# THE SNYDER DAILY NEWS

VOL. 19, NO. 233 SNYDER, TEXAS (79549) TUESDAY, JANUARY 28, 1969 EIGHT PAGES—PRICE 10¢

## The SDN Column

Snyder is the featured city in the January issue of the Suez Shrine Temple's monthly publication, "Suez Scribblings." The front cover of the magazine has a color picture of Snyder's central business district, and the feature article inside plays up the "Sparkle City" theme, along with the coming of American Magnesium.

Mal Andress brought a copy of the book to the newspaper office the other day. It was Andress who made arrangements for the picture and article on Snyder to appear. Several months ago he learned that the Shrine publication was interested in featuring cities and towns where members are affiliated with the Suez Temple. Snyder's turn on the cover came in January.

★ ★ ★

The National Foundation for Highway Safety has issued a list of "quotable quotes" it gleaned from safety bulletins during 1968, and some of them make their points in a rather vivid manner.

For example:

"The best safety device is a rear view mirror with a patrol car in it."

"Speed doesn't shorten the road, but it may shorten your life."

"Many a tombstone is carved by chiseling in traffic."

"The wheel was man's greatest invention until he got behind it."

"The U.S. Government spends $30,000 to investigate an airplane wreck and five cents to check automobile deaths."

"What highways really need is twice the caution and half the speed."

The Foundation is intensifying its appeal for support from clergymen. They feel that the influence of ministers in pulpits can be a decisive factor in promoting highway safety. Their efforts in this direction for this year will come to a climax on Feb. 23, which has been designated as Highway Safety Sunday, the fourth such event to be held. — WACIL McNAIR.

## Today In History

By THE ASSOCIATED PRES S

Today is Tuesday, Jan. 28, the 28th day of 1969. There are 337 days left in the year.

Today's highlight in history:

On this date in 1900, U. S. control in Cuba was ended.

On this date:

In 1596, the English navigator Sir Francis Drake, died on his ship off Panama.

In 1807, Pall Mall in London became the first street in the world to be lighted by gas.

In 1871, Paris surrendered to the Germans in the Franco-Prussian war.

In 1878, the world's first commercial telephone switchboard went into operation in New Haven, Conn. Twenty-two subscribers were plugged in.

In 1809, the U. S. Congress passed legislation creating the Coast Guard.

In 1932, Japanese forces attacked the Chinese garrison at Shanghai.

Ten years ago — Britain and Egypt signed an agreement ending financial differences over Egyptian seizure of the Suez Canal.

Five years ago — Turkey threatened to withdraw from a conference on the political future of Cyprus.

One year ago — The French Mediterranean fleet searched for a French submarine missing with 52 men aboard, and hope faded for a lost Israeli submarine.

## THE WEATHER

SNYDER TEMPERATURES: High Monday, 77 degrees; low, 41 degrees; reading at 7 a.m. today, 41 degrees.

Northwest Texas: Mostly cloudy in north, partly cloudy south through Wednesday. Colder in north, turning cooler in south tonight. A little warmer Wednesday. Low tonight 18 in northeast to 40 in south. High Wednesday 45 in north to 74 in south.

North Central Texas: Partly cloudy in southeast, increasing cloudiness and cooler in west and north tonight. Partly cloudy to cloudy Wednesday. A little warmer in extreme north. Low tonight 36 in northwest to 60 in southeast. High Wednesday 55 in north to 80 in south.

Northeast Texas: Mostly cloudy and warm through Wednesday except slightly cooler in extreme northwest tonight and Wednesday. Low tonight 42 in northwest to 65 in south. High Wednesday 65 in north to 78 in south.

South Central Texas: Mostly cloudy tonight and Wednesday with a few showers near coast and occasional light rain or drizzle in north. Colder in north late tonight and Wednesday. Low tonight 48 in north to 68 in south. High Wednesday 58 north to 78 in south.

Southeast Texas: Mostly cloudy tonight and Wednesday with widely scattered showers with occasional light rain or drizzle. Colder Wednesday. Low tonight 52 to 64. High Wednesday 58 to 68.

Southwest Texas: Mostly cloudy and colder tonight and Wednesday with occasional light rain or drizzle. Low tonight 38 in north to 62 in south. High Wednesday 54 in north to 72 in south.

# Nixon's Marks High In First Conference

By FRANK CORMIER
Associated Press Writer

WASHINGTON (AP) — President Nixon, coming out of his first news conference with high marks, launched a major effort today to win friends in the Democratic-controlled Congress.

Most of today's schedule was devoted to meetings with Capitol Hill leaders, ranging from a sunup breakfast with Republicans, to lunch at the House with members of both parties and an afternoon session at the White House with congressional Democrats.

Nixon also is planning to apply a personal touch as boss of the federal bureaucracy and press secretary Ronald L. Ziegler said before the chief executive is through he will have visited most if not all of the major departments.

After a lunch at the Senate Wednesday, for instance, Nixon will visit the State Department. Later in the week he plans a repeat of his Monday visit to the Pentagon.

Nixon's maiden news conference as President Monday drew high praise from Senate Majority Leader Mike Mansfield and Senate Democratic Whip Edward M. Kennedy of Massachusetts.

"He did very well," said Kennedy.

Mansfield said he was favorably impressed with the "tone, the tenor, the frankness' 'of responses by the President who marked almost exactly one week in office when he went before live radio and television in the East Room of the White House.

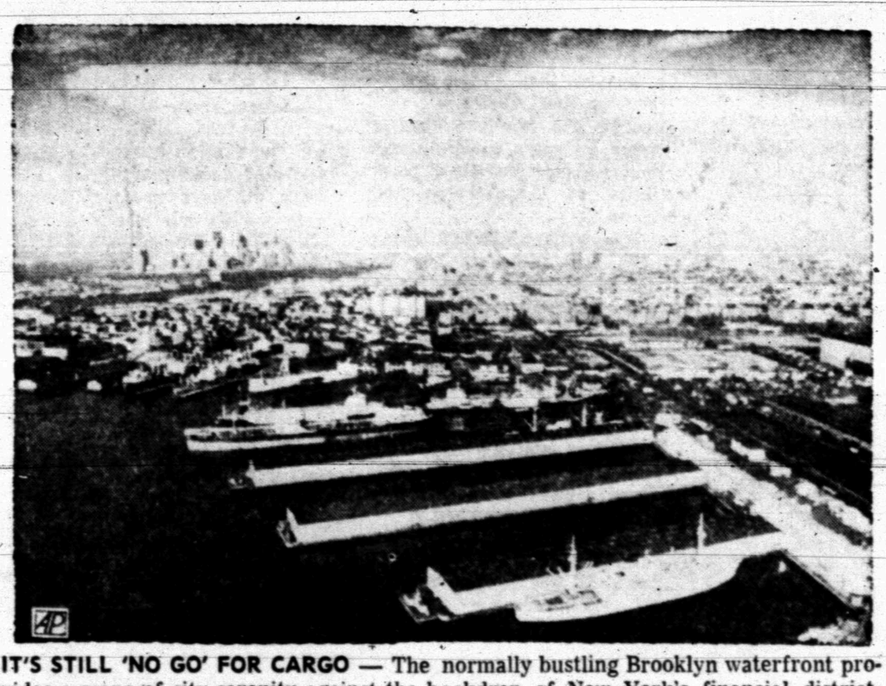

That was the general impression, too, of the more than 450 newsmen who attended—a record for first news conferences by newly elected presidents. Even John F. Kennedy, who was the first to open his news conferences to live television coverage, drew fewer—418—at his maiden appearance Jan. 25, 1961.

Standing before a simple, chest-high microphone, without the lecturn favored by his predecessors and speaking without notes, Nixon quickly overcame slight initial nervousness.

With one hand jammed in a pocket, the other waving for emphasis, the President said the Paris peace talks were "off to a good start" and that the United States planned what he called new tactics there.

"We believe that those tactics may be more successful than the tactics of the past," the President said without further elaboration.

He also indicated a possible move away from the Johnson administration's approach to Arab-Israeli tensions which were based on letting the two sides work out their differences with some kind of United Nations mediation.

IT'S STILL 'NO GO' FOR CARGO — The normally bustling Brooklyn waterfront provides a scene of city serenity against the backdrop of New York's financial district, left background. Strike of longshoremen had been in effect more than a month with 395 ships lying idle in East and Gulf coast ports. (AP Wirephoto)

# Bloody Fighting Near Laos Border

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — South Vietnamese headquarters said today a crack battalion of government rangers backed by U.S. planes and artillery killed 320 North Vietnamese in a bloody battle Saturday and Sunday 18 miles from the Laotian border.

A spokesman said the U.S. bombers and artillery accounted for 200 of the enemy dead. He said 51 rangers were wounded in the engagement 25 miles northwest of Pleiku city, in the central highlands.

U.S. officers said the Communist command has pulled thousands of troops into border areas, apparently waiting to see what happens at the Paris peace talks.

The ranger battalion was reported still sweeping the area today and U.S. B52 bombers unleashed 500 tons of bombs Monday night and today on enemy troop concentrations.

The South Vietnamese reported another battle four miles from the Cambodian border and 54 miles northwest of Saigon early today in which about 400 North Vietnamese troops assaulted the night bivouac positions of a government paratrooper battalion.

By dawn the enemy had been beaten back after a U.S. flareship illuminated their positions for a hail of fire from U.S. helicopter gunships. A spokesman said 23 enemy bodies were found. Two South Vietnamese were killed and several wounded.

A U.S. spokesman said American gunships, bombers and artillery killed another 24 North Vietnamese soldiers and smashed four heavy machine gun positions along the Cambodian border 63 miles northwest of Saigon.

Far to the north, North Vietnamese troops just inside the demilitarized zone shelled U.S. Marines for the first time in more than a month Monday night, but a U.S. Command spokesman called the attack "trivial."

The spokesman said seven Leathernecks were wounded by 25 mortar shells before Marine artillery silenced the North Vietnamese guns six tenths of a mile inside the southern edge of the buffer zone.

The United States believed it had tacit agreement from the North Vietnamese to keep out of the DMZ in return for the Nov. 1 bombing halt, and also proposed guarantees of the buffer zone at the peace talks in Paris Saturday. But so far Hanoi has shown no sign of cooperating although all military activity reported in the zone has been on a minor scale.

The Marine unit that came under fire was 500 yards south of the southern boundary of the DMZ, said the spokesman. It was from the 3rd Marine Division's 4th Regiment. The spokesman said it was the first time the Marines had been shelled from inside the DMZ since Dec. 21.

## More Hangings Planned In Iraq?

BY THE ASSOCIATED PRESS

Iraq's public hanging of 14 men, including nine Jews, on charges of spying for Israel drew widespread condemnation around the world today.

Coupled with reactions of shock and outrage was an Israeli report that another group of Jews was threatened with execution in Iraq, an Arab participant in the June war of 1967. Iraq still has some troops based in Jordan near Israel's frontier.

The Vatican City newspaper L'Osservatore Romano deplored the hangings and said the cause of peace in the Middle East "can only seriously suffer."

Israel's ambassador to the United Nations, Joel Barromi, told Secretary-General U Thant that death threatened another group of jews in Iraq. Thant said he would look into the report immediately.

After the Iraqi government announced that nine Iraqi Jews and five other Iraqis were hanged Monday for spying for Israel, Iraqi Information Minister Abdullah El Samarrai told a news conference in Baghdad that 65 other persons would be brought to trial soon on charges of spying for Israel and plotting against the Iraqi government. Barromi in his warning to Thant possibly was referring to members of this group.

Israel denied that those executed Monday were spying for her and said their only crime was being Jewish. Israeli Foreign Minister Abba Eban in a statement to Thant said the Baghdad government "has perpetrated an act of barbarity which exceeds even what the world has come to expect from a country in which violence and murder have become almost commonplace."

## Evangelistic Campaign Is Launched

A sermon by Dr. Fred Swank climaxed the first session of an Evangelism Conference here Monday evening at the Colonial Hill Baptist Church.

The conference, in which 22 local churches representing half a dozen denominations are participating, launches a series of events which will conclude with the county "Encounter Crusade" in the Scurry County Coliseum on the week of April 27-May 4.

Dr. Swank, pastor of Sagamore Hill Baptist Church in Fort Worth, and Dr. Hubert Bratcher, Superintendent of the Big Spring District of the United Methodist Church, were the featured speakers on the Monday night program. The Rev. Jack Riley, pastor of Avenue D Baptist Church, presided. Prior to the service, organization of a Crusade Choir was begun by Gerald Ray, minister of music at Sagamore Hill Baptist Church in Fort Worth. Dr. John English, pastor of First United Methodist Church, read the Scripture for the service.

A conference of pastors was scheduled this morning. The local ministers were to meet with Dr. O. Bryon Richardson, staff associate for the Evangelism Division of the Baptist General Convention of Texas.

Crusade committees will meet at 7 o'clock this evening at Colonial Hill Baptist Church, with another general service to follow at 7:45 p.m. The Rev. John Bollinger, pastor of Grace Lutheran Church, will read the Scripture for the evening and Dr. Richardson will speak prior to Dr. Swank's message.

## New Trouble Anticipated

By STEPHENS BROENING
Associated Press Writer

PARIS (AP) — U.S. and South Vietnamese officials anticipate three developments from North Vietnam and the Viet Cong in connection with the Paris peace talks.

If they are right, then the Americans and their South Vietnamese allies can expect some difficult moments on the battlefield and at the conference table. But they believe North Vietnam may also be preparing a diplomatic retreat.

The U.S. and South Vietnamese sources give this assessment of the intentions of the North Vietnamese and the National Liberation Front.

1. Hanoi and the Viet Cong will try to inflict some form of military embarrassment on the U.S. and South Vietnamese forces in Vietnam while the negotiations continue in Paris.

There are signs of such preparations in the field, but the sources do not anticipate that the blow will be as heavy as last

## Trapped Miners Moving To Safety

MT. MORRIS, Pa. (AP)—Radio contact with seven men feared trapped deep in a burning coal mine was established today and mine officials said the crew was making its way to safety.

They were among nearly 100 men working in Humphrey No. 7 mine early today when fire erupted near the mine's main portal. All but the seven reached safety soon after the fire was discovered at 6:55 a.m.

Officials of Consolidation Coal Co., the parent firm of Christopher Coal Co. which operates the mine, said radio contact was established with the remaining crew. The men had reached fresh air, the officials said, and were making their way toward the surface.

The mine sprawls under the West Virginia-Pennsylvania line south of here and most of its operations are governed by the West Virginia Department of Mines.

It is about 20 miles northeast of Mannington, W.Va., where 78 miners died in a series of fires and explosions that ripped through another Consolidation-owned mine last Nov. 20.

Early reports indicated the fire was touched off by a roof fall near the mine's main portal.

A total of 405 men work underground in the shafts, while another 150 are employed outside.

## Pacific Northwest Buried In Snow

BY THE ASSOCIATED PRESS

Heavy snows blanketed the Pacific Northwest today. Snow, freezing drizzle and rain slicked highways in much of the mid-continent.

Seven inches of snow piled into Seattle through Monday and up to a foot covered outlying areas and other sections of west Washington. Traffic slowed to a crawl over the city's hills. Some businesses shut down or closed early Monday.

Seattle has plowed through 21½ inches of snow in January, compared with a normal average of 11 inches for the entire winter.

The snows spilling out of a storm system off the Washington coast ranged south over much of Oregon and east through Idaho as well.

A succession of heavy snows combined with continued bitter-cold weather has left drifts so high and hard-packed in some range areas of north-central Washington that cattle were re-

See PACIFIC, Page 2

## Jaycees Pick Donald Tate As 'OYF'

Snyder Jaycees decided to go ahead and announce their "Outstanding Young Farmer" at the Monday night meeting since the state OYF convention is coming up in a little over a week.

The Scurry County OYF honor this year went to Donald Tate, 31, who farms 972 acres northeast of Hermleigh. He will represent Snyder Jaycees at the State OYF Convention Feb. 7-8 at Pampa.

In recent years, Jaycees have announced the Scurry County OYF at the annual Chamber of Commerce banquet here. However, the Chamber banquet this year will be later in the season than usual.

Tate grows cotton, grain sorghum, cattle and hogs on his farm. He also is active in community life, serving on the Hermleigh School board, a director of the Hermleigh Community Center, a member of the Hermleigh Lions Club, the Farmers Union, the Hermleigh Young Farmers and the Hermleigh Church of Christ. He is married and has two sons.

Police Chief Stephen Clark presented the program at the Jaycee meeting on drugs and their abuse, and David Lunsford presented the OYF award to Tate. Other OYF nominees were Jerry House, Wayland Huddleston, Jeff Martin, Terry Nachlinger, Rex Pylant and Julius Roemisch.

New members introduced at the session included Stanley Martin, Bob Cole and Travis Hafter. Guests were Dan Lusby, Robert Kissire, Jesse Creswell, Wayne Rex [illegible] Laughton Taylor.

## Czech Showdown Struggle Looms

PRAGUE (AP) — Leaders of Czechoslovakia's conservative Communist faction beat the woods for domestic allies today in the showdown struggle shaping up with the liberal leaders still in control of the ruling Communist party.

Sources in the liberal camp said the conservatives, assured of the support of the estimated 100,000 Soviet occupation troops, are sounding out the Czechoslovak army and the workers' militia to find out where they stand.

The liberals have the solid backing of the trade unions, the cultural organizations and the students. Although the sources said the conservative feelers have drawn no definite reaction yet, the liberals were said to be far from optimistic about the outcome of the power struggle.

A speech by conservative Deputy Premier Lubomir Strougal, made public Monday night, called on the militiamen to help the Communist party "overcome hesitations, disorientation and disintegration tendencies."

The party's policy-making Presidium met until Monday night to "assess the general political situation." It issued a communique warning that "new provocations" were expected.

Prague remained tense as new reports came in of attempted self-immolations in the wake of student Jan Palach's suicide by fire.

The latest was a 17-year-old boy in Che, close to the West German border. He suffered second-degree burns Sunday before rescuers put out the fire. It was not known whether his motive was political.

There were more confrontations between youths and police on St. Wenceslas Square in Prague Monday, the scene of Palach's suicide. The police briefly withdrew their guard at the statue of Czechoslovakia's patron saint where since Sunday they had prevented youths from placing flowers and candles in memory of Palach. But the police returned in force to disperse new crowds that came to place candles at the spot where Palach burned himself to protest the loss of freedoms under the Soviet occupation.

Ota Sik, the architect of Czechoslovakia's preinvasion economic reform plans, returned to Basel, Switzerland, Monday night and announced he had his government's approval to stay there two or three years.

Sik, one of the chief targets of Soviet criticism before the invasion, was out of the country when the Soviet troops marched in. He took refuge in Switzerland and returned last week for the first time.

BY ABIGAIL VAN BUREN

DEAR ABBY: Is there anything wrong with a man wanting his wife to get all dolled up just for his benefit once in a while? I don't mean every night, but maybe once a week she could get her hair done, make-up her face and put on something sexy, enticing and just a bit revealing for her man. I don't expect my wife to put on a 30-minute strip tease, but what's wrong with giving the old man the "come on" when they're alone in private?

She knows I've never been unfaithful. I'm sober, hard-working, and I give her unrestricted use of the checkbook. We're both in our mid-thirties, have three nice children, and she doesn't work outside the home. Am I wrong? She thinks I'm crazy. Sign me . . .

CASEY

DEAR CASEY: **Your wife is "crazy" if she doesn't jump at the chance to put a little zip into your marriage. here's no excuse for a wife striking out when her man pitches 'em right over the plate.**

• • •

DEAR ABBY: I didn't appreciate that letter from ELAINE lambasting people who send annual newsletters to their friends at Christmas time.

As you have probably guessed, I write an annual newsletter, and must say that I, for one, look forward each year to receiving them from old friends we seldom see but who are often in our thoughts.

I would rather get a mimeographed newsletter at Christmas than a card with the sender's name printed at the bottom. May I defend the newsletter set and lambaste the card senders whose cards are about as personal as the "OCCUPANT" throw-aways we are always receiving. My retort would go something like this:

"Dear Friend, Your Christmas card was received so we know you still have our address.

"It must have come out of the $2.50 box at least. Or are you one of those smart shoppers who waits until after Christmas to buy them at half-price?

"Your message was really original. 'Merry Christmas and Happy New Year!' I bet you really had to burn the midnight oil to come up with something so creative. Glad your name was printed on the bottom. Never could remember how to spell your name. And O, yes, one more thing. My memory isn't as good as it used to be. Who are you anyway?"

Sincerely,
MARGY

• • •

DEAR ABBY: Guess what? You saved my life. I am stationed at a base four miles from Cambodia. This morning at 0830 we received incoming 82MM mortar 40-50 to be exact. I was sitting here reading the Stars and Stripes, turned the page and elected to read DEAR ABBY. I got so interested in it I put off Mother Nature for a few minutes.

Lucky for me. It turned out that the latrine was the center of Charlie Cong's vengeance. So because of your article I am still here. Thank you!

"STILL HERE"

**DEAR STILL: Thanks for writing. You made my day.**

• • •

**Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal., 90069 and enclose a stamped, self-addressed envelope.**

**FOR ABBY'S BOOKLET, "HOW TO HAVE A LOVELY WEDDING," SEND $1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL., 90069.**

## Keep Sharp Watch For Smiling Porpoise

POINT MUGU, Calif. (AP) — "All cruisers—be on the lookout for Peg, a porpoise." said the Navy by radio.

Peg and three other porpoises under study at the biosience facility of Point Mugu's Pacific missile range escaped last week when a storm forced open a gate in their sea compound. The other three were recaptured.

The Navy has been studying the sonar system and tremendous diving power of the porpoises.

How would a sailor recognize Peg?

"She's from the Atlantic and is a lighter grey than those native to the Pacific," said a spokesman. "Besides, she's always smiling."

ported walking across fences and wandering away.

Eastward across the rockies, the weather from the Plains to the Appalachians was a treacherous pattern of snow in northern areas, freezing drizzle in central sections and thunderstorms to the South.

Five inches of new snow coated the Sioux Falls, S.D., area, piled atop earlier accumulations of 18 inches. One-and 2-inch snows ranged from Nebraska to Wisconsin.

Travelers warnings were in effect for much of the region from the south-central Plains through the Midwest.

With nine days of heavy rain ended in California, residents began the task of reclaiming and cleaning up property ravaged by floods and mudslides. The known death toll was 91, with seven other persons missing and presumed dead. Preliminary damage estimates ran to $35 million.

Subzero cold gripped the northern Rockies and Plains and also dipped into portions of the Northeast. Freezing weather nipped parts of the Southeast before dawn.

Temperatures ranged down to 29 below zero at Bozeman, Mont.

Continued From Page One

year's Tet offensive. They believe the attack will be aimed primarily at increasing the American public's distaste for the war.

2. Hanoi and the Liberation Front will use the Paris talks as a forum to enhance the NLF's status and its claim to be the legitimate power in South Vietnam.

This will be the kind of verbal attacks on the Saigon regime that were delivered by the Front during last Saturday's opening session of the full-dress talks. One ranking official said he expected "the other side's propaganda broadsides to play a prominent role in the negotiations for some time."

3. Meanwhile, North Vietnam may begin preparing its own people for an agreement which falls short of the victory promised for so long by the Communist leaders.

South Vietnamese officials put more emphasis on this than the Americans do. The men from Saigon point out what they consider to be a significant change in the terminology used by Hanoi's negotiators.

HEADS NEW COUNCIL — Daniel P. Moynihan, who was named by President Nixon to direct the new Cabinet-level Council of Urban Affairs, is shown meeting with newsmen in the White House. Moynihan indicated the new administration is likely to recommend a partial dismantling of the Office of Economic Opportunity, with its responsibilities going to cabinet departments. (AP Wirephoto)

# Hijackers Force Jet To Cuba

MIAMI (AP) — Twe men, one brandishing a .38 revolver and the other armed with a bomb, hijacked a National Airlines jet over the Florida Everglades today and forced the pilot to fly to Cuba.

It was the second act of aerial piracy on National in five days. A Key West to New York flight was commandeered and taken to Havana Friday by a knife-wielding man who said he was a U.S. Navy deserter.

At 9:10 a.m. EST, the pilot of NAL flight 64, bound from New Orleans to Miami with 25 passengers and seven crewmen aboard, radioed the Miami control tower, "Please be advised we are going to Havana."

The plane was southeast of Tampa when the two men forced themselves into the cockpit. The pilot reported one of them brandished some type of a bomb. The other held a pistol at the pilot's head.

It was the 9th commercial airliner hijacked to Cuba this year.

Rumors that Cuban Prime Minister Fidel Castro was sentencing the hijackers to five years in prison obviously was failing to stem the tide of plane thefts, as U.S. officials had hoped.

The plane hijacked today started its trip from Los Angeles and stopped at Houston en route to New Orleans.

## Mother Makes Jump Holding 2 Children

DALLAS (AP)—A north Dallas woman jumped from the second floor of a flaming apartment house early Monday, clasping her two children in her arms.

Firemen said Mrs. Hattie Williams, 22, was taken to a hospital with undetermined injuries. She was not believed in serious condition.

The two children escaped injury.

Firemen estimated the two-alarm fire at the frame structure caused $10,000 in damage.

## Fire Is Put Out

City Firemen extinguished a trash fire at the John Billy Koonsman ranch about 20 miles northeast of town yesterday. They received the call at 10:25 p.m.

# Admiral Testifies In Pueblo Case

CORONADO, Calif. (AP) — The admiral who had operational control of the USS Pueblo told his story of the intelligence ship's seizure behind closed doors Monday. The Navy then said he would repeat in public Wednesday the unclassified parts of it.

There was no hint of what Rear Adm. Frank L. Johnson, former commander of U.S. naval forces in Japan, testified during an afternoon-long appearance before a Navy court of inquiry.

A Navy spokesman, briefing newsmen, said the testimony was classified but that Johnson would appear at the open hearing for at least two hours and answer questions from attorneys for the Pueblo skipper, Cmdr. Lloyd M. Bucher.

"He will go over what he said in the closed session with classified matter taken out," the spokesman said.

As North Korean gunboats closed in on the Pueblo, Bucher radioed Johnson's headquarters at Yokosuka, Japan, with urgent pleas for help.

"These guys mean business" was one of Bucher's messages.

Johnson will have an opportunity to say publicly whether he considered the Pueblo adequately armed. Bucher said he got .50-caliber machine guns for his ship when he wanted larger .20-millimeter cannon.

During the noon recess, Bucher's attorney, E. Miles Harvey, called a news conference to say Bucher thinks the public is wrong in getting indignant over his treatment by the court.

The court warned Bucher last week that he is suspected of breaking military regulations by surrendering the Pueblo and could be court-martialed."

"The court of inquiry has been completely fair," Harvey said.

"We have received hundreds of telegrams from people indignant with the court. This is simply wrong. It is not a big thing."

Harvey also said Bucher wants to command another ship, adding that Bucher "embodies to me everything you want in a commander and a commanding officer." He said Bucher was in good physical condition, that the hearings "have not been taxing on either his physical or mental health."

Harvey said Bucher has received 300 to 400 telegrams and "we have yet to receive one telegram adverse to the commander's position." In addition it was disclosed that Bucher has been given a private note of support from some members of his crew, written on a piece of the Pueblo's stationery.

Asked by the court to explain his surrender, Bucher testified last week, "It was my intention to surrender the ship rather than have a continuous barrage of fire. . .which would only have resulted in what I considered to be the needless loss of lives."

The Navy has said the court may last another four weeks.

Harvey said Bucher hopes the court will end as soon as there has been a full opportunity for testimony "because he'd like to get on with his job with the Navy. He's anxious to get this show on the road." He said Bucher wants the entire story on the record "to clear any slur that might have existed on his name and to get the facts before the nation."

## Eldon Tipping Gets Army Commission

Eldon G. Tipping Jr. of Snyder, has been commissioned a second lieutenant in the U. S. Army. He is a graduate of the Army Reserve Officers Training Corps (ROTC) program at Texas A&M University, College Station.

Lieutenant Tipping is scheduled to attend the basic infantry officer course and ranger training at the U. S. Army Infantry School, Fort Benning, Ga. He is then scheduled for assignment to the 82d Adjutant General Administration Company, Fort Blagg, N. C.

He is a 1964 graduate of Snyder High School. His wife, Sharon, and mother, Mrs. Eldon G. Tipping, live at Snyder.

# BIRTHS

Mr. and Mrs. Clinton Sellars, 2902 Ave. F, are the parents of an 8 lb. 1 oz. baby boy born Jan 27 at 6:28 p.m.

Mr. and Mrs. Jeff Buescher are parents of a daughter born Jan. 26 in Methodist Hospital in Lubbock. The child weighed 6 lbs. 5½ oz., and she has been named Laura Anne. Mrs. Buescher was formerly Sherry Kee, daughter of Mr. and Mrs. Ralph Kee of Snyder.

Mrs. Koons' gas dryer is so typical...it's impressive!

WASHDAY WISHDAY SALE

With a family of five, Mrs. William Koons, of Dallas, averages 15 loads a week in her gas dryer ...and has for four years! She has yet to spend a cent on maintenance. Remarkable? Nope. Gas dryers are built for that kind of reliability! Mrs. Koons also does each load for about a penny...that's five times less than electric drying. Amazing? Not at all. Gas dryers deliver that kind of economy! Would you like that kind of reliability and economy? Then get a typical gas dryer...It'll really impress you!

Lone Star Gas

BRIDE-ELECT HONORED — Barbara Gracey, right, bride-elect of Kenneth L. Gay, is shown with her mother, Mrs. Howard Gracey, at a coffee and miscellaneous shower Saturday at the home of Mrs. T. W. Holder. Guests called from 10 to 11 and were greeted by Mrs. Holder, the honoree and Mrs. Gracey. Mrs. Andy Russell of Houston registered guests. The serving table was laid with a white linen cloth, centered with an arrangement of red and white carnations. Appointments were of silver. Miss Lynn Shelburne, Miss Gracey's roommate at Texas Tech, presided at the coffee service. Hosteses with Mrs. Holder were Mrs. Ben Wilson, Mrs. Waylen Holder, Mrs. H. E. Kelley, Mrs. Bill Line, Mrs. M. M. Rambin and Mrs. Lesley Shelburne. Miss Gracey and Mr. Gay will exchange wedding vows Feb. 14 at St. Elizabeth's Catholic Church.

## Dance Pupils Present Program For Sorority

Members of Lambda Kappa Chapter of Beta Sigma Phi met Tuesday evening for their regular meeting in the Community Room of Snyder Savings and Loan. An enlightening and entertaining program was brought by special guest Elaine Lambert and a group of her dance pupils. The program consisted of a discussion and demonstration by her pupils on the Ballet and Modern Ballroom Dancing.

The dance students who participated in the program were Brenda Crosby, Cindy Crosby, Mary Jane Buswell, Connie Pollard, Marla Watkins, Cindy Merritt, Tanya Boydstun, Lynn Bollinger, Joanna Hayes and Natosha Bills.

Vice president Carol Cornelius opened the business meeting by leading in the opening ritual. Roll call and minutes of the previous meeting were read by Barbara York.

Guests at the meeting were Della Barron, former member of a Beta Sigma Phi chapter in Lamesa, and Barbara Miller, guest of Marianne Seitz.

Helen Hall, member of the Social committee announced that there would be a Decorations-Making Party at 7:30 p.m. Jan. 28 in the home of Betty Palmer. At the party, members will prepare decorations for the Valentine Dance.

Pam Mengwasser reported the plans for the Valentine Dance to be held Feb. 15 at the Katherine Ryan Cafetorium were coming along nicely. Music at the dance will be provided by a dance combo called the Chanteurs. Members of the Mu Pi Chapter of Beta Sigma Phi of Colorado City will also be present at the dance.

Marianne Seitz, program chairman announced that the next meeting will be Feb. 4. Hostess for the meeting will be Leatha Kelly. Helen Hall and Carol Cornelius will present the program on "Drama." Barbara Bills, Chairman of the Service committee reported plans for the chapter's participation in the March of Dimes campaign.

Following the closing ritual, led by Carol Cornelius, the ladies were served refreshments by Barbara York.

## WOMEN's CALENDAR

**TUESDAY**

B&PW dinner meeting at 7 p.m., Martha Ann Woman's Club with Lida Rhoades giving program on travel and Alene Massingill, hostess.

Toperettes meet at Stanfield cafeteria at 7 p.m. Visitors welcome.

Lambda Kappa Chapter, Beta Sigma Phi meets at 7:30 p.m. in home of Betty Palmer, 313 Thirty-sixth Place to make decorations for Valentine Dance.

**THURSDAY**

Lambda Kappa Chapter of Beta Sigma Phi to participate in March of Dimes Campaign.

**FRIDAY**

Friday duplicate bridge at Snyder Country Club 9:30 a.m. Open.

El Feliz Club meets at 2 p.m. with Mrs. L. O. Bynum, 2703 Avenue V.

**SUNDAY**

Duplicate bridge at Country Club 1:30 p.m. Open.

### Steamed Salad

1 medium or large cucumber
1 green pepper
Romaine
2 tablespoons butter
½ teaspoon salt

Peel cucumber; halve lengthwise; cut out seed portion; slice crosswise into thin crescents. Halve green pepper crosswise; discard seeds and white membranes; cut lengthwise into thin strips. Knife-shred outer leaves of romaine (about ¼-inch wide) to make 4 cups lightly packed. In a 10-inch skillet over low heat, melt butter. Add vegetables and salt and mix to coat with butter; cover tightly and simmer, stirring several times, just until cucumbers look transparent — about 10 to 13 minutes. Serve at once. Makes 4 servings.

## City Council P-TA Meets

A panel presented a program on the topic, "Concerns About Sex Education," at the January meeting of the City Council of Parents and Teachers of Snyder Public School.

Dr. Robert B. Pierce served as moderator for the panel. Serving on the panel were the Rev. John Bollinger, representing the clergy; Mrs. James Wesson and John Short, Snyder High School Counselors; and William J. Schiebel, member of the school board.

Each panelist presented views, problems and ideas derived from his own daily contact with youth and his own research. Each noted that all research material was available to any interested person.

The same program will be presented Feb. 17 at a meeting of the Lamar Junior High P-TA.

Mrs. Bob Morgan presided at the meeting and Rev. Bollinger gave the invocation. Sixteen members were present.

## ABWA In Session

The American Business Women's Association held its regular dinner meeting Thursday night at Carlos' Little Mexico Cafe.

The program was presented by Irene Brooks, Merle Norman cosmetician, on "The Art of Eye Make-Up." Alice Lane served as the model.

The vocation talk was presented by Maxie McNew, manager of the Central Elementary School Cafeteria.

New committee chairmen appointments were read and some committee reports were given. A short business meeting was conducted.

Inez Teaff, president, presided. Hazel Berry gave the invocation and Verna Foree the benediction.

### Walnuu Filling

½ cup shelled walnuts
1-3 cup confectioner's (powdered) sugar
½ cup commercial sour cream
½ teaspoon vanilla

Put the walnuts through a hand-operated rotary-cone device to grate; or grind in an electric blender; there should be ¾ cup lightly packed. Mix walnuts with sugar, sour cream and vanilla. Use as a filling for two chocolate-cake layers baked in round 8-inch pans. Frost cake with chocolate frosting. Chill cake because filling must be refrigerated.

## *Fashions Feature Color Contrasts*

By LUCIE NOEL
AP Fashion Writer

PARIS (AP) — Color contrasts were a big part of the collection of Philippe Venet which opened the official week of Paris spring and summer fashion showings today.

Venet's spring collection is a big bicolor story. His contrasts are often intense. But white is always used to band hemlines, necklines, waistline inserts and frequently a tabbed band stopping at the waistline.

Venet showed swing back fullness in a beautiful group of coats. The backs are cut on circular lines, and the coats are often three-quarter length. He emphasizes pants suits mainly for chic resort and country wear. They are frequently in white or a bright shade, egg or chrome yellow or persimmon or red.

Venet uses white trim on collars and cuffs on pants suits, too.

The simple slender box jackets are fingertip or knuckle length worn over matching or contrasting pants. Underneath Venet likes finely striped jersey or bicolor effects in plain wool. The prettiest jeune fille costume was a scarlet flared skirt with its own little flared wool bolero edged in a three-inch band of white wool in a circular line.

## IT'S---IT'S SUPER-RULE!

ADMINISTRATION FACES FACTS

# Romance and Reality Collide

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — The programs that any government administration must follow aren't always those that appear most desirable. Sometimes they are locked into a course and have no alternatives. Often they must choose the lesser of evils.

Seldom can they take the direct route to solutions.

This is the aspect of any problem that separates the practical world of politicians from the idealists and theorists and extremists, who share a common fault in seeing the possibilities but not the consequences.

Sometimes the idealists are joined by the party out of power in seeing the direct route to solutions. It is in this conflict that much of the criticism of an administration's economic leadership arises.

The most obvious example is in the job-inflation conflict. It is generally agreed that inflation could be conquered by clamping down hard on spending and by making borrowing even more difficult. But at what a price?

The most damaging aspect might be in the loss of jobs. Unemployment now is at a rate of less than 3.5 per cent of the labor force. In order to flatten inflation that unemployment rate might have to go to 5 per cent.

The Nixon administration has gradually made clear that this is an unacceptable alternative. Instead, a midway course is likely to be sought: jobless rate of perhaps 4 per cent and a slower reduction of inflation.

"Consider antitrust activity. Should bigness be equated with badness? To some observers the answer is inherent in the question—bigness is bad. Any administration, however, must question if this concept is outdated.

A study to be released this week by the National Industrial Conference Board, an independent research group, suggests that the bigger companies are more efficient, more productive, than their smaller competitors.

The questions arise: Should industrial efficiency be sacrificed for a theory? Should the most competitive companies be penalized? Should antitrust activity make goods less competitive abroad? Should more inflation be risked?

Regulation of the securities markets presents an especially touchy area. Prominent members of the securities industry readily admit that cause exists for a severe regulatory stance from Washington.

In some respects, it is felt, little less than a revolutionary attitude toward commissions and office procedures and selling practices is required to modernize and strengthen the industry.

But one of the risks in taking an extreme attitude is that confidence in the markets could be undermined, possibly with disastrous results. A more cautious regulatory attitude involves less risk all around.

Confidence in the United States also could be lost by increasing the price of gold, as proposed by numerous authorities. This, automatically, would give more gold backing to the dollar, whose strength lies partially in the fact that it is redeemable in gold.

To do so, however, would damage U.S. relations with nations who have supported the dollar—who have demonstrated confidence in U.S. currency by not redeeming it for gold—and reward those, such as France, which stockpiled the metal.

To every question there is more than one answer. To every proposal there is an alternative. To every action there is a criticism. This is where romance collides with reality, where a new administration faces the facts.

## Junior Editors Quiz on STATUE OF LIBERTY

**QUESTION:** *The Statue of Liberty holds a torch in one hand, but what does she have in the other?*

* * *

**ANSWER:** During the Revolution, France was very helpful to the United States. The two nations have preserved their enthusiasm for the cause of liberty. On July 4, 1884, the French people presented a huge statue symbolising liberty to the people of the United States. Frederic Auguste Bartholdi designed this enormous statue and chose its site overlooking New York Harbor. Measuring 151 feet from her sandals to the top of the torch, the Statue of Liberty is constructed of more than 300 thin sheets of copper, supported by an iron framework. Two spiral stairways wind up from the base to the crown, where there is an observation platform from which 30 people can enjoy a breathtaking view. The torch contains a total of 19 lamps. In her left hand, Liberty is holding a tablet; this is inscribed with the date of the Declaration of Independence. On a tablet contained in the pedestal, the poem "The New Colossus," by Emma Lazarus, was inscribed in 1903. The stirring quotation given in our picture is from the five last lines of this poem.

1-28

*(Sheila Carnes of Switzer, West Va., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)*

# Jumping To Conclusions With Boyle

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Inflation is more actively feared today than is the hydrogen bomb. We have become numbed by the long threat of atomic war and relatively few brood about it. But a lot of people today are brooding about inflation—there is no basement shelter against it.

Most of the people I know who eat wheat germ for breakfast are poor conversationalists.

An old-timer is a guy who remembers when he got a $2.50 a week raise he felt like he was getting up in the world.

Doesn't it make you sentimental when driving through the countryside to come across an automobile cemetery? The battered old derelict vehicles look so ugly and yet so wistful, as does anything that once served a purpose and now no longer does. It seems a shame to see these abandoned old cars which once gave so much pleasure to their owners, rusting forgotten in the rain.

Cars are such status symbols in our civilization that one would think they'd deserve more dignity when they expire. Perhaps we should give our favorite old cars decent burial, put a small monument over them, and plant memorial flowers. In any event, that would certainly help the looks of the countryside.

A friend of ours reports his son in college is flunking chemistry, logic, and political science but doing very well in picket placard designing.

One of the signs that the times are out of joint is that you see more people on the streets talking to themselves than you did 25 years ago. If you take the trouble to listen to what they are saying, you'll find they aren't bragging or praising—they're complaing about something or somebody.

Two of the places where a grown man feels hopelessly inferior to the occasion are a ladies' hairdressing salon and, on Saturday afternoons, a supermarket crowded with women attacking his shins from all directions with those venomous little metal shopping carts.

In each generation one or more occupational groups bears the brunt of public anger, dislike or outright scorn. Around the turn of the century the industrial magnate became the symbol of all evil; in the great depression, a period of many foreclosures, it was the banker. Today it is difficult for landlords or, in some areas, for doctors to win popularity contests.

A wise young man should learn early in life never to marry a woman who insists on dousing herself with too much perfume. Having to pay for the perfume for the next 50 years would be bad enough; having to whiff it all those years would be infinitely worse. A woman should use perfume as an accent, not a bath.

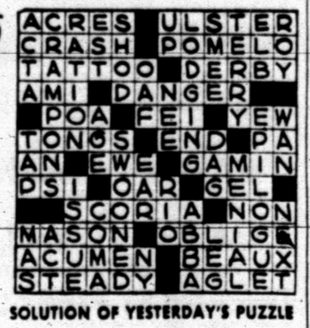

## Buys Insurance Firm

PARIS, Tex. (AP)—Norment & Castleberry, a Paris insurance firm dating back to 1877, has acquired the Jerry D. Cochran Agency here.

## *Bump-Jumper Contest*

PETOSKEY, Mich. (AP) — This community is sponsoring the second national bump jumper contest as part of its winter sports carnival in February. In case you didn't know, a bump jumper is a small stool mounted on a ski about two feet long. The object is to ride it to the bottom of a ski slope.

# Lamar Texans Rip Big Spring Teams

Lamar's 8th and 9th grade basketball teams thumped two Big Spring teams here yesterday. The 8th grade bested Goliad 45-30 and the 9th grade tripped the Brahmas 58-34.

The older Texans outscored [illegible] in every period and never were seriously threatened. David Thompson and Mike Line were high point men with 18 and 11 points respectively. Randall led the Brahmas with nine points.

Lamar 8th also was clearly in command throughout the contest. Jackie Hartsfield roped 12 points for the young Texans. Others who scored included Tim Holder and Jimmy Dyess, 7 points each; Fred Liner 6; Bobby Burleson 4, Jim Waters 4, Henry Ramos 3, and Pate 2. For Goliad, Davis meshed 14 and Steen connected for 10 points.

Lamar 8th will meet Lamesa at 4 p.m. Friday in the first round of the Colorado City Tournament with the tilt to be played in the Junior High gym. The 9th graders also meet Lamesa at 4:30 p.m. in the high school gym.

LAMAR 9TH (58) — Bunch 1-2-4; Line 5-1-11; Wright 3-1-7; Thompson 8-2-18; Spears 1-0-2; Brice 3-3-9; Yearwood 3-1-7; totals 24-10-58.

BRAHMAS (34) — Randall 1-7-9; Shanks 2-1-5; Brock 3-2-8; Stanley 1-1-3; Woods 1-1-3; Carter 1-0-2; Pierce 1-0-2; Jones 1-0-2; totals 11-12-34.

# Triumphant Bruins Are Still No. 1

By BEN OLAN
Associated Press Sports Writer

The powerful UCLA Bruins, again a unanimous choice for first place in The Associated Press' major college basketball poll, take on two teams with opposite records when they return to action on the West Coast this weekend.

Back from a successful two-game stand in the Midwest where they defeated Northwestern and Chicago Loyola to increase their record to 14-0, the Bruins meet California, 10-4, Friday and Stanford, 4-10, Saturday, both games at home.

The Golden Bears may turn out not to be so gentle because they have played well and two of their four setbacks have been by a single point, 70-71 to Cincinnati and 74-73 to Washington. Another defeat was to Purdue, now holding down 14th place in the weekly poll.

UCLA was named the top team by all 38 members of the AP's national panel of sports writers and broadcasters in the latest balloting based on games through last Saturday.

North Carolina, which faces Maryland, 5-10, Saturday, in its only game this week, remained in second place. The next four teams also retained their positions. They are Santa Clara, Davidson, Kentucky and St. John's of New York.

Illinois, which trampled 15-ranked Notre Dame 91-57, advanced one place to seventh and New Mexico State slipped back a notch to eighth. LaSalle held ninth place while Villanova and Duquesne switched positions, the Wildcats climbing to 10th and the Dukes dropping to 11th.

Villanova, 13-2, trounced Detroit and DePaul last week. Duquesne did not play until Sunday when it beat St. Bonaventure for its 12th triumph against one setback.

Frank McGuire's South Carolina Gamecocks are the only new additions to the rankings. They took over 19th place while Notre Dame dropped out altogether.

Purdue, a 102-79 winner over Minnesota, also gained considerable ground. The Boilermakers, 10-3, moved up four places to 14th.

The Top 20 with first place votes, season records through games of Saturday, Jan. 25 and points for the first 15 picks on a 20-18-16-14-12-10-9-8-etc. basis:

| | | |
|---|---|---|
| 1. UCLA (38) | 14-0 | 760 |
| 1. North Carolina | 13-1 | 664 |
| 3. Santa Clara | 16-0 | 549 |
| 4. Davidson | 14-1 | 461 |
| 5. Kentucky | 12-2 | 402 |
| 6. St. John's, N.Y. | 12-2 | 365 |
| 7. Illinois | 12-1 | 347 |
| 8. New Mexico State | 16-0 | 344 |
| 9. LaSalle | 14-1 | 229 |
| 10. Villanova | 13-2 | 173 |
| 11. Duquesne | 11-1 | 164 |
| 12. Ohio State | 11-2 | 153 |
| 13. Tulsa | 14-2 | 118 |
| 14. Purdue | 10-3 | 87 |
| 15. Kansas | 14-3 | 71 |
| 16. Marquette | 13-2 | 68 |
| 17. Colorado | 14-2 | 61 |
| 18. Columbia | 13-1 | 53 |
| 19. South Carolina | 10-2 | 27 |
| 20. Dayton | 13-3 | 22 |

Others receiving votes, listed alphabetically: Colorado State, Louisville, Notre Dame, Texas A&M.

## Xavier Coach Resigns Post

CINCINNATI (AP) — Ed Biles has resigned as head football coach at Xavier University, and from all indications he's bound for the New Orleans Saints of the National Football League and an assistant coaching job.

Biles, 37, sidelined all questions pertaining to where his new "position in coaching" would take him, saying only it would be "out of Cincinnati and not as a head coach."

However, the Cincinnati Enquirer reported today it had learned he has been chosen to handle either the backfield or receiver coaching chores for the Saints.

The guesswork began Monday afternoon after Biles stunned a news conference with announcement of his resignation—and then declined to say where he was going.

Officials of the New Orleans team were not available for comment early today, but it's known that the Saints have three assistant spots open.

## Bullets End Loss Streak

BY THE ASSOCIATED PRESS

The Baltimore Bullets ended their National Basketball Association losing streak just in time.

With all but one-half game of their Eastern Division lead melted in the heat of a three-game losing streak, the Bullets pulled out of the sag with a 126-106 victory over Detroit Monday night. It restored their lead to one game over idle Philadelphia.

In the only other NBA game played, the Seattle SuperSonics turned back the Milwaukee Bucks 128-107 in Tacoma, Wash.

Kevin Loughery poured in 37 points and added 11 assists to lead the Baltimore attack. It was Loughery and Earl Monroe who keyed a 10-point Bullet string in the third period that opened a 78-67 lead for Baltimore.

Monroe, favoring a sprained left ankle, was held scoreless in the first half after picking up three quick personal fouls. But he got hot with eight points in the final three minutes of the third period and finished with 20 for the night in 26 minutes of action.

Gus Johnson had 23 and Loughery hit on 16 of 26 shots for his 37.

Dave Bing led the Pistons with 22.

Bob Rule's 31-point output triggered Seattle's success over Milwaukee. A jump shot by the big center at the outset of the second period broke a 26-all tie, and the Sonics led the rest of the way.

Seattle boosted its halftime bulge to 67-52 before the Bucks bounced back and closed to within 84-73 late in the third quarter. But the Sonics opened the gap to 95-82 at the end of the stanza and won going away.

Wayne Embry and Fred Hetzel supplied most of Milwaukee's scoring punch with 20 points apiece.

Denny McLain set a record for the Detroit Tigers by striking out 280 batters in 1968.

# Devils Sock It To Runnels, Toros

BIG SPRING — Travis Junior High's Blue Devils made things hot for the Toros and Runnels here yesterday with the 8th graders winning 60-48 and the 9th graders taking an 85-64 decision.

The 9th grade Travis team leaped into a 22-14 lead in the first period, but the Toros tied it up 38-38 at halftime. Travis pulled away in the third frame by outscoring its opponent 23-12, and closed out with a 24-14 margin.

Jackie Murray led Travis scorers with 28 points while Butch Buchanan contributed 14. Scoring 12 points each were Gary Patterson and Gary Durst. For the Toros, Carter had a good night, collecting 30 points while his teammate, Newman, put in 16.

Travis 8th grade led throughout their tilt with the Runnels quintet. Four Travis boys were in double figures. They were Gary Brooks (20), Jerry Brooks (19), Charles Cain (11) and Mike Boles (10).

Travis 8th drew a bye in the first round of the Colorado City Tournament and will play its first game at 10:15 a.m. Saturday in the Junior High gym there. Travis 9th meets Coahoma at 3 p.m. Friday in the Colorado City High School gym in the first round.

TRAVIS 9TH (85) — Murray 13-2-28; D. Durst 4-0-8; Buchanan 5-4-14; Patterson 4-4-12; Horsley 2-1-5; Loyd 1-0-2; G. Durst 5-2-12; Glasscock 1-0-2; McGinnis 0-1-1; Pinkerton 0-1-1; totals 35-15-85.

TOROS (64) — Newman 6-4-16; Schaefer 1-2-4; McCormick 0-3-3; Priobe 3-0-6; Carter 13-4-30; Phillips 1-3-5; totals 24-16-64.

• • •

TRAVIS 8TH (60) — Boles 2-6-10; J. Brooks 8-3-19; G. Brooks 6-8-20; Cain 3-5-11; total 19-22-60.

RUNNELS (48) — Shanks 0-1-1; Foster 6-5-17; Phelps 2-1-5; Smith 5-5-15; Green 2-0-4; Connally 1-0-2; Robles 2-0-4; totals 18-12-48.

## 'Pokes Trade For Ditka

PHILADELPHIA (AP) — Mike Ditka is delighted . . . and Dave McDaniels is excited. It just goes to show what a change of scenery in the National Football League will do for you.

The Philadelphia Eagles Monday traded former All-Pro tight end Ditka to the Dallas Cowboys for untested split end McDaniels, prompting these euphorious comments:

Ditka: "I don't know anything about it, but if it's true, I'm delighted."

McDaniels: "I'm real excited about going to Philadelphia. The main thing is that I will get a chance to play."

Ditka was obviously happy about clearing out of town. His battle with Coach-General Manager Joe Kuharich was an open war. In fact, Ditka had said publicly he would never again play for the Eagles' field boss.

Ditka, 29, an eight-year NFL veteran, had his brightest years with the Chicago Bears. Before coming here two years ago in a trade for quarterback Jack Concannon, Ditka was Rookie of the Year in 1961 and four times a member of the All-Pro team.

The Eagles were apparently building for the future in acquiring McDaniels, 23, a speedster from Mississippi Valley College chosen as the Cowboys' second draft pick last year.

McDaniels was a super prospect in college, where he set a National Association of Intercollegiate Athletics' reception mark of 65 passes for 1,236 yards and seven touchdowns in his junior year.

# Chief Scalping Party Faces Tigers Tonight

Snyder's Tigers will have to escape the Lake View Chiefs' scalping party in San Angelo tonight to remain in the running for the District 3-AAA South Zone basketball crown. Tipoff is on tap for 8 p.m. following the junior varsity clash.

The Chiefs are hungry for a victory. Their last one was over Rankin on Jan. 2, and Coach Bob Shields' boys are 0-4 in loop play. The Tigers lost a heartbreaker, 61-66, to Colorado City here Friday night but are 2-2 in league action. The big problem for the Tigers is to guard against a letdown after the disappointing loss. A lackluster performance by the Bengals tonight combined with an outstanding effort by Lake View could add up to another disappointment.

But don't count the Tigers out yet. They may be down, but with three of the top 10 scorers in the district South Zone, they could bound back in fine style. The three are Benny Ward (15.5 ppg), Lee McNair (12.5 ppg) and Jerry January (12.0 ppg). Other starters probably will be Jodi Williamson, senior playmaker, and Jim Patrick, junior center.

The Chiefs will start the leading scorer in the South Zone in Joe Keel, a 6-3 postman, who is averaging 21.8 points per game. He can get plenty of support from Jimmy Don Williams, Manuel Munoz and Raymond Zamarippa. Raymond is the No. 2 Chief scorer and can shoot with accuracy from the outside.

The Tigers have had only one workout since the C. City clash, and head coach Ned Underwood has been having a bout with the flu. Bill Hood, senior guard, still is slowed with an ankle injury, but everyone else appears to be healthy.

Coach Jerry McLeod's Kittens are unbeaten in district play. Possible starters for the JV tilt include Glenn Rambin, Ronald Ward, Bid Cooper and Tony Breedlove or Danny Farmer. Bruce Almond could be installed as a starter with the Kittens if he doesn't play with the varsity.

Elsewhere in the South Zone tonight, Lamesa hosts Sweetwater while Brownfield visits Colorado City.

## White, Red Are Victorious

Travis White whipped Lamar Red 35-27 and Lamar Gray slashed Travis Blue 42-35 in two important 7th grade basketball tilts held here yesterday.

The White led the Red by one point in the first period and by two points in the second period. They broke open the game with a 12-4 margin in the third stanza.

Robert Braziel led White scorers with 10 points, and Billy Blevins sparked the Reds with 11 points.

The Gray trailed the Blue 10-13 after one period, but took the lead, 20-18, at halftime and slowly pulled away.

Richard Gorman captured scoring honors with 11 points while Michael Archie and Tommy Welsh shared high point laurels for the Blue with eight each.

TRAVIS WHITE (35) — Emerson 2-2-6; Braziel 2-6-10; Gonzales 3-1-7; Robinson 1-0-2; Watts 3-1-7; Mosier 1-1-3; totals 12-11-35.

LAMAR RED (27) — Price 4-1-9; Blevins 4-3-11; Richardson 0-1-1; Underwood 1-0-2; Aycock 0-1-1; Webb 1-0-2; Harper 0-1-1; totals 10-7-27.

• • •

LAMAR GRAY (42) — Jones 2-0-4; Gorman 2-7-11; Patchell 2-0-4; Boren 1-0-2; Byram 4-1-9; Hargrove 0-2-2; Hardy 1-1-3; Hill 0-1-1; McCarver 1-0-2; Early 1-0-2; Godair 1-0-2; totals 15-12-42.

TRAVIS BLUE (35) — Ramirez 1-1-3; Archie 3-2-8; Clayton 1-0-2; Hartsfield 1-0-2; Perry 1-0-2; Crayton 3-1-7; Welsh 4-0-8; York 0-1-1; Keller 1-0-2; totals 15-5-35.

## Bills Choose Trojan Star

NEW YORK (AP)—The Buffalo Bills of the American Football League chose Southern California's O. J. Simpson, an All-American halfback who won the 1968 Heisman Trophy, as the third annual combined pro football draft got under way today.

The choice of Simpson as the No. 1 pick came as no surprise.

Simpson has indicated that he would demand as much as a $600,000 bonus, equaling the highest price ever paid for a graduating collegian. Donny Anderson of Texas Tech reportedly received that figure in a long-term contract with the Green Bay Packers in 1966.

## American Assoc. Back In Business

INDIANAPOLIS, Ind. (AP) — The American Association, final stepping stone to the major leagues for Stan Musial, Ted Williams, and Willie Mays and many other baseball stars, is back in business after a six-year layoff.

Former pitching great Allie Reynolds was named president of the six-team league at an organizational meeting Monday. League headquarters will be in his home town, Oklahoma City.

Members of the reborn Class AAA league include four teams in the Pacific Coast League last season—Oklahoma City, Tulsa, Denver and Indianapolis.

# Kentuckians Claim 800th Win For Rupp

By HERSCHEL NISSENSON
Associated Press Sports Writer

While Adolph Rupp and the Kentucky Wildcats are having their cake and eating it, too, Ray Mears and his Tennessee Volunteers are thriving on an unlikely Chinese dish named Pete Maravich.

The Kentuckians had a cake celebration for the third time this season and Rupp claimed his 800th coaching victory Monday night following an 83-70 overtime conquest of stubborn Alabama.

Meanwhile, Tennessee, which held Louisiana State's Maravich to lows of 17 and 21 points last season, limited the national scoring leader and defending champion to another 21, this season's low, with a Chinese defense in an 81-68 victory over the Tigers.

Kentucky enjoyed its first cake after beating Mississippi State on Jan. 6 and claiming it was the first school to post 1,000 college basketball triumphs. The NCAA, however, threw out five games played in Israel in 1966 but Kentucky uncovered three previously overlooked victories in the early 1900s and celebrated again two games later.

Now comes Rupp with his 800 wins, including the five in Israel, so perhaps the menu should have been matzo ball soup instead of cake.

"They're just a bunch of cake eaters, and they played like it tonight," said a Kentucky spokesman after lowly Alabama, 4-9, had scared the daylights out of the fifth-ranked Wildcats, 13-2.

Kentucky led most of the way but Alabama's Jim Adkins tied the score at 64-all by making a free throw with 8 seconds left in regulation time.

The overtime was a different story. Larry Steele tipped in a basket, Mike Casey hit a 15-footer and Dan Issel sank two free throws for a 70-64 lead. After an Alabama basket, Kentucky broke it open, with the 6-foot-8 Issel scoring seven overtime points and finishing with 33.

Tennessee's Mears described his Chinese defense as a zone with two men concentrating on Maravich.

"It takes more than one guy to stop him," said Mears, noted for his teams' defensive play.

Maravich, averaging 46 points a game, made eight of 18 shots under intense pressure.

The only other teams in The Associated Press' Top Twenty besides Kentucky to see action Monday night were 13th-ranked Tulsa, which overcame North Texas State 104-94, and Dayton, No. 20, a 72-64 winner over Xavier of Ohio.

Bobby Smith fired in 32 points, 19 in the second half, as Tulsa came from 14 points back to whip North Texas for its 15th win in 17 games and seventh straight in Missouri Valley Conference play.

The losers, led by Joe Hamilton and Leroy Winfield, started almost flawlessly and held a 56-46 halftime lead. But Smith, aided by Ron Carson's 23 points and Rob Washington's 21, was too much for the Eagles. Smith moved into third place among Tulsa's career scorers with 1,146 points.

Co-captains Dan Obrovac and Dan Sadlier netted 23 and 20 points, respectively, as Dayton uppped its record to 14-3 against Xavier. The losers' 6-10 Luther Rackley scored 15 points in the first half but the Flyers went into a zone and held him to one point thereafter.

# Asks Tighter Control On Insurance

AUSTIN (AP) — Members of the legislature heard a plea today for tighter state control and regulation of the insurance industry.

Bart Hodges, president of the 6,333-member Texas Association of Life Underwriters, asked the legislature to tighten requirements for licensing life insurance agents in order to upgrade the profession and provide greater protection to Texas citizens.

Hodges spoke at a luncheon here honoring members of the Texas legislature and state Board of Insurance.

Hodges said the insurance industry annually produced state revenue in excess of $45 million in premium taxes. He called for increased appropriations and personnel for the state Insurance Department.

Hodges called attention to what he called "other trouble spots" such as insurance advertising that is "intentionally misleading and recklessly deceptive", and the sale of "gimmick" policies sold by "outlandish promises that are not backed by the contract or the practice of companies that sell such policies."

Over 250 life insurance agents from all over the state attended the luncheon meeting.

SMALL, SPLENDID EFFORTS

# Good Things Still Happen

BY THE ASSOCIATED PRESS

America, said President Nixon in his inaugural address, has "legions of the concerned and committed" who by "small, splendid efforts" can "build a great cathedral of the spirit."

How busy were these legions during inauguration week?

An AP survey turned up a fine crop of small, splendid efforts. As usual, they didn't make the headlines. English playwright Phillip Massinger said in 1630 what remains eminently true today: "Ill news, madam, are swallow-winged, but what's good walks on crutches."

Some of the good things that happened in America in the seven days following the President's speech:

In Portland, Ore., Yoke Leim, 6, hospitalized with terminal leukemia, asked for some cotton candy. Her father, Yoe T. Liem, remembered that the concession stand at the zoo makes the confection and offered to buy all it had on hand.

Instead, Ken Lewis of the zoo staff took the machine to the hospital, set it up in Yoke's ward, and spun out free candy for all of the 20 little patients allowed to eat it.

In Sioux Falls, S.D., the family of 18-year-old Karen Parker needed $35,000 to pay for transplantation of a kidney from her father.

Signs reading "Care for Karen" went up all over town. By the end of the week $27,320 in donations had been received.

In Little Rock, Ark., $35,000 was required to finance a kidney transplant for Mrs. Brenda Shuffield Andry, 19.

Members of the Arkansas State Legislature agreed to kick in a day's pay apiece. By week's end there was $28,000 in the kitty with more still coming in.

"What can we say for something this wonderful?" asked Brenda's father, A. J. Shuffield.

In Philadelphia, Peter Jaskel, 19-year-old Villanova University freshman, plunged into the Delaware River in near freezing weather to rescue a driver whose car skidded down an embankment.

"There was nothing else I could do under the circumstances," declared Jeskel.

In Washington, the Rev. Henry Breul set up a "Parents of Hippies" association at St. Thomas Episcopal church to provide condolence, guidance and counsel for mothers and fathers whose kids have turned themselves on and their elders off.

One graying mother whose son is lost among the flower children reported: "I found out I wasn't alone and that life goes on."

In Circleville, Ohio, wives of ham radio operators formed the "Roundtown Citizen Band Club" and announced they would help with communications problems during emergencies.

In St. Louis, a campaign to help Mrs. Bernadean Edwards, bedridden mother of seven, brought an initial outpouring of $325 in cash, donations of clothing and household appliances and 40 books of trading stamps.

Mrs. Edwards said she would share the donations with Mrs. Shirley Bates, whose husband was shot dead Jan. 16, leaving her with nine children.

A year ago Mrs. Bates herself extended a hand in need when she collected donations for a neighbor family whose house caught fire. The father of the neighbor family, Forrest Wagner, is the man charged with shooting Mrs. Bates' husband, Robert.

In New Lenox, Ill., the 557 students of Roman Catholic Providence High School did not despair when its closing seemed imminent because of a budget deficit. They announced they and raised $30,000 in cash and pledges and were confident they could keep Providence open for at least the next three years.

Is it true that Americans turn their backs on acts of crime because they do not want to become involved?

Not all Americans—

At Albuquerque, N. Mex.: J. V. Williams saw two thieves putting his neighbor's television set in the trunk of their car. He prevented their escape by blocking a driveway with his truck and cowed them with a pistol until police came.

San Diego, Calif.: Hans Aldershof witnessed a bank robbery, took down the license number of the getaway car, later spotted it parked at a motel he manages and called police, who arrested a man and woman, recovered $3,700.

Salt Lake City: William Olsen, 63, whose hands are crippled by rheumatism, painfully dialed police when he saw two men breaking into a furniture store near his home.

"It hurt my fingers to work the dial but I would be a poor citizen if I didn't," said Olsen. The police captured both men.

Hagerstown, Md.: Arthur, H. Katz trailed a suspect from the scene of a bank robbery, alerted a police dispatcher with his car telephone, later announced he would donate part of his $2,500 reward for the man's arrest to a police fraternal organization.

"Do not awake me when you have good news to communicate; with that there is no hurry," Napoleon Bonaparte once told his secretary. "But when you bring bad news, rouse me instantly."

Well, everybody knows what happened to Napoleon.

# Union Vote Is Ordered

HOUSTON (AP)—A union representation election has been ordered for 2,200 Gulf States Utilities Co. employes in Texas and Louisiana.

The National Labor Relations Board said Monday a contract extension agreement did not legally prevent the Communications Workers of America, AFL-CIO, from filing an election petition.

The Independent Electrical Workers Union, which signed a two-year contract with the company Nov. 16 in Beaumont, argued against an election. The union has represented employes for 26 years.

The federal board set no date for an election.

Both the Communications Workers Union and the International Brotherhood of Electrical Workers requested an election last September.

The independent union and the company agreed to a contract extension Nov. 9 shortly before the old contract expired. The CWU filed an election petition Nov. 12.

The nation's first patent was given to Samuel Hopkins of Vermont in 1790 for an improvement in "the making of Pot ash and Pearl ash by a new Apparatus and Process."

# Dial-A-Bus System Due

CAMBRIDGE, Mass. (AP) — A "dial-a-bus" system that will combine the convenience of taxis with the lower costs of buses is the goal of a Department of Transportation grant awarded Monday to the Massachusetts Institute of Technology.

Under the terms of the 18-month, $812,200 contract, MIT researchers will develop a transportation network "more responsive and adaptable to public needs than present systems."

The department said the system will have travelers calling a central computer when they want transportation. The computer will be in radio contact with a fleet of small buses carrying 10-12 passengers and traveling on unfixed routes.

According to the MIT scheme under development, the computer will assign a bus to detour, pick up the passenger and deliver him to his destination whenever it receives a call.

# Unique Proposals To Foil Hijackers

By VERN HAUGLAND

WASHINGTON (AP) — The American citizen, aroused by the increasing number of airline hijackings, has come up with several cures—some serious, some frivolous and most pretty unusual.

One of the strangest suggestions called for installing a trapdoor in the cockpit. Once a would-be hijacker enterad, the pilot could open the trap and send the hapless air pirate plummeting to his death.

Some other ideas:

Build a double-door cockpit entrance, trap the hijacker between them and fill the space with gas. Or shoot would-be hijackers with a tranquilizer gun —that's the way TV thugs are handled.

Day after day, proposed cures for the problem flood the Federal Aviation Administration, which says it is in danger of being swamped by the mail.

Suggestions from aerospace engineers, scientists and others are sent to the FAA's engineering division for careful analysis. Manufacturers of devices that might control the problem are invited in to give demonstrations, and their products receive close study.

"Mayors, bank presidents, civic club members, teachers, whole classrooms of students write in," says Al Butler, assistant chief of the air carrier research branch of the FAA's Flight Standards Service.

"We read them all, and acknowledge every one. Some we can answer only with a card."

Others get letters pointing out that hijacking is a crime punishable by death.

But the FAA thinks violence of any sort should be avoided because of the danger of a catastrophe that might endanger all the passengers on a plane.

Letters stream in from prison guards, jail inmates and relatives of prisoners, often suggesting metal-detection devices such as prisons use. The trouble is, no way so far to tell a pistol from a cigarette lighter or belt buckle.

# LEGAL NOTICE

ORDINANCE

An Ordinance enacted by the Board of Directors of the Colorado River Municipal Water District under the powers and provisions of Chapter 8, Title 128 of the Laws of the State of Texas, providing for and:

Affording protection of the physical properties and improvements of the District, safeguarding the purity of the water stored in the reservoir owned and controlled by the District, regulating the use of the lands forming the margin of said waters, in order to preserve the purity of the water stored by the District; preventing the waste or unauthorized use of the water controlled by the District; regulating camping, residence, boating, and all recreational and business privileges, when done, occurring, or taking place upon the water stored or retarded by the dam owned by the District, as well as to provide such regulation with reference to any land owned by the District, under easement to it, or controlled by it, under any right whatsoever; stetting out requiremenis or construction on leased property and requiring approval of construction.

Regulating toilets and sewage disposal; regulating recreational activities in marked areas; regulating industries upstream from the lake; regulating garbage and trash disposal; requiring permit for any construction on lands bordering on the Robert Lee Reservoir and coered by flowage easement held by District.

Requiring certain standards of safety, size, construction, equipment, and occupancy of boats; providing for the removal of boats in violation of applicable provisions; providing certain sanitary provisions; providing certain sanitary standards for boats having overnight accommodations; defining certain types of boats and docks; providing that the Texas Boat Safety Laws apply to the lake.

Requiring permit for operation of commercial activities on waters of Robert Lee Reservoir or lands owned by District and adjacent to the Reservoir; providing for concession areas.

Providing for the inspection of boats and other floating devices on the Robert Lee Reseroir for sanitation and safety; providing for certain recreation permits and fees to be charged by the District for boating, fishing, skiing, and surfboarding on the lake or lands adjoining the lake; providing for certain exemptions.

Regulating the use of firearms, pellet and B.B. guns on or near the Robert Lee Reservoir.

Providing that State laws regulating fishing in Coke County shall apply to Robert Lee Reservoir.

Providing for the establishment of peace officers and defining the powers of such officers.

Prohibiting the use of sirens on any boat except those used and occuped by peace officer.

Regulating the construction of piers and whares, floats, and boathouses.

Regulating the anchoring of rafts and floats.

Prohibiting the anchoring of boats, trot lines and other apparatus to buoys and floats owned by the District.

Prohibiting the discarding of cans, bottles and rubbish into or on the waters of Robert Lee Reservoir.

Providing a time limit for camping in public areas.

Providing certain penalties for violation of the terms of this Ordinance.

Providing for structures to be built between elevation 1900 and 1912 feet.

Providing for pumping of water for personal and private use.

Providing for pumping of water for commercial use.

Providing for changing the water-line of lake by channels, etc..

Providing for commercial development of District-owned land and water.

Providing for impounding abandoned property on District-owned land or lake areas.

Providing for speed limits on District-owned lands.

Providing for the prohibition of firearms, pellet and B.B. guns in park areas and on reservoir.

Prohibiting the sale of fish taken from Robert Lee Reservoir.

Prohibiting the entry onto private lands to fish.

Prohibiting the use of and providing for the destruction of traps, nets and seines and other seine-type devices in violtation of State law and Lake Ordinances.

Providing for the repeal of conflicting Ordinances.

Providing a seerability clause.

Providing for the lawful publication of this Ordinance, and fixing at the time at which this Ordnance will be in full force and effect.

BE IT ENACTED AND ORDAINED BY THE BOARD OF DIRECTORS OF THE COLORADO RIVER MUNICIPAL WATER DISTRICT:

Section I
SANITATION AND SEWAGE DISPOSAL

(a) No structure for human habitation will hereinafter be permitted to be constructed upon lands adjacent to the Robert Lee Reservoir and below elevation 1912 feet above means sea level.

(b) All residences and human habitations located along the marginal land adjacent to the Robert Lee Reservoir and above the elevation 1912 feet above mean sea level shall be provided with a septic tank having sufficient and properly constructed sub-surface disposal systems that will meet the standards set by the Texas State Health Department. All septic tank systems shall be constructed above eleation 1912 feet above mean sea level and away from the waters of the Robert Lee Reservior. No such septic tank system shall be constructed until permit therefor has been issued by the District which permit will be granted upon application showing plans which conform to or exceed those standards set by the Texas State Health Department.

(c) No lswimming, fishing, boating, picnicing, or other recreational activites will be permitted within 1,320 feet of any District operated or municipal water intake. All such water intakes and such prohibited areas will be kept plainly marked by the District at all times.

(d) If industries are contemplated to be established within 30 miles upstream from the dam belonging to the District, approval of the proposed project by the Texas State Deoartment of Public Health concerning the treatment of wastes is deemed necessary to prevent undesirable conditions from occurring. No slaughter houses, markets, or meat shops where hogs, beees, or other animals or fowls are slaughtered shall be located where any refuse, discharge or contents thereof of any nature whatsoever shall be discharged into the lake, its drains, streams or tributaries.

(e) All garbage and trash shall be collected and removed from the lake shore by persons in possession of lands adjoining Robert Lee Reservoir at least once each week. All garbage and trash susceptible of being burned may be incinerated so long as such trash is not allowed to enter the lake. No dead animals, or any part thereof, fish, decayed vegetables, food, ashes, garbage, offal, rubbish, or filth of any kind by which its decay or putrefaction could or would become offensive shall be placed or permitted to be placed in or reach the body of water owned and controlled by the District.

IMPROVEMENTS

It is prohibited that any person shall construct, place or maintain any wharf, dock, boathouse, pr pumping station on any lands below elevation 1900 above mean sea level adjoining Robert Lee Reseroir without having first procured from the District a written permit. It is provided that the District before issuing any such permit shall approve the plan for the construction of any such improvement and be satisfied that the same will not constitute a violation of any standard of health and sanitation as herein set out, nor a menace to navigation or to persons or to the property of others.

Section II
BOATS AND DOCKS

(a) Classification of Boats:

1. Private Boat — Any boat or boats raft or device used and operated upon the water of the Robert Lee Reservoir for pleasure purposes only and producing no revenue, either direct or indirect, to the owner.

2. Commercial Boat — Any boat, or boats, raft or other free floating device used or operated upon the water of Robert Lee Reservoir by a person, persons, firm or corporation for the purpose of deriving revenue, direct or indirect, from the use of same.

(b) Classification of Docks:

1. Private Dock — Any boat dock or structure, fixed or floating, now located on or hereafter placed upon the waters of the Robert Lee Reservoir for pleasure purposes only and producing no revenue, either direct or indirect, to the owner.

2. Commercial Dock — Any boat dock or structure, fixed or floating, now located on or hereafter placed upon the waters of the Robert Lee Reservoir and used by any person, persons, firm or corporation, for the purpose of deriving revenue, direct or indirect, from game

Section III
BOATS, RAFTS AND DEVICES

1. Except as herein provided by Ordinance of the District, the Boat Safety Act of Texas, as the same is or may be amended, will control the use of all boats, rafts and devices used and operated on the, waters of the Robert Lee Reseroir.

2. It shall be unlawful for any person to cause, suffer, permit or allow any boat to be occupied by more persons than the rated capacity of the boat.

3. It shall be unlawful for any person to use or operate on Robert Lee Reservoir for a protracted period of time any boat having overnight accommodations, if same is used as a domicile or place of abode. No boat or craft having overnight accommodations shall be placed upon or used in Robert Lee Reservoir unless the same is equipped with approved sanitation facilities, such approval to be obtained by application to the District made prior to operation of such craft upon the waters of the Robert Lee Reservoir.

4. All rules of the road, as applicable to Inland Waterways, shall be observed at all times.

5. All boats, rafts and devices used on the Robert Lee Reseroir shall be selfsustaining, either by patent methods, air tanks, compartmentation, or composition. All inboard power boats shall be excepted from this regulation.

6. All power boats, inboard and out board, used upon Robert Lee Reservoir, shall be equipped with an approved underwater exhaust, or with the manufacturer's original type exhaust equipment. This regulation may be waived for a specified period of time upon written application to the District, by an organized unit, for special racing events, water shows and carnivals.

7. A lake patrolman may require the removal of any boat, raft or device from the waters of Robert Lee Reservoir if said boat, raft or device is in violation of any of the applicable provisions of this Ordinance.

Any person refusng to remove any boat, raft or device when so ordered under the provisions of this section shall be deemed guilty of violation of this regulation.

Section IV
COMMERCIAL OPERATIONS

1. It shall be unlawful for any person, persons, firm or corporation to operate docks or boats upon the waters of the Robert Lee Reservoir or any operations related in any manner to any commercial operation upon such waters, without first having obtained a permit for such purpose from the District. The District will not issue such permits until such time as it has approved the signed written contract submitted by the applicant, specifying the terms, manner in which, and the location at which the same will be operated.

2. Each boat, operated as part of a commercial venture, shall be subject to periodic inspection and shall be governed by all rules and regulations pertaining to the operation of boats, rafts and devices on Robert Lee Reservoir.

Section V
RECREATION PERMITS

and unlawful to ride in a boat, fish, ski,

It shall be a violation of this Ordinance surfboard in, from or upon the water of the Robert Lee Reservoir or from lands adjoining or installations affixed to lands adjoining the waters of Robert Lee Reservoir, or floating upon such waters, unless each person performing one or more of such acts shall have in his possession:

1. An Annual Recreation Permit, which permit shall be available to any qualified applicant upon the payment of a fee to be determined and promulgated from time to time by the governing body of the District, which permit shall be effective from the date of issue, until December 31 of the year in which the same is issued. Such permit shall be displayed to any authorized patrolman of the District upon request; or

2. A Daily Recreation Permit, which shall be available to any qualified applicant upon the payment of a fee to be determined and promulgated from time to time by the governing body of the District, and which permit shall be effective for 24 hours from the time of issue. Such permit shall be displayed to any authorized patrolman of the District upon request; or,

3. A Guest Permit, which shall be available to any qualified applicant upon the payment of a fee to be determined and promulgated from time to time by the governing body of the District, which when properly attached to a boat will cover all passengers of the boat while on board or being towed by the master

Persons under the age of seventeen years and over the age of sixty-five years shall be exempt from the provisions hereof requiring recreation permits. Proof of age must be shown to duly authorized patrolmen of the District upon request.

Section VI
FIREARMS

If shall be unlawful for any person to shoot, fire or discharge firearms of any type or pellet guns or air rifles in, on or across Robert Lee Reservoir or in District-owned public areas. Provided, however, this provision shall not apply to peace officers, game wardens or representatives of the Game and Fish Commission, or to representatives of the Colorado River Municipal Water District in the lawful discharge of their official dutes.

Section VII
FISHING

The general laws of Texas and Coke County as the same are or may be amended, save and except as specifically provided through proper ordinances and regulations passed by the Board of Directors of the District, will control the taking of fish from the Robert Lee Reservoir.

Section VIII
SALE OF FISH

From and after the passage of this Act, it shall be unlawful for any person to sell or buy or offer to sell or buy, or to take or possess for commercial purpose any fish taken from the waters of Robert Lee Reservoir.

Section IX
FLOATS

It shall be unlawful to place upon the waters impounded in the Robert Lee Reservoir floats made of any materials other than plastic or sponge rubber; provided, however, it shall not be unlawful for the Colorado River Municipal Water District and its representatives to erect and maintain floats or buoys as deemed necessary to promote safety and sanitation upon the water impounded in the Robert Lee Reservoir.

Section X
TRESPASSING

Nothing in this Act shall be construed as in any manner licensing, permitting or authorizing any person to go upon the land of another person, firm, or to enter upon or fish from, or to in any way use, injure or damage any floating raft, pier or stationary raft or pier, or boat owned by a private individual without the consent of the owner thereof. Provided further, that this Section or Article shall not apply to the Colorado River Municipal Water District and its employees in the enforcement of rules and regulations governing rafts, boats, piers and docks situated upon water impounded by Robert Lee Reservoir in Coke County of the State of Texas. In any prosecution for violation under this Section, the burden shall be upon the alleged trespasser to prove the consent of the owner or owners of the land or water

Section XI
DESTRUCTION OF ILLEGAL FISHING DEVICES

The use of any fish trap, net seine, snag line or other seine type fishing device in the waters of the Robert Lee Reservoir is prohibited. Any such device found in such waters in violation of this Ordinance or applicable State law are hereby declared to be a nuisance, and it shall be the duty of the Lake Patrolmen to remove and destroy same whenever found.

Section XII
PIERS, DOCKS, BOATHOUSES AND OTHER CONSTRUCTION ON LANDS OWNED BY DISTRICT OR UPON LANDS UPON WHICH THE DISTRICT OWNS A FLOWAGE EASEMENT

No person, corporation or association shall erect or construct or proceed with the erection or construction of any building or structure, nor add to, move, alter, extend or demolish any building or structure upon lands owned by the District or waters impounded in the reservoir owned by the District without first applying for and obtaining a building permit therefor from the District. Whenever any such construction work is being done contrary to the provisions of this Ordinance, the District may order the work stopped and also revoke the building permit therefofore issued by notice in writing served upon the person to whom such permit was issued or any person engaged in the doing or causing of such work to be done, and such work shall be stopped forthwith until authorized by the District to proceed with such work or upon issuance of a building permit in those instances in which a buloing permit was not first obtained or which has been revoked.

After construction is completed, upon notice from the owner or permittee, the District will cause such structure to be inspected and, if constructed in accordance with such application and building permit, the District will issue a use permit which shall authorize the use of such structure until December 31 of the year in which such permit is issued. Such use permit shall be renewed annually, after inspection by the District, if such structure is found to meet the minimum standards hereinafter set forth. Should such annual inspection show repairs necessary to bring such structures within the minimum standards stated, such defects shall be pointed out in writing and delivered to the owners of such use permit who shall cause such defects to be corrected.

Failure to obtain such annual use permit by March 1 of each year, or failure to correct such defects so pointed out within ninety (90) days after receipt of notice of same shall constitute a forfeiture of the right to continue to use such land and structure, and the same shall be removed therefrom upon receipt of notice to remove. Any such structure not removed promptly after such notice may be removed by the District, and if not reclaimed and the cost of removel, if any, paid within ninety (90) days after such removal, the District may sell, destroy or otherwise dispose of the same.

A fee of Ten Dollers ($10.00) must be paid by applicant for such annual inspection and use permit.

Such building and use permits will be issued provided the structure for which the same is requested meet the following minimum standards:

1. No pier, dock, boathouse or float or combination of pier, dock and boathouse may extend from the shoreline into the Robert Lee Reservoir more than 100 feet measured from elevation 1895 feet above mean sea level except that in channels and inlets measuring 200 feet or less in width, the overall length of such pier, dock and boathouse or combination of piers, docks and boathouses may not be more than one-third (1/3) of the width of said channel

no lines projected into the reservoir of a tract of land leased or owned by the owner of such pier, dock, boathouse or float.

3. The deck of all fixed piers and docks must be above elevation 1900 feet above mean sea level.

4. All structures extending into the reservoir must have 3-inch red reflectors affixed at 20-foot intervals around all sides open to the reservoir.

5. All piers, docks, boathouses and floats must be constructed to withstand 70 m.p.h. winds and wave action caused by such winds.

Section XIII
REMOVING WATER FROM RESERVOIR

No water may be withdrawn from the Robert Lee Reservoir except by permit granted upon written application submitted upon forms prepared and furnished by the District, and only upon the terms and conditions stated in such application. All waters withdrawn under permits granted upon such applications shall be raw, untreated surface run-off water, and the district shall not be responsible either for quality or quanity of such available waters. No water may be withdrawn from such reservoir for purposes of irrigation, provided, however, irrigation shall not be construed to include normal household, yard and individual gardening uses.

Section XIV
ALTERATION OF LAKE SHORE WATER LINE

No alteration, change or realignment of the lake shore water line of the Robert Lee Reservoir shall be made or done by any person, corporation or association without first obtaining from the District a permit therefor. Applications for any such alteration, change or realignment shall be made in writing and shall be accompanied by a plan showing the alterations, changes or realignments proposed.

Any such change, alternation, or realignment will be presumed to interfere with the safety, efficiency and capability of such reservoir, and such permits will be granted only upon showing by applicant that such interference will not be material. Such permits shall be granted or withheld solely in the discretion of the District.

No such permit granted may be transferred or assigned by the Grantee. No such permit will be granted to permit a cut or channel across and beyond ground elevation 1912 feet above mean sea level.

Section XV
COMMERCIAL USE OF SHORELINE

(a) Commercial development and public use of any nature is prohibited along the shoraline and land below the 1900-foot contour elevation without first having a permit and franchise for such use, issued by the District.

(b) No person, firm or corporation, or their representatives, shall engage in or solicit any business within the District-owned area, except normal busness activity franchised concessionaires on District - owned area, except normal business activity franchised concessionaires on District property, with permssion in writing from the District or in accordance with terms of a permit or a concession contract with the District.

(c) All commercial operations on the lake or land owned by the District shall be in accordance with a negotiared contract and lease with the District.

Section XVI
SKIING, SURFBOARDING AND SPEEDING IN PROHIBITED AREAS

Water skiing, surfboarding and high-speed boat operation in excess of posted speed limits is prohibited in marked areas.

Section XVIII
ABANDONMENT OF PROPERTY

Abandonment of personal property on land or water owned by the District is prohibited.

Personal property shall not be left unattended except in accordance with permits issued therefor.

Property abandoned or left unattended in excess of 48 hours will be impounded by the District, and, if not reclaimed and impoundment charge, if any, paid within ninety (90) days, it will be sold, destroyed, converted to District use, or otherwise disposed of by the District.

Section XVIIJ
SPEED LIMITS, ETC., IN PARK AREAS

(a) The speed of any vehicle shall be such that life and property will not be endangered and shall be kept within posted limits on District-owned lands.

(b) Persons using public park areas will be responsible for that portion of the park used in regard to sanitation and burning of litter.

(c) Children under twelve (12) years of age must be accompanied by an adult.

Section XIX
SKIING - SURFBOARDING

Skiers and surfboarders must wear a life preserver when being towed by any craft.

Section XX
PROHIBITING USE OF SIREN

No person, persons, firm or corporation shall have, use, own, operate or maintain upon the waters of Robert Lee Reservoir any boat or craft equipped with a siren, except duly authorized peace officers of the Colorado River Municipal Water District or other governmental unit or agency.

Section XXI
ANCHORING RAFT OR FLOAT

It shall be unlawful to anchor any raft or float upon the waters of Robert Lee Reservoir at any place other than at the vater's edge and between a projection of lot lines of a lot or lots owned or leased by the owner of such raft or float; except that any raft or float may be anchored at any place not otherwise prohibited, upon the waters of Robert Lee Reservoir as long as such raft or float is occupied or attended by any person or persons of the age of fourteen (14) years or older.

Section XXII
BUOYS, FLOATS OR MARKERS

It shall be unlawful for any person to anchor, moor or otherwise affix to any buoy, float or marker belonging to the Colorado River Municipal Water District, any trot line or other fishing apparatus or devise whatsoever.

Section XXIII
THROWING TRASH DESRIS INTO LAKE

It shall be unlawful for any person to throw, discard or discharge into the waters of Robert Lee Reservoir any can, bottle, rubbish or waste matter of any kind.

Section XXIV
OVERNIGHT CAMPING IN PUBLIC AREAS

It shall be unlawful to camp in any

may be constructed except within the

Section XXV

Realizing that the peace officers of Coke County, due to the pressure of their other duties, shall not be depended upon for the enforcement of the provisions of this Ordinance, it is hereby provided that the General Manager of this District, without other and further order of the Board of Directors, shall be directed, authorized and empowered to employ and establish one or more peace officers of this District. The compensation of any such officer and the duration of service shall be fixed by the General Manager of said District. Any such peace officer shall be required to give a good and solvent surety company bond, the premium thereon to be payable by the District, in the penal sum of $1000, payable to this District, which shall be conditioned insofar as is appropriate, in the same manner as is, or may be provided by the laws of Texas with respect to the sheriffs of counties, but such bond may contain such other and further conditions as may be deemed by this District to be appropriate. Upon approval of any such bond by the Board of Directors of this District or its duly authorized agent, any such peace officer, insofar as may be appropriate, shall be required to take the oath of office prescribed, or to be subscribed, by the laws of Texas for sheriffs of counties of this State. The duties of any such peace officer shall be only those authorized by provision of the act of the Texas Legislature creating this District, and this District shall have no liability for any act of any such peace officer, whether within or exceeding the scope of his lawful authority save in cases where such officer may be acting under express recorded authorization by this Board of Directors. Every peace officer employed under this Ordinance shall be furnished with a commission and a badge to give evidence of his authority to act for the District.

Each such peace officer shall have the authority and duty to enforce the provisions of this Ordinance and all reasonable rules and regulations adopted hereunder, in like manner as would be the duty of a sheriff enforcing the laws of the State of Texas; provided, however, that such officers may make arrests only when necessary to prevent or abate the commission of any offense against the provisions of this Ordinance, or any amendment thereof, or any offense against the laws of the State of Texas, when any such offense, or threatened offense, occurs upon any land, water easement or other property owned or controlled by this District. Any such peace officer, in any event, shall have the power and duty to file specific complaints concerning offenses committed in violation of this Ordnance, or in violation of any laws of the State of Texas, or violation of any laws of the United States of America.

Section XXVI
PENALTIES

The doing of any act forbidden to be done by this Ordinance, or the failure to do any act required by the provisions of this Ordinance, shall be deemed to be a misdemeanor, which in case of a lawful conviction thereof, shall be punishable by the infliction of a fine of not less than Ten Dollars (10.00) nor more than Two Hundred Dollars (200.00), together with the costs of court, provided the fine and costs of court may not exceed Two Hundred Dollars (200.00). The fines collected hereunder, insofar as may not be required for payment of the cost of court, shall be payable to this District and shall be credited to its recreational fund. In case of the assessment of a fine hereunder and the refusal or inability of the guilty persons to discharge any such fine, together with the court costs incurred by reason of the prosecution of the offense, upon order of the Board of Directors of this District, any such person shall be committed to the county jail to serve out any such penalty at the same rate of credit as would be done to him in case of conviction of a misdemeanor under the laws of the State of Texas. It is, however, provided that such imprisonment shall be ordered by the court of jurisdiction unless this District makes provision to reimburse the county for the confinement and maintenance of any such person at the same rate per day as would prevail in the case of confinement of a county prisoner, or upon any other basis of a compensation which may be agreed upon between the County Commissioners' Court and the Directors of this District. The penalty hereby authorized shall be in addition to any other penalty provided by the laws of the State of Texas, or by the laws of the United States of America, and may be enforced or imposed under complaints filed by the District, its peace officers, or any other interested person, in an appropriate court of jurisdiction.

Any person, persons, firm, or corporation found guilty of violation of any section or sections of this Ordinance shall upon request of the District surrender his permit or lease for suspension or cancellation by the District. Any fees which may have been paid by the Permittee for such permit shall automatically be forfeited, and the District shall not, in any event, be liable for the return or refund of any part thereof.

Section XXVII
REPEAL OF CONFLICTING ORDINANCES

All ordinances or parts of ordinances in conflict with this Ordinance or any part thereof are hereby repealed, but only to the extent of such conflict.

Section XXVIII
PARTIAL INVALIDITY

If any section, sub-section, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portions hereof.

Section XXIX
PUBLICATION

The provisions of this Ordinance shall be in full force and effect five (5) days after the second publication of the notice of this Ordinance as required by law. As evidence of the enactment hereof on this 3rd day of December, 1968, witness the signature hereof on this day by Charles B. Perry, President of the District with the imprinting of the District's seal.

# Nixon's Problems Basically Same As Harry Truman's

AP Political Writer Jack Bell has covered presidential affairs for the past quarter-century. In the following story Bell gives his impressions of opening presidential news conferences from Harry Truman's first encounter with newsmen in April 1945 to President Nixon's nationally televised and broadcast session with reporters on Monday.

By JACK BELL
AP Political Writer

WASHINGTON (AP) — When President Nixon's first news conference since entering the White House was over, one participant was overheard to say of Monday's 28-minute session: "When you've seen one presidential press conference, you've seen them all."

Not exactly true, of course. The man, the questions and answers are different. But somehow the basic problems seem the same since Harry Truman stood behind his Oval Room desk on April 17, 1945 to face the press for his first news conference.

The presidential window on the world had no television eye then. The chief executive could be quoted directly only with his specific permission.

The omnipresent TV camera is new and the ground rules different but the window still opens out on war, just as it did then.

Standing before a lone microphone, flanked on each side by portraits of George and Martha Washington caught in the glare of TV lights, Nixon spoke without notes.

He dispensed with the often-employed opening statement which in the case of Dwight D. Eisenhower ran for a solid 21 minutes.

Nixon's debut was a generally solemn affair. It was relieved only by a somewhat worn presidential joke about turning on the White House lights.

There was none of the blustering of Truman or of the coffee chat atmosphere of Johnson's unscheduled first news meeting Dec. 7, 1963 with 25 White House regulars around his desk.

There was no attempt to match the Kennedy wit. There was clear avoidance of Eisenhower's tortured syntax.

For one who has seen five presidents steel their nerves against the presumed dragons of the press for the first time, Nixon gets better than an average grade.

Despite a tell-tale line of white tenseness across his upper lip and a bit of nervous throat clearing, the new Republican president handled himself easily and confidently.

Generally, he spoke to the point, displaying fundamental knowledge of the problems pressing upon him.

Nixon is not as homespun as Truman, not as imposing as Eisenhower, not as eloquent as John F. Kennedy and not as pedagogic as Johnson.

Instead, he is the well-turned out, practical politician-lawyer, honed by experience, accustoming himself to the uses of power that so long were just beyond his grasp.

With 456 newsmen on hand, Nixon outdrew Eisenhower. In the garish old Indian Treaty room of the Executive Office building where he held out for eight years, Eisenhower had a turnout of 294 at his initial Feb 17, 1953 session.

The Nixon audience was bigger than Kennedy's 418 at the new State Department Auditorium on Jan. 25, 1961. Upward of 200 crowded into Truman's office for his first.

The technical arrangements were different, the faces in the crowd had changed, but somehow the burdens of the presidency echoed the same theme across the span of more than two decades.

Nixon talked of the Paris efforts to end the Vietnam war, just as Johnson discussed the growing seriousness of the situation in South Vietnam and Truman his hopes of ending war through the United Nations. With Kennedy Laos posed a crisis.

The wheel turns but the old familiar boulders change little.

## Teenagers Convicted In Slaying

HOUSTON (AP)— Two teenagers have been indicted in the death of a 36-year-old welder whose heart was used last May in a controversial transplant operation.

Robert Damon Patterson of Livingston and Alfred Lee Branum of Houston, both 19, were indicted Monday on murder charges in the fatal beating of Clarence Nicks.

Nicks died in St. Luke's Episcopal Hospital May 7 after he was struck with fists and a garbage can April 23 during a fight outside a tavern. Nicks' heart was implanted in the chest of John Stuckwish, 62, of Alpine. Stuckwish died May 14.

The controversy arose when Dr. Joseph A. Jachimczyk, Harris county medical examiner, said he could not perform a complete autopsy on Nicks without the heart. Jachimczyk later ruled Nicks died from massive brain damage.

Asst. Dist. Atty. I. D. McMaster said the case was not taken to the grand jury earlier because of legal and medical questions.

Dist. Judge Edmund B. Duggan ordered Patterson and Branum held without bond.

### Asks More Courts

DALLAS (AP) — Dist. Atty. Henry Wade is asking the legislature for two more courts in Dallas to keep pace with a rising crime rate.

'HARLEM ON MY MIND'

# Exhibition Stirs Controversy

NEW YORK (AP) — Despite —or because—of a boiling controversy, the Metropolitan Museum of Art is packing them in for its "Harlem on My Mind" exhibition.

Nearly 10,000 saw it Sunday and on some days many visitors have been turned away.

The exhibition opened to pickets and protest over its catalogue introduction, an essay written by a 17-year-old Negro high school girl as a term paper. It has been criticized as racist in its comments on minority groups.

Discussing Harlem's intergroup relations, the author, Miss Candice Van Ellison, said in part:

"Behind every hurdle that the Afro-American has yet to jump stands the Jew who has already cleared it. Jewish shopkeepers are the only remaining 'survivors' in the expanding black ghettoes . . The lack of competition in this area allows the already exploited black to be further exploited by Jews. . ."

In a disclaimer inserted in the catalogue, museum director Thomas P. F. Hovinv apologized for any "racial undertones," and Miss Van Ellison said that "any racist overtones. . inferred from the passage quoted out of context are regrettable."

The exhibit contains photographs, slides, video tapes, taped interviews and recordings in 13 galleries chronicling nearly 70 years of the culture in what is sometimes referred to as Manhattan's first suburb, Harlem.

Classes of Harlem school children mingle with matrons in fur coats and young couples in bell-bottom pants, reading Negro newspapers of the 1920s and listening to recordings of how the Negro spiritual and West Indian cultures influenced Harlem's.

You can see kids snitching rides on the rear of a trolley car or just standing in a doorway, grinning.

You can listen to the shrill sirens and screams of riots in Harlem's streets, or see them filled with people welcoming their heroes—Joe Louis, Dr. Martin Luther King Jr. and Adam Clayton Powell.

The exhibit also has been criticized by Negroes as an inaccurate picture of Harlem, and by artists who want it closed because, they say, it is superficial, distorted and irrelevant.

Robert T. Mangum, the state's human rights commissioner, asked that it be closed "until it reflects a more accurate record of the aspirations, achievements and goals of the black people of New York."

### Cites Negative Attitude Toward Women Profs

UNIVERSITY PARK, Pa. (AP) — A woman who wants a job as a college professor must be far more qualified than her male competitors, according to a Pennsylvania State University researcher.

Lawrence A. Simpson said his survey showed male employers prefer to hire men and that this was especially true in higher education, where there is generally a negative attitude toward women.

### Hearings Set For TP Applications

AUSTIN (AP) — Hearings will be held next month in Mineola, Longview and Fort Worth on the Texas and Pacific Railway's application to discontinue its passenger trains 21 and 22 between Marshall and Fort Worth.

The Texas Railroad Commission, which is considering the application, announced these hearings:

Mineola City Council meeting room, Feb. 17, 9 a.m.; Downtowner Inn in Longview, Feb. 18, 9 a.m., and the Texas Hotel's Hereford Room in Fort Worth, Feb. 20, 9 a.m.

**COLD - SINUS Miseries?**

Is your head pounding — nose running — are your eyes watering and are you sneezing — sneezing — sneezing?
Have you blown your nose until it is raw?
We're sorry you're suffering so; obviously you're not aware of our product SYNA-CLEAR and this is our fault.
SYNA-CLEAR is the original timed release tablet that gives up to eight hours of real relief from cold symptoms and clogged up sinuses. And that's a guarantee!
We do not have millions to spend on TV to tell you about SYNA-CLEAR; just this small ad. We do not gimmick our Advertising and product by offering twelve hours of medication. What is medication without relief? SYNA-CLEAR is what we offer and it gives you eight hours relief per tablet or your money back in full.
We could go into detail on how our product works and about the fine formula, but we would rather you ask the experts about SNYA-CLEAR. The druggist at the store listed below or your family doctor can tell you about the merits of our fine formula.
SYNA-CLEAR costs a little more ($1.50 & $3.00 sizes) because it does more. You're buying relief and not gimmicks.
Try SYNA-CLEAR as soon as possible — you know — all have to lose are your discomforts.
This little ad has an awfully big job to do — to get you to try SYNA-CLEAR. So as a bonus, cut me out and send in with an empty SYNA-CLEAR carton and we'll mail you a check for 50¢ for just trying SYNA-CLEAR. If you have time to tell us about the results SYNA-CLEAR gave you, we would be pleased to hear from you.

# TAX ANSWERS

This column of questions and answers on federal tax matters is provided by the U. S. Internal Revenue Service and is published as a public service to taxpayers. The column answers questions most frequently asked by taxpayers.

* * *

Q — I received my tax forms in the mail but my son didn't. Why is that? He started working last summer and taxes are being taken out of his wages.

A — A tax return is mailed to everyone who filed a return for the previous year. Your son would therefore not receive a tax form if he started working in 1968 as you indicate.

Copies of the 1968 tax forms and instructions are available at local IRS offices as well as many post offices and banks.

Q — If I file my 1968 return by the end of January can I forget about the fourth installment of my estimated tax?

A — Yes, if you file your 1968 return by January 31, paying any balance due at that time. But don't forget that 1969 declarations must be filed by April 15.

Q — Last year I sold some stock I had received from my father's estate. Do I have to pay tax on this money?

A — You will only have to include in income any increase between the value of the stock at the time your father died and what you sold it for.

The amount of the increase will have to be reported as a capital gain on Schedule D. However, if the stock decreased in value the loss may be used to reduce any other capital gains you might have to report for 1968. For details see the instructions on Schedule D.

Q — I got married last year and my wife and I both received 1040 tax packages. If we file a joint return, whose label should be put on the form, mine or hers?

A — On joint returns the account is primarily identified by the husband's social security number. Therefore, file the return with your label adding your wife's name to it but be sure also to enter your wife's social security number on the return in the space provided for it.

Q — Are farmers subject to the new surcharge?

A — Yes, they like all income taxpayers are subject to the tax surcharge.

Q — I can't find the W-2 form I got from my summer job. What should I do?

A — Contact your former employer and ask him for a duplicate copy of your W-2 statement.

Q — Is it true that if I have less than $100 a year in dividends I don't have to report them on my tax return?

A — All the dividends you receive should be reported but generally the first $100 in dividends is not subject to tax.

Q — I'm recovering from a serious illness and can no longer use public transportation to get to work. Since I now have to rely on taxis can I deduct this as a medical expense?

A — No. Transportation expenses to and from work are considered personal expenses and are not deductible. Transportation costs to the hospital or to a doctor for treatment are deductible as medical expenses, however. Check your Form 1040 instructions on how to handle these expenses.

## Go-Ahead For Resort In High Sierra

BURBANK, Calif. (AP) — A year-round resort 7,800 feet up in the High Sierra in Sequoia National Park received a go-ahead Monday from the U.S. Forest Service.

The approval means "realization of one of Walt Disney's last and greatest dreams," said Disney's brother, Roy O. Disney, board chairman of the sponsoring Walt Disney productions.

Among conservation groups opposing the $35 million development was the Sierra Club, a nationwide organization headquartered in San Francisco.

Dr. Edgar Wayburn, president, said the Sierra Club has "under consideration the filing of legal action, but first we want to study what the Disney firm plans and what is involved."

Wayburn said the club feared Mineral King Valley would be ruined since Disney plans "to put as many people into Mineral King on a given day as enter Yosemite Valley at any one time, and it is admitted Yosemite is overcrowded (and) Mineral King is one sixth to one third the size of Yosemite."

The resort will be known as Mineral King, after the valley. It will be built in a wilderness area 55 miles east of Visalia and about halfway between San Francisco and Los Angeles.

No automobiles will be allowed within 1½ miles.

An estimated 5,000 skiers will zip down the slopes on weekends by 1973. By 1978 weekend skiers are expected to number 8,500. Most visitors are expected for summers, however, and sports such as horseback riding, hiking, camping and fishing.

### Philadelphia Buying Tiny Pocket Alarm

PHILADELPHIA (AP) — A tiny pocket alarm has gone on sale at the University of Pennsylvania bookstore following several attacks and three unsolved slayings near the campus.

The device, about the size of a cigarette pack, produces a shrill alarm when a pin is pulled. It can be used as a personal safety device or installed in doors and windows as a burglar alarm, said George Kidd Jr., the store's director.

### *Rare Birth Recorded At Midland Zoo*

MIDLAND, Tex. (AP) — A rare birth of a bear in capativity took place recently at the Midland Zoo.

The parents were a male American brown bear and a Canadian black female.
