

## Kracker Krumb's

Odd Bits Salvaged  
At Random

(By Aaron Edgar)

There's no limit to the things Munday needs. They won't all come at once—like that street sweeper we're going to get one of these days—but the need is still evident.

Take a federal building, for instance—a U. S. Post Office, if you please. That's one of the crying needs of Munday.

Our local post office situation shows that even Uncle Sam's post-department allows things to get "run down at the heels", too.

Recent repair work that did away a hole right in the front door of the post office brought so much comment from patrons that we carried news item regarding the improvement.

That was "going some" for Munday—eliminating the safety hazards at our post office entrance. We are all so pleased with that improvement that we didn't take much cognizance of other conditions that prevail.

Take our post office boxes, for instance. There's very few that can't be opened by anyone who would take the notion.

It hasn't been long since some youngsters took to opening the boxes just for pastime. That went on for some time, until one time our postmaster cornered some of them and told them a scary story about Uncle Sam's G-Men and the federal penitentiary, etc.

Our own box was picked. Someone took a package which came through the mails, took it to the rest room at the city hall and opened it to see how well they had profited.

Someone connected with the city found the contents of the package. Typewriter ribbons, they were, and he inquired until he found they belonged to the Times office.

It's easy to pick our box, as well as 90 percent of the others. Combinations have gone "hay-wire", and folks can just "jiggle" them around to the right spot, and presto the box is open.

What's your combination? We've been asked when we'd ask someone to see if we had any mail. "We don't know," we reply, "just turn the arrow until it gets to a quarter after twelve, and it'll open." It does, too.

The trouble is not with local post office employees—it's with what they have to work with. Just like our telephone system. Employees can give just as good service as the equipment will stand.

The trouble is that our post office facilities have served their time. They're out of date, outmoded, "passe" and all the other terms you can think up to justify the fact something needs to be done about it.

"That's a shame and a disgrace to the town of Munday," a visitor from Wichita Falls remarked upon a recent visit to Munday and a trip to our post office.

"You can get a post office building if you'll let Washington know you want one," he said. "They're getting them in other districts all over the U. S."

Shucks! Wouldn't that be nice? There's no question about the need, and we've all realized that, but we just sorta learned to get by with what we've got and let it go at that.

Just like we've gotten by with sand covering up our curbs until we can't stand it any longer. Then we hire the "broom and shovel" gang and clean it up every six months or so.

But buy a street sweeper! The idea. One of those things cost between six and seven thousand bucks—so we keep the sand.

What do we have to do to get a federal building? We don't know, but we'll join others in trying to find out.

(Continued on page Two)

## Voters Poll Record Light Vote Tuesday

### Mayor, Two Aldermen Named For City

We set a record Tuesday—we loyal citizens who cuss our city governing body at the least provocation—a record light vote for a city election!

Only 29 votes were cast in the city election, in which a mayor and two aldermen were elected to serve on the city council. This is the lightest vote in 10 years, and perhaps the lightest in the city's records.

The three candidates received the full vote, however; there was no disagreement among the loyal 29 who trudged over the city hall to cast their ballots.

W. R. Moore was re-elected mayor, while E. B. Littlefield and Don L. Ratliff were named to the city council.

Ratliff was up for re-election, while Littlefield was elected to his first term. He succeeds Alex Jones, who did not seek another term.

Thus three, along with the other councilmen whose terms run another year, will govern the entire population of Munday—being elected by the 29 persons who exercise their privilege at the polls.

## Hog Foundation Plan Explained To Club Boys

Two hundred and twenty-five 4-H boys of Knox County received information at their regular club meetings in March of the Sears Foundation Hog Plan inaugurated in the county this last year.

The Foundation Committee, composed of Jack Idol, Pitzer Baker, C. C. Browning, Lee Smith and Russell Penick, announced that this program will be effective for another year.

Last year Foundation stock of eight registered gilts were purchased from Texas Tech and one boar was purchased from San Antonio's prize winning stock.

The county agent has been notified and checked three of these sows, which have just farrowed. The boys used guard rails and were present at farrowing time; and the three sows farrowed a total of thirty-one pigs—twenty nine of which are now above and in good shape. From these litters, and the balance as they farrow, the committee announces that they will select the best gilt and give to some other 4-H boy in this county to be selected from applications in the county agent's office.

Last year Jerrel Barnett and Joe Bailey Roberts, Jr. won third and fifth places with their gilt and boar at the District Show for \$50.00 in prizes. The contestants will endeavor to raise the county's placing next year.

4-H boys who are interested should ask the County Agent, J. M. Carpenter, for an application blank at the next 4-H meeting this month.

## Benefit Show Coming To Goree

On April 26 at the high school auditorium, the Goree Cemetery Association will sponsor the appearance of Ida Red and her Kentuckians in a pie and cake auction will also be held for the purpose of raising funds to help maintain the upkeep of the cemetery.

Everyone who is interested is urged to contribute a pie and cake for this benefit. Tickets are available at the Cities Service Station, J. W. Laningham Hardware, and the Goree Hardware.

## W. L. McKee OPEN GOREE JEWELRY STORE

Mr. and Mrs. W. L. McKee came in last Saturday from Dallas to make their home, and have opened a jewelry store in the building formerly occupied by the Wade Cousey Jewelry.

Mr. McKee is an expert watchmaker, and he solicits the business of people of the Goree area.

Mr. and Mrs. McKee are former residents of Seymour, where Mr. McKee operated a jewelry store.

**SAME FIGHT, NEW LOCALE**—Conclusion of committee hearings on tidelands legislation shifts the issue to the floor of House and Senate, with these Texans out in front in the states' insistence on a clear title to submerged coastal lands. Shown as the hearings closed in Washington are, front row, left to right, John D. McCall, Dallas, member of the Texas

State Bar tidelands committee; Minority Leader Sam Rayburn, and Robert Lee Bobbitt, San Antonio, chairman of the State Bar committee; second row, Congressman Wright Patman, Texarkana; Congressman J. M. Combs, Beaumont; Congressman Lyndon Johnson, Austin, and Congressman Ed Gossett, Wichita Falls.

## J. E. Morrison Announces For Representative

The Munday Times has been authorized to announce the candidacy of John E. (Jack) Morrison of Hardeman County for the office of State Representative 114th district of Texas, which is comprised of Hardeman, Foard, Knox and King counties.

Mr. Morrison is the son of Dr. and Mrs. E. A. Vestal of Quanah. He was born 26 years ago in Chillicothe, and is well known in Hardeman county.

After graduating from Chillicothe high school, he entered employment for Brown and Root Construction Co. and continued with that firm until he entered the U. S. Army during World War II. He served 21 months overseas, receiving his honorable discharge in 1945.

Following his discharge, he entered Abilene Christian College for his pre-law work, making an A average in his studies. He is now attending law school at Texas University in Austin.

He is married and has one son. Mr. Morrison stated that he will actively campaign while he is home in June, at which time he plans to meet as many voters as possible. In the meantime, he asks that the voters give his qualifications, education and background due consideration, assuring you that your vote and influence will be greatly appreciated.

## Mahan Funeral Home Buys New Funeral Coach

Mr. and Mrs. Wade T. Mahan recently made a trip to Lima, Ohio to bring their new Cadillac funeral coach from the factory. They report a very enjoyable trip.

The Mahans flew from Dallas to Chicago and Mr. Mahan visited with a friend from Milwaukee whom he had not seen in fifteen years. On the return trip they came through a portion of the southland, Louisville, Nashville, Memphis and other points of interest.

The new Mahan Funeral Coach was the first 1948 Cadillac delivered in West Texas by the Superior Coach Company, so to say that Munday is "right up to snuff". It is blue and gray and easily distinguished by its landau body style.

This coach along with the white ambulance recently purchased by the Mahans give the local mortuary the very best in automotive equipment. "It is another step in our efforts to provide Munday and Knox County with the best in equipment and service when needed," Mr. Mahan said.

## DR. DAVIS HERE

Dr. Joe Davis of Boerne, Texas, former physician at Munday, came in the first of this week to spend a few days visiting with old friends and attending to business matters.

## Golf Club Completes Election Of Officers; Plans "Golf Ladder"

### Smith Well To Be Completed In Marble Falls

According to reports coming from the drilling site, the British American No. 1 A. A. Smith well will be completed in the Marble Falls—that strata from which oil spouted over the derrick last week.

In an attempt to go down to the Ellenburger, drillers hit trouble and plenty of it. Reports reached here, which were unofficial, of course, that they hit a hard rock-like formation after passing the Marble Falls and were out two drill bits in going only eight feet. That made operations too expensive to drill further down.

The plan was, according to drillers, to plug the hole back up to the Marble Falls pay, perforate and away, and then move the rig to another location.

This was scheduled for Tuesday. But street talk Wednesday was that they missed their calculations and plugged up too far. That necessitated drilling again—through the mud, cement, or whatever it is they plug with—and make another perforation.

This second perforation was slated for Thursday, with swabbing to follow immediately if they calculated right this time. We had no reports of operations at press time Thursday.

Strength of the Smith discovery well will not be known until after she's been swabbed. From tests made when she's blown in last week, it is believed she's good for around 150 barrels.

The rig will be moved some six miles southwest, and will "punch a hole" on the C. P. Baker place, according to reports. This will not be a British American well, however.

## FFA Teams To Enter Contest At Tarleton

Earl R. Ponder, vocational agriculture teacher, will take three teams consisting of nine boys from Munday to the FFA Judging Contests on the John Tarleton College campus on April 10.

Competing in the poultry contest will be Scotty Ponder, Homer Lowrance, and Billy Brown.

The livestock judging team is composed of Troy Lowrance, J. L. Ford, and L. C. Searcey.

Garon Tidwell, Boyd Baker, and Darvin Evans form the dairy team.

## VISIT IN MISSOURI

Mrs. Gene W. Harrell and daughter, Natalie, left the latter part of last week for Webb City, Mo., for two weeks' visit with their mother and grandmother, Mrs. Sue Purkisher, and with other relatives.

## Munday F. F. A. Project Show Is Well Attended Here On Saturday

### Vote In School Election Light

Munday recorded a very light vote in the school trustee election held last Saturday. A total of 52 loyal school patrons made it to the polls to cast their votes.

Two names, those of Gene W. Harrell and John B. Scott, appeared on the ballot for the local school board. Harrell received 48 votes, Scott 51 and Lonnie Offutt received 3 votes as a write-in.

Two were elected, and it is believed that some "scratching" of one of the two names was done in the belief that only one person was to be elected.

The name of W. E. Braly appeared on another ballot for county trustee-at-large, and he received 45 votes to the 7 for Jack Idol of Benjamin in the local balloting.

## Weinert Seniors To Present Play Friday Night

The seniors of Weinert high school will present their senior play, "Aunt Polly From Peru", a comedy in three acts, Friday night, April 16th at 8 p. m.

The cast is as follows: Grace Bradford, a pretty girl of twenty one, played by Patsy Wiggins; George Ames, Grace's sweetheart, James Carroll; Tom Bradford, a boy of fourteen, Royce Standlee; Dolly Bradford, ten, the baby of the family, Ruth Griffin; Mrs. Gummidge, who works out for an accommodation, Wynelle Stephenson; Pauline Hadsell, the Bradfords' aunt from the country, Jessie Drinnon; Maybel Bradford, one of the fifteen year old twins, Darlene Earp; Alida Bradford, the other twin, Emma Walker; Professor Baroni, a fake Italian music teacher, Charles Oman; Bashful Wyatt, a shy high school lad, Raymond Dunnam; and John Smith, an old sea captain, played by Dick Thewranger.

Everyone is invited to come and enjoy an evening of good entertainment and fun.

## Busy Day Seen At Auction Sale

The Munday Livestock Commission Co. reports a good run of cattle for last Tuesday's sale. Prices paid are as follows:

Canter and cutter cows, \$12 to \$15.50; butcher cows, \$16 to \$19; fat cows, \$19.50 to \$21.50; butcher bulls, \$16.50 to \$19; fat bulls, \$19.50 to \$21; rannie calves, \$15 to \$17; butcher calves, \$17.50 to \$23; fat calves, \$24 to \$28; butcher yearlings, \$18 to \$24; fat yearlings, \$25 to \$29.

Several head of F. F. A. club yearlings sold from \$29.00 to \$30.25 per 100.

Mrs. Joe Jackson and daughter of Santa Rosa, N. M., visited with Mr. and Mrs. A. B. Warren and with other relatives here and at Haskell over the week end.

## Local Student Selected For "Who's Who Among American High Schools"

Miss Florine Mitchell, daughter of Mr. and Mrs. D. W. Mitchell, has been selected as the student from Munday high school to appear in the 1947-48 edition of the publication, "Who's Who Among Students in American High Schools." She is a senior student in Munday high school.

She was selected by popular vote of the senior class for her outstanding scholarship and extracurricular activities, and she has been notified that her name and biography will appear in the next edition of that publication.

This is one of the highest honors that can be bestowed upon a high school senior, and the selection of a Munday candidate for this honor comes also as a signal honor to the local school.

Students were selected for this honor by their respective high schools on the following basis: By comparison with their classmates they were adjudged to be

better all-around citizens, having greater potentialities for future usefulness to themselves and to society, and having shown a superior or above average proficiency in one or more of the following fields of endeavor:

A. scholarship; B. athletics; C. school publications; D. speech or the dramatic arts; E. music or creative writing; F. leadership and service in school, church, or community activities; G. membership and offices held in school, school clubs, church and community organizations; H. useful and successful hobbies.

In being selected for this honor, Miss Mitchell automatically becomes a candidate for one of the college scholarships to be awarded by the organization. The records of students appearing in the publication will be compared and these having the best comprehensive records for their high school careers will receive the scholarship awards.

The Future Farmers of the Munday chapter did a good job of showing their calves and hogs, which were well prepared for the project show held here last Saturday.

L. C. Searcey's calf, weighing 890 pounds, was declared grand champion of the show, and was given an award of \$50.00.

The calf shown by Jessie George Smith won reserve champion and an award of \$25.00. These two calves were placed in the choice grade and given \$10.00 each for making this grade.

The second calf shown by Jessie George Smith and those of Troy Lowrance and Thomas Franklin were placed in the good grade with an award of \$7.50 each. J. L. Ford's calf placed in the medium grade and was awarded \$5.00.

Each of the boys were given \$40.00 as a special award to encourage better feeding.

## Reeves Hog Wins

In the hog show, Perry Reeves hog won first in the fat barrow division. Danny Ponder was second, Scotty Ponder, third, and Preston Hseng, fourth.

Perry Reeves' hog won grand champion, and that of Danny Ponder was reserve champion, and the awards were \$15.00 and \$7.50 respectively, in addition to \$5.00 and \$4.00 for first and second place.

In the breeding gilt division, W. E. Stovall won first prize of \$5.00; Leonard Norman second, \$4.00, and Billy Brown, third, with a \$3.00 prize. W. E. Stovall's gilt won reserve champion prize of \$7.50.

In the senior sow division, Garon Tidwell won the \$5.00 first prize and grand champion female, which carried a \$15.00 award. Preston Hseng placed second for \$4.00, and Homer Lowrance third for \$3.00.

In the pig division, Donnie Coody was first in the gilt division, with a \$3.00 prize, and Garon Tidwell won first in the boar division, also with a \$3.00 award.

In all, the senior Chamber of Commerce spent \$553.50 on the show.

The Chamber of Commerce and business men of Munday are certainly, as Mr. Jack Idol said, so be commended for such loyal support to the Future Farmer boys and the 4-H Club boys and their projects. It behooves every one of these boys to do his best to produce the best animal possible.

"We wish to thank Mr. Idol for judging the show for us," Earl Ponder, vocational agriculture instructor, said. "We think he did an excellent job. Then he is further to be commended for donating this service. He would not accept any pay for his work. We also thank Mr. Carpenter, Mr. Swindall, and all who helped in any way to make the show the success that it was."

The calves were sold Tuesday evening at the auction sale, and averaged about 29 1/2 cents per pound. The hogs brought an average of about 21 cents. Again Mr. Ratliff is to be commended for helping sell club boys' projects and not charging any commission.

## "Bank By Mail" Plan Inaugurated By Local Bank

The First National Bank in Munday announced this week that it has inaugurated the "bank by mail" plan, which has been carried on by banks in cities and larger towns for some time.

Quite a number of the local bank's customers are already using the plan with satisfaction, and it is expected that this number will grow larger as customers become acquainted with the plan.

Special deposit slips, containing all the necessary instructions, and mailing envelopes are available at the bank for those desiring to use the "bank by mail" plan.

## MASONIC DEGREES ARE SLATED FOR THURSDAY AND TUESDAY NIGHTS

A meeting of Knox Council No. 195, R. & S. M., will be held on Thursday night of this week at the Masonic hall, with work being done in the Royal Master and Select Master degrees.

Knox Chapter No. 260, R. A. M., will hold its regular meeting at the Masonic hall on Tuesday night of next week. Chapter degrees will be conferred at this time. A good attendance is expected at these meetings.

### MUNDAY'S NEEDS FOR 1948

1. A modern and up-to-date high school building, to care for the present and future educational needs of our children.
2. A waterworks system that meets all requirements of health, sanitation and supply.
3. A street sweeper that will keep our pavement clean enough to be recognized as pavement.
4. A clean-up campaign of lasting effect; yea, one that extends even across the tracks.
5. Completion of our drainage and paving program, which will probably be accomplished this year.
6. More activity among our civic organizations, looking forward to, and planning for, a better Munday in the future.

### AGRICULTURE AND THE RAILROAD

A Chicago radio station recently carried a program of great interest to the farmer. It dealt with what the railroads are doing on behalf of agriculture, and was conducted in the form of an interview between Albert R. Beatty of the Association of American Railroads, and officers of a number of leading lines.

The farmer's primary interest is in getting his crop to market with a minimum of delay. Last year, our total crop production was only one per cent lower than the average for the five biggest years in history—1942-46. The wheat crop hit an all time record. Yet the railroads moved the mountains of crops with only minor delays, and these delays were at the harvest peak. Further, the few dislocations that did occur were primarily the result of inadequate storage facilities, and not from lack of cars.

That achievement is now history. The railroads have already taken steps to prepare for the 1948 harvest, and they are confident that they'll do an even better job this year than last.

The interest of the railroads in agriculture doesn't stop with selling space in boxcars. Most of the lines have Agricultural Departments. These departments cooperate with individual farmers, farm organizations, farm agents, etc., in order to develop natural resources, conserve soil and timber, and to help find better markets for agricultural products. It's a case where the farmers need the railroads, the railroads need the farmers, and cooperation is profitable for all.

The railroads opened up America's great agricultural belts years ago. And they are a big factor in the steady progress that is being made today.

### KEEPING UP THE FIGHT

Some men high in the food industry have recently forecast that there will be a decline in the general retail price level in the relatively near future. And organizations dealing in other kinds of retail commodities have also sounded hopeful notes.

These forecasts must necessarily be taken with a grain of salt, for the reason that we are living in unpredictable times and any number of things could change the outlook drastically. However, they indicative of the attention business is giving to the price problem. All over the country, both chain and independent merchants are reporting that a substantial percentage of consumers have been forced to cut down their buying. Savings are gone, and current income in these cases is insufficient to purchase much beyond the necessities. And that condition contains a grave threat to the system of mass production and mass distribution of goods which underlies the American standard of living.

It is significant that retailing has often taken the lead in movements to reduce prices and to prevent price increases. It has done this in various ways. First of all, it has voluntarily cut its own unit profits, and reduced overhead costs to the minimum. Secondly, it has cooperated with manufacturers in seeking means to produce goods of a given quality at a lower cost. Third, it has been a great help to consumers in showing them how to make the dollar go far as possible.

The next few months will tell whether the peak of inflation has been passed or not. Whatever the answer, intelligent American business will keep on fighting the problem with all the resources it has.

A traveler stopped in a small town in the Ozarks and put up at the local hotel. While talking with some of the natives, he started to tell them the story of Andrew Carnegie.

"When Carnegie came to this country he had only 25 cents in his pocket, and when he died, he left more than \$25,000,000." "Well," mused an old native, "he must have had a very savin' woman."

One of the chief causes of traffic accidents is following the car ahead too closely, the National Safety Council says. The rule of one car length for every 10 miles of speed is good except when streets are wet or icy.

Spontaneous combustion can start from oily rags used in cleaning the home. Keep them in airtight metal cans.

### AIN'T IT THE TRUTH

or know what'll have to be done to get one. So let's start some letters up Washington way and make some inquiries into the matter.

Then if a new building is impossible, we could settle with some new equipment, repairs, or something.

And our local post office employees would be plumb happy to service us in a place that could be kept clean and up to snuff; where our mail would be safe from prowlers, and things like that.

Maybe it can't be done just by the asking, but chances are it won't be done without the asking.

Spoke in Mineral Wells recently at the annual dinner of the Chamber of Commerce. The occasion was really a home-coming for Col. Ray Leeman, of San Antonio, executive vice president of the South Texas Chamber of Commerce, who began his career nearly 30 years ago as manager of the Mineral Wells Chamber of Commerce.

While there, I picked up this story from Col. Bill Cameron of the Index:

During the war, Texans at Camp Wolters used the expression, "durnyankee" pretty freely, so a colonel who was a native Texan called the Lone Star lads together and said, "Men, we must quit calling these fellows from Massachusetts and Illinois durnyankees; we should remember that they are

our fellow allies now!"

This will come as a surprise to those who know me personally but, at heart, I'm really modest.

It is embarrassing to me to have a fuss made over me in public and for people to come up and tell me how much they have enjoyed my books and ask me for my autograph.

All this is very distressing—in fact, there is only one thing that is more distressing—and that is for them not to do this.

But most of the time, they don't.

Like the young lady during the

## Darlene Brown And Bob Harrison Wed March 13th

Announcement was made last week of the marriage of Miss Vicky Darlene Brown of 1917 Dixie Drive, Lubbock; granddaughter of Mrs. D. B. Weaver of Munday, and Bob Harrison, son of Mr. and Mrs. Roy Harrison of Abilene, which took place on Saturday, March 13, at Fort Sumner, New Mexico.

The bride wore a white suit with brown accessories, and a corsage of gardenias.

Attendants were Melton Mantooth and Makie Rogers of Lubbock.

Mr. and Mrs. Harrison are at home at 1917 Dixie Drive in Lubbock.

The bride attended Lubbock high school, and the bridegroom served three years in the Navy.

## Birthday Dinner Given To Honor Ben Holder Recently

Mrs. Mike Parker of Red Springs surprised her father, Mr. Ben Holder, with a birthday dinner on March 28. Mr. Holder observed his 64th birthday on March 30.

A delicious dinner was served to the following:

Mr. and Mrs. Ben Holder of Goree, Grandmother Holder, Mrs. Ina Scarbrough, Logan Thompson and Billie Moyrene, (Mr. and Mrs. Carl Holder and Jimmie, Dennis and Bettie, B. R. Holder and son, Boyd; Mr. and Mrs. Bob Holder and Jerry and Beanie, Miss Vida Holder, Will Holder, Sue Webber, Mrs. Roy Nichols and son, Billie, all of Wichita Falls; Mr. and Mrs. A. A. Brooks and Mr. and Mrs. Roy Barron of Munday; Mr. and Mrs. Mike Parker and Helen, Charles, Delores, Bennie and Luelien of Red Springs.

In the afternoon, games of "42" were played, and the young people enjoyed an Easter egg hunt.

## Sunset Club Meets In Home Of Mrs. Almanrode

The ladies of the Sunset Club met Thursday, April 1st, in the home of Mrs. R. M. Almanrode.

Roll call was answered by eight members to exhibit or describe refinished articles.

Mrs. Chas. McAfee served as president for this meeting. The club had a very interesting dis-

## Miss Lola Jones' Engagement Told At Tea March 27th

Mrs. Rose Jones was hostess Saturday evening, March 27th, at a tea announcing the engagement and approaching marriage of her daughter, Lola, to Frank Clements.

Mr. Clements is the son of Mrs. R. R. Clements and the late Mr. R. R. Clements of Lubbock.

The wedding will take place June fifth at the home of the bride's mother.

Mrs. Jack McCall of Denton, who will be her sister's matron of honor; and Misses Katherine Brown and Thelma Wages, who will light the candles, were in the house party. Mr. Mevin Legge will serve as best man.

The announcement was made on individual favors showing an oil well and revealing the nuptial date. Refreshments were served to approximately fifty guests.

Miss Jones graduated from the Munday high school and North Texas State College, where she was a member of the Current Literature Club and The Ellen H. Richards Club. She is now teaching Home Economics in Andrews Junior high school.

Mr. Clements graduated from Lubbock high school, Texas Tech, and attended The University of Chicago. He served four years with the United States Army Air Force in the Pacific. He is now a petroleum Engineer for the Stanalnd Oil and Gas Company in Andrews.

discussion on making and designing serving trays and toasters of stainless steel. Orders were taken for material to make these trays and toasters. The club members will make these trays and design them.

Samples of the glove leather were shown by Mrs. Voss. Orders for the glove leather were taken also.

Delicious refreshments were served to Mmes. T. J. Patridge, Weldon Floyd, W. E. Pack, Jerry Nix, Chas. McAfee, Joe Voss, Virginia Vost, and Mrs. R. M. Almanrode.

The next meeting will be held in the home of Mrs. W. E. Pack, April 15th.

Dried peas can sometimes be used as a meat substitute, since they are high in protein and contain moderate amounts of the B vitamins and minerals. When used with potatoes, a green or yellow vegetable and milk, they make a complete and nourishing meal.

## Economy Oven Menu

Just one and one-half cups of ground meat serves six in two-in-one biscuits. The entire menu can be baked in the oven.

Economy in meal planning means attention to small details—like using leftovers, purchasing of seasonal foods, getting the most for your money whenever a food item is added to the market basket. This menu has been planned to help you make a good start on the spring budget—and still please the family with food that looks and tastes good.

Two-In-One biscuits make excellent use of a cup or so of left-over meat or of fresh ground meat, always less expensive because it does not need to be tender. Enriched flour in the biscuits gives more for your money because it contains added B-vitamins and iron at no additional cost.

Tomatoes and asparagus are foods that spring makes inexpensive, yet they provide just the right color touch.

A saving in time is accomplished by using the oven for the entire menu. Yes, asparagus and tomatoes can be baked, and you'll find that color is retained when a moderately hot oven is used. Place the asparagus in a flat, shallow pan with just enough water to cover the bottom of the pan. Season to taste and bake uncovered until tender, turning the spears just once. The tomatoes are cut in half, brushed with melted butter or margarine and heated until they bubble.

### Two-In-One Biscuits

1 cup sifted enriched flour  
1/2 teaspoon salt  
1/2 teaspoon baking powder  
1/2 cup cold shortening

2 1/2 cup milk  
1 1/2 cups ground meat (may be either cooked or uncooked)  
Salt and pepper to taste

Sift together flour, salt and baking powder. Cut or rub in shortening. Add milk to make a very soft batter. Fill greased muffin pans one-third full with seasoned meat. Pour batter on top of meat, filling pan two-thirds full. Bake in a moderately hot oven (400 degrees F.) 30 to 40 minutes. Remove from pans. Turn upside down and serve with grilled tomatoes.

Yield: Six three-inch biscuits.

Ohr, Mrs. Q. D. Williams, and Mrs. J. L. Bates, Jr.

## Mrs. Pendleton Thanks Contributors To The Red Cross

I want to thank every one who made it possible for Munday to more than reach her goal in the Red Cross drive.

To my committee who so willingly gave of their time, and to each who gave of your means, my sincere thanks.

It has been a great pleasure to me to work with you in this great humanitarian campaign. Munday territory turned in \$1,109.15 to the fund. Thanks.

Mrs. H. A. Pendleton,  
Munday Chairman.

## Goree Bible Study Class Has Meeting Monday

Mrs. Orb Coffman entertained the Goree Bible Study Class Monday evening in her home for a social.

Roll call was answered by each member giving some ambition she has for the Bible class or the church. The group spent the evening making wire recordings of Bible readings, poems and music by all the members. The playback of the recording was entertaining and instructive. Mildred Coffman helped with the music and Mrs. J. A. Jolly operated her recorder for the evening.

Refreshments were served to Mmes. Reuben Bates, Lewis Blankenship, Barton Carl, James Carver, Walter Coffman, Everett Gaithe, Billie Hutchens, Les Jameson, J. A. Jolly, Orman Moore, Homan McMahon, Mac Tynes, Clarence Powell and the hostess.

Mr. and Mrs. R. L. Ratliff and Mr. and Mrs. C. P. Baker left Wednesday morning for San Antonio for a visit of several days.

Mrs. T. G. Bengtson has returned home from Honey Grove and Cleburne, where she visited with relatives during the Easter holidays.

## With A Quota Of 1500 Bucks . . . County Oversubscribes Red Cross Drive Brings \$2,200.00

The 1946 Red Cross fund drive was very successful, according to the report made this week by Wade T. Mahan, Chairman for Knox Co.

The county quota was set at \$1500.00 and latest reports show that approximately \$2,200.00 was subscribed during the drive. Complete reports from one or two communities had not been given to Mr. Mahan at press time.

Of the total county contribution, Munday and surrounding territory including Sunset had contributed one-half, or slightly over \$1100.00 of the total, according to Mrs. H. A. Pendleton, Munday Chairman. Assisting Mrs. Pendleton in obtaining this fine contribution were the following workers: In the residential section of Munday—Mrs. Marvin Reeves, Mrs. Chester Bowden, Mrs. J. C. Harpham, Mrs. Chan Hughes and Mrs. J. V. Cook. Working the business district were Mrs. P. V. Williams, Mrs. W. R. Moore, Mrs. Fred Broach, Jr., Mrs. Paul Pendleton, Mrs. R. D. Atkinson and in the colored section, Alene Johnson.

Every community in the county oversubscribed its quota. Chairmen in the different localities were: Knox City, H. E. Wall; Goree, H. D. Arnold; and workers assisting Mr. Arnold were Mrs. Jim Goode, Mrs. George Weber, and Miss Beatrice Goode. Goree was the first community in the county to reach its quota. Chairman at Rhineland was August Schumacher; Benjamin, Mrs. J. D. Redwine, Vera, J. J. Collier; Gilliland, Mrs. Arthur Horne, and at Truscott, S. O. Turner. Workers responsible for a splendid record at Truscott in addition to Mr. Turner were Mrs.

## Texas Is Not Likely To Run Out Of Oil

Dallas—Texas is a long way from running out of oil or gas if the petroleum industry is allowed to keep the pace it set during 1947.

President R. B. Anderson of the Texas Mid-Continent Oil and Gas Association said today that his organization's analysis of the national survey made by the American Petroleum Institute and the American Gas Association showed

these facts:

(1) Texas oil men discovered 16 per cent more crude oil during 1947 than was produced.

(2) The industry found 248 per cent more gas during 1947 than was produced.

"If the government 'planners' and those whose interests are linked with competitive fuels will leave Texas' Number One industry alone, the public will get the maximum supply of petroleum possible in this country," Anderson said.

Anderson pointed out that Texas' crude oil reserves are now estimated at 11,777,537,000 barrels, a 1.13 per cent increase over the estimated reserve total at the end

of 1946.

"In spite of shortages which prevented drilling of many new wells, the Texas petroleum industry increased the state's wealth of natural resources with the finding of 131,177,000 barrels more of crude oil than was produced," Anderson said.

Texas crude oil reserves now constitutes 55 per cent of the nation's total, the report showed.

The analysis showed that 815,732,000 barrels of oil, or 44 per cent of the entire national output, was produced in Texas in 1947, but the crude oil reserves, not counting natural gas liquids, were increased 946,909,000 barrels.

Extensions and revisions of the state's gas reservoirs plus the discovery of new producing areas brought the state's gas reserves up to 90,025,566,000,000 (trillions) cubic feet. The year's increase in gas reserves was over six trillion cubic

feet, or nearly two and one-half times the amount produced during the year. From Texas Mid-Continent Oil & Gas Assn., 907 Continental Bldg., Dallas, Texas.

Farm families lose about 3,500 lives and 100 million dollars worth of property each year by fires. This means nearly 10 people die every day because of farm fires.

### When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Car Truck Tractor News

## I'm sure you'll like Ford's new 4-Speed Transmission

• Maybe you enjoy slow farming ... but there's no money in it. If I can show you faster farming ... with no more work, you'll be interested, won't you?

All right, just take one feature of the Ford Tractor, the 4-speed transmission. On the road I'll give you up to 12½ miles per hour. In third speed (top field working speed), I'll give you 6 miles per hour. And so on down ... each speed, even the reverse, is faster. Saves lots of hours in a year.

Won't you let me demonstrate this Ford Tractor (and its Dearborn Implements) on your farm? I have something special in parts and service, too.

## J. L. Stodghill

## Knox Prairie Philosopher Amazed That Poll Was Necessary To Find Out People Think Taxes Too High

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is expressing another one of his warded ideas in his letter this week.

Dear editor:

I was out here on Miller Creek early Monday mornin' seein' if any body from up the creek had discarded their Sunday papers and while all I could get hold of was part of the Sunday Ft. Worth paper, which don't necessa' rily prove half a loaf is better than none, I fished it in and stretched out on the sunny side of the bank and settled down.

Over on page nine I read where Dr. Gallup has conducted another nationwide scientific poll and discovered that most tax payers believe their taxes is too high.

It ain't none of my business and I don't want to horn in on somebody else's way of makin' a livin', and Dr. Gallup is considered a smart man, but I believe I could save him some money if he'd just fire all his interviewers and depend on me.

It may be necessary for some people, especially a professor, to hire interviewers to go all over the country finding out such things, but there is some things a man knows without goin' to any expense or trouble, and one of em is that his taxes is too high.

In fact, there ain't never a time when taxes was low enough and there never will be, although I can save Dr. Gallup some more

money if he's thinkin' about conductin' a survey to find out when they'll come down.

After a life time of studyin' the tax situation and dodgin' all I could, I can let Dr. Gallup in on a scientific discovery, which I call the J. A. Law Of Imaginary Tax Fluctuations, which is that taxes almost invariably dip a little in a election year and rise the next, but still at the same time continuin' a general tread straight up, higher and higher, the dip being only a optical illusion employed just ahead of the votin', like putt in a little gravel on your road every election year when precinct politics comes to life, without necessarily gettin' you out of the mud.

This summer, I expect taxes to be reduced in nearly every speech I hear, from precinct to president, but I ain't expectin' no lastin' cut as I ain't seen a politician yet who couldn't figure out a crisis three months after he's in office that changes the whole picture and keeps the trend goin' safely upward.

Yours faithfully,

J. A.

## LOCALS

Mr. Mayes of Knox City and J. C. Campbell were business visitors in Dallas this week.

Mr. and Mrs. Kirby Fitzgerald visited relatives in Wichita Falls last Sunday.

Mr. and Mrs. Jerry Kane and Jerrilyn, Mr. and Mrs. P. V. Williams and Charlotte and Rupert, visited with relatives in Abilene last Sunday.

## Portable Saw

Lugging logs to the saw has been changed to bringing the saw to the logs! Quickly and easily attached to the tractor, this new Dearborn cordwood saw travels any place the tractor will go. Operated by the tractor's power take-off, the belt is always in place, saving the usual bother of lining up belt, saw and tractor. The blade will cut through large and heavy wood, fence posts and railroad ties. When not in use the blade is covered with a metal safety guard. To transport the saw the entire unit is raised by the tractor's hydraulic mechanism.

D. G. Chamberlain of McMurry spent last week end with home folks.

Mrs. C. E. Stevens returned to her home in Lorenzo last Sunday after a visit of several weeks in the home of Mr. and Mrs. J. B. Stevens. Mr. and Mrs. Stevens took her to Lorenzo Sunday afternoon and visited there a while.

Mr. and Mrs. O. W. Tooley of Haskell, Mrs. Todd Cone and son of Pampa, Kenneth Tooley, student in McMurry College, Abilene, Wendel Tooley of Kress, Texas; Miss Mary Tom Kirk of Perryton and Mr. and Mrs. Billy Rothell and three children of Dallas were guests in the home of Rev. and Mrs. Don Davidson over the week end.

Mr. and Mrs. J. E. Reeves visited with relatives in Lubbock and Ropesville over the week end.

Mr. and Mrs. H. M. Montgomery and Mr. and Mrs. Idell Montgomery spent the week end in Slaton and Pep, visiting with relatives.

Mrs. E. A. Vestal of Quanah was a business visitor here last Saturday.

Mr. and Mrs. Ardell Spelee and Kenneth and Mrs. R. L. Edwards were visitors in Wichita Falls last Sunday.

## WOMAN LEARNS BITTER INSURANCE LESSON

Allowing a fire insurance policy to lapse because she couldn't afford the premiums proved disastrous to the owner of the small home shown wrecked by fire above. Less than 3 months after the expiration of her fire insurance policy, an overheated stove set fire to the owner's house. Although monetary value of the house was not large, the woman and her family were homeless and without funds to rebuild. The 7 persons in the household moved in with neighbors.

WHAT IF this happened to you?

Could you afford it?

Better to have it and not need it, than to need it and not have it!

## When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

## I'm sure you'll like Ford's new 4-Speed Transmission

• Maybe you enjoy slow farming ... but there's no money in it. If I can show you faster farming ... with no more work, you'll be interested, won't you?

All right, just take one feature of the Ford Tractor, the 4-speed transmission. On the road I'll give you up to 12½ miles per hour. In third speed (top field working speed), I'll give you 6 miles per hour. And so on down ... each speed, even the reverse, is faster. Saves lots of hours in a year.

Won't you let me demonstrate this Ford Tractor (and its Dearborn Implements) on your farm? I have something special in parts and service, too.

## Knox Prairie Philosopher Amazed That Poll Was Necessary To Find Out People Think Taxes Too High

Editor's note: The Knox Prairie Philosopher on his Johnson grass farm on Miller Creek probably is expressing another one of his warred ideas in his letter this week.

Dear editor:

I was out here on Miller Creek early Monday mornin' seein' if anybody from up the creek had discarded their Sunday papers and while all I could get hold of was part of the Sunday Ft. Worth paper, which don't necessa' rily prove half a loaf is better than none, I fished it in and stretched out on the sunny side of the bank and settled down.

Over on page nine I read where Dr. Gallup has conducted another nationwide scientific poll and discovered that most tax payers believe their taxes is too high.

It ain't none of my business and I don't want to horn in on somebody else's way of makin' a livin', and Dr. Gallup is considered a smart man, but I believe I could save him some money if he'd just fire all his interviewers and depend on me.

It may be necessary for some people, especially a professor, to hire interviewers to go all over the country findin' out such things, but there is some things a man knows without goin' to any expense or trouble, and one of em is that his taxes is too high.

In fact, there ain't never a time when taxes was low enough and there never will be, although I can save Dr. Gallup some more

money if he's thinkin' about conductin' a survey to find out when they'll come down.

After a life time of studyin' the tax situation and dodgin' all I could, I can let Dr. Gallup in on a scientific discovery, which I call the J. A. Law Of Imaginary Tax Fluctuations, which is that taxes almost invariably dip a little in a election year and rise the next, but still at the same time continuin' a general tread straight up, higher and higher, the dip being only a optical illusion employed just ahead of the votin', like putt in a little gravel on your road every election year when precinct politics comes to life, without necessarily gettin' you out of the mud.

This summer, I expect taxes to be reduced in nearly every speech I hear, from precinct to president, but I ain't expectin' no lastin' cut as I ain't seen a politician yet who couldn't figure out a crisis three months after he's in office that changes the whole picture and keeps the trend goin' safely upward.

Yours faithfully,  
J. A.

Mr. Mayes of Knox City and J. C. Campbell were business visitors in Dallas this week.

Mr. and Mrs. Kirby Fitzgerald visited relatives in Wichita Falls last Sunday.

Mr. and Mrs. Jerry Kane and Jerrilyn (Mr. and Mrs. P. V. Williams and Charlotte and Rupert, visited with relatives in Abilene last Sunday.

## WOMAN LEARNS BITTER INSURANCE LESSON

Allowing a fire insurance policy to lapse because she couldn't afford the premiums proved disastrous to the owner of the small home shown wrecked by fire above. Less than 3 months after the expiration of her fire insurance policy, an overheated stove set fire to the owner's house. Although monetary value of the house was not large, the woman and her family were homeless and without funds to rebuild. The 7 persons in the household moved in with neighbors.

WHAT IF this happened to you? Could you afford it?

Better to have it and not need it, than to need it and not have it!

## Portable Saw

Lugging logs to the saw has been changed to bringing the saw to the logs! Quickly and easily attached to the tractor, this new Dearborn cordwood saw travels any place the tractor will go. Operated by the tractor's power take-off, the belt is always in place, saving the usual bother of lining up belt, saw and tractor. The blade will cut through large and heavy wood, fence posts and railroad ties. When not in use the blade is covered with a metal safety guard. To transport the saw the entire unit is raised by the tractor's hydraulic mechanism.

D. G. Chamberlain of McMurry spent last week end with home folks.

Mrs. C. E. Stevens returned to her home in Lorenzo last Sunday after a visit of several weeks in the home of Mr. and Mrs. J. B. Stevens. Mr. and Mrs. Stevens took her to Lorenzo Sunday afternoon and visited there a while.

Mr. and Mrs. O. W. Tooley of Haskell, Mrs. Todd Cone and son of Pampa, Kenneth Tooley, student in McMurry College, Abilene, Wendel Tooley of Kress, Texas; Miss Mary Tom Kirk of Perryton and Mr. and Mrs. Billy Rothell and three children of Dallas were guests in the home of Rev. and Mrs. Don Davidson over the week end.

Mr. and Mrs. J. E. Reeves visited with relatives in Lubbock and Ropesville over the week end.

Mr. and Mrs. H. M. Montgomery and Mr. and Mrs. Idell Montgomery spent the week end in Slaton and Pep, visiting with relatives.

Mrs. E. A. Vestal of Quanah was a business visitor here last Saturday.

Mr. and Mrs. Ardell Spelec and Kenneth and Mrs. R. L. Edwards were visitors in Wichita Falls last Sunday.

## Methodist WSCS Holds Its Regular Meeting Monday

The W.S.C.S. of the Methodist Church met in the home of Mrs. Chester Borden, Monday 5, with 22 members present.

Mrs. W. R. Moore was director of the program on "Rural Churches." The devotion was given by Mrs. E. E. Lowe, followed with Mrs. W. A. Baker leading the prayer. Mrs. H. A. Pendleton and Mrs. Muncie Almanrode gave very interesting talks on "The Contribution of the Rural Community to Man Kind." Mrs. J. C. Rice, who was a delegate to the W.S.C.S. Conference at Plainview, gave a splendid report. Some six hundred women were present at this conference. Our work is growing in the Northwest Texas Conference and our local society is adding new ones. Next Monday we start our new study, "We, the People", and the Rev. Don Davidson will direct this study. This is something we should all study and especially at this time.

Mrs. Borden was assisted by

## Benjamin Club Sponsors Benefit Party March 30

Tuesday evening, March 30, 1944, the Benjamin Home Demonstration Club sponsored a benefit party in the form of a "42" party and "Cake and Pie Walk." Proceeds, amounting to \$20.50, to be placed in the club fund.

This party was held in the assembly room of the court house with fifty guests present.

Delicious refreshments of punch and cookies were served.

A delightful evening was reported by all.

Mrs. Dick Atkinson, who was co-hostess, in serving punch and cake to the following ladies: Mmes. W. A. Baker, Lee Haymes, Oates Golden, D. E. Holder, J. D. Crockett, P. V. Williams, S. E. McStay, E. E. Lowe, J. R. Bateman, W. R. Moore, H. A. Pendleton, Gill Wyatt, A. L. Roden, Muncie Almanrode, J. C. Rice, M. P. Billingsley, Don Davidson, S. A. Bowden, T. C. Merrell and Miss Shellie Lee.

## Sets Record Despite Handicap

LAFAYETTE, VA.—Thirty-two years without missing a Sunday at her church school, in spite of the handicap of helpless invalidism, is the record of cheerful Miss Lillian Wallthall of this community.

She and her father, J. G. Wallthall, her wheelchair chauffeur, have just been honored in a commendation from Dr. M. Leo Rippey of Nashville, Tenn., director of the Department of Christian Education of Adults of The Methodist Church.

Their citation for fidelity was made in connection with the April-May "Crusade for Christ" effort to increase adult attendance in the 37,450 Sunday schools of the denomination.

With the Wallthalls is the Rev. E. W. Dean, their pastor.

## Mrs. Burford Is Named President Of Music Clubs

Mrs. Blant Burford of Dallas, formerly of Honey Grove, was elected president of the Texas Federation of Music Clubs in Houston recently, friends here have learned.

Mrs. Burford, who is an accomplished musician, was guest artist of the Munday Music Club in the spring of 1940, when she and a niece of Mrs. T. G. Bengé, Mrs. G. K. Fladger of Honey Grove, gave the program. The ladies were guests in the Bengé home.

She is now with the Downing-Walsh Studios of Dallas, and has been director of several church choirs in Dallas. She is singing professionally in a suite, "In A Persian Garden," which was recently presented at East Texas State Teachers College.

After her election, Mrs. Burford held her first board meeting at the home of Miss Ima Hogg in Houston and was a guest of Miss Hogg in her box for the symphony concert that evening in Houston.

and friends of Vera Sunday.

Mrs. W. A. Barnett, Miss Omitee Barnett and Mrs. Wynelle Porter and daughters, Connie and Annette, visited relatives and friends in Knox City and Goree Sunday of this week.

Mrs. Wanda Kistmacher and children, Toni Rae and Michael and Mr. Rudolph Tallant, of Knox City, visited in the home of Mr. and Mrs. J. T. Nunley and family, and other friends and relatives of Woodson, Sunday.

Miss Eugenia Butler visited in the home of Miss Louise Brown of Munday during the past week end.

Mr. Joe Reeder, Jr., District Attorney, was in Paducah Monday of this week on business.

Mrs. J. W. Melton is visiting in the home of her daughter (Mr. and Mrs. Jim Melton, Jr., of Pittsburg, this week.

Mrs. Wallace Harbert of Houston is visiting in the home of Mr. and Mrs. Malcom Shipman and Mr. Rudy Coody and other relatives and friends this week. Mrs. Harbert is the daughter of Mrs. Coody, sister to Mrs. Shipman.

Mr. and Mrs. Buck Coody of Seymour were visitors in the home of Mr. and Mrs. Malcom Shipman Sunday of this week.

Mrs. Faye Shipman and Mrs. Malcom Shipman were shoppers in Vernon, Monday of this week.

Ryland Gleaton of the Stamford office of Production Credit Association, was a business visitor here last Tuesday.

## Attend Some Church Next Sunday

**MUNDAY METHODIST CHURCH**  
(Don R. Davidson, Pastor)

10:00 a. m. Church School.

Increasing attendance crowds some of our classes but that is the kind of a school that you will enjoy being a part of.

11:00 a. m. Morning Worship.

Rev. J. H. Crawford, Stamford District Superintendent, will bring the message.

6:30 p. m. Evening Vesper Communion Service.

We are having our Communion Service in the Vesper time this month and the choir will help us. You will receive a blessing from this Sacrament of the Lord's Supper. Visitors who want forgiveness of sin are welcome.

7:30 p. m. Youth Fellowship.

We will begin at this meeting our summer program for the youth of our church. Both grade school students and all high school students are urged to be present for the meeting. It will close by 8:30.

You are always welcome to our services and we are happy when visitors are present. These are days that call for careful living

and righteousness is our only hope. Are you doing what you can about it?

### FIRST BAPTIST CHURCH

Next Sunday some ten or a dozen young people from the Life Service Band of Hardin-Simmons University will be with us for both the morning and the evening service. They will bring a program of song, testimony, and sermon. You will greatly appreciate what these young people have to say. Be sure to make your plans now to come to these services.

### CARD OF THANKS

We wish to take this opportunity to express our thanks and appreciation to our many friends for the help and kindness shown us during the recent illness and death of our father and husband.

L. E. Groves  
L. B. Jacobs  
Mrs. Vesta Jacobs, etc.

Mr. and Mrs. R. P. Adkins of Arlington spent the week end in the home of Mr. and Mrs. H. E. McMahon. Mrs. Adkins is Mr. McMahon's sister.

## Local Ladies Attend Conference At Plainview

Mrs. John Rice and Mrs. Don Davidson attended the northwest conference of the Women's Society of Christian Service which was held in Plainview from March 30th to April 1st.

Mrs. Rice attended the conference as a local representative and Mrs. Davidson attended as a conference officer.

This was a very inspirational meeting for several foreign missionaries and nationals. Conference officers were elected and Mrs. M. B. Shilburn of Lubbock was elected president and Mrs. Tait Gollhor of Spur was elected conference treasurer.

The W.S.C.S. conference was well attended with over 500 delegates representing different localities.

Arthur Lawson of Seymour was a business visitor here on Wednesday.

## BENJAMIN NEWS

(Elda Paul Laird, Reporter)

Mr. Lee Smith of Knox City was a business visitor in Benjamin Thursday of last week.

Marvin Bryan, F. H. A. Supervisor, of Vernon, was in Benjamin Thursday of last week on business.

Mrs. J. L. Galloway and daughters, Miss Jean Galloway and Mrs. Kenneth B. Watkins of Muleshoe and Mrs. J. W. Melton were in Lubbock Friday of last week visiting Miss Joan Galloway, who is attending Texas Tech.

Albert and Arthur Lacy were in Lubbock Friday of last week, visiting and on business.

Walter W. Rice of Mineral Wells was visiting friends here the past week. Mr. Rice is a former county agricultural agent of Knox county.

Miss Elda Paul Laird, Miss Omitee Barnett and Johnny Southernland were business visitors in Knox City Saturday.

Mr. and Mrs. M. D. McGaughey and children, Johnny, Vera and Stephen Merick visited relatives

But... WET DUST CANNOT FLY!

Did you ever notice the fine layer of dust that settles on tables, chairs, and other polished furniture after you finish vacuuming? That is because dust has been taken out of the carpets and upholstered furniture and blown into the air through a porous bag.

Rexair uses an entirely new principle of cleaning. This principle is based upon the fact that wet dust cannot fly.

When Rexair takes dust from the carpets, from floors, from upholstered furniture, it immediately drowns that dust in water. Clean, "washed" air is then returned to the room.

The longer the Rexair runs, the cleaner and fresher the air becomes, because Rexair actually removes dust from the air you breathe. Rexair has no dirty bag to empty. You pour the water down the drain, and pour the dirt away with it.

## Rexair

For free demonstration in your home, see, write or phone . . .

## Weakened by Long Years of Malnutrition World's Children Now Fight Disease

### Crusade for Children Is Effort to Relieve Millions in Distress

It is not enough that a child is hungry.

He must also be sick, if he is to receive relief feeding in Europe. That is what it comes down to, when you do not have enough food to go around.

The problem is not to feed the hungry, but to feed the hungriest of the hungry. Selection of which hungry child shall be fed is made on the basis of need. Many times need is determined by a doctor's certificate.

This is the grim factual situation confronting relief agencies serving the starving children abroad. It is highlighted in a report from Donald R. Sabin on observations in Europe where he served as assistant director of field operations for the United Nations International Children's Emergency Fund.

Dwindling resources of the United Nations International Children's Emergency Fund, and of 25 American voluntary relief agencies aiding youth in Europe and Asia will be replenished by the Crusade for Children of American Overseas Aid-United Nations Appeal for Children which asks \$60,000,000 of Americans this spring. Meanwhile, starvation is an increasing reality to half the children of the world. It is increasing because:

Czechoslovakia had no rain for seven months last year, and as a consequence, farm animals were slaughtered for lack of feed, and the milk and food shortage is critical.

France, too, suffered drought, with the same resultant slaughter of animals, shortage of milk and cut in bread rations.

Greek political conflict has caused difficulties in supply, while long-term malnutrition shows in rickets, tuberculosis and stunted growth of the children.

Italy, poverty is everywhere, the children ragged and barefoot and without milk. Last stocks of milk are being used up for the feeding of 200,000 orphan children.

Ireland still shows the terrible destruction of war, streets still piled high with fragments of homes, farms devastated, food inadequate, and tuberculosis a severe threat to the children.

Two-thirds of the children of war-torn countries suffer from tuberculosis.

Millions of these suffer other diseases of malnutrition.

Many are literally starving.

In 12 nations of Europe, the International Children's Emergency Fund is feeding between

**VICTIM OF MALNUTRITION**, this war orphan is one of millions in Europe and Asia fighting against the ravages of tuberculosis, scurvy, rickets—deadly partners of starvation. Americans are helping them in their desperate fight by supporting the Crusade for Children of American Overseas Aid-United Nations Appeal for Children.

3,500,000 and 4,000,000 children a minimum daily 600-calorie meal which means the difference between life and death. In those countries alone, there are 60,000,000 children who are equally in need of this life-saving daily meal—half the size of an American school lunch—but cannot get it because neither their own governments nor the United Nations International Children's Emergency Fund have the resources to provide it.

This means that for every child who receives the survival-ration supplied by arrangement between his government and the Children's Fund, 15 children stand in a spectral line of starvation behind him. The brightest outlook is that the situation will get far worse before it gets better.

Its only chance for getting better lies in immediate, generous, voluntary assistance.

America's channel for that assistance is the Crusade for Children of American Overseas Aid-United Nations Appeal for Children.

This combined campaign represents the United States' share in the world-wide United Nations

Appeal asking voluntary contributions for the International Children's Emergency Fund, together with the appeals of America's major voluntary foreign relief agencies.

Forty-five nations of the world are cooperating in the United Nations Appeal. Nations which are too impoverished to collect money through the UN Appeal for the Children's Fund are sending products such as desperately needed fish, cod liver oil, clothing.

Of the \$60,000,000 goal of the American campaign, more than 70 per cent has been allocated to foreign relief projects directly aiding children, and the balance to activities helping children indirectly.

Contributions of money from Americans, which will be converted into food for the hungry, medicine for the sick, clothing for the naked and shelter for the homeless, may be given to local campaign committees in communities where they have been formed, or sent directly to national headquarters of American Overseas Aid-United Nations Appeal for Children, 39 Broadway, New York 6, N. Y.

### Soil Supervisors Hold Monthly Meet Friday, March 26

The Supervisors of the Wichita-Brazos Soil Conservation District held their regular monthly meeting Friday, March 26th. The application of Richard T. Carney's place north of Knox City was approved. The following plans were approved: J. W. Howell of Knox City, and E. F. Payne of Goree.

Grass seeding is progressing with Bush and Burnett planting acres to weeping love grass, Arthur Smith near Munday planting ninety-five more acres to weeping love grass.

Putting steep eroded land back to grass is not only soil conservation, but profitable, says Arthur Smith. A person might occasionally make a good crop on this land if left in cultivation, but over a period of years it is much more profitable and wise land use to put each acre to the use to which it is best fitted. This land should not have been put into cultivation, but since it has it is up to us to put it back to a protective cover of adopted native grass. This is part of the conservation plan worked out between the District and Mr. Smith, with the help of technicians of the Soil Conservation Service.

Mr. T. A. Holcomb of the Judd community plans to retire from cultivation several acres of steep eroded land. He plans to plant adopted native grass in a protective cover of close drilled sodan grass or sorghum. Getting a stand of grass in most cases is a two year proposition. The first year you should get your land ready for grass seeding by planting a close growing crop and keep it from going to seed by mowing just before it starts to head. All wing the stalks of sorghum or what ever crop it is to serve as a mulch will give valuable protection to grass seeding when they first start up, also it prevents crusting. Grass may be put in rows if a seed crop is desired, or it may be drilled in. If drilled in, it should be mowed once or twice the last year to keep down the weeds.

## WIN AN ALL-EXPENSE 10-DAY VACATION TRIP to Beautiful Colorado!

ENTER FORT WORTH and DENVER CITY RAILWAY'S

### Diamond Jubilee ESSAY CONTEST

1873 • 75 YEARS OF PROGRESS • 1948

#### A GLORIOUS TRIP FOR 5 WINNERS

WRITE AN ESSAY on "History of Fort Worth and Denver City Railway (or The Wichita Valley Railway) in My Home County." Your essay may win you a thrilling ten-day, ALL EXPENSE, escorted trip by Texas Zephyr to Beautiful Colorado.

#### HERE'S HOW YOU ENTER

Take your essay to any ticket office of these railways, or mail it to "ESSAY CONTEST," at the address shown below for your district. Write your name, address and home county plainly.

#### CONTEST CLOSING MAY 10th!

The big DIAMOND JUBILEE Essay Contest closes May 10, 1948—so check courthouse records—talk to old settlers—look at newspaper files! Get your essay in—it may be the winner in your district.

#### READ THESE EASY RULES

1. Subject of essay must be "History of Fort Worth and Denver City Railway (or Wichita Valley Railway) in My Home County."
2. Any resident of a county in which these railways operate is eligible, except employees of these railways, their advertising agency, and their families.
3. Contest closes May 10, 1948. All entries must reach a Fort Worth and Denver City or Wichita Valley Railway ticket office not later than 5:00 p. m. that date, or be mailed to "ESSAY CONTEST," at the address shown for your district, postmarked not later than May 10th. No entries received after May 10th.
4. Entries will be judged on accuracy of material, evidence of historical research, style and neatness by a committee of three qualified judges in each contest district. Names of judges will be published by May 10th. Decisions of judges shall be final.
5. One winner will be chosen from each of the five contest districts shown below. Winner in each district will be notified by registered mail. Winners will be announced in the press and presented on a special dress shown for your district, postmarked not later than May 10th. No entries received after May 10th.

#### CONTEST DISTRICTS AND HEADQUARTERS

ton spent Saturday and Sunday in Morton visiting. Mrs. Joe Jones and daughter, Venita Jo returned with them for a few days visit.

Mr. and Mrs. Leo Cumming were among those to go to Wichita Saturday to visit Sam Cook who is in a Wichita hospital. Mr. Cook underwent surgery several days ago.

Mr. and Mrs. T. H. Jones and Mr. and Mrs. D. B. Jones visited their brother, Dibrel Jones in a Wichita hospital this week. Mrs. M. Coltharp of Lubbock, a sister, is also at his bedside. Mr. Jones is reported some better at this writing.

Mr. and Mrs. Burton of Haskell and Mrs. U. S. Rogers of Munday were Sunday visitors with Mr. and Mrs. Dorse Rogers of Goree.

Mr. and Mrs. Clarence Jones and family spent last Sunday in Fort Worth visiting their son and brother, Ed Jones.

Mrs. Seburn Jones and children and Mrs. Jones' mother, Mrs. McCarty, of San Antonio, spent last Friday and Saturday here visiting with relatives and friends.

Wayne Blacklock of Hardin-Simmons University, Abilene, visited his parents, Mr. and Mrs. B. L. Blacklock, over the week end.

Kelton Tidwell of Hardin-Simmons University, Abilene, spent last week end with home folks.

### Inexpensive Unit Protects Refuse, Discourages Rats

Would you believe that the average home boards from one to five rats? And that rats damage or destroy two billion dollars' worth of food and property each year? Yes, these are the facts.

Rat control experts say that one of the best ways to eliminate rats is to use galvanized steel garbage cans. Equipped with tight-fitting covers, such cans keep rats out of edible refuse. Without this source of food, they usually change quarters or starve.

Home owners often have difficulty keeping covers on garbage cans—they are either lost or damaged. If you are faced with this problem, you can solve it by constructing the unit shown.

The unit consists of 5 1/2 feet of 1-inch pipe, a 1-inch waist nut, a 1-inch malleable ell, a 1/2 inch "U" bolt, a length of chain and enough cement for a square base about 4 inches deep and a few inches larger than the base of the can used. Set upright pipe, which may vary in length, into 3 inches of the cement. Assemble other parts as indicated. Such a unit adds life to the garbage can by preventing loss or damage of its cover. The concrete base is easy to clean and keeps unsightly mud and water from collecting around the can's base. A coat of paint can be added to dress up this rat-proof refuse area.

### Your Old Battery...

JOHN E. (Jack) MORRISON

District Board  
Of Soil Supervisors  
Meets On Friday

Wichita Brazos Soil Conservation District Board of Supervisors held a meeting at Knox City last Friday with leading farmers, conservation Group leaders, business men, and agencies assisting in the District program. Carl Spencer, Field Representative for the State Soil Conservation Board, spoke on the District work as it is set up under the State Soil Conservation law. Mr. Spencer stated that a Soil Conservation District, as the one we have here which includes Knox County and the upper half of Haskell County, is a political subdivision of the State, same as the School district or county set up, governed by duly elected farmer-rancher Supervisors. These Supervisors of the District are responsible to no one except the people of the District. If the district does not operate in accordance with the wishes of the people, all have the responsibility of advising with the District Board and suggest improvement of their district.

Wichita Brazos Soil Conservation District was organized in 1943. A program and plan of work was formulated by farmers and rancher committees and completed by the District Board. These two documents are the program for the district and are the wishes of the people in the District.

Jack Idol, Chairman of the Board of Supervisors, stated that assistance has been secured from the County Agents in Conservation Education assistance, Soil Conservation Service in giving technical assistance in planning and application of a complete soil and water conservation program, P.M.A. to give financial assistance in conservation payments so far as their program will allow.

F. P. Mika, District Conservationist for the Soil Conservation Service, gave a brief review of accomplishments for the District. Three hundred forty-nine farmers and ranchers have been given assistance in planning and application of a coordinated soil and water conservation district program, which includes (1) sound land use, (2) right combination of

Distinguished Doctors Coming  
To Texas Medical Meeting

Dr. Ralph Luikart, Omaha, Neb. Dr. Jean V. Cooke, St. Louis, Mo. Dr. W. L. Benedict, Rochester, Minn. Dr. Waltman Walters, Rochester, Minn.  
Dr. Haven Emerson, New York, N. Y. Dr. Lowell S. Goin, Los Angeles, Calif. Dr. Leo G. Rigler, Minneapolis, Minn. Dr. George F. Lull, Chicago, Ill.

Some of the leading medical authorities of the United States will attend the 81st annual session of the State Medical Association of Texas at Houston April 26-29. They will discuss subjects of medical science in which they have won eminence. The eight distinguished guests represent such centers of medical learning as the University of Minnesota, Washington University, Mayo Clinic and University of Michigan. Dr. Lull is national secretary of the American Medical Association.

conservation practices, (3) maintenance and improvement of soil productivity, and (4) economically sound conservation farming and ranching.

Jack Idol, Chairman of the Board, and Bruce Campbell, local banker, farmer District Cooperator, spoke on need of financial help to operate more interest in Soil Conservation through publication of magazines to help district Boards to purchase conservation machinery that are not yet available to the District cooperators in the District, and to help on conservation work in general.

Approximately forty people attended the meeting and contributions were made by many toward building down Texas soil.

Board of Supervisors for the Wichita Brazos Soil Conservation District are Jack Idol, Benjamin, C. C. Browning, Truscott, Clay Grove, Munday, H. D. Gammill, Rochester, and H. W. Smith, Wainert.

Texas Ranks  
High In Cotton  
For Last Year

Preliminary figures show the 1947 cotton production in Knox County as 28,655 running bales as compared with 17,436 bales ginned in 1946. Ray L. Miller, Dallas Regional Director of the Department of Commerce Field Service has announced. The figures were compiled

ed by the Census Bureau of the Department of Commerce and final statistics will be released later, Mr. Miller stated.

The 1947 cotton production in Texas was 3,306,882 running bales as compared with 1,635,178 bales ginned in 1946. Lubbock County produced 180,935 bales which was more than three times the county's 1946 production.

The Census figures revealed that Lamb County was in second place in 1947 with 115,162 bales. In third place was Cameron County with 111,188 bales compared with 87,734 bales in 1946. Other counties of the State which produced more than 50,000 bales in 1947 with the 1946 production figures are as follows: Bailey, 52,851—2,650; Collin, 57,213—42,407; Crosby, 69,863—19,758; Dawson, 95,540—25,597; Ellis, 73,494—48,361; El Paso, 87,897—85,917; Hale, 60,314—21,689; Hookley, 106,063—20,253; Lynn, 106,027—18,340; McLennan, 54,618—31,047; Nueces, 64,295—43,339; Willacy, 60,182—66,825; and Williamson, 69,600—34,805.

Sgt. and Mrs. Bert Cerveny of San Antonio spent the first of last week here, visiting with Sgt. Cerveny's parents, Mr. and Mrs. Joe Cerveny, and with other relatives.

Mr. and Mrs. Forrest Yancy left

THE JEFFROY "SOIL CONTROL CULTIVATOR"

The chisel-type cultivation of the Jeffroy "Soil Control Cultivator" is not new in fact, the first plows of this type were made over 3,000 years ago by the Egyptians for farming along the Nile River. They used a sharpened stick, while in the Jeffroy machine, silicamanganese steel is required to stand present-day speeds and uses. Down through the ages many plows have been used and discarded, but the chisel-type plow has proved to have less draft, control erosion, and conserve moisture more effectively than any other plow invented!

★ Plows and cultivates the natural way. ★ Conserves the moisture. ★ Prevents blowing. ★ Stops erosion. ★ Cuts plowing cost in half. ★ Constructed to last a lifetime. ★ Pre-war prices. ★ Made in 4 sizes to fit your power: 7 ft. - 10 ft. - 13 ft. - 16 ft.

## Pink Boll Worms

### Can Be Controlled By Kemgas Delinting and Grading Methods.

The Kemgas Process is the only Method that can delint and at the same time sterilize Cottonseed to comply with the regulations of the Bureau of Entomology and Plant Quarantine for the shipment of planting cottonseed from Pink Bollworm Quarantine Areas.

Pink Bollworms, their eggs, and larvae are sterilized, and infested cottonseeds culled out by Kemgas delinting and grading Methods.

In Pink Bollworm quarantine areas, Kemgas delinting plants sterilize planting cottonseed at 140 degrees F. instead of the 150 degree temperature required by the USDA of Gins, Oil Mills, and seed breeders who sterilize Cottonseed.

Munday, Texas

## Veterans' News

Veterans who file claims with the Veterans Administration for disability compensation or pension can help speed up service by observing seven simple rules, VA said this week.

They are:  
(1) Remember to submit complete evidence concerning your physical condition, and the cause of such condition; (2) Spell your name clearly—the same way it appears on your service records; (3) When you are informed of your "C" number, use it in all correspondence with VA; (4) Include your correct address in all correspondence.

(5) Avoid all unnecessary correspondence; (6) If you find it necessary to write, address your letters to the VA regional office concerned; (7) When requested to report for physical examination, or to submit additional evidence, do so promptly. If you cannot, let VA know.

The Veterans Administration is advertising for bids on the construction of a 200-bed General Medical and Surgical Hospital at Marlin, Texas.

Sealed bids will be received by VA in the Munitions Building, Washington 25, D. C., until 1:30 p. m., May 25, 1948, and then publicly opened.

At the discretion of the Veterans Administration, drawings and specifications may be obtained by contractors interested in submitting bids direct to the Veterans Administration in Washington.

One out of every three World War II veterans has taken some form of education or training under the GI Bill or Public Law 16 since laws went into effect, VA reports.

**QUESTIONS AND ANSWERS**  
Q. After I have repaid the amount I borrowed under the GI Bill, is my loan guaranty privilege restored to its original amount?  
A. No. You may use the full amount of your loan rights only once.

Q. Do the guaranty or insurance provisions of the GI Bill limit the total amount that I can borrow?  
A. No. The size of the loan depends on what the lender is willing to lend. The limitation is on the amount of the VA guaranty and not on the size of the loan.

Q. I was refused an application for a loan by one lender and now would like to know what I should do to get a guaranteed loan on a business venture?  
A. The VA regional office in your area might be able to put you in touch with a lender who makes GI loans.

Q. May a veteran obtain a guaranteed loan to buy or establish a business if he is employed?  
A. Yes; if he plans to conduct the business himself, either on a full-time or part-time basis.

**MAIL SHIPMENTS OF POULTRY AND EGGS**

Austin—Feb. egg shipments from Texas stations were 229 carloads less than February 1947. The University of Texas Bureau of Business Research reported.

Forty carloads of eggs were shipped in February, compared to 22 in January, and 269 in February 1947.

Ten carloads of eggs were received at Texas stations, compared to 13 in January.

Egg receipts at Texas stations totaled ten carloads in February 13 in January and 14 in February 1947.

Only 16 carloads of chickens were shipped from Texas stations in February, compared to 13 in January and 9 carloads a year earlier.

Mr. and Mrs. T. J. Mitchell visited relatives in Haskell last Sunday.

Bob Billingsley was a business visitor in Odessa several days' this week.

**So this is HOUSEKEEPING**  
BY SHIRLEY STUART

It was such fun to decorate our own home. We planned the color schemes, selected the furniture, draperies, rugs, and wall coverings and then assembled and arranged them in a pleasing pattern. But just like all newlyweds nowadays we paid so much for our furnishings that we had very little left in our budget for the future. I could see that what we had would have to last a long time and it was up to me to see that they did. But I didn't quite relish the idea of making myself a drudge to our home either.

I called Jane and asked how she kept her home looking so clean and fresh all the time and still had plenty of time for other things.

"Why, I use Cream Wax," replied Jane. "It's simply wonderful for furniture and woodwork. It's a creamy white liquid that cleans and polishes in one application. And best of all, it contains no oil to catch dust. The wax leaves a hard, dry finish that makes cleaning so simple. I merely whisk a cloth over my furniture and the dust disappears like magic."

"I use it for almost everything in our house—for my cupboards, venetian blinds, window sills, doors, parchment lamp shades, picture frames, metal ash trays, leather goods, refrigerator, and many other things. You should see how easy it is to remove smudges and fingerprints from my woodwork with Cream Wax!"

"Not only does it clean and polish my woodwork and furniture, but it protects the finish as well, particularly window sills that are likely to become damp and wet when the windows have been left open during a shower."

"Cream Wax, I understand, is a new development by Johnson's chemists. It contains three cleaning agents and leaves a hard, dry film of wax to protect the surface from dust and grit. I'm certainly glad I found it. It cuts my housecleaning time in half."

## Uncle Sam Says

Does a \$1,000 in savings seem as elusive as the rainbow's pot of gold to you? Then, think about these facts: By joining the Payroll Savings Plan where you work and allotting just \$2.50 a week for United States Savings Bonds, you will accumulate \$1,440.84 in 10 years. Millions of my nieces and nephews are learning from experience that they can own an even greater amount of Savings Bonds through this partial payment plan. In the event you are self-employed, automatic bond buying is available to you through the Bond-A-Month Plan at your bank.

U. S. Treasury Department

Mrs. John Brown and daughter, Nellie, of Odessa are here for a visit with Mrs. Brown's parents, Mr. and Mrs. G. H. Beatty, and with other relatives.

ALL WORK GUARANTEED

BOX 352 PHONE 242-J NIGHT PHONE 307R

## REAL ESTATE

Keep your dollars at work and they will come back leading a little dime by the hand.

20 acres—part of which can be irrigated—adjoins city limits—Modern improvements—will sell or trade.

246 acres with 110 acres of wheat—balance in good pasture—first class improvements—gas and electricity and plenty of good well water. Per acre \$75.00—wheat included—immediate possession.

195 acres with 65 acres in cultivation; fair 6-room house; plenty of good water with windmill and concrete stock tank; electricity; is on the school bus and mail route; an all-weather road. Price is \$55.00 per acre and can be handled for a little less than \$3900.00. Possession now.

245 acres of extra good land with only 20 acres in pasture; plenty of good water with windmill; electricity, and is on school bus and mail route. Improvements are old but have good possibilities. Can give possession July 1st, with buyer getting rent for this year. Come in and let me talk this over with you. I will make a \$55.00 per acre loan on this farm. Price \$110.00 per acre. Possession, improvements and pasture now.

180 acres only one mile from town on paved road. Immediate possession; wheat crop goes with this deal—\$80.00 per acre.

1500 acres in Hamilton County, 195 acres in cultivation; good improvements and plenty of good water—\$25,000.00.

405 acre Knox County farm; 335 acres in cultivation; good improvements; plenty of good water; all-weather road—\$92.50 per acre.

270 acres in Hamilton county with 170 acres in cultivation —6 room house—plenty of water and well situated. Price \$45.00 per acre and can be handled for \$4150.00—Balance in long time loan.

320 acre stock farm—200 acres of wheat goes with this deal — fair improvements — immediate possession — Price per acre \$85.00—This is a real bargain.

## Board Named To Make Study Of Education

Senator James E. Taylor, chairman of the Gilmer-Aikin Committee, has notified the following persons of their appointment to membership on the Knox County Advisory Committee to Study Education.

Merick McGaughey, Benjamin W. C. Cox, Leland Hannah, Claude Hill and August Schumacher, Munday; H. D. Arnold, Mrs. H. L. Moore and Barton Carl, Goree; L. M. Farmer, W. H. Langford, G. W. Coates, A. M. Armstrong, W. M. Clouton, C. W. Splawn and T. E. Holcomb, Knox City; C. C. Brown, Truscott, and E. L. Beck, Vera.

At the time of notification, each member was mailed a copy of the committee handbook, Let's Look at Our Local Schools in Texas, as a guide to the countywide study of the public school system.

The names of the persons appointed to membership on the local committee were submitted to the Gilmer-Aikin Committee by local service clubs, civic organization, and local school officials.

These committees are being established in every county in Texas as primarily for the purpose of making a careful study of the local schools to ascertain the facts concerning the local schools for the benefit of local citizens. Through the cooperative study, these facts, together with recommendations, can be transmitted to the statewide committee for consideration in making recommendations for improving the public system of Texas.

Rat control is a five-fold job: (1) Do not shelter rats; (2) Do not feed rats; (3) Kill rats regularly; (4) Organize community rat control projects; (5) Follow a year-round program.

## Golf Club—

(Continued from Page One)

This new equipment contributing to the face-lifting of the course has already undergone—such as new tee boxes, new fairway markings, resanding and oiling the greens, etc., etc.—should guarantee one of the slickest little sandgolf courses in the country.

In anticipation of the increased interest in the club and increased play on the course, plans were made at set up a Club Ladder. Rules of ladder play will be explained to the players by the rules committee when play is started. We are authorized to state that the first rule governing the play for the ladder positions is then an 18-hole qualifying score must be turned in by noon, Monday, April 12th. Scores may be turned in to J. K. Jackson at City Drug or to Winston Blacklock at the Firestone Store. This ladder play business sounds pretty good—if I understand it correctly a golfer of my caliber will have the opportunity of progressing from the bottom rung of the fourth ladder to the bottom rung of the fourth ladder.

## Weekly Health LETTER

Issued by Dr. Geo. W. Cox  
M. D., State Health Officer  
of Texas

Austin—The State of Texas is planning to observe national "Public Week" April 1-17, as proclaimed by President Harry S. Truman. Dr. Geo. W. Cox, State Health Officer, urges high school graduates to consider public health nursing as a career.

"Public health nursing offers young women opportunities for lifetime careers which are highly useful and satisfactory. The demand for professional nurses now

## Just Routine Tactics

By GEORGE S. BENSON  
President of Harding College  
Searcy, Arkansas

THE "GOOD" Communist is sworn to lie. (Unfortunately, all the liars are not in Russia, nor even in the Communist Party in this country. Life would be much more simple if they were). However, among our so-called liberals, and even the fellow-travelers, there are those who are waking up to the fact that disdain for plain old honesty and integrity is one of the chief characteristics of the Communist. I know only one answer to the problem of the lie, and that is: truth.

If there were only one Communist in the world, folks with truth in their lives could isolate him easily enough. But when you admit the tactics of lying into international relationships, things begin to get complicated. It is indeed a real problem to deal with nations which lack moral integrity, and my sympathies go out to our statesmen who have to meet the Communists on international issues.

**Morality TO ILLUSTRATE: Needed**  
Shortly after President Truman's message to Congress on European recovery, the Moscow radio announced: "The essence of the Marshall Plan is war." Marshall, the radio said, was out chiefly to assist American monopolies. Marshall was called the "intimate friend of Wall Street big wigs." It seems that to represent Secretary of State Marshall as imperialist, monopolist, oppressor, warmonger, is just routine Communist tactics.

Secretary Marshall is not an imperialist, and he is not trying to conduct a program in Europe in the interest of American monopolies, and so on, which fact everyone knows. Even the

exceeds the supply in public health and other fields of work," Dr. Cox said. "Possibilities of travel, worthwhile service, income, and other features of the nursing profession compare very favorably with those open to women in other careers."

Education for nursing is available in 33 schools in Texas and enrollment is now under way for fall classes, which open about September 1. All schools still have vacancies. Applicants should be graduates of high school or have some college credits, with a record of good scholastic standing, be in good physical condition, and of high moral character. An interest in people and their problems, also ability to work well with one's hands is necessary.

Details regarding nursing education can be secured from hospitals, physicians, nurses' organizations, and local health departments, as well as the Texas State Department of Health.

## Activities Of The Colored People

Service will be held Sunday at West Beulah and Scott's Chapel. All are invited to come.

Saturday night the auxiliaries of the Church of God in Christ are sponsoring a plate lunch in the home of Mrs. Ida Dean.

Mrs. Alice Napper is back in the city again. She has visited her son in Albuquerque, New Mexico. Also her son in San Antonio.

Dunbar school played its last basketball game Tuesday afternoon in Haskell. Both teams were victorious. Scores for the girls

Russians who were saying those things knew the statements were untrue. Their method of defeating the Marshall Plan at that time was to misrepresent it. They didn't dare criticize it on its merits.

**See Their METHODS**  
THESE STATEMENTS were designed, of course, for the American public. To the American public this particular incident was perhaps of little importance in itself. However, it is useful in demonstrating the tactics used by Communists in America for several decades. These men knew at the start it would not be easy to undermine the American way of life. They realized their best method was to cause dissension and friction among groups in America.

The Communists apparently decided that the easiest way to create friction would be to set labor and industry against each other. To this end they began picking out American industrialists and calling them profiteers and capitalists, disinterested in the welfare of the worker. They also misrepresented the amount of profits, until many people think industrialists make ten times the profit actually made.

We can see quickly the absurdity of attacks on Secretary Marshall. But perhaps we have been slower to see the lies and misrepresentations used right here in our country against our own people. Our industrialists have worked unceasingly, along with labor, to help raise our standard of living. Only in America do the rank and file enjoy cars, radios, telephones, refrigerators and hundreds of other luxuries. Let's keep our thinking straight, despite Communist tactics.

## Funeral Services For W. C. Jones Are Held At Gillespie

The Times learned at press time Thursday of the death of W. C. Jones, who passed away at a Temple hospital on Tuesday, April 6.

Mr. Jones who was born December 20, 1890, was reared in Knox county and was well known to many local people. He is the son of the late J. P. Jones of Benjamin.

Funeral services were scheduled from the Gillespie Baptist church at 3:30 Thursday afternoon, being conducted by Rev. W. M. Turner, pastor of the First Baptist church of Pecos.

Burial will be in the Gillespie cemetery.

Collins Moorhouse of Benjamin was here last Monday visiting with friends and attending to business matters.

The tops and bottoms of all door and window sashes should have at least one coat of paint. This keeps out moisture and prevents warping.

were 12-10 and for the boys 19-7. We are looking forward for a better girls and boys team next season.

Thursday afternoon, April 15 at 1 o'clock, Dunbar school will match students from Goree school in a softball game, relays, etc. The events will last far into the afternoon ending with a program that night. We are inviting all to come and see your boys and girls in action both physically and mentally.

## Farmers Asked To Begin Plans For Shelterbelt

Farmers who are interested in shelter belt material for next year should contact the county agent, so that your application may be filed early. This request is made because of the fact that the Texas Forest Service is usually swamped during the transplanting season.

This year only one thousand trees were ordered through the office—500 Red Cedars and 500 Desert Willows. The cost being \$3.00 per thousand.

Requirements are that the trees be planted where they will act as a wind break on a farm; and not used for ornamental purposes.

## Weather Report

Weather report for the period ending April 1st 1946 as recorded and compiled by H. P. Hill, Munday U. S. Cooperative Weather Observer:

|           | Temperature |       |
|-----------|-------------|-------|
|           | LOW         | HIGH  |
| 1948-1947 |             |       |
| April 1   | 32 51       | 69 84 |
| April 2   | 37 55       | 75 82 |
| April 3   | 46 63       | 76 78 |
| April 4   | 54 64       | 83 92 |
| April 5   | 61 52       | 91 72 |
| April 6   | 49 44       | 93 76 |
| April 7   | 58 46       | 90 84 |

Rainfall to date this year, 2.91 inches. Rainfall to this date last year, 2.78 inches.

Dr. and Mrs. Joseph M. Crowley and little son of Gilmer, Texas, were business visitors here the latter part of last week. Dr. Crowley, who is a dentist, is considering locating in Munday to establish practice here.

Miss Wilma Tuggle of San Antonio visited with relatives and friends here over the week end.
