Two For One Rate To End Saturday Free Ball Game To Be Staged Aug. 8th

Merchants And Individuals To Pay For Game

Fans Will Not Even Have To Pay Federal Tax On This Special Night

Yes sir, the people of Lamesa and surrounding territory are going to have an opportunity of seeing the Amarillo Gold Sox and the Lamesa Lobos play a regulation ball game at Lobo Field, absolutely free of charge, in fact, you won't even have to pay the tax, through the courtesy of a number of Lamesa firms and individuals.

The game will be played on Friday night August 8th, beginning at the usual time, 8:30, and is the second game of a three-game series that will be played between the two clubs.

You don't have to have any ticket of any sort. Just go down to the park—take the entire family along—and walk right in. You will not only be welcome, but these firms urge you to be their guests on this night. You can sit anywhere in the stands, except in the box seats, which, of course, will be held by those who purchased them for the entire season. You are placed under no obligation and there will be no collections taken, nor will you be asked to buy or subscribe to anything. It will be just an open party with all expenses paid by these firms, and they are expecting every seat in the grandstand and bleachers to be occupied, and if you don't come out, they are going to be disappointed.

Remember the date, Friday August 8th, and bring the entire family along.

The firms and individuals who are making this free game possible are S. J. Jordan Truck Line; C. A. White Grain Co.; Green Hut Cafe; Hestand-Kimbrell, Randalls Lumber Company; J. H. Harp, Pierce Variety, Bar's Bottling Co., Lamesa Salvage, Randolph-Norman Grain Co., Coca Cola Bottling Co., Lamesa Cotton Oil Co., Irvin Wright Conoco agt., Bryant-Link Company, Elsie Burleson Phillips 66, Lamesa Reporter, Dawson County Courier, and the Lamesa Auto Co.

The above list represents those who have signed up until Thursday morning and it is probable that there will be other names to add to the list. If you would like to share in this party as one of the hosts, get in touch with any member of the board of directors, or call either of the newspapers in Lamesa.

Midway Revival Begins Friday

A Revival Meeting will begin at Midway Friday night, according to an announcement made today by Rev. W. C. Wright, pastor of the Midway Baptist Church.

Rev. Avery Rogers, pastor of the First Baptist Church at Brownfield will do the preaching.

The general public is cordially invited to attend.

INSTALL NEW PATHOCLAST

The Lamesa Drugless Clinic have completed the installation of the latest type of Pathoclast, a diagnostic and foodology instrument. They held a special clinic last week with Dr. Eugene Hansen, of Oklahoma City, who demonstrated the new machine to a large number of people. "We want to thank those who attended our clinic last week," Dr. Cutler stated, "and are happy to say that everyone seemed pleased with the results they obtained."

C. L. HENBEST TO PREACH AT LAWN SERVICES

The Dawson County Ministerial Alliance announces that on Saturday, August 2, Mr. C. L. Henbest will preach on the court house lawn at 3:00 o'clock. Mr. Henbest is from Rogers, Arkansas, and is the National Evangelist for the Church of the Nazarene. W. L. Lawrence, pastor of the local congregation of the Church of the Nazarene, hopes that many who hear Mr. Henbest on Saturday will hear him again during the days of a meeting in which he will help, August 2-17.

Next Monday Will Bring More Dollar Day Values

Molly O'Daniel Marries

(By The Associated Press)
AUSTIN, July 31. — Texas' state-ly 85-year-old governor's mansion, was polished today for its eighth wedding—the marriage of Governor and Mrs. W. Lee O'Daniel's daughter, Molly to Jack Wrather Jr., East Texas oil man.

At 8 p. m. tonight, the vivacious 19-year-old Molly will become the bride of the 23-year-old Tyler oil company executive to climax a romance which started when both were University of Texas students.

With her brothers Pat and Mike, the O'Daniel's only daughter has toured the wide expanses of Texas

shoulder-to-shoulder with her father through two successful campaigns for governor and the recent spectacular senatorial campaign.

The governor, in weekly radio talks from the mansion, has invited all Texas to the marriage.

A 150-pound wedding cake, creation of a Dallas hotel pastry expert, arrived by plane. It was described as a symphony of hearts, chaste rosebuds and doves making love to each other. Three feet high and two and a half feet wide at the base, it was a four-tiered confection mounted with the traditional bride and groom figures.

Merchants Offer Special Values For The Event

This Issue Of Courier Is Filled With Many Extra Bargains For This Day

Next Monday brings another First Monday Dollar Day to the shoppers of this territory, and from the ads in this issue of the Courier you will readily see that it will be one of the biggest value-giving days in the history of the town.

It is a well known fact that the wholesale costs of merchandise are advancing almost every day and the local merchants are striving every way possible to hold the prices of needed commodities low as possible. This fact is amply proven by the special values which they are offering in this newspaper.

Look over the ads, and make your plans now to shop in Lamesa next Monday, where you will find extra special values in all lines of merchandise.

First Monday has come to be regarded as one of the big days in Lamesa out of each month, not only for the business firms of the town, but for the people of the entire trade territory, for they have the opportunity of not only saving money on their needs, but also meeting and visiting with their friends. So be sure to mark next Monday as a day that you surely want to be in Lamesa.

Red Cross Life Saving Classes To Be Held

Announcement is made this week by Fire Chief James Sumpter, that a Red Cross First Aid Lifesaving Class will start in Lamesa on August 14th, which will be open to everybody.

The Fire Department recently passed a ruling that in the future all members of the Lamesa organization must have passed this test and have a certificate. Many of the members already have the certificate, and those who do not will be required to attend the classes beginning on the above date.

While the Fire Department is sponsoring these classes primarily for the benefit of the department, they are nevertheless open to the general public and those who are interested in attending these classes may get full information either from Chief Sumpter, or Leslie Pratt.

The chief also announced that they have openings in the department for several new members and any young man who is interested, is asked to consult Mr. Sumpter or any member of the department.

Church Of Christ To Begin Series Of Meetings

A Gospel Meeting will begin at the Lamesa Church of Christ on Friday, August 8, and run through August 17, according to an announcement made by the pastor, Rev. J. P. Lusby. He recently succeeded Bro. J. C. Foster as pastor.

G. A. Dunn, evangelist, and S. N. Allen, song director, will have charge of the services which will be held at 10:30 a. m. and 8:30 p. m., daily.

The general public has a cordial invitation to attend this series of meetings.

Mr. and Mrs. W. T. McBrayer and J. B. Fry returned this week from Odessa where they had been with Bob Webb who was ill.

Big Rush Of Subscribers As Campaign Enters In Final Week Of Drive

As the Courier Bargain Days travel through the final week of the campaign, response to the special offer has been greater than for any similar period since the rate was announced.

As has been stated before, there is no finer compliment possible to a newspaper than for its subscribers to renew their subscription or to subscribe new. When a subscription is sold without the use of high pressure methods or the giving of expensive prizes or premiums, it is a proven fact that the subscriber likes the newspaper and reads it, or else he would keep his money in his pocket.

The publishers of the Courier are deeply grateful for this fine support and pledges anew to constantly try to bring you a newspaper that is better every week. Without the loyal patronage of the subscribers, no newspaper could exist, and the Courier heartily thanks everyone who has subscribed or renewed during this campaign.

Admission To Ball Game To Be 25c In Special Bargain Night Friday

Fans Have Asked For Special Low Rate With The Idea Of Increasing Attendance And Revenue

Baseball fans of this territory will welcome the announcement that Friday night will be bargain night at the Lamesa - Lubbock baseball game at Lobo Field, when the admission will only be twenty - five cents, plus the three cent tax.

The bargain rate applies to everyone, except the children who will be admitted at the regular price.

Thus you will have the opportunity of seeing a good ball game for a bargain price.

On Saturday night all ladies will be admitted free.

This series of games will be the last opportunity the fans of Lamesa will have to see the Hubbers in Lamesa during the regular season.

The fans have asked for this bargain night, and club officials gained special permission from the officials of the league to try it and see what the results would be. So, if you are in favor of a lower admission price, be sure and attend this game Friday. Your presence will vote your approval of the plan.

Mrs. Mollie Riley Dies Thursday

Funeral services were held Thursday for Mrs. Mollie Kate Riley, at 4 p. m. at Higginbotham Chapel. Interment was in the Lamesa cemetery.

She was born September 11, 1859 and died in a local hospital Thursday. She had been a resident of this country for the past fifteen years. She was a member of the Church of Christ for the past 21 years.

Survivors include four brothers, and the following children: Mrs. J. S. Walker, Lamesa; Mrs. Alice Shipley, Dallas; N. P. and J. S. Riley, Arch New Mexico; J. S. Riley, Oxford, Mississippi; 24 grandchildren and 15 great-grandchildren.

Last Opportunity To Get Twice A Week Paper For \$1.00 Per Year Rate

Only Two Days Remain Until Special Rate Is Withdrawn And Price Will Be \$2.00 Per Year

Well, folks, it won't be long now, until the Courier Bargain Days are history, for the campaign positively closes this coming Saturday night, and after that time, the paper will cost you not one dollar per year, but two dollars.

If you are a resident of Dawson or adjoining counties, you can get the paper sent to your address one full year for only one dollar, provided you get your subscription in before Saturday night of this week—which by the way, gives you exactly two days to take advantage of this bargain offer.

And remember, this dollar pays for both the Monday Courier and the Thursday Courier. In other words you not only get a paper on the week end, but you also get one the first of the week, thus bringing you news happenings of this territory twice every week while it is still news.

Aside from news of the city, county and the various communities of the territory, the Courier also brings you Associated Press features, pictures and news, for the Courier is the only member of the Associated Press between Lubbock and Big Spring.

As if the above mentioned features were not enough to make the Courier a big bargain at the regular rate, many subscribers report that the large number of special values which are carried in every issue of the paper by the stores of Lamesa, saves them enough in one week to more than pay a year's subscription to the paper.

But you are warned that Saturday is the final day of the rates and you must get your dollar in before that time. If it is not convenient for you to bring it in before the deadline, you may mail it in, and if it is postmarked before midnight Saturday night, August 2nd, it will be accepted as either a new or renewal subscription.

Don't put it off another minute—take care of it now!

Free Pictures Will Be Given

The Dawson County Land Use Planning Committee is sponsoring a series of free movies on various phases of agriculture in several communities of the county on Monday and Tuesday, August 4 and 5. These movies and the talkie machine are being furnished by the Soil Conservation Service, the Agricultural Adjustment Administration, the Farm Security Administration, the Federal Land Bank and the Extension Service. The shows will be at the following places at the date and hour shown below:

Monday, August 4:
Highway Baptist Church, 3 p. m.
Hancock School House, 8 p. m.
Tuesday, August 5:
Klondike School House, 10 a. m.
Union School House, 3 p. m.
Welch School House, 8 p. m.
All farmers and their families are invited to attend these shows. Soil and water conservation, dairying, 4-H Club work, and a comedy will be featured.

Food, Feed And National Defense Day Planned

The Dawson County Land Use Planning Committee is sponsoring a "Food, Feed and National Defense Day" on August 9, 1941. This program will be held at the main building of the fair grounds in Lamesa. "Food and Feed" committees from five counties will attend this meeting as the guests of the Dawson County farmers.

The purpose of the meeting is to further the "Food, Feed and National Defense Program" of the United States Department of Agriculture. Demonstrations on the cultivation of gardens, control of insects, preparation of foods, storage and conservation of foods, and preparation of grape juice will be given by home demonstration club members and specialists from the Extension Service of A. & M. College of Texas.

Every farmer and farm woman in the county is invited to attend this demonstration. The program for the day will be as follows:

WHAT MADE HIM MAD

JACKSONVILLE, N. C. (AP)—Guy Lockamy's automobile was stolen ten minutes after he had parked it. But what made Guy jumping mad was that the fellow who swiped the car drove right past him—and he didn't recognize his own car.

Improvement Of Cotton Ass'n Formed Here

A group of Dawson County farmers met in the district courtroom at 2 p. m., Tuesday, July 29, and organized the Dawson County Cotton Improvement Association.

The meeting was called to order by B. Esken, county agent, and G. C. Clift was elected temporary chairman of the meeting.

Mr. L. O. Buchanan, in charge of the Lubbock office of the Marketing Service of the USDA, explained the Smith-Doxey act, and its provisions for the classification of cotton with the CCC loan features as well as information to the cotton producers. Mr. Buchanan stated that where farmers set up a cotton improvement association on a county basis it was possible for all members of the association to have their cotton graded and stapled at no cost to them. All cotton that goes into the CCC cotton loan has to be graded by this same service. Those farmers who do not belong to a cotton improvement association have to pay a fee of 15c per bale to have their cotton classed while those belonging receive the service free of all charges. Mr. Buchanan further explained that there were farmers belonged to a county-wide association they could gin their cotton at any gin in the county and receive this service, and that where they belonged to an association based on a "gin basis" they would receive such service on that cotton ginned at the gin shown on the association papers. Mr. Buchanan also stated that the service was established for the benefit of the farmers so that they would know the exact grade and staple of every bale of cotton ginned, and through this service it is possible for them to improve the quality and demand for their cotton.

After further discussion and questions and answers, the Dawson County Cotton Improvement Association was formed with G. C. Clift, president; W. L. Lee, vice-president; Connie O'Brien, secretary; F. L. Grissom and W. T. Meeks, board members. F. L. Grissom was then selected to be the "Group Representative."

The board then decided that inasmuch as this organization could be of service to ginners as well as cotton growers, that every ginner would be given the opportunity of getting his gin customers to join as members of the association. The county agent was instructed to furnish the ginners with the necessary membership lists so that they could contact their customers regarding the matter.

Inasmuch as the list of members and the "letters of organization" must be in the Lubbock office, the

Penalty Of 7c May Be Charged On Excess Cotton

Cotton marketed in excess of 1941 farm marketing quotas will be subject to a penalty of approximately 7 cents per pound, Vernon Martin, county AAA secretary has announced.

In 1939 and 1940, Martin continued, the penalty for excess cotton was 3 cents per pound and in 1938 the rate was 2 cents per pound. There will not be an increase however, in the total amount of penalties due on carryover penalty cotton marketed in excess of the 1941 quota.

The higher penalty rate will be applied only to that portion of the carry-over penalty cotton which would yield the same amount of penalties as all of the carry-over cotton would have yielded under the former rates. The remainder of the carry-over cotton would then become penalty free.

"To make my point clear," Martin said, "suppose a farmer has 700 pounds of carry-over penalty cotton from 1940. Had he marketed the cotton last year, he would have paid a penalty of \$21 which is the equivalent of 3 cents per pound. If he elects to sell the cotton this year, however, the 7 cents per pound penalty would be in effect and he would pay 7 cents per pound on only 300 pounds for the \$21 total penalty since this is the amount of the total penalty for 1940. The remaining 400 pounds of cotton would then become penalty free."

Recently enacted legislation which makes 85 per cent of parity loans available on major commodities also provides that penalties on excess marketing will be 50 per cent of the basic loan rate. The basic loan rate for cotton for 1941 will be set at 85 per cent of the parity price as of the beginning of the marketing year which will be about August 1.

If, for example, Martin continued, the price of cotton on August 1 is the same as it is at the present time, or 16.12 cents per pound, the basic loan rate will be 13.70 cents per pound, which is 85 per cent of parity. The penalty on excess cotton in this case, would be 6.8 cents per pound. The loan rate for cotton marketed in excess of the farm marketing quota is 60 per cent of that offered to producers who plant within their cotton acreage allotments.

Non-cooperators would be entitled to 60 per cent loan on only that portion of the crop which is in excess of the farm quota and when this cotton is placed under loan it remains subject to the penalty when marketed in excess of the farm quota.

—BARGAIN DAYS END AUG. 2—

Crop Insurance Available To Dawson Farmers

Under the 1942 Cotton Crop insurance program, Dawson County farmers will be able to insure 50 or 75 per cent of the farms average yield.

The details of the United States Department of Agriculture Crop insurance program are being worked out by the Federal Crop Insurance Corporation in Washington. Cotton growers will be able to insure their next year's crop before seedling. The insurance will protect them from all unavoidable hazards such as droughts, hail, insects, diseases, floods, winds, and fire.

Premiums and guaranteed yields will be figured in terms of pounds of lint cotton. Premiums will be based on the crop-loss history of individual farms adjusted to reflect the crop loss history of the County. Yields and crop-loss averages will be determined on the basis of historical or appraised productivity over a period of years.

Premiums for individual cotton growers will be determined on a lint cotton basis. Payments of premiums will be made with a commodity note which each grower will be required to sign guaranteeing payment of the premium on or before maturity date. Maturity date is at about the time the cotton is picked or about the time indemnities are usually paid. Notes may be paid either in cotton or the cash equivalent. In the event the note is not paid when it matures, the cash amount of the premium will be deducted from the indemnity paid the grower, or the first Government payments that he receives. These payments include cotton loan, parity, and AAA payments.

Vernon Martin, County Administrative Officer.

Mrs. Ray Eldridge of Port Arthur is here this week visiting with her parents, Mr. and Mrs. D. S. Day.

Mrs. F. R. King and Miss Billie Ruth King spent the week end at San Angelo visiting with relatives.

Mrs. Gus White and Miss Helen White spent Wednesday in Lubbock attending to business.

Herbert Rule, J. William Kelenburg, Jr., of Artesia, N. M., and Horace Rice spent the week end here visiting with relatives and friends.

county board urged that every farmer contact either his ginner or the county agent prior to August 9. There are no fees for joining or belonging to the association since it is an organization, organized under the provisions of the Smith-Doxey Act, and is strictly a service and educational service.

Loboes At Home For Series With Lubbock Hubbers

The Lamesa Loboes are at home, opening tonight with the Lubbock Hubbers for a three-game series, after a heart-breaking road trip, that saw the locals win only three of nine games played. Some of the contests were lost by only small margins, and do not mean that the Loboes have "blown up" by any manner of means.

The pitching has shown improvement, with Hucklebee, newly acquired hurler from Amarillo losing two contests on the road, but pitching baseball that would ordinarily win. Tinsley has been very steady and Arroyo seems to be improving rapidly.

The Loboes are in sixth place following this trip, but are in close striking distance of fourth place, being only two and one-half games behind Clovis, in fourth place.

The Lubbock Hubbers will be here for three games, and incidentally this is the last appearance for the Hubbers in the local park this season. The two clubs go to Lubbock Sunday for a two game series and the locals will return to Lamesa for a seven game home stand against Wichita Falls, Amarillo and Clovis. This will also be the final season appearance here for all 3 of these clubs.

Naval Recruiting At Big Spring

Active recruiting for the U. S. Navy and Naval Reserve has been started in this district by the opening of a Navy recruiting station in the Court House Building, at Big Spring, Texas, recruiting officers have announced.

Opening of the Navy recruiting station at Big Spring will result in considerable saving in time and expense to local men interested in enlistment. Formerly it was necessary for them to go to Abilene in order to make application and take the examination for enlistment. All men registered for Selective Service may, if qualified, enlist in the Navy or Naval Reserve before being called for Army duty, recruiting officers said.

Enlistment in the regular Navy provides a career for young men interested in learning a trade and retirement on good pay at an early age.

SCIENCE HAS JUST BEGUN: FAST WONDERS WILL BE ECLIPSED, ASSERTS COMPTON
"Science is freeing man from drudgery," writes Dr. Karl T. Compton, president of Massachusetts Institute of Technology, in the current Rotarian magazine. "In the political sense also, science has contributed to liberty. Science has likewise contributed to liberty of thought.—But does science add to man's happiness?"
In answer to his own question Dr. Compton points out that obvious science has added superficial things—movies, radio, automobiles, but it has complicated many

WILSON BAPTIST CHURCH

Last Sunday was a great day at the Wilson Baptist Church. There were seventy-three (73) in Sunday School and a good lesson enjoyed by all. If you are a member of this good church and not attending the services, we are missing you and you are missing the fellowship of the Church, and most of all you are missing the blessings that come from attending public worship.

Our Revival begins Friday night this week, and we want to extend to each and all of you a warm welcome to attend these services. Bro. Fred McPherson of Midland will be with us to do the preaching. Come, and pray for him and the meeting.

Revivals are not worked up. They are prayed down. Has Christ done something for you? Then tell that lost neighbor about it. Has Jesus removed doubts and fears from your heart, and put in instead an "I know whom I have believed, and persuaded that He is able to keep that which I have committed unto Him against that day." Then may we make such a testimony from the pulpit, the pew, the kitchen, the field, the highway, the by-way, or wherever we come in contact with the lost. "And they went every where preaching the word." Let us pray for the preacher, the singer, the Church, the community, the lost, the whole wide world, that God will send a sweeping, burning revival that will sweep away selfishness and burn sin out, and let it begin in me.

We had two additions last Sunday, a good start for the Revival. We welcome these fine people into our membership.

The Klondike Church will be looking forward to their Revival the second Sunday in August. May each and all of us do our best in these precious days just ahead.

"Come thou with us and we will do thee good."

The Churches with a friendly welcome.

Ernest Phillips, Pastor.

LOCAL F. H. T. OFFICERS

COMMITTEE HOLDS MEETING

The Scrap and Yearbook Committee of the Ting Ta Chapter of F. H. T. had a meeting Tuesday afternoon in the home of Betty Renner, who is chairman of the group. At this time the year book for the coming school term was planned more definitely. The work is to continue through the summer. Those who attended were Betty Renner, Peggy Jane Ragan, Eugene Lawrence and the sponsor, Mrs. R. H. Huddleston.

Stop 2-Wheeled
Accidents Begs
Safety Expert

Fifty per cent of the persons killed in bicycle accidents are children between the ages of 5 and 14, Paul W. Kearney, noted safety expert points out in the current issue of the Rotarian magazine. Over 1,000 youngsters have been killed and over 51,000 injured in such accidents in the last three years, he reports.

The fault is not entirely that of the bicycle rider. The fault is largely lack of stress on what Mr. Kearney calls "the three E's"—Enforcement, Education and Engineering. Few cities and towns only about 150, have studied the "bike problem" at all, and these have been rewarded by an immediate drop in accidents.

The third "E", Engineering, is of necessity slow and expensive, but enforcement and education can be readily put into practice. Requiring registration of bicycles is a helpful practice, but only if it is used to enforce the laws pertaining to bicycles and used to report infractions of the law and require taillights or reflectors for bikes ignore the ordinance and permit bicycle riders to pedal after dark with no sort of light to protect themselves—or to protect the motorist who cannot easily see a dark object against a dark field.

Safety lanes in school have disclosed that few bicycles are up to mechanical standard. The first day of the test lane at Steinmetz High School, in Chicago, only three machines passed! Most rejections were for lights or horns.

Several communities have special "bicycle traffic courts," administered by youths themselves with the co-operation of the authorities. Many of these use the police to serve summonses, but the actual trial and admonition is by youth of high school age. Penalties are usually attendance at a traffic school for riders conducted by the police or safety engineers working with the police.

'Respect Water'
Is Vital Rule For
Swimmers

"Drowning, like the great majority of the 382 rescues we have made at the beach where I have been lifeguard and captain of the guards for the past five years, is absolutely unnecessary," writes J. W. Danner, in the current issue of the Rotarian magazine. "Unnecessary, because all these were caused by either recklessness or plain disregard of common sense."

Pleading that you "save your life yourself," Danner points out that even life guards are not supermen, and 88 per cent of their work is enforcing the rules of common sense that people ought to observe without coercion. If more people would use it, then the other one per cent, rescues, would be totally unnecessary.

Eight rules for self-protection are given, but the last one is the safest: "Respect the water! The more I see of it, the more I respect it. Water is stronger and more tireless than the strongest swimmer. Yet every day I see bathers take chances that a veteran lifeguard wouldn't think of taking except to save a life."

Order And Serial Numbers
Of New Registrants In
Dawson County GivenNumbers And Names Of Youths Who Registered In
Second R-Day In Dawson County Are Listed

The Dawson County Local Draft Board Thursday released the following registrants, together with their Order Number and Serial Number. These are young who registered on July 1st, and who had become 21 years of age since last R-Day on October 16.

The first number is the order number and the second the serial number. It will be noted that these order numbers cover a wide range of numbers. The way the numbers are handled, is to fuse the new registrants with the old.

Winner Of Final Weekly
Letter Writing Contest
Is Miss Winona Ball

As the final weekly winner in the Courier Letter Writing Contest, the judges have selected the entry of Miss Winona Ball, Star Route 2, as the best, and a check for \$1.00 has been sent to her and her entry placed in competition for the grand prizes to be given away next week.

This is the final week of the contest, and the judges will announce their decision next week as to who will be awarded the grand prize of \$20.00 and the second prize of \$10.00.

The publishers of the Courier want to take this opportunity to thank everyone who entered in this interesting contest and the only regret is that every one of the hundreds who entered could not win. Of course, this was impossible as there was only one winner each week. The many nice things which were said in the various entries about the Courier and the merchants of Lamesa are deeply appreciated.

The winning letter is given below:

"I like the Twice-A-Week Courier because it is not only a grand bargain within itself, but also furnishes the best bargains in everything to Lamesa and the surrounding territory."

1:00 - 3:00:

1. Controlling Disease and Insects Affecting Fruits and Vegetables — A member of the A & M Faculty.

2. Conservation of Food — Mrs. Sammie Tate Pittman, Home Economics Teacher, Union High School.

3. Demonstration on Making of Grape Juice — J. F. Rosborough, she will visit with relatives.

Extension Specialist in Horticulture. The entire public is invited to attend this meeting.

Mrs. Ida Warham of Sulphur Springs, who has been here visiting with her daughter, Mrs. Jack Ladd, left this week for California where she will visit with relatives.

Miss Willie Ruth Linley has accepted a position with the Palace Beauty Salon.

Mr. and Mrs. W. B. Glover and Mr. and Mrs. H. B. Glover visited with relatives in Hobbs, N. M., Sunday.

Miss Dorothy Jean Hoerster of Fort Worth is visiting in the home of Mr. and Mrs. Hervie King this week.

Miss Oneta Hanley, Mrs. E. P. Cole and Lamar Cole spent several days in Dallas this week visiting

with friends. Thomas Cole returned home with them.

Mr. and Mrs. D. S. Day and Mrs. Ray Eldridge spent Sunday in Brownfield visiting with friends and relatives.

Mrs. Guy Cope and Miss Vada Morris will leave Saturday for San Diego, California, where they will visit with Mrs. Cope's husband.

Miss Frankie Barrett, who has been receiving medical treatment for the past week, is back at work at the Price Hospital.
