Perfecting Plays

Wolves were successful in running both offensive and defensive plays against Crane in Wolves Stadium Friday night as they played in the last of two pre-season scrimmages. Top photo shows a Wolf defender breaking up a play

that led to a Crane fumble. Bottom photo shows Ruben Ornelas (61) going in to make a tackle on a Crane runner. First regular game is in Slaton tomorrow night as the Wolves meet the Slaton Tigers in a game starting at 8 p.m.

Wolves Travel To First Game

Colorado City's Wolves will travel to Slaton for the 1975 season opener Friday night as they take on the Slaton Tigers. Kick-off will be at 8 p.m. The Harris Poll has rated the Wolves as seven point underdogs in the contest.

The Wolves met Slaton last year in a contest won by the Colorado City team but the Tigers are said to be a vastly improved team this year, with greater size, speed, and experience.

Colorado City Coach Mike Farida said Slaton has a stunning defense that is effective and their offense out of the 1 is designed around their all-state running back, Bill McCleskey. Slaton had two tough scrimmages, scouted by Colorado City Coach Rick Robinson. The Tigers lost to Tulsa, 2-0, and lost to Levelland, 3-2, in controlled scrimmages.

The Colorado City Wolves are in good shape for the game, Farida reports, having worked out twice on Monday's holiday and then underwent a long workout Tuesday. Wednesday night, the Wolves worked out under the lights in preparation for game conditions.

The Wolves are coming off a scrimmage with Baird that ended in a 0-0 tie, but with the Wolves controlling the game both offensively and defensively.

Against Crane this past Friday night, the Wolves won 2-0, again controlling the contest both offensively and defensively.

In the scrimmages, neither opponent has gotten past the Wolves 35 yardline with Baird never crossing the midfield stripe.

Church Sets Fund-Raiser

St. Ann's Catholic Church in Colorado City is sponsoring a Mexican Dinner beginning at 11 a.m. Saturday in the Civic Center.

The Mexican food is being cooked by women of the parish and they invite everyone in the community to come out and eat lunch with them or order plates for \$2 each until 6 p.m.

Menu includes rice, beans, enchiladas, tacos and tamales.

\$\$\$Days\$\$\$

Colorado City merchants are sponsoring Dollar Days sales bargains Thursday, Friday and Saturday.

A list of participating merchants includes Fuller Foods, Perry's, Anthony's, Safeway, Sparks Hardware, White's Auto Store, Mode O'Day, Ben Franklin, E-Z Way Superette, Cowen's Shoe Store, Marshall's Sewing Center and Ramage Appliances.

Bulldogs Play Home Opener

Kickoff for the Loraine Bulldogs vs. Jim Ned Indians game is set for 8 p.m. Friday in Loraine's Johnson Field.

Jim Ned scouted the Bulldogs last week during the scrimmage with Imperial and are expected to be tough as they were contenders in post season playoffs last year.

Bulldog coach Ken Lightfoot said the Bulldogs played well in their two scrimmages with Abilene Christian High School and Imperial and that the teams will use more passing in their offensive attack this year.

Bulldog quarterback chores are being handled by Mark McDonald.

Architect Tommie Huckabee informed Colorado ISD school board members during a noon luncheon Tuesday that by building the new high school and remodeling existing buildings when they did, they saved \$1.5 million in building costs.

"If someone had told me ten years ago that the cost of building would triple by 1975, I would have bet any amount of money that he was wrong," the architect said.

Another item that has increased in cost is paving work and board members, along with Superintendent Lloyd McKee and business manager J.S. Craddock Jr., thought that bids on paving the parking lot and laying curb and gutters would be close to the \$50,000 mark.

They were pleasantly surprised when bids were opened at 3 p.m. Tuesday in the high school cafeteria to find two bids in the \$20,000 range and two other bids within what they had set aside for the work.

Contract was awarded the lowest bidder, Price Construction Company of Snyder bidding \$22,719.75.

Ralph Price, who was present for the bid opening, said that his crews could be ready to start within 10-20 days and that the project would take an estimated 60 calendar days from time of notification, or maybe less, he said.

Other bids were as follows: --\$23,370.25, Abilene Paving Co. of Abilene, --\$34,499, Reece Albert Inc. of San Angelo, --\$49,600, Circle Construction Co. of Abilene. The cost also includes stripping the parking lot.

The luncheon meeting was held prior to an on-site inspection with the architect, bid opening following the tour.

Huckabee said that work in the kitchen area had been delayed by failure of the kitchen equipment contractor to install range hoods and combination

walk-in freezer and refrigerator, but other finish work is progressing well, he said.

"We're in the final finish stages at each of the buildings at the high school complex," Huckabee said, "and we'll be ready to move to the Middle School remodeling as soon as we finish with the high school work."

He estimated that work on the Middle School, the present high school, would take only about 6 weeks.

McKee said he was hoping

that the move into the new high school would be completed by Nov. 1 and that the Middle School move could follow about the Christmas break.

Huckabee recommended that the board look into the cost of letting a service policy on the heating and air conditioning equipment, cleaning and replacing filters to extend the life of the units and making them more efficient.

"According to requirements set by the Energy Conservation Commission by the last ses-

sion of the legislature, meters on BTU usage will be required on public buildings and will include schools in 1976," he said.

McKee noted that the equipment is new on the elementary buildings and the board had hoped to include all the school buildings under such a service policy by next year, if the cost is not prohibitive.

McKee also informed board members that enrollment in Colorado City schools was 1,553 last Friday and he ex-

pects that figure to increase this week.

He said he expects 10 to 15 students to enroll either this week or next week, but the 1,553 number is from 20 to 30 students more than when school was out this spring.

He had also received a letter from R. E. Harris, executive director of the Texas Association of School Administrators, congratulating CISD board upon being selected as a Regional Honor Board. Other boards receiving the regional honor were Dallas, Everman, Lindale and West Oso. Boards from Andrews, Deer Park, East Central in San Antonio and Wichita Falls were listed as 1975 Texas Honor School Boards.

The boards will be recognized for their excellence at the Sept. 28 Sunday evening banquet session of the 1975 TASA-TASE joint convention, Harris's letter said.

Next regular session of the board is 7 p.m. Monday at which time they indicated they would discuss problems of hot milk at the elementary schools, obtaining a lot for the building trades class and the volleyball program.

Alliance Officers Elected

Bobby Chaney, pastor of the Christian Temple in Colorado City, was elected as president of the Mitchell County Ministerial Alliance during a monthly meeting Tuesday.

The Rev. Chaney had been acting president of the group for the past few months.

Other officers elected were: --Jimmie Roberts, pastor of First Baptist Church in Loraine, vice president.

--Bob Ford, pastor of First United Methodist Church in Colorado City, secretary.

--Bob Grayson, pastor of Calvary Baptist Church in Colorado City, treasurer.

--Caddo Matthews, pastor of Plainview Baptist Church, radio ministry.

--Bob Ford, also selected to be in charge of the lodge ministry.

The next meeting, first Tuesday in October, will be held in the First Baptist Church in Colorado City.

M-D Drive

Raises \$2,060

Mrs. M. C. Burnett, local Muscular Dystrophy drive chairman, said that local pledges and donations made to the drive during the Labor Day Jerry Lewis Telethon have reached the \$2,060 mark and she expects more to come in.

"There are a few more pledges that we haven't collected and one more box to come in, so I estimate that Mitchell County contributed about \$2,210 to the Muscular Dystrophy drive," she said.

Plans Venture

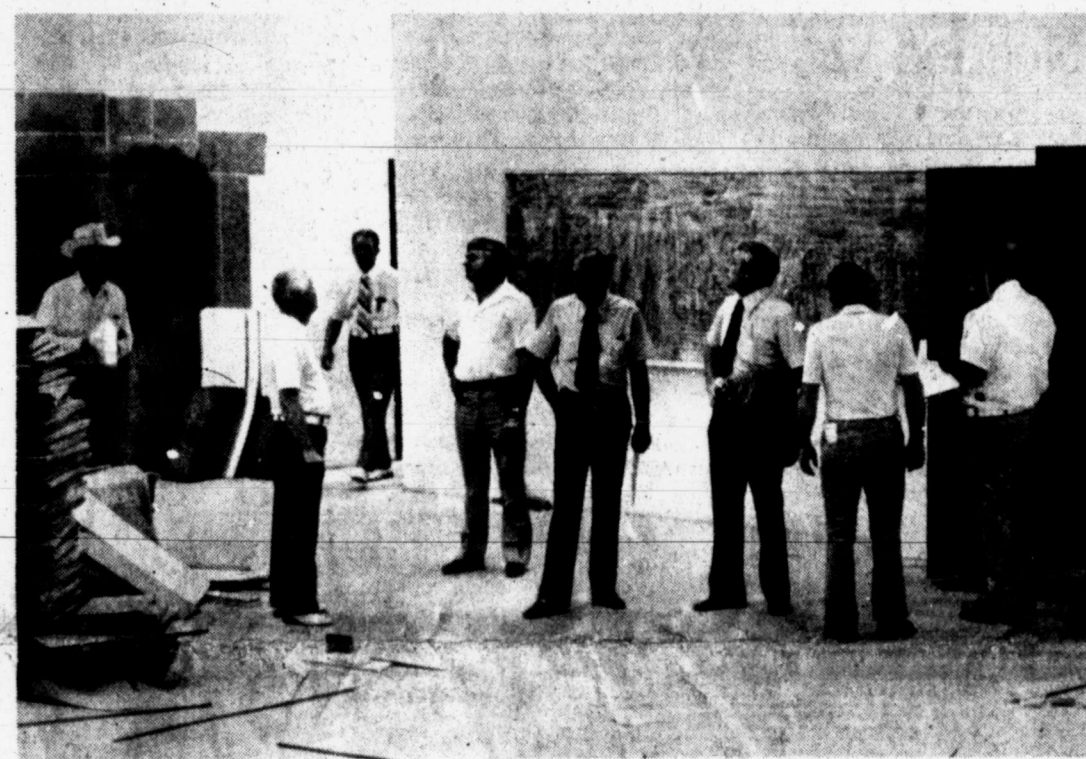

Clifton Thomas, San Angelo, filed application to drill another 150-foot wildcat in the depleted two-well Hurlbut (130) field of Mitchell County, 17 miles south of Colorado City. It is the No. 8 Mrs. Olive Price, et al.

Location is 1,260 feet from the east and 910 feet from the southwest lines of J. Babcock No. 26, Abst. 855. Thomas earlier scheduled his No. 1 Hoyle, in 1-13-H&TC, and the Nos. 1, 6 and 7 Price in J. Babcock No. 26.

The discovery, W. J. Rasmick No. 2 Elwood Estate, was drilled July 26, 1951 to pump 61 barrels of 18 gravity oil, plus 74 per cent water, through Sunflower sand perforations at 130-132 feet. It became depleted in Oct. 1952.

Photos Wanted For Bus Reconstruction

Mitchell County's Bicentennial Commission chairmen have agreed to join with the Snyder commission in commemorating the first inter-city bus line in the United States.

W. B. Chenoweth operated the six-cylinder, twelve passenger bus between Snyder and Colorado City in 1907 and obtained the first automobile license issued under Texas state laws. October 29, 1907 was the date of the first run for the bus. Commemoration date will be Oct. 29, 1976.

In the only available picture of the bus, twelve passengers and the driver are shown in the open-sided vehicle equipped with wooden-spoked wheels.

Both Bicentennial commissions are making an appeal for any other pictures that might be found in early-day collections. Anyone having such pictures is urged to contact Mrs.

Charles C. Thompson, George Womack or J. Lee Jones Jr. They are working with a joint committee that includes Martin Murphy of Hermleigh, John Richardson and Arlie Taylor of Dunn and Jean Everett of Snyder in reconstructing the bus.

Arrested On Check Charge

Carol Dawson, 21, of Brownfield, was arrested in Brownfield and transported to Mitchell County Jail by Deputy Anne Martin last week on a charge of passing a forged instrument. She is currently in jail with bond set at \$2,500.

Investigation of the alleged bad check, which was given at Fuller Foods, was by Sheriff Bill McGuire, Deputy Martin and city policeman Jerry Cowin.

Marketers Set Picnic

A covered dish supper and get-together for all farmers and craftsmen who have participated in the Mitchell County Farmer's Market has been set for Thursday at the home of Mr. and Mrs. Arden J. Ellyson near Loraine.

"Anyone who has sold at the market this year or plans to sell at the market next year is invited to attend the meeting and help plan next year's operation," explained Mrs. Ben Bell, acting chairman of the marketers.

The supper will start about 6 p.m., she said, planned as a backyard picnic. All family members are welcome.

"For anyone needing directions to the Ellyson home, it is known as the 'Old Royce Mahon place' north of Loraine," Mrs. Bell said.

Good gracious, how time flies! It's hard to realize how well underway the fall ball games already are. Last real good vacation was Labor Day Weekend and it won't be long before the grass turns brown and the leaves begin to fall and the Halloween is just around the next corner. Do hope you had a fun long week with your family and friends. Most of all, hope it was a good one!

Had a nice phone call from our wonderful Mrs. Frances (Erman) Moore. She told me the best news I've heard in a long time. Her son, Cleve, and his wife, Wilma, are moving to Colorado City, where he is working at Root Memorial Hospital the first of September. Cleve and Wilma have a beautiful little girl named and they'll be making their home at 1244 Vine Street. Cleve graduated August 24, 1975, from the University of Texas at Dallas. What was it that he got out of Colorado City? Such great adults?

Forgot to mention a very fine Bob Newman School Band Director and his wife and their two children. The Newmans are very nice sisters. We were getting ready to go to Skin Preview at Wolf and I was very much impressed with the good band, majorettes, and football boys. I think what potential there is in these ranks gives me chills.

Saw Mr. and Mrs. Barnett working in the field yard... saw from Re (Mrs. Brice) We in her car downtown all know she's one of the R.N.'s. At the time I had the pleasure of seeing Apperson. Always there was a big boy, but he even more, he's one of the school juniors who play bone in the band.

Got to have a short mean short, visit with (Mrs. Charles) Godwin expecting her children. Ick visit, but I did have comment on her prettiness... on two different occasions have seen the Godsons out for a few weeks. Got to say a few words on occasion when they were an early evening were both such dear never quite smiling more like this!

Spied the Dave Hurling down Walnut Street such a nice visit with Phillips, Special Educator at the Middle School. If you ever want to give her a call... saw J. S. Craddock, Sr. across the street and also saw that very, R. J. Hoback headed business establishment. Phone call from Joy Preston) Morris and her usual sweet self.

Got to have a nice short chat, with (Byron) Bruce. Spied driving down Sixth Street the nicest visit with (Bob) Ratliff over phone... saw Frank for a quick minute his usual fun but he self... saw our nice (Irley (Elliott) and H.

Happy Days

By Ann Randle Davis

Good gracious, how time does fly! It's hard to realize that school is well underway with football games already started, our last real good vacation--the long Labor Day Weekend is over and it won't be long until the grass turns brown and the leaves begin to fall and this means Halloween is just around the next corner. Do hope everyone had a fun long week end with their family and friends but most of all, hope it was a safe one!

Had a nice phone call from our wonderful Mrs. Friday (Therman) Moore. She told me the best news I've heard in a while. Her son, Cleve, and his wife, Wilma, are moving to Colorado City, where he will start working at Root Memorial Hospital the first of September. Cleve and Wilma have a precious little girl named Anne and they'll be making their home at 1244 Vine Street. Cleve was graduated August 24, from the University of Texas at Dallas, Allied School of Health Science. He received his degree in Medical Technology and the graduation ceremonies were held in the Lulu Good Auditorium in Dallas. What was it I said about Colorado City producing such great adults?!

Forgot to mention seeing our very fine Bob Newman, Middle School Band Director, and his wife and their two children. Visiting the Newmans were his very nice sisters. We were all getting ready to go to the Pig-Skin Preview at Wolf Stadium, and I was very much impressed with the good turn out. Almost bit myself seeing the band, majorettes, pep squad and football boys, just to think what potential there is within these ranks gives me cold chills.

Saw Mr. and Mrs. Joe (Ruth) Barnett working in their beautiful yard...saw from a distance Ree (Mrs. Brice) Webb getting in her car downtown. As we all know, she's one of our wonderful R.N.'s. at the hospital...had the pleasure of seeing Mark Apperson. Always thought he was a big boy, but he's grown even more, he's one of our high school juniors who plays trombone in the band.

Got to have a short, and I do mean short, visit with Frances (Mrs. Charles) Godwin. She was expecting her children for a quick visit, but I did have time to comment on her pretty red pantsuit...on two different occasions have seen the George Hudsons out for an evening stroll. Got to say a few words on one occasion when they were out for an early evening walk. They are both such dears and she never quits smiling--we need more like this!

Spied the Dave Hutchins driving down Walnut Street...had such a nice visit with Molly Phillips, Special Education teacher at the Middle School. Now, if you ever want a lift, just give her a call...saw our Mrs. J. S. Craddock, Sr., walking across the street downtown...also saw that very, very nice R. J. Hoback headed for his business establishment...had a phone call from Joy Fern (Mrs. Preston) Morris and she was her usual sweet self.

Got to have a nice, but too short a chat, with Fern (Mrs. Byron) Bruce. Spied her later driving down Sixth Street...had the nicest visit with Peggy (Mrs. Bob) Ratliff over the telephone...saw Frank Derogibus for a quick minute and he was his usual fun but businesslike self...saw our nice looking Shirley (Elliott) and Byron Wil-

kinson from Houston and two of their children, who were here for the retirement dinner honoring our Ben Wilkinson, Byron's father...Also greeted Kitten (Mrs. Jake) Richardson-

wintown. Now there's another one who has that extra "something"! She has never failed to be friendly and is always smiling or laughing! HAVE A HAPPY DAY!!!

Watts cost more! A 100-watt bulb lasts 750 hrs...whereas a 60-watt bulb lasts 1,000 hrs.; costs less!

Here's another bright idea... put the pennies you've saved to work for you. By depositing a set amount into one of our long term Savings Certificates for a specified period, you'll earn the highest interest allowed! (Higher even than our other savings plans!)

Based on latest FPC figures, Texas Electric's residential rates are 27% below the national average.

The average family uses about 750 kilowatt hours of electricity per month. Based on the latest Federal Power Commission figures, Texas Electric's rates for this much electricity are about 27% below the national average.

But the costs of producing your electricity are going up.

New supplies of Texas Electric's major generating fuel — natural gas — are harder to get and much more costly.

So we're turning to lignite coal and nuclear fuels. While these fuels cost less

than new supplies of natural gas, plants that use them are considerably more expensive to build than gas-fired plants.

This means electricity will have to cost you more.

But we're working to keep your rates reasonable by using fuels that will keep costs lowest in the long run.
