. Miller and Mrs. Hugh Boren, Sr., will be hostesses for the meeting.

Study Series Started At Avenue D Church

A study of the book of Romans begun two weeks ago at the Wednesday night service of the Avenue D Baptist Church has drawn enthusiastic participation, the Rev. Floyd Strickland, pastor, said.

Mr. Strickland is leading the study, which was begun with an introduction to the book through background material. Next Wednesday's lesson will be on the first chapter. The Wednesday night service begins at 7:45.

Works 10 Days After Being Fired From Job

GALLUP, N.M. (AP) — A Gallup watchman — recently fired — has asked the town council for payment for 10 days of work he did after his discharge.

Paul Peck, who is hard of hearing, claimed he didn't understand what was said when told he was fired. He kept working for 10 days. The council is eonsidering the matter.

Premier Is Expelled As Officer In Press Club

ST. JOHN'S, Nfld., (AP)—The Newfoundland Press Club has ousted provincial Premier Joseph Smallwood as honorary club president because he told government workers not to talk to reporters.

The premier on Monday ordered officials to withhold all press statements on "public matters" unless cabinet ministers cleared them.

The press club invited Smallwood to a meeting yesterday to explain the order. Members said he didn't reply and didn't show up.

Today he's out of office—as a Press Club official.

Observance Is Set

Worldwide Communion Day will be observed Sunday at the First Methodist Church. Special music for the morning service at 10:50 a.m. will be an anthem by the choir, "Like As a Hart Desirest the Water Brooks."

Conference Scheduled

A quarterly conference is to be held at the First Methodist Church Monday night, starting at 7:30. Dr. O. W. Carter, district superintendent of the Big Spring district, will conduct the conference.

Naval aviation cadet Manuel H. Hedges, son of Mr. and Mrs. R. M. Hedges, who live in West Snyder, recently made his first solo helicopter flight. He is assigned to a unit at Ellyson Naval Auxiliary Landing Field at Pensacola, Fla.

Shepperd Files FPC Protest

AUSTIN (AP)—Atty. Gen. John Ben Shepperd said yesterday he has complained to the U.S. Supreme Court that a Federal Power Commission order has overridden Texas' conservation powers.

The order was issued Aug. 6 under the Supreme Court's ruling in the Phillips natural gas case last June.

Shepperd cited the FPC order in a supplemental petition seeking rehearing of the Phillips case.

The high court had held in that case that the FPC has price-fixing and regulatory powers over all independent producers of natural gas who sell gas that is later transported interstate.

Texas contends Congress did not intend for independent producers who sell their gas while it is still within the state to be brought under federal control.

Shepperd said such a ruling subjects independent producers to serving at least two masters. He cited in his petition examples of present conflicts where independent producers who attempt to comply with Texas conservation rules must get prior approval by the FPC.

French Say Two Men Let Out Information

PARIS (AP)—Police said two high ranking officials of the French Defense Ministry confessed today to leaking secrets from the National Defense Council. There was no immediate indication who got the leaked information.

Previous announcements during the investigation indicated the top secret information had been transmitted to the French Communist party's high command.

The two men—Rene Turpin, chief of the personal staff of the permanent secretary general in the Defense Department, and Roger laBrusse, chief administrator in the same department—were ordered before the military magistrate investigating the leaks later in the day.

Both held top civil service positions and, as a result, might normally be entitled to be present at meetings of the Defense Council.

Several SMU Students Placed On Probation

DALLAS (AP) — An unspecified number of SMU students have been placed on probation after an investigation of a fight last Saturday night between them and several Texas A&M cadets.

Wayne Longnecker, dean of students, said last night "a letter of apology has been transmitted to the Corps of Cadets at A&M. Restitution for loss and damaged clothing is being made."

Clothing damage of about $50 was reported suffered by one Aggie when he was thrown against the side of an auto during the fight at SMU. The car was damaged slightly.

Arguments Due Today In Trial Of Airman

BRADY (AP)—Arguments were due today in the trial for murder for Airman Jimmy Shaver, charged with the rape-slaying of Chere Jo Horton, 3, July 3.

Attorneys for Shaver rested last night after two Air Force psychiatrists testified the San Antonio airman was insane the night the Horton child was kidnaped.

Douglass Gains Vote

CHICAGO (AP)—Sen. Paul H. Douglas (D-Ill.), seeking reelection for his second term, was assured of another vote yesterday. His daughter, Jean, 21, appeared in the election commission office in the city hall and registered to cast her vote in the Nov. 2 election.

NORTHSIDE BAPTIST CHURCH
16th and Ave. S Jack Dean, Pastor
Missionary-Evangelistic-Premillennial

Allred, Aides Off Wage List

AUSTIN (AP)—The State Board of Insurance Commissioners cut off yesterday the salaries of the general counsel for its liquidating division, Renne Allred Jr., and four of his assistants.

The board said Sept. 18 it had fired Allred. Allred has contended the board has no such power over him.

The move is expected to bring a quick showdown in what is considered a test of whether the liquidating division and its staff are subject to the board or to district courts which order insurance receiverships.

The four besides Allred whose salaries the board refused to authorize were V. F. Taylor, Byron Lockhart, Fred Werkinthin and W. O. Bowers III.

These, with Allred, were declared by a court order Aug. 14 to be under the jurisdiction of the local district courts. The board disputes the order.

According to a researcher, superstitions are becoming more numerous — rather than dying out—in modern civilization.
