

By Hop Jr.

It's truly amazing how the really intelligent guys running around in the world today can prove what do-dos most of us average folks are.

We see that efficiency experts are now telling us that we are wasting at least 25 percent of our time with an antiquated type-writer keyboard, and that the arrangement of the keys should be changed to increase efficiency.

That's great news to us, and we'd really enjoy getting a fourth more copy turned out in an hour's time than is the case right now, but what these smart guys don't allow for are human limitations other than the dexterity of one's hands.

Right now, at a top composing speed of what may be 40 words per minute, we are reeling out the copy faster than our mind can intelligently assemble it. Any regular reader of The Tribune is sure to agree with this statement. If our hands get much more efficient than our brain, there is no telling what unheard-of things you are liable to see turning up in print in the future.

This talk of efficiency, plus these rather snappy mornings that we have been having, remind us of years gone by when The Tribune's entire building was heated by an ancient, pot-bellied stove.

This old coal-burner was the scourge of the whole town, and it had a personality unto itself. It would have been, we imagine, the efficiency expert's nightmare.

Because it was expected to heat all the shop, it was planted directly in the center of our large, unpartitioned building. The smoke was supposed to go out of the building through a flue fully 40 feet to the south, and an awkward tin pipe carried the smelly clouds of smoke toward that exit.

The pipe, which was suspended from the ceiling by baling wire, sagged and weaved, and because its joints were anything but smoke-tight, it was a picturesque sight to see this 40-foot span puffing smoke every three feet while the cold north wind howled outside.

Every few weeks, this marvelous hookup would become so clogged with soot that the old stove could hardly draw a breath, and the time for "blasting" would be prepared.

Old Hop was the only person in the world, we guess, who ever mastered the technique of "blasting." At the end of the day, when the coal had died down to a glowing pile of red-hot embers, he would make preparations for the big operation.

Hop would first get a washpan about half full of water. Covering his arms with rags to prevent being scorched by the intense heat, he would cautiously open the stove's big front door.

While holding the door open with his right hand, he would draw back with the other, which held the washpan, and then, in a sudden and beautifully synchronized maneuver, he would toss the water inside the stove and slam the door shut before the water had time to hit the coals.

The resultant "phoom!" was a delight to all the kids in the neighborhood, including us, and we gathered at the shop regularly to view the performance.

The object of the miniature explosion, of course, was to drive out clogged soot, and the tremendous quantity of steam instantly generated by the coals turned the trick.

Much of the back pressure was lost in the leaky joints, no doubt, and it was comical to see them simultaneously give out with a long squirt of soot.

But the crowning glory of this exciting operation could only be seen from an outside viewpoint. The instant that the deed had been done, Hop would dash through the already opened door to view the evidence of his masterpiece.

We can see him now, standing there on the front porch, dripping washpan in hand, with his eyes turned toward a terrible black cloud drifting lazily away from the chimney. There was always a smile of satisfaction on his face when he viewed this job well done.

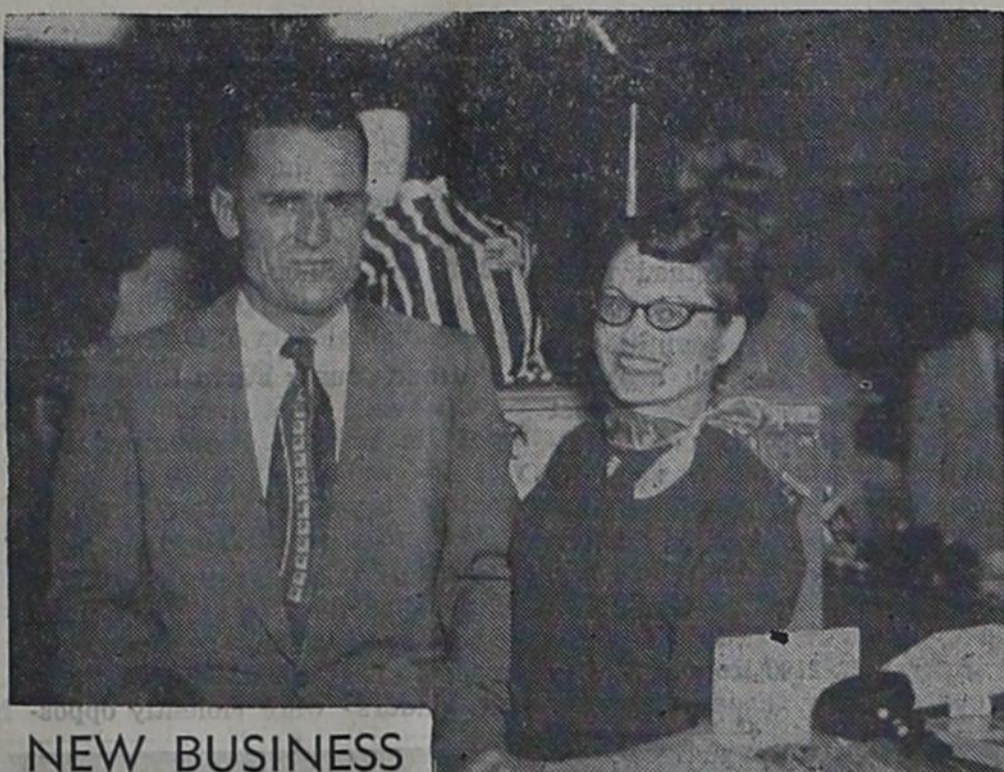

We can truthfully say that our father was a pioneer in the development of the atomic cloud, and no doubt many Farwell residents will verify this observation.

This blasting business was nothing to be toyed with, and the inexperienced who attempted it sometimes met with disastrous consequences.

We have in mind a particular day that one youthful employee (it seems as if it were either Dick Bobst or Morse Ed Martin), attempted a blast, in the absence of the master.

His timing was perfect, but he made the fatal mistake of turning the handle of the door down before he got it shut. It, of course, banged

Commissioners Lay Plans for Future

Members of Parmer County Commissioners' Court voted to borrow \$15,000 on time warrants to pay for the right-of-way and for moving poles on F. M. roads 2290 and 1412, from Security State Bank. Money will also be used to pay landowners for damages outside the 100-foot rights-of-way, says Hugh Moseley, county clerk.

Also, the Court accepted the report of the jury of view on D. E. Habbinga et al. The road, located southeast of Friona in the Lakeview community, was declared open.

Bids will be received at the courthouse December 19 at 10 a. m. for the purchase of a motor grader, according to Moseley.

New FHA Loan Aired at Meeting

A new type FHA loan, administered both through the FHA and the SCS, was discussed at a meeting on the farm of John Underwood, last Tuesday. Underwood, who lives 1 1/2 miles south of Friona, is a Parmer County SCD cooperator, and now is conducting bench leveling and laying concrete irrigation pipe lines on his farm.

FHA is authorized to make loans to farmers for soil and water improvement practices. The practices for which soil and water loans are made must be in line with Soil Conservation Service and Extension Service recommendations. A part of the cost of facilities, improvements and practices planned

may be earned by the farmer through participation in the ACP program under the Agricultural Stabilization and Conservation Service.

Soil and water conservation loans were made possible by 1954 legislation passed by the 83rd Congress. Loans may be made for such purposes as building terraces, developing and sodding waterways and digging ponds in connection with handling water run-off. In some areas, sub-soiling is necessary in order to enable better water penetration of the soil. Loans are being made for this purpose.

Loans may also be used for the establishment and improvement of permanent pastures, irrigation well drilling, land leveling, and for the purchase of pumps and irrigation equipment.

Loans are made by the FHA primarily out of funds advanced by private lending institutions. The government insures the repayment of the loan. The repayment period on loans to individuals can be up to 20 years, and can be secured by liens on chattels or real estate depending on the amount and length of the loan.

Application for loans are to be made at the county office of the FHA, located in the courthouse at Farwell.

The 3-member county committee of FHA will certify as to the eligibility of applicants for soil and water conservation loans.

Three persons were fined in J-P Court.

Three persons were fined in Justice of the Peace B. N. Graham's court this week. Paul Riley, 48, Bovina, was fined \$31 for drunkenness. He was picked up Monday by Deputy Frank Smith. Deloris Contu and Purcell Dixon, both of Clovis, were each fined \$15 for driving without a license, following a minor car-pickup collision in downtown Farwell Monday.

No one was injured, but the Contu car was damaged in the amount of \$75, reports Chas. Lovelace, sheriff.

Mrs. (Fern) Hardage is manager of the business, and employees include Mesdames Margie Burton, Dickie Magness, Jo Schell, and Carrie Hardage.

WARNING

Tremendously increased production costs force us to increase our subscription rates, effective January 1. At that time, they will be \$4 for Parmer and adjoining counties; \$5 elsewhere.

YOU DO NOT HAVE TO PAY THIS INCREASE if you subscribe between now and the first of the year. The old rate of \$2.50 and \$3 will prevail until then.

THERE IS NO LIMIT on the number of years you may subscribe for at this low rate. Protect yourself from this increase by acting now.

Road Work Planned For Parmer County

AUSTIN—The Texas Highway Department has announced from Austin that the first step has been taken that will set up a new program of highway work for the calendar year of 1956. This new program is especially designed to protect the investment already made in the State system of roads.

S. C. McCarty, District Engineer of the Texas Highway Department at Lubbock, Texas, has stated that the following state highways and roads in his area are scheduled for work under this program:

In Parmer County, as follows: On U. S. Highway 60 widening of pavement in Friona, from West City Limit to East City Limit, a distance of approximately 1.0 mile.

On Farm-to-Market Road 299, from Running Water Draw to Bailey County Line, a distance of approximately 10.9 miles.

McCarty stated that the Highway Commission has authorized the development of this program for the purpose of protecting the investment of the public in the state highway system.

It was announced that work will begin on these projects just as soon as final planning is completed and right of way secured. Resident Engineer W. H. Garrett, will be in charge of the work in this area.

Football Banquet Set This Saturday

Saturday evening, December 3, will mark the date of the annual football banquet honoring the Farwell High School Steers. The banquet will be held at the Silver Grill in Clovis at 7:30 and tickets are \$1.75 each.

Everyone in Farwell is urged to buy a ticket and attend this banquet. Football mothers, sponsors of the annual fete, remind everyone that the banquet is not just for the football players and their parents. Anyone wishing to attend may do so by purchasing a ticket from one of the football mothers or football players. Tickets may also be secured at the school.

Tickets must be bought by Friday afternoon so that space may be reserved, warn the banquet sponsors.

Guest speaker will be Carl Richardson of ENMU, and the football mothers report that an entertaining program has been planned.

Jarrell Farm Sale To Be Tuesday

The farm clean-up sale of Joe Jarrell will be Tuesday, December 6, announce Doshier & Francis, auctioneers.

The sale will be at the Jarrell place 9 miles west of Bovina; or 9 miles north of Texico on the state line. Time is 10:30, and the Pleasant Hill Community Club ladies will serve lunch at noon.

A 1954 John Deere tractor heads the machinery list, and cattle and miscellaneous items make up the balance of the consignments.

Lubbock Board Man To Speak Tonight

Lazbuddie school faculty members will be hosts and hostesses for a meeting of the Parmer County Teacher's Association this evening, December 1, in the school lunchroom, James G. Ward, superintendent of schools, says. Time of the meeting is 6:30.

W. H. Evans, president of Lubbock School Board, has accepted an invitation to speak for the gathering.

Jim Whitfield New ASC Manager

Jim Whitfield of Silverton is the new manager of the Parmer County ASC office, and is expected to be in Farwell to take over his new duties next week, according to local employees.

Whitfield, who is employed at the Silverton ASC office now, will replace Joe Camp, who three weeks ago resigned to accept a position with Gifford-Hill Western.

Mrs. Dorothy Gast of Farwell is acting manager.

Farmers May "Shoot in Dark" In Coming Cotton Referendum

Parmer County cotton growers who will be eligible to vote in the national cotton referendum set for Tuesday, December 13, very likely will be "in the dark."

They will be voting whether to continue acreage controls and accompanying price supports, but it is doubtful if they will know, for instance:

1. What the county and individual allotments will be for next year.
2. What the price support will be for 1956, which could fall anywhere between 90 and 75 percent of parity, (but probably 80-82%).

It is generally conceded that this will make it rather difficult for them to decide which way they want to "jump" in the election. In past years, the cotton referendum

has never been defeated; that is farmers have always asked for controls and price supports.

It is necessary that at least two-thirds of the growers approve the program before it becomes effective.

Parmer County's cotton allotment has been reduced from a high of 103,000 acres in 1953 (no controls at that time) to 44,000 acres in 1955. Apparently, no one wants to guess what next year's allotment would likely be.

Few believe that it will even equal the 44,000 acres of this year,

since "trend" is a factor no longer taken into consideration when allocating cotton.

Apparently, the hold-up on the individual allotment announcements in Texas is a result of a suit filed by four West Texas producers against the state ASC committee. The West Texans feel that their part of the state is being dealt with unfairly.

Employees of the Parmer County ASC office this week indicated they have heard no word on the county allotment, and do not know when to expect it.

Three from Bovina On All-District Team

All-District team members for the 3-B football district were named Monday night in Bovina.

Backs on the first team are Charles Denney from Whitharral, Jerry Brantley from Plains, Willis Detwiler of Anton, and Darrell Read of Bovina.

Linemen: Jerry Loflin, Bovina, at center, Earl Robertson from Plains and Don Brazil of Anton at guards; and Lynn Isham, Bovina, and Bill Boggs from Kress, tackles. The ends are John Bass from Anton and Jimmy Brinkley from Kress.

Second team backs included Kenneth Blount from Plains, Larry Johnson from Kress, Travis Hardage from Farwell, and Billy Grant from Amherst.

Named to the second team line were Gerald Hardage from Farwell center; guards, Bob Gaylon of Kress and Jerry Owens of Farwell; at tackles, Red Billingsley of Plains and Edgar Edwards from Whitharral; and at ends, Erith Hawkins from Bovina, and Jerry Jernigan from Kress.

The second team is composed of six seniors and five juniors.

Kress had a 7-0 district record. Following in order behind Kress; Plains with a 5-2 mark, Anton in third place with 4-3, Bovina and Farwell tied for fourth with 3-4 records, Amherst with 2-5, and Hart in the cellar with 0-7.

Lazbuddie and Happy will be added to District 3-B next year and Anton, Plains, and Farwell will move to other circuits. Lazbuddie will play 11-man football

next season instead of the six-man which they played this year. Farwell, the other Parmer County team that is making a change, will compete in Class A in the 1956 campaign.

Corinne Stinson Resigns at Agent

Corinne Stinson, Parmer County's home demonstration agent, announced this week that effective January 1, she will no longer serve in that capacity.

Miss Stinson is resigning to accept work at College Station, where she will be an agent in farm and home development, and will work the western part of the state.

Next fall, she intends to take up graduate work at Iowa State College, Ames, Iowa.

"I would like to express my appreciation for the enthusiastic response and assistance that has been given in reorganizing home demonstration work in the county," Miss Stinson said.

Coming here from Dallam County where she was HD agent for eight years, Miss Stinson will have served Parmer County in that capacity for 20 months when her resignation becomes effective.

INFANT HAS VIRUS

Kelley Jeton, infant daughter of Mr. and Mrs. Jack Spurlin, has been confined to the hospital since Saturday with a virus infection. The baby was better Wednesday and parents thought they would be permitted to bring her home.

U. D. Clay Speaks To Farwell Exes

U. D. Clay, principal of the Lincoln-Jackson school in Clovis, spoke from the topic, "A Recipe for Happiness" at the annual banquet of the Farwell Ex-Students' Association Friday night.

The banquet, which was held in the school cafeteria was attended by 97 ex-students and ex-teachers, and a Thanksgiving meal of turkey and trimmings was served.

Clay's talk was preceded by singing featuring a Clovis vocal quintet, known as the Gospel Harmonizers. Included were Blakely Ross, H. Lee Nance, Nelson Slaughter, Richard Nance, and Leroy Nance. The speaker was introduced by Exes President Kirt Crume.

"This is my key to happiness," said Clay, as he suggested: "1—You must have knowledge. 2—you must have acceptance. 3—you must render service."

The speaker elaborated on these points, and observed, "Happiness is not measured in degrees. You are either happy or you are not."

Giving the third point of his talk special emphasis, Clay illustrated, "The service that we render is the rent that we pay for our existence here on earth."

Mrs. George Eads of Dumas was recognized as the member present from the oldest class—1915.

Elected president of the Association for next year was A. F. "Bunk" Phillips. Don Williams was named vice-president, and Dot Christian secretary-treasurer.

The Exes decided to have their banquet next year on the Saturday evening following Thanksgiving.

U. D. Clay, principal of Lincoln-Jackson school, Clovis, gave exes of Farwell Schools a "Recipe for Happiness" at the banquet Friday night.

We have another holiday recipe for you. Mrs. Joe Helton served this dessert at an ESA meeting recently and everyone there wanted the recipe. So that gave us a chance for some good material for this column.

Not only is this delicious, but it is such a tempting dessert, with luscious rainbow colors.

ANGEL FOOD CHRISTMAS LOAF

1 angel food loaf cake, 2 boxes frozen strawberries, 1 pint of chocolate ice cream, 1 pint whipping cream, 1 bottle of maraschino cherries and 1 package of shelled pecans.

Slice loaf cake in 3 equal slices, lengthwise. Place first layer on wax paper and cover with strawberries, cover with next layer of cake, cover with chocolate ice cream, place top layer of cake on and cover with whipped cream, on all four sides. Sprinkle with cherries and pecan halves and place in freezer uncovered. This keeps for months and serves 12 to 15.

We accompanied our husband to Austin recently where he attended a business meeting of a committee for Texas Press Association.

Strangely enough, we left Farwell anticipating cold winter weather, and drove into the loveliest weather one could imagine, for the middle of November. We couldn't leave the car locked with the windows rolled up, because the heat would stifle us when we returned.

While the editor was busy with the TPA, we stood on an Austin street corner and watched 142 high school bands parade. We visited with the Warlick Thomases, and braved the football traffic Saturday afternoon.

But the most interesting part of the trip was our visit to the Aquamarine in San Marcos. Swimmers performed the most amazing feats under water, as we sat in a glass walled submarine auditorium and watched.

We plan to return some day and take the children.

Aren't grandmothers amazing? Ronny visited his MeMe Graham and Hal was a guest of the grandparents in Silverton. We've been silently waiting for Hal's new tooth which has seemed about to spring forth for a month. We were gone two days and when we came back, the first thing his grandmother pointed out was that new tooth. He now has two.

PERMIT ISSUED

One building permit has been issued for the city of Farwell, according to Wilfred Quickel. The permit was given to Clay Henson for an \$8000 residence on the west of block 44.

★ HAS TOUGH LUCK; STILL GETS BUCK

This story has a happy ending.

It is a tale of the Texico man, who like Davy Crockett, went out to kill him "some wild game," but he was after deer, not a "b'ar."

But he received the buckshot. The Tribune carried a story recently about Monte Jones, who accidentally received a bullet wound in the leg while on a hunting trip to the New Mexico mountains. Fortunately, the wound was not too serious, and Monte was up and around immediately after treatment.

But he was not to be thwarted. He went back to the mountains on the last day of the season, and brought in a 10-point buck.

Officials Hope To Be In Building Soon

Texico School officials are hoping that students will be moved into the new classrooms by the holidays, Agrie Jones, superintendent, says. However, they have no assurance that this will be possible.

There have been several holdups on supplies and other factors that have slowed the construction.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

The United States Department of Agriculture made an announcement last week that we believe may be important to cotton farmers. The announcement was regarding a newly developed machine and process for cleaning and restoring heavily soiled wall to wall cotton rugs. Presently, it is necessary to perform three opera-

tions to obtain the desired results. This one drawback has been one of the worst detriments to the sale and installation of such cotton carpets in American homes.

The machine and method work like this, according to the USDA report: "—uses large quantities of fresh, clean suds, which are actually worked through the carpet pile by a specially designed rotating brush and then sucked up through a vacuum nozzle at the outer edge of the brush." Further information on this procedure can be obtained by writing Dr. C. H. Fisher, Southern Utilization Research Branch, 2100 Robert E. Lee Boulevard, New Orleans 19, La.

We hope some of the local home demonstration clubs will avail themselves of this information.

USDA estimates that the cotton "carry over" for the 55-56 season will be 14 million bales, one million more than the previous high of 13 million bales in 1939.

Parmer County Farm Bureau Directors will meet next Monday night, December 5. Remember that you are welcome to attend these meetings if you wish. They are held in the office in Friona.

It seems that "loyalty oaths" to political parties, being demanded by some politicians, are clear over on the radical side. Some of these "demanders" were violently oppos-

ed to loyalty oaths to the United States of America for school teachers, whose influence is more prevalent than that of any other group.

If all of our economic problems, farm and otherwise, were limited to dollars and cents principles, we believe they would have been settled by now. Balancing the economy of any nation has always involved moral and spiritual principles, as well as those of Mammon.

Consider this: There is a generation that curseth their father, and doth not bless their mother. Proverbs 30-11.

Miller this week reminded motorists that inspections may be made for the new (1956) stickers, and that the deadline for having the check made is April 15 of next year.

Half its Horsepower is for Safety!

A pretty steep hill, you'd say?

Well, not so far as this gentleman is concerned. He just gave the accelerator a little encouragement with his toe... and swept from bottom to top so effortlessly he was scarcely aware of it.

For he's at the wheel of a beautiful new 1956 Cadillac. And beneath that long, sleek, graceful hood rests the smoothest, most powerful engine in Cadillac history.

The fact is that this great new Cadillac engine is powerful and dynamic far beyond the requirements of normal usage. In the course of ordinary motoring, it is entirely possible that the driver will never put the accelerator down to the floor board.

But how wonderful that extra length of throttle will be if he does need it!

It will be there for that burst of speed that can free him from a difficult driving situation.

It will be there in case he needs it for safety in passing... or to answer the challenge of a mountain road.

And even when not in active use, that reserve of power will add to his motoring pleasure.

It will bring him confidence and contentment and peace of mind... and it will provide unusual operating economy and dependability.

Of course, Cadillac's magnificent performance is only part of the exciting Cadillac story for 1956. There is inspiring beauty... and extraordinary luxury... and superlative craftsmanship.

Why not stop in soon and see what we mean?

We've got the keys and the car—all you have to provide is an hour of your time.

We can promise you... it will be the most revealing sixty minutes you ever spent at the wheel of a motor car.

Rymer-Gunter Vows Repeated in Lubbock

Miss Patsy Rymer, daughter of the Floyd Rymer of Friona, pledged her marriage vows with John Williams Gunter Jr. of Muleshoe on Tuesday evening, November 22, at Ford Memorial Chapel of the First Baptist Church in Lubbock on her parents' 26th wedding anniversary. Gunter is the son of Mr. and Mrs. J. W. Gunter Sr. of Enochs.

Approximately 100 guests witnessed the double-ring ceremony at which Rev. Bruce McIver, director of the Tech Baptist Student Union officiated.

The altar was decorated with baskets of white gladioli and palms flanking gold graduated candelabra holding white tapers.

Dressed in a white wool jacketed dress featuring a scooped neckline and round collar set with rhinestone beading, the bride was given in marriage by her father. The bride further accented her white dress with a white satin hat, white satin shoes and white gloves. She carried a white prayer book topped with a white orchid surrounded by tiny white carnations and stephanotis.

For the traditional something old, borrowed and blue, the bride wore a blue garter belonging to the sister of the bridegroom. Something new was her wedding ensemble and she wore a silver sapphire in her shoe for good luck.

Attending the bride as maid of honor was Miss June Hensley of Farwell. She wore a tailored suit of light blue wool fashioned with a wide pearl and rhinestone trimmed collar. Her accessories were black and her flowers were pink carnations.

Serving as best man was Cecil Lewis of Lubbock. Ushers were Byron Gunter, Muleshoe, brother of the bridegroom, Don McInturf, Lubbock and Duncan Seawright, Waco, cousin of the bride.

Mrs. Bruce McIver, organist, played traditional wedding music and accompanied Miss Anna Margaret Gunter, sister of the bridegroom, who sang "Because" and "The Wedding Prayer."

INSURANCE OF ALL KINDS

Farwell, Texas

Former Resident Weds In Redlands, Calif.

REDLANDS, Calif.—Miss Barbara McGuire, lovely brunette daughter of the Clifford E. McGuire of 1201 E. Central Ave., became the bride of Lt. John B. Kincaid November 5 at 8 p. m. in the Re-organized Church of Jesus Christ Latter Day Saints, San Bernardino.

Barbara is a granddaughter of Mr. and Mrs. E. W. McGuire and was reared in this community. Mr. and Mrs. McGuire went to California for their granddaughter's wedding.

Approximately 300 guests witnessed the double-ring ceremony, at which Elder Thomas R. Beil officiated. The church decor noted a blue and white theme, blue bows decorating the pews and baskets of blue and white flowers gracing the altar. The same colors were noted in the bouquets, the ring bearer's pillow and the wedding cake. The bride used a heart motif throughout in her head piece, bouquets and the ornament topping the cake.

The bride was lovely in a Maurer original gown of nylon tulle featuring a portrait neckline, fitted bodice and long sleeves of nylon brode. The bouffant skirt was set with panels of nylon brode and draped gracefully into a chapel train. Her finger tip veil was attached to a heart shaped crown and her bouquet was heart shaped white lace with streamers tipped with hybrid delphiniums. The heart was circled with feathered carnations and blue stephanotis with a white orchid at the throat. Mr. McGuire escorted his daughter to the altar.

Carrying out tradition, for something old the bride carried a handkerchief belonging to her aunt, Mrs. Rose Nelson of Highland; for something blue a garter made by her aunt, and for something borrowed, her veil.

Additional sentiment was the fact that the entire wedding party was composed of brothers and sisters of the bride and bridegroom.

Miss Kay Kincaid, maid of honor, and Dorothy McGuire, junior bridesmaid, were dressed in blue taffeta showered with rhinestones, and carried heart shaped bouquets of pompon chrysanthemums and blue delphinium. Their headpieces were fashioned of blue net sprinkled with rhinestones.

David Kincaid was best man and ushers were Norman Kincaid and Bill McGuire.

Little Michael McGuire was ring bearer, and Ed McGuire and Roger Kincaid were candlelighters.

For the occasion the bride's mother wore blue nylon with blue

accessories and the bridegroom's mother chose a gown of aqua re-embroidered lace over peau de soie satin, with black and silver accessories. Both had corsages of Fuji mums.

Mrs. Fred Savage was organist and accompanied George Scott who sang, "Whither Thou Goest," "Because" and "O Perfect Love." Sheldon Hebbard recited Edgar Guest's poem, "Home."

A reception in the social hall followed the ceremony. The four-tiered cake topped with a miniature bride and groom in a heart, and encircled with blue mums, was served by Mrs. Glenn Dreese and Mrs. Hubert Kincaid, aunts of the bridegroom. Miss Gail Heyboer, Mrs. Roxie Robbins and Mrs. Don Burch served punch, and gifts were in charge of Mrs. Carl Mielke and Mrs. L. E. Mathers. Mrs. Lloyd McKeehan served as hostess and Miss Marion Magnino took care of the guest book.

The bridegroom, son of Mr. and Mrs. Roland I. Kincaid of West Lugonia Ave., was also graduated from Redlands. He attended San Bernardino Valley College and joined the Army, receiving his commission as a second lieutenant at Ft. Belvoir, Va., in June, 1954.

New Gymnasium
Is Dedicated

Two neighboring communities joined together in recognizing progress Tuesday night, when Texico citizens were guests of Farwell to stand as one, as they dedicated the new Farwell gymnasium. The Texico School had dedicated a like structure in their school only a few years previous.

Rev. E. J. Keith, pastor of First Baptist Church, Farwell, made the dedicatory speech. With brief well-chosen words, the pastor admired the appealing architecture of the new building, then noted that well-directed activities in such a structure would help a youngster to develop physically, morally, socially and mentally. "In athletics, young people learn justice and fair play," he said.

He noted that in sports, one learns to exhibit the same qualities that one must acquire for a happy life: loyalty, cooperation, initiative, self-control and courtesy.

After introductions and musical numbers, Gerald Hardage, president of the student body, accepted the building on behalf of the students.

Climaxing the evening were the annual games of the Texico and Farwell basketball teams, with victories split in the contests. In the girls' game, Texico lassies were the winners with a 38-27 count. The visitors managed to gain a five point lead in the initial quarter and kept Farwell on the low end of the score the rest of the game.

It was a different story for the boys, with Farwell pacing the score, and winning 57-32. Score by quarters was: 15-4, 23-15 and 44-21.

Farwell leading all the way. Bert Williams was high point man for Farwell with 20 points, Allen Kelley made 13 for Texico.

Farwell made 15 of 29 free throws and Texico hit 12 out of 20. Most boys on both teams saw ac-

tion.

E. G. "Blackie" Williams underwent major surgery in a Clovis hospital Friday. According to friends, he was resting well on Wednesday of this week.

Miss Peggy Hanson's second grade students were awarded \$10 by the PTA for contributing the most candy. They had approximately 50 pounds.

The plan of collecting candy for the hospital was introduced in the Friona Schools with the idea of collecting the goodies for a useful purpose to make Halloween beneficial, rather than collecting and wasting the food.

Need Is Urgent!

By June Floyd

The need for about \$30,000 additional funds for the hospital is very urgent at this time. At present, there is \$57,500 in the building fund. Of this amount, all except about \$10,000 has been donated by interested individuals and business firms. This \$10,000 was transferred from the general fund and represents a part of the net profit for the fiscal year just ended.

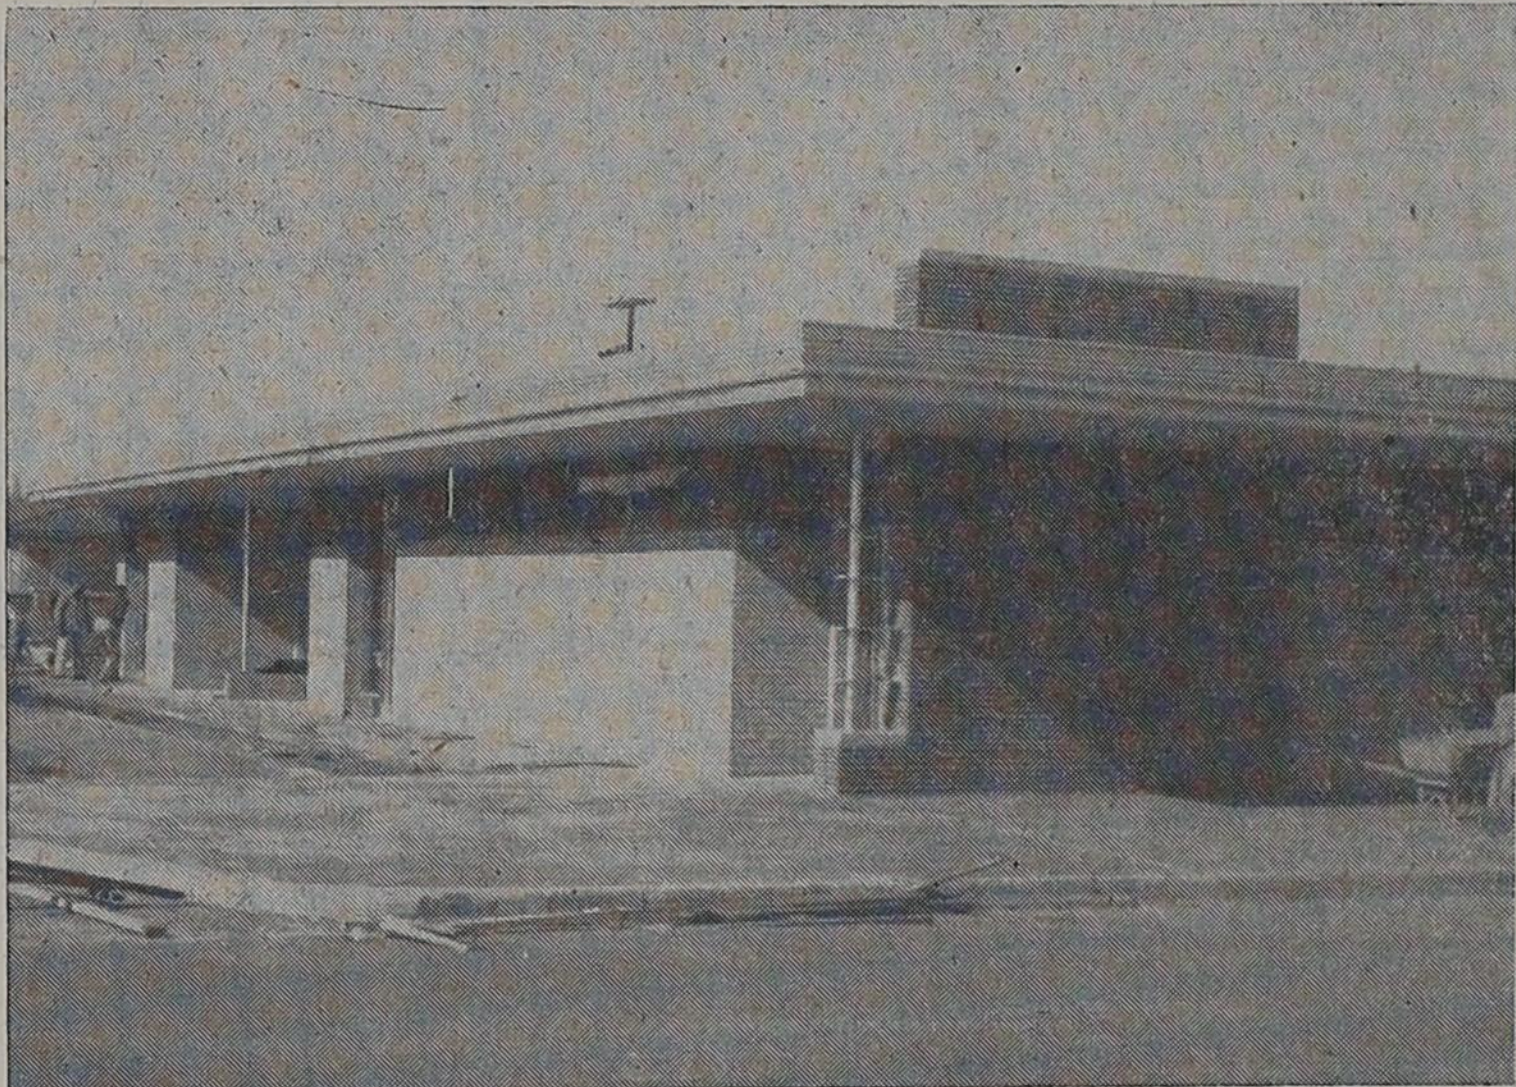

About two weeks ago, a number of pledge cards were put in the mail for residents of the area. The response to the fund raising campaign has not been as great as the need. Before definitely deciding to ignore the cards, take time to think the matter through thoroughly.

pital which is not supported by your tax dollars? (2) How much is it worth to you and your family to have the hospital located here for use whenever necessary? (3) How much does it save you in actual dollars and cents to eliminate mileage costs, living expenses away from home and other costs to have members of your family hospitalized here?

These are just some of the ordinary things which come up in every accident and illness which requires hospitalization. Some of the benefits, which cannot be measured in amounts of money, are in the form of lives saved, time saved and convenience.

Would you as an individual miss \$5 per month? Of course, many are able to give much more than that, but if those who can give just that much would do so, the amount contributed by all would add up to a substantial figure in a year or two.

The management of the hospital and the board of directors realize that present conditions are not ideal for a fund raising drive, but since the need is so urgent, they feel sure that with your cooperation the job can be done.

With June

Just about everyone we know either had company or went visiting on Thanksgiving Day, and all of us have a lot of things to be thankful for. Of course, we who farm were rather disappointed because our crops did not turn out quite as well as we expected and the price of milo wasn't what it should have been. However, we feel certain that if our worldly goods were measured by the same yardstick the Pilgrims used when they celebrated the first Thanksgiving, we would realize that we have a lot for which we should be thankful.

We have wondered a lot about how the meaning of words is changed by usage. By a careful study of old dictionaries, it is comparatively easy to learn that the meaning of a lot of words has been changed, but the "why" isn't so easy to understand. One which conveyed a different thought not too many years ago is the word "neighbor." Most of us can remember when the meaning was almost identical with that expressed in the story of the Good Samaritan when Jesus asked which of the passersby were a neighbor to the man who had been stoned and beaten. In early American history, it was necessary for the persons who lived nearby to be neighbors.

Such is not the case any more and the present day definition given us by Mr. Webster is "One who lives nearby." With our modern means of transportation, it is no longer necessary for "neighbors" as the term is used in the Bible to live close together. For the past several years, the person who always comes to our rescue in times of need lives about as far northeast of Friona as we live west. Several times when it has been necessary for us to spend some time with one child in the hospital, this "neighbor" has taken two smaller children for the duration of the emergency. On the occasion, our Grandmother (to whom distance makes a lot more difference than it does to us) remarked that it was wonderful that we had a "neighbor" who lived so near that was so good to look after the younger children. She still doesn't know that the "so near" is 12 or 15 miles.

Some of the additions which we failed to mention a few weeks ago are the new home of the Massey Brothers Drilling Company, Lu-Nora's children shop, The Tasty-Freeze Drive-In and Marcum Claiborn Funeral Home and Flower Shop.

The "other half" of our family accompanied two friends on a deer hunt to the Kiamichi Mountains in the south eastern part of Oklahoma last week. There were three men in the party and only one killed a deer.

Mr. and Mrs. Joe Means and children were guests in the home of Mr. and Mrs. Dillie Kelley and family Thanksgiving Day.

Mrs. Vernon Roberts spent Wednesday visiting in the home of Mrs. Strauss Atkinson in Canyon.

Zelma Beaty Becomes Bride of Billy Thorn

Friona Methodist Church was the scene last Saturday for the marriage of Zelma Fay Beaty to Billy John Thorn in a candlelight service. M. B. McKinney, minister of the Sixth Street Church of Christ, read the double-ring ceremony before an improvised altar decorated with an arrangement of white chrysanthemums. Arched candelabra holding pink candles, were trimmed with white and centered with two large white wedding bells.

The bride is the daughter of Mr. and Mrs. J. W. Beaty of Friona and the groom is the son of Mr. and Mrs. A. G. Thorn of the Lazbuddie Community.

Miss Deniese Magness, organist, played nuptial selections and accompanied Don Lewis, who sang "Love Is A Many Splendored Thing" and "I Love You Truly." Traditional wedding marches were used.

Mrs. Tommie Jones, sister of the bride, was matron of honor. She wore a dress of wine taffeta and carried a nosegay of pink carnations. Bridesmaids were Joan Beaty, sister of the bride, and Sharon Thorn, sister of the groom. They wore identically styled dresses of orchid taffeta and carried nosegays of white chrysanthemums.

Candlelighters were Linda Beaty and Celia Faye Vestal. Their dresses were pink taffeta and they wore wrist corsages of pink chrysanthemums.

J. W. Gammon, uncle of the groom, served as best man, and the ushers were Tommie Jones, brother-in-law of the bride, and Robert Ivy, cousin of the groom.

The bride, who was ushered to the altar and given in marriage by her father, J. W. Beaty, was attired in a white satin dress with lace bodice and satin train which was trimmed with lace insets. Her wedding band veil was formed of tiny rings. She wore white satin shoes and carried a white beaded Bible, which was a gift from her parents. For something old, she wore the wedding band of her maternal grandmother, Mrs. D. W. Smith of Plainview. Something borrowed was a hoop for her skirt which belonged to Deniese Magness, and for something blue, she wore a blue garter.

Mrs. Beaty, the bride's mother, wore a blue faille dress with black accessories and a purple orchid corsage. The bridegroom's mother, Mrs. Thorn, wore a black faille dress with black accessories and a purple orchid corsage.

Don Lewis concluded the service by singing "The Wedding Prayer." He was accompanied at the organ by Deniese Magness.

The wedding guests were registered by Deann Buske and Mrs. C. L. Vestal Jr. who wore white

carnation corsages.

For the reception in the church annex, the bride's table was covered with a white lace cloth and held a centerpiece of pink carnations. The punch service was presided over by Miss Jane Phipps and Miss Evelyn Ray served the cake.

After a wedding trip to an unannounced destination the couple will be at home in the Lazbuddie Community where the bridegroom is engaged in farming.

Mrs. Thorn is a graduate of Friona High School and has been employed at the Friona State Bank.

Out of town guests at the wedding were Mr. and Mrs. D. W. Smith of Plainview, J. D. Beaty of Longview, Bennie Grubbs of Amarillo, Dudley Bainum of Canyon, Evelyn Ray of Denton, Don Lewis of Wichita Falls and Deann Buske, Deniese Magness and Gay Cass all of Lubbock.

Fire Destroys Cotton At Bovina Gin Co.

A \$50,000 fire, inspired by a 65 mile per hour north wind, raged across two sections of Bovina Gin Company's yard Sunday morning and threatened to cause even more destruction before it was controlled.

A total of 184 bales of cotton were destroyed in the fire—Bovina's second of the month. Also burned with the cotton were 58 trailers, said Charlie Barton, one of the gin's owners.

All of the loss was covered by insurance.

The gin and the office and scales were not damaged by the blaze.

Fire departments from Bovina, Texico-Farwell, Clovis, Muleshoe, and Clovis Air Force Base were called to help extinguish the flames. Members of the Bovina Volunteer Fire Department kept a watch on the town of Bovina so that they would be near should the fire spread to nearby buildings. The gin is located on the north side of town.

The fire broke out about 11:00 a. m. just after the strong wind had blown in and the wind blew sparks onto the trailer loads of cotton from the pit where burrs were being burned. Since the weather was acting "different" and employees of the gin were afraid the wind would start blowing, no additional burrs had been put in the pit during the hour preceding the fire, Barton said.

The gin is located just off Highway 60 and this is its first year of operation. Other owners are Barton's father, H. C. Barton, and W. E. Hitt.

The first trailers to catch fire were 500-700 feet away from the burr pit. The trailers had been placed in three different areas in an attempt to keep the fire from destroying all the cotton on the grounds should there be one, Barton said. However, sparks were blown into two of the sections. Some 95-100 bales of cotton

until six in the afternoon.

At their regular meeting last Wednesday night at the American Legion Hall, the Lions decided to honor the members of the Bovina High School Mustang football squad and their fathers with a banquet Thursday, December 8. Lion Zone Chairman, Cecil Massey, will bring the program for the evening's entertainment at that time. Massey is from Hereford.

The "buddy system" was also put into effect at the Wednesday meeting. Each Lion drew a "buddy" and will be responsible for his attendance at Lion meetings. A fine of 50 cents will be assessed to each Lion whose buddy does not attend a meeting. This idea was put into effect because of lagging attendance at meetings, Secretary Pat Kunselman said.

Fire Department Fights Two Local Fires

Bovina's Volunteer Fire Department was called to Oklahoma Lane Wednesday at noon to extinguish a minor fire in L&H Gin. The fire's origin was unknown, according to Dave Wines, one of the firemen who helped stop the blaze.

The fire was inside the gin building and did little damage, Wines said. Most of the damage was done by the water that was used to put out the fire. Members of local fire department that accompanied the fire truck to the fire were Wines, Elton Venable and Danny Pounds.

Another fire Friday afternoon about 4:30 p. m. called the department out again, this time to Triplet Feeding Company in Bovina where some cotton burrs were burning. The burrs had, apparently, been set fire by a truck's exhaust that had backed into the pile while unloading more burrs.

Wines and Henry Minter were the members of the fire department who helped extinguish this blaze that threatened to do more damage than it did.

Wines said no estimate was made as to the amount of damage that was done.

Dorene Hawkins Circle Has Bible Study

The Dorene Hawkins Circle of the Women's Missionary Union met at the First Baptist Church Tuesday afternoon for Bible study. Mrs. Dean McCollum was in charge of the study.

Those attending the meeting were Mesdames La Trice Garth, Juanda Murphy, J. D. Kelley, Dean McCollum, Bobby Kelley, and Glen Kelley.

PART OF THE REMAINS of the \$50,000 fire that swept across the yard of Bovina Gin Company Sunday morning about 11 o'clock are shown above. The fire had died down enough by 2 p. m., so that everything else was out of danger, but the 58 trailers that were in the fire were destroyed. A total of 184 bales of cotton were burned with the trailers. The fire started when sparks from the pit where burrs were being burned were blown by a 65-mile-per-hour wind onto the cotton that was waiting to be ginned.

Bovina Cage Men Open Season Friday

With seven returning lettermen from last year's state tournament team, Coach Bob Wills has basketball practice underway for the first game of the new season against Channing Friday, December 2, at Williford Gym in Bovina.

The lettermen—Erith Hawkins, Billy Richards, Billy Johnson, Darrell Read, Larry Ezell, Neil Smith, and Jerry Loflin—will average in height almost six feet. Smith at 5 feet, 9 inches is the shortest of the group and Hawkins at 6 feet, 2 inches the tallest.

A total of 37 candidates are out for the team, however 12 of the total are freshmen and will play as a freshman team. The squad will be selected sometime this week, Wills said.

All of the football squad turned out for basketball practice. The probable starting lineup against Channing is Hawkins, Read, Ezell, Smith and Johnson. Both girls' and boys' teams will compete against Channing.

A list of the candidates for the team aside from those previously mentioned includes Marvin Young, French Crook, Denny Ware, Paul Harrison, Junius Williams, Terry Adams, Donald Jones, Dick Horn, James Whitesides, George Baca, and Mike Barazza.

Others are Leon Richards, Lynn

Gattis made four.

Tuesday night, both Filly teams traveled to Hart and again defeated them.

The "B" girls won, 44-27, keeping ahead of the Hart girls in all four quarters of play as the score indicates: Bovina 13, Hart 6, in the first, 30-14 in the second quarter, and 38-20 in the third.

Janice Richards scored 26 points and Nancy Cumpton and Joan Kay Ezell made nine each. Robbie Robertson was high point for Hart, with nine. Sandy Johnson made six, Ruby Featherston made eight, and Jane Bennight made four.

Methodist Clubs Have Indian Dinner

The Bovina Methodist Women's Society of Christian Service and the Wesleyan Service Guild had an Indian dinner in the Fellowship Hall of the Methodist Church recently.

The members have been studying the Indians and the problems which pertain to them. The study was being conducted so that the club members might better understand the problems and therefore be of more help to the Indians.

Mrs. Floyd Dunavant gave "Litany of Thanksgiving" from the Methodist Woman. She was assisted by Mrs. Jimmie Charles who led the group in the response. The dinner was prepared by the

WCS and served from a table decorated in the Indian motif carrying out the fall colors with oak leaves and squaw corn from each end to the middle. The centerpiece was arranged with a miniature wigwam and Indian figures around a campfire.

The remainder of the evening was spent with the showing of a film, "Strangers in Their Own Land." The film told a story of one family of Indian Americans who moved from the reservation to a city and their troubles in becoming accustomed to a new way of life.

Those present of the WCS were Mrs. Billie Sudderth, Mrs. Floyd Dunavant, Mrs. Jimmie Charles, Mrs. William Thornton, Mrs. John Boohar, Mrs. Vernon Estes, Mrs. Earl Ware, Mrs. Rouel Barron and Mrs. Wilbur Charles.

Guild members attending were Miss Grace Paul, Miss Rita Caldwell, Mrs. W. E. Williams, Mrs. Harry J. Charles, Mrs. Emma Beaird, Mrs. A. R. Stevens, Mrs. Bedford Caldwell, Mrs. Margaret Caldwell, and Mrs. June Norton.

Wesleyan Guild Ends Indian Study

After a short business meeting, the study, led by Mrs. Bedford Caldwell, was begun. The subject for discussion was "The Ministry of the Church to Indians."

Taking part in the discussion were Mrs. Wilbur Charles, who gave a talk on "The Cherokees," and Mrs. Wayne Stevens, whose topic was "The Yumas." Mrs. W. E. Williams discussed "Methods and Techniques." "The Lost Colony" was discussed by Mrs. Margaret Caldwell.

As a result of the study, it was decided that gifts of money and clothing would be sent to the Indian Mission in Farmington, N. M.

Mrs. W. R. Beaird closed the study with the devotional and prayer. Then soft drinks and candy were served.

Those present were Mrs. W. R. Beaird, Mrs. Wayne Stevens, Mrs. Wilbur Charles, Mrs. Wayne Young, Mrs. W. E. Williams, Miss Grace Paul, Mrs. Margaret Caldwell, Mrs. Bedford Caldwell and Miss Rita Caldwell.
