CWE CHAT WITH EDITOR

By Louis C. Stas

Despite the threat of rain, the Wheeler Mustangs went onto Nicholson Field Friday evening and earned their second victory for the year. The fans got their first taste of "Football Weather" as a chill came over the stands as the evening progressed. **Congratulations, Mustangs!**

-cwe-

The Mustangs will be making their first trip of the regular season Friday night as they travel to Shamrock to meet their arch rivals, the Shamrock Irish. Remember Mustangs, the County Championship is at stake.

-cwe-

Wheeler Fans are reminded that the Shamrock Band Boosters will be having a 'Turkey and dressing with lots of salads' prior to the game. Go early enough for a good meal and fellowship. The meal will be served from 5 until 7.

-cwe-

Speaking of fall weather, the temperature read 46 degrees when I reported to work Wednesday morning at 5:40. The weathermen had predicted a low of 50. Needless to say, I was glad I had a jacket on. The norther moved in Saturday and left us 0.10 inch of moisture.

-cwe-

The rain started early Tuesday and continued through the day. I did not get out in the rain to measure Tuesday morning but the total measured Wednesday was 1.95 inches.

-cwe-

I failed to report the rainfall for Saturday, Sept. 2. The guage contained 0.60 inches for Labor Day Weekend.

-cwe-

My age was put in perspective Monday evening at the Kiwanis Banquet. I was setting at the table with the Canadian guests. Jim Chandler I had known for several years; Russ Jones and Richard Reeves I was introduced to. During the course of the meal and conversation we were discussing the local citizenry. When Russ mentioned being at WT with Kevin Lasley, it hit me. I am old enough to be his father. Our children mark those birthdays, but they don't 'age' like everyone else.

-cwe-

Back to the subject of the Kiwanis Banquet, Maxey's meal was delicious.

MUSTANGS ROUT BRONCOS 42-0

Scoring 21 points in the first quarter, the Wheeler Mustangs easily defeated the Clarendon Bronchos last Friday night 42-0 in the Mustangs home opener on Nicholson Field.

The Mustangs carried the 21 point margin into halftime and it could have been much worse for the Bronchos on the scoreboard had the Mustangs not lost the ball three times on two fumbles and a pass interception.

Brandon Childress recovered a Clarendon bobble on the Broncho 15 on the game's third play and the Mustangs were in the end zone in four plays with quarterback Shawn Bradstreet scoring from the 1 on a keeper. Arthur Altamirano booted his first of the six extra points and the rout was on.

A fumble by Michael Kenney at the Clarendon 14 stopped the Mustangs next possession but the Bronchos hapless offense couldn't move and a punt to the Wheeler 47 set the black and gold up for their second TD. The Mustangs ate up the yardage in a hurry on two pass completions from Bradstreet to sophomores Brandon Chick and Mack Marshall and a 22 yard run by Bradstreet. Marshall got the six pointer on a four yard run.

Clarendon fumbled on the first play after the Mustangs second touchdown and Wheeler was in business on the Broncho 19. Marshall picked up 8 and Ike Finsterwald got 1 to the Clarendon 9. Kenney ran for 5 and a first down on the 4 and Finsterwald got his touchdown for the game on a sweep at left end and the Mustangs went up by 21 on Altamirano's kick with just 47 seconds to play in the first quarter.

The shutout gave the Mustangs a 2-0 record and it left the Bronchos scoreless in two scrimmages and one game. The Bronchos will be hard pressed to win much this year.

Only three times was Clarendon able to cross midfield and one of those times was on a Mustang punt and another was a fumble recovery at the Wheeler 16 late in the first half but that break fizzled on a missed field goal attempt. The Mustangs defense, which coach Ronnie Karcher said "attacked much better than against Beaver", limited the visiting Bronchos to only 36 yards total offense.

INSTALLED: The annual installation banquet for the Wheeler Kiwanis Club was held Monday evening at Maxey's Steakhouse. Shown above are the officers and directors for 1989-90 club year. Rodney Lauban (front left) of Canadian is the Lieutenant Governor of Division IV of the Texas-Oklahoma District. Bill Robertson (center) will serve the local club as president. Jim Wright was installed as president elect. Pictured on the back row are Bob Frankenbery, board member; Wesley Buice, secretary-treasurer; Bobby Ware, board member, and Steve Emmert, retiring president.

MACK MARSHALL

Mack Marshall Named Player Of The Week

[EDITOR'S NOTE: The following story was taken from the Amarillo Daily News, Tuesday, September 12, 1989)

Mack Marshall, Wheeler: The hesitation expected of a sophomore starter hasn't struck the Mustang fullback. In his second start, Marshall carried 22 times for 181 yards and scored on runs of 4 and 2 yards in a 42-0 win over Clarendon.

Marshall opened the season with a 117-yard effort against Beaver, OK., Sept. 1.

"We thought he might be a little tentative," Wheeler coach Ronnie Karcher said. "But he's pretty mature."

Marshall is one of five sophomores starting for the Mustangs. But despite the lack of varsity experience, the young group has proven talent. Last season the Wheeler Junior Varsity went 7-0-1, unscored on even in the tie.

At linebacker against Clarendon, Mrshall came through with five assisted and foru unassisted tackles.

Offensively he took the outside corner and ran with it.

"They kinda gave us the outside so we pulled both guards," Karcher said. "He's got enough speed to get out there and turn it up."

UNDEFEATED MUSTANGS AND IRISH PLAY FOR CO. CHAMPIONSHIP FRI.

Not much has to be said or done to get the Wheeler Mustangs and their rivals from across the river, the Shamrock Irish, ready to fight it out on the gridiron and this week will be no exception as the Mustangs head south for the annual battle with the Irish.

The much improved Irish opened their season last week with a convincing 24-0 win over Spearman and it has been a long time since the Irish met the Mustangs undefeated and to top it off the Irish were selected by the Amarillo paper this week as the "Team of the week" for their play against Spearman.

That should give the Mustangs some added incentive, if much was needed, as they take their 2-0 record to El Paso Field. "We have not played or scrimmaged any team that has the quickness of Shamrock and they are the best disciplined Shamrock team that we have faced in years," Karcher said this week.

Sophomore fullback Mack Marshall garnered "Player of the week" in Class A so the Irish don't go into the game with all the plaudits. Marshall gained 181 yards against the Clarendon Bronchos and is one of five sophomores dstarting for the young Mustangs.

Shamrock will run from the wing T offensively and will give the Mustangs a

5-3 look on defense. "We can't make mistakes against Shamrock like putting the ball on the ground or throwing interceptions or we will get beaten," Karcher said and he added that "our defense has still to make improvement."

The Mustangs have had good workouts all week and will go to Shamrock free of injuries. "If our team can't get ready to play Shamrock, we can't get ready to play anyone, but big rivalries bring out the best in young men and the Mustangs will be ready." "They kind of like being County champs", Karcher said

KIWANIS INSTALLS OFFICERS; BILL ROBERTSON 89-90 PRES.

Members of the Wheeler Kiwanis Club attended the annual installation banquet Monday evening, September 11. 1989. The banquet was held at Maxey's Steakhouse. Bill Robertson will serve as president; Steve Emmert, retiring president, served as emcee for the evening.

Doing the honor of installing the 1989-90 officers was Rodney Lauban of Canadian. Lauban is the Lieutenant Governor Texas-Oklahoma District Division IV. The audience was given a review of the plans for the coming year in Kiwanis and the elected officers were charged with the list of duties expected of them as officers.

The annual banquet is considered "Ladies' Night" for the local men's organization and the wives of the Kiwanis members are the honored guests. The club was also honored by the presence of additional guests. Russ Jones, Jim Chandler, Richard Reeves and Rodney and Lois Lauban, all of Canadian were in attendance. Glyndol and Kathy Holland of Wheeler were also guests.

The 1989-90 Kiwanis Club president for the 1989-90 year is Bill Robertson. Jim Wright is the president-elect. Wesley Buice will agam serve the club as treasurer and has accepted the added duties of secretary. Serving on the board of directors are Bob Frankenbery, David Britt, Kenneth McCasland, Johnny Velasquez, Wayne Edwards, Bobby Ware and Steve Emmert, retiring president, will serve one year on the board.

This is the 40th year for the Wheeler Kiwanis and Kiwanis International will be observing its Diamond Jubilee Year—75th Anniversary in January. Wheeler is fortunate to have two charter members in the local organization, Bill Owen and Thomas Daughtry; both are "life" members. Adrian Risner is also a "life" member and has served the organization for many years.

Members and their wives present were: Charles and Margaret Kuntz, Bill and VonEva Robertson, Wesley and Lula Buice, Van and Rene' Baize, Weldon and Marge Rives, Joe and Betty Lee, Jim and Melba Montgomery, Dick and Jean DeArment, Bob and Valetta Frankenbery, Jim Wright, Adrian Risner, N. Isn't the cool weather a wonderful break from the heat. I guess fall is just around the corner, I'm ready!

Since Monday was Labor Day the week started on Tuesday for me. This doesn't mean it was any less busy.

We started with Mr. and Mrs. Hyatt bringing us Family Alter. We like to sing the "oldies" but "goodies", everyone has a favorite. Thank you both so much.

Bingo on Wednesday was rather busy. We had several "just for a minute" volunteers helping out. Mr. Hyatt, Jac Reed, and Mary Britt. Thank you all very much, I couldn't have done it without ya!

My juice cart volunteers were Ruth Taylor and Opal Farris. You put a little sunshine in our day. Thank you.

Our "Inspirational" on Thursday morning was delivered by Fern Young, Ila Collins, and Sylvia Brown. Fern says we Bless them on Thursday mornings, I think it surely goes both ways. We enjoy them very much. Thank you.

Our exercise class is usually a little bigger on Thursday morning than on Tuesday. I guess it takes a couple of days to get warmed up.

Thursday was mending day. The ladies from the Church of Christ came to make things look better and fit better. They were Ora Underwood, Bea Smotherman, Ardie Martin, and Essie Finsterwald. The residents always enjoy visiting while the ladies work. Thank you all for coming.

Ann Ellison and LaJaune Alexander were here also to fix pop-corn for everyone. We all (staff included) look forward to Thursday afternoons. Thank you.

Jim and Laura Davis were here for Methodist Bible Study on Friday morning. Laura Eubanks is always a welcome visitor. We enjoy their visits. so much. Thank you all for coming.

Our juice cart volunteers on Friday afternoon were Ruth Taylor and Mae Nash. Donna Green and I were up to our chins in paperwork. We put it off till Fridays, it's the least favorite part of the job.

Thank you to Jim and Melba Montgomery for coming to teach Sunday School each Sunday morning. We appreciate your time.

Alma Topper is still in Parkview Hospital at this time. We hope she is doing better.

We are saddened by the death of long time resident Toy Cox. She was such a sweet and kind lady we will all miss her so. Our sympathy goes out to her family.

Thank you to Rev. Robert Helsley and members of the First Baptist Church of Wheeler. The cloudy-cool days somtimes makes the attendance low, but we appreciate your coming to share your time.

See Ya Next Week!

Ain't It The Truth
By Ab Gunter

Got to go to them races there at Indy last week and enjoyed everything there but my tired feet and aching bones. I had snuck in under the tent flap and had me a real good job rite in the middle of the thing watching them cars whiz into the pits and back out on the track an seeing all the tention in everyones face. Them boys in the pits can change oil, wash your windshield, change all 4 tires and even fill the tank in seconds and durn few of them.

Before the race I got to see all them celebrities rite up close but most of them I didn't know but here come Gene Autery and his pardner which I knew and Phil Harris and Hogie Carmichles son Randy and Gollyee Jim Neighbors and even the Vice President Dan Quayle and fourty leben Secret Service Men that come along for the ride. I guess what took my eye most wuz all them purty girls with them tight fittin duds on but so was most of the other boys. Guess us boys will always be boys even with our false teeth and white hair. Mama says I'm like a Fiste Dog chasing a Greyhound Bus. Maybe shes rite. Ha.!

I stayed there at the Winners circle durn near all the race watchin the action an there at the last my ole legs said Ab get out of here now. I had me a golf cart hid behind one of them buildings and I headed back to our place so Mama could rub my aching legs but when I got there Mama was somewhere else and I jes had to suffer in silence by my self.

That kid of ours told me that maybe we could ride one of them Government Whirleybords if we contact the rite feller, well since I didn't know one feller from the next I sort of figerd our Son would handle all the leg work. He did but Dear Old Dad weren't included and everybody up there just happened to see Terry and Charley the Supt. flying around in that durn thing. I didn't cry but I pouted all day. Me and Mama did enjoy the few days we were there and getting to be around our children and grandaughter but I guarantee you one thing if they had it ever week we wouldn't be there. Too durn much goin on and we only took one tube of Balm Ben Gey.

Love, see you next week, Ab and Benita.

Sweetwater News
Mrs. Joe Flowers

Sure was a nice Labor Day. We rested on Monday but labored mightily the rest of the week. Froze a big batch of chili beans. Used my bucket fo tomatoes that way. Last week, we fixed soup mix.

School got off to a good start with 141 enrolled. Eleven are seniors. Have two new ones, Genia Blackwell, and Lisa Hersberg. Mrs. Little has six in kindergarten, Shea Dewes, C.J. Hagerman, Jared Tipton, Aaron Vidaurri, Marjorie Banks, and Masey Russell.

The Beckham County 4-H Achievement banquet was held August 19 at Sayre with the meal furnished by the Lions Clubs. Missie Blevins won the Hall of Fame award. Sweetwater 4-Hers receiving medals for outstanding work were Brendon Atkinson, Matt Carlson, Robin Hagerman, Les Pyeatt, Mandy Carlson, Lisa Tucker, Mandy Hagerman, Carl Pyeatt, Brad Atkinson.

Also attending the banquet from here were Tommy and Nelda Tucker, Eva and Eb Atkinson. Nelda and Eva are the Club sponsors assisted by all the parents who give invaluable support.

Eva has been busy judging fair entries. Worked the Greer County Fair at Mangum yesterday. And the Washita County Fair at Cordell today.

Linda and Erin Kahoa attended the wedding of her niece Christy Williams and Jared Schrag at Springfield, MO. over Labor Day. They also visited with Becky, Crystal, and Dennis while there. On the way they stopped at the Precious Memories Chapel at Carthage, MO.

Several from here attended the Vitato Mullenix reunion at Carter. Mike and Sally Sites went to the Marriott get together at Elk.

Johnnie Reed tells me, he and Jewel ran into cousins Ed Thompson of Sayre and Marvin Thompson, Ft. Worth, at the cafe.

Mr. Bellmon announces, OK. has better use for our money than use it to get Amtrak back. Guess he wants to build another toll road around OKC.

Funeral services were Thursday at the First Baptist Church in Hobart for Leona Shultz. She was the mother of Charles Shultz, editor of the Beckham County Democrat.

James Wylie of Perryton, TX was down Thursday to visit his sister Katie Whipkey.

Cecil and Lela Whipkey of Lake Tuolumne, CA have spent a few days with Birdie Whipkey.

I had a nice call from my pen pal in Minnesota, Joann Steen. It was her birthday. She has spent 32 years in a wheelchair but always has a smile and cheery word.

Zuma Sutton had a birthday the 6th too. Ola May Coop took her out to lunch.

Glenna McMullen of Denver City, TX visited Hubert McMullen and Zuma Sutton during the Holiday.

Saw a mention of Dan Patch the other day. He was a famous trotting horse, years before my time. I used to have a little iron Dan Patch horse pulling his sulky and driver but some where along the years, it vanished. Anyway in 1905, he ran the mile in one minute, fifty-five and a fourth seconds, setting a new record.

Leona Miller was hostess to a club meeting Thursday. Members labeled their entries for the Bekcham Co. fair. Guests were Birdie Whipkey, Anna Laura Wells, Clella Dye, Mary Bollen, Anice Hinchey, and Wanda Guenzel.

The Miller boys Ernest Wayne, Clinton, Glen of Amarillo, Danny and Gene, Erick were out on Saturday to hunt a little and enjoyed a hamburger cookout that night with their folks.

Local winners at the Roger Mills Co. fair at Cheyenne, were Louise Perry, Ida Mae Rutherford, Ruth Atkinson, Ruby Robinson, Pam McEntire, Kayla Pullan, Cade Sites, Colby Hagerman, Megan Sites, Hope McCord, Leslie Hagerman, Dustin Hagerman, Justin Hagerman, Sandy Hagerman, Aaron Hall, Darla Powers, Mandy Hagerman, Robin Hagerman, Misty Keathley, Monte Tucker, Brendon Atkinson, Brad Atkinson, Andy Davis, Giletta Tharp.

And Tuffy Powers, Carl Johnston, Steven Dawson, Matt Carlson, Les Pyeatt, Jody Johnston, Monica Bentley, Tyler Heinsohn, Elizabeth Lesley, Randy McEntire, Mandy Carlson, Justin Lesley, Jackie Burns, Terry Davis, Jada Alexander, Joel Alexander, Wesley Powers, Pam Davis, Jake Silk, Shawn Carlson, Monte Carlson, Mandy Carlson.

Steven Dawson had the Grand Champion barrow, Megan Sites won the Junior Swine and Junior Sheep Showmanship awards. Monte Carlson won the Senior Sheep Showmanship trophy.

Seems like every bug in the country comes over and takes a bite of me. I'll sure be a goner when the fire ants and killer bees get here.

Jessie Vitato, Blanche Smith, and Mamie Downey have just returned from a trip to CA. Among those they visited were Kenneth and Fern Vitato.

Lola French is home from a long visit in Louisiana with her son Ray.

I'm not very enthused about all these TV talk shows. Used to watch ten minutes of Giraldo while lunch ran thru the microwave but now it's someone else. My little kitchen TV isn't hooked to the translator tower and will only get 12 and 8.

The Erick Kitchen Band entertained at the Erick Home Tuesday. It was covered with inspectors from OKC who took the time to say they enjoyed the music. Band members were Basil and Billie Doss from Carnegie, Bess Perkins, Leonard Taylor of Elk City, Betty Brothers, Jack Criswell, Donna and Jack Mercer, Sayre, Hazel Francis, Iona Miller, Rose Abla, Roy Swagger, Richard Crawford, Virgie and Alvin Marshall, Erick and we three.

Carol had everything decorated so nice in the Autumn motif. Mrs. Elms was kind enough to play the piano for the band. Our aunt Sophia Spencer was resident of the month.

Stella Jenkins tells me her grandchildren Audie and Chris Jenkins have taken the little one and moved to better jobs in Michigan. She is really missing them.

Old Mobeetie Assoc. Sept. Meeting

The OMA for the Old Mobeetie Jail Museum, met 7th Sept. at 7:00 p.m. in the hospitality room of the First State Bank in Mobeetie. Three men of the Blue Grass Musical group of Amarillo met with us to finish the settlement due after the festival in July. Lynn B. Myers, treasurer had charge with Wayne Tolbert and Ray C. Cargo along with him. They settled their accounty with us first as they had to drive back to Amarillo. With Louise Hogan figuring with them the balance due the Museum was $346.83 on the electric bill during the Blue Grass Festival in July. We were glad to welcome them to meet with us any time and appreciate and thank them for being present each 4th weekend of July each year with their music that everyone far and near appreciate, which is the main income for the museum.

Our meeting began now with, Austin Caldwell reading the minutes of the last meeting. Louise Hogan gave the financial report, we still lack some having the money to purchase the tractor and mower that we need for the museum area. We have received several more donations from, Hyland Weaver, First State Bank of Mobeetie, Mrs. H.J. Finsterwald and Dr. Mike Smith. We are grateful for each ones help. The minutes and financial report were accepted as read after Henry Johnston, made the motion to accept them that was second by Maurita Stribling.

There was no museum report as Al Cavaness was not present. We discussed ordering more cookbooks and decided to contact the company first, for price and number ordered. Sallie Harris had some more of the notes with the old jail sketched by Bernice Caldwell, printed and Vinita Hopkins paid for them as a donation to the museum. Also had some more of the brief stories of Mobeetie printed as a donation to museum also.

Sallie Harriss reported that she had written two more requests for grants for a permanent fund for the museum.

The president appointed a nominating committee for election of officers in October, with Austin Caldwell as chairman and Louise Hogan and Jack Finsterwald. Sallie Harris presented her resignation as president of The Old Mobeetie Association to be effective at the October meeting 1989. There being no further business, the meeting adjourned. Present were: Jack Finsterwald, Carol McCurley, Louise Hogan, Henry Johnston, Jap Bailey, Austin Caldwell, Maurita Stribling and Sallie Harris.

To the Editor
The Wheeler Times

Dear Sir:

This is an invitation to a life style type story in Lefors, Texas 9-2-89.

We are unveiling a display containing Elmo Nalls old cowboy hat and worn out spurs encased in glass.

I think an interview with Elmo, will be a very interesting story. He has worked most ranches in the panhandle.

Plus...This is the first time we have allowed the media to come to the Pickin' Shack, it will make quite a story too.

You are invited for a Bar-B-Que lunch following the presentation. Be sure and autograph the ceiling of the Pickin' Shack, before leaving. Hope to see you here.

Sincerely,
Eudell Gifford

How to Spot and Prevent Gas Pipeline Emergencies

Natural gas is transported through a system of underground piping. These pipelines are installed and maintained in accordance with highest safety standards, but damage from outside forces can occur. If the pipes are struck or disturbed by excavators or by natural disasters such as floods or tornadoes, personal injury or property damage could result.

3 R's OF PIPELINE SAFETY

You can help prevent or minimize pipeline emergencies by keeping in mind the 3 R's of Pipeline Safety:

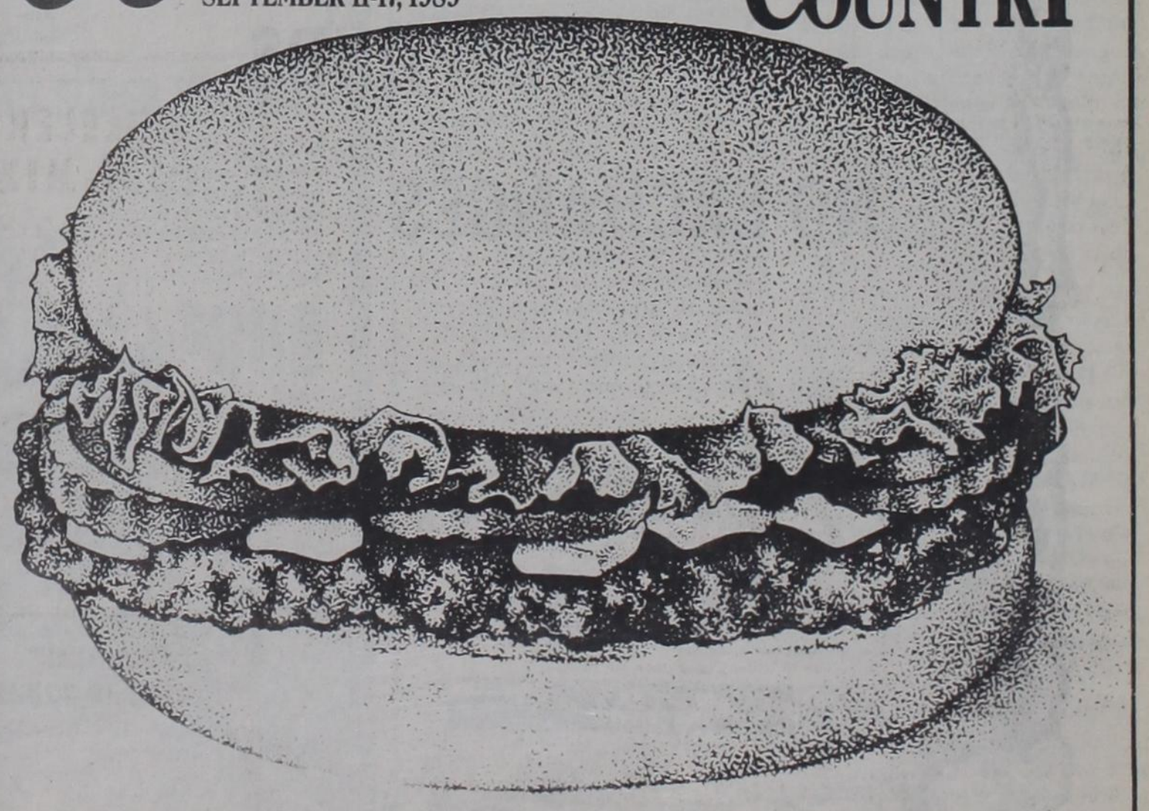

RECOGNIZE a pipeline emergency:
- Hissing or shrill SOUND.
- Unusual BLOWING dirt or dust.
- Persistent BUBBLES in water.
- DYING PLANTS amid healthy ones.
- Distinctive SMELL, if odorized.
- FIRE or EXPLOSION near pipeline.

REPORT a pipeline emergency:
Phone the Natural Gas Pipeline 24-hour line: 1-312-691-3399. Call COLLECT.

RESPOND to a pipeline emergency:
- Evacuate the area immediately.
- Avoid potential ignition sources.
- Warn others to stay away.
- Phone Natural.

YOU CAN PREVENT PIPELINE ACCIDENTS:
- Call BEFORE you dig, drill, or doze.
- Watch for our signs at road, railroad and river crossings, at fence lines, ditches and other sites.
- For no-cost location of ALL underground facilities, call the Texas Excavation Safety System (TESS) at 1-800-DIG-TESS. Please call 48 hours in advance.

Wheeler Church of Christ

Congregational Concerns:

On this coming Saturday, September 16th, from 9:00 A.M. to 2:00 P.M., the Wednesday Night Ladies Bible Class will conduct a "Clothes-Give-Away".

From Sunday, October 29th through Wednesday, November 1st, this congregation will conduct a gospel meeting. Charles Hodge, minister of the church in Ducanville, Texas, will be the preacher.

Dub Goad is hospitalized in St. Anthony's Hospital in Amarillo. He has been experiencing some heart problems.

Alma Topper, the mother of Arleta Dennis, remains hospitalized in the local hospital.

Ruby Zybach was released from the local hospital last weekend. She is now resting at home.

Estelle Burgess has not been feeling well the last several days.

Ransom Carter, the father of Berniece Hefley, has not been feeling well the last several weeks.

From the Minister's Desk:

A recent popular movie was entitles, "Hoosiers". This movie was about a boys high school basketball team from a small town in Indiana which goes to the state basketball tournament as an underdog, but wins the state championship.

While the movie was ficticious, it was based on a true story. In 1954, Milan High School, which had an enrollment of 161, won the high school state basketball championship of Indiana, beating Muncie Central High School, which had an enrollment of 2,000 and which had won four other state championships. Milan High won the championship game by a score of 32 to 30 when a young man named Bobby Plump made a fifteen foot jump shot with three seconds left in the game.

I think that I understand why this story would inspire such a popular movie. It appeals to the desire of people to believe that the almost insurmountable problems of life can be overcome.

Since this desire is a common characteristic of man, it is not surprising that one of the greatest promises of Christianity is that the problems of life can be overcome. In the eighth chapter of Romans, the Apostle Paul wrote: "Who shall separate us from the love of Christ? Shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? Just as it is written, For Thy sake we are being put to death all day long; We are considered as sheep to be slaughtered. But in all these things we overwhelmingly conquer through Him who loved us." Verses 35-37)

From this text, several important facts can be learned. The facts are:

1. A conquest always presupposes a contest. The New Testament does not teach that Christians will be immune from the problems of life. Rather it teaches that Christians will experience affliction, hardship, and trial.

2. Christians can "--overwhelmingly conquer--" the problems of life. When the Apostle Paul wrote his second letter to the Church of Corinth, he said: "--We are afflicted in every way, but not crushed; perplexed, but not despairingly--". (II Corinthians 4:8) Christians do not despair about the problems of life because they can "--overwhelmingly conquer--" these problems.

3. Christians do not overcome the problems of life by their strength, knowledge, or insight. They overcome the problems of life "--through Him--" who loves them. Self-reliance is a wonderful virtue, but it is insuffiecient to overcome the problems of life. These problems can only be overcome through Christ.

The superlative promise of Christianity is that Christians can "--overwhelmingly conquer--" the problems of life "--through Him--" who loves them. And the thoroughness of this promise is emphasized in the last part of the eighth chapter of the book of Romans when the Apostle Paul wrote: "For I am convinced that neigher death, nor life, nor angels, nor principalities, nor things present, nor things to come, nor powers, nor heighth, nor depth, nor any other created thing, shall be able to separate us from the love of God, which is in Christ Jesus our Lord." (Verses 38-39)

Notice that the Apostle Paul said: "For I am convinced--". He was totally convinced that none of the problems of life could separate him from the love of God. And with this love he could overcome any problem that he experienced.

Life is problem-filled. but Christians confront these problems with confidence, believing that they will overwhelmingly conquer through Him--" who loves them.

PROPOSITION NO. 1 ON THE BALLOT

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently $7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be $46,716, and the annual salary of members of the legislature would be $23,358, based on the Governor's current annual salary of $93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional $500 million of Texas water development bonds. The additional bonds are to be used as follows: $250 million of the bonds are to be used for water supply loans and facilities acquisition; $200 million of the bonds are to be used for water quality enhancement projects; and $50 million of the bonds are to be used for flood control. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed $25 million for the Texas agricultural fund and $5 million for the rural microenterprise development fund. The financial assistance offered by both funds could include loan guarantees, insurance, coinsurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to $25 million of general obligation bonds for initial funding. To carry out the Texas small business incubafor fund, the legislature could authorize loans and grants of money, and the issuance of up to $20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. The amount of bonds guaranteed by the permanent school fund could not exceed $750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The maximum net effective interest rate would be set by law. Proceeds from the sale of the bonds would be credited to the Texas opportunity plan fund, which is used to make loans to students to attend institutions of higher education in Texas. The bonds and interest on the bonds would be payable from the first money coming into the treasury in each fiscal year that is not already appropriated by the constitution, less the amount remaining in the sinking fund at the close of the prior fiscal year.

ABOUT OUR SCHOOLS

WHAT DO ADMINISTRATORS DO?

We have known for a long time that the quality of a school is closely related to the skill, ability, and knowledge of the administrator who is in charge of it. Yet, even though the administrator is a vital element in a quality school, many of us do not have a clear understanding of what he or she does. Although it isn't necessary that we know every aspect of the job, we should have a basic understanding of the administrator's responsibilities.

The school administrator is an executive who heads a team of educational specialists including classroom teachers, special teachers, counselors, libraians and others who are charged with the responsibility of educating every student who comes to school. The administrator is expected to provide the leadership that will enable all of these people to focus their skills and knowledge upon educational needs of students. This requires much scheduling, coordinating, and planning. The administrator must plan for tomorrow, next week, and next year to make certain that the needs of the students and staff are met. He or she must anticipate and plan for changes that may be necessary in curriculum and instruction. In addition, the administrator must seek ways to make the schools better. And the administrator must ensure that teachers have the supplies, materials, books, and equipment they need to perform their duties.

Whenever people work together, disagreements are likely to occur. Therefore, problems sometimes arise among staff members and between teachers and parents. It's the administrator's duty to help resolve those problems and disagreements so that they do not interfere with the education of boys and girls.

The administrator impliments policies and programs and maintains the standards established by the board of education and the state education agency. And the administrator must make certain that the state and federal laws relating to education are adhered to.

The resources available to operate the schools are nearly always limited, and the administrator must allocate them in ways that secure maximum results. The administrator is also responsible for creating and maintaining a safe environment in the school.

These are not all of the duties and responsibilities of the school administrator. But they provide a good start for understanding what an administrator does and how that work contributes to the quality of the school.

The administrator does not always preform these duties with perfection. Many other people are involed in the work of the school--and things do not always go smoothly. But, most administrators do preform these duties with a high degree of success. Indeed, they are more successful than is often acknowledged. It is important, however, that we be supportive of the administrator when things go well at school. Too, we need to have some understanding of the challenges he or she faces when things go wrong--as they sometimes will. After all, we cannot ignore the reality that the quality of the school is directly related to the work of the administrator. And only if we offer our encouragement and support are we likely to have the quality schools we all want.

ICE CAPADES

RETURN TO ROMANCE

When the lovely Ice Capades skater Simone Grigorescu tells the tale of her early childhood, you get the feeling you're hearing the plot of Hollywood's latest adventure thriller.

Simone is featured in Ice Capades "Return To Romance" appearing at the Amarillo Civic Center Coliseum from September 21 through September 24.

At age twelve, she and her parents fled the Iron Curtain country of Rumania just a few steps ahead of the authorities. Simone's father, a professional singer, recieved permission to leave the country for a performance in Yugoslavia. Somehow he persuaded officials to allow his family to join him.

ICE CAPADES: Simone Grigorescu, born in Bucharest, Romania, lovely three time World Professional Gold Medalist Simone Grigorescu displays her elegant, lyrical style in Ice Capades "Return to Romance".

In the dead of night, the Grigorescus fled Yugoslavia, hitchhiked their way to Vienna and eventually arrived in West Germany. Two years later they came to America, settling first in Brooklyn, New York.

Her new homeland offered many opportunities for Simone. Back in Rumania, she had won the Gold Medal in Rumania's Junior National Skating Championships. She continued her work on ice and added a course in music and art to her busy schedule at New York's celebrated Professional Children's School.

After high school graduation and participation in numerous skating competitions, Simone began her professional career with Ice Capades. She continued competing after turning pro, winning the 1985 World Professional Championship.

On the ice, the classically beautiful young skater skates with an elegant, lyrical style. "I try to express myself, my personality, through my skating," she says. "The music is everything. You must feel it, understand it and then interpret those feelings to the audience."

The entire Grigorescu family became American citizens in 1980. Her parents now live in Denver where her father is employed as an engineer and her mother is an accountant and manages an ice rink. When she's home from the Ice Capades tour, Simone enjoys mountain climbing in the Rockies.

For Simone Grigorescu, life thus far has been quite an adventure. "I have learned to dream," she says. "Dreams can come true if you work hard and really believe."

Consumer Groups Storm Local Grocery Stores!

Stores point finger at newspaper

Today saw one of the largest consumer responses of the week to offers made by local grocery stores for discounted prices. Across the city, shoppers were redeeming coupons cut from the local paper in record numbers.

"We know any offer we make will be highlighted most by the newspaper," commented a grocery store spokesman. "Our goal is simply to inform the consumers that these discounts are available. We are confident they will respond if they see it in the paper." His statement was backed by recent Consumer Data Service reports that indicated grocery store ads triple volume on discounted items and double volume on regularly priced items. It also revealed grocery ads are read by well over 70% of newspaper readers.

Grocery store representatives unanimously agreed that newspaper advertising was the only way to get immediate consumer response. One grocer remarked, "Most people read the paper, and a bunch of those readers clip our coupons. It's that simple." His comments reflect the well known Manufacturer's Coupon Center report which stated that over 80% of all families use coupons.

"When consumers want more for their money, they always go to the newspaper," a grocery official said. When pressed by reporters for the best offer he could make to the consumers he replied, "Look in the paper, it's all right there. Green leaf lettuce, two heads for 79¢ . . . with a coupon of course."

Grocer claims local newspaper "totally responsible" for consumer rush

"We make great offers in our newspaper ads every week, and we always get great response."

Dear Editor:

The past ten years I have watched our Hospitals go out of business for one reason or other. In 1983 we had as high as thirty patients, even out in to hallways in Parkview Hospital here. During that time and until the new administrator came in 1987, the filthy drug cigarette smoking was so bad by Drs., Nurses, and others, there was not a fresh breath of air in this hospital or Care Center. The administrators have worked hard to overcome this problem. I don't blame people for going other places. We have been up to 40 EMPTY beds to long it is a serious matter and this smoke still coming out into hallways. How can you call yourself a Dr. or nurse and keep blowing this poison out where it may get into the lungs of the sick and dying and others in our hospital and Care Center. The non smoker working here has right to clean air, and to defend that right. There was a new smoking policy to get smoking out, but it was over ruled by the people that smoke. We have good Drs., nurses, one Dr. does keep a clean office. The Mayor, City Council, Board of Directors, either one can correct this problem before we lose our hospital. That's a high price to pay for your smoking. People will come back here when you show some respect for Sick. We too would like to use this hospital. Some three months ago I was told there was skip in my heart beat and should have it checked I did go to my Dr. here, he gave me a prescription for this ailment that did help. Short time later he thought I should see a cardiologist, I did mention to him about another therapy called Chelation and would check on both. I did decide on the Chelation therapy. Which we don't have here, also know that breathing to much cigarette smoke and other drugs could cause skip or lage in heart beat, as well as cancer other disease. I have taken a number of treatments and will go back [illegible] as of today I am back to normal to the best of my knowledge, working as usual. These treatments may have saved having bypass. These people I go to do not allow smoking in this health place.

FmHA Farm Borrowers Invited To Meeting

Wheeler County farmers with loans from the Farmers Home Administration (FmHA) are invited to a meeting on September 19, 1989 on how FmHA's computer program is used in considering loan servicing options such as rescheduling and write-downs, FmHA County Supervisor John D. Wolf III, todays.

The meeting will be at 1:00 p.m. at the Texas Agricultural Research & Extension Center, 6500 Amarillo Blvd. West, Amarillo, Texas.

Wolf said the meeting is particularly important for FmHA borrowers behind in their payments and those having difficulty with their loans.

"We will go over all options available to those borrowers and explain how to go about finding one that will keep them in operation," Wolf said. "We will be putting emphasis on the Debt and Loan Restructuring (DALR$) computer program that was developed just for this purpose."

Wolf said DALR$ does many mathematical calculations quickly and in a number of combinations in helping in the analysis of farm financial plans.

"If a restructuring plan exists that will keep the borrower on the farm, DALR$ will find that plan, and that plan will minimize the cost of debt restructuring," he said.

DALR$ was developed as a tool to help debt restructuring authorized by the Agricultural Credit Act of 1987. FmHA farm borrowers who are behind in their payments should, by all means, try to attend this meeting, Wolf said.

We sponsored a Blood Drive and are looking forward to another one in November. The Senior Citizens are a group we enjoy spending time with each Thanksgiving. We prepare a Turkey and Dressing meal for them and always hope for a large crowd. We also give a scholarship to one Senior girl each May.

Our group enjoys lots of fun times but we are a service organization and want to help our community.

After we discussed our new plans for our upcoming year, we were served cake and punch by our co-hostesses Patti Brooks and Carletta Burton. We exchanged gifts and revealed Secret Sisters. We also drew for our new ones.

How Sad

By Edith Donaldson

As I set alone at sun-down and the sounds of day are still.
I hear a little friend of mine beneath my window sill,
He chirps a melancholy song for his lady friend to hear.
She does not come to him, but he hopes that she is near.
So on and on he chirps his song, still knowing she will come.

But stealthy feet are creeping close and soon his song is done.
Of the crickets little girl friend, I'm sorrowful to write.
She spent a dreadful weeping time that dark and chilly night.

I may be the only one who calls the cricket friend,
For others think of many ways to bring his life to end.

Think of his little friend who weeps outside my door.
And listens for his cherry voice that stilled forever more.

Mustangs From Page 1

Wheeler overcame two penalties in a 61 yard drive for their fourth touchdown the first time they had the ball in the second half. A 28 yard pass completion to Kyle Sword was a big play on the drive and runs of 15 and 14 yards by Marshall set up Bradstreet's second TD of the night, this one coming on a 10 yard scamper.

The Mustangs recovered another Clarendon fumble on the last play of the third quarter on the Broncho 26 and four plays later, the Mustangs had built their margin to 35-0 when Marshall plunged over from the 2.

The last touchdown of the game came from another fumble recovery by the Mustangs at the Clarendon 30. Kelly Aderholt scored from 14 yards out with just 57 seconds to play in the game give the Mustangs their big 42-0 margin and get the Mustangs to thinking about hitting the road to Shamrock this week.

educate the public about preventing injury and illness by emphasizing the dangers of drunk driving and the need for seat belts, child restraints and motorcycle helmets.

We, as Texans, commend all EMS personnel in our State - those who staff ambulance and helicopters, physicians who provide medical control and training, and the physicians and nurses in emergency departments whose daily efforts are devoted to emergency medicine. We all depend on their skills and dedication.

"Emergency Medical Services Week" is being held to educate Texans about emergency medicine.

Therefore, I, Wendell Morgan, do hereby designate the week of September 17-23, 1989 as Emergency Medical Services Week in Texas.

WARNING! There are snakes in the grass in Wheeler. Gary Don Burton spotted a 3' long rattlesnake while mowing his lawn the other day. He remained on the mower to keep it in view and summoned help; he noted 9 rattles. He reported Larry Jones had also killed rattlesnakes in his yard on Main St. I will be a little more cautious in
the garden from now on.

As you read the paper you will notice that "Here and There" is missing. Don't be concerned about Mrs. Guthrie; she is not sick. She is 'running around', visiting her sister in Tulia.

Mrs. Gilmer sent a note with the news this week from Allison that she would be gone for about two weeks. Hopefully some will keep us informed while she is away.

We had to call Thomas Daughtry to learn the number of years the Wheeler Kiwanis Club has been in existance. In reporting the date, he recalled the severe blizzard underway in Wheeler the night of the first installation banquet. This would have been later in the year.

I was setting at 'Sis' Tuesday morning when the first flashes of lightning were notices. Patricia told me I had better file my copy. I did and 'sure nough', one paragraph later—power failure. It was right back on, but we went to lunch early.

'Step Sister's' board was returned and both computers are now functioning. The bill for the repairs is interesting. The part cost $8.30, but the 'technical charge' was $75.00. Not complaining; it is good to have them both operational.

We were 'on the road again' Saturday, but spent Sunday at home. It was back to Dallas for a short time. We left at 6:45 and returned at 9:03. It didn't take us long to see Dallas.

Jennifer and Liz were given an opportunity to earn back their winning statis at Pictionary. They beat Barbara and I; but it was a close game.

Jennifer called to extend birthday wishes to niece Jessica Monday evening. I told her to tell her "Happy Birthday from PawPaw". Jessica said: "He already told me in the paper." Grandkids really are 'grand'; aren't they.

"It looks like he's learned to use his blockers better. We had also talked to him about running with his head up, getting better vision. It looks like he's doing that."

Honorable Mention: Wheeler teammate **Arthur Altamirano** had nine tackles and one fumble recovery and the Mustangs' **Kyle Sword** posted nine stops at linebacker.

J.V. Wins First Game Of 89 Season

The Wheeler J. V. team won their first game of the season by beating Clarendon 26-0.

The young Mustangs scored in the opening quarter with Mark Marshall romping 25 yds. Nathan Willeford added 2 extra points with a scamper around the left end with Rudy Rivera and Jimmie Winter leading the blocking on the play. Marks TD run was set up by the trap block of Genero Meraz.

The 2nd quarter scoring was a boothley pair play from Joe Dan Ledbetter to Sam Coberly. The well-executed play completely fooled the defensive secondary of the Bronco J.V. The extra point attempt failed.

The 2nd half scoring included 2 TD's by Nathan Willeford from 2nd 5 yds. The extra pts. failed once again. Ball carrying duties of Marshall, Willeford, and Ledbetter proved too much for the Clarendon defensive unit.

Defensive standouts for the Mustangs were Rudy Rivera, Genero Meraz, Mark Marshall, Joe Dan Ledbetter, Nathan Willeford, James Umsted, Chad Harrison, Jimmie Winter, Kenny Brown with an interception, and Jason Judd.

The J.V. takes on the Shamrock Irish J.V. this Thurs. at 6:30 p.m. in Shamrock.

Shamrock Chamber Plans Ribbon Cutting

The Shamrock Chamber of Commerce will host a ribbon-cutting and reception for W.I.C. at 2:00 p.m. Monday, September 18, at 118 West Second. The public is invited to come by and view the newly redecorated offices, learn of the services provided by W.I.C. (Women, Infants and Children) and meet with staff members. The W.I.C. program is designed for the area working together for a healthy community.

The Texas Department of Health, Public Health Region 2, serves a 40-county area in the Panhandle and South Plains. Some of the services are: family health, chronic diseases, vision, hearing and speech, immunization for communicable diseases, crippled children, dental, zoonosis, mental, long-term care, and emergency medical.

Bubmy Hiltbrunner and Giner Burch will staff the local office.

Free Coliseum Shows

The Amarillo Tri State Fair, scheduled for September 18-23, will offer La Mafia as a free show in the Coliseum on Thursday, September 21st, and then on Friday, September 22nd, Rodney Crowell will be featured in a free concert.

La Mafia is a popular Hispanic band that has appeared in Amarillo a few times in the past to play for public dances and events. Their style of music is in tune with the times and will appeal to all age groups.

Nice to see Dollie Jo (Greenhouse) Haning at the Old Settlers Reunion with Ruth Hathaway. They had been to Borger Sun. to a birthday celebration for Dorothy Greenhouse, who is doing well. Think Orville Greenhouse and others were there.

We welcome Kenny and Denna Love and Brandy, 5, and Michael. They come from South Texas. Kenny is helping Leon Moore with carpentry work. Lots of work to do.

Nice to eat lunch at Maxeys Thursday with Clifford and Pauline Hefley and Terri. Also visited a little with Ruby Zybach and Virgil Helton in the hospital. Remember them all in your prayers. Also Margaret Sanders who had surgery for colon cancer at Amarillo Friday at High Plains Baptist Hospital.

Dr. Terence and Beth Cook and Willa Fillingim joined us for lunch at the North Forty Restaurant in Shamrock Friday and had a good visit and good food.

Willis and I enjoyed meeting Bob and Evelyn Cooper from Faulkton, South Dakota Tuesday morning at Sparlins for breakfast. The Coopers were on their way to visit relatives and friends at San Antonio, Branson, Missouri and other points of interest. We met the Coopers last summer in Faulkton and enjoyed their company, lovely people. They are nearly our age, but are avid square dancers and faithful church members.

Patty Ann Sheilds and Cindy Grayson went to Amarillo Saturday to spend the weekend with their dad, Buster Keys in Veterans Hospital and help out. He isn't able to do anything much for himself. Remember them all in your prayers. Dean and Karen Keys and family and Teresa Powledge also visited.

Almost all of Gageby Church members were at Allison Sunday afternoon for the baptizing of Joshua Hector, Jimmy Bennett, Jada Murray and Karla and Shelly, Gladys Kysar and Londa Crownover. Also several Allison people. Many thanks to Allison First Baptist for letting us use their church and baptistry.

Willis and I started to Canadian Saturday morning to the Abraham Homes' 25th Anniversary Lawn Party, but I can't take much cold wind and it was only 55 degrees. So we ate at the Dairy Queen and visited with Wesley Crosier and Duane Nix. Wesley's folks ran the County-line Store just north of the present Co-Op store and Wesley and sister Wilma went to school at Briscoe and they came to Gageby church. Hadn't seen him in many years. He and Duane married Creed Petree girls and Duane ran the Canadian A.S.C. office for several years. He now lives down state at Mineral Wells and Wesley's family at Pampa and Wesley works for Celanese.

Last Sunday dinner guests at the E. G. and Willa Fillingim home were Gayle and Helen Singleton.

Willis and I went to the Retirement Center in Sayre with Bob and Charleen Carey and family Tuesday to visit Granny Nabors, a peppy, precious little lady. There was a nice-looking man I recognized sitting on a sofa: Clarence Dyson, father of Richard who owns the retirement center with his wife, Helen. We enjoyed visiting with Clarence. His mind is so sharp and his memory so good. He said tell the Meeks and Zybachs and other Mobeetie, Briscoe, Gageby people "Hello" for him and to come to see him. He remembered my parents and even my mother's folks, the Tom Corneliouses. The Bob Carey family had been to Harrison, Arkansas over the weekend to visit Charleen's Dad who is ill with cancer.

Willis and I went to Amarillo Monday to visit Margaret Sanders in High Plains Hospital. She is recovering from surgery Friday to remove a cancer in the colon. Doctor thinks he got it all. Pray for them. We also went to Veterans Hospital to visit Buster Keys. Buster was asleep, but we had a good visit with Irene. Remember them in your prayers and the family. While there we saw Gene and Euba Faye Carrick doing good. I went all through college with Euba Faye. We saw Ida Mae Goad at St. Anthonys hospital. Dub is in there with heart problems. Pray for them. We hope all are soon better. We also saw Deleise Quinton, Esther Brown and family, Darinda Begert, (who is pretty lonely with Bret gone to college.)

Adam and Casey Tipps visited Dick and Ruth Irvin and Grandma Grace Sunday. Then Dean and Georgia took them back to Amarillo Sunday night.

Congratulations to Glenn and Angela Keelin on the birth of their new baby girl Monday night at Shamrock. She has a cute big sister, Andrea, 2. Glenn works for Dennis Hefley.

Sunday supper guests at the Larry Nelson home were Cathy and Elmer Harrison and Chad and Brad.

Friday night Larry and Danny and Jimmy Nelson went fishing at Miami for the Equity Fish Fry for all the employees Saturday at Lake Fryar near Perryton. Larry and Vickey and kids all went to the fish fry. It was fun but a bit chilly.
